

1

00:00:00,433 --> 00:00:04,433

This program contains content that may not be appropriate for younger viewers.

2

00:00:04,433 --> 00:00:06,434

Viewer discretion is advised.

3

00:00:07,434 --> 00:00:11,434

I have no idea who's mutilated any of these cows.

4

00:00:12,434 --> 00:00:13,434

At all.

5

00:00:15,434 --> 00:00:20,435

Something has silently stalked and killed thousands of animals in the U.S.

6

00:00:20,435 --> 00:00:23,435

It makes the hair on the back of your head kind of want to stand up.

7

00:00:23,435 --> 00:00:26,435

It's mostly cows, mutilated in strange ways.

8

00:00:26,435 --> 00:00:29,436

Same body parts taken every time.

9

00:00:29,436 --> 00:00:33,436

The eye was gone and the tongue was cut out.

10

00:00:33,436 --> 00:00:36,436

Some people see UFOs nearby.

11

00:00:36,436 --> 00:00:38,437

I know it wasn't from Earth.

12

00:00:38,437 --> 00:00:40,437

Some see stealth helicopters.

13

00:00:40,437 --> 00:00:45,437

There's even evidence of implants in cows and people.

14

00:00:45,437 --> 00:00:48,438

I moved the melody detector over the jawline.

15

00:00:48,438 --> 00:00:50,438

I got a hit.

16

00:00:51,438 --> 00:00:53,438

Amazingly, we have a fresh kill.

17

00:00:53,438 --> 00:00:56,438

This is serious, so nobody's investigating it.

18

00:00:57,438 --> 00:01:02,439

Breakthrough evidence could be the missing link that will finally point to a suspect.

19

00:01:02,439 --> 00:01:04,439

You guys got to check this out.

20

00:01:05,439 --> 00:01:09,439

This is case number 91207, Alien Harvest.

21

00:01:26,441 --> 00:01:29,441

We have a new case in Missouri that just happened.

22

00:01:29,441 --> 00:01:34,442

So we have fresh evidence and guys, for looking into catamutations, it doesn't get better than this.

23

00:01:35,442 --> 00:01:41,442

For years, I've been wanting to get the real information on catamutations.

24

00:01:44,443 --> 00:01:47,443

A phenomenon that people think is recent, but it's not.

25

00:01:47,443 --> 00:01:51,443

This is a 40-year-old phenomenon going all over the world.

26

00:01:51,443 --> 00:01:54,444

Who's doing this? What are they doing and why?

27

00:01:55,444 --> 00:01:58,444

That's the big question, isn't it? Who or what is doing this?

28

00:01:58,444 --> 00:02:00,444

And there are all kinds of theories.

29

00:02:00,444 --> 00:02:02,444

Some people think it's a government and military.

30

00:02:02,444 --> 00:02:04,445

Some people say it's religious cults.

31

00:02:04,445 --> 00:02:09,445

And we have to be open to the possibility that it is extraterrestrial.

32

00:02:11,445 --> 00:02:19,446

Since this mutilation phenomenon started, many eyewitnesses have reported UFOs near where the bodies of dead cows have been found.

33

00:02:20,446 --> 00:02:26,447

I don't know what you guys have been reading, but cows die all the time of natural causes.

34

00:02:26,447 --> 00:02:29,447

And then predators and scavengers, they come in and they eat the soft tissue,

35

00:02:29,447 --> 00:02:33,447

which often leaves wounds that can be mistaken for catamutations.

36

00:02:33,447 --> 00:02:34,447

It's that simple.

37

00:02:34,447 --> 00:02:39,448

Ranchers themselves say this doesn't look like a natural death.

38

00:02:40,448 --> 00:02:47,449

Worldwide, thousands of mutations have exactly the same pattern and the same wounds.

39

00:02:47,449 --> 00:02:50,449

And these occur over and over again.

40

00:02:52,449 --> 00:02:56,450

Ranchers report that wounds were being inflicted with almost surgical precision.

41

00:02:56,450 --> 00:03:00,450

Parts of these cattle are being taken for no apparent reason.

42

00:03:01,450 --> 00:03:03,450

It's serious to these ranchers.

43

00:03:03,450 --> 00:03:06,450

After all, it's their livelihood.

44

00:03:18,452 --> 00:03:19,452

Bill.

45

00:03:19,452 --> 00:03:20,452

Ken, how are you?

46

00:03:20,452 --> 00:03:21,452

Good to see you again, sir.

47

00:03:21,452 --> 00:03:22,452

Hey, how are you?

48

00:03:22,452 --> 00:03:23,452

Good to see you gentlemen.

49

00:03:23,452 --> 00:03:26,452

From Dulcy to Missouri, the mystery deepens.

50

00:03:27,452 --> 00:03:30,453

Ken Storch, 31 years in law enforcement.

51

00:03:30,453 --> 00:03:36,453

Bob, he's run undercover operations for a whole host of federal law enforcement agencies.

52

00:03:36,453 --> 00:03:40,454

Both of them have investigated the cattle mutilation phenomenon for years.

53

00:03:40,454 --> 00:03:49,455

They came to Missouri to investigate a 2008 cattle mutilation phenomenon reported by Galen Jones on his ranch.

54

00:03:49,455 --> 00:03:54,455

But when they got here, they found something neither than expected.

55

00:03:56,455 --> 00:03:59,455

Mr. Jones comes over to Hill and he's driving to his tractor.

56

00:03:59,455 --> 00:04:00,456

First words out of his mouth, he goes,

57

00:04:00,456 --> 00:04:01,456

you're not going to believe it.

58

00:04:01,456 --> 00:04:03,456

The bastards hit me again last night.

59

00:04:05,456 --> 00:04:08,456

It's very rare when you come upon a bulldozer,

60

00:04:08,456 --> 00:04:12,457

it's very rare when you come upon a brand new cattle mutilation.

61

00:04:12,457 --> 00:04:15,457

One where there's been no real investigation yet,

62

00:04:15,457 --> 00:04:17,457

Ken Storch has started the investigation.

63

00:04:17,457 --> 00:04:19,457

He's mapped out the crime scene.

64

00:04:19,457 --> 00:04:20,457

They checked it for footprints.

65

00:04:20,457 --> 00:04:23,458

They checked it for tractor marks.

66

00:04:23,458 --> 00:04:27,458

Were there any other footprints besides Mr. Jones?

67

00:04:27,458 --> 00:04:30,458

Not a tire track, not a footprint, not a paw print.

68

00:04:30,458 --> 00:04:32,459

I mean, nothing.

69

00:04:32,459 --> 00:04:34,459

I think this was number what, 26?

70

00:04:34,459 --> 00:04:35,459

26.

71

00:04:35,459 --> 00:04:36,459

This was 26.

72

00:04:37,459 --> 00:04:41,459

This is his 26th cattle mutilation that he's experiencing here.

73

00:04:41,459 --> 00:04:43,460

This investigation is already strange

74

00:04:43,460 --> 00:04:46,460

and we haven't even looked at the cow itself yet.

75

00:04:46,460 --> 00:04:49,460

We were not prepared for what we stumbled into.

76

00:04:49,460 --> 00:04:53,461

We came out here looking, expecting to find a two month old cattle mutilation

77

00:04:53,461 --> 00:04:57,461

and we came across a fresh kill, fresh muc.

78

00:04:57,461 --> 00:04:58,461

Well, let's go.

79

00:04:58,461 --> 00:04:59,461

Okay.

80

00:05:07,462 --> 00:05:11,462

Okay, could you describe the crime scene exactly as you saw it?

81

00:05:11,462 --> 00:05:13,462

I'm glad you used that term, Bill,

82

00:05:13,462 --> 00:05:15,463

because that's exactly what we're dealing with here is a crime.

83

00:05:15,463 --> 00:05:21,463

This particular incident, the cow was laying on its side with its head tilted back

84

00:05:21,463 --> 00:05:25,464

and from what we could see, the eye was missing.

85

00:05:27,464 --> 00:05:29,464

The mouth is clenched shut.

86

00:05:29,464 --> 00:05:34,464

We had to pry the mouth open to see if the tongue was there

87

00:05:34,464 --> 00:05:36,465

and it was gone.

88

00:05:39,465 --> 00:05:41,465

When you saw this animal, how much rigor had set in?

89

00:05:41,465 --> 00:05:44,465

It was to the point where I would say it had been dead probably,

90

00:05:44,465 --> 00:05:47,466

I'm guessing here between four and six hours.

91

00:05:47,466 --> 00:05:51,466

I gotta tell you guys, I'm really not looking forward to seeing a mutilated cow.

92

00:05:51,466 --> 00:05:53,466

Well, I don't blame you there.

93

00:05:53,466 --> 00:05:58,467

It's a gruesome sight and it's something that defies explanation at least at this point.

94

00:05:58,467 --> 00:06:00,467

Well, I feel bad for this rancher.

95

00:06:00,467 --> 00:06:02,467

This is just 26th one.

96

00:06:04,467 --> 00:06:09,468

You lose 25 head or so in a period of 10 years.

97

00:06:09,468 --> 00:06:13,468

The worst part of it is the law or nobody can find what's going on

98

00:06:13,468 --> 00:06:18,469

and I have no idea who's mutilated any of these cows at all.

99

00:06:30,470 --> 00:06:32,470

The first thing you notice is this thing stinks.

100

00:06:32,470 --> 00:06:36,470

The stench is almost unbearable and it's stomach turning.

101

00:06:36,470 --> 00:06:39,470

It's a horrific scene. It's ugly carnage.

102

00:06:42,471 --> 00:06:46,471

So when you initially found it, what was mutilated on the cow?

103

00:06:46,471 --> 00:06:50,472

The eye was gone and the tongue was cut out.

104

00:06:52,472 --> 00:06:54,472

Now couldn't animals have done this?

105

00:06:54,472 --> 00:06:57,472

I've never seen a mouth disturbed by an animal.

106

00:06:58,472 --> 00:07:03,473

The tongue has been taken out far back into the throat and it's been cut.

107

00:07:03,473 --> 00:07:06,473

Not torn or ripped, but it's been cut.

108

00:07:08,473 --> 00:07:11,473

As far as the eye, have you ever seen eyes eaten out by birds?

109

00:07:11,473 --> 00:07:12,474

Yes.

110

00:07:12,474 --> 00:07:13,474

You have?

111

00:07:13,474 --> 00:07:14,474

Yes.

112

00:07:14,474 --> 00:07:15,474

Does it look anything like this?

113

00:07:15,474 --> 00:07:17,474

No, it don't.

114

00:07:19,474 --> 00:07:23,475

We're finding that the eyeball has been taken out.

115

00:07:23,475 --> 00:07:29,475

Probably not by birds because even Galen Jones says when birds attack an eyeball,

116

00:07:29,475 --> 00:07:32,475

they leave all kinds of tissue strung out.

117

00:07:32,475 --> 00:07:34,476

This is not the work of birds.

118

00:07:37,476 --> 00:07:42,476

Tuesday morning, which was the 10th when we came back out here,

119

00:07:42,476 --> 00:07:47,477

Galen informed us that the teats, two sets of teats, had been removed from the udder.

120

00:07:47,477 --> 00:07:50,477

What are you saying? That someone returned to finish the mutilation?

121

00:07:50,477 --> 00:07:55,478

The perpetrators of this came back because they were after specific things on this animal

122

00:07:55,478 --> 00:07:57,478

and they didn't get it Sunday night.

123

00:07:58,478 --> 00:08:04,478

Who's ever responsible for that dead animal came back on successive nights

124

00:08:04,478 --> 00:08:07,479

to keep taking more tissue from that cow.

125

00:08:07,479 --> 00:08:09,479

Wouldn't that be a risky operation?

126

00:08:09,479 --> 00:08:12,479

I mean, it's tough enough to come in here undetected one night,

127

00:08:12,479 --> 00:08:16,480

but to come in a second night to get just a few more cow parts,

128

00:08:16,480 --> 00:08:20,480

it just sounds like a lot of work for a little bit.

129

00:08:20,480 --> 00:08:25,480

You're right, Pat. The second time, you know they're going to be a hell of a lot more cautious

130

00:08:25,480 --> 00:08:28,481

because they now know that this cow has been discovered dead.

131

00:08:28,481 --> 00:08:30,481

But why would they risk that? Who would risk that?

132

00:08:30,481 --> 00:08:34,481

Whatever it is that they're after on this animal, the reward is worth the risk.

133

00:08:35,481 --> 00:08:38,482

The day this cow was discovered was Monday.

134

00:08:38,482 --> 00:08:41,482

The tongue and the eye had been mutilated.

135

00:08:41,482 --> 00:08:45,482

The next day, Tuesday, the cow had been mutilated even further,

136

00:08:45,482 --> 00:08:53,483

but that's not all. Whoever mutilated this cow returned on a third night to mutilate this cow even

more.

137

00:08:55,483 --> 00:09:00,484

When I come back on Wednesday morning, they cut the other two teeth off

138

00:09:00,484 --> 00:09:04,484

and the lower part of the udder and the anus has been cored out.

139

00:09:04,484 --> 00:09:05,484

Yes.

140

00:09:06,484 --> 00:09:10,485

So this is three nights and three different mutilations on the same cow?

141

00:09:10,485 --> 00:09:11,485

Yes.

142

00:09:12,485 --> 00:09:16,485

Galen's pasture is about a half mile from his house.

143

00:09:16,485 --> 00:09:19,486

The gates are locked, dogs roam the property.

144

00:09:19,486 --> 00:09:23,486

The only way to get to that pasture is through Galen Jones' yard,

145

00:09:23,486 --> 00:09:28,486

but Galen has never seen nor heard anything out of the ordinary.

146

00:09:29,486 --> 00:09:32,487

What about the possibility that some predators started feeding

147

00:09:32,487 --> 00:09:34,487

and the next day they return and fed a little bit more?

148

00:09:34,487 --> 00:09:37,487

And this is the gradual work of predators, is that possible?

149

00:09:37,487 --> 00:09:40,487

When a coyote goes into a rectum, they take the entrails out

150

00:09:40,487 --> 00:09:44,488

and you'll see where their nails to get farther into the carcass.

151

00:09:44,488 --> 00:09:47,488

You'll see their footprints in the mud, the mucus, the blood.

152

00:09:47,488 --> 00:09:53,489

If a veterinarian is going to tell me that a coyote or a predator did that,

153

00:09:53,489 --> 00:09:57,489

that membrane is going to be ripped and shredded and they're going to take it.

154

00:09:57,489 --> 00:09:58,489

Exactly right.

155

00:09:58,489 --> 00:10:02,490

That's soft tissue. That's what they're after from a scavenger point and they didn't take it.

156

00:10:03,490 --> 00:10:06,490

I don't see any evidence around here that it's the work of people.

157

00:10:06,490 --> 00:10:10,490

Wouldn't there be footprints? Wouldn't there be tracks from some people?

158

00:10:10,490 --> 00:10:13,491

You don't see any evidence of people doing this?

159

00:10:13,491 --> 00:10:17,491

I don't see any evidence of predators doing this, so we're at a standstill.

160

00:10:18,491 --> 00:10:22,491

If there are no people and there are no predators, who did this?

161

00:10:24,492 --> 00:10:29,492

Has anybody ever seen strange lights over the past few years?

162

00:10:29,492 --> 00:10:34,493

Has anybody ever seen strange lights over this property ever?

163

00:10:34,493 --> 00:10:41,493

My son and my neighbor has seen lights in the sky come down, get low and then raise up.

164

00:10:48,494 --> 00:10:51,494

Helicopters come over my place all the time.

165

00:10:52,494 --> 00:10:57,495

Galen says his son has seen strange lights over his property less than two miles away.

166

00:11:00,495 --> 00:11:04,495

They're always quiet. They're not like a normal helicopter.

167

00:11:04,495 --> 00:11:07,496

Do you say often how often are you implying?

168

00:11:07,496 --> 00:11:09,496

I'll say a couple times a week out here.

169

00:11:09,496 --> 00:11:11,496

Now, did they make any sound at all?

170

00:11:11,496 --> 00:11:13,496

More of a swooshing sound.

171

00:11:13,496 --> 00:11:17,497

It's all you hear, just a real, just a swoosh, swoosh, swoosh, and it's real quiet.

172

00:11:17,497 --> 00:11:19,497

You're seeing quiet helicopters? Is that what you're saying?

173

00:11:19,497 --> 00:11:25,497

Yeah, I'm seeing actual helicopters, you know, but they're quiet and they're not marked.

174

00:11:26,497 --> 00:11:29,498

Do you ever see lights on helicopters?

175

00:11:29,498 --> 00:11:30,498

Never.

176

00:11:30,498 --> 00:11:34,498

It's really not surprising that there's military activity in the area.

177

00:11:34,498 --> 00:11:41,499

Whiteman Air Force Base is 180 miles north of Galen's Ranch, and Fort Leonard Wood is just 80 miles away.

178

00:11:41,499 --> 00:11:48,500

So this may account for the helicopters that Dan Jones is seeing, but it's not just helicopters flying over the ranch.

179

00:11:49,500 --> 00:11:52,500

Could you explain what you saw and when you saw them?

180

00:11:52,500 --> 00:11:58,500

One was a bright red light, about three top tall, and it would flash real slow.

181

00:12:00,501 --> 00:12:02,501

And you could tell it was just hovered.

182

00:12:05,501 --> 00:12:12,502

There would be one bright light, and then there would be some smaller lights that are slowly flashing.

183

00:12:12,502 --> 00:12:15,502

Do they flash or pulsate?

184

00:12:15,502 --> 00:12:19,502

Yeah, but they've got a different pulsate and different flash than a plane.

185

00:12:20,503 --> 00:12:28,503

It would move back and forth, and drop straight down, that'll stop just as quick on the way down, and go right back up, and then just disappear.

186

00:12:32,504 --> 00:12:36,504

Dan said he saw this UFO at treetop level about a mile away.

187

00:12:36,504 --> 00:12:42,505

Given the angle, the distance, and the direction it was traveling, it could have ended up right over Galen Jones' ranch.

188

00:12:42,505 --> 00:12:49,505

Dan, do you think it's possible there's some connection between the mutilations and the lights that you've seen?

189

00:12:49,505 --> 00:12:57,506

I do know that after I've seen the lights, as quick as two days later, there's been cattle killed.

190

00:12:59,506 --> 00:13:06,507

I'm beginning to think either we have some technology that's so exotic, or we're talking to you too.

191

00:13:13,507 --> 00:13:21,508

We came across a key piece of evidence, and I'm not quite sure how it all fits in.

192

00:13:21,508 --> 00:13:27,509

We're investigating a series of cattle mutilations that occurred on Galen Jones' ranch.

193

00:13:27,509 --> 00:13:35,510

Strange lights were seen over his property, and in this case, something very unusual was left behind.

194

00:13:36,510 --> 00:13:42,510

We ran into a piece of technology that I can't fully explain.

195

00:13:42,510 --> 00:13:51,511

Ken, Storch, and Bob were first on the scene, and shot these never-before-seen photographs just hours after the cow was killed.

196

00:13:52,511 --> 00:14:01,512

I had a metal detector. When I scanned over the cow's head, specifically the ear, I got a beep.

197

00:14:02,512 --> 00:14:11,513

I backed away, and I reprogrammed it and recalibrated it for precious metals. It's more sensitive on precious metals.

198

00:14:11,513 --> 00:14:21,514

I came back, scanned over the ear and over the head, nothing. When I moved down over the jawline, I got a hit.

199

00:14:21,514 --> 00:14:26,514

By this time, I'm shook up. I mean, internally, my mind's racing.

200

00:14:26,514 --> 00:14:33,515

I moved the metal detector over the jawline, got nothing again, moved it over the neck in this area right in here.

201

00:14:33,515 --> 00:14:35,515

I got a hit.

202

00:14:35,515 --> 00:14:42,516

I almost can't believe what I'm hearing. How could a piece of metal be moving around inside the skull of a cow?

203

00:14:42,516 --> 00:14:46,516

Maybe this thing was emitting some strange frequencies at certain times and other times not.

204

00:14:46,516 --> 00:14:52,517

I don't know, but this is really unexplainable, and I'm having a hard time believing it.

205

00:14:52,517 --> 00:14:57,517

Are you describing some kind of detection of aiding implants?

206

00:14:57,517 --> 00:15:06,518

I think that's exactly what we were dealing with, Pat. We think that the sound wave of the metal detector, the frequency, triggered a defensive action it was trying to hide.

207

00:15:06,518 --> 00:15:09,518

It took evasive action. It was running from my signal.

208

00:15:10,518 --> 00:15:17,519

I've been writing about cattle mutilations for over ten years. I've never come across this.

209

00:15:17,519 --> 00:15:26,520

There's a metallic implant inside a cow that's moving, and we've seen metallic implant inside a human being scores of times.

210

00:15:28,520 --> 00:15:30,520

Here, I found this piece of metal and mar.

211

00:15:32,521 --> 00:15:33,521

It's jumping.

212

00:15:33,521 --> 00:15:35,521

Look at how it's moving away.

213

00:15:35,521 --> 00:15:38,521

This thing is moving around by itself, and I don't know what to think. It's just freaky.

214

00:15:38,521 --> 00:15:43,522

While Tim Cullen's implant was moving just like the one in Galen Jones' cow,

215

00:15:44,522 --> 00:15:49,522

another abductee had an implant that emitted a radio frequency.

216

00:15:52,522 --> 00:15:55,523

That noise is a very strong electromagnetic field.

217

00:15:56,523 --> 00:16:05,524

Suddenly, there's a relationship between an implant in a cow and an implant in a human being abductee.

218

00:16:06,524 --> 00:16:12,524

We came out here Tuesday, and I scanned this animal and never got a hit on anything.

219

00:16:13,524 --> 00:16:21,525

So, something removed the metal implant, and you saw no indication of anything on the ground, tracks, landing.

220

00:16:21,525 --> 00:16:27,526

We can't say that somebody removed it. All we can say is when we came back the following day, it was gone.

221

00:16:28,526 --> 00:16:34,526

This is just bizarre, absolutely bizarre. Have you guys ever encountered anything like this before?

222

00:16:34,526 --> 00:16:44,527

No, and one of the questions that was always on my mind, why this cow, why this herd, why here?

223

00:16:45,527 --> 00:16:55,528

We're going to test this cow and look for trace levels of radiation or electromagnetic readings that could support the idea that aliens are carrying out these mutilations.

224

00:16:58,529 --> 00:17:00,529

Get your mask.

225

00:17:00,529 --> 00:17:01,529

Got the mask.

226

00:17:06,529 --> 00:17:11,530

We're here next to the carcass. We're taking out our instruments. We're going to take a few measurements.

227

00:17:11,530 --> 00:17:17,530

We're wearing masks and gloves because something was used to kill this cow. We have no idea what it was.

228

00:17:17,530 --> 00:17:23,531

So, basically, we have to take all precautions necessary because we really don't have any idea what we're dealing with here.

229

00:17:23,531 --> 00:17:26,531

And the masks help because the smell is just horrific.

230

00:17:29,532 --> 00:17:37,532

We're going to start off with pulling out the metal detector and giving the cow a once-over. See if we have any hits of the implant that was encountered a couple of weeks ago.

231

00:17:40,533 --> 00:17:42,533

See? That's what I'm talking about.

232

00:17:42,533 --> 00:17:43,533

Duffy.

233

00:17:43,533 --> 00:17:52,534

Pat and I are going to pull out the Geiger counter and magnetometer. Hopefully, we'll find some magnetic fields, possibly some radiation left over by whoever actually performed this anus.

234

00:17:53,534 --> 00:17:54,534

This activity.

235

00:17:56,534 --> 00:18:00,534

Well, guys, I don't see anything other than normal background radiation here.

236

00:18:06,535 --> 00:18:08,535

Absolutely nothing.

237

00:18:08,535 --> 00:18:15,536

If Ken and Bob are to be believed, then who put that implant in there? How did that implant get in there? But most importantly, why?

238

00:18:16,536 --> 00:18:25,537

I've got a lot of ideas on who might be doing this, but it'd probably be better not said.

239

00:18:27,537 --> 00:18:35,538

One of the most common explanations is that these cattle mutilations are the result of satanic cults or other extreme religious roots.

240

00:18:35,538 --> 00:18:40,538

So, we've called in a cult expert to examine the crime scene.

241

00:18:40,538 --> 00:18:57,540

There are some specific wounds to this body that do not match up with any traditional animal sacrifice I've ever seen, such as the removal of the eye, the taking of the tongue, the wounds to the back of the cow.

242

00:18:58,540 --> 00:19:05,541

Tony Kale is a former sheriff's deputy who advises police departments worldwide on cults and

extreme religious behavior.

243

00:19:06,541 --> 00:19:19,542

Typically, when we found incidents involving animal cruelty and people affiliating themselves with an occult belief system, there's at least been somewhat of a theater of symbols, of graffiti, of paraphernalia.

244

00:19:19,542 --> 00:19:20,542

There's none of that.

245

00:19:20,542 --> 00:19:33,543

The fact that this was taken from someone is not a true sacrifice. This is essentially stealing a sacrifice, so a god or spirit in most traditional religious cultures would be offended.

246

00:19:33,543 --> 00:19:43,544

Tony's initial observations are pointing towards this not having anything to do with a religious cult at all. This is not a sacrifice to any kind of god. This is just slaughter, plain and simple.

247

00:19:46,544 --> 00:19:53,545

Whoever was responsible for this did this over three successive nights. Does that fit any profile you know of?

248

00:19:53,545 --> 00:20:06,546

Most traditional animal sacrifices would be done at one time. Anything past that is nothing but cruelty, is nothing but torture. This is, I'm not sure what this is.

249

00:20:08,546 --> 00:20:14,547

If we've established that it's not predators and it's not cults, then what else are we left with?

250

00:20:23,548 --> 00:20:32,549

When we saw the UFO, I was very scared. There was lights going around it and it was hovering in the sky. It was out of this world.

251

00:20:34,549 --> 00:20:46,550

We're meeting with Brandy Edwards, who with her sister and late father saw and videotaped a massive UFO over San Luis Valley about ten years ago. Now this UFO was sighted by hundreds of people.

252

00:20:47,550 --> 00:20:58,551

We were supposed to go on a camping trip that day, me and my father, and my dad told me to go outside. And as I was looking around, I noticed this cigar shaped object hovering around in the sky.

253

00:21:00,551 --> 00:21:02,552

Dad, there's something on the sky.

254

00:21:04,552 --> 00:21:11,552

I went and got my father and he came outside and then finally he seen the object in the sky and he ran and got his video camera and we filmed it for over an hour.

255

00:21:12,552 --> 00:21:28,554

After this sighting, the video was analyzed by experts who were unable to match the UFO with any conventional aircraft. The object had no sound, hovered for about an hour, and then shot across the entire sky instantaneously.

256

00:21:29,554 --> 00:21:30,554

What did you think you were looking at?

257

00:21:31,554 --> 00:21:38,555

It was nothing I've ever seen before. It was like this metallic object up in the sky and it was blue, like a bluish and white color.

258

00:21:38,555 --> 00:21:42,555

And it actually looked like it was growing, going out and then it was going back in.

259

00:21:43,555 --> 00:21:45,556

Space should grow bigger like that.

260

00:21:48,556 --> 00:21:53,556

I believe it was a UFO. I know that it was from another planet and no it wasn't from Earth.

261

00:21:54,556 --> 00:21:56,557

You're thinking this was definitely an extraterrestrial craft?

262

00:21:56,557 --> 00:21:57,557

Yes.

263

00:21:58,557 --> 00:22:04,557

You know, I've heard that San Luis Valley is a UFO hotspot, but this video that we're looking at really, really seals the deal.

264

00:22:04,557 --> 00:22:11,558

We've heard stories of orbs coming out of the ground and now we have video evidence of a huge cigar-shaped UFO.

265

00:22:13,558 --> 00:22:16,558

Can you judge at all how fast this object was moving?

266

00:22:16,558 --> 00:22:22,559

It was quick. It just took off and set one point and then it was at another point.

267

00:22:22,559 --> 00:22:26,559

It probably moved a hundred miles in a matter of a second.

268

00:22:27,560 --> 00:22:37,560

Based on Brandy's eye line and hundreds of other eyewitnesses, this object was traveling southeast through the heart of San Luis Valley where multiple cattle mutilation cases have been reported.

269

00:22:41,561 --> 00:22:45,561

So have you heard about cattle mutilations in the area? Will you live?

270

00:22:45,561 --> 00:22:50,562

Yes. There were several that I had heard of after this had happened.

271

00:22:50,562 --> 00:22:53,562

Yeah, there were a lot after the UFO we've seen.

272

00:22:57,562 --> 00:23:06,563

When you look at the UFO footage that we have over the San Luis Valley, which is smack in the heart of cattle mutilation country,

273

00:23:06,563 --> 00:23:12,564

and that implant that Ken Storch found when you take the two together, I don't think it's a coincidence.

274

00:23:12,564 --> 00:23:18,564

It really says to me that we're dealing with an extraterrestrial presence. It's somehow aliens are behind this.

275

00:23:18,564 --> 00:23:23,565

There are multiple theories as to why there could be some kind of alien harvest going on.

276

00:23:23,565 --> 00:23:29,565

If they're malevolent, they're monitoring us for some way of controlling us, perhaps an eventual takeover.

277

00:23:29,565 --> 00:23:33,566

That's a theory that some people offer. There's no way we can possibly know.

278

00:23:33,566 --> 00:23:39,566

Well, what about all the helicopters? We need to consider a human presence here. Could be the military, could be the government.

279

00:23:39,566 --> 00:23:43,567

I was in the military and I participated in a lot of cargo lift operations.

280

00:23:43,567 --> 00:23:47,567

And to do that, to pick up half a ton with a helicopter, you'd leave some kind of mark.

281

00:23:47,567 --> 00:23:52,568

There'd be marks of a harness or boots on the ground. And in all these cases, there are no marks.

282

00:23:53,568 --> 00:23:59,568

Before we can attribute this to the military or the government or even aliens, I think we really need to find out why.

283

00:23:59,568 --> 00:24:02,568

What would be the motivation for anyone to mutilate cows?

284

00:24:03,569 --> 00:24:17,570

One theory is that the reason aliens are harvesting and mutilating and taking cattle is that

there's something in the bovine DNA and something in the bovine hemoglobin that ETs want.

285

00:24:18,570 --> 00:24:27,571

We've got to talk to other witnesses. We have to talk to other farmers. We have to get to the big why. Who's doing this? Who's behind it?

286

00:24:27,571 --> 00:24:30,571

And to do that, we need to push our investigation further.

287

00:24:32,571 --> 00:24:34,571

My God, they're finally here.

288

00:24:34,571 --> 00:24:51,573

When I first walked up to that cow, she was laying on her left side, no blood, no tracks. It makes the hair on the back of your head kind of want to stand up.

289

00:24:51,573 --> 00:24:54,573

It's an eerie feeling to walk up on something like this.

290

00:24:54,573 --> 00:25:05,574

Buddy Dalvid has found mutilated cows on his ranch in Colorado, less than 100 miles away from where

Tim Edwards shot his video of a UFO.

291

00:25:05,574 --> 00:25:14,575

Now we're hoping to find any similarities between what's happening in the San Luis Valley and what's taking place back in Missouri on Galen's ranch.

292

00:25:17,576 --> 00:25:19,576

But how long have you been ranching?

293

00:25:19,576 --> 00:25:21,576

77 years.

294

00:25:21,576 --> 00:25:23,576

How unusual is cow mutilation?

295

00:25:23,576 --> 00:25:26,576

It's very unusual. It's just kind of scary.

296

00:25:27,576 --> 00:25:29,577

How many mutilations have you witnessed yourself?

297

00:25:30,577 --> 00:25:32,577

Probably six, five, six.

298

00:25:32,577 --> 00:25:34,577

Any difference in the MOs?

299

00:25:34,577 --> 00:25:37,577

Pretty much always the same thing.

300

00:25:38,577 --> 00:25:49,579

They look like a cut on a human that started to heal. They're smooth, just real precision round. When they take out their tongues, their eyeballs, the cuts are not knife cuts.

301

00:25:50,579 --> 00:26:00,580

Bud said the eye was missing as well as the tongue. Now this is exactly what happened on the Galen Jones ranch and matches hundreds of other mutilation reports as well.

302

00:26:00,580 --> 00:26:10,580

But the big mystery is, all these ranchers are armed and very aware of what's going on in their property and no one has ever been caught or brought to justice.

303

00:26:14,581 --> 00:26:16,581

What do you think is going on?

304

00:26:16,581 --> 00:26:27,582

Well, I don't know, but I'll tell you one thing for sure. My neighbor down here had a cow in his corral and the next morning he gets up, the cow is missing. He found it down in the swamp, this much snow and no tracks.

305

00:26:27,582 --> 00:26:28,582

Was the cow mutilated?

306

00:26:28,582 --> 00:26:29,582

Yes.

307

00:26:29,582 --> 00:26:34,583

So somehow it got over a fence, wound up in a field, no tracks around it?

308

00:26:34,583 --> 00:26:36,583

In six inches of snow.

309

00:26:37,583 --> 00:26:47,584

The snow was completely absent of any marks whatsoever, so clearly it dropped from a height into the fresh snow.

310

00:26:49,584 --> 00:26:56,585

So you're saying that somehow these cows are being lifted out of a corral and do you know what methods might be used to lift a cow like that?

311

00:26:57,585 --> 00:27:06,586

I have no idea how they're lifting them out of there, but I know these cows are weighing them from 12 to 1400 pounds. You've got to have something pretty strong to pick up that kind of an animal.

312

00:27:11,586 --> 00:27:13,586

Have you heard any sort of helicopters in the air?

313

00:27:13,586 --> 00:27:24,587

The only one that I've heard say anything about an unusual aircraft was Mr. Gerardo the sheriff at that time. He said that there were some bright lights that came over the Mesa, but there was no sound.

314

00:27:27,588 --> 00:27:41,589

If we see something we don't understand or we fear, we put it on the back burner. We don't want to deal with it, but this is something we're going to have to deal with.

315

00:27:44,589 --> 00:27:54,590

You've got to keep in mind with these mutilations there are three crimes involved. Criminal trespass, cruelty of animals, and depriving the rancher of his rightful ownership of that animal.

316

00:27:55,590 --> 00:28:01,591

Former sheriff Lou Gerardo investigated numerous mutilations on ranches here in the 1980s and 90s.

317

00:28:02,591 --> 00:28:11,592

Ranchers are not reporting them like they used to be because they told me you can't do a damn thing about it. Nobody can, so they're not reporting.

318

00:28:11,592 --> 00:28:12,592

But they're still going on.

319

00:28:12,592 --> 00:28:13,592

They're still going on, yeah.

320

00:28:17,592 --> 00:28:22,593

So Lou, what do you think might be the cause of this phenomenon? Who would you attribute this mutilation phenomenon to?

321

00:28:22,593 --> 00:28:30,594

I'll tell you the same thing I told investigators 35 years ago. I can tell you what it isn't, but I can't tell you what it is.

322

00:28:31,594 --> 00:28:32,594

It's not the occult.

323

00:28:32,594 --> 00:28:33,594

No.

324

00:28:33,594 --> 00:28:34,594

It's not predators.

325

00:28:34,594 --> 00:28:36,594

No. It's not the government too.

326

00:28:36,594 --> 00:28:37,594

Tell me why it's not the government.

327

00:28:37,594 --> 00:28:46,595

The government has thousands of acres of land. A lot of it they leased to cattlemen. Why would they pick out a small rancher and take his animal?

328

00:28:46,595 --> 00:28:48,595

So they could simply mutilate their own government cattle.

329

00:28:48,595 --> 00:28:51,596

Yeah, they'd keep it under wraps. Why should they advertise what they're doing?

330

00:28:51,596 --> 00:29:04,597

We have a sheriff telling us that the government is not involved in cattle mutilations. It's not predators. It's not cults. So what are we left with?

331

00:29:05,597 --> 00:29:08,597

Have you ever seen anything yourself that could possibly be a UFO?

332

00:29:08,597 --> 00:29:09,597

Yes, I have.

333

00:29:11,597 --> 00:29:17,598

At the same time we were investigating mutilation. We were also investigating drug smuggling from the air.

334

00:29:17,598 --> 00:29:26,599

So one evening I got a call with the DA's off. There were five helicopters on 160, so I picked up a deputy. We ran out there and sat there for a while.

335

00:29:26,599 --> 00:29:34,600

They finally said, one is headed toward you. They said, do you have contact with us? I said, no, I can't see it. Can you hear it? No, I can't hear it.

336

00:29:34,600 --> 00:29:42,600

Finally it went over in starlight. Let me see a form of a chopper going over us, going north. No noise.

337

00:29:43,600 --> 00:29:52,601

Then all of a sudden, out in the pasture, a bright orange light came up from the ground.

338

00:29:56,602 --> 00:30:08,603

It went up to above the horizon. All of a sudden it split in half. One went north, just like that. The other one dropped back to the ground.

339

00:30:08,603 --> 00:30:13,603

I looked at the deputy, he looked at me, and I said, my God, they're finally here.

340

00:30:14,603 --> 00:30:17,604

Well, this is incredible. What do you think you saw?

341

00:30:17,604 --> 00:30:22,604

I saw something that I was never familiar with before, and I don't think it came from human hands.

342

00:30:27,605 --> 00:30:32,605

This is pretty incredible. Lou is telling us the same story as Dan Jones.

343

00:30:33,605 --> 00:30:40,606

What is the relationship between these UFOs and these unmarked silent helicopters? Are they related to these mutilations?

344

00:30:42,606 --> 00:30:46,606

I feel there's a connection between the lights and the mutilations.

345

00:30:47,607 --> 00:31:03,608

We've had multiple UFO sightings near the scene of these calamutillations, but the one thing that's missing from these cases is actual physical evidence.

346

00:31:03,608 --> 00:31:11,609

We're about to speak with someone who risked his professional reputation by investigating calamutillations here in the San Luis Valley.

347

00:31:16,609 --> 00:31:24,610

One of the common complaints that we had heard from ranchers was that official government agencies aren't paying them any attention.

348

00:31:25,610 --> 00:31:36,611

John Paternasser is the former DA of Taos County. Now he's a district judge, but he's still involved in trying to find out who's behind these unexplained animal deaths.

349

00:31:37,611 --> 00:31:43,612

They wanted some official resource to treat their problems seriously.

350

00:31:43,612 --> 00:31:52,613

Did you ever try to ask for help in pursuing this investigation? From state agencies like the governor's office, like the state attorney general's office.

351

00:31:52,613 --> 00:32:02,614

The government agencies generally were less than willing to step up to the plate and get involved in X-files kinds of things.

352

00:32:02,614 --> 00:32:06,614

How strong is the evidence that calamutilations are a real phenomenon?

353

00:32:06,614 --> 00:32:16,615

Well, it's real. Animals are dying and animals are being mutilated. It's what's causing it that is open to debate and investigation.

354

00:32:16,615 --> 00:32:26,616

For someone with his background, with his credentials to say this after all the research that he's done, it tells me that we're on the right path and that we're getting closer to some sort of truth here.

355

00:32:27,616 --> 00:32:39,617

Because we brought a more purely forensic approach to the investigation, we were able to ignore a lot of the popular culture theories because there was no evidence to support them.

356

00:32:39,617 --> 00:32:43,617

What forensic evidence were you able to establish at these scenes?

357

00:32:43,617 --> 00:32:53,618

In one of the gross analyses of the scene, we did see some unusual geometric impressions in mud near the animal.

358

00:32:57,619 --> 00:33:03,619

What were so unusual about these impressions?

359

00:33:03,619 --> 00:33:06,620

They just seemed anomalous out of place.

360

00:33:06,620 --> 00:33:14,620

We're speaking with district court judge John Paternoster who may have found evidence of some UFO connection to these calamutillations.

361

00:33:15,620 --> 00:33:26,621

They were rectangular and fairly deep, almost as if someone had put a tripod into the mud because they were pressed down a couple of inches.

362

00:33:27,622 --> 00:33:36,622

What he's saying is huge. We're hearing of actual evidence on the ground that could connect UFOs to the calamutillation phenomenon.

363

00:33:37,622 --> 00:33:39,623

There were three of these impressions?

364

00:33:39,623 --> 00:33:45,623

We saw three at one scene, not directly over the animal but in their own context.

365

00:33:45,623 --> 00:33:49,624

And there were no footprints leading from the impressions to the animal?

366

00:33:49,624 --> 00:33:50,624

Correct.

367

00:33:50,624 --> 00:33:54,624

Now we've heard this in other places, right here in New Mexico.

368

00:33:54,624 --> 00:33:57,624

Now you're saying there were actual indentations from the craft down here?

369

00:33:57,624 --> 00:34:00,625

Yes, but there's one indentation right there.

370

00:34:00,625 --> 00:34:02,625

This is one of the original indentations?

371

00:34:02,625 --> 00:34:03,625

Yes.

372

00:34:03,625 --> 00:34:10,626

And there was also a roughly triangular formation in the wet sand at RAF Bentmore in Rendlesham Forest.

373

00:34:10,626 --> 00:34:14,626

There were indentations in the ground where this thing had landed.

374

00:34:14,626 --> 00:34:19,626

It was almost as if this craft had come down on a tripod-like device.

375

00:34:23,627 --> 00:34:25,627

So guys, where are we after all this?

376

00:34:25,627 --> 00:34:26,627

I don't think it's humans.

377

00:34:26,627 --> 00:34:34,628

And I just think this idea of some kind of a global military government, cattle mutilation operation going on is just, it's just, it's not possible.

378

00:34:34,628 --> 00:34:38,628

I'm thinking that we have to start looking at some of these UFO stories that are going on.

379

00:34:38,628 --> 00:34:40,628

We might have to start looking in that direction.

380

00:34:41,628 --> 00:34:45,629

I'm with Pat. We need to explore the ET causality.

381

00:34:45,629 --> 00:34:50,629

We've got a fresh mutilation in Missouri and the opportunity to break this case.

382

00:34:50,629 --> 00:34:54,630

Gail infers they will return and he's speaking from experience.

383

00:34:54,630 --> 00:35:00,630

We have to get back to his ranch, set up a stakeout and try to catch whos ever doing this.

384

00:35:10,631 --> 00:35:16,632

We've asked Ken Storch and Bob who are two former law enforcement officers to join us in this stakeout.

385

00:35:16,632 --> 00:35:20,632

Now these guys have done hundreds of undercover operations.

386

00:35:20,632 --> 00:35:24,633

So we're going to take their lead in how to safely monitor this herd.

387

00:35:25,633 --> 00:35:30,633

Whoever's doing this is using some high tech equipment and it won't be easy to catch them with the naked eye.

388

00:35:30,633 --> 00:35:34,633

So to help us out, we're taking some of our own high tech.

389

00:35:34,633 --> 00:35:38,634

We're bringing a FLIR camera which seeks out heat sources using infrared technology.

390

00:35:38,634 --> 00:35:44,634

And we also have a night vision scope to monitor the ranch and increase our surveillance ability.

391

00:35:45,634 --> 00:35:49,635

While looking around the ranch to set up the best place for a stakeout,

392

00:35:49,635 --> 00:35:54,635

Gailen showed me a stark reminder of just how devastating this problem is.

393

00:36:01,636 --> 00:36:06,636

Wow, yeah, that's the remains of several animals.

394

00:36:15,637 --> 00:36:19,638

And so this is the remains of a mutilated animal.

395

00:36:24,638 --> 00:36:29,639

When these things kept on repeating year after year, what were you thinking?

396

00:36:29,639 --> 00:36:33,639

I mean was it thinking that somebody was after you because they were taking the cattle?

397

00:36:34,639 --> 00:36:40,640

First, I began to think it was some people maybe targeted me, but I have no idea now.

398

00:36:40,640 --> 00:36:45,640

I'm totally at loss with what's going on and why they're doing it to the animal.

399

00:36:46,640 --> 00:36:51,641

Your herd has been hit 26 times, which is incredible.

400

00:36:53,641 --> 00:36:54,641

26 times.

401

00:36:55,641 --> 00:36:59,641

This must have devastated you, this level of depredation.

402

00:37:00,642 --> 00:37:03,642

Yes, it devastated me enough that I'm going to get out of the business.

403

00:37:04,642 --> 00:37:06,642

This is actually driving you out of the business?

404

00:37:06,642 --> 00:37:09,642

Yes, it sure is.

405

00:37:09,642 --> 00:37:12,643

To liquidate them all this summer.

406

00:37:12,643 --> 00:37:15,643

After 40 years and after 20 years from your father?

407

00:37:15,643 --> 00:37:16,643

Yes.

408

00:37:22,644 --> 00:37:31,644

When you see the emotion etched on Gailen Jones' face and hear the sadness in his voice as his ranching life must end,

409

00:37:31,644 --> 00:37:35,645

it's infuriated because it's nowhere he can turn for help.

410

00:37:35,645 --> 00:37:42,645

We're going to look for answers that will at least put some closure on this case if for no one else, for Gailen Jones.

411

00:37:49,646 --> 00:37:51,646

Who could do this without leaving any trace?

412

00:37:51,646 --> 00:37:53,647

A very sophisticated operation.

413

00:37:53,647 --> 00:37:56,647

Who or whatever is responsible for this.

414

00:37:56,647 --> 00:37:59,647

It's a serial killer is what it is.

415

00:38:00,647 --> 00:38:03,647

This man 25 had a cattle. This is the 26th.

416

00:38:03,647 --> 00:38:05,648

God forbid I catch you.

417

00:38:05,648 --> 00:38:08,648

I mean, this is serious.

418

00:38:08,648 --> 00:38:11,648

The feds need to investigate this and nobody's investigating it.

419

00:38:13,648 --> 00:38:23,649

What evidence would we need to lay charges at the feet of a federal agency and said now you have to investigate because here are the criminal charges?

420

00:38:23,649 --> 00:38:25,650

Well, ideally it's the catch them in the act.

421

00:38:25,650 --> 00:38:27,650

They're hands in the cookie jar.

422

00:38:27,650 --> 00:38:34,650

The way to put a stop to this is that we become the hunters and we hunt them.

423

00:38:36,651 --> 00:38:41,651

You've really got to have all your wits about you when you're out here on this kind of a stakeout.

424

00:38:42,651 --> 00:38:45,651

Hey, you guys got to check this out. What do you got?

425

00:38:45,651 --> 00:38:58,653

We need to bring somebody to justice and solve some of these crimes.

426

00:38:58,653 --> 00:39:04,653

If you'll mutilate an animal or kill an animal, you will probably mutilate a human being.

427

00:39:07,653 --> 00:39:12,654

We're going to set up a stakeout on Gailen Jones's herd with Ken Storch and Bob.

428

00:39:12,654 --> 00:39:18,655

Our best case scenario is that we just might catch whoever is mutilating these cattle.

429

00:39:28,655 --> 00:39:31,656

All right, boys and girls, this is what it's all about.

430

00:39:35,656 --> 00:39:40,657

I truly believe this is how we're going to catch the perps, whoever is responsible for these mutilations.

431

00:39:42,657 --> 00:39:47,657

Ken and Bob have been on numerous stakeouts, so if we want to watch the cattle overnight

432

00:39:47,657 --> 00:39:52,658

and see if we can find the source of these cattle mutilations, these are the guys that we want with us.

433

00:39:53,658 --> 00:40:01,659

We have the herd from which this mute was a part of and we're hoping that the perps will show back up.

434

00:40:01,659 --> 00:40:06,659

What we're looking for right now is we're sitting here, we're trying to look for a light, something out of the ordinary.

435

00:40:06,659 --> 00:40:09,659

Hey, what if these boys don't need a light?

436

00:40:13,660 --> 00:40:21,660

I have a forward-looking infrared camera here. It operates in the infrared spectrum using heat waves, infrared wavelength.

437

00:40:21,660 --> 00:40:25,661

And I'm going to use this now to see if we can catch anything with the FLIR cam.

438

00:40:25,661 --> 00:40:51,663

Wow, that's amazing to see all the cows over there. It's pretty eerie. I can't see anything at all in my eyes, but hundreds of yards away, I can see every single cow.

439

00:40:56,664 --> 00:41:03,664

So we finally found Galen's herd along the treeline. If anything goes down tonight, these cows are going to be the target.

440

00:41:03,664 --> 00:41:06,665

So what we're going to do is keep this herd in view at all times.

441

00:41:07,665 --> 00:41:08,665

Hey, you guys got to check this out.

442

00:41:09,665 --> 00:41:10,665

What do you got?

443

00:41:12,665 --> 00:41:14,665

Okay, can you guys see that little bright spot right there?

444

00:41:14,665 --> 00:41:15,665

Yeah, I see that.

445

00:41:15,665 --> 00:41:16,666

Those are our cows.

446

00:41:16,666 --> 00:41:19,666

Wow. So they're really putting a lot of heat.

447

00:41:19,666 --> 00:41:28,667

Well, that's how sensitive this equipment is. So whatever or whoever is doing this, if they're radiating any sort of heat, we'll pick it up on this camera.

448

00:41:32,667 --> 00:41:37,668

Now we have a night vision scope here so we can keep a general eye out on things.

449

00:41:38,668 --> 00:41:44,668

While Pat's using the FLIR camera, I'm starting out with the night vision scope, which actually has a better range than the FLIR.

450

00:41:45,668 --> 00:41:48,669

So I can get a really clear view of the treeline beyond the pasture.

451

00:41:50,669 --> 00:41:56,669

I can tell the difference between trees and the night sky. Trees in the ground.

452

00:41:58,670 --> 00:42:05,670

So with the FLIR camera and the night vision scope, we have the full perimeter covered. If anybody comes near the pasture, we'll see them.

453

00:42:11,671 --> 00:42:12,671

There's the herd.

454

00:42:14,671 --> 00:42:15,671

Any activity?

455

00:42:15,671 --> 00:42:21,672

No. They're just, uh, they're just waiting around just like we are, to tell you the truth.

456

00:42:27,672 --> 00:42:32,673

It was a long night out in the pasture and we didn't see anything out of the ordinary.

457

00:42:32,673 --> 00:42:37,673

But the good thing is, nothing hurt Galen Jones' cows and there wasn't a mutilation.

458

00:42:40,673 --> 00:42:42,674

Who really is responsible for this?

459

00:42:42,674 --> 00:42:47,674

I do know that bovine hemoglobin is genetically very, very similar to that of humans.

460

00:42:47,674 --> 00:42:59,675

And I've also read that the government's conducting tests so that in case there's this large disaster and we need a large amount of human blood, but we don't have it, what we do is we resort to bovine blood as a substitute.

461

00:42:59,675 --> 00:43:04,676

There is no alien harvest, but it's a great smoke screen and it's working very well.

462

00:43:05,676 --> 00:43:08,676

I think the military is involved, but not the way you think.

463

00:43:08,676 --> 00:43:19,677

I think it's aliens and I think the military is monitoring their activity, monitoring these

mutilations and maybe in an attempt to cover them up so as not to panic the public.

464

00:43:20,677 --> 00:43:28,678

The aliens come in, mutilate the cows and the helicopters that people are seeing are coming in after the fact, one step behind.

465

00:43:29,678 --> 00:43:33,678

The military isn't just there to watch, they're not just monitoring.

466

00:43:33,678 --> 00:43:39,679

I think the military is cooperating with the extraterrestrials that are doing the mutilation.

467

00:43:39,679 --> 00:43:42,679

From the military perspective, maybe they're bringing the perfect warrior.

468

00:43:42,679 --> 00:43:56,681

From the alien perspective, maybe they're hybridizing the species using bovine hemoglobin, which is all they need, to culture the egg cells that they're fertilizing with alien DNA.

469

00:43:56,681 --> 00:44:06,682

A whole new species being bred from the soft tissue of cows to create something we can't even

imagine.

470

00:44:10,682 --> 00:44:23,683

Just two weeks after we completed our investigation, we got a call from Galen Jones that he'd had another mutilation, a calf, making it 27 mutilations since 1991.

471

00:44:23,683 --> 00:44:33,684

And in Los Anamos County, where Lou Geroto has said these cow mutilations are ongoing, there were three new cases since we last completed our investigation.

472

00:44:34,684 --> 00:44:37,684

The phenomenon is real and it's ongoing.
