WHAT ARE THE CHANCES FOR
A CONGRESSIONAL HEARING
ON UFOS? ... HOW DISTURBING
IS THE TREND OF PRIVATIZING
UFO INFORMATION? ... WILL A
COUNTRY OTHER THAN THE
DISCLOSE FIRST?**

1
00:01:03,539 --> 00:00:34,460

[Music]

00:01:17,109 --> 00:01:14,299

Frank stalter along with that James I

6
00:01:20,320 --> 00:01:17,119

and Olli and New York and today our

7
00:01:23,889 --> 00:01:20,330

guest is Steve Bassett who is the only

8
00:01:27,880 --> 00:01:23,899

registered lobbyist on the UFO topic in

9
00:01:30,639 --> 00:01:27,890

our nation's capitol and so let's also

10
00:01:33,279 --> 00:01:30,649

runs the paradigm research group so

11
00:01:35,740 --> 00:01:33,289

let's bring Steve right on in how are

12
00:01:37,990 --> 00:01:35,750

you today Steve I'm fine Frank's good to

13
00:01:41,010 --> 00:01:38,000

be with you thank you for coming on and

14

00:01:43,930 --> 00:01:41,020

let's get to the questioning with James

15

00:01:46,840 --> 00:01:43,940

yeah first I just want to give a quick

16

00:01:47,529 --> 00:01:46,850

plug for Steve you've been doing a lot

17

00:01:51,399 --> 00:01:47,539

of work lately

18

00:01:53,740 --> 00:01:51,409

and in particular the the paradigm

19

00:01:56,320 --> 00:01:53,750

research group org if you're listening

20

00:01:58,480 --> 00:01:56,330

to us give that go on that website he's

21

00:02:03,069 --> 00:01:58,490

done a ton of great work on there he's

22

00:02:05,260 --> 00:02:03,079

got over 200 articles about the tea the

23

00:02:06,789 --> 00:02:05,270

two stars academy work with all the

24

00:02:09,460 --> 00:02:06,799

videos that they've had on the media and

25

00:02:10,780 --> 00:02:09,470

he's got the Clinton UFO connection and

26
00:02:14,770 --> 00:02:10,790
of course the Rockefeller initiative

27
00:02:19,720 --> 00:02:14,780
which he's infamous for so with that

28
00:02:23,259 --> 00:02:19,730
aside I just wanted to ask you Steve the

29
00:02:26,350 --> 00:02:23,269
significance of the revelation of a tip

30
00:02:28,090 --> 00:02:26,360
and the Department of Defense release of

31
00:02:31,120 --> 00:02:28,100
gun camera footage which is

32
00:02:35,380 --> 00:02:31,130
unprecedented what are your thoughts on

33
00:02:42,490 --> 00:02:35,390
that highly significant breakthrough

34
00:02:44,949 --> 00:02:42,500
milestone watershed it yeah is it's

35
00:02:48,310 --> 00:02:44,959
something that was long in the making

36
00:02:53,380 --> 00:02:48,320
the the process of the whole project was

37
00:02:59,759 --> 00:02:53,390
being put together during 2015 and into

38
00:03:01,930 --> 00:02:59,769

2016 between a musician Tom DeLonge and

39

00:03:06,430 --> 00:03:01,940

members of the military intelligence

40

00:03:07,750 --> 00:03:06,440

complex which is some people find a

41

00:03:12,250 --> 00:03:07,760

little odd

42

00:03:13,339 --> 00:03:12,260

and it is on the surface but when you

43

00:03:17,089 --> 00:03:13,349

look a little close

44

00:03:25,680 --> 00:03:17,099

what you find is that you have this 40

45

00:03:28,080 --> 00:03:25,690

early 40s musician Tom DeLonge who had

46

00:03:30,630 --> 00:03:28,090

you know intelligent and successful

47

00:03:31,350 --> 00:03:30,640

parents he wasn't good at school is he

48

00:03:33,839 --> 00:03:31,360

couldn't keep still

49

00:03:37,140 --> 00:03:33,849

skateboarding his way through high

50

00:03:39,240 --> 00:03:37,150

school and took up the guitar when he

51
00:03:43,550 --> 00:03:39,250
was young like so many kids and when he

52
00:03:46,800 --> 00:03:43,560
left high school he formed fans several

53
00:03:48,839 --> 00:03:46,810
finally he formed blink 182 and then

54
00:03:53,190 --> 00:03:48,849
navigated through the very treacherous

55
00:03:56,640 --> 00:03:53,200
music industry and successfully not only

56
00:03:58,229 --> 00:03:56,650
turd but sold 15 million albums they

57
00:04:00,270 --> 00:03:58,239
took a hiatus and he formed another band

58
00:04:02,309 --> 00:04:00,280
angel in Airways and and then navigated

59
00:04:05,160 --> 00:04:02,319
that through the same process called 15

60
00:04:08,750 --> 00:04:05,170
million more albums along the way he set

61
00:04:10,979 --> 00:04:08,760
up a number of businesses successfully

62
00:04:13,170 --> 00:04:10,989
but more importantly after he left high

63
00:04:16,009 --> 00:04:13,180

school it became an autodidact self

64

00:04:18,390 --> 00:04:16,019

teacher read huge numbers and books so

65

00:04:20,340 --> 00:04:18,400

he's an interesting fellow but he's

66

00:04:25,340 --> 00:04:20,350

always been in an 80 issue going way

67

00:04:27,570 --> 00:04:25,350

back certainly in the early 90s and he

68

00:04:29,100 --> 00:04:27,580

he'd go away for years and you wouldn't

69

00:04:33,120 --> 00:04:29,110

hear much about him except in his music

70

00:04:38,219 --> 00:04:33,130

of course but in 2015 something unusual

71

00:04:40,790 --> 00:04:38,229

happened and that DeLonge like many

72

00:04:43,500 --> 00:04:40,800

others and is interested in this field

73

00:04:47,070 --> 00:04:43,510

would love to meet with people inside

74

00:04:49,290 --> 00:04:47,080

people at the Pentagon CIA insiders and

75

00:04:52,620 --> 00:04:49,300

astronauts whatever talk about this

76

00:04:54,990 --> 00:04:52,630

issue is easier said than done he had

77

00:04:57,060 --> 00:04:55,000

the the money to travel to go anywhere

78

00:04:58,890 --> 00:04:57,070

he wanted if there was a conference or a

79

00:05:01,650 --> 00:04:58,900

meeting of some kind that was open to

80

00:05:04,529 --> 00:05:01,660

the public he could go so for a while he

81

00:05:06,930 --> 00:05:04,539

was poking away at the military

82

00:05:09,779 --> 00:05:06,940

intelligence complex trying to meet with

83

00:05:14,550 --> 00:05:09,789

people that he thought could be worth

84

00:05:18,719 --> 00:05:14,560

talking to and he had an idea and the

85

00:05:21,750 --> 00:05:18,729

idea the plan he had was essentially

86

00:05:23,540 --> 00:05:21,760

that the US government needed to start

87

00:05:26,640 --> 00:05:23,550

bringing information out on this issue

88

00:05:29,460 --> 00:05:26,650

much more than they had in the past

89

00:05:33,210 --> 00:05:29,470

start participating in small D

90

00:05:35,010 --> 00:05:33,220

disclosure because the newest government

91

00:05:36,300 --> 00:05:35,020

is really not the bad guys they're the

92

00:05:38,670 --> 00:05:36,310

good guys they've been keeping us safe

93

00:05:41,180 --> 00:05:38,680

all these years that national security

94

00:05:44,280 --> 00:05:41,190

concerns but they get the bad rap

95

00:05:47,030 --> 00:05:44,290

accused of all manner of lying deception

96

00:05:49,920 --> 00:05:47,040

they needed to do some public relations

97

00:05:52,310 --> 00:05:49,930

that was this pitch and he also pitched

98

00:05:55,410 --> 00:05:52,320

the idea that he was very uh

99

00:05:59,130 --> 00:05:55,420

responsible that he wanted to work with

100

00:06:04,560 --> 00:05:59,140

them with guidance and direction and so

101
00:06:06,150 --> 00:06:04,570
forth well as it happened there were a

102
00:06:07,620 --> 00:06:06,160
group of people inside the military

103
00:06:10,650 --> 00:06:07,630
intelligence complex that were thinking

104
00:06:13,260 --> 00:06:10,660
along the same lines and he was the one

105
00:06:15,710 --> 00:06:13,270
knocking on the door and so they

106
00:06:19,740 --> 00:06:15,720
actually started meeting with him and

107
00:06:23,450 --> 00:06:19,750
formulated a plan and the plan was that

108
00:06:28,380 --> 00:06:23,460
Tom DeLonge would essentially be a

109
00:06:32,700 --> 00:06:28,390
spokesperson or reach out to do PR for

110
00:06:36,420 --> 00:06:32,710
them in a way among other things he's

111
00:06:38,520 --> 00:06:36,430
it's 42 or so going on really 32 he's

112
00:06:42,000 --> 00:06:38,530
more millennial then he has a generate

113
00:06:44,640 --> 00:06:42,010

Gen Y and big following all around the

114

00:06:47,820 --> 00:06:44,650

world you can reach out connect with

115

00:06:49,310 --> 00:06:47,830

people and be the conduit for this

116

00:06:52,380 --> 00:06:49,320

information to come forward be a

117

00:06:54,960 --> 00:06:52,390

spokesperson for their project it seems

118

00:06:56,070 --> 00:06:54,970

a little unusual but in fact that kind

119

00:06:59,580 --> 00:06:56,080

of thing is happening throughout the

120

00:07:01,380 --> 00:06:59,590

corporate world and this project was

121

00:07:04,470 --> 00:07:01,390

slowly put together over a period of I

122

00:07:08,940 --> 00:07:04,480

don't know 12 to 18 months and finally

123

00:07:12,690 --> 00:07:08,950

announced in a public way on March the

124

00:07:16,580 --> 00:07:12,700

27th of 2016 when DeLong went on

125

00:07:18,930 --> 00:07:16,590

coast-to-coast with George Knapp and

126

00:07:23,550 --> 00:07:18,940

spent about three hours talking about

127

00:07:25,350 --> 00:07:23,560

what the plan was revealing that he had

128

00:07:29,280 --> 00:07:25,360

met with insiders at the Pentagon the

129

00:07:32,070 --> 00:07:29,290

CIA NASA that he'd been provided an

130

00:07:34,050 --> 00:07:32,080

advisory team to give information to him

131

00:07:37,220 --> 00:07:34,060

that was then going to be brought into

132

00:07:40,460 --> 00:07:37,230

the public domain through multimedia

133

00:07:45,910 --> 00:07:40,470

documentaries fiction books but

134

00:07:51,200 --> 00:07:45,920

we nonfiction maybe music who knows and

135

00:07:53,120 --> 00:07:51,210

they were going to try to help the

136

00:07:55,010 --> 00:07:53,130

public learn about this in other words

137

00:07:57,710 --> 00:07:55,020

to be start being part of the solution

138

00:08:02,060 --> 00:07:57,720

and not the problem I didn't believe it

139

00:08:04,420 --> 00:08:02,070

at first I said this is simply to to

140

00:08:08,120 --> 00:08:04,430

off-axis

141

00:08:09,950 --> 00:08:08,130

however when on that interview show with

142

00:08:11,990 --> 00:08:09,960

Knab he said that well the first book

143

00:08:13,460 --> 00:08:12,000

the first effort to start breaking

144

00:08:15,410 --> 00:08:13,470

information now called secret machines

145

00:08:17,780 --> 00:08:15,420

is gonna be published very soon

146

00:08:20,750 --> 00:08:17,790

and lo and behold the next month April

147

00:08:24,740 --> 00:08:20,760

2016 and book was published and I'm

148

00:08:29,660 --> 00:08:24,750

going ok this must be real and that was

149

00:08:34,300 --> 00:08:29,670

the beginning he talked some more here

150

00:08:39,320 --> 00:08:34,310

and there but no major announcement came

151
00:08:41,360 --> 00:08:39,330
because I believe the plan was to make

152
00:08:43,370 --> 00:08:41,370
the announced that sometime after the

153
00:08:48,620 --> 00:08:43,380
election and during the transition

154
00:08:50,800 --> 00:08:48,630
period December may be late November but

155
00:08:54,380 --> 00:08:50,810
that didn't happen

156
00:08:57,500 --> 00:08:54,390
what happened was that first of all

157
00:09:00,530 --> 00:08:57,510
among many things WikiLeaks released

158
00:09:03,850 --> 00:09:00,540
thousands of John Podesta C mails which

159
00:09:08,990 --> 00:09:03,860
showed the long interacting with Podesta

160
00:09:11,030 --> 00:09:09,000
extensively and outed some of the

161
00:09:12,290 --> 00:09:11,040
activities and some of the people who

162
00:09:15,170 --> 00:09:12,300
were involved which wasn't supposed to

163
00:09:18,370 --> 00:09:15,180

happen so that created some discomfort

164

00:09:22,430 --> 00:09:18,380

amongst the insiders he was working with

165

00:09:24,170 --> 00:09:22,440

but most importantly and and I

166

00:09:25,760 --> 00:09:24,180

understand he was he was talking to the

167

00:09:28,310 --> 00:09:25,770

Democrats not the Republicans and the

168

00:09:30,590 --> 00:09:28,320

reason for that is that up until the

169

00:09:32,090 --> 00:09:30,600

last minute the people inside the

170

00:09:33,710 --> 00:09:32,100

military intelligence complex were

171

00:09:36,770 --> 00:09:33,720

pretty sure Hillary Clinton's going to

172

00:09:38,360 --> 00:09:36,780

win more importantly they were pretty

173

00:09:40,340 --> 00:09:38,370

sure she was going to disclose which is

174

00:09:43,010 --> 00:09:40,350

one of the reasons why they were trying

175

00:09:45,829 --> 00:09:43,020

to get out in front of the issue but she

176

00:09:51,650 --> 00:09:45,839

didn't win and that just blew everything

177

00:09:53,600 --> 00:09:51,660

sky-high and so no announcement came we

178

00:09:54,350 --> 00:09:53,610

waited about 10 months it took 10 months

179

00:09:57,489 --> 00:09:54,360

for them

180

00:10:03,079 --> 00:09:57,499

rethink restructure rejigger whatever

181

00:10:05,929 --> 00:10:03,089

their plan was and finally they

182

00:10:08,960 --> 00:10:05,939

announced it on October 11th in a

183

00:10:11,329 --> 00:10:08,970

facebook video and what they announced

184

00:10:11,929 --> 00:10:11,339

this to the Stars Academy of Arts and

185

00:10:15,919 --> 00:10:11,939

Science

186

00:10:20,539 --> 00:10:15,929

a awkwardly named organization comprised

187

00:10:25,669 --> 00:10:20,549

of Tonga long and 10-person team all of

188

00:10:26,840 --> 00:10:25,679

which were most of which were former

189

00:10:36,650 --> 00:10:26,850

members of the military intelligence

190

00:10:40,669 --> 00:10:36,660

complex DoD CIA NSA the skunk works at

191

00:10:44,929 --> 00:10:40,679

Lockheed NASA an extraordinary team of

192

00:10:47,299 --> 00:10:44,939

people absolutely astounding and that

193

00:10:49,039 --> 00:10:47,309

announcement created quite a stir but

194

00:10:49,579 --> 00:10:49,049

not a lot because they didn't play it

195

00:10:51,679 --> 00:10:49,589

too hard

196

00:10:53,569 --> 00:10:51,689

no no press conference there were no

197

00:10:56,210 --> 00:10:53,579

press in the audience when they made the

198

00:10:59,720 --> 00:10:56,220

announcement on Facebook Loki but they

199

00:11:01,689 --> 00:10:59,730

got it out there and now I knew things

200

00:11:05,090 --> 00:11:01,699

were getting very serious and that was

201
00:11:08,919 --> 00:11:05,100
October 11th so naturally we were very

202
00:11:12,759 --> 00:11:08,929
eager to know what was gonna happen next

203
00:11:16,039 --> 00:11:12,769
into two months and they made their move

204
00:11:17,689 --> 00:11:16,049
what they did was in that two months

205
00:11:20,809 --> 00:11:17,699
they delivered a news story to the New

206
00:11:22,999 --> 00:11:20,819
York Times where as they handed over

207
00:11:25,009 --> 00:11:23,009
information and said this is a news

208
00:11:26,900 --> 00:11:25,019
story do you want to write it up nothing

209
00:11:28,579 --> 00:11:26,910
unusual about that happens all the time

210
00:11:32,449 --> 00:11:28,589
the New York Times could have ignored it

211
00:11:37,249 --> 00:11:32,459
or it could have published it and what

212
00:11:40,039 --> 00:11:37,259
it did was publish it big time so in

213
00:11:42,379 --> 00:11:40,049

December the 16th a date that may go

214

00:11:44,689 --> 00:11:42,389

down in history the New York Times

215

00:11:47,720 --> 00:11:44,699

published two articles on the same day

216

00:11:49,699 --> 00:11:47,730

with the same buy lines they assign the

217

00:11:54,799 --> 00:11:49,709

articles first to a New York Times

218

00:11:56,629 --> 00:11:54,809

reporter Helene Cooper but Leslie Kane

219

00:11:58,759 --> 00:11:56,639

was added to the byline and I think that

220

00:12:00,710 --> 00:11:58,769

that is the person that delivered the

221

00:12:04,129 --> 00:12:00,720

story to them I believe that was the

222

00:12:05,960 --> 00:12:04,139

conduit but I'm not certain and then to

223

00:12:08,280 --> 00:12:05,970

add a little gravitas to the articles

224

00:12:10,949 --> 00:12:08,290

they included a Pulitzer Prize winner

225

00:12:13,290 --> 00:12:10,959

Ralph Blumenthal it was interested in

226

00:12:14,999 --> 00:12:13,300

the subject and these articles were

227

00:12:17,370 --> 00:12:15,009

published on December the 16th and

228

00:12:18,180 --> 00:12:17,380

that's when things heated up very

229

00:12:21,660 --> 00:12:18,190

quickly

230

00:12:25,470 --> 00:12:21,670

I had chronicled about and have linked

231

00:12:28,860 --> 00:12:25,480

on my website I don't know 60 some

232

00:12:31,230 --> 00:12:28,870

articles about the announcement of to

233

00:12:34,379 --> 00:12:31,240

the Stars Academy over 200 articles

234

00:12:37,110 --> 00:12:34,389

though are up there about the New York

235

00:12:40,470 --> 00:12:37,120

Times and the material that was

236

00:12:44,850 --> 00:12:40,480

published that day and what we learned

237

00:12:46,470 --> 00:12:44,860

that day amidst this mass chaos going on

238

00:12:50,490 --> 00:12:46,480

in American American politics

239

00:12:54,090 --> 00:12:50,500

I mean chaos it surpasses the Nixon

240

00:12:57,540 --> 00:12:54,100

Watergate here period the Clinton Monica

241

00:13:01,199 --> 00:12:57,550

Lewinsky period chaos I've never seen in

242

00:13:04,889 --> 00:13:01,209

my lifetime so it could have gotten a

243

00:13:08,240 --> 00:13:04,899

lot more focus but there's a gale force

244

00:13:13,980 --> 00:13:08,250

hurricane the flying around right now

245

00:13:17,639 --> 00:13:13,990

what was announced Wow first they

246

00:13:21,660 --> 00:13:17,649

announced that a research program had

247

00:13:24,139 --> 00:13:21,670

been commissioned by the Senate majority

248

00:13:29,750 --> 00:13:24,149

reader leader at the time Harry Reid

249

00:13:34,319 --> 00:13:29,760

powerful men to study the UFO phenomena

250

00:13:38,970 --> 00:13:34,329

well I was interesting and they ran this

251
00:13:41,280 --> 00:13:38,980
program formally from 2007 to 2012 that

252
00:13:43,350 --> 00:13:41,290
was interesting they announced who was

253
00:13:45,900 --> 00:13:43,360
in control of the program who managed it

254
00:13:50,189 --> 00:13:45,910
fella by the name of Louis Elizondo who

255
00:13:54,780 --> 00:13:50,199
left the CIA and went directly to Tom

256
00:13:57,420 --> 00:13:54,790
DeLonge steam came on board the program

257
00:13:59,639 --> 00:13:57,430
apparently while the funding of 22

258
00:14:01,829 --> 00:13:59,649
million ran out in 2012

259
00:14:04,860 --> 00:14:01,839
Elizondo along with his other duties

260
00:14:07,740 --> 00:14:04,870
continued to work the project using

261
00:14:09,569 --> 00:14:07,750
resources he could scavenge here and

262
00:14:13,110 --> 00:14:09,579
there right up until the point that he

263
00:14:15,960 --> 00:14:13,120

left the CIA that was interesting and we

264

00:14:19,800 --> 00:14:15,970

learned that it was not a black program

265

00:14:21,870 --> 00:14:19,810

but it was low-key down low earmarked

266

00:14:24,360 --> 00:14:21,880

money that

267

00:14:26,700 --> 00:14:24,370

Reid was able to pull out of this budget

268

00:14:29,970 --> 00:14:26,710

or whatever and so I nobody knew about

269

00:14:32,310 --> 00:14:29,980

it I didn't know about it so it was

270

00:14:34,230 --> 00:14:32,320

essentially a secret but it was not a

271

00:14:37,620 --> 00:14:34,240

you SAP or an unacknowledged special

272

00:14:39,120 --> 00:14:37,630

access program but he gets better we

273

00:14:44,190 --> 00:14:39,130

learned that the reason that Reid

274

00:14:46,160 --> 00:14:44,200

approaches the Pentagon with this idea I

275

00:14:48,900 --> 00:14:46,170

think it's time we studied UFOs again

276

00:14:53,070 --> 00:14:48,910

was with the urging of none other than

277

00:14:54,900 --> 00:14:53,080

billionaire Robert Bigelow which was

278

00:14:56,580 --> 00:14:54,910

extremely notable because Bigelow has

279

00:14:59,430 --> 00:14:56,590

been involved in the et issue going back

280

00:15:01,470 --> 00:14:59,440

to the mid-90s when he created the

281

00:15:04,380 --> 00:15:01,480

National Institute of Discovery Sciences

282

00:15:07,530 --> 00:15:04,390

and looked into the phone with a 10 or

283

00:15:09,960 --> 00:15:07,540

12 person Advisory Board almost all of

284

00:15:13,140 --> 00:15:09,970

them everyone on PhDs and a number of

285

00:15:15,600 --> 00:15:13,150

insiders by level stuff and he continued

286

00:15:19,080 --> 00:15:15,610

that that program called knids all the

287

00:15:20,940 --> 00:15:19,090

way to 2004 Steven just that just to

288

00:15:24,450 --> 00:15:20,950

jump in really quickly you do bring up

289

00:15:25,680 --> 00:15:24,460

Bigelow and this is a concern for a lot

290

00:15:29,670 --> 00:15:25,690

of people I'd like to get your feedback

291

00:15:31,530 --> 00:15:29,680

on it the fact that a private individual

292

00:15:33,560 --> 00:15:31,540

who basically runs a corporation a

293

00:15:36,330 --> 00:15:33,570

private corporation private individual

294

00:15:38,820 --> 00:15:36,340

gathering up a lot of this UFO data is

295

00:15:41,340 --> 00:15:38,830

actually yeah not necessarily a good

296

00:15:43,260 --> 00:15:41,350

thing and because again it is privatized

297

00:15:46,530 --> 00:15:43,270

at least with the government we've got a

298

00:15:48,390 --> 00:15:46,540

shot at some time down the road getting

299

00:15:51,740 --> 00:15:48,400

this information either or getting some

300

00:15:54,660 --> 00:15:51,750

information through foyers through

301
00:15:56,700 --> 00:15:54,670
inevitable declassification that type of

302
00:15:59,040 --> 00:15:56,710
thing if it's private it becomes

303
00:16:02,370 --> 00:15:59,050
proprietary information and then it's

304
00:16:06,240 --> 00:16:02,380
that information stays locked up at the

305
00:16:08,700 --> 00:16:06,250
whim of a private individual who is has

306
00:16:11,970 --> 00:16:08,710
not really got a real strong track

307
00:16:14,790 --> 00:16:11,980
record of releasing what he knows what's

308
00:16:17,850 --> 00:16:14,800
your feedback on that that that is

309
00:16:22,680 --> 00:16:17,860
almost all misinformation okay and it's

310
00:16:28,220 --> 00:16:22,690
not true a lot of well the nature of

311
00:16:32,280 --> 00:16:28,230
this field which is justifiably paranoid

312
00:16:34,400 --> 00:16:32,290
frustrated angry and been manipulated

313
00:16:40,639 --> 00:16:34,410

for decades by the government

314

00:16:44,780 --> 00:16:40,649

is suspicious and not not hesitate

315

00:16:47,509 --> 00:16:44,790

doesn't hesitate to to go after any new

316

00:16:50,929 --> 00:16:47,519

players or any anyone really in the

317

00:16:52,309 --> 00:16:50,939

field frankly and this is by and large

318

00:16:55,910 --> 00:16:52,319

people that just don't know the history

319

00:16:58,819 --> 00:16:55,920

of it man I appreciate that so maybe I

320

00:17:00,499 --> 00:16:58,829

can be helpful here ok yeah I mean he

321

00:17:03,170 --> 00:17:00,509

doesn't have a real strong track record

322

00:17:05,059 --> 00:17:03,180

in terms of releasing information aside

323

00:17:07,399 --> 00:17:05,069

from the book that was approved about

324

00:17:09,230 --> 00:17:07,409

the skinwalker ranch we haven't seen a

325

00:17:11,990 --> 00:17:09,240

whole lot from him except general

326

00:17:14,270 --> 00:17:12,000

statement saying yeah this UFO thing is

327

00:17:16,130 --> 00:17:14,280

real we're being visited it was a great

328

00:17:19,159 --> 00:17:16,140

moment when he announced that on 60

329

00:17:21,529 --> 00:17:19,169

minutes unambiguously but as far as

330

00:17:26,000 --> 00:17:21,539

details go we haven't gotten a lot from

331

00:17:30,409 --> 00:17:26,010

him to be honest about it again I don't

332

00:17:34,310 --> 00:17:30,419

see it that way at all ok Bigelow formed

333

00:17:36,770 --> 00:17:34,320

a nationalist to discovery Sciences to

334

00:17:40,130 --> 00:17:36,780

look into this subject and funded it was

335

00:17:44,149 --> 00:17:40,140

his money and they did research it was

336

00:17:45,590 --> 00:17:44,159

no the fact that what they were finding

337

00:17:49,909 --> 00:17:45,600

they didn't they didn't necessarily

338

00:17:52,810 --> 00:17:49,919

publish everything they don't need to it

339

00:17:56,810 --> 00:17:52,820

was a private program funded by him

340

00:17:58,640 --> 00:17:56,820

though some things were revealed some of

341

00:18:01,039 --> 00:17:58,650

this stuff is pretty complicated and not

342

00:18:02,870 --> 00:18:01,049

necessarily result who knows but it is

343

00:18:06,980 --> 00:18:02,880

known that he was looking into these

344

00:18:12,590 --> 00:18:06,990

things including the et issue from 2009

345

00:18:14,570 --> 00:18:12,600

1995 2004 he was also notable that it

346

00:18:18,880 --> 00:18:14,580

was after he'd already started knids

347

00:18:25,399 --> 00:18:22,940

1999-2000 and then signed up his

348

00:18:29,899 --> 00:18:25,409

contractor with NASA because he took

349

00:18:32,840 --> 00:18:29,909

over the flexible habitat research that

350

00:18:36,200 --> 00:18:32,850

they no longer the funds for that is his

351
00:18:38,419 --> 00:18:36,210
pride and glory and went into a

352
00:18:40,789 --> 00:18:38,429
contractor relationship and NASA did not

353
00:18:46,050 --> 00:18:40,799
have a problem with his interest in the

354
00:18:49,010 --> 00:18:46,060
80 subject that was notable and

355
00:18:52,500 --> 00:18:49,020
of course he's working on the NASA

356
00:18:55,590 --> 00:18:52,510
projects or rather the NASA related

357
00:18:58,980 --> 00:18:55,600
projects and research all the way to two

358
00:19:03,930 --> 00:18:58,990
thousand two thousand seven at which

359
00:19:09,210 --> 00:19:03,940
point we learn later that he was part of

360
00:19:12,480 --> 00:19:09,220
the research program set up by Harry

361
00:19:15,720 --> 00:19:12,490
Reid he was receiving a lot of that

362
00:19:18,780 --> 00:19:15,730
funding to do some of the research this

363
00:19:20,790 --> 00:19:18,790

this is not surprising because the

364

00:19:24,120 --> 00:19:20,800

Pentagon didn't didn't want to do that

365

00:19:27,600 --> 00:19:24,130

program they they the last thing they

366

00:19:32,750 --> 00:19:27,610

wanted to do was to start up a quote UFO

367

00:19:35,280 --> 00:19:32,760

research program with with Senate money

368

00:19:40,620 --> 00:19:35,290

that could easily become known to the

369

00:19:42,840 --> 00:19:40,630

public for the simple reason that the

370

00:19:45,390 --> 00:19:42,850

Pentagon or the military intelligence

371

00:19:48,030 --> 00:19:45,400

community at the appropriate levels has

372

00:19:49,920 --> 00:19:48,040

been researching the et issue every

373

00:19:52,380 --> 00:19:49,930

second of every day of every month of

374

00:19:55,380 --> 00:19:52,390

every years and in 1947 if not sooner

375

00:19:59,010 --> 00:19:55,390

never stopped that's all black that's

376

00:20:01,650 --> 00:19:59,020

all in the the the the the deepest

377

00:20:03,810 --> 00:20:01,660

blackest highly classified area of

378

00:20:05,700 --> 00:20:03,820

military intelligence complex all right

379

00:20:06,960 --> 00:20:05,710

of course completely unknown to us what

380

00:20:09,510 --> 00:20:06,970

they do what they've what they've

381

00:20:12,870 --> 00:20:09,520

learned where their research facilities

382

00:20:14,120 --> 00:20:12,880

are everything unknown to us but they

383

00:20:16,370 --> 00:20:14,130

had no choice

384

00:20:18,660 --> 00:20:16,380

Bigelow was helpful in the sense that

385

00:20:22,620 --> 00:20:18,670

the research a lot of the research is

386

00:20:25,830 --> 00:20:22,630

being done by a corporation or under the

387

00:20:28,050 --> 00:20:25,840

aegis of a non-governmental person bo

388

00:20:29,160 --> 00:20:28,060

he's a contractor that took a little

389

00:20:31,020 --> 00:20:29,170

pressure off of them and of course

390

00:20:33,750 --> 00:20:31,030

they're not using any any any defense

391

00:20:36,750 --> 00:20:33,760

money they had to give it a name that

392

00:20:38,880 --> 00:20:36,760

would make sense to be a program like

393

00:20:40,950 --> 00:20:38,890

that to anybody inside that wanted to

394

00:20:43,140 --> 00:20:40,960

know about it or learned about it so

395

00:20:44,460 --> 00:20:43,150

they call it the advanced I believe

396

00:20:48,900 --> 00:20:44,470

initially was called the advanced

397

00:20:51,420 --> 00:20:48,910

aviation threat investigations program a

398

00:20:54,440 --> 00:20:51,430

tip but came the best thing to call the

399

00:20:56,370 --> 00:20:54,450

advanced aerospace and so that goes on

400

00:20:57,990 --> 00:20:56,380

now we don't know about it

401
00:20:59,730 --> 00:20:58,000
but that's nothing shocking about that

402
00:21:02,340 --> 00:20:59,740
the the

403
00:21:04,740 --> 00:21:02,350
list of things that we don't know about

404
00:21:06,540 --> 00:21:04,750
government research and projects isn't

405
00:21:08,580 --> 00:21:06,550
incredibly long list of the fact that we

406
00:21:15,060 --> 00:21:08,590
didn't know about that is not tickly

407
00:21:17,940 --> 00:21:15,070
notable but Bigelow at this point now is

408
00:21:20,880 --> 00:21:17,950
now involved in that program but in

409
00:21:24,140 --> 00:21:20,890
addition a couple years after that

410
00:21:27,480 --> 00:21:24,150
program he gets involved with MUFON in

411
00:21:31,799 --> 00:21:27,490
this case he provides a lot of money to

412
00:21:38,010 --> 00:21:31,809
move on to help create what amounted to

413
00:21:39,660 --> 00:21:38,020

a Rapid Response Team meaning I you've

414

00:21:41,250 --> 00:21:39,670

got the money if something happens you

415

00:21:44,190 --> 00:21:41,260

can get there right away and you've got

416

00:21:45,570 --> 00:21:44,200

the money to investigate in other words

417

00:21:47,190 --> 00:21:45,580

that's something that comes in from the

418

00:21:49,049 --> 00:21:47,200

public because I'm assuming he's already

419

00:21:51,000 --> 00:21:49,059

through a tip he's got access to

420

00:21:53,580 --> 00:21:51,010

anything hot that comes in via the

421

00:21:56,400 --> 00:21:53,590

military we don't know that nobody has

422

00:21:58,700 --> 00:21:56,410

access to we do know from the reports

423

00:22:02,480 --> 00:21:58,710

that were provided New York Times that

424

00:22:06,230 --> 00:22:02,490

he was given materials to research

425

00:22:08,820 --> 00:22:06,240

facilities that he set up but exactly

426

00:22:12,630 --> 00:22:08,830

what else he was responsible for we

427

00:22:15,000 --> 00:22:12,640

don't know I will assume that sightings

428

00:22:17,100 --> 00:22:15,010

and so forth were being looked at but

429

00:22:18,960 --> 00:22:17,110

they had 22 million dollars and that

430

00:22:21,419 --> 00:22:18,970

could have been handled by Elizondo we

431

00:22:22,890 --> 00:22:21,429

don't know but we do know he was

432

00:22:25,830 --> 00:22:22,900

involved in the research to one degree

433

00:22:29,910 --> 00:22:25,840

or another in support of the agent

434

00:22:32,490 --> 00:22:29,920

program but what I was about to say was

435

00:22:34,830 --> 00:22:32,500

that in 2009 he didn't gets involved

436

00:22:36,960 --> 00:22:34,840

with MUFON provides them money to do

437

00:22:38,940 --> 00:22:36,970

Rapid Response which they never had the

438

00:22:40,860 --> 00:22:38,950

money to do Deven chily they get on a

439

00:22:42,450 --> 00:22:40,870

case but it's a slow process they

440

00:22:43,650 --> 00:22:42,460

they're not in a position to just be

441

00:22:46,710 --> 00:22:43,660

there the next day

442

00:22:50,669 --> 00:22:46,720

and the deal was that that that

443

00:22:53,130 --> 00:22:50,679

information would be shared within that

444

00:22:54,840 --> 00:22:53,140

program didn't have it it had its

445

00:22:57,930 --> 00:22:54,850

problems and last about two years and

446

00:22:59,850 --> 00:22:57,940

eventually it ended but you know he and

447

00:23:02,280 --> 00:22:59,860

it was known it was publicly known it

448

00:23:04,680 --> 00:23:02,290

was not hidden to him is not a secret so

449

00:23:07,500 --> 00:23:04,690

once again he's involved he's helping

450

00:23:11,760 --> 00:23:07,510

out on this issue he's engaging this

451
00:23:13,470 --> 00:23:11,770
issue and that goes through 2011 so now

452
00:23:17,990 --> 00:23:13,480
we know that from this article in

453
00:23:21,870 --> 00:23:18,000
times but as you pointed out correctly

454
00:23:24,240 --> 00:23:21,880
something else happened because in May I

455
00:23:27,620 --> 00:23:24,250
believe I should know the exact date I

456
00:23:34,590 --> 00:23:27,630
can easily get it but it's round May of

457
00:23:38,159 --> 00:23:34,600
2017 six months before or rather five

458
00:23:41,010 --> 00:23:38,169
months before the announcement of the

459
00:23:45,720 --> 00:23:41,020
two stars Academy which he was connected

460
00:23:49,289 --> 00:23:45,730
to we learned and seven months before

461
00:23:53,010 --> 00:23:49,299
the article in The New York Times he's

462
00:23:55,799 --> 00:23:53,020
interviewed on 60 minutes and the reason

463
00:23:57,659 --> 00:23:55,809

for that was that a milestone had been

464

00:23:59,190 --> 00:23:57,669

reached in which the ISS the

465

00:24:01,110 --> 00:23:59,200

International Space Station was in fact

466

00:24:02,669 --> 00:24:01,120

testing for the first time one of his

467

00:24:05,220 --> 00:24:02,679

flexible habitats that he'd spent on

468

00:24:07,500 --> 00:24:05,230

these years twelve some fifteen years

469

00:24:10,080 --> 00:24:07,510

and for two million dollars developing

470

00:24:12,419 --> 00:24:10,090

and now it's getting tested perfectly

471

00:24:14,070 --> 00:24:12,429

valid research by the way totally

472

00:24:16,830 --> 00:24:14,080

appropriate and will eventually be

473

00:24:19,080 --> 00:24:16,840

highly utilized and so this is a big

474

00:24:22,340 --> 00:24:19,090

deal and of course he's a known figure

475

00:24:25,830 --> 00:24:22,350

so CBS decides this is the time to

476

00:24:27,270 --> 00:24:25,840

interview Bob Bigelow now this is this

477

00:24:30,450 --> 00:24:27,280

is one of the most watched news shows in

478

00:24:34,289 --> 00:24:30,460

the world and what they do is they

479

00:24:36,000 --> 00:24:34,299

provide you in advance the areas they're

480

00:24:37,200 --> 00:24:36,010

gonna ask about that's all they do they

481

00:24:38,940 --> 00:24:37,210

don't give you the questions but the

482

00:24:41,520 --> 00:24:38,950

areas they're going to talk about makes

483

00:24:45,360 --> 00:24:41,530

total sense so that you can prepare to

484

00:24:47,400 --> 00:24:45,370

respond in an appropriate way you don't

485

00:24:49,860 --> 00:24:47,410

send them the question they just give

486

00:24:51,630 --> 00:24:49,870

you some areas and clearly given his

487

00:24:53,640 --> 00:24:51,640

involvement in the et issue which was a

488

00:24:55,440 --> 00:24:53,650

known going all the way back to the mid

489

00:24:57,539 --> 00:24:55,450

90s they were gonna ask him about that

490

00:25:00,990 --> 00:24:57,549

so he knew he was going to be asked

491

00:25:03,180 --> 00:25:01,000

about that and sure enough as you moved

492

00:25:06,810 --> 00:25:03,190

towards the end of that very important

493

00:25:10,140 --> 00:25:06,820

interview Laura Logan gets into his

494

00:25:12,600 --> 00:25:10,150

interest in the UFO phenomena talks

495

00:25:14,460 --> 00:25:12,610

about the fact because grandparents had

496

00:25:16,830 --> 00:25:14,470

a sighting that affected him greatly and

497

00:25:19,350 --> 00:25:16,840

this may have gotten him interested and

498

00:25:20,549 --> 00:25:19,360

showed the logo of a tea tea on the side

499

00:25:23,460 --> 00:25:20,559

of his building all that but then

500

00:25:25,000 --> 00:25:23,470

finally the inevitable happens and she

501
00:25:28,840 --> 00:25:25,010
asked him

502
00:25:33,549 --> 00:25:28,850
I'll paraphrase here if he thinks that

503
00:25:38,289 --> 00:25:33,559
this phenomena is real and he says

504
00:25:40,990 --> 00:25:38,299
absolutely and she questions whether

505
00:25:42,490 --> 00:25:41,000
he's concerned that that people might

506
00:25:44,980 --> 00:25:42,500
think he's crazy and he instantly

507
00:25:48,250 --> 00:25:44,990
responds I don't give a damn and then

508
00:25:54,430 --> 00:25:48,260
she asked him you mean that they're here

509
00:25:58,600 --> 00:25:54,440
now and he says yeah isn't that amazing

510
00:26:00,789 --> 00:25:58,610
now understand when Bigelow that that

511
00:26:05,740 --> 00:26:00,799
wasn't something that he just decided to

512
00:26:08,500 --> 00:26:05,750
do he planned to do that he knew he was

513
00:26:11,080 --> 00:26:08,510

going to do that and when he did it he

514

00:26:13,150 --> 00:26:11,090

was also aware that the to the Stars

515

00:26:16,990 --> 00:26:13,160

Academy was going to be announcing soon

516

00:26:21,669 --> 00:26:17,000

and that project was going forward this

517

00:26:25,960 --> 00:26:21,679

was a essentially a not a pre-emptive

518

00:26:29,080 --> 00:26:25,970

but this was a maneuver by Bigelow to

519

00:26:31,630 --> 00:26:29,090

probably give more gravitas and enhance

520

00:26:34,030 --> 00:26:31,640

what what he knew was coming in other

521

00:26:37,630 --> 00:26:34,040

words he along with the to the Stars

522

00:26:40,270 --> 00:26:37,640

team and and the insiders this is this

523

00:26:42,940 --> 00:26:40,280

is a carefully planned fairly elaborate

524

00:26:45,610 --> 00:26:42,950

process underway to break the back of

525

00:26:48,610 --> 00:26:45,620

the truth embargo and Bigelow's

526
00:26:53,650 --> 00:26:48,620
statement on 60 minutes was extremely

527
00:26:56,380 --> 00:26:53,660
important and so later on now we learned

528
00:27:00,480 --> 00:26:56,390
from the article that he's involved in

529
00:27:06,669 --> 00:27:00,490
the ATF but that's not all we learned

530
00:27:12,130 --> 00:27:06,679
what we learned was that Elizondo when

531
00:27:18,520 --> 00:27:12,140
he left the CIA was given permission to

532
00:27:20,650 --> 00:27:18,530
take three videos with him now when when

533
00:27:23,100 --> 00:27:20,660
one of the quote spokespeople for the

534
00:27:26,440 --> 00:27:23,110
Pentagon were approached by a reporter

535
00:27:29,080 --> 00:27:26,450
about whether that video was authorized

536
00:27:31,000 --> 00:27:29,090
that person said no it's no it wasn't

537
00:27:32,230 --> 00:27:31,010
and that person just didn't know what

538
00:27:35,200 --> 00:27:32,240

they were talking about and that's not

539

00:27:38,600 --> 00:27:35,210

surprising because there is no way in

540

00:27:41,659 --> 00:27:38,610

hell that he is going to walk out of the

541

00:27:45,500 --> 00:27:41,669

DoD rather with gun camera footage does

542

00:27:49,120 --> 00:27:45,510

not authorized Declassified and that gun

543

00:27:51,470 --> 00:27:49,130

camera footage was released to the web

544

00:27:55,580 --> 00:27:51,480

by the New York Times as part of that

545

00:27:58,639 --> 00:27:55,590

article the first article and that was a

546

00:28:02,600 --> 00:27:58,649

major milestone that was a huge

547

00:28:04,940 --> 00:28:02,610

milestone why because in the 70 years

548

00:28:10,310 --> 00:28:04,950

since the UFO phenomena explodes in the

549

00:28:12,560 --> 00:28:10,320

scene in a big way early 1947 in spite

550

00:28:15,620 --> 00:28:12,570

of the tens upon tens of thousands of

551
00:28:17,629 --> 00:28:15,630
intercepts that have occurred between

552
00:28:20,210 --> 00:28:17,639
planes from the United States Air Force

553
00:28:24,259 --> 00:28:20,220
and every other country with an air

554
00:28:26,480 --> 00:28:24,269
force around the world all of which were

555
00:28:30,019 --> 00:28:26,490
filmed because you do not send up

556
00:28:31,669 --> 00:28:30,029
intercepts protecting your airspace and

557
00:28:35,240 --> 00:28:31,679
not film the engagement

558
00:28:37,669 --> 00:28:35,250
it's called gun camera footage how many

559
00:28:40,610 --> 00:28:37,679
thousands of reels of that exist and

560
00:28:44,539 --> 00:28:40,620
then of an had ever been released with

561
00:28:46,789 --> 00:28:44,549
the possible exception of the Nimitz a

562
00:28:48,409 --> 00:28:46,799
piece of the Nimitz film may have been

563
00:28:51,560 --> 00:28:48,419

unauthorized and released to a

564

00:28:53,810 --> 00:28:51,570

documentary team back in 2007 it's part

565

00:28:57,470 --> 00:28:53,820

of a documentary nobody noticed it was a

566

00:28:59,629 --> 00:28:57,480

blip on the radar but that footage was

567

00:29:03,019 --> 00:28:59,639

then released initially in the New York

568

00:29:05,690 --> 00:29:03,029

Times article the nimitz event just just

569

00:29:08,870 --> 00:29:05,700

jumping in real quick again Steve about

570

00:29:11,269 --> 00:29:08,880

that the Nimitz case that's a it's been

571

00:29:12,710 --> 00:29:11,279

six months since they initially did

572

00:29:14,210 --> 00:29:12,720

their their big announcement in four

573

00:29:17,600 --> 00:29:14,220

months since the big New York Times

574

00:29:20,029 --> 00:29:17,610

story basically we've got details on one

575

00:29:24,919 --> 00:29:20,039

case which is the Nimitz case and it's

576

00:29:28,580 --> 00:29:24,929

14 years old now is that really enough

577

00:29:30,560 --> 00:29:28,590

to sort of break the dam that that's not

578

00:29:32,990 --> 00:29:30,570

really a lot in terms of cases to go on

579

00:29:36,529 --> 00:29:33,000

I've heard numbers from Leslie Kean

580

00:29:40,009 --> 00:29:36,539

maybe they got literally one hot case

581

00:29:41,930 --> 00:29:40,019

per month into the a tip program we're

582

00:29:43,480 --> 00:29:41,940

not seeing really a whole lot of details

583

00:29:48,289 --> 00:29:43,490

in terms of what they were actually

584

00:29:49,940 --> 00:29:48,299

investigating it just at least to me

585

00:29:50,940 --> 00:29:49,950

anyway it doesn't seem to be breaking

586

00:29:53,100 --> 00:29:50,950

through to the mains

587

00:29:55,350 --> 00:29:53,110

dream as far as well you know it's a

588

00:29:56,669 --> 00:29:55,360

story that did run late last year but

589

00:30:00,389 --> 00:29:56,679

things have been awfully quiet since

590

00:30:04,850 --> 00:30:00,399

then well first of all let's put it in

591

00:30:10,620 --> 00:30:04,860

perspective yeah we'd love to see it all

592

00:30:15,720 --> 00:30:10,630

let's get it all out but if you consider

593

00:30:20,879 --> 00:30:15,730

the context what they have done is

594

00:30:23,000 --> 00:30:20,889

unprecedented never happened before they

595

00:30:25,350 --> 00:30:23,010

have a team that's publicly out there

596

00:30:27,840 --> 00:30:25,360

more powerful than any public team ever

597

00:30:32,779 --> 00:30:27,850

put together these are non-trivial

598

00:30:35,549 --> 00:30:32,789

significant milestones point number two

599

00:30:39,350 --> 00:30:35,559

understand that what they're trying to

600

00:30:41,879 --> 00:30:39,360

do is extremely complex and difficult

601
00:30:43,950 --> 00:30:41,889
what we know is that there are ten

602
00:30:47,639 --> 00:30:43,960
people in the outside which is that to

603
00:30:49,740 --> 00:30:47,649
the Stars team but according to Jim semi

604
00:30:51,240 --> 00:30:49,750
Vanna gave an interview or spent about

605
00:30:54,990 --> 00:30:51,250
three hours talking with it with a

606
00:30:58,169 --> 00:30:55,000
researcher he informed her my name is

607
00:31:01,740 --> 00:30:58,179
Melinda Leslie yes that's correct

608
00:31:05,669 --> 00:31:01,750
he informed her that there were 40 or 50

609
00:31:08,370 --> 00:31:05,679
people inside that were essentially in

610
00:31:11,639 --> 00:31:08,380
support of what's happening on the

611
00:31:13,470 --> 00:31:11,649
outside so what do we what do we know

612
00:31:16,560 --> 00:31:13,480
from that well first of all it means

613
00:31:18,240 --> 00:31:16,570

this thing is really substantial we also

614

00:31:19,830 --> 00:31:18,250

know that they're clearly going to be

615

00:31:22,590 --> 00:31:19,840

there's people inside the military

616

00:31:25,879 --> 00:31:22,600

intelligence complex that are opposed to

617

00:31:29,190 --> 00:31:25,889

this they don't want this to happen and

618

00:31:32,070 --> 00:31:29,200

so they're dealing with that and yet

619

00:31:34,289 --> 00:31:32,080

somehow they were able to make this

620

00:31:35,730 --> 00:31:34,299

maneuver they were cleared in some way

621

00:31:40,590 --> 00:31:35,740

some fashion we don't know the details

622

00:31:42,810 --> 00:31:40,600

but it's not something that they it's

623

00:31:45,149 --> 00:31:42,820

not something this without blowback

624

00:31:45,600 --> 00:31:45,159

without resistance second and then

625

00:31:48,389 --> 00:31:45,610

thirdly

626
00:31:50,039 --> 00:31:48,399
and it's very clear when you when you

627
00:31:53,129 --> 00:31:50,049
when you read everything that they've

628
00:31:55,169 --> 00:31:53,139
said and report it that they're

629
00:31:59,460 --> 00:31:55,179
operating with in some careful

630
00:32:02,009 --> 00:31:59,470
parameters meaning they're not releasing

631
00:32:04,529 --> 00:32:02,019
classified information they're not

632
00:32:04,799 --> 00:32:04,539
violating any non-disclosure agreements

633
00:32:08,249 --> 00:32:04,809
that the

634
00:32:11,970 --> 00:32:08,259
have they're not dividing any security

635
00:32:14,820 --> 00:32:11,980
O's in other words they're playing by

636
00:32:16,980 --> 00:32:14,830
the rules and they have to continue to

637
00:32:20,190 --> 00:32:16,990
play by the rules regardless of how what

638
00:32:22,950 --> 00:32:20,200

we want they have to stay within the

639

00:32:25,529 --> 00:32:22,960

lines or they're gonna get pushback that

640

00:32:27,560 --> 00:32:25,539

may prevent them from moving forward so

641

00:32:30,720 --> 00:32:27,570

they are they're navigating some very

642

00:32:33,509 --> 00:32:30,730

difficult and tricky waters how and then

643

00:32:35,159 --> 00:32:33,519

the fourth point is this and you have to

644

00:32:38,340 --> 00:32:35,169

keep reminding yourself with this every

645

00:32:42,830 --> 00:32:38,350

day that what is going on in the United

646

00:32:45,810 --> 00:32:42,840

States right now is almost unprecedented

647

00:32:50,539 --> 00:32:45,820

we're in the middle of a degree of

648

00:32:53,639 --> 00:32:50,549

political chaos not seen I don't think

649

00:32:55,739 --> 00:32:53,649

in the modern time though there have

650

00:32:58,739 --> 00:32:55,749

been a few times it got pretty wild and

651
00:33:00,930 --> 00:32:58,749
crazy' 1968 was pretty crazy but not

652
00:33:03,840 --> 00:33:00,940
like this we we are we are in

653
00:33:06,450 --> 00:33:03,850
extraordinary times and the media is is

654
00:33:09,749 --> 00:33:06,460
approaching full-blown media feeding

655
00:33:12,810 --> 00:33:09,759
frenzy on this and so whatever you're

656
00:33:17,850 --> 00:33:12,820
trying to do you are competing with this

657
00:33:20,609 --> 00:33:17,860
massive hurricane of political chaos now

658
00:33:23,820 --> 00:33:20,619
the fifth point is that it's not just

659
00:33:26,549 --> 00:33:23,830
that the chaos it is the subject matter

660
00:33:27,330 --> 00:33:26,559
of the chaos in other words this we are

661
00:33:32,609 --> 00:33:27,340
we are dealing with political

662
00:33:35,430 --> 00:33:32,619
instability uncertainty and that is not

663
00:33:38,549 --> 00:33:35,440

a good environment to pursue a complex

664

00:33:40,139 --> 00:33:38,559

difficult strategy of disclosure about

665

00:33:43,680 --> 00:33:40,149

what is easily the most important issue

666

00:33:47,369 --> 00:33:43,690

in the world and so again as I pointed

667

00:33:49,080 --> 00:33:47,379

out they had a plan but that plan along

668

00:33:52,369 --> 00:33:49,090

with the plans of a lot of other people

669

00:33:56,659 --> 00:33:52,379

blue sky high on November the 8th of

670

00:34:00,090 --> 00:33:56,669

2016 and they had to reconfigure

671

00:34:03,299 --> 00:34:00,100

re-strategize and decide when to

672

00:34:04,859 --> 00:34:03,309

reengage and they waited 10 months to do

673

00:34:07,590 --> 00:34:04,869

that I thought they might even wait even

674

00:34:09,960 --> 00:34:07,600

longer but for whatever reason and I

675

00:34:11,399 --> 00:34:09,970

have mice but I am I die I have some

676

00:34:13,859 --> 00:34:11,409

speculation on that and get into it

677

00:34:16,110 --> 00:34:13,869

later they decided to move forward but

678

00:34:17,940 --> 00:34:16,120

they're moving forward carefully

679

00:34:22,100 --> 00:34:17,950

after they announced on December the

680

00:34:25,170 --> 00:34:22,110

16th as you probably know more chaos

681

00:34:27,510 --> 00:34:25,180

developed it got worse in fact it's

682

00:34:29,190 --> 00:34:27,520

gotten worse every month since that

683

00:34:32,970 --> 00:34:29,200

article was released on December the

684

00:34:35,850 --> 00:34:32,980

16th I can't I am I am following a 25

685

00:34:38,160 --> 00:34:35,860

Bob filing it every single day and I can

686

00:34:43,080 --> 00:34:38,170

barely keep up with it and so they are

687

00:34:44,880 --> 00:34:43,090

wisely waiting for a little bit some

688

00:34:46,890 --> 00:34:44,890

calm waters here before they make

689

00:34:48,090 --> 00:34:46,900

another major move and that doesn't mean

690

00:34:51,930 --> 00:34:48,100

it won't happen tomorrow

691

00:34:55,890 --> 00:34:51,940

but they're having to slow it down and I

692

00:34:59,220 --> 00:34:55,900

think it's the right move so that that

693

00:35:02,340 --> 00:34:59,230

that is my attempt to give you a sense

694

00:35:04,530 --> 00:35:02,350

of what we see going on here

695

00:35:06,540 --> 00:35:04,540

I understand all the criticisms being

696

00:35:09,960 --> 00:35:06,550

directed at this program I've seen them

697

00:35:12,870 --> 00:35:09,970

all and I respect the scrutiny I respect

698

00:35:15,210 --> 00:35:12,880

that frustration and so forth but I

699

00:35:17,850 --> 00:35:15,220

caution people or not caution but I

700

00:35:21,560 --> 00:35:17,860

encourage people to have some patience

701
00:35:24,600 --> 00:35:21,570
here some perspective and focus more on

702
00:35:27,300 --> 00:35:24,610
reading everything that they have

703
00:35:28,770 --> 00:35:27,310
written listening to all of the

704
00:35:30,540 --> 00:35:28,780
interviews that they've given and all of

705
00:35:33,890 --> 00:35:30,550
that is on my website paradigm research

706
00:35:37,590 --> 00:35:33,900
group that or just go to the section on

707
00:35:39,720 --> 00:35:37,600
to the stars Academy and you'll see it

708
00:35:43,020 --> 00:35:39,730
the links to all the articles as well as

709
00:35:45,060 --> 00:35:43,030
the videos and just and then go to the

710
00:35:46,770 --> 00:35:45,070
website study what they have there and

711
00:35:48,030 --> 00:35:46,780
just try to get up to speed on

712
00:35:52,050 --> 00:35:48,040
everything that they're doing that's

713
00:35:54,540 --> 00:35:52,060

that's what I advise and we'll see what

714

00:35:57,150 --> 00:35:54,550

happens if I if I have cause to be

715

00:35:59,010 --> 00:35:57,160

concerned about the validity or the

716

00:36:02,340 --> 00:35:59,020

intentions of this program I assure you

717

00:36:03,990 --> 00:36:02,350

I will be public with that well they've

718

00:36:05,520 --> 00:36:04,000

been pretty simple about what they said

719

00:36:07,770 --> 00:36:05,530

they really wanted to do which is

720

00:36:09,540 --> 00:36:07,780

basically develop entertainment

721

00:36:11,670 --> 00:36:09,550

properties and looks like they're

722

00:36:15,390 --> 00:36:11,680

working on that although that can take a

723

00:36:17,340 --> 00:36:15,400

while to they've also said that they

724

00:36:20,250 --> 00:36:17,350

want to get the conversation going with

725

00:36:24,840 --> 00:36:20,260

the American people about the UFO issue

726

00:36:27,090 --> 00:36:24,850

and certainly among UFO buffs like James

727

00:36:28,290 --> 00:36:27,100

and I and most of the people would be

728

00:36:29,280 --> 00:36:28,300

listening to this they've definitely

729

00:36:30,960 --> 00:36:29,290

done that

730

00:36:33,240 --> 00:36:30,970

not so sure how successful they've been

731

00:36:37,080 --> 00:36:33,250

with the general public and they've also

732

00:36:39,480 --> 00:36:37,090

said they literally want to build a ship

733

00:36:41,700 --> 00:36:39,490

that'll do essentially what you opposed

734

00:36:43,470 --> 00:36:41,710

do those are the three goals and

735

00:36:45,780 --> 00:36:43,480

generally you got I think you can take

736

00:36:49,650 --> 00:36:45,790

people at their word in terms of doing

737

00:36:53,310 --> 00:36:49,660

what they say they want to do in that

738

00:36:54,810 --> 00:36:53,320

regard let's I might be missing

739

00:36:58,920 --> 00:36:54,820

something in there but I think those are

740

00:37:01,320 --> 00:36:58,930

three you got it but not surprisingly

741

00:37:04,980 --> 00:37:01,330

given that we're dealing with the 80

742

00:37:07,650 --> 00:37:04,990

issue and we're dealing with with the

743

00:37:10,520 --> 00:37:07,660

Defense Department and the military

744

00:37:12,920 --> 00:37:10,530

intelligence complex things are not

745

00:37:20,430 --> 00:37:12,930

exactly what they seem

746

00:37:22,470 --> 00:37:20,440

and let me elaborate on that the the PR

747

00:37:24,500 --> 00:37:22,480

aspect of this which Tom DeLonge has

748

00:37:27,720 --> 00:37:24,510

spoken to directly is pretty obvious

749

00:37:30,810 --> 00:37:27,730

they clearly are trying to help he is

750

00:37:35,040 --> 00:37:30,820

trying to help and the program is geared

751
00:37:37,500 --> 00:37:35,050
to show the the national security

752
00:37:39,120 --> 00:37:37,510
structures as wanting to be part of the

753
00:37:41,910 --> 00:37:39,130
solution not the problem

754
00:37:44,550 --> 00:37:41,920
and get ahead of the issue so that their

755
00:37:46,260 --> 00:37:44,560
PR problems will be diminished when

756
00:37:50,930 --> 00:37:46,270
disclosure funding comes and they're

757
00:37:55,110 --> 00:37:50,940
going to have plenty of that secondly

758
00:37:57,720 --> 00:37:55,120
they want to convey information in his

759
00:38:00,330 --> 00:37:57,730
multimedia form in other words an

760
00:38:03,420 --> 00:38:00,340
educational aspect of the thing which

761
00:38:06,030 --> 00:38:03,430
they've done some of that it's slow

762
00:38:11,640 --> 00:38:06,040
second book just came out secret

763
00:38:12,870 --> 00:38:11,650

machines a hidden fire or something and

764

00:38:15,180 --> 00:38:12,880

that's fine we know that they were

765

00:38:19,020 --> 00:38:15,190

working on a dock because that was

766

00:38:21,510 --> 00:38:19,030

confirmed in the Podesta email leaks the

767

00:38:27,630 --> 00:38:21,520

third thing they did which was announced

768

00:38:30,380 --> 00:38:27,640

on October 11th 2016 was indicate that

769

00:38:34,590 --> 00:38:30,390

they were gonna raise money to pursue

770

00:38:38,730 --> 00:38:34,600

research and development in what we

771

00:38:40,740 --> 00:38:38,740

might call et related threads not the

772

00:38:42,960 --> 00:38:40,750

least of which being anti-gravity and

773

00:38:45,410 --> 00:38:42,970

they set up a non they say

774

00:38:48,480 --> 00:38:45,420

a public service corporation which is a

775

00:38:50,820 --> 00:38:48,490

form of corporation public benefit

776

00:38:53,250 --> 00:38:50,830

corporation which is fairly simple and

777

00:38:57,990 --> 00:38:53,260

doesn't have a lot of bells and whistles

778

00:38:59,820 --> 00:38:58,000

and CIA involvement \$5 to share 200

779

00:39:02,490 --> 00:38:59,830

minimum limits so people could get

780

00:39:05,220 --> 00:39:02,500

involved so they could fund their

781

00:39:05,850 --> 00:39:05,230

efforts and be involved in a piece of

782

00:39:09,450 --> 00:39:05,860

the action

783

00:39:12,450 --> 00:39:09,460

totally appropriate also understand that

784

00:39:14,970 --> 00:39:12,460

these people that are on this team are

785

00:39:18,780 --> 00:39:14,980

very high level people capable of making

786

00:39:20,160 --> 00:39:18,790

very substantial incomes and the idea

787

00:39:23,310 --> 00:39:20,170

that they're just gonna volunteer for

788

00:39:25,350 --> 00:39:23,320

this program I don't think so and so

789

00:39:28,800 --> 00:39:25,360

there's gonna be money to pay people and

790

00:39:31,950 --> 00:39:28,810

to do fundamental functions but they in

791

00:39:33,900 --> 00:39:31,960

they sort of implied that boy if we

792

00:39:35,310 --> 00:39:33,910

could raise huge amount of money we

793

00:39:39,900 --> 00:39:35,320

could look in Annegret videos we could

794

00:39:42,360 --> 00:39:39,910

do all this that I do not accept at face

795

00:39:45,330 --> 00:39:42,370

value I believe that's a

796

00:39:52,290 --> 00:39:45,340

misrepresentation but I understand why

797

00:39:55,890 --> 00:39:52,300

it is and the reason is this as I said

798

00:39:58,970 --> 00:39:55,900

before everybody on this team has

799

00:40:03,480 --> 00:39:58,980

national security credentials

800

00:40:05,880 --> 00:40:03,490

non-disclosure agreements and and and so

801
00:40:07,740 --> 00:40:05,890
forth that they're gonna carry for the

802
00:40:10,320 --> 00:40:07,750
rest of their lives and they're they are

803
00:40:12,480 --> 00:40:10,330
not violating those which means and I

804
00:40:14,310 --> 00:40:12,490
can assure you that every member of that

805
00:40:15,830 --> 00:40:14,320
team there's a lot more about this issue

806
00:40:18,750 --> 00:40:15,840
than they're saying

807
00:40:20,460 --> 00:40:18,760
and one of the things they know is that

808
00:40:23,670 --> 00:40:20,470
the US government has been researching

809
00:40:26,460 --> 00:40:23,680
this program forever and has been doing

810
00:40:28,620 --> 00:40:26,470
reengineering on on ET technology

811
00:40:31,290 --> 00:40:28,630
anti-gravity x energy systems and god

812
00:40:33,810 --> 00:40:31,300
knows what with billions and billions of

813
00:40:35,520 --> 00:40:33,820

dollars and so the idea that they're

814

00:40:38,970 --> 00:40:35,530

going to publicly raise a bunch of money

815

00:40:46,200 --> 00:40:38,980

and what reinvent the wheel I don't

816

00:40:50,670 --> 00:40:46,210

think so and so what is going on here my

817

00:40:53,970 --> 00:40:50,680

best assessment is this whatever money

818

00:40:56,230 --> 00:40:53,980

they raise how much however much

819

00:40:57,970 --> 00:40:56,240

attention they get

820

00:41:01,060 --> 00:40:57,980

however much contribution they make to

821

00:41:05,590 --> 00:41:01,070

the disclosure process which they are

822

00:41:09,190 --> 00:41:05,600

making they will most certainly be out

823

00:41:13,740 --> 00:41:09,200

in front of this issue when disclosure

824

00:41:16,120 --> 00:41:13,750

comes and when disclosure comes

825

00:41:19,180 --> 00:41:16,130

obviously the pressure on the government

826

00:41:22,720 --> 00:41:19,190

to start revealing technological

827

00:41:25,960 --> 00:41:22,730

developments et related is going to be

828

00:41:28,630 --> 00:41:25,970

intense and ultimately the government is

829

00:41:32,230 --> 00:41:28,640

going to have to share give up work with

830

00:41:34,930 --> 00:41:32,240

in a public domain what it has and the

831

00:41:36,670 --> 00:41:34,940

and that is that is a massive transition

832

00:41:40,360 --> 00:41:36,680

and when you have transitions of that

833

00:41:45,390 --> 00:41:40,370

magnitude a lot of money changes hands a

834

00:41:47,290 --> 00:41:45,400

lot of opportunity is available and

835

00:41:49,390 --> 00:41:47,300

everybody's going to want to be there

836

00:41:52,330 --> 00:41:49,400

all the big corporations all the big

837

00:41:53,320 --> 00:41:52,340

institutions you name it everyone is

838

00:41:57,010 --> 00:41:53,330

going to weigh part of that transition

839

00:41:58,840 --> 00:41:57,020

and the ones that are ahead of the curve

840

00:42:01,420 --> 00:41:58,850

the ones that are out in front are the

841

00:42:05,530 --> 00:42:01,430

ones that are more likely to be able to

842

00:42:07,710 --> 00:42:05,540

participate early on and who are the

843

00:42:12,370 --> 00:42:07,720

people that are out in front right now

844

00:42:19,930 --> 00:42:12,380

well to the Stars Academy is Yvonne musk

845

00:42:20,620 --> 00:42:19,940

is Richard Branson is Jeff Bezos is yuri

846

00:42:26,020 --> 00:42:20,630

milner

847

00:42:28,950 --> 00:42:26,030

is Robert Bigelow is and every one of

848

00:42:32,640 --> 00:42:28,960

the people I mentioned or billionaires

849

00:42:37,150 --> 00:42:32,650

and to give you a how how weird does get

850

00:42:37,930 --> 00:42:37,160

Musk Bezos SpaceX the whole nine yards

851

00:42:39,430 --> 00:42:37,940

what's this all about

852

00:42:40,540 --> 00:42:39,440

well we're gonna commercialize space and

853

00:42:43,480 --> 00:42:40,550

they're making these these these

854

00:42:45,880 --> 00:42:43,490

chemical rockets civilian rockets they

855

00:42:49,120 --> 00:42:45,890

could go into orbit and even land there

856

00:42:52,210 --> 00:42:49,130

their fuel pods that's all cool except

857

00:42:55,480 --> 00:42:52,220

that it's a little odd because these are

858

00:42:58,420 --> 00:42:55,490

billionaires they have access to

859

00:43:01,450 --> 00:42:58,430

information they have people lining up

860

00:43:04,720 --> 00:43:01,460

to tell them things they're very smart

861

00:43:06,220 --> 00:43:04,730

the idea that they don't know that the

862

00:43:08,380 --> 00:43:06,230

government is fully aware of an et

863

00:43:09,670 --> 00:43:08,390

presence and has been working on that

864

00:43:12,790 --> 00:43:09,680

subject for seven

865

00:43:15,820 --> 00:43:12,800

years is laughable of course they know

866

00:43:18,820 --> 00:43:15,830

and so what in the hell is Liam Ian Ian

867

00:43:21,340 --> 00:43:18,830

Dale on must doing spending all this

868

00:43:22,900 --> 00:43:21,350

money building chemical rockets when the

869

00:43:26,110 --> 00:43:22,910

US government is probably an antigravity

870

00:43:29,890 --> 00:43:26,120

craft for fifty years because he can't

871

00:43:31,750 --> 00:43:29,900

build anti-gravity craft and if he tried

872

00:43:34,690 --> 00:43:31,760

to he would be messing with the primal

873

00:43:37,420 --> 00:43:34,700

forces there and so he and the other

874

00:43:40,390 --> 00:43:37,430

guys are being the commercial space

875

00:43:42,250 --> 00:43:40,400

pioneers but when the real technology

876

00:43:46,390 --> 00:43:42,260

comes out who's going to be first in

877

00:43:50,020 --> 00:43:46,400

line to quote be part of that and so I

878

00:43:51,730 --> 00:43:50,030

assure you it disclosure comes and Anna

879

00:43:54,820 --> 00:43:51,740

Grammatik technology is finally a

880

00:43:57,310 --> 00:43:54,830

released or becomes known about in the

881

00:43:59,650 --> 00:43:57,320

post disclosure world Elon Musk will

882

00:44:02,710 --> 00:43:59,660

drop his chemical rocket program so fast

883

00:44:04,810 --> 00:44:02,720

you won't even notice it and so again

884

00:44:07,810 --> 00:44:04,820

why the gain why do they have to front

885

00:44:10,540 --> 00:44:07,820

it because remember the et subject is

886

00:44:12,120 --> 00:44:10,550

still fully classified in the deepest

887

00:44:14,680 --> 00:44:12,130

part of the military-industrial complex

888

00:44:18,190 --> 00:44:14,690

the government's position on this is

889

00:44:22,210 --> 00:44:18,200

still there is no extraterrestrial

890

00:44:26,470 --> 00:44:22,220

presence period that's their formal

891

00:44:30,630 --> 00:44:26,480

position and so all of this is having to

892

00:44:35,740 --> 00:44:30,640

be done in this somewhat evasive

893

00:44:37,270 --> 00:44:35,750

somewhat misdirected manner because of

894

00:44:41,620 --> 00:44:37,280

the truth embargo which we're still

895

00:44:44,680 --> 00:44:41,630

under and I get it I am NOT gonna scream

896

00:44:46,180 --> 00:44:44,690

and yell at these guys just like you

897

00:44:48,600 --> 00:44:46,190

know I try not to scream and yell at

898

00:44:51,760 --> 00:44:48,610

SETI too much because the truth embargo

899

00:44:55,180 --> 00:44:51,770

ultimately makes fools of us all one way

900

00:44:56,700 --> 00:44:55,190

or the other but nevertheless we're

901
00:44:59,010 --> 00:44:56,710
heading in the right direction

902
00:45:00,850 --> 00:44:59,020
billionaires involved in et issue

903
00:45:03,640 --> 00:45:00,860
billionaires involved in space

904
00:45:05,890 --> 00:45:03,650
exploration government people coming

905
00:45:09,490 --> 00:45:05,900
forward given what we've gone through

906
00:45:12,010 --> 00:45:09,500
since 1947 I'm pretty happy with all

907
00:45:15,210 --> 00:45:12,020
that and I assure you if we didn't have

908
00:45:17,740 --> 00:45:15,220
an absolute 10 ring political circus

909
00:45:20,170 --> 00:45:17,750
going on right now with clown cars

910
00:45:22,120 --> 00:45:20,180
everywhere we'd probably be a hell of a

911
00:45:23,440 --> 00:45:22,130
lot further along but that's what's

912
00:45:25,000 --> 00:45:23,450
happened that's that's the

913
00:45:27,370 --> 00:45:25,010

that's the the hand that's been dealt

914

00:45:30,549 --> 00:45:27,380

and we have to play it now Eugene

915

00:45:33,190 --> 00:45:30,559

Oh God God James no I was gonna say now

916

00:45:35,500 --> 00:45:33,200

we have a tip finally revealed that

917

00:45:37,539 --> 00:45:35,510

there was indeed a government program

918

00:45:40,120 --> 00:45:37,549

investigating UFOs that's on the record

919

00:45:43,180 --> 00:45:40,130

yeah and we have the DoD release of the

920

00:45:48,490 --> 00:45:43,190

videos and to star Academy's involvement

921

00:45:50,289 --> 00:45:48,500

and it seems that the the public it

922

00:45:52,000 --> 00:45:50,299

seems to be more accepting of all this

923

00:45:53,980 --> 00:45:52,010

they're like oh wow the government was

924

00:45:56,620 --> 00:45:53,990

looking to UFOs sure but the UFO

925

00:45:59,650 --> 00:45:56,630

community has such a push back on this

926
00:46:01,180 --> 00:45:59,660
and and it's pretty astonishing it's

927
00:46:03,490 --> 00:46:01,190
like that it's finally here now they

928
00:46:06,730 --> 00:46:03,500
don't want it it's not that I don't want

929
00:46:09,400 --> 00:46:06,740
it the it again what is the UFO

930
00:46:12,910 --> 00:46:09,410
community it's a it's a very imprecise

931
00:46:16,299 --> 00:46:12,920
term let's just say that the the

932
00:46:20,859 --> 00:46:16,309
community of people who have invested a

933
00:46:25,240 --> 00:46:20,869
lot of their time some money into the

934
00:46:26,230 --> 00:46:25,250
subject and understanding it researching

935
00:46:28,089 --> 00:46:26,240
and writing about it

936
00:46:29,799 --> 00:46:28,099
caring about it which includes people

937
00:46:31,750 --> 00:46:29,809
that have had profound sightings which

938
00:46:35,260 --> 00:46:31,760

will stick with you the rest of your

939

00:46:36,789 --> 00:46:35,270

life and of course contactees this

940

00:46:39,880 --> 00:46:36,799

community has been living under a truth

941

00:46:43,180 --> 00:46:39,890

embargo since the day was born and

942

00:46:48,010 --> 00:46:43,190

that's not fun it's pretty damn

943

00:46:50,970 --> 00:46:48,020

frustrating just like yeah a lot of

944

00:46:53,760 --> 00:46:50,980

people of color they were born into

945

00:46:56,680 --> 00:46:53,770

segregation and racism the turn of the

946

00:47:00,220 --> 00:46:56,690

twentieth century they had to live with

947

00:47:03,789 --> 00:47:00,230

it their entire life and many of them

948

00:47:07,120 --> 00:47:03,799

didn't even see the Civil Rights Act and

949

00:47:10,270 --> 00:47:07,130

the Voting Rights Act history can

950

00:47:15,870 --> 00:47:10,280

sometimes be slow change painful change

951
00:47:18,579 --> 00:47:15,880
slow and that's just the way it is but

952
00:47:20,500 --> 00:47:18,589
this is a time when people have a

953
00:47:21,730 --> 00:47:20,510
tremendous voice they have the ability

954
00:47:25,740 --> 00:47:21,740
to voice their irritations and

955
00:47:28,569 --> 00:47:25,750
complaints to the world theoretically I

956
00:47:30,760 --> 00:47:28,579
can put up a blog piece on my site and

957
00:47:32,859 --> 00:47:30,770
theoretically every single person with a

958
00:47:35,319 --> 00:47:32,869
computer in the world could go read it

959
00:47:37,130 --> 00:47:35,329
and so this stuff is happening and they

960
00:47:38,630 --> 00:47:37,140
didn't happening fast enough for me

961
00:47:40,640 --> 00:47:38,640
they want it now they want it

962
00:47:41,990 --> 00:47:40,650
immediately and they're suspicious the

963
00:47:44,210 --> 00:47:42,000

government's been lying about the issue

964

00:47:46,849 --> 00:47:44,220

for 70 years why would they tell the

965

00:47:48,920 --> 00:47:46,859

truth now I get that and and so it's the

966

00:47:53,299 --> 00:47:48,930

people that have the emotional invested

967

00:47:57,940 --> 00:47:53,309

interest that are most willing and

968

00:48:00,650 --> 00:47:57,950

descripton eyes and find fault with

969

00:48:04,609 --> 00:48:00,660

whatever turns up in this area and I'm

970

00:48:06,230 --> 00:48:04,619

fine with that let it be scrutinized we

971

00:48:08,029 --> 00:48:06,240

want somebody paying attention the

972

00:48:09,470 --> 00:48:08,039

general public doesn't have that

973

00:48:12,589 --> 00:48:09,480

investment and they're going oh this is

974

00:48:15,470 --> 00:48:12,599

cool so I'm not going to overreact to

975

00:48:16,460 --> 00:48:15,480

the to the criticisms the skeptics on it

976

00:48:20,049 --> 00:48:16,470

and what-have-you

977

00:48:22,190 --> 00:48:20,059

what I can do is inform and enlighten

978

00:48:24,529 --> 00:48:22,200

because I do spend a lot of time with

979

00:48:26,839 --> 00:48:24,539

this so that people at least have

980

00:48:31,009 --> 00:48:26,849

reasonably good information as they

981

00:48:32,480 --> 00:48:31,019

contemplate these developments now I you

982

00:48:34,849 --> 00:48:32,490

were talking a little bit about that

983

00:48:38,089 --> 00:48:34,859

pressure from the outside on this

984

00:48:40,490 --> 00:48:38,099

governmental apparatus which is really

985

00:48:43,039 --> 00:48:40,500

not part of the the legislative branch

986

00:48:45,529 --> 00:48:43,049

or the judicial branch likely under the

987

00:48:47,630 --> 00:48:45,539

executive branch and our current

988

00:48:49,509 --> 00:48:47,640

president as you mentioned seems to be

989

00:48:54,650 --> 00:48:49,519

tied up with some other things right now

990

00:48:57,259 --> 00:48:54,660

as far as any kind of a groundswell of

991

00:49:00,349 --> 00:48:57,269

support for more information coming from

992

00:49:01,519 --> 00:49:00,359

Congress you work the halls you've been

993

00:49:04,609 --> 00:49:01,529

there you've talked to a lot of these

994

00:49:07,599 --> 00:49:04,619

people what the kind of sense do you get

995

00:49:10,900 --> 00:49:07,609

is that going to heat up at all no

996

00:49:16,640 --> 00:49:10,910

Congress is essentially a dead duck a

997

00:49:21,339 --> 00:49:16,650

dead duck walking it it has been for

998

00:49:25,509 --> 00:49:21,349

some time a victim of hyper-partisanship

999

00:49:29,509 --> 00:49:25,519

what's essentially froze the engine and

1000

00:49:34,730 --> 00:49:29,519

as a result what's going on with

1001

00:49:39,039 --> 00:49:34,740

Congress is it's it's sort of stewing in

1002

00:49:44,329 --> 00:49:39,049

its own juice boiling like a frog

1003

00:49:49,940 --> 00:49:44,339

until a good deal of it dies off to be

1004

00:49:50,740 --> 00:49:49,950

replaced by new new blood we're going to

1005

00:49:53,440 --> 00:49:50,750

before the

1006

00:49:55,720 --> 00:49:53,450

Congress will become viable and

1007

00:49:58,510 --> 00:49:55,730

interested in anything outside its own

1008

00:50:00,430 --> 00:49:58,520

survival we're going to have to see

1009

00:50:04,570 --> 00:50:00,440

major reforms in both the Democratic and

1010

00:50:08,260 --> 00:50:04,580

Republican Party these are non trivial

1011

00:50:09,940 --> 00:50:08,270

matters now as it happens the Congress

1012

00:50:11,800 --> 00:50:09,950

is out of the loop on the ET issue they

1013

00:50:13,960 --> 00:50:11,810

got nothing they have been for a very

1014

00:50:15,490 --> 00:50:13,970

long time and then includes all the

1015

00:50:17,050 --> 00:50:15,500

appropriate oversight committees all of

1016

00:50:20,140 --> 00:50:17,060

this is a constitutional breach I know

1017

00:50:22,660 --> 00:50:20,150

but that's just the truth of it so in a

1018

00:50:23,860 --> 00:50:22,670

sense they're not in the game but in the

1019

00:50:26,530 --> 00:50:23,870

sense that they're somehow gonna become

1020

00:50:29,110 --> 00:50:26,540

part of the game know again they're all

1021

00:50:30,610 --> 00:50:29,120

drowning in a way and until they they're

1022

00:50:32,560 --> 00:50:30,620

able to climb out of the water dry

1023

00:50:36,880 --> 00:50:32,570

themselves off and decide what they're

1024

00:50:39,010 --> 00:50:36,890

going to do or and just leave to be

1025

00:50:40,840 --> 00:50:39,020

replaced by a new blood we're not gonna

1026
00:50:43,030 --> 00:50:40,850
see much there you have an unprecedented

1027
00:50:44,800 --> 00:50:43,040
number of retirements you're going to

1028
00:50:47,950 --> 00:50:44,810
see the largest wave election in history

1029
00:50:50,620 --> 00:50:47,960
in a few months and a lot of other

1030
00:50:53,430 --> 00:50:50,630
things so consider Congress part of that

1031
00:50:55,840 --> 00:50:53,440
political chaos hurricane going on and

1032
00:50:58,690 --> 00:50:55,850
that's all that that's all that's going

1033
00:51:01,630 --> 00:50:58,700
there and I don't I don't even think

1034
00:51:03,850 --> 00:51:01,640
about him at this point now you did put

1035
00:51:05,980 --> 00:51:03,860
together a few years back the the mock

1036
00:51:09,190 --> 00:51:05,990
congressional hearing where you had an

1037
00:51:12,850 --> 00:51:09,200
former senator and a handful of former

1038
00:51:15,190 --> 00:51:12,860

Congress people on this committee now I

1039

00:51:18,040 --> 00:51:15,200

assume that you didn't put that that

1040

00:51:21,280 --> 00:51:18,050

group together picking names out of a

1041

00:51:22,750 --> 00:51:21,290

hat with there's some genuine interest

1042

00:51:26,040 --> 00:51:22,760

there from those folks before they

1043

00:51:29,890 --> 00:51:26,050

agreed to sign up for that particular

1044

00:51:34,090 --> 00:51:29,900

presentation I can't speak for them

1045

00:51:39,220 --> 00:51:34,100

personally but the their the the view of

1046

00:51:41,920 --> 00:51:39,230

the Congress persons on the subject of

1047

00:51:44,770 --> 00:51:41,930

the et issue was not a compactor then

1048

00:51:49,440 --> 00:51:44,780

they were never asked they were

1049

00:51:56,950 --> 00:51:55,600

and there might have been I suppose

1050

00:51:58,180 --> 00:51:56,960

there were a few members of Congress for

1051
00:51:59,730 --> 00:51:58,190
four members of Congress they might not

1052
00:52:01,720 --> 00:51:59,740
have a simply because of other issues

1053
00:52:04,450 --> 00:52:01,730
concerns but overall they were

1054
00:52:06,339 --> 00:52:04,460
approached on availability and and by

1055
00:52:08,950 --> 00:52:06,349
laurens they all came in to the issue in

1056
00:52:10,930 --> 00:52:08,960
issue relatively neutral they were on

1057
00:52:14,410 --> 00:52:10,940
the fence they were not ideologues

1058
00:52:16,570 --> 00:52:14,420
either way and has it happened not

1059
00:52:19,000 --> 00:52:16,580
surprisingly when it was over they were

1060
00:52:21,160 --> 00:52:19,010
powerfully affected by the testimony and

1061
00:52:23,109 --> 00:52:21,170
a couple of them had been very

1062
00:52:25,020 --> 00:52:23,119
aggressive and speaking about it since

1063
00:52:27,670 --> 00:52:25,030

though there's not a lot they can do

1064

00:52:30,040 --> 00:52:27,680

again they're not going to be able to

1065

00:52:31,570 --> 00:52:30,050

and I didn't marshal them to go to

1066

00:52:34,180 --> 00:52:31,580

Congress to get here because I know

1067

00:52:35,920 --> 00:52:34,190

would have been a waste of time but that

1068

00:52:39,099 --> 00:52:35,930

was an important event in and of itself

1069

00:52:42,160 --> 00:52:39,109

and it's been recorded and it's it's

1070

00:52:43,690 --> 00:52:42,170

gonna be there forever and it was but it

1071

00:52:46,000 --> 00:52:43,700

was most importantly the platform in

1072

00:52:48,550 --> 00:52:46,010

which to launch the 2016 election

1073

00:52:51,520 --> 00:52:48,560

political initiative which almost got us

1074

00:52:56,770 --> 00:52:51,530

disclosure in 2016 so it was part of a

1075

00:52:58,810 --> 00:52:56,780

larger strategy and I'm very proud of

1076
00:52:59,560 --> 00:52:58,820
that event and and hope to see it have

1077
00:53:03,790 --> 00:52:59,570
impact

1078
00:53:10,089 --> 00:53:03,800
very interesting

1079
00:53:12,520 --> 00:53:10,099
absolutely so right now just Congress

1080
00:53:14,220 --> 00:53:12,530
just too partisan they're not gonna

1081
00:53:16,570 --> 00:53:14,230
touch this issue with a ten-foot pole

1082
00:53:19,810 --> 00:53:16,580
they're not touching anything virtually

1083
00:53:22,240 --> 00:53:19,820
I mean about them if they could just

1084
00:53:24,849 --> 00:53:22,250
read up the budget for a month they

1085
00:53:28,390 --> 00:53:24,859
consider themselves to had a successful

1086
00:53:30,190 --> 00:53:28,400
month and it's it's the final breakdown

1087
00:53:32,349 --> 00:53:30,200
of a system that's been in dysfunction

1088
00:53:36,790 --> 00:53:32,359

for decades and we're seeing in other

1089

00:53:41,290 --> 00:53:36,800

words the the the the car of state which

1090

00:53:46,270 --> 00:53:41,300

was once a beautifully conditioned well

1091

00:53:48,339 --> 00:53:46,280

running Lincoln Towncar is now virtually

1092

00:53:51,750 --> 00:53:48,349

broken down to the point where it can't

1093

00:53:54,730 --> 00:53:51,760

drive you can't get up the road

1094

00:53:57,609 --> 00:53:54,740

nothing erupted but the UFO issue does

1095

00:54:00,430 --> 00:53:57,619

sort of occupy this rather odd place in

1096

00:54:03,010 --> 00:54:00,440

that as far as the the left and right

1097

00:54:04,920 --> 00:54:03,020

politics it it doesn't seem to impact

1098

00:54:07,420 --> 00:54:04,930

that you can have a very conservative

1099

00:54:09,370 --> 00:54:07,430

politician like going back away say

1100

00:54:12,130 --> 00:54:09,380

Barry Goldwater who spoke fairly openly

1101
00:54:14,290 --> 00:54:12,140
about it and then a Democrat leader like

1102
00:54:16,130 --> 00:54:14,300
Harry Reid also getting involved so it

1103
00:54:17,930 --> 00:54:16,140
doesn't have that kind of division

1104
00:54:19,250 --> 00:54:17,940
and if you're interested you're

1105
00:54:21,440 --> 00:54:19,260
interested it doesn't seem to matter if

1106
00:54:24,200 --> 00:54:21,450
you're left to right very true

1107
00:54:26,180 --> 00:54:24,210
good point the et issue is done is is

1108
00:54:29,780 --> 00:54:26,190
basically nonpartisan it transcends

1109
00:54:36,170 --> 00:54:29,790
politics transcends religion so in that

1110
00:54:39,080 --> 00:54:36,180
sense that's that's a plus but Congress

1111
00:54:41,270 --> 00:54:39,090
is so screwed up doesn't matter the fact

1112
00:54:44,330 --> 00:54:41,280
that it's nonpartisan doesn't matter in

1113
00:54:47,660 --> 00:54:44,340

other words you know it's like imagine

1114

00:54:49,520 --> 00:54:47,670

some but but it better might it might if

1115

00:54:52,790 --> 00:54:49,530

the environment were a little less

1116

00:54:53,840 --> 00:54:52,800

chaotic though well maybe but yeah

1117

00:54:55,400 --> 00:54:53,850

you're right you're right it's like a

1118

00:54:56,420 --> 00:54:55,410

bar fight going on and people are

1119

00:54:59,030 --> 00:54:56,430

beating each other over the head with

1120

00:55:01,040 --> 00:54:59,040

tables and chairs and so forth fighting

1121

00:55:04,220 --> 00:55:01,050

like crazy and you're you walk into the

1122

00:55:06,440 --> 00:55:04,230

bar and and you you just want to get you

1123

00:55:08,150 --> 00:55:06,450

know you're not you don't have a stake

1124

00:55:12,080 --> 00:55:08,160

in the fight and you just want to get

1125

00:55:13,640 --> 00:55:12,090

directions to to someplace down the road

1126
00:55:15,830 --> 00:55:13,650
and nobody's gonna pay attention to you

1127
00:55:20,540 --> 00:55:15,840
and it's like that so nothing's gonna

1128
00:55:23,750 --> 00:55:20,550
happen there and when that will change I

1129
00:55:26,210 --> 00:55:23,760
don't know hopefully early next year

1130
00:55:27,530 --> 00:55:26,220
we'll see something well we'll see then

1131
00:55:29,420 --> 00:55:27,540
they let the next election is going to

1132
00:55:30,770 --> 00:55:29,430
be very important in determining whether

1133
00:55:32,900 --> 00:55:30,780
things are gonna settle down or whether

1134
00:55:36,430 --> 00:55:32,910
Congress is going to start doing some

1135
00:55:38,540 --> 00:55:36,440
real reforms so a best-case scenario

1136
00:55:41,420 --> 00:55:38,550
what said the best thing that can happen

1137
00:55:43,850 --> 00:55:41,430
it seems like the to the stars Academy

1138
00:55:46,610 --> 00:55:43,860

is holding at least the best hand right

1139

00:55:50,570 --> 00:55:46,620

now any kind of wild cards might get

1140

00:55:52,790 --> 00:55:50,580

played and what might happen that might

1141

00:55:54,170 --> 00:55:52,800

change things to get us a little bit

1142

00:55:57,200 --> 00:55:54,180

more information a little bit more

1143

00:56:02,410 --> 00:55:57,210

quickly hmm there's some wild cards out

1144

00:56:07,970 --> 00:56:02,420

there there are several scenarios here

1145

00:56:11,870 --> 00:56:07,980

what are the reasons I think that the to

1146

00:56:15,590 --> 00:56:11,880

the Stars team elected to go ahead and

1147

00:56:18,910 --> 00:56:15,600

launch on October 11th as opposed to

1148

00:56:21,710 --> 00:56:18,920

waiting longer maybe even much longer

1149

00:56:24,440 --> 00:56:21,720

until things died down is they have

1150

00:56:27,050 --> 00:56:24,450

another problem they have another

1151
00:56:30,039 --> 00:56:27,060
concern besides their public relations

1152
00:56:36,609 --> 00:56:34,930
and their desire to help is it our

1153
00:56:40,480 --> 00:56:36,619
president isn't the only head of state

1154
00:56:42,130 --> 00:56:40,490
that could announce the et presence our

1155
00:56:45,549 --> 00:56:42,140
country is not the only country that has

1156
00:56:48,390 --> 00:56:45,559
Reeps of gun camera footage or other

1157
00:56:50,859 --> 00:56:48,400
evidence that would be rather persuasive

1158
00:56:53,950 --> 00:56:50,869
and for whatever reason nor the head of

1159
00:56:55,240 --> 00:56:53,960
state as made that move though a number

1160
00:57:00,700 --> 00:56:55,250
of other countries have done things

1161
00:57:04,210 --> 00:57:00,710
which were stimulating to the disclosure

1162
00:57:06,130 --> 00:57:04,220
process release of files many countries

1163
00:57:09,069 --> 00:57:06,140

probably almost over well over two dozen

1164

00:57:11,950 --> 00:57:09,079

countries have voluntarily released

1165

00:57:14,440 --> 00:57:11,960

substantial files to the Internet the US

1166

00:57:17,650 --> 00:57:14,450

government has not done that not in that

1167

00:57:19,839 --> 00:57:17,660

fashion so that's a problem for that and

1168

00:57:22,529 --> 00:57:19,849

and and then they got me I'm kind of a

1169

00:57:26,920 --> 00:57:22,539

problem for them too

1170

00:57:32,470 --> 00:57:26,930

two things the first of all it was PRG

1171

00:57:34,180 --> 00:57:32,480

that finally brought the clinton et

1172

00:57:37,839 --> 00:57:34,190

connection by the Rockefeller initiative

1173

00:57:40,210 --> 00:57:37,849

into the news into the news cycle when

1174

00:57:42,579 --> 00:57:40,220

she ran the second time ultimately

1175

00:57:44,490 --> 00:57:42,589

generated 400 articles about the

1176
00:57:47,140 --> 00:57:44,500
connection between her and the et issue

1177
00:57:48,549 --> 00:57:47,150
during the campaign which resulted in

1178
00:57:51,670 --> 00:57:48,559
their having to speak to the issue

1179
00:57:53,890 --> 00:57:51,680
eleven times and when I say today I mean

1180
00:57:57,690 --> 00:57:53,900
the team which included herself her

1181
00:57:59,829 --> 00:57:57,700
husband John Podesta and Barack Obama

1182
00:58:05,980 --> 00:57:59,839
and that's a precedent that never

1183
00:58:09,250 --> 00:58:05,990
happened before and as a result had the

1184
00:58:11,200 --> 00:58:09,260
debate moderators passed brought up this

1185
00:58:12,970 --> 00:58:11,210
issue and that got into the debates I

1186
00:58:15,250 --> 00:58:12,980
think the story would have blown up

1187
00:58:17,109 --> 00:58:15,260
pretty big and we would have seen

1188
00:58:19,599 --> 00:58:17,119

disclosure under Obama which is the plan

1189

00:58:21,190 --> 00:58:19,609

all along but when the debate moderators

1190

00:58:24,910 --> 00:58:21,200

didn't even mention it to their

1191

00:58:27,760 --> 00:58:24,920

everlasting shame they sort of got a

1192

00:58:31,480 --> 00:58:27,770

pass there and we weren't going to see a

1193

00:58:33,069 --> 00:58:31,490

major blow-up during the 2016 but pretty

1194

00:58:35,609 --> 00:58:33,079

sure we were gonna see disclosure under

1195

00:58:39,099 --> 00:58:35,619

Clinton when she was in the White House

1196

00:58:40,870 --> 00:58:39,109

so there was that they were dealing with

1197

00:58:42,339 --> 00:58:40,880

that but they were dealing with

1198

00:58:47,289 --> 00:58:42,349

something else

1199

00:58:48,999 --> 00:58:47,299

for the last mile no 15 years I've done

1200

00:58:50,920 --> 00:58:49,009

a lot of interviews I don't know how

1201

00:58:53,259 --> 00:58:50,930

many but it's it's it's somewhere

1202

00:58:56,309 --> 00:58:53,269

between maybe 12 and 15 under diner on

1203

00:58:59,739 --> 00:58:56,319

me well one of the things I almost never

1204

00:59:02,799 --> 00:58:59,749

failed to mention at least 50% of the

1205

00:59:05,259 --> 00:59:02,809

time maybe more is this point that other

1206

00:59:07,930 --> 00:59:05,269

heads of state could and the truth

1207

00:59:10,959 --> 00:59:07,940

embargo any time they wanted to and the

1208

00:59:14,370 --> 00:59:10,969

two most likely and the two most

1209

00:59:16,329 --> 00:59:14,380

concerning from the standpoint of the US

1210

00:59:18,370 --> 00:59:16,339

government's geopolitical interests

1211

00:59:22,469 --> 00:59:18,380

would be the president of China and a

1212

00:59:25,779 --> 00:59:22,479

president of Russia Xi Jinping and

1213

00:59:27,219 --> 00:59:25,789

Vladimir Putin but the one that they

1214

00:59:29,529 --> 00:59:27,229

need to be most concerned about is

1215

00:59:32,229 --> 00:59:29,539

Vladimir Putin and I have brought up

1216

00:59:34,900 --> 00:59:32,239

Putin over and over again in these

1217

00:59:36,609 --> 00:59:34,910

interviews you know I'm talking internet

1218

00:59:38,049 --> 00:59:36,619

radio who knows listening they could be

1219

00:59:40,569 --> 00:59:38,059

10 people could be a thousand they'll

1220

00:59:42,519 --> 00:59:40,579

knows I've also written about it but I

1221

00:59:44,469 --> 00:59:42,529

bring it up it's out there they know it

1222

00:59:48,420 --> 00:59:44,479

Putin knows it and I've been mentioning

1223

00:59:49,839 --> 00:59:48,430

it for a long time however in May of

1224

00:59:54,029 --> 00:59:49,849

2017

1225

00:59:57,249 --> 00:59:54,039

I left the country in April because well

1226

00:59:59,650 --> 00:59:57,259

frankly I was kind of upset and

1227

01:00:03,339 --> 00:59:59,660

disgusted and frankly just want to get

1228

01:00:05,589 --> 01:00:03,349

away I decided to explore international

1229

01:00:08,170 --> 01:00:05,599

options so I went to London I stayed

1230

01:00:10,809 --> 01:00:08,180

there about seven months overall but

1231

01:00:12,839 --> 01:00:10,819

virtually two weeks only about two weeks

1232

01:00:16,420 --> 01:00:12,849

after I arrived in April I got a call

1233

01:00:18,539 --> 01:00:16,430

from a Russian national television

1234

01:00:21,809 --> 01:00:18,549

network they wanted to interview me

1235

01:00:23,799 --> 01:00:21,819

which I don't think was an accident

1236

01:00:25,299 --> 01:00:23,809

and they were gonna have a crew

1237

01:00:26,769 --> 01:00:25,309

interviewed me in London and I said no

1238

01:00:28,930 --> 01:00:26,779

no no I'll interview but it'll have to

1239

01:00:30,699 --> 01:00:28,940

be in Moscow and they said fine you pay

1240

01:00:33,009 --> 01:00:30,709

your way it will be happy to interview

1241

01:00:34,719 --> 01:00:33,019

here and that's what I did I flew to

1242

01:00:37,029 --> 01:00:34,729

Moscow and May the 3rd and interviewed

1243

01:00:42,989 --> 01:00:37,039

immediately that morning for an hour and

1244

01:00:45,819 --> 01:00:42,999

a half for NTV re NTV about 400 stations

1245

01:00:51,160 --> 01:00:45,829

throughout the Russian Federation and

1246

01:00:52,779 --> 01:00:51,170

about 120 million viewer base 3 popular

1247

01:00:55,180 --> 01:00:52,789

network though I mean very popular it's

1248

01:00:57,790 --> 01:00:55,190

got all the cool shows

1249

01:00:59,590 --> 01:00:57,800

and a diss interview which they

1250

01:01:02,380 --> 01:00:59,600

eventually use small parts of it in a

1251
01:01:05,520 --> 01:01:02,390
cup in a show or two but that was months

1252
01:01:07,870 --> 01:01:05,530
later but it wasn't until I think

1253
01:01:10,030 --> 01:01:07,880
September or October that I actually got

1254
01:01:12,370 --> 01:01:10,040
the my copy or a copy of the

1255
01:01:13,900 --> 01:01:12,380
english-language version they used

1256
01:01:15,520 --> 01:01:13,910
they'd they dubbed Russian over what

1257
01:01:18,310 --> 01:01:15,530
they is but I I I got the

1258
01:01:20,860 --> 01:01:18,320
english-language version and what they

1259
01:01:23,350 --> 01:01:20,870
didn't use and the reason why I went

1260
01:01:26,590 --> 01:01:23,360
there is that there was a I talked a lot

1261
01:01:30,190 --> 01:01:26,600
about Putin and XO politics and US

1262
01:01:31,570 --> 01:01:30,200
politics and Russian politics and no one

1263
01:01:33,610 --> 01:01:31,580

had ever done that before no one had

1264

01:01:36,510 --> 01:01:33,620

ever talks in this way or about the UFO

1265

01:01:42,040 --> 01:01:36,520

issue and Putin on Russian media ever

1266

01:01:45,130 --> 01:01:42,050

let alone on Russia's soil and I knew in

1267

01:01:46,570 --> 01:01:45,140

addition to that I had six meetings with

1268

01:01:48,640 --> 01:01:46,580

groups of people that were set up from

1269

01:01:50,680 --> 01:01:48,650

me by a supporter with Russian

1270

01:01:53,520 --> 01:01:50,690

connections with people that had worked

1271

01:01:55,720 --> 01:01:53,530

in the Soviet and Russian government's

1272

01:01:58,110 --> 01:01:55,730

many of which had worked on the et issue

1273

01:02:01,210 --> 01:01:58,120

and I had six meetings with six groups

1274

01:02:04,060 --> 01:02:01,220

pretty much how you doing got a

1275

01:02:05,640 --> 01:02:04,070

translator there meet and greet there's

1276

01:02:08,200 --> 01:02:05,650

not you can't go into depth because

1277

01:02:10,780 --> 01:02:08,210

again I'm talking to four people and

1278

01:02:12,850 --> 01:02:10,790

I've got one translator and looking you

1279

01:02:14,440 --> 01:02:12,860

doesn't matter I didn't care I knew that

1280

01:02:15,880 --> 01:02:14,450

if I took those meetings that guarantee

1281

01:02:20,320 --> 01:02:15,890

did the Kremlin would know it was there

1282

01:02:21,640 --> 01:02:20,330

I knew the CIA knew I was there so and I

1283

01:02:22,960 --> 01:02:21,650

was worried I might have a problem might

1284

01:02:25,180 --> 01:02:22,970

have a problem at the border going in

1285

01:02:26,890 --> 01:02:25,190

coming out but I didn't though I did try

1286

01:02:29,430 --> 01:02:26,900

to keep things on the down-low for a

1287

01:02:31,780 --> 01:02:29,440

while I did publish anything until I

1288

01:02:33,160 --> 01:02:31,790

didn't really say anything until about

1289

01:02:36,240 --> 01:02:33,170

three months later and did publish any

1290

01:02:39,700 --> 01:02:36,250

the interview until December January but

1291

01:02:41,740 --> 01:02:39,710

the point was this steve is that is that

1292

01:02:43,750 --> 01:02:41,750

the English version available and yeah

1293

01:02:45,490 --> 01:02:43,760

it's on my website you can go watch them

1294

01:02:54,430 --> 01:02:45,500

you can watch the whole Russian

1295

01:02:57,750 --> 01:02:54,440

interview what I was doing was raising

1296

01:03:03,370 --> 01:02:57,760

the bar right now raising the heat on

1297

01:03:05,560 --> 01:03:03,380

the Putin disclosure issue I in other

1298

01:03:07,660 --> 01:03:05,570

words I went to another level

1299

01:03:08,980 --> 01:03:07,670

to try to make the point to my

1300

01:03:12,790 --> 01:03:08,990

government it doesn't

1301

01:03:13,780 --> 01:03:12,800

for advice oddly enough and that

1302

01:03:16,180 --> 01:03:13,790

included the White House and the

1303

01:03:18,130 --> 01:03:16,190

Pentagon that police understand

1304

01:03:19,600 --> 01:03:18,140

gentlemen that Putin could do this

1305

01:03:23,410 --> 01:03:19,610

anytime he wants unless he's on your

1306

01:03:26,830 --> 01:03:23,420

payroll if he's working for you then we

1307

01:03:30,940 --> 01:03:26,840

don't have a problem but if he isn't you

1308

01:03:33,030 --> 01:03:30,950

have a huge problem because if you were

1309

01:03:36,370 --> 01:03:33,040

worried about your public relations

1310

01:03:38,080 --> 01:03:36,380

dilemma should Hillary Clinton become

1311

01:03:41,170 --> 01:03:38,090

president disclose while you're all

1312

01:03:42,910 --> 01:03:41,180

sitting there holding the bag that's

1313

01:03:44,200 --> 01:03:42,920

nothing compared to the problem you're

1314

01:03:47,109 --> 01:03:44,210

going to have if Letterman Putin

1315

01:03:48,250 --> 01:03:47,119

announces the et presence and you have

1316

01:03:51,040 --> 01:03:48,260

to go in front of the American people

1317

01:03:52,870 --> 01:03:51,050

and explain why you've lied to him for

1318

01:03:55,359 --> 01:03:52,880

70 years and Vladimir Putin is the one

1319

01:03:57,700 --> 01:03:55,369

that finally told him the truth and I

1320

01:04:01,420 --> 01:03:57,710

have a feeling that may be the reason

1321

01:04:06,010 --> 01:04:01,430

why they decided that in spite of the

1322

01:04:09,940 --> 01:04:06,020

chaos going on they could just sit too

1323

01:04:11,650 --> 01:04:09,950

long on their projects progress and

1324

01:04:13,510 --> 01:04:11,660

needed to make a move which they did in

1325

01:04:16,540 --> 01:04:13,520

October he loved it I could be wrong but

1326

01:04:19,680 --> 01:04:16,550

that's the wild card well let me add let

1327

01:04:21,940 --> 01:04:19,690

me ask you this what what do you

1328

01:04:24,940 --> 01:04:21,950

conjecture would be in it for cooking

1329

01:04:27,040 --> 01:04:24,950

for him to do that well let's see he

1330

01:04:28,840 --> 01:04:27,050

would immediately achieve one of the

1331

01:04:32,650 --> 01:04:28,850

greatest if not the greatest political

1332

01:04:34,900 --> 01:04:32,660

legacies in all of human history Russia

1333

01:04:37,210 --> 01:04:34,910

would immediately send ascend to the top

1334

01:04:39,220 --> 01:04:37,220

of the the chart in terms of

1335

01:04:42,820 --> 01:04:39,230

geopolitical influence and the center of

1336

01:04:44,260 --> 01:04:42,830

the stage all of the issues he's dealing

1337

01:04:48,520 --> 01:04:44,270

with and some of the negatives that he's

1338

01:04:50,349 --> 01:04:48,530

created would be swept aside the United

1339

01:04:53,380 --> 01:04:50,359

States would be removed drunk reduced

1340

01:04:54,849 --> 01:04:53,390

dramatically in stature he would be

1341

01:04:56,470 --> 01:04:54,859

getting all the glory while the White

1342

01:04:58,150 --> 01:04:56,480

House and the Pentagon would be getting

1343

01:05:02,140 --> 01:04:58,160

dumped on by every reporter in the

1344

01:05:03,670 --> 01:05:02,150

country as to why did you lie why did

1345

01:05:06,010 --> 01:05:03,680

you wait how is it we're learning this

1346

01:05:09,099 --> 01:05:06,020

from Putin it would be a geopolitical

1347

01:05:12,099 --> 01:05:09,109

public relations catastrophe and Putin

1348

01:05:14,410 --> 01:05:12,109

would love every second of it is that

1349

01:05:17,710 --> 01:05:14,420

you're suggesting it would be sort of

1350

01:05:20,410 --> 01:05:17,720

analogous to the Soviet Union getting a

1351

01:05:26,010 --> 01:05:20,420

Sputnik up into orbit before we got a

1352

01:05:33,190 --> 01:05:30,400

okay got it

1353

01:05:36,940 --> 01:05:33,200

I James what there what more do you have

1354

01:05:39,670 --> 01:05:36,950

for mr. Bassett here Oh Steve I heard in

1355

01:05:43,720 --> 01:05:39,680

a recent interview that you actually

1356

01:05:46,060 --> 01:05:43,730

work for dr. John Mac I worked at his

1357

01:05:48,060 --> 01:05:46,070

his organization Pierre

1358

01:05:54,430 --> 01:05:48,070

for about four months as a volunteer

1359

01:05:58,900 --> 01:05:54,440

January to may have 2019 96 yeah what do

1360

01:06:02,650 --> 01:05:58,910

you do under there come in and help I

1361

01:06:03,880 --> 01:06:02,660

had some business background I I said

1362

01:06:07,510 --> 01:06:03,890

maybe I could be helpful in business

1363

01:06:09,040 --> 01:06:07,520

development I was one of the reasons I

1364

01:06:11,230 --> 01:06:09,050

got into this field was because of his

1365

01:06:13,510 --> 01:06:11,240

book abduction I thought this would be a

1366

01:06:14,940 --> 01:06:13,520

very high level entrance and you know if

1367

01:06:16,990 --> 01:06:14,950

you're willing to volunteer you can

1368

01:06:19,360 --> 01:06:17,000

oftentimes get involved in things

1369

01:06:21,730 --> 01:06:19,370

otherwise you couldn't and there was a

1370

01:06:23,440 --> 01:06:21,740

very interesting four months I got to

1371

01:06:27,280 --> 01:06:23,450

know some people I bet some contactees

1372

01:06:28,510 --> 01:06:27,290

but it wasn't my area and I'm not and I

1373

01:06:30,550 --> 01:06:28,520

just have a degree in physics I'm not

1374

01:06:34,120 --> 01:06:30,560

I'm not an academic per se this is a

1375

01:06:35,860 --> 01:06:34,130

fine an academic organization and it

1376

01:06:37,720 --> 01:06:35,870

wasn't a really good fit I helped I did

1377

01:06:39,280 --> 01:06:37,730

what I could but it was only so much I

1378

01:06:41,410 --> 01:06:39,290

could do and I realized I needed to move

1379

01:06:44,740 --> 01:06:41,420

on and that's when I went to Washington

1380

01:06:47,140 --> 01:06:44,750

in July of 1996 and set up paradigm

1381

01:06:52,060 --> 01:06:47,150

research group and decided to engage the

1382

01:06:54,130 --> 01:06:52,070

politics of this I wasn't no say when

1383

01:06:57,040 --> 01:06:54,140

you were when you were in the working

1384

01:07:00,070 --> 01:06:57,050

but for John Mac another peer group did

1385

01:07:05,640 --> 01:07:00,080

you gain any insight into myth et

1386

01:07:14,470 --> 01:07:10,720

mmm good question I got I got stronger

1387

01:07:18,040 --> 01:07:14,480

sense of the importance and validity of

1388

01:07:19,690 --> 01:07:18,050

the contact phenomena which I was pretty

1389

01:07:24,040 --> 01:07:19,700

convinced was was real I'd seen enough

1390

01:07:25,860 --> 01:07:24,050

right enough and I have no bias if you

1391

01:07:28,300 --> 01:07:25,870

don't have a bias on this and you just

1392

01:07:29,950 --> 01:07:28,310

logically analyze things and use a

1393

01:07:33,610 --> 01:07:29,960

scientific perspective it's not hard to

1394

01:07:36,130 --> 01:07:33,620

figure out it's true I got some more of

1395

01:07:39,430 --> 01:07:36,140

that but

1396

01:07:41,230 --> 01:07:39,440

it was mostly the energy guy and it just

1397

01:07:43,930 --> 01:07:41,240

gave me a tremendous amount of energy to

1398

01:07:47,320 --> 01:07:43,940

be part of this in a real way and that

1399

01:07:51,790 --> 01:07:47,330

was helpful but it was while I was there

1400

01:07:55,240 --> 01:07:51,800

and of course when I got there I arrived

1401

01:07:57,610 --> 01:07:55,250

right at the time that the Nova

1402

01:07:58,660 --> 01:07:57,620

documentary came out they had a team

1403

01:08:00,670 --> 01:07:58,670

from Nova decide they're gonna do a

1404

01:08:02,680 --> 01:08:00,680

documentary on this issue and Mac and

1405

01:08:05,350 --> 01:08:02,690

we're featuring Mac and Hopkins so it's

1406

01:08:09,670 --> 01:08:05,360

gonna be a documentary on the on the

1407

01:08:11,290 --> 01:08:09,680

abduction phenomena that that at that

1408

01:08:13,330 --> 01:08:11,300

time I think I'd be fair to say that

1409

01:08:14,620 --> 01:08:13,340

Hopkins and Mac were the most identified

1410

01:08:20,140 --> 01:08:14,630

with that and of course Mac was a

1411

01:08:23,980 --> 01:08:20,150

Harvard trained psychiatrist and what

1412

01:08:29,320 --> 01:08:23,990

happened is halfway through this probe a

1413

01:08:32,230 --> 01:08:29,330

project the higher-ups at Nova let the

1414

01:08:34,240 --> 01:08:32,240

producers know that they just didn't

1415

01:08:38,760 --> 01:08:34,250

want to do a documentary they wanted to

1416

01:08:41,860 --> 01:08:38,770

how would you say do a little debunking

1417

01:08:45,520 --> 01:08:41,870

and so they wanted to they wanted to go

1418

01:08:49,140 --> 01:08:45,530

after Mack and Hopkins and the producer

1419

01:08:52,270 --> 01:08:49,150

quit the person that took her place

1420

01:08:55,960 --> 01:08:52,280

finishes in and and it came out and

1421

01:08:58,060 --> 01:08:55,970

virtually right as I arrived and of

1422

01:09:00,460 --> 01:08:58,070

course it was a hit piece on Mac and in

1423

01:09:02,530 --> 01:09:00,470

Hopkins one of the most disgraceful

1424

01:09:04,990 --> 01:09:02,540

things Melva ever did but believe me

1425

01:09:07,690 --> 01:09:05,000

it's part of an incredibly long line of

1426

01:09:10,750 --> 01:09:07,700

disgraceful things that institutions

1427

01:09:12,460 --> 01:09:10,760

people organizations colleges

1428

01:09:18,460 --> 01:09:12,470

universities are going to have to answer

1429

01:09:21,910 --> 01:09:18,470

for someday and I come to realize I came

1430

01:09:23,560 --> 01:09:21,920

to realize and I'd already sort of

1431

01:09:25,900 --> 01:09:23,570

suspect I already sort of knew this but

1432

01:09:28,120 --> 01:09:25,910

I really rocked it while I was there the

1433

01:09:29,530 --> 01:09:28,130

problem all along has not been a science

1434

01:09:31,650 --> 01:09:29,540

it hasn't been oh there's not enough

1435

01:09:33,910 --> 01:09:31,660

evidence it's not enough science no

1436

01:09:37,300 --> 01:09:33,920

there was plenty of evidence in plenty

1437

01:09:39,160 --> 01:09:37,310

of science the problem was political the

1438

01:09:41,410 --> 01:09:39,170

80 issue was wrapped up in a political

1439

01:09:44,200 --> 01:09:41,420

decision on national security policy

1440

01:09:48,700 --> 01:09:44,210

that was literally preventing the truth

1441

01:09:49,899 --> 01:09:48,710

from being examined engaged studied by

1442

01:09:52,329 --> 01:09:49,909

the human race

1443

01:09:54,640 --> 01:09:52,339

and wrapped up in the Cold War and the

1444

01:09:58,060 --> 01:09:54,650

only way out of this was a political way

1445

01:09:59,200 --> 01:09:58,070

out and that's that was the most

1446

01:10:01,479 --> 01:09:59,210

important thing that happened to me

1447

01:10:03,010 --> 01:10:01,489

there and that's Valley I realized I'm

1448

01:10:04,419 --> 01:10:03,020

gonna go to Washington I can stay there

1449

01:10:05,830 --> 01:10:04,429

I had a place to live and I'm gonna

1450

01:10:08,050 --> 01:10:05,840

engage the political side of it in the

1451

01:10:10,060 --> 01:10:08,060

more way I can I didn't know how but I

1452

01:10:11,680 --> 01:10:10,070

knew the first thing I was gonna do is

1453

01:10:13,990 --> 01:10:11,690

register lobbyists cuz I knew that would

1454

01:10:16,479 --> 01:10:14,000

get some news and it did I was off to

1455

01:10:19,240 --> 01:10:16,489

the races so that's kind of what

1456

01:10:23,050 --> 01:10:19,250

happened in that getting back getting

1457

01:10:25,330 --> 01:10:23,060

back to the contact D issue we see from

1458

01:10:27,729 --> 01:10:25,340

Bigelow in the past some definite

1459

01:10:30,820 --> 01:10:27,739

interest there in that TDS has some

1460

01:10:33,189 --> 01:10:30,830

connections to all that but public yeah

1461

01:10:36,280 --> 01:10:33,199

for us we know that because we're into

1462

01:10:38,140 --> 01:10:36,290

it of course but publicly they're not

1463

01:10:40,840 --> 01:10:38,150

touching that aspect of the phenomenon

1464

01:10:43,000 --> 01:10:40,850

with a ten-foot all I think we all might

1465

01:10:45,189 --> 01:10:43,010

have our guesses as to why that is but I

1466

01:10:47,439 --> 01:10:45,199

could I get your feedback on that sure

1467

01:10:49,689 --> 01:10:47,449

the contact phenomenon is the most

1468

01:10:52,750 --> 01:10:49,699

controversial and difficult aspect of

1469

01:10:54,490 --> 01:10:52,760

the whole thing anti-gravity drive is a

1470

01:10:58,060 --> 01:10:54,500

piece of cake compared to contact

1471

01:11:01,180 --> 01:10:58,070

phenomena it's it's at the core of the

1472

01:11:05,439 --> 01:11:01,190

ETA oh it's one of the core reasons why

1473

01:11:09,010 --> 01:11:05,449

the ETS are here and it's really intense

1474

01:11:12,250 --> 01:11:09,020

and a huge public relations problem for

1475

01:11:14,110 --> 01:11:12,260

the government because that's we all we

1476

01:11:15,729 --> 01:11:14,120

all know and I think they know that we

1477

01:11:18,580 --> 01:11:15,739

know and they know that we know that

1478

01:11:19,780 --> 01:11:18,590

they know that we know is that there's

1479

01:11:21,910 --> 01:11:19,790

not a damn thing they can do about it

1480

01:11:25,870 --> 01:11:21,920

and that's not a thing the government

1481

01:11:27,310 --> 01:11:25,880

likes to tell you but frankly of the

1482

01:11:29,200 --> 01:11:27,320

things that the government does tell us

1483

01:11:34,120 --> 01:11:29,210

I don't consider it that harsh but

1484

01:11:35,890 --> 01:11:34,130

whatever so when I when I initiated my

1485

01:11:37,660 --> 01:11:35,900

political engagements I I stayed away

1486

01:11:40,629 --> 01:11:37,670

from the contact issue for years because

1487

01:11:41,910 --> 01:11:40,639

I knew how hard it was just to talk

1488

01:11:44,800 --> 01:11:41,920

about the et issue

1489

01:11:46,390 --> 01:11:44,810

you bring up contact and you think some

1490

01:11:49,149 --> 01:11:46,400

poor congressman's heads go explode

1491

01:11:50,649 --> 01:11:49,159

right there like on that what was that

1492

01:11:53,470 --> 01:11:50,659

there was that movie where people's

1493

01:11:58,870 --> 01:11:53,480

heads explode dinners scanners exactly

1494

01:12:02,169 --> 01:11:58,880

so good good good good recall so it is

1495

01:12:03,690 --> 01:12:02,179

but eventually I realized I had taught

1496

01:12:06,420 --> 01:12:03,700

eventually had talked to so many car

1497

01:12:08,640 --> 01:12:06,430

Turkey's and was so good was completely

1498

01:12:10,170 --> 01:12:08,650

convinced of its truth I I just could

1499

01:12:12,660 --> 01:12:10,180

not leave them out of the picture I just

1500

01:12:14,310 --> 01:12:12,670

felt that to advocate for this issue and

1501

01:12:16,860 --> 01:12:14,320

try to act like the contact stuff was

1502

01:12:18,690 --> 01:12:16,870

just not there was a disservice to

1503

01:12:20,580 --> 01:12:18,700

everyone I couldn't do it so I've I've

1504

01:12:22,110 --> 01:12:20,590

brought it into by discussion that

1505

01:12:25,700 --> 01:12:22,120

doesn't mean that I shove it in front of

1506

01:12:28,920 --> 01:12:25,710

everybody knows that I get in front of

1507

01:12:31,500 --> 01:12:28,930

but if the subject comes up I go there

1508

01:12:34,050 --> 01:12:31,510

and I do go there from time to time in

1509

01:12:35,790 --> 01:12:34,060

my presentations but my focus is on the

1510

01:12:39,300 --> 01:12:35,800

announcement of the et presence that's

1511

01:12:41,280 --> 01:12:39,310

simple the deal you know the contact

1512

01:12:42,960 --> 01:12:41,290

these are not going to have their issues

1513

01:12:44,520 --> 01:12:42,970

addressed until after disclosure right

1514

01:12:48,480 --> 01:12:44,530

now they're lucky thing get a little

1515

01:12:48,960 --> 01:12:48,490

support from a support group on the

1516

01:12:53,610 --> 01:12:48,970

Internet

1517

01:12:56,600 --> 01:12:53,620

certainly but overall the truth and the

1518

01:12:58,410 --> 01:12:56,610

basis for why they're a contactee

1519

01:13:00,240 --> 01:12:58,420

they're not gonna be able to get to that

1520

01:13:01,860 --> 01:13:00,250

until after disclosure so disclosure is

1521

01:13:05,910 --> 01:13:01,870

the best thing needed to contact these

1522

01:13:07,350 --> 01:13:05,920

and so that's where we focus but yes

1523

01:13:08,750 --> 01:13:07,360

all right the to the stars Academy is

1524

01:13:12,900 --> 01:13:08,760

wise they're not they're not going there

1525

01:13:16,050 --> 01:13:12,910

it's already been out that we think and

1526

01:13:18,450 --> 01:13:16,060

maybe one has been confirmed that at

1527

01:13:20,750 --> 01:13:18,460

least two perhaps two of the people on

1528

01:13:22,860 --> 01:13:20,760

the to the stars team for contactees

1529

01:13:24,720 --> 01:13:22,870

that is not going to surprise me their

1530

01:13:27,150 --> 01:13:24,730

contact ISA route government throughout

1531

01:13:29,090 --> 01:13:27,160

military throughout the White House

1532

01:13:32,420 --> 01:13:29,100

staff throughout the congressional staff

1533

01:13:35,730 --> 01:13:32,430

the percentages and numbers virtually

1534

01:13:37,230 --> 01:13:35,740

assure that obviously that doesn't mean

1535

01:13:40,530 --> 01:13:37,240

you're gonna say anything you're in the

1536

01:13:43,290 --> 01:13:40,540

closet and if you're a it's discussed it

1537

01:13:45,060 --> 01:13:43,300

said Jim semi van and Gary Nolan yeah I

1538

01:13:47,990 --> 01:13:45,070

think it's coming out it might be those

1539

01:13:51,120 --> 01:13:48,000

two they embodied me more than to

1540

01:13:52,980 --> 01:13:51,130

Pentagon you're a you're a bird colonel

1541

01:13:54,300 --> 01:13:52,990

and a contact II you're not gonna be

1542

01:13:57,150 --> 01:13:54,310

chatting about that over there water

1543

01:13:58,950 --> 01:13:57,160

cooler so but the very fact that they

1544

01:14:02,760 --> 01:13:58,960

exist inside government means that there

1545

01:14:04,170 --> 01:14:02,770

is a potential for an inside out process

1546

01:14:06,720 --> 01:14:04,180

and inside out pressure on the truth

1547

01:14:08,070 --> 01:14:06,730

embargo and I believe that's a factor in

1548

01:14:10,200 --> 01:14:08,080

the to the stars Academy team I believe

1549

01:14:11,580 --> 01:14:10,210

that one of the reasons there's 40 or 50

1550

01:14:13,950 --> 01:14:11,590

people in the side then military

1551

01:14:16,230 --> 01:14:13,960

intelligence complex backing up these 10

1552

01:14:17,500 --> 01:14:16,240

that are on the outside is because

1553

01:14:20,970 --> 01:14:17,510

someone per contact the

1554

01:14:23,920 --> 01:14:20,980

and that gives them a highly personal

1555

01:14:27,610 --> 01:14:23,930

reason why they want to be part of

1556

01:14:29,950 --> 01:14:27,620

solution not the problem and so I guess

1557

01:14:32,770 --> 01:14:29,960

you could say the truth will out

1558

01:14:34,960 --> 01:14:32,780

the truth is like the grass it will come

1559

01:14:37,330 --> 01:14:34,970

right up through a completely sea minute

1560

01:14:40,210 --> 01:14:37,340

sidewalk given enough time it always

1561

01:14:42,100 --> 01:14:40,220

comes out eventually and it's only about

1562

01:14:43,480 --> 01:14:42,110

how it's mostly about how much damage

1563

01:14:49,540 --> 01:14:43,490

will be done while the truth is

1564

01:14:51,640 --> 01:14:49,550

suppressed so Steve we got you know

1565

01:14:53,380 --> 01:14:51,650

researchers have said that right now

1566

01:14:55,810 --> 01:14:53,390

we're we're going through what Robert

1567

01:14:57,670 --> 01:14:55,820

Bigelow has called confirmation not

1568

01:14:58,900 --> 01:14:57,680

necessarily to disclosure that we're

1569

01:15:01,870 --> 01:14:58,910

gonna go through this period of

1570

01:15:04,330 --> 01:15:01,880

confirmation hmm and and that disclosure

1571

01:15:07,530 --> 01:15:04,340

is gonna follow now do you think what

1572

01:15:10,330 --> 01:15:07,540

what to the Stars Academy is doing is is

1573

01:15:13,060 --> 01:15:10,340

like a soft disclosure or do you think

1574

01:15:17,740 --> 01:15:13,070

they're taking a step beyond that it's

1575

01:15:20,350 --> 01:15:17,750

all soft disclosure but some is harder

1576

01:15:22,030 --> 01:15:20,360

some some softs closures harder than

1577

01:15:24,370 --> 01:15:22,040

others also but it's all part of the

1578

01:15:27,750 --> 01:15:24,380

soft disclosure small deep process but

1579

01:15:32,140 --> 01:15:27,760

clearly it's a very powerful nature

1580

01:15:34,030 --> 01:15:32,150

there are two comments that have come

1581

01:15:38,110 --> 01:15:34,040

from this team that are extremely

1582

01:15:40,240 --> 01:15:38,120

important I believe and I don't I don't

1583

01:15:43,450 --> 01:15:40,250

I'm I think Chris Christopher Mellon

1584

01:15:45,820 --> 01:15:43,460

mate said this I don't but I haven't

1585

01:15:47,910 --> 01:15:45,830

pinpointed when where but I think he

1586

01:15:50,260 --> 01:15:47,920

said it because I just remember it

1587

01:15:51,760 --> 01:15:50,270

passing in front of me however Louis

1588

01:15:55,180 --> 01:15:51,770

Elizondo was also said and I know

1589

01:15:57,580 --> 01:15:55,190

exactly where he said he was supposed to

1590

01:16:01,300 --> 01:15:57,590

speak at the International UFO Congress

1591

01:16:04,660 --> 01:16:01,310

conference in Fountain Hills back in

1592

01:16:08,890 --> 01:16:04,670

February however the team made a

1593

01:16:10,660 --> 01:16:08,900

decision that they were they were

1594

01:16:13,630 --> 01:16:10,670

starting to interact with the et

1595

01:16:16,450 --> 01:16:13,640

community which is I which I give them

1596

01:16:18,690 --> 01:16:16,460

credit for but they discovered the et

1597

01:16:23,080 --> 01:16:18,700

community is a very conflicted

1598

01:16:25,960 --> 01:16:23,090

frustrated bunch of people and dealing

1599

01:16:30,110 --> 01:16:25,970

with them was was going to be awkward

1600

01:16:36,220 --> 01:16:30,120

and potentially a threat to their

1601

01:16:40,490 --> 01:16:36,230

process and so they backed off and

1602

01:16:43,130 --> 01:16:40,500

pretty much have Reis Trat Ajay z'd

1603

01:16:46,070 --> 01:16:43,140

I think they're I think they're going to

1604

01:16:49,370 --> 01:16:46,080

you're they're gonna find a way to more

1605

01:16:52,010 --> 01:16:49,380

to interact with our world in a more

1606

01:16:55,490 --> 01:16:52,020

defined regulated way so don't be

1607

01:16:56,690 --> 01:16:55,500

surprised to learn about that but this

1608

01:16:58,730 --> 01:16:56,700

happened right about the time he'd

1609

01:17:01,070 --> 01:16:58,740

already committed to speak there which

1610

01:17:03,380 --> 01:17:01,080

means he'd have been open to questions

1611

01:17:05,450 --> 01:17:03,390

from the floor anything people wanted to

1612

01:17:06,830 --> 01:17:05,460

ask and they they realized no there's

1613

01:17:09,320 --> 01:17:06,840

just a lot of questions we don't want to

1614

01:17:10,760 --> 01:17:09,330

answer and can't answer and having to

1615

01:17:12,950 --> 01:17:10,770

give no comment it's just gonna stir

1616

01:17:15,380 --> 01:17:12,960

people up and so what they did was he

1617

01:17:20,450 --> 01:17:15,390

submitted a video which he responded to

1618

01:17:22,280 --> 01:17:20,460

pre submitted questions okay so that

1619

01:17:24,440 --> 01:17:22,290

video is up you can find it on my

1620

01:17:26,570 --> 01:17:24,450

website you can find it on youtube and

1621

01:17:29,180 --> 01:17:26,580

this is the it's about a 30-minute

1622

01:17:32,270 --> 01:17:29,190

interview or 30 minute day maybe 37

1623

01:17:34,700 --> 01:17:32,280

minutes and in this interview he says

1624

01:17:36,380 --> 01:17:34,710

something extremely important and again

1625

01:17:38,390 --> 01:17:36,390

Christopher Mellon I believe he said the

1626

01:17:41,270 --> 01:17:38,400

same thing and I will try to get the

1627

01:17:43,450 --> 01:17:41,280

exact context for that and I'm gonna

1628

01:17:49,280 --> 01:17:43,460

paraphrase it closely

1629

01:17:52,850 --> 01:17:49,290

the question is Louis are you concerned

1630

01:17:57,290 --> 01:17:52,860

that the actions that you were that the

1631

01:18:00,650 --> 01:17:57,300

to the Stars team is taking could result

1632

01:18:05,840 --> 01:18:00,660

in disclosure happening soon or right

1633

01:18:10,190 --> 01:18:05,850

away any time and his answer was that

1634

01:18:12,110 --> 01:18:10,200

would be fine with me now you have to

1635

01:18:15,830 --> 01:18:12,120

think about that answer for a second to

1636

01:18:22,130 --> 01:18:15,840

realize how important it is what he's

1637

01:18:25,690 --> 01:18:22,140

saying is that we want disclosure and we

1638

01:18:30,140 --> 01:18:25,700

want it now pretty much just like I do

1639

01:18:32,200 --> 01:18:30,150

probably you do but we we have to work

1640

01:18:37,190 --> 01:18:32,210

this through within certain parameters

1641

01:18:40,100 --> 01:18:37,200

we have no choice and so we're gonna do

1642

01:18:42,530 --> 01:18:40,110

what we can but if if if this triggers

1643

01:18:43,620 --> 01:18:42,540

and again there's mmm they're not the

1644

01:18:46,920 --> 01:18:43,630

only game in town

1645

01:18:49,620 --> 01:18:46,930

if this triggers disclosure that's fine

1646

01:18:53,310 --> 01:18:49,630

with us and so what that says is they

1647

01:18:55,620 --> 01:18:53,320

that their fundamental rate their their

1648

01:18:57,630 --> 01:18:55,630

fundamental goal here is the formal

1649

01:19:00,210 --> 01:18:57,640

announcement by heads of state of the et

1650

01:19:02,550 --> 01:19:00,220

presence and the end of the truth

1651
01:19:04,110 --> 01:19:02,560
embargo so that people could stuff so

1652
01:19:07,800 --> 01:19:04,120
they can stop spending so much time

1653
01:19:09,960 --> 01:19:07,810
trying to hide the you know the ball

1654
01:19:11,760 --> 01:19:09,970
under the you know play hide to seek

1655
01:19:14,580 --> 01:19:11,770
with American people and lie and also

1656
01:19:16,080 --> 01:19:14,590
just be up comfortable and again two of

1657
01:19:18,330 --> 01:19:16,090
them now they've made that statement it

1658
01:19:19,680 --> 01:19:18,340
may be some more than have done that so

1659
01:19:25,070 --> 01:19:19,690
that that's important and that that

1660
01:19:28,310 --> 01:19:25,080
tells a lot yeah now with um Tom DeLonge

1661
01:19:31,380 --> 01:19:28,320
you know getting to talking about ETS

1662
01:19:33,780 --> 01:19:31,390
when when you hear him talk on different

1663
01:19:34,620 --> 01:19:33,790

you know when he was on coast coast or

1664

01:19:37,740 --> 01:19:34,630

fade to black

1665

01:19:39,990 --> 01:19:37,750

he doesn't when when somebody brings up

1666

01:19:42,570 --> 01:19:40,000

et he doesn't necessarily go there he'll

1667

01:19:44,220 --> 01:19:42,580

he alludes that it that it could be

1668

01:19:45,720 --> 01:19:44,230

something else and they're they're

1669

01:19:49,890 --> 01:19:45,730

trying to find a way to explain it to

1670

01:19:52,440 --> 01:19:49,900

the public so but he you know also again

1671

01:19:53,520 --> 01:19:52,450

he'll go on and it doesn't really sound

1672

01:19:56,490 --> 01:19:53,530

like when he's talking that he's

1673

01:19:59,750 --> 01:19:56,500

representing to the Stars Academy other

1674

01:20:02,280 --> 01:19:59,760

than what his his media function is I

1675

01:20:06,090 --> 01:20:02,290

think you're I wouldn't I wouldn't be

1676

01:20:09,720 --> 01:20:06,100

assuming anything there tom has a public

1677

01:20:13,440 --> 01:20:09,730

presence completely independent of to

1678

01:20:15,000 --> 01:20:13,450

the store he still is a musician in fact

1679

01:20:16,590 --> 01:20:15,010

it was you know there's some articles

1680

01:20:18,330 --> 01:20:16,600

just came out there Mac making music

1681

01:20:20,640 --> 01:20:18,340

again because again I think things are

1682

01:20:23,600 --> 01:20:20,650

kind of odd old for the to the stars

1683

01:20:27,300 --> 01:20:23,610

team but he's gonna be asked about this

1684

01:20:28,080 --> 01:20:27,310

he's not again he's not a thirty year

1685

01:20:33,390 --> 01:20:28,090

career

1686

01:20:34,020 --> 01:20:33,400

CIA guy he's not a PhD in in rocket

1687

01:20:37,800 --> 01:20:34,030

physics

1688

01:20:39,360 --> 01:20:37,810

he's a autodidact musician and so he

1689

01:20:44,760 --> 01:20:39,370

talks about this stuff he cut it gets

1690

01:20:48,210 --> 01:20:44,770

all over the map is he he is still I

1691

01:20:52,710 --> 01:20:48,220

consider the spokes person for the

1692

01:20:55,710 --> 01:20:52,720

overall project I think Louis Elizondo

1693

01:20:57,109 --> 01:20:55,720

is the interface he's a kind of a

1694

01:20:59,179 --> 01:20:57,119

workingman's

1695

01:21:01,009 --> 01:20:59,189

can Manny he's kind of a good interface

1696

01:21:04,639 --> 01:21:01,019

with general public I think melon is the

1697

01:21:08,109 --> 01:21:04,649

intellectual interface but I don't think

1698

01:21:18,529 --> 01:21:08,119

that I think but ultimately I mean to be

1699

01:21:21,139 --> 01:21:18,539

to be realistic these are this is a you

1700

01:21:23,299 --> 01:21:21,149

know the words Tom did not drag the

1701

01:21:27,770 --> 01:21:23,309

Pentagon and the military intelligence

1702

01:21:31,100 --> 01:21:27,780

complex into this project he didn't pick

1703

01:21:34,600 --> 01:21:31,110

them they picked him but he got picked

1704

01:21:38,469 --> 01:21:34,610

because he he was in front of them

1705

01:21:42,859 --> 01:21:38,479

engaging he was there and there was a

1706

01:21:45,919 --> 01:21:42,869

use there was a symbiosis there they

1707

01:21:49,689 --> 01:21:45,929

could work with ultimately though he's

1708

01:21:53,509 --> 01:21:49,699

the it is the the team it's it's the

1709

01:21:55,669 --> 01:21:53,519

others that may emerge that are going to

1710

01:21:58,879 --> 01:21:55,679

be formulating the strategies and

1711

01:22:03,319 --> 01:21:58,889

projects here and Tom's overall

1712

01:22:05,689 --> 01:22:03,329

influence will become probably since but

1713

01:22:07,489 --> 01:22:05,699

get in terms of the media stuff he's the

1714

01:22:08,810 --> 01:22:07,499

one that has these great gifts getting

1715

01:22:10,580 --> 01:22:08,820

people to write books with him and

1716

01:22:11,899 --> 01:22:10,590

knocking him out he may work on

1717

01:22:14,719 --> 01:22:11,909

documentaries I mean he's gonna be able

1718

01:22:17,569 --> 01:22:14,729

to do that stuff but the intellectual

1719

01:22:19,909 --> 01:22:17,579

component and the high-end strategic

1720

01:22:22,100 --> 01:22:19,919

component of what we'll call the small D

1721

01:22:24,919 --> 01:22:22,110

disclosure going on that is going to be

1722

01:22:31,299 --> 01:22:24,929

directed by the the people in the team

1723

01:22:38,299 --> 01:22:35,239

you know see some people commented on a

1724

01:22:40,159 --> 01:22:38,309

on Tom getting back into the music and

1725

01:22:42,529 --> 01:22:40,169

they're like oh well maybe to the stars

1726

01:22:44,509 --> 01:22:42,539

isn't what it was hype up to be in he's

1727

01:22:46,969 --> 01:22:44,519

kind of you know taking a step back but

1728

01:22:48,709 --> 01:22:46,979

when you look at it you know like you

1729

01:22:52,069 --> 01:22:48,719

said tom is running the media function

1730

01:22:55,219 --> 01:22:52,079

but the brains and the operation behind

1731

01:22:57,080 --> 01:22:55,229

are clearly not organized by him which

1732

01:23:00,199 --> 01:22:57,090

which is like everybody is there for

1733

01:23:02,509 --> 01:23:00,209

their role yeah I mean remember as some

1734

01:23:04,069 --> 01:23:02,519

avance said there's 40 maybe more people

1735

01:23:08,000 --> 01:23:04,079

inside the Pentagon that are sort of

1736

01:23:10,280 --> 01:23:08,010

supporting this and and that group came

1737

01:23:13,670 --> 01:23:10,290

together and decided who

1738

01:23:15,650 --> 01:23:13,680

amongst them was going to who was going

1739

01:23:17,330 --> 01:23:15,660

to be on the on the public team who's

1740

01:23:19,130 --> 01:23:17,340

going to be the public face of this and

1741

01:23:21,140 --> 01:23:19,140

I think that the people that were going

1742

01:23:22,370 --> 01:23:21,150

to be the public face that were

1743

01:23:23,480 --> 01:23:22,380

announced in October were not

1744

01:23:26,930 --> 01:23:23,490

necessarily the same they were going to

1745

01:23:31,880 --> 01:23:26,940

be announced in 2016 after Hillary won

1746

01:23:37,940 --> 01:23:31,890

and I thought so

1747

01:23:40,250 --> 01:23:37,950

but I people I look I mantas for 22

1748

01:23:42,500 --> 01:23:40,260

years nobody wants to see this over more

1749

01:23:49,010 --> 01:23:42,510

than I but people need to have patience

1750

01:23:54,340 --> 01:23:49,020

here and again being a learning framed

1751
01:23:59,690 --> 01:23:54,350
mode learn gather information understand

1752
01:24:02,180 --> 01:23:59,700
and and not jump or jump on board every

1753
01:24:04,310 --> 01:24:02,190
critic that comes along on this listen

1754
01:24:07,220 --> 01:24:04,320
to their arguments and so forth but I

1755
01:24:10,160 --> 01:24:07,230
would just immediately attach themselves

1756
01:24:14,050 --> 01:24:10,170
to this theory or that theory because no

1757
01:24:18,110 --> 01:24:14,060
one knows enough about this project

1758
01:24:20,410 --> 01:24:18,120
we're dealing with an iceberg here the

1759
01:24:22,820 --> 01:24:20,420
majority of it is still underwater

1760
01:24:27,590 --> 01:24:22,830
that's my advice people who'll take it

1761
01:24:30,590 --> 01:24:27,600
or they will take it we're trying to do

1762
01:24:32,180 --> 01:24:30,600
yeah mm-hmm yeah and I'm glad to have

1763
01:24:34,400 --> 01:24:32,190

the opportunity and this is one of my

1764

01:24:36,050 --> 01:24:34,410

key roles right now is is trying to put

1765

01:24:39,230 --> 01:24:36,060

proper perspective on these developments

1766

01:24:41,270 --> 01:24:39,240

we're very difficult to fall well Steve

1767

01:24:42,470 --> 01:24:41,280

we certainly have enjoyed having you I

1768

01:24:45,770 --> 01:24:42,480

do you have anything else for Steve

1769

01:24:49,070 --> 01:24:45,780

there there a gym yeah just got one more

1770

01:24:50,960 --> 01:24:49,080

thing what about I know you were talking

1771

01:24:52,070 --> 01:24:50,970

about Congress and it's being a mess and

1772

01:24:55,430 --> 01:24:52,080

with the current administration and

1773

01:25:00,040 --> 01:24:55,440

everything like that in the near future

1774

01:25:02,300 --> 01:25:00,050

you know possibly with further

1775

01:25:03,650 --> 01:25:02,310

developments from to the stars academy

1776

01:25:05,930 --> 01:25:03,660

of the department defense in whatever

1777

01:25:08,090 --> 01:25:05,940

positions they take in whatever releases

1778

01:25:12,950 --> 01:25:08,100

may happen you think we'll we'll see

1779

01:25:14,660 --> 01:25:12,960

another kind of tweet storm or another

1780

01:25:15,800 --> 01:25:14,670

National Press Club conference or

1781

01:25:21,650 --> 01:25:15,810

anything like that given the right

1782

01:25:23,030 --> 01:25:21,660

momentum or time well who knows I can't

1783

01:25:24,229 --> 01:25:23,040

I can't speak for other people I mean

1784

01:25:25,700 --> 01:25:24,239

certainly

1785

01:25:27,859 --> 01:25:25,710

the money's there people want to do it

1786

01:25:29,810 --> 01:25:27,869

they'll do it I don't have the funds

1787

01:25:33,379 --> 01:25:29,820

right now but I can tell you what I'm

1788

01:25:34,759 --> 01:25:33,389

gonna do and by the other way too but

1789

01:25:37,399 --> 01:25:34,769

yeah and then before I do that let me

1790

01:25:42,229 --> 01:25:37,409

just mention think of the truth embargo

1791

01:25:46,959 --> 01:25:42,239

as a balloon filled with all the

1792

01:25:51,009 --> 01:25:46,969

information you want and you've got a

1793

01:25:55,580 --> 01:25:51,019

it's not a needle you got a pencil and

1794

01:25:58,069 --> 01:25:55,590

you're pushing on that balloon all that

1795

01:26:01,279 --> 01:25:58,079

soft disclosure that's coming out it's

1796

01:26:04,879 --> 01:26:01,289

just increasing the pressure on that

1797

01:26:06,709 --> 01:26:04,889

balloon and that pencil you don't know

1798

01:26:08,899 --> 01:26:06,719

exactly when it's gonna pop but you know

1799

01:26:10,729 --> 01:26:08,909

that if there's a pressure point when

1800

01:26:13,910 --> 01:26:10,739

you reach it that balloons gonna pop and

1801
01:26:15,529 --> 01:26:13,920
that's what's going on the pressure on

1802
01:26:18,439 --> 01:26:15,539
the balloon is increasing the peso

1803
01:26:20,959 --> 01:26:18,449
pencil coin is bearing in on that rubber

1804
01:26:22,700 --> 01:26:20,969
and at some point it's gonna pop it and

1805
01:26:24,950 --> 01:26:22,710
when it pops it pops immediately it's

1806
01:26:26,419 --> 01:26:24,960
boom that's disclosure it'll happen like

1807
01:26:28,040 --> 01:26:26,429
that that's the way to think about it

1808
01:26:30,319 --> 01:26:28,050
now let me tell you what's going on in

1809
01:26:32,629 --> 01:26:30,329
my world and what's happening here

1810
01:26:34,100 --> 01:26:32,639
I mean I'm back in the game I was sort

1811
01:26:36,649 --> 01:26:34,110
of out of the country for seven months

1812
01:26:38,419 --> 01:26:36,659
the to the Stars Academy was announced

1813
01:26:39,770 --> 01:26:38,429

while I was in October all my colleagues

1814

01:26:43,370 --> 01:26:39,780

were getting on TV all over the place

1815

01:26:45,919 --> 01:26:43,380

and I went I was nowhere but I'm back

1816

01:26:49,489 --> 01:26:45,929

alright I'm scheduled for 16 CompTIA's

1817

01:26:53,000 --> 01:26:49,499

already done six or five Wow I got 11

1818

01:26:54,680 --> 01:26:53,010

more to go so first and foremost while I

1819

01:26:56,839 --> 01:26:54,690

was in London I made the decision it was

1820

01:26:59,959 --> 01:26:56,849

time to do a documentary that I need

1821

01:27:01,729 --> 01:26:59,969

that needed to be done and the

1822

01:27:04,279 --> 01:27:01,739

documentary would be the first political

1823

01:27:05,720 --> 01:27:04,289

doc ever really done on this issue and

1824

01:27:08,270 --> 01:27:05,730

it would cover the whole political

1825

01:27:12,140 --> 01:27:08,280

history from 93 through the election of

1826
01:27:12,589 --> 01:27:12,150
2016 including an epilogue about to the

1827
01:27:15,680 --> 01:27:12,599
stars

1828
01:27:17,720 --> 01:27:15,690
and its political consequences the doc

1829
01:27:21,049 --> 01:27:17,730
is called disclosure and a team has been

1830
01:27:21,739 --> 01:27:21,059
put together there is a website and it's

1831
01:27:25,069 --> 01:27:21,749
disclosure

1832
01:27:26,899 --> 01:27:25,079
dot film there is a teaser up and it's

1833
01:27:31,640 --> 01:27:26,909
just a sauna it's just a teaser so no

1834
01:27:33,259 --> 01:27:31,650
it's not a trailer and we're raising a

1835
01:27:37,189 --> 01:27:33,269
little raising some money ultimately we

1836
01:27:44,549 --> 01:27:43,049
however we're while we're good I'll be

1837
01:27:46,229 --> 01:27:44,559
mentioned in this documentary and I've

1838
01:27:48,719 --> 01:27:46,239

got links up on my site and of course

1839

01:27:51,029 --> 01:27:48,729

that the site is up we're sort of laying

1840

01:27:52,949 --> 01:27:51,039

back in the weeds now we're not going to

1841

01:27:55,020 --> 01:27:52,959

be bugging people for money really

1842

01:27:57,689 --> 01:27:55,030

though if a big donor turns up I assure

1843

01:27:58,979 --> 01:27:57,699

you we if we get a hundred thousand we

1844

01:28:01,559 --> 01:27:58,989

will definitely go into production

1845

01:28:03,839 --> 01:28:01,569

whenever that is but because of the

1846

01:28:05,849 --> 01:28:03,849

political chaos trying to get attention

1847

01:28:07,619 --> 01:28:05,859

of people and meeting everything else is

1848

01:28:10,649 --> 01:28:07,629

like running into a running into a

1849

01:28:13,379 --> 01:28:10,659

hundred mile an hour wind and you just

1850

01:28:18,089 --> 01:28:13,389

expend your energy and so we're gonna

1851

01:28:20,939 --> 01:28:18,099

sort of a lie low and re-intensify this

1852

01:28:24,509 --> 01:28:20,949

documentaries reality to the public in

1853

01:28:26,399 --> 01:28:24,519

the media after the midterm election but

1854

01:28:29,250 --> 01:28:26,409

it's up it's out there and we're

1855

01:28:33,109 --> 01:28:29,260

welcoming funding disclosure dot film

1856

01:28:35,819 --> 01:28:33,119

and that's the major project that PRG

1857

01:28:38,909 --> 01:28:35,829

hopes to do which could have significant

1858

01:28:40,409 --> 01:28:38,919

impact on the disclosure process because

1859

01:28:42,089 --> 01:28:40,419

we we're gonna do everything we can to

1860

01:28:47,099 --> 01:28:42,099

get it mainstream theaters a la

1861

01:28:48,929 --> 01:28:47,109

Fahrenheit 9/11 so there's that the new

1862

01:28:52,829 --> 01:28:48,939

website is up it's been completely

1863

01:28:56,040 --> 01:28:52,839

remodeled same same MO domain but it's

1864

01:28:58,529 --> 01:28:56,050

it's the old site was well ancient

1865

01:29:00,509 --> 01:28:58,539

aliens is what it was the site is

1866

01:29:02,969 --> 01:29:00,519

fantastic it's got a huge amount of

1867

01:29:05,279 --> 01:29:02,979

material it's easily accessible Moore's

1868

01:29:07,619 --> 01:29:05,289

going up all the time and so that net

1869

01:29:09,479 --> 01:29:07,629

projects underway plus I have a blog

1870

01:29:11,909 --> 01:29:09,489

which is part of that website the

1871

01:29:14,040 --> 01:29:11,919

disclosure wire blog that's my first

1872

01:29:16,709 --> 01:29:14,050

blog I waited 25 years after the

1873

01:29:21,979 --> 01:29:16,719

internet arrived to do a blog I just

1874

01:29:28,799 --> 01:29:21,989

wasn't in a hurry and then there's more

1875

01:29:31,409 --> 01:29:28,809

in five days the the the 13th season and

1876

01:29:35,250 --> 01:29:31,419

the most successful show dealing with

1877

01:29:39,419 --> 01:29:35,260

ETS will premiere its 13th season that's

1878

01:29:42,929 --> 01:29:39,429

ancient aliens and lo and behold I

1879

01:29:46,709 --> 01:29:42,939

finally made it as an ancient alien

1880

01:29:48,239 --> 01:29:46,719

alumnus this two-hour special it's got

1881

01:29:50,250 --> 01:29:48,249

to have a lot of disclosure stuff in it

1882

01:29:52,170 --> 01:29:50,260

and I expect to be in it

1883

01:29:55,110 --> 01:29:52,180

fairly prominently so that's going to

1884

01:29:59,460 --> 01:29:55,120

air on the twenty-seventh History

1885

01:30:01,950 --> 01:29:59,470

Channel 9 p.m. Eastern 8 central now

1886

01:30:04,980 --> 01:30:01,960

that is followed in June by alien cod

1887

01:30:08,700 --> 01:30:04,990

alien con is this big I guess you could

1888

01:30:09,870 --> 01:30:08,710

call it entertainment media type event a

1889

01:30:13,680 --> 01:30:09,880

comic-con

1890

01:30:15,000 --> 01:30:13,690

type event that has been out this had a

1891

01:30:17,250 --> 01:30:15,010

couple of those and that's backed by

1892

01:30:20,910 --> 01:30:17,260

History Channel na any networks any

1893

01:30:27,840 --> 01:30:20,920

network going on they have huge turnouts

1894

01:30:32,190 --> 01:30:27,850

15,000 people the next one is a June 15

1895

01:30:34,850 --> 01:30:32,200

to 17 approximately I guess two months

1896

01:30:36,990 --> 01:30:34,860

maybe eight weeks seven weeks after the

1897

01:30:39,720 --> 01:30:37,000

premiere of History Channel and they'll

1898

01:30:42,660 --> 01:30:39,730

be advertising alien con on ancient

1899

01:30:44,100 --> 01:30:42,670

aliens throughout April and May probably

1900

01:30:46,440 --> 01:30:44,110

going to be 20,000 people at the

1901

01:30:49,740 --> 01:30:46,450

Pasadena Convention Center in Pasadena

1902

01:30:52,440 --> 01:30:49,750

California June 15 to 17 I will be there

1903

01:30:55,050 --> 01:30:52,450

I will be speaking and paneling and

1904

01:30:56,970 --> 01:30:55,060

whatever else they want me to do and so

1905

01:30:58,950 --> 01:30:56,980

that's happening also though prior to

1906

01:31:01,620 --> 01:30:58,960

that of June Jude 1:00 to 4:00 I'm gonna

1907

01:31:05,070 --> 01:31:01,630

be in Indian Wells for the contact in

1908

01:31:07,470 --> 01:31:05,080

the desert event sir third one or fourth

1909

01:31:09,540 --> 01:31:07,480

one they've moved from Joshua Tree

1910

01:31:11,730 --> 01:31:09,550

because Joshua Tree Resort could not

1911

01:31:14,370 --> 01:31:11,740

handle the numbers they were getting up

1912

01:31:19,230 --> 01:31:14,380

towards 3000 so now they've gone south

1913

01:31:21,810 --> 01:31:19,240

to Indian Wells east of Palm Springs any

1914

01:31:23,820 --> 01:31:21,820

Wales resort huge huge place probably

1915

01:31:27,060 --> 01:31:23,830

gonna have 1,500 maybe 2,000 or more

1916

01:31:30,680 --> 01:31:27,070

people at the contact in the desert I

1917

01:31:37,890 --> 01:31:30,690

will be speaking there paneling so forth

1918

01:31:40,860 --> 01:31:37,900

I'm also going to be at the architects

1919

01:31:42,320 --> 01:31:40,870

of the new paradigm conference which

1920

01:31:44,160 --> 01:31:42,330

this year is going to be in Vancouver

1921

01:31:46,290 --> 01:31:44,170

June 30

1922

01:31:53,400 --> 01:31:46,300

that's quite a lineup I encourage people

1923

01:31:56,280 --> 01:31:53,410

to to check that out it's in Vancouver

1924

01:31:58,380 --> 01:31:56,290

which is an incredible City and you've

1925

01:31:59,730 --> 01:31:58,390

got again my website paradigm research

1926

01:32:01,460 --> 01:31:59,740

group that org you can go to the

1927

01:32:03,200 --> 01:32:01,470

conferences or I go to my speaking

1928

01:32:07,040 --> 01:32:03,210

schedule and you

1929

01:32:11,290 --> 01:32:07,050

and see all these things and so that's

1930

01:32:15,380 --> 01:32:11,300

just some of what's coming up for PRG

1931

01:32:17,300 --> 01:32:15,390

this year and hopefully and maybe a few

1932

01:32:18,920 --> 01:32:17,310

other projects will emerge and you've

1933

01:32:20,540 --> 01:32:18,930

got a newsletter to that I've been a

1934

01:32:23,150 --> 01:32:20,550

subscriber to for years it's really

1935

01:32:25,130 --> 01:32:23,160

fantastic how could somebody get on your

1936

01:32:27,950 --> 01:32:25,140

newsletter list so the paradigm research

1937

01:32:29,270 --> 01:32:27,960

group updates yeah if you go to paradigm

1938

01:32:31,370 --> 01:32:29,280

research group go to work there's a

1939

01:32:35,240 --> 01:32:31,380

there's links there to subscribe to it

1940

01:32:38,360 --> 01:32:35,250

and so just go there go to the website

1941

01:32:42,760 --> 01:32:38,370

subscribe to the newsletter you won't

1942

01:32:45,260 --> 01:32:42,770

get a lot but I I do put them out

1943

01:32:47,360 --> 01:32:45,270

generally once a month I usually see

1944

01:32:50,120 --> 01:32:47,370

something sometimes you know might be

1945

01:32:52,300 --> 01:32:50,130

once a week for a while but all the past

1946

01:32:56,960 --> 01:32:52,310

ones are archived back all these years

1947

01:32:59,900 --> 01:32:56,970

so um that's how you get on the website

1948

01:33:02,230 --> 01:32:59,910

that is well worth it and we've got a

1949

01:33:04,730 --> 01:33:02,240

screen grab from the disclosure

1950

01:33:08,510 --> 01:33:04,740

documentary you've got coming up with

1951

01:33:10,010 --> 01:33:08,520

the web address right on there so folks

1952

01:33:13,370 --> 01:33:10,020

should be able to find that nice and

1953

01:33:15,500 --> 01:33:13,380

easy Steve this was a fantastic

1954

01:33:18,470 --> 01:33:15,510

interview I certainly enjoyed it now

1955

01:33:22,430 --> 01:33:18,480

learn quite a few things too well I hope

1956

01:33:26,960 --> 01:33:22,440

so and I appreciate your your time and

1957

01:33:31,160 --> 01:33:26,970

and again these your your shows like

1958

01:33:34,670 --> 01:33:31,170

yours have been incredibly important to

1959

01:33:36,950 --> 01:33:34,680

the disclosure process and it's the good

1960

01:33:39,260 --> 01:33:36,960

fortune of the movement that the

1961

01:33:42,020 --> 01:33:39,270

internet made all this possible you know

1962

01:33:47,930 --> 01:33:42,030

all hail broadcast calm if you can

1963

01:33:50,600 --> 01:33:47,940

remember back that far so because of the

1964

01:33:52,420 --> 01:33:50,610

internet radio reality is why I've done

1965

01:33:55,370 --> 01:33:52,430

twelve thirteen hundred interviews I

1966

01:33:59,450 --> 01:33:55,380

assure you I wouldn't get that many on

1967

01:34:01,430 --> 01:33:59,460

ABC News and I get asked back on those

1968

01:34:02,720 --> 01:34:01,440

shows anymore I was but I kept coming on

1969

01:34:04,730 --> 01:34:02,730

and telling the truth and it going oh

1970

01:34:06,740 --> 01:34:04,740

god we can't have somebody to that and

1971

01:34:08,500 --> 01:34:06,750

so they haven't called in a while but

1972

01:34:13,490 --> 01:34:08,510

I'm hoping that that'll change here soon

1973

01:34:16,850 --> 01:34:13,500

so these shows but these shows do

1974

01:34:19,400 --> 01:34:16,860

something that the the old paradigm did

1975

01:34:22,010 --> 01:34:19,410

you you would do an interview maybe on

1976

01:34:25,430 --> 01:34:22,020

NBC News and it would go into the

1977

01:34:28,250 --> 01:34:25,440

interview news vault that was it there's

1978

01:34:29,840 --> 01:34:28,260

no internet and then if somebody wanted

1979

01:34:32,750 --> 01:34:29,850

it they could go pay them thousands of

1980

01:34:37,070 --> 01:34:32,760

dollars and that's how you might get

1981

01:34:39,230 --> 01:34:37,080

access to that interview now you do an

1982

01:34:41,810 --> 01:34:39,240

interview on internet radio and then it

1983

01:34:44,000 --> 01:34:41,820

gets archived on the website and it

1984

01:34:46,100 --> 01:34:44,010

stays there indefinitely and not only

1985

01:34:48,320 --> 01:34:46,110

that but it becomes a link in the Google

1986

01:34:50,300 --> 01:34:48,330

search BOTS and so now that these

1987

01:34:51,800 --> 01:34:50,310

interviews just spread then they turn

1988

01:34:56,750 --> 01:34:51,810

then they start turning up on YouTube

1989

01:34:58,820 --> 01:34:56,760

and so essentially you don't eighty

1990

01:35:01,720 --> 01:34:58,830

issue is not the only instance of this

1991

01:35:04,550 --> 01:35:01,730

of course but the result is is that the

1992

01:35:06,740 --> 01:35:04,560

extra-terrestrial issue and particularly

1993

01:35:12,080 --> 01:35:06,750

the disclosure and truth embargo issues

1994

01:35:14,480 --> 01:35:12,090

are all over the internet and you guys

1995

01:35:17,210 --> 01:35:14,490

are the reason for that you and all your

1996

01:35:20,870 --> 01:35:17,220

your cohorts who have said hey I'm gonna

1997

01:35:23,450 --> 01:35:20,880

I'm gonna have a radio program and so

1998

01:35:24,710 --> 01:35:23,460

believe me I appreciate it and one day I

1999

01:35:26,330 --> 01:35:24,720

know you're all gonna be acknowledged

2000

01:35:28,850 --> 01:35:26,340

for the contribution you made to what

2001

01:35:30,650 --> 01:35:28,860

will be the most profound event in the

2002

01:35:32,480 --> 01:35:30,660

history so that's what we're working

2003

01:35:36,140 --> 01:35:32,490

towards and if we didn't like it we

2004

01:35:37,790 --> 01:35:36,150

wouldn't do it you know yeah because you

2005

01:35:42,800 --> 01:35:37,800

gotta like it man

2006

01:35:43,580 --> 01:35:42,810

you got anybody who's had a sighting or

2007

01:35:46,760 --> 01:35:43,590

something like that

2008

01:35:48,320 --> 01:35:46,770

you're on absolutely absolutely and

2009

01:35:51,470 --> 01:35:48,330

looking forward to seeing you on ancient

2010

01:35:53,960 --> 01:35:51,480

aliens that is a show I think is stood

2011

01:35:55,640 --> 01:35:53,970

the test of time basically because they

2012

01:35:57,710 --> 01:35:55,650

get something that a lot of the other

2013

01:36:01,310 --> 01:35:57,720

shows don't that stay very dark with

2014

01:36:04,220 --> 01:36:01,320

this very conspiratorial and those guys

2015

01:36:07,130 --> 01:36:04,230

have the enthusiasm for the subject that

2016

01:36:09,620 --> 01:36:07,140

comes through and their rings through

2017

01:36:12,050 --> 01:36:09,630

like a bell and I think that is the

2018

01:36:15,950 --> 01:36:12,060

secret to their success they're into it

2019

01:36:18,860 --> 01:36:15,960

they're enthusiastic about it and I wish

2020

01:36:20,990 --> 01:36:18,870

more shows would would steal that from

2021

01:36:23,060 --> 01:36:21,000

them frankly well in the and the aliens

2022

01:36:26,070 --> 01:36:23,070

are ancient as opposed to the ones

2023

01:36:28,050 --> 01:36:26,080

coming into your bedroom on Friday night

2024

01:36:31,350 --> 01:36:28,060

you know I have no problem with that so

2025

01:36:34,050 --> 01:36:31,360

it is it has introduced the subject

2026

01:36:36,510 --> 01:36:34,060

I don't want old millions of people in a

2027

01:36:38,760 --> 01:36:36,520

comfortable way entertaining interesting

2028

01:36:42,030 --> 01:36:38,770

it has explored these ancient

2029

01:36:44,130 --> 01:36:42,040

connections which I think are real you

2030

01:36:45,560 --> 01:36:44,140

know it's all are all of the assertions

2031

01:36:48,420 --> 01:36:45,570

that they're making on the show gonna

2032

01:36:51,660 --> 01:36:48,430

prove true now of course not most of

2033

01:36:54,450 --> 01:36:51,670

them were some of them will but the show

2034

01:36:57,060 --> 01:36:54,460

is I think you know been a bit of huge

2035

01:36:58,770 --> 01:36:57,070

asset and I'm just pleased to finally

2036

01:37:03,330 --> 01:36:58,780

get on it after twelve years you know I

2037

01:37:04,200 --> 01:37:03,340

mean I figure yeah patience and if

2038

01:37:06,270 --> 01:37:04,210

they're if they're gonna start

2039

01:37:09,360 --> 01:37:06,280

emphasizing disclosure all the better I

2040

01:37:12,420 --> 01:37:09,370

mean believe me there are plenty of

2041

01:37:15,480 --> 01:37:12,430

people in Oregon is a look in the space

2042

01:37:19,020 --> 01:37:15,490

of just ten days back in January I got I

2043

01:37:21,690 --> 01:37:19,030

got calls from three showrunners two two

2044

01:37:24,690 --> 01:37:21,700

related to the History Channel saying

2045

01:37:27,380 --> 01:37:24,700

you know we're doing a show and it's

2046

01:37:29,670 --> 01:37:27,390

gonna have an emphasis on disclosure

2047

01:37:30,360 --> 01:37:29,680

well and we're wondering if you want to

2048

01:37:32,040 --> 01:37:30,370

be part of it

2049

01:37:33,810 --> 01:37:32,050

let me tell you I wasn't getting calls

2050

01:37:35,460 --> 01:37:33,820

like that before and so you've got

2051
01:37:38,100 --> 01:37:35,470
you've got and you've got you've got a

2052
01:37:40,050 --> 01:37:38,110
series soul too History Channel by Bob

2053
01:37:42,930 --> 01:37:40,060
Zemeckis major player in Hollywood

2054
01:37:45,840 --> 01:37:42,940
a-lister on Blue Book

2055
01:37:48,300 --> 01:37:45,850
look their producers and directors

2056
01:37:50,010 --> 01:37:48,310
writers and shows and organizations and

2057
01:37:52,980 --> 01:37:50,020
corporations out there that smell

2058
01:37:56,010 --> 01:37:52,990
disclosure coming and they want to get

2059
01:37:57,120 --> 01:37:56,020
on the bandwagon excitement is raising

2060
01:38:00,120 --> 01:37:57,130
and if it wasn't for the political

2061
01:38:02,790 --> 01:38:00,130
Maelstrom we're in I'm telling you this

2062
01:38:05,130 --> 01:38:02,800
issue would be really on fire but

2063
01:38:07,500 --> 01:38:05,140

nevertheless it's still intensifying

2064

01:38:08,490 --> 01:38:07,510

very rapidly people want to get involved

2065

01:38:12,390 --> 01:38:08,500

they want to be part of it

2066

01:38:15,090 --> 01:38:12,400

fantastic so that's why the alien Cohn

2067

01:38:16,650 --> 01:38:15,100

probably is going to be huge this year I

2068

01:38:18,510 --> 01:38:16,660

just can't imagine how many people are

2069

01:38:24,690 --> 01:38:18,520

coming to Pasadena it's gonna be a big

2070

01:38:26,820 --> 01:38:24,700

number and that's great and keep doing

2071

01:38:29,760 --> 01:38:26,830

what you're doing you know because this

2072

01:38:34,080 --> 01:38:29,770

is only just beginning guys we haven't

2073

01:38:36,570 --> 01:38:34,090

even seen the kind of intensity that

2074

01:38:38,940 --> 01:38:36,580

ultimately we're going to see so we've

2075

01:38:40,109 --> 01:38:38,950

seen the a tip of the iceberg would that

2076

01:38:43,419 --> 01:38:40,119

be

2077

01:38:45,220 --> 01:38:43,429

very clever of you sir yes we have seen

2078

01:38:48,459 --> 01:38:45,230

the 8 tip I'm gonna use I'm gonna steal

2079

01:38:52,149 --> 01:38:48,469

that that's no problem no concealer for

2080

01:38:54,220 --> 01:38:52,159

any con yes ok well stiva thank you so

2081

01:38:56,229 --> 01:38:54,230
