

A man with a beard and headphones is speaking into a microphone. He is wearing a plaid shirt over a white t-shirt. On the desk in front of him is a black mug with a white alien head logo. The background is dark. The video has a dark, semi-transparent overlay with text.

**IF AND ONLY IF these are not balloons and they
(aka GOV.) are starting the UFO threat angle...
this is what I said a YEAR AGO about it.
WATCH THE WHOLE VIDEO FOR MORE!**

IF AND ONLY

balloons and they

1
00:00:04,190 --> 00:00:02,210
to it of course the stories about

2
00:00:06,349 --> 00:00:04,200
government and what their nefarious

3
00:00:09,049 --> 00:00:06,359
agenda is you know as well came about

4
00:00:12,470 --> 00:00:09,059
that they would potentially try to use

5
00:00:15,049 --> 00:00:12,480
the UFOs as a kind of a false flag to

6
00:00:17,330 --> 00:00:15,059
kind of mobilize and and give them an

7
00:00:19,910 --> 00:00:17,340
excuse to say okay we need nukes in

8
00:00:22,670 --> 00:00:19,920
space we need to you know get you know

9
00:00:26,090 --> 00:00:22,680
security and uh basically kind of

10
00:00:27,830 --> 00:00:26,100
selling the UFO phenomena as the you

11
00:00:29,450 --> 00:00:27,840
know some sort of a threat something for

12
00:00:32,510 --> 00:00:29,460
you to to worry about

13
00:00:33,950 --> 00:00:32,520

and you know I um before the pandemic I

14

00:00:35,330 --> 00:00:33,960

would have hoped that you know there's

15

00:00:37,790 --> 00:00:35,340

plenty of people out there can use their

16

00:00:39,590 --> 00:00:37,800

own brains and see and discern for

17

00:00:42,049 --> 00:00:39,600

themselves so what's going on but it

18

00:00:45,049 --> 00:00:42,059

seems like a lot a lot more prone to

19

00:00:46,910 --> 00:00:45,059

just jumping immediately to fear you

20

00:00:48,290 --> 00:00:46,920

know to immediately just go like this is

21

00:00:50,810 --> 00:00:48,300

something to fear I need protection

22

00:00:52,490 --> 00:00:50,820

please government protect me you know

23

00:00:54,709 --> 00:00:52,500

and that's something I did not expect

24

00:00:56,630 --> 00:00:54,719

especially with some Americans or most

25

00:00:59,270 --> 00:00:56,640

Americans you know especially for
