1
00:00:00,000 --> 00:00:15,440

by

2
00:00:23,330 --> 00:00:19,430

my name is ki bony lap serratus I'm a

3
00:00:28,280 --> 00:00:23,340

social scientist but I also am a health

4
00:00:31,250 --> 00:00:28,290

consultant and a Sasquatch researcher

5
00:00:35,630 --> 00:00:31,260

for the last fifty eight years well I

6
00:00:38,600 --> 00:00:35,640

first started out which was 58 years ago

7
00:00:43,189 --> 00:00:38,610

a reading an article on the Sasquatch

8
00:00:47,810 --> 00:00:43,199

people up in Canada and there wasn't any

9
00:00:50,479 --> 00:00:47,820

books out at the time so I started to

10
00:00:52,400 --> 00:00:50,489

write two different places in Canada and

11
00:00:55,310 --> 00:00:52,410

some of the universities in order to be

12
00:00:59,180 --> 00:00:55,320

get information that they possibly had

13
00:01:02,840 --> 00:00:59,190

and as time went on more books came out

14

00:01:05,570 --> 00:01:02,850

and magazine articles and that really

15

00:01:09,170 --> 00:01:05,580

interested me in because I was raised

16

00:01:11,870 --> 00:01:09,180

with wilderness skills I spent a lot of

17

00:01:14,450 --> 00:01:11,880

time in the forest so it was easy for me

18

00:01:17,719 --> 00:01:14,460

to backpack and to go into the

19

00:01:20,719 --> 00:01:17,729

wilderness in order to seek out and

20

00:01:23,420 --> 00:01:20,729

interact with the Sasquatch people at

21

00:01:26,390 --> 00:01:23,430

the time I didn't realize that they were

22

00:01:29,060 --> 00:01:26,400

a people though I thought of them as a

23

00:01:33,230 --> 00:01:29,070

people it's certainly not an animal but

24

00:01:37,820 --> 00:01:33,240

I was really uncertain and then hmm it

25

00:01:41,649 --> 00:01:37,830

was in September of 1979 that in

26

00:01:45,219 --> 00:01:41,659

Wisconsin out on a farm where a

27

00:01:50,570 --> 00:01:45,229

sasquatch started to talk with me

28

00:01:53,600 --> 00:01:50,580

telepathically and then moments later in

29

00:01:56,649 --> 00:01:53,610

et from a spaceship said that he was in

30

00:02:00,109 --> 00:01:56,659

a UFO as you people call it he said I

31

00:02:02,740 --> 00:02:00,119

wasn't afraid but it was the shock of my

32

00:02:06,020 --> 00:02:02,750

life in experiencing mental telepathy

33

00:02:08,719 --> 00:02:06,030

every time I thought they would answer

34

00:02:10,969 --> 00:02:08,729

my questions and I I didn't understand

35

00:02:14,330 --> 00:02:10,979

and but soon I got the drift of what we

36

00:02:16,910 --> 00:02:14,340

were doing here they were doing and but

37

00:02:20,750 --> 00:02:16,920

at the time I was an assistant director

38

00:02:24,620 --> 00:02:20,760

of an urban Native American agency for

39

00:02:27,140 --> 00:02:24,630

First Nations people I was working part

40

00:02:27,589 --> 00:02:27,150

time as a hypnotherapist and had been

41

00:02:30,050 --> 00:02:27,599

like

42

00:02:32,360 --> 00:02:30,060

at the Medical College Wisconsin so it's

43

00:02:37,089 --> 00:02:32,370

very ill prepared for all of this

44

00:02:40,640 --> 00:02:37,099

psychic stuff my background of course in

45

00:02:43,699 --> 00:02:40,650

anthropology and psychology I had taught

46

00:02:47,630 --> 00:02:43,709

it's like a actually anthropology before

47

00:02:55,670 --> 00:02:47,640

at a small New England college but it

48

00:02:59,440 --> 00:02:55,680

was a situation where I wasn't focused

49

00:03:02,000 --> 00:02:59,450

or cared about anything psychic and

50

00:03:03,589 --> 00:03:02,010

people feel uncomfortable with the word

51
00:03:05,990 --> 00:03:03,599
psychic then they should use the word

52
00:03:08,179 --> 00:03:06,000
quantum physics because they've already

53
00:03:11,119 --> 00:03:08,189
proven that psychic phenomena is real

54
00:03:14,920 --> 00:03:11,129
and there's a tremendous amount of new

55
00:03:18,830 --> 00:03:14,930
information out there but most people

56
00:03:21,589 --> 00:03:18,840
especially if they have PhDs if they

57
00:03:24,470 --> 00:03:21,599
weren't taught by their professor that

58
00:03:26,119 --> 00:03:24,480
psychic phenomena is real then it

59
00:03:28,789 --> 00:03:26,129
doesn't exist for them even now that

60
00:03:33,189 --> 00:03:28,799
they've proven it so they stay away from

61
00:03:36,050 --> 00:03:33,199
that there's a certain stigma but I

62
00:03:41,180 --> 00:03:36,060
objectively follow the evidence to where

63
00:03:44,420 --> 00:03:41,190

it led and that was to a Bigfoot UFO

64

00:03:47,509 --> 00:03:44,430

connection and these forest people have

65

00:03:51,319 --> 00:03:47,519

profound psychic ability beyond anything

66

00:03:54,229 --> 00:03:51,329

that you would want to even fantasize so

67

00:03:58,550 --> 00:03:54,239

I've been very impressed with them their

68

00:04:00,409 --> 00:03:58,560

kindness and their abilities because

69

00:04:05,629 --> 00:04:00,419

there are a hundred times more evolved

70

00:04:06,800 --> 00:04:05,639

than we are they are more far more human

71

00:04:08,899 --> 00:04:06,810

than we are they don't go around

72

00:04:11,210 --> 00:04:08,909

murdering each other they don't start

73

00:04:13,339 --> 00:04:11,220

Wars and they don't destroy the

74

00:04:16,849 --> 00:04:13,349

environment that sustains them like we

75

00:04:21,589 --> 00:04:16,859

do so we'd have a lot to learn from them

76

00:04:25,010 --> 00:04:21,599

but they're unapproachable because

77

00:04:27,710 --> 00:04:25,020

people have guns and are deceptive and

78

00:04:30,620 --> 00:04:27,720

they do not want to deal with those

79

00:04:35,600 --> 00:04:30,630

people so they try to choose people who

80

00:04:37,580 --> 00:04:35,610

are honest and who will help present

81

00:04:40,850 --> 00:04:37,590

information to the outer world that

82

00:04:43,399 --> 00:04:40,860

that's authentic the real them

83

00:04:45,700 --> 00:04:43,409

and so that's what I've done but I

84

00:04:49,279 --> 00:04:45,710

didn't realize a lot of this for a while

85

00:04:53,659 --> 00:04:49,289

that they want me to be the go-between

86

00:04:56,629 --> 00:04:53,669

to speak for them in a sense because

87

00:04:59,330 --> 00:04:56,639

there's no one else in my position as a

88

00:05:02,480 --> 00:04:59,340

social scientist and professional

89

00:05:05,149 --> 00:05:02,490

speaker a professional writer that that

90

00:05:10,809 --> 00:05:05,159

they saw fit there are other people now

91

00:05:13,969 --> 00:05:10,819

writing some books on them and certainly

92

00:05:18,040 --> 00:05:13,979

my wife Kelly Kelly lap serratus is

93

00:05:22,640 --> 00:05:18,050

writing her book they've asked her to

94

00:05:27,170 --> 00:05:22,650

indie Robson has his new book out he is

95

00:05:32,589 --> 00:05:27,180

a contact D as well and he experienced

96

00:05:35,869 --> 00:05:32,599

both the Sasquatch any tease together

97

00:05:38,240 --> 00:05:35,879

Todd Michael is the other person he has

98

00:05:41,149 --> 00:05:38,250

his books out and so on and I'm just not

99

00:05:44,570 --> 00:05:41,159

an isolated situation but I have

100

00:05:47,050 --> 00:05:44,580

documented 309 people that have had

101

00:05:50,629 --> 00:05:47,060

these experiences with the telepathy

102

00:05:54,890 --> 00:05:50,639

dematerialization and and that kind of

103

00:05:58,369 --> 00:05:54,900

thing and 17% of them have had ETS or

104

00:06:02,809 --> 00:05:58,379

UFO experiences in conjunction with it

105

00:06:08,240 --> 00:06:02,819

so there is the psychic sasquatch with a

106

00:06:12,890 --> 00:06:08,250

a UFO connection is absolutely solid and

107

00:06:15,110 --> 00:06:12,900

is the truth behind the phenomenon well

108

00:06:17,689 --> 00:06:15,120

the first things that started with the

109

00:06:20,269 --> 00:06:17,699

telepathy is that they simply were

110

00:06:24,170 --> 00:06:20,279

introducing themselves and introducing

111

00:06:28,240 --> 00:06:24,180

telepathy then they started to come to

112

00:06:31,309 --> 00:06:28,250

me at night two days later and appear

113

00:06:35,149 --> 00:06:31,319

but I could see through them they were

114

00:06:38,209 --> 00:06:35,159

literally living apparitions I could see

115

00:06:41,510 --> 00:06:38,219

the wrinkles in their face their pupils

116

00:06:44,809 --> 00:06:41,520

moving back and forth

117

00:06:47,240 --> 00:06:44,819

one big Sasquatch floated down through

118

00:06:49,999 --> 00:06:47,250

the floor so he would be even with my

119

00:06:54,710 --> 00:06:50,009

face so we could look into each other's

120

00:06:57,290 --> 00:06:54,720

eyes and you could talk to me

121

00:07:02,990 --> 00:06:57,300

telepathically in that state because

122

00:07:05,540 --> 00:07:03,000

that's a person sold self that travels

123

00:07:11,710 --> 00:07:05,550

like that astral travels and they have

124

00:07:14,300 --> 00:07:11,720

great mastery over this but we

125

00:07:16,400 --> 00:07:14,310

apparently from things they said we've

126

00:07:21,320 --> 00:07:16,410

merely borrowed these bodies to learn

127

00:07:24,800 --> 00:07:21,330

lessons here and to try to fulfill our

128

00:07:27,620 --> 00:07:24,810

purpose most people think it's to

129

00:07:29,719 --> 00:07:27,630

accumulate materialism and their focus

130

00:07:33,399 --> 00:07:29,729

is generally on other things and not on

131

00:07:36,050 --> 00:07:33,409

who they really are on a soul level and

132

00:07:39,020 --> 00:07:36,060

they think too much with their heads and

133

00:07:41,480 --> 00:07:39,030

not enough with their heart the in the

134

00:07:45,339 --> 00:07:41,490

very beginning our conversations were

135

00:07:47,870 --> 00:07:45,349

simply very simple very basic because

136

00:07:50,390 --> 00:07:47,880

they were again just introducing

137

00:07:54,170 --> 00:07:50,400

themselves and I mean to see them in

138

00:07:57,260 --> 00:07:54,180

this other state was quite fantastic I

139

00:07:59,719 --> 00:07:57,270

didn't understand any of that but I

140

00:08:02,959 --> 00:07:59,729

wasn't afraid and I knew that they were

141

00:08:05,570 --> 00:08:02,969

asked for travelling but they did open

142

00:08:09,409 --> 00:08:05,580

me up my Kundalini I don't know quite

143

00:08:12,260 --> 00:08:09,419

how or why but it did and I became

144

00:08:17,899 --> 00:08:12,270

psychic overnight I started to hear

145

00:08:20,540 --> 00:08:17,909

people think and when I mentioned these

146

00:08:22,700 --> 00:08:20,550

things to people they were absolutely

147

00:08:25,459 --> 00:08:22,710

shocked I thought one woman was going to

148

00:08:29,149 --> 00:08:25,469

faint because I spoke to her

149

00:08:31,760 --> 00:08:29,159

verbatim of what she was thinking in her

150

00:08:37,699 --> 00:08:31,770

mind and part of it was thinking about

151

00:08:43,810 --> 00:08:37,709

me so this is back I think this was in

152

00:08:46,880 --> 00:08:43,820

1980 so as time went on the times that I

153

00:08:55,310 --> 00:08:46,890

would get sick forgot ill they would

154

00:08:57,290 --> 00:08:55,320

want to come and help they are people

155

00:09:03,020 --> 00:08:57,300

that don't waste words they're very

156

00:09:05,960 --> 00:09:03,030

direct and they started helping me and

157

00:09:08,750 --> 00:09:05,970

making suggestions even in terms of

158

00:09:13,550 --> 00:09:08,760

using certain herbs I am a master

159

00:09:18,730 --> 00:09:13,560

herbalist and use certain herbs too for

160

00:09:23,560 --> 00:09:18,740

myself or to help others for example in

161

00:09:27,530 --> 00:09:23,570

2012 I was diagnosed with a brain tumor

162

00:09:30,740 --> 00:09:27,540

so the Sasquatch told me which herbs to

163

00:09:33,170 --> 00:09:30,750

take and one of them was an Amazonian

164

00:09:35,870 --> 00:09:33,180

herb I had read about it I've known

165

00:09:38,030 --> 00:09:35,880

about it but how did they know about it

166

00:09:39,860 --> 00:09:38,040

I don't know he's from North America

167

00:09:43,640 --> 00:09:39,870

here why would he know about South

168

00:09:46,520 --> 00:09:43,650

American herbs from the Amazon but they

169

00:09:54,230 --> 00:09:46,530

do this gives you an idea of their how

170

00:09:56,870 --> 00:09:54,240

broad their therein elective so it was

171

00:09:59,810 --> 00:09:56,880

wet slow in terms of dissolving the

172

00:10:03,410 --> 00:09:59,820

tumor so they told their friends the

173

00:10:06,490 --> 00:10:03,420

star people the et's and they came took

174

00:10:10,810 --> 00:10:06,500

these six times and dissolve the tumor

175

00:10:16,220 --> 00:10:10,820

so these are some of the things they do

176

00:10:18,920 --> 00:10:16,230

why other researchers probably 98 or 99

177

00:10:21,680 --> 00:10:18,930

percent of them are still looking for a

178

00:10:24,800 --> 00:10:21,690

monster an animal that doesn't exist

179

00:10:29,480 --> 00:10:24,810

these are very sensitive loving and

180

00:10:31,280 --> 00:10:29,490

compassionate people and they claim that

181

00:10:33,740 --> 00:10:31,290

this is their planet that they were

182

00:10:36,770 --> 00:10:33,750

brought here millions of years ago by

183

00:10:40,160 --> 00:10:36,780

their friends the star people and we

184

00:10:42,050 --> 00:10:40,170

have destroyed the planet we're we're

185

00:10:46,190 --> 00:10:42,060

still destroying it but the planets

186

00:10:49,520 --> 00:10:46,200

dying and 80% of the fish in the ocean

187

00:10:51,740 --> 00:10:49,530

are gone the marine mammals are dying by

188

00:10:55,430 --> 00:10:51,750

the thousands all along the coast from

189

00:10:57,410 --> 00:10:55,440

Baja all the way up to Alaska what's

190

00:11:00,380 --> 00:10:57,420

happening on other islands and other

191

00:11:04,220 --> 00:11:00,390

countries in the Pacific Ocean I don't

192

00:11:06,380 --> 00:11:04,230

know but the radiation from Fukushima

193

00:11:07,460 --> 00:11:06,390

will go all over the world will

194

00:11:11,120 --> 00:11:07,470

circulate

195

00:11:13,280 --> 00:11:11,130

and we're in big big trouble they've

196

00:11:17,810 --> 00:11:13,290

said that were worth three has already

197

00:11:20,510 --> 00:11:17,820

started and we they just haven't dropped

198

00:11:25,190 --> 00:11:20,520

the bombs yet and we're going to have to

199

00:11:28,490 --> 00:11:25,200

experience that so they are very

200

00:11:31,610 --> 00:11:28,500

disgusted with us at the same time they

201

00:11:35,710 --> 00:11:31,620

we have respect for people they don't

202

00:11:38,590 --> 00:11:35,720

try to harm us in any way but they are

203

00:11:42,440 --> 00:11:38,600

disgusted I am disgusted the way

204

00:11:45,260 --> 00:11:42,450

different agencies have handled the

205

00:11:48,410 --> 00:11:45,270

environment and and so on and this seems

206

00:11:51,580 --> 00:11:48,420

to be a worldwide thing where money and

207

00:11:54,800 --> 00:11:51,590

materialism come first the precious

208

00:11:57,590 --> 00:11:54,810

environment that sustains us comes last

209

00:12:00,200 --> 00:11:57,600

in even dumping of plastics and stuff

210

00:12:02,510 --> 00:12:00,210

out in the Pacific Ocean off of Southern

211

00:12:04,700 --> 00:12:02,520

California it's a tragedy

212

00:12:06,770 --> 00:12:04,710

animals are dying because they're

213

00:12:10,760 --> 00:12:06,780

consuming some of the plastic they don't

214

00:12:14,620 --> 00:12:10,770

understand and they're choking on it or

215

00:12:17,930 --> 00:12:14,630

dying so I could go on and on but just

216

00:12:20,450 --> 00:12:17,940

they the Sasquatch people are the

217

00:12:23,120 --> 00:12:20,460

ultimate environmentalists they don't

218

00:12:26,360 --> 00:12:23,130

spike trees or doing things like that of

219

00:12:28,310 --> 00:12:26,370

course but they're very attuned to the

220

00:12:31,730 --> 00:12:28,320

earth to such a point that they work

221

00:12:35,870 --> 00:12:31,740

with the electromagnetic fields in the

222

00:12:40,520 --> 00:12:35,880

earth on the ley lines and what and how

223

00:12:42,920 --> 00:12:40,530

they do that I do not know so there's

224

00:12:46,900 --> 00:12:42,930

there a very complex group of people

225

00:12:51,620 --> 00:12:46,910

they are secret society they don't want

226

00:12:53,810 --> 00:12:51,630

us to know as a people and that's why

227

00:12:57,440 --> 00:12:53,820

they've chosen me and a few other people

228

00:13:01,900 --> 00:12:57,450

that they turn light bearers or like

229

00:13:05,990 --> 00:13:01,910

workers that they feel they can trust

230

00:13:08,360 --> 00:13:06,000

when they the Pioneers first came here

231

00:13:10,190 --> 00:13:08,370

and when they saw a sasquatch they would

232

00:13:11,450 --> 00:13:10,200

just they're out hunting as a rule and

233

00:13:13,640 --> 00:13:11,460

they would just pull up the gun and

234

00:13:15,350 --> 00:13:13,650

shoot and wound them because the

235

00:13:20,550 --> 00:13:15,360

Sasquatch would come out look at them

236

00:13:24,030 --> 00:13:20,560

and so word had spread very quickly

237

00:13:26,430 --> 00:13:24,040

stay away from these crazy people that

238

00:13:31,110 --> 00:13:26,440

are trying to shoot up everything and

239

00:13:32,580 --> 00:13:31,120

they watch us clear-cut and they do not

240

00:13:34,019 --> 00:13:32,590

like the way we deal with the

241

00:13:37,790 --> 00:13:34,029

environment at all where there were

242

00:13:42,690 --> 00:13:37,800

stewards that of this planet ever and

243

00:13:44,790 --> 00:13:42,700

it's shameful and people do not know

244

00:13:48,210 --> 00:13:44,800

what they're doing in terms of the food

245

00:13:51,260 --> 00:13:48,220

chain and everything else and water

246

00:13:55,530 --> 00:13:51,270

shortages now and misuse of water and

247

00:13:58,260 --> 00:13:55,540

because they've pumped so much oil out

248

00:14:02,160 --> 00:13:58,270

of the earth that leaves these giant

249

00:14:04,800 --> 00:14:02,170

caverns and and the use of water we

250

00:14:07,079 --> 00:14:04,810

misuse the water and so there's the

251
00:14:09,150 --> 00:14:07,089
water table is dropped and many of the

252
00:14:13,620 --> 00:14:09,160
caverns that in lakes that are

253
00:14:17,040 --> 00:14:13,630
subterranean are drying up in and

254
00:14:20,370 --> 00:14:17,050
everything so what are we going to do we

255
00:14:22,800 --> 00:14:20,380
need water and we need food and we're

256
00:14:25,710 --> 00:14:22,810
destroying everything around us so we

257
00:14:26,550 --> 00:14:25,720
become the endangered species now and

258
00:14:35,270 --> 00:14:26,560
this is it

259
00:14:39,000 --> 00:14:35,280
to from here on in experience the

260
00:14:43,079 --> 00:14:39,010
aftermath of these negative decisions

261
00:14:47,450 --> 00:14:43,089
that were made by government people the

262
00:14:50,010 --> 00:14:47,460
ETS said that they have tried to change

263
00:14:53,160 --> 00:14:50,020

the direction we're moving in because

264

00:14:56,040 --> 00:14:53,170

they could see everything happening in

265

00:14:58,500 --> 00:14:56,050

terms of capitalism capitalism has

266

00:15:01,829 --> 00:14:58,510

become a political cancer because it's

267

00:15:04,949 --> 00:15:01,839

spread all over the world now in the

268

00:15:08,880 --> 00:15:04,959

some of these people let's just say like

269

00:15:10,820 --> 00:15:08,890

Nigeria that have a they're extremely

270

00:15:14,280 --> 00:15:10,830

wealthy because of the oil fields

271

00:15:19,140 --> 00:15:14,290

nothing has changed really in terms of

272

00:15:22,949 --> 00:15:19,150

the indigent people in that country so a

273

00:15:26,460 --> 00:15:22,959

lot of the people who went to Oxford or

274

00:15:28,949 --> 00:15:26,470

Yale or Harvard were sent there by their

275

00:15:31,230 --> 00:15:28,959

parents are now running these countries

276

00:15:32,820 --> 00:15:31,240

and they're keeping the wealth to

277

00:15:37,290 --> 00:15:32,830

themselves and

278

00:15:40,310 --> 00:15:37,300

mostly and so they're not helping anyone

279

00:15:43,740 --> 00:15:40,320

they they're still plugged into

280

00:15:45,750 --> 00:15:43,750

materialism and greed and those kinds of

281

00:15:49,020 --> 00:15:45,760

things that I'm not picking on Nigeria

282

00:15:51,510 --> 00:15:49,030

I'm using that as a general example

283

00:15:54,540 --> 00:15:51,520

because it seems to be very prevalent in

284

00:15:58,290 --> 00:15:54,550

most countries that the governments have

285

00:16:01,830 --> 00:15:58,300

become very corrupt and the different

286

00:16:05,310 --> 00:16:01,840

agencies and bureaucracies are and many

287

00:16:07,950 --> 00:16:05,320

of the corporations that are making big

288

00:16:09,870 --> 00:16:07,960

money and have money they can buy off

289

00:16:16,140 --> 00:16:09,880

people very easily to think in their

290

00:16:20,130 --> 00:16:16,150

direction and what they want and that's

291

00:16:22,920 --> 00:16:20,140

not the way where our values should come

292

00:16:26,100 --> 00:16:22,930

from should the first thing we need to

293

00:16:30,990 --> 00:16:26,110

do is have more compassion the dalai

294

00:16:37,170 --> 00:16:31,000

lama of tibet I honor him and respect

295

00:16:40,470 --> 00:16:37,180

him because he's pushing or I should say

296

00:16:43,700 --> 00:16:40,480

pushing but he mentions in his talks

297

00:16:46,350 --> 00:16:43,710

about the importance of compassion and

298

00:16:48,120 --> 00:16:46,360

unconditional love and these are things

299

00:16:51,660 --> 00:16:48,130

that the Sasquatch people and the

300

00:16:55,110 --> 00:16:51,670

friendly ETS are talking about and they

301

00:16:58,320 --> 00:16:55,120

want change but none of the government's

302

00:17:01,740 --> 00:16:58,330

have changed because it's like saying

303

00:17:03,810 --> 00:17:01,750

you know it's like trying to stop an

304

00:17:07,230 --> 00:17:03,820

avalanche so you know it should stop

305

00:17:10,230 --> 00:17:07,240

right here no no once it goes it won't

306

00:17:14,160 --> 00:17:10,240

stop it'll continue on and so it seems

307

00:17:16,470 --> 00:17:14,170

like the capitalism is working that way

308

00:17:18,660 --> 00:17:16,480

and it's based on natural resources so

309

00:17:21,210 --> 00:17:18,670

they're using up all the natural

310

00:17:22,830 --> 00:17:21,220

resources and I used to live on the

311

00:17:26,130 --> 00:17:22,840

Amazon because I did an ethnographic

312

00:17:30,680 --> 00:17:26,140

study in conjunction with the Colombian

313

00:17:38,940 --> 00:17:34,620

living in Upper Amazonia amongst the

314

00:17:42,030 --> 00:17:38,950

Kuna Indians all that Amazon now is

315

00:17:45,000 --> 00:17:42,040

changing with the clear-cutting for soy

316

00:17:48,360 --> 00:17:45,010

and many other crops

317

00:17:50,070 --> 00:17:48,370

and you can never bring it back never

318

00:17:54,120 --> 00:17:50,080

it's a type of environment that you

319

00:17:55,740 --> 00:17:54,130

cannot bring that back so it's two

320

00:17:58,080 --> 00:17:55,750

million two hundred and thirty thousand

321

00:18:02,880 --> 00:17:58,090

square miles of Amazonian rainforest is

322

00:18:05,760 --> 00:18:02,890

being devastated generally a little more

323

00:18:08,940 --> 00:18:05,770

than the size of West Virginia is is cut

324

00:18:11,060 --> 00:18:08,950

every year and if you ever been into a

325

00:18:14,670 --> 00:18:11,070

rainforest especially the Amazon it's

326

00:18:17,210 --> 00:18:14,680

absolutely incredible and the

327

00:18:19,490 --> 00:18:17,220

diversities that's there in the

328

00:18:24,210 --> 00:18:19,500

sensitivity of nature of all the

329

00:18:25,770 --> 00:18:24,220

interconnectiveness people's children

330

00:18:28,830 --> 00:18:25,780

would probably never get to experience

331

00:18:30,510 --> 00:18:28,840

any of that because it won't be here you

332

00:18:31,620 --> 00:18:30,520

see they talk about the

333

00:18:34,290 --> 00:18:31,630

interconnectiveness

334

00:18:38,460 --> 00:18:34,300

that we are all connected to the trees

335

00:18:40,260 --> 00:18:38,470

to the animals and to each other does it

336

00:18:44,220 --> 00:18:40,270

make any different what species or race

337

00:18:46,530 --> 00:18:44,230

you are this is now a scientific fact

338

00:18:49,760 --> 00:18:46,540

it's already been proven it's been

339

00:18:54,330 --> 00:18:49,770

proven that the particles are entangled

340

00:18:59,490 --> 00:18:54,340

into everything so it's absolute

341

00:19:01,320 --> 00:18:59,500

scientific solid scientific proof people

342

00:19:02,910 --> 00:19:01,330

aren't listening they're not paying any

343

00:19:05,970 --> 00:19:02,920

attention they don't understand what it

344

00:19:08,730 --> 00:19:05,980

means it's not some cute philosophy that

345

00:19:11,490 --> 00:19:08,740

the First Nations people talked about

346

00:19:14,250 --> 00:19:11,500

it's it's a true scientific fact

347

00:19:16,860 --> 00:19:14,260

and so to disturb one part of that

348

00:19:19,380 --> 00:19:16,870

system you start breaking it down

349

00:19:23,700 --> 00:19:19,390

because there's a food chain and

350

00:19:26,670 --> 00:19:23,710

everything that's there that that once

351

00:19:30,870 --> 00:19:26,680

it's destroyed everything goes into the

352

00:19:33,390 --> 00:19:30,880

abyssal the species start dying and as I

353

00:19:36,030 --> 00:19:33,400

said before we're at the top of the list

354

00:19:40,530 --> 00:19:36,040

here - as an endangered species and

355

00:19:42,830 --> 00:19:40,540

we've created this ourselves the ETS say

356

00:19:46,200 --> 00:19:42,840

that they want to help the lightworkers

357

00:19:49,650 --> 00:19:46,210

and the Sasquatch said the same during

358

00:19:51,300 --> 00:19:49,660

these hard times so I'm not sure to what

359

00:19:52,840 --> 00:19:51,310

degree they will they're not saying

360

00:19:55,029 --> 00:19:52,850

entirely

361

00:19:57,070 --> 00:19:55,039

several things I've asked them and they

362

00:19:59,139 --> 00:19:57,080

said well we don't want to tell you

363

00:20:01,480 --> 00:19:59,149

everything we don't want you to suffer

364

00:20:03,909 --> 00:20:01,490

but you have to still make these

365

00:20:07,149 --> 00:20:03,919

decisions yourself based on your

366

00:20:09,190 --> 00:20:07,159

freewill if we made them for you and

367

00:20:11,830 --> 00:20:09,200

told you what would happen to happen and

368

00:20:14,409 --> 00:20:11,840

tell you the best decisions to make then

369

00:20:18,909 --> 00:20:14,419

your karma would become our karma they

370

00:20:22,419 --> 00:20:18,919

said so that makes sense and the idea is

371

00:20:26,379 --> 00:20:22,429

that when they don't they use brevity

372

00:20:28,690 --> 00:20:26,389

they don't really explain everything so

373

00:20:31,570 --> 00:20:28,700

whatever they have brought up and

374

00:20:34,269 --> 00:20:31,580

suggested I think very carefully on

375

00:20:36,820 --> 00:20:34,279

because they're really telling me

376

00:20:40,330 --> 00:20:36,830

something important and I base my

377

00:20:42,990 --> 00:20:40,340

decisions on what they're the little

378

00:20:47,019 --> 00:20:43,000

suggestion or statement that they made

379

00:20:50,470 --> 00:20:47,029

because it's generally profound I would

380

00:20:54,249 --> 00:20:50,480

say like about a month ago my wife Kelly

381

00:20:56,139 --> 00:20:54,259

and my son Jeremy were we're just ready

382

00:20:58,289 --> 00:20:56,149

to go to the next town over to do some

383

00:21:04,570 --> 00:20:58,299

shopping it's a big little bigger town

384

00:21:09,100 --> 00:21:04,580

20 miles away in snow Hawk my 10 and a

385

00:21:12,399 --> 00:21:09,110

half foot guide said don't go wait 15

386

00:21:14,560 --> 00:21:12,409

minutes before you go and so we waited

387

00:21:17,350 --> 00:21:14,570

almost 20 minutes and here we were had

388

00:21:21,820 --> 00:21:17,360

our coats on and our little son was

389

00:21:25,539 --> 00:21:21,830

Restless and wanted to go but we did not

390

00:21:27,820 --> 00:21:25,549

go and when I looked at Kelly I said

391

00:21:32,259 --> 00:21:27,830

we've just avoided a serious accident

392

00:21:36,220 --> 00:21:32,269

she says precisely so again they want to

393

00:21:39,070 --> 00:21:36,230

help us not simply hurt us anyway in any

394

00:21:40,869 --> 00:21:39,080

way in fact the only monsters that I

395

00:21:43,419 --> 00:21:40,879

really know are those who are trying to

396

00:21:46,389 --> 00:21:43,429

harm them and exploit them they're the

397

00:21:49,240 --> 00:21:46,399

real monsters and especially those that

398

00:21:51,009 --> 00:21:49,250

want a body real bad and they don't

399

00:21:53,619 --> 00:21:51,019

discuss this because it's not in vogue

400

00:21:55,720 --> 00:21:53,629

they've told people they don't hunt them

401
00:21:57,879 --> 00:21:55,730
when in fact everywhere they go they

402
00:22:02,160 --> 00:21:57,889
have high-powered rifles with them not

403
00:22:06,120 --> 00:22:02,170
everyone but many of these people do so

404
00:22:09,090 --> 00:22:06,130
I generally work alone and now I don't

405
00:22:12,780 --> 00:22:09,100
have to go anywhere they they're always

406
00:22:18,630 --> 00:22:12,790
around me they sometimes speak to my

407
00:22:22,350 --> 00:22:18,640
wife and I daily and to other contact

408
00:22:24,810 --> 00:22:22,360
these other experiencers like ourselves

409
00:22:31,080 --> 00:22:24,820
that it's become ongoing for a few of

410
00:22:37,080 --> 00:22:31,090
them and so they are good people that

411
00:22:39,180 --> 00:22:37,090
want to help and a lot of these ETS are

412
00:22:41,910 --> 00:22:39,190
time travelers so they know generally

413
00:22:45,350 --> 00:22:41,920

what what's going to happen we can

414

00:22:49,620 --> 00:22:45,360

change some of that we really can change

415

00:22:54,150 --> 00:22:49,630

the future if people change their

416

00:22:57,150 --> 00:22:54,160

thinking and if they have another enough

417

00:22:59,070 --> 00:22:57,160

people in a critical mass it will change

418

00:23:02,850 --> 00:22:59,080

and it will start to work through the

419

00:23:06,480 --> 00:23:02,860

hundredth monkey effect where people

420

00:23:08,370 --> 00:23:06,490

start picking up on this and and start

421

00:23:12,660 --> 00:23:08,380

respecting the environment and

422

00:23:15,720 --> 00:23:12,670

respecting each other this is very very

423

00:23:19,680 --> 00:23:15,730

important and yet it's taken quite

424

00:23:21,900 --> 00:23:19,690

lightly by people or they just discard

425

00:23:24,420 --> 00:23:21,910

it all together and that's okay that's

426

00:23:28,230 --> 00:23:24,430

between them and God and I can only

427

00:23:31,980 --> 00:23:28,240

share information and people can do with

428

00:23:34,170 --> 00:23:31,990

that as they see fit and that hopefully

429

00:23:36,360 --> 00:23:34,180

though it's helpful in their lives the

430

00:23:39,120 --> 00:23:36,370

Sasquatch people I have made several

431

00:23:41,820 --> 00:23:39,130

suggestions about them coming out and so

432

00:23:44,160 --> 00:23:41,830

forth but there's a council of elders

433

00:23:49,770 --> 00:23:44,170

that makes these decisions and they

434

00:23:52,860 --> 00:23:49,780

discuss this and to come out it would be

435

00:23:55,020 --> 00:23:52,870

very dangerous for them out right that's

436

00:23:58,230 --> 00:23:55,030

why they're working through lightworkers

437

00:24:01,160 --> 00:23:58,240

we're working through people who care

438

00:24:04,410 --> 00:24:01,170

that have a higher vibrational frequency

439

00:24:12,060 --> 00:24:09,600

if for example I thought that if they

440

00:24:15,090 --> 00:24:12,070

people knew they were absolutely human

441

00:24:19,560 --> 00:24:15,100

then you know they would be okay for

442

00:24:25,920 --> 00:24:19,570

them to come out for example I said to

443

00:24:29,790 --> 00:24:25,930

one several years ago that there if you

444

00:24:34,040 --> 00:24:29,800

had a tooth from an elderly Sasquatch

445

00:24:36,600 --> 00:24:34,050

that fell out and or maybe from a child

446

00:24:40,080 --> 00:24:36,610

when the tooth comes out and it would

447

00:24:45,480 --> 00:24:40,090

have DNA there that would prove once and

448

00:24:49,550 --> 00:24:45,490

for all that they're human and they you

449

00:24:52,680 --> 00:24:49,560

know said that they first they said

450

00:24:55,200 --> 00:24:52,690

little brother we know you're not like

451

00:24:59,850 --> 00:24:55,210

the rest of the other researchers that

452

00:25:02,310 --> 00:24:59,860

you have an open heart but these are

453

00:25:08,790 --> 00:25:02,320

things that we are dealing with and it's

454

00:25:12,150 --> 00:25:08,800

not for me to try to tell them so they

455

00:25:14,160 --> 00:25:12,160

reminded me they they said please keep

456

00:25:18,360 --> 00:25:14,170

in mind it is us who is in control

457

00:25:20,220 --> 00:25:18,370

telling you not you telling us and they

458

00:25:23,130 --> 00:25:20,230

said something to the effect this

459

00:25:26,070 --> 00:25:23,140

conversation is now through not in a

460

00:25:28,830 --> 00:25:26,080

rude way but just what the he was saying

461

00:25:30,150 --> 00:25:28,840

was I don't want to discuss does want to

462

00:25:31,620 --> 00:25:30,160

discuss it anymore because they've

463

00:25:34,020 --> 00:25:31,630

already made up their minds of what they

464

00:25:37,740 --> 00:25:34,030

want to do and they thought of all the

465

00:25:40,230 --> 00:25:37,750

angles and you know they're not

466

00:25:44,990 --> 00:25:40,240

interested in putting their lives on the

467

00:25:48,420 --> 00:25:45,000

line so I don't know if they'll come out

468

00:25:51,510 --> 00:25:48,430

when there's major cataclysms and there

469

00:25:54,720 --> 00:25:51,520

will be with super quakes and super

470

00:25:56,910 --> 00:25:54,730

tsunamis that will kill millions so will

471

00:26:01,290 --> 00:25:56,920

they come out and help them they might

472

00:26:05,240 --> 00:26:01,300

to ranchers or farmers though the

473

00:26:08,850 --> 00:26:05,250

ranchers where I live are wanting to

474

00:26:12,260 --> 00:26:08,860

completely eradicate wolves and they

475

00:26:14,299 --> 00:26:12,270

want to shoot everything so

476
00:26:16,790 --> 00:26:14,309
they're dangerous people even though

477
00:26:20,600 --> 00:26:16,800
they say well look if they're killing my

478
00:26:22,370 --> 00:26:20,610
cattle well it's been known from the

479
00:26:26,000 --> 00:26:22,380
very beginning when they brought cattle

480
00:26:27,740 --> 00:26:26,010
into this country that some of the

481
00:26:30,620 --> 00:26:27,750
Predators are going to get a few and

482
00:26:34,220 --> 00:26:30,630
that's the price you pay with sheep and

483
00:26:37,220 --> 00:26:34,230
with cattle simply because you're on

484
00:26:40,790 --> 00:26:37,230
their property you're on their turf but

485
00:26:42,740 --> 00:26:40,800
we have this thing of ownership that the

486
00:26:44,960 --> 00:26:42,750
First Nations people and many other

487
00:26:46,040 --> 00:26:44,970
indigenous peoples of the world were not

488
00:26:48,470 --> 00:26:46,050

familiar with

489

00:26:51,260 --> 00:26:48,480

they have like a certain territory that

490

00:26:57,620 --> 00:26:51,270

they hunt in or fish in and so forth and

491

00:27:00,650 --> 00:26:57,630

gather foods but with with us with that

492

00:27:03,580 --> 00:27:00,660

is with the white Europeans they wanted

493

00:27:06,410 --> 00:27:03,590

to have their own property and therefore

494

00:27:07,460 --> 00:27:06,420

this belongs to me and so now the

495

00:27:09,830 --> 00:27:07,470

government's saying

496

00:27:12,320 --> 00:27:09,840

national parks belong to me to us to

497

00:27:16,160 --> 00:27:12,330

this and that and so they we've got all

498

00:27:20,090 --> 00:27:16,170

these all these things that they're not

499

00:27:25,549 --> 00:27:20,100

familiar with and we've makes it more

500

00:27:29,320 --> 00:27:25,559

difficult for them to deal with us so I

501
00:27:31,520 --> 00:27:29,330
think that when I don't know again

502
00:27:33,799 --> 00:27:31,530
they'd want to help the ranchers

503
00:27:37,850 --> 00:27:33,809
especially if we have water shortages

504
00:27:40,130 --> 00:27:37,860
and so on but they'll only still help

505
00:27:44,210 --> 00:27:40,140
people of a higher vibrational frequency

506
00:27:46,700 --> 00:27:44,220
those people who love the planet are

507
00:27:49,730 --> 00:27:46,710
easy to love unconditionally other

508
00:27:51,680 --> 00:27:49,740
people which still for some people it's

509
00:28:01,130 --> 00:27:51,690
still difficult it is at times for me as

510
00:28:05,450 --> 00:28:01,140
well and so they would choose just

511
00:28:07,100 --> 00:28:05,460
people who they feel that are

512
00:28:08,600 --> 00:28:07,110
approachable without their running and

513
00:28:11,360 --> 00:28:08,610

getting a gun or trying to hunt them

514

00:28:13,790 --> 00:28:11,370

down so it's difficult it's not as none

515

00:28:16,730 --> 00:28:13,800

of this is easy for them one of the key

516

00:28:22,070 --> 00:28:16,740

ways that they see to get out the

517

00:28:24,870 --> 00:28:22,080

message their message and researchers

518

00:28:27,630 --> 00:28:24,880

focus on the phenomena

519

00:28:31,530 --> 00:28:27,640

the tracks getting hair and all those

520

00:28:36,360 --> 00:28:31,540

things where I focused on the message

521

00:28:38,730 --> 00:28:36,370

behind the phenomena so you could talk

522

00:28:40,880 --> 00:28:38,740

to a track all day but it's not going to

523

00:28:43,890 --> 00:28:40,890

talk back to you to give you information

524

00:28:46,230 --> 00:28:43,900

so that's important to understand

525

00:28:53,160 --> 00:28:46,240

I rather interact with the beings

526

00:28:55,980 --> 00:28:53,170

themselves but they want us to stop

527

00:28:58,740 --> 00:28:55,990

worrying stop killing each other our

528

00:29:01,640 --> 00:28:58,750

family members and things how we don't

529

00:29:04,560 --> 00:29:01,650

value lives anymore

530

00:29:08,790 --> 00:29:04,570

it's you know there is a part of the

531

00:29:12,180 --> 00:29:08,800

population that is being they were

532

00:29:15,420 --> 00:29:12,190

fought in Iraq in Afghanistan Vietnam

533

00:29:18,120 --> 00:29:15,430

and so on and it's it's confusing

534

00:29:20,340 --> 00:29:18,130

because a lot of this military stuff is

535

00:29:26,280 --> 00:29:20,350

shifted into a different kind of

536

00:29:28,020 --> 00:29:26,290

military ISM and it's a I think there's

537

00:29:31,070 --> 00:29:28,030

a lot of people going off fighting that

538

00:29:38,520 --> 00:29:31,080

don't want to they're tired of war and

539

00:29:40,530 --> 00:29:38,530

they're tired of you know us going into

540

00:29:43,050 --> 00:29:40,540

other countries and rather than minding

541

00:29:45,330 --> 00:29:43,060

our own business but I think that that's

542

00:29:48,930 --> 00:29:45,340

because there's there's something to be

543

00:29:53,300 --> 00:29:48,940

had there something I mean I don't know

544

00:29:56,280 --> 00:29:53,310

what's in Afghanistan but I imagine that

545

00:29:59,280 --> 00:29:56,290

it's an oil-producing country that's

546

00:30:02,130 --> 00:29:59,290

underdeveloped and we've had I don't

547

00:30:04,050 --> 00:30:02,140

know why I dunno why but that they

548

00:30:05,730 --> 00:30:04,060

haven't switched to solar energy but you

549

00:30:08,070 --> 00:30:05,740

would think they would do it more and

550

00:30:11,790 --> 00:30:08,080

more and the government would even

551
00:30:14,490 --> 00:30:11,800
subsidize ranches or farms or something

552
00:30:17,430 --> 00:30:14,500
to encourage this but they're still

553
00:30:20,600 --> 00:30:17,440
drilling and they're still doing all the

554
00:30:23,220 --> 00:30:20,610
things of using fossil fuels that are

555
00:30:29,730 --> 00:30:23,230
putting more carbon dioxide in the air

556
00:30:32,780 --> 00:30:29,740
and and weakening the geophysical parts

557
00:30:35,400 --> 00:30:32,790
of the earth that could easily go into

558
00:30:37,170 --> 00:30:35,410
major earthquakes and

559
00:30:41,490 --> 00:30:37,180
and kill a lot of people and that will

560
00:30:44,310 --> 00:30:41,500
happen they said Kate were worth three

561
00:30:47,280 --> 00:30:44,320
has already started but they haven't

562
00:30:50,910 --> 00:30:47,290
dropped the bombs yet but maybe dropping

563
00:30:53,600 --> 00:30:50,920

a few bombs would cause you know super

564

00:30:59,790 --> 00:30:53,610

quakes that are already at the verge of

565

00:31:03,780 --> 00:30:59,800

happening if we they told me if they we

566

00:31:06,450 --> 00:31:03,790

destroy ourselves they're next and so I

567

00:31:08,520 --> 00:31:06,460

know that the star people will start

568

00:31:13,740 --> 00:31:08,530

taking some of them or all of them off

569

00:31:17,580 --> 00:31:13,750

planet as best they can so where they

570

00:31:19,710 --> 00:31:17,590

would go after that I don't know maybe

571

00:31:22,950 --> 00:31:19,720

they have another place in mind just in

572

00:31:29,640 --> 00:31:22,960

case I can't answer that I really don't

573

00:31:32,340 --> 00:31:29,650

know but it's they maintain a positive

574

00:31:35,220 --> 00:31:32,350

attitude even though the things they

575

00:31:36,570 --> 00:31:35,230

spoke of are very serious and we are in

576

00:31:39,900 --> 00:31:36,580

very very big trouble

577

00:31:43,470 --> 00:31:39,910

a planet is in everybody eyes is subject

578

00:31:45,480 --> 00:31:43,480

to whatever happens so if you know one

579

00:31:48,960 --> 00:31:45,490

country got crazy and started dropping

580

00:31:50,610 --> 00:31:48,970

the bombs and all this stuff it's

581

00:31:53,460 --> 00:31:50,620

confusing where are they coming from and

582

00:31:57,720 --> 00:31:53,470

who's what and who knows where all that

583

00:31:59,160 --> 00:31:57,730

could end up and the they did a study

584

00:32:02,700 --> 00:31:59,170

somebody was studying the weather

585

00:32:08,490 --> 00:32:02,710

patterns a meteorologist several years

586

00:32:11,640 --> 00:32:08,500

ago when almost Pakistan and India

587

00:32:15,080 --> 00:32:11,650

almost had you know we're going to fight

588

00:32:17,700 --> 00:32:15,090

again and they both have the atomic bomb

589

00:32:19,620 --> 00:32:17,710

what would happen and one of the

590

00:32:23,700 --> 00:32:19,630

interesting things even though it would

591

00:32:25,950 --> 00:32:23,710

be tragic is that the dust that would

592

00:32:28,800 --> 00:32:25,960

get into the air would get on the air

593

00:32:33,120 --> 00:32:28,810

currents and it would go over places

594

00:32:35,660 --> 00:32:33,130

like Tucson Arizona from that region of

595

00:32:39,270 --> 00:32:35,670

the world halfway around the world and

596

00:32:42,150 --> 00:32:39,280

the currents aren't consistent so if

597

00:32:46,410 --> 00:32:42,160

they slowed down enough which they do

598

00:32:48,870 --> 00:32:46,420

and we'll all that you know nuclear

599

00:32:50,400 --> 00:32:48,880

cloud would drop onto a city

600

00:32:53,720 --> 00:32:50,410

and people would be dropping like flies

601
00:32:56,820 --> 00:32:53,730
it wouldn't know what was going on so

602
00:33:00,720 --> 00:32:56,830
whatever you do in one part of the world

603
00:33:07,560 --> 00:33:00,730
it'll affect another part and in a sense

604
00:33:09,540 --> 00:33:07,570
the entire world so people running the

605
00:33:11,280 --> 00:33:09,550
show here in the government and the

606
00:33:13,590 --> 00:33:11,290
military need to think that through

607
00:33:16,850 --> 00:33:13,600
because it could come right back and

608
00:33:21,900 --> 00:33:16,860
kill them even though they whatever a

609
00:33:24,630 --> 00:33:21,910
they designate the enemy whatever they

610
00:33:28,320 --> 00:33:24,640
do the chances of it boomerang back is

611
00:33:31,380 --> 00:33:28,330
very strong so it's a lose-lose

612
00:33:35,190 --> 00:33:31,390
situation no matter what happens and the

613
00:33:37,590 --> 00:33:35,200

wildlife and the evolved cetaceans that

614

00:33:39,570 --> 00:33:37,600

is whales and dolphins and and

615

00:33:44,580 --> 00:33:39,580

everything are they're more evolved than

616

00:33:48,840 --> 00:33:44,590

we are and there's a chance dr. John see

617

00:33:52,650 --> 00:33:48,850

Lily said that he thinks that the the

618

00:33:55,740 --> 00:33:52,660

cetaceans have been contacted by ETS

619

00:34:00,050 --> 00:33:55,750

already and already have an agenda where

620

00:34:03,330 --> 00:34:00,060

they could communicate back and forth so

621

00:34:07,470 --> 00:34:03,340

this is not some airy-fairy thing this

622

00:34:14,190 --> 00:34:07,480

is solid this and he's a very he was a

623

00:34:17,070 --> 00:34:14,200

very evolved man and and unscientific a

624

00:34:20,460 --> 00:34:17,080

lot of these statements made by people

625

00:34:22,770 --> 00:34:20,470

like that are absolutely true knowing

626

00:34:30,110 --> 00:34:22,780

what I know I wouldn't really doubt him

627

00:34:37,530 --> 00:34:30,120

so it's not a theory but I've had a bear

628

00:34:44,610 --> 00:34:37,540

three Hawks two Ravens a snake a wolf

629

00:34:45,510 --> 00:34:44,620

and my black lab Comanche talked to me

630

00:34:49,950 --> 00:34:45,520

telepathically

631

00:34:52,379 --> 00:34:49,960

so all this surprised me at the time and

632

00:34:56,040 --> 00:34:52,389

it you may say well wait a minute you

633

00:34:57,720 --> 00:34:56,050

know how did a snake learn English how

634

00:35:00,070 --> 00:34:57,730

did a wolf learning there's kind of

635

00:35:04,330 --> 00:35:00,080

thing you know this is outrageous

636

00:35:08,290 --> 00:35:04,340

it must be it must be some kind of a

637

00:35:11,560 --> 00:35:08,300

universal language that when you use

638

00:35:14,320 --> 00:35:11,570

your mind in this mind talk thing that

639

00:35:18,150 --> 00:35:14,330

it somehow transliterate s-- into

640

00:35:21,310 --> 00:35:18,160

whatever that being can understand

641

00:35:24,010 --> 00:35:21,320

because there's three types of telepathy

642

00:35:26,800 --> 00:35:24,020

I discovered there's verbal telepathy

643

00:35:29,230 --> 00:35:26,810

there's feeling telepathy which is

644

00:35:31,660 --> 00:35:29,240

clairsentience and then there's visual

645

00:35:36,000 --> 00:35:31,670

telepathy and I've experienced all three

646

00:35:38,860 --> 00:35:36,010

at once sometimes only one of those so

647

00:35:43,060 --> 00:35:38,870

again I don't understand the dynamics of

648

00:35:45,850 --> 00:35:43,070

it but I'll leave that to the quantum

649

00:35:47,620 --> 00:35:45,860

physicists but I believe that it there

650

00:35:53,430 --> 00:35:47,630

is some kind of transliteration that

651
00:35:57,070 --> 00:35:53,440
happens simply because again these

652
00:36:01,870 --> 00:35:57,080
animals were evolved enough to employ

653
00:36:03,700 --> 00:36:01,880
get enough to project their feelings

654
00:36:07,720 --> 00:36:03,710
towards me that ended up being a verbal

655
00:36:10,210 --> 00:36:07,730
telepathy so isn't that also proof of

656
00:36:14,500 --> 00:36:10,220
the interconnectedness of all living

657
00:36:17,560 --> 00:36:14,510
things I believe so and now the work

658
00:36:20,700 --> 00:36:17,570
that's been done on water living water

659
00:36:24,070 --> 00:36:20,710
in how you can program the water and

660
00:36:29,650 --> 00:36:24,080
into the crystals and whatever you say

661
00:36:32,370 --> 00:36:29,660
or do comes up under a microscope the

662
00:36:34,900 --> 00:36:32,380
different molecules and water change

663
00:36:36,850 --> 00:36:34,910

from something beautiful to something

664

00:36:40,960 --> 00:36:36,860

ugly if something negative that you've

665

00:36:44,080 --> 00:36:40,970

said so this is a living planet when

666

00:36:46,450 --> 00:36:44,090

they say Gaia is really a living being

667

00:36:49,860 --> 00:36:46,460

it's a mother earth is really alive and

668

00:36:52,600 --> 00:36:49,870

that the rivers and streams are the

669

00:36:55,120 --> 00:36:52,610

bloodline the arteries so to speak that

670

00:36:56,910 --> 00:36:55,130

keep it alive and keep everything else

671

00:37:02,719 --> 00:36:56,920

alive and

672

00:37:06,420 --> 00:37:02,729

to me this is the you know you might say

673

00:37:08,870 --> 00:37:06,430

experiential proof that we're all truly

674

00:37:10,739 --> 00:37:08,880

interconnected even though they've

675

00:37:15,569 --> 00:37:10,749

scientifically have proven it at this

676

00:37:18,180 --> 00:37:15,579

point yes I think it's important to for

677

00:37:21,569 --> 00:37:18,190

people to clear themselves to slow down

678

00:37:24,299 --> 00:37:21,579

and see where they're at too many people

679

00:37:27,059 --> 00:37:24,309

take jobs just for the money and they're

680

00:37:30,120 --> 00:37:27,069

miserable then they end up drinking all

681

00:37:33,079 --> 00:37:30,130

the time or if you have a big high

682

00:37:35,880 --> 00:37:33,089

paying job some of the businessmen and

683

00:37:40,140 --> 00:37:35,890

even attorneys and different people are

684

00:37:41,400 --> 00:37:40,150

by Coke I guess and sniff that and so

685

00:37:46,019 --> 00:37:41,410

I'm not familiar with any of these

686

00:37:49,140 --> 00:37:46,029

things heroin and all that you know to

687

00:37:53,430 --> 00:37:49,150

me it's frightening but people do this

688

00:37:55,380 --> 00:37:53,440

and often because they're unhappy yes

689

00:37:57,569 --> 00:37:55,390

some people are just addicted and they

690

00:38:03,390 --> 00:37:57,579

can't they want to break away and they

691

00:38:05,969 --> 00:38:03,400

can but it's be better a person quit a

692

00:38:08,130 --> 00:38:05,979

job and regardless of what their parents

693

00:38:11,670 --> 00:38:08,140

say if their parents are still alive

694

00:38:14,160 --> 00:38:11,680

they should quit their jobs and get a

695

00:38:16,289 --> 00:38:14,170

small paying job someplace in the

696

00:38:19,769 --> 00:38:16,299

country or in a small town where they'd

697

00:38:21,569 --> 00:38:19,779

be happier there's the two ego involved

698

00:38:25,729 --> 00:38:21,579

whether getting a good position and

699

00:38:30,630 --> 00:38:25,739

feeling proud of that position and and

700

00:38:32,849 --> 00:38:30,640

but being unhappy inside so I think

701
00:38:36,059 --> 00:38:32,859
people should clear themselves of the

702
00:38:39,059 --> 00:38:36,069
past I still have a problem off and on

703
00:38:41,789 --> 00:38:39,069
with that that I have to work at to let

704
00:38:44,789 --> 00:38:41,799
go and a lot of this you let go in

705
00:38:47,759 --> 00:38:44,799
layers because the more you let go the

706
00:38:50,279 --> 00:38:47,769
higher the vibrational frequency because

707
00:38:52,589 --> 00:38:50,289
it's less emotional baggage from the

708
00:38:57,599 --> 00:38:52,599
past that that one is dealing with and

709
00:38:59,800 --> 00:38:57,609
it makes for greater clarity at times in

710
00:39:03,190 --> 00:38:59,810
the past

711
00:39:06,460 --> 00:39:03,200
it was difficult through several months

712
00:39:08,680 --> 00:39:06,470
at times and so on of of having poor

713
00:39:11,890 --> 00:39:08,690

communication with them because I was

714

00:39:13,599 --> 00:39:11,900

holding on to to too much so this

715

00:39:16,030 --> 00:39:13,609

happens when we're all down here to

716

00:39:17,830 --> 00:39:16,040

learn lessons and so whether people

717

00:39:19,599 --> 00:39:17,840

admit it or not they've got lessons to

718

00:39:21,280 --> 00:39:19,609

learn if they haven't if they are not

719

00:39:23,349 --> 00:39:21,290

admitting it and they're in denial of it

720

00:39:26,500 --> 00:39:23,359

then they really got a lot to learn

721

00:39:31,000 --> 00:39:26,510

because they're they don't even

722

00:39:34,960 --> 00:39:31,010

consciously recognize that but once

723

00:39:37,630 --> 00:39:34,970

people do that people show some

724

00:39:40,660 --> 00:39:37,640

recognition that there is a higher

725

00:39:46,690 --> 00:39:40,670

source whether it's sort of a universal

726
00:39:49,380 --> 00:39:46,700
energy or God or Allah Krishna whatever

727
00:39:55,800 --> 00:39:49,390
people want to label that it's okay and

728
00:39:58,000 --> 00:39:55,810
I think that these are important things

729
00:40:00,460 --> 00:39:58,010
to do

730
00:40:02,680 --> 00:40:00,470
prayer is they've already proven it

731
00:40:05,290 --> 00:40:02,690
scientifically as well that prayer

732
00:40:07,990 --> 00:40:05,300
affects people they did this in South

733
00:40:10,480 --> 00:40:08,000
Korea when these women couldn't get

734
00:40:12,820 --> 00:40:10,490
pregnant they put a control group and

735
00:40:15,550 --> 00:40:12,830
then the other group with their pictures

736
00:40:16,900 --> 00:40:15,560
they asked certain amount of people to

737
00:40:19,930 --> 00:40:16,910
pray for them that they would get

738
00:40:23,140 --> 00:40:19,940

pregnant when medically the doctors say

739

00:40:26,859 --> 00:40:23,150

it's impossible 60% of those people

740

00:40:29,260 --> 00:40:26,869

prayed for got pregnant so that's

741

00:40:32,290 --> 00:40:29,270

profound and that was a scientific study

742

00:40:37,230 --> 00:40:32,300

so prayer is really talking to God

743

00:40:42,250 --> 00:40:37,240

however you perceive he/she hear it and

744

00:40:44,050 --> 00:40:42,260

because I don't advocate any particular

745

00:40:48,010 --> 00:40:44,060

religion if religion is helping you then

746

00:40:52,630 --> 00:40:48,020

that's fine and meditation that is

747

00:40:56,650 --> 00:40:52,640

slowing down all the chatter in our the

748

00:40:58,329 --> 00:40:56,660

intellectual stuff is listening to God

749

00:41:01,150 --> 00:40:58,339

and meditation and these are two very

750

00:41:05,170 --> 00:41:01,160

important things right now the Sasquatch

751
00:41:09,640 --> 00:41:05,180
people are saying and to take time out

752
00:41:11,770 --> 00:41:09,650
for that most people don't and so it's

753
00:41:12,970 --> 00:41:11,780
an important part of growing and

754
00:41:15,240 --> 00:41:12,980
evolving

755
00:41:19,359 --> 00:41:15,250
and raising ones spiritual vibrations

756
00:41:23,560 --> 00:41:19,369
and if you get into trouble during the

757
00:41:27,190 --> 00:41:23,570
time of Earth changes that the chances

758
00:41:29,170 --> 00:41:27,200
will be increased that they would help

759
00:41:32,050 --> 00:41:29,180
that particular person whether it's a

760
00:41:38,020 --> 00:41:32,060
sasquatch an ancient one or an

761
00:41:40,020 --> 00:41:38,030
extraterrestrial so I think that one can

762
00:41:43,270 --> 00:41:40,030
only benefit by race in their

763
00:41:46,570 --> 00:41:43,280

vibrational frequency and now is the

764

00:41:49,300 --> 00:41:46,580

most important time to ever do that so I

765

00:41:51,940 --> 00:41:49,310

think we should be more aware in fact

766

00:41:54,670 --> 00:41:51,950

meditation helps people for example to

767

00:41:57,120 --> 00:41:54,680

be more aware of their surrounding and

768

00:42:00,790 --> 00:41:57,130

what's going on and they start to

769

00:42:02,740 --> 00:42:00,800

reprioritize their lives to say yeah all

770

00:42:05,140 --> 00:42:02,750

this isn't so important I think this is

771

00:42:06,670 --> 00:42:05,150

more important now and as people get

772

00:42:10,690 --> 00:42:06,680

older they know they're going to cross

773

00:42:12,970 --> 00:42:10,700

over into something now there's so many

774

00:42:16,630 --> 00:42:12,980

books out on near-death experiences and

775

00:42:20,020 --> 00:42:16,640

so on and this is deliberate by spirit

776

00:42:22,870 --> 00:42:20,030

it to say it's okay just do your thing

777

00:42:25,980 --> 00:42:22,880

stop worrying about all this and fulfill

778

00:42:30,670 --> 00:42:25,990

your purpose and if you're enjoying some

779

00:42:34,870 --> 00:42:30,680

materialism fine but don't don't make it

780

00:42:41,020 --> 00:42:34,880

number one make something more godly

781

00:42:43,180 --> 00:42:41,030

more spiritual and to be more human is

782

00:42:46,570 --> 00:42:43,190

to have more compassion and to have

783

00:42:48,940 --> 00:42:46,580

unconditional love so I still work on

784

00:42:52,420 --> 00:42:48,950

this I have plenty of compassion but I

785

00:42:55,120 --> 00:42:52,430

at times need to work on the other

786

00:42:57,670 --> 00:42:55,130

aspect of as they say love your enemies

787

00:43:01,420 --> 00:42:57,680

pray for your enemies

788

00:43:02,980 --> 00:43:01,430

it only can neutralize that negativity

789

00:43:06,580 --> 00:43:02,990

in them

790

00:43:09,849 --> 00:43:06,590

but certainly it clears us so if you've

791

00:43:14,560 --> 00:43:09,859

been wronged by your parents or by a

792

00:43:16,780 --> 00:43:14,570

boss or by next-door neighbor just sit

793

00:43:21,430 --> 00:43:16,790

down quietly and clear yourself of it

794

00:43:23,680 --> 00:43:21,440

and keep learning to love them even

795

00:43:25,860 --> 00:43:23,690

whether they're dead alive or whether

796

00:43:28,710 --> 00:43:25,870

you moved away from them

797

00:43:31,830 --> 00:43:28,720

the Sasquatch people say this is the

798

00:43:34,820 --> 00:43:31,840

most important thing to do and it is

799

00:43:37,260 --> 00:43:34,830

especially during earth changes so I

800

00:43:41,370 --> 00:43:37,270

want to share that with the public at

801
00:43:43,890 --> 00:43:41,380
large and feel that this is really the

802
00:43:47,130 --> 00:43:43,900
message behind the phenomena we don't

803
00:43:50,130 --> 00:43:47,140
need a body to dissect that's they said

804
00:43:53,640 --> 00:43:50,140
is primitive science we call ourselves

805
00:43:55,140 --> 00:43:53,650
you know modern science and because we

806
00:43:57,150 --> 00:43:55,150
have a few we have the electron

807
00:43:59,610 --> 00:43:57,160
microscope and several other things that

808
00:44:02,040 --> 00:43:59,620
that's really cool to have and it's

809
00:44:07,680 --> 00:44:02,050
helpful especially in criminology and

810
00:44:11,040 --> 00:44:07,690
and so forth but it's we need to still

811
00:44:13,080 --> 00:44:11,050
get down to basics and being spiritual

812
00:44:15,270 --> 00:44:13,090
means respect for all living things you

813
00:44:20,940 --> 00:44:15,280

know not destroying and clear-cutting

814

00:44:23,040 --> 00:44:20,950

the forest and not spraying dangerous

815

00:44:25,710 --> 00:44:23,050

chemicals to get rid of certain plants

816

00:44:28,110 --> 00:44:25,720

and so on because it gets into the water

817

00:44:31,500 --> 00:44:28,120

table it gets everywhere we just don't

818

00:44:35,610 --> 00:44:31,510

understand the interconnectiveness and

819

00:44:37,770 --> 00:44:35,620

that's the most important thing so thank

820

00:44:41,280 --> 00:44:37,780

you for allowing me to share all of this

821

00:44:44,240 --> 00:44:41,290

and people can continue to get

822

00:44:46,710 --> 00:44:44,250

information through both of my books

823

00:44:49,080 --> 00:44:46,720

that I have out there'll be a third book

824

00:44:54,150 --> 00:44:49,090

coming out later this year

825

00:44:59,760 --> 00:44:54,160

and by simply going to sasquatch people

826

00:45:02,430 --> 00:44:59,770

calm also psychic sasquatch calm you'll
