

UFO  **HUB**

1
00:00:21,780 --> 00:00:19,070
I am Michael Purlins and I started out

2
00:00:24,929 --> 00:00:21,790
studying metaphysics when I was a child

3
00:00:26,220 --> 00:00:24,939
I started picking up books that I found

4
00:00:27,570 --> 00:00:26,230
on the shelves only in the used

5
00:00:30,390 --> 00:00:27,580
bookstore just found it fascinating

6
00:00:33,530 --> 00:00:30,400
things that we were only told were myths

7
00:00:36,060 --> 00:00:33,540
as children like Atlantis and UFOs and

8
00:00:37,439 --> 00:00:36,070
Bermuda Triangle and I just found it

9
00:00:43,710 --> 00:00:37,449
fascinating that people were actually

10
00:00:45,479 --> 00:00:43,720
writing about truths that might be you

11
00:00:48,299 --> 00:00:45,489
know that these might be actually real

12
00:00:50,479 --> 00:00:48,309
things so I just dove into it and it

13
00:00:55,740 --> 00:00:50,489

just led me further into metaphysics and

14

00:00:58,380 --> 00:00:55,750

that taught me that there were great

15

00:01:02,840 --> 00:00:58,390

philosophers and masters in in history

16

00:01:05,340 --> 00:01:02,850

that had been telling us for so long

17

00:01:10,560 --> 00:01:05,350

what that there were so many things that

18

00:01:12,420 --> 00:01:10,570

occurred long ago and that that our

19

00:01:13,859 --> 00:01:12,430

civilization could you know go back even

20

00:01:16,289 --> 00:01:13,869

further than we could ever imagine that

21

00:01:18,030 --> 00:01:16,299

we had advanced technology that just

22

00:01:24,720 --> 00:01:18,040

advanced civilizations out there that

23

00:01:27,210 --> 00:01:24,730

and so I really just got more and more

24

00:01:31,020 --> 00:01:27,220

deep deeper into it and that led me to

25

00:01:36,750 --> 00:01:31,030

Eastern mysticism and world religions

26
00:01:40,170 --> 00:01:36,760
and just looking for a common theme that

27
00:01:42,240 --> 00:01:40,180
I could put together and do something

28
00:01:45,840 --> 00:01:42,250
with and I wasn't sure what I was gonna

29
00:01:49,530 --> 00:01:45,850
do with it and I did find that common

30
00:01:51,540 --> 00:01:49,540
theme that all the Masters and all the

31
00:01:53,430 --> 00:01:51,550
spiritual teachers were teaching us and

32
00:01:56,969 --> 00:01:53,440
so I put together a film in my later

33
00:01:59,130 --> 00:01:56,979
years because I just got felt like I

34
00:02:02,190 --> 00:01:59,140
just okay so if I'm reading all this

35
00:02:07,110 --> 00:02:02,200
material and I'm finding out all these

36
00:02:08,759 --> 00:02:07,120
truths why isn't anybody else and the

37
00:02:10,229 --> 00:02:08,769
answer came to me that I just needed to

38
00:02:13,410 --> 00:02:10,239

make a film about it this was before the

39

00:02:15,899 --> 00:02:13,420

internet so I knew that the best way to

40

00:02:18,149 --> 00:02:15,909

get universally to the masses was make a

41

00:02:21,149 --> 00:02:18,159

movie and so that led me to make a film

42

00:02:23,160 --> 00:02:21,159

about it called three magic words it got

43

00:02:25,320 --> 00:02:23,170

very popular and that led me to write

44

00:02:27,270 --> 00:02:25,330

the book fantastic adventures in

45

00:02:29,730 --> 00:02:27,280

metaphysics so

46

00:02:31,260 --> 00:02:29,740

when I found the common theme of the

47

00:02:34,050 --> 00:02:31,270

spiritual masters and decided to make a

48

00:02:35,910 --> 00:02:34,060

movie about it I am started with a

49

00:02:37,560 --> 00:02:35,920

partner of mine Maura Hoffman we we

50

00:02:40,770 --> 00:02:37,570

started getting all the people together

51
00:02:42,180 --> 00:02:40,780
that were very inspirational to us in

52
00:02:46,590 --> 00:02:42,190
the conscious community in Los Angeles

53
00:02:49,580 --> 00:02:46,600
and elsewhere some of the authors and

54
00:02:53,550 --> 00:02:49,590
teachers and speakers that were in the

55
00:02:56,699 --> 00:02:53,560
conscious community and the that were

56
00:03:00,000 --> 00:02:56,709
very popular Neale Donald Walsch w Ford

57
00:03:02,850 --> 00:03:00,010
Gary Renard some of the names and we put

58
00:03:03,840 --> 00:03:02,860
them together interviewed them at the

59
00:03:06,479 --> 00:03:03,850
time I was just living in an apartment

60
00:03:07,949 --> 00:03:06,489
in Marina del Rey put a green screen on

61
00:03:10,290 --> 00:03:07,959
my wall and had them come in and just

62
00:03:12,990 --> 00:03:10,300
just like this and and interview them

63
00:03:15,360 --> 00:03:13,000

and I didn't know really what the film

64

00:03:17,460 --> 00:03:15,370

was about yet I just kind of asked them

65

00:03:19,800 --> 00:03:17,470

questions and why they were interested

66

00:03:21,270 --> 00:03:19,810

in what they were doing and you know

67

00:03:23,490 --> 00:03:21,280

what was their purpose what they felt

68

00:03:25,110 --> 00:03:23,500

like they wanted to give to society and

69

00:03:27,210 --> 00:03:25,120

that kind of thing some really profound

70

00:03:29,699 --> 00:03:27,220

things came out and that's when I knew I

71

00:03:30,750 --> 00:03:29,709

had a film and so it was really just

72

00:03:32,850 --> 00:03:30,760

okay what are we gonna do we're gonna

73

00:03:35,789 --> 00:03:32,860

try to make this use the common theme

74

00:03:39,720 --> 00:03:35,799

that we know is true and about

75

00:03:40,920 --> 00:03:39,730

spirituality and and it's all about you

76

00:03:42,120 --> 00:03:40,930

know the theme I'm not gonna say okay

77

00:03:46,620 --> 00:03:42,130

now because you have to see the movie

78

00:03:48,180 --> 00:03:46,630

but it's really what is what means to be

79

00:03:49,890 --> 00:03:48,190

spiritual and what the difference is

80

00:03:52,110 --> 00:03:49,900

between spirituality and religion and

81

00:03:55,710 --> 00:03:52,120

really a lot of people really don't know

82

00:03:58,289 --> 00:03:55,720

this and that's really strange to me so

83

00:04:00,780 --> 00:03:58,299

that's what the movies about and um and

84

00:04:03,660 --> 00:04:00,790

that's how we started having started to

85

00:04:05,340 --> 00:04:03,670

make the film we halfway through the

86

00:04:08,160 --> 00:04:05,350

film and completely ran out of funding

87

00:04:09,390 --> 00:04:08,170

so I didn't really think it was gonna

88

00:04:14,520 --> 00:04:09,400

get finished or how it was gonna get

89

00:04:17,880 --> 00:04:14,530

made and so I for me that the whole time

90

00:04:20,130 --> 00:04:17,890

I did it as as just pure enjoyment I did

91

00:04:23,460 --> 00:04:20,140

it as a hobby I did it on the side of my

92

00:04:25,409 --> 00:04:23,470

nine-to-five job and my life just for

93

00:04:27,000 --> 00:04:25,419

something to do I needed I needed I

94

00:04:30,030 --> 00:04:27,010

needed something I wanted to work toward

95

00:04:32,730 --> 00:04:30,040

with my metaphysical studies to do

96

00:04:34,680 --> 00:04:32,740

something with it and so I set it aside

97

00:04:35,820 --> 00:04:34,690

and I said okay well if the money's not

98

00:04:39,960 --> 00:04:35,830

there and it's not gonna come I'm just

99

00:04:40,920 --> 00:04:39,970

gonna start writing my book and so when

100

00:04:42,810 --> 00:04:40,930

I started writing the

101
00:04:45,450 --> 00:04:42,820
and that's that took up my time that was

102
00:04:47,850 --> 00:04:45,460
my next activity and during the process

103
00:04:50,460 --> 00:04:47,860
of writing the book one of the guests in

104
00:04:51,660 --> 00:04:50,470
the film good new goodness and asked me

105
00:04:54,900 --> 00:04:51,670
how much do you need to finish the film

106
00:04:57,030 --> 00:04:54,910
and the money came so I kind of I let go

107
00:04:59,520 --> 00:04:57,040
and I was unattached and I did it wasn't

108
00:05:01,470 --> 00:04:59,530
disappointed I just said okay I'll just

109
00:05:04,200 --> 00:05:01,480
put it on the side for now and I'll pick

110
00:05:05,880 --> 00:05:04,210
up another hobby so I would say yeah

111
00:05:10,980 --> 00:05:05,890
that was one of my spiritual lessons was

112
00:05:14,160 --> 00:05:10,990
just detachment and looking getting my

113
00:05:16,410 --> 00:05:14,170

hands into something else to make the

114

00:05:21,090 --> 00:05:16,420

time go by during the process of writing

115

00:05:24,570 --> 00:05:21,100

the book I spent most of the time at a

116

00:05:26,130 --> 00:05:24,580

coffee shop after work I would go there

117

00:05:28,920 --> 00:05:26,140

and spend mostly evening to about eleven

118

00:05:30,330 --> 00:05:28,930

o'clock writing and it was very

119

00:05:31,830 --> 00:05:30,340

interesting as all the people that I met

120

00:05:33,570 --> 00:05:31,840

there and the people that would come and

121

00:05:35,880 --> 00:05:33,580

ask me I what are you doing the

122

00:05:38,490 --> 00:05:35,890

information and that I got from those

123

00:05:41,130 --> 00:05:38,500

people and where their mind was in the

124

00:05:43,230 --> 00:05:41,140

information in the on the topic and

125

00:05:44,880 --> 00:05:43,240

because they were curious and we strike

126
00:05:46,710 --> 00:05:44,890
up conversations and I would test them

127
00:05:48,330 --> 00:05:46,720
they were kind of my guinea pigs so I

128
00:05:50,100 --> 00:05:48,340
would I say hey have you heard of this

129
00:05:51,930 --> 00:05:50,110
I've heard of that have you heard of

130
00:05:56,310 --> 00:05:51,940
pyramids on Mars and things like that

131
00:05:58,850 --> 00:05:56,320
and so I could see what what audience I

132
00:06:01,790 --> 00:05:58,860
had out there for this material and

133
00:06:04,650 --> 00:06:01,800
where I needed to come at what angle

134
00:06:06,120 --> 00:06:04,660
what kind of way I should write the book

135
00:06:07,770 --> 00:06:06,130
because I wanted to write it for the

136
00:06:09,030 --> 00:06:07,780
masses for everybody to understand in

137
00:06:11,730 --> 00:06:09,040
their language I don't want to get too

138
00:06:14,550 --> 00:06:11,740

deep into technical and so that was

139

00:06:20,310 --> 00:06:14,560

really helpful to me to do it to meet

140

00:06:27,150 --> 00:06:20,320

those people the book goes into the all

141

00:06:30,680 --> 00:06:27,160

the historical evidence and and facts

142

00:06:33,780 --> 00:06:30,690

and information that we have about

143

00:06:37,220 --> 00:06:33,790

civilizations that were far much much

144

00:06:40,710 --> 00:06:37,230

older than we could ever imagine and

145

00:06:42,060 --> 00:06:40,720

some of it goes back thousands hundreds

146

00:06:46,080 --> 00:06:42,070

of thousands of years some of it goes

147

00:06:48,030 --> 00:06:46,090

back a million years and you know we

148

00:06:50,460 --> 00:06:48,040

don't have we wouldn't have the

149

00:06:52,710 --> 00:06:50,470

information that was written down if it

150

00:06:53,970 --> 00:06:52,720

went goes back a million years so a lot

151
00:06:54,649 --> 00:06:53,980
of my research goes into channeled

152
00:06:57,110 --> 00:06:54,659
material

153
00:07:03,600 --> 00:06:57,120
people that have gone into aggression

154
00:07:05,790 --> 00:07:03,610
and some of the very detailed works such

155
00:07:08,520 --> 00:07:05,800
as the keys of Enoch and the Urantia

156
00:07:09,990 --> 00:07:08,530
book and I wanted to just get dive into

157
00:07:11,790 --> 00:07:10,000
everything I could get my hands on to

158
00:07:15,360 --> 00:07:11,800
see what was consistent in what was

159
00:07:17,909 --> 00:07:15,370
matching other things and it was very

160
00:07:19,860 --> 00:07:17,919
interesting what I when I discovered

161
00:07:22,800 --> 00:07:19,870
there was there was a lot of interesting

162
00:07:24,899 --> 00:07:22,810
similarities and consistencies with what

163
00:07:26,100 --> 00:07:24,909

they were all saying and what happened

164

00:07:28,409 --> 00:07:26,110

at the very beginning and how we got

165

00:07:32,820 --> 00:07:28,419

here and there's a lot of symbolism and

166

00:07:35,820 --> 00:07:32,830

a lot of the sacred texts so yeah I

167

00:07:37,709 --> 00:07:35,830

studied the sacred texts from many

168

00:07:40,769 --> 00:07:37,719

cultures I looked into their history

169

00:07:43,769 --> 00:07:40,779

their legends of beings that came before

170

00:07:46,709 --> 00:07:43,779

them who built these amazing structures

171

00:07:49,679 --> 00:07:46,719

that we can't even duplicate today and

172

00:07:51,570 --> 00:07:49,689

they had no technology to do themselves

173

00:07:53,580 --> 00:07:51,580

at the time they what according to our

174

00:07:55,230 --> 00:07:53,590

history books there's nothing that they

175

00:07:56,820 --> 00:07:55,240

can there's no way they could create the

176

00:07:58,800 --> 00:07:56,830

structures that we see today we don't

177

00:08:01,519 --> 00:07:58,810

even know how they did them I could go

178

00:08:03,899 --> 00:08:01,529

into all that but so I you know that's

179

00:08:10,860 --> 00:08:03,909

you know that goes deep into the book

180

00:08:14,369 --> 00:08:10,870

goes deep into that and and really it

181

00:08:16,649 --> 00:08:14,379

goes into anything anybody ever wanted

182

00:08:20,430 --> 00:08:16,659

to know about metaphysics and

183

00:08:24,329 --> 00:08:20,440

spirituality and who we are how we got

184

00:08:26,369 --> 00:08:24,339

here what are the possibilities and what

185

00:08:28,079 --> 00:08:26,379

that means for the future there were

186

00:08:30,629 --> 00:08:28,089

many many things that occurred according

187

00:08:33,000 --> 00:08:30,639

to the research not just one I mean you

188

00:08:34,110 --> 00:08:33,010

have zecharia sitchin saying that we

189

00:08:37,409 --> 00:08:34,120

were genetically enhanced by

190

00:08:39,509 --> 00:08:37,419

Neanderthals by advanced beings we have

191

00:08:41,490 --> 00:08:39,519

do you ranch a book and Kisame next

192

00:08:44,219 --> 00:08:41,500

talking about the Elohim or and the

193

00:08:46,920 --> 00:08:44,229

angelic godlike beings or creator gods

194

00:08:51,980 --> 00:08:46,930

who came down and created humans from

195

00:08:55,439 --> 00:08:51,990

their offspring we have all these other

196

00:08:57,750 --> 00:08:55,449

teachings that talk about similar things

197

00:08:59,639 --> 00:08:57,760

that happen at different times in

198

00:09:03,389 --> 00:08:59,649

history five hundred thousand years ago

199

00:09:05,250 --> 00:09:03,399

some a million years ago or more some a

200

00:09:06,990 --> 00:09:05,260

couple hundred thousand years ago and

201
00:09:08,500 --> 00:09:07,000
some five to ten thousand years ago so I

202
00:09:10,090 --> 00:09:08,510
think that there were

203
00:09:13,480 --> 00:09:10,100
many things that happened all over the

204
00:09:15,460 --> 00:09:13,490
world different times you know then we

205
00:09:18,850 --> 00:09:15,470
have aging Egypt started 5000 years ago

206
00:09:20,920 --> 00:09:18,860
and had the technology that they had and

207
00:09:23,620 --> 00:09:20,930
then we have Atlantis and what happened

208
00:09:25,210 --> 00:09:23,630
there and so I would not say that just

209
00:09:27,010 --> 00:09:25,220
one thing that's what I think is the

210
00:09:29,140 --> 00:09:27,020
problem is a lot of people that do this

211
00:09:31,510 --> 00:09:29,150
research they just pick one thing that

212
00:09:32,890 --> 00:09:31,520
they really that they really you know he

213
00:09:35,380 --> 00:09:32,900

feels truth to them they're like this is

214

00:09:37,000 --> 00:09:35,390

what happened and then you have

215

00:09:39,070 --> 00:09:37,010

conflicting information no but this is

216

00:09:40,480 --> 00:09:39,080

then how did this happen and everyone

217

00:09:41,710 --> 00:09:40,490

thinks just one thing happened that

218

00:09:44,050 --> 00:09:41,720

created the human race here on this

219

00:09:45,190 --> 00:09:44,060

planet not so and I think that's the

220

00:09:46,990 --> 00:09:45,200

reason we have so many different races

221

00:09:49,330 --> 00:09:47,000

on the planet because I think there were

222

00:09:52,450 --> 00:09:49,340

different things if you want to call

223

00:09:55,780 --> 00:09:52,460

them experiments and they could be of a

224

00:09:57,970 --> 00:09:55,790

very divine intervention and they could

225

00:09:59,620 --> 00:09:57,980

also be of evolution I think kind of I

226

00:10:02,020 --> 00:09:59,630

think both I think if both things

227

00:10:04,090 --> 00:10:02,030

occurred according to the research we

228

00:10:06,310 --> 00:10:04,100

have both evolution occurring and divine

229

00:10:08,200 --> 00:10:06,320

intervention and that I go deep into

230

00:10:10,690 --> 00:10:08,210

that and more into that in the book I

231

00:10:14,700 --> 00:10:10,700

think right now that's what's going on

232

00:10:19,210 --> 00:10:14,710

on the planet is um we're coming into a

233

00:10:21,910 --> 00:10:19,220

finale and it's the light against the

234

00:10:24,340 --> 00:10:21,920

dark and I think we are at the very end

235

00:10:26,830 --> 00:10:24,350

of the Dark Age according to the 26

236

00:10:31,600 --> 00:10:26,840

thousand year cycle that our Sun travels

237

00:10:33,100 --> 00:10:31,610

through about the great year that so

238

00:10:36,160 --> 00:10:33,110

we're just coming out of this dark age

239

00:10:41,830 --> 00:10:36,170

now and according to that those that

240

00:10:44,830 --> 00:10:41,840

that model we are going to finally come

241

00:10:49,540 --> 00:10:44,840

out of all this hatred and Prejudice and

242

00:10:50,920 --> 00:10:49,550

war and religious sectarianism and so

243

00:10:52,870 --> 00:10:50,930

I'm very hopeful for the future and I

244

00:10:56,650 --> 00:10:52,880

think I think maybe we might have to see

245

00:11:00,250 --> 00:10:56,660

one last battle and not not physically

246

00:11:02,320 --> 00:11:00,260

it might just be spiritually and you

247

00:11:06,400 --> 00:11:02,330

know one last attempt of the dark side

248

00:11:07,750 --> 00:11:06,410

to take back what they're losing and but

249

00:11:10,090 --> 00:11:07,760

it's too late because we're heading

250

00:11:13,140 --> 00:11:10,100

heading into the age of light according

251
00:11:16,060 --> 00:11:13,150
to the hindu model of the great year and

252
00:11:19,600 --> 00:11:16,070
were finally going to progress once

253
00:11:21,100 --> 00:11:19,610
again spiritually technologically and so

254
00:11:22,120 --> 00:11:21,110
we will find our connection again with

255
00:11:25,660 --> 00:11:22,130
each other with the earth

256
00:11:27,400 --> 00:11:25,670
so with nature and when that happens we

257
00:11:30,280 --> 00:11:27,410
start advancing again as we once did
