

**UFO** HUB

1  
00:00:27,480 --> 00:00:29,380  
At a time when we are most connected,

2  
00:00:29,920 --> 00:00:31,760  
we could not be further apart.

3  
00:00:32,440 --> 00:00:34,620  
The most basic needs that make us human

4  
00:00:34,960 --> 00:00:36,480  
are inadvertently denied.

5  
00:00:37,280 --> 00:00:39,800  
In a world where billions of bits a second

6  
00:00:40,300 --> 00:00:42,260  
are being transferred across the planet,

7  
00:00:42,860 --> 00:00:46,140  
none compares to the bits perceived by a human touch.

8  
00:00:47,220 --> 00:00:48,820  
Promises of a better tomorrow,

9  
00:00:49,120 --> 00:00:51,200  
have left us yearning for the un-lived past.

10  
00:00:51,620 --> 00:00:55,020  
Once flooded mail rooms have been replaced with flooding emails.

11  
00:00:55,660 --> 00:00:57,560  
Typewriters with computers.

12  
00:00:58,200 --> 00:01:00,600  
Technology designed to make our lives easier,

13  
00:01:00,820 --> 00:01:03,520

has never been realized why it is there in first place.

14

00:01:07,220 --> 00:01:10,560

Entire generations of users unaware of its purpose.

15

00:01:11,700 --> 00:01:16,240

What was once hailed as the answer of tomorrow is now the curse of today.

16

00:01:17,540 --> 00:01:19,320

Albert Einstein once said:

17

00:01:19,660 --> 00:01:23,000

"I fear the day technology will surpass our human interaction."

18

00:01:23,660 --> 00:01:26,040

"The world will have a generation of idiots."

19

00:01:27,140 --> 00:01:28,400

Has that day come?

20

00:01:29,020 --> 00:01:31,860

Will we know to get back in touch with our human nature

21

00:01:32,700 --> 00:01:36,660

or will we simply perish in a sea of artificially lit screens,

22

00:01:37,060 --> 00:01:38,820

yearning for the next "LIKE",
