

A man with a shaved head and glasses is shown in a medium shot, looking slightly to his left. He is wearing a black button-down shirt. The background consists of vertical wooden planks. In the upper left, a wooden ladder-like structure is visible with a patterned fabric draped over it. A black semi-transparent banner is positioned at the bottom left, containing the text 'UFO HUB' in white. 'UFO' is in a bold, sans-serif font, and 'HUB' is in a regular, sans-serif font, enclosed within a white circle.

UFO HUB

1
00:00:17,300 --> 00:00:12,440
my name is Darrell ANCA and I'm both a

2
00:00:20,689 --> 00:00:17,310
channel and a filmmaker how I first got

3
00:00:23,660 --> 00:00:20,699
into the idea of channeling was it

4
00:00:26,720 --> 00:00:23,670
really started for me about 40 years ago

5
00:00:30,019 --> 00:00:26,730
on two different occasions within the

6
00:00:32,179 --> 00:00:30,029
same week here in Los Angeles I had very

7
00:00:35,060 --> 00:00:32,189
close broad-daylight UFO sightings the

8
00:00:38,420 --> 00:00:35,070
first time about 125 feet away

9
00:00:40,729 --> 00:00:38,430
and the second time maybe about 60 70

10
00:00:44,180 --> 00:00:40,739
feet away both times an equilateral

11
00:00:46,369 --> 00:00:44,190
triangular ship dark in color one blue

12
00:00:48,110 --> 00:00:46,379
white light on each point and kind of a

13
00:00:52,790 --> 00:00:48,120

pulsating red light underneath on the

14

00:00:54,439 --> 00:00:52,800

bottom and the first time I had four

15

00:00:57,770 --> 00:00:54,449

witnesses with me the second time I had

16

00:00:59,810 --> 00:00:57,780

another witness with me and after seeing

17

00:01:01,400 --> 00:00:59,820

something like that it really changed

18

00:01:04,460 --> 00:01:01,410

everything for me because I realized

19

00:01:05,840 --> 00:01:04,470

that the world was not what I was taught

20

00:01:07,340 --> 00:01:05,850

that it was there was something else

21

00:01:10,100 --> 00:01:07,350

going on there was another level of

22

00:01:12,140 --> 00:01:10,110

reality that that everyone didn't seem

23

00:01:14,570 --> 00:01:12,150

to think was real but here I had just

24

00:01:16,880 --> 00:01:14,580

witnessed this solid object at close

25

00:01:21,200 --> 00:01:16,890

range that no one could explain in terms

26
00:01:22,940 --> 00:01:21,210
of its movements and its technology so I

27
00:01:25,580 --> 00:01:22,950
began doing research and I wanted to

28
00:01:27,920 --> 00:01:25,590
find out more about this and ten years

29
00:01:30,410 --> 00:01:27,930
after the sighting I had by that time

30
00:01:32,660 --> 00:01:30,420
you know found different books on UFOs

31
00:01:35,330 --> 00:01:32,670
but also came across books on psychic

32
00:01:38,749 --> 00:01:35,340
functioning and channeling and and other

33
00:01:40,999 --> 00:01:38,759
metaphysical concepts and ten years

34
00:01:42,920 --> 00:01:41,009
after the sightings I was introduced to

35
00:01:45,440 --> 00:01:42,930
another channel who was conducting

36
00:01:47,569 --> 00:01:45,450
seminars at the time and I went and

37
00:01:49,219 --> 00:01:47,579
listened to the information coming from

38
00:01:51,440 --> 00:01:49,229

the entity through that channel and I

39

00:01:53,210 --> 00:01:51,450

thought this is interesting information

40

00:01:55,490 --> 00:01:53,220

it seems very helpful it seems to be

41

00:01:57,020 --> 00:01:55,500

capable of giving people the kind of

42

00:01:58,429 --> 00:01:57,030

information and the kind of answers they

43

00:02:03,350 --> 00:01:58,439

need to turn their lives around in

44

00:02:05,179 --> 00:02:03,360

positive ways and eventually the entity

45

00:02:07,910 --> 00:02:05,189

coming through that channel offered to

46

00:02:09,710 --> 00:02:07,920

actually teach a channeling class I went

47

00:02:12,140 --> 00:02:09,720

into the class not because I thought I

48

00:02:13,340 --> 00:02:12,150

was going to be a channel I just wanted

49

00:02:15,140 --> 00:02:13,350

to learn more about it now

50

00:02:17,150 --> 00:02:15,150

to understand how such a thing could be

51
00:02:18,470 --> 00:02:17,160
taught because I just thought channeling

52
00:02:19,760 --> 00:02:18,480
was something that just sort of happened

53
00:02:22,820 --> 00:02:19,770
to people I didn't think you would learn

54
00:02:27,980 --> 00:02:22,830
it like a skill so I went into the class

55
00:02:29,660 --> 00:02:27,990
to study what was going to go on and the

56
00:02:31,970 --> 00:02:29,670
class was about a 12-week course and it

57
00:02:33,470 --> 00:02:31,980
was guided meditations and it was really

58
00:02:34,850 --> 00:02:33,480
to put you in touch with whatever you

59
00:02:36,980 --> 00:02:34,860
wanted to get in touch with in terms of

60
00:02:38,660 --> 00:02:36,990
your own creativity your own higher mind

61
00:02:39,200 --> 00:02:38,670
what have you you didn't have to come

62
00:02:42,020 --> 00:02:39,210
out of it

63
00:02:43,670 --> 00:02:42,030

channeling an entity but about halfway

64

00:02:45,530 --> 00:02:43,680

through the course about six weeks in

65

00:02:46,600 --> 00:02:45,540

when I was in one of the guided

66

00:02:49,730 --> 00:02:46,610

meditations

67

00:02:52,910 --> 00:02:49,740

I experienced what I can only describe

68

00:02:55,310 --> 00:02:52,920

as a telepathic hit a contact like

69

00:02:57,170 --> 00:02:55,320

somebody shoved a CD in my head and

70

00:02:59,900 --> 00:02:57,180

suddenly all this information was there

71

00:03:01,430 --> 00:02:59,910

in one split second I understood I had

72

00:03:03,890 --> 00:03:01,440

made an agreement to do this channeling

73

00:03:05,930 --> 00:03:03,900

in this life with Bashar I understood

74

00:03:07,250 --> 00:03:05,940

that he had shown me the UFO on purpose

75

00:03:10,400 --> 00:03:07,260

to get me to start learning what I

76
00:03:13,190 --> 00:03:10,410
needed to learn and the message that was

77
00:03:14,720 --> 00:03:13,200
there was now you remember you made this

78
00:03:16,730 --> 00:03:14,730
agreement and now you know it's time to

79
00:03:19,520 --> 00:03:16,740
begin is this something you still want

80
00:03:21,620 --> 00:03:19,530
to do I had to think about it for a bit

81
00:03:23,300 --> 00:03:21,630
because I didn't really know if this was

82
00:03:25,340 --> 00:03:23,310
just my imagination or if I was

83
00:03:27,770 --> 00:03:25,350
elucidating it was a side effect of the

84
00:03:29,420 --> 00:03:27,780
meditation I didn't know what it was but

85
00:03:31,130 --> 00:03:29,430
while this was going on and this was

86
00:03:34,250 --> 00:03:31,140
just happening in a split second I

87
00:03:35,330 --> 00:03:34,260
didn't tell anyone in seining but the

88
00:03:36,800 --> 00:03:35,340

entity coming through the teacher

89

00:03:39,020 --> 00:03:36,810

stopped talking to the class and

90

00:03:40,760 --> 00:03:39,030

instantly turned to me and said there is

91

00:03:42,890 --> 00:03:40,770

an entity here for you right now if

92

00:03:44,780 --> 00:03:42,900

you're ready to begin and at the very

93

00:03:47,120 --> 00:03:44,790

same instant I happen to glance over and

94

00:03:48,860 --> 00:03:47,130

one of my other classmates somehow had

95

00:03:50,870 --> 00:03:48,870

psychically picked up on the image of

96

00:03:52,100 --> 00:03:50,880

Bashar that appeared in my head and she

97

00:03:55,550 --> 00:03:52,110

was actually sketching it on a piece of

98

00:03:57,770 --> 00:03:55,560

paper so I knew I had two outside

99

00:04:00,710 --> 00:03:57,780

validations right there that wasn't just

100

00:04:02,690 --> 00:04:00,720

my imagination and so I decided to go

101
00:04:05,540 --> 00:04:02,700
ahead and and pursue the channeling and

102
00:04:08,620 --> 00:04:05,550
see where it would lead now I finished

103
00:04:11,510 --> 00:04:08,630
the class and at the end of that class a

104
00:04:13,460 --> 00:04:11,520
woman came along who was looking for

105
00:04:15,830 --> 00:04:13,470
channeling subjects to study because she

106
00:04:17,390 --> 00:04:15,840
was doing the first doctoral thesis on

107
00:04:18,680 --> 00:04:17,400
the connection between psychology and

108
00:04:20,870 --> 00:04:18,690
channeling so I became one of her

109
00:04:22,940 --> 00:04:20,880
subjects and I would go to her house and

110
00:04:24,140 --> 00:04:22,950
I would channel to her friends and she

111
00:04:26,510 --> 00:04:24,150
would sit in her chair and she would

112
00:04:27,230 --> 00:04:26,520
take notes to write her paper well you

113
00:04:28,909 --> 00:04:27,240

know the first week

114

00:04:30,350 --> 00:04:28,919

was like five friends and then the next

115

00:04:32,900 --> 00:04:30,360

week word of mouth spread was ten

116

00:04:34,430 --> 00:04:32,910

friends and then 20 then 30 I had to

117

00:04:36,080 --> 00:04:34,440

start doing it twice a week and then we

118

00:04:37,700 --> 00:04:36,090

had to start renting auditoriums because

119

00:04:40,100 --> 00:04:37,710

word of mouth was spreading in the

120

00:04:41,510 --> 00:04:40,110

crowds were getting so big and one thing

121

00:04:43,370 --> 00:04:41,520

just kind of led to another people

122

00:04:45,200 --> 00:04:43,380

started making tapes and sharing them

123

00:04:46,610 --> 00:04:45,210

with people people around the world

124

00:04:48,140 --> 00:04:46,620

started hearing them and I started

125

00:04:51,140 --> 00:04:48,150

getting invited to different cities and

126

00:04:54,710 --> 00:04:51,150

different countries and Here I am

127

00:04:57,710 --> 00:04:54,720

basically almost 31 years later and it's

128

00:05:01,370 --> 00:04:57,720

still going on the channeling has

129

00:05:04,670 --> 00:05:01,380

changed my life in a variety of amazing

130

00:05:07,850 --> 00:05:04,680

ways I mean first of all when I'm doing

131

00:05:10,610 --> 00:05:07,860

the channeling I get to experience what

132

00:05:14,649 --> 00:05:10,620

Bashar's people feel like all the time

133

00:05:18,710 --> 00:05:14,659

and they have such high levels of energy

134

00:05:21,020 --> 00:05:18,720

confidence creativity love they don't

135

00:05:24,050 --> 00:05:21,030

have a shred of a doubt about anything

136

00:05:26,240 --> 00:05:24,060

and that's a profoundly different state

137

00:05:28,820 --> 00:05:26,250

than a normal human state and I get to

138

00:05:31,760 --> 00:05:28,830

experience that in the channeling and so

139

00:05:34,879 --> 00:05:31,770

that rubs off on you over time and it it

140

00:05:35,899 --> 00:05:34,889

allows you to understand and diff things

141

00:05:39,350 --> 00:05:35,909

in a different way I've different

142

00:05:43,129 --> 00:05:39,360

perspective of reality and existence and

143

00:05:46,999 --> 00:05:43,139

creation and it just balances me out and

144

00:05:50,810 --> 00:05:47,009

it gives me a different understanding of

145

00:05:53,209 --> 00:05:50,820

what life is what we're here for how we

146

00:05:56,240 --> 00:05:53,219

can create our reality the way we prefer

147

00:05:58,070 --> 00:05:56,250

to I mean it's just profoundly changed

148

00:06:02,659 --> 00:05:58,080

the way I think about things and the way

149

00:06:04,459 --> 00:06:02,669

I feel about my life yeah I mean what I

150

00:06:06,439 --> 00:06:04,469

was taught in the channel in class was

151
00:06:08,270 --> 00:06:06,449
how to adjust my brainwave frequencies

152
00:06:10,189 --> 00:06:08,280
to be something that's a little bit

153
00:06:13,670 --> 00:06:10,199
closer to the level that he operates on

154
00:06:16,070 --> 00:06:13,680
so it's kind of like getting two tuning

155
00:06:18,499 --> 00:06:16,080
forks to vibrate in synchronous harmony

156
00:06:21,920 --> 00:06:18,509
and when I match the certain frequency

157
00:06:24,170 --> 00:06:21,930
then in essence I'm having the kind of

158
00:06:26,300 --> 00:06:24,180
thoughts that he's having they

159
00:06:27,920 --> 00:06:26,310
automatically come into my brain in the

160
00:06:31,490 --> 00:06:27,930
way that he would think and you get a

161
00:06:33,620 --> 00:06:31,500
model of his personality made out of my

162
00:06:35,269 --> 00:06:33,630
energy out of my consciousness and I

163
00:06:37,909 --> 00:06:35,279

start sort of functioning as a

164

00:06:39,170 --> 00:06:37,919

biological translation device for the

165

00:06:40,690 --> 00:06:39,180

thoughts that he's having he's not

166

00:06:42,910 --> 00:06:40,700

speaking he's not here

167

00:06:44,890 --> 00:06:42,920

he's not in my body that's a very

168

00:06:47,740 --> 00:06:44,900

old-fashioned sort of outdated way of

169

00:06:49,510 --> 00:06:47,750

looking at the idea of channeling it's

170

00:06:52,030 --> 00:06:49,520

just that we're locking into a

171

00:06:53,440 --> 00:06:52,040

synchronous harmony and so whatever

172

00:06:54,580 --> 00:06:53,450

thoughts he's having are the same

173

00:06:56,980 --> 00:06:54,590

thoughts that are running through my

174

00:06:58,810 --> 00:06:56,990

brain which just get automatically

175

00:07:00,900 --> 00:06:58,820

translated into the language that I was

176
00:07:03,640 --> 00:07:00,910
raised to understand which is English

177
00:07:04,930 --> 00:07:03,650
but I'm in kind of a daydream state

178
00:07:07,060 --> 00:07:04,940
while it's happening I know there's

179
00:07:09,400 --> 00:07:07,070
something going on but I'm really here

180
00:07:10,780 --> 00:07:09,410
the words in much the same way that if

181
00:07:12,340 --> 00:07:10,790
you're daydreaming and somebody calls

182
00:07:13,870 --> 00:07:12,350
your name and you have to you know they

183
00:07:16,030 --> 00:07:13,880
have to call your name three times where

184
00:07:17,920 --> 00:07:16,040
you hear them it's kind of like that I'm

185
00:07:20,140 --> 00:07:17,930
having an experience of imagery and

186
00:07:21,520 --> 00:07:20,150
feelings and concepts some of which may

187
00:07:25,690 --> 00:07:21,530
have nothing at all to do with what he's

188
00:07:28,990 --> 00:07:25,700

talking to the person about um but uh

189

00:07:30,610 --> 00:07:29,000

it's really just about now after I mean

190

00:07:32,110 --> 00:07:30,620

after 30 years of doing this I don't

191

00:07:34,450 --> 00:07:32,120

really have to do anything special all I

192

00:07:36,400 --> 00:07:34,460

have to do is just let the feeling come

193

00:07:38,800 --> 00:07:36,410

over me and I know that my brain is

194

00:07:41,440 --> 00:07:38,810

automatically shifting within you know

195

00:07:44,260 --> 00:07:41,450

sixty Seconds to that particular

196

00:07:46,740 --> 00:07:44,270

frequency which has been discovered to

197

00:07:49,060 --> 00:07:46,750

be the gamma frequency in the brain

198

00:07:51,910 --> 00:07:49,070

which I guess for lack of a better term

199

00:07:53,980 --> 00:07:51,920

is the channeling frequency and once you

200

00:07:55,450 --> 00:07:53,990

get into that state no matter how you

201
00:07:57,880 --> 00:07:55,460
express it whether you're connected to

202
00:08:00,280 --> 00:07:57,890
another entity your own higher mind just

203
00:08:02,380 --> 00:08:00,290
doing something creative um no matter

204
00:08:03,970 --> 00:08:02,390
how you express it that's the channeling

205
00:08:06,220 --> 00:08:03,980
state that allows you to access much

206
00:08:08,590 --> 00:08:06,230
more of your being or much more

207
00:08:09,970 --> 00:08:08,600
information to bring through for

208
00:08:11,920 --> 00:08:09,980
whatever purpose you wish to bring it

209
00:08:13,870 --> 00:08:11,930
through but that's basically how it

210
00:08:16,870 --> 00:08:13,880
happens for me at this point

211
00:08:19,180 --> 00:08:16,880
I just fall into it I I do think there

212
00:08:20,860 --> 00:08:19,190
will be an opportunity in my lifetime to

213
00:08:24,550 --> 00:08:20,870

actually meet Bashar face-to-face I've

214

00:08:26,860 --> 00:08:24,560

actually had uh three or four dream

215

00:08:28,330 --> 00:08:26,870

encounters with him where I'm actually

216

00:08:30,430 --> 00:08:28,340

conversing with him face to face

217

00:08:32,050 --> 00:08:30,440

and they're very different than a normal

218

00:08:34,690 --> 00:08:32,060

dream they have a very different sense

219

00:08:35,980 --> 00:08:34,700

of reality to them and that's all that's

220

00:08:38,680 --> 00:08:35,990

happening in the dream it's not like

221

00:08:40,060 --> 00:08:38,690

anything else that is going on it's

222

00:08:42,219 --> 00:08:40,070

literally like I'm having a conversation

223

00:08:47,680 --> 00:08:42,229

with him for a variety of reasons and

224

00:08:50,640 --> 00:08:47,690

he's demonstrating things to me so I

225

00:08:54,210 --> 00:08:50,650

think yes when I become

226

00:08:56,250 --> 00:08:54,220

more like my version of him when my

227

00:08:57,780 --> 00:08:56,260

energy is at the proper state and when

228

00:08:59,640 --> 00:08:57,790

of course it's the proper timing

229

00:09:01,860 --> 00:08:59,650

I do feel there's a high probability

230

00:09:03,960 --> 00:09:01,870

that I'll be able to actually

231

00:09:08,100 --> 00:09:03,970

communicate with him face to face when

232

00:09:09,360 --> 00:09:08,110

the timing is right you know I'm just

233

00:09:11,190 --> 00:09:09,370

going to put it sort of this way you

234

00:09:14,940 --> 00:09:11,200

know that whole idea of the alien

235

00:09:15,960 --> 00:09:14,950

invasion is really more of a science

236

00:09:18,660 --> 00:09:15,970

fiction idea

237

00:09:20,340 --> 00:09:18,670

I haven't sensed anything like that at

238

00:09:24,890 --> 00:09:20,350

least not from the beings that I'm

239

00:09:27,480 --> 00:09:24,900

connecting to the one thing is that

240

00:09:30,930 --> 00:09:27,490

bashar teaches about frequency and

241

00:09:32,880 --> 00:09:30,940

energy and he explains quite often that

242

00:09:35,640 --> 00:09:32,890

you can really only experience what

243

00:09:38,430 --> 00:09:35,650

you're on the same frequency level of so

244

00:09:40,620 --> 00:09:38,440

really if you just keep choosing to

245

00:09:42,630 --> 00:09:40,630

create a high level frequency a high

246

00:09:44,430 --> 00:09:42,640

level energy in your life for all

247

00:09:46,019 --> 00:09:44,440

intents and purposes you're invisible to

248

00:09:49,950 --> 00:09:46,029

anything that doesn't operate on that

249

00:09:51,870 --> 00:09:49,960

frequency so fear has a frequency too

250

00:09:53,160 --> 00:09:51,880

and if people give in to their fears

251
00:09:56,010 --> 00:09:53,170
that's something negative might happen

252
00:09:57,990 --> 00:09:56,020
you know that would maybe give them an

253
00:10:04,110 --> 00:09:58,000
opportunity to experience a kind of a

254
00:10:07,079 --> 00:10:04,120
more fearful way of relating to creation

255
00:10:09,480 --> 00:10:07,089
relating to the universe but I've never

256
00:10:11,760 --> 00:10:09,490
from the beginning had that fear I

257
00:10:14,750 --> 00:10:11,770
always understood based on my research

258
00:10:16,620 --> 00:10:14,760
that connecting to higher levels of

259
00:10:18,120 --> 00:10:16,630
consciousness and bringing through that

260
00:10:20,550 --> 00:10:18,130
kind of information was always a

261
00:10:22,410 --> 00:10:20,560
positive thing so I've never had any

262
00:10:23,850 --> 00:10:22,420
kind of a worry that anything negative

263
00:10:26,070 --> 00:10:23,860

would happen or that I would connect to

264

00:10:28,890 --> 00:10:26,080

anything that had a negative agenda and

265

00:10:32,010 --> 00:10:28,900

it has never expressed itself that way

266

00:10:34,940 --> 00:10:32,020

the information and the entity is always

267

00:10:38,910 --> 00:10:34,950

allowing loving empowering

268

00:10:40,860 --> 00:10:38,920

never wants to control anything in fact

269

00:10:44,130 --> 00:10:40,870

goes out of his way to make sure that

270

00:10:45,870 --> 00:10:44,140

people don't lock on to him and just pay

271

00:10:48,150 --> 00:10:45,880

attention to the information and use it

272

00:10:50,670 --> 00:10:48,160

in whatever way they need to to improve

273

00:10:53,610 --> 00:10:50,680

their lives bashar has recently

274

00:10:58,380 --> 00:10:53,620

explained that somewhere between the

275

00:11:00,600 --> 00:10:58,390

years of 2015 and 2017 he senses that

276

00:11:03,790 --> 00:11:00,610

it's likely that we're going to make

277

00:11:06,670 --> 00:11:03,800

some kind of a discovery where we will

278

00:11:09,670 --> 00:11:06,680

know for a fact that extraterrestrial

279

00:11:11,139 --> 00:11:09,680

life exists now he doesn't necessarily

280

00:11:13,630 --> 00:11:11,149

mean that UFOs will be landing

281

00:11:15,940 --> 00:11:13,640

everywhere he just means literally we

282

00:11:17,430 --> 00:11:15,950

will make a discovery that demonstrates

283

00:11:19,570 --> 00:11:17,440

that there is such a thing as

284

00:11:21,400 --> 00:11:19,580

extraterrestrial life I mean this could

285

00:11:23,769 --> 00:11:21,410

be a microbe for all we know we don't

286

00:11:25,480 --> 00:11:23,779

know what it is but basically he's

287

00:11:28,060 --> 00:11:25,490

saying that once we make that discovery

288

00:11:31,350 --> 00:11:28,070

and once we know that it's a fact that

289

00:11:34,030 --> 00:11:31,360

life can exist outside of our planet

290

00:11:36,430 --> 00:11:34,040

that's going to change the mindset of

291

00:11:39,430 --> 00:11:36,440

our population we're going to now not

292

00:11:42,790 --> 00:11:39,440

wonder if ETS can exist we'll know they

293

00:11:44,470 --> 00:11:42,800

can exist and in that change in our

294

00:11:48,250 --> 00:11:44,480

mindset he said that'll help accelerate

295

00:11:50,400 --> 00:11:48,260

our energy in such a way as to make open

296

00:11:54,069 --> 00:11:50,410

contact with an actual extraterrestrial

297

00:11:57,009 --> 00:11:54,079

civilization much more likely much more

298

00:12:02,110 --> 00:11:57,019

probable to occur between the years of

299

00:12:05,100 --> 00:12:02,120

2025 and 2033 well you know the bechard

300

00:12:07,569 --> 00:12:05,110

doesn't really like to make predictions

301

00:12:09,579 --> 00:12:07,579

per se because he's basically saying

302

00:12:11,949 --> 00:12:09,589

there really is no such thing as a

303

00:12:14,440 --> 00:12:11,959

prediction of the future because things

304

00:12:18,430 --> 00:12:14,450

are always moving but a lot of times

305

00:12:20,410 --> 00:12:18,440

there are certain circumstances that

306

00:12:24,579 --> 00:12:20,420

have a lot of energy a lot of momentum

307

00:12:28,360 --> 00:12:24,589

behind them because of our desires our

308

00:12:31,210 --> 00:12:28,370

decisions our choices and sometimes they

309

00:12:35,380 --> 00:12:31,220

can sense energy patterns to the degree

310

00:12:37,569 --> 00:12:35,390

that certain paths may seem to have so

311

00:12:41,199 --> 00:12:37,579

much energy behind them that they seem

312

00:12:43,600 --> 00:12:41,209

unlikely to change direction and it's

313

00:12:46,000 --> 00:12:43,610

only those that have that much certainty

314

00:12:48,310 --> 00:12:46,010

behind them that he'll say okay this

315

00:12:51,430 --> 00:12:48,320

seems highly probable it seems unlikely

316

00:12:53,019 --> 00:12:51,440

to change of course even when you make a

317

00:12:54,730 --> 00:12:53,029

prediction you're changing the energy

318

00:12:56,680 --> 00:12:54,740

because you're letting people know where

319

00:12:59,110 --> 00:12:56,690

the energy is so if they want to change

320

00:13:01,420 --> 00:12:59,120

it they can now that they're aware of it

321

00:13:04,150 --> 00:13:01,430

he usually doesn't make a prediction

322

00:13:06,460 --> 00:13:04,160

unless there's so much energy behind it

323

00:13:08,199 --> 00:13:06,470

that it's highly probable that some

324

00:13:10,980 --> 00:13:08,209

version of what he's sensing will

325

00:13:13,990 --> 00:13:10,990

probably come to pass he actually in

326

00:13:15,350 --> 00:13:14,000

1998 and this is actually on a recording

327

00:13:17,329 --> 00:13:15,360

that we did in one

328

00:13:19,160 --> 00:13:17,339

and he actually did predict that there

329

00:13:21,799 --> 00:13:19,170

would likely be a terrorist attack on

330

00:13:26,710 --> 00:13:21,809

New York sometime before the end of 2001

331

00:13:29,689 --> 00:13:26,720

so that clearly I guess for him had a

332

00:13:34,879 --> 00:13:29,699

little chance of going in any other

333

00:13:36,470 --> 00:13:34,889

direction unfortunately but with regard

334

00:13:39,379 --> 00:13:36,480

to open contact he seems to be pretty

335

00:13:41,979 --> 00:13:39,389

stable about the window of twenty twenty

336

00:13:46,400 --> 00:13:41,989

five to twenty thirty three right now

337

00:13:48,530 --> 00:13:46,410

Bashar has told a story about the idea

338

00:13:51,229 --> 00:13:48,540

of alien abductions that's very unusual

339

00:13:54,309 --> 00:13:51,239

and as far as I know it's relatively

340

00:13:58,579 --> 00:13:54,319

unique in the extra-terrestrial field

341

00:14:00,939 --> 00:13:58,589

his basic take on the story is that the

342

00:14:05,389 --> 00:14:00,949

beings that we call the greys are not

343

00:14:07,369 --> 00:14:05,399

actually alien per se he says that

344

00:14:10,389 --> 00:14:07,379

they're a mutated race of humans from a

345

00:14:12,559 --> 00:14:10,399

parallel earth that destroyed themselves

346

00:14:13,759 --> 00:14:12,569

destroyed themselves to the point where

347

00:14:15,679 --> 00:14:13,769

they were no longer even able to

348

00:14:18,470 --> 00:14:15,689

reproduce and they mutated into their

349

00:14:20,900 --> 00:14:18,480

present form in order to survive but the

350

00:14:23,150 --> 00:14:20,910

race was dying out and in order to

351

00:14:26,419 --> 00:14:23,160

preserve themselves they knew they

352

00:14:29,900 --> 00:14:26,429

needed viable human DNA to interject

353

00:14:31,159 --> 00:14:29,910

back into their genetic makeup so they

354

00:14:32,780 --> 00:14:31,169

knew they didn't have it in their

355

00:14:35,389 --> 00:14:32,790

reality anymore so they used their

356

00:14:37,280 --> 00:14:35,399

advanced technology to sort of shift

357

00:14:39,859 --> 00:14:37,290

over into other parallel realities such

358

00:14:42,169 --> 00:14:39,869

as ours where humans as we know them

359

00:14:44,119 --> 00:14:42,179

still exist and therefore the alien

360

00:14:46,009 --> 00:14:44,129

abductions are primarily for the purpose

361

00:14:48,289 --> 00:14:46,019

of extracting genetic material to

362

00:14:50,179 --> 00:14:48,299

introduce into their society and create

363

00:14:52,970 --> 00:14:50,189

a hybrid race of which Bashar's

364

00:14:54,829 --> 00:14:52,980

civilization is one of those hybrid

365

00:14:57,769 --> 00:14:54,839

civilizations in order to perpetuate

366

00:15:01,340 --> 00:14:57,779

their culture but they've also realized

367

00:15:03,949 --> 00:15:01,350

by being here that we kind of seem to be

368

00:15:06,019 --> 00:15:03,959

going down a lot of parallel paths to

369

00:15:09,079 --> 00:15:06,029

the way the greys went we're destroying

370

00:15:12,379 --> 00:15:09,089

our planet in a number of ways we're

371

00:15:15,679 --> 00:15:12,389

causing all sorts of diseases to amplify

372

00:15:18,650 --> 00:15:15,689

and magnify with it ourselves and so the

373

00:15:19,999 --> 00:15:18,660

hybrids see that we're kind of heading

374

00:15:22,939 --> 00:15:20,009

in the same direction that the greys

375

00:15:25,460 --> 00:15:22,949

went and so they're attempting to share

376

00:15:29,000 --> 00:15:25,470

this information with us and help us

377

00:15:32,150 --> 00:15:29,010

avoid that path so it's a very

378

00:15:35,270 --> 00:15:32,160

Sting's story and and one that has a lot

379

00:15:37,340 --> 00:15:35,280

of sort of cautionary tale to it but one

380

00:15:40,910 --> 00:15:37,350

that also has a lot of hope in it

381

00:15:42,350 --> 00:15:40,920

well Bashar has explained that as far as

382

00:15:44,060 --> 00:15:42,360

he knows there are five hybrid

383

00:15:46,760 --> 00:15:44,070

civilizations that have been created by

384

00:15:48,340 --> 00:15:46,770

the greys the first one created are

385

00:15:51,200 --> 00:15:48,350

probably very much more like the greys

386

00:15:53,180 --> 00:15:51,210

Bashar civilization was the third hybrid

387

00:15:55,370 --> 00:15:53,190

race created so they're kind of in

388

00:15:58,820 --> 00:15:55,380

between us and the greys in terms of

389

00:16:02,510 --> 00:15:58,830

their appearance and the newest one the

390

00:16:06,590 --> 00:16:02,520

fifth hybrid civilization which he says

391

00:16:09,110 --> 00:16:06,600

are called the AL are probably most like

392

00:16:11,270 --> 00:16:09,120

us they may almost look human enough to

393

00:16:15,860 --> 00:16:11,280

pass among us even though they still

394

00:16:17,720 --> 00:16:15,870

have hybrid traits but he has said that

395

00:16:20,510 --> 00:16:17,730

the yell is likely to be the first

396

00:16:22,910 --> 00:16:20,520

hybrid civilization we will have contact

397

00:16:25,910 --> 00:16:22,920

with Bashar's race would probably be

398

00:16:27,430 --> 00:16:25,920

this the third hybrid civilization not

399

00:16:29,330 --> 00:16:27,440

to say there won't be other

400

00:16:31,790 --> 00:16:29,340

extraterrestrial races we might also

401
00:16:33,470 --> 00:16:31,800
have contact with but in terms of these

402
00:16:35,840 --> 00:16:33,480
hybrid races that are genetically

403
00:16:37,910 --> 00:16:35,850
connected to us that in a sense are

404
00:16:41,450 --> 00:16:37,920
extensions of our family genetically

405
00:16:44,690 --> 00:16:41,460
speaking um he's explained about the the

406
00:16:46,490 --> 00:16:44,700
Yael and he's explained about his he

407
00:16:48,350 --> 00:16:46,500
won't talk much about the others yet

408
00:16:52,310 --> 00:16:48,360
because he says it's just premature

409
00:16:54,880 --> 00:16:52,320
um Bashar has talked about several

410
00:16:59,000 --> 00:16:54,890
different races he's talked about the

411
00:17:00,500 --> 00:16:59,010
ancient Anunnaki which supposedly were

412
00:17:02,870 --> 00:17:00,510
the ones that introduced their genetic

413
00:17:05,210 --> 00:17:02,880

material into the naturally evolved

414

00:17:08,329 --> 00:17:05,220

hominid species on the earth in order to

415

00:17:11,840 --> 00:17:08,339

create the human being he's talked about

416

00:17:14,060 --> 00:17:11,850

beings from Sirius he's talked about

417

00:17:15,590 --> 00:17:14,070

beings from the Orion systems he's

418

00:17:17,870 --> 00:17:15,600

talked about beings from the Pleiadian

419

00:17:19,699 --> 00:17:17,880

systems he's talked about consciousness

420

00:17:21,710 --> 00:17:19,709

connected to Arcturus

421

00:17:25,460 --> 00:17:21,720

of course he's talked about the

422

00:17:28,840 --> 00:17:25,470

different hybrid races um he's mentioned

423

00:17:31,640 --> 00:17:28,850

a few others that we really know nothing

424

00:17:32,870 --> 00:17:31,650

about but he's been willing to tell us

425

00:17:35,890 --> 00:17:32,880

about some of the other races that

426
00:17:38,890 --> 00:17:35,900
they've encountered in their exploration

427
00:17:42,220 --> 00:17:38,900
either races that belong to their

428
00:17:45,310 --> 00:17:42,230
interstellar alliance or races that they

429
00:17:47,020 --> 00:17:45,320
recently discovered some of which he's

430
00:17:49,480 --> 00:17:47,030
told us what they look like and what

431
00:17:50,980 --> 00:17:49,490
they're named some of which he's sort of

432
00:17:54,010 --> 00:17:50,990
described what they're like but hasn't

433
00:17:57,730 --> 00:17:54,020
told us much about them but I'd say over

434
00:17:59,590 --> 00:17:57,740
the course of the 30 years you know he

435
00:18:01,570 --> 00:17:59,600
might have touched on as many as about

436
00:18:04,299 --> 00:18:01,580
maybe 10 different extraterrestrial

437
00:18:07,390 --> 00:18:04,309
races although he said there are many

438
00:18:09,669 --> 00:18:07,400

many more out there well it's possible

439

00:18:11,560 --> 00:18:09,679

we are in contact with other races that

440

00:18:13,539 --> 00:18:11,570

are not part of Bashar's alliance there

441

00:18:17,020 --> 00:18:13,549

are from his point of view actually many

442

00:18:19,510 --> 00:18:17,030

different alliances and from their point

443

00:18:21,880 --> 00:18:19,520

of view the purpose of an alliance is

444

00:18:24,789 --> 00:18:21,890

not so much as strength against

445

00:18:27,520 --> 00:18:24,799

something else but to expand their

446

00:18:30,760 --> 00:18:27,530

ability to know more to explore more to

447

00:18:33,789 --> 00:18:30,770

become more because you know when anyone

448

00:18:36,850 --> 00:18:33,799

joins with someone else for positive

449

00:18:38,770 --> 00:18:36,860

purposes it's like you become more than

450

00:18:42,730 --> 00:18:38,780

the sum of the parts you extend yourself

451
00:18:45,220 --> 00:18:42,740
in ways that creates a new third kind of

452
00:18:46,990 --> 00:18:45,230
reality that allows you to do things

453
00:18:49,870 --> 00:18:47,000
that neither of the other races

454
00:18:51,480 --> 00:18:49,880
individually can necessarily achieve so

455
00:18:53,970 --> 00:18:51,490
they really look at it as as

456
00:18:55,930 --> 00:18:53,980
exponentially stepping up their game

457
00:18:59,169 --> 00:18:55,940
exponentially stepping up their ability

458
00:19:01,720 --> 00:18:59,179
to explore creation in a much broader

459
00:19:03,070 --> 00:19:01,730
way by joining with other beings that

460
00:19:06,909 --> 00:19:03,080
have different points of view and can

461
00:19:11,440 --> 00:19:06,919
bring other perspectives of the story of

462
00:19:13,200 --> 00:19:11,450
existence into their reality and vice

463
00:19:15,730 --> 00:19:13,210

versa

464

00:19:18,220 --> 00:19:15,740

basically Bashar has said with respect

465

00:19:19,450 --> 00:19:18,230

to the idea of who it is we're finding

466

00:19:21,909 --> 00:19:19,460

ourselves in contact with

467

00:19:24,940 --> 00:19:21,919

extraterrestrial II you know we've put

468

00:19:28,180 --> 00:19:24,950

out an invitation we now are knowing

469

00:19:31,510 --> 00:19:28,190

that there's more to reality than just

470

00:19:35,289 --> 00:19:31,520

us there's more to reality than just our

471

00:19:38,049 --> 00:19:35,299

physical necessity now know there must

472

00:19:40,270 --> 00:19:38,059

be other extraterrestrial races as soon

473

00:19:42,549 --> 00:19:40,280

as the civilization starts to understand

474

00:19:45,310 --> 00:19:42,559

that we give off a different frequency

475

00:19:48,190 --> 00:19:45,320

and that frequency is responded to by

476

00:19:51,190 --> 00:19:48,200

them like an invitation but they also

477

00:19:54,610 --> 00:19:51,200

know they have to do it at a rate and in

478

00:19:56,440 --> 00:19:54,620

a manner that doesn't force them on us

479

00:19:58,690 --> 00:19:56,450

that just allow

480

00:20:00,400 --> 00:19:58,700

us to sort of absorb the idea of the

481

00:20:03,670 --> 00:20:00,410

reality of their existence at our own

482

00:20:05,500 --> 00:20:03,680

pace so that it doesn't damage our

483

00:20:08,320 --> 00:20:05,510

society doesn't change our way of life

484

00:20:10,750 --> 00:20:08,330

in ways that we don't want it to but

485

00:20:13,290 --> 00:20:10,760

they have done this for hundreds and

486

00:20:16,960 --> 00:20:13,300

hundreds and thousands of years they

487

00:20:19,780 --> 00:20:16,970

recognize us as a potential candidate

488

00:20:23,020 --> 00:20:19,790

for joining the Alliance because of the

489

00:20:25,690 --> 00:20:23,030

way we put ourselves out there in terms

490

00:20:31,000 --> 00:20:25,700

of what it is we seek to become a part

491

00:20:33,220 --> 00:20:31,010

of so I think while it's possible there

492

00:20:35,110 --> 00:20:33,230

may be individual races that have

493

00:20:38,020 --> 00:20:35,120

contacted instead of nothing to do

494

00:20:40,290 --> 00:20:38,030

with an alliance the Alliance's are also

495

00:20:42,790 --> 00:20:40,300

going to notice us and they're going to

496

00:20:44,860 --> 00:20:42,800

believe that if we get to the point

497

00:20:46,360 --> 00:20:44,870

where we choose to join them it's going

498

00:20:48,220 --> 00:20:46,370

to make the alliance stronger and it's

499

00:20:50,050 --> 00:20:48,230

going to make us stronger and besides

500

00:20:52,030 --> 00:20:50,060

which it's like like I said since we're

501
00:20:53,190 --> 00:20:52,040
genetically connected it's sort of like

502
00:20:57,070 --> 00:20:53,200
rejoining family

503
00:21:00,940 --> 00:20:57,080
Beshara society functions on an extreme

504
00:21:03,460 --> 00:21:00,950
amount of synchronicity because they are

505
00:21:05,650 --> 00:21:03,470
all their full individual selves they

506
00:21:08,530 --> 00:21:05,660
have no hesitation to be who they truly

507
00:21:11,370 --> 00:21:08,540
are or act on their joy their passion

508
00:21:14,860 --> 00:21:11,380
their excitement their entire society

509
00:21:16,720 --> 00:21:14,870
has the ability to automatically and

510
00:21:19,240 --> 00:21:16,730
synchronistically interact with each

511
00:21:21,660 --> 00:21:19,250
other to be exactly where they need to

512
00:21:24,100 --> 00:21:21,670
be exactly when they need to be they're

513
00:21:26,710 --> 00:21:24,110

running into exactly who they need to

514

00:21:28,210 --> 00:21:26,720

run into working with exactly who they

515

00:21:30,850 --> 00:21:28,220

need to work with at exactly the right

516

00:21:32,920 --> 00:21:30,860

place on the right time there's very

517

00:21:35,290 --> 00:21:32,930

little in the way of planning or

518

00:21:37,840 --> 00:21:35,300

organization on their planet because the

519

00:21:40,630 --> 00:21:37,850

organization is built into the structure

520

00:21:43,410 --> 00:21:40,640

of existence and by really living in the

521

00:21:45,820 --> 00:21:43,420

moment and really living their true

522

00:21:48,130 --> 00:21:45,830

selves and existing at their true

523

00:21:49,770 --> 00:21:48,140

frequency they can take advantage of

524

00:21:52,440 --> 00:21:49,780

sort of riding that wave that

525

00:21:54,700 --> 00:21:52,450

synchronistic organ is a organizing wave

526

00:21:57,310 --> 00:21:54,710

that automatically exists within

527

00:22:00,340 --> 00:21:57,320

creation so they just are flowing and

528

00:22:02,050 --> 00:22:00,350

they just find themselves winding up

529

00:22:03,250 --> 00:22:02,060

exactly where they need to when they

530

00:22:06,510 --> 00:22:03,260

need to be they're doing what they need

531

00:22:08,460 --> 00:22:06,520

to do it's an amazing kind of

532

00:22:10,770 --> 00:22:08,470

yeah well I mean Bashar has described

533

00:22:12,570 --> 00:22:10,780

his world of SS Ani and it's in an

534

00:22:14,160 --> 00:22:12,580

alternate universe so you know it we

535

00:22:15,990 --> 00:22:14,170

can't see it unless we shift to their

536

00:22:17,520 --> 00:22:16,000

particular reality but em from their

537

00:22:19,980 --> 00:22:17,530

point of view it's a physical universe

538

00:22:22,350 --> 00:22:19,990

like ours is and their planet orbits a

539

00:22:23,910 --> 00:22:22,360

star like ours does it's similar to

540

00:22:26,580 --> 00:22:23,920

Earth in certain ways and different in

541

00:22:28,650 --> 00:22:26,590

other ways he has said you know with

542

00:22:31,380 --> 00:22:28,660

slight adjustments we could go there we

543

00:22:33,150 --> 00:22:31,390

could live there uh their atmosphere is

544

00:22:35,100 --> 00:22:33,160

a little bit more oxygen-rich than ours

545

00:22:40,890 --> 00:22:35,110

we might be a little dizzy at first

546

00:22:42,690 --> 00:22:40,900

until we acclimate but their planet also

547

00:22:45,930 --> 00:22:42,700

doesn't have as many seasons really as

548

00:22:48,360 --> 00:22:45,940

we do it's mostly temperate and the

549

00:22:49,950 --> 00:22:48,370

planet itself is mostly left natural

550

00:22:52,050 --> 00:22:49,960

they don't really build permanent

551
00:22:54,480 --> 00:22:52,060
structures permanent cities on their

552
00:22:57,150 --> 00:22:54,490
planet their cities are really their

553
00:22:58,590 --> 00:22:57,160
spaceships they have these huge city

554
00:23:00,690 --> 00:22:58,600
ships that can hold hundreds of

555
00:23:03,870 --> 00:23:00,700
thousands of people that they use to

556
00:23:05,910 --> 00:23:03,880
explore the galaxy and they leave their

557
00:23:07,530 --> 00:23:05,920
planet in a relatively natural state and

558
00:23:10,080 --> 00:23:07,540
so when they're on their planet

559
00:23:12,480 --> 00:23:10,090
basically they're basically on a let's

560
00:23:15,690 --> 00:23:12,490
say like a natural park no matter where

561
00:23:17,840 --> 00:23:15,700
they go and they enjoy nature in that

562
00:23:21,210 --> 00:23:17,850
way they commune with nature in that way

563
00:23:23,610 --> 00:23:21,220

but most of their work is done on the

564

00:23:25,590 --> 00:23:23,620

ships you know I'm not sure Bashar has

565

00:23:27,390 --> 00:23:25,600

ever really talked about the idea of

566

00:23:30,300 --> 00:23:27,400

having a defense mechanism now it's

567

00:23:33,330 --> 00:23:30,310

quite possible the ships have some sort

568

00:23:35,430 --> 00:23:33,340

of force field but that might be just to

569

00:23:38,010 --> 00:23:35,440

avoid things like micro meteorites and

570

00:23:39,840 --> 00:23:38,020

things like that he's never said they

571

00:23:43,370 --> 00:23:39,850

have any kind of weaponry or anything

572

00:23:45,960 --> 00:23:43,380

like that so if they do have things like

573

00:23:48,780 --> 00:23:45,970

shields electromagnetic shields it's

574

00:23:51,360 --> 00:23:48,790

probably not really for defense as much

575

00:23:53,880 --> 00:23:51,370

as it is simply for the safety of the

576
00:23:56,790 --> 00:23:53,890
ship in navigating through space Bashar

577
00:23:59,010 --> 00:23:56,800
has explained that one of the things

578
00:24:01,890 --> 00:23:59,020
he's doing here in his Scout craft is

579
00:24:05,790 --> 00:24:01,900
he's in a stationary orbit over the city

580
00:24:07,170 --> 00:24:05,800
we know as Sedona Arizona and there are

581
00:24:08,910 --> 00:24:07,180
several other ships around the world

582
00:24:11,430 --> 00:24:08,920
that are also sort of positioned over

583
00:24:13,740 --> 00:24:11,440
different vortices different energy

584
00:24:16,950 --> 00:24:13,750
spots on the earth of which Sedona is a

585
00:24:18,900 --> 00:24:16,960
very powerful one an energy vortex

586
00:24:20,340 --> 00:24:18,910
they're helping to balance the energy of

587
00:24:22,710 --> 00:24:20,350
the earth so that they can help us go

588
00:24:25,380 --> 00:24:22,720

through this transformational age in a

589

00:24:29,100 --> 00:24:25,390

smoother way not experience so much

590

00:24:31,620 --> 00:24:29,110

abruptness or you know disastrous ways

591

00:24:34,140 --> 00:24:31,630

of going through change so they're

592

00:24:36,060 --> 00:24:34,150

helping to smooth that energy up but his

593

00:24:39,000 --> 00:24:36,070

ship is also acting as a kind of a

594

00:24:42,240 --> 00:24:39,010

barometer the closer I mean I think he

595

00:24:43,800 --> 00:24:42,250

started out at a certain height than you

596

00:24:46,260 --> 00:24:43,810

know several thousand miles above the

597

00:24:48,660 --> 00:24:46,270

surface of the earth but he said that as

598

00:24:51,990 --> 00:24:48,670

we make certain changes and as we become

599

00:24:54,480 --> 00:24:52,000

more integrated and unified and closer

600

00:24:57,360 --> 00:24:54,490

to the kind of people that might be able

601
00:24:59,430 --> 00:24:57,370
to actually have contact with them his

602
00:25:01,020 --> 00:24:59,440
ship actually gets lower and lower and

603
00:25:03,600 --> 00:25:01,030
lower and comes closer and closer and

604
00:25:05,310 --> 00:25:03,610
closer to the surface as an indication

605
00:25:08,550 --> 00:25:05,320
that we're getting closer and closer and

606
00:25:10,410 --> 00:25:08,560
closer to contact and you know it'll

607
00:25:13,200 --> 00:25:10,420
fluctuate a little bit sometimes up and

608
00:25:15,060 --> 00:25:13,210
down but I know that it's it shifted at

609
00:25:18,240 --> 00:25:15,070
least a couple of thousand miles since

610
00:25:21,660 --> 00:25:18,250
he started and still I think it's you

611
00:25:26,370 --> 00:25:21,670
know maybe 1700 to 2,000 miles above the

612
00:25:29,280 --> 00:25:26,380
surface but you know it's interesting to

613
00:25:30,960 --> 00:25:29,290

see it as a symbol of how close we may

614

00:25:34,950 --> 00:25:30,970

be getting to be able to actually meet

615

00:25:36,960 --> 00:25:34,960

them face to face from Bashar's point of

616

00:25:38,460 --> 00:25:36,970

view you know everyone on the earth

617

00:25:40,650 --> 00:25:38,470

right now well everyone on the earth a

618

00:25:42,840 --> 00:25:40,660

lot of people in metaphysics right now

619

00:25:46,440 --> 00:25:42,850

are very hot on the idea of the law of

620

00:25:48,420 --> 00:25:46,450

attraction and that's great it is one of

621

00:25:51,630 --> 00:25:48,430

the laws as Bashar has explained it it's

622

00:25:53,190 --> 00:25:51,640

it's what you know he calls uh basically

623

00:25:59,760 --> 00:25:53,200

what you put out is what you get back

624

00:26:03,510 --> 00:25:59,770

it's in his mind a natural law and he's

625

00:26:05,010 --> 00:26:03,520

saying it's not it's not wrong the way

626

00:26:07,440 --> 00:26:05,020

we're defining it in the sense of

627

00:26:09,240 --> 00:26:07,450

realizing yes you have to be in a

628

00:26:11,190 --> 00:26:09,250

certain frequency state in order to

629

00:26:14,610 --> 00:26:11,200

attract things that are relevant to that

630

00:26:16,530 --> 00:26:14,620

frequency state that's not incorrect but

631

00:26:18,269 --> 00:26:16,540

he's basically saying that's not the

632

00:26:21,989 --> 00:26:18,279

whole picture

633

00:26:24,269 --> 00:26:21,999

to him the real explanation the real

634

00:26:27,899 --> 00:26:24,279

mechanism at work behind the law of

635

00:26:30,659 --> 00:26:27,909

attraction is each and every one of us

636

00:26:33,389 --> 00:26:30,669

already has what he might refer to as a

637

00:26:35,909 --> 00:26:33,399

signature frequency that represents who

638

00:26:38,639 --> 00:26:35,919

we are the unique being each of us is

639

00:26:41,580 --> 00:26:38,649

and we're constantly vibrating at that

640

00:26:45,259 --> 00:26:41,590

frequency we're giving that energy off

641

00:26:49,669 --> 00:26:45,269

like a lighthouse beacon we never stop

642

00:26:54,089 --> 00:26:49,679

so all the things that are already

643

00:26:57,719 --> 00:26:54,099

vibrating in a chord to that true core

644

00:27:00,899 --> 00:26:57,729

frequency are already doing their utmost

645

00:27:04,190 --> 00:27:00,909

to try and get to us and manifest to us

646

00:27:06,690 --> 00:27:04,200

and all the things that are not

647

00:27:08,999 --> 00:27:06,700

vibrating at our core true frequency are

648

00:27:12,149 --> 00:27:09,009

doing their utmost to get as far away

649

00:27:15,779 --> 00:27:12,159

from us as they possibly can so it's not

650

00:27:20,219 --> 00:27:15,789

so much that we have to learn to be the

651
00:27:25,049 --> 00:27:20,229
vibration to attract we have to learn to

652
00:27:26,969 --> 00:27:25,059
stop holding those things away and we

653
00:27:28,979 --> 00:27:26,979
have to learn to stop holding onto

654
00:27:31,379 --> 00:27:28,989
things that are trying to get away from

655
00:27:33,119 --> 00:27:31,389
us so the mechanism is almost the

656
00:27:34,919 --> 00:27:33,129
opposite of what people think

657
00:27:36,810 --> 00:27:34,929
it's not that we have to do anything

658
00:27:38,489 --> 00:27:36,820
special to be the vibration to attract

659
00:27:40,889 --> 00:27:38,499
what we prefer because we're already at

660
00:27:42,779 --> 00:27:40,899
that level we just have to stop getting

661
00:27:46,109 --> 00:27:42,789
in our way and stop holding those things

662
00:27:48,899 --> 00:27:46,119
at bay and just allow them to come to us

663
00:27:51,149 --> 00:27:48,909

and allow the things that are not us to

664

00:27:53,359 --> 00:27:51,159

go just have to let them go so it's

665

00:27:56,219 --> 00:27:53,369

really a process of letting go and

666

00:27:58,169 --> 00:27:56,229

allowing rather than trying to figure

667

00:28:00,419 --> 00:27:58,179

out how to be a vibration to attract

668

00:28:00,959 --> 00:28:00,429

that's the real basis of the law of

669

00:28:06,389 --> 00:28:00,969

attraction

670

00:28:08,039 --> 00:28:06,399

according to Bashar Karma Bashar really

671

00:28:10,709 --> 00:28:08,049

has talked about the idea that karma is

672

00:28:12,539 --> 00:28:10,719

self-imposed it's not a punishment it's

673

00:28:14,430 --> 00:28:12,549

just an issue of balance it's

674

00:28:16,919 --> 00:28:14,440

recognizing that maybe we've made

675

00:28:18,690 --> 00:28:16,929

choices that are not necessarily in

676
00:28:21,479 --> 00:28:18,700
alignment with who we prefer to be the

677
00:28:25,049 --> 00:28:21,489
vibrational state that we prefer to be

678
00:28:26,729 --> 00:28:25,059
in and therefore in the recognition that

679
00:28:27,940 --> 00:28:26,739
we might be out of alignment with

680
00:28:31,420 --> 00:28:27,950
ourselves

681
00:28:34,660 --> 00:28:31,430
making the choice to do something to

682
00:28:36,910 --> 00:28:34,670
take an action to go into a state of

683
00:28:40,830 --> 00:28:36,920
being that brings us back into alignment

684
00:28:43,000 --> 00:28:40,840
is really all karma is about it's just

685
00:28:46,660 --> 00:28:43,010
rebalancing ourselves it's making the

686
00:28:50,170 --> 00:28:46,670
choice to be who we are in the

687
00:28:52,630 --> 00:28:50,180
recognition by comparing it to what we

688
00:28:54,190 --> 00:28:52,640

are not and it's that recognition it's

689

00:28:56,410 --> 00:28:54,200

that allows that willingness to

690

00:28:59,170 --> 00:28:56,420

recognize the difference and be willing

691

00:29:01,500 --> 00:28:59,180

to move in the direction that is more

692

00:29:04,690 --> 00:29:01,510

representative of who we truly are that

693

00:29:07,840 --> 00:29:04,700

we have somehow as a society summed up

694

00:29:09,880 --> 00:29:07,850

as the idea of karma but it's just an

695

00:29:13,240 --> 00:29:09,890

energy momentum it's just an energy

696

00:29:16,030 --> 00:29:13,250

balancing yeah as Bashara explains that

697

00:29:19,660 --> 00:29:16,040

belief systems are extremely important

698

00:29:21,850 --> 00:29:19,670

because how we define our reality what

699

00:29:23,560 --> 00:29:21,860

we believe to be true is how we

700

00:29:26,020 --> 00:29:23,570

experience our physical reality because

701

00:29:28,060 --> 00:29:26,030

physical reality doesn't really exist

702

00:29:30,280 --> 00:29:28,070

on its own it's a projection of our

703

00:29:33,400 --> 00:29:30,290

consciousness it's a mirror it's a

704

00:29:36,000 --> 00:29:33,410

reflection and what we believe to be

705

00:29:38,200 --> 00:29:36,010

true is what we're giving off and

706

00:29:40,090 --> 00:29:38,210

physical reality has no choice but to

707

00:29:43,030 --> 00:29:40,100

reflect back to us what we're giving off

708

00:29:45,220 --> 00:29:43,040

so it's very important to get in touch

709

00:29:46,810 --> 00:29:45,230

with beliefs that might be out of

710

00:29:51,160 --> 00:29:46,820

alignment with who we prefer to be

711

00:29:52,660 --> 00:29:51,170

fear-based beliefs limiting beliefs that

712

00:29:55,120 --> 00:29:52,670

don't allow us to be who we really

713

00:29:57,520 --> 00:29:55,130

prefer to be find out what they are

714

00:29:59,860 --> 00:29:57,530

identify them consciously and let them

715

00:30:01,270 --> 00:29:59,870

go and replace them with beliefs that

716

00:30:03,340 --> 00:30:01,280

are more in keeping with who we prefer

717

00:30:06,310 --> 00:30:03,350

to be so that our physical reality can

718

00:30:07,570 --> 00:30:06,320

reflect those beliefs to us instead of

719

00:30:09,970 --> 00:30:07,580

the beliefs that we may have been

720

00:30:11,650 --> 00:30:09,980

brought up to believe are true but

721

00:30:14,680 --> 00:30:11,660

really don't serve us very well and

722

00:30:18,220 --> 00:30:14,690

maybe even be very contradictory to who

723

00:30:21,190 --> 00:30:18,230

it is we are at our core well

724

00:30:23,560 --> 00:30:21,200

synchronicity is really physical

725

00:30:25,270 --> 00:30:23,570

realities space time way of showing is

726

00:30:28,060 --> 00:30:25,280

that everything is actually one thing

727

00:30:29,950 --> 00:30:28,070

everything is actually connected it has

728

00:30:32,650 --> 00:30:29,960

to still do it in a space-time framework

729

00:30:36,340 --> 00:30:32,660

even though everything exists all at

730

00:30:38,260 --> 00:30:36,350

once but synchronicity is what you start

731

00:30:40,620 --> 00:30:38,270

experiencing when you go in the flow of

732

00:30:43,020 --> 00:30:40,630

your life when you stop resisting

733

00:30:45,210 --> 00:30:43,030

your natural self when you stop fighting

734

00:30:46,920 --> 00:30:45,220

and going against the grain you start

735

00:30:48,600 --> 00:30:46,930

experiencing the idea that everything is

736

00:30:50,970 --> 00:30:48,610

connected and everything starts

737

00:30:52,680 --> 00:30:50,980

happening without the planning it's

738

00:30:56,700 --> 00:30:52,690

again similar to what I described on

739

00:30:58,830 --> 00:30:56,710

Bashar's world where you just wind up

740

00:31:00,180 --> 00:30:58,840

being exactly where you need to be when

741

00:31:01,770 --> 00:31:00,190

you need to be they're finding out

742

00:31:04,560 --> 00:31:01,780

exactly what you need when you need to

743

00:31:06,270 --> 00:31:04,570

find that information out your life

744

00:31:09,540 --> 00:31:06,280

really starts becoming an ecstatic

745

00:31:11,610 --> 00:31:09,550

explosion of synchronicity and you know

746

00:31:13,710 --> 00:31:11,620

crazy things start happening magical

747

00:31:16,110 --> 00:31:13,720

things start happening you know I have

748

00:31:18,660 --> 00:31:16,120

one example recently of in the film

749

00:31:21,770 --> 00:31:18,670

business wanting to work with a

750

00:31:24,180 --> 00:31:21,780

particular person a particular actor and

751

00:31:26,910 --> 00:31:24,190

you know I thought okay you know be it'd

752

00:31:29,280 --> 00:31:26,920

be interesting to to contact this person

753

00:31:31,680 --> 00:31:29,290

and see you know what maybe can be done

754

00:31:33,600 --> 00:31:31,690

and you know that I didn't think any

755

00:31:35,280 --> 00:31:33,610

more about it but the next day we went

756

00:31:37,560 --> 00:31:35,290

to lunch with a friend at a restaurant

757

00:31:39,150 --> 00:31:37,570

that I almost never go to and I walk in

758

00:31:41,100 --> 00:31:39,160

the door and the first person I ran into

759

00:31:43,380 --> 00:31:41,110

was this person and so I strike up a

760

00:31:46,620 --> 00:31:43,390

conversation but it's like out of a city

761

00:31:48,300 --> 00:31:46,630

of you know seven million people I run

762

00:31:51,420 --> 00:31:48,310

into the very person I was thinking of

763

00:31:54,240 --> 00:31:51,430

running into the next day so those kinds

764

00:31:56,160 --> 00:31:54,250

of things just start happening almost as

765

00:31:57,270 --> 00:31:56,170

if suddenly I live in a town of like ten

766

00:31:59,220 --> 00:31:57,280

people and you're going to run into

767

00:32:00,540 --> 00:31:59,230

everyone you need to run into when you

768

00:32:02,060 --> 00:32:00,550

need to run into them you're going to

769

00:32:05,310 --> 00:32:02,070

make the connections you need to make

770

00:32:07,320 --> 00:32:05,320

you have to stay in that state of your

771

00:32:09,600 --> 00:32:07,330

true self in order to experience more of

772

00:32:12,600 --> 00:32:09,610

that but synchronicity is one of the

773

00:32:13,680 --> 00:32:12,610

natural symptoms or the natural results

774

00:32:16,440 --> 00:32:13,690

of the expansion of consciousness

775

00:32:18,270 --> 00:32:16,450

because you start realizing everything's

776

00:32:20,940 --> 00:32:18,280

connected and you start experiencing it

777

00:32:22,800 --> 00:32:20,950

that way yeah mushara basically explains

778

00:32:24,720 --> 00:32:22,810

the nature and the structure of

779

00:32:28,740 --> 00:32:24,730

existence is based on what they call the

780

00:32:31,110 --> 00:32:28,750

five laws of existence and they're very

781

00:32:32,790 --> 00:32:31,120

simple they're very basic but they're

782

00:32:35,340 --> 00:32:32,800

unchangeable that's why he calls them

783

00:32:37,380 --> 00:32:35,350

laws and he's not talking about the laws

784

00:32:39,990 --> 00:32:37,390

of physics or things like you know the

785

00:32:42,510 --> 00:32:40,000

speed of light because to him those

786

00:32:45,030 --> 00:32:42,520

might seem like laws in one particular

787

00:32:48,000 --> 00:32:45,040

reality or universe but they may not

788

00:32:49,840 --> 00:32:48,010

exist or function in the same way in

789

00:32:53,820 --> 00:32:49,850

another dimension

790

00:32:56,650 --> 00:32:53,830

the five laws to him are unchangeable

791

00:32:58,600 --> 00:32:56,660

everywhere no matter what you're talking

792

00:33:00,310 --> 00:32:58,610

about when you're talking about what

793

00:33:02,680 --> 00:33:00,320

dimension of reality you're talking

794

00:33:05,110 --> 00:33:02,690

about and the five laws as he basically

795

00:33:06,670 --> 00:33:05,120

describes them are number one you exist

796

00:33:08,830 --> 00:33:06,680

there's nothing you can do to change

797

00:33:11,470 --> 00:33:08,840

that you may change your form but you

798

00:33:14,770 --> 00:33:11,480

will never cease to exist existence only

799

00:33:17,640 --> 00:33:14,780

has one quality to exist so if you exist

800

00:33:19,900 --> 00:33:17,650

you will never become non-existent the

801
00:33:21,790 --> 00:33:19,910
second law is that everything is here

802
00:33:25,060 --> 00:33:21,800
and now and that time and space are

803
00:33:26,980 --> 00:33:25,070
illusions the third law is that the one

804
00:33:29,070 --> 00:33:26,990
is the all they all are the one so what

805
00:33:31,630 --> 00:33:29,080
we perceive as many different things is

806
00:33:33,280 --> 00:33:31,640
actually one thing expressing itself

807
00:33:34,390 --> 00:33:33,290
from different points of view which

808
00:33:37,900 --> 00:33:34,400
makes it appear to be many different

809
00:33:40,630 --> 00:33:37,910
things but it's actually one thing the

810
00:33:42,880 --> 00:33:40,640
fourth law is what we just talked about

811
00:33:46,180 --> 00:33:42,890
the idea of the law of attraction what

812
00:33:48,790 --> 00:33:46,190
you put out is what you get back and the

813
00:33:51,340 --> 00:33:48,800

fifth law is everything changes except

814

00:33:55,990 --> 00:33:51,350

the first four laws so change is a

815

00:33:58,750 --> 00:33:56,000

constant and change itself can change

816

00:34:00,850 --> 00:33:58,760

into non change which creates the first

817

00:34:03,490 --> 00:34:00,860

four laws that never change so it

818

00:34:05,200 --> 00:34:03,500

creates this kind of cycle any saying

819

00:34:06,640 --> 00:34:05,210

everything is based on that every

820

00:34:09,700 --> 00:34:06,650

experience you have ever had or ever

821

00:34:12,610 --> 00:34:09,710

will have every reality is based on

822

00:34:15,300 --> 00:34:12,620

these five laws in some combination and

823

00:34:17,770 --> 00:34:15,310

it is a description of the actual

824

00:34:20,080 --> 00:34:17,780

structure of existence because he's

825

00:34:23,680 --> 00:34:20,090

basically saying the structure of

826

00:34:27,220 --> 00:34:23,690

existence never changes what does expand

827

00:34:30,100 --> 00:34:27,230

infinitely and forever is our experience

828

00:34:32,260 --> 00:34:30,110

of that structure our perception of that

829

00:34:35,200 --> 00:34:32,270

structure and that's how creation

830

00:34:36,940 --> 00:34:35,210

expands is is through those experiences

831

00:34:41,140 --> 00:34:36,950

and perceptions but the structure itself

832

00:34:43,390 --> 00:34:41,150

remains the same one way that Bashar has

833

00:34:45,790 --> 00:34:43,400

used an analogy to describe how

834

00:34:47,860 --> 00:34:45,800

everything is made of one thing and this

835

00:34:49,960 --> 00:34:47,870

is just an analogy he's not necessarily

836

00:34:51,910 --> 00:34:49,970

saying this is absolutely literal but

837

00:34:55,180 --> 00:34:51,920

it's maybe the easiest way he can

838

00:34:58,060 --> 00:34:55,190

describe it in our understanding and he

839

00:35:00,430 --> 00:34:58,070

asks us to imagine a single subatomic

840

00:35:03,020 --> 00:35:00,440

particle in an infinite void of

841

00:35:05,330 --> 00:35:03,030

blackness with nothing else so

842

00:35:07,910 --> 00:35:05,340

if you have this subatomic particle this

843

00:35:10,340 --> 00:35:07,920

and that's all there is there are no

844

00:35:14,270 --> 00:35:10,350

laws that govern it there's nothing else

845

00:35:17,060 --> 00:35:14,280

it relates to it only has itself in this

846

00:35:18,740 --> 00:35:17,070

infinite void so this particle can

847

00:35:20,840 --> 00:35:18,750

travel as fast as it wants it's not

848

00:35:22,970 --> 00:35:20,850

subject to the speed of light so if you

849

00:35:25,180 --> 00:35:22,980

imagine that this particle can be moving

850

00:35:27,890 --> 00:35:25,190

at infinite speed throughout this void

851
00:35:30,710 --> 00:35:27,900
then that means it can actually be

852
00:35:32,570 --> 00:35:30,720
everywhere in the void at the same time

853
00:35:35,300 --> 00:35:32,580
because it's moving at infinite speed

854
00:35:38,150 --> 00:35:35,310
and if it does that it would appear to

855
00:35:39,350 --> 00:35:38,160
be appearing next to itself over and

856
00:35:42,680 --> 00:35:39,360
over and over and over and over and over

857
00:35:46,460 --> 00:35:42,690
again all at the same time which makes

858
00:35:49,310 --> 00:35:46,470
it look like it's thousands millions

859
00:35:52,790 --> 00:35:49,320
billions trillions of particles but it's

860
00:35:55,400 --> 00:35:52,800
actually the same literal one particle

861
00:35:58,220 --> 00:35:55,410
just moving at infinite speed in such a

862
00:36:01,160 --> 00:35:58,230
manner in a pattern to make itself

863
00:36:03,380 --> 00:36:01,170

appear to be a multitude of particles so

864

00:36:05,090 --> 00:36:03,390

when he says we look at things and

865

00:36:07,790 --> 00:36:05,100

objects in our bodies and planets and

866

00:36:10,250 --> 00:36:07,800

stars and we say well they're made out

867

00:36:13,190 --> 00:36:10,260

of literally trillions of subatomic

868

00:36:15,890 --> 00:36:13,200

particles he's basically saying that's

869

00:36:18,560 --> 00:36:15,900

just an appearance every single thing

870

00:36:20,840 --> 00:36:18,570

that exists in existence that's made of

871

00:36:23,870 --> 00:36:20,850

any kind of particle is actually all

872

00:36:25,670 --> 00:36:23,880

made out of the same one single particle

873

00:36:28,430 --> 00:36:25,680

and he doesn't mean the same kind of

874

00:36:30,920 --> 00:36:28,440

particle he literally means the same one

875

00:36:32,720 --> 00:36:30,930

particle so it's almost like the one

876

00:36:34,220 --> 00:36:32,730

particle that makes up all what appear

877

00:36:36,290 --> 00:36:34,230

to be all the particles in your body is

878

00:36:37,700 --> 00:36:36,300

the same particle that makes up what

879

00:36:40,640 --> 00:36:37,710

appear to be all the particles in my

880

00:36:43,730 --> 00:36:40,650

body we are literally time sharing the

881

00:36:46,400 --> 00:36:43,740

same particle to create two bodies three

882

00:36:48,350 --> 00:36:46,410

bodies four bodies a billion bodies the

883

00:36:51,680 --> 00:36:48,360

couch to chair the trees the rocks the

884

00:36:55,030 --> 00:36:51,690

stars it's all the same particle so even

885

00:36:59,000 --> 00:36:55,040

physically we're literally one thing

886

00:37:01,340 --> 00:36:59,010

making itself look like many things from

887

00:37:04,160 --> 00:37:01,350

a certain perspective that's what he

888

00:37:08,120 --> 00:37:04,170

calls the prime radiant

889

00:37:10,010 --> 00:37:08,130

you know Bashara said certainly for us

890

00:37:12,049 --> 00:37:10,020

to really experience contact we have to

891

00:37:15,740 --> 00:37:12,059

become far more cohesive as a

892

00:37:17,510 --> 00:37:15,750

civilization I would obviously think

893

00:37:19,849 --> 00:37:17,520

that would mean you know we have to stop

894

00:37:22,220 --> 00:37:19,859

fighting we have to stop squandering our

895

00:37:25,700 --> 00:37:22,230

resources and we have to stop coming

896

00:37:28,339 --> 00:37:25,710

from a perspective of lack we have to

897

00:37:30,380 --> 00:37:28,349

start being more integrative with nature

898

00:37:33,410 --> 00:37:30,390

we have to start seeing things as whole

899

00:37:35,839 --> 00:37:33,420

systems and not just a collection of

900

00:37:39,380 --> 00:37:35,849

pieces and we really need to raise our

901
00:37:41,780 --> 00:37:39,390
vibration by really being in alignment

902
00:37:44,510 --> 00:37:41,790
with our true frequency our true core

903
00:37:46,039 --> 00:37:44,520
selves and as we do that we make it more

904
00:37:48,410 --> 00:37:46,049
and more probable that we become more

905
00:37:52,520 --> 00:37:48,420
like them and when we sort of meet them

906
00:37:57,460 --> 00:37:52,530
let's just say arbitrarily halfway then

907
00:37:59,780 --> 00:37:57,470
we make contact much more probable so a

908
00:38:02,089 --> 00:37:59,790
lot of those things have to really

909
00:38:05,000 --> 00:38:02,099
change before open contact can really

910
00:38:07,700 --> 00:38:05,010
start in earnest and even when he talks

911
00:38:10,910 --> 00:38:07,710
about the idea of open contact happening

912
00:38:12,890 --> 00:38:10,920
somewhere between 2025 and 2033 he's

913
00:38:15,380 --> 00:38:12,900

still talking about a process it may

914

00:38:19,280 --> 00:38:15,390

start slowly and then it may build and

915

00:38:21,589 --> 00:38:19,290

maybe by the end of that window is when

916

00:38:25,490 --> 00:38:21,599

we really start seeing contact in the

917

00:38:27,109 --> 00:38:25,500

way that we might imagine it but a lot

918

00:38:30,170 --> 00:38:27,119

of changes will probably have to happen

919

00:38:33,140 --> 00:38:30,180

in US and in our behavior in the world

920

00:38:35,990 --> 00:38:33,150

before they would consider us truly a

921

00:38:38,059 --> 00:38:36,000

candidate for contact because they're

922

00:38:41,599 --> 00:38:38,069

not here to change our world they're

923

00:38:45,200 --> 00:38:41,609

here to help us decide to change it

924

00:38:48,470 --> 00:38:45,210

ourselves they're not going to do it for

925

00:38:50,829 --> 00:38:48,480

us and if we really refuse to do it then

926
00:38:54,140 --> 00:38:50,839
they're saying we've made a choice and

927
00:38:55,760 --> 00:38:54,150
refusing to raise our vibration is also

928
00:38:57,740 --> 00:38:55,770
the same as making a choice to not have

929
00:38:59,690 --> 00:38:57,750
contact with a civilization whose

930
00:39:00,109 --> 00:38:59,700
vibration is already much higher than

931
00:39:02,390 --> 00:39:00,119
ours

932
00:39:04,490 --> 00:39:02,400
so they're letting us make the decision

933
00:39:06,770 --> 00:39:04,500
but they're helping us by giving us all

934
00:39:10,430 --> 00:39:06,780
the information we can possibly be given

935
00:39:11,809 --> 00:39:10,440
by them to know that it is possible the

936
00:39:15,049 --> 00:39:11,819
kind of future that they're talking

937
00:39:16,829 --> 00:39:15,059
about is possible and yet it's still in

938
00:39:21,150 --> 00:39:16,839

our hands to decide whether that's

939

00:39:22,380 --> 00:39:21,160

we want Beshara sort of explained I mean

940

00:39:25,109 --> 00:39:22,390

the difference between different

941

00:39:27,930 --> 00:39:25,119

dimensions is one of frequency is one a

942

00:39:29,459 --> 00:39:27,940

perspective um you know like the

943

00:39:31,160 --> 00:39:29,469

difference between the physical reality

944

00:39:33,959 --> 00:39:31,170

and the non-physical spirit world is

945

00:39:35,489 --> 00:39:33,969

really just in a matter of a higher

946

00:39:40,170 --> 00:39:35,499

frequency I mean it's sort of similar

947

00:39:41,910 --> 00:39:40,180

the idea of ice and water and steam it's

948

00:39:43,229 --> 00:39:41,920

all made out of the same thing but you

949

00:39:46,109 --> 00:39:43,239

get ice when the frequency of the

950

00:39:47,910 --> 00:39:46,119

molecules is operating very slowly you

951

00:39:49,559 --> 00:39:47,920

get water when the molecules start

952

00:39:50,759 --> 00:39:49,569

moving at a higher frequency and you get

953

00:39:53,430 --> 00:39:50,769

steam when they move at a higher

954

00:39:54,630 --> 00:39:53,440

frequency yet again that's really in

955

00:39:56,729 --> 00:39:54,640

essence the difference between

956

00:39:59,849 --> 00:39:56,739

dimensions is just one of frequency

957

00:40:02,729 --> 00:39:59,859

similar again to the analogy of the

958

00:40:04,410 --> 00:40:02,739

visible spectrum you have you know red

959

00:40:06,779 --> 00:40:04,420

light orange light yellow light green

960

00:40:09,209 --> 00:40:06,789

light blue light indigo light and violet

961

00:40:11,309 --> 00:40:09,219

light they're all electromagnetic energy

962

00:40:13,469 --> 00:40:11,319

but the only reason one is blue and one

963

00:40:14,910 --> 00:40:13,479

is violet one is red is because they

964

00:40:16,620 --> 00:40:14,920

operate at different frequencies and you

965

00:40:19,349 --> 00:40:16,630

get a different experience a different

966

00:40:21,299 --> 00:40:19,359

perspective so really that's all

967

00:40:23,579 --> 00:40:21,309

different dimensions are is a different

968

00:40:26,700 --> 00:40:23,589

frequency of consciousness a different

969

00:40:28,829 --> 00:40:26,710

frequency of energy ah now he's

970

00:40:31,079 --> 00:40:28,839

explained that you know we use these

971

00:40:33,329 --> 00:40:31,089

terms in our planet like okay density

972

00:40:35,009 --> 00:40:33,339

and we're going from third density to

973

00:40:38,609 --> 00:40:35,019

fourth density or we're going into the

974

00:40:41,120 --> 00:40:38,619

fifth dimension and he sort of said four

975

00:40:44,190 --> 00:40:41,130

you know just on a very simplistic basis

976

00:40:46,739 --> 00:40:44,200

densities are kind of like states within

977

00:40:49,400 --> 00:40:46,749

a country dimensions are like the

978

00:40:52,380 --> 00:40:49,410

countries themselves so you can have a

979

00:40:53,789 --> 00:40:52,390

third density physical reality which is

980

00:40:56,579 --> 00:40:53,799

a lower vibration of physical reality

981

00:40:58,319 --> 00:40:56,589

and you can have fourth density physical

982

00:41:01,079 --> 00:40:58,329

reality which is a higher vibration

983

00:41:03,269 --> 00:41:01,089

still physical but operating in a very

984

00:41:05,069 --> 00:41:03,279

different way and both of those are

985

00:41:06,779 --> 00:41:05,079

still in the fourth dimension because we

986

00:41:10,109 --> 00:41:06,789

have three dimensions of space and one

987

00:41:12,420 --> 00:41:10,119

of time but then when you go to the

988

00:41:14,279 --> 00:41:12,430

fifth density you actually are crossing

989

00:41:17,969 --> 00:41:14,289

the border into the fifth dimension

990

00:41:19,739 --> 00:41:17,979

which is now non-physical so you really

991

00:41:21,299 --> 00:41:19,749

kind of have to look at it as densities

992

00:41:23,609 --> 00:41:21,309

being smaller divisions within

993

00:41:25,950 --> 00:41:23,619

dimensions and dimensions being the

994

00:41:26,789 --> 00:41:25,960

larger divisions of change like going

995

00:41:31,289 --> 00:41:26,799

from

996

00:41:34,019 --> 00:41:31,299

country to country uh-huh

997

00:41:35,759 --> 00:41:34,029

I really have no idea how physical

998

00:41:38,910 --> 00:41:35,769

contact with Bashar might occur for me

999

00:41:39,900 --> 00:41:38,920

uh it could be the most surprising thing

1000

00:41:43,049 --> 00:41:39,910

in the world it could be the most

1001
00:41:44,699 --> 00:41:43,059
mundane thing I really don't know and

1002
00:41:46,199 --> 00:41:44,709
that's I guess part of the surprise is

1003
00:41:48,719 --> 00:41:46,209
to find out how that might actually

1004
00:41:50,400 --> 00:41:48,729
happen you know like I said I've had

1005
00:41:53,579 --> 00:41:50,410
dream encounters and in those dream

1006
00:41:55,319 --> 00:41:53,589
encounters I've sort of had maybe a

1007
00:41:59,819 --> 00:41:55,329
couple of examples of how it might

1008
00:42:01,709 --> 00:41:59,829
happen but I really can't say and if

1009
00:42:03,719 --> 00:42:01,719
he's not at this point willing to tell

1010
00:42:05,069 --> 00:42:03,729
me how it's going to happen I have to

1011
00:42:08,009 --> 00:42:05,079
assume that there's a reason for that

1012
00:42:10,589 --> 00:42:08,019
but you know I'd love an opportunity to

1013
00:42:13,049 --> 00:42:10,599

have him land and step on the ship and

1014

00:42:15,900 --> 00:42:13,059

go inside and I'd love an opportunity to

1015

00:42:20,880 --> 00:42:15,910

fly this ship you know like a ship of my

1016

00:42:22,769 --> 00:42:20,890

own so you know if one day that's the

1017

00:42:24,719 --> 00:42:22,779

way it happens that'd be great if it

1018

00:42:26,609 --> 00:42:24,729

happens in a completely unexpected way

1019

00:42:28,650 --> 00:42:26,619

I'm sure it'll be just as exciting but I
