1
00:00:00,000 --> 00:00:13,980

by

2
00:00:17,940 --> 00:00:16,530

well I've been looking into UFOs for

3
00:00:19,859 --> 00:00:17,950

such a long time now and I'm always

4
00:00:25,280 --> 00:00:19,869

asking myself new questions about this

5
00:00:26,929 --> 00:00:25,290

field just lately I've been looking at

6
00:00:29,850 --> 00:00:26,939

revisiting the extra-terrestrial

7
00:00:32,460 --> 00:00:29,860

hypothesis and if anyone has followed

8
00:00:34,880 --> 00:00:32,470

this subject they realize the ETH as

9
00:00:38,069 --> 00:00:34,890

it's often called is probably the most

10
00:00:40,020 --> 00:00:38,079

widely discussed possibility when we

11
00:00:43,620 --> 00:00:40,030

think of UFOs with extraterrestrials

12
00:00:47,880 --> 00:00:43,630

frequently and I would say actually not

13
00:00:50,910 --> 00:00:47,890

for bad reasons but thinking over that

14

00:00:52,619 --> 00:00:50,920

long history of this idea it you know

15

00:00:55,380 --> 00:00:52,629

it's obvious that it's there are many

16

00:00:58,079 --> 00:00:55,390

many other competing theories as to what

17

00:01:01,259 --> 00:00:58,089

really their UFO response the UFO

18

00:01:02,700 --> 00:01:01,269

phenomenon is so I'll be talking about

19

00:01:04,410 --> 00:01:02,710

this I've done this in a couple of

20

00:01:06,120 --> 00:01:04,420

lectures lately and I'll be discussing

21

00:01:10,860 --> 00:01:06,130

it tomorrow at this particular

22

00:01:14,310 --> 00:01:10,870

conference but basically I think you

23

00:01:18,210 --> 00:01:14,320

know for most of the 20th century we

24

00:01:21,289 --> 00:01:18,220

were predisposed to think about

25

00:01:23,910 --> 00:01:21,299

extraterrestrials let me put it this way

26
00:01:26,010 --> 00:01:23,920
go back into like our science fiction of

27
00:01:28,920 --> 00:01:26,020
the 19th and 20th century like HG Welles

28
00:01:33,050 --> 00:01:28,930
War of the Worlds or even like the Buck

29
00:01:35,969 --> 00:01:33,060
Rogers comic strips of the 1930s and 40s

30
00:01:38,399 --> 00:01:35,979
you know human beings what was what was

31
00:01:40,230 --> 00:01:38,409
our great frontier at that time it was

32
00:01:43,679 --> 00:01:40,240
it was flight you know we had just

33
00:01:45,569 --> 00:01:43,689
learned to fly in 1903 so the sky was

34
00:01:48,749 --> 00:01:45,579
our frontier and then beyond that space

35
00:01:51,420 --> 00:01:48,759
so I think humans you know we were

36
00:01:54,719 --> 00:01:51,430
predisposed to be thinking of flight as

37
00:01:57,690 --> 00:01:54,729
our latest frontier and and then in the

38
00:02:00,389 --> 00:01:57,700

1940s we become aware of this phenomenon

39

00:02:04,109 --> 00:02:00,399

we called flying saucers at the time and

40

00:02:07,529 --> 00:02:04,119

so I don't think it was a stretch for

41

00:02:09,180 --> 00:02:07,539

people to wonder hmm flying saucers well

42

00:02:11,700 --> 00:02:09,190

we have airplanes but this seems like

43

00:02:14,790 --> 00:02:11,710

the step beyond so this is probably our

44

00:02:17,400 --> 00:02:14,800

means of a means of space travel and and

45

00:02:19,170 --> 00:02:17,410

and sure enough not only in the public

46

00:02:22,260 --> 00:02:19,180

imagination but within the military

47

00:02:24,420 --> 00:02:22,270

itself we know this for sure a lot of

48

00:02:27,750 --> 00:02:24,430

speculation in the 1940s and 50s did

49

00:02:29,670 --> 00:02:27,760

Center on what analysts called interplan

50

00:02:33,569 --> 00:02:29,680

Terry Kraft and this was a phrase that

51
00:02:35,280 --> 00:02:33,579
they used inter-planetary and what you

52
00:02:37,759 --> 00:02:35,290
what we found though is that as the

53
00:02:40,530 --> 00:02:37,769
1960s and 1970s came along

54
00:02:43,080 --> 00:02:40,540
there were people looking at the UFO

55
00:02:45,569 --> 00:02:43,090
phenomenon thinking hmm seems a little

56
00:02:47,460 --> 00:02:45,579
bit too strange for it simply to be

57
00:02:50,069 --> 00:02:47,470
something as simple as extraterrestrial

58
00:02:53,009 --> 00:02:50,079
visitors or researchers like Jacmel a

59
00:02:56,610 --> 00:02:53,019
and John keel in particular who talked

60
00:02:58,830 --> 00:02:56,620
about other very highly strange aspects

61
00:03:02,490 --> 00:02:58,840
of this phenomenon I mean valet was

62
00:03:05,640 --> 00:03:02,500
talking about how it really did appear

63
00:03:07,500 --> 00:03:05,650

that what we now see is UFOs that

64

00:03:10,020 --> 00:03:07,510

ancient people talked about in other

65

00:03:12,270 --> 00:03:10,030

terms like you know fairies and olden

66

00:03:15,119 --> 00:03:12,280

times and then you have people who

67

00:03:17,160 --> 00:03:15,129

looking at the early UFO phenomena or

68

00:03:19,530 --> 00:03:17,170

ancient aliens phenomenon

69

00:03:21,660 --> 00:03:19,540

wondering you know have have they been

70

00:03:23,460 --> 00:03:21,670

here all along so if all of these

71

00:03:24,990 --> 00:03:23,470

competing theories that somehow come in

72

00:03:27,599 --> 00:03:25,000

and then the whole interdimensional

73

00:03:29,430 --> 00:03:27,609

hypotheses are these beings from another

74

00:03:30,229 --> 00:03:29,440

dimension of reality in one way or

75

00:03:34,500 --> 00:03:30,239

another

76
00:03:36,150 --> 00:03:34,510
and time travel theories and aside from

77
00:03:38,520 --> 00:03:36,160
the skeptics you know we just said it's

78
00:03:40,500 --> 00:03:38,530
all a big mistake or the psychosocial

79
00:03:42,150 --> 00:03:40,510
explanation that just said it's all in

80
00:03:45,979 --> 00:03:42,160
your mind and somehow this reality is

81
00:03:50,509 --> 00:03:45,989
interacting with our mind time travel

82
00:03:54,809 --> 00:03:50,519
and and some of the more you know

83
00:03:56,789 --> 00:03:54,819
interesting hypotheses well let's not

84
00:03:58,979 --> 00:03:56,799
forget the whole black budget you know

85
00:04:00,930 --> 00:03:58,989
the secret technology hypothesis the in

86
00:04:05,069 --> 00:04:00,940
everything from following from the Nazi

87
00:04:07,080 --> 00:04:05,079
UFO program if there really was one you

88
00:04:10,009 --> 00:04:07,090

know following into today and then

89

00:04:13,589 --> 00:04:10,019

something is out there as the simulation

90

00:04:16,020 --> 00:04:13,599

hypothesis which is a fascinating theory

91

00:04:21,089 --> 00:04:16,030

which basically posits that our whole

92

00:04:23,399 --> 00:04:21,099

reality is in fact an artificially

93

00:04:25,980 --> 00:04:23,409

constructed matrix and not just our

94

00:04:27,750 --> 00:04:25,990

environment but we ourselves and this is

95

00:04:29,460 --> 00:04:27,760

actually a theory of reality taken

96

00:04:33,390 --> 00:04:29,470

seriously by a number of very

97

00:04:37,140 --> 00:04:33,400

interesting thinkers so with all of

98

00:04:40,030 --> 00:04:37,150

these different hypotheses competing to

99

00:04:40,990 --> 00:04:40,040

help explain what UFOs are

100

00:04:43,270 --> 00:04:41,000

you go back to the extra-terrestrial

101
00:04:46,420 --> 00:04:43,280
hypothesis you think that seems a little

102
00:04:48,760 --> 00:04:46,430
bit pedestrian doable seems boring and

103
00:04:50,710 --> 00:04:48,770
so there's this tendency I've found for

104
00:04:53,590 --> 00:04:50,720
people often to look at the ETH and

105
00:04:56,380 --> 00:04:53,600
think ah that's really not you know it's

106
00:04:58,090 --> 00:04:56,390
very simplistic and indeed there have

107
00:04:59,800 --> 00:04:58,100
been some very strong arguments against

108
00:05:01,510 --> 00:04:59,810
the ETH you have astronomers saying

109
00:05:03,610 --> 00:05:01,520
things like well space travel is just

110
00:05:05,590 --> 00:05:03,620
people don't realize how distant the

111
00:05:08,710 --> 00:05:05,600
stars are you know for us to get from

112
00:05:13,300 --> 00:05:08,720
one star to another would take eons and

113
00:05:15,100 --> 00:05:13,310

so forth all of these are true relating

114

00:05:17,910 --> 00:05:15,110

to our current technology I just think

115

00:05:19,420 --> 00:05:17,920

well I think we probably have some

116

00:05:21,130 --> 00:05:19,430

capabilities that are being developed

117

00:05:23,710 --> 00:05:21,140

and that may have already been developed

118

00:05:26,590 --> 00:05:23,720

frankly that might obviate that or get

119

00:05:29,710 --> 00:05:26,600

around those limitations but when I look

120

00:05:31,990 --> 00:05:29,720

at the ETH I ask myself what what

121

00:05:34,470 --> 00:05:32,000

support is there and what I find is I

122

00:05:36,850 --> 00:05:34,480

think there's a lot of support for it

123

00:05:39,520 --> 00:05:36,860

and after looking at all of that support

124

00:05:42,700 --> 00:05:39,530

I really continue to think that it's

125

00:05:45,580 --> 00:05:42,710

probably the single best explanation for

126

00:05:50,500 --> 00:05:45,590

this phenomenon not without its problems

127

00:05:55,350 --> 00:05:50,510

but for example you know I keep coming

128

00:05:58,150 --> 00:05:55,360

back to what genuine evidence we do have

129

00:06:00,550 --> 00:05:58,160

relating to this phenomenon let's start

130

00:06:02,350 --> 00:06:00,560

with the military evidence let's start

131

00:06:04,930 --> 00:06:02,360

with released government documents I

132

00:06:08,500 --> 00:06:04,940

never ever tire of looking at these and

133

00:06:10,720 --> 00:06:08,510

what we know from Declassified u.s.

134

00:06:14,770 --> 00:06:10,730

military documents is that this

135

00:06:18,160 --> 00:06:14,780

phenomenon a was real and Israel be

136

00:06:20,800 --> 00:06:18,170

involved what certainly appeared to be

137

00:06:24,280 --> 00:06:20,810

mechanical objects of some sort that

138

00:06:28,270 --> 00:06:24,290

were seen visually often tracked on

139

00:06:30,900 --> 00:06:28,280

radar sometimes simultaneously looking

140

00:06:34,390 --> 00:06:30,910

unusual that is disc-shaped frequently

141

00:06:36,340 --> 00:06:34,400

doing unusual things including shooting

142

00:06:38,560 --> 00:06:36,350

straight up into the sky and doing other

143

00:06:42,720 --> 00:06:38,570

types of instant acceleration so all of

144

00:06:49,360 --> 00:06:46,960

you know it doesn't mean that those

145

00:06:50,890 --> 00:06:49,370

aren't necessarily time-traveling humans

146

00:06:53,730 --> 00:06:50,900

from the future I mean I suppose

147

00:06:58,830 --> 00:06:55,880

and it doesn't mean that it can't be

148

00:07:04,800 --> 00:06:58,840

interdimensional travelers I suppose

149

00:07:06,360 --> 00:07:04,810

whatever even that means but it doesn't

150

00:07:09,810 --> 00:07:06,370

seem to me an outrageous theory that

151

00:07:12,630 --> 00:07:09,820

these are beings or technology that

152

00:07:15,150 --> 00:07:12,640

originated elsewhere and when we think

153

00:07:18,390 --> 00:07:15,160

about not only the vastness of the

154

00:07:22,920 --> 00:07:18,400

universe but the likely population of

155

00:07:25,860 --> 00:07:22,930

the universe and when we also think

156

00:07:28,050 --> 00:07:25,870

about our own developing technologies

157

00:07:29,820 --> 00:07:28,060

where we are in in other words twenty

158

00:07:33,540 --> 00:07:29,830

years ago thirty years ago 50 years ago

159

00:07:35,100 --> 00:07:33,550

it really did seem impossible that we

160

00:07:37,760 --> 00:07:35,110

would have the ability to make it to

161

00:07:39,960 --> 00:07:37,770

another star we're now at a point in our

162

00:07:42,360 --> 00:07:39,970

civilization where this is absolutely

163

00:07:45,510 --> 00:07:42,370

not impossible not in the least we're

164

00:07:47,340 --> 00:07:45,520

looking at in our own society maybe

165

00:07:49,830 --> 00:07:47,350

another generation or two where it

166

00:07:51,480 --> 00:07:49,840

really probably will be feasible think

167

00:07:53,670 --> 00:07:51,490

about our demand advances in quantum

168

00:07:55,830 --> 00:07:53,680

computing think of our advances in just

169

00:07:58,970 --> 00:07:55,840

computing in general in artificial

170

00:08:02,970 --> 00:07:58,980

intelligence and so many other Sciences

171

00:08:05,070 --> 00:08:02,980

that will in my view that make it very

172

00:08:07,470 --> 00:08:05,080

likely that we'll have some

173

00:08:09,450 --> 00:08:07,480

breakthroughs we've already gotten the

174

00:08:12,030 --> 00:08:09,460

mathematics of warp drive down Miguel

175

00:08:15,900 --> 00:08:12,040

Alcubierre two decades ago came up with

176

00:08:19,290 --> 00:08:15,910

it the math is good so it seems to me

177

00:08:22,020 --> 00:08:19,300

that our science is catching up very

178

00:08:25,170 --> 00:08:22,030

rapidly to the whole idea of

179

00:08:28,530 --> 00:08:25,180

interstellar travel that we're really on

180

00:08:30,870 --> 00:08:28,540

the cusp of being able to do it and of

181

00:08:32,159 --> 00:08:30,880

course there are always rumors whether

182

00:08:33,390 --> 00:08:32,169

they're true or not is another story but

183

00:08:35,850 --> 00:08:33,400

there have been rumors for a long time

184

00:08:37,469 --> 00:08:35,860

that within the classified world that

185

00:08:40,920 --> 00:08:37,479

there have already been breakthroughs

186

00:08:42,600 --> 00:08:40,930

that are quite significant so when I

187

00:08:45,030 --> 00:08:42,610

look at all of these different factors

188

00:08:48,620 --> 00:08:45,040

it seems to me that the ETH the

189

00:08:52,050 --> 00:08:48,630

extra-terrestrial hypothesis is still

190

00:08:54,390 --> 00:08:52,060

extremely relevant and something that we

191

00:08:57,960 --> 00:08:54,400

have to continue to consider for the UFO

192

00:09:01,560 --> 00:08:57,970

phenomenon but I would say this one

193

00:09:03,090 --> 00:09:01,570

caveat I think when we talk about

194

00:09:05,210 --> 00:09:03,100

something like an interdimensional

195

00:09:09,019 --> 00:09:05,220

hypothesis

196

00:09:10,400 --> 00:09:09,029

I think that I think that that's part of

197

00:09:13,600 --> 00:09:10,410

the equation I think that these other

198

00:09:16,119 --> 00:09:13,610

beings are very likely from elsewhere

199

00:09:18,410 --> 00:09:16,129

that would mean maybe another planet but

200

00:09:21,739 --> 00:09:18,420

that they have mastered certain

201
00:09:23,650 --> 00:09:21,749
capabilities that we have not yet

202
00:09:26,840 --> 00:09:23,660
mastered so think of it this way we

203
00:09:29,840 --> 00:09:26,850
understand through our the way that our

204
00:09:32,919 --> 00:09:29,850
brains are set up we perceive reality a

205
00:09:35,150 --> 00:09:32,929
certain way we perceive reality

206
00:09:36,530 --> 00:09:35,160
temporally so through time

207
00:09:38,179 --> 00:09:36,540
you know we perceive one moment

208
00:09:39,889 --> 00:09:38,189
following another and we perceive it

209
00:09:42,019 --> 00:09:39,899
spatially through space we perceive

210
00:09:47,540 --> 00:09:42,029
space in a three-dimensional reality and

211
00:09:50,299 --> 00:09:47,550
we perceive time you know I recall many

212
00:09:52,790 --> 00:09:50,309
years ago observing my dog it was one of

213
00:09:54,679 --> 00:09:52,800

the big insights of my life about 3rd 30

214

00:09:57,259 --> 00:09:54,689

years ago I was feeding my dog and

215

00:09:59,809 --> 00:09:57,269

watching him eat a meal that I just

216

00:10:01,819 --> 00:09:59,819

gotten out of a can of dog food and my

217

00:10:03,169 --> 00:10:01,829

dog is eating it happily and I'm

218

00:10:04,730 --> 00:10:03,179

thinking well he's very intelligent you

219

00:10:06,259 --> 00:10:04,740

know he knows me he knew that I was

220

00:10:08,419 --> 00:10:06,269

feeding him he was getting ready for

221

00:10:11,509 --> 00:10:08,429

that he was excited but he doesn't know

222

00:10:12,799 --> 00:10:11,519

how the food got into the can he doesn't

223

00:10:13,519 --> 00:10:12,809

know that we have factories that make

224

00:10:16,059 --> 00:10:13,529

dog food

225

00:10:18,079 --> 00:10:16,069

my dog is not aware of such a thing and

226

00:10:20,030 --> 00:10:18,089

it's not that he didn't know because

227

00:10:22,549 --> 00:10:20,040

he's dumb he's just a dog dogs have a

228

00:10:24,110 --> 00:10:22,559

brain they work a certain way his brain

229

00:10:25,699 --> 00:10:24,120

works great in a lot of ways and it

230

00:10:27,169 --> 00:10:25,709

didn't it wouldn't understand the idea

231

00:10:28,669 --> 00:10:27,179

of making dog food so I thought well gee

232

00:10:30,319 --> 00:10:28,679

Richard you're so smart so your dogs at

233

00:10:32,299 --> 00:10:30,329

this level of reality you're at this

234

00:10:35,119 --> 00:10:32,309

level what's at this level and what's at

235

00:10:36,889 --> 00:10:35,129

that level what's at this level so in

236

00:10:39,379 --> 00:10:36,899

other words you know we have to

237

00:10:41,329 --> 00:10:39,389

recognize we have our own limitations to

238

00:10:43,519 --> 00:10:41,339

what we can understand and that there

239

00:10:46,189 --> 00:10:43,529

are in all likelihood beings that have

240

00:10:48,769 --> 00:10:46,199

developed that have that higher level of

241

00:10:50,749 --> 00:10:48,779

understanding of reality and if that is

242

00:10:54,189 --> 00:10:50,759

so and if they're interacting with our

243

00:10:57,049 --> 00:10:54,199

reality it's in all probability I feel

244

00:10:58,669 --> 00:10:57,059

we're never going to really understand

245

00:11:01,309 --> 00:10:58,679

what they're about we're never just n

246

00:11:04,129 --> 00:11:01,319

we're going to get it one of my friends

247

00:11:06,530 --> 00:11:04,139

and colleagues Michael Cleland who just

248

00:11:08,600 --> 00:11:06,540

recently published a great book as well

249

00:11:10,249 --> 00:11:08,610

but I think he put it best he said you

250

00:11:13,789 --> 00:11:10,259

know for us to try to understand these

251
00:11:16,569 --> 00:11:13,799
other beings it would be like dogs

252
00:11:18,489 --> 00:11:16,579
getting together to have a conference

253
00:11:19,869 --> 00:11:18,499
discuss what human beings do when they

254
00:11:21,549 --> 00:11:19,879
get out of their driveway and go to work

255
00:11:23,470 --> 00:11:21,559
like you know dogs don't really know

256
00:11:26,289 --> 00:11:23,480
where we go when we leave the house they

257
00:11:28,059 --> 00:11:26,299
because they're dogs we love them but

258
00:11:29,829 --> 00:11:28,069
they're just not going to understand so

259
00:11:31,359 --> 00:11:29,839
you imagine the absurdity right of dogs

260
00:11:33,850 --> 00:11:31,369
having conferences what do you what do

261
00:11:37,299 --> 00:11:33,860
our people do when they go off to when

262
00:11:40,030 --> 00:11:37,309
they leave the house um and and we might

263
00:11:41,079 --> 00:11:40,040

just be in a similar situation so when I

264

00:11:43,210 --> 00:11:41,089

talk about the extra-terrestrial

265

00:11:46,090 --> 00:11:43,220

hypothesis I think that that is still

266

00:11:48,669 --> 00:11:46,100

very strong likelihood but but I also

267

00:11:49,780 --> 00:11:48,679

think we need to look at other elements

268

00:11:51,729 --> 00:11:49,790

of this is not a simple

269

00:11:56,340 --> 00:11:51,739

extra-terrestrial hypothesis I think

270

00:11:59,910 --> 00:11:56,350

these other beings have exceptionally

271

00:12:03,160 --> 00:11:59,920

well-developed mental capacity and

272

00:12:06,759 --> 00:12:03,170

probably an ability to perceive space

273

00:12:08,019 --> 00:12:06,769

and time in ways that we just were

274

00:12:09,400 --> 00:12:08,029

probably just never going to get and

275

00:12:13,530 --> 00:12:09,410

that's why I think at times they appear

276

00:12:15,910 --> 00:12:13,540

to come in too and leave our reality

277

00:12:17,079 --> 00:12:15,920

maybe they're just cloaking themselves

278

00:12:21,939 --> 00:12:17,089

in certain ways I mean all kinds of

279

00:12:25,419 --> 00:12:21,949

possibilities but my feeling about this

280

00:12:27,970 --> 00:12:25,429

is that the we're looking at a

281

00:12:31,449 --> 00:12:27,980

combination of extraterrestrial beings

282

00:12:34,419 --> 00:12:31,459

who have the capability of manipulating

283

00:12:36,970 --> 00:12:34,429

our reality of entering and leaving our

284

00:12:39,340 --> 00:12:36,980

reality it's like if we're all in a fish

285

00:12:42,970 --> 00:12:39,350

pond we're fish in a pond and we live in

286

00:12:45,249 --> 00:12:42,980

the pond you know we don't really know

287

00:12:47,139 --> 00:12:45,259

about life on land we don't know that

288

00:12:48,639 --> 00:12:47,149

there's air above water we don't even

289

00:12:50,530 --> 00:12:48,649

know that we're in water but you know

290

00:12:52,379 --> 00:12:50,540

because we're just fish we don't know

291

00:12:55,239 --> 00:12:52,389

that there's space in the Sun and stars

292

00:12:57,489 --> 00:12:55,249

and everyone once a while a person will

293

00:12:58,359 --> 00:12:57,499

come into the pond and the fish don't

294

00:13:00,519 --> 00:12:58,369

really know what that is

295

00:13:03,970 --> 00:13:00,529

and I think our pond is our space-time

296

00:13:06,159 --> 00:13:03,980

reality and so these other things that

297

00:13:09,159 --> 00:13:06,169

we consider paranormal whether they're

298

00:13:11,169 --> 00:13:09,169

extraterrestrial beings or other things

299

00:13:12,669 --> 00:13:11,179

that we're not understanding they enter

300

00:13:17,619 --> 00:13:12,679

our pond they enter our space-time

301
00:13:19,389 --> 00:13:17,629
reality and you know we're a little more

302
00:13:21,460 --> 00:13:19,399
able to understand things maybe than

303
00:13:24,579 --> 00:13:21,470
fish but we still struggle I think to

304
00:13:27,119 --> 00:13:24,589
understand this reality that intrudes on

305
00:13:29,800 --> 00:13:27,129
us every you know every so often it does

306
00:13:31,329 --> 00:13:29,810
so

307
00:13:33,790 --> 00:13:31,339
yeah I'm of the opinion these days that

308
00:13:35,769 --> 00:13:33,800
we're really not likely to grasp the

309
00:13:38,559 --> 00:13:35,779
full enormity and the complexity of what

310
00:13:40,239 --> 00:13:38,569
we call UFOs that doesn't mean we

311
00:13:42,850 --> 00:13:40,249
shouldn't try I think that in the

312
00:13:46,150 --> 00:13:42,860
attempt to understand this greatest of

313
00:13:47,650 --> 00:13:46,160

mysteries you know it's the old

314

00:13:49,540 --> 00:13:47,660

expression you have to shoot above the

315

00:13:52,090 --> 00:13:49,550

mark to hit the mark see you shoot for

316

00:13:54,519 --> 00:13:52,100

more than you can achieve but you end up

317

00:13:57,970 --> 00:13:54,529

getting something and I think that this

318

00:13:59,889 --> 00:13:57,980

subject absolutely convinced that the

319

00:14:02,559 --> 00:13:59,899

UFO subject is one of our great teachers

320

00:14:04,780 --> 00:14:02,569

I by studying it in all of its

321

00:14:08,410 --> 00:14:04,790

implications and ramifications we're

322

00:14:10,929 --> 00:14:08,420

we're prying open a door that has been

323

00:14:13,749 --> 00:14:10,939

locked to us for to help us understand

324

00:14:17,439 --> 00:14:13,759

the nature of this reality that's why I

325

00:14:18,790 --> 00:14:17,449

continue doing this so um yeah I mean at

326

00:14:20,379 --> 00:14:18,800

this point in other words looking into

327

00:14:22,329 --> 00:14:20,389

the UFO phenomena I'm feeling a little

328

00:14:23,949 --> 00:14:22,339

more philosophical than historical I've

329

00:14:26,470 --> 00:14:23,959

spent most of my time in this field

330

00:14:28,420 --> 00:14:26,480

studying the history of it but it's

331

00:14:31,360 --> 00:14:28,430

worthwhile for me right now to try to

332

00:14:33,639 --> 00:14:31,370

understand some of the greater

333

00:14:37,119 --> 00:14:33,649

implications of just what this is that

334

00:14:38,679 --> 00:14:37,129

we are dealing with at every conference

335

00:14:43,269 --> 00:14:38,689

I go to or when I meet with other

336

00:14:44,740 --> 00:14:43,279

researchers and talk with them it's it's

337

00:14:46,150 --> 00:14:44,750

valuable for me because I'm constantly

338

00:14:48,360 --> 00:14:46,160

getting different perspectives on what

339

00:14:50,319 --> 00:14:48,370

people think is going on there are

340

00:14:53,499 --> 00:14:50,329

individuals who are convinced that this

341

00:14:54,879 --> 00:14:53,509

phenomenon is I spoke with gentlemen

342

00:14:58,740 --> 00:14:54,889

yesterday said it's a spiritual

343

00:15:00,819 --> 00:14:58,750

phenomenon and after talking with him I

344

00:15:02,439 --> 00:15:00,829

really started to understand where he's

345

00:15:04,150 --> 00:15:02,449

coming from I think what he meant was

346

00:15:07,269 --> 00:15:04,160

interdimensional that's how I interpret

347

00:15:11,110 --> 00:15:07,279

it and I think there's some truth to

348

00:15:13,119 --> 00:15:11,120

that at the same time we have to keep in

349

00:15:15,699 --> 00:15:13,129

mind that this is an absolutely physical

350

00:15:21,009 --> 00:15:15,709

phenomenon at least at times absolutely

351

00:15:25,290 --> 00:15:21,019

physical that involves physical crafts I

352

00:15:27,519 --> 00:15:25,300

think physical beings and indefinite

353

00:15:30,840 --> 00:15:27,529

interactions with our own technology in

354

00:15:34,769 --> 00:15:30,850

our own our own infrastructure so

355

00:15:37,569 --> 00:15:34,779

somehow they are entering our reality

356

00:15:41,290 --> 00:15:37,579

you know the whole idea of whether we're

357

00:15:48,990 --> 00:15:44,140

it's really funny you know 20 22 years

358

00:15:52,330 --> 00:15:49,000

ago I entered the study of this subject

359

00:15:55,150 --> 00:15:52,340

with the express intention of spending

360

00:16:00,370 --> 00:15:55,160

two or three months just to figure out

361

00:16:02,830 --> 00:16:00,380

one question only was this a matter of

362

00:16:04,270 --> 00:16:02,840

interest to the American national

363

00:16:07,060 --> 00:16:04,280

security community was it of interest

364

00:16:08,710 --> 00:16:07,070

ever and if it was of interest why was

365

00:16:10,510 --> 00:16:08,720

it never in any of the academic history

366

00:16:12,400 --> 00:16:10,520

books I've ever read even if they were

367

00:16:15,000 --> 00:16:12,410

interested in it as a mistake

368

00:16:17,860 --> 00:16:15,010

how would that not be interesting so I

369

00:16:21,190 --> 00:16:17,870

simply wanted to find out and that was

370

00:16:24,280 --> 00:16:21,200

22 years ago and it just sucked me right

371

00:16:26,800 --> 00:16:24,290

in and I've never left and now I'm at

372

00:16:28,780 --> 00:16:26,810

the point where you know whereas

373

00:16:30,010 --> 00:16:28,790

originally I thought I'll study us for

374

00:16:32,440 --> 00:16:30,020

three months and then I'll figure it out

375

00:16:33,730 --> 00:16:32,450

I'll just have the whole thing I I'm at

376

00:16:35,380 --> 00:16:33,740

the point now I realize I'm probably

377

00:16:37,960 --> 00:16:35,390

never really going to figure this out

378

00:16:39,790 --> 00:16:37,970

it's just not going to happen but it has
