

UFO HUB

LIVE STREAM

1
00:00:14,420 --> 00:00:33,950
thank you

2
00:00:33,960 --> 00:01:03,229
[Music]

3
00:01:03,239 --> 00:01:09,850
foreign

4
00:01:16,450 --> 00:01:13,250
welcome to dual 5 live stream uh I would

5
00:01:19,130 --> 00:01:16,460
say today's guest is Sean Cahill but

6
00:01:21,410 --> 00:01:19,140
unfortunately I'm actually quite honest

7
00:01:24,050 --> 00:01:21,420
not sure what happened I'm I've been

8
00:01:26,030 --> 00:01:24,060
trying to get hold of him and um

9
00:01:28,730 --> 00:01:26,040
um I have everything still open hoping

10
00:01:30,950 --> 00:01:28,740
that he would jump on we had to set the

11
00:01:34,370 --> 00:01:30,960
time and date and everything seemed to

12
00:01:36,350 --> 00:01:34,380
be good and ready and for some reason I

13
00:01:38,870 --> 00:01:36,360

just cannot get a hold of him so I

14

00:01:41,810 --> 00:01:38,880

apologize it was this was definitely not

15

00:01:44,749 --> 00:01:41,820

meant to be click bait and I'm hoping

16

00:01:47,450 --> 00:01:44,759

that he sees any of my messages I've

17

00:01:49,609 --> 00:01:47,460

sent to him and the phone calls and

18

00:01:52,370 --> 00:01:49,619

hoping that you'll still jump on and we

19

00:01:55,190 --> 00:01:52,380

can proceed with the interview

20

00:01:57,170 --> 00:01:55,200

um I guess I really didn't have anything

21

00:01:59,389 --> 00:01:57,180

else prepared for any of you other than

22

00:02:01,609 --> 00:01:59,399

maybe just the open lines to interact

23

00:02:04,370 --> 00:02:01,619

with any one of you that would like to

24

00:02:07,190 --> 00:02:04,380

either call in on telegram or ask some

25

00:02:09,290 --> 00:02:07,200

questions on the regular chat rooms

26
00:02:12,949 --> 00:02:09,300
whether it would be on YouTube Facebook

27
00:02:16,970 --> 00:02:12,959
twitch or Twitter so

28
00:02:19,910 --> 00:02:16,980
yes like I said I apologize I am waiting

29
00:02:22,070 --> 00:02:19,920
uh for him to to basically just log in

30
00:02:25,010 --> 00:02:22,080
and uh because everything seemed to be

31
00:02:27,830 --> 00:02:25,020
just fine and ready and again I'm really

32
00:02:31,190 --> 00:02:27,840
sorry I definitely not clickbait

33
00:02:34,610 --> 00:02:31,200
um forgive me so if any of you that are

34
00:02:37,190 --> 00:02:34,620
on and um just uh would like to ask some

35
00:02:39,229 --> 00:02:37,200
questions please make sure to have three

36
00:02:41,390 --> 00:02:39,239
asterisks before the question so that

37
00:02:45,350 --> 00:02:41,400
that way I know it's meant to uh for me

38
00:02:48,470 --> 00:02:45,360

and also you can join telegram to

39

00:02:51,650 --> 00:02:48,480

um just talk to me directly and if and

40

00:02:54,290 --> 00:02:51,660

when Sean can log in later on today that

41

00:02:56,089 --> 00:02:54,300

or late not just later on today just

42

00:02:59,089 --> 00:02:56,099

hoping in a few more minutes but we'll

43

00:03:00,830 --> 00:02:59,099

see what happens uh that's also using

44

00:03:03,229 --> 00:03:00,840

telegram is the way that you can talk to

45

00:03:05,509 --> 00:03:03,239

him as well so

46

00:03:08,750 --> 00:03:05,519

right now we have a military witness to

47

00:03:11,030 --> 00:03:08,760

UAP welcome saying here hi Sean I'm

48

00:03:12,949 --> 00:03:11,040

sorry Sean is not here right now I'm I'm

49

00:03:13,850 --> 00:03:12,959

really hoping he logs in here soon

50

00:03:15,710 --> 00:03:13,860

because

51

00:03:17,570 --> 00:03:15,720

um just like I said with the

52

00:03:20,330 --> 00:03:17,580

interactions we've had uh there's no way

53

00:03:21,350 --> 00:03:20,340

you could forget this so um other than

54

00:03:22,250 --> 00:03:21,360

that

55

00:03:27,250 --> 00:03:22,260

um

56

00:03:31,610 --> 00:03:27,260

a chance to watch the one hour long

57

00:03:35,869 --> 00:03:31,620

interview with David grush that was on

58

00:03:38,270 --> 00:03:35,879

news Nation I believe yeah and um sorry

59

00:03:40,789 --> 00:03:38,280

I'm I'm kind of uh frazzled and all over

60

00:03:42,949 --> 00:03:40,799

the place trying to trying to figure out

61

00:03:44,390 --> 00:03:42,959

what what was happening so if my facts

62

00:03:47,809 --> 00:03:44,400

are not coming up very quickly that's

63

00:03:49,910 --> 00:03:47,819

why but anyway and um just I'm curious

64

00:03:52,130 --> 00:03:49,920

just to hear your thoughts and uh just

65

00:03:54,289 --> 00:03:52,140

to see what uh what you all thought I

66

00:03:56,750 --> 00:03:54,299

know there were some people online that

67

00:03:59,030 --> 00:03:56,760

had they I don't know if this is what

68

00:04:00,949 --> 00:03:59,040

they do regularly but it's this YouTube

69

00:04:04,430 --> 00:04:00,959

psychologists so they read the body

70

00:04:05,930 --> 00:04:04,440

language and try to kind of give their

71

00:04:09,470 --> 00:04:05,940

perspective on

72

00:04:12,050 --> 00:04:09,480

what they think this body language means

73

00:04:14,030 --> 00:04:12,060

the eye roll the the tight lips all

74

00:04:15,770 --> 00:04:14,040

these different Expressions that when

75

00:04:18,409 --> 00:04:15,780

people speak usually have some kind of

76

00:04:20,990 --> 00:04:18,419

meaning to them so anyway those are

77

00:04:24,590 --> 00:04:21,000

pretty interesting to watch and but then

78

00:04:26,570 --> 00:04:24,600

again the whole I don't know I you know

79

00:04:29,450 --> 00:04:26,580

I mean it's interesting to hear the

80

00:04:32,150 --> 00:04:29,460

perspective but it's not a Surefire way

81

00:04:33,770 --> 00:04:32,160

to know oh okay they know for sure he's

82

00:04:36,830 --> 00:04:33,780

telling the truth though okay they know

83

00:04:40,070 --> 00:04:36,840

for sure he's telling a lie

84

00:04:41,570 --> 00:04:40,080

okay we have uh reuben reuben says no

85

00:04:43,490 --> 00:04:41,580

more he said and always appreciate your

86

00:04:45,710 --> 00:04:43,500

live streams well thank you I appreciate

87

00:04:47,629 --> 00:04:45,720

you I'm I appreciate all of you being on

88

00:04:48,890 --> 00:04:47,639

I yeah I don't know

89

00:04:55,730 --> 00:04:48,900

um

90

00:04:58,189 --> 00:04:55,740

happened before I think

91

00:05:01,909 --> 00:04:58,199

I might might have with with uh Sherry

92

00:05:03,890 --> 00:05:01,919

where either the stream dropped or

93

00:05:05,990 --> 00:05:03,900

um it was early in the day it was

94

00:05:07,850 --> 00:05:06,000

scheduled to have her on but then she

95

00:05:09,710 --> 00:05:07,860

couldn't and I had to kind of change

96

00:05:11,749 --> 00:05:09,720

gears but

97

00:05:14,510 --> 00:05:11,759

anyway yeah I have I'm basically

98

00:05:16,909 --> 00:05:14,520

watching the the Skype right now

99

00:05:20,030 --> 00:05:16,919

um if he comes through there or on the

100

00:05:22,730 --> 00:05:20,040

phone and uh so we'll we'll see which

101
00:05:25,730 --> 00:05:22,740
whichever one comes through so if he

102
00:05:28,070 --> 00:05:25,740
does come on I might just go

103
00:05:29,810 --> 00:05:28,080
Um not offline but basically just I have

104
00:05:32,570 --> 00:05:29,820
this little will be right back screen

105
00:05:36,710 --> 00:05:32,580
and hopefully we can get him on and

106
00:05:42,950 --> 00:05:40,850
uh how Finn says hello hello from from

107
00:05:45,770 --> 00:05:42,960
twitch hello as well I usually don't

108
00:05:49,490 --> 00:05:45,780
have people on Twitch uh or that many

109
00:05:50,870 --> 00:05:49,500
watching by time uh each evening or each

110
00:05:52,850 --> 00:05:50,880
time that I have one of these live

111
00:05:54,710 --> 00:05:52,860
streams it's usually always anywhere

112
00:05:57,590 --> 00:05:54,720
between three or four so it's a big

113
00:05:59,990 --> 00:05:57,600

crowd but anyway it's a platform I've

114

00:06:02,689 --> 00:06:00,000
been wanting to expand to and

115

00:06:07,129 --> 00:06:02,699
um have been streaming there also just

116

00:06:10,490 --> 00:06:09,050
um Reuben is asking what are your

117

00:06:13,370 --> 00:06:10,500
thoughts on the

118

00:06:15,469 --> 00:06:13,380
on the Vegas aliens incident have you

119

00:06:19,430 --> 00:06:15,479
seen the videos curious to hear your

120

00:06:22,249 --> 00:06:20,450
um

121

00:06:24,770 --> 00:06:22,259
I I just don't know when it comes to

122

00:06:26,990 --> 00:06:24,780
seeing I've seen the footage that you're

123

00:06:29,870 --> 00:06:27,000
talking about and the supposed circles

124

00:06:33,529 --> 00:06:29,880
left and so on and

125

00:06:36,409 --> 00:06:33,539
I'm hoping that it's not part of a

126
00:06:37,490 --> 00:06:36,419
kind of like a like a a craze right

127
00:06:39,170 --> 00:06:37,500
where

128
00:06:40,670 --> 00:06:39,180
um of the sudden the news announces

129
00:06:42,710 --> 00:06:40,680
certain things so they announced

130
00:06:44,689 --> 00:06:42,720
something happening and then all of a

131
00:06:46,070 --> 00:06:44,699
sudden you know uh the next thing you

132
00:06:47,029 --> 00:06:46,080
know everybody's seeing aliens

133
00:06:49,930 --> 00:06:47,039
everywhere

134
00:06:52,730 --> 00:06:49,940
um it was in a way almost easier before

135
00:06:55,309 --> 00:06:52,740
when nobody's talking about it nobody's

136
00:06:57,050 --> 00:06:55,319
expecting anything and then somebody you

137
00:06:59,570 --> 00:06:57,060
know puts a story out or tells something

138
00:07:02,570 --> 00:06:59,580

about a contact it's a little bit more

139

00:07:04,550 --> 00:07:02,580

believable but right after all the the

140

00:07:06,710 --> 00:07:04,560

announcements for the interview and all

141

00:07:08,689 --> 00:07:06,720

these other things happening and the way

142

00:07:10,790 --> 00:07:08,699

the cop was behaving if you watch the

143

00:07:13,610 --> 00:07:10,800

footage it was a little bit kind of all

144

00:07:16,370 --> 00:07:13,620

over all over the place for me but it's

145

00:07:19,189 --> 00:07:16,380

it's difficult to tell if if this person

146

00:07:21,290 --> 00:07:19,199

is just hoaxing something you know or to

147

00:07:23,749 --> 00:07:21,300

for attention because

148

00:07:27,290 --> 00:07:23,759

let's face it after so many decades of

149

00:07:29,689 --> 00:07:27,300

social media I think there's a whole

150

00:07:32,210 --> 00:07:29,699

I think there's a whole a group of

151
00:07:34,430 --> 00:07:32,220
people that are literally would would do

152
00:07:37,309 --> 00:07:34,440
anything for clicks and Views and so

153
00:07:38,870 --> 00:07:37,319
when it comes to your ufology and and

154
00:07:40,610 --> 00:07:38,880
then you put those kind of people

155
00:07:41,990 --> 00:07:40,620
together it's it's difficult to figure

156
00:07:45,290 --> 00:07:42,000
out whether or not they're telling the

157
00:07:48,230 --> 00:07:45,300
truth so anyway those are my thoughts

158
00:07:50,210 --> 00:07:48,240
Bradley hello welcome as well labeled

159
00:07:52,550 --> 00:07:50,220
welcome

160
00:07:54,170 --> 00:07:52,560
uh yeah I don't know if you for those of

161
00:07:57,290 --> 00:07:54,180
you just joining now

162
00:08:00,650 --> 00:07:57,300
um I'm sorry that I don't have Sean on

163
00:08:02,990 --> 00:08:00,660

yet uh we had everything set up

164

00:08:04,790 --> 00:08:03,000

um I had everything was agreed upon the

165

00:08:06,830 --> 00:08:04,800

time and and when usually I always have

166

00:08:08,930 --> 00:08:06,840

my guest call in or I actually call them

167

00:08:11,089 --> 00:08:08,940

prior to the show establish the

168

00:08:13,010 --> 00:08:11,099

connection set everything up so that I

169

00:08:15,290 --> 00:08:13,020

have the screens and the audio and video

170

00:08:16,370 --> 00:08:15,300

is good for everyone else to watch and

171

00:08:19,309 --> 00:08:16,380

so

172

00:08:21,170 --> 00:08:19,319

um he didn't answer when when I set out

173

00:08:23,570 --> 00:08:21,180

the usual call and I kept trying to

174

00:08:25,909 --> 00:08:23,580

trying and haven't heard from him yet

175

00:08:28,969 --> 00:08:25,919

like I said earlier I have everything

176
00:08:32,149 --> 00:08:28,979
open I have Skype ready open and phone

177
00:08:33,969 --> 00:08:32,159
as well so if he calls I'm hoping to get

178
00:08:37,730 --> 00:08:33,979
him in otherwise

179
00:08:39,769 --> 00:08:37,740
we can just do no open lines for those

180
00:08:43,850 --> 00:08:39,779
of you interested you can either

181
00:08:46,490 --> 00:08:43,860
uh call and telegram or you can leave

182
00:08:49,070 --> 00:08:46,500
leave a message or a question in and you

183
00:08:50,930 --> 00:08:49,080
have the chats so in order to get

184
00:08:53,509 --> 00:08:50,940
telegram you have to download that on

185
00:08:56,870 --> 00:08:53,519
your phone or the internet or I mean um

186
00:08:59,750 --> 00:08:56,880
or the computer and then of course join

187
00:09:01,430 --> 00:08:59,760
the UFO Hub channel on Telegram and

188
00:09:03,290 --> 00:09:01,440

you'll be able to see a voice chat going

189

00:09:08,210 --> 00:09:03,300

on there right now where you can join

190

00:09:08,220 --> 00:09:12,410

let's see what else we have here

191

00:09:16,550 --> 00:09:14,449

yeah it was um I don't know how many of

192

00:09:18,889 --> 00:09:16,560

you uh had a chance to actually watch

193

00:09:21,710 --> 00:09:18,899

that uh one hour interview I don't have

194

00:09:25,070 --> 00:09:21,720

I had to I had to wait

195

00:09:26,690 --> 00:09:25,080

um till they basically uh had the whole

196

00:09:29,570 --> 00:09:26,700

video available for free because I don't

197

00:09:32,329 --> 00:09:29,580

have a news Nation but um even then I

198

00:09:35,449 --> 00:09:32,339

didn't watch the whole thing I posted on

199

00:09:38,750 --> 00:09:35,459

the telegram group I posted a link to

200

00:09:41,389 --> 00:09:38,760

the whole 45 minute I think it was 45 I

201
00:09:43,130 --> 00:09:41,399
mean a long interview and so for those

202
00:09:46,550 --> 00:09:43,140
interested to watch it you can watch it

203
00:09:49,070 --> 00:09:46,560
there in uh readily available for for

204
00:09:51,230 --> 00:09:49,080
people watch I think on Twitter I don't

205
00:09:56,030 --> 00:09:51,240
know if it's made or made its way on on

206
00:10:01,670 --> 00:09:59,449
so uh Bradley has a question for Sean uh

207
00:10:04,970 --> 00:10:01,680
well I can at least read it question for

208
00:10:07,850 --> 00:10:04,980
Sean I would love to know gracious angle

209
00:10:10,790 --> 00:10:07,860
how come this guy's story was allowed to

210
00:10:14,090 --> 00:10:10,800
be public seems a bit convenient it's

211
00:10:17,210 --> 00:10:14,100
convenient is crush a smoke stream or

212
00:10:20,210 --> 00:10:17,220
something else well one of the one of

213
00:10:23,090 --> 00:10:20,220

the reasons too why I wanted Sean on I

214

00:10:25,370 --> 00:10:23,100

said I don't know to what extent

215

00:10:26,949 --> 00:10:25,380

um he either knows him or knows him well

216

00:10:29,329 --> 00:10:26,959

so that

217

00:10:31,790 --> 00:10:29,339

you know there's that connection and I

218

00:10:34,310 --> 00:10:31,800

wanted them to talk to him about David

219

00:10:37,009 --> 00:10:34,320

and then have give all of you a chance

220

00:10:38,329 --> 00:10:37,019

to ask Sean about whatever else of

221

00:10:40,850 --> 00:10:38,339

course I would love to be able to talk

222

00:10:42,290 --> 00:10:40,860

to David uh directly but

223

00:10:44,210 --> 00:10:42,300

um if you're into this kind of stuff

224

00:10:47,090 --> 00:10:44,220

unless you have connections and other

225

00:10:48,710 --> 00:10:47,100

things it's difficult to get a hold of

226
00:10:50,269 --> 00:10:48,720
people

227
00:10:52,970 --> 00:10:50,279
um especially when you have something

228
00:10:55,610 --> 00:10:52,980
big like that and even then they're not

229
00:10:57,889 --> 00:10:55,620
immediately answering any questions or

230
00:10:59,210 --> 00:10:57,899
want to do any interviews

231
00:11:01,490 --> 00:10:59,220
so anyway

232
00:11:03,470 --> 00:11:01,500
um I was able to get a hold of Sean and

233
00:11:06,110 --> 00:11:03,480
so I was hoping to to talk to him about

234
00:11:08,449 --> 00:11:06,120
about all of this and whatever else he

235
00:11:13,310 --> 00:11:10,910
I'm just checking also to see if anyone

236
00:11:15,889 --> 00:11:13,320
is we have some people listen on on

237
00:11:18,530 --> 00:11:15,899
telegram which is fine because that's

238
00:11:20,509 --> 00:11:18,540

Audi only so if you are not interested

239

00:11:22,970 --> 00:11:20,519

in watching you can listen I think there

240

00:11:25,430 --> 00:11:22,980

might be about 10 to 15

241

00:11:28,130 --> 00:11:25,440

um sometimes even 20 second delay

242

00:11:29,870 --> 00:11:28,140

between what's happening and streaming

243

00:11:33,470 --> 00:11:29,880

on YouTube versus what you're hearing

244

00:11:35,269 --> 00:11:33,480

there but so don't try to watch on

245

00:11:37,730 --> 00:11:35,279

YouTube and listen on telegram at the

246

00:11:42,490 --> 00:11:37,740

same time they'll throw you off

247

00:11:48,949 --> 00:11:45,829

all of you were able to

248

00:11:51,889 --> 00:11:48,959

uh to join me today with those that are

249

00:11:52,910 --> 00:11:51,899

watching and um yeah I just I just don't

250

00:11:56,030 --> 00:11:52,920

know

251

00:11:57,110 --> 00:11:56,040

seven eleven seven eleven

252

00:11:59,090 --> 00:11:57,120

um now

253

00:12:01,790 --> 00:11:59,100

and um I've already texted him and

254

00:12:05,210 --> 00:12:01,800

called and have left plenty of messages

255

00:12:06,490 --> 00:12:05,220

I don't know that um sending one more is

256

00:12:09,350 --> 00:12:06,500

going to help

257

00:12:11,810 --> 00:12:09,360

I'm just hoping that if and when he gets

258

00:12:14,449 --> 00:12:11,820

a chance he gets to see this and uh

259

00:12:16,670 --> 00:12:14,459

and uh gets back to me but I did want to

260

00:12:18,710 --> 00:12:16,680

show I did want to start the show on

261

00:12:20,750 --> 00:12:18,720

time so that

262

00:12:23,329 --> 00:12:20,760

um you all know what's going on I didn't

263

00:12:25,550 --> 00:12:23,339

want to wait and for example he'd be

264

00:12:28,069 --> 00:12:25,560

7-Eleven and he's still not being live

265

00:12:30,769 --> 00:12:28,079

and maybe for those who were waiting

266

00:12:32,930 --> 00:12:30,779

wondering what in the world is going on

267

00:12:39,590 --> 00:12:32,940

at least you get uh to sit around with

268

00:12:43,250 --> 00:12:41,930

but yeah I'm glad

269

00:12:46,670 --> 00:12:43,260

um

270

00:12:49,009 --> 00:12:46,680

Ruben asked that question about that for

271

00:12:52,250 --> 00:12:49,019

those who don't know it's basically I

272

00:12:54,829 --> 00:12:52,260

believe a police officer's camera

273

00:12:57,350 --> 00:12:54,839

footage of something green

274

00:13:00,050 --> 00:12:57,360

falling and I'm hoping that that's what

275

00:13:02,410 --> 00:13:00,060

Reuben is referring to uh if not then

276

00:13:04,790 --> 00:13:02,420

I'm sorry if we're kind of

277

00:13:06,889 --> 00:13:04,800

mismatching communication and I'm not

278

00:13:08,990 --> 00:13:06,899

talking about the same thing but yeah

279

00:13:11,329 --> 00:13:09,000

the that whole

280

00:13:13,670 --> 00:13:11,339

the whole event I don't know it's there

281

00:13:16,009 --> 00:13:13,680

haven't been any more afterwards or at

282

00:13:18,230 --> 00:13:16,019

least that I know of to where of a

283

00:13:20,990 --> 00:13:18,240

sudden people start calling in and

284

00:13:22,850 --> 00:13:21,000

Reporting and going out out on YouTube

285

00:13:24,110 --> 00:13:22,860

in a video

286

00:13:26,569 --> 00:13:24,120

um

287

00:13:29,569 --> 00:13:26,579

you know that I just I would I would

288

00:13:32,030 --> 00:13:29,579

hate to have that kind of influx or that

289

00:13:35,389 --> 00:13:32,040

kind of inundation all out there because

290

00:13:37,370 --> 00:13:35,399

for those that are truly seeking if you

291

00:13:39,829 --> 00:13:37,380

have those that have been around for a

292

00:13:41,389 --> 00:13:39,839

long time talking and discussing the

293

00:13:43,430 --> 00:13:41,399

things that we all have been over the

294

00:13:46,190 --> 00:13:43,440

years and then you have all that flood

295

00:13:49,490 --> 00:13:46,200

of all that I guess

296

00:13:51,110 --> 00:13:49,500

lies or misinformation or click bait or

297

00:13:53,090 --> 00:13:51,120

whatever you want to call it uh that

298

00:13:54,889 --> 00:13:53,100

would really suck it'll be it'll be

299

00:13:57,650 --> 00:13:54,899

difficult to

300

00:14:00,230 --> 00:13:57,660

kind of for anyone that's new and you

301
00:14:02,269 --> 00:14:00,240
know and new and joining joining this

302
00:14:04,730 --> 00:14:02,279
group of ufologists it will be difficult

303
00:14:07,250 --> 00:14:04,740
to figure out who do I listen to or

304
00:14:10,550 --> 00:14:07,260
they'll start go down on the path listen

305
00:14:12,530 --> 00:14:10,560
to to one person after a while only to

306
00:14:20,509 --> 00:14:12,540
realize that they were being lied to or

307
00:14:24,610 --> 00:14:22,730
it seems that um

308
00:14:27,710 --> 00:14:24,620
when you think back on

309
00:14:31,930 --> 00:14:27,720
crop circles the crop circles have been

310
00:14:36,170 --> 00:14:31,940
having similar issues too because

311
00:14:39,230 --> 00:14:36,180
some of these crop circles are just

312
00:14:41,870 --> 00:14:39,240
um very awe-inspiring when you see them

313
00:14:43,610 --> 00:14:41,880

it's it's makes you wonder how can

314

00:14:47,210 --> 00:14:43,620

somebody create something like that

315

00:14:50,689 --> 00:14:47,220

overnight you know and when it came out

316

00:14:52,790 --> 00:14:50,699

that at least some of those were created

317

00:14:54,590 --> 00:14:52,800

by these two guys and using these wooden

318

00:14:57,110 --> 00:14:54,600

planks and rope and all this other stuff

319

00:14:58,790 --> 00:14:57,120

you know everyone immediately dismissed

320

00:15:01,610 --> 00:14:58,800

is like yep it's a hoax all right

321

00:15:03,350 --> 00:15:01,620

nothing nothing to look at anymore those

322

00:15:06,110 --> 00:15:03,360

the new better never gave up the

323

00:15:08,509 --> 00:15:06,120

research but it's that kind of thing

324

00:15:12,290 --> 00:15:08,519

that I'm talking about and hoping to to

325

00:15:14,150 --> 00:15:12,300

avoid when it comes to at least ufology

326

00:15:16,129 --> 00:15:14,160

especially

327

00:15:18,769 --> 00:15:16,139

whether whether this turns out with

328

00:15:21,170 --> 00:15:18,779

David to be um a huge nothing burger or

329

00:15:23,629 --> 00:15:21,180

some kind of planning or whatever at

330

00:15:26,569 --> 00:15:23,639

least I don't know it at least created

331

00:15:30,650 --> 00:15:26,579

some Buzz that I was hoping we could all

332

00:15:35,870 --> 00:15:32,329

um

333

00:15:37,430 --> 00:15:35,880

nope still checking nothing from Sean

334

00:15:38,329 --> 00:15:37,440

yet well

335

00:15:40,610 --> 00:15:38,339

um

336

00:15:42,590 --> 00:15:40,620

I don't know what is there anything else

337

00:15:44,930 --> 00:15:42,600

maybe some of you would like to discuss

338

00:15:46,730 --> 00:15:44,940

I know you'll you'll have joined in and

339

00:15:48,290 --> 00:15:46,740

so I don't want to waste your time we

340

00:15:50,569 --> 00:15:48,300

can we can at least spend this evening

341

00:15:52,970 --> 00:15:50,579

together

342

00:15:54,590 --> 00:15:52,980

let's see Bradley says edin did you

343

00:15:56,930 --> 00:15:54,600

manage to watch

344

00:15:59,449 --> 00:15:56,940

Greece to our presentation at the

345

00:16:00,949 --> 00:15:59,459

national press club on Monday that

346

00:16:04,189 --> 00:16:00,959

Antarctica

347

00:16:05,870 --> 00:16:04,199

accept your process is just like wow

348

00:16:08,150 --> 00:16:05,880

yeah well

349

00:16:11,750 --> 00:16:08,160

um no I did not get a chance to watch

350

00:16:14,150 --> 00:16:11,760

that either but uh let's see let me I'm

351

00:16:17,569 --> 00:16:14,160

glad I have my

352

00:16:19,310 --> 00:16:17,579

my web stuff open and let me let's play

353

00:16:21,590 --> 00:16:19,320

some of that that would be at least

354

00:16:26,870 --> 00:16:21,600

something worth uh

355

00:16:32,389 --> 00:16:28,850

all right let's get through all these

356

00:16:37,310 --> 00:16:35,449

maybe one day I don't know when but I'll

357

00:16:40,490 --> 00:16:37,320

have a producer where they can just cue

358

00:16:43,970 --> 00:16:40,500

this in for me and uh we can um

359

00:16:45,290 --> 00:16:43,980

have a more of a Flawless show but all

360

00:16:48,650 --> 00:16:45,300

right let me see here

361

00:16:48,660 --> 00:16:52,009

and

362

00:16:52,019 --> 00:16:56,410

get in here

363

00:17:02,090 --> 00:16:59,749

all right what I'm about to

364

00:17:05,809 --> 00:17:02,100

I'm glad that I had this ready

365

00:17:08,449 --> 00:17:05,819

there you go but I'm about to play is

366

00:17:10,189 --> 00:17:08,459

this this is I found this online and

367

00:17:12,770 --> 00:17:10,199

this was part of that excerpt that

368

00:17:15,049 --> 00:17:12,780

Bradley was talking about from this uh

369

00:17:17,449 --> 00:17:15,059

Greer's

370

00:17:20,630 --> 00:17:17,459

um national press

371

00:17:22,970 --> 00:17:20,640

that he had going on and so anyway

372

00:17:26,870 --> 00:17:22,980

let's just see what he has to say it's

373

00:17:29,210 --> 00:17:26,880

about five minutes long and uh

374

00:17:32,150 --> 00:17:29,220

it's unmute everything for everyone and

375

00:17:34,789 --> 00:17:33,650

I'm very happy that you're giving me

376

00:17:36,289 --> 00:17:34,799

this attention and this information

377

00:17:38,930 --> 00:17:36,299

attention because it needs to get out to

378

00:17:41,029 --> 00:17:38,940

the world I will start since we have to

379

00:17:42,529 --> 00:17:41,039

be brief I have already given all

380

00:17:44,630 --> 00:17:42,539

pertinent information and supporting

381

00:17:47,150 --> 00:17:44,640

documentation to the Senate intelligence

382

00:17:48,830 --> 00:17:47,160

committee and arrow they informed me

383

00:17:50,630 --> 00:17:48,840

that all of my information will be

384

00:17:53,750 --> 00:17:50,640

recorded for public record and shared

385

00:17:56,690 --> 00:17:53,760

with Congress it is that important

386

00:17:58,909 --> 00:17:56,700

in 2010 I was selected to go down to the

387

00:18:00,590 --> 00:17:58,919

South Pole station in Antarctica for an

388

00:18:02,029 --> 00:18:00,600

entire year by Raytheon polish Services

389

00:18:04,070 --> 00:18:02,039

as an employee of a third party

390

00:18:06,529 --> 00:18:04,080

contractor for the National Science

391

00:18:08,450 --> 00:18:06,539

Foundation I function in a dual role

392

00:18:10,730 --> 00:18:08,460

capacity as Tradesmen and a firefighter

393

00:18:13,070 --> 00:18:10,740

my responsibilities required me to be

394

00:18:15,049 --> 00:18:13,080

more informed than most of my crew and

395

00:18:16,850 --> 00:18:15,059

offered me complete access to the

396

00:18:18,350 --> 00:18:16,860

facilities

397

00:18:19,850 --> 00:18:18,360

what I learned from this unique

398

00:18:22,190 --> 00:18:19,860

experience needs to be shared with the

399

00:18:25,010 --> 00:18:22,200

entire world the technology at the South

400

00:18:27,890 --> 00:18:25,020

Pole station certainly can do what it is

401
00:18:30,409 --> 00:18:27,900
presented as its primary purposes and

402
00:18:32,570 --> 00:18:30,419
unfortunately much more

403
00:18:34,669 --> 00:18:32,580
the Ice Cube neutrino detector is

404
00:18:36,350 --> 00:18:34,679
presented as a passive listening device

405
00:18:38,450 --> 00:18:36,360
for the purposes of the science as

406
00:18:40,789 --> 00:18:38,460
presented but I'm going to skip right

407
00:18:43,270 --> 00:18:40,799
through the chase folks I have provided

408
00:18:45,950 --> 00:18:43,280
documentation that proves that the

409
00:18:47,330 --> 00:18:45,960
5160 what they call Doms that are

410
00:18:51,650 --> 00:18:47,340
embedded in the ice can actually

411
00:18:54,289 --> 00:18:51,660
transmit at 2047 volts each

412
00:18:56,450 --> 00:18:54,299
that gives us a long list of things to

413
00:18:58,370 --> 00:18:56,460

consider it is effectively a

414

00:19:01,070 --> 00:18:58,380

multi-faceted directed energy weapons

415

00:19:03,950 --> 00:19:01,080

platform that I will list rapidly a few

416

00:19:06,409 --> 00:19:03,960

things that it can do

417

00:19:08,870 --> 00:19:06,419

vehicle detection we're learning that

418

00:19:11,930 --> 00:19:08,880

these off-world craft on-world craft

419

00:19:14,450 --> 00:19:11,940

hours or other nations are also emitting

420

00:19:16,730 --> 00:19:14,460

neutrinos so this makes the South Pole

421

00:19:19,370 --> 00:19:16,740

station effectively an air traffic

422

00:19:22,070 --> 00:19:19,380

control station for this new level of

423

00:19:24,890 --> 00:19:22,080

equipment that nobody's discussing

424

00:19:27,350 --> 00:19:24,900

in addition to the ability to detect

425

00:19:29,330 --> 00:19:27,360

neutrinos and the Exotic vehicles

426

00:19:31,070 --> 00:19:29,340

I provide a documentation that shows

427

00:19:33,230 --> 00:19:31,080

that this is also a system for faster

428

00:19:36,830 --> 00:19:33,240

than light Communications in the past

429

00:19:39,169 --> 00:19:36,840

Gary McKinnon has hacked NASA found the

430

00:19:40,490 --> 00:19:39,179

off-world fleet the list of captains and

431

00:19:41,810 --> 00:19:40,500

it's apparent that if we have faster

432

00:19:43,190 --> 00:19:41,820

than light vehicles moving throughout

433

00:19:45,409 --> 00:19:43,200

this system we're going to need faster

434

00:19:47,810 --> 00:19:45,419

than light Communications this is that

435

00:19:47,820 --> 00:19:51,890

unfortunately I have other bad news

436

00:19:56,810 --> 00:19:54,590

the season that I was there 2010 to 2011

437

00:19:58,190 --> 00:19:56,820

we converted from construction to

438

00:20:01,610 --> 00:19:58,200

operations and maintenance in both the

439

00:20:03,350 --> 00:20:01,620

elevated station and the detector array

440

00:20:04,490 --> 00:20:03,360

unfortunately when they first fired it

441

00:20:06,409 --> 00:20:04,500

up

442

00:20:08,690 --> 00:20:06,419

that was when we had the earthquakes in

443

00:20:10,610 --> 00:20:08,700

Christchurch New Zealand there's two

444

00:20:12,710 --> 00:20:10,620

incidental shots before they were able

445

00:20:14,750 --> 00:20:12,720

to Target it correctly this is an

446

00:20:16,430 --> 00:20:14,760

earthquake generating device as well

447

00:20:17,990 --> 00:20:16,440

this is the weapons of war that we have

448

00:20:19,970 --> 00:20:18,000

to deal with now and what raytheon's

449

00:20:22,070 --> 00:20:19,980

hiding

450

00:20:24,590 --> 00:20:22,080

there's an elf system at the South Pole

451
00:20:26,270 --> 00:20:24,600
station when I was arrived I was told it

452
00:20:28,850 --> 00:20:26,280
was off dismantled and completely

453
00:20:30,470 --> 00:20:28,860
defunct in my work I will rapidly just

454
00:20:32,750 --> 00:20:30,480
tell you I had to figure out the

455
00:20:34,370 --> 00:20:32,760
circuitry for certain other repairs and

456
00:20:36,409 --> 00:20:34,380
I found that this system is in fact

457
00:20:38,330 --> 00:20:36,419
completely energized up and running and

458
00:20:41,870 --> 00:20:38,340
being utilized with the other systems

459
00:20:45,049 --> 00:20:41,880
for nefarious purposes as well

460
00:20:46,250 --> 00:20:45,059
the atmospheric research Observatory is

461
00:20:48,830 --> 00:20:46,260
uh

462
00:20:52,070 --> 00:20:48,840
in what we call the Clean Air sector I

463
00:20:54,409 --> 00:20:52,080

witnessed myself a very powerful green

464

00:20:58,010 --> 00:20:54,419

laser shooting out of the top of this

465

00:21:00,230 --> 00:20:58,020

facility into the cosmos

466

00:21:03,049 --> 00:21:00,240

this I believe is a secondary form of

467

00:21:04,730 --> 00:21:03,059

long-range Communications and or a

468

00:21:06,470 --> 00:21:04,740

defense system

469

00:21:08,210 --> 00:21:06,480

I am not saying that we need to be

470

00:21:09,710 --> 00:21:08,220

scared of anything that's out there but

471

00:21:12,650 --> 00:21:09,720

please understand the military

472

00:21:15,289 --> 00:21:12,660

industrial complex is happy to invest

473

00:21:20,090 --> 00:21:15,299

all of your money in alleviating their

474

00:21:24,169 --> 00:21:22,430

a question of power comes into play for

475

00:21:26,750 --> 00:21:24,179

all of these facilities that are present

476
00:21:28,190 --> 00:21:26,760
I assure you I knew what was going on I

477
00:21:31,789 --> 00:21:28,200
knew the load demands of the facility

478
00:21:33,470 --> 00:21:31,799
and all of these new items exceed the

479
00:21:34,669 --> 00:21:33,480
demand for the systems that I was

480
00:21:36,890 --> 00:21:34,679
presented

481
00:21:39,350 --> 00:21:36,900
by of doing due diligence and research I

482
00:21:41,930 --> 00:21:39,360
believe there's either a secondary power

483
00:21:45,890 --> 00:21:41,940
supply there that is either nuclear that

484
00:21:47,990 --> 00:21:45,900
uh was there prior to the start of the

485
00:21:50,390 --> 00:21:48,000
Antarctic treaty which prohibits such

486
00:21:53,630 --> 00:21:50,400
things and or that there is some sort of

487
00:21:55,190 --> 00:21:53,640
exotic uh power supply system there that

488
00:21:57,230 --> 00:21:55,200

just is not in the verbiage of the

489

00:22:03,529 --> 00:21:57,240

treaty so it negates the responsibility

490

00:22:08,149 --> 00:22:05,450

I think that pretty much covers it for

491

00:22:10,070 --> 00:22:08,159

time if anybody if anybody wants to find

492

00:22:12,470 --> 00:22:10,080

out more I have a website where all this

493

00:22:14,210 --> 00:22:12,480

information is at for brevity I'll wrap

494

00:22:16,130 --> 00:22:14,220

it up but you can go to deciphering.tv

495

00:22:22,789 --> 00:22:16,140

I've documented all this stuff and

496

00:22:22,799 --> 00:22:28,610

Okay so there was

497

00:22:34,430 --> 00:22:31,490

I guess that was an excerpt of what was

498

00:22:35,810 --> 00:22:34,440

discussed at least from uh from this

499

00:22:40,010 --> 00:22:35,820

gentleman's

500

00:22:43,490 --> 00:22:40,020

uh presentation but I'm confused um so

501
00:22:46,010 --> 00:22:43,500
obviously I'm no expert when it comes to

502
00:22:48,549 --> 00:22:46,020
ham radio operation and I'm also

503
00:22:51,470 --> 00:22:48,559
although I'm ham radio out you know

504
00:22:53,090 --> 00:22:51,480
licensed and I've been into it for a

505
00:22:54,409 --> 00:22:53,100
while I can't say that I know everything

506
00:22:56,270 --> 00:22:54,419
but

507
00:22:59,149 --> 00:22:56,280
when he was talking about elf

508
00:23:01,010 --> 00:22:59,159
Communications that

509
00:23:03,529 --> 00:23:01,020
obviously he was talking about the other

510
00:23:06,230 --> 00:23:03,539
exotic stuff which is fine you know and

511
00:23:09,350 --> 00:23:06,240
how that functions I don't know but elf

512
00:23:10,490 --> 00:23:09,360
is something that they tried a long time

513
00:23:13,610 --> 00:23:10,500

ago

514

00:23:16,430 --> 00:23:13,620

um well 70s if not a bit earlier and

515

00:23:18,890 --> 00:23:16,440

this was basically it's uh like

516

00:23:23,510 --> 00:23:18,900

extremely

517

00:23:27,049 --> 00:23:23,520

believe it stands for it's it's within

518

00:23:30,049 --> 00:23:27,059

that three to 30 Hertz range and it was

519

00:23:32,029 --> 00:23:30,059

supposed to basically use the the if I

520

00:23:34,970 --> 00:23:32,039

if I remember this correctly use the

521

00:23:37,970 --> 00:23:34,980

Resonance of the earth to basically then

522

00:23:39,950 --> 00:23:37,980

send signals to submarines and they were

523

00:23:41,270 --> 00:23:39,960

working on more efficient ways trying to

524

00:23:44,270 --> 00:23:41,280

figure out

525

00:23:45,710 --> 00:23:44,280

um you know kind of what you know what

526

00:23:48,470 --> 00:23:45,720

would be the best way

527

00:23:50,450 --> 00:23:48,480

um to to communicate without the having

528

00:23:52,490 --> 00:23:50,460

the submarines come up to the surface

529

00:23:54,710 --> 00:23:52,500

which would put them in danger and so

530

00:23:56,630 --> 00:23:54,720

they would have to have this huge tether

531

00:23:59,810 --> 00:23:56,640

coming up in the back of the submarine

532

00:24:02,450 --> 00:23:59,820

to then basically pick up uh or send the

533

00:24:04,970 --> 00:24:02,460

signals but if I'm not mistaken the way

534

00:24:07,789 --> 00:24:04,980

it works it was so inefficient that

535

00:24:09,950 --> 00:24:07,799

within like half an hour you would you

536

00:24:11,090 --> 00:24:09,960

could only really send like two three

537

00:24:13,370 --> 00:24:11,100

characters

538

00:24:17,230 --> 00:24:13,380

you know and so

539

00:24:21,470 --> 00:24:17,240

um from what I understand there's one in

540

00:24:24,590 --> 00:24:21,480

uh Wisconsin a installation that was

541

00:24:26,390 --> 00:24:24,600

kind of set up and it worked for a

542

00:24:29,149 --> 00:24:26,400

little bit there was huge backlash and

543

00:24:30,890 --> 00:24:29,159

they kind of dismantled it now I think

544

00:24:32,029 --> 00:24:30,900

you can go there and check it out and

545

00:24:34,730 --> 00:24:32,039

look at it

546

00:24:37,850 --> 00:24:34,740

but uh you know other than that

547

00:24:40,130 --> 00:24:37,860

um you know I don't know why they would

548

00:24:41,630 --> 00:24:40,140

still have an elf system set up

549

00:24:44,750 --> 00:24:41,640

especially if we're talking about

550

00:24:46,730 --> 00:24:44,760

something that inefficient to to

551
00:24:49,010 --> 00:24:46,740
communicate or do any kind of these

552
00:24:50,270 --> 00:24:49,020
intricate Communications I would think

553
00:24:54,049 --> 00:24:50,280
it would have to be something more

554
00:24:56,029 --> 00:24:54,059
exotic so Essie's mentioned but why they

555
00:25:06,110 --> 00:24:56,039
have would have Elf in addition to that

556
00:25:10,370 --> 00:25:07,669
okay

557
00:25:23,169 --> 00:25:10,380
um Let me give me one quick second I got

558
00:25:29,149 --> 00:25:26,810
okay I'm sorry for those uh that just

559
00:25:30,769 --> 00:25:29,159
also only listening I'm actually just

560
00:25:32,210 --> 00:25:30,779
reading the text right now trying to

561
00:25:34,430 --> 00:25:32,220
figure out

562
00:25:39,049 --> 00:25:34,440
um about how it's looking whether or not

563
00:25:43,370 --> 00:25:40,789

um I think it's probably at this point

564

00:25:45,289 --> 00:25:43,380

uh just he looks like he's got some

565

00:25:47,450 --> 00:25:45,299

other things going on at this point I

566

00:25:49,430 --> 00:25:47,460

hope we can maybe

567

00:25:51,769 --> 00:25:49,440

um just reschedule it when he's more

568

00:25:54,169 --> 00:25:51,779

ready because I don't know he was just

569

00:25:57,769 --> 00:25:54,179

able to respond but I don't know that

570

00:26:01,430 --> 00:25:57,779

he's ready to to get on on on Skype and

571

00:26:03,830 --> 00:26:01,440

be seen and talk to us so okay well at

572

00:26:07,070 --> 00:26:03,840

least there's there's been a unforeseen

573

00:26:08,630 --> 00:26:07,080

hold up and so that's the explanation I

574

00:26:09,590 --> 00:26:08,640

can give you right now

575

00:26:11,450 --> 00:26:09,600

um just

576

00:26:13,730 --> 00:26:11,460

all different kind of things going on

577

00:26:15,649 --> 00:26:13,740

with uh with work and other things he

578

00:26:17,029 --> 00:26:15,659

had we had schedules so again I

579

00:26:18,890 --> 00:26:17,039

apologize

580

00:26:20,690 --> 00:26:18,900

um I've got to meet Shawn he's pretty

581

00:26:23,029 --> 00:26:20,700

cool dude and I know he wouldn't do this

582

00:26:25,730 --> 00:26:23,039

on purpose so uh when he says he's sorry

583

00:26:27,890 --> 00:26:25,740

I wholeheartedly believe it so

584

00:26:29,990 --> 00:26:27,900

um I hope for those of you watching that

585

00:26:32,810 --> 00:26:30,000

we can then reschedule an interview with

586

00:26:34,909 --> 00:26:32,820

them uh maybe some other time I'll see

587

00:26:38,149 --> 00:26:34,919

when he would be available and you'll

588

00:26:45,049 --> 00:26:38,159

know when I put up the the live stream

589

00:26:54,890 --> 00:26:48,529

um

590

00:26:57,830 --> 00:26:54,900

now he's saying he could possibly be on

591

00:27:00,710 --> 00:26:57,840

informed so let me put you all on hold I

592

00:27:01,730 --> 00:27:00,720

apologize for that and um I'll we'll see

593

00:27:06,409 --> 00:27:01,740

what

594

00:27:09,110 --> 00:27:06,419

back uh and it will be a no or I'll come

595

00:27:12,230 --> 00:27:09,120

back with him online so uh sit tight

596

00:27:12,240 --> 00:32:50,389

foreign

597

00:32:58,970 --> 00:32:55,549

all right uh who almost uh hits uh stop

598

00:33:01,730 --> 00:32:58,980

on the the button for for streaming okay

599

00:33:03,529 --> 00:33:01,740

all right well Sean is on with me I'm

600

00:33:04,789 --> 00:33:03,539

excited to be able to tell you that so

601
00:33:08,149 --> 00:33:04,799
we don't have to postpone for another

602
00:33:11,389 --> 00:33:08,159
time and uh anyway so let me bring him

603
00:33:14,570 --> 00:33:11,399
in and we can get this started

604
00:33:17,750 --> 00:33:14,580
uh here we go Sean how you doing

605
00:33:19,669 --> 00:33:17,760
I'm doing well Edna sorry I'm late oh no

606
00:33:22,610 --> 00:33:19,679
problem at all I'm I'm glad you'll be

607
00:33:23,570 --> 00:33:22,620
able to still get back to me and um I've

608
00:33:25,250 --> 00:33:23,580
actually

609
00:33:26,930 --> 00:33:25,260
um got to try out something brand new

610
00:33:29,090 --> 00:33:26,940
today or at least I should say brand new

611
00:33:31,730 --> 00:33:29,100
to me because I was trying to figure out

612
00:33:33,649 --> 00:33:31,740
how can I still bring you in while you

613
00:33:35,330 --> 00:33:33,659

know I'm displaying some screen out

614

00:33:37,610 --> 00:33:35,340

there for somebody to you know to hold

615

00:33:40,070 --> 00:33:37,620

tight and wait for you so anyway

616

00:33:42,350 --> 00:33:40,080

um learn something new every day so uh

617

00:33:44,570 --> 00:33:42,360

Sean I'm I'm very happy to talk to you

618

00:33:46,310 --> 00:33:44,580

again I know it's been a while it looks

619

00:33:47,289 --> 00:33:46,320

like you cut your hair since I've seen

620

00:33:51,409 --> 00:33:47,299

you last

621

00:33:54,850 --> 00:33:51,419

oh no yeah Forest is gonna be destroyed

622

00:33:57,230 --> 00:33:54,860

because you're not just a Momoa anymore

623

00:33:59,090 --> 00:33:57,240

that's a little inside joke that we had

624

00:34:00,950 --> 00:33:59,100

at the conference because uh Sean was

625

00:34:02,389 --> 00:34:00,960

one of the keynote speakers there and it

626

00:34:05,090 --> 00:34:02,399

was great presentation very well

627

00:34:07,070 --> 00:34:05,100

received so again I'm glad you were

628

00:34:09,829 --> 00:34:07,080

there glad we're able to make it uh and

629

00:34:12,349 --> 00:34:09,839

and present so Sean the the reason why I

630

00:34:14,810 --> 00:34:12,359

wanted you on today and to basically

631

00:34:16,190 --> 00:34:14,820

just from your perspective kind of uh

632

00:34:18,710 --> 00:34:16,200

talk to us about

633

00:34:22,129 --> 00:34:18,720

um uh it's a David grush

634

00:34:25,310 --> 00:34:22,139

Cruise yes okay okay uh David grush to

635

00:34:27,950 --> 00:34:25,320

basically just um uh he's kind of new to

636

00:34:29,930 --> 00:34:27,960

everyone in in ufology or at least on

637

00:34:31,909 --> 00:34:29,940

our end here and so

638

00:34:33,649 --> 00:34:31,919

um I'm sorry that that I have to talk to

639

00:34:36,349 --> 00:34:33,659

you or ask you to kind of fill in the

640

00:34:38,810 --> 00:34:36,359

gaps but everyone as you've seen is kind

641

00:34:40,849 --> 00:34:38,820

of going crazy the other he's a shell or

642

00:34:43,730 --> 00:34:40,859

he's the he's the real deal and everyone

643

00:34:45,950 --> 00:34:43,740

else in support or not basically you you

644

00:34:47,869 --> 00:34:45,960

know me I'm your friend so basically

645

00:34:49,550 --> 00:34:47,879

just wanted to hear from you and what

646

00:34:51,230 --> 00:34:49,560

your thoughts are regarding this this

647

00:34:52,669 --> 00:34:51,240

whole thing and I hope you don't mind

648

00:34:54,230 --> 00:34:52,679

that if we take some questions from

649

00:34:56,869 --> 00:34:54,240

people later on

650

00:34:58,790 --> 00:34:56,879

sure okay first let me say that Dave

651
00:35:00,770 --> 00:34:58,800
groosh is a friend and a colleague um

652
00:35:02,030 --> 00:35:00,780
we've met and we've worked together he

653
00:35:03,349 --> 00:35:02,040
has a long and distinguished career in

654
00:35:05,930 --> 00:35:03,359
the United States military and in

655
00:35:08,510 --> 00:35:05,940
government service and he was tasked to

656
00:35:11,270 --> 00:35:08,520
investigate this phenomenon on behalf of

657
00:35:13,490 --> 00:35:11,280
the uaptf and he did so to the best of

658
00:35:16,130 --> 00:35:13,500
his ability now his professional Acumen

659
00:35:18,770 --> 00:35:16,140
is absolutely up to the task for this

660
00:35:20,630 --> 00:35:18,780
he made made the rounds of every aspect

661
00:35:23,150 --> 00:35:20,640
of this that he could uh from my

662
00:35:24,530 --> 00:35:23,160
understanding and his conclusions are

663
00:35:26,030 --> 00:35:24,540

conclusions that are held by a great

664

00:35:29,569 --> 00:35:26,040

many people who have studied this in the

665

00:35:31,069 --> 00:35:29,579

same manner so I find it very strange

666

00:35:33,230 --> 00:35:31,079

um the amount of people from within the

667

00:35:36,410 --> 00:35:33,240

community who have a Bonafide

668

00:35:39,770 --> 00:35:36,420

whistleblower who is saying I have been

669

00:35:42,950 --> 00:35:39,780

a party to this investigation

670

00:35:44,510 --> 00:35:42,960

yes the evidence is not as um as Earth

671

00:35:47,150 --> 00:35:44,520

shattering that I'm presenting right now

672

00:35:49,130 --> 00:35:47,160

however I do know where to look and I do

673

00:35:51,710 --> 00:35:49,140

know who to talk to to go and find these

674

00:35:54,230 --> 00:35:51,720

these programs and these these uh get to

675

00:35:56,450 --> 00:35:54,240

the bottom of many of these Urban myths

676
00:35:59,390 --> 00:35:56,460
and legends that surround all of this uh

677
00:36:01,190 --> 00:35:59,400
this topic so I find that very

678
00:36:03,290 --> 00:36:01,200
surprising the fact is is that amongst

679
00:36:05,089 --> 00:36:03,300
our circles David grush is a highly

680
00:36:06,890 --> 00:36:05,099
respected individual

681
00:36:09,710 --> 00:36:06,900
um a professional who who's Beyond

682
00:36:10,730 --> 00:36:09,720
reproach and the ad hominem attacks and

683
00:36:12,589 --> 00:36:10,740
things that have been leveled against

684
00:36:15,410 --> 00:36:12,599
him have have been

685
00:36:16,910 --> 00:36:15,420
frankly silly but I do have to say that

686
00:36:18,410 --> 00:36:16,920
within the last couple of weeks it's

687
00:36:20,630 --> 00:36:18,420
been very telling to me that when I

688
00:36:23,810 --> 00:36:20,640

688 speak to television producers who are

689

00:36:27,950 --> 00:36:23,820

interested in in a response such as this

690

00:36:29,750 --> 00:36:27,960

that the pre-call is uh is is excellent

691

00:36:31,190 --> 00:36:29,760

a lot of communication going back and

692

00:36:33,349 --> 00:36:31,200

forth a great deal of pragmatic

693

00:36:36,710 --> 00:36:33,359

understanding but by the time we get on

694

00:36:39,109 --> 00:36:36,720

the call the um the interviewer has has

695

00:36:41,210 --> 00:36:39,119

a different slant or you know

696

00:36:43,910 --> 00:36:41,220

re-stigmatizing sticking with the jokes

697

00:36:46,010 --> 00:36:43,920

kind of thing so while we've seen a lot

698

00:36:48,589 --> 00:36:46,020

of very serious

699

00:36:50,630 --> 00:36:48,599

um response to this there's still a lot

700

00:36:52,790 --> 00:36:50,640

of the same old same old going on and we

701
00:36:55,510 --> 00:36:52,800
need to break through that to get into a

702
00:36:58,010 --> 00:36:55,520
real investigation about this

703
00:37:00,050 --> 00:36:58,020
well you know Sean what I was thinking

704
00:37:00,950 --> 00:37:00,060
when I first saw that and I made the

705
00:37:03,109 --> 00:37:00,960
statement

706
00:37:07,490 --> 00:37:03,119
um you know uh on on the show here is

707
00:37:09,290 --> 00:37:07,500
that so if he was a somebody not to be

708
00:37:11,329 --> 00:37:09,300
listened to you know

709
00:37:14,690 --> 00:37:11,339
um not saying we should put so much

710
00:37:17,210 --> 00:37:14,700
faith into Congress but to be to be

711
00:37:19,849 --> 00:37:17,220
somebody that has basically

712
00:37:22,550 --> 00:37:19,859
um uh of what is the word called um

713
00:37:25,010 --> 00:37:22,560

deposition by Congress right uh to talk

714

00:37:28,790 --> 00:37:25,020

to talk to him about this to be you know

715

00:37:30,770 --> 00:37:28,800

somebody then in uh in intelligence and

716

00:37:32,930 --> 00:37:30,780

have all these higher ups basically

717

00:37:35,270 --> 00:37:32,940

listen to him behind closed doors you

718

00:37:37,910 --> 00:37:35,280

know that is the the difference that

719

00:37:39,710 --> 00:37:37,920

it's like okay if he's uh if he's just a

720

00:37:42,109 --> 00:37:39,720

nobody why would they spend the time

721

00:37:44,990 --> 00:37:42,119

even listening to him you know not

722

00:37:47,630 --> 00:37:45,000

that's a fantastic point

723

00:37:49,130 --> 00:37:47,640

right and so the fact is he's passed all

724

00:37:51,589 --> 00:37:49,140

those checks and balances he has

725

00:37:54,290 --> 00:37:51,599

testified for hours in front of Congress

726

00:37:55,910 --> 00:37:54,300

he's passed lobster he's the the the

727

00:37:58,370 --> 00:37:55,920

Department of Defense has already

728

00:38:02,210 --> 00:37:58,380

indicated that his complaints are

729

00:38:03,530 --> 00:38:02,220

merited and it's it's frankly ridiculous

730

00:38:05,270 --> 00:38:03,540

and I'll call it out that people are

731

00:38:08,870 --> 00:38:05,280

calling out his his current profession

732

00:38:10,550 --> 00:38:08,880

in real estate or the fact that

733

00:38:12,290 --> 00:38:10,560

um other aspects of this they're cherry

734

00:38:13,910 --> 00:38:12,300

picking and to try to invalidate the

735

00:38:16,069 --> 00:38:13,920

whole thing frankly I think whomever

736

00:38:17,750 --> 00:38:16,079

this opposition is whether they're

737

00:38:22,030 --> 00:38:17,760

independent or organized is Running

738

00:38:28,250 --> 00:38:24,530

I wanted to

739

00:38:31,250 --> 00:38:28,260

when you know uh something about why him

740

00:38:33,050 --> 00:38:31,260

right because uh I think forgive me I

741

00:38:34,370 --> 00:38:33,060

don't know all the uh I'm not too

742

00:38:36,109 --> 00:38:34,380

familiar with all the interviews you've

743

00:38:37,970 --> 00:38:36,119

done there was one that I caught where

744

00:38:41,210 --> 00:38:37,980

somebody was making the argument about

745

00:38:43,190 --> 00:38:41,220

the 80 years uh nobody coming forward or

746

00:38:45,530 --> 00:38:43,200

something and you very eloquently you

747

00:38:48,050 --> 00:38:45,540

know corrected them you know I forgot

748

00:38:50,750 --> 00:38:48,060

what was it what was it was that news

749

00:38:53,990 --> 00:38:50,760

nation was it CBS I forgot what

750

00:38:55,970 --> 00:38:54,000

that was a news Nation uh with Leland uh

751

00:38:57,829 --> 00:38:55,980

okay and and yes I I

752

00:38:59,210 --> 00:38:57,839

I know exactly what you're where you're

753

00:39:03,730 --> 00:38:59,220

coming from here

754

00:39:05,930 --> 00:39:03,740

um why Dave why now Etc the why now part

755

00:39:07,310 --> 00:39:05,940

as you and I know as people who've

756

00:39:11,150 --> 00:39:07,320

studied this people have been coming out

757

00:39:13,609 --> 00:39:11,160

and have have unofficially blown the

758

00:39:16,370 --> 00:39:13,619

whistle numerous times

759

00:39:17,990 --> 00:39:16,380

um to my knowledge Mr Gersh is one of

760

00:39:20,270 --> 00:39:18,000

the first people to enact legal

761

00:39:23,750 --> 00:39:20,280

whistleblower protections and position

762

00:39:25,730 --> 00:39:23,760

himself properly to ensure that what he

763

00:39:28,190 --> 00:39:25,740

presented is not invalidated due to

764

00:39:32,150 --> 00:39:28,200

leaks or hearsay or entertainment value

765

00:39:33,890 --> 00:39:32,160

first so first of all why Dave grush

766

00:39:36,370 --> 00:39:33,900

because he's the first person to my

767

00:39:39,050 --> 00:39:36,380

knowledge that has had the proper Acumen

768

00:39:40,370 --> 00:39:39,060

bonafides and has carried out an

769

00:39:42,109 --> 00:39:40,380

investigation for the United States

770

00:39:45,349 --> 00:39:42,119

government and who understood The

771

00:39:47,089 --> 00:39:45,359

Whistleblower protection act so I think

772

00:39:49,790 --> 00:39:47,099

that this was a very rare set of

773

00:39:52,430 --> 00:39:49,800

circumstances but I also think that Mr

774

00:39:55,430 --> 00:39:52,440

Mr Grouch is a crowbar the fact is is

775

00:39:58,250 --> 00:39:55,440

there are people out there who have

776

00:40:00,589 --> 00:39:58,260

information on these programs who don't

777

00:40:02,510 --> 00:40:00,599

feel that they would be protected under

778

00:40:04,490 --> 00:40:02,520

these whistleblower acts and things if

779

00:40:06,470 --> 00:40:04,500

they were to come out with the the

780

00:40:08,810 --> 00:40:06,480

evidence that everyone assumed Mr gross

781

00:40:13,190 --> 00:40:08,820

was going to going to present

782

00:40:15,230 --> 00:40:13,200

so we need our our legislators and our

783

00:40:17,390 --> 00:40:15,240

government to to ensure

784

00:40:19,609 --> 00:40:17,400

beyond a shadow of the of a doubt that

785

00:40:21,109 --> 00:40:19,619

regardless of the the level of

786

00:40:22,790 --> 00:40:21,119

understanding of a program whether it's

787

00:40:24,890 --> 00:40:22,800

a special Access program whether it's

788

00:40:27,410 --> 00:40:24,900

something that's just

789

00:40:31,010 --> 00:40:27,420

um TS SEI or something like that

790

00:40:33,050 --> 00:40:31,020

these people if they feel the same way

791

00:40:35,810 --> 00:40:33,060

that Mr grush does that a

792

00:40:37,970 --> 00:40:35,820

a a Injustice has been done to the

793

00:40:40,609 --> 00:40:37,980

American people in the world at Large

794

00:40:44,329 --> 00:40:40,619

these people are waiting to have those

795

00:40:49,130 --> 00:40:46,730

you know Sean Also regarding that I was

796

00:40:50,990 --> 00:40:49,140

uh one thought that came to mind because

797

00:40:53,630 --> 00:40:51,000

because there were so many other

798

00:40:55,550 --> 00:40:53,640

whistleblowers that come forward at the

799

00:40:58,010 --> 00:40:55,560

work kernels that were you know in

800

00:41:00,230 --> 00:40:58,020

government you yourself prior to this

801
00:41:03,230 --> 00:41:00,240
you know but I guess the difference and

802
00:41:05,690 --> 00:41:03,240
unless I'm mistaken about you because of

803
00:41:08,450 --> 00:41:05,700
his connection and because just recently

804
00:41:10,370 --> 00:41:08,460
Congress listened to him and all of that

805
00:41:12,290 --> 00:41:10,380
stuff that was basically pushed through

806
00:41:14,810 --> 00:41:12,300
the Senate and all that you know these

807
00:41:16,730 --> 00:41:14,820
different builds you know regarding you

808
00:41:19,370 --> 00:41:16,740
know the Tic Tac and all the new new

809
00:41:21,170 --> 00:41:19,380
changes now that came about you know um

810
00:41:22,609 --> 00:41:21,180
I think that's why I'm more focused on

811
00:41:24,829 --> 00:41:22,619
him as opposed to every other

812
00:41:26,450 --> 00:41:24,839
whistleblower that has come forward uh

813
00:41:29,150 --> 00:41:26,460

prior to him

814

00:41:30,650 --> 00:41:29,160

oh I I would agree and I would I if I'm

815

00:41:31,790 --> 00:41:30,660

wrong I look forward to being corrected

816

00:41:34,550 --> 00:41:31,800

but

817

00:41:36,650 --> 00:41:34,560

um we have in in David grush an official

818

00:41:39,050 --> 00:41:36,660

whistleblower not just a person who may

819

00:41:40,970 --> 00:41:39,060

have called a radio station or a um a

820

00:41:43,550 --> 00:41:40,980

television show or a journalist while

821

00:41:46,910 --> 00:41:43,560

those are whistleblowers in spirit

822

00:41:49,970 --> 00:41:46,920

they're not protected and that means

823

00:41:51,589 --> 00:41:49,980

that the legislative process has nowhere

824

00:41:54,230 --> 00:41:51,599

for them to fit in and they're they're

825

00:41:55,550 --> 00:41:54,240

very easily discarded and I think we've

826

00:41:56,990 --> 00:41:55,560

seen that over the course of 80 years

827

00:41:59,390 --> 00:41:57,000

and I think that's why it's so pivotal

828

00:42:01,370 --> 00:41:59,400

that people like Mr Grouch do enact

829

00:42:04,730 --> 00:42:01,380

these protections and and fall under the

830

00:42:07,609 --> 00:42:04,740

the legal guidelines of them

831

00:42:09,650 --> 00:42:07,619

well um Sean Let's uh I guess let's get

832

00:42:11,390 --> 00:42:09,660

into some of these questions that have

833

00:42:13,190 --> 00:42:11,400

um you know have people submit them and

834

00:42:14,870 --> 00:42:13,200

see they might ask something that I

835

00:42:16,190 --> 00:42:14,880

don't know how to

836

00:42:18,230 --> 00:42:16,200

um but as always

837

00:42:20,569 --> 00:42:18,240

um everyone that follows this channel uh

838

00:42:22,550 --> 00:42:20,579

knows please keep it respectful um if

839

00:42:24,710 --> 00:42:22,560

it's something that uh

840

00:42:26,690 --> 00:42:24,720

um you know you're trying to be rude

841

00:42:29,329 --> 00:42:26,700

about some things uh obviously I would

842

00:42:31,790 --> 00:42:29,339

not ask the question but everything else

843

00:42:35,750 --> 00:42:31,800

obviously is welcome as long as it's

844

00:42:38,630 --> 00:42:35,760

respectful so please on um telegram or

845

00:42:40,790 --> 00:42:38,640

on the chat rooms themselves submit your

846

00:42:43,250 --> 00:42:40,800

question if you're in chat uh please put

847

00:42:45,470 --> 00:42:43,260

three asterisks before the question so

848

00:42:47,510 --> 00:42:45,480

that way I know it's meant for Sean if

849

00:42:49,790 --> 00:42:47,520

you are in telegram simply raise your

850

00:42:51,349 --> 00:42:49,800

hand and I'll bring you in that way and

851

00:42:53,810 --> 00:42:51,359

Sean will be able to hear you and talk

852

00:42:55,069 --> 00:42:53,820

to you that way so while we're waiting

853

00:42:59,870 --> 00:42:55,079

for

854

00:43:01,609 --> 00:42:59,880

that was done prior it says uh this was

855

00:43:05,809 --> 00:43:01,619

submitted

856

00:43:07,790 --> 00:43:05,819

by by Bradley so I'll ask again I had

857

00:43:10,970 --> 00:43:07,800

read it earlier it says question for

858

00:43:14,329 --> 00:43:10,980

Sean uh I would love to know uh grush's

859

00:43:16,309 --> 00:43:14,339

angle uh how come this guy's story was

860

00:43:19,309 --> 00:43:16,319

allowed to be public seems a bit

861

00:43:22,130 --> 00:43:19,319

convenient is groosh a smoke screen for

862

00:43:26,930 --> 00:43:23,690

um I would discard most of the language

863

00:43:28,670 --> 00:43:26,940

used in that and use different language

864

00:43:30,589 --> 00:43:28,680

um there's a lot of language indicative

865

00:43:31,910 --> 00:43:30,599

of an opinion in there

866

00:43:33,829 --> 00:43:31,920

um I don't believe Mr Grouch has an

867

00:43:35,809 --> 00:43:33,839

angle I believe as I said earlier Mr

868

00:43:37,970 --> 00:43:35,819

Goose is a professional who carried out

869

00:43:40,550 --> 00:43:37,980

an investigation that he feels needs to

870

00:43:42,109 --> 00:43:40,560

be brought to a a wider audience that

871

00:43:45,230 --> 00:43:42,119

the checks and balances in place were

872

00:43:48,170 --> 00:43:45,240

not being attended to and that Mr Grouch

873

00:43:50,690 --> 00:43:48,180

is a patriot uh Mr grushes as I will

874

00:43:52,670 --> 00:43:50,700

keep repeating a professional and so

875

00:43:54,109 --> 00:43:52,680

when he saw the need to say something he

876

00:43:55,849 --> 00:43:54,119

did and he did it the proper way through

877

00:44:00,829 --> 00:43:55,859

the proper channels so that now it's in

878

00:44:04,849 --> 00:44:03,230

okay I'm sorry yeah I know you can't see

879

00:44:06,349 --> 00:44:04,859

me I'm I'm just kind of skimming through

880

00:44:08,210 --> 00:44:06,359

and seeing what's what's the next

881

00:44:09,710 --> 00:44:08,220

question I apologize

882

00:44:10,910 --> 00:44:09,720

um just a little bit of multitasking

883

00:44:16,030 --> 00:44:10,920

here

884

00:44:22,970 --> 00:44:18,370

Okay so

885

00:44:26,630 --> 00:44:25,250

um I suck at reading things fast so it's

886

00:44:28,430 --> 00:44:26,640

difficult for me to figure out whether

887

00:44:30,710 --> 00:44:28,440

or not this question I should be asking

888

00:44:33,349 --> 00:44:30,720

he's saying um

889

00:44:35,630 --> 00:44:33,359

uh Sean uh just be real for a second

890

00:44:38,329 --> 00:44:35,640

what kind of protection can be offered

891

00:44:40,730 --> 00:44:38,339

when dealing with a group which has

892

00:44:44,410 --> 00:44:40,740

Limitless funding in your opinion is

893

00:44:46,670 --> 00:44:44,420

there a strong enough mechanism

894

00:44:48,050 --> 00:44:46,680

and then I'm not aware of the group of

895

00:44:49,609 --> 00:44:48,060

Limitless funding that he's talking

896

00:44:52,190 --> 00:44:49,619

about

897

00:44:54,530 --> 00:44:52,200

um that's an assumption too far for me

898

00:44:55,849 --> 00:44:54,540

so I I think that what I what I would

899

00:44:57,890 --> 00:44:55,859

say is the same thing I would say to

900

00:45:00,530 --> 00:44:57,900

anybody is that we have to operate with

901
00:45:02,150 --> 00:45:00,540
the tools that we have within the system

902
00:45:04,370 --> 00:45:02,160
that we have

903
00:45:07,970 --> 00:45:04,380
so far going outside the system has

904
00:45:10,370 --> 00:45:07,980
proved to be a bridge too far for all of

905
00:45:12,770 --> 00:45:10,380
us so I do believe that utilizing the

906
00:45:14,089 --> 00:45:12,780
system as we are is the right way to go

907
00:45:17,390 --> 00:45:14,099
right

908
00:45:20,990 --> 00:45:17,400
and so would there be if any because I

909
00:45:22,490 --> 00:45:21,000
know I saw it was a while back that I

910
00:45:25,190 --> 00:45:22,500
could be mistaken I don't know if you

911
00:45:28,130 --> 00:45:25,200
know if you've known this but there was

912
00:45:29,930 --> 00:45:28,140
something about his lawyers dropping him

913
00:45:31,550 --> 00:45:29,940

um at that time and I was like oh that

914

00:45:33,230 --> 00:45:31,560

would suck like especially if you need

915

00:45:35,210 --> 00:45:33,240

them right now at this moment can you

916

00:45:37,430 --> 00:45:35,220

speak a little bit about that

917

00:45:39,290 --> 00:45:37,440

I can and I want to apologize to anybody

918

00:45:41,390 --> 00:45:39,300

that may get a sense that I'm uh I'm on

919

00:45:43,790 --> 00:45:41,400

this crusade to correct folks or to

920

00:45:45,890 --> 00:45:43,800

correct language but uh Mr grush's a lot

921

00:45:47,630 --> 00:45:45,900

of your lawyers did not drop him the

922

00:45:49,490 --> 00:45:47,640

lawyers that uh had come alongside that

923

00:45:51,470 --> 00:45:49,500

he had hired to help him through the

924

00:45:53,030 --> 00:45:51,480

process of accessing The Whistleblower

925

00:45:55,250 --> 00:45:53,040

protection ensuring that everything was

926
00:45:57,050 --> 00:45:55,260
in the right conduit basically achieved

927
00:45:58,430 --> 00:45:57,060
Mission accomplishment for him and

928
00:46:00,530 --> 00:45:58,440
therefore there's no reason for him to

929
00:46:02,329 --> 00:46:00,540
continue paying him I can assure you

930
00:46:04,430 --> 00:46:02,339
that Mr Grouch has legal representation

931
00:46:06,109 --> 00:46:04,440
that group was there for a specific

932
00:46:08,750 --> 00:46:06,119
purpose

933
00:46:11,569 --> 00:46:08,760
great thank you for clarifying that and

934
00:46:13,970 --> 00:46:11,579
so what what would be basically

935
00:46:17,210 --> 00:46:13,980
we've I don't know how if this would

936
00:46:18,890 --> 00:46:17,220
fall in that same category but just it

937
00:46:19,849 --> 00:46:18,900
doesn't matter which

938
00:46:24,530 --> 00:46:19,859

um

939

00:46:26,210 --> 00:46:24,540

okay

940

00:46:29,089 --> 00:46:26,220

I'm not trying to put him in the same

941

00:46:30,710 --> 00:46:29,099

cat category of you know let's say

942

00:46:32,809 --> 00:46:30,720

um oh goodness what is that guy that's

943

00:46:34,849 --> 00:46:32,819

been in England for the longest time he

944

00:46:36,890 --> 00:46:34,859

had that website released all that

945

00:46:39,670 --> 00:46:36,900

information

946

00:46:43,609 --> 00:46:42,470

right and so it was in Assange and

947

00:46:45,829 --> 00:46:43,619

Snowden and we see some other

948

00:46:48,890 --> 00:46:45,839

whistleblowers what happens to them when

949

00:46:51,109 --> 00:46:48,900

they come out uh what's to be expected

950

00:46:53,990 --> 00:46:51,119

now during during this I mean did he

951
00:46:56,569 --> 00:46:54,000
reveal something that would Merit more

952
00:46:59,750 --> 00:46:56,579
of Australian response from from whoever

953
00:47:01,490 --> 00:46:59,760
is in you know above him or I can't

954
00:47:04,430 --> 00:47:01,500
speak for the for the motives or intent

955
00:47:06,890 --> 00:47:04,440
of Mr Snowden or Mr Assange

956
00:47:09,230 --> 00:47:06,900
um or how hard they tried to utilize the

957
00:47:10,849 --> 00:47:09,240
right the right manner to uh to blow

958
00:47:12,349 --> 00:47:10,859
their whistles

959
00:47:14,690 --> 00:47:12,359
um but it would seem to me that based on

960
00:47:16,130 --> 00:47:14,700
where they are uh one being in Russia

961
00:47:17,630 --> 00:47:16,140
and the other being either in custody or

962
00:47:19,069 --> 00:47:17,640
in an embassy I don't recall where he is

963
00:47:22,250 --> 00:47:19,079

anymore

964

00:47:24,530 --> 00:47:22,260

um they didn't use the right way and

965

00:47:26,569 --> 00:47:24,540

they turned it into a public spectacle

966

00:47:28,550 --> 00:47:26,579

once again just like the last 80 years

967

00:47:29,990 --> 00:47:28,560

when that's done regardless of the

968

00:47:32,510 --> 00:47:30,000

amount of frustration or the inability

969

00:47:35,510 --> 00:47:32,520

to it to chip away this iceberg

970

00:47:37,190 --> 00:47:35,520

it has failed every time before

971

00:47:39,829 --> 00:47:37,200

um so

972

00:47:43,130 --> 00:47:39,839

I I can't question their intent um Mr

973

00:47:45,650 --> 00:47:43,140

Grouch is not is not exposing a um a

974

00:47:47,870 --> 00:47:45,660

portfolio of America's uh assets and

975

00:47:50,870 --> 00:47:47,880

capabilities and things like that he's

976

00:47:52,670 --> 00:47:50,880

brought up the fact that when tasked

977

00:47:54,950 --> 00:47:52,680

with an investigation to get the bottom

978

00:47:57,109 --> 00:47:54,960

of a subject he uncovered something that

979

00:47:58,849 --> 00:47:57,119

looked like it went a lot deeper

980

00:48:00,890 --> 00:47:58,859

um this needs to be opened up and and

981

00:48:02,390 --> 00:48:00,900

needs more investigators brought in we

982

00:48:04,670 --> 00:48:02,400

shouldn't be while we should support Mr

983

00:48:06,829 --> 00:48:04,680

Grouch we shouldn't Focus solely on what

984

00:48:08,870 --> 00:48:06,839

he said a whistleblower is there to

985

00:48:11,390 --> 00:48:08,880

alert all of our attention to something

986

00:48:13,790 --> 00:48:11,400

else it's not to call the authorities to

987

00:48:16,370 --> 00:48:13,800

The Whistleblower only to get an initial

988

00:48:18,109 --> 00:48:16,380

report of there's a fire over there

989

00:48:20,329 --> 00:48:18,119

there's a threat over there something's

990

00:48:23,150 --> 00:48:20,339

going on over there and that's when the

991

00:48:25,670 --> 00:48:23,160

rest of us respond to that threat so or

992

00:48:29,329 --> 00:48:25,680

that issue not to paint it as a threat

993

00:48:31,250 --> 00:48:29,339

so we're we're back to this kind of

994

00:48:33,170 --> 00:48:31,260

square one thing where we have a chance

995

00:48:34,910 --> 00:48:33,180

to do this right this time and it's

996

00:48:37,609 --> 00:48:34,920

really important that we don't

997

00:48:39,349 --> 00:48:37,619

conspire conspiracy I'm not going to

998

00:48:42,710 --> 00:48:39,359

come up with the word but turn it into a

999

00:48:44,809 --> 00:48:42,720

conspiracy we have the tools to do this

1000

00:48:47,750 --> 00:48:44,819

right

1001
00:48:50,510 --> 00:48:47,760
well you know especially especially you

1002
00:48:52,490 --> 00:48:50,520
know during this time when Luis

1003
00:48:54,829 --> 00:48:52,500
Alexander first came out

1004
00:48:56,690 --> 00:48:54,839
um I could be mistaken and I hope that

1005
00:48:58,790 --> 00:48:56,700
I'm you know because I tried my best to

1006
00:49:00,890 --> 00:48:58,800
know what the hell I'm talking about but

1007
00:49:02,990 --> 00:49:00,900
I'm not too much into this other s

1008
00:49:05,089 --> 00:49:03,000
aspect of things where you know the nuts

1009
00:49:07,609 --> 00:49:05,099
and bolts so and I haven't been in a

1010
00:49:10,490 --> 00:49:07,619
very long time so forgive me if my my

1011
00:49:12,829 --> 00:49:10,500
memory is lacking at that point but and

1012
00:49:15,770 --> 00:49:12,839
initially they were all also denying

1013
00:49:17,630 --> 00:49:15,780

that that program existed and then the

1014

00:49:19,730 --> 00:49:17,640

Pentagon came out and said okay well we

1015

00:49:21,470 --> 00:49:19,740

did have a program we spent 22 million

1016

00:49:23,569 --> 00:49:21,480

dollars you know and it seems to me

1017

00:49:25,490 --> 00:49:23,579

maybe something similar to this would

1018

00:49:27,650 --> 00:49:25,500

come out because they did come out and

1019

00:49:29,870 --> 00:49:27,660

denied this but then it will come out

1020

00:49:32,809 --> 00:49:29,880

and like okay well maybe we do have

1021

00:49:34,730 --> 00:49:32,819

aircraft and you know beings bodies and

1022

00:49:36,470 --> 00:49:34,740

so on you know and and I don't know I

1023

00:49:38,750 --> 00:49:36,480

guess it's it's that game that they

1024

00:49:40,370 --> 00:49:38,760

always have to play because that to me

1025

00:49:43,010 --> 00:49:40,380

when I first heard it I was like okay

1026

00:49:46,309 --> 00:49:43,020

like what's the big deal only later I've

1027

00:49:49,130 --> 00:49:46,319

realized then of the the ranking and why

1028

00:49:50,930 --> 00:49:49,140

for example him as opposed to Colonel

1029

00:49:52,730 --> 00:49:50,940

Corso or any of the other ones that have

1030

00:49:54,770 --> 00:49:52,740

come before him you know and such

1031

00:49:57,770 --> 00:49:54,780

yourself you know or Luis you know

1032

00:50:01,130 --> 00:49:57,780

Alexander so you know why why not just

1033

00:50:03,410 --> 00:50:01,140

as much of a big fuss about that and so

1034

00:50:05,089 --> 00:50:03,420

um I think I hope I hope this is that

1035

00:50:07,190 --> 00:50:05,099

little wedge in the door they'll never

1036

00:50:09,470 --> 00:50:07,200

be removed and they'll always be staying

1037

00:50:12,170 --> 00:50:09,480

open until somebody opens the door all

1038

00:50:14,210 --> 00:50:12,180

the way you know or or we just stay at

1039

00:50:15,470 --> 00:50:14,220

this uh stalemate I don't know what else

1040

00:50:17,870 --> 00:50:15,480

to call it

1041

00:50:19,849 --> 00:50:17,880

I think we have a foot in the door I

1042

00:50:21,950 --> 00:50:19,859

really do and I think we have it in a

1043

00:50:23,569 --> 00:50:21,960

way that we never did before I think

1044

00:50:26,990 --> 00:50:23,579

it's a very um

1045

00:50:29,109 --> 00:50:27,000

it's a very very fragile moment for for

1046

00:50:32,630 --> 00:50:29,119

folks who really care about ufology

1047

00:50:35,270 --> 00:50:32,640

because if I believe that if if pushed

1048

00:50:36,890 --> 00:50:35,280

too far that door will close

1049

00:50:38,270 --> 00:50:36,900

but I believe that there are folks on

1050

00:50:40,069 --> 00:50:38,280

the other side of that door that want to

1051
00:50:42,230 --> 00:50:40,079
have this conversation want to open it

1052
00:50:43,670 --> 00:50:42,240
albeit slowly

1053
00:50:46,550 --> 00:50:43,680
right

1054
00:50:48,849 --> 00:50:46,560
and so um for those of you just turning

1055
00:50:50,569 --> 00:50:48,859
tuning in we're a bit later than usual

1056
00:50:53,569 --> 00:50:50,579
excuse me

1057
00:50:55,370 --> 00:50:53,579
um we I'm still glad that Sean was able

1058
00:50:58,069 --> 00:50:55,380
to make it and and be able to do this

1059
00:51:00,290 --> 00:50:58,079
interview but uh we're doing Q a right

1060
00:51:01,910 --> 00:51:00,300
now so if you have any questions in the

1061
00:51:04,010 --> 00:51:01,920
chat please make sure to put three

1062
00:51:06,049 --> 00:51:04,020
asterix's before the question so that

1063
00:51:07,609 --> 00:51:06,059

that way I know it's meant for Sean if

1064

00:51:09,410 --> 00:51:07,619

you're on telegram just simply raise

1065

00:51:12,589 --> 00:51:09,420

your hand and I'll Pat you through and

1066

00:51:14,870 --> 00:51:12,599

you can ask your question directly so

1067

00:51:16,910 --> 00:51:14,880

we're in that process right now so now

1068

00:51:19,549 --> 00:51:16,920

it would be the time if questions you

1069

00:51:23,329 --> 00:51:19,559

have ask them now but like I said please

1070

00:51:25,549 --> 00:51:23,339

keep them respectful and so uh Sean what

1071

00:51:27,470 --> 00:51:25,559

uh I know this is like you know I don't

1072

00:51:29,150 --> 00:51:27,480

want to turn this into like hearsay but

1073

00:51:31,910 --> 00:51:29,160

have you had a chance to talk to Luis

1074

00:51:33,829 --> 00:51:31,920

and Luis alizando and kind of talk to

1075

00:51:36,349 --> 00:51:33,839

him about this and what his thoughts are

1076
00:51:38,750 --> 00:51:36,359
if you can share any

1077
00:51:40,309 --> 00:51:38,760
well it's it's uh not something I've had

1078
00:51:42,109 --> 00:51:40,319
to call him to ask for his response or

1079
00:51:43,970 --> 00:51:42,119
anything we've um we have both worked

1080
00:51:46,549 --> 00:51:43,980
with Mr Grouch

1081
00:51:48,109 --> 00:51:46,559
um we're both aware of of his Acumen and

1082
00:51:51,829 --> 00:51:48,119
his Bona fides

1083
00:51:55,010 --> 00:51:51,839
we've talked about the public response

1084
00:51:55,790 --> 00:51:55,020
um we've talked about uh

1085
00:51:58,430 --> 00:51:55,800
yeah

1086
00:52:00,230 --> 00:51:58,440
ways that we could um

1087
00:52:02,690 --> 00:52:00,240
how do I put it ways that we could help

1088
00:52:05,030 --> 00:52:02,700

people who are jump into a lot of

1089

00:52:07,730 --> 00:52:05,040

conclusions based on

1090

00:52:10,250 --> 00:52:07,740

on apparent logic

1091

00:52:11,990 --> 00:52:10,260

you know where Mr Goose comes from why

1092

00:52:13,609 --> 00:52:12,000

do we trust him those are questions that

1093

00:52:15,349 --> 00:52:13,619

we get a lot so we've discussed a little

1094

00:52:17,569 --> 00:52:15,359

bit of that because for us it's quite

1095

00:52:19,490 --> 00:52:17,579

easy when you service somebody and get

1096

00:52:20,809 --> 00:52:19,500

to know them and or have worked with

1097

00:52:22,190 --> 00:52:20,819

them

1098

00:52:23,930 --> 00:52:22,200

um

1099

00:52:25,549 --> 00:52:23,940

it's very easy to track through the

1100

00:52:27,109 --> 00:52:25,559

network who the uh the people with

1101
00:52:29,089 --> 00:52:27,119
Integrity are and who are not because

1102
00:52:31,130 --> 00:52:29,099
word gets around

1103
00:52:33,650 --> 00:52:31,140
um but that's not something that the

1104
00:52:35,210 --> 00:52:33,660
general public would would enjoy so

1105
00:52:36,950 --> 00:52:35,220
therefore all we have to show them is

1106
00:52:40,250 --> 00:52:36,960
his record and his record is

1107
00:52:46,069 --> 00:52:42,530
so Sean I have a question from Paul

1108
00:52:48,170 --> 00:52:46,079
Pauline is asking is it possible they

1109
00:52:49,910 --> 00:52:48,180
are having to come out because it is

1110
00:52:52,970 --> 00:52:49,920
oppressing the government for public

1111
00:52:57,589 --> 00:52:55,970
uh the question was if it's is it

1112
00:52:59,210 --> 00:52:57,599
possible I suppose it is I don't have

1113
00:53:01,309 --> 00:52:59,220

any knowledge of that through through

1114

00:53:03,950 --> 00:53:01,319

channels that I'm privy to

1115

00:53:05,870 --> 00:53:03,960

um I think a lot of us have have seen

1116

00:53:09,230 --> 00:53:05,880

um a great deal of rumor

1117

00:53:10,309 --> 00:53:09,240

um out there from uh high on the shed uh

1118

00:53:12,950 --> 00:53:10,319

from the

1119

00:53:15,650 --> 00:53:12,960

um from Israel and there have been some

1120

00:53:18,349 --> 00:53:15,660

other folks of um a rather High stature

1121

00:53:20,870 --> 00:53:18,359

who have have made claims

1122

00:53:23,690 --> 00:53:20,880

um I haven't seen anything on my side of

1123

00:53:25,609 --> 00:53:23,700

the fence indicative of

1124

00:53:29,390 --> 00:53:25,619

um any kind of contact like that

1125

00:53:31,670 --> 00:53:29,400

pressing a a geopolitical issue

1126

00:53:34,190 --> 00:53:31,680

um is it possible absolutely we're

1127

00:53:35,630 --> 00:53:34,200

dealing with a very very widespread

1128

00:53:37,370 --> 00:53:35,640

phenomenon and you know and I don't mean

1129

00:53:39,230 --> 00:53:37,380

to be silly I do understand what one of

1130

00:53:40,549 --> 00:53:39,240

your one of your um listeners said

1131

00:53:41,809 --> 00:53:40,559

earlier when they met when they said be

1132

00:53:44,630 --> 00:53:41,819

real

1133

00:53:46,370 --> 00:53:44,640

um it's possible I I would love to know

1134

00:53:49,670 --> 00:53:46,380

what is really at the bottom of all of

1135

00:53:52,970 --> 00:53:51,170

um so I think you might have actually

1136

00:53:55,130 --> 00:53:52,980

answered this question already it's from

1137

00:53:57,349 --> 00:53:55,140

Bradley again basically asking in your

1138

00:54:00,230 --> 00:53:57,359

opinion do you think Grouch testimonial

1139

00:54:02,210 --> 00:54:00,240

will turn into something actionable

1140

00:54:04,069 --> 00:54:02,220

I do I do

1141

00:54:08,270 --> 00:54:04,079

um I'm getting very positive Rumbings

1142

00:54:10,309 --> 00:54:08,280

uh back from from the Beltway in my

1143

00:54:12,770 --> 00:54:10,319

networks that uh this is being taken

1144

00:54:14,630 --> 00:54:12,780

incredibly seriously and the fact is is

1145

00:54:16,069 --> 00:54:14,640

a lot of people just aren't talking

1146

00:54:18,049 --> 00:54:16,079

about it openly they're they're

1147

00:54:20,690 --> 00:54:18,059

gathering information and they're

1148

00:54:22,670 --> 00:54:20,700

preparing for the next step

1149

00:54:24,470 --> 00:54:22,680

oh yeah

1150

00:54:26,510 --> 00:54:24,480

okie doke

1151

00:54:29,650 --> 00:54:26,520

um so

1152

00:54:32,329 --> 00:54:29,660

when do you think he will continue

1153

00:54:34,549 --> 00:54:32,339

speaking on this I mean to speak on this

1154

00:54:36,770 --> 00:54:34,559

or was this this one-time interview is

1155

00:54:38,630 --> 00:54:36,780

that is that pretty much it or will the

1156

00:54:40,970 --> 00:54:38,640

kind of come out and talk about it more

1157

00:54:43,130 --> 00:54:40,980

or or like a lot of the interviews that

1158

00:54:44,510 --> 00:54:43,140

I've often seen it's always the initial

1159

00:54:46,069 --> 00:54:44,520

interview but then it's like the same

1160

00:54:48,530 --> 00:54:46,079

story but different networks because

1161

00:54:51,650 --> 00:54:48,540

they're asking to retell it uh can you

1162

00:54:56,750 --> 00:54:54,770

um I I can't say as uh what Mr grush's

1163

00:54:59,569 --> 00:54:56,760

plans are going forward I I believe that

1164

00:55:01,970 --> 00:54:59,579

like a lot of us he will use his voice

1165

00:55:03,530 --> 00:55:01,980

as long as it is useful

1166

00:55:05,390 --> 00:55:03,540

um a lot of us don't want to stick

1167

00:55:06,530 --> 00:55:05,400

around repeating the same story over and

1168

00:55:08,210 --> 00:55:06,540

over again

1169

00:55:09,710 --> 00:55:08,220

um you and I had to talk about that at

1170

00:55:13,130 --> 00:55:09,720

Ozarks

1171

00:55:15,290 --> 00:55:13,140

um about maintaining a uh a neat you

1172

00:55:16,609 --> 00:55:15,300

know don't create a need for yourself I

1173

00:55:17,750 --> 00:55:16,619

don't want to be a pundit you know I

1174

00:55:19,190 --> 00:55:17,760

don't want to be here in 10 years you

1175

00:55:21,290 --> 00:55:19,200

and I having the exact same conversation

1176
00:55:22,430 --> 00:55:21,300
about this time you know or anything

1177
00:55:24,410 --> 00:55:22,440
like that

1178
00:55:26,870 --> 00:55:24,420
um so I think a lot of that will come

1179
00:55:28,370 --> 00:55:26,880
down to how Mr gruce is treated

1180
00:55:29,630 --> 00:55:28,380
um I know he has a lot of Courage I know

1181
00:55:30,890 --> 00:55:29,640
he's willing to stand up to a lot of

1182
00:55:32,630 --> 00:55:30,900
nonsense

1183
00:55:34,430 --> 00:55:32,640
um his home has been broken too he's

1184
00:55:36,049 --> 00:55:34,440
been surveilled

1185
00:55:37,250 --> 00:55:36,059
um and and he's had the courage to make

1186
00:55:39,109 --> 00:55:37,260
it through that stuff

1187
00:55:41,690 --> 00:55:39,119
but sometimes the court of public

1188
00:55:43,609 --> 00:55:41,700

opinion can be a little bit uh harsher

1189

00:55:45,890 --> 00:55:43,619

than the realities of War for some folks

1190

00:55:47,569 --> 00:55:45,900

so it wouldn't

1191

00:55:49,730 --> 00:55:47,579

um I wouldn't it wouldn't be shameful

1192

00:55:51,710 --> 00:55:49,740

for Mr Grouch to to say that he said

1193

00:55:53,569 --> 00:55:51,720

enough that I I believe that with his

1194

00:55:55,970 --> 00:55:53,579

courage that he'll stick around for as

1195

00:55:58,130 --> 00:55:55,980

long as he's useful

1196

00:55:59,930 --> 00:55:58,140

right well you know I believe you

1197

00:56:03,410 --> 00:55:59,940

usually have a very inquisitive crowd

1198

00:56:05,990 --> 00:56:03,420

but uh um I've had this one dude I guess

1199

00:56:08,030 --> 00:56:06,000

he's on Twitch he's just been blowing it

1200

00:56:10,849 --> 00:56:08,040

up about all kinds of negative things so

1201

00:56:13,190 --> 00:56:10,859

I'm like I can't honestly knowing you I

1202

00:56:15,589 --> 00:56:13,200

don't want to even entertain it um you

1203

00:56:17,329 --> 00:56:15,599

know it's like I do want want them to

1204

00:56:18,770 --> 00:56:17,339

ask whatever they can possibly ask about

1205

00:56:21,349 --> 00:56:18,780

if you're going to be rude about it I'm

1206

00:56:23,329 --> 00:56:21,359

sorry it's the wrong place for that

1207

00:56:24,890 --> 00:56:23,339

um this other question I have and I

1208

00:56:27,650 --> 00:56:24,900

don't know what this is in reference to

1209

00:56:29,450 --> 00:56:27,660

if you can answer it uh or maybe give me

1210

00:56:33,290 --> 00:56:29,460

a little bit more light this uh Robert

1211

00:56:36,829 --> 00:56:33,300

says is Sean aware that the 1933 Italian

1212

00:56:42,530 --> 00:56:36,839

UFO recovery case was debunked 20 years

1213

00:56:44,150 --> 00:56:42,540

ago by cisu and Eduardo Russo

1214

00:56:46,490 --> 00:56:44,160

I'm aware that that's some people's

1215

00:56:48,049 --> 00:56:46,500

opinion I don't share that opinion A lot

1216

00:56:49,849 --> 00:56:48,059

of people claim to have debunked a lot

1217

00:56:52,790 --> 00:56:49,859

of things a lot of people claim to have

1218

00:56:54,230 --> 00:56:52,800

debunked the Tic Tac they didn't

1219

00:56:56,450 --> 00:56:54,240

um a lot of people have complained to

1220

00:56:59,690 --> 00:56:56,460

debunk many things

1221

00:57:01,370 --> 00:56:59,700

um I don't share that opinion so

1222

00:57:03,349 --> 00:57:01,380

okay

1223

00:57:05,630 --> 00:57:03,359

let me see here

1224

00:57:08,450 --> 00:57:05,640

um also

1225

00:57:12,109 --> 00:57:08,460

wanted to uh wanted to ask about

1226

00:57:14,630 --> 00:57:12,119

I guess when it comes to a group like

1227

00:57:16,490 --> 00:57:14,640

does he have any kind of protection at

1228

00:57:18,770 --> 00:57:16,500

all or is there only protection he has

1229

00:57:20,569 --> 00:57:18,780

is the lawyers you know um because I

1230

00:57:22,130 --> 00:57:20,579

know he said the break-in and all this

1231

00:57:23,809 --> 00:57:22,140

other stuff I mean is there anything

1232

00:57:25,549 --> 00:57:23,819

provided for him or is this just

1233

00:57:27,829 --> 00:57:25,559

basically like nope you're you're on

1234

00:57:29,510 --> 00:57:27,839

your own now

1235

00:57:31,609 --> 00:57:29,520

um I wouldn't discuss the capabilities

1236

00:57:33,230 --> 00:57:31,619

of his his protection

1237

00:57:35,690 --> 00:57:33,240

um that would erode his operational

1238

00:57:38,030 --> 00:57:35,700

security and that of his family so um

1239

00:57:40,870 --> 00:57:38,040

please pardon me if I let that one go by

1240

00:57:44,809 --> 00:57:40,880

sure

1241

00:57:46,490 --> 00:57:44,819

okay uh I'm yeah I'm just again I know

1242

00:57:47,930 --> 00:57:46,500

you can't see me I'm just trying to read

1243

00:57:52,609 --> 00:57:47,940

through some of the some of these

1244

00:58:01,970 --> 00:57:54,230

um

1245

00:58:03,829 --> 00:58:01,980

what I what I was you know I was earlier

1246

00:58:06,410 --> 00:58:03,839

I was mentioning and there were so many

1247

00:58:08,030 --> 00:58:06,420

different videos out there of um these

1248

00:58:10,670 --> 00:58:08,040

analysts that are supposed to be

1249

00:58:12,290 --> 00:58:10,680

psychologists and and the the kind of

1250

00:58:14,450 --> 00:58:12,300

reading and body language and all these

1251

00:58:16,910 --> 00:58:14,460

different things and I don't know if

1252

00:58:19,490 --> 00:58:16,920

that's helping or not you know but at

1253

00:58:23,270 --> 00:58:19,500

least for some reason more than usual

1254

00:58:25,130 --> 00:58:23,280

was on my on my on my feed you know on

1255

00:58:27,170 --> 00:58:25,140

YouTube you know and a lot of times I

1256

00:58:29,150 --> 00:58:27,180

can't figure out if that's them trying

1257

00:58:31,849 --> 00:58:29,160

to push something you know or if it's

1258

00:58:33,470 --> 00:58:31,859

just truly the algorithm thinking hey

1259

00:58:35,630 --> 00:58:33,480

you might be interesting and seeing this

1260

00:58:37,690 --> 00:58:35,640

you know but it was it was kind of funny

1261

00:58:41,809 --> 00:58:37,700

because to me it's almost like

1262

00:58:43,849 --> 00:58:41,819

watching uh human like uh it's like

1263

00:58:46,250 --> 00:58:43,859

watching human lie detectors you know

1264

00:58:48,410 --> 00:58:46,260

but a human can make a mistake of what

1265

00:58:50,690 --> 00:58:48,420

that tight tight lips you know what they

1266

00:58:52,069 --> 00:58:50,700

mean what what eye roll means in that

1267

00:58:53,510 --> 00:58:52,079

particular context and all these other

1268

00:58:55,130 --> 00:58:53,520

things so

1269

00:58:57,230 --> 00:58:55,140

um I don't know there's so many people

1270

00:58:58,370 --> 00:58:57,240

that started reading into so much stuff

1271

00:59:00,589 --> 00:58:58,380

immediately

1272

00:59:02,870 --> 00:59:00,599

um I think you can only add to to the

1273

00:59:05,089 --> 00:59:02,880

distractions like I'm not trying to make

1274

00:59:07,549 --> 00:59:05,099

this whole thing just sound milk toast

1275

00:59:09,589 --> 00:59:07,559

and hey everybody let's just all calm

1276

00:59:12,170 --> 00:59:09,599

down and see where this goes but you

1277

00:59:14,150 --> 00:59:12,180

know this is a huge step considering how

1278

00:59:16,430 --> 00:59:14,160

long I've been into this

1279

00:59:19,549 --> 00:59:16,440

um for you know for it to make the news

1280

00:59:21,410 --> 00:59:19,559

I I personally for somebody that just

1281

00:59:24,230 --> 00:59:21,420

would love for people to know more or be

1282

00:59:25,970 --> 00:59:24,240

interested more in ufology uh it was a

1283

00:59:28,730 --> 00:59:25,980

great thing to have happened you know

1284

00:59:31,069 --> 00:59:28,740

and I was just saying also earlier that

1285

00:59:32,870 --> 00:59:31,079

it was just it might add all these

1286

00:59:35,870 --> 00:59:32,880

different people might now add so much

1287

00:59:37,609 --> 00:59:35,880

uh mud to everything that you know you

1288

00:59:39,309 --> 00:59:37,619

can't figure out the truth even if you

1289

00:59:42,230 --> 00:59:39,319

want to

1290

00:59:44,809 --> 00:59:42,240

well allow me to say that um

1291

00:59:47,569 --> 00:59:44,819

I spent the majority of my career uh

1292

00:59:49,490 --> 00:59:47,579

refining the interview and interrogation

1293

00:59:51,710 --> 00:59:49,500

techniques and before anybody gets up in

1294

00:59:53,750 --> 00:59:51,720

arms about the word interrogation it's

1295

00:59:55,970 --> 00:59:53,760

it's it means to ask questions and it's

1296

00:59:57,710 --> 00:59:55,980

an interview is what you do with a a

1297

01:00:00,289 --> 00:59:57,720

victim or a witness and an interrogation

1298

01:00:02,270 --> 01:00:00,299

is what you do with a suspect

1299

01:00:04,309 --> 01:00:02,280

um so I don't want them to jump to any

1300

01:00:07,190 --> 01:00:04,319

conclusions on the strength of that word

1301
01:00:10,250 --> 01:00:07,200
however we utilize body language we

1302
01:00:12,890 --> 01:00:10,260
utilize facial expression we utilize eye

1303
01:00:14,510 --> 01:00:12,900
movement and and things like that to try

1304
01:00:17,690 --> 01:00:14,520
and determine

1305
01:00:21,049 --> 01:00:17,700
um part of the Baseline of a suspect

1306
01:00:24,170 --> 01:00:21,059
However the fact is is that those are

1307
01:00:26,450 --> 01:00:24,180
not infallible techniques and many times

1308
01:00:28,130 --> 01:00:26,460
it's not until after an investigation is

1309
01:00:29,870 --> 01:00:28,140
complete and all the evidence is laid

1310
01:00:32,510 --> 01:00:29,880
out on the table and even sometimes when

1311
01:00:34,549 --> 01:00:32,520
the the court case is completed that you

1312
01:00:37,190 --> 01:00:34,559
get to compare the results to the

1313
01:00:39,170 --> 01:00:37,200

initial Impressions and that's why we

1314

01:00:42,109 --> 01:00:39,180

know that it's it's not an exact science

1315

01:00:45,650 --> 01:00:42,119

unless you are following specific

1316

01:00:47,630 --> 01:00:45,660

um a specific road map of interview and

1317

01:00:49,609 --> 01:00:47,640

interrogation

1318

01:00:52,010 --> 01:00:49,619

um it's hard to set up the Baseline for

1319

01:00:53,690 --> 01:00:52,020

that to make those determinations so a

1320

01:00:55,490 --> 01:00:53,700

lot of times just watching an interview

1321

01:00:57,170 --> 01:00:55,500

it gives people views on the internet

1322

01:00:58,970 --> 01:00:57,180

and it gets people on shows and it's

1323

01:01:01,490 --> 01:00:58,980

good for a talking head and an opinion

1324

01:01:05,089 --> 01:01:01,500

piece but the value of that for

1325

01:01:06,770 --> 01:01:05,099

determining someone's intent is is very

1326

01:01:11,870 --> 01:01:06,780

low in a professional sense

1327

01:01:17,329 --> 01:01:15,530

um in the near future or uh just the the

1328

01:01:19,250 --> 01:01:17,339

past acquaintance would that be

1329

01:01:21,650 --> 01:01:19,260

basically it for you

1330

01:01:23,450 --> 01:01:21,660

uh that really remains to be seen if if

1331

01:01:24,530 --> 01:01:23,460

Dave needs help that I can provide I

1332

01:01:26,450 --> 01:01:24,540

would definitely be there for him we're

1333

01:01:27,890 --> 01:01:26,460

not um we're not pals we don't we don't

1334

01:01:29,390 --> 01:01:27,900

socialize

1335

01:01:30,890 --> 01:01:29,400

um we live very far away from each other

1336

01:01:32,510 --> 01:01:30,900

but if if there was something I could

1337

01:01:36,770 --> 01:01:32,520

provide to help him I certainly would

1338

01:01:41,630 --> 01:01:39,349

um I have uh I'm gonna ask the last

1339

01:01:45,410 --> 01:01:41,640

question first and then the previous one

1340

01:01:47,270 --> 01:01:45,420

after that uh Gigi Gigi is asking Sean

1341

01:01:50,030 --> 01:01:47,280

have you ever worked with an extra

1342

01:01:54,349 --> 01:01:50,040

tourist uh no with an experimenter

1343

01:01:56,270 --> 01:01:54,359

abductee to validate them if so who

1344

01:01:59,990 --> 01:01:56,280

what was the last part to validate them

1345

01:02:02,109 --> 01:02:00,000

to validate them yeah and it says if so

1346

01:02:04,309 --> 01:02:02,119

who

1347

01:02:07,190 --> 01:02:04,319

I wouldn't say that I'm a person that

1348

01:02:09,530 --> 01:02:07,200

can provide validation to anybody

1349

01:02:11,089 --> 01:02:09,540

um I've had my own experiences I've had

1350

01:02:12,890 --> 01:02:11,099

a lot of conversations with other people

1351

01:02:15,770 --> 01:02:12,900

that um that call themselves

1352

01:02:18,049 --> 01:02:15,780

experiencers and um tried to find

1353

01:02:20,270 --> 01:02:18,059

commonality amongst those I've read a

1354

01:02:23,569 --> 01:02:20,280

great deal of things but I think a lot

1355

01:02:26,510 --> 01:02:23,579

of times we we and until this is solved

1356

01:02:29,630 --> 01:02:26,520

with with uh Authority

1357

01:02:31,490 --> 01:02:29,640

um the validity comes from from within

1358

01:02:33,289 --> 01:02:31,500

um and it comes from each other I think

1359

01:02:35,510 --> 01:02:33,299

we seek out that validity amongst the

1360

01:02:37,370 --> 01:02:35,520

community and eventually we have to come

1361

01:02:38,630 --> 01:02:37,380

to terms with our own experience on our

1362

01:02:41,690 --> 01:02:38,640

own

1363

01:02:43,910 --> 01:02:41,700

um of course we're all waiting for the

1364

01:02:45,589 --> 01:02:43,920

for the big answers from Authority but

1365

01:02:47,450 --> 01:02:45,599

for a lot of us it really doesn't change

1366

01:02:49,549 --> 01:02:47,460

the fact that

1367

01:02:51,710 --> 01:02:49,559

um these experiences aren't necessarily

1368

01:02:54,109 --> 01:02:51,720

as linear and and don't make as much

1369

01:02:56,089 --> 01:02:54,119

sense for each person so for those of us

1370

01:02:58,549 --> 01:02:56,099

like myself who don't have a definitive

1371

01:03:00,230 --> 01:02:58,559

message that crosses all the boundaries

1372

01:03:02,809 --> 01:03:00,240

of those experiences it's hard for me

1373

01:03:05,089 --> 01:03:02,819

when there are people who are presenting

1374

01:03:09,650 --> 01:03:05,099

an entirety of experience and a message

1375

01:03:11,450 --> 01:03:09,660

and a Dogma or or advice because my

1376

01:03:14,750 --> 01:03:11,460

studies are are looking at all the folks

1377

01:03:18,530 --> 01:03:14,760

doing that and very few of them are um

1378

01:03:22,010 --> 01:03:18,540

are are comparable in their continuity

1379

01:03:23,930 --> 01:03:22,020

and data and things like that so

1380

01:03:26,270 --> 01:03:23,940

um I'm one of those folks left wondering

1381

01:03:29,510 --> 01:03:26,280

too how do how do we validate these

1382

01:03:34,309 --> 01:03:32,450

um Sean I don't know how much you had to

1383

01:03:37,970 --> 01:03:34,319

do with this but this question is from

1384

01:03:41,450 --> 01:03:37,980

edu Edward uh says what happened to to

1385

01:03:45,109 --> 01:03:43,190

um

1386

01:03:46,370 --> 01:03:45,119

like a lot of folks I watch that from

1387

01:03:48,710 --> 01:03:46,380

the outside

1388

01:03:50,510 --> 01:03:48,720

um there was a period of time when uh I

1389

01:03:52,730 --> 01:03:50,520

was considered for a position at ttsa

1390

01:03:54,530 --> 01:03:52,740

but that position dissolved around the

1391

01:03:56,510 --> 01:03:54,540

same time that

1392

01:03:58,430 --> 01:03:56,520

um the breakup happened

1393

01:04:01,250 --> 01:03:58,440

um I don't have all the details on it I

1394

01:04:04,130 --> 01:04:01,260

do know that um that everybody has has

1395

01:04:06,349 --> 01:04:04,140

maintained uh a good relationship

1396

01:04:08,569 --> 01:04:06,359

but it just didn't seem like

1397

01:04:11,109 --> 01:04:08,579

um if I may in my opinion that the road

1398

01:04:13,970 --> 01:04:11,119

map that was presented at ttsa

1399

01:04:15,410 --> 01:04:13,980

was going to get us where we needed to

1400

01:04:17,829 --> 01:04:15,420

get

1401

01:04:21,049 --> 01:04:17,839

um as far as historical change

1402

01:04:23,210 --> 01:04:21,059

that's my opinion I don't I don't hoist

1403

01:04:25,910 --> 01:04:23,220

that upon anybody else it was

1404

01:04:28,250 --> 01:04:25,920

disappointing for me uh but I do believe

1405

01:04:31,730 --> 01:04:28,260

that Luis salazando Chris melon at all

1406

01:04:34,490 --> 01:04:31,740

made the right decision by by moving out

1407

01:04:35,990 --> 01:04:34,500

of the infotainment aspect of this and

1408

01:04:39,650 --> 01:04:36,000

going straight for the jugular of

1409

01:04:44,270 --> 01:04:42,470

uh another question from Bradley is

1410

01:04:47,329 --> 01:04:44,280

asking in your opinion do you think

1411

01:04:49,430 --> 01:04:47,339

groosh testimony will open the door uh

1412

01:04:52,730 --> 01:04:49,440

for there to come

1413

01:04:55,130 --> 01:04:52,740

will open the doors I guess for others

1414

01:04:58,730 --> 01:04:55,140

to come forward or will the treatment of

1415

01:05:01,789 --> 01:04:58,740

him now determine this

1416

01:05:04,130 --> 01:05:01,799

doesn't be a mixture of both

1417

01:05:07,069 --> 01:05:04,140

um a great number of people have

1418

01:05:09,890 --> 01:05:07,079

have signaled an interest in initiating

1419

01:05:11,150 --> 01:05:09,900

The Whistleblower protection process I

1420

01:05:12,829 --> 01:05:11,160

don't want to say too much more than

1421

01:05:16,190 --> 01:05:12,839

that

1422

01:05:17,930 --> 01:05:16,200

um I think a lot of people on on um in

1423

01:05:20,690 --> 01:05:17,940

in that pool so to speak have been

1424

01:05:23,390 --> 01:05:20,700

actually emboldened by the negative

1425

01:05:25,430 --> 01:05:23,400

um treatment that he has received and in

1426

01:05:28,010 --> 01:05:25,440

fact it has just given them more cause

1427

01:05:29,630 --> 01:05:28,020

to stand up

1428

01:05:32,270 --> 01:05:29,640

I don't want to get you in trouble but

1429

01:05:35,210 --> 01:05:32,280

this other person would he possibly be

1430

01:05:37,010 --> 01:05:35,220

have something to do with uh with error

1431

01:05:38,750 --> 01:05:37,020

the well there's no way that I would

1432

01:05:41,150 --> 01:05:38,760

that I would give a tidbit to identify

1433

01:05:42,950 --> 01:05:41,160

anybody who was who is uh currently a

1434

01:05:44,750 --> 01:05:42,960

protected person

1435

01:05:46,549 --> 01:05:44,760

um but let me let me say that there are

1436

01:05:47,630 --> 01:05:46,559

more than one

1437

01:05:50,390 --> 01:05:47,640

okay

1438

01:05:53,270 --> 01:05:50,400

yeah no I I've made my feelings very

1439

01:05:55,190 --> 01:05:53,280

clear about when when NASA came out with

1440

01:05:57,109 --> 01:05:55,200

whatever they came out with I was like

1441

01:05:59,510 --> 01:05:57,119

seriously like I was telling him I said

1442

01:06:01,670 --> 01:05:59,520

this is the the whole anomaly and

1443

01:06:04,130 --> 01:06:01,680

anomalous anomaly and all of that you

1444

01:06:06,950 --> 01:06:04,140

know I was saying that that's our modern

1445

01:06:08,750 --> 01:06:06,960

day swamp gas stories you know and uh

1446

01:06:10,549 --> 01:06:08,760

and they're like oh we're only just

1447

01:06:11,930 --> 01:06:10,559

moving forward from today we will

1448

01:06:13,670 --> 01:06:11,940

analyze say I'm like what about

1449

01:06:15,710 --> 01:06:13,680

everything else that's been recorded

1450

01:06:19,010 --> 01:06:15,720

since anyway don't want to get into it

1451

01:06:20,750 --> 01:06:19,020

again but um there was uh the same guy

1452

01:06:22,250 --> 01:06:20,760

that was it was part of era I keep

1453

01:06:23,870 --> 01:06:22,260

forgetting his name he's probably the

1454

01:06:25,329 --> 01:06:23,880

the director

1455

01:06:28,609 --> 01:06:25,339

um

1456

01:06:31,190 --> 01:06:28,619

that sounds familiar do you I mean is

1457

01:06:34,490 --> 01:06:31,200

there more that he wants to share than

1458

01:06:36,529 --> 01:06:34,500

than we've heard so far

1459

01:06:39,890 --> 01:06:36,539

you know it's

1460

01:06:42,289 --> 01:06:39,900

from the outside I think a lot of people

1461

01:06:43,789 --> 01:06:42,299

we make a lot of assumptions I think a

1462

01:06:45,349 --> 01:06:43,799

lot of us myself included have been

1463

01:06:47,329 --> 01:06:45,359

Guided by movies we watched and stuff

1464

01:06:49,849 --> 01:06:47,339

like that but

1465

01:06:51,650 --> 01:06:49,859

um we've got it we've got a person in

1466

01:06:54,289 --> 01:06:51,660

mid-level government in mid-management

1467

01:06:55,849 --> 01:06:54,299

that has been assigned a task and

1468

01:06:57,529 --> 01:06:55,859

usually those tasks are based on their

1469

01:06:59,990 --> 01:06:57,539

skills and their Acumen but we're

1470

01:07:02,329 --> 01:07:00,000

looking at a subject where there are no

1471

01:07:03,829 --> 01:07:02,339

recognized Personnel very few I should

1472

01:07:05,809 --> 01:07:03,839

say you know

1473

01:07:07,609 --> 01:07:05,819

Lou Alexander a few other people that we

1474

01:07:09,410 --> 01:07:07,619

can point at that are recognized

1475

01:07:12,289 --> 01:07:09,420

government officials that can be

1476

01:07:13,549 --> 01:07:12,299

considered subject matter experts

1477

01:07:15,650 --> 01:07:13,559

um

1478

01:07:17,329 --> 01:07:15,660

so it's

1479

01:07:18,770 --> 01:07:17,339

sorry my dog's trying to get out of the

1480

01:07:19,609 --> 01:07:18,780

house and he's breaking my train of

1481

01:07:21,470 --> 01:07:19,619

thought

1482

01:07:23,510 --> 01:07:21,480

um that's all right

1483

01:07:25,789 --> 01:07:23,520

can can you help me can we revisit the

1484

01:07:28,670 --> 01:07:25,799

question for a second

1485

01:07:30,589 --> 01:07:28,680

uh I was basically uh Kirkpatrick I was

1486

01:07:32,029 --> 01:07:30,599

saying would there be a chance or is

1487

01:07:34,390 --> 01:07:32,039

there something that he might be coming

1488

01:07:37,849 --> 01:07:34,400

out with that he's not saying now

1489

01:07:39,710 --> 01:07:37,859

well yes but we I think what we have to

1490

01:07:40,910 --> 01:07:39,720

remember is is this he has he has

1491

01:07:46,549 --> 01:07:40,920

guidelines

1492

01:07:49,490 --> 01:07:46,559

receive orders per se or a or a mission

1493

01:07:51,950 --> 01:07:49,500

tasking you're given the the confines

1494

01:07:53,630 --> 01:07:51,960

the guidelines where you can operate who

1495

01:07:55,250 --> 01:07:53,640

who you can operate with and you know

1496

01:07:57,289 --> 01:07:55,260

what your budgetary concerns are and

1497

01:08:00,529 --> 01:07:57,299

things like that

1498

01:08:03,349 --> 01:08:00,539

until we know where Mr Kirk where Dr

1499

01:08:05,510 --> 01:08:03,359

Kirkpatrick looked because if let me put

1500

01:08:07,430 --> 01:08:05,520

in as a law enforcement individual when

1501

01:08:08,870 --> 01:08:07,440

we're when we're first learning how to

1502

01:08:10,490 --> 01:08:08,880

um collect evidence one of the things

1503

01:08:12,890 --> 01:08:10,500

that we discuss is an elephant in an

1504

01:08:14,329 --> 01:08:12,900

envelope and we say and and what that

1505

01:08:16,970 --> 01:08:14,339

does is it proves the concept that if

1506

01:08:19,370 --> 01:08:16,980

you're looking for an an elephant you're

1507

01:08:21,110 --> 01:08:19,380

not going to open envelopes in someone's

1508

01:08:22,430 --> 01:08:21,120

house and look inside for that elephant

1509

01:08:24,349 --> 01:08:22,440

you're not going to look in a bedside

1510

01:08:28,370 --> 01:08:24,359

drawer or in the bread box or something

1511

01:08:30,169 --> 01:08:28,380

like that now that said when when a

1512

01:08:32,030 --> 01:08:30,179

person is given an authority to conduct

1513

01:08:33,530 --> 01:08:32,040

an investigation they are given the

1514

01:08:36,229 --> 01:08:33,540

guidelines and boundaries of that

1515

01:08:38,150 --> 01:08:36,239

investigation and so I'm sure that Dr

1516

01:08:40,610 --> 01:08:38,160

Kirkpatrick did his due diligence within

1517

01:08:41,990 --> 01:08:40,620

those boundaries the question was and I

1518

01:08:44,269 --> 01:08:42,000

know this sounds silly to a lot of

1519

01:08:47,630 --> 01:08:44,279

people was the information that he

1520

01:08:48,950 --> 01:08:47,640

needed available to him and wasn't able

1521

01:08:51,050 --> 01:08:48,960

to get to him and I have serious

1522

01:08:53,030 --> 01:08:51,060

questions about

1523

01:08:55,729 --> 01:08:53,040

and I think the big breakdown we should

1524

01:08:59,209 --> 01:08:55,739

focus on is that Mr Grouch was was an

1525

01:09:02,329 --> 01:08:59,219

advisor of the uaptf the uaptf was

1526

01:09:04,729 --> 01:09:02,339

succeeded by Arrow if Arrow did not

1527

01:09:07,490 --> 01:09:04,739

receive all the file cabinets and email

1528

01:09:10,010 --> 01:09:07,500

archives and evidence that the uaptf had

1529

01:09:13,370 --> 01:09:10,020

why are we saying that it was succeeded

1530

01:09:15,110 --> 01:09:13,380

by it why if Mr Kirkpatrick had Mr

1531

01:09:18,050 --> 01:09:15,120

grush's information

1532

01:09:21,110 --> 01:09:18,060

and if the United States government in

1533

01:09:23,390 --> 01:09:21,120

his believes that his IG complaint has

1534

01:09:25,849 --> 01:09:23,400

Merit again

1535

01:09:27,410 --> 01:09:25,859

why weren't we seeing that so I don't

1536

01:09:30,349 --> 01:09:27,420

want to place the onus on whether he's

1537

01:09:31,910 --> 01:09:30,359

telling us something or not I do want to

1538

01:09:34,430 --> 01:09:31,920

give him the benefit of the doubt of of

1539

01:09:37,430 --> 01:09:34,440

his guidelines but it it seems clear

1540

01:09:39,110 --> 01:09:37,440

that he should either know more or he

1541

01:09:42,769 --> 01:09:39,120

was not informed and I think that's what

1542

01:09:45,769 --> 01:09:42,779

we need to to deconflict now

1543

01:09:47,570 --> 01:09:45,779

yeah you know especially I think um I

1544

01:09:50,570 --> 01:09:47,580

feel like especially online there's

1545

01:09:52,669 --> 01:09:50,580

several different groups to where you

1546

01:09:54,890 --> 01:09:52,679

have the very beginners that are just

1547

01:09:57,709 --> 01:09:54,900

like what those UFOs because I've

1548

01:10:00,290 --> 01:09:57,719

actually met a few deal quite literally

1549

01:10:02,030 --> 01:10:00,300

now like I'm like yeah welcome to planet

1550

01:10:04,550 --> 01:10:02,040

Earth in case you didn't know this

1551
01:10:05,750 --> 01:10:04,560
before and then there's there's been you

1552
01:10:07,790 --> 01:10:05,760
know others have been like well I've

1553
01:10:09,110 --> 01:10:07,800
been listening here and there and I mean

1554
01:10:10,910 --> 01:10:09,120
quite literally there's like five

1555
01:10:13,370 --> 01:10:10,920
different groups and it's like

1556
01:10:15,590 --> 01:10:13,380
when it comes to these different

1557
01:10:19,070 --> 01:10:15,600
um you know because there was I was

1558
01:10:21,470 --> 01:10:19,080
thinking okay maybe I didn't like what

1559
01:10:23,510 --> 01:10:21,480
NASA was doing and all of that I thought

1560
01:10:25,370 --> 01:10:23,520
it was complete BS but maybe someone

1561
01:10:26,990 --> 01:10:25,380
with a different mindset to them that

1562
01:10:28,550 --> 01:10:27,000
would be mind-blowing and then that

1563
01:10:31,729 --> 01:10:28,560

would get them going or something but

1564

01:10:33,410 --> 01:10:31,739

anyway I don't know I was I'm still I'm

1565

01:10:37,430 --> 01:10:33,420

still not forgiving

1566

01:10:39,050 --> 01:10:37,440

there's a big disparity between

1567

01:10:40,910 --> 01:10:39,060

but first of all I mean I guess I don't

1568

01:10:42,530 --> 01:10:40,920

want to say top tier or give anybody a

1569

01:10:44,090 --> 01:10:42,540

rank system but you've got people who

1570

01:10:45,950 --> 01:10:44,100

have experienced and remember their

1571

01:10:46,850 --> 01:10:45,960

experiences of this phenomenon who have

1572

01:10:49,910 --> 01:10:46,860

a very

1573

01:10:53,209 --> 01:10:49,920

definitive interest in the subject

1574

01:10:55,370 --> 01:10:53,219

um you've got people that may or may not

1575

01:10:57,110 --> 01:10:55,380

have experienced the phenomenon but have

1576

01:10:59,990 --> 01:10:57,120

an intense love of the subject whether

1577

01:11:03,890 --> 01:11:00,000

it's uh you know just a science fictiony

1578

01:11:07,310 --> 01:11:03,900

love of it a curiosity or or whatever

1579

01:11:10,790 --> 01:11:07,320

um there's a whole lot of our population

1580

01:11:14,149 --> 01:11:10,800

who pardon my my mild bad language

1581

01:11:16,370 --> 01:11:14,159

doesn't give a damn about this subject

1582

01:11:17,930 --> 01:11:16,380

um and I I've I've run into a lot of

1583

01:11:20,630 --> 01:11:17,940

those folks and I think a lot of us who

1584

01:11:23,510 --> 01:11:20,640

maybe in ufology maybe in a bubble

1585

01:11:26,149 --> 01:11:23,520

sometimes forgetting well it's it's true

1586

01:11:28,010 --> 01:11:26,159

that a lot of constituents don't care

1587

01:11:30,709 --> 01:11:28,020

about this

1588

01:11:32,450 --> 01:11:30,719

um I don't know why yet I have I have my

1589

01:11:33,290 --> 01:11:32,460

suspicious

1590

01:11:34,669 --> 01:11:33,300

um

1591

01:11:37,669 --> 01:11:34,679

but

1592

01:11:39,050 --> 01:11:37,679

we have a we've got a place like NASA

1593

01:11:41,630 --> 01:11:39,060

National Aeronautics Space

1594

01:11:44,570 --> 01:11:41,640

Administration or civilian

1595

01:11:47,149 --> 01:11:44,580

um arm of our of the you know the

1596

01:11:50,689 --> 01:11:47,159

scientific aspect of our government

1597

01:11:52,370 --> 01:11:50,699

who knows what inside that organization

1598

01:11:54,110 --> 01:11:52,380

I don't know how secrets are kept there

1599

01:11:56,149 --> 01:11:54,120

you and I have watched probably hundreds

1600

01:11:58,310 --> 01:11:56,159

of hours of of International Space

1601
01:12:00,350 --> 01:11:58,320
Station and space shuttle footage and

1602
01:12:02,209 --> 01:12:00,360
we've we've become familiar with the

1603
01:12:04,010 --> 01:12:02,219
fact that a lot of anomalous objects

1604
01:12:06,590 --> 01:12:04,020
have been caught on camera that the

1605
01:12:08,149 --> 01:12:06,600
cameras are then cut off that there's

1606
01:12:10,130 --> 01:12:08,159
never anything discussed about it

1607
01:12:12,290 --> 01:12:10,140
there's only one sense surrounding

1608
01:12:15,350 --> 01:12:12,300
people having exposed green screen and

1609
01:12:16,850 --> 01:12:15,360
Guy wires on on certain things none of

1610
01:12:20,030 --> 01:12:16,860
these things help

1611
01:12:22,370 --> 01:12:20,040
uh any of us trust NASA as an

1612
01:12:24,890 --> 01:12:22,380
Administration but I think we're back to

1613
01:12:27,470 --> 01:12:24,900

that what does the administration know

1614

01:12:29,090 --> 01:12:27,480

and how do the people individually feel

1615

01:12:30,590 --> 01:12:29,100

about this subject because it seems like

1616

01:12:33,470 --> 01:12:30,600

you you can be presented all the

1617

01:12:35,750 --> 01:12:33,480

evidence and go nah it's not real

1618

01:12:38,090 --> 01:12:35,760

um you know as some people go that was

1619

01:12:39,950 --> 01:12:38,100

debunked and and first of all I'm an

1620

01:12:42,950 --> 01:12:39,960

investigator I never received any

1621

01:12:45,290 --> 01:12:42,960

training in bunking or debunking

1622

01:12:47,030 --> 01:12:45,300

um pardon the sarcasm but we we carry

1623

01:12:49,130 --> 01:12:47,040

out investigations we collect evidence

1624

01:12:51,050 --> 01:12:49,140

we make officers observations and

1625

01:12:52,970 --> 01:12:51,060

actions in a report and then leadership

1626
01:12:55,610 --> 01:12:52,980
takes that evidence and makes a decision

1627
01:12:58,790 --> 01:12:55,620
so I I throw the whole debunking thing

1628
01:13:02,689 --> 01:12:58,800
out of the window that's armchair stuff

1629
01:13:04,490 --> 01:13:02,699
right okay well Sean um if there's

1630
01:13:07,550 --> 01:13:04,500
anything else you would you would want

1631
01:13:09,050 --> 01:13:07,560
to add please do other than that I think

1632
01:13:11,810 --> 01:13:09,060
um you know I want to thank you for

1633
01:13:14,750 --> 01:13:11,820
coming on and and talking about this uh

1634
01:13:17,870 --> 01:13:14,760
you're the only one that that I knew

1635
01:13:21,050 --> 01:13:17,880
that I could reach out to who's somewhat

1636
01:13:23,090 --> 01:13:21,060
close to groosh but I'm not sure if if

1637
01:13:25,310 --> 01:13:23,100
somehow if you don't mind if there is a

1638
01:13:27,410 --> 01:13:25,320

connection there or you can forward

1639

01:13:29,450 --> 01:13:27,420

forward him my Channel or something see

1640

01:13:31,189 --> 01:13:29,460

if he would be interested come forward

1641

01:13:33,229 --> 01:13:31,199

um I don't know if there's any legal

1642

01:13:35,990 --> 01:13:33,239

repercussions for him doing that right

1643

01:13:38,689 --> 01:13:36,000

now but I would love to talk to him too

1644

01:13:40,430 --> 01:13:38,699

I'll certainly pass the invitation along

1645

01:13:42,649 --> 01:13:40,440

um I can't vouch for for what the

1646

01:13:44,270 --> 01:13:42,659

results may be but allow me to say to

1647

01:13:47,149 --> 01:13:44,280

your audience and to the folks that are

1648

01:13:49,070 --> 01:13:47,159

listening that um you know you you may

1649

01:13:51,470 --> 01:13:49,080

have seen me um a little more on guard

1650

01:13:54,470 --> 01:13:51,480

tonight uh and you may have seen me be

1651

01:13:56,090 --> 01:13:54,480

uh be rather bold and how quick I was to

1652

01:13:58,970 --> 01:13:56,100

shoot down

1653

01:14:00,709 --> 01:13:58,980

um the way some folks may have been

1654

01:14:02,930 --> 01:14:00,719

um stating something or not but the fact

1655

01:14:05,689 --> 01:14:02,940

is is we are in a historical period

1656

01:14:07,250 --> 01:14:05,699

going forward and a lot of the people

1657

01:14:08,990 --> 01:14:07,260

that don't want this to go forward are

1658

01:14:10,370 --> 01:14:09,000

going to mine all of these interviews

1659

01:14:12,350 --> 01:14:10,380

and they're going to be checking all of

1660

01:14:13,970 --> 01:14:12,360

the commas and making sure the t's are

1661

01:14:15,229 --> 01:14:13,980

crossed and looking for any issues that

1662

01:14:16,490 --> 01:14:15,239

they can cherry pick against this

1663

01:14:18,169 --> 01:14:16,500

subject

1664

01:14:20,209 --> 01:14:18,179

I think all of us are on the same side

1665

01:14:21,950 --> 01:14:20,219

of the fence we want to know what the

1666

01:14:24,290 --> 01:14:21,960

truth is we want to know what was

1667

01:14:25,669 --> 01:14:24,300

collected over the last 80 years and we

1668

01:14:28,550 --> 01:14:25,679

want to start somewhere fresh where we

1669

01:14:30,830 --> 01:14:28,560

can all learn together so I think less

1670

01:14:32,810 --> 01:14:30,840

debunking at this point and more

1671

01:14:35,030 --> 01:14:32,820

constructive investigating is the way to

1672

01:14:38,570 --> 01:14:35,040

go for all of us so I want to say thanks

1673

01:14:40,430 --> 01:14:38,580

Adnan thank you well you know uh I guess

1674

01:14:43,010 --> 01:14:40,440

you know is this one of those

1675

01:14:45,410 --> 01:14:43,020

it's one of these uh small you know

1676

01:14:47,149 --> 01:14:45,420

privileges but that everyone can achieve

1677

01:14:48,830 --> 01:14:47,159

which is like you know I'm not trying to

1678

01:14:50,990 --> 01:14:48,840

keep constantly pushing the Ozark

1679

01:14:52,669 --> 01:14:51,000

conference but if they just came to to

1680

01:14:54,590 --> 01:14:52,679

the Ozark conference you were all over

1681

01:14:56,330 --> 01:14:54,600

the place anyone and anyone could talk

1682

01:14:58,610 --> 01:14:56,340

to you and they have been talking to you

1683

01:15:00,709 --> 01:14:58,620

you know and then later on you know a

1684

01:15:02,810 --> 01:15:00,719

different different rooms where just

1685

01:15:04,669 --> 01:15:02,820

there's alcohol we all sit and talking I

1686

01:15:07,550 --> 01:15:04,679

mean I don't drink but for those to do

1687

01:15:09,790 --> 01:15:07,560

do for hours and hours I mean two three

1688

01:15:12,290 --> 01:15:09,800

o'clock in the morning you know and so

1689

01:15:14,530 --> 01:15:12,300

uh for someone who has something to hide

1690

01:15:16,550 --> 01:15:14,540

you would not be that off guard

1691

01:15:18,110 --> 01:15:16,560

you know what I mean you and I spent

1692

01:15:19,669 --> 01:15:18,120

days together

1693

01:15:21,830 --> 01:15:19,679

um and we had some very Frank

1694

01:15:23,450 --> 01:15:21,840

conversations that you know and we we

1695

01:15:24,890 --> 01:15:23,460

caged a lot of the things we talked

1696

01:15:27,169 --> 01:15:24,900

about to make sure everybody in the room

1697

01:15:29,689 --> 01:15:27,179

understand when we were speculating you

1698

01:15:32,270 --> 01:15:29,699

know presenting opinion right uh or fact

1699

01:15:34,669 --> 01:15:32,280

but you're you're absolutely right I

1700

01:15:36,229 --> 01:15:34,679

would I've never been to another UFO

1701
01:15:38,810 --> 01:15:36,239
conference I haven't spoken at another

1702
01:15:40,130 --> 01:15:38,820
one but I think I will be returning to

1703
01:15:41,870 --> 01:15:40,140
the Ozarks conference whether I'm

1704
01:15:43,550 --> 01:15:41,880
speaking or not because I had a

1705
01:15:46,189 --> 01:15:43,560
fantastic time those were really good

1706
01:15:49,189 --> 01:15:46,199
folks the monetization and the nonsense

1707
01:15:52,310 --> 01:15:49,199
was at an absolute low level and the

1708
01:15:55,130 --> 01:15:52,320
community and and in informative

1709
01:15:57,050 --> 01:15:55,140
networking was was incredible it was a

1710
01:15:58,189 --> 01:15:57,060
great feeling being there well because I

1711
01:16:00,350 --> 01:15:58,199
think of course everybody else was

1712
01:16:02,570 --> 01:16:00,360
awesome yeah I'm glad you were able to

1713
01:16:06,169 --> 01:16:02,580

make it because I think it takes down

1714

01:16:07,970 --> 01:16:06,179

that barrier between okay a person that

1715

01:16:10,669 --> 01:16:07,980

has watched all kinds of videos from you

1716

01:16:12,649 --> 01:16:10,679

and has formed an opinion as opposed to

1717

01:16:14,810 --> 01:16:12,659

somebody that okay I've heard about you

1718

01:16:16,790 --> 01:16:14,820

let me go talk to you that's a big

1719

01:16:17,990 --> 01:16:16,800

difference you know because then all

1720

01:16:20,810 --> 01:16:18,000

these different attacks are like

1721

01:16:23,209 --> 01:16:20,820

basically formed about 10 videos watched

1722

01:16:25,250 --> 01:16:23,219

you know and then each video made you

1723

01:16:27,110 --> 01:16:25,260

know gave you know got him to respond

1724

01:16:29,090 --> 01:16:27,120

emotionally in a different way and then

1725

01:16:31,669 --> 01:16:29,100

of course that comes as a form of attack

1726

01:16:33,709 --> 01:16:31,679

as you know but if they want simply just

1727

01:16:36,050 --> 01:16:33,719

for example came to an event where they

1728

01:16:37,910 --> 01:16:36,060

knew it was and even then uh you didn't

1729

01:16:39,530 --> 01:16:37,920

even need to have a ticket to come and

1730

01:16:41,149 --> 01:16:39,540

talk to you because the whole point of

1731

01:16:42,950 --> 01:16:41,159

that conference is that everybody is

1732

01:16:44,390 --> 01:16:42,960

there you know you can't get into the

1733

01:16:46,430 --> 01:16:44,400

Hall but all the speakers were outside

1734

01:16:49,250 --> 01:16:46,440

the hall and meeting with everyone and

1735

01:16:50,870 --> 01:16:49,260

anyone anyway you know and so that right

1736

01:16:53,209 --> 01:16:50,880

there would would give them that access

1737

01:16:55,070 --> 01:16:53,219

to say okay I have some questions can

1738

01:16:56,990 --> 01:16:55,080

you clarify this or not you know because

1739

01:16:59,209 --> 01:16:57,000

that was the whole reason the sole

1740

01:17:01,490 --> 01:16:59,219

purpose you were there you know and and

1741

01:17:02,870 --> 01:17:01,500

then to just kind of also to engage from

1742

01:17:05,630 --> 01:17:02,880

you it's like okay

1743

01:17:07,970 --> 01:17:05,640

what kind of person are you because even

1744

01:17:09,950 --> 01:17:07,980

even like this you still can't sense the

1745

01:17:12,290 --> 01:17:09,960

same same thing than when you are in

1746

01:17:14,030 --> 01:17:12,300

person you know and and then you're more

1747

01:17:16,070 --> 01:17:14,040

relaxed you know not just you but I'm

1748

01:17:17,930 --> 01:17:16,080

talking about everyone and then you know

1749

01:17:20,450 --> 01:17:17,940

I mean look at the conversations I mean

1750

01:17:22,550 --> 01:17:20,460

what was that the group of what five six

1751

01:17:24,590 --> 01:17:22,560

seven I can't because I know there were

1752

01:17:26,870 --> 01:17:24,600

however many were there and the the the

1753

01:17:29,149 --> 01:17:26,880

suite was open anyone anyone could just

1754

01:17:30,530 --> 01:17:29,159

walk in and out they saw all the

1755

01:17:32,689 --> 01:17:30,540

different people there and then just

1756

01:17:34,970 --> 01:17:32,699

everything under the sky was discussed

1757

01:17:36,649 --> 01:17:34,980

and talked about you know and so that

1758

01:17:38,510 --> 01:17:36,659

would have been a time for them to meet

1759

01:17:40,189 --> 01:17:38,520

and and talk but instead it's like I

1760

01:17:42,169 --> 01:17:40,199

don't understand this part like earlier

1761

01:17:43,610 --> 01:17:42,179

today it's just you know just

1762

01:17:45,530 --> 01:17:43,620

immediately attack you know attack

1763

01:17:47,510 --> 01:17:45,540

you're this you're that it's like okay

1764

01:17:49,610 --> 01:17:47,520

you're not helping you know if we're

1765

01:17:52,390 --> 01:17:49,620

really trying to come to to the bottom

1766

01:17:55,010 --> 01:17:52,400

of this it's not helping because

1767

01:17:56,570 --> 01:17:55,020

there's no conversation there's just who

1768

01:17:58,669 --> 01:17:56,580

has a better insult at the end of the

1769

01:18:01,010 --> 01:17:58,679

day you know it's not a conversation and

1770

01:18:03,110 --> 01:18:01,020

so that's that's not a mindset of

1771

01:18:05,270 --> 01:18:03,120

somebody to want to get to the bottom of

1772

01:18:07,070 --> 01:18:05,280

it I'm talking for those that are acting

1773

01:18:08,570 --> 01:18:07,080

that way online especially towards some

1774

01:18:09,890 --> 01:18:08,580

of these figures that are that are on

1775

01:18:12,229 --> 01:18:09,900

the internet

1776

01:18:14,990 --> 01:18:12,239

if I can say I I'm not sure if it was

1777

01:18:17,450 --> 01:18:15,000

you and I or forest and I who discussed

1778

01:18:18,649 --> 01:18:17,460

um the idea that this is a Highway and

1779

01:18:20,390 --> 01:18:18,659

at the end of the highway there's a

1780

01:18:22,490 --> 01:18:20,400

destination we call a disclosure and

1781

01:18:23,990 --> 01:18:22,500

what disclosure means is some is an

1782

01:18:26,030 --> 01:18:24,000

answer that we can all wrap our heads

1783

01:18:28,130 --> 01:18:26,040

around that we all understand and that

1784

01:18:29,630 --> 01:18:28,140

we can move forward with

1785

01:18:31,790 --> 01:18:29,640

um I think that a lot of us myself

1786

01:18:34,490 --> 01:18:31,800

included take exits early off of that

1787

01:18:36,530 --> 01:18:34,500

freeway at little exits of outrage where

1788

01:18:38,689 --> 01:18:36,540

we find a portion of this that bothers

1789

01:18:40,310 --> 01:18:38,699

us so much that we we kind of let that

1790

01:18:42,709 --> 01:18:40,320

grow around us and become our mission

1791

01:18:44,090 --> 01:18:42,719

but I think it's important to get back

1792

01:18:45,830 --> 01:18:44,100

on the freeway with that information

1793

01:18:47,570 --> 01:18:45,840

because unfortunately there's bigger

1794

01:18:48,950 --> 01:18:47,580

challenges ahead before that before

1795

01:18:51,350 --> 01:18:48,960

disclosure

1796

01:18:52,850 --> 01:18:51,360

um right we've we have things to talk

1797

01:18:55,490 --> 01:18:52,860

about things to understand together

1798

01:18:59,810 --> 01:18:55,500

about Consciousness and history and and

1799

01:19:01,490 --> 01:18:59,820

and physics and and eschatology

1800

01:19:03,530 --> 01:19:01,500

um that are definitely tied into this

1801
01:19:05,510 --> 01:19:03,540
subject it is not just as simple as nuts

1802
01:19:07,810 --> 01:19:05,520
and bolts and real or not real

1803
01:19:10,669 --> 01:19:07,820
um and the sooner we move to real

1804
01:19:12,709 --> 01:19:10,679
uh let's all agree it's real and then

1805
01:19:14,870 --> 01:19:12,719
start fighting over everything but right

1806
01:19:18,410 --> 01:19:14,880
let's leave behind whether or not we're

1807
01:19:20,930 --> 01:19:18,420
trying to figure out if it's real or not

1808
01:19:22,130 --> 01:19:20,940
well Sean thank you again I really

1809
01:19:25,010 --> 01:19:22,140
appreciate it

1810
01:19:27,649 --> 01:19:25,020
and everyone else watching I'm glad you

1811
01:19:29,390 --> 01:19:27,659
were able to tune in uh Sean ended up uh

1812
01:19:31,550 --> 01:19:29,400
being able to come on and I'm glad he

1813
01:19:33,530 --> 01:19:31,560

did and talk to us and answer some of

1814

01:19:36,050 --> 01:19:33,540

your questions so

1815

01:19:37,790 --> 01:19:36,060

do you own research uh watch things that

1816

01:19:40,370 --> 01:19:37,800

are out there learn as much as you can

1817

01:19:42,410 --> 01:19:40,380

and for those that actually wanted to

1818

01:19:44,030 --> 01:19:42,420

learn and came to ask questions I'm glad

1819

01:19:46,370 --> 01:19:44,040

you did and I hope you got the answers

1820

01:19:48,530 --> 01:19:46,380

you were looking for or at least that

1821

01:19:51,890 --> 01:19:48,540

gave you another breadcrumb to follow up

1822

01:19:54,530 --> 01:19:51,900

for next time but uh anyway thank you to

1823

01:19:56,689 --> 01:19:54,540

all of you for joining us today Sean

1824

01:19:59,149 --> 01:19:56,699

thanks and you guys have a good day and

1825

01:20:00,110 --> 01:19:59,159

I'll catch you next week Wednesday at 7
