

UFO  **HUB**

1
00:00:39,080 --> 00:00:40,000

For decades,

2
00:00:40,540 --> 00:00:42,780

courageous people that have been laughed at,

3
00:00:43,340 --> 00:00:44,240

scoffed at

4
00:00:44,500 --> 00:00:46,300

and called conspiracy theorists,

5
00:00:46,840 --> 00:00:49,480

have come forward to warn us about governments

6
00:00:49,780 --> 00:00:52,760

and how they are eroding our sovereignty and privacy.

7
00:00:53,260 --> 00:00:55,820

“They are recording our phone calls!” they said

8
00:00:56,320 --> 00:00:57,640

and we laughed at them.

9
00:00:58,340 --> 00:01:01,200

“They are tracking us everywhere we go!” they said

10
00:01:01,680 --> 00:01:03,040

and we laughed at them.

11
00:01:03,720 --> 00:01:04,960

But now Manning,

12
00:01:05,320 --> 00:01:06,080

Assange

13
00:01:06,340 --> 00:01:07,220

and Snowden,

14

00:01:07,820 --> 00:01:09,820

have within a short period of time,

15

00:01:10,000 --> 00:01:12,680

unraveled how big the spider web really is

16

00:01:13,160 --> 00:01:13,940

and I hope

17

00:01:14,120 --> 00:01:15,680

that no one is laughing now.

18

00:01:16,340 --> 00:01:18,020

Yet for at least a decade

19

00:01:18,360 --> 00:01:20,320

chemtrails have been a hot topic.

20

00:01:20,840 --> 00:01:24,320

Documentaries like "What in the world are they spraying?"

21

00:01:24,500 --> 00:01:26,700

have covered chemtrails at a great extent

22

00:01:27,360 --> 00:01:28,980

and people laughed then

23

00:01:29,380 --> 00:01:30,220

but now

24

00:01:30,220 --> 00:01:33,520

with all that was secret and hidden coming to the forefront,

25

00:01:34,160 --> 00:01:36,140

whether it is boasting ignorance

26

00:01:36,400 --> 00:01:38,120

or plausible deniability

27

00:01:38,680 --> 00:01:39,620

John Brennan,

28

00:01:39,700 --> 00:01:42,360

Director of the Central Intelligence Agency

29

00:01:42,580 --> 00:01:45,300

had this to say during his opening remarks

30

00:01:45,420 --> 00:01:47,540

at the Council on Foreign Relations...

31

00:01:48,140 --> 00:01:50,500

Another example is the array of technologies,

32

00:01:50,720 --> 00:01:53,480

often referred to collectively as geoengineering,

33

00:01:53,920 --> 00:01:57,680

that potentially could help reverse the warming effects of global climate change.

34

00:01:58,300 --> 00:02:00,200

One that has gained my personal attention

35

00:02:00,320 --> 00:02:02,520

is stratospheric aerosol injection,

36

00:02:02,880 --> 00:02:03,980

or SAI:

37

00:02:04,460 --> 00:02:08,800

a method of seeding the stratosphere with particles that can help reflect the sun's heat

38

00:02:09,080 --> 00:02:12,000

in much the same way that volcanic eruptions do.

39

00:02:12,880 --> 00:02:15,940

An SAI program could limit global temperature increases,

40

00:02:16,300 --> 00:02:19,120

reducing some risks associated with higher temperatures,

41

00:02:19,380 --> 00:02:23,760

and providing the world economy additional time to transition from fossil fuels.

42

00:02:24,580 --> 00:02:26,720

This process is also relatively inexpensive.

43

00:02:27,020 --> 00:02:32,140

The National Research Council estimates that a fully deployed SAI program would cost about

44

00:02:32,300 --> 00:02:34,040

\$10 billion yearly.

45

00:02:34,720 --> 00:02:37,560

Whether the Stratospheric Aerosol Injections

46

00:02:37,620 --> 00:02:39,320

are for nefarious reasons

47

00:02:39,980 --> 00:02:42,720

or is an attempted to influence climate change,

48

00:02:42,960 --> 00:02:45,800

either way it is no longer a conspiracy.

49

00:02:46,500 --> 00:02:48,880

We might have called it by a different name

50

00:02:49,280 --> 00:02:50,940

but the facts still stand.

51

00:02:51,240 --> 00:02:55,020

Risks to human health and nature need to be considered.

52

00:02:55,560 --> 00:02:58,680

Programs such as this should have been disclosed.

53

00:02:59,260 --> 00:03:00,140

Instead

54

00:03:00,420 --> 00:03:02,820

we have at least a decade's worth of spaying,

55

00:03:03,440 --> 00:03:09,540

from which any potential long term effects are not known too either human health or nature

56

00:03:09,800 --> 00:03:15,240

and it is our responsibility to shine our light on hidden programs like this.

57

00:03:16,720 --> 00:03:19,940

However benevolent the reasons are for these programs,

58

00:03:20,360 --> 00:03:22,280

as people of a free nation
