[Music]

2
00:00:42,840 --> 00:00:47,500
so

3
00:00:47,510 --> 00:00:56,830
[Music]

4
00:00:56,840 --> 00:01:01,020
so

5
00:01:01,030 --> 00:01:38,830
[Music]

6
00:01:38,840 --> 00:02:06,830
so

7
00:02:06,840 --> 00:02:20,860
do

8
00:02:20,870 --> 00:03:49,589
[Music]

9
00:03:52,789 --> 00:03:52,070
hey everyone welcome to 204 hub live

10
00:03:55,429 --> 00:03:52,799
stream

11
00:03:56,630 --> 00:03:55,439
so as you might have noticed today's

12
00:03:59,270 --> 00:03:56,640
guest is going to be

13
00:04:00,070 --> 00:03:59,280

thomas fusco he's uh i consider him a

14

00:04:01,830 --> 00:04:00,080

great friend of mine

15

00:04:03,110 --> 00:04:01,840

and although i haven't seen him in six

16

00:04:06,149 --> 00:04:03,120

years

17

00:04:07,350 --> 00:04:06,159

no we had we met at a conference about

18

00:04:10,309 --> 00:04:07,360

six years ago and

19

00:04:11,990 --> 00:04:10,319

we just had a great time and he has a

20

00:04:15,030 --> 00:04:12,000

very interesting book out

21

00:04:17,590 --> 00:04:15,040

and interesting subject to talk about so

22

00:04:18,870 --> 00:04:17,600

we're gonna definitely get into that so

23

00:04:21,270 --> 00:04:18,880

uh first things first

24

00:04:23,030 --> 00:04:21,280

i would like to uh cover some things

25

00:04:25,350 --> 00:04:23,040

we're as of today we

26
00:04:26,710 --> 00:04:25,360
are a week out of the ozark mountain

27
00:04:30,790 --> 00:04:26,720
virtual conference

28
00:04:31,670 --> 00:04:30,800
and so you uh you can still go to the

29
00:04:35,350 --> 00:04:31,680
website

30
00:04:37,670 --> 00:04:35,360
and let me switch this over for you

31
00:04:38,950 --> 00:04:37,680
you can still go to the website and get

32
00:04:42,469 --> 00:04:38,960
the tickets

33
00:04:46,390 --> 00:04:42,479
we're just going to be george nori

34
00:04:48,710 --> 00:04:46,400
whitley strieber mary rodwell

35
00:04:50,469 --> 00:04:48,720
and many others on their their

36
00:04:52,710 --> 00:04:50,479
information is right on the site

37
00:04:54,150 --> 00:04:52,720
you can check it out when you go to the

38
00:04:57,510 --> 00:04:54,160

website

39

00:04:59,830 --> 00:04:57,520

ufoconference.com

40

00:05:01,029 --> 00:04:59,840

and on the very front page you'll see a

41

00:05:04,150 --> 00:05:01,039

register button

42

00:05:05,590 --> 00:05:04,160

you can simply click on that and it

43

00:05:09,189 --> 00:05:05,600

should take you to

44

00:05:11,270 --> 00:05:09,199

this registration page and the the

45

00:05:12,230 --> 00:05:11,280

conference over the weekend so saturday

46

00:05:14,870 --> 00:05:12,240

and sunday

47

00:05:15,590 --> 00:05:14,880

and uh yeah we hope you you know you

48

00:05:18,710 --> 00:05:15,600

join us

49

00:05:20,710 --> 00:05:18,720

it's very uh very versatile in the sense

50

00:05:21,909 --> 00:05:20,720

that you can share your audio and video

51

00:05:24,870 --> 00:05:21,919

to ask the

52

00:05:25,270 --> 00:05:24,880

the speakers a question and you can also

53

00:05:27,350 --> 00:05:25,280

chat

54

00:05:29,110 --> 00:05:27,360

with the people that are watching it

55

00:05:29,590 --> 00:05:29,120

with you so it could be a friend of

56

00:05:32,150 --> 00:05:29,600

yours

57

00:05:33,670 --> 00:05:32,160

or somebody you you don't know very well

58

00:05:34,710 --> 00:05:33,680

but you can at least approach them and

59

00:05:37,430 --> 00:05:34,720

say hello

60

00:05:37,990 --> 00:05:37,440

so anyway that's regarding that the

61

00:05:41,670 --> 00:05:38,000

other part

62

00:05:44,310 --> 00:05:41,680

i wanted to cover is it's about

63

00:05:44,870 --> 00:05:44,320

um i get emails often from different

64

00:05:48,150 --> 00:05:44,880

people

65

00:05:49,909 --> 00:05:48,160

that basically they ask me for some kind

66

00:05:51,670 --> 00:05:49,919

of promotions which i don't do

67

00:05:53,590 --> 00:05:51,680

or tell me about their channel and

68

00:05:54,950 --> 00:05:53,600

whatnot and before i didn't necessarily

69

00:05:57,670 --> 00:05:54,960

have a way

70

00:05:58,870 --> 00:05:57,680

to to give them a shout out and at the

71

00:06:01,270 --> 00:05:58,880

same time i was

72

00:06:03,350 --> 00:06:01,280

kind of hesitant because i wanted to

73

00:06:05,189 --> 00:06:03,360

make sure that

74

00:06:06,790 --> 00:06:05,199

you know that i want to endorse somebody

75

00:06:08,870 --> 00:06:06,800

who is you know

76

00:06:10,629 --> 00:06:08,880

not exactly aligning with what it is

77

00:06:13,510 --> 00:06:10,639

that i'm doing and i'm still

78

00:06:14,070 --> 00:06:13,520

not wondering wanting to do that but uh

79

00:06:16,550 --> 00:06:14,080

if a

80

00:06:17,749 --> 00:06:16,560

channel or a person that has a website

81

00:06:20,550 --> 00:06:17,759

or youtube

82

00:06:22,150 --> 00:06:20,560

looks you know very um reasonable and

83

00:06:23,510 --> 00:06:22,160

they have the information put together

84

00:06:26,469 --> 00:06:23,520

so that they can be

85

00:06:28,070 --> 00:06:26,479

you know consumed by by people and and

86

00:06:31,029 --> 00:06:28,080

read about or watched

87

00:06:31,749 --> 00:06:31,039

you know i i don't mind uh giving them a

88

00:06:33,749 --> 00:06:31,759

shout out

89

00:06:35,430 --> 00:06:33,759

now of course if there's something there

90

00:06:37,270 --> 00:06:35,440

that i wasn't aware of before that

91

00:06:38,950 --> 00:06:37,280

people say hey did you know about this

92

00:06:42,469 --> 00:06:38,960

why are you promoting that

93

00:06:45,029 --> 00:06:42,479

um i'm sorry to say but i can't

94

00:06:46,150 --> 00:06:45,039

you know do a deep dive every single

95

00:06:49,990 --> 00:06:46,160

time if anything

96

00:06:52,070 --> 00:06:50,000

take this with a just a curiosity of hey

97

00:06:54,390 --> 00:06:52,080

check this out if you like it great if

98

00:06:56,230 --> 00:06:54,400

not you know i can't vouch for them

99

00:06:59,189 --> 00:06:56,240

but anyway so what i'm specifically

100

00:07:02,309 --> 00:06:59,199

talking about here is um

101
00:07:03,749 --> 00:07:02,319
this gentleman i believe based on the

102
00:07:05,830 --> 00:07:03,759
video it looks like that

103
00:07:07,589 --> 00:07:05,840
he's in canada and the channel is called

104
00:07:11,029 --> 00:07:07,599
the vast experience

105
00:07:13,749 --> 00:07:11,039
so check it out he has some videos that

106
00:07:14,710 --> 00:07:13,759
we recorded about ufos and they look

107
00:07:17,830 --> 00:07:14,720
pretty neat

108
00:07:19,909 --> 00:07:17,840
so again check it out i'm not affiliated

109
00:07:21,270 --> 00:07:19,919
with them we're not connected in any way

110
00:07:23,029 --> 00:07:21,280
i just thought it would be something

111
00:07:25,589 --> 00:07:23,039
interesting for you guys to see

112
00:07:26,469 --> 00:07:25,599
so again the channel is vast experience

113
00:07:28,830 --> 00:07:26,479

and um i

114

00:07:32,469 --> 00:07:28,840

i hope you find some something useful

115

00:07:32,479 --> 00:07:36,790

okay

116

00:07:46,790 --> 00:07:44,070

let's see here

117

00:07:47,270 --> 00:07:46,800

all right so as always please keep in

118

00:07:50,629 --> 00:07:47,280

mind

119

00:07:52,869 --> 00:07:50,639

to use the three stars

120

00:07:53,830 --> 00:07:52,879

before you ask a question so that way it

121

00:07:56,869 --> 00:07:53,840

pops out

122

00:07:58,629 --> 00:07:56,879

easily at me and so that way i

123

00:07:59,990 --> 00:07:58,639

don't have to kind of sift through

124

00:08:03,270 --> 00:08:00,000

trying to figure out if you're talking

125

00:08:05,909 --> 00:08:03,280

to somebody else in chat or me

126

00:08:08,390 --> 00:08:05,919

all right let's let's get this going

127

00:08:18,390 --> 00:08:14,390

so without without any further ado

128

00:08:21,670 --> 00:08:18,400

let's bring in thomas thomas how are you

129

00:08:25,510 --> 00:08:21,680

hey i'm doing great adnan great to

130

00:08:27,670 --> 00:08:25,520

talk to you again awesome oh i'm

131

00:08:29,589 --> 00:08:27,680

so sorry guys uh for those of you

132

00:08:32,469 --> 00:08:29,599

watching i forgot to mention

133

00:08:32,949 --> 00:08:32,479

um unfortunately we couldn't do video so

134

00:08:35,430 --> 00:08:32,959

we're

135

00:08:36,070 --> 00:08:35,440

having a book and a picture of thomas

136

00:08:39,430 --> 00:08:36,080

out there

137

00:08:40,230 --> 00:08:39,440

so uh you you should be getting him loud

138

00:08:43,430 --> 00:08:40,240

and clear

139

00:08:44,870 --> 00:08:43,440

and so i hope you don't mind i slowly

140

00:08:45,430 --> 00:08:44,880

slipped my mind to say something about

141

00:08:47,910 --> 00:08:45,440

it

142

00:08:49,509 --> 00:08:47,920

but yeah thomas so i what i always like

143

00:08:51,750 --> 00:08:49,519

to do is just uh please

144

00:08:53,269 --> 00:08:51,760

get into your your background just tell

145

00:08:56,389 --> 00:08:53,279

us a little bit about yourself and

146

00:09:00,470 --> 00:08:56,399

what it is that you do well

147

00:09:04,150 --> 00:09:00,480

specifically uh i guess it's

148

00:09:08,150 --> 00:09:04,160

good to talk about how i did get into

149

00:09:11,110 --> 00:09:08,160

this kind of alternative field um

150

00:09:11,670 --> 00:09:11,120

back in my late teens and early 20s i

151
00:09:14,750 --> 00:09:11,680
had

152
00:09:17,190 --> 00:09:14,760
several profound what you might call

153
00:09:19,509 --> 00:09:17,200
parapsychological experiences

154
00:09:21,990 --> 00:09:19,519
i i don't like to use the word psychic

155
00:09:24,870 --> 00:09:22,000
experiences because

156
00:09:26,710 --> 00:09:24,880
that term carries a lot of baggage with

157
00:09:29,750 --> 00:09:26,720
it so to speak

158
00:09:32,870 --> 00:09:29,760
but those experiences caused me to

159
00:09:36,870 --> 00:09:32,880
call into question the

160
00:09:39,750 --> 00:09:36,880
model of reality uh that i was taught at

161
00:09:46,150 --> 00:09:43,110
so what it came down to

162
00:09:50,949 --> 00:09:46,160
rather than you know pursuing

163
00:09:55,269 --> 00:09:50,959

anything practical or experiential

164

00:09:57,750 --> 00:09:55,279

uh i chose where i was stimulated by the

165

00:10:01,030 --> 00:09:57,760

intellectual aspect of it

166

00:10:04,230 --> 00:10:01,040

which essentially is a question you know

167

00:10:06,790 --> 00:10:04,240

how can these things occur

168

00:10:07,750 --> 00:10:06,800

how can supernatural events occur in the

169

00:10:14,069 --> 00:10:07,760

universe

170

00:10:15,750 --> 00:10:14,079

be would how is it put together that

171

00:10:16,389 --> 00:10:15,760

would cause these kinds of things to

172

00:10:20,310 --> 00:10:16,399

happen or

173

00:10:24,630 --> 00:10:20,320

allow them to happen and so that

174

00:10:32,870 --> 00:10:28,470

many years of research to come up with a

175

00:10:36,630 --> 00:10:32,880

theoretical model that would not only be

176
00:10:39,030 --> 00:10:36,640
meaningful scientifically and consistent

177
00:10:42,389 --> 00:10:39,040
with scientific findings

178
00:10:46,389 --> 00:10:42,399
but would also provide a framework

179
00:10:49,509 --> 00:10:46,399
that would explain a lot of phenomena

180
00:10:50,389 --> 00:10:49,519
that uh you know that otherwise defied

181
00:10:55,670 --> 00:10:50,399
explanati

182
00:10:56,710 --> 00:10:55,680
together to an extent that i thought it

183
00:10:59,990 --> 00:10:56,720
was

184
00:11:00,790 --> 00:11:00,000
ready to uh let out of the bag so to

185
00:11:03,590 --> 00:11:00,800
speak

186
00:11:04,790 --> 00:11:03,600
uh i published my work back in 2011.

187
00:11:09,110 --> 00:11:04,800
it's

188
00:11:12,230 --> 00:11:09,120

geometry is what the

189

00:11:13,910 --> 00:11:12,240

theoretical uh theory is

190

00:11:16,310 --> 00:11:13,920

and of course the book is behind the

191

00:11:23,590 --> 00:11:16,320

cosmic veil and uh

192

00:11:27,910 --> 00:11:25,509

so thomas could you maybe go a little

193

00:11:28,710 --> 00:11:27,920

bit into uh some of the subjects so it

194

00:11:30,230 --> 00:11:28,720

gives

195

00:11:32,550 --> 00:11:30,240

the people an idea what it is that

196

00:11:33,670 --> 00:11:32,560

you're talking about so that maybe later

197

00:11:37,509 --> 00:11:33,680

they'll

198

00:11:43,190 --> 00:11:37,519

know to follow up on some questions

199

00:11:47,750 --> 00:11:43,200

well basically if i could kind of

200

00:11:50,949 --> 00:11:47,760

put it in a uh a premise

201
00:11:54,829 --> 00:11:50,959
is that modern physics

202
00:11:57,190 --> 00:11:54,839
is based on what we would call

203
00:12:00,310 --> 00:11:57,200
materialism which means that

204
00:12:02,550 --> 00:12:00,320
physical reality is confined to the

205
00:12:07,030 --> 00:12:02,560
universe the physical universe

206
00:12:08,790 --> 00:12:07,040
and a physical universe is reality

207
00:12:10,710 --> 00:12:08,800
and there's nothing that that that

208
00:12:13,990 --> 00:12:10,720
exists beyond that

209
00:12:15,110 --> 00:12:14,000
uh physics of course uh mainstream

210
00:12:18,150 --> 00:12:15,120
physics the very

211
00:12:20,949 --> 00:12:18,160
name physics implies the study of

212
00:12:24,629 --> 00:12:20,959
everything that is physical

213
00:12:27,750 --> 00:12:24,639

but it became clear early on in my work

214

00:12:31,430 --> 00:12:27,760

that this was insufficient

215

00:12:35,829 --> 00:12:31,440

that in the in the

216

00:12:40,310 --> 00:12:35,839

in the overview of science where

217

00:12:43,829 --> 00:12:40,320

we talk about cause and effect

218

00:12:47,829 --> 00:12:43,839

that there were more effects that were

219

00:12:50,870 --> 00:12:47,839

measurable and observable

220

00:12:53,910 --> 00:12:50,880

than what the physical content of the

221

00:12:57,269 --> 00:12:53,920

universe could explain

222

00:12:58,550 --> 00:12:57,279

and so after researching that very

223

00:13:02,629 --> 00:12:58,560

thoroughly

224

00:13:06,710 --> 00:13:02,639

the natural conclusion was that reality

225

00:13:10,710 --> 00:13:06,720

is more than what is physical

226

00:13:13,829 --> 00:13:10,720

now that seems to be a uh a pretty

227

00:13:17,430 --> 00:13:13,839

you know uh almost a a an

228

00:13:21,190 --> 00:13:17,440

outworn kind of a a statement

229

00:13:24,470 --> 00:13:21,200

but the problem was is that there was no

230

00:13:27,750 --> 00:13:24,480

theoretical framework

231

00:13:28,710 --> 00:13:27,760

by which we could define or even begin

232

00:13:31,829 --> 00:13:28,720

to

233

00:13:35,790 --> 00:13:31,839

uh qualify and quantify

234

00:13:38,629 --> 00:13:35,800

what that would be what kind of a

235

00:13:39,910 --> 00:13:38,639

superstructure so to speak would be

236

00:13:43,829 --> 00:13:39,920

overlying

237

00:13:45,590 --> 00:13:43,839

physical reality but would be connected

238

00:13:48,710 --> 00:13:45,600

to physical reality and

239

00:13:56,150 --> 00:13:52,870

what physical reality uh behaves like

240

00:13:59,750 --> 00:13:56,160

and so super geometry

241

00:14:01,189 --> 00:13:59,760

uh is a framework by which we can

242

00:14:04,389 --> 00:14:01,199

understand

243

00:14:07,430 --> 00:14:04,399

a phenomenon that currently

244

00:14:09,670 --> 00:14:07,440

defies conventional explanation

245

00:14:11,030 --> 00:14:09,680

but in a way that is is much more

246

00:14:14,150 --> 00:14:11,040

exacting

247

00:14:16,710 --> 00:14:14,160

and scientifically meaningful than just

248

00:14:19,750 --> 00:14:16,720

these broad statements like the

249

00:14:22,150 --> 00:14:19,760

you know the the spirit realm or you

250

00:14:25,670 --> 00:14:22,160

know it's another dimension

251
00:14:28,389 --> 00:14:25,680
uh you know which are generally

252
00:14:29,269 --> 00:14:28,399
terms that indicate that the speaker has

253
00:14:32,870 --> 00:14:29,279
no idea

254
00:14:34,790 --> 00:14:32,880
what they're talking about uh so this is

255
00:14:38,150 --> 00:14:34,800
very specific

256
00:14:42,310 --> 00:14:38,160
uh and uh that's

257
00:14:44,310 --> 00:14:42,320
basically the foundation of of my work

258
00:14:50,389 --> 00:14:44,320
so that's the basic premise the basic

259
00:14:56,870 --> 00:14:53,590
so how what

260
00:15:00,310 --> 00:14:56,880
would you do you have a then a theory on

261
00:15:04,870 --> 00:15:00,320
where then this this uh

262
00:15:07,990 --> 00:15:06,150
because you said there's a cause and

263
00:15:12,629 --> 00:15:08,000

effect right yes

264

00:15:14,230 --> 00:15:12,639

absolutely um and and it takes a uh

265

00:15:16,710 --> 00:15:14,240

you know i'd like to take a few minutes

266

00:15:20,550 --> 00:15:16,720

to give a little bit of a background

267

00:15:24,069 --> 00:15:20,560

uh on that uh when we talk about cause

268

00:15:28,629 --> 00:15:24,079

and effect uh in physics

269

00:15:31,910 --> 00:15:28,639

uh this would be known as causality

270

00:15:35,110 --> 00:15:31,920

that's a term oftentimes in science

271

00:15:38,389 --> 00:15:35,120

terms will be used that are also used in

272

00:15:39,509 --> 00:15:38,399

general conversation in the general

273

00:15:41,269 --> 00:15:39,519

language

274

00:15:42,710 --> 00:15:41,279

but when they're used scientifically

275

00:15:45,350 --> 00:15:42,720

they can sometimes mean

276

00:15:46,230 --> 00:15:45,360

something a little bit different uh than

277

00:15:50,230 --> 00:15:46,240

what we would

278

00:15:54,470 --> 00:15:50,240

it in common

279

00:15:59,189 --> 00:15:54,480

uh conversation so uh for example

280

00:16:02,230 --> 00:15:59,199

uh all causality

281

00:16:06,069 --> 00:16:02,240

in the physical universe

282

00:16:09,590 --> 00:16:06,079

according to the model of the universe

283

00:16:13,189 --> 00:16:09,600

that we have that we can understand

284

00:16:15,670 --> 00:16:13,199

all causes

285

00:16:18,870 --> 00:16:15,680

are local or physically local to the

286

00:16:27,590 --> 00:16:23,590

and so for example um

287

00:16:30,949 --> 00:16:27,600

well i i talk about it in my book

288

00:16:32,550 --> 00:16:30,959

excuse me if you had a piece of paper

289

00:16:35,030 --> 00:16:32,560

laying on a table

290

00:16:36,150 --> 00:16:35,040

on a desk and you picked it up with your

291

00:16:37,749 --> 00:16:36,160

hand

292

00:16:39,509 --> 00:16:37,759

the thing that would cause that piece of

293

00:16:42,550 --> 00:16:39,519

paper to move

294

00:16:45,749 --> 00:16:42,560

is the force of your hand and the fossa

295

00:16:50,069 --> 00:16:45,759

and your hand would be local to

296

00:16:54,150 --> 00:16:50,079

or connected to the paper

297

00:16:59,590 --> 00:16:54,160

that's local causality that's normal

298

00:17:03,030 --> 00:16:59,600

so even for example in a radio broadcast

299

00:17:06,110 --> 00:17:03,040

you could be listening to a radio but

300

00:17:08,230 --> 00:17:06,120

the radio is receiving a an

301

00:17:11,350 --> 00:17:08,240

electromagnetic wave

302

00:17:14,150 --> 00:17:11,360

that has modulations on it

303

00:17:16,870 --> 00:17:14,160

uh that is coming from a broadcasting

304

00:17:20,549 --> 00:17:16,880

station a tower

305

00:17:23,590 --> 00:17:20,559

so the electromagnet magnetic wave

306

00:17:26,870 --> 00:17:23,600

is local to the broadcast

307

00:17:30,150 --> 00:17:26,880

tower and then it's

308

00:17:35,430 --> 00:17:32,870

because it's physically connected it's

309

00:17:38,870 --> 00:17:35,440

physically in contact with the radio

310

00:17:42,390 --> 00:17:38,880

so here we have local causality

311

00:17:45,510 --> 00:17:42,400

uh what makes something

312

00:17:48,789 --> 00:17:45,520

supernatural or paranormal

313

00:17:49,750 --> 00:17:48,799

and if i can interject this was one of

314

00:17:53,350 --> 00:17:49,760

the first things

315

00:17:56,870 --> 00:17:53,360

admin that i had to determine

316

00:17:57,549 --> 00:17:56,880

in my research was how can we come up

317

00:18:00,870 --> 00:17:57,559

with a

318

00:18:03,590 --> 00:18:00,880

scientifically meaningful

319

00:18:06,230 --> 00:18:03,600

definition for what would be paranormal

320

00:18:10,470 --> 00:18:06,240

or supernatural

321

00:18:14,070 --> 00:18:10,480

and that what we can what i came up with

322

00:18:17,590 --> 00:18:14,080

is that what makes something

323

00:18:21,510 --> 00:18:17,600

paranormal or supernatural is that

324

00:18:26,390 --> 00:18:21,520

the effect is non-local it is not

325

00:18:30,230 --> 00:18:29,270

and in that way we got rid of some of

326

00:18:36,710 --> 00:18:30,240

the

327

00:18:37,510 --> 00:18:36,720

normally some sort of a catch-all basket

328

00:18:41,029 --> 00:18:37,520

and everything

329

00:18:42,549 --> 00:18:41,039

weird people put in it uh

330

00:18:44,950 --> 00:18:42,559

this is something that is very

331

00:18:47,430 --> 00:18:44,960

meaningful uh

332

00:18:48,789 --> 00:18:47,440

scientifically so for example if the

333

00:18:52,390 --> 00:18:48,799

piece of paper

334

00:18:55,590 --> 00:18:52,400

lifted off the table all by itself

335

00:19:00,630 --> 00:18:55,600

that would be non-local causality

336

00:19:06,390 --> 00:19:04,549

give you another example let's say for

337

00:19:09,430 --> 00:19:06,400

example if we're talking about the field

338

00:19:13,430 --> 00:19:09,440

of paranormal phenomena

339

00:19:17,350 --> 00:19:13,440

if you were in a dark room

340

00:19:21,110 --> 00:19:17,360

and you saw the faint image

341

00:19:23,190 --> 00:19:21,120

of a person who was standing in there

342

00:19:25,590 --> 00:19:23,200

was standing in the room with you but

343

00:19:26,870 --> 00:19:25,600

it's so dark you can barely see the

344

00:19:29,430 --> 00:19:26,880

person

345

00:19:29,990 --> 00:19:29,440

based on the reflection of the ambient

346

00:19:33,510 --> 00:19:30,000

light

347

00:19:35,990 --> 00:19:33,520

off of their off of their body

348

00:19:37,430 --> 00:19:36,000

that would be normal that would be local

349

00:19:40,789 --> 00:19:37,440

causality

350

00:19:44,630 --> 00:19:40,799

or locality as they say because

351

00:19:47,909 --> 00:19:44,640

the ambient light is local to the body

352

00:19:50,310 --> 00:19:47,919

and the body is local to the light waves

353

00:19:53,590 --> 00:19:50,320

that are reaching your eye

354

00:19:56,150 --> 00:19:53,600

and you know uh being seen in

355

00:19:57,669 --> 00:19:56,160

in your retina and all that everything's

356

00:20:00,870 --> 00:19:57,679

local it's connected

357

00:20:03,190 --> 00:20:00,880

but if we saw what they call an

358

00:20:05,110 --> 00:20:03,200

apparition

359

00:20:06,950 --> 00:20:05,120

which would have the same kind of an

360

00:20:10,070 --> 00:20:06,960

appearance

361

00:20:13,590 --> 00:20:10,080

but there's nobody standing there

362

00:20:16,390 --> 00:20:13,600

that's non-locality because

363

00:20:17,590 --> 00:20:16,400

the reflected image that you're seeing

364

00:20:20,789 --> 00:20:17,600

as a person

365

00:20:24,470 --> 00:20:20,799

is not coming off of a physical person

366

00:20:29,029 --> 00:20:24,480

there is no physical person there

367

00:20:29,039 --> 00:20:32,789

so that's the first

368

00:20:36,310 --> 00:20:34,390

that's the first piece of critical

369

00:20:37,990 --> 00:20:36,320

understanding

370

00:20:39,590 --> 00:20:38,000

the second piece of critical

371

00:20:43,510 --> 00:20:39,600

understanding which is so

372

00:20:46,830 --> 00:20:43,520

often overlooked even by mainstream

373

00:20:49,510 --> 00:20:46,840

physics let alone in the alternative

374

00:20:53,149 --> 00:20:49,520

studies like paranormal phenomena

375

00:20:57,029 --> 00:20:53,159

like ufology is the concept of

376

00:21:01,110 --> 00:20:57,039

information i can't stress how

377

00:21:05,750 --> 00:21:01,120

important that is um

378

00:21:07,510 --> 00:21:05,760

back and again this is a term that

379

00:21:09,350 --> 00:21:07,520

is used a little bit different

380

00:21:13,029 --> 00:21:09,360

scientifically

381

00:21:15,990 --> 00:21:13,039

than it is in common conversation

382

00:21:18,230 --> 00:21:16,000

uh for many years most people admin and

383

00:21:21,270 --> 00:21:18,240

they remember being taught in school

384

00:21:25,190 --> 00:21:21,280

the mass energy conservation laws

385

00:21:26,630 --> 00:21:25,200

uh that matter and energy can neither be

386

00:21:29,669 --> 00:21:26,640

created nor

387

00:21:31,430 --> 00:21:29,679

destroyed i think people will remember

388

00:21:33,669 --> 00:21:31,440

that till the day they die

389

00:21:35,190 --> 00:21:33,679

because that's what they were taught

390

00:21:38,390 --> 00:21:35,200

repeatedly in school

391

00:21:39,990 --> 00:21:38,400

but over the last uh uh especially last

392

00:21:42,870 --> 00:21:40,000

couple decades

393

00:21:45,029 --> 00:21:42,880

uh we also have an extension of that

394

00:21:49,190 --> 00:21:45,039

which is the conservation laws of

395

00:21:49,710 --> 00:21:49,200

information and those laws state that

396

00:21:53,909 --> 00:21:49,720

the

397

00:21:56,789 --> 00:21:53,919

information from which mass and energy

398

00:21:59,510 --> 00:21:56,799

is assembled and designed the

399

00:22:03,990 --> 00:21:59,520

information itself

400

00:22:09,750 --> 00:22:07,510

and we don't talk about this concept of

401
00:22:12,950 --> 00:22:09,760
information very often

402
00:22:16,470 --> 00:22:12,960
but it's vitally critical

403
00:22:21,029 --> 00:22:16,480
so for example in our in our

404
00:22:23,990 --> 00:22:21,039
instance with seeing the reflection

405
00:22:26,149 --> 00:22:24,000
of a real person that kind of looks like

406
00:22:28,789 --> 00:22:26,159
an apparition because it's dark but

407
00:22:29,590 --> 00:22:28,799
but a person is actually there we are

408
00:22:32,310 --> 00:22:29,600
seeing

409
00:22:34,390 --> 00:22:32,320
light waves that are carrying the

410
00:22:37,750 --> 00:22:34,400
information

411
00:22:40,549 --> 00:22:37,760
about the geometry of that person

412
00:22:42,710 --> 00:22:40,559
that we're seeing the faint image of

413
00:22:46,230 --> 00:22:42,720

when we see the apparition

414

00:22:47,590 --> 00:22:46,240

there is no body providing the

415

00:22:54,950 --> 00:22:47,600

information

416

00:22:57,510 --> 00:22:54,960

manifesting it's still materializing

417

00:22:59,350 --> 00:22:57,520

so that we see an image of a person when

418

00:23:03,110 --> 00:22:59,360

a person isn't there

419

00:23:03,909 --> 00:23:03,120

the information the idea the concept of

420

00:23:10,390 --> 00:23:03,919

information

421

00:23:13,909 --> 00:23:10,400

because now we can unlock our

422

00:23:16,789 --> 00:23:13,919

thinking and saying okay we are seeing a

423

00:23:19,149 --> 00:23:16,799

collection of information

424

00:23:21,350 --> 00:23:19,159

we're seeing that information

425

00:23:24,710 --> 00:23:21,360

materialize

426
00:23:28,149 --> 00:23:24,720
but there is no physical source

427
00:23:32,870 --> 00:23:31,830
that would be the storage house for that

428
00:23:38,230 --> 00:23:32,880
information

429
00:23:41,430 --> 00:23:38,240
with extreme fidelity

430
00:23:46,230 --> 00:23:41,440
so that it can be materialized

431
00:23:49,269 --> 00:23:46,240
as a as an image of a person

432
00:23:50,630 --> 00:23:49,279
but it would also have to come from a

433
00:23:53,669 --> 00:23:50,640
place where

434
00:23:57,830 --> 00:23:53,679
the mechanism by which information

435
00:23:59,909 --> 00:23:57,840
could be materialized is at work

436
00:24:01,110 --> 00:23:59,919
so if there's nothing in local space

437
00:24:04,470 --> 00:24:01,120
that has that kind of

438
00:24:09,190 --> 00:24:04,480

mechanism that can store it

439

00:24:12,390 --> 00:24:09,200

play it back with incredible fidelity

440

00:24:15,430 --> 00:24:12,400

so much so so much

441

00:24:18,590 --> 00:24:15,440

so materialized that the ambient light

442

00:24:21,750 --> 00:24:18,600

can actually reflect off of the

443

00:24:26,870 --> 00:24:25,669

then that leads us to a a an inescapable

444

00:24:29,430 --> 00:24:26,880

conclusion

445

00:24:30,549 --> 00:24:29,440

is that the information is not being

446

00:24:34,230 --> 00:24:30,559

stored

447

00:24:36,630 --> 00:24:34,240

locally in the physical universe

448

00:24:37,990 --> 00:24:36,640

the information is coming from outside

449

00:24:41,029 --> 00:24:38,000

the physical

450

00:24:45,590 --> 00:24:41,039

and manifesting itself

451
00:24:49,510 --> 00:24:45,600
as a materialized collection of data

452
00:24:52,870 --> 00:24:49,520
in the universe in the physical universe

453
00:24:56,149 --> 00:24:52,880
that those two ideas together

454
00:24:59,190 --> 00:24:56,159
opens up the whole world

455
00:25:01,669 --> 00:24:59,200
and in the understanding

456
00:25:02,549 --> 00:25:01,679
and the attempt in the effort to

457
00:25:08,070 --> 00:25:02,559
understand

458
00:25:13,590 --> 00:25:11,750
so thomas you're you're making me have

459
00:25:14,950 --> 00:25:13,600
to go two separate directions with this

460
00:25:16,549 --> 00:25:14,960
and it's difficult trying to figure out

461
00:25:18,310 --> 00:25:16,559
which way to go

462
00:25:20,310 --> 00:25:18,320
i figured i'll stick to the larger

463
00:25:22,149 --> 00:25:20,320

picture once and then hopefully you'll

464

00:25:22,789 --> 00:25:22,159

fill in as much detail as you possibly

465

00:25:25,590 --> 00:25:22,799

can

466

00:25:26,870 --> 00:25:25,600

so sure what is the point then of these

467

00:25:29,909 --> 00:25:26,880

of this separation

468

00:25:34,710 --> 00:25:29,919

you know it's like why have this

469

00:25:37,669 --> 00:25:34,720

this um i guess non-local

470

00:25:38,390 --> 00:25:37,679

information or direction that then has

471

00:25:42,230 --> 00:25:38,400

an effect

472

00:25:44,710 --> 00:25:42,240

physical why can't it all just

473

00:25:46,710 --> 00:25:44,720

be exist on on one level then to where

474

00:25:49,909 --> 00:25:46,720

you just see who's doing what when and

475

00:25:53,830 --> 00:25:51,990

oh i think i understand what you're

476
00:25:55,990 --> 00:25:53,840
saying

477
00:25:58,549 --> 00:25:56,000
you know it's kind of like the way that

478
00:26:01,110 --> 00:25:58,559
reality is put together

479
00:26:02,149 --> 00:26:01,120
um give you an example and here's one of

480
00:26:06,870 --> 00:26:02,159
the things that

481
00:26:08,870 --> 00:26:06,880
this this line of thinking admin

482
00:26:12,310 --> 00:26:08,880
it causes us to consider things that

483
00:26:14,230 --> 00:26:12,320
we've never even connected before

484
00:26:17,350 --> 00:26:14,240
but we know about but we just haven't

485
00:26:21,350 --> 00:26:17,360
connected them with various phenomena

486
00:26:23,669 --> 00:26:21,360
let's take for example the big bang

487
00:26:24,470 --> 00:26:23,679
now everybody knows what the big bang is

488
00:26:27,430 --> 00:26:24,480

it's

489

00:26:29,669 --> 00:26:27,440

what physicists say brought the universe

490

00:26:32,549 --> 00:26:29,679

into being

491

00:26:33,350 --> 00:26:32,559

it started out with a what they call a

492

00:26:37,029 --> 00:26:33,360

quantum

493

00:26:41,750 --> 00:26:37,039

singularity infinitely dense

494

00:26:45,590 --> 00:26:41,760

and infinitely small now

495

00:26:48,950 --> 00:26:45,600

singularity means there's only a single

496

00:26:50,070 --> 00:26:48,960

coordinate to describe it it's not

497

00:26:54,630 --> 00:26:50,080

physical

498

00:26:58,710 --> 00:26:54,640

defined by four coordinates

499

00:27:02,390 --> 00:26:58,720

three spatial and one temporal

500

00:27:05,830 --> 00:27:02,400

so you have height width depth and time

501
00:27:08,390 --> 00:27:05,840
it's a four dimensional physical reality

502
00:27:11,669 --> 00:27:08,400
but a singularity only has a single

503
00:27:12,470 --> 00:27:11,679
dimension and again adnan this is one of

504
00:27:15,510 --> 00:27:12,480
these terms

505
00:27:17,590 --> 00:27:15,520
uh singularity that's been used so much

506
00:27:18,389 --> 00:27:17,600
in common language in the wrong way that

507
00:27:20,630 --> 00:27:18,399
people

508
00:27:22,389 --> 00:27:20,640
don't understand the actual mathematical

509
00:27:25,350 --> 00:27:22,399
or scientific

510
00:27:27,990 --> 00:27:25,360
uh meaning it means that there's a

511
00:27:30,549 --> 00:27:28,000
single coordinate

512
00:27:32,389 --> 00:27:30,559
and just the idea that scientists call

513
00:27:35,350 --> 00:27:32,399

it infinitely dense and

514

00:27:37,190 --> 00:27:35,360

infinitely small means that it can't be

515

00:27:39,350 --> 00:27:37,200

physical either because there is no

516

00:27:42,549 --> 00:27:39,360

value of infinity

517

00:27:45,269 --> 00:27:42,559

in the physical uh

518

00:27:48,710 --> 00:27:45,279

everything is measurable and if isn't an

519

00:27:53,830 --> 00:27:48,720

infinity is immeasurable

520

00:27:56,310 --> 00:27:53,840

so from that quantum singularity

521

00:27:58,870 --> 00:27:56,320

emerged the universe they called the big

522

00:28:02,230 --> 00:27:58,880

bang it exploded

523

00:28:04,630 --> 00:28:02,240

and one of the things that we do know

524

00:28:07,590 --> 00:28:04,640

is that the universe assembled itself in

525

00:28:10,549 --> 00:28:07,600

a very orderly way

526

00:28:12,070 --> 00:28:10,559

uh for example we didn't have a a

527

00:28:15,110 --> 00:28:12,080

situation where

528

00:28:18,149 --> 00:28:15,120

um one neutron

529

00:28:22,070 --> 00:28:18,159

for example that particles or

530

00:28:25,350 --> 00:28:22,080

elements of the creation began to try to

531

00:28:28,630 --> 00:28:25,360

assemble itself and disassemble itself

532

00:28:29,510 --> 00:28:28,640

at random until it finally came up with

533

00:28:50,070 --> 00:28:29,520

a

534

00:28:54,310 --> 00:28:50,080

universe

535

00:28:57,590 --> 00:28:54,320

at the same time according to the exact

536

00:29:00,950 --> 00:28:57,600

same design and model which

537

00:29:03,669 --> 00:29:00,960

means that the information that went

538

00:29:05,510 --> 00:29:03,679

in to their formation in the early

539

00:29:12,149 --> 00:29:05,520

universe

540

00:29:14,470 --> 00:29:12,159

the information that

541

00:29:15,830 --> 00:29:14,480

neutrinos and other elementary particles

542

00:29:17,990 --> 00:29:15,840

were designed after

543

00:29:20,070 --> 00:29:18,000

even the fabric of space-time itself the

544

00:29:22,310 --> 00:29:20,080

geometry of space-time

545

00:29:26,070 --> 00:29:22,320

all that information was programmed into

546

00:29:29,110 --> 00:29:26,080

that singularity

547

00:29:31,190 --> 00:29:29,120

so when to ask

548

00:29:33,269 --> 00:29:31,200

you know to ask why can't we see what's

549

00:29:35,830 --> 00:29:33,279

going on on the other side

550

00:29:38,830 --> 00:29:35,840

and why does it have to be this way it's

551
00:29:39,990 --> 00:29:38,840
just the way the universe is put

552
00:29:43,909 --> 00:29:40,000
together

553
00:29:44,630 --> 00:29:43,919
so here we have once understanding this

554
00:29:47,110 --> 00:29:44,640
idea about

555
00:29:49,669 --> 00:29:47,120
information and non-locality we can

556
00:29:53,909 --> 00:29:49,679
actually make the connection

557
00:29:55,350 --> 00:29:53,919
that paranormal phenomena very much

558
00:29:58,710 --> 00:29:55,360
behaves

559
00:30:02,870 --> 00:29:58,720
and the mechanics behind it seemed

560
00:30:04,710 --> 00:30:02,880
to reflect

561
00:30:08,070 --> 00:30:04,720
the very process that brought the

562
00:30:11,430 --> 00:30:08,080
universe into being

563
00:30:13,750 --> 00:30:11,440

so there's a reason why we can't see

564

00:30:16,950 --> 00:30:13,760

what's on that other side so to speak

565

00:30:20,389 --> 00:30:16,960

because it's not physical what we do

566

00:30:24,710 --> 00:30:20,399

see is when it becomes physical

567

00:30:26,310 --> 00:30:24,720

when the information materializes

568

00:30:28,470 --> 00:30:26,320

uh just like it did in the early

569

00:30:31,190 --> 00:30:28,480

universe

570

00:30:32,310 --> 00:30:31,200

and of course adnan then that leaps

571

00:30:37,110 --> 00:30:32,320

leaves us

572

00:30:41,110 --> 00:30:37,120

uh uh uh brings us to the next leap

573

00:30:44,389 --> 00:30:41,120

is that if this is the case

574

00:30:48,070 --> 00:30:44,399

then the singularity is still

575

00:30:50,070 --> 00:30:48,080

there that it didn't just dissolve into

576
00:30:57,350 --> 00:30:50,080
the universe

577
00:30:59,590 --> 00:30:57,360
from that singularity

578
00:31:01,750 --> 00:30:59,600
which would explain why the universe is

579
00:31:05,110 --> 00:31:01,760
expanding

580
00:31:07,830 --> 00:31:05,120
whereas the conventional

581
00:31:08,789 --> 00:31:07,840
physics the materialistic physics has

582
00:31:11,669 --> 00:31:08,799
not

583
00:31:14,389 --> 00:31:11,679
been able to explain why the universe is

584
00:31:20,789 --> 00:31:17,509
so when we look at it this way that

585
00:31:21,990 --> 00:31:20,799
the universe is still emerging from the

586
00:31:24,029 --> 00:31:22,000
singularity

587
00:31:26,870 --> 00:31:24,039
the information in it is still

588
00:31:29,669 --> 00:31:26,880

materializing

589

00:31:31,190 --> 00:31:29,679

uh not only does it explain certain

590

00:31:32,470 --> 00:31:31,200

things that are still a mystery in

591

00:31:36,470 --> 00:31:32,480

physics

592

00:31:37,909 --> 00:31:36,480

but it can explain why paranormal events

593

00:31:40,549 --> 00:31:37,919

so to speak

594

00:31:43,630 --> 00:31:40,559

where you have these non-local effects

595

00:31:47,269 --> 00:31:43,640

that are measurable and observed

596

00:31:50,389 --> 00:31:47,279

materialize out of nowhere literally

597

00:31:52,389 --> 00:31:50,399

and then they dematerialize again

598

00:31:56,470 --> 00:31:52,399

from information it isn't stored in the

599

00:32:02,149 --> 00:32:00,070

so that's kind of my

600

00:32:04,070 --> 00:32:02,159

way of explaining what i think you were

601
00:32:07,590 --> 00:32:04,080
asking about i hope that addresses what

602
00:32:11,029 --> 00:32:09,909
it does so which leads me into the next

603
00:32:14,070 --> 00:32:11,039
question

604
00:32:16,230 --> 00:32:14,080
you know generally not all but some

605
00:32:17,190 --> 00:32:16,240
science scientists stay away from the

606
00:32:19,509 --> 00:32:17,200
big g word

607
00:32:20,470 --> 00:32:19,519
you know and based on how what you're

608
00:32:23,830 --> 00:32:20,480
describing

609
00:32:26,950 --> 00:32:23,840
would you go as far as saying that

610
00:32:28,549 --> 00:32:26,960
there is a deliberate creation behind

611
00:32:30,230 --> 00:32:28,559
this or do you still

612
00:32:31,909 --> 00:32:30,240
think like that some of the scientists

613
00:32:33,830 --> 00:32:31,919

say well it just all kind of

614

00:32:36,389 --> 00:32:33,840

accidentally came into being

615

00:32:38,070 --> 00:32:36,399

yeah it all kind of happened by itself

616

00:32:41,110 --> 00:32:38,080

you know

617

00:32:43,190 --> 00:32:41,120

um well

618

00:32:44,230 --> 00:32:43,200

you're right adnan and here's what the

619

00:32:47,509 --> 00:32:44,240

implication is

620

00:32:51,029 --> 00:32:47,519

and you're right that

621

00:32:55,509 --> 00:32:51,039

for a lot of physicists it's like

622

00:32:58,870 --> 00:32:55,519

the old maps that they used to draw

623

00:33:00,549 --> 00:32:58,880

16 1700s even before where they showed

624

00:33:02,710 --> 00:33:00,559

you the edge of the world where the sea

625

00:33:06,549 --> 00:33:02,720

serpents were

626

00:33:08,710 --> 00:33:06,559

and you know here be monsters and if you

627

00:33:11,269 --> 00:33:08,720

if you sailed too far you would fall off

628

00:33:13,430 --> 00:33:11,279

the edge of the world

629

00:33:14,789 --> 00:33:13,440

this is why physicists like to confine

630

00:33:17,950 --> 00:33:14,799

themselves to

631

00:33:20,070 --> 00:33:17,960

what is physical uh because the

632

00:33:25,110 --> 00:33:20,080

implications

633

00:33:27,110 --> 00:33:25,120

uh they don't really you know

634

00:33:28,149 --> 00:33:27,120

they don't really like the implications

635

00:33:30,950 --> 00:33:28,159

you're right

636

00:33:32,789 --> 00:33:30,960

give you another example and again adam

637

00:33:37,269 --> 00:33:32,799

what you'll notice in my work

638

00:33:39,190 --> 00:33:37,279

is that i'll take known principles

639

00:33:40,389 --> 00:33:39,200

that are established in the scientific

640

00:33:43,509 --> 00:33:40,399

community

641

00:33:47,350 --> 00:33:43,519

and just apply them in ways that they

642

00:33:55,430 --> 00:33:52,070

giving example let's talk about systems

643

00:33:58,870 --> 00:33:55,440

um let's say for example

644

00:34:02,230 --> 00:33:58,880

we we take a system uh uh

645

00:34:05,350 --> 00:34:02,240

let's say it's it's like a pond

646

00:34:06,870 --> 00:34:05,360

in a you know in a field or in a wood

647

00:34:08,950 --> 00:34:06,880

somewhere there's a pond

648

00:34:10,149 --> 00:34:08,960

that's an ecosystem that's what we call

649

00:34:13,109 --> 00:34:10,159

it or

650

00:34:13,669 --> 00:34:13,119

even when i mentioned that you know i

651
00:34:17,190 --> 00:34:13,679
like to

652
00:34:21,030 --> 00:34:17,200
talk about a 57 chevy

653
00:34:27,109 --> 00:34:21,040
57 chevy is also a system

654
00:34:31,510 --> 00:34:29,990
talk about the principles as to how it's

655
00:34:34,950 --> 00:34:31,520
put together

656
00:34:41,589 --> 00:34:34,960
and how it operates

657
00:34:50,230 --> 00:34:45,510
and those subsystems can often

658
00:34:53,750 --> 00:34:50,240
grow in complexity if you take a uh

659
00:34:56,869 --> 00:34:53,760
again if you talk about a pond

660
00:34:59,670 --> 00:34:56,879
uh and you start thinking about all the

661
00:35:00,550 --> 00:34:59,680
sus subsystems that derive from that

662
00:35:04,550 --> 00:35:00,560
pond

663
00:35:07,910 --> 00:35:04,560

you know the microbes the fish uh

664

00:35:10,150 --> 00:35:07,920

you know plants there bird can come and

665

00:35:11,349 --> 00:35:10,160

uh you know defecate and the seeds are

666

00:35:14,870 --> 00:35:11,359

in it and then

667

00:35:19,589 --> 00:35:14,880

the plants start growing you can

668

00:35:22,950 --> 00:35:19,599

grow in great complexity with subsystems

669

00:35:24,310 --> 00:35:22,960

but here's the key adnan that a

670

00:35:27,750 --> 00:35:24,320

subsystem will

671

00:35:30,870 --> 00:35:27,760

never behave in a way that is

672

00:35:34,870 --> 00:35:30,880

contrary to or

673

00:35:39,670 --> 00:35:34,880

outside of the laws

674

00:35:44,069 --> 00:35:39,680

and principles that govern the system

675

00:35:47,510 --> 00:35:44,079

which gave rise to the subsystems

676

00:35:50,470 --> 00:35:47,520

for example take the 57 chevy

677

00:35:51,270 --> 00:35:50,480

you could define that system you can

678

00:35:53,910 --> 00:35:51,280

classify

679

00:35:56,310 --> 00:35:53,920

you could define it you can explain the

680

00:35:58,390 --> 00:35:56,320

principles

681

00:36:01,270 --> 00:35:58,400

by which it's put together and by and

682

00:36:04,470 --> 00:36:01,280

and the way it behaves

683

00:36:07,510 --> 00:36:04,480

but everything that is in that car

684

00:36:09,349 --> 00:36:07,520

will never be contrary to the laws and

685

00:36:11,589 --> 00:36:09,359

principles that govern the system that

686

00:36:14,630 --> 00:36:11,599

defines it

687

00:36:17,910 --> 00:36:14,640

for example you could not

688

00:36:22,390 --> 00:36:17,920

fly that 57 chevy

689

00:36:24,230 --> 00:36:22,400

to pluto that would be outside

690

00:36:27,030 --> 00:36:24,240

of the laws and principles that govern

691

00:36:30,630 --> 00:36:27,040

this system which defines that 57

692

00:36:33,430 --> 00:36:30,640

chevy would never be outside of it

693

00:36:35,910 --> 00:36:33,440

again here's another extreme example

694

00:36:37,829 --> 00:36:35,920

that i like to use

695

00:36:39,829 --> 00:36:37,839

let's say you're you're you know you're

696

00:36:42,150 --> 00:36:39,839

putting your thanksgiving turkey in the

697

00:36:44,069 --> 00:36:42,160

oven for the holiday

698

00:36:46,150 --> 00:36:44,079

well you're not gonna open that oven

699

00:36:49,190 --> 00:36:46,160

four hours later and find a wankel

700

00:36:52,230 --> 00:36:50,950

you're gonna find a turkey that you put

701
00:37:01,990 --> 00:36:52,240
in

702
00:37:04,950 --> 00:37:02,000
that established

703
00:37:07,510 --> 00:37:04,960
and define the system that we're

704
00:37:10,069 --> 00:37:07,520
considering

705
00:37:11,750 --> 00:37:10,079
and you remember i i told you uh before

706
00:37:13,670 --> 00:37:11,760
the interview it says sometimes you have

707
00:37:16,069 --> 00:37:13,680
to explain things

708
00:37:19,990 --> 00:37:16,079
in a way to give a background so you can

709
00:37:27,990 --> 00:37:24,150
the universe is a system

710
00:37:29,990 --> 00:37:28,000
now this is crazy people have really

711
00:37:32,230 --> 00:37:30,000
you know really blew their minds when

712
00:37:34,550 --> 00:37:32,240
they thought about what i'm saying here

713
00:37:37,190 --> 00:37:34,560

of course it's established principle

714

00:37:40,950 --> 00:37:37,200

just never applied it this way

715

00:37:44,550 --> 00:37:40,960

the universe is a system that means

716

00:37:50,150 --> 00:37:44,560

everything that developed in it

717

00:37:53,109 --> 00:37:50,160

is a sub-system of the universe

718

00:37:54,870 --> 00:37:53,119

the fabric of space-time is a sub-system

719

00:37:56,069 --> 00:37:54,880

of the laws and principles that govern

720

00:37:58,710 --> 00:37:56,079

the universe

721

00:37:59,910 --> 00:37:58,720

and we know now that the laws and

722

00:38:02,150 --> 00:37:59,920

principles

723

00:38:04,069 --> 00:38:02,160

are universal throughout the universe we

724

00:38:05,829 --> 00:38:04,079

didn't know that before

725

00:38:07,910 --> 00:38:05,839

i remember when i first started going to

726

00:38:09,829 --> 00:38:07,920

school they weren't sure

727

00:38:11,990 --> 00:38:09,839

whether different laws of physics

728

00:38:14,950 --> 00:38:12,000

applied elsewhere in the universe

729

00:38:18,069 --> 00:38:14,960

now we're very confident that the laws

730

00:38:22,710 --> 00:38:18,079

of physics are universal

731

00:38:25,750 --> 00:38:22,720

so the formation of gravity

732

00:38:28,390 --> 00:38:25,760

is a subsystem of the universe

733

00:38:29,589 --> 00:38:28,400

uh the formation of stars and planets

734

00:38:32,310 --> 00:38:29,599

and galaxies

735

00:38:33,670 --> 00:38:32,320

these are all subsystems of the main

736

00:38:36,150 --> 00:38:33,680

system

737

00:38:39,190 --> 00:38:36,160

which is the universe we're still

738

00:38:42,390 --> 00:38:39,200

discovering the laws and principles

739

00:38:46,390 --> 00:38:42,400

that govern the universe but all of the

740

00:38:49,349 --> 00:38:46,400

subsystems that it gives rise to

741

00:38:50,630 --> 00:38:49,359

you know atomic particles name it

742

00:38:53,910 --> 00:38:50,640

whatever it is

743

00:38:57,349 --> 00:38:53,920

all of those work behave

744

00:38:59,349 --> 00:38:57,359

in a way that is consistent with

745

00:39:02,069 --> 00:38:59,359

the laws and principles that govern the

746

00:39:05,750 --> 00:39:02,079

universe at large

747

00:39:08,069 --> 00:39:05,760

none of these things are contrary to the

748

00:39:11,190 --> 00:39:08,079

laws of the universe

749

00:39:14,470 --> 00:39:11,200

and none of the content in the universe

750

00:39:16,790 --> 00:39:14,480

transcends the universe

751

00:39:18,870 --> 00:39:16,800

in other words it doesn't go outside of

752

00:39:22,710 --> 00:39:18,880

the laws and principles to cover

753

00:39:25,510 --> 00:39:22,720

governs the greater uh universe itself

754

00:39:25,910 --> 00:39:25,520

i remember carl sagan was fond of saying

755

00:39:29,109 --> 00:39:25,920

we're

756

00:39:32,230 --> 00:39:29,119

all made of star stuff

757

00:39:36,310 --> 00:39:32,240

and that's kind of the general idea

758

00:39:39,589 --> 00:39:36,320

um that the that the stars

759

00:39:42,470 --> 00:39:39,599

actually gave off the the materials

760

00:39:42,870 --> 00:39:42,480

that gave rise to the planets and life

761

00:39:48,310 --> 00:39:42,880

and all

762

00:39:50,069 --> 00:39:48,320

let's now let's take a look at a human

763

00:39:53,109 --> 00:39:50,079

being

764

00:39:55,270 --> 00:39:53,119

based on what i'm talking about uh adnan

765

00:39:59,349 --> 00:39:55,280

would you think that a human being is a

766

00:40:05,510 --> 00:40:01,270

well based on what you explained i would

767

00:40:09,990 --> 00:40:08,710

well yeah but it it's a it's a system

768

00:40:11,750 --> 00:40:10,000

that formed in the universe

769

00:40:13,109 --> 00:40:11,760

according to laws and principles that

770

00:40:15,670 --> 00:40:13,119

govern it

771

00:40:17,109 --> 00:40:15,680

the materials that we're made of in a

772

00:40:19,750 --> 00:40:17,119

way they're put together

773

00:40:21,670 --> 00:40:19,760

follow those universal laws and

774

00:40:24,069 --> 00:40:21,680

principles

775

00:40:27,030 --> 00:40:24,079

now there's a few things about the human

776

00:40:31,349 --> 00:40:27,040

being that's very interesting

777

00:40:34,950 --> 00:40:31,359

first of all of course we're alive adnan

778

00:40:43,030 --> 00:40:39,750

second of all we're intelligent

779

00:40:45,910 --> 00:40:43,040

we could take information and

780

00:40:49,190 --> 00:40:45,920

form it into its equivalent in a

781

00:40:52,309 --> 00:40:51,510

we're intelligent now just thinking

782

00:40:54,710 --> 00:40:52,319

about that

783

00:40:56,870 --> 00:40:54,720

that one's that one statement i just

784

00:41:00,150 --> 00:40:56,880

made we could spend a 10 hour interview

785

00:41:05,109 --> 00:41:03,030

but the other thing is the aspect of

786

00:41:09,109 --> 00:41:05,119

what i just mentioned means that we are

787

00:41:09,990 --> 00:41:09,119

creative that we are able to create that

788

00:41:13,990 --> 00:41:10,000

which did not

789

00:41:15,910 --> 00:41:14,000

exist before and as far as we know as

790

00:41:18,069 --> 00:41:15,920

far as living things

791

00:41:19,349 --> 00:41:18,079

to the extent that we do it we know of

792

00:41:22,230 --> 00:41:19,359

no other

793

00:41:23,510 --> 00:41:22,240

creature or anything on earth that can

794

00:41:27,349 --> 00:41:23,520

do that

795

00:41:28,390 --> 00:41:27,359

so human beings as a subsystem of the

796

00:41:32,230 --> 00:41:28,400

universe

797

00:41:35,270 --> 00:41:32,240

are alive they are intelligent

798

00:41:37,190 --> 00:41:35,280

they are creative

799

00:41:39,190 --> 00:41:37,200

if we're going to follow the principles

800

00:41:42,309 --> 00:41:39,200

the scientific principles of

801
00:41:43,670 --> 00:41:42,319
systems and subsystems what that tells

802
00:41:48,550 --> 00:41:43,680
us adnan

803
00:41:52,390 --> 00:41:48,560
that life intelligence

804
00:41:55,510 --> 00:41:52,400
and creativity are built into the laws

805
00:41:59,750 --> 00:41:55,520
and principles that govern the universe

806
00:42:03,510 --> 00:41:59,760
the universe is alive it is intelligent

807
00:42:04,630 --> 00:42:03,520
and it is creative otherwise someone

808
00:42:08,589 --> 00:42:04,640
would have to

809
00:42:11,990 --> 00:42:08,599
argue that somehow the human being

810
00:42:14,309 --> 00:42:12,000
transcended or contradicted

811
00:42:18,710 --> 00:42:14,319
the laws and principles of the greater

812
00:42:23,589 --> 00:42:21,670
now some people have considered that

813
00:42:27,750 --> 00:42:23,599

concept when i've talked about

814

00:42:29,349 --> 00:42:27,760

actually a life-changing concept

815

00:42:33,990 --> 00:42:29,359

it changed the way that they looked at

816

00:42:39,190 --> 00:42:37,190

so yes now

817

00:42:40,710 --> 00:42:39,200

if we follow this a step further to

818

00:42:41,589 --> 00:42:40,720

answer your question because like i said

819

00:42:44,870 --> 00:42:41,599

admin

820

00:42:47,670 --> 00:42:44,880

if these answers were simple

821

00:42:50,230 --> 00:42:47,680

we'd already know them it'd all be

822

00:42:53,430 --> 00:42:50,240

grammar school stuff

823

00:42:55,190 --> 00:42:53,440

we take this a step further and we

824

00:42:58,950 --> 00:42:55,200

understand

825

00:43:02,790 --> 00:42:58,960

that the laws and principles

826

00:43:06,309 --> 00:43:02,800

that gave rise to the universe

827

00:43:09,990 --> 00:43:06,319

existed in the quantum singularity

828

00:43:12,309 --> 00:43:10,000

prior to the physical universe

829

00:43:14,069 --> 00:43:12,319

then that means that source that

830

00:43:17,270 --> 00:43:14,079

singularity

831

00:43:21,430 --> 00:43:17,280

from which the universe materialized

832

00:43:24,790 --> 00:43:21,440

had life intelligence

833

00:43:30,550 --> 00:43:28,390

there's no other way to escape it

834

00:43:32,790 --> 00:43:30,560

there's there's no way to avoid that

835

00:43:35,430 --> 00:43:32,800

when you take the logic to that

836

00:43:37,190 --> 00:43:35,440

extent because anything that you would

837

00:43:39,510 --> 00:43:37,200

argue to the contrary would be in

838

00:43:45,030 --> 00:43:39,520

violation of known

839

00:43:48,470 --> 00:43:47,829

so thomas the when you asked me that

840

00:43:50,550 --> 00:43:48,480

question

841

00:43:53,430 --> 00:43:50,560

it i know you weren't trying to trick me

842

00:43:56,390 --> 00:43:53,440

but for me it's a trick question because

843

00:43:56,950 --> 00:43:56,400

i always considered um or would look at

844

00:43:59,750 --> 00:43:56,960

a human

845

00:44:00,870 --> 00:43:59,760

as in two aspects kind of similar to

846

00:44:03,190 --> 00:44:00,880

what you're talking about

847

00:44:04,390 --> 00:44:03,200

because there's the soul and then

848

00:44:06,150 --> 00:44:04,400

there's the part

849

00:44:07,589 --> 00:44:06,160

you know that's physical being

850

00:44:11,109 --> 00:44:07,599

controlled by it

851
00:44:13,109 --> 00:44:11,119
to say in very simplistic terms

852
00:44:14,230 --> 00:44:13,119
can you maybe talk a little bit about

853
00:44:16,470 --> 00:44:14,240
that based on

854
00:44:19,190 --> 00:44:16,480
from your findings from your point of

855
00:44:19,990 --> 00:44:19,200
view about the correlation with soul and

856
00:44:23,030 --> 00:44:20,000
body

857
00:44:24,950 --> 00:44:23,040
is that absolutely because according to

858
00:44:25,910 --> 00:44:24,960
super geometric theory this is one of

859
00:44:29,670 --> 00:44:25,920
the beauties of

860
00:44:30,309 --> 00:44:29,680
of the work adnan is that once you begin

861
00:44:33,270 --> 00:44:30,319
to

862
00:44:34,829 --> 00:44:33,280
grasp the principles that are involved

863
00:44:38,390 --> 00:44:34,839

the

864

00:44:42,470 --> 00:44:38,400
traditional barriers or boundaries

865

00:44:45,510 --> 00:44:42,480
between supernatural between

866

00:44:46,870 --> 00:44:45,520
normal or science and between religion

867

00:44:50,069 --> 00:44:46,880
or spirituality

868

00:44:52,710 --> 00:44:50,079
they begin to blur everything

869

00:44:54,230 --> 00:44:52,720
begins to condense in in the same

870

00:44:56,870 --> 00:44:54,240
greater picture

871

00:44:59,190 --> 00:44:56,880
which ultimately the ultimate truth

872

00:45:02,309 --> 00:44:59,200
would have to be that way

873

00:45:03,750 --> 00:45:02,319
um so

874

00:45:06,630 --> 00:45:03,760
the first thing we would have to do

875

00:45:10,230 --> 00:45:06,640
adnan is to find what the soul is

876

00:45:11,990 --> 00:45:10,240

what is the soul uh

877

00:45:14,069 --> 00:45:12,000

people have an impression and some

878

00:45:17,349 --> 00:45:14,079

people have a you know

879

00:45:18,230 --> 00:45:17,359

uh their own opinions what it is uh but

880

00:45:21,030 --> 00:45:18,240

if we

881

00:45:23,670 --> 00:45:21,040

look deeply let's say in the bible which

882

00:45:27,030 --> 00:45:23,680

addresses issues like this

883

00:45:30,630 --> 00:45:27,040

um the soul

884

00:45:35,270 --> 00:45:30,640

is the essence of what makes that person

885

00:45:38,790 --> 00:45:35,280

an individual so for example

886

00:45:43,470 --> 00:45:38,800

uh and here's how we would relate it

887

00:45:47,109 --> 00:45:43,480

if neutrinos

888

00:45:52,069 --> 00:45:47,119

materialized in the physical universe

889

00:45:55,589 --> 00:45:52,079

from a specific set of information

890

00:45:58,710 --> 00:45:55,599

that was contained in the

891

00:46:03,270 --> 00:45:58,720

quantum singularity

892

00:46:06,550 --> 00:46:03,280

prior to the big bang

893

00:46:09,990 --> 00:46:06,560

and that the universe and the

894

00:46:12,870 --> 00:46:10,000

information or the structures in it

895

00:46:13,990 --> 00:46:12,880

were materialized from the information

896

00:46:18,230 --> 00:46:14,000

that was in that quantum

897

00:46:20,829 --> 00:46:18,240

singularity we might also say

898

00:46:22,230 --> 00:46:20,839

that the human being is a

899

00:46:24,150 --> 00:46:22,240

materialization

900

00:46:26,950 --> 00:46:24,160

of the information that's contained in

901
00:46:33,430 --> 00:46:29,990
that each soul is unique

902
00:46:34,950 --> 00:46:33,440
and has a certain collection of

903
00:46:38,390 --> 00:46:34,960
information

904
00:46:41,510 --> 00:46:38,400
that distinguishes it from every other

905
00:46:44,230 --> 00:46:41,520
soul that ever lived

906
00:46:45,030 --> 00:46:44,240
and it ever will live many things are

907
00:46:46,309 --> 00:46:45,040
similar

908
00:46:48,710 --> 00:46:46,319
but there's some things that are

909
00:46:51,990 --> 00:46:48,720
different

910
00:46:53,750 --> 00:46:52,000
and so consequently if we define the

911
00:46:57,190 --> 00:46:53,760
soul

912
00:47:01,069 --> 00:46:57,200
in that way then we are looking at

913
00:47:05,270 --> 00:47:01,079

living beings that are being

914

00:47:08,069 --> 00:47:05,280

continuously materialized

915

00:47:13,829 --> 00:47:08,079

from the information that's contained in

916

00:47:21,190 --> 00:47:18,069

so thomas how would you then take this

917

00:47:23,270 --> 00:47:21,200

and apply to the subject that this

918

00:47:26,150 --> 00:47:23,280

channel deals a lot which is

919

00:47:26,470 --> 00:47:26,160

you know extraterrestrials ufos would it

920

00:47:29,750 --> 00:47:26,480

be

921

00:47:31,910 --> 00:47:29,760

the same approach as the universe took

922

00:47:34,230 --> 00:47:31,920

with us humans that it took with

923

00:47:35,109 --> 00:47:34,240

possibly other intelligent beings as

924

00:47:42,790 --> 00:47:35,119

well

925

00:47:45,270 --> 00:47:42,800

question uh at least for this channel

926
00:47:48,309 --> 00:47:45,280
now there's been a lot of study that's

927
00:47:50,150 --> 00:47:48,319
gone into ufology

928
00:47:52,470 --> 00:47:50,160
and we know that there's a lot of it

929
00:47:55,670 --> 00:47:52,480
that's been stagnated

930
00:48:01,510 --> 00:47:59,030
ufology enthusiasts that feel that

931
00:48:04,069 --> 00:48:01,520
they're basically running in the same

932
00:48:05,670 --> 00:48:04,079
circles over and over again

933
00:48:08,390 --> 00:48:05,680
that they're really not making any

934
00:48:13,910 --> 00:48:11,829
here's the challenge is that we're

935
00:48:17,670 --> 00:48:13,920
looking at a phenomena that occurs

936
00:48:20,630 --> 00:48:17,680
at a distance uh

937
00:48:22,470 --> 00:48:20,640
when we're talking about eu ufology and

938
00:48:25,030 --> 00:48:22,480

it's generally occurring at a

939

00:48:26,950 --> 00:48:25,040

at a scale that is larger than a human

940

00:48:31,030 --> 00:48:26,960

scale

941

00:48:33,109 --> 00:48:31,040

size wise but now

942

00:48:34,069 --> 00:48:33,119

let's take for a moment let's think

943

00:48:38,470 --> 00:48:34,079

about paranormal

944

00:48:41,990 --> 00:48:38,480

phenomena okay what we have

945

00:48:44,710 --> 00:48:42,000

we have a number of of

946

00:48:46,470 --> 00:48:44,720

effects that we see in paranormal

947

00:48:52,309 --> 00:48:46,480

phenomena

948

00:48:55,670 --> 00:48:54,549

information that is materializing in

949

00:48:59,270 --> 00:48:55,680

front of our eyes

950

00:49:01,430 --> 00:48:59,280

even if you hear a disembodied voice

951
00:49:02,309 --> 00:49:01,440
that's a non-local materialization

952
00:49:05,750 --> 00:49:02,319
because there's no

953
00:49:09,270 --> 00:49:05,760
vocal cords local to the sound

954
00:49:13,030 --> 00:49:09,280
and yet the sound is still materializing

955
00:49:16,630 --> 00:49:13,040
um we know that in

956
00:49:21,270 --> 00:49:16,640
in paranormal phenomena

957
00:49:24,470 --> 00:49:21,280
we have thermal effects

958
00:49:29,589 --> 00:49:24,480
which we could talk about if we get time

959
00:49:35,589 --> 00:49:32,950
we also have uh which is very

960
00:49:38,870 --> 00:49:35,599
interesting

961
00:49:40,710 --> 00:49:38,880
on the onset of paranormal love of a

962
00:49:44,309 --> 00:49:40,720
paranormal event

963
00:49:48,230 --> 00:49:44,319

uh investigators sometimes report

964

00:49:52,309 --> 00:49:48,240

the malfunctioning of their

965

00:49:58,470 --> 00:49:55,829

now the conventional explanation is all

966

00:50:00,630 --> 00:49:58,480

the spirit is drawing energy in order to

967

00:50:05,270 --> 00:50:00,640

materialize in order to manifest

968

00:50:09,030 --> 00:50:05,280

well guess what exact same phenomenon

969

00:50:14,390 --> 00:50:11,990

we're in a vicinity of a ufo sometimes a

970

00:50:17,829 --> 00:50:14,400

radio stops working the car stops it

971

00:50:23,430 --> 00:50:21,270

nobody ever says that the ufo

972

00:50:28,470 --> 00:50:23,440

is drawing energy from your car battery

973

00:50:28,480 --> 00:50:32,829

you see in paranormal phenomena

974

00:50:38,950 --> 00:50:35,750

manifestations like apparitions that

975

00:50:47,910 --> 00:50:43,750

sometimes you see poltergeist activity

976
00:50:50,790 --> 00:50:47,920
where objects move without any visible

977
00:50:52,870 --> 00:50:50,800
means of propulsion

978
00:50:56,710 --> 00:50:52,880
is this beginning to sound familiar

979
00:51:03,990 --> 00:51:00,710
so imagine

980
00:51:07,030 --> 00:51:04,000
if we were able

981
00:51:08,870 --> 00:51:07,040
to discover

982
00:51:11,270 --> 00:51:08,880
which i believe i've got the beginning

983
00:51:14,710 --> 00:51:11,280
parts of it

984
00:51:18,230 --> 00:51:14,720
what i call paranormal mechanics

985
00:51:22,230 --> 00:51:18,240
the apps the the actual physics

986
00:51:24,309 --> 00:51:22,240
has yet to be discovered physics that

987
00:51:27,270 --> 00:51:24,319
explains

988
00:51:29,670 --> 00:51:27,280

paranormal events because let's face it

989

00:51:30,710 --> 00:51:29,680

these events occur within the physical

990

00:51:33,270 --> 00:51:30,720

universe

991

00:51:35,270 --> 00:51:33,280

so they must conform to the laws and

992

00:51:36,230 --> 00:51:35,280

principles that govern the greater

993

00:51:39,829 --> 00:51:36,240

universe

994

00:51:43,670 --> 00:51:39,839

in which they are component

995

00:51:46,790 --> 00:51:43,680

if someone was able to

996

00:51:50,549 --> 00:51:46,800

unlock the physics behind

997

00:51:54,390 --> 00:51:50,559

paranormal events what could we do

998

00:52:00,870 --> 00:51:57,910

we could build we could affect any

999

00:52:08,390 --> 00:52:04,549

we could travel

1000

00:52:16,829 --> 00:52:12,950

and furthermore if the information

1001
00:52:19,910 --> 00:52:16,839
is being materialized from a non-local

1002
00:52:22,950 --> 00:52:19,920
source we could have things like

1003
00:52:27,910 --> 00:52:22,960
teleportation and materialization

1004
00:52:31,510 --> 00:52:27,920
gives us an insight into how alien craft

1005
00:52:34,230 --> 00:52:31,520
might be able to reach our local space

1006
00:52:36,069 --> 00:52:34,240
while bypassing the normal limitations

1007
00:52:39,030 --> 00:52:36,079
of space and time

1008
00:52:39,910 --> 00:52:39,040
where established physics says well we

1009
00:52:43,030 --> 00:52:39,920
you know people

1010
00:52:45,270 --> 00:52:43,040
uh aliens could not be coming

1011
00:52:46,309 --> 00:52:45,280
to us from a certain star system for

1012
00:52:49,589 --> 00:52:46,319
example

1013
00:52:51,349 --> 00:52:49,599

because it would just take too long

1014

00:52:52,630 --> 00:52:51,359

it would take too long and too much

1015

00:52:55,270 --> 00:52:52,640

energy to get here

1016

00:52:57,349 --> 00:52:55,280

too many hundreds of years or whatever

1017

00:53:02,790 --> 00:52:57,359

no

1018

00:53:05,349 --> 00:53:02,800

mastered the techniques or the or the

1019

00:53:08,069 --> 00:53:05,359

mechanics behind teleportation

1020

00:53:09,910 --> 00:53:08,079

which we know in paranormal uh uh

1021

00:53:15,030 --> 00:53:09,920

phenomena paranormally active

1022

00:53:17,589 --> 00:53:15,040

sites teleports can exist can happen

1023

00:53:20,069 --> 00:53:17,599

so here's the thing too adnan about

1024

00:53:23,910 --> 00:53:20,079

paranormal phenomena

1025

00:53:28,150 --> 00:53:23,920

it's local in terms of

1026

00:53:30,950 --> 00:53:28,160

it happens close at hand to us

1027

00:53:32,470 --> 00:53:30,960

sometimes right in front of us sometimes

1028

00:53:35,829 --> 00:53:32,480

just feet away

1029

00:53:39,990 --> 00:53:35,839

at a paranormally active site

1030

00:53:41,510 --> 00:53:40,000

and it's and it's on a human scale

1031

00:53:43,190 --> 00:53:41,520

we're not looking at something that

1032

00:53:46,309 --> 00:53:43,200

could be 300 feet across

1033

00:53:47,829 --> 00:53:46,319

10 000 feet in the air we're looking at

1034

00:53:49,829 --> 00:53:47,839

things on human scale

1035

00:53:53,109 --> 00:53:49,839

right in front of us in our own local

1036

00:54:00,069 --> 00:53:56,790

so the study of paranormal phenomena

1037

00:54:03,430 --> 00:54:00,079

in my opinion leads us to

1038

00:54:05,589 --> 00:54:03,440

insights into what a ufo might be

1039

00:54:09,430 --> 00:54:05,599

how it might be put together how it

1040

00:54:09,440 --> 00:54:15,109

as far as aliens think about this

1041

00:54:20,549 --> 00:54:17,270

remember i was talking about this system

1042

00:54:23,750 --> 00:54:20,559

and subsystem type of thing

1043

00:54:25,829 --> 00:54:23,760

and this is where these concepts opens

1044

00:54:28,150 --> 00:54:25,839

the door wide open it just

1045

00:54:30,390 --> 00:54:28,160

that's why i call my book behind the

1046

00:54:33,430 --> 00:54:30,400

cosmic veil because essentially

1047

00:54:34,549 --> 00:54:33,440

it tears the cosmic veil in two and

1048

00:54:38,870 --> 00:54:34,559

allows us to look

1049

00:54:42,390 --> 00:54:38,880

past it look beyond us um

1050

00:54:45,030 --> 00:54:42,400

if we are alive and we are a sub-system

1051
00:54:47,510 --> 00:54:45,040
of the greater universe

1052
00:54:49,750 --> 00:54:47,520
and the the laws and principles that

1053
00:54:52,470 --> 00:54:49,760
govern the formation of life are part of

1054
00:54:55,349 --> 00:54:52,480
the universal code

1055
00:54:57,270 --> 00:54:55,359
then anywhere in the universe that

1056
00:55:02,710 --> 00:54:57,280
conditions are right

1057
00:55:06,069 --> 00:55:05,750
it's an explanation as to why even in

1058
00:55:10,549 --> 00:55:06,079
our

1059
00:55:17,990 --> 00:55:13,910
scientists cannot figure out

1060
00:55:20,390 --> 00:55:18,000
how life arose from inanimate matter

1061
00:55:22,630 --> 00:55:20,400
they don't know how life ex how life

1062
00:55:25,910 --> 00:55:22,640
came into being

1063
00:55:29,990 --> 00:55:25,920

i always when the theory of evolution

1064

00:55:33,030 --> 00:55:30,000

i uh i always say about evolution

1065

00:55:35,750 --> 00:55:33,040

that it's a great theory but it is a

1066

00:55:38,630 --> 00:55:35,760

sentence that but it is a statement that

1067

00:55:40,789 --> 00:55:38,640

started in mid-sentence

1068

00:55:42,789 --> 00:55:40,799

the last half of the sentence looks

1069

00:55:46,829 --> 00:55:42,799

great

1070

00:55:48,390 --> 00:55:46,839

but the first half of the sentence is

1071

00:55:51,910 --> 00:55:48,400

missing

1072

00:55:56,549 --> 00:55:51,920

because evolution cannot define how life

1073

00:56:01,349 --> 00:55:58,829

so any kind of a spontaneous

1074

00:56:03,349 --> 00:56:01,359

materialization like that

1075

00:56:05,430 --> 00:56:03,359

see how i'm even using the same

1076

00:56:08,390 --> 00:56:05,440

terminologies

1077

00:56:10,190 --> 00:56:08,400

to describe all these different things

1078

00:56:11,750 --> 00:56:10,200

if life was a spontaneous

1079

00:56:14,470 --> 00:56:11,760

materialization

1080

00:56:16,710 --> 00:56:14,480

then laws and principles which can give

1081

00:56:18,950 --> 00:56:16,720

rise to life are programmed

1082

00:56:19,750 --> 00:56:18,960

into the laws and principles of the

1083

00:56:21,349 --> 00:56:19,760

universe

1084

00:56:23,109 --> 00:56:21,359

otherwise we would say that the

1085

00:56:26,150 --> 00:56:23,119

formation of life

1086

00:56:28,390 --> 00:56:26,160

breaks the laws of the universe and that

1087

00:56:30,789 --> 00:56:28,400

really cannot be

1088

00:56:32,309 --> 00:56:30,799

so if life formed here life can form

1089

00:56:35,109 --> 00:56:32,319

elsewhere

1090

00:56:38,069 --> 00:56:35,119

if intelligence can form here

1091

00:56:40,710 --> 00:56:38,079

intelligence can form elsewhere

1092

00:56:43,190 --> 00:56:40,720

and if creativity can form here

1093

00:56:46,309 --> 00:56:43,200

creativity can form elsewhere

1094

00:56:48,230 --> 00:56:46,319

anywhere in the universe where a

1095

00:56:51,430 --> 00:56:48,240

planetary environment

1096

00:56:54,710 --> 00:56:51,440

is sufficiently dynamic not like the

1097

00:56:57,990 --> 00:56:54,720

moon which is static and dead

1098

00:57:00,309 --> 00:56:58,000

or like mars which is almost static

1099

00:57:01,510 --> 00:57:00,319

but not quite but it's good to think of

1100

00:57:05,270 --> 00:57:01,520

the moon where it's static

1101

00:57:07,829 --> 00:57:05,280

it's dead there's no dynamism in it

1102

00:57:09,670 --> 00:57:07,839

uh there's no weather there's no

1103

00:57:11,910 --> 00:57:09,680

volcanoes there's no

1104

00:57:13,829 --> 00:57:11,920

plate tectonics there's there's none of

1105

00:57:17,829 --> 00:57:13,839

those dynamisms

1106

00:57:21,030 --> 00:57:17,839

are at work but that dynamic

1107

00:57:24,390 --> 00:57:21,040

state has to exist

1108

00:57:27,750 --> 00:57:24,400

for a long enough time

1109

00:57:31,030 --> 00:57:27,760

and i say anywhere uh planetary

1110

00:57:33,510 --> 00:57:31,040

conditions are sufficiently dynamic

1111

00:57:34,630 --> 00:57:33,520

and sufficiently stable on a long period

1112

00:57:37,670 --> 00:57:34,640

of time

1113

00:57:40,950 --> 00:57:37,680

life must form

1114

00:57:44,710 --> 00:57:40,960

it has to

1115

00:57:47,829 --> 00:57:44,720

it's just like taking two uh

1116

00:57:51,190 --> 00:57:47,839

atoms of hydrogen and one atom of oxygen

1117

00:57:53,430 --> 00:57:51,200

and combining them in a molecule under

1118

00:57:55,589 --> 00:57:53,440

standard temperature and pressure with a

1119

00:57:58,549 --> 00:57:55,599

sufficient gravitational field

1120

00:57:59,349 --> 00:57:58,559

to draw those atoms or those molecules

1121

00:58:02,789 --> 00:57:59,359

together

1122

00:58:05,589 --> 00:58:02,799

it must form water

1123

00:58:06,470 --> 00:58:05,599

it must form a clear liquid we call

1124

00:58:08,390 --> 00:58:06,480

water

1125

00:58:14,789 --> 00:58:08,400

anywhere in the universe where those

1126

00:58:19,990 --> 00:58:18,069

so thomas i have to check back just a

1127

00:58:21,430 --> 00:58:20,000

little bit so can you go more into the

1128

00:58:23,990 --> 00:58:21,440

information or the

1129

00:58:25,670 --> 00:58:24,000

the part where you were you're trying to

1130

00:58:28,390 --> 00:58:25,680

say something about

1131

00:58:28,950 --> 00:58:28,400

how especially people that that are into

1132

00:58:30,950 --> 00:58:28,960

ghosts

1133

00:58:31,990 --> 00:58:30,960

and would say uh you know the ghost is

1134

00:58:34,710 --> 00:58:32,000

draining energy

1135

00:58:36,630 --> 00:58:34,720

from this area or ufos you know weird

1136

00:58:38,069 --> 00:58:36,640

things happen

1137

00:58:39,990 --> 00:58:38,079

can you maybe explain a little bit more

1138

00:58:43,670 --> 00:58:40,000

what you think that is so is it just a

1139

00:58:46,230 --> 00:58:43,680

uh basically a shifting around of of

1140

00:58:47,750 --> 00:58:46,240

molecules that are within that area ah

1141

00:58:53,670 --> 00:58:47,760

good question

1142

00:59:00,789 --> 00:58:57,109

and again adam the the theory

1143

00:59:01,910 --> 00:59:00,799

of of the big bang has been staring us

1144

00:59:04,950 --> 00:59:01,920

in the face for

1145

00:59:07,349 --> 00:59:04,960

decades and no one had

1146

00:59:09,349 --> 00:59:07,359

recognized what the significance of it

1147

00:59:14,470 --> 00:59:09,359

is

1148

00:59:20,870 --> 00:59:14,480

the first thing that arose

1149

00:59:26,870 --> 00:59:24,069

and then the information for

1150

00:59:27,750 --> 00:59:26,880

the the the primary the elementary

1151

00:59:31,030 --> 00:59:27,760

particles

1152

00:59:34,549 --> 00:59:31,040

began to materialize

1153

00:59:35,990 --> 00:59:34,559

within the fabric the geometry the

1154

00:59:39,750 --> 00:59:36,000

scaffolding

1155

00:59:41,829 --> 00:59:39,760

the framework of that spatial field

1156

00:59:44,390 --> 00:59:41,839

einstein taught us the space-time is

1157

00:59:46,390 --> 00:59:44,400

actually a substantive field

1158

00:59:47,910 --> 00:59:46,400

it's not an empty nothingness like

1159

00:59:50,230 --> 00:59:47,920

newton said

1160

00:59:52,549 --> 00:59:50,240

it actually is a substantive field that

1161

00:59:55,990 --> 00:59:52,559

can bend light

1162

01:00:00,870 --> 00:59:58,870

now that happened when there was no

1163

01:00:08,150 --> 01:00:00,880

universe

1164

01:00:12,549 --> 01:00:08,160

but let's say if we had a little kind of

1165

01:00:19,030 --> 01:00:15,270

let's say for example it happened in a

1166

01:00:21,030 --> 01:00:19,040

in a living room in a haunted house

1167

01:00:22,309 --> 01:00:21,040

what would be the first thing we would

1168

01:00:29,109 --> 01:00:22,319

see

1169

01:00:32,950 --> 01:00:29,119

bubble of space time

1170

01:00:35,910 --> 01:00:32,960

it would begin to emerge from

1171

01:00:38,549 --> 01:00:35,920

a super physical source from a source

1172

01:00:41,270 --> 01:00:38,559

outside the physical

1173

01:00:42,710 --> 01:00:41,280

now if it happened in a vacuum that

1174

01:00:45,270 --> 01:00:42,720

would be one thing

1175

01:00:46,789 --> 01:00:45,280

but it's happening in local space with

1176

01:00:50,549 --> 01:00:46,799

what einstein called

1177

01:00:51,510 --> 01:00:50,559

physical content so what's happening is

1178

01:00:54,829 --> 01:00:51,520

the physical

1179

01:00:58,630 --> 01:00:54,839

content that is

1180

01:01:00,870 --> 01:00:58,640

occupying the space that's beginning to

1181

01:01:04,069 --> 01:01:00,880

bend

1182

01:01:07,750 --> 01:01:04,079

will get distorted

1183

01:01:11,670 --> 01:01:10,069

now what happens when we when we

1184

01:01:14,309 --> 01:01:11,680

compress

1185

01:01:18,069 --> 01:01:14,319

uh atoms and molecules they become

1186

01:01:21,349 --> 01:01:19,750

and one of the things that happens when

1187

01:01:24,710 --> 01:01:21,359

they're excited

1188

01:01:27,430 --> 01:01:24,720

is that the electrons the electrons

1189

01:01:29,589 --> 01:01:27,440

jump up in their higher valences inside

1190

01:01:32,349 --> 01:01:29,599

the atoms

1191

01:01:35,109 --> 01:01:32,359

and so what you would measure is an

1192

01:01:40,390 --> 01:01:35,119

electromagnetic field emerging from

1193

01:01:46,870 --> 01:01:43,670

so the excitation of these

1194

01:01:49,910 --> 01:01:46,880

atoms and molecules and the and the

1195

01:01:52,870 --> 01:01:49,920

particles they're made of occupying

1196

01:01:53,670 --> 01:01:52,880

that rim that edge of that expanding

1197

01:01:57,670 --> 01:01:53,680

bubble

1198

01:02:01,990 --> 01:01:59,589

would produce an electromagnetic

1199

01:02:03,990 --> 01:02:02,000

magnetic field

1200

01:02:07,910 --> 01:02:04,000

another thing that the excitement of

1201

01:02:10,549 --> 01:02:07,920

those electrons would cause

1202

01:02:11,190 --> 01:02:10,559

is that they would as they drop back

1203

01:02:15,109 --> 01:02:11,200

down

1204

01:02:17,270 --> 01:02:15,119

in their valences they emit photons

1205

01:02:23,270 --> 01:02:17,280

so we would have a luminous phenomena

1206

01:02:28,789 --> 01:02:25,990

we see it every day we make use of it

1207

01:02:31,910 --> 01:02:28,799

all the time in our modern world

1208

01:02:35,349 --> 01:02:31,920

where we excite

1209

01:02:38,549 --> 01:02:35,359

a material with a flow of electrons

1210

01:02:42,710 --> 01:02:38,559

it causes the electrons in those

1211

01:02:44,549 --> 01:02:42,720

orbits to jump up into higher orbits a

1212

01:02:47,270 --> 01:02:44,559

higher energy

1213

01:02:49,430 --> 01:02:47,280

a level when they drop back down they

1214

01:02:53,910 --> 01:02:49,440

emit photons

1215

01:02:57,109 --> 01:02:56,230

that's how we have light emitting diodes

1216

01:03:00,710 --> 01:02:57,119

that can emit

1217

01:03:06,309 --> 01:03:00,720

photons without having a filament like

1218

01:03:13,029 --> 01:03:09,349

another thing that would happen is that

1219

01:03:15,589 --> 01:03:13,039

we would see a heat signature

1220

01:03:16,230 --> 01:03:15,599

because that pressure in that activity

1221

01:03:19,990 --> 01:03:16,240

in that

1222

01:03:23,349 --> 01:03:20,000

skin around that bubble is generating

1223

01:03:30,150 --> 01:03:27,069

so we would also see heat

1224

01:03:33,990 --> 01:03:30,160

electromagnetic electromagnetism

1225

01:03:38,309 --> 01:03:37,029

now when that's expanding in in in

1226

01:03:40,069 --> 01:03:38,319

physical content

1227

01:03:41,430 --> 01:03:40,079

we're talking about the atmosphere here

1228

01:03:46,069 --> 01:03:41,440

air that would be

1229

01:03:51,670 --> 01:03:49,190

one of the things that would happen

1230

01:03:56,069 --> 01:03:51,680

is that it would create a temporary

1231

01:04:00,470 --> 01:03:59,109

oh and that would explain the the

1232

01:04:03,430 --> 01:04:00,480

temperature shift is that what you're

1233

01:04:07,430 --> 01:04:03,440

implying yeah

1234

01:04:10,789 --> 01:04:07,440

because we know adnan from basic science

1235

01:04:12,309 --> 01:04:10,799

that heat energy let's say in local

1236

01:04:15,510 --> 01:04:12,319

space in your house

1237

01:04:19,270 --> 01:04:15,520

is stored in the you know

1238

01:04:22,390 --> 01:04:19,280

it's held in the uh atoms and molecules

1239

01:04:25,510 --> 01:04:22,400

that comprise the air

1240

01:04:28,150 --> 01:04:25,520

you reduce those particles

1241

01:04:29,750 --> 01:04:28,160

those atoms and molecules in a given

1242

01:04:34,069 --> 01:04:29,760

cubic feet of space

1243

01:04:37,430 --> 01:04:34,079

and the temperature will drop inside

1244

01:04:38,710 --> 01:04:37,440

so now we have a cold spot but on the

1245

01:04:42,950 --> 01:04:38,720

outside

1246

01:04:45,510 --> 01:04:42,960

where the expanding bubble is pushing

1247

01:04:47,829 --> 01:04:45,520

we would have a heat signature this is

1248

01:04:50,789 --> 01:04:47,839

how paranormal investigators

1249

01:04:55,270 --> 01:04:50,799

see heat signatures and feel cold spots

1250

01:04:57,589 --> 01:04:55,280

at the same time

1251

01:04:59,990 --> 01:04:57,599

another thing that accompanies an

1252

01:05:04,630 --> 01:05:00,000

expanding bubble of space-time

1253

01:05:07,990 --> 01:05:06,829

now these are known scientific

1254

01:05:09,990 --> 01:05:08,000

principles

1255

01:05:11,270 --> 01:05:10,000

they're just they've never been applied

1256

01:05:13,750 --> 01:05:11,280

this way before

1257

01:05:14,549 --> 01:05:13,760

because we didn't have an operational

1258

01:05:18,230 --> 01:05:14,559

theory

1259

01:05:23,670 --> 01:05:18,240

that put all these ideas together

1260

01:05:27,510 --> 01:05:23,680

and i'll explain that in a second uh

1261

01:05:30,630 --> 01:05:27,520

it would create a gravitational field

1262

01:05:32,390 --> 01:05:30,640

an expanding bubble of space-time and

1263

01:05:35,990 --> 01:05:32,400

this is very interesting because

1264

01:05:37,910 --> 01:05:36,000

einstein worked on this too

1265

01:05:40,309 --> 01:05:37,920

this is where he came up with his

1266

01:05:43,990 --> 01:05:40,319

wormhole theory

1267

01:05:46,309 --> 01:05:44,000

um or what's called more scientifically

1268

01:05:49,990 --> 01:05:46,319

an einstein rosenbridge

1269

01:05:52,470 --> 01:05:50,000

he was trying to theorize a structure

1270

01:05:54,309 --> 01:05:52,480

of an expanding opening in physical

1271

01:05:57,750 --> 01:05:54,319

space

1272

01:06:01,510 --> 01:05:57,760

that would create a gravitational field

1273

01:06:05,750 --> 01:06:01,520

without having physical mass

1274

01:06:09,270 --> 01:06:05,760

to create it that's that's a wormhole

1275

01:06:12,630 --> 01:06:09,280

um so isn't it funny that paranormal

1276
01:06:15,510 --> 01:06:12,640
investigators sometimes just before the

1277
01:06:17,990 --> 01:06:15,520
onset of a paranormal event

1278
01:06:20,710 --> 01:06:18,000
they they report having a feeling of

1279
01:06:24,390 --> 01:06:22,710
and it's they always use the same word

1280
01:06:26,390 --> 01:06:24,400
adnan

1281
01:06:29,029 --> 01:06:26,400
they never call it anything else now we

1282
01:06:30,829 --> 01:06:29,039
all know what heaviness would feel like

1283
01:06:33,349 --> 01:06:30,839
if you're in a roller coaster or

1284
01:06:36,710 --> 01:06:33,359
something

1285
01:06:41,589 --> 01:06:36,720
so this model of what i call an

1286
01:06:48,230 --> 01:06:45,029
can give explanations to all

1287
01:06:50,069 --> 01:06:48,240
not just one phenomenon but all the

1288
01:06:53,589 --> 01:06:50,079

collection of phenomena

1289

01:06:57,270 --> 01:06:53,599

that we see at a paranormal event

1290

01:06:59,430 --> 01:06:57,280

uh or or paranormally active site

1291

01:07:00,870 --> 01:06:59,440

uh there's more to it than this too

1292

01:07:06,069 --> 01:07:00,880

there's other things that this

1293

01:07:10,069 --> 01:07:09,029

for example evps where they record

1294

01:07:11,990 --> 01:07:10,079

something on

1295

01:07:14,789 --> 01:07:12,000

electronic device that it's not heard

1296

01:07:17,029 --> 01:07:14,799

with the ears well

1297

01:07:18,630 --> 01:07:17,039

if you have an expanding bubble of space

1298

01:07:21,510 --> 01:07:18,640

time

1299

01:07:24,470 --> 01:07:21,520

and information vocal information is

1300

01:07:28,069 --> 01:07:24,480

materializing within that bubble

1301

01:07:31,670 --> 01:07:28,079

the surface of that bubble will begin

1302

01:07:34,069 --> 01:07:31,680

to resonate with that materializing

1303

01:07:38,630 --> 01:07:34,079

vocalization

1304

01:07:41,910 --> 01:07:38,640

it could cause an audible phenomena

1305

01:07:43,029 --> 01:07:41,920

from the acoustical waves that are being

1306

01:07:46,910 --> 01:07:43,039

given off

1307

01:07:49,990 --> 01:07:46,920

by that surface but it can also cause an

1308

01:07:52,309 --> 01:07:50,000

electromagnetic phenomenon

1309

01:07:54,710 --> 01:07:52,319

where the information is conveyed via an

1310

01:07:57,349 --> 01:07:54,720

electromagnetic compression wave

1311

01:07:58,789 --> 01:07:57,359

to the recording device that the ear

1312

01:08:00,870 --> 01:07:58,799

cannot hear

1313

01:08:04,230 --> 01:08:00,880

because the ear can't hear

1314

01:08:07,829 --> 01:08:04,240

electromagnetic compression waves

1315

01:08:14,309 --> 01:08:11,430

so connecting uh two questions

1316

01:08:14,870 --> 01:08:14,319

um so first one is kind of along the

1317

01:08:20,229 --> 01:08:14,880

same

1318

01:08:23,269 --> 01:08:20,239

discussing so if there was to

1319

01:08:25,829 --> 01:08:23,279

would it be a matter of physical

1320

01:08:27,189 --> 01:08:25,839

matter that basically let's say in case

1321

01:08:30,870 --> 01:08:27,199

of a ufo

1322

01:08:31,990 --> 01:08:30,880

uh or not so much a ghost that if a

1323

01:08:34,870 --> 01:08:32,000

person was

1324

01:08:36,550 --> 01:08:34,880

within that same area and something was

1325

01:08:39,510 --> 01:08:36,560

basically materializing

1326

01:08:39,829 --> 01:08:39,520

could that cause damage to to somebody

1327

01:08:42,470 --> 01:08:39,839

or

1328

01:08:42,950 --> 01:08:42,480

would we only feel it in in these you

1329

01:08:45,430 --> 01:08:42,960

know

1330

01:08:46,950 --> 01:08:45,440

impressions in things like cold and

1331

01:08:47,910 --> 01:08:46,960

heaviness and things like that or would

1332

01:08:51,189 --> 01:08:47,920

there be

1333

01:08:53,510 --> 01:08:51,199

actual harm happening well it could be

1334

01:08:55,669 --> 01:08:53,520

harmful to people and people have gotten

1335

01:08:57,749 --> 01:08:55,679

sick and nauseated

1336

01:09:00,470 --> 01:08:57,759

when these events began to occur i mean

1337

01:09:02,789 --> 01:09:00,480

if you're bending the space

1338

01:09:03,990 --> 01:09:02,799

that your body's occupying it's going to

1339

01:09:06,950 --> 01:09:04,000

react to it

1340

01:09:08,550 --> 01:09:06,960

of course if the space is bending in a

1341

01:09:10,709 --> 01:09:08,560

sufficient way

1342

01:09:14,149 --> 01:09:10,719

everything is bending at the same time

1343

01:09:18,229 --> 01:09:14,159

so you can't detect it physically

1344

01:09:22,149 --> 01:09:18,239

um but yes there's another aspect of it

1345

01:09:26,390 --> 01:09:22,159

too that was accidentally stumbled upon

1346

01:09:29,510 --> 01:09:28,070

by another paranormal researcher

1347

01:09:35,030 --> 01:09:29,520

investigator

1348

01:09:37,430 --> 01:09:35,040

um wanna if if these little

1349

01:09:39,510 --> 01:09:37,440

openings what you would call a event

1350

01:09:42,470 --> 01:09:39,520

horizon

1351

01:09:45,110 --> 01:09:42,480

um i call it an expanding deflualential

1352

01:09:48,709 --> 01:09:45,120

field bubble

1353

01:09:49,990 --> 01:09:48,719

he called it a wormhole he felt that a

1354

01:09:53,669 --> 01:09:50,000

wormhole

1355

01:09:56,950 --> 01:09:53,679

was actually opening in local space

1356

01:10:00,630 --> 01:09:56,960

one of the things that we know

1357

01:10:04,229 --> 01:10:00,640

that happened in the early universe

1358

01:10:06,149 --> 01:10:04,239

is that when when the universe began to

1359

01:10:08,950 --> 01:10:06,159

materialize one of the

1360

01:10:12,149 --> 01:10:08,960

exotic particles that was created was

1361

01:10:17,030 --> 01:10:15,350

and antimatter when it collides with

1362

01:10:19,430 --> 01:10:17,040

matter

1363

01:10:22,070 --> 01:10:19,440

there's little tiny microscopic you know

1364

01:10:24,870 --> 01:10:22,080

uh subatomic explosions

1365

01:10:27,750 --> 01:10:24,880

but what they do adnan is give off gamma

1366

01:10:34,149 --> 01:10:30,790

and he started testing for

1367

01:10:36,390 --> 01:10:34,159

gamma at paranormal sites and was able

1368

01:10:40,149 --> 01:10:36,400

to detect it

1369

01:10:43,669 --> 01:10:40,159

in places where no known

1370

01:10:45,910 --> 01:10:43,679

normal source could create gamma

1371

01:10:46,709 --> 01:10:45,920

radiation of that intensity we're

1372

01:10:49,430 --> 01:10:46,719

talking about

1373

01:10:49,910 --> 01:10:49,440

inside nuclear reactors we're talking

1374

01:10:54,310 --> 01:10:49,920

about

1375

01:10:56,790 --> 01:10:54,320

get gamma you need to

1376

01:10:59,669 --> 01:10:56,800

generate a lot of energy unless you have

1377

01:11:03,110 --> 01:10:59,679

any matter

1378

01:11:06,149 --> 01:11:03,120

and so he became in fact in one uh

1379

01:11:08,550 --> 01:11:06,159

one site that the gamma was rating was

1380

01:11:13,350 --> 01:11:08,560

was rising so high that he asked his

1381

01:11:16,550 --> 01:11:13,360

investigative team to leave the room

1382

01:11:18,790 --> 01:11:16,560

because it was reaching dangerous levels

1383

01:11:20,229 --> 01:11:18,800

can i ask you the the second question uh

1384

01:11:23,510 --> 01:11:20,239

before you go too far

1385

01:11:24,630 --> 01:11:23,520

so anyway this will almost force it to

1386

01:11:27,510 --> 01:11:24,640

change the subject

1387

01:11:28,229 --> 01:11:27,520

maybe so um i only know it as have you

1388

01:11:31,669 --> 01:11:28,239

heard of the

1389

01:11:33,910 --> 01:11:31,679

two-slit experiment oh absolutely okay

1390

01:11:36,070 --> 01:11:33,920

so based on your understanding of what

1391

01:11:38,149 --> 01:11:36,080

you've what you've written about

1392

01:11:39,990 --> 01:11:38,159

looking at that experiment and what had

1393

01:11:41,910 --> 01:11:40,000

happened can you analyze it and kind of

1394

01:11:44,229 --> 01:11:41,920

give me your thoughts on that

1395

01:11:46,310 --> 01:11:44,239

yes absolutely and this has been

1396

01:11:49,669 --> 01:11:46,320

postulated before

1397

01:11:51,910 --> 01:11:49,679

david baum one of the greatest

1398

01:11:54,630 --> 01:11:51,920

physicists of the 20th century

1399

01:11:55,830 --> 01:11:54,640

by no means a fringe or a quack he was

1400

01:11:59,270 --> 01:11:55,840

mainstream

1401

01:12:01,510 --> 01:11:59,280

and at the top of his field uh

1402

01:12:03,110 --> 01:12:01,520

he stated once that the two-slit

1403

01:12:06,870 --> 01:12:03,120

experiment

1404

01:12:10,950 --> 01:12:06,880

uh is is the

1405

01:12:14,390 --> 01:12:10,960

only mystery

1406

01:12:17,110 --> 01:12:14,400

of quantum mechanics

1407

01:12:20,470 --> 01:12:17,120

and the entire mystery of quantum

1408

01:12:26,950 --> 01:12:24,070

and what we're looking at you know

1409

01:12:27,750 --> 01:12:26,960

because part of the two-slit experiment

1410

01:12:32,709 --> 01:12:27,760

uh

1411

01:12:36,550 --> 01:12:32,719

is that we have waves of interference

1412

01:12:39,910 --> 01:12:36,560

that result on the projection screen

1413

01:12:43,990 --> 01:12:39,920

so to speak and what's weird about

1414

01:12:47,189 --> 01:12:44,000

it is if they fire one photon at a time

1415

01:12:47,990 --> 01:12:47,199

collectively those photons create the

1416

01:12:51,430 --> 01:12:48,000

same

1417

01:12:54,470 --> 01:12:51,440

interference pattern on the screen

1418

01:12:57,350 --> 01:12:54,480

as if every photon knew exactly

1419

01:12:58,390 --> 01:12:57,360

what happened before and what happened

1420

01:12:59,910 --> 01:12:58,400

afterwards

1421

01:13:02,470 --> 01:12:59,920

or what was going to happen in the

1422

01:13:07,189 --> 01:13:02,480

future so it could take its proper place

1423

01:13:07,199 --> 01:13:12,310

so according to my theory

1424

01:13:19,590 --> 01:13:15,430

what the two slit experiment

1425

01:13:23,510 --> 01:13:19,600

uh illustrates is the fact

1426

01:13:25,910 --> 01:13:23,520

that there is a greater reality

1427

01:13:31,590 --> 01:13:25,920

there's a non-physical reality from

1428

01:13:37,030 --> 01:13:34,630

and so it's that non-physical

1429

01:13:39,669 --> 01:13:37,040

or pre-physical or super physical or

1430

01:13:44,630 --> 01:13:39,679

super geometric

1431

01:13:48,870 --> 01:13:44,640

that determines where these electrons

1432

01:13:54,149 --> 01:13:52,070

they are what's causing the interference

1433

01:13:55,270 --> 01:13:54,159

pattern because the interference pattern

1434

01:13:59,990 --> 01:13:55,280

is part of

1435

01:14:05,430 --> 01:14:00,000

what generates them um

1436

01:14:08,470 --> 01:14:05,440

louis de broglie it was 1923

1437

01:14:09,189 --> 01:14:08,480

uh wrote a paper where he introduced the

1438

01:14:12,870 --> 01:14:09,199

idea

1439

01:14:15,430 --> 01:14:12,880
of guide waves

1440

01:14:17,270 --> 01:14:15,440
that he believed the entire two-slit

1441

01:14:20,709 --> 01:14:17,280
experiment

1442

01:14:23,750 --> 01:14:20,719
was being uh established

1443

01:14:27,510 --> 01:14:23,760
determined by what he called

1444

01:14:34,149 --> 01:14:31,030
um but in his work

1445

01:14:37,830 --> 01:14:34,159
he believed the guide waves were

1446

01:14:40,630 --> 01:14:37,840
emerging from the experimental

1447

01:14:42,630 --> 01:14:40,640
system itself again we're talking about

1448

01:14:45,510 --> 01:14:42,640
a system and the subsystems that are

1449

01:14:48,709 --> 01:14:45,520
generated by it

1450

01:14:54,070 --> 01:14:48,719
according to my theory those guide waves

1451

01:14:59,350 --> 01:14:57,110

so that the waves actually materialize

1452

01:15:01,189 --> 01:14:59,360

into the experiment

1453

01:15:02,950 --> 01:15:01,199

so you took a long break i thought uh

1454

01:15:03,720 --> 01:15:02,960

you were you were ready for me even the

1455

01:15:05,270 --> 01:15:03,730

next question

1456

01:15:07,510 --> 01:15:05,280

[Laughter]

1457

01:15:08,790 --> 01:15:07,520

so is there anything else you wanted to

1458

01:15:11,669 --> 01:15:08,800

to cover in this

1459

01:15:12,310 --> 01:15:11,679

and uh this can then prelude to

1460

01:15:14,630 --> 01:15:12,320

questions

1461

01:15:16,229 --> 01:15:14,640

so that uh if people have any please

1462

01:15:17,990 --> 01:15:16,239

start go ahead and

1463

01:15:19,750 --> 01:15:18,000

put any questions in there but is there

1464

01:15:22,950 --> 01:15:19,760

anything else that you wanted to

1465

01:15:25,510 --> 01:15:22,960

cover subject-wise oh my goodness well

1466

01:15:28,790 --> 01:15:25,520

there there's a whole

1467

01:15:31,910 --> 01:15:28,800

there's a whole slew of implications

1468

01:15:32,470 --> 01:15:31,920

uh from this theory we could talk for

1469

01:15:36,229 --> 01:15:32,480

hours

1470

01:15:40,149 --> 01:15:36,239

about it uh various aspects of it uh

1471

01:15:45,270 --> 01:15:40,159

but again if if i wanted to to go back

1472

01:15:48,950 --> 01:15:45,280

uh to the idea about ufos about ufology

1473

01:15:51,510 --> 01:15:48,960

uh i really believe that the study of

1474

01:15:54,870 --> 01:15:51,520

paranormal phenomena

1475

01:16:00,709 --> 01:15:54,880

would allow us to discover

1476

01:16:06,790 --> 01:16:03,990

and that that in turn

1477

01:16:09,350 --> 01:16:06,800

would allow us to build technology based

1478

01:16:11,189 --> 01:16:09,360

on those principles

1479

01:16:15,990 --> 01:16:11,199

that would pretty much be able to

1480

01:16:19,350 --> 01:16:17,590

and one thing i did want to mention

1481

01:16:22,550 --> 01:16:19,360

about theory

1482

01:16:23,830 --> 01:16:22,560

and i talk about this uh in my book

1483

01:16:28,709 --> 01:16:23,840

actually

1484

01:16:32,709 --> 01:16:28,719

uh for centuries

1485

01:16:36,229 --> 01:16:32,719

people have known what

1486

01:16:40,550 --> 01:16:38,470

they could tell you what they how they

1487

01:16:43,070 --> 01:16:40,560

behaved

1488

01:16:47,430 --> 01:16:43,080

uh they would know all the

1489

01:16:51,350 --> 01:16:50,310

just like in paranormal phenomena any

1490

01:16:53,669 --> 01:16:51,360

researcher or

1491

01:16:55,110 --> 01:16:53,679

enthusiast could tell you all the things

1492

01:16:59,830 --> 01:16:55,120

that happen

1493

01:17:03,110 --> 01:16:59,840

at a paranormally active site same thing

1494

01:17:05,110 --> 01:17:03,120

volcanoes same thing we've known them

1495

01:17:06,790 --> 01:17:05,120

for centuries we know exactly what

1496

01:17:10,470 --> 01:17:06,800

happens

1497

01:17:14,709 --> 01:17:10,480

when they manifest when they materialize

1498

01:17:16,950 --> 01:17:14,719

but we didn't know what their cause was

1499

01:17:18,070 --> 01:17:16,960

and we didn't understand what the

1500

01:17:22,310 --> 01:17:18,080

underlying

1501

01:17:26,310 --> 01:17:22,320

mechanics were of it until

1502

01:17:30,590 --> 01:17:26,320

in the late 1950s early 1960s

1503

01:17:37,590 --> 01:17:33,669

reintroduced an idea that was first

1504

01:17:41,189 --> 01:17:37,600

introduced by sir francis bacon

1505

01:17:44,630 --> 01:17:41,199

the idea of continental drift

1506

01:17:49,350 --> 01:17:44,640

in fact up until this time

1507

01:17:51,270 --> 01:17:49,360

a geologist could be blacklisted

1508

01:17:55,669 --> 01:17:51,280

for supporting the idea that there was

1509

01:17:59,910 --> 01:17:57,910

younger people don't understand this

1510

01:18:03,110 --> 01:17:59,920

they don't remember

1511

01:18:06,229 --> 01:18:03,120

back in that day when those

1512

01:18:07,830 --> 01:18:06,239

principles were unknown and in fact they

1513

01:18:10,390 --> 01:18:07,840

were considered taboo

1514

01:18:12,310 --> 01:18:10,400

when i went to school one of the things

1515

01:18:14,390 --> 01:18:12,320

that they thought that could have caused

1516

01:18:17,830 --> 01:18:14,400

the craters on earth

1517

01:18:18,149 --> 01:18:17,840

or on the moon was that when the moon

1518

01:18:23,110 --> 01:18:18,159

was

1519

01:18:26,070 --> 01:18:23,120

liquid inside that bubbles came out

1520

01:18:28,790 --> 01:18:26,080

from the core and when they reached the

1521

01:18:30,709 --> 01:18:28,800

cold air they popped

1522

01:18:32,630 --> 01:18:30,719

and that's what caused the crater on the

1523

01:18:34,550 --> 01:18:32,640

moon

1524

01:18:35,910 --> 01:18:34,560

trust me i'm old enough to remember

1525

01:18:37,510 --> 01:18:35,920

being taught that that was

1526

01:18:39,270 --> 01:18:37,520

one of the things they thought it could

1527

01:18:41,510 --> 01:18:39,280

be anyway

1528

01:18:43,830 --> 01:18:41,520

we didn't understand what was actually

1529

01:18:46,950 --> 01:18:43,840

causing

1530

01:18:49,430 --> 01:18:46,960

earthquakes and volcanoes until the idea

1531

01:18:52,550 --> 01:18:49,440

of continental drift was revisited

1532

01:18:55,189 --> 01:18:52,560

and revisited seriously

1533

01:18:57,189 --> 01:18:55,199

and from that came the theory of plate

1534

01:19:00,229 --> 01:18:57,199

tectonics

1535

01:19:03,110 --> 01:19:00,239

now here's the crazy thing

1536

01:19:03,750 --> 01:19:03,120

once we understood plate tectonics and

1537

01:19:06,790 --> 01:19:03,760

how the

1538

01:19:09,510 --> 01:19:06,800

continental plates move

1539

01:19:10,550 --> 01:19:09,520

and collide and drift underneath of each

1540

01:19:13,750 --> 01:19:10,560

other

1541

01:19:16,950 --> 01:19:13,760

and the effects that that causes

1542

01:19:19,350 --> 01:19:16,960

now even a school child could explain

1543

01:19:23,189 --> 01:19:19,360

the basic mechanics

1544

01:19:27,350 --> 01:19:23,199

of an earthquake that for centuries

1545

01:19:30,950 --> 01:19:27,360

escaped the greatest minds in the field

1546

01:19:34,390 --> 01:19:30,960

we also now know that volcanoes are

1547

01:19:36,870 --> 01:19:34,400

caused by the same kind of activity

1548

01:19:39,030 --> 01:19:36,880

see we never knew before that

1549

01:19:41,590 --> 01:19:39,040

earthquakes and volcanoes

1550

01:19:43,430 --> 01:19:41,600

were caused by the same underlying

1551

01:19:47,270 --> 01:19:43,440
events

1552

01:19:51,430 --> 01:19:47,280
and as an added bonus adnan

1553

01:19:53,590 --> 01:19:51,440
we understood from that theory

1554

01:19:54,709 --> 01:19:53,600
that plate tectonics was also

1555

01:19:58,070 --> 01:19:54,719
responsible for

1556

01:20:00,790 --> 01:19:58,080
mountain formations

1557

01:20:03,350 --> 01:20:00,800
it was a free bonus it was like a bonus

1558

01:20:07,110 --> 01:20:03,360
piece of information here it is

1559

01:20:09,110 --> 01:20:07,120
you know now you can see and the only

1560

01:20:14,070 --> 01:20:09,120
difference

1561

01:20:17,189 --> 01:20:14,080
between coming upon that knowledge

1562

01:20:20,470 --> 01:20:17,199
and not knowing what was going on was

1563

01:20:20,950 --> 01:20:20,480

the theoretical model to plug all the

1564

01:20:24,550 --> 01:20:20,960

data

1565

01:20:25,669 --> 01:20:24,560

into we didn't have to come up with any

1566

01:20:28,709 --> 01:20:25,679

new findings

1567

01:20:31,110 --> 01:20:28,719

we had findings for centuries

1568

01:20:31,990 --> 01:20:31,120

but it was only the theoretical model

1569

01:20:35,110 --> 01:20:32,000

that put it all

1570

01:20:37,189 --> 01:20:35,120

together and made everything make sense

1571

01:20:38,470 --> 01:20:37,199

and now it's perfectly understandable

1572

01:20:41,270 --> 01:20:38,480

whereas before

1573

01:20:44,830 --> 01:20:41,280

you know not 75 years ago it was a

1574

01:20:49,910 --> 01:20:48,229

uh super geometric theory is one of

1575

01:20:52,870 --> 01:20:49,920

those ideas it's one of those

1576

01:20:53,669 --> 01:20:52,880

theories that takes all these disparate

1577

01:20:57,030 --> 01:20:53,679

pieces of

1578

01:20:58,830 --> 01:20:57,040

of factoids and puts them together in a

1579

01:21:01,350 --> 01:20:58,840

consistent

1580

01:21:05,030 --> 01:21:01,360

model that

1581

01:21:07,910 --> 01:21:05,040

theoretical model

1582

01:21:14,229 --> 01:21:07,920

so many things are plain as day whereas

1583

01:21:14,790 --> 01:21:14,239

before they were shrouded in mystery so

1584

01:21:16,790 --> 01:21:14,800

um

1585

01:21:18,149 --> 01:21:16,800

so everyone else watching if you would

1586

01:21:20,229 --> 01:21:18,159

like to ask a question of

1587

01:21:21,990 --> 01:21:20,239

thomas simply submit it in the in the

1588

01:21:24,229 --> 01:21:22,000

chat with the three stars

1589

01:21:25,830 --> 01:21:24,239

so we'll be waiting for those but thomas

1590

01:21:27,510 --> 01:21:25,840

i wanted to ask you something

1591

01:21:29,669 --> 01:21:27,520

something i personally experienced and i

1592

01:21:31,110 --> 01:21:29,679

don't know if this also happens within

1593

01:21:33,990 --> 01:21:31,120

your circles

1594

01:21:34,870 --> 01:21:34,000

long time ago when i was very naive you

1595

01:21:36,790 --> 01:21:34,880

know i

1596

01:21:39,430 --> 01:21:36,800

there's even i think a video of that of

1597

01:21:40,070 --> 01:21:39,440

me no disrespect to anyone that was on

1598

01:21:42,470 --> 01:21:40,080

the panel

1599

01:21:43,910 --> 01:21:42,480

all very respectable people that i

1600

01:21:46,550 --> 01:21:43,920

personally have up

1601
01:21:47,110 --> 01:21:46,560
number one on my list but i asked them i

1602
01:21:51,590 --> 01:21:47,120
said

1603
01:21:52,470 --> 01:21:51,600
well you do this part and you do the

1604
01:21:54,709 --> 01:21:52,480
other part

1605
01:21:56,629 --> 01:21:54,719
and the other person does that have you

1606
01:21:58,229 --> 01:21:56,639
guys considered working together to

1607
01:21:59,590 --> 01:21:58,239
really get to the bottom of this you

1608
01:22:01,510 --> 01:21:59,600
know instead of just kind of

1609
01:22:03,110 --> 01:22:01,520
uh having these individual strengths

1610
01:22:04,310 --> 01:22:03,120
going down their own little research

1611
01:22:07,270 --> 01:22:04,320
path you know

1612
01:22:07,990 --> 01:22:07,280
and so after i was done asking it was

1613
01:22:12,790 --> 01:22:08,000

kind of

1614

01:22:14,390 --> 01:22:12,800

like um

1615

01:22:16,229 --> 01:22:14,400

it didn't seem like that they wanted to

1616

01:22:18,550 --> 01:22:16,239

you know do you find the same thing

1617

01:22:20,390 --> 01:22:18,560

and you know that in science is kind of

1618

01:22:22,070 --> 01:22:20,400

sort of the same way that

1619

01:22:24,470 --> 01:22:22,080

they they don't really want to

1620

01:22:27,110 --> 01:22:24,480

collaborate unless they have to

1621

01:22:29,510 --> 01:22:27,120

well i think to an extent that's that's

1622

01:22:33,189 --> 01:22:29,520

true in any field

1623

01:22:35,510 --> 01:22:33,199

uh everybody has their own pet work

1624

01:22:36,790 --> 01:22:35,520

everybody has their own particular

1625

01:22:39,990 --> 01:22:36,800

theories

1626
01:22:40,950 --> 01:22:40,000
and what they're working on uh you know

1627
01:22:43,910 --> 01:22:40,960
for example

1628
01:22:44,870 --> 01:22:43,920
uh just in the paranormal field for for

1629
01:22:48,310 --> 01:22:44,880
example

1630
01:22:51,750 --> 01:22:48,320
uh there are people who specialize in

1631
01:22:55,189 --> 01:22:51,760
studying evps

1632
01:22:56,390 --> 01:22:55,199
voice phenomena they don't want to know

1633
01:23:01,430 --> 01:22:56,400
anything

1634
01:23:04,870 --> 01:23:01,440
about apparitions

1635
01:23:11,350 --> 01:23:04,880
in that they don't want to

1636
01:23:13,990 --> 01:23:11,360
consider what causes an apparition

1637
01:23:15,430 --> 01:23:14,000
because paranormal effects there's

1638
01:23:18,229 --> 01:23:15,440

almost like a catalog

1639

01:23:19,510 --> 01:23:18,239

of them you know you could take you

1640

01:23:21,750 --> 01:23:19,520

could list a catalog

1641

01:23:23,830 --> 01:23:21,760

and say these are the things that can

1642

01:23:25,590 --> 01:23:23,840

occur and do occur in paranormally

1643

01:23:28,950 --> 01:23:25,600

active sites

1644

01:23:32,790 --> 01:23:28,960

well a group will study one

1645

01:23:33,830 --> 01:23:32,800

of those effects but don't want to

1646

01:23:37,110 --> 01:23:33,840

consider the

1647

01:23:37,669 --> 01:23:37,120

other because since all these effects

1648

01:23:41,110 --> 01:23:37,679

occur

1649

01:23:44,790 --> 01:23:41,120

collectively they must be due

1650

01:23:47,430 --> 01:23:44,800

to the same underlying mechanics

1651

01:23:49,669 --> 01:23:47,440

so if they're figuring out mechanics for

1652

01:23:51,030 --> 01:23:49,679

electronic voice phenomena

1653

01:23:52,870 --> 01:23:51,040

they don't want to consider the

1654

01:23:54,390 --> 01:23:52,880

apparition because the appearance of the

1655

01:23:57,590 --> 01:23:54,400

apparition

1656

01:23:57,990 --> 01:23:57,600

would negate what their theories are are

1657

01:24:00,709 --> 01:23:58,000

about

1658

01:24:02,070 --> 01:24:00,719

evp because they both have to be on the

1659

01:24:04,310 --> 01:24:02,080

same principle

1660

01:24:05,189 --> 01:24:04,320

and they can't explain apparitions with

1661

01:24:08,550 --> 01:24:05,199

their evp

1662

01:24:09,110 --> 01:24:08,560

theories and so you get those kinds of

1663

01:24:12,229 --> 01:24:09,120

things

1664

01:24:13,430 --> 01:24:12,239

um you know from the scientific

1665

01:24:17,189 --> 01:24:13,440

community

1666

01:24:20,790 --> 01:24:17,199

uh there's a lot of intellectual elitism

1667

01:24:23,030 --> 01:24:20,800

and intellectual jealousy

1668

01:24:24,629 --> 01:24:23,040

everybody wants to come up with the the

1669

01:24:26,310 --> 01:24:24,639

next best thing

1670

01:24:28,950 --> 01:24:26,320

and they're all working on their own

1671

01:24:32,070 --> 01:24:28,960

little worlds so to speak

1672

01:24:33,590 --> 01:24:32,080

so helping or working collaborating with

1673

01:24:36,950 --> 01:24:33,600

someone else

1674

01:24:40,310 --> 01:24:36,960

doesn't necessarily help them

1675

01:24:42,830 --> 01:24:40,320

they're not looking for the truth

1676
01:24:44,870 --> 01:24:42,840
they're looking for their own personal

1677
01:24:48,229 --> 01:24:44,880
discovery

1678
01:24:49,910 --> 01:24:48,239
and so yes and in any field it's like

1679
01:24:54,629 --> 01:24:49,920
that i've i can

1680
01:24:56,790 --> 01:24:54,639
you know name fishing lure collectors

1681
01:24:58,790 --> 01:24:56,800
and you'll find the same kind of thing

1682
01:25:03,350 --> 01:24:58,800
and it begins it becomes very

1683
01:25:09,189 --> 01:25:06,470
i wonder sometimes um

1684
01:25:10,070 --> 01:25:09,199
you know it's not necessarily the when

1685
01:25:12,149 --> 01:25:10,080
it comes to

1686
01:25:13,430 --> 01:25:12,159
exchanging ideas and talking about

1687
01:25:15,910 --> 01:25:13,440
certain things i'm

1688
01:25:17,270 --> 01:25:15,920

very much open to it but i know when it

1689

01:25:19,750 --> 01:25:17,280

comes to then

1690

01:25:21,510 --> 01:25:19,760

to the eventual presentation you know

1691

01:25:24,950 --> 01:25:21,520

because i don't want it to be

1692

01:25:26,070 --> 01:25:24,960

twisted and pulled in certain ways you

1693

01:25:28,310 --> 01:25:26,080

know it's like i i

1694

01:25:29,270 --> 01:25:28,320

always want to almost want to use the

1695

01:25:31,750 --> 01:25:29,280

word control

1696

01:25:33,030 --> 01:25:31,760

the way it comes out because that way i

1697

01:25:36,229 --> 01:25:33,040

know that

1698

01:25:37,750 --> 01:25:36,239

what i've learned has been conveyed

1699

01:25:39,430 --> 01:25:37,760

the way that i've seen it and

1700

01:25:40,950 --> 01:25:39,440

experienced instead of

1701

01:25:42,709 --> 01:25:40,960

having to use with other people's

1702

01:25:44,470 --> 01:25:42,719

terminology and

1703

01:25:47,270 --> 01:25:44,480

their points of views and things like

1704

01:25:51,110 --> 01:25:50,149

yeah it's true for example in my book i

1705

01:25:55,270 --> 01:25:51,120

came up with a

1706

01:25:59,750 --> 01:25:55,280

great way to uh

1707

01:26:02,390 --> 01:25:59,760

redefine paranormal phenomena

1708

01:26:05,110 --> 01:26:02,400

or supernatural phenomena i don't

1709

01:26:06,709 --> 01:26:05,120

remember them all

1710

01:26:08,470 --> 01:26:06,719

off top my head i'd have to look at the

1711

01:26:09,669 --> 01:26:08,480

book itself it's been years since i've

1712

01:26:12,950 --> 01:26:09,679

talked about it

1713

01:26:16,870 --> 01:26:12,960

but uh let's say

1714

01:26:18,310 --> 01:26:16,880

when something is moved supernaturally

1715

01:26:25,350 --> 01:26:18,320

from one

1716

01:26:33,669 --> 01:26:29,590

when the nature of something changes

1717

01:26:37,270 --> 01:26:33,679

due to non-local uh causality

1718

01:26:40,510 --> 01:26:37,280

i call it a transmutation

1719

01:26:41,669 --> 01:26:40,520

and then there's transmigration it

1720

01:26:45,110 --> 01:26:41,679

reclassified

1721

01:26:48,470 --> 01:26:45,120

all the old gosh the two century old

1722

01:26:53,350 --> 01:26:48,480

terminology that the paranormal field

1723

01:26:57,750 --> 01:26:53,360

still uses and it's such a superior

1724

01:27:00,149 --> 01:26:57,760

uh system because it's very descriptive

1725

01:27:02,709 --> 01:27:00,159

it actually

1726

01:27:05,590 --> 01:27:02,719

addresses what the underlying mechanism

1727

01:27:08,550 --> 01:27:05,600

is that's going on

1728

01:27:09,430 --> 01:27:08,560

but no one has ever adopted it because

1729

01:27:12,709 --> 01:27:09,440

it scares the

1730

01:27:15,510 --> 01:27:12,719

jeepers out of them they

1731

01:27:18,390 --> 01:27:15,520

are you know the paranormal field is

1732

01:27:21,590 --> 01:27:18,400

filled with self-proclaimed experts

1733

01:27:26,310 --> 01:27:21,600

just like the ufology field is

1734

01:27:29,189 --> 01:27:26,320

just like the ancient alien field is

1735

01:27:30,470 --> 01:27:29,199

and they are not going to accept or

1736

01:27:33,510 --> 01:27:30,480

adopt something

1737

01:27:36,790 --> 01:27:33,520

that blows away their model

1738

01:27:41,669 --> 01:27:36,800

of what they think is going on

1739

01:27:45,110 --> 01:27:41,679

so yeah people have not adopted it

1740

01:27:46,070 --> 01:27:45,120

uh because you know they they want to

1741

01:27:50,070 --> 01:27:46,080

talk about a

1742

01:27:52,950 --> 01:27:50,080

uh uh you know an apparition

1743

01:27:54,310 --> 01:27:52,960

or an evp they want to this is what

1744

01:27:56,229 --> 01:27:54,320

they're familiar with

1745

01:27:57,669 --> 01:27:56,239

they want to talk about ghosts and

1746

01:27:59,830 --> 01:27:57,679

demons and all that

1747

01:28:01,030 --> 01:27:59,840

they with what they're familiar with and

1748

01:28:04,149 --> 01:28:01,040

they've become

1749

01:28:05,430 --> 01:28:04,159

you know self-proclaimed gurus of it and

1750

01:28:09,189 --> 01:28:05,440

they don't want to re

1751
01:28:11,030 --> 01:28:09,199
organize everything that basically says

1752
01:28:13,990 --> 01:28:11,040
basically says pretty much everything

1753
01:28:15,910 --> 01:28:14,000
that you know is wrong

1754
01:28:17,510 --> 01:28:15,920
and this is actually a more sound and

1755
01:28:19,870 --> 01:28:17,520
logical system

1756
01:28:21,350 --> 01:28:19,880
and that everybody could use it to

1757
01:28:24,229 --> 01:28:21,360
communicate about

1758
01:28:24,709 --> 01:28:24,239
any phenomena whether we're talking

1759
01:28:27,550 --> 01:28:24,719
about

1760
01:28:29,430 --> 01:28:27,560
gravity or paranormal phenomena or

1761
01:28:32,070 --> 01:28:29,440
ufology

1762
01:28:33,510 --> 01:28:32,080
or the two-slit experiment uses the same

1763
01:28:37,830 --> 01:28:33,520

set of terminology

1764

01:28:40,870 --> 01:28:37,840

that's very very frightening to people

1765

01:28:43,750 --> 01:28:40,880

and they lose what makes them unique

1766

01:28:46,950 --> 01:28:43,760

it's just like all these guys out here

1767

01:28:50,070 --> 01:28:46,960

adnan that are hunting bigfoot

1768

01:28:51,350 --> 01:28:50,080

and they have tv shows we're hunting

1769

01:28:53,830 --> 01:28:51,360

bigfoot

1770

01:28:55,030 --> 01:28:53,840

and they have conventions conferences

1771

01:28:59,030 --> 01:28:55,040

about bigfoot

1772

01:29:00,390 --> 01:28:59,040

guess what i bet half of those guys go

1773

01:29:03,750 --> 01:29:00,400

to bed at night and

1774

01:29:08,070 --> 01:29:03,760

pray they pray that no one

1775

01:29:10,070 --> 01:29:08,080

ever ever drags in a body

1776
01:29:11,430 --> 01:29:10,080
because if you dragged in a body or eye

1777
01:29:13,990 --> 01:29:11,440
dragged in the body

1778
01:29:15,910 --> 01:29:14,000
guess what we're suddenly the world's

1779
01:29:18,470 --> 01:29:15,920
leading expert

1780
01:29:20,070 --> 01:29:18,480
because we actually have the body and

1781
01:29:23,590 --> 01:29:20,080
whatever scientific team

1782
01:29:25,910 --> 01:29:23,600
examines it we'll know

1783
01:29:28,229 --> 01:29:25,920
what it is and what's going on there'll

1784
01:29:31,669 --> 01:29:28,239
be no more mysteries

1785
01:29:34,310 --> 01:29:31,679
the conferences will disappear the tv

1786
01:29:37,750 --> 01:29:34,320
shows will disappear

1787
01:29:39,990 --> 01:29:37,760
the self-proclaimed gurus writing and

1788
01:29:41,510 --> 01:29:40,000

you know writing and selling books to

1789

01:29:43,830 --> 01:29:41,520

their groupies and

1790

01:29:45,510 --> 01:29:43,840

you know getting paid for lectures they

1791

01:29:47,350 --> 01:29:45,520

would all disappear

1792

01:29:48,870 --> 01:29:47,360

they're currently all involved in some

1793

01:29:52,070 --> 01:29:48,880

way i mean

1794

01:29:53,189 --> 01:29:52,080

people just for being people always find

1795

01:29:56,550 --> 01:29:53,199

some way to

1796

01:29:59,590 --> 01:29:56,560

to meet about something

1797

01:30:03,110 --> 01:29:59,600

i understand but in many of those

1798

01:30:06,790 --> 01:30:03,120

in all of those fields the

1799

01:30:10,790 --> 01:30:06,800

um the gurus

1800

01:30:12,310 --> 01:30:10,800

survive on the perpetuation of the

1801
01:30:15,590 --> 01:30:12,320
mystery

1802
01:30:19,270 --> 01:30:15,600
not on the solution right

1803
01:30:21,510 --> 01:30:19,280
so um i wanted to ask you

1804
01:30:23,110 --> 01:30:21,520
uh another question so i can't remember

1805
01:30:25,110 --> 01:30:23,120
exactly in the very beginning

1806
01:30:26,870 --> 01:30:25,120
how much you got into this and i

1807
01:30:28,470 --> 01:30:26,880
apologize my

1808
01:30:30,229 --> 01:30:28,480
i was paying attention but i can't

1809
01:30:32,229 --> 01:30:30,239
recall so this

1810
01:30:33,590 --> 01:30:32,239
that initially jotted you to go down

1811
01:30:35,910 --> 01:30:33,600
this path and write this book and

1812
01:30:36,950 --> 01:30:35,920
whatnot was it a single event or is it

1813
01:30:42,390 --> 01:30:36,960

ongoing

1814

01:30:45,510 --> 01:30:42,400

no several events several experiences

1815

01:30:48,629 --> 01:30:45,520

that i was cognitive enough and

1816

01:30:51,030 --> 01:30:48,639

educated enough to realize that

1817

01:30:54,070 --> 01:30:51,040

a these things really occurred there was

1818

01:30:58,229 --> 01:30:54,080

no conventional explanation

1819

01:31:01,669 --> 01:30:58,239

but yet they were real and b

1820

01:31:04,790 --> 01:31:01,679

that established physics did not have a

1821

01:31:08,070 --> 01:31:04,800

universal model a model of reality in

1822

01:31:11,110 --> 01:31:08,080

which these things could fit into

1823

01:31:14,149 --> 01:31:11,120

so either our

1824

01:31:17,110 --> 01:31:14,159

understanding our model of the universe

1825

01:31:19,669 --> 01:31:17,120

uh the principles laws and principles we

1826

01:31:22,950 --> 01:31:19,679

understand govern the universe

1827

01:31:26,390 --> 01:31:22,960

uh i had personal proof

1828

01:31:29,990 --> 01:31:26,400

that they were either incomplete

1829

01:31:32,149 --> 01:31:30,000

or incorrect and so the question

1830

01:31:33,830 --> 01:31:32,159

for me became let's come up with a

1831

01:31:36,870 --> 01:31:33,840

theoretical model

1832

01:31:40,709 --> 01:31:36,880

that does include

1833

01:31:45,910 --> 01:31:40,719

all observable phenomena

1834

01:31:52,470 --> 01:31:50,470

okay but uh which was it um

1835

01:31:53,590 --> 01:31:52,480

you weren't too distraught by it you

1836

01:31:55,030 --> 01:31:53,600

just thought it was something

1837

01:31:56,790 --> 01:31:55,040

interesting happening right and then

1838

01:31:58,149 --> 01:31:56,800

you're like oh i can i can do something

1839

01:32:01,510 --> 01:31:58,159

with this

1840

01:32:06,470 --> 01:32:01,520

oh i wasn't i wasn't uh disturbed or or

1841

01:32:11,270 --> 01:32:08,629

and it was that fascination and that

1842

01:32:14,310 --> 01:32:11,280

intellectual curiosity

1843

01:32:16,790 --> 01:32:14,320

you know i was one of these kids that

1844

01:32:17,750 --> 01:32:16,800

always used to ask why when someone

1845

01:32:21,270 --> 01:32:17,760

explained it

1846

01:32:24,870 --> 01:32:21,280

something i would say why why

1847

01:32:27,430 --> 01:32:24,880

why and i wasn't just playing a game

1848

01:32:30,229 --> 01:32:27,440

i seriously wanted to know sometimes i

1849

01:32:33,270 --> 01:32:30,239

would get punished for it

1850

01:32:34,790 --> 01:32:33,280

uh but i honestly wanted to know why

1851

01:32:36,870 --> 01:32:34,800

you're going to tell me this and that

1852

01:32:38,950 --> 01:32:36,880

why

1853

01:32:40,470 --> 01:32:38,960

you're going to say that such a thing is

1854

01:32:43,669 --> 01:32:40,480

so and so why

1855

01:32:44,629 --> 01:32:43,679

i have to do this why not being a wise

1856

01:32:47,189 --> 01:32:44,639

guy

1857

01:32:48,310 --> 01:32:47,199

if i understood why i'd be all with it

1858

01:32:51,189 --> 01:32:48,320

you know

1859

01:32:56,149 --> 01:32:51,199

it's uh i learned how to distrust the

1860

01:33:00,550 --> 01:32:58,470

i think uh you know some of us

1861

01:33:04,070 --> 01:33:00,560

eventually get to that point

1862

01:33:07,189 --> 01:33:04,080

of uh that that they're very distrust

1863

01:33:10,229 --> 01:33:07,199

um so thomas i have um

1864

01:33:12,390 --> 01:33:10,239

um you know some people they're saying

1865

01:33:13,990 --> 01:33:12,400

you know good to hear from you again and

1866

01:33:16,070 --> 01:33:14,000

they're always interested in what you

1867

01:33:18,470 --> 01:33:16,080

have to say and generally love the show

1868

01:33:19,990 --> 01:33:18,480

but we haven't had any questions yet

1869

01:33:21,830 --> 01:33:20,000

do you want to continue with some other

1870

01:33:23,110 --> 01:33:21,840

subject or what do you what do you feel

1871

01:33:25,350 --> 01:33:23,120

like doing

1872

01:33:27,110 --> 01:33:25,360

well uh you know we could talk about

1873

01:33:30,629 --> 01:33:27,120

more aspects of this

1874

01:33:31,030 --> 01:33:30,639

sure uh you know let's talk about this

1875

01:33:36,229 --> 01:33:31,040

uh

1876

01:33:39,590 --> 01:33:36,239

to formulate

1877

01:33:42,629 --> 01:33:39,600

from this theory is a

1878

01:33:44,709 --> 01:33:42,639

one sentence statement

1879

01:33:46,470 --> 01:33:44,719

about the universe which is really

1880

01:33:49,030 --> 01:33:46,480

freaky

1881

01:33:49,750 --> 01:33:49,040

uh because like i said this this super

1882

01:33:52,950 --> 01:33:49,760

geometric

1883

01:33:55,189 --> 01:33:52,960

theory expands your mind

1884

01:33:57,350 --> 01:33:55,199

it allows you to travel into places that

1885

01:33:58,950 --> 01:33:57,360

you never would have thought of before

1886

01:34:00,790 --> 01:33:58,960

and make connections that couldn't have

1887

01:34:04,790 --> 01:34:00,800

been made before

1888

01:34:09,270 --> 01:34:04,800

um what i say

1889

01:34:12,910 --> 01:34:09,280

is that the universe is an expression

1890

01:34:18,470 --> 01:34:12,920

of materialized and

1891

01:34:23,270 --> 01:34:18,480

materializing information

1892

01:34:25,270 --> 01:34:23,280

that really covers the entire universe

1893

01:34:28,390 --> 01:34:25,280

now everything else is a subsystem of

1894

01:34:31,990 --> 01:34:31,270

right based on the material on the

1895

01:34:35,430 --> 01:34:32,000

information

1896

01:34:35,990 --> 01:34:35,440

that's available here give you an

1897

01:34:39,189 --> 01:34:36,000

example

1898

01:34:42,070 --> 01:34:39,199

here's what some of the uh conclusions

1899

01:34:45,390 --> 01:34:42,080

from my theory

1900

01:34:47,830 --> 01:34:45,400

have been first of all uh

1901

01:34:49,109 --> 01:34:47,840

supergeometric theory says that there is

1902

01:34:52,950 --> 01:34:49,119

no such thing as

1903

01:35:00,709 --> 01:34:56,149

now for listeners who aren't aware of it

1904

01:35:03,830 --> 01:35:00,719

uh or or haven't heard the explanation

1905

01:35:08,629 --> 01:35:03,840

in materialistic physics

1906

01:35:12,830 --> 01:35:08,639

every observable effect has to have

1907

01:35:15,990 --> 01:35:12,840

a local physical

1908

01:35:19,590 --> 01:35:16,000

cause this is materialism

1909

01:35:22,950 --> 01:35:19,600

this is what physics operates under

1910

01:35:26,149 --> 01:35:22,960

now what we have

1911

01:35:28,870 --> 01:35:26,159

found over time

1912

01:35:31,350 --> 01:35:28,880

is that we have been able to observe in

1913

01:35:36,390 --> 01:35:31,360

the universe

1914

01:35:41,910 --> 01:35:40,149

than what physical mass is there to

1915

01:35:43,669 --> 01:35:41,920

account for it

1916

01:35:45,590 --> 01:35:43,679

say for example we could talk about the

1917

01:35:46,390 --> 01:35:45,600

gravity of the earth and we know about

1918

01:35:49,830 --> 01:35:46,400

its mass

1919

01:35:51,510 --> 01:35:49,840

and all that and those things locally we

1920

01:35:53,030 --> 01:35:51,520

understand but when we look out on the

1921

01:35:56,310 --> 01:35:53,040

universe

1922

01:35:56,629 --> 01:35:56,320

we see gravitational effects that are

1923

01:35:59,510 --> 01:35:56,639

far

1924

01:36:01,590 --> 01:35:59,520

in excess of the visible matter the

1925

01:36:04,470 --> 01:36:01,600

visible mass

1926

01:36:05,669 --> 01:36:04,480

that can account for it you know it

1927

01:36:09,270 --> 01:36:05,679

would be like

1928

01:36:11,510 --> 01:36:09,280

uh like the earth having 10 times the

1929

01:36:14,629 --> 01:36:11,520

gravitational field that it actually has

1930

01:36:17,750 --> 01:36:14,639

as small as it is

1931

01:36:18,470 --> 01:36:17,760

since every effect must have a local

1932

01:36:22,390 --> 01:36:18,480

physical

1933

01:36:26,950 --> 01:36:22,400

cause and the conventional view

1934

01:36:30,550 --> 01:36:26,960

is that gravity is the result of mass

1935

01:36:34,149 --> 01:36:30,560

it's mass that generates gravity

1936

01:36:36,310 --> 01:36:34,159

then we must have i forget the the

1937

01:36:40,310 --> 01:36:36,320

latest calculations that

1938

01:36:42,629 --> 01:36:40,320

85 or 88 or whatever

1939

01:36:45,189 --> 01:36:42,639

of the mass in the physical universe is

1940

01:36:49,109 --> 01:36:45,199

invisible

1941

01:36:51,590 --> 01:36:49,119

it cannot be detected because we have

1942

01:36:55,830 --> 01:36:51,600

80 some percent more gravitational

1943

01:36:59,750 --> 01:36:58,390

then we have physical matter to explain

1944

01:37:01,830 --> 01:36:59,760

it

1945

01:37:03,590 --> 01:37:01,840

so dark matter is supposed to be this

1946

01:37:06,070 --> 01:37:03,600

invisible mass

1947

01:37:07,990 --> 01:37:06,080

that generates the other 80-some percent

1948

01:37:11,430 --> 01:37:08,000

of the gravity

1949

01:37:14,870 --> 01:37:11,440

uh that we observe it is

1950

01:37:18,470 --> 01:37:14,880

a fantasy it is

1951

01:37:22,229 --> 01:37:18,480

an imaginary substance literally

1952

01:37:25,590 --> 01:37:22,239

is an imaginary substance dark matter

1953

01:37:28,629 --> 01:37:25,600

yes it's imaginary

1954

01:37:30,709 --> 01:37:28,639

we can't detect it they've been

1955

01:37:32,070 --> 01:37:30,719

searching for it in all different kinds

1956

01:37:35,590 --> 01:37:32,080

of ways

1957

01:37:39,750 --> 01:37:35,600

and basically it doesn't exist

1958

01:37:41,830 --> 01:37:39,760

and yet they have to use a physical

1959

01:37:44,470 --> 01:37:41,840

substance to explain

1960

01:37:46,790 --> 01:37:44,480

all the gravitational effect observed

1961

01:37:51,590 --> 01:37:46,800

because in the material

1962

01:37:54,709 --> 01:37:51,600

uh dogma the material religion

1963

01:37:57,109 --> 01:37:54,719

of physics every physical effect

1964

01:37:59,109 --> 01:37:57,119

must have a local physical cause

1965

01:38:02,149 --> 01:37:59,119

connected to it

1966

01:38:05,830 --> 01:38:02,159

and if we can't find it we just have to

1967

01:38:12,629 --> 01:38:09,590

now here's what my theory says

1968

01:38:14,470 --> 01:38:12,639

and this is where it gets really crazy

1969

01:38:17,910 --> 01:38:14,480

adhan

1970

01:38:21,510 --> 01:38:17,920

is that all we know that

1971

01:38:23,109 --> 01:38:21,520

all mass is surrounded by a field of

1972

01:38:27,270 --> 01:38:23,119

gravity you might have

1973

01:38:31,109 --> 01:38:27,280

learned that in school um

1974

01:38:33,109 --> 01:38:31,119

so like if if two human beings were in

1975

01:38:35,750 --> 01:38:33,119

spacesuits and they were floating in the

1976

01:38:38,870 --> 01:38:35,760

vacuum of gravitationalist

1977

01:38:42,229 --> 01:38:38,880

or gravitationalist space they would

1978

01:38:44,070 --> 01:38:42,239

eventually attract each other

1979

01:38:45,750 --> 01:38:44,080

because the gravitational field that

1980

01:38:49,030 --> 01:38:45,760

surrounds them

1981

01:38:51,590 --> 01:38:49,040

you may have heard of that uh

1982

01:38:53,030 --> 01:38:51,600

a lot of people have how far apart would

1983

01:38:56,470 --> 01:38:53,040

they have to be

1984

01:38:58,390 --> 01:38:56,480

well i don't know uh

1985

01:39:01,510 --> 01:38:58,400

somebody who's familiar with with

1986

01:39:05,430 --> 01:39:01,520

gravitational mechanics would be able to

1987

01:39:07,830 --> 01:39:05,440

tell you precisely based on the mass

1988

01:39:08,709 --> 01:39:07,840

how far the effect would be but they

1989

01:39:11,350 --> 01:39:08,719

would eventually

1990

01:39:12,310 --> 01:39:11,360

gather together it's like what they say

1991

01:39:15,510 --> 01:39:12,320

about

1992

01:39:19,189 --> 01:39:15,520

planet formation where

1993

01:39:22,470 --> 01:39:19,199

we had these these particles

1994

01:39:24,310 --> 01:39:22,480

surrounding stars and rings

1995

01:39:26,629 --> 01:39:24,320

and over a period of time they would

1996

01:39:28,790 --> 01:39:26,639

begin to attract together

1997

01:39:30,149 --> 01:39:28,800

and start coagulating and eventually it

1998

01:39:34,229 --> 01:39:30,159

would form a planet

1999

01:39:45,990 --> 01:39:40,629

well according to my theory

2000

01:39:51,750 --> 01:39:46,000

gravitational fields are the effect

2001
01:39:57,030 --> 01:39:53,910
in other words the cause of gravity is

2002
01:39:59,750 --> 01:39:57,040
not in the physical universe

2003
01:40:02,470 --> 01:39:59,760
it's outside of it and i'm not the only

2004
01:40:06,310 --> 01:40:02,480
guy who's ever thought of that before

2005
01:40:11,750 --> 01:40:09,430
was the first one in in

2006
01:40:13,030 --> 01:40:11,760
helping working with einstein on his

2007
01:40:16,070 --> 01:40:13,040
unified field

2008
01:40:20,070 --> 01:40:16,080
theory uh

2009
01:40:23,030 --> 01:40:20,080
einstein was never able to express

2010
01:40:24,470 --> 01:40:23,040
gravity mathematically throughout the

2011
01:40:27,030 --> 01:40:24,480
four dimensions

2012
01:40:28,070 --> 01:40:27,040
he couldn't get it to work height with

2013
01:40:31,590 --> 01:40:28,080

depth

2014

01:40:35,350 --> 01:40:31,600

time couldn't it couldn't work

2015

01:40:39,270 --> 01:40:35,360

uh so what theodore colusa did

2016

01:40:41,430 --> 01:40:39,280

was he added a fifth coordinate

2017

01:40:42,550 --> 01:40:41,440

into the equation he said let's just see

2018

01:40:45,430 --> 01:40:42,560

if this happens

2019

01:40:47,910 --> 01:40:45,440

what would happen so he added a fifth

2020

01:40:50,550 --> 01:40:47,920

coordinate

2021

01:40:51,030 --> 01:40:50,560

worked einstein's formulas according to

2022

01:40:54,149 --> 01:40:51,040

that

2023

01:40:57,350 --> 01:40:54,159

pattern i'm not a mathematician so i

2024

01:41:00,629 --> 01:40:57,360

couldn't tell you exactly what he did

2025

01:41:03,830 --> 01:41:00,639

and then at the end of the equation

2026

01:41:06,550 --> 01:41:03,840

he subtracted the fifth coordinate and

2027

01:41:08,870 --> 01:41:06,560

got the proper expression for a unified

2028

01:41:11,270 --> 01:41:08,880

field that would describe gravity in

2029

01:41:14,790 --> 01:41:11,280

four dimensions

2030

01:41:20,390 --> 01:41:18,790

but what ultimately occurred theodore

2031

01:41:24,310 --> 01:41:20,400

colusa

2032

01:41:25,189 --> 01:41:24,320

came to uh a conclusion later in his

2033

01:41:28,790 --> 01:41:25,199

life

2034

01:41:30,550 --> 01:41:28,800

that gravity was non-local that gravity

2035

01:41:33,669 --> 01:41:30,560

was not being

2036

01:41:37,189 --> 01:41:33,679

formed or caused by anything

2037

01:41:42,550 --> 01:41:37,199

in four-dimensional space-time

2038

01:41:46,390 --> 01:41:45,109

remember when we i talked about the uh

2039

01:41:50,390 --> 01:41:46,400

um

2040

01:41:53,430 --> 01:41:50,400

uh uh the big bang yeah

2041

01:41:56,470 --> 01:41:53,440

and remember adnan you know you can

2042

01:41:59,350 --> 01:41:56,480

and i've had radio hosts tell me this

2043

01:42:01,189 --> 01:41:59,360

oftentimes they've had people in talking

2044

01:42:04,790 --> 01:42:01,199

about all kinds of things

2045

01:42:06,950 --> 01:42:04,800

nobody described a subject like this

2046

01:42:09,510 --> 01:42:06,960

in this kind of detail with this kind of

2047

01:42:15,350 --> 01:42:13,350

so this is something when the big bang

2048

01:42:18,470 --> 01:42:15,360

emerged

2049

01:42:22,070 --> 01:42:18,480

the first thing that was created

2050

01:42:24,470 --> 01:42:22,080

was a bubble of space time

2051
01:42:26,830 --> 01:42:24,480
with an accompanying accompanying

2052
01:42:29,990 --> 01:42:26,840
gravitational

2053
01:42:32,070 --> 01:42:30,000
field caused by the curvature of that

2054
01:42:34,070 --> 01:42:32,080
bubble

2055
01:42:36,550 --> 01:42:34,080
now this is very interesting because

2056
01:42:39,629 --> 01:42:36,560
there was yet no mass

2057
01:42:42,709 --> 01:42:39,639
if you ever read up on one physicist

2058
01:42:44,229 --> 01:42:42,719
astrophysicists trying to research the

2059
01:42:46,870 --> 01:42:44,239
big bang

2060
01:42:49,270 --> 01:42:46,880
one of the things they're looking for is

2061
01:42:53,590 --> 01:42:49,280
waves of gravity

2062
01:42:58,790 --> 01:42:53,600
that can be traced back to the big bang

2063
01:43:02,790 --> 01:43:01,669

again this is what led einstein along

2064

01:43:05,669 --> 01:43:02,800

the line of a

2065

01:43:06,870 --> 01:43:05,679

einstein rosenbridge or a wormhole he

2066

01:43:09,830 --> 01:43:06,880

was looking for

2067

01:43:11,109 --> 01:43:09,840

a structure that could exist in

2068

01:43:13,270 --> 01:43:11,119

space-time

2069

01:43:15,510 --> 01:43:13,280

that could generate gravity without

2070

01:43:18,229 --> 01:43:15,520

having mass

2071

01:43:19,590 --> 01:43:18,239

now isn't that interesting because dark

2072

01:43:23,350 --> 01:43:19,600

matter

2073

01:43:25,430 --> 01:43:23,360

is imaginary mass to explain all this

2074

01:43:29,189 --> 01:43:25,440

excess gravity

2075

01:43:31,590 --> 01:43:29,199

whereas we have enough background to

2076

01:43:34,470 --> 01:43:31,600

conclude if we were not stuck in the

2077

01:43:37,030 --> 01:43:34,480

material religion

2078

01:43:37,750 --> 01:43:37,040

that gravity is caused non-locally like

2079

01:43:42,310 --> 01:43:37,760

kalusa

2080

01:43:46,229 --> 01:43:44,390

when the universe came into being there

2081

01:43:50,229 --> 01:43:46,239

was a gravitational field before there

2082

01:43:54,229 --> 01:43:52,229

now we also know there's gravitational

2083

01:43:58,390 --> 01:43:54,239

fields around all

2084

01:44:05,830 --> 01:44:02,790

and i've talked about an opening

2085

01:44:08,149 --> 01:44:05,840

in space-time what i call an expanding

2086

01:44:12,470 --> 01:44:08,159

bubble of space-time

2087

01:44:15,669 --> 01:44:12,480

at paranormal sites

2088

01:44:18,070 --> 01:44:15,679

in which information can materialize

2089

01:44:18,870 --> 01:44:18,080

that creates a gravitational field where

2090

01:44:22,070 --> 01:44:18,880

there's no

2091

01:44:25,109 --> 01:44:22,080

mass to generate it

2092

01:44:25,669 --> 01:44:25,119

and this is why i say that paranormal

2093

01:44:27,510 --> 01:44:25,679

events

2094

01:44:29,189 --> 01:44:27,520

the mechanics behind the paranormal

2095

01:44:33,189 --> 01:44:29,199

phenomena

2096

01:44:36,470 --> 01:44:33,199

duplicates what happened at the big bang

2097

01:44:39,030 --> 01:44:36,480

now in the paranormal what i say

2098

01:44:40,070 --> 01:44:39,040

is that a space-time bubble forms like a

2099

01:44:43,990 --> 01:44:40,080

mini

2100

01:44:46,310 --> 01:44:44,000

big bang and information

2101
01:44:48,870 --> 01:44:46,320
from the singularity from the super

2102
01:44:52,470 --> 01:44:48,880
geometric realm

2103
01:44:54,790 --> 01:44:52,480
anybody that's into the uh uh

2104
01:44:55,910 --> 01:44:54,800
psychic kind of studies would be

2105
01:45:01,830 --> 01:44:55,920
familiar with

2106
01:45:08,109 --> 01:45:04,870
david bohm called it implicate order

2107
01:45:09,750 --> 01:45:08,119
finkelstein called it super uh coherent

2108
01:45:11,750 --> 01:45:09,760
superpositions

2109
01:45:12,950 --> 01:45:11,760
these are all established those guys are

2110
01:45:15,590 --> 01:45:12,960
established

2111
01:45:18,470 --> 01:45:15,600
mainstream physicists are coming up with

2112
01:45:20,709 --> 01:45:18,480
these ideas

2113
01:45:23,910 --> 01:45:20,719

but to make a long story short if we

2114

01:45:29,350 --> 01:45:23,920

take paranormal phenomena

2115

01:45:32,149 --> 01:45:29,360

and the big bang as a model

2116

01:45:33,510 --> 01:45:32,159

what that tells us is this and this is

2117

01:45:36,870 --> 01:45:33,520

frightening

2118

01:45:40,070 --> 01:45:36,880

almost in its implications

2119

01:45:43,510 --> 01:45:40,080

it's not that mass generates

2120

01:45:45,990 --> 01:45:43,520

matter or or generates

2121

01:45:47,830 --> 01:45:46,000

gravity it's not the mass generates

2122

01:45:52,990 --> 01:45:47,840

gravity

2123

01:45:58,709 --> 01:45:56,470

materializes in the mass

2124

01:46:03,189 --> 01:45:58,719

within these wells of gravity that are

2125

01:46:08,790 --> 01:46:05,430

you have to say that one more time yeah

2126

01:46:14,950 --> 01:46:11,990

in other words the

2127

01:46:17,669 --> 01:46:14,960

mechanics of what's going on in the

2128

01:46:20,390 --> 01:46:17,679

super geometric to super physical

2129

01:46:21,750 --> 01:46:20,400

is creating these bubbles in space time

2130

01:46:24,870 --> 01:46:21,760

just like it did at the beginning of the

2131

01:46:33,510 --> 01:46:29,350

and information materializes

2132

01:46:35,910 --> 01:46:33,520

in these bubbles of space-time

2133

01:46:37,030 --> 01:46:35,920

the bubbles themselves already have a

2134

01:46:40,870 --> 01:46:37,040

gravitational

2135

01:46:43,669 --> 01:46:40,880

field just by the expansion

2136

01:46:44,390 --> 01:46:43,679

of the local space or creating of that

2137

01:46:48,070 --> 01:46:44,400

bubble

2138

01:46:50,310 --> 01:46:48,080

generates a gravitational field

2139

01:46:52,950 --> 01:46:50,320

which is why supergeometry says there's

2140

01:46:56,629 --> 01:46:52,960

no such thing as dark matter

2141

01:46:59,510 --> 01:46:56,639

because the universe is actually

2142

01:47:01,669 --> 01:46:59,520

containing gravity that's being caused

2143

01:47:06,149 --> 01:47:01,679

by these expanding bubbles everywhere

2144

01:47:12,709 --> 01:47:09,910

so let me say it again is that according

2145

01:47:17,590 --> 01:47:12,719

to the super geometric model

2146

01:47:23,030 --> 01:47:20,629

are formed in space-time

2147

01:47:25,590 --> 01:47:23,040

from the mechanics that are happening

2148

01:47:28,870 --> 01:47:25,600

super physically super geometrically

2149

01:47:32,109 --> 01:47:28,880

they are actually forming these bubbles

2150

01:47:35,270 --> 01:47:32,119

in space time and the

2151
01:47:36,590 --> 01:47:35,280
information that's dropping down into

2152
01:47:39,830 --> 01:47:36,600
them

2153
01:47:45,830 --> 01:47:39,840
materializes inside the bubble

2154
01:47:48,870 --> 01:47:47,430
so you're saying that that that's what

2155
01:47:51,189 --> 01:47:48,880
almost kind of

2156
01:47:54,950 --> 01:47:51,199
then initially drew everything together

2157
01:48:00,310 --> 01:47:57,350
well yes every every particle is

2158
01:48:03,350 --> 01:48:00,320
surrounded by a gravitational field

2159
01:48:06,229 --> 01:48:03,360
the difference in super geometry theory

2160
01:48:08,390 --> 01:48:06,239
super geometric theory is that according

2161
01:48:12,709 --> 01:48:08,400
to conventional theory

2162
01:48:16,229 --> 01:48:12,719
the mass generates gravity

2163
01:48:20,310 --> 01:48:16,239

according to super geometric theory

2164

01:48:28,310 --> 01:48:20,320

the gravity well is where

2165

01:48:36,310 --> 01:48:33,109

that's astounding

2166

01:48:39,350 --> 01:48:36,320

because if that is correct adnan what i

2167

01:48:44,830 --> 01:48:39,360

have just spoken

2168

01:48:49,830 --> 01:48:46,310

creation

2169

01:48:52,950 --> 01:48:49,840

i mean it it's that profound

2170

01:48:55,350 --> 01:48:52,960

i i at the at the one of the paradigm

2171

01:48:58,550 --> 01:48:55,360

symposiums i spent

2172

01:49:00,149 --> 01:48:58,560

about 25 minutes uh

2173

01:49:02,709 --> 01:49:00,159

talking to a woman who had an

2174

01:49:07,189 --> 01:49:02,719

astrophysics degree

2175

01:49:12,870 --> 01:49:10,149

she said you just wiped out my entire

2176

01:49:15,189 --> 01:49:12,880

education

2177

01:49:15,990 --> 01:49:15,199

she said what you're talking about

2178

01:49:19,270 --> 01:49:16,000

solves

2179

01:49:21,109 --> 01:49:19,280

puzzles in astrophysics

2180

01:49:22,790 --> 01:49:21,119

that you don't even know about because

2181

01:49:23,669 --> 01:49:22,800

you never took the courses and had the

2182

01:49:27,589 --> 01:49:23,679

degrees

2183

01:49:30,790 --> 01:49:30,070

this is just so revolutionary in other

2184

01:49:32,790 --> 01:49:30,800

words

2185

01:49:38,070 --> 01:49:32,800

the model of reality is actually

2186

01:49:44,310 --> 01:49:41,109

so yes if

2187

01:49:46,709 --> 01:49:44,320

with the gravitational pull be um

2188

01:49:48,149 --> 01:49:46,719

forgive me if this sounds kind of a

2189

01:49:51,109 --> 01:49:48,159

stupid question to ask

2190

01:49:53,669 --> 01:49:51,119

but so then the gravitational pull would

2191

01:49:55,350 --> 01:49:53,679

not be any stronger or weaker based on

2192

01:49:58,709 --> 01:49:55,360

mass it would just be

2193

01:50:01,270 --> 01:49:58,719

whatever it is that was initially uh

2194

01:50:02,229 --> 01:50:01,280

after it was created by that by that uh

2195

01:50:05,750 --> 01:50:02,239

what you call it

2196

01:50:08,550 --> 01:50:05,760

space time uh it's the

2197

01:50:10,070 --> 01:50:08,560

it's the mechanics it's the processes

2198

01:50:13,830 --> 01:50:10,080

that occur

2199

01:50:18,629 --> 01:50:13,840

super geometrically or super physically

2200

01:50:21,750 --> 01:50:18,639

that cause the the bubbles in space time

2201

01:50:24,709 --> 01:50:21,760

that create gravitational fields

2202

01:50:27,109 --> 01:50:24,719

and then the information coming from

2203

01:50:28,950 --> 01:50:27,119

that super geometric realm

2204

01:50:35,189 --> 01:50:28,960

drop down into these bubbles and

2205

01:50:39,270 --> 01:50:38,390

it's the exact same thing where a bubble

2206

01:50:42,870 --> 01:50:39,280

forms

2207

01:50:45,189 --> 01:50:42,880

in a paranormal event

2208

01:50:49,350 --> 01:50:45,199

and then an apparition materializes

2209

01:50:53,830 --> 01:50:51,830

it's the exact same thing that occurs

2210

01:50:57,510 --> 01:50:53,840

and what colusa thought

2211

01:51:02,550 --> 01:50:57,520

is that gravity actually precedes mass

2212

01:51:05,669 --> 01:51:02,560

einstein came up with the wormhole

2213

01:51:06,229 --> 01:51:05,679

to describe a formation an expansion of

2214

01:51:09,589 --> 01:51:06,239

space

2215

01:51:12,550 --> 01:51:09,599

time a bubble so to speak if you will

2216

01:51:13,589 --> 01:51:12,560

in space time that would have a

2217

01:51:16,149 --> 01:51:13,599

gravitational

2218

01:51:19,030 --> 01:51:16,159

field just by the mechanics of the

2219

01:51:23,589 --> 01:51:21,109

without having any mass causing the

2220

01:51:25,510 --> 01:51:23,599

gravity

2221

01:51:32,310 --> 01:51:25,520

that was the only way he could solve

2222

01:51:32,320 --> 01:51:36,709

so what we're talking about

2223

01:51:41,669 --> 01:51:40,310

and this is oversimplified like when we

2224

01:51:44,070 --> 01:51:41,679

fly

2225

01:51:47,109 --> 01:51:44,080

satellites through the solar system

2226

01:51:50,790 --> 01:51:47,119

we're calculating the fields

2227

01:51:52,790 --> 01:51:50,800

the gravitational fields but instead of

2228

01:51:59,270 --> 01:51:52,800

having

2229

01:52:08,950 --> 01:52:02,550

we have gravitational fields in which

2230

01:52:15,510 --> 01:52:12,229

that's crazy yeah it's definitely

2231

01:52:18,629 --> 01:52:15,520

definitely something to to think about

2232

01:52:22,550 --> 01:52:21,030

with that in relation to some of the

2233

01:52:23,910 --> 01:52:22,560

other things that you

2234

01:52:25,589 --> 01:52:23,920

i guess were like a better word

2235

01:52:27,750 --> 01:52:25,599

discovered uh

2236

01:52:29,669 --> 01:52:27,760

what what was there a was there a

2237

01:52:30,790 --> 01:52:29,679

general conclusion that you drew that

2238

01:52:42,830 --> 01:52:30,800

you can talk about

2239

01:52:49,669 --> 01:52:45,350

anything that could be

2240

01:52:49,679 --> 01:52:54,390

can be created

2241

01:53:00,709 --> 01:52:58,470

now i use the word image

2242

01:53:03,669 --> 01:53:00,719

the general population uses the word

2243

01:53:06,709 --> 01:53:05,750

i don't call it the imagination i call

2244

01:53:12,390 --> 01:53:06,719

it the imaging

2245

01:53:15,910 --> 01:53:12,400

faculty that's in the brain

2246

01:53:20,070 --> 01:53:15,920

because think about it we can

2247

01:53:22,229 --> 01:53:20,080

think we can generate a coherent

2248

01:53:25,510 --> 01:53:22,239

pattern of information in our

2249

01:53:30,470 --> 01:53:28,229

and then materialize it in the physical

2250

01:53:36,149 --> 01:53:30,480

universe

2251

01:53:43,350 --> 01:53:39,589

they image the

2252

01:53:45,750 --> 01:53:43,360

body of the coherent body of information

2253

01:53:48,390 --> 01:53:45,760

that represents a form and then they use

2254

01:53:52,229 --> 01:53:48,400

their hands in the material in the earth

2255

01:53:56,790 --> 01:53:52,239

to cause that image to be materialized

2256

01:54:00,709 --> 01:53:59,830

so what happens is that the entire

2257

01:54:04,310 --> 01:54:00,719

universe

2258

01:54:10,070 --> 01:54:04,320

the entire reality works

2259

01:54:18,470 --> 01:54:14,229

not only does it explain some mysteries

2260

01:54:21,030 --> 01:54:18,480

in normal physics but it also explains

2261

01:54:23,910 --> 01:54:21,040

to supernatural

2262

01:54:26,070 --> 01:54:23,920

it also joins together many religious

2263

01:54:29,270 --> 01:54:26,080

beliefs

2264

01:54:34,830 --> 01:54:29,280

into the a single set of principles that

2265

01:54:41,189 --> 01:54:37,830

um

2266

01:54:42,950 --> 01:54:41,199

here's here's something let's say that

2267

01:54:45,990 --> 01:54:42,960

we accept the idea

2268

01:54:52,550 --> 01:54:46,000

that telepathy is real

2269

01:54:59,109 --> 01:54:55,910

let's say you're in new jersey

2270

01:55:01,030 --> 01:54:59,119

and you're remote viewing

2271

01:55:03,510 --> 01:55:01,040

uh out in california and you see

2272

01:55:07,510 --> 01:55:03,520

somebody with that there's his 57 chevy

2273

01:55:11,990 --> 01:55:07,520

a red 57 chevy you see it

2274

01:55:15,510 --> 01:55:12,000

you realize that all of that information

2275

01:55:21,030 --> 01:55:15,520

about that 57 chevy about its geometry

2276

01:55:29,350 --> 01:55:26,870

is being conveyed non-locally

2277

01:55:31,109 --> 01:55:29,360

there's no local physical physical

2278

01:55:35,270 --> 01:55:31,119

connection between the recipient

2279

01:55:39,270 --> 01:55:37,990

and that information pattern that

2280

01:55:42,709 --> 01:55:39,280

coherent

2281

01:55:44,629 --> 01:55:42,719

pattern enters the brain

2282

01:55:49,830 --> 01:55:44,639

and it materializes as an

2283

01:55:57,270 --> 01:55:51,390

i just blew the lid off of

2284

01:56:05,990 --> 01:55:59,189

using the same mechanics that brought

2285

01:56:10,390 --> 01:56:08,550

and i'm not saying that i'm not bragging

2286

01:56:12,070 --> 01:56:10,400

adam and you know me i'm not patting

2287

01:56:35,430 --> 01:56:12,080

myself on the back

2288

01:56:43,030 --> 01:56:39,270

well first of all according to my theory

2289

01:56:46,149 --> 01:56:43,040

there is no such thing as dark matter

2290

01:56:48,310 --> 01:56:46,159

uh and i know people struggle with

2291

01:56:49,830 --> 01:56:48,320

terminology to describe what they're

2292

01:56:51,109 --> 01:56:49,840

trying to think

2293

01:56:53,030 --> 01:56:51,119

and what they're what they're trying to

2294

01:56:59,589 --> 01:56:53,040

say and imagine because we don't have a

2295

01:57:08,830 --> 01:57:02,629

let me say this and i think i know

2296

01:57:14,229 --> 01:57:11,669

um

2297

01:57:17,990 --> 01:57:14,239

according to my understanding there is

2298

01:57:22,070 --> 01:57:21,030

and that is the physical and the super

2299

01:57:25,109 --> 01:57:22,080

physical

2300

01:57:28,149 --> 01:57:25,119

the geometric and the super geometric

2301

01:57:32,550 --> 01:57:28,159

is together as one

2302

01:57:32,560 --> 01:57:36,870

um i don't know

2303

01:57:40,709 --> 01:57:40,070

what we would how we would define what

2304

01:57:45,750 --> 01:57:40,719

did he say

2305

01:57:51,990 --> 01:57:49,910

uh he was i wonder if i was muted

2306

01:57:54,470 --> 01:57:52,000

and maybe i was it says does thomas

2307

01:57:57,830 --> 01:57:54,480

think we might have the ability

2308

01:57:58,950 --> 01:57:57,840

to manifest ourselves minds within that

2309

01:58:01,030 --> 01:57:58,960

dark matter

2310

01:58:03,510 --> 01:58:01,040

to create a reality outside of our

2311

01:58:07,030 --> 01:58:03,520

current realm

2312

01:58:09,270 --> 01:58:07,040

all right okay well i i know that

2313

01:58:10,950 --> 01:58:09,280

he's trying he or she is trying to say

2314

01:58:18,830 --> 01:58:10,960
something with the dark matter

2315

01:58:26,149 --> 01:58:20,790
um

2316

01:58:30,070 --> 01:58:26,159
my my my answer would be this

2317

01:58:34,550 --> 01:58:30,080
is that what would a reality

2318

01:58:40,790 --> 01:58:34,560
be outside of our own

2319

01:58:47,430 --> 01:58:44,790
see this is where uh

2320

01:58:50,709 --> 01:58:47,440
there was a paranormal researcher years

2321

01:58:55,669 --> 01:58:50,719
ago named dr stephen work he might still

2322

01:59:05,030 --> 01:58:58,790
issues that he talked about

2323

01:59:09,589 --> 01:59:07,669
and it's not it's not meant to be

2324

01:59:12,229 --> 01:59:09,599
disrespectful

2325

01:59:13,990 --> 01:59:12,239
it's just meant to be after a certain

2326

01:59:19,030 --> 01:59:14,000

point

2327

01:59:19,040 --> 01:59:23,510

that are ill-defined

2328

01:59:27,750 --> 01:59:25,750

it's like saying a higher dimension you

2329

01:59:30,550 --> 01:59:27,760

know there's another well what is that

2330

01:59:32,550 --> 01:59:30,560

dimension how is it defined

2331

01:59:34,790 --> 01:59:32,560

so when we're talking about a different

2332

01:59:37,910 --> 01:59:34,800

reality

2333

01:59:40,229 --> 01:59:37,920

that would have to be defined

2334

01:59:42,229 --> 01:59:40,239

what would be meant by that would it be

2335

01:59:43,750 --> 01:59:42,239

a reality that followed the laws of

2336

01:59:45,990 --> 01:59:43,760

physics as we know it

2337

01:59:47,910 --> 01:59:46,000

or the laws of physics as they actually

2338

01:59:49,589 --> 01:59:47,920

are

2339

01:59:51,350 --> 01:59:49,599

even though we don't know them all we

2340

01:59:51,830 --> 01:59:51,360

know there are laws and principles

2341

01:59:56,390 --> 01:59:51,840

there's

2342

01:59:58,390 --> 01:59:56,400

governing our reality

2343

02:00:00,470 --> 01:59:58,400

would it be in that reality different

2344

02:00:02,070 --> 02:00:00,480

than that

2345

02:00:05,109 --> 02:00:02,080

would it have a different set of laws

2346

02:00:08,310 --> 02:00:06,950

and if it did have a set of laws and

2347

02:00:16,470 --> 02:00:08,320

principles

2348

02:00:16,480 --> 02:00:21,270

you you you see what i mean

2349

02:00:25,910 --> 02:00:23,189

the question i would do you said dark

2350

02:00:27,830 --> 02:00:25,920

matter was you said there was

2351

02:00:29,030 --> 02:00:27,840

you said that was just imaginary right

2352

02:00:30,950 --> 02:00:29,040

is that what you're saying yeah dark

2353

02:00:31,510 --> 02:00:30,960

matter reporting the super geometric

2354

02:00:33,669 --> 02:00:31,520

theory

2355

02:00:35,350 --> 02:00:33,679

and what's interesting adnan is more and

2356

02:00:37,910 --> 02:00:35,360

more physicists

2357

02:00:39,910 --> 02:00:37,920

over the last hands and full years have

2358

02:00:42,470 --> 02:00:39,920

been coming to the same conclusion that

2359

02:00:44,550 --> 02:00:42,480

there is no such thing as dark matter

2360

02:00:46,629 --> 02:00:44,560

now so we know you're the dark matter

2361

02:00:47,750 --> 02:00:46,639

that's not just not to say it's the same

2362

02:00:51,350 --> 02:00:47,760

thing as the

2363

02:00:54,709 --> 02:00:51,360

vast blackness of space right

2364

02:00:57,990 --> 02:00:54,719

correct dark matter

2365

02:00:58,870 --> 02:00:58,000

doesn't according to super geometric

2366

02:01:01,750 --> 02:00:58,880

theory

2367

02:01:02,950 --> 02:01:01,760

and increasingly with a increasing

2368

02:01:05,830 --> 02:01:02,960

numbers of

2369

02:01:08,550 --> 02:01:05,840

of mainstream physicists that there's no

2370

02:01:10,070 --> 02:01:08,560

such thing as dark matter so i know the

2371

02:01:12,709 --> 02:01:10,080

listener is trying to say

2372

02:01:13,669 --> 02:01:12,719

something that he or she is thinking

2373

02:01:16,550 --> 02:01:13,679

about when

2374

02:01:20,830 --> 02:01:16,560

they're using the term dark matter uh

2375

02:01:26,709 --> 02:01:23,350

say

2376

02:01:28,709 --> 02:01:26,719

all right okay all right um

2377

02:01:30,310 --> 02:01:28,719

do you do is there any other subjects

2378

02:01:32,709 --> 02:01:30,320

you want to cover uh

2379

02:01:33,990 --> 02:01:32,719

because i know you went into gravity and

2380

02:01:37,669 --> 02:01:34,000

then oh yeah

2381

02:01:43,109 --> 02:01:37,679

yeah gravity

2382

02:01:47,510 --> 02:01:46,070

now why do i say gravity is paranormal

2383

02:01:50,870 --> 02:01:47,520

because remember

2384

02:01:54,310 --> 02:01:50,880

i define paranormal phenomena as effects

2385

02:01:57,430 --> 02:01:54,320

that are the result of non-local

2386

02:01:59,910 --> 02:01:57,440

physical causes

2387

02:02:00,709 --> 02:01:59,920

so here we got and they never explained

2388

02:02:04,390 --> 02:02:00,719

this to us

2389

02:02:06,310 --> 02:02:04,400

in school hey they said in the school

2390

02:02:09,510 --> 02:02:06,320

well the moon

2391

02:02:11,270 --> 02:02:09,520

is revolving around the earth it's

2392

02:02:13,589 --> 02:02:11,280

orbiting the earth and it's held in

2393

02:02:17,430 --> 02:02:13,599

place with gravity

2394

02:02:24,390 --> 02:02:22,310

by what conveyance

2395

02:02:25,510 --> 02:02:24,400

i mean you know like a radio broadcast

2396

02:02:27,830 --> 02:02:25,520

has to be con

2397

02:02:29,510 --> 02:02:27,840

conveyed to the receiver through an

2398

02:02:33,350 --> 02:02:29,520

electromagnetic wave

2399

02:02:36,310 --> 02:02:33,360

a physical wave electricity

2400

02:02:37,350 --> 02:02:36,320

has to be conveyed in waves and

2401

02:02:41,189 --> 02:02:37,360

particles

2402

02:02:43,270 --> 02:02:41,199

electrons that's a duality that's

2403

02:02:45,510 --> 02:02:43,280

another thing we haven't even cracked

2404

02:02:47,830 --> 02:02:45,520

the subject of quantum mechanics oh my

2405

02:02:49,830 --> 02:02:47,840

goodness

2406

02:02:51,830 --> 02:02:49,840

because super geometry creates a

2407

02:02:56,390 --> 02:02:51,840

different model

2408

02:02:56,400 --> 02:02:59,669

they call it a force

2409

02:03:02,950 --> 02:03:01,910

but we also know scientifically it's

2410

02:03:07,510 --> 02:03:02,960

kind of weird it's

2411

02:03:11,430 --> 02:03:07,520

it's a an oxymoron

2412

02:03:14,709 --> 02:03:11,440

that forces are conveyed

2413

02:03:18,390 --> 02:03:14,719

by waves and

2414

02:03:23,109 --> 02:03:18,400

also have a particulate form

2415

02:03:27,510 --> 02:03:26,149

is conveyed by waves electromagnetic

2416

02:03:29,750 --> 02:03:27,520

waves

2417

02:03:35,189 --> 02:03:29,760

that can be collapsed into particles

2418

02:03:35,199 --> 02:03:39,830

what conveys gravity

2419

02:03:46,390 --> 02:03:42,870

there is nothing no

2420

02:03:52,229 --> 02:03:46,400

physical particle or wave that connects

2421

02:03:58,390 --> 02:03:55,270

it's it's what einstein quipped a spooky

2422

02:04:00,390 --> 02:03:58,400

action at a distance

2423

02:04:01,910 --> 02:04:00,400

newton just said that this is the way it

2424

02:04:03,750 --> 02:04:01,920

is

2425

02:04:05,430 --> 02:04:03,760

he understood that there was gravity but

2426

02:04:07,350 --> 02:04:05,440

he couldn't explain

2427

02:04:09,750 --> 02:04:07,360

anything other than saying it was the

2428

02:04:12,069 --> 02:04:09,760

nature of physical reality

2429

02:04:14,709 --> 02:04:12,079

to have gravity he couldn't really get

2430

02:04:16,390 --> 02:04:14,719

very specific about it

2431

02:04:17,830 --> 02:04:16,400

you know newton's apple and all that

2432

02:04:22,310 --> 02:04:17,840

good stuff

2433

02:04:25,430 --> 02:04:22,320

um there is nothing there is no

2434

02:04:26,709 --> 02:04:25,440

physical wave because electricity is

2435

02:04:31,430 --> 02:04:26,719

physical also

2436

02:04:35,430 --> 02:04:31,440

it's a wave there's no physical wave

2437

02:04:43,270 --> 02:04:38,950

of gravity we have never found it

2438

02:04:45,430 --> 02:04:43,280

we have never found a wave of gravity a

2439

02:04:49,589 --> 02:04:45,440

gravity wave which is different

2440

02:04:51,310 --> 02:04:49,599

you'll hear on the news that you hear

2441

02:04:54,149 --> 02:04:51,320

what they call they've discovered

2442

02:04:57,189 --> 02:04:54,159

gravitational waves

2443

02:04:59,189 --> 02:04:57,199

that's different than a gravity wave

2444

02:05:00,950 --> 02:04:59,199

here's where we get into the specifics

2445

02:05:04,629 --> 02:05:00,960

of the science

2446

02:05:07,350 --> 02:05:04,639

um if you took a rock or a stone and

2447

02:05:10,629 --> 02:05:07,360

threw it into water

2448

02:05:14,149 --> 02:05:10,639

it would create ripples

2449

02:05:18,830 --> 02:05:14,159

their equivalent in the elect

2450

02:05:20,390 --> 02:05:18,840

in the spatial field as gravitational

2451

02:05:27,589 --> 02:05:20,400

waves

2452

02:05:30,470 --> 02:05:27,599

they're just a disturbance in the water

2453

02:05:31,189 --> 02:05:30,480

but a gravity wave would actually be a

2454

02:05:34,390 --> 02:05:31,199

wave of

2455

02:05:37,750 --> 02:05:34,400

gravity like an electromagnetic wave

2456

02:05:41,430 --> 02:05:37,760

is a wave of electromagnetism physical

2457

02:05:44,470 --> 02:05:41,440

there is no such thing there is no such

2458

02:05:47,589 --> 02:05:44,480

thing as a graviton

2459

02:05:49,589 --> 02:05:47,599

in fact in the standard model

2460

02:05:51,510 --> 02:05:49,599

these are the things that helped cause

2461

02:05:53,430 --> 02:05:51,520

kalusa and myself

2462

02:05:54,950 --> 02:05:53,440

to come to the conclusion that gravity

2463

02:05:58,550 --> 02:05:54,960

is non-local

2464

02:06:01,589 --> 02:05:58,560

it's not caused by physical mass

2465

02:06:09,350 --> 02:06:04,229

there is no physical wave or particle

2466

02:06:19,189 --> 02:06:13,189

so there's no conveyor

2467

02:06:19,199 --> 02:06:24,470

it actually works non-locally

2468

02:06:32,709 --> 02:06:26,629

which means in a sense that gravity is a

2469

02:06:41,109 --> 02:06:34,310

the only thing that connects the earth

2470

02:06:44,870 --> 02:06:43,189

you mean by the creation of it and

2471

02:06:47,350 --> 02:06:44,880

because of it creating

2472

02:06:50,069 --> 02:06:47,360

creating that gravitational field is

2473

02:06:53,189 --> 02:06:50,079

that what you mean

2474

02:06:54,550 --> 02:06:53,199

well my theory says is that and colusa

2475

02:06:57,589 --> 02:06:54,560

thought it too

2476

02:07:00,790 --> 02:06:57,599

is that gravity

2477

02:07:02,629 --> 02:07:00,800

is the result of a super physical or

2478

02:07:05,910 --> 02:07:02,639

super geometric

2479

02:07:09,830 --> 02:07:05,920

process that creates these

2480

02:07:12,870 --> 02:07:09,840

bubbles in space-time

2481

02:07:15,910 --> 02:07:12,880

which are

2482

02:07:21,830 --> 02:07:15,920

surrounded by or i should say

2483

02:07:26,629 --> 02:07:25,109

there is no graviton there's no such

2484

02:07:29,910 --> 02:07:26,639

thing

2485

02:07:33,430 --> 02:07:29,920

there's no gravity wave in fact the

2486

02:07:35,669 --> 02:07:33,440

standard model of the universe

2487

02:07:37,669 --> 02:07:35,679

uh which describes all particles in

2488

02:07:42,709 --> 02:07:37,679

their interaction

2489

02:07:45,830 --> 02:07:42,719

doesn't even have a space for gravity

2490

02:07:48,149 --> 02:07:45,840

the standard model

2491

02:07:48,870 --> 02:07:48,159

of the of the universe the standard

2492

02:07:51,589 --> 02:07:48,880

model of

2493

02:07:52,149 --> 02:07:51,599

of mass and energy what they you can

2494

02:07:55,350 --> 02:07:52,159

look it up

2495

02:07:57,750 --> 02:07:55,360

capital s capital m standard model

2496

02:08:01,109 --> 02:07:57,760

and find out what it is doesn't even

2497

02:08:02,709 --> 02:08:01,119

have a place for gravity

2498

02:08:04,709 --> 02:08:02,719

it has a place for all the other

2499

02:08:07,430 --> 02:08:04,719

elementary particles

2500

02:08:08,069 --> 02:08:07,440

and their behavior and interactions but

2501

02:08:12,629 --> 02:08:08,079

it has no

2502

02:08:19,109 --> 02:08:16,470

the last uh the last space that

2503

02:08:20,790 --> 02:08:19,119

needed to be filled was for the higgs

2504

02:08:22,790 --> 02:08:20,800

boson

2505

02:08:24,870 --> 02:08:22,800

and there's all kinds of problems with

2506

02:08:26,629 --> 02:08:24,880

the higgs boson too

2507

02:08:28,390 --> 02:08:26,639

that they don't talk about in public

2508

02:08:30,629 --> 02:08:28,400

because it's bad press it's bad for

2509

02:08:33,510 --> 02:08:30,639

business

2510

02:08:34,149 --> 02:08:33,520

you know what they discovered is nowhere

2511

02:08:37,669 --> 02:08:34,159

near

2512

02:08:42,310 --> 02:08:37,679

what they gave the the public uh

2513

02:08:47,589 --> 02:08:45,350

thomas uh so i wanted to just

2514

02:08:49,109 --> 02:08:47,599

something real quick so red pill dock if

2515

02:08:50,870 --> 02:08:49,119

you can maybe expound

2516

02:08:52,950 --> 02:08:50,880

more on the original question that you

2517

02:08:56,069 --> 02:08:52,960

had i'm sorry i was initially muted

2518

02:08:56,709 --> 02:08:56,079

but i asked it again live maybe then you

2519

02:08:59,510 --> 02:08:56,719

know i can

2520

02:08:59,990 --> 02:08:59,520

relate to to thomas again but thomas

2521

02:09:03,109 --> 02:09:00,000

before

2522

02:09:04,310 --> 02:09:03,119

on your end um this is the previous

2523

02:09:06,790 --> 02:09:04,320

question that somebody

2524

02:09:09,270 --> 02:09:06,800

was that were they able to rephrase it

2525

02:09:12,550 --> 02:09:09,280

uh that's why i just asked them to do

2526

02:09:15,510 --> 02:09:12,560

so so

2527

02:09:16,470 --> 02:09:15,520

uh besides then seeing you know having

2528

02:09:19,510 --> 02:09:16,480

this effect

2529

02:09:21,270 --> 02:09:19,520

and realizing how gravity works was it

2530

02:09:23,669 --> 02:09:21,280

were there any other things that were

2531

02:09:26,550 --> 02:09:23,679

kind of um

2532

02:09:26,950 --> 02:09:26,560

that you then were able to look at and

2533

02:09:28,790 --> 02:09:26,960

see

2534

02:09:30,470 --> 02:09:28,800

well this is labeled the wrong too so

2535

02:09:31,910 --> 02:09:30,480

not only is gravity

2536

02:09:33,910 --> 02:09:31,920

you know needs to be looked at a

2537

02:09:36,709 --> 02:09:33,920

different way what else

2538

02:09:37,189 --> 02:09:36,719

was there that you that you may be found

2539

02:09:42,709 --> 02:09:37,199

the

2540

02:09:46,709 --> 02:09:44,629

now that's talked less about because

2541

02:09:50,350 --> 02:09:46,719

it's more esoteric

2542

02:10:00,149 --> 02:09:53,589

astrophysicists have physicists do not

2543

02:10:03,430 --> 02:10:00,159

know why the universe is expanding

2544

02:10:05,510 --> 02:10:03,440

it shouldn't and most people have heard

2545

02:10:07,990 --> 02:10:05,520

that they say the universe is continuing

2546

02:10:11,750 --> 02:10:08,000

to expand

2547

02:10:15,189 --> 02:10:13,870

the problem is according to the

2548

02:10:18,550 --> 02:10:15,199

materialistic

2549

02:10:21,950 --> 02:10:18,560

physical dogma religion

2550

02:10:28,149 --> 02:10:21,960

the paradigm of modern science

2551
02:10:32,069 --> 02:10:28,159
materialism this shouldn't be happening

2552
02:10:35,830 --> 02:10:32,079
because the gravitational content

2553
02:10:37,430 --> 02:10:35,840
of the universe should

2554
02:10:39,189 --> 02:10:37,440
according to our conventional

2555
02:10:44,069 --> 02:10:39,199
understanding

2556
02:10:51,910 --> 02:10:47,350
it should be keeping

2557
02:10:56,229 --> 02:10:51,920
in a tight collection a tight cluster

2558
02:10:58,950 --> 02:10:56,239
the universe shouldn't be expanding

2559
02:11:00,950 --> 02:10:58,960
so what they did was they made up an

2560
02:11:04,470 --> 02:11:00,960
imaginary substance called

2561
02:11:12,390 --> 02:11:07,990
and dark energy is what's supposed to be

2562
02:11:15,669 --> 02:11:12,400
pushing out the edges of the universe

2563
02:11:18,310 --> 02:11:15,679

with sufficient force energetic force

2564

02:11:21,669 --> 02:11:18,320

to counteract the gravitational content

2565

02:11:25,990 --> 02:11:24,069

that's what dark energy is because it's

2566

02:11:28,629 --> 02:11:26,000

kind of esoteric

2567

02:11:29,910 --> 02:11:28,639

and a little bit uh you know up there in

2568

02:11:32,310 --> 02:11:29,920

the in space

2569

02:11:35,990 --> 02:11:32,320

so to speak they don't talk about it

2570

02:11:37,750 --> 02:11:36,000

much because public can't understand it

2571

02:11:41,189 --> 02:11:37,760

it's difficult for them to understand

2572

02:11:45,350 --> 02:11:43,910

but this is what they say is expanding

2573

02:11:47,030 --> 02:11:45,360

the universe

2574

02:11:48,709 --> 02:11:47,040

of course dark energy is something

2575

02:11:51,750 --> 02:11:48,719

that's imaginary

2576

02:11:52,390 --> 02:11:51,760

nobody's ever seen it nobody can measure

2577

02:11:59,910 --> 02:11:52,400

it

2578

02:12:02,790 --> 02:11:59,920

however in a material universe

2579

02:12:03,910 --> 02:12:02,800

materialistic universe where every

2580

02:12:06,870 --> 02:12:03,920

effect

2581

02:12:08,550 --> 02:12:06,880

must have a local physical cause

2582

02:12:12,229 --> 02:12:08,560

connected to it

2583

02:12:14,149 --> 02:12:12,239

a materialist has no choice

2584

02:12:15,430 --> 02:12:14,159

in explaining the expansion of the

2585

02:12:19,350 --> 02:12:15,440

universe

2586

02:12:22,629 --> 02:12:19,360

except to make up an imaginary substance

2587

02:12:26,069 --> 02:12:22,639

and say this is what's doing it i mean

2588

02:12:26,950 --> 02:12:26,079

this sounds crazy that modern physics

2589

02:12:28,950 --> 02:12:26,960

does this

2590

02:12:30,950 --> 02:12:28,960

but that's what they do they're making

2591

02:12:33,910 --> 02:12:30,960

up these substances

2592

02:12:35,430 --> 02:12:33,920

they have absolutely no evidence for

2593

02:12:39,270 --> 02:12:35,440

their existence

2594

02:12:42,390 --> 02:12:39,280

other than an observable effect with no

2595

02:12:44,229 --> 02:12:42,400

detectable physical cause so other

2596

02:12:47,430 --> 02:12:44,239

scientists know that and they just

2597

02:12:49,589 --> 02:12:47,440

kind of use it they know it

2598

02:12:52,229 --> 02:12:49,599

and amongst themselves they know it and

2599

02:12:55,589 --> 02:12:52,239

if you read certain scientific journals

2600

02:12:57,589 --> 02:12:55,599

you'll hear it discussed

2601
02:13:00,149 --> 02:12:57,599
but to the general public they don't

2602
02:13:01,350 --> 02:13:00,159
want to reveal that

2603
02:13:03,830 --> 02:13:01,360
because it makes it sound like they

2604
02:13:06,870 --> 02:13:03,840
don't know what they're talking about

2605
02:13:10,870 --> 02:13:06,880
which essentially is true

2606
02:13:17,430 --> 02:13:14,390
now here's the weird thing adnan

2607
02:13:20,790 --> 02:13:17,440
this is the thing that that is the bone

2608
02:13:20,800 --> 02:13:24,870
the universe is expanding

2609
02:13:24,880 --> 02:13:29,270
but the objects in it are not

2610
02:13:33,750 --> 02:13:32,709
in other words it would be like if you

2611
02:13:37,430 --> 02:13:33,760
had

2612
02:13:39,830 --> 02:13:37,440
a jar full of marbles

2613
02:13:41,510 --> 02:13:39,840

and the jar keeps getting bigger and

2614

02:13:43,669 --> 02:13:41,520

bigger and bigger

2615

02:13:45,109 --> 02:13:43,679

and the marbles aren't moving the

2616

02:13:48,550 --> 02:13:45,119

marbles stay the same

2617

02:13:50,149 --> 02:13:48,560

size the space they occupy is getting

2618

02:13:53,350 --> 02:13:50,159

bigger and bigger and bigger

2619

02:13:55,830 --> 02:13:53,360

it's not like the surface of a balloon

2620

02:13:58,149 --> 02:13:55,840

where you drew dots on it and you blew

2621

02:14:00,229 --> 02:13:58,159

it up

2622

02:14:01,750 --> 02:14:00,239

where you see the the surface of the

2623

02:14:03,510 --> 02:14:01,760

balloon expanding

2624

02:14:06,069 --> 02:14:03,520

but the size of all the dots are

2625

02:14:08,229 --> 02:14:06,079

expanding too

2626

02:14:10,470 --> 02:14:08,239

now if that was really reality we

2627

02:14:11,990 --> 02:14:10,480

wouldn't know the universe is expanding

2628

02:14:15,669 --> 02:14:12,000

because everything would still look the

2629

02:14:18,149 --> 02:14:15,679

same if everything around you folks

2630

02:14:20,229 --> 02:14:18,159

suddenly expanded to three times its

2631

02:14:22,229 --> 02:14:20,239

size you wouldn't know

2632

02:14:24,950 --> 02:14:22,239

because relatively it would all look the

2633

02:14:32,790 --> 02:14:29,669

but this the finite space or the finite

2634

02:14:33,830 --> 02:14:32,800

matter the material content stays the

2635

02:14:37,109 --> 02:14:33,840

same

2636

02:14:39,910 --> 02:14:37,119

while the space that it occupies

2637

02:14:41,510 --> 02:14:39,920

is expanding just like a jar getting

2638

02:14:42,950 --> 02:14:41,520

bigger and bigger but with the same

2639

02:14:46,310 --> 02:14:42,960

marbles inside

2640

02:14:53,109 --> 02:14:49,990

now here's what the problem is

2641

02:14:56,229 --> 02:14:53,119

einstein demonstrated that

2642

02:15:00,310 --> 02:14:56,239

space is a substantial

2643

02:15:03,830 --> 02:15:00,320

field it's a substantive field

2644

02:15:07,189 --> 02:15:03,840

this is why i can bend light

2645

02:15:10,709 --> 02:15:07,199

space itself is a field and that field

2646

02:15:17,350 --> 02:15:13,910

so in this you know

2647

02:15:20,149 --> 02:15:17,360

in this idea of an expanding universe

2648

02:15:24,229 --> 02:15:20,159

with dark energy

2649

02:15:32,709 --> 02:15:27,350

and the elephant is where is the

2650

02:15:37,750 --> 02:15:35,669

because the spatial field occupies all

2651
02:15:40,870 --> 02:15:37,760
of the universe

2652
02:15:42,550 --> 02:15:40,880
so if the universe is expanding and the

2653
02:15:45,270 --> 02:15:42,560
but the geometry is

2654
02:15:46,950 --> 02:15:45,280
not if the geometry was expanding

2655
02:15:48,870 --> 02:15:46,960
adenine with the universe

2656
02:15:51,030 --> 02:15:48,880
we would have that scenario with the

2657
02:15:52,629 --> 02:15:51,040
surface of the balloon

2658
02:15:54,310 --> 02:15:52,639
where everything would get bigger at the

2659
02:15:57,750 --> 02:15:54,320
same time you wouldn't even know it was

2660
02:16:03,910 --> 02:16:01,830
but space is expanding

2661
02:16:06,950 --> 02:16:03,920
while the material content is staying

2662
02:16:10,950 --> 02:16:10,390
so where does all the additional spatial

2663
02:16:14,149 --> 02:16:10,960

field

2664

02:16:16,310 --> 02:16:14,159

come from since we know

2665

02:16:17,510 --> 02:16:16,320

the spatial field was part of the big

2666

02:16:20,229 --> 02:16:17,520

bang

2667

02:16:22,229 --> 02:16:20,239

the bubble of space time the continuous

2668

02:16:25,669 --> 02:16:22,239

spatial field

2669

02:16:27,189 --> 02:16:25,679

was created and expanded with the early

2670

02:16:30,310 --> 02:16:27,199

universe

2671

02:16:31,350 --> 02:16:30,320

well where does the extra spatial feel

2672

02:16:34,629 --> 02:16:31,360

comes from

2673

02:16:39,030 --> 02:16:34,639

you guys will love this

2674

02:16:43,669 --> 02:16:39,040

physics says well it just appears

2675

02:16:49,190 --> 02:16:43,679

i swear i swear this is what they say

2676

02:16:55,830 --> 02:16:52,870

i swear that's the official storyline

2677

02:16:56,230 --> 02:16:55,840

of course you won't hear that publicly

2678

02:17:00,790 --> 02:16:56,240

that's

2679

02:17:03,190 --> 02:17:00,800

cl behind closed doors any you know

2680

02:17:05,190 --> 02:17:03,200

it's just like these uh you know these

2681

02:17:07,190 --> 02:17:05,200

uh church scandals where they find that

2682

02:17:08,150 --> 02:17:07,200

the leader of the church is a pedophile

2683

02:17:11,190 --> 02:17:08,160

or something

2684

02:17:13,030 --> 02:17:11,200

everybody hides it they don't want

2685

02:17:17,669 --> 02:17:13,040

anybody to know that

2686

02:17:24,790 --> 02:17:22,549

but super geometric theory says

2687

02:17:26,950 --> 02:17:24,800

that the quantum singularity still

2688

02:17:29,190 --> 02:17:26,960

exists

2689

02:17:29,990 --> 02:17:29,200
and the universe is continuously

2690

02:17:34,549 --> 02:17:30,000
emerging

2691

02:17:37,589 --> 02:17:34,559
from it which would not only ex

2692

02:17:39,589 --> 02:17:37,599
explain explain the expansion of the

2693

02:17:40,830 --> 02:17:39,599
universe without the need for dark

2694

02:17:43,910 --> 02:17:40,840
energy

2695

02:17:46,950 --> 02:17:43,920
imaginary stuff

2696

02:17:49,110 --> 02:17:46,960
but would also explain where the

2697

02:17:54,389 --> 02:17:49,120
where the additional measure of the

2698

02:17:54,399 --> 02:17:59,990
that's good stuff

2699

02:18:00,000 --> 02:18:03,110
so uh thomas

2700

02:18:06,469 --> 02:18:06,150
was so so in other words are you would

2701

02:18:12,950 --> 02:18:06,479

you

2702

02:18:14,709 --> 02:18:12,960

basically was this out information

2703

02:18:16,389 --> 02:18:14,719

because i'm not into that old time of

2704

02:18:18,549 --> 02:18:16,399

reading at all time obviously

2705

02:18:20,469 --> 02:18:18,559

but is this information out that

2706

02:18:22,389 --> 02:18:20,479

explained it in that way that hey

2707

02:18:25,190 --> 02:18:22,399

space is expanding everything within is

2708

02:18:27,589 --> 02:18:25,200

still saying the same or is there

2709

02:18:29,190 --> 02:18:27,599

kind of do you have to go to these dark

2710

02:18:31,110 --> 02:18:29,200

corners to find it and it's not

2711

02:18:33,589 --> 02:18:31,120

something that's generally talked about

2712

02:18:35,589 --> 02:18:33,599

well you have to do the research right

2713

02:18:36,950 --> 02:18:35,599

but it's there if you are looking for it

2714

02:18:40,709 --> 02:18:36,960

oh yeah

2715

02:18:43,190 --> 02:18:40,719

and the idea that space is expanding

2716

02:18:46,790 --> 02:18:43,200

but the geometry of space-time is

2717

02:18:54,469 --> 02:18:50,709

sorry but the spatial field is expanding

2718

02:18:56,389 --> 02:18:54,479

it's almost like if you had a fabric

2719

02:18:58,629 --> 02:18:56,399

that had a particular weave in a

2720

02:19:01,349 --> 02:18:58,639

particular size

2721

02:19:03,349 --> 02:19:01,359

okay you know cross stitch whatever it

2722

02:19:04,629 --> 02:19:03,359

is i don't understand fabrics all that

2723

02:19:06,309 --> 02:19:04,639

much other than the

2724

02:19:07,750 --> 02:19:06,319

basic idea that they're a weave of

2725

02:19:11,349 --> 02:19:07,760

threads

2726

02:19:12,150 --> 02:19:11,359

and if you could imagine that piece of

2727

02:19:15,349 --> 02:19:12,160

cloth

2728

02:19:16,469 --> 02:19:15,359

magically getting bigger and bigger and

2729

02:19:18,870 --> 02:19:16,479

bigger

2730

02:19:21,349 --> 02:19:18,880

but that the the weaves of the fabric

2731

02:19:24,230 --> 02:19:21,359

aren't expanding

2732

02:19:25,429 --> 02:19:24,240

let's say you have a like a flower or

2733

02:19:28,309 --> 02:19:25,439

any kind of figure

2734

02:19:29,910 --> 02:19:28,319

embroidered into the fabric into the

2735

02:19:31,830 --> 02:19:29,920

weave of the fabric

2736

02:19:33,190 --> 02:19:31,840

the edges of the fabric are getting

2737

02:19:35,429 --> 02:19:33,200

bigger and bigger

2738

02:19:38,469 --> 02:19:35,439

but the weave where the embroidery is

2739

02:19:43,830 --> 02:19:41,910

that's staying the same it's just

2740

02:19:49,910 --> 02:19:43,840

the fabric is getting bigger and bigger

2741

02:19:54,230 --> 02:19:52,070

now i've said it in an oversimplified

2742

02:19:57,830 --> 02:19:54,240

way but

2743

02:20:00,150 --> 02:19:57,840

uh that's basically the idea yes

2744

02:20:02,070 --> 02:20:00,160

and the expansion of the universe you

2745

02:20:03,990 --> 02:20:02,080

can read that anywhere

2746

02:20:06,230 --> 02:20:04,000

you can go look it up if you want to

2747

02:20:07,990 --> 02:20:06,240

look up dark energy you can look that up

2748

02:20:09,750 --> 02:20:08,000

it's all public information

2749

02:20:12,309 --> 02:20:09,760

you may have to dig a little bit to get

2750

02:20:15,429 --> 02:20:12,319

into the more esoteric stuff

2751
02:20:18,710 --> 02:20:15,439
right there's one question came in from

2752
02:20:22,790 --> 02:20:18,720
the 5d raven it says right

2753
02:20:23,990 --> 02:20:22,800
i like that is it found in mainstream

2754
02:20:25,910 --> 02:20:24,000
science which

2755
02:20:27,270 --> 02:20:25,920
and it says you mean so in other words

2756
02:20:29,429 --> 02:20:27,280
you basically answered the question i

2757
02:20:31,110 --> 02:20:29,439
had it is found in mainstream science if

2758
02:20:33,270 --> 02:20:31,120
you do oh yeah

2759
02:20:35,110 --> 02:20:33,280
yeah when i'm talking about uni the

2760
02:20:37,670 --> 02:20:35,120
expansion of the universe

2761
02:20:38,389 --> 02:20:37,680
this is mainstream physics it's one of

2762
02:20:42,630 --> 02:20:38,399
the

2763
02:20:46,230 --> 02:20:42,640

astrophysics

2764

02:20:49,910 --> 02:20:46,240

is why is the universe expanding what's

2765

02:20:53,670 --> 02:20:49,920

causing it um

2766

02:20:56,790 --> 02:20:53,680

and the objects in the universe

2767

02:20:59,349 --> 02:20:56,800

are staying the same size

2768

02:21:01,030 --> 02:20:59,359

but they are spreading out further apart

2769

02:21:03,349 --> 02:21:01,040

from each other

2770

02:21:05,030 --> 02:21:03,359

as the space time that they occupy

2771

02:21:10,230 --> 02:21:05,040

expands

2772

02:21:17,270 --> 02:21:13,110

what we're talking about does not we

2773

02:21:19,110 --> 02:21:17,280

don't encounter this in everyday life

2774

02:21:21,190 --> 02:21:19,120

the things that we're familiar with in

2775

02:21:24,870 --> 02:21:21,200

day-to-day life

2776

02:21:28,950 --> 02:21:28,230

uh so you really have to look it up and

2777

02:21:31,910 --> 02:21:28,960

research

2778

02:21:33,590 --> 02:21:31,920

and read about it and try to understand

2779

02:21:37,510 --> 02:21:33,600

what's being talked about

2780

02:21:41,830 --> 02:21:39,670

not that difficult it's just that

2781

02:21:44,630 --> 02:21:41,840

they're so uncommon

2782

02:21:46,790 --> 02:21:44,640

that they're counter-intuitive they're

2783

02:21:50,389 --> 02:21:46,800

contrary to the way we normally think

2784

02:21:56,070 --> 02:21:53,110

just like einstein's relatively

2785

02:22:00,230 --> 02:21:56,080

relativity where he demonstrated

2786

02:22:03,030 --> 02:22:00,240

that a clock at the equator

2787

02:22:06,550 --> 02:22:03,040

runs at a different speed than the exact

2788

02:22:08,389 --> 02:22:06,560

same clock running at the north pole

2789

02:22:09,590 --> 02:22:08,399

because of the velocity that it's

2790

02:22:12,630 --> 02:22:09,600

traveling at

2791

02:22:14,309 --> 02:22:12,640

around the you know the the

2792

02:22:15,990 --> 02:22:14,319

the equator of the earth instead of

2793

02:22:20,830 --> 02:22:16,000

being almost stationary at the

2794

02:22:20,840 --> 02:22:24,630

counterintuitive

2795

02:22:30,790 --> 02:22:27,990

you know or you know where he talked

2796

02:22:34,830 --> 02:22:30,800

about his mental experiments

2797

02:22:38,469 --> 02:22:34,840

at the uh in a

2798

02:22:42,550 --> 02:22:38,479

transparent train box car

2799

02:22:49,030 --> 02:22:42,560

traveling right under the speed of light

2800

02:22:53,270 --> 02:22:49,040

and a person inside the box car

2801
02:22:56,550 --> 02:22:53,280
lights a candle and immediately sees

2802
02:22:59,590 --> 02:22:56,560
the light on the opposite wall

2803
02:23:02,309 --> 02:22:59,600
whereas the observer

2804
02:23:04,550 --> 02:23:02,319
not traveling at the speed of light

2805
02:23:07,830 --> 02:23:04,560
looking inside the train

2806
02:23:10,950 --> 02:23:07,840
can see that the light beam has

2807
02:23:12,230 --> 02:23:10,960
not yet struck the opposite wall inside

2808
02:23:19,950 --> 02:23:12,240
the car

2809
02:23:22,230 --> 02:23:19,960
having already struck the wall crazy

2810
02:23:24,150 --> 02:23:22,240
counter-intuitive you have to research

2811
02:23:27,590 --> 02:23:24,160
it and study it you have to be a student

2812
02:23:27,600 --> 02:23:30,950
so thomas um

2813
02:23:35,030 --> 02:23:32,950

so crypto media thank you very much for

2814

02:23:38,309 --> 02:23:35,040

your super chat i appreciate it

2815

02:23:39,830 --> 02:23:38,319

um the there was a red pill rebel doc

2816

02:23:42,630 --> 02:23:39,840

i don't know that this is necessarily a

2817

02:23:44,550 --> 02:23:42,640

question or a statement i don't know

2818

02:23:45,990 --> 02:23:44,560

you might understand this differently i

2819

02:23:47,910 --> 02:23:46,000

know as always if you

2820

02:23:50,389 --> 02:23:47,920

don't understand it i'm asking red pill

2821

02:23:51,910 --> 02:23:50,399

doc to rephrase it but this is surely

2822

02:23:53,590 --> 02:23:51,920

this is different from what was

2823

02:23:56,790 --> 02:23:53,600

originally asked

2824

02:24:00,630 --> 02:23:56,800

he said uh was thinking about carl

2825

02:24:04,550 --> 02:24:00,640

jung's interest in ufos do we

2826

02:24:08,150 --> 02:24:04,560

awaken into another realm and inter

2827

02:24:09,510 --> 02:24:08,160

inter interpret as one a mystical

2828

02:24:12,710 --> 02:24:09,520

experience

2829

02:24:17,349 --> 02:24:12,720

of that mindset versus a ufo abduction

2830

02:24:23,429 --> 02:24:19,590

does that make sense to you adnan does

2831

02:24:27,670 --> 02:24:27,110

not quite i mean it has i'm sorry red

2832

02:24:30,150 --> 02:24:27,680

bell i

2833

02:24:31,990 --> 02:24:30,160

if if you can if you can phrase it just

2834

02:24:32,870 --> 02:24:32,000

simply and straightforward i'm i'm not

2835

02:24:35,190 --> 02:24:32,880

quite sure what

2836

02:24:36,389 --> 02:24:35,200

what you are trying to do the the

2837

02:24:47,510 --> 02:24:36,399

listener

2838

02:24:52,950 --> 02:24:47,520

thought

2839

02:24:57,110 --> 02:24:52,960

and forming sequential conclusions

2840

02:25:00,070 --> 02:24:57,120

or questions and trying to

2841

02:25:02,950 --> 02:25:00,080

condense all those sequential questions

2842

02:25:05,270 --> 02:25:02,960

into one question

2843

02:25:06,710 --> 02:25:05,280

and i'm sure he'll if there's if he can

2844

02:25:09,510 --> 02:25:06,720

maybe um

2845

02:25:11,270 --> 02:25:09,520

simplify it or just get to a simpler

2846

02:25:13,990 --> 02:25:11,280

point because sometimes it is

2847

02:25:15,030 --> 02:25:14,000

uh difficult to expound on on another

2848

02:25:18,870 --> 02:25:15,040

idea

2849

02:25:21,270 --> 02:25:18,880

oh these things are awful they're just

2850

02:25:22,230 --> 02:25:21,280

awful to try to figure out what's going

2851
02:25:25,270 --> 02:25:22,240
on

2852
02:25:26,550 --> 02:25:25,280
and and people trust me and from my

2853
02:25:29,349 --> 02:25:26,560
experience this this

2854
02:25:30,309 --> 02:25:29,359
this person here is asking a question

2855
02:25:33,429 --> 02:25:30,319
they know

2856
02:25:35,429 --> 02:25:33,439
exactly what they're thinking

2857
02:25:39,270 --> 02:25:35,439
they know exactly what they're trying to

2858
02:25:42,550 --> 02:25:39,280
ask but to try to put it into words

2859
02:25:45,030 --> 02:25:42,560
and to try to to follow it in you know

2860
02:25:45,670 --> 02:25:45,040
in a logical sequence to be able to

2861
02:25:48,710 --> 02:25:45,680
express

2862
02:25:52,230 --> 02:25:48,720
it right it's it's

2863
02:25:54,630 --> 02:25:52,240

awful it's just awful because we don't

2864

02:25:55,750 --> 02:25:54,640

have the common terminology for these

2865

02:25:58,950 --> 02:25:55,760

things

2866

02:26:02,550 --> 02:25:58,960

and we're talking about concepts

2867

02:26:07,590 --> 02:26:02,560

uh that creative people

2868

02:26:09,110 --> 02:26:07,600

imagine but that these imaginations go

2869

02:26:12,309 --> 02:26:09,120

beyond

2870

02:26:14,630 --> 02:26:12,319

uh the common culture they're

2871

02:26:16,630 --> 02:26:14,640

thinking of things beyond you know

2872

02:26:18,710 --> 02:26:16,640

getting up and brushing your teeth and

2873

02:26:19,030 --> 02:26:18,720

going to work and kissing your wife and

2874

02:26:21,270 --> 02:26:19,040

all

2875

02:26:24,309 --> 02:26:21,280

you know what i mean right so how do

2876

02:26:29,590 --> 02:26:24,319

they express that in normal language

2877

02:26:36,870 --> 02:26:33,510

in my uh uh synopsis there

2878

02:26:38,950 --> 02:26:36,880

where i talked about it took me

2879

02:26:40,550 --> 02:26:38,960

almost 30 years of research three

2880

02:26:44,230 --> 02:26:40,560

decades of research to

2881

02:26:45,349 --> 02:26:44,240

write this book a lot of that research

2882

02:26:48,950 --> 02:26:45,359

admin

2883

02:26:51,510 --> 02:26:48,960

had to be about

2884

02:26:53,510 --> 02:26:51,520

taking the concepts that i was imagining

2885

02:26:57,590 --> 02:26:53,520

it and reducing it

2886

02:27:01,030 --> 02:26:57,600

into human language and a meaningful

2887

02:27:03,030 --> 02:27:01,040

standardized terminology

2888

02:27:04,550 --> 02:27:03,040

uh you know and these poor people ask

2889

02:27:06,389 --> 02:27:04,560

trying to ask the questions they know

2890

02:27:08,630 --> 02:27:06,399

what they're trying to ask this red pill

2891

02:27:09,830 --> 02:27:08,640

person they know exactly what they're

2892

02:27:12,870 --> 02:27:09,840

trying to ask

2893

02:27:15,030 --> 02:27:12,880

but how do you crystallize it how do

2894

02:27:16,550 --> 02:27:15,040

do you formulate the question how do you

2895

02:27:19,429 --> 02:27:16,560

verbalize it

2896

02:27:20,309 --> 02:27:19,439

in a way that another person would

2897

02:27:24,309 --> 02:27:20,319

understand

2898

02:27:26,950 --> 02:27:24,319

because often times adnan these these

2899

02:27:32,630 --> 02:27:26,960

uh creative imaginations are very

2900

02:27:37,590 --> 02:27:35,750

i mean very simple way and i i haven't

2901
02:27:39,110 --> 02:27:37,600
confirmed this information i just read

2902
02:27:41,510 --> 02:27:39,120
it i didn't really look up to see

2903
02:27:44,389 --> 02:27:41,520
whether or not it's true but

2904
02:27:45,750 --> 02:27:44,399
it was talking about you know during uh

2905
02:27:48,870 --> 02:27:45,760
shakespearean times

2906
02:27:49,349 --> 02:27:48,880
that uh shakespeare himself basically

2907
02:27:51,590 --> 02:27:49,359
used

2908
02:27:52,870 --> 02:27:51,600
vocabulary of like fifty thousand words

2909
02:27:55,910 --> 02:27:52,880
whereas in we are

2910
02:27:58,389 --> 02:27:55,920
normal uh you know american english

2911
02:27:59,270 --> 02:27:58,399
you know it's only about three thousand

2912
02:28:02,550 --> 02:27:59,280
uh-huh

2913
02:28:05,910 --> 02:28:02,560

you know so that's quite quite a huge

2914

02:28:07,349 --> 02:28:05,920

compression of words that can explain

2915

02:28:09,270 --> 02:28:07,359

certain things for example like some

2916

02:28:11,190 --> 02:28:09,280

languages have certain words that

2917

02:28:12,790 --> 02:28:11,200

america doesn't have now of course

2918

02:28:16,790 --> 02:28:12,800

americans always just

2919

02:28:18,230 --> 02:28:16,800

take it like for example um there is no

2920

02:28:20,150 --> 02:28:18,240

as far as i know i mean i've been here

2921

02:28:22,950 --> 02:28:20,160

for 20 years but for example

2922

02:28:24,309 --> 02:28:22,960

um there's no english word for

2923

02:28:28,469 --> 02:28:24,319

schadenfreude

2924

02:28:31,030 --> 02:28:28,479

which basically which means if somebody

2925

02:28:32,389 --> 02:28:31,040

it you know it's basically when it could

2926

02:28:34,150 --> 02:28:32,399

be someone you don't like

2927

02:28:35,830 --> 02:28:34,160

or something something bad happens to

2928

02:28:39,670 --> 02:28:35,840

them and you go hahaha

2929

02:28:41,270 --> 02:28:39,680

you get what you deserve you know right

2930

02:28:42,710 --> 02:28:41,280

right but we have these words and all

2931

02:28:45,270 --> 02:28:42,720

while germ german

2932

02:28:46,469 --> 02:28:45,280

german has just just one word you know

2933

02:28:48,630 --> 02:28:46,479

and so anyway

2934

02:28:50,230 --> 02:28:48,640

and that's just the limitation obviously

2935

02:28:51,429 --> 02:28:50,240

from language to language and the way

2936

02:28:54,389 --> 02:28:51,439

it's expressed but

2937

02:28:55,429 --> 02:28:54,399

never mind having such a cut out or

2938

02:28:58,790 --> 02:28:55,439

compressed

2939

02:29:00,550 --> 02:28:58,800

vocabulary to we don't we don't use

2940

02:29:03,590 --> 02:29:00,560

these colorful words

2941

02:29:04,469 --> 02:29:03,600

to describe things anymore and on top of

2942

02:29:08,469 --> 02:29:04,479

that

2943

02:29:11,670 --> 02:29:08,479

uh um people are trying to explain

2944

02:29:15,710 --> 02:29:11,680

or trying to express things

2945

02:29:18,710 --> 02:29:15,720

that have been private uh

2946

02:29:21,590 --> 02:29:18,720

visualizations private fantasies

2947

02:29:24,309 --> 02:29:21,600

private imaginations as they play

2948

02:29:26,950 --> 02:29:24,319

through something logical in their mind

2949

02:29:28,469 --> 02:29:26,960

and trying to determine something

2950

02:29:30,710 --> 02:29:28,479

esoteric

2951
02:29:32,630 --> 02:29:30,720
this person knows exactly what they're

2952
02:29:34,790 --> 02:29:32,640
trying to ask is happening

2953
02:29:36,550 --> 02:29:34,800
they just don't know how to to express

2954
02:29:39,030 --> 02:29:36,560
it because we don't

2955
02:29:40,790 --> 02:29:39,040
yeah i'm waiting i've did ask him to

2956
02:29:43,429 --> 02:29:40,800
rewrite some of the questions but

2957
02:29:43,910 --> 02:29:43,439
it hasn't come through so we'll see if

2958
02:29:46,630 --> 02:29:43,920
he will

2959
02:29:48,230 --> 02:29:46,640
if not you know of course everyone

2960
02:29:50,389 --> 02:29:48,240
everyone watching i always would like

2961
02:29:52,070 --> 02:29:50,399
for their questions to be answered in

2962
02:29:53,510 --> 02:29:52,080
one form or another and if someone

2963
02:29:55,590 --> 02:29:53,520

doesn't know at least then

2964

02:29:57,670 --> 02:29:55,600

they get the answer of oh think great

2965

02:29:59,670 --> 02:29:57,680

question but i don't know you know but

2966

02:30:01,190 --> 02:29:59,680

if you can't figure out exactly what

2967

02:30:02,469 --> 02:30:01,200

it's meant by the question it's it's

2968

02:30:05,270 --> 02:30:02,479

hard to answer it

2969

02:30:06,870 --> 02:30:05,280

oh yeah you you can't you know we can

2970

02:30:10,630 --> 02:30:06,880

only do so much

2971

02:30:13,110 --> 02:30:10,640

uh we can help if we can but uh

2972

02:30:13,750 --> 02:30:13,120

you know that's why i said i know that

2973

02:30:19,030 --> 02:30:13,760

it's a

2974

02:30:21,750 --> 02:30:19,040

train of personal visualizing

2975

02:30:23,990 --> 02:30:21,760

where they've started at a certain point

2976

02:30:25,910 --> 02:30:24,000

and they've taken that to where they can

2977

02:30:28,469 --> 02:30:25,920

in their own imagination

2978

02:30:31,190 --> 02:30:28,479

to another point but they're asking all

2979

02:30:33,750 --> 02:30:31,200

the intermediate steps

2980

02:30:35,190 --> 02:30:33,760

in one question when you when it really

2981

02:30:37,270 --> 02:30:35,200

should be five or six different

2982

02:30:39,590 --> 02:30:37,280

questions

2983

02:30:43,110 --> 02:30:39,600

so it's and we're not used to it's like

2984

02:30:46,550 --> 02:30:43,120

what you mentioned that german word

2985

02:30:46,870 --> 02:30:46,560

the only reason why it's used is because

2986

02:30:50,150 --> 02:30:46,880

it's

2987

02:30:51,190 --> 02:30:50,160

shared by the culture everybody knows

2988

02:30:53,830 --> 02:30:51,200

what it means

2989

02:30:55,670 --> 02:30:53,840

right right imagine trying to describe

2990

02:30:58,550 --> 02:30:55,680

that to somebody in one word and

2991

02:31:00,309 --> 02:30:58,560

nobody's used the word before

2992

02:31:01,750 --> 02:31:00,319

if you said that they would say that's

2993

02:31:05,030 --> 02:31:01,760

meshuggah

2994

02:31:07,429 --> 02:31:05,040

right so i don't know it should red pill

2995

02:31:08,150 --> 02:31:07,439

doc explain just a little bit more it

2996

02:31:11,190 --> 02:31:08,160

says

2997

02:31:14,469 --> 02:31:11,200

yes thank you thomas i had an experience

2998

02:31:17,270 --> 02:31:14,479

that i classify as a mystical experience

2999

02:31:19,030 --> 02:31:17,280

but i might have felt like an abduction

3000

02:31:22,309 --> 02:31:19,040

if not aware of

3001
02:31:25,590 --> 02:31:22,319
study of mysticism where is that

3002
02:31:27,429 --> 02:31:25,600
space i visited oh i

3003
02:31:28,790 --> 02:31:27,439
under i think i understand what he's

3004
02:31:31,830 --> 02:31:28,800
saying right

3005
02:31:34,710 --> 02:31:31,840
uh but it depends on

3006
02:31:36,150 --> 02:31:34,720
when if he's asking whether that's much

3007
02:31:39,830 --> 02:31:36,160
clearer thank you

3008
02:31:44,630 --> 02:31:39,840
uh whether the space that he

3009
02:31:47,910 --> 02:31:44,640
he visited is internal

3010
02:31:49,429 --> 02:31:47,920
or was it externalized

3011
02:31:52,230 --> 02:31:49,439
like he was actually in a different

3012
02:31:55,270 --> 02:31:52,240
world or something physically

3013
02:31:57,030 --> 02:31:55,280

and not internal

3014

02:32:02,070 --> 02:31:57,040

in other words i can imagine many

3015

02:32:08,790 --> 02:32:06,710

and uh it almost sounds like whether he

3016

02:32:12,150 --> 02:32:08,800

wants to know whether it's

3017

02:32:17,190 --> 02:32:12,160

it was imaginary or real right

3018

02:32:20,630 --> 02:32:17,200

and whether my my theories

3019

02:32:23,110 --> 02:32:20,640

would help explain it

3020

02:32:24,389 --> 02:32:23,120

yeah or at least address whether it's

3021

02:32:27,429 --> 02:32:24,399

real or not

3022

02:32:29,429 --> 02:32:27,439

right well here's the problem

3023

02:32:31,349 --> 02:32:29,439

here's the first problem with this not

3024

02:32:34,630 --> 02:32:31,359

actually a problem but this would be

3025

02:32:38,469 --> 02:32:34,640

helpful maybe all

3026

02:32:42,150 --> 02:32:38,479

thoughts are

3027

02:32:45,830 --> 02:32:42,160

contained within the human brain

3028

02:32:49,510 --> 02:32:45,840

the human brain is a physical object

3029

02:32:56,070 --> 02:32:53,670

and it conveys and holds and imagines

3030

02:32:59,110 --> 02:32:56,080

these thoughts in electrochemical

3031

02:33:02,389 --> 02:33:01,349

so here's another thing about my theory

3032

02:33:05,750 --> 02:33:02,399

adnan

3033

02:33:05,990 --> 02:33:05,760

is that everything that you imagine or

3034

02:33:11,990 --> 02:33:06,000

like

3035

02:33:16,710 --> 02:33:13,510

if it wasn't real then the brain

3036

02:33:20,710 --> 02:33:19,670

but the brain is real it's built

3037

02:33:22,469 --> 02:33:20,720

according to

3038

02:33:23,830 --> 02:33:22,479

physical principles governing the

3039

02:33:26,309 --> 02:33:23,840

universe

3040

02:33:28,230 --> 02:33:26,319

which means that anything that's

3041

02:33:31,750 --> 02:33:28,240

contained within it

3042

02:33:33,270 --> 02:33:31,760

has to be consistent with the laws and

3043

02:33:36,550 --> 02:33:33,280

principles that govern

3044

02:33:38,950 --> 02:33:36,560

the construction of that brain that's a

3045

02:33:42,429 --> 02:33:38,960

revolutionary concept too

3046

02:33:47,190 --> 02:33:42,439

right you know that's another

3047

02:33:49,349 --> 02:33:47,200

earth-shattering barrier-breaking idea

3048

02:33:50,710 --> 02:33:49,359

but it's very simple it's almost

3049

02:33:53,910 --> 02:33:50,720

childlike

3050

02:33:56,070 --> 02:33:53,920

in its logic so anything that you

3051
02:33:58,389 --> 02:33:56,080
image in your brain is real because it's

3052
02:34:00,230 --> 02:33:58,399
in your brain

3053
02:34:02,550 --> 02:34:00,240
if it was inconsistent with the

3054
02:34:07,270 --> 02:34:02,560
structure of your brain

3055
02:34:13,510 --> 02:34:10,309
you see what i mean right right

3056
02:34:14,550 --> 02:34:13,520
and that's just simple almost child like

3057
02:34:17,190 --> 02:34:14,560
logic

3058
02:34:18,790 --> 02:34:17,200
why they haven't exploded well that's

3059
02:34:20,630 --> 02:34:18,800
because this

3060
02:34:22,790 --> 02:34:20,640
what i'm doing is blurring the lines

3061
02:34:26,309 --> 02:34:22,800
between disciplines like between

3062
02:34:28,710 --> 02:34:26,319
psychology parapsychology and physics

3063
02:34:29,590 --> 02:34:28,720

a physicist doesn't need to think he

3064

02:34:33,750 --> 02:34:29,600

needs to study

3065

02:34:35,750 --> 02:34:33,760

psychology wait a minute wait a minute

3066

02:34:37,590 --> 02:34:35,760

isn't physics the study of everything

3067

02:34:44,469 --> 02:34:37,600

physical

3068

02:34:45,429 --> 02:34:44,479

see they take those out adnan they take

3069

02:34:47,270 --> 02:34:45,439

those

3070

02:34:49,670 --> 02:34:47,280

we'll excuse ourselves from the room

3071

02:34:53,910 --> 02:34:49,680

because psychology is in physics

3072

02:34:56,710 --> 02:34:53,920

horse hockey psychology

3073

02:34:57,990 --> 02:34:56,720

is contained within the human brain

3074

02:35:00,150 --> 02:34:58,000

which is a physical

3075

02:35:01,750 --> 02:35:00,160

object and operates according to

3076

02:35:05,030 --> 02:35:01,760

physical principles

3077

02:35:08,469 --> 02:35:05,040

they just they cop out man

3078

02:35:13,190 --> 02:35:08,479

of course it's hard it's hard to cross

3079

02:35:16,630 --> 02:35:13,200

discipline in your knowledge

3080

02:35:18,550 --> 02:35:16,640

so um thomas i don't

3081

02:35:20,389 --> 02:35:18,560

i don't know what else to ask you to be

3082

02:35:21,590 --> 02:35:20,399

honest and i don't know if you want to

3083

02:35:23,990 --> 02:35:21,600

go into

3084

02:35:24,710 --> 02:35:24,000

more more things there have been you

3085

02:35:27,830 --> 02:35:24,720

know steady

3086

02:35:29,510 --> 02:35:27,840

number of people watching and they're

3087

02:35:31,030 --> 02:35:29,520

those who wanted to ask questions have

3088

02:35:32,870 --> 02:35:31,040

asked them um

3089

02:35:34,790 --> 02:35:32,880

what do you what are your thoughts do

3090

02:35:35,670 --> 02:35:34,800

you want to keep going a little bit more

3091

02:35:38,469 --> 02:35:35,680

or do you

3092

02:35:38,870 --> 02:35:38,479

do well we could i mean uh you know i

3093

02:35:41,830 --> 02:35:38,880

mean

3094

02:35:43,110 --> 02:35:41,840

i think i mentioned to you that uh in

3095

02:35:45,429 --> 02:35:43,120

our initial

3096

02:35:46,469 --> 02:35:45,439

uh uh communications about this

3097

02:35:50,070 --> 02:35:46,479

interview

3098

02:35:53,349 --> 02:35:50,080

uh is that i can go for hours man

3099

02:35:54,070 --> 02:35:53,359

because the subject is limitless right

3100

02:35:55,510 --> 02:35:54,080

right

3101

02:35:57,349 --> 02:35:55,520

you know i mean i would that's why i

3102

02:36:01,190 --> 02:35:57,359

would hate to

3103

02:36:04,230 --> 02:36:01,200

um rob people from you know

3104

02:36:05,510 --> 02:36:04,240

basically being able to to hear more of

3105

02:36:07,429 --> 02:36:05,520

what you have to say

3106

02:36:09,429 --> 02:36:07,439

the only limitation that i'm having is

3107

02:36:11,270 --> 02:36:09,439

is me

3108

02:36:12,790 --> 02:36:11,280

oh i hear you've been so long it's been

3109

02:36:14,550 --> 02:36:12,800

a long day for me but

3110

02:36:16,790 --> 02:36:14,560

i would hate the spirit is willing but

3111

02:36:19,670 --> 02:36:16,800

the body is weak

3112

02:36:21,590 --> 02:36:19,680

right right yeah it's not helping me i'm

3113

02:36:23,429 --> 02:36:21,600

starting a uh more of a

3114

02:36:25,750 --> 02:36:23,439

healthy approach on eating and getting

3115

02:36:28,790 --> 02:36:25,760

back to exercising so i can actually

3116

02:36:29,830 --> 02:36:28,800

get my butt to stay awake longer well

3117

02:36:31,750 --> 02:36:29,840

there you go

3118

02:36:33,349 --> 02:36:31,760

well you know i mean you're the host

3119

02:36:34,950 --> 02:36:33,359

adam and this is your show

3120

02:36:36,950 --> 02:36:34,960

how about how about then you know i

3121

02:36:37,830 --> 02:36:36,960

really you know of course this won't be

3122

02:36:39,750 --> 02:36:37,840

the last time

3123

02:36:41,030 --> 02:36:39,760

you know that i would like to come on

3124

02:36:41,510 --> 02:36:41,040

and if you're willing you're more than

3125

02:36:43,990 --> 02:36:41,520

welcome

3126
02:36:45,830 --> 02:36:44,000
you know sometime in the future but this

3127
02:36:47,910 --> 02:36:45,840
will be an opportunity to

3128
02:36:49,349 --> 02:36:47,920
uh send people in the description box

3129
02:36:52,950 --> 02:36:49,359
below this video

3130
02:36:55,270 --> 02:36:52,960
there's thomas's website

3131
02:36:57,270 --> 02:36:55,280
access to amazon to where you can get

3132
02:36:59,990 --> 02:36:57,280
his books there or barnes or normal

3133
02:37:00,710 --> 02:37:00,000
so check it out you know that's why you

3134
02:37:02,950 --> 02:37:00,720
know he put

3135
02:37:04,469 --> 02:37:02,960
these these thoughts together into a

3136
02:37:06,230 --> 02:37:04,479
book so that

3137
02:37:07,990 --> 02:37:06,240
you know it's available and it can be

3138
02:37:11,030 --> 02:37:08,000

read on your own time

3139

02:37:11,670 --> 02:37:11,040

and um you know hoping that you do check

3140

02:37:13,670 --> 02:37:11,680

it out

3141

02:37:15,190 --> 02:37:13,680

because this if you yes you know what

3142

02:37:16,150 --> 02:37:15,200

you've heard for the past two and a half

3143

02:37:18,630 --> 02:37:16,160

hours it's

3144

02:37:20,870 --> 02:37:18,640

very interesting and it's different than

3145

02:37:22,790 --> 02:37:20,880

the regular talk that we usually have on

3146

02:37:24,950 --> 02:37:22,800

on the ufo show that talks about

3147

02:37:26,230 --> 02:37:24,960

metaphysical things and spiritual

3148

02:37:28,150 --> 02:37:26,240

things and using that kind of

3149

02:37:31,510 --> 02:37:28,160

terminology to where

3150

02:37:33,990 --> 02:37:31,520

um having thomas describe it in more of

3151

02:37:34,630 --> 02:37:34,000

this uh i want to call it down to earth

3152

02:37:37,110 --> 02:37:34,640

science

3153

02:37:38,150 --> 02:37:37,120

is that yeah well adam you you brought

3154

02:37:41,190 --> 02:37:38,160

up

3155

02:37:44,550 --> 02:37:41,200

an important point right now in that

3156

02:37:47,429 --> 02:37:44,560

all these disciplines have their own set

3157

02:37:51,030 --> 02:37:47,439

of terminology

3158

02:37:53,750 --> 02:37:51,040

and so people who are in

3159

02:37:54,550 --> 02:37:53,760

interested in spirituality they have

3160

02:37:57,110 --> 02:37:54,560

their own

3161

02:37:59,270 --> 02:37:57,120

set of terminology people who are

3162

02:38:01,830 --> 02:37:59,280

interested in physics science

3163

02:38:04,309 --> 02:38:01,840

have their own set of terminology

3164

02:38:08,150 --> 02:38:04,319

paranormal investigators have their own

3165

02:38:12,150 --> 02:38:08,160

set of terminology ufology does

3166

02:38:14,710 --> 02:38:12,160

and they're all different um

3167

02:38:16,630 --> 02:38:14,720

so one of the things that super geometry

3168

02:38:19,990 --> 02:38:16,640

the theory tries to

3169

02:38:20,309 --> 02:38:20,000

uh uh find a solution for is to provide

3170

02:38:23,190 --> 02:38:20,319

as

3171

02:38:25,590 --> 02:38:23,200

common set of principles and a common

3172

02:38:29,270 --> 02:38:25,600

set of terminology

3173

02:38:30,070 --> 02:38:29,280

so that the lines between those

3174

02:38:33,590 --> 02:38:30,080

disciplines

3175

02:38:35,510 --> 02:38:33,600

are blurred to where you can cross-talk

3176

02:38:38,790 --> 02:38:35,520

so to speak very easily

3177

02:38:42,790 --> 02:38:38,800

you heard me talk about ghosts

3178

02:38:45,110 --> 02:38:42,800

you've heard me talk about gravity

3179

02:38:47,670 --> 02:38:45,120

with the same principles you've heard me

3180

02:38:49,510 --> 02:38:47,680

talk about the beginning of the universe

3181

02:38:51,190 --> 02:38:49,520

you know all these different things

3182

02:38:55,030 --> 02:38:51,200

using the same concept

3183

02:38:58,230 --> 02:38:55,040

same set of terminology like the example

3184

02:39:02,070 --> 02:38:58,240

that i gave about volcanoes

3185

02:39:03,830 --> 02:39:02,080

earthquakes and mountain formation

3186

02:39:05,750 --> 02:39:03,840

instead of three separate things with

3187

02:39:07,670 --> 02:39:05,760

their own terminology

3188

02:39:08,790 --> 02:39:07,680

the theory of plate tectonics has

3189

02:39:11,510 --> 02:39:08,800

brought them all together

3190

02:39:13,910 --> 02:39:11,520

under one roof with a common set of

3191

02:39:17,510 --> 02:39:13,920

concepts and terminology

3192

02:39:20,469 --> 02:39:17,520

and that's what's lacking it it's

3193

02:39:21,270 --> 02:39:20,479

it's just like well i was talking about

3194

02:39:24,550 --> 02:39:21,280

where

3195

02:39:26,389 --> 02:39:24,560

the ufo that

3196

02:39:28,630 --> 02:39:26,399

interferes with the operation of

3197

02:39:31,670 --> 02:39:28,640

electrical equipment

3198

02:39:35,190 --> 02:39:31,680

nobody thinks the ufo is drawing energy

3199

02:39:37,910 --> 02:39:35,200

from your car battery to manifest

3200

02:39:39,510 --> 02:39:37,920

but in paranormal phenomena when the

3201
02:39:41,710 --> 02:39:39,520
same thing happens

3202
02:39:43,830 --> 02:39:41,720
in the presence of disruptive

3203
02:39:47,030 --> 02:39:43,840
electromagnetic fields

3204
02:39:50,309 --> 02:39:47,040
they think the spirit is drawing energy

3205
02:39:53,429 --> 02:39:50,319
from your camera so it can manifest

3206
02:39:54,790 --> 02:39:53,439
but it's the same phenomena you see what

3207
02:39:57,349 --> 02:39:54,800
i mean

3208
02:39:59,590 --> 02:39:57,359
yes i do completely different thinking

3209
02:40:01,990 --> 02:39:59,600
completely terminology

3210
02:40:03,750 --> 02:40:02,000
and you know and the guy who's talking

3211
02:40:06,469 --> 02:40:03,760
about the ghost

3212
02:40:08,630 --> 02:40:06,479
will say well you know uh you're talking

3213
02:40:09,510 --> 02:40:08,640

about ufos that's something completely

3214

02:40:11,750 --> 02:40:09,520

different

3215

02:40:15,190 --> 02:40:11,760

right you know when in fact it's the

3216

02:40:18,389 --> 02:40:15,200

identical flipping thing

3217

02:40:20,630 --> 02:40:18,399

um you know so

3218

02:40:23,190 --> 02:40:20,640

uh well yeah i don't know that that's

3219

02:40:25,750 --> 02:40:23,200

gonna change anytime soon to be honest

3220

02:40:26,550 --> 02:40:25,760

you know but uh you know if if you are a

3221

02:40:28,950 --> 02:40:26,560

person

3222

02:40:30,389 --> 02:40:28,960

uh out there that says i'm open-minded

3223

02:40:32,150 --> 02:40:30,399

you're gonna try to draw these

3224

02:40:32,630 --> 02:40:32,160

connections and kind of make it work for

3225

02:40:35,429 --> 02:40:32,640

you

3226

02:40:35,990 --> 02:40:35,439

and not to be limited by one field or

3227

02:40:42,070 --> 02:40:36,000

another

3228

02:40:44,150 --> 02:40:42,080

admin you have to communicate it to

3229

02:40:46,830 --> 02:40:44,160

others

3230

02:40:47,990 --> 02:40:46,840

this is what what makes it extremely

3231

02:40:50,070 --> 02:40:48,000

difficult

3232

02:40:51,670 --> 02:40:50,080

because it's like what we've done in

3233

02:40:53,030 --> 02:40:51,680

this interview there have been a number

3234

02:40:56,230 --> 02:40:53,040

of concepts

3235

02:41:00,150 --> 02:40:56,240

where i've had to take time to explain

3236

02:41:03,269 --> 02:41:00,160

all the background until

3237

02:41:05,830 --> 02:41:03,279

listeners can can follow me

3238

02:41:07,830 --> 02:41:05,840

to know what i'm leading up to and what

3239

02:41:13,110 --> 02:41:07,840

i'm about to say because if i set it up

3240

02:41:21,349 --> 02:41:18,070

so i have to actually share with others

3241

02:41:23,429 --> 02:41:21,359

what my background thoughts are and what

3242

02:41:25,830 --> 02:41:23,439

the science is to bring them up to a

3243

02:41:27,429 --> 02:41:25,840

point where they can actually understand

3244

02:41:29,190 --> 02:41:27,439

that i'm saying something other than

3245

02:41:33,590 --> 02:41:29,200

just gibberish

3246

02:41:36,070 --> 02:41:33,600

right well i hope that um you know

3247

02:41:37,429 --> 02:41:36,080

i basically was quiet enough for you to

3248

02:41:39,590 --> 02:41:37,439

keep talking and not

3249

02:41:40,790 --> 02:41:39,600

be too disrupted that's how i usually

3250

02:41:42,309 --> 02:41:40,800

like to talk to people because

3251
02:41:43,750 --> 02:41:42,319
eventually they will come around and

3252
02:41:44,550 --> 02:41:43,760
give me the answers i'm looking for

3253
02:41:46,469 --> 02:41:44,560
instead of

3254
02:41:48,790 --> 02:41:46,479
constantly to interrupt so i hope this

3255
02:41:51,910 --> 02:41:48,800
was satisfactory for you

3256
02:41:52,389 --> 02:41:51,920
oh yeah it's great you know as a host it

3257
02:41:55,830 --> 02:41:52,399
must

3258
02:41:58,870 --> 02:41:55,840
you know i feel it's great if your guest

3259
02:42:00,469 --> 02:41:58,880
does all the heavy lifting right right

3260
02:42:02,230 --> 02:42:00,479
well especially when you start throwing

3261
02:42:03,510 --> 02:42:02,240
those terms at me and that i haven't

3262
02:42:06,230 --> 02:42:03,520
really researched

3263
02:42:07,110 --> 02:42:06,240

in a great deal trying to not have it

3264

02:42:10,469 --> 02:42:07,120

have too many

3265

02:42:13,030 --> 02:42:10,479

stupid questions no well you know

3266

02:42:14,230 --> 02:42:13,040

and then the opposite occurs when you

3267

02:42:16,950 --> 02:42:14,240

you may have had them

3268

02:42:17,269 --> 02:42:16,960

where you get those uh uh you know bump

3269

02:42:23,830 --> 02:42:17,279

on

3270

02:42:27,510 --> 02:42:23,840

and they go yeah

3271

02:42:29,269 --> 02:42:27,520

oh right

3272

02:42:30,550 --> 02:42:29,279

no that's definitely that's definitely

3273

02:42:34,389 --> 02:42:30,560

not you

3274

02:42:37,030 --> 02:42:34,399

um okay oh so anyway uh thomas thank you

3275

02:42:38,870 --> 02:42:37,040

very much and everyone please check out

3276

02:42:40,550 --> 02:42:38,880

thomas website again it's in the

3277

02:42:43,750 --> 02:42:40,560

description box below

3278

02:42:45,670 --> 02:42:43,760

and um do you have any contact info on

3279

02:42:47,190 --> 02:42:45,680

on your site so that if somebody does

3280

02:42:48,230 --> 02:42:47,200

have a question maybe they could reach

3281

02:42:51,830 --> 02:42:48,240

out to you or

3282

02:42:53,670 --> 02:42:51,840

yeah there is an email on my website

3283

02:42:55,429 --> 02:42:53,680

so please do if there's any follow-up

3284

02:42:57,910 --> 02:42:55,439

questions that uh

3285

02:42:58,870 --> 02:42:57,920

you guys might have reach out to thomas

3286

02:43:00,630 --> 02:42:58,880

i'm sure he would

3287

02:43:03,510 --> 02:43:00,640

uh he would uh get to you when he has

3288

02:43:08,389 --> 02:43:03,520

time so again uh thank you very much

3289

02:43:10,230 --> 02:43:08,399

i'm glad we did this and um so just uh

3290

02:43:10,870 --> 02:43:10,240

i'm glad we finally reconnected like i

3291

02:43:13,830 --> 02:43:10,880

said it's been

3292

02:43:15,590 --> 02:43:13,840

six six years oh i talked to you once

3293

02:43:17,190 --> 02:43:15,600

maybe three years ago and i can't

3294

02:43:19,269 --> 02:43:17,200

believe it's been that long

3295

02:43:20,230 --> 02:43:19,279

yeah thank you for having me i really

3296

02:43:22,630 --> 02:43:20,240

appreciate it

3297

02:43:24,230 --> 02:43:22,640

anytime and thanks folks for putting up

3298

02:43:26,309 --> 02:43:24,240

with me

3299

02:43:28,070 --> 02:43:26,319

all right well thanks everyone for

3300

02:43:30,630 --> 02:43:28,080

watching i appreciate it

3301

02:43:32,550 --> 02:43:30,640

uh check out thomas website i'm glad you

3302

02:43:33,110 --> 02:43:32,560

were able to join us for this friday

3303

02:43:36,070 --> 02:43:33,120

night

3304

02:43:36,950 --> 02:43:36,080

and stay tuned next week i should have

3305

02:43:39,190 --> 02:43:36,960

some more

3306

02:43:40,070 --> 02:43:39,200

webcasts coming out and then another

3307

02:43:43,349 --> 02:43:40,080

friday

3308

02:43:44,950 --> 02:43:43,359

7 p.m show central time so thank you
