1  
00:00:00,080 --> 00:00:14,190

[Music]

2  
00:00:19,200 --> 00:00:17,189

I guess with respect to what our

3  
00:00:20,760 --> 00:00:19,210

family's involvement in tourism what

4  
00:00:25,800 --> 00:00:20,770

we've known for in this particular

5  
00:00:27,990 --> 00:00:25,810

phenomenon it seems to be being branded

6  
00:00:30,810 --> 00:00:28,000

as more of a generational case the very

7  
00:00:34,500 --> 00:00:30,820

first authentic generational case that

8  
00:00:36,889 --> 00:00:34,510

has involved my grandmother my father my

9  
00:00:39,810 --> 00:00:36,899

brother my mother myself and my brother

10  
00:00:41,280 --> 00:00:39,820

and grandmother my father not so much

11  
00:00:43,920 --> 00:00:41,290

but he was still around at the time

12  
00:00:46,319 --> 00:00:43,930

so what's considered a generational

13  
00:00:53,130 --> 00:00:46,329

encounter case and it was classified as

14

00:00:54,920 --> 00:00:53,140

a c4 way back when and and and it has a

15

00:00:59,970 --> 00:00:54,930

lot of roots and a lot of history to it

16

00:01:02,190 --> 00:00:59,980

okay how this all started we owned a an

17

00:01:05,369 --> 00:01:02,200

80 acre horse farm in Sheffield

18

00:01:07,950 --> 00:01:05,379

Massachusetts and it was a border town

19

00:01:10,649 --> 00:01:07,960

called Great Barrington which was really

20

00:01:13,609 --> 00:01:10,659

kind of an upscale town with a large

21

00:01:15,510 --> 00:01:13,619

castle in it in it in some respects that

22

00:01:18,500 --> 00:01:15,520

it was liked a little bit of the

23

00:01:20,340 --> 00:01:18,510

Hamptons of Massachusetts and and

24

00:01:23,130 --> 00:01:20,350

Sheffield on the other hand where we

25

00:01:26,219 --> 00:01:23,140

lived was a very rural area but only

26  
00:01:29,370 --> 00:01:26,229  
moments were minutes outside Great

27  
00:01:30,649 --> 00:01:29,380  
Barrington well when we bought this

28  
00:01:35,789 --> 00:01:30,659  
property

29  
00:01:38,789 --> 00:01:35,799  
it came with a nice house and stable and

30  
00:01:40,710 --> 00:01:38,799  
and we built another stable and in a

31  
00:01:43,890 --> 00:01:40,720  
buying more property across the road so

32  
00:01:48,800 --> 00:01:43,900  
we had a lot of acreage on one of the

33  
00:01:53,480 --> 00:01:48,810  
higher points for 1,700 miles a road

34  
00:01:56,010 --> 00:01:53,490  
Sheffield is almost 3,000 feet high and

35  
00:01:59,520 --> 00:01:56,020  
around it you had a lot of military

36  
00:02:02,789 --> 00:01:59,530  
manufacturing companies like Pratt &

37  
00:02:09,660 --> 00:02:02,799  
Whitney and command aerospace and GE and

38  
00:02:12,080 --> 00:02:09,670

and and electric boat and and so there

39

00:02:14,910 --> 00:02:12,090

was a lot of military manufacturing

40

00:02:17,280 --> 00:02:14,920

companies within 40 miles away from us

41

00:02:19,740 --> 00:02:17,290

and Sheffield again was only a hundred

42

00:02:21,750 --> 00:02:19,750

miles or so outside New York City but it

43

00:02:23,760 --> 00:02:21,760

was just a sororal little town and our

44

00:02:25,500 --> 00:02:23,770

farm was on the top of this hill and it

45

00:02:27,240 --> 00:02:25,510

was said that there were Minutemen

46

00:02:31,560 --> 00:02:27,250

missile sites and

47

00:02:34,940 --> 00:02:31,570

and you know a lot of a lot of

48

00:02:40,260 --> 00:02:34,950

government in and out of that area now

49

00:02:44,430 --> 00:02:40,270

in 1966 at our first encounter that we

50

00:02:45,780 --> 00:02:44,440

ever had wasn't far from my mother's

51  
00:02:48,570 --> 00:02:45,790  
restaurant we owned a restaurant in town

52  
00:02:51,750 --> 00:02:48,580  
called the village green and my brother

53  
00:02:53,100 --> 00:02:51,760  
and I remember being in a room and my

54  
00:02:54,900 --> 00:02:53,110  
brother had the top bunk

55  
00:02:57,900 --> 00:02:54,910  
we shared bunk beds and I at the bottom

56  
00:03:01,729 --> 00:02:57,910  
obviously and the bottom of her bed kind

57  
00:03:04,410 --> 00:03:01,739  
of faced out towards a window and that

58  
00:03:06,479 --> 00:03:04,420  
particular night was the first time we

59  
00:03:08,880 --> 00:03:06,489  
ever experienced anything so for us it

60  
00:03:11,720 --> 00:03:08,890  
was very traumatic as children because

61  
00:03:14,670 --> 00:03:11,730  
we our bodies weren't accustomed to

62  
00:03:16,770 --> 00:03:14,680  
understanding what it was feeling you

63  
00:03:19,590 --> 00:03:16,780

know we had no idea that we were going

64

00:03:23,910 --> 00:03:19,600

to be involved in something as difficult

65

00:03:27,000 --> 00:03:23,920

as it was and so that particular night

66

00:03:30,780 --> 00:03:27,010

we had actually seen what looked like an

67

00:03:32,940 --> 00:03:30,790

orb in the room and it would have been

68

00:03:34,920 --> 00:03:32,950

the right corner of the room and it

69

00:03:37,620 --> 00:03:34,930

would have kind of faded in and gone out

70

00:03:40,680 --> 00:03:37,630

and it moved along the back wall until

71

00:03:42,420 --> 00:03:40,690

it came to the the L in the room are

72

00:03:45,840 --> 00:03:42,430

coming back the other way and once it

73

00:03:48,870 --> 00:03:45,850

hit that corner then it it moved all the

74

00:03:51,360 --> 00:03:48,880

way across opposite our bunk beds and at

75

00:03:55,140 --> 00:03:51,370

that point we we get kind of stopped

76

00:03:57,509 --> 00:03:55,150

next to door and we kept looking at the

77

00:03:59,460 --> 00:03:57,519

door thinking something in the room was

78

00:04:01,259 --> 00:03:59,470

watching us you know was it the or was

79

00:04:03,000 --> 00:04:01,269

there was and we didn't know what an orb

80

00:04:05,130 --> 00:04:03,010

was back then but is it something in the

81

00:04:07,949 --> 00:04:05,140

room you know we felt like we were being

82

00:04:10,170 --> 00:04:07,959

watched it was very creepy and then this

83

00:04:11,610 --> 00:04:10,180

change in pressure came like we were

84

00:04:13,949 --> 00:04:11,620

lighter like I said if you're in the

85

00:04:18,030 --> 00:04:13,959

middle of a hurricane if that makes

86

00:04:21,750 --> 00:04:18,040

sense and or you're lighter and then to

87

00:04:24,030 --> 00:04:21,760

give you a better perspective if you go

88

00:04:25,530 --> 00:04:24,040

out and at night it was a full moon you

89

00:04:27,990 --> 00:04:25,540

know you can kind of stay out later

90

00:04:29,550 --> 00:04:28,000

there's more of an energy and if you

91

00:04:32,450 --> 00:04:29,560

were to take three moons and you had

92

00:04:36,690 --> 00:04:32,460

that liveliness that lighter feeling and

93

00:04:38,279 --> 00:04:36,700

yet this tingling on their body that's

94

00:04:41,050 --> 00:04:38,289

what it was what it was like for us on

95

00:04:44,230 --> 00:04:41,060

1966 and then all of a sudden it

96

00:04:47,260 --> 00:04:44,240

just like bang it was we were no longer

97

00:04:49,000 --> 00:04:47,270

in the room but in a hallway and we were

98

00:04:52,270 --> 00:04:49,010

kind of sandwiched between what looked

99

00:04:54,460 --> 00:04:52,280

like two entities like ghosts almost one

100

00:04:56,770 --> 00:04:54,470

was in front of me one was behind my

101  
00:04:58,870 --> 00:04:56,780  
brother and we were kind of sandwiched

102  
00:05:04,260 --> 00:04:58,880  
between these entities and were very

103  
00:05:06,340 --> 00:05:04,270  
relaxed very calm going with the flow

104  
00:05:08,830 --> 00:05:06,350  
understanding enough that when I walked

105  
00:05:11,080 --> 00:05:08,840  
by the staircase I actually wondered why

106  
00:05:13,420 --> 00:05:11,090  
we were not going down two stairs I kept

107  
00:05:17,710 --> 00:05:13,430  
wondering why we kept going straight so

108  
00:05:19,870 --> 00:05:17,720  
I had that that conscious state of mind

109  
00:05:25,420 --> 00:05:19,880  
to question that but I didn't do

110  
00:05:29,379 --> 00:05:25,430  
anything about it and so moments later

111  
00:05:31,390 --> 00:05:29,389  
it was like the floor changed the ground

112  
00:05:34,540 --> 00:05:31,400  
changed beneath our feet and bang were

113  
00:05:36,100 --> 00:05:34,550

at the corner of our property and I know

114

00:05:40,300 --> 00:05:36,110

how it sounds but that's what happened

115

00:05:42,520 --> 00:05:40,310

and and we broke through walked through

116

00:05:45,040 --> 00:05:42,530

or I believe we walked through a tree

117

00:05:45,730 --> 00:05:45,050

line and there was a large rock on the

118

00:05:47,890 --> 00:05:45,740

left-hand side

119

00:05:50,140 --> 00:05:47,900

and we went a little bit further and

120

00:05:55,840 --> 00:05:50,150

there was a wishbone type of tree to the

121

00:05:57,100 --> 00:05:55,850

right and we had stopped and and looked

122

00:05:59,440 --> 00:05:57,110

at this thing and it looked like a big

123

00:06:02,050 --> 00:05:59,450

pile of dirt and then we kind of

124

00:06:04,630 --> 00:06:02,060

referenced it as a turtle shell because

125

00:06:07,390 --> 00:06:04,640

even that seemed to look alive

126

00:06:09,340 --> 00:06:07,400

like there was markings in it like and

127

00:06:12,700 --> 00:06:09,350

when you reference things as a child you

128

00:06:14,830 --> 00:06:12,710

kind of get a feel for you know what you

129

00:06:16,900 --> 00:06:14,840

expect from it I guess you know so the

130

00:06:18,879 --> 00:06:16,910

reason I referenced it as a turtle shell

131

00:06:20,080 --> 00:06:18,889

was because it really looked like it

132

00:06:22,180 --> 00:06:20,090

could have been moving like a turtle

133

00:06:23,500 --> 00:06:22,190

shells Markson and the shell and this

134

00:06:27,070 --> 00:06:23,510

had marks on the top of the shell as

135

00:06:30,480 --> 00:06:27,080

well that that night we my brother and I

136

00:06:32,710 --> 00:06:30,490

we got involved in something that

137

00:06:34,300 --> 00:06:32,720

somehow we got inside of this thing I'm

138

00:06:36,790 --> 00:06:34,310

not really sure how that happened and I

139

00:06:39,580 --> 00:06:36,800

remember the hallways I remember you

140

00:06:42,250 --> 00:06:39,590

know walking around him and I remember

141

00:06:43,960 --> 00:06:42,260

going to the up o hall that's shaped

142

00:06:48,279 --> 00:06:43,970

like a question mark and it stopped at

143

00:06:50,710 --> 00:06:48,289

this darker room and then we were

144

00:06:53,140 --> 00:06:50,720

stopped that the interest in his very

145

00:06:54,519 --> 00:06:53,150

dark room and it was like I was handed

146

00:07:00,609 --> 00:06:54,529

off like everything worked

147

00:07:02,109 --> 00:07:00,619

on on zones as if certain areas were

148

00:07:05,019 --> 00:07:02,119

zoned for certain people or certain

149

00:07:07,449 --> 00:07:05,029

groups or certain entities to handle

150

00:07:11,409 --> 00:07:07,459

that particular area whatever I was

151  
00:07:16,389 --> 00:07:11,419  
moved anywhere I was like handed off and

152  
00:07:18,989 --> 00:07:16,399  
anytime I was escorted I was let in

153  
00:07:22,509 --> 00:07:18,999  
someone else let go in someone else's

154  
00:07:26,289 --> 00:07:22,519  
custody if you will how I feel this was

155  
00:07:30,069 --> 00:07:26,299  
broken up into stages it seemed to be

156  
00:07:32,829 --> 00:07:30,079  
very something one person's or one

157  
00:07:35,649 --> 00:07:32,839  
entity's area to to make sure that

158  
00:07:37,089 --> 00:07:35,659  
certain areas worked and ran properly

159  
00:07:39,159 --> 00:07:37,099  
and then when I was to be brought some

160  
00:07:40,569 --> 00:07:39,169  
warehouse they would leave me and the

161  
00:07:44,349 --> 00:07:40,579  
presence of this person they would go

162  
00:07:46,959 --> 00:07:44,359  
back okay so for this and for what

163  
00:07:49,329 --> 00:07:46,969

little we really saw except this willow

164

00:07:51,969 --> 00:07:49,339

tree image which was shown to me which

165

00:07:54,449 --> 00:07:51,979

had like a he went from 9 o'clock to 3

166

00:07:57,879 --> 00:07:54,459

o'clock this thing was just a massive

167

00:08:01,239 --> 00:07:57,889

display just like an LCD TV would be or

168

00:08:03,789 --> 00:08:01,249

a plasma television set and it went from

169

00:08:06,369 --> 00:08:03,799

seriously it must have gone 15 feet

170

00:08:10,449 --> 00:08:06,379

around and it was huge in about 11 10

171

00:08:12,129 --> 00:08:10,459

maybe 10 to 12 feet high and so I'm

172

00:08:13,929 --> 00:08:12,139

looking at this thing we had a black and

173

00:08:15,789 --> 00:08:13,939

white television at the time and this

174

00:08:18,219 --> 00:08:15,799

willow trees like green and gold and

175

00:08:20,229 --> 00:08:18,229

winds coming through and it's a whipping

176

00:08:23,589 --> 00:08:20,239

around and it's got this beautiful body

177

00:08:26,259 --> 00:08:23,599

of water off to the right of it and it

178

00:08:27,879 --> 00:08:26,269

took my mind off my brother which I

179

00:08:31,569 --> 00:08:27,889

don't know if that was the reason for it

180

00:08:37,629 --> 00:08:31,579

or not but he was no longer there and so

181

00:08:40,540 --> 00:08:37,639

that really was it for 1966 it seemed to

182

00:08:42,969 --> 00:08:40,550

be to me to be more of a indoctrination

183

00:08:45,519 --> 00:08:42,979

of some sort might just get us there I

184

00:08:46,990 --> 00:08:45,529

don't remember any testing being done I

185

00:08:50,619 --> 00:08:47,000

don't remember anything like that and

186

00:08:53,829 --> 00:08:50,629

then a year later about or just about a

187

00:08:57,519 --> 00:08:53,839

year exactly it was September again we

188

00:08:59,980 --> 00:08:57,529

were in a room again and we were talking

189

00:09:01,660 --> 00:08:59,990

we were in conversation and my mother

190

00:09:04,689 --> 00:09:01,670

came in to shut the window because she

191

00:09:06,879 --> 00:09:04,699

said well and I think it's gonna you

192

00:09:08,350 --> 00:09:06,889

know we're gonna get a bad storm you

193

00:09:09,579 --> 00:09:08,360

know so she wanted to shut the windows

194

00:09:11,079 --> 00:09:09,589

what she said I see lightning but I

195

00:09:13,000 --> 00:09:11,089

don't hear any thunder so I think it

196

00:09:18,310 --> 00:09:13,010

will pass she came in and shut the

197

00:09:24,569 --> 00:09:18,320

window anyway and so again my brother

198

00:09:29,220 --> 00:09:24,579

and I were experiencing this this vibe

199

00:09:31,900 --> 00:09:29,230

this mild electrical type of current

200

00:09:36,579 --> 00:09:31,910

magnetic ILF is what I believe it was

201  
00:09:39,610 --> 00:09:36,589  
and we start to feel your mind starts to

202  
00:09:41,530 --> 00:09:39,620  
feel differently you start to become

203  
00:09:45,610 --> 00:09:41,540  
Placid and then then all of a sudden

204  
00:09:48,850 --> 00:09:45,620  
it's something's funny and then your

205  
00:09:53,259 --> 00:09:48,860  
mind starts playing emotional unbalanced

206  
00:09:57,000 --> 00:09:53,269  
tricks on you and it was this very

207  
00:10:00,970 --> 00:09:57,010  
strange and and then of course that that

208  
00:10:07,230 --> 00:10:00,980  
lighter feeling that you find with the

209  
00:10:09,220 --> 00:10:07,240  
dead calm and then that increased

210  
00:10:11,769 --> 00:10:09,230  
feeling that you'd get from like a full

211  
00:10:16,120 --> 00:10:11,779  
moon if that makes sense

212  
00:10:20,170 --> 00:10:16,130  
so you have this you know multitude of

213  
00:10:23,439 --> 00:10:20,180

things happening at once and and it was

214

00:10:26,769 --> 00:10:23,449

very similar and reminded us very much

215

00:10:30,810 --> 00:10:26,779

of what happened the year before so I

216

00:10:38,410 --> 00:10:36,210

and then my my brother started sitting

217

00:10:40,030 --> 00:10:38,420

getting quiet and he went and told me

218

00:10:41,680 --> 00:10:40,040

later he sat like indian-style in the

219

00:10:43,540 --> 00:10:41,690

bed because he didn't want to be down he

220

00:10:45,100 --> 00:10:43,550

wanted to be able to see then by setting

221

00:10:48,130 --> 00:10:45,110

you need a style up top you could see

222

00:10:49,540 --> 00:10:48,140

out that window and again I want I

223

00:10:51,130 --> 00:10:49,550

looked off to the side of the bunk bed

224

00:10:53,650 --> 00:10:51,140

now I had a ladder that came down so I

225

00:10:55,689 --> 00:10:53,660

kind of went off the side it kind of

226

00:10:57,730 --> 00:10:55,699

looked between or around the ladder

227

00:10:59,920 --> 00:10:57,740

every now and then to see what I could

228

00:11:01,990 --> 00:10:59,930

what was out that window because that

229

00:11:04,389 --> 00:11:02,000

seemed to be the area that orb the year

230

00:11:07,689 --> 00:11:04,399

before and then bang we saw this blue

231

00:11:10,269 --> 00:11:07,699

light like a hula hoop and so I'm

232

00:11:12,310 --> 00:11:10,279

staring at this little blue hula hoop

233

00:11:15,670 --> 00:11:12,320

with a white around it like a white and

234

00:11:17,889 --> 00:11:15,680

blue and there was nothing behind our

235

00:11:20,710 --> 00:11:17,899

our home at that point there were no

236

00:11:22,510 --> 00:11:20,720

homes there were no cars it was just

237

00:11:25,510 --> 00:11:22,520

some woods and a big

238

00:11:27,370 --> 00:11:25,520

an alfalfa field and I was staring at

239

00:11:27,550 --> 00:11:27,380

this thing and I'm trying to see what it

240

00:11:31,930 --> 00:11:27,560

is

241

00:11:34,449 --> 00:11:31,940

then all of a sudden like fired into the

242

00:11:36,730 --> 00:11:34,459

room my brother says it just lit up the

243

00:11:41,139 --> 00:11:36,740

whole room I felt like I got hit with a

244

00:11:43,630 --> 00:11:41,149

like a blast of white whitewash from an

245

00:11:49,480 --> 00:11:43,640

ocean wave that just turned on me

246

00:11:52,480 --> 00:11:49,490

and and it hit my chest and I went from

247

00:11:54,970 --> 00:11:52,490

laying down to standing up to feeling

248

00:11:56,829 --> 00:11:54,980

inverted and flipping inverting a 100

249

00:11:58,300 --> 00:11:56,839

degree hundred you know bang my head's

250

00:12:02,560 --> 00:11:58,310

on the floor you know my feet are up in

251

00:12:04,750 --> 00:12:02,570

the air and then at the same time it

252

00:12:08,110 --> 00:12:04,760

felt like I got wrapped in white packet

253

00:12:10,260 --> 00:12:08,120

like if you had those big white air

254

00:12:13,870 --> 00:12:10,270

packets that you box things into mail

255

00:12:16,389 --> 00:12:13,880

even they're about this big or so and if

256

00:12:19,180 --> 00:12:16,399

they were white so I felt like I was

257

00:12:22,300 --> 00:12:19,190

completely encompassed surrounded

258

00:12:27,730 --> 00:12:22,310

tightly around these white packets so I

259

00:12:34,590 --> 00:12:27,740

got hit inverted rapped and then I was

260

00:12:41,019 --> 00:12:37,870

you know was weird then so my brother

261

00:12:43,810 --> 00:12:41,029

he's yelling you know Tom you know Tom's

262

00:12:46,900 --> 00:12:43,820

gone he runs down the stairs goes to

263

00:12:49,000 --> 00:12:46,910

wake my mother up and my grandmother nor

264

00:12:51,100 --> 00:12:49,010

my mother would respond so he got

265

00:12:53,310 --> 00:12:51,110

between the wall in the bed and started

266

00:12:55,420 --> 00:12:53,320

kicking my mother to wake her up and

267

00:12:58,000 --> 00:12:55,430

I'll tell you something else he saw

268

00:12:59,889 --> 00:12:58,010

something in that room that he does not

269

00:13:01,750 --> 00:12:59,899

we never mentioned we're kind of saving

270

00:13:05,019 --> 00:13:01,760

it for the book but he did see something

271

00:13:07,540 --> 00:13:05,029

in that room as well and it was until

272

00:13:11,889 --> 00:13:07,550

that what he saw left that they came to

273

00:13:13,690 --> 00:13:11,899

and then you know alien mysteries you

274

00:13:15,760 --> 00:13:13,700

know shows my brother looking over the

275

00:13:16,810 --> 00:13:15,770

railing it was really my mother that was

276

00:13:19,150 --> 00:13:16,820

looking over the railing

277

00:13:20,740 --> 00:13:19,160

my brother was running back to my room

278

00:13:23,290 --> 00:13:20,750

to show my mother I wasn't there and

279

00:13:25,480 --> 00:13:23,300

then it sounded like simultaneously all

280

00:13:27,430 --> 00:13:25,490

the doors and a house slammed they

281

00:13:29,980 --> 00:13:27,440

really didn't but that's what it sounded

282

00:13:33,100 --> 00:13:29,990

like and my mother doesn't know if it

283

00:13:35,630 --> 00:13:33,110

was seconds minutes and next thing she

284

00:13:38,000 --> 00:13:35,640

knows Matthews gone

285

00:13:39,680 --> 00:13:38,010

now Matthew when he ran down he had a

286

00:13:42,560 --> 00:13:39,690

tugboat like a little yellow and blue

287

00:13:44,509 --> 00:13:42,570

tugboat his hands and what's interesting

288

00:13:47,690 --> 00:13:44,519

about that too was I was at the same

289

00:13:49,850 --> 00:13:47,700

craft now then I was a year earlier and

290

00:13:51,620 --> 00:13:49,860

I was at this entrance area where that

291

00:13:54,110 --> 00:13:51,630

where that question mark would wrap

292

00:13:56,780 --> 00:13:54,120

around and stop before that darker room

293

00:13:58,880 --> 00:13:56,790

I was standing right there with a entity

294

00:14:00,680 --> 00:13:58,890

off to my left which looked very human

295

00:14:04,160 --> 00:14:00,690

by the way it's not a typical gray or

296

00:14:06,019 --> 00:14:04,170

what people described and I'm just

297

00:14:09,139 --> 00:14:06,029

standing there wondering if I'm gonna

298

00:14:11,090 --> 00:14:09,149

like go into this darker room and but

299

00:14:13,490 --> 00:14:11,100

I'm looking at these tables like a table

300

00:14:15,259 --> 00:14:13,500

here like an L type table then was one

301  
00:14:17,660 --> 00:14:15,269  
over here almost looked to me to match

302  
00:14:20,750 --> 00:14:17,670  
me the same thing and they had like

303  
00:14:23,930 --> 00:14:20,760  
bronze tops with what looked like almost

304  
00:14:28,100 --> 00:14:23,940  
braille on top of it then it looked like

305  
00:14:30,620 --> 00:14:28,110  
a smaller bald you know you know

306  
00:14:34,069 --> 00:14:30,630  
oriental maybe at one and one over here

307  
00:14:36,050 --> 00:14:34,079  
and and this was the backdrop of that

308  
00:14:37,850 --> 00:14:36,060  
was where that big screen was but there

309  
00:14:42,319 --> 00:14:37,860  
was no screen up now it was just black

310  
00:14:43,670 --> 00:14:42,329  
and I was not cooperating apparently all

311  
00:14:48,470 --> 00:14:43,680  
right that's the way I feel like because

312  
00:14:53,990 --> 00:14:48,480  
I I remember being more able to think

313  
00:14:55,639 --> 00:14:54,000

for myself and I mean there was a look I

314

00:14:59,930 --> 00:14:55,649

mean he was looking at me I was looking

315

00:15:03,800 --> 00:14:59,940

at it and I was like where's my brother

316

00:15:06,439 --> 00:15:03,810

I guess I was crying for him and next

317

00:15:08,949 --> 00:15:06,449

thing I know he's there so I don't know

318

00:15:13,360 --> 00:15:08,959

if Matthew being there was because I was

319

00:15:15,590 --> 00:15:13,370

you know not cooperating or acting out

320

00:15:17,840 --> 00:15:15,600

then I wanted him there because it was a

321

00:15:19,009 --> 00:15:17,850

comfort we're having my brother with me

322

00:15:22,030 --> 00:15:19,019

I know that was selfish on my part

323

00:15:27,470 --> 00:15:22,040

really but having someone there with you

324

00:15:29,269 --> 00:15:27,480

makes it easier and and so he was

325

00:15:31,130 --> 00:15:29,279

brought back to another room where he

326

00:15:33,949 --> 00:15:31,140

had a club foot the brace on his knee

327

00:15:36,680 --> 00:15:33,959

and then his ankle and everything and he

328

00:15:41,210 --> 00:15:36,690

remembers that being looked at along

329

00:15:43,550 --> 00:15:41,220

with his tugboat his toy I on the other

330

00:15:45,829 --> 00:15:43,560

hand had gone into this other darker

331

00:15:47,510 --> 00:15:45,839

room and I didn't go very far

332

00:15:49,100 --> 00:15:47,520

I want enough to see that there was some

333

00:15:49,310 --> 00:15:49,110

type of a spacesuit there I don't know

334

00:15:57,590 --> 00:15:49,320

what

335

00:15:58,970 --> 00:15:57,600

was for I you know I got a look at

336

00:16:01,880 --> 00:15:58,980

something that was up front it looked

337

00:16:07,580 --> 00:16:01,890

like almost like a box that was towards

338

00:16:10,010 --> 00:16:07,590

the front and and there was more

339

00:16:12,860 --> 00:16:10,020

individuals in there or entities or what

340

00:16:14,570 --> 00:16:12,870

have you or that were in that room that

341

00:16:16,820 --> 00:16:14,580

you really couldn't see earlier and

342

00:16:19,040 --> 00:16:16,830

there was another hallway that went back

343

00:16:22,580 --> 00:16:19,050

I'm assuming it probably mirrored the

344

00:16:26,960 --> 00:16:22,590

question mark one that I went to who

345

00:16:29,120 --> 00:16:26,970

knows what was over there and then you

346

00:16:31,370 --> 00:16:29,130

know we were brought back in this

347

00:16:32,930 --> 00:16:31,380

hallway a little ways and and next thing

348

00:16:37,220 --> 00:16:32,940

I know my brother and I are in the

349

00:16:40,700 --> 00:16:37,230

middle of the yard my younger brother

350

00:16:41,210 --> 00:16:40,710

was maybe I don't know 15 or 20 feet in

351

00:16:42,800 --> 00:16:41,220

front of me

352

00:16:44,330 --> 00:16:42,810

and I was in here looking at and we're

353

00:16:49,400 --> 00:16:44,340

like Placid we're staring at each other

354

00:16:50,840 --> 00:16:49,410

and my mother at this point had already

355

00:16:52,910 --> 00:16:50,850

been looking for us on horseback

356

00:16:54,440 --> 00:16:52,920

you know she saddled up her horse and

357

00:16:56,720 --> 00:16:54,450

she went up to the corner there was a

358

00:16:58,790 --> 00:16:56,730

hay baler that we had on our property

359

00:17:00,920 --> 00:16:58,800

that was a know past zone it was like go

360

00:17:03,170 --> 00:17:00,930

past that you're in trouble because if

361

00:17:05,420 --> 00:17:03,180

we fell off a horse or we ran or did or

362

00:17:06,800 --> 00:17:05,430

played and got hurt no one could see it

363

00:17:09,770 --> 00:17:06,810

from the house you know it was too far

364

00:17:11,780 --> 00:17:09,780

up you know and at this point alfalfa

365

00:17:13,880 --> 00:17:11,790

grew pretty high so if we tripped her

366

00:17:15,860 --> 00:17:13,890

hit her head no one would ever know

367

00:17:19,670 --> 00:17:15,870

where we were so we couldn't go past a

368

00:17:21,350 --> 00:17:19,680

hay baler and then but my mother did she

369

00:17:24,710 --> 00:17:21,360

went way up top the Appalachian Trail

370

00:17:27,530 --> 00:17:24,720

looking all around for us and she saw

371

00:17:29,450 --> 00:17:27,540

what looked like my brother actually

372

00:17:31,760 --> 00:17:29,460

spotted him first in the driveway

373

00:17:34,340 --> 00:17:31,770

and we had floodlights because we had a

374

00:17:36,560 --> 00:17:34,350

horse farm so we had floods on the sides

375

00:17:38,300 --> 00:17:36,570

of the house I'm telling a telephone

376

00:17:40,700 --> 00:17:38,310

pole on our property a flood lights and

377

00:17:43,190 --> 00:17:40,710

a phone on it and so all the floods went

378

00:17:44,990 --> 00:17:43,200

on my grandmother

379

00:17:45,860 --> 00:17:45,000

I guess maybe she yelled or something I

380

00:17:47,060 --> 00:17:45,870

wouldn't have heard her anyway if she

381

00:17:48,590 --> 00:17:47,070

did I don't know how my mom actually

382

00:17:50,510 --> 00:17:48,600

really knew but she ran back down and a

383

00:17:53,060 --> 00:17:50,520

horse got off the horse picked up my

384

00:17:56,150 --> 00:17:53,070

younger brother scooped me up brought us

385

00:17:59,540 --> 00:17:56,160

into the house gave us orange juice wipe

386

00:18:06,620 --> 00:17:59,550

this down with towels you know put us in

387

00:18:07,640 --> 00:18:06,630

the living room we put on a fire and and

388

00:18:10,730 --> 00:18:07,650

what's the other thing we don't talk

389

00:18:14,900 --> 00:18:10,740

about much my brother swears that he was

390

00:18:17,990 --> 00:18:14,910

playing with a you know some scrap metal

391

00:18:20,450 --> 00:18:18,000

or something it was having a soda a coke

392

00:18:21,770 --> 00:18:20,460

and some of the things that he was

393

00:18:26,090 --> 00:18:21,780

touching seemed to react

394

00:18:27,800 --> 00:18:26,100

oddly to each other which again I would

395

00:18:29,600 --> 00:18:27,810

think has something to do with ILF

396

00:18:32,600 --> 00:18:29,610

because I think this has a lot to do

397

00:18:37,450 --> 00:18:32,610

with the low frequency magnetic energy

398

00:18:40,700 --> 00:18:37,460

and then so that was another thing that

399

00:18:44,030 --> 00:18:40,710

referenced metal that was acting odd

400

00:18:46,610 --> 00:18:44,040

just like in the alien mystery show it

401  
00:18:48,800 --> 00:18:46,620  
talks about the bench shaking the bed

402  
00:18:50,870 --> 00:18:48,810  
wasn't shaking there were metal hinges

403  
00:18:53,120 --> 00:18:50,880  
that were on these old farm doors that

404  
00:18:56,120 --> 00:18:53,130  
were rattling the bed was around and the

405  
00:19:00,590 --> 00:18:56,130  
hinges were so again

406  
00:19:04,370 --> 00:19:00,600  
metal being affected and so that was

407  
00:19:07,910 --> 00:19:04,380  
really 67 and then it went to years we

408  
00:19:09,470 --> 00:19:07,920  
didn't have anything happen at all we

409  
00:19:11,450 --> 00:19:09,480  
were talking about this now at the

410  
00:19:13,970 --> 00:19:11,460  
restaurant which was a big mistake

411  
00:19:17,270 --> 00:19:13,980  
because that you know when you have a

412  
00:19:23,420 --> 00:19:17,280  
single mother who's 29 years old talking

413  
00:19:26,780 --> 00:19:23,430

about you know people in her house when

414

00:19:28,460 --> 00:19:26,790

UFOs and and that sort of thing became

415

00:19:29,780 --> 00:19:28,470

kind of a joke at the restaurant you

416

00:19:31,460 --> 00:19:29,790

know she was getting a pretty hard time

417

00:19:34,550 --> 00:19:31,470

about it there were all these guys I

418

00:19:37,850 --> 00:19:34,560

would block the front entrance so they

419

00:19:39,620 --> 00:19:37,860

couldn't come in in to order you know

420

00:19:41,210 --> 00:19:39,630

the kids used to come over the

421

00:19:43,400 --> 00:19:41,220

restaurant was right across the street

422

00:19:45,290 --> 00:19:43,410

from Sheffield Center school so it

423

00:19:48,350 --> 00:19:45,300

became like a hub for kids to get their

424

00:19:51,130 --> 00:19:48,360

quarter shakes and and it really wasn't

425

00:19:53,690 --> 00:19:51,140

on a road it was it was inside a green

426

00:19:55,880 --> 00:19:53,700

so if you came over for the shakes you

427

00:19:57,620 --> 00:19:55,890

could park your bike set outside have

428

00:20:00,020 --> 00:19:57,630

them walk around the green and ride your

429

00:20:01,670 --> 00:20:00,030

bikes around the safety of the work for

430

00:20:04,250 --> 00:20:01,680

the restaurant is you know like off the

431

00:20:08,169 --> 00:20:04,260

road we had this part kind of like it

432

00:20:10,250 --> 00:20:08,179

was very much like Newport you know and

433

00:20:11,540 --> 00:20:10,260

so it was a great place for everyone to

434

00:20:12,230 --> 00:20:11,550

ride your bikes until their parents got

435

00:20:15,500 --> 00:20:12,240

off work

436

00:20:17,600 --> 00:20:15,510

well that can't come to an end you know

437

00:20:20,450 --> 00:20:17,610

was like let's go guys let's go you know

438

00:20:23,180 --> 00:20:20,460

and there was always that my mother

439

00:20:25,250 --> 00:20:23,190

would say there was that abrupt table of

440

00:20:27,830 --> 00:20:25,260

four you know so were these four TS to

441

00:20:30,740 --> 00:20:27,840

come in order all this food get

442

00:20:32,720 --> 00:20:30,750

obnoxious you know and that made it

443

00:20:35,810 --> 00:20:32,730

rough so my mother stopped working there

444

00:20:37,640 --> 00:20:35,820

my grandmother took it over and my

445

00:20:38,930 --> 00:20:37,650

grandma there was some Hollis Queens so

446

00:20:41,720 --> 00:20:38,940

she was a little pisser

447

00:20:43,190 --> 00:20:41,730

so you know she could kind of deal with

448

00:20:44,810 --> 00:20:43,200

it a little bit better and then my

449

00:20:47,510 --> 00:20:44,820

mother started dating Howard who was

450

00:20:49,100 --> 00:20:47,520

also from Patchogue Long Island so he

451  
00:20:51,290 --> 00:20:49,110  
was a New Yorker who kind of kind of put

452  
00:20:53,480 --> 00:20:51,300  
people in her place a little bit not to

453  
00:20:54,650 --> 00:20:53,490  
be rude but enough already you know you

454  
00:20:58,600 --> 00:20:54,660  
want to eat her you don't want to eat

455  
00:21:02,660 --> 00:20:58,610  
you know he wanted to go we make it so

456  
00:21:06,110 --> 00:21:02,670  
he made some changes and but it was

457  
00:21:08,660 --> 00:21:06,120  
tough and at this point we were making

458  
00:21:12,080 --> 00:21:08,670  
money at the races my mother raised

459  
00:21:14,540 --> 00:21:12,090  
horses and so September was a big month

460  
00:21:15,350 --> 00:21:14,550  
for awesome in the town fed off the

461  
00:21:17,180 --> 00:21:15,360  
horse races

462  
00:21:19,130 --> 00:21:17,190  
Sheffield made a lot of money off the

463  
00:21:21,950 --> 00:21:19,140

horse racing because a lot of the horse

464

00:21:24,560 --> 00:21:21,960

racing came from the breeders there and

465

00:21:28,790 --> 00:21:24,570

so it was important that everyone got

466

00:21:34,220 --> 00:21:28,800

along so in 69 now we're gonna jump up

467

00:21:37,340 --> 00:21:34,230

to 69 a lot of that got better because

468

00:21:41,180 --> 00:21:37,350

what happened in 69 was witnessed by so

469

00:21:44,440 --> 00:21:41,190

many people and seen by just so many

470

00:21:47,090 --> 00:21:44,450

others and in an in town out of town

471

00:21:49,310 --> 00:21:47,100

calls came in to radio stations police

472

00:21:53,360 --> 00:21:49,320

officers knew about it it was given a

473

00:21:57,440 --> 00:21:53,370

Hynek classification again it happened

474

00:21:59,600 --> 00:21:57,450

on Labor Day and and because of Labor

475

00:22:02,180 --> 00:21:59,610

Day and I was riding in a horse show

476

00:22:04,400 --> 00:22:02,190

that day a 4-h club I was running a

477

00:22:06,620 --> 00:22:04,410

horse called big gray by the way is that

478

00:22:09,350 --> 00:22:06,630

ironic that's

479

00:22:12,590 --> 00:22:09,360

I've always asked myself well fall

480

00:22:15,500 --> 00:22:12,600

Horace's but so it wasn't even her horse

481

00:22:17,299 --> 00:22:15,510

and the saddle came loose and I was

482

00:22:18,650 --> 00:22:17,309

riding with a lot of girls and friends

483

00:22:20,570 --> 00:22:18,660

and you from school so I was kind of

484

00:22:23,570 --> 00:22:20,580

embarrassed about it because I got this

485

00:22:25,070 --> 00:22:23,580

lousy ruined and so my mother said well

486

00:22:26,630 --> 00:22:25,080

let's go I'll take you out to eat so she

487

00:22:28,159 --> 00:22:26,640

took me to the meadows restaurant which

488

00:22:31,159 --> 00:22:28,169

is in great barrington Sheffield line

489

00:22:33,289 --> 00:22:31,169

and we stopped got some fireballs had

490

00:22:35,690 --> 00:22:33,299

something to eat and then my mom's like

491

00:22:38,360 --> 00:22:35,700

well we need to check on the village on

492

00:22:40,399 --> 00:22:38,370

the green because we need to make the

493

00:22:42,500 --> 00:22:40,409

night drop so she wanted to count the

494

00:22:44,450 --> 00:22:42,510

receipts double check the night drop put

495

00:22:46,370 --> 00:22:44,460

the money in the bank make sure it was

496

00:22:48,140 --> 00:22:46,380

locked up everything was turned off you

497

00:22:52,159 --> 00:22:48,150

know because normally we locked it up

498

00:22:55,070 --> 00:22:52,169

not to cook and before we left I guess

499

00:22:59,690 --> 00:22:55,080

my grandmother had gone into a store

500

00:23:02,270 --> 00:22:59,700

called silks and talked to the clerk and

501  
00:23:04,520 --> 00:23:02,280  
you know because clues that store was

502  
00:23:06,620 --> 00:23:04,530  
next to the bank and they smoked

503  
00:23:09,529 --> 00:23:06,630  
Arrington's back then so it's like a

504  
00:23:16,130 --> 00:23:09,539  
stop for them and we were heading home

505  
00:23:19,279 --> 00:23:16,140  
and we got to the Sheffield bridge which

506  
00:23:24,590 --> 00:23:19,289  
was a shortcut over to Boardman Street

507  
00:23:26,180 --> 00:23:24,600  
and my grandmother had turned around to

508  
00:23:28,159 --> 00:23:26,190  
remind me that I shouldn't give my

509  
00:23:32,149 --> 00:23:28,169  
brother a fireball because he could

510  
00:23:34,370 --> 00:23:32,159  
choke on it and my mother was driving we

511  
00:23:36,680 --> 00:23:34,380  
were probably doing about 35 work only

512  
00:23:38,120 --> 00:23:36,690  
very fast and my grandmother looked out

513  
00:23:41,600 --> 00:23:38,130

the back window and saw what looked like

514

00:23:44,529 --> 00:23:41,610

a big Bank of lights and the woods so

515

00:23:48,350 --> 00:23:44,539

we're all looking at this thing and

516

00:23:51,020 --> 00:23:48,360

today or if she what she had referenced

517

00:23:53,510 --> 00:23:51,030

at that is that looking at before was

518

00:23:55,549 --> 00:23:53,520

more like a flying strip mall of some

519

00:23:58,520 --> 00:23:55,559

kind you know she thought it was that

520

00:24:00,320 --> 00:23:58,530

big but my mother thought well maybe

521

00:24:02,870 --> 00:24:00,330

because we were moving you know we look

522

00:24:04,220 --> 00:24:02,880

back it looked like it was that big so

523

00:24:07,610 --> 00:24:04,230

we're not really sure how big this thing

524

00:24:09,680 --> 00:24:07,620

was but at the same time now the car

525

00:24:12,020 --> 00:24:09,690

comes to a roll off to the right side of

526

00:24:13,669 --> 00:24:12,030

the road and again my mother doesn't

527

00:24:15,530 --> 00:24:13,679

know if she stopped it but the car did

528

00:24:16,529 --> 00:24:15,540

come to a stop off the right side of the

529

00:24:19,889 --> 00:24:16,539

road

530

00:24:22,680 --> 00:24:19,899

and then it was completely quiet it was

531

00:24:27,089 --> 00:24:22,690

just a dead calm again that same friggin

532

00:24:29,039 --> 00:24:27,099

feeling and then he just knew and then

533

00:24:31,889 --> 00:24:29,049

there was this bang eruption of crickets

534

00:24:34,199 --> 00:24:31,899

when we came up it was so quiet when we

535

00:24:36,749 --> 00:24:34,209

came off that road that you could hear

536

00:24:40,459 --> 00:24:36,759

the stones tapping underneath the gas

537

00:24:45,139 --> 00:24:40,469

tank it was like ding ding ding ding

538

00:24:48,629 --> 00:24:45,149

like driving over you know eggshells

539

00:24:51,269 --> 00:24:48,639

that's so dead quiet it was and then

540

00:24:52,829 --> 00:24:51,279

bang Katie it's crickets loud as you've

541

00:24:57,749 --> 00:24:52,839

ever heard in your life like 90 degrees

542

00:24:59,729 --> 00:24:57,759

that night it was a hot night and then

543

00:25:05,399 --> 00:24:59,739

I'm in I'm in this holding room that

544

00:25:09,239 --> 00:25:05,409

looked like an airplane hangar and if it

545

00:25:11,129 --> 00:25:09,249

was a like a to give you an example I

546

00:25:14,159 --> 00:25:11,139

guess a football field I'd be at the

547

00:25:18,239 --> 00:25:14,169

5-yard line but there were metal trays

548

00:25:21,839 --> 00:25:18,249

off to my right that reminded me of the

549

00:25:23,699 --> 00:25:21,849

trays that you'd find in a school back

550

00:25:26,729 --> 00:25:23,709

then where they wanted to put projectors

551  
00:25:29,249 --> 00:25:26,739  
or something on it and where they wanted

552  
00:25:30,389 --> 00:25:29,259  
to use it you know for like a media

553  
00:25:31,199 --> 00:25:30,399  
table or something they're always

554  
00:25:34,859 --> 00:25:31,209  
reminding me of that

555  
00:25:37,799 --> 00:25:34,869  
and yet out and about was nothing but

556  
00:25:39,449 --> 00:25:37,809  
open black space with a little bit of

557  
00:25:40,799 --> 00:25:39,459  
light coming in so I could kind of get a

558  
00:25:43,439 --> 00:25:40,809  
feel for it I don't know where it was

559  
00:25:47,029 --> 00:25:43,449  
coming from but it was open and empty I

560  
00:25:51,839 --> 00:25:47,039  
mean there was nothing in there nothing

561  
00:25:54,269 --> 00:25:51,849  
and then it's light opened or I saw this

562  
00:26:00,779 --> 00:25:54,279  
light it was a door but I saw the light

563  
00:26:04,349 --> 00:26:00,789

first and I walked to it and I was

564

00:26:07,129 --> 00:26:04,359

sternly grabbed on my left arm and I was

565

00:26:09,989 --> 00:26:07,139

kind of forced out the door to the right

566

00:26:11,969 --> 00:26:09,999

and these were sharp

567

00:26:14,879 --> 00:26:11,979

left's and rights with very high thin

568

00:26:18,149 --> 00:26:14,889

walls higher than what's in here into

569

00:26:20,519 --> 00:26:18,159

this room that had a table type of thing

570

00:26:23,069 --> 00:26:20,529

that I sat on doesn't lane on anything i

571

00:26:25,590 --> 00:26:23,079

sat on it and I was 9 so it couldn't

572

00:26:28,320 --> 00:26:25,600

been very tall and

573

00:26:30,330 --> 00:26:28,330

the room that I was in bowed inward as

574

00:26:33,360 --> 00:26:30,340

if it was like a big coffee can bowing

575

00:26:35,760 --> 00:26:33,370

inward and on each side of this pocket

576

00:26:38,520 --> 00:26:35,770

where it boat in there was a what I

577

00:26:40,710 --> 00:26:38,530

believe an opening on the left and there

578

00:26:46,830 --> 00:26:40,720

was definitely an opening the opening on

579

00:26:50,480 --> 00:26:46,840

the right and so this entity that I saw

580

00:26:53,700 --> 00:26:50,490

or looked very genetically-engineered

581

00:26:55,890 --> 00:26:53,710

resembled that of an ant with some human

582

00:27:01,020 --> 00:26:55,900

features it had the head it looked like

583

00:27:02,820 --> 00:27:01,030

a almost like a football shape very thin

584

00:27:05,970 --> 00:27:02,830

neck the neck on it was probably like

585

00:27:06,600 --> 00:27:05,980

this and it came down to like a teardrop

586

00:27:10,050 --> 00:27:06,610

body

587

00:27:13,650 --> 00:27:10,060

it was very whitish gray the legs look

588

00:27:17,300 --> 00:27:13,660

like that of bamboo sticks with rings on

589

00:27:20,670 --> 00:27:17,310

it that were more like a purple and

590

00:27:21,810 --> 00:27:20,680

which emptied out to what I believe was

591

00:27:27,600 --> 00:27:21,820

more like the featured seeing an

592

00:27:30,960 --> 00:27:27,610

elephant kind of just flat rounded human

593

00:27:32,160 --> 00:27:30,970

hands a slit type of mouth thing where

594

00:27:37,140 --> 00:27:32,170

had a little bit of teeth in it almost

595

00:27:42,750 --> 00:27:37,150

like a fish round eyes black kind of

596

00:27:46,350 --> 00:27:42,760

sitting on top and and that's what was

597

00:27:48,510 --> 00:27:46,360

tanning right over here and it turned

598

00:27:51,450 --> 00:27:48,520

its head for a moment almost like in

599

00:27:53,820 --> 00:27:51,460

that way of a uncanny valley like it's

600

00:27:57,180 --> 00:27:53,830

kind of not really human but it appears

601  
00:28:00,750 --> 00:27:57,190  
to be alive send a chill through my back

602  
00:28:04,500 --> 00:28:00,760  
I ran out the side here got into this

603  
00:28:07,490 --> 00:28:04,510  
huge intersecting hallway which had two

604  
00:28:10,590 --> 00:28:07,500  
hallways off to the right one here and

605  
00:28:13,320 --> 00:28:10,600  
one back over here which is where I

606  
00:28:14,580 --> 00:28:13,330  
heard voices coming from it I want to

607  
00:28:16,080 --> 00:28:14,590  
think it was my mother I wanted to

608  
00:28:17,490 --> 00:28:16,090  
believe it was family because at that

609  
00:28:20,280 --> 00:28:17,500  
point I was alone in this room

610  
00:28:23,160 --> 00:28:20,290  
and although alien mystery shows my

611  
00:28:29,520 --> 00:28:23,170  
brother next to me he wasn't I was alone

612  
00:28:31,320 --> 00:28:29,530  
and the intersecting hallway to give a

613  
00:28:35,850 --> 00:28:31,330

good description estate would have been

614

00:28:38,580 --> 00:28:35,860

just a big circle with a Y hallway going

615

00:28:39,270 --> 00:28:38,590

out a wide hallway coming down and a

616

00:28:42,120 --> 00:28:39,280

huge

617

00:28:43,740 --> 00:28:42,130

this way almost as if you were thinking

618

00:28:46,230 --> 00:28:43,750

that you were going to get traffic

619

00:28:48,330 --> 00:28:46,240

coming this way you needed to expand the

620

00:28:50,910 --> 00:28:48,340

walls to able to control the flow of

621

00:28:53,160 --> 00:28:50,920

traffic and then filter to the bottom

622

00:28:57,360 --> 00:28:53,170

almost like an hourglass type of thing

623

00:29:02,280 --> 00:28:57,370

would you would need that flow so are

624

00:29:03,840 --> 00:29:02,290

like a funnel and so later on I thought

625

00:29:05,850 --> 00:29:03,850

to myself well that's why there's a room

626  
00:29:08,550 --> 00:29:05,860  
about inward because the hallway out

627  
00:29:10,170 --> 00:29:08,560  
there Boat outward but while I'm in this

628  
00:29:12,000 --> 00:29:10,180  
hallway I'm hearing voices I'm hearing

629  
00:29:15,090 --> 00:29:12,010  
sounds I don't know what it is I'm

630  
00:29:18,450 --> 00:29:15,100  
praying to God it's my mother and again

631  
00:29:20,640 --> 00:29:18,460  
I'm taken back and but this time I'm

632  
00:29:23,790 --> 00:29:20,650  
laying on this thing and it's what it's

633  
00:29:28,230 --> 00:29:23,800  
about probably three feet off the ground

634  
00:29:30,720 --> 00:29:28,240  
now so it raised up then this cage this

635  
00:29:33,420 --> 00:29:30,730  
cage thing came over me that was in two

636  
00:29:38,160 --> 00:29:33,430  
parts the bottom part was almost like a

637  
00:29:40,860 --> 00:29:38,170  
square and it right grows into something

638  
00:29:42,570 --> 00:29:40,870

that was much more cylinder and the

639

00:29:45,410 --> 00:29:42,580

bottom part actually started to separate

640

00:29:47,970 --> 00:29:45,420

came around my body then the outer part

641

00:29:51,500 --> 00:29:47,980

separated and wrote and drove over it

642

00:29:55,230 --> 00:29:51,510

and they had holes in the side of it and

643

00:29:57,000 --> 00:29:55,240

there were like his raison pacts I know

644

00:29:59,160 --> 00:29:57,010

this sounds tough to understand but

645

00:30:01,380 --> 00:29:59,170

there was raised impacts that were

646

00:30:03,060 --> 00:30:01,390

placed only on my left side and again

647

00:30:05,850 --> 00:30:03,070

everything's my left that's grabbed by

648

00:30:07,050 --> 00:30:05,860

my left I'm I'm escorted by my left and

649

00:30:12,990 --> 00:30:07,060

now these things are put on the left

650

00:30:14,730 --> 00:30:13,000

side of my body now my brother will say

651  
00:30:18,930 --> 00:30:14,740  
that when he saw the entity that looks

652  
00:30:21,720 --> 00:30:18,940  
like an insect that it was about four

653  
00:30:25,320 --> 00:30:21,730  
feet tall I thought it was closer to

654  
00:30:28,530 --> 00:30:25,330  
five but it's interesting that if there

655  
00:30:32,730 --> 00:30:28,540  
is no compassion why did appear to lower

656  
00:30:37,350 --> 00:30:32,740  
itself I level or less so not to be

657  
00:30:41,460 --> 00:30:37,360  
overly intimidating or was it to look us

658  
00:30:44,120 --> 00:30:41,470  
directly in the eye but by lowering it

659  
00:30:47,040 --> 00:30:44,130  
to my brother he wasn't as scared of it

660  
00:30:50,360 --> 00:30:47,050  
so it was kind of an interesting thing

661  
00:30:52,470 --> 00:30:50,370  
I get a couple bumps to the head now and

662  
00:30:55,890 --> 00:30:52,480  
that's all I remember was like a thump

663  
00:31:01,680 --> 00:30:55,900

or two and and now I'm back in his

664

00:31:04,800 --> 00:31:01,690

holding area and and then fragmented

665

00:31:06,450 --> 00:31:04,810

again but we're back in the car and at

666

00:31:08,250 --> 00:31:06,460

this point my grandmother had all

667

00:31:09,690 --> 00:31:08,260

returned the car around and started

668

00:31:12,510 --> 00:31:09,700

driving back to the center of great car

669

00:31:13,950 --> 00:31:12,520

Sheffield to where silks was where she

670

00:31:19,140 --> 00:31:13,960

had stopped in earlier for cigarettes

671

00:31:22,410 --> 00:31:19,150

after we'd made them the drop and so

672

00:31:23,880 --> 00:31:22,420

what I came to she had gotten out

673

00:31:25,770 --> 00:31:23,890

slammed the door that's probably what

674

00:31:27,870 --> 00:31:25,780

woke me because she was only a few feet

675

00:31:29,450 --> 00:31:27,880

in front of the car this time I get out

676  
00:31:31,800 --> 00:31:29,460  
of the car and I start following her

677  
00:31:32,400 --> 00:31:31,810  
Nana Nana you know where he go and that

678  
00:31:34,320 --> 00:31:32,410  
kind of thing

679  
00:31:35,910 --> 00:31:34,330  
then she didn't really respond she was

680  
00:31:37,530 --> 00:31:35,920  
kind of walking aimlessly kind of

681  
00:31:39,980 --> 00:31:37,540  
walking you know just kind of out of it

682  
00:31:45,570 --> 00:31:39,990  
you know kind of like traumatized really

683  
00:31:47,310 --> 00:31:45,580  
and so she walks into the store goes by

684  
00:31:51,630 --> 00:31:47,320  
the clerk and gets tied up on all these

685  
00:31:53,670 --> 00:31:51,640  
bikes and and strollers and and baby

686  
00:31:55,890 --> 00:31:53,680  
carriages and all the stuff they sold in

687  
00:32:00,150 --> 00:31:55,900  
there it was like an old Rex halls

688  
00:32:01,920 --> 00:32:00,160

pharmacy or something and I'm calling

689

00:32:03,930 --> 00:32:01,930

her hand that I'm trying to get her hand

690

00:32:06,780 --> 00:32:03,940

away from the bikes and pull it towards

691

00:32:08,250 --> 00:32:06,790

a to me to get out of there and of

692

00:32:10,290 --> 00:32:08,260

course she couldn't because she was I

693

00:32:11,310 --> 00:32:10,300

wasn't clinking clearly either because I

694

00:32:13,290 --> 00:32:11,320

was trying to pull her through the bike

695

00:32:14,820 --> 00:32:13,300

so I remember that and and so she

696

00:32:17,460 --> 00:32:14,830

finally went around and came back out

697

00:32:19,170 --> 00:32:17,470

talked to the clerk for a moment went as

698

00:32:21,960 --> 00:32:19,180

soon as she hit this off the stairs hit

699

00:32:24,180 --> 00:32:21,970

the road again broke down started

700

00:32:26,430 --> 00:32:24,190

shaking started crying they got back in

701  
00:32:28,650 --> 00:32:26,440  
the car my mother had been come to at

702  
00:32:29,970 --> 00:32:28,660  
that point my brother I don't remember

703  
00:32:32,010 --> 00:32:29,980  
if he was awake or not but he says he

704  
00:32:36,810 --> 00:32:32,020  
remembers some of it and we just went

705  
00:32:41,610 --> 00:32:36,820  
home now that night was what really

706  
00:32:43,920 --> 00:32:41,620  
caused us to move but I don't think my

707  
00:32:46,400 --> 00:32:43,930  
mother realized after that how

708  
00:32:49,440 --> 00:32:46,410  
traumatized really my brother and I was

709  
00:32:53,730 --> 00:32:49,450  
we were altar boys you know we sang in

710  
00:32:55,350 --> 00:32:53,740  
church and and you know taught Sunday

711  
00:32:56,680 --> 00:32:55,360  
School because it was another cute girl

712  
00:33:00,419 --> 00:32:56,690  
down there

713  
00:33:03,789 --> 00:33:00,429

but I'll teach Sunday school today and

714

00:33:05,949 --> 00:33:03,799

play but we were active with the church

715

00:33:08,859 --> 00:33:05,959

and Families there and like I said was a

716

00:33:11,279 --> 00:33:08,869

small town and we were all kind of you

717

00:33:13,449 --> 00:33:11,289

know we're close back then you had

718

00:33:16,539 --> 00:33:13,459

different opinions but it was too small

719

00:33:23,549 --> 00:33:16,549

of a town for everyone to not get along

720

00:33:27,699 --> 00:33:23,559

or find a way to get along and so I

721

00:33:29,499 --> 00:33:27,709

don't know we tried to put put it behind

722

00:33:32,859 --> 00:33:29,509

us a little bit I guess I took my horse

723

00:33:35,079 --> 00:33:32,869

and wrote it up past the bail or even

724

00:33:37,209 --> 00:33:35,089

though I wasn't supposed to because I

725

00:33:39,039 --> 00:33:37,219

had to know if that was the spot that I

726

00:33:40,269 --> 00:33:39,049

had seen earlier you know there's a time

727

00:33:41,769 --> 00:33:40,279

when you just got a double check for

728

00:33:44,229 --> 00:33:41,779

yourself you know you got to go back and

729

00:33:45,789 --> 00:33:44,239

look for yourself and sure enough there

730

00:33:46,989 --> 00:33:45,799

was the rock that I had never seen

731

00:33:50,589 --> 00:33:46,999

before because I was never allowed to

732

00:33:52,089 --> 00:33:50,599

pass the baler the wishbone tree that

733

00:33:54,549 --> 00:33:52,099

was either broken or what have you and

734

00:33:56,169 --> 00:33:54,559

there was the spot where it was and I

735

00:33:58,989 --> 00:33:56,179

remember I had to lower my head

736

00:34:03,789 --> 00:33:58,999

underneath my horse's mane too to get

737

00:34:04,869 --> 00:34:03,799

through that brush and there it was and

738

00:34:06,669 --> 00:34:04,879

it was like being punched in the stomach

739

00:34:08,710 --> 00:34:06,679

it was just like taking a shot that it

740

00:34:10,779 --> 00:34:08,720

got because there was no way any of this

741

00:34:11,740 --> 00:34:10,789

I mean it was true there's a rock I

742

00:34:13,599 --> 00:34:11,750

never saw before

743

00:34:17,859 --> 00:34:13,609

there's where it was there's the

744

00:34:22,240 --> 00:34:17,869

wishbone tree you know so we had never

745

00:34:25,240 --> 00:34:22,250

ever been there willingly before and on

746

00:34:31,569 --> 00:34:25,250

top of that we had seen that willow tree

747

00:34:34,659 --> 00:34:31,579

image in 66 now my mother had never told

748

00:34:37,149 --> 00:34:34,669

us that she had seen that before and she

749

00:34:40,869 --> 00:34:37,159

goes out and buys a willow tree and has

750

00:34:44,859 --> 00:34:40,879

it planted at her horses pond watering

751  
00:34:47,619 --> 00:34:44,869  
hole and then changes our room so we

752  
00:34:50,829 --> 00:34:47,629  
overlooked the willow tree at the front

753  
00:34:54,940 --> 00:34:50,839  
of the house like unconsciously she did

754  
00:34:57,129 --> 00:34:54,950  
this so for whatever reason that willow

755  
00:34:59,859 --> 00:34:57,139  
tree was what was really symbolic to me

756  
00:35:01,990 --> 00:34:59,869  
that's what hurt that's what dug me you

757  
00:35:04,059 --> 00:35:02,000  
know that's what Bob thought because it

758  
00:35:07,930 --> 00:35:04,069  
was so big and vivid I mean there's no

759  
00:35:09,070 --> 00:35:07,940  
way it was just so every time I saw a

760  
00:35:11,620 --> 00:35:09,080  
willow tree after that

761  
00:35:15,460 --> 00:35:11,630  
it just bothered me so I'm sitting in

762  
00:35:17,290 --> 00:35:15,470  
bed and my mother talked us in and went

763  
00:35:20,770 --> 00:35:17,300

downstairs like she normally did dishes

764

00:35:25,150 --> 00:35:20,780

at night and in this room was right over

765

00:35:26,740 --> 00:35:25,160

the kitchen and and she would listen for

766

00:35:28,090 --> 00:35:26,750

us to settle down and come back up they

767

00:35:29,530 --> 00:35:28,100

give us a kiss goodnight again because

768

00:35:33,850 --> 00:35:29,540

she was single she made the rounds twice

769

00:35:36,010 --> 00:35:33,860

and so she came in that night and I was

770

00:35:38,290 --> 00:35:36,020

sleeping with a fork now cuz it was the

771

00:35:40,690 --> 00:35:38,300

only thing I you know I thought I had

772

00:35:42,340 --> 00:35:40,700

protection and so she came already give

773

00:35:44,350 --> 00:35:42,350

me a kiss goodnight I'm lunged right up

774

00:35:48,400 --> 00:35:44,360

and I I caught her right almost in the

775

00:35:52,170 --> 00:35:48,410

eye with the fork and I think at that

776

00:35:58,030 --> 00:35:52,180

point and then the fight in school

777

00:36:01,060 --> 00:35:58,040

really kind of uh was the was the end

778

00:36:04,780 --> 00:36:01,070

all for Sheffield you know we you know

779

00:36:07,000 --> 00:36:04,790

she would go back into work and all

780

00:36:09,010 --> 00:36:07,010

these calls had come into W SBS radio

781

00:36:10,420 --> 00:36:09,020

people were talking about it now in the

782

00:36:12,610 --> 00:36:10,430

store because all these people saw it

783

00:36:15,640 --> 00:36:12,620

and that's the that's the incident that

784

00:36:20,170 --> 00:36:15,650

got the Hynek classification so at that

785

00:36:22,120 --> 00:36:20,180

point it was validation but the damage

786

00:36:24,190 --> 00:36:22,130

was already done and a lot of her

787

00:36:25,990 --> 00:36:24,200

friends that were supposedly her friends

788

00:36:28,990 --> 00:36:26,000

there she thought she could count on

789

00:36:32,170 --> 00:36:29,000

we're really the ones laughing but now

790

00:36:34,030 --> 00:36:32,180

that so many of us people saw it oh we

791

00:36:35,560 --> 00:36:34,040

were just joshing with Nancy we always

792

00:36:37,660 --> 00:36:35,570

believed yeah well no she needed you

793

00:36:45,360 --> 00:36:37,670

then and you made fun of her you know

794

00:36:51,700 --> 00:36:45,370

and and so we sold and moved and and

795

00:36:55,630 --> 00:36:51,710

about God 20 years later my father runs

796

00:36:58,240 --> 00:36:55,640

into attorney Robert Bloch Minh who at

797

00:37:00,370 --> 00:36:58,250

the time used to work or prior to that

798

00:37:04,480 --> 00:37:00,380

was working with the Center for UFO

799

00:37:06,100 --> 00:37:04,490

studies now my father always said that

800

00:37:08,830 --> 00:37:06,110

he would talk about this and support my

801  
00:37:10,870 --> 00:37:08,840  
mother when the time was right but by

802  
00:37:14,230 --> 00:37:10,880  
then he had already gone to law school

803  
00:37:15,610 --> 00:37:14,240  
been elected you know Rand the

804  
00:37:19,690 --> 00:37:15,620  
Democratic ticket he was backed by

805  
00:37:22,750 --> 00:37:19,700  
Senator Dodd governor O'Neill and had

806  
00:37:26,680 --> 00:37:22,760  
the two terms in local office

807  
00:37:29,680 --> 00:37:26,690  
and had a bench in the city green and a

808  
00:37:34,780 --> 00:37:29,690  
proclamation in his honor and so he was

809  
00:37:39,160 --> 00:37:34,790  
a man who had a voice and so by the late

810  
00:37:40,960 --> 00:37:39,170  
late 80s he he lost his election he lost

811  
00:37:41,980 --> 00:37:40,970  
his that collection for mayor in 87 I

812  
00:37:43,930 --> 00:37:41,990  
believe it was they'll quote me on that

813  
00:37:45,609 --> 00:37:43,940

but I think that's what it was and so he

814

00:37:47,500 --> 00:37:45,619

was kind of done you know as far as

815

00:37:49,090 --> 00:37:47,510

politics goes but he still had some

816

00:37:52,060 --> 00:37:49,100

aspiration he didn't you know let's not

817

00:37:55,990 --> 00:37:52,070

ruin it now I could still go places but

818

00:37:58,599 --> 00:37:56,000

because he Bloch Minh was so taken by

819

00:38:01,510 --> 00:37:58,609

our case and Blackman's office who I

820

00:38:05,620 --> 00:38:01,520

legally retained you know I sent them a

821

00:38:07,840 --> 00:38:05,630

check after meeting him four years after

822

00:38:11,230 --> 00:38:07,850

every Friday a few Friday's a month

823

00:38:13,060 --> 00:38:11,240

after work who was working with Linda

824

00:38:16,510 --> 00:38:13,070

Cortile and Budd Hopkins he had interest

825

00:38:20,320 --> 00:38:16,520

in that the Hudson River Valley cases

826

00:38:23,590 --> 00:38:20,330

you know cash and Lander Minh and he was

827

00:38:24,730 --> 00:38:23,600

a someone who had something in the works

828

00:38:26,980 --> 00:38:24,740

but he don't really tell us what it was

829

00:38:29,140 --> 00:38:26,990

and so I'd sit in there with him for

830

00:38:31,240 --> 00:38:29,150

hours and we finally just opened up and

831

00:38:32,680 --> 00:38:31,250

talked and talked and talked and he

832

00:38:34,180 --> 00:38:32,690

looked into our case and found out that

833

00:38:36,340 --> 00:38:34,190

there were about six or seven people

834

00:38:39,700 --> 00:38:36,350

from the Country Club

835

00:38:42,370 --> 00:38:39,710

juggen that had called in reports people

836

00:38:47,290 --> 00:38:42,380

had called in WSB radio police officers

837

00:38:48,670 --> 00:38:47,300

were notified last name was AG Lata was

838

00:38:52,420 --> 00:38:48,680

the officer that I used to eat in her

839

00:38:54,609 --> 00:38:52,430

restaurant with his son any galata so

840

00:38:56,710 --> 00:38:54,619

any galata and his father who the police

841

00:38:59,290 --> 00:38:56,720

officer used to sit in her often in the

842

00:39:01,030 --> 00:38:59,300

restaurant you know as they're like

843

00:39:04,870 --> 00:39:01,040

local office because they could work in

844

00:39:06,390 --> 00:39:04,880

the back keep an eye on the store E and

845

00:39:08,740 --> 00:39:06,400

it was a bigger spot than their little

846

00:39:10,390 --> 00:39:08,750

fly-by-night office behind her store and

847

00:39:11,770 --> 00:39:10,400

keep an eye in a restaurant for so my

848

00:39:13,990 --> 00:39:11,780

mom was single at the time so it was

849

00:39:15,820 --> 00:39:14,000

just kind of a thing they did and people

850

00:39:17,530 --> 00:39:15,830

would come in and talk and you can some

851  
00:39:21,450 --> 00:39:17,540  
things we get heated up but at the same

852  
00:39:26,680 --> 00:39:21,460  
time things were getting better but but

853  
00:39:29,230 --> 00:39:26,690  
by the 80s though you know it was long

854  
00:39:32,500 --> 00:39:29,240  
gone it was sold a whole bit but blech

855  
00:39:34,260 --> 00:39:32,510  
Minh found that but those people he was

856  
00:39:36,810 --> 00:39:34,270  
able to find them

857  
00:39:38,730 --> 00:39:36,820  
and get the particular so he was really

858  
00:39:40,980 --> 00:39:38,740  
interested in our case because of the

859  
00:39:43,560 --> 00:39:40,990  
fact that my father had a you know a

860  
00:39:46,530 --> 00:39:43,570  
pillar standing in a political

861  
00:39:48,089 --> 00:39:46,540  
background so I walk into his office and

862  
00:39:48,599 --> 00:39:48,099  
he says I talked to your father it's up

863  
00:39:50,160 --> 00:39:48,609

to you

864

00:39:51,750 --> 00:39:50,170

would you mind well if we mentioned this

865

00:39:53,490 --> 00:39:51,760

I got something big coming up that's

866

00:39:54,630 --> 00:39:53,500

exactly what he said to me and I said

867

00:39:56,730 --> 00:39:54,640

I'm okay with as long as you don't

868

00:39:59,070 --> 00:39:56,740

tarnish my father's reputation so in

869

00:40:02,460 --> 00:39:59,080

1992 on October 2nd he mentioned our

870

00:40:05,910 --> 00:40:02,470

case at the United Nations in support of

871

00:40:09,870 --> 00:40:05,920

33 for 26 in support of Lander Minh

872

00:40:13,079 --> 00:40:09,880

really primarily interested in the

873

00:40:15,690 --> 00:40:13,089

environment the electromagnetic energy

874

00:40:20,160 --> 00:40:15,700

that we found or believed it was at the

875

00:40:22,380 --> 00:40:20,170

time and the crickets the cadence and he

876

00:40:24,210 --> 00:40:22,390

really took an interest in that and the

877

00:40:27,060 --> 00:40:24,220

fact that there were so many people that

878

00:40:29,040 --> 00:40:27,070

were still talking about it back in

879

00:40:33,870 --> 00:40:29,050

great barrington and Sheffield because

880

00:40:35,370 --> 00:40:33,880

the village green never changed names so

881

00:40:36,780 --> 00:40:35,380

he could go back there and it'd still be

882

00:40:39,570 --> 00:40:36,790

people talking about on the right day

883

00:40:43,829 --> 00:40:39,580

you know and so he did he mentioned our

884

00:40:45,660 --> 00:40:43,839

case October 2nd 1992 after he came back

885

00:40:48,660 --> 00:40:45,670

my father ended up getting a bunch of

886

00:40:52,320 --> 00:40:48,670

papers that were stamped September I'm

887

00:40:56,630 --> 00:40:52,330

sorry October 7th and October 5th almost

888

00:40:58,470 --> 00:40:56,640

a week after that those discussions

889

00:41:01,170 --> 00:40:58,480

somewhere in the library somewhere

890

00:41:05,070 --> 00:41:01,180

private rooms and there was a lot there

891

00:41:07,740 --> 00:41:05,080

stuff for Henry Truman grease ministry

892

00:41:11,280 --> 00:41:07,750

defense you know the whole bit f4

893

00:41:12,750 --> 00:41:11,290

fighter jets unable to fire on UFOs were

894

00:41:14,099 --> 00:41:12,760

as much of a threat to them as they its

895

00:41:15,720 --> 00:41:14,109

our us you know that was from the

896

00:41:20,520 --> 00:41:15,730

Pentagon I believe there was a lot of

897

00:41:22,650 --> 00:41:20,530

stuff in black and white and so we kind

898

00:41:26,220 --> 00:41:22,660

of thought that was the end of it and my

899

00:41:30,210 --> 00:41:26,230

father had some papers to support what

900

00:41:32,310 --> 00:41:30,220

he thought and it was over but then my

901  
00:41:38,130 --> 00:41:32,320  
father goes to write about this 14 years

902  
00:41:41,670 --> 00:41:38,140  
later and basically drops dead so he

903  
00:41:43,770 --> 00:41:41,680  
goes into his office after discussing

904  
00:41:47,010 --> 00:41:43,780  
and calling blechtman and other people

905  
00:41:48,020 --> 00:41:47,020  
and and those that he knew that had a

906  
00:41:53,420 --> 00:41:48,030  
lot more insight

907  
00:41:56,660 --> 00:41:53,430  
than he did and they were collaborating

908  
00:41:59,870 --> 00:41:56,670  
and and his head hit the desk I

909  
00:42:02,360 --> 00:41:59,880  
understand and they rushed him to Yale

910  
00:42:05,690 --> 00:42:02,370  
New Haven and because he was a political

911  
00:42:07,610 --> 00:42:05,700  
person he was given the best doctor as a

912  
00:42:11,320 --> 00:42:07,620  
missing anybody excellent bang you know

913  
00:42:14,960 --> 00:42:11,330

any Bionic shots of the legs and

914

00:42:17,180 --> 00:42:14,970

suddenly his temperature spikes what it

915

00:42:18,410 --> 00:42:17,190

should have gone down and so they

916

00:42:21,590 --> 00:42:18,420

thought okay maybe we gave him the wrong

917

00:42:23,810 --> 00:42:21,600

antibiotic so let's give him this and

918

00:42:25,280 --> 00:42:23,820

it's shot up even higher so my father

919

00:42:27,590 --> 00:42:25,290

was burning up at this point

920

00:42:29,120 --> 00:42:27,600

and he was having problems following say

921

00:42:31,730 --> 00:42:29,130

it tubes down his throat the whole bit

922

00:42:35,990 --> 00:42:31,740

and then Jim just went into cardiac

923

00:42:40,730 --> 00:42:36,000

shock and died the reason he really died

924

00:42:44,390 --> 00:42:40,740

was because he was somehow he had a

925

00:42:46,040 --> 00:42:44,400

fungus in his blood so when he gives

926  
00:42:47,510 --> 00:42:46,050  
someone a lot of antibiotics it kills

927  
00:42:50,330 --> 00:42:47,520  
the good bacteria which is the only

928  
00:42:51,820 --> 00:42:50,340  
bacteria left that can fight a fungus so

929  
00:42:56,090 --> 00:42:51,830  
the fungus was so much stronger than a

930  
00:42:58,490 --> 00:42:56,100  
than what he needed that by the the

931  
00:43:01,880 --> 00:42:58,500  
bacteria to fight it it killed the good

932  
00:43:05,510 --> 00:43:01,890  
with the bad and he died on the exact

933  
00:43:07,070 --> 00:43:05,520  
same day so if you were to kill somebody

934  
00:43:09,350 --> 00:43:07,080  
or have somebody killed you wanted to

935  
00:43:10,400 --> 00:43:09,360  
dine that day you give him you mask it

936  
00:43:12,890 --> 00:43:10,410  
is something that looks like an

937  
00:43:14,870 --> 00:43:12,900  
infection a high infection you burning

938  
00:43:19,730 --> 00:43:14,880

up you go to the doctor they give you

939

00:43:22,910 --> 00:43:19,740

antibiotics and it kills you now the

940

00:43:25,220 --> 00:43:22,920

mayor of Bridgeport had gotten reports

941

00:43:26,360 --> 00:43:25,230

that someone was in his office they went

942

00:43:28,550 --> 00:43:26,370

they looked and sure enough there were

943

00:43:31,400 --> 00:43:28,560

white clean white ceiling tiles now in

944

00:43:34,400 --> 00:43:31,410

his office which made the mayor of

945

00:43:36,310 --> 00:43:34,410

Bridgeport concerned so he called in the

946

00:43:40,040 --> 00:43:36,320

CDC and that was in the New York Times

947

00:43:41,570 --> 00:43:40,050

the CDC came in and ripped out the

948

00:43:43,400 --> 00:43:41,580

air-conditioning unit and sure enough

949

00:43:46,010 --> 00:43:43,410

they found some glass in there so they

950

00:43:47,840 --> 00:43:46,020

assumed or pretty much figured at that

951  
00:43:49,160 --> 00:43:47,850  
point that something had been broken in

952  
00:43:52,310 --> 00:43:49,170  
there that was that shouldn't depend in

953  
00:43:54,500 --> 00:43:52,320  
there and so now they get tested it gets

954  
00:43:56,450 --> 00:43:54,510  
tested there's a virus in there and that

955  
00:44:01,010 --> 00:43:56,460  
buildings has been shut down to this day

956  
00:44:04,100 --> 00:44:01,020  
that building has never reopened it's

957  
00:44:06,590 --> 00:44:04,110  
closed its condemned not directly by the

958  
00:44:09,290 --> 00:44:06,600  
CDC but the subcontracting company that

959  
00:44:10,930 --> 00:44:09,300  
worked for the CDC to evaluate if it was

960  
00:44:13,640 --> 00:44:10,940  
safe to be in that building anymore

961  
00:44:17,120 --> 00:44:13,650  
blechh minh past not much longer after

962  
00:44:19,370 --> 00:44:17,130  
my father and then a doctor who

963  
00:44:23,750 --> 00:44:19,380

evaluated pretty much our whole family

964

00:44:25,310 --> 00:44:23,760

and was overseen the hypnosis Center

965

00:44:27,430 --> 00:44:25,320

that was testing my son because he was

966

00:44:29,900 --> 00:44:27,440

showing some very high signs of

967

00:44:31,760 --> 00:44:29,910

abilities heightened abilities he was

968

00:44:35,710 --> 00:44:31,770

testing higher than coincidental chance

969

00:44:38,240 --> 00:44:35,720

and he gave a report out on the

970

00:44:40,370 --> 00:44:38,250

September 15th and he was going to speak

971

00:44:43,280 --> 00:44:40,380

at a MUFON conference and in

972

00:44:45,650 --> 00:44:43,290

Murphysboro never made it because he was

973

00:44:50,570 --> 00:44:45,660

triangled November 12th in the front

974

00:44:51,230 --> 00:44:50,580

door of his own home so that is a good

975

00:44:54,080 --> 00:44:51,240

part of it

976  
00:44:56,600 --> 00:44:54,090  
we had an FBI agent in my house we've

977  
00:44:58,340 --> 00:44:56,610  
had key point government solutions set

978  
00:45:01,370 --> 00:44:58,350  
me down on my front steps I got his card

979  
00:45:03,890 --> 00:45:01,380  
in my wallet I I had to I swear not to

980  
00:45:10,010 --> 00:45:03,900  
talk about it by the Privacy Act in 1974

981  
00:45:12,800 --> 00:45:10,020  
so I will do that off record but my

982  
00:45:16,670 --> 00:45:12,810  
white lawyer who was bringing our doc

983  
00:45:19,160 --> 00:45:16,680  
doctors reports polygraph tests papers

984  
00:45:20,900 --> 00:45:19,170  
from the United Nations that were

985  
00:45:23,720 --> 00:45:20,910  
bringing it she was bringing it to the

986  
00:45:25,520 --> 00:45:23,730  
City Hall to have a Memorandum of law

987  
00:45:27,109 --> 00:45:25,530  
written on him to say that they were

988  
00:45:29,390 --> 00:45:27,119

authentic documents and all of them are

989

00:45:35,810 --> 00:45:29,400

was run off the road onto oncoming

990

00:45:36,370 --> 00:45:35,820

traffic she runs back down to the DA's

991

00:45:38,810 --> 00:45:36,380

office

992

00:45:41,750 --> 00:45:38,820

her husband was actually in the attorney

993

00:45:43,370 --> 00:45:41,760

she was a paralegal and made some calls

994

00:45:45,920 --> 00:45:43,380

go see someone so I was waiting for you

995

00:45:47,599 --> 00:45:45,930

and we gave him a plate number and hold

996

00:45:49,190 --> 00:45:47,609

things so he gets brought into court

997

00:45:52,780 --> 00:45:49,200

about a week or two later well he's a

998

00:45:57,530 --> 00:45:52,790

hired private investigator that was paid

999

00:46:01,430 --> 00:45:57,540

to harass her harassed me and he

1000

00:46:05,750 --> 00:46:01,440

wouldn't give up his resources but he

1001

00:46:10,970 --> 00:46:05,760

ran her and oncoming traffic so after

1002

00:46:13,909 --> 00:46:10,980

they she left the the DA's office

1003

00:46:16,229 --> 00:46:13,919

Debbie Kessler

1004

00:46:17,669 --> 00:46:16,239

was telling me because I actually wrote

1005

00:46:20,639 --> 00:46:17,679

up with her you know what they were

1006

00:46:23,129 --> 00:46:20,649

asking her and why they think that this

1007

00:46:25,199 --> 00:46:23,139

would be why would she be run off the

1008

00:46:29,669 --> 00:46:25,209

road and so she mentioned that she had

1009

00:46:36,109 --> 00:46:29,679

some sensitive documents and that led

1010

00:46:40,529 --> 00:46:36,119

this was that she had some very powerful

1011

00:46:45,989 --> 00:46:40,539

damaging material that she wanted to get

1012

00:46:47,939 --> 00:46:45,999

a Memorandum of law and for my late

1013

00:46:50,429 --> 00:46:47,949

father and her husband who were again

1014

00:46:52,709 --> 00:46:50,439

lawyers and blood Smith was a lawyer and

1015

00:46:54,659 --> 00:46:52,719

so there were comments made well why

1016

00:46:58,279 --> 00:46:54,669

don't you just call NASA you know that

1017

00:47:06,889 --> 00:47:01,319

silliness now didn't really need to be

1018

00:47:10,889 --> 00:47:06,899

there but at the same time I think that

1019

00:47:12,329 --> 00:47:10,899

her husband calling it off I think was

1020

00:47:15,449 --> 00:47:12,339

for a number of reasons I think that

1021

00:47:17,459 --> 00:47:15,459

maybe he thought that his firm not only

1022

00:47:19,709 --> 00:47:17,469

shouldn't get involved in it anymore but

1023

00:47:21,779 --> 00:47:19,719

you know for more than one reason you

1024

00:47:24,389 --> 00:47:21,789

know maybe he thought it was a affecting

1025

00:47:25,769 --> 00:47:24,399

the reputation of his firm wife's

1026

00:47:28,799 --> 00:47:25,779

getting run off the road at oncoming

1027

00:47:30,419 --> 00:47:28,809

traffic so he pulled out some all these

1028

00:47:34,799 --> 00:47:30,429

documents are still waiting for my mind

1029

00:47:36,719 --> 00:47:34,809

on the law now what else came out of

1030

00:47:38,639 --> 00:47:36,729

that though was that she had shared with

1031

00:47:43,139 --> 00:47:38,649

them that there were magnetic readings

1032

00:47:45,389 --> 00:47:43,149

that were on tape filmed on camera a

1033

00:47:46,529 --> 00:47:45,399

compass spinning with a up to two feet

1034

00:47:49,409 --> 00:47:46,539

away from the car

1035

00:47:53,459 --> 00:47:49,419

there were radiation and radioactive hot

1036

00:47:55,769 --> 00:47:53,469

spots that was on an email and testimony

1037

00:48:00,870 --> 00:47:55,779

from a police officer a thirty-year

1038

00:48:04,649 --> 00:48:00,880

detective who worked our case and you've

1039

00:48:06,269 --> 00:48:04,659

got witnesses and the fact that I had to

1040

00:48:09,120 --> 00:48:06,279

take a polygraph test and actually

1041

00:48:11,059 --> 00:48:09,130

passed it with a 99.1% no deception

1042

00:48:14,309 --> 00:48:11,069

indicated

1043

00:48:19,349 --> 00:48:14,319

there the radio station had letters and

1044

00:48:21,629 --> 00:48:19,359

and old you know archives from the

1045

00:48:24,690 --> 00:48:21,639

people calling it there's an old archive

1046

00:48:27,750 --> 00:48:24,700

with me on it you know

1047

00:48:28,980 --> 00:48:27,760

so it and you got the the classification

1048

00:48:33,060 --> 00:48:28,990

that would that it was given in

1049

00:48:36,420 --> 00:48:33,070

September of 1969 which clearly shows a

1050

00:48:40,410 --> 00:48:36,430

J Hynek classification and then it went

1051  
00:48:43,109 --> 00:48:40,420  
to the United Nations then my father was

1052  
00:48:45,900 --> 00:48:43,119  
killed on the same day that was all in

1053  
00:48:48,780 --> 00:48:45,910  
there as to why they wanted a memorandum

1054  
00:48:51,120 --> 00:48:48,790  
of law on his documents and then even

1055  
00:48:53,040 --> 00:48:51,130  
with that because of a topic you could

1056  
00:48:55,500 --> 00:48:53,050  
prosecute somebody in court with all

1057  
00:48:57,210 --> 00:48:55,510  
that information but it's hard to get

1058  
00:49:00,829 --> 00:48:57,220  
someone to take it seriously because of

1059  
00:49:04,589 --> 00:49:00,839  
that topic so again Kessler pulled off
