

SIMEON HEIN ON: UFOS, REMOTE VIEWING AND CROP CIRCLES

UFONN
SUNDAY

1
00:01:01,980 --> 00:00:30,470

[Music]

2
00:01:07,330 --> 00:01:05,590

and good morning from Philadelphia Frank

3
00:01:08,490 --> 00:01:07,340

here or good afternoon from Philadelphia

4
00:01:11,170 --> 00:01:08,500

sorry about that

5
00:01:13,630 --> 00:01:11,180

and James here from West Chester New

6
00:01:16,480 --> 00:01:13,640

York and we're ready to go with another

7
00:01:18,790 --> 00:01:16,490

episode of UFO News Network Sunday today

8
00:01:20,680 --> 00:01:18,800

we've got Simeon Hein with us to talk

9
00:01:23,920 --> 00:01:20,690

about a number of different things UFOs

10
00:01:25,660 --> 00:01:23,930

remote viewing crop circles James let

11
00:01:28,840 --> 00:01:25,670

that let's not waste the good man's time

12
00:01:32,469 --> 00:01:28,850

and now let's get right to it yes sir so

13
00:01:35,469 --> 00:01:32,479

you know it's a it's a it's a good thing

14

00:01:38,380 --> 00:01:35,479

we got Simeon on today I want to say

15

00:01:40,960 --> 00:01:38,390

that more so nowadays then even just a

16

00:01:43,180 --> 00:01:40,970

few years ago people have been on the

17

00:01:46,719 --> 00:01:43,190

consciousness wave of psy wave of things

18

00:01:50,440 --> 00:01:46,729

and have been looking at the deeper

19

00:01:52,870 --> 00:01:50,450

aspects of geology UFOs and what it

20

00:01:55,690 --> 00:01:52,880

represents and the high strangeness

21

00:01:57,820 --> 00:01:55,700

involved with it and and Simeon happens

22

00:02:01,330 --> 00:01:57,830

to have a great deal of great

23

00:02:03,969 --> 00:02:01,340

information on that so he's also on he's

24

00:02:05,680 --> 00:02:03,979

on YouTube and he has a website Simeon

25

00:02:06,960 --> 00:02:05,690

why don't you introduce yourself real

26

00:02:09,340 --> 00:02:06,970

quick so people know who you are

27

00:02:12,640 --> 00:02:09,350

well hey guys how's it going today and

28

00:02:16,660 --> 00:02:12,650

thanks for having me absolutely yeah

29

00:02:19,570 --> 00:02:16,670

well you know my background in sociology

30

00:02:23,350 --> 00:02:19,580

and statistics you know I used to teach

31

00:02:26,910 --> 00:02:23,360

statistics at a university and I got

32

00:02:30,070 --> 00:02:26,920

involved in remote viewing in 1996

33

00:02:31,900 --> 00:02:30,080

partly as a skeptic almost you know I

34

00:02:33,340 --> 00:02:31,910

mean not hard skeptic kind of thought

35

00:02:35,229 --> 00:02:33,350

you know I was open but I didn't think

36

00:02:38,590 --> 00:02:35,239

the average person had any psychic

37

00:02:40,750 --> 00:02:38,600

ability and you know that was my

38

00:02:42,819 --> 00:02:40,760

launching pad for a lot of things

39

00:02:44,890 --> 00:02:42,829

because it turned out you know I was

40

00:02:47,410 --> 00:02:44,900

wrong it works it's real and that meant

41

00:02:50,770 --> 00:02:47,420

a lot of other things I had learned in

42

00:02:51,490 --> 00:02:50,780

school in 27 years of school must be

43

00:02:53,620 --> 00:02:51,500

also wrong

44

00:02:55,990 --> 00:02:53,630

if our V was real it meant a lot of

45

00:02:57,370 --> 00:02:56,000

other phenomena were real that we had

46

00:02:59,259 --> 00:02:57,380

all been taught weren't real you know

47

00:03:00,789 --> 00:02:59,269

what I mean so that was enough I just

48

00:03:03,310 --> 00:03:00,799

started just jumping in real quick you

49

00:03:05,350 --> 00:03:03,320

realize saying that 96 times why roughly

50

00:03:08,470 --> 00:03:05,360

that's about the time that it first got

51
00:03:11,110 --> 00:03:08,480
my attention to with I think there was a

52
00:03:12,550 --> 00:03:11,120
book by Jim Schnabel a couple of TV

53
00:03:14,140 --> 00:03:12,560
documentaries is that

54
00:03:17,500 --> 00:03:14,150
what got your attention in the first

55
00:03:19,780 --> 00:03:17,510
place or something else no it was a

56
00:03:22,030 --> 00:03:19,790
class with dr. Courtney brown it

57
00:03:25,300 --> 00:03:22,040
he's a emory university and he had

58
00:03:26,830 --> 00:03:25,310
opened up his own RV research institute

59
00:03:30,970 --> 00:03:26,840
you know remote viewing research

60
00:03:38,070 --> 00:03:30,980
training institute he keep in mind guys

61
00:03:44,140 --> 00:03:40,570
yeah project Stargate was Declassified

62
00:03:47,259 --> 00:03:44,150
on and and the Ted Koppel show had

63
00:03:51,100 --> 00:03:47,269

something on it in 95 around that time

64

00:03:52,750 --> 00:03:51,110

period and it all of a sudden the people

65

00:03:55,150 --> 00:03:52,760

who have been involved in the military

66

00:03:57,670 --> 00:03:55,160

program were teaching classes in it one

67

00:04:00,789 --> 00:03:57,680

of the first was edy dames and Courtney

68

00:04:05,110 --> 00:04:00,799

had taken one of EDS classes I mean Edie

69

00:04:07,330 --> 00:04:05,120

taught one on one the way Ingo Swann his

70

00:04:08,589 --> 00:04:07,340

mentor had taught dingo taught some

71

00:04:10,690 --> 00:04:08,599

group classes but a lot of it was one on

72

00:04:11,949 --> 00:04:10,700

one so Courtney had studied with Edie

73

00:04:13,479 --> 00:04:11,959

and they were gonna work together but

74

00:04:15,430 --> 00:04:13,489

then for whatever reason they decide

75

00:04:17,979 --> 00:04:15,440

Courtney decided to do it on his own and

76

00:04:20,170 --> 00:04:17,989

he started teaching in Atlanta I heard

77

00:04:20,920 --> 00:04:20,180

him on community radio here in Boulder

78

00:04:23,440 --> 00:04:20,930

Colorado

79

00:04:25,600 --> 00:04:23,450

kay GNU which is a great yeah you know

80

00:04:27,940 --> 00:04:25,610

community radio station and I thought

81

00:04:29,730 --> 00:04:27,950

what is this stuff I'm part of me

82

00:04:32,920 --> 00:04:29,740

couldn't believe it he was describing

83

00:04:35,290 --> 00:04:32,930

viewing things at a distance going to

84

00:04:39,610 --> 00:04:35,300

other planets with your mind viewing

85

00:04:42,460 --> 00:04:39,620

things on Mars in the past and my kind

86

00:04:44,860 --> 00:04:42,470

of academic brain I mean I was kind of

87

00:04:46,390 --> 00:04:44,870

open to this and I thought you know it

88

00:04:49,480 --> 00:04:46,400

just kind of hit me guys like what is he

89

00:04:52,000 --> 00:04:49,490

talking I went and got his book I put it

90

00:04:55,990 --> 00:04:52,010

back on the shelf and almost walked out

91

00:04:58,330 --> 00:04:56,000

of the store hi guys I thought this is

92

00:04:59,950 --> 00:04:58,340

just gotta be and but a little voice in

93

00:05:04,120 --> 00:04:59,960

my head you know that little voice that

94

00:05:06,040 --> 00:05:04,130

says go back and get the book yeah right

95

00:05:10,060 --> 00:05:06,050

that's all like there was a feeling and

96

00:05:12,520 --> 00:05:10,070

I just obeyed whatever that was I went

97

00:05:17,020 --> 00:05:12,530

back and plunked down my 20 bucks in

98

00:05:19,779 --> 00:05:17,030

cash and bought the book and I just

99

00:05:21,520 --> 00:05:19,789

thought this is fascinating so to keep a

100

00:05:24,010 --> 00:05:21,530

long story short at the end of the book

101
00:05:26,020 --> 00:05:24,020
there was an 800 number to call him so I

102
00:05:27,700 --> 00:05:26,030
he said we have classes I thought

103
00:05:29,290 --> 00:05:27,710
you know I mean part of me said let's

104
00:05:29,770 --> 00:05:29,300
just go all the way and see if this is

105
00:05:31,510 --> 00:05:29,780
real or not

106
00:05:33,160 --> 00:05:31,520
so I called and he called back too so we

107
00:05:36,670 --> 00:05:33,170
got one space left in our make class in

108
00:05:40,210 --> 00:05:36,680
1996 and that's how it started and that

109
00:05:42,640 --> 00:05:40,220
was the foresight Institute yeah okay so

110
00:05:44,890 --> 00:05:42,650
you start you're into the remote viewing

111
00:05:48,730 --> 00:05:44,900
now how do you make the leap from remote

112
00:05:51,610 --> 00:05:48,740
viewing into UFOs well it has to do with

113
00:05:54,880 --> 00:05:51,620

target selection and a lot of other

114

00:05:58,090 --> 00:05:54,890

things I mean Courtney had an interest

115

00:06:00,700 --> 00:05:58,100

in UFO so by the end of the first week

116

00:06:02,170 --> 00:06:00,710

in the beginner class we weren't really

117

00:06:04,690 --> 00:06:02,180

viewing UFOs

118

00:06:06,760 --> 00:06:04,700

I don't remember directly we were

119

00:06:10,060 --> 00:06:06,770

viewing kind of more esoteric types of

120

00:06:16,990 --> 00:06:10,070

things and I believe it's when I came

121

00:06:19,570 --> 00:06:17,000

back for his advanced class that he had

122

00:06:22,000 --> 00:06:19,580

us start viewing some UFOs and crop

123

00:06:23,890 --> 00:06:22,010

circles and things like that even then

124

00:06:25,270 --> 00:06:23,900

though during this initial course that

125

00:06:28,330 --> 00:06:25,280

you went through you're getting enough

126
00:06:29,500 --> 00:06:28,340
feedback that you're feeling yeah there

127
00:06:30,640 --> 00:06:29,510
is something to this something that

128
00:06:33,220 --> 00:06:30,650
something must go it

129
00:06:34,240 --> 00:06:33,230
yeah let's yeah no no no thanks a lot

130
00:06:36,760 --> 00:06:34,250
Frank don't let's not jump bad too

131
00:06:41,710 --> 00:06:36,770
quickly yeah I I saw results in a couple

132
00:06:44,440 --> 00:06:41,720
days that defied logic okay it just was

133
00:06:47,200 --> 00:06:44,450
not in my belief system that you could

134
00:06:50,470 --> 00:06:47,210
really accurately describe a picture

135
00:06:52,540 --> 00:06:50,480
that you wouldn't see until later but I

136
00:06:56,050 --> 00:06:52,550
was able to do it with a picture of

137
00:06:59,410 --> 00:06:56,060
Cancun Mexico that was shockingly good

138
00:07:00,730 --> 00:06:59,420

and it just was too accurate my

139

00:07:03,340 --> 00:07:00,740

impressions were too accurate the

140

00:07:04,840 --> 00:07:03,350

drawing was just right but a lot of

141

00:07:08,410 --> 00:07:04,850

people got those same results during

142

00:07:10,120 --> 00:07:08,420

that eight day class and I'm not saying

143

00:07:12,580 --> 00:07:10,130

that I was totally happy with getting

144

00:07:14,410 --> 00:07:12,590

those results I mean let's be honest

145

00:07:16,060 --> 00:07:14,420

guys when you do something new there's a

146

00:07:19,240 --> 00:07:16,070

part of you that wants to confirm what

147

00:07:20,560 --> 00:07:19,250

you already believe and I thought it

148

00:07:23,740 --> 00:07:20,570

isn't going to work but it did work but

149

00:07:25,990 --> 00:07:23,750

I didn't know how it did it so I kind of

150

00:07:27,850 --> 00:07:26,000

felt wow and yet I'm feeling confused

151

00:07:30,370 --> 00:07:27,860

but that's kind of a good state to be

152

00:07:31,990 --> 00:07:30,380

into because it means hey maybe you were

153

00:07:33,580 --> 00:07:32,000

wrong with your idea about how reality

154

00:07:37,390 --> 00:07:33,590

works maybe there's other things going

155

00:07:39,770 --> 00:07:37,400

on in a big way didn't no one told you

156

00:07:43,610 --> 00:07:39,780

about and that's what it leads you

157

00:07:44,690 --> 00:07:43,620

to to start asking that types of

158

00:07:48,110 --> 00:07:44,700

questions it gets you to start asking

159

00:07:49,250 --> 00:07:48,120

which include when the topic obviously

160

00:07:51,409 --> 00:07:49,260

people who are interested in this are

161

00:07:53,210 --> 00:07:51,419

also interested in UFOs and that topic

162

00:07:55,970 --> 00:07:53,220

comes up it just starts bringing you

163

00:07:57,950 --> 00:07:55,980

into that topic and you think hey maybe

164

00:07:59,360 --> 00:07:57,960

there's more to it now eventually I'll

165

00:08:01,970 --> 00:07:59,370

tell you what really made to jump for me

166

00:08:03,320 --> 00:08:01,980

since that was your question it wasn't

167

00:08:05,750 --> 00:08:03,330

just these viewing targets because

168

00:08:08,200 --> 00:08:05,760

they're not verifiable when you could

169

00:08:10,310 --> 00:08:08,210

view a picture of a UFO or some or

170

00:08:12,290 --> 00:08:10,320

rasgulla you could just write it down in

171

00:08:15,080 --> 00:08:12,300

words like a Q on a page and have the

172

00:08:17,930 --> 00:08:15,090

viewer view it and he we viewed some of

173

00:08:20,450 --> 00:08:17,940

those targets it was more meeting people

174

00:08:22,220 --> 00:08:20,460

who came to Farsight Institute who had

175

00:08:23,990 --> 00:08:22,230

worked at NASA and I wrote about this in

176
00:08:26,180 --> 00:08:24,000
black swan ghosts my most recent book

177
00:08:28,520 --> 00:08:26,190
about encountering UFO witnesses the

178
00:08:31,550 --> 00:08:28,530
real first two for me were two guys that

179
00:08:34,070 --> 00:08:31,560
had worked at NASA one in the film

180
00:08:36,890 --> 00:08:34,080
department well he was a contractor to

181
00:08:39,409 --> 00:08:36,900
convert all the 16 millimeter film into

182
00:08:42,020 --> 00:08:39,419
video I believe he did this for them in

183
00:08:43,279 --> 00:08:42,030
like the 80s or something you know when

184
00:08:47,150 --> 00:08:43,289
video was starting to become more

185
00:08:49,100 --> 00:08:47,160
popular and he said to us you know there

186
00:08:50,780 --> 00:08:49,110
are structures on the moon I saw that in

187
00:08:52,700 --> 00:08:50,790
the 16 millimeter film that was never

188
00:08:54,980 --> 00:08:52,710

shown to the public oh wow

189

00:08:57,680 --> 00:08:54,990

not only are there structures there are

190

00:08:58,970 --> 00:08:57,690

buildings and bombed out glass

191

00:09:01,190 --> 00:08:58,980

structures he said there must have been

192

00:09:04,400 --> 00:09:01,200

a war on the moon but you know I thought

193

00:09:06,110 --> 00:09:04,410

sure this can I had a lot of credibility

194

00:09:08,360 --> 00:09:06,120

he was the only person to do this for

195

00:09:09,410 --> 00:09:08,370

NASA and he had seen all the 16

196

00:09:10,730 --> 00:09:09,420

millimeter film he said there are

197

00:09:12,920 --> 00:09:10,740

structures there you could see them with

198

00:09:14,840 --> 00:09:12,930

telescopes then there was another guy

199

00:09:16,340 --> 00:09:14,850

that worked as a civilian astronaut

200

00:09:17,600 --> 00:09:16,350

you know the civilian astronauts are the

201
00:09:18,560 --> 00:09:17,610
people that go through all the astronaut

202
00:09:20,510 --> 00:09:18,570
training but they never leave the

203
00:09:21,800 --> 00:09:20,520
atmosphere for whatever reason they test

204
00:09:23,060 --> 00:09:21,810
and they do a lot of stuff and they

205
00:09:25,820 --> 00:09:23,070
could they could be alternates and

206
00:09:28,000 --> 00:09:25,830
substitutes well this guy showed me the

207
00:09:30,320 --> 00:09:28,010
picture of him in the shuttle uniform

208
00:09:33,920 --> 00:09:30,330
with the whole group of shuttle

209
00:09:37,340 --> 00:09:33,930
astronauts and he said he told me things

210
00:09:40,070 --> 00:09:37,350
about a secret space program and things

211
00:09:43,970 --> 00:09:40,080
like this and he talked explicitly about

212
00:09:45,920 --> 00:09:43,980
triangular craft yeah and things like

213
00:09:47,600 --> 00:09:45,930

this and he said those belong to us but

214

00:09:49,640 --> 00:09:47,610

he said we had gotten that from

215

00:09:51,560 --> 00:09:49,650

extraterrestrial technology you see that

216

00:09:53,040 --> 00:09:51,570

started where it started going so these

217

00:09:55,710 --> 00:09:53,050

are very to credible

218

00:09:58,680 --> 00:09:55,720

people you could not discount them very

219

00:09:59,790 --> 00:09:58,690

easily who were saying we worked for

220

00:10:02,579 --> 00:09:59,800

NASA and they're not telling you

221

00:10:04,320 --> 00:10:02,589

everything then and I'll stop talking

222

00:10:07,829 --> 00:10:04,330

right after this is I went to a UFO

223

00:10:12,720 --> 00:10:07,839

conference in like July or I think was

224

00:10:14,579 --> 00:10:12,730

July of 96 August in Denver I thought I

225

00:10:16,590 --> 00:10:14,589

gotta find out more about this subject

226

00:10:20,579 --> 00:10:16,600

you know and I just got curious in there

227

00:10:23,310 --> 00:10:20,589

I found more credible witnesses dr.

228

00:10:24,960 --> 00:10:23,320

Roger Leir the implants there was this

229

00:10:26,490 --> 00:10:24,970

associate I forgot the guy's name the

230

00:10:29,040 --> 00:10:26,500

guy that worked with dr. Roger Leir back

231

00:10:30,329 --> 00:10:29,050

then and we got to handle these implants

232

00:10:32,130 --> 00:10:30,339

and there were a lot of credible people

233

00:10:33,329 --> 00:10:32,140

there more than I would thought I didn't

234

00:10:34,680 --> 00:10:33,339

know what to expect at a UFO conference

235

00:10:36,240 --> 00:10:34,690

I've had a lot of credible people so

236

00:10:38,790 --> 00:10:36,250

this all kind of hit me in the space of

237

00:10:42,449 --> 00:10:38,800

a few months and that's how it all kind

238

00:10:44,579 --> 00:10:42,459

of goes together and when you were going

239

00:10:47,460 --> 00:10:44,589

from there were what was your initial

240

00:10:48,810 --> 00:10:47,470

thought I mean were you thinking you

241

00:10:50,970 --> 00:10:48,820

know your offers are probably real or

242

00:10:52,889 --> 00:10:50,980

they might be extraterrestrial you know

243

00:10:55,710 --> 00:10:52,899

what was when it started when you

244

00:11:00,350 --> 00:10:55,720

started looking into it was your initial

245

00:11:02,579 --> 00:11:00,360

reaction you know a lot of my initial

246

00:11:05,370 --> 00:11:02,589

information was from Courtney since he

247

00:11:08,000 --> 00:11:05,380

had written cosmic voyage and in that

248

00:11:10,350 --> 00:11:08,010

book he described viewing grays and

249

00:11:12,329 --> 00:11:10,360

Martians and things like this so I got a

250

00:11:13,620 --> 00:11:12,339

lot of the information from him and I

251
00:11:15,210 --> 00:11:13,630
might not have been too critical back

252
00:11:17,430 --> 00:11:15,220
then so I kind of believed what he

253
00:11:19,170 --> 00:11:17,440
believed about it but you give to

254
00:11:20,910 --> 00:11:19,180
imagine were kind of in a group there at

255
00:11:23,130 --> 00:11:20,920
the Holiday Inn so there's a lot of time

256
00:11:25,260 --> 00:11:23,140
to talk to other people a lot of time

257
00:11:26,790 --> 00:11:25,270
because we're living there and working

258
00:11:29,819 --> 00:11:26,800
there during the day so you're talking

259
00:11:31,440 --> 00:11:29,829
to a lot of people and you kind of it

260
00:11:33,090 --> 00:11:31,450
since it was a new topic for me most

261
00:11:34,650 --> 00:11:33,100
entirely new I have to tell you I had a

262
00:11:37,319 --> 00:11:34,660
UFO sighting with my mom in the

263
00:11:39,240 --> 00:11:37,329

Everglades but I was 10 years old I was

264

00:11:41,400 --> 00:11:39,250

just a 10 year old or something 12 maybe

265

00:11:44,639 --> 00:11:41,410

yeah so I didn't know what to make of it

266

00:11:47,280 --> 00:11:44,649

but my mom said hey it's a UFO is this

267

00:11:51,030 --> 00:11:47,290

kind of green glowing object above us

268

00:11:53,009 --> 00:11:51,040

very big with kind of a even pattern of

269

00:11:54,569 --> 00:11:53,019

lights or dots or something we had

270

00:11:56,340 --> 00:11:54,579

binoculars so you could see it really

271

00:11:59,850 --> 00:11:56,350

close up and it wasn't anything I could

272

00:12:02,069 --> 00:11:59,860

identify and so way back even nano what

273

00:12:05,579 --> 00:12:02,079

is this and I had read a couple books a

274

00:12:06,840 --> 00:12:05,589

few I read Mothman Prophecies by John

275

00:12:08,670 --> 00:12:06,850

keel

276

00:12:12,360 --> 00:12:08,680

as a teenager and then I came across

277

00:12:15,180 --> 00:12:12,370

Timothy Goods book above top secret I

278

00:12:16,949 --> 00:12:15,190

believe that was while I was at college

279

00:12:18,720 --> 00:12:16,959

or something kind of around the time but

280

00:12:21,240 --> 00:12:18,730

it wasn't anything ever talked to

281

00:12:22,829 --> 00:12:21,250

anybody about and no one in graduate

282

00:12:25,050 --> 00:12:22,839

school ever mention any of this stuff so

283

00:12:26,610 --> 00:12:25,060

it kind of faded away so when I got came

284

00:12:28,740 --> 00:12:26,620

back to Courtney kind of the interest

285

00:12:30,540 --> 00:12:28,750

kind of was there again I gonna add my

286

00:12:32,759 --> 00:12:30,550

own siding and it did feel quite

287

00:12:35,150 --> 00:12:32,769

something that really did not fit

288

00:12:37,139 --> 00:12:35,160

ordinary description of reality so

289

00:12:38,249 --> 00:12:37,149

that's kind of how it all started so I

290

00:12:39,389 --> 00:12:38,259

kind of you know got in love with

291

00:12:42,030 --> 00:12:39,399

Courtney and then I ended up teaching

292

00:12:43,769 --> 00:12:42,040

there encountered more people I worked

293

00:12:45,600 --> 00:12:43,779

with Courtney for about a year I'm still

294

00:12:47,220 --> 00:12:45,610

on his board of directors for Farsight

295

00:12:49,170 --> 00:12:47,230

Institute and then I started my own

296

00:12:54,329 --> 00:12:49,180

Institute out here in Boulder Colorado

297

00:12:57,449 --> 00:12:54,339

the Mount Baldy Institute and have been

298

00:12:59,879 --> 00:12:57,459

teaching RV I taught taught I read a lot

299

00:13:01,680 --> 00:12:59,889

of people I have online classes so

300

00:13:04,889 --> 00:13:01,690

people can kind of study anytime they

301
00:13:07,650 --> 00:13:04,899
want watch the videos and so to kind of

302
00:13:09,269 --> 00:13:07,660
answer your question James these topics

303
00:13:11,309 --> 00:13:09,279
kind of go together just because it

304
00:13:13,740 --> 00:13:11,319
opens up your aperture to get involved

305
00:13:15,600 --> 00:13:13,750
with something like RV and I think now

306
00:13:19,230 --> 00:13:15,610
that when you open up that aperture to

307
00:13:20,730 --> 00:13:19,240
allow like more ideas and about what

308
00:13:23,850 --> 00:13:20,740
could be real that you might not have

309
00:13:25,740 --> 00:13:23,860
believed in earlier you start

310
00:13:28,740 --> 00:13:25,750
encountering more people who are

311
00:13:31,230 --> 00:13:28,750
interested in more evidence and it just

312
00:13:32,879 --> 00:13:31,240
sort of grows you go to conferences you

313
00:13:35,519 --> 00:13:32,889

get curious you start asking questions

314

00:13:37,499 --> 00:13:35,529

you encounter more witnesses and

315

00:13:39,420 --> 00:13:37,509

eventually I mean you read a book about

316

00:13:42,030 --> 00:13:39,430

it might the book Black Swan goes is

317

00:13:45,269 --> 00:13:42,040

only really about my encounters with UFO

318

00:13:47,040 --> 00:13:45,279

ET witnesses not like I saw people out

319

00:13:48,689 --> 00:13:47,050

they kind of know you're involved with

320

00:13:50,009 --> 00:13:48,699

RV and they sometimes say hey I got to

321

00:13:51,840 --> 00:13:50,019

tell you something something like that

322

00:13:53,249 --> 00:13:51,850

maybe they never even talked to anyone

323

00:13:54,900 --> 00:13:53,259

before you know these are witnesses

324

00:13:56,009 --> 00:13:54,910

who've never did an interview great

325

00:13:57,300 --> 00:13:56,019

there are a lot of great people out

326

00:13:59,970 --> 00:13:57,310

there like that I've never talked for

327

00:14:01,639 --> 00:13:59,980

whatever reason and you know being an

328

00:14:04,259 --> 00:14:01,649

open-minded person I have to say

329

00:14:06,059 --> 00:14:04,269

open-minded in scientific you have to go

330

00:14:07,590 --> 00:14:06,069

with the evidence if you're encountering

331

00:14:11,069 --> 00:14:07,600

people who've encountered this phenomena

332

00:14:13,019 --> 00:14:11,079

and you go to conferences and you read

333

00:14:14,550 --> 00:14:13,029

and you do your research like other

334

00:14:16,889 --> 00:14:14,560

people have done in this field and you

335

00:14:20,220 --> 00:14:16,899

say this is like an ignored topic in

336

00:14:22,889 --> 00:14:20,230

academia I mean this is a good topic

337

00:14:25,110 --> 00:14:22,899

you've got government interest

338

00:14:27,870 --> 00:14:25,120

government disinformation which isn't

339

00:14:31,230 --> 00:14:27,880

unusual lots of witnesses

340

00:14:33,150 --> 00:14:31,240

lots of verifiable evidence and trace

341

00:14:36,120 --> 00:14:33,160

cases on the ground

342

00:14:39,509 --> 00:14:36,130

pilots military witnesses it's a great

343

00:14:40,800 --> 00:14:39,519

topic and yet it's very mysterious so

344

00:14:42,509 --> 00:14:40,810

it's a great topic until I begin to

345

00:14:43,980 --> 00:14:42,519

wonder well how come no one's talking

346

00:14:46,680 --> 00:14:43,990

about this I mean how come I know one

347

00:14:49,829 --> 00:14:46,690

there's no departments in academia and I

348

00:14:52,800 --> 00:14:49,839

didn't I began to believe that our

349

00:14:55,259 --> 00:14:52,810

society was censoring out a lot of

350

00:14:56,910 --> 00:14:55,269

important topics not only our V I mean

351

00:14:58,530 --> 00:14:56,920

admittedly that was classified so you

352

00:15:01,379 --> 00:14:58,540

don't expect people to know about it

353

00:15:03,420 --> 00:15:01,389

but still when I talked to people I said

354

00:15:05,910 --> 00:15:03,430

I had done it there I encountered a lot

355

00:15:08,069 --> 00:15:05,920

of skepticism irrational skepticism and

356

00:15:09,569 --> 00:15:08,079

I began to find there a lot of topics

357

00:15:12,259 --> 00:15:09,579

that we weren't told about in school

358

00:15:14,939 --> 00:15:12,269

basically cut a long story short again

359

00:15:16,439 --> 00:15:14,949

you basically begin to come to the

360

00:15:19,560 --> 00:15:16,449

conclusion that our description of

361

00:15:20,490 --> 00:15:19,570

reality is incomplete not wrong I mean

362

00:15:22,740 --> 00:15:20,500

the one we're taught in school

363

00:15:24,780 --> 00:15:22,750

it's not wrong it's incomplete there's

364

00:15:28,189 --> 00:15:24,790

just a lot more going on just in the way

365

00:15:32,910 --> 00:15:28,199

that Einstein E and general relativity

366

00:15:36,569 --> 00:15:32,920

he planted Newtonian physics Newtonian

367

00:15:38,400 --> 00:15:36,579

physics works at low velocities but it's

368

00:15:40,050 --> 00:15:38,410

not a complete description that's kind

369

00:15:42,060 --> 00:15:40,060

of how I came to view what's going on

370

00:15:45,750 --> 00:15:42,070

around us is there's a lot more

371

00:15:47,100 --> 00:15:45,760

phenomena that are real just a just one

372

00:15:50,939 --> 00:15:47,110

quick question yeah you brought up

373

00:15:52,769 --> 00:15:50,949

Einstein and it's fairly well known from

374

00:15:54,689 --> 00:15:52,779

people who follow them a little bit more

375

00:15:56,790 --> 00:15:54,699

closely then he came up with a lot of

376

00:15:59,280 --> 00:15:56,800

his ideas that regarding gravity and

377

00:16:01,110 --> 00:15:59,290

relativity from these thought

378

00:16:03,180 --> 00:16:01,120

experiments do you think he was doing

379

00:16:06,500 --> 00:16:03,190

kind of an armchair version of remote

380

00:16:08,670 --> 00:16:06,510

viewing to get some of these revelations

381

00:16:12,030 --> 00:16:08,680

well Frank that's a really good question

382

00:16:13,769 --> 00:16:12,040

and it's something we all think about a

383

00:16:16,160 --> 00:16:13,779

lot because you get a lot of creative

384

00:16:21,680 --> 00:16:16,170

people like him creative scientists

385

00:16:24,360 --> 00:16:21,690

Tesla is another one who and many many

386

00:16:26,939 --> 00:16:24,370

scientists when they use their

387

00:16:29,790 --> 00:16:26,949

imagination and are able to come up with

388

00:16:31,769 --> 00:16:29,800

correct descriptions of reality not

389

00:16:33,870 --> 00:16:31,779

using it from formal analysis they

390

00:16:36,000 --> 00:16:33,880

obviously had a lot of training but I

391

00:16:39,840 --> 00:16:36,010

sign was a patent Clerk before this you

392

00:16:42,840 --> 00:16:39,850

know oh yeah so you wonder how people

393

00:16:45,150 --> 00:16:42,850

like that mitad lee they're geniuses but

394

00:16:46,890 --> 00:16:45,160

is there more than just IQ and I'd have

395

00:16:49,680 --> 00:16:46,900

to say yeah I would have to agree with

396

00:16:54,180 --> 00:16:49,690

you I think they're doing a type of RV

397

00:16:56,880 --> 00:16:54,190

because I think RV is a subset of ways

398

00:17:00,510 --> 00:16:56,890

that we interact with parallel realities

399

00:17:03,270 --> 00:17:00,520

and if you can move your mind around

400

00:17:04,949 --> 00:17:03,280

through different realities a little

401
00:17:07,410 --> 00:17:04,959
beyond the one that we're in right now

402
00:17:08,130 --> 00:17:07,420
you would see alternatives that don't

403
00:17:10,199 --> 00:17:08,140
exist yet

404
00:17:11,910 --> 00:17:10,209
but it could exist have a potential to

405
00:17:16,439 --> 00:17:11,920
exist and a lot of people have written

406
00:17:18,420 --> 00:17:16,449
books about this sort of idea where you

407
00:17:21,120 --> 00:17:18,430
know they talk about adjacent possible

408
00:17:22,410 --> 00:17:21,130
potential possibilities they use very

409
00:17:23,880 --> 00:17:22,420
complex language because they don't talk

410
00:17:25,050 --> 00:17:23,890
about parallel realities because they're

411
00:17:28,260 --> 00:17:25,060
not familiar with it but they talk about

412
00:17:30,420 --> 00:17:28,270
the adjacent possible and how

413
00:17:32,250 --> 00:17:30,430

imagination is important kind of not

414

00:17:33,690 --> 00:17:32,260

just in science but in music and all

415

00:17:36,150 --> 00:17:33,700

sorts of creative endeavor so to answer

416

00:17:39,210 --> 00:17:36,160

your question yeah I would say it's

417

00:17:41,610 --> 00:17:39,220

similar to our V because they're moving

418

00:17:44,610 --> 00:17:41,620

around into what we call the future to

419

00:17:46,920 --> 00:17:44,620

look at solutions and possibilities a

420

00:17:49,110 --> 00:17:46,930

Tesla was the same way I mean apparently

421

00:17:50,850 --> 00:17:49,120

he would see his inventions before he

422

00:17:53,520 --> 00:17:50,860

created them and could move them around

423

00:17:55,800 --> 00:17:53,530

in his mind and see how they worked so I

424

00:17:59,610 --> 00:17:55,810

would agree it's a type of RV I think so

425

00:18:02,370 --> 00:17:59,620

that's my view okay interesting you know

426

00:18:04,680 --> 00:18:02,380

grant Cameron he talks about downloads

427

00:18:08,720 --> 00:18:04,690

and some of these inventions and Venters

428

00:18:11,310 --> 00:18:08,730

and musicians who get these downloads of

429

00:18:14,970 --> 00:18:11,320

information end up becoming you know

430

00:18:17,250 --> 00:18:14,980

these big things just really briefly you

431

00:18:19,530 --> 00:18:17,260

know how if somebody wanted to tap into

432

00:18:20,820 --> 00:18:19,540

these you know adjacent potentialities

433

00:18:23,160 --> 00:18:20,830

how would they do that through

434

00:18:25,800 --> 00:18:23,170

practicing remote viewing or you know

435

00:18:27,360 --> 00:18:25,810

what means what they use well personally

436

00:18:29,550 --> 00:18:27,370

I for everybody know it's a good

437

00:18:31,530 --> 00:18:29,560

question yes it is sort of different

438

00:18:34,490 --> 00:18:31,540

from everybody but I would have to say

439

00:18:36,690 --> 00:18:34,500

that when you use your imagination

440

00:18:38,820 --> 00:18:36,700

you're doing a type of time travel

441

00:18:41,070 --> 00:18:38,830

that's my belief now now I know that

442

00:18:42,780 --> 00:18:41,080

sounds kind of radical but I've been

443

00:18:45,540 --> 00:18:42,790

thinking about all this enough for 20

444

00:18:47,310 --> 00:18:45,550

years about how all this works why are

445

00:18:47,670 --> 00:18:47,320

these topics associated together why do

446

00:18:49,260 --> 00:18:47,680

they seem

447

00:18:52,620 --> 00:18:49,270

go together why do you get so much

448

00:18:55,380 --> 00:18:52,630

resistance from mainstream science and I

449

00:18:57,660 --> 00:18:55,390

would have to say the only way it would

450

00:19:00,770 --> 00:18:57,670

make sense is if what we call

451

00:19:03,750 --> 00:19:00,780

imagination is a type of time-travel

452

00:19:05,250 --> 00:19:03,760

ability that we all have to see

453

00:19:07,680 --> 00:19:05,260

alternative possibilities because I

454

00:19:09,420 --> 00:19:07,690

think when you look around you in your

455

00:19:11,820 --> 00:19:09,430

room wherever you are right now and just

456

00:19:16,500 --> 00:19:11,830

change what the color of one thing to

457

00:19:18,660 --> 00:19:16,510

another color that's a real the only

458

00:19:21,150 --> 00:19:18,670

reason you can do that in your mind is

459

00:19:22,830 --> 00:19:21,160

because it's a real parallel reality to

460

00:19:24,750 --> 00:19:22,840

the one that you're in now it's a very

461

00:19:27,090 --> 00:19:24,760

slight change but that technically is a

462

00:19:29,120 --> 00:19:27,100

parallel reality right and that's how I

463

00:19:32,730 --> 00:19:29,130

see it now I don't know if that would

464

00:19:34,230 --> 00:19:32,740

satisfy your question I mean I know that

465

00:19:36,690 --> 00:19:34,240

you like that answer but that's the way

466

00:19:38,820 --> 00:19:36,700

I see it imagination and arvy are

467

00:19:42,150 --> 00:19:38,830

related because they're all involved in

468

00:19:43,770 --> 00:19:42,160

looking at slight Vord different

469

00:19:46,560 --> 00:19:43,780

versions of the reality we're in right

470

00:19:48,570 --> 00:19:46,570

now are sometimes very large differences

471

00:19:50,160 --> 00:19:48,580

but they're all parallel realities no I

472

00:19:51,810 --> 00:19:50,170

think it's down to the gist of it I mean

473

00:19:55,290 --> 00:19:51,820

that you know honestly that that's a

474

00:19:57,120 --> 00:19:55,300

whole lecture within itself of G you

475

00:20:00,030 --> 00:19:57,130

know adjacent potentialities parallel

476

00:20:02,430 --> 00:20:00,040

universes fractals and you know other

477

00:20:04,440 --> 00:20:02,440

top talk well let me just say one more

478

00:20:05,640 --> 00:20:04,450

thing I mean that I did create a it

479

00:20:07,800 --> 00:20:05,650

seemed to me that it made so much sense

480

00:20:09,350 --> 00:20:07,810

I created another set of classes out of

481

00:20:11,820 --> 00:20:09,360

that originally I was just teaching RV

482

00:20:13,290 --> 00:20:11,830

which I called resonant viewing because

483

00:20:15,000 --> 00:20:13,300

I don't think it's really remote because

484

00:20:16,290 --> 00:20:15,010

if it's parallel realities they're right

485

00:20:19,860 --> 00:20:16,300

next to you they're not really far away

486

00:20:22,500 --> 00:20:19,870

so I called it but I developed another

487

00:20:24,840 --> 00:20:22,510

class that I call human fusion it's a

488

00:20:27,150 --> 00:20:24,850

class I teach once in awhile like a

489

00:20:29,430 --> 00:20:27,160

small group coaching class to show

490

00:20:31,200 --> 00:20:29,440

people how to use their imagination in a

491

00:20:32,700 --> 00:20:31,210

productive way it's a kind of an

492

00:20:35,250 --> 00:20:32,710

extension of RV I think you get what I'm

493

00:20:36,540 --> 00:20:35,260

talking about yeah absolutely yeah you

494

00:20:37,830 --> 00:20:36,550

know I saw that on your website I was

495

00:20:41,910 --> 00:20:37,840

wondering what that was where do you

496

00:20:45,570 --> 00:20:41,920

teach these classes there people can

497

00:20:47,430 --> 00:20:45,580

people can I teach him online the human

498

00:20:49,470 --> 00:20:47,440

Fusion class is through a group

499

00:20:51,840 --> 00:20:49,480

teleconference call so people take it

500

00:20:54,450 --> 00:20:51,850

from other countries and I'm doing some

501
00:20:55,890 --> 00:20:54,460
classes in Denver in November November

502
00:20:58,590 --> 00:20:55,900
if you're in the Denver area I'm

503
00:21:00,330 --> 00:20:58,600
teaching I'm doing like a lecture about

504
00:21:01,200 --> 00:21:00,340
the multiverse and evidence for the

505
00:21:04,260 --> 00:21:01,210
multiverse

506
00:21:06,720 --> 00:21:04,270
on in Denver on November 11th and then a

507
00:21:10,200 --> 00:21:06,730
week later at the same location I'm

508
00:21:13,020 --> 00:21:10,210
doing a one-day RV class so sometimes I

509
00:21:15,870 --> 00:21:13,030
do them in locations we did an RV class

510
00:21:17,550 --> 00:21:15,880
in Coeur d'Alene Idaho last May so

511
00:21:19,440 --> 00:21:17,560
sometimes I do them in physical

512
00:21:22,290 --> 00:21:19,450
locations and sometimes it's online the

513
00:21:25,130 --> 00:21:22,300

RV classes are recorded so people can

514

00:21:28,260 --> 00:21:25,140

kind of do self-study yeah absolutely

515

00:21:30,270 --> 00:21:28,270

you know getting getting to another

516

00:21:34,980 --> 00:21:30,280

topic because yeah you know the first

517

00:21:38,900 --> 00:21:34,990

video that I saw from you was the blue

518

00:21:41,010 --> 00:21:38,910

shift yeah to me that was fast

519

00:21:43,560 --> 00:21:41,020

especially you know from field

520

00:21:46,860 --> 00:21:43,570

experience you've seen some of the

521

00:21:49,380 --> 00:21:46,870

phenomena you see often time blue

522

00:21:51,870 --> 00:21:49,390

flashes and I'm talking about for

523

00:21:54,690 --> 00:21:51,880

confirmable anomalies not a weather

524

00:21:57,720 --> 00:21:54,700

phenomenon or conventional man-made

525

00:22:01,200 --> 00:21:57,730

satellites but you'll see like a sky

526
00:22:03,240 --> 00:22:01,210
quake or what people call flashbulb or

527
00:22:06,150 --> 00:22:03,250
something like that and you'll see

528
00:22:07,320 --> 00:22:06,160
you'll see a blue flash and so when I

529
00:22:09,420 --> 00:22:07,330
saw your video on that it was pretty

530
00:22:10,590 --> 00:22:09,430
fascinated and then how that tied

531
00:22:11,610 --> 00:22:10,600
together with other stuff and you had

532
00:22:14,670 --> 00:22:11,620
mentioned you went to the over

533
00:22:16,950 --> 00:22:14,680
conference and and so how booth off

534
00:22:19,230 --> 00:22:16,960
talked about some stuff as well can you

535
00:22:23,580 --> 00:22:19,240
get rid of that yeah that's a really

536
00:22:28,950 --> 00:22:23,590
good question James I mean we all knew

537
00:22:30,720 --> 00:22:28,960
how to put off from RV right he was with

538
00:22:33,260 --> 00:22:30,730

Russell Targ who worked with Ingo Swann

539

00:22:35,850 --> 00:22:33,270

and Pat price and other psychics to

540

00:22:38,910 --> 00:22:35,860

determine if this was a real phenomena

541

00:22:40,920 --> 00:22:38,920

could it be used in a you know practical

542

00:22:46,110 --> 00:22:40,930

way the way governments use information

543

00:22:48,570 --> 00:22:46,120

stuff like that and not as many people

544

00:22:50,360 --> 00:22:48,580

mentioned but back in those very early

545

00:22:52,950 --> 00:22:50,370

days at Stanford Research Institute

546

00:22:55,410 --> 00:22:52,960

Jacques Vallee was also involved that's

547

00:22:57,210 --> 00:22:55,420

right Jacques Vallee wasn't interesting

548

00:23:00,060 --> 00:22:57,220

and he was at one of the herb

549

00:23:02,130 --> 00:23:00,070

conferences as the keynote oh wow yeah

550

00:23:04,950 --> 00:23:02,140

yeah yeah before became the government

551
00:23:06,570 --> 00:23:04,960
classified he was yeah yeah he was

552
00:23:08,640 --> 00:23:06,580
working there Jacque fell they was

553
00:23:13,380 --> 00:23:08,650
working there he's never talked about it

554
00:23:14,760 --> 00:23:13,390
that much that I'm aware cuz we know him

555
00:23:17,430 --> 00:23:14,770
where's the UFO guy right

556
00:23:22,890 --> 00:23:17,440
but yet you see you see the link from

557
00:23:25,620 --> 00:23:22,900
the very beginning here yeah so Jacques

558
00:23:28,260 --> 00:23:25,630
Vallee is involved and he is interested

559
00:23:30,720 --> 00:23:28,270
in RV and he also has a point of view

560
00:23:32,700 --> 00:23:30,730
that there's something interdimensional

561
00:23:35,280 --> 00:23:32,710
about UFOs it's not just little guys

562
00:23:38,400 --> 00:23:35,290
getting in a metal ship and flying over

563
00:23:40,530 --> 00:23:38,410

here from their planet and yeah and it's

564

00:23:42,660 --> 00:23:40,540

also because of his experience with UFO

565

00:23:44,670 --> 00:23:42,670

witnesses he told me about this

566

00:23:47,160 --> 00:23:44,680

personally that they have psychic

567

00:23:50,340 --> 00:23:47,170

experiences before their encounter and

568

00:23:52,590 --> 00:23:50,350

after like the Mansfield Ohio incident

569

00:23:54,840 --> 00:23:52,600

in 1973 with Colonel coin and the

570

00:23:59,100 --> 00:23:54,850

National Guardsman in the helicopter he

571

00:24:00,990 --> 00:23:59,110

told me that they all reported or some

572

00:24:02,820 --> 00:24:01,000

of them reported psychic experiences

573

00:24:06,660 --> 00:24:02,830

before the event happened and afterwards

574

00:24:08,190 --> 00:24:06,670

that were very unusual yeah that's a

575

00:24:10,110 --> 00:24:08,200

great case yeah and that's the high

576

00:24:12,840 --> 00:24:10,120

strangeness aspect that's so important

577

00:24:14,670 --> 00:24:12,850

to us it is guys it doesn't fit into

578

00:24:17,190 --> 00:24:14,680

these boxes we have in our minds right

579

00:24:18,900 --> 00:24:17,200

because you could understand an object

580

00:24:20,850 --> 00:24:18,910

okay it's approaching the helicopter

581

00:24:22,680 --> 00:24:20,860

looks you know like a submarine in the

582

00:24:23,970 --> 00:24:22,690

air and the blue green light that goes

583

00:24:26,370 --> 00:24:23,980

you know all that right that goes into

584

00:24:28,170 --> 00:24:26,380

the cockpit and then the compass stops

585

00:24:30,330 --> 00:24:28,180

working right the radio doesn't function

586

00:24:32,310 --> 00:24:30,340

the compass has to be replaced it's so

587

00:24:35,820 --> 00:24:32,320

out of whack it's spinning around after

588

00:24:37,830 --> 00:24:35,830

the incident but then why would that be

589

00:24:40,530 --> 00:24:37,840

associated with psychic phenomena even

590

00:24:42,480 --> 00:24:40,540

before the event and Kathleen Martens

591

00:24:45,660 --> 00:24:42,490

talked about this too at some of the

592

00:24:48,890 --> 00:24:45,670

open minds UFO conferences that these

593

00:24:52,800 --> 00:24:48,900

phenomena are tend to be associated with

594

00:24:54,180 --> 00:24:52,810

UFO encounters it's mysterious but to go

595

00:24:57,540 --> 00:24:54,190

back to the question just to rewind a

596

00:24:59,640 --> 00:24:57,550

second so how put off knows about this

597

00:25:01,860 --> 00:24:59,650

too because he I mean he we knew him as

598

00:25:03,660 --> 00:25:01,870

an RV guy and I've known how for a while

599

00:25:05,940 --> 00:25:03,670

meeting him at Irvine asking him

600

00:25:08,370 --> 00:25:05,950

questions and I've asked him about UFO

601
00:25:11,160 --> 00:25:08,380
questions not realizing that he was

602
00:25:12,840 --> 00:25:11,170
directly involved in the research but as

603
00:25:14,700 --> 00:25:12,850
he told us I mean I'm just revealing

604
00:25:17,400 --> 00:25:14,710
public information that he told us at

605
00:25:18,840 --> 00:25:17,410
the herb SSE event Society for

606
00:25:21,780 --> 00:25:18,850
scientific exploration it was a joint

607
00:25:23,280 --> 00:25:21,790
conference in Las Vegas last June and he

608
00:25:25,410 --> 00:25:23,290
really blew everyone away because he

609
00:25:28,240 --> 00:25:25,420
said that he has been involved in

610
00:25:32,289 --> 00:25:28,250
studying the materials from UFOs the

611
00:25:35,440 --> 00:25:32,299
the metals and other materials that

612
00:25:37,990 --> 00:25:35,450
these crafts are made of and then he's

613
00:25:40,210 --> 00:25:38,000

been doing this for a while and that the

614

00:25:42,340 --> 00:25:40,220

government never stopped studying it

615

00:25:44,289 --> 00:25:42,350

even though that's what they said when

616

00:25:46,930 --> 00:25:44,299

Project Blue Book was cancelled he told

617

00:25:48,460 --> 00:25:46,940

us right there the only said the only

618

00:25:51,820 --> 00:25:48,470

thing with that is they didn't stop

619

00:25:54,779 --> 00:25:51,830

studying it yeah yeah you're aware of

620

00:25:57,880 --> 00:25:54,789

the Bolender memo where they said that

621

00:25:59,710 --> 00:25:57,890

important cases that affected national

622

00:26:04,330 --> 00:25:59,720

security never were sent to Project Blue

623

00:26:05,980 --> 00:26:04,340

Book yeah we had Paul Dean on here Paul

624

00:26:07,299 --> 00:26:05,990

Dean though I've been following Paul

625

00:26:09,460 --> 00:26:07,309

Dean ever since I heard him interviewed

626
00:26:11,049 --> 00:26:09,470
a couple years ago and looking at his

627
00:26:14,020 --> 00:26:11,059
bug right and he talks about these

628
00:26:15,190 --> 00:26:14,030
alternative channels service and opera 3

629
00:26:17,860 --> 00:26:15,200
and all these ways that they were to

630
00:26:20,289 --> 00:26:17,870
communicate so he turned it turns out to

631
00:26:22,419 --> 00:26:20,299
be right on I mean because how told us

632
00:26:25,630 --> 00:26:22,429
that he mentioned the Bolender memo I

633
00:26:26,770 --> 00:26:25,640
couldn't believe yeah people in our area

634
00:26:28,870 --> 00:26:26,780
have always been interested in the

635
00:26:31,630 --> 00:26:28,880
Bolander memo because Denton Friedman

636
00:26:33,310 --> 00:26:31,640
talked to Carol Bohlander right and he

637
00:26:34,930 --> 00:26:33,320
said he said yeah we never said that

638
00:26:36,820 --> 00:26:34,940

there were other secure channels and the

639

00:26:40,299 --> 00:26:36,830

stuff that really was good never got to

640

00:26:42,460 --> 00:26:40,309

Blue Book and that's what Hal said - he

641

00:26:44,890 --> 00:26:42,470

said the Boland mo showed us he didn't

642

00:26:46,270 --> 00:26:44,900

reveal anything new he just how showed

643

00:26:50,080 --> 00:26:46,280

us what's already in the public record

644

00:26:51,430 --> 00:26:50,090

so the government was concerned about

645

00:26:53,830 --> 00:26:51,440

this the whole time and what how

646

00:26:56,320 --> 00:26:53,840

emphasized to us his angle on it

647

00:26:58,659 --> 00:26:56,330

obviously this is the T TSA angle with

648

00:27:01,870 --> 00:26:58,669

Tom DeLonge and so forth is there

649

00:27:04,360 --> 00:27:01,880

concerned about our you know national

650

00:27:06,130 --> 00:27:04,370

adversaries getting ahead in this

651
00:27:09,430 --> 00:27:06,140
technology before we figure out how it

652
00:27:13,419 --> 00:27:09,440
works yes so how has been involved with

653
00:27:16,480 --> 00:27:13,429
this and he did give us a lecture about

654
00:27:19,060 --> 00:27:16,490
how the materials work he only mentioned

655
00:27:21,310 --> 00:27:19,070
one type of material I did attempt to

656
00:27:25,180 --> 00:27:21,320
find out about the other materials and I

657
00:27:29,140 --> 00:27:25,190
was told that no you can't we're not

658
00:27:30,789 --> 00:27:29,150
allowed to talk about that he didn't say

659
00:27:33,070 --> 00:27:30,799
it's classified he said I'm not allowed

660
00:27:35,409 --> 00:27:33,080
to talk about it so I'm assuming that

661
00:27:38,080 --> 00:27:35,419
there are many other types of materials

662
00:27:39,639 --> 00:27:38,090
bismuth magnesium being one of them you

663
00:27:41,030 --> 00:27:39,649

know the arts parts and so forth right

664

00:27:46,670 --> 00:27:41,040

yeah

665

00:27:48,440 --> 00:27:46,680

and you know Bob Bigelow being involved

666

00:27:51,980 --> 00:27:48,450

in storing the materials at Bigelow

667

00:27:55,370 --> 00:27:51,990

Aerospace that came out in the New York

668

00:27:58,310 --> 00:27:55,380

Times article last December but how told

669

00:28:02,120 --> 00:27:58,320

us that these materials if you beamed

670

00:28:04,630 --> 00:28:02,130

terror tetra Hertz

671

00:28:08,650 --> 00:28:04,640

excuse me correct terahertz terahertz of

672

00:28:13,340 --> 00:28:08,660

wavelengths at the bismuth magnesium it

673

00:28:17,330 --> 00:28:13,350

creates a shift somehow in the speed of

674

00:28:19,700 --> 00:28:17,340

light so that these crafts don't operate

675

00:28:22,130 --> 00:28:19,710

faster than the speed of light but for

676

00:28:23,630 --> 00:28:22,140

us their speed of light is different so

677

00:28:25,640 --> 00:28:23,640

in a sense it's faster than ours

678

00:28:30,410 --> 00:28:25,650

something like that

679

00:28:32,120 --> 00:28:30,420

and it creates a blue shift in that

680

00:28:33,710 --> 00:28:32,130

direction I mean some physicists wrote

681

00:28:35,450 --> 00:28:33,720

me on YouTube and said it's not oh it

682

00:28:37,670 --> 00:28:35,460

doesn't always look blue it shifted in

683

00:28:41,690 --> 00:28:37,680

the blue direction that's important

684

00:28:44,270 --> 00:28:41,700

point yeah but nonetheless how did say

685

00:28:48,320 --> 00:28:44,280

this is if you shift those frequencies

686

00:28:51,680 --> 00:28:48,330

you end up our spectrum ends up in

687

00:28:54,860 --> 00:28:51,690

ultraviolet and infrared ends up in

688

00:28:58,210 --> 00:28:54,870

visible light and then he said this is

689

00:29:00,770 --> 00:28:58,220

why people get sometimes get injured Oh

690

00:29:03,500 --> 00:29:00,780

contact is because they're now exposed

691

00:29:05,360 --> 00:29:03,510

to ultraviolet light in very high

692

00:29:07,310 --> 00:29:05,370

frequencies and I did interview someone

693

00:29:08,780 --> 00:29:07,320

on my it's on my youtube channel Gary

694

00:29:12,350 --> 00:29:08,790

the guy that worked at Minot Air Force

695

00:29:15,890 --> 00:29:12,360

Base in the early 70s with his colleague

696

00:29:18,470 --> 00:29:15,900

in the as a missile security guard they

697

00:29:20,960 --> 00:29:18,480

were burnt by a UFO taking off near one

698

00:29:22,250 --> 00:29:20,970

of these silos the whole base was put on

699

00:29:23,810 --> 00:29:22,260

alert there were about five or six

700

00:29:25,970 --> 00:29:23,820

objects as he told me in the area that

701
00:29:29,750 --> 00:29:25,980
night and they encountered what he was

702
00:29:32,330 --> 00:29:29,760
burned as was all of the the Jeep itself

703
00:29:34,910 --> 00:29:32,340
was discolored the their rifles were

704
00:29:37,130 --> 00:29:34,920
discolored so I said that's what house

705
00:29:38,960 --> 00:29:37,140
talking about because Gary didn't report

706
00:29:42,290 --> 00:29:38,970
nausea or anything like that that's

707
00:29:44,270 --> 00:29:42,300
associated with ionizing radiation he

708
00:29:46,550 --> 00:29:44,280
just reported burned and they gave him a

709
00:29:48,140 --> 00:29:46,560
cream he said it helped on the right

710
00:29:52,190 --> 00:29:48,150
side of his face and the other guy in

711
00:29:54,530 --> 00:29:52,200
the Sat truck the security alert team

712
00:29:56,000 --> 00:29:54,540
truck was also burnt on the right

713
00:29:58,370 --> 00:29:56,010

face from the direction of the object it

714

00:29:59,840 --> 00:29:58,380
was blinding so you know this is

715

00:30:01,850 --> 00:29:59,850
associated with all the northern tier

716

00:30:07,010 --> 00:30:01,860
sightings in the 60s and 70s around

717

00:30:10,970 --> 00:30:07,020
missile bases nuclear missile bases yeah

718

00:30:12,500 --> 00:30:10,980
right we're all familiar with that so in

719

00:30:16,190 --> 00:30:12,510
any case this is what Hale talked about

720

00:30:18,710 --> 00:30:16,200
and you know for me James it just it was

721

00:30:20,660 --> 00:30:18,720
amazing to have someone with his level

722

00:30:22,250 --> 00:30:20,670
of credibility come forward and tell us

723

00:30:24,410 --> 00:30:22,260
for those of us who've been studying

724

00:30:28,220 --> 00:30:24,420
this that yeah it's been real the whole

725

00:30:29,990 --> 00:30:28,230
time and it's the different people that

726

00:30:31,430 --> 00:30:30,000

are involved with this or it's there's

727

00:30:32,960 --> 00:30:31,440

so much such a high level of

728

00:30:35,720 --> 00:30:32,970

classification they don't talk to each

729

00:30:37,610 --> 00:30:35,730

other so it's not just they're covering

730

00:30:39,650 --> 00:30:37,620

it up they're covering it up from each

731

00:30:41,930 --> 00:30:39,660

other you can kind of see how complex it

732

00:30:43,190 --> 00:30:41,940

is within the gap yeah it's not just

733

00:30:46,220 --> 00:30:43,200

that there's this monolithic government

734

00:30:48,470 --> 00:30:46,230

it's not telling us the truth it's that

735

00:30:50,750 --> 00:30:48,480

there's these stovepipes who because of

736

00:30:52,520 --> 00:30:50,760

the way special access programs work

737

00:30:55,490 --> 00:30:52,530

don't communicate with other stovepipes

738

00:30:58,850 --> 00:30:55,500

if that's the way it is so that's what

739

00:31:00,290 --> 00:30:58,860

I'll told us and I thought it was I was

740

00:31:02,450 --> 00:31:00,300

surprised it wasn't some sort of major

741

00:31:04,280 --> 00:31:02,460

news headline that you know someone

742

00:31:05,930 --> 00:31:04,290

that's worked in within you know has

743

00:31:09,590 --> 00:31:05,940

worked with the government first since

744

00:31:12,020 --> 00:31:09,600

the 1960s unclassified research comes

745

00:31:13,550 --> 00:31:12,030

out and says it's real and we're trying

746

00:31:15,730 --> 00:31:13,560

to figure out how it works and maybe we

747

00:31:18,380 --> 00:31:15,740

have figured out how some of it works

748

00:31:19,310 --> 00:31:18,390

that that doesn't use in the major news

749

00:31:21,440 --> 00:31:19,320

headline because I mean basically

750

00:31:23,600 --> 00:31:21,450

applies that other implies there are

751

00:31:26,840 --> 00:31:23,610

other aerospace technologies and some of

752

00:31:29,060 --> 00:31:26,850

that yeah yeah the case you mentioned

753

00:31:31,250 --> 00:31:29,070

where there were physical effects you

754

00:31:32,600 --> 00:31:31,260

know in retrospect I'm thinking you know

755

00:31:36,350 --> 00:31:32,610

it'd be interesting to know if Kate

756

00:31:37,790 --> 00:31:36,360

green was involved with that with the

757

00:31:39,350 --> 00:31:37,800

studying the effects of that cuz I know

758

00:31:41,330 --> 00:31:39,360

that they're they're kind of looking

759

00:31:50,500 --> 00:31:41,340

back and trying to find people like that

760

00:31:53,690 --> 00:31:50,510

and testing their DNA so from there I

761

00:31:56,210 --> 00:31:53,700

also only get into

762

00:31:58,070 --> 00:31:56,220

oh the you know you mentioned on your on

763

00:31:59,450 --> 00:31:58,080

one of your YouTube videos when you're

764

00:32:03,170 --> 00:31:59,460

right you went to Bigelow Aerospace

765

00:32:06,440 --> 00:32:03,180

right yeah we did we did and you asked

766

00:32:08,240 --> 00:32:06,450

them about the if they're storing any of

767

00:32:12,380 --> 00:32:08,250

the parts over there

768

00:32:14,600 --> 00:32:12,390

I asked three people over there yeah

769

00:32:17,659 --> 00:32:14,610

okay first I mean I thought it was a

770

00:32:19,520 --> 00:32:17,669

fair question it was in it's in the New

771

00:32:21,010 --> 00:32:19,530

York Times article from last December

772

00:32:25,159 --> 00:32:21,020

was it December sixteenth seventeenth

773

00:32:26,810 --> 00:32:25,169

last year some sod that the materials

774

00:32:29,000 --> 00:32:26,820

were stored at Bigelow Aerospace this is

775

00:32:30,940 --> 00:32:29,010

coming from the a tip people great I

776

00:32:33,760 --> 00:32:30,950

guess everyone knows you know they that

777

00:32:37,010 --> 00:32:33,770

secret government program within the DoD

778

00:32:38,810 --> 00:32:37,020

within the Pentagon to figure out you

779

00:32:40,549 --> 00:32:38,820

know what these crafts are and see if

780

00:32:42,890 --> 00:32:40,559

they you know you could reproduce the

781

00:32:46,130 --> 00:32:42,900

technology so worth so called a chip

782

00:32:50,480 --> 00:32:46,140

program or you know a tip which is aweso

783

00:32:52,340 --> 00:32:50,490

which is a yeah it's weird because we

784

00:32:53,870 --> 00:32:52,350

don't you know that type of disclosure I

785

00:32:56,740 --> 00:32:53,880

mean we got a little piece of it then we

786

00:32:59,000 --> 00:32:56,750

learned there was an awesome right and

787

00:33:02,750 --> 00:32:59,010

then and then we learned a temp never

788

00:33:04,460 --> 00:33:02,760

ended it's just just funding and we

789

00:33:05,899 --> 00:33:04,470

don't know who's involved now I mean

790

00:33:07,640 --> 00:33:05,909

that's what Elizondo said it's it's

791

00:33:08,720 --> 00:33:07,650

strange I think it's really weird little

792

00:33:11,240 --> 00:33:08,730

pieces of this thing

793

00:33:13,100 --> 00:33:11,250

well alessandro has stated multiple

794

00:33:15,289 --> 00:33:13,110

times especially more recently he's been

795

00:33:17,930 --> 00:33:15,299

emphasizing it that just because a tip

796

00:33:20,960 --> 00:33:17,940

the official idea of our proposal came

797

00:33:24,169 --> 00:33:20,970

in 2007 doesn't mean that there wasn't

798

00:33:26,029 --> 00:33:24,179

an a tip like program before and George

799

00:33:27,649 --> 00:33:26,039

Knapp has said that as well and you know

800

00:33:31,100 --> 00:33:27,659

I think they're they're steering in that

801
00:33:33,049 --> 00:33:31,110
direction for a reason yes that does

802
00:33:36,640 --> 00:33:33,059
doesn't mean there wasn't another one

803
00:33:39,710 --> 00:33:36,650
and I think his nip Nick Pope said right

804
00:33:46,520 --> 00:33:39,720
at the open minds UFO conference last

805
00:33:51,200 --> 00:33:46,530
year earlier this year he said it how do

806
00:33:54,919 --> 00:33:51,210
you know that the a tip program that's

807
00:33:57,919 --> 00:33:54,929
one of them right yes is that the UFO

808
00:34:00,260 --> 00:33:57,929
program or is that one of them and so

809
00:34:02,480 --> 00:34:00,270
tricky isn't it so sly yeah because you

810
00:34:05,270 --> 00:34:02,490
know it's coming from the mo D that just

811
00:34:07,789 --> 00:34:05,280
because they admit to one program is

812
00:34:10,099 --> 00:34:07,799
that the main program are there uh you

813
00:34:12,829 --> 00:34:10,109

know just it's like trying to put a

814

00:34:14,000 --> 00:34:12,839

puzzle together and I just I'm hoping

815

00:34:15,919 --> 00:34:14,010

one day that this is a little more

816

00:34:19,129 --> 00:34:15,929

transparent since we're all paying for

817

00:34:21,919 --> 00:34:19,139

it you know I mean that a Jeremy Korbel

818

00:34:24,409 --> 00:34:21,929

on a radio show maybe

819

00:34:27,109 --> 00:34:24,419

not even a month ago had stated he said

820

00:34:30,770 --> 00:34:27,119

I'll say this now I'll put this out

821

00:34:32,210 --> 00:34:30,780

there and I'll be correct later I'm

822

00:34:35,809 --> 00:34:32,220

gonna put my name on the line and say

823

00:34:40,760 --> 00:34:35,819

there are at least four other programs

824

00:34:42,589 --> 00:34:40,770

that we will probably see I don't know

825

00:34:44,000 --> 00:34:42,599

if the we're gonna see them Declassified

826

00:34:46,790 --> 00:34:44,010

or work and I'll learn about their

827

00:34:47,960 --> 00:34:46,800

existence yes I mean that's very

828

00:34:50,270 --> 00:34:47,970

interesting I didn't hear that

829

00:34:53,510 --> 00:34:50,280

interviews with you guys he did that I

830

00:34:55,099 --> 00:34:53,520

was with phenomenon radio yeah that's a

831

00:34:58,609 --> 00:34:55,109

very interesting comment because people

832

00:35:00,410 --> 00:34:58,619

like us talk and and sometimes you run

833

00:35:02,510 --> 00:35:00,420

into someone who's had quite a high

834

00:35:04,190 --> 00:35:02,520

position within the intelligence or

835

00:35:06,319 --> 00:35:04,200

military community who's retired now and

836

00:35:09,530 --> 00:35:06,329

they will tell you these things but they

837

00:35:11,089 --> 00:35:09,540

don't don't repeat it or they'll you

838

00:35:12,799 --> 00:35:11,099

know for a variety of reasons they'll

839

00:35:14,569 --> 00:35:12,809

tell you and then don't they don't want

840

00:35:16,280 --> 00:35:14,579

you to repeat it exactly the way you

841

00:35:17,660 --> 00:35:16,290

heard it from them so you have to modify

842

00:35:19,849 --> 00:35:17,670

it so you don't give too much away

843

00:35:21,950 --> 00:35:19,859

and I'm sure Jeremy ran into these

844

00:35:24,559 --> 00:35:21,960

people too doing his documentary and

845

00:35:26,420 --> 00:35:24,569

this type of research he does because

846

00:35:29,539 --> 00:35:26,430

you know there's this got to be more I

847

00:35:32,559 --> 00:35:29,549

know we know they were looking into the

848

00:35:34,640 --> 00:35:32,569

Soviet PK program and monitoring that

849

00:35:36,079 --> 00:35:34,650

there's a lot more but we still don't

850

00:35:37,940 --> 00:35:36,089

know very much about it there's a lot to

851

00:35:40,069 --> 00:35:37,950

learn about this from our own history

852

00:35:42,470 --> 00:35:40,079

you know secret history yeah that we

853

00:35:44,660 --> 00:35:42,480

always serve to know about because it

854

00:35:46,309 --> 00:35:44,670

was decades ago and we should find out

855

00:35:47,930 --> 00:35:46,319

what the government was studying what

856

00:35:51,049 --> 00:35:47,940

did they find

857

00:35:52,280 --> 00:35:51,059

I learned personally they prove PK was

858

00:35:55,099 --> 00:35:52,290

real they knew PK was real

859

00:35:58,280 --> 00:35:55,109

they knew the Soviets very good at it no

860

00:36:00,950 --> 00:35:58,290

doubt 100 100 percent confidence that

861

00:36:01,819 --> 00:36:00,960

it's real and yet it was never made into

862

00:36:04,220 --> 00:36:01,829

a public announcement

863

00:36:08,960 --> 00:36:04,230

it wasn't even shared with the RV

864

00:36:10,579 --> 00:36:08,970

program over at DIA so that especially

865

00:36:13,430 --> 00:36:10,589

its compartmentalization and when I

866

00:36:15,980 --> 00:36:13,440

asked this individual why why didn't you

867

00:36:18,069 --> 00:36:15,990

tell the remote viewers at the DIA

868

00:36:21,020 --> 00:36:18,079

program who are working for you right

869

00:36:23,000 --> 00:36:21,030

working for the US government it all has

870

00:36:27,230 --> 00:36:23,010

to do with the compartmentalization

871

00:36:29,720 --> 00:36:27,240

and this idea protecting you know the

872

00:36:32,030 --> 00:36:29,730

sources and the methods and that comes

873

00:36:34,010 --> 00:36:32,040

first for these people before sharing

874

00:36:34,980 --> 00:36:34,020

the information does that's why the rest

875

00:36:37,200 --> 00:36:34,990

of us have to

876

00:36:39,480 --> 00:36:37,210

sure that we talk about it because the

877

00:36:41,730 --> 00:36:39,490

people that have seen it for whatever

878

00:36:44,700 --> 00:36:41,740

reason can't talk about it or don't feel

879

00:36:47,970 --> 00:36:44,710

it's a good idea to talk about purely

880

00:36:50,609 --> 00:36:47,980

from the idea of not sharing information

881

00:36:52,410 --> 00:36:50,619

that you know could it you know affect

882

00:36:54,240 --> 00:36:52,420

existing operations you know you know

883

00:36:57,540 --> 00:36:54,250

what I'm talking about right yeah of

884

00:37:03,290 --> 00:36:57,550

course yeah let me just answer your

885

00:37:05,190 --> 00:37:03,300

question my Bigelow since I thought I

886

00:37:11,070 --> 00:37:05,200

want to talk about Bigelow first thing

887

00:37:15,300 --> 00:37:11,080

we did go there and I did ask three

888

00:37:17,310 --> 00:37:15,310

people I think since it came out in the

889

00:37:20,660 --> 00:37:17,320

article I asked the guard on the bus

890

00:37:23,480 --> 00:37:20,670

they came in and checked our IDs because

891

00:37:25,410 --> 00:37:23,490

because Bigelow does work with the

892

00:37:28,230 --> 00:37:25,420

Department of Defense there are

893

00:37:30,960 --> 00:37:28,240

regulations about who can visit defense

894

00:37:32,870 --> 00:37:30,970

contractors and only American citizens

895

00:37:36,150 --> 00:37:32,880

can visit defense contractors on

896

00:37:38,840 --> 00:37:36,160

educational tours so we had to have our

897

00:37:41,550 --> 00:37:38,850

IDs checked and they had to be you know

898

00:37:44,700 --> 00:37:41,560

some sort of security check before you

899

00:37:49,470 --> 00:37:44,710

know in the weeks before we went there

900

00:37:51,060 --> 00:37:49,480

so I asked the guard I said are we gonna

901
00:37:54,960 --> 00:37:51,070
get to see the he said any questions

902
00:37:56,910 --> 00:37:54,970
right I said yeah I'm gonna he was

903
00:37:58,560 --> 00:37:56,920
talking about not bringing in recording

904
00:38:00,420 --> 00:37:58,570
equipment no photos

905
00:38:01,950 --> 00:38:00,430
you know in the big little did you know

906
00:38:03,030 --> 00:38:01,960
right that certain size and he said any

907
00:38:05,520 --> 00:38:03,040
questions he's standing right next week

908
00:38:08,060 --> 00:38:05,530
as my hand yeah are we going to get to

909
00:38:11,640 --> 00:38:08,070
see the building with the et materials

910
00:38:13,440 --> 00:38:11,650
in a completely serious voice there are

911
00:38:15,180 --> 00:38:13,450
buildings here that even I'm not allowed

912
00:38:18,900 --> 00:38:15,190
to go in Wow

913
00:38:20,970 --> 00:38:18,910

so I thought whoa I mean this is a guy

914

00:38:23,040 --> 00:38:20,980

that's in charge of security at the

915

00:38:25,140 --> 00:38:23,050

facility they have a good 20 security

916

00:38:29,490 --> 00:38:25,150

guards there right

917

00:38:31,500 --> 00:38:29,500

these are serious guys you know and if

918

00:38:32,520 --> 00:38:31,510

they're not allowed in the bill what

919

00:38:34,290 --> 00:38:32,530

could be and something you don't allow

920

00:38:35,670 --> 00:38:34,300

your security guards to go and who I

921

00:38:37,830 --> 00:38:35,680

mean they're allowed in the other but

922

00:38:40,290 --> 00:38:37,840

look it'd be more important than the

923

00:38:42,090 --> 00:38:40,300

space modules we're seeing that yeah oh

924

00:38:43,650 --> 00:38:42,100

and to see right who well who does

925

00:38:48,720 --> 00:38:43,660

security for those buildings if it's not

926

00:38:51,330 --> 00:38:48,730

those guys okay so we go in the building

927

00:38:55,590 --> 00:38:51,340

and there's Bob Bigelow and he says I

928

00:38:59,130 --> 00:38:55,600

used to be a member of SSC and you know

929

00:39:01,710 --> 00:38:59,140

he was on 60 minutes about a year or two

930

00:39:03,090 --> 00:39:01,720

ago right saying that he's a believer in

931

00:39:04,830 --> 00:39:03,100

all this phenomena his parents had a

932

00:39:07,200 --> 00:39:04,840

daylight sighting right there in Vegas

933

00:39:11,640 --> 00:39:07,210

you know right in front of the car yeah

934

00:39:14,490 --> 00:39:11,650

and he was an early sponsor of SSC and

935

00:39:18,510 --> 00:39:14,500

so forth so we can't ask him any

936

00:39:20,580 --> 00:39:18,520

questions but we get our tour guides who

937

00:39:22,260 --> 00:39:20,590

are not tour guides they're people who

938

00:39:26,280 --> 00:39:22,270

work in the company in our case we had

939

00:39:27,690 --> 00:39:26,290

two vice-presidents as target so at some

940

00:39:28,830 --> 00:39:27,700

point during the tour of the crew

941

00:39:30,150 --> 00:39:28,840

capsules which are very interesting you

942

00:39:32,040 --> 00:39:30,160

know it's these crew capsules that are

943

00:39:35,090 --> 00:39:32,050

gonna be launched by Elon Musk's

944

00:39:37,530 --> 00:39:35,100

spacecraft and they're designed to be in

945

00:39:39,630 --> 00:39:37,540

orbit for a really long period of time

946

00:39:43,260 --> 00:39:39,640

and even go to other planets and stuff

947

00:39:45,000 --> 00:39:43,270

maybe even work on the surface of Mars

948

00:39:46,770 --> 00:39:45,010

and things like this and it's the

949

00:39:47,880 --> 00:39:46,780

mechanics it's really 3d stuff is how do

950

00:39:51,900 --> 00:39:47,890

you get people have to live in there

951
00:39:54,300 --> 00:39:51,910
right so so fascinating but I'm one of

952
00:39:56,430 --> 00:39:54,310
them I asked do I said there wasn't your

953
00:40:00,330 --> 00:39:56,440
Times article you know last year it said

954
00:40:03,630 --> 00:40:00,340
you guys have et material stored here at

955
00:40:10,800 --> 00:40:03,640
the facility is it true he said we don't

956
00:40:13,410 --> 00:40:10,810
comment on news and media okay okay so

957
00:40:17,130 --> 00:40:13,420
that was one attempt to just find out

958
00:40:20,070 --> 00:40:17,140
and and then the other tour guide I

959
00:40:24,540 --> 00:40:20,080
asked him at towards the end of the tour

960
00:40:25,830 --> 00:40:24,550
you know he said any more questions do

961
00:40:28,650 --> 00:40:25,840
this or no one's gonna we're not gonna

962
00:40:33,420 --> 00:40:28,660
find out Oh said we're told that they're

963
00:40:37,710 --> 00:40:33,430

eating material stored at this facility

964

00:40:40,160 --> 00:40:37,720

is it true I said where are they and he

965

00:40:44,010 --> 00:40:40,170

said they're all around us

966

00:40:46,170 --> 00:40:44,020

kind of big answer and Latta like you

967

00:40:47,370 --> 00:40:46,180

know there on the sky you know I don't

968

00:40:47,820 --> 00:40:47,380

know even he was kind of dodging the

969

00:40:53,250 --> 00:40:47,830

question

970

00:40:57,870 --> 00:40:53,260

yeah but I can't tell you from somebody

971

00:41:00,540 --> 00:40:57,880

I talked to at the SSE meeting I talked

972

00:41:03,530 --> 00:41:00,550

to someone who said they had been in the

973

00:41:06,930 --> 00:41:03,540

Bigelow facility with the

974

00:41:07,920 --> 00:41:06,940

so because I asked someone later about

975

00:41:13,080 --> 00:41:07,930

this and they said now I've been there

976
00:41:14,160 --> 00:41:13,090
so they say they saw anything or they

977
00:41:18,330 --> 00:41:14,170
were just saying they were an ability

978
00:41:21,270 --> 00:41:18,340
they had in the building so those are my

979
00:41:24,840 --> 00:41:21,280
kind of four encounters around the

980
00:41:27,150 --> 00:41:24,850
Bigelow Aerospace and you know I'm I

981
00:41:29,400 --> 00:41:27,160
would have to say I'm pretty sure that

982
00:41:31,500 --> 00:41:29,410
that is where the government does store

983
00:41:33,420 --> 00:41:31,510
the et materials and the reason that why

984
00:41:36,630 --> 00:41:33,430
would the government do that it's

985
00:41:38,670 --> 00:41:36,640
plausible deniability in essence they

986
00:41:40,590 --> 00:41:38,680
can say we don't have any materials the

987
00:41:43,950 --> 00:41:40,600
government doesn't is not in the et

988
00:41:45,990 --> 00:41:43,960

materials business right and some sense

989

00:41:47,880 --> 00:41:46,000

that would kind of be true though in a

990

00:41:49,920 --> 00:41:47,890

court of law it would sort of be

991

00:41:51,120 --> 00:41:49,930

questionable right but just on the face

992

00:41:51,510 --> 00:41:51,130

of it they can say we don't have

993

00:41:55,290 --> 00:41:51,520

anything

994

00:41:57,180 --> 00:41:55,300

no FOIA request right yeah it's at

995

00:41:59,190 --> 00:41:57,190

private contractors and then the private

996

00:42:01,530 --> 00:41:59,200

contractor gets to I guess develop it

997

00:42:03,210 --> 00:42:01,540

and try to see how it works and use it

998

00:42:04,980 --> 00:42:03,220

in their own well you have to wonder if

999

00:42:06,720 --> 00:42:04,990

let's say they figured out how some of

1000

00:42:08,790 --> 00:42:06,730

these materials worked now we're in the

1001
00:42:12,210 --> 00:42:08,800
future who gets that just Bob Bigelow

1002
00:42:15,030 --> 00:42:12,220
get to employ that in his technology or

1003
00:42:18,090 --> 00:42:15,040
is it shared a lot of legal questions

1004
00:42:19,800 --> 00:42:18,100
there don't you think oh and you know a

1005
00:42:23,370 --> 00:42:19,810
lot of you know what they're talking

1006
00:42:25,560 --> 00:42:23,380
about with these meta materials is that

1007
00:42:27,990 --> 00:42:25,570
they seem to be created in a zero

1008
00:42:31,770 --> 00:42:28,000
gravity environment and George Knapp

1009
00:42:36,660 --> 00:42:31,780
commented that may be part of Bob

1010
00:42:39,480 --> 00:42:36,670
Bigelow's you know you know vision is to

1011
00:42:41,670 --> 00:42:39,490
have one of these you know habitats up

1012
00:42:42,840 --> 00:42:41,680
in space where there's in create an

1013
00:42:46,530 --> 00:42:42,850

environment like that to actually

1014

00:42:49,860 --> 00:42:46,540

conduct you know to you know produce

1015

00:42:51,840 --> 00:42:49,870

materials like that interesting that's

1016

00:42:55,620 --> 00:42:51,850

very interesting and I was told similar

1017

00:42:58,710 --> 00:42:55,630

things during the cockroach environment

1018

00:43:00,480 --> 00:42:58,720

there the isotopes are not from Earth

1019

00:43:02,910 --> 00:43:00,490

the types of isotopes you'd find on the

1020

00:43:05,040 --> 00:43:02,920

earth just you know for people that are

1021

00:43:09,870 --> 00:43:05,050

don't know what that means it means that

1022

00:43:11,340 --> 00:43:09,880

you know the periodic elements that the

1023

00:43:15,650 --> 00:43:11,350

elements of make a periodic table have

1024

00:43:18,320 --> 00:43:15,660

variations in the number of neutrons

1025

00:43:21,020 --> 00:43:18,330

there's slight deviations from the kind

1026

00:43:24,410 --> 00:43:21,030

that we find most of the time alternate

1027

00:43:27,590 --> 00:43:24,420

versions of the material and with more

1028

00:43:30,770 --> 00:43:27,600

or less neutrons and this these

1029

00:43:33,410 --> 00:43:30,780

materials are made of those isotopes

1030

00:43:36,140 --> 00:43:33,420

that are very rare to find on earth you

1031

00:43:38,390 --> 00:43:36,150

can kind of tell by looking at these the

1032

00:43:40,310 --> 00:43:38,400

elements that these meta materials are

1033

00:43:42,590 --> 00:43:40,320

made from that they're not from the ones

1034

00:43:45,290 --> 00:43:42,600

you wouldn't make this it that way on

1035

00:43:47,780 --> 00:43:45,300

earth I was even told by one person that

1036

00:43:50,330 --> 00:43:47,790

some of the isotopic variations are in

1037

00:43:54,170 --> 00:43:50,340

the number of electrons which isn't even

1038

00:43:56,330 --> 00:43:54,180

how modern scientists would you know

1039

00:43:58,370 --> 00:43:56,340

isotopes can be created but it takes a

1040

00:43:59,960 --> 00:43:58,380

lot of work and energy to bombard a

1041

00:44:01,790 --> 00:43:59,970

material and change the number of

1042

00:44:05,600 --> 00:44:01,800

neutrons or electrons in it and keep it

1043

00:44:07,460 --> 00:44:05,610

stable so that's another clue that these

1044

00:44:11,720 --> 00:44:07,470

are not materials from Earth I mean we

1045

00:44:13,430 --> 00:44:11,730

heard Hal and George Knapp say that

1046

00:44:15,200 --> 00:44:13,440

they've looked at every database of

1047

00:44:17,090 --> 00:44:15,210

every country to see if there's anything

1048

00:44:20,780 --> 00:44:17,100

even remotely like these meta materials

1049

00:44:23,090 --> 00:44:20,790

and they can't find anything and then

1050

00:44:25,730 --> 00:44:23,100

the isotopes are different than you find

1051
00:44:28,100 --> 00:44:25,740
on earth so it's pretty strong evidence

1052
00:44:34,070 --> 00:44:28,110
that this is coming from somewhere else

1053
00:44:34,880 --> 00:44:34,080
it doesn't totally rule out secret space

1054
00:44:36,770 --> 00:44:34,890
program

1055
00:44:38,750 --> 00:44:36,780
maybe that got materials from asteroids

1056
00:44:40,250 --> 00:44:38,760
and assembled it up there in space right

1057
00:44:42,650 --> 00:44:40,260
I mean we can't totally rule that out

1058
00:44:45,380 --> 00:44:42,660
yeah absolutely it could be some kind of

1059
00:44:48,770 --> 00:44:45,390
black program yeah classified

1060
00:44:52,880 --> 00:44:48,780
you know secret technology I mean for

1061
00:44:56,360 --> 00:44:52,890
sure they don't they don't think so

1062
00:44:59,600 --> 00:44:56,370
because we are Steve justice from

1063
00:45:01,730 --> 00:44:59,610

Lockheed Martin skunk works during the T

1064

00:45:05,210 --> 00:45:01,740

TSA event remembered they had on YouTube

1065

00:45:06,680 --> 00:45:05,220

in October last year yeah and he said

1066

00:45:11,870 --> 00:45:06,690

you didn't meet online people can listen

1067

00:45:14,990 --> 00:45:11,880

he said this isn't our stuff I mean

1068

00:45:17,960 --> 00:45:15,000

think about it too the probability of

1069

00:45:21,470 --> 00:45:17,970

let's say maybe some of these materials

1070

00:45:23,300 --> 00:45:21,480

are from the late 1940s because there

1071

00:45:25,730 --> 00:45:23,310

were several crashes then and allegedly

1072

00:45:28,980 --> 00:45:25,740

arts parts is actually from Roswell we

1073

00:45:33,630 --> 00:45:30,720

you know because the guy kind of sent it

1074

00:45:37,200 --> 00:45:33,640

in or not you know anonymously but there

1075

00:45:39,800 --> 00:45:37,210

was another crash around that time also

1076

00:45:43,290 --> 00:45:39,810

just within a few days of Roswell and

1077

00:45:45,960 --> 00:45:43,300

say these materials back then you know

1078

00:45:49,050 --> 00:45:45,970

are some of the materials being studied

1079

00:45:53,750 --> 00:45:49,060

what secret space program you know could

1080

00:45:56,700 --> 00:45:53,760

do that in the 1940s no I would yeah so

1081

00:45:57,330 --> 00:45:56,710

that's a very far no that's a very good

1082

00:45:59,880 --> 00:45:57,340

point

1083

00:46:02,040 --> 00:45:59,890

Jane Tommy this has been going on for

1084

00:46:04,230 --> 00:46:02,050

decades and it just doesn't quite seem

1085

00:46:07,440 --> 00:46:04,240

plausible that you had this in the 60s

1086

00:46:09,450 --> 00:46:07,450

or the 50s or the 40s I mean it didn't

1087

00:46:14,450 --> 00:46:09,460

the case in Brazil was I think in the

1088

00:46:17,310 --> 00:46:14,460

1950s or 60s yeah so yeah again you know

1089

00:46:19,320 --> 00:46:17,320

you know maybe they did go in afterwards

1090

00:46:20,730 --> 00:46:19,330

and and there is a black program that

1091

00:46:21,270 --> 00:46:20,740

tried to replicate it the best they

1092

00:46:23,280 --> 00:46:21,280

could

1093

00:46:24,690 --> 00:46:23,290

yes though those cases from all the way

1094

00:46:25,980 --> 00:46:24,700

back then I don't think anybody's

1095

00:46:28,770 --> 00:46:25,990

touching that with any kind of

1096

00:46:32,120 --> 00:46:28,780

technological stick no it just doesn't

1097

00:46:34,650 --> 00:46:32,130

seem plausible even if you know I mean

1098

00:46:37,680 --> 00:46:34,660

then maybe the military doesn't have the

1099

00:46:40,530 --> 00:46:37,690

latest technology but it seems doubtful

1100

00:46:41,849 --> 00:46:40,540

they'd be decades behind what the

1101
00:46:44,820 --> 00:46:41,859
government really had why would you

1102
00:46:45,780 --> 00:46:44,830
spend billions and trillions well you

1103
00:46:47,790 --> 00:46:45,790
know you can always have counter

1104
00:46:48,150 --> 00:46:47,800
arguments but I just don't think I don't

1105
00:46:50,190 --> 00:46:48,160
buy it

1106
00:46:54,300 --> 00:46:50,200
I don't think yeah you would be in

1107
00:46:56,220 --> 00:46:54,310
situations where you lose like if you

1108
00:46:57,900 --> 00:46:56,230
had had superior technology that could

1109
00:46:59,970 --> 00:46:57,910
have just accomplished what you were

1110
00:47:02,460 --> 00:46:59,980
attempting to accomplish in a much

1111
00:47:04,950 --> 00:47:02,470
faster manner yeah and also you have

1112
00:47:06,570 --> 00:47:04,960
Rendlesham so you think that this black

1113
00:47:08,430 --> 00:47:06,580

program that's trying to hide and

1114

00:47:12,020 --> 00:47:08,440

protect this technology develop it is

1115

00:47:14,730 --> 00:47:12,030

going to go above a a secret you know

1116

00:47:18,080 --> 00:47:14,740

nuclear facility that the UK has no idea

1117

00:47:20,280 --> 00:47:18,090

that we're storming nukes and yeah

1118

00:47:23,910 --> 00:47:20,290

attention to it know exactly that's

1119

00:47:26,250 --> 00:47:23,920

ready to plan that just make a parade on

1120

00:47:28,230 --> 00:47:26,260

the air base and affect crew members

1121

00:47:31,650 --> 00:47:28,240

with physical effects like a John

1122

00:47:34,410 --> 00:47:31,660

Burroughs and others yeah there's no way

1123

00:47:36,349 --> 00:47:34,420

an allegedly T TSA has some kind of

1124

00:47:41,280 --> 00:47:36,359

material from that incident there's some

1125

00:47:42,180 --> 00:47:41,290

from red ocean is that right yes yes CTS

1126

00:47:44,730 --> 00:47:42,190

a put up a video

1127

00:47:47,609 --> 00:47:44,740

and you know had papers of material

1128

00:47:50,400 --> 00:47:47,619

analysis and before they put up a

1129

00:47:52,140 --> 00:47:50,410

version and some you know and they they

1130

00:47:54,420 --> 00:47:52,150

got to keep up because you know people

1131

00:47:56,520 --> 00:47:54,430

are stopping pausing the video zooming

1132

00:47:59,359 --> 00:47:56,530

in and analyzing the videos very closely

1133

00:48:02,069 --> 00:47:59,369

oh yeah somebody yeah and so I think

1134

00:48:04,799 --> 00:48:02,079

Twitter user Jay actually went back and

1135

00:48:08,130 --> 00:48:04,809

he put the lab to analyze the materials

1136

00:48:12,270 --> 00:48:08,140

he was able to zoom that much in and I

1137

00:48:14,309 --> 00:48:12,280

said yeah yeah we can we can dig up and

1138

00:48:18,390 --> 00:48:14,319

find out what company that was but it

1139

00:48:20,640 --> 00:48:18,400

said Rendlesham forest you know that

1140

00:48:25,079 --> 00:48:20,650

explains why that video was taken down

1141

00:48:29,880 --> 00:48:25,089

because they put up yeah yeah it was a

1142

00:48:31,620 --> 00:48:29,890

uploaded it blurred out because I

1143

00:48:33,599 --> 00:48:31,630

remember going to the video and I'm

1144

00:48:34,859 --> 00:48:33,609

saying hey it's a video with how talk

1145

00:48:36,480 --> 00:48:34,869

about the materials I mean I love it

1146

00:48:39,539 --> 00:48:36,490

let's go tickle it and it was it wasn't

1147

00:48:41,039 --> 00:48:39,549

there yeah yeah and I said what happened

1148

00:48:42,510 --> 00:48:41,049

weren't the video and now you're

1149

00:48:45,029 --> 00:48:42,520

explaining to me what must have happened

1150

00:48:47,309 --> 00:48:45,039

is it somebody saw something really

1151
00:48:50,490 --> 00:48:47,319
specific in the document with Rendlesham

1152
00:48:53,880 --> 00:48:50,500
it oh my god yeah and that's seven have

1153
00:48:59,390 --> 00:48:53,890
allegedly seven materials you know the

1154
00:49:04,920 --> 00:48:59,400
art the art parts the Rendlesham piece

1155
00:49:06,870 --> 00:49:04,930
what other one the EDS piece from Ohio

1156
00:49:09,420 --> 00:49:06,880
this guy case he did a really good

1157
00:49:11,730 --> 00:49:09,430
article on I'm not sure if that's the

1158
00:49:13,980 --> 00:49:11,740
you know that's kind of what people were

1159
00:49:16,650 --> 00:49:13,990
able to find and why I guess I would be

1160
00:49:19,620 --> 00:49:16,660
for other pieces I I heard through the

1161
00:49:23,730 --> 00:49:19,630
grapevine that one other piece is

1162
00:49:25,680 --> 00:49:23,740
another piece from New Mexico but it's

1163
00:49:28,289 --> 00:49:25,690

not from Roswell it's from one of the

1164

00:49:30,000 --> 00:49:28,299

other New Mexico great crashes there

1165

00:49:37,109 --> 00:49:30,010

might have been another one that diana

1166

00:49:40,380 --> 00:49:37,119

padalka turned up no that's that's one

1167

00:49:44,160 --> 00:49:40,390

of the pieces because you know that site

1168

00:49:46,620 --> 00:49:44,170

that Diana went to it's not like that

1169

00:49:49,769 --> 00:49:46,630

was a secret it was like it kind of was

1170

00:49:53,940 --> 00:49:49,779

like amongst some apologists there was a

1171

00:49:56,089 --> 00:49:53,950

guy who who had pieces from there and

1172

00:50:00,229 --> 00:49:56,099

and several researchers had those pieces

1173

00:50:02,660 --> 00:50:00,239

yeah and I guess that case was uh was

1174

00:50:04,459 --> 00:50:02,670

actually pretty good because the guy had

1175

00:50:06,259 --> 00:50:04,469

the material analyzed and he was also

1176

00:50:09,680 --> 00:50:06,269

saying some of these things back then in

1177

00:50:10,939 --> 00:50:09,690

2004 because that site has been kind of

1178

00:50:13,759 --> 00:50:10,949

known for a little bit on some

1179

00:50:14,900 --> 00:50:13,769

researchers that the same thing it looks

1180

00:50:17,900 --> 00:50:14,910

like it was created in a zero-gravity

1181

00:50:20,089 --> 00:50:17,910

environment because the iron would have

1182

00:50:22,699 --> 00:50:20,099

like bled down into the other materials

1183

00:50:25,099 --> 00:50:22,709

and this clearly separated layered and

1184

00:50:25,969 --> 00:50:25,109

then that should not be possible you

1185

00:50:29,089 --> 00:50:25,979

know and then there's something there's

1186

00:50:31,459 --> 00:50:29,099

a few other materials too which I'm not

1187

00:50:32,839 --> 00:50:31,469

even sure about yeah they're likely have

1188

00:50:36,140 --> 00:50:32,849

their hands on some of the Yuba tube

1189

00:50:39,439 --> 00:50:36,150

material as well they're fragments from

1190

00:50:41,509 --> 00:50:39,449

that case that Peter Sturrock looked

1191

00:50:43,339 --> 00:50:41,519

into closely he's a professor at

1192

00:50:44,749 --> 00:50:43,349

Stanford so there's connections there

1193

00:50:46,999 --> 00:50:44,759

they know each other I know that they do

1194

00:50:49,670 --> 00:50:47,009

so it's certainly quite possible that

1195

00:50:50,870 --> 00:50:49,680

that's another area where they picked up

1196

00:50:53,150 --> 00:50:50,880

a few of the fragments that they're

1197

00:50:55,279 --> 00:50:53,160

looking at yeah the way has quite a few

1198

00:50:59,420 --> 00:50:55,289

pieces and you know Valais he wrote the

1199

00:51:00,680 --> 00:50:59,430

foreword for Peter Levin des you know I

1200

00:51:02,299 --> 00:51:00,690

don't know what kind of connection to

1201
00:51:03,859 --> 00:51:02,309
have but obviously I'm sure he wouldn't

1202
00:51:05,319 --> 00:51:03,869
mind handing over a few materials for

1203
00:51:08,809 --> 00:51:05,329
analysis they're gonna want the money

1204
00:51:12,319 --> 00:51:08,819
yeah it's expensive a lot of guys have

1205
00:51:14,509 --> 00:51:12,329
tried to have curious pieces tested well

1206
00:51:15,890 --> 00:51:14,519
they did do it and it ended up costing

1207
00:51:17,749 --> 00:51:15,900
him a lot of money and they got a

1208
00:51:19,849 --> 00:51:17,759
negative answer to it just like

1209
00:51:22,459 --> 00:51:19,859
yesterday Elizondo was spending a lot of

1210
00:51:25,880 --> 00:51:22,469
time at his conference over in Europe

1211
00:51:27,499 --> 00:51:25,890
over in Italy where he and the long did

1212
00:51:28,609 --> 00:51:27,509
a little bit of a presentation yesterday

1213
00:51:30,469 --> 00:51:28,619

that was very good

1214

00:51:31,670 --> 00:51:30,479

but he also said he doesn't expect all

1215

00:51:37,249 --> 00:51:31,680

these are going to pan out

1216

00:51:38,779 --> 00:51:37,259

yeah well about this guy's yeah I mean

1217

00:51:42,799 --> 00:51:38,789

just to comment on this because in the

1218

00:51:45,229 --> 00:51:42,809

crop circles in 1997 I encountered a

1219

00:51:47,479 --> 00:51:45,239

woman from Italy who I used to run into

1220

00:51:50,390 --> 00:51:47,489

like a couple years in a row in the crop

1221

00:51:53,390 --> 00:51:50,400

circles and she said that she knew a

1222

00:51:58,420 --> 00:51:53,400

pilot from Aviano air base whose job he

1223

00:52:01,729 --> 00:51:58,430

had told her was to find pieces of UFOs

1224

00:52:03,319 --> 00:52:01,739

Wow pieces of metal would come off

1225

00:52:04,699 --> 00:52:03,329

occasionally and then he would track

1226

00:52:07,279 --> 00:52:04,709

them down and then a team on the ground

1227

00:52:09,199 --> 00:52:07,289

would pick him up and I thought you know

1228

00:52:09,800 --> 00:52:09,209

I mean back then is this science this is

1229

00:52:15,200 --> 00:52:09,810

for real

1230

00:52:17,960 --> 00:52:15,210

why but now it's starting to click

1231

00:52:20,210 --> 00:52:17,970

starting to click yes that's the way he

1232

00:52:24,650 --> 00:52:20,220

mentioned the jet tiles from you know

1233

00:52:27,860 --> 00:52:24,660

many sightings and the case yeah Jack

1234

00:52:32,300 --> 00:52:27,870

tiles he did a whole video on on this we

1235

00:52:34,670 --> 00:52:32,310

did 2017 contact in the desert which you

1236

00:52:36,320 --> 00:52:34,680

know Frank came across I had never even

1237

00:52:38,030 --> 00:52:36,330

seen it and Frank had you know has a

1238

00:52:41,750 --> 00:52:38,040

great article in the metamaterials where

1239

00:52:45,590 --> 00:52:41,760

there's ask me anything with Gary Nolan

1240

00:52:48,230 --> 00:52:45,600

and he's I think Frank you got the video

1241

00:52:50,330 --> 00:52:48,240

linked on yeah yeah a few things have

1242

00:52:55,000 --> 00:52:50,340

come up since then it was kind of news

1243

00:52:57,410 --> 00:52:55,010

to me this whole metamaterial study and

1244

00:52:59,810 --> 00:52:57,420

you know turning it's turning out that

1245

00:53:01,460 --> 00:52:59,820

it's a phenomenon just like daddy or the

1246

00:53:03,110 --> 00:53:01,470

other is a pattern that goes way back

1247

00:53:05,900 --> 00:53:03,120

they've been looking at this kind of

1248

00:53:08,060 --> 00:53:05,910

stuff for years but TTS a has been a

1249

00:53:11,560 --> 00:53:08,070

catalyst and bringing it all back up

1250

00:53:15,470 --> 00:53:11,570

again and there's a long history of it

1251

00:53:18,380 --> 00:53:15,480

yeah things in there it's not just like

1252

00:53:19,520 --> 00:53:18,390

hoey you know oh no no no they're

1253

00:53:21,170 --> 00:53:19,530

serious as a heart attack

1254

00:53:23,390 --> 00:53:21,180

they think they they think they're onto

1255

00:53:25,970 --> 00:53:23,400

something yeah what that is I don't know

1256

00:53:29,810 --> 00:53:25,980

they think they're onto something again

1257

00:53:32,810 --> 00:53:29,820

sir yeah Gary Nolan is gonna be in a in

1258

00:53:34,220 --> 00:53:32,820

a documentary soon it's just he said

1259

00:53:37,670 --> 00:53:34,230

it's probably just gonna be a small part

1260

00:53:40,790 --> 00:53:37,680

that him and with him and Giacomo way

1261

00:53:43,160 --> 00:53:40,800

analyzing these materials and you know

1262

00:53:46,250 --> 00:53:43,170

it turns out that you know Gary actually

1263

00:53:50,450 --> 00:53:46,260

created that device in his lab for his

1264

00:53:53,720 --> 00:53:50,460

own work on you know DNA and solar

1265

00:53:55,160 --> 00:53:53,730

biology and he says it just happens to

1266

00:54:00,560 --> 00:53:55,170

work perfectly for analyzing these

1267

00:54:02,510 --> 00:54:00,570

materials to look at the big picture

1268

00:54:05,600 --> 00:54:02,520

behind this guy's the big picture around

1269

00:54:07,520 --> 00:54:05,610

this this is very significant because

1270

00:54:10,310 --> 00:54:07,530

science is always asking for material

1271

00:54:12,500 --> 00:54:10,320

evidence I mean this has been the big

1272

00:54:14,330 --> 00:54:12,510

criticism of the whole field of UFOs for

1273

00:54:16,430 --> 00:54:14,340

so long where is the material evidence

1274

00:54:17,930 --> 00:54:16,440

do you have a piece of something you

1275

00:54:18,470 --> 00:54:17,940

know you've probably heard that kind of

1276

00:54:20,330 --> 00:54:18,480

sure I'm sure

1277

00:54:22,040 --> 00:54:20,340

yeah you know it's a piece of something

1278

00:54:23,630 --> 00:54:22,050

of how come there's never any physical

1279

00:54:26,060 --> 00:54:23,640

evidence that has been

1280

00:54:28,040 --> 00:54:26,070

the criticism of this ever since I

1281

00:54:30,830 --> 00:54:28,050

remember going back as a kid there's no

1282

00:54:33,770 --> 00:54:30,840

pieces right well now there are pieces

1283

00:54:36,500 --> 00:54:33,780

so science has a choice here

1284

00:54:37,970 --> 00:54:36,510

it can either keep trying to ignore this

1285

00:54:41,350 --> 00:54:37,980

subject and become increasingly

1286

00:54:44,330 --> 00:54:41,360

irrelevant or it could say well we have

1287

00:54:46,850 --> 00:54:44,340

respected researchers like Gary Nolan

1288

00:54:49,880 --> 00:54:46,860

and Jacque Fellay and others who are

1289

00:54:52,220 --> 00:54:49,890

talk help enough right yeah and they're

1290

00:54:54,080 --> 00:54:52,230

going to have to say like I said about

1291

00:54:57,590 --> 00:54:54,090

remote viewing we were wrong it works

1292

00:55:01,570 --> 00:54:57,600

it's real and I would imagine that could

1293

00:55:03,260 --> 00:55:01,580

lead to quite see change in the whole

1294

00:55:06,410 --> 00:55:03,270

societies hold view of the subject

1295

00:55:08,060 --> 00:55:06,420

because we have a materialistic based

1296

00:55:09,800 --> 00:55:08,070

science that's the challenge with our V

1297

00:55:11,540 --> 00:55:09,810

there's really no material there to show

1298

00:55:14,330 --> 00:55:11,550

you have people's sessions on paper and

1299

00:55:16,700 --> 00:55:14,340

statistics with lots of studies but you

1300

00:55:19,250 --> 00:55:16,710

don't see how it's working but if you

1301
00:55:22,490 --> 00:55:19,260
have pieces and I guess this is what TTS

1302
00:55:24,290 --> 00:55:22,500
a is attempting to do to show us and

1303
00:55:26,780 --> 00:55:24,300
Congress and everyone look we've got

1304
00:55:29,060 --> 00:55:26,790
pieces we're figuring out how they work

1305
00:55:31,100 --> 00:55:29,070
and at some point somebody has to give

1306
00:55:36,740 --> 00:55:31,110
way here and admit they were wrong or

1307
00:55:38,330 --> 00:55:36,750
just say okay it's real because I don't

1308
00:55:40,730 --> 00:55:38,340
see any other out what do you guys think

1309
00:55:42,440 --> 00:55:40,740
I think that this genie is not going

1310
00:55:46,700 --> 00:55:42,450
back in the bottle right and I think

1311
00:55:49,310 --> 00:55:46,710
that you know allegedly Elizondo and and

1312
00:55:51,530 --> 00:55:49,320
others have alluded to the fact that

1313
00:55:53,950 --> 00:55:51,540

we're getting more of these Declassified

1314

00:55:56,770 --> 00:55:53,960

videos in january/february

1315

00:56:00,710 --> 00:55:56,780

yeah and they're supposed to be more

1316

00:56:03,860 --> 00:56:00,720

fascinating than the last ones also we

1317

00:56:05,540 --> 00:56:03,870

have the their their TV series are

1318

00:56:07,610 --> 00:56:05,550

coming out you know which of course

1319

00:56:09,560 --> 00:56:07,620

they're hyping and they want that TV

1320

00:56:10,580 --> 00:56:09,570

series to do well so and of course it's

1321

00:56:13,610 --> 00:56:10,590

you know going to be part of their

1322

00:56:16,970 --> 00:56:13,620

income for their perpetual organization

1323

00:56:18,890 --> 00:56:16,980

their perpetual funding mechanism but it

1324

00:56:19,730 --> 00:56:18,900

seems like they are saving some

1325

00:56:22,490 --> 00:56:19,740

bombshells

1326
00:56:24,830 --> 00:56:22,500
for this this series you know including

1327
00:56:26,660 --> 00:56:24,840
the materials and and a lot of other

1328
00:56:29,600 --> 00:56:26,670
things that go with it to kind of you

1329
00:56:33,050 --> 00:56:29,610
know hype their show but it seems like

1330
00:56:35,000 --> 00:56:33,060
there's a lot of content in there that

1331
00:56:36,680 --> 00:56:35,010
is going to be dealing with this stuff

1332
00:56:37,339 --> 00:56:36,690
it's getting you know the series is

1333
00:56:38,660 --> 00:56:37,349
going to follow the

1334
00:56:40,910 --> 00:56:38,670
Jurnee going through all this meeting

1335
00:56:42,529 --> 00:56:40,920
with John Podesta they said you know

1336
00:56:45,729 --> 00:56:42,539
they're gonna go to area 51 in the

1337
00:56:48,440 --> 00:56:45,739
documentary NASA and all these places

1338
00:56:51,710 --> 00:56:48,450

and you know meeting with scientists and

1339

00:56:53,589 --> 00:56:51,720

whoever else but I think that the

1340

00:56:56,359 --> 00:56:53,599

attention that they're bringing to it

1341

00:56:58,969 --> 00:56:56,369

like when the next few videos come out

1342

00:57:01,880 --> 00:56:58,979

you know if New York Times fails to pick

1343

00:57:05,150 --> 00:57:01,890

it up I'm convinced that another you

1344

00:57:07,069 --> 00:57:05,160

know heavy mainstream media outlet is

1345

00:57:08,690 --> 00:57:07,079

going to pick it up and right now that's

1346

00:57:11,299 --> 00:57:08,700

just that's at the very beginning of the

1347

00:57:13,579 --> 00:57:11,309

year and I don't see that I don't see it

1348

00:57:16,519 --> 00:57:13,589

slowing down because it's not just that

1349

00:57:19,430 --> 00:57:16,529

those videos are coming out at that same

1350

00:57:21,349 --> 00:57:19,440

time you know John burrows and and

1351

00:57:24,289 --> 00:57:21,359

Elizondo have also alluded to that this

1352

00:57:26,359 --> 00:57:24,299

there's going to be a huge revelation of

1353

00:57:28,089 --> 00:57:26,369

the Rendlesham forest incident I don't

1354

00:57:30,259 --> 00:57:28,099

know if they're talking about maybe

1355

00:57:31,609 --> 00:57:30,269

Elizondo when he was working in a tip

1356

00:57:34,239 --> 00:57:31,619

was able to get into some of those

1357

00:57:37,670 --> 00:57:34,249

classified documents that disappeared

1358

00:57:39,229 --> 00:57:37,680

because he said he debriefed or members

1359

00:57:41,989 --> 00:57:39,239

of people that were involved in

1360

00:57:43,789 --> 00:57:41,999

Rendlesham and John Burroughs had

1361

00:57:47,200 --> 00:57:43,799

confirmed he said the cats out of the

1362

00:57:51,009 --> 00:57:47,210

bag now yeah Hawks Mandela's on no and

1363

00:57:56,509 --> 00:57:51,019

he did debrief us whatever that means

1364

00:57:59,349 --> 00:57:56,519

but I think that Elizondo and Aunty TSA

1365

00:58:01,519 --> 00:57:59,359

are gonna you know they're

1366

00:58:03,289 --> 00:58:01,529

january/february seems like a big time

1367

00:58:05,059 --> 00:58:03,299

it's not just you know you have these

1368

00:58:08,299 --> 00:58:05,069

other videos coming out and I think the

1369

00:58:11,239 --> 00:58:08,309

initial material analysis also coming

1370

00:58:15,019 --> 00:58:11,249

out at that time - wow that's exciting

1371

00:58:17,630 --> 00:58:15,029

it would be really great to you know get

1372

00:58:19,700 --> 00:58:17,640

confirmation about these materials I've

1373

00:58:23,690 --> 00:58:19,710

had the confirmation it's just not

1374

00:58:30,650 --> 00:58:23,700

public confirmation you know these

1375

00:58:32,299 --> 00:58:30,660

people and they're thousands of years

1376

00:58:34,549 --> 00:58:32,309

ahead of our stuff that's what I've been

1377

00:58:37,640 --> 00:58:34,559

told over and over there's even one guy

1378

00:58:39,799 --> 00:58:37,650

my black swan ghost book Phil who

1379

00:58:42,920 --> 00:58:39,809

worked for a defense contractor he

1380

00:58:45,440 --> 00:58:42,930

worked for JPL but this wasn't for JPL

1381

00:58:47,959 --> 00:58:45,450

this was a defense contrary sted they

1382

00:58:50,029 --> 00:58:47,969

brought in this sample they to his group

1383

00:58:50,780 --> 00:58:50,039

a said guys who the people who made this

1384

00:58:52,280 --> 00:58:50,790

left

1385

00:58:54,650 --> 00:58:52,290

can you figure out how it works

1386

00:58:56,180 --> 00:58:54,660

something like that right yeah people

1387

00:58:59,030 --> 00:58:56,190

made it aren't here anymore and they

1388

00:59:01,100 --> 00:58:59,040

looked at this and I asked I said so you

1389

00:59:04,220 --> 00:59:01,110

really work you really thought you

1390

00:59:06,470 --> 00:59:04,230

believed it was extraterrestrial he goes

1391

00:59:09,860 --> 00:59:06,480

no simian I know it was that's what he

1392

00:59:11,480 --> 00:59:09,870

told me last time I talked they are and

1393

00:59:13,520 --> 00:59:11,490

these are people in tops in their field

1394

00:59:16,640 --> 00:59:13,530

so if they don't understand it it

1395

00:59:17,720 --> 00:59:16,650

doesn't leave many other people left you

1396

00:59:19,880 --> 00:59:17,730

know it doesn't leave many other options

1397

00:59:22,670 --> 00:59:19,890

okay yeah it's gotta be somewhere else

1398

00:59:24,050 --> 00:59:22,680

and if it's that advanced you I always

1399

00:59:26,330 --> 00:59:24,060

come across people who say well you know

1400

00:59:28,430 --> 00:59:26,340

it could be some other agency I mean a

1401
00:59:31,850 --> 00:59:28,440
thousand years ahead I don't buy it I'm

1402
00:59:32,960 --> 00:59:31,860
not gonna buy it yeah no yeah yeah

1403
00:59:35,570 --> 00:59:32,970
there's I think there's too much

1404
00:59:37,280 --> 00:59:35,580
substance to to their claims and to

1405
00:59:39,770 --> 00:59:37,290
their you know bafflement I mean these

1406
00:59:42,500 --> 00:59:39,780
people are genuinely is a good word

1407
00:59:44,570 --> 00:59:42,510
that's a very baffled yes that what

1408
00:59:46,970 --> 00:59:44,580
these materials are I mean it's not even

1409
00:59:48,680 --> 00:59:46,980
like oh oh I see what these people did

1410
00:59:51,620 --> 00:59:48,690
here no they look at and say how the

1411
00:59:53,480 --> 00:59:51,630
hell can that that's exactly what they

1412
00:59:56,570 --> 00:59:53,490
say it is so far out of the ballpark

1413
00:59:59,150 --> 00:59:56,580

it's not remotely close to the way we

1414

01:00:01,220 --> 00:59:59,160

make things not remotely close it's a

1415

01:00:02,840 --> 01:00:01,230

type of nanotechnology with these men

1416

01:00:05,060 --> 01:00:02,850

and material properties and just for the

1417

01:00:06,860 --> 01:00:05,070

audience metamaterials are you know

1418

01:00:09,080 --> 01:00:06,870

physical substances with exotic

1419

01:00:11,630 --> 01:00:09,090

properties and could bend light reverse

1420

01:00:13,670 --> 01:00:11,640

refraction incidents and things like

1421

01:00:16,730 --> 01:00:13,680

things become invisible or they look

1422

01:00:18,590 --> 01:00:16,740

different and the way change like

1423

01:00:20,420 --> 01:00:18,600

crystals and stuff like that yeah and

1424

01:00:21,800 --> 01:00:20,430

maybe they can they're programmed or

1425

01:00:24,560 --> 01:00:21,810

designed in a way that they could blue

1426

01:00:26,870 --> 01:00:24,570

shift blue should have an R interact

1427

01:00:28,520 --> 01:00:26,880

with the quantum field directly to alter

1428

01:00:31,430 --> 01:00:28,530

the density the quantum stuff like this

1429

01:00:34,420 --> 01:00:31,440

that yeah we don't have it if we had it

1430

01:00:37,160 --> 01:00:34,430

we wouldn't be driving around cars okay

1431

01:00:41,690 --> 01:00:37,170

like these materials are designed to be

1432

01:00:43,430 --> 01:00:41,700

that way design you know have those

1433

01:00:46,580 --> 01:00:43,440

properties designed to have those

1434

01:00:47,810 --> 01:00:46,590

properties it's just so well this is you

1435

01:00:49,730 --> 01:00:47,820

know guys it's a very exciting time to

1436

01:00:51,140 --> 01:00:49,740

be involved with don't you think to be

1437

01:00:53,150 --> 01:00:51,150

involved with this objective wow this is

1438

01:00:56,000 --> 01:00:53,160

amazing and it's been that it's been the

1439

01:00:57,590 --> 01:00:56,010

best year so yeah but my first year in

1440

01:01:00,140 --> 01:00:57,600

was pretty good but this is pretty good

1441

01:01:02,330 --> 01:01:00,150

too this last year right when I got

1442

01:01:04,760 --> 01:01:02,340

involved in 96 it was like wow there's a

1443

01:01:08,030 --> 01:01:04,770

whole area of science yet to be just

1444

01:01:09,440 --> 01:01:08,040

right with our Intel you know

1445

01:01:11,900 --> 01:01:09,450

precognition all these different

1446

01:01:14,780 --> 01:01:11,910

phenomena it even goes into other

1447

01:01:16,400 --> 01:01:14,790

phenomena like Bigfoot or ghosts because

1448

01:01:17,840 --> 01:01:16,410

you begin to wonder whether those

1449

01:01:18,440 --> 01:01:17,850

phenomena to sort of appear and

1450

01:01:22,160 --> 01:01:18,450

disappear

1451

01:01:23,750 --> 01:01:22,170

yeah dimensional or yeah exactly yeah

1452

01:01:25,880 --> 01:01:23,760

and then you begin to wonder is it all

1453

01:01:28,130 --> 01:01:25,890

real all these paranormal phenomena are

1454

01:01:29,660 --> 01:01:28,140

actually normal from at this point of

1455

01:01:33,290 --> 01:01:29,670

view that we're talking about here it's

1456

01:01:35,090 --> 01:01:33,300

just society's is just at a date really

1457

01:01:36,950 --> 01:01:35,100

I mean society so far how far behind the

1458

01:01:39,380 --> 01:01:36,960

curve it calls it paranormal but it's

1459

01:01:41,780 --> 01:01:39,390

just a very advanced type of science

1460

01:01:44,630 --> 01:01:41,790

that things can appear and disappear I

1461

01:01:45,800 --> 01:01:44,640

mean listen if UFOs can appear and

1462

01:01:48,859 --> 01:01:45,810

disappear how do you know there isn't

1463

01:01:51,650 --> 01:01:48,869

some you know entity or our type of

1464

01:01:54,170 --> 01:01:51,660

creature that figured this out - yeah

1465

01:01:57,230 --> 01:01:54,180

somehow along the way some kind of

1466

01:01:59,150 --> 01:01:57,240

interdimensional being or not even that

1467

01:02:01,280 --> 01:01:59,160

they're doing it intentionally it just

1468

01:02:02,930 --> 01:02:01,290

might be that wherever they happen to be

1469

01:02:04,940 --> 01:02:02,940

there's some kind of magnetic field

1470

01:02:06,200 --> 01:02:04,950

shift that allows for that kind of thing

1471

01:02:08,270 --> 01:02:06,210

like you know they're talking about

1472

01:02:12,490 --> 01:02:08,280

skinwalker ranch might just it's a thin

1473

01:02:15,200 --> 01:02:12,500

area and there might be electromagnetic

1474

01:02:17,210 --> 01:02:15,210

anomalies that cause for this kind of

1475

01:02:19,640 --> 01:02:17,220

interaction certain areas or certain

1476

01:02:21,650 --> 01:02:19,650

times right right that would make that

1477

01:02:24,560 --> 01:02:21,660

would make sense something like that and

1478

01:02:26,420 --> 01:02:24,570

that their kid Walker ranches around the

1479

01:02:28,550 --> 01:02:26,430

planet maybe we don't even haven't

1480

01:02:32,530 --> 01:02:28,560

discovered them yet though there are and

1481

01:02:37,190 --> 01:02:32,540

the and the a tip or SAP actually was

1482

01:02:40,790 --> 01:02:37,200

was involved in them right right and one

1483

01:02:42,859 --> 01:02:40,800

of them was an event in Brazil Sedona

1484

01:02:44,720 --> 01:02:42,869

Arizona I think is another one I think

1485

01:02:47,060 --> 01:02:44,730

John Alexander writes about that in his

1486

01:02:48,770 --> 01:02:47,070

book Sedona Arizona or something

1487

01:02:51,590 --> 01:02:48,780

happening there and John Burroughs has

1488

01:02:53,450 --> 01:02:51,600

mentioned some stuff over there don't

1489

01:02:56,720 --> 01:02:53,460

write that would be another area exactly

1490

01:03:00,170 --> 01:02:56,730

it's I was actually once asked to speak

1491

01:03:03,820 --> 01:03:00,180

at a ghost conference a testis Park up

1492

01:03:06,859 --> 01:03:03,830

at the Stanley Hotel you know which is

1493

01:03:10,190 --> 01:03:06,869

kind of the basis for you know The

1494

01:03:13,700 --> 01:03:10,200

Shining Steve I had no idea

1495

01:03:16,099 --> 01:03:13,710

yeah it had all these sighting the the

1496

01:03:17,330 --> 01:03:16,109

girls that would appear yeah yeah that

1497

01:03:18,200 --> 01:03:17,340

was all based on what happened at the

1498

01:03:21,770 --> 01:03:18,210

Stanley Hotel

1499

01:03:24,230 --> 01:03:21,780

and going up there I was asked to speak

1500

01:03:25,430 --> 01:03:24,240

at a ghost conference from this point of

1501

01:03:27,560 --> 01:03:25,440

view that you're talking about its are

1502

01:03:29,480 --> 01:03:27,570

there areas and these guys were

1503

01:03:32,150 --> 01:03:29,490

particularly interested in crystals and

1504

01:03:33,950 --> 01:03:32,160

how that related to crop circles and

1505

01:03:35,450 --> 01:03:33,960

things like that those are there areas

1506

01:03:38,750 --> 01:03:35,460

where you're gonna get more of this

1507

01:03:40,970 --> 01:03:38,760

activity because of the geology of the

1508

01:03:42,620 --> 01:03:40,980

area or like in crop circles where it's

1509

01:03:45,830 --> 01:03:42,630

been artificially constructed and it's

1510

01:03:47,690 --> 01:03:45,840

kind of creating a kind of a thinness as

1511

01:03:51,380 --> 01:03:47,700

you talk about like a look more bleed

1512

01:03:53,450 --> 01:03:51,390

through from other you know dimension

1513

01:03:56,290 --> 01:03:53,460

stuff like that yeah yeah it's it's so

1514

01:03:59,750 --> 01:03:56,300

funny that you mentioned that because

1515

01:04:05,210 --> 01:03:59,760

you know allegedly the site that Diana

1516

01:04:07,790 --> 01:04:05,220

went to they found out that the area

1517

01:04:09,230 --> 01:04:07,800

itself you know like under the the

1518

01:04:13,940 --> 01:04:09,240

ground and everything there's there's

1519

01:04:15,410 --> 01:04:13,950

certain metals that are consistent you

1520

01:04:17,870 --> 01:04:15,420

know and maybe that creates an

1521

01:04:20,210 --> 01:04:17,880

environment for some kind of high

1522

01:04:22,160 --> 01:04:20,220

strangeness I forget the exact metals

1523

01:04:23,750 --> 01:04:22,170

that were prevalent in the area but

1524

01:04:26,750 --> 01:04:23,760

there's a like a high density of certain

1525

01:04:31,760 --> 01:04:26,760

materials a certain metals yeah

1526

01:04:34,010 --> 01:04:31,770

and that this guy Tyler and in Diana's

1527

01:04:38,060 --> 01:04:34,020

book American cosmic considers that

1528

01:04:42,950 --> 01:04:38,070

place a sacred site hmm and surprise me

1529

01:04:44,690 --> 01:04:42,960

I'm surprised me know yeah so yeah but

1530

01:04:48,260 --> 01:04:44,700

we're getting about to the end over here

1531

01:04:50,960 --> 01:04:48,270

we had a wrap-up yes no I trust me I

1532

01:04:53,180 --> 01:04:50,970

don't want to I sure both we can all go

1533

01:04:55,220 --> 01:04:53,190

on for I mean there's so many other

1534

01:04:57,770 --> 01:04:55,230

topics that we can we can discuss that

1535

01:05:00,260 --> 01:04:57,780

are fascinating and revelant to all this

1536

01:05:03,910 --> 01:05:00,270

all these revelations going on right now

1537

01:05:08,030 --> 01:05:03,920

with a tip and man kind of like the

1538

01:05:09,680 --> 01:05:08,040

reinvention of you apology is amazing

1539

01:05:13,310 --> 01:05:09,690

you know guys we should do this again

1540

01:05:15,680 --> 01:05:13,320

sometime in a couple naturally changing

1541

01:05:17,030 --> 01:05:15,690

it's all happening right now and this is

1542

01:05:18,080 --> 01:05:17,040

a great time to be involved in this area

1543

01:05:19,940 --> 01:05:18,090

isn't it great though

1544

01:05:21,950 --> 01:05:19,950

that those of us who got involved with

1545

01:05:23,270 --> 01:05:21,960

this a long time ago in the audience who

1546

01:05:25,420 --> 01:05:23,280

got where you are interested that it

1547

01:05:28,010 --> 01:05:25,430

that we have verification

1548

01:05:31,790 --> 01:05:28,020

yeah we're finally being validated

1549

01:05:35,180 --> 01:05:31,800

through all this you know and this is a

1550

01:05:38,030 --> 01:05:35,190

to be to be the show this show wouldn't

1551

01:05:40,430 --> 01:05:38,040

exist if it wasn't for TTS eh oh is that

1552

01:05:42,380 --> 01:05:40,440

right oh yeah the environment that they

1553

01:05:44,240 --> 01:05:42,390

created it that got us excited

1554

01:05:46,670 --> 01:05:44,250

James and I excited enough to get this

1555

01:05:48,920 --> 01:05:46,680

going great I didn't know about you guys

1556

01:05:50,810 --> 01:05:48,930

but before you contacted me and that's

1557

01:05:53,060 --> 01:05:50,820

great so we're all gonna have a lot of

1558

01:05:56,210 --> 01:05:53,070

things to do and study and talk about

1559

01:06:01,250 --> 01:05:56,220

even in the next few months there's a

1560

01:06:02,840 --> 01:06:01,260

lot of developments that are underway so

1561

01:06:05,990 --> 01:06:02,850

I guess we got about two or three months

1562

01:06:07,760 --> 01:06:06,000

to get ready let's do another interview

1563

01:06:10,940 --> 01:06:07,770

sometime and we'll carry on from where

1564

01:06:12,380 --> 01:06:10,950

we left off today absolute leather to

1565

01:06:15,410 --> 01:06:12,390

have you on thank you so much

1566

01:06:20,560 --> 01:06:15,420

I mean you're fascinating guy for

1567

01:06:29,270 --> 01:06:26,960

website new crystal mind calm just new

1568

01:06:31,010 --> 01:06:29,280

crystal mind calm okay and what's it

1569

01:06:33,140 --> 01:06:31,020

don't you have the Mount Baldy Institute

1570

01:06:34,970 --> 01:06:33,150

ooh yeah you can get to my Mount Baldy

1571

01:06:37,010 --> 01:06:34,980

that's my publishing company and you can

1572

01:06:38,330 --> 01:06:37,020

get to my virtual viewing classes my

1573

01:06:39,890 --> 01:06:38,340

remote viewing classes online you can

1574

01:06:42,830 --> 01:06:39,900

get to all of that from new crystal mind

1575

01:06:44,390 --> 01:06:42,840

but I do have online viewing classes and

1576

01:06:46,970 --> 01:06:44,400

all sorts of stuff that people can

1577

01:06:48,590 --> 01:06:46,980

participate in and also buy your book is

1578

01:06:52,970 --> 01:06:48,600

available through the website as well

1579

01:06:54,410 --> 01:06:52,980

yeah Black Swan ghosts is you can find

1580

01:06:55,970 --> 01:06:54,420

it there that has its own website and I

1581

01:06:58,760 --> 01:06:55,980

would you know encourage people to go to

1582

01:07:02,030 --> 01:06:58,770

the Black Swan ghosts dot-com website

1583

01:07:04,970 --> 01:07:02,040

because I put up videos of the witness

1584

01:07:07,400 --> 01:07:04,980

interviews I felt like do this for free

1585

01:07:09,740 --> 01:07:07,410

because they trusted me to share their

1586

01:07:11,390 --> 01:07:09,750

story with all of you and some of them

1587

01:07:12,860 --> 01:07:11,400

have even passed on by now so I just

1588

01:07:15,800 --> 01:07:12,870

felt I should put them all up there no

1589

01:07:16,940 --> 01:07:15,810

no login credentials needed just go to

1590

01:07:19,820 --> 01:07:16,950

Black Swan goes I kind of look at

1591

01:07:21,530 --> 01:07:19,830

witness videos and you can listen to

1592

01:07:23,300 --> 01:07:21,540

these very credible people tell about

1593

01:07:24,470 --> 01:07:23,310

their contact stories and you haven't

1594

01:07:25,850 --> 01:07:24,480

heard these witnesses before these are

1595

01:07:28,550 --> 01:07:25,860

just people I've encountered have told

1596

01:07:30,230 --> 01:07:28,560

me their stories and so yeah amazing you

1597

01:07:31,640 --> 01:07:30,240

want to grab those links and then add

1598

01:07:33,890 --> 01:07:31,650

them to the description on the video

1599

01:07:36,380 --> 01:07:33,900

then James on the description I have to

1600

01:07:37,880 --> 01:07:36,390

do it a little later though okay and

1601
01:07:39,800 --> 01:07:37,890
next time guys we have to talk about

1602
01:07:42,740 --> 01:07:39,810
crop circles because I know I know I

1603
01:07:45,080 --> 01:07:42,750
know I'm still doing crop circle tours

1604
01:07:45,700 --> 01:07:45,090
because of the weird strange things that

1605
01:07:47,710 --> 01:07:45,710
happen

1606
01:07:49,120 --> 01:07:47,720
almost every summer when we're there in

1607
01:07:52,539 --> 01:07:49,130
and around these crop circles it's a

1608
01:07:54,849 --> 01:07:52,549
whole other piece of the mystery do you

1609
01:07:57,400 --> 01:07:54,859
do all those crop circle tours on

1610
01:07:59,680 --> 01:07:57,410
overseas yeah they're in the UK

1611
01:08:01,359 --> 01:07:59,690
okay we did it last July and we're

1612
01:08:03,519 --> 01:08:01,369
planning another one and it just it's

1613
01:08:05,079 --> 01:08:03,529

another example people go and

1614

01:08:06,069 --> 01:08:05,089

participate in this see something happen

1615

01:08:09,130 --> 01:08:06,079

right in front of their eyes

1616

01:08:10,660 --> 01:08:09,140

so yeah well thank you so much for

1617

01:08:14,859 --> 01:08:10,670

coming on this has been great thank you

1618

01:08:16,809 --> 01:08:14,869

very much dr. Hine okay take care take

1619

01:08:19,120 --> 01:08:16,819

care all right

1620

01:08:20,919 --> 01:08:19,130

there we go another successful interview

1621

01:08:23,590 --> 01:08:20,929

in the bag doctor hi with some great

1622

01:08:27,999 --> 01:08:23,600

material for us yeah thanks guys

1623

01:08:29,380 --> 01:08:28,009

it was a lot of fun and when you want to

1624

01:08:33,579 --> 01:08:29,390

do it again just let me know okay

1625

01:08:36,550 --> 01:08:33,589

absolutely all right all right so I will

1626

01:08:38,169 --> 01:08:36,560

say goodbye to everyone and enjoy the

1627

01:08:40,240 --> 01:08:38,179

rest of your weekend folks so we'll see

1628

01:08:42,160 --> 01:08:40,250

you again real soon with another great
