[Music]

2
00:00:23,260 --> 00:00:26,150

you

3
00:00:33,020 --> 00:00:30,740

my name is Patrick de haan and the

4
00:00:36,229 --> 00:00:33,030

reason I'm here having this discussion

5
00:00:39,860 --> 00:00:36,239

is I wrote a book the title of the book

6
00:00:42,080 --> 00:00:39,870

the alien handbook a guide to

7
00:00:46,220 --> 00:00:42,090

extraterrestrials and it was released

8
00:00:50,750 --> 00:00:46,230

last year in the spring of 2018 by Ozark

9
00:00:53,600 --> 00:00:50,760

mounting and as a result of that I was

10
00:00:55,910 --> 00:00:53,610

asked to come address the Ozark Mountain

11
00:01:00,470 --> 00:00:55,920

publishing UFO conference this year in

12
00:01:02,050 --> 00:01:00,480

April of 2019 a great honor pleasure to

13
00:01:04,420 --> 00:01:02,060

do it

14

00:01:08,170 --> 00:01:04,430

leading up to the writing of and then

15

00:01:11,010 --> 00:01:08,180

the release of the book is the work in

16

00:01:14,740 --> 00:01:11,020

general that I do I have been accused of

17

00:01:17,380 --> 00:01:14,750

correctly of being a medium or a psychic

18

00:01:18,070 --> 00:01:17,390

or a channeler or some combination of

19

00:01:20,950 --> 00:01:18,080

the above

20

00:01:24,160 --> 00:01:20,960

in other words able to communicate

21

00:01:27,850 --> 00:01:24,170

telepathically with spiritual or

22

00:01:31,570 --> 00:01:27,860

energetic beings and/or the souls of the

23

00:01:34,060 --> 00:01:31,580

deceased meaning souls who used to live

24

00:01:35,920 --> 00:01:34,070

as a human and I have done quite a bit

25

00:01:38,859 --> 00:01:35,930

of that and even published

26

00:01:40,420 --> 00:01:38,869

self-published a book with several dozen

27

00:01:43,150 --> 00:01:40,430

of those channelling sessions with

28

00:01:46,480 --> 00:01:43,160

people that had passed on generally

29

00:01:48,370 --> 00:01:46,490

well-known famous people historical

30

00:01:53,260 --> 00:01:48,380

figures celebrities all sorts of things

31

00:01:56,380 --> 00:01:53,270

like that in general I have channeled

32

00:01:58,600 --> 00:01:56,390

and published about depending on the

33

00:02:01,210 --> 00:01:58,610

page size fourteen to fifteen hundred

34

00:02:05,020 --> 00:02:01,220

pages of channellings on a wide variety

35

00:02:08,590 --> 00:02:05,030

of subjects and topics almost all

36

00:02:11,260 --> 00:02:08,600

relating back to human society and

37

00:02:13,390 --> 00:02:11,270

events on earth

38

00:02:15,130 --> 00:02:13,400

I have very often been consulted by

39

00:02:18,250 --> 00:02:15,140

people to do individual personal

40

00:02:19,960 --> 00:02:18,260

channeling on topics and to answer

41

00:02:22,780 --> 00:02:19,970

questions that they have about

42

00:02:25,300 --> 00:02:22,790

themselves or a certain situation that

43

00:02:26,680 --> 00:02:25,310

they know and I have done that continue

44

00:02:29,320 --> 00:02:26,690

to do it from time to time but I don't

45

00:02:31,270 --> 00:02:29,330

do that on a regular basis and I don't

46

00:02:33,160 --> 00:02:31,280

consider myself an intuitive channel

47

00:02:35,890 --> 00:02:33,170

that does that but it will do it for

48

00:02:37,870 --> 00:02:35,900

people from time to time I can do it and

49

00:02:39,730 --> 00:02:37,880

I have done it and have been told

50

00:02:42,250 --> 00:02:39,740

repeatedly by a number of people that

51
00:02:45,400 --> 00:02:42,260
the information I've helped provide to

52
00:02:49,060 --> 00:02:45,410
them is uncannily accurate useful and

53
00:02:50,320 --> 00:02:49,070
helpful not just what they're told but

54
00:02:52,960 --> 00:02:50,330
what they're not told and also the

55
00:02:56,230 --> 00:02:52,970
timing of it in almost every case I have

56
00:02:58,570 --> 00:02:56,240
no idea what the value might be I don't

57
00:03:01,420 --> 00:02:58,580
know the bigger picture I have no

58
00:03:04,240 --> 00:03:01,430
ability and no bonafide channel has any

59
00:03:07,090 --> 00:03:04,250
ability to break into anybody's personal

60
00:03:10,180 --> 00:03:07,100
thoughts or ideas I can't read minds

61
00:03:13,450 --> 00:03:10,190
against anybody's will but as soon as a

62
00:03:16,750 --> 00:03:13,460
question is posed if it's within an area

63
00:03:18,310 --> 00:03:16,760

that I'm able and willing to channel and

64

00:03:20,380 --> 00:03:18,320

that's almost any area other than

65

00:03:22,750 --> 00:03:20,390

criminality I don't do criminality

66

00:03:24,430 --> 00:03:22,760

questions and the the moot point with

67

00:03:27,280 --> 00:03:24,440

criminality is I simply don't get the

68

00:03:28,000 --> 00:03:27,290

answer if the question gets asked I draw

69

00:03:29,860 --> 00:03:28,010

a complete blank

70

00:03:34,470 --> 00:03:29,870

nothing comes back whether it's

71

00:03:37,690 --> 00:03:34,480

culpability or innocence questions like

72

00:03:39,110 --> 00:03:37,700

did Michael Jackson really do what dot

73

00:03:40,729 --> 00:03:39,120

dot

74

00:03:42,470 --> 00:03:40,739

Blanc comes back I don't get a positive

75

00:03:44,479 --> 00:03:42,480

or negative on that other than that I

76

00:03:46,910 --> 00:03:44,489

answer all sorts of questions this

77

00:03:51,050 --> 00:03:46,920

process of channeling and posting things

78

00:03:53,000 --> 00:03:51,060

to my website and talking to talking to

79

00:03:54,800 --> 00:03:53,010

a number of energetic and spiritual

80

00:03:58,250 --> 00:03:54,810

entities principally people's guardian

81

00:04:00,410 --> 00:03:58,260

angel guides my own led to a number of

82

00:04:02,600 --> 00:04:00,420

topics on the subject of alien

83

00:04:04,780 --> 00:04:02,610

extraterrestrial UFOs non-human

84

00:04:07,790 --> 00:04:04,790

intelligence etc so I pursued that and

85

00:04:10,670 --> 00:04:07,800

eventually that led to the composition

86

00:04:12,830 --> 00:04:10,680

of the book I am NOT a UF ologist I'm

87

00:04:16,219 --> 00:04:12,840

not a study of UFO phenomenon or things

88

00:04:18,199 --> 00:04:16,229

like that I'm very interested in it but

89

00:04:20,860 --> 00:04:18,209

not for the reasons most people in the

90

00:04:23,540 --> 00:04:20,870

general public are interested which is

91

00:04:25,190 --> 00:04:23,550

entertainment or information about the

92

00:04:26,990 --> 00:04:25,200

alien extraterrestrials I'm not really

93

00:04:29,090 --> 00:04:27,000

that interested in them

94

00:04:30,530 --> 00:04:29,100

many people are intensely interested and

95

00:04:32,990 --> 00:04:30,540

want to know every single detail about

96

00:04:36,110 --> 00:04:33,000

where when how what they look like what

97

00:04:37,580 --> 00:04:36,120

their names are they have names I want

98

00:04:41,240 --> 00:04:37,590

to know what they can tell us about

99

00:04:42,950 --> 00:04:41,250

humanity and earth society from the

100

00:04:45,790 --> 00:04:42,960

benefit of their point of view and their

101
00:04:48,500 --> 00:04:45,800
experience almost all of the things that

102
00:04:50,200 --> 00:04:48,510
humanity faces and that we're going

103
00:04:52,040 --> 00:04:50,210
through and have gone through

104
00:04:55,730 --> 00:04:52,050
particularly in the last several hundred

105
00:04:59,600 --> 00:04:55,740
years I would say since in Western

106
00:05:01,040 --> 00:04:59,610
civilization certainly the Renaissance

107
00:05:04,670 --> 00:05:01,050
the ending of the Dark Ages and the

108
00:05:07,060 --> 00:05:04,680
Renaissance moving forward all of these

109
00:05:09,710 --> 00:05:07,070
things to a greater or lesser extent

110
00:05:11,930 --> 00:05:09,720
have been faced by alien

111
00:05:13,100 --> 00:05:11,940
extraterrestrial civilizations in the

112
00:05:16,810 --> 00:05:13,110
history and development of their own

113
00:05:19,610 --> 00:05:16,820

societies with vastly different outcomes

114

00:05:22,550 --> 00:05:19,620

processes or past follow some of them

115

00:05:25,159 --> 00:05:22,560

make no sense to us on earth until those

116

00:05:28,250 --> 00:05:25,169

steps are explained others fairly

117

00:05:30,070 --> 00:05:28,260

similar they are not literally but

118

00:05:33,050 --> 00:05:30,080

figuratively almost dying to tell us

119

00:05:36,500 --> 00:05:33,060

what we could do differently in terms of

120

00:05:38,690 --> 00:05:36,510

economics human behavior what we could

121

00:05:41,120 --> 00:05:38,700

do differently regarding overall

122

00:05:43,370 --> 00:05:41,130

physical well-being and health how we

123

00:05:46,610 --> 00:05:43,380

might treat each other how we could

124

00:05:48,290 --> 00:05:46,620

approach the issue of religious belief

125

00:05:51,620 --> 00:05:48,300

and worship and interaction between

126

00:05:54,230 --> 00:05:51,630

different peoples as it relates to those

127

00:05:56,420 --> 00:05:54,240

and many other things scientific

128

00:05:57,980 --> 00:05:56,430

development how we can use them the

129

00:06:01,300 --> 00:05:57,990

battle oh that's tough I'm intensely

130

00:06:03,500 --> 00:06:01,310

interested in and that's what I

131

00:06:04,730 --> 00:06:03,510

attempted to convey somewhat in the book

132

00:06:06,830 --> 00:06:04,740

that I wrote although the book does

133

00:06:10,070 --> 00:06:06,840

contain a lot of information about the

134

00:06:11,660 --> 00:06:10,080

aliens it was mostly channeled a lot

135

00:06:13,970 --> 00:06:11,670

from my guardian angel guides that's

136

00:06:17,240 --> 00:06:13,980

what I call them a little bit of an

137

00:06:19,220 --> 00:06:17,250

aside on that topic everyone has at

138

00:06:21,140 --> 00:06:19,230

least one principal guardian angel and

139

00:06:23,600 --> 00:06:21,150

that's a very small percentage of the

140

00:06:27,230 --> 00:06:23,610

human population that only has one most

141

00:06:31,010 --> 00:06:27,240

of us have several and often the group

142

00:06:32,390 --> 00:06:31,020

of spirit guides or guardian angels or

143

00:06:34,880 --> 00:06:32,400

just guides there are a number of terms

144

00:06:36,830 --> 00:06:34,890

that can be used can expand quite a bit

145

00:06:39,610 --> 00:06:36,840

depending on the situation to the

146

00:06:42,770 --> 00:06:39,620

circumstances and what needs to be done

147

00:06:45,830 --> 00:06:42,780

according to an individual person's life

148

00:06:47,630 --> 00:06:45,840

plan life agreement or life contract the

149

00:06:50,690 --> 00:06:47,640

circumstances situation that they're in

150

00:06:52,390 --> 00:06:50,700

they need this this input well I have

151
00:06:56,240 --> 00:06:52,400
them like everybody else

152
00:06:59,780 --> 00:06:56,250
many large well-known well spread

153
00:07:02,660 --> 00:06:59,790
religious faiths speak openly and often

154
00:07:06,980 --> 00:07:02,670
about angels and the role that they play

155
00:07:09,650 --> 00:07:06,990
in human life mine interestingly enough

156
00:07:12,950 --> 00:07:09,660
work with me which I discovered later on

157
00:07:15,680 --> 00:07:12,960
in a pre-agreed arrangement where they

158
00:07:17,720 --> 00:07:15,690
will supply information to me and answer

159
00:07:19,550 --> 00:07:17,730
questions that I posed to them and other

160
00:07:22,970 --> 00:07:19,560
people posed about certain specific

161
00:07:24,890 --> 00:07:22,980
topics alien extraterrestrials is one of

162
00:07:27,680 --> 00:07:24,900
them I

163
00:07:29,689 --> 00:07:27,690

very much enjoy this because as many

164

00:07:31,010 --> 00:07:29,699

people enjoy hearing these interesting

165

00:07:36,320 --> 00:07:31,020

things about alien extraterrestrial

166

00:07:38,420 --> 00:07:36,330

technology Society location for every

167

00:07:39,920 --> 00:07:38,430

one of those that likes it there's a

168

00:07:43,010 --> 00:07:39,930

skeptic and some of them are very

169

00:07:45,469 --> 00:07:43,020

entertaining in their approach and their

170

00:07:47,870 --> 00:07:45,479

type of questions and and and and their

171

00:07:51,070 --> 00:07:47,880

doubt just last night

172

00:07:54,320 --> 00:07:51,080

I ran into a gentleman from a well known

173

00:07:56,210 --> 00:07:54,330

UFO organization that immediately heard

174

00:07:58,580 --> 00:07:56,220

something I suggested and challenged me

175

00:08:01,580 --> 00:07:58,590

saying what about the evidence to which

176

00:08:04,279 --> 00:08:01,590

I said there is no evidence and the

177

00:08:07,219 --> 00:08:04,289

evidence there never will be until we

178

00:08:10,879 --> 00:08:07,229

the humans we the people are willing to

179

00:08:13,010 --> 00:08:10,889

consider what I'm suggesting when we're

180

00:08:16,070 --> 00:08:13,020

willing to consider that then we'll be

181

00:08:19,420 --> 00:08:16,080

able to move to the next step and pursue

182

00:08:22,879 --> 00:08:19,430

the evidence that you want in a sense

183

00:08:25,439 --> 00:08:22,889

hearing something controversial the

184

00:08:27,089 --> 00:08:25,449

origin of the Moon

185

00:08:29,700 --> 00:08:27,099

it's a satellite of Earth but is it a

186

00:08:31,230 --> 00:08:29,710

natural satellite of Earth or not if not

187

00:08:34,379 --> 00:08:31,240

where did it come from how is it

188

00:08:36,990 --> 00:08:34,389

composed hearing suggestions about that

189

00:08:39,779 --> 00:08:37,000

sort of information that do not match up

190

00:08:42,000 --> 00:08:39,789

with current understanding or

191

00:08:46,079 --> 00:08:42,010

misunderstanding that humans have about

192

00:08:47,699 --> 00:08:46,089

the moon immediately provokes protests

193

00:08:51,530 --> 00:08:47,709

of what's the evidence behind what

194

00:08:54,499 --> 00:08:51,540

you're saying that's backwards

195

00:08:56,360 --> 00:08:54,509

have that evidence we're not going to be

196

00:08:57,740 --> 00:08:56,370

willing to consider that evidence until

197

00:08:58,189 --> 00:08:57,750

we're willing to consider what I'm

198

00:09:00,650 --> 00:08:58,199

saying

199

00:09:03,740 --> 00:09:00,660

might be true go into with an open mind

200

00:09:06,019 --> 00:09:03,750

don't immediately judge oh that's good

201
00:09:08,000 --> 00:09:06,029
because it's black that's good because

202
00:09:11,090 --> 00:09:08,010
it's white

203
00:09:12,290 --> 00:09:11,100
don't assume that it's good

204
00:09:16,700 --> 00:09:12,300
just look at it and acknowledge that

205
00:09:18,530 --> 00:09:16,710
it's new let's have a look and see what

206
00:09:21,350 --> 00:09:18,540
might be there if we're willing to

207
00:09:23,810 --> 00:09:21,360
accept that it exists and that it's real

208
00:09:25,580 --> 00:09:23,820
that it's possible and we'll decide for

209
00:09:28,100 --> 00:09:25,590
ourselves later on if it's good or bad

210
00:09:29,570 --> 00:09:28,110
or somewhere in the middle there's

211
00:09:32,450 --> 00:09:29,580
almost everything in life is gray anyway

212
00:09:35,660 --> 00:09:32,460
just depends on how grey very light or

213
00:09:38,470 --> 00:09:35,670

very dark what my guardian angel guides

214

00:09:42,140 --> 00:09:38,480

have shared with me about alien

215

00:09:43,850 --> 00:09:42,150

extraterrestrials his initial basic

216

00:09:46,850 --> 00:09:43,860

information about the concept in general

217

00:09:49,430 --> 00:09:46,860

the type of information that wouldn't

218

00:09:52,550 --> 00:09:49,440

best come from one civilization or

219

00:09:55,220 --> 00:09:52,560

another although that is also possible

220

00:09:57,860 --> 00:09:55,230

but in general what alien

221

00:10:01,400 --> 00:09:57,870

extraterrestrials mean to earth and what

222

00:10:05,360 --> 00:10:01,410

they told me essentially is while Earth

223

00:10:08,230 --> 00:10:05,370

is populated with I don't know I'm not a

224

00:10:12,560 --> 00:10:08,240

botanist or a biologist a huge number of

225

00:10:15,890 --> 00:10:12,570

species and animal types all sorts of

226

00:10:20,390 --> 00:10:15,900

variations and and and and permutations

227

00:10:22,780 --> 00:10:20,400

birds land mammals plants etc and the

228

00:10:25,820 --> 00:10:22,790

development evolution of many of them is

229

00:10:27,530 --> 00:10:25,830

true according to what we've studied and

230

00:10:29,630 --> 00:10:27,540

understand

231

00:10:31,490 --> 00:10:29,640

humans are not a part of that Homo

232

00:10:33,890 --> 00:10:31,500

sapiens as we call ourselves are not a

233

00:10:34,760 --> 00:10:33,900

part of that what my guides told me and

234

00:10:40,220 --> 00:10:34,770

shared with me

235

00:10:42,620 --> 00:10:40,230

was the origin of mankind Humanity on

236

00:10:46,400 --> 00:10:42,630

earth as we know it is artificial and

237

00:10:48,410 --> 00:10:46,410

that we are all in a sense alien

238

00:10:53,730 --> 00:10:48,420

extraterrestrials ourselves we are not a

239

00:11:01,560 --> 00:10:57,180

animal species is what we have called

240

00:11:04,650 --> 00:11:01,570

alternatively the Sasquatch the Yeti or

241

00:11:05,820 --> 00:11:04,660

the Bigfoot they are somewhat

242

00:11:07,850 --> 00:11:05,830

multi-dimensional they are

243

00:11:13,410 --> 00:11:07,860

multi-dimensional compared to us as

244

00:11:16,380 --> 00:11:13,420

humans they are the natural evolution of

245

00:11:20,010 --> 00:11:16,390

a species on earth they're nothing like

246

00:11:21,630 --> 00:11:20,020

us humans were created by an alien

247

00:11:24,630 --> 00:11:21,640

extraterrestrial civilization that

248

00:11:27,030 --> 00:11:24,640

visited earth approximately 100,000 of

249

00:11:29,520 --> 00:11:27,040

our years ago when I say our years I

250

00:11:31,050 --> 00:11:29,530

mean the year is one revolution around

251
00:11:32,550 --> 00:11:31,060
the Sun or one lap around the Sun that

252
00:11:35,580 --> 00:11:32,560
we make that we consider that a year

253
00:11:38,970 --> 00:11:35,590
about a hundred thousand laps ago give

254
00:11:43,079 --> 00:11:38,980
or take is when we were created we were

255
00:11:52,280 --> 00:11:48,360
Chemical atomic manipulation of the DNA

256
00:11:57,740 --> 00:11:55,670
to produce a species with some

257
00:11:59,360 --> 00:11:57,750
characteristics resembling and similar

258
00:12:02,480 --> 00:11:59,370
to the alien extraterrestrials that

259
00:12:05,060 --> 00:12:02,490
created us but also incorporating the

260
00:12:08,720 --> 00:12:05,070
physical abilities to survive in the

261
00:12:10,579 --> 00:12:08,730
earth surface environment the

262
00:12:12,499 --> 00:12:10,589
composition of gases in the air carbon

263
00:12:16,460 --> 00:12:12,509

dioxide oxygen nitrogen and so forth

264

00:12:18,220 --> 00:12:16,470

a dust pollen the composition of

265

00:12:23,240 --> 00:12:18,230

sunlight which reaches the surface

266

00:12:25,460 --> 00:12:23,250

atmosphere humidity things like that we

267

00:12:27,259 --> 00:12:25,470

take for granted all animals that can

268

00:12:29,540 --> 00:12:27,269

live on earth tolerate that dis their

269

00:12:30,920 --> 00:12:29,550

national preferred environment well this

270

00:12:33,230 --> 00:12:30,930

was not possible for the alien

271

00:12:35,629 --> 00:12:33,240

extraterrestrials also different sized

272

00:12:37,759 --> 00:12:35,639

planets have a different gravitational

273

00:12:39,079 --> 00:12:37,769

effect we discovered that very clearly

274

00:12:41,240 --> 00:12:39,089

what we knew it was gonna happen but we

275

00:12:43,699 --> 00:12:41,250

saw it very clearly demonstrated when

276

00:12:45,920 --> 00:12:43,709

humans first landed on the moon it's

277

00:12:47,210 --> 00:12:45,930

much smaller lesser gravity very little

278

00:12:51,170 --> 00:12:47,220

effort could cause somebody to easily

279

00:12:53,809 --> 00:12:51,180

run and jump and sail 30 feet whereas on

280

00:12:56,449 --> 00:12:53,819

earth you might sail 3 feet if you put

281

00:12:58,490 --> 00:12:56,459

forth that same effort that happens to

282

00:13:01,670 --> 00:12:58,500

the alien extraterrestrials also in some

283

00:13:04,069 --> 00:13:01,680

cases earth is too large it's too heavy

284

00:13:06,170 --> 00:13:04,079

for them to move around they don't they

285

00:13:07,910 --> 00:13:06,180

struggle with the environmental gases

286

00:13:10,309 --> 00:13:07,920

the oxygen content it's either too much

287

00:13:11,930 --> 00:13:10,319

or too little the intensity and

288

00:13:15,199 --> 00:13:11,940

composition of the sunlight they simply

289

00:13:17,900 --> 00:13:15,209

can't spend very much time in some cases

290

00:13:21,620 --> 00:13:17,910

almost no time on the surface in our

291

00:13:23,210 --> 00:13:21,630

environment the purpose these alien

292

00:13:25,519 --> 00:13:23,220

extraterrestrials had in visiting earth

293

00:13:29,120 --> 00:13:25,529

was to mine gold they wanted to take the

294

00:13:31,250 --> 00:13:29,130

gold back to their home planet and use

295

00:13:33,410 --> 00:13:31,260

it to stabilize the climate grind it up

296

00:13:34,790 --> 00:13:33,420

put it in the atmosphere Gold is a very

297

00:13:38,120 --> 00:13:34,800

good material for this because it will

298

00:13:39,410 --> 00:13:38,130

not oxidize it will eventually fall out

299

00:13:41,780 --> 00:13:39,420

of the atmosphere but if it's ground

300

00:13:43,579 --> 00:13:41,790

fine enough and dispersed at a certain

301

00:13:45,769 --> 00:13:43,589

altitude in almost any gaseous

302

00:13:47,809 --> 00:13:45,779

atmosphere it will remain aloft just

303

00:13:50,870 --> 00:13:47,819

like volcanic ash clouds smoke things

304

00:13:53,059 --> 00:13:50,880

like that when it eventually falls back

305

00:13:56,240 --> 00:13:53,069

to earth it's very easy to scoop up

306

00:13:59,150 --> 00:13:56,250

collect and redeposit this produces two

307

00:14:02,720 --> 00:13:59,160

immediate effects it causes the

308

00:14:04,579 --> 00:14:02,730

reflection of sunlight back up in the or

309

00:14:05,660 --> 00:14:04,589

star light whatever incoming light there

310

00:14:08,540 --> 00:14:05,670

is back

311

00:14:10,370 --> 00:14:08,550

up away reducing the amount that will

312

00:14:12,860 --> 00:14:10,380

reach the surface doesn't make things

313

00:14:15,620 --> 00:14:12,870

dark just makes less reach the surface

314

00:14:17,870 --> 00:14:15,630

so there's less of an initial surface

315

00:14:20,330 --> 00:14:17,880

heating effect as we know very well on

316

00:14:22,510 --> 00:14:20,340

earth Sun comes out it hits the ground

317

00:14:26,300 --> 00:14:22,520

the air gets warmer the air rises

318

00:14:30,140 --> 00:14:26,310

humidity clouds rain storms all that

319

00:14:32,390 --> 00:14:30,150

results from the heating cycle but the

320

00:14:35,550 --> 00:14:32,400

gold in the atmosphere also has a second

321

00:14:40,830 --> 00:14:35,560

effect it also

322

00:14:40,840 --> 00:14:45,660

after the sunlight disappears

323

00:14:51,110 --> 00:14:47,820

the overall general effect of this is to

324

00:14:53,119 --> 00:14:51,120

stabilize the climate

325

00:14:54,650 --> 00:14:53,129

they were very much interested in the

326

00:14:57,739 --> 00:14:54,660

gold for this purpose to take back to

327

00:15:00,170 --> 00:14:57,749

their planet so they did so they created

328

00:15:04,009 --> 00:15:00,180

a race of beings on earth to do this

329

00:15:05,749 --> 00:15:04,019

physical work we have found the remains

330

00:15:08,179 --> 00:15:05,759

of many members of this initial

331

00:15:12,110 --> 00:15:08,189

population and we have called them

332

00:15:14,079 --> 00:15:12,120

cro-magnon or Neanderthal

333

00:15:17,299 --> 00:15:14,089

but reality they were just different

334

00:15:18,980 --> 00:15:17,309

iterations different versions of beings

335

00:15:23,150 --> 00:15:18,990

created through this genetic

336

00:15:28,100 --> 00:15:23,160

manipulation after about 30 years of our

337

00:15:29,299 --> 00:15:28,110

years the visitors masters back on their

338

00:15:33,780 --> 00:15:29,309

home planet on the other side of the

339

00:15:36,540 --> 00:15:33,790

galaxy discovered what had been done

340

00:15:40,170 --> 00:15:36,550

fronted their otherwise very successful

341

00:15:42,720 --> 00:15:40,180

explorers miners adventurers scavengers

342

00:15:44,820 --> 00:15:42,730

what-have-you about their intentions

343

00:15:46,680 --> 00:15:44,830

okay you've created now there are

344

00:15:48,590 --> 00:15:46,690

thousands of these beings on earth that

345

00:15:52,590 --> 00:15:48,600

you've created what are you going to do

346

00:15:54,730 --> 00:15:52,600

just going to let them die so at that

347

00:15:57,699 --> 00:15:54,740

point

348

00:16:00,579 --> 00:15:57,709

the civilizations in our star cluster

349

00:16:02,730 --> 00:16:00,589

our immediate area around Earth were

350

00:16:06,460 --> 00:16:02,740

contacted and asked to become involved

351
00:16:08,699 --> 00:16:06,470
at that point the DNA of humans was

352
00:16:13,000 --> 00:16:08,709
upgraded therefore we are all

353
00:16:14,769 --> 00:16:13,010
essentially hybrids with contributions

354
00:16:17,650 --> 00:16:14,779
from many many alien extraterrestrial

355
00:16:20,170 --> 00:16:17,660
races at that point what changed

356
00:16:22,150 --> 00:16:20,180
principally was the shape of the human

357
00:16:26,320 --> 00:16:22,160
skull the size of the eye sockets the

358
00:16:28,090 --> 00:16:26,330
face etc and about a dozen DNA from

359
00:16:30,370 --> 00:16:28,100
about a dozen civilizations was

360
00:16:31,900 --> 00:16:30,380
contributed not so much to changing our

361
00:16:33,519 --> 00:16:31,910
appearance it was very little of that at

362
00:16:36,579 --> 00:16:33,529
that point after the initial thirty

363
00:16:40,660 --> 00:16:36,589

some-odd year phase the changes were

364

00:16:44,440 --> 00:16:40,670

internal especially to increase the

365

00:16:46,030 --> 00:16:44,450

adaptability of the new species to

366

00:16:48,190 --> 00:16:46,040

different environments and climates on

367

00:16:50,320 --> 00:16:48,200

earth so that as the beings migrated

368

00:16:51,790 --> 00:16:50,330

they would change well we have seen the

369

00:16:52,990 --> 00:16:51,800

results of this very clearly we have

370

00:16:54,040 --> 00:16:53,000

white people we have black people we

371

00:16:55,389 --> 00:16:54,050

have tall people who have short people

372

00:16:58,300 --> 00:16:55,399

you have skinny people people not so

373

00:17:00,280 --> 00:16:58,310

skinny dark hair light hair clear eyes

374

00:17:02,740 --> 00:17:00,290

dark eyes etc etc etc and all the

375

00:17:04,360 --> 00:17:02,750

different combinations and when a

376

00:17:08,260 --> 00:17:04,370

certain population moves to a certain

377

00:17:10,210 --> 00:17:08,270

part of the planet after about 20-25

378

00:17:12,579 --> 00:17:10,220

generations the generation being roughly

379

00:17:16,650 --> 00:17:12,589

twenty thirty years their appearance

380

00:17:19,210 --> 00:17:16,660

changes almost completely the initial

381

00:17:21,850 --> 00:17:19,220

humanoid beings that were created this

382

00:17:23,530 --> 00:17:21,860

was done in what is now today South the

383

00:17:25,270 --> 00:17:23,540

nation of South Africa particularly the

384

00:17:28,900 --> 00:17:25,280

northern part but there is no evidence

385

00:17:30,310 --> 00:17:28,910

of this ever having occurred there there

386

00:17:32,290 --> 00:17:30,320

was no there was no temples there were

387

00:17:34,870 --> 00:17:32,300

no edification ZnO buildings nothing so

388

00:17:37,450 --> 00:17:34,880

there's nothing to find there but that

389

00:17:39,490 --> 00:17:37,460

was the origin and the principal amount

390

00:17:42,010 --> 00:17:39,500

of this gold mining and excavation took

391

00:17:43,600 --> 00:17:42,020

place in the continent of Africa and the

392

00:17:44,850 --> 00:17:43,610

populations moved elsewhere and found it

393

00:17:49,030 --> 00:17:44,860

in different places

394

00:17:51,490 --> 00:17:49,040

the adaptation period subsequent to the

395

00:17:54,040 --> 00:17:51,500

DNA upgrade lasted about three centuries

396

00:17:56,770 --> 00:17:54,050

of our time in other words three laps

397

00:17:59,320 --> 00:17:56,780

around got three laps up but 300 laps

398

00:18:01,240 --> 00:17:59,330

around the Sun 300 years that was a

399

00:18:04,690 --> 00:18:01,250

period where we were watched over and

400

00:18:06,790 --> 00:18:04,700

taught slowly to learn to survive in the

401
00:18:09,430 --> 00:18:06,800
earth environment to

402
00:18:11,860 --> 00:18:09,440
gather food to hunt to defend ourselves

403
00:18:13,690 --> 00:18:11,870
protect ourselves etc during the first

404
00:18:17,530 --> 00:18:13,700
30 year period the beings that were

405
00:18:19,680 --> 00:18:17,540
created were cared for and watched over

406
00:18:22,540 --> 00:18:19,690
completely by the alien extraterrestrial

407
00:18:23,920 --> 00:18:22,550
creators well if they were going to

408
00:18:25,180 --> 00:18:23,930
leave and we were gonna survive on our

409
00:18:27,640 --> 00:18:25,190
own we had to learn how to do it and we

410
00:18:29,560 --> 00:18:27,650
did consider it was only a hundred

411
00:18:31,660 --> 00:18:29,570
thousand years ago so a lot of the

412
00:18:34,900 --> 00:18:31,670
animal species that we see for example

413
00:18:37,870 --> 00:18:34,910

in Africa were there imagine humans and

414

00:18:39,750 --> 00:18:37,880

that would be most modern humans today

415

00:18:42,310 --> 00:18:39,760

that have lived in an urban or suburban

416

00:18:45,670 --> 00:18:42,320

environment suddenly finding themselves

417

00:18:47,770 --> 00:18:45,680

in the middle of the Serengeti with all

418

00:18:51,280 --> 00:18:47,780

of the things that are there the climate

419

00:18:54,910 --> 00:18:51,290

the bugs the diseases hyenas lions

420

00:18:58,510 --> 00:18:54,920

tigers rhinoceroses and things might not

421

00:19:00,400 --> 00:18:58,520

work out very well over time uh we're

422

00:19:01,750 --> 00:19:00,410

smart we would learn to adapt people

423

00:19:04,060 --> 00:19:01,760

have understood the SIRT environment

424

00:19:06,100 --> 00:19:04,070

can't go into this is what had to be

425

00:19:11,620 --> 00:19:06,110

learned after the three hundred year

426
00:19:13,900 --> 00:19:11,630
period was up then a prime directive of

427
00:19:17,670 --> 00:19:13,910
sorts was put into place from that point

428
00:19:22,320 --> 00:19:17,680
forward no interference in human society

429
00:19:25,840 --> 00:19:22,330
by outside visitors observance fine

430
00:19:29,410 --> 00:19:25,850
specific focused interaction with

431
00:19:31,870 --> 00:19:29,420
individual members was okay as long as

432
00:19:34,630 --> 00:19:31,880
these interactions did not interfere

433
00:19:37,630 --> 00:19:34,640
with or alter the course of human

434
00:19:40,090 --> 00:19:37,640
development in history beyond what human

435
00:19:41,650 --> 00:19:40,100
decisions about their lives either

436
00:19:44,650 --> 00:19:41,660
individually or collectively would

437
00:19:46,240 --> 00:19:44,660
produce or things that would happen as a

438
00:19:48,510 --> 00:19:46,250

result of natural forces whether

439

00:19:51,520 --> 00:19:48,520

geological events geophysical events

440

00:19:53,170 --> 00:19:51,530

meteors things from outer space etc

441

00:19:57,430 --> 00:19:53,180

those are allowed to occur and still do

442

00:20:00,240 --> 00:19:57,440

occur but no outside interference three

443

00:20:03,410 --> 00:20:00,250

alien extraterrestrial civilizations

444

00:20:05,320 --> 00:20:03,420

took on the lead

445

00:20:09,140 --> 00:20:05,330

still continue to hold that role of

446

00:20:11,990 --> 00:20:09,150

enforcing and watching over earth to

447

00:20:14,450 --> 00:20:12,000

make sure that outside interference as I

448

00:20:17,030 --> 00:20:14,460

described does not occur these are the

449

00:20:21,110 --> 00:20:17,040

civilizations from planets revolving

450

00:20:22,850 --> 00:20:21,120

around the star we call serious SI RI us

451

00:20:24,530 --> 00:20:22,860

that is the brightest star in the night

452

00:20:27,160 --> 00:20:24,540

sky and very often looks to the naked

453

00:20:29,900 --> 00:20:27,170

eye nearly as bright as Venus the planet

454

00:20:32,960 --> 00:20:29,910

it is approximately eight eight light

455

00:20:34,520 --> 00:20:32,970

years from Earth the second civilization

456

00:20:38,350 --> 00:20:34,530

from the many planets revolving around

457

00:20:43,280 --> 00:20:40,460

ladies I believe the name of Greek

458

00:20:45,020 --> 00:20:43,290

origin the Japanese call that cluster

459

00:20:47,810 --> 00:20:45,030

star Subaru and in fact that's the

460

00:20:49,340 --> 00:20:47,820

symbol of the of the car company Subaru

461

00:20:51,680 --> 00:20:49,350

and you can see the little stars

462

00:20:55,010 --> 00:20:51,690

depicted on their oval logo and the

463

00:20:57,320 --> 00:20:55,020

third the the alien extraterrestrials

464

00:21:01,910 --> 00:20:57,330

from planets revolving around the star

465

00:21:04,400 --> 00:21:01,920

we call Arcturus there's also a fourth

466

00:21:07,730 --> 00:21:04,410

which are kind of like the alternates

467

00:21:11,870 --> 00:21:07,740

and these are alien extraterrestrials

468

00:21:14,570 --> 00:21:11,880

from the planet from the star Canopus CA

469

00:21:18,880 --> 00:21:14,580

and opus Canopus is the brightest star

470

00:21:21,460 --> 00:21:18,890

in the southern hemisphere

471

00:21:22,510 --> 00:21:21,470

from Earth of course we can see hundreds

472

00:21:24,730 --> 00:21:22,520

of thousands of stars from Earth but

473

00:21:26,410 --> 00:21:24,740

these are the these are the principal

474

00:21:29,020 --> 00:21:26,420

ones these stars are very bright because

475

00:21:32,049 --> 00:21:29,030

they're either close or large and as we

476
00:21:34,230 --> 00:21:32,059
have seen somewhat the larger star the

477
00:21:36,490 --> 00:21:34,240
more likely it is to have more planets

478
00:21:40,120 --> 00:21:36,500
revolving around it and more planets in

479
00:21:41,910 --> 00:21:40,130
a what's called a habitable zone where

480
00:21:45,039 --> 00:21:41,920
the planet is close enough so that the

481
00:21:47,470 --> 00:21:45,049
radiation sunlight coming from that Sun

482
00:21:50,049 --> 00:21:47,480
in the center of the system is not too

483
00:21:52,890 --> 00:21:50,059
weak or too intense to support the

484
00:21:54,130 --> 00:21:52,900
development of all sorts of life the

485
00:21:58,270 --> 00:21:54,140
Sirians

486
00:22:01,840 --> 00:21:58,280
are tip look typically like what is

487
00:22:03,640 --> 00:22:01,850
called tall greys they're generally the

488
00:22:05,860 --> 00:22:03,650

height are taller than humans the kind

489

00:22:08,830 --> 00:22:05,870

of grayish almost bluish in color their

490

00:22:12,340 --> 00:22:08,840

body chemistry is silicon based not

491

00:22:14,730 --> 00:22:12,350

carbon as we are they are very smart

492

00:22:17,409 --> 00:22:14,740

very intelligent very advanced very

493

00:22:20,310 --> 00:22:17,419

powerful technology technologically and

494

00:22:23,289 --> 00:22:20,320

they are the chief enforcers of the

495

00:22:25,840 --> 00:22:23,299

prime directive they will very much and

496

00:22:27,669 --> 00:22:25,850

very much have the capability and this

497

00:22:31,020 --> 00:22:27,679

capability is well known throughout the

498

00:22:33,280 --> 00:22:31,030

galaxy to stop any attempt to interfere

499

00:22:35,860 --> 00:22:33,290

but because this is well known the

500

00:22:37,510 --> 00:22:35,870

attempts never occurred and no one

501
00:22:39,070 --> 00:22:37,520
approaching earth really wants to try it

502
00:22:41,020 --> 00:22:39,080
is just understood well in advance

503
00:22:43,000 --> 00:22:41,030
that's not possible that's not permitted

504
00:22:44,289 --> 00:22:43,010
it's not that there is a great number of

505
00:22:46,330 --> 00:22:44,299
civilizations that would like to come

506
00:22:48,820 --> 00:22:46,340
interfere and invade and do things they

507
00:22:50,799 --> 00:22:48,830
don't because they know that there's

508
00:22:54,130 --> 00:22:50,809
almost no benefit doing it it's only

509
00:22:55,299 --> 00:22:54,140
downside how many humans are very

510
00:22:56,890 --> 00:22:55,309
interested in seeing what it feels like

511
00:22:59,500 --> 00:22:56,900
to fall off a tall building almost

512
00:23:01,419 --> 00:22:59,510
nobody and we don't need to go try to

513
00:23:03,730 --> 00:23:01,429

find out we really don't want to do it

514

00:23:06,070 --> 00:23:03,740

that's how it is the Syrians are the

515

00:23:10,210 --> 00:23:06,080

leaders pretty much in that issue the

516

00:23:12,630 --> 00:23:10,220

Arcturians also the arcturion similar to

517

00:23:18,250 --> 00:23:12,640

the syrians are also silicon based

518

00:23:20,770 --> 00:23:18,260

biology the plate lan's are carbon-based

519

00:23:23,769 --> 00:23:20,780

and the plate lan's most closely

520

00:23:25,629 --> 00:23:23,779

resemble humans

521

00:23:27,789 --> 00:23:25,639

in fact

522

00:23:30,310 --> 00:23:27,799

we were created through the DNA

523

00:23:34,509 --> 00:23:30,320

manipulation to look mostly like the

524

00:23:36,699 --> 00:23:34,519

plate lan's because of the physical

525

00:23:38,409 --> 00:23:36,709

conditions on earth the composition of

526

00:23:42,489 --> 00:23:38,419

gases in the atmosphere the intensity

527

00:23:43,839 --> 00:23:42,499

the sunlight very closely resembles I'm

528

00:23:45,789 --> 00:23:43,849

being told at least two planets

529

00:23:50,829 --> 00:23:45,799

revolving around stars in the Pleiades

530

00:23:53,519 --> 00:23:50,839

cluster the alien extraterrestrials who

531

00:23:56,139 --> 00:23:53,529

created us don't look like us very much

532

00:23:57,310 --> 00:23:56,149

but they knew about and had met with the

533

00:24:00,849 --> 00:23:57,320

plate Ian's and thought that would be a

534

00:24:04,089 --> 00:24:00,859

good model for Earth but using DNA

535

00:24:05,709 --> 00:24:04,099

characteristics from existing animals

536

00:24:08,560 --> 00:24:05,719

already on earth principally large

537

00:24:09,849 --> 00:24:08,570

chimpanzees monkeys gorillas but we

538

00:24:11,739 --> 00:24:09,859

don't look anything like them and we

539

00:24:14,919 --> 00:24:11,749

were not intended to look like them but

540

00:24:17,139 --> 00:24:14,929

the ability to perspire to have our skin

541

00:24:20,739 --> 00:24:17,149

color change based on exposure to

542

00:24:24,519 --> 00:24:20,749

ultraviolet rays to grow facial hair if

543

00:24:27,419 --> 00:24:24,529

need be to protect the face things like

544

00:24:29,139 --> 00:24:27,429

that we're all adapted in

545

00:24:31,269 --> 00:24:29,149

characteristics that the alien

546

00:24:33,219 --> 00:24:31,279

extraterrestrial visitors don't have and

547

00:24:36,509 --> 00:24:33,229

would need to be able to survive to

548

00:24:38,829 --> 00:24:36,519

breathe the air to have our physical

549

00:24:41,979 --> 00:24:38,839

cardiovascular capability change and

550

00:24:45,129 --> 00:24:41,989

improve with additional work for the

551
00:24:47,769 --> 00:24:45,139
males especially to build muscle mass as

552
00:24:49,569 --> 00:24:47,779
a result of physical work over time to

553
00:24:51,669 --> 00:24:49,579
become more used to it and then be able

554
00:24:53,079 --> 00:24:51,679
to develop the capability to do more

555
00:24:54,549 --> 00:24:53,089
work all things that we take for granted

556
00:24:58,389 --> 00:24:54,559
these are all the things that were

557
00:25:01,359 --> 00:24:58,399
incorporated in the DNA hybridization or

558
00:25:05,129 --> 00:25:01,369
the upgrade we have spread all over

559
00:25:07,029 --> 00:25:05,139
earth the number of humans has increased

560
00:25:08,499 --> 00:25:07,039
geometrically or logarithmically

561
00:25:11,769 --> 00:25:08,509
depending on one's mathematical

562
00:25:14,579 --> 00:25:11,779
preferences very sharply particularly in

563
00:25:17,199 --> 00:25:14,589

the last last several hundred years

564

00:25:18,699 --> 00:25:17,209

we're now up to six or seven I forget

565

00:25:24,060 --> 00:25:18,709

the number six or seven billion humans

566

00:25:28,779 --> 00:25:24,070

on earth we are now coming close to the

567

00:25:31,760 --> 00:25:28,789

the the the culmination of development

568

00:25:36,080 --> 00:25:31,770

at least as it currently exists

569

00:25:37,460 --> 00:25:36,090

for the third time amongst humans on

570

00:25:39,730 --> 00:25:37,470

earth the first time was the

571

00:25:46,960 --> 00:25:39,740

civilization referred to as Lemuria

572

00:25:50,990 --> 00:25:49,670

sixty-five thousand years ago there was

573

00:25:53,780 --> 00:25:51,000

this developed over the first

574

00:25:55,520 --> 00:25:53,790

thirty-five thousand years of human

575

00:25:57,280 --> 00:25:55,530

intelligence the second one err human

576

00:26:01,180 --> 00:25:57,290

development and presence the second

577

00:26:05,450 --> 00:26:01,190

Atlantis which came to its demise

578

00:26:07,519 --> 00:26:05,460

approximately twenty thousand years ago

579

00:26:09,440 --> 00:26:07,529

generally accepted recorded human

580

00:26:13,820 --> 00:26:09,450

history that we have now that's

581

00:26:14,210 --> 00:26:13,830

available to us goes back about 6,000

582

00:26:26,240 --> 00:26:14,220

years

583

00:26:29,810 --> 00:26:26,250

really of the demise of the Atlantis

584

00:26:35,080 --> 00:26:29,820

civilization were developing and moving

585

00:26:40,480 --> 00:26:35,090

around earth and creating what became

586

00:26:42,560 --> 00:26:40,490

the human cultures in Egypt

587

00:26:45,320 --> 00:26:42,570

Mexico

588

00:26:47,200 --> 00:26:45,330

Peru and some other places but generally

589

00:26:49,360 --> 00:26:47,210

those

590

00:26:52,690 --> 00:26:49,370

it is no coincidence that all of the

591

00:26:55,630 --> 00:26:52,700

structures ratifications buildings in

592

00:26:58,030 --> 00:26:55,640

those three places to this very day are

593

00:27:00,010 --> 00:26:58,040

the subject of debate as to how they

594

00:27:02,680 --> 00:27:00,020

were developed who built them and in

595

00:27:04,810 --> 00:27:02,690

what way today we are just now entering

596

00:27:07,060 --> 00:27:04,820

into a phase and what has brought us to

597

00:27:10,330 --> 00:27:07,070

the the the critical point or the

598

00:27:11,580 --> 00:27:10,340

critical mass was the human discovery of

599

00:27:15,160 --> 00:27:11,590

how to play with matches

600

00:27:17,710 --> 00:27:15,170

we figured out how to use nuclear energy

601
00:27:20,350 --> 00:27:17,720
we figured out how to break open atoms

602
00:27:22,150 --> 00:27:20,360
and what's the first thing we did with

603
00:27:23,530 --> 00:27:22,160
that we built the bomb and we

604
00:27:27,890 --> 00:27:23,540
slaughtered a couple hundred thousand

605
00:27:31,400 --> 00:27:27,900
people and a war and the

606
00:27:34,400 --> 00:27:31,410
daddy was her it was almost a necessary

607
00:27:37,580 --> 00:27:34,410
thing at the time because had those

608
00:27:40,670 --> 00:27:37,590
bombs not been used to bring Imperial

609
00:27:42,650 --> 00:27:40,680
Japan to the point of surrendering it is

610
00:27:44,510 --> 00:27:42,660
not a stretch to estimate that another

611
00:27:47,450 --> 00:27:44,520
one and a half million to two million

612
00:27:50,330 --> 00:27:47,460
additional lives would have been lost in

613
00:27:52,040 --> 00:27:50,340

the military invasion of Japan to bring

614

00:27:53,960 --> 00:27:52,050

Japan to the same point to surrender and

615

00:27:55,640 --> 00:27:53,970

end the war or crush them to the point

616

00:27:58,450 --> 00:27:55,650

where surrender almost became a moot

617

00:28:01,630 --> 00:28:00,310

what a terrible situation we the people

618

00:28:03,130 --> 00:28:01,640

the humans put ourselves in we're

619

00:28:04,390 --> 00:28:03,140

slaughtering several hundred thousand

620

00:28:07,030 --> 00:28:04,400

people is better than slaughtering two

621

00:28:08,260 --> 00:28:07,040

million how about alternative a don't

622

00:28:10,420 --> 00:28:08,270

slaughter anybody

623

00:28:14,620 --> 00:28:10,430

don't start the darn war in the first

624

00:28:17,650 --> 00:28:14,630

place but history being what it is we

625

00:28:19,380 --> 00:28:17,660

were observed by alien extraterrestrials

626

00:28:21,370 --> 00:28:19,390

as well as the guardian angel guides

627

00:28:25,660 --> 00:28:21,380

individually and in the collective of

628

00:28:29,810 --> 00:28:25,670

all humans with horror as we develop

629

00:28:35,740 --> 00:28:32,580

curiously

630

00:28:38,500 --> 00:28:35,750

this has never been done since many

631

00:28:40,780 --> 00:28:38,510

large massive nuclear weapons fusion and

632

00:28:43,630 --> 00:28:40,790

fission have been built a number of them

633

00:28:46,840 --> 00:28:43,640

tested deployed all over the world but

634

00:28:49,210 --> 00:28:46,850

none have ever been used in anger at

635

00:28:52,659 --> 00:28:49,220

another target

636

00:28:54,789 --> 00:28:52,669

cause when a nuclear war has detonated

637

00:28:56,470 --> 00:28:54,799

even if it doesn't kill anybody and test

638

00:28:58,419 --> 00:28:56,480

off in the desert and a very carefully

639

00:29:00,760 --> 00:28:58,429

engineered so that there's no humans

640

00:29:05,380 --> 00:29:04,300

we humans now do not understand the

641

00:29:08,410 --> 00:29:05,390

effect this has

642

00:29:09,940 --> 00:29:08,420

with the energy release on energetic

643

00:29:11,440 --> 00:29:09,950

beings even on other alien

644

00:29:13,600 --> 00:29:11,450

extraterrestrials that might happen to

645

00:29:16,750 --> 00:29:13,610

be nearby

646

00:29:19,030 --> 00:29:16,760

who for the most part leave our solar

647

00:29:20,320 --> 00:29:19,040

system and go far away when we're going

648

00:29:22,750 --> 00:29:20,330

to do it they don't want to be around it

649

00:29:26,600 --> 00:29:22,760

has a very negative effect on them our

650

00:29:29,240 --> 00:29:26,610

guardian angel guides in the collective

651
00:29:32,480 --> 00:29:29,250
have stepped in and disabled many of

652
00:29:35,779 --> 00:29:32,490
these devices and will do so if we

653
00:29:38,269 --> 00:29:35,789
attempt that is the one exception to the

654
00:29:41,330 --> 00:29:38,279
non-interference if we attempt to set

655
00:29:43,909 --> 00:29:41,340
off nuclear warheads in anger with the

656
00:29:46,750 --> 00:29:43,919
intent to harm whether the self defense

657
00:29:52,340 --> 00:29:46,760
aspect can be justified as occurred in

658
00:29:56,570 --> 00:29:52,350
Japan or otherwise doesn't matter doing

659
00:30:02,510 --> 00:29:59,360
to the energy grid of

660
00:30:05,780 --> 00:30:02,520
Galaxy we're not allowed to do it who

661
00:30:07,220 --> 00:30:05,790
will be disabled so it could be said

662
00:30:08,330 --> 00:30:07,230
that that is interference but

663
00:30:11,120 --> 00:30:08,340

interference to prevent us from

664

00:30:12,980 --> 00:30:11,130

annihilating ourselves is that really

665

00:30:16,400 --> 00:30:12,990

interference so that is the one

666

00:30:18,980 --> 00:30:16,410

exception that has occurred but

667

00:30:20,330 --> 00:30:18,990

since our entry as humans as a

668

00:30:24,050 --> 00:30:20,340

collective the entire planet into the

669

00:30:26,600 --> 00:30:24,060

nuclear age since 1945 the amount of

670

00:30:31,280 --> 00:30:26,610

attention that we receive has really

671

00:30:33,710 --> 00:30:31,290

increased and we have been speculated

672

00:30:36,800 --> 00:30:33,720

about rather humans have speculated

673

00:30:43,049 --> 00:30:36,810

intensely regularly about alien

674

00:30:47,519 --> 00:30:45,080

identified flying phenomena of all types

675

00:30:49,760 --> 00:30:47,529

non-human intelligence since then

676

00:30:51,470 --> 00:30:49,770

because of this

677

00:30:54,640 --> 00:30:51,480

and I certainly understand the interest

678

00:30:57,410 --> 00:30:54,650

many of the readers of my material had

679

00:30:59,900 --> 00:30:57,420

and that's what got my interest going

680

00:31:04,160 --> 00:31:02,510

I've been told by my guides and many of

681

00:31:06,820 --> 00:31:04,170

the alien extraterrestrials who were

682

00:31:11,120 --> 00:31:06,830

perfectly happy to communicate with me

683

00:31:13,850 --> 00:31:11,130

that wider broader more across the board

684

00:31:17,630 --> 00:31:13,860

revelation is coming but it is going to

685

00:31:21,110 --> 00:31:17,640

come only when we the people we humanity

686

00:31:25,640 --> 00:31:21,120

reach a critical mass similar to a

687

00:31:28,340 --> 00:31:25,650

majority vote let's take a side example

688

00:31:29,570 --> 00:31:28,350

a political election somebody's running

689

00:31:33,230 --> 00:31:29,580

for the county judge somebody's running

690

00:31:35,210 --> 00:31:33,240

for the governor whatever well how does

691

00:31:37,010 --> 00:31:35,220

a person win good people have to vote

692

00:31:39,860 --> 00:31:37,020

who can vote well anybody's an adult

693

00:31:42,050 --> 00:31:39,870

you're gonna go register etc there might

694

00:31:44,120 --> 00:31:42,060

be one person who is very very aware of

695

00:31:47,210 --> 00:31:44,130

the issues has studied the candidates

696

00:31:49,700 --> 00:31:47,220

very closely on Election Day they show

697

00:31:51,750 --> 00:31:49,710

up the polls they cast a ballot there

698

00:31:52,950 --> 00:31:51,760

might be somebody else

699

00:31:54,570 --> 00:31:52,960

who remembers the morning of the

700

00:31:55,890 --> 00:31:54,580

election squeezes a little time out of

701
00:31:56,850 --> 00:31:55,900
the day and bothers to show up and film

702
00:31:58,110 --> 00:31:56,860
doesn't know anything about the

703
00:32:00,960 --> 00:31:58,120
candidates and picks one arbitrarily

704
00:32:02,160 --> 00:32:00,970
both of those votes count equally the

705
00:32:05,670 --> 00:32:02,170
amount of knowledge awareness

706
00:32:07,110 --> 00:32:05,680
understanding the preference is the one

707
00:32:11,550 --> 00:32:07,120
over the other based on that doesn't

708
00:32:13,290 --> 00:32:11,560
matter one person one vote that's pretty

709
00:32:15,380 --> 00:32:13,300
much the way it works with mankind when

710
00:32:17,730 --> 00:32:15,390
it comes to alien extraterrestrials

711
00:32:20,310 --> 00:32:17,740
because their presence and the knowledge

712
00:32:22,680 --> 00:32:20,320
that that aliens have made open across

713
00:32:27,690 --> 00:32:22,690

the board contact that is irrefutable

714

00:32:32,820 --> 00:32:30,090

we'll have to occur when humans

715

00:32:38,460 --> 00:32:32,830

collectively reach critical mass when

716

00:32:40,500 --> 00:32:38,470

enough of us vote with our desires our

717

00:32:41,970 --> 00:32:40,510

thoughts I don't think there's gonna be

718

00:32:43,500 --> 00:32:41,980

a worldwide election where we all go to

719

00:32:46,260 --> 00:32:43,510

the polls and cast a ballot and push the

720

00:32:48,060 --> 00:32:46,270

button or punch the hole but when we

721

00:32:51,240 --> 00:32:48,070

decide that we want this to happen now

722

00:32:52,920 --> 00:32:51,250

if we were to do this as all humans the

723

00:32:54,870 --> 00:32:52,930

Vail Ian's would show up tomorrow next

724

00:32:58,260 --> 00:32:54,880

week in a bigger way

725

00:33:00,060 --> 00:32:58,270

however they the aliens understand very

726

00:33:07,530 --> 00:33:00,070

well the typical reaction of most people

727

00:33:09,180 --> 00:33:07,540

and 50% of humans being shown an alien

728

00:33:11,250 --> 00:33:09,190

in close proximity would immediately

729

00:33:15,210 --> 00:33:11,260

assume it's a confrontation that is

730

00:33:17,700 --> 00:33:15,220

something to be fearful fearful of we're

731

00:33:19,290 --> 00:33:17,710

just downright scared and would do

732

00:33:21,540 --> 00:33:19,300

everything from grab guns to go hide and

733

00:33:23,510 --> 00:33:21,550

lock doors call the police and

734

00:33:28,000 --> 00:33:23,520

everything else

735

00:33:32,210 --> 00:33:28,010

if a hundred thousand people in a huge

736

00:33:35,840 --> 00:33:32,220

football stadium suddenly see a group of

737

00:33:37,490 --> 00:33:35,850

alien extraterrestrials land their craft

738

00:33:39,049 --> 00:33:37,500

on the 50-yard line of the football

739

00:33:42,440 --> 00:33:39,059

field in the middle of a stadium at

740

00:33:42,450 --> 00:33:46,019

how are they going to react

741

00:33:49,560 --> 00:33:47,669

I wasn't gonna start a stampede and fear

742

00:33:52,200 --> 00:33:49,570

to get out of there how does that help

743

00:33:55,320 --> 00:33:52,210

anybody because the way things are right

744

00:33:59,580 --> 00:33:55,330

now the chance of that occurring Orla

745

00:34:01,619 --> 00:33:59,590

are high they're not low and that would

746

00:34:05,159 --> 00:34:01,629

cause a lot of harm and the aliens know

747

00:34:08,220 --> 00:34:05,169

this plus the other people that wouldn't

748

00:34:09,720 --> 00:34:08,230

do that the many many people that are

749

00:34:11,579 --> 00:34:09,730

interested in the topic that are very

750

00:34:13,980 --> 00:34:11,589

very tuned in that would love to see

751
00:34:19,020 --> 00:34:16,260
not really interested in what the aliens

752
00:34:22,020 --> 00:34:19,030
want to tell us about ourselves about

753
00:34:22,740 --> 00:34:22,030
our society and what things we can do to

754
00:34:26,190 --> 00:34:22,750
help ourselves

755
00:34:27,720 --> 00:34:26,200
to the contrary many people interested

756
00:34:30,149 --> 00:34:27,730
in the subject casually or some

757
00:34:31,649 --> 00:34:30,159
intensely want thrills they want an

758
00:34:34,320 --> 00:34:31,659
entertainment they want a movie they

759
00:34:37,020 --> 00:34:34,330
want gadgets they want machines they

760
00:34:40,220 --> 00:34:37,030
want to see ray guns or they want to see

761
00:34:44,639 --> 00:34:40,230
aliens come in and cure cancer or cure

762
00:34:46,169 --> 00:34:44,649
whatever or take away all take away all

763
00:34:48,240 --> 00:34:46,179

the weapons and make everybody behave

764

00:34:50,639 --> 00:34:48,250

they're never going to do that they're

765

00:34:53,100 --> 00:34:50,649

never going to interfere with us many

766

00:34:55,379 --> 00:34:53,110

many people interested in the subject of

767

00:34:58,280 --> 00:34:55,389

alien extraterrestrials are frustrated

768

00:35:01,490 --> 00:34:58,290

that only government leaders are

769

00:35:04,710 --> 00:35:01,500

contacted but government leaders are us

770

00:35:07,859 --> 00:35:04,720

we create government's we choose the

771

00:35:11,470 --> 00:35:07,869

leaders even in a kingdom with a

772

00:35:14,140 --> 00:35:11,480

tyrannical dictatorial king

773

00:35:16,300 --> 00:35:14,150

that has terrorized the vast majority of

774

00:35:19,300 --> 00:35:16,310

the population except the few that such

775

00:35:21,310 --> 00:35:19,310

a king has agreed to allow into his or

776

00:35:22,930 --> 00:35:21,320

her if it's queen in her or kings if

777

00:35:24,760 --> 00:35:22,940

there's two of them in her circle and

778

00:35:26,589 --> 00:35:24,770

handed them all sorts of power and

779

00:35:29,710 --> 00:35:26,599

privilege in order to buy their

780

00:35:31,089 --> 00:35:29,720

performance and terrorize everybody ever

781

00:35:34,300 --> 00:35:31,099

been many examples of that throughout

782

00:35:36,280 --> 00:35:34,310

history even in a situation like that if

783

00:35:38,460 --> 00:35:36,290

the vast majority of the subjects of

784

00:35:40,839 --> 00:35:38,470

such a tyrannical dictatorial King

785

00:35:42,819 --> 00:35:40,849

suddenly all together everybody together

786

00:35:44,140 --> 00:35:42,829

all at once the same day said I'm not

787

00:35:46,210 --> 00:35:44,150

getting up I'm not going on and I'm not

788

00:35:49,839 --> 00:35:46,220

doing anything you can't make me do it

789

00:35:51,370 --> 00:35:49,849

and behaved like a protesters who

790

00:35:55,510 --> 00:35:51,380

sometimes will throw themselves in front

791

00:35:56,800 --> 00:35:55,520

of construction cranes bulldozers

792

00:35:59,170 --> 00:35:56,810

whatever and just lie on the ground and

793

00:36:02,650 --> 00:35:59,180

and they're they're awake but they they

794

00:36:05,069 --> 00:36:02,660

lie they're completely limp and refuse

795

00:36:08,290 --> 00:36:05,079

to obey commands and refuse to act if

796

00:36:11,500 --> 00:36:08,300

the vast majority of adults certainly in

797

00:36:14,740 --> 00:36:11,510

a society did that such an action would

798

00:36:17,800 --> 00:36:14,750

completely neutralize that king and the

799

00:36:23,650 --> 00:36:17,810

tyrannical dictatorial behavior would

800

00:36:26,410 --> 00:36:23,660

evaporate by lunchtime because people

801
00:36:28,420 --> 00:36:26,420
cannot be forced to do things against

802
00:36:32,460 --> 00:36:28,430
their will and when it really comes down

803
00:36:34,950 --> 00:36:32,470
to it but does

804
00:36:38,070 --> 00:36:34,960
ever happen well the aliens watch all

805
00:36:40,830 --> 00:36:38,080
this and they'll watch everything from a

806
00:36:44,700 --> 00:36:40,840
relatively benevolent society that is

807
00:36:46,830 --> 00:36:44,710
very much democratic elected where the

808
00:36:48,750 --> 00:36:46,840
majority of the members of that society

809
00:36:51,060 --> 00:36:48,760
feel to have a voice they have elections

810
00:36:52,530 --> 00:36:51,070
they make decisions to accept the

811
00:36:54,780 --> 00:36:52,540
decision and they go forward there many

812
00:36:55,830 --> 00:36:54,790
examples of this in the world all the

813
00:36:58,440 --> 00:36:55,840

way to the other extreme

814

00:37:00,390 --> 00:36:58,450

the aliens watch all of this all of

815

00:37:02,820 --> 00:37:00,400

these things are human creations there

816

00:37:04,589 --> 00:37:02,830

are no societal structures on earth that

817

00:37:06,030 --> 00:37:04,599

were engineered or created off earth by

818

00:37:08,099 --> 00:37:06,040

somebody else these are all the result

819

00:37:09,839 --> 00:37:08,109

of our own decisions so we pick the

820

00:37:11,430 --> 00:37:09,849

leaders we give all the authority to the

821

00:37:13,170 --> 00:37:11,440

leaders we constantly turn around and

822

00:37:13,970 --> 00:37:13,180

obey the leaders and we say yes or yes

823

00:37:18,300 --> 00:37:13,980

sir yes sir

824

00:37:20,910 --> 00:37:18,310

let's do the aliens contact who are they

825

00:37:22,380 --> 00:37:20,920

and this is how they see it who are they

826

00:37:26,070 --> 00:37:22,390

and what authority do they have to

827

00:37:27,630 --> 00:37:26,080

undermine our choices on our planet they

828

00:37:29,310 --> 00:37:27,640

don't have that authority they're never

829

00:37:31,380 --> 00:37:29,320

gonna do that and it's not because

830

00:37:33,630 --> 00:37:31,390

they're so wonderful man Evelyn no it's

831

00:37:36,180 --> 00:37:33,640

very basic it has to do with hypocrisy

832

00:37:39,089 --> 00:37:36,190

if they were to do that what they are

833

00:37:41,250 --> 00:37:39,099

broadcasting to all of the other alien

834

00:37:42,599 --> 00:37:41,260

extraterrestrial civilizations is that

835

00:37:43,829 --> 00:37:42,609

it's perfectly okay for somebody else to

836

00:37:46,079 --> 00:37:43,839

go to their planet and do the same thing

837

00:37:48,329 --> 00:37:46,089

they don't want that they don't want

838

00:37:50,640 --> 00:37:48,339

anybody showing up on a planet whatever

839

00:37:52,109 --> 00:37:50,650

that's orbiting Arcturus to say hey we

840

00:37:53,670 --> 00:37:52,119

don't need to respect your leadership in

841

00:37:55,230 --> 00:37:53,680

your social institutions in your leader

842

00:37:57,839 --> 00:37:55,240

we don't give a rip about your leader

843

00:37:59,839 --> 00:37:57,849

we're gonna do X Y & Z they don't want

844

00:38:02,280 --> 00:37:59,849

that who wants that

845

00:38:03,420 --> 00:38:02,290

who wants somebody coming in your family

846

00:38:05,910 --> 00:38:03,430

telling you what to do you've never met

847

00:38:07,050 --> 00:38:05,920

them not only they're not a member of

848

00:38:08,820 --> 00:38:07,060

your family they don't even live in your

849

00:38:09,870 --> 00:38:08,830

town you don't even know who they are it

850

00:38:11,040 --> 00:38:09,880

could be from another country they speak

851
00:38:12,990 --> 00:38:11,050
another language they could show up with

852
00:38:15,450 --> 00:38:13,000
an interpreter and they start forcing

853
00:38:16,710 --> 00:38:15,460
you to do things who wants that that

854
00:38:20,070 --> 00:38:16,720
just runs against the nature of any

855
00:38:22,020 --> 00:38:20,080
sentient being that's why the aliens

856
00:38:24,810 --> 00:38:22,030
don't do it to us

857
00:38:26,910 --> 00:38:24,820
is just basic nuts and bolts they don't

858
00:38:28,440 --> 00:38:26,920
want it Thunder them however they are

859
00:38:32,070 --> 00:38:28,450
intensely interested in watching our

860
00:38:37,410 --> 00:38:32,080
development fascinated by everything

861
00:38:39,300 --> 00:38:37,420
that we do UFO conferences human

862
00:38:41,430 --> 00:38:39,310
politics I'm human human Pollock's is a

863
00:38:45,480 --> 00:38:41,440

human politics to most aliens is a

864

00:38:48,030 --> 00:38:45,490

constant Broadway show it's constant

865

00:38:50,940 --> 00:38:48,040

constant entertainment particularly

866

00:38:53,190 --> 00:38:50,950

because of their telepathic ability they

867

00:38:54,780 --> 00:38:53,200

can watch a politician or a political

868

00:38:56,970 --> 00:38:54,790

movement say certain things and do

869

00:38:59,210 --> 00:38:56,980

certain things and then they can look

870

00:39:02,730 --> 00:38:59,220

behind the scenes and understand is that

871

00:39:05,250 --> 00:39:02,740

bonafide is it legitimate is it honest

872

00:39:09,360 --> 00:39:05,260

do the people saying they want to do X Y

873

00:39:10,800 --> 00:39:09,370

& Z really mean that or do they have an

874

00:39:13,820 --> 00:39:10,810

ulterior motive

875

00:39:17,850 --> 00:39:13,830

or as we like to say a hidden agenda

876

00:39:20,610 --> 00:39:17,860

well both in everything in between

877

00:39:24,350 --> 00:39:20,620

they can see all of this and they're

878

00:39:26,730 --> 00:39:24,360

amazingly entertained by watching a

879

00:39:28,500 --> 00:39:26,740

political movement say one thing and

880

00:39:30,210 --> 00:39:28,510

then watching that political movement do

881

00:39:32,130 --> 00:39:30,220

something else or maybe do the same

882

00:39:34,590 --> 00:39:32,140

thing because they've been through all

883

00:39:37,140 --> 00:39:34,600

this themselves they don't want to

884

00:39:39,180 --> 00:39:37,150

interfere and mess this up who wants to

885

00:39:41,490 --> 00:39:39,190

go to the movie to watch a Star Wars

886

00:39:45,420 --> 00:39:41,500

trilogy where they're suddenly gonna

887

00:39:47,190 --> 00:39:45,430

release three new movies I'm a bit of a

888

00:39:50,160 --> 00:39:47,200

Star Wars fanatic or freak I love them

889

00:39:52,680 --> 00:39:50,170

and if I suddenly found out that they

890

00:39:54,750 --> 00:39:52,690

were gonna release in three weeks

891

00:39:57,480 --> 00:39:54,760

it kept it all quiet for who knows how

892

00:40:01,110 --> 00:39:57,490

long three movies in a row and those

893

00:40:03,720 --> 00:40:01,120

movies were gonna be screened two hours

894

00:40:05,730 --> 00:40:03,730

each a total of six hours with a 20

895

00:40:08,430 --> 00:40:05,740

minute break and the theater agrees to

896

00:40:09,930 --> 00:40:08,440

have sandwiches and drinks and salads

897

00:40:11,310 --> 00:40:09,940

available during the 20 minute break

898

00:40:12,660 --> 00:40:11,320

that everybody after the movie ends

899

00:40:13,680 --> 00:40:12,670

everybody can go get something to eat or

900

00:40:16,410 --> 00:40:13,690

drink and they go back and watch the

901
00:40:17,640 --> 00:40:16,420
next movie who in their right mind would

902
00:40:19,320 --> 00:40:17,650
go through the effort to watch those

903
00:40:22,140 --> 00:40:19,330
movies and then interrupt the movie in

904
00:40:23,430 --> 00:40:22,150
the middle nobody would do this anybody

905
00:40:25,320 --> 00:40:23,440
halfway interested that made the effort

906
00:40:26,880 --> 00:40:25,330
to go watch is gonna sit there

907
00:40:29,550 --> 00:40:26,890
transfixed enthralled

908
00:40:32,450 --> 00:40:29,560
like I would watching it entertained six

909
00:40:34,520 --> 00:40:32,460
hours and it felt like 20 minutes

910
00:40:35,720 --> 00:40:34,530
to watch all that who is gonna stop that

911
00:40:37,370 --> 00:40:35,730
in the middle of the process and in fact

912
00:40:39,050 --> 00:40:37,380
if anybody comes in and tries to stop

913
00:40:40,339 --> 00:40:39,060

the movie almost everybody in the

914

00:40:42,140 --> 00:40:40,349

theater is gonna get any angry at the

915

00:40:43,970 --> 00:40:42,150

screen method said go away be quiet

916

00:40:46,280 --> 00:40:43,980

reset the movie and let's go because

917

00:40:49,310 --> 00:40:46,290

they want to see it that's the show that

918

00:40:50,990 --> 00:40:49,320

we put on for alien extraterrestrial

919

00:40:52,849 --> 00:40:51,000

visitors it's not that they won't

920

00:40:54,200 --> 00:40:52,859

interfere because they don't want to

921

00:40:55,910 --> 00:40:54,210

come across as hypocrites and open

922

00:40:58,400 --> 00:40:55,920

themselves up to the same sort of action

923

00:41:01,849 --> 00:40:58,410

that that's true but also because

924

00:41:05,390 --> 00:41:01,859

they're fascinated newspapers books

925

00:41:07,130 --> 00:41:05,400

magazines of physical inventions every

926
00:41:08,750 --> 00:41:07,140
time we come up with a new car we don't

927
00:41:10,520 --> 00:41:08,760
know it but alien extraterrestrials are

928
00:41:12,440 --> 00:41:10,530
is thrilled by automotive technology and

929
00:41:15,710 --> 00:41:12,450
new models released as we are they love

930
00:41:17,420 --> 00:41:15,720
to watch all this stuff of anything and

931
00:41:20,570 --> 00:41:17,430
they're watching it very very closely

932
00:41:22,880 --> 00:41:20,580
they examine and watch all of these

933
00:41:24,800 --> 00:41:22,890
things between their own civilizations

934
00:41:26,720 --> 00:41:24,810
and also with us the great difference is

935
00:41:29,210 --> 00:41:26,730
that the vast majority of humans don't

936
00:41:31,820 --> 00:41:29,220
know this and the large majority of

937
00:41:34,490 --> 00:41:31,830
humans would deny that any of this

938
00:41:36,859 --> 00:41:34,500

occurs and would call anyone such as me

939

00:41:40,849 --> 00:41:36,869

who's saying that it does occur a kook

940

00:41:43,579 --> 00:41:40,859

because they don't have evidence the

941

00:41:44,960 --> 00:41:43,589

evidence that they prefer there's

942

00:41:46,790 --> 00:41:44,970

nothing wrong with saying that that's

943

00:41:48,650 --> 00:41:46,800

true

944

00:41:50,060 --> 00:41:48,660

but the problem that great challenge

945

00:41:52,250 --> 00:41:50,070

that we face is that sort of evidence

946

00:41:53,930 --> 00:41:52,260

that we would accept as evidence that

947

00:41:56,450 --> 00:41:53,940

resembles something that we already know

948

00:41:57,770 --> 00:41:56,460

or evidence that's within a database of

949

00:42:01,380 --> 00:41:57,780

knowledge that we already have that

950

00:42:07,079 --> 00:42:05,099

these new advancements are going to come

951
00:42:07,589 --> 00:42:07,089
along with evidence we haven't seen

952
00:42:09,930 --> 00:42:07,599
before

953
00:42:13,819 --> 00:42:09,940
so we don't think it's evidence we

954
00:42:14,690 --> 00:42:13,829
dismiss it as a hoax that's not evidence

955
00:42:17,390 --> 00:42:14,700
if you haven't seen it before it's not

956
00:42:19,759 --> 00:42:17,400
evidence that's true so there's no

957
00:42:22,609 --> 00:42:19,769
evidence so it's kooky but then it

958
00:42:26,239 --> 00:42:22,619
happens particularly in the last 200

959
00:42:27,949 --> 00:42:26,249
years the advances in technology in many

960
00:42:31,459 --> 00:42:27,959
areas that we have have shown this

961
00:42:33,650 --> 00:42:31,469
repeatedly when microbes bacteria and

962
00:42:37,069 --> 00:42:33,660
viruses bacteria first cuz they're large

963
00:42:40,309 --> 00:42:37,079

and the viruses are smaller when the

964

00:42:43,880 --> 00:42:40,319

initial work into bacteria and

965

00:42:45,380 --> 00:42:43,890

infections was conducted many members

966

00:42:47,269 --> 00:42:45,390

the majority of the medical profession

967

00:42:49,459 --> 00:42:47,279

just dismissed it thought it was kooky

968

00:42:52,339 --> 00:42:49,469

there were some research that literally

969

00:42:54,650 --> 00:42:52,349

had to cut their own arms open and

970

00:42:56,749 --> 00:42:54,660

spread infectious material and then wait

971

00:42:59,089 --> 00:42:56,759

and show the infection to prove to other

972

00:43:00,769 --> 00:42:59,099

people that this was the cause of

973

00:43:02,959 --> 00:43:00,779

infectious and this is how they spread

974

00:43:06,079 --> 00:43:02,969

this was not that long ago this was in

975

00:43:09,289 --> 00:43:06,089

the 19th century they had to do this now

976
00:43:11,239 --> 00:43:09,299
it's just accepted that's one small

977
00:43:13,640 --> 00:43:11,249
example most humans have never seen

978
00:43:14,630 --> 00:43:13,650
bacteria through a microscope most

979
00:43:16,099 --> 00:43:14,640
humans have never looked through a

980
00:43:18,499 --> 00:43:16,109
microscope these are humans that are

981
00:43:21,029 --> 00:43:18,509
aware bacteria and diseases but they

982
00:43:22,739 --> 00:43:21,039
believe in it and they can't see it

983
00:43:25,949 --> 00:43:22,749
exist has been proven but at the time

984
00:43:27,509 --> 00:43:25,959
there was no evidence there were no

985
00:43:30,959 --> 00:43:27,519
photographs taken through a microscope

986
00:43:33,179 --> 00:43:30,969
of bacteria or viruses to demonstrate

987
00:43:35,819 --> 00:43:33,189
that they existed so the fact that no

988
00:43:39,209 --> 00:43:35,829

evidence that anyone would accept in the

989

00:43:40,949 --> 00:43:39,219

medical community existed the existence

990

00:43:45,209 --> 00:43:40,959

of a microbe that could cause a problem

991

00:43:48,719 --> 00:43:45,219

was dismissed eventually they came

992

00:43:51,319 --> 00:43:48,729

around a similar thing with Oh take it

993

00:43:53,699 --> 00:43:51,329

even more basic when it was decided that

994

00:43:56,219 --> 00:43:53,709

Subway's trains running through tunnels

995

00:43:58,979 --> 00:43:56,229

underground would be instituted in the

996

00:44:01,019 --> 00:43:58,989

very late 19th century there was large

997

00:44:03,719 --> 00:44:01,029

resistance for years for many quarters

998

00:44:05,849 --> 00:44:03,729

people are never gonna take a stairway

999

00:44:08,400 --> 00:44:05,859

down and through a hole in the ground

1000

00:44:09,359 --> 00:44:08,410

into a tube and then get in a train

1001

00:44:11,339 --> 00:44:09,369

running through that tube they're not

1002

00:44:13,529 --> 00:44:11,349

going to do that that was the absolute

1003

00:44:18,059 --> 00:44:13,539

belief the idea that suggest that

1004

00:44:19,769 --> 00:44:18,069

anybody would do that was crazy today

1005

00:44:22,380 --> 00:44:19,779

it's done all the time it's called a

1006

00:44:25,169 --> 00:44:22,390

subway that's a mechanical example and

1007

00:44:27,299 --> 00:44:25,179

on and on and on I remember watching

1008

00:44:28,859 --> 00:44:27,309

Dick Tracy when I was a kid and they

1009

00:44:30,209 --> 00:44:28,869

showed the little phone loved the TV

1010

00:44:31,349 --> 00:44:30,219

screen on and you could communicate with

1011

00:44:35,579 --> 00:44:31,359

people well we have that today it's

1012

00:44:37,859 --> 00:44:35,589

called an apple phone 40 years ago 50

1013

00:44:38,899 --> 00:44:37,869

years ago that was that was science

1014

00:44:41,219 --> 00:44:38,909

fiction/fantasy

1015

00:44:42,359 --> 00:44:41,229

and if someone suggested it there

1016

00:44:45,390 --> 00:44:42,369

there's no evidence that that can be

1017

00:44:47,759 --> 00:44:45,400

done we're doing it now a shoe phones I

1018

00:44:48,839 --> 00:44:47,769

remember watching a funny in 1960s TV

1019

00:44:51,599 --> 00:44:48,849

show called Get Smart

1020

00:44:53,159 --> 00:44:51,609

and one of the guys in one of the

1021

00:44:54,299 --> 00:44:53,169

characters in the show had a phone in

1022

00:44:56,099 --> 00:44:54,309

his shoe and he would take his shoe off

1023

00:44:57,959 --> 00:44:56,109

in the heel of the shoe he would pull an

1024

00:44:59,309 --> 00:44:57,969

antenna out and then he would lift it up

1025

00:45:00,620 --> 00:44:59,319

and look like a phone and had a little

1026

00:45:04,859 --> 00:45:00,630

rotary dial you'd make telephone calls

1027

00:45:07,259 --> 00:45:04,869

ha ha ha shoe phones that was a fantasy

1028

00:45:08,549 --> 00:45:07,269

as late as the 1980s that you could have

1029

00:45:09,799 --> 00:45:08,559

a phone that was portable put in your

1030

00:45:12,340 --> 00:45:09,809

pocket talk around make phone calls

1031

00:45:14,200 --> 00:45:12,350

today

1032

00:45:16,270 --> 00:45:14,210

that's the only way anybody seems to

1033

00:45:19,090 --> 00:45:16,280

make a phone call anymore but in the

1034

00:45:20,650 --> 00:45:19,100

1950s or 60s that was dismissed as kooky

1035

00:45:23,140 --> 00:45:20,660

because there was no evidence for it

1036

00:45:24,940 --> 00:45:23,150

today it's accepted technology this is

1037

00:45:26,530 --> 00:45:24,950

exactly what is going to happen with

1038

00:45:27,790 --> 00:45:26,540

many many things that alien

1039

00:45:30,490 --> 00:45:27,800

extraterrestrials are going to

1040

00:45:32,640 --> 00:45:30,500

demonstrate to us which are rejected now

1041

00:45:37,750 --> 00:45:32,650

for lack of evidence

1042

00:45:41,530 --> 00:45:37,760

the specific steps that many interested

1043

00:45:43,630 --> 00:45:41,540

people can pursue to increase their

1044

00:45:46,750 --> 00:45:43,640

understanding awareness and general

1045

00:45:49,920 --> 00:45:46,760

knowledge of alien extraterrestrials is

1046

00:45:52,500 --> 00:45:49,930

to start reading about them

1047

00:45:57,039 --> 00:45:52,510

a not very good place and I would

1048

00:45:59,499 --> 00:45:57,049

caution many people to have a look

1049

00:46:03,370 --> 00:45:59,509

and have a very skeptical look is

1050

00:46:05,799 --> 00:46:03,380

Facebook Facebook is loaded with special

1051
00:46:09,849 --> 00:46:05,809
interest groups and pages of every

1052
00:46:13,059 --> 00:46:09,859
stripe whatever your hobby is fancy

1053
00:46:15,370 --> 00:46:13,069
boots sailboats wristwatches computers

1054
00:46:18,759 --> 00:46:15,380
aliens extraterrestrials there's a

1055
00:46:22,809 --> 00:46:18,769
Facebook page or many pages and many

1056
00:46:25,299 --> 00:46:22,819
groups that are there so if it is very

1057
00:46:30,130 --> 00:46:25,309
common for many people to go to Facebook

1058
00:46:32,199 --> 00:46:30,140
as an information source the challenge I

1059
00:46:34,599 --> 00:46:32,209
have discovered with many of these

1060
00:46:38,289 --> 00:46:34,609
groups is that they are heavily

1061
00:46:41,679 --> 00:46:38,299
populated by members who are seeking

1062
00:46:45,130 --> 00:46:41,689
entertainment and thrills and are also

1063
00:46:48,759 --> 00:46:45,140

looking to pick fights to argue with

1064

00:46:50,679 --> 00:46:48,769

other group members or to behave as if

1065

00:46:52,089 --> 00:46:50,689

they are the Masters and the information

1066

00:46:56,919 --> 00:46:52,099

and the owners and they are the ultimate

1067

00:47:00,909 --> 00:46:56,929

purveyors of truth they toss around lots

1068

00:47:04,419 --> 00:47:00,919

of buzzwords and get almost hostile when

1069

00:47:07,419 --> 00:47:04,429

someone suggests a different way that

1070

00:47:09,339 --> 00:47:07,429

there's a different angle this happened

1071

00:47:10,029 --> 00:47:09,349

to me extensively when I was marketing

1072

00:47:13,239 --> 00:47:10,039

my own book

1073

00:47:15,549 --> 00:47:13,249

and I never even came within a country

1074

00:47:17,879 --> 00:47:15,559

mile of suggesting that what they

1075

00:47:20,289 --> 00:47:17,889

thought and what their point of view

1076

00:47:23,229 --> 00:47:20,299

meant to them that's that's that's

1077

00:47:25,389 --> 00:47:23,239

perfectly okay simply offering a new

1078

00:47:26,139 --> 00:47:25,399

point of view or a new angle or a new

1079

00:47:30,129 --> 00:47:26,149

perspective

1080

00:47:31,659 --> 00:47:30,139

Ono rejected out of hand so a long

1081

00:47:33,819 --> 00:47:31,669

answer in the first part to your

1082

00:47:36,159 --> 00:47:33,829

question of the steps people can take

1083

00:47:40,569 --> 00:47:36,169

this step they should probably not take

1084

00:47:42,549 --> 00:47:40,579

is pursue Facebook as a bonafide source

1085

00:47:45,879 --> 00:47:42,559

of information however they should look

1086

00:47:47,649 --> 00:47:45,889

they should go and get an idea of the

1087

00:47:50,469 --> 00:47:47,659

types of information and the types of

1088

00:47:52,479 --> 00:47:50,479

opinions that fly like use toilet paper

1089

00:47:55,629 --> 00:47:52,489

in every direction but don't swallow too

1090

00:47:58,760 --> 00:47:55,639

much of it or don't swallow any of it if

1091

00:48:00,620 --> 00:47:58,770

it doesn't taste good but have a look

1092

00:48:05,480 --> 00:48:00,630

the next thing they should do is go to a

1093

00:48:09,220 --> 00:48:05,490

little bit more a little bit more what's

1094

00:48:12,800 --> 00:48:11,150

level-headed approaches where there

1095

00:48:16,580 --> 00:48:12,810

isn't a lot of emotionality and

1096

00:48:21,020 --> 00:48:16,590

discussion a good place to start is read

1097

00:48:24,530 --> 00:48:21,030

my book the alien handbook a guide to

1098

00:48:27,650 --> 00:48:24,540

extraterrestrials released in 2018 by

1099

00:48:30,380 --> 00:48:27,660

Ozark Mountain publishing my name is the

1100

00:48:32,780 --> 00:48:30,390

author anybody can find it online at

1101

00:48:36,290 --> 00:48:32,790

Barnes & Noble or Amazon or right from

1102

00:48:39,530 --> 00:48:36,300

the publisher that book is a good start

1103

00:48:42,890 --> 00:48:39,540

because it will lay out

1104

00:48:46,550 --> 00:48:42,900

by Chapter certain aspects alien

1105

00:48:48,830 --> 00:48:46,560

extraterrestrial technologies their

1106

00:48:50,720 --> 00:48:48,840

ideas about earth their purposes for

1107

00:48:53,690 --> 00:48:50,730

visiting earth when they're going to

1108

00:48:55,790 --> 00:48:53,700

come and appear what they want from

1109

00:48:57,770 --> 00:48:55,800

earth what do we want from them that

1110

00:48:59,390 --> 00:48:57,780

sort of thing that's a one good starting

1111

00:49:01,220 --> 00:48:59,400

point but there are others I don't mean

1112

00:49:04,010 --> 00:49:01,230

to say that my book is the Bible and

1113

00:49:05,450 --> 00:49:04,020

that if you want salvation and you want

1114

00:49:08,210 --> 00:49:05,460

to bring Jesus into your life you have

1115

00:49:10,460 --> 00:49:08,220

to come to my church not at all I'm just

1116

00:49:12,530 --> 00:49:10,470

one alternative but that's a good place

1117

00:49:17,480 --> 00:49:12,540

to start but there are many other places

1118

00:49:21,050 --> 00:49:17,490

to start also Google is a good place to

1119

00:49:22,940 --> 00:49:21,060

start any particular angle a person

1120

00:49:25,700 --> 00:49:22,950

interested in alien extraterrestrials

1121

00:49:28,700 --> 00:49:25,710

has they should give some time to

1122

00:49:31,790 --> 00:49:28,710

formulating their question because the

1123

00:49:33,650 --> 00:49:31,800

search algorithms on Google and any

1124

00:49:35,960 --> 00:49:33,660

search engine are going to key in

1125

00:49:39,680 --> 00:49:35,970

uncertain words so depending on how the

1126

00:49:42,560 --> 00:49:39,690

question is phrased will bring up very

1127

00:49:44,720 --> 00:49:42,570

similar or very different results

1128

00:49:46,580 --> 00:49:44,730

somebody wants magazines somebody wants

1129

00:49:48,410 --> 00:49:46,590

magazine articles somebody wants books

1130

00:49:50,270 --> 00:49:48,420

somebody wants videos somebody wants

1131

00:49:54,470 --> 00:49:50,280

something else there are many many ways

1132

00:49:57,520 --> 00:49:54,480

to go pursue that information Google is

1133

00:49:59,650 --> 00:49:57,530

a good place to start for it but

1134

00:50:01,930 --> 00:49:59,660

it can't be done casually with an

1135

00:50:04,200 --> 00:50:01,940

entertainment point of view to get

1136

00:50:08,320 --> 00:50:04,210

anything more than entertaining thrills

1137

00:50:11,260 --> 00:50:08,330

that means if somebody invests 15 to 20

1138

00:50:12,880 --> 00:50:11,270

seconds and typing out a question that

1139

00:50:17,160 --> 00:50:12,890

would take them three seconds to speak

1140

00:50:18,780 --> 00:50:17,170

with words then Waits

1141

00:50:22,289 --> 00:50:18,790

of a second for the results to pop up

1142

00:50:24,809 --> 00:50:22,299

which is slow in computer computer

1143

00:50:26,400 --> 00:50:24,819

processing time then reads through and

1144

00:50:28,530 --> 00:50:26,410

says oh that's cool click that's cool

1145

00:50:30,240 --> 00:50:28,540

click that's cool click and spends three

1146

00:50:33,990 --> 00:50:30,250

to five minutes looking at whatever it

1147

00:50:36,270 --> 00:50:34,000

takes you to that's gonna amount to the

1148

00:50:38,250 --> 00:50:36,280

beginning of titillation leading to

1149

00:50:41,160 --> 00:50:38,260

entertainment and that's it it's not

1150

00:50:43,079 --> 00:50:41,170

gonna lead to any understanding a person

1151
00:50:44,579 --> 00:50:43,089
has to put just a little bit more time

1152
00:50:45,960 --> 00:50:44,589
and thought in consideration into it

1153
00:50:48,660 --> 00:50:45,970
what do I really want to know about

1154
00:50:50,640 --> 00:50:48,670
aliens I would break it down into two

1155
00:50:51,870 --> 00:50:50,650
areas do I want to know about the aliens

1156
00:50:55,079 --> 00:50:51,880
I don't really want to know about Earth

1157
00:50:56,520 --> 00:50:55,089
or the other way around do I want to

1158
00:50:59,339 --> 00:50:56,530
know what they can tell us about Earth

1159
00:51:03,569 --> 00:50:59,349
and not so much about them that's a good

1160
00:51:05,280 --> 00:51:03,579
way to start and that will lead to many

1161
00:51:07,230 --> 00:51:05,290
different sources of information and

1162
00:51:09,030 --> 00:51:07,240
each individual person that wants to

1163
00:51:12,809 --> 00:51:09,040

know more can then pursue what they find

1164

00:51:14,940 --> 00:51:12,819

as it resonates with them just like

1165

00:51:16,170 --> 00:51:14,950

shopping for a car some people like

1166

00:51:18,299 --> 00:51:16,180

certain models of carpet they hate all

1167

00:51:20,400 --> 00:51:18,309

red cars so they're thrilled with the

1168

00:51:21,420 --> 00:51:20,410

new BMW but they hate red cars so much

1169

00:51:23,400 --> 00:51:21,430

that when they get to the dealer and

1170

00:51:25,559 --> 00:51:23,410

they see that new model that that that

1171

00:51:27,420 --> 00:51:25,569

fascinates them but it's red they don't

1172

00:51:29,910 --> 00:51:27,430

want it but they don't know that until

1173

00:51:31,020 --> 00:51:29,920

they get there so the combinations of

1174

00:51:34,940 --> 00:51:31,030

certain things they like and dislike

1175

00:51:37,890 --> 00:51:34,950

produce a certain attraction or

1176
00:51:39,809 --> 00:51:37,900
resistance or repulsiveness they'll

1177
00:51:42,829 --> 00:51:39,819
decide as they go that's the sort of

1178
00:51:47,970 --> 00:51:42,839
process as a person pursues magazines

1179
00:51:50,309 --> 00:51:47,980
books articles videos information about

1180
00:51:52,589 --> 00:51:50,319
conferences the Ozark Mountain

1181
00:51:56,039 --> 00:51:52,599
publishing the UFO conference here in

1182
00:51:57,990 --> 00:51:56,049
Eureka Springs all the information from

1183
00:52:00,180 --> 00:51:58,000
many many conferences going back for

1184
00:52:01,950 --> 00:52:00,190
years is available and can can be gotten

1185
00:52:06,059 --> 00:52:01,960
from the publishing company that's also

1186
00:52:08,010 --> 00:52:06,069
a good place to look a wide diverse

1187
00:52:09,720 --> 00:52:08,020
variety of speakers I was very honored

1188
00:52:11,970 --> 00:52:09,730

this year to have been asked to very

1189

00:52:16,289 --> 00:52:11,980

honored to have asked to become one can

1190

00:52:18,329 --> 00:52:16,299

come and speak I have been asked to come

1191

00:52:20,069 --> 00:52:18,339

and speak about a variety of topics all

1192

00:52:21,539 --> 00:52:20,079

over the board that information is

1193

00:52:24,930 --> 00:52:21,549

widely available to anybody that wants

1194

00:52:28,910 --> 00:52:24,940

it and that can also raise awareness and

1195

00:52:30,680 --> 00:52:28,920

understanding of alien extraterrestrials

1196

00:52:32,150 --> 00:52:30,690

nope long complicated answer to your

1197

00:52:33,500 --> 00:52:32,160

question but that's how a person can

1198

00:52:35,180 --> 00:52:33,510

take the steps to increase their

1199

00:52:38,780 --> 00:52:35,190

knowledge awareness and understanding if

1200

00:52:42,920 --> 00:52:38,790

they want my final thoughts on the

1201
00:52:45,530 --> 00:52:42,930
subject of alien extraterrestrials leads

1202
00:52:49,730 --> 00:52:45,540
to a bigger view I have of human

1203
00:52:53,620 --> 00:52:49,740
existence in a nutshell all of us

1204
00:52:57,890 --> 00:52:53,630
are spiritual beings or energetic

1205
00:53:01,320 --> 00:52:57,900
entities or beings but we live a life

1206
00:53:05,670 --> 00:53:01,330
temporarily in human body

1207
00:53:08,430 --> 00:53:05,680
the connection is so strong and so well

1208
00:53:10,140 --> 00:53:08,440
established it is very hard for the vast

1209
00:53:12,690 --> 00:53:10,150
majority of humans to imagine their

1210
00:53:15,780 --> 00:53:12,700
existence without their body in fact we

1211
00:53:18,150 --> 00:53:15,790
are who we are in our body and that when

1212
00:53:20,190 --> 00:53:18,160
the body stops functioning we're gone

1213
00:53:22,260 --> 00:53:20,200

and that's certainly the way it appears

1214

00:53:27,090 --> 00:53:22,270

to everyone else when someone passes

1215

00:53:30,220 --> 00:53:27,100

away none of that's true we don't die

1216

00:53:32,830 --> 00:53:30,230

our bodies expire

1217

00:53:36,940 --> 00:53:32,840

there's a greater picture involved this

1218

00:53:39,230 --> 00:53:36,950

is all done voluntarily we are all

1219

00:53:42,950 --> 00:53:39,240

connected to one another

1220

00:53:44,510 --> 00:53:42,960

God is not and I will say this and

1221

00:53:46,849 --> 00:53:44,520

offend many people with deep religious

1222

00:53:50,000 --> 00:53:46,859

faith with my apologies in advance I

1223

00:53:52,160 --> 00:53:50,010

have no intention to offend anyone or

1224

00:53:53,510 --> 00:53:52,170

contradict their beliefs I'm offering a

1225

00:53:54,069 --> 00:53:53,520

different one for consideration that's

1226

00:54:00,010 --> 00:53:54,079

it

1227

00:54:02,950 --> 00:54:00,020

God is not single powerful

1228

00:54:06,070 --> 00:54:02,960

patriarchal Authority lording over us

1229

00:54:08,470 --> 00:54:06,080

handing out favors and punishments based

1230

00:54:11,230 --> 00:54:08,480

on our good behavior or bad behavior or

1231

00:54:16,000 --> 00:54:11,240

generosity our sins or transgressions or

1232

00:54:25,930 --> 00:54:19,630

we together are all God the word God is

1233

00:54:28,810 --> 00:54:25,940

good in in in Islam the word for God is

1234

00:54:33,250 --> 00:54:28,820

Allah all its whether were it all comes

1235

00:54:37,240 --> 00:54:33,260

from in in English we are all connected

1236

00:54:40,510 --> 00:54:37,250

we are all together in all one in the

1237

00:54:41,860 --> 00:54:40,520

movie Star Wars from the 1970s they came

1238

00:54:45,880 --> 00:54:41,870

up with some very interesting phrases

1239

00:54:47,290 --> 00:54:45,890

which were telepathically transmitted to

1240

00:54:50,920 --> 00:54:47,300

the producers and the writers of the

1241

00:54:52,870 --> 00:54:50,930

movie may the force be with you well

1242

00:54:56,590 --> 00:54:52,880

it's just a different way of saying god

1243

00:54:58,360 --> 00:54:56,600

bless you or may god's peace be upon you

1244

00:55:01,330 --> 00:54:58,370

or different ways to say it in human

1245

00:55:03,640 --> 00:55:01,340

languages we are all connected to one

1246

00:55:07,360 --> 00:55:03,650

another including the alien

1247

00:55:10,980 --> 00:55:07,370

extraterrestrials we are part of a large

1248

00:55:13,900 --> 00:55:10,990

galactic community we don't recognize

1249

00:55:17,950 --> 00:55:13,910

how and in what ways we're members of it

1250

00:55:21,610 --> 00:55:17,960

yet but we are but none of this changes

1251

00:55:24,070 --> 00:55:21,620

who we are as human beings we are living

1252

00:55:25,300 --> 00:55:24,080

a life on earth all of us individually

1253

00:55:27,520 --> 00:55:25,310

and collectively depending on which

1254

00:55:29,350 --> 00:55:27,530

groups that we belong to many of them we

1255

00:55:31,390 --> 00:55:29,360

join voluntarily others were born into

1256

00:55:33,670 --> 00:55:31,400

we don't necessarily have to be part of

1257

00:55:37,240 --> 00:55:33,680

them if we don't want with certain

1258

00:55:39,910 --> 00:55:37,250

specific purposes and missions to always

1259

00:55:43,080 --> 00:55:39,920

accept and look into and understand

1260

00:55:46,680 --> 00:55:43,090

other people and acknowledge that all

1261

00:55:51,010 --> 00:55:46,690

experience is good for us

1262

00:55:58,540 --> 00:55:52,810

and

1263

00:56:00,180 --> 00:55:58,550

that we really all of us are our

1264

00:56:02,680 --> 00:56:00,190

brothers and our sisters keeper that

1265

00:56:05,950 --> 00:56:02,690

we're all really in the same large

1266

00:56:09,050 --> 00:56:05,960

rowboat all rowing in the same direction

1267

00:56:15,230 --> 00:56:11,420

the things that we see going on in

1268

00:56:18,020 --> 00:56:15,240

society that we deem negative don't have

1269

00:56:21,110 --> 00:56:18,030

to be that way they're optional in their

1270

00:56:23,870 --> 00:56:21,120

choices and we can choose in a different

1271

00:56:26,630 --> 00:56:23,880

direction for example a violent behavior

1272

00:56:28,520 --> 00:56:26,640

murder it occurs simply because we teach

1273

00:56:32,870 --> 00:56:28,530

each other to do it there are many

1274

00:56:35,110 --> 00:56:32,880

examples of many many many animal

1275

00:56:37,160 --> 00:56:35,120

species that never harm each other

1276

00:56:39,640 --> 00:56:37,170

they're going to harm each other and

1277

00:56:43,970 --> 00:56:39,650

they only harm other animals for food

1278

00:56:46,040 --> 00:56:43,980

wolves don't regularly methodically go

1279

00:56:47,480 --> 00:56:46,050

and just murder other wolves just for

1280

00:56:52,100 --> 00:56:47,490

the sake of murdering them so they can

1281

00:56:55,070 --> 00:56:52,110

take the other wolves tv-set we humans

1282

00:56:57,380 --> 00:56:55,080

do it all the time we are in many ways

1283

00:56:59,270 --> 00:56:57,390

our own worst enemy but it's completely

1284

00:57:01,160 --> 00:56:59,280

by choice we don't have to be that way

1285

00:57:02,720 --> 00:57:01,170

we can choose to go in a different

1286

00:57:05,930 --> 00:57:02,730

direction we can choose not to teach

1287

00:57:09,440 --> 00:57:05,940

each other to harm one another if we so

1288

00:57:12,920 --> 00:57:09,450

choose if we embrace a larger view that

1289

00:57:15,170 --> 00:57:12,930

we are essentially energetic spiritual

1290

00:57:18,500 --> 00:57:15,180

beings having a temporary experience on

1291

00:57:21,730 --> 00:57:18,510

earth that our lifetime is it is an

1292

00:57:23,840 --> 00:57:21,740

invaluable experience to not be wasted

1293

00:57:27,140 --> 00:57:23,850

we should pursue all sorts of

1294

00:57:29,360 --> 00:57:27,150

experiences with an open mind and open

1295

00:57:31,790 --> 00:57:29,370

heart and with goodwill

1296

00:57:33,650 --> 00:57:31,800

and take what may come and always look

1297

00:57:37,400 --> 00:57:33,660

upon everyone as her friend and treat

1298

00:57:38,990 --> 00:57:37,410

others the way we want to be treated we

1299

00:57:40,700 --> 00:57:39,000

can do that that's an option that's a

1300

00:57:43,040 --> 00:57:40,710

choice and our alien extraterrestrial
