

UFO HUB

1
00:00:14,870 --> 00:00:11,749
my name is thomas fusco

2
00:00:17,029 --> 00:00:14,880
i'm an independent researcher i've been

3
00:00:19,670 --> 00:00:17,039
called a visionary theorist

4
00:00:21,750 --> 00:00:19,680
but i'm actually more involved in

5
00:00:24,710 --> 00:00:21,760
theoretical cosmology

6
00:00:25,589 --> 00:00:24,720
uh as it relates to a certain

7
00:00:28,470 --> 00:00:25,599
supernatural

8
00:00:30,950 --> 00:00:28,480
and anomalous phenomena i got started

9
00:00:34,069 --> 00:00:30,960
out in this field

10
00:00:35,830 --> 00:00:34,079
as a result of a a number of personal

11
00:00:38,950 --> 00:00:35,840
experiences i had

12
00:00:40,950 --> 00:00:38,960
in my late teens and early 20s and

13
00:00:42,790 --> 00:00:40,960

i would call them parapsychological

14

00:00:45,510 --> 00:00:42,800

experiences

15

00:00:45,990 --> 00:00:45,520

that were quite profound and caused me

16

00:00:54,229 --> 00:00:46,000

to

17

00:00:57,590 --> 00:00:56,389

these type of events didn't fit in those

18

00:00:59,590 --> 00:00:57,600

models

19

00:01:01,590 --> 00:00:59,600

and so for me the compelling question

20

00:01:03,830 --> 00:01:01,600

became

21

00:01:05,429 --> 00:01:03,840

how is the universe put together that

22

00:01:06,390 --> 00:01:05,439

would allow these kinds of things to

23

00:01:08,950 --> 00:01:06,400

occur

24

00:01:10,469 --> 00:01:08,960

because the current models that we have

25

00:01:13,429 --> 00:01:10,479

wouldn't accommodate them

26
00:01:14,310 --> 00:01:13,439
and so that started me on my journey to

27
00:01:16,950 --> 00:01:14,320
discover

28
00:01:19,270 --> 00:01:16,960
a new way of looking at reality and a

29
00:01:21,749 --> 00:01:19,280
new scientific model

30
00:01:24,070 --> 00:01:21,759
and that gave rise to the theory of

31
00:01:27,190 --> 00:01:24,080
super geometrics that's

32
00:01:29,830 --> 00:01:27,200
uh told about that i you know explained

33
00:01:33,030 --> 00:01:29,840
in my book behind a cosmic veil

34
00:01:33,910 --> 00:01:33,040
uh to explain some of the details of

35
00:01:39,030 --> 00:01:33,920
that

36
00:01:42,630 --> 00:01:39,040
became clear to me early on

37
00:01:45,830 --> 00:01:42,640
that what i call a two-state model

38
00:01:49,590 --> 00:01:45,840

of reality is not adequate

39

00:01:52,630 --> 00:01:49,600

this is what we might call materialism

40

00:01:56,149 --> 00:01:52,640

it is the fundamental paradigm of

41

00:01:57,190 --> 00:01:56,159

modern physics that reality is what is

42

00:02:00,230 --> 00:01:57,200

physical

43

00:02:02,870 --> 00:02:00,240

synonymous

44

00:02:04,630 --> 00:02:02,880

and nothing lays outside of that but it

45

00:02:05,830 --> 00:02:04,640

became apparent to me that that's not

46

00:02:09,350 --> 00:02:05,840

adequate

47

00:02:12,390 --> 00:02:09,360

so what i developed was a

48

00:02:14,710 --> 00:02:12,400

model a conceptual theory of everything

49

00:02:15,990 --> 00:02:14,720

that accommodated three states of

50

00:02:19,190 --> 00:02:16,000

reality

51
00:02:21,589 --> 00:02:19,200
and we therefore have something that is

52
00:02:23,030 --> 00:02:21,599
super physical or what i call super

53
00:02:26,470 --> 00:02:23,040
geometric

54
00:02:28,949 --> 00:02:26,480
which is the first state and it has gone

55
00:02:30,070 --> 00:02:28,959
by a lot of different names over the

56
00:02:33,110 --> 00:02:30,080
centuries

57
00:02:35,589 --> 00:02:33,120
everything from the heavenly realms to

58
00:02:37,910 --> 00:02:35,599
the spirit realm edgar casey called it

59
00:02:40,150 --> 00:02:37,920
the akasha

60
00:02:41,670 --> 00:02:40,160
david baum physicist david bohm called

61
00:02:43,509 --> 00:02:41,680
it implicat order

62
00:02:45,190 --> 00:02:43,519
david finkelstein called it coherent

63
00:02:46,630 --> 00:02:45,200

superpositions there's all different

64

00:02:50,070 --> 00:02:46,640

kinds of names for it

65

00:02:52,150 --> 00:02:50,080

but i needed something that was uh not

66

00:02:55,030 --> 00:02:52,160

only descriptive but also was

67

00:02:56,070 --> 00:02:55,040

was much more specific in what it

68

00:02:58,790 --> 00:02:56,080

implied

69

00:02:59,830 --> 00:02:58,800

so we have this these three states which

70

00:03:04,309 --> 00:02:59,840

we could call the

71

00:03:07,509 --> 00:03:04,319

super geometric or the super physical

72

00:03:10,149 --> 00:03:07,519

we have the quantum state

73

00:03:12,790 --> 00:03:10,159

and then we have the relativistic state

74

00:03:15,110 --> 00:03:12,800

and this is that three-state reality

75

00:03:17,430 --> 00:03:15,120

and through this particular model we're

76

00:03:19,830 --> 00:03:17,440

able to solve certain problems

77

00:03:21,990 --> 00:03:19,840

that the normal materialistic model of

78

00:03:26,070 --> 00:03:22,000

quantum state relativistic state

79

00:03:31,270 --> 00:03:26,080

and nothing else just simply can't solve

80

00:03:34,949 --> 00:03:33,990

this different model with these three

81

00:03:36,869 --> 00:03:34,959

states

82

00:03:38,630 --> 00:03:36,879

uh can make a difference in how we

83

00:03:41,830 --> 00:03:38,640

understand things

84

00:03:46,309 --> 00:03:41,840

is that if we first take a look at

85

00:03:46,710 --> 00:03:46,319

what physics proposes today which is

86

00:03:49,430 --> 00:03:46,720

this

87

00:03:50,789 --> 00:03:49,440

two-state reality we have the quantum

88

00:03:59,350 --> 00:03:50,799

state

89

00:04:03,910 --> 00:03:59,360

relativistic model of einstein

90

00:04:07,270 --> 00:04:03,920

and so these two jockey with each other

91

00:04:08,710 --> 00:04:07,280

and they describe different qualities of

92

00:04:10,630 --> 00:04:08,720

reality

93

00:04:12,830 --> 00:04:10,640

and where you have the quantum state i

94

00:04:14,070 --> 00:04:12,840

mean most of our listeners are going to

95

00:04:15,750 --> 00:04:14,080

know uh

96

00:04:17,189 --> 00:04:15,760

that they've heard of the very strange

97

00:04:19,830 --> 00:04:17,199

things that go on

98

00:04:21,430 --> 00:04:19,840

at the quantum level that seem to have

99

00:04:23,270 --> 00:04:21,440

no correlation with the laws and

100

00:04:26,790 --> 00:04:23,280

principles to govern the

101
00:04:28,150 --> 00:04:26,800
relativistic state or reality at large

102
00:04:30,310 --> 00:04:28,160
so to speak

103
00:04:31,189 --> 00:04:30,320
that we normally deal with and these two

104
00:04:33,830 --> 00:04:31,199
are

105
00:04:34,790 --> 00:04:33,840
in opposition of one another and one of

106
00:04:36,550 --> 00:04:34,800
our

107
00:04:38,150 --> 00:04:36,560
major problems in physics we haven't

108
00:04:41,590 --> 00:04:38,160
been able to resolve these to

109
00:04:42,950 --> 00:04:41,600
reconcile them but with this three-state

110
00:04:45,510 --> 00:04:42,960
reality

111
00:04:47,590 --> 00:04:45,520
if we have a non-physical or

112
00:04:50,710 --> 00:04:47,600
pre-physical state on this one side what

113
00:04:53,670 --> 00:04:50,720

i call the super geometric realm

114

00:04:56,070 --> 00:04:53,680

we have the other side with the

115

00:04:58,950 --> 00:04:56,080

relativistic state

116

00:04:59,990 --> 00:04:58,960

and we can look at that as a state of

117

00:05:04,150 --> 00:05:00,000

reality that's

118

00:05:07,350 --> 00:05:04,160

fully physicalized fully materialized

119

00:05:08,790 --> 00:05:07,360

now suddenly we see the center state the

120

00:05:12,469 --> 00:05:08,800

quantum state

121

00:05:13,029 --> 00:05:12,479

as a transitional state between what is

122

00:05:16,310 --> 00:05:13,039

not yet

123

00:05:18,230 --> 00:05:16,320

physical to the center state

124

00:05:20,310 --> 00:05:18,240

which is something in the process of

125

00:05:23,029 --> 00:05:20,320

becoming fully physical

126

00:05:25,270 --> 00:05:23,039

to the relativistic state where

127

00:05:28,950 --> 00:05:25,280

everything is fully materialized and

128

00:05:32,150 --> 00:05:28,960

and physical now when we look at this

129

00:05:35,590 --> 00:05:32,160

middle state of the quantum realm we can

130

00:05:36,950 --> 00:05:35,600

begin to understand in a very sensible

131

00:05:39,350 --> 00:05:36,960

tangible

132

00:05:41,510 --> 00:05:39,360

easy to grasp way that we're actually

133

00:05:43,790 --> 00:05:41,520

looking at a state of physical

134

00:05:45,189 --> 00:05:43,800

reality that's in the process of

135

00:05:47,830 --> 00:05:45,199

materializing

136

00:05:49,110 --> 00:05:47,840

and since it's not fully materialized

137

00:05:51,270 --> 00:05:49,120

this is why

138

00:05:53,749 --> 00:05:51,280

it acts in the strange ways that it does

139

00:05:57,830 --> 00:05:53,759

and it's very easy to understand

140

00:06:00,629 --> 00:05:57,840

those states um based on that concept

141

00:06:02,629 --> 00:06:00,639

but without the idea that there is

142

00:06:03,670 --> 00:06:02,639

actually something before the quantum

143

00:06:06,150 --> 00:06:03,680

state

144

00:06:07,590 --> 00:06:06,160

that transitions through that quantum

145

00:06:09,430 --> 00:06:07,600

state

146

00:06:11,270 --> 00:06:09,440

it's very difficult to figure out what's

147

00:06:12,230 --> 00:06:11,280

going on there so that's a really good

148

00:06:15,749 --> 00:06:12,240

example

149

00:06:17,590 --> 00:06:15,759

of how this model helps us understand

150

00:06:19,430 --> 00:06:17,600

aspects of reality that we couldn't do

151

00:06:22,390 --> 00:06:19,440

so before

152

00:06:24,390 --> 00:06:22,400

when we uh think about some of the

153

00:06:28,870 --> 00:06:24,400

mysterious phenomena

154

00:06:31,670 --> 00:06:28,880

that so far have escaped uh explanation

155

00:06:32,629 --> 00:06:31,680

uh let's say like ghosts paranormal

156

00:06:36,550 --> 00:06:32,639

phenomena

157

00:06:39,270 --> 00:06:36,560

or ufo phenomenon we really didn't quite

158

00:06:42,550 --> 00:06:39,280

have any kind of an understanding

159

00:06:45,990 --> 00:06:42,560

of what maybe the underlying mechanics

160

00:06:49,430 --> 00:06:46,000

but when we look at

161

00:06:53,029 --> 00:06:49,440

a condition or what i would say

162

00:06:54,469 --> 00:06:53,039

quality of reality and what i mean by

163

00:06:58,469 --> 00:06:54,479

reality is all that there

164

00:07:00,309 --> 00:06:58,479

is and when we look at a three-state

165

00:07:03,189 --> 00:07:00,319

reality

166

00:07:06,870 --> 00:07:03,199

as being the physical universe plus the

167

00:07:10,550 --> 00:07:06,880

pre-physical or the non-physical realm

168

00:07:12,390 --> 00:07:10,560

the combination of which is now reality

169

00:07:14,830 --> 00:07:12,400

then we can begin to get a better

170

00:07:16,309 --> 00:07:14,840

understanding on things like paranormal

171

00:07:19,350 --> 00:07:16,319

phenomenon

172

00:07:21,350 --> 00:07:19,360

which are these events that have no

173

00:07:22,790 --> 00:07:21,360

local physical cause and they just seem

174

00:07:26,790 --> 00:07:22,800

to emerge

175

00:07:29,990 --> 00:07:26,800

in our fully realized space time

176

00:07:33,670 --> 00:07:30,000

when we understand that reality

177

00:07:37,990 --> 00:07:33,680

is still in a state or in a

178

00:07:41,029 --> 00:07:38,000

process of continuous materialization

179

00:07:44,469 --> 00:07:41,039

then we can see these phenomena as

180

00:07:44,869 --> 00:07:44,479

a process of materialization of what i

181

00:07:47,830 --> 00:07:44,879

call

182

00:07:49,029 --> 00:07:47,840

or talk about as information so we have

183

00:07:51,749 --> 00:07:49,039

an apparition

184

00:07:52,790 --> 00:07:51,759

that seems to you know fade into

185

00:07:54,230 --> 00:07:52,800

appearance

186

00:07:56,830 --> 00:07:54,240

it's actually in the process of

187

00:07:58,950 --> 00:07:56,840

materializing and then it

188

00:08:02,950 --> 00:07:58,960

de-materializes

189

00:08:05,189 --> 00:08:02,960

ufos for example if we

190

00:08:06,150 --> 00:08:05,199

stop and look at the actual phenomena

191

00:08:09,510 --> 00:08:06,160

themselves

192

00:08:11,589 --> 00:08:09,520

if we're not considering space man

193

00:08:13,990 --> 00:08:11,599

or men in black and on this side

194

00:08:15,110 --> 00:08:14,000

demonology or you're dead aunt mary or

195

00:08:16,790 --> 00:08:15,120

those kinds of things with the

196

00:08:20,469 --> 00:08:16,800

paranormal phenomena

197

00:08:22,790 --> 00:08:20,479

when we set those perpetrators

198

00:08:25,029 --> 00:08:22,800

aside and just look at the actual

199

00:08:26,629 --> 00:08:25,039

physical phenomena themselves

200

00:08:28,790 --> 00:08:26,639

we find there's an incredible

201

00:08:31,909 --> 00:08:28,800

correlation between the

202

00:08:32,949 --> 00:08:31,919

behavior of paranormal happenings and

203

00:08:36,389 --> 00:08:32,959

the behavior

204

00:08:38,310 --> 00:08:36,399

reported of ufo sightings and so there's

205

00:08:42,389 --> 00:08:38,320

a very clear correlation

206

00:08:44,230 --> 00:08:42,399

uh we many researchers have believed

207

00:08:46,070 --> 00:08:44,240

that there is a relationship between the

208

00:08:48,870 --> 00:08:46,080

two but we never had a

209

00:08:52,230 --> 00:08:48,880

model or a road map that would actually

210

00:08:55,430 --> 00:08:52,240

allow us to get a real grip and handle

211

00:08:57,350 --> 00:08:55,440

on what that actual relationship is and

212

00:08:58,150 --> 00:08:57,360

so with super geometric theory it

213

00:09:02,230 --> 00:08:58,160

actually gives

214

00:09:04,070 --> 00:09:02,240

us the ideas or how i would say it the

215

00:09:06,230 --> 00:09:04,080

glasses the lenses

216

00:09:08,790 --> 00:09:06,240

through which we can look at these and

217

00:09:12,470 --> 00:09:08,800

see them in a whole new way

218

00:09:16,310 --> 00:09:12,480

in uh to talk about some

219

00:09:19,670 --> 00:09:16,320

uh idea to live by um

220

00:09:24,949 --> 00:09:19,680

something that particularly my work

221

00:09:27,110 --> 00:09:24,959

uh has led me to understand

222

00:09:28,630 --> 00:09:27,120

and in my book i talk about this in

223

00:09:31,910 --> 00:09:28,640

great detail of course i

224

00:09:35,190 --> 00:09:31,920

we can't take all that time here but

225

00:09:36,790 --> 00:09:35,200

what i would say is to come to a real

226

00:09:39,030 --> 00:09:36,800

understanding

227

00:09:40,470 --> 00:09:39,040

a real acceptance that we human beings

228

00:09:43,509 --> 00:09:40,480

are much more

229

00:09:45,910 --> 00:09:43,519

than intelligent animals that there is

230

00:09:48,949 --> 00:09:45,920

something going on with us

231

00:09:52,470 --> 00:09:48,959

that has the spark of

232

00:09:56,389 --> 00:09:52,480

the creator in us if you will

233

00:09:59,110 --> 00:09:56,399

and so we need to see ourselves

234

00:10:00,310 --> 00:09:59,120

as carrying this type of quality within

235

00:10:07,829 --> 00:10:00,320

ourselves

236

00:10:11,750 --> 00:10:07,839

other in a way that's more appropriate

237

00:10:15,670 --> 00:10:11,760

yeah folks can find out more about

238

00:10:19,590 --> 00:10:15,680

my work my book at my website

239

00:10:21,110 --> 00:10:19,600

i have related articles uh some a sample

240

00:10:24,790 --> 00:10:21,120

chapter of the book

241

00:10:27,269 --> 00:10:24,800

uh my blog and of course uh where i'll

242

00:10:29,990 --> 00:10:27,279

be appearing next on an interview

243

00:10:32,069 --> 00:10:30,000

and uh of course a link on where to

244

00:10:36,710 --> 00:10:32,079

obtain the book where to buy the book

245

00:10:44,829 --> 00:10:36,720

all that can be found at www.cosmicvale
