

UFO **HUB**

1
00:00:21,650 --> 00:00:18,620
I wish we had more news than we have Ron

2
00:00:24,350 --> 00:00:21,660
and I have run Moorhead is my partner

3
00:00:26,410 --> 00:00:24,360
that we've been working together on the

4
00:00:31,400 --> 00:00:26,420
study of the the berry Moorhead tapes

5
00:00:34,670 --> 00:00:31,410
for since 2008 and for about the last

6
00:00:37,910 --> 00:00:34,680
four or five years what we've really

7
00:00:42,560 --> 00:00:37,920
been concentrating on is trying to

8
00:00:46,100 --> 00:00:42,570
gather more evidence soliciting audio

9
00:00:48,170 --> 00:00:46,110
tapes audio clips from any researcher

10
00:00:52,040 --> 00:00:48,180
that's out there and is able to capture

11
00:00:55,030 --> 00:00:52,050
anything at all and I'll take them and

12
00:01:00,830 --> 00:00:55,040
give them a good listen and and

13
00:01:03,520 --> 00:01:00,840

hopefully find something that you know

14

00:01:06,260 --> 00:01:03,530

is very similar to what we already have

15

00:01:07,820 --> 00:01:06,270

duplicating the evidence essentially is

16

00:01:12,109 --> 00:01:07,830

what we're is what we've been trying to

17

00:01:14,930 --> 00:01:12,119

do and so far we've been for the most

18

00:01:19,340 --> 00:01:14,940

part unsuccessful what we do get I've

19

00:01:21,620 --> 00:01:19,350

gotten probably three or four little

20

00:01:24,440 --> 00:01:21,630

morpheme streams that we could that I

21

00:01:26,990 --> 00:01:24,450

could consider to be possibly the same

22

00:01:29,749 --> 00:01:27,000

creature but they're very short and

23

00:01:31,310 --> 00:01:29,759

they're not very loud and clear so

24

00:01:34,340 --> 00:01:31,320

they're nothing of the quality of the

25

00:01:36,740 --> 00:01:34,350

very Moorhead tapes so that's what we're

26

00:01:42,530 --> 00:01:36,750

still waiting for what I have been

27

00:01:44,660 --> 00:01:42,540

getting a lot of is thanks or people

28

00:01:46,460 --> 00:01:44,670

who've been hoaxed on you know it's not

29

00:01:48,289 --> 00:01:46,470

up to me to say whether they these

30

00:01:54,859 --> 00:01:48,299

people are faking the tapes themselves

31

00:01:57,219 --> 00:01:54,869

but in any case I can tell and so can

32

00:02:00,830 --> 00:01:57,229

anyone that that listens to them well

33

00:02:03,560 --> 00:02:00,840

can tell that they are they are not the

34

00:02:06,350 --> 00:02:03,570

same creatures as as what you find on

35

00:02:11,569 --> 00:02:06,360

the very Moorhead tapes some of them

36

00:02:13,580 --> 00:02:11,579

pretty comical actually some and once in

37

00:02:15,380 --> 00:02:13,590

a while I get I get someone some

38

00:02:16,880 --> 00:02:15,390

researchers mad at me because I tell

39

00:02:19,270 --> 00:02:16,890

them now I did you know that's not

40

00:02:24,500 --> 00:02:19,280

helping us at all and some of them said

41

00:02:26,510 --> 00:02:24,510

swear you know that that these are

42

00:02:27,440 --> 00:02:26,520

sasquatches out there trying to talk to

43

00:02:32,150 --> 00:02:27,450

them and

44

00:02:35,330 --> 00:02:32,160

I have to tell them that no it's it's

45

00:02:41,680 --> 00:02:35,340

not something that I could could give my

46

00:02:45,140 --> 00:02:41,690

you know professional opinion on there

47

00:02:49,070 --> 00:02:45,150

some have actually gotten I've had some

48

00:02:52,670 --> 00:02:49,080

that were so bad that I had to write the

49

00:02:55,309 --> 00:02:52,680

write back and say well for instance we

50

00:02:59,000 --> 00:02:55,319

there's a guy up in Canada who sends

51
00:03:00,890 --> 00:02:59,010
sent me a few little audio clips and he

52
00:03:06,039 --> 00:03:00,900
swears that this sasquatch trying to

53
00:03:09,580 --> 00:03:06,049
talk to him but it sounds like oh oh oh

54
00:03:11,990 --> 00:03:09,590
you know and it's it's so obviously fake

55
00:03:15,319 --> 00:03:12,000
but he swears it's real and I have to

56
00:03:17,839 --> 00:03:15,329
tell him well either you have there's

57
00:03:21,770 --> 00:03:17,849
only three possibilities either it's all

58
00:03:26,000 --> 00:03:21,780
fake or the only other possibilities are

59
00:03:29,449 --> 00:03:26,010
that you have a mentally challenged

60
00:03:31,759 --> 00:03:29,459
sasquatch that has no ability of

61
00:03:33,770 --> 00:03:31,769
speaking language or the only other

62
00:03:36,710 --> 00:03:33,780
possibility is is that you have a super

63
00:03:40,039 --> 00:03:36,720

intelligent Sasquatch who is pretending

64

00:03:43,400 --> 00:03:40,049

to be mentally challenged and doesn't

65

00:03:45,349 --> 00:03:43,410

want to give up you give up the

66

00:03:48,590 --> 00:03:45,359

intelligence that you know that he has

67

00:03:51,050 --> 00:03:48,600

language so the super intelligent

68

00:03:52,879 --> 00:03:51,060

Sasquatch is faking it that those are

69

00:03:57,069 --> 00:03:52,889

the only possibility so naturally of

70

00:03:59,330 --> 00:03:57,079

course you know I get people mad at me

71

00:04:01,940 --> 00:03:59,340

sometimes but it's just something I have

72

00:04:03,259 --> 00:04:01,950

to deal with I can't go out you know and

73

00:04:05,059 --> 00:04:03,269

give my professional opinion on

74

00:04:08,990 --> 00:04:05,069

something that there's just no evidence

75

00:04:10,910 --> 00:04:09,000

whatsoever of it so this is kind of what

76
00:04:14,870 --> 00:04:10,920
we've been dealing with for the last few

77
00:04:16,400 --> 00:04:14,880
years still waiting for the the right

78
00:04:19,069 --> 00:04:16,410
thing to come that that even

79
00:04:24,110 --> 00:04:19,079
approximates the quality of the very

80
00:04:25,670 --> 00:04:24,120
Moorhead tapes there was there was a

81
00:04:27,170 --> 00:04:25,680
couple years two or three years there

82
00:04:29,990 --> 00:04:27,180
where Ron and I did not want to talk

83
00:04:35,420 --> 00:04:30,000
about that because what we were talking

84
00:04:37,850 --> 00:04:35,430
about the language was so out of the

85
00:04:41,420 --> 00:04:37,860
norm even in Bigfoot sir

86
00:04:43,820 --> 00:04:41,430
that to talk about the paranormal things

87
00:04:45,950 --> 00:04:43,830
that happen up there and that that that

88
00:04:49,610 --> 00:04:45,960

original Sierra camp

89

00:04:52,610 --> 00:04:49,620

would just what if putting this would

90

00:04:57,320 --> 00:04:52,620

have put us over the line of you know in

91

00:05:01,580 --> 00:04:57,330

Bigfoot circles of you know in crazies

92

00:05:04,460 --> 00:05:01,590

and but there were things that happened

93

00:05:08,060 --> 00:05:04,470

up at the Sierra camp but before my time

94

00:05:16,370 --> 00:05:08,070

up there and things that that happened

95

00:05:18,440 --> 00:05:16,380

since for instance routinely Ron and Al

96

00:05:22,630 --> 00:05:18,450

and the other hundreds of therapy would

97

00:05:24,980 --> 00:05:22,640

experience orbs these would be orbs that

98

00:05:26,480 --> 00:05:24,990

they would just be sitting out around

99

00:05:29,170 --> 00:05:26,490

the campfire and they would see off in

100

00:05:33,770 --> 00:05:29,180

the distance orbs of different sizes

101
00:05:36,770 --> 00:05:33,780
kind of floating through through the

102
00:05:38,659 --> 00:05:36,780
trees quite the trees are quite thick up

103
00:05:40,970 --> 00:05:38,669
there so they would see the off in the

104
00:05:42,350 --> 00:05:40,980
distance see these orbs floating through

105
00:05:47,180 --> 00:05:42,360
the trees and once in a while they would

106
00:05:49,520 --> 00:05:47,190
follow the the landscape over little

107
00:05:51,740 --> 00:05:49,530
hills and up even up the mountains and

108
00:05:56,350 --> 00:05:51,750
some of them they actually saw rise up

109
00:06:02,840 --> 00:05:56,360
and go over different mountain peaks

110
00:06:07,120 --> 00:06:02,850
things like this sounds they reported

111
00:06:10,520 --> 00:06:07,130
hearing strange sounds all the time and

112
00:06:13,760 --> 00:06:10,530
one that Ron talks about quite a bit is

113
00:06:17,750 --> 00:06:13,770

a sound that he describes as almost like

114

00:06:21,969 --> 00:06:17,760

a tuning fork like a metallic sound that

115

00:06:25,040 --> 00:06:21,979

just sounded like a went mmm and just

116

00:06:28,250 --> 00:06:25,050

kind of trailed off for several minutes

117

00:06:31,490 --> 00:06:28,260

and it just permeated the forest and and

118

00:06:34,700 --> 00:06:31,500

this was in broad daylight almost a

119

00:06:37,990 --> 00:06:34,710

metallic tuning fork sound which they

120

00:06:40,490 --> 00:06:38,000

had no explanation for that whatsoever

121

00:06:44,059 --> 00:06:40,500

some of the things that I've experienced

122

00:06:47,580 --> 00:06:44,069

up there that just

123

00:06:49,469 --> 00:06:47,590

scared the hell out of me and and the

124

00:06:51,510 --> 00:06:49,479

things that my son has experienced up

125

00:06:55,980 --> 00:06:51,520

there with us I started taking him up

126

00:06:57,270 --> 00:06:55,990

there when he was 12 years old which

127

00:06:58,559 --> 00:06:57,280

might have been a mistake because now he

128

00:07:03,029 --> 00:06:58,569

doesn't he never wants to go in the

129

00:07:04,290 --> 00:07:03,039

woods again but he's 18 now so he

130

00:07:08,189 --> 00:07:04,300

started to grow out of that fear a

131

00:07:12,059 --> 00:07:08,199

little bit but for instance the very

132

00:07:14,520 --> 00:07:12,069

first time that Ron and I actually made

133

00:07:17,550 --> 00:07:14,530

it to the Sierra camp because there were

134

00:07:21,629 --> 00:07:17,560

there was a one year that we tried we

135

00:07:25,770 --> 00:07:21,639

made it I felt a valiant attempt to make

136

00:07:31,469 --> 00:07:25,780

it up there and something just wouldn't

137

00:07:36,210 --> 00:07:31,479

let us go and Ron got injured that year

138

00:07:38,540 --> 00:07:36,220

and I had to get him down off the

139

00:07:40,860 --> 00:07:38,550

mountain so it was a pretty bad thing

140

00:07:42,659 --> 00:07:40,870

and then stuff once I got him down off

141

00:07:46,379 --> 00:07:42,669

the mountain some weird things happen

142

00:07:48,210 --> 00:07:46,389

down at the horse camp the next couple

143

00:07:49,740 --> 00:07:48,220

of nights while he recovered enough to

144

00:07:53,249 --> 00:07:49,750

where we could get him down out of those

145

00:07:55,020 --> 00:07:53,259

mountains entirely but the year after

146

00:08:00,209 --> 00:07:55,030

that was the first year that my son went

147

00:08:02,490 --> 00:08:00,219

with us and he my son myself and Ron huh

148

00:08:06,270 --> 00:08:02,500

like that takes all day to hike up there

149

00:08:10,200 --> 00:08:06,280

and we got in there later in the

150

00:08:16,230 --> 00:08:10,210

afternoon we were just unloading our

151

00:08:18,870 --> 00:08:16,240

backpacks and kind of settling in to

152

00:08:22,740 --> 00:08:18,880

take a rest from the long hike very

153

00:08:28,709 --> 00:08:22,750

strenuous and off to the west almost

154

00:08:32,790 --> 00:08:28,719

directly to the west of camp we hear a

155

00:08:36,149 --> 00:08:32,800

very loud sound of a cowbell and it

156

00:08:40,560 --> 00:08:36,159

sounded just like clang clang clang very

157

00:08:43,740 --> 00:08:40,570

loud very metallic right and I and it of

158

00:08:45,290 --> 00:08:43,750

course it startled all of us and I said

159

00:08:48,630 --> 00:08:45,300

Ron my god what was that

160

00:08:52,439 --> 00:08:48,640

and Ron says we've got it sounded like a

161

00:08:54,150 --> 00:08:52,449

cow I says there's no cows up here we

162

00:08:56,120 --> 00:08:54,160

barely make it up there's no cows they

163

00:08:58,310 --> 00:08:56,130

just come up here he says he's

164

00:09:02,180 --> 00:08:58,320

you know there's some cows that there's

165

00:09:03,890 --> 00:09:02,190

some cows that do roam up here you know

166

00:09:07,130 --> 00:09:03,900

we have seen cows appear before I said

167

00:09:10,280 --> 00:09:07,140

that are wearing cowbells that can take

168

00:09:12,230 --> 00:09:10,290

a cowbell and clang it like that you

169

00:09:14,380 --> 00:09:12,240

know I grew up around cows kind I'm

170

00:09:18,320 --> 00:09:14,390

trying to argue with them and I said

171

00:09:21,320 --> 00:09:18,330

cows that wear cowbells they clang all

172

00:09:25,280 --> 00:09:21,330

the time you know it's like when they're

173

00:09:28,820 --> 00:09:25,290

this was far enough away that this sound

174

00:09:34,670 --> 00:09:28,830

had been done on purpose for our benefit

175

00:09:38,230 --> 00:09:34,680

and Ron and his skepticism you know kept

176

00:09:42,140 --> 00:09:38,240

arguing that oh it had to be a cow when

177

00:09:44,630 --> 00:09:42,150

within about four minutes directly to

178

00:09:46,490 --> 00:09:44,640

the opposite side of the camp from where

179

00:09:51,740 --> 00:09:46,500

would that sound of had happened before

180

00:09:54,170 --> 00:09:51,750

and we're talking 48 50 yards at least a

181

00:09:56,900 --> 00:09:54,180

sound came from directly to the west and

182

00:10:02,180 --> 00:09:56,910

through the forest right and suddenly

183

00:10:04,580 --> 00:10:02,190

directly to the east at least 40 or 50

184

00:10:09,350 --> 00:10:04,590

yards out again we hear the same thing

185

00:10:12,800 --> 00:10:09,360

clang clang clang very very loud that

186

00:10:14,660 --> 00:10:12,810

goes wrong is that a cow he's got it had

187

00:10:18,050 --> 00:10:14,670

to be I says there's no count in the

188

00:10:20,270 --> 00:10:18,060

world that in less than five minutes can

189

00:10:22,670 --> 00:10:20,280

travel from that far on the west of the

190

00:10:25,510 --> 00:10:22,680

site of camp to that far on the eastern

191

00:10:28,400 --> 00:10:25,520

side of camp directly to the other side

192

00:10:31,400 --> 00:10:28,410

wearing a cowbell and not letting the

193

00:10:34,130 --> 00:10:31,410

cowbell make a sound or sneaking all the

194

00:10:37,700 --> 00:10:34,140

way around the camp keeping his cowbell

195

00:10:43,370 --> 00:10:37,710

silent and then go boom boom boom you

196

00:10:46,030 --> 00:10:43,380

know that's just so that was within our

197

00:10:49,250 --> 00:10:46,040

first five minutes of being in camp

198

00:10:53,230 --> 00:10:49,260

later that's that same first trip up

199

00:10:57,710 --> 00:10:53,240

there my son and I had ron was on a hike

200

00:11:02,780 --> 00:10:57,720

and my son had some my son and I had

201
00:11:06,140 --> 00:11:02,790
some a large rock very large rock thrown

202
00:11:11,430 --> 00:11:08,370
big enough that no human could have done

203
00:11:14,070 --> 00:11:11,440
it an accurate to the point that no

204
00:11:16,230 --> 00:11:14,080
human could have done it and it hit the

205
00:11:19,560 --> 00:11:16,240
it hit the tree that I was leaning up

206
00:11:21,090 --> 00:11:19,570
against and bounced off and of course I

207
00:11:24,060 --> 00:11:21,100
did the wrong thing I think it was a

208
00:11:28,260 --> 00:11:24,070
test to test what our reaction would be

209
00:11:31,140 --> 00:11:28,270
and I jumped up and pulled my pulled my

210
00:11:32,580 --> 00:11:31,150
revolver you know as I had a son to

211
00:11:35,700 --> 00:11:32,590
protect that's all I could think about

212
00:11:36,960 --> 00:11:35,710
you know and I cocked that was just

213
00:11:42,990 --> 00:11:36,970

waiting for something to come through

214

00:11:46,050 --> 00:11:43,000

the woods and but whatever through that

215

00:11:50,070 --> 00:11:46,060

rock was so good it's you know it's so

216

00:11:52,230 --> 00:11:50,080

accurate with rocks that's uh that was

217

00:11:55,190 --> 00:11:52,240

the end of the rock was so big they did

218

00:11:57,780 --> 00:11:55,200

a human it was beyond the human ability

219

00:12:00,120 --> 00:11:57,790

now that's not I guess you wouldn't say

220

00:12:05,640 --> 00:12:00,130

that that's you know too far in the

221

00:12:07,080 --> 00:12:05,650

realm of you know paranormal but it

222

00:12:10,640 --> 00:12:07,090

certainly is something that humans can't

223

00:12:14,990 --> 00:12:10,650

do they were that was another time

224

00:12:19,260 --> 00:12:15,000

Ron and I Ron and I were up there alone

225

00:12:22,620 --> 00:12:19,270

and was in the middle of the night we

226

00:12:23,330 --> 00:12:22,630

had his horse picketed out in front of

227

00:12:26,760 --> 00:12:23,340

the tent

228

00:12:31,800 --> 00:12:26,770

probably 10 15 yards away in between

229

00:12:34,170 --> 00:12:31,810

some trees and that we heard some

230

00:12:38,250 --> 00:12:34,180

rustling and then that horse we woke us

231

00:12:41,490 --> 00:12:38,260

up that horse started screaming in such

232

00:12:45,360 --> 00:12:41,500

a way I've never heard a hoarse scream

233

00:12:47,610 --> 00:12:45,370

it sounded human-like but yeah you know

234

00:12:53,400 --> 00:12:47,620

I mean you could tell it was the horse

235

00:12:57,810 --> 00:12:53,410

but it's almost sounded like a woman

236

00:13:01,070 --> 00:12:57,820

screaming that was being murdered or

237

00:13:04,020 --> 00:13:01,080

something of a soul scared me so bad and

238

00:13:06,390 --> 00:13:04,030

Ron said you know I've been around

239

00:13:11,520 --> 00:13:06,400

horses all my life never heard a horse

240

00:13:13,620 --> 00:13:11,530

do that and I asked I said Ron didn't

241

00:13:15,810 --> 00:13:13,630

was not as scared as I was and I said

242

00:13:16,860 --> 00:13:15,820

well what's going on there something's

243

00:13:18,690 --> 00:13:16,870

killing that horse

244

00:13:19,200 --> 00:13:18,700

he says no eyes it's probably just a

245

00:13:21,570 --> 00:13:19,210

bear

246

00:13:26,850 --> 00:13:21,580

the horse is just probably being scared

247

00:13:28,200 --> 00:13:26,860

of a bear not their us this is uh God we

248

00:13:31,170 --> 00:13:28,210

need to get our guns and go out and see

249

00:13:35,240 --> 00:13:31,180

what's going on this is no just you know

250

00:13:39,930 --> 00:13:35,250

just stay in here let's just wait it out

251
00:13:43,410 --> 00:13:39,940
so this did it went on for 15 15 20

252
00:13:46,080 --> 00:13:43,420
minutes that horse and I thought the

253
00:13:47,400 --> 00:13:46,090
horse was being ripped to shreds of

254
00:13:50,610 --> 00:13:47,410
course we go out there in the morning

255
00:13:54,300 --> 00:13:50,620
and the horse is not been touched Ron

256
00:13:57,180 --> 00:13:54,310
also talks about incident when they were

257
00:14:02,550 --> 00:13:57,190
all up in the in the lean-to cabin that

258
00:14:04,490 --> 00:14:02,560
they'd built up there and one night they

259
00:14:07,890 --> 00:14:04,500
well they they always had these big

260
00:14:10,110 --> 00:14:07,900
55-gallon barrels up there to use for

261
00:14:13,820 --> 00:14:10,120
you know storage and for trash and

262
00:14:18,870 --> 00:14:13,830
things like this and for burning trash

263
00:14:21,210 --> 00:14:18,880

and right in the darkest part of night

264

00:14:25,740 --> 00:14:21,220

the middle of the night they heard

265

00:14:28,470 --> 00:14:25,750

something something massive drop down

266

00:14:32,790 --> 00:14:28,480

into the camp and begin throwing around

267

00:14:35,550 --> 00:14:32,800

these big 55-gallon drums that they have

268

00:14:37,770 --> 00:14:35,560

and that they use around the camp and

269

00:14:40,980 --> 00:14:37,780

beating them together and throwing them

270

00:14:42,450 --> 00:14:40,990

around and of course they were scared to

271

00:14:43,920 --> 00:14:42,460

death and they did not come out of a

272

00:14:46,320 --> 00:14:43,930

cabin that night and they waited till

273

00:14:50,370 --> 00:14:46,330

the morning and they expected when they

274

00:14:52,980 --> 00:14:50,380

when they you know let themselves out of

275

00:14:55,830 --> 00:14:52,990

the cabin that they would that their

276

00:14:57,860 --> 00:14:55,840

camp would have been trashed because of

277

00:15:01,590 --> 00:14:57,870

the sounds that went on the night before

278

00:15:05,280 --> 00:15:01,600

and when they came out it was as if it

279

00:15:07,500 --> 00:15:05,290

had never happened every single one of

280

00:15:10,710 --> 00:15:07,510

them heard it it was very loud very

281

00:15:15,060 --> 00:15:10,720

scary they felt it was obviously meant

282

00:15:17,250 --> 00:15:15,070

to scare them off the mountain and and

283

00:15:21,300 --> 00:15:17,260

when they went out there was all of the

284

00:15:23,430 --> 00:15:21,310

all of the big metal drums were exactly

285

00:15:25,830 --> 00:15:23,440

where they had been the day before no

286

00:15:28,650 --> 00:15:25,840

footprints nothing disturbed around the

287

00:15:31,150 --> 00:15:28,660

campfire or the stove or anything else

288

00:15:35,060 --> 00:15:31,160

that they heard all of the rock

289

00:15:37,880 --> 00:15:35,070

I'm going on the night before so that's

290

00:15:40,160 --> 00:15:37,890

to them that would have definitely

291

00:15:44,510 --> 00:15:40,170

crossed the line into the paranormal for

292

00:15:47,420 --> 00:15:44,520

them well I remembered another thing

293

00:15:49,730 --> 00:15:47,430

that happened to us routinely up there

294

00:15:52,639 --> 00:15:49,740

and Ron and I have made eight

295

00:15:55,670 --> 00:15:52,649

expeditions up there total over the the

296

00:15:57,680 --> 00:15:55,680

years and of course he has made

297

00:15:58,220 --> 00:15:57,690

expeditions up there for the last 40

298

00:16:01,070 --> 00:15:58,230

years

299

00:16:02,600 --> 00:16:01,080

before I came along but this is

300

00:16:08,540 --> 00:16:02,610

something that I personally witnessed

301

00:16:11,090 --> 00:16:08,550

and that is it it seems that no

302

00:16:16,070 --> 00:16:11,100

matter what kind of batteries we take

303

00:16:18,260 --> 00:16:16,080

with us we always took way more

304

00:16:20,930 --> 00:16:18,270

batteries than we ever thought we would

305

00:16:22,460 --> 00:16:20,940

need lithium batteries we bought the

306

00:16:30,230 --> 00:16:22,470

most expensive batteries we could get

307

00:16:33,260 --> 00:16:30,240

and we get up there and once in a while

308

00:16:35,960 --> 00:16:33,270

once in a while our batteries would last

309

00:16:37,460 --> 00:16:35,970

forever it would go for days and if that

310

00:16:39,590 --> 00:16:37,470

batteries would never run out at all

311

00:16:42,290 --> 00:16:39,600

right but it always seemed like those

312

00:16:50,810 --> 00:16:42,300

were the times when we we didn't feel

313

00:16:53,420 --> 00:16:50,820

any any phenomena that that the

314

00:16:57,050 --> 00:16:53,430

creatures were there we didn't in

315

00:16:58,910 --> 00:16:57,060

because when you're up there most

316

00:17:01,130 --> 00:16:58,920

researchers will tell you you can tell

317

00:17:05,929 --> 00:17:01,140

you can feel it almost you can feel when

318

00:17:08,360 --> 00:17:05,939

they're around there's just a stillness

319

00:17:11,150 --> 00:17:08,370

to the air or there's something eerie an

320

00:17:13,579 --> 00:17:11,160

eerie feeling in the air when they're

321

00:17:15,740 --> 00:17:13,589

around and other times you're up there

322

00:17:18,319 --> 00:17:15,750

and will be up there for maybe a week

323

00:17:22,340 --> 00:17:18,329

and not have anything happen and it's

324

00:17:24,410 --> 00:17:22,350

just like a camping trip right so it

325

00:17:27,669 --> 00:17:24,420

always seemed like on the times when

326

00:17:32,480 --> 00:17:27,679

when the Sasquatch were not around our

327

00:17:34,250 --> 00:17:32,490

batteries lasted forever we'd never have

328

00:17:36,049 --> 00:17:34,260

to change it till we come here on cam it

329

00:17:38,450 --> 00:17:36,059

back down off the mountain but there

330

00:17:39,799 --> 00:17:38,460

were other times and it always seemed

331

00:17:42,919 --> 00:17:39,809

like it was when there was something

332

00:17:44,250 --> 00:17:42,929

weird going on like some phenomena that

333

00:17:49,530 --> 00:17:44,260

told us that the Sasquatch

334

00:17:53,040 --> 00:17:49,540

was around I would turn on my h2 zoom

335

00:17:56,580 --> 00:17:53,050

voice recorder Ron would try to - you

336

00:17:58,710 --> 00:17:56,590

know just turn on his he had a video

337

00:18:00,930 --> 00:17:58,720

recorder up there a couple of trips he

338

00:18:03,060 --> 00:18:00,940

eventually quit takin the video recorder

339

00:18:06,240 --> 00:18:03,070

up there because every time we would put

340

00:18:10,380 --> 00:18:06,250

new batteries in it right you could

341

00:18:13,650 --> 00:18:10,390

almost see it go in Moodle and those

342

00:18:17,040 --> 00:18:13,660

batteries were drained within minutes

343

00:18:20,940 --> 00:18:17,050

and the same thing would happen with my

344

00:18:24,000 --> 00:18:20,950

my h2 voice recorder and we take it out

345

00:18:26,250 --> 00:18:24,010

what's wrong with this damn machine you

346

00:18:32,340 --> 00:18:26,260

know and we put new batteries in it same

347

00:18:34,620 --> 00:18:32,350

thing boo absolutely impossible to run

348

00:18:38,730 --> 00:18:34,630

any equipment up there on on batteries

349

00:18:40,740 --> 00:18:38,740

and we're quite I'm quite convinced and

350

00:18:45,080 --> 00:18:40,750

Ron is to that that this was during

351

00:18:50,850 --> 00:18:48,300

nothing that can be you know no evidence

352

00:18:52,740 --> 00:18:50,860

that we could give or nothing that could

353

00:18:58,700 --> 00:18:52,750

prove that that that's just our our

354

00:19:04,200 --> 00:19:01,830

battery-operated equipment did does not

355

00:19:07,410 --> 00:19:04,210

work up there Ron believes that there's

356

00:19:09,810 --> 00:19:07,420

some kind of a vortex or something that
