

1
00:00:13,280 --> 00:00:10,879
the title for my upcoming book the top

2
00:00:17,599 --> 00:00:13,290
ten things dead people want to tell you

3
00:00:21,109 --> 00:00:17,609
is came about actually as a note from

4
00:00:23,480 --> 00:00:21,119
the universe and I was going through my

5
00:00:25,519 --> 00:00:23,490
normal process to come up with what the

6
00:00:27,859 --> 00:00:25,529
day's note would be and somehow I had

7
00:00:29,300 --> 00:00:27,869
this flash in my mind something like you

8
00:00:30,740 --> 00:00:29,310
know dead people want to tell you or

9
00:00:33,799 --> 00:00:30,750
that's what dead people want to tell you

10
00:00:36,709 --> 00:00:33,809
just a fleeting thought and it turned

11
00:00:38,360 --> 00:00:36,719
into the top ten things dead people most

12
00:00:41,630 --> 00:00:38,370
want to tell you and it was a note from

13
00:00:45,110 --> 00:00:41,640

the universe and and they were I think

14

00:00:47,360 --> 00:00:45,120

not predictable things that it wasn't

15

00:00:51,520 --> 00:00:47,370

believing your dreams and it wasn't have

16

00:00:54,229 --> 00:00:51,530

courage and it wasn't anything like that

17

00:00:58,430 --> 00:00:54,239

some of it was common like we're not

18

00:00:59,930 --> 00:00:58,440

dead but not so common we were ready no

19

00:01:01,090 --> 00:00:59,940

matter who no matter how no matter when

20

00:01:04,390 --> 00:01:01,100

they were ready

21

00:01:07,760 --> 00:01:04,400

number three is you're not ready

22

00:01:11,950 --> 00:01:07,770

number four is because of what I teach

23

00:01:14,750 --> 00:01:11,960

day in and day out dreams can come true

24

00:01:16,820 --> 00:01:14,760

of course the chapters go into great

25

00:01:19,490 --> 00:01:16,830

detail in each of these topics

26
00:01:23,929 --> 00:01:19,500
the idea of dead people having something

27
00:01:26,350 --> 00:01:23,939
to share really is kind of obvious if

28
00:01:29,270 --> 00:01:26,360
you believe there's an afterlife and

29
00:01:31,219 --> 00:01:29,280
poll after poll throughout the United

30
00:01:33,069 --> 00:01:31,229
States and the world has indicated that

31
00:01:34,910 --> 00:01:33,079
most people do believe in an afterlife

32
00:01:36,920 --> 00:01:34,920
unfortunately they just kind of stop

33
00:01:40,039 --> 00:01:36,930
there and they don't know what to expect

34
00:01:42,679 --> 00:01:40,049
I think we can know a lot about what to

35
00:01:44,929 --> 00:01:42,689
expect the point being if you believe in

36
00:01:47,870 --> 00:01:44,939
an afterlife you believe that we survive

37
00:01:50,440 --> 00:01:47,880
the demise of our physical bodies you

38
00:01:54,350 --> 00:01:50,450

know what's going to be going on well

39

00:01:56,840 --> 00:01:54,360

can you imagine discovering not only

40

00:01:59,810 --> 00:01:56,850

that you survived but but you're alive

41

00:02:01,959 --> 00:01:59,820

and well and that love is everywhere and

42

00:02:04,130 --> 00:02:01,969

that there's this benign benevolent

43

00:02:06,649 --> 00:02:04,140

intelligence that's kind of wrapped

44

00:02:09,350 --> 00:02:06,659

itself around you that bathes you in

45

00:02:11,240 --> 00:02:09,360

love and approval and acceptance and

46

00:02:13,670 --> 00:02:11,250

then you see those who have gone before

47

00:02:15,500 --> 00:02:13,680

you and you realize they never die

48

00:02:17,660 --> 00:02:15,510

and that they're intact in fact they've

49

00:02:19,699 --> 00:02:17,670

taken on the form and the essence that

50

00:02:21,740 --> 00:02:19,709

pleases the most their health is

51
00:02:23,780 --> 00:02:21,750
restored their vitality is restored

52
00:02:25,759 --> 00:02:23,790
their good looks are restored there are

53
00:02:27,500 --> 00:02:25,769
new adventures there are new discoveries

54
00:02:29,390 --> 00:02:27,510
they have new places to go their

55
00:02:32,720 --> 00:02:29,400
excitedly telling you all about this

56
00:02:34,970 --> 00:02:32,730
your mind is just blown to pieces in a

57
00:02:36,890 --> 00:02:34,980
joyful way the possibilities the

58
00:02:39,080 --> 00:02:36,900
infinite possibilities are all coming

59
00:02:40,610 --> 00:02:39,090
together you're starting to remember

60
00:02:42,800 --> 00:02:40,620
things that you had forgotten during

61
00:02:44,750 --> 00:02:42,810
your life because we chose to forget

62
00:02:47,330 --> 00:02:44,760
stuff during our lives so that we could

63
00:02:49,670 --> 00:02:47,340

kind of have a reset button that's the

64

00:02:51,740 --> 00:02:49,680

amnesia and all of a sudden you've got

65

00:02:53,839 --> 00:02:51,750

memories from other lifetimes and other

66

00:02:57,289 --> 00:02:53,849

loves and other passions and other

67

00:02:59,990 --> 00:02:57,299

interests and this this kaleidoscope is

68

00:03:02,050 --> 00:03:00,000

full being fulfilled and the dots are

69

00:03:06,470 --> 00:03:02,060

being connected and you're just like wow

70

00:03:08,569 --> 00:03:06,480

my gosh there's just all so loving and

71

00:03:11,509 --> 00:03:08,579

then you take a look back over your

72

00:03:13,459 --> 00:03:11,519

shoulder and there's this devastation in

73

00:03:16,729 --> 00:03:13,469

your wake on planet earth there's this

74

00:03:19,009 --> 00:03:16,739

these broken hearts and there's this big

75

00:03:21,500 --> 00:03:19,019

hole where your life once was and all

76

00:03:24,740 --> 00:03:21,510

the survivors they're just distraught

77

00:03:28,009 --> 00:03:24,750

and they're there in this horrific state

78

00:03:33,080 --> 00:03:28,019

of grief what do you think comes next

79

00:03:34,819 --> 00:03:33,090

you more than anything want to reach out

80

00:03:36,890 --> 00:03:34,829

you want to talk to them you want to

81

00:03:37,879 --> 00:03:36,900

shout from the mountaintops I'm alive

82

00:03:40,909 --> 00:03:37,889

I'm alive

83

00:03:43,159 --> 00:03:40,919

it's awesome it's beautiful I see

84

00:03:45,559 --> 00:03:43,169

clearly now and you're gonna see it too

85

00:03:48,140 --> 00:03:45,569

it's all going to make sense but your

86

00:03:49,939 --> 00:03:48,150

time and space isn't done you can see

87

00:03:51,640 --> 00:03:49,949

from this elevated perspective what

88

00:03:54,319 --> 00:03:51,650

their challenges are what their

89

00:03:58,670 --> 00:03:54,329

trajectories of growth and discovery and

90

00:04:00,770 --> 00:03:58,680

joy still will be and so you want to

91

00:04:04,399 --> 00:04:00,780

tell them that it's awesome but you also

92

00:04:06,649 --> 00:04:04,409

don't want to to hasten their desire to

93

00:04:10,219 --> 00:04:06,659

join you because game on they're still

94

00:04:12,499 --> 00:04:10,229

going through this vertol season of

95

00:04:14,449 --> 00:04:12,509

growth so you're very measured in what

96

00:04:16,580 --> 00:04:14,459

you can share in what you share and and

97

00:04:19,189 --> 00:04:16,590

so you tell them both sides of the coin

98

00:04:20,689 --> 00:04:19,199

that it's also glorious and grand but

99

00:04:22,940 --> 00:04:20,699

believe me on this side of the equation

100

00:04:24,890 --> 00:04:22,950

on the other side of time and space

101

00:04:26,840 --> 00:04:24,900

there's a line of folks waiting to get

102

00:04:28,580 --> 00:04:26,850

back into the jungles of Times

103

00:04:30,770 --> 00:04:28,590

basse because from here we see how

104

00:04:33,470 --> 00:04:30,780

awesome it is we see how perfect it is

105

00:04:36,560 --> 00:04:33,480

we see that everyone's becoming more and

106

00:04:38,780 --> 00:04:36,570

falling in love and creating this this

107

00:04:40,400 --> 00:04:38,790

world of their dreams even though they

108

00:04:42,530 --> 00:04:40,410

don't know their creators so you want to

109

00:04:44,810 --> 00:04:42,540

tell them you're creating right now as

110

00:04:47,410 --> 00:04:44,820

you go on the fly that you have this

111

00:04:49,880 --> 00:04:47,420

divine sense about you this divine power

112

00:04:52,910 --> 00:04:49,890

that's innate in all consciousness

113

00:04:54,020 --> 00:04:52,920

particularly of the human variety and so

114

00:04:55,730 --> 00:04:54,030

hang in there

115

00:04:59,990 --> 00:04:55,740

tough it out we're going to be together

116

00:05:02,360 --> 00:05:00,000

soon and and so there's these ten things

117

00:05:04,280 --> 00:05:02,370

that the dead want to tell you because

118

00:05:07,190 --> 00:05:04,290

from their perspective they now have all

119

00:05:09,560 --> 00:05:07,200

the answers not all the all the answers

120

00:05:12,550 --> 00:05:09,570

they're still going to be questions but

121

00:05:15,710 --> 00:05:12,560

enough answers to give all of us

122

00:05:18,350 --> 00:05:15,720

blazing brilliant clarity to kind of get

123

00:05:20,540 --> 00:05:18,360

our groove on and and having a roaring

124

00:05:24,350 --> 00:05:20,550

time in space while the getting's still

125

00:05:28,100 --> 00:05:24,360

good this is the nucleus or the purpose

126

00:05:30,940 --> 00:05:28,110

that evolved as I began elaborating on

127

00:05:34,310 --> 00:05:30,950

what was once a note from the universe
