

UFO 

1
00:00:20,660 --> 00:00:17,750
my name is Erich von däniken I am the

2
00:00:24,700 --> 00:00:20,670
author of Chariots of the Gods and many

3
00:00:27,730 --> 00:00:24,710
other books and in all these books I

4
00:00:30,800 --> 00:00:27,740
stuck and write about the same story

5
00:00:34,130 --> 00:00:30,810
some thousands of years ago our

6
00:00:37,130 --> 00:00:34,140
forefathers were Stone Age people then

7
00:00:40,430 --> 00:00:37,140
some extraterrestrials arrived on our

8
00:00:44,540 --> 00:00:40,440
planet our forefathers believed around

9
00:00:48,049 --> 00:00:44,550
usually that these ETS are some gods we

10
00:00:50,000 --> 00:00:48,059
all know that there are no gods it was

11
00:00:53,210 --> 00:00:50,010
just a misunderstanding but they

12
00:00:55,189 --> 00:00:53,220
believed that the ETS are gods and the

13
00:00:58,310 --> 00:00:55,199

extraterrestrials they be helped himself

14

00:01:00,770 --> 00:00:58,320

like today's ethnologist who do they

15

00:01:03,770 --> 00:01:00,780

studied a few groups they learned a few

16

00:01:06,260 --> 00:01:03,780

language they give a little advice for

17

00:01:09,410 --> 00:01:06,270

the society in the future and finally

18

00:01:13,340 --> 00:01:09,420

they departed from our solar system but

19

00:01:16,609 --> 00:01:13,350

with the promise to return in a far far

20

00:01:20,529 --> 00:01:16,619

future and this promise of returning has

21

00:01:23,260 --> 00:01:20,539

entered into every cult of the past

22

00:01:27,139 --> 00:01:23,270

including in our two days leaving

23

00:01:30,469 --> 00:01:27,149

religions we all wait for the return of

24

00:01:33,740 --> 00:01:30,479

someone coming down from the sky so

25

00:01:38,029 --> 00:01:33,750

that's my basic idea and about this I

26

00:01:42,020 --> 00:01:38,039

have published 40 books first of all I

27

00:01:45,469 --> 00:01:42,030

was educated as a Catholic and I was for

28

00:01:48,139 --> 00:01:45,479

six years in a Swiss boarding school led

29

00:01:51,380 --> 00:01:48,149

by Jesuits and of course as a young

30

00:01:54,200 --> 00:01:51,390

Catholic I was a deep believer in God by

31

00:01:57,440 --> 00:01:54,210

the way I still am a deep believer in

32

00:02:00,380 --> 00:01:57,450

God just my sort of belief has changed

33

00:02:03,289 --> 00:02:00,390

the middle when I was a young man my god

34

00:02:06,289 --> 00:02:03,299

had to have some qualities for example

35

00:02:08,510 --> 00:02:06,299

God would never make a mistake or God

36

00:02:11,870 --> 00:02:08,520

would not use a vehicle in which to move

37

00:02:13,160 --> 00:02:11,880

from point A to point B God is all over

38

00:02:16,070 --> 00:02:13,170

of God

39

00:02:19,070 --> 00:02:16,080

of course God would be out of time a

40

00:02:21,559 --> 00:02:19,080

real God the spiritual God would not

41

00:02:23,809 --> 00:02:21,569

need to make experiences and then he has

42

00:02:26,740 --> 00:02:23,819

to wait what the result is he would know

43

00:02:28,630 --> 00:02:26,750

it in advance because he's timeless

44

00:02:32,080 --> 00:02:28,640

these for some ideas which I had in my

45

00:02:34,390 --> 00:02:32,090

head as a 16 year old boy while in that

46

00:02:36,910 --> 00:02:34,400

body school we had to make translations

47

00:02:39,580 --> 00:02:36,920

from part of the Bible one language to

48

00:02:42,790 --> 00:02:39,590

the other Greek to Latin Latin to German

49

00:02:46,420 --> 00:02:42,800

and there I read that the God of the

50

00:02:49,330 --> 00:02:46,430

Bible thus use a vehicle the vehicle

51
00:02:51,340 --> 00:02:49,340
descends from the sky to the holy

52
00:02:53,500 --> 00:02:51,350
mountain which smoke and fire and

53
00:02:56,590 --> 00:02:53,510
trembling and loud noise and all these

54
00:02:59,680 --> 00:02:56,600
things in one place at the Bible the

55
00:03:02,530 --> 00:02:59,690
Lord gives order to Moses to construct a

56
00:03:04,360 --> 00:03:02,540
gate around the holy mountain so the

57
00:03:06,880 --> 00:03:04,370
Israelites could not come close by

58
00:03:09,550 --> 00:03:06,890
because otherwise they would be killed

59
00:03:11,710 --> 00:03:09,560
so Moses constructs the gate and the

60
00:03:13,960 --> 00:03:11,720
Israelites are in a safe distance and

61
00:03:16,780 --> 00:03:13,970
now the Lord this sense which smoke and

62
00:03:19,030 --> 00:03:16,790
fire trembling loud noise in the Bible

63
00:03:22,560 --> 00:03:19,040

it says the mountain look as he was

64

00:03:25,540 --> 00:03:22,570

burning from burn ace so I as a young

65

00:03:29,170 --> 00:03:25,550

student 16 years old I said what kind of

66

00:03:31,330 --> 00:03:29,180

God is this my god one believe would not

67

00:03:33,490 --> 00:03:31,340

need to construct the gate for

68

00:03:35,470 --> 00:03:33,500

protection maybe just snippets he's a

69

00:03:37,420 --> 00:03:35,480

hand if he hasn't and there is the

70

00:03:39,910 --> 00:03:37,430

protection he would not descend with

71

00:03:43,240 --> 00:03:39,920

smoke and fire so I simply had doubts

72

00:03:45,430 --> 00:03:43,250

doubts in my own religious education and

73

00:03:47,949 --> 00:03:45,440

I wanted to find out if other

74

00:03:50,229 --> 00:03:47,959

communities in antiquity have similar

75

00:03:53,229 --> 00:03:50,239

stories are only we in the Jewish

76

00:03:56,229 --> 00:03:53,239

Christian tradition so I went into the

77

00:03:59,350 --> 00:03:56,239

other holy books and there it started

78

00:04:01,530 --> 00:03:59,360

Chariots of the Gods especially in old

79

00:04:05,530 --> 00:04:01,540

Indian books in the so-called

80

00:04:08,350 --> 00:04:05,540

Mahabharata there are passages where the

81

00:04:11,050 --> 00:04:08,360

God descends in smaller vehicle the

82

00:04:13,930 --> 00:04:11,060

smaller vehicle are described as Vimanas

83

00:04:16,180 --> 00:04:13,940

out of these Vimanas some teachers came

84

00:04:18,520 --> 00:04:16,190

some of these teachers they took some of

85

00:04:20,830 --> 00:04:18,530

the young humans up there

86

00:04:23,920 --> 00:04:20,840

into their mother spaceship one of them

87

00:04:26,710 --> 00:04:23,930

was his name was Arjuna and that Juna

88

00:04:28,780 --> 00:04:26,720

was up there many times he even gives

89

00:04:30,909 --> 00:04:28,790

the name of the pilot who brought him up

90

00:04:33,909 --> 00:04:30,919

there to the sky his pilot's name was

91

00:04:36,339 --> 00:04:33,919

metallic and Arjuna learned the language

92

00:04:38,409 --> 00:04:36,349

of the extraterrestrials up there and

93

00:04:39,810 --> 00:04:38,419

when he descended find him to earth of

94

00:04:43,110 --> 00:04:39,820

course he was

95

00:04:45,660 --> 00:04:43,120

scribing all his experience with his ets

96

00:04:47,730 --> 00:04:45,670

up there and that was handed down in

97

00:04:50,160 --> 00:04:47,740

written form in the mahabharata

98

00:04:52,830 --> 00:04:50,170

especially in the fifth book which is

99

00:04:55,800 --> 00:04:52,840

called the muzzle Apoorva and there you

100

00:04:58,620 --> 00:04:55,810

also learn that Arjuna when he was up

101
00:05:01,830 --> 00:04:58,630
there he realized that these so-called

102
00:05:03,990 --> 00:05:01,840
gods the extraterrestrials they had

103
00:05:06,960 --> 00:05:04,000
different opinions and they even had a

104
00:05:10,050 --> 00:05:06,970
war in heaven there was a real war in

105
00:05:11,520 --> 00:05:10,060
space all this is described in the fifth

106
00:05:15,480 --> 00:05:11,530
book of the Mahabharata

107
00:05:18,090 --> 00:05:15,490
now I edited as a Christian they always

108
00:05:20,340 --> 00:05:18,100
told me when I was a boy well when you

109
00:05:23,280 --> 00:05:20,350
leave correctly Erik when you do not

110
00:05:26,280 --> 00:05:23,290
harm anyone when you are correct you

111
00:05:29,220 --> 00:05:26,290
don't kill and lie finally when you die

112
00:05:31,590 --> 00:05:29,230
you will go to heaven and heaven is the

113
00:05:33,660 --> 00:05:31,600

place of happiness in heaven we are

114

00:05:36,710 --> 00:05:33,670

united with the Almighty God

115

00:05:39,440 --> 00:05:36,720

everyone is happy in heaven for eternity

116

00:05:42,390 --> 00:05:39,450

but come on there was a war in heaven

117

00:05:44,910 --> 00:05:42,400

even in our Jewish Christian tradition

118

00:05:47,190 --> 00:05:44,920

it starts with the war in heaven there

119

00:05:49,470 --> 00:05:47,200

was an archangel his name was Lucifer

120

00:05:51,660 --> 00:05:49,480

and one day Lucifer come with his

121

00:05:54,090 --> 00:05:51,670

disciples before the throne of the

122

00:05:56,790 --> 00:05:54,100

Almighty God and said we do not serve

123

00:05:59,370 --> 00:05:56,800

you anymore and the Almighty God asked

124

00:06:02,580 --> 00:05:59,380

for his art angel Michael to destroy

125

00:06:06,240 --> 00:06:02,590

Lucifer and his disciples to true them

126
00:06:08,940 --> 00:06:06,250
out of heaven so heaven was not a place

127
00:06:11,850 --> 00:06:08,950
of happiness heaven was a place of war

128
00:06:16,200 --> 00:06:11,860
that's why I suggest we should change

129
00:06:19,080 --> 00:06:16,210
the word heaven into space many of our

130
00:06:22,110 --> 00:06:19,090
forefathers were brought into heaven

131
00:06:25,230 --> 00:06:22,120
which means into space not only the

132
00:06:28,080 --> 00:06:25,240
Indian fellow our tuna we have our pre

133
00:06:31,470 --> 00:06:28,090
commodore abraham he was in heaven

134
00:06:33,600 --> 00:06:31,480
enoch they were in heaven alaya they

135
00:06:36,360 --> 00:06:33,610
were in heaven they will teach there and

136
00:06:38,970 --> 00:06:36,370
they came back safe to earth and teach

137
00:06:41,010 --> 00:06:38,980
the human so change the word heaven into

138
00:06:44,370 --> 00:06:41,020

the world space then you have it

139

00:06:48,270 --> 00:06:44,380

different or in the old holy text there

140

00:06:51,840 --> 00:06:48,280

are angels and archangels now normally

141

00:06:53,460 --> 00:06:51,850

an angel is a messenger from the god a

142

00:06:55,410 --> 00:06:53,470

messenger when you

143

00:06:58,590 --> 00:06:55,420

make a design of it an angel has wings

144

00:07:00,870 --> 00:06:58,600

angel has halos around his head and so

145

00:07:03,690 --> 00:07:00,880

and we always look these angels as

146

00:07:06,990 --> 00:07:03,700

wonderful spiritual beings as helpless

147

00:07:09,690 --> 00:07:07,000

of God but these angels they destroyed

148

00:07:12,480 --> 00:07:09,700

humans and in some passages in the Book

149

00:07:16,440 --> 00:07:12,490

of Enoch or even in the Bible they had

150

00:07:18,990 --> 00:07:16,450

sex with humans spiritual beings angels

151
00:07:20,070 --> 00:07:19,000
would not have sex with humans so change

152
00:07:22,230 --> 00:07:20,080
the world angel

153
00:07:26,270 --> 00:07:22,240
include the world of extraterrestrial

154
00:07:28,830 --> 00:07:26,280
now we change to word angel and heaven

155
00:07:31,470 --> 00:07:28,840
extraterrestrial and space what is an

156
00:07:34,080 --> 00:07:31,480
archangel it may be the leader of a

157
00:07:37,380 --> 00:07:34,090
group of the extraterrestrials so change

158
00:07:41,430 --> 00:07:37,390
a few words and the meaning of the old

159
00:07:43,700 --> 00:07:41,440
text becomes a new explanation and this

160
00:07:47,370 --> 00:07:43,710
new explanations makes much more sense

161
00:07:49,680 --> 00:07:47,380
than yesterday's explanation yesterday

162
00:07:51,780 --> 00:07:49,690
we translated all the old texts from a

163
00:07:54,120 --> 00:07:51,790

religious point of view and from a

164

00:07:56,790 --> 00:07:54,130

psychological point of view in the

165

00:07:58,830 --> 00:07:56,800

meantime we understood that many of

166

00:08:03,600 --> 00:07:58,840

these things which are described in the

167

00:08:06,930 --> 00:08:03,610

holy books of mankind were reality it's

168

00:08:10,920 --> 00:08:06,940

not fantasy we just need our modern

169

00:08:12,900 --> 00:08:10,930

understanding and it makes sense so

170

00:08:15,270 --> 00:08:12,910

that's what I'm doing I'm looking at the

171

00:08:17,460 --> 00:08:15,280

old text not only the Bible also many

172

00:08:20,159 --> 00:08:17,470

objects of course I'm looking all the

173

00:08:23,219 --> 00:08:20,169

mythologies the mythologies of our

174

00:08:24,870 --> 00:08:23,229

planet are full of extraterrestrials of

175

00:08:26,760 --> 00:08:24,880

course they are not called

176

00:08:30,210 --> 00:08:26,770

extraterrestrial they have always

177

00:08:33,600 --> 00:08:30,220

different names and even on the little

178

00:08:35,760 --> 00:08:33,610

islands like Hawaii or somewhere in the

179

00:08:37,770 --> 00:08:35,770

South Pacific their mythologies are

180

00:08:40,110 --> 00:08:37,780

similar than the mythologies of the

181

00:08:42,480 --> 00:08:40,120

great people the great community

182

00:08:45,780 --> 00:08:42,490

somewhere else I know the mythology for

183

00:08:48,329 --> 00:08:45,790

example of the cocoa the cocoa is an

184

00:08:52,530 --> 00:08:48,339

Indian tribe they live in Colombia in

185

00:08:55,440 --> 00:08:52,540

the Sierra Madre there's Santa Marta the

186

00:08:58,260 --> 00:08:55,450

Kogi's are an old tribe and they have

187

00:09:01,410 --> 00:08:58,270

the same tradition concerning God and

188

00:09:03,960 --> 00:09:01,420

ascending the great flood the ship as we

189

00:09:05,880 --> 00:09:03,970

have it in the Bible the same thing in

190

00:09:07,090 --> 00:09:05,890

Central Africa there we have a tribe

191

00:09:10,000 --> 00:09:07,100

called the dog

192

00:09:11,860 --> 00:09:10,010

the Dogon again have the same tradition

193

00:09:12,640 --> 00:09:11,870

they were wishing it by a being from

194

00:09:15,400 --> 00:09:12,650

outer space

195

00:09:16,420 --> 00:09:15,410

his name was normal and they asked him

196

00:09:19,470 --> 00:09:16,430

where do you come from

197

00:09:21,970 --> 00:09:19,480

and he pointed to our Sirius Star System

198

00:09:25,060 --> 00:09:21,980

which is about 10 light years away from

199

00:09:28,360 --> 00:09:25,070

here so and all these beings promised to

200

00:09:31,510 --> 00:09:28,370

return in a far far future and they will

201
00:09:34,260 --> 00:09:31,520
return so one of my specialities are the

202
00:09:37,900 --> 00:09:34,270
mythologies of all these fantastic

203
00:09:40,570 --> 00:09:37,910
groups of the past and in many points

204
00:09:43,210 --> 00:09:40,580
these mythologies say the same

205
00:09:46,660 --> 00:09:43,220
and finally the extraterrestrials they

206
00:09:49,930 --> 00:09:46,670
lived left traces they did not left a

207
00:09:52,360 --> 00:09:49,940
technological object until today I have

208
00:09:55,120 --> 00:09:52,370
never found a technological object from

209
00:09:57,970 --> 00:09:55,130
the extraterrestrials but I know that

210
00:10:00,040 --> 00:09:57,980
some of these objects do exist for

211
00:10:02,620 --> 00:10:00,050
example in the Bible we have the story

212
00:10:04,270 --> 00:10:02,630
of meet the Ark of the government the

213
00:10:07,000 --> 00:10:04,280

ark of the government was an

214

00:10:09,910 --> 00:10:07,010

extraterrestrial object Moses had to

215

00:10:12,070 --> 00:10:09,920

construct a copy of the Ark of the

216

00:10:14,410 --> 00:10:12,080

government the act of the government was

217

00:10:16,840 --> 00:10:14,420

dangerous there were many people and

218

00:10:19,030 --> 00:10:16,850

priests were killed when they touched

219

00:10:22,960 --> 00:10:19,040

the Ark of the government at the wrong

220

00:10:24,850 --> 00:10:22,970

place finally the King Solomon brought

221

00:10:27,070 --> 00:10:24,860

the Ark of the Covenant government to

222

00:10:31,270 --> 00:10:27,080

Jerusalem constructed the Great Temple

223

00:10:33,250 --> 00:10:31,280

of Jerusalem later one of his son son of

224

00:10:36,070 --> 00:10:33,260

Solomon his name was by-and-by aleykum

225

00:10:38,170 --> 00:10:36,080

he stole the Ark of the government from

226

00:10:40,780 --> 00:10:38,180

from Jerusalem and brought it to his

227

00:10:43,840 --> 00:10:40,790

mother in Ethiopia the Queen of Sheba

228

00:10:46,960 --> 00:10:43,850

and still today we know that at least

229

00:10:49,950 --> 00:10:46,970

parts of the Ark of the government

230

00:10:53,320 --> 00:10:49,960

are deep in the ground under the

231

00:10:56,680 --> 00:10:53,330

Cathedral of the Holy Virgin Mary at the

232

00:10:59,700 --> 00:10:56,690

Ethiopian city of Aksum just a few

233

00:11:01,810 --> 00:10:59,710

months ago the head of the coptic church

234

00:11:05,230 --> 00:11:01,820

had an interview with the german

235

00:11:09,490 --> 00:11:05,240

newspaper and he said i saw the ark of

236

00:11:12,160 --> 00:11:09,500

the government it's not human so we have

237

00:11:14,740 --> 00:11:12,170

maybe objects from extraterrestrials

238

00:11:17,980 --> 00:11:14,750

which could prove the case but i never

239

00:11:20,050 --> 00:11:17,990

had them in my hands i cannot say the

240

00:11:23,140 --> 00:11:20,060

same see happen by the way in japan

241

00:11:25,630 --> 00:11:23,150

the first Japanese Emperor's were Jammu

242

00:11:29,530 --> 00:11:25,640

Tenno they believed that they were the

243

00:11:31,690 --> 00:11:29,540

son that the sons of the Sun and the

244

00:11:34,720 --> 00:11:31,700

first emperor Jimmu they know he

245

00:11:37,720 --> 00:11:34,730

received from his heavenly Father a sort

246

00:11:40,330 --> 00:11:37,730

of mirror and he said whenever he looked

247

00:11:42,790 --> 00:11:40,340

at this mirror he could see what was

248

00:11:44,860 --> 00:11:42,800

going on on the different islands in the

249

00:11:47,620 --> 00:11:44,870

Pacific which who they belong to the

250

00:11:49,960 --> 00:11:47,630

Japanese not different and so I asked

251

00:11:52,420 --> 00:11:49,970

myself what kind of mirror was that a

252

00:11:55,180 --> 00:11:52,430

sort of television or whatever

253

00:11:57,820 --> 00:11:55,190

now when G Moutinho died they made the

254

00:12:00,430 --> 00:11:57,830

big shark off I was fine and they buried

255

00:12:04,000 --> 00:12:00,440

him in a big place with water around and

256

00:12:06,160 --> 00:12:04,010

they also buried this mirror I would

257

00:12:08,440 --> 00:12:06,170

like to open the tomb to see the mirror

258

00:12:11,980 --> 00:12:08,450

what technical device is this

259

00:12:14,380 --> 00:12:11,990

so from mythology we know that there are

260

00:12:16,720 --> 00:12:14,390

some technical objects of the

261

00:12:19,920 --> 00:12:16,730

extraterrestrials on our planet but in

262

00:12:22,390 --> 00:12:19,930

reality we have never seen one of them

263

00:12:25,360 --> 00:12:22,400

the humans never never show them

264

00:12:27,040 --> 00:12:25,370

correctly they knew that they had the

265

00:12:29,560 --> 00:12:27,050

form of humans so they were not

266

00:12:31,960 --> 00:12:29,570

elephants or animals or whatever they

267

00:12:34,900 --> 00:12:31,970

had the human form but the face was

268

00:12:37,360 --> 00:12:34,910

always different to our face we have a

269

00:12:39,340 --> 00:12:37,370

description of Enoch and Abraham where

270

00:12:42,760 --> 00:12:39,350

he said to strangers descended from the

271

00:12:44,920 --> 00:12:42,770

sky and they had the breed of a human

272

00:12:47,530 --> 00:12:44,930

but something was different on their

273

00:12:49,420 --> 00:12:47,540

nose they could not breathe our air as

274

00:12:52,660 --> 00:12:49,430

it was maybe they had to filtrate it

275

00:12:56,430 --> 00:12:52,670

somehow but the form of their body was

276

00:12:59,290 --> 00:12:56,440

human which is quite explainable you see

277

00:13:01,740 --> 00:12:59,300

it might be that in the universe there

278

00:13:04,450 --> 00:13:01,750

are thousands of different forms of life

279

00:13:06,910 --> 00:13:04,460

evolution has created everything what we

280

00:13:08,380 --> 00:13:06,920

can imagine I always say in my speeches

281

00:13:10,870 --> 00:13:08,390

maybe there is something like a flying

282

00:13:13,090 --> 00:13:10,880

led elephant up there or some animals

283

00:13:17,350 --> 00:13:13,100

with with tentacles and whatever we wish

284

00:13:20,230 --> 00:13:17,360

but there are also human-like beings out

285

00:13:23,880 --> 00:13:20,240

there and this makes sense because of a

286

00:13:27,460 --> 00:13:23,890

theory which is called panspermia

287

00:13:29,170 --> 00:13:27,470

panspermia was first invented by the

288

00:13:32,470 --> 00:13:29,180

swedish nobel prize winner

289

00:13:34,030 --> 00:13:32,480

Savanti Arrhenius he died 70 years ago

290

00:13:36,700 --> 00:13:34,040

and he has come out with

291

00:13:40,300 --> 00:13:36,710

idea which he called panspermia what is

292

00:13:42,940 --> 00:13:40,310

panspermia the suggestion was at some

293

00:13:45,730 --> 00:13:42,950

place in a milky way the first

294

00:13:48,160 --> 00:13:45,740

intelligent form of life appeared now

295

00:13:52,060 --> 00:13:48,170

the critics can say stop how did that

296

00:13:55,720 --> 00:13:52,070

happen we have no idea as we have no

297

00:13:57,100 --> 00:13:55,730

idea how did the Big Bang started what

298

00:13:59,650 --> 00:13:57,110

was before the Big Bang

299

00:14:01,540 --> 00:13:59,660

we have no idea in religion when we say

300

00:14:04,900 --> 00:14:01,550

respectful in the beginning there was

301

00:14:07,810 --> 00:14:04,910

God and God was the world what created

302

00:14:10,420 --> 00:14:07,820

God so we have no answer for this the

303

00:14:13,750 --> 00:14:10,430

same thing with me punch premier somehow

304

00:14:16,960 --> 00:14:13,760

it started the first intelligent form of

305

00:14:20,500 --> 00:14:16,970

life had a certain interest to spread

306

00:14:23,140 --> 00:14:20,510

out their own form of life in a certain

307

00:14:24,580 --> 00:14:23,150

sector sector of the Milky Way now in

308

00:14:26,680 --> 00:14:24,590

the beginning you don't send spaceships

309

00:14:30,700 --> 00:14:26,690

that's all too complicated

310

00:14:33,580 --> 00:14:30,710

you simply infect a sector of your Milky

311

00:14:35,350 --> 00:14:33,590

Way with your own D and a I mean there

312

00:14:38,920 --> 00:14:35,360

are billions and billions of DNA chests

313

00:14:40,870 --> 00:14:38,930

in my skin my body so you infect with

314

00:14:44,230 --> 00:14:40,880

billions and billions DNA a certain

315

00:14:47,050 --> 00:14:44,240

section of your own Milky Way you know

316

00:14:49,840 --> 00:14:47,060

of course that the biggest part of this

317

00:14:53,410 --> 00:14:49,850

DNA will enter into the gravity of a Sun

318

00:14:55,840 --> 00:14:53,420

and will be dead or not a part of the

319

00:14:58,750 --> 00:14:55,850

DNA will enter in the gravity of a big

320

00:15:02,020 --> 00:14:58,760

planet like for example Jupiter there is

321

00:15:04,210 --> 00:15:02,030

no condition of life but the small part

322

00:15:07,270 --> 00:15:04,220

will enter into the gravity of a planet

323

00:15:09,970 --> 00:15:07,280

which has similar conditions as the one

324

00:15:13,300 --> 00:15:09,980

who started with that game and now on

325

00:15:15,850 --> 00:15:13,310

this planet life begins so when I was in

326

00:15:19,180 --> 00:15:15,860

school in my boarding high school I

327

00:15:21,880 --> 00:15:19,190

learned that life on earth started in

328

00:15:23,650 --> 00:15:21,890

the so called primordial soup so the

329

00:15:25,840 --> 00:15:23,660

atoms came together gathering form

330

00:15:27,010 --> 00:15:25,850

molecules and they form bigger molecules

331

00:15:29,620 --> 00:15:27,020

and so on and so on

332

00:15:32,350 --> 00:15:29,630

in the meantime modern science says no

333

00:15:34,600 --> 00:15:32,360

this idea of prime prime over your soup

334

00:15:36,850 --> 00:15:34,610

is wrong because of the difference of

335

00:15:39,340 --> 00:15:36,860

eat the different of chemistry it could

336

00:15:42,820 --> 00:15:39,350

not work like this life has come from

337

00:15:45,400 --> 00:15:42,830

outside like DNA and the rest is

338

00:15:46,809 --> 00:15:45,410

evolution we are the product of

339

00:15:48,969 --> 00:15:46,819

evolution but the

340

00:15:52,090 --> 00:15:48,979

starting point was coming from outside

341

00:15:54,729 --> 00:15:52,100

and this is exactly what we find the

342

00:15:57,309 --> 00:15:54,739

game in the Holy Scriptures in many holy

343

00:15:59,499 --> 00:15:57,319

scriptures including the Bible where

344

00:16:03,249 --> 00:15:59,509

they say and God created humans

345

00:16:06,579 --> 00:16:03,259

according their own image so to see like

346

00:16:09,400 --> 00:16:06,589

this we are the offsprings of someone

347

00:16:11,379 --> 00:16:09,410

else and when we asked well how did

348

00:16:14,889 --> 00:16:11,389

extraterrestrials look like the one who

349

00:16:17,289 --> 00:16:14,899

were here more or less similar because

350

00:16:20,499 --> 00:16:17,299

they are so to say our grand grand grand

351

00:16:22,749 --> 00:16:20,509

father's we are similar than them the

352

00:16:25,719 --> 00:16:22,759

gods created humans according their own

353

00:16:28,119 --> 00:16:25,729

image and he makes perfectly sense they

354

00:16:31,409 --> 00:16:28,129

would return when say when they you know

355

00:16:35,889 --> 00:16:31,419

all this has a certain logic in Sinking

356

00:16:38,379 --> 00:16:35,899

just imagine we humans we would be ready

357

00:16:38,829 --> 00:16:38,389

for space travel in bigger distance oh

358

00:16:41,019 --> 00:16:38,839

ok

359

00:16:43,989 --> 00:16:41,029

now the scientists it together and they

360

00:16:48,579 --> 00:16:43,999

are where will we go so start with our

361

00:16:51,460 --> 00:16:48,589

solar system we will we go to to mercury

362

00:16:54,309 --> 00:16:51,470

never mercury is to close at the Sun

363

00:16:56,590 --> 00:16:54,319

it's too hot the next planet really go

364

00:16:59,229 --> 00:16:56,600
to Venus no the winner still has a

365

00:17:01,179 --> 00:16:59,239
temperature of 500 degree we cannot

366

00:17:03,489 --> 00:17:01,189
survive there the third planet on earth

367

00:17:05,559 --> 00:17:03,499
believe already we can go to the moon we

368

00:17:10,379 --> 00:17:05,569
can go to Mars we can go to the asteroid

369

00:17:18,869 --> 00:17:13,749
oxygen with us which practically we can

370

00:17:21,789 --> 00:17:18,879
do out of the asteroid belt is Jupiter

371

00:17:24,399 --> 00:17:21,799
too big we would never go there the

372

00:17:26,079 --> 00:17:24,409
gravity would destroy us and farther out

373

00:17:29,049 --> 00:17:26,089
where on earth Neptune Pluto makes no

374

00:17:32,080 --> 00:17:29,059
sense these are just ice planets so we

375

00:17:35,499 --> 00:17:32,090
would chose from the beginning a landing

376

00:17:37,869 --> 00:17:35,509

place which makes sense for us humans

377

00:17:39,999 --> 00:17:37,879

because we want to survive on the

378

00:17:43,149 --> 00:17:40,009

landing place the same happens for the

379

00:17:46,810 --> 00:17:43,159

other David their astronomy they found

380

00:17:50,590 --> 00:17:46,820

out very very easily on which planet has

381

00:17:53,110 --> 00:17:50,600

life evolved according to panspermia and

382

00:17:56,019 --> 00:17:53,120

now you have a certain grid and now they

383

00:17:58,149 --> 00:17:56,029

go exactly there with spaceships that's

384

00:18:01,030 --> 00:17:58,159

why they arrived here it was not

385

00:18:04,270 --> 00:18:01,040

coincident that they buy coins then

386

00:18:07,060 --> 00:18:04,280

they found our planet now they know we

387

00:18:10,150 --> 00:18:07,070

knew it in advance were they that that

388

00:18:13,420 --> 00:18:10,160

panspermia did work so it's all very

389

00:18:17,020 --> 00:18:13,430

logical the pyramid is complicated

390

00:18:18,700 --> 00:18:17,030

according to archeology they believe

391

00:18:21,670 --> 00:18:18,710

that the Great Pyramid was made by a

392

00:18:24,370 --> 00:18:21,680

pharaoh with the name of Cheops but in

393

00:18:27,030 --> 00:18:24,380

fact we have no proof for cubes there is

394

00:18:30,030 --> 00:18:27,040

no tump we have no mummy we have nothing

395

00:18:33,940 --> 00:18:30,040

how do we came to the name of Cheops

396

00:18:37,690 --> 00:18:33,950

2,000 years ago in 2500 years ago many

397

00:18:41,980 --> 00:18:37,700

of our wise historians were there in

398

00:18:44,290 --> 00:18:41,990

Egypt Theodora bone Pluta all these wise

399

00:18:45,970 --> 00:18:44,300

men were there and they all were

400

00:18:49,390 --> 00:18:45,980

standing before the great pyramid and

401
00:18:51,430 --> 00:18:49,400
they all asked the Egyptian priests who

402
00:18:54,310 --> 00:18:51,440
made this building and the priests

403
00:18:56,590 --> 00:18:54,320
always said we don't know because he was

404
00:18:58,150 --> 00:18:56,600
made before the Great Flood so how do we

405
00:19:01,840 --> 00:18:58,160
come to the name of Cheops

406
00:19:07,060 --> 00:19:01,850
there was one historian Herodotus he was

407
00:19:10,000 --> 00:19:07,070
in Egypt about 430 BC and he also asked

408
00:19:12,700 --> 00:19:10,010
the priest who made the pyramid and he

409
00:19:16,870 --> 00:19:12,710
says in his second book that one priest

410
00:19:19,480 --> 00:19:16,880
told him that at a Tyron with the name

411
00:19:22,330 --> 00:19:19,490
of Cheops constructed the Great Pyramid

412
00:19:25,540 --> 00:19:22,340
with the help of 100,000 slaves and the

413
00:19:27,820 --> 00:19:25,550

pyramid was built up in 20 years so the

414

00:19:31,120 --> 00:19:27,830

only historian who comes up with the

415

00:19:33,910 --> 00:19:31,130

name of Cheops was air about all the

416

00:19:36,550 --> 00:19:33,920

other historians which were there to say

417

00:19:39,820 --> 00:19:36,560

no it's the priests told us we do not

418

00:19:43,570 --> 00:19:39,830

know where it is and even later we had a

419

00:19:44,920 --> 00:19:43,580

historian 180 his name was Theodore

420

00:19:48,400 --> 00:19:44,930

Theodore no sickles

421

00:19:51,310 --> 00:19:48,410

he knew that the books of his preceptors

422

00:19:55,360 --> 00:19:51,320

and he say era dot is wrong when he says

423

00:19:57,910 --> 00:19:55,370

it was camp it was not carobs now there

424

00:19:59,950 --> 00:19:57,920

are also Arabian historians which nobody

425

00:20:02,560 --> 00:19:59,960

knows in the Western Ibrahim abdullah al

426
00:20:04,270 --> 00:20:02,570
masud I'm a Christian for example he has

427
00:20:06,520 --> 00:20:04,280
published a book with the name he

428
00:20:09,640 --> 00:20:06,530
thought and then he says the Great

429
00:20:13,030 --> 00:20:09,650
Pyramid was made before the Great Flood

430
00:20:14,860 --> 00:20:13,040
by a king with the name of solid and

431
00:20:17,980 --> 00:20:14,870
then he precisely say

432
00:20:22,240 --> 00:20:17,990
Sarita is the same figure which the

433
00:20:24,490 --> 00:20:22,250
Hebrew community calls Enoch now Enoch

434
00:20:27,310 --> 00:20:24,500
again there is a book of Enoch from

435
00:20:28,630 --> 00:20:27,320
Ethiopia Enoch was always in contact

436
00:20:30,850 --> 00:20:28,640
with extraterrestrials

437
00:20:32,860 --> 00:20:30,860
Enoch even learned the language of the

438
00:20:36,640 --> 00:20:32,870

extra-terrestrial he came down to the

439

00:20:38,020 --> 00:20:36,650

humans to teach mankind of his learning

440

00:20:40,690 --> 00:20:38,030

what he learned with the

441

00:20:42,250 --> 00:20:40,700

extraterrestrials and before Enoch left

442

00:20:44,380 --> 00:20:42,260

our planet together with the

443

00:20:47,080 --> 00:20:44,390

extraterrestrials Enoch was the first

444

00:20:49,990 --> 00:20:47,090

human who left our planet in the fiery

445

00:20:52,120 --> 00:20:50,000

chariot before he goes he assembled his

446

00:20:54,310 --> 00:20:52,130

family he had many children and

447

00:20:58,480 --> 00:20:54,320

different wife and Enoch says to his

448

00:21:01,080 --> 00:20:58,490

oldest son Methuselah now my son I live

449

00:21:03,700 --> 00:21:01,090

but I give you all these books

450

00:21:07,210 --> 00:21:03,710

scientific books written by your

451

00:21:11,050 --> 00:21:07,220

father's and keep them carefully for

452

00:21:13,960 --> 00:21:11,060

future generation after the Great Flood

453

00:21:14,830 --> 00:21:13,970

so all all this was made before the

454

00:21:18,520 --> 00:21:14,840

Great Flood

455

00:21:21,130 --> 00:21:18,530

so Enoch has given scientific books to

456

00:21:23,200 --> 00:21:21,140

his son Methuselah Methuselah

457

00:21:25,690 --> 00:21:23,210

constructed together with Enochs

458

00:21:28,600 --> 00:21:25,700

knowledge the Great Pyramid it was the

459

00:21:30,670 --> 00:21:28,610

humans who made the dirty work the

460

00:21:33,670 --> 00:21:30,680

humans were putting all these stones

461

00:21:35,980 --> 00:21:33,680

together but the knowledge who you know

462

00:21:37,690 --> 00:21:35,990

before you construct the so complicated

463

00:21:39,700 --> 00:21:37,700

building like the Great Pyramid you have

464

00:21:43,000 --> 00:21:39,710

to have an engineering knowledge you

465

00:21:45,190 --> 00:21:43,010

have to plan all these tunnels all these

466

00:21:47,710 --> 00:21:45,200

rooms you cannot just start constructing

467

00:21:49,900 --> 00:21:47,720

and this planning is complicated so the

468

00:21:52,600 --> 00:21:49,910

planning was coming from the

469

00:21:56,560 --> 00:21:52,610

extra-terrestrial they helped doing

470

00:21:59,350 --> 00:21:56,570

these things but the real dirty work we

471

00:22:02,830 --> 00:21:59,360

did it now in the past the years and

472

00:22:04,960 --> 00:22:02,840

months more and more rooms have been

473

00:22:07,390 --> 00:22:04,970

detected in the Great Pyramid we

474

00:22:09,610 --> 00:22:07,400

detected them with electronic meaning so

475

00:22:12,190 --> 00:22:09,620

we know that there are more shafts and

476

00:22:15,100 --> 00:22:12,200

more rooms and I practically expect

477

00:22:17,260 --> 00:22:15,110

every year that finally we will find we

478

00:22:19,660 --> 00:22:17,270

will locate a room which is full of

479

00:22:22,720 --> 00:22:19,670

books and there we find the message of

480

00:22:25,090 --> 00:22:22,730

Enochs the message of what happened in

481

00:22:27,040 --> 00:22:25,100

the deep past before the great flood and

482

00:22:28,190 --> 00:22:27,050

the mother is a little afraid of this

483

00:22:30,950 --> 00:22:28,200

because you

484

00:22:32,720 --> 00:22:30,960

it is not ready for such a message I

485

00:22:35,389 --> 00:22:32,730

always call it this would be the shock

486

00:22:37,070 --> 00:22:35,399

of the guards that's why it's better we

487

00:22:41,480 --> 00:22:37,080

talk about all these things in public

488

00:22:46,430 --> 00:22:41,490

and make it possible there are American

489

00:22:49,370 --> 00:22:46,440

geologists who discovered not by digging

490

00:22:53,029 --> 00:22:49,380

just again with electronic means some

491

00:22:55,700 --> 00:22:53,039

rooms under the Great Sphinx dr. Robert

492

00:22:59,060 --> 00:22:55,710

Shaw is one of them and he even says he

493

00:23:02,299 --> 00:22:59,070

located the room which has 12 meters in

494

00:23:05,419 --> 00:23:02,309

length and 8 meters in large but in

495

00:23:08,810 --> 00:23:05,429

practice this room was not found because

496

00:23:11,350 --> 00:23:08,820

the Department of Antiquities in Egypt

497

00:23:15,409 --> 00:23:11,360

does not permit to make pickings there

498

00:23:18,590 --> 00:23:15,419

the gods the so-called God's promised to

499

00:23:21,230 --> 00:23:18,600

return and I think they are here already

500

00:23:23,590 --> 00:23:21,240

the observers already they learn our

501
00:23:26,539 --> 00:23:23,600
languages they learn our political

502
00:23:29,450 --> 00:23:26,549
religious systems and they don't want to

503
00:23:32,330 --> 00:23:29,460
shock us because they know how we react

504
00:23:34,639 --> 00:23:32,340
do not forget we are offsprings of them

505
00:23:37,190 --> 00:23:34,649
the gods created man according their own

506
00:23:38,720 --> 00:23:37,200
image they know our reaction at the

507
00:23:41,330 --> 00:23:38,730
moment they are observing us maybe since

508
00:23:42,970 --> 00:23:41,340
two or three decades they are learning

509
00:23:45,620 --> 00:23:42,980
language they are studying our

510
00:23:47,930 --> 00:23:45,630
microscopic world are really dangerous

511
00:23:50,000 --> 00:23:47,940
r'ragh poison what kind of weapon do we

512
00:23:52,990 --> 00:23:50,010
have what kind of religion political

513
00:23:56,810 --> 00:23:53,000

system do they have and slowly slowly

514

00:23:59,389 --> 00:23:56,820

mankind should be prepared by movies

515

00:24:01,940 --> 00:23:59,399

like Star Wars and other things or by

516

00:24:02,509 --> 00:24:01,950

discussions or speeches like I do it

517

00:24:05,149 --> 00:24:02,519

myself

518

00:24:08,779 --> 00:24:05,159

we should slowly be prepared of this

519

00:24:12,529 --> 00:24:08,789

happening someday the governments will

520

00:24:14,750 --> 00:24:12,539

officially say yes we have to confess we

521

00:24:16,700 --> 00:24:14,760

are not alone we were observed some

522

00:24:18,919 --> 00:24:16,710

thousands of years ago at the moment we

523

00:24:22,840 --> 00:24:18,929

are observed again and this will be good

524

00:24:26,450 --> 00:24:22,850

for mankind you see in our present stage

525

00:24:29,210 --> 00:24:26,460

mankind always have wars we have war

526

00:24:31,129 --> 00:24:29,220

because of religious ideas the one says

527

00:24:34,039 --> 00:24:31,139

says only my religion is the only one

528

00:24:36,710 --> 00:24:34,049

and there are no only my really so we

529

00:24:39,470 --> 00:24:36,720

fight always against each other or we

530

00:24:42,109 --> 00:24:39,480

fight because maybe of racism and all

531

00:24:43,999 --> 00:24:42,119

these stupid things soon

532

00:24:48,109 --> 00:24:44,009

we have contact with extraterrestrials

533

00:24:50,479 --> 00:24:48,119

we will realize we all are the United

534

00:24:52,819 --> 00:24:50,489

mankind it does not matter if you are

535

00:24:54,739 --> 00:24:52,829

black and white or if you are Jewish

536

00:24:58,099 --> 00:24:54,749

community or Muslim community or

537

00:25:00,319 --> 00:24:58,109

Christian we all are humans and we all

538

00:25:02,569 --> 00:25:00,329

have to communicate with the

539

00:25:04,849 --> 00:25:02,579

extraterrestrials so it's another

540

00:25:08,689 --> 00:25:04,859

thinking it would be good for the peace
