7  
00:01:13,890 --> 00:01:11,260  
and good morning from Philadelphia Frank

8  
00:01:17,490 --> 00:01:13,900  
here and James come in from Westchester

9  
00:01:20,580 --> 00:01:17,500  
New York and this is UFO News Network

10  
00:01:24,840 --> 00:01:20,590  
Sunday we're here today with a dr. Irina

11  
00:01:27,480 --> 00:01:24,850  
Scott author of UFOs today 70 years of

12  
00:01:29,700 --> 00:01:27,490  
lies misinformation and government

13  
00:01:32,700 --> 00:01:29,710

cover-up and thanks for joining us this

14

00:01:35,180 --> 00:01:32,710

morning dr. Scott well thank you for

15

00:01:36,359 --> 00:01:35,190

inviting me I'm very happy to be here

16

00:01:38,249 --> 00:01:36,369

okay

17

00:01:40,919 --> 00:01:38,259

well for folks not familiar with dr.

18

00:01:43,889 --> 00:01:40,929

Scott's background she's worked as a

19

00:01:46,200 --> 00:01:43,899

MUFON investigator has worked at the

20

00:01:48,540 --> 00:01:46,210

Battelle Memorial Institute has worked

21

00:01:50,730 --> 00:01:48,550

for the Defense Intelligence Agency at

22

00:01:52,680 --> 00:01:50,740

wright-patterson Air Force Base and on

23

00:01:56,190 --> 00:01:52,690

top of all that she knows her stuff

24

00:02:01,380 --> 00:01:56,200

about UFOs we'll be getting into a lot

25

00:02:03,690 --> 00:02:01,390

of details about that first off people

26

00:02:05,990 --> 00:02:03,700

who are following the UFO subject today

27

00:02:09,630 --> 00:02:06,000

heard a lot of talk about the recent

28

00:02:12,630 --> 00:02:09,640

Pentagon UFO study especially regarding

29

00:02:15,810 --> 00:02:12,640

the work that different Robert Bigelow

30

00:02:18,270 --> 00:02:15,820

controlled organizations like needs the

31

00:02:22,620 --> 00:02:18,280

National Institute for discovery science

32

00:02:25,890 --> 00:02:22,630

or bass the his aerospace wing has done

33

00:02:27,630 --> 00:02:25,900

as part of that pentagon UFO study but

34

00:02:29,550 --> 00:02:27,640

going all the way back to the 40s

35

00:02:32,190 --> 00:02:29,560

there's usually nothing new in the world

36

00:02:35,520 --> 00:02:32,200

of UFOs the Battelle Memorial Institute

37

00:02:40,710 --> 00:02:35,530

was doing to a large extent the same

38

00:02:42,930 --> 00:02:40,720

type of work studies research and all

39

00:02:44,580 --> 00:02:42,940

manner of looking into the UFO

40

00:02:47,009 --> 00:02:44,590

phenomenon for the government

41

00:02:49,590 --> 00:02:47,019

dr. Scott worked there directly got a

42

00:02:51,780 --> 00:02:49,600

lot of internal scuttlebutt about the

43

00:02:55,349 --> 00:02:51,790

nature of a some of the more advanced

44

00:02:57,810 --> 00:02:55,359

work a possibly including study of UFO

45

00:02:59,849 --> 00:02:57,820

crash fragments so if you could dr.

46

00:03:02,490 --> 00:02:59,859

Scott tell us a little bit about there

47

00:03:05,810 --> 00:03:02,500

the Battelle Memorial Institute and tell

48

00:03:09,330 --> 00:03:05,820

us a little bit about your work there

49

00:03:14,729 --> 00:03:09,340

well the Battelle Memorial Institute is

50

00:03:17,119 --> 00:03:14,739

a very important organization and it's

51  
00:03:19,440 --> 00:03:17,129  
the world's largest nonprofit

52  
00:03:23,640 --> 00:03:19,450  
independent research and

53  
00:03:28,040 --> 00:03:23,650  
organization it's been important for

54  
00:03:32,490 --> 00:03:28,050  
example in developing Xerox II which has

55  
00:03:37,530 --> 00:03:32,500  
changed the world it's been involved in

56  
00:03:42,080 --> 00:03:37,540  
the fabrication of uranium fuel rods for

57  
00:03:48,660 --> 00:03:42,090  
the first full nuclear scale reactor

58  
00:03:52,229 --> 00:03:48,670  
it's also managed some important atomic

59  
00:03:56,089 --> 00:03:52,239  
energy sites such as the Lawrence

60  
00:04:01,050 --> 00:03:56,099  
Livermore Oh cribs and Brookhaven

61  
00:04:02,670 --> 00:04:01,060  
laboratories and it was important in

62  
00:04:04,680 --> 00:04:02,680  
developing the bomb during the Manhattan

63  
00:04:11,280 --> 00:04:04,690

Project has done a lot of other things

64

00:04:14,750 --> 00:04:11,290

too and at the time in the early 50s

65

00:04:17,849 --> 00:04:14,760

when they were doing some UFO studies

66

00:04:24,050 --> 00:04:17,859

they had probably the top metallurgist

67

00:04:28,469 --> 00:04:24,060

in the world so it has a good background

68

00:04:30,450 --> 00:04:28,479

okay and how gentle mundane our dross

69

00:04:32,310 --> 00:04:30,460

was I believe one of those metallurgist

70

00:04:35,190 --> 00:04:32,320

suffice I believe that was a specialty

71

00:04:37,440 --> 00:04:35,200

but whether it was or wasn't he was

72

00:04:40,290 --> 00:04:37,450

involved in some of the UFO research

73

00:04:42,719 --> 00:04:40,300

that Battelle took pardon in the late

74

00:04:53,250 --> 00:04:42,729

40s and into the 50s can you tell us a

75

00:04:56,279 --> 00:04:53,260

little bit about him yes he was I as far

76

00:04:59,370 --> 00:04:56,289

as I can tell I'm not sure I think he

77

00:05:05,310 --> 00:04:59,380

was a head of project stork at one time

78

00:05:10,440 --> 00:05:05,320

and that was it started out as a study

79

00:05:14,100 --> 00:05:10,450

of what the Russians made or foreign

80

00:05:20,480 --> 00:05:14,110

technology this was before UFOs came in

81

00:05:26,370 --> 00:05:24,510

they didn't the military didn't want

82

00:05:28,170 --> 00:05:26,380

people and know what they were

83

00:05:30,390 --> 00:05:28,180

investigating on other countries it's

84

00:05:32,159 --> 00:05:30,400

probably that type of thing its foreign

85

00:05:33,300 --> 00:05:32,169

technology is probably the most secret

86

00:05:42,870 --> 00:05:33,310

of anything now

87

00:05:45,480 --> 00:05:42,880

and when UFOs came in I I can sort of

88

00:05:47,159 --> 00:05:45,490

trace the history of UFOs because I kind

89

00:05:47,940 --> 00:05:47,169  
of know more about Mattel than any place

90

00:05:52,680 --> 00:05:47,950  
else

91

00:05:55,820 --> 00:05:52,690  
when UFOs came in their study went into

92

00:06:00,140 --> 00:05:55,830  
it's very classified foreign technology

93

00:06:06,090 --> 00:06:00,150  
division of project stork or white stork

94

00:06:09,360 --> 00:06:06,100  
because they didn't know whether UFOs

95

00:06:13,050 --> 00:06:09,370  
were foreign from another country or

96

00:06:15,060 --> 00:06:13,060  
what they were and so that's one reason

97

00:06:18,000 --> 00:06:15,070  
the whole thing started out as

98

00:06:20,250 --> 00:06:18,010  
classified was because it went into the

99

00:06:23,250 --> 00:06:20,260  
classified area is highly classified

100

00:06:26,490 --> 00:06:23,260  
area of the government to study foreign

101

00:06:29,760 --> 00:06:26,500

technology and it's still foreign

102

00:06:33,290 --> 00:06:29,770

technology so I made mothers from really

103

00:06:38,750 --> 00:06:33,300

highly classified what's going now

104

00:06:40,950 --> 00:06:38,760

understood okay now i Battelle also took

105

00:06:41,670 --> 00:06:40,960

put together as something for the Air

106

00:06:44,400 --> 00:06:41,680

Force called

107

00:06:50,730 --> 00:06:44,410

a special report fourteen I believe it

108

00:06:54,420 --> 00:06:50,740

is yes yeah if you can tell us a little

109

00:06:57,240 --> 00:06:54,430

bit about that okay I think it's

110

00:07:00,000 --> 00:06:57,250

probably the best study in my scientific

111

00:07:05,690 --> 00:07:00,010

opinion of any that's ever been done on

112

00:07:09,290 --> 00:07:05,700

UFOs and it was done in the early 50s

113

00:07:11,820 --> 00:07:09,300

and at that time it was secret and

114

00:07:15,630 --> 00:07:11,830

Mattel didn't want anybody know they

115

00:07:18,150 --> 00:07:15,640

were working on UFOs and the division it

116

00:07:20,580 --> 00:07:18,160

was under was also secret so it was a

117

00:07:25,760 --> 00:07:20,590

secret study it's been Declassified now

118

00:07:31,140 --> 00:07:25,770

and they did a very scientific study and

119

00:07:34,980 --> 00:07:31,150

they investigated the two most prominent

120

00:07:37,350 --> 00:07:34,990

theories about UFOs and had good data to

121

00:07:43,610 --> 00:07:37,360

show that something was actually going

122

00:07:46,740 --> 00:07:43,620

on the first theory to refute UFOs is

123

00:07:49,740 --> 00:07:46,750

that they're called by their

124

00:07:53,550 --> 00:07:49,750

caused by lack of information or by

125

00:07:55,290 --> 00:07:53,560

inaccurate perceptions and they always

126  
00:07:57,390 --> 00:07:55,300  
give examples of this where somebody

127  
00:07:59,370 --> 00:07:57,400  
goes out and says Oh a UFO and then they

128  
00:08:01,620 --> 00:07:59,380  
see it better than oh it's an airplane

129  
00:08:05,100 --> 00:08:01,630  
and that's the general idea of your

130  
00:08:07,560 --> 00:08:05,110  
folks is there actually something that's

131  
00:08:11,280 --> 00:08:07,570  
known that people just can't identify

132  
00:08:16,410 --> 00:08:11,290  
first and so they did a real good study

133  
00:08:21,210 --> 00:08:16,420  
and they took around 3,000 of the best

134  
00:08:24,450 --> 00:08:21,220  
sightings of over 7,000 from Project

135  
00:08:28,230 --> 00:08:24,460  
Blue Book and they found out that the

136  
00:08:31,110 --> 00:08:28,240  
ones that were in the category called

137  
00:08:35,250 --> 00:08:31,120  
excellent that had very good reporting

138  
00:08:39,659 --> 00:08:35,260

on the details and very credible

139

00:08:42,959 --> 00:08:39,669

reporters everything came out a much

140

00:08:46,500 --> 00:08:42,969

higher percentage of the unknowns than

141

00:08:50,640 --> 00:08:46,510

the very core reports where somebody

142

00:08:54,690 --> 00:08:50,650

just goes out and sees a light and they

143

00:08:56,340 --> 00:08:54,700

did a statistical study and that refuted

144

00:08:59,579 --> 00:08:56,350

that because they had a lot of good data

145

00:09:01,170 --> 00:08:59,589

on some of the unknowns that never

146

00:09:06,260 --> 00:09:01,180

turned into unknown that nobody ever

147

00:09:10,590 --> 00:09:06,270

dark side in the second theory is that

148

00:09:15,720 --> 00:09:10,600

UFOs are really known but in but

149

00:09:20,400 --> 00:09:15,730

misidentified objects and in that case

150

00:09:22,260 --> 00:09:20,410

they did a real good study of if that

151  
00:09:26,340 --> 00:09:22,270  
were true you would expect the

152  
00:09:29,660 --> 00:09:26,350  
characteristics of UFOs to match Jen in

153  
00:09:32,990 --> 00:09:29,670  
general those of conventional objects

154  
00:09:35,550 --> 00:09:33,000  
for example a certain percentage of

155  
00:09:37,790 --> 00:09:35,560  
conventional objects are aircraft and

156  
00:09:40,710 --> 00:09:37,800  
they have predicted both lighting

157  
00:09:45,450 --> 00:09:40,720  
arrangements and a certain percent on

158  
00:09:51,000 --> 00:09:45,460  
meteors and so forth and so if you line

159  
00:09:53,880 --> 00:09:51,010  
up the information on UFOs verse prosaic

160  
00:09:57,329 --> 00:09:53,890  
normal aircraft you expect that to come

161  
00:10:00,560 --> 00:09:57,339  
out the same because if they were just

162  
00:10:04,460 --> 00:10:00,570  
missing the implications however

163  
00:10:06,939 --> 00:10:04,470

but L did a really good study using

164

00:10:11,840 --> 00:10:06,949

statistical procedures such as

165

00:10:18,710 --> 00:10:11,850

chi-squared and in this case they found

166

00:10:25,340 --> 00:10:18,720

that with a probability of less  $1/5$  or

167

00:10:33,560 --> 00:10:25,350

1% that these two classifications were

168

00:10:36,199 --> 00:10:33,570

different and so that's the standard

169

00:10:38,629 --> 00:10:36,209

they use in scientific studies if you

170

00:10:40,699 --> 00:10:38,639

have two classes of things and wonder

171

00:10:44,410 --> 00:10:40,709

whether the same were different you use

172

00:10:48,639 --> 00:10:44,420

the probability and if it's less than 5%

173

00:10:51,319 --> 00:10:48,649

that's reportable and they came up with

174

00:10:55,910 --> 00:10:51,329

that probability in five of six

175

00:11:00,009 --> 00:10:55,920

categories and so this was a good

176

00:11:04,629 --> 00:11:00,019

scientific study and it also showed that

177

00:11:07,250 --> 00:11:04,639

UFOs are not miss identification or

178

00:11:14,629 --> 00:11:07,260

instances where people don't have enough

179

00:11:17,150 --> 00:11:14,639

information and which proves in the same

180

00:11:21,590 --> 00:11:17,160

can be format that you're opposing to

181

00:11:25,370 --> 00:11:21,600

this God nobody knows about

182

00:11:29,240 --> 00:11:25,380

okay sorry keep going nobody knows about

183

00:11:31,939 --> 00:11:29,250

it because the air force thing said they

184

00:11:35,840 --> 00:11:31,949

didn't find anything and that was untrue

185

00:11:37,699 --> 00:11:35,850

as they wrote up in their summary that

186

00:11:40,910 --> 00:11:37,709

nothing was found well highly

187

00:11:42,470 --> 00:11:40,920

significant results were found but I

188

00:11:45,379 --> 00:11:42,480

think for one thing nobody knew anything

189

00:11:49,699 --> 00:11:45,389

about statistics and so they didn't

190

00:11:51,590 --> 00:11:49,709

understand the results and most people

191

00:11:53,420 --> 00:11:51,600

still on your stands antistick so you

192

00:11:57,769 --> 00:11:53,430

don't really like a really good study

193

00:11:59,720 --> 00:11:57,779

that was no I'm sorry

194

00:12:01,879 --> 00:11:59,730

uh as this study has since been

195

00:12:02,720 --> 00:12:01,889

Declassified is this available for us to

196

00:12:06,199 --> 00:12:02,730

look at an hour

197

00:12:08,210 --> 00:12:06,209

is it still buried somewhere no it's

198

00:12:13,210 --> 00:12:08,220

it's been the classified for a long time

199

00:12:15,369 --> 00:12:13,220

it was a special project 14 okay

200

00:12:17,530 --> 00:12:15,379

you mentioned yeah we'll have to look

201  
00:12:20,410 --> 00:12:17,540  
for that and add the the link to the

202  
00:12:22,689 --> 00:12:20,420  
description section of the the interview

203  
00:12:23,920 --> 00:12:22,699  
when we get it posted now I you also

204  
00:12:27,040 --> 00:12:23,930  
worked for the Defense Intelligence

205  
00:12:30,970 --> 00:12:27,050  
Agency did that work a pre day you work

206  
00:12:33,369 --> 00:12:30,980  
at Battelle or did that come after I

207  
00:12:40,090 --> 00:12:33,379  
also had some other information about

208  
00:12:51,879 --> 00:12:48,160  
this was the Roswell Roswell took place

209  
00:12:54,340 --> 00:12:51,889  
in 1947 and nobody knew anything about

210  
00:12:58,540 --> 00:12:54,350  
it until 1980 when the first books were

211  
00:13:03,160 --> 00:12:58,550  
published but we had a report from

212  
00:13:04,929 --> 00:13:03,170  
somebody that worked at the tail I guess

213  
00:13:06,329 --> 00:13:04,939

I got secondhand from the person he

214

00:13:10,420 --> 00:13:06,339

talked to

215

00:13:17,379 --> 00:13:10,430

but his name was John Singer ly John

216

00:13:19,990 --> 00:13:17,389

spinner and Mattel had done that so they

217

00:13:22,090 --> 00:13:20,000

I just talked about SR 14 special report

218

00:13:27,670 --> 00:13:22,100

14 and it was just to do a question

219

00:13:31,410 --> 00:13:27,680

there and to do this typical study it

220

00:13:34,689 --> 00:13:31,420

wasn't supposed to be anything else but

221

00:13:37,600 --> 00:13:34,699

what they did was hire really good top

222

00:13:39,610 --> 00:13:37,610

metallurgist to do this study and that

223

00:13:45,009 --> 00:13:39,620

sounds pretty funny to start with a

224

00:13:47,740 --> 00:13:45,019

little bit fishy and so people at

225

00:13:51,429 --> 00:13:47,750

Battelle knew most of the people who

226

00:13:55,329 --> 00:13:51,439

were in that study and they were

227

00:13:58,720 --> 00:13:55,339

generally metallurgist and people

228

00:14:03,389 --> 00:13:58,730

closely questioning them did they find

229

00:14:06,759 --> 00:14:03,399

any material that related to UFOs and

230

00:14:10,389 --> 00:14:06,769

they wouldn't talk nobody would but I

231

00:14:16,240 --> 00:14:10,399

found out for this one person that way

232

00:14:19,660 --> 00:14:16,250

back and before 1957 and probably at the

233

00:14:24,960 --> 00:14:19,670

time the secret study was being done at

234

00:14:27,220 --> 00:14:24,970

Mattel this one person said that he was

235

00:14:30,790 --> 00:14:27,230

responsible for a project that we

236

00:14:32,770 --> 00:14:30,800

acquired him to study parts that they

237

00:14:33,750 --> 00:14:32,780

represented as a reprieve from a flying

238

00:14:36,880 --> 00:14:33,760

saucer

239

00:14:41,230 --> 00:14:36,890

he said one part and one of us had

240

00:14:45,040 --> 00:14:41,240

writing on them and he was these were

241

00:14:50,950 --> 00:14:45,050

like AI beings and he was supposed to

242

00:14:52,660 --> 00:14:50,960

decipher the writing on them yeah his

243

00:14:54,490 --> 00:14:52,670

name is Johnson he's written up in

244

00:15:01,450 --> 00:14:54,500

American being of science and other

245

00:15:03,610 --> 00:15:01,460

places and he told that during his 1950s

246

00:15:10,570 --> 00:15:03,620

which was a long time before anybody

247

00:15:15,160 --> 00:15:10,580

knew anything about Rosa which is it

248

00:15:17,200 --> 00:15:15,170

would be she suggests that something was

249

00:15:19,510 --> 00:15:17,210

going on with metal back then and he was

250

00:15:21,850 --> 00:15:19,520

a metallurgist sure there are plenty of

251

00:15:23,470 --> 00:15:21,860

Roswell witnesses who said that after

252

00:15:26,380 --> 00:15:23,480

the fact talking about I beams with

253

00:15:29,920 --> 00:15:26,390

writing and so on and so forth how could

254

00:15:33,190 --> 00:15:29,930

they have known uh-huh well he nobody

255

00:15:36,340 --> 00:15:33,200

knew that then exactly unless they had

256

00:15:44,970 --> 00:15:36,350

first-hand knowledge right right

257

00:15:49,180 --> 00:15:44,980

and I I published that about 1993 I some

258

00:15:51,010 --> 00:15:49,190

1995 or somewhere and it didn't I didn't

259

00:15:52,870 --> 00:15:51,020

even realize how significant it is I

260

00:15:53,350 --> 00:15:52,880

just put it in I didn't even put a title

261

00:16:01,540 --> 00:15:53,360

for it

262

00:16:06,070 --> 00:16:01,550

but in 2007 when carrying yes right

263

00:16:12,900 --> 00:16:06,080

there book witness to Roswell they

264

00:16:17,040 --> 00:16:12,910

carried quote um for me about it and

265

00:16:19,450 --> 00:16:17,050

they told the story of John spinner who

266

00:16:21,760 --> 00:16:19,460

assisted on a baffling science

267

00:16:25,660 --> 00:16:21,770

assignment that involved the evaluation

268

00:16:29,640 --> 00:16:25,670

of a very unusual battle and after that

269

00:16:32,770 --> 00:16:29,650

I mean that's from a quote from the book

270

00:16:35,560 --> 00:16:32,780

after that it's really got into the news

271

00:16:40,329 --> 00:16:35,570

because several other people said maybe

272

00:16:42,670 --> 00:16:40,339

this is memory metal and it was in

273

00:16:46,269 --> 00:16:42,680

the on the internet for a long time

274

00:16:52,809 --> 00:16:46,279

after that night to night r"l in memory

275

00:16:57,850 --> 00:16:52,819

metal that he and you mentioned dr.

276

00:17:01,749 --> 00:16:57,860

Krauss well he published with dr. cross

277

00:17:04,059 --> 00:17:01,759

and so he would have probably would have

278

00:17:07,179 --> 00:17:04,069

probably known dr. cross and then

279

00:17:10,990 --> 00:17:07,189

working with him and another thing that

280

00:17:13,000 --> 00:17:11,000

makes me think it's valid is that when

281

00:17:14,799 --> 00:17:13,010

the stay was going on it was secret I

282

00:17:16,360 --> 00:17:14,809

mean it seemed like everybody liked a

283

00:17:24,100 --> 00:17:16,370

lot of people to tell kind of knew about

284

00:17:28,139 --> 00:17:24,110

even that was top secret but he it was

285

00:17:32,080 --> 00:17:28,149

recorded that he took material home

286

00:17:35,380 --> 00:17:32,090

about the UFO studying and because it

287

00:17:38,260 --> 00:17:35,390

was secret I would guess that he

288

00:17:40,810 --> 00:17:38,270

probably worked on it with cross and the

289

00:17:44,250 --> 00:17:40,820

other ones now this is dr. centaur okay

290

00:17:46,330 --> 00:17:44,260

this is dr. sentiment got it okay yeah

291

00:17:48,310 --> 00:17:46,340

so I thought this was pretty good

292

00:17:50,649 --> 00:17:48,320

evidence that something was going on

293

00:17:52,930 --> 00:17:50,659

maybe with roswell somebody was

294

00:17:54,549 --> 00:17:52,940

investigating some kind of metal and

295

00:17:56,049 --> 00:17:54,559

you're paying this this is you're

296

00:17:58,690 --> 00:17:56,059

picking this up at Battelle when you're

297

00:18:00,549 --> 00:17:58,700

working there several years after there

298

00:18:04,019 --> 00:18:00,559

they're done and gone their work there

299

00:18:09,010 --> 00:18:04,029

though is that about right yeah I

300

00:18:13,510 --> 00:18:09,020

published it in 1992 and I published it

301  
00:18:20,110 --> 00:18:13,520  
in a the ohio UFO notebook and it didn't

302  
00:18:24,190 --> 00:18:20,120  
really cause much of a stir until it was

303  
00:18:28,210 --> 00:18:24,200  
published in witness there was roswell

304  
00:18:34,169 --> 00:18:28,220  
in 2009 and then people became more

305  
00:18:37,419 --> 00:18:34,179  
aware of it but i talked to the person

306  
00:18:40,960 --> 00:18:37,429  
that talked to the center I didn't know

307  
00:18:42,549 --> 00:18:40,970  
center I wasn't there back then but I

308  
00:18:48,970 --> 00:18:42,559  
talked a lot of other people about it

309  
00:18:51,340 --> 00:18:48,980  
too so there was still that information

310  
00:18:52,899 --> 00:18:51,350  
or that the institutional knowledge that

311  
00:18:54,310 --> 00:18:52,909  
was still kind of floating around within

312  
00:18:57,909 --> 00:18:54,320  
the facility

313  
00:19:00,100 --> 00:18:57,919

literally a couple decades or more after

314

00:19:02,230 --> 00:19:00,110

all this had taken place this seems to

315

00:19:04,590 --> 00:19:02,240

be that significant that people still

316

00:19:11,169 --> 00:19:04,600

remember it that that much further

317

00:19:15,100 --> 00:19:11,179

before you picked up on it yes I think

318

00:19:20,789 --> 00:19:15,110

they've done a study in 1952 or

319

00:19:25,960 --> 00:19:20,799

something and I published it in 1990

320

00:19:27,669 --> 00:19:25,970

1992 which was 40 years later but people

321

00:19:31,899 --> 00:19:27,679

are still talking about and they still

322

00:19:33,549 --> 00:19:31,909

do I have no doubt about that I don't

323

00:19:34,869 --> 00:19:33,559

know if you still have any contacts who

324

00:19:37,440 --> 00:19:34,879

were working there or anything along

325

00:19:40,029 --> 00:19:37,450

those lines but that do you know that

326

00:19:42,430 --> 00:19:40,039

Patel or I've heard that the Battelle

327

00:19:44,110 --> 00:19:42,440

might still be doing some work for the

328

00:19:47,799 --> 00:19:44,120

government on this subject the UFO

329

00:19:51,159 --> 00:19:47,809

subject was heard they were doing it

330

00:19:53,529 --> 00:19:51,169

until recently but I'm not in contact

331

00:19:56,350 --> 00:19:53,539

with anybody it's directly working with

332

00:19:58,779 --> 00:19:56,360

anything like that right now got it okay

333

00:20:10,240 --> 00:19:58,789

do you have anything else to add about

334

00:20:13,090 --> 00:20:10,250

to have a towel well one thing that

335

00:20:15,460 --> 00:20:13,100

interesting that happened to me they

336

00:20:18,220 --> 00:20:15,470

several people said that some of the

337

00:20:19,840 --> 00:20:18,230

material was stored in a safe at

338

00:20:22,360 --> 00:20:19,850

Battelle I don't think it would be down

339

00:20:26,169 --> 00:20:22,370

because I don't think there they have

340

00:20:31,330 --> 00:20:26,179

enough security to do that but last year

341

00:20:33,009 --> 00:20:31,340

I was in the hotel parking lot I'm going

342

00:20:37,269 --> 00:20:33,019

in to see about something because I'd

343

00:20:40,149 --> 00:20:37,279

worked there and a person had told me

344

00:20:46,180 --> 00:20:40,159

that the projects Dork and the UFO work

345

00:20:48,399 --> 00:20:46,190

had taken place on the 4th story of this

346

00:20:52,379 --> 00:20:48,409

particular building and they told me

347

00:20:55,090 --> 00:20:52,389

there were little rings on the windows

348

00:20:56,889 --> 00:20:55,100

what that would keep people from reading

349

00:20:57,399 --> 00:20:56,899

out what they're talking about with a

350

00:21:04,330 --> 00:20:57,409

laser

351  
00:21:06,669 --> 00:21:04,340  
at a window and see like Tronics figure

352  
00:21:08,170 --> 00:21:06,679  
out what people are talking about and so

353  
00:21:10,540 --> 00:21:08,180  
anyway I just

354  
00:21:12,780 --> 00:21:10,550  
I just took out my camera and started

355  
00:21:16,000 --> 00:21:12,790  
picking some pictures of the rounding

356  
00:21:35,740 --> 00:21:16,010  
windows and somebody came and threw me

357  
00:21:39,030 --> 00:21:35,750  
off before we move on from botella what

358  
00:21:43,750 --> 00:21:39,040  
initiated the study to be done a patella

359  
00:21:46,320 --> 00:21:43,760  
it was under project Bluebook and it was

360  
00:21:49,960 --> 00:21:46,330  
basically to devise a question in there

361  
00:21:54,220 --> 00:21:49,970  
where they could interview a witness on

362  
00:21:57,130 --> 00:21:54,230  
paper and try to get the information on

363  
00:22:00,600 --> 00:21:57,140

the object they solely size and shape

364

00:22:04,810 --> 00:22:00,610

and movement and things like that and

365

00:22:08,920 --> 00:22:04,820

the other part was to statistically

366

00:22:10,060 --> 00:22:08,930

study the UFO phenomenon and I think

367

00:22:12,580 --> 00:22:10,070

it's important to note we didn't get

368

00:22:14,320 --> 00:22:12,590

into this but Patel is what maybe an

369

00:22:16,500 --> 00:22:14,330

hour's drive from wright-patterson Air

370

00:22:20,830 --> 00:22:16,510

Force Base

371

00:22:23,320 --> 00:22:20,840

yeah about yeah so well that that

372

00:22:25,900 --> 00:22:23,330

doesn't hurt and obviously both places

373

00:22:30,120 --> 00:22:25,910

are top-notch facilities but you know

374

00:22:33,340 --> 00:22:30,130

the the location never hurts

375

00:22:37,050 --> 00:22:33,350

well that's right Patterson it was the

376

00:22:42,610 --> 00:22:37,060

first known public organization to start

377

00:22:46,240 --> 00:22:42,620

investigating UFOs so they you know had

378

00:22:50,740 --> 00:22:46,250

local connections and Mattel was the top

379

00:22:53,500 --> 00:22:50,750

metallurgist at that time so if anything

380

00:22:58,240 --> 00:22:53,510

had been found it likely would have gone

381

00:22:59,800 --> 00:22:58,250

the Battelle got it now they're there

382

00:23:01,930 --> 00:22:59,810

work with the military I believe goes

383

00:23:08,230 --> 00:23:01,940

back to roughly yeah when it was founded

384

00:23:12,700 --> 00:23:08,240

beca in the world war one ear huh okay

385

00:23:17,230 --> 00:23:12,710

so no I'm sorry yeah I don't know a lot

386

00:23:19,240 --> 00:23:17,240

about it yes I did a little bit of

387

00:23:20,840 --> 00:23:19,250

background on it going back in the day

388

00:23:23,000 --> 00:23:20,850

but sometimes my memory get

389

00:23:25,700 --> 00:23:23,010

a little hazy but yeah I believe Patel

390

00:23:29,210 --> 00:23:25,710

was founded back in the World War one

391

00:23:30,680 --> 00:23:29,220

ear and right back in the day it was

392

00:23:33,110 --> 00:23:30,690

still right field before it became

393

00:23:35,270 --> 00:23:33,120

wright-patterson Air Force Base but they

394

00:23:38,390 --> 00:23:35,280

that was always the location for the

395

00:23:41,240 --> 00:23:38,400

foreign technology division so and also

396

00:23:42,590 --> 00:23:41,250

they've got the split suppose it well

397

00:23:46,790 --> 00:23:42,600

not supposedly it's been demonstrated

398

00:23:49,310 --> 00:23:46,800

through the classified documents that

399

00:23:51,380 --> 00:23:49,320

the infamous Blue Room is located at

400

00:23:53,500 --> 00:23:51,390

wright-patterson Air Force Base did you

401  
00:23:57,020 --> 00:23:53,510  
ever hear much talk about that

402  
00:23:59,990 --> 00:23:57,030  
well actually I visited wright-patterson

403  
00:24:03,620 --> 00:24:00,000  
I was spent for conferences from work

404  
00:24:05,210 --> 00:24:03,630  
and stayed at the Hope Hotel on

405  
00:24:08,620 --> 00:24:05,220  
basically got to walk all over the base

406  
00:24:12,200 --> 00:24:08,630  
but I also knew the archivist for

407  
00:24:16,490 --> 00:24:12,210  
wright-patterson and he took us all

408  
00:24:20,920 --> 00:24:16,500  
through this the most highly secret

409  
00:24:24,530 --> 00:24:20,930  
buildings there and another thing I

410  
00:24:27,500 --> 00:24:24,540  
found out that might relate to the

411  
00:24:32,030 --> 00:24:27,510  
recent UFO work by Bigelow and stuff

412  
00:24:35,560 --> 00:24:32,040  
that's been published is that I and

413  
00:24:40,490 --> 00:24:35,570

another person he invited us to a

414

00:24:44,180 --> 00:24:40,500

meeting about UFOs and it was in the hot

415

00:24:47,480 --> 00:24:44,190

the really top most secure building

416

00:24:50,330 --> 00:24:47,490

there and I think the Blue Room was in

417

00:24:52,730 --> 00:24:50,340

with that it was where it was a million

418

00:24:56,060 --> 00:24:52,740

conflicts were Blue Book and all these

419

00:24:58,610 --> 00:24:56,070

other studies had taken place so we were

420

00:25:00,320 --> 00:24:58,620

right there in the building I of course

421

00:25:05,210 --> 00:25:00,330

couldn't take pictures in the building

422

00:25:08,090 --> 00:25:05,220

but I did pick this and I'm sorry go

423

00:25:13,570 --> 00:25:08,100

ahead but what happened was a during

424

00:25:16,160 --> 00:25:13,580

this meeting and the speaker said that

425

00:25:19,790 --> 00:25:16,170

everything about Project Blue Book was

426

00:25:22,370 --> 00:25:19,800

Declassified now and of course I didn't

427

00:25:23,930 --> 00:25:22,380

believe that at all and they said is

428

00:25:26,870 --> 00:25:23,940

this McKee classified he said yes

429

00:25:29,900 --> 00:25:26,880

without even hesitating but anyway

430

00:25:34,690 --> 00:25:29,910

somebody stood up and said what about

431

00:25:39,830 --> 00:25:34,700

the gun camera please hahaha

432

00:25:42,530 --> 00:25:39,840

that's coming up now and him me said

433

00:25:45,110 --> 00:25:42,540

what he said was I want to remind you

434

00:25:55,220 --> 00:25:45,120

there's people here without clearances

435

00:25:57,950 --> 00:25:55,230

which is me and the other what they knew

436

00:26:01,190 --> 00:25:57,960

about the gun came pretty sure sure well

437

00:26:03,020 --> 00:26:01,200

if you've got gun cameras and you have a

438

00:26:05,570 --> 00:26:03,030

UFO encounter it's gonna get picked up

439

00:26:12,470 --> 00:26:05,580

I'm sure that there's a several hours of

440

00:26:15,470 --> 00:26:12,480

it somewhere now I'm sorry go ahead

441

00:26:19,460 --> 00:26:15,480

what'd you think of that the gun camera

442

00:26:21,290 --> 00:26:19,470

footage that's going on now because they

443

00:26:25,060 --> 00:26:21,300

mentioned that and it sounded like there

444

00:26:26,660 --> 00:26:25,070

was a lot more to it than what they said

445

00:26:29,210 --> 00:26:26,670

understood understood

446

00:26:31,820 --> 00:26:29,220

now you did end up by working for the

447

00:26:33,620 --> 00:26:31,830

DIA at wright-patterson either a little

448

00:26:37,670 --> 00:26:33,630

earlier a little later than now your

449

00:26:41,990 --> 00:26:37,680

work at Battelle is that right I'm tell

450

00:26:44,660 --> 00:26:42,000

later after I worked at the DIA okay and

451  
00:26:47,810 --> 00:26:44,670  
what did you do with the DIA did you

452  
00:26:54,380 --> 00:26:47,820  
have any UFO information come your way

453  
00:26:58,750 --> 00:26:54,390  
while you were there well what I did for

454  
00:27:05,930 --> 00:26:58,760  
the GIS was I was a guest 11 and that's

455  
00:27:10,310 --> 00:27:05,940  
equal to a PhD my standard form 50 as I

456  
00:27:14,450 --> 00:27:10,320  
worked for the Defense Intelligence

457  
00:27:17,690 --> 00:27:14,460  
Agency this was in Washington DC and the

458  
00:27:21,310 --> 00:27:17,700  
photographic interpretation office and

459  
00:27:24,830 --> 00:27:21,320  
it was a Soviet East European division

460  
00:27:27,410 --> 00:27:24,840  
so that the work was very very very

461  
00:27:29,870 --> 00:27:27,420  
classified at that time because it

462  
00:27:32,960 --> 00:27:29,880  
involved in foreign countries and so I

463  
00:27:37,270 --> 00:27:32,970

had a real high security Combes and my

464

00:27:41,630 --> 00:27:37,280

work was for the progressive

465

00:27:44,870 --> 00:27:41,640

interpretation office was to we worked

466

00:27:47,390 --> 00:27:44,880

on satellite photography so that this

467

00:27:49,820 --> 00:27:47,400

was very classified it's still it's

468

00:27:54,950 --> 00:27:49,830

still going on

469

00:28:01,050 --> 00:27:54,960

and so we were looking at a wide area

470

00:28:05,490 --> 00:28:01,060

country um no I mean this was

471

00:28:09,570 --> 00:28:05,500

soviet-controlled back then and I worked

472

00:28:14,550 --> 00:28:09,580

in air orders battle and our job was to

473

00:28:18,360 --> 00:28:14,560

identify anything flying across this

474

00:28:20,670 --> 00:28:18,370

area and so we were identifying things

475

00:28:24,570 --> 00:28:20,680

like airplanes and looking for the

476  
00:28:27,840 --> 00:28:24,580  
newest airplane development anything

477  
00:28:32,750 --> 00:28:27,850  
that was flying and so this was for the

478  
00:28:37,560 --> 00:28:32,760  
DIA and you would think it would be

479  
00:28:40,800 --> 00:28:37,570  
where they would look for UFOs because

480  
00:28:45,150 --> 00:28:40,810  
it felt like photography from the wide

481  
00:28:55,650 --> 00:28:45,160  
area of the country and it's they were

482  
00:28:58,140 --> 00:28:55,660  
searching for aircraft and so the reason

483  
00:29:00,840 --> 00:28:58,150  
this started was something I put in the

484  
00:29:07,890 --> 00:29:00,850  
book I'm about to put that's about to be

485  
00:29:11,130 --> 00:29:07,900  
published but anyway I mentioned UFOs to

486  
00:29:20,520 --> 00:29:11,140  
my the people like total workers who

487  
00:29:23,130 --> 00:29:20,530  
were also in photo interpretation and I

488  
00:29:26,100 --> 00:29:23,140

expected everybody just laugh and tease

489

00:29:29,850 --> 00:29:26,110

me and harass me and everything else but

490

00:29:33,600 --> 00:29:29,860

that didn't happen it's dead what they

491

00:29:37,110 --> 00:29:33,610

said was that not too long before I came

492

00:29:40,020 --> 00:29:37,120

into this section they had found what

493

00:29:46,590 --> 00:29:40,030

they thought was a UFO on their

494

00:29:49,440 --> 00:29:46,600

satellite photography film and it was on

495

00:29:51,540 --> 00:29:49,450

two missions a mission was naive minutes

496

00:29:53,670 --> 00:29:51,550

around where the Sally takes 90 minutes

497

00:29:55,950 --> 00:29:53,680

to go around the earth it was in a

498

00:29:57,540 --> 00:29:55,960

slightly different place it was

499

00:29:58,860 --> 00:29:57,550

something they couldn't identify and

500

00:30:01,380 --> 00:29:58,870

hadn't seen anything like it

501  
00:30:02,180 --> 00:30:01,390  
and so they were the top that you know

502  
00:30:04,940 --> 00:30:02,190  
the country

503  
00:30:10,279 --> 00:30:04,950  
top photo interpreters for this area and

504  
00:30:14,119 --> 00:30:10,289  
everything specialist and just top

505  
00:30:20,930 --> 00:30:14,129  
intelligence analysis people and they

506  
00:30:22,730 --> 00:30:20,940  
reported it as a UFO and our section

507  
00:30:25,340 --> 00:30:22,740  
should be who's looking for UFOs

508  
00:30:27,430 --> 00:30:25,350  
actually but nobody was sitting about

509  
00:30:32,659 --> 00:30:27,440  
UFOs to us and we had to need to know

510  
00:30:34,970 --> 00:30:32,669  
but the the people came back that we

511  
00:30:36,769 --> 00:30:34,980  
reported it to it might have been the

512  
00:30:41,840 --> 00:30:36,779  
CIA but I had a feeling there was a

513  
00:30:44,149 --> 00:30:41,850

higher government iclone than that but

514

00:30:47,720 --> 00:30:44,159

they said we didn't see anything that

515

00:30:50,810 --> 00:30:47,730

this was a spot on the film and we just

516

00:30:53,990 --> 00:30:50,820

didn't know what we were doing I mean I

517

00:30:57,200 --> 00:30:54,000

looked at later and it obviously wasn't

518

00:31:04,519 --> 00:30:57,210

because it was on two films you could

519

00:31:08,629 --> 00:31:04,529

see them both in detail and so the head

520

00:31:11,299 --> 00:31:08,639

of my department sent it to some

521

00:31:13,369 --> 00:31:11,309

specialists to look at it I think

522

00:31:15,139 --> 00:31:13,379

they're called since they call it

523

00:31:18,529 --> 00:31:15,149

sensing density I think it's sent some

524

00:31:22,249 --> 00:31:18,539

men that's a million three or whatever

525

00:31:23,029 --> 00:31:22,259

and they said no that's not a spot on

526  
00:31:26,029 --> 00:31:23,039  
the film

527  
00:31:29,299 --> 00:31:26,039  
that's something real and they recruited

528  
00:31:31,159 --> 00:31:29,309  
that to the higher-ups again their

529  
00:31:33,139 --> 00:31:31,169  
higher-ups again said no you're seeing

530  
00:31:35,990 --> 00:31:33,149  
things look spot on the film and that

531  
00:31:36,740 --> 00:31:36,000  
was just a totally ridiculous thing to

532  
00:31:38,509 --> 00:31:36,750  
say

533  
00:31:41,619 --> 00:31:38,519  
and it wasn't professional either

534  
00:31:45,320 --> 00:31:41,629  
because like if they had made a mistake

535  
00:31:47,659 --> 00:31:45,330  
the higher-ups should explain her in

536  
00:31:49,669 --> 00:31:47,669  
mistake is because that was important to

537  
00:31:52,070 --> 00:31:49,679  
work on you know spying on another

538  
00:31:55,460 --> 00:31:52,080

country and you know it could relate to

539

00:31:57,680 --> 00:31:55,470

wars and things like that and so they

540

00:32:00,710 --> 00:31:57,690

were pretty amazed and nobody laughed at

541

00:32:02,299 --> 00:32:00,720

me when I mentioned that so so the

542

00:32:03,889 --> 00:32:02,309

experts are getting overruled by the

543

00:32:05,320 --> 00:32:03,899

bureaucrats essentially is what it

544

00:32:09,580 --> 00:32:05,330

sounds like

545

00:32:13,850 --> 00:32:09,590

yeah they works but in relation to the

546

00:32:16,070 --> 00:32:13,860

the Bigelow information that just came

547

00:32:18,890 --> 00:32:16,080

out well

548

00:32:21,790 --> 00:32:18,900

and that has something there was a dia

549

00:32:24,620 --> 00:32:21,800

to the Defense Intelligence Agency

550

00:32:27,920 --> 00:32:24,630

Weishaupt way back then that there's

551  
00:32:31,640 --> 00:32:27,930  
some really high classified area in the

552  
00:32:33,020 --> 00:32:31,650  
government that studies UFOs because I

553  
00:32:37,010 --> 00:32:33,030  
couldn't figure out why they would give

554  
00:32:39,500 --> 00:32:37,020  
such a ridiculous answer to us and claim

555  
00:32:42,590 --> 00:32:39,510  
didn't exist just like you know just

556  
00:32:46,370 --> 00:32:42,600  
like we just came out of seeing asylum

557  
00:32:53,680 --> 00:32:46,380  
or something when we really specialist

558  
00:32:58,340 --> 00:32:53,690  
and so with that with the Bigelow study

559  
00:33:00,800 --> 00:32:58,350  
read and everybody I view I kind of

560  
00:33:02,090 --> 00:33:00,810  
viewed that as sort of a branch I mean

561  
00:33:05,000 --> 00:33:02,100  
they got it into the government

562  
00:33:07,090 --> 00:33:05,010  
everything but I had the feeling that

563  
00:33:10,010 --> 00:33:07,100

there's something way higher than that

564

00:33:13,280 --> 00:33:10,020

it's studying UFOs just from my

565

00:33:14,900 --> 00:33:13,290

experience with the DIA and that they'd

566

00:33:15,850 --> 00:33:14,910

been probably studying it for a long

567

00:33:18,050 --> 00:33:15,860

time

568

00:33:21,110 --> 00:33:18,060

understood well since we're on this

569

00:33:22,520 --> 00:33:21,120

track a very interesting bit of

570

00:33:26,480 --> 00:33:22,530

information that became available

571

00:33:29,030 --> 00:33:26,490

through a channel 8 in Las Vegas that's

572

00:33:31,940 --> 00:33:29,040

the the station that George Knapp works

573

00:33:34,550 --> 00:33:31,950

for does a lot of interviews and has

574

00:33:36,650 --> 00:33:34,560

been covering that the UFO subject when

575

00:33:40,010 --> 00:33:36,660

it heats up for decades now I believe

576

00:33:42,830 --> 00:33:40,020

and this is at their site the Las Vegas

577

00:33:44,900 --> 00:33:42,840

now.com site I will post a link to this

578

00:33:47,690 --> 00:33:44,910

as well but it's a statement from a

579

00:33:50,900 --> 00:33:47,700

senior manager of a bass which is a

580

00:33:54,200 --> 00:33:50,910

Bigelow's aerospace company and

581

00:33:55,820 --> 00:33:54,210

basically what he says and from this and

582

00:33:58,760 --> 00:33:55,830

what I want to lead into is some

583

00:34:01,250 --> 00:33:58,770

questions about the research of a Harley

584

00:34:02,330 --> 00:34:01,260

Rutledge from several years ago I

585

00:34:04,910 --> 00:34:02,340

thought that that was a pretty

586

00:34:09,320 --> 00:34:04,920

interesting topic that you go into a

587

00:34:12,020 --> 00:34:09,330

great bit of detail about but that what

588

00:34:15,710 --> 00:34:12,030

it says here is a one sentence from the

589

00:34:18,380 --> 00:34:15,720

statement from this unknown project

590

00:34:20,540 --> 00:34:18,390

manager who works for bass this novel

591

00:34:22,760 --> 00:34:20,550

approach aimed to circumvent the

592

00:34:26,240 --> 00:34:22,770

increasing evidence of deception and

593

00:34:29,120 --> 00:34:26,250

subterfuge by the UFO phenomenon in that

594

00:34:29,359 --> 00:34:29,130

multiple eyewitnesses co-located in the

595

00:34:31,730 --> 00:34:29,369

same

596

00:34:35,839 --> 00:34:31,740

vicinity frequently reported seeing

597

00:34:38,239 --> 00:34:35,849

widely different events so the evidence

598

00:34:40,279 --> 00:34:38,249

was multiplying that the UFO phenomenon

599

00:34:42,019 --> 00:34:40,289

was capable of manipulating and

600

00:34:44,419 --> 00:34:42,029

distorting human perception and

601  
00:34:47,480 --> 00:34:44,429  
therefore eyewitness testimony of you

602  
00:34:50,450 --> 00:34:47,490  
act UFO activity was becoming uncreate

603  
00:34:52,639 --> 00:34:50,460  
increasingly untrustworthy now I'm going

604  
00:34:57,109 --> 00:34:52,649  
back to Rutledge I note in your book

605  
00:35:00,079 --> 00:34:57,119  
that he set up an experiment study to

606  
00:35:02,529 --> 00:35:00,089  
look at UFOs and what he came across was

607  
00:35:05,779 --> 00:35:02,539  
he would set up a recording instruments

608  
00:35:09,140 --> 00:35:05,789  
of different types to try to record

609  
00:35:12,079 --> 00:35:09,150  
these videos or this this data this

610  
00:35:15,259 --> 00:35:12,089  
information and the results that he was

611  
00:35:17,269 --> 00:35:15,269  
getting is the UFOs seem to know that

612  
00:35:19,849 --> 00:35:17,279  
they were being recorded that this gear

613  
00:35:22,999 --> 00:35:19,859

was being set up and took proactive

614

00:35:27,739 --> 00:35:23,009

measures to avoid being recorded is that

615

00:35:32,779 --> 00:35:27,749

about right yes I wrote to him for

616

00:35:37,640 --> 00:35:32,789

several years and that was right and he

617

00:35:41,380 --> 00:35:37,650

also they set up a viewing area it was

618

00:35:44,930 --> 00:35:41,390

like Howard crop Harold crossing

619

00:35:46,999 --> 00:35:44,940

recommended from Mattel they Mattel that

620

00:35:50,509 --> 00:35:47,009

had a real good idea about setting up a

621

00:35:52,789 --> 00:35:50,519

particular viewing area and monitoring

622

00:35:54,759 --> 00:35:52,799

everything and even putting out some

623

00:35:58,069 --> 00:35:54,769

different things that might be

624

00:36:01,249 --> 00:35:58,079

interpreted as UFOs and studying their

625

00:36:07,579 --> 00:36:01,259

reaction and this was they were going to

626

00:36:09,579 --> 00:36:07,589

use mass spectrometry it and different

627

00:36:13,549 --> 00:36:09,589

things like that to interpret the

628

00:36:19,430 --> 00:36:13,559

photographs they were taking and it was

629

00:36:23,989 --> 00:36:19,440

just an excellent idea that it was it

630

00:36:27,019 --> 00:36:23,999

was in the pinnacle memorandum but I had

631

00:36:29,329 --> 00:36:27,029

a lot more information than that for the

632

00:36:31,039 --> 00:36:29,339

actual study they were going to do but

633

00:36:34,660 --> 00:36:31,049

the government didn't fund it and that

634

00:36:37,220 --> 00:36:34,670

would have been just a super good study

635

00:36:41,569 --> 00:36:37,230

where they where to find out a lot but

636

00:36:43,100 --> 00:36:41,579

that's kind of like what Rutledge did he

637

00:36:46,170 --> 00:36:43,110

had a study area

638

00:36:48,330 --> 00:36:46,180

and he set up viewing stations and this

639

00:36:51,300 --> 00:36:48,340

is like you do you know with a regular

640

00:36:54,030 --> 00:36:51,310

scientific experiment if you were

641

00:36:57,770 --> 00:36:54,040

studying animal behavior or something he

642

00:37:00,060 --> 00:36:57,780

set it up the same way and so they could

643

00:37:03,740 --> 00:37:00,070

tell through each other from station to

644

00:37:08,190 --> 00:37:03,750

station and watch a UFO come and

645

00:37:10,200 --> 00:37:08,200

sometimes the UFOs did these things such

646

00:37:11,850 --> 00:37:10,210

as they would be traveling along like

647

00:37:15,510 --> 00:37:11,860

they were just busily traveling along

648

00:37:19,110 --> 00:37:15,520

and then make a detour around a station

649

00:37:20,700 --> 00:37:19,120

and things like that okay at the

650

00:37:22,410 --> 00:37:20,710

timeframe for this just to clear it up

651  
00:37:24,090 --> 00:37:22,420  
for folks listening at home I was not

652  
00:37:26,010 --> 00:37:24,100  
familiar with Rutledge's work and I'd

653  
00:37:27,960 --> 00:37:26,020  
like to think that I know a lot about

654  
00:37:30,210 --> 00:37:27,970  
this subject there's always new things

655  
00:37:32,370 --> 00:37:30,220  
to find out the timeframe for this is

656  
00:37:38,250 --> 00:37:32,380  
roughly the early 70s when he was doing

657  
00:37:41,550 --> 00:37:38,260  
this work it was it was early in 1973 he

658  
00:37:42,960 --> 00:37:41,560  
continued for that on but what was

659  
00:37:45,840 --> 00:37:42,970  
interesting about his work was that

660  
00:37:48,540 --> 00:37:45,850  
there was a flap or a wave going on and

661  
00:37:50,760 --> 00:37:48,550  
so normally if you wanted to photograph

662  
00:37:53,070 --> 00:37:50,770  
the UFO you could sit in a field your

663  
00:37:54,660 --> 00:37:53,080

whole life and not see anything but at

664

00:37:57,560 --> 00:37:54,670

that time there was a whole lot of

665

00:38:00,420 --> 00:37:57,570

sightings and so they had an ideal

666

00:38:01,850 --> 00:38:00,430

situation to set up their study because

667

00:38:04,440 --> 00:38:01,860

that's just something it doesn't happen

668

00:38:07,620 --> 00:38:04,450

and so they were very lucky on that when

669

00:38:10,590 --> 00:38:07,630

he was he's a physical professor and he

670

00:38:12,330 --> 00:38:10,600

was the head of department and something

671

00:38:24,180 --> 00:38:12,340

was very well qualified me set up the

672

00:38:27,170 --> 00:38:24,190

stations with other science God so you

673

00:38:34,050 --> 00:38:27,180

also I'm sorry go ahead

674

00:38:37,170 --> 00:38:34,060

you know the UFOs seem to be interactive

675

00:38:40,490 --> 00:38:37,180

with them and they study their behavior

676  
00:38:44,700 --> 00:38:40,500  
besides you Sonia's physical properties

677  
00:38:46,800 --> 00:38:44,710  
and he said when certain UFOs came

678  
00:38:49,830 --> 00:38:46,810  
within the range of measurement they

679  
00:38:53,310 --> 00:38:49,840  
would move change course or halt on 30

680  
00:38:56,620 --> 00:38:53,320  
occasions the movements of the object

681  
00:38:59,650 --> 00:38:56,630  
synchronize without the actions of the

682  
00:39:02,890 --> 00:38:59,660  
servers and the objects sometimes

683  
00:39:06,280 --> 00:39:02,900  
responded to the observers by switching

684  
00:39:09,490 --> 00:39:06,290  
their lights off and on they responded

685  
00:39:13,680 --> 00:39:09,500  
their verbal and radio messages swinging

686  
00:39:16,120 --> 00:39:13,690  
and aiming and things like that in the

687  
00:39:18,880 --> 00:39:16,130  
Europe those who respond to that make

688  
00:39:21,400 --> 00:39:18,890

such things as switching their lights

689

00:39:26,320 --> 00:39:21,410

off and on and things like that so they

690

00:39:29,470 --> 00:39:26,330

actually had a recording of the UFOs

691

00:39:31,150 --> 00:39:29,480

responding the things they did and was

692

00:39:36,460 --> 00:39:31,160

amazed one of the most amazing things

693

00:39:41,170 --> 00:39:36,470

thanks but that was the UFOs for some

694

00:39:44,290 --> 00:39:41,180

reason would disguise themselves as a

695

00:39:46,990 --> 00:39:44,300

star and somehow they would get right

696

00:39:50,920 --> 00:39:47,000

between the observer and this star which

697

00:39:53,410 --> 00:39:50,930

is just impossible to do and look like

698

00:39:55,570 --> 00:39:53,420

the star in the right position and I

699

00:39:58,060 --> 00:39:55,580

have no idea why you were doing that but

700

00:40:01,830 --> 00:39:58,070

he recorded that a number of times and

701  
00:40:04,770 --> 00:40:01,840  
that would be really really hard to do

702  
00:40:07,600 --> 00:40:04,780  
exactly and this sounds that like Cassim

703  
00:40:09,220 --> 00:40:07,610  
this sounds like some kind of a weird

704  
00:40:11,830 --> 00:40:09,230  
this behavior sounds like some kind of

705  
00:40:19,630 --> 00:40:11,840  
weird variant on the of the double slit

706  
00:40:24,340 --> 00:40:19,640  
experiment almost I do you have anything

707  
00:40:27,400 --> 00:40:24,350  
more on Rutledge and his work I have

708  
00:40:31,060 --> 00:40:27,410  
quite a bit a lot about it in my next

709  
00:40:33,400 --> 00:40:31,070  
book that's coming out okay then now

710  
00:40:35,650 --> 00:40:33,410  
let's add let's wait for that then we'll

711  
00:40:38,650 --> 00:40:35,660  
get to plugging your new book before we

712  
00:40:41,590 --> 00:40:38,660  
wrap up here also what you've done there

713  
00:40:43,900 --> 00:40:41,600

some MUFON investigating fieldwork and

714

00:40:47,230 --> 00:40:43,910

there have been a number of great cases

715

00:40:48,700 --> 00:40:47,240

in Ohio a couple of them that really

716

00:40:50,800 --> 00:40:48,710

stand out that have gotten a lot of

717

00:40:53,170 --> 00:40:50,810

attention over the years one is there

718

00:40:55,570 --> 00:40:53,180

the famous Portage County police car

719

00:40:57,420 --> 00:40:55,580

chase that some folks if they've ever

720

00:41:00,430 --> 00:40:57,430

seen Close Encounters of the Third Kind

721

00:41:03,280 --> 00:41:00,440

that was actually a dramatized at least

722

00:41:05,710 --> 00:41:03,290

to an extent with the cars chasing the

723

00:41:07,420 --> 00:41:05,720

UFOs where Richard Dreyfuss is forced

724

00:41:09,430 --> 00:41:07,430

off the road that Hill he gets hit by

725

00:41:10,779 --> 00:41:09,440

the the speeding police cars and that

726

00:41:13,659 --> 00:41:10,789

they drive across

727

00:41:16,799 --> 00:41:13,669

the state line and all that but that is

728

00:41:20,679 --> 00:41:16,809

actually based on a real case where some

729

00:41:23,949 --> 00:41:20,689

police from Portage County Ohio which is

730

00:41:25,179 --> 00:41:23,959

a good 30 to 40 minutes from the Ohio

731

00:41:29,259 --> 00:41:25,189

Pennsylvania line

732

00:41:30,579 --> 00:41:29,269

we're following a UFO traveling east and

733

00:41:33,039 --> 00:41:30,589

they followed it all the way into

734

00:41:35,499 --> 00:41:33,049

Pennsylvania you did some follow-up work

735

00:41:37,239 --> 00:41:35,509

on that case and I wanted to give the

736

00:41:43,089 --> 00:41:37,249

folks a little bit of details about that

737

00:41:48,189 --> 00:41:43,099

now what you did I was able to get the

738

00:41:51,880 --> 00:41:48,199

original report and look it over and I

739

00:41:59,199 --> 00:41:51,890

think this is one of the best sightings

740

00:42:01,749 --> 00:41:59,209

ever because it was interactive and one

741

00:42:06,609 --> 00:42:01,759

thing really amazing about it was that

742

00:42:09,130 --> 00:42:06,619

the police were in contact with the

743

00:42:11,380 --> 00:42:09,140

police were the sires and they were in

744

00:42:18,699 --> 00:42:11,390

contact with their office the whole time

745

00:42:22,659 --> 00:42:18,709

by radio the whole time that went on and

746

00:42:23,829 --> 00:42:22,669

I also think that it was probably

747

00:42:26,979 --> 00:42:23,839

something the government knew about

748

00:42:31,569 --> 00:42:26,989

because there were several portions of

749

00:42:33,339 --> 00:42:31,579

it that where there was either some

750

00:42:37,799 --> 00:42:33,349

information that was disguised there's

751

00:42:41,409 --> 00:42:37,809

some information such as that they

752

00:42:47,229 --> 00:42:41,419

scrambled jets and things like that it

753

00:42:50,890 --> 00:42:47,239

took place in April 1966 and it was the

754

00:42:57,370 --> 00:42:50,900

people that thought were getting as far

755

00:42:59,890 --> 00:42:57,380

and this who were two policemen and it

756

00:43:01,359 --> 00:42:59,900

started out in Michigan which is another

757

00:43:05,499 --> 00:43:01,369

thing that made me think the government

758

00:43:11,380 --> 00:43:05,509

know about somebody in Michigan had

759

00:43:17,739 --> 00:43:11,390

reported that they in Benton Harbor that

760

00:43:19,539 --> 00:43:17,749

they saw an object if it's really

761

00:43:24,249 --> 00:43:19,549

dazzling brightness they couldn't even

762

00:43:24,600 --> 00:43:24,259

look at it and far enough were some

763

00:43:26,960 --> 00:43:24,610

police

764

00:43:37,460 --> 00:43:26,970

work they heard about and they laughed

765

00:43:50,220 --> 00:43:42,210

investigating a car that was off the

766

00:43:52,890 --> 00:43:50,230

road and they saw interesting and that's

767

00:43:55,470 --> 00:43:52,900

the car had emblem of a triangle and

768

00:43:57,720 --> 00:43:55,480

bull of lightning and the word seven

769

00:44:00,630 --> 00:43:57,730

steps to hell while they were

770

00:44:02,700 --> 00:44:00,640

investigating this car they saw this

771

00:44:06,860 --> 00:44:02,710

bright object in sky they had just

772

00:44:09,450 --> 00:44:06,870

laughed at the report from Michigan and

773

00:44:12,990 --> 00:44:09,460

they saw it kind of rise from the

774

00:44:16,140 --> 00:44:13,000

horizon and they thought it was about 25

775

00:44:20,130 --> 00:44:16,150

steamed overhead and it bathed them in a

776

00:44:23,610 --> 00:44:20,140

real bright light well they were pretty

777

00:44:26,120 --> 00:44:23,620

terrified and it was very close to him

778

00:44:33,140 --> 00:44:26,130

and just as bright as you could imagine

779

00:44:36,360 --> 00:44:33,150

and so they called their police office

780

00:44:38,960 --> 00:44:36,370

and asked what to do and they were on

781

00:44:42,990 --> 00:44:38,970

the radio from then on well they're

782

00:44:46,080 --> 00:44:43,000

higher up said shoot it and they had

783

00:44:49,710 --> 00:44:46,090

really big second thoughts about that so

784

00:44:52,440 --> 00:44:49,720

they didn't they got near police cruiser

785

00:44:54,470 --> 00:44:52,450

to because they were created getting

786

00:44:57,990 --> 00:44:54,480

burned because the light was so bright

787

00:45:00,930 --> 00:44:58,000

just let me jump in here really quick

788

00:45:03,930 --> 00:45:00,940

there was a follow-up article from local

789

00:45:05,940 --> 00:45:03,940

media in Portage County within the last

790

00:45:08,790 --> 00:45:05,950

couple of years where they interviewed

791

00:45:12,030 --> 00:45:08,800

Neff son and he said that his dad told

792

00:45:15,390 --> 00:45:12,040

him that he literally felt the heat from

793

00:45:19,200 --> 00:45:15,400

this UFO he felt it like he was warm in

794

00:45:20,520 --> 00:45:19,210

the area because of the UFO well I

795

00:45:24,060 --> 00:45:20,530

believe that because they were just

796

00:45:29,760 --> 00:45:24,070

terrified and they thought they might be

797

00:45:33,750 --> 00:45:29,770

burning and I mean it was a real bright

798

00:45:37,080 --> 00:45:33,760

light right over and I guess they heard

799

00:45:38,370 --> 00:45:37,090

hum like a transformer - they he was

800

00:45:40,710 --> 00:45:38,380

described in stuff

801  
00:45:44,580 --> 00:45:40,720  
petrified and he was free couldn't even

802  
00:45:48,420 --> 00:45:44,590  
move and then he moved and then they

803  
00:45:51,150 --> 00:45:48,430  
both ran for the card so it was a pretty

804  
00:45:54,780 --> 00:45:51,160  
traumatic experience right in the

805  
00:45:56,460 --> 00:45:54,790  
beginning and so from Portage County I'm

806  
00:45:58,650 --> 00:45:56,470  
not sure exactly how far they kept

807  
00:46:00,870 --> 00:45:58,660  
following the object into Pennsylvania

808  
00:46:05,370 --> 00:46:00,880  
but that that's probably the better part

809  
00:46:07,230 --> 00:46:05,380  
of a even at high speeds at least 45

810  
00:46:10,290 --> 00:46:07,240  
minutes to an hour chase that they were

811  
00:46:13,680 --> 00:46:10,300  
following this but was a lot more

812  
00:46:16,410 --> 00:46:13,690  
complex than that because the UFO

813  
00:46:18,900 --> 00:46:16,420

apparently was interactive and they

814

00:46:21,990 --> 00:46:18,910

reported several times of when it went

815

00:46:24,090 --> 00:46:22,000

over a city it would rise up and go over

816

00:46:27,090 --> 00:46:24,100

then come back down and they also

817

00:46:32,630 --> 00:46:27,100

reported that when they got delayed at

818

00:46:41,280 --> 00:46:39,210

mean it was interactive and they

819

00:46:43,560 --> 00:46:41,290

followed it through several roads but

820

00:46:45,780 --> 00:46:43,570

they were on the police radio the whole

821

00:46:49,470 --> 00:46:45,790

time and there were a whole lot of other

822

00:46:53,910 --> 00:46:49,480

witnesses including policemen that also

823

00:46:57,900 --> 00:46:53,920

sought and they also with several

824

00:47:03,510 --> 00:46:57,910

airports there are newspaper articles

825

00:47:08,850 --> 00:47:03,520

that people had watched jets things

826

00:47:11,820 --> 00:47:08,860

scrambled to chase it the Air Force

827

00:47:15,660 --> 00:47:11,830

never admitted that but people saw it I

828

00:47:18,780 --> 00:47:15,670

mean when was youngstown airbase airport

829

00:47:21,630 --> 00:47:18,790

yeah get the scrambled it the thing only

830

00:47:26,610 --> 00:47:21,640

went about 100 miles an hour so they

831

00:47:32,060 --> 00:47:26,620

couldn't follow it with jets and because

832

00:47:34,890 --> 00:47:32,070

of its speed it was pretty slow and

833

00:47:40,470 --> 00:47:34,900

there were a number of other policemen

834

00:47:44,160 --> 00:47:40,480

joining the chase - and they also saw

835

00:47:50,750 --> 00:47:44,170

the moon and Venus at the same time they

836

00:47:55,830 --> 00:47:52,530

the air traffic

837

00:48:05,060 --> 00:47:55,840

controller confirmed that an object was

838

00:48:14,550 --> 00:48:09,210

chatter on this police radio about just

839

00:48:21,240 --> 00:48:14,560

being scrambled and so this was just an

840

00:48:22,130 --> 00:48:21,250

amazing sighting that was I'm sorry I

841

00:48:25,350 --> 00:48:22,140

keep going

842

00:48:33,210 --> 00:48:25,360

well they thought that the object was

843

00:48:37,250 --> 00:48:33,220

modern monitoring their radio calls to

844

00:48:40,680 --> 00:48:37,260

their office and in one place they said

845

00:48:42,510 --> 00:48:40,690

they started talking about fighter

846

00:48:48,740 --> 00:48:42,520

planes and just like that the UFO just

847

00:48:51,810 --> 00:48:48,750

shot up when it stood back a lot of

848

00:48:56,240 --> 00:48:51,820

interaction there actually but it turned

849

00:48:58,440 --> 00:48:56,250

out really bad because the Air Force

850

00:49:01,410 --> 00:48:58,450

said that they hadn't seen anything

851  
00:49:03,180 --> 00:49:01,420  
they'd seen Venus and they chased it

852  
00:49:06,300 --> 00:49:03,190  
through all this

853  
00:49:07,830 --> 00:49:06,310  
like you said many many miles with

854  
00:49:10,680 --> 00:49:07,840  
different policemen and everything else

855  
00:49:16,830 --> 00:49:10,690  
but the project Bluebook hadn't said

856  
00:49:18,870 --> 00:49:16,840  
well you sold Venus for their lives and

857  
00:49:23,850 --> 00:49:18,880  
it just ruined their lives everybody

858  
00:49:26,430 --> 00:49:23,860  
that was connected with it now another

859  
00:49:30,780 --> 00:49:26,440  
case that I'm sorry keep going yeah if

860  
00:49:33,300 --> 00:49:30,790  
you have more that decree okay now

861  
00:49:35,640 --> 00:49:33,310  
another big case that took place in Ohio

862  
00:49:38,310 --> 00:49:35,650  
a very famous case was the the coin

863  
00:49:40,650 --> 00:49:38,320

helicopter case involving a National

864

00:49:43,530 --> 00:49:40,660

Guard helicopter piloted by Lawrence

865

00:49:46,320 --> 00:49:43,540

coin and he had an interaction with the

866

00:49:48,600 --> 00:49:46,330

UFO that was also witnessed by civilians

867

00:49:50,250 --> 00:49:48,610

on the ground and you've taken a closer

868

00:49:51,950 --> 00:49:50,260

look at that case as well can you tell

869

00:50:04,980 --> 00:49:51,960

us about that

870

00:50:06,120 --> 00:50:04,990

yeah the coin they were on their way

871

00:50:07,770 --> 00:50:06,130

from

872

00:50:11,280 --> 00:50:07,780

poor Thomas through the Cleveland

873

00:50:13,500 --> 00:50:11,290

International Airport and just flying

874

00:50:16,680 --> 00:50:13,510

around their helicopter I think it was

875

00:50:20,790 --> 00:50:16,690

really late at night and it was in 1973

876

00:50:26,220 --> 00:50:20,800

which was wearing a flak with Rutledge

877

00:50:35,100 --> 00:50:26,230

also had studied the UFOs there was a

878

00:50:37,320 --> 00:50:35,110

big flap at that time the the first you

879

00:50:39,260 --> 00:50:37,330

saw this light out and he didn't pay too

880

00:50:41,490 --> 00:50:39,270

much attention to it thought it was yes

881

00:50:49,320 --> 00:50:41,500

but then they noticed it was coming

882

00:50:50,700 --> 00:50:49,330

toward him real fast and then they

883

00:50:54,350 --> 00:50:50,710

thought they were going to crash and

884

00:50:57,360 --> 00:50:54,360

they put the coin put it into a dive and

885

00:51:01,070 --> 00:50:57,370

the object hovered right above them it

886

00:51:04,020 --> 00:51:01,080

was a big object I mean they could see a

887

00:51:08,580 --> 00:51:04,030

very vaguely she had dome with windows

888

00:51:11,160 --> 00:51:08,590

and things that had lights on a red

889

00:51:15,300 --> 00:51:11,170

light and I quite like in a green light

890

00:51:17,700 --> 00:51:15,310

and they see the thing stopped right

891

00:51:20,060 --> 00:51:17,710

above them it wasn't for very long but

892

00:51:22,860 --> 00:51:20,070

it certainly wasn't a meteor and I heard

893

00:51:26,790 --> 00:51:22,870

I was at a radio station listening with

894

00:51:29,190 --> 00:51:26,800

somebody the baby bunker and they do

895

00:51:31,980 --> 00:51:29,200

bunker said oh that's a meteorite well I

896

00:51:34,590 --> 00:51:31,990

mean a meteor but it wasn't because its

897

00:51:36,840 --> 00:51:34,600

hovered over them if nothing very long

898

00:51:42,140 --> 00:51:36,850

but its hovered over and it also changed

899

00:51:46,770 --> 00:51:42,150

course and the object show shined a

900

00:51:54,150 --> 00:51:46,780

green light down on well it was hovering

901  
00:52:00,420 --> 00:51:54,160  
over him and the light shining of the

902  
00:52:03,990 --> 00:52:00,430  
cabin it turned the whole cavity green

903  
00:52:13,830 --> 00:52:04,000  
and they said hit him directly in the

904  
00:52:15,780 --> 00:52:13,840  
face and so what happened then was it

905  
00:52:17,310 --> 00:52:15,790  
think about that we're innocent

906  
00:52:18,850 --> 00:52:17,320  
in those days and they were about to hit

907  
00:52:21,970 --> 00:52:18,860  
the ground and they

908  
00:52:24,640 --> 00:52:21,980  
they discovered their way up the air so

909  
00:52:28,300 --> 00:52:24,650  
that this beam not only was something

910  
00:52:31,390 --> 00:52:28,310  
they saw but it was also seemed to be

911  
00:52:34,060 --> 00:52:31,400  
someone tractor being cause they're not

912  
00:52:36,430 --> 00:52:34,070  
the crashing of the ground it was a very

913  
00:52:38,650 --> 00:52:36,440

very bright beam because people even saw

914

00:52:43,360 --> 00:52:38,660

it on ground it lit up the ground below

915

00:52:46,780 --> 00:52:43,370

it and there was

916

00:52:48,790 --> 00:52:46,790

I'm sorry keep going know what no no

917

00:52:50,920 --> 00:52:48,800

well yeah I was also gonna say there was

918

00:52:52,600 --> 00:52:50,930

I there was quite a few ground witnesses

919

00:52:56,650 --> 00:52:52,610

to this incident as well it wasn't just

920

00:52:59,170 --> 00:52:56,660

the guys in the helicopter yeah and the

921

00:53:01,300 --> 00:52:59,180

ground witnesses saw the direction

922

00:53:03,760 --> 00:53:01,310

everything was going to so it was the

923

00:53:06,100 --> 00:53:03,770

people in the helicopter thinking it had

924

00:53:07,570 --> 00:53:06,110

stopped over him and changed course and

925

00:53:12,490 --> 00:53:07,580

things with people on the ground so that

926

00:53:16,050 --> 00:53:12,500

- and I go into this a little more in my

927

00:53:20,440 --> 00:53:16,060

new book - but they said that the

928

00:53:23,160 --> 00:53:20,450

magnetic compass was rotating those four

929

00:53:26,500 --> 00:53:23,170

times per minute and the altimeter

930

00:53:28,320 --> 00:53:26,510

certainly read way up where they

931

00:53:32,280 --> 00:53:28,330

something with nose-diving

932

00:53:34,720 --> 00:53:32,290

which they would be hard to explain but

933

00:53:37,360 --> 00:53:34,730

you'd think that maybe there was

934

00:53:41,220 --> 00:53:37,370

something in the beam it was throwing

935

00:53:44,260 --> 00:53:41,230

off their compass or something and I

936

00:53:46,930 --> 00:53:44,270

interviewed a electrician about that and

937

00:53:49,810 --> 00:53:46,940

that's when my new book - what do you

938

00:53:52,120 --> 00:53:49,820

had to say about got it so you've got

939

00:53:54,640 --> 00:53:52,130

the you've got the the book that's

940

00:53:57,700 --> 00:53:54,650

already out the one that I read UFOs

941

00:54:00,400 --> 00:53:57,710

today 70 years of lies misinformation

942

00:54:04,180 --> 00:54:00,410

and government cover-up tell us about

943

00:54:13,390 --> 00:54:04,190

that the new book that's coming out well

944

00:54:16,990 --> 00:54:13,400

my new book is it is to refute the

945

00:54:21,340 --> 00:54:17,000

general idea the general idea that's

946

00:54:25,120 --> 00:54:21,350

used to attack UFOs is it's not accepted

947

00:54:27,640 --> 00:54:25,130

by science no scientist ever see UFOs

948

00:54:30,460 --> 00:54:27,650

and there's nothing about it in the

949

00:54:32,600 --> 00:54:30,470

scientific literature and that's what

950

00:54:36,680 --> 00:54:32,610

they used to refute us

951  
00:54:41,270 --> 00:54:36,690  
Oh phenomena ever since it started what

952  
00:54:45,260 --> 00:54:41,280  
my do book is about is reasons for the

953  
00:54:48,460 --> 00:54:45,270  
receiving this and it's somewhat

954  
00:54:51,110 --> 00:54:48,470  
personal and this is because I have

955  
00:54:53,540 --> 00:54:51,120  
psychic training I've been a professor

956  
00:54:56,630 --> 00:54:53,550  
and have a PhD and everything so I could

957  
00:55:00,490 --> 00:54:56,640  
say you know I have second training work

958  
00:55:06,980 --> 00:55:00,500  
in sight well I've also had UFO

959  
00:55:11,870 --> 00:55:06,990  
experiences too and with other people

960  
00:55:17,120 --> 00:55:11,880  
and so I covered that in my book but I

961  
00:55:19,250 --> 00:55:17,130  
also recorded some of the information to

962  
00:55:22,160 --> 00:55:19,260  
the scientific literature I submitted it

963  
00:55:24,230 --> 00:55:22,170

to thinking journals and it was accepted

964

00:55:26,120 --> 00:55:24,240

and published and so when they said

965

00:55:29,540 --> 00:55:26,130

there's nothing in peer-reviewed

966

00:55:31,700 --> 00:55:29,550

scientific journals about UFOs well

967

00:55:38,330 --> 00:55:31,710

there is because I put some in and I

968

00:55:41,600 --> 00:55:38,340

show the papers in a nice look one

969

00:55:45,980 --> 00:55:41,610

interesting thing was when I was working

970

00:55:52,640 --> 00:55:45,990

for the DIA what caused me to originally

971

00:55:54,470 --> 00:55:52,650

bring up the subject of UFOs was that my

972

00:55:58,280 --> 00:55:54,480

sister and I had just had an experience

973

00:56:00,320 --> 00:55:58,290

with him and they always say just crazy

974

00:56:02,840 --> 00:56:00,330

people see UFOs you have to be a lunatic

975

00:56:05,180 --> 00:56:02,850

you have to escape from them silent

976

00:56:09,980 --> 00:56:05,190

things like that well I was working for

977

00:56:12,140 --> 00:56:09,990

the DIA I had a PhD level job and I had

978

00:56:15,440 --> 00:56:12,150

high security clearances that take years

979

00:56:19,490 --> 00:56:15,450

to get and I wasn't crazy or anything

980

00:56:24,500 --> 00:56:19,500

and my sister was going to post graduate

981

00:56:25,910 --> 00:56:24,510

work at Drew University and we just we

982

00:56:27,950 --> 00:56:25,920

weren't the last thing was thinking

983

00:56:30,980 --> 00:56:27,960

about rudolfo's but we just we were both

984

00:56:33,620 --> 00:56:30,990

on the East Coast and so we decide to go

985

00:56:36,320 --> 00:56:33,630

up and see the New England state I was

986

00:56:39,530 --> 00:56:36,330

in Washington DC and she was in Madison

987

00:56:42,230 --> 00:56:39,540

New Jersey and so I took some co-workers

988

00:56:43,730 --> 00:56:42,240

with me and went to Madison New Jersey

989

00:56:46,220 --> 00:56:43,740  
and took pictures of her and the

990

00:56:49,790 --> 00:56:46,230  
co-workers and everything by her dorm

991

00:56:52,250 --> 00:56:49,800  
and then we left and 1c Boston and so he

992

00:56:55,040 --> 00:56:52,260  
grew up the Boston well we got there and

993

00:56:57,380 --> 00:56:55,050  
it was still daylight and so we decided

994

00:56:59,900 --> 00:56:57,390  
to just go up and see more of the New

995

00:57:02,480 --> 00:56:59,910  
England states and we way around the

996

00:57:06,740 --> 00:57:02,490  
outer belt of Boston which in that time

997

00:57:10,190 --> 00:57:06,750  
was Route 128 and then we went on round

998

00:57:12,800 --> 00:57:10,200  
three up in the New Hampshire well I

999

00:57:17,650 --> 00:57:12,810  
found out later that we were in the area

1000

00:57:21,319 --> 00:57:17,660  
where some of the Betty and Barney Hill

1001  
00:57:23,710 --> 00:57:21,329  
observation experience took place and we

1002  
00:57:27,890 --> 00:57:23,720  
didn't know that then and we came back

1003  
00:57:30,920 --> 00:57:27,900  
to Boston and start looking for motels

1004  
00:57:35,210 --> 00:57:30,930  
we didn't find anything and this was

1005  
00:57:38,510 --> 00:57:35,220  
before it was in 1968 before cellphones

1006  
00:57:43,280 --> 00:57:38,520  
or anything and so we were coming out of

1007  
00:57:46,700 --> 00:57:43,290  
Boston I think it was on route 9 and my

1008  
00:57:48,920 --> 00:57:46,710  
sister kept looking to the south and we

1009  
00:57:51,130 --> 00:57:48,930  
saw this really funny thing we could see

1010  
00:57:54,410 --> 00:57:51,140  
airplanes going by that we're landing an

1011  
00:57:59,180 --> 00:57:54,420  
airport in the area but there was this

1012  
00:58:01,700 --> 00:57:59,190  
really funny thing also in the air it

1013  
00:58:03,829 --> 00:58:01,710

was a light it was blinking a lot

1014

00:58:05,690 --> 00:58:03,839

differently than a strobe light or

1015

00:58:07,790 --> 00:58:05,700

anything we didn't see any other lights

1016

00:58:12,620 --> 00:58:07,800

on it it seemed to be following the

1017

00:58:14,960 --> 00:58:12,630

freeway very low and my sister kept

1018

00:58:17,660 --> 00:58:14,970

saying look at that that's different

1019

00:58:19,190 --> 00:58:17,670

apparently she said I didn't notice it

1020

00:58:20,990 --> 00:58:19,200

because I was driving she said it would

1021

00:58:23,329 --> 00:58:21,000

be one place and then it just be another

1022

00:58:25,040 --> 00:58:23,339

place and you couldn't even see it going

1023

00:58:26,569 --> 00:58:25,050

from one place to another but it was

1024

00:58:33,200 --> 00:58:26,579

very distinctive so you couldn't miss

1025

00:58:35,180 --> 00:58:33,210

what it was and so we hadn't been

1026

00:58:37,900 --> 00:58:35,190

allowed to talk about UFOs one of the

1027

00:58:40,880 --> 00:58:37,910

kids although we probably had a sighting

1028

00:58:43,490 --> 00:58:40,890

when we were younger and I mentioned

1029

00:58:45,109 --> 00:58:43,500

that to her and she said she'd had a

1030

00:58:46,160 --> 00:58:45,119

sighting too and we never talked about

1031

00:58:48,620 --> 00:58:46,170

that before

1032

00:58:54,800 --> 00:58:48,630

far we were on the road looking this

1033

00:58:57,589 --> 00:58:54,810

thing so we went down 95 and we just had

1034

00:58:59,330 --> 00:58:57,599

a bunch of really weird experiences it

1035

00:59:01,190 --> 00:58:59,340

couldn't believe

1036

00:59:06,980 --> 00:59:01,200

and so that's why I brought up the

1037

00:59:09,980 --> 00:59:06,990

subject of UFOs at work so anyway I go

1038

00:59:14,030 --> 00:59:09,990

into detail about what happened to us in

1039

00:59:16,790 --> 00:59:14,040

the book in my new book got it okay

1040

00:59:19,850 --> 00:59:16,800

now getting back to the the book that's

1041

00:59:24,620 --> 00:59:19,860

out now UFOs today you also worked at

1042

00:59:27,650 --> 00:59:24,630

Ohio State and know Jerry we are aiming

1043

00:59:30,140 --> 00:59:27,660

the the famous a WoW signal a scientist

1044

00:59:33,170 --> 00:59:30,150

at least a little bit can you tell us

1045

00:59:35,030 --> 00:59:33,180

about your interactions with him and did

1046

00:59:37,640 --> 00:59:35,040

he tell you anything that might give you

1047

00:59:45,560 --> 00:59:37,650

our listeners some additional insight

1048

00:59:59,360 --> 00:59:45,570

into that odd incident yeah there was

1049

01:00:04,670 --> 00:59:59,370

recently a exhibition at the Museum the

1050

01:00:09,920 --> 01:00:04,680

work at the big-eared telescope and

1051  
01:00:14,120 --> 01:00:09,930  
that's where Jerry Eamon worked and so I

1052  
01:00:17,630 --> 01:00:14,130  
got to see him very recently and I took

1053  
01:00:22,010 --> 01:00:17,640  
pictures of him and Bob Dixon who was

1054  
01:00:24,440 --> 01:00:22,020  
ran the telescope it was a director and

1055  
01:00:29,810 --> 01:00:24,450  
put him on Facebook and they're on

1056  
01:00:31,040 --> 01:00:29,820  
Facebook November the 13th 2017 on my

1057  
01:00:36,220 --> 01:00:31,050  
Facebook page

1058  
01:00:43,990 --> 01:00:39,320  
this was a WoW signal and it may be the

1059  
01:00:48,620 --> 01:00:44,000  
only communication ever made with et

1060  
01:00:52,070 --> 01:00:48,630  
it's never been reproduced I worked at

1061  
01:00:55,130 --> 01:00:52,080  
the telescope and what they were doing

1062  
01:00:58,310 --> 01:00:55,140  
is setting searching for

1063  
01:01:00,770 --> 01:00:58,320

extraterrestrial signals but before that

1064

01:01:03,290 --> 01:01:00,780

they'd also it was a it's a radio

1065

01:01:07,910 --> 01:01:03,300

telescope and they were also doing a Sky

1066

01:01:14,190 --> 01:01:07,920

Survey for to make a map of radio

1067

01:01:22,329 --> 01:01:19,180

and it was during the city they were

1068

01:01:23,859 --> 01:01:22,339

clearly found me where he found the well

1069

01:01:25,870 --> 01:01:23,869

signal and the reason it's called the

1070

01:01:27,759 --> 01:01:25,880

Wow thing it was because it was very

1071

01:01:29,289 --> 01:01:27,769

very strong it was just things were

1072

01:01:33,329 --> 01:01:29,299

going around normal suddenly this huge

1073

01:01:36,490 --> 01:01:33,339

signal came in and it had the right

1074

01:01:42,250 --> 01:01:36,500

format for something that was actually

1075

01:01:45,750 --> 01:01:42,260

out there in space the telescope was it

1076

01:01:51,339 --> 01:01:45,760

had a big screen on one side and it so

1077

01:01:54,279 --> 01:01:51,349

the the signals into another area where

1078

01:01:57,370 --> 01:01:54,289

they worked on electronically and got

1079

01:01:59,680 --> 01:01:57,380

the signals so it's a it's different

1080

01:02:02,620 --> 01:01:59,690

telescope because they had this it

1081

01:02:04,990 --> 01:02:02,630

didn't move like the round telescopes

1082

01:02:08,559 --> 01:02:05,000

they have now it had to it use the

1083

01:02:12,190 --> 01:02:08,569

Earth's movement to survey parts of the

1084

01:02:16,269 --> 01:02:12,200

sky and so it was a different framework

1085

01:02:19,630 --> 01:02:16,279

that they could tell by the trace of the

1086

01:02:24,009 --> 01:02:19,640

of the way the signal came in whether it

1087

01:02:26,140 --> 01:02:24,019

was just something normal or something a

1088

01:02:31,630 --> 01:02:26,150

normal this was definitely I'd normal I

1089

01:02:34,539 --> 01:02:31,640

worked on it looking for an Egypt

1090

01:02:36,910 --> 01:02:34,549

sources and things and I didn't find

1091

01:02:38,920 --> 01:02:36,920

anything of what I lost but you can see

1092

01:02:46,569 --> 01:02:38,930

where the Sun was going through and

1093

01:02:51,460 --> 01:02:46,579

things like that was it and so I was

1094

01:02:55,120 --> 01:02:51,470

talking to him recently and I was it was

1095

01:02:57,630 --> 01:02:55,130

pretty neat because they had to display

1096

01:03:01,720 --> 01:02:57,640

it was the Ohio Historical Society and

1097

01:03:03,519 --> 01:03:01,730

they gave us they were giving they

1098

01:03:06,960 --> 01:03:03,529

hadn't they were made a well single

1099

01:03:10,029 --> 01:03:06,970

documentary if this was a premiere and

1100

01:03:13,359 --> 01:03:10,039

what was interesting to me was that I

1101

01:03:16,839 --> 01:03:13,369

got a message for an astronomer it says

1102

01:03:23,109 --> 01:03:16,849

when my your ho books was on display at

1103

01:03:25,509 --> 01:03:23,119

the it was in their display that they

1104

01:03:30,309 --> 01:03:25,519

put up those priests I thought that

1105

01:03:33,459 --> 01:03:30,319

pretty cool and the signal has never

1106

01:03:35,529 --> 01:03:33,469

been explained there's been some

1107

01:03:38,019 --> 01:03:35,539

explanations that don't make too much

1108

01:03:42,699 --> 01:03:38,029

sense but they don't figure out anything

1109

01:03:44,589 --> 01:03:42,709

or reproduce God okay he's he's

1110

01:03:46,809 --> 01:03:44,599

still pretty pretty proud of himself for

1111

01:03:47,499 --> 01:03:46,819

having founded then I assume after all

1112

01:03:49,870 --> 01:03:47,509

these years

1113

01:03:52,569 --> 01:03:49,880

wait he looks really good I put a

1114

01:03:55,539 --> 01:03:52,579

picture of him on night I should if I

1115

01:03:57,189 --> 01:03:55,549

had time I would have it to you yeah

1116

01:03:59,259 --> 01:03:57,199

yeah I definitely would have included

1117

01:04:01,059 --> 01:03:59,269

that in our slideshow but one thing we

1118

01:04:03,069 --> 01:04:01,069

do have on it you're probably not able

1119

01:04:05,079 --> 01:04:03,079

to see it on your end but we've got a

1120

01:04:10,149 --> 01:04:05,089

lot of the illustrations from your

1121

01:04:12,099 --> 01:04:10,159

current book and the illustration work

1122

01:04:14,319 --> 01:04:12,109

that was done for that book is nothing

1123

01:04:16,209 --> 01:04:14,329

short of fantastic it's not only a

1124

01:04:18,279 --> 01:04:16,219

really good book in terms of covering

1125

01:04:20,499 --> 01:04:18,289

literally everything that's at come up

1126

01:04:22,659 --> 01:04:20,509

in the UFO field over the last 70 years

1127

01:04:25,089 --> 01:04:22,669

but also your personal insights and

1128

01:04:27,549 --> 01:04:25,099

personal experiences as well so it's a

1129

01:04:29,349 --> 01:04:27,559

terrific book I don't buy that many UFO

1130

01:04:30,969 --> 01:04:29,359

books but I bought yours it was well

1131

01:04:39,039 --> 01:04:30,979

worth the price so I strongly recommend

1132

01:04:42,159 --> 01:04:39,049

it thank you very much and one not one

1133

01:04:44,589 --> 01:04:42,169

little personal aside here I exchanged

1134

01:04:46,809 --> 01:04:44,599

emails with Tony Berg Elia this morning

1135

01:04:51,189 --> 01:04:46,819

and mentioned that we're gonna be on the

1136

01:04:53,019 --> 01:04:51,199

show today and he says to say hello well

1137

01:04:56,039 --> 01:04:53,029

say hello to him - I haven't talked to

1138

01:04:59,049 --> 01:04:56,049

him for a while he did the work on the

1139

01:05:00,699 --> 01:04:59,059

memory metal he did he did he's done a

1140

01:05:02,139 --> 01:05:00,709

lot of work in that area I'm still

1141

01:05:04,089 --> 01:05:02,149

trying to get him to come on the show

1142

01:05:06,159 --> 01:05:04,099

but he he doesn't like doing interviews

1143

01:05:09,929 --> 01:05:06,169

too much not even for me I can't figure

1144

01:05:12,069 --> 01:05:09,939

it out one of these days I'll get him

1145

01:05:15,219 --> 01:05:12,079

well he did a lot of really good

1146

01:05:18,699 --> 01:05:15,229

research in the Battelle and memory

1147

01:05:20,379 --> 01:05:18,709

metal and night phenomenal that he did

1148

01:05:22,719 --> 01:05:20,389

when I first started getting seriously

1149

01:05:25,959 --> 01:05:22,729

into this subject myself not quite a

1150

01:05:28,599 --> 01:05:25,969

decade ago now it was his early on and

1151

01:05:31,269 --> 01:05:28,609

we'd be we'd become friends since then

1152

01:05:35,079 --> 01:05:31,279

and he's still doing good work he still

1153

01:05:38,139 --> 01:05:35,089

is okay I just to wrap up here on my end

1154

01:05:38,920 --> 01:05:38,149

one really interesting anecdote that

1155

01:05:41,170 --> 01:05:38,930

there you have in you

1156

01:05:44,650 --> 01:05:41,180

book that I'd never heard before was

1157

01:05:46,480 --> 01:05:44,660

related to Cordell Hull who was at one

1158

01:05:49,930 --> 01:05:46,490

time the secretary of state of the

1159

01:05:54,190 --> 01:05:49,940

United States during the 1940s also a

1160

01:05:57,520 --> 01:05:54,200

Nobel Prize Peace Prize winner in the

1161

01:06:01,599 --> 01:05:57,530

book you have an anecdote where Cordell

1162

01:06:05,260 --> 01:06:01,609

halwa showed someone actual alien bodies

1163

01:06:09,160 --> 01:06:05,270

that were located and they said that

1164

01:06:10,630 --> 01:06:09,170

Hull showed them these alien bodies can

1165

01:06:14,440 --> 01:06:10,640

you go into a little bit of detail about

1166

01:06:17,309 --> 01:06:14,450

that story yes he was a very prominent

1167

01:06:21,720 --> 01:06:17,319

person he received the Nobel Prize in

1168

01:06:26,799 --> 01:06:21,730

1945 and Roosevelt was asking to run his

1169

01:06:33,940 --> 01:06:26,809

vice-president but he didn't do it so

1170

01:06:39,940 --> 01:06:33,950

this is a very high on the echelons of

1171

01:06:45,990 --> 01:06:39,950

government and Bill Jones who I work

1172

01:07:01,270 --> 01:06:46,000

with and I went to interview people his

1173

01:07:03,549 --> 01:07:01,280

old cousin was a reverend hope and we

1174

01:07:09,930 --> 01:07:03,559

got the information from Pope's two

1175

01:07:13,809 --> 01:07:09,940

daughters we interviewed them in 1999

1176

01:07:16,690 --> 01:07:13,819

bill wrote it up and he rose up with one

1177

01:07:19,059 --> 01:07:16,700

of the daughters and my name is just you

1178

01:07:20,410 --> 01:07:19,069

know but I'm done an altar of it and I

1179

01:07:24,579 --> 01:07:20,420

think it was a very first interview

1180

01:07:29,109 --> 01:07:24,589

anybody done receipt about this case we

1181

01:07:31,870 --> 01:07:29,119

went to see him in the house of one of

1182

01:07:35,140 --> 01:07:31,880

daughters and she had pictures and

1183

01:07:38,980 --> 01:07:35,150

things and pulled out his sister but the

1184

01:07:43,000 --> 01:07:38,990

story was is that her father was the

1185

01:07:45,910 --> 01:07:43,010

cousin of home and that one time he was

1186

01:07:49,960 --> 01:07:45,920

visiting Washington and Hall took him

1187

01:07:53,339 --> 01:07:49,970

into a chamber which was under the White

1188

01:08:04,589 --> 01:08:02,130

and show them in shooting this this trap

1189

01:08:07,170 --> 01:08:04,599

sort of with a real funny coloring

1190

01:08:13,980 --> 01:08:07,180

everything and bodies that were in

1191

01:08:14,700 --> 01:08:13,990

formaldehyde in jars and this was way

1192

01:08:21,180 --> 01:08:14,710

back it

1193

01:08:23,700 --> 01:08:21,190

the daughters thought it was 1939 which

1194

01:08:32,940 --> 01:08:23,710

was quite a bit before you have the

1195

01:08:36,870 --> 01:08:32,950

modern age of UFOs right and so we

1196

01:08:39,809 --> 01:08:36,880

investigated some such as sci-fi up with

1197

01:08:41,760 --> 01:08:39,819

unwritten White House I mean the Capitol

1198

01:08:44,820 --> 01:08:41,770

and I think there are chambers of the

1199

01:08:47,970 --> 01:08:44,830

Capitol but back then that might have

1200

01:08:51,360 --> 01:08:47,980

been where they kept the most secured

1201

01:08:55,499 --> 01:08:51,370

things they had might gather the Capitol

1202

01:08:57,840 --> 01:08:55,509

and so there's no way to prove it but

1203

01:09:01,590 --> 01:08:57,850

book the sisters and in words their

1204

01:09:07,050 --> 01:09:01,600

father is telling about it it also was

1205

01:09:10,709 --> 01:09:07,060

interesting because whole new Roosevelt

1206

01:09:15,300 --> 01:09:10,719

and about the time of the formation of

1207

01:09:19,019 --> 01:09:15,310

the United Nations this would kind of

1208

01:09:21,539 --> 01:09:19,029

appeared and some other people I kind of

1209

01:09:26,459 --> 01:09:21,549

wondered if finding out maybe that

1210

01:09:28,590 --> 01:09:26,469

there's UFOs and other black lines I've

1211

01:09:34,499 --> 01:09:28,600

had something to do with forming the

1212

01:09:35,249 --> 01:09:34,509

United Nations got it well uh James are

1213

01:09:37,559 --> 01:09:35,259

you still with us

1214

01:09:40,370 --> 01:09:37,569

yeah I'm clear okay I do you have

1215

01:09:43,229 --> 01:09:40,380

anything for dr. Scott before we wrap up

1216

01:09:44,039 --> 01:09:43,239

no she touched uh on on most of the

1217

01:09:48,510 --> 01:09:44,049

stuff that I was thinking about it

1218

01:09:50,959 --> 01:09:48,520

anyways got it so uh yeah jam-packed

1219

01:09:54,440 --> 01:09:50,969

with information another fantastic show

1220

01:10:06,140 --> 01:09:54,450

dr. Scott do you have anything for us

1221

01:10:12,480 --> 01:10:08,570

scientific study of lifelong UFO

1222

01:10:15,720 --> 01:10:12,490

experiences and the basic idea is to

1223

01:10:19,080 --> 01:10:15,730

refute the idea that science doesn't

1224

01:10:21,450 --> 01:10:19,090

have anything to do with UFOs got it

1225

01:10:25,170 --> 01:10:21,460

okay well thanks for joining us dr.

1226

01:10:27,540 --> 01:10:25,180

Scott again another show jam-packed

1227

01:10:30,360 --> 01:10:27,550

filled with fascinating information that

1228

01:10:33,720 --> 01:10:30,370

is not commonly known about the UFO

1229

01:10:36,990 --> 01:10:33,730

subject thanks again and you have a

1230

01:10:39,810 --> 01:10:37,000

great day well you do thank you very

1231

01:10:41,190 --> 01:10:39,820

much for having me no problem and when

1232

01:10:45,600 --> 01:10:41,200

your new book comes out we'll be happy

1233

01:10:47,730 --> 01:10:45,610

to have you on again great okay thank

1234

01:10:50,430 --> 01:10:47,740

you and don't forget about the book

1235

01:10:52,800 --> 01:10:50,440

that's available now that is hang on a

1236

01:10:56,820 --> 01:10:52,810

sec let me get back to the screen shot

1237

01:10:59,450 --> 01:10:56,830

of that UFOs today 70 years of lies

1238

01:11:03,320 --> 01:10:59,460

misinformation and government cover-up

1239

01:11:07,260 --> 01:11:03,330

available at Amazon very easy to find

1240

01:11:09,620 --> 01:11:07,270

and I in this like go through the

1241

01:11:14,370 --> 01:11:09,630

cover-up from the very beginnings of

1242

01:11:17,460 --> 01:11:14,380

ufology up to the day so and the

1243

01:11:19,200 --> 01:11:17,470

pictures are also great yeah and the

1244

01:11:21,180 --> 01:11:19,210

illustrations are Fanta was really

1245

01:11:23,220 --> 01:11:21,190

surprised it's a lot more book than I

1246

01:11:24,420 --> 01:11:23,230

was expecting when I got it I am was

1247

01:11:26,040 --> 01:11:24,430

kind of thinking I was going to be able

1248

01:11:27,600 --> 01:11:26,050

to buzz through it pretty quick but

1249

01:11:31,770 --> 01:11:27,610

that's not been the case I've had it I

1250

01:11:32,970 --> 01:11:31,780

think for about a month now and I've

1251

01:11:35,010 --> 01:11:32,980

gotten through most of it I still

1252

01:11:37,230 --> 01:11:35,020

haven't gotten through all of it but at

1253

01:11:38,670 --> 01:11:37,240

least I was able to find some new and

1254

01:11:42,300 --> 01:11:38,680

exciting stuff that I could ask you

1255

01:11:43,740 --> 01:11:42,310

about and I would think that a lot of

1256

01:11:45,150 --> 01:11:43,750

it's going to be new information for a

1257

01:11:47,550 --> 01:11:45,160

lot of people who are listening in

1258

01:11:49,950 --> 01:11:47,560

especially the Rutledge study which is

1259

01:11:53,940 --> 01:11:49,960

really fascinating stuff so I thanks

1260

01:11:59,130 --> 01:11:53,950

again dr. okay thank you thank you have

1261

01:12:03,030 --> 01:11:59,140

a great day you do too bye bye now take

1262

01:12:06,630 --> 01:12:03,040

care bye and James another successful

1263

01:12:08,850 --> 01:12:06,640

show in the book yeah I learned

1264

01:12:10,230 --> 01:12:08,860

definitely a lot of stuff and it's very

1265

01:12:13,080 --> 01:12:10,240

interesting how they had the connection

1266

01:12:14,850 --> 01:12:13,090

with the Rutledge study yeah I was

1267

01:12:16,650 --> 01:12:14,860

really surprised it's funny because I

1268

01:12:18,580 --> 01:12:16,660

was going to ask dr. Scott about that

1269

01:12:21,910 --> 01:12:18,590

and then

1270

01:12:24,940 --> 01:12:21,920

last night I see this this little

1271

01:12:27,040 --> 01:12:24,950

article from the the Bigelow a project

1272

01:12:28,870 --> 01:12:27,050

manager talking about essentially the

1273

01:12:32,080 --> 01:12:28,880

same kinds of things that the Rutledge

1274

01:12:35,140 --> 01:12:32,090

found almost 50 years ago now it's it's

1275

01:12:37,120 --> 01:12:35,150

it's like it's fascinating and the

1276

01:12:38,830 --> 01:12:37,130

connections are all over the place yet

1277

01:12:41,320 --> 01:12:38,840

that to a certain extent there's really

1278

01:12:44,740 --> 01:12:41,330

nothing new Under the Sun in terms of

1279

01:12:47,260 --> 01:12:44,750

UFOs this is a consistent well-known

1280

01:12:49,450 --> 01:12:47,270

phenomenon yeah and that's something I

1281

01:12:52,420 --> 01:12:49,460

think that um George a nap talks a lot

1282

01:12:54,280 --> 01:12:52,430

about and Jeremy Korbelt and especially

1283

01:12:56,560 --> 01:12:54,290

referring to the skinwalker ranch which

1284

01:12:59,560 --> 01:12:56,570

is probably where the bass studies were

1285

01:13:03,700 --> 01:12:59,570

taking place yep yep yep well next week

1286

01:13:07,360 --> 01:13:03,710

we've got coming up Stanton Friedman who

1287

01:13:10,270 --> 01:13:07,370

is probably if there was a Mount

1288

01:13:11,820 --> 01:13:10,280

Rushmore for UFO researchers his face

1289

01:13:14,470 --> 01:13:11,830

would probably be right up there with

1290

01:13:15,820 --> 01:13:14,480

with three others I don't know who the

1291

01:13:18,040 --> 01:13:15,830

three others would be I'd have to think

1292

01:13:20,230 --> 01:13:18,050

about it but he definitely be in there

1293

01:13:23,710 --> 01:13:20,240

yeah hi knit the big in there Jacques

1294

01:13:25,150 --> 01:13:23,720

Palais maybe that's the way and somebody

1295

01:13:27,010 --> 01:13:25,160

else we'd have to think about maybe

1296

01:13:29,050 --> 01:13:27,020

maybe Kehoe maybe Kehoe would be the

1297

01:13:31,240 --> 01:13:29,060

fourth Oh true I have to think about

1298

01:13:33,250 --> 01:13:31,250

that but yeah Stanton Friedman is gonna

1299

01:13:36,280 --> 01:13:33,260

be with us and we're gonna have is a

1300

01:13:38,140 --> 01:13:36,290

much fun if not more next week than we

1301

01:13:40,540 --> 01:13:38,150

did this week so you got anything else

1302

01:13:42,850 --> 01:13:40,550

for everybody James no it's just gonna

1303

01:13:44,440 --> 01:13:42,860

be our special birthday episode that's

1304

01:13:47,560 --> 01:13:44,450

right that's right their birthday is

1305

01:13:50,410 --> 01:13:47,570

next Saturday is it yeah may 12th

1306

01:13:51,520 --> 01:13:50,420

Saturday okay and mine will be the the

1307

01:13:54,390 --> 01:13:51,530

date that we have

1308

01:13:56,650 --> 01:13:54,400

Stanton Friedman on next May 13th so

1309

01:13:59,110 --> 01:13:56,660

everybody have a great rest of your day
