

1

00:00:00,300 --> 00:00:09,304

It could be one of the darkest and most sinister secrets in the entire field of UFO investigation.

2

00:00:09,304 --> 00:00:12,305

There was an underground base here in the Mesa.

3

00:00:12,305 --> 00:00:15,306

Human and alien genetic experimentation.

4

00:00:15,306 --> 00:00:17,307

Booms emerged in sort of yellow liquid.

5

00:00:17,307 --> 00:00:23,309

These experiments are reportedly going on in Dulce, New Mexico, deep below the desert,

6

00:00:23,309 --> 00:00:26,310

brushed in a secret underground base.

7

00:00:27,311 --> 00:00:30,312

Even reports of some kind of underground battle.

8

00:00:30,312 --> 00:00:33,313

62 to 72 bodies were pulled out of there.

9

00:00:34,314 --> 00:00:37,315

Are aliens being housed at an underground complex?

10

00:00:37,315 --> 00:00:40,316

They call level 6 Nightmare Hall.

11

00:00:41,316 --> 00:00:46,318

Or is this just a cover for a top secret military operation?

12

00:00:46,318 --> 00:00:48,319

And if so, why?

13

00:00:48,319 --> 00:00:51,320

They left a fetus inside the animal.

14

00:00:51,320 --> 00:00:52,321

My God.

15

00:00:53,321 --> 00:00:59,324

This is case number 66105, Underground Paces.

16

00:00:59,324 --> 00:01:01,324

The Mesa

17

00:01:01,324 --> 00:01:03,325

The Mesa

18

00:01:03,325 --> 00:01:05,326

The Mesa

19

00:01:05,326 --> 00:01:07,327

The Mesa

20

00:01:07,327 --> 00:01:09,327

The Mesa

21

00:01:09,327 --> 00:01:11,328

The Mesa

22

00:01:11,328 --> 00:01:13,329

The Mesa

23

00:01:13,329 --> 00:01:15,330

The Mesa

24

00:01:15,330 --> 00:01:17,331

The Mesa

25

00:01:17,331 --> 00:01:26,334

There is a whole theory about secret underground bases, especially the big base in Dulce, New Mexico.

26

00:01:27,335 --> 00:01:32,337

Allegedly, there is a vent coming out of a hill.

27

00:01:32,337 --> 00:01:35,338

Why would a vent be coming out of a hill?

28

00:01:35,338 --> 00:01:37,339

The only explanation would be some sort of facility in the mountains.

29

00:01:37,339 --> 00:01:41,340

If there is a base here, there's going to be a massive infrastructure.

30

00:01:41,340 --> 00:01:45,342

There's going to be a ventilation system, a water management system, a power system.

31

00:01:45,342 --> 00:01:50,344

If this is a government facility, I'm sure they can hide a lot of it, but some of it's going to be apparent.

32

00:01:50,344 --> 00:01:51,344

Kevin's right.

33

00:01:51,344 --> 00:01:53,345

I mean, an underground base would need power.

34

00:01:53,345 --> 00:01:58,347

There would probably be vents on the surface, but maybe not.

35

00:01:58,347 --> 00:02:02,349

If they designed something ultra top secret, most of the base would be underground.

36

00:02:02,349 --> 00:02:13,353

I know for a fact that we have underground military bases that were built to protect and house the government and military in the event of a nuclear attack.

37

00:02:13,353 --> 00:02:18,355

But whether or not aliens are involved in Dulce, that never means to be seen.

38

00:02:21,356 --> 00:02:24,357

We don't even know that there is actually a base here.

39

00:02:24,357 --> 00:02:27,359

That's as simple as it gets, and that's where personally I want to start.

40

00:02:27,359 --> 00:02:28,359

Okay.

41

00:02:28,359 --> 00:02:35,362

If I see something that leads me to believe that there is a base there, then I'll think about what's going on in the base and who's running it.

42

00:02:35,362 --> 00:02:40,364

When you hear the stories, when you're on the Indian reservation and see what there is to see,

43

00:02:40,364 --> 00:02:47,367

when you do that, I think your minds will be open to the possibility that something incredible and possibly very sinister is going on there.

44

00:02:52,369 --> 00:02:59,371

We're in Dulce, New Mexico, about 200 miles away from Albuquerque.

45

00:02:59,371 --> 00:03:09,375

Our goal is to locate a secret underground base where the government reportedly has been housing aliens and carrying out strange experiments.

46

00:03:09,375 --> 00:03:14,377

My name's Ken Storich, and there is definitely something strange going on in Dulce, New Mexico.

47

00:03:14,377 --> 00:03:15,378

My name is Bob.

48

00:03:15,378 --> 00:03:16,378

I'm an undercover operative.

49

00:03:16,378 --> 00:03:19,379

And Dulce is the ultimate undercover operation.

50

00:03:22,380 --> 00:03:31,384

We're here in Dulce meeting with Bob and Ken, investigators that have been looking into this area for over 10 years now.

51

00:03:31,384 --> 00:03:38,387

These guys have made Dulce the central focus of their investigations because they believe something

really strange is going on here.

52

00:03:42,388 --> 00:03:44,389

What got you into the Dulce business?

53

00:03:44,389 --> 00:03:49,391

When we first learned about the Dulce papers from this retired Air Force colonel,

54

00:03:49,391 --> 00:03:53,393

we were told that there was an underground base here in the Mesa.

55

00:03:53,393 --> 00:04:01,396

The Dulce papers surfaced in the 1980s and they documented the levels of experimentation going on at that secret base.

56

00:04:01,396 --> 00:04:04,397

They also talked about a fight.

57

00:04:04,397 --> 00:04:08,399

In 79, the Greys took over our scientists.

58

00:04:08,399 --> 00:04:13,401

Delta, FBI, CIA, the security forces in the mountain itself.

59

00:04:13,401 --> 00:04:18,403

They went down to get the scientists and a firefight occurred from 62 to 72.

60

00:04:18,403 --> 00:04:20,404

Bodies were pulled out of there.

61

00:04:22,404 --> 00:04:28,407

Our very first trip down here, we were contacted by a Hickory police officer.

62

00:04:28,407 --> 00:04:30,408

We went on to the reservation.

63

00:04:30,408 --> 00:04:33,409

Out of my peripheral vision, I see the squad car pull up.

64

00:04:33,409 --> 00:04:36,410

He said to me, what are you looking at?

65

00:04:36,410 --> 00:04:37,410

I said, the Archuleta.

66

00:04:37,410 --> 00:04:44,413

And I just bluntly looked at him and said, were you here in 79 when they dragged the bodies out of the Archuleta?

67

00:04:44,413 --> 00:04:48,415

He looked me dead in the face and said, yes, but we're not allowed to talk about it.

68

00:04:48,415 --> 00:04:49,415

Whoa.

69

00:04:49,415 --> 00:04:50,416

This is bizarre.

70

00:04:50,416 --> 00:04:55,418

We have an officer admitting to seeing bodies removed from this supposed fire, but he's forbidden to talk about it.

71

00:04:55,418 --> 00:05:00,420

So there might be something to this, but still, it's second hand and it's just a story.

72

00:05:00,420 --> 00:05:03,421

What role does Archuleta Mesa play in all this?

73

00:05:03,421 --> 00:05:09,423

The only thing that we can think of is that it's in a remote area and it's only accessible from certain points.

74

00:05:10,424 --> 00:05:17,426

There's a section up there, 30 yards wide, two or three hundred yards long, where the tops of the trees are clipped off.

75

00:05:17,426 --> 00:05:19,427

They're all laying in one direction.

76

00:05:19,427 --> 00:05:26,430

The first story that we got was that it was a flying saucer from Area 51 that was back engineered.

77

00:05:26,430 --> 00:05:32,432

They were flying it and they got into trouble and tried to do an emergency landing on the Mesa and crashed.

78

00:05:32,432 --> 00:05:34,433

And that's what started the fire.

79

00:05:35,433 --> 00:05:40,435

Second version was that it was an F-16 that crashed and that came from an Air Force major.

80

00:05:40,435 --> 00:05:46,438

But I can't find anything about the crash, what caused the crash, who the pilot was, what happened to the pilot or anything.

81

00:05:49,439 --> 00:05:56,442

All of a sudden you get steered in this direction, you get an answer, question answered, and then all of a sudden it steers you in another direction, you hit a brick wall.

82

00:05:56,442 --> 00:06:01,444

The worst thing that a detective or an investigator can do is take the evidence and lead it.

83

00:06:01,444 --> 00:06:08,447

What you have to do is you have to follow the trail and you have to keep an open mind and you have to be objective when you go down that path.

84

00:06:08,447 --> 00:06:18,451

Ken and Bob are giving me some clues that point that something is going on, but there's nothing definitive yet that tells me that there really is an underground base here.

85

00:06:18,451 --> 00:06:25,453

I want to get closer to Archuleta Mesa, get a closer look, and maybe I'll be able to make a little more sense about what's happening in Dulce.

86

00:06:31,456 --> 00:06:37,458

My name is Troy Vicente and I honestly believe that there is a UFO base within Archuleta Mesa.

87

00:06:40,459 --> 00:06:44,461

Kevin and I have come to the base of Archuleta Mesa to see if there's anything going on here.

88

00:06:44,461 --> 00:06:51,464

We're meeting with a local Troy Vicente to see if he knows anything about this place and has experienced any UFO sightings for himself.

89

00:06:51,464 --> 00:07:07,470

From the front gate, as you're coming in, my wife saw this big old flying crab that was hovering and it's a very big crab, probably about three or four football lengths wide.

90

00:07:07,470 --> 00:07:08,471

Was it round?

91

00:07:08,471 --> 00:07:10,471

Yes, round.

92

00:07:11,472 --> 00:07:22,476

As we stood there, all I could see was the disc, the bottom of the disc because of the flash of the Dulce lights shining against it.

93

00:07:22,476 --> 00:07:25,477

There is a reflection from the lights in town on the bottom of this crab.

94

00:07:25,477 --> 00:07:26,478

Yes, there is.

95

00:07:29,479 --> 00:07:34,481

I thought it was going to hit that Mesa, but it seemed like it was barely great that Mesa there.

96

00:07:34,481 --> 00:07:37,482

Crab flew into the Mesa or over the Mesa?

97

00:07:37,482 --> 00:07:39,483

Above, on top of it.

98

00:07:41,484 --> 00:07:49,487

Do you think it's that it's possible that maybe this UFO that you saw maybe had originated from Archuleta Mesa?

99

00:07:49,487 --> 00:07:52,488

We already know that there's a UFO base here.

100

00:07:52,488 --> 00:07:56,490

It's common knowledge that there's a UFO base here in Dulce?

101

00:07:56,490 --> 00:07:57,490

Yes.

102

00:07:57,490 --> 00:08:04,493

It's amazing that they just accept a UFO base being here. This is a good sign for starting off our investigation.

103

00:08:10,495 --> 00:08:17,498

I'm off to Las Vegas to talk to John Leo about the mysteries of the Dulce papers and their ultimate origin.

104

00:08:20,499 --> 00:08:23,500

Can you just start us off and tell us how this whole story began?

105

00:08:23,500 --> 00:08:30,503

I met Ann West. She told me that she knew a security officer there. His name was Thomas Costello.

106

00:08:30,503 --> 00:08:38,506

Supposedly he escaped with seven minutes of videotape, 25 black and white photos, and about 100 pages of information on what was going on there.

107

00:08:39,507 --> 00:08:43,508

He contacted Ann, who was a long time friend of his, and said,

108

00:08:43,508 --> 00:08:48,510

What I want you to do is bury this information. I'll contact you every four months.

109

00:08:48,510 --> 00:08:54,513

If I miss two meetings in a row, then I want you to take that information and expose what's going on there.

110

00:08:54,513 --> 00:09:00,515

When she was shown the photos before he put it in the box, he asked her to make some drawings.

111

00:09:00,515 --> 00:09:04,517

And these are the original pencil drawings that she made.

112

00:09:05,517 --> 00:09:08,518

What is there at Dulce from these drawings?

113

00:09:08,518 --> 00:09:13,520

It's underground, it has seven levels. There's all kinds of experiments going on.

114

00:09:16,522 --> 00:09:19,523

Wounds submerged in sort of yellow liquid looks thicker than water.

115

00:09:22,524 --> 00:09:29,527

Dozens of creatures in each womb can't count the tanks. Three fingers, two toes, not human.

116

00:09:30,527 --> 00:09:37,530

All we do know, or at least believe from the photographs, is that there's experimentation with human beings.

117

00:09:37,530 --> 00:09:38,530

Correct.

118

00:09:38,530 --> 00:09:41,531

There are aliens who are living at Dulce.

119

00:09:41,531 --> 00:09:42,532

Correct.

120

00:09:42,532 --> 00:09:45,533

And we are working with the aliens at Dulce.

121

00:09:45,533 --> 00:09:46,533

Correct.

122

00:09:49,535 --> 00:09:54,537

I'm going to go back to Dulce now with an encyclopedic amount of information.

123

00:09:54,537 --> 00:09:59,539

It's the history of Dulce, the origins of Dulce, who's in charge of Dulce.

124

00:10:05,541 --> 00:10:13,544

John Lear said that he's the guy who got all the information from a guard who worked right there at the Dulce base.

125

00:10:13,544 --> 00:10:20,547

Inside the boxes that supposedly this guy, Thomas Castello, left were photographs.

126

00:10:21,547 --> 00:10:25,549

What I'm going to show you are some of the sketches he made from the photographs.

127

00:10:25,549 --> 00:10:29,551

Looks like large pieces of pale meat and cloudy water.

128

00:10:29,551 --> 00:10:30,551

Submerged, not floating.

129

00:10:30,551 --> 00:10:31,551

Bill, are you serious about this?

130

00:10:31,551 --> 00:10:37,554

Pat, that's what he said. A humanoid embryo growing inside a flask.

131

00:10:38,554 --> 00:10:45,557

So I'm wondering, are these any sort of proof that this underground base is real, or is it a hint that the whole thing is just made up?

132

00:10:46,557 --> 00:10:52,560

So you're saying that in this Archuleta, right here, Archuleta Mesa, all this sinister stuff is going on?

133

00:10:52,560 --> 00:10:53,560

Yes.

134

00:10:53,560 --> 00:11:04,565

We're going to meet with John Rhodes, who's the repository of all information about what the Dulce base is, what's going on there, what they're doing, and who's in charge.

135

00:11:06,565 --> 00:11:08,566

The base is underneath Archuleta Mesa.

136

00:11:09,567 --> 00:11:14,569

Supposedly it consists of seven levels, each level increasing in security as you go lower and lower.

137

00:11:15,569 --> 00:11:22,572

The information that was provided to us by Thomas Castello gave us very complex floor plans that had been drawn out.

138

00:11:23,572 --> 00:11:26,573

Here we're looking at the first level of Dulce.

139

00:11:26,573 --> 00:11:29,574

The central hub here is security, which extends all the way down.

140

00:11:29,574 --> 00:11:32,576

It's the hub of these concentric ring circles.

141

00:11:33,576 --> 00:11:37,578

Each area is connected by corridors and passageways.

142

00:11:38,578 --> 00:11:41,579

Level two, they strip you down and take all your personal clothing.

143

00:11:41,579 --> 00:11:42,580

They weigh your body.

144

00:11:42,580 --> 00:11:45,581

They take biometric scans of you and everything.

145

00:11:45,581 --> 00:11:48,582

So in case you're trying to smuggle something out, they know exactly what you ate.

146

00:11:48,582 --> 00:11:50,583

They know exactly how much you should weigh.

147

00:11:50,583 --> 00:11:51,583

They know if you have something in your stomach.

148

00:11:51,583 --> 00:11:53,584

They're really taking it to extremes.

149

00:11:53,584 --> 00:11:55,585

Well, you would have to with something like this.

150

00:11:56,585 --> 00:12:01,587

They're frightened that it would be discovered that humans were being experimented on for genetic

research.

151

00:12:02,588 --> 00:12:05,589

Level three, we have the computer bank area.

152

00:12:05,589 --> 00:12:10,591

This is where they contain all command, control, communications, and intelligence.

153

00:12:10,591 --> 00:12:13,592

Level three doesn't sound very dark. When does it all start?

154

00:12:13,592 --> 00:12:15,593

Well, it starts getting more interesting at level four.

155

00:12:16,593 --> 00:12:18,594

Here's where they get some of the more exotic research.

156

00:12:19,594 --> 00:12:24,596

They've studied the human aura, all aspects of telepathy, hypnosis, dreams.

157

00:12:24,596 --> 00:12:26,597

Guys, wait, hang on a second.

158

00:12:26,597 --> 00:12:30,599

Are you talking about extraterrestrial visitors that are working with our government?

159

00:12:30,599 --> 00:12:31,599

Both.

160

00:12:31,599 --> 00:12:36,601

John Rhodes talks about the government working with aliens doing these weird experiments.

161

00:12:36,601 --> 00:12:39,602

This is where I have to draw the line.

162

00:12:40,603 --> 00:12:43,604

They call level six Nightmare Hall.

163

00:12:44,604 --> 00:12:48,606

You have aliens experimenting on humans, humans experimenting on aliens.

164

00:12:49,606 --> 00:12:52,608

They feel that you can sacrifice the one for the many.

165

00:12:52,608 --> 00:12:54,608

There's nobody safe.

166

00:12:54,608 --> 00:13:07,614

A little ways above Ducie Rock, something touched me in the back with a big hat and eyes.

167

00:13:09,614 --> 00:13:11,615

Listen to those people.

168

00:13:17,618 --> 00:13:23,620

We're speaking to John Rhodes, who's describing the different types of experiments going on on the different levels at Dulce.

169

00:13:23,620 --> 00:13:30,623

And he's confirming exactly what Thomas Costello said, that on level six and seven,

170

00:13:30,623 --> 00:13:33,624

that's where some of the darkest experimentation is going on.

171

00:13:34,624 --> 00:13:37,625

They call level six Nightmare Hall.

172

00:13:37,625 --> 00:13:43,628

This is where all the genetic experimentation is occurring, where they fuse animals and humans together.

173

00:13:44,628 --> 00:13:48,630

John Lear showed me his drawings of the Costello photographs,

174

00:13:48,630 --> 00:13:54,632

in which there were body parts in vats of warped human beings in cages.

175

00:13:54,632 --> 00:13:55,633

Absolutely.

176

00:13:55,633 --> 00:13:56,633

That's even real though.

177

00:13:56,633 --> 00:13:59,634

I saw the pictures, Pat, with my own eyes.

178

00:13:59,634 --> 00:14:01,635

Everybody wraps your sketches.

179

00:14:01,635 --> 00:14:06,637

Everybody saw about two or three years ago a mouse with a human ear growing out of its back.

180

00:14:06,637 --> 00:14:07,637

Do you remember seeing that?

181

00:14:07,637 --> 00:14:08,638

I saw that.

182

00:14:08,638 --> 00:14:14,640

Remember, the military industrial corporate complex is actually about 30 to 40 years ahead of us.

183

00:14:14,640 --> 00:14:21,643

So that means that at the time when these came out, chances are they were successfully fusing humans and other animals together

184

00:14:21,643 --> 00:14:23,644

as a precursor to what we're seeing now.

185

00:14:25,645 --> 00:14:28,646

Growing a human ear on a mouse could have some medical benefit,

186

00:14:28,646 --> 00:14:32,647

but that is so much different from aliens performing genetic experiments on humans.

187

00:14:32,647 --> 00:14:36,649

The human test subjects are housed in level five, they're taken in, the experiments are done on level six,

188

00:14:36,649 --> 00:14:38,650

then they're transported to level seven.

189

00:14:38,650 --> 00:14:40,651

This is the horrific area.

190

00:14:40,651 --> 00:14:42,651

Guards like Thomas said that they had the cages.

191

00:14:43,652 --> 00:14:45,653

They were told not to talk to anybody.

192

00:14:45,653 --> 00:14:47,653

These were half men, half other animals.

193

00:14:49,654 --> 00:14:51,655

Who's doing these experiments?

194

00:14:51,655 --> 00:14:54,656

Reptilian humanoid beings, the small grays.

195

00:14:54,656 --> 00:15:01,659

You're saying there are terrestrial reptilians down there, and there are gray aliens down there,

196

00:15:01,659 --> 00:15:08,662

and there are humans who are willingly helping to perform experiments on other humans down there.

197

00:15:08,662 --> 00:15:09,662

Why are you so shh?

198

00:15:09,662 --> 00:15:10,663

That is a nightmare.

199

00:15:10,663 --> 00:15:14,664

Why are you so shocked at humans performing other experiments on humans?

200

00:15:14,664 --> 00:15:18,666

I'm trying to separate fantasy from reality here.

201

00:15:20,667 --> 00:15:24,668

When you absorb all of the dolcy information, you have to ask yourself,

202

00:15:24,668 --> 00:15:29,670

do you dare risk doing research on mice where if you could use a human being,

203

00:15:29,670 --> 00:15:31,671

you could advance your research by 30 years.

204

00:15:31,671 --> 00:15:36,673

I just want to think about right now, is there a base? Is it possible?

205

00:15:37,673 --> 00:15:42,675

Back in June 11th, 1972 in the LA Times, the lead physicist for the Rand Corporation,

206

00:15:42,675 --> 00:15:48,678

he said that in 1972 the government had the technology to excavate tunnels across the United States

207

00:15:48,678 --> 00:15:53,680

and put maglev trains in there that were capable of doing 10 to 14,000 miles an hour.

208

00:15:53,680 --> 00:15:57,681

Now this is not science fiction, we have the capability to do it.

209

00:15:57,681 --> 00:16:02,683

These are US patents by Los Alamos National Laboratories talking about

210

00:16:02,683 --> 00:16:08,686

thermonuclear boring machines that melt through rock just like you're taking knife through butter.

211

00:16:08,686 --> 00:16:11,687

People keep thinking rock is hard, you have to break it down.

212

00:16:11,687 --> 00:16:14,688

That's what we've been misled to believe when it comes to tunneling.

213

00:16:14,688 --> 00:16:19,690

There are millions of patents and very, very few of them actually make it to production.

214

00:16:19,690 --> 00:16:21,691

A lot of them don't even work.

215

00:16:21,691 --> 00:16:26,693

Is there anything that actually says these are real thermonuclear boring machines?

216

00:16:26,693 --> 00:16:30,694

I went to Bechtel in Las Vegas, Nevada and put in Subterranean,

217

00:16:30,694 --> 00:16:33,696

which is what they called one of these, a subterranean into their computer system.

218

00:16:33,696 --> 00:16:39,698

These are images of the subterranean being tested up at Los Alamos scientific laboratories.

219

00:16:39,698 --> 00:16:44,700

The actual boring tips get superheated and they melt through solid rock.

220

00:16:44,700 --> 00:16:47,701

There's no excavation of materials that are needed.

221

00:16:47,701 --> 00:16:53,704

The rock penetrates, cracks and presses liquid molten glass up through a lining all the way around it.

222

00:16:54,704 --> 00:17:00,706

In the early 1970s there are plans for a network of underground tube shuttles.

223

00:17:00,706 --> 00:17:03,708

There are tube shuttles systems leading out of the base.

224

00:17:03,708 --> 00:17:06,709

So we have these tunnels under the United States now.

225

00:17:06,709 --> 00:17:08,710

You're saying this is a reality?

226

00:17:08,710 --> 00:17:09,710

Absolutely.

227

00:17:09,710 --> 00:17:15,712

In order for me to even get close to believing this, I need more video, I need testimony,

228

00:17:15,712 --> 00:17:20,714

I need photographs, I need some physical evidence that any of this is going on.

229

00:17:24,716 --> 00:17:30,718

These revelations from John Rhodes are certainly explosive, in fact they're monumental.

230

00:17:30,718 --> 00:17:34,720

But as an investigator I have to entertain other possibilities.

231

00:17:34,720 --> 00:17:37,721

I have to look at what else could be happening at the Delci base.

232

00:17:37,721 --> 00:17:43,723

So we will meet with Norio Hayakawa, a researcher who will give us some alternate theories

233

00:17:43,723 --> 00:17:47,725

about what might be going on at the Delci base.

234

00:17:47,725 --> 00:17:52,727

In 1990 I brought a Japanese television crew right here in Delci.

235

00:17:52,727 --> 00:17:54,728

We wanted to know what was going on.

236

00:17:54,728 --> 00:18:00,730

And strangely enough we were arrested and detained actually by the police chief.

237

00:18:00,730 --> 00:18:05,732

We asked them why we were detained and he didn't want to tell us anything.

238

00:18:05,732 --> 00:18:10,734

We asked him about the Delci base and he said he didn't want to talk about it.

239

00:18:10,734 --> 00:18:12,735

So he didn't confirm or deny?

240

00:18:12,735 --> 00:18:14,736

He didn't confirm or deny.

241

00:18:14,736 --> 00:18:18,737

That smacks to me of some kind of a cover-up.

242

00:18:18,737 --> 00:18:21,739

What were they trying to hide?

243

00:18:21,739 --> 00:18:24,740

How long have these stories about Delci been going on?

244

00:18:24,740 --> 00:18:32,743

Well this whole Delci rumor started in the mid-70s when cattle mutilation started taking place in this area

245

00:18:32,743 --> 00:18:38,745

and then later on rumors started circulating around that there is an alien base.

246

00:18:38,745 --> 00:18:41,747

So do you think that's part of the cover-up?

247

00:18:41,747 --> 00:18:43,747

What's in the base?

248

00:18:43,747 --> 00:18:45,748

There's something going on in Delci.

249

00:18:45,748 --> 00:18:49,750

The sightings and cattle mutilation are facts.

250

00:18:53,751 --> 00:19:00,754

We're on our way for a meeting with Gabe Valdez, a retired New Mexico state police officer.

251

00:19:00,754 --> 00:19:04,756

Gabe investigated cattle mutilation 20 years ago

252

00:19:04,756 --> 00:19:08,757

in which cattle seemingly healthy are killed

253

00:19:08,757 --> 00:19:12,759

and then the soft tissue is excised from the body.

254

00:19:12,759 --> 00:19:16,761

We hope he'll share whatever he learned with us.

255

00:19:16,761 --> 00:19:21,763

In my profession you have to focus on physical evidence

256

00:19:21,763 --> 00:19:27,765

and the physical evidence that we found doesn't come from outer space.

257

00:19:27,765 --> 00:19:29,766

Can you tell us what you found?

258

00:19:29,766 --> 00:19:34,768

Gas masks, monitoring instruments, radar shafts and helicopter activity.

259

00:19:35,768 --> 00:19:39,770

Finally, something tangible and from a New Mexico state trooper no less.

260

00:19:39,770 --> 00:19:43,771

This is a story from Delci that I can get behind.

261

00:19:43,771 --> 00:19:46,772

What I found out they were coming and marking the cattle ahead of time

262

00:19:46,772 --> 00:19:51,774

and then later on they hit him with a tranquilizer and then they take the lymph nodes out of it.

263

00:19:51,774 --> 00:19:54,776

The lymph nodes were consistent from each mutilation case.

264

00:19:54,776 --> 00:19:55,776

Each one.

265

00:19:55,776 --> 00:19:59,778

Then they would take more stuff out to kind of confuse people.

266

00:20:00,778 --> 00:20:04,780

What about this argument that it's just coyotes or ants

267

00:20:04,780 --> 00:20:07,781

or some wild animal that's killing the cattle?

268

00:20:07,781 --> 00:20:10,782

Coyotes don't wear gas masks.

269

00:20:10,782 --> 00:20:15,784

They're doing testing on cattle and it's very apparent because he's found evidence.

270

00:20:15,784 --> 00:20:20,786

He has tangible things such as a gas mask, glow sticks, some sort of devices.

271

00:20:20,786 --> 00:20:24,788

It points to humans, not aliens.

272

00:20:25,788 --> 00:20:29,790

Were your people able to ever figure out what this research is about?

273

00:20:29,790 --> 00:20:33,791

We suspect that it's not the schools' fault.

274

00:20:33,791 --> 00:20:35,792

It's not the extraterrestrials, Gabe said.

275

00:20:35,792 --> 00:20:37,793

It's us.

276

00:20:37,793 --> 00:20:38,793

But who?

277

00:20:38,793 --> 00:20:39,794

The government?

278

00:20:39,794 --> 00:20:41,794

The military?

279

00:20:41,794 --> 00:20:45,796

Some unknown shadow government organization?

280

00:20:45,796 --> 00:20:47,797

Gabe wouldn't tell us.

281

00:20:47,797 --> 00:20:49,798

Who would be keeping this a secret?

282

00:20:49,798 --> 00:20:53,799

Well, because of the consequences.

283

00:20:53,799 --> 00:20:57,801

Gabe said the consequences would be too dangerous.

284

00:20:57,801 --> 00:21:01,802

We're taking pictures of a lot of helicopter activity in the area.

285

00:21:01,802 --> 00:21:04,804

We've just taken ten days.

286

00:21:09,806 --> 00:21:13,807

I think that if there was some kind of secretive organization operating here,

287

00:21:13,807 --> 00:21:18,809

they wouldn't have a huge emblem or logo on the side of their helicopter.

288

00:21:19,810 --> 00:21:22,811

The aliens are so advanced in technology.

289

00:21:22,811 --> 00:21:25,812

Why do they leave all these physical evidence behind?

290

00:21:25,812 --> 00:21:29,814

We have alternate opinions now on whether they're UFOs and extraterrestrials

291

00:21:29,814 --> 00:21:32,815

or whether the craft, the unknown lights people are seeing,

292

00:21:32,815 --> 00:21:37,817

are really unconventional aircraft that we're using.

293

00:21:37,817 --> 00:21:40,818

We have to get more evidence.

294

00:21:40,818 --> 00:21:43,819

We could tell where the aircraft came to.

295

00:21:43,819 --> 00:21:46,820

They didn't do the whole process.

296

00:21:47,821 --> 00:21:50,822

This is what we found inside the fetuses of the mutilated cow.

297

00:21:50,822 --> 00:21:55,824

But it was not a cow fetus. Some part of it was, and the other wasn't.

298

00:21:55,824 --> 00:21:58,825

What are we looking at here? Is this a head?

299

00:22:03,827 --> 00:22:08,829

The cow where it was mutilated, the whole inside is gone, cleaned out.

300

00:22:09,829 --> 00:22:15,832

Gabe Valdez is giving us a whole new approach to the cattle mutilation he investigated.

301

00:22:15,832 --> 00:22:19,833

His investigation told him these were not extraterrestrials at all.

302

00:22:19,833 --> 00:22:24,835

We actually saw military helicopters over these mutilation sites.

303

00:22:28,837 --> 00:22:30,838

During your years of investigating cattle mutilations,

304

00:22:30,838 --> 00:22:34,839

what is the most anomalous evidence you came across?

305

00:22:34,839 --> 00:22:38,841

Well, they mutilated this animal about 40 miles east of here,

306

00:22:38,841 --> 00:22:41,842

and we could tell where the aircraft came to.

307

00:22:41,842 --> 00:22:48,845

They didn't do the whole process, and they left fetus inside the animal.

308

00:22:48,845 --> 00:22:51,846

A fetus? A cow fetus?

309

00:22:51,846 --> 00:22:56,848

No, it looked like a human, a monkey, and a frog.

310

00:22:56,848 --> 00:22:59,849

It didn't have any bones in the head. It was all full of water.

311

00:22:59,849 --> 00:23:01,850

What was the size of this fetus?

312

00:23:01,850 --> 00:23:07,853

Probably about 32 inches long, but something went wrong with whatever they were doing.

313

00:23:07,853 --> 00:23:14,855

What you're implying is that that cow was being used as an incubation chamber for a cloned creature.

314

00:23:14,855 --> 00:23:16,856

Except...

315

00:23:18,857 --> 00:23:20,858

My God.

316

00:23:23,859 --> 00:23:25,860

What are we looking at here? Is this a head?

317

00:23:25,860 --> 00:23:27,861

That's the front party's the head.

318

00:23:30,862 --> 00:23:31,862

This is bizarre.

319

00:23:31,862 --> 00:23:33,863

And was this open when you found it?

320

00:23:33,863 --> 00:23:35,864

Yeah, it was open.

321

00:23:36,864 --> 00:23:41,866

These are amazing photographs, and it's incredible that this kind of evidence was even left behind,

322

00:23:41,866 --> 00:23:47,869

but I'm still not convinced that this is the result of some sort of exotic testing going on at an underground base here in Dulcy.

323

00:23:47,869 --> 00:23:49,869

And are these the eyes?

324

00:23:49,869 --> 00:23:50,870

Yes.

325

00:23:53,871 --> 00:23:56,872

We really had to retrieve them back in order to see them.

326

00:23:56,872 --> 00:24:00,874

So there are eyes underneath that first skin going up.

327

00:24:01,874 --> 00:24:02,874

Look at the ear.

328

00:24:02,874 --> 00:24:03,875

That's an ear?

329

00:24:03,875 --> 00:24:05,876

Yeah, that's the ear. It's an ear of the human.

330

00:24:07,876 --> 00:24:08,877

What happened with the fetus?

331

00:24:08,877 --> 00:24:09,877

We took it and had it analyzed.

332

00:24:09,877 --> 00:24:11,878

It was very confusing to the veterinarians.

333

00:24:11,878 --> 00:24:14,879

Did the vet identify anything as human in that fetus?

334

00:24:14,879 --> 00:24:17,880

Yeah, I think he could tell the eyes were...

335

00:24:17,880 --> 00:24:21,882

Honestly, this just looks like some crazy genetic experiment going completely wrong.

336

00:24:21,882 --> 00:24:22,882

Yes.

337

00:24:22,882 --> 00:24:23,883

Right.

338

00:24:23,883 --> 00:24:24,883

It's madness. This is madness.

339

00:24:24,883 --> 00:24:25,884

I mean, I wouldn't say that.

340

00:24:25,884 --> 00:24:28,885

They're a cow's born with eight legs and two faces.

341

00:24:28,885 --> 00:24:30,886

I mean, this could just be some sort of birth defect.

342

00:24:30,886 --> 00:24:32,886

But they're a cow's path.

343

00:24:32,886 --> 00:24:34,887

They have hooves. They have cods.

344

00:24:34,887 --> 00:24:35,888

I would say acute deformity.

345

00:24:35,888 --> 00:24:38,889

Where do you have a human-shaped head on a cow?

346

00:24:43,891 --> 00:24:45,892

Well, the fetus photos were horrifying.

347

00:24:45,892 --> 00:24:48,893

This was definitely some kind of a monstrosity.

348

00:24:48,893 --> 00:24:53,895

I can't say for a fact whether this is the result of some kind of genetic hybrid experiment

349

00:24:53,895 --> 00:24:58,897

or merely a genetic mutation, maybe even just a birth defect.

350

00:24:58,897 --> 00:25:01,898

What Gabe is telling us says that there's a lot going on here

351

00:25:01,898 --> 00:25:05,900

that would require some sort of facility to operate out of.

352

00:25:05,900 --> 00:25:10,902

If that's the case, Dulce, New Mexico is still a prime candidate for this underground base,

353

00:25:10,902 --> 00:25:12,902

and I still want to find it.

354

00:25:12,902 --> 00:25:16,904

There was a whole busload of kids that morning, and we all saw it.

355

00:25:16,904 --> 00:25:18,905

I remember little kids were screaming.

356

00:25:18,905 --> 00:25:21,906

The little girls were rushing to the head of the bus,

357

00:25:21,906 --> 00:25:24,907

and they were holding onto the cloak of the priest.

358

00:25:24,907 --> 00:25:25,908

I couldn't believe my eyes.

359

00:25:25,908 --> 00:25:28,909

I was looking at a flying disk.

360

00:25:28,909 --> 00:25:33,911

My name is Darren Vigil Gray, and I've seen a UFO come from the area of Archuleta Mesa.

361

00:25:37,912 --> 00:25:41,914

We're here at the base of Archuleta Mesa to meet with archaeologist Garth Baldwin

362

00:25:41,914 --> 00:25:44,915

to discuss the geological makeup of the Mesa

363

00:25:44,915 --> 00:25:48,917

and see if it's even possible that an underground base could be built here.

364

00:25:49,917 --> 00:25:52,918

Garth, we're here at the base of the Archuleta Mesa,

365

00:25:52,918 --> 00:25:58,921

inside of which there's a pewter to be a top secret base for genetic engineering.

366

00:25:58,921 --> 00:26:00,922

I guess the question for all of us is,

367

00:26:00,922 --> 00:26:04,923

what kind of engineering would it take to have created such a base inside the earth?

368

00:26:04,923 --> 00:26:08,925

Can you tell us about the rock formations and what kind of rock we're dealing with?

369

00:26:08,925 --> 00:26:13,927

Up on the mountain where you do find soil, it's between one foot and less,

370

00:26:13,927 --> 00:26:15,927

and then it's just bedrock.

371

00:26:15,927 --> 00:26:19,929

The upper strata up there that you can see exposed is a kilometer of a salt.

372

00:26:19,929 --> 00:26:22,930

That's much too fragmentary for any kind of drilling or anything else.

373

00:26:22,930 --> 00:26:27,932

It makes great fence posts, but it wouldn't necessarily support being ground out inside.

374

00:26:27,932 --> 00:26:30,933

But below that, there's layers of basalt that are more structurally sound.

375

00:26:30,933 --> 00:26:33,935

There's also sandstones below that.

376

00:26:33,935 --> 00:26:37,936

It sounds like top layer, very, very difficult to drill through.

377

00:26:37,936 --> 00:26:40,937

They'd have to start at the bottom of the Mesa, or near the bottom of the Mesa,

378

00:26:40,937 --> 00:26:43,939

where there's a stable strata of rock that they could get into.

379

00:26:43,939 --> 00:26:47,940

Let's just say you were hired by the government to design an underground base.

380

00:26:48,941 --> 00:26:51,942

Would there be any reason for you to pick Archilla de Mesa?

381

00:26:51,942 --> 00:26:58,945

It's a Mesa, so you've got a starting point where you know where the stratigraphic layers of rock are,

382

00:26:58,945 --> 00:27:00,945

so you've got a structure to begin with.

383

00:27:00,945 --> 00:27:04,947

According to the specifications that we've been given for this base,

384

00:27:04,947 --> 00:27:07,948

How much of a diameter does this have right here?

385

00:27:07,948 --> 00:27:09,949

The base can extend up to 4.87 miles.

386

00:27:09,949 --> 00:27:12,950

4.8 miles, is that correct?

387

00:27:12,950 --> 00:27:13,951

4.8 miles diameter.

388

00:27:13,951 --> 00:27:15,951

That's the diameter of the base.

389

00:27:15,951 --> 00:27:17,952

We thought that the base had about the size of the Mesa.

390

00:27:17,952 --> 00:27:20,953

That would fit within the structure that you're talking about.

391

00:27:20,953 --> 00:27:26,956

Garth is telling us that Archilla de Mesa actually has the size to house something of this magnitude.

392

00:27:26,956 --> 00:27:30,957

And while I don't necessarily believe yet that there is a base inside the Mesa,

393

00:27:30,957 --> 00:27:33,959

it's good to know that the possibility of it being there is real.

394

00:27:33,959 --> 00:27:36,960

It's conceivable that they're coming in through tunnels

395

00:27:36,960 --> 00:27:41,962

and actually drilling out the space for this underground base from the bottom up.

396

00:27:41,962 --> 00:27:44,963

If that technology were true, then that would be possible.

397

00:27:44,963 --> 00:27:51,966

The human species has such a knowledge of mining and structural engineering

398

00:27:51,966 --> 00:27:55,967

that I'm not surprised by anything that our engineers can do.

399

00:27:55,967 --> 00:27:59,969

I'm really happy to hear Garth's feedback about the makeup of the Mesa.

400

00:27:59,969 --> 00:28:04,971

And it does seem like he thinks it is possible to have an underground base there,

401

00:28:04,971 --> 00:28:07,972

even given the massive size of this thing.

402

00:28:09,973 --> 00:28:12,974

Garth said he didn't know what kind of technology we had

403

00:28:12,974 --> 00:28:15,975

with this kind of drilling in an expeditious way,

404

00:28:15,975 --> 00:28:19,977

but John Rhodes showed us that technology exists today.

405

00:28:19,977 --> 00:28:25,979

Therefore, it's quite possible we are standing in the shadow of the Dulce base.

406

00:28:34,983 --> 00:28:37,984

I really want to find a vent. That's really what I want to find.

407

00:28:39,985 --> 00:28:41,986

I'm going to have to get a better look at that.

408

00:28:43,986 --> 00:28:48,988

It's a 14-mile underground tunnel that goes under that mountain there.

409

00:28:48,988 --> 00:28:49,989

Yes.

410

00:28:56,992 --> 00:29:00,993

Something had come over the car. Some object.

411

00:29:00,993 --> 00:29:02,994

Three red lights in a triangular shape.

412

00:29:02,994 --> 00:29:08,996

I'm JRTQ and I've seen an identified flying object here in the Hickor Apache Reservation.

413

00:29:13,998 --> 00:29:15,999

So as we've conducted our investigation here in Dulce,

414

00:29:15,999 --> 00:29:20,001

we've heard a lot of interesting stories, but we're still left with a question mark.

415

00:29:20,001 --> 00:29:25,003

And naturally, that leads our investigation to one place, Archuleta Mesa itself.

416

00:29:25,003 --> 00:29:30,005

It's treacherous and it's dangerous, so for safety reasons, just Pat and I are going to go there.

417

00:29:30,005 --> 00:29:32,006

And we're going to see what we can discover.

418

00:29:33,006 --> 00:29:37,008

Given the vastness of the area, it would be a little bit silly for us to go it alone up here.

419

00:29:37,008 --> 00:29:40,009

So we brought Richard along because he's an experienced guide.

420

00:29:40,009 --> 00:29:42,010

He's been up here before. He's familiar with the area.

421

00:29:42,010 --> 00:29:48,012

And he's seen a vent or some kind of hole in the mountain before, so we're trying to find that now.

422

00:30:00,017 --> 00:30:05,019

The cat ride up was no luxury tour. It was a rough ride, a lot of bumps.

423

00:30:05,019 --> 00:30:08,020

The trail alternated between snow and gravel.

424

00:30:08,020 --> 00:30:11,021

I think Kevin looked a little bit green on the way up.

425

00:30:19,024 --> 00:30:23,026

The snow cat has just dropped us off at the top of Archuleta Mesa.

426

00:30:23,026 --> 00:30:29,028

We're finally here, over 9,500 feet, overlooking the entire Hickoria Apache Reservation.

427

00:30:29,028 --> 00:30:35,031

The view is spectacular and I can't help but think that if there's any truth to this story,

428

00:30:35,031 --> 00:30:39,032

that there is an underground base here, we couldn't be any closer to it.

429

00:30:41,033 --> 00:30:46,035

I've been waiting a long time for this to get actually to the top of Archuleta Mesa.

430

00:30:46,035 --> 00:30:51,037

And if there is an underground base here, then this is where we're going to find it.

431

00:30:58,040 --> 00:31:02,041

So Richard, we're finally here at the edge of Archuleta Mesa.

432

00:31:02,041 --> 00:31:06,043

Supposedly we're so much of the activities going on. Here are our guide here.

433

00:31:06,043 --> 00:31:08,044

What do you know about what's going on around here?

434

00:31:08,044 --> 00:31:12,045

There's a lot of things out here that we see flying down the sky.

435

00:31:12,045 --> 00:31:16,047

I'd rather keep them to myself. There's a lot of people around here that's the same thing.

436

00:31:16,047 --> 00:31:20,049

If you leave the reservation with these stories, people don't believe you.

437

00:31:20,049 --> 00:31:21,049

They think I'm nuts.

438

00:31:21,049 --> 00:31:23,050

What have you seen up here?

439

00:31:23,050 --> 00:31:28,052

Me and one of my cousins, we were walking the edge. We spotted a hole on this thing.

440

00:31:28,052 --> 00:31:29,052

A hole?

441

00:31:29,052 --> 00:31:33,054

Now I hear things that it's a van or things like that.

442

00:31:33,054 --> 00:31:39,056

It seems like Richard is hesitant to tell his story or his experiences. I'm not sure why.

443

00:31:39,056 --> 00:31:43,058

But then he goes on to tell me about a hole or a vent that he discovered.

444

00:31:43,058 --> 00:31:48,060

Now he's not sure what it is, but I think that maybe this could be some evidence

445

00:31:48,060 --> 00:31:51,061

to show us that there is something underneath Archuleta Mesa.

446

00:31:51,061 --> 00:31:58,064

Before coming up here, so many people have wondered what these mystery towers were.

447

00:31:58,064 --> 00:32:03,066

Some towers are transporters for TVs and things like that.

448

00:32:03,066 --> 00:32:09,068

From down the ground, they look like something special out of place, out of the ordinary.

449

00:32:09,068 --> 00:32:12,069

But from right here, it just makes sense.

450

00:32:12,069 --> 00:32:17,071

I really want to find a vent. That's really what I want to find.

451

00:32:17,071 --> 00:32:22,073

I'm going to pull out the infrared camera and see if there are any unusual heat signatures in the area.

452

00:32:22,073 --> 00:32:28,076

The FLIR camera is measuring the difference in heat and is primarily used by law enforcement to hunt suspects at night.

453

00:32:28,076 --> 00:32:32,077

Now what we're going to do is look for anomalies in the ground.

454

00:32:32,077 --> 00:32:35,078

If there is an air vent, if there's hot air coming out,

455

00:32:35,078 --> 00:32:38,080

it's going to be at a different temperature than the surface of the Mesa itself.

456

00:32:38,080 --> 00:32:40,080

And we're going to find it.

457

00:32:47,083 --> 00:32:53,086

I don't expect any kind of sign that says welcome to the underground base or any armed guards or anything like that.

458

00:32:53,086 --> 00:33:00,088

What I'm hoping for is just some signs of human activity that's just kind of out of place.

459

00:33:02,089 --> 00:33:04,090

That looks a little interesting.

460

00:33:11,093 --> 00:33:14,094

I did see something interesting just down below.

461

00:33:14,094 --> 00:33:19,096

There was a mound of snow and there was an outcropping of rock just on the southern face of it.

462

00:33:19,096 --> 00:33:23,098

And it had an interesting marking on it. It's all with the binoculars.

463

00:33:26,099 --> 00:33:30,100

When I took the infrared camera to it, it looked completely normal.

464

00:33:30,100 --> 00:33:35,102

While Kevin scanned the Mesa with the FLIR camera, I pressed Richard a bit more about what he knew about the area.

465

00:33:35,102 --> 00:33:39,104

He began telling me about a tunnel system that he knew existed around here.

466

00:33:40,104 --> 00:33:44,106

We've got one that's over here on the east side from us.

467

00:33:44,106 --> 00:33:47,107

It's just a split of this water down here.

468

00:33:47,107 --> 00:33:54,110

It goes down about 14 miles into that mountain you see over there.

469

00:33:57,111 --> 00:34:02,113

He did tell me that there are underground tunnels to the south of the Mesa.

470

00:34:02,113 --> 00:34:06,115

It's a 14-mile underground tunnel that goes under that mountain there.

471

00:34:06,115 --> 00:34:08,116

And everybody knows about this?

472

00:34:08,116 --> 00:34:09,116

Yeah.

473

00:34:09,116 --> 00:34:12,117

And then I asked him if there were any other tunnels that he was familiar with.

474

00:34:12,117 --> 00:34:14,118

He said that there were holes that he couldn't take us to.

475

00:34:14,118 --> 00:34:16,119

Are there any other tunnels that you know about?

476

00:34:16,119 --> 00:34:18,120

Yeah, I've seen two holes on this side.

477

00:34:18,120 --> 00:34:21,121

There are more tunnels than we know about.

478

00:34:21,121 --> 00:34:24,122

Is there any way you could take us to the holes?

479

00:34:24,122 --> 00:34:25,122

No.

480

00:34:25,122 --> 00:34:26,123

I could have gone there.

481

00:34:26,123 --> 00:34:30,124

When I pressed him further, he got a little uncomfortable and he just said that's not his way.

482

00:34:30,124 --> 00:34:31,125

I didn't say holes.

483

00:34:31,125 --> 00:34:34,126

Yeah, I know where it's at, but I don't want to go there.

484

00:34:34,126 --> 00:34:38,127

Okay, it's important to remember that when you come to the Hickory Apache Nation,

485

00:34:38,127 --> 00:34:42,129

that you're really coming into another country and they do have their own way.

486

00:34:42,129 --> 00:34:47,131

It seems like there's a secret in the family that they're not comfortable talking about,

487

00:34:47,131 --> 00:34:49,132

that they don't want to disclose,

488

00:34:49,132 --> 00:34:52,133

and that's kind of the feeling I'm getting from hanging out with Richard up here.

489

00:34:52,133 --> 00:34:54,134

Kevin, how are you doing with the fleer over there?

490

00:34:55,134 --> 00:34:58,135

To tell you the truth, I'm not finding anything unusual.

491

00:34:58,135 --> 00:35:02,137

There are some hot spots, but they're all on the sunny side of a rock,

492

00:35:02,137 --> 00:35:06,139

on the other side of a tree, coming to around 70 degrees.

493

00:35:06,139 --> 00:35:10,140

After talking with all the people who live here, around the base of the mesa,

494

00:35:10,140 --> 00:35:12,141

and even Richard, our guide, who has taken us up here,

495

00:35:12,141 --> 00:35:14,142

every one of them has a UFO story.

496

00:35:14,142 --> 00:35:19,144

If reality is a consensus of people agreeing on seeing something,

497

00:35:19,144 --> 00:35:24,146

then we have to start paying attention to the reality of the Hickory Apache,

498

00:35:24,146 --> 00:35:29,148

that they are seeing UFOs, and this does appear to be some kind of UFO area.

499

00:35:29,148 --> 00:35:33,149

Pat and Kevin have seen some incredible things at Delcy.

500

00:35:33,149 --> 00:35:37,151

We've heard amazing stories, we've listened to eyewitness testimony,

501

00:35:37,151 --> 00:35:40,152

and we've seen incredible evidence.

502

00:35:41,153 --> 00:35:45,154

But after everything they've seen and heard, they're still on the fence.

503

00:35:46,155 --> 00:35:50,156

There's still one more place I want to take Pat and Kevin,

504

00:35:50,156 --> 00:35:52,157

which may help bring them around.

505

00:35:53,157 --> 00:35:59,160

I really find it hard to believe that there's a secret bunker hidden somewhere here.

506

00:36:03,161 --> 00:36:07,163

Best way to keep a secret? Hide it in plain sight.

507

00:36:13,165 --> 00:36:18,167

Although we've seen some mind-boggling things at the Dulce base in New Mexico,

508

00:36:18,167 --> 00:36:22,169

if there's any doubt about whether a base such as Dulce could exist,

509

00:36:22,169 --> 00:36:25,170

we'll hear it White Sulphur Springs, West Virginia,

510

00:36:25,170 --> 00:36:29,172

the home of one of our government's best kept secrets.

511

00:36:33,173 --> 00:36:40,176

We're here at the Greenbrier, and the Greenbrier was a beautiful hotel built in 1913,

512

00:36:40,176 --> 00:36:47,179

but underneath the Greenbrier and set into the hill is the Hickory Apache.

513

00:36:48,179 --> 00:36:52,181

The congressional facility for maintaining continuity of government

514

00:36:52,181 --> 00:36:54,182

in the event of a nuclear war.

515

00:37:01,184 --> 00:37:06,186

We're about to meet Linda Walls, who is going to take us through this facility

516

00:37:06,186 --> 00:37:12,189

and point out all the features that make this facility so important to us.

517

00:37:13,189 --> 00:37:17,191

This hotel, this property has a tremendous history.

518

00:37:17,191 --> 00:37:24,194

We date the resort to 1778, 6,500 acres, 721 guest rooms.

519

00:37:24,194 --> 00:37:28,195

Just standing here looking around, I really find it hard to believe

520

00:37:28,195 --> 00:37:31,196

that there's a secret bunker hidden somewhere here.

521

00:37:31,196 --> 00:37:32,197

Believe it.

522

00:37:35,198 --> 00:37:37,199

When was it actually built?

523

00:37:37,199 --> 00:37:41,200

The construction was between 1958 and 1961,

524

00:37:41,200 --> 00:37:45,202

and on top of the bunker is the West Virginia Wing.

525

00:37:45,202 --> 00:37:47,203

About how big is the bunker?

526

00:37:47,203 --> 00:37:51,204

112,544 square feet.

527

00:37:51,204 --> 00:37:55,206

Best way to keep a secret? Hide it in plain sight.

528

00:38:07,211 --> 00:38:14,214

Behind this, you're going to be amazed at what you'll see.

529

00:38:14,214 --> 00:38:17,215

You mean you're not talking about these doors right here?

530

00:38:17,215 --> 00:38:19,216

So how do you open it?

531

00:38:19,216 --> 00:38:22,217

Well, if you could just help. Thanks Pat.

532

00:38:22,217 --> 00:38:23,217

Sure.

533

00:38:23,217 --> 00:38:24,218

Watch your fingers.

534

00:38:24,218 --> 00:38:25,218

Okay.

535

00:38:28,219 --> 00:38:33,221

Once you move the wall, you uncover an 18-ton vault door.

536

00:38:33,221 --> 00:38:37,223

One of three in the facility that closed off the underground structure

537

00:38:37,223 --> 00:38:39,223

from the outside world.

538

00:38:45,226 --> 00:38:49,227

Once the decision would have been made to seal the bunker,

539

00:38:49,227 --> 00:38:53,229

there would have been no way to get in from the outside.

540

00:38:53,229 --> 00:38:56,230

There was a 60-day supply of food.

541

00:38:56,230 --> 00:38:59,231

There was a 42-day supply of diesel fuel.

542

00:39:00,232 --> 00:39:03,233

To have even known about this facility,

543

00:39:03,233 --> 00:39:07,235

you would have had to have had a top-secret government security clearance.

544

00:39:07,235 --> 00:39:11,236

However, every day, hotel guests here at Greenbrier

545

00:39:11,236 --> 00:39:16,238

walk through these camouflaged big vault doors into this conference center,

546

00:39:16,238 --> 00:39:21,240

and they never knew they were standing in a top-secret government facility.

547

00:39:23,241 --> 00:39:24,241

It's huge.

548

00:39:24,241 --> 00:39:27,243

It's over 16,000 square feet.

549

00:39:28,243 --> 00:39:30,244

Thousands of people have been in here,

550

00:39:30,244 --> 00:39:33,245

but they didn't know they were actually in a part of the bunker.

551

00:39:33,245 --> 00:39:36,246

This room was used for exhibits, medical exhibits,

552

00:39:36,246 --> 00:39:38,247

book exhibits, parties.

553

00:39:40,248 --> 00:39:43,249

When the time came that the government had to continue,

554

00:39:43,249 --> 00:39:44,249

what did this room become?

555

00:39:44,249 --> 00:39:47,251

The room would have been subdivided into 24 offices

556

00:39:47,251 --> 00:39:50,252

for the support staff of Congress.

557

00:39:58,255 --> 00:40:01,256

I mean, there are hospitals, dormitories.

558

00:40:01,256 --> 00:40:03,257

There's even a crematorium.

559

00:40:03,257 --> 00:40:06,258

There are places for families and aides to stay.

560

00:40:06,258 --> 00:40:09,259

How is it possible that this place was kept a secret

561

00:40:09,259 --> 00:40:12,261

without the hotel employees and people of the town knowing about it?

562

00:40:12,261 --> 00:40:16,262

I, like so many others, had heard for years that there was something here.

563

00:40:16,262 --> 00:40:19,263

So you were working here while the bunker was still a secret?

564

00:40:19,263 --> 00:40:20,264

Yes.

565

00:40:20,264 --> 00:40:23,265

Did you ever see somebody walking through the hotel

566

00:40:23,265 --> 00:40:25,266

suspicious looking character

567

00:40:25,266 --> 00:40:29,267

and think he must be on his way to the secret facilities?

568

00:40:29,267 --> 00:40:32,269

We did wonder about some of those television repairmen.

569

00:40:34,269 --> 00:40:36,270

So that was the cover.

570

00:40:36,270 --> 00:40:39,271

All these people for television repair crews came in,

571

00:40:39,271 --> 00:40:42,272

and literally they were the ones working on this facility.

572

00:40:42,272 --> 00:40:47,274

Now we know they were spending 85% of their time on shelter management.

573

00:40:47,274 --> 00:40:50,276

This whole thing sounds like a page from a spy novel,

574

00:40:50,276 --> 00:40:54,277

and if the government can construct a facility of this size in plain sight

575

00:40:54,277 --> 00:40:57,278

and have it be completely covered up,

576

00:40:57,278 --> 00:41:01,280

I guess there's a possibility that in Dulce, New Mexico,

577

00:41:01,280 --> 00:41:04,281

something similar on a much larger scale could happen,

578

00:41:04,281 --> 00:41:06,282

given it's in the middle of nowhere.

579

00:41:08,283 --> 00:41:12,284

When did you first learn, for real, what this was?

580

00:41:12,284 --> 00:41:15,286

The day the article appeared in the Washington Post magazine.

581

00:41:15,286 --> 00:41:17,286

Until the Washington Post broke the story,

582

00:41:17,286 --> 00:41:23,289

nobody knew that this hotel was a cover for an underground facility,

583

00:41:23,289 --> 00:41:28,291

literally a bunker to house the legislative branch of government in time of war.

584

00:41:28,291 --> 00:41:33,293

The last government truck left July 31, 1995.

585

00:41:33,293 --> 00:41:37,294

So that's three years it might have taken to actually build a facility to replace this.

586

00:41:37,294 --> 00:41:39,295

Unless there were other facilities.

587

00:41:39,295 --> 00:41:40,296

Already in existence.

588

00:41:40,296 --> 00:41:41,296

Exactly.

589

00:41:41,296 --> 00:41:45,298

When you visit a place like Greenbrier with this extensive facility,

590

00:41:45,298 --> 00:41:49,299

that was constructed under the very eyes of the people working here,

591

00:41:49,299 --> 00:41:53,301

it tells me that of course you could have a Dulce.

592

00:41:53,301 --> 00:41:58,303

Bill has a point that it's very incredible that this kind of facility can be built

593

00:41:58,303 --> 00:42:00,304

right in front of the public eye.

594

00:42:00,304 --> 00:42:04,305

We know that this underground facility is 112,000 square feet,

595

00:42:04,305 --> 00:42:07,306

and based on what we learned about the secret base in Dulce,

596

00:42:07,306 --> 00:42:08,307

and some calculations that I did,

597

00:42:08,307 --> 00:42:12,308

I actually learned that it could be over 3,000 times the size

598

00:42:12,308 --> 00:42:14,309

of a facility at Greenbrier.

599

00:42:14,309 --> 00:42:16,310

We know that Greenbrier took three years to build,

600

00:42:16,310 --> 00:42:20,312

so it could have taken ten years, decades to construct any kind of base at Dulce,

601

00:42:20,312 --> 00:42:24,313

and there's not even any evidence that it was ever built in the first place.

602

00:42:24,313 --> 00:42:29,315

The people who built Dulce could have built it for a variety of reasons,

603

00:42:29,315 --> 00:42:31,316

with a variety of cover stories,

604

00:42:31,316 --> 00:42:33,317

and where are they building it?

605

00:42:33,317 --> 00:42:34,317

On reservation land.

606

00:42:34,317 --> 00:42:36,318

Nobody's going to question that.

607

00:42:36,318 --> 00:42:39,319

And even if they did, they'd be told to shut up.

608

00:42:39,319 --> 00:42:43,321

I mean, homo sapiens, we're capable of incredible things.

609

00:42:43,321 --> 00:42:45,321

If we really put our mind to it,

610

00:42:45,321 --> 00:42:49,323

if engineers really wanted to build a base under Archuleta Mesa

611

00:42:49,323 --> 00:42:52,324

and keep it a secret, we have the technology to do that.

612

00:42:52,324 --> 00:42:53,325

It could be done.

613

00:42:56,326 --> 00:42:58,327

Here's what I believe.

614

00:42:58,327 --> 00:43:01,328

We've spoken to first-hand witnesses, eye witnesses,

615

00:43:01,328 --> 00:43:05,329

who've seen craft hovering over the Archuleta Mesa.

616

00:43:06,330 --> 00:43:10,331

We've spoken to people who've talked about cattle mutilations,

617

00:43:10,331 --> 00:43:15,333

who've actually seen black helicopters hovering over the countryside.

618

00:43:16,334 --> 00:43:23,337

We've seen actual photos of the strangest kind of entity I've ever seen in my entire life,

619

00:43:23,337 --> 00:43:27,338

a fetus in the womb of a mutilated cow,

620

00:43:27,338 --> 00:43:30,339

but it's not a cow fetus.

621

00:43:30,339 --> 00:43:31,340

What is it?

622

00:43:31,340 --> 00:43:36,342

Is there some strange genetic experimentation going on in Archuleta?

623

00:43:36,342 --> 00:43:41,344

Is there interbreeding of species going on and incubation inside cows,

624

00:43:41,344 --> 00:43:44,345

which is why they're mutilating this cattle?

625

00:43:44,345 --> 00:43:51,348

If you don't believe that all this can go on under the very eyes of an entire population,

626

00:43:51,348 --> 00:43:54,349

we went to Greenbrier in West Virginia,

627

00:43:54,349 --> 00:43:58,351

a completely undisclosed, top-class animal.

628

00:43:58,351 --> 00:44:03,353

A completely undisclosed, top-secret, underground base

629

00:44:03,353 --> 00:44:09,355

constructed right before the very eyes of hundreds of hotel guests and workers.

630

00:44:09,355 --> 00:44:16,358

Greenbrier proves that underground secret bases are not just a possibility,

631

00:44:16,358 --> 00:44:20,359

but probably an absolute reality.
