

UFO  **HUB**

1
00:00:19,290 --> 00:00:16,980
so I guess one of the things that really

2
00:00:22,230 --> 00:00:19,300
came out of the the origin speaks mock

3
00:00:26,870 --> 00:00:22,240
my latest book was sort of ultimate

4
00:00:30,060 --> 00:00:26,880
confirmation that we were created to

5
00:00:33,660 --> 00:00:30,070
allow our creator to evolve our whole

6
00:00:36,720 --> 00:00:33,670
being where a reason to be is to allow

7
00:00:40,110 --> 00:00:36,730
our creative evolve and in doing so its

8
00:00:42,630 --> 00:00:40,120
creator evolves as well the origin being

9
00:00:45,000 --> 00:00:42,640
the ultimate creator needed to be able

10
00:00:47,340 --> 00:00:45,010
to evolve so it created our source

11
00:00:49,469 --> 00:00:47,350
entity our God and the other source

12
00:00:52,320 --> 00:00:49,479
entities as well and we were created by

13
00:00:53,729 --> 00:00:52,330

our source entity to do that but in

14

00:00:55,890 --> 00:00:53,739

doing so it was quite interesting

15

00:00:58,939 --> 00:00:55,900

because you find out that the origin

16

00:01:04,049 --> 00:00:58,949

itself although it's this vast tract of

17

00:01:07,350 --> 00:01:04,059

energy he's he's not aware of how big it

18

00:01:09,570 --> 00:01:07,360

really is it's got this very small area

19

00:01:12,060 --> 00:01:09,580

of sentience although I'm told to call

20

00:01:13,620 --> 00:01:12,070

it poly omniscient sentience that he's

21

00:01:15,539 --> 00:01:13,630

still bouncing around this very small

22

00:01:17,340 --> 00:01:15,549

area trying to understand what it is

23

00:01:20,940 --> 00:01:17,350

experiencing yourself working with

24

00:01:23,070 --> 00:01:20,950

itself and moving forwards and one of

25

00:01:25,890 --> 00:01:23,080

the things that also came out of this

26
00:01:29,340 --> 00:01:25,900
with me was was okay we've got this vast

27
00:01:32,450 --> 00:01:29,350
attractive sentience in a must in even

28
00:01:35,750 --> 00:01:32,460
bigger vast attractive energies of

29
00:01:38,130 --> 00:01:35,760
structure which is of feather very large

30
00:01:40,700 --> 00:01:38,140
you start to realize as well what

31
00:01:43,080 --> 00:01:40,710
created the origin what created the

32
00:01:46,290 --> 00:01:43,090
absolutes what the Hindus call there is

33
00:01:49,530 --> 00:01:46,300
the absolute there must have been

34
00:01:50,850 --> 00:01:49,540
something um one of the most profound

35
00:01:56,070 --> 00:01:50,860
things I discovered was there was

36
00:01:58,050 --> 00:01:56,080
something that created the absolute this

37
00:02:00,300 --> 00:01:58,060
something is actually part of the

38
00:02:02,420 --> 00:02:00,310

structure of the origin there's

39

00:02:05,550 --> 00:02:02,430

something called event space where

40

00:02:06,960 --> 00:02:05,560

instead of us passing through time as

41

00:02:09,389 --> 00:02:06,970

mankind thinks we actually passed

42

00:02:12,270 --> 00:02:09,399

through a series of events and these

43

00:02:14,750 --> 00:02:12,280

events linked themselves together think

44

00:02:17,100 --> 00:02:14,760

of them in terms of bubbles of localized

45

00:02:19,699 --> 00:02:17,110

realities that we all create them and

46

00:02:22,589 --> 00:02:19,709

there are the local realities or they're

47

00:02:24,000 --> 00:02:22,599

global realities or galaxy sized

48

00:02:26,369 --> 00:02:24,010

realities or even universe sized

49

00:02:27,910 --> 00:02:26,379

realities but every time there's a

50

00:02:29,949 --> 00:02:27,920

choice to be made

51
00:02:32,440 --> 00:02:29,959
realistic choice trial istic choice or

52
00:02:34,150 --> 00:02:32,450
Quadra listing choice that be two

53
00:02:37,089 --> 00:02:34,160
directions to go in three directions to

54
00:02:40,089 --> 00:02:37,099
go in or four directions to go in there

55
00:02:42,460 --> 00:02:40,099
are four realities that are created so

56
00:02:45,729 --> 00:02:42,470
we if we think as human beings we're

57
00:02:47,199 --> 00:02:45,739
going to go this direction actually we

58
00:02:49,000 --> 00:02:47,209
don't just go that direction we go in

59
00:02:50,979 --> 00:02:49,010
these other three directions for

60
00:02:53,440 --> 00:02:50,989
instance at the same time so there's

61
00:02:55,930 --> 00:02:53,450
four versions of us get created and so

62
00:02:57,370 --> 00:02:55,940
this this space called event space

63
00:03:00,640 --> 00:02:57,380

that's part of the structure of the

64

00:03:03,280 --> 00:03:00,650

origin are discovered actually created

65

00:03:05,199 --> 00:03:03,290

the origin now you can ask yourself well

66

00:03:10,000 --> 00:03:05,209

how can that be because space is space

67

00:03:12,009 --> 00:03:10,010

and if it's created by a dualistic

68

00:03:14,110 --> 00:03:12,019

condition how really have the

69

00:03:15,670 --> 00:03:14,120

intelligence to do this well knowledge

70

00:03:18,640 --> 00:03:15,680

are received as part of this channel

71

00:03:20,470 --> 00:03:18,650

information was that event space itself

72

00:03:22,210 --> 00:03:20,480

did develop a certain level of

73

00:03:25,199 --> 00:03:22,220

intelligence actually quite a high level

74

00:03:28,720 --> 00:03:25,209

of intelligence bordering on sentience

75

00:03:31,030 --> 00:03:28,730

its level of self-awareness that is

76
00:03:34,420 --> 00:03:31,040
achieved on this route towards sentience

77
00:03:37,780 --> 00:03:34,430
made it realize that it was only a piece

78
00:03:40,690 --> 00:03:37,790
of structure it was only part of a much

79
00:03:43,780 --> 00:03:40,700
bigger beam and although it could reach

80
00:03:46,990 --> 00:03:43,790
sentence full sentence and start to

81
00:03:50,400 --> 00:03:47,000
become its own being in his own right it

82
00:03:55,360 --> 00:03:50,410
realized that he could become the

83
00:03:58,420 --> 00:03:55,370
creator or should I say change the

84
00:04:01,000 --> 00:03:58,430
direction in which things happened to

85
00:04:02,860 --> 00:04:01,010
allow a much bigger entity to be created

86
00:04:06,390 --> 00:04:02,870
what we now call the Aryan or what I'm

87
00:04:10,509 --> 00:04:06,400
now told to call the origin and so this

88
00:04:13,229 --> 00:04:10,519

almost sentient you could even call it

89

00:04:15,849 --> 00:04:13,239

scent if you wanted to tractive

90

00:04:19,029 --> 00:04:15,859

structure of the origin this space this

91

00:04:21,490 --> 00:04:19,039

event space activity started to select

92

00:04:24,779 --> 00:04:21,500

the parts of itself that will ensure

93

00:04:27,430 --> 00:04:24,789

that the origin the energies of the

94

00:04:30,760 --> 00:04:27,440

energies associated with the origin

95

00:04:33,279 --> 00:04:30,770

would manifest themselves and the origin

96

00:04:35,230 --> 00:04:33,289

would be born it would be created it

97

00:04:37,270 --> 00:04:35,240

would coalesce and become this much

98

00:04:41,020 --> 00:04:37,280

bigger entity because he recognized that

99

00:04:44,680 --> 00:04:41,030

although it was itself was sentient the

100

00:04:47,950 --> 00:04:44,690

much bigger possibility and much more

101
00:04:51,510 --> 00:04:47,960
complete possibility that could occur if

102
00:04:56,200 --> 00:04:51,520
it gave itself over so vent space

103
00:04:57,820 --> 00:04:56,210
actually selected or deselected those

104
00:05:00,100 --> 00:04:57,830
spaces that would have perpetuated its

105
00:05:01,480 --> 00:05:00,110
own continuation in the way it was going

106
00:05:04,720 --> 00:05:01,490
to go which was to be the dominant

107
00:05:07,260 --> 00:05:04,730
sentient being in his penis and the

108
00:05:09,480 --> 00:05:07,270
unfathomably large area of space and

109
00:05:12,220 --> 00:05:09,490
allowed those energies that were

110
00:05:15,600 --> 00:05:12,230
destined to become the origin to

111
00:05:18,430 --> 00:05:15,610
coalesce manifest become self-aware

112
00:05:21,550 --> 00:05:18,440
after becoming intelligence select

113
00:05:25,810 --> 00:05:21,560

themselves become conscious super

114

00:05:27,160 --> 00:05:25,820

conscious start to create things start

115

00:05:29,380 --> 00:05:27,170

to understand what they've created and

116

00:05:31,450 --> 00:05:29,390

therefore recreates to perfect those

117

00:05:33,730 --> 00:05:31,460

creations and therefore become sentient

118

00:05:36,820 --> 00:05:33,740

at the end so event space sacrificed

119

00:05:38,500 --> 00:05:36,830

itself found out that event space

120

00:05:41,590 --> 00:05:38,510

actually got to the point where almost

121

00:05:46,750 --> 00:05:41,600

made itself totally redundant that being

122

00:05:49,600 --> 00:05:46,760

it almost became non event space if you

123

00:05:52,030 --> 00:05:49,610

like it was like a dinosaur that died

124

00:05:54,220 --> 00:05:52,040

out but didn't he kept just enough of

125

00:05:57,160 --> 00:05:54,230

itself to continue to exist because it

126
00:05:59,770 --> 00:05:57,170
recognized that in actually creating his

127
00:06:02,830 --> 00:05:59,780
own demise in totality to create the

128
00:06:05,350 --> 00:06:02,840
origin the origin would lose part of its

129
00:06:07,000 --> 00:06:05,360
own functionality so it kept back just

130
00:06:09,790 --> 00:06:07,010
enough of itself to allow itself to

131
00:06:12,090 --> 00:06:09,800
continue and therefore events place

132
00:06:14,350 --> 00:06:12,100
itself is intelligent to a certain level

133
00:06:18,220 --> 00:06:14,360
didn't ever read never reach this

134
00:06:21,640 --> 00:06:18,230
sentient level if allowed removed that

135
00:06:25,090 --> 00:06:21,650
to possibility that possible possibility

136
00:06:29,100 --> 00:06:25,100
to allow the origin to become the origin

137
00:06:31,330 --> 00:06:29,110
and therefore event space becoming a

138
00:06:33,670 --> 00:06:31,340

function of the origin all these

139

00:06:37,630 --> 00:06:33,680

intelligent and to some extent

140

00:06:41,290 --> 00:06:37,640

autonomous as well and that to me was

141

00:06:43,120 --> 00:06:41,300

the biggest revelation of that the
