

**DR. JOSEPH BURKES ON:  
THE HISTORY OF THE  
CONTACT MOVEMENT AND  
THE CONNECTION BETWEEN  
UFOS AND PSYCHIC  
PHENOMENON.**

1  
00:01:07,660 --> 00:00:40,380

[Music]

2  
00:01:13,100 --> 00:01:10,460  
and good morning from Philadelphia Frank

3  
00:01:16,460 --> 00:01:13,110  
here and James coming here from

4  
00:01:18,820 --> 00:01:16,470  
Westchester New York and Burke's from

5  
00:01:25,840 --> 00:01:18,830  
Eureka California

6  
00:01:29,840 --> 00:01:25,850  
so today today dr. Joseph Burke's

7  
00:01:31,760 --> 00:01:29,850  
and I'm hoping to introduce dr. Burke

8  
00:01:34,760 --> 00:01:31,770  
saw a lot of people in the UFO community

9  
00:01:36,700 --> 00:01:34,770  
because dr. Burke's has done some

10  
00:01:39,680 --> 00:01:36,710  
amazing work especially regarding

11  
00:01:42,499 --> 00:01:39,690  
contactees and and theories that are

12  
00:01:45,020 --> 00:01:42,509  
involved in the contact experience dr.

13  
00:01:46,190 --> 00:01:45,030

Burke's obviously is a doctor but he

14

00:01:48,410 --> 00:01:46,200

also has a very interesting background

15

00:01:52,749 --> 00:01:48,420

in the peace and social justice

16

00:01:56,330 --> 00:01:52,759

movements dr. burst you want to just

17

00:01:59,630 --> 00:01:56,340

give yourself a solid intro and and

18

00:02:02,120 --> 00:01:59,640

discuss some of your background in both

19

00:02:04,130 --> 00:02:02,130

the the beginning of how you got into

20

00:02:08,150 --> 00:02:04,140

contact and the contact work and the

21

00:02:10,330 --> 00:02:08,160

contact movement and your work and the

22

00:02:14,060 --> 00:02:10,340

peace and social justice movements sure

23

00:02:16,460 --> 00:02:14,070

first of all I'd like to thank Frank and

24

00:02:20,690 --> 00:02:16,470

James for inviting beyond UFO network

25

00:02:23,420 --> 00:02:20,700

news and or the news network I should

26

00:02:26,500 --> 00:02:23,430

say perhaps you Fon

27

00:02:30,110 --> 00:02:26,510

it's a special pleasure for me because

28

00:02:34,820 --> 00:02:30,120

this is a radio show that's done by

29

00:02:38,390 --> 00:02:34,830

contact activists and in support of a

30

00:02:40,940 --> 00:02:38,400

vast network of people who are willfully

31

00:02:43,640 --> 00:02:40,950

going out engaging UFO intelligence in

32

00:02:48,470 --> 00:02:43,650

the course of field work and other kinds

33

00:02:51,590 --> 00:02:48,480

of activities and so about myself I was

34

00:02:55,640 --> 00:02:51,600

born and raised in Manhattan and then

35

00:02:58,580 --> 00:02:55,650

50s and 60s I was active in various

36

00:03:01,640 --> 00:02:58,590

peace and social justice movements the

37

00:03:03,080 --> 00:03:01,650

way back in the nineteen 1962 the United

38

00:03:07,400 --> 00:03:03,090

States and Russia when doing nuclear

39

00:03:08,840 --> 00:03:07,410

testing and I was a little boy like tens

40

00:03:12,350 --> 00:03:08,850

of millions of children all over the

41

00:03:14,390 --> 00:03:12,360

planet we're having exposures to

42

00:03:16,820 --> 00:03:14,400

radioactive materials that were from the

43

00:03:19,250 --> 00:03:16,830

testing of enormous hydrogen bomb

44

00:03:21,650 --> 00:03:19,260

so even at an early age because of the

45

00:03:25,070 --> 00:03:21,660

social activism in my family I was on

46

00:03:26,660 --> 00:03:25,080

the street saying ban the bum and end to

47

00:03:29,090 --> 00:03:26,670

atmospheric testing which was a

48

00:03:33,590 --> 00:03:29,100

successful struggle led primarily by

49

00:03:36,860 --> 00:03:33,600

women and in 1962 and 63 it was

50

00:03:39,230 --> 00:03:36,870

negotiated a nuclear test ban stopping

51  
00:03:42,740 --> 00:03:39,240  
the testing of hydrogen bombs in the

52  
00:03:44,510 --> 00:03:42,750  
atmosphere and reducing the risk of

53  
00:03:46,610 --> 00:03:44,520  
radioactive contamination to millions of

54  
00:03:49,700 --> 00:03:46,620  
children who were getting exposed to the

55  
00:03:54,230 --> 00:03:49,710  
radioactivity through with a milk in the

56  
00:03:57,020 --> 00:03:54,240  
food cycle so I was also active in the

57  
00:03:59,420 --> 00:03:57,030  
physicians anti-nuclear movement power

58  
00:04:01,190 --> 00:03:59,430  
of American affiliate of the

59  
00:04:02,660 --> 00:04:01,200  
International physicians for the

60  
00:04:04,670 --> 00:04:02,670  
Prevention of nuclear war that was the

61  
00:04:08,570 --> 00:04:04,680  
name of our organization American

62  
00:04:12,050 --> 00:04:08,580  
affiliate was the emissions for Social

63  
00:04:14,630 --> 00:04:12,060

Responsibility PSR and I was active in a

64

00:04:18,050 --> 00:04:14,640

campaign liberating the public about the

65

00:04:19,820 --> 00:04:18,060

dangers of nuclear arms race and unsafe

66

00:04:24,260 --> 00:04:19,830

nuclear technologies in the civilian

67

00:04:26,570 --> 00:04:24,270

sector as well so we as part of that

68

00:04:29,450 --> 00:04:26,580

international movement we were awarded

69

00:04:32,240 --> 00:04:29,460

the Nobel Peace Prize for this

70

00:04:34,010 --> 00:04:32,250

international movement of doctors both

71

00:04:38,630 --> 00:04:34,020

on both sides of the Iron Curtain and

72

00:04:42,380 --> 00:04:38,640

former Eastern Soviet bloc and now also

73

00:04:44,330 --> 00:04:42,390

in the West we were informing the public

74

00:04:47,750 --> 00:04:44,340

about the dangers of nuclear war and

75

00:04:50,659 --> 00:04:47,760

meeting and with government officials to

76

00:04:52,820 --> 00:04:50,669

alert them that there was no cure for

77

00:04:55,100 --> 00:04:52,830

nuclear war there was only prevention

78

00:04:58,340 --> 00:04:55,110

and we must prevent what we cannot cure

79

00:05:01,100 --> 00:04:58,350

so what was the social medicine program

80

00:05:04,490 --> 00:05:01,110

made large we called ourselves citizen

81

00:05:06,110 --> 00:05:04,500

diplomats and we went to the so former

82

00:05:07,970 --> 00:05:06,120

Soviet Union I was there several times

83

00:05:11,350 --> 00:05:07,980

and peace missions meeting with the

84

00:05:16,940 --> 00:05:11,360

Soviet doctors and so when I heard about

85

00:05:20,530 --> 00:05:16,950

dr. Steven Greer in 1992 at UFO Expo s

86

00:05:24,920 --> 00:05:20,540

where I attended my first UFO meeting I

87

00:05:27,350 --> 00:05:24,930

saw this tall bearded doctor who shared

88

00:05:30,290 --> 00:05:27,360

the same vocation as I he we both were

89

00:05:31,700 --> 00:05:30,300

working ER at the time emergency room

90

00:05:34,520 --> 00:05:31,710

and he said he had a citizen's

91

00:05:38,630 --> 00:05:34,530

diplomatic initiative not to the

92

00:05:41,360 --> 00:05:38,640

Russians to prevent nuclear war but to

93

00:05:42,440 --> 00:05:41,370

the intelligence behind the UFO

94

00:05:47,050 --> 00:05:42,450

phenomena which he called

95

00:05:49,750 --> 00:05:47,060

extraterrestrial and I signed up and

96

00:05:53,660 --> 00:05:49,760

attended one of the workshops he gave

97

00:05:56,270 --> 00:05:53,670

and I saw my first UFO which was very

98

00:05:57,860 --> 00:05:56,280

exciting and I was reading on the

99

00:06:02,210 --> 00:05:57,870

subject for a year I was hooked I was

100

00:06:05,270 --> 00:06:02,220

excited and I was delegated I was

101  
00:06:07,010 --> 00:06:05,280  
designated I should say the working

102  
00:06:09,530 --> 00:06:07,020  
group coordinator for the Los Angeles

103  
00:06:12,050 --> 00:06:09,540  
ce-5 that's Close Encounters of the

104  
00:06:14,420 --> 00:06:12,060  
fifth kind initiative human initiated

105  
00:06:17,780 --> 00:06:14,430  
human empowered contact with what we

106  
00:06:19,100 --> 00:06:17,790  
believed were extraterrestrials so

107  
00:06:22,490 --> 00:06:19,110  
that's in a nutshell

108  
00:06:24,470 --> 00:06:22,500  
the story of my involvement I could go

109  
00:06:27,220 --> 00:06:24,480  
into more detail about the civil rights

110  
00:06:30,350 --> 00:06:27,230  
movement the desegregation

111  
00:06:32,780 --> 00:06:30,360  
demonstrations and boycotts and all

112  
00:06:35,450 --> 00:06:32,790  
other activities I did in the 60s I also

113  
00:06:39,500 --> 00:06:35,460

worked with trade unionists to make the

114

00:06:41,120 --> 00:06:39,510

workplace a better place by working on

115

00:06:44,090 --> 00:06:41,130

the issue of occupational health and

116

00:06:46,460 --> 00:06:44,100

safety so I have a long history of peace

117

00:06:50,830 --> 00:06:46,470

and social justice movement activities

118

00:06:56,090 --> 00:06:50,840

like trade unions peace civil rights

119

00:06:58,370 --> 00:06:56,100

environment and anti-nuclear so yes I

120

00:07:00,680 --> 00:06:58,380

guess in a nutshell something up about

121

00:07:03,230 --> 00:07:00,690

thirty years of contact activism I

122

00:07:06,260 --> 00:07:03,240

should say 40 years of political

123

00:07:09,830 --> 00:07:06,270

activism and 25 years of contact

124

00:07:11,990 --> 00:07:09,840

activism so dr. Joe let's why don't we

125

00:07:13,430 --> 00:07:12,000

get into the beginning years of cset II

126

00:07:15,320 --> 00:07:13,440

and when you were involved in the

127

00:07:19,490 --> 00:07:15,330

fieldwork and and your own working group

128

00:07:22,070 --> 00:07:19,500

and also your you know upon doing that

129

00:07:26,750 --> 00:07:22,080

your discovery of prime contactees and

130

00:07:29,590 --> 00:07:26,760

their role in the contact movement right

131

00:07:32,860 --> 00:07:29,600

first of all I'd like to say that Oh

132

00:07:36,680 --> 00:07:32,870

having been part of what I would call

133

00:07:38,150 --> 00:07:36,690

fully developed social movements I'm

134

00:07:40,220 --> 00:07:38,160

talking to the civil rights movement

135

00:07:43,129 --> 00:07:40,230

when millions of people are involved the

136

00:07:46,399 --> 00:07:43,139

anti-vietnam war that

137

00:07:48,469 --> 00:07:46,409

mobilized the whole country on every

138

00:07:51,170 --> 00:07:48,479

part to demonstrate approach as the war

139

00:07:54,409 --> 00:07:51,180

that was a social movement what I think

140

00:07:56,629 --> 00:07:54,419

we have now is something that's you

141

00:07:59,360 --> 00:07:56,639

might call a proto movement sort of like

142

00:08:00,080 --> 00:07:59,370

for people who remember their biology in

143

00:08:03,409 --> 00:08:00,090

high school

144

00:08:05,779 --> 00:08:03,419

protoplasm is what exists in the cell

145

00:08:08,209 --> 00:08:05,789

separate from the nucleus and it allows

146

00:08:11,740 --> 00:08:08,219

the existence of life well the word

147

00:08:14,689 --> 00:08:11,750

proto prefix something that is

148

00:08:17,149 --> 00:08:14,699

developing it has the potential so we

149

00:08:22,459 --> 00:08:17,159

are not a social movement at this point

150

00:08:24,219 --> 00:08:22,469

contact actors form a network and we're

151

00:08:28,100 --> 00:08:24,229

in what I imagine is the

152

00:08:29,719 --> 00:08:28,110

consciousness-raising phase when

153

00:08:32,540 --> 00:08:29,729

sufficient numbers of people who are

154

00:08:34,519 --> 00:08:32,550

having contact experiences and then

155

00:08:37,100 --> 00:08:34,529

willfully going out and engaging the

156

00:08:42,319 --> 00:08:37,110

phenomena when this becomes worldwide

157

00:08:44,060 --> 00:08:42,329

movement that is organized both at the

158

00:08:45,620 --> 00:08:44,070

grassroots and with national

159

00:08:48,290 --> 00:08:45,630

international organizations that would

160

00:08:49,880 --> 00:08:48,300

be a true social movement so I think

161

00:08:53,180 --> 00:08:49,890

we're a network now of a contact

162

00:08:56,870 --> 00:08:53,190

activist in terms of the beat that the

163

00:09:00,259 --> 00:08:56,880

early days what can I say except it was

164

00:09:03,079 --> 00:09:00,269

a very exciting endeavor along with

165

00:09:06,590 --> 00:09:03,089

helping my wife raise children back in

166

00:09:09,889 --> 00:09:06,600

the 90s they're still growing up to

167

00:09:11,210 --> 00:09:09,899

teenagers and as alongside my work as a

168

00:09:13,040 --> 00:09:11,220

physician I'm an internal medicine

169

00:09:17,329 --> 00:09:13,050

physician but I also worked many years

170

00:09:19,490 --> 00:09:17,339

in the EPR emergency room along with

171

00:09:22,730 --> 00:09:19,500

those two activities being in the

172

00:09:24,880 --> 00:09:22,740

contact network was one of the three

173

00:09:28,970 --> 00:09:24,890

most exciting endeavors of my life

174

00:09:31,880 --> 00:09:28,980

because we were actually going out into

175

00:09:33,920 --> 00:09:31,890

the field following a protocol that was

176

00:09:37,340 --> 00:09:33,930

designed by dr. Steven Greer and his

177

00:09:40,519 --> 00:09:37,350

assistant sherry adamak and we were

178

00:09:43,040 --> 00:09:40,529

using a protocol thought projection and

179

00:09:44,750 --> 00:09:43,050

other techniques to interact with the

180

00:09:47,090 --> 00:09:44,760

intelligence behind the phenomenon

181

00:09:49,579 --> 00:09:47,100

because they would actually show up for

182

00:09:51,050 --> 00:09:49,589

us when we were in the field and we

183

00:09:53,329 --> 00:09:51,060

would have limited interactions

184

00:09:56,340 --> 00:09:53,339

sometimes signaling with lights was also

185

00:10:00,290 --> 00:09:56,350

telepathic communication and

186

00:10:04,530 --> 00:10:00,300

I was doing this work for about a year

187

00:10:06,840 --> 00:10:04,540

when in the emergency room a young EKG

188

00:10:08,940 --> 00:10:06,850

tech who emigrated from the former

189

00:10:10,590 --> 00:10:08,950

Soviet Union I'm gonna call him Mischa

190

00:10:14,670 --> 00:10:10,600

that's not his real name it's a

191

00:10:17,940 --> 00:10:14,680

pseudonym and a young EKG tech who have

192

00:10:22,530 --> 00:10:17,950

been working for about a year told me

193

00:10:24,860 --> 00:10:22,540

who I was who he was he said that he was

194

00:10:27,900 --> 00:10:24,870

a high-level contact D it had many

195

00:10:31,440 --> 00:10:27,910

sightings and what he remembered as an

196

00:10:33,980 --> 00:10:31,450

onboard experience as well and he was

197

00:10:40,350 --> 00:10:33,990

interested in joining our contact team

198

00:10:42,840 --> 00:10:40,360

and I asked him what was his interest

199

00:10:45,510 --> 00:10:42,850

how he got involved and he said that

200

00:10:47,130 --> 00:10:45,520

before he had emigrated to the United

201  
00:10:50,330 --> 00:10:47,140  
States back and this is we're going back

202  
00:10:53,070 --> 00:10:50,340  
now nineteen eight ninety one ninety two

203  
00:10:56,850 --> 00:10:53,080  
before he had emigrated he had had a

204  
00:11:00,390 --> 00:10:56,860  
very vivid dream in which he saw himself

205  
00:11:02,880 --> 00:11:00,400  
traveling to the United States getting a

206  
00:11:08,750 --> 00:11:02,890  
job in a health care setting working

207  
00:11:11,220 --> 00:11:08,760  
with a tall bearded Jewish doctor who

208  
00:11:14,040 --> 00:11:11,230  
was working in the emergency room and

209  
00:11:15,390 --> 00:11:14,050  
with whom he would do contact work and

210  
00:11:19,050 --> 00:11:15,400  
he told me that when he came to the

211  
00:11:20,610 --> 00:11:19,060  
emergency room a year before he revealed

212  
00:11:23,280 --> 00:11:20,620  
who he was and he's just working there

213  
00:11:27,990 --> 00:11:23,290

as EKG tech dose was studying to become

214

00:11:32,220 --> 00:11:28,000

an RN registered nurse he saw me in the

215

00:11:34,680 --> 00:11:32,230

ER and I was the man of the dream which

216

00:11:37,740 --> 00:11:34,690

it was kind of well it's quite an

217

00:11:39,990 --> 00:11:37,750

impressive story of true and I should

218

00:11:42,690 --> 00:11:40,000

say that as the medical student a

219

00:11:44,280 --> 00:11:42,700

pre-medical student young dr. Burks I'd

220

00:11:46,440 --> 00:11:44,290

always wanted to be the man of the

221

00:11:48,030 --> 00:11:46,450

dreams of perhaps beautiful nurse or

222

00:11:52,700 --> 00:11:48,040

before I got married

223

00:11:54,840 --> 00:11:52,710

co-ed when it was an undergraduate and I

224

00:11:58,020 --> 00:11:54,850

didn't expect to be the man of the

225

00:12:00,240 --> 00:11:58,030

dreams of a Russian contact D it was

226

00:12:05,280 --> 00:12:00,250

working in my emergency room so I wanna

227

00:12:09,750 --> 00:12:05,290

see sort of irony there so I asked I

228

00:12:11,400 --> 00:12:09,760

asked Misha I said well why why did you

229

00:12:14,190 --> 00:12:11,410

wait a year you've been working here for

230

00:12:15,710 --> 00:12:14,200

a year and before we revealed who you

231

00:12:18,120 --> 00:12:15,720

were I was going out in the field

232

00:12:21,120 --> 00:12:18,130

developing my confidence as a team

233

00:12:23,040 --> 00:12:21,130

leader and having you know certain

234

00:12:26,340 --> 00:12:23,050

exciting experiences in terms of

235

00:12:28,490 --> 00:12:26,350

fieldwork but why did he wait a year and

236

00:12:30,420 --> 00:12:28,500

he said because you weren't ready yet

237

00:12:33,690 --> 00:12:30,430

and that was sort of a chilling

238

00:12:37,290 --> 00:12:33,700

statement because it immediately alerted

239

00:12:40,860 --> 00:12:37,300

to me the possibility that he as many

240

00:12:43,290 --> 00:12:40,870

other high-level contactees are were in

241

00:12:45,900 --> 00:12:43,300

direct telepathic communication with the

242

00:12:49,410 --> 00:12:45,910

intelligence behind the phenomenon and I

243

00:12:50,880 --> 00:12:49,420

realizes his importance when we went out

244

00:12:53,480 --> 00:12:50,890

into the fields for the first time

245

00:12:58,680 --> 00:12:53,490

together and six other investigators in

246

00:13:01,800 --> 00:12:58,690

October of 1993 and I had my first

247

00:13:07,280 --> 00:13:01,810

telepathic override in which I was

248

00:13:10,620 --> 00:13:07,290

alerted via communication that's

249

00:13:12,270 --> 00:13:10,630

extrasensory perception that a UFO was

250

00:13:15,900 --> 00:13:12,280

going to show up for our team out in the

251  
00:13:19,500 --> 00:13:15,910  
desert I had been meditating I got what

252  
00:13:21,600 --> 00:13:19,510  
was called a contact download and it

253  
00:13:24,120 --> 00:13:21,610  
told me to am one craft

254  
00:13:27,030 --> 00:13:24,130  
coming in from the Northwest and sure

255  
00:13:31,710 --> 00:13:27,040  
enough just as scheduled and were

256  
00:13:34,440 --> 00:13:31,720  
predicted UFO showed up at 2 a.m. at

257  
00:13:37,140 --> 00:13:34,450  
Joshua Tree in the Northwest black orb I

258  
00:13:39,300 --> 00:13:37,150  
should see a red glowing orb and it was

259  
00:13:44,370 --> 00:13:39,310  
moving at a tremendous speed no sound

260  
00:13:47,450 --> 00:13:44,380  
whatsoever so so the I realized that

261  
00:13:50,130 --> 00:13:47,460  
there are people who are out there

262  
00:13:51,780 --> 00:13:50,140  
forming contact teams or participating

263  
00:13:54,510 --> 00:13:51,790

contact teams who were very high level

264

00:13:59,400 --> 00:13:54,520

contact is dr. Steven Greer is another

265

00:14:01,320 --> 00:13:59,410

example and this is the concept of prime

266

00:14:04,680 --> 00:14:01,330

contact he came to me when I realized

267

00:14:07,620 --> 00:14:04,690

there were certain features that they

268

00:14:09,510 --> 00:14:07,630

shared in common one of which was the

269

00:14:11,100 --> 00:14:09,520

people who are designated as prime

270

00:14:13,440 --> 00:14:11,110

contact East people who believe that

271

00:14:15,900 --> 00:14:13,450

they're in contact or communication with

272

00:14:20,090 --> 00:14:15,910

extraterrestrial intelligence II presume

273

00:14:23,010 --> 00:14:20,100

to know of the intelligence behind UFO

274

00:14:25,620 --> 00:14:23,020

phenomena that these

275

00:14:28,800 --> 00:14:25,630

people contact these prime contactees

276

00:14:31,620 --> 00:14:28,810

are recruited by flying saucer

277

00:14:34,950 --> 00:14:31,630

intelligence a relatively early age for

278

00:14:37,920 --> 00:14:34,960

with no apparent adult supervision they

279

00:14:39,690 --> 00:14:37,930

engage in meditation at a young age

280

00:14:43,140 --> 00:14:39,700

either as a teenager a young adult

281

00:14:46,770 --> 00:14:43,150

become very adept at meditation which

282

00:14:50,940 --> 00:14:46,780

facilitates telepathic communication and

283

00:14:54,050 --> 00:14:50,950

my opinion and they would also have the

284

00:14:58,530 --> 00:14:54,060

capacity to request UFO sightings and

285

00:14:59,850 --> 00:14:58,540

UFOs would appear and it's very

286

00:15:02,280 --> 00:14:59,860

important to note that this would happen

287

00:15:04,020 --> 00:15:02,290

in the presence of others demonstrating

288

00:15:05,430 --> 00:15:04,030

to other people that they had this

289

00:15:07,770 --> 00:15:05,440

special relationship with me or

290

00:15:13,400 --> 00:15:07,780

intelligence and the prompt contact

291

00:15:17,060 --> 00:15:13,410

these form groups and they are full of

292

00:15:18,720 --> 00:15:17,070

shall we say idealistic messages of

293

00:15:20,310 --> 00:15:18,730

wanting to reach out to the

294

00:15:23,570 --> 00:15:20,320

extraterrestrials on the basis of peace

295

00:15:26,370 --> 00:15:23,580

and cooperation and solidarity and so

296

00:15:29,160 --> 00:15:26,380

that was by meeting people like Misha

297

00:15:30,450 --> 00:15:29,170

and then dr. Greer who founded the

298

00:15:34,320 --> 00:15:30,460

Center for the Study of extraterrestrial

299

00:15:35,970 --> 00:15:34,330

intelligence and initiated the Close

300

00:15:37,680 --> 00:15:35,980

Encounters of the fifth kind initiative

301  
00:15:41,190 --> 00:15:37,690  
in which I became a working the

302  
00:15:43,650 --> 00:15:41,200  
coordinator for these individuals play a

303  
00:15:47,430 --> 00:15:43,660  
very important role but they're part of

304  
00:15:49,670 --> 00:15:47,440  
a spectrum of people who are in contact

305  
00:15:52,020 --> 00:15:49,680  
and communication although they have

306  
00:15:53,880 --> 00:15:52,030  
special skills that they've been brought

307  
00:15:58,920 --> 00:15:53,890  
along with by their contact with the

308  
00:16:01,680 --> 00:15:58,930  
alleged et's they're providing

309  
00:16:04,080 --> 00:16:01,690  
leadership but all contact experiences

310  
00:16:07,380 --> 00:16:04,090  
who are joining our network have a very

311  
00:16:10,560 --> 00:16:07,390  
important role to play and the sense of

312  
00:16:14,820 --> 00:16:10,570  
mission for peace and cooperation and

313  
00:16:17,220 --> 00:16:14,830

solidarity is something that we all in

314

00:16:19,530 --> 00:16:17,230

the network share and there it's an

315

00:16:21,030 --> 00:16:19,540

international movement or I used the

316

00:16:26,910 --> 00:16:21,040

word move and I said an international

317

00:16:29,070 --> 00:16:26,920

effort and I met people in drama

318

00:16:31,800 --> 00:16:29,080

who's the that's the Peruvian contact

319

00:16:35,100 --> 00:16:31,810

network that was established in 1974 and

320

00:16:36,360 --> 00:16:35,110

so I was able to meet with people from

321

00:16:40,620 --> 00:16:36,370

all over the world by

322

00:16:42,960 --> 00:16:40,630

I work with cset II as well as Rama the

323

00:16:45,750 --> 00:16:42,970

mission Rama the peruvian contact these

324

00:16:48,800 --> 00:16:45,760

that were established around the

325

00:16:52,590 --> 00:16:48,810

leadership of six opus wells young

326

00:16:56,010 --> 00:16:52,600

student in lima peru as well as many of

327

00:16:58,290 --> 00:16:56,020

his other activist supporters so i I did

328

00:17:01,440 --> 00:16:58,300

describe briefly with the prime contact

329

00:17:03,840 --> 00:17:01,450

these are but there's much more to share

330

00:17:06,000 --> 00:17:03,850

in terms of the initial activities of

331

00:17:08,309 --> 00:17:06,010

our working groups that allowed me to

332

00:17:14,520 --> 00:17:08,319

learn a tremendous amount about the

333

00:17:16,799 --> 00:17:14,530

phenomena also arm you know in your in

334

00:17:19,770 --> 00:17:16,809

your all this work in the in the field

335

00:17:21,380 --> 00:17:19,780

and doing the contact work with Si Sethi

336

00:17:24,199 --> 00:17:21,390

and some of the rama members you also

337

00:17:27,740 --> 00:17:24,209

came up with some interesting theories

338

00:17:33,390 --> 00:17:27,750

one was the the virtual reality

339

00:17:35,549 --> 00:17:33,400

hypothesis the experience where the UFO

340

00:17:38,430 --> 00:17:35,559

intelligence or presumably

341

00:17:42,900 --> 00:17:38,440

extraterrestrials could create almost a

342

00:17:44,640 --> 00:17:42,910

simulation that was almost like a

343

00:17:47,880 --> 00:17:44,650

virtual reality experience

344

00:17:50,250 --> 00:17:47,890

do we want to talk about that we can get

345

00:17:53,610 --> 00:17:50,260

mm-hmm and then get maybe more into the

346

00:17:55,830 --> 00:17:53,620

fieldwork investigations later you're

347

00:17:57,330 --> 00:17:55,840

you're going right to the heart of the

348

00:18:00,780 --> 00:17:57,340

matter James I just want to say you're

349

00:18:03,900 --> 00:18:00,790

not pulling any punches to explain on

350

00:18:06,510 --> 00:18:03,910

the radio some challenging concepts that

351

00:18:10,260 --> 00:18:06,520

have come to me through 25 years of

352

00:18:12,630 --> 00:18:10,270

contact work so often when I talk on

353

00:18:15,210 --> 00:18:12,640

radio and give public addresses I share

354

00:18:17,940 --> 00:18:15,220

a lot of autobiographical material this

355

00:18:20,400 --> 00:18:17,950

is this is a different type of situation

356

00:18:22,680 --> 00:18:20,410

because I'm talking to contact activists

357

00:18:25,169 --> 00:18:22,690

you and Frank well quite a bit about the

358

00:18:27,150 --> 00:18:25,179

field and I do very much appreciate your

359

00:18:29,430 --> 00:18:27,160

giving me the opportunity to get right

360

00:18:34,080 --> 00:18:29,440

into some of these but I imagine our

361

00:18:36,810 --> 00:18:34,090

advanced concepts well I should say that

362

00:18:40,320 --> 00:18:36,820

with Misha are now part of our team in

363

00:18:44,010 --> 00:18:40,330

1993 the level of contact that we

364

00:18:47,700 --> 00:18:44,020

experienced went way up they prod

365

00:18:50,040 --> 00:18:47,710

contact these when they're in close

366

00:18:51,180 --> 00:18:50,050

communication with UFO encounters

367

00:18:54,030 --> 00:18:51,190

when you go out in the field with them

368

00:18:56,700 --> 00:18:54,040

dr. Greer in the early days maybe less

369

00:19:00,240 --> 00:18:56,710

so in subsequent years but in the early

370

00:19:03,120 --> 00:19:00,250

days dr. Greer was a focus of attention

371

00:19:05,010 --> 00:19:03,130

of the UFO phenomena practically

372

00:19:07,710 --> 00:19:05,020

wherever he went

373

00:19:09,710 --> 00:19:07,720

UFOs showed up I mean in his

374

00:19:12,570 --> 00:19:09,720

neighborhood in Asheville North Carolina

375

00:19:15,420 --> 00:19:12,580

when he was traveling to West Palm Beach

376

00:19:18,030 --> 00:19:15,430

right so my first UFO one of his

377

00:19:20,460 --> 00:19:18,040

workshops in June of 1992 he traveled

378

00:19:24,480 --> 00:19:20,470

around the country giving lectures UFOs

379

00:19:26,960 --> 00:19:24,490

would show up and so it's not only the

380

00:19:30,900 --> 00:19:26,970

protocols that the contactees are

381

00:19:33,540 --> 00:19:30,910

following that brings in the phenomenon

382

00:19:36,180 --> 00:19:33,550

for interaction it's also mm-hmm very

383

00:19:37,950 --> 00:19:36,190

much the people that you're with and if

384

00:19:41,370 --> 00:19:37,960

you're with a group of experiencers who

385

00:19:43,830 --> 00:19:41,380

have had a long history of involvement

386

00:19:45,960 --> 00:19:43,840

with a phenomena or with a prime contact

387

00:19:47,520 --> 00:19:45,970

D who has a direct telepathic

388

00:19:51,120 --> 00:19:47,530

communication and my judgment with the

389

00:19:53,010 --> 00:19:51,130

phenomena you are very likely to have a

390

00:19:54,810 --> 00:19:53,020

sighting and that's what we had when we

391

00:19:57,480 --> 00:19:54,820

went out in the field with Misha

392

00:20:01,650 --> 00:19:57,490

practically every single time Golden

393

00:20:05,700 --> 00:20:01,660

Globes red orbs we even had a couple of

394

00:20:08,190 --> 00:20:05,710

sightings of would look like disks all

395

00:20:12,660 --> 00:20:08,200

these things are more likely to occur if

396

00:20:17,400 --> 00:20:12,670

your team is united in terms of a sense

397

00:20:20,040 --> 00:20:17,410

of cohesion personally in terms of the

398

00:20:24,000 --> 00:20:20,050

goal of this mission for peace and

399

00:20:26,360 --> 00:20:24,010

international solidarity but also with

400

00:20:29,070 --> 00:20:26,370

the people who have had ongoing

401  
00:20:32,100 --> 00:20:29,080  
interactions so I used to make a joke

402  
00:20:34,170 --> 00:20:32,110  
about the contact network you know they

403  
00:20:38,010 --> 00:20:34,180  
say in Hollywood if you want to get

404  
00:20:40,440 --> 00:20:38,020  
ahead it's not what you know in terms of

405  
00:20:43,170 --> 00:20:40,450  
being an artist or a rector it's who you

406  
00:20:46,410 --> 00:20:43,180  
know in terms of a Hollywood hierarchy

407  
00:20:49,560 --> 00:20:46,420  
and so the same applies in some ways to

408  
00:20:51,540 --> 00:20:49,570  
the contact network you can read about

409  
00:20:54,270 --> 00:20:51,550  
the phenomena for years you can meditate

410  
00:20:56,220 --> 00:20:54,280  
and you can have the desire for

411  
00:20:58,050 --> 00:20:56,230  
sightings but having a high-level

412  
00:21:00,990 --> 00:20:58,060  
contact you being in a group where

413  
00:21:02,610 --> 00:21:01,000

multiple experiences are increases the

414

00:21:04,019 --> 00:21:02,620

probability you're going to have

415

00:21:09,810 --> 00:21:04,029

sightings and other and

416

00:21:13,440 --> 00:21:09,820

your actions so in 1993 I had with me

417

00:21:14,849 --> 00:21:13,450

Misha Goldman I'll call him and we work

418

00:21:16,440 --> 00:21:14,859

together and there were many other

419

00:21:21,209 --> 00:21:16,450

people in our medical center who were

420

00:21:23,669 --> 00:21:21,219

part of the team and we are doing

421

00:21:25,560 --> 00:21:23,679

fieldwork intensively oh I'm talking

422

00:21:29,009 --> 00:21:25,570

about going out initially for the first

423

00:21:31,310 --> 00:21:29,019

year at least once a week and then in

424

00:21:35,009 --> 00:21:31,320

the subsequent years perhaps less often

425

00:21:38,609 --> 00:21:35,019

once or twice once or every two months

426  
00:21:40,019 --> 00:21:38,619  
we used Joshua Tree was that a national

427  
00:21:44,099 --> 00:21:40,029  
monument itself not only became a

428  
00:21:46,950 --> 00:21:44,109  
national park we used Joshua Joshua Tree

429  
00:21:48,899 --> 00:21:46,960  
which is the high desert outside of Los

430  
00:21:51,930 --> 00:21:48,909  
Angeles and Bernardino area

431  
00:21:54,659 --> 00:21:51,940  
it's a 4,000 foot elevation

432  
00:21:57,359 --> 00:21:54,669  
it's a pristine high desert part where

433  
00:22:00,389 --> 00:21:57,369  
you're able to hike into the backcountry

434  
00:22:03,659 --> 00:22:00,399  
and this is one of the conditions of

435  
00:22:06,239 --> 00:22:03,669  
doing contact work it's true that UFOs

436  
00:22:10,519 --> 00:22:06,249  
show up over cities also over military

437  
00:22:14,219 --> 00:22:10,529  
bases and nuclear power plants and also

438  
00:22:16,469 --> 00:22:14,229

many contact experiences happen not in

439

00:22:19,259 --> 00:22:16,479

cities but in more remote locations

440

00:22:21,899 --> 00:22:19,269

people driving and having missing time

441

00:22:24,749 --> 00:22:21,909

or hiking out the wilderness so one of

442

00:22:28,259 --> 00:22:24,759

the conditions for having contact in

443

00:22:30,629 --> 00:22:28,269

this group process fieldwork situation

444

00:22:33,299 --> 00:22:30,639

is to go to remote locations and we

445

00:22:35,519 --> 00:22:33,309

found ourselves in looking for remote

446

00:22:37,950 --> 00:22:35,529

locations Southern California that can

447

00:22:40,619 --> 00:22:37,960

be a challenge because there's so many

448

00:22:43,320 --> 00:22:40,629

people we're talking about 20 million

449

00:22:45,539 --> 00:22:43,330

people living in Southern California but

450

00:22:47,909 --> 00:22:45,549

we did find out a relatively secluded

451  
00:22:49,700 --> 00:22:47,919  
area and met Joshua National Park and

452  
00:22:53,310 --> 00:22:49,710  
then we'd hike into the backcountry

453  
00:22:56,279 --> 00:22:53,320  
which is quite an endeavor especially

454  
00:22:58,349 --> 00:22:56,289  
during the rainy season where flash

455  
00:23:00,839 --> 00:22:58,359  
floods occur in the high desert those

456  
00:23:03,930 --> 00:23:00,849  
sort of things so we have been doing

457  
00:23:12,329 --> 00:23:03,940  
contact for about together for a year

458  
00:23:14,369 --> 00:23:12,339  
and in 1994 it was just this time Misha

459  
00:23:17,249 --> 00:23:14,379  
and myself we didn't have the rest of

460  
00:23:18,000 --> 00:23:17,259  
the team with us it was we at the base

461  
00:23:19,110 --> 00:23:18,010  
of

462  
00:23:21,900 --> 00:23:19,120  
the queen mountain which is a

463  
00:23:25,159 --> 00:23:21,910

spectacular mountain in Joshua Tree

464

00:23:27,390 --> 00:23:25,169

National Park now and it goes up about

465

00:23:29,850 --> 00:23:27,400

5,500 feet and we were at the base is

466

00:23:35,610 --> 00:23:29,860

about 4000 foot elevation in a pristine

467

00:23:38,570 --> 00:23:35,620

Valley and to the south was a hill that

468

00:23:42,690 --> 00:23:38,580

rose about 600 feet scald negra hill and

469

00:23:45,930 --> 00:23:42,700

i have noted that the previous month

470

00:23:49,140 --> 00:23:45,940

this is october 1994 when i was with a

471

00:23:51,030 --> 00:23:49,150

team of seven out there i noticed some

472

00:23:53,789 --> 00:23:51,040

very anomalous you were I should say

473

00:23:59,030 --> 00:23:53,799

anomalous shooting stars now shooting

474

00:24:01,830 --> 00:23:59,040

stars are pieces of space junk rocks I

475

00:24:04,080 --> 00:24:01,840

that enter the atmosphere and become

476

00:24:09,750 --> 00:24:04,090

meteors they land there and called a

477

00:24:13,200 --> 00:24:09,760

meteorites and they produce a little

478

00:24:18,960 --> 00:24:13,210

shelf leading the visual display and I

479

00:24:21,270 --> 00:24:18,970

noticed that in October of 1994 every

480

00:24:23,310 --> 00:24:21,280

time I turned to look at a different

481

00:24:25,020 --> 00:24:23,320

section of the sky which is what you do

482

00:24:26,280 --> 00:24:25,030

here in field were looking one section

483

00:24:29,250 --> 00:24:26,290

of sky for a few minutes and then turn

484

00:24:30,930 --> 00:24:29,260

to another every time I turned to look

485

00:24:33,990 --> 00:24:30,940

at a different section of the sky I saw

486

00:24:36,419 --> 00:24:34,000

a shooting star it was as if there was a

487

00:24:39,630 --> 00:24:36,429

connection between me and the shooting

488

00:24:44,060 --> 00:24:39,640

stars which sounded really crazy and it

489

00:24:47,570 --> 00:24:44,070

happened five times in a row and I

490

00:24:51,390 --> 00:24:47,580

turned to my coworker a mission I said

491

00:24:55,110 --> 00:24:51,400

did you did you have this experience

492

00:24:56,700 --> 00:24:55,120

ever when you're looking at sky and

493

00:24:58,169 --> 00:24:56,710

during fieldwork and you look to in a

494

00:25:00,120 --> 00:24:58,179

different section of sky and as soon as

495

00:25:04,350 --> 00:25:00,130

you turn your head the shooting star

496

00:25:06,840 --> 00:25:04,360

occurs he said yes I said I had it five

497

00:25:08,820 --> 00:25:06,850

times in a row and he said you want to

498

00:25:11,520 --> 00:25:08,830

know how many times I've just had it

499

00:25:13,740 --> 00:25:11,530

right here in the field I said what how

500

00:25:16,140 --> 00:25:13,750

many times he said 25 times in the world

501  
00:25:19,799 --> 00:25:16,150  
so I realized there was a consciousness

502  
00:25:22,440 --> 00:25:19,809  
link between the our field investigators

503  
00:25:26,960 --> 00:25:22,450  
and an intelligence that was able to

504  
00:25:30,180 --> 00:25:26,970  
create a simulation of shooting stars

505  
00:25:31,600 --> 00:25:30,190  
this became apparent the following month

506  
00:25:35,220 --> 00:25:31,610  
this time when there was just

507  
00:25:37,930 --> 00:25:35,230  
the two of us out there November of 1994

508  
00:25:39,960 --> 00:25:37,940  
and we were in this pristine Valley I

509  
00:25:42,820 --> 00:25:39,970  
called a little Queen Valley

510  
00:25:47,440 --> 00:25:42,830  
operating at 4,000 feet it was cold

511  
00:25:50,830 --> 00:25:47,450  
it's a a high desert down into the 50s

512  
00:25:52,779 --> 00:25:50,840  
40s even the high 30s and we were in

513  
00:25:54,609 --> 00:25:52,789

this secluded little Valley took us

514

00:25:58,090 --> 00:25:54,619

about an hour to hike up from the

515

00:26:00,789 --> 00:25:58,100

wilderness parking lot where we left our

516

00:26:03,249 --> 00:26:00,799

vehicle and I was looking in the

517

00:26:07,810 --> 00:26:03,259

direction of Negri Hill is six hundred

518

00:26:11,099 --> 00:26:07,820

foot prominence to the south facing the

519

00:26:15,489 --> 00:26:11,109

Queen mountain in the north and I heard

520

00:26:17,560 --> 00:26:15,499

misha say oh there's another one and he

521

00:26:19,690 --> 00:26:17,570

was looking to the south towards Negri

522

00:26:22,690 --> 00:26:19,700

hit no and i said what are you talking

523

00:26:26,560 --> 00:26:22,700

about he said look there's a you there's

524

00:26:29,889 --> 00:26:26,570

a shooting star and I looked and I saw

525

00:26:31,810 --> 00:26:29,899

nothing now my vision was pretty good

526

00:26:34,930 --> 00:26:31,820

back then I now wear glasses I didn't

527

00:26:38,049 --> 00:26:34,940

require glasses back in 1994 and I've

528

00:26:41,259 --> 00:26:38,059

been doing field work for a year with

529

00:26:43,960 --> 00:26:41,269

the c5 Center for the Study of

530

00:26:47,739 --> 00:26:43,970

extraterrestrial intelligence and I

531

00:26:50,680 --> 00:26:47,749

couldn't explain why I could not see

532

00:26:54,310 --> 00:26:50,690

what Misha was seeing this is shooting

533

00:26:56,470 --> 00:26:54,320

stars and I said to him well these

534

00:26:58,749 --> 00:26:56,480

shooting stars the same or similar he

535

00:27:02,109 --> 00:26:58,759

said yes I said were they in the same

536

00:27:05,830 --> 00:27:02,119

place yes where they had the same length

537

00:27:08,080 --> 00:27:05,840

of trail absolutely same angle

538

00:27:09,609 --> 00:27:08,090

if you extend the angle of the shooting

539

00:27:12,940 --> 00:27:09,619

star down towards the horizon the same

540

00:27:14,349 --> 00:27:12,950

angle of approach exactly the same he

541

00:27:16,359 --> 00:27:14,359

had seen three in a row

542

00:27:18,549 --> 00:27:16,369

I was looking at the same section of sky

543

00:27:21,519 --> 00:27:18,559

I had seen nothing and the ones he had

544

00:27:23,799 --> 00:27:21,529

seen were stereotypic exactly the same

545

00:27:26,979 --> 00:27:23,809

as if there was a projector it was a

546

00:27:29,440 --> 00:27:26,989

video clip that was being repeated so I

547

00:27:33,460 --> 00:27:29,450

said okay ask them to show me what

548

00:27:33,909 --> 00:27:33,470

you've just seen and Misha said show dr.

549

00:27:38,950 --> 00:27:33,919

Burks

550

00:27:39,639 --> 00:27:38,960

and immediately I saw a faint shooting

551  
00:27:42,879 --> 00:27:39,649  
star

552  
00:27:45,010 --> 00:27:42,889  
appear in the exact location where Misha

553  
00:27:48,400 --> 00:27:45,020  
had indicated three others had appeared

554  
00:27:50,799 --> 00:27:48,410  
well this is pretty remarkable there was

555  
00:27:53,770 --> 00:27:50,809  
evidence suggesting a telepathic link

556  
00:27:55,500 --> 00:27:53,780  
with a anomalous visual display that

557  
00:27:58,450 --> 00:27:55,510  
appeared to be a shooting star

558  
00:28:00,760 --> 00:27:58,460  
so I said to me okay well that's good no

559  
00:28:04,810 --> 00:28:00,770  
ask them to show me again

560  
00:28:08,530 --> 00:28:04,820  
and he says shoujo and to my surprise

561  
00:28:10,600 --> 00:28:08,540  
and my delight their art was in the same

562  
00:28:15,970 --> 00:28:10,610  
section of the sky above in every Hill a

563  
00:28:18,910 --> 00:28:15,980

faint trail of a meteor a shooting star

564

00:28:22,600 --> 00:28:18,920

it was exactly like the other one that I

565

00:28:24,760 --> 00:28:22,610

had seen same length of trail same angle

566

00:28:26,950 --> 00:28:24,770

same brightness and color the duration

567

00:28:30,220 --> 00:28:26,960

of the sighting was fleeting a few

568

00:28:32,260 --> 00:28:30,230

seconds but most now my heart starts to

569

00:28:34,690 --> 00:28:32,270

beat because I'm realizing this is

570

00:28:37,720 --> 00:28:34,700

important the intelligence behind the

571

00:28:39,460 --> 00:28:37,730

phenomena is indicating to us that not

572

00:28:42,160 --> 00:28:39,470

only do they have telepathic

573

00:28:45,190 --> 00:28:42,170

communication but they can link our

574

00:28:47,560 --> 00:28:45,200

thoughts and requests to an anomalous

575

00:28:49,840 --> 00:28:47,570

visual display that we call shooting

576

00:28:51,250 --> 00:28:49,850

stars but clearly something else is

577

00:28:54,820 --> 00:28:51,260

going on this is not a natural

578

00:28:56,080 --> 00:28:54,830

phenomenon so my heart is beating

579

00:28:58,060 --> 00:28:56,090

because I'm excited this is

580

00:29:01,720 --> 00:28:58,070

show-and-tell and I'm getting quite a

581

00:29:04,390 --> 00:29:01,730

show and I say tamesha

582

00:29:05,500 --> 00:29:04,400

you know we have this thing called

583

00:29:08,860 --> 00:29:05,510

coincidence

584

00:29:11,440 --> 00:29:08,870

and I thank you very much wherever you

585

00:29:13,840 --> 00:29:11,450

guys are out there showing me this too

586

00:29:17,410 --> 00:29:13,850

is very good two in a row and of course

587

00:29:19,330 --> 00:29:17,420

for me it was five times in a row I said

588

00:29:21,310 --> 00:29:19,340

but you know people are gonna say dr.

589

00:29:22,840 --> 00:29:21,320

Burks is a competent physician is an

590

00:29:25,390 --> 00:29:22,850

emergency room he's got a responsible

591

00:29:30,820 --> 00:29:25,400

job but he's not an astronomer he's not

592

00:29:32,410 --> 00:29:30,830

a professional scientist amateur and he

593

00:29:35,620 --> 00:29:32,420

probably does too no he's just mistaken

594

00:29:38,470 --> 00:29:35,630

so two in a row was very good but could

595

00:29:40,390 --> 00:29:38,480

you show me one more time and there was

596

00:29:43,000 --> 00:29:40,400

a pause was what you might call a

597

00:29:45,100 --> 00:29:43,010

pregnant pause full of meaning it was

598

00:29:47,830 --> 00:29:45,110

the other two sightings were immediately

599

00:29:50,620 --> 00:29:47,840

after request show dr. Burks shoujo in a

600

00:29:53,320 --> 00:29:50,630

fraction of a second they appeared it

601  
00:29:55,630 --> 00:29:53,330  
was just immediate but this time there

602  
00:29:58,840 --> 00:29:55,640  
was a pause like five seconds ten

603  
00:30:03,039 --> 00:29:58,850  
seconds as if to say don't you know who

604  
00:30:05,080 --> 00:30:03,049  
we're doing this and again the

605  
00:30:07,539 --> 00:30:05,090  
manifestation of a visual display a

606  
00:30:09,480 --> 00:30:07,549  
shooting star that was exactly like the

607  
00:30:12,759 --> 00:30:09,490  
two others well this is quite remarkable

608  
00:30:18,159 --> 00:30:12,769  
and you could say that the UFO

609  
00:30:24,490 --> 00:30:18,169  
intelligence was able to create a visual

610  
00:30:27,190 --> 00:30:24,500  
display by shooting a so we say a piece

611  
00:30:29,169 --> 00:30:27,200  
of space dust or rock or piece of ice

612  
00:30:31,539 --> 00:30:29,179  
from a spacecraft but how could they do

613  
00:30:34,990 --> 00:30:31,549

it three of three times for me and six

614

00:30:36,759 --> 00:30:35,000

times from Missha to have it appear in

615

00:30:41,769 --> 00:30:36,769

the exact same location it would be

616

00:30:44,440 --> 00:30:41,779

quite a to do that coordination if they

617

00:30:47,399 --> 00:30:44,450

were way out in space the fact that

618

00:30:49,419 --> 00:30:47,409

Misha was able to see it and I could not

619

00:30:52,210 --> 00:30:49,429

suggest it to me that there was some

620

00:30:54,369 --> 00:30:52,220

kind of illusion going on and then on

621

00:30:56,320 --> 00:30:54,379

and this is a very powerful piece of

622

00:30:58,619 --> 00:30:56,330

information because in the UFO

623

00:31:01,389 --> 00:30:58,629

literature we have countless

624

00:31:03,580 --> 00:31:01,399

descriptions of people who doing

625

00:31:05,590 --> 00:31:03,590

fieldwork or looking at the sky and one

626

00:31:07,389 --> 00:31:05,600

person is seeing you know quite a bit

627

00:31:10,659 --> 00:31:07,399

but the other people maybe two people

628

00:31:12,340 --> 00:31:10,669

but others are not and so what the

629

00:31:16,629 --> 00:31:12,350

intelligence behind the phenomena was

630

00:31:18,999 --> 00:31:16,639

showing us was that it could be a visual

631

00:31:23,710 --> 00:31:19,009

display that appears for one person only

632

00:31:25,539 --> 00:31:23,720

a small group and then others not this

633

00:31:28,419 --> 00:31:25,549

is very important because if the UFO

634

00:31:30,610 --> 00:31:28,429

intelligence can do this with shooting

635

00:31:32,470 --> 00:31:30,620

stars or what we call shooting stars

636

00:31:35,200 --> 00:31:32,480

they're using some kind of holographic

637

00:31:37,960 --> 00:31:35,210

technology then all the sightings that

638

00:31:41,049 --> 00:31:37,970

have been documented for the last 70

639

00:31:43,990 --> 00:31:41,059

years of the monitor UFO era if not all

640

00:31:47,159 --> 00:31:44,000

then some at least could be holographic

641

00:31:50,860 --> 00:31:47,169

like technology that's and that's a very

642

00:31:53,740 --> 00:31:50,870

powerful concept because it helps

643

00:31:57,249 --> 00:31:53,750

explain a lot of the inconsistencies in

644

00:31:59,470 --> 00:31:57,259

the UFO literature and gives us an

645

00:32:01,570 --> 00:31:59,480

insight into the incredible side

646

00:32:04,749 --> 00:32:01,580

technology that this intelligence behind

647

00:32:07,570 --> 00:32:04,759

the phenomenon is creating so on the

648

00:32:09,879 --> 00:32:07,580

basis of this experience and other

649

00:32:11,590 --> 00:32:09,889

experiences which I can go into or UFO

650

00:32:13,060 --> 00:32:11,600

Intel is what I like to call these

651  
00:32:16,499 --> 00:32:13,070  
so-called et's you

652  
00:32:20,529 --> 00:32:16,509  
intelligence you know for Intel they

653  
00:32:23,680 --> 00:32:20,539  
later contacts they showed me how they

654  
00:32:25,810 --> 00:32:23,690  
can do holographic like visual displays

655  
00:32:27,580 --> 00:32:25,820  
that are illusions not only with

656  
00:32:33,029 --> 00:32:27,590  
anomalous shooting stars but also with

657  
00:32:34,919 --> 00:32:33,039  
with visual projections which are of

658  
00:32:37,749 --> 00:32:34,929  
extra what will appear to be

659  
00:32:40,810 --> 00:32:37,759  
extraterrestrials so a lot of people's

660  
00:32:44,200 --> 00:32:40,820  
contacts are holographic these are

661  
00:32:46,210 --> 00:32:44,210  
staged events the extraterrestrials are

662  
00:32:48,009 --> 00:32:46,220  
or whatever these sorts of the

663  
00:32:50,560 --> 00:32:48,019

intelligence behind the phenomena is

664

00:32:53,139 --> 00:32:50,570

able to use this powerful tool to create

665

00:32:54,659 --> 00:32:53,149

illusion so out of it I designed a

666

00:32:57,850 --> 00:32:54,669

theory called the virtual experience

667

00:33:00,970 --> 00:32:57,860

hypothesis which we can get into more

668

00:33:04,330 --> 00:33:00,980

detail later on in the course of our

669

00:33:06,639 --> 00:33:04,340

discussion it's an interesting concept

670

00:33:09,999 --> 00:33:06,649

because in the literature and of course

671

00:33:13,539 --> 00:33:10,009

many people that have had UFO

672

00:33:16,810 --> 00:33:13,549

experiences there's always you know the

673

00:33:19,119 --> 00:33:16,820

high strangeness and there's accounts of

674

00:33:22,389 --> 00:33:19,129

people you know hearing voices like

675

00:33:25,119 --> 00:33:22,399

almost like the the audible aspect of

676

00:33:27,480 --> 00:33:25,129

telepathy not the knowingness aspect

677

00:33:31,119 --> 00:33:27,490

which is similar but slightly different

678

00:33:35,139 --> 00:33:31,129

but you don't hear much about or as much

679

00:33:38,950 --> 00:33:35,149

about the visuals being implanted as far

680

00:33:42,700 --> 00:33:38,960

as the what they're seeing being

681

00:33:44,730 --> 00:33:42,710

somewhat illusory other than you know

682

00:33:48,789 --> 00:33:44,740

people will report they see different

683

00:33:51,850 --> 00:33:48,799

images and things but they not so much

684

00:33:54,070 --> 00:33:51,860

of what they they're seeing in the field

685

00:33:59,529 --> 00:33:54,080

could be a projection of some sort that

686

00:34:02,259 --> 00:33:59,539

is implanted yeah once you go into some

687

00:34:06,850 --> 00:34:02,269

of the the field work experiences that

688

00:34:09,700 --> 00:34:06,860

led you through as I mentioned 1992 I

689

00:34:13,930 --> 00:34:09,710

was recruited by dr. Steven Greer to be

690

00:34:16,500 --> 00:34:13,940

a team leader I trained in meditations

691

00:34:20,220 --> 00:34:16,510

and I had been somewhat familiar with

692

00:34:22,780 --> 00:34:20,230

ESP as a college student was popular

693

00:34:25,500 --> 00:34:22,790

when I was in medical school in Boston a

694

00:34:29,820 --> 00:34:25,510

program called silver mind control

695

00:34:32,399 --> 00:34:29,830

so as a first-year medical student I did

696

00:34:35,970 --> 00:34:32,409

take a rudimentary course in meditation

697

00:34:39,919 --> 00:34:35,980

or civil mind control technique and I

698

00:34:43,710 --> 00:34:39,929

learned about how one could use

699

00:34:47,340 --> 00:34:43,720

rudimentary sight ability or techniques

700

00:34:51,180 --> 00:34:47,350

to do simple things like find a parking

701  
00:34:53,700 --> 00:34:51,190  
space I know it sounds funny but I would

702  
00:34:56,310 --> 00:34:53,710  
be able to go into a quiet place when

703  
00:34:57,960 --> 00:34:56,320  
I'm looking for a parking space and at

704  
00:35:00,900 --> 00:34:57,970  
the level of knowledge I would kind of

705  
00:35:03,420 --> 00:35:00,910  
know where you know the parking space

706  
00:35:05,730 --> 00:35:03,430  
was and I I'd find it and this would

707  
00:35:08,700 --> 00:35:05,740  
this was quite delightful didn't work

708  
00:35:11,220 --> 00:35:08,710  
all the time but certainly enough in

709  
00:35:13,440 --> 00:35:11,230  
living in going to medical school there

710  
00:35:16,230 --> 00:35:13,450  
I got to a lot of traffic in a lot of

711  
00:35:20,190 --> 00:35:16,240  
cars so I wasn't able to use it so I was

712  
00:35:22,770 --> 00:35:20,200  
somewhat familiar with meditation but it

713  
00:35:25,680 --> 00:35:22,780

wasn't a regular practitioner and as a

714

00:35:29,040 --> 00:35:25,690

result of my contact with the network

715

00:35:31,500 --> 00:35:29,050

and going out doing fieldwork I devised

716

00:35:33,150 --> 00:35:31,510

to take a course in meditation and so I

717

00:35:35,400 --> 00:35:33,160

took a course in TM in fact my whole

718

00:35:37,850 --> 00:35:35,410

family well except my younger daughter

719

00:35:41,460 --> 00:35:37,860

was only about ten years old at the time

720

00:35:43,500 --> 00:35:41,470

but my son was 15 and we my wife and now

721

00:35:47,730 --> 00:35:43,510

we all took this course in

722

00:35:50,790 --> 00:35:47,740

Transcendental Meditation and started

723

00:35:54,300 --> 00:35:50,800

meditating on a regular basis which is

724

00:35:56,370 --> 00:35:54,310

what we did both in the field but also

725

00:35:58,740 --> 00:35:56,380

as part of the discipline of being in a

726

00:36:01,700 --> 00:35:58,750

contact team we a'practice regular

727

00:36:04,290 --> 00:36:01,710

meditation to facilitate communication

728

00:36:05,750 --> 00:36:04,300

so with though the intelligence behind

729

00:36:08,940 --> 00:36:05,760

the phenomena so we're a group of

730

00:36:12,060 --> 00:36:08,950

meditators and I realized that something

731

00:36:14,850 --> 00:36:12,070

important was going on because I as part

732

00:36:19,980 --> 00:36:14,860

of this effort of going out to reach out

733

00:36:22,350 --> 00:36:19,990

to the extraterrestrials we also had

734

00:36:24,930 --> 00:36:22,360

some changes personally one of the

735

00:36:27,270 --> 00:36:24,940

things I experienced was I lost my taste

736

00:36:29,790 --> 00:36:27,280

for meat I had never seriously

737

00:36:32,190 --> 00:36:29,800

considered vegetarianism I had always

738

00:36:35,590 --> 00:36:32,200

been a meat and potatoes guy lamb chops

739

00:36:37,180 --> 00:36:35,600

take hamburgers you name it I would

740

00:36:46,319 --> 00:36:37,190

[Music]

741

00:36:50,680 --> 00:36:46,329

I realized I don't want to meet anymore

742

00:36:52,420 --> 00:36:50,690

and my wife unfortunately as an

743

00:36:54,460 --> 00:36:52,430

excellent cook and she was a pair of

744

00:36:58,450 --> 00:36:54,470

vegetarian meals she wanted to be going

745

00:37:01,510 --> 00:36:58,460

to vegetarian diet as well so there was

746

00:37:03,309 --> 00:37:01,520

that personal transformation I also had

747

00:37:06,550 --> 00:37:03,319

been suffering from some low back issues

748

00:37:09,730 --> 00:37:06,560

from years of sitting you know 10 12

749

00:37:13,750 --> 00:37:09,740

hours a day working in a hospital and so

750

00:37:17,140 --> 00:37:13,760

I had a bit of a spare tire in my early

751

00:37:19,870 --> 00:37:17,150

40s and was you know 10 15 pounds

752

00:37:21,940 --> 00:37:19,880

overweight and that didn't help my back

753

00:37:24,099 --> 00:37:21,950

issues now all of a sudden I'm

754

00:37:26,920 --> 00:37:24,109

meditating eating a vegetarian diet

755

00:37:28,839 --> 00:37:26,930

going out to remote locations to find

756

00:37:30,640 --> 00:37:28,849

potential fieldwork sites

757

00:37:33,280 --> 00:37:30,650

I'm hiking which is something I hadn't

758

00:37:38,099 --> 00:37:33,290

done for about 20 years and I lost some

759

00:37:40,420 --> 00:37:38,109

weight and my back pain got much better

760

00:37:41,620 --> 00:37:40,430

and though so there were personal

761

00:37:43,569 --> 00:37:41,630

changes that happened that were

762

00:37:48,609 --> 00:37:43,579

beneficial as a result of doing the

763

00:37:54,160 --> 00:37:48,619

contact work so we started in September

764

00:37:56,650 --> 00:37:54,170

of 1992 we chose a field work site in

765

00:37:59,079 --> 00:37:56,660

the Santa Susana pass this is in

766

00:38:02,920 --> 00:37:59,089

Chatsworth in the suburb of Los Angeles

767

00:38:06,670 --> 00:38:02,930

in the north west corner of the Los

768

00:38:09,579 --> 00:38:06,680

Angeles County and we chose this field

769

00:38:12,760 --> 00:38:09,589

site which happened by chance or perhaps

770

00:38:15,280 --> 00:38:12,770

by design which is another story

771

00:38:19,270 --> 00:38:15,290

right near of the Department of Energy

772

00:38:21,490 --> 00:38:19,280

site the Santa Susana Pass connects the

773

00:38:25,569 --> 00:38:21,500

Simi Valley another bedroom community

774

00:38:28,630 --> 00:38:25,579

with Chatsworth and it's a high desert

775

00:38:31,599 --> 00:38:28,640

locale we found a spot that had a

776

00:38:34,690 --> 00:38:31,609

spectacular view of the Santa Monica

777

00:38:37,300 --> 00:38:34,700

Mountains to the south and we could see

778

00:38:39,720 --> 00:38:37,310

the entire San Fernando Valley it was it

779

00:38:43,450 --> 00:38:39,730

was a excellent place to do field work

780

00:38:46,690 --> 00:38:43,460

behind a locked gate at a place that

781

00:38:48,970 --> 00:38:46,700

subsequent became a county park and this

782

00:38:50,830 --> 00:38:48,980

is the place where dr. Greer did his

783

00:38:54,880 --> 00:38:50,840

demonstration field work and

784

00:38:58,120 --> 00:38:54,890

of 1992 with our vet trained our team

785

00:39:00,310 --> 00:38:58,130

and even when dr. Greer was doing the

786

00:39:03,910 --> 00:39:00,320

demonstration fieldwork we had sightings

787

00:39:06,670 --> 00:39:03,920

of Golden Globe and her other anomalous

788

00:39:08,800 --> 00:39:06,680

events that occurred but without dr.

789

00:39:13,540 --> 00:39:08,810

Greer I was uncertain whether we would

790

00:39:15,640 --> 00:39:13,550

have success I was gratified to discover

791

00:39:18,730 --> 00:39:15,650

that as soon as a week we're going out

792

00:39:22,170 --> 00:39:18,740

into the field we would see in the

793

00:39:26,110 --> 00:39:22,180

course of field work Golden Globes and

794

00:39:28,480 --> 00:39:26,120

red orbs that appeared at our research

795

00:39:31,720 --> 00:39:28,490

site to the north of the Santa Susana

796

00:39:33,820 --> 00:39:31,730

Pass is a place called rocky peak State

797

00:39:36,640 --> 00:39:33,830

Park it's a wilderness State Park and it

798

00:39:38,050 --> 00:39:36,650

has the highest one of the highest

799

00:39:39,580 --> 00:39:38,060

mountains in the santa monica which

800

00:39:43,920 --> 00:39:39,590

actually is the little san bernardino

801  
00:39:47,080 --> 00:39:43,930  
range and it's a peak that goes up about

802  
00:39:48,520 --> 00:39:47,090  
2,900 3,000 feet something like that and

803  
00:39:50,650 --> 00:39:48,530  
the park is around it well we were

804  
00:39:53,320 --> 00:39:50,660  
looking to the north and while we're

805  
00:39:55,960 --> 00:39:53,330  
doing our field work while we could we

806  
00:40:00,460 --> 00:39:55,970  
saw these red warms that were going up

807  
00:40:02,350 --> 00:40:00,470  
and down and and they were silent and

808  
00:40:05,080 --> 00:40:02,360  
they was kind of playing like peekaboo

809  
00:40:06,550 --> 00:40:05,090  
they'd go up halfway up the sky then

810  
00:40:08,410 --> 00:40:06,560  
they slowly come down and then another

811  
00:40:13,450 --> 00:40:08,420  
one would go up and then come down

812  
00:40:15,190 --> 00:40:13,460  
behind the ridge line to the north so

813  
00:40:19,120 --> 00:40:15,200

there were anomalous events that were

814

00:40:21,220 --> 00:40:19,130

occurring one of the first field

815

00:40:25,420 --> 00:40:21,230

investigations it was quite dramatic in

816

00:40:27,460 --> 00:40:25,430

that while we're doing our meditation

817

00:40:31,120 --> 00:40:27,470

there was atmospheric effects that were

818

00:40:33,010 --> 00:40:31,130

highly anomalous there was no storm in

819

00:40:35,680 --> 00:40:33,020

the vicinity and yet while our eyes were

820

00:40:38,370 --> 00:40:35,690

closed and we were meditating repeatedly

821

00:40:41,110 --> 00:40:38,380

there were what you might call silent

822

00:40:44,200 --> 00:40:41,120

lightning strikes because all of a

823

00:40:46,090 --> 00:40:44,210

sudden we've been with her eyes closed

824

00:40:48,760 --> 00:40:46,100

everything went what I think was

825

00:40:51,070 --> 00:40:48,770

brilliant bursts of light but no

826

00:40:54,820 --> 00:40:51,080

lightning and no thunderstorm activity

827

00:40:56,260 --> 00:40:54,830

and this happened repeatedly people who

828

00:40:59,050 --> 00:40:56,270

had their eyes open during the

829

00:41:02,190 --> 00:40:59,060

meditation saw that it was turned night

830

00:41:04,600 --> 00:41:02,200

into day for a fraction of a second

831

00:41:09,100 --> 00:41:04,610

everything around us was

832

00:41:11,140 --> 00:41:09,110

this happens repeatedly as we were

833

00:41:17,020 --> 00:41:11,150

getting we're ready to break up a field

834

00:41:20,200 --> 00:41:17,030

work we would try to leave this place

835

00:41:27,790 --> 00:41:20,210

together in groups of two's it is a

836

00:41:29,650 --> 00:41:27,800

rocky terrain and and back in the early

837

00:41:32,170 --> 00:41:29,660

days of the contact network we were

838

00:41:34,660 --> 00:41:32,180

uncertain as to how much contact we did

839

00:41:37,120 --> 00:41:34,670

we would achieve we knew that the spider

840

00:41:39,160 --> 00:41:37,130

meditation and our preparation

841

00:41:41,230 --> 00:41:39,170

spiritually for going out and trying to

842

00:41:45,190 --> 00:41:41,240

engage the UFO phenomena it was very

843

00:41:47,470 --> 00:41:45,200

strange and if the UFOs show up some

844

00:41:49,360 --> 00:41:47,480

people would be frightened and so as

845

00:41:52,540 --> 00:41:49,370

part of the protocols back then we would

846

00:41:55,390 --> 00:41:52,550

have what we call a safe area and this

847

00:41:59,830 --> 00:41:55,400

this was a very good consideration

848

00:42:04,120 --> 00:41:59,840

because when dr. Steven Greer started

849

00:42:07,330 --> 00:42:04,130

doing field investigations repeatedly

850

00:42:09,580 --> 00:42:07,340

when UFOs would show up people in the

851  
00:42:11,890 --> 00:42:09,590  
group who weren't prepared mentally it

852  
00:42:14,260 --> 00:42:11,900  
would become panic-stricken and actually

853  
00:42:17,170 --> 00:42:14,270  
flee the site this happened in Gulf

854  
00:42:21,850 --> 00:42:17,180  
Breeze in 1992 where he had an

855  
00:42:24,280 --> 00:42:21,860  
incredible sighting outside of the

856  
00:42:27,040 --> 00:42:24,290  
Panhandle it's Gulf breezes near

857  
00:42:30,580 --> 00:42:27,050  
Pensacola Florida and during that

858  
00:42:33,310 --> 00:42:30,590  
incredible UFO investigation which was

859  
00:42:36,430 --> 00:42:33,320  
videotaped showing the appearance of

860  
00:42:38,170 --> 00:42:36,440  
three typical Gulf Breeze UFOs formed

861  
00:42:40,750 --> 00:42:38,180  
the triangle in response to dr. Steven

862  
00:42:42,430 --> 00:42:40,760  
Greer work some people became

863  
00:42:44,250 --> 00:42:42,440

panic-stricken when dr. Greer announced

864

00:42:46,720 --> 00:42:44,260

we're going to carry out emergency

865

00:42:51,160 --> 00:42:46,730

protocols for landing and boarding

866

00:42:53,530 --> 00:42:51,170

because these three UFOs over the Gulf

867

00:42:57,100 --> 00:42:53,540

were coming in in response to dr.

868

00:42:59,260 --> 00:42:57,110

Greer's field investigation and people

869

00:43:01,690 --> 00:42:59,270

on the group there were 40 of them there

870

00:43:02,980 --> 00:43:01,700

on the beach and of our Beach some of

871

00:43:04,720 --> 00:43:02,990

the people who came so frightened at the

872

00:43:07,600 --> 00:43:04,730

prospect that the UFOs were coming

873

00:43:10,600 --> 00:43:07,610

towards them in might even land they got

874

00:43:14,320 --> 00:43:10,610

into their cars and fled so the safe

875

00:43:16,480 --> 00:43:14,330

area was big was a concept that we

876  
00:43:17,799 --> 00:43:16,490  
developed so that in case people did get

877  
00:43:20,410 --> 00:43:17,809  
very emotional

878  
00:43:22,719 --> 00:43:20,420  
upset and frightened by the whatever

879  
00:43:25,179 --> 00:43:22,729  
they're experiencing they could go to

880  
00:43:27,039 --> 00:43:25,189  
this area with a body and we had a buddy

881  
00:43:28,299 --> 00:43:27,049  
system everyone would have a person that

882  
00:43:31,390 --> 00:43:28,309  
would escort them and it's a good idea

883  
00:43:33,819 --> 00:43:31,400  
if you who are working out and places

884  
00:43:37,089 --> 00:43:33,829  
that are high up rocky people can fall

885  
00:43:42,009 --> 00:43:37,099  
it's good to have a buddy to know where

886  
00:43:46,329 --> 00:43:42,019  
you are at all times so we had a safe

887  
00:43:49,150 --> 00:43:46,339  
area designated on the trail that led

888  
00:43:51,400 --> 00:43:49,160

back to the when we were doing field

889

00:43:55,120 --> 00:43:51,410

work in the Santa Susana fact Santa

890

00:43:59,469 --> 00:43:55,130

Susana Pass we had a safe area that we

891

00:44:04,239 --> 00:43:59,479

would go to if a person one of us became

892

00:44:06,039 --> 00:44:04,249

overwhelmed so one of my co-workers and

893

00:44:08,259 --> 00:44:06,049

this is another exciting story how the

894

00:44:10,989 --> 00:44:08,269

team formed with amazing synchronicities

895

00:44:12,579 --> 00:44:10,999

one of my co-workers in the hospital are

896

00:44:15,699 --> 00:44:12,589

shirley jones it was a respiratory

897

00:44:18,969 --> 00:44:15,709

therapist and worked in our ER she had a

898

00:44:21,039 --> 00:44:18,979

shift during yeah well the next morning

899

00:44:23,589 --> 00:44:21,049

after field work she had a shift in the

900

00:44:26,169 --> 00:44:23,599

in the hospital so she had to leave

901  
00:44:28,059 --> 00:44:26,179  
somewhat early she left about a half an

902  
00:44:30,309 --> 00:44:28,069  
hour before the main group started

903  
00:44:34,269 --> 00:44:30,319  
heading down the trail so she got into

904  
00:44:36,160 --> 00:44:34,279  
her van and just drove away at the time

905  
00:44:38,410 --> 00:44:36,170  
that we were just going down the trail

906  
00:44:44,890 --> 00:44:38,420  
and we got to the area where our safe

907  
00:44:47,289 --> 00:44:44,900  
zone was and we saw an amazing light on

908  
00:44:51,189 --> 00:44:47,299  
the ridge line that was flashing at us

909  
00:44:54,339 --> 00:44:51,199  
there was actually two lights one I was

910  
00:44:56,219 --> 00:44:54,349  
directed at us and it had a flash like

911  
00:44:59,559 --> 00:44:56,229  
strobe it was quite large it was on a

912  
00:45:00,999 --> 00:44:59,569  
remote part of the ridge line where

913  
00:45:06,219 --> 00:45:01,009

there were no houses it was in rocky

914

00:45:09,900 --> 00:45:06,229

peak State Park there were no trails we

915

00:45:12,699 --> 00:45:09,910

subsequently found out too that isolated

916

00:45:13,929 --> 00:45:12,709

place on the ridge line and there were

917

00:45:16,929 --> 00:45:13,939

these two powerful lights that were

918

00:45:18,459 --> 00:45:16,939

probably 2 or 3 feet across one was

919

00:45:24,849 --> 00:45:18,469

signaling at us the other one was

920

00:45:27,880 --> 00:45:24,859

shining to the south west and one of the

921

00:45:30,380 --> 00:45:27,890

people on the team while call mark who

922

00:45:34,849 --> 00:45:30,390

has a film

923

00:45:35,750 --> 00:45:34,859

a writer he was a screenwriter he was

924

00:45:38,779 --> 00:45:35,760

very helpful

925

00:45:42,069 --> 00:45:38,789

mark had admitted it people on our team

926  
00:45:44,930 --> 00:45:42,079  
were highly educated he had a

927  
00:45:46,849 --> 00:45:44,940  
undergraduate degree mark from Bari

928  
00:45:50,240 --> 00:45:46,859  
where he was an editor of the national

929  
00:45:52,670 --> 00:45:50,250  
of the Harvard Lampoon he was also two

930  
00:45:56,210 --> 00:45:52,680  
masters degrees women film writing and

931  
00:46:00,529 --> 00:45:56,220  
the other in psychology and he was very

932  
00:46:02,599 --> 00:46:00,539  
knowledgeable in contact protocols

933  
00:46:06,019 --> 00:46:02,609  
because he was an experienced meditator

934  
00:46:10,309 --> 00:46:06,029  
and he suggested to me that I should

935  
00:46:16,359 --> 00:46:10,319  
signal at the light on the ridge line

936  
00:46:19,819 --> 00:46:16,369  
and use a very specific set of signals

937  
00:46:23,450 --> 00:46:19,829  
when I tried first just randomly firing

938  
00:46:26,259 --> 00:46:23,460

our lights at the you at the anomalous

939

00:46:30,200 --> 00:46:26,269

light that was on the ridge line I

940

00:46:33,529 --> 00:46:30,210

didn't get very much success however

941

00:46:36,019 --> 00:46:33,539

when I followed Mark's suggestion which

942

00:46:40,190 --> 00:46:36,029

was and by the way we use back in those

943

00:46:43,130 --> 00:46:40,200

days these five hundred thousand candle

944

00:46:46,009 --> 00:46:43,140

power signal enters that were called by

945

00:46:50,120 --> 00:46:46,019

the mail-order house the light bazooka

946

00:46:51,829 --> 00:46:50,130

we had these big lights that had a LED

947

00:46:52,999 --> 00:46:51,839

battery hooked and they wait about

948

00:46:55,849 --> 00:46:53,009

fifteen pounds

949

00:46:59,930 --> 00:46:55,859

I used the light bazooka to signal at

950

00:47:01,220 --> 00:46:59,940

the anomalous light on the ridge line it

951  
00:47:03,859 --> 00:47:01,230  
always struck me is kind of funny that

952  
00:47:07,099 --> 00:47:03,869  
we were there for peace in solidarity

953  
00:47:09,730 --> 00:47:07,109  
and we were signaling at them with you

954  
00:47:11,420 --> 00:47:09,740  
know light that had the name of a

955  
00:47:15,170 --> 00:47:11,430  
military weapon

956  
00:47:17,930 --> 00:47:15,180  
I fired my light bazooka at the

957  
00:47:20,150 --> 00:47:17,940  
anomalous life and nothing initially

958  
00:47:21,620 --> 00:47:20,160  
happened but then when my I followed by

959  
00:47:23,960 --> 00:47:21,630  
instantly instructions that my friend

960  
00:47:27,380 --> 00:47:23,970  
mark gave me he said why don't you do

961  
00:47:31,999 --> 00:47:27,390  
this shine your light and wait two three

962  
00:47:34,400 --> 00:47:32,009  
seconds then fire your light twice and

963  
00:47:37,849 --> 00:47:34,410

wait three seconds and then fire your

964

00:47:42,740 --> 00:47:37,859

life three times so it turned out I

965

00:47:43,849 --> 00:47:42,750

flashed up light and then I pause three

966

00:47:51,410 --> 00:47:43,859

seconds

967

00:47:53,960 --> 00:47:51,420

flashes I did that once the second time

968

00:47:57,440 --> 00:47:53,970

the intelligence behind the phenomena

969

00:48:00,259 --> 00:47:57,450

did something incredible as soon as I

970

00:48:04,599 --> 00:48:00,269

fired the light bazooka for the first

971

00:48:10,400 --> 00:48:04,609

signal I got an immediate strobe reply I

972

00:48:11,319 --> 00:48:10,410

waited three seconds flash flash and

973

00:48:14,359 --> 00:48:11,329

immediately

974

00:48:18,920 --> 00:48:14,369

flash flash and return but it was a very

975

00:48:21,109 --> 00:48:18,930

rapid bright flash it was quite

976  
00:48:22,489 --> 00:48:21,119  
remarkable and I waited another three

977  
00:48:24,319 --> 00:48:22,499  
seconds one one thousand two one

978  
00:48:26,630 --> 00:48:24,329  
thousand three with this flash flash

979  
00:48:30,950 --> 00:48:26,640  
flash three and immediately three

980  
00:48:33,019 --> 00:48:30,960  
flashes back in response so it was as if

981  
00:48:35,630 --> 00:48:33,029  
there was a electronic connection

982  
00:48:37,999 --> 00:48:35,640  
between my finger on the trigger of the

983  
00:48:40,460 --> 00:48:38,009  
light bazooka and the intelligence

984  
00:48:41,960 --> 00:48:40,470  
behind the phenomena that anticipated of

985  
00:48:45,079 --> 00:48:41,970  
what I was going to do because

986  
00:48:46,670 --> 00:48:45,089  
immediately a fraction of a second no we

987  
00:48:49,339 --> 00:48:46,680  
and our life bazookas they weren't very

988  
00:48:51,349 --> 00:48:49,349

sophisticated you'd fire the light it

989

00:48:54,200 --> 00:48:51,359

was very bright but it would take about

990

00:48:56,960 --> 00:48:54,210

a second for the light to fade out but

991

00:49:02,200 --> 00:48:56,970

these lights on the ridge line were very

992

00:49:08,390 --> 00:49:04,640

signaling or I should say a continuous

993

00:49:12,170 --> 00:49:08,400

light they could have strobes they could

994

00:49:14,299 --> 00:49:12,180

even fade in and fade out over five or

995

00:49:16,759 --> 00:49:14,309

ten seconds so these were very

996

00:49:19,220 --> 00:49:16,769

sophisticated lights they were large and

997

00:49:22,460 --> 00:49:19,230

they could interact with us what's to me

998

00:49:25,009 --> 00:49:22,470

that was although it wasn't a UFO it was

999

00:49:27,769 --> 00:49:25,019

very dramatic encounter because it

1000

00:49:30,529 --> 00:49:27,779

suggested to me during the first week of

1001

00:49:33,739 --> 00:49:30,539

our field investigations in 1992 that

1002

00:49:35,150 --> 00:49:33,749

there was a telepathic component was as

1003

00:49:37,849 --> 00:49:35,160

if I was linked mentally or

1004

00:49:40,880 --> 00:49:37,859

electronically to the light that was

1005

00:49:43,400 --> 00:49:40,890

about a thousand or 2,000 feet away

1006

00:49:47,539 --> 00:49:43,410

above us on the ridge line in the Santa

1007

00:49:50,089 --> 00:49:47,549

Ana pass so that was one of the first

1008

00:49:54,620 --> 00:49:50,099

field investigations that alerted me to

1009

00:49:58,040 --> 00:49:54,630

this now my coworker Shirley Jones who

1010

00:50:02,480 --> 00:49:58,050

had left early she was driving an old

1011

00:50:04,790 --> 00:50:02,490

drove an chevy sports utility vehicle

1012

00:50:08,380 --> 00:50:04,800

was basically a truck she was driving in

1013

00:50:12,590 --> 00:50:08,390

ahead of us she got down to her car and

1014

00:50:15,980 --> 00:50:12,600

she was going to the southeast from the

1015

00:50:19,160 --> 00:50:15,990

Santa Susana Pass and all of a sudden

1016

00:50:22,610 --> 00:50:19,170

that she's driving away she her car

1017

00:50:24,440 --> 00:50:22,620

starts shaking violently and we had both

1018

00:50:26,150 --> 00:50:24,450

spent some time in New York together I

1019

00:50:28,730 --> 00:50:26,160

was born and raised Matt and I think

1020

00:50:31,460 --> 00:50:28,740

Shirley lived there for many years and

1021

00:50:33,410 --> 00:50:31,470

she said to me my car was shaking like

1022

00:50:36,590 --> 00:50:33,420

driving down you know New York City

1023

00:50:39,620 --> 00:50:36,600

streets that were so poorly maintained

1024

00:50:40,940 --> 00:50:39,630

that the car was violently shaking a lot

1025

00:50:44,570 --> 00:50:40,950

of the time when you were trying back

1026

00:50:45,740 --> 00:50:44,580

then in the 60s and 70s and so she said

1027

00:50:47,690 --> 00:50:45,750

when she said it was like driving down

1028

00:50:49,910 --> 00:50:47,700

in New York Street I were there a lot of

1029

00:50:52,100 --> 00:50:49,920

potholes I knew exactly what she meant

1030

00:50:54,200 --> 00:50:52,110

her car was shaking violently she

1031

00:50:56,270 --> 00:50:54,210

thought maybe she had a blowout this is

1032

00:51:01,490 --> 00:50:56,280

two o'clock in the morning she's a

1033

00:51:03,170 --> 00:51:01,500

single woman driving home alone and she

1034

00:51:06,020 --> 00:51:03,180

got to stop the car we should talk maybe

1035

00:51:07,780 --> 00:51:06,030

she had a blowout she she thought maybe

1036

00:51:10,220 --> 00:51:07,790

she had gone over some railroad tracks

1037

00:51:13,610 --> 00:51:10,230

she carefully he exited the vehicle

1038

00:51:16,010 --> 00:51:13,620

looked around and there were no evidence

1039

00:51:17,600 --> 00:51:16,020

said of a flat there were no railroad

1040

00:51:20,810 --> 00:51:17,610

tracks that she had gone over there was

1041

00:51:23,420 --> 00:51:20,820

no potholes and that should be looked up

1042

00:51:26,540 --> 00:51:23,430

towards where were the tours of Santa

1043

00:51:30,020 --> 00:51:26,550

Susana Pass she saw a light signaling at

1044

00:51:32,000 --> 00:51:30,030

her and I mentioned there were two

1045

00:51:34,700 --> 00:51:32,010

lights one was signaling and on us the

1046

00:51:36,290 --> 00:51:34,710

other was directed towards the southeast

1047

00:51:39,580 --> 00:51:36,300

which was the direction that Shirley had

1048

00:51:43,130 --> 00:51:39,590

gone and that violent shaking of the car

1049

00:51:45,140 --> 00:51:43,140

seemed to be more than coincidence It

1050

00:51:46,910 --> 00:51:45,150

was as if the intelligence behind the

1051

00:51:49,660 --> 00:51:46,920

phenomena wanted her to stop the vehicle

1052

00:51:53,570 --> 00:51:49,670

so that she could see the light as well

1053

00:51:55,400 --> 00:51:53,580

it was you know quite interesting how

1054

00:51:57,110 --> 00:51:55,410

the intelligence around the phenomena

1055

00:52:00,830 --> 00:51:57,120

was showing us their tremendous

1056

00:52:05,770 --> 00:52:00,840

capability not only to interact with us

1057

00:52:08,840 --> 00:52:05,780

mentally visually but also to be able to

1058

00:52:11,060 --> 00:52:08,850

physically shake the vehicle using some

1059

00:52:11,690 --> 00:52:11,070

kind of perhaps electromagnetic energy

1060

00:52:17,150 --> 00:52:11,700

to

1061

00:52:19,790 --> 00:52:17,160

her vehicle so this gives you a sense of

1062

00:52:23,390 --> 00:52:19,800

some of the work that we did in the

1063

00:52:25,160 --> 00:52:23,400

early days of the contact network was

1064

00:52:32,470 --> 00:52:25,170

Close Encounters of the fifth kind

1065

00:52:36,020 --> 00:52:32,480

initiative now just out of curiosity the

1066

00:52:39,260 --> 00:52:36,030

that Pensacola sighting that you guys

1067

00:52:41,690 --> 00:52:39,270

had with uh with dr. Steven Greer the

1068

00:52:43,970 --> 00:52:41,700

one with the the three craft now didn't

1069

00:52:48,920 --> 00:52:43,980

didn't then initiate an event for dr.

1070

00:52:52,760 --> 00:52:48,930

Greer and how he got involved with with

1071

00:52:56,800 --> 00:52:52,770

some of the government insiders yes this

1072

00:53:00,170 --> 00:52:56,810

is uh explained to by dr. Greer and his

1073

00:53:03,200 --> 00:53:00,180

several books in his many lectures but

1074

00:53:05,390 --> 00:53:03,210

there's also a part of the story that he

1075

00:53:07,010 --> 00:53:05,400

shared with his confidence the people in

1076

00:53:12,230 --> 00:53:07,020

the network that he doesn't talk about

1077

00:53:14,530 --> 00:53:12,240

so much and in order to understand what

1078

00:53:19,400 --> 00:53:14,540

happened and the significance of his

1079

00:53:21,050 --> 00:53:19,410

Pensacola March 1992 encounter which as

1080

00:53:26,359 --> 00:53:21,060

I mentioned there were 40 people out in

1081

00:53:28,220 --> 00:53:26,369

the field they interacted on the with

1082

00:53:31,130 --> 00:53:28,230

not one not two but at least three

1083

00:53:32,510 --> 00:53:31,140

possibly four typical Gulf Breeze when

1084

00:53:33,859 --> 00:53:32,520

the Gulf Breeze was the nickname of this

1085

00:53:37,870 --> 00:53:33,869

seaside town where there had been a

1086

00:53:41,720 --> 00:53:37,880

ongoing wave of UFO sightings and this

1087

00:53:48,319 --> 00:53:41,730

location was 2030 miles or so from the

1088

00:53:49,400 --> 00:53:48,329

Pensacola Naval Air Station and as I

1089

00:53:51,950 --> 00:53:49,410

said it was interactive

1090

00:53:54,650 --> 00:53:51,960

it was videotaped it was on the basis of

1091

00:53:58,640 --> 00:53:54,660

that videotape that after I met dr.

1092

00:54:01,760 --> 00:53:58,650

Greer in June of 1992 and I saw this

1093

00:54:03,859 --> 00:54:01,770

videotape where he's clearly signaling

1094

00:54:05,900 --> 00:54:03,869

at the UFOs and they're signaling back

1095

00:54:08,120 --> 00:54:05,910

at him with multiple witnesses present

1096

00:54:11,420 --> 00:54:08,130

that piece of documentation was very

1097

00:54:13,010 --> 00:54:11,430

convincing to me that's something quite

1098

00:54:16,010 --> 00:54:13,020

important was going on and so on the

1099

00:54:18,050 --> 00:54:16,020

basis of seeing that I volunteered to

1100

00:54:21,670 --> 00:54:18,060

join the network but I wasn't the only

1101  
00:54:25,009 --> 00:54:21,680  
person that was watching Steven Greer

1102  
00:54:28,880 --> 00:54:25,019  
the United States intelligence services

1103  
00:54:31,370 --> 00:54:28,890  
long history of interacting with a UFO

1104  
00:54:33,979 --> 00:54:31,380  
investigator some this is the subject of

1105  
00:54:36,589 --> 00:54:33,989  
a very important book written by Grant

1106  
00:54:39,049 --> 00:54:36,599  
Cameron who has been on your show and

1107  
00:54:44,479 --> 00:54:39,059  
that's an excellent interview I

1108  
00:54:46,159 --> 00:54:44,489  
recommend all listeners to UFO and n go

1109  
00:54:49,669 --> 00:54:46,169  
back into the archives and listen to

1110  
00:54:52,159 --> 00:54:49,679  
Grant Cameron's interview author of

1111  
00:54:55,039 --> 00:54:52,169  
managing magic and he's described how

1112  
00:54:58,789 --> 00:54:55,049  
this has been a kind of ongoing project

1113  
00:55:02,359 --> 00:54:58,799

for the last well 5060 years of

1114

00:55:05,569 --> 00:55:02,369

government insiders interacting with UFO

1115

00:55:09,649 --> 00:55:05,579

investigators to leak important

1116

00:55:12,859 --> 00:55:09,659

information and so as part of that

1117

00:55:14,870 --> 00:55:12,869

ongoing project of people in the

1118

00:55:17,839 --> 00:55:14,880

intelligence services were watching the

1119

00:55:22,669 --> 00:55:17,849

UFO community in the and so on Steven

1120

00:55:26,120 --> 00:55:22,679

Greer forms he said in 1990 there were

1121

00:55:31,039 --> 00:55:26,130

important people who had him on their

1122

00:55:33,859 --> 00:55:31,049

radar scope in 1991 this has never been

1123

00:55:36,109 --> 00:55:33,869

reported dr. Greer doesn't talk about it

1124

00:55:40,249 --> 00:55:36,119

much but he did talk about it with to

1125

00:55:43,309 --> 00:55:40,259

his closest associates 1992 I joined see

1126

00:55:47,439 --> 00:55:43,319

SETI his assistant Shari Adamiak who was

1127

00:55:50,479 --> 00:55:47,449

a helped dr. Greer formulate the contact

1128

00:55:53,149 --> 00:55:50,489

protocols and was a very important force

1129

00:55:58,429 --> 00:55:53,159

in the early days of our network Sheri

1130

00:56:00,169 --> 00:55:58,439

joined in 1991 but there was also people

1131

00:56:02,479 --> 00:56:00,179

from within the intelligence community

1132

00:56:06,049 --> 00:56:02,489

that knew about this to you and career

1133

00:56:09,079 --> 00:56:06,059

because in 1991 as part of his initial

1134

00:56:12,609 --> 00:56:09,089

investigation he had facilitated an

1135

00:56:15,499 --> 00:56:12,619

encounter with a UFO that was in the

1136

00:56:18,769 --> 00:56:15,509

North Carolina area where he lived and

1137

00:56:22,789 --> 00:56:18,779

that was picked up on radar of the local

1138

00:56:24,229 --> 00:56:22,799

airport so I suspect people within the

1139

00:56:26,839 --> 00:56:24,239

intelligence community that are

1140

00:56:29,449 --> 00:56:26,849

monitoring the UFO phenomena and they

1141

00:56:31,909 --> 00:56:29,459

are definitely monitoring contacts and

1142

00:56:35,079 --> 00:56:31,919

later on we can talk about some of the

1143

00:56:37,879 --> 00:56:35,089

problems our contact team had with

1144

00:56:38,210 --> 00:56:37,889

surveillance intelligence operatives but

1145

00:56:40,370 --> 00:56:38,220

that's

1146

00:56:42,460 --> 00:56:40,380

and again another long story well they

1147

00:56:46,849 --> 00:56:42,470

these intelligent operatives were

1148

00:56:49,580 --> 00:56:46,859

observing the UFO community and in 1991

1149

00:56:53,800 --> 00:56:49,590

a very important person commander will

1150

00:56:58,190 --> 00:56:53,810

Miller who was a naval intelligence

1151  
00:57:00,260 --> 00:56:58,200  
person officer and had a connection to

1152  
00:57:03,230 --> 00:57:00,270  
the Joint Chiefs of Staff as one of the

1153  
00:57:03,770 --> 00:57:03,240  
briefers and at the Joint Chiefs of

1154  
00:57:08,570 --> 00:57:03,780  
Staff

1155  
00:57:12,080 --> 00:57:08,580  
according to dr. Greer this officer with

1156  
00:57:16,940 --> 00:57:12,090  
in full uniform showed up his own Linna

1157  
00:57:19,490 --> 00:57:16,950  
and said to him we want to help you we

1158  
00:57:22,910 --> 00:57:19,500  
meaning the intelligence community we

1159  
00:57:25,370 --> 00:57:22,920  
believe that you or I think as correct I

1160  
00:57:27,290 --> 00:57:25,380  
should correct myself as dr. Greer

1161  
00:57:28,609 --> 00:57:27,300  
related to me and sherry and to Wayne

1162  
00:57:31,070 --> 00:57:28,619  
Peterson the other working group

1163  
00:57:33,740 --> 00:57:31,080

coordinator he also has passed away

1164

00:57:35,359 --> 00:57:33,750

along with Sharon he told all of his

1165

00:57:37,849 --> 00:57:35,369

doctor who told all of his closest

1166

00:57:40,820 --> 00:57:37,859

confidence said commander will Miller

1167

00:57:44,320 --> 00:57:40,830

showed up in full uniform at his home

1168

00:57:46,849 --> 00:57:44,330

and said we want to help you because

1169

00:57:51,140 --> 00:57:46,859

well at will Miller stated that you were

1170

00:57:53,240 --> 00:57:51,150

put on earth by God to open up our

1171

00:57:55,010 --> 00:57:53,250

planet to contact with extraterrestrials

1172

00:57:58,550 --> 00:57:55,020

well this is quite a remarkable

1173

00:58:01,760 --> 00:57:58,560

statement I wasn't there dr. Greer was

1174

00:58:06,109 --> 00:58:01,770

there and in view of the importance of

1175

00:58:09,880 --> 00:58:06,119

will Miller's playing liaison between

1176

00:58:12,980 --> 00:58:09,890

dr. Greer and high-level / people

1177

00:58:16,310 --> 00:58:12,990

researchers scientists as well as

1178

00:58:20,660 --> 00:58:16,320

military officers that connection was

1179

00:58:25,280 --> 00:58:20,670

facilitated as early as 1991 with will

1180

00:58:27,640 --> 00:58:25,290

Miller meeting dr. Greer but Miller was

1181

00:58:35,390 --> 00:58:27,650

not the only person there was also

1182

00:58:40,640 --> 00:58:35,400

another Navy retired officer his name

1183

00:58:43,370 --> 00:58:40,650

was John Peterson and he was head of

1184

00:58:47,900 --> 00:58:43,380

instill is a Washington think tank

1185

00:58:51,200 --> 00:58:47,910

called the Arlington Institute and this

1186

00:58:51,770 --> 00:58:51,210

is a futurist think tank just to jump in

1187

00:58:53,840 --> 00:58:51,780

here doctor

1188

00:58:58,160 --> 00:58:53,850

Burke said that at Peterson fellow is

1189

00:58:59,120 --> 00:58:58,170

the same person who played some role in

1190

00:59:01,400 --> 00:58:59,130

facilitating

1191

00:59:04,070 --> 00:59:01,410

Greer's meeting with James Woolsey is he

1192

00:59:05,780 --> 00:59:04,080

not that is exactly correct and thank

1193

00:59:08,960 --> 00:59:05,790

you for bringing it up moving it along

1194

00:59:11,870 --> 00:59:08,970

because Dr. Greer did meet with James

1195

00:59:15,680 --> 00:59:11,880

Woolsey a head of the CIA Clinton's

1196

00:59:19,790 --> 00:59:15,690

first CIA director in December of 1993

1197

00:59:22,550 --> 00:59:19,800

and that was facilitated by John

1198

00:59:27,290 --> 00:59:22,560

Peterson who was a former Navy aviator

1199

00:59:29,600 --> 00:59:27,300

and I have to tell you that the the it

1200

00:59:34,340 --> 00:59:29,610

was quite interesting to meet people

1201

00:59:37,400 --> 00:59:34,350

like wil Miller and so John Peterson

1202

00:59:39,620 --> 00:59:37,410

because to be a Navy pilot you have to

1203

00:59:42,530 --> 00:59:39,630

take off you know if an aircraft carrier

1204

00:59:45,170 --> 00:59:42,540

moving at 60 miles an hour into a wind

1205

00:59:47,510 --> 00:59:45,180

and they don't call themselves pilots

1206

00:59:49,880 --> 00:59:47,520

because that's such a highly skilled job

1207

00:59:52,940 --> 00:59:49,890

they used a different term to designate

1208

00:59:56,330 --> 00:59:52,950

them Navy aviators they call them yeah

1209

00:59:58,520 --> 00:59:56,340

I'm not a pilot I'm an aviator and John

1210

01:00:00,680 --> 00:59:58,530

Peterson had served in the Gulf of

1211

01:00:02,590 --> 01:00:00,690

Tonkin and yet when he retired from the

1212

01:00:07,370 --> 01:00:02,600

military formed this think tank but he

1213

01:00:09,110 --> 01:00:07,380

was a rising star in the Pentagon and

1214

01:00:11,030 --> 01:00:09,120

rumor had it that he was on the short

1215

01:00:13,070 --> 01:00:11,040

list to be an undersecretary assistant

1216

01:00:18,130 --> 01:00:13,080

undersecretary of the Navy at one point

1217

01:00:22,430 --> 01:00:18,140

and his friend James Woolsey who was a

1218

01:00:25,660 --> 01:00:22,440

was the first director for the CIA so

1219

01:00:29,540 --> 01:00:25,670

Wayne Peters I should say John Peterson

1220

01:00:34,070 --> 01:00:29,550

John Peterson I started attending some

1221

01:00:37,760 --> 01:00:34,080

of Dr. Greer's conferences and finally

1222

01:00:40,730 --> 01:00:37,770

he introduced himself as someone who

1223

01:00:42,110 --> 01:00:40,740

could be helpful to Dr. Greer and Dr.

1224

01:00:44,630 --> 01:00:42,120

Greer or say well how do you know

1225

01:00:46,730 --> 01:00:44,640

and how could it be helpful and he said

1226

01:00:52,220 --> 01:00:46,740

how would you like to meet the head of

1227

01:00:55,010 --> 01:00:52,230

the CIA so so this this meeting did

1228

01:00:58,880 --> 01:00:55,020

occur it was the cover story was that it

1229

01:01:06,680 --> 01:00:58,890

was a dinner party and dr. Greer and his

1230

01:01:15,440 --> 01:01:11,800

John Peterson they separated from the

1231

01:01:18,470 --> 01:01:15,450

main party and for two hours if dr.

1232

01:01:21,290 --> 01:01:18,480

Brewers testimony is accurate dr. Greer

1233

01:01:26,390 --> 01:01:21,300

discussed with the head of the CIA and

1234

01:01:30,410 --> 01:01:26,400

Wayne Peterson and dr. Woolsey's wife

1235

01:01:33,470 --> 01:01:30,420

was also a high-ranking person I think

1236

01:01:35,090 --> 01:01:33,480

the National Institute of Science she

1237

01:01:39,380 --> 01:01:35,100

was they think the operations officer

1238

01:01:41,300 --> 01:01:39,390

she was also a PhD and a scientist so

1239

01:01:43,190 --> 01:01:41,310

they have a two-hour discussion of the

1240

01:01:46,690 --> 01:01:43,200

UFO phenomena in which dr. Greer laid

1241

01:01:49,940 --> 01:01:46,700

out his program to engage the phenomena

1242

01:01:52,430 --> 01:01:49,950

proactively by forming contact teams and

1243

01:01:55,100 --> 01:01:52,440

in the process of having these

1244

01:01:57,740 --> 01:01:55,110

interactions to alert the larger society

1245

01:01:59,630 --> 01:01:57,750

that UFOs are real they're really

1246

01:02:02,060 --> 01:01:59,640

important and we can establish a

1247

01:02:04,040 --> 01:02:02,070

cooperative relationship so there was a

1248

01:02:07,490 --> 01:02:04,050

series of meetings that were facilitated

1249

01:02:09,320 --> 01:02:07,500

by John Peterson who was head of the

1250

01:02:15,050 --> 01:02:09,330

Arlington Institute a former Navy

1251

01:02:16,580 --> 01:02:15,060

aviator wil Miller intelligence officer

1252

01:02:19,160 --> 01:02:16,590

who had a job with the Joint Chiefs of

1253

01:02:22,340 --> 01:02:19,170

Staff and they were working with dr.

1254

01:02:25,400 --> 01:02:22,350

Greer to meet other important people and

1255

01:02:30,170 --> 01:02:25,410

share information about the secret

1256

01:02:33,890 --> 01:02:30,180

programs that were going on so I got a

1257

01:02:36,500 --> 01:02:33,900

chance to meet John Peterson and in 1993

1258

01:02:40,280 --> 01:02:36,510

as the negotiations were going on to set

1259

01:02:42,410 --> 01:02:40,290

up the meeting and it was a it was sort

1260

01:02:44,359 --> 01:02:42,420

of strange because it was culture clash

1261

01:02:48,230 --> 01:02:44,369

the people in the military industrial

1262

01:02:51,349 --> 01:02:48,240

complex interacting with people were

1263

01:02:55,520 --> 01:02:51,359

kind of like New Age spiritual into

1264

01:03:00,200 --> 01:02:55,530

meditation and UFOs but that liaison was

1265

01:03:03,170 --> 01:03:00,210

there and dr. Greer and my judgment is

1266

01:03:07,010 --> 01:03:03,180

different from the other people that

1267

01:03:08,960 --> 01:03:07,020

have played a similar roles and I refer

1268

01:03:12,230 --> 01:03:08,970

now to Grant Cameron's work managing

1269

01:03:14,930 --> 01:03:12,240

magic in which he describes how Bill

1270

01:03:17,960 --> 01:03:14,940

Moore was a UFO investigator was taken

1271

01:03:22,550 --> 01:03:17,970

into some of these programs

1272

01:03:26,390 --> 01:03:22,560

and reported on it and also we have now

1273

01:03:28,550 --> 01:03:26,400

Tom DeLonge who has military advisers

1274

01:03:30,500 --> 01:03:28,560

and I should say advisers from the

1275

01:03:33,560 --> 01:03:30,510

military industrial intelligence complex

1276

01:03:37,370 --> 01:03:33,570

with his to the stars a project but was

1277

01:03:38,870 --> 01:03:37,380

different about dr. Greer in my opinion

1278

01:03:42,860 --> 01:03:38,880

was that the military industrial

1279

01:03:45,020 --> 01:03:42,870

intelligence complex those groups that

1280

01:03:47,810 --> 01:03:45,030

were wanting to have more openness on

1281

01:03:49,910 --> 01:03:47,820

the subject working with someone like

1282

01:03:53,480 --> 01:03:49,920

dr. Greer who was a high-level contact

1283

01:03:55,490 --> 01:03:53,490

he and in my opinion had direct

1284

01:03:57,650 --> 01:03:55,500

telepathic communication with was it

1285

01:04:01,040 --> 01:03:57,660

phenomena again I just had to follow up

1286

01:04:02,840 --> 01:04:01,050

with a small point about that there's

1287

01:04:05,600 --> 01:04:02,850

been some back and forth between Greer

1288

01:04:10,340 --> 01:04:05,610

and Woolsey about what the nature of the

1289

01:04:13,850 --> 01:04:10,350

the meeting was basically Woolsey has

1290

01:04:16,130 --> 01:04:13,860

written a letter saying that well I

1291

01:04:18,530 --> 01:04:16,140

wasn't exactly briefed I was just being

1292

01:04:20,390 --> 01:04:18,540

polite at a dinner party where Greer

1293

01:04:25,370 --> 01:04:20,400

basically yeah been to zerah been about

1294

01:04:29,390 --> 01:04:25,380

UFOs and his Greer's claim that this was

1295

01:04:32,360 --> 01:04:29,400

a proper briefing and all that is an

1296

01:04:35,540 --> 01:04:32,370

exaggeration a misrepresentation and I

1297

01:04:38,810 --> 01:04:35,550

do note that Woolsey provided a letter

1298

01:04:40,400 --> 01:04:38,820

that was signed by Woolsey's wife the

1299

01:04:43,130 --> 01:04:40,410

lady that you mentioned knew that did

1300

01:04:46,160 --> 01:04:43,140

the work with the the Science Foundation

1301

01:04:48,260 --> 01:04:46,170

if I recall you saying and I was also

1302

01:04:51,080 --> 01:04:48,270

signed by Peterson and his wife as well

1303

01:04:53,470 --> 01:04:51,090

and I was wondering if you've got any

1304

01:04:56,960 --> 01:04:53,480

sort of a feedback or response to that

1305

01:04:59,060 --> 01:04:56,970

yeah sure I you know I have to say that

1306

01:05:03,110 --> 01:04:59,070

I was there during the planning of the

1307

01:05:05,090 --> 01:05:03,120

of those meetings I didn't know that dr.

1308

01:05:07,460 --> 01:05:05,100

Greer was gonna meet with the CIA

1309

01:05:08,960 --> 01:05:07,470

director but I was to the network was

1310

01:05:10,760 --> 01:05:08,970

alerted that there was going to be a

1311

01:05:13,310 --> 01:05:10,770

very high-level meeting that was going

1312

01:05:15,020 --> 01:05:13,320

on and you know I think it's important

1313

01:05:19,340 --> 01:05:15,030

to point out as grant Cameron and asked

1314

01:05:22,130 --> 01:05:19,350

in discussing the dr. Greer CIA director

1315

01:05:25,070 --> 01:05:22,140

Woolsey connection that anytime any UFO

1316

01:05:28,520 --> 01:05:25,080

investigator under any circumstance gets

1317

01:05:30,500 --> 01:05:28,530

to talk about UFOs with the CIA director

1318

01:05:34,280 --> 01:05:30,510

this isn't very important

1319

01:05:38,030 --> 01:05:34,290

so Don the idea that there was just a

1320

01:05:41,150 --> 01:05:38,040

dinner party then there were this wasn't

1321

01:05:45,710 --> 01:05:41,160

a meeting that was set up for dr. Greer

1322

01:05:49,430 --> 01:05:45,720

to have a substantial meeting with the

1323

01:05:52,520 --> 01:05:49,440

CIA directors it's just a cover story so

1324

01:05:52,970 --> 01:05:52,530

so basically yeah just then sorry to

1325

01:05:56,060 --> 01:05:52,980

interrupt

1326

01:05:58,570 --> 01:05:56,070

but you're saying that you were there

1327

01:06:00,860 --> 01:05:58,580

personally when Peterson was in the room

1328

01:06:02,780 --> 01:06:00,870

discussing this is what the nature of

1329

01:06:05,480 --> 01:06:02,790

the meeting is going to be about no I

1330

01:06:08,510 --> 01:06:05,490

was not are you we're not okay okay I I

1331

01:06:11,030 --> 01:06:08,520

got to see Leah subsidy that the

1332

01:06:16,670 --> 01:06:11,040

telegram that was used to set up the

1333

01:06:18,440 --> 01:06:16,680

meeting I got to hear about the

1334

01:06:20,930 --> 01:06:18,450

discussions of dr. Greer going and

1335

01:06:22,700 --> 01:06:20,940

meeting a very important person which

1336

01:06:26,060 --> 01:06:22,710

turned out to the CIA director and

1337

01:06:29,510 --> 01:06:26,070

subsequently the CIA was started

1338

01:06:31,790 --> 01:06:29,520

cooperating because I saw file and file

1339

01:06:37,040 --> 01:06:31,800

on file of documents that were released

1340

01:06:39,640 --> 01:06:37,050

by the CIA to dr. Greer that were coming

1341

01:06:44,360 --> 01:06:39,650

as part of the effort and liaison

1342

01:06:46,880 --> 01:06:44,370

between him and the CIA director so this

1343

01:06:49,310 --> 01:06:46,890

was and you know dr. Greer was talking

1344

01:06:53,180 --> 01:06:49,320

about a Dan Smith and for people who

1345

01:06:59,690 --> 01:06:53,190

follow grant Cameron's work Dan Smith is

1346

01:07:04,550 --> 01:06:59,700

and also dr. Ron Penn Pandolfi who's a

1347

01:07:06,680 --> 01:07:04,560

high-ranking CIA official dr. Greer was

1348

01:07:08,990 --> 01:07:06,690

talking about was just talking about Ron

1349

01:07:13,490 --> 01:07:09,000

Pento he said this and Dan Smith said

1350

01:07:16,310 --> 01:07:13,500

that and these high-ranking intelligence

1351

01:07:19,670 --> 01:07:16,320

officers were clearly interacting with

1352

01:07:22,250 --> 01:07:19,680

dr. Greer and the subsequent a meeting

1353

01:07:28,160 --> 01:07:22,260

that happened in December I think it was

1354

01:07:30,890 --> 01:07:28,170

16 1993 was was not a simple dinner

1355

01:07:33,740 --> 01:07:30,900

party invitation this was something that

1356

01:07:38,120 --> 01:07:33,750

was planned prepared for and I got to

1357

01:07:40,070 --> 01:07:38,130

see the records of the CIA that had been

1358

01:07:43,370 --> 01:07:40,080

passed along to dr. Greer in boxes upon

1359

01:07:46,190 --> 01:07:43,380

boxes of documents so that liaison

1360

01:07:49,309 --> 01:07:46,200

clearly going on for for several years

1361

01:07:55,099 --> 01:07:49,319

but you know Woolsey was unfortunately

1362

01:07:57,079 --> 01:07:55,109

fired he would by Clinton and dr. Greer

1363

01:08:00,559 --> 01:07:57,089

in a discipline that I think responsible

1364

01:08:03,220 --> 01:08:00,569

man there did not refer to that meeting

1365

01:08:07,609 --> 01:08:03,230

that they had for several years he kept

1366

01:08:09,740 --> 01:08:07,619

confidentiality but he did started you

1367

01:08:11,779 --> 01:08:09,750

did start talking about that meeting

1368

01:08:13,549 --> 01:08:11,789

that had occurred and of course Woolsey

1369

01:08:16,189 --> 01:08:13,559

then became very upset because his cover

1370

01:08:20,539 --> 01:08:16,199

had been blown and so he the the story

1371

01:08:23,120 --> 01:08:20,549

of of dinner party was sure it was

1372

01:08:24,649 --> 01:08:23,130

promoted and circulated and and I I

1373

01:08:27,919 --> 01:08:24,659

don't believe it I think it was a cover

1374

01:08:29,390 --> 01:08:27,929

story okay I real real quick yeah I

1375

01:08:33,079 --> 01:08:29,400

could probably find out just by looking

1376

01:08:36,110 --> 01:08:33,089

at up really quick but Clinton was by

1377

01:08:38,829 --> 01:08:36,120

all accounts up pro UFO a Woolsey seems

1378

01:08:41,360 --> 01:08:38,839

at least open to I know Peterson was a

1379

01:08:43,910 --> 01:08:41,370

Steven Greer is not the only UFO

1380

01:08:45,860 --> 01:08:43,920

researcher that Peterson was in contact

1381

01:08:49,309 --> 01:08:45,870

with there were some others as well so

1382

01:08:56,269 --> 01:08:49,319

obviously yeah Peterson is very much Pro

1383

01:08:56,870 --> 01:08:56,279

a UFO but do you know why yeah Woolsey

1384

01:09:03,729 --> 01:08:56,880

was fired

1385

01:09:07,729 --> 01:09:03,739

basically well it had to do with with a

1386

01:09:09,789 --> 01:09:07,739

espionage case where a CIA officer I'm

1387

01:09:12,590 --> 01:09:09,799

not sure if it was his name was Hanson

1388

01:09:15,559 --> 01:09:12,600

but a CIA officer was going into the

1389

01:09:20,990 --> 01:09:15,569

archives and removing documents and

1390

01:09:24,979 --> 01:09:21,000

walking them over to the Soviet embassy

1391

01:09:30,559 --> 01:09:24,989

in Washington DC okay and the the the

1392

01:09:33,260 --> 01:09:30,569

security arrangements were so lacks at

1393

01:09:35,510 --> 01:09:33,270

the CIA and the polygraph testing that

1394

01:09:38,899 --> 01:09:35,520

was done to prevent this type of thing

1395

01:09:41,899 --> 01:09:38,909

was so incompetent that it became a

1396

01:09:47,349 --> 01:09:41,909

national scandal how all this

1397

01:09:51,140 --> 01:09:47,359

information had been released and so

1398

01:09:55,669 --> 01:09:51,150

Clinton ordered Woolsey his CIA director

1399

01:09:56,780 --> 01:09:55,679

to carry out an enforcement and to

1400

01:10:00,640 --> 01:09:56,790

discipline and fire

1401

01:10:05,870 --> 01:10:00,650

those people who had been so careless in

1402

01:10:09,530 --> 01:10:05,880

allowing this to occur the individual I

1403

01:10:11,030 --> 01:10:09,540

think it was his name Hansen received

1404

01:10:13,460 --> 01:10:11,040

hundreds of thousands of dollars from

1405

01:10:17,450 --> 01:10:13,470

the Soviets he bought himself fancy cars

1406

01:10:19,580 --> 01:10:17,460

a fancy house all of which he explained

1407

01:10:22,400 --> 01:10:19,590

away on the basis of it will his wife

1408

01:10:25,820 --> 01:10:22,410

inherited money but you think the CIA

1409

01:10:28,190 --> 01:10:25,830

would investigate and enquire why one of

1410

01:10:30,200 --> 01:10:28,200

their officers on suddenly has is

1411

01:10:33,920 --> 01:10:30,210

incredibly wealthy they didn't even

1412

01:10:36,800 --> 01:10:33,930

check into that it was there was so so

1413

01:10:40,160 --> 01:10:36,810

Woolsey loyalty to his department

1414

01:10:43,220 --> 01:10:40,170

refused to be that an ax man the hatchet

1415

01:10:46,040 --> 01:10:43,230

man and he refused to discipline the the

1416

01:10:48,710 --> 01:10:46,050

officers and I think it was on the basis

1417

01:10:50,810 --> 01:10:48,720

of that that he was fired nothing to do

1418

01:10:54,080 --> 01:10:50,820

I understood I just wanted to clear that

1419

01:10:56,390 --> 01:10:54,090

up because it does seem that well again

1420

01:10:59,240 --> 01:10:56,400

we know that Clinton was very interested

1421

01:11:02,240 --> 01:10:59,250

and Woolsey was at least maybe a little

1422

01:11:04,160 --> 01:11:02,250

bit interested well it was very

1423

01:11:08,660 --> 01:11:04,170

interested because he was working

1424

01:11:10,490 --> 01:11:08,670

directly with the contact network dr.

1425

01:11:12,230 --> 01:11:10,500

Steven Greer was head of the Center for

1426

01:11:15,230 --> 01:11:12,240

the Study of extraterrestrial his

1427

01:11:17,780 --> 01:11:15,240

interest was personal I was told because

1428

01:11:19,220 --> 01:11:17,790

he had had a sighting and and you have

1429

01:11:21,710 --> 01:11:19,230

to remember that when dealing with the

1430

01:11:23,780 --> 01:11:21,720

government if 10% of the people and the

1431

01:11:27,310 --> 01:11:23,790

general population has had a sighting

1432

01:11:30,770 --> 01:11:27,320

and and something like 1% has had a

1433

01:11:32,150 --> 01:11:30,780

so-called ce4 or were they or they see

1434

01:11:34,580 --> 01:11:32,160

an extraterrestrial being it's an

1435

01:11:36,530 --> 01:11:34,590

incredible number of people describe

1436

01:11:37,240 --> 01:11:36,540

these kinds of encounters we're talking

1437

01:11:39,350 --> 01:11:37,250

about

1438

01:11:41,210 --> 01:11:39,360

millions of people around the planet

1439

01:11:43,010 --> 01:11:41,220

those individuals are also going to

1440

01:11:45,770 --> 01:11:43,020

appear in government so you have a

1441

01:11:48,290 --> 01:11:45,780

situation where it was it's rumor that

1442

01:11:50,840 --> 01:11:48,300

Woolsey had a sighting certainly Tom

1443

01:11:54,800 --> 01:11:50,850

DeLonge has people on his team now in

1444

01:11:57,950 --> 01:11:54,810

the to the stars Academy there's a gym

1445

01:12:01,640 --> 01:11:57,960

semi van who is a high-ranking former

1446

01:12:04,300 --> 01:12:01,650

CIA official that is reported to have

1447

01:12:08,240 --> 01:12:04,310

actually had what's called an abduction

1448

01:12:10,640 --> 01:12:08,250

other people on the Tom DeLonge team

1449

01:12:13,070 --> 01:12:10,650

have reportedly had side

1450

01:12:14,750 --> 01:12:13,080

and other kind of contact experiences so

1451

01:12:19,450 --> 01:12:14,760

there are people in the government in

1452

01:12:23,300 --> 01:12:19,460

the CIA who are experiences and the

1453

01:12:27,530 --> 01:12:23,310

phenomena is is ubiquitous it's only

1454

01:12:29,930 --> 01:12:27,540

present so you've got to understand this

1455

01:12:32,720 --> 01:12:29,940

to realize that people within the

1456

01:12:34,670 --> 01:12:32,730

government on a personal basis are going

1457

01:12:36,680 --> 01:12:34,680

to be very interested in the phenomenon

1458

01:12:39,740 --> 01:12:36,690

and I believe Woolsey or someone in his

1459

01:12:47,660 --> 01:12:39,750

family had also had a sighting got it

1460

01:12:51,410 --> 01:12:47,670

okay getting back to you go ahead Jim

1461

01:12:56,180 --> 01:12:51,420

no go ahead guard well so I got a chance

1462

01:12:58,190 --> 01:12:56,190

to meet John Peterson and one of the

1463

01:13:04,480 --> 01:12:58,200

guys on my contact team captain Joe

1464

01:13:09,290 --> 01:13:04,490

Vallejo who was a pilot for United's 747

1465

01:13:15,010 --> 01:13:09,300

he I heard Peterson and captain Vallejo

1466

01:13:23,750 --> 01:13:19,490

Institute for new science it was a

1467

01:13:26,750 --> 01:13:23,760

meeting that happened in Colorado where

1468

01:13:29,330 --> 01:13:26,760

in October of 1993 and that's where I

1469

01:13:32,420 --> 01:13:29,340

got a chance to meet John Peterson and

1470

01:13:34,070 --> 01:13:32,430

he was and dr. Greer were thick as

1471

01:13:36,230 --> 01:13:34,080

thieves they were going around together

1472

01:13:37,760 --> 01:13:36,240

and it was you know clearly people

1473

01:13:40,420 --> 01:13:37,770

within the intelligence community were

1474

01:13:43,490 --> 01:13:40,430

associating with with the network and

1475

01:13:46,910 --> 01:13:43,500

you know my my feelings about these

1476

01:13:49,040 --> 01:13:46,920

people were you know quite mixed because

1477

01:13:52,250 --> 01:13:49,050

my background is peace and social

1478

01:13:55,040 --> 01:13:52,260

justice and I'd been to demonstrations

1479

01:13:58,040 --> 01:13:55,050

organize student strikes try to end the

1480

01:14:00,650 --> 01:13:58,050

Vietnam War and our feelings about the

1481

01:14:07,180 --> 01:14:00,660

CIA we're not very positive because the

1482

01:14:10,160 --> 01:14:07,190

CIA you know being the president's I

1483

01:14:12,710 --> 01:14:10,170

almost say personal because it's not

1484

01:14:15,320 --> 01:14:12,720

personal but the CIA was created to give

1485

01:14:17,090 --> 01:14:15,330

direct advice to the president in the

1486

01:14:19,610 --> 01:14:17,100

United States and daily intelligence

1487

01:14:23,180 --> 01:14:19,620

briefing the CIA had played a very dark

1488

01:14:25,610 --> 01:14:23,190

role in the Vietnam War it was a

1489

01:14:30,229 --> 01:14:25,620

assassination program called operation

1490

01:14:33,290 --> 01:14:30,239

Phoenix and over tens of thousands I

1491

01:14:36,620 --> 01:14:33,300

think 35,000 civilians primarily were

1492

01:14:39,709 --> 01:14:36,630

assassinated by CIA and these were

1493

01:14:42,200 --> 01:14:39,719

teachers and doctors and government

1494

01:14:44,830 --> 01:14:42,210

officials and within the National

1495

01:14:48,830 --> 01:14:44,840

Liberation Front this so-called Vietcong

1496

01:14:52,189 --> 01:14:48,840

so we were very much disturbed and by

1497

01:14:54,740 --> 01:14:52,199

the Vietnam War back in the 60s and 70s

1498

01:14:57,410 --> 01:14:54,750

or were massive demonstrations and the

1499

01:15:00,350 --> 01:14:57,420

CIA was played an integral role in

1500

01:15:02,570 --> 01:15:00,360

carrying out that war that from our

1501

01:15:05,060 --> 01:15:02,580

point of view was senseless and led to

1502

01:15:07,880 --> 01:15:05,070

the unnecessary deaths of 50,000

1503

01:15:10,760 --> 01:15:07,890

Americans and several million

1504

01:15:13,700 --> 01:15:10,770

indo-chinese people so here dr. Greer is

1505

01:15:16,660 --> 01:15:13,710

working with all these intelligence

1506

01:15:19,520 --> 01:15:16,670

people and military-industrial types and

1507

01:15:22,310 --> 01:15:19,530

for me that was that was disturbing

1508

01:15:25,490 --> 01:15:22,320

he claimed dr. Kerr claimed that these

1509

01:15:27,229 --> 01:15:25,500

were the guys in the white hats these

1510

01:15:30,260 --> 01:15:27,239

were people within the control groups

1511

01:15:32,570 --> 01:15:30,270

and I prefer that term control groups to

1512

01:15:34,520 --> 01:15:32,580

describe those powerful forces within

1513

01:15:37,880 --> 01:15:34,530

the establishment that are attempting to

1514

01:15:39,560 --> 01:15:37,890

keep a lid on the UFO situation there

1515

01:15:41,750 --> 01:15:39,570

are sexist sections of the control

1516

01:15:45,560 --> 01:15:41,760

groups that want more openness on this

1517

01:15:49,790 --> 01:15:45,570

subject and dr. Greer presumably was

1518

01:15:51,890 --> 01:15:49,800

working with the those people within the

1519

01:15:55,520 --> 01:15:51,900

military industrial intelligence complex

1520

01:15:59,120 --> 01:15:55,530

that wanted to open up our society to to

1521

01:16:01,790 --> 01:15:59,130

more contact as commander will Miller

1522

01:16:05,689 --> 01:16:01,800

reportedly said to Steven Greer when

1523

01:16:09,430 --> 01:16:05,699

they met in 1991 in his home so but

1524

01:16:12,520 --> 01:16:09,440

still there was that culture clash and

1525

01:16:15,170 --> 01:16:12,530

eventually I became sufficiently

1526

01:16:17,000 --> 01:16:15,180

disturbed by his close association with

1527

01:16:18,890 --> 01:16:17,010

the intelligence community that it was

1528

01:16:22,189 --> 01:16:18,900

one of the reasons that I left he said

1529

01:16:24,560 --> 01:16:22,199

in 1998 but this is a very complex story

1530

01:16:27,890 --> 01:16:24,570

and has to do with the inner politics of

1531

01:16:30,130 --> 01:16:27,900

the disclosure process as well as the

1532

01:16:33,740 --> 01:16:30,140

inner politics of the contact network

1533

01:16:36,350 --> 01:16:33,750

and the various ways in which UFO

1534

01:16:36,879 --> 01:16:36,360

intelligence is attempting to get the

1535

01:16:40,540 --> 01:16:36,889

word

1536

01:16:46,330 --> 01:16:40,550

by working with people like dr. Greer

1537

01:16:49,030 --> 01:16:46,340

high-level contactees to make a change

1538

01:16:51,220 --> 01:16:49,040

within the control groups in a certain

1539

01:16:53,439 --> 01:16:51,230

sense dr. Greer is an agent of influence

1540

01:16:55,300 --> 01:16:53,449

but that's the way I think of them and

1541

01:16:56,919 --> 01:16:55,310

one of the theories that I'm promoting

1542

01:16:59,830 --> 01:16:56,929

is a the Intelligence

1543

01:17:02,830 --> 01:16:59,840

counterintelligence paradigm you know

1544

01:17:05,649 --> 01:17:02,840

people ask how should we study UFOs well

1545

01:17:07,209 --> 01:17:05,659

for MUFON mutual UFO network which is an

1546

01:17:09,459 --> 01:17:07,219

important organization that has

1547

01:17:11,830 --> 01:17:09,469

thousands of civilian volunteer

1548

01:17:15,340 --> 01:17:11,840

investigators they say you do it by

1549

01:17:18,580 --> 01:17:15,350

studying sightings but after 50 years of

1550

01:17:20,709 --> 01:17:18,590

studying sightings what do you really

1551  
01:17:23,379 --> 01:17:20,719  
know about the intelligence behind the

1552  
01:17:27,790 --> 01:17:23,389  
phenomenon not very much you can

1553  
01:17:30,910 --> 01:17:27,800  
describe typical characteristics of the

1554  
01:17:34,510 --> 01:17:30,920  
objects there there will shape their

1555  
01:17:35,800 --> 01:17:34,520  
color their flight characteristics which

1556  
01:17:37,240 --> 01:17:35,810  
are anomalous but you really don't know

1557  
01:17:39,729 --> 01:17:37,250  
about the intelligence behind the

1558  
01:17:42,760 --> 01:17:39,739  
phenomena and beings that are perhaps

1559  
01:17:44,620 --> 01:17:42,770  
inside the craft you can only know that

1560  
01:17:48,490 --> 01:17:44,630  
by being an experience or indirectly

1561  
01:17:50,859 --> 01:17:48,500  
engaging them and so the ce-5 initiative

1562  
01:17:53,919 --> 01:17:50,869  
was a very powerful tool to investigate

1563  
01:17:56,979 --> 01:17:53,929

the phenomena and dr. Greer as heading

1564

01:18:01,600 --> 01:17:56,989

that effort would attract the interest

1565

01:18:03,459 --> 01:18:01,610

of the intelligence services now I hope

1566

01:18:06,450 --> 01:18:03,469

that the group that he's working with is

1567

01:18:09,129 --> 01:18:06,460

promoting is openness for peace I

1568

01:18:12,459 --> 01:18:09,139

suspect that that may not be the case

1569

01:18:14,470 --> 01:18:12,469

but in any any situation when you're

1570

01:18:19,030 --> 01:18:14,480

dealing with clandestine operatives a

1571

01:18:24,430 --> 01:18:19,040

lot is unknown but UFO intelligence in

1572

01:18:27,160 --> 01:18:24,440

many ways is approached by the national

1573

01:18:30,850 --> 01:18:27,170

security apparatus as if it were an

1574

01:18:34,050 --> 01:18:30,860

enemy intelligence operation and so you

1575

01:18:37,890 --> 01:18:34,060

have people in counterintelligence like

1576

01:18:40,770 --> 01:18:37,900

the Air Force Office of Special and

1577

01:18:43,709 --> 01:18:40,780

after's Office of Special Investigations

1578

01:18:46,390 --> 01:18:43,719

you have their people infiltrating and

1579

01:18:48,970 --> 01:18:46,400

interacting with the the you of the UFO

1580

01:18:50,030 --> 01:18:48,980

community you have their famous Richard

1581

01:18:52,820 --> 01:18:50,040

Dottie and

1582

01:18:55,730 --> 01:18:52,830

disaster of the Paul bennewitz case back

1583

01:18:58,820 --> 01:18:55,740

in the 80s where a UFO investigator was

1584

01:19:02,030 --> 01:18:58,830

being manipulated by the Air Force

1585

01:19:05,000 --> 01:19:02,040

Office of Special Investigation and if

1586

01:19:08,030 --> 01:19:05,010

you cannot study the phenomena directly

1587

01:19:10,160 --> 01:19:08,040

you study the people who are interacting

1588

01:19:12,380 --> 01:19:10,170

with the phenomenon and so the

1589

01:19:17,150 --> 01:19:12,390

intelligence services are you know

1590

01:19:19,310 --> 01:19:17,160

they're working alongside the UFO

1591

01:19:22,700 --> 01:19:19,320

community trying to find out what's

1592

01:19:23,780 --> 01:19:22,710

going on and it's understandable that

1593

01:19:26,980 --> 01:19:23,790

they would want to work with someone

1594

01:19:29,990 --> 01:19:26,990

like dr. Greer who in my judgment as a

1595

01:19:31,310 --> 01:19:30,000

direct communication the past had direct

1596

01:19:35,390 --> 01:19:31,320

telepathic communication with the

1597

01:19:37,400 --> 01:19:35,400

phenomenon so so why I suggest that we

1598

01:19:39,560 --> 01:19:37,410

look at the UFO phenomena not as a

1599

01:19:40,160 --> 01:19:39,570

scientific investigation because let's

1600

01:19:43,670 --> 01:19:40,170

face it

1601  
01:19:45,860 --> 01:19:43,680  
UFO Intel controls almost every aspect

1602  
01:19:48,080 --> 01:19:45,870  
of the phenomena they choose where

1603  
01:19:50,270 --> 01:19:48,090  
they're going to appear there they

1604  
01:19:52,850 --> 01:19:50,280  
choose the time they choose the

1605  
01:19:54,260 --> 01:19:52,860  
individuals who are going to have the

1606  
01:19:56,300 --> 01:19:54,270  
contact experience whether it be a

1607  
01:20:00,920 --> 01:19:56,310  
sighting or something what is called the

1608  
01:20:02,240 --> 01:20:00,930  
ce4 where they go on or crap the

1609  
01:20:04,250 --> 01:20:02,250  
so-called abduction

1610  
01:20:06,200 --> 01:20:04,260  
what's the iiii where they see it so

1611  
01:20:09,860 --> 01:20:06,210  
first professional scientists to try to

1612  
01:20:11,660 --> 01:20:09,870  
engage a phenomena that's controlled by

1613  
01:20:14,750 --> 01:20:11,670

an intelligence that's more powerful

1614

01:20:16,730 --> 01:20:14,760

more intelligence more intelligent than

1615

01:20:18,920 --> 01:20:16,740

the scientists themselves I think it's

1616

01:20:21,230 --> 01:20:18,930

just not realistic a scientific paradigm

1617

01:20:24,050 --> 01:20:21,240

may not give you the answers you're

1618

01:20:25,880 --> 01:20:24,060

looking for but if you're looking for

1619

01:20:27,350 --> 01:20:25,890

knowing about the intelligence you have

1620

01:20:30,470 --> 01:20:27,360

to interact with it and who's

1621

01:20:33,440 --> 01:20:30,480

interacting with it the experiences so

1622

01:20:35,950 --> 01:20:33,450

the national security state operatives

1623

01:20:40,190 --> 01:20:35,960

are going to interact with the

1624

01:20:42,200 --> 01:20:40,200

experiencers community my opinion is

1625

01:20:45,560 --> 01:20:42,210

that the UFO intelligence is here to

1626  
01:20:48,920 --> 01:20:45,570  
assist us their appearance over military

1627  
01:20:51,770 --> 01:20:48,930  
bases nuclear facilities we clear

1628  
01:20:54,380 --> 01:20:51,780  
weapons storage depots their

1629  
01:20:56,810 --> 01:20:54,390  
interference with tests of nuclear

1630  
01:21:00,430 --> 01:20:56,820  
weapons in terms of missile loss

1631  
01:21:03,290 --> 01:21:00,440  
launches all this indicates to me that

1632  
01:21:05,000 --> 01:21:03,300  
UFO intelligence is very in

1633  
01:21:06,710 --> 01:21:05,010  
interested in the phenomena they're

1634  
01:21:08,690 --> 01:21:06,720  
willing to demonstrate their capability

1635  
01:21:11,240 --> 01:21:08,700  
of disabling missiles both in the United

1636  
01:21:14,600 --> 01:21:11,250  
States and the Soviet Union I interpret

1637  
01:21:17,450 --> 01:21:14,610  
that as a message saying we are playing

1638  
01:21:19,940 --> 01:21:17,460

with very dangerous toys and this is the

1639

01:21:21,680 --> 01:21:19,950

opinion of Robert Hastings who's written

1640

01:21:23,270 --> 01:21:21,690

a very important book which I think

1641

01:21:26,060 --> 01:21:23,280

everyone should go out and get it's

1642

01:21:30,500 --> 01:21:26,070

called UFOs and nukes if you have Amazon

1643

01:21:33,020 --> 01:21:30,510

Prime you can watch his videos UFOs and

1644

01:21:34,760 --> 01:21:33,030

nukes online well if you don't I

1645

01:21:36,500 --> 01:21:34,770

recommend that you pay the two or three

1646

01:21:39,650 --> 01:21:36,510

dollars whatever and see that very

1647

01:21:42,530 --> 01:21:39,660

important video it's a good documentary

1648

01:21:45,530 --> 01:21:42,540

it is an excellent documentary so we

1649

01:21:47,630 --> 01:21:45,540

have as a former peace and social

1650

01:21:49,940 --> 01:21:47,640

justice activist is someone who was

1651  
01:21:51,800 --> 01:21:49,950  
demonstrating against the war in Vietnam

1652  
01:21:54,950 --> 01:21:51,810  
but before that demonstrating against

1653  
01:21:57,680 --> 01:21:54,960  
nuclear testing as I mentioned earlier

1654  
01:21:59,900 --> 01:21:57,690  
in the show and was part of a worldwide

1655  
01:22:02,420 --> 01:21:59,910  
effort to stop the pollution from

1656  
01:22:07,780 --> 01:22:02,430  
nuclear testing the appearance of UFOs

1657  
01:22:12,530 --> 01:22:10,430  
interfering with the technology that

1658  
01:22:15,620 --> 01:22:12,540  
from my point of view is not really a

1659  
01:22:17,900 --> 01:22:15,630  
weapon but more likely to should be seen

1660  
01:22:19,850 --> 01:22:17,910  
as an instrument of genocide that I

1661  
01:22:25,000 --> 01:22:19,860  
imagined that UFO intelligence is a

1662  
01:22:27,650 --> 01:22:25,010  
potential ally for mankind during our

1663  
01:22:30,470 --> 01:22:27,660

evolution into a world civilization

1664

01:22:33,410 --> 01:22:30,480

which in my opinion can only have peace

1665

01:22:35,510 --> 01:22:33,420

unless it's based on social justice so I

1666

01:22:38,060 --> 01:22:35,520

imagine that UFO intelligence can play a

1667

01:22:41,120 --> 01:22:38,070

very progressive role in terms of a

1668

01:22:43,550 --> 01:22:41,130

historical struggle to unite the planet

1669

01:22:46,910 --> 01:22:43,560

sort of like what you saw in the movie

1670

01:22:51,050 --> 01:22:46,920

and television series Star Trek where

1671

01:22:55,400 --> 01:22:51,060

people can end world hunger and

1672

01:22:57,110 --> 01:22:55,410

establish world peace and have adjust

1673

01:23:01,270 --> 01:22:57,120

world government based on cooperation

1674

01:23:03,500 --> 01:23:01,280

and that that would attract UFO

1675

01:23:04,280 --> 01:23:03,510

intelligence in case of Star Trek the so

1676

01:23:08,420 --> 01:23:04,290

called ETS

1677

01:23:10,490 --> 01:23:08,430

and if humanity evolves to the point

1678

01:23:13,310 --> 01:23:10,500

where we can give up some of our warlike

1679

01:23:15,280 --> 01:23:13,320

ways we could join something if it

1680

01:23:16,910 --> 01:23:15,290

exists we don't know something like

1681

01:23:20,180 --> 01:23:16,920

Galactic Federation

1682

01:23:24,050 --> 01:23:20,190

of civilizations which people who are

1683

01:23:25,459 --> 01:23:24,060

experiences believe is it was real I I

1684

01:23:27,500 --> 01:23:25,469

can't speak about whether there's a

1685

01:23:30,620 --> 01:23:27,510

Galactic Federation or not but I know

1686

01:23:34,000 --> 01:23:30,630

that the UFO intelligence the message is

1687

01:23:36,830 --> 01:23:34,010

a spiritual one in many cases

1688

01:23:39,669 --> 01:23:36,840

emphasizing oneness and unity and

1689

01:23:44,090 --> 01:23:39,679

cooperation ending nuclear testing

1690

01:23:46,189 --> 01:23:44,100

ending the assault on the environment

1691

01:23:48,649 --> 01:23:46,199

that is resulting in global warming

1692

01:23:50,330 --> 01:23:48,659

these are the messages that experiences

1693

01:23:54,080 --> 01:23:50,340

are getting for me these are positive

1694

01:23:56,300 --> 01:23:54,090

progressive messages and my hope is that

1695

01:23:59,930 --> 01:23:56,310

higher levels of contact will occur as

1696

01:24:03,290 --> 01:23:59,940

we evolve to a world civilization based

1697

01:24:07,330 --> 01:24:03,300

on cooperation not on exploitation and

1698

01:24:10,820 --> 01:24:07,340

war do you have any reason to think that

1699

01:24:15,169 --> 01:24:10,830

this UFO phenomenon the intelligence

1700

01:24:18,709 --> 01:24:15,179

behind it is a multiple civilization

1701

01:24:20,359 --> 01:24:18,719

effort or yeah I think it's fairly

1702

01:24:22,100 --> 01:24:20,369

obvious you believe there's at least one

1703

01:24:24,590 --> 01:24:22,110

but do you have any reason to think that

1704

01:24:27,709 --> 01:24:24,600

there is more than one civilization

1705

01:24:31,070 --> 01:24:27,719

behind it you're asking some pretty

1706

01:24:32,899 --> 01:24:31,080

tough questions well they're asking you

1707

01:24:34,939 --> 01:24:32,909

to speculate then maybe I'm not sure

1708

01:24:37,609 --> 01:24:34,949

exactly where you're at on I have to say

1709

01:24:39,530 --> 01:24:37,619

that the intelligence

1710

01:24:45,680 --> 01:24:39,540

counterintelligence model that I'm

1711

01:24:49,220 --> 01:24:45,690

promoting is is a different kind of a

1712

01:24:57,169 --> 01:24:49,230

paradigm it was first developed you know

1713

01:24:58,490 --> 01:24:57,179

70 20 22 years ago and the the the

1714

01:25:00,830 --> 01:24:58,500

strength of the Intelligence

1715

01:25:04,700 --> 01:25:00,840

counterintelligence model is that it

1716

01:25:06,830 --> 01:25:04,710

makes a sense as to why the government

1717

01:25:09,590 --> 01:25:06,840

is so interested in the UFO phenomena

1718

01:25:12,410 --> 01:25:09,600

they are approaching the UFOs as if it

1719

01:25:15,830 --> 01:25:12,420

were an enemy intelligence agency the

1720

01:25:19,640 --> 01:25:15,840

contactees however in my judgment are

1721

01:25:22,910 --> 01:25:19,650

working as agents of influence well

1722

01:25:24,620 --> 01:25:22,920

within this intelligence model working

1723

01:25:26,899 --> 01:25:24,630

with shall we say a higher intelligence

1724

01:25:30,050 --> 01:25:26,909

agency this was a term that was coined

1725

01:25:30,350 --> 01:25:30,060

by Jacques Attali so because of my work

1726

01:25:34,580 --> 01:25:30,360

and

1727

01:25:36,919 --> 01:25:34,590

because of our problems that we had

1728

01:25:39,680 --> 01:25:36,929

faced with infiltration by government

1729

01:25:42,439 --> 01:25:39,690

agents agent provocateurs that attempted

1730

01:25:45,530 --> 01:25:42,449

to take our students move in and and get

1731

01:25:48,859 --> 01:25:45,540

us all arrested we're doing doing things

1732

01:25:51,590 --> 01:25:48,869

that illegal acts is what agent

1733

01:25:54,950 --> 01:25:51,600

provocateurs do because of my concerns

1734

01:25:57,590 --> 01:25:54,960

about government infiltration into the

1735

01:25:59,689 --> 01:25:57,600

peace movements it's not surprising that

1736

01:26:03,919 --> 01:25:59,699

I would look at the intelligence

1737

01:26:05,810 --> 01:26:03,929

services with some distrust and I'm

1738

01:26:09,800 --> 01:26:05,820

looking to the intelligence behind the

1739

01:26:12,950 --> 01:26:09,810

phenomena as a potential ally in what I

1740

01:26:16,250 --> 01:26:12,960

see as a historic struggle to transform

1741

01:26:19,700 --> 01:26:16,260

the planet and make the civilization

1742

01:26:23,330 --> 01:26:19,710

earth civilization worthy to engage in

1743

01:26:25,629 --> 01:26:23,340

whatever civilizations or a civilization

1744

01:26:31,220 --> 01:26:25,639

is out there you have to remember that

1745

01:26:33,890 --> 01:26:31,230

once you establish the illusory nature

1746

01:26:35,149 --> 01:26:33,900

of the contact mechanisms and this is

1747

01:26:38,439 --> 01:26:35,159

what I've done with the virtual

1748

01:26:42,050 --> 01:26:38,449

experience hypothesis I've proposed that

1749

01:26:44,899 --> 01:26:42,060

some many most but not all sightings of

1750

01:26:46,820 --> 01:26:44,909

UFOs are like those shooting stars by

1751

01:26:49,459 --> 01:26:46,830

the way field investigators in the

1752

01:26:51,260 --> 01:26:49,469

contact network are reporting a variety

1753

01:26:54,140 --> 01:26:51,270

of Manama live shooting stars that do

1754

01:26:55,700 --> 01:26:54,150

things that shouldn't do like they will

1755

01:26:57,979 --> 01:26:55,710

shooting stars that move in a zigzag

1756

01:27:00,740 --> 01:26:57,989

pattern for shooting stars that are

1757

01:27:03,080 --> 01:27:00,750

incredibly bright during the full moon

1758

01:27:05,959 --> 01:27:03,090

that can be seen traveling along the

1759

01:27:09,830 --> 01:27:05,969

horizon they are horizontally for for

1760

01:27:11,810 --> 01:27:09,840

many sections many seconds minutes

1761

01:27:14,620 --> 01:27:11,820

across these are not shooting stars

1762

01:27:19,700 --> 01:27:14,630

these are anomalous visual displays and

1763

01:27:22,850 --> 01:27:19,710

in my judgment we should not be so

1764

01:27:24,680 --> 01:27:22,860

self-centered there are reasons why an

1765

01:27:29,120 --> 01:27:24,690

intelligence behind the phenomena would

1766

01:27:31,580 --> 01:27:29,130

like to expose themselves using an

1767

01:27:35,030 --> 01:27:31,590

omlette us place because they are under

1768

01:27:38,060 --> 01:27:35,040

attack numerous reports have occurred

1769

01:27:41,600 --> 01:27:38,070

from pilots describing arming their gun

1770

01:27:43,380 --> 01:27:41,610

and gun guns firing at the UFOs and

1771

01:27:45,720 --> 01:27:43,390

attempts to shoot them down

1772

01:27:48,840 --> 01:27:45,730

and one of the it's been speculated that

1773

01:27:51,570 --> 01:27:48,850

the UFO crash in Roswell occurred when

1774

01:27:54,600 --> 01:27:51,580

very powerful radar stations were turned

1775

01:27:57,990 --> 01:27:54,610

on in New Mexico in 1947 as part of the

1776

01:28:00,540 --> 01:27:58,000

United States nuclear weapons program so

1777

01:28:03,720 --> 01:28:00,550

UFOs are under attack there's a book

1778

01:28:05,520 --> 01:28:03,730

written called shoot them down it's it's

1779

01:28:09,510 --> 01:28:05,530

likely that some extraterrestrials have

1780

01:28:12,930 --> 01:28:09,520

been captured and some have even perhaps

1781

01:28:14,670 --> 01:28:12,940

been dissected by the military and this

1782

01:28:18,810 --> 01:28:14,680

if you follow the very disturbing

1783

01:28:24,540 --> 01:28:18,820

reports that have been coming out on

1784

01:28:27,960 --> 01:28:24,550

Gaia from the close associate of dr.

1785

01:28:29,970 --> 01:28:27,970

Greer I'm blocking on his name every

1786

01:28:32,460 --> 01:28:29,980

Smith every Smith that's right

1787

01:28:34,850 --> 01:28:32,470

every Smith has described working as a

1788

01:28:38,460 --> 01:28:34,860

technician in an underground base where

1789

01:28:41,160 --> 01:28:38,470

non-human possibly extraterrestrials are

1790

01:28:44,520 --> 01:28:41,170

being studied biologically and press

1791

01:28:46,560 --> 01:28:44,530

being dissected so so if you're an

1792

01:28:49,470 --> 01:28:46,570

intelligence flying over hostile

1793

01:28:51,420 --> 01:28:49,480

territory which would you rather do run

1794

01:28:53,550 --> 01:28:51,430

the risk of that your craft is shot down

1795

01:28:56,880 --> 01:28:53,560

your crews killed perhaps captured and

1796

01:28:58,890 --> 01:28:56,890

perhaps even tortured or would you

1797

01:29:00,870 --> 01:28:58,900

rather create an anomalous visual

1798

01:29:03,750 --> 01:29:00,880

display that looks like a flying saucer

1799

01:29:05,790 --> 01:29:03,760

that's a holographic like technology so

1800

01:29:07,620 --> 01:29:05,800

that you can alert people to their to

1801

01:29:09,780 --> 01:29:07,630

their presence to your presence if

1802

01:29:13,080 --> 01:29:09,790

you're in a team without having the risk

1803

01:29:17,820 --> 01:29:13,090

of being picked up on radar and being

1804

01:29:20,880 --> 01:29:17,830

shot down so so I think that we should

1805

01:29:24,000 --> 01:29:20,890

look at these radical notions virtual

1806

01:29:25,920 --> 01:29:24,010

experienced hypotheses from the

1807

01:29:28,950 --> 01:29:25,930

perspective of perhaps an advanced

1808

01:29:31,170 --> 01:29:28,960

civilization that is physical and

1809

01:29:35,250 --> 01:29:31,180

doesn't you know the right to

1810

01:29:39,960 --> 01:29:35,260

self-defense is certainly yeah and the

1811

01:29:42,030 --> 01:29:39,970

right to to live is something that we

1812

01:29:45,270 --> 01:29:42,040

every being in the universe can

1813

01:29:47,960 --> 01:29:45,280

understand and I suspect that UFO

1814

01:29:50,430 --> 01:29:47,970

intelligence using a wide range of sight

1815

01:29:53,310 --> 01:29:50,440

psychic means to interact with us

1816

01:29:57,360 --> 01:29:53,320

because of their own special needs

1817

01:29:58,250 --> 01:29:57,370

and so that's why I promote the

1818

01:30:01,170 --> 01:29:58,260

Intelligence counterintelligence

1819

01:30:03,960 --> 01:30:01,180

paradigm because I essentially see UFO

1820

01:30:05,630 --> 01:30:03,970

intelligence as an ally of humanity to

1821

01:30:09,450 --> 01:30:05,640

assist us during this period of

1822

01:30:12,000 --> 01:30:09,460

transformation we will be one planet one

1823

01:30:15,810 --> 01:30:12,010

people or if we continue in our warlike

1824

01:30:22,920 --> 01:30:15,820

ways will be no no people on a destroyed

1825

01:30:25,770 --> 01:30:22,930

planet got it James yeah baby oh go

1826

01:30:28,230 --> 01:30:25,780

ahead yeah getting back to some

1827

01:30:29,880 --> 01:30:28,240

discussions before we you know grant

1828

01:30:33,480 --> 01:30:29,890

Cameron discusses the similarities

1829

01:30:36,030 --> 01:30:33,490

between dr. Greer and Tom DeLonge and

1830

01:30:39,470 --> 01:30:36,040

it's interesting to note that they both

1831

01:30:42,510 --> 01:30:39,480

almost have two separate messages

1832

01:30:44,640 --> 01:30:42,520

dr. career promoting you know the

1833

01:30:47,340 --> 01:30:44,650

positive contact and and peaceful

1834

01:30:51,120 --> 01:30:47,350

extraterrestrials and Tom DeLonge with

1835

01:30:53,220 --> 01:30:51,130

his his coal cargo theory suggesting

1836

01:30:56,820 --> 01:30:53,230

that whatever is behind the UFO

1837

01:30:58,770 --> 01:30:56,830

phenomenon is mysterious and elusive and

1838

01:31:05,330 --> 01:30:58,780

has been manipulating mankind for so

1839

01:31:11,910 --> 01:31:05,340

long let's let's talk about manipulation

1840

01:31:15,720 --> 01:31:11,920

yeah I recently was given the

1841

01:31:18,930 --> 01:31:15,730

opportunity to interview people were

1842

01:31:20,780 --> 01:31:18,940

part of the free study with Preston

1843

01:31:22,440 --> 01:31:20,790

tenet we've written a chapter for

1844

01:31:24,300 --> 01:31:22,450

foundation for research into

1845

01:31:26,310 --> 01:31:24,310

extraterrestrials encounters they're

1846

01:31:29,090 --> 01:31:26,320

gonna have a book coming out sometime in

1847

01:31:33,600 --> 01:31:29,100

the next year called beyond UFOs and

1848

01:31:37,530 --> 01:31:33,610

they circulated three three thousand or

1849

01:31:39,630 --> 01:31:37,540

plus experiences and replies describing

1850

01:31:41,490 --> 01:31:39,640

people's contact experiences a large

1851  
01:31:43,920 --> 01:31:41,500  
number of people claimed to have

1852  
01:31:47,400 --> 01:31:43,930  
experienced healings and I've got a

1853  
01:31:49,320 --> 01:31:47,410  
chance to interview several of the

1854  
01:31:50,940 --> 01:31:49,330  
people from the free study and that was

1855  
01:31:54,540 --> 01:31:50,950  
the basis of our chapter that pressed

1856  
01:31:56,760 --> 01:31:54,550  
antennae and I wrote and will here in

1857  
01:32:00,090 --> 01:31:56,770  
the book well the awful intelligence you

1858  
01:32:02,550 --> 01:32:00,100  
know if they were out to manipulate us

1859  
01:32:05,460 --> 01:32:02,560  
and hurt us and what you know why do

1860  
01:32:06,560 --> 01:32:05,470  
they carry out what appear to be

1861  
01:32:10,819 --> 01:32:06,570  
miraculous like he

1862  
01:32:14,089 --> 01:32:10,829  
on selected individuals in terms of the

1863  
01:32:15,950 --> 01:32:14,099

overall thrust of the free study the

1864

01:32:18,979 --> 01:32:15,960

overwhelming majority of experiencers

1865

01:32:22,160 --> 01:32:18,989

say it was a positive experience that it

1866

01:32:25,310 --> 01:32:22,170

enhanced their sense of spirituality and

1867

01:32:27,080 --> 01:32:25,320

they would not trade their contact

1868

01:32:29,500 --> 01:32:27,090

experience they would not want it to

1869

01:32:34,160 --> 01:32:29,510

stop there is a small number of people

1870

01:32:37,879 --> 01:32:34,170

about 10% who did not have a positive

1871

01:32:39,140 --> 01:32:37,889

contact experience and about a 4% say it

1872

01:32:41,390 --> 01:32:39,150

was the worst thing that ever happened

1873

01:32:43,040 --> 01:32:41,400

to them so although people are having

1874

01:32:45,859 --> 01:32:43,050

these encounters and some people are

1875

01:32:48,669 --> 01:32:45,869

being traumatized psychologically and

1876

01:32:51,140 --> 01:32:48,679

there are physical interactions as well

1877

01:32:52,939 --> 01:32:51,150

the majority of people who are having

1878

01:32:55,879 --> 01:32:52,949

interactions appears to be quite

1879

01:32:59,020 --> 01:32:55,889

positive so I would say that the

1880

01:33:03,770 --> 01:32:59,030

intelligence behind the phenomenon is is

1881

01:33:07,339 --> 01:33:03,780

not the kind of evil demonic or

1882

01:33:13,069 --> 01:33:07,349

manipulative force that people like tom

1883

01:33:15,680 --> 01:33:13,079

toms along are saying it is however we

1884

01:33:17,169 --> 01:33:15,690

could be wrong and the only way we're

1885

01:33:19,370 --> 01:33:17,179

gonna find out who and what the

1886

01:33:22,490 --> 01:33:19,380

extraterrestrials are is to go out and

1887

01:33:25,010 --> 01:33:22,500

meet them to engage them and as a

1888

01:33:27,080 --> 01:33:25,020

contact activist I haven't been doing

1889

01:33:30,379 --> 01:33:27,090

much fieldwork recently but for the 20

1890

01:33:31,819 --> 01:33:30,389

years now in my seventh decade of life

1891

01:33:34,430 --> 01:33:31,829

and you know I'm getting old and it's

1892

01:33:37,640 --> 01:33:34,440

kind of hard to stand out all night and

1893

01:33:40,040 --> 01:33:37,650

cold and wind and you got a backache and

1894

01:33:41,870 --> 01:33:40,050

arthritis their arthritis and you know

1895

01:33:45,589 --> 01:33:41,880

get old you can't do the work as much

1896

01:33:49,490 --> 01:33:45,599

but for the 20 or 20 or 25 years of

1897

01:33:51,410 --> 01:33:49,500

contact work that when I was active we

1898

01:33:55,069 --> 01:33:51,420

we had numerous occasions when these

1899

01:33:57,859 --> 01:33:55,079

crafts were holographic projections if

1900

01:33:59,359 --> 01:33:57,869

that's what they were these crafts were

1901

01:34:01,700 --> 01:33:59,369

within a few hundred yards of our

1902

01:34:05,990 --> 01:34:01,710

position and no one on our team has ever

1903

01:34:08,450 --> 01:34:06,000

been abducted or hurt during these

1904

01:34:10,819 --> 01:34:08,460

encounters and this included a wave of

1905

01:34:14,240 --> 01:34:10,829

encounters that involved missing time

1906

01:34:20,120 --> 01:34:14,250

that's true swept across this ce-5

1907

01:34:22,340 --> 01:34:20,130

network in 1993 where you had people in

1908

01:34:26,600 --> 01:34:22,350

three different cities across the

1909

01:34:29,450 --> 01:34:26,610

western United States in Denver in Los

1910

01:34:32,240 --> 01:34:29,460

Angeles and then in Phoenix in the

1911

01:34:34,459 --> 01:34:32,250

course of a month in three different

1912

01:34:38,629 --> 01:34:34,469

locations contact activists contact

1913

01:34:41,180 --> 01:34:38,639

workers had missing time and it was very

1914

01:34:43,729 --> 01:34:41,190

coordinated it was quite remarkable and

1915

01:34:47,390 --> 01:34:43,739

it was an attempt to show us that you

1916

01:34:50,300 --> 01:34:47,400

can have missing time but not suffer any

1917

01:35:02,090 --> 01:34:56,149

there was a prominent artists in the was

1918

01:35:05,860 --> 01:35:02,100

a friend of friend of sherry adamak who

1919

01:35:08,990 --> 01:35:05,870

was part of her contact team and he in

1920

01:35:13,459 --> 01:35:09,000

the just Sam was right after

1921

01:35:18,110 --> 01:35:13,469

Thanksgiving in 1993 he received the

1922

01:35:21,080 --> 01:35:18,120

book that he was asked to review as many

1923

01:35:23,990 --> 01:35:21,090

artists are asked their prominent has to

1924

01:35:25,879 --> 01:35:24,000

review art books so he got a book he was

1925

01:35:28,520 --> 01:35:25,889

reviewing it in his home and all of a

1926

01:35:31,970 --> 01:35:28,530

sudden he lost an hour that was in

1927

01:35:34,970 --> 01:35:31,980

Denver that was number one a couple

1928

01:35:36,500 --> 01:35:34,980

weeks later I was with my coworker Misha

1929

01:35:40,580 --> 01:35:36,510

we were driving back from a field

1930

01:35:43,129 --> 01:35:40,590

investigation there was it was the day

1931

01:35:48,169 --> 01:35:43,139

after Christmas and as we were driving

1932

01:35:51,020 --> 01:35:48,179

back through the highway 62 on it's a

1933

01:35:52,459 --> 01:35:51,030

kind of in a ravine that the highway

1934

01:35:54,740 --> 01:35:52,469

goes through this ravine where the rock

1935

01:35:57,830 --> 01:35:54,750

face of the rain comes right down to the

1936

01:36:00,200 --> 01:35:57,840

side of the road my coworker said that

1937

01:36:02,090 --> 01:36:00,210

there was a light following us I learned

1938

01:36:04,939 --> 01:36:02,100

turned around I couldn't see it because

1939

01:36:08,180 --> 01:36:04,949

the road was serpent you know serpentine

1940

01:36:10,250 --> 01:36:08,190

kept going around curves he said there's

1941

01:36:12,620 --> 01:36:10,260

a light behind us we've got to stop

1942

01:36:16,310 --> 01:36:12,630

we stopped the vehicle finally just as

1943

01:36:22,970 --> 01:36:16,320

we had emerged from the from the highway

1944

01:36:28,129 --> 01:36:22,980

62 pass and we see all of a sudden in

1945

01:36:30,560 --> 01:36:28,139

the sky multiple lights and it was 5:00

1946

01:36:32,300 --> 01:36:30,570

in the morning it was dark and I said

1947

01:36:33,890 --> 01:36:32,310

this is strange a day after Christmas

1948

01:36:38,229 --> 01:36:33,900

what are all these private planes

1949

01:36:42,229 --> 01:36:38,239

flying around what does it mean and then

1950

01:36:44,450 --> 01:36:42,239

we saw this red light on the top of a

1951

01:36:47,780 --> 01:36:44,460

hillside that we had driven past that

1952

01:36:51,050 --> 01:36:47,790

spot a dozen times and I had never seen

1953

01:36:53,270 --> 01:36:51,060

a red light and the hillside seemed

1954

01:36:55,700 --> 01:36:53,280

incredibly large compared to what we had

1955

01:36:59,030 --> 01:36:55,710

experienced driving into the past in

1956

01:37:01,189 --> 01:36:59,040

previous investigations this pill scythe

1957

01:37:03,169 --> 01:37:01,199

looked like it was not about a hundred

1958

01:37:04,760 --> 01:37:03,179

feet high or less it looked like it was

1959

01:37:07,070 --> 01:37:04,770

400 feet high it looked like it was a

1960

01:37:09,620 --> 01:37:07,080

skyscraper I mean it was so tall this

1961

01:37:11,450 --> 01:37:09,630

hill that it went up hundreds and

1962

01:37:15,590 --> 01:37:11,460

hundreds of feet and on top of it was a

1963

01:37:19,550 --> 01:37:15,600

red light we saw this as we came to a

1964

01:37:21,770 --> 01:37:19,560

stop and I signaled at the light because

1965

01:37:24,229 --> 01:37:21,780

we had our Leipzig oohs with us and

1966

01:37:27,110 --> 01:37:24,239

something very strange happened as the

1967

01:37:30,709 --> 01:37:27,120

light hit the hillside instead of

1968

01:37:32,510 --> 01:37:30,719

reflecting black back and seeing the

1969

01:37:36,050 --> 01:37:32,520

rock face was the boulders and the

1970

01:37:38,780 --> 01:37:36,060

chaparral the hillside dissolved as if

1971

01:37:41,030 --> 01:37:38,790

it was made out of mist the beam of the

1972

01:37:43,790 --> 01:37:41,040

light hit the hillside and instead of

1973

01:37:47,510 --> 01:37:43,800

seeing the hillside is we saw a mist and

1974

01:37:50,300 --> 01:37:47,520

it dissolved meanwhile we're on the side

1975

01:37:55,610 --> 01:37:50,310

of the road waiting for whatever was

1976

01:37:58,399 --> 01:37:55,620

behind us to pass whether a car or UFO

1977

01:38:02,090 --> 01:37:58,409

or whatever and all of a sudden in the

1978

01:38:06,709 --> 01:38:02,100

distance over Palm Springs a very bright

1979

01:38:08,800 --> 01:38:06,719

light is coming out towards us I said I

1980

01:38:11,209 --> 01:38:08,810

was thinking wow it must be a Lear jet

1981

01:38:12,890 --> 01:38:11,219

somebody you know commercial flights

1982

01:38:15,110 --> 01:38:12,900

aren't flying the day after Christmas

1983

01:38:17,540 --> 01:38:15,120

Adam Palm Springs at five or six in the

1984

01:38:21,649 --> 01:38:17,550

morning and this very bright light is

1985

01:38:24,080 --> 01:38:21,659

coming at us tremendously fast the next

1986

01:38:30,770 --> 01:38:24,090

thing I know Misha is complaining it's

1987

01:38:32,930 --> 01:38:30,780

freezing it's cold and he says Joe roll

1988

01:38:34,820 --> 01:38:32,940

the window up now you should never

1989

01:38:37,250 --> 01:38:34,830

complain of coal is from Russia and we'd

1990

01:38:38,689 --> 01:38:37,260

be running around with heavy winter your

1991

01:38:40,550 --> 01:38:38,699

survival gear and because of his

1992

01:38:42,620 --> 01:38:40,560

experience in Russia he'd be running

1993

01:38:45,110 --> 01:38:42,630

around a light jacket so he never

1994

01:38:46,870 --> 01:38:45,120

complained of cold and all of a sudden I

1995

01:38:50,770 --> 01:38:46,880

felt there was something wrong I

1996

01:38:53,260 --> 01:38:50,780

I felt stunned or days. we then we

1997

01:38:56,050 --> 01:38:53,270

without waiting to find out what was

1998

01:38:58,690 --> 01:38:56,060

behind us or investigating the light on

1999

01:39:01,750 --> 01:38:58,700

top of the hillside or the light that

2000

01:39:04,690 --> 01:39:01,760

was very bright and had just seemed like

2001

01:39:06,970 --> 01:39:04,700

moments ago was shooting towards us we

2002

01:39:10,480 --> 01:39:06,980

got into our car and started driving and

2003

01:39:12,250 --> 01:39:10,490

I remember the looking to the east and

2004

01:39:13,990 --> 01:39:12,260

the Sun was starting to rise and it was

2005

01:39:18,190 --> 01:39:14,000

very beautiful

2006

01:39:20,650 --> 01:39:18,200

Christene desert and all of a sudden the

2007

01:39:23,410 --> 01:39:20,660

Sun was high in the sky and I felt like

2008

01:39:26,020 --> 01:39:23,420

I had been on highway 62 forever we lost

2009

01:39:27,970 --> 01:39:26,030

about an hour to an hour of half on a

2010

01:39:30,220 --> 01:39:27,980

stretch of road that at 60 miles an hour

2011

01:39:33,640 --> 01:39:30,230

she could only take about ten minutes to

2012

01:39:36,130 --> 01:39:33,650

cover we were still on that highway 62

2013

01:39:38,290 --> 01:39:36,140

we had had missing time that was Los

2014

01:39:41,590 --> 01:39:38,300

Angeles that was the second missing time

2015

01:39:44,230 --> 01:39:41,600

experience in the network the third

2016

01:39:47,020 --> 01:39:44,240

occurred a few days later when Wayne

2017

01:39:49,630 --> 01:39:47,030

Peterson had seven investigators out in

2018

01:39:54,690 --> 01:39:49,640

the field with him outside of Phoenix

2019

01:40:00,910 --> 01:39:57,760

very remote location and the to stay

2020

01:40:03,790 --> 01:40:00,920

warm was down into the high 30s and they

2021

01:40:06,010 --> 01:40:03,800

were there together talking about the

2022

01:40:08,320 --> 01:40:06,020

sighting that they had had and all of a

2023

01:40:13,030 --> 01:40:08,330

sudden the fire which had been very

2024

01:40:15,640 --> 01:40:13,040

bright and very large all of a sudden it

2025

01:40:19,450 --> 01:40:15,650

was now embers and they had lost about

2026

01:40:22,360 --> 01:40:19,460

an hour of time all of them seven people

2027

01:40:23,680 --> 01:40:22,370

out in the field they then crossed to

2028

01:40:25,780 --> 01:40:23,690

their vehicles that were a couple of

2029

01:40:28,330 --> 01:40:25,790

hundred yards away and they remember

2030

01:40:31,330 --> 01:40:28,340

standing around their vehicles just

2031

01:40:33,960 --> 01:40:31,340

talking about what the sightings and the

2032

01:40:36,730 --> 01:40:33,970

contact work and all of a sudden another

2033

01:40:40,270 --> 01:40:36,740

missing time event occurred was an hour

2034

01:40:45,160 --> 01:40:40,280

later so they had double missing time so

2035

01:40:48,000 --> 01:40:45,170

think about it one person in the in

2036

01:40:50,860 --> 01:40:48,010

Phoenix and ensure one person in Denver

2037

01:40:53,920 --> 01:40:50,870

two people Misha and I in Los Angeles

2038

01:40:56,230 --> 01:40:53,930

and seven people have not one but two

2039

01:40:59,190 --> 01:40:56,240

episodes of missing time now this is

2040

01:41:01,230 --> 01:40:59,200

significant because it was staged

2041

01:41:04,140 --> 01:41:01,240

I have to point out that when dr. Steven

2042

01:41:05,990 --> 01:41:04,150

Greer initiated the cv5 Network he

2043

01:41:09,390 --> 01:41:06,000

traveled around the country to many

2044

01:41:12,540 --> 01:41:09,400

locations giving lectures attempting to

2045

01:41:17,160 --> 01:41:12,550

start contact teams the first team was

2046

01:41:22,500 --> 01:41:17,170

formed in Denver in 1991 the second team

2047

01:41:25,980 --> 01:41:22,510

was follow was followed but in it was

2048

01:41:28,290 --> 01:41:25,990

August of 1992 my team in Los Angeles

2049

01:41:31,170 --> 01:41:28,300

and the third team in December of 1992

2050

01:41:33,960 --> 01:41:31,180

was formed in Phoenix so the

2051

01:41:37,140 --> 01:41:33,970

intelligence was staging these missing

2052

01:41:39,410 --> 01:41:37,150

time experiences each time more people

2053

01:41:42,450 --> 01:41:39,420

had the experience and it followed the

2054

01:41:45,420 --> 01:41:42,460

organizational development of our

2055

01:41:48,540 --> 01:41:45,430

network first starting in Denver second

2056

01:41:51,270 --> 01:41:48,550

in Los Angeles and then the third is

2057

01:41:54,360 --> 01:41:51,280

Phoenix so this gives you an example of

2058

01:41:56,250 --> 01:41:54,370

the tremendous side capability of the

2059

01:41:58,740 --> 01:41:56,260

intelligence behind the phenomena and

2060

01:42:02,130 --> 01:41:58,750

their willingness to in this kind of

2061

01:42:03,720 --> 01:42:02,140

subtle indirect way established in my

2062

01:42:06,180 --> 01:42:03,730

mind at least that they know quite a bit

2063

01:42:13,200 --> 01:42:06,190

about the ce-5 Network and are working

2064

01:42:15,300 --> 01:42:13,210

with us directly that's that's what some

2065

01:42:17,430 --> 01:42:15,310

of the high points of our contact work I

2066

01:42:19,740 --> 01:42:17,440

have so many more other stories to share

2067

01:42:22,890 --> 01:42:19,750

I know we're getting close to the end of

2068

01:42:25,410 --> 01:42:22,900

our interview I'm hoping that this

2069

01:42:27,360 --> 01:42:25,420

information has been informative and I'm

2070

01:42:31,080 --> 01:42:27,370

hoping that you guys will invite me back

2071

01:42:33,990 --> 01:42:31,090

as well because I just scratched it the

2072

01:42:35,430 --> 01:42:34,000

super superficial aspects I'm just this

2073

01:42:37,830 --> 01:42:35,440

is just the tip of the iceberg when it

2074

01:42:41,250 --> 01:42:37,840

comes well you know UFO intelligence

2075

01:42:43,670 --> 01:42:41,260

stage those interactions with us we had

2076

01:42:46,410 --> 01:42:43,680

missing time

2077

01:42:48,000 --> 01:42:46,420

Misha reported to me that he had

2078

01:42:54,090 --> 01:42:48,010

spontaneous recall of an onboard

2079

01:42:56,270 --> 01:42:54,100

experience several days after our our

2080

01:42:59,760 --> 01:42:56,280

missing time experience in December of

2081

01:43:03,780 --> 01:42:59,770

1993 I did not remember anything I just

2082

01:43:05,610 --> 01:43:03,790

remember being stunned and losing an

2083

01:43:07,190 --> 01:43:05,620

hour an hour half of time and the brick

2084

01:43:11,250 --> 01:43:07,200

and the continuity of my consciousness

2085

01:43:12,990 --> 01:43:11,260

but this intelligence is cooperative in

2086

01:43:14,940 --> 01:43:13,000

terms of the ce-5 Network

2087

01:43:17,880 --> 01:43:14,950

the work that the Brahma people are

2088

01:43:22,770 --> 01:43:17,890

doing it's it's friendly it's not

2089

01:43:24,420 --> 01:43:22,780

harmful and my in my judgment it's going

2090

01:43:28,740 --> 01:43:24,430

to play a very important role in

2091

01:43:31,680 --> 01:43:28,750

inspiring humanity to save ourselves

2092

01:43:34,110 --> 01:43:31,690

I don't think UFO intelligence is our

2093

01:43:37,170 --> 01:43:34,120

Savior we the people of Earth are going

2094

01:43:39,900 --> 01:43:37,180

to have to stop war and create a world

2095

01:43:41,220 --> 01:43:39,910

government based on social justice this

2096

01:43:44,940 --> 01:43:41,230

is a struggle that's going to unfold

2097

01:43:47,340 --> 01:43:44,950

over not decades but perhaps generations

2098

01:43:49,350 --> 01:43:47,350

or even centuries but this phenomena has

2099

01:43:52,650 --> 01:43:49,360

been with us for a very long time if

2100

01:43:54,750 --> 01:43:52,660

they were out to destroy us what's

2101  
01:43:57,500 --> 01:43:54,760  
taking it so long if they're out to

2102  
01:44:01,800 --> 01:43:57,510  
invade UFOs have been described not only

2103  
01:44:03,600 --> 01:44:01,810  
by sources from antiquity we're talking

2104  
01:44:06,210 --> 01:44:03,610  
about the great civilisations of Egypt

2105  
01:44:08,880 --> 01:44:06,220  
and Rome Greece oh that I described

2106  
01:44:11,940 --> 01:44:08,890  
would sound like UFO encounters but even

2107  
01:44:14,340 --> 01:44:11,950  
in the cave paintings in southern France

2108  
01:44:16,590 --> 01:44:14,350  
and in northern Spain that go back

2109  
01:44:20,100 --> 01:44:16,600  
twenty thirty thousand years ago there

2110  
01:44:21,900 --> 01:44:20,110  
are cave pictures written drawn that

2111  
01:44:23,670 --> 01:44:21,910  
appear to show what we would now

2112  
01:44:26,820 --> 01:44:23,680  
describe as extraterrestrial beings

2113  
01:44:28,560 --> 01:44:26,830

an extraterrestrial saucer-like craft so

2114

01:44:31,260 --> 01:44:28,570

this is an ancient phenomenon if they're

2115

01:44:33,300 --> 01:44:31,270

after hurt us what's taking so long I

2116

01:44:35,100 --> 01:44:33,310

think the more likely explanation is

2117

01:44:38,190 --> 01:44:35,110

that they have been here for a very long

2118

01:44:39,810 --> 01:44:38,200

time observing our civilization and as

2119

01:44:43,110 --> 01:44:39,820

it's developed and are now showing

2120

01:44:46,760 --> 01:44:43,120

themselves at a very critical Junction

2121

01:44:50,100 --> 01:44:46,770

when we can either live in peace in

2122

01:44:51,360 --> 01:44:50,110

cooperation with with ourselves or we

2123

01:44:54,150 --> 01:44:51,370

will destroy the planet in a

2124

01:44:58,560 --> 01:44:54,160

never-ending cycle of war global

2125

01:45:01,830 --> 01:44:58,570

catastrophe and starvation and ruin so

2126

01:45:04,260 --> 01:45:01,840

we have a choice we can be inspired by

2127

01:45:06,540 --> 01:45:04,270

the UFOs to save ourselves because let's

2128

01:45:09,210 --> 01:45:06,550

face it the amount of energy that is

2129

01:45:11,250 --> 01:45:09,220

required to either move through

2130

01:45:12,990 --> 01:45:11,260

dimensions if they are interdimensional

2131

01:45:16,350 --> 01:45:13,000

or from other star systems if they're

2132

01:45:21,270 --> 01:45:16,360

extra travel that power the energy to do

2133

01:45:22,950 --> 01:45:21,280

such amazing feats if that power was

2134

01:45:25,770 --> 01:45:22,960

developed in a civilization that was

2135

01:45:26,729 --> 01:45:25,780

warlike it seems in my opinion more

2136

01:45:28,350 --> 01:45:26,739

likely they're not they would have

2137

01:45:32,040 --> 01:45:28,360

destroyed themselves as we threatened to

2138

01:45:33,510 --> 01:45:32,050

destroy ourselves so so long ago they

2139

01:45:35,310 --> 01:45:33,520

would never have gotten out into the

2140

01:45:37,680 --> 01:45:35,320

Stars they never would have been able to

2141

01:45:40,140 --> 01:45:37,690

get here unless they were peaceful and

2142

01:45:41,819 --> 01:45:40,150

they've passed the test of time they've

2143

01:45:46,620 --> 01:45:41,829

been here for tens of thousands of years

2144

01:45:49,140 --> 01:45:46,630

and they have not created scenarios like

2145

01:45:51,810 --> 01:45:49,150

the typical Hollywood movie where the

2146

01:45:53,040 --> 01:45:51,820

aliens are engaging us and for me this

2147

01:45:55,319 --> 01:45:53,050

is very important

2148

01:45:57,839 --> 01:45:55,329

personally it's important because during

2149

01:45:59,370 --> 01:45:57,849

the physicians anti-nuclear movement

2150

01:46:01,859 --> 01:45:59,380

back in the eighties before I got

2151  
01:46:04,890 --> 01:46:01,869  
involved with the contact network you

2152  
01:46:07,290 --> 01:46:04,900  
know we would describe what in one

2153  
01:46:09,299 --> 01:46:07,300  
Megaton nuclear bomb could do to a

2154  
01:46:11,520 --> 01:46:09,309  
typical city and we talked we talked to

2155  
01:46:13,859 --> 01:46:11,530  
Russian doctors they gave this

2156  
01:46:15,870 --> 01:46:13,869  
information out on Russian television we

2157  
01:46:17,910 --> 01:46:15,880  
taught went to England we shared this

2158  
01:46:20,520 --> 01:46:17,920  
information about the dangers of the

2159  
01:46:23,120 --> 01:46:20,530  
nuclear arms race and the head of our

2160  
01:46:27,660 --> 01:46:23,130  
anti-nuclear movement a very passionate

2161  
01:46:32,189 --> 01:46:27,670  
articulate physician her name

2162  
01:46:34,379 --> 01:46:32,199  
dr. Helen Caldicott she would cute by

2163  
01:46:36,689 --> 01:46:34,389

the way was also responsible for leading

2164

01:46:39,120 --> 01:46:36,699

the effort in Australia to end nuclear

2165

01:46:40,260 --> 01:46:39,130

testing in the South Pacific when she

2166

01:46:43,560 --> 01:46:40,270

came to the United States and got a

2167

01:46:46,950 --> 01:46:43,570

teaching position at Harvard she formed

2168

01:46:48,660 --> 01:46:46,960

of reactivated I should say physicians

2169

01:46:52,279 --> 01:46:48,670

for Social Responsibility and during her

2170

01:46:57,299 --> 01:46:52,289

presentations she asked the question

2171

01:47:00,750 --> 01:46:57,309

basically what can you say about a race

2172

01:47:03,950 --> 01:47:00,760

of beings that have millions of children

2173

01:47:07,850 --> 01:47:03,960

dying of preventable disease lack of it

2174

01:47:10,770 --> 01:47:07,860

immunization starvation malnutrition

2175

01:47:13,049 --> 01:47:10,780

what do you say about race of beings

2176

01:47:18,479 --> 01:47:13,059

were tens of millions of children die

2177

01:47:22,169 --> 01:47:18,489

unnecessarily every single year and we

2178

01:47:25,680 --> 01:47:22,179

spend trillions of dollars of our wealth

2179

01:47:28,470 --> 01:47:25,690

on weaponry including nuclear weapons

2180

01:47:30,859 --> 01:47:28,480

that threaten to end our civilization if

2181

01:47:34,709 --> 01:47:30,869

all the nuclear weapons went off in a

2182

01:47:36,820 --> 01:47:34,719

cataclysm of warfare what can you say

2183

01:47:39,880 --> 01:47:36,830

about a race of beings that

2184

01:47:42,700 --> 01:47:39,890

is so full of fear and hatred they are

2185

01:47:47,860 --> 01:47:42,710

planning to commit genocide against

2186

01:47:50,320 --> 01:47:47,870

ourselves and so she said that kind of

2187

01:47:53,320 --> 01:47:50,330

behavior of bespeaks of a profound

2188

01:47:56,950 --> 01:47:53,330

hatred hatred of ourselves of our

2189

01:48:00,310 --> 01:47:56,960

children and she postulated that if

2190

01:48:03,430 --> 01:48:00,320

there were a creator god herself god

2191

01:48:05,650 --> 01:48:03,440

itself it expresses a hatred of God

2192

01:48:07,720 --> 01:48:05,660

himself that we if we are the only

2193

01:48:10,510 --> 01:48:07,730

source of intelligent life in the

2194

01:48:12,790 --> 01:48:10,520

universe and we are perhaps God's

2195

01:48:15,340 --> 01:48:12,800

greatest creation that were willingness

2196

01:48:20,140 --> 01:48:15,350

to engage in behaviors that could

2197

01:48:24,610 --> 01:48:20,150

threaten to destroy humanity it bespeaks

2198

01:48:29,050 --> 01:48:24,620

of a hatred of the Creator God him/her

2199

01:48:32,620 --> 01:48:29,060

itself so that that message resonated

2200

01:48:36,960 --> 01:48:32,630

very powerfully with me and spurred me

2201

01:48:39,820 --> 01:48:36,970

to become a contact activist and when in

2202

01:48:43,860 --> 01:48:39,830

1993 I was with dr. Steven Greer and

2203

01:48:47,110 --> 01:48:43,870

four other investigators at the base of

2204

01:48:50,980 --> 01:48:47,120

Popocatepetl volcano which was a hotbed

2205

01:48:53,830 --> 01:48:50,990

of UFO activity still is and we had a

2206

01:48:59,520 --> 01:48:53,840

five day mission there hmm

2207

01:49:03,850 --> 01:48:59,530

on February 1st 11 o'clock at 11:50 a

2208

01:49:06,520 --> 01:49:03,860

large UFO was sighted moving between the

2209

01:49:08,230 --> 01:49:06,530

volcanoes was triangular-shaped dr.

2210

01:49:10,660 --> 01:49:08,240

Greer signaled added it changed his

2211

01:49:12,640 --> 01:49:10,670

direction from moving between the

2212

01:49:16,030 --> 01:49:12,650

volcanoes and came directly towards us

2213

01:49:18,070 --> 01:49:16,040

as it approached dr. Greer used the

2214

01:49:20,800 --> 01:49:18,080

signal lantern yes the light bazooka

2215

01:49:24,790 --> 01:49:20,810

fired away but not for war or for peace

2216

01:49:26,620 --> 01:49:24,800

and the UFO which was large triangular a

2217

01:49:28,300 --> 01:49:26,630

couple of hundred feet across it blacked

2218

01:49:31,900 --> 01:49:28,310

out the stars as it moved silently

2219

01:49:34,300 --> 01:49:31,910

towards it signaled back and as I saw

2220

01:49:37,960 --> 01:49:34,310

this object coming towards us all I

2221

01:49:42,940 --> 01:49:37,970

could think of was yes you know we are

2222

01:49:47,980 --> 01:49:42,950

not alone in the universe and I thought

2223

01:49:49,830 --> 01:49:47,990

perhaps that even if we had had even if

2224

01:49:52,919 --> 01:49:49,840

we were so foolish as

2225

01:49:54,870 --> 01:49:52,929

to destroy ourselves in nuclear war and

2226

01:49:56,850 --> 01:49:54,880

destroy our civilization the fact that

2227

01:49:58,740 --> 01:49:56,860

we're not alone in the universe means

2228

01:50:00,330 --> 01:49:58,750

that whatever the source of that

2229

01:50:03,089 --> 01:50:00,340

intelligence behind the phenomena

2230

01:50:05,220 --> 01:50:03,099

extraterrestrial presumably that we

2231

01:50:08,280 --> 01:50:05,230

would not be forgotten that all the

2232

01:50:09,720 --> 01:50:08,290

music and the art and the poetry and the

2233

01:50:13,680 --> 01:50:09,730

the highest achievements of our

2234

01:50:16,410 --> 01:50:13,690

civilization would be preserved so worse

2235

01:50:18,930 --> 01:50:16,420

than annihilation is the end of

2236

01:50:20,790 --> 01:50:18,940

remembrance the act of remembering so I

2237

01:50:23,100 --> 01:50:20,800

said we're not alone in the universe

2238

01:50:25,589 --> 01:50:23,110

if these extraterrestrials can get here

2239

01:50:27,660 --> 01:50:25,599

crosses a sea of stars assumably after

2240

01:50:30,180 --> 01:50:27,670

peaceful development of a very long time

2241

01:50:33,810 --> 01:50:30,190

then we too can choose the path of peace

2242

01:50:36,379 --> 01:50:33,820

and cooperation and that's why I've been

2243

01:50:38,850 --> 01:50:36,389

doing this work for the last 25 years

2244

01:50:41,820 --> 01:50:38,860

getting kind of old to do field work but

2245

01:50:43,709 --> 01:50:41,830

I in my writings I share the information

2246

01:50:45,479 --> 01:50:43,719

with the contact network which hopefully

2247

01:50:48,570 --> 01:50:45,489

someday will become a real social

2248

01:50:51,330 --> 01:50:48,580

movement and will link the the presence

2249

01:50:52,740 --> 01:50:51,340

of UFOs to possible solutions to the

2250

01:50:55,979 --> 01:50:52,750

fundamental challenges that our

2251

01:50:59,970 --> 01:50:55,989

civilization is facing after all if

2252

01:51:02,160 --> 01:50:59,980

these extraterrestrials have some access

2253

01:51:04,020 --> 01:51:02,170

to what's called free energy we could

2254

01:51:06,300 --> 01:51:04,030

use the free energy under peaceful

2255

01:51:08,129 --> 01:51:06,310

conditions not in our current state but

2256

01:51:10,770 --> 01:51:08,139

that the in tremendous energy that is

2257

01:51:13,890 --> 01:51:10,780

used to propel UFOs could be used for

2258

01:51:17,280 --> 01:51:13,900

desalinization to make the deserts bloom

2259

01:51:20,189 --> 01:51:17,290

and feed our growing populations we

2260

01:51:23,399 --> 01:51:20,199

could end poverty and have development

2261

01:51:27,140 --> 01:51:23,409

based on non polluting technologies and

2262

01:51:29,879 --> 01:51:27,150

if the extraterrestrials are engaged in

2263

01:51:32,129 --> 01:51:29,889

contact as a result of highly

2264

01:51:33,479 --> 01:51:32,139

cooperative and peaceful developments

2265

01:51:37,800 --> 01:51:33,489

within their civilizations they can

2266

01:51:40,890 --> 01:51:37,810

serve as an example to us of what we can

2267

01:51:43,350 --> 01:51:40,900

do perhaps we - like in the fantasy Star

2268

01:51:47,250 --> 01:51:43,360

Trek can get out into the stars if we

2269

01:51:49,830 --> 01:51:47,260

choose wisely and and choose not to take

2270

01:51:51,419 --> 01:51:49,840

the nuclear end the Holocaust that would

2271

01:51:53,430 --> 01:51:51,429

destroy our civilization and is

2272

01:51:55,830 --> 01:51:53,440

threatened by the tens of thousands of

2273

01:51:57,000 --> 01:51:55,840

nuclear weapons that still exist within

2274

01:51:59,370 --> 01:51:57,010

the nuclear arsenals

2275

01:52:02,459 --> 01:51:59,380

of unfortunately an increasing number of

2276

01:52:03,300 --> 01:52:02,469

nations so for me there's a direct link

2277

01:52:04,800 --> 01:52:03,310

but

2278

01:52:10,260 --> 01:52:04,810

the struggle for peace and social

2279

01:52:13,260 --> 01:52:10,270

justice and global warming - to preserve

2280

01:52:16,680 --> 01:52:13,270

the planet and the UFO phenomena they

2281

01:52:18,240 --> 01:52:16,690

won't save us as dr. Greer said UFO well

2282

01:52:20,190 --> 01:52:18,250

he gives the word extraterrestrial

2283

01:52:21,090 --> 01:52:20,200

intelligence he says there are neither

2284

01:52:23,910 --> 01:52:21,100

Darth Vader

2285

01:52:26,490 --> 01:52:23,920

here to destroy us or Jesus Christ in a

2286

01:52:28,590 --> 01:52:26,500

spaceship here to save us but I think

2287

01:52:31,490 --> 01:52:28,600

they can't inspire us to save ourselves

2288

01:52:34,800 --> 01:52:31,500

and that's why I'm so grateful that

2289

01:52:38,160 --> 01:52:34,810

fellow contact activists have this UFO

2290

01:52:38,760 --> 01:52:38,170

and hem the UFO network news news

2291

01:52:42,600 --> 01:52:38,770

network

2292

01:52:46,140 --> 01:52:42,610

- to share the perspective of the

2293

01:52:48,180 --> 01:52:46,150

contact network and the contact which

2294

01:52:50,070 --> 01:52:48,190

come hopefully someday will become a

2295

01:52:52,890 --> 01:52:50,080

contact movement so thank you so much

2296

01:52:54,840 --> 01:52:52,900

and we we I believe we have a two-hour

2297

01:52:56,670 --> 01:52:54,850

limit I could go on of course for

2298

01:52:59,490 --> 01:52:56,680

several more hours but you know what

2299

01:53:01,650 --> 01:52:59,500

when well obviously you will see when

2300

01:53:03,960 --> 01:53:01,660

they your book well the book that they

2301  
01:53:05,790 --> 01:53:03,970  
you and mr. Dennard are contributing to

2302  
01:53:07,920 --> 01:53:05,800  
when that comes out that might be a good

2303  
01:53:08,330 --> 01:53:07,930  
time to have you back oh sure that'd be

2304  
01:53:10,980 --> 01:53:08,340  
great

2305  
01:53:14,850 --> 01:53:10,990  
if you have any other questions I'd be

2306  
01:53:17,250 --> 01:53:14,860  
happy to answer them and I do thank you

2307  
01:53:19,410 --> 01:53:17,260  
for this opportunity to to reach out to

2308  
01:53:21,510 --> 01:53:19,420  
your listening audience absolutely it

2309  
01:53:23,880 --> 01:53:21,520  
was nice to get a few things cleared up

2310  
01:53:25,550 --> 01:53:23,890  
that there have been a lot of discussion

2311  
01:53:27,870 --> 01:53:25,560  
about over the years especially that

2312  
01:53:29,970 --> 01:53:27,880  
Greer Woolsey meeting I thought that was

2313  
01:53:33,000 --> 01:53:29,980

a pretty interesting perspective that

2314

01:53:35,660 --> 01:53:33,010

definitely cleared a few things up well

2315

01:53:42,660 --> 01:53:41,070

and say I think we lost James somewhere

2316

01:53:45,420 --> 01:53:42,670

along the way unfortunately I didn't see

2317

01:53:48,240 --> 01:53:45,430

him drop out so well dr. Burke says

2318

01:53:51,450 --> 01:53:48,250

thank you so very much you have a great

2319

01:53:53,070 --> 01:53:51,460

day and keep listening and keep on

2320

01:53:55,590 --> 01:53:53,080

writing because I know you've got a big

2321

01:53:58,950 --> 01:53:55,600

following particularly over on Facebook

2322

01:54:01,700 --> 01:53:58,960

people love you work over there so keep

2323

01:54:04,830 --> 01:54:01,710
