springs arkansas and

9  
00:01:26,710 --> 00:01:24,799  
right before we

10  
00:01:28,469 --> 00:01:26,720  
started the show nick was actually

11  
00:01:32,069 --> 00:01:28,479  
asking about it just to confirm one more

12  
00:01:33,510 --> 00:01:32,079  
time but the show will be held in person

13  
00:01:35,270 --> 00:01:33,520

uh 100

14

00:01:37,350 --> 00:01:35,280

unless something else happens that

15

00:01:39,190 --> 00:01:37,360

obviously is unforeseen

16

00:01:40,469 --> 00:01:39,200

everything has been scheduled confirmed

17

00:01:44,710 --> 00:01:40,479

with the hotel

18

00:01:46,550 --> 00:01:44,720

t-shirts made we are good to go so

19

00:01:48,069 --> 00:01:46,560

and obviously tickets are available as

20

00:01:49,670 --> 00:01:48,079

well for those who are interested to

21

00:01:51,670 --> 00:01:49,680

attend and

22

00:01:53,590 --> 00:01:51,680

you certainly will be meeting nick there

23

00:01:56,069 --> 00:01:53,600

as well so it's definitely a good reason

24

00:01:58,230 --> 00:01:56,079

to purchase tickets and

25

00:02:00,069 --> 00:01:58,240

be be present in eureka

26

00:02:03,749 --> 00:02:00,079

what i have in the description below is

27

00:02:04,789 --> 00:02:03,759

the links for the registration but also

28

00:02:09,430 --> 00:02:04,799

any

29

00:02:10,949 --> 00:02:09,440

has are also available

30

00:02:12,309 --> 00:02:10,959

the links are available in description

31

00:02:14,229 --> 00:02:12,319

below for you to check out and i

32

00:02:16,790 --> 00:02:14,239

certainly always encourage

33

00:02:19,430 --> 00:02:16,800

my viewers to check those out nick has a

34

00:02:21,430 --> 00:02:19,440

lot of information to share and

35

00:02:22,470 --> 00:02:21,440

you'll be remissed not to check it out

36

00:02:24,309 --> 00:02:22,480

yourself

37

00:02:26,309 --> 00:02:24,319

and also

38

00:02:28,550 --> 00:02:26,319

i have two tickets that are available

39

00:02:31,190 --> 00:02:28,560

that i will be doing for you sort of a

40

00:02:34,550 --> 00:02:31,200

ufo hub giveaway so in the comment

41

00:02:37,750 --> 00:02:34,560

section if um if if you comment in any

42

00:02:40,150 --> 00:02:37,760

of the videos leading up to march 9th

43

00:02:41,229 --> 00:02:40,160

simply with a some kind of message and a

44

00:02:43,030 --> 00:02:41,239

hashtag

45

00:02:45,990 --> 00:02:43,040

ozark2022

46

00:02:49,110 --> 00:02:46,000

on march 9th i will be using a algorithm

47

00:02:50,790 --> 00:02:49,120

that will randomly pick a comment and

48

00:02:54,309 --> 00:02:50,800

basically award the tickets to that

49

00:02:56,229 --> 00:02:54,319

person so at least along with the hotel

50

00:02:58,309 --> 00:02:56,239

room and how to get there you would not

51  
00:02:59,910 --> 00:02:58,319  
have to worry about two tickets that

52  
00:03:02,149 --> 00:02:59,920  
will be yours so i hope you take

53  
00:03:05,030 --> 00:03:02,159  
advantage of that as well

54  
00:03:06,710 --> 00:03:05,040  
uh so with any of any of that out of the

55  
00:03:09,190 --> 00:03:06,720  
way let me

56  
00:03:10,470 --> 00:03:09,200  
let me then uh bring in nick here real

57  
00:03:13,350 --> 00:03:10,480  
quick

58  
00:03:15,670 --> 00:03:13,360  
so nick welcome how are you

59  
00:03:18,790 --> 00:03:15,680  
i'm great thank you very much uh good to

60  
00:03:21,430 --> 00:03:18,800  
reconnect with you and very much looking

61  
00:03:23,190 --> 00:03:21,440  
forward to the ozark mountain conference

62  
00:03:25,910 --> 00:03:23,200  
in person i will

63  
00:03:28,710 --> 00:03:25,920

see everyone there and look forward to

64

00:03:30,390 --> 00:03:28,720

meeting some old friends reconnecting

65

00:03:33,670 --> 00:03:30,400

and meeting some new ones

66

00:03:36,869 --> 00:03:33,680

too so and uh hello to everyone joining

67

00:03:39,030 --> 00:03:36,879

us for this interview

68

00:03:41,670 --> 00:03:39,040

uh certainly i'm really looking forward

69

00:03:43,110 --> 00:03:41,680

to it too especially because i used to

70

00:03:45,830 --> 00:03:43,120

this is kind of a format that i'm

71

00:03:47,350 --> 00:03:45,840

changing out uh i'm just maybe i'm

72

00:03:50,229 --> 00:03:47,360

getting older maybe i'm just getting

73

00:03:52,070 --> 00:03:50,239

lazier but uh how i used to usually do

74

00:03:54,149 --> 00:03:52,080

the interviews in person in the hotel

75

00:03:56,229 --> 00:03:54,159

room i will probably not do those

76

00:03:57,750 --> 00:03:56,239

anymore just because of i don't know

77

00:03:58,869 --> 00:03:57,760

it's just a lot to set up you know

78

00:04:00,550 --> 00:03:58,879

setting up that you've seen that the

79

00:04:02,470 --> 00:04:00,560

whole it's all one-man show with the

80

00:04:04,470 --> 00:04:02,480

whole setup and i kind of like this

81

00:04:06,949 --> 00:04:04,480

ahead of time so that way get the

82

00:04:08,390 --> 00:04:06,959

interview out of the way uh people learn

83

00:04:10,550 --> 00:04:08,400

a little a little bit more about the

84

00:04:13,110 --> 00:04:10,560

upcoming guest and so that way it's just

85

00:04:14,789 --> 00:04:13,120

a lot easier on me but at least this

86

00:04:16,870 --> 00:04:14,799

gives me a lot more time to chat up with

87

00:04:19,189 --> 00:04:16,880

people so i'm sure you know i'll run

88

00:04:20,949 --> 00:04:19,199

into you and say hello

89

00:04:23,510 --> 00:04:20,959

sure look forward to it

90

00:04:25,990 --> 00:04:23,520

all right so uh we will be later on uh

91

00:04:29,030 --> 00:04:26,000

we'll have nick for about an hour so uh

92

00:04:30,390 --> 00:04:29,040

when it's time for q a uh you can uh

93

00:04:32,790 --> 00:04:30,400

there's a

94

00:04:34,629 --> 00:04:32,800

link in the description for the

95

00:04:37,670 --> 00:04:34,639

ufo hub telegram

96

00:04:40,070 --> 00:04:37,680

voice chat and you can listen and that's

97

00:04:42,870 --> 00:04:40,080

also where you can join to ask a

98

00:04:44,790 --> 00:04:42,880

question of nick directly if you are

99

00:04:48,150 --> 00:04:44,800

kind of shy that's all right in the

100

00:04:51,030 --> 00:04:48,160

description in the uh comment section uh

101  
00:04:53,590 --> 00:04:51,040  
in youtube and on twitch you can simply

102  
00:04:54,950 --> 00:04:53,600  
just submit your question using uh three

103  
00:04:57,030 --> 00:04:54,960  
asterisks

104  
00:05:00,150 --> 00:04:57,040  
i'm asking you to do that because then

105  
00:05:02,230 --> 00:05:00,160  
it pops out at me and kind of

106  
00:05:05,029 --> 00:05:02,240  
distinguish itself from a question as

107  
00:05:07,670 --> 00:05:05,039  
opposed to just a regular chatter

108  
00:05:10,390 --> 00:05:07,680  
so i guess uh nick what i wanted to

109  
00:05:11,749 --> 00:05:10,400  
specifically ask and for those that are

110  
00:05:13,510 --> 00:05:11,759  
like i was saying that i don't know how

111  
00:05:15,430 --> 00:05:13,520  
it's possible that are new to you if you

112  
00:05:17,270 --> 00:05:15,440  
could please go a little bit into your

113  
00:05:20,550 --> 00:05:17,280

background and

114

00:05:24,310 --> 00:05:20,560

how you came to do what you do

115

00:05:27,670 --> 00:05:24,320

certainly i fell into this subject quite

116

00:05:28,790 --> 00:05:27,680

by chance i was a civilian employee for

117

00:05:31,510 --> 00:05:28,800

the uk

118

00:05:34,710 --> 00:05:31,520

ministry of defense which is

119

00:05:37,110 --> 00:05:34,720

the uk's equivalent of the dod

120

00:05:39,350 --> 00:05:37,120

here in the united states and i was

121

00:05:40,550 --> 00:05:39,360

there for 21 years i did a number of

122

00:05:46,469 --> 00:05:40,560

different

123

00:05:47,510 --> 00:05:46,479

as my

124

00:05:51,550 --> 00:05:47,520

career

125

00:05:54,550 --> 00:05:51,560

progressed and advanced and between

126

00:05:57,430 --> 00:05:54,560

1991 and 1994

127

00:05:59,430 --> 00:05:57,440

i was assigned to a division where my

128

00:06:03,110 --> 00:05:59,440

duties included researching and

129

00:06:06,950 --> 00:06:03,120

investigating the ufo phenomenon and

130

00:06:09,590 --> 00:06:06,960

in a nutshell my job was to

131

00:06:13,029 --> 00:06:09,600

determine whether there was evidence of

132

00:06:16,629 --> 00:06:13,039

of any potential threat to the uk or

133

00:06:18,870 --> 00:06:16,639

anything of any more general defense or

134

00:06:20,390 --> 00:06:18,880

scientific interest

135

00:06:22,629 --> 00:06:20,400

so that

136

00:06:24,230 --> 00:06:22,639

that was my job and obviously when i was

137

00:06:27,110 --> 00:06:24,240

doing that it was not something i was

138

00:06:29,790 --> 00:06:27,120

able to talk about but in subsequent

139

00:06:31,350 --> 00:06:29,800

years the ministry of defense

140

00:06:32,790 --> 00:06:31,360

declassified

141

00:06:35,350 --> 00:06:32,800

and released

142

00:06:37,189 --> 00:06:35,360

most of its ufo files in including of

143

00:06:38,150 --> 00:06:37,199

course many of which i

144

00:06:41,029 --> 00:06:38,160

wrote

145

00:06:43,110 --> 00:06:41,039

so uh my my name

146

00:06:46,390 --> 00:06:43,120

is out there and and because this is

147

00:06:48,950 --> 00:06:46,400

declassified or a lot of it is

148

00:06:52,070 --> 00:06:48,960

that part of it i'm now able to speak

149

00:06:53,749 --> 00:06:52,080

about so i do so and i now that i've

150

00:06:55,029 --> 00:06:53,759

taken early retirement from the ministry

151  
00:06:56,150 --> 00:06:55,039  
of defense i

152  
00:06:58,909 --> 00:06:56,160  
really

153  
00:07:01,510 --> 00:06:58,919  
work as a freelance journalist and

154  
00:07:04,390 --> 00:07:01,520  
broadcaster and and see myself as i

155  
00:07:08,070 --> 00:07:04,400  
suppose something of a communicator

156  
00:07:09,029 --> 00:07:08,080  
on this subject whether i'm doing uh

157  
00:07:11,350 --> 00:07:09,039  
news

158  
00:07:13,909 --> 00:07:11,360  
bulletins whether i'm doing

159  
00:07:16,550 --> 00:07:13,919  
tv documentaries chat shows

160  
00:07:20,150 --> 00:07:16,560  
writing for various newspapers or

161  
00:07:21,830 --> 00:07:20,160  
whatever my my job is really to

162  
00:07:24,790 --> 00:07:21,840  
sort of say to people to facilitate a

163  
00:07:26,550 --> 00:07:24,800

conversation on this and and to say look

164

00:07:28,790 --> 00:07:26,560

whatever you believe

165

00:07:31,670 --> 00:07:28,800

about this subject those of us who've

166

00:07:33,909 --> 00:07:31,680

looked at it from inside government

167

00:07:36,870 --> 00:07:33,919

treat it as a defense and national

168

00:07:38,950 --> 00:07:36,880

security issue

169

00:07:41,830 --> 00:07:38,960

uh nick i wanted to ask you then a

170

00:07:46,309 --> 00:07:41,840

little bit um i guess from on the united

171

00:07:48,150 --> 00:07:46,319

states side about the hr 4350 and i

172

00:07:49,909 --> 00:07:48,160

wanted to

173

00:07:52,710 --> 00:07:49,919

ask you what your thoughts are on that

174

00:07:54,070 --> 00:07:52,720

but before we do just uh just a quick

175

00:07:56,550 --> 00:07:54,080

cover so

176  
00:07:58,629 --> 00:07:56,560  
are you still restricted on what you can

177  
00:07:59,830 --> 00:07:58,639  
fully cover based on the work you've

178  
00:08:00,710 --> 00:07:59,840  
done or

179  
00:08:02,710 --> 00:08:00,720  
um

180  
00:08:04,469 --> 00:08:02,720  
or do you can you just speak freely on

181  
00:08:08,150 --> 00:08:04,479  
it

182  
00:08:10,869 --> 00:08:08,160  
no the uk's official secrets act is

183  
00:08:13,990 --> 00:08:10,879  
binding for life so the fact that i've

184  
00:08:14,790 --> 00:08:14,000  
i've left the ministry does not in any

185  
00:08:17,110 --> 00:08:14,800  
way

186  
00:08:19,830 --> 00:08:17,120  
mean that the restrictions on me have

187  
00:08:22,309 --> 00:08:19,840  
have ended i mean in a nutshell the

188  
00:08:24,830 --> 00:08:22,319

simple way of putting this is that that

189

00:08:27,589 --> 00:08:24,840

i may never

190

00:08:31,430 --> 00:08:27,599

release any classified information

191

00:08:32,949 --> 00:08:31,440

without without authorization and uh

192

00:08:33,990 --> 00:08:32,959

generally speaking of course there are

193

00:08:36,149 --> 00:08:34,000

very few

194

00:08:37,909 --> 00:08:36,159

occasions on which classified

195

00:08:40,310 --> 00:08:37,919

information can be released i mean it

196

00:08:43,029 --> 00:08:40,320

usually has to be declassified first so

197

00:08:45,829 --> 00:08:43,039

yes sadly there are some restrictions

198

00:08:48,630 --> 00:08:45,839

but uh you know we'll we'll uh

199

00:08:50,470 --> 00:08:48,640

we'll work work with that

200

00:08:53,269 --> 00:08:50,480

okay well that's good to know so that

201  
00:08:55,590 --> 00:08:53,279  
that way we know that uh you know at

202  
00:08:57,910 --> 00:08:55,600  
least on my end asking questions not to

203  
00:09:00,150 --> 00:08:57,920  
overstep any boundaries it's like you

204  
00:09:02,230 --> 00:09:00,160  
know if i want to get you in trouble if

205  
00:09:04,230 --> 00:09:02,240  
i don't have to

206  
00:09:07,110 --> 00:09:04,240  
no it's difficult it's difficult but the

207  
00:09:09,670 --> 00:09:07,120  
responsibility is mine if we hit

208  
00:09:11,110 --> 00:09:09,680  
something which does

209  
00:09:13,670 --> 00:09:11,120  
look as if it's going to get into

210  
00:09:15,590 --> 00:09:13,680  
classified areas obviously it's

211  
00:09:18,949 --> 00:09:15,600  
incumbent on me

212  
00:09:20,230 --> 00:09:18,959  
to decline to answer so so it's it's all

213  
00:09:22,630 --> 00:09:20,240

down to me

214

00:09:23,910 --> 00:09:22,640

okay good deal so if so a little bit

215

00:09:26,150 --> 00:09:23,920

before the show we were talking about

216

00:09:27,990 --> 00:09:26,160

h.r 4350 and

217

00:09:29,590 --> 00:09:28,000

because i didn't know exactly what i'm

218

00:09:31,990 --> 00:09:29,600

looking at i thought it would still need

219

00:09:33,829 --> 00:09:32,000

to go through senate and be signed by by

220

00:09:36,070 --> 00:09:33,839

the president but you were saying that

221

00:09:37,509 --> 00:09:36,080

he has already done so can can you

222

00:09:39,350 --> 00:09:37,519

just speak a little bit about that bill

223

00:09:41,430 --> 00:09:39,360

in particularly regarding the uap

224

00:09:43,110 --> 00:09:41,440

section

225

00:09:46,150 --> 00:09:43,120

certainly the

226

00:09:50,230 --> 00:09:46,160

the situation in congress

227

00:09:52,230 --> 00:09:50,240

is quite complex but for the last uh

228

00:09:54,310 --> 00:09:52,240

three or four years

229

00:09:57,590 --> 00:09:54,320

there have been a series of classified

230

00:09:59,430 --> 00:09:57,600

briefings in congress both in the senate

231

00:10:01,110 --> 00:09:59,440

and in the house

232

00:10:03,990 --> 00:10:01,120

the main committees that have been

233

00:10:05,509 --> 00:10:04,000

involved obviously have been the armed

234

00:10:07,990 --> 00:10:05,519

services committee

235

00:10:11,350 --> 00:10:08,000

uh or committees rather and and the

236

00:10:13,829 --> 00:10:11,360

intelligence committees and we've had a

237

00:10:17,910 --> 00:10:13,839

lot of different pieces of legislation a

238

00:10:19,269 --> 00:10:17,920

lot of of uh people in congress

239

00:10:21,910 --> 00:10:19,279

have have

240

00:10:23,190 --> 00:10:21,920

drafted various amendments there's been

241

00:10:26,470 --> 00:10:23,200

the usual

242

00:10:28,389 --> 00:10:26,480

i suppose process of negotiation on this

243

00:10:32,710 --> 00:10:28,399

but i think what i would say to people

244

00:10:37,350 --> 00:10:32,720

is the big outcome of all this is that

245

00:10:39,990 --> 00:10:37,360

multiple ufo related provisions

246

00:10:44,150 --> 00:10:40,000

went into the national defense

247

00:10:45,670 --> 00:10:44,160

authorization act for fiscal year 2022

248

00:10:48,550 --> 00:10:45,680

and the president has already signed

249

00:10:51,430 --> 00:10:48,560

that so so this is a done deal

250

00:10:54,230 --> 00:10:51,440

and what this what this does

251  
00:10:56,710 --> 00:10:54,240  
is is it regularizes a lot of different

252  
00:10:58,829 --> 00:10:56,720  
things that that were going on between

253  
00:11:02,310 --> 00:10:58,839  
the pentagon and

254  
00:11:06,470 --> 00:11:02,320  
congress and it it essentially

255  
00:11:09,829 --> 00:11:06,480  
i i mean the the the headline is that

256  
00:11:12,150 --> 00:11:09,839  
that both congress and the pentagon are

257  
00:11:14,470 --> 00:11:12,160  
going to work together

258  
00:11:17,030 --> 00:11:14,480  
with the intelligence community and with

259  
00:11:19,750 --> 00:11:17,040  
parts of the scientific community too

260  
00:11:23,190 --> 00:11:19,760  
and are really going to grip this issue

261  
00:11:26,069 --> 00:11:23,200  
and try to get to the bottom of

262  
00:11:28,470 --> 00:11:26,079  
what is going on in united states

263  
00:11:31,030 --> 00:11:28,480

airspace both both

264

00:11:32,949 --> 00:11:31,040

over the continental united states and

265

00:11:34,790 --> 00:11:32,959

with these

266

00:11:37,269 --> 00:11:34,800

these sightings that have been going on

267

00:11:39,350 --> 00:11:37,279

offshore involving elements of the us

268

00:11:41,509 --> 00:11:39,360

navy

269

00:11:43,910 --> 00:11:41,519

what was interesting uh specifically

270

00:11:45,910 --> 00:11:43,920

about that section there was there was a

271

00:11:47,670 --> 00:11:45,920

part in there where they would also you

272

00:11:50,949 --> 00:11:47,680

know they're talking about collecting uh

273

00:11:53,750 --> 00:11:50,959

data um having more of a centralized way

274

00:11:55,190 --> 00:11:53,760

of just um uh being able to analyze

275

00:11:56,629 --> 00:11:55,200

everything that's coming in but there

276

00:11:57,829 --> 00:11:56,639

was one specifically where they were

277

00:12:01,670 --> 00:11:57,839

saying about

278

00:12:03,750 --> 00:12:01,680

to study the effects of uap on i guess

279

00:12:05,670 --> 00:12:03,760

on humans

280

00:12:08,069 --> 00:12:05,680

you know um and i kind of found that

281

00:12:09,670 --> 00:12:08,079

very interesting that was it's very very

282

00:12:11,990 --> 00:12:09,680

forward right because i mean it's this

283

00:12:13,750 --> 00:12:12,000

is all supposed to be lights in the sky

284

00:12:16,150 --> 00:12:13,760

you know what is this you know yadda

285

00:12:18,069 --> 00:12:16,160

yadda but to kind of have that also

286

00:12:19,350 --> 00:12:18,079

incorporated in that i it was kind of

287

00:12:21,829 --> 00:12:19,360

interesting you have anything to say

288

00:12:26,069 --> 00:12:21,839

regarding that

289

00:12:29,030 --> 00:12:26,079

yes i i mean this when news first broke

290

00:12:30,069 --> 00:12:29,040

about the existence of the pentagon's

291

00:12:32,470 --> 00:12:30,079

atip

292

00:12:33,990 --> 00:12:32,480

program when the new new york times put

293

00:12:38,150 --> 00:12:34,000

that story on

294

00:12:40,470 --> 00:12:38,160

on the front page in december 2017

295

00:12:42,550 --> 00:12:40,480

obviously a lot of people in congress

296

00:12:44,310 --> 00:12:42,560

said wait a minute you told us you

297

00:12:46,550 --> 00:12:44,320

weren't looking at any of this now we

298

00:12:47,430 --> 00:12:46,560

learned there's a program what's going

299

00:12:51,990 --> 00:12:47,440

on

300

00:12:54,310 --> 00:12:52,000

2018

301  
00:12:56,470 --> 00:12:54,320  
the defense intelligence agency wrote to

302  
00:12:59,269 --> 00:12:56,480  
congress and said you've asked us about

303  
00:13:03,590 --> 00:12:59,279  
atip uh this is what we were doing and

304  
00:13:04,710 --> 00:13:03,600  
attached to the letter was a list of 38

305  
00:13:06,310 --> 00:13:04,720  
studies

306  
00:13:09,430 --> 00:13:06,320  
that they'd done and a lot of those

307  
00:13:12,389 --> 00:13:09,440  
studies were highly technical

308  
00:13:14,629 --> 00:13:12,399  
advanced theoretical physics concepts

309  
00:13:17,350 --> 00:13:14,639  
that you would need for for interstellar

310  
00:13:20,790 --> 00:13:17,360  
travel but some some of them did relate

311  
00:13:24,230 --> 00:13:20,800  
to to human interface so

312  
00:13:26,550 --> 00:13:24,240  
uh field effects on on humans and yeah

313  
00:13:28,230 --> 00:13:26,560

absolutely it's not just lights in the

314

00:13:31,430 --> 00:13:28,240

sky people are

315

00:13:34,150 --> 00:13:31,440

reporting close encounters some of these

316

00:13:35,509 --> 00:13:34,160

ufos or uap whatever terminology you

317

00:13:38,550 --> 00:13:35,519

want to use

318

00:13:40,550 --> 00:13:38,560

are coming close to people

319

00:13:42,629 --> 00:13:40,560

and and therefore the government the

320

00:13:44,629 --> 00:13:42,639

military the intelligence community is

321

00:13:45,509 --> 00:13:44,639

entitled to ask

322

00:13:48,230 --> 00:13:45,519

well

323

00:13:49,590 --> 00:13:48,240

we've heard stories for example about

324

00:13:52,629 --> 00:13:49,600

ufos

325

00:13:54,790 --> 00:13:52,639

emitting electromagnetic fields that can

326

00:13:56,790 --> 00:13:54,800

have an effect on a car engine

327

00:13:59,269 --> 00:13:56,800

what are the effects on people let's at

328

00:14:02,389 --> 00:13:59,279

least look at it so as you say what's

329

00:14:03,829 --> 00:14:02,399

gone what's gone into the legislation is

330

00:14:06,069 --> 00:14:03,839

basically

331

00:14:08,870 --> 00:14:06,079

let's let's ask those questions and

332

00:14:11,350 --> 00:14:08,880

let's try to find out

333

00:14:13,430 --> 00:14:11,360

so nick i've seen you speak on a lot of

334

00:14:15,189 --> 00:14:13,440

the different mainstream uh media

335

00:14:16,629 --> 00:14:15,199

platforms and

336

00:14:19,030 --> 00:14:16,639

you know even though you're just being

337

00:14:20,790 --> 00:14:19,040

interviewed um maybe just right before

338

00:14:22,150 --> 00:14:20,800

it starts you know maybe after there's

339

00:14:24,150 --> 00:14:22,160

always you know there's always some kind

340

00:14:26,389 --> 00:14:24,160

of interaction conversation you know at

341

00:14:28,790 --> 00:14:26,399

one point or another so what is what is

342

00:14:30,629 --> 00:14:28,800

your main feel about this is mainstream

343

00:14:32,230 --> 00:14:30,639

kind of finally catching on to this that

344

00:14:33,990 --> 00:14:32,240

there's more there and it's not just

345

00:14:36,870 --> 00:14:34,000

something we snickered at what is your

346

00:14:38,550 --> 00:14:36,880

impression regarding that

347

00:14:41,350 --> 00:14:38,560

my impression is that things are

348

00:14:42,949 --> 00:14:41,360

changing for the better the last four

349

00:14:45,509 --> 00:14:42,959

years has been

350

00:14:48,870 --> 00:14:45,519

quite a ride and

351  
00:14:51,590 --> 00:14:48,880  
i have sometimes used the phrase out of

352  
00:14:53,509 --> 00:14:51,600  
the fringe and into the mainstream and

353  
00:14:55,030 --> 00:14:53,519  
that's exactly what's happened to this

354  
00:14:58,230 --> 00:14:55,040  
topic

355  
00:14:59,350 --> 00:14:58,240  
gone are the days when the only mention

356  
00:15:01,590 --> 00:14:59,360  
of this

357  
00:15:04,949 --> 00:15:01,600  
was in the tabloids

358  
00:15:07,110 --> 00:15:04,959  
you're now just as likely to find this

359  
00:15:08,629 --> 00:15:07,120  
discussed in the new york times the

360  
00:15:10,629 --> 00:15:08,639  
washington post

361  
00:15:12,949 --> 00:15:10,639  
politico

362  
00:15:14,710 --> 00:15:12,959  
and when it is discussed

363  
00:15:16,550 --> 00:15:14,720

increasingly we're finding the

364

00:15:19,030 --> 00:15:16,560

journalists who are finding you know

365

00:15:21,910 --> 00:15:19,040

being told to write up these stories

366

00:15:24,710 --> 00:15:21,920

are are journalists whose beat

367

00:15:26,470 --> 00:15:24,720

is defense and national security so it's

368

00:15:28,150 --> 00:15:26,480

been quite a learning curve for them but

369

00:15:31,110 --> 00:15:28,160

yeah i i think there's a whole bunch of

370

00:15:31,910 --> 00:15:31,120

journalists and broadcasters too out

371

00:15:33,990 --> 00:15:31,920

there

372

00:15:36,389 --> 00:15:34,000

who are saying to themselves now wait a

373

00:15:39,509 --> 00:15:36,399

minute we we were told that this was all

374

00:15:42,870 --> 00:15:39,519

just crazy conspiracy theory

375

00:15:44,310 --> 00:15:42,880

fringe sci-fi nonsense and now we're

376

00:15:46,069 --> 00:15:44,320

learning that the government had

377

00:15:48,470 --> 00:15:46,079

programs

378

00:15:51,749 --> 00:15:48,480

congress is looking at this classified

379

00:15:53,590 --> 00:15:51,759

briefings it's in the new defense bill

380

00:15:56,150 --> 00:15:53,600

so it's been quite a learning curve for

381

00:15:58,790 --> 00:15:56,160

them that's not to say that from time to

382

00:15:59,590 --> 00:15:58,800

time of course there will be people that

383

00:16:03,189 --> 00:15:59,600

still

384

00:16:06,310 --> 00:16:03,199

some stigma i mean

385

00:16:08,949 --> 00:16:06,320

but this is a story with an 80-year back

386

00:16:11,269 --> 00:16:08,959

story and so there's a lot there's a lot

387

00:16:12,870 --> 00:16:11,279

for people to learn and and it's quite a

388

00:16:16,069 --> 00:16:12,880

culture shock for some of them but we're

389

00:16:16,949 --> 00:16:16,079

getting there a lot of progress

390

00:16:19,030 --> 00:16:16,959

so

391

00:16:20,230 --> 00:16:19,040

do you do you think this will continue

392

00:16:23,110 --> 00:16:20,240

sort of to be

393

00:16:24,150 --> 00:16:23,120

looked at in this curious way or um you

394

00:16:25,430 --> 00:16:24,160

know i hate to kind of do this

395

00:16:28,069 --> 00:16:25,440

prediction but

396

00:16:30,069 --> 00:16:28,079

in the ufo community there's always you

397

00:16:31,509 --> 00:16:30,079

know for those that are

398

00:16:33,829 --> 00:16:31,519

i guess

399

00:16:35,829 --> 00:16:33,839

really into ufos and already kind of

400

00:16:37,350 --> 00:16:35,839

gone beyond where mainstream media was

401

00:16:39,910 --> 00:16:37,360

still hasn't even looked at like

402

00:16:41,990 --> 00:16:39,920

eventual content and things like that

403

00:16:43,990 --> 00:16:42,000

their main fear is that this is not that

404

00:16:47,509 --> 00:16:44,000

this is going to be you used as some

405

00:16:49,910 --> 00:16:47,519

sort of a um rally point to like let's

406

00:16:51,670 --> 00:16:49,920

say start another it's your defense

407

00:16:53,590 --> 00:16:51,680

program or to make this into something

408

00:16:55,430 --> 00:16:53,600

negative you know like over like

409

00:16:57,910 --> 00:16:55,440

martians attack you know and things like

410

00:16:59,990 --> 00:16:57,920

that do you think it will not go that

411

00:17:01,829 --> 00:17:00,000

direction and be more on these okay

412

00:17:05,029 --> 00:17:01,839

let's just be curious what is this and

413

00:17:08,390 --> 00:17:05,039

let's do everything we can to find out

414

00:17:11,750 --> 00:17:08,400

well congress has said to the pentagon

415

00:17:13,990 --> 00:17:11,760

that they want regular reports on this

416

00:17:16,150 --> 00:17:14,000

so as you know in

417

00:17:19,029 --> 00:17:16,160

june of last year

418

00:17:22,230 --> 00:17:19,039

there was a preliminary assessment of

419

00:17:23,990 --> 00:17:22,240

the ufo phenomenon delivered by the

420

00:17:26,390 --> 00:17:24,000

office of the director of national

421

00:17:27,750 --> 00:17:26,400

intelligence and uh there's been at

422

00:17:30,150 --> 00:17:27,760

least one

423

00:17:32,150 --> 00:17:30,160

and there was a nine page unclassified

424

00:17:34,470 --> 00:17:32,160

summary that they put on their website

425

00:17:36,789 --> 00:17:34,480

which which i suspect that uh most

426

00:17:39,430 --> 00:17:36,799

people watching this have read if you

427

00:17:42,950 --> 00:17:39,440

haven't go and read it now but

428

00:17:44,630 --> 00:17:42,960

uh congress has had at least one further

429

00:17:47,190 --> 00:17:44,640

report

430

00:17:49,590 --> 00:17:47,200

that has not been um

431

00:17:51,110 --> 00:17:49,600

the subject of an unclassified summary

432

00:17:53,110 --> 00:17:51,120

and they will get

433

00:17:56,470 --> 00:17:53,120

they they what we think we're gonna get

434

00:17:58,150 --> 00:17:56,480

is regular reports to congress which

435

00:18:03,110 --> 00:17:58,160

will be classified

436

00:18:05,990 --> 00:18:03,120

including one annual unclassified report

437

00:18:09,110 --> 00:18:06,000

that will be released to the public and

438

00:18:10,230 --> 00:18:09,120

i i think it's up to congress

439

00:18:13,430 --> 00:18:10,240  
to

440

00:18:15,590 --> 00:18:13,440  
keep their foot on the gas

441

00:18:17,430 --> 00:18:15,600  
and to hold

442

00:18:20,150 --> 00:18:17,440  
the military and the

443

00:18:21,270 --> 00:18:20,160  
the intelligence community to account

444

00:18:24,150 --> 00:18:21,280  
on this

445

00:18:26,870 --> 00:18:24,160  
issue and to say i mean they they say

446

00:18:29,350 --> 00:18:26,880  
what must go into these reports for sure

447

00:18:30,950 --> 00:18:29,360  
so it's it's up to these various uh

448

00:18:33,350 --> 00:18:30,960  
senators and congressional

449

00:18:35,430 --> 00:18:33,360  
representatives to to make sure that

450

00:18:38,230 --> 00:18:35,440  
that is delivered and if they're not

451  
00:18:39,029 --> 00:18:38,240  
satisfied it they must go back and say

452  
00:18:41,350 --> 00:18:39,039  
so

453  
00:18:42,549 --> 00:18:41,360  
but ultimately we mustn't forget that

454  
00:18:44,630 --> 00:18:42,559  
this subject

455  
00:18:45,350 --> 00:18:44,640  
is events led

456  
00:18:47,909 --> 00:18:45,360  
so

457  
00:18:50,870 --> 00:18:47,919  
we don't know what's going to come

458  
00:18:53,350 --> 00:18:50,880  
suddenly and unexpectedly that's going

459  
00:18:55,909 --> 00:18:53,360  
to i don't know blow this

460  
00:18:58,630 --> 00:18:55,919  
wide open and take things down a

461  
00:19:00,630 --> 00:18:58,640  
different path who knows but uh yeah i

462  
00:19:02,630 --> 00:19:00,640  
get i get that a lot of people in the

463  
00:19:05,350 --> 00:19:02,640

ufo community are

464

00:19:08,310 --> 00:19:05,360

cautious about this and say well we've

465

00:19:10,070 --> 00:19:08,320

seen this before and isn't it

466

00:19:12,310 --> 00:19:10,080

they're gonna hide all the good stuff

467

00:19:13,909 --> 00:19:12,320

and and as you say there are conspiracy

468

00:19:16,230 --> 00:19:13,919

theories floating around that this is

469

00:19:18,549 --> 00:19:16,240

just another way of ramping up the

470

00:19:20,310 --> 00:19:18,559

threat narrative and the media ramping

471

00:19:22,710 --> 00:19:20,320

up the fear i've been accused of that

472

00:19:24,230 --> 00:19:22,720

myself you know i'm sure there'll be

473

00:19:27,029 --> 00:19:24,240

something about that in the q a there

474

00:19:29,110 --> 00:19:27,039

usually is but um you know it is what it

475

00:19:31,110 --> 00:19:29,120

is and we have to we have to see see

476

00:19:32,310 --> 00:19:31,120

where we go with this but i think we are

477

00:19:33,510 --> 00:19:32,320

we're on a

478

00:19:35,750 --> 00:19:33,520

a journey

479

00:19:37,750 --> 00:19:35,760

with this and we're in a much better

480

00:19:40,789 --> 00:19:37,760

position than we were four years ago and

481

00:19:43,029 --> 00:19:40,799

that's that's progress

482

00:19:45,029 --> 00:19:43,039

nick uh what sort of uh

483

00:19:45,909 --> 00:19:45,039

what sort of is the atmosphere of let's

484

00:19:48,070 --> 00:19:45,919

say

485

00:19:49,750 --> 00:19:48,080

you would obviously be more exposed to

486

00:19:52,549 --> 00:19:49,760

these different type of people that i

487

00:19:54,950 --> 00:19:52,559

wouldn't be um and kind of seeing what

488

00:19:58,230 --> 00:19:54,960

their mindset is do they go and jump to

489

00:20:01,830 --> 00:19:58,240

that um make that jump that this is also

490

00:20:04,149 --> 00:20:01,840

extraterrestrial meaning there's aliens

491

00:20:06,230 --> 00:20:04,159

manning these different uh aircraft or

492

00:20:09,110 --> 00:20:06,240

is it still just always staying in that

493

00:20:12,149 --> 00:20:09,120

realm of uh just lights in the sky we

494

00:20:14,549 --> 00:20:12,159

don't know who's who's flying these

495

00:20:16,310 --> 00:20:14,559

well i think if you look at the wording

496

00:20:19,350 --> 00:20:16,320

for example of the preliminary

497

00:20:22,390 --> 00:20:19,360

assessment that that i mentioned a few

498

00:20:25,190 --> 00:20:22,400

moments ago from odni

499

00:20:28,310 --> 00:20:25,200

they of course were very cautious in

500

00:20:31,230 --> 00:20:28,320

their wording um when they categorized

501  
00:20:34,070 --> 00:20:31,240  
ufos for example i mean the word

502  
00:20:37,270 --> 00:20:34,080  
extraterrestrial did not appear once in

503  
00:20:39,190 --> 00:20:37,280  
that report even even as a hypothesis

504  
00:20:41,710 --> 00:20:39,200  
let alone as anything that that was

505  
00:20:45,029 --> 00:20:41,720  
treated as a serious possibility now

506  
00:20:46,310 --> 00:20:45,039  
implicitly it's in there

507  
00:20:49,510 --> 00:20:46,320  
under

508  
00:20:51,270 --> 00:20:49,520  
the the heading of other

509  
00:20:53,990 --> 00:20:51,280  
but i think that what i would say to

510  
00:20:55,909 --> 00:20:54,000  
people about this is is that

511  
00:20:58,149 --> 00:20:55,919  
in government

512  
00:21:00,630 --> 00:20:58,159  
in military in the intelligence

513  
00:21:02,950 --> 00:21:00,640

community just as in

514

00:21:05,029 --> 00:21:02,960

society more generally there are

515

00:21:06,630 --> 00:21:05,039

believers there are skeptics and there

516

00:21:07,990 --> 00:21:06,640

are people in the middle it's just that

517

00:21:10,789 --> 00:21:08,000

the believers

518

00:21:13,590 --> 00:21:10,799

don't yet quite have enough

519

00:21:17,350 --> 00:21:13,600

of a a say in this

520

00:21:18,630 --> 00:21:17,360

to put the word extraterrestrial firmly

521

00:21:21,190 --> 00:21:18,640

into

522

00:21:24,070 --> 00:21:21,200

any of these documents even as i say as

523

00:21:25,510 --> 00:21:24,080

a a possibility so

524

00:21:27,510 --> 00:21:25,520

there's something

525

00:21:29,590 --> 00:21:27,520

as there always has been but it's it's

526  
00:21:32,310 --> 00:21:29,600  
perhaps coming to a bit of a head now

527  
00:21:33,750 --> 00:21:32,320  
there's there's something of a factional

528  
00:21:37,350 --> 00:21:33,760  
dog fight

529  
00:21:40,070 --> 00:21:37,360  
going on over this issue inside

530  
00:21:41,590 --> 00:21:40,080  
government with with believers and

531  
00:21:43,669 --> 00:21:41,600  
skeptics kind of

532  
00:21:46,310 --> 00:21:43,679  
jockeying for position

533  
00:21:48,149 --> 00:21:46,320  
on this struggling for control of the

534  
00:21:49,830 --> 00:21:48,159  
narrative and that's i don't know how

535  
00:21:53,430 --> 00:21:49,840  
that's going to play out

536  
00:21:56,470 --> 00:21:53,440  
that but it is playing out

537  
00:21:59,909 --> 00:21:56,480  
when um the hr 4350 first came out

538  
00:22:02,149 --> 00:21:59,919

obviously luis alessandro and another

539

00:22:03,510 --> 00:22:02,159

person i don't know never heard of them

540

00:22:05,270 --> 00:22:03,520

before but they were kind of doing this

541

00:22:07,669 --> 00:22:05,280

video to make an announcement about

542

00:22:09,669 --> 00:22:07,679

about it and about that specific uap

543

00:22:11,669 --> 00:22:09,679

section in it and in there

544

00:22:13,669 --> 00:22:11,679

luis said something about you know this

545

00:22:16,149 --> 00:22:13,679

is because of all that you're doing you

546

00:22:18,390 --> 00:22:16,159

know all the people have been pushing on

547

00:22:19,190 --> 00:22:18,400

on that dead end to

548

00:22:21,029 --> 00:22:19,200

um

549

00:22:22,310 --> 00:22:21,039

for i guess the senators and everyone

550

00:22:25,190 --> 00:22:22,320

else to kind of take this a little bit

551  
00:22:27,270 --> 00:22:25,200  
more seriously so if they

552  
00:22:29,190 --> 00:22:27,280  
if it is true that it's

553  
00:22:31,510 --> 00:22:29,200  
through the people's way of pushing and

554  
00:22:32,950 --> 00:22:31,520  
making this happen what else can you

555  
00:22:35,110 --> 00:22:32,960  
possibly see

556  
00:22:37,190 --> 00:22:35,120  
us do to then push this even further

557  
00:22:40,230 --> 00:22:37,200  
than what it is right now to you know

558  
00:22:43,909 --> 00:22:40,240  
make it make it uh you know even more so

559  
00:22:45,590 --> 00:22:43,919  
mainstream than what it already is

560  
00:22:46,710 --> 00:22:45,600  
well former

561  
00:22:50,070 --> 00:22:46,720  
uh

562  
00:22:52,390 --> 00:22:50,080  
intelligence officer luis elizondo and

563  
00:22:55,029 --> 00:22:52,400

uh former

564

00:22:57,350 --> 00:22:55,039

deputy director of security and and

565

00:22:58,870 --> 00:22:57,360

intelligence christopher mellon

566

00:23:01,270 --> 00:22:58,880

have have done

567

00:23:03,430 --> 00:23:01,280

a phenomenal amount to

568

00:23:06,310 --> 00:23:03,440

to move the ball down the field when it

569

00:23:09,110 --> 00:23:06,320

comes to this subject being taken

570

00:23:11,430 --> 00:23:09,120

seriously uh some of what they've done

571

00:23:14,870 --> 00:23:11,440

obviously has has been through the lens

572

00:23:16,230 --> 00:23:14,880

of of media interviews but also i know

573

00:23:19,990 --> 00:23:16,240

that they've been

574

00:23:23,350 --> 00:23:20,000

uh lobbying on the hill for example

575

00:23:25,590 --> 00:23:23,360

and and i i'm sure that that being who

576  
00:23:27,750 --> 00:23:25,600  
they are and being connected to some of

577  
00:23:29,510 --> 00:23:27,760  
the players that that they're still

578  
00:23:33,750 --> 00:23:29,520  
obviously connected with they've they've

579  
00:23:35,750 --> 00:23:33,760  
gotten access to to a number of senators

580  
00:23:37,990 --> 00:23:35,760  
on this and and uh

581  
00:23:40,149 --> 00:23:38,000  
helping with this behind the scenes but

582  
00:23:42,230 --> 00:23:40,159  
i think i think as always it comes down

583  
00:23:44,870 --> 00:23:42,240  
to you know senators

584  
00:23:46,549 --> 00:23:44,880  
senators and and other congressional

585  
00:23:48,950 --> 00:23:46,559  
representatives are only going to get

586  
00:23:51,350 --> 00:23:48,960  
involved in this subject for one of two

587  
00:23:52,230 --> 00:23:51,360  
reasons either

588  
00:23:54,950 --> 00:23:52,240

one

589

00:23:56,310 --> 00:23:54,960

they have a pre-existing

590

00:23:59,669 --> 00:23:56,320

interest

591

00:24:02,950 --> 00:23:59,679

in this this topic or something happens

592

00:24:05,590 --> 00:24:02,960

that interests them and two

593

00:24:08,390 --> 00:24:05,600

and this speaks to your question two

594

00:24:11,110 --> 00:24:08,400

they they get a lot of emails

595

00:24:13,590 --> 00:24:11,120

from it about from you know from their

596

00:24:15,990 --> 00:24:13,600

constituents so i think i think the

597

00:24:17,430 --> 00:24:16,000

answer to your question is as always

598

00:24:19,830 --> 00:24:17,440

activism

599

00:24:21,269 --> 00:24:19,840

if there's a ground swell

600

00:24:24,390 --> 00:24:21,279

of people

601  
00:24:25,669 --> 00:24:24,400  
contacting their elected representatives

602  
00:24:28,149 --> 00:24:25,679  
saying

603  
00:24:30,710 --> 00:24:28,159  
please i've seen these provisions in the

604  
00:24:32,870 --> 00:24:30,720  
new defense bill please take an interest

605  
00:24:33,909 --> 00:24:32,880  
in this please continue to hold them to

606  
00:24:35,669 --> 00:24:33,919  
account

607  
00:24:39,029 --> 00:24:35,679  
then political

608  
00:24:41,269 --> 00:24:39,039  
leaders will say wait yeah i i

609  
00:24:44,310 --> 00:24:41,279  
am sensing that there is a

610  
00:24:46,070 --> 00:24:44,320  
a groundswell of interest

611  
00:24:47,830 --> 00:24:46,080  
in this from people just as there's

612  
00:24:49,909 --> 00:24:47,840  
interest in all the other

613  
00:24:52,390 --> 00:24:49,919

big issues that people contact their

614

00:24:55,510 --> 00:24:52,400

elected representatives about whether

615

00:24:56,549 --> 00:24:55,520

it's social security um whether it's

616

00:25:00,230 --> 00:24:56,559

it's

617

00:25:02,310 --> 00:25:00,240

immigration matters health care

618

00:25:05,350 --> 00:25:02,320

veterans

619

00:25:07,269 --> 00:25:05,360

issues pensions whatever it is yeah so

620

00:25:10,789 --> 00:25:07,279

so the answer to your question is is

621

00:25:17,909 --> 00:25:15,269

so uh nick what i wanted to ask um

622

00:25:19,510 --> 00:25:17,919

and of course now i draw a total blank

623

00:25:20,470 --> 00:25:19,520

i had the question right there and then

624

00:25:23,830 --> 00:25:20,480

it left

625

00:25:30,390 --> 00:25:25,750

i can't believe i forgot about it well

626

00:25:34,470 --> 00:25:33,510

uh specifically about oh okay i remember

627

00:25:36,630 --> 00:25:34,480

now so

628

00:25:38,710 --> 00:25:36,640

uh regarding documents and things that

629

00:25:40,870 --> 00:25:38,720

they were released um

630

00:25:41,590 --> 00:25:40,880

i kind of hate to frame it in this way

631

00:25:42,950 --> 00:25:41,600

but

632

00:25:45,830 --> 00:25:42,960

so for example

633

00:25:48,390 --> 00:25:45,840

england has released long time ago lots

634

00:25:50,549 --> 00:25:48,400

of files mexico some other countries so

635

00:25:52,230 --> 00:25:50,559

what they have um there was of course

636

00:25:55,110 --> 00:25:52,240

then the vault

637

00:25:56,710 --> 00:25:55,120

from the fbi i believe a few years back

638

00:25:58,149 --> 00:25:56,720

and they released a whole bunch of files

639

00:26:00,710 --> 00:25:58,159

that people can then search here in the

640

00:26:02,470 --> 00:26:00,720

united states but it's just my

641

00:26:03,990 --> 00:26:02,480

impression and i don't know what your

642

00:26:06,710 --> 00:26:04,000

thoughts are on this it's almost like

643

00:26:08,789 --> 00:26:06,720

everyone is waiting for for the united

644

00:26:10,390 --> 00:26:08,799

states and specifically the whatever you

645

00:26:12,789 --> 00:26:10,400

consider the mainstream

646

00:26:15,110 --> 00:26:12,799

to get on the ball of this to then the

647

00:26:16,950 --> 00:26:15,120

rest of the world go okay let's just go

648

00:26:18,549 --> 00:26:16,960

let's go with it it's almost like they

649

00:26:20,310 --> 00:26:18,559

can be talking about ufos but if the

650

00:26:22,470 --> 00:26:20,320

united states is not recognizing that

651  
00:26:24,549 --> 00:26:22,480  
they they think okay well maybe it's not

652  
00:26:26,470 --> 00:26:24,559  
time you know so what i'm saying is it

653  
00:26:28,950 --> 00:26:26,480  
seems like that it's the united states

654  
00:26:32,390 --> 00:26:28,960  
it's kind of like the setter of what's

655  
00:26:33,830 --> 00:26:32,400  
current you know and um uh if i'm wrong

656  
00:26:35,430 --> 00:26:33,840  
in that please do correct me but it's

657  
00:26:38,310 --> 00:26:35,440  
just my impression on that do you have

658  
00:26:40,310 --> 00:26:38,320  
anything to say about that

659  
00:26:41,990 --> 00:26:40,320  
well you're you're quite right i mean

660  
00:26:42,870 --> 00:26:42,000  
the united kingdom

661  
00:26:46,070 --> 00:26:42,880  
has

662  
00:26:47,909 --> 00:26:46,080  
declassified and released about 60 000

663  
00:26:50,070 --> 00:26:47,919

pages of

664

00:26:52,789 --> 00:26:50,080

documents on ufos

665

00:26:55,110 --> 00:26:52,799

many of which i wrote actually so

666

00:26:57,269 --> 00:26:55,120

so that's that's been a bit of a blast

667

00:26:59,750 --> 00:26:57,279

from the past many other nations too but

668

00:27:02,470 --> 00:26:59,760

yes absolutely the current focus is on

669

00:27:04,390 --> 00:27:02,480

what the united states is doing

670

00:27:06,870 --> 00:27:04,400

historically a lot of

671

00:27:09,350 --> 00:27:06,880

documents have have

672

00:27:10,630 --> 00:27:09,360

come out there and as you say there are

673

00:27:14,630 --> 00:27:10,640

various

674

00:27:17,750 --> 00:27:14,640

released a lot of of

675

00:27:21,029 --> 00:27:17,760

this material uh civilian researchers

676  
00:27:24,149 --> 00:27:21,039  
such as john greenwald have have done a

677  
00:27:26,310 --> 00:27:24,159  
superb job of trying to collate a lot of

678  
00:27:29,909 --> 00:27:26,320  
the most interesting ufo-related

679  
00:27:31,750 --> 00:27:29,919  
documents from multiple agencies

680  
00:27:34,230 --> 00:27:31,760  
and he's put a lot of those on his black

681  
00:27:35,510 --> 00:27:34,240  
vault website there are many other

682  
00:27:38,549 --> 00:27:35,520  
people

683  
00:27:40,710 --> 00:27:38,559  
actively making freedom of information

684  
00:27:42,870 --> 00:27:40,720  
act requests for this

685  
00:27:44,789 --> 00:27:42,880  
i understand

686  
00:27:47,029 --> 00:27:44,799  
for example that literally in the next

687  
00:27:50,070 --> 00:27:47,039  
few weeks the defense intelligence

688  
00:27:52,789 --> 00:27:50,080

agency is going to release more

689

00:27:53,990 --> 00:27:52,799

documents related to

690

00:27:56,549 --> 00:27:54,000

the atip

691

00:27:59,269 --> 00:27:56,559

program and the associated or sap

692

00:28:00,950 --> 00:27:59,279

contract that's going to go into their

693

00:28:03,750 --> 00:28:00,960

electronic

694

00:28:04,630 --> 00:28:03,760

freedom of information reading room

695

00:28:06,070 --> 00:28:04,640

um

696

00:28:07,590 --> 00:28:06,080

so so

697

00:28:10,789 --> 00:28:07,600

there's already a lot out there but

698

00:28:12,630 --> 00:28:10,799

there's more to come for sure and

699

00:28:15,430 --> 00:28:12,640

of course

700

00:28:16,389 --> 00:28:15,440

for the last four years

701  
00:28:18,230 --> 00:28:16,399  
when when

702  
00:28:21,029 --> 00:28:18,240  
the new york times

703  
00:28:23,830 --> 00:28:21,039  
broke the story of of atip and the

704  
00:28:25,669 --> 00:28:23,840  
related story of these these u.s navy

705  
00:28:28,789 --> 00:28:25,679  
videos

706  
00:28:31,430 --> 00:28:28,799  
journalists researchers

707  
00:28:33,669 --> 00:28:31,440  
have been putting in

708  
00:28:36,070 --> 00:28:33,679  
multiple freedom of information act

709  
00:28:37,909 --> 00:28:36,080  
requests and a lot of those have piled

710  
00:28:40,789 --> 00:28:37,919  
up and there's been and some of them

711  
00:28:43,510 --> 00:28:40,799  
have taken years and and eventually all

712  
00:28:45,830 --> 00:28:43,520  
this is going to come out and and

713  
00:28:47,590 --> 00:28:45,840

of course a lot of it will be redacted a

714

00:28:48,549 --> 00:28:47,600

lot of it will be exempt under all the

715

00:28:51,269 --> 00:28:48,559

usual

716

00:28:52,870 --> 00:28:51,279

uh defense and national security and

717

00:28:55,269 --> 00:28:52,880

intelligence

718

00:28:57,590 --> 00:28:55,279

exemptions and some other ones too but

719

00:28:59,430 --> 00:28:57,600

we we will get more than we currently

720

00:29:01,029 --> 00:28:59,440

have which is always a good

721

00:29:03,430 --> 00:29:01,039

good thing so

722

00:29:07,029 --> 00:29:03,440

watch what happens over the next few

723

00:29:09,350 --> 00:29:07,039

weeks hopefully even before the the

724

00:29:13,110 --> 00:29:09,360

ozark mountain ufo conference i hope

725

00:29:15,990 --> 00:29:13,120

it'll happen before then um and and

726  
00:29:19,110 --> 00:29:16,000  
yeah as i say dia

727  
00:29:20,389 --> 00:29:19,120  
but dia is not the only agency that has

728  
00:29:21,750 --> 00:29:20,399  
received

729  
00:29:24,549 --> 00:29:21,760  
requests under the freedom of

730  
00:29:27,110 --> 00:29:24,559  
information act so so there'll be other

731  
00:29:29,830 --> 00:29:27,120  
other people

732  
00:29:31,909 --> 00:29:29,840  
declassifying material too like i say a

733  
00:29:34,470 --> 00:29:31,919  
lot of a lot of the people handling this

734  
00:29:36,389 --> 00:29:34,480  
in government have had a very very busy

735  
00:29:39,669 --> 00:29:36,399  
four years and

736  
00:29:41,909 --> 00:29:39,679  
and a lot of people are owed responses

737  
00:29:43,510 --> 00:29:41,919  
and some of this as i say is is

738  
00:29:47,269 --> 00:29:43,520

literally going to come out in the next

739

00:29:52,070 --> 00:29:50,070

so nick earlier as you mentioned about

740

00:29:52,830 --> 00:29:52,080

um

741

00:30:02,310 --> 00:29:52,840

i

742

00:30:04,950 --> 00:30:02,320

they call them now um one major part of

743

00:30:09,110 --> 00:30:04,960

everything regarding ufos since the

744

00:30:12,710 --> 00:30:09,120

beginning of this has always been the um

745

00:30:15,110 --> 00:30:12,720

factual slash conspiratorial you know

746

00:30:16,950 --> 00:30:15,120

aspect of abductions

747

00:30:19,110 --> 00:30:16,960

and people that claim to have had

748

00:30:21,029 --> 00:30:19,120

contact with different alien groups and

749

00:30:22,870 --> 00:30:21,039

all these other things out there

750

00:30:24,630 --> 00:30:22,880

sooner or later the the way the

751  
00:30:26,549 --> 00:30:24,640  
government's approaching this and that

752  
00:30:28,870 --> 00:30:26,559  
group they're going to collide how do

753  
00:30:30,549 --> 00:30:28,880  
you how do you see this playing out you

754  
00:30:32,389 --> 00:30:30,559  
know will the government kind of start

755  
00:30:35,350 --> 00:30:32,399  
looking into these different abduction

756  
00:30:39,029 --> 00:30:35,360  
stories or will they just kind of try to

757  
00:30:40,710 --> 00:30:39,039  
push that back as far as they can

758  
00:30:42,549 --> 00:30:40,720  
i think they'll try and push it back

759  
00:30:45,190 --> 00:30:42,559  
because it's

760  
00:30:48,470 --> 00:30:45,200  
one thing to talk about

761  
00:30:51,190 --> 00:30:48,480  
uh us navy pilots

762  
00:30:55,029 --> 00:30:51,200  
seeing something and simultaneously

763  
00:30:57,430 --> 00:30:55,039

tracking it on radar and simultaneously

764

00:30:58,549 --> 00:30:57,440

filming it on ford looking infrared

765

00:31:00,070 --> 00:30:58,559

camera

766

00:31:04,470 --> 00:31:00,080

and it's one thing

767

00:31:06,789 --> 00:31:04,480

for senators to to ask questions like do

768

00:31:08,630 --> 00:31:06,799

we have satellite imagery

769

00:31:11,909 --> 00:31:08,640

of of any of this

770

00:31:14,710 --> 00:31:11,919

that's kind of easy to do

771

00:31:16,710 --> 00:31:14,720

because however much

772

00:31:19,830 --> 00:31:16,720

this topic has been stigmatized

773

00:31:22,470 --> 00:31:19,840

previously those are clear

774

00:31:24,630 --> 00:31:22,480

national security questions and you

775

00:31:26,070 --> 00:31:24,640

sound if you're a senator and you ask

776

00:31:27,990 --> 00:31:26,080

those questions

777

00:31:31,029 --> 00:31:28,000

they're perfectly reasonable questions

778

00:31:33,430 --> 00:31:31,039

to ask and a lot of senators can and do

779

00:31:36,230 --> 00:31:33,440

feel comfortable asking them

780

00:31:39,350 --> 00:31:36,240

but those same people who have

781

00:31:40,310 --> 00:31:39,360

recently dipped their toe into the water

782

00:31:43,669 --> 00:31:40,320

of

783

00:31:46,310 --> 00:31:43,679

ufology so to speak it's going to be

784

00:31:48,230 --> 00:31:46,320

some time i think before they say oh and

785

00:31:50,630 --> 00:31:48,240

after you've gotten us this satellite

786

00:31:51,990 --> 00:31:50,640

data i want to ask you about the

787

00:31:53,909 --> 00:31:52,000

abduction

788

00:31:56,549 --> 00:31:53,919

phenomenon you know what i mean it's

789

00:31:57,669 --> 00:31:56,559

it's a bridge too far for these people

790

00:32:00,549 --> 00:31:57,679

right now

791

00:32:02,230 --> 00:32:00,559

it's hinted at in some of the material

792

00:32:05,269 --> 00:32:02,240

and i mentioned earlier

793

00:32:06,950 --> 00:32:05,279

these the these vague references to

794

00:32:08,710 --> 00:32:06,960

human effects

795

00:32:11,750 --> 00:32:08,720

so it's not as if

796

00:32:13,669 --> 00:32:11,760

from time to time people associated with

797

00:32:16,710 --> 00:32:13,679

atip and orsap

798

00:32:17,830 --> 00:32:16,720

haven't looked at these claims and they

799

00:32:19,669 --> 00:32:17,840

have been

800

00:32:22,230 --> 00:32:19,679

for some

801  
00:32:24,950 --> 00:32:22,240  
years now suspicions that some people

802  
00:32:28,149 --> 00:32:24,960  
associated with these programs

803  
00:32:29,990 --> 00:32:28,159  
probably contractors rather than serving

804  
00:32:31,350 --> 00:32:30,000  
government employees but we don't know

805  
00:32:33,350 --> 00:32:31,360  
that for sure

806  
00:32:34,870 --> 00:32:33,360  
have for example

807  
00:32:36,230 --> 00:32:34,880  
looked at

808  
00:32:38,950 --> 00:32:36,240  
people who claim to have had these

809  
00:32:41,990 --> 00:32:38,960  
experiences and said

810  
00:32:46,070 --> 00:32:42,000  
i would like blood samples and dna

811  
00:32:49,669 --> 00:32:46,080  
samples and i believe that has happened

812  
00:32:50,870 --> 00:32:49,679  
um and maybe even implants too

813  
00:32:52,070 --> 00:32:50,880

but

814

00:32:57,350 --> 00:32:52,080

it's still

815

00:32:59,509 --> 00:32:57,360

for people on the senate intelligence

816

00:33:01,269 --> 00:32:59,519

committee for example to say

817

00:33:02,549 --> 00:33:01,279

i want to get into

818

00:33:05,110 --> 00:33:02,559

abductions

819

00:33:07,669 --> 00:33:05,120

i don't think i don't see that happening

820

00:33:08,830 --> 00:33:07,679

because i think they're fighting against

821

00:33:13,750 --> 00:33:08,840

an

822

00:33:15,430 --> 00:33:13,760

of inertia coming from people within

823

00:33:16,710 --> 00:33:15,440

government who are more skeptical about

824

00:33:18,789 --> 00:33:16,720

this

825

00:33:22,830 --> 00:33:18,799

and and as i say they're going to start

826

00:33:26,389 --> 00:33:22,840

with the easy things and navy pilots

827

00:33:29,750 --> 00:33:26,399

seeing ufos when you've got radar and

828

00:33:32,950 --> 00:33:29,760

film evidence that's easy abductions not

829

00:33:36,389 --> 00:33:34,549

so i guess it's just mainly about the

830

00:33:38,470 --> 00:33:36,399

the more about the crazy factor not

831

00:33:40,389 --> 00:33:38,480

necessarily like how do we approach this

832

00:33:43,269 --> 00:33:40,399

psychologically

833

00:33:46,230 --> 00:33:43,279

yeah it's it's presentational now maybe

834

00:33:47,190 --> 00:33:46,240

maybe there will be a bold senator

835

00:33:50,789 --> 00:33:47,200

who

836

00:33:53,909 --> 00:33:50,799

right out in in

837

00:33:55,990 --> 00:33:53,919

public in a televised hearing i i want i

838

00:33:59,029 --> 00:33:56,000

want you to look into this and i want

839

00:34:02,950 --> 00:33:59,039

answers on it but the answers that are

840

00:34:05,990 --> 00:34:02,960

likely to come back may may disappoint

841

00:34:06,789 --> 00:34:06,000

so so like i say we may we may get into

842

00:34:09,109 --> 00:34:06,799

that

843

00:34:12,710 --> 00:34:09,119

but i think you can only get into it

844

00:34:15,990 --> 00:34:12,720

through the things that are much more

845

00:34:17,829 --> 00:34:16,000

squarely the business of of these

846

00:34:19,430 --> 00:34:17,839

various defense and intelligence

847

00:34:21,510 --> 00:34:19,440

committees and and like i say when

848

00:34:23,349 --> 00:34:21,520

you've got us navy

849

00:34:24,869 --> 00:34:23,359

personnel

850

00:34:28,389 --> 00:34:24,879

seeing

851  
00:34:29,510 --> 00:34:28,399  
tracking and filming these things it's

852  
00:34:31,669 --> 00:34:29,520  
it's

853  
00:34:34,230 --> 00:34:31,679  
core defense business

854  
00:34:38,230 --> 00:34:34,240  
and people are comfortable about asking

855  
00:34:39,430 --> 00:34:38,240  
for this but but as i say it's it's it's

856  
00:34:40,710 --> 00:34:39,440  
difficult

857  
00:34:43,030 --> 00:34:40,720  
to imagine

858  
00:34:46,950 --> 00:34:43,040  
too many senators saying i want to get

859  
00:34:51,750 --> 00:34:49,270  
so nick i wanted then to ask you uh one

860  
00:34:53,510 --> 00:34:51,760  
more question and then just enough time

861  
00:34:57,109 --> 00:34:53,520  
to give them people start submitting

862  
00:34:59,190 --> 00:34:57,119  
their their questions and um uh

863  
00:35:00,710 --> 00:34:59,200

basically let me let me give you the

864

00:35:02,710 --> 00:35:00,720

question first and then i'll address the

865

00:35:05,109 --> 00:35:02,720

audience real quick the question was

866

00:35:05,829 --> 00:35:05,119

specifically about um

867

00:35:07,750 --> 00:35:05,839

so

868

00:35:10,630 --> 00:35:07,760

from your point of view if you can speak

869

00:35:11,670 --> 00:35:10,640

a little bit more than about uh which

870

00:35:13,910 --> 00:35:11,680

i don't know how much you're going to

871

00:35:16,950 --> 00:35:13,920

cover at the conference as well it's

872

00:35:19,030 --> 00:35:16,960

regarding this french to main um

873

00:35:20,870 --> 00:35:19,040

you know aspect can you speak a little

874

00:35:23,510 --> 00:35:20,880

bit more on that and

875

00:35:25,829 --> 00:35:23,520

i'll let you think about it uh before

876

00:35:27,750 --> 00:35:25,839

before then we're going to get into

877

00:35:29,510 --> 00:35:27,760

the q a but basically the question would

878

00:35:31,910 --> 00:35:29,520

be more about what else than do you

879

00:35:33,990 --> 00:35:31,920

foresee in the future so before nick

880

00:35:35,670 --> 00:35:34,000

answers that question i was just want to

881

00:35:38,150 --> 00:35:35,680

let everyone else know please go ahead

882

00:35:40,950 --> 00:35:38,160

and submit your questions in chat uh

883

00:35:42,950 --> 00:35:40,960

whether you're on twitch or on youtube

884

00:35:45,910 --> 00:35:42,960

uh also you can raise your hand on

885

00:35:47,910 --> 00:35:45,920

telegram to talk to nick directly and so

886

00:35:51,670 --> 00:35:47,920

i'll let nick answer and then we'll get

887

00:35:53,910 --> 00:35:51,680

into q a so nick please go ahead

888

00:35:56,470 --> 00:35:53,920

thank you well in in my presentation at

889

00:35:58,950 --> 00:35:56,480

the ozark mountain ufo conference i'm

890

00:36:00,150 --> 00:35:58,960

going to give a sort of an overview of

891

00:36:03,270 --> 00:36:00,160

where we are

892

00:36:05,750 --> 00:36:03,280

now and how we got here and as i

893

00:36:06,630 --> 00:36:05,760

mentioned a moment ago i hope that by

894

00:36:08,950 --> 00:36:06,640

then

895

00:36:11,430 --> 00:36:08,960

the defense intelligence agency will

896

00:36:13,109 --> 00:36:11,440

have declassified and released

897

00:36:15,030 --> 00:36:13,119

some of these other

898

00:36:17,670 --> 00:36:15,040

documents that i've

899

00:36:20,310 --> 00:36:17,680

i've mentioned and that that will

900

00:36:22,950 --> 00:36:20,320

will help frame the conversation but one

901  
00:36:27,030 --> 00:36:22,960  
of the other things that i wanted to to

902  
00:36:29,990 --> 00:36:27,040  
talk about and we i'm not in any

903  
00:36:32,950 --> 00:36:30,000  
personal sense but but just a little bit

904  
00:36:35,589 --> 00:36:32,960  
of i suppose national pride

905  
00:36:36,550 --> 00:36:35,599  
being a bread is i wanted to talk about

906  
00:36:43,910 --> 00:36:36,560  
the

907  
00:36:45,829 --> 00:36:43,920  
right now and that

908  
00:36:48,069 --> 00:36:45,839  
even goes

909  
00:36:49,829 --> 00:36:48,079  
back to the terminology being used

910  
00:36:52,390 --> 00:36:49,839  
because it won't have escaped your

911  
00:36:54,390 --> 00:36:52,400  
attention that that when you look at all

912  
00:36:55,910 --> 00:36:54,400  
this for example in

913  
00:36:58,150 --> 00:36:55,920

the various

914

00:37:00,870 --> 00:36:58,160

bills that have come up

915

00:37:03,829 --> 00:37:00,880

in congress you will see that they tend

916

00:37:07,670 --> 00:37:03,839

not to use the phrase ufo they use the

917

00:37:10,390 --> 00:37:07,680

phrase uap unidentified aerial phenomena

918

00:37:12,069 --> 00:37:10,400

and that was something that we

919

00:37:14,069 --> 00:37:12,079

we didn't invent the term but we

920

00:37:16,310 --> 00:37:14,079

popularized it in the ministry of

921

00:37:18,310 --> 00:37:16,320

defense for strategic

922

00:37:21,670 --> 00:37:18,320

purposes to

923

00:37:24,310 --> 00:37:21,680

to get this subject taken more seriously

924

00:37:25,990 --> 00:37:24,320

within government and and so

925

00:37:29,190 --> 00:37:26,000

so i want to talk about the british

926  
00:37:30,870 --> 00:37:29,200  
influence and also the influence of a a

927  
00:37:36,790 --> 00:37:30,880  
classified

928  
00:37:39,030 --> 00:37:36,800  
large parts of it withheld intelligence

929  
00:37:42,310 --> 00:37:39,040  
assessment in the uk called project

930  
00:37:45,589 --> 00:37:42,320  
condyne and also

931  
00:37:46,790 --> 00:37:45,599  
a scientific conference on advanced

932  
00:37:49,190 --> 00:37:46,800  
propulsion

933  
00:37:51,990 --> 00:37:49,200  
and all of those things

934  
00:37:53,829 --> 00:37:52,000  
had an influence to some extent on some

935  
00:37:55,829 --> 00:37:53,839  
of the things that are happening now in

936  
00:37:58,470 --> 00:37:55,839  
in the united states so i wanted you

937  
00:38:00,950 --> 00:37:58,480  
know in my presentation in eureka

938  
00:38:02,790 --> 00:38:00,960

springs in a few weeks time i'm going to

939

00:38:05,910 --> 00:38:02,800

be talking a little bit about

940

00:38:09,190 --> 00:38:07,270

great thanks nick

941

00:38:11,589 --> 00:38:09,200

all right so let's get into some of the

942

00:38:15,109 --> 00:38:11,599

the questions uh so the first question i

943

00:38:18,950 --> 00:38:15,119

have is from uh drew and he's in ireland

944

00:38:20,150 --> 00:38:18,960

he he says um hi folks uh nick why why

945

00:38:23,990 --> 00:38:20,160

are the you

946

00:38:26,870 --> 00:38:24,000

why are the uk or maybe why is the uk um

947

00:38:28,870 --> 00:38:26,880

denying they have a uap program as it is

948

00:38:30,630 --> 00:38:28,880

blatantly obvious they would have one

949

00:38:33,270 --> 00:38:30,640

due to their military importance in

950

00:38:36,150 --> 00:38:33,280

europe

951  
00:38:37,430 --> 00:38:36,160  
yeah it's an interesting question they

952  
00:38:40,630 --> 00:38:37,440  
of course

953  
00:38:42,950 --> 00:38:40,640  
did have a uap program up until the end

954  
00:38:46,230 --> 00:38:42,960  
of 2009

955  
00:38:49,750 --> 00:38:46,240  
and then they terminated it but many

956  
00:38:51,270 --> 00:38:49,760  
many people think that this is precisely

957  
00:38:53,829 --> 00:38:51,280  
what happened in

958  
00:38:57,910 --> 00:38:53,839  
in the united states that effectively

959  
00:39:00,310 --> 00:38:57,920  
the public side of things got wound up

960  
00:39:03,589 --> 00:39:00,320  
as happened with project bluebook but

961  
00:39:07,109 --> 00:39:03,599  
behind closed doors things were still

962  
00:39:09,349 --> 00:39:07,119  
going on as congress of course found out

963  
00:39:12,829 --> 00:39:09,359

when they picked up their their

964

00:39:14,790 --> 00:39:12,839

new york times on on december 16

965

00:39:16,069 --> 00:39:14,800

2017. so

966

00:39:18,310 --> 00:39:16,079

yeah i i

967

00:39:20,390 --> 00:39:18,320

it's difficult the the

968

00:39:22,870 --> 00:39:20,400

under secretary of state at the ministry

969

00:39:24,630 --> 00:39:22,880

of defense told the british parliament

970

00:39:26,710 --> 00:39:24,640

on june 30th

971

00:39:31,109 --> 00:39:26,720

last year that they would not be

972

00:39:35,190 --> 00:39:31,119

re-engaging on the ufo issue and yet

973

00:39:36,310 --> 00:39:35,200

i have heard from fairly reliable

974

00:39:38,390 --> 00:39:36,320

sources

975

00:39:39,829 --> 00:39:38,400

very well connected to the uk government

976

00:39:42,470 --> 00:39:39,839

that that

977

00:39:45,109 --> 00:39:42,480

of course as drew says it's crazy to

978

00:39:48,230 --> 00:39:45,119

suggest that if pilots see things and

979

00:39:49,829 --> 00:39:48,240

track things on radar in the uk that

980

00:39:51,510 --> 00:39:49,839

somebody wouldn't be looking at this

981

00:39:53,990 --> 00:39:51,520

somebody clearly is

982

00:39:55,030 --> 00:39:54,000

what i think is going on is one of two

983

00:39:57,190 --> 00:39:55,040

things

984

00:40:00,550 --> 00:39:57,200

either

985

00:40:04,069 --> 00:40:01,430

kind of

986

00:40:06,309 --> 00:40:04,079

behind closed doors and described as

987

00:40:09,910 --> 00:40:06,319

something else so in other words they're

988

00:40:11,990 --> 00:40:09,920

not even using the phrase uap let alone

989

00:40:15,829 --> 00:40:12,000

ufo they're just using

990

00:40:18,390 --> 00:40:15,839

code phrases like unusual aircraft or

991

00:40:21,910 --> 00:40:18,400

unconventional drone or something like

992

00:40:23,390 --> 00:40:21,920

that and the other possibility is that

993

00:40:27,109 --> 00:40:23,400

that this is now

994

00:40:29,109 --> 00:40:27,119

contracted out into the private sector

995

00:40:31,030 --> 00:40:29,119

maybe to a whole bunch of people with

996

00:40:32,630 --> 00:40:31,040

security clearances

997

00:40:35,430 --> 00:40:32,640

as high as anything you'll find in

998

00:40:37,270 --> 00:40:35,440

government who've just just resigned and

999

00:40:38,390 --> 00:40:37,280

are working in in some of the big

1000

00:40:40,950 --> 00:40:38,400

defense

1001

00:40:43,270 --> 00:40:40,960

corporations as a way of

1002

00:40:45,829 --> 00:40:43,280

kind of taking this outside the scope of

1003

00:40:48,550 --> 00:40:45,839

the freedom of information act so

1004

00:40:50,950 --> 00:40:48,560

it's it's a complicated issue there's a

1005

00:40:52,390 --> 00:40:50,960

lot going on behind the scenes

1006

00:40:54,470 --> 00:40:52,400

um

1007

00:40:56,470 --> 00:40:54,480

and and i i think that's about all i can

1008

00:40:57,910 --> 00:40:56,480

say

1009

00:40:59,910 --> 00:40:57,920

great thank you for that

1010

00:41:01,589 --> 00:40:59,920

uh the next question is from hazel i

1011

00:41:04,069 --> 00:41:01,599

just wanna say hi hazel haven't seen in

1012

00:41:05,670 --> 00:41:04,079

a while because she's in spain and so i

1013

00:41:08,150 --> 00:41:05,680

don't know amazes me always when people

1014

00:41:10,470 --> 00:41:08,160

are that late in europe watching this

1015

00:41:12,550 --> 00:41:10,480

live it's i would not be up at 2 30 a.m

1016

00:41:15,750 --> 00:41:12,560

in the morning or however late it is but

1017

00:41:18,470 --> 00:41:15,760

her question is um does nick think

1018

00:41:20,710 --> 00:41:18,480

does nick think it's right uh for that

1019

00:41:22,950 --> 00:41:20,720

in for that

1020

00:41:24,950 --> 00:41:22,960

does nick think it is right that info

1021

00:41:28,790 --> 00:41:24,960

has been withheld for so long from

1022

00:41:34,870 --> 00:41:31,829

it depends on what the information is

1023

00:41:37,349 --> 00:41:34,880

i mean i think the the

1024

00:41:40,150 --> 00:41:37,359

the literal definition when you look at

1025

00:41:42,950 --> 00:41:40,160

when you look at the security manuals

1026  
00:41:44,550 --> 00:41:42,960  
the literal definition of for example

1027  
00:41:48,390 --> 00:41:44,560  
top secret

1028  
00:41:51,190 --> 00:41:48,400  
in the united states is is information

1029  
00:41:54,230 --> 00:41:51,200  
the compromise or release of which would

1030  
00:41:55,430 --> 00:41:54,240  
cause catastrophic damage to the united

1031  
00:41:56,470 --> 00:41:55,440  
states

1032  
00:41:59,910 --> 00:41:56,480  
so

1033  
00:42:02,870 --> 00:41:59,920  
the the real question is

1034  
00:42:05,510 --> 00:42:02,880  
what ufo information is being withheld

1035  
00:42:07,750 --> 00:42:05,520  
and if it is being withheld

1036  
00:42:08,950 --> 00:42:07,760  
you know are the security

1037  
00:42:11,750 --> 00:42:08,960  
caveats

1038  
00:42:14,150 --> 00:42:11,760

being properly applied in other words

1039

00:42:17,430 --> 00:42:14,160

are people genuinely

1040

00:42:19,990 --> 00:42:17,440

withholding information because it would

1041

00:42:21,990 --> 00:42:20,000

in the real world cause harm or is it

1042

00:42:22,950 --> 00:42:22,000

being withheld just because it's for

1043

00:42:26,069 --> 00:42:22,960

example

1044

00:42:27,390 --> 00:42:26,079

politically embarrassing and if if the

1045

00:42:29,829 --> 00:42:27,400

answer is

1046

00:42:31,430 --> 00:42:29,839

ufo-related information is being

1047

00:42:34,230 --> 00:42:31,440

withheld

1048

00:42:36,950 --> 00:42:34,240

because it's politically embarrassing or

1049

00:42:39,510 --> 00:42:36,960

because it's just all too difficult then

1050

00:42:41,349 --> 00:42:39,520

that is not proper use of the

1051  
00:42:43,990 --> 00:42:41,359  
classification system

1052  
00:42:45,670 --> 00:42:44,000  
but but there may be circumstances where

1053  
00:42:47,990 --> 00:42:45,680  
it's quite proper

1054  
00:42:49,589 --> 00:42:48,000  
to to classify something here's an

1055  
00:42:51,430 --> 00:42:49,599  
example

1056  
00:42:53,670 --> 00:42:51,440  
what if

1057  
00:42:54,870 --> 00:42:53,680  
and i'm speaking hypothetically but what

1058  
00:42:57,829 --> 00:42:54,880  
if

1059  
00:42:59,990 --> 00:42:57,839  
there is information

1060  
00:43:01,430 --> 00:43:00,000  
about ufos

1061  
00:43:05,990 --> 00:43:01,440  
that

1062  
00:43:08,069 --> 00:43:06,000  
to

1063  
00:43:09,750 --> 00:43:08,079

develop technologies

1064

00:43:11,589 --> 00:43:09,760

and it's fine for people to say well

1065

00:43:14,069 --> 00:43:11,599

shouldn't we have those technologies

1066

00:43:17,349 --> 00:43:14,079

absolutely but the moment something is

1067

00:43:19,349 --> 00:43:17,359

declassified everyone sees it

1068

00:43:20,950 --> 00:43:19,359

you know not just the united states but

1069

00:43:22,630 --> 00:43:20,960

russia china

1070

00:43:24,230 --> 00:43:22,640

iran

1071

00:43:25,349 --> 00:43:24,240

north korea

1072

00:43:26,390 --> 00:43:25,359

isis

1073

00:43:29,030 --> 00:43:26,400

um

1074

00:43:30,630 --> 00:43:29,040

and and most things let's let's talk

1075

00:43:31,589 --> 00:43:30,640

advanced theoretical physics for a

1076

00:43:33,510 --> 00:43:31,599

moment

1077

00:43:36,470 --> 00:43:33,520

if that's what we're dealing with

1078

00:43:38,309 --> 00:43:36,480

most things that involve high energy

1079

00:43:39,270 --> 00:43:38,319

can be weaponized

1080

00:43:45,510 --> 00:43:39,280

so

1081

00:43:48,550 --> 00:43:45,520

don't have a precise answer to it

1082

00:43:50,550 --> 00:43:48,560

because it just depends so completely on

1083

00:43:51,670 --> 00:43:50,560

the nature of the information

1084

00:43:55,510 --> 00:43:51,680

but

1085

00:43:57,829 --> 00:43:55,520

just says

1086

00:44:00,069 --> 00:43:57,839

oh let's let's declassify everything no

1087

00:44:02,150 --> 00:44:00,079

you've got to think long and hard about

1088

00:44:04,309 --> 00:44:02,160

every single piece of

1089

00:44:05,670 --> 00:44:04,319

of information and

1090

00:44:06,470 --> 00:44:05,680

decide

1091

00:44:09,829 --> 00:44:06,480

you know

1092

00:44:13,270 --> 00:44:09,839

are there genuine harms

1093

00:44:15,430 --> 00:44:13,280

that might arise from disclosure and i

1094

00:44:17,750 --> 00:44:15,440

know that's probably not not what people

1095

00:44:22,069 --> 00:44:17,760

want to hear but again that's that's

1096

00:44:27,190 --> 00:44:24,390

uh thank you nick um the next question

1097

00:44:29,109 --> 00:44:27,200

is from the 5d raven and i'm been

1098

00:44:31,430 --> 00:44:29,119

struggling trying to figure out how what

1099

00:44:35,990 --> 00:44:31,440

this actually stands for so i don't know

1100

00:44:38,470 --> 00:44:36,000

what it means it says cell cel dot

1101  
00:44:39,349 --> 00:44:38,480  
but anyway the rest of the question is

1102  
00:44:40,309 --> 00:44:39,359  
cell

1103  
00:44:43,390 --> 00:44:40,319  
honda

1104  
00:44:45,030 --> 00:44:43,400  
hollanda of operation saucer said in

1105  
00:44:47,030 --> 00:44:45,040  
1997

1106  
00:44:49,030 --> 00:44:47,040  
they saw an extraterrestrial flew down

1107  
00:44:50,710 --> 00:44:49,040  
float down the spaceship and beam a red

1108  
00:44:53,030 --> 00:44:50,720  
light in in

1109  
00:44:54,150 --> 00:44:53,040  
light on their direction and the palm of

1110  
00:44:58,790 --> 00:44:54,160  
his hand

1111  
00:45:01,990 --> 00:44:58,800  
in 1977 do you believe him

1112  
00:45:04,069 --> 00:45:02,000  
uh i'm not trying to speak

1113  
00:45:05,430 --> 00:45:04,079

yeah i don't i don't i'm not familiar

1114

00:45:08,950 --> 00:45:05,440

with the case

1115

00:45:11,109 --> 00:45:08,960

um but if it was properly investigated

1116

00:45:13,030 --> 00:45:11,119

then hopefully there's a

1117

00:45:15,829 --> 00:45:13,040

an audit trail of

1118

00:45:17,990 --> 00:45:15,839

of documents supporting the the

1119

00:45:20,630 --> 00:45:18,000

investigation and there's a proper chain

1120

00:45:22,470 --> 00:45:20,640

of custody i mean of course

1121

00:45:24,790 --> 00:45:22,480

nowadays

1122

00:45:26,710 --> 00:45:24,800

we can do so much more i mean technology

1123

00:45:28,950 --> 00:45:26,720

people ask me what's the key

1124

00:45:30,790 --> 00:45:28,960

to all of this technology technology is

1125

00:45:33,190 --> 00:45:30,800

always the key and of course if

1126  
00:45:34,870 --> 00:45:33,200  
something like that happened now

1127  
00:45:37,349 --> 00:45:34,880  
and somebody

1128  
00:45:38,710 --> 00:45:37,359  
certainly was looked at

1129  
00:45:41,190 --> 00:45:38,720  
by anyone

1130  
00:45:44,069 --> 00:45:41,200  
anyone with a government program looking

1131  
00:45:45,510 --> 00:45:44,079  
at this of course there's all sorts of

1132  
00:45:46,870 --> 00:45:45,520  
of

1133  
00:45:48,069 --> 00:45:46,880  
you know

1134  
00:45:49,990 --> 00:45:48,079  
medical

1135  
00:45:52,150 --> 00:45:50,000  
tests that could be

1136  
00:45:53,510 --> 00:45:52,160  
done to to

1137  
00:45:55,750 --> 00:45:53,520  
determine

1138  
00:45:59,109 --> 00:45:55,760

whether someone had interacted with

1139

00:46:01,349 --> 00:45:59,119

something or not and and

1140

00:46:03,750 --> 00:46:01,359

yeah so i i'm not sure the details of

1141

00:46:06,309 --> 00:46:03,760

that particular case and of course the

1142

00:46:08,630 --> 00:46:06,319

further you go back in time

1143

00:46:11,109 --> 00:46:08,640

the more difficult it is but nowadays as

1144

00:46:13,829 --> 00:46:11,119

i say with with the technologies

1145

00:46:16,630 --> 00:46:13,839

that we have i i think we could do a lot

1146

00:46:18,870 --> 00:46:16,640

more with something like that

1147

00:46:20,309 --> 00:46:18,880

great thank you for that yeah i saw

1148

00:46:22,550 --> 00:46:20,319

later he made a correction it was

1149

00:46:24,470 --> 00:46:22,560

supposed to be colonel so uh colonel

1150

00:46:27,990 --> 00:46:24,480

hollande i've never heard of this

1151

00:46:30,870 --> 00:46:28,000

colonel specifically or personally

1152

00:46:33,510 --> 00:46:30,880

the next question is from edgar

1153

00:46:36,230 --> 00:46:33,520

saying is there a useful purposeful

1154

00:46:39,190 --> 00:46:36,240

outcome you would ideally want to see

1155

00:46:41,510 --> 00:46:39,200

emerge from all these chats happening

1156

00:46:47,030 --> 00:46:41,520

channelers secret space programs

1157

00:46:50,470 --> 00:46:49,030

well i think

1158

00:46:52,470 --> 00:46:50,480

i think the

1159

00:46:55,030 --> 00:46:52,480

the outcome

1160

00:46:56,390 --> 00:46:55,040

or certainly what i would hope for is is

1161

00:46:59,030 --> 00:46:56,400

information

1162

00:47:00,870 --> 00:46:59,040

that we don't currently have

1163

00:47:03,589 --> 00:47:00,880

now

1164

00:47:06,390 --> 00:47:03,599

when when you come to things like

1165

00:47:09,109 --> 00:47:06,400

you know channeled information and and

1166

00:47:11,910 --> 00:47:09,119

things like that i mean i've seen it's

1167

00:47:13,670 --> 00:47:11,920

not my it's not my area of expertise but

1168

00:47:15,829 --> 00:47:13,680

i'll be honest with you i've seen a lot

1169

00:47:18,950 --> 00:47:15,839

of it and it's it's fairly a lot of it's

1170

00:47:20,230 --> 00:47:18,960

fairly general it's it's you know lots

1171

00:47:24,470 --> 00:47:20,240

of sort of

1172

00:47:27,349 --> 00:47:24,480

buzz words and phrases about you know

1173

00:47:29,990 --> 00:47:27,359

quantum entanglement and and

1174

00:47:31,510 --> 00:47:30,000

raised vibrational levels

1175

00:47:33,589 --> 00:47:31,520

what i would like to see come out is

1176

00:47:35,190 --> 00:47:33,599

information and so for example people

1177

00:47:37,030 --> 00:47:35,200

can go on to

1178

00:47:39,190 --> 00:47:37,040

google

1179

00:47:40,069 --> 00:47:39,200

pardon me they yeah they can

1180

00:47:45,750 --> 00:47:40,079

search

1181

00:47:47,349 --> 00:47:45,760

phrase like major unsolved problems in

1182

00:47:50,309 --> 00:47:47,359

mathematics

1183

00:47:53,510 --> 00:47:50,319

or major unsolved problems in computer

1184

00:47:54,790 --> 00:47:53,520

science or major unsolved problems in

1185

00:47:56,950 --> 00:47:54,800

physics

1186

00:48:00,549 --> 00:47:56,960

there are a lot of them out there

1187

00:48:02,150 --> 00:48:00,559

now if somebody is genuinely channeling

1188

00:48:03,349 --> 00:48:02,160

some other

1189

00:48:05,589 --> 00:48:03,359

entity

1190

00:48:08,230 --> 00:48:05,599

who really wants to get our attention

1191

00:48:09,910 --> 00:48:08,240

and wants to get us to listen

1192

00:48:12,390 --> 00:48:09,920

to their message

1193

00:48:15,030 --> 00:48:12,400

what better way than giving us a little

1194

00:48:18,549 --> 00:48:15,040

taste of well just to show that i'm

1195

00:48:20,630 --> 00:48:18,559

genuine here's the solution to

1196

00:48:24,950 --> 00:48:20,640

a computer science

1197

00:48:25,670 --> 00:48:24,960

math problem like like p equals np

1198

00:48:29,910 --> 00:48:25,680

or

1199

00:48:31,670 --> 00:48:29,920

ones they're all out there some of them

1200

00:48:32,870 --> 00:48:31,680

are quite

1201

00:48:34,549 --> 00:48:32,880

straightforward and some of the

1202

00:48:38,069 --> 00:48:34,559

mathematical proofs

1203

00:48:41,190 --> 00:48:38,079

um would be quite concise so what what

1204

00:48:44,630 --> 00:48:41,200

do i hope for something like that and

1205

00:48:45,910 --> 00:48:44,640

what do i really hope for well

1206

00:48:49,670 --> 00:48:45,920

if

1207

00:48:51,670 --> 00:48:49,680

there

1208

00:48:53,829 --> 00:48:51,680

timothy ferris

1209

00:48:55,589 --> 00:48:53,839

has suggested the

1210

00:48:57,990 --> 00:48:55,599

the existence of what he called a

1211

00:49:00,710 --> 00:48:58,000

galactic internet the idea that

1212

00:49:01,829 --> 00:49:00,720

civilizations might put out the sum

1213

00:49:04,150 --> 00:49:01,839

total

1214

00:49:06,870 --> 00:49:04,160

of their knowledge broadcast it out into

1215

00:49:09,430 --> 00:49:06,880

space well what if we could

1216

00:49:12,950 --> 00:49:09,440

you know pick up those signals and

1217

00:49:15,109 --> 00:49:12,960

download them and decipher them

1218

00:49:18,549 --> 00:49:15,119

we would literally have i suppose a sort

1219

00:49:21,109 --> 00:49:18,559

of encyclopedia galactica

1220

00:49:23,829 --> 00:49:21,119

and wouldn't that be a fascinating

1221

00:49:25,750 --> 00:49:23,839

thing to read i mean the sum total of

1222

00:49:27,670 --> 00:49:25,760

not only not you know people talk about

1223

00:49:30,790 --> 00:49:27,680

the sum total of human knowledge but

1224

00:49:34,230 --> 00:49:30,800

just imagine the sum total of knowledge

1225

00:49:36,470 --> 00:49:34,240

from multiple civilizations

1226

00:49:39,030 --> 00:49:36,480

out there that might in some cases have

1227

00:49:41,349 --> 00:49:39,040

a billion year head start on us could we

1228

00:49:42,870 --> 00:49:41,359

understand it i don't know

1229

00:49:44,470 --> 00:49:42,880

but my goodness it would be interesting

1230

00:49:46,790 --> 00:49:44,480

to try and

1231

00:49:49,589 --> 00:49:46,800

and i said technology is the key

1232

00:49:52,069 --> 00:49:49,599

whether it's it's looking in the

1233

00:49:55,030 --> 00:49:52,079

the sort of visual

1234

00:49:57,190 --> 00:49:55,040

level or infrared say like james webb or

1235

00:49:59,990 --> 00:49:57,200

whether it's the next generation of

1236

00:50:02,309 --> 00:50:00,000

radio telescopes like i say technology

1237

00:50:04,790 --> 00:50:02,319

is the key we're almost at the point

1238

00:50:06,710 --> 00:50:04,800

where we have the tools in our hands

1239

00:50:08,069 --> 00:50:06,720

that if there are civilizations out

1240

00:50:13,190 --> 00:50:08,079

there

1241

00:50:17,670 --> 00:50:14,950

great thank you for that nick uh the

1242

00:50:18,390 --> 00:50:17,680

next question is from paulie he's coming

1243

00:50:19,270 --> 00:50:18,400

in

1244

00:50:21,910 --> 00:50:19,280

through

1245

00:50:24,150 --> 00:50:21,920

telegram paulie you are unmuted in my

1246

00:50:26,549 --> 00:50:24,160

end please i meet you and yours and ask

1247

00:50:29,109 --> 00:50:26,559

your question

1248

00:50:31,030 --> 00:50:29,119

hey there mr pope uh we met actually in

1249

00:50:32,790 --> 00:50:31,040

ucars in los angeles i remember you gave

1250

00:50:34,710 --> 00:50:32,800

an interesting speech and i think you

1251

00:50:36,710 --> 00:50:34,720

talked about a poster

1252

00:50:38,790 --> 00:50:36,720

or a picture you saw and then

1253

00:50:40,870 --> 00:50:38,800

when they released the picture to the

1254

00:50:43,190 --> 00:50:40,880

media it was like blurred down so much

1255

00:50:46,150 --> 00:50:43,200

it looked like little fake anyway

1256

00:50:48,390 --> 00:50:46,160

my question for you is um

1257

00:50:50,710 --> 00:50:48,400

works but like i only speak english and

1258

00:50:52,549 --> 00:50:50,720

i guess i get the news from

1259

00:50:53,670 --> 00:50:52,559

you know mostly probably nato countries

1260

00:50:55,349 --> 00:50:53,680

and stuff like that but are there

1261

00:50:57,430 --> 00:50:55,359

countries out there that maybe are off

1262

00:50:59,030 --> 00:50:57,440

script and they talk more openly about

1263

00:51:01,990 --> 00:50:59,040

it maybe in

1264

00:51:03,829 --> 00:51:02,000

you know south america or africa where

1265

00:51:05,270 --> 00:51:03,839

maybe little countries where they take a

1266

00:51:06,470 --> 00:51:05,280

completely different stance and they

1267

00:51:07,510 --> 00:51:06,480

talk about it

1268

00:51:08,870 --> 00:51:07,520

and uh

1269

00:51:11,109 --> 00:51:08,880

maybe the people that live in those

1270

00:51:12,790 --> 00:51:11,119

communities our country have a different

1271

00:51:14,309 --> 00:51:12,800

perception than we do

1272

00:51:17,510 --> 00:51:14,319

thanks

1273

00:51:17,830 --> 00:51:17,520

yeah

1274

00:51:19,910 --> 00:51:17,840

um

1275

00:51:22,390 --> 00:51:19,920

[Music]

1276

00:51:25,430 --> 00:51:22,400

we there are problems

1277

00:51:27,750 --> 00:51:25,440

absolutely in in

1278

00:51:31,030 --> 00:51:27,760

finding out what other nations think

1279

00:51:35,109 --> 00:51:31,040

about this whether it's in terms of what

1280

00:51:36,950 --> 00:51:35,119

government programs there might be

1281

00:51:38,870 --> 00:51:36,960

or whether it's in terms of what the

1282

00:51:40,309 --> 00:51:38,880

people the ordinary people in those

1283

00:51:43,670 --> 00:51:40,319

countries are

1284

00:51:47,510 --> 00:51:43,680

seeing experiencing and what they think

1285

00:51:49,430 --> 00:51:47,520

about all this and in some cultures

1286

00:51:51,829 --> 00:51:49,440

in some nations

1287

00:51:52,790 --> 00:51:51,839

pardon me for for religious and cultural

1288

00:51:56,549 --> 00:51:52,800

reasons

1289

00:51:57,829 --> 00:51:56,559

it's maybe not as easy to speak out

1290

00:52:00,630 --> 00:51:57,839

about this

1291

00:52:03,589 --> 00:52:00,640

as as it is in in

1292

00:52:05,670 --> 00:52:03,599

the west i mean i i suspect that in in

1293

00:52:07,670 --> 00:52:05,680

parts of the middle east and

1294

00:52:09,589 --> 00:52:07,680

and in in

1295

00:52:10,630 --> 00:52:09,599

various parts of africa

1296

00:52:16,150 --> 00:52:10,640

it's

1297

00:52:19,349 --> 00:52:16,160

to have these discussions south america

1298

00:52:21,589 --> 00:52:19,359

is very open about this and they do talk

1299

00:52:23,750 --> 00:52:21,599

about it quite a lot and they they have

1300

00:52:24,950 --> 00:52:23,760

some similarities and some apparent

1301  
00:52:26,710 --> 00:52:24,960  
differences

1302  
00:52:28,230 --> 00:52:26,720  
with with the sorts of

1303  
00:52:30,309 --> 00:52:28,240  
reports and

1304  
00:52:32,630 --> 00:52:30,319  
and things that we we have in the united

1305  
00:52:34,950 --> 00:52:32,640  
states the uk and some of the european

1306  
00:52:37,510 --> 00:52:34,960  
nations and that's interesting and it

1307  
00:52:38,790 --> 00:52:37,520  
poses the question are different things

1308  
00:52:40,870 --> 00:52:38,800  
going on

1309  
00:52:42,390 --> 00:52:40,880  
or are they just being seen and

1310  
00:52:44,390 --> 00:52:42,400  
interpreted

1311  
00:52:46,710 --> 00:52:44,400  
through a different

1312  
00:52:48,549 --> 00:52:46,720  
cultural lens

1313  
00:52:50,790 --> 00:52:48,559

and i think somebody's somebody's

1314

00:52:53,349 --> 00:52:50,800

background their language their culture

1315

00:52:54,950 --> 00:52:53,359

their belief system always are going to

1316

00:52:57,030 --> 00:52:54,960

play a part in

1317

00:53:00,069 --> 00:52:57,040

defining how people

1318

00:53:01,750 --> 00:53:00,079

interpret and describe their experiences

1319

00:53:03,589 --> 00:53:01,760

but it's it's a

1320

00:53:05,510 --> 00:53:03,599

it's a fascinating question we haven't

1321

00:53:07,270 --> 00:53:05,520

got to the bottom of it and in some

1322

00:53:09,030 --> 00:53:07,280

cases of course

1323

00:53:11,109 --> 00:53:09,040

like russia and china

1324

00:53:13,430 --> 00:53:11,119

with the government programs it's the

1325

00:53:15,349 --> 00:53:13,440

secrecy that's that's a problem we know

1326  
00:53:17,430 --> 00:53:15,359  
for example that china and russia do

1327  
00:53:19,910 --> 00:53:17,440  
have programs looking at this

1328  
00:53:21,190 --> 00:53:19,920  
but we don't know what they've

1329  
00:53:22,390 --> 00:53:21,200  
found

1330  
00:53:25,030 --> 00:53:22,400  
we do know

1331  
00:53:28,710 --> 00:53:25,040  
from a fairly recent revelation that

1332  
00:53:30,069 --> 00:53:28,720  
china is using artificial intelligence

1333  
00:53:32,710 --> 00:53:30,079  
to try to

1334  
00:53:34,790 --> 00:53:32,720  
solve the ufo mystery

1335  
00:53:36,309 --> 00:53:34,800  
and some people in congress are very

1336  
00:53:38,230 --> 00:53:36,319  
concerned that

1337  
00:53:40,790 --> 00:53:38,240  
china might be ahead of us

1338  
00:53:43,510 --> 00:53:40,800

in in the us on ai

1339

00:53:46,470 --> 00:53:43,520

and that this might enable them to make

1340

00:53:48,150 --> 00:53:46,480

a a breakthrough that that we don't make

1341

00:53:49,990 --> 00:53:48,160

and i know you know i know a lot of

1342

00:53:52,150 --> 00:53:50,000

people who take a more spiritual and new

1343

00:53:54,630 --> 00:53:52,160

age view of this will be saying oh this

1344

00:53:56,390 --> 00:53:54,640

is all very disappointing um

1345

00:53:59,589 --> 00:53:56,400

you know nationalism

1346

00:54:00,790 --> 00:53:59,599

as per usual um yeah uh unfortunately

1347

00:54:03,430 --> 00:54:00,800

that's that's

1348

00:54:04,549 --> 00:54:03,440

where we're at with this but uh

1349

00:54:06,549 --> 00:54:04,559

it's it's

1350

00:54:08,069 --> 00:54:06,559

it's an interesting question

1351

00:54:09,990 --> 00:54:08,079

there are differences there are

1352

00:54:13,190 --> 00:54:10,000

similarities and there are still a lot

1353

00:54:18,390 --> 00:54:15,750

thank you nick um well fps as if you

1354

00:54:20,790 --> 00:54:18,400

know you know as as you've noticed the

1355

00:54:23,109 --> 00:54:20,800

the audience of youfub is very diverse

1356

00:54:25,190 --> 00:54:23,119

so um the next question that i have i'm

1357

00:54:27,430 --> 00:54:25,200

not quite sure if you can speak to this

1358

00:54:29,829 --> 00:54:27,440

but you know if you can great if not

1359

00:54:31,750 --> 00:54:29,839

we'll move on to something else but this

1360

00:54:32,790 --> 00:54:31,760

one is from star brother

1361

00:54:35,510 --> 00:54:32,800

asking

1362

00:54:38,710 --> 00:54:35,520

what's the galactic federation answer to

1363

00:54:40,549 --> 00:54:38,720

if russia attacks kiev if putin

1364

00:54:42,390 --> 00:54:40,559

decides to

1365

00:54:47,030 --> 00:54:42,400

invade ukraine

1366

00:54:50,309 --> 00:54:48,390

well i

1367

00:54:52,309 --> 00:54:50,319

firstly i don't even know if there is a

1368

00:54:53,990 --> 00:54:52,319

galactic federation i mean i like to

1369

00:54:55,670 --> 00:54:54,000

think that if there are other

1370

00:54:58,230 --> 00:54:55,680

civilizations out there that they've

1371

00:55:00,710 --> 00:54:58,240

probably come together in some sort of

1372

00:55:02,309 --> 00:55:00,720

coordinating body but we you know we

1373

00:55:04,870 --> 00:55:02,319

really don't know that of course it's

1374

00:55:06,870 --> 00:55:04,880

just speculation um

1375

00:55:11,270 --> 00:55:06,880

looking at human history

1376

00:55:14,150 --> 00:55:11,280

we have not previously seen

1377

00:55:16,789 --> 00:55:14,160

you know direct intervention to stop

1378

00:55:20,069 --> 00:55:16,799

wars or anything uh so i suspect that

1379

00:55:22,549 --> 00:55:20,079

all that would happen is that if if we

1380

00:55:23,349 --> 00:55:22,559

do get war in ukraine

1381

00:55:25,750 --> 00:55:23,359

that

1382

00:55:27,510 --> 00:55:25,760

other civilizations would

1383

00:55:28,789 --> 00:55:27,520

would watch and

1384

00:55:29,829 --> 00:55:28,799

probably

1385

00:55:32,710 --> 00:55:29,839

you know

1386

00:55:34,390 --> 00:55:32,720

disapprove and say those darned humans

1387

00:55:36,789 --> 00:55:34,400

are at it again

1388

00:55:38,630 --> 00:55:36,799

you know with with their killing each

1389

00:55:41,430 --> 00:55:38,640

other and

1390

00:55:43,109 --> 00:55:41,440

and if there is a galactic federation

1391

00:55:44,710 --> 00:55:43,119

you know perhaps we'll only get an

1392

00:55:47,270 --> 00:55:44,720

invitation

1393

00:55:48,950 --> 00:55:47,280

to join it when we get beyond

1394

00:55:52,710 --> 00:55:48,960

that sort of behavior

1395

00:55:54,549 --> 00:55:52,720

it's all speculation but there you are

1396

00:55:56,069 --> 00:55:54,559

great thank you nick so the last

1397

00:55:59,109 --> 00:55:56,079

question i'm going to take before we

1398

00:56:00,789 --> 00:55:59,119

finish up is from stefan king

1399

00:56:06,309 --> 00:56:00,799

asking do you think it's right for

1400

00:56:09,310 --> 00:56:08,950

well i'm not a fan of censorship

1401  
00:56:10,549 --> 00:56:09,320  
um

1402  
00:56:12,390 --> 00:56:10,559  
[Music]

1403  
00:56:14,549 --> 00:56:12,400  
you know

1404  
00:56:16,549 --> 00:56:14,559  
in in any

1405  
00:56:18,309 --> 00:56:16,559  
way shape or form and i i think we've

1406  
00:56:20,230 --> 00:56:18,319  
seen far too much

1407  
00:56:21,829 --> 00:56:20,240  
um censorship

1408  
00:56:25,670 --> 00:56:21,839  
cancel culture

1409  
00:56:27,829 --> 00:56:25,680  
um things things like that uh i take a

1410  
00:56:31,109 --> 00:56:27,839  
very libertarian

1411  
00:56:33,510 --> 00:56:31,119  
view on on this put the information out

1412  
00:56:34,549 --> 00:56:33,520  
there and let people make up their own

1413  
00:56:37,190 --> 00:56:34,559

minds

1414

00:56:39,589 --> 00:56:37,200

that's my view now i obviously if

1415

00:56:42,069 --> 00:56:39,599

somebody is leaking something that is

1416

00:56:44,549 --> 00:56:42,079

genuinely classified i mean going off

1417

00:56:45,589 --> 00:56:44,559

the subject of ufos but you know if

1418

00:56:46,630 --> 00:56:45,599

somebody

1419

00:56:49,270 --> 00:56:46,640

leaks

1420

00:56:51,190 --> 00:56:49,280

uh this is how to

1421

00:56:52,309 --> 00:56:51,200

you know build

1422

00:56:54,390 --> 00:56:52,319

build a

1423

00:56:56,230 --> 00:56:54,400

you know nuclear bomb i mean i think

1424

00:56:59,589 --> 00:56:56,240

there's a legitimate case for saying

1425

00:57:01,910 --> 00:56:59,599

let's let's try and take that down but

1426

00:57:03,670 --> 00:57:01,920

but when it comes when it comes to

1427

00:57:05,430 --> 00:57:03,680

particularly when it comes to people's

1428

00:57:08,230 --> 00:57:05,440

opinions

1429

00:57:09,910 --> 00:57:08,240

you know whether it's about

1430

00:57:12,549 --> 00:57:09,920

politics or

1431

00:57:15,030 --> 00:57:12,559

religion or any aspect of society or

1432

00:57:16,710 --> 00:57:15,040

whether it's about ufos don't censor

1433

00:57:20,789 --> 00:57:16,720

anyone

1434

00:57:23,190 --> 00:57:20,799

for their

1435

00:57:27,030 --> 00:57:23,200

points of view even if they're minority

1436

00:57:29,030 --> 00:57:27,040

views even if they're unpopular views i

1437

00:57:32,069 --> 00:57:29,040

i think it was

1438

00:57:34,150 --> 00:57:32,079

voltaire who who said i i may disagree

1439

00:57:37,430 --> 00:57:34,160

with you but i will defend to the death

1440

00:57:39,430 --> 00:57:37,440

you're right to say it you know i'm i'm

1441

00:57:40,470 --> 00:57:39,440

misquoting but you get the sense of it

1442

00:57:44,230 --> 00:57:40,480

so

1443

00:57:47,109 --> 00:57:44,240

generally a fan of

1444

00:57:49,750 --> 00:57:47,119

of censorship put it out there and put

1445

00:57:51,430 --> 00:57:49,760

your views out there even if they're

1446

00:57:53,990 --> 00:57:51,440

unpopular

1447

00:57:57,510 --> 00:57:54,000

let let people decide for themselves

1448

00:58:01,910 --> 00:57:59,670

great well nick thank you very much i

1449

00:58:05,109 --> 00:58:01,920

really appreciate it uh for those of you

1450

00:58:06,950 --> 00:58:05,119

watching uh uh take the opportunity to

1451  
00:58:09,750 --> 00:58:06,960  
come and see nick in person in eureka

1452  
00:58:11,990 --> 00:58:09,760  
springs during the ozark mountain ufo

1453  
00:58:15,510 --> 00:58:12,000  
conference that will be happening in

1454  
00:58:18,789 --> 00:58:15,520  
april uh from april 8th till 10th

1455  
00:58:21,030 --> 00:58:18,799  
and um also if you would like to take a

1456  
00:58:24,150 --> 00:58:21,040  
chance you could potentially win two

1457  
00:58:26,309 --> 00:58:24,160  
tickets from ufo hub if you simply

1458  
00:58:28,950 --> 00:58:26,319  
comment and like any of the videos

1459  
00:58:31,870 --> 00:58:28,960  
leading up to march 9th with a hashtag

1460  
00:58:33,430 --> 00:58:31,880  
in the comments section um

1461  
00:58:35,990 --> 00:58:33,440
