00:00:48,240 --> 00:00:57,840
so

2
00:03:52,400 --> 00:01:53,840
uh

3
00:03:52,400 --> 00:03:58,000
some of you about your experiences and whatever\h
crazy stories you might have um whether it's\h\h

4
00:03:58,000 --> 00:04:03,280
ghost related cryptozoology whichever and\h
sometimes we occasionally get into politics so\h\h

5
00:04:03,280 --> 00:04:07,200
whatever whatever you like to discuss\h
we can do that here it's basically just\h\h

6
00:04:07,200 --> 00:04:12,320
my chance to hang out with you guys and um instead\h
of just having more of a structured interview\h\h

7
00:04:12,320 --> 00:04:18,800
so i'm sorry about last week i really got busy\h
a lot of things were happening and so i needed\h\h

8
00:04:18,800 --> 00:04:24,000
to take care of that in order to continue\h
this week uh just as usual so sometimes\h\h

9
00:04:24,560 --> 00:04:32,720
it's it was family and ufo hub and my day job\h
related all in once that just needed my attention\h\h

10
00:04:32,720 --> 00:04:37,920
so anyway i apologize that i skipped over last\h
wednesday but i'm hoping uh you know i can make\h\h

11
00:04:37,920 --> 00:04:43,760

it up to you today so i have a list of just a\h
few things i would like to cover before we go\h\h

12
00:04:43,760 --> 00:04:50,880
into open lines because earlier today i've asked\h
ginger she hosts one of the groups in san luis and\h\h

13
00:04:52,560 --> 00:05:00,480
the basically wanted to uh have her talk about\h
uh why she hosts him um what kind of group\h\h

14
00:05:00,480 --> 00:05:04,720
uh it is and possibly you know not\h
possibly definitely a location so\h\h

15
00:05:04,720 --> 00:05:11,040
some of you that are from san luis or maybe in the\h
area you could go and partake in those meetings\h\h

16
00:05:11,040 --> 00:05:16,560
so sorry my attention was taken away\h
by i have my wonderful wife give me\h\h

17
00:05:16,560 --> 00:05:21,200
some feedback of whether or not everything\h
looks good on on your guys's end because\h\h

18
00:05:21,200 --> 00:05:26,240
it's just me here in my little bubble so i can't\h
see how well the stream is going out there so\h\h

19
00:05:26,240 --> 00:05:31,840
sometimes i do get distracted distracted with all\h
kinds of things going on so um if you would like\h\h

20
00:05:31,840 --> 00:05:39,520
to share your story today whatever it might be i\h
we usually do or use the telegram group where you\h\h

21
00:05:39,520 --> 00:05:47,360

can just download telegram whether it's on your phone or computer and just join the ufo up group

22

00:05:47,360 --> 00:05:51,920

the link is in the description below if you're on youtube if you're on facebook the description

23

00:05:51,920 --> 00:05:56,960

should be usually above the video um and uh in there there's also the link to the group

24

00:05:56,960 --> 00:06:03,520

voice chat is going on right now join it and you should be able to just raise your hand and that'll

25

00:06:03,520 --> 00:06:09,760

tell me in my cue that you want to speak to me so with that being covered i wanted to also just do

26

00:06:09,760 --> 00:06:18,080

some quick announcements this friday sherry wilde is finally um rejoining the the circuit i guess so

27

00:06:19,200 --> 00:06:25,600

she's had a lot of health issues and things that she's been needing to to get over and she

28

00:06:25,600 --> 00:06:31,520

was definitely not herself the few times i got to talk to her in person she was very weak with all

29

00:06:31,520 --> 00:06:37,920

the things that were going on in her life and so she finally is strong enough to to be able to then

30

00:06:37,920 --> 00:06:44,560

have longer conversations and you know partake in skype calls and and phone calls or whichever so

31

00:06:44,560 --> 00:06:51,600

um i don't know if this is the first time but i\h
believe this is her first time since she's been\h\h

32
00:06:51,600 --> 00:06:58,240
away for at least a couple of years i believe\h
i could be mistaken but she reached out to me\h\h

33
00:06:58,240 --> 00:07:03,040
said she's ready and i was more than happy\h
to have her on so this friday sherry wilde\h\h

34
00:07:03,040 --> 00:07:08,640
is going to be my guest at 7 p.m as\h
usual also just want to mention it now\h\h

35
00:07:10,160 --> 00:07:17,120
it's actually august 20th that i'm going to have\h
brad johnson on he's the one that channels adronis\h\h

36
00:07:17,120 --> 00:07:25,040
and um i asked him back because of well actually\h
for two reasons one reason is as of august 31st\h\h

37
00:07:25,040 --> 00:07:32,160
he he about two weeks ago made an announcement\h
that he's going to um stop channeling a dronus\h\h

38
00:07:32,160 --> 00:07:39,600
and um i wanted to take the opportunity to\h
to talk to him uh one last time before this\h\h

39
00:07:39,600 --> 00:07:45,600
cutoff date which is august 31st and so i also\h
uh wanted to then this time around getting to\h\h

40
00:07:46,400 --> 00:07:52,080
um i wouldn't call them necessarily i don't know\h
what to call these but it's like new information\h\h

41
00:07:52,880 --> 00:07:56,560

and things that i've from watching\
his channel and watching a journalist\

42

00:07:57,280 --> 00:08:04,000

do his channeling like i want to cover some things\
that he mentioned things that kind of took me back\

43

00:08:04,000 --> 00:08:13,920

such things like nasa never went to the moon and\
certain things about space and about space travel\

44

00:08:13,920 --> 00:08:19,520

in general how challenging and difficult it is\
and all kinds of things you know and certain\

45

00:08:20,080 --> 00:08:25,920

like i guess call it the hidden hand that's\
that's kind of doing their controlling around\

46

00:08:25,920 --> 00:08:30,400

the planet so i wanted to get into those topics\
and pretty much start out with those directly\

47

00:08:30,400 --> 00:08:36,400

instead of last time we had an introduction about\
who brad johnson was what he did what jonas was\

48

00:08:36,400 --> 00:08:43,600

but this time it would just be i'm hoping more of\
the hard harder not harder but more like these um\

49

00:08:43,600 --> 00:08:48,400

these questions i believe everyone all of us\
want to know you know the it's it's what what\

50

00:08:48,400 --> 00:08:53,280

in the world is going on and what perspective\
he would he would um have to offer so that's\

51

00:08:53,280 --> 00:08:59,920

august 20th so i'm really happy he agreed to do
uh to do the interview which one last time before

52

00:08:59,920 --> 00:09:09,600

i guess um he stops this his channel in
journey okay so um all right got that

53

00:09:10,240 --> 00:09:16,880

uh covered so what i wanted to to basically
just uh i want to show you a video this for

54

00:09:16,880 --> 00:09:21,840

for those of you who are already on telegram
and and following i post there a lot more often

55

00:09:22,560 --> 00:09:27,680

because i'm trying to establish more of a base on
telegram and working on other platforms in case

56

00:09:28,560 --> 00:09:34,960

um youtube doesn't work out anymore i don't know
they're constantly being the pain changing rules

57

00:09:34,960 --> 00:09:41,200

you know shadow banning and i've noticed that
a great deal on my channel and so um you know

58

00:09:41,200 --> 00:09:47,120

it seems like it's best to just kind of start
a presence somewhere else and so i'm starting

59

00:09:47,120 --> 00:09:52,320

with telegram and i've also looking into rumble
and all that i might have mentioned that to you

60

00:09:53,120 --> 00:10:00,800

so i'm also um trying to engage people there more
so that hoping that you might shift over you know

61

00:10:00,800 --> 00:10:06,640

i know youtube is very convenient and it's you\h
know it's on everybody's fingertips to just easily\h\h

62

00:10:06,640 --> 00:10:12,560

you know oh something is happening youtube it well\h
that only works if we truly had a free society if\h\h

63

00:10:12,560 --> 00:10:19,040

we truly didn't have a control system to lock out\h
some information but only allows others and then\h\h

64

00:10:19,040 --> 00:10:25,920

do it under disguise of um you know this is fake\h
news this is not fake news and kind of being the\h\h

65

00:10:25,920 --> 00:10:33,280

the gatekeeper of information and um almost like\h
you know moral police as well you know only they\h\h

66

00:10:33,280 --> 00:10:37,840

know what's wrong what's right you know and so i\h
personally don't like that some of you didn't know\h\h

67

00:10:37,840 --> 00:10:44,480

me would wouldn't understand why i don't like that\h
it's just um so anyway so i'm trying to build up\h\h

68

00:10:45,040 --> 00:10:49,520

i feel like i'm a bit behind but i'm trying\h
to build up like telegram and hopefully soon\h\h

69

00:10:49,520 --> 00:10:56,000

starting to upload and rumble as well and so i\h
hope you give it a chance because as convenient\h\h

70

00:10:56,000 --> 00:11:00,960

youtube is you know there's a lot that pretty soon\h
they might not allow us to talk about so anyway\h\h

71

00:11:02,240 --> 00:11:09,840

let me see so anyway it's the um i posted\h
that uh the video call it i guess it's\h\h

72

00:11:09,840 --> 00:11:13,840
just called the shape shifting ufo so\h
i want to show this to you real quick\h\h

73

00:11:15,840 --> 00:11:21,280
and this was sorry i don't have the more\h
of a background information on this but\h\h

74

00:11:21,280 --> 00:11:27,600
this was taken by a person on an airplane\h
or on a tarmac while sitting on an airplane\h\h

75

00:11:27,600 --> 00:11:35,520
but it's basically this um some say it's\h
that it's a water particle in the window\h\h

76

00:11:35,520 --> 00:11:44,240
and i'm not sure that that's the case and it's\h
quite drastic shifts that it does and so um i post\h\h

77

00:11:44,240 --> 00:11:52,080
you know posted that for uh those on telegram to\h
you know check it out because um i don't you know\h\h

78

00:11:52,080 --> 00:11:59,440
um i don't know i don't have a direct connection\h
to where uh okay they whoever they are told me\h\h

79

00:11:59,440 --> 00:12:05,200
this is what that you know this is this ship from\h
this place and whatever i just have no idea but at\h\h

80

00:12:05,200 --> 00:12:10,960
least wanted to keep you informed um that way i\h
know uh i don't know how many people on youtube\h\h

81

00:12:10,960 --> 00:12:16,400

might have already seen that but if this is the
first time you've seen it there's other um i think

82
00:12:16,400 --> 00:12:21,920
just like um there's not the actual narration to
it there's just some kind of a i guess airplane

83
00:12:21,920 --> 00:12:27,760
background sound so i got that out for for this
purpose because there's nothing sad but it's

84
00:12:27,760 --> 00:12:34,000
an interesting interesting um uh video and it's
one of these things that kind of puts us in this

85
00:12:35,600 --> 00:12:40,960
i guess in this you're doomed if you do have
evidence you doom if you don't because if you

86
00:12:40,960 --> 00:12:46,160
do then it could be anything but if you don't then
you know you're not telling the truth you know so

87
00:12:46,160 --> 00:12:52,000
it's that's that's the part with the sucky
part of evidence right everybody wants that

88
00:12:52,000 --> 00:12:58,160
great picture you know and uh if a ufo picture is
too blurry it's too blurry of course and can't be

89
00:12:58,160 --> 00:13:04,080
admissible but if it's too clean it's too good you
know and rightfully so some some of them are cgi

90
00:13:04,080 --> 00:13:11,120
but there are others that are that are um you know
quite unique where it's you know it goes beyond

91
00:13:11,120 --> 00:13:15,760

just what you can see but it comes comes with a
feeling where you go like there's something there

92
00:13:16,800 --> 00:13:23,600
okay so um well so the other one though i
wanted to to cover real quick and it's actually

93
00:13:25,440 --> 00:13:29,920
oops shifted back to it let me get rid of this one

94
00:13:32,560 --> 00:13:42,320
um it's actually in during this uh this video
i did a like a behind the scene of ozark ufo

95
00:13:42,320 --> 00:13:49,360
conference and what we um generally do and so i've
had that on there since pretty much 2018 this was

96
00:13:50,000 --> 00:13:58,720
about a month after i um you know after i attended
the conference here you can see us and myself and

97
00:13:58,720 --> 00:14:03,920
the rest of team were just running around setting
up chairs and all that stuff and then the next day

98
00:14:03,920 --> 00:14:09,040
everyone then slowly coming in and filling the
room well anyway the reason why why i bring that

99
00:14:09,040 --> 00:14:17,120
up there's ted he's one of the av guys really cool
guy the reason why i'm bringing that up is that um

100
00:14:20,160 --> 00:14:27,840
i received an email from a very nice lady i
got to later on talk to her and she's basically

101
00:14:27,840 --> 00:14:33,360
working with the team that's coming out with

this documentary that's airing on showtime\h\h

102

00:14:33,360 --> 00:14:40,480

this weekend and so they were basically asking me\h
about rights or licensing rights to some of that\h\h

103

00:14:42,080 --> 00:14:45,600

time lapse footage there's some\h
more later on in that video\h\h

104

00:14:45,600 --> 00:14:51,760

and so uh they wanted they they wanted to add\h
that because there's a segment in this four-part\h\h

105

00:14:52,400 --> 00:14:58,960

you know mini documentary that's coming out this\h
weekend i think august 8th on showtime there's\h\h

106

00:14:58,960 --> 00:15:05,040

a section talking about conferences and so i was\h
very hesitant i sent an email back with some of my\h\h

107

00:15:05,040 --> 00:15:11,600

demands you know i basically the only way i would\h
even start to consider this if for one it doesn't\h\h

108

00:15:11,600 --> 00:15:19,360

uh make fun of conferences uh the ufo hub um uh\h
any individual people and just you know if it's if\h\h

109

00:15:19,360 --> 00:15:26,800

it's uh used in a negative way in in you know in\h
in that light and so they basically just assured\h\h

110

00:15:26,800 --> 00:15:32,160

me that this was just a documentary they will\h
have two sides you know as like a conversation\h\h

111

00:15:32,160 --> 00:15:37,920

if i'm not mistaken uh but it's not going to\h

be used in this nefarious way which was my\h\h

112

00:15:37,920 --> 00:15:42,960

main concern so i agreed you know i said all\h
right it would be kind of nice to at least

113

00:15:45,520 --> 00:15:52,480

i guess partake in that way and so plus\h
just recently as you guys know i've i'm\h\h

114

00:15:52,480 --> 00:15:57,360

actually using my brand new computer to\h
run this stream and hopefully things go\h\h

115

00:15:57,360 --> 00:16:02,480

a lot uh well not hopefully definitely going a\h
lot smoother so anyway all of that cost money so\h\h

116

00:16:02,480 --> 00:16:07,200

they were offering me some money for the licensing\h
fee so it's like why not the work is already done\h\h

117

00:16:07,200 --> 00:16:15,760

and they needed about 10-15 seconds so i figured\h
wherever i could help and um it's kind of cool too\h\h

118

00:16:15,760 --> 00:16:23,760

to i've never actually partaken or contributed\h
to a larger documentary such as that one so um

119

00:16:26,320 --> 00:16:26,880

let me

120

00:16:30,160 --> 00:16:33,280

i had it early here so let\h
me show you to you real quick

121

00:16:35,520 --> 00:16:41,680

okay there we go so this is the documentary\h
that's going to be um airing here pretty soon\h\h

122

00:16:41,680 --> 00:16:49,840

august 8th on showtime whoa i've never
seen anything like that what the actual

123

00:16:52,960 --> 00:16:57,360

when i look in the sky at night nowadays i've
got the knowledge that i didn't have before

124

00:16:57,920 --> 00:17:01,440

i don't know what that was that
there's something out there

125

00:17:01,440 --> 00:17:05,760

and it's real when this whole thing
started i tried to tell people about it

126

00:17:08,320 --> 00:17:11,440

no one believed me but now i do have evidence

127

00:17:12,720 --> 00:17:20,400

some of this is gonna be hard for me
encountered something over the sky

128

00:17:21,520 --> 00:17:28,240

most sightings of ufos can be explained oh my
gosh only a small percentage can't be it was giant

129

00:17:28,800 --> 00:17:36,320

quiet and it was amazing within less than a second
crosses right in front of me poof and it's gone

130

00:17:39,840 --> 00:17:47,680

and then bam the new york times story it changed
everything this is it this is when the government

131

00:17:47,680 --> 00:17:54,160

is going to reveal the truth oh my god it was
a bombshell right that's what it was whether

132

00:17:54,160 --> 00:17:59,840

you accept it or not some people actually saw this\h
stuff people are actually going to believe us now

133

00:18:01,920 --> 00:18:08,000

imagine if it was acknowledged\h
officially that ufos exist

134

00:18:13,280 --> 00:18:15,840

our own divisions would\h
suddenly feel so much smaller\h\h

135

00:18:16,720 --> 00:18:22,000

it was dark money even members of congress don't\h
know it's there this is too big to turn away from\h\h

136

00:18:23,600 --> 00:18:29,120

there's something in our sky and we don't\h
know what it is but there's something coming

137

00:18:31,680 --> 00:18:33,760

the world needs to get ready\h
for what's about to happen

138

00:18:40,800 --> 00:18:48,480

okay so that was that and so yeah i'm voting i'm\h
planning to check it out i haven't seen how they\h\h

139

00:18:48,480 --> 00:18:54,160

used it at which which section you know but uh\h
i'm curious to see it so we might just sign up\h\h

140

00:18:54,160 --> 00:19:00,080

for the free trial and see if we can um you know\h
cancel before the free trial is over right because\h\h

141

00:19:00,080 --> 00:19:05,760

we don't we don't have show time so anyway just\h
wanted to tell you about that so that's pretty\h\h

142

00:19:05,760 --> 00:19:12,320

much it i think i'm all caught up with what i\h
needed to to tell you about and so i want to

143

00:19:15,520 --> 00:19:23,200

want to switch over to telegram and actually\h
get ginger on ginger if you unreach yourself\h\h

144

00:19:23,200 --> 00:19:32,000

you should be uh you should be able to talk to me\h
hi man there you are how are you how's it going\h\h

145

00:19:33,280 --> 00:19:38,480

going good i'm i'm really glad to be here thank\h
you for having me well no i i appreciate you uh\h\h

146

00:19:38,480 --> 00:19:43,440

doing this last minute you know i i wanted\h
to at least i noticed sometimes people need\h\h

147

00:19:43,440 --> 00:19:49,040

someone else to come on before they come out and\h
dial in to share their stories so i figured um\h\h

148

00:19:49,040 --> 00:19:53,840

you know i want to talk to you about what you do\h
because uh especially for those in san luis you\h\h

149

00:19:53,840 --> 00:20:00,320

know could benefit from but um you were telling me\h
a while back that um you had tell me a little bit\h\h

150

00:20:00,320 --> 00:20:07,120

so i got to know you over coasties and so tell me\h
about whether or not cosys is still going on and\h\h

151

00:20:07,120 --> 00:20:15,200

what other new venues and things you have changed\h
or have yeah coasties was a monthly meetup group\h\h

152

00:20:15,200 --> 00:20:21,280

for fans of the radio program coast to coast am\h
as you know you were a really great member of\h\h

153

00:20:21,280 --> 00:20:25,760

the group for a little while there and even\h
presented there we had monthly speakers or\h\h

154

00:20:25,760 --> 00:20:30,880

topics sometimes it was a roundtable discussion it\h
was usually topics along the lines that coast to\h\h

155

00:20:30,880 --> 00:20:36,720

coast am would cover and that group started\h
in 2009 in the back of a barnes and noble\h\h

156

00:20:36,720 --> 00:20:43,040

just because um me and somebody i work with found\h
out that we both listened to coast to coast am and\h\h

157

00:20:43,840 --> 00:20:48,800

were really excited to find out that there was\h
another you know individual who who liked that\h\h

158

00:20:48,800 --> 00:20:54,400

those topics and so we started the group and we\h
met monthly for over 10 years all the way up till\h\h

159

00:20:54,400 --> 00:21:02,080

the beginning of 2020 and by that time we were\h
meeting um in the back room of the bowling alley\h\h

160

00:21:02,080 --> 00:21:07,520

and the bowling alley was uh gonna not have the\h
room available to us anymore and then right then\h\h

161

00:21:07,520 --> 00:21:12,560

the pandemic hit so a couple of times we tried\h
meeting on zoom and it just didn't work out great\h\h

162

00:21:13,280 --> 00:21:19,440

and i had been kind of thinking in my mind as i've\h
gotten older you know this all of this research\h\h

163

00:21:19,440 --> 00:21:24,880

and study is kind of part of my personal spiritual\h
journey and as i've gotten older and i've you know\h\h

164

00:21:24,880 --> 00:21:29,840

studied a lot of the different topics and listened\h
to a lot of the shows and met a lot of people\h\h

165

00:21:29,840 --> 00:21:36,960

where i really wanted to drill down to and hear\h
more about was from actual experiencers people\h\h

166

00:21:36,960 --> 00:21:43,840

who experience something strange or different\h
or unexplained phenomenon or phenomenon they\h\h

167

00:21:43,840 --> 00:21:48,800

can explain but most of the rest of us wouldn't\h
understand i was just so so much more interested\h\h

168

00:21:48,800 --> 00:21:53,280

in hearing those stories and a few of the people\h
from coasties i've gotten to know pretty well and\h\h

169

00:21:54,080 --> 00:21:58,000

i'm sure you've heard this before too one\h
of the first things they'll tell you is i ì\h\h

170

00:21:58,000 --> 00:22:02,960

can't talk about this with anybody else there ì\h
can't tell my family about this i can't tell my\h\h

171

00:22:02,960 --> 00:22:07,760

friends about this you know i think i'm in contact\h
with extraterrestrials or i think that i've\h\h

172

00:22:07,760 --> 00:22:14,320

you know seen ghosts or i see things other people\h
don't see a whole broad range of experiences\h\h

173

00:22:15,120 --> 00:22:20,160

and so i wanted to create a group especially for\h
them especially for them to share their stories\h\h

174

00:22:20,160 --> 00:22:25,040

so not only for them so it's also for people\h
like me who are not an experimenter i've never\h\h

175

00:22:25,040 --> 00:22:31,200

had any interesting experiences but i'm intensely\h
interested in what is there that doesn't meet the\h\h

176

00:22:31,200 --> 00:22:36,960

eye what else is there about this world that we\h
don't understand and you know me adnan you know\h\h

177

00:22:36,960 --> 00:22:41,840

that's kind of my trajectory i i don't have\h
the experiences myself but i'm interested in\h\h

178

00:22:41,840 --> 00:22:46,880

what others have to share and have always been\h
interested in following your path as well right\h\h

179

00:22:48,640 --> 00:22:56,560

well um so uh do you do you want to maybe\h
share about the location uh where it's at\h\h

180

00:22:56,560 --> 00:23:03,440

yes those are to basically cover first first\h
yeah our first meeting was last month july and\h\h

181

00:23:03,440 --> 00:23:08,960

every month we're going to meet the second friday\h
night of the month every month second friday night\h\h

182

00:23:08,960 --> 00:23:14,000

of the month so last month was the very first\h
meeting july the name of the group is bridges\h\h

183

00:23:14,640 --> 00:23:21,200

and it's we meet at chesterfield mall which is\h
in chesterfield missouri on the upper level next\h\h

184

00:23:21,200 --> 00:23:26,000

door to macy's so inside the mall next door to\h
macy's it's good to come in the macy's entrance\h\h

185

00:23:26,560 --> 00:23:31,760

and it is free to attend there's a suggested\h
donation of like a couple dollars or five\h\h

186

00:23:31,760 --> 00:23:37,840

dollars because we are putting out coffee and\h
soda and tea and whatnot it's a nice big room\h\h

187

00:23:37,840 --> 00:23:46,160

and our very first meeting we invited a near-death\h
experiancer a woman who um has even done a little\h\h

188

00:23:46,160 --> 00:23:53,440

bit of writing on ndes and served on a national\h
nde um i guess it's like an organization that\h\h

189

00:23:53,440 --> 00:23:59,200

studies ndes her name is linda jackman she\h
lives in a suburb here in st louis and uh\h\h

190

00:23:59,200 --> 00:24:04,640

she was interviewed on tv a few times so she's\h
pretty you know well-versed in the subject and\h\h

191

00:24:04,640 --> 00:24:10,640

has had multiple near-death experiences of her own\h
so it was a really great kickoff evening and um\h\h

192

00:24:11,840 --> 00:24:17,120

what i wanted to share with you and your
listeners is one of the things that's different

193

00:24:17,120 --> 00:24:24,320

about the way this group is being handled is it's
supposed to be you know we want it to be create

194

00:24:24,320 --> 00:24:30,000

a safe atmosphere for people to share what's
going on with them you know without fear of

195

00:24:30,000 --> 00:24:37,360

judgment and at the same time you know to be to be
given a respect and it doesn't mean that we have

196

00:24:37,360 --> 00:24:42,880

to believe everything but that everyone would be
heard at least you know the speaker would be heard

197

00:24:42,880 --> 00:24:47,600

so i created a little opening reading to try
to set the tone for the meeting and i wondered

198

00:24:47,600 --> 00:24:50,800

it's only a couple paragraphs long if you
thought it would be okay for me to read that

199

00:24:51,600 --> 00:24:56,960

sure why not okay so the beginning of the
meeting this is what i'm reading at the beginning

200

00:24:57,680 --> 00:25:02,560

welcome to bridges we're glad you joined us this
is a meeting for people who have experienced or

201

00:25:02,560 --> 00:25:07,360

are interested in unexplained or metaphysical
phenomenon we meet once a month on the second

202

00:25:07,360 --> 00:25:11,600

friday of every month the meeting starts at seven\h
and we need to be completely out of the mall by\h\h

203

00:25:11,600 --> 00:25:16,880

nine the goal here is to build bridges with one\h
another and with positive vibrations and energy\h\h

204

00:25:16,880 --> 00:25:21,680

from the spiritual realm this is a place for\h
growth and building our understanding of what's\h\h

205

00:25:21,680 --> 00:25:28,640

out there some of the future topics at bridges\h
will be seeing a non-human entity a ufo or ghost\h\h

206

00:25:28,640 --> 00:25:34,640

out of body or near-death experiences and events\h
of pre-cognitive or highly intuitive visions\h\h

207

00:25:35,280 --> 00:25:40,960

each meeting we will feature a speaker this is a\h
place for speakers to share their truth and not\h\h

208

00:25:40,960 --> 00:25:45,600

be judged please be respectful of the speaker\h
as they have come to share something special\h\h

209

00:25:45,600 --> 00:25:50,160

that they may not be able to discuss in other\h
situations if at any time you feel the need to\h\h

210

00:25:50,160 --> 00:25:54,880

step out don't feel bad you will not be judged\h
we understand these concepts can be overwhelming\h\h

211

00:25:55,760 --> 00:26:01,200

so the idea they're adnan is that you know\h
this is open to non-experiencers as well\h\h

212

00:26:01,200 --> 00:26:06,640

and hearing some of these things might be a little
freaky for them so i'm kind of hoping hoping to

213

00:26:06,640 --> 00:26:12,400

drill down more to into the experiences than you
know the previous group that i was a part of which

214

00:26:12,960 --> 00:26:17,760

handled a lot more like conspiracy and
alternative health and current events and

215

00:26:17,760 --> 00:26:22,560

things like that this is drilling down more to
the personal experience experiences but at the

216

00:26:22,560 --> 00:26:27,360

same time being open to the public and we had a
great turnout we had like over 20 people for the

217

00:26:27,360 --> 00:26:33,760

first meeting and i'm expecting even more this
month right well i hope those that are in in

218

00:26:34,560 --> 00:26:39,760

saint louis and watching watching this that you
know that's something they consider seeing and

219

00:26:39,760 --> 00:26:45,360

you know i i'd appreciate that because it's you
know it's um you know a lot of these different

220

00:26:45,360 --> 00:26:51,440

groups when it comes to um i mean i hate to even
consider it it's not in the same field but just to

221

00:26:51,440 --> 00:26:58,320

this is like a example there's so many groups like
aaa meetings and you know if you have you know all

222

00:26:58,320 --> 00:27:05,520

these different um challenges in life you can find
a meeting but it was you know i i was not aware

223

00:27:05,520 --> 00:27:12,240

of something that was you know related to what i
was into you know and just having your meeting and

224

00:27:12,240 --> 00:27:18,640

uh you know race at that time you know but he's
he's gone now too you know it was it really was

225

00:27:18,640 --> 00:27:22,800

you know great you know because it's now that
i've been out of it for quite a while it's like

226

00:27:22,800 --> 00:27:26,720

i would do anything to just be part of it you
know when i was initially there you know there's

227

00:27:26,720 --> 00:27:31,920

sometimes there's some infighting and people are
very strong in their opinions but now i would just

228

00:27:32,480 --> 00:27:39,600

revel in it and love it because you know i've been
so out of it in that sense that i haven't been um

229

00:27:39,600 --> 00:27:47,360

among this constant uh what's the word um exposure
you know with with everyone and all their quirks

230

00:27:47,360 --> 00:27:51,920

and all that when it comes to this field because i
mean you have different i mean i get it sometimes

231

00:27:51,920 --> 00:27:57,120

on the show too different people you know that
have certain experiences and sometimes they have

232

00:27:57,120 --> 00:28:02,160

different needs you know some just want to be\h
heard i just want to be believed you know others\h\h

233

00:28:02,160 --> 00:28:07,920

want to want both you know and it's that's the\h
challenge in that but at least there's a group you\h\h

234

00:28:07,920 --> 00:28:12,800

know where they're online and i loved it in person\h
so i'm glad you're doing that in person you know\h\h

235

00:28:12,800 --> 00:28:17,760

because you get to know each other and you can\h
call each other and like hey can i talk to you and\h\h

236

00:28:17,760 --> 00:28:22,800

you make friends you know for those that that you\h
know it comes easy so you know i'm really happy\h\h

237

00:28:22,800 --> 00:28:28,880

you're doing that and um you know it's um you\h
know a lot of people don't know too what it really\h\h

238

00:28:28,880 --> 00:28:34,080

takes to organize things because i know the few\h
times i tried to organize you know it costs a lot\h\h

239

00:28:34,080 --> 00:28:40,480

of money you know and so it you know and somehow\h
in this field and everywhere else um somehow all\h\h

240

00:28:40,480 --> 00:28:45,760

of us are supposed to be you know very noble\h
people you know everything should be for free\h\h

241

00:28:45,760 --> 00:28:50,960

you know just you know take my shirt off my back\h
and just you know here you go you know and if you\h\h

242
00:28:50,960 --> 00:28:56,000
truly need in your life depends on it of course i\h
will you know but sometimes you know if a meeting\h\h

243
00:28:56,000 --> 00:29:01,440
needs to be organized you know the the different\h
places they want compensation uh they want their\h\h

244
00:29:01,440 --> 00:29:06,640
food bought you know all these other things so\h
you know i hope um you know people kind of get\h\h

245
00:29:06,640 --> 00:29:13,360
past this i know it's gonna insult a lot of you\h
out there but this you know very childish notion\h\h

246
00:29:13,360 --> 00:29:18,800
and mindset that well this should be for free i\h
was like well i know but you know my mechanics\h\h

247
00:29:18,800 --> 00:29:23,840
should just fix my stuff for free and the doctor\h
should just do what they do you know but it's\h\h

248
00:29:23,840 --> 00:29:30,160
unreasonable when you ask them in that way you\h
know so um you know you know i hope um i hope\h\h

249
00:29:30,160 --> 00:29:34,960
people you know support you in more than just the\h
small of a donation because the more they can give\h\h

250
00:29:34,960 --> 00:29:39,840
the more it can grow you know they don't realize\h
how much time and effort it gets into all that\h\h

251
00:29:41,360 --> 00:29:48,240
well and adnan i would like to to announce an\h
offer here for the first time on your program here\h\h

252

00:29:48,240 --> 00:29:54,240

that if there are other people in other cities\h
who would like to start a chapter of bridges\h\h

253

00:29:54,240 --> 00:29:58,480

to start their own chapter we will try\h
to help them we'll give them the readings\h\h

254

00:29:58,480 --> 00:30:04,560

we can put their location information on our\h
website the website is mysterybridge.com that's

255

00:30:04,560 --> 00:30:12,080

www.mysterybridge.com there's information about me\h
and some of my writings and also the information\h\h

256

00:30:12,080 --> 00:30:17,520

about the bridges experiencers group if other\h
people want to kind of network together and\h\h

257

00:30:17,520 --> 00:30:23,440

start a chapter of bridges in their location you\h
know we could exchange information and hopefully\h\h

258

00:30:23,440 --> 00:30:29,360

we learn more about what is going on out there\h
what are experiencers hearing from their guides or\h\h

259

00:30:30,000 --> 00:30:33,360

their ets that they're in contact\h
with or are there similarities\h\h

260

00:30:34,800 --> 00:30:40,000

okay i'm i'm as as i'm talking to you um\h
i'm just pulling up the website so that

261

00:30:40,720 --> 00:30:47,280

mysterybridgesbridge.com okay i'm just pulling\h
up the website so that people can see that that's\h\h

262

00:30:47,280 --> 00:30:53,920

the actual site and there's shoe on there too and the
the yellow button is about the experiencers

263

00:30:53,920 --> 00:31:00,000

group we're still working on the website just a
little bit right yeah no i'm sorry i'm not there

264

00:31:00,000 --> 00:31:05,040

because you know um i wasn't doing that great
of a job maintaining the other website but i'm

265

00:31:05,040 --> 00:31:09,120

glad you were able to figure it out and create
a new one for whatever you got going well the

266

00:31:09,120 --> 00:31:13,760

other website you made for the website you made
us for coasties worked great for years it was

267

00:31:14,560 --> 00:31:21,760

our main you know resource for on the online yeah
it's definitely adnan anytime you're in town on a

268

00:31:21,760 --> 00:31:27,600

second friday of the month please come be our
guest be a speaker if you want definitely join us

269

00:31:28,480 --> 00:31:31,520

yeah i'd love to i really would
love to you know it's it's almost

270

00:31:32,320 --> 00:31:37,040

you know not fair of my parents they always
want to just take up all my time every time

271

00:31:37,040 --> 00:31:42,960

in san luis they they just want to let's go
do this do that and they just um you know i

272

00:31:42,960 --> 00:31:47,440

i don't you know i keep telling my parents i'm\h
like you know i have hundreds if not thousands\h\h

273

00:31:47,440 --> 00:31:51,760

of friends here and i haven't even gotten to\h
see one of them you know a few times that i was\h\h

274

00:31:51,760 --> 00:31:58,320

able to stop by last time i still have some of\h
different books you know um so i might you know\h\h

275

00:31:58,320 --> 00:32:03,280

when i come by bring ba bring buy some boxes\h
and just give it out to people that want some\h\h

276

00:32:04,800 --> 00:32:09,280

that would be so nice yeah because what had\h
happened is um because i worked for ozark\h\h

277

00:32:09,280 --> 00:32:16,400

and um they sometimes write off certain books and\h
then they they either literally get recycled and i\h\h

278

00:32:16,400 --> 00:32:23,600

don't have the space to basically host all of them\h
because sometimes it's thousands of uh books which\h\h

279

00:32:23,600 --> 00:32:29,040

equals to hundreds of boxes and so it just broke\h
my heart seeing all those having go to recycling\h\h

280

00:32:29,040 --> 00:32:35,280

center so i took as many as i possibly could and\h
so i think i brought like five six different boxes\h\h

281

00:32:35,280 --> 00:32:41,840

with i think six seven different titles to to\h
your meeting yeah and when i went to another

282

00:32:44,080 --> 00:32:49,360

yeah you know so i have some more that are just
you know free for everyone to to take so i'll i'll

283

00:32:49,360 --> 00:32:56,000

make sure to bring some yeah they're writing off
some more so maybe they'll be something to bring

284

00:32:56,000 --> 00:33:02,320

bring with me uh you know some of the new
stuff as well well uh ginger so you know

285

00:33:04,160 --> 00:33:10,400

is is there is it frustrating sometimes to you
know be constantly kind of in the seeking mode

286

00:33:10,960 --> 00:33:15,600

you know while while maybe i mean i
don't know if yearning is the right word

287

00:33:15,600 --> 00:33:20,880

to say that while yearning to have the certain
experience that you hear other people talk about

288

00:33:22,480 --> 00:33:27,280

yeah i think sometimes i don't want to have
the experience like on the surface level i

289

00:33:27,280 --> 00:33:31,040

want to have it but really deep down
i'm just too scared i'm too afraid of

290

00:33:31,040 --> 00:33:38,000

what the answers are and you know so i enjoy
you know listening to the other people and

291

00:33:39,280 --> 00:33:44,160

learned have learned a lot from doing that and
i really value the in-person connection with the

292

00:33:44,160 --> 00:33:50,000

people but um i think i would just be too freaked\h
out to have anything happen to me i'm kind of\h\h

293

00:33:51,200 --> 00:33:58,000

easily frightened right but i'm so interested\h
i'm so interested and adam the other thing is\h\h

294

00:33:58,000 --> 00:34:04,240

and you know this this field attracts people\h
who are attention seekers who maybe aren't\h\h

295

00:34:04,240 --> 00:34:13,600

having experiences so much as they want to sort\h
of inflate or you know come up with different\h\h

296

00:34:13,600 --> 00:34:17,840

things that happen to just to get attention and\h
that's frustrating too that that is frustrating\h\h

297

00:34:17,840 --> 00:34:21,840

you and i have both seen around the groups every\h
now and then you'll get some poor person that's\h\h

298

00:34:21,840 --> 00:34:27,600

just lonely and so they're making stuff up and it\h
can be confusing like sometimes i don't believe\h\h

299

00:34:27,600 --> 00:34:33,040

everybody who shares in the group and that's\h
okay i'm not there to berate or condemn them\h\h

300

00:34:33,040 --> 00:34:38,400

but sometimes for my own reasons if somebody\h
shares that they've had lots of experiences in\h\h

301

00:34:38,400 --> 00:34:43,600

all the different fields like they've met bigfoot\h
and they've seen ghosts and they're psychic\h\h

302

00:34:43,600 --> 00:34:48,880

and they're they've met et's that's when i start\h
to step back and go wait a minute right well it's\h\h

303

00:34:48,880 --> 00:34:54,320

it's rare but possible especially knowing what i\h
know that what what happens with your with your\h\h

304

00:34:54,880 --> 00:34:59,920

brain i guess for lack of a better word you almost\h
get rewired to where now you're more receptive to\h\h

305

00:34:59,920 --> 00:35:04,960

to this world that's around you all the time but\h
i know exactly what you mean because um see this\h\h

306

00:35:04,960 --> 00:35:10,240

is where i always tell people it's like it's all\h
about if something happened to you it happened to\h\h

307

00:35:10,240 --> 00:35:16,160

you which means take the time to figure out why\h
you know what's going on you know um you know\h\h

308

00:35:16,160 --> 00:35:21,200

maybe then start you know read a book do whatever\h
you feel like is the next step you need to do\h\h

309

00:35:21,760 --> 00:35:27,920

to uh start um kind of like chasing that carrot\h
because a lot of times that's what it is it's a\h\h

310

00:35:27,920 --> 00:35:33,280

carrot you know uh put up in front of you to\h
start uh getting you to go down this route\h\h

311

00:35:33,280 --> 00:35:39,680

you know and so that's what it's important because\h
it's so um because there's some people they they\h\h

312

00:35:39,680 --> 00:35:43,840

you know they had an experience but they let's say\h
for example they want to be believed and there's\h\h

313

00:35:43,840 --> 00:35:49,840

nothing wrong with that but the point is how do\h
you prove certain things you know i've experienced\h\h

314

00:35:49,840 --> 00:35:56,400

you know so many other stuff but you know i\h
just try to find words and ways to convey it\h\h

315

00:35:56,960 --> 00:36:01,520

i convey to those that are interested and i move\h
on you know i can't sit there like please believe\h\h

316

00:36:01,520 --> 00:36:06,320

me you know it's like i'm telling you the truth\h
you know and all of that and so i'm you know it's\h\h

317

00:36:06,320 --> 00:36:12,880

it's more of a a journey that everyone has to\h
undertake themselves instead of for it to be this\h\h

318

00:36:12,880 --> 00:36:17,280

uh crusade that you eventually gonna have\h
to end up on oprah or something like that\h\h

319

00:36:17,280 --> 00:36:22,080

you know and and so that's what's so difficult\h
to explain to some people they just yearn that\h\h

320

00:36:22,080 --> 00:36:26,240

attention in that way you know and so\h
i but i don't know you know it's like\h\h

321

00:36:27,920 --> 00:36:33,520

all you can sometimes be whether in person or\h
online or anywhere just be a voice you know not\h\h

322

00:36:33,520 --> 00:36:39,840

be a voice be a ear to to listen to hear them\h
out you know and sometimes that's all they need\h\h

323

00:36:40,640 --> 00:36:51,200

right um but yeah so uh just it's some\h
something that others might not understand but\h\h

324

00:36:51,200 --> 00:36:56,080

it's san luis related so you're in\h
crestwood mall is kirkwood mall demolished\h\h

325

00:36:57,440 --> 00:37:02,800

this is chesterfield mall so crestwood\h
mall is demolished and chesterfield mall\h\h

326

00:37:02,800 --> 00:37:10,000

will be demolished in like two years oh wow\h
okay uh yeah um so yeah all the malls are\h\h

327

00:37:10,000 --> 00:37:14,080

dying i mean all models are getting torn\h
down the building was not in great shape\h\h

328

00:37:15,600 --> 00:37:20,240

the one that got tore down is the one i used\h
to you know that was my high school hangout so\h\h

329

00:37:20,240 --> 00:37:25,760

it's kind of sad to to uh to think about it\h
is it what do they turn into a parking lot\h\h

330

00:37:27,440 --> 00:37:33,920

they i i think there's a few buildings left and\h
mostly parking lot now i haven't been over there\h\h

331

00:37:33,920 --> 00:37:39,040

in a while but right across the street where they\h
used to have a barnes noble probably when you were\h\h

332

00:37:39,040 --> 00:37:43,760

in high school that's where ken and i started\h
coasties in the back of that barnes and noble\h\h

333

00:37:43,760 --> 00:37:46,720

right yeah is that barnes and noble still there\h\h

334

00:37:47,680 --> 00:37:54,480

oh long gone long gone oh wow so maybe i do need\h
to visit and just check it out for all time's sake\h\h

335

00:37:55,840 --> 00:38:01,440

but yeah um so are some people that that were\h
coming to coasties and some other meetings\h\h

336

00:38:01,440 --> 00:38:07,840

have you seen them at the bridges yeah that's\h
a great question we do have some of the same\h\h

337

00:38:07,840 --> 00:38:13,920

people showed up and some you know some were\h
brand new the speaker on near-death experiences\h\h

338

00:38:13,920 --> 00:38:18,800

she kind of had her own group of people that\h
she had invited who were really wanting to hear\h\h

339

00:38:18,800 --> 00:38:24,000

about ndes so she kind of brought a group of new\h
people and then they all joined the email list\h\h

340

00:38:24,000 --> 00:38:26,720

so that they could pick out which ones\h
they wanted to go to in the future\h\h

341

00:38:27,280 --> 00:38:33,360

and you know as far as like laying out a monthly\h
group like this one of the ways i look at it is\h\h

342

00:38:33,360 --> 00:38:39,920

all i need for the year is 12 people 12 people\h
willing to share that's not bad if you look at\h\h

343

00:38:39,920 --> 00:38:45,280

it like that rather than it's not so overwhelming\h
right and the person we're gonna the person that\h\h

344

00:38:45,280 --> 00:38:50,880

we're going to have speaking this month is a\h
former coasties person you might remember liz

345

00:38:53,120 --> 00:39:03,680

malkin she's uh liz burton oh yes yes yes sir yeah\h
yeah she's going to share about her experiences\h\h

346

00:39:03,680 --> 00:39:10,080

with angels and et's and she's had some very\h
interesting personal first-hand experiences and\h\h

347

00:39:10,080 --> 00:39:15,200

you know she's not a circuit speaker she hasn't\h
written a book she doesn't want to be interviewed\h\h

348

00:39:15,200 --> 00:39:20,240

on shows she part of her effort in sharing\h
her story is she wants to meet other people\h\h

349

00:39:20,240 --> 00:39:26,080

like herself she's she's lonely and wants to meet\h
other people who are experiencing this as well and\h\h

350

00:39:26,080 --> 00:39:31,920

so that's part of her motivation and sharing with\h
the group right ginger excuse me one quick second\h\h

351

00:39:31,920 --> 00:39:37,920

so for some of you watching right now um i'm just\h
catching up on some details that i asked ginger\h\h

352

00:39:37,920 --> 00:39:42,960

to come on and share and but of course today's\h
open line so if you would like to speak to me\h\h

353

00:39:43,760 --> 00:39:48,800

you can join telegram join the group and just\h
raise your hand and it'll tell me in the queue\h\h

354

00:39:48,800 --> 00:39:53,040

that you are wanting to speak to me if you don't\h
raise your hand i would just assume that you're\h\h

355

00:39:53,040 --> 00:39:58,960

using telegram to listen to it which is perfectly\h
all right but uh you do have to i guess take that\h\h

356

00:39:58,960 --> 00:40:04,320

initial step of raising your hand so i know\h
that uh you're also there and wanting to speak\h\h

357

00:40:04,320 --> 00:40:10,960

to me directly um otherwise i have no way of\h
knowing so um uh so ginger what i wanted to\h\h

358

00:40:11,680 --> 00:40:21,120

i guess um ask you next so is it maybe uh does\h
the location also um switching it over do you\h\h

359

00:40:21,120 --> 00:40:26,800

think that just kind of would switch the energy\h
around besides just changing the subjects around\h\h

360

00:40:26,800 --> 00:40:31,280

because really the subjects haven't really\h
changed you know it's just i guess um you know\h\h

361

00:40:32,240 --> 00:40:37,040

just changing their own new venue does it just\h
feel like it's more constructive than the previous\h\h

362

00:40:37,040 --> 00:40:43,600

meeting i think it does it's a nicer room but\h
it's not there's no restaurant attached to the\h\h

363

00:40:43,600 --> 00:40:49,200

to the venue there's a restaurant in the mall but\h
there's no restaurant like before at the bowling\h\h

364

00:40:49,200 --> 00:40:54,160

alley people love to go get you know snacks or\h
drinks or whatever and so i was really frustrated\h\h

365

00:40:54,160 --> 00:40:59,520

looking for a place where we could have it all you\h
know where it was free rent and we could buy food\h\h

366

00:40:59,520 --> 00:41:04,160

and we could stay as late as we wanted and they\h
had the evening we went it was just impossible so\h\h

367

00:41:04,800 --> 00:41:10,240

this is a compromise but there's a stage and\h
there's a sound system and it's just a little\h\h

368

00:41:10,240 --> 00:41:16,160

nicer and so i think it did bring a different\h
feel and i think doing the little reading at\h\h

369

00:41:16,160 --> 00:41:23,360

the beginning kind of sets the tone but um there\h
were some crazy old i was looking back at some of\h\h

370

00:41:23,360 --> 00:41:28,640

the coasties topics we did that were pretty far\h
from anything we're going to be doing in bridges\h\h

371

00:41:29,440 --> 00:41:36,400

um some of some of the old coasties things\h
that that we did was like a topic on hoaxes\h\h

372

00:41:37,600 --> 00:41:42,400

we did the topic of unidentified persons like
people that were found you know in different

373

00:41:42,400 --> 00:41:47,840

cases in history but no one knew who they
were and they didn't know who they were um

374

00:41:48,880 --> 00:41:54,240

we we had uh the missouri coalition for the
environment come to present to us on nuclear

375

00:41:54,240 --> 00:42:00,240

pollution in saint louis so it was really broad
you know i remember that actually yeah excuse

376

00:42:00,240 --> 00:42:04,880

me i'm sorry to drive i just wanted to say this
okay i remember that because i filmed that one too

377

00:42:04,880 --> 00:42:11,200

and i tried um i tried to upload a few years back
on on facebook because i was trying to find a way

378

00:42:11,200 --> 00:42:19,040

because it doesn't exactly fit in with the channel
here you know because it's more of a i guess a um

379

00:42:20,640 --> 00:42:27,360

environmental thing because before you know if you
discuss things like monsanto it's more within that

380

00:42:27,360 --> 00:42:30,240

conspiratorial what are they
doing and i could kind of

381

00:42:30,880 --> 00:42:36,720

make that match to ufo hub you know about what
else is going on you know but uh this was like

382

00:42:36,720 --> 00:42:44,640

purely like hey we got uh you know nuclear waste
buried there's a fire approaching and if it gets

383

00:42:44,640 --> 00:42:50,240

burned out you know the entire midwest
is pretty much going to have to evacuate

384

00:42:50,240 --> 00:42:54,640

because i remember when i was i was in san luis
during that time and i went to saint charles to

385

00:42:54,640 --> 00:43:00,800

visit my parents and they got a pamphlet telling
them about what to do in case of an evacuation

386

00:43:02,480 --> 00:43:09,360

jeez yeah st louis is big on a lot of uh
environmental problems like that right but you

387

00:43:09,360 --> 00:43:14,960

know like for me personally that was all really
cool stuff to learn about and i still want to do

388

00:43:14,960 --> 00:43:21,600

that but from a more spiritual standpoint i'm just
interested in hearing from people like you and

389

00:43:21,600 --> 00:43:28,000

your listeners what kind of experiences they've
had that aren't things that we would normally hear

390

00:43:28,000 --> 00:43:32,640

about or talk about unless we're into this stuff
right because i think that there is more than

391

00:43:32,640 --> 00:43:39,200

meets the eye and i i want to know why we're here
and the metaphysical aspects of the world that

392

00:43:39,200 --> 00:43:44,160

we tell ourselves couldn't possibly be real\h
and the majority of of people don't believe\h\h

393

00:43:44,160 --> 00:43:49,680

are real i want to know what the people like\h
you and your listeners are are finding out\h\h

394

00:43:51,360 --> 00:43:57,520

right you know what what i loved uh especially\h
on courses too um you know it it wasn't limited\h\h

395

00:43:58,160 --> 00:44:04,320

really you know that's because i remember that one\h
time uh you brought in a guest uh to to discuss\h\h

396

00:44:04,320 --> 00:44:10,720

from his point of view about flat earth you know\h
and um you know it was intriguing just to know\h\h

397

00:44:10,720 --> 00:44:16,960

how people get into that mindset you know and and\h
and all of that you know that was you know that's\h\h

398

00:44:16,960 --> 00:44:22,480

what i liked about it because it wasn't you know\h
a lot of people want to always draw that line in\h\h

399

00:44:22,480 --> 00:44:26,720

the sand you know and say okay that's it i\h
don't want to hear about this and you know\h\h

400

00:44:26,720 --> 00:44:29,680

and so i've learned long time ago\h
at least just taking the information\h\h

401

00:44:30,400 --> 00:44:34,480

you know what are they saying and at least you'll\h
have a library of some information in the back of\h\h

402

00:44:34,480 --> 00:44:40,960

your head so that something does come up you're
more educated on you know maybe commenting or

403

00:44:40,960 --> 00:44:45,840

you know more of what you're observing and maybe
in the future as opposed to just saying you know

404

00:44:45,840 --> 00:44:50,000

nope nope that's it i don't want to understand
what you're talking about it's too crazy and

405

00:44:50,000 --> 00:44:57,280

then shutting it out well i think you might have
been there we did some hands-on stuff at coasties

406

00:44:57,280 --> 00:45:04,960

where we did some experiments to see you know if
premonitions or psychic feelings could be you know

407

00:45:04,960 --> 00:45:09,440

if we could bring those about and we did some
fun exercises were you there for some of that

408

00:45:09,440 --> 00:45:15,520

i don't think so um not that i can remember
because i started i think um i think in

409

00:45:17,440 --> 00:45:25,680

and oh shoot i have no idea now i think it was
uh right you've done 12. you filmed you filmed

410

00:45:25,680 --> 00:45:32,720

the missouri collision for the environment in
2014. okay so yes before that because i was

411

00:45:32,720 --> 00:45:38,880

pretty much starting 2012 because i think
um a lot of the um coasties i think in the

412

00:45:38,880 --> 00:45:45,840

race meeting we all went to the 2012 ozark ufo\h
conference we kind of all drove together down here

413

00:45:48,720 --> 00:45:51,920

well we're going to do some hands-on\h
stuff in the bridges group too\h\h

414

00:45:51,920 --> 00:45:56,320

um coming up we're going to have a presenter\h
who's had a lot of experience with dowsing\h\h

415

00:45:56,880 --> 00:46:01,040

and she's going to share what's happened to her\h
and what she's learned and we're going to do\h\h

416

00:46:01,040 --> 00:46:06,160

just a little bit of hands-on as well right you\h
know that stuff is pretty interesting though too\h\h

417

00:46:07,520 --> 00:46:12,320

when it comes to dowsing because you know you\h
think it's just these weird sticks and they're\h\h

418

00:46:12,320 --> 00:46:16,480

flopping around and you're like this could\h
mean anything but when you have a person that\h\h

419

00:46:17,600 --> 00:46:24,560

i guess properly knows how to to use them you know\h
it doesn't take much to learn you know to to find\h\h

420

00:46:24,560 --> 00:46:29,760

sources of water to you know get some answers\h
yes or no answers to certain stuff you know\h\h

421

00:46:29,760 --> 00:46:34,320

i always found that intriguing too it's\h
just so many different avenues for i guess\h\h

422

00:46:35,520 --> 00:46:37,680

this consciousness to express itself

423

00:46:39,920 --> 00:46:44,880

yeah and i see one of your listeners has
mentioned in the youtube chat when i when

424

00:46:44,880 --> 00:46:49,600

i said i want to know why we're here the the
person says we're here to reconnect with source

425

00:46:49,600 --> 00:46:53,520

and that's something i hear from experiencers
in different ways over and over again

426

00:46:55,280 --> 00:47:03,200

right well i mean it um in this inevitable way it
comes down to to that it's almost like the where

427

00:47:03,200 --> 00:47:09,840

all the moss you know uh uh flying towards
the light and there's only one light source

428

00:47:12,160 --> 00:47:16,800

but for me since i have not experienced
these things some of it sounds too wild and

429

00:47:16,800 --> 00:47:21,840

incredulous for me to believe and i just can't
believe it you know i'm skeptical or i'm right

430

00:47:21,840 --> 00:47:28,480

it doesn't fit with my personal paradigm i used
to always tell people about coasties that inside

431

00:47:28,480 --> 00:47:36,240

coasties i'm the most skeptical person but outside
in the real world i'm the wacko but i guess

432

00:47:36,240 --> 00:47:44,400

yeah i know what you mean oh man yeah that's that\h
is so true well you know it's um i don't know i\h\h

433

00:47:44,400 --> 00:47:50,960

guess it's just a lot easier you know for everyone\h
just take it easy learn what you want to learn you\h\h

434

00:47:50,960 --> 00:47:56,960

know make it fun if you can you know enjoy others\h
people's company and then you learn what you need\h\h

435

00:47:56,960 --> 00:48:02,240

to learn on your journey you know to to just sit\h
there hardcore go like i must do this i have to\h\h

436

00:48:02,240 --> 00:48:09,440

do this it just would drive somebody nuts well and\h
like i say there's people in some of these groups\h\h

437

00:48:09,440 --> 00:48:16,640

definitely at coasties that i didn't really agree\h
with or believe what they were saying but like you\h\h

438

00:48:16,640 --> 00:48:20,880

say they had the right to be there and everyone\h
was for the most part respectful although there\h\h

439

00:48:20,880 --> 00:48:28,400

was a few little disagreements along the way but\h
um definitely there's you know we don't have to\h\h

440

00:48:28,400 --> 00:48:36,160

believe all of it well no right i mean the whole\h
point is to the the different it's i guess it's um\h\h

441

00:48:37,280 --> 00:48:44,560

that's the thing that comes with these\h
different um out-of-worldly out-of-body uh uh\h\h

442

00:48:44,560 --> 00:48:52,800

weird experiences that the the concept of of the\h
whole idea is so weird that it then of course\h\h

443

00:48:52,800 --> 00:48:58,800

attracts all other weirdness too you know and so\h
of course you know there's somebody that might\h\h

444

00:48:58,800 --> 00:49:05,920

want to convey the near-death experience and\h
just conveyed the most you know because sometimes\h\h

445

00:49:05,920 --> 00:49:10,720

these on these different realms like there's\h
no time you don't know exactly what's what's\h\h

446

00:49:10,720 --> 00:49:15,600

first second third you know you kind of have\h
to it's all discombobulated and bring it all in\h\h

447

00:49:15,600 --> 00:49:20,640

right you have to find words to explain that and\h
then here you are struggling with that and and\h\h

448

00:49:20,640 --> 00:49:24,480

you know then you have some other person just\h
you know out of nowhere they're like the son\h\h

449

00:49:24,480 --> 00:49:31,600

is talking to me you know it's like right you\h
know it's like man just i get that everything\h\h

450

00:49:31,600 --> 00:49:37,440

is possible but as so right now to this level\h
of understanding of humanity can we like not go\h\h

451

00:49:37,440 --> 00:49:43,920

fully you know wacko out there it's like let's\h
take it one step at a time you know i mean just\h\h

452

00:49:43,920 --> 00:49:51,520

now for for pete's sake the government you know\h
in a soft disclosure way didn't didn't deny ufos\h\h

453

00:49:51,520 --> 00:49:55,360

they didn't approve of them you know they but\h
they didn't deny them either so it's like the\h\h

454

00:49:55,360 --> 00:50:00,480

beginning of something you know it's like\h
can we can we start off easy here you know

455

00:50:02,880 --> 00:50:07,600

well and you and i are in an interesting\h
position because if you think about like the\h\h

456

00:50:07,600 --> 00:50:13,520

people that started studying ufos in the 40s\h
or you know 50s people like stanton friedman\h\h

457

00:50:14,160 --> 00:50:19,440

some of them have passed away now and they never\h
got to see this moment but you and i have kind\h\h

458

00:50:19,440 --> 00:50:24,800

of been following for you know years and now\h
now we're getting to see it but the new people\h\h

459

00:50:24,800 --> 00:50:30,800

coming brand new young people coming into ufo\h
interest they have no idea what it used to be like\h\h

460

00:50:32,000 --> 00:50:38,000

right right you know that's true well you know\h
i did notice especially at the ozark conference\h\h

461

00:50:38,560 --> 00:50:43,040

there's a lot more younger people that are\h
interested because i always thought it's the you\h\h

462

00:50:43,040 --> 00:50:49,840

know later in life um you know past midlife crisis\h
type people that are just like okay i don't care\h\h

463

00:50:49,840 --> 00:50:54,880

what my family thinks i don't care what my friends\h
think i don't care what people at work say this is\h\h

464

00:50:54,880 --> 00:51:00,080

what i'm interested in this is what i'm doing type\h
thing so it's always people that pretty much had\h\h

465

00:51:00,080 --> 00:51:05,120

nothing else to lose because when you're younger\h
you're still believing things like prestige and\h\h

466

00:51:05,120 --> 00:51:10,960

standing in society and you know are you respected\h
by others you know how uh you know how are the\h\h

467

00:51:10,960 --> 00:51:17,600

people viewing you and so personally i was very\h
fortunate that i gave up on that very very early\h\h

468

00:51:17,600 --> 00:51:22,320

you know so it allowed me to just pursue all\h
the things that others wouldn't even look into\h\h

469

00:51:22,320 --> 00:51:26,880

you know so anyway what i was wanting to say\h
so i'm glad that there's more younger people\h\h

470

00:51:26,880 --> 00:51:31,120

there's like yeah wow i'm so fascinated with the\h
subject you know and i wanted to come and see this\h\h

471

00:51:31,120 --> 00:51:37,280

speaker and then they're like oh yeah you ended\h
up basically going all three days and so um you\h\h

472

00:51:37,280 --> 00:51:42,640

know i'm glad that there's going to be a renewed
interest because i remember a long time ago many

473

00:51:42,640 --> 00:51:48,240

years ago i was listening to coast to coast and
george and ori was talking to a guest and said

474

00:51:48,880 --> 00:51:54,560

where's the next generation of ufologists you
know who's going to be kind of you know taking

475

00:51:54,560 --> 00:51:59,840

the torch and continuing you know and i remember
thinking about that i was like yeah all these

476

00:51:59,840 --> 00:52:06,240

people that are old then are definitely older now
are gone you know and so yes you know i'm glad

477

00:52:06,240 --> 00:52:12,720

that you know although what i do now as a result
of a download you know in in hindsight you know it

478

00:52:12,720 --> 00:52:19,280

kind of creates that next you know platform in
a way for all this weird [___] you know to be

479

00:52:19,280 --> 00:52:25,280

able to be to discuss you know just you have some
weird stuff going on you have a place to go to

480

00:52:25,280 --> 00:52:30,880

where you know unfortunately mainstream media
they always have a agenda to continue you know

481

00:52:30,880 --> 00:52:37,920

always say a mindset about certain things to
you know be projected you know because for the

482

00:52:37,920 --> 00:52:42,800

longest time they would always you know ah you're\h
a force hahaha let's move on to the news you know\h\h

483
00:52:42,800 --> 00:52:48,960
to weather or whatever you know they never really\h
would spend the time to hear somebody out and tell\h\h

484
00:52:48,960 --> 00:52:54,560
them the most craziest [__] that they've never\h
heard before you know and uh to start somewhere\h\h

485
00:52:54,560 --> 00:52:59,600
i mean look at the travis walton story you know\h
it's like if he was just an experimenter trying to\h\h

486
00:52:59,600 --> 00:53:05,520
convey the story everybody's like wow that's too\h
crazy but i guess because they still look you know\h\h

487
00:53:05,520 --> 00:53:12,960
to police and authority and you know lie detectors\h
and all these things to be this credible way of\h\h

488
00:53:12,960 --> 00:53:17,840
confirming something you know if he didn't have\h
that that story would have died a long time ago

489
00:53:19,920 --> 00:53:26,560
because it involved the police and the police\h
yes right and he was gone but like five days\h\h

490
00:53:27,680 --> 00:53:34,800
you know so um and even then still really\h
other than the story and his disappearance\h\h

491
00:53:34,800 --> 00:53:38,960
and and eyewitnesses and state being\h
involved and sharers being involved\h\h

492
00:53:39,680 --> 00:53:44,400

there was no other proof you can take back with
you you know for someone to look at something

493

00:53:44,400 --> 00:53:48,160

and say oh wow you're telling the truth you
i guess you were really on a you know an

494

00:53:48,160 --> 00:53:54,960

alien ship so you know it's that's that's always
going to be the truth i do think the younger

495

00:53:54,960 --> 00:54:00,160

generation right now is more open-minded to it
than probably any previous generation like you say

496

00:54:00,160 --> 00:54:05,840

maybe they're not rushing to the conferences and
the groups just yet but they're more open to it

497

00:54:06,400 --> 00:54:13,040

right well yeah no yeah definitely open i would
still want to say nothing to lose you know because

498

00:54:13,680 --> 00:54:20,400

you know they um i remember during my time you
know everyone it was all about how you were viewed

499

00:54:20,400 --> 00:54:26,880

by others and where you respected that was the
mindset you know it was all about being proper

500

00:54:26,880 --> 00:54:34,000

you know don't cuss you know be polite smile when
you meet somebody greet people first you know or

501

00:54:34,000 --> 00:54:38,400

you know be be engaged when somebody's greeting
you it's rude to not pay attention you see all

502

00:54:38,400 --> 00:54:44,160

these things that i mean i still continue teaching\h
that to my kids because you know my son will often\h\h

503

00:54:44,160 --> 00:54:49,360

you know walk into a room or something and just\h
sit down and i would call him out i was like um do\h\h

504

00:54:49,360 --> 00:54:53,680

you have something to say and then he was like oh\h
i'm sorry i'll get up and say hello everyone you\h\h

505

00:54:53,680 --> 00:54:58,960

know and so on and just be polite i was like when\h
you're entering a room it might not be something\h\h

506

00:54:58,960 --> 00:55:03,600

that you think about but as your parent this is\h
what i would like you to do it's like it's polite\h\h

507

00:55:03,600 --> 00:55:08,880

you make you you know you announce yourself and\h
you you paid respect to the other people whether\h\h

508

00:55:08,880 --> 00:55:14,000

or not they pay their respect to you that's their\h
problem but at least you were you know this um\h\h

509

00:55:14,560 --> 00:55:22,640

you know you were you were being uh a person\h
that says hey i can be approached you know and\h\h

510

00:55:22,640 --> 00:55:27,520

i think a lot of times with the younger generation\h
that's what's so difficult they'll just want them\h\h

511

00:55:27,520 --> 00:55:31,840

you know sit there and text back and forth\h
and if they have something if they have\h\h

512

00:55:31,840 --> 00:55:36,800

you know where during my time and of course your\h
time ginger if there's a feeling i needed to\h\h

513
00:55:36,800 --> 00:55:43,040
express i'd just express it now they're just like\h
you know you know heart heart smiley face you know\h\h

514
00:55:43,040 --> 00:55:50,240
hand clap something and scent they go this is\h
what i feel like you know and so um it's i mean\h\h

515
00:55:50,240 --> 00:55:55,360
it's a different world i'm not blaming it because\h
i definitely don't want to be you know in during\h\h

516
00:55:55,360 --> 00:56:00,640
the time where you know pre-internet where oh my\h
goodness if you did not stick to the time that\h\h

517
00:56:00,640 --> 00:56:09,120
you agreed upon to meet your friend that you\h
you you got chewed on afterwards right there'd\h\h

518
00:56:09,120 --> 00:56:13,680
be no way to make contact and yeah you couldn't\h
just text them and say you were going to be late\h\h

519
00:56:14,800 --> 00:56:21,440
yeah or so if something something else happened\h
i mean i remember uh um i mean uh just just the\h\h

520
00:56:21,440 --> 00:56:28,560
amazing way that you know just uh connections were\h
made you know because i remember so when we first\h\h

521
00:56:28,560 --> 00:56:34,560
you know fled from bosnia to germany you know we\h
had no contact or no idea where anyone else was\h\h

522
00:56:34,560 --> 00:56:41,600

but what happened was if one person had a contact
right and let's say they um somehow made a

523

00:56:41,600 --> 00:56:46,960

connection with their relatives there they would
then make sure that all the relatives would you

524

00:56:46,960 --> 00:56:52,800

know get everyone's name and everyone that's there
to then convey to the other person on the other

525

00:56:52,800 --> 00:56:57,360

line who is there and if they read out a name
that somebody knows then they know they connected

526

00:56:57,360 --> 00:57:04,240

with the relay anyway the point is within like a
week or two through that really [___] up network

527

00:57:04,240 --> 00:57:09,360

we managed to basically find out who else
went where you know and so when we were done

528

00:57:10,880 --> 00:57:17,280

some of my family members were in southern germany
others fled to um austria others um went to

529

00:57:17,280 --> 00:57:23,040

luxembourg you know and all these other places but
we connected that way that was in the 90s you know

530

00:57:23,680 --> 00:57:29,280

i can't imagine you know and some kids nowadays
can't imagine how do you even establish if you

531

00:57:29,280 --> 00:57:36,240

don't have somebody's you know um you know um you
know snapchat account or facebook you know account

532

00:57:36,240 --> 00:57:42,320

or all of that stuff you know so having had that
experience i love the internet you know and what

533

00:57:42,320 --> 00:57:48,960

it gives so you know i can't expect ex expect a
new generation to understand it but you know with

534

00:57:48,960 --> 00:57:55,120

all the bad things that it comes with it does more
good than bad you know it's like i'd rather stick

535

00:57:55,120 --> 00:58:00,000

to where we are now you know because you know
i was telling you know sometimes we mess around

536

00:58:00,000 --> 00:58:05,280

my wife and i with our oldest son and we're like
you know if we wondered what our friend was doing

537

00:58:05,280 --> 00:58:11,600

right now we wouldn't know sometimes for weeks
until we saw them again you know you know and it's

538

00:58:11,600 --> 00:58:16,960

like you know because then they they just text
them or call them or you know one of the bazillion

539

00:58:16,960 --> 00:58:21,120

different ways to get in touch with each other
and they immediately are connected you know where

540

00:58:21,120 --> 00:58:28,160

we had to kind of you know i guess the phrase
uh absence grows makes the heart grow fonder

541

00:58:28,160 --> 00:58:35,200

was more prevalent for our lives than it ever
will be in theirs oh yeah and you know they're

542

00:58:35,200 --> 00:58:40,720

they're never going to know what it's like to\h
have to read books and take notes to do a report\h\h

543

00:58:40,720 --> 00:58:46,160

that type of critical thinking unfortunately i\h
think that is a loss but on the other hand like\h\h

544

00:58:46,160 --> 00:58:51,920

you said we want to go in a progressive direction\h
and we want to evolve as human beings and i think\h\h

545

00:58:52,880 --> 00:58:56,240

one thing that could be said about the\h
younger generation is they're much better\h\h

546

00:58:57,040 --> 00:59:01,760

at talking about their feelings than we were\h
it wasn't encouraged when we were growing up\h\h

547

00:59:01,760 --> 00:59:08,320

to talk about emotions or feelings or you know to\h
be emotionally aware and intelligent like they are\h\h

548

00:59:08,320 --> 00:59:14,480

and i think that could be part of where things are\h
going as a species too that were you know these\h\h

549

00:59:14,480 --> 00:59:19,680

younger people like remember they used to talk\h
about the indigo children yeah and people being\h\h

550

00:59:19,680 --> 00:59:25,360

being more intuitive and more psychic and i think\h
we're seeing some of those kids growing up now\h\h

551

00:59:27,040 --> 00:59:33,840

right right you know uh you know it's um it's\h
very interesting you know too you know talking\h\h

552

00:59:33,840 --> 00:59:39,120

about these weird subjects uh my wife and i were\h
taking a totally different approach to when it\h\h

553
00:59:39,120 --> 00:59:45,280
comes to um you know i mean of course we raise our\h
children in the way to a large extent the way we\h\h

554
00:59:45,280 --> 00:59:50,560
were raised about you know you know politeness\h
respect and all these set of things but we also\h\h

555
00:59:50,560 --> 00:59:56,080
something that my parents never did is you know we\h
take the time to understand how they do things you\h\h

556
00:59:56,080 --> 01:00:03,120
know and so um especially like so um i hold the\h
sun just to give you an example so our oldest son\h\h

557
01:00:03,120 --> 01:00:11,760
and you know we we got um you know i did we did\h
one of the the readings with um oh goodness i\h\h

558
01:00:11,760 --> 01:00:18,160
just had us a guess not that long ago she did\h
numerology um sally fabian anyway so she was\h\h

559
01:00:18,160 --> 01:00:24,560
giving us um a breakdown of all all the different\h
you know of all our children and about how each\h\h

560
01:00:24,560 --> 01:00:30,640
one is you know what makes them tick you know\h
and it was very much true about our oldest son\h\h

561
01:00:30,640 --> 01:00:37,680
it's like she said you know it's like it doesn't\h
matter what you you know um because we of course\h\h

562
01:00:37,680 --> 01:00:41,520

every time something goes bad we immediately want to say like you [___] up this is what you did

563

01:00:41,520 --> 01:00:47,440

wrong you know but she was saying with with you know our oldest is specifically praising him for

564

01:00:47,440 --> 01:00:53,360

the things he's done well you know and letting him know that he's that he did well and then you know

565

01:00:53,920 --> 01:00:59,120

you know point out the other things that we would like for him to work on because when it comes to

566

01:01:00,800 --> 01:01:07,120

being seen valued or respected is by having that praise built into

567

01:01:07,120 --> 01:01:15,280

this constructive conversation you know and so for him praising first then criticizing second you

568

01:01:15,280 --> 01:01:21,520

know and it works i mean he's you know 14 i mean 13 now but going to be 14 and what a difference it

569

01:01:21,520 --> 01:01:27,280

made because he just doesn't feel like a constant failure if we only bring out the things that that

570

01:01:27,280 --> 01:01:33,040

you know we need to criticize him about well anyway and so of course the the middle child

571

01:01:33,040 --> 01:01:37,680

he's on the other hand is different you know to him it's like you have to explain to him while

572

01:01:37,680 --> 01:01:42,640

you're telling him what you needed to tell him\h
so it's slightly different you have to give him\h\h

573

01:01:42,640 --> 01:01:47,600

explanation and and tell him you know i need\h
you to do this because of this reason and then\h\h

574

01:01:47,600 --> 01:01:52,320

he'll go and do it you know whereas before he\h
would just be this most stubborn child you've\h\h

575

01:01:52,320 --> 01:01:57,760

ever met you know and that wasn't clear to us we\h
just thought he wanted to be you know defiant no\h\h

576

01:01:57,760 --> 01:02:02,800

matter what and so we're taking these approaches\h
you know to heart and really keeping that in\h\h

577

01:02:02,800 --> 01:02:08,240

mind moving forward because we noticed a huge\h
difference in just a slight shift in parenting\h\h

578

01:02:08,240 --> 01:02:12,720

in that way now of course the youngest one\h
she's only two months so we'll see what\h\h

579

01:02:12,720 --> 01:02:19,840

what um you know how that will work out but right\h
now she's you know worried about sleeping and food\h\h

580

01:02:21,840 --> 01:02:26,880

well kudos to you and your wife for taking all\h
that to heart and caring enough to you know\h\h

581

01:02:26,880 --> 01:02:31,280

communicate with your kids god if more people\h
would have done that during our generation i\h\h

582

01:02:31,280 --> 01:02:36,320

think we would have turned out a lot better right\h
well ginger i'm sorry i just realized what time\h\h

583

01:02:36,320 --> 01:02:40,880

it was you have to go but thank you very much\h
again just real quick give me place and time\h\h

584

01:02:40,880 --> 01:02:47,520

and then we'll i'll catch you up yeah anybody\h
locally here in the greater st louis area the\h\h

585

01:02:47,520 --> 01:02:54,960

second friday of every month 7 p.m chesterfield\h
mall second floor next to macy's and thank you\h\h

586

01:02:54,960 --> 01:03:03,920

so much adnan i hope to see you soon thank you\h
ginger we'll stay in touch okay bye bye bye okay\h\h

587

01:03:05,680 --> 01:03:15,840

so um let me just see who is in chat real quick\h
so 522 hello um learning to love 111 hello welcome\h\h

588

01:03:16,880 --> 01:03:28,320

uh stop brother welcome mario kart welcome cool\h
name um okay let me shift over to niels niels\h\h

589

01:03:28,320 --> 01:03:32,880

you are unmuted and mute yourself\h
and you'll be able to speak

590

01:03:38,960 --> 01:03:39,920

niels can you hear me

591

01:03:43,200 --> 01:03:48,560

it's a joy to be talking to you how are you oh\h
just fine i i was wasn't sure if you stepped\h\h

592

01:03:48,560 --> 01:03:55,120

away for a second i'm here everybody so um i\h

just wanted uh i just came to me uh two things\h\h

593

01:03:55,120 --> 01:04:01,760

obviously um are there you know is there bigfoot\h
is is that a possibility and what that's all about\h\h

594

01:04:01,760 --> 01:04:05,280

but also when i started dwelling\h
a bit more i i wanted to talk to\h\h

595

01:04:05,280 --> 01:04:08,480

you about uh reincarnation do\h
you believe in reincarnation\h\h

596

01:04:10,240 --> 01:04:15,840

yeah it's i mean it's not a belief it's knowing\h
you know when i had my near-death experience i had\h\h

597

01:04:15,840 --> 01:04:22,320

some some some messages conveyed to me regarding\h
that so it's it's definitely ingrained in my being\h\h

598

01:04:23,680 --> 01:04:29,680

yeah one of the um stories that uh i saw on\h
youtube and i'll briefly tell you it so this\h\h

599

01:04:29,680 --> 01:04:38,080

young boy i was born in united states there and\h
uh so he uh he always went on as he got older\h\h

600

01:04:38,080 --> 01:04:47,040

started giving more information uh basically about\h
his previous life and long story short he was um\h\h

601

01:04:47,600 --> 01:04:56,400

an airplane pilot and he was shot down and uh so\h
throughout his life he was able to say like um you\h\h

602

01:04:56,400 --> 01:05:01,200

know i was a red plane and that was his name and\h

he was from this home and all the stuff he kept\h\h

603

01:05:01,200 --> 01:05:07,280

going on and on with his uh with his um parents\h
and his family so it's finally his father went\h\h

604

01:05:07,280 --> 01:05:13,360

to look into it and uh they went back to the home\h
that he said he was from he was able to describe\h\h

605

01:05:14,160 --> 01:05:19,680

the picket fence the white picket fence the uh\h
the home the dog the name of mother and all that\h\h

606

01:05:19,680 --> 01:05:27,120

the name of his plane and i think that his hard\h
drive wasn't totally um wiped before he was put\h\h

607

01:05:27,120 --> 01:05:34,880

into a new body and then it gets into like um with\h
uh with buddha basically before the dalai i think\h\h

608

01:05:35,920 --> 01:05:44,000

before he passes away he picks a color\h
and a shape and a couple other things\h\h

609

01:05:44,000 --> 01:05:49,360

and basically the next one who's going to be his\h
successor has to choose that and he passes away\h\h

610

01:05:50,640 --> 01:05:53,760

that exact combination it becomes the next level\h\h

611

01:05:55,120 --> 01:05:59,520

right so you know i'm familiar with that\h
with that story of that of that kid you just\h\h

612

01:05:59,520 --> 01:06:05,600

mentioned it's i i watch it yeah it's like a short\h
documentary on it it's it's actually pretty cool\h\h

613

01:06:07,120 --> 01:06:10,960

yeah it's excellent another thing too that i'm\h
going to talk about obviously i want to give a\h\h

614

01:06:10,960 --> 01:06:19,360

shout out to dr johnny mac what an absolute legend\h
guy was uh incredible ahead of his time and uh\h\h

615

01:06:19,920 --> 01:06:24,320

really interested look into all his documentaries\h
and all the things he had to say really take some\h\h

616

01:06:24,320 --> 01:06:29,600

time to learn about him and who he is the person\h
and what he did for you know the human race it's\h\h

617

01:06:29,600 --> 01:06:36,560

incredible but uh the best one ever is um 62\h
children that were on recess in zimbabwe in\h\h

618

01:06:36,560 --> 01:06:42,160

the 80s and uh cracking down right that one\h
was the best and these beings came out and\h\h

619

01:06:42,800 --> 01:06:48,640

spoke you know telepathy through their eyes\h
and gave them messages with their minds\h\h

620

01:06:48,640 --> 01:06:52,800

right with telepathy on that level so that's\h
that's where we have to be in that dimension\h\h

621

01:06:54,240 --> 01:06:58,720

right um neil you're going in and out a little\h
bit i mean you're clear but sometimes you're close\h\h

622

01:06:58,720 --> 01:07:04,320

and sometimes you're far from the mic if um can\h
you maybe keep it consistent if possible please\h\h

623

01:07:06,000 --> 01:07:09,280

i'll try to try to do that okay\h

thanks very much i appreciate it\h\h

624

01:07:10,320 --> 01:07:17,120

just make sure for those listening for sure and\h

i just want to talk about uh bigfoot because\h\h

625

01:07:17,680 --> 01:07:23,680

um i think the species these beings i think\h

there's my intuition said there's 400 there\h\h

626

01:07:23,680 --> 01:07:30,960

could be more um in north america alone and uh\h

you know some you know for instance less drought\h\h

627

01:07:31,520 --> 01:07:38,240

of uh survivor man i don't know if you're familiar\h

with that show but uh he's he's he's adamant that\h\h

628

01:07:38,240 --> 01:07:46,960

uh that when he was out in british columbia in\h

canada he uh he heard these ape-like beasts and\h\h

629

01:07:46,960 --> 01:07:54,080

there's a lot of i've had people send me you know\h

footprints and a lot of stories a lot of sightings\h\h

630

01:07:55,120 --> 01:07:58,960

you know you know there's just so much\h

just there has to be something there\h\h

631

01:07:59,920 --> 01:08:07,840

and i really think that we should really uh really\h

look into this in a sincere mature way and really\h\h

632

01:08:07,840 --> 01:08:12,560

see like is this really reality like\h

is all this just hocus pocus or is this\h\h

633

01:08:12,560 --> 01:08:19,520

are these actual beings here you know they're\h
you know 600 800 pounds eight feet tall\h\h

634

01:08:21,360 --> 01:08:27,920

telepathic beings they their families just like us\h
uh could they be in contact with the star people\h\h

635

01:08:28,560 --> 01:08:35,520

quite quite possibly um yeah their telepathic\h
beings are connected i think to the uh you\h\h

636

01:08:35,520 --> 01:08:39,200

know the spirit world and that you know the\h
higher dimensions or whatever other dimensions\h\h

637

01:08:40,160 --> 01:08:46,320

and uh that's just one of my things i want to\h
know for sure you know are are these beings\h\h

638

01:08:46,320 --> 01:08:52,160

for real because i've called him before and i've\h
told you that that i've spoken to you know star\h\h

639

01:08:52,160 --> 01:08:58,640

people that are eight or nine feet tall kind of\h
thing and have a lot of um a lot of meditation c5\h\h

640

01:08:59,440 --> 01:09:05,680

great pyramid initiations uh and uh just really\h
went out there and see what's possible and you\h\h

641

01:09:05,680 --> 01:09:11,600

know the star people are here uh crafts are here\h
they're way more advanced than we are but you\h\h

642

01:09:11,600 --> 01:09:16,400

know is there is their book bigfoot i know hundred\h
percent star people are here because i've met them\h\h

643

01:09:16,400 --> 01:09:21,600

and talked to them and had one in my my bedroom\h
and he was just smiling like you would not believe\h\h

644

01:09:21,600 --> 01:09:29,200

like the smile lines on his um his eyes look like\h
you've been smiling for 200 years and um he was\h\h

645

01:09:29,200 --> 01:09:33,600

just there when the morning sun just the sun was\h
coming into my room and he was standing there\h\h

646

01:09:33,600 --> 01:09:39,040

smiling beaming at me and so there's no doubt\h
in my mind that they're here and there's nothing\h\h

647

01:09:39,040 --> 01:09:44,160

anything i can do about it right just it just uh\h
fact life for me you know i guess well you know

648

01:09:47,120 --> 01:09:50,720

i'm sorry i was just going to say you\h
know you know definitely that's um\h\h

649

01:09:50,720 --> 01:09:56,320

that's one of my next things you know the same\h
way um uh i'm definitely going to leave the\h\h

650

01:09:56,320 --> 01:10:01,840

psychedelics out this time around when i was first\h
searching my answers you know long long time ago\h\h

651

01:10:03,600 --> 01:10:10,320

regarding aliens and ufos but that's definitely\h
going to be coming up my next focus because i'm\h\h

652

01:10:10,320 --> 01:10:15,280

trying to work out everything i need with\h
everything i've got going on in my life\h\h

653

01:10:15,280 --> 01:10:22,240

so i can concentrate on actually then\h
looking into um this more of a bigfoot\h\h

654

01:10:22,240 --> 01:10:30,320

and what what wha what state of mind i need\h
to really get to to have more interactions or\h\h

655

01:10:30,320 --> 01:10:35,520

more experiences in that way because especially\h
for where i live it's very secluded in the woods\h\h

656

01:10:35,520 --> 01:10:41,920

and it would be the ideal place to just just\h
come from the place of wanting to understand more\h\h

657

01:10:41,920 --> 01:10:45,600

but that's definitely going to be my next focus\h
you know it's something i've been contemplating\h\h

658

01:10:45,600 --> 01:10:51,280

about now it's a bit different because before i\h
was just by myself but now i have you know full\h\h

659

01:10:51,280 --> 01:10:58,960

house of kids and family so i'm you know i'm not\h
like cautious because of some kind of danger but\h\h

660

01:10:58,960 --> 01:11:04,320

i don't uh whatever is happening i don't want\h
to get them involved as of right now i just want\h\h

661

01:11:04,320 --> 01:11:10,320

them still be kids do their thing and just enjoy\h
their lives without having to deal with you know\h\h

662

01:11:10,880 --> 01:11:14,880

these uh big hairy monsters that\h
live in the woods off our property

663

01:11:17,680 --> 01:11:21,920

yeah it gets it my family gets involved\h
it's not just you know it's not a you know\h\h

664

01:11:21,920 --> 01:11:27,920

you think a lot of things are just about\h
you you know um but it's like especially\h\h

665

01:11:29,040 --> 01:11:36,320

you know i i was you know the different beings\h
that you know i felt were around and the few\h\h

666

01:11:36,320 --> 01:11:42,160

that that i've seen my outer body experiences and\h
the things i've experienced um you know they were\h\h

667

01:11:42,160 --> 01:11:48,800

respectful enough to not over do things you know\h
of course my wife and oldest you know have seen\h\h

668

01:11:49,520 --> 01:11:53,680

crafts over the house where we live now\h
and all these other things but it wasn't\h\h

669

01:11:53,680 --> 01:11:59,040

creating that big of an issue and a problem for\h
the family you know to where we could still move\h\h

670

01:11:59,040 --> 01:12:04,800

on and just do what we got to do you know but\h
uh so i don't know how how disruptive or not\h\h

671

01:12:04,800 --> 01:12:10,480

disruptive more of a bigfoot encounters would be\h
so that always makes me a little bit more cautious\h\h

672

01:12:12,080 --> 01:12:16,160

yeah it's really when you think about it if\h
you're having crafts over top of you and all\h\h

673
01:12:16,160 --> 01:12:22,640
these experiences you just really have to just you\h
know just be calm and at peace and just think how\h\h

674
01:12:22,640 --> 01:12:28,000
incredible that is that you're you're able to\h
experience that and that's reality for you right\h\h

675
01:12:28,800 --> 01:12:33,600
uh in terms of bigfoot i really think if you know\h
if we're gonna if we're gonna or if you wanna meet\h\h

676
01:12:33,600 --> 01:12:39,200
them when you go out there i really think that\h
you have to prepare for it right you have to do\h\h

677
01:12:39,200 --> 01:12:44,960
i think you should be doing meditations\h
and prayer and good deeds and uh fasting\h\h

678
01:12:45,600 --> 01:12:52,800
and um just working on your higher self really\h
your state of mind is very important it's like the\h\h

679
01:12:52,800 --> 01:12:58,560
number one thing is your state of mind yeah you\h
have to go in there to be at on that level right\h\h

680
01:12:59,360 --> 01:13:04,720
uh on their level so that they can have you know\h
telepathic conversations with you or you're open\h\h

681
01:13:04,720 --> 01:13:11,040
to you know interdimensional phenomena or you know\h
a glitch in the matrix whatever you want to call\h\h

682
01:13:11,040 --> 01:13:18,400
it right it's one of the there's one story that\h
really is popping my mind right now is um these\h\h

683

01:13:18,400 --> 01:13:25,200

this uh these two sasquatches in there and they\h
had a family they had a baby and uh they live\h\h

684

01:13:25,200 --> 01:13:33,520

underneath um a dam basically on this property\h
and uh the owners basically smashed the dam and\h\h

685

01:13:33,520 --> 01:13:42,000

flooded their their home and so basically the uh\h
the sasquatch went into their home and started\h\h

686

01:13:42,560 --> 01:13:48,160

causing a ruckus in there and brought in all these\h
like rocks and put them everywhere on their home\h\h

687

01:13:48,880 --> 01:13:53,280

and so obviously the family that owned\h
the home was distraught and had to leave\h\h

688

01:13:53,280 --> 01:13:58,320

and would show up with guns and everything\h
so this information got out there and some\h\h

689

01:13:59,040 --> 01:14:04,080

some women in the uh i guess the bigfoot community\h
or spiritual community whatever whoever they are\h\h

690

01:14:04,640 --> 01:14:10,160

they uh they all got a contract they went\h
visited and there was like this um dog type\h\h

691

01:14:10,160 --> 01:14:15,280

like egyptian deity that all of a sudden uh\h
manifest in front of them and like kind of\h\h

692

01:14:15,920 --> 01:14:22,640

walked along them and then disappeared so as they\h
got to the uh the property basically the one lady\h\h

693
01:14:22,640 --> 01:14:28,560
who i guess she specialized in this she basically
just wanted to go for a walk and you know feel out

694
01:14:28,560 --> 01:14:34,480
the area and see if anything came to her basically
the information came to her that that in fact the

695
01:14:35,280 --> 01:14:41,600
the bigfoot were uh upset that they had destroyed
their home and that's why they did all these

696
01:14:41,600 --> 01:14:48,880
peculiar things neil just real quick uh so you do
know i talked to that gal her name is cindy carter

697
01:14:50,240 --> 01:14:56,400
is that what is that where i heard it from maybe
yeah cause i was gonna say uh i'm pretty sure this

698
01:14:56,400 --> 01:15:01,200
was about two months ago i was just looking it up
i'm like yeah it was two months ago yeah no that

699
01:15:01,200 --> 01:15:07,200
was cindy carter because uh the we did a two-part
uh part one who are the sasquatch and more and

700
01:15:07,200 --> 01:15:14,320
then we did why the sasquatch part two oh that's
i i just i'm just so happy thank you so much for

701
01:15:14,320 --> 01:15:18,080
going out there getting the information and
sharing it all and everything you do it's just uh

702
01:15:18,640 --> 01:15:23,760
just incredible i thought you were messing with me
there for a second i was like yeah you brought you

703

01:15:23,760 --> 01:15:28,960

yeah i don't know i thought you were testing me\h
or something you know because you were literally\h\h

704

01:15:28,960 --> 01:15:33,840

recalling the story she was telling but anyway\h
so yeah i know it's probably here you heard it\h\h

705

01:15:35,200 --> 01:15:40,320

yeah and uh so interesting how you know if\h
there's bigfoot most likely they're connected\h\h

706

01:15:40,320 --> 01:15:47,280

to star people right like i'd imagine they are\h
yeah a lot of the a lot of the uh people i've\h\h

707

01:15:47,280 --> 01:15:53,840

talked to they always come down to a connection\h
to um uh to to the star people but it's actually\h\h

708

01:15:54,400 --> 01:16:01,440

they're their own race too they're basically\h
um you know developed uh develo they\h\h

709

01:16:02,400 --> 01:16:09,040

basically from everything that i've heard it was\h
basically that if the un if there was no alter\h\h

710

01:16:09,040 --> 01:16:17,200

creation of mixing of alien and and the hominin on\h
the planet at that time mixing the dna uh that's\h\h

711

01:16:17,200 --> 01:16:22,160

uh uh unaltered strained that would\h
be what we consider bigfoot today

712

01:16:24,560 --> 01:16:31,040

yeah i think it's a pretty good possibility but\h
until you know like for your own experience and\h\h

713

01:16:31,040 --> 01:16:37,520

the rules oh no doubt and you just know that that\h
it's real that's that's what i need to go with\h\h

714

01:16:37,520 --> 01:16:42,800

the bigfoot you know what i mean yeah just to my\h
discovery of what is real and what is not in this\h\h

715

01:16:42,800 --> 01:16:49,280

dimension you know right right so neil let me just\h
tell everyone else watching so if you would like\h\h

716

01:16:49,280 --> 01:16:57,760

to um uh pop on and talk to me and share your\h
story uh right now i have neil's and uh so uh\h\h

717

01:16:58,320 --> 01:17:02,880

go ahead and just download your telegram i'm sorry\h
neil told him one second i'm just talking to the\h\h

718

01:17:02,880 --> 01:17:11,920

audience real quick i apologize um so anyway uh\h
you can download telegram uh the link to the ufo\h\h

719

01:17:12,480 --> 01:17:19,520

hub telegram group is in the description so\h
um just log in join the group and you should\h\h

720

01:17:19,520 --> 01:17:26,480

be able to see the voice chat going on now and\h
you can just as you see on the screen join the\h\h

721

01:17:26,480 --> 01:17:31,440

rest of the peeps either to listen or just raise\h
your hand like neil did earlier and that means\h\h

722

01:17:32,160 --> 01:17:36,640

you want to talk to me and then i\h
know that have you in the queue next\h\h

723

01:17:36,640 --> 01:17:41,120

otherwise i'll just um you know chill and\h
talk to niels and we'll discuss whatever\h\h

724

01:17:41,120 --> 01:17:44,880

else we discuss until we kind of run out\h
of topics which i doubt that would happen\h\h

725

01:17:45,680 --> 01:17:51,840

but anyway so don't be shy if you want to\h
share your story um you know let me know and um\h\h

726

01:17:52,640 --> 01:17:58,320

sure enough jim jim jams wants to also come on so\h
niels let's chat just a little bit more before i\h\h

727

01:17:58,320 --> 01:18:05,200

bring in jim i encourage everybody to uh to\h
sign in and share their story and uh have a\h\h

728

01:18:05,200 --> 01:18:09,840

great time thanks so much for well you don't have\h
to you're gonna have to get off right now i wanted\h\h

729

01:18:09,840 --> 01:18:17,120

to ask you something first how yeah so i don't\h
remember i think we talked a while back i don't\h\h

730

01:18:17,120 --> 01:18:22,240

remember how long ago exactly was but what was it\h
that initially got you into any of these topics

731

01:18:24,640 --> 01:18:34,160

um really i i grew up in uh in the united\h
church up here in canada and um every sunday\h\h

732

01:18:34,160 --> 01:18:40,080

it's incredible you know ministers and information\h
but always you know in the bible always i always\h\h

733

01:18:40,080 --> 01:18:46,320

just thought there's got to be more to it like\h
you know seeing the milky way and uh you know\h\h

734

01:18:46,320 --> 01:18:53,280

aurora borealis and uh people who spoke phenomena\h
i just always thought there was way more to it and\h\h

735

01:18:53,280 --> 01:18:59,840

it just went from there it really was just like\h
what is what is possible what is it to be human\h\h

736

01:19:00,400 --> 01:19:08,480

you know is you know telekinesis or telepathy or\h
reincarnation near-death experiences star people\h\h

737

01:19:08,480 --> 01:19:17,600

bigfoot uh you know advanced civilizations you\h
know you know metaphysics quantum physics like oh\h\h

738

01:19:17,600 --> 01:19:21,360

you know what is this really all about and\h
it's just all you know for me it's like\h\h

739

01:19:21,360 --> 01:19:27,600

experiencing and just trying to discover what what\h
the highest possibilities you know like you know\h\h

740

01:19:27,600 --> 01:19:32,400

people should be doing ayahuasca and doing\h
that you know properly with the shamans and\h\h

741

01:19:33,040 --> 01:19:38,880

i think that'd be really great for uh for\h
the plant humanity and really you know we\h\h

742

01:19:38,880 --> 01:19:43,200

have to clean up the planet big time but\h
first picture camp ourselves too right so

743

01:19:45,520 --> 01:19:48,720

did your family or friends\h
uh think you were being weird\h\h

744

01:19:49,280 --> 01:19:52,080

getting into these different subjects\h
so did you pretty much keep it aside\h\h

745

01:19:53,920 --> 01:20:03,120

no no uh like with my my sweetheart you know she\h
was there when the uh you know there's 4k there's\h\h

746

01:20:03,120 --> 01:20:09,600

10k you know tv this was like a thousand k you\h
know object coming down right over top of us\h\h

747

01:20:10,480 --> 01:20:16,000

so there's no no turning back and you know if\h
i just say how it is dude like my whole life i\h\h

748

01:20:16,000 --> 01:20:22,960

just you know this is who i am you know this is\h
what happened and uh i just share with them and\h\h

749

01:20:22,960 --> 01:20:29,520

yeah the family oh they said weird or difficult\h
to you know for them to really understand that or\h\h

750

01:20:29,520 --> 01:20:34,720

think that's possible but um i'm not holding\h
back why would i hold back i just you know\h\h

751

01:20:35,600 --> 01:20:42,960

that's what happened that's what's going on\h
so you know i'm glad you didn't there's not\h\h

752

01:20:42,960 --> 01:20:47,280

much i can do like with these beings you know\h
the beings that that froze my friends right\h\h

753

01:20:48,400 --> 01:20:53,120

um there's not much we can do these beings are for\h
instance you know star people for instance they're\h\h

754

01:20:53,120 --> 01:21:00,400

way more advanced than we are right you know\h
technologically spiritually right you know uh so\h\h

755

01:21:00,400 --> 01:21:06,000

i'm like okay well i'm you know i think a little\h
bit better than a chimpanzee or an ape or whatnot\h\h

756

01:21:06,000 --> 01:21:10,080

right we're quite we're different species more\h
advanced than they are but clearly these beings\h\h

757

01:21:10,080 --> 01:21:14,800

are coming here and could just come through your\h
wall you know and just like taking on their ship\h\h

758

01:21:14,800 --> 01:21:21,840

like or like disable nuclear silos or who knows\h
you know you know these beings are way more events\h\h

759

01:21:21,840 --> 01:21:28,080

than we are and i think we really need to be\h
you know being our best behavior you know what\h\h

760

01:21:28,080 --> 01:21:33,600

i mean to be smart about about this and uh you\h
know i think this could change the world right\h\h

761

01:21:34,480 --> 01:21:39,440

i think this is like the time where you know\h
these beings are here to help us like there's\h\h

762

01:21:39,440 --> 01:21:48,480

incredible um reverend in um united states and\h
basically he had to go in for a surgery and uh the\h\h

763

01:21:48,480 --> 01:21:54,000

night before the surgery these beings came being\h
came to him and shined his uh put his hand up to\h\h

764

01:21:54,000 --> 01:22:00,640

him like the chi through the hand he shined a blue\h
uh light onto his um where he's going to have the\h\h

765

01:22:00,640 --> 01:22:08,320

surgery and it was a tumor and basically it uh\h
it was gone and they labeled it a medical miracle\h\h

766

01:22:09,360 --> 01:22:14,400

so you know there's so many different things that\h
these uh beings are doing here and it's uh there's\h\h

767

01:22:14,400 --> 01:22:19,040

a whole plethora of them you know different\h
i guess different levels of consciousness or\h\h

768

01:22:19,040 --> 01:22:26,080

different levels of um you know projects or\h
missions or our needs or or whatever it is you\h\h

769

01:22:26,080 --> 01:22:33,280

know and possibly they're they're involved with\h
uh you know hybrid hybridization so obviously um\h\h

770

01:22:34,160 --> 01:22:40,000

you know with our dna and procreation and\h
all that further further race i think that's\h\h

771

01:22:40,000 --> 01:22:46,640

possibility here uh from what i've learned so\h
it's this is interesting what the the this is\h\h

772

01:22:46,640 --> 01:22:53,200

out there you know well you know uh just recently\h
um i uploaded a video that i did with reid summers\h\h

773

01:22:53,760 --> 01:23:00,640

and um he's the son of marshall summers that uh\h
started the what's now known as the allies of\h\h

774

01:23:00,640 --> 01:23:08,720

humanity briefings and it's i think a volume of\h
four books and um anyway what's interesting is\h\h

775

01:23:08,720 --> 01:23:15,040

that you know their message was a bit different\h
than what i agree with you know but to me it\h\h

776

01:23:15,040 --> 01:23:20,160

doesn't matter you know i want information to go\h
out there i don't want to be i always said i don't\h\h

777

01:23:20,160 --> 01:23:25,280

want to be the gatekeeper information just because\h
i might not agree with it hundred percent or\h\h

778

01:23:25,840 --> 01:23:31,360

only 50 doesn't mean i shouldn't have somebody on\h
and i do that often because i think that's what\h\h

779

01:23:31,360 --> 01:23:37,760

putting putting information out there for us\h
others to discern for themselves is all about you\h\h

780

01:23:37,760 --> 01:23:45,280

know and um his approach was it's basically kind\h
of more cautious about that there's this group of\h\h

781

01:23:45,280 --> 01:23:54,880

these different aliens that are warning us through\h
by kind of not wanting to be known kind of trying\h\h

782

01:23:54,880 --> 01:24:01,680

to be the whistleblowers that can't be divulged\h
or who they truly are to to say hey there's other\h\h

783

01:24:01,680 --> 01:24:07,600

alien races that don't have the best intentions in
mind you know and so anyway it's it is a bit more

784

01:24:07,600 --> 01:24:13,440

uh from this if you look at the perspective of all
love and light it's all good you know a bit more

785

01:24:13,440 --> 01:24:21,120

um i guess fearful not it's not that they intended
to be more fearful but it's it's more of a measure

786

01:24:21,120 --> 01:24:27,040

message of caution and it's just so interesting
is that so many years that i've had people on

787

01:24:27,040 --> 01:24:32,880

and they talk about this positive message of all
these um not necessarily the ones that are doing

788

01:24:32,880 --> 01:24:36,720

the various things that are in touch with the
government but i'm talking about the others that

789

01:24:36,720 --> 01:24:42,560

just want to bring to the table what they have
all those years of that kind of information it's

790

01:24:42,560 --> 01:24:48,560

always kind of taken with the grain of salt but
the second he was representing it in more this uh

791

01:24:48,560 --> 01:24:54,560

more this darker way everyone was taking that in
more comments like yeah this is what i believe and

792

01:24:54,560 --> 01:25:01,360

you know this is a more uh level-headed you
know thing i've seen online in a while and all

793

01:25:01,360 --> 01:25:07,600

of that it's somehow it's like so if you told
the the the airy fairy news and everything is

794

01:25:07,600 --> 01:25:12,320

fine it's like i don't believe it but if you put
some fear into it you know everybody's on board

795

01:25:12,320 --> 01:25:18,880

with it it's just so unfortunate we as humans
are just wired that way too to be more prone

796

01:25:18,880 --> 01:25:26,320

and attracted to more of you know i guess not
negative information but i guess for lack of a

797

01:25:26,320 --> 01:25:33,920

better word more negative in mind compared to the
all love and light only type you know messages

798

01:25:36,320 --> 01:25:42,800

yeah it's well it's it's difficult for
ben to accept what we're discussing is

799

01:25:42,800 --> 01:25:48,240

real possibilities that's taking place is
reality so they go into a state of fear

800

01:25:49,440 --> 01:25:55,360

try because it's difficult for them to you
know to accept that uh this is what it is so

801

01:25:56,480 --> 01:26:02,720

um you know it's you have to people are in
fear because they're not in love and light

802

01:26:02,720 --> 01:26:09,120

like you said and uh but we still we should still
remain cautious right um you know i i believe

803

01:26:09,120 --> 01:26:14,240

that there's all kinds of range of intents and
you know projects here right that they're doing

804

01:26:15,120 --> 01:26:20,240

but i mean if they're able to travel here with
just you know using a conscious come through

805

01:26:20,240 --> 01:26:25,120

your wall there really isn't much that we can
do so it's you know it's humbling in a sense

806

01:26:26,400 --> 01:26:32,560

so well i guess it all uh it came down
to the very simple point that well um

807

01:26:33,920 --> 01:26:42,080

that where a lot of us for example know about
abductions but through the work of dolores

808

01:26:42,080 --> 01:26:49,200

cannon you know and other channelers have been
you know delved deeper into each hypnosis and

809

01:26:49,200 --> 01:26:54,000

brought about the information from the
higher self of this person themselves

810

01:26:54,000 --> 01:26:57,760

and even the source which i don't know
if that's referring to god or the overall

811

01:26:58,400 --> 01:27:05,360

you know source energy you know bringing about
information that it's not a you know it's um

812

01:27:06,000 --> 01:27:10,160

they're willing participants in this
program and it brought more understanding

813

01:27:10,160 --> 01:27:15,040

to it whereas in others like david jacobs\h
would just stick to on that emotional level\h\h

814

01:27:15,040 --> 01:27:19,120

and all they're doing is during the hypnosis\h
is just recalling their emotions again\h\h

815

01:27:19,120 --> 01:27:24,880

and freaking out and there's no more understanding\h
all they're doing is just again reliving this\h\h

816

01:27:25,680 --> 01:27:32,320

memory that they fear but it doesn't come\h
with any more information and so of course it\h\h

817

01:27:32,320 --> 01:27:38,320

leaves him in this negative state of mind and so\h
anyway then at the end of the day again you have\h\h

818

01:27:38,320 --> 01:27:45,680

to discern for yourself you can still then say\h
you know well who say that this information that\h\h

819

01:27:45,680 --> 01:27:51,280

let's say came through to this deeper diving\h
into the hypnosis is also some kind of false\h\h

820

01:27:51,280 --> 01:27:56,880

information you know but then if you consider\h
that then all these other things that were\h\h

821

01:27:56,880 --> 01:28:03,280

that came out that were so good you know that\h
helped people out i mean we're talking about\h\h

822

01:28:04,960 --> 01:28:10,080

i personally met a gal and i think there's a video\h
for out there because i recorded it but it was\h\h

823
01:28:10,960 --> 01:28:13,840
created for the quantum hypnosis healing technique\h\h

824
01:28:14,800 --> 01:28:21,120
and so she was on her deathbed she was she was\h
dying she only had i don't know how very short\h\h

825
01:28:21,120 --> 01:28:28,400
period to live and she did one session which one\h
session is all you need for this qhht that was\h\h

826
01:28:28,400 --> 01:28:35,840
started with by dolores cannon um it's basically\h
to she put her under get went through the steps\h\h

827
01:28:35,840 --> 01:28:43,440
however she does it but the point was she found\h
out what the root cause and why she was having the\h\h

828
01:28:43,440 --> 01:28:48,000
issues that she was having and that she learned\h
what she needed to learn from them and then it was\h\h

829
01:28:48,000 --> 01:28:53,600
basically just removed so from that session she\h
i mean people have would have medical documents\h\h

830
01:28:53,600 --> 01:28:59,680
that doctors would say this is it this is factual\h
this is what's wrong with you and they'll go back\h\h

831
01:28:59,680 --> 01:29:07,440
and they pretty much can wipe that whole document\h
clean you know and so that's what make what makes\h\h

832
01:29:07,440 --> 01:29:12,880
no sense because i'm still trying to see what's\h
the negative in that you know because at the\h\h

833

01:29:12,880 --> 01:29:17,280

end of the day if you want to stay cynical you\h
can always stay cynical well they're only doing\h\h

834

01:29:17,280 --> 01:29:22,160

few good things for us just so that we can trust\h
them and believe in but then they're going to get\h\h

835

01:29:22,160 --> 01:29:26,720

us you know well then that that's the case with\h
everybody then you'll be running around the person\h\h

836

01:29:26,720 --> 01:29:30,880

is trusting everyone you ever meet and that's\h
kind of a really shitty way to live in my opinion

837

01:29:33,760 --> 01:29:42,800

yeah i think i just think overall we have to\h
uh ascend uh spiritually and when you get on a\h\h

838

01:29:42,800 --> 01:29:49,440

level and stay in that level we are tapped into\h
that you know vibration that mentality that um\h\h

839

01:29:50,160 --> 01:29:56,320

you know that intent that goal you know with the\h
with the source of oneness of all creation and\h\h

840

01:29:56,320 --> 01:30:03,840

then you know you're able to have experiences that\h
are of of light and love so it's really important\h\h

841

01:30:04,480 --> 01:30:06,400

really important to pursue that in your life\h\h

842

01:30:07,760 --> 01:30:13,520

right excuse me for a second so um in the\h
comments live a just said who is he talking\h\h

843

01:30:13,520 --> 01:30:19,920

to well you can see the name uh i'm talking to
niels and it's basically open lines today so if

844

01:30:19,920 --> 01:30:26,560

you would like to simply contact me and share your
story you know just use telegram join the ufo hub

845

01:30:26,560 --> 01:30:31,120

group and you'll see the voice chat going on there
right now and you'll be able to connect with me so

846

01:30:31,120 --> 01:30:37,440

i'm just basically speaking to niels but
i assume you're just the average joe who does

847

01:30:37,440 --> 01:30:42,800

research and has his own experiences and
just simply dialed into to share your story

848

01:30:44,880 --> 01:30:51,280

that's it i just want to clarify because sometimes
you know people pop in and out all the time

849

01:30:51,280 --> 01:30:58,480

you know at different times and so yeah it was
um it sometimes i don't know so some of the chats

850

01:30:58,480 --> 01:31:04,560

crack me up too because when i was doing
an interview with melinda greer everybody in the

851

01:31:04,560 --> 01:31:10,400

beginning was like she is she related um to steven
greer you know and all that everybody wanted to

852

01:31:10,400 --> 01:31:15,600

know so we clarify that and then of course like an
hour into it you know new people come in it's like

853

01:31:15,600 --> 01:31:21,040

is she related to to syrian grier it's like oh\h
my god you know it's like you know it almost has\h\h

854

01:31:21,040 --> 01:31:25,920

to be like a broken record and keep repeating it\h
for everyone coming in well because even in live\h\h

855

01:31:25,920 --> 01:31:32,320

chat you can go back even though it's moving\h
on live you can click on it and i um if i'm\h\h

856

01:31:32,320 --> 01:31:39,440

not mistaken i am i think i am dvr'ing it let\h
me see here to where basically you can go back\h\h

857

01:31:39,440 --> 01:31:46,640

four hours back to uh to see what was pre-recorded\h
so you can either continue watching live or you\h\h

858

01:31:46,640 --> 01:31:50,560

can go back from the very beginning of it and\h
so even though while this is going on live you\h\h

859

01:31:50,560 --> 01:31:57,840

can restart it from the beginning let me see i'm\h
trying to figure out what i'm doing yeah it's dvr

860

01:32:01,280 --> 01:32:09,040

do you know dr j radio live or uh third phase\h
moon the cousin brothers uh third phase moon\h\h

861

01:32:09,040 --> 01:32:14,240

sounds familiar but no i don't i don't think\h
is it like a podcast or also or another show\h\h

862

01:32:15,520 --> 01:32:21,840

dr jay uh does a podcast i think he was\h
actually on ancient aliens anyways uh he uh\h\h

863

01:32:22,480 --> 01:32:27,440

yeah he'd be great to be on your show to call
in you know meet the two of you connected dr\h\h

864

01:32:27,440 --> 01:32:33,760

jay uh rio live john elias um you also talk
to him and also possibly get involved in third\h\h

865

01:32:33,760 --> 01:32:38,640

phase of moon and really you know just uh being
out there in the community like there's a you\h\h

866

01:32:38,640 --> 01:32:44,080

know a group of a lot of people involved in this
organization that they're just honestly searching\h\h

867

01:32:44,080 --> 01:32:50,000

for the truth and sharing it all and going out
of the way to uh you know spread the message of\h\h

868

01:32:50,560 --> 01:32:55,760

reality so well if you're if you're in touch with
any of them you know i mean you of course you\h\h

869

01:32:55,760 --> 01:33:02,560

know you know how to direct them towards you know
towards me so either to contact or have them call\h\h

870

01:33:02,560 --> 01:33:07,680

in or during open lines or something yeah yeah
i'll arrange that for sure all right i'm going to\h\h

871

01:33:07,680 --> 01:33:12,400

i'm going to go but i do i appreciate everything
you do and uh it's always great to talk to it's a\h\h

872

01:33:12,400 --> 01:33:18,000

great pleasure and i hope you have a rest evening
and encourage everybody somebody just get telegram\h\h

873

01:33:18,000 --> 01:33:24,000

um it's really easy to use and basically ask your
questions and share information your experiences

874

01:33:24,000 --> 01:33:28,640

because it's more of the merrier have a good
night everybody thanks neil so you take care

875

01:33:30,880 --> 01:33:39,280

all right let's see here uh jim jams i'm
gonna on unmute you and if you have mute

876

01:33:39,280 --> 01:33:45,840

yourself you should be able to talk to me if
you're still on and we'll see here in a second

877

01:33:48,320 --> 01:33:51,680

jim you are unmuted if you're listening

878

01:33:51,680 --> 01:33:55,680

just unmute yourself and we can
get the conversation started

879

01:34:00,480 --> 01:34:08,160

okay i guess i'll i'll wait till maybe
he's away from from the phone right now

880

01:34:08,160 --> 01:34:14,480

but anyway so let me just uh youtube
chat seeing what all y'all are discussing

881

01:34:17,360 --> 01:34:22,720

who else we have cynthia diane carrey welcome

882

01:34:26,880 --> 01:34:34,720

cynthia says people who have more actual
experience with the ets uh resonate with allies

883

01:34:34,720 --> 01:34:41,680

of humanity right you know i can i see what what

they're what they're talking about it's just that

884

01:34:43,920 --> 01:34:50,400

um with the idea that there's a nefarious\h\h

885

01:34:51,040 --> 01:34:57,760

racist doing their own thing and interacting with\h
different government agencies has also been known\h\h

886

01:34:58,560 --> 01:35:04,240

um while all the other channeled information\h
was coming through through these other races\h\h

887

01:35:04,240 --> 01:35:10,720

to they'll they'll point out to these different\h
you know different races doing their thing but if\h\h

888

01:35:10,720 --> 01:35:16,240

i'm not mistaken just like allies of humanity\h
they don't also they don't look at them as\h\h

889

01:35:17,040 --> 01:35:23,440

you know they just see them as also beings\h
living their lives uh trying to engage um\h\h

890

01:35:24,320 --> 01:35:29,520

whatever whatever agenda there is trying\h
to fulfill it you know and so that it's not\h\h

891

01:35:29,520 --> 01:35:36,720

necessarily a um absolutely vile even plot line\h
it's just something what they think they need to\h\h

892

01:35:36,720 --> 01:35:43,440

be doing they doing it's um my to use the silly\h
analogy analogy i don't know if it will do it\h\h

893

01:35:43,440 --> 01:35:49,040

justice but i think it's almost like we as parents\h
when we raise our children we do the best that we\h\h

894
01:35:49,040 --> 01:35:59,120
can do to raise them but we don't know if that's\h
you know um implying our will over them too much\h\h

895
01:35:59,920 --> 01:36:05,280
to where now that won't necessarily allow them\h
to grow up in the way they they might have grown\h\h

896
01:36:05,280 --> 01:36:10,400
up if we weren't in their lives now i'm not saying\h
those other alien races are like parents to us but\h\h

897
01:36:10,400 --> 01:36:18,320
they're just doing doing things like you know\h
um some some of the fearful things it's like uh\h\h

898
01:36:18,320 --> 01:36:22,480
especially if we talk about certain lizard\h
races that they initially wanted to use us\h\h

899
01:36:22,480 --> 01:36:27,840
as food like we use with cattle you\h
know but even then it's no different\h\h

900
01:36:27,840 --> 01:36:34,320
than looking at us in the same way that we are\h
looking at cattle of the only major difference\h\h

901
01:36:34,320 --> 01:36:41,280
there is you know the sentient life that we\h
are sent in compared to an animal and so um\h\h

902
01:36:42,880 --> 01:36:48,400
yeah so you know for example we eat meat we\h
we have slaughterhouses i think i mentioned\h\h

903
01:36:48,400 --> 01:36:54,080
that during the interview and you know chicken\h
houses pig farms whatever and we slaughter them\h\h

904

01:36:54,080 --> 01:36:58,480

for food but it doesn't you know just because
i end up eating that steak doesn't mean that

905

01:36:58,480 --> 01:37:04,880

i'm inherently an evil person you know and so
of course from our point of view because we

906

01:37:04,880 --> 01:37:10,080

then would be food to them it's a very fearful
thing and that would be too i'm not blaming you

907

01:37:10,080 --> 01:37:15,520

i'm just trying to have more of a rational
thought regarding this the scenario about um

908

01:37:17,360 --> 01:37:24,480

about these you know this relationship then that
could potentially go on but i've several times

909

01:37:24,480 --> 01:37:31,040

i've that i've you know gotten information about
that is that that that's not going to happen

910

01:37:31,760 --> 01:37:38,080

you know that you know that um
i guess other races have kind of

911

01:37:38,960 --> 01:37:45,600

stepped in if that makes sense and so um
this is actually a perfect opportunity to

912

01:37:45,600 --> 01:37:52,400

to ask brad johnson about so earlier today before
i started the show i'm going to have on the 20th

913

01:37:53,040 --> 01:37:58,080

i'm going to have brad johnson back on and he's
going to be channeling adonis so i want to ask

914

01:37:58,080 --> 01:38:03,040

him about that specific information and ask\h
him about all these things that i think you\h\h

915

01:38:03,040 --> 01:38:07,680

guys might find interesting and of course\h
it'll be open for um you guys to call in\h\h

916

01:38:07,680 --> 01:38:14,320

and ask him or write in the chat um uh and\h
you'll ask a question but yeah he's going to\h\h

917

01:38:14,320 --> 01:38:21,680

um i guess um end his channeling journey and so\h
he will after august 31st brad johnson will not be\h\h

918

01:38:22,400 --> 01:38:30,000

channeling adronis anymore so i'll basically have\h
him on to just ask him about that you know who are\h\h

919

01:38:30,000 --> 01:38:37,440

these lizard beings um you know did nasa go to the\h
moon why is there still this this you know this uh\h\h

920

01:38:38,640 --> 01:38:44,080

discord on what happened they we went to we\h
didn't go to the moon and all this other things so\h\h

921

01:38:44,080 --> 01:38:48,080

all the juicy conspiratorial things i would\h
like to ask him about and of course whatever\h\h

922

01:38:48,080 --> 01:38:53,360

other questions you might have but i would pretty\h
much be getting into the to the meat of things\h\h

923

01:38:53,360 --> 01:38:58,560

from the get-go because in the first interview\h
that we did i asked brad to talk about himself\h\h

924

01:38:58,560 --> 01:39:04,640

about why he got into channeling how he got into
channeling and so i got that pretty much covered

925

01:39:04,640 --> 01:39:09,760

in that first section so this one would just be
to ask adronis everything and anything possible

926

01:39:10,480 --> 01:39:16,400

regarding all the all the things that we we
find interesting and see what his uh point

927

01:39:16,400 --> 01:39:24,400

of view or perspective is as as this um i guess
higher dimensional uh being that he is so anyway

928

01:39:25,360 --> 01:39:31,600

and then of course this friday at seven yeah
so brad johnson will be august 20th this coming

929

01:39:31,600 --> 01:39:37,680

up friday which should be the sixth of august uh
sherry wilde is finally coming back she's feeling

930

01:39:37,680 --> 01:39:44,880

well enough to um you know to do interviews again
so she's going to be on skype and of course we'll

931

01:39:44,880 --> 01:39:50,400

be discussing a variety of things and like i
mentioned before you guys can ask a question

932

01:39:50,400 --> 01:39:58,320

of her directly through telegram and by joining
the ufo group or if you're in chat to simply take

933

01:39:59,680 --> 01:40:03,360

if you want to ask a question put
the three three stars excuse me

934

01:40:03,360 --> 01:40:08,000

three stars uh before your question so that
way i know it's directed towards the guest

935

01:40:08,000 --> 01:40:14,960

and it's a lot easier for me to identify on
the list as i'm looking through okay so um

936

01:40:17,120 --> 01:40:24,080

let's see well i don't necessarily have anything
else i would like to cover we talked to ginger

937

01:40:24,080 --> 01:40:31,120

talked to niels a bit and jim had raised his hand
and i called him in but then he didn't answer

938

01:40:31,840 --> 01:40:37,680

so unless he hears this and or anyone else
out there that would like to join the group

939

01:40:38,320 --> 01:40:44,240

and chat with me i think i'm just going
to end it here a little bit about an hour

940

01:40:44,240 --> 01:40:49,840

and 40 minutes into it and i think we
had some pretty good conversations so

941

01:40:51,120 --> 01:40:58,560

let me see if i'm going to miss out on
anyone here if not uh okay fab want to speak

942

01:41:02,080 --> 01:41:07,360

okay fab 22 you are unmuted and mute
yourself and then you can chat with me

943

01:41:10,080 --> 01:41:17,840

okay i'm i'm on youtube now can you hear me yes
i can hear you now almost excellence hi everyone

944

01:41:18,800 --> 01:41:27,680

um it's actually regarding the uh uh the little uh
footage that you put to start with with uh that uh uh

945

01:41:28,240 --> 01:41:35,680

ua fool that was what was picked picture uh
wait i'm sorry the the ufo there was what

946

01:41:39,120 --> 01:41:42,720

it was actually there was a footage uh
but you put the beginning of this pro uh uh

947

01:41:42,720 --> 01:41:48,400

right right about the shape-shifting ufo uh
that's right shift shifting so since you have

948

01:41:51,200 --> 01:41:58,800

i don't know hold on hold on i'm sorry hold on a uh
second you're breaking up um like you're dropping uh uh

949

01:41:58,800 --> 01:42:02,720

entirely and going silent i don't know why uh
that's happening you sound clear there for uh uh

950

01:42:02,720 --> 01:42:07,200

a while but then you drop out can you is it uh
something that you can do on your end or i uh uh

951

01:42:07,200 --> 01:42:14,160

don't know why this is exactly happening uh
can you hear me better yes please go on uh uh

952

01:42:14,160 --> 01:42:20,640

let's let's see let's see if you'll keep going uh
let's see if i can if i can mute something here

953

01:42:23,440 --> 01:42:29,840

uh yes uh with uh with this type of uh
footage i'll switch to it on the browser

954

01:42:32,080 --> 01:42:39,120

go ahead i'm i'm playing it right now as\h
you're speaking here are we okay now yes\h\h

955

01:42:39,120 --> 01:42:48,000

i can hear you now all right with uh with this\h
type of footage but what you get the distortion\h\h

956

01:42:48,720 --> 01:42:54,880

can come from quite easily when you change\h
the focus of your camera when you actually\h\h

957

01:42:54,880 --> 01:43:02,000

uh picturing or taking a video through a window\h
so when you actually change your focus on your\h\h

958

01:43:02,000 --> 01:43:09,840

camera you've got that distortion that actually\h
happens right right as one of the possible\h\h

959

01:43:11,760 --> 01:43:16,640

way it could be that's actually something that\h
you get when you've got a telescope and you're\h\h

960

01:43:16,640 --> 01:43:23,200

actually looking at stats when you change your\h
focus a little bit too too much and when you\h\h

961

01:43:23,200 --> 01:43:28,800

have two mirrors then the the the shape of what\h
you're seeing will actually distort quite a lot\h\h

962

01:43:29,920 --> 01:43:34,160

all right so the first first time i had\h
a look at that about a week ago you know\h\h

963

01:43:34,160 --> 01:43:40,000

i just went okay that's probably what\h
it is uh but yet of course you know it\h\h

964

01:43:40,000 --> 01:43:44,080

could be then you're a new way for one\h
we're not too sure about that and uh\h\h

965

01:43:44,640 --> 01:43:52,000

also it's kind of looks like you know it could be\h
a weather balloon that's actually gone gone loose\h\h

966

01:43:53,520 --> 01:44:00,480

all right it does what i'm what i'm wondering\h
is this seems to be like a feathering of\h\h

967

01:44:00,480 --> 01:44:06,800

of a light source and then it feathers out so i\h
know what you mean with the i've had that often\h\h

968

01:44:06,800 --> 01:44:11,600

you know doing camera work myself i know what\h
you mean with the different distortions but\h\h

969

01:44:13,040 --> 01:44:17,520

i honestly this i don't know how high up\h
this is because this is you know i mean\h\h

970

01:44:17,520 --> 01:44:21,680

talking about weather balloons sure they\h
can be really really up there but this is\h\h

971

01:44:23,520 --> 01:44:29,680

really like in a different way because weather\h
balloon you know you still have like a an edge\h\h

972

01:44:29,680 --> 01:44:35,280

to it and even though you might be being pressed\h
you know the atmospheric pressure around it and\h\h

973

01:44:35,280 --> 01:44:41,520

the winds and whatever else is up there that could\h
change it but it eventually changes into like a\h\h

974

01:44:41,520 --> 01:44:49,920

full-on um vertical shape you know from horizontal\h
so anyway i mean it's intriguing to say the least\h\h

975

01:44:49,920 --> 01:44:54,400

i'm just you know i don't know to be honest what\h
i'm getting with it it's just i'm not i'm not\h\h

976

01:44:54,400 --> 01:45:01,120

ready to write it off as as a balloon balloon\h
question either i i'm not writing it off you\h\h

977

01:45:01,120 --> 01:45:07,200

know i was sort of kind of just commenting on it a\h
little bit you know with uh with the impression of\h\h

978

01:45:07,200 --> 01:45:12,960

course we we need to know uh the speed of the\h
airplane as well so there's a lot of data we\h\h

979

01:45:12,960 --> 01:45:19,920

just don't know about uh also the the speed of\h
the wind you know how come like whatever it is\h\h

980

01:45:19,920 --> 01:45:27,520

is more smashing the speed of the airplane on that\h
in itself is a big big question right and and also\h\h

981

01:45:27,520 --> 01:45:34,640

the the type of camera that was used so it's a bit\h
of a shame but we we've got footage but we have\h\h

982

01:45:34,640 --> 01:45:42,160

we don't have enough information to sort of uh go\h
along with and uh it seems to be happening quite\h\h

983

01:45:42,160 --> 01:45:47,600

a lot if this type of of witnessing that\h
we're getting you know there's not enough\h\h

984
01:45:47,600 --> 01:45:53,680
information right to to actually just just go\h
oh yeah okay maybe we've got a smoking gun here\h\h

985
01:45:54,560 --> 01:46:00,320
right so it's one of the purpose and i wanted to\h
communicate about that you know if people do have\h\h

986
01:46:00,320 --> 01:46:07,760
this sort of happening you know it's to actually\h
write down and get as much information as possible\h\h

987
01:46:07,760 --> 01:46:14,400
as to validate you know what we are saying here\h
right but it could be it could also also be the\h\h

988
01:46:14,400 --> 01:46:20,320
clocking device no but that's for sure there\h
are situations when a group of people you know\h\h

989
01:46:20,320 --> 01:46:26,640
we look in the sky obviously there's a ufo and\h
we've got half of the people that are looking\h\h

990
01:46:26,640 --> 01:46:32,080
at it are not seeing anything when the other are\h
saying well listen it's there now can't you see it\h\h

991
01:46:32,800 --> 01:46:39,840
so you know it could be that also right but\h
there's always this idea about um the ufo\h\h

992
01:46:40,480 --> 01:46:46,400
uh some people always just think like oh ufo means\h
immediate aliens like no it's unidentified flying\h\h

993
01:46:46,400 --> 01:46:52,000
object you know that's the original definition\h
of it now we of course kind of attribute aliens\h\h

994

01:46:52,000 --> 01:46:59,280

to that but you know i guess i guess it's uh it's\h
a term that that um i guess i don't know it all\h\h

995

01:46:59,280 --> 01:47:05,120

depends on how i use it and you have to clarify\h
that beforehand but just real quick um so crypto\h\h

996

01:47:05,120 --> 01:47:10,480

media was just saying something about how to\h
send a message on telegram well you won't be\h\h

997

01:47:11,360 --> 01:47:18,960

sending me a message you can talk to me directly\h
if you just unmute yourself uh crypto and then we\h\h

998

01:47:18,960 --> 01:47:23,200

can talk and yes the difference between what\h
you're hearing on telegram and what's coming\h\h

999

01:47:23,200 --> 01:47:28,640

through the stream is that there's a link at\h
least a 10 second delay if not more or less like\h\h

1000

01:47:28,640 --> 01:47:33,440

you know it's just the way streaming works there's\h
no way it would ever be ever synced up so you\h\h

1001

01:47:33,440 --> 01:47:38,480

might want to if you whatever you're watching you\h
might want to watch it in silent on your on your\h\h

1002

01:47:38,480 --> 01:47:46,400

computer while you're listening on telegram or\h
just listen to telegram altogether um let me see\h\h

1003

01:47:46,400 --> 01:47:53,840

here let me just get off of this here so crypto\h
i hope that uh that answers your question um\h\h

1004

01:47:54,480 --> 01:48:00,560

because you and if you want to write me a message\h
you can obviously as i read in the youtube\h\h

1005

01:48:00,560 --> 01:48:06,320

comments you can write to there unless it's\h
something more unless it's something more private

1006

01:48:09,680 --> 01:48:14,080

but yeah um yeah it's it's you know\h
i mentioned it earlier but it means\h\h

1007

01:48:14,080 --> 01:48:20,400

it's i don't know it's i don't know what people\h
want like do they i guess they just want clear\h\h

1008

01:48:21,040 --> 01:48:29,360

full hd video of a ship landing with distinct\h
features and beings walking out and then\h\h

1009

01:48:29,360 --> 01:48:35,200

approaching the camera and saying hello i guess\h
even that i bet you people are gonna go like god\h\h

1010

01:48:35,200 --> 01:48:40,960

that's cgi you know and so you know uh i don't\h
i don't know i don't know what it will take\h\h

1011

01:48:41,600 --> 01:48:46,000

um when it comes to this physical proof now\h
of course if you've had an experience on\h\h

1012

01:48:46,000 --> 01:48:50,720

your own it's like you're done with you know\h
needing the physical proof it's already like\h\h

1013

01:48:50,720 --> 01:48:55,680

mind-blowing to begin with but i can understand\h
everyone else that's in that boat it's like\h\h

1014

01:48:55,680 --> 01:49:00,880

show us some pictures show us some video you\h
know where's your proof so you know and then also\h\h

1015

01:49:00,880 --> 01:49:07,040

i talked to the the gal that she was also this\h
documentary it's coming out august uh august 8.\h\h

1016

01:49:07,040 --> 01:49:14,400

i talked to her a little bit over the weekend and\h
she called um to just clarify something about the\h\h

1017

01:49:14,400 --> 01:49:19,040

license agreement for the footage and whatnot\h
but uh we got to talk in a little bit and i said\h\h

1018

01:49:19,600 --> 01:49:23,760

i'm glad you're doing what you're doing\h
because we need more documentaries like\h\h

1019

01:49:23,760 --> 01:49:32,160

that especially now because we're already about\h
technically 70 plus years behind you know really\h\h

1020

01:49:32,160 --> 01:49:38,960

truly honestly covering ufos so the more serious\h
documentaries about ufos are out there the better\h\h

1021

01:49:38,960 --> 01:49:43,840

you know but i was saying eventually sooner\h
or later you know if you seriously want to get\h\h

1022

01:49:43,840 --> 01:49:48,240

into what's really going on you're going to\h
have to start talking to about experiencers\h\h

1023

01:49:48,240 --> 01:49:53,280

and she said that experiences what's that i don't\h
i never heard that term before so we got to talk\h\h

1024

01:49:53,280 --> 01:49:58,960

in a little bit so you know i don't know you know\h
especially them in the film industry i'm not a\h\h

1025

01:49:58,960 --> 01:50:03,680

fan of hollywood but i don't know they're like an\h
independent media group i guess that they design\h\h

1026

01:50:03,680 --> 01:50:08,960

or make documentaries and then sell to different\h
networks i guess that's their that's what they do\h\h

1027

01:50:08,960 --> 01:50:16,960

if i'm not mistaken i could be wrong but anyway um\h
you know if they are in the position to basically\h\h

1028

01:50:16,960 --> 01:50:25,840

do um more credible documentaries about what\h
abductions and experiences are about you know\h\h

1029

01:50:25,840 --> 01:50:30,960

i hope that they start approaching that more in\h
a serious way instead of doing it what kind of\h\h

1030

01:50:30,960 --> 01:50:36,640

history channel did to where you know having\h
this you know they're you know they come late\h\h

1031

01:50:36,640 --> 01:50:41,440

at night they abduct us you know there's nothing\h
you can do about it you know it's it's all these\h\h

1032

01:50:41,440 --> 01:50:46,720

this fear-mongering that happens and and for\h
history channel truly is a show you know it's i\h\h

1033

01:50:46,720 --> 01:50:52,400

mean glad it's in some ways spreading the message\h
but at the same time it attracts too many people\h\h

1034

01:50:52,400 --> 01:50:58,880

that are you know um like don't get me wrong if
you doing a job anything you're doing i'm not

1035

01:50:58,880 --> 01:51:05,120

a post for you getting paid whatsoever you know
but what sucks is that you know you have you know

1036

01:51:05,120 --> 01:51:11,680

for example if you take eric when donekin's book
chairs of the gods and that idea they just take it

1037

01:51:11,680 --> 01:51:17,040

and then through through history channel
kind of bastardized the whole idea to where

1038

01:51:17,040 --> 01:51:22,880

everything and anything is absolutely contributed
to aliens you know it could be aliens and you have

1039

01:51:22,880 --> 01:51:28,080

all these other people that are that i personally
don't consider very credible in the field and you

1040

01:51:28,080 --> 01:51:34,080

know flocked to that kind of show and so it's
unfortunate that you have real researchers

1041

01:51:34,080 --> 01:51:38,640

you know mixing with uh with you know people
that just what that want that attention

1042

01:51:38,640 --> 01:51:43,680

so i guess that's the negative part you know
regarding that but you know i'm not you know

1043

01:51:43,680 --> 01:51:47,200

if you're a researcher and you spend all this
time doing the research it's like why in the

1044

01:51:47,200 --> 01:51:53,760

world would you not want to get compensated for\h
something if it takes you flights to this egypt to\h\h

1045

01:51:53,760 --> 01:51:58,880

research you know pyramids and you have to go here\h
and there you know everyone for some reason as i\h\h

1046

01:51:58,880 --> 01:52:05,040

mentioned earlier they expect you to just you know\h
be like jesus and walk over water for free and and\h\h

1047

01:52:05,040 --> 01:52:10,640

you know have just a you know places given to you\h
to stay somewhere you know for free you know all\h\h

1048

01:52:10,640 --> 01:52:16,800

of that costs money if you're wanting to do some\h
research so you know why not encourage people like\h\h

1049

01:52:16,800 --> 01:52:22,160

that because we we buy and swallow the [___] from\h
mainstream media all the time and we don't ever\h\h

1050

01:52:22,160 --> 01:52:28,720

question them for getting paid to lie to us every\h
day you know and so you know why wouldn't you be\h\h

1051

01:52:28,720 --> 01:52:34,400

you know why are you so critical in one way\h
but then totally give you know a pass to\h\h

1052

01:52:34,960 --> 01:52:41,600

the established media whether it be shows or news\h
so anyway i'm sorry fab i didn't mean to go off on\h\h

1053

01:52:41,600 --> 01:52:48,800

the tangent but um yeah i hope more you know more\h
uh footage you know will come out i hope uh you\h\h

1054

01:52:48,800 --> 01:52:54,080

know regarding you know people not being so you\h
know i don't think that they were like average\h\h

1055

01:52:54,080 --> 01:52:59,200

person i don't think they were ever afraid\h
from posting things out there you know but um\h\h

1056

01:52:59,840 --> 01:53:05,920

they were um you know at least uh like this\h
footage i've seen at least two three different\h\h

1057

01:53:05,920 --> 01:53:11,600

like uh short segments because i don't watch the\h
mainstream news but i see certain segments that\h\h

1058

01:53:11,600 --> 01:53:18,720

come across my way and they're looking at it but\h
they're mainly looking at it from this bewildered\h\h

1059

01:53:19,600 --> 01:53:27,920

very childish point of view like wow wow look at\h
the [___] wow unbelievable wow you know it's like\h\h

1060

01:53:28,880 --> 01:53:34,720

what the hell are you doing you know like calm\h
your ass down you know it would be nice if you\h\h

1061

01:53:34,720 --> 01:53:40,400

you know analyze the frames you know analyze the\h
footage or something but instead they spent more\h\h

1062

01:53:40,400 --> 01:53:48,080

money you know on the makeup and and you\h
know doing some banter amongst each other\h\h

1063

01:53:48,080 --> 01:53:53,280

you know instead of actually doing the job\h
of analyzing that that footage as a media\h\h

1064

01:53:53,280 --> 01:53:57,840

that i i think a media or news athlete\h
should but anyway that's just my opinion

1065

01:54:01,200 --> 01:54:06,240

fab are you still there yes i'm still here i'm\h
still here i'm just listening to you you're\h\h

1066

01:54:06,240 --> 01:54:11,600

making some very good points as usual and you're\h
not going intelligent it's all very relatable\h\h

1067

01:54:13,440 --> 01:54:16,960

uh what he was talking i\h
was thinking also you know

1068

01:54:19,280 --> 01:54:23,760

some people mention why don't they come\h
down you know and then land in front of me\h\h

1069

01:54:23,760 --> 01:54:31,840

and they come out there is a little point\h
to make here with the travis wharton story\h\h

1070

01:54:33,040 --> 01:54:38,000

and wait so what are you saying there's a\h
little what with the travis walton story\h\h

1071

01:54:38,960 --> 01:54:45,920

there is there is a good point that i actually\h
made and and it was that uh after his uh his\h\h

1072

01:54:45,920 --> 01:54:53,920

first encounter when that she came back to uh\h
to visit him you know let's say is that the\h\h

1073

01:54:54,480 --> 01:54:59,600

the deities or the beings actually came\h
back to actually fix a medical problem\h\h

1074

01:54:59,600 --> 01:55:06,640

that he had due to the interaction meaning
that the uh the energy the energy field

1075

01:55:07,920 --> 01:55:14,160

of the technology was not actually
compatible to the health of humans right

1076

01:55:14,800 --> 01:55:21,600

so it could well be here one of the reasons that
they don't actually show up in close proximity

1077

01:55:22,240 --> 01:55:28,240

due to the fact that their technology is not
actually good for our health and rights that's

1078

01:55:28,240 --> 01:55:33,440

the point sorry i'm i'm just smiling a little
bit there's nothing funny about the just the the

1079

01:55:34,320 --> 01:55:39,840

popped into when you said their technology it's
not compatible with humans i keep thinking about

1080

01:55:39,840 --> 01:55:44,640

you know bullets are not compatible with
us either you know just talking about

1081

01:55:44,640 --> 01:55:49,040

technology you know anyway just the the
the clinical way you said it cracked me

1082

01:55:49,040 --> 01:55:54,400

up but there was i wasn't laughing at you so in
case you're watching the video i don't want you

1083

01:55:54,400 --> 01:55:58,880

to take me the wrong way no you're
not taking the wrong way i think we

1084

01:55:58,880 --> 01:56:03,840

we definitely need a sense of humor in all this\h
you know if we lose our sense of humor it's uh\h\h

1085

01:56:04,480 --> 01:56:10,960

i think we we we're going for a bad ride you know\h
it's as simple as simple as that right and on a\h\h

1086

01:56:10,960 --> 01:56:18,080

personal note you know i do remember once being\h
uh being fairly close to let's call it the flying\h\h

1087

01:56:18,080 --> 01:56:23,440

saucer or whatever you know to to not feel very\h
very good at all for at least two days after that\h\h

1088

01:56:24,160 --> 01:56:30,960

right and uh when when when i heard the the\h
story of travis walton on i've listened to him

1089

01:56:34,320 --> 01:56:38,320

when he actually mentioned that you know\h
that you know there was some some physical\h\h

1090

01:56:38,320 --> 01:56:45,280

issues after the contact knowledge went aha make\h
sense you know and you put one-on-one together\h\h

1091

01:56:46,320 --> 01:56:51,200

and i was just thinking you know\h
what was probably why they just don't\h\h

1092

01:56:51,200 --> 01:56:57,760

come on physically you know let's put it this\h
way quite simply because you know they kind of\h\h

1093

01:56:57,760 --> 01:57:03,040

care about us and they don't want us to be sick\h
you know with radiation or whatever it is but do\h\h

1094

01:57:03,040 --> 01:57:07,920

trust me you know once once once you get sick you\h
know you you don't feel well for at least two days\h\h

1095

01:57:08,880 --> 01:57:15,520

well it's not well at all right you get\h
lit week you can't move you it's it's\h\h

1096

01:57:17,520 --> 01:57:22,320

it's not a very positive aspect of the\h
experience but i think it's a byproduct\h\h

1097

01:57:23,280 --> 01:57:27,520

right it's not that they are negative in\h
themselves but see what happens with that\h\h

1098

01:57:28,160 --> 01:57:32,080

and perhaps you know we need to be\h
prepped you know we need to have some\h\h

1099

01:57:32,640 --> 01:57:39,920

some sort of energy within ourselves as human you\h
know to be sort of being part in line so we can\h\h

1100

01:57:39,920 --> 01:57:46,240

have better communication i just don't know i'm\h
just you know just just saying that just questions\h\h

1101

01:57:47,120 --> 01:57:52,240

right right what do you think well\h
because i mean i i agree because\h\h

1102

01:57:54,080 --> 01:58:02,880

the if if let's say that every single one of\h
the races are here to just use us and just be\h\h

1103

01:58:03,520 --> 01:58:10,000

um you know taking advantage of us why for example\h
like in travis walton case and you know why bother\h\h

1104

01:58:10,800 --> 01:58:15,920

you just it's no different than if you know squash\h
in a bug you're not gonna try to revive it again\h\h

1105

01:58:15,920 --> 01:58:22,480

and fix fix whatever you damage if you don't care\h
you're like okay it's destroyed damaged fine we'll\h\h

1106

01:58:22,480 --> 01:58:28,480

move on and go go about the galaxy you know so\h
to say but why you know why stop which which\h\h

1107

01:58:28,480 --> 01:58:36,880

is again this this this idea that i can't you\h
know i can't buy into that all of them are just\h\h

1108

01:58:37,680 --> 01:58:46,160

here to use us and take advantage in some way in a\h
nefarious way you know it's like you know this was\h\h

1109

01:58:46,160 --> 01:58:52,400

an event that happened in the woods far away from\h
everybody uh just a handful of witnesses which you\h\h

1110

01:58:52,400 --> 01:58:57,360

know that don't matter at all considering that\h
at that time especially nobody even believed in\h\h

1111

01:58:57,360 --> 01:59:04,000

you know aliens you know they might have heard of\h
them you know and so why pick him up to help him\h\h

1112

01:59:04,000 --> 01:59:11,600

out and fix him and then bring him back you know\h
yeah for sure it's a crazy story it's crazy story\h\h

1113

01:59:12,240 --> 01:59:17,440

i mean obviously there is something going on\h
it's millions of people now but important sort\h\h

1114

01:59:17,440 --> 01:59:23,760

of things so it's quite hard to just brush it\h
off and going oh yeah just to dream or whatever\h\h

1115

01:59:25,280 --> 01:59:30,080

maybe it could be as well obviously you know\h
there are some civilization you know but they've\h\h

1116

01:59:30,080 --> 01:59:35,040

taken interest of you know of us you know\h
this planet and you know whoever is on it\h\h

1117

01:59:35,600 --> 01:59:44,800

and it could be just also be perhaps like our\h
own scientific professors and and people that\h\h

1118

01:59:45,360 --> 01:59:52,000

go in jungles you know into the jungles to\h
study let's say or to study any type of animals\h\h

1119

01:59:52,000 --> 01:59:59,280

and after they realize that the interaction\h
with those animals is sort of tempering with\h\h

1120

01:59:59,280 --> 02:00:06,160

their own evolution then they just go wow okay\h
we've done something here actually interferes\h\h

1121

02:00:06,160 --> 02:00:13,280

with their own natural processes so let's take\h
a little bit of a step back and and see that we\h\h

1122

02:00:13,280 --> 02:00:19,200

what we can do to actually undo what we've\h
just done if it makes sense right it does

1123

02:00:21,920 --> 02:00:27,280

well you know it's uh it's really when it comes\h
to the human body and the planet the more i've\h\h

1124

02:00:27,280 --> 02:00:32,320

learned and the more things that have come and all the information has come through channeling it's

1125

02:00:32,320 --> 02:00:39,440

actually very interesting that it will not require that long to either your body or the planet to

1126

02:00:39,440 --> 02:00:45,440

just fix itself and get back into this pristine stage you know that's what's interesting about

1127

02:00:45,440 --> 02:00:52,320

that all that it requires is a will and intention to actually do it and it will be you know fixed

1128

02:00:52,320 --> 02:01:00,240

in very very short time you know yes yes yes yes you know so for example you know some of the very

1129

02:01:00,240 --> 02:01:06,560

interesting things that the planet does from the from the planetary perspective um they say on the

1130

02:01:06,560 --> 02:01:14,320

ozark mountain ufo conference youtube channel when i spoke in 2019 at the conference there's a panel

1131

02:01:14,320 --> 02:01:20,160

and it's the it's i think you can just search for it and go to the ozark channel search for it and

1132

02:01:20,160 --> 02:01:24,960

it's basically a panel of all the speakers that on sunday that we all just kind of got together

1133

02:01:24,960 --> 02:01:32,880

and just answering people's questions and whatnot and so i was sitting next to um oh man i suck with

1134

02:01:32,880 --> 02:01:40,880

names today uh you usually names are not my strong
suit anyway but uh uh mark d'antoni i believe was

1135

02:01:40,880 --> 02:01:47,600

his name and um he's you know uh an astronomer
i believe and really scientifically minded and

1136

02:01:47,600 --> 02:01:54,160

oriented so he's not into he's not into this kind
of stuff that we all are you know to him it's it's

1137

02:01:54,160 --> 02:02:00,240

all about the the science and astronomy and how
things work you know but he uh he basically was

1138

02:02:00,240 --> 02:02:05,760

discussing you know aliens from the scientific
point of view at the conference but anyway at this

1139

02:02:05,760 --> 02:02:14,960

specific speaker panel he somebody was asking him
about global warming right and he basically just

1140

02:02:14,960 --> 02:02:21,040

you know said you know i have access and i've
been in access for core samples you know going

1141

02:02:21,040 --> 02:02:26,640

back centuries and centuries you know and all
these different things and he was talking about

1142

02:02:26,640 --> 02:02:34,560

you know how at one point the planet was even
hotter than what it was now you know and um so

1143

02:02:35,360 --> 02:02:40,800

he was then discussing that that's what started
this him talking but then he switched over into

1144

02:02:41,360 --> 02:02:48,400

so we had this big bp right a british petroleum\h
spill uh here in america if you remember that uh\h\h

1145

02:02:48,400 --> 02:02:55,120

fab and um it was uh they were saying it will\h
destroy the environment and the ecosystem for\h\h

1146

02:02:55,120 --> 02:03:01,280

centuries to come the oil was you know all over\h
the beaches and was really destroying a lot\h\h

1147

02:03:01,280 --> 02:03:06,800

well from this non-metaphysical-minded\h
person this very straight-laced scientific\h\h

1148

02:03:06,800 --> 02:03:14,080

you know he said something weird that happened\h
is some in that area this um you know he says uh\h\h

1149

02:03:14,080 --> 02:03:19,280

he's not believing that this was some kind\h
of like you know gaia came together to now\h\h

1150

02:03:19,280 --> 02:03:25,440

makes these changes but he says this bacteria\h
formed that were basically eaten up all the the\h\h

1151

02:03:27,360 --> 02:03:34,320

um or eating up all the the petroleum i guess or\h
whatever was spilled to where then it was it was\h\h

1152

02:03:34,320 --> 02:03:39,200

you know basically cleaned it up and it's gone\h
and the second the food source was over then it\h\h

1153

02:03:39,200 --> 02:03:47,200

died out and so now it's you know fish are back uh\h
corals is back you know the corals and everything\h\h

1154

02:03:47,200 --> 02:03:52,160

else you know he said that was quite amazing\h
to see it's something that was not expected you\h\h

1155

02:03:52,160 --> 02:03:56,240

know here we are thinking this is something we're\h
gonna have to deal with you know decades moving\h\h

1156

02:03:56,240 --> 02:04:01,280

forward now i'm not saying let's see what else the\h
planet can do miraculously so let's [___] it up\h\h

1157

02:04:01,280 --> 02:04:06,400

that's not what i'm saying at all you know like\h
let's keep the planet as clean as we possibly can\h\h

1158

02:04:06,400 --> 02:04:12,880

but something that you know i never understood\h
when it comes to pushing certain narratives right\h\h

1159

02:04:14,480 --> 02:04:20,000

were the cows farting 10 000 years ago and\h
more whenever we were going to the ice age\h\h

1160

02:04:20,000 --> 02:04:26,240

you know where the humans you know because of\h
their hut building and and development progress\h\h

1161

02:04:26,240 --> 02:04:30,640

that you know was heating up the planet\h
more and more to where then the ice age\h\h

1162

02:04:30,640 --> 02:04:36,240

as the ice was melting and retracting further\h
up north and you know revealing the different\h\h

1163

02:04:36,240 --> 02:04:43,200

uh continents you know europe and america and\h
all of that you know you have to think back\h\h

1164

02:04:43,840 --> 02:04:50,400

and consider all of that who was there to cause
this change to begin with and so we think that

1165

02:04:50,400 --> 02:04:55,520

the way we see the world now is that the all
be all that now climate will stop and that's

1166

02:04:55,520 --> 02:05:00,640

it this is the temperature that we all know about
and that's something that a lot of the you know

1167

02:05:00,640 --> 02:05:06,880

et's you know uh messages that come through talk
about it's like we're not even done yet you know

1168

02:05:06,880 --> 02:05:12,000

this ideal temperature on the planet is actually
would be quite warmer than what it was before

1169

02:05:12,000 --> 02:05:19,280

and you know this certain element of people have
now managed to find to play this blame game to

1170

02:05:19,280 --> 02:05:24,960

say ah the planet is getting hotter it's because
you're driving a gas car and not an electric car

1171

02:05:24,960 --> 02:05:30,560

you know and you know you're your fault for you
know having conventional light bulbs instead of

1172

02:05:30,560 --> 02:05:36,960

you know leds or more you know um you know these
friendly light bulbs the point here is that nobody

1173

02:05:36,960 --> 02:05:41,280

likes to [___] where they eat you know let's
clean the planet let's let's you know make it

1174

02:05:41,280 --> 02:05:46,960

comfortable for everybody but to play this blame the
game and only look at short period of history

1175

02:05:46,960 --> 02:05:52,640

is very deceiving you know it's very deceiving
and not only that when we're talking about climate

1176

02:05:52,640 --> 02:05:57,600

um the more research i was doing just to you
know find out what is this big deal about

1177

02:05:57,600 --> 02:06:04,480

you know there's if i'm not mistaken and i
could be wrong like 20 different fields of

1178

02:06:04,480 --> 02:06:10,400

expertise that have to be considered i mean you're
talking about ocean currents you're talking about

1179

02:06:10,400 --> 02:06:16,400

you know different the way condensation happens
you know all these different fields that have

1180

02:06:16,400 --> 02:06:21,520

to come together that make up the climate it's
not just one thing that has to be looked at and

1181

02:06:21,520 --> 02:06:28,080

if it's tweaked or changed that that will you
know give you the desired outcome you know so

1182

02:06:28,080 --> 02:06:32,480

you know there's not a consensus as they would
like you to believe and there's been a lot of

1183

02:06:32,480 --> 02:06:37,920

very smart people out there that really spell it
out in those terms for everyone else out there

1184

02:06:37,920 --> 02:06:45,120

you know and so i think whatever side you're on\h
i think we all can come together and agree that\h\h

1185

02:06:45,120 --> 02:06:50,880

yes we should you know dress me nuts when i see\h
people throw trash on the dirt road that we live\h\h

1186

02:06:50,880 --> 02:06:56,800

on here you know and do all the stuff it's like we\h
live in this beautiful wooden area and it's very\h\h

1187

02:06:56,800 --> 02:07:02,880

lush and then you see a mcdonald's bag you know\h
and and or some kind of you know styrofoam cup\h\h

1188

02:07:02,880 --> 02:07:11,360

thrown out or whatever it's like why don't you you\h
know um expose of it properly you know and and and\h\h

1189

02:07:11,360 --> 02:07:17,440

you know so i'm sure we can come together on under\h
those consensus without needing to you know play\h\h

1190

02:07:17,440 --> 02:07:24,560

this blame game and now make it political and\h
and try to pass um let's say you know political\h\h

1191

02:07:24,560 --> 02:07:31,200

things like you know legislature and blaming the\h
one side doing this the other side doing that\h\h

1192

02:07:31,200 --> 02:07:37,360

and so i think more can come about if we just\h
simply looked at the facts of what they are\h\h

1193

02:07:38,000 --> 02:07:44,880

you know instead of you know just taking certain\h
data out of context because a lot of people like\h\h

1194

02:07:44,880 --> 02:07:50,800

something i had to learn many years ago is that
you can live with data and facts you know there's

1195

02:07:50,800 --> 02:08:00,400

an art to that you can use facts and be you know
um uh factually correct but you're telling the

1196

02:08:00,400 --> 02:08:06,400

a false story you know and that's something
that you that's people gonna have to start

1197

02:08:06,400 --> 02:08:11,680

learning about and getting familiar familiarized
with there's even books about that stuff too

1198

02:08:11,680 --> 02:08:15,600

to where you can look at facts and you're
just like oh wow well i guess that's it but

1199

02:08:16,240 --> 02:08:24,000

you know it's it's majority of the time
taken out of context so i'm sorry i'm going

1200

02:08:25,760 --> 02:08:28,720

no you i i just love listening
to you anyway i think

1201

02:08:30,080 --> 02:08:36,480

just for the point of view of my my very strong
french accent you know it's probably uh best for

1202

02:08:36,480 --> 02:08:42,320

the year you know that you talk but you you
are so right you know it's all about education we

1203

02:08:42,320 --> 02:08:49,760

need to educate ourselves about the consequences
of our act and also you know it is obvious but

1204

02:08:49,760 --> 02:08:55,920

when we do some deeper research uh that's what the\h
uh the planet you know is going through changes\h\h

1205

02:08:55,920 --> 02:09:02,400

and it's it's a cycle it's been going on for many\h
thousands hundreds of exactly millions of years\h\h

1206

02:09:02,960 --> 02:09:10,480

when when there are cycles obviously it's a cycle\h
that we can be a bit more involved with so that\h\h

1207

02:09:10,480 --> 02:09:18,560

cycle is less detrimental to a way of\h
living right and also there are some people\h\h

1208

02:09:18,560 --> 02:09:26,240

that will use the situation to push an agenda\h
maybe positive negative but they will use that to\h\h

1209

02:09:26,240 --> 02:09:32,320

simply push their ideas right so can i can i tell\h
you something yeah can i tell you something real\h\h

1210

02:09:32,320 --> 02:09:39,040

quick so this is perfect example so for those who\h
might not know um michael moore is this you know\h\h

1211

02:09:39,040 --> 02:09:45,280

documentarian that he makes a lot of documentaries\h
i don't agree with but one was very interesting he\h\h

1212

02:09:45,280 --> 02:09:50,160

recently came out with a documentary called\h
the planet of the humans from our mistakes

1213

02:09:53,360 --> 02:09:58,240

right and it's very interesting because he's\h
a very you know very much like lefty you know\h\h

1214

02:09:58,240 --> 02:10:03,680

uh bleeding heart liberal you know let's save the planet because the humans are destroying

1215

02:10:03,680 --> 02:10:10,560

everything and it turns out that you know this very movement of solar panels and let's go to

1216

02:10:10,560 --> 02:10:17,680

alternative energy is pretty much backed by uh you know uh by these uh petrol companies you know

1217

02:10:17,680 --> 02:10:23,040

and there's all this illusion that you know like let's say to design these different or make these

1218

02:10:23,040 --> 02:10:28,880

different panels you know creates a much larger you know uh carbon footprint uh talking about

1219

02:10:29,440 --> 02:10:36,720

electric cars much larger carbon footprint now of course you know the the i'd love electric cars i'd

1220

02:10:36,720 --> 02:10:40,560

love to own one one day if i can you know i don't know that i can afford it you know

1221

02:10:40,560 --> 02:10:47,680

how many more years down the road but i would you know once a level of enough

1222

02:10:48,640 --> 02:10:54,800

i guess production has been made it's a lot nicer to not have to constantly inhale each other's

1223

02:10:54,800 --> 02:11:00,960

exhaust so to say you know so even though it took um you know a larger carbon footprint to make that

1224

02:11:00,960 --> 02:11:07,840

electric car in the long run it made it nicer so
that you can actually you know have these smog

1225

02:11:07,840 --> 02:11:15,520

free cities like la was horrible when i was in la
it was just you know i was really talking about um

1226

02:11:15,520 --> 02:11:23,280

you know um the the spell of hollywood just
falling before my eyes you know just the way

1227

02:11:23,280 --> 02:11:29,680

that was portrayed how la was when i saw it for
myself i was beyond disappointed because they

1228

02:11:29,680 --> 02:11:38,800

would have these small very very small sections of
of um um like where you would be like the studios

1229

02:11:38,800 --> 02:11:45,760

and you know uh it looks real nice and literally
right next to it have like these just you know

1230

02:11:48,720 --> 02:11:54,160

these projects that i can't describe like they
were so bad that even the worst ghetto in san

1231

02:11:54,160 --> 02:12:01,280

luis would look like a you know a uh uh like a
rich hotel compared to how people were living

1232

02:12:01,280 --> 02:12:06,880

there and that was l.a you know and then i was
my friend was in l.a before me so he and i were

1233

02:12:06,880 --> 02:12:13,520

driving we're driving together and i kept you know
trying to you know clean my eyes i was like dude

1234

02:12:13,520 --> 02:12:17,360

are you eyes burning too like what the hell is\h
going on he's just looking at he's smiling he's\h\h

1235

02:12:17,360 --> 02:12:23,600

like yeah that's the smog from all the exhaust\h
and when we were eventually from this um closer\h\h

1236

02:12:23,600 --> 02:12:30,480

to the hollywood sign you can just see it's this\h
never-ending cloud that's that's over you know\h\h

1237

02:12:30,480 --> 02:12:36,240

um over the entire city and so you're living in\h
it you're inhaling it and all these other things\h\h

1238

02:12:36,240 --> 02:12:41,440

so i'm not an environmentalist i'm definitely\h
not agreeing with the left agenda regarding that\h\h

1239

02:12:41,440 --> 02:12:47,680

but i do agree that there's steps we can take to\h
improve our environment without you know blaming\h\h

1240

02:12:47,680 --> 02:12:52,960

each other i'm not going to say and sit there like\h
you know you petro you know companies designing\h\h

1241

02:12:52,960 --> 02:12:58,880

all these cars you know it's like they did because\h
it was a necessity because of what we thought we\h\h

1242

02:12:58,880 --> 02:13:03,920

needed we the ones that bought into it we bought\h
those cars they didn't hold a gun to our heads to\h\h

1243

02:13:03,920 --> 02:13:09,040

buy them you know we just you know for one reason\h
or another we were convinced that we wanted it\h\h

1244

02:13:09,040 --> 02:13:14,320

because it made us feel better or we liked it\h
the color whatever else you know that they maybe\h\h

1245

02:13:14,320 --> 02:13:20,800

played played upon our emotions to get us to buy\h
those but it's also us that can make that change\h\h

1246

02:13:20,800 --> 02:13:26,720

by now redirecting of how we spend money because\h
if they don't see sales anymore if they don't\h\h

1247

02:13:26,720 --> 02:13:34,640

see um how you know if they don't see how um you\h
know the people are buying those things anymore\h\h

1248

02:13:34,640 --> 02:13:40,240

it forces them to change you know i've seen a lot\h
of stores around here there's there's not a store\h\h

1249

02:13:40,240 --> 02:13:45,360

around where i live here or in missouri or in\h
arkansas that does not have a organic section\h\h

1250

02:13:45,360 --> 02:13:51,520

of produce before you would never very hardly\h
ever see that but because of demand and people\h\h

1251

02:13:51,520 --> 02:13:58,160

want it it's growing larger and larger and larger\h
why because you spoke with your money but doesn't\h\h

1252

02:13:58,160 --> 02:14:04,000

matter what country you're in you speak with your\h
money you say i want to buy into this but not\h\h

1253

02:14:04,000 --> 02:14:11,120

that and so of course you know um anyway\h
so the uh the idea is that you know we\h\h

1254

02:14:11,120 --> 02:14:16,000

don't always have to play this blame game just\h
live the life the way you want to live it spend\h\h

1255

02:14:16,000 --> 02:14:20,080

the money where you want to spend it where you\h
think it's right and then see what comes about\h\h

1256

02:14:21,920 --> 02:14:29,200

yeah absolutely and also take responsibility\h
by own time what we do with our own time and\h\h

1257

02:14:29,760 --> 02:14:34,960

and see we can i'm lucky enough you know i live\h
in the country i'm very secure that's why you\h\h

1258

02:14:34,960 --> 02:14:41,040

know i've got my own garden basically i grow my\h
own vegetables right and i've rediscovered the\h\h

1259

02:14:41,040 --> 02:14:47,280

taste of vegetable fresh vegetables that comes\h
from your garden it actually tastes good right\h\h

1260

02:14:47,280 --> 02:14:53,440

and then after that you know you go and buy a\h
mcdo or kentucky or whatever and you can smell it\h\h

1261

02:14:53,440 --> 02:15:00,640

and then you go oh it just doesn't smell good at\h
all and and and then you start to rediscover the\h\h

1262

02:15:01,200 --> 02:15:06,960

the taste of fresh produce even the kids you know\h
they they are asking for more vegetables you know\h\h

1263

02:15:06,960 --> 02:15:12,640

it's it's unbelievable you know it's unbelievable\h
and you were talking about l.a as well you know\h\h

1264

02:15:13,200 --> 02:15:18,640

as you know and i've traveled quite\h
a lot and and and i know when we're\h\h

1265

02:15:18,640 --> 02:15:25,040

going to land to l.a because you can see the\h
pollution 20 minutes before you land right\h\h

1266

02:15:26,400 --> 02:15:30,080

before you actually land you know when\h
you're coming from overseas you know you're\h\h

1267

02:15:30,080 --> 02:15:35,840

taking a big trip etc right you know you're\h
about 20 minutes from running from l.a because\h\h

1268

02:15:35,840 --> 02:15:41,280

you can see the pollution cloud 20 minutes away\h
it's quite wicked you know it's quite wicked\h\h

1269

02:15:42,240 --> 02:15:47,440

no right and we're talking about yes we're\h
talking about pollution as well you know with\h\h

1270

02:15:47,440 --> 02:15:52,960

uh it's getting a bit like i will close up here\h
but you you were talking about the bp oil spill\h\h

1271

02:15:54,240 --> 02:16:01,360

right but uh like we had and interestingly\h
enough some uh some some some people that are\h\h

1272

02:16:01,360 --> 02:16:10,960

some very top scientists or she's starting to\h
decipher the crop circles all right and there\h\h

1273

02:16:10,960 --> 02:16:16,400

was actually crop circles that was done in\h
england right that actually mentioned quite\h\h

1274

02:16:17,440 --> 02:16:24,400

straight fact you know the location\h
and the dates of the spill itself right\h\h

1275

02:16:25,120 --> 02:16:31,600

and uh in the crop circle in the crop\h
circle yeah they know what they know\h\h

1276

02:16:31,600 --> 02:16:36,720

how to decipher club circle now and actually if\h
you want and i'll send you an email and send you\h\h

1277

02:16:36,720 --> 02:16:43,438

a few links you know but those scientists i really\h
get it sure and um and uh what was quite funny is\h\h

1278

02:16:43,439 --> 02:16:50,559

you know some people say oh yeah you know it's\h
just luck etc and just next to the crop circle\h\h

1279

02:16:50,560 --> 02:16:57,600

around that was about two three months after\h
that in the crop circle they actually made a\h\h

1280

02:16:58,880 --> 02:17:04,480

crop circle obviously you know with with the\h
sign with the insignia with the motto of dp in it

1281

02:17:07,359 --> 02:17:13,839

somebody you talked was it more of\h
an authentic one or made by humans

1282

02:17:21,520 --> 02:17:27,199

oh yeah it's done by human obviously right and\h
then after that the old company said oh yes we\h\h

1283

02:17:27,200 --> 02:17:32,960

did that we did that but some some research being\h
done and it was proven that it was more or less\h\h

1284

02:17:32,960 --> 02:17:39,200

impossible to have been number units due to the
configuration of the crop circle itself right so

1285

02:17:39,200 --> 02:17:46,240

it's vp but took the opportunity of using that
crop circle right to right you just promote uh

1286

02:17:47,200 --> 02:17:54,080

their names but some some you know some real well
verse scientist people went into that crop circle

1287

02:17:54,080 --> 02:18:01,680

right it was denied as being too simple it was
uh deemed to be oh yeah okay well you know the uh

1288

02:18:02,240 --> 02:18:07,760

whoever makes the circles i will not do that
when they did some some proper research they

1289

02:18:07,760 --> 02:18:12,400

realized that the way the crop soup was
made was obviously not being done by humans

1290

02:18:13,120 --> 02:18:19,120

right right so they actually spin the story and
uh so we're talking about pollution about planet

1291

02:18:19,120 --> 02:18:25,680

earth you know etc and uh no it shows that
normally the the planet earth you know can

1292

02:18:25,680 --> 02:18:32,880

heal itself but sort of looks like as well but
we do have help you know on how to sort of um

1293

02:18:33,520 --> 02:18:39,680

change our way of thinking on what we are doing
by having some some some warnings basically on

1294

02:18:39,680 --> 02:18:46,241

saying listen you know there is going to be a\h
problem here it's like fukushima also you know\h\h

1295

02:18:47,680 --> 02:18:54,880

i think it was 2011 that exploded with uh with\h
that tsunami terrible tsunami uh once again you\h\h

1296

02:18:54,880 --> 02:19:02,080

know this was very clearly defined in the crop\h
circle four months in advance and it was clearly\h\h

1297

02:19:02,080 --> 02:19:08,479

defined with date and also the location right so\h
we do have a little bit of help here you know it\h\h

1298

02:19:08,479 --> 02:19:14,080

seems and all those things are not looking\h
so so good as far as pollution is concerned\h\h

1299

02:19:14,640 --> 02:19:21,920

uh there is hope there is hope and obviously there\h
are also some people are using but fear-mongering\h\h

1300

02:19:21,920 --> 02:19:28,240

also to push an agenda but it is clear that\h
we need to clean up he said it right right a\h\h

1301

02:19:28,240 --> 02:19:35,760

piece of paper before yes go ahead well no i mean\h
you know talking about okay so you know just to\h\h

1302

02:19:36,319 --> 02:19:43,519

looking at the agenda right so al gore came out\h
in the early 2000s about the inconvenient truth\h\h

1303

02:19:44,080 --> 02:19:50,880

you know and based on that yeah he started the\h
different companies that you know started um\h\h

1304

02:19:50,880 --> 02:19:55,680

coming out with these you know curly light bulbs\h
they were supposed to be green and helped to plan\h\h

1305

02:19:55,680 --> 02:20:02,720

it out and it turned out to be one of the\h
most toxic you know uh uh mercury laden uh\h\h

1306

02:20:02,720 --> 02:20:09,760

bulbs you can possibly buy you know it's like um\h
um uh one of the labels if i remember correctly\h\h

1307

02:20:09,760 --> 02:20:15,840

or if i remember correctly it's got its\h
finger in a pie you know it's got his feet

1308

02:20:25,600 --> 02:20:29,680

he has like five different houses and not one\h
single one of them has some kind of alternative\h\h

1309

02:20:29,680 --> 02:20:36,318

energy source on it like windmill or or um\h
you know or a solar panel any of that so you\h\h

1310

02:20:36,319 --> 02:20:40,479

know it's almost like you know rules for thee\h
but not for me it's like so you know shouldn't\h\h

1311

02:20:40,479 --> 02:20:46,479

you live by example i mean you were pretty you\h
know heartbroken and wanting to make sure that\h\h

1312

02:20:46,479 --> 02:20:52,240

you know you told every human that hey it's your\h
fault for living that this planet is going down\h\h

1313

02:20:52,240 --> 02:20:57,840

you know but yet you know they're not worried\h
about they're not they're not worried about\h\h

1314

02:20:57,840 --> 02:21:03,680

you know selling their property that's on the\h
coastlines you know uh because you know you would\h\h

1315

02:21:03,680 --> 02:21:08,800

have thought that it's a bad investment if it's\h
you know coastlines are going to be flooded so\h\h

1316

02:21:08,800 --> 02:21:13,680

why won't you want to sell now more inland\h
but i don't see that happening anytime soon

1317

02:21:16,160 --> 02:21:21,280

yeah he's a very good comedian i mean mr argo\h
it's not a very good thing as well you know\h\h

1318

02:21:21,280 --> 02:21:26,800

let's not you know bring the guy down obviously\h
he has a job etc but for sure you know it's one\h\h

1319

02:21:26,800 --> 02:21:31,438

of those individuals you know that jumped\h
on the on the wagon you know the so-called\h\h

1320

02:21:31,439 --> 02:21:37,839

green movement and when you really look behind\h
you know how how it's being done it's actually\h\h

1321

02:21:37,840 --> 02:21:44,880

polluting the planet you even more when when we\h
think you know they've discovered this this new\h\h

1322

02:21:46,399 --> 02:21:52,160

source of energy you can put into cars\h
and also new petrols floor but to do that\h\h

1323

02:21:52,160 --> 02:21:58,000

we need to cut down millions of millions\h
of trees and reduce them into wood chips\h\h

1324

02:21:58,000 --> 02:22:04,080

you know so that we can power this new engine\h
i mean you know let's get real here right\h\h

1325

02:22:05,439 --> 02:22:12,399

right well fab um forgive me i want to give ken\h
also a chance to to speak before i get off here so\h\h

1326

02:22:12,399 --> 02:22:17,839

thank you again for staying up so late in france\h
and i appreciate you calling in and talking to me\h\h

1327

02:22:17,840 --> 02:22:26,080

you know i um you know i hope you continue doing\h
that i'm trying my very best to have the free time\h\h

1328

02:22:26,080 --> 02:22:32,160

and the spare time to uh to do that luckily right\h
now i'm off sick so uh i can dedicate that but\h\h

1329

02:22:33,040 --> 02:22:40,319

as you know you know i i will miss it for for\h
anyone so thanks for once again keeping some work\h\h

1330

02:22:40,319 --> 02:22:46,160

out it's very much appreciated all right thank you\h
fab we'll stay in touch and send me those emails\h\h

1331

02:22:46,160 --> 02:22:53,680

please yeah i'm gonna send you that link as well\h
scientists know that uh firing the crop circles\h\h

1332

02:22:54,560 --> 02:23:06,000

yep all right thank you i do have a good night\h
and take care bye-bye yes okay ken you are uh\h\h

1333

02:23:06,000 --> 02:23:17,840

give me a second you are unmuted in my end i\h
mute yourself on yours and you can speak to me\h\h

1334

02:23:18,560 --> 02:23:24,560

uh ken can you hear me i have unmuted you if you\h
can unmute yourself and then we can talk yeah\h\h

1335

02:23:25,200 --> 02:23:31,840

well um hi i'm ken pass i have a lot of\h
information that uh well i've been uh\h\h

1336

02:23:33,200 --> 02:23:39,599

doing stuff for a lot longer than everybody\h
actually actually uh realizes but um the\h\h

1337

02:23:39,600 --> 02:23:47,600

crop circles for instance they're much older than\h
everybody realizes and um well they're very sacred\h\h

1338

02:23:48,319 --> 02:23:55,679

um there there was a crop circle in england not\h
too long ago and a lot of people have found the\h\h

1339

02:23:55,680 --> 02:24:01,281

same image on a rock that's called the roswell\h
stone you might have heard about the roswell rock\h\h

1340

02:24:02,240 --> 02:24:08,800

it has a design on it and in england i\h
think it's england they have they found\h\h

1341

02:24:09,760 --> 02:24:15,600

a crop circle many years later or many years\h
before i forgot which one it was but um\h\h

1342

02:24:17,040 --> 02:24:22,399

well when i was back in time all those thousands\h
of years ago one of my elders handed me a stone\h\h

1343

02:24:22,399 --> 02:24:28,479

because i had a job to do i had to go get medicine\h
for the little blond-haired girl hiker who was\h\h

1344

02:24:28,479 --> 02:24:37,679

also back in time with us and my elder looked
native american brown skin page boy haircut

1345

02:24:38,479 --> 02:24:44,719

with a uniform on there were two of them they
were tall they were a little bit taller than i was

1346

02:24:45,280 --> 02:24:51,519

and they weren't from earth and well they handed
me that stone which you all call the roswell stone

1347

02:24:52,160 --> 02:24:57,439

i was transported back in time with the
stone in my hand with one of the men's

1348

02:24:57,439 --> 02:25:03,679

staff members we came to a house i don't know
how we got there but we were inside of a house

1349

02:25:04,319 --> 02:25:12,080

i was drinking water out of this kitchen sink
like an elephant just guzzling water because where

1350

02:25:12,080 --> 02:25:19,760

we were from thousands of years ago back in time
there was hardly any water water was scarce and

1351

02:25:19,760 --> 02:25:26,800

well the man staff member ran into the medicine
cabinet in this person's house wherever we were

1352

02:25:27,439 --> 02:25:32,639

he got the medicine he said come on let's go
put a cork in it we're out outside of the screen

1353

02:25:32,640 --> 02:25:39,358

door there was like a old-timey screen door we
ran outside the house we were transported back

1354

02:25:39,359 --> 02:25:45,519

through time back in the past and i had a hole
in my pocket and it fell out of my pocket and

1355

02:25:45,520 --> 02:25:55,680

many many thousands of years in the future a man
walking through i guess was his story he found it

1356

02:25:55,680 --> 02:26:02,960

he picked it up and he called it the roswell brock
now that image on the stone is the same image

1357

02:26:02,960 --> 02:26:11,120

that's in england there's there's a meaning for
these crop circles and i have the answer for it

1358

02:26:11,120 --> 02:26:16,800

but it seems like nobody really cares nobody
really nobody's really interested in the art

1359

02:26:17,680 --> 02:26:24,239

of the crop circles and they don't really want to
pay attention on their true meaning which is very

1360

02:26:24,240 --> 02:26:35,920

sacred very so very sacred if you see a real real
crop circle you can stink you can distinguish art

1361

02:26:35,920 --> 02:26:45,280

from a fake any time because they're exact they
have meaning and you met a person while you talk

1362

02:26:45,280 --> 02:26:51,439

you're talking to a person who knows because the
roswell's the roswell stone was placed in my hand

1363

02:26:51,439 --> 02:26:58,799

by a person not from this world and i trans we
were transported into the future to get medicine

1364

02:26:58,800 --> 02:27:04,398

for the little blonde hair grow hiker who was\h
sick back in time and we went back through time\h\h

1365

02:27:04,399 --> 02:27:11,120

and it fell out of my pocket because i had a hole\h
in my pocket it's that easy the art is very sacred\h\h

1366

02:27:12,479 --> 02:27:19,439

it has meaning it has it's backwards and forwards\h
migration if you look at the roswell stone\h\h

1367

02:27:20,160 --> 02:27:27,599

backwards and forwards migration in the same spot\h
it's a time traveling stone and it will only work\h\h

1368

02:27:28,160 --> 02:27:33,359

for a certain individual on this planet\h
except for the elders who gave it to me\h\h

1369

02:27:33,359 --> 02:27:38,319

because i have a very special arm because\h
of the things that have happened to me\h\h

1370

02:27:40,080 --> 02:27:44,160

you can i remember you telling me the story\h
before you know and i can only tell you what\h\h

1371

02:27:44,160 --> 02:27:49,680

what i was saying last time just you know keep\h
on posting more about your story and you know\h\h

1372

02:27:49,680 --> 02:27:54,800

let it be out there it's like i know you you\h
get a little bit you know about i don't know\h\h

1373

02:27:54,800 --> 02:27:58,960

resentful that people don't believe you\h
it's like again all i can do is listen\h\h

1374

02:28:00,399 --> 02:28:05,759

it's hurtful sometimes because here i am posting\h
the biggest proof the biggest truth telling the\h\h

1375

02:28:05,760 --> 02:28:12,080

biggest truth the biggest proof because i've\h
been here for 20 million years physically and i\h\h

1376

02:28:12,080 --> 02:28:17,600

have all this incredible important proof and i'm\h
getting thrown another bus by everybody and i'm\h\h

1377

02:28:17,600 --> 02:28:23,040

like looking at all these people who don't have\h
proof of anything writing books in their so-called\h\h

1378

02:28:23,040 --> 02:28:28,880

public figures and i'm like um hi i've been\h
here for 20 million years i have all the answers\h\h

1379

02:28:29,520 --> 02:28:35,840

oh yeah yeah whatever yeah sure okay go on go\h
on and i'm like i see how people can right but\h\h

1380

02:28:35,840 --> 02:28:40,720

you have to understand you know i know a lot\h
of us have different experiences that are just\h\h

1381

02:28:40,720 --> 02:28:44,640

weird you don't want to listen you don't\h
want to listen you don't want to really learn\h\h

1382

02:28:45,200 --> 02:28:55,120

you just want to oh it's a stigma or it's a\h
anomaly or it's you know and i'm like good grief\h\h

1383

02:28:55,920 --> 02:28:59,280

you know well ken i know but\h
you're gonna have you're gonna be\h\h

1384

02:28:59,840 --> 02:29:06,800

surrounded and be facing people like that all the time the point is just put out your information

1385

02:29:06,800 --> 02:29:11,358

you know and just keep doing what you do it's like i need to get good public

1386

02:29:11,359 --> 02:29:17,839

relations that's the only thing that i'm lacking i'm posting it on facebook i'm posting on youtube

1387

02:29:17,840 --> 02:29:25,280

i'm posting on tick tock and and twitter i ain't getting no one response back it's just

1388

02:29:25,280 --> 02:29:30,719

like an empty crowd all i hear is crickets and i'm like hi look at this and everybody's like

1389

02:29:31,680 --> 02:29:38,318

wow okay it's they're not interested you would be surprised how very hard it is for a person

1390

02:29:38,319 --> 02:29:43,040

who's been here for 20 million years to get the information out because no one's helping them with

1391

02:29:43,040 --> 02:29:48,640

the good public relations that he needs so can you i can bring i can bring you're going to have to

1392

02:29:48,640 --> 02:29:53,520

let me speak because this we can't just have this go one way i'm gonna have to mute you i'm sorry

1393

02:29:54,160 --> 02:30:00,080

i i need what i'm what i'm trying to tell you is that you can't just blur out the i've been around

1394

02:30:00,080 --> 02:30:06,000

for two million years and people go like oh wow\h
okay well right on le why don't you join oprah\h\h

1395

02:30:06,000 --> 02:30:12,160

the point here is that you put out the information\h
and keep on writing and talking about what you\h\h

1396

02:30:12,160 --> 02:30:17,439

have experienced and those people that need to\h
hear it will hear it because i personally cannot\h\h

1397

02:30:17,439 --> 02:30:23,839

relate to you to be you know most of us everything\h
we know about ourselves and how long we live\h\h

1398

02:30:24,399 --> 02:30:32,479

is basically just you know i cannot imagine in a\h
body physically being alive for two million years\h\h

1399

02:30:32,479 --> 02:30:38,080

and so you know for you you're just wanting me\h
immediately to jump onto that bandwagon and say\h\h

1400

02:30:38,080 --> 02:30:43,040

ken you're right you you are 100 right let\h
me get you with the president and everyone\h\h

1401

02:30:43,040 --> 02:30:48,080

else that's out there it's like you know\h
you have to have a sense of reasonability\h\h

1402

02:30:49,280 --> 02:30:55,280

shouldn't that take precedence over anything else\h
because i've been here for 20 not 2 million 20\h\h

1403

02:30:55,280 --> 02:31:00,160

million years physically and i have all the\h
answers to everything and everybody's like\h\h

1404

02:31:00,160 --> 02:31:06,160

like you just said i'll just mute you i'm like are\h
you kidding me that's how i said i said i meet you\h\h

1405

02:31:06,160 --> 02:31:11,439

because i'm trying to speak and you keep speaking\h
over me that's what i meant with me i haven't i\h\h

1406

02:31:11,439 --> 02:31:18,000

that's right obviously you've called in before\h
and i answer you call and you answer raise your\h\h

1407

02:31:18,000 --> 02:31:23,600

hand this time and you know i have no objection\h
to you speaking you you know your voice because\h\h

1408

02:31:24,640 --> 02:31:30,159

at least from my platform point of view this is\h
all i can do is listen to you hear you out and\h\h

1409

02:31:30,160 --> 02:31:36,639

that's as far as i can go i can't invest you know\h
in your story i can't do specific things you know\h\h

1410

02:31:37,439 --> 02:31:42,240

it has to reach certain people that i\h
guess need to hear what you have to say\h\h

1411

02:31:42,240 --> 02:31:45,840

but you know at this point all i can\h
do is hear you out and leave it at that\h\h

1412

02:31:47,439 --> 02:31:52,719

yeah well you got good public relations me i don't\h
get nothing i get thrown under the bus like i said\h\h

1413

02:31:53,280 --> 02:31:59,280

well but with all the different stories that i was\h
telling i have to take my time and everything that\h\h

1414

02:31:59,280 --> 02:32:06,479

i've experienced i have to draw back to a common
human experience that other people can relate

1415

02:32:06,479 --> 02:32:12,799

really spell it out in a slow and methodical way
to where if i just jumped into the story that when

1416

02:32:12,800 --> 02:32:17,280

i first experienced it and just started talking
i would have been all over the place people would

1417

02:32:17,280 --> 02:32:22,080

have thought i've gone nuts and there would be
nobody listening you know but at least i've taken

1418

02:32:22,080 --> 02:32:28,319

the time to really dissect everything that had
happened and then have it in a concise way and

1419

02:32:28,319 --> 02:32:34,319

manner so when i speak i'm talking and connecting
and drawing dots to where they can you know kind

1420

02:32:34,319 --> 02:32:39,120

of follow back somewhat of course they haven't had
the experience but they can kind of look back and

1421

02:32:39,120 --> 02:32:45,840

say okay i can see what you're saying here so for
to just jump into i've been around for two million

1422

02:32:45,840 --> 02:32:51,438

years and like okay you know there's no human
that i know that can relate to you that's why

1423

02:32:51,439 --> 02:32:57,040

it's being rejected immediately so that's why i'm
telling you the same way that i did with ufohub

1424

02:32:57,040 --> 02:33:04,080

just simply continue posting talking and make
your case known and those that need to hear it

1425

02:33:04,080 --> 02:33:10,080

will hear it and then we'll contact you if and
when it's the time you know i never you know

1426

02:33:10,080 --> 02:33:15,200

ended up thinking i've never considered that ufo
hub will be at the point where it's at now and

1427

02:33:15,200 --> 02:33:20,880

it certainly wasn't because i complained about it
i just told what i understood to be the truth and

1428

02:33:20,880 --> 02:33:26,160

and conveyed my experience the best way i knew how
and just let things play out and i kept doing it

1429

02:33:26,160 --> 02:33:32,399

on a regular basis and kept moving on and that's
where i am today so i'm telling you to you know

1430

02:33:32,399 --> 02:33:38,960

you want to be heard continue continue the same
way i can't relate to you but i'm not poo pooing

1431

02:33:38,960 --> 02:33:45,760

your story all i'm telling you is that it requires
hard work to get to be heard or known at any point

1432

02:33:45,760 --> 02:33:50,800

because some person that might have written a book
that immediately gets into oprah that's you know

1433

02:33:50,800 --> 02:33:55,200

through hard work and luck that they immediately
got to the top and now well known immediately

1434

02:33:55,200 --> 02:33:59,359

there's other people that you know will live\and die and nobody will ever hear from them\

1435

02:33:59,359 --> 02:34:03,519

and have some amazing things to tell us\about so just always keep that in mind\

1436

02:34:04,640 --> 02:34:11,199

can i say something really quick sure i've been\here for 20 million years i really have all my\

1437

02:34:11,200 --> 02:34:16,399

ducks in a row i'm one of your ancient ancestors\and this is how i'm getting treated today\

1438

02:34:16,399 --> 02:34:23,359

by everybody you're one of your ancient ancestor\fathers me because of all this happened to me is\

1439

02:34:23,359 --> 02:34:29,519

getting thrown on the bus by all of you new people\who are here today who are showing me no respect\

1440

02:34:29,520 --> 02:34:35,600

whatsoever and just saying well this and this\and using it as an excuse now i'm the one with\

1441

02:34:35,600 --> 02:34:40,560

all the proof of everything if you really want to\pay attention and listen and learn and take your\

1442

02:34:40,560 --> 02:34:46,880

time and do it right i have all my ducks in a row\and i'm not scared to share and tell the truth and\

1443

02:34:46,880 --> 02:34:51,920

show the proof of things it's just that easy it's\just i don't have good public relations that's all\

1444

02:34:52,479 --> 02:34:57,519

because people don't really want to take the
time you know i've been here for 20 million

1445

02:34:57,520 --> 02:35:06,560

years not 20 physically and because i was a time
traveler with ufo with extraterrestrials i was a

1446

02:35:06,560 --> 02:35:13,040

pilot driving a ufo with extraterrestrials and i
have all the proof of that too and that's really

1447

02:35:13,040 --> 02:35:20,960

important stuff you know well that's great so
so keep posting you know and i wish you luck and

1448

02:35:22,240 --> 02:35:30,080

well yeah that's yeah okay i'll talk
to you guys later all right take care

1449

02:35:34,560 --> 02:35:40,720

okay well um anyway so i'm
gonna leave that at that but um

1450

02:35:46,720 --> 02:35:53,840

we have here we have hazel uh welcome

1451

02:35:56,640 --> 02:36:00,800

allison welcome as well pendulum welcome

1452

02:36:07,680 --> 02:36:14,241

allison says ednan so patient you are wow this
has been live for two hours yeah usually you know

1453

02:36:15,040 --> 02:36:21,280

i try to go as long as i possibly can um
because uh not that many people call calling

1454

02:36:21,280 --> 02:36:28,639

because i want this to be over telegram and
be um auditory so sometimes some people get

1455

02:36:28,640 --> 02:36:32,400

to speak longer they're shorter depending
on how many people are on the list but um

1456

02:36:33,840 --> 02:36:39,840

just basically one there's to be open lines and
as if you've seen there's everyone and anyone that

1457

02:36:39,840 --> 02:36:49,120

can call in with with their story and so um um
yeah you're welcome to to call in i'll listen and

1458

02:36:50,160 --> 02:36:56,080

however much i guess energy that i have whether
two and a half hours or so because sometimes

1459

02:36:56,080 --> 02:37:02,240

paying attention to what's going on here
and and the uh the stream and shifting and

1460

02:37:02,240 --> 02:37:06,960

all that i can only focus my attention i
think roughly around two and a half hours

1461

02:37:08,240 --> 02:37:14,559

maybe if i somehow could take a break in between
and just put up a screen we'll be right back and

1462

02:37:14,560 --> 02:37:18,320

do a quick restroom break or something
drink something whatever and then

1463

02:37:19,200 --> 02:37:23,760

come back but i don't know how many people
are still going to be sticking around for that

1464

02:37:23,760 --> 02:37:30,080

i figured around two and a half hours is a good enough time to give enough people to log in watch

1465

02:37:30,960 --> 02:37:37,200

dialing if they want to dial in and um you know kind of believing it that in the future if there's

1466

02:37:37,200 --> 02:37:42,800

more people coming in and um more attention then of course i'll take the time you know to

1467

02:37:42,800 --> 02:37:47,438

maybe shorten everyone's speaking time to like five to ten minutes so that can get more people

1468

02:37:47,439 --> 02:37:53,200

in but yeah i see you said you came here because of this the great interview with

1469

02:37:53,200 --> 02:38:00,240

reid summer so thank you um yeah i hope you find something something useful on the channel um

1470

02:38:00,800 --> 02:38:08,000

this is just open lines talking to you know the average joe out there and joe and average jane

1471

02:38:08,000 --> 02:38:14,080

whichever and um so anyway but yeah i'm i think i'm going to be done

1472

02:38:15,040 --> 02:38:22,000

uh right now i'm getting a bit tired and so next uh next friday or just coming up friday

1473

02:38:22,640 --> 02:38:28,720

sherry wild is going to be on we're going to have her live so hope you log into telegram to be able

1474

02:38:28,720 --> 02:38:35,120

to ask your questions yourself later on or you can
just put the question up and chat with three stars

1475

02:38:35,120 --> 02:38:42,720

before it so that i know it's directed towards
the guest but okay i think that's pretty much it

1476

02:38:42,720 --> 02:38:50,480

thank you all very much for tuning in um i um i'd
appreciate you all uh for being here and so we'll

1477

02:38:51,200 --> 02:38:59,599

um just do this again next wednesday another
interview with a guest more structured this friday

1478

02:38:59,600 --> 02:39:04,800

but have a good day good evening
wherever you are and i'll see you next
