1  
00:00:00,179 --> 00:00:07,850  
foreign

2  
00:00:07,860 --> 00:00:26,990  
[Music]

3  
00:00:31,790 --> 00:00:29,210  
the first time I came to this conference

4  
00:00:34,790 --> 00:00:31,800  
was 1989 so it would have been the

5  
00:00:36,830 --> 00:00:34,800  
second conference out of the 29 years

6  
00:00:38,930 --> 00:00:36,840  
that it's been going on and I basically

7  
00:00:43,069 --> 00:00:38,940  
just came as a you know an interested

8  
00:00:46,069 --> 00:00:43,079  
person uh I've been in in to UFO

9  
00:00:47,750 --> 00:00:46,079  
research ever since I was a teenager

10  
00:00:50,110 --> 00:00:47,760  
um field investigative work and things

11  
00:00:54,110 --> 00:00:50,120  
like that so I basically came down here

12  
00:00:57,470 --> 00:00:54,120  
just to to attend the conference and

13  
00:01:00,529 --> 00:00:57,480

that it kind of launched

14

00:01:02,110 --> 00:01:00,539

I guess a speaking career shortly after

15

00:01:05,630 --> 00:01:02,120

that

16

00:01:06,770 --> 00:01:05,640

Lou started uh looking for you know one

17

00:01:10,070 --> 00:01:06,780

of the things that he always liked to do

18

00:01:13,370 --> 00:01:10,080

was to find new researchers to present

19

00:01:15,890 --> 00:01:13,380

their work that I've never presented it

20

00:01:17,690 --> 00:01:15,900

anywhere before so I got the opportunity

21

00:01:19,609 --> 00:01:17,700

to speak on some of the research I was

22

00:01:20,149 --> 00:01:19,619

doing and

23

00:01:23,749 --> 00:01:20,159

um

24

00:01:26,690 --> 00:01:23,759

uh became I guess a popular speaker so I

25

00:01:27,950 --> 00:01:26,700

I uh I spoke at the conference for a

26

00:01:30,289 --> 00:01:27,960

number of years and actually I think

27

00:01:34,190 --> 00:01:30,299

I've given presentations at maybe about

28

00:01:35,929 --> 00:01:34,200

15 of them uh and uh and then whenever I

29

00:01:37,969 --> 00:01:35,939

didn't have anything to speak about Lou

30

00:01:39,710 --> 00:01:37,979

would call me up and go would you uh

31

00:01:42,289 --> 00:01:39,720

would you please come down and at least

32

00:01:44,330 --> 00:01:42,299

run the the speakers panel for me

33

00:01:46,789 --> 00:01:44,340

because he didn't like basically being

34

00:01:48,350 --> 00:01:46,799

mean to people or you know trying to uh

35

00:01:49,670 --> 00:01:48,360

because like a speaker panel you got to

36

00:01:51,770 --> 00:01:49,680

kind of shut people up sometimes you

37

00:01:54,350 --> 00:01:51,780

know and keep it rolling and so then I

38

00:01:57,770 --> 00:01:54,360

kind of that kind of evolved into an MC

39

00:02:00,649 --> 00:01:57,780

role uh where he really didn't like

40

00:02:03,170 --> 00:02:00,659

getting up to the to the podium and so

41

00:02:07,130 --> 00:02:03,180

slowly over time I started kind of doing

42

00:02:10,130 --> 00:02:07,140

that that role for him and then whenever

43

00:02:12,350 --> 00:02:10,140

he you know had to retire from the the

44

00:02:14,030 --> 00:02:12,360

conference or whatever I was uh you know

45

00:02:15,830 --> 00:02:14,040

honored to be you know asked to continue

46

00:02:20,570 --> 00:02:15,840

that that tradition so that's kind of

47

00:02:22,790 --> 00:02:20,580

how I became a an emcee and uh so I I

48

00:02:25,250 --> 00:02:22,800

actually like that role quite a bit also

49

00:02:29,150 --> 00:02:25,260

you know being a being a researcher and

50

00:02:31,550 --> 00:02:29,160

a presenter is uh is fantastic but uh

51  
00:02:34,309 --> 00:02:31,560  
being able to still be part of it and

52  
00:02:37,250 --> 00:02:34,319  
and to talk about my colleagues that I

53  
00:02:38,990 --> 00:02:37,260  
have stories to tell and and and it you

54  
00:02:41,509 --> 00:02:39,000  
know I don't know it just it just makes

55  
00:02:44,270 --> 00:02:41,519  
it a fantastic experience uh one of the

56  
00:02:46,309 --> 00:02:44,280  
opportunities is whenever whenever you

57  
00:02:48,170 --> 00:02:46,319  
come to conferences like this and even

58  
00:02:50,930 --> 00:02:48,180  
more so if you're involved as a speaker

59  
00:02:53,210 --> 00:02:50,940  
or staff or presenter is you get to meet

60  
00:02:54,170 --> 00:02:53,220  
uh all of the researchers from all over

61  
00:02:58,550 --> 00:02:54,180  
the world

62  
00:03:01,490 --> 00:02:58,560  
and so the to meet these people and

63  
00:03:02,930 --> 00:03:01,500

become colleagues and then be able to

64

00:03:04,670 --> 00:03:02,940

um honor them with you know

65

00:03:08,630 --> 00:03:04,680

introductions at the at the conference

66

00:03:09,650 --> 00:03:08,640

there's been some fantastic speakers and

67

00:03:11,869 --> 00:03:09,660

um we used to have a lot of

68

00:03:15,649 --> 00:03:11,879

international speakers uh there were

69

00:03:17,089 --> 00:03:15,659

there were always uh like and um

70

00:03:18,589 --> 00:03:17,099

uh

71

00:03:20,270 --> 00:03:18,599

okay now I'm trying to remember his name

72

00:03:22,130 --> 00:03:20,280

sorry

73

00:03:25,130 --> 00:03:22,140

um I should have I should have thought

74

00:03:28,550 --> 00:03:25,140

of more names before we started but like

75

00:03:30,229 --> 00:03:28,560

uh Timothy good from from England you

76

00:03:32,470 --> 00:03:30,239

know very well-known researcher that's

77

00:03:34,729 --> 00:03:32,480

done a lot of fantastic uh

78

00:03:38,030 --> 00:03:34,739

investigations into the to the

79

00:03:39,649 --> 00:03:38,040

government and and uh in Britain and in

80

00:03:41,750 --> 00:03:39,659

America

81

00:03:43,309 --> 00:03:41,760

um Linda moldenhau of course is I think

82

00:03:45,410 --> 00:03:43,319

she's been at every one of them except

83

00:03:47,390 --> 00:03:45,420

for maybe one but maybe not I think she

84

00:03:49,550 --> 00:03:47,400

might have been to everyone so like you

85

00:03:51,350 --> 00:03:49,560

know being uh you know part of her

86

00:03:52,130 --> 00:03:51,360

experience

87

00:03:54,350 --> 00:03:52,140

um

88

00:03:57,050 --> 00:03:54,360

but one of the things that happens at

89

00:03:59,690 --> 00:03:57,060

conferences like this is

90

00:04:02,449 --> 00:03:59,700

and the way I put this is that a lot of

91

00:04:03,949 --> 00:04:02,459

times the the real UFO research is

92

00:04:06,110 --> 00:04:03,959

actually happening outside of the

93

00:04:08,089 --> 00:04:06,120

lecture hall in the hotel rooms

94

00:04:09,530 --> 00:04:08,099

and because what happens is it's a

95

00:04:12,410 --> 00:04:09,540

chance for the researchers to get

96

00:04:14,210 --> 00:04:12,420

together where you may not you know see

97

00:04:15,589 --> 00:04:14,220

your fellow researchers very much unless

98

00:04:17,569 --> 00:04:15,599

you're at a conference together because

99

00:04:19,729 --> 00:04:17,579

we live all over the place

100

00:04:22,490 --> 00:04:19,739

and so what happens is people tend to

101  
00:04:24,950 --> 00:04:22,500  
gravitate together into hotel rooms and

102  
00:04:27,830 --> 00:04:24,960  
they start sharing the data that they're

103  
00:04:29,930 --> 00:04:27,840  
not really talking about publicly yet

104  
00:04:31,730 --> 00:04:29,940  
you know it's like the kind of the

105  
00:04:34,030 --> 00:04:31,740  
coolest cases that you're working on and

106  
00:04:37,010 --> 00:04:34,040  
you start comparing notes and finding

107  
00:04:38,990 --> 00:04:37,020  
correlations and similarities

108  
00:04:42,830 --> 00:04:39,000  
and some of the things that we wouldn't

109  
00:04:44,749 --> 00:04:42,840  
dare talk about publicly 15 years ago is

110  
00:04:47,270 --> 00:04:44,759  
now mainstream conversation but we would

111  
00:04:49,850 --> 00:04:47,280  
whisper about it in the rooms and if you

112  
00:04:52,129 --> 00:04:49,860  
are fortunate enough to to follow along

113  
00:04:54,770 --> 00:04:52,139

or be invited you know to to these

114

00:04:57,469 --> 00:04:54,780

meetings it was a special experience one

115

00:05:00,590 --> 00:04:57,479

of those that I remember was a man named

116

00:05:04,310 --> 00:05:00,600

Lloyd pie he's now deceased he's the the

117

00:05:06,890 --> 00:05:04,320

star child guy and he

118

00:05:10,010 --> 00:05:06,900

um before he was a speaker or anything

119

00:05:12,189 --> 00:05:10,020

he was at this conference and I happened

120

00:05:16,850 --> 00:05:12,199

to be walking back to the hotel room

121

00:05:18,590 --> 00:05:16,860

after my presentation and Lloyd was

122

00:05:20,090 --> 00:05:18,600

Towing about six people with him in the

123

00:05:21,409 --> 00:05:20,100

parking lot and he goes hey Forrest Dale

124

00:05:22,129 --> 00:05:21,419

follow me I got something cool to show

125

00:05:24,050 --> 00:05:22,139

you

126

00:05:26,390 --> 00:05:24,060

10 minutes later I was holding the

127

00:05:29,510 --> 00:05:26,400

Starchild skull in my hand you know it's

128

00:05:31,070 --> 00:05:29,520

like you never know what you're going to

129

00:05:34,010 --> 00:05:31,080

learn or who you know what you're going

130

00:05:36,050 --> 00:05:34,020

to see or experience at a conference

131

00:05:38,270 --> 00:05:36,060

like this but it's always something

132

00:05:40,430 --> 00:05:38,280

interesting like that one of the

133

00:05:43,310 --> 00:05:40,440

experiences I had was with uh Nancy

134

00:05:46,510 --> 00:05:43,320

Talbot was here presenting on this new

135

00:05:50,110 --> 00:05:46,520

uh case that she was working on overseas

136

00:05:52,490 --> 00:05:50,120

and it was this very special individual

137

00:05:54,290 --> 00:05:52,500

that had lots of strange phenomenon

138

00:05:56,510 --> 00:05:54,300

happening around him that were also in

139

00:05:58,610 --> 00:05:56,520

association with the crop circles and it

140

00:06:00,830 --> 00:05:58,620

was the first time that she had really

141

00:06:02,810 --> 00:06:00,840

shown this to anybody and again it was

142

00:06:04,909 --> 00:06:02,820

one of those uh let's go back to Nancy's

143

00:06:06,830 --> 00:06:04,919

room and she was pulling out all these

144

00:06:09,529 --> 00:06:06,840

pictures that that nobody had ever seen

145

00:06:10,909 --> 00:06:09,539

and telling this guy's story just some

146

00:06:12,770 --> 00:06:10,919

of the strangest stuff that you've ever

147

00:06:14,749 --> 00:06:12,780

heard about when they would take

148

00:06:16,909 --> 00:06:14,759

pictures these weird images would would

149

00:06:19,010 --> 00:06:16,919

show up in the pictures of faces and

150

00:06:20,689 --> 00:06:19,020

historical figures and all kinds of

151

00:06:22,909 --> 00:06:20,699

things like that it was just

152

00:06:25,370 --> 00:06:22,919

you know you feel like

153

00:06:27,230 --> 00:06:25,380

um it's a part of History you know kind

154

00:06:28,969 --> 00:06:27,240

of happen even though it's very few

155

00:06:29,749 --> 00:06:28,979

people know about it it's still very

156

00:06:32,629 --> 00:06:29,759

special

157

00:06:34,969 --> 00:06:32,639

um another speaker that that

158

00:06:37,070 --> 00:06:34,979

um I enjoyed that used to speak back in

159

00:06:38,689 --> 00:06:37,080

the 90s was George Wingfield

160

00:06:41,749 --> 00:06:38,699

uh he's a crop circle expert from

161

00:06:43,370 --> 00:06:41,759

England a retired engineer I believe and

162

00:06:45,409 --> 00:06:43,380

he would come in and present about the

163

00:06:48,230 --> 00:06:45,419

crop circles a lot of activity happening

164

00:06:52,129 --> 00:06:48,240

in the 90s so it was nice every year to

165

00:06:53,270 --> 00:06:52,139

have him come and speak and we hear the

166

00:06:55,730 --> 00:06:53,280

latest and the greatest of what was

167

00:06:58,730 --> 00:06:55,740

going on with the crop circle research

168

00:07:01,909 --> 00:06:58,740

well there was a year when

169

00:07:03,890 --> 00:07:01,919

um he came to the conference and

170

00:07:06,529 --> 00:07:03,900

um he came he pulled up out front in a

171

00:07:09,050 --> 00:07:06,539

panel van and

172

00:07:10,610 --> 00:07:09,060

um I happened to be walking by and he's

173

00:07:14,330 --> 00:07:10,620

like hey help us unload these pictures

174

00:07:17,629 --> 00:07:14,340

and so uh I go over and there was a guy

175

00:07:18,710 --> 00:07:17,639

with him that was uh you know older

176  
00:07:21,469 --> 00:07:18,720  
gentleman

177  
00:07:22,309 --> 00:07:21,479  
um had on kind of a dirty t-shirt you

178  
00:07:28,249 --> 00:07:22,319  
know

179  
00:07:30,230 --> 00:07:28,259  
I don't I'm not attempting to insult the

180  
00:07:31,430 --> 00:07:30,240  
man but he was he looked like he would

181  
00:07:33,830 --> 00:07:31,440  
had been working in the yard and

182  
00:07:35,689 --> 00:07:33,840  
sweating for a while okay you know and

183  
00:07:37,430 --> 00:07:35,699  
uh and that's probably exactly what he

184  
00:07:39,469 --> 00:07:37,440  
was doing it loaded the van they driven

185  
00:07:42,710 --> 00:07:39,479  
down here from probably Springfield or

186  
00:07:44,450 --> 00:07:42,720  
someplace and uh and they were unloading

187  
00:07:46,189 --> 00:07:44,460  
these big framed pictures of crop

188  
00:07:48,350 --> 00:07:46,199

circles out of the back of the van so I

189

00:07:49,730 --> 00:07:48,360

helped him carry all of this in and and

190

00:07:52,249 --> 00:07:49,740

they brought I don't know you know

191

00:07:54,110 --> 00:07:52,259

dozens and dozens of these pictures and

192

00:07:55,850 --> 00:07:54,120

hung him up in a gallery out in the in

193

00:07:57,710 --> 00:07:55,860

the lecture hall and they were you know

194

00:08:00,050 --> 00:07:57,720

selling them or and also just letting

195

00:08:01,850 --> 00:08:00,060

people appreciate the the beauty of the

196

00:08:03,830 --> 00:08:01,860

crop circle pictures and so I'm Robin

197

00:08:05,990 --> 00:08:03,840

shoulders with this guy and we're

198

00:08:08,870 --> 00:08:06,000

hanging pictures up and and all this

199

00:08:11,510 --> 00:08:08,880

kind of stuff and so George Goes at one

200

00:08:14,450 --> 00:08:11,520

point he looks and he goes oh hey

201  
00:08:16,850 --> 00:08:14,460  
um John Forrest Forrest John and

202  
00:08:18,050 --> 00:08:16,860  
introduces me to this guy and that I've

203  
00:08:19,969 --> 00:08:18,060  
been working with helping him with the

204  
00:08:21,650 --> 00:08:19,979  
pictures well it turns out that the guy

205  
00:08:24,650 --> 00:08:21,660  
was John haddington

206  
00:08:27,589 --> 00:08:24,660  
now this is the Earl of haddington he

207  
00:08:31,189 --> 00:08:27,599  
lives in a castle in England he's the

208  
00:08:33,769 --> 00:08:31,199  
Earl of haddington okay he sits on

209  
00:08:35,449 --> 00:08:33,779  
Parliament all right he's real and

210  
00:08:36,949 --> 00:08:35,459  
interested in all of this paranormal

211  
00:08:39,529 --> 00:08:36,959  
stuff and it was a friend of George's

212  
00:08:41,209 --> 00:08:39,539  
you know from England very involved in

213  
00:08:43,969 --> 00:08:41,219

the crop circle guys well I'd heard of

214

00:08:45,710 --> 00:08:43,979

him I'd never met the man and uh and

215

00:08:47,990 --> 00:08:45,720

here I am this was just a special

216

00:08:50,030 --> 00:08:48,000

experience for me you know here I am

217

00:08:52,430 --> 00:08:50,040

sweating with the guy hanging up crop

218

00:08:54,710 --> 00:08:52,440

circle pictures with him

219

00:08:56,870 --> 00:08:54,720

um just the nicest guy you'd ever want

220

00:08:59,889 --> 00:08:56,880

to know and and it was just a very cool

221

00:09:02,389 --> 00:08:59,899

experience too uh you know to meet him

222

00:09:04,970 --> 00:09:02,399

and that but that's the kind of things

223

00:09:05,990 --> 00:09:04,980

that you know that happen you know at

224

00:09:09,350 --> 00:09:06,000

this place

225

00:09:11,329 --> 00:09:09,360

um one special uh experience that I had

226

00:09:14,750 --> 00:09:11,339

at this conference was very early on I

227

00:09:17,810 --> 00:09:14,760

think it was 1990

228

00:09:20,210 --> 00:09:17,820

um and I was down here I had come down

229

00:09:21,650 --> 00:09:20,220

to the to the conference and met Tom

230

00:09:23,449 --> 00:09:21,660

Stoltz who was the Illinois state

231

00:09:24,949 --> 00:09:23,459

director for mufon at the time I was the

232

00:09:26,930 --> 00:09:24,959

assistant state director

233

00:09:29,150 --> 00:09:26,940

and we met down here at the conference

234

00:09:32,150 --> 00:09:29,160

and was was hanging out

235

00:09:34,130 --> 00:09:32,160

and I think it might have been Linda

236

00:09:36,410 --> 00:09:34,140

somebody grabbed us

237

00:09:38,630 --> 00:09:36,420

and said listen you need to go talk to

238

00:09:40,790 --> 00:09:38,640

this guy over here

239

00:09:42,650 --> 00:09:40,800

um he's got some interesting things to

240

00:09:43,670 --> 00:09:42,660

say that correlate with what you guys

241

00:09:45,230 --> 00:09:43,680

are doing

242

00:09:47,030 --> 00:09:45,240

and so Tom and I went over and we sat

243

00:09:48,350 --> 00:09:47,040

down we met this guy you I think he was

244

00:09:49,730 --> 00:09:48,360

from Brazil

245

00:09:52,430 --> 00:09:49,740

and

246

00:09:54,530 --> 00:09:52,440

um he was in the United States as it

247

00:09:57,170 --> 00:09:54,540

turns out he had fled

248

00:09:59,090 --> 00:09:57,180

um his country after his parents had

249

00:10:01,970 --> 00:09:59,100

been killed by the government

250

00:10:04,430 --> 00:10:01,980

and he had been out he had been in the

251  
00:10:05,930 --> 00:10:04,440  
United States staying with an uncle you

252  
00:10:08,570 --> 00:10:05,940  
know for the summer or something like

253  
00:10:09,769 --> 00:10:08,580  
that and uh while he was up here his

254  
00:10:14,090 --> 00:10:09,779  
parents were killed by the government

255  
00:10:16,370 --> 00:10:14,100  
and he had had alien encounters

256  
00:10:17,509 --> 00:10:16,380  
um for years and had a lot to say about

257  
00:10:20,990 --> 00:10:17,519  
it

258  
00:10:23,630 --> 00:10:21,000  
um well this ended this started a a

259  
00:10:26,870 --> 00:10:23,640  
lengthy multi-year relationship

260  
00:10:28,970 --> 00:10:26,880  
um with this guy that uh involved he

261  
00:10:31,490 --> 00:10:28,980  
basically was a contactee

262  
00:10:33,949 --> 00:10:31,500  
and some of the weirdest stuff that I've

263  
00:10:36,650 --> 00:10:33,959

experienced in the UFO field happened

264

00:10:39,410 --> 00:10:36,660

with that guy and it all started by just

265

00:10:40,730 --> 00:10:39,420

a random meeting of him down here he

266

00:10:42,949 --> 00:10:40,740

wasn't down here giving a presentation

267

00:10:44,329 --> 00:10:42,959

he just came down with

268

00:10:47,449 --> 00:10:44,339

um you know some friends

269

00:10:50,690 --> 00:10:47,459

and um and we got hooked up with this

270

00:10:53,090 --> 00:10:50,700

guy and researched his case for a number

271

00:10:55,970 --> 00:10:53,100

of years before he kind of moved on but

272

00:10:58,370 --> 00:10:55,980

very very strange

273

00:11:00,650 --> 00:10:58,380

um things happen including seeing UFOs

274

00:11:02,990 --> 00:11:00,660

when we were with him seeing strange

275

00:11:05,449 --> 00:11:03,000

images like overlaid you know over his

276

00:11:07,790 --> 00:11:05,459

body while we were interviewing him

277

00:11:09,530 --> 00:11:07,800

um physical phenomenon happening in the

278

00:11:12,410 --> 00:11:09,540

room

279

00:11:13,970 --> 00:11:12,420

um and and like even the UFO sighting

280

00:11:15,590 --> 00:11:13,980

that I referred to we were doing an

281

00:11:17,569 --> 00:11:15,600

interview session with him where he

282

00:11:19,550 --> 00:11:17,579

basically claimed the aliens were

283

00:11:20,569 --> 00:11:19,560

talking through him so we were asking

284

00:11:22,670 --> 00:11:20,579

questions

285

00:11:24,410 --> 00:11:22,680

when the session was over

286

00:11:26,449 --> 00:11:24,420

um he goes would you like to see them or

287

00:11:28,130 --> 00:11:26,459

like to see their craft and we went yeah

288

00:11:30,590 --> 00:11:28,140

he says we'll go outside right now

289

00:11:33,650 --> 00:11:30,600

they're they're up there in the sky and

290

00:11:35,269 --> 00:11:33,660

we were in in Downers Grove Chicago and

291

00:11:37,130 --> 00:11:35,279

we ran outside in the front yard at

292

00:11:39,530 --> 00:11:37,140

Tom's house and we looked up in the sky

293

00:11:41,509 --> 00:11:39,540

and there was a UFO right hovering above

294

00:11:42,710 --> 00:11:41,519

his head like thousands of feet up you

295

00:11:44,870 --> 00:11:42,720

know

296

00:11:48,470 --> 00:11:44,880

um and while we watched it it went and

297

00:11:50,990 --> 00:11:48,480

disappeared so that's that's the kind of

298

00:11:52,490 --> 00:11:51,000

things that uh

299

00:11:53,449 --> 00:11:52,500

um may happen at a conference like this

300

00:11:56,030 --> 00:11:53,459

you know you just have these happen

301  
00:11:58,490 --> 00:11:56,040  
chance meetings and then it it takes you

302  
00:12:03,069 --> 00:11:58,500  
down some wonderful path you know of

303  
00:12:08,329 --> 00:12:05,030  
yeah there's a lot more to that story

304  
00:12:11,509 --> 00:12:08,339  
but that's like a whole nother I mean

305  
00:12:12,470 --> 00:12:11,519  
I this is literally I mean I can tell I

306  
00:12:14,090 --> 00:12:12,480  
mean I don't care if you're recording

307  
00:12:15,650 --> 00:12:14,100  
this because this case is fairly well

308  
00:12:18,530 --> 00:12:15,660  
known but

309  
00:12:20,389 --> 00:12:18,540  
um the guy was probably a hybrid

310  
00:12:22,069 --> 00:12:20,399  
um because there were a couple of

311  
00:12:23,870 --> 00:12:22,079  
instances where we witnessed things like

312  
00:12:27,110 --> 00:12:23,880  
he had very strange physiology and he

313  
00:12:29,569 --> 00:12:27,120

told us about it he has two Heartbeats

314

00:12:30,829 --> 00:12:29,579

um he can't go to the hospital because

315

00:12:32,870 --> 00:12:30,839

when he goes to the hospital and they

316

00:12:34,670 --> 00:12:32,880

examine him they freak out because his

317

00:12:37,670 --> 00:12:34,680

physiology is different

318

00:12:39,590 --> 00:12:37,680

and uh Tom uh Tom's dead now but before

319

00:12:42,470 --> 00:12:39,600

Tom died he actually this guy actually

320

00:12:44,690 --> 00:12:42,480

lived with Tom for

321

00:12:46,430 --> 00:12:44,700

I guess about eight or ten months and

322

00:12:50,449 --> 00:12:46,440

while we were doing this intense kind of

323

00:12:51,530 --> 00:12:50,459

investigation with him and um Tom saw

324

00:12:53,990 --> 00:12:51,540

him

325

00:12:57,110 --> 00:12:54,000

um he was shaving one morning and he cut

326

00:12:58,970 --> 00:12:57,120

it he cut himself shaving and what came

327

00:13:00,710 --> 00:12:58,980

out wasn't like a normal red blood it

328

00:13:03,410 --> 00:13:00,720

was like a pink foam

329

00:13:05,329 --> 00:13:03,420

and it wasn't shaving cream and blood it

330

00:13:06,410 --> 00:13:05,339

was you know he didn't have shaving

331

00:13:08,810 --> 00:13:06,420

cream on

332

00:13:10,970 --> 00:13:08,820

um it was like a pink foam and he cut

333

00:13:12,769 --> 00:13:10,980

himself and then another time Tom walked

334

00:13:14,870 --> 00:13:12,779

into the bathroom while he was the guy

335

00:13:17,569 --> 00:13:14,880

had he was Brazilian so he had that the

336

00:13:20,150 --> 00:13:17,579

dark hair and the complexion but he had

337

00:13:21,949 --> 00:13:20,160

like green eyes so yeah when you looked

338

00:13:23,810 --> 00:13:21,959

at him yeah there was that weirdness you

339

00:13:25,250 --> 00:13:23,820

knew that that wasn't his he had

340

00:13:26,150 --> 00:13:25,260

contacts in you know they colored his

341

00:13:30,110 --> 00:13:26,160

eyes

342

00:13:33,050 --> 00:13:30,120

so um Tom saw him one morning putting in

343

00:13:35,990 --> 00:13:33,060

one of his contacts and he had slit

344

00:13:37,370 --> 00:13:36,000

pupils his eyes looked like cat's eyes

345

00:13:40,250 --> 00:13:37,380

and he would cover them up with blue

346

00:13:42,650 --> 00:13:40,260

contacts or green contacts

347

00:13:46,190 --> 00:13:42,660

blue contacts anyway

348

00:13:48,290 --> 00:13:46,200

very strange man like

349

00:13:50,990 --> 00:13:48,300

like the night that we did this thing

350

00:13:53,329 --> 00:13:51,000

where he says he can channel the aliens

351  
00:13:54,769 --> 00:13:53,339  
basically because they they talk all the

352  
00:13:57,230 --> 00:13:54,779  
time like that he says but they can talk

353  
00:13:58,730 --> 00:13:57,240  
through me and if you like we can do it

354  
00:13:59,930 --> 00:13:58,740  
do a session and they'll answer your

355  
00:14:03,410 --> 00:13:59,940  
questions

356  
00:14:04,730 --> 00:14:03,420  
okay you know not not one to shy away

357  
00:14:07,610 --> 00:14:04,740  
from something strange

358  
00:14:09,290 --> 00:14:07,620  
we sat in Tom's living room and and uh

359  
00:14:10,730 --> 00:14:09,300  
we turned off all the lights he sat in

360  
00:14:13,190 --> 00:14:10,740  
the chair over here

361  
00:14:14,870 --> 00:14:13,200  
me and Tom's wife sat over here against

362  
00:14:17,569 --> 00:14:14,880  
the window and Tom and this other

363  
00:14:18,949 --> 00:14:17,579

researcher who was a chip oil Chippewa

364

00:14:21,230 --> 00:14:18,959

Ojibwe woman

365

00:14:23,030 --> 00:14:21,240

from the bad River Indian Reservation

366

00:14:24,650 --> 00:14:23,040

Wisconsin was also doing the

367

00:14:26,690 --> 00:14:24,660

investigation she's the one that gave me

368

00:14:28,430 --> 00:14:26,700

the Native American name blue feather

369

00:14:31,910 --> 00:14:28,440

they were sitting over there

370

00:14:34,490 --> 00:14:31,920

Judy and I were looking at this guy

371

00:14:37,810 --> 00:14:34,500

and uh so he does this kind of little

372

00:14:40,970 --> 00:14:37,820

trance thing and he starts talking to us

373

00:14:42,889 --> 00:14:40,980

and shortly into the interview so we had

374

00:14:45,949 --> 00:14:42,899

asked questions and ain't answer them

375

00:14:47,689 --> 00:14:45,959

and um shortly into the interview we're

376

00:14:49,490 --> 00:14:47,699

looking at this guy now it's low light

377

00:14:51,050 --> 00:14:49,500

you can you can there was enough light

378

00:14:52,189 --> 00:14:51,060

in the ambient light where you could

379

00:14:55,250 --> 00:14:52,199

take notes

380

00:14:57,110 --> 00:14:55,260

okay but there were no lights on

381

00:14:59,269 --> 00:14:57,120

um so like you could see him over there

382

00:15:00,530 --> 00:14:59,279

but not you know I mean

383

00:15:02,750 --> 00:15:00,540

uh

384

00:15:04,850 --> 00:15:02,760

not clearly because it was kind of dark

385

00:15:06,769 --> 00:15:04,860

in the room

386

00:15:09,050 --> 00:15:06,779

um what ended up happening was this

387

00:15:12,650 --> 00:15:09,060

shimmering green

388

00:15:14,269 --> 00:15:12,660

glow started to appear over his face and

389

00:15:16,490 --> 00:15:14,279

upper torso

390

00:15:18,290 --> 00:15:16,500

and it was like it was as if you were

391

00:15:20,449 --> 00:15:18,300

shining this kind of

392

00:15:22,009 --> 00:15:20,459

pale like a weird pail almost like you

393

00:15:24,350 --> 00:15:22,019

know like a

394

00:15:25,490 --> 00:15:24,360

like the light stick kind of green you

395

00:15:28,310 --> 00:15:25,500

know

396

00:15:29,689 --> 00:15:28,320

um this pale green glow like you were

397

00:15:31,730 --> 00:15:29,699

projecting it over the top of him

398

00:15:34,970 --> 00:15:31,740

because you could see it was like

399

00:15:36,769 --> 00:15:34,980

another face projected over his face

400

00:15:38,449 --> 00:15:36,779

and you could even make out that there

401

00:15:40,970 --> 00:15:38,459

was like a uniform

402

00:15:42,590 --> 00:15:40,980

and and then so while I'm looking at

403

00:15:43,910 --> 00:15:42,600

this and I'd seen this another time it's

404

00:15:46,550 --> 00:15:43,920

a whole nother story I'd seen this

405

00:15:48,470 --> 00:15:46,560

another time with another contactee

406

00:15:50,090 --> 00:15:48,480

and I'm looking at this and he's

407

00:15:52,370 --> 00:15:50,100

answering the questions and then the

408

00:15:55,670 --> 00:15:52,380

faces started changing it was as if you

409

00:15:57,949 --> 00:15:55,680

were like changing slides the face would

410

00:16:01,129 --> 00:15:57,959

change and they were different beings

411

00:16:03,530 --> 00:16:01,139

and they all looked you know human

412

00:16:05,090 --> 00:16:03,540

but they're oh there's a female there's

413

00:16:08,090 --> 00:16:05,100

a different male there's you know and

414

00:16:09,110 --> 00:16:08,100

there were like um five different crew

415

00:16:11,870 --> 00:16:09,120

members

416

00:16:13,910 --> 00:16:11,880

that were like you could see their

417

00:16:15,650 --> 00:16:13,920

images just kind of flipping and

418

00:16:17,269 --> 00:16:15,660

changing as he was answering these

419

00:16:19,310 --> 00:16:17,279

questions

420

00:16:22,069 --> 00:16:19,320

and um

421

00:16:25,490 --> 00:16:22,079

so I'm I'm like Judy are you seeing this

422

00:16:27,050 --> 00:16:25,500

and she's like yeah and and uh so we're

423

00:16:30,110 --> 00:16:27,060

trying to we don't want to like break

424

00:16:31,370 --> 00:16:30,120

the mood we're trying to let you know

425

00:16:33,530 --> 00:16:31,380

Tom

426  
00:16:36,650 --> 00:16:33,540  
um and Sharon I think was This Woman's

427  
00:16:38,930 --> 00:16:36,660  
name trying to let them know

428  
00:16:41,150 --> 00:16:38,940  
um what we're seeing and we're kind of

429  
00:16:43,189 --> 00:16:41,160  
trying to Signal them you know and

430  
00:16:45,829 --> 00:16:43,199  
they're like and we didn't really get to

431  
00:16:47,569 --> 00:16:45,839  
confirm until afterwards and they were

432  
00:16:49,490 --> 00:16:47,579  
seeing it but they weren't they were

433  
00:16:52,069 --> 00:16:49,500  
looking at him sideways

434  
00:16:53,210 --> 00:16:52,079  
so what they were seeing was like a thin

435  
00:16:56,389 --> 00:16:53,220  
green

436  
00:16:58,610 --> 00:16:56,399  
light glowing in front of him so it

437  
00:17:00,889 --> 00:16:58,620  
literally it was like a projection that

438  
00:17:04,010 --> 00:17:00,899

was coming from somewhere

439

00:17:05,390 --> 00:17:04,020

um and uh and then when the session was

440

00:17:07,429 --> 00:17:05,400

over he had he had actually told us

441

00:17:09,049 --> 00:17:07,439

ahead of time he says look this

442

00:17:10,730 --> 00:17:09,059

I need to I'll need to drink a lot of

443

00:17:12,949 --> 00:17:10,740

water after I do this it dehydrates me

444

00:17:14,750 --> 00:17:12,959

terribly and I what I want you to do is

445

00:17:17,510 --> 00:17:14,760

come up and feel my hair

446

00:17:19,490 --> 00:17:17,520

right now and so before we started we're

447

00:17:20,929 --> 00:17:19,500

all up rubbing his hair and his hair was

448

00:17:24,890 --> 00:17:20,939

greasy I mean you know it was one of

449

00:17:27,289 --> 00:17:24,900

those like dude and uh and so then we

450

00:17:30,289 --> 00:17:27,299

did the session for about 45 minutes and

451  
00:17:31,549 --> 00:17:30,299  
the session ended and uh he says we'll

452  
00:17:32,690 --> 00:17:31,559  
come up and feel my hair and then we

453  
00:17:35,150 --> 00:17:32,700  
kind of came out of it he goes come up

454  
00:17:37,730 --> 00:17:35,160  
and feel my hair his hair was dry as

455  
00:17:39,529 --> 00:17:37,740  
straw I mean it was like

456  
00:17:42,049 --> 00:17:39,539  
just sitting there 45 minutes there was

457  
00:17:44,510 --> 00:17:42,059  
no air blowing on this guy dry oil gone

458  
00:17:46,190 --> 00:17:44,520  
it was like oh man you know you need to

459  
00:17:47,570 --> 00:17:46,200  
put something in your hair

460  
00:17:49,789 --> 00:17:47,580  
and that's why we're sitting there

461  
00:17:50,990 --> 00:17:49,799  
feeling his hair and he goes hey they

462  
00:17:51,950 --> 00:17:51,000  
asked me if you guys want to see The

463  
00:17:54,049 --> 00:17:51,960

Craft

464

00:17:56,390 --> 00:17:54,059

and we're like yeah and he goes okay

465

00:17:58,250 --> 00:17:56,400

we'll go outside right now and so we all

466

00:17:59,990 --> 00:17:58,260

like little children ran out in the

467

00:18:02,029 --> 00:18:00,000

front yard to look up and we're like

468

00:18:04,130 --> 00:18:02,039

there's an extra star I was like Orion

469

00:18:05,750 --> 00:18:04,140

was right there there was a fourth star

470

00:18:07,789 --> 00:18:05,760

you're like here's the belt and then

471

00:18:09,529 --> 00:18:07,799

there's this bright

472

00:18:12,710 --> 00:18:09,539

um you know bluish White Star right

473

00:18:14,650 --> 00:18:12,720

there and uh and we're going that's not

474

00:18:17,090 --> 00:18:14,660

supposed to be there and then it goes

475

00:18:19,250 --> 00:18:17,100

like that and disappears

476

00:18:21,529 --> 00:18:19,260

well this year being the 29th year of

477

00:18:23,570 --> 00:18:21,539

the conference this is probably the best

478

00:18:26,029 --> 00:18:23,580

list of speakers that that we've ever

479

00:18:27,890 --> 00:18:26,039

had even though there were always great

480

00:18:30,169 --> 00:18:27,900

speakers here you kind of end up having

481

00:18:32,330 --> 00:18:30,179

like one headliner

482

00:18:34,549 --> 00:18:32,340

um or maybe two and then you have some

483

00:18:36,650 --> 00:18:34,559

new researchers or people who don't um

484

00:18:39,049 --> 00:18:36,660

speaking that often and so there was always

485

00:18:41,570 --> 00:18:39,059

a blend of that but this particular year

486

00:18:43,010 --> 00:18:41,580

I think the speaking list is the

487

00:18:44,810 --> 00:18:43,020

strongest that it's ever been I mean

488

00:18:46,130 --> 00:18:44,820

we've got like four people on the docket

489

00:18:47,810 --> 00:18:46,140

that could be Headliners at any

490

00:18:49,970 --> 00:18:47,820

conference in the world and they're all

491

00:18:52,730 --> 00:18:49,980

here the same weekend

492

00:18:55,190 --> 00:18:52,740

um so it's just uh I don't think

493

00:18:57,350 --> 00:18:55,200

anybody's going to be able to to walk

494

00:18:58,850 --> 00:18:57,360

away and say that this wasn't like maybe

495

00:19:02,210 --> 00:18:58,860

the best conference they've ever been to

496

00:19:05,510 --> 00:19:02,220

seriously it's Whitley streber here

497

00:19:07,789 --> 00:19:05,520

um responsible for publishing the book

498

00:19:09,350 --> 00:19:07,799

communion which changed tens of

499

00:19:12,409 --> 00:19:09,360

thousands of people's lives just because

500

00:19:14,150 --> 00:19:12,419

the picture on the cover he uh you know

501  
00:19:16,070 --> 00:19:14,160  
solely responsible for bringing

502  
00:19:19,070 --> 00:19:16,080  
abduction Research into the mainstream

503  
00:19:20,690 --> 00:19:19,080  
media and opening people up to it and

504  
00:19:22,549 --> 00:19:20,700  
his experiences are ongoing and

505  
00:19:24,289 --> 00:19:22,559  
extraordinary he's he's one of the

506  
00:19:27,590 --> 00:19:24,299  
speakers

507  
00:19:31,490 --> 00:19:27,600  
um uh Jim Mars as New York Times

508  
00:19:33,950 --> 00:19:31,500  
best-selling author many times over was

509  
00:19:37,250 --> 00:19:33,960  
it wrote the book that was made into the

510  
00:19:40,190 --> 00:19:37,260  
movie JFK I mean just you know the these

511  
00:19:42,350 --> 00:19:40,200  
fantastic backgrounds one of the best

512  
00:19:44,630 --> 00:19:42,360  
um conspiracy researchers you know in

513  
00:19:46,370 --> 00:19:44,640

the business just a fantastic uh you

514

00:19:48,770 --> 00:19:46,380

know guy

515

00:19:52,010 --> 00:19:48,780

um Eric Von donaghan

516

00:19:55,190 --> 00:19:52,020

um this guy literally is he's he is the

517

00:19:59,210 --> 00:19:55,200

ancient astronaut guy there's you know

518

00:20:01,909 --> 00:19:59,220

um he is he is the shoulders on on which

519

00:20:04,090 --> 00:20:01,919

all other ancient astronaut researchers

520

00:20:07,250 --> 00:20:04,100

have to stand he started the whole thing

521

00:20:09,470 --> 00:20:07,260

and in my experience with him the first

522

00:20:13,250 --> 00:20:09,480

book that he wrote was Chariots of the

523

00:20:15,730 --> 00:20:13,260

Gods it was the first book on UFOs or

524

00:20:18,350 --> 00:20:15,740

aliens that I ever read back in like

525

00:20:19,270 --> 00:20:18,360

1968 or I guess actually I guess it was

526  
00:20:22,310 --> 00:20:19,280  
about

527  
00:20:23,990 --> 00:20:22,320  
1970 1971.

528  
00:20:25,909 --> 00:20:24,000  
um it started the whole thing for me I

529  
00:20:28,549 --> 00:20:25,919  
you know I just ate through that book

530  
00:20:30,650 --> 00:20:28,559  
you know like it like it was food it was

531  
00:20:33,110 --> 00:20:30,660  
just fantastic and it just you know

532  
00:20:36,289 --> 00:20:33,120  
sparked Me On by the time I was 13 years

533  
00:20:39,529 --> 00:20:36,299  
old I had 200 books on the subject and

534  
00:20:42,970 --> 00:20:39,539  
it all started with that guy and the

535  
00:20:45,350 --> 00:20:42,980  
questions that he asked and pointed out

536  
00:20:47,150 --> 00:20:45,360  
to the whole world

537  
00:20:48,710 --> 00:20:47,160  
um that we probably got our ancient

538  
00:20:50,930 --> 00:20:48,720

history wrong

539

00:20:51,710 --> 00:20:50,940

um he's here to talk I mean just you

540

00:20:53,150 --> 00:20:51,720

know

541

00:20:55,850 --> 00:20:53,160

um he speaks all over the world at

542

00:20:58,909 --> 00:20:55,860

universities just a fantastic uh person

543

00:21:02,810 --> 00:21:01,610

um Linda Moulton Howe of course I you

544

00:21:04,010 --> 00:21:02,820

know it's one of those like she's been

545

00:21:05,750 --> 00:21:04,020

here every year

546

00:21:08,870 --> 00:21:05,760

I you don't even know where to start

547

00:21:12,289 --> 00:21:08,880

talking about her just uh just this

548

00:21:14,390 --> 00:21:12,299

incredible journalistic background

549

00:21:17,270 --> 00:21:14,400

um you know professional speaker

550

00:21:20,870 --> 00:21:17,280

investigator just tenacious researcher

551  
00:21:23,990 --> 00:21:20,880  
going from one unexplainable topic to

552  
00:21:25,909 --> 00:21:24,000  
the next and and and bringing it to you

553  
00:21:28,310 --> 00:21:25,919  
know the world to uh understand another

554  
00:21:30,890 --> 00:21:28,320  
one of the the the the the speaker that

555  
00:21:33,490 --> 00:21:30,900  
opened the conference this year and won

556  
00:21:35,990 --> 00:21:33,500  
the award for the Lou Farish

557  
00:21:39,110 --> 00:21:36,000  
Lifetime Achievement Award and ufology's

558  
00:21:41,390 --> 00:21:39,120  
Dave marlar and he's

559  
00:21:43,549 --> 00:21:41,400  
one of these guys he's a very dear

560  
00:21:45,169 --> 00:21:43,559  
friend of mine and he's probably the

561  
00:21:47,710 --> 00:21:45,179  
best field investigator or researcher

562  
00:21:51,529 --> 00:21:47,720  
I've ever worked with personally just

563  
00:21:55,430 --> 00:21:51,539

meticulous detailed drives for the truth

564

00:21:57,890 --> 00:21:55,440

and the facts and he's

565

00:21:59,870 --> 00:21:57,900

um really just kind of coming of age as

566

00:22:02,090 --> 00:21:59,880

a as a researcher getting the respect

567

00:22:05,630 --> 00:22:02,100

and the attention that he deserves

568

00:22:08,450 --> 00:22:05,640

and um is an expert has become in a very

569

00:22:09,830 --> 00:22:08,460

short time an expert on triangle UFOs

570

00:22:12,590 --> 00:22:09,840

uh

571

00:22:16,070 --> 00:22:12,600

so you know even

572

00:22:18,470 --> 00:22:16,080

you know even even with uh

573

00:22:20,090 --> 00:22:18,480

um David not being a world you know

574

00:22:21,710 --> 00:22:20,100

renowned speaker

575

00:22:22,970 --> 00:22:21,720

um that's just a matter of time you know

576

00:22:25,909 --> 00:22:22,980

so it's

577

00:22:28,190 --> 00:22:25,919

uh this year is going to be

578

00:22:29,570 --> 00:22:28,200

probably the best year ever yes one of

579

00:22:31,549 --> 00:22:29,580

the other speakers this year is Nick

580

00:22:34,909 --> 00:22:31,559

Pope and

581

00:22:38,149 --> 00:22:34,919

um he's he's a he's a very you know nice

582

00:22:40,610 --> 00:22:38,159

kind of understated uh guy basically a

583

00:22:43,430 --> 00:22:40,620

British gentleman and uh

584

00:22:45,110 --> 00:22:43,440

his claim to fame is probably greater

585

00:22:47,750 --> 00:22:45,120

than most people in the business really

586

00:22:51,049 --> 00:22:47,760

and that is that he you know for over 20

587

00:22:54,230 --> 00:22:51,059

years he worked for the um Ministry of

588

00:22:56,930 --> 00:22:54,240

Defense in Britain as the guy dealing

589

00:22:59,690 --> 00:22:56,940  
with their UFO reports so he he

590

00:23:00,890 --> 00:22:59,700  
literally is the the fox Mulder of

591

00:23:03,890 --> 00:23:00,900  
England

592

00:23:06,230 --> 00:23:03,900  
and so you

593

00:23:09,230 --> 00:23:06,240  
he was as inside really as you can

594

00:23:10,850 --> 00:23:09,240  
possibly get you know short of you know

595

00:23:13,070 --> 00:23:10,860  
you know being in the underground

596

00:23:15,230 --> 00:23:13,080  
bunkers working on the crazy stuff maybe

597

00:23:17,750 --> 00:23:15,240  
but you know seeing all of this and

598

00:23:20,750 --> 00:23:17,760  
dealing with it in in real time and now

599

00:23:23,570 --> 00:23:20,760  
being able to publicly speak about it

600

00:23:26,450 --> 00:23:23,580  
and to write about it and uh just a very

601  
00:23:28,669 --> 00:23:26,460  
very polished professional speaker with

602  
00:23:31,370 --> 00:23:28,679  
tons of knowledge you know

603  
00:23:34,010 --> 00:23:31,380  
a great speaker to have on the on the

604  
00:23:35,930 --> 00:23:34,020  
docket well if you've never been to a

605  
00:23:37,549 --> 00:23:35,940  
UFO conference before let's say and

606  
00:23:40,730 --> 00:23:37,559  
you're trying to decide

607  
00:23:42,830 --> 00:23:40,740  
which one to go to to kind of jump into

608  
00:23:45,289 --> 00:23:42,840  
the science and learn about it there are

609  
00:23:47,510 --> 00:23:45,299  
a few that I would highly recommend this

610  
00:23:49,669 --> 00:23:47,520  
is one of them this has always been my

611  
00:23:51,230 --> 00:23:49,679  
favorite Conference of of all of the

612  
00:23:52,490 --> 00:23:51,240  
ones that I've attended or presented at

613  
00:23:54,950 --> 00:23:52,500

over the years

614

00:23:57,289 --> 00:23:54,960

there's something special about this

615

00:24:00,289 --> 00:23:57,299

conference part of it was because of the

616

00:24:02,210 --> 00:24:00,299

the genuine nature that Lou Ferris

617

00:24:05,750 --> 00:24:02,220

brought to this conference the just the

618

00:24:07,909 --> 00:24:05,760

way he his intent was to put the best

619

00:24:10,370 --> 00:24:07,919

speakers and the newest speakers that he

620

00:24:12,590 --> 00:24:10,380

could he wasn't worried about making a

621

00:24:15,529 --> 00:24:12,600

lot of money off of it basically if one

622

00:24:17,990 --> 00:24:15,539

year paid for the next that was fine and

623

00:24:20,930 --> 00:24:18,000

it was just he devoted his

624

00:24:23,690 --> 00:24:20,940

his life to this conference and to this

625

00:24:25,490 --> 00:24:23,700

subject and to to create a platform

626  
00:24:27,169 --> 00:24:25,500  
where people could come together and

627  
00:24:28,190 --> 00:24:27,179  
share their research and their

628  
00:24:31,250 --> 00:24:28,200  
information

629  
00:24:34,190 --> 00:24:31,260  
now it's situated in you know Eureka

630  
00:24:36,770 --> 00:24:34,200  
Springs Arkansas which is not near any

631  
00:24:38,149 --> 00:24:36,780  
major cities or hubs in the world so

632  
00:24:40,430 --> 00:24:38,159  
you'd think well if you really wanted a

633  
00:24:43,430 --> 00:24:40,440  
successful UFO conference put it in your

634  
00:24:46,850 --> 00:24:43,440  
big city okay but he lived nearby here

635  
00:24:50,029 --> 00:24:46,860  
he didn't want to do that and Eureka

636  
00:24:54,049 --> 00:24:50,039  
Springs is just this fantastic like

637  
00:24:55,669 --> 00:24:54,059  
artistic creative spiritual place in the

638  
00:24:57,169 --> 00:24:55,679

middle of the Ozark Mountains it's just

639

00:24:59,510 --> 00:24:57,179

gorgeous you put those two things

640

00:25:01,970 --> 00:24:59,520

together and you have a magical

641

00:25:04,330 --> 00:25:01,980

experience not only are you getting a

642

00:25:07,190 --> 00:25:04,340

high quality conference and information

643

00:25:08,690 --> 00:25:07,200

but then you have this this just idyllic

644

00:25:10,070 --> 00:25:08,700

setting and it not there's no other

645

00:25:12,590 --> 00:25:10,080

conference out there like it there just

646

00:25:13,909 --> 00:25:12,600

really isn't so this would be the

647

00:25:15,289 --> 00:25:13,919

conference I would recommend that you

648

00:25:17,029 --> 00:25:15,299

come to First

649

00:25:18,610 --> 00:25:17,039

and you'll get hooked and you'll come

650

00:25:20,510 --> 00:25:18,620

back every year like many many people

651  
00:25:22,730 --> 00:25:20,520  
there were

652  
00:25:30,110 --> 00:25:22,740  
up until

653  
00:25:32,570 --> 00:25:30,120  
the the crowd that was here if you ask

654  
00:25:34,190 --> 00:25:32,580  
people for a show of hands of who had

655  
00:25:35,330 --> 00:25:34,200  
been here for one year two year three

656  
00:25:37,330 --> 00:25:35,340  
year

657  
00:25:40,370 --> 00:25:37,340  
you would find out that there were about

658  
00:25:44,990 --> 00:25:40,380  
two to three hundred people that came

659  
00:25:47,870 --> 00:25:45,000  
every year for 10 years 12 years

660  
00:25:50,510 --> 00:25:47,880  
um and that's a good thing if you think

661  
00:25:52,610 --> 00:25:50,520  
about it like uh devoted to this

662  
00:25:54,470 --> 00:25:52,620  
conference just love the conference and

663  
00:25:57,590 --> 00:25:54,480

I would come down every year wouldn't

664

00:26:00,110 --> 00:25:57,600

miss it would Reserve their hotel room

665

00:26:02,450 --> 00:26:00,120

before they left the conference for the

666

00:26:04,130 --> 00:26:02,460

next year kind of thing

667

00:26:06,830 --> 00:26:04,140

um what is good about what is happening

668

00:26:09,590 --> 00:26:06,840

now is the tables have almost completely

669

00:26:12,529 --> 00:26:09,600

turned where we have only maybe about 10

670

00:26:15,230 --> 00:26:12,539

percent of repeats or or I should say

671

00:26:18,590 --> 00:26:15,240

people who were amongst that original

672

00:26:20,990 --> 00:26:18,600

family I guess uh and now the conference

673

00:26:23,330 --> 00:26:21,000

is filled with all almost all new people

674

00:26:26,330 --> 00:26:23,340

which is fantastic so I think that

675

00:26:28,070 --> 00:26:26,340

speaks to The Testament of

676

00:26:30,830 --> 00:26:28,080

um what the conference is really all

677

00:26:33,409 --> 00:26:30,840

about and that it is

678

00:26:35,269 --> 00:26:33,419

kept going to the point where now we

679

00:26:37,250 --> 00:26:35,279

have a whole new generation of people

680

00:26:39,230 --> 00:26:37,260

coming to the conference which is
