

**UFO** **HUB**

1  
00:00:00,000 --> 00:00:14,540

bye

2  
00:00:23,940 --> 00:00:19,880

the Boston Globe on february 23rd 2015

3  
00:00:26,220 --> 00:00:23,950

ran a story about our case and how it

4  
00:00:28,740 --> 00:00:26,230

became the very first UFO or offworld

5  
00:00:32,220 --> 00:00:28,750

case ever in the United States to be

6  
00:00:38,729 --> 00:00:32,230

deemed historically significant and true

7  
00:00:42,030 --> 00:00:38,739

and so as of 2015 our case has now been

8  
00:00:47,070 --> 00:00:42,040

in the Great Barrington massive storico

9  
00:00:51,590 --> 00:00:47,080

society as the very first UFO case ever

10  
00:00:55,220 --> 00:00:51,600

in the nation and and that's that to me

11  
00:00:59,670 --> 00:00:55,230

speaks pretty loudly so when you have a

12  
00:01:02,580 --> 00:00:59,680

an officer or a Township or a police

13  
00:01:05,880 --> 00:01:02,590

department that won't even take a police

14

00:01:09,390 --> 00:01:05,890

report because of the topic but you have

15

00:01:13,770 --> 00:01:09,400

a township that is so well aware of what

16

00:01:16,850 --> 00:01:13,780

everybody saw whether the evidence is

17

00:01:21,360 --> 00:01:16,860

there the magnetic fields the the

18

00:01:23,070 --> 00:01:21,370

polygraph tests the witnesses the calls

19

00:01:24,750 --> 00:01:23,080

that came in to the radio station the

20

00:01:28,050 --> 00:01:24,760

reports to the police officer himself

21

00:01:32,700 --> 00:01:28,060

the talk in a restaurant that still is

22

00:01:36,960 --> 00:01:32,710

carried on 50 years later even the guy

23

00:01:39,450 --> 00:01:36,970

who bought and sold our house has a spin

24

00:01:42,920 --> 00:01:39,460

on it that this is the house that was

25

00:01:45,149 --> 00:01:42,930

the blah blah blah now now our

26

00:01:46,950 --> 00:01:45,159

restaurant the village green is closed

27

00:01:49,830 --> 00:01:46,960

down that's true it's out of business

28

00:01:52,170 --> 00:01:49,840

but they've never taken it out of town

29

00:01:56,820 --> 00:01:52,180

it's boarded up and it stays there with

30

00:02:01,289 --> 00:01:56,830

our name on it from 1960 this was a very

31

00:02:04,859 --> 00:02:01,299

big historic event for Massachusetts the

32

00:02:07,440 --> 00:02:04,869

school for I drew the sketches that now

33

00:02:10,910 --> 00:02:07,450

hang in Roswell they never tore that

34

00:02:13,170 --> 00:02:10,920

down they made that the town library and

35

00:02:14,640 --> 00:02:13,180

the teachers who taught there that

36

00:02:15,929 --> 00:02:14,650

remember all the sketches and things

37

00:02:22,080 --> 00:02:15,939

that were drawn under the chalkboard

38

00:02:26,620 --> 00:02:22,090

still talk about it so how could with

39

00:02:29,950 --> 00:02:26,630

all that you can't get a

40

00:02:32,380 --> 00:02:29,960

local police department to really to at

41

00:02:37,480 --> 00:02:32,390

least take it police report they told us

42

00:02:39,640 --> 00:02:37,490

that there was no crime committed now I

43

00:02:44,500 --> 00:02:39,650

can kind of see that but they could

44

00:02:48,720 --> 00:02:44,510

still take it more seriously now my

45

00:02:54,300 --> 00:02:48,730

brother to add to that my brother also

46

00:02:57,480 --> 00:02:54,310

lived out in brownsburg avon indiana and

47

00:02:59,620 --> 00:02:57,490

he was out there during the Kokomo boom

48

00:03:04,180 --> 00:02:59,630

which was kind of like the Phoenix

49

00:03:05,740 --> 00:03:04,190

lights of you know that area and he saw

50

00:03:07,870 --> 00:03:05,750

a ball of light orange light he was

51  
00:03:11,890 --> 00:03:07,880  
following it and trying to catch it on a

52  
00:03:15,430 --> 00:03:11,900  
cell phone and H and aliens I'm sorry

53  
00:03:18,670 --> 00:03:15,440  
alien mysteries did a good story on that

54  
00:03:22,840 --> 00:03:18,680  
and an uncovering aliens did too

55  
00:03:25,660 --> 00:03:22,850  
actually but a lot of the focus was put

56  
00:03:28,000 --> 00:03:25,670  
on Avon in my brother's case one that's

57  
00:03:33,280 --> 00:03:28,010  
not really what our case is our case

58  
00:03:36,190 --> 00:03:33,290  
isn't about being part of a wave our

59  
00:03:37,420 --> 00:03:36,200  
case is so much more than that and so we

60  
00:03:41,800 --> 00:03:37,430  
don't really talk about it that much

61  
00:03:45,010 --> 00:03:41,810  
anymore but the good that comes from

62  
00:03:48,160 --> 00:03:45,020  
that is the fact that there were there

63  
00:03:52,420 --> 00:03:48,170

was trace evidence with that and it's

64

00:03:55,570 --> 00:03:52,430

still our family and when it happened to

65

00:03:58,750 --> 00:03:55,580

him then he was involved in that his

66

00:04:01,840 --> 00:03:58,760

youngest child was turning five the same

67

00:04:09,070 --> 00:04:01,850

age he was what had happened to us in

68

00:04:11,560 --> 00:04:09,080

the farm and now my son is a very

69

00:04:13,810 --> 00:04:11,570

intuitive young man who was a

70

00:04:16,330 --> 00:04:13,820

quarterback in high school was in the

71

00:04:18,370 --> 00:04:16,340

gifted and superior range and testing in

72

00:04:19,660 --> 00:04:18,380

his schools in third-party what Miami

73

00:04:22,300 --> 00:04:19,670

Children's Hospital and everything else

74

00:04:25,750 --> 00:04:22,310

and actually represented his school and

75

00:04:27,550 --> 00:04:25,760

up in a palm beach shoot out if you will

76

00:04:28,990 --> 00:04:27,560

by your smartest kids in English your

77

00:04:30,880 --> 00:04:29,000

smartest kids in math you know the one

78

00:04:33,910 --> 00:04:30,890

to score the highest your gifted kids

79

00:04:37,150 --> 00:04:33,920

and he represented his school for that

80

00:04:38,590 --> 00:04:37,160

and he can kind of sense things there

81

00:04:39,820 --> 00:04:38,600

was a time he thought it was a danger

82

00:04:41,260 --> 00:04:39,830

and he was in a panic

83

00:04:42,700 --> 00:04:41,270

call me a three o'clock in the morning

84

00:04:44,320 --> 00:04:42,710

are you sure you're okay are you sure

85

00:04:46,510 --> 00:04:44,330

okay he listened to sweat apparently

86

00:04:47,710 --> 00:04:46,520

according to his girlfriend so he gets

87

00:04:50,350 --> 00:04:47,720

in his car and drives all the way to my

88

00:04:52,750 --> 00:04:50,360

house an hour and when he turned around

89

00:04:55,060 --> 00:04:52,760

I live in a corner when you circled that

90

00:04:56,500 --> 00:04:55,070

corner he looked on my property and sure

91

00:04:59,380 --> 00:04:56,510

enough there was a van I hit a telephone

92

00:05:01,870 --> 00:04:59,390

pole upside down on my property with a

93

00:05:07,630 --> 00:05:01,880

person hanging out the sunroof but he

94

00:05:09,640 --> 00:05:07,640

knew something was was a danger to a

95

00:05:13,030 --> 00:05:09,650

loved one it's not the first time he's

96

00:05:14,620 --> 00:05:13,040

done that so now we're looking at the

97

00:05:18,100 --> 00:05:14,630

kids again right because when his half

98

00:05:21,010 --> 00:05:18,110

with my brother andrew is youngest was

99

00:05:22,300 --> 00:05:21,020

turning five my son i look back now and

100

00:05:24,280 --> 00:05:22,310

I go what's happening with him when he

101  
00:05:26,800 --> 00:05:24,290  
was you know he was four and five and we

102  
00:05:29,940 --> 00:05:26,810  
see patterns so now you've got my mother

103  
00:05:33,700 --> 00:05:29,950  
which really had her first incident in

104  
00:05:36,070 --> 00:05:33,710  
at in the in 1954 while she was on

105  
00:05:39,250 --> 00:05:36,080  
vacation now she remembers that very

106  
00:05:42,220 --> 00:05:39,260  
well then my brother and I both what

107  
00:05:45,420 --> 00:05:42,230  
five and seven first or six and yeah

108  
00:05:48,880 --> 00:05:45,430  
that right around the same age and then

109  
00:05:54,040 --> 00:05:48,890  
the murder we have children my son has

110  
00:05:56,800 --> 00:05:54,050  
some unbelievable abilities and then who

111  
00:05:58,930 --> 00:05:56,810  
we also found facedown and two months

112  
00:06:00,970 --> 00:05:58,940  
old well he couldn't wasn't strong

113  
00:06:03,040 --> 00:06:00,980

enough to roll himself over with blood

114

00:06:04,660 --> 00:06:03,050

coming out of his nose in his crib with

115

00:06:06,730 --> 00:06:04,670

a rocking chair moving in a living room

116

00:06:07,900 --> 00:06:06,740

my wife and I were sleeping woke up

117

00:06:09,970 --> 00:06:07,910

thinking were having the same dream

118

00:06:12,540 --> 00:06:09,980

darted across the room and there's my

119

00:06:14,740 --> 00:06:12,550

two month old son couldn't move himself

120

00:06:17,350 --> 00:06:14,750

with blood coming out of his nose face

121

00:06:19,690 --> 00:06:17,360

down my brother has two marks in his

122

00:06:22,900 --> 00:06:19,700

chest identical two marks behind the ear

123

00:06:24,820 --> 00:06:22,910

right over the thymus gland which

124

00:06:27,160 --> 00:06:24,830

produces the t-cells when you're young

125

00:06:31,210 --> 00:06:27,170

they dry up when you're older but your t

126

00:06:35,320 --> 00:06:31,220

cells are produced here and although

127

00:06:40,390 --> 00:06:35,330

they dry up it is for the immune system

128

00:06:44,710 --> 00:06:40,400

and and you know we've got scoop marks

129

00:06:48,580 --> 00:06:44,720

on her body there just seems to be in my

130

00:06:51,120 --> 00:06:48,590

opinion something that was extracted

131

00:06:53,230 --> 00:06:51,130

from us and something that was mutually

132

00:06:55,640 --> 00:06:53,240

exchanged with

133

00:06:58,370 --> 00:06:55,650

something that was extracted and

134

00:07:00,290 --> 00:06:58,380

something that was exchanged and I think

135

00:07:02,530 --> 00:07:00,300

what is happening is we're finding that

136

00:07:06,890 --> 00:07:02,540

whatever it was that was taking place

137

00:07:11,450 --> 00:07:06,900

there seems to be an interest in whether

138

00:07:14,240 --> 00:07:11,460

or not it's it's continuing with our

139

00:07:16,340 --> 00:07:14,250

offspring with our children just as if

140

00:07:18,800 --> 00:07:16,350

you had cancer and you were treated for

141

00:07:22,310 --> 00:07:18,810

it is your son or daughter going to

142

00:07:25,160 --> 00:07:22,320

continue the same road you did or will

143

00:07:29,750 --> 00:07:25,170

it fix it so that way they're starting

144

00:07:35,600 --> 00:07:29,760

to see that yes we have now have a race

145

00:07:40,760 --> 00:07:35,610

that we can manipulate change altar and

146

00:07:43,070 --> 00:07:40,770

make better and have a higher testing

147

00:07:47,450 --> 00:07:43,080

children more intuitive more intuitive

148

00:07:49,760 --> 00:07:47,460

children and that they find these lines

149

00:07:52,370 --> 00:07:49,770

I believe which is like the au- which i

150

00:07:55,310 --> 00:07:52,380

think is probably a universal platform

151  
00:07:58,340 --> 00:07:55,320  
are built used for building blocks if

152  
00:08:01,880 --> 00:07:58,350  
you're going to start to manufacture you

153  
00:08:04,700 --> 00:08:01,890  
know designer beans o-negative blood is

154  
00:08:06,380 --> 00:08:04,710  
the universal donor even for people even

155  
00:08:08,960 --> 00:08:06,390  
for them it's the only blood or

156  
00:08:12,350 --> 00:08:08,970  
government even tracks because it it's

157  
00:08:14,300 --> 00:08:12,360  
the universal donor for war so if it can

158  
00:08:17,510 --> 00:08:14,310  
be given to anybody it would I would

159  
00:08:21,260 --> 00:08:17,520  
imagine if you were going to manipulate

160  
00:08:25,490 --> 00:08:21,270  
and design a beam you would need a

161  
00:08:28,610 --> 00:08:25,500  
universal bloodline there you go and we

162  
00:08:30,230 --> 00:08:28,620  
have that and we had a lot of military

163  
00:08:33,020 --> 00:08:30,240

bases around us or military

164

00:08:34,580 --> 00:08:33,030

manufacturing facilities in no-fly zones

165

00:08:38,000 --> 00:08:34,590

and crafts up in the mountains with us I

166

00:08:40,190 --> 00:08:38,010

mean this to me has all the right the

167

00:08:43,010 --> 00:08:40,200

writing on the wall for me is that this

168

00:08:45,050 --> 00:08:43,020

is was a joint effort and we got caught
