**JENNIFER STEIN ON THE TRAVIS WALTON DOCUMENTARY AND NEXT WEEKEND'S MUFON SYMPOSIUM.**

1  
00:00:03,889 --> 00:00:01,730  
so hopefully we can pick it back up I

2  
00:00:06,559 --> 00:00:03,899  
know we're live on the air I'm so sorry

3  
00:00:08,810 --> 00:00:06,569  
no no that's not you that's that's my

4  
00:00:11,150 --> 00:00:08,820  
internet service provider unfortunately

5  
00:00:13,339 --> 00:00:11,160  
and have you listened to enough podcasts

6  
00:00:15,680 --> 00:00:13,349  
over the years like I have that doesn't

7  
00:00:17,630 --> 00:00:15,690  
happen once in a while unfortunately but

8  
00:00:20,060 --> 00:00:17,640  
well maybe we've been messed with

9  
00:00:21,740 --> 00:00:20,070  
maybe I don't think that's the case it's

10  
00:00:24,560 --> 00:00:21,750  
just one of those things and it did

11  
00:00:26,120 --> 00:00:24,570  
happen so yeah my connection is not the

12  
00:00:28,700 --> 00:00:26,130  
greatest today for some reason or

13  
00:00:31,400 --> 00:00:28,710

another but okay that wasn't too bad

14

00:00:33,229 --> 00:00:31,410

we've had worse I we had grant Cameron

15

00:00:37,190 --> 00:00:33,239

on his computer crashed and that cost us

16

00:00:41,540 --> 00:00:37,200

about five minutes so but we're okay

17

00:00:43,639 --> 00:00:41,550

we're back on so we're good great let's

18

00:00:46,670 --> 00:00:43,649

see we were we're talking about hard

19

00:00:48,920 --> 00:00:46,680

science and UFOs that's right right and

20

00:00:52,400 --> 00:00:48,930

we got into that from the discussion of

21

00:00:55,549 --> 00:00:52,410

the whole Travis Walton story no it will

22

00:00:59,750 --> 00:00:55,559

actually have Travis and Limca ty in

23

00:01:02,119 --> 00:00:59,760

town they're coming in Tuesday night and

24

00:01:06,020 --> 00:01:02,129

so they're actually available all day

25

00:01:09,679 --> 00:01:06,030

Thursday to do any other press like in

26

00:01:11,539 --> 00:01:09,689

the Philadelphia area television or any

27

00:01:12,740 --> 00:01:11,549

you know if there's anyone who wants to

28

00:01:15,469 --> 00:01:12,750

speak with them we just thought well

29

00:01:16,999 --> 00:01:15,479

let's bring a few in early so that they

30

00:01:21,200 --> 00:01:17,009

can do something and you know the press

31

00:01:24,469 --> 00:01:21,210

is ignoring sent video link after video

32

00:01:26,870 --> 00:01:24,479

link of all sorts of Louisa Elizondo

33

00:01:31,219 --> 00:01:26,880

speaking Nick Pope speaking and Kathleen

34

00:01:34,370 --> 00:01:31,229

and and and and Travis and Lynne even

35

00:01:36,050 --> 00:01:34,380

some little clips of John Brandenburg do

36

00:01:37,760 --> 00:01:36,060

you think we can get an interest from

37

00:01:40,370 --> 00:01:37,770

the mainstream media in Philadelphia

38

00:01:42,800 --> 00:01:40,380

it's such a conservative town I'm like

39

00:01:45,350 --> 00:01:42,810

my goodness what why are they sleeping

40

00:01:47,990 --> 00:01:45,360

at the wheel you know that we're

41

00:01:50,210 --> 00:01:48,000

entertained to death today unfortunately

42

00:01:52,700 --> 00:01:50,220

people are entertained on their cell

43

00:01:54,880 --> 00:01:52,710

phones on their computers and you know

44

00:01:58,340 --> 00:01:54,890

they sit down in front of the TV and

45

00:02:00,260 --> 00:01:58,350

there's just media everywhere there's

46

00:02:03,440 --> 00:02:00,270

freaking media when you go to pump your

47

00:02:05,359 --> 00:02:03,450

gas think you would think I'll tell you

48

00:02:10,249 --> 00:02:05,369

what though I live in Bucks County

49

00:02:14,400 --> 00:02:10,259

so in lower bucks and MUFON is generally

50

00:02:16,750 --> 00:02:14,410

done a conference every fall

51  
00:02:19,510 --> 00:02:16,760  
and we're going to do one again this

52  
00:02:21,490 --> 00:02:19,520  
year okay the mufon PA people are doing

53  
00:02:25,450 --> 00:02:21,500  
another conference I think it'll be

54  
00:02:26,860 --> 00:02:25,460  
October 28th to 29th I can flip my

55  
00:02:30,610 --> 00:02:26,870  
calendar and see but it's usually the

56  
00:02:32,110 --> 00:02:30,620  
less usually around Halloween we won't

57  
00:02:33,850 --> 00:02:32,120  
be able to be there this year it's the

58  
00:02:35,920 --> 00:02:33,860  
26th and 27th

59  
00:02:37,690 --> 00:02:35,930  
it'll be Friday night in all day

60  
00:02:39,490 --> 00:02:37,700  
Saturday I don't think they're doing a

61  
00:02:40,900 --> 00:02:39,500  
Sunday program but I've been asked to

62  
00:02:43,210 --> 00:02:40,910  
speak in Albuquerque at on their

63  
00:02:46,449 --> 00:02:43,220

conference so unfortunately I will be

64

00:02:47,949 --> 00:02:46,459

away and will not be there I you know

65

00:02:50,050 --> 00:02:47,959

I've been watching that keeping my eye

66

00:02:52,270 --> 00:02:50,060

on that one for years and now generally

67

00:02:54,850 --> 00:02:52,280

yeah the local media does give that some

68

00:02:57,280 --> 00:02:54,860

coverage so I don't know why your larger

69

00:02:59,830 --> 00:02:57,290

event over in Cherry Hill is not getting

70

00:03:04,300 --> 00:02:59,840

that kind of attention at that strikes

71

00:03:07,360 --> 00:03:04,310

me as a little odd yes yes well I don't

72

00:03:12,150 --> 00:03:07,370

know either and it's not for not trying

73

00:03:15,460 --> 00:03:12,160

nice speakers have done huge amounts of

74

00:03:17,020 --> 00:03:15,470

internet radio in fact Louise Elizondo

75

00:03:20,650 --> 00:03:17,030

was on coast to coast

76

00:03:23,530 --> 00:03:20,660

so was Jan horizon-- this past week all

77

00:03:25,270 --> 00:03:23,540

of our speakers have done numerous

78

00:03:27,790 --> 00:03:25,280

internet radio shows at least all of

79

00:03:29,530 --> 00:03:27,800

them have done two or three internet

80

00:03:31,330 --> 00:03:29,540

radio shows in the last three months

81

00:03:34,810 --> 00:03:31,340

many of them have done four or five or

82

00:03:37,180 --> 00:03:34,820

six so the UFO community and those that

83

00:03:40,600 --> 00:03:37,190

listen to podcast are aware but the

84

00:03:43,300 --> 00:03:40,610

mainstream is just not getting the you

85

00:03:46,960 --> 00:03:43,310

know the information even Cheryl Costa

86

00:03:48,699 --> 00:03:46,970

who's a fabulous gal wrote an amazing

87

00:03:51,490 --> 00:03:48,709

book I hope you've had her on your show

88

00:03:53,590 --> 00:03:51,500

we'll get to her I know she's great

89

00:03:56,259 --> 00:03:53,600

she's great she's she and her partner

90

00:03:57,759 --> 00:03:56,269

are amazing statisticians and they

91

00:04:00,490 --> 00:03:57,769

decided to look at what the mainstream

92

00:04:03,070 --> 00:04:00,500

media was saying about UFO statistics

93

00:04:04,660 --> 00:04:03,080

saying oh you know nobody's talking

94

00:04:06,729 --> 00:04:04,670

about UFOs anymore they're not showing

95

00:04:08,860 --> 00:04:06,739

up anymore it must not be a real

96

00:04:11,050 --> 00:04:08,870

phenomenon so she went through and said

97

00:04:14,110 --> 00:04:11,060

wait a minute I'm going to actually look

98

00:04:16,420 --> 00:04:14,120

up that statistic in 2012 and see if

99

00:04:20,640 --> 00:04:16,430

they're right and in fact she found out

100

00:04:24,219 --> 00:04:20,650

no in fact UFO sightings are up like

101  
00:04:26,020 --> 00:04:24,229  
it's like I don't know 50 60 % so she

102  
00:04:26,730 --> 00:04:26,030  
started crunching the numbers and doing

103  
00:04:30,120 --> 00:04:26,740  
the stats

104  
00:04:31,170 --> 00:04:30,130  
not only muffins numbers on UFO

105  
00:04:33,960 --> 00:04:31,180  
Reporting Center

106  
00:04:35,760 --> 00:04:33,970  
Peter Davenport's organization and she

107  
00:04:37,980 --> 00:04:35,770  
got all of the numbers together and then

108  
00:04:39,480 --> 00:04:37,990  
compare them to historically back and

109  
00:04:41,850 --> 00:04:39,490  
she was like wow

110  
00:04:44,640 --> 00:04:41,860  
no there it's on the rise here are the

111  
00:04:50,219 --> 00:04:44,650  
biggest dates and then she did a cross

112  
00:04:52,080 --> 00:04:50,229  
charm where counties and cities all over

113  
00:04:54,749 --> 00:04:52,090

the United States on a map and then

114

00:04:56,490 --> 00:04:54,759

mapped what what the stats were for that

115

00:04:59,610 --> 00:04:56,500

particular area so you want to know

116

00:05:01,680 --> 00:04:59,620

anything about UFO sightings it's her

117

00:05:04,230 --> 00:05:01,690

and you know what she did she did

118

00:05:06,450 --> 00:05:04,240

something amazing god bless her she sent

119

00:05:09,290 --> 00:05:06,460

public service announcements to radio

120

00:05:11,430 --> 00:05:09,300

stations all throughout New Jersey in

121

00:05:13,279 --> 00:05:11,440

Philadelphia and Maryland and he's

122

00:05:16,770 --> 00:05:13,289

anywhere within a 50-mile radius

123

00:05:19,260 --> 00:05:16,780

offering them what their stats were for

124

00:05:21,360 --> 00:05:19,270

their particular county and jurisdiction

125

00:05:24,300 --> 00:05:21,370

and do you know they sent them back and

126

00:05:26,040 --> 00:05:24,310

said we're not interested like they

127

00:05:27,089 --> 00:05:26,050

pushed back and said nope we're not

128

00:05:28,770 --> 00:05:27,099

going to do the public service

129

00:05:32,089 --> 00:05:28,780

announcements right you know we're too

130

00:05:37,170 --> 00:05:32,099

busy right now it's like it's theirs oh

131

00:05:39,480 --> 00:05:37,180

we're I don't know if there's a media

132

00:05:41,330 --> 00:05:39,490

hush gag rule out there or like with

133

00:05:44,730 --> 00:05:41,340

Steve Bassett calls it a truth embargo

134

00:05:47,430 --> 00:05:44,740

but we have been programmed for so long

135

00:05:50,540 --> 00:05:47,440

by the mainstream media to have a

136

00:05:52,770 --> 00:05:50,550

laughter curtain around this topic and

137

00:05:56,939 --> 00:05:52,780

unfortunately it's coming back to keep

138

00:05:59,059 --> 00:05:56,949

people really in the dark because when

139

00:06:02,480 --> 00:05:59,069

people realize this is a real phenomenon

140

00:06:05,850 --> 00:06:02,490

it could have significant ramifications

141

00:06:08,820 --> 00:06:05,860

and we actually touch about on that in

142

00:06:11,279 --> 00:06:08,830

the film in Travis's film as you well

143

00:06:12,659 --> 00:06:11,289

know you know I mean people say okay if

144

00:06:14,189 --> 00:06:12,669

they're coming here why don't they land

145

00:06:16,640 --> 00:06:14,199

on the White House lawn you know why

146

00:06:19,860 --> 00:06:16,650

isn't it announced on mainstream news

147

00:06:22,589 --> 00:06:19,870

and it's a complex issue to wrap your

148

00:06:24,510 --> 00:06:22,599

brain around so when I saw the Lewis

149

00:06:26,700 --> 00:06:24,520

Elizondo you know announcements in

150

00:06:29,040 --> 00:06:26,710

December 16th and saw what was going on

151

00:06:31,230 --> 00:06:29,050

I was like wow I didn't think this was

152

00:06:33,120 --> 00:06:31,240

going to happen in my lifetime and I

153

00:06:34,680 --> 00:06:33,130

thought it was pretty significant but

154

00:06:36,450 --> 00:06:34,690

yet like a lot of people have put their

155

00:06:39,129 --> 00:06:36,460

heads back in the sand you know like

156

00:06:42,219 --> 00:06:39,139

ostriches sent a beach right

157

00:06:44,890 --> 00:06:42,229

you're not continuing to hear about this

158

00:06:47,469 --> 00:06:44,900

and I don't understand completely why I

159

00:06:49,300 --> 00:06:47,479

mean you can look at the Robertson panel

160

00:06:52,360 --> 00:06:49,310

and the Robertson report even though

161

00:06:54,219 --> 00:06:52,370

that's 1952 it's important and it's

162

00:06:57,279 --> 00:06:54,229

significant because in that period of

163

00:07:00,070 --> 00:06:57,289

time you had mainstream UFO news out

164

00:07:02,559 --> 00:07:00,080

there a lot from 47 straight through to

165

00:07:04,929 --> 00:07:02,569

52 I mean it was on the cover of The New

166

00:07:07,270 --> 00:07:04,939

York Times Washington Post all the time

167

00:07:09,550 --> 00:07:07,280

journalists actually especially the fly

168

00:07:12,550 --> 00:07:09,560

over the whole flotilla that flew over

169

00:07:15,430 --> 00:07:12,560

the Capitol in 1952 I think it was July

170

00:07:17,290 --> 00:07:15,440

2nd 3rd or 4th something like that it

171

00:07:20,439 --> 00:07:17,300

was a little later in the month but yeah

172

00:07:23,140 --> 00:07:20,449

that's that yeah yeah about that case

173

00:07:25,089 --> 00:07:23,150

that was all over and I think at that

174

00:07:27,790 --> 00:07:25,099

point it was right after that that the

175

00:07:29,800 --> 00:07:27,800

Robertson pick panel was commissioned in

176

00:07:31,869 --> 00:07:29,810

Congress and then the Robertson port

177

00:07:33,850 --> 00:07:31,879

came out right after that and you can

178

00:07:36,610 --> 00:07:33,860

people can listening can go and google

179

00:07:38,439 --> 00:07:36,620

it and find it online and read it it's I

180

00:07:46,149 --> 00:07:38,449

think we're still operating under that

181

00:07:50,559 --> 00:07:46,159

modus of protocol and in doing that in

182

00:07:56,589 --> 00:07:50,569

keeping this as a possible you just just

183

00:07:59,050 --> 00:07:56,599

debunking it just raises real problems

184

00:08:00,850 --> 00:07:59,060

in the way we approach things whether

185

00:08:04,390 --> 00:08:00,860

it's scientifically or objectively

186

00:08:07,209 --> 00:08:04,400

really to be a real scientist you have

187

00:08:10,029 --> 00:08:07,219

to gather all the facts and follow those

188

00:08:12,399 --> 00:08:10,039

fat-eating you in an area which is

189

00:08:14,769 --> 00:08:12,409

uncomfortable you can bury some facts

190

00:08:18,369 --> 00:08:14,779

and only look at others which is exactly

191

00:08:20,800 --> 00:08:18,379

what the media often claims UFO

192

00:08:22,390 --> 00:08:20,810

researchers are doing oh you're only

193

00:08:25,510 --> 00:08:22,400

looking at that but you're not looking

194

00:08:27,399 --> 00:08:25,520

at this well no they're skeptical really

195

00:08:29,890 --> 00:08:27,409

and MUFON what we try to do is create

196

00:08:32,230 --> 00:08:29,900

what's called IFOS we try to take a

197

00:08:34,029 --> 00:08:32,240

sighting report and go back and trace

198

00:08:35,439 --> 00:08:34,039

through and say all right what were

199

00:08:37,689 --> 00:08:35,449

there any meteor showers

200

00:08:39,939 --> 00:08:37,699

what were the satellites going over at

201  
00:08:41,649 --> 00:08:39,949  
the time where they're aircraft in the

202  
00:08:44,259 --> 00:08:41,659  
area what was the weather at the time

203  
00:08:47,199 --> 00:08:44,269  
were there any weather inversions was

204  
00:08:49,990 --> 00:08:47,209  
there any explosions you know what is

205  
00:08:52,960 --> 00:08:50,000  
the police reports say what's the you

206  
00:08:53,319 --> 00:08:52,970  
know air traffic control reports at the

207  
00:08:56,079 --> 00:08:53,329  
time

208  
00:08:58,660 --> 00:08:56,089  
there any military reporting's at the

209  
00:09:00,999 --> 00:08:58,670  
time and we try to find what that was

210  
00:09:03,419 --> 00:09:01,009  
and we try to solve a case and then

211  
00:09:06,939 --> 00:09:03,429  
close the case so we look for

212  
00:09:09,819 --> 00:09:06,949  
identifiable you know reasons why

213  
00:09:11,859 --> 00:09:09,829

someone had an odd experience and when

214

00:09:14,259 --> 00:09:11,869

we get it where we absolutely cannot

215

00:09:15,970 --> 00:09:14,269

find it we closed it as an unknown and

216

00:09:18,369 --> 00:09:15,980

that's what MUFON is well known for

217

00:09:21,280 --> 00:09:18,379

doing our mission statement is that we

218

00:09:24,039 --> 00:09:21,290

are our goal is to scientifically

219

00:09:26,619 --> 00:09:24,049

explore the UFO phenomenon for the

220

00:09:29,799 --> 00:09:26,629

benefit of humanity and really doing

221

00:09:32,379 --> 00:09:29,809

conferences like this is where the

222

00:09:34,179 --> 00:09:32,389

benefit of humanity comes forward unless

223

00:09:36,280 --> 00:09:34,189

you're in our organization or you're a

224

00:09:37,869 --> 00:09:36,290

field investigator or you read some of

225

00:09:39,819 --> 00:09:37,879

the books written by people who have

226

00:09:43,419 --> 00:09:39,829

been involved in MUFON you don't really

227

00:09:45,819 --> 00:09:43,429

know what's going on inside MUFON but if

228

00:09:50,199 --> 00:09:45,829

you're the general public this is a way

229

00:09:51,819 --> 00:09:50,209

to find out the event like this and like

230

00:09:53,799 --> 00:09:51,829

I said we may not be back on the East

231

00:09:56,319 --> 00:09:53,809

Coast for another five or ten here's

232

00:09:59,259 --> 00:09:56,329

easy you don't know I have to travel

233

00:10:03,970 --> 00:09:59,269

much further in a las vegas or florida

234

00:10:06,100 --> 00:10:03,980

chicago san Julis to to hear the quality

235

00:10:08,289 --> 00:10:06,110

that book in here to this conference

236

00:10:10,449 --> 00:10:08,299

Jerry Jerry Hill is a great location

237

00:10:12,729 --> 00:10:10,459

because your honor you are so close to

238

00:10:15,699 --> 00:10:12,739

Philly you're not far from DC or New

239

00:10:18,389 --> 00:10:15,709

York City so you should you've got a

240

00:10:21,340 --> 00:10:18,399

huge potential audience to draw from

241

00:10:23,590 --> 00:10:21,350

that's right that's right yes and we're

242

00:10:26,049 --> 00:10:23,600

so we're really hoping that we usually

243

00:10:28,119 --> 00:10:26,059

get you know about a hundred walk in so

244

00:10:30,129 --> 00:10:28,129

we're just preparing ourselves hoping

245

00:10:31,299 --> 00:10:30,139

that that will also happen but our

246

00:10:35,139 --> 00:10:31,309

numbers are pretty good we will

247

00:10:37,989 --> 00:10:35,149

definitely reach 400 probably 500 over

248

00:10:40,139 --> 00:10:37,999

the whole conference you know and that's

249

00:10:42,819 --> 00:10:40,149

great that's what we were shooting for

250

00:10:45,489 --> 00:10:42,829

fantastic we're always shooting for more

251  
00:10:47,650 --> 00:10:45,499  
thank you right thousand people showed

252  
00:10:49,929 --> 00:10:47,660  
up well maybe someday you'll be at the

253  
00:10:52,929 --> 00:10:49,939  
link or a Citizens Bank Park for these

254  
00:10:55,569 --> 00:10:52,939  
events you know you never know you never

255  
00:10:57,639 --> 00:10:55,579  
know certainly these crafts are showing

256  
00:10:59,619 --> 00:10:57,649  
up for big events like that you know

257  
00:11:02,499 --> 00:10:59,629  
when Bruce Springsteen was playing on

258  
00:11:04,539 --> 00:11:02,509  
the Parkway there were maybe six or

259  
00:11:06,319 --> 00:11:04,549  
seven videos that were posted online

260  
00:11:09,799 --> 00:11:06,329  
from different spots

261  
00:11:12,559 --> 00:11:09,809  
the crowd filming something overhead was

262  
00:11:15,199 --> 00:11:12,569  
listening maybe to the Bruce Springsteen

263  
00:11:17,419 --> 00:11:15,209

concert and there have been you know

264

00:11:20,419 --> 00:11:17,429

craft over ball fields and things like

265

00:11:22,819 --> 00:11:20,429

that and when those things happen in

266

00:11:24,650 --> 00:11:22,829

this day and age it's so great because

267

00:11:27,109 --> 00:11:24,660

everybody's got a cell phone with video

268

00:11:30,319 --> 00:11:27,119

and if they're close enough you get

269

00:11:31,819 --> 00:11:30,329

these fairly good quality because cell

270

00:11:33,979 --> 00:11:31,829

phones that are automatically

271

00:11:36,410 --> 00:11:33,989

triangulated in different parts of the

272

00:11:38,449 --> 00:11:36,420

crowd and the ball field or whatever so

273

00:11:41,419 --> 00:11:38,459

that's confirmation to begin with you

274

00:11:44,419 --> 00:11:41,429

get more than three points right angle

275

00:11:51,259 --> 00:11:44,429

you can triangulate really well and

276

00:11:54,289 --> 00:11:51,269

these days the cell update down to a and

277

00:11:58,549 --> 00:11:54,299

a couple of feet where you know with GPS

278

00:12:01,879 --> 00:11:58,559

readings on on photos these days you can

279

00:12:03,769 --> 00:12:01,889

say exactly where someone was so this is

280

00:12:11,530 --> 00:12:03,779

really fascinating when you have big

281

00:12:16,939 --> 00:12:14,319

now you're saying that you think that

282

00:12:18,979 --> 00:12:16,949

Lois Elizondo is going to be a big draw

283

00:12:21,350 --> 00:12:18,989

for you based on that what you've got in

284

00:12:24,319 --> 00:12:21,360

how did that process go in terms of

285

00:12:27,379 --> 00:12:24,329

getting him to to come on out I know he

286

00:12:29,900 --> 00:12:27,389

was going to do a conference out west

287

00:12:31,519 --> 00:12:29,910

earlier this year that he was going to

288

00:12:35,840 --> 00:12:31,529

be there but then at the last minute he

289

00:12:38,210 --> 00:12:35,850

did something via video so I wasn't

290

00:12:39,650 --> 00:12:38,220

there personally but he's gonna be there

291

00:12:40,729 --> 00:12:39,660

he's going to be taking questions from

292

00:12:44,509 --> 00:12:40,739

the audience at all

293

00:12:49,369 --> 00:12:44,519

yes he is it's all about relationships

294

00:12:51,499 --> 00:12:49,379

and Jan horizon-- has actually had

295

00:12:53,629 --> 00:12:51,509

relationships with a number of the other

296

00:12:54,259 --> 00:12:53,639

people involved in the to the Stars

297

00:12:56,239 --> 00:12:54,269

Academy

298

00:13:01,220 --> 00:12:56,249

I think Jan knows Chris Mellon pretty

299

00:13:04,460 --> 00:13:01,230

well and Jim semi van and you know

300

00:13:06,949 --> 00:13:04,470

friends are friends Jim is Jim gonna be

301  
00:13:07,789 --> 00:13:06,959  
there you know he only don't live down

302  
00:13:09,679 --> 00:13:07,799  
the Turnpike

303  
00:13:12,079 --> 00:13:09,689  
he doesn't live that far from here yeah

304  
00:13:17,900 --> 00:13:12,089  
I don't honestly I don't know I would

305  
00:13:19,879 --> 00:13:17,910  
love to say I maybe Jan I have not

306  
00:13:20,090 --> 00:13:19,889  
gotten wind of it it would be great if

307  
00:13:28,670 --> 00:13:20,100  
he

308  
00:13:30,410 --> 00:13:28,680  
one-on-one and Saturday night I mean

309  
00:13:31,759 --> 00:13:30,420  
that's going to be an intimate group I

310  
00:13:34,490 --> 00:13:31,769  
think we're limiting it to about a

311  
00:13:37,129 --> 00:13:34,500  
hundred you may have a few tickets left

312  
00:13:39,199 --> 00:13:37,139  
for it we're gonna have a couple drinks

313  
00:13:41,990 --> 00:13:39,209

some butlered hors d'oeuvres you know

314

00:13:46,340 --> 00:13:42,000

let people you know mingle and talk and

315

00:13:49,550 --> 00:13:46,350

be with Louisa Elizondo and get to chat

316

00:13:51,319 --> 00:13:49,560

with him about what you know what he

317

00:13:53,210 --> 00:13:51,329

knows more in depth well we still talked

318

00:13:56,389 --> 00:13:53,220

a little bit on his own and then open up

319

00:13:58,999 --> 00:13:56,399

the floor to questions well we know that

320

00:14:00,829 --> 00:13:59,009

that we know now that they did look at

321

00:14:02,360 --> 00:14:00,839

the Stephenville so I'd be kind of

322

00:14:04,730 --> 00:14:02,370

curious to hear what his feedback is

323

00:14:12,309 --> 00:14:04,740

about that and what they definitely hope

324

00:14:14,629 --> 00:14:12,319

you're coming Frank haha absolutely yes

325

00:14:16,309 --> 00:14:14,639

that that's going to be a game-time

326

00:14:19,189 --> 00:14:16,319

decision based on work schedule

327

00:14:21,050 --> 00:14:19,199

unfortunately yeah I'd like to get over

328

00:14:23,420 --> 00:14:21,060

there but that can't

329

00:14:26,629 --> 00:14:23,430

well that that one-on-one is like 5:30

330

00:14:28,100 --> 00:14:26,639

Saturday okay okay right inside the

331

00:14:30,230 --> 00:14:28,110

front entrance of the hotel you just

332

00:14:32,749 --> 00:14:30,240

come in the hotel make a left but we are

333

00:14:36,410 --> 00:14:32,759

charging for it and it might be sold out

334

00:14:39,110 --> 00:14:36,420

so if you can if you can anyway plan and

335

00:14:43,610 --> 00:14:39,120

register ahead I recommend it got it got

336

00:14:45,350 --> 00:14:43,620

it yeah yeah so there's a lots lots to

337

00:14:48,319 --> 00:14:45,360

talk about on this topic and I know you

338

00:14:50,389 --> 00:14:48,329

at Lind khatai on the air and he did a

339

00:14:53,720 --> 00:14:50,399

great interview with you yes she did yes

340

00:14:55,879 --> 00:14:53,730

she did does she she really knows that

341

00:14:58,759 --> 00:14:55,889

case really well and has been out there

342

00:15:00,019 --> 00:14:58,769

working it and it's an amazing case

343

00:15:02,059 --> 00:15:00,029

cases like that

344

00:15:05,120 --> 00:15:02,069

that was obviously a huge market in

345

00:15:07,400 --> 00:15:05,130

Phoenix so but those kind of cases that

346

00:15:09,230 --> 00:15:07,410

really get an entire community worked up

347

00:15:13,939 --> 00:15:09,240

they always seem to come along maybe

348

00:15:17,300 --> 00:15:13,949

about once a decade yes mate may may be

349

00:15:20,480 --> 00:15:17,310

so or maybe it takes someone like Lynne

350

00:15:22,519 --> 00:15:20,490

to bring it to people's attention there

351

00:15:26,090 --> 00:15:22,529

may be other mass sightings like this

352

00:15:27,980 --> 00:15:26,100

going on but it doesn't get dealt with

353

00:15:30,620 --> 00:15:27,990

because you need to have someone who's

354

00:15:32,600 --> 00:15:30,630

going to say wait a minute and draw a

355

00:15:33,500 --> 00:15:32,610

line in the sand and say don't tell me I

356

00:15:37,220 --> 00:15:33,510

didn't know what

357

00:15:42,439 --> 00:15:37,230

saw you know I'm an MD I want I loved

358

00:15:44,629 --> 00:15:42,449

limb she's just like come off telling

359

00:15:46,519 --> 00:15:44,639

she's from Philly she's from Philly

360

00:15:51,199 --> 00:15:46,529

that's right she went to medical school

361

00:15:52,910 --> 00:15:51,209

right here at Temple and Lin I'm sure

362

00:15:55,009 --> 00:15:52,920

told you that she's come out with the

363

00:15:58,040 --> 00:15:55,019

book for kids because she sees the

364

00:16:00,710 --> 00:15:58,050

importance of making sure that the next

365

00:16:03,680 --> 00:16:00,720

generation is brought into the fold

366

00:16:05,389 --> 00:16:03,690

because this is a strange subject I mean

367

00:16:07,160 --> 00:16:05,399

how do you begin to wrap your brain

368

00:16:11,420 --> 00:16:07,170

around something that you've been told

369

00:16:14,060 --> 00:16:11,430

for seventy years or more is not real

370

00:16:16,699 --> 00:16:14,070

and now we're saying oh yeah no yes it

371

00:16:18,829 --> 00:16:16,709

is real and but we're not really going

372

00:16:20,720 --> 00:16:18,839

to talk about it and if there's going to

373

00:16:23,480 --> 00:16:20,730

be a lot of hidden information and a lot

374

00:16:24,889 --> 00:16:23,490

of innuendos and if you come forward and

375

00:16:27,199 --> 00:16:24,899

say you saw something people are going

376

00:16:29,720 --> 00:16:27,209

to ridicule you I mean how do you start

377

00:16:31,519 --> 00:16:29,730

to teach your kids about this and we

378

00:16:34,670 --> 00:16:31,529

live in an age right now it's so

379

00:16:36,980 --> 00:16:34,680

interesting we have of course the me to

380

00:16:39,439 --> 00:16:36,990

hash tag movement going on right and

381

00:16:43,699 --> 00:16:39,449

there's a big movement of well-educated

382

00:16:45,590 --> 00:16:43,709

a african-american saying you know gee I

383

00:16:48,259 --> 00:16:45,600

was in a store the other day and like

384

00:16:49,790 --> 00:16:48,269

they wouldn't give me a bag for my praat

385

00:16:51,710 --> 00:16:49,800

you know I product that I bought even

386

00:16:55,490 --> 00:16:51,720

though I had a receipt and I got to the

387

00:16:56,840 --> 00:16:55,500

door and I was harassed because they

388

00:16:59,120 --> 00:16:56,850

thought I was trying to steal something

389

00:17:00,920 --> 00:16:59,130

and I'm a PhD and I teach at Temple

390

00:17:03,379 --> 00:17:00,930

University and I'm being treated like

391

00:17:06,980 --> 00:17:03,389

I'm shoplifting excuse me

392

00:17:09,679 --> 00:17:06,990

right there's this big awareness that we

393

00:17:11,780 --> 00:17:09,689

are doing profiling of all sorts of

394

00:17:16,490 --> 00:17:11,790

people there's racial profiling going on

395

00:17:19,669 --> 00:17:16,500

there's you know you know abuse against

396

00:17:22,220 --> 00:17:19,679

women profiling going on there sexual

397

00:17:24,799 --> 00:17:22,230

abuse going on but nobody's ever talked

398

00:17:27,409 --> 00:17:24,809

about the profiling of people who come

399

00:17:30,470 --> 00:17:27,419

forward on the UFO topic so what would

400

00:17:32,930 --> 00:17:30,480

you call them abductees or UFO

401

00:17:36,230 --> 00:17:32,940

experiencers but we've undergone

402

00:17:38,169 --> 00:17:36,240

profiling to where people in your family

403

00:17:40,880 --> 00:17:38,179

and your friends and your community just

404

00:17:42,950 --> 00:17:40,890

completely write you off and go oh well

405

00:17:45,200 --> 00:17:42,960

she's out there on the loony bin I mean

406

00:17:46,490 --> 00:17:45,210

I've had it happen to me yeah okay okay

407

00:17:49,399 --> 00:17:46,500

no I never had

408

00:17:51,830 --> 00:17:49,409

I never have but you know I did a TV

409

00:17:54,380 --> 00:17:51,840

show years ago without it's your call

410

00:17:56,360 --> 00:17:54,390

Linda land Philadelphia okay I remember

411

00:17:58,279 --> 00:17:56,370

that show no and then my kids went to a

412

00:18:00,230 --> 00:17:58,289

pretty conservative school here on the

413

00:18:02,659 --> 00:18:00,240

main line I won't mention names but you

414

00:18:04,070 --> 00:18:02,669

know I went to a cocktail party at the

415

00:18:06,289 --> 00:18:04,080

beginning of the school year where the

416

00:18:08,299 --> 00:18:06,299

new parents show up and I had people

417

00:18:10,549 --> 00:18:08,309

come up to me and just say well I saw

418

00:18:11,899 --> 00:18:10,559

you on the Lynde oil show you know and

419

00:18:14,440 --> 00:18:11,909

then they like walked away and they

420

00:18:17,029 --> 00:18:14,450

never talked to me again

421

00:18:19,880 --> 00:18:17,039

never doesn't like and I heard oh yeah

422

00:18:21,919 --> 00:18:19,890

she's she's the loony toony in the class

423

00:18:24,680 --> 00:18:21,929

you know they don't don't let your kids

424

00:18:27,680 --> 00:18:24,690

go play with her kids you know I mean it

425

00:18:29,810 --> 00:18:27,690

happened it happened and I'm like okay

426

00:18:32,480 --> 00:18:29,820

well you know if they if they really

427

00:18:34,279 --> 00:18:32,490

want to meet me I thought we have a lot

428

00:18:36,289 --> 00:18:34,289

of fun together I mean I have the best

429

00:18:38,390 --> 00:18:36,299

time when I go to these UFO conferences

430

00:18:41,330 --> 00:18:38,400

because I have the most profound deep

431

00:18:43,340 --> 00:18:41,340

conversations with people you know it's

432

00:18:45,289 --> 00:18:43,350

like a lot of the [h\_\_h] is cut out of

433

00:18:47,659 --> 00:18:45,299

the way you don't have to sit and talk

434

00:18:49,390 --> 00:18:47,669

about light stuff going on you jump

435

00:18:52,070 --> 00:18:49,400

right into what the political

436

00:18:54,039 --> 00:18:52,080

ramifications of this what are we in a

437

00:18:55,700 --> 00:18:54,049

John Brandenburg I've had such amazing

438

00:18:58,580 --> 00:18:55,710

conversations with him on the phone

439

00:19:01,250 --> 00:18:58,590

about plasma because I researched them

440

00:19:02,450 --> 00:19:01,260

because I speak on crop circles so I'm

441

00:19:04,490 --> 00:19:02,460

trying to understand the Earth's

442

00:19:06,919 --> 00:19:04,500

electromagnetic field what's going on

443

00:19:10,310 --> 00:19:06,929

onto the ground what's happening

444

00:19:12,470 --> 00:19:10,320

electrically and aquifers and in the

445

00:19:15,909 --> 00:19:12,480

summer when the water recedes to charge

446

00:19:19,250 --> 00:19:15,919

the bill but how does that affect our

447

00:19:22,039 --> 00:19:19,260

atmosphere our controls fear what's

448

00:19:24,169 --> 00:19:22,049

going on with these sprites happening so

449

00:19:26,060 --> 00:19:24,179

okay let me let me jump in real quick

450

00:19:28,430 --> 00:19:26,070

here because you brought up crop circles

451  
00:19:30,770 --> 00:19:28,440  
and that to be honest with you there's a

452  
00:19:33,380 --> 00:19:30,780  
lot to know about the UFO field neither

453  
00:19:34,850 --> 00:19:33,390  
I think I know a reasonable amount about

454  
00:19:36,980 --> 00:19:34,860  
the things that I've looked closely at

455  
00:19:39,350 --> 00:19:36,990  
one thing I've never looked closely at

456  
00:19:41,090 --> 00:19:39,360  
is the crop circles so for somebody like

457  
00:19:44,450 --> 00:19:41,100  
me who's I've never really taken a close

458  
00:19:46,640 --> 00:19:44,460  
look at it why don't you tell me why you

459  
00:19:49,159 --> 00:19:46,650  
why it's been important to you and what

460  
00:19:52,250 --> 00:19:49,169  
they you've gotten out of it well one of

461  
00:19:53,810 --> 00:19:52,260  
the things I study is not only crop

462  
00:19:55,669 --> 00:19:53,820  
circles because if you're just looking

463  
00:19:57,260 --> 00:19:55,679

at crop circles you're looking sort of

464

00:20:00,649 --> 00:19:57,270

at the cream of the crop and something

465

00:20:02,320 --> 00:20:00,659

really pretty and hard to explain but

466

00:20:05,479 --> 00:20:02,330

have to kind of look I'm a small-scale

467

00:20:07,789 --> 00:20:05,489

you have to look at the soil samples and

468

00:20:11,359 --> 00:20:07,799

the seed germination studies that are

469

00:20:13,549 --> 00:20:11,369

done from crop samples taken inside and

470

00:20:15,560 --> 00:20:13,559

control samples taken outside of crop

471

00:20:18,979 --> 00:20:15,570

circles and when you do that and you

472

00:20:23,509 --> 00:20:18,989

compare them with what I call randomly

473

00:20:26,599 --> 00:20:23,519

downed crop or messy crop laid down in a

474

00:20:29,119 --> 00:20:26,609

field after a rainstorm and you looked

475

00:20:32,029 --> 00:20:29,129

and do the same thing they're taking

476  
00:20:35,089 --> 00:20:32,039  
soil samples looking at the crop taking

477  
00:20:37,099 --> 00:20:35,099  
seed germination studies looking at the

478  
00:20:39,589 --> 00:20:37,109  
expulsion cavities looking at the

479  
00:20:42,019 --> 00:20:39,599  
dryness in the crop and the dryness in

480  
00:20:45,560 --> 00:20:42,029  
the soil looking for crystallinity in

481  
00:20:47,719 --> 00:20:45,570  
the soil which is found looking for any

482  
00:20:49,729 --> 00:20:47,729  
kind of electrical field that's there

483  
00:20:53,659 --> 00:20:49,739  
with a Trifield meter reader and just

484  
00:20:54,710 --> 00:20:53,669  
seeing how much magnetite is in the

485  
00:20:57,349 --> 00:20:54,720  
actual soil

486  
00:21:00,769 --> 00:20:57,359  
it's amazing the similarities between

487  
00:21:03,589 --> 00:21:00,779  
randomly down crop and crop circles do I

488  
00:21:05,509 --> 00:21:03,599

get a lot of these locally yeah yeah you

489

00:21:06,889 --> 00:21:05,519

do and where you live Frank you're going

490

00:21:08,839 --> 00:21:06,899

to see them all the time when you start

491

00:21:10,609 --> 00:21:08,849

realizing what you're looking at you

492

00:21:11,930 --> 00:21:10,619

know like when you buy a new car and

493

00:21:14,029 --> 00:21:11,940

then suddenly you see that car

494

00:21:15,830 --> 00:21:14,039

everywhere on the street right once you

495

00:21:17,119 --> 00:21:15,840

wake up and understand what randomly

496

00:21:18,919 --> 00:21:17,129

down crop is you're going to start

497

00:21:20,419 --> 00:21:18,929

seeing it all the time you're going to

498

00:21:22,609 --> 00:21:20,429

find yourself slamming on the brakes

499

00:21:24,049 --> 00:21:22,619

pulling over jumping out running into

500

00:21:26,029 --> 00:21:24,059

people's fields Green what made this

501  
00:21:28,489 --> 00:21:26,039  
crop layover what's going on here in the

502  
00:21:30,229 --> 00:21:28,499  
ground you're gonna be like running to

503  
00:21:32,359 --> 00:21:30,239  
your car and getting your Starbucks cup

504  
00:21:35,029 --> 00:21:32,369  
and sticking soil it because you want to

505  
00:21:37,249 --> 00:21:35,039  
look at it under a microscope it's

506  
00:21:39,499 --> 00:21:37,259  
absolutely fascinating there are

507  
00:21:40,639 --> 00:21:39,509  
electrical conditions that exist on this

508  
00:21:43,789 --> 00:21:40,649  
planet that we don't yet fully

509  
00:21:46,580 --> 00:21:43,799  
completely understand geologic

510  
00:21:49,940 --> 00:21:46,590  
electrical things where I think there's

511  
00:21:52,820 --> 00:21:49,950  
some kind of electrical charge that

512  
00:21:56,570 --> 00:21:52,830  
could be related to terror Hertz

513  
00:21:59,659 --> 00:21:56,580

microwave rays gamma rays I mean in

514

00:22:01,820 --> 00:21:59,669

other fields or other perspectives that

515

00:22:04,159 --> 00:22:01,830

we can't see you know beyond the visible

516

00:22:07,519 --> 00:22:04,169

light spectrum at or below or above it

517

00:22:10,999 --> 00:22:07,529

and there are electrical interactions

518

00:22:14,110 --> 00:22:11,009

going on between the ground of the earth

519

00:22:16,510 --> 00:22:14,120

and upper layers of our atmosphere

520

00:22:18,970 --> 00:22:16,520

that we don't yet fully completely

521

00:22:21,220 --> 00:22:18,980

understand and when you start to read

522

00:22:25,750 --> 00:22:21,230

and understand the whole nature of

523

00:22:28,570 --> 00:22:25,760

plasma activity it is mind-blowing I

524

00:22:31,420 --> 00:22:28,580

just finished getting through a book by

525

00:22:33,490 --> 00:22:31,430

anthony peratt I love Anthony for a

526

00:22:35,350 --> 00:22:33,500

number of reasons he's a he's a great

527

00:22:38,770 --> 00:22:35,360

scientist he's worked at Lawrence

528

00:22:41,260 --> 00:22:38,780

Livermore labs and you know he's I think

529

00:22:43,900 --> 00:22:41,270

he's done work with NASA he does a lot

530

00:22:46,600 --> 00:22:43,910

of aerospace you know understanding and

531

00:22:51,030 --> 00:22:46,610

discussions of space with in think tanks

532

00:22:54,280 --> 00:22:51,040

with other groups his book is called the

533

00:22:57,330 --> 00:22:54,290

nature of the plasma universe when you

534

00:23:00,430 --> 00:22:57,340

understand how absolutely powerful

535

00:23:02,770 --> 00:23:00,440

electrical forces and electro magnetics

536

00:23:05,200 --> 00:23:02,780

are and the combination of

537

00:23:08,620 --> 00:23:05,210

electromagnetic energy in with plasma

538

00:23:11,560 --> 00:23:08,630

energy and the dynamic force that these

539

00:23:15,070 --> 00:23:11,570

powers have you can look at a crop

540

00:23:17,140 --> 00:23:15,080

that's downed and think so it looks like

541

00:23:20,020 --> 00:23:17,150

a river just rolled through here or

542

00:23:23,230 --> 00:23:20,030

something happened but nothing that you

543

00:23:25,270 --> 00:23:23,240

can physically see did but yet you walk

544

00:23:27,100 --> 00:23:25,280

into a field where there's randomly down

545

00:23:29,800 --> 00:23:27,110

crop and your cell phone dies and then

546

00:23:31,720 --> 00:23:29,810

you walk out of that field and you're

547

00:23:34,270 --> 00:23:31,730

all your bars come back so there's some

548

00:23:36,130 --> 00:23:34,280

electrical interference going on is it

549

00:23:38,350 --> 00:23:36,140

coming out of the ground did it come

550

00:23:40,410 --> 00:23:38,360

from above is it like a lightning flash

551  
00:23:42,910 --> 00:23:40,420  
that goes back and forth between the two

552  
00:23:44,530 --> 00:23:42,920  
nobody bothers to look at it and nobody

553  
00:23:46,180 --> 00:23:44,540  
bothers to study it but it may be a

554  
00:23:47,680 --> 00:23:46,190  
phenomenon that we just haven't yet been

555  
00:23:50,380 --> 00:23:47,690  
able to really fully put our hands

556  
00:23:53,640 --> 00:23:50,390  
around now when you start to look into

557  
00:23:56,200 --> 00:23:53,650  
scale or wave technologies things that

558  
00:24:00,760 --> 00:23:56,210  
we know our government works with

559  
00:24:05,920 --> 00:24:00,770  
certain types of beam technologies that

560  
00:24:07,600 --> 00:24:05,930  
we use for detection of maybe nuclear

561  
00:24:10,810 --> 00:24:07,610  
weapon tree buried under the ground

562  
00:24:14,080 --> 00:24:10,820  
somewhere things like this we have light

563  
00:24:16,390 --> 00:24:14,090

sensitive equipment and we have beam

564

00:24:18,790 --> 00:24:16,400

technology using microwaves and other

565

00:24:21,730 --> 00:24:18,800

types of terror hurt rays technologies

566

00:24:25,750 --> 00:24:21,740

that can interact with Arsenal's and

567

00:24:26,590 --> 00:24:25,760

actually render them inert or detonate

568

00:24:30,549 --> 00:24:26,600

them under too

569

00:24:32,080 --> 00:24:30,559

and save you know military lives rather

570

00:24:33,700 --> 00:24:32,090

than having to put troops on the ground

571

00:24:36,250 --> 00:24:33,710

there's a lot of things we can do these

572

00:24:38,110 --> 00:24:36,260

days in other ways and when you start

573

00:24:41,169 --> 00:24:38,120

looking at some of that technology on

574

00:24:44,409 --> 00:24:41,179

military sites you start to realize it

575

00:24:47,740 --> 00:24:44,419

oh okay well maybe there's stuff going

576  
00:24:49,840 --> 00:24:47,750  
on that our technology that just

577  
00:24:52,659 --> 00:24:49,850  
occasionally gets a little frazzled or

578  
00:24:55,029 --> 00:24:52,669  
you know is gets messed with or played

579  
00:24:57,610 --> 00:24:55,039  
with and the AI in the realm of these

580  
00:24:59,610 --> 00:24:57,620  
really pretty crop circles maybe there's

581  
00:25:02,680 --> 00:24:59,620  
something going on that way

582  
00:25:04,600 --> 00:25:02,690  
everyone you know looks at the pretty

583  
00:25:06,250 --> 00:25:04,610  
crop circles and they say oh these are

584  
00:25:09,850 --> 00:25:06,260  
made by ETS and it's all about

585  
00:25:11,890 --> 00:25:09,860  
consciousness and and I'm say well can

586  
00:25:16,539 --> 00:25:11,900  
we prove it all right

587  
00:25:18,909 --> 00:25:16,549  
maybe but I don't know the only thing I

588  
00:25:21,190 --> 00:25:18,919

can say as a scientist is I have to go

589

00:25:23,440 --> 00:25:21,200

and look at the soil look at it under a

590

00:25:25,690 --> 00:25:23,450

microscope right look deuce have the

591

00:25:27,970 --> 00:25:25,700

seeds do see germination studies like

592

00:25:32,020 --> 00:25:27,980

god bless them rest is so William

593

00:25:36,130 --> 00:25:32,030

Levengood did too you know with great

594

00:25:38,590 --> 00:25:36,140

accuracy and you know we can look at

595

00:25:40,659 --> 00:25:38,600

whether or not a magnet sticks to the

596

00:25:42,850 --> 00:25:40,669

soil if you go out in your backyard and

597

00:25:44,649 --> 00:25:42,860

drag a magnet across the ground the soil

598

00:25:47,010 --> 00:25:44,659

is probably not going to stick but you

599

00:25:49,149 --> 00:25:47,020

go into these randomly down crops and

600

00:25:50,710 --> 00:25:49,159

dig up some of the soil and it's

601  
00:25:54,190 --> 00:25:50,720  
probably going to stick to your magnet

602  
00:25:56,500 --> 00:25:54,200  
so how did you get into this and this

603  
00:25:58,510 --> 00:25:56,510  
particular site in the first place

604  
00:26:01,930 --> 00:25:58,520  
Oh every everything such a long story

605  
00:26:05,440 --> 00:26:01,940  
but I would say I would say I was I

606  
00:26:08,310 --> 00:26:05,450  
think when I was a kid I was like always

607  
00:26:11,860 --> 00:26:08,320  
going to look magazine right and

608  
00:26:14,710 --> 00:26:11,870  
Saturday Evening Post and The New Yorker

609  
00:26:16,960 --> 00:26:14,720  
you know and looking at things that had

610  
00:26:19,480 --> 00:26:16,970  
to do with archaeological sites ancient

611  
00:26:22,419 --> 00:26:19,490  
stones I was fascinated by ancient

612  
00:26:25,450 --> 00:26:22,429  
history and especially ancient mounds so

613  
00:26:28,360 --> 00:26:25,460

I started looking at these places in

614

00:26:31,390 --> 00:26:28,370

England and in like Scotland and Ireland

615

00:26:34,899 --> 00:26:31,400

like Newgrange and I'm I was fascinated

616

00:26:37,180 --> 00:26:34,909

by what are these what are these like

617

00:26:39,940 --> 00:26:37,190

stone circles what do they mean and I

618

00:26:42,180 --> 00:26:39,950

was affected by geometry and

619

00:26:45,399 --> 00:26:42,190

very very well in geometry and I was a

620

00:26:48,100 --> 00:26:45,409

dancer and I understood body movement I

621

00:26:51,610 --> 00:26:48,110

got into meditation I got into yoga very

622

00:26:53,799 --> 00:26:51,620

early on in my teens and lived on a yoga

623

00:26:56,019 --> 00:26:53,809

ashram for a while so there was

624

00:26:58,450 --> 00:26:56,029

something about the sacred geometry and

625

00:27:00,700 --> 00:26:58,460

shapes of these ancient sites and then

626  
00:27:04,299 --> 00:27:00,710  
these crop circles having neck next to

627  
00:27:06,399 --> 00:27:04,309  
them that magnetized me and of course

628  
00:27:07,870 --> 00:27:06,409  
when I went to England myself I didn't

629  
00:27:10,090 --> 00:27:07,880  
even actually get there till I think I

630  
00:27:13,690 --> 00:27:10,100  
was about 45 it's when I stepped into

631  
00:27:16,480 --> 00:27:13,700  
this strange field joining MUFON and

632  
00:27:19,539 --> 00:27:16,490  
researching crop circles it was really

633  
00:27:22,090 --> 00:27:19,549  
only about you know 20 years ago it's

634  
00:27:24,580 --> 00:27:22,100  
never too late it's never too late I had

635  
00:27:27,879 --> 00:27:24,590  
to wait till my kids were grown I got

636  
00:27:31,149 --> 00:27:27,889  
out of the conservative confinements of

637  
00:27:33,279 --> 00:27:31,159  
you know PTA programs and and I finally

638  
00:27:35,049 --> 00:27:33,289

decided to retire from my business that

639

00:27:37,810 --> 00:27:35,059

I had started I was a professional event

640

00:27:38,860 --> 00:27:37,820

coordinator for 20 years and I said okay

641

00:27:40,299 --> 00:27:38,870

been there done that

642

00:27:41,919 --> 00:27:40,309

I couldn't get excited about the next

643

00:27:44,259 --> 00:27:41,929

Barnes for wedding and I knew it was

644

00:27:47,560 --> 00:27:44,269

time to move on and I just jumped more

645

00:27:49,360 --> 00:27:47,570

full-time into filmmaking and conference

646

00:27:51,009 --> 00:27:49,370

coordination and you know other things

647

00:27:51,700 --> 00:27:51,019

like that I used my talents in a

648

00:27:53,620 --> 00:27:51,710

different way

649

00:27:55,659 --> 00:27:53,630

and there's a lot of philanthropic work

650

00:27:57,460 --> 00:27:55,669

I got involved in a something called

651

00:27:59,019 --> 00:27:57,470

ceasefire I was one of the founding

652

00:28:01,299 --> 00:27:59,029

members of an organization trying to

653

00:28:02,889 --> 00:28:01,309

create sensible gun laws because if we

654

00:28:04,440 --> 00:28:02,899

don't make sensible gun laws we're all

655

00:28:06,940 --> 00:28:04,450

going to lose our right to own guns

656

00:28:10,210 --> 00:28:06,950

everybody's got to wake up about that

657

00:28:13,899 --> 00:28:10,220

you know and I'm Jewish I'm happy to say

658

00:28:16,480 --> 00:28:13,909

and boy if if what happened in Nazi

659

00:28:18,700 --> 00:28:16,490

Germany you know if people were so

660

00:28:20,740 --> 00:28:18,710

allowed to own their own guns at the

661

00:28:22,299 --> 00:28:20,750

time when Hitler took over maybe what we

662

00:28:25,360 --> 00:28:22,309

know of as the Holocaust might not have

663

00:28:26,919 --> 00:28:25,370

happened so I see the perspective I see

664

00:28:29,710 --> 00:28:26,929

the gun issue from both sides and that's

665

00:28:32,440 --> 00:28:29,720

a whole other story at some point but I

666

00:28:33,779 --> 00:28:32,450

was one of the key people involved in

667

00:28:36,639 --> 00:28:33,789

the Million Man March

668

00:28:38,350 --> 00:28:36,649

well one of many many many women that

669

00:28:42,789 --> 00:28:38,360

came together to create that million mom

670

00:28:46,330 --> 00:28:42,799

March and I think it was 2001 and then

671

00:28:47,860 --> 00:28:46,340

out of accrue the ceasefire and so I've

672

00:28:50,320 --> 00:28:47,870

been on the board of that for a long

673

00:28:52,779 --> 00:28:50,330

time so I'm using my talents in a lot of

674

00:28:53,590 --> 00:28:52,789

other ways that I was not able to do

675

00:28:56,020 --> 00:28:53,600

when I was

676  
00:28:57,250 --> 00:28:56,030  
younger just for the main purpose of

677  
00:29:01,390 --> 00:28:57,260  
running a business and raising children

678  
00:29:04,870 --> 00:29:01,400  
right sure so that's how I kind of came

679  
00:29:07,630 --> 00:29:04,880  
to explore crop circles I just said oh

680  
00:29:09,970 --> 00:29:07,640  
I'm passionate I want to go forward and

681  
00:29:11,560 --> 00:29:09,980  
understand this in more depth and that's

682  
00:29:17,380 --> 00:29:11,570  
that goes a long way that's a very

683  
00:29:18,730 --> 00:29:17,390  
underrated attribute that passion I'm

684  
00:29:20,950 --> 00:29:18,740  
surprised

685  
00:29:22,630 --> 00:29:20,960  
let me tell you anything you do in life

686  
00:29:25,240 --> 00:29:22,640  
you're going to hit hurdles and brick

687  
00:29:28,510 --> 00:29:25,250  
walls and if you don't have the passion

688  
00:29:29,770 --> 00:29:28,520

and the drive to get around those I mean

689

00:29:31,180 --> 00:29:29,780

there are times in your life and you

690

00:29:34,330 --> 00:29:31,190

just have to throw your hands up and go

691

00:29:37,060 --> 00:29:34,340

oh my goodness you know I didn't

692

00:29:38,710 --> 00:29:37,070

understand what you know that I did

693

00:29:40,299 --> 00:29:38,720

something that you know maybe I

694

00:29:43,450 --> 00:29:40,309

shouldn't have so I need to apologize

695

00:29:47,110 --> 00:29:43,460

and move forward and you need your

696

00:29:49,810 --> 00:29:47,120

passion to take you further and I've

697

00:29:51,899 --> 00:29:49,820

certainly hit a lot of walls and then

698

00:29:55,060 --> 00:29:51,909

learned and stepped over them and

699

00:29:57,880 --> 00:29:55,070

continued to move in that direction so I

700

00:30:00,130 --> 00:29:57,890

for any young people listening life is

701  
00:30:03,070 --> 00:30:00,140  
tough you know nobody tells you how

702  
00:30:06,279 --> 00:30:03,080  
difficult it's going to be yes just

703  
00:30:08,770 --> 00:30:06,289  
yesterday my my daughter in town was in

704  
00:30:11,740 --> 00:30:08,780  
driving she got completely sideswiped by

705  
00:30:13,990 --> 00:30:11,750  
a bus that's a big tour bus took off a

706  
00:30:15,520 --> 00:30:14,000  
wheel on her car and damaged the whole

707  
00:30:18,130 --> 00:30:15,530  
front of her car and then it drove away

708  
00:30:20,260 --> 00:30:18,140  
it was like a hit-and-run right right

709  
00:30:23,380 --> 00:30:20,270  
you know and I'm like oh well this stuff

710  
00:30:25,060 --> 00:30:23,390  
happens you know and thank God there was

711  
00:30:27,580 --> 00:30:25,070  
there's a camera there so we're going to

712  
00:30:29,440 --> 00:30:27,590  
be able to probably get the footage from

713  
00:30:32,409 --> 00:30:29,450

septa and figure out who hit her and

714

00:30:34,120 --> 00:30:32,419

move forward but it's really you got to

715

00:30:36,570 --> 00:30:34,130

prepare you got to be prepared for these

716

00:30:38,740 --> 00:30:36,580

curveballs that life throws at you

717

00:30:41,350 --> 00:30:38,750

protect yourself at all times

718

00:30:42,190 --> 00:30:41,360

check yourself at all times you know go

719

00:30:45,490 --> 00:30:42,200

slowly

720

00:30:48,549 --> 00:30:45,500

take a deep breath rethink you know if

721

00:30:49,990 --> 00:30:48,559

you've made a mistake apologize try to

722

00:30:53,260 --> 00:30:50,000

look at things from other people's

723

00:30:55,510 --> 00:30:53,270

perspective and move forward now life is

724

00:30:58,659 --> 00:30:55,520

not easy and especially with this UFO

725

00:31:00,880 --> 00:30:58,669

topic you know it's at least with the

726

00:31:03,970 --> 00:31:00,890

with the crop circles this is something

727

00:31:06,830 --> 00:31:03,980

I didn't mention with crop circles and

728

00:31:09,140 --> 00:31:06,840

randomly downed crop there's a lot of

729

00:31:11,780 --> 00:31:09,150

trace evidence and a lot of times with

730

00:31:15,440 --> 00:31:11,790

lights in the sky that fly by you know

731

00:31:17,270 --> 00:31:15,450

it's like somebody's you know statement

732

00:31:19,370 --> 00:31:17,280

yes I saw this and unless you have two

733

00:31:21,590 --> 00:31:19,380

or three people that see it or film it

734

00:31:23,390 --> 00:31:21,600

you don't have any physical trace

735

00:31:25,400 --> 00:31:23,400

evidence or radar that's right

736

00:31:27,500 --> 00:31:25,410

so with crop circles I think one of the

737

00:31:29,810 --> 00:31:27,510

reasons I was attracted to it is it's

738

00:31:31,940 --> 00:31:29,820

it's like amazing I you just walk right

739

00:31:33,740 --> 00:31:31,950

into it and it's huge and you can't even

740

00:31:36,080 --> 00:31:33,750

understand it because you can't see it

741

00:31:38,230 --> 00:31:36,090

from the air you need to have a drone

742

00:31:40,550 --> 00:31:38,240

now that flies over and snaps a picture

743

00:31:43,220 --> 00:31:40,560

so that you can understand what you're

744

00:31:45,350 --> 00:31:43,230

walking around in and there's tons of

745

00:31:46,490 --> 00:31:45,360

physical trace evidence I mean tons so

746

00:31:48,740 --> 00:31:46,500

much you couldn't even put it in your

747

00:31:51,410 --> 00:31:48,750

suitcase and bring it home not to

748

00:31:52,970 --> 00:31:51,420

mention that it's illegal these days for

749

00:31:55,010 --> 00:31:52,980

a long time specially in hope and mouth

750

00:31:58,580 --> 00:31:55,020

disease we couldn't bring anything home

751  
00:32:00,710 --> 00:31:58,590  
with us right from England but there's

752  
00:32:02,390 --> 00:32:00,720  
tons of trace evidence and that's what's

753  
00:32:05,800 --> 00:32:02,400  
so fascinating about the crop circle

754  
00:32:09,170 --> 00:32:05,810  
research yeah okay well I'm just

755  
00:32:11,930 --> 00:32:09,180  
wrapping up now there has been some

756  
00:32:15,290 --> 00:32:11,940  
controversy MUFON has not been without

757  
00:32:20,120 --> 00:32:15,300  
controversy recently because of some

758  
00:32:23,870 --> 00:32:20,130  
comments regarding John venturi you lost

759  
00:32:26,870 --> 00:32:23,880  
a guy Chris Cogswell who had taken over

760  
00:32:30,380 --> 00:32:26,880  
as director of scientific research for

761  
00:32:33,770 --> 00:32:30,390  
MUFON who was in for a while and then he

762  
00:32:38,180 --> 00:32:33,780  
was out over what he saw Ventris

763  
00:32:41,450 --> 00:32:38,190

continued involvement with MUFON what

764

00:32:44,360 --> 00:32:41,460

can you tell us about this that hasn't

765

00:32:46,760 --> 00:32:44,370

been good you know I like to give people

766

00:32:50,660 --> 00:32:46,770

the benefit of the doubt and I think in

767

00:32:54,380 --> 00:32:50,670

Chris Cogswell's case he probably maybe

768

00:32:57,290 --> 00:32:54,390

as a scientist he really never had a

769

00:32:59,720 --> 00:32:57,300

direct phone call with mr. Ventre to

770

00:33:02,330 --> 00:32:59,730

find out really what went on with his

771

00:33:04,790 --> 00:33:02,340

Facebook posts and John I think it's

772

00:33:06,920 --> 00:33:04,800

terribly embarrassed and very very sorry

773

00:33:10,550 --> 00:33:06,930

that he did what he did he worked for

774

00:33:13,250 --> 00:33:10,560

years with ups and security with African

775

00:33:16,850 --> 00:33:13,260

American people and he is really not a

776

00:33:20,029 --> 00:33:16,860

prejudiced person he wrote things in a

777

00:33:21,950 --> 00:33:20,039

tie rate over a piece of fake news

778

00:33:24,560 --> 00:33:21,960

that someone sent him he may even been

779

00:33:26,479 --> 00:33:24,570

deliberately set up and I'm sure if John

780

00:33:28,999 --> 00:33:26,489

could go back and do it over again he

781

00:33:31,340 --> 00:33:29,009

would he's made many public apologies

782

00:33:33,529 --> 00:33:31,350

but Chris didn't seem to be open to

783

00:33:36,379 --> 00:33:33,539

hearing anything from that and actually

784

00:33:39,200 --> 00:33:36,389

John may be slightly overinflated his

785

00:33:43,039 --> 00:33:39,210

position when we started this conference

786

00:33:44,690 --> 00:33:43,049

he was of course involved in MUFON PA as

787

00:33:46,519 --> 00:33:44,700

our state director and every state

788

00:33:49,369 --> 00:33:46,529

director is the one who's responsible

789

00:33:52,789 --> 00:33:49,379

for hosting a conference if it's in your

790

00:33:54,710 --> 00:33:52,799

city so John was very involved in 2014

791

00:33:57,589 --> 00:33:54,720

and did an excellent job which is why

792

00:34:00,619 --> 00:33:57,599

the conference was coming back in 2018

793

00:34:03,859 --> 00:34:00,629

so when he stepped down over a year ago

794

00:34:08,089 --> 00:34:03,869

I very happily stepped up we changed you

795

00:34:09,770 --> 00:34:08,099

know roles very effectively and you know

796

00:34:12,020 --> 00:34:09,780

John and I occasionally speak on the

797

00:34:14,089 --> 00:34:12,030

phone he's a nice guy

798

00:34:17,180 --> 00:34:14,099

but a lot of things happened as a result

799

00:34:19,369 --> 00:34:17,190

of you know his Facebook posts and I

800

00:34:22,609 --> 00:34:19,379

just think he wasn't thinking at the

801  
00:34:24,200 --> 00:34:22,619  
time but and Chris I think also had some

802  
00:34:26,450 --> 00:34:24,210  
personal things going on in his life

803  
00:34:29,119 --> 00:34:26,460  
that maybe he didn't mention and would

804  
00:34:33,200 --> 00:34:29,129  
best be left for his own personal

805  
00:34:35,899 --> 00:34:33,210  
reasons left unaddressed we all need to

806  
00:34:38,240 --> 00:34:35,909  
have a certain amount of privacy in our

807  
00:34:39,980 --> 00:34:38,250  
lives and I really respect that so the

808  
00:34:41,899 --> 00:34:39,990  
speed with which he stepped in and

809  
00:34:45,349 --> 00:34:41,909  
stepped out of MUFON a significant that

810  
00:34:47,210 --> 00:34:45,359  
maybe this was an easy excuse but John

811  
00:34:50,389 --> 00:34:47,220  
venturi has not been the chairperson for

812  
00:34:52,700 --> 00:34:50,399  
well over a year when this event came up

813  
00:34:55,639 --> 00:34:52,710

originally last May we made a transition

814

00:34:57,020 --> 00:34:55,649

easily he stepped down I stepped up Jan

815

00:34:59,450 --> 00:34:57,030

horizon-- from the national office

816

00:35:03,220 --> 00:34:59,460

called me and said will you take over

817

00:35:05,569 --> 00:35:03,230

and I said yes I'd be happy to so and

818

00:35:07,400 --> 00:35:05,579

the conference is really going to be

819

00:35:10,010 --> 00:35:07,410

wonderful the hotel's been wonderful to

820

00:35:12,049 --> 00:35:10,020

us and you know in any organization

821

00:35:15,289 --> 00:35:12,059

there's always going to be someone there

822

00:35:17,329 --> 00:35:15,299

who's trying to stir a soup pot or pull

823

00:35:19,599 --> 00:35:17,339

the organization apart and I usually

824

00:35:22,670 --> 00:35:19,609

think those are plants of some sort

825

00:35:24,980 --> 00:35:22,680

debunkers in some way who want to deface

826

00:35:27,020 --> 00:35:24,990

the whole topic and if you can't to face

827

00:35:29,180 --> 00:35:27,030

the topic then you go after a personal

828

00:35:31,069 --> 00:35:29,190

attack on the people who are involved in

829

00:35:32,930 --> 00:35:31,079

it and Travis Walton can tell you this

830

00:35:34,970 --> 00:35:32,940

very well right

831

00:35:37,309 --> 00:35:34,980

if you can't attack the data attack the

832

00:35:39,500 --> 00:35:37,319

person right this you hear Stanton

833

00:35:42,140 --> 00:35:39,510

Friedman say this all the time do your

834

00:35:44,569 --> 00:35:42,150

research you know by Proclamation not by

835

00:35:46,460 --> 00:35:44,579

research so don't pay attention to the

836

00:35:48,710 --> 00:35:46,470

facts they don't matter just you know

837

00:35:51,079 --> 00:35:48,720

produce the propaganda you want people

838

00:35:52,549 --> 00:35:51,089

will believe you and that's what's going

839

00:35:54,470 --> 00:35:52,559

on on this whole topic that's the

840

00:35:56,270 --> 00:35:54,480

backstory to it all there's something

841

00:35:58,400 --> 00:35:56,280

else afloat and there's always people

842

00:36:00,460 --> 00:35:58,410

that want to make people fight against

843

00:36:03,200 --> 00:36:00,470

one another and make them look

844

00:36:05,270 --> 00:36:03,210

discredited so I think that's a big part

845

00:36:08,150 --> 00:36:05,280

of what's happening and honestly it's

846

00:36:10,549 --> 00:36:08,160

such a small thing in the big picture of

847

00:36:12,260 --> 00:36:10,559

what's going on with Lewis Elizondo

848

00:36:13,819 --> 00:36:12,270

coming with this conference being here

849

00:36:15,440 --> 00:36:13,829

that anybody who's going to spend their

850

00:36:17,200 --> 00:36:15,450

time focusing on that it's kind of

851

00:36:20,150 --> 00:36:17,210

really looking in the wrong direction

852

00:36:24,140 --> 00:36:20,160

but maybe that's deliberate for some

853

00:36:26,089 --> 00:36:24,150

reason like I you know like when Clinton

854

00:36:29,270 --> 00:36:26,099

was in power and everybody was focused

855

00:36:32,569 --> 00:36:29,280

on what's going on on that blue dress

856

00:36:34,460 --> 00:36:32,579

who's Monica Lewinsky and whether or not

857

00:36:35,990 --> 00:36:34,470

the President had a relationship and

858

00:36:37,519 --> 00:36:36,000

that was inappropriate that he should

859

00:36:39,740 --> 00:36:37,529

have and shouldn't have had there was a

860

00:36:41,180 --> 00:36:39,750

whole backstory going on as well that

861

00:36:44,059 --> 00:36:41,190

what was going on in Congress at that

862

00:36:46,789 --> 00:36:44,069

time is they were all being handed the

863

00:36:49,039 --> 00:36:46,799

UFO braking briefing document that was

864

00:36:52,069 --> 00:36:49,049

prepared but you never heard about that

865

00:36:53,990 --> 00:36:52,079

in the news did you know we're all going

866

00:36:56,569 --> 00:36:54,000

to just talk about Monica Lewinsky

867

00:36:59,299 --> 00:36:56,579

so whenever the you know the media is

868

00:37:01,910 --> 00:36:59,309

like way overdone in a different area

869

00:37:04,519 --> 00:37:01,920

you need to step back objectively and

870

00:37:07,430 --> 00:37:04,529

say oh okay what am I not supposed to

871

00:37:10,880 --> 00:37:07,440

look good right don't pay attention to

872

00:37:12,650 --> 00:37:10,890

that guy behind the curtain of course

873

00:37:19,420 --> 00:37:12,660

I'm using a line from Wizard in The

874

00:37:27,410 --> 00:37:21,200

hopefully that answers your question

875

00:37:30,319 --> 00:37:27,420

yeah well it was John that John was on

876

00:37:34,130 --> 00:37:30,329

my Facebook friends list at the time and

877

00:37:36,289 --> 00:37:34,140

I did see the tweet in question and well

878

00:37:38,599 --> 00:37:36,299

it was was an unforced error let's put

879

00:37:41,769 --> 00:37:38,609

it that way yeah and the other thing is

880

00:37:45,349 --> 00:37:41,779

Facebook is Facebook and it shouldn't be

881

00:37:46,820 --> 00:37:45,359

held up as a representation of that was

882

00:37:48,350 --> 00:37:46,830

that's John's personal

883

00:37:50,750 --> 00:37:48,360

it doesn't have anything to do with his

884

00:37:52,460 --> 00:37:50,760

job and move on or if he'd been working

885

00:37:54,200 --> 00:37:52,470

at UPS at the time if he hadn't been

886

00:37:55,580 --> 00:37:54,210

retired you know what he does on

887

00:37:57,890 --> 00:37:55,590

Facebook doesn't really have that much

888

00:38:00,860 --> 00:37:57,900

to do with what goes on in a

889

00:38:05,030 --> 00:38:00,870

professional world but we live in a day

890

00:38:08,000 --> 00:38:05,040

and age where people are so much more

891

00:38:11,360 --> 00:38:08,010

rackin social media that may need to be

892

00:38:13,280 --> 00:38:11,370

and a lot of times you know think people

893

00:38:16,310 --> 00:38:13,290

do things not necessarily out of

894

00:38:19,040 --> 00:38:16,320

deliberate maliciousness but sometimes

895

00:38:21,800 --> 00:38:19,050

just you know plain stupidity I mean my

896

00:38:25,300 --> 00:38:21,810

gosh I certainly have done things where

897

00:38:28,340 --> 00:38:25,310

I'll say oh boy I wasn't thinking was I

898

00:38:29,840 --> 00:38:28,350

so you say you're sorry you know yeah

899

00:38:31,760 --> 00:38:29,850

look at the situation from the other

900

00:38:33,950 --> 00:38:31,770

person's perspective and you move on and

901  
00:38:36,490 --> 00:38:33,960  
certainly we all haven't move on I mean

902  
00:38:39,050 --> 00:38:36,500  
this is like such old news to us it's

903  
00:38:42,400 --> 00:38:39,060  
you know you got to keep up with what's

904  
00:38:45,080 --> 00:38:42,410  
going on and the whole UFO topic is

905  
00:38:47,300 --> 00:38:45,090  
constantly filled with new and

906  
00:38:49,190 --> 00:38:47,310  
interesting data coming forward so and

907  
00:38:51,230 --> 00:38:49,200  
that's much more interesting to look at

908  
00:38:52,970 --> 00:38:51,240  
so let's give people the benefit of a

909  
00:38:54,950 --> 00:38:52,980  
doubt you know that's that's the approach

910  
00:39:00,140 --> 00:38:54,960  
I've taken well we're going to see a lot

911  
00:39:02,660 --> 00:39:00,150  
of that next weekend then and you've got

912  
00:39:05,660 --> 00:39:02,670  
a great lineup I hope to be over there

913  
00:39:07,550 --> 00:39:05,670

if if I get there I'll hunt you down and

914

00:39:09,250 --> 00:39:07,560

you'll say who is this guy come out to

915

00:39:13,700 --> 00:39:09,260

me you know I'll just say hey it's me

916

00:39:15,440 --> 00:39:13,710

and yeah it should it should be a lot of

917

00:39:17,690 --> 00:39:15,450

fun and I certainly hope to get there

918

00:39:21,890 --> 00:39:17,700

have you got anything else for us that I

919

00:39:24,260 --> 00:39:21,900

haven't asked you about oh gosh I don't

920

00:39:26,480 --> 00:39:24,270

think so

921

00:39:28,550 --> 00:39:26,490

but let's do another show in depth about

922

00:39:30,590 --> 00:39:28,560

crop circles sometime in it okay all

923

00:39:34,070 --> 00:39:30,600

right I spoke at the International UFO

924

00:39:36,890 --> 00:39:34,080

Congress last year so I can send you a

925

00:39:39,830 --> 00:39:36,900

DVD of my talk and you can be a little

926

00:39:42,500 --> 00:39:39,840

more in-depth Oh or rantin to my

927

00:39:44,360 --> 00:39:42,510

perspective on what's going on and we

928

00:39:46,580 --> 00:39:44,370

can have a more in-depth show yeah

929

00:39:49,070 --> 00:39:46,590

absolutely yeah well I'll get that to

930

00:39:51,170 --> 00:39:49,080

you and yeah I'm looking forward to that

931

00:39:52,400 --> 00:39:51,180

because like I said it's a big field I

932

00:39:55,310 --> 00:39:52,410

know there's no way you could be an

933

00:39:57,900 --> 00:39:55,320

expert on every little aspect of it or

934

00:40:00,930 --> 00:39:57,910

even some big aspects of it

935

00:40:03,480 --> 00:40:00,940

yeah always always looking to know more

936

00:40:04,680 --> 00:40:03,490

looking to find out more best of luck to

937

00:40:06,059 --> 00:40:04,690

you next weekend I don't think you're

938

00:40:09,599 --> 00:40:06,069

gonna need it I think you're gonna have

939

00:40:11,609 --> 00:40:09,609

a big success at great lineup in a big

940

00:40:15,230 --> 00:40:11,619

Metro area so I think you're gonna fill

941

00:40:17,460 --> 00:40:15,240

that place from Friday to Sunday and

942

00:40:19,920 --> 00:40:17,470

be having over the next several weeks
