

1

00:00:00,000 --> 00:00:07,471

UFO reports of orange balls of light are spiking all over the world.

2

00:00:07,471 --> 00:00:09,992

Whoa, I'm getting a series of lights right there.

3

00:00:09,992 --> 00:00:10,992

It's moving.

4

00:00:10,992 --> 00:00:15,034

But most witnesses are filled with terror and dread.

5

00:00:15,034 --> 00:00:16,635

She starts screaming.

6

00:00:16,635 --> 00:00:18,716

She won't stay out after dark.

7

00:00:18,716 --> 00:00:20,557

What emotion do you associate with?

8

00:00:20,557 --> 00:00:21,557

Terror.

9

00:00:21,557 --> 00:00:22,558

Those who see the lights.

10

00:00:22,558 --> 00:00:25,759

I was employed by the Missouri State Highway Patrol.

11

00:00:25,759 --> 00:00:27,480

Reports strange occurrences.

12

00:00:27,480 --> 00:00:31,442

The farther I drove, the closer this light got to me.

13

00:00:31,442 --> 00:00:33,923

And they want these terrifying encounters to stop.

14

00:00:33,923 --> 00:00:34,924

They're frightened.

15

00:00:34,924 --> 00:00:36,565

Some of these people are just scared out of their minds.

16

00:00:36,565 --> 00:00:39,246

Whoa, there it is.

17

00:00:39,246 --> 00:00:43,888

Video evidence seems to show that something is going on that we just don't understand.

18

00:00:43,888 --> 00:00:44,888

Wow.

19

00:00:44,888 --> 00:00:46,569

Whoa, whoa.

20

00:00:46,569 --> 00:00:48,370

But what is it?

21

00:00:48,370 --> 00:00:49,931

There is no explanation for it.

22

00:00:49,931 --> 00:00:54,973

We have no known source for what is causing it.

23

00:00:54,973 --> 00:00:58,415

Is this presence a warning of things to come?

24

00:00:58,415 --> 00:01:00,656

This orb stopped three feet from me.

25

00:01:00,656 --> 00:01:05,258

And I heard a voice say, don't touch it or you'll die.

26

00:01:05,258 --> 00:01:09,620

This is case number 9227, Dark Presence.

27

00:01:25,988 --> 00:01:31,431

We investigated balls of light orbs last year in Indiana.

28

00:01:31,431 --> 00:01:32,431

Guess what?

29

00:01:32,431 --> 00:01:33,431

They're back.

30

00:01:36,193 --> 00:01:41,115

And this time we're going to investigate a whole other aspect of these.

31

00:01:41,115 --> 00:01:44,597

Kind of a dark presence.

32

00:01:44,597 --> 00:01:50,680

People are reporting a frightening UFO contact that involves nightmares, headaches, terrifying

33

00:01:50,680 --> 00:01:56,122

reprimanditions, and sometimes actual confrontations with the orbs.

34

00:01:56,122 --> 00:01:58,443

These spherical UFOs are really nothing new.

35

00:01:58,443 --> 00:02:04,286

If you go back into Project Bluebug, there was all kinds of reports of spherical UFOs.

36

00:02:04,286 --> 00:02:07,808

This has been going on for a long time and it's a huge part of ufology to understand

37

00:02:07,808 --> 00:02:09,889

what these balls of light are.

38

00:02:09,889 --> 00:02:14,131

The spike in orb sightings is a worldwide phenomenon from Puerto Rico to Australia.

39

00:02:14,131 --> 00:02:19,653

But we're seeing a pattern of reports in Missouri, Indiana, and Arizona for some reason.

40

00:02:19,733 --> 00:02:24,896

But we need to investigate this phenomenon to find out what's going on.

41

00:02:24,896 --> 00:02:27,297

These orbs aren't necessarily UFOs.

42

00:02:27,297 --> 00:02:31,899

There's so many conventional explanations that don't associate with any kind of communication

43

00:02:31,899 --> 00:02:32,900

whatsoever.

44

00:02:32,900 --> 00:02:35,701

There's conventional and there's unconventional.

45

00:02:35,701 --> 00:02:37,702

So I think that's what we need to explore.

46

00:02:37,702 --> 00:02:41,824

And we're going to try to get to the bottom of what this presence means.

47

00:02:41,824 --> 00:02:54,630

We expected investigator Ted Phillips has been exploring the orb phenomena for two decades

48

00:02:54,630 --> 00:03:04,154

and focusing on a particular area in the Ozarks of Missouri that he calls Site X.

49

00:03:04,154 --> 00:03:11,158

People are recording nightmares, animal mutilations, hauntings, and a deep fear of these uninvited

50

00:03:11,158 --> 00:03:12,478

guests.

51

00:03:12,478 --> 00:03:20,522

People are so frightened by these orbs they don't want to come forward.

52

00:03:20,522 --> 00:03:24,764

But investigator Ted Phillips has gained the trust of this community and he's sharing

53

00:03:24,764 --> 00:03:30,527

with us some horrible accounts that witnesses have told him.

54

00:03:30,527 --> 00:03:35,569

We've had a great deal of new activity in the lightball area.

55

00:03:35,569 --> 00:03:41,412

I wanted to bring along some photos and some video to give you a better idea of what we're

56

00:03:41,412 --> 00:03:45,974

talking about.

57

00:03:45,974 --> 00:03:54,778

The lightballs range in size from baseball to basketball.

58

00:03:54,778 --> 00:04:02,262

They'll fly around maneuver, sometimes go into a sort of yo-yo pattern, up and down,

59

00:04:02,262 --> 00:04:09,665

and into the right and the left, and do this for a long, long time.

60

00:04:09,665 --> 00:04:12,587

There it is.

61

00:04:12,587 --> 00:04:13,587

Wow.

62

00:04:13,587 --> 00:04:14,588

Whoa, whoa.

63

00:04:14,588 --> 00:04:20,070

I got a cold head, man.

64

00:04:20,070 --> 00:04:24,673

The longest duration sighting was over an hour and 30 minutes.

65

00:04:24,673 --> 00:04:34,837

So you're eliminating things like gas or earth lights because of the duration.

66

00:04:34,837 --> 00:04:39,680

Now recently, more of the objects have been seen on the ground.

67

00:04:39,680 --> 00:04:43,001

So there is a little bit of the fear factor.

68

00:04:43,001 --> 00:04:44,442

One of the effects on humans.

69

00:04:44,442 --> 00:04:52,806

Dry throat, some nausea, severe headaches, colors in their vision.

70

00:04:52,806 --> 00:04:58,208

We've never heard stories like this before from anyone about the interactions of orbs

71

00:04:58,208 --> 00:05:00,610

with human beings.

72

00:05:00,610 --> 00:05:04,171

So we're looking at an close encounter of the fifth kind here.

73

00:05:04,171 --> 00:05:05,932

Wow, that was an awesome...

74

00:05:05,932 --> 00:05:06,933

There it is.

75

00:05:06,933 --> 00:05:11,175

Ronnie, turn your camera on.

76

00:05:11,175 --> 00:05:15,217

Have there been any fatalities or injuries in relation to these sightings?

77

00:05:15,217 --> 00:05:20,459

We had one case, one of the very best, and a little girl's jumping on the trampoline.

78

00:05:20,459 --> 00:05:28,503

She sees this close, a light bulb.

79

00:05:28,503 --> 00:05:31,904

And she slips and twists her ankle just a bit.

80

00:05:31,904 --> 00:05:34,506

She starts screaming.

81

00:05:34,506 --> 00:05:38,628

Her mother tells me, she won't stay out after dark.

82

00:05:38,628 --> 00:05:40,749

Has not since it's happened.

83

00:05:40,749 --> 00:05:43,310

So the daughter is scared of these things?

84

00:05:43,310 --> 00:05:45,751

Oh yes, she is.

85

00:05:45,751 --> 00:05:49,193

The story that Ted is telling us is rather hard to fathom.

86

00:05:49,193 --> 00:05:50,713

How could this be happening?

87

00:05:50,713 --> 00:05:53,155

And yet the media hasn't reported any of this.

88

00:05:53,155 --> 00:05:56,316

I'd love to interview this woman that had this confrontation.

89

00:05:56,316 --> 00:06:01,839

But Ted says she's just too scared to talk.

90

00:06:01,839 --> 00:06:07,361

Are there any deaths that you can ascribe specifically to these objects?

91

00:06:07,361 --> 00:06:13,284

We had a case in which the ranch owner and his son were sitting there one afternoon and

92

00:06:13,364 --> 00:06:19,527

they saw a small light bulb.

93

00:06:19,527 --> 00:06:24,009

Well he had his three labs lying on the ground there by him.

94

00:06:24,009 --> 00:06:29,292

And the light bulb makes a low pass over the three dogs, gets their attention, and it starts

95

00:06:29,292 --> 00:06:33,854

moving away towards a small clump of trees.

96

00:06:33,854 --> 00:06:35,455

And the dogs follow.

97

00:06:35,455 --> 00:06:40,257

And suddenly here's a terrible cries from the dogs.

98

00:06:40,977 --> 00:06:46,980

And he runs down there, the light bulb is gone, and he finds the three dogs as three

99

00:06:46,980 --> 00:06:53,063

sort of gooey puddles on the ground.

100

00:06:53,063 --> 00:06:55,864

The dogs were liquefied?

101

00:06:55,864 --> 00:06:58,626

This is a community with a problem.

102

00:06:58,626 --> 00:07:02,547

Where do you go when you're being plagued by strange balls of light that are actually

103

00:07:02,547 --> 00:07:08,150

making your children cry and also causing harm to plant life and livestock?

104

00:07:08,150 --> 00:07:13,713

I think there's an indication in the fact that the thing lured the dogs.

105

00:07:13,713 --> 00:07:21,196

That puts it into an entirely different realm.

106

00:07:21,196 --> 00:07:22,837

What do you think these objects are?

107

00:07:22,837 --> 00:07:27,799

The one thing I can tell you is these things are real, whatever they are.

108

00:07:27,799 --> 00:07:35,323

So many witnesses have seen the same things and they are physical.

109

00:07:35,323 --> 00:07:37,684

Are we dealing with some kind of malevolent force here?

110

00:07:37,684 --> 00:07:45,368

I really think based on what happened you have to go with malicious intent.

111

00:07:45,368 --> 00:07:48,729

This is an incredible video and a story that Ted has shared with us.

112

00:07:48,729 --> 00:07:51,010

We have to analyze the video.

113

00:07:51,010 --> 00:07:55,532

But interesting to note that just 30 miles away we have a first-hand account of orbs

114

00:07:55,532 --> 00:07:57,453

making nightly visits.

115

00:07:57,453 --> 00:08:02,416

And they're also linked to a dark presence.

116

00:08:02,416 --> 00:08:05,937

I was employed by the Missouri State Highway Patrol.

117

00:08:05,937 --> 00:08:09,499

One night I noticed this light off to my left.

118

00:08:09,499 --> 00:08:15,822

The farther I drove the closer this light got to me.

119

00:08:15,822 --> 00:08:19,664

Doug Schultz is a 31-year veteran of the Missouri Highway Patrol.

120

00:08:19,664 --> 00:08:23,306

While on duty he witnessed a single orb every night for a year.

121

00:08:23,306 --> 00:08:29,669

So many residents in the area saw this light that it became known as the North View Light.

122

00:08:29,669 --> 00:08:36,392

In December of 1992 I was in Marshfield going across the exit 100 overpass.

123

00:08:36,392 --> 00:08:42,515

I noticed the North View Light off to my left.

124

00:08:42,515 --> 00:08:47,797

It was brighter, larger and closer than I'd ever seen it before.

125

00:08:47,797 --> 00:08:54,841

I went west on Highway 38 and the farther I went the closer this light appeared to get

126

00:08:54,841 --> 00:08:58,802

to my patrol car.

127

00:08:58,802 --> 00:09:01,844

It was really close, really large.

128

00:09:01,844 --> 00:09:06,926

So I decided I was going to stop my car and turn the engine off and see if I could hear

129

00:09:06,926 --> 00:09:07,927

this thing.

130

00:09:07,927 --> 00:09:14,770

I stood with the door open, got my binoculars out and I got a good look at this thing.

131

00:09:14,770 --> 00:09:19,012

It was probably about a, you know, more than a quarter of a mile from me.

132

00:09:19,012 --> 00:09:24,455

And it was about 80 to 100 feet above the ground hovering immediately over the county

133

00:09:24,455 --> 00:09:25,455

road.

134

00:09:25,455 --> 00:09:35,540

My patrol car was equipped with a spotlight so I decided that I would shine the spotlight

135

00:09:35,540 --> 00:09:39,302

on the object just to see what might happen.

136

00:09:39,302 --> 00:09:45,144

As soon as I shined the spotlight on it, this craft without making any noise, took off and

137

00:09:45,144 --> 00:09:51,107

was out of sight in less than a second.

138

00:09:51,107 --> 00:09:57,870

A friend of mine lived almost directly below where this light was hovering at the time.

139

00:09:57,870 --> 00:09:59,271

He was a cattle rancher.

140

00:09:59,271 --> 00:10:04,193

We found a dead cow into the farmer's residence.

141

00:10:04,193 --> 00:10:08,716

This particular cow had about an 18 inch incision made in its neck.

142

00:10:08,716 --> 00:10:12,838

It also had parts of its udder removed.

143

00:10:12,838 --> 00:10:17,920

We've already investigated cattle mutilations and those witnesses have reported that orbs

144

00:10:17,920 --> 00:10:23,002

have been sighted in the areas where dead animals are found.

145

00:10:23,002 --> 00:10:28,605

All I can say is the light appeared almost nightly during this time period and at the

146

00:10:28,605 --> 00:10:32,207

same time period we were having cattle mutilations.

147

00:10:32,207 --> 00:10:35,568

What is your take on what happened during that time?

148

00:10:35,568 --> 00:10:37,609

I wish I knew.

149

00:10:37,609 --> 00:10:42,772

But the orb that Doug Schultz has observed for over a year be part of the orb colony

150

00:10:42,772 --> 00:10:44,893

that's terrorizing Site X?

151

00:10:44,893 --> 00:11:08,824

We need to analyze the video from Site X to see if there are clues to what it is.

152

00:11:08,824 --> 00:11:09,825

Jim.

153

00:11:09,825 --> 00:11:10,825

Oh hi.

154

00:11:10,825 --> 00:11:11,825

Hi.

155

00:11:11,825 --> 00:11:12,826

Thank you for seeing us today.

156

00:11:13,506 --> 00:11:19,149

Well I've been analyzing UFO pictures for more than 20 years and in the last 10 years

157

00:11:19,149 --> 00:11:24,351

a lot of the attention has been on orbs because that's what we see more often now than disc

158

00:11:24,351 --> 00:11:26,632

shape UFOs.

159

00:11:26,632 --> 00:11:31,435

Jim Delatoso of Spectrum Video has analyzed hundreds of UFO and orb videos and what he

160

00:11:31,435 --> 00:11:35,437

brings to this investigation is a database created from previous investigations.

161

00:11:35,437 --> 00:11:41,560

A huge asset in trying to determine what these objects are and are not.

162

00:11:41,560 --> 00:11:44,881

It's like a police fingerprint database.

163

00:11:44,881 --> 00:11:46,402

You have a bunch of knowns.

164

00:11:46,402 --> 00:11:50,324

They're planets, stars, airplane lights, flares.

165

00:11:50,324 --> 00:11:53,325

You have an unknown, you extract the data and try to get a match.

166

00:11:53,325 --> 00:11:56,247

If you get a match you can say well these are flares.

167

00:11:56,247 --> 00:12:06,211

If you don't get a match then it's absolutely unknown.

168

00:12:06,211 --> 00:12:07,292

Ted Phillips video.

169

00:12:07,292 --> 00:12:10,413

The interesting thing to me was that it's two lights.

170

00:12:10,413 --> 00:12:21,378

They stay on, one's large and one's small and then it becomes three lights.

171

00:12:21,378 --> 00:12:24,020

We can be sure that these lights are not an airplane.

172

00:12:24,020 --> 00:12:26,141

Well airplane lights don't remain steady like that.

173

00:12:26,141 --> 00:12:28,502

The patterns of airplane lights are known.

174

00:12:28,502 --> 00:12:37,226

There's specific patterns that they need to be to come on and off.

175

00:12:38,146 --> 00:12:41,308

These are not airplanes, these are not helicopters.

176

00:12:41,308 --> 00:12:47,231

In his professional opinion we're looking at something completely different.

177

00:12:47,231 --> 00:13:00,557

These lights, they're unique.

178

00:13:00,557 --> 00:13:06,720

We have this one light that plays back and forth between one light, two lights, one light,

179

00:13:06,720 --> 00:13:07,720

two lights.

180

00:13:07,720 --> 00:13:12,683

And that lasts for some number of minutes.

181

00:13:12,683 --> 00:13:17,045

Jim Dillatoso is analyzing Ted Phillips footage and he says the video isn't matching any known

182

00:13:17,045 --> 00:13:20,807

objects like conventional aircraft or flares in his database.

183

00:13:20,807 --> 00:13:29,010

But he is intrigued by what we're showing him which means that maybe we're on to something.

184

00:13:29,010 --> 00:13:34,493

Can we say that this is definitely not some kind of military operation going on there?

185

00:13:34,493 --> 00:13:40,816

I can't say whether it is or isn't a military operation but I can say this is not flares

186

00:13:40,816 --> 00:13:44,978

because the lights don't modulate, they don't flicker, they don't change.

187

00:13:44,978 --> 00:13:51,861

If we built a graph, it comes on, stays on, goes off.

188

00:13:51,861 --> 00:13:53,302

And what's a flare graph look like?

189

00:13:53,302 --> 00:13:56,383

A flare graph is modulating frame to frame.

190

00:13:56,383 --> 00:14:01,146

The red, green and blue content are all varying in relationship to each other and the overall

191

00:14:01,146 --> 00:14:09,590

brightness, the luminance is varying.

192

00:14:09,590 --> 00:14:13,231

So guys, you know, we've been hearing a lot about Orbs.

193

00:14:13,231 --> 00:14:14,952

You've got the story of the little girl.

194

00:14:14,952 --> 00:14:20,715

Even though she experiences no bodily harm to this day as an adult, she will not go out

195

00:14:20,715 --> 00:14:23,116

at night alone on that property.

196

00:14:23,116 --> 00:14:27,638

What would you do if you lived in a community where these balls of light come out and somehow

197

00:14:27,638 --> 00:14:30,600

threaten you, actually make you feel threatened, unsafe?

198

00:14:30,600 --> 00:14:33,281

Would you be able to tell people about it without them thinking you were nuts?

199

00:14:33,281 --> 00:14:34,281

Right?

200

00:14:34,281 --> 00:14:38,483

I mean, who would believe you?

201

00:14:38,483 --> 00:14:43,126

These stories are amazing because these are the signs of intelligence behind these balls

202

00:14:43,126 --> 00:14:45,767

but we have to remember these are still just stories that we're hearing.

203

00:14:45,767 --> 00:14:50,809

Without actually getting to the site, I just don't have enough yet.

204

00:14:50,809 --> 00:14:56,252

Side X isn't the only place where UFOs have a malevolent effect on those who see them.

205

00:14:56,252 --> 00:15:01,614

There's another hotspot where witnesses are reporting seeing Orbs in conjunction with

206

00:15:01,614 --> 00:15:07,897

a dark presence and it's a place we've investigated before, Kokomo, Indiana.

207

00:15:07,897 --> 00:15:10,539

There was an orange light.

208

00:15:10,539 --> 00:15:15,021

What I observed that night were not any flares I've ever seen.

209

00:15:15,021 --> 00:15:21,544

You know, I think we have to use this information and let's bring that with us to Indiana.

210

00:15:21,544 --> 00:15:22,944

You're right.

211

00:15:22,944 --> 00:15:23,945

Back to Kokomo.

212

00:15:23,945 --> 00:15:43,074

We're meeting with Glenn Meads, the Indiana State Director for MUFON, who's going to

213

00:15:43,074 --> 00:15:45,395

talk to us about these balls of light.

214

00:15:45,395 --> 00:15:50,037

Now they're proliferating, they've changed and we want to hear what Glenn Meads has to

215

00:15:50,037 --> 00:15:52,719

say about it.

216

00:15:52,719 --> 00:15:54,359

What has been going on in Indiana?

217

00:15:54,359 --> 00:15:57,481

I know you're investigating it, MUFON has been involved in it.

218

00:15:57,481 --> 00:15:58,801

Just tell us what's going on.

219

00:15:58,801 --> 00:16:06,765

For 30, 40 years easy, we have had obels appear in the sky, orange balls of light.

220

00:16:06,765 --> 00:16:07,926

These are not flares, gentlemen.

221

00:16:07,926 --> 00:16:10,007

These are not things that are affected by gravity.

222

00:16:10,007 --> 00:16:14,449

As a flyer for 20 years in the Air Force, I can tell you that this is nothing I've ever

223

00:16:14,449 --> 00:16:17,050

seen before.

224

00:16:17,050 --> 00:16:21,452

Glenn Meads is a credible investigator with the mutual UFO network.

225

00:16:21,452 --> 00:16:27,255

He flew Black Ops Aircraft while he was in the Air Force and was involved in top secret

226

00:16:27,255 --> 00:16:28,495

missions.

227

00:16:28,495 --> 00:16:36,179

So he's familiar with Black projects as well as the capabilities of conventional aircraft.

228

00:16:36,179 --> 00:16:40,181

What kind of evidence of the orange balls of light have you been able to collect?

229

00:16:40,181 --> 00:16:45,984

We've got lots of film, we've got lots of videotape, lots of still pictures, but that's

230

00:16:45,984 --> 00:16:50,306

about as hard evidence as we can get.

231

00:16:50,306 --> 00:16:56,589

When you look at these orange balls of light, are you looking at them as if there is a tangibility

232

00:16:56,589 --> 00:17:01,271

to them, a substance to them, or are they manifestations of just pure energy?

233

00:17:01,271 --> 00:17:05,233

The ones I've seen do not manifest any type of craft.

234

00:17:05,233 --> 00:17:12,997

You look at them and it's just like looking at an orange sphere that's glowing internally.

235

00:17:12,997 --> 00:17:15,078

It's not like something that has lights on it.

236

00:17:15,078 --> 00:17:22,601

You can see that the light is coming from inside the sphere.

237

00:17:22,601 --> 00:17:28,724

Have you ever had any sign of intelligence behind them or are they just moving sporadically?

238

00:17:28,724 --> 00:17:35,287

That's one of the most fascinating aspects to OBLS because indeed they do show signs

239

00:17:35,287 --> 00:17:40,970

that they are aware of our presence just as we become aware of them.

240

00:17:40,970 --> 00:17:46,252

The feelings that some of our witnesses have been reporting would seem to back that up.

241

00:17:46,252 --> 00:17:53,816

Sensations of peacefulness, calm, other witnesses reporting intense fear, they're frightened.

242

00:17:53,816 --> 00:17:58,418

Some of these people are just scared out of their minds.

243

00:17:58,418 --> 00:18:01,179

This is very different from what witnesses told us last year.

244

00:18:01,179 --> 00:18:05,982

There's a real fear this time and it's very difficult to get them to talk about what they're

245

00:18:05,982 --> 00:18:11,985

experiencing and did locate one witness who insisted that we not reveal her identity.

246

00:18:11,985 --> 00:18:16,987

I don't know of anybody who saw what I saw.

247

00:18:16,987 --> 00:18:19,988

They were pinkish red and they pulsated.

248

00:18:19,988 --> 00:18:25,991

They went on one by one, just kind of blinked on and then they shut off all at the same time.

249

00:18:25,991 --> 00:18:29,993

I've only told a few people about the lights I saw in the sky.

250

00:18:29,993 --> 00:18:32,994

I don't really like to tell anybody.

251

00:18:36,996 --> 00:18:42,999

We're here in Kokomo, Indiana where we're about to meet with an eyewitness.

252

00:18:42,999 --> 00:18:48,002

Because she works in law enforcement she can't really disclose her identity and wishes to remain anonymous.

253

00:18:50,003 --> 00:18:52,003

Well I was on the shift that night.

254

00:18:52,003 --> 00:18:56,005

I was leaving the president and approximately nine o'clock.

255

00:18:56,005 --> 00:19:02,008

I saw a strolling light in the corner of my eye in the northeast sky.

256

00:19:07,011 --> 00:19:13,013

And I think I looked right so I continued to watch a little bit longer.

257

00:19:13,013 --> 00:19:20,017

And then the southeast sky was another strolling light coming towards the first one.

258

00:19:20,017 --> 00:19:27,020

Looks like they were in a polite and then a bunch of pink red lights came out a whole row of them.

259

00:19:30,021 --> 00:19:33,023

Do you remember about how many lights were in this row?

260

00:19:33,023 --> 00:19:36,024

I would say probably seven or eight.

261

00:19:36,024 --> 00:19:39,026

It was like a half crescent. Perfect.

262

00:19:39,026 --> 00:19:44,028

It's not like they were falling, you know, and snuffly and they were all in the universe.

263

00:19:46,029 --> 00:19:52,032

And did you get the impression that these were separate lights independent of each other or attached to a solid object?

264

00:19:52,032 --> 00:19:57,034

Oh, they were independent. I didn't see any objects.

265

00:19:59,035 --> 00:20:02,037

And then they stayed in the sky for...

266

00:20:02,037 --> 00:20:04,038

Half a second and they all blinked.

267

00:20:04,038 --> 00:20:06,039

They all blinked down.

268

00:20:11,041 --> 00:20:14,042

I just had dreams about what I saw.

269

00:20:14,042 --> 00:20:16,043

Trying to figure out what I saw.

270

00:20:16,043 --> 00:20:18,044

My dreams haven't really been making any sense.

271

00:20:18,044 --> 00:20:22,046

All they are are the lights going on in the sky.

272

00:20:25,048 --> 00:20:27,049

So the lights keep coming back to you in your dreams.

273

00:20:27,049 --> 00:20:29,049

Just that one dream.

274

00:20:29,049 --> 00:20:33,051

Well, when you remember your dream, what emotion do you associate with it?

275

00:20:33,051 --> 00:20:35,052

Probably fear.

276

00:20:41,055 --> 00:20:46,058

We're in Kokomo, Indiana investigating a UFO dark presence.

277

00:20:46,058 --> 00:20:52,060

Witnesses to these orbs live in fear and report a terrifying psychic intimidation,

278

00:20:52,060 --> 00:20:55,062

along with strange premonitions they can't control.

279

00:20:55,062 --> 00:21:01,065

Most are too afraid to speak out, but we've managed to find a few witnesses who are willing to talk.

280

00:21:03,066 --> 00:21:10,069

They come on as a light and will just stay there in the sky, then they'll go off.

281

00:21:11,069 --> 00:21:13,070

I don't know what they are.

282

00:21:14,071 --> 00:21:18,073

My name is Roger Lamberson and I've seen the orbs.

283

00:21:19,073 --> 00:21:24,076

We're meeting with Roger Lamberson who saw orbs on the same night as our previous witness.

284

00:21:24,076 --> 00:21:27,077

So we know that something has been going on over Kokomo.

285

00:21:31,079 --> 00:21:39,083

When I saw these lights, which are, in fact, I've seen them before, they're flares.

286

00:21:39,083 --> 00:21:42,084

There's a military operating zone over here.

287

00:21:42,084 --> 00:21:44,085

They drop flares.

288

00:21:44,085 --> 00:21:49,087

They come on sequence one and then another, and they pop off in that same sequence.

289

00:21:50,088 --> 00:21:54,090

Immediately after that, I saw circular lights.

290

00:21:56,091 --> 00:21:59,092

Looks like they were around a vehicle of some sort.

291

00:22:00,093 --> 00:22:02,094

How many lights were there?

292

00:22:02,094 --> 00:22:04,094

About 10 or 12 of them.

293

00:22:04,094 --> 00:22:09,097

And did you get the impression that they were different lights from a different craft or all part of one object?

294

00:22:09,097 --> 00:22:11,098

Just all part of one object, what I thought.

295

00:22:12,098 --> 00:22:14,099

And they were closer together than the flares.

296

00:22:14,099 --> 00:22:19,102

They came on all at once and they went off all at once after a couple seconds.

297

00:22:22,103 --> 00:22:24,104

Was there any movement to it?

298

00:22:24,104 --> 00:22:25,104

No.

299

00:22:25,104 --> 00:22:27,105

It seemed like it was kind of hovering in the sky.

300

00:22:27,105 --> 00:22:29,106

It's like the orbs that you see around here.

301

00:22:29,106 --> 00:22:32,108

They just, come on, go off.

302

00:22:34,109 --> 00:22:38,111

What we have here is a sighting that is very brief, happened at night, and it was quite a distance away.

303

00:22:39,111 --> 00:22:45,114

The lights that he saw don't demonstrate the flight characteristics that are typically associated with an unconventional craft.

304

00:22:45,114 --> 00:22:49,116

And especially not these balls of light that we're hearing reports of.

305

00:22:49,116 --> 00:22:52,117

So Roger, what do you think these orbs are?

306

00:22:52,117 --> 00:22:54,118

I have no clue.

307

00:22:54,118 --> 00:23:01,122

I always assume they were extraterrestrial, but then you figure, you know, why do they do in here?

308

00:23:01,122 --> 00:23:02,122

Why do they care?

309

00:23:03,122 --> 00:23:07,124

Something is going on on the heartland that threatens the security of the people here

310

00:23:07,124 --> 00:23:12,127

and involves unwelcome visitations from these orb-shaped UFOs.

311

00:23:13,127 --> 00:23:17,129

Well, how sure are you that there's a genuine phenomenon over Kokomo?

312

00:23:17,129 --> 00:23:19,130

I'm positive that there is.

313

00:23:19,130 --> 00:23:21,131

I know when something can't be explained.

314

00:23:21,131 --> 00:23:25,133

I don't know what it is, but there is a phenomena that takes place in this area.

315

00:23:33,137 --> 00:23:36,138

This is uncharted territory that we're in.

316

00:23:36,138 --> 00:23:43,141

Glenn Means has invited the M-RIPA Paranormal Investigation Team to be part of the Skywatch this evening.

317

00:23:43,141 --> 00:23:46,143

We're just going to stand back and observe what they do.

318

00:23:46,143 --> 00:23:54,147

And this is an unprecedented union of traditional UFO investigators and paranormal researchers trying to solve the case.

319

00:23:55,147 --> 00:24:03,151

Over the years, we have come across report after report that just don't fit in that normal scientific, you know,

320

00:24:03,151 --> 00:24:06,152

nuts and bolts craft type of genre.

321

00:24:06,152 --> 00:24:10,154

So that's why we have started reaching out to people like Jason and Rachel.

322

00:24:11,155 --> 00:24:17,158

Jason and Rachel's Midwestern researchers and investigators of paranormal activities is crossing over into UFO cases.

323

00:24:17,158 --> 00:24:22,160

The team has several night vision and heat-seeking cameras that they use in their investigations.

324

00:24:22,160 --> 00:24:24,161

of ghost and other paranormal activity.

325

00:24:24,161 --> 00:24:27,162

And we'll see if we can get anything on tape tonight.

326

00:24:27,162 --> 00:24:33,165

We have three of the high-resolution infrared cameras positioned out on the skyline where Glenn and some others have told me that they have seen things in the past.

327

00:24:33,165 --> 00:24:38,167

Things that have show up in the IR spectrum could possibly be drawn to the IR spectrum.

328

00:24:38,167 --> 00:24:45,171

So by throwing an enormous amount of infrared light out, it's possible that we might get some kind of action or contact.

329

00:24:53,175 --> 00:25:00,178

Our goal is to stay here all night and see if orbs make an appearance.

330

00:25:00,178 --> 00:25:06,181

M-Ripids cameras are especially sensitive, so ideally they'll pick up anything that comes into view.

331

00:25:08,182 --> 00:25:12,184

Right now we're seeing little rain droplets being amplified by the infrared light.

332

00:25:12,184 --> 00:25:17,186

Rain droplets have a specific look that people sometimes will claim to be paranormal when it's not.

333

00:25:17,186 --> 00:25:26,190

In fact, it's rain. Dust has a specific look and if it's an orb, it has a definitely defined appearance that you know is not water or dust.

334

00:25:29,192 --> 00:25:31,193

Have you actually captured orbs with this equipment?

335

00:25:31,193 --> 00:25:36,195

Yes, we have. We've caught orbs in regards to the spirit realm.

336

00:25:39,196 --> 00:25:43,198

It is normally within a couple of seconds we'll catch on the DVR system.

337

00:25:43,198 --> 00:25:47,200

I've been very lucky with capturing them on still photographs.

338

00:25:49,201 --> 00:25:50,202

What does a real orb look like?

339

00:25:50,202 --> 00:25:56,204

A real orb looks like a ball of electricity with a clear transparent center.

340

00:26:01,207 --> 00:26:06,209

There is no explanation for it. The light anomaly, we have no known source for what is causing this.

341

00:26:06,209 --> 00:26:11,212

As we can see on the monitors right now, the rain has slowed down a little bit.

342

00:26:11,212 --> 00:26:13,213

We can still see the droplets coming through.

343

00:26:13,213 --> 00:26:19,215

We're going to let the equipment run for the remainder of the evening to see if there's possibility that we will capture something.

344

00:26:20,216 --> 00:26:24,218

This is a prime opportunity for three cameras out there.

345

00:26:24,218 --> 00:26:27,219

If they're going to come out and play and they want to show themselves, they should be doing it now.

346

00:26:37,224 --> 00:26:44,227

It was a long, slow night and we didn't see anything that couldn't be explained as dust, stars or aircraft.

347

00:26:44,227 --> 00:26:48,229

But it was a really interesting experiment including this paranormal team.

348

00:26:48,229 --> 00:26:50,230

And it's something that we may want to try again.

349

00:26:53,231 --> 00:26:56,233

I thought we had a really interesting time in Indiana.

350

00:26:56,233 --> 00:27:02,236

I mean we heard lots of stories. Now we're going to Phoenix and we are being inundated with hundreds of reports.

351

00:27:03,236 --> 00:27:06,238

People are seeing orbs all over the place.

352

00:27:07,238 --> 00:27:14,241

Like Kokomo, we've investigated Phoenix previously and heard nothing from witnesses about fear and nightmares.

353

00:27:14,241 --> 00:27:20,244

So something has changed and I'm puzzled why these UFO reports have suddenly taken on this malevolence.

354

00:27:24,246 --> 00:27:28,248

I don't know if we're talking about a completely different type of orb here.

355

00:27:28,248 --> 00:27:32,250

Or maybe the same orbs could be both demons and angels.

356

00:27:32,250 --> 00:27:35,251

You know, a threat ends benevolent.

357

00:27:39,253 --> 00:27:45,256

Arizona is one of the top hotspots in the world for UFO sightings and most recently, orbs.

358

00:27:45,256 --> 00:27:50,258

Many reports are orange balls of light, much like the orbs seen at Site X.

359

00:27:51,259 --> 00:27:55,261

People now claim there's a dark psychic connection to these orbs.

360

00:27:59,263 --> 00:28:07,267

I have on one occasion felt extreme fear around an orb and it's a feeling I never want to experience again.

361

00:28:16,271 --> 00:28:25,275

Christine Dickey has taken some incredible photographs of orbs around Casa Grande, Arizona, near the ancient observatory of the Ho Ho'com.

362

00:28:25,275 --> 00:28:34,279

And Christine is telling us she's felt a dark presence that's manifested itself as malevolent premonitions followed by actual orb sightings.

363

00:28:37,281 --> 00:28:39,282

What kind of feelings do you get?

364

00:28:39,282 --> 00:28:46,285

Well, it's kind of a feeling of excitement. It's like just a knowing and you feel excited like something's out there.

365

00:28:46,285 --> 00:28:50,287

This is a feeling that you get before you have a sighting?

366

00:28:50,287 --> 00:29:01,292

Right. On September 10th, there was a huge thunderstorm building all day and I got the feeling so I went out and started taking photos and on top of one thunder head, I got a UFO.

367

00:29:02,293 --> 00:29:08,295

Christine photographed this orb during a thunderstorm near the Casa Grande ruins and is indeed an incredible photograph.

368

00:29:08,295 --> 00:29:13,298

I'm not sure what it is, but it is interesting that she sees these orbs near this sacred site.

369

00:29:14,298 --> 00:29:29,305

I had an orb about that size, a little bit bigger than a basketball. This orb came down from the neighbor's house down the hill, through the trees, stopped three feet from me.

370

00:29:29,305 --> 00:29:36,309

Now this thing is rotating, it's going back and forth as if it's scanning me. And I reached out to touch it and I heard a voice.

371

00:29:36,309 --> 00:29:39,310

It's clear as day, say, don't touch it or you'll die.

372

00:29:40,311 --> 00:29:51,316

I'm talking to Arizona, talking to witnesses who have seen orbs and felt a dark presence. In one case, an orb flew right up to a witness and confronted her.

373

00:29:54,317 --> 00:29:59,320

And I reached out to touch it and I heard a voice. It's clear as day, say, don't touch it or you'll die.

374

00:30:00,320 --> 00:30:12,326

I jerked my hand back. The next thing I know is it's about 11.30 at night and I'm laying over the back of the bed and I rose up screaming bloody murder.

375

00:30:12,326 --> 00:30:15,327

I had no idea what just happened.

376

00:30:18,329 --> 00:30:24,331

And so I dismissed it as I must have laid down and fell asleep and I had a really weird dream.

377

00:30:25,332 --> 00:30:32,335

Her story is similar to this testimony that Ted Phillips reported. Witnesses are being intimidated, threatened and sometimes even attacked.

378

00:30:32,335 --> 00:30:37,338

Not all of the reports are like this, but it's a very disturbing trend that we're hearing.

379

00:30:38,338 --> 00:30:46,342

So I kept it to myself and then my neighbor came down and she said she was upset with her husband and she said he never believes anything I say,

380

00:30:46,342 --> 00:30:51,344

especially when I told him about the green ball of light and I said, excuse me.

381

00:30:51,344 --> 00:30:58,348

And she said, yeah, just the same night she was driving home from work, saw this green light come out of the clouds,

382

00:30:58,348 --> 00:31:01,349

down over our neighborhood and disappear into the trees.

383

00:31:08,352 --> 00:31:14,355

This is an example of the dark presence we're hearing more and more of in conjunction with the orb siding.

384

00:31:14,355 --> 00:31:18,357

Unfortunately, a photograph isn't enough evidence to investigate fully,

385

00:31:18,357 --> 00:31:23,359

but we have someone who has multiple orbs he's captured on videotape.

386

00:31:26,361 --> 00:31:33,364

I think I do have a relationship to these orbs. I've been siding and witnessing them for so long.

387

00:31:34,365 --> 00:31:37,366

I'm Jeff Willis and I'm connected to these orbs.

388

00:31:38,367 --> 00:31:42,368

Hey, Jeff.

389

00:31:42,368 --> 00:31:44,369

Hi, how you doing, Pat?

390

00:31:44,369 --> 00:31:46,370

How you doing, bud? It's been a long time.

391

00:31:46,370 --> 00:31:50,372

Jeff Willis is one of the most prolific UFO videographers in the Southwest.

392

00:31:50,372 --> 00:31:54,374

Now, he's videotaped dozens of incredible UFOs, including many orbs.

393

00:31:54,374 --> 00:32:00,377

In fact, one of his major sightings happened while I was standing right next to him videotaping Jeff in action.

394

00:32:01,377 --> 00:32:07,380

I've been actually videotaping orbs and UFOs here in the Phoenix Valley since 1995,

395

00:32:07,380 --> 00:32:09,381

longer than anybody's been doing it.

396

00:32:09,381 --> 00:32:14,384

We've had the white ones during the day, the red ones at night, red lights, green lights, blue lights.

397

00:32:14,384 --> 00:32:16,385

You name it.

398

00:32:19,386 --> 00:32:24,388

Jeff is telling us that the reason that he captures so many orbs on tape here in Phoenix isn't by accident.

399

00:32:24,388 --> 00:32:28,390

He's a dedicated sky watcher that has struck gold many times.

400

00:32:28,390 --> 00:32:32,392

And he's also reporting these weird premonitions before he sees the orbs.

401

00:32:34,393 --> 00:32:39,395

I have had a strange feeling right before they show up where I thought,

402

00:32:39,395 --> 00:32:44,398

go outside right now and I went outside and then a few minutes later something showed up.

403

00:32:44,398 --> 00:32:47,399

Like a psychic message, perhaps, that they're going to be there.

404

00:32:47,399 --> 00:32:50,401

Exactly, as a matter of fact, when I was walking down the street,

405

00:32:50,401 --> 00:32:53,402

I saw the psychic message, perhaps, that they're going to be there.

406

00:32:53,402 --> 00:32:56,404

Exactly, as a matter of fact, when I was on the mountain with you,

407

00:32:56,404 --> 00:32:59,405

when I shot the four lights moving to the left.

408

00:32:59,405 --> 00:33:01,406

You got it, Pat?

409

00:33:02,406 --> 00:33:08,409

It was funny because I was standing right next to Pat and something told me to turn on the press record on the video camera.

410

00:33:08,409 --> 00:33:14,412

And I held my camera up and right away they started moving and I zoomed in and I happened to get it on tape.

411

00:33:14,412 --> 00:33:19,414

Whoa, I'm getting a series of lights right there. I got it, I got it, I got it. It's moving.

412

00:33:21,415 --> 00:33:22,416

How big was the object?

413

00:33:22,416 --> 00:33:28,419

I would say they were probably smaller than these jetliners that come in and out of sky harbor.

414

00:33:32,421 --> 00:33:39,424

And they just appeared to be big balls of light that just hovered in the sky very slowly.

415

00:33:43,426 --> 00:33:46,427

What do you think you're looking at? What do you think these objects are?

416

00:33:46,427 --> 00:33:49,429

I mean, really, to tell you the truth, I don't know.

417

00:33:51,430 --> 00:33:59,433

It seems that the orbs that Jeff Willis is taking are very similar to the ones that witnesses are seeing in Missouri and in Indiana.

418

00:33:59,433 --> 00:34:03,435

But is there a dark presence to them or is it something more benevolent?

419

00:34:07,437 --> 00:34:09,438

How have your sightings been going lately?

420

00:34:09,438 --> 00:34:12,440

The activity is intensifying and it is more dramatic, really.

421

00:34:12,440 --> 00:34:17,442

I mean, the objects seem to come a lot closer now and a lot lower.

422

00:34:18,442 --> 00:34:25,446

Well, this matches what Ted Phillips told us, that the orbs have moved from high in the sky and are being seen just above the ground.

423

00:34:25,446 --> 00:34:28,447

So we need to have Jeff's footage analyzed by Jim Deletoso.

424

00:34:28,447 --> 00:34:48,457

So the Jeff Willis videos that we're looking at, this one right here is most interesting to me because of the lights and the apparent structure.

425

00:34:48,457 --> 00:34:57,461

We have a program that we use that measures the relationship of the lights one to the other to a reference point on the ground.

426

00:34:57,461 --> 00:35:01,463

This has structure to it. It had edges.

427

00:35:01,463 --> 00:35:10,467

They're like other structured V-shaped objects that we have in the daytime and the nighttime.

428

00:35:10,467 --> 00:35:15,469

Jim is telling us that Jeff Willis's orbs are in fact the V-shaped triangle craft of some kind.

429

00:35:15,469 --> 00:35:18,471

It matches Roger Lamberson's Indiana string of orbs.

430

00:35:18,471 --> 00:35:25,474

So there does appear to be some pattern developing regarding these orb sightings.

431

00:35:25,474 --> 00:35:35,479

The reflection versus light emitting filter test that we ran said that this is not reflecting the sun, this is light emitting.

432

00:35:35,479 --> 00:35:42,482

That's a key thing to know about this particular object that this is light emitting, not light reflecting.

433

00:35:42,482 --> 00:35:51,486

Even a bright or dim light is going to have a flare around it.

434

00:35:51,486 --> 00:35:56,489

Jim reminded us that any kind of light source will have a blooming effect when it's videotaped.

435

00:35:56,489 --> 00:36:00,491

But these orbs don't seem to have that blooming and that's curious.

436

00:36:00,491 --> 00:36:11,496

It means that the objects are generating their own light and it doesn't seem to be like light sources we would see on a tape if it were a conventional aircraft.

437

00:36:11,496 --> 00:36:21,501

This object has the same pattern of lights coming on and going off as other videos that we've seen.

438

00:36:21,501 --> 00:36:31,505

And if we graft it out and compared it to other orb sightings, the graphs will be similar if not identical.

439

00:36:31,505 --> 00:36:36,508

So Jeff Willis's orb video is very similar to the footage that Ted Phillips provided to us.

440

00:36:36,508 --> 00:36:38,509

They both appear to be generating their own light.

441

00:36:38,509 --> 00:36:42,511

That sounds like a craft with intelligence behind it.

442

00:36:42,511 --> 00:36:47,513

And Jim shared a very interesting trend that he's seeing with the orbs over Arizona.

443

00:36:47,513 --> 00:36:54,516

This is a map that I know will be of interest to you and it's of different sites in Arizona that are sacred sites.

444

00:36:54,516 --> 00:37:03,521

Some of them have petroglyphs on them and clustered in and around them are places where people have either reported lots of orbs or have videotaped them.

445

00:37:03,521 --> 00:37:14,526

I would suggest going to some of these sites and taking someone with you that can interpret petroglyphs and see if the petroglyphs have orbs in them.

446

00:37:14,526 --> 00:37:25,531

And match them up to some of the videos that have been shot recently or even sometime past of these orbs.

447

00:37:32,534 --> 00:37:35,536

We're here in Arizona investigating the orb phenomena.

448

00:37:35,536 --> 00:37:42,539

And we just got a lead that maybe the orbs have been around a lot longer than we first believed.

449

00:37:44,540 --> 00:37:53,544

Look who's here guys.

450

00:37:53,544 --> 00:37:55,545

You got it.

451

00:37:55,545 --> 00:38:00,548

George O. Sucasus is the publisher of Legendary Times magazine.

452

00:38:00,548 --> 00:38:08,551

He's one of the foremost experts on sacred sites, Archeo astronomy and the ancient astronaut theory.

453

00:38:08,551 --> 00:38:14,554

He's come to Phoenix to assist in our investigation.

454

00:38:14,554 --> 00:38:28,561

We've been told that the orbs that we've been investigating somehow have a relationship to these mountains, these petroglyphs and the people who lived here, the ancients who lived here thousands of years ago.

455

00:38:28,561 --> 00:38:39,566

It seems as if these orbs have clustered around these specific sacred sites and the question is what really went on a long, long time ago.

456

00:38:39,566 --> 00:38:54,573

Those petroglyphs not only exist here in the United States, but also in South America, in Europe, Africa, all over the place.

457

00:38:54,573 --> 00:39:04,578

And I've always been very intrigued at the uncanny similarity between all these different petroglyph sites.

458

00:39:04,578 --> 00:39:13,582

So, George, what do you think came first, the orbs in the UFO activity or the ancient sites?

459

00:39:13,582 --> 00:39:27,589

Definitely the orb activity because that is what Native American legends tell us that their whole civilization, if not the entire planet, was seeded by the gods.

460

00:39:27,589 --> 00:39:33,592

Or as they call them, the Kachinas, the teachers from the sky, the all-knowing ones.

461

00:39:33,592 --> 00:39:40,595

The Kachinas are said to have taught the Native Americans everything.

462

00:39:40,595 --> 00:39:52,601

Though it's interesting to hear that they saw things that they couldn't explain in the sky, but it is possible that meteors and the movement of the heavens played tricks on them and they simply misinterpreted what they saw.

463

00:39:53,601 --> 00:40:03,606

And here we are. I mean, check out all these paintings, these petroglyphs right here on the wall.

464

00:40:03,606 --> 00:40:10,609

The spiral is an often seen motif in many of these rock walls.

465

00:40:10,609 --> 00:40:19,613

And some have suggested that it is basically a representation of our spiral galaxy.

466

00:40:23,615 --> 00:40:35,621

We're told, oh, it's all coincidence and I choose to disagree because someone, the Kachinas, told the Native Americans about the cosmology of our own solar system.

467

00:40:36,622 --> 00:40:42,624

What we have right here is two human beings and they're both pointing to the sky.

468

00:40:42,624 --> 00:40:56,631

And up here we have two orbs that are floating above them and as is often reported, whenever these orbs showed up, the Kachinas, the teachers from the sky also appeared.

469

00:40:56,631 --> 00:41:04,635

And they taught mankind in mathematics and agriculture and engineering, all these different things.

470

00:41:05,635 --> 00:41:14,640

Giorgio says that the ancient Native Americans saw orbs or UFOs and that they were craft visiting from another solar system.

471

00:41:14,640 --> 00:41:19,642

It's possible that their descendants are the same orbs that are being seen today.

472

00:41:23,644 --> 00:41:25,645

What Indian tribe is native to this area?

473

00:41:25,645 --> 00:41:32,648

The Holcomb tribe and the Holcomb means the vanished ones because just like the Anazazi, they mysteriously disappeared.

474

00:41:32,648 --> 00:41:36,650

And all we're left over with is walls like this one here.

475

00:41:36,650 --> 00:41:43,653

The challenge is to actually decipher what the ancients are trying to tell us.

476

00:41:45,654 --> 00:41:55,659

I mean, know that the Holcomb tribe who carved these ancient petroglyphs and built this ancient observatory at Casa Grande apparently disappeared from the face of the earth.

477

00:41:55,659 --> 00:42:01,662

Is it possible that the message in these depictions might point to their disappearance?

478

00:42:03,663 --> 00:42:08,665

Well, what's the relationship between these petroglyphs and the orbs that we've been talking about?

479

00:42:08,665 --> 00:42:12,667

Do I think that the orange orbs were anything spiritual in nature?

480

00:42:12,667 --> 00:42:24,673

No, I think it was flesh and blood extraterrestrials and our ancestors misinterpreted those visits as divine in nature, even though it was not.

481

00:42:25,673 --> 00:42:30,676

What is the origin of the orbs?

482

00:42:34,677 --> 00:42:38,679

We have so many people telling us so many different things about what they think these orbs are.

483

00:42:38,679 --> 00:42:41,681

And I think there are natural phenomena that are going on on the planet earth.

484

00:42:41,681 --> 00:42:48,684

And I wouldn't be surprised that if in 50 years we have a scientific explanation for what these balls of light are.

485

00:42:48,684 --> 00:42:55,687

I think the reason that the quantity of orbs sightings and videos are increasing is because people often have a video camera in their possession.

486

00:42:56,688 --> 00:43:05,692

People are seeing orbs, maybe they protect this planet and when we get out of line, they come and have a word with us and make sure that we stay on the right track.

487

00:43:07,693 --> 00:43:17,698

It seems that a level of psychic communication is happening here that involves dreams and premonitions that are so disturbing to us humans because we've lost the ability to rely on our senses.

488

00:43:18,698 --> 00:43:25,702

And maybe we need to listen to what these orbs are saying if the Hohokam encounter the orbs. It doesn't bode well for our future.

489

00:43:28,703 --> 00:43:35,706

So I mean you have this relationship, not news, going on right today in the Ozarks with Ted

Phillips Sight.

490

00:43:35,706 --> 00:43:42,710

And the story of the little girl who was confronted by the orb right in her face, something is going on here.

491

00:43:42,710 --> 00:43:46,712

One thing is pretty clear, orbs have been our past and orbs will be our future.

492

00:43:46,712 --> 00:43:49,713

And if we keep looking up, maybe we'll see something.

493

00:43:53,715 --> 00:43:57,717

I think the dark presence is an omen that a quickening has begun.

494

00:43:57,717 --> 00:44:06,721

We've ignored these contact events for hundreds of years and maybe now that the evidence is mounting, we finally see an acknowledgement that we are not alone.

495

00:44:06,721 --> 00:44:15,725

And we better pay attention to events that have long been documented or face a similar fate that

the ancients made.
