News Network Sunday with our second

6
00:01:21,090 --> 00:01:17,970

Twitter circle roundtable a

7
00:01:24,570 --> 00:01:21,100

record-breaking panel here today we've

8
00:01:29,249 --> 00:01:24,580

got six six count on my UFO nuts talk

9
00:01:31,380 --> 00:01:29,259

about UFOs for the next hour plus let's

10
00:01:34,680 --> 00:01:31,390

not waste any time let's bring out this

11
00:01:36,900 --> 00:01:34,690

esteemed panel in first off never been

12
00:01:39,150 --> 00:01:36,910

on the show before making his debut

13
00:01:42,240 --> 00:01:39,160

appearance here and I think perhaps is

14

00:01:45,440 --> 00:01:42,250

Davey debut appearance on any kind of

15

00:01:50,700 --> 00:01:45,450

UFO talk show or panel discussion show

16

00:01:52,440 --> 00:01:50,710

the man himself if George Knapp is the

17

00:01:54,630 --> 00:01:52,450

president of your fan club you're doing

18

00:01:57,330 --> 00:01:54,640

something right Ryan from post

19

00:01:59,790 --> 00:01:57,340

disclosure world Ryan how are you today

20

00:02:01,800 --> 00:01:59,800

I'm doing great it's uh it's wonderful

21

00:02:05,010 --> 00:02:01,810

to be on your show it's a real honor to

22

00:02:07,830 --> 00:02:05,020

have you it really is absolutely next up

23

00:02:11,850 --> 00:02:07,840

we've got a guy who was with us earlier

24

00:02:15,510 --> 00:02:11,860

this year and as a guest he's Chris

25

00:02:17,550 --> 00:02:15,520

Chris Walford investigator researcher

26

00:02:20,070 --> 00:02:17,560

Chris thanks for making the same mistake

27

00:02:22,260 --> 00:02:20,080

twice I really appreciated you're

28

00:02:24,559 --> 00:02:22,270

welcome thank you for having me on there

29

00:02:25,680 --> 00:02:24,569

Chris is with us all the way over from

30

00:02:29,790 --> 00:02:25,690

England

31

00:02:31,470 --> 00:02:29,800

we have Twitter user J a lot of the news

32

00:02:34,110 --> 00:02:31,480

that we're gonna be covering took place

33

00:02:36,300 --> 00:02:34,120

over in Europe so Twitter user Jay

34

00:02:37,530 --> 00:02:36,310

thanks for coming on board I know you're

35

00:02:40,199 --> 00:02:37,540

gonna have a lot to share with us today

36

00:02:42,270 --> 00:02:40,209

appreciate it thank you very much for

37

00:02:44,010 --> 00:02:42,280

having me back up on Isis peak tool I'm

38

00:02:46,559 --> 00:02:44,020

sure a look bought to the show should be

39

00:02:49,350 --> 00:02:46,569

good yeah yeah definitely and last but

40

00:02:51,059 --> 00:02:49,360

not least Danny Silva he's got his new

41

00:02:53,070 --> 00:02:51,069

website up and running yes since the

42

00:02:57,449 --> 00:02:53,080

last time he was on with a silver record

43

00:02:59,550 --> 00:02:57,459

calm Danny has had a busy week and he

44

00:03:01,440 --> 00:02:59,560

informed us via Twitter last night and

45

00:03:03,930 --> 00:03:01,450

asked for all the world to see he's got

46

00:03:05,520 --> 00:03:03,940

a big announcement for us today

47

00:03:07,650 --> 00:03:05,530

so like Danny let's not waste any time

48

00:03:09,050 --> 00:03:07,660

but thanks for coming back and what's

49

00:03:12,270 --> 00:03:09,060

the big news you've got for us

50

00:03:15,300 --> 00:03:12,280

um man thank you for having me I really

51
00:03:17,160 --> 00:03:15,310
like touching you guys it's so much fun

52
00:03:18,420 --> 00:03:17,170
I was kind of just gonna work it in I

53
00:03:23,250 --> 00:03:18,430
might have oversold it a little bit on

54
00:03:25,050 --> 00:03:23,260
Twitter but basically what Dave Beatty

55
00:03:30,240 --> 00:03:25,060
our good friend Dave Beatty told me I

56
00:03:32,970 --> 00:03:30,250
don't know if you all saw the the Steve

57
00:03:35,280 --> 00:03:32,980
Bassett press release oh you had he was

58
00:03:36,210 --> 00:03:35,290
doing yeah so um actually let me get the

59
00:03:42,980 --> 00:03:36,220
quote here

60
00:03:47,010 --> 00:03:42,990
it was Bassett is sending out the movie

61
00:03:50,970 --> 00:03:47,020
the Nimitz Encounters movie - I think he

62
00:03:52,650 --> 00:03:50,980
said 1000 media outlets along with the

63
00:03:55,110 --> 00:03:52,660

press release and then after that he's

64

00:03:58,140 --> 00:03:55,120

going to be sending it to his

65

00:04:00,510 --> 00:03:58,150

congressional connections so it's pretty

66

00:04:04,890 --> 00:04:00,520

cool yeah like we have the Nimitz

67

00:04:06,780 --> 00:04:04,900

Encounters movie and it's like this huge

68

00:04:10,830 --> 00:04:06,790

tool now that we can show to people so

69

00:04:13,860 --> 00:04:10,840

Dave really outdid himself and it's

70

00:04:16,220 --> 00:04:13,870

gonna be a big thing and you know to the

71

00:04:18,479 --> 00:04:16,230

stars Academy is watching that

72

00:04:19,680 --> 00:04:18,489

politicians are watching it everyone is

73

00:04:22,080 --> 00:04:19,690

watching this stuff we can show it to

74

00:04:24,300 --> 00:04:22,090

skeptics we can show it to people that

75

00:04:33,570 --> 00:04:24,310

have never heard about the event so it's

76
00:04:35,610 --> 00:04:33,580
just it's really cool such a great job

77
00:04:37,080 --> 00:04:35,620
on that I know we're gonna talk about it

78
00:04:38,760 --> 00:04:37,090
a bit later in the show but you know

79
00:04:40,650 --> 00:04:38,770
when I was watching that I was like you

80
00:04:44,640 --> 00:04:40,660
know really put you in the perspective

81
00:04:46,530 --> 00:04:44,650
of being like a pilot or something and

82
00:04:49,860 --> 00:04:46,540
and seeing something like that it's a

83
00:04:52,140 --> 00:04:49,870
much you know much more shocking I guess

84
00:04:55,010 --> 00:04:52,150
than just know reading about the story

85
00:04:58,500 --> 00:04:55,020
or even seeing the gun camera footage

86
00:05:02,219 --> 00:04:58,510
yeah it shows everything and it spells

87
00:05:04,170 --> 00:05:02,229
it out for you did you see the new post

88
00:05:06,450 --> 00:05:04,180

by Kevin day just now a couple of hours

89

00:05:09,810 --> 00:05:06,460
ago yeah you talk about the one

90

00:05:12,000 --> 00:05:09,820
mentioning Gary Voorhies yeah and that

91

00:05:14,370 --> 00:05:12,010
you know in January it sounds like maybe

92

00:05:15,659 --> 00:05:14,380
there'll be a tic-tac some sort of like

93

00:05:16,980 --> 00:05:15,669
an entertainment show or some

94

00:05:18,510 --> 00:05:16,990
documentary or something coming out in

95

00:05:21,030 --> 00:05:18,520
January so that's kind of big news -

96

00:05:24,450 --> 00:05:21,040
yeah it definitely is and it seems like

97

00:05:26,190 --> 00:05:24,460
it was Mellon who is Chris Mellon who

98

00:05:27,239 --> 00:05:26,200
was doing some of the interviews so

99

00:05:29,999 --> 00:05:27,249
apparently he's going to

100

00:05:33,479 --> 00:05:30,009
be part of this show yeah that's awesome

101
00:05:37,199 --> 00:05:33,489
Mellon interviewed Gary and then Tom and

102
00:05:40,019 --> 00:05:37,209
it was on to interview dumb Kevin last

103
00:05:41,429 --> 00:05:40,029
summer I think it was Kevin day so we've

104
00:05:43,259 --> 00:05:41,439
seen those pictures so we know that

105
00:05:45,899 --> 00:05:43,269
happens so they are busy yet producing

106
00:05:48,779 --> 00:05:45,909
TV shows well let's say let's get to the

107
00:05:52,349 --> 00:05:48,789
news a couple weeks back

108
00:05:54,719 --> 00:05:52,359
it was TTA making some news again out of

109
00:05:56,609 --> 00:05:54,729
Rome Italy wake up Saturday morning

110
00:05:58,469 --> 00:05:56,619
normally our work Saturdays but I had

111
00:06:02,129 --> 00:05:58,479
called out this particular Saturday so I

112
00:06:04,199 --> 00:06:02,139
get up and see that the there's sort of

113
00:06:07,649 --> 00:06:04,209

an ad-hoc UFO conference they put

114

00:06:09,979 --> 00:06:07,659

together in Rome DeLong and Elizondo

115

00:06:12,569 --> 00:06:09,989

were both there they did their little

116

00:06:14,879 --> 00:06:12,579

presentation that and we were able to

117

00:06:17,789 --> 00:06:14,889

catch it live able to do a little bit of

118

00:06:20,789 --> 00:06:17,799

a live chat along with it so over at my

119

00:06:23,489 --> 00:06:20,799

group on Facebook of UFO news network

120

00:06:25,169 --> 00:06:23,499

group and it's pretty interesting it was

121

00:06:28,409 --> 00:06:25,179

a very entertaining I guess maybe hour

122

00:06:32,279 --> 00:06:28,419

and a half or so that they ran DeLong

123

00:06:35,699 --> 00:06:32,289

started things off and as per usual he

124

00:06:36,899 --> 00:06:35,709

had some interesting things to say it

125

00:06:39,600 --> 00:06:36,909

didn't go long I don't think he went

126
00:06:42,119 --> 00:06:39,610
much if he went over five minutes I'd be

127
00:06:44,459 --> 00:06:42,129
surprised and I go through a lot of

128
00:06:45,929 --> 00:06:44,469
material but basically he said that what

129
00:06:48,149 --> 00:06:45,939
he's doing for UFOs

130
00:06:51,389 --> 00:06:48,159
what Elon Musk and Bob Bigelow are doing

131
00:06:53,939 --> 00:06:51,399
for prime space travel okay and he also

132
00:06:56,299 --> 00:06:53,949
said that he's currently working to

133
00:06:59,609 --> 00:06:56,309
launch satellites into space with lasers

134
00:07:02,519 --> 00:06:59,619
work on artificial intelligence projects

135
00:07:05,399 --> 00:07:02,529
and antigravity so that was Tom

136
00:07:07,319 --> 00:07:05,409
statement right now what are you saying

137
00:07:09,319 --> 00:07:07,329
I would say I much I'll believe it when

138
00:07:11,819 --> 00:07:09,329

I see it taking a wait-and-see attitude

139

00:07:13,889 --> 00:07:11,829

anybody else have any kind of thoughts

140

00:07:19,679 --> 00:07:13,899

on those types of extravagant claims

141

00:07:21,179 --> 00:07:19,689

coming from Tom yeah I'm thinking you

142

00:07:23,399 --> 00:07:21,189

know I think one of their big things is

143

00:07:24,929 --> 00:07:23,409

to sell defense Contract no I think

144

00:07:27,179 --> 00:07:24,939

that's certainly where they're going and

145

00:07:29,429 --> 00:07:27,189

by them going overseas they're kind of

146

00:07:31,019 --> 00:07:29,439

like you know putting the u.s. on their

147

00:07:32,399 --> 00:07:31,029

toes saying hey if we don't get a first

148

00:07:35,219 --> 00:07:32,409

you know somebody else might you know

149

00:07:36,509 --> 00:07:35,229

that there that's I think they're kind

150

00:07:37,769 --> 00:07:36,519

of taking that approach but you know

151

00:07:40,199 --> 00:07:37,779

also in connecting with the other

152

00:07:41,190 --> 00:07:40,209

governments they're able to access some

153

00:07:44,730 --> 00:07:41,200

of their data there

154

00:07:46,050 --> 00:07:44,740

databases you know they can they can

155

00:07:48,090 --> 00:07:46,060

really analyze a lot of different

156

00:07:51,090 --> 00:07:48,100

materials that they have you know even

157

00:07:53,490 --> 00:07:51,100

footage you know just say that you know

158

00:07:57,480 --> 00:07:53,500

the Rome has you know Italy has footage

159

00:07:59,490 --> 00:07:57,490

Italy might let TTS a put out some of

160

00:08:01,590 --> 00:07:59,500

their their gun camera but it's just

161

00:08:03,510 --> 00:08:01,600

like they got from the Department of

162

00:08:05,190 --> 00:08:03,520

Defense yeah I was definitely thinking

163

00:08:07,350 --> 00:08:05,200

that they're they likely brought cameras

164

00:08:09,150 --> 00:08:07,360

with them that this little road trip is

165

00:08:10,620 --> 00:08:09,160

gonna be part of whatever shows they've

166

00:08:12,840 --> 00:08:10,630

got coming up by the early part of next

167

00:08:14,400 --> 00:08:12,850

year we'll see some maybe some behind

168

00:08:16,530 --> 00:08:14,410

the scenes stuff and yeah they might

169

00:08:18,660 --> 00:08:16,540

pick up some some case information that

170

00:08:20,640 --> 00:08:18,670

they can run on the show as well and we

171

00:08:22,740 --> 00:08:20,650

would definitely like to see that from

172

00:08:24,930 --> 00:08:22,750

my the panel any thoughts on where

173

00:08:28,710 --> 00:08:24,940

DeLong's at now and where this might be

174

00:08:32,010 --> 00:08:28,720

going um one thing that stuck out to me

175

00:08:34,140 --> 00:08:32,020

was that DeLong said he made that

176

00:08:37,170 --> 00:08:34,150

database comment that he wants to be

177

00:08:39,180 --> 00:08:37,180

doing a database with AI and ever since

178

00:08:42,630 --> 00:08:39,190

George Knapp said that there was a

179

00:08:44,520 --> 00:08:42,640

government database that really clicked

180

00:08:46,650 --> 00:08:44,530

with me and I I just think it's a really

181

00:08:50,510 --> 00:08:46,660

really huge story Jay was digging into

182

00:08:56,010 --> 00:08:50,520

it I'm on Twitter he he referenced the

183

00:08:57,780 --> 00:08:56,020

valet database there was a capella and I

184

00:09:00,480 --> 00:08:57,790

just think there's a database is a

185

00:09:01,980 --> 00:09:00,490

really big deal there's like the you

186

00:09:04,260 --> 00:09:01,990

know a tip and all these people probably

187

00:09:05,780 --> 00:09:04,270

have access to the United States version

188

00:09:07,740 --> 00:09:05,790

maybe there's all these different

189

00:09:10,380 --> 00:09:07,750

databases that have kind of came

190

00:09:12,150 --> 00:09:10,390

together as one but if we are able to

191

00:09:13,830 --> 00:09:12,160

find out more about that and some of the

192

00:09:18,050 --> 00:09:13,840

other things that are in there I think

193

00:09:23,940 --> 00:09:21,330

yeah presentation itself it's got all

194

00:09:25,350 --> 00:09:23,950

kinds of interesting stuff in there the

195

00:09:26,730 --> 00:09:25,360

kind of things that they're looking for

196

00:09:29,400 --> 00:09:26,740

they're looking for unknown patterns

197

00:09:30,990 --> 00:09:29,410

visit to the phenomenon these kind of

198

00:09:34,800 --> 00:09:31,000

things and when I was looking through

199

00:09:37,410 --> 00:09:34,810

details about this about this databases

200

00:09:40,290 --> 00:09:37,420

capella database I found some details

201
00:09:42,420 --> 00:09:40,300
about bass and actually some of the US

202
00:09:44,970 --> 00:09:42,430
Federal Aviation Administration

203
00:09:47,160 --> 00:09:44,980
documents as well which is fascinating

204
00:09:50,070 --> 00:09:47,170
there were some really interesting parts

205
00:09:51,960 --> 00:09:50,080
in the search she referred to was in

206
00:09:53,880 --> 00:09:51,970
some of these official documents and

207
00:09:54,809 --> 00:09:53,890
they say that bass is an organization

208
00:09:58,169 --> 00:09:54,819
devoted to the

209
00:10:00,090 --> 00:09:58,179
exploration extremely advanced aerospace

210
00:10:02,879 --> 00:10:00,100
technology you know when you see this

211
00:10:05,129 --> 00:10:02,889
stuff written into official documents

212
00:10:07,499 --> 00:10:05,139
kind of blows your mind really and it

213
00:10:10,379 --> 00:10:07,509

seems to be licensed to backup exactly

214

00:10:12,599 --> 00:10:10,389

what Bigelow is looking into and and

215

00:10:18,840 --> 00:10:12,609

with needs and bass all this kind of

216

00:10:23,069 --> 00:10:18,850

stuff and even said that you know the

217

00:10:27,479 --> 00:10:23,079

FAA was to send reports to vests you

218

00:10:29,819 --> 00:10:27,489

know encounters I mean that's that's

219

00:10:32,519 --> 00:10:29,829

pretty insane you know you have a you

220

00:10:35,669 --> 00:10:32,529

know a government funded agency sending

221

00:10:37,109 --> 00:10:35,679

UFO reports to a private well now we

222

00:10:40,859 --> 00:10:37,119

know that bass actually had defense

223

00:10:43,139 --> 00:10:40,869

contracts tolling also reports it refers

224

00:10:45,599 --> 00:10:43,149

to the nibs as well so which was the

225

00:10:48,059 --> 00:10:45,609

previous scientific organization that

226
00:10:50,099 --> 00:10:48,069
was headed up by Bigelow as well so it

227
00:10:53,279 --> 00:10:50,109
talks about that they used to send all

228
00:10:54,900 --> 00:10:53,289
of the files and data to knits it says

229
00:10:56,729 --> 00:10:54,910
now that knids is defunct

230
00:11:00,779 --> 00:10:56,739
you need to send all of the data now to

231
00:11:02,279 --> 00:11:00,789
bass and it's positive numbers as email

232
00:11:04,289 --> 00:11:02,289
addresses and all that kind of stuff

233
00:11:07,590 --> 00:11:04,299
they're sending this information through

234
00:11:12,329 --> 00:11:07,600
to bass in official documents which is

235
00:11:13,619 --> 00:11:12,339
pretty mind-blowing really yes it's also

236
00:11:15,359 --> 00:11:13,629
kind of cool just that we get to hear

237
00:11:17,639 --> 00:11:15,369
from DeLong you know I don't think we

238
00:11:19,409 --> 00:11:17,649

have really heard from them in 2018 at

239

00:11:21,389 --> 00:11:19,419

all even though this was really short it

240

00:11:23,759 --> 00:11:21,399

was cool that he talked and other than

241

00:11:26,689 --> 00:11:23,769

like some of those q and A's from the

242

00:11:30,049 --> 00:11:26,699

book releases this has been it for 2018

243

00:11:32,939 --> 00:11:30,059

yeah yeah I think if there's a Rogen

244

00:11:36,599 --> 00:11:32,949

thing he kind of you know took a step

245

00:11:38,609 --> 00:11:36,609

back and I expect that he's the guy as

246

00:11:40,199 --> 00:11:38,619

the the sit-downs with the TV networks

247

00:11:43,109 --> 00:11:40,209

and that gets those deals put together

248

00:11:45,210 --> 00:11:43,119

to I expect exactly that's a that's a

249

00:11:49,159 --> 00:11:45,220

lot where his efforts are going these

250

00:11:51,539 --> 00:11:49,169

days yeah yeah what you back through the

251

00:11:54,629 --> 00:11:51,549

Rogen interview just a couple of days

252

00:11:56,039 --> 00:11:54,639

ago but it seems to me you know he got a

253

00:11:57,749 --> 00:11:56,049

lot of slack for that interview

254

00:11:59,669 --> 00:11:57,759

everything he was saying

255

00:12:00,840 --> 00:11:59,679

that was going to be coming out has

256

00:12:03,090 --> 00:12:00,850

either come out already

257

00:12:04,349 --> 00:12:03,100

or seems like it might be coming out

258

00:12:05,669 --> 00:12:04,359

over the next few months we need to see

259

00:12:08,249 --> 00:12:05,679

some of the results of some of these

260

00:12:09,989 --> 00:12:08,259

experiments on the material that he was

261

00:12:13,439 --> 00:12:09,999

Ferenc to a lot of what he was talking

262

00:12:16,109 --> 00:12:13,449

about is is come to pass so I loved that

263

00:12:18,389 --> 00:12:16,119

I thought it was great everyone you know

264

00:12:20,369 --> 00:12:18,399

a lot of people who are critiquing it I

265

00:12:24,299 --> 00:12:20,379

thought it was great and then Rogan's

266

00:12:25,949 --> 00:12:24,309

critiques were before the New York Times

267

00:12:27,389 --> 00:12:25,959

released that stuff so I feel like he

268

00:12:30,239 --> 00:12:27,399

kind of had to eat his words which he

269

00:12:32,519 --> 00:12:30,249

didn't the interview seemed to go

270

00:12:35,249 --> 00:12:32,529

through a little bit of a touchy point

271

00:12:37,259 --> 00:12:35,259

very early on along if you remember

272

00:12:38,519 --> 00:12:37,269

asked there Rogan specifically you know

273

00:12:40,319 --> 00:12:38,529

have you've done a lot of research on

274

00:12:47,579 --> 00:12:40,329

this have you really looked into it and

275

00:12:49,859 --> 00:12:47,589

Rogan said no he knows quite a lot he

276

00:12:52,229 --> 00:12:49,869

actually knows the Bob Lazar story quite

277

00:12:54,749 --> 00:12:52,239

well and he also knows Whitley

278

00:12:56,369 --> 00:12:54,759

streamer's story very well too in fact

279

00:12:59,279 --> 00:12:56,379

he was just talking about Willie

280

00:13:01,979 --> 00:12:59,289

streamer - I want to say about what

281

00:13:04,079 --> 00:13:01,989

least rear excuse me - another comic and

282

00:13:06,029 --> 00:13:04,089

he was describing to the other comic

283

00:13:09,079 --> 00:13:06,039

that he was a science fiction writer

284

00:13:11,519 --> 00:13:09,089

then all sudden he got this idea oh I

285

00:13:14,879 --> 00:13:11,529

I'm gonna go in this direction that I

286

00:13:19,109 --> 00:13:14,889

was abducted so he kind of shifted gears

287

00:13:21,509 --> 00:13:19,119

and made his audience and that comedian

288

00:13:25,319 --> 00:13:21,519

think that you know Willie streamers

289

00:13:27,329 --> 00:13:25,329

just making this stuff up and I mean I

290

00:13:29,999 --> 00:13:27,339

don't know about you guys but it doesn't

291

00:13:31,919 --> 00:13:30,009

seem that he's making anything up well

292

00:13:35,039 --> 00:13:31,929

Rogan Rogan has gone on the record

293

00:13:38,129 --> 00:13:35,049

recently saying there's no evidence no

294

00:13:41,759 --> 00:13:38,139

substantial evidence for the reality of

295

00:13:43,499 --> 00:13:41,769

the UAP phenomena and my impression is

296

00:13:46,049 --> 00:13:43,509

he just doesn't want to be associated

297

00:13:48,509 --> 00:13:46,059

with anything conspiratorial whatsoever

298

00:13:50,489 --> 00:13:48,519

except for JFK he he just doesn't want

299

00:13:52,379 --> 00:13:50,499

to be associated with in his mind he

300

00:13:56,039 --> 00:13:52,389

thinks that he comes off as someone

301
00:13:58,889 --> 00:13:56,049
who's not so bright because he

302
00:14:01,679 --> 00:13:58,899
subscribes that you ap are real so he he

303
00:14:03,720 --> 00:14:01,689
toes this very very strict line of

304
00:14:05,939 --> 00:14:03,730
there's no evidence and of course that's

305
00:14:07,710 --> 00:14:05,949
ridiculous and and in when he was doing

306
00:14:10,379 --> 00:14:07,720
the interview with Tom DeLonge he didn't

307
00:14:12,629 --> 00:14:10,389
even know who was on the panel on the

308
00:14:14,159 --> 00:14:12,639
October 11 press conference I mean how

309
00:14:17,009 --> 00:14:14,169
could you not even how could you that

310
00:14:19,259 --> 00:14:17,019
would take five minutes of preparation

311
00:14:21,319 --> 00:14:19,269
it's unbelievable yeah I think that

312
00:14:23,329 --> 00:14:21,329
moment when he said that that he had

313
00:14:25,429 --> 00:14:23,339

done any background research through

314

00:14:28,220 --> 00:14:25,439

DeLong a little bit he was expecting a

315

00:14:31,160 --> 00:14:28,230

guy to be well prepared to have detailed

316

00:14:33,139 --> 00:14:31,170

questions and when that obviously was

317

00:14:35,389 --> 00:14:33,149

not gonna happen he had to kind of

318

00:14:38,239 --> 00:14:35,399

rethink his strategy a little bit so for

319

00:14:42,229 --> 00:14:38,249

the kid Rose issue there I'm sorry Frank

320

00:14:44,569 --> 00:14:42,239

Brogan had a show on sci-fi channel that

321

00:14:46,759 --> 00:14:44,579

looked at your folks he interviewed Eric

322

00:14:48,889 --> 00:14:46,769

Davis well not him Duncan Trussell did

323

00:14:51,530 --> 00:14:48,899

right right he interviewed yeah so I

324

00:14:52,910 --> 00:14:51,540

just I mean I agrees Ryan that he

325

00:14:55,759 --> 00:14:52,920

doesn't want to be associated with

326

00:14:58,519 --> 00:14:55,769

conspiracy theorists and I kind of hate

327

00:15:01,100 --> 00:14:58,529

that term but he has any Bravo on and

328

00:15:04,400 --> 00:15:01,110

any Bravo is the king of conspiracy

329

00:15:06,859 --> 00:15:04,410

theorists funny little little story

330

00:15:09,859 --> 00:15:06,869

there was a comedian that is on the same

331

00:15:13,609 --> 00:15:09,869

tripoli podcast real quick who was

332

00:15:16,460 --> 00:15:13,619

talking about the a tip program and all

333

00:15:19,639 --> 00:15:16,470

that what took place and i reached out

334

00:15:21,650 --> 00:15:19,649

to him through a twitter just recently

335

00:15:25,460 --> 00:15:21,660

and mentioned hey you need to look at

336

00:15:27,590 --> 00:15:25,470

this short film which was Dave Brady's

337

00:15:30,470 --> 00:15:27,600

the Nimitz encounters and he got back to

338

00:15:33,829 --> 00:15:30,480

me said he he could not believe how well

339

00:15:37,729 --> 00:15:33,839

done that was but he also said that he

340

00:15:41,229 --> 00:15:37,739

would like to know other documentaries

341

00:15:44,449 --> 00:15:41,239

or other places to look to for this

342

00:15:47,359 --> 00:15:44,459

phenomena or people to listen to so I

343

00:15:50,419 --> 00:15:47,369

kind of give him a list of things and

344

00:15:52,689 --> 00:15:50,429

people to look at for this phenomenon so

345

00:15:55,159 --> 00:15:52,699

I just thought that was kind of cool

346

00:15:57,590 --> 00:15:55,169

well it was something quite interesting

347

00:16:00,109 --> 00:15:57,600

that was part of the Achuar the video

348

00:16:03,499 --> 00:16:00,119

that was prepared by Dave it was also

349

00:16:05,960 --> 00:16:03,509

written into the TTS a paper that wasn't

350

00:16:07,519 --> 00:16:05,970

present in natural original report if

351

00:16:10,069 --> 00:16:07,529

you read the original report about the

352

00:16:13,609 --> 00:16:10,079

incident itself it does not mention the

353

00:16:15,710 --> 00:16:13,619

weapon systems on the actual video and

354

00:16:17,989 --> 00:16:15,720

as part of the TTS a report they seem to

355

00:16:20,119 --> 00:16:17,999

add this information about the weapon

356

00:16:21,889 --> 00:16:20,129

systems as part of the the planes which

357

00:16:24,259 --> 00:16:21,899

is never in the original what about the

358

00:16:28,629 --> 00:16:24,269

where do you mean that they weren't

359

00:16:31,220 --> 00:16:28,639

armed at the time yes okay correct okay

360

00:16:32,840 --> 00:16:31,230

there in tradition that was added to the

361

00:16:34,100 --> 00:16:32,850

TTS a report which I just find

362

00:16:35,210 --> 00:16:34,110

interesting you know what I mean what

363

00:16:36,410 --> 00:16:35,220

that was the the

364

00:16:38,809 --> 00:16:36,420

consistency whether it's information

365

00:16:40,759 --> 00:16:38,819

they've got later I don't know but there

366

00:16:43,460 --> 00:16:40,769

was there's definitely that is different

367

00:16:44,840 --> 00:16:43,470

between the two reports Ryan you wanted

368

00:16:47,300 --> 00:16:44,850

to go ahead yeah I wanted one thing I

369

00:16:49,040 --> 00:16:47,310

learned through his documentary and I I

370

00:16:52,069 --> 00:16:49,050

didn't come across this and some of you

371

00:16:54,139 --> 00:16:52,079

probably have is Beatty spoke to someone

372

00:16:57,019 --> 00:16:54,149

off the record that it wasn't public

373

00:16:58,819 --> 00:16:57,029

that when the pilot saw the tic-tac

374

00:17:00,980 --> 00:16:58,829

there was like a mirage kind of

375

00:17:04,130 --> 00:17:00,990

appearance to it and and you you notice

376

00:17:06,770 --> 00:17:04,140

that in the in the documentary itself he

377

00:17:07,909 --> 00:17:06,780

does put like a mirage like appearance

378

00:17:09,620 --> 00:17:07,919

to the tic-tacs

379

00:17:11,029 --> 00:17:09,630

and I don't I saw him make a comment

380

00:17:15,380 --> 00:17:11,039

about that somewhere I don't know if you

381

00:17:17,539 --> 00:17:15,390

guys have him saying something like that

382

00:17:21,350 --> 00:17:17,549

I know that other people that were

383

00:17:24,020 --> 00:17:21,360

actually at for aesthetic tech said

384

00:17:26,899 --> 00:17:24,030

events have been corresponding with Dave

385

00:17:29,060 --> 00:17:26,909

so maybe Frank and James you need to

386

00:17:32,000 --> 00:17:29,070

have Dave back yeah oh yeah that's in

387

00:17:34,279 --> 00:17:32,010

the plans no doubt look at the review of

388

00:17:36,560 --> 00:17:34,289

the movie as well yeah we wanted to have

389

00:17:38,090 --> 00:17:36,570

during you know the day of the release

390

00:17:43,190 --> 00:17:38,100

but you know everybody schedules are so

391

00:17:46,399 --> 00:17:43,200

crazy but we just talked about the the

392

00:17:50,690 --> 00:17:46,409

video you know if we do a short but real

393

00:17:53,390 --> 00:17:50,700

quick I will say this Jay what he just

394

00:17:55,490 --> 00:17:53,400

mentioned about the art movement not

395

00:17:57,140 --> 00:17:55,500

being armed because there was a it was a

396

00:18:00,440 --> 00:17:57,150

sidewinder missile that could not come

397

00:18:04,580 --> 00:18:00,450

off the rail I want to say it was the

398

00:18:06,919 --> 00:18:04,590

flavor interview with Jimmy Korbelt and I

399

00:18:12,409 --> 00:18:06,929

don't quote me if this is on YouTube or

400

00:18:15,159 --> 00:18:12,419

not but he maintains that the two stars

401
00:18:20,539 --> 00:18:15,169
account and what his his account is

402
00:18:23,120 --> 00:18:20,549
slightly is different right yeah so

403
00:18:26,270 --> 00:18:23,130
maybe there was some lost translation

404
00:18:29,000 --> 00:18:26,280
stopped there I don't know yes then

405
00:18:31,820 --> 00:18:29,010
agree I mentioned those documents that

406
00:18:34,250 --> 00:18:31,830
came off the Chris Mullin website when

407
00:18:36,529 --> 00:18:34,260
the the Nimitz call up to the virtual

408
00:18:38,180 --> 00:18:36,539
the pilots there's in the original

409
00:18:39,680 --> 00:18:38,190
report that was from Chris Mullins

410
00:18:40,760 --> 00:18:39,690
website does not mention the weapon

411
00:18:43,130 --> 00:18:40,770
systems they have a different

412
00:18:44,630 --> 00:18:43,140
conversation it was only in the report

413
00:18:46,580 --> 00:18:44,640

that was released by T TSA on their

414

00:18:48,440 --> 00:18:46,590

website that mentions these weapon

415

00:18:50,210 --> 00:18:48,450

systems I mean it spot

416

00:18:52,490 --> 00:18:50,220

that the pilots mentioned it later and

417

00:18:55,160 --> 00:18:52,500

clarified and said oh by the way they

418

00:18:56,840 --> 00:18:55,170

asked about weapon systems but it wasn't

419

00:19:02,420 --> 00:18:56,850

present in that original report so maybe

420

00:19:04,850 --> 00:19:02,430

that's what he's referring to yeah the

421

00:19:06,820 --> 00:19:04,860

melon leak was kind of like some of the

422

00:19:11,270 --> 00:19:06,830

information in there was like a

423

00:19:13,250 --> 00:19:11,280

preliminary like a briefing package just

424

00:19:15,260 --> 00:19:13,260

to kind of sell the you know what their

425

00:19:16,460 --> 00:19:15,270

I don't mean in a bad way kind of pitch

426

00:19:19,580 --> 00:19:16,470

their idea and what they're doing and it

427

00:19:22,160 --> 00:19:19,590

wasn't a final cut another really

428

00:19:24,380 --> 00:19:22,170

interesting thing about all this and

429

00:19:26,630 --> 00:19:24,390

Dave made sure to add it to the to the

430

00:19:30,650 --> 00:19:26,640

film is the what was it those little

431

00:19:33,920 --> 00:19:30,660

hooks or whatever the canard yeah that's

432

00:19:35,540 --> 00:19:33,930

insane that's just so cool yeah well

433

00:19:37,430 --> 00:19:35,550

well double back today's movie we're

434

00:19:42,140 --> 00:19:37,440

gonna everybody here has seen it right

435

00:19:43,490 --> 00:19:42,150

oh yeah yeah yeah amazing so uh yeah

436

00:19:45,500 --> 00:19:43,500

well we'll double back and we'll talk

437

00:19:48,170 --> 00:19:45,510

about G's movie but then let's say I get

438

00:19:50,000 --> 00:19:48,180

back to the conference over in Italy the

439

00:19:52,660 --> 00:19:50,010

long wrapped up his brief comments and

440

00:19:56,000 --> 00:19:52,670

then Louie Elizondo took the floor and

441

00:19:58,820 --> 00:19:56,010

basically the first part of his

442

00:20:00,140 --> 00:19:58,830

presentation they're covered UFO history

443

00:20:01,820 --> 00:20:00,150

and I thought that was pretty

444

00:20:04,340 --> 00:20:01,830

interesting because one of the things he

445

00:20:05,840 --> 00:20:04,350

was saying very early on linked last

446

00:20:09,020 --> 00:20:05,850

year and into the early part of this

447

00:20:12,020 --> 00:20:09,030

year was what he had his job running a

448

00:20:15,050 --> 00:20:12,030

tip he did not really get into the

449

00:20:16,700 --> 00:20:15,060

history of UFOs he just basically took

450

00:20:19,910 --> 00:20:16,710

the cases as they came and dealt with

451
00:20:22,310 --> 00:20:19,920
what was in front of him and two weeks

452
00:20:24,560 --> 00:20:22,320
back he's at this conference and he goes

453
00:20:26,810 --> 00:20:24,570
through essentially his version of UFO

454
00:20:29,600 --> 00:20:26,820
history and this was pretty interesting

455
00:20:30,950 --> 00:20:29,610
stuff and I was wondering what feedback

456
00:20:34,000 --> 00:20:30,960
we've got that from the folks who

457
00:20:36,320 --> 00:20:34,010
watched that presentation went through

458
00:20:37,880 --> 00:20:36,330
Roswell he dropped the Roswell case

459
00:20:39,920 --> 00:20:37,890
talked about that cases through the

460
00:20:42,680 --> 00:20:39,930
fifties and sixties seven you know when

461
00:20:46,430 --> 00:20:42,690
I brought it right up to today feedback

462
00:20:50,930 --> 00:20:46,440
on elizondo's a little history lesson on

463
00:20:53,000 --> 00:20:50,940

UFOs he of course he mentioned the

464

00:20:55,130 --> 00:20:53,010

Rendlesham stuff so that was like this

465

00:20:57,350 --> 00:20:55,140

huge bomb show and he said he gave the

466

00:21:00,370 --> 00:20:57,360

four month window so I think it's before

467

00:21:02,340 --> 00:21:00,380

February 27th is when the four months

468

00:21:05,190 --> 00:21:02,350

expires and he said four

469

00:21:08,310 --> 00:21:05,200

in four months we'll hear more

470

00:21:10,019 --> 00:21:08,320

information about it he said that it was

471

00:21:12,779 --> 00:21:10,029

it would make close encounters of the

472

00:21:15,870 --> 00:21:12,789

third time I don't know seem like

473

00:21:17,639 --> 00:21:15,880

nothing or I'm paraphrasing yeah yeah

474

00:21:19,529 --> 00:21:17,649

it's just a big deal and I think

475

00:21:21,419 --> 00:21:19,539

everyone all of us have wanted

476

00:21:22,740 --> 00:21:21,429

Eva's honor to be speaking about the

477

00:21:24,749 --> 00:21:22,750

history of stuff and to be speaking

478

00:21:26,340 --> 00:21:24,759

about other things because he's always

479

00:21:28,019 --> 00:21:26,350

stopped short with a tip so the fact

480

00:21:29,730 --> 00:21:28,029

that he did that now is really

481

00:21:30,330 --> 00:21:29,740

incredible and it's really positive for

482

00:21:31,980 --> 00:21:30,340

the community

483

00:21:33,779 --> 00:21:31,990

yeah I thought his choices of what to

484

00:21:37,080 --> 00:21:33,789

include and what not to include was very

485

00:21:39,509 --> 00:21:37,090

interesting and one real specific

486

00:21:41,789 --> 00:21:39,519

mention that he came up with and one of

487

00:21:44,100 --> 00:21:41,799

his slides really kind of surprised me

488

00:21:48,389 --> 00:21:44,110

when talking about the 70s he mentioned

489

00:21:51,690 --> 00:21:48,399

the CIA weird desk man by alfred lund

490

00:21:54,090 --> 00:21:51,700

all kicked green Ron Pandolfi over a

491

00:21:55,830 --> 00:21:54,100

period of years I'll tell you what I

492

00:21:56,909 --> 00:21:55,840

don't know if he was listening live but

493

00:21:58,740 --> 00:21:56,919

as soon as he heard about it

494

00:22:01,139 --> 00:21:58,750

I expect that Grant Cameron was doing

495

00:22:04,529 --> 00:22:01,149

some back flips over that he did he was

496

00:22:07,169 --> 00:22:04,539

very excited about that but the thing

497

00:22:10,950 --> 00:22:07,179

that excited me the most I know that it

498

00:22:13,169 --> 00:22:10,960

was a long conference in a along you

499

00:22:15,779 --> 00:22:13,179

know lecture but the fact that he

500

00:22:19,249 --> 00:22:15,789

mentioned Rendlesham over three nights I

501
00:22:24,480 --> 00:22:19,259
was doing backflips over because most

502
00:22:26,610 --> 00:22:24,490
researchers think it's 2 or 1 or it's a

503
00:22:30,810 --> 00:22:26,620
lighthouse or what have you but that for

504
00:22:35,190 --> 00:22:30,820
me was huge because that means that he

505
00:22:37,710 --> 00:22:35,200
is taking to account possibly what john

506
00:22:39,680 --> 00:22:37,720
burroughs on the third night not the

507
00:22:41,879 --> 00:22:39,690
first night but the third night and

508
00:22:43,350 --> 00:22:41,889
Adrian buss tenza and I know I'm going

509
00:22:45,509 --> 00:22:43,360
to mention the name here that's gonna

510
00:22:49,649 --> 00:22:45,519
get me scolded but I don't really care

511
00:22:51,749 --> 00:22:49,659
is Larry Warren's account so yeah that's

512
00:22:54,090 --> 00:22:51,759
huge yeah I think we're gonna go into

513
00:22:56,249 --> 00:22:54,100

some more detail on all that and we'll

514

00:22:58,980 --> 00:22:56,259

have a little show dedicated to just

515

00:23:00,749 --> 00:22:58,990

clearing up a lot of misconceptions you

516

00:23:02,220 --> 00:23:00,759

mentioned the lighthouse Chris that

517

00:23:04,889 --> 00:23:02,230

still floats around out there as a

518

00:23:06,299 --> 00:23:04,899

frisée yeah the whole thing I think we

519

00:23:06,629 --> 00:23:06,309

could knock that down pretty quick and

520

00:23:09,029 --> 00:23:06,639

easy

521

00:23:11,460 --> 00:23:09,039

Larry Warren yeah is apparently going to

522

00:23:13,379 --> 00:23:11,470

be featured in a documentary about the

523

00:23:15,899 --> 00:23:13,389

case called Cape L green

524

00:23:17,519 --> 00:23:15,909

that's gonna be coming out shortly not

525

00:23:18,839 --> 00:23:17,529

so sure about that we'll have to see

526

00:23:20,719 --> 00:23:18,849

what they've got together Gary Heseltine

527

00:23:24,479 --> 00:23:20,729

is involved in that

528

00:23:25,769 --> 00:23:24,489

so that's the Rendlesham case we got

529

00:23:27,180 --> 00:23:25,779

time out we're definitely gonna double

530

00:23:28,489 --> 00:23:27,190

back and talk a little bit about that

531

00:23:31,409 --> 00:23:28,499

some of the connections to other

532

00:23:34,019 --> 00:23:31,419

paranormal hotspots around the world but

533

00:23:36,119 --> 00:23:34,029

that was that a little indicate and that

534

00:23:38,399 --> 00:23:36,129

by and large it was I thought a very

535

00:23:40,889 --> 00:23:38,409

good little history lesson if someone

536

00:23:42,690 --> 00:23:40,899

was completely unfamiliar with the

537

00:23:45,319 --> 00:23:42,700

history he covered a lot of ground I

538

00:23:48,060 --> 00:23:45,329

thought he did a nice job but one area

539

00:23:50,009 --> 00:23:48,070

where he did make a little bit of a

540

00:23:52,499 --> 00:23:50,019

mistake and not surprisingly caught

541

00:23:55,229 --> 00:23:52,509

nothing but heat over it was he included

542

00:23:57,690 --> 00:23:55,239

as a graphical and discussing the DC 52

543

00:24:00,299 --> 00:23:57,700

case he included a graphic that is

544

00:24:02,249 --> 00:24:00,309

actually a frame grab from a video that

545

00:24:04,319 --> 00:24:02,259

was prepared for a television

546

00:24:05,639 --> 00:24:04,329

documentary about the case or the

547

00:24:10,680 --> 00:24:05,649

covered the case anyway

548

00:24:14,509 --> 00:24:10,690

and he showed that and presented it as a

549

00:24:18,060 --> 00:24:14,519

legitimate photograph of the actual

550

00:24:19,799 --> 00:24:18,070

event that is not the case that little

551
00:24:22,199 --> 00:24:19,809
video has been floating around a while

552
00:24:24,749 --> 00:24:22,209
I've actually got it right now a graphic

553
00:24:27,690 --> 00:24:24,759
I've included it as a an illustration

554
00:24:30,089 --> 00:24:27,700
only in an article that I wrote in my

555
00:24:32,579 --> 00:24:30,099
website about the juicing 52 case so I

556
00:24:35,190 --> 00:24:32,589
knew the Providence of the the image I

557
00:24:36,599 --> 00:24:35,200
framed grabbed it myself out of the out

558
00:24:39,329 --> 00:24:36,609
of the full video that's floating around

559
00:24:43,049 --> 00:24:39,339
sharpen it up a little bit but it's

560
00:24:46,229 --> 00:24:43,059
there over at my website I'm one big

561
00:24:48,629 --> 00:24:46,239
shame is I think that the GC 52 UFO

562
00:24:49,649 --> 00:24:48,639
cases the greatest UFO case of all time

563
00:24:52,440 --> 00:24:49,659

I really do

564

00:24:54,239 --> 00:24:52,450

and people are arguing back and forth

565

00:24:56,310 --> 00:24:54,249

about the provenance of this picture

566

00:25:01,440 --> 00:24:56,320

which is an illustration it's not a real

567

00:25:03,680 --> 00:25:01,450

picture I saw as a representation of

568

00:25:06,359 --> 00:25:03,690

something that he had to visually show

569

00:25:08,190 --> 00:25:06,369

just like I said before if you sit there

570

00:25:09,119 --> 00:25:08,200

through a lecture and you don't have

571

00:25:11,159 --> 00:25:09,129

visual aids

572

00:25:13,709 --> 00:25:11,169

people are gonna snore and fall asleep

573

00:25:17,729 --> 00:25:13,719

and they're not gonna pay attention now

574

00:25:20,849 --> 00:25:17,739

he did go back and apologize for using

575

00:25:22,859 --> 00:25:20,859

that photo that well well yeah I mean he

576

00:25:24,899 --> 00:25:22,869

he presented the photo as if it was a

577

00:25:26,259 --> 00:25:24,909

legitimate photo he said then but these

578

00:25:29,829 --> 00:25:26,269

are legitimate photos of the

579

00:25:31,979 --> 00:25:29,839

was a mistake yeah I mean if you're only

580

00:25:34,479 --> 00:25:31,989

Robert Schaefer

581

00:25:36,310 --> 00:25:34,489

there should have been copy on that

582

00:25:37,899 --> 00:25:36,320

photo that said for representational

583

00:25:39,969 --> 00:25:37,909

purposes only and then he won't even had

584

00:25:41,469 --> 00:25:39,979

to pointed it out verbally but that that

585

00:25:42,849 --> 00:25:41,479

was a party see that what do you what do

586

00:25:45,329 --> 00:25:42,859

you what he pointed out verbally Ryan

587

00:25:50,560 --> 00:25:45,339

was that this is a legitimate photo

588

00:25:51,789 --> 00:25:50,570

right was not exactly it was you know

589

00:25:54,190 --> 00:25:51,799

it's making it makes it a little bit

590

00:25:56,349 --> 00:25:54,200

hard on us when we're trying to battle

591

00:25:57,969 --> 00:25:56,359

these skeptics and naysayers and whatnot

592

00:26:02,169 --> 00:25:57,979

but it was a mistake he admitted it so

593

00:26:04,029 --> 00:26:02,179

to me but Danny yeah let's say I look at

594

00:26:05,919 --> 00:26:04,039

it this way this is a they've been

595

00:26:08,379 --> 00:26:05,929

making this kind of mistake on a regular

596

00:26:10,180 --> 00:26:08,389

basis you have to wonder if after while

597

00:26:11,919 --> 00:26:10,190

these are pretty sharp guys if they're

598

00:26:13,479 --> 00:26:11,929

not doing these things deliberately just

599

00:26:21,549 --> 00:26:13,489

to drive people like Shafer and Kurt

600

00:26:22,599 --> 00:26:21,559

College nuts it shows me that or at

601
00:26:24,579 --> 00:26:22,609

least I'm sorry guys

602
00:26:28,959 --> 00:26:24,589

it tells me that they're doing it all on

603
00:26:31,659 --> 00:26:28,969

their own and that's good I external

604
00:26:34,149 --> 00:26:31,669

force ie the US government telling them

605
00:26:36,489 --> 00:26:34,159

what they can or cannot talk about right

606
00:26:38,619 --> 00:26:36,499

so that tells me they're doing that on

607
00:26:39,969 --> 00:26:38,629

their own at least to me Oh what you

608
00:26:41,169 --> 00:26:39,979

guys like that's a great point

609
00:26:50,709 --> 00:26:41,179

I think they better not make this

610
00:26:52,719 --> 00:26:50,719

mistake again is what I think that's an

611
00:26:55,930 --> 00:26:52,729

illustration it's from an old TV

612
00:26:58,119 --> 00:26:55,940

documentary but that's where that's at

613
00:27:01,839 --> 00:26:58,129

so anyone else have any takeaways from

614

00:27:05,949 --> 00:27:01,849

the presentation yes yes interesting

615

00:27:08,709 --> 00:27:05,959

that Elizondo was asked about patterns

616

00:27:10,930 --> 00:27:08,719

regarding the data where you ap go and

617

00:27:12,819 --> 00:27:10,940

so forth and he said that he he would

618

00:27:14,199 --> 00:27:12,829

not go further into it because I guess

619

00:27:17,649 --> 00:27:14,209

it was classified but all he could say

620

00:27:20,349 --> 00:27:17,659

is they congregate from his from his

621

00:27:22,659 --> 00:27:20,359

studies at the a tip they congregate

622

00:27:24,879 --> 00:27:22,669

around water and around nuclear

623

00:27:27,339 --> 00:27:24,889

facilities and I think that information

624

00:27:29,589 --> 00:27:27,349

is essential because a tips whole

625

00:27:32,019 --> 00:27:29,599

objective is to learn what what are

626

00:27:33,759 --> 00:27:32,029

these what are they and how do they work

627

00:27:35,589 --> 00:27:33,769

and and are they a national security

628

00:27:38,619 --> 00:27:35,599

threat or not so from a personal

629

00:27:40,220 --> 00:27:38,629

standpoint that I would love to to delve

630

00:27:44,840 --> 00:27:40,230

further into the patterns

631

00:27:48,110 --> 00:27:44,850

where they see these UAP most often how

632

00:27:49,370 --> 00:27:48,120

long they spend at various locations but

633

00:27:50,539 --> 00:27:49,380

but a bit apparently that's very

634

00:27:53,060 --> 00:27:50,549

classified but I think that would be

635

00:27:57,320 --> 00:27:53,070

very useful for for us who are studying

636

00:28:05,560 --> 00:27:57,330

the phenomenon yeah no I data always

637

00:28:08,120 --> 00:28:05,570

matters absolutely jump in yeah let me

638

00:28:09,320 --> 00:28:08,130

getting back to when Alessandro is going

639

00:28:11,960 --> 00:28:09,330

over the history he mentioned spent

640

00:28:14,570 --> 00:28:11,970

waters and you know during that he he

641

00:28:17,720 --> 00:28:14,580

mentioned that he he briefed four people

642

00:28:19,370 --> 00:28:17,730

from the Bentwaters case you know so you

643

00:28:22,310 --> 00:28:19,380

know how does some you know something

644

00:28:26,000 --> 00:28:22,320

like Elizondo three people on an event

645

00:28:29,780 --> 00:28:26,010

that they were part of later

646

00:28:32,360 --> 00:28:29,790

yet he debriefed them so but the

647

00:28:34,100 --> 00:28:32,370

interesting part about that is you know

648

00:28:35,840 --> 00:28:34,110

we know and we know also I'm sorry about

649

00:28:38,840 --> 00:28:35,850

this James but that we also know that

650

00:28:41,090 --> 00:28:38,850

John burrows was one of them yeah yeah

651
00:28:43,760 --> 00:28:41,100
john boss made a post saying listen guys

652
00:28:44,930 --> 00:28:43,770
cats out of the bag yeah i've been i've

653
00:28:49,270 --> 00:28:44,940
been speaking to Elizondo

654
00:28:51,860 --> 00:28:49,280
you know yeah so that's one thing but

655
00:28:53,330 --> 00:28:51,870
you know you also have to wonder because

656
00:28:55,520 --> 00:28:53,340
you know everybody knows that the

657
00:28:57,049 --> 00:28:55,530
Rendlesham documents you know they

658
00:28:58,909 --> 00:28:57,059
weren't missing they were supposed to be

659
00:29:01,549 --> 00:28:58,919
be classified and put out with one of

660
00:29:03,650 --> 00:29:01,559
those UK releases and and they

661
00:29:06,169 --> 00:29:03,660
disappeared so you get a wonder with

662
00:29:07,730 --> 00:29:06,179
with elizondo's clearance level since

663
00:29:09,880 --> 00:29:07,740

she has such a high clearance if he had

664

00:29:13,870 --> 00:29:09,890

might have gotten access to some of them

665

00:29:16,520 --> 00:29:13,880

or if he was if he is part of this a tip

666

00:29:18,230 --> 00:29:16,530

database and there was an oldest

667

00:29:22,010 --> 00:29:18,240

database before that had been doing what

668

00:29:23,840 --> 00:29:22,020

a tip was doing you know back when until

669

00:29:26,390 --> 00:29:23,850

present day even if it wasn't as such an

670

00:29:28,820 --> 00:29:26,400

official capacity if he might have been

671

00:29:30,980 --> 00:29:28,830

able to get something on that case that

672

00:29:33,260 --> 00:29:30,990

you know nobody has really had access to

673

00:29:34,430 --> 00:29:33,270

since yeah there's always one

674

00:29:37,220 --> 00:29:34,440

interesting thing because you have to

675

00:29:42,140 --> 00:29:37,230

consider you know a tip if it started in

676
00:29:43,909 --> 00:29:42,150
2007 or 2008 how does he have how do

677
00:29:46,120 --> 00:29:43,919
they have all that information from the

678
00:29:48,799 --> 00:29:46,130
nimitz when the Nimbus was in 2004 so

679
00:29:51,250 --> 00:29:48,809
they have access to some kind of

680
00:29:53,490 --> 00:29:51,260
database that's prior to a tip in us at

681
00:29:56,580 --> 00:29:53,500
all it must

682
00:29:58,890 --> 00:29:56,590
little the database that valet had been

683
00:30:01,440 --> 00:29:58,900
mentioning must contain all of that data

684
00:30:03,540 --> 00:30:01,450
so it would contain it yeah from mid to

685
00:30:06,450 --> 00:30:03,550
bath and then through the 8th it we know

686
00:30:08,490 --> 00:30:06,460
bass probably ended in 2010 so I'll

687
00:30:10,740 --> 00:30:08,500
assume you know they must have cancelled

688
00:30:12,990 --> 00:30:10,750

it out because of a tip something like

689

00:30:14,250 --> 00:30:13,000

that because they're gonna be continuing

690

00:30:15,750 --> 00:30:14,260

the research you know within the

691

00:30:17,400 --> 00:30:15,760

government I would hazard a guess and

692

00:30:19,440 --> 00:30:17,410

that database must still be present

693

00:30:22,410 --> 00:30:19,450

somewhere have all of that data still

694

00:30:25,290 --> 00:30:22,420

available yeah Knapp has said several

695

00:30:28,640 --> 00:30:25,300

times and Elizondo Elizondo said the

696

00:30:30,960 --> 00:30:28,650

program still going on Jimmy Korbelt

697

00:30:33,060 --> 00:30:30,970

Jeremy Korbelt and that they all have

698

00:30:34,860 --> 00:30:33,070

said that you know you know several

699

00:30:37,650 --> 00:30:34,870

times so you know there's still some

700

00:30:39,330 --> 00:30:37,660

database collection going on whether

701
00:30:41,580 --> 00:30:39,340
it's an official capacity or it's just

702
00:30:45,630 --> 00:30:41,590
people doing it within their own you

703
00:30:49,950 --> 00:30:45,640
know roles as an extra I'm not sure but

704
00:30:52,430 --> 00:30:49,960
it seems that Elizondo had access to two

705
00:30:55,370 --> 00:30:52,440
events from the past if he was able to

706
00:30:57,630 --> 00:30:55,380
again if they were able to study the

707
00:30:59,520 --> 00:30:57,640
nimitz encounter and get all that data

708
00:31:03,000 --> 00:30:59,530
where do they get it from if it was from

709
00:31:05,460 --> 00:31:03,010
2004 i think yeah i think that nap had

710
00:31:07,530 --> 00:31:05,470
said that it turned up there was a file

711
00:31:08,850 --> 00:31:07,540
on it in some generals desk somewhere

712
00:31:10,620 --> 00:31:08,860
that it was just kind of laying around

713
00:31:12,960 --> 00:31:10,630

it really wasn't going anywhere

714

00:31:15,780 --> 00:31:12,970

yeah by allah's honor was able to turn

715

00:31:17,490 --> 00:31:15,790

it out but we get we have any other

716

00:31:20,400 --> 00:31:17,500

thoughts on Elizondo before we move on

717

00:31:21,660 --> 00:31:20,410

to our next topic it's one more and

718

00:31:25,470 --> 00:31:21,670

that's another thing if the program

719

00:31:38,220 --> 00:31:25,480

stopped in 2012 have to have the gimbal

720

00:31:39,000 --> 00:31:38,230

and go-fast footage that's from right we

721

00:31:40,500 --> 00:31:39,010

know that already

722

00:31:44,670 --> 00:31:40,510

maybe just change the name of the time

723

00:31:46,740 --> 00:31:44,680

it is to start these programs tend to

724

00:31:49,590 --> 00:31:46,750

change their names because they don't

725

00:31:52,410 --> 00:31:49,600

they want to stay two or three steps

726
00:31:55,020 --> 00:31:52,420
ahead of people like all being seriously

727
00:31:55,590 --> 00:31:55,030
yeah yeah I'm not joking yeah you're

728
00:31:59,850 --> 00:31:55,600
right about that

729
00:32:03,600 --> 00:31:59,860
there's no brand to get or give any

730
00:32:06,810 --> 00:32:03,610
information out if they don't have to so

731
00:32:07,350 --> 00:32:06,820
yeah till they want to well it's gonna

732
00:32:09,299 --> 00:32:07,360
be like

733
00:32:11,180 --> 00:32:09,309
trying the from the adult dead coal

734
00:32:14,160 --> 00:32:11,190
paint or cold dead hands I can't talk

735
00:32:15,870 --> 00:32:14,170
you know yeah I don't know I think it

736
00:32:18,210 --> 00:32:15,880
must be coming out though I think it

737
00:32:20,160 --> 00:32:18,220
must be some sort of decision within the

738
00:32:22,950 --> 00:32:20,170

US government to start bringing this

739

00:32:24,630 --> 00:32:22,960

information out so they may in the case

740

00:32:26,580 --> 00:32:24,640

for a long long time now you look at all

741

00:32:27,960 --> 00:32:26,590

these old films pieces of literature and

742

00:32:29,549 --> 00:32:27,970

stuff like that you know some of this

743

00:32:31,500 --> 00:32:29,559

informations been around for years and

744

00:32:34,320 --> 00:32:31,510

years and years I've been recently

745

00:32:38,669 --> 00:32:34,330

reading a bit about John keel he did the

746

00:32:41,159 --> 00:32:38,679

book called the haunted planet horn

747

00:32:44,460 --> 00:32:41,169

planets he talked about ultra

748

00:32:47,159 --> 00:32:44,470

terrestrials para humans you know kind

749

00:32:49,530 --> 00:32:47,169

of like some sort of civilization that

750

00:32:51,510 --> 00:32:49,540

was present here before us this kind of

751
00:32:52,740 --> 00:32:51,520
stuff into this informations been around

752
00:32:55,770 --> 00:32:52,750
for years and I think that book was

753
00:32:57,270 --> 00:32:55,780
dated 1970 you know what I mean who

754
00:32:58,740 --> 00:32:57,280
knows where this information originally

755
00:33:00,720 --> 00:32:58,750
came from but it seems like it's been a

756
00:33:02,789 --> 00:33:00,730
slow release and it's just it's just

757
00:33:06,690 --> 00:33:02,799
like a waterfall at the moment it's just

758
00:33:09,270 --> 00:33:06,700
all gonna come out I think the topic of

759
00:33:11,850 --> 00:33:09,280
has tea tsa and all this stuff been

760
00:33:13,230 --> 00:33:11,860
co-signed by higher groups or probably

761
00:33:15,260 --> 00:33:13,240
people in the government is really

762
00:33:17,370 --> 00:33:15,270
really fascinating I think it's probably

763
00:33:20,370 --> 00:33:17,380

everything is true at the same time

764

00:33:23,159 --> 00:33:20,380

where it has been co-signed and and II

765

00:33:24,539 --> 00:33:23,169

was onto mentioned this when George

766

00:33:27,480 --> 00:33:24,549

Knapp asked him about it on coast to

767

00:33:28,980 --> 00:33:27,490

coast that he thinks maybe it had been

768

00:33:30,900 --> 00:33:28,990

and then of course there's also you know

769

00:33:32,120 --> 00:33:30,910

people that are upset about everything

770

00:33:35,070 --> 00:33:32,130

and they're trying to block everything

771

00:33:37,680 --> 00:33:35,080

because also Natha said that he isn't so

772

00:33:40,560 --> 00:33:37,690

sure that there's a there's a disclosure

773

00:33:41,730 --> 00:33:40,570

effort going on so maybe everything is

774

00:33:45,780 --> 00:33:41,740

true at the same time and it's just

775

00:33:49,350 --> 00:33:45,790

different factions I mean you had the

776

00:33:52,799 --> 00:33:49,360

people within a tip done because of

777

00:33:58,730 --> 00:33:52,809

religious connotations or conflicts in

778

00:34:02,580 --> 00:34:00,659

to kill again

779

00:34:04,220 --> 00:34:02,590

reading through his books he talks about

780

00:34:06,840 --> 00:34:04,230

ultra terrestrials and he talks about

781

00:34:09,270 --> 00:34:06,850

good and bad and he refers to them as

782

00:34:11,909 --> 00:34:09,280

alpha being the good one and Omega being

783

00:34:14,280 --> 00:34:11,919

the bad one and he also refers that

784

00:34:16,109 --> 00:34:14,290

alpha one being called the Elohim so

785

00:34:18,510 --> 00:34:16,119

there's all this incredible stuff that

786

00:34:21,240 --> 00:34:18,520

he's written about years and years and

787

00:34:22,860 --> 00:34:21,250

years ago which people are talking about

788

00:34:26,730 --> 00:34:22,870

day again you know just sort of picking

789

00:34:28,500 --> 00:34:26,740

up on this information in a elizondo's

790

00:34:32,129 --> 00:34:28,510

resignation late letter he seemed to

791

00:34:36,750 --> 00:34:32,139

indicate that Secretary of Defense James

792

00:34:39,210 --> 00:34:36,760

Madison slated from a tip and George

793

00:34:41,399 --> 00:34:39,220

Knapp made the same sentiment in a

794

00:34:45,030 --> 00:34:41,409

recent interview on the phenomenon radio

795

00:34:47,220 --> 00:34:45,040

program and to me this really gives you

796

00:34:48,899 --> 00:34:47,230

a glimpse of how much whoever is in

797

00:34:50,129 --> 00:34:48,909

control of this in the Pentagon how much

798

00:34:52,200 --> 00:34:50,139

they wanted a secret I mean if they're

799

00:34:54,419 --> 00:34:52,210

insulating it from the actual Secretary

800

00:34:56,399 --> 00:34:54,429

of Defense you can only imagine how much

801
00:34:58,890 --> 00:34:56,409
for a very long period of time they did

802
00:35:00,750 --> 00:34:58,900
not want just normal everyday Americans

803
00:35:02,310 --> 00:35:00,760
to know and this kind of lends

804
00:35:03,840 --> 00:35:02,320
credibility to what Chris was saying how

805
00:35:06,600 --> 00:35:03,850
they keep changed they changed the name

806
00:35:08,640 --> 00:35:06,610
so that to make it difficult for anyone

807
00:35:11,340 --> 00:35:08,650
access the data through Freedom of

808
00:35:13,050 --> 00:35:11,350
Information Act or otherwise and I don't

809
00:35:15,570 --> 00:35:13,060
know whether it's true or not that

810
00:35:17,700 --> 00:35:15,580
mattis was insulated from it but if we

811
00:35:20,700 --> 00:35:17,710
were to take out what Elizondo indicated

812
00:35:23,160 --> 00:35:20,710
and as well as his resignation letter

813
00:35:25,080 --> 00:35:23,170

then yeah apparently James Madison's the

814

00:35:26,880 --> 00:35:25,090

height the number one guy in the

815

00:35:28,860 --> 00:35:26,890

Department of Defense did not know about

816

00:35:32,270 --> 00:35:28,870

a tip and for all we know didn't even

817

00:35:37,260 --> 00:35:32,280

know about the the phenomenon of craft

818

00:35:39,470 --> 00:35:37,270

infiltrating highly secret and airspace

819

00:35:41,520 --> 00:35:39,480

that they're not allowed to obviously

820

00:35:42,710 --> 00:35:41,530

engage and I to me it's just it's

821

00:35:45,890 --> 00:35:42,720

mind-blowing

822

00:35:50,840 --> 00:35:45,900

what's really cool is that story that I

823

00:35:54,120 --> 00:35:50,850

think Knapp told about how supposedly

824

00:35:55,970 --> 00:35:54,130

mattis was pulled aside at some event

825

00:35:59,190 --> 00:35:55,980

the day before

826

00:36:00,540 --> 00:35:59,200

Elizondo or I guess maybe before T TSA

827

00:36:02,250 --> 00:36:00,550

was gonna come forward I guess it would

828

00:36:03,690 --> 00:36:02,260

have been he was on dough and he was

829

00:36:05,220 --> 00:36:03,700

basically briefed right then and there

830

00:36:08,730 --> 00:36:05,230

and said hey this is happening tomorrow

831

00:36:11,370 --> 00:36:08,740

by the way yeah they said it Knapp said

832

00:36:13,320 --> 00:36:11,380

that on during a social event somebody

833

00:36:14,760 --> 00:36:13,330

pulled mattis aside and said hey you

834

00:36:17,700 --> 00:36:14,770

know this is coming out tomorrow in the

835

00:36:22,310 --> 00:36:17,710

New York Times and that's when the story

836

00:36:24,600 --> 00:36:22,320

broke back to December 16 2013

837

00:36:29,250 --> 00:36:24,610

it's been a good year it's been a good

838

00:36:31,830 --> 00:36:29,260

year since yeah and and so you know from

839

00:36:33,270 --> 00:36:31,840

what we're looking at you know I don't

840

00:36:35,110 --> 00:36:33,280

want to go with like the dangling carrot

841

00:36:39,850 --> 00:36:35,120

but it looks like we're gonna be

842

00:36:41,350 --> 00:36:39,860

a lot in 2019 you know we have the all

843

00:36:44,350 --> 00:36:41,360

these you know there's a few Rendell's

844

00:36:45,610 --> 00:36:44,360

from shows you know some of them or you

845

00:36:47,560 --> 00:36:45,620

know one of them obviously is not

846

00:36:49,900 --> 00:36:47,570

connected in any way that to the

847

00:36:53,020 --> 00:36:49,910

starters it's just a you know get

848

00:36:56,710 --> 00:36:53,030

docudrama kind of series aluminum but

849

00:37:01,260 --> 00:36:56,720

the you know John John Burroughs had

850

00:37:04,150 --> 00:37:01,270

posted pictures from The History Channel

851
00:37:05,380 --> 00:37:04,160
with you know Elizondo and the pictures

852
00:37:08,620 --> 00:37:05,390
mm-hmm

853
00:37:10,420 --> 00:37:08,630
he was kind of insinuating that this

854
00:37:13,650 --> 00:37:10,430
History Channel

855
00:37:20,770 --> 00:37:13,660
interview with Elizondo was related to

856
00:37:23,860 --> 00:37:20,780
the Rendlesham event yes I believe one

857
00:37:27,700 --> 00:37:23,870
of the people interviewed from Elizondo

858
00:37:29,560 --> 00:37:27,710
was the person in Ohio that piece it

859
00:37:36,010 --> 00:37:29,570
fell from the sky or what have you

860
00:37:37,870 --> 00:37:36,020
yeah yeah yep and yeah oh and you know

861
00:37:39,700 --> 00:37:37,880
obviously during that event we saw they

862
00:37:44,290 --> 00:37:39,710
have a ton of pieces they have a ton of

863
00:37:48,130 --> 00:37:44,300

samples you know I know look like a good

864

00:37:50,710 --> 00:37:48,140

dozen yeah yeah and Keith pastor field

865

00:37:53,080 --> 00:37:50,720

has put together in a collection of he

866

00:37:55,360 --> 00:37:53,090

did a few pieces on on the material

867

00:37:57,640 --> 00:37:55,370

aspects I think he did one just on the

868

00:38:00,100 --> 00:37:57,650

TTS a presentation and then now he's

869

00:38:03,280 --> 00:38:00,110

created a whole larger like public

870

00:38:05,560 --> 00:38:03,290

database of all the samples of interest

871

00:38:07,450 --> 00:38:05,570

that that are you know being looked at

872

00:38:09,700 --> 00:38:07,460

which is a fantastic thing yeah put the

873

00:38:12,390 --> 00:38:09,710

link in the description because it's a

874

00:38:17,830 --> 00:38:12,400

phenomenal you know report of these

875

00:38:20,350 --> 00:38:17,840

materials but the the so you know we

876
00:38:21,750 --> 00:38:20,360
have that that show coming out on the

877
00:38:26,410 --> 00:38:21,760
History Channel

878
00:38:29,020 --> 00:38:26,420
you know there's and Tom DeLonge

879
00:38:33,310 --> 00:38:29,030
mentioned that he sold three ufo-related

880
00:38:35,410 --> 00:38:33,320
chose to to major network television and

881
00:38:38,380 --> 00:38:35,420
obviously we're getting the they've been

882
00:38:41,560 --> 00:38:38,390
talking about there's going to be an

883
00:38:44,380 --> 00:38:41,570
initial materialist analysis report

884
00:38:46,540 --> 00:38:44,390
coming in January or February right

885
00:38:48,730 --> 00:38:46,550
didn't AB say something like that he

886
00:38:49,120 --> 00:38:48,740
said I don't know if he said an analysis

887
00:38:51,249 --> 00:38:49,130
or in a

888
00:38:52,839 --> 00:38:51,259

announcement I'm kind of confused about

889

00:38:55,749 --> 00:38:52,849

what exactly is coming but yeah

890

00:38:57,690 --> 00:38:55,759

something from Adam project is coming he

891

00:38:59,829 --> 00:38:57,700

said quote after the first of the year

892

00:39:02,980 --> 00:38:59,839

yeah I think we're gonna get like an

893

00:39:05,950 --> 00:39:02,990

initial report yeah yeah that's my

894

00:39:07,630 --> 00:39:05,960

that's my speculation and also you know

895

00:39:10,749 --> 00:39:07,640

it just so happens around that same time

896

00:39:12,730 --> 00:39:10,759

we're supposed to be getting more videos

897

00:39:16,809 --> 00:39:12,740

either flee or videos or gun camera

898

00:39:19,480 --> 00:39:16,819

footage videos in these cases I believe

899

00:39:22,839 --> 00:39:19,490

though those videos will not be released

900

00:39:25,299 --> 00:39:22,849

the same vein and I know like proof or

901
00:39:27,910 --> 00:39:25,309
anything but if I were them I would put

902
00:39:29,499 --> 00:39:27,920
that in the show that's gonna be coming

903
00:39:32,680 --> 00:39:29,509
up it's funny how the History Channel's

904
00:39:37,029 --> 00:39:32,690
got Project Blue Book this unnamed to

905
00:39:41,200 --> 00:39:37,039
Stars UFO UAP show coming out with Lou

906
00:39:44,980 --> 00:39:41,210
Elizondo Tom DeLonge Kevin de Carrie

907
00:39:48,579 --> 00:39:44,990
from a tip the group so that's gonna be

908
00:39:50,400 --> 00:39:48,589
interesting but I would think they put

909
00:39:52,720 --> 00:39:50,410
the videos in there I don't know maybe

910
00:39:54,759 --> 00:39:52,730
yeah I've heard I've heard something

911
00:39:56,559 --> 00:39:54,769
along those lines too but at the same

912
00:40:00,220 --> 00:39:56,569
time if you're if you're gonna have like

913
00:40:04,089 --> 00:40:00,230

an official release of the DoD going

914

00:40:05,769 --> 00:40:04,099

cameras or FLIR footage I think you know

915

00:40:08,470 --> 00:40:05,779

my own opinion is better than just like

916

00:40:09,970 --> 00:40:08,480

Premera and some cool TV show would be

917

00:40:12,880 --> 00:40:09,980

to put it out through an official you

918

00:40:14,650 --> 00:40:12,890

know news channel like you know I think

919

00:40:16,450 --> 00:40:14,660

that'd be more impactful really to be

920

00:40:18,819 --> 00:40:16,460

the headline of the papers rather than a

921

00:40:20,529 --> 00:40:18,829

TV show yeah it'd be more believable

922

00:40:22,269 --> 00:40:20,539

because if you're putting in a TV show

923

00:40:23,529 --> 00:40:22,279

people gonna be like all this is in a TV

924

00:40:25,180 --> 00:40:23,539

show but if it's a like an official

925

00:40:27,730 --> 00:40:25,190

release and the media is covering it

926
00:40:29,499 --> 00:40:27,740
then your people who are not into UFOs

927
00:40:31,299 --> 00:40:29,509
will perceive it as more credible so

928
00:40:32,559 --> 00:40:31,309
yeah I would I would think that'd be a

929
00:40:36,460 --> 00:40:32,569
better way to do it

930
00:40:39,099 --> 00:40:36,470
two boys this is from the US government

931
00:40:41,499 --> 00:40:39,109
it's all predicated and what they want

932
00:40:43,329 --> 00:40:41,509
if they want in the TV show so it's

933
00:40:49,240 --> 00:40:43,339
watered down a little bit it's gonna be

934
00:40:51,579 --> 00:40:49,250
in a TV show I'm just thinking yeah that

935
00:40:53,410 --> 00:40:51,589
kind of goes around with you know what

936
00:40:55,329 --> 00:40:53,420
grant Cameron are saying like you put it

937
00:40:58,029 --> 00:40:55,339
out there and you pull it back and you

938
00:40:59,349 --> 00:40:58,039

can yes yeah

939

00:41:01,750 --> 00:40:59,359

are we still there though you know what

940

00:41:04,000 --> 00:41:01,760

I mean we're getting we're getting

941

00:41:05,590 --> 00:41:04,010

so much closer to the the the Promised

942

00:41:06,790 --> 00:41:05,600

Land it's like at some point you don't

943

00:41:08,770 --> 00:41:06,800

pull back anymore it's like you've

944

00:41:10,030 --> 00:41:08,780

you've already gone too far and it's

945

00:41:11,200 --> 00:41:10,040

just like you're releasing stuff like

946

00:41:13,120 --> 00:41:11,210

there's no pulling back like we had

947

00:41:16,660 --> 00:41:13,130

December 16th we had the three gun

948

00:41:18,940 --> 00:41:16,670

camera videos it's just you know we had

949

00:41:20,650 --> 00:41:18,950

flavor going every news station you can

950

00:41:22,360 --> 00:41:20,660

imagine like to me we're at a point

951
00:41:24,670 --> 00:41:22,370
where there's no pulling back like

952
00:41:28,210 --> 00:41:24,680
you're just we're too far deep in and

953
00:41:30,730 --> 00:41:28,220
now whoever is in the Pentagon who is in

954
00:41:33,160 --> 00:41:30,740
favor for greater transparency and has

955
00:41:35,410 --> 00:41:33,170
the leverage has pressed that button and

956
00:41:36,220 --> 00:41:35,420
from from my perspective it's it's about

957
00:41:39,970 --> 00:41:36,230
it's go time

958
00:41:41,770 --> 00:41:39,980
and the beginning of tonight 2019 is is

959
00:41:48,090 --> 00:41:41,780
it and that's when the skeptics are all

960
00:41:51,460 --> 00:41:48,100
going to be depressed but history is

961
00:41:54,190 --> 00:41:51,470
unfortunately showing us that two steps

962
00:41:56,710 --> 00:41:54,200
ahead and one step back always but so

963
00:41:59,230 --> 00:41:56,720

you know I'm not trying to be like throw

964

00:42:01,990 --> 00:41:59,240

a wet blanket on that but we'll just

965

00:42:04,570 --> 00:42:02,000

have to wait and see what comes forward

966

00:42:05,800 --> 00:42:04,580

I mean if anything we know stuff is

967

00:42:07,930 --> 00:42:05,810

coming forward that's a good thing I

968

00:42:10,330 --> 00:42:07,940

mean if this was 1980s we wouldn't know

969

00:42:13,030 --> 00:42:10,340

anything right we ceased on the dark but

970

00:42:15,430 --> 00:42:13,040

this is cool that we all have this

971

00:42:18,640 --> 00:42:15,440

ability to talk to each other via

972

00:42:20,860 --> 00:42:18,650

Facebook Twitter YouTube even Instagram

973

00:42:22,780 --> 00:42:20,870

that's pretty awesome that we're able to

974

00:42:25,750 --> 00:42:22,790

come together and get this ball rolling

975

00:42:28,090 --> 00:42:25,760

I do think we all play a part in this

976
00:42:30,400 --> 00:42:28,100
snowball and when Ellie I know was

977
00:42:32,020 --> 00:42:30,410
explicit about the videos he said not

978
00:42:33,520 --> 00:42:32,030
only are more videos gonna be released

979
00:42:34,930 --> 00:42:33,530
but they're gonna be they're just as

980
00:42:36,580 --> 00:42:34,940
good as the ones previous release

981
00:42:41,530 --> 00:42:36,590
previously released and they're more

982
00:42:43,660 --> 00:42:41,540
spectacular one thing that occurred to

983
00:42:45,820 --> 00:42:43,670
me about a Rendlesham and I'm not sure

984
00:42:47,890 --> 00:42:45,830
I'm cuz I'm just speculating here when

985
00:42:49,660 --> 00:42:47,900
when he was under said in four months I

986
00:42:51,610 --> 00:42:49,670
was kind of thinking hey it's gonna be

987
00:42:54,250 --> 00:42:51,620
government documents or it's gonna be

988
00:42:57,280 --> 00:42:54,260

meta material analysis or it's gonna be

989

00:42:58,600 --> 00:42:57,290

some crazy stuff like in a big press

990

00:43:00,820 --> 00:42:58,610

release but like you guys were saying

991

00:43:01,960 --> 00:43:00,830

maybe it will just be part of one of

992

00:43:04,240 --> 00:43:01,970

these entertainment shows or

993

00:43:08,110 --> 00:43:04,250

documentaries but I hope it's a lot more

994

00:43:11,200 --> 00:43:08,120

than that at this point I mean again I

995

00:43:14,710 --> 00:43:11,210

to have that video footage premiere in a

996

00:43:15,610 --> 00:43:14,720

TV show I don't see that they would see

997

00:43:17,830 --> 00:43:15,620

that as a

998

00:43:19,360 --> 00:43:17,840

- what they're doing you know I think

999

00:43:21,310 --> 00:43:19,370

they understand that they need the head

1000

00:43:22,300 --> 00:43:21,320

again with the mainstream media I think

1001

00:43:25,120 --> 00:43:22,310

that's part of their conditioning

1002

00:43:27,430 --> 00:43:25,130

process that they're you know you know

1003

00:43:31,180 --> 00:43:27,440

you know obviously if Jim Sammy van was

1004

00:43:32,800 --> 00:43:31,190

partially responsible for you know the

1005

00:43:35,470 --> 00:43:32,810

New York Times article oh and the

1006

00:43:39,430 --> 00:43:35,480

Washington Post and Politico all posting

1007

00:43:41,680 --> 00:43:39,440

the same you know story same day which

1008

00:43:44,290 --> 00:43:41,690

which which took months of planning and

1009

00:43:46,600 --> 00:43:44,300

betting and writing an investigation by

1010

00:43:48,310 --> 00:43:46,610

the news sources you know how do you get

1011

00:43:50,710 --> 00:43:48,320

how do you get the Washington Post in

1012

00:43:52,210 --> 00:43:50,720

the New York Times to say hey I'm not

1013

00:43:55,300 --> 00:43:52,220

gonna get the story out a day before you

1014

00:43:57,220 --> 00:43:55,310

to beat you on it so I mean you know for

1015

00:43:59,350 --> 00:43:57,230

them released a story on the same day

1016

00:44:00,580 --> 00:43:59,360

that's very coordinated I don't think

1017

00:44:02,980 --> 00:44:00,590

they're gonna come out with another set

1018

00:44:09,940 --> 00:44:02,990

of videos like let's do it through

1019

00:44:14,850 --> 00:44:09,950

history channel this time releasing the

1020

00:44:19,900 --> 00:44:17,830

we'll go through all the details on

1021

00:44:23,080 --> 00:44:19,910

these videos in the show but here's the

1022

00:44:25,750 --> 00:44:23,090

video I think I think I think that'd be

1023

00:44:27,040 --> 00:44:25,760

great that'd be you know you know and

1024

00:44:29,500 --> 00:44:27,050

some people would be like oh they're

1025

00:44:32,050 --> 00:44:29,510

just putting out these videos to pitch a

1026
00:44:35,380 --> 00:44:32,060
TV show but it's like wait hold on who's

1027
00:44:37,180 --> 00:44:35,390
who's who's putting this now to to pitch

1028
00:44:39,700 --> 00:44:37,190
a TV show if it's being to classify to

1029
00:44:41,440 --> 00:44:39,710
the government I think you know well we

1030
00:44:43,330 --> 00:44:41,450
still have people who are crying that

1031
00:44:45,010 --> 00:44:43,340
it's not truly been declassified they

1032
00:44:47,050 --> 00:44:45,020
still want their chain of custody

1033
00:44:49,150 --> 00:44:47,060
they can't just they want their cake in

1034
00:44:51,040 --> 00:44:49,160
their icing all at the same time and

1035
00:44:54,460 --> 00:44:51,050
that's not the way this works it's never

1036
00:44:56,980 --> 00:44:54,470
going to be the way it works yeah I mean

1037
00:44:59,710 --> 00:44:56,990
I think eventually we might hit a point

1038
00:45:01,630 --> 00:44:59,720

where there is some kind of transparency

1039

00:45:03,130 --> 00:45:01,640

there but you know that's I think that's

1040

00:45:04,390 --> 00:45:03,140

after this kind of stuff is said and

1041

00:45:08,290 --> 00:45:04,400

done that we're gonna see something like

1042

00:45:11,020 --> 00:45:08,300

that there could be so far me for me

1043

00:45:13,360 --> 00:45:11,030

thinking legalities they fly the buckets

1044

00:45:15,940 --> 00:45:13,370

for so long they just don't want any

1045

00:45:17,650 --> 00:45:15,950

blowback they really don't like grinds

1046

00:45:19,510 --> 00:45:17,660

in this video they don't want any

1047

00:45:20,620 --> 00:45:19,520

blowback coming towards them they want

1048

00:45:22,990 --> 00:45:20,630

to minimize it because there will be

1049

00:45:27,910 --> 00:45:23,000

blowback and oh for sure there's gonna

1050

00:45:29,290 --> 00:45:27,920

be lawsuits are you kidding me yeah I'm

1051

00:45:30,550 --> 00:45:29,300

still angry about s4

1052

00:45:38,950 --> 00:45:30,560

so don't don't even get me started on

1053

00:45:40,120 --> 00:45:38,960

that it's it's it's it's I do but I do

1054

00:45:43,720 --> 00:45:40,130

believe it's a crime against humanity

1055

00:45:45,280 --> 00:45:43,730

and I'm not in that camp that thinks oh

1056

00:45:47,320 --> 00:45:45,290

they had to judge I'm not in that camp

1057

00:45:48,850 --> 00:45:47,330

nope maybe during the Cold War but the

1058

00:45:53,160 --> 00:45:48,860

cold war's been over for a very long

1059

00:45:56,650 --> 00:45:53,170

time and I was watching corbels recent

1060

00:45:58,240 --> 00:45:56,660

Youtube upload about Lazar and Lazar

1061

00:46:00,400 --> 00:45:58,250

said that the only reason he could think

1062

00:46:03,610 --> 00:46:00,410

of as to why there's secrecy behind it

1063

00:46:05,290 --> 00:46:03,620

is because if if that did you give that

1064

00:46:09,040 --> 00:46:05,300

to the world you know you tell them we

1065

00:46:11,710 --> 00:46:09,050

have alien aircraft with very exotic

1066

00:46:13,960 --> 00:46:11,720

technology can create ridiculous amounts

1067

00:46:15,040 --> 00:46:13,970

of energy if you start opening that

1068

00:46:17,500 --> 00:46:15,050

Pandora's box

1069

00:46:20,740 --> 00:46:17,510

and you start putting that into the

1070

00:46:24,460 --> 00:46:20,750

scientific community the problem is now

1071

00:46:27,120 --> 00:46:24,470

you created a a level-two of nuclear

1072

00:46:30,340 --> 00:46:27,130

capabilities that's way more dangerous

1073

00:46:32,350 --> 00:46:30,350

could destroy the world much more easily

1074

00:46:35,200 --> 00:46:32,360

you could weaponize it in a million

1075

00:46:36,580 --> 00:46:35,210

different ways and so Lazar was

1076
00:46:39,640 --> 00:46:36,590
basically saying the reason he the only

1077
00:46:42,430 --> 00:46:39,650
thing he can think of is they've put it

1078
00:46:43,720 --> 00:46:42,440
into such deep levels of secrecy so that

1079
00:46:45,130 --> 00:46:43,730
the world does not have to contend with

1080
00:46:46,300 --> 00:46:45,140
this level of technology because the

1081
00:46:48,310 --> 00:46:46,310
world will be better it will be worse

1082
00:46:51,340 --> 00:46:48,320
off if you if you bring this out to the

1083
00:46:53,260 --> 00:46:51,350
open eye I don't necessarily agree with

1084
00:46:54,820 --> 00:46:53,270
that I think you can you can you can you

1085
00:46:56,760 --> 00:46:54,830
can keep it all secret but you can also

1086
00:46:59,200 --> 00:46:56,770
reveal to the world that yes we had

1087
00:47:00,580 --> 00:46:59,210
craft from another star system and

1088
00:47:03,190 --> 00:47:00,590

that's in my opinion that's what should

1089

00:47:05,170 --> 00:47:03,200

be undertaken there was also the de long

1090

00:47:08,140 --> 00:47:05,180

hot take and I think it was a Jimmy

1091

00:47:10,810 --> 00:47:08,150

Church interview where he said what was

1092

00:47:19,120 --> 00:47:10,820

it that they they don't want the others

1093

00:47:20,920 --> 00:47:19,130

to know what we have accomplished use

1094

00:47:22,840 --> 00:47:20,930

nanobots right you get in to ask if

1095

00:47:24,490 --> 00:47:22,850

those aliens man they they got little

1096

00:47:26,560 --> 00:47:24,500

nanobots will fly right into that skiff

1097

00:47:29,950 --> 00:47:26,570

unless you're gonna say I mean there's

1098

00:47:32,230 --> 00:47:29,960

no way they could infiltrate knowing

1099

00:47:35,050 --> 00:47:32,240

what the CIA and the Pentagon is doing I

1100

00:47:38,340 --> 00:47:35,060

mean when you just when you hear Lazar

1101
00:47:40,660 --> 00:47:38,350
talk about how that technology that that

1102
00:47:42,670 --> 00:47:40,670
propulsion system is just ridiculous and

1103
00:47:43,150 --> 00:47:42,680
they no one understands how it works

1104
00:47:44,950 --> 00:47:43,160
we'll just

1105
00:47:46,570 --> 00:47:44,960
extrapolate that that level of

1106
00:47:48,910 --> 00:47:46,580
Technology and put it into two other

1107
00:47:50,350 --> 00:47:48,920
areas of easy eavesdropping whatever you

1108
00:47:56,800 --> 00:47:50,360
can't hide anything from the others in

1109
00:47:58,780 --> 00:47:56,810
my opinion that's you know I did a video

1110
00:48:01,780 --> 00:47:58,790
like a few years ago talking about

1111
00:48:03,520 --> 00:48:01,790
establishment disclosure and you know

1112
00:48:04,810 --> 00:48:03,530
they're gonna put their spin on it and I

1113
00:48:06,910 --> 00:48:04,820

think that's kind of part of their spin

1114

00:48:09,910 --> 00:48:06,920

and that you know maybe Tom DeLonge just

1115

00:48:11,260 --> 00:48:09,920

you know part of his his jobs or

1116

00:48:13,870 --> 00:48:11,270

whatever you know being given this

1117

00:48:15,970 --> 00:48:13,880

access it took you know kind of pitch

1118

00:48:21,520 --> 00:48:15,980

that kind of spin where they're gonna

1119

00:48:23,680 --> 00:48:21,530

minimize any kind of damage or said save

1120

00:48:26,050 --> 00:48:23,690

face because you know if they are gonna

1121

00:48:28,180 --> 00:48:26,060

bring this out why why would they do in

1122

00:48:29,530 --> 00:48:28,190

a way that would be harmful to them the

1123

00:48:30,910 --> 00:48:29,540

establishment itself it wouldn't make

1124

00:48:31,120 --> 00:48:30,920

sense I would I mean that wouldn't be

1125

00:48:36,850 --> 00:48:31,130

good

1126

00:48:39,610 --> 00:48:36,860

really that kind of stabilization we

1127

00:48:40,810 --> 00:48:39,620

need stabilization more than ever so if

1128

00:48:42,760 --> 00:48:40,820

that's kind of part of what they're

1129

00:48:45,220 --> 00:48:42,770

going with I understand why they're

1130

00:48:47,260 --> 00:48:45,230

saying that and even if you just put the

1131

00:48:48,550 --> 00:48:47,270

idea out there and it's not true there's

1132

00:48:50,230 --> 00:48:48,560

gonna be people that are gonna subscribe

1133

00:48:58,330 --> 00:48:50,240

to a no matter when they justifies the

1134

00:48:59,980 --> 00:48:58,340

secrecy just saying maybe it is our

1135

00:49:01,150 --> 00:48:59,990

battlefield advantages and it's stuff we

1136

00:49:18,400 --> 00:49:01,160

don't know about and we're not privy to

1137

00:49:18,760 --> 00:49:18,410

I don't know okay anyway wanted to or

1138

00:49:20,530 --> 00:49:18,770

not

1139

00:49:28,600 --> 00:49:20,540

this information is coming out you know

1140

00:49:31,450 --> 00:49:28,610

me yeah I'm gonna say and any agents or

1141

00:49:34,030 --> 00:49:31,460

anything or listening guess what it's

1142

00:49:42,700 --> 00:49:34,040

gonna come out because Twitter Jay will

1143

00:49:44,800 --> 00:49:42,710

leak you I think that T TSA is done as

1144

00:49:47,830 --> 00:49:44,810

they awaken to sleeping giant they

1145

00:49:51,070 --> 00:49:47,840

awaken the UFO community oh yeah yeah

1146

00:49:53,230 --> 00:49:51,080

they awaken the Congress yep so okay

1147

00:49:54,500 --> 00:49:53,240

yeah let's say let's move on now and now

1148

00:49:57,380 --> 00:49:54,510

let's move over

1149

00:50:01,340 --> 00:49:57,390

hang on a sec let me get the slide up

1150

00:50:05,000 --> 00:50:01,350

here hang on a sec this past week there

1151

00:50:08,000 --> 00:50:05,010

was a case over Ireland a UFO case got a

1152

00:50:10,430 --> 00:50:08,010

lot of coverage Ryan I know you did a

1153

00:50:12,710 --> 00:50:10,440

video about it early in the week Danny

1154

00:50:14,600 --> 00:50:12,720

you played a little role in making this

1155

00:50:16,460 --> 00:50:14,610

whole thing happen in the first place so

1156

00:50:18,790 --> 00:50:16,470

we'll talk about all this but what

1157

00:50:21,680 --> 00:50:18,800

basically happened was there was a

1158

00:50:25,070 --> 00:50:21,690

sighting of an object flying over

1159

00:50:29,030 --> 00:50:25,080

Ireland cited by at least three

1160

00:50:31,340 --> 00:50:29,040

different pilots maybe more basically

1161

00:50:33,350 --> 00:50:31,350

yeah all these up flights were engaged

1162

00:50:35,270 --> 00:50:33,360

and I've got a graphic up now I don't

1163

00:50:37,730 --> 00:50:35,280

know if I you boys can see it there from

1164

00:50:41,720 --> 00:50:37,740

where you're at but I've sent it along

1165

00:50:44,120 --> 00:50:41,730

to you it's basically from flightradar24

1166

00:50:45,740 --> 00:50:44,130

dot-com it's basically yeah that gives

1167

00:50:47,930 --> 00:50:45,750

you a roughly yeah the location and

1168

00:50:49,370 --> 00:50:47,940

direction of where these planes are

1169

00:50:49,930 --> 00:50:49,380

flying at roughly the time of the

1170

00:50:52,520 --> 00:50:49,940

incident

1171

00:50:54,350 --> 00:50:52,530

basically what you've got on this

1172

00:50:56,600 --> 00:50:54,360

graphic I've got two flights circle

1173

00:50:58,430 --> 00:50:56,610

because we know definitively that the

1174

00:51:00,920 --> 00:50:58,440

lady who first called at everybody's

1175

00:51:03,590 --> 00:51:00,930

attention and who saw the object there

1176
00:51:06,140 --> 00:51:03,600
was the British Airways flight that is

1177
00:51:09,500 --> 00:51:06,150
circled and that's a flying over land in

1178
00:51:13,100 --> 00:51:09,510
Ireland and also off the coast of

1179
00:51:16,460 --> 00:51:13,110
Ireland a yes Virgin Air flight coming

1180
00:51:19,250 --> 00:51:16,470
in from the Barbados also gets a real

1181
00:51:20,930 --> 00:51:19,260
good look at the object another pilot

1182
00:51:22,250 --> 00:51:20,940
that we're not sure which plane he was

1183
00:51:25,340 --> 00:51:22,260
in because he doesn't specifically

1184
00:51:28,580 --> 00:51:25,350
identify himself but he also sees the

1185
00:51:30,110 --> 00:51:28,590
object and this garnered a lot of

1186
00:51:33,020 --> 00:51:30,120
attention we'll talk about the media

1187
00:51:35,240 --> 00:51:33,030
implications right now on the audio end

1188
00:51:39,110 --> 00:51:35,250

here what I want to do is go radio

1189

00:51:41,180 --> 00:51:39,120

silent and play the actual tape it's

1190

00:51:44,450 --> 00:51:41,190

about two and a half minutes worth of

1191

00:51:46,250 --> 00:51:44,460

the essential conversation and if you

1192

00:51:47,420 --> 00:51:46,260

guys can listen in on your end great you

1193

00:51:50,540 --> 00:51:47,430

might have heard it already so you

1194

00:52:01,030 --> 00:51:50,550

remember it but our fans at home should

1195

00:52:06,950 --> 00:52:04,700

clerk is a six refundable free seventh

1196

00:52:09,350 --> 00:52:06,960

row and it is solut against a fiction

1197

00:52:19,220 --> 00:52:09,360

and hello radar contact it needs to be

1198

00:52:34,970 --> 00:52:19,230

smooth ahead of you as well three four

1199

00:52:37,880 --> 00:52:34,980

dozen okay there's nothing showing on

1200

00:52:39,680 --> 00:52:37,890

either primary or secondary okay it was

1201
00:52:53,450 --> 00:52:39,690
really so far suspect you can they love

1202
00:52:55,280 --> 00:52:53,460
the theater yeah I know zero 505 so

1203
00:52:57,200 --> 00:52:55,290
bright light the veneks interest here at

1204
00:52:59,330 --> 00:52:57,210
a very high speed and finish wondering

1205
00:53:01,050 --> 00:52:59,340
he didn't think it was likely from this

1206
00:53:04,660 --> 00:53:01,060
record is wondering what's gonna be

1207
00:53:07,190 --> 00:53:04,670
[Applause]

1208
00:53:09,200 --> 00:53:07,200
there to be multiple objects following

1209
00:53:12,050 --> 00:53:09,210
the face sort of the trajectory so very

1210
00:53:13,490 --> 00:53:12,060
bright where we were okay to copied

1211
00:53:25,720 --> 00:53:13,500
under the third direction it was going

1212
00:53:25,730 --> 00:53:38,579
thank you

1213
00:53:38,589 --> 00:53:44,840

friggin

1214

00:53:44,850 --> 00:53:52,610

hey thank you

1215

00:54:03,870 --> 00:53:55,620

please bright-line Olimpica locking who

1216

00:54:09,270 --> 00:54:03,880

I gave it to the right okay we're

1217

00:54:15,570 --> 00:54:09,280

passing that on there thank you sweeper

1218

00:54:17,220 --> 00:54:15,580

at knife for shallow other aircraft in

1219

00:54:20,870 --> 00:54:17,230

the air have also reported the same

1220

00:54:20,880 --> 00:54:25,040

[Applause]

1221

00:54:33,060 --> 00:54:29,610

okay thank you so we don't know exactly

1222

00:54:34,050 --> 00:54:33,070

yeah how many pilots saw it seems like

1223

00:54:36,990 --> 00:54:34,060

it there there's got to be at least

1224

00:54:39,420 --> 00:54:37,000

three that openly discussed it this came

1225

00:54:41,490 --> 00:54:39,430

out it's great to have this audio to

1226

00:54:45,060 --> 00:54:41,500

listen to the whole thing I hear the

1227

00:54:47,160 --> 00:54:45,070

entire exchange any quick thoughts

1228

00:54:49,470 --> 00:54:47,170

before we get to the video because we've

1229

00:54:50,970 --> 00:54:49,480

got video of this object as well taken

1230

00:54:54,180 --> 00:54:50,980

from the ground in the northern part

1231

00:54:57,090 --> 00:54:54,190

Island I will play that after we get

1232

00:55:02,730 --> 00:54:57,100

through our analyzation of the audio any

1233

00:55:05,250 --> 00:55:02,740

quick thoughts I mean I have a kind of a

1234

00:55:06,870 --> 00:55:05,260

rebuttal I guess from um from John

1235

00:55:08,640 --> 00:55:06,880

Burroughs I touched base with him a

1236

00:55:10,950 --> 00:55:08,650

little bit I don't know if you want me

1237

00:55:11,550 --> 00:55:10,960

to share that now or maybe sure yeah no

1238

00:55:13,710 --> 00:55:11,560

sure go ahead

1239

00:55:15,510 --> 00:55:13,720

okay base you know basically a lot of

1240

00:55:19,350 --> 00:55:15,520

people are saying that's it was a meteor

1241

00:55:21,360 --> 00:55:19,360

or bolide um or whatever you want to

1242

00:55:24,170 --> 00:55:21,370

call it but um and that may be the case

1243

00:55:27,720 --> 00:55:24,180

who really knows I don't know either way

1244

00:55:31,500 --> 00:55:27,730

but uh Burroughs me they come in about

1245

00:55:35,010 --> 00:55:31,510

how some people have linked you know you

1246

00:55:38,670 --> 00:55:35,020

ap to meteor activity like maybe they're

1247

00:55:40,650 --> 00:55:38,680

flying around together so I asked him

1248

00:55:42,750 --> 00:55:40,660

about that and he responded quote

1249

00:55:45,540 --> 00:55:42,760

project condign and pikes book goes into

1250

00:55:47,670 --> 00:55:45,550

rocky AP activity increases during those

1251

00:55:49,650 --> 00:55:47,680

kind of events Pike was studying the

1252

00:55:51,840 --> 00:55:49,660

phenomenon to include the involvement of

1253

00:55:53,580 --> 00:55:51,850

that kind of activity is a boring stuff

1254

00:55:57,150 --> 00:55:53,590

but the military has been looking at

1255

00:56:00,810 --> 00:55:57,160

this for years to go it's a great way to

1256

00:56:01,740 --> 00:56:00,820

cloak your your ability and coming into

1257

00:56:04,800 --> 00:56:01,750

our atmosphere

1258

00:56:08,730 --> 00:56:04,810

well how I would interject and say that

1259

00:56:11,370 --> 00:56:08,740

if the others have a hat do do have a

1260

00:56:14,310 --> 00:56:11,380

time scale in which they want to

1261

00:56:16,110 --> 00:56:14,320

introduce their presence then you could

1262

00:56:18,120 --> 00:56:16,120

make the argument that they do see

1263

00:56:20,190 --> 00:56:18,130

meteor showers as an opportunity because

1264

00:56:21,990 --> 00:56:20,200

if there's meteor showers and you kind

1265

00:56:22,650 --> 00:56:22,000

of have a you have a more of a plausible

1266

00:56:24,450 --> 00:56:22,660

deniability

1267

00:56:27,210 --> 00:56:24,460

I mean I'm not saying that's likely but

1268

00:56:30,030 --> 00:56:27,220

it it could be it could factor into why

1269

00:56:32,220 --> 00:56:30,040

the the UAP sometimes show up or it

1270

00:56:34,380 --> 00:56:32,230

could just be that meteor showers get

1271

00:56:37,050 --> 00:56:34,390

confused with UAP and it's just meteor

1272

00:56:39,570 --> 00:56:37,060

showers who knows yeah I think I have

1273

00:56:41,190 --> 00:56:39,580

the video is it's pretty impressive but

1274

00:56:44,400 --> 00:56:41,200

they're getting back to the audio it

1275

00:56:47,640 --> 00:56:44,410

looks like if you look carefully at that

1276
00:56:51,990 --> 00:56:47,650
where that the baw flight is you can see

1277
00:56:53,970 --> 00:56:52,000
it the path of the object must have been

1278
00:56:56,910 --> 00:56:53,980
north of where they're at she is talking

1279
00:57:00,150 --> 00:56:56,920
about the the object coming up from

1280
00:57:02,490 --> 00:57:00,160
behind her to her left and passing her

1281
00:57:06,330 --> 00:57:02,500
by that way and then the the the Virgin

1282
00:57:09,840 --> 00:57:06,340
flight which is several miles roughly to

1283
00:57:12,120 --> 00:57:09,850
the west off the coast of Ireland he

1284
00:57:14,340 --> 00:57:12,130
sees it in his 11 o'clock position so

1285
00:57:19,320 --> 00:57:14,350
you see the way his plane is pointed

1286
00:57:22,800 --> 00:57:19,330
there at roughly 11 o'clock so uh excuse

1287
00:57:26,250 --> 00:57:22,810
me allergies unfortunately uh it looks

1288
00:57:31,790 --> 00:57:26,260

like maybe this object is roughly flying

1289

00:57:38,220 --> 00:57:36,540

your thoughts well I'll just say that

1290

00:57:39,690 --> 00:57:38,230

the fact that I guess it was three

1291

00:57:42,600 --> 00:57:39,700

pilots when I was reading it earlier

1292

00:57:44,130 --> 00:57:42,610

some sources said to some set three so

1293

00:57:47,880 --> 00:57:44,140

I'm not I guess I'm gonna take your word

1294

00:57:50,670 --> 00:57:47,890

for those three but at Rogow I mentioned

1295

00:57:52,620 --> 00:57:50,680

this and he said look pilots are trained

1296

00:57:54,900 --> 00:57:52,630

observers they know what meteorites look

1297

00:57:59,820 --> 00:57:54,910

like and the fact that you have three

1298

00:58:01,770 --> 00:57:59,830

separate pilots radioing to the control

1299

00:58:03,840 --> 00:58:01,780

towers is significant because you don't

1300

00:58:06,210 --> 00:58:03,850

you don't you utilize those lines unless

1301

00:58:08,130 --> 00:58:06,220

you really feel compelled to do so so on

1302

00:58:13,250 --> 00:58:08,140

that account it makes me wonder maybe it

1303

00:58:14,940 --> 00:58:13,260

wants a genuine UFO you okay Frank uh

1304

00:58:17,280 --> 00:58:14,950

yeah I'm having some knowledge

1305

00:58:17,950 --> 00:58:17,290

difficulties unfortunately thirds drying

1306

00:58:21,309 --> 00:58:17,960

out on me

1307

00:58:22,900 --> 00:58:21,319

yeah one point no the one pilot you

1308

00:58:25,960 --> 00:58:22,910

definitely saw it again we're not a

1309

00:58:28,270 --> 00:58:25,970

hundred percent sure which which flight

1310

00:58:33,339 --> 00:58:28,280

he's on have I identified it immediately

1311

00:58:35,500 --> 00:58:33,349

as a meteor so that good point but we

1312

00:58:37,000 --> 00:58:35,510

the point to believe you have our

1313

00:58:38,950 --> 00:58:37,010

witnesses so that really got my

1314

00:58:41,200 --> 00:58:38,960
attention that did not get a lot of

1315

00:58:43,349 --> 00:58:41,210
coverage in the the mainstream coverage

1316

00:58:51,700 --> 00:58:43,359
and I think it's an important point I

1317

00:58:54,339 --> 00:58:51,710
believe you offer witnesses so so I'm

1318

00:58:56,740 --> 00:58:54,349
leaning hard towards meteorites for the

1319

00:58:58,450 --> 00:58:56,750
moment and then as the week went on that

1320

00:58:59,950 --> 00:58:58,460
would get a little bit more but you guys

1321

00:59:01,690 --> 00:58:59,960
have anything else you want to interject

1322

00:59:06,280 --> 00:59:01,700
here because my voice is going on me

1323

00:59:07,839 --> 00:59:06,290
unfortunately I would say that we need

1324

00:59:09,730 --> 00:59:07,849
to be very careful with with these kind

1325

00:59:11,890 --> 00:59:09,740
of reports because you know we are part

1326
00:59:15,670 --> 00:59:11,900
of the quote unquote UFO community so I

1327
00:59:17,260 --> 00:59:15,680
think having a healthy amount of

1328
00:59:18,339 --> 00:59:17,270
skepticism with a report like this is

1329
00:59:20,049 --> 00:59:18,349
really important because if we're all

1330
00:59:20,559 --> 00:59:20,059
like no man it wasn't a meteor it was a

1331
00:59:21,730 --> 00:59:20,569
UFO

1332
00:59:23,349 --> 00:59:21,740
you know people gonna look at that like

1333
00:59:26,620 --> 00:59:23,359
these guys are crazy and and not not

1334
00:59:29,859 --> 00:59:26,630
only public perception but I think

1335
00:59:32,920 --> 00:59:29,869
that Frank has a point you know I think

1336
00:59:35,109 --> 00:59:32,930
it's a very appropriate perspective to

1337
00:59:37,210 --> 00:59:35,119
think that it probably was a meteor it's

1338
00:59:38,920 --> 00:59:37,220

all I got to say yeah I mean we've got

1339

00:59:40,690 --> 00:59:38,930

that plenty of information on this case

1340

00:59:42,190 --> 00:59:40,700

so it's great to see it it's great to be

1341

00:59:45,539 --> 00:59:42,200

able to break all this stuff down it

1342

00:59:49,140 --> 00:59:45,549

really is yeah I would like to see

1343

00:59:51,309 --> 00:59:49,150

actual radar if they picked anything up

1344

00:59:53,589 --> 00:59:51,319

apparently they didn't the guy on the

1345

00:59:55,329 --> 00:59:53,599

ground reports back from Island he must

1346

00:59:56,680 --> 00:59:55,339

have been I'm not sure exactly where in

1347

01:00:00,010 --> 00:59:56,690

Ireland but he said they didn't have

1348

01:00:01,270 --> 01:00:00,020

anything on their radar hmm well

1349

01:00:03,160 --> 01:00:01,280

unfortunately it's kind of like you know

1350

01:00:06,039 --> 01:00:03,170

what what do we consider proof now at

1351

01:00:07,630 --> 01:00:06,049

this point also and maybe people are

1352

01:00:09,730 --> 01:00:07,640

seeing different things maybe they all

1353

01:00:11,770 --> 01:00:09,740

saw the same thing we just don't know

1354

01:00:14,950 --> 01:00:11,780

but you know even when we have videos of

1355

01:00:16,780 --> 01:00:14,960

stuff people say it's CGI or that we

1356

01:00:20,339 --> 01:00:16,790

have pilot testimony and they say it's

1357

01:00:25,089 --> 01:00:20,349

wrong so it's just it's really hard for

1358

01:00:27,160 --> 01:00:25,099

any of us to to say what's going on but

1359

01:00:30,160 --> 01:00:27,170

there was definitely meteors in there it

1360

01:00:32,240 --> 01:00:30,170

seems like that night so well this

1361

01:00:37,550 --> 01:00:32,250

footage turned up on Friday

1362

01:00:40,730 --> 01:00:37,560

the newsletter co uk this is dash camera

1363

01:00:42,590 --> 01:00:40,740

footage from maybe a lady maybe a

1364

01:00:45,770 --> 01:00:42,600

gentleman named sandy Laverty in

1365

01:00:47,990 --> 01:00:45,780

Colerain now to add that some additional

1366

01:00:50,030 --> 01:00:48,000

perspective on that the entire case this

1367

01:00:50,480 --> 01:00:50,040

is taking place a quarter of 7:00 in the

1368

01:00:54,140 --> 01:00:50,490

morning

1369

01:00:56,780 --> 01:00:54,150

so these pilots are at the end of a long

1370

01:00:59,630 --> 01:00:56,790

overnight transatlantic flights this

1371

01:01:02,900 --> 01:00:59,640

individual sandy Laverty is driving

1372

01:01:04,690 --> 01:01:02,910

south to work in Colerain which is in

1373

01:01:08,960 --> 01:01:04,700

the very northern part of Ireland and

1374

01:01:11,720 --> 01:01:08,970

picks up this particular bit of video in

1375

01:01:14,570 --> 01:01:11,730

the dashboard cam apparently did not see

1376

01:01:17,150 --> 01:01:14,580

it because there's no mention now we can

1377

01:01:23,000 --> 01:01:17,160

actually talk over the video but here's

1378

01:01:27,830 --> 01:01:25,550

and you can see in real-time how it's

1379

01:01:30,980 --> 01:01:27,840

two objects exactly the way the Virgin

1380

01:01:32,990 --> 01:01:30,990

air pilot described it so he's got a

1381

01:01:35,240 --> 01:01:33,000

good eye the other pile of you said

1382

01:01:37,550 --> 01:01:35,250

meteor said multiple objects we're not

1383

01:01:38,990 --> 01:01:37,560

sure how many he means by that don't

1384

01:01:40,730 --> 01:01:39,000

know if he had a better look at it

1385

01:01:42,680 --> 01:01:40,740

because closer we're not 100% sure about

1386

01:01:45,910 --> 01:01:42,690

that so there's still some unanswered

1387

01:01:48,620 --> 01:01:45,920

questions about the entire incident but

1388

01:01:52,100 --> 01:01:48,630

you can see very clearly with a video

1389

01:01:54,320 --> 01:01:52,110

slowdown you can see clearly two objects

1390

01:02:02,570 --> 01:01:54,330

this seems like a pretty good fit based

1391

01:02:05,030 --> 01:02:02,580

on the time of the incident the date the

1392

01:02:06,530 --> 01:02:05,040

regarding the the media coverage I think

1393

01:02:08,840 --> 01:02:06,540

it's very interesting because from my

1394

01:02:10,190 --> 01:02:08,850

perspective let's call him the others I

1395

01:02:12,470 --> 01:02:10,200

guess as well everyone likes to call him

1396

01:02:13,580 --> 01:02:12,480

these days the others have a new card up

1397

01:02:16,640 --> 01:02:13,590

their sleeve that they never had before

1398

01:02:19,130 --> 01:02:16,650

I mean if something even half the

1399

01:02:21,410 --> 01:02:19,140

Phoenix lights were to happen today you

1400

01:02:24,980 --> 01:02:21,420

can only imagine how then how the media

1401

01:02:26,570 --> 01:02:24,990

would just latch on to it and it's it's

1402

01:02:28,370 --> 01:02:26,580

it's almost as if the others have more

1403

01:02:29,660 --> 01:02:28,380

control over disclosure than they've

1404

01:02:32,570 --> 01:02:29,670

ever had before you can make that

1405

01:02:34,820 --> 01:02:32,580

argument I would agree I mean Tucker

1406

01:02:38,540 --> 01:02:34,830

Carlson actually had a pre-launch

1407

01:02:41,570 --> 01:02:38,550

segment about this very event so I agree

1408

01:02:45,110 --> 01:02:41,580

and the media coverage is huge

1409

01:02:46,880 --> 01:02:45,120

now more than ever I have so many mixed

1410

01:02:49,660 --> 01:02:46,890

feelings about the Tucker Carlson stuff

1411

01:02:52,820 --> 01:02:49,670

I think some of it is really great

1412

01:02:54,170 --> 01:02:52,830

did y'all actually see the whole the

1413

01:02:58,430 --> 01:02:54,180

whole Ireland thing like that other guy

1414

01:02:59,750 --> 01:02:58,440

he was smiling the whole time and it was

1415

01:03:01,460 --> 01:02:59,760

really cool that they were talking about

1416

01:03:03,650 --> 01:03:01,470

it and it was cool that was on a major

1417

01:03:07,930 --> 01:03:03,660

network at the same time I didn't think

1418

01:03:14,540 --> 01:03:10,820

Tucker I'm gonna break something is a

1419

01:03:17,090 --> 01:03:14,550

closeted UFO not researcher but he's

1420

01:03:19,160 --> 01:03:17,100

very interested in the subject yeah he's

1421

01:03:21,050 --> 01:03:19,170

been on this even before there was a TTS

1422

01:03:26,180 --> 01:03:21,060

a he would do the occasional story on

1423

01:03:28,040 --> 01:03:26,190

UFOs and they would pop so and shout out

1424

01:03:31,910 --> 01:03:28,050

to him for doing it I just I kind of

1425

01:03:38,270 --> 01:03:35,660

so the smiling guy there were smaller

1426

01:03:41,140 --> 01:03:38,280

I'll ask him on Twitter yeah I think

1427

01:03:47,319 --> 01:03:41,150

he's too busy with the whole antifa

1428

01:03:49,609 --> 01:03:47,329

Fiasco his house right now but I digress

1429

01:03:51,319 --> 01:03:49,619

so right yeah it definitely got a lot of

1430

01:03:52,940 --> 01:03:51,329

big coverage in that Danny you played

1431

01:03:54,829 --> 01:03:52,950

something of a role in that

1432

01:03:56,750 --> 01:03:54,839

getting raagh away who seemed to be the

1433

01:03:59,270 --> 01:03:56,760

catalyst for that the mainstream really

1434

01:04:00,920 --> 01:03:59,280

picking this up can you go into that a

1435

01:04:02,750 --> 01:04:00,930

little bit you got a nice little shout

1436

01:04:05,030 --> 01:04:02,760

out for him in his article man that was

1437

01:04:07,789 --> 01:04:05,040

so nice of him it made me feel so great

1438

01:04:09,440 --> 01:04:07,799

but uh I didn't do a whole lot I think

1439

01:04:12,530 --> 01:04:09,450

maybe my site was probably the first

1440

01:04:17,089 --> 01:04:12,540

American site to to run the story but um

1441

01:04:20,480 --> 01:04:17,099

Jamie had posted it on Facebook and I'm

1442

01:04:22,579 --> 01:04:20,490

immediately it reminded me of of Arizona

1443

01:04:26,240 --> 01:04:22,589

and or again and the other rogue lay

1444

01:04:27,559 --> 01:04:26,250

stories so uh I ran it and I it was like

1445

01:04:31,940 --> 01:04:27,569

4:00 in the morning when it broke I

1446

01:04:33,950 --> 01:04:31,950

didn't sleep at all that night but yeah

1447

01:04:35,870 --> 01:04:33,960

I think I maybe had the first in America

1448

01:04:37,220 --> 01:04:35,880

but on that isn't a whole lot it's not

1449

01:04:38,960 --> 01:04:37,230

like I came up with a story or anything

1450

01:04:42,770 --> 01:04:38,970

like that I just was able to see the UM

1451

01:04:44,809 --> 01:04:42,780

the Irish reports and brogue away is the

1452

01:04:47,180 --> 01:04:44,819

man he's all of his articles are

1453

01:04:49,370 --> 01:04:47,190

incredible he's done historic work and

1454

01:04:51,430 --> 01:04:49,380

I'm sorry we were all just were waiting

1455

01:04:55,460 --> 01:04:51,440

he's a bad man

1456

01:04:58,309 --> 01:04:55,470

yeah he's a good guy to have on our side

1457

01:04:59,870 --> 01:04:58,319

he really is he's more thorough than

1458

01:05:02,210 --> 01:04:59,880

everybody else and he knows more about

1459

01:05:03,680 --> 01:05:02,220

aviation than everybody else so like you

1460

01:05:04,849 --> 01:05:03,690

know you can read CNN you could read Fox

1461

01:05:06,319 --> 01:05:04,859

News you can read this and that but

1462

01:05:07,670 --> 01:05:06,329

rogue away is that is definitely the

1463

01:05:10,250 --> 01:05:07,680

best source when it comes to sightings

1464

01:05:12,289 --> 01:05:10,260

yeah hopefully we have more cases like

1465

01:05:14,240 --> 01:05:12,299

this because it was a fun kind of

1466

01:05:16,010 --> 01:05:14,250

putting together the breakdown and the

1467

01:05:19,130 --> 01:05:16,020

play-by-play of what happened there well

1468

01:05:21,789 --> 01:05:19,140

here's I'm sorry Frank yeah yeah just

1469

01:05:24,530 --> 01:05:21,799

there just to finish up Dave Beatty had

1470

01:05:26,240 --> 01:05:24,540

really inspired me to put a little

1471

01:05:29,359 --> 01:05:26,250

something more than the usual together

1472

01:05:31,579 --> 01:05:29,369

and I'll try to visualize this event so

1473

01:05:33,319 --> 01:05:31,589

I channeled Dave a little bit when I put

1474

01:05:35,599 --> 01:05:33,329

this together hopefully yeah folks do

1475

01:05:36,170 --> 01:05:35,609

have a clearer idea of what actually

1476

01:05:39,079 --> 01:05:36,180

happened

1477

01:05:40,730 --> 01:05:39,089

and again I'm definitely after seeing

1478

01:05:43,839 --> 01:05:40,740

that video I'm definitely and the fact

1479

01:05:48,489 --> 01:05:43,849

that it coincided so well with what the

1480

01:05:51,370 --> 01:05:48,499

Virgen a pilot to report it now one

1481

01:05:53,259 --> 01:05:51,380

thing it's important to note and I want

1482

01:05:54,940 --> 01:05:53,269

to get to this before we move on in that

1483

01:05:57,339 --> 01:05:54,950

review Dave spill which we certainly

1484

01:05:59,650 --> 01:05:57,349

want to do one thing that I want to note

1485

01:06:02,229 --> 01:05:59,660

is that video of course was taken in the

1486

01:06:04,059 --> 01:06:02,239

very northern part of Ireland Ireland is

1487

01:06:07,049 --> 01:06:04,069

a roughly three hundred miles from the

1488

01:06:10,989 --> 01:06:07,059

northern tip down to the southern tip so

1489

01:06:14,140 --> 01:06:10,999

in the video the object is a pretty low

1490

01:06:17,710 --> 01:06:14,150

in the sky so as a result of that I'm

1491

01:06:19,569 --> 01:06:17,720

gonna have to assume it's not 150 miles

1492

01:06:23,349 --> 01:06:19,579

to the south of the folks in the north

1493

01:06:26,380 --> 01:06:23,359

or 150 miles north of the pilots it

1494

01:06:28,299 --> 01:06:26,390

seems like it's a the altitude is a lot

1495

01:06:30,309 --> 01:06:28,309

higher than that so it's got to be a lot

1496

01:06:32,739 --> 01:06:30,319

closer to these pilots and maybe within

1497

01:06:34,870 --> 01:06:32,749

a hundred miles maybe even closer than

1498

01:06:40,210 --> 01:06:34,880

that maybe 50 miles who knows everything

1499

01:06:41,739 --> 01:06:40,220

this with the British lady pilot you

1500

01:06:42,370 --> 01:06:41,749

know you've got to wonder exactly how

1501

01:06:44,529 --> 01:06:42,380

close it was

1502

01:06:47,979 --> 01:06:44,539

and now looking at that video from you

1503

01:06:49,959 --> 01:06:47,989

know maybe 200 miles away maybe 250

1504

01:06:51,489 --> 01:06:49,969

miles away if you're seeing that a lot

1505

01:06:53,109 --> 01:06:51,499

closer that's gonna give you quite a

1506

01:06:56,289 --> 01:06:53,119

start if you guys got to see that video

1507

01:06:58,479 --> 01:06:56,299

I'm not sure if it or not yeah I've seen

1508

01:07:00,489 --> 01:06:58,489

it my question is what does a bolide

1509

01:07:02,920 --> 01:07:00,499

look when it's coming into her

1510

01:07:06,539 --> 01:07:02,930

atmosphere and heading towards the earth

1511

01:07:09,400 --> 01:07:06,549

what does it mean I'm not seeing any UFO

1512

01:07:12,069 --> 01:07:09,410

researcher give me a visual

1513

01:07:14,920 --> 01:07:12,079

representation I've only seen a meteor

1514

01:07:17,890 --> 01:07:14,930

at close range once in my life and it

1515

01:07:20,289 --> 01:07:17,900

was a hugely epic moment of my life

1516

01:07:22,809 --> 01:07:20,299

there's maybe a quarter mile away from

1517

01:07:25,539 --> 01:07:22,819

where my cousin and I were camping at

1518

01:07:27,759 --> 01:07:25,549

night and it was a huge display and that

1519

01:07:31,359 --> 01:07:27,769

lasted maybe two or three seconds it was

1520

01:07:33,279 --> 01:07:31,369

really really bright it lit up the land

1521

01:07:35,229 --> 01:07:33,289

like it was daylight it was really crazy

1522

01:07:37,839 --> 01:07:35,239

and I've never seen anything like that

1523

01:07:39,729 --> 01:07:37,849

ever again but I would just like to know

1524

01:07:42,089 --> 01:07:39,739

where the bolide looks like now I'm not

1525

01:07:47,319 --> 01:07:42,099

saying that it's not a meteor it's just

1526

01:07:50,680 --> 01:07:47,329

that's the background I guess I'm sure

1527

01:07:52,420 --> 01:07:50,690

there were videos of the ID'd of ID'd

1528

01:07:57,070 --> 01:07:52,430

meteors are coming in that you can check

1529

01:07:59,080 --> 01:07:57,080

out they often turn up if you're right

1530

01:08:04,390 --> 01:07:59,090

I'm sorry about that affair you remember

1531

01:08:06,310 --> 01:08:04,400

the meteorite that crashed in the Soviet

1532

01:08:09,610 --> 01:08:06,320

era the Russia a few years back I think

1533

01:08:11,380 --> 01:08:09,620

there plenty of it oh yeah yeah you can

1534

01:08:16,240 --> 01:08:11,390

see it and again it it looks pretty

1535

01:08:18,160 --> 01:08:16,250

consistent but we'll see I will see if I

1536

01:08:21,250 --> 01:08:18,170

some more stuff comes out but with the

1537

01:08:23,260 --> 01:08:21,260

video with the pilot accounts and again

1538

01:08:25,210 --> 01:08:23,270

that one pilot jumping in right away say

1539

01:08:28,210 --> 01:08:25,220

he thought it was a meteor or a bolide I

1540

01:08:31,180 --> 01:08:28,220

would say that that's pretty solid like

1541

01:08:33,579 --> 01:08:31,190

I said I believe the witnesses yes

1542

01:08:35,680 --> 01:08:33,589

otherwise it's a little unfortunate that

1543

01:08:37,630 --> 01:08:35,690

this one got kind of muddy I mean I but

1544

01:08:38,770 --> 01:08:37,640

we do just want the truth period but

1545

01:08:40,300 --> 01:08:38,780

this one kind of got a little bit

1546

01:08:42,820 --> 01:08:40,310

muddied up but then you we could still

1547

01:08:45,820 --> 01:08:42,830

go back to Arizona or again and these

1548

01:08:48,070 --> 01:08:45,830

other ones where there was no meteors so

1549

01:08:50,740 --> 01:08:48,080

it was in the it was in the daytime as

1550

01:08:53,020 --> 01:08:50,750

well yeah yeah yeah you got to imagine

1551

01:08:56,650 --> 01:08:53,030

these pilots I mean these are overnight

1552

01:08:58,930 --> 01:08:56,660

transatlantic flights I think the the

1553

01:09:00,640 --> 01:08:58,940

Virgin air guy was maybe it was the bird

1554

01:09:01,750 --> 01:09:00,650

that no it was actually the pilot who

1555

01:09:03,460 --> 01:09:01,760

said he yeah I thought it was a meteor

1556

01:09:04,840 --> 01:09:03,470

it was kind of saying I'm glad somebody

1557

01:09:07,570 --> 01:09:04,850

else saw that you know you don't know

1558

01:09:08,950 --> 01:09:07,580

how tired some of these guys are what

1559

01:09:11,079 --> 01:09:08,960

kind of schedules they're working at

1560

01:09:12,250 --> 01:09:11,089

7:00 is they been working overnight and

1561

01:09:14,970 --> 01:09:12,260

it's quarter of 7:00 in the morning

1562

01:09:18,250 --> 01:09:14,980

after a long flight across the Atlantic

1563

01:09:19,690 --> 01:09:18,260

you know they've got to be a little

1564

01:09:21,340 --> 01:09:19,700

concerned sometimes about their their

1565

01:09:23,140 --> 01:09:21,350

own senses playing tricks on over making

1566

01:09:25,360 --> 01:09:23,150

sure that what they're seeing is

1567

01:09:28,090 --> 01:09:25,370

actually there so there was some

1568

01:09:32,500 --> 01:09:28,100

expression of relief from the one pilot

1569

01:09:34,840 --> 01:09:32,510

when it was confirmed to him what he saw

1570

01:09:42,670 --> 01:09:34,850

was seen by others as well so that's a

1571

01:09:45,340 --> 01:09:42,680

good thing for that assay it's you know

1572

01:09:47,260 --> 01:09:45,350

it's it's better I mean you know even

1573

01:09:50,320 --> 01:09:47,270

you know such a case like this comes up

1574

01:09:52,870 --> 01:09:50,330

and it's not anything and we cover it I

1575

01:09:55,480 --> 01:09:52,880

mean it it's only making us more

1576

01:09:57,520 --> 01:09:55,490

competent that we're able to to kind of

1577

01:10:00,670 --> 01:09:57,530

settle on what you know what it likely

1578

01:10:04,000 --> 01:10:00,680

is rather than jumping at every every

1579

01:10:05,770 --> 01:10:04,010

anomalous event and saying UFO we were

1580

01:10:08,500 --> 01:10:05,780

able to break it down we've got some

1581

01:10:10,150 --> 01:10:08,510

data and we've got enough to go on yeah

1582

01:10:10,870 --> 01:10:10,160

so you know I mean that only proves our

1583

01:10:12,970 --> 01:10:10,880

competence

1584

01:10:14,140 --> 01:10:12,980

as researchers in the field and the

1585

01:10:16,660 --> 01:10:14,150

fields can be taken more seriously

1586

01:10:18,370 --> 01:10:16,670

because you know rather than this

1587

01:10:19,720 --> 01:10:18,380

getting out you know it you know it's

1588

01:10:21,370 --> 01:10:19,730

kind of cool that it made I like it you

1589

01:10:23,200 --> 01:10:21,380

also worry around the world you know

1590

01:10:24,700 --> 01:10:23,210

it's and you know it's pretty cool with

1591

01:10:26,800 --> 01:10:24,710

himself but that we're able to kind of

1592

01:10:28,990 --> 01:10:26,810

do damage control hey wait you know

1593

01:10:31,750 --> 01:10:29,000

looking at all the data it's like it's

1594

01:10:34,330 --> 01:10:31,760

you know your Occam's razor it's likely

1595

01:10:37,570 --> 01:10:34,340

this this is not a significant case as

1596

01:10:42,189 --> 01:10:37,580

far as you age you know it just proves

1597

01:10:45,910 --> 01:10:42,199

our our competence and in it and also it

1598

01:10:48,100 --> 01:10:45,920

helps us within the community from you

1599

01:10:48,610 --> 01:10:48,110

know it the store spinning out of

1600

01:10:50,430 --> 01:10:48,620

control

1601
01:10:52,570 --> 01:10:50,440
you know if we're able to provide

1602
01:10:54,340 --> 01:10:52,580
information to other researchers and

1603
01:10:56,229 --> 01:10:54,350
break it down for them so they're not

1604
01:10:58,510 --> 01:10:56,239
they're not going on social networking

1605
01:11:02,229 --> 01:10:58,520
posting saying this is UFO this do this

1606
01:11:04,660 --> 01:11:02,239
UFO like it's a meteor you know so we

1607
01:11:08,470 --> 01:11:04,670
can kind of contain that by doing good

1608
01:11:11,229 --> 01:11:08,480
works 100% convinced either way but

1609
01:11:13,540 --> 01:11:11,239
there was meteors in there and that's

1610
01:11:15,910 --> 01:11:13,550
for sure but um I do like John Burroughs

1611
01:11:18,250 --> 01:11:15,920
point about you know the you ap activity

1612
01:11:20,470 --> 01:11:18,260
during these meteor showers maybe and I

1613
01:11:22,300 --> 01:11:20,480

that's something I'm gonna be trying to

1614

01:11:23,500 --> 01:11:22,310

dig up more info on and if anyone has

1615

01:11:26,709 --> 01:11:23,510

anything about that please send it to me

1616

01:11:29,560 --> 01:11:26,719

and like Frank said real quick I know he

1617

01:11:31,570 --> 01:11:29,570

wants to go to the other next thing that

1618

01:11:35,800 --> 01:11:31,580

we're gonna talk about but I do believe

1619

01:11:37,479 --> 01:11:35,810

witnesses and initially and now correct

1620

01:11:40,660 --> 01:11:37,489

me if I'm wrong but one of the pouts

1621

01:11:43,360 --> 01:11:40,670

said it made a turn and in my opinion

1622

01:11:46,419 --> 01:11:43,370

meteors don't do that but I you know I

1623

01:11:48,129 --> 01:11:46,429

I'm not a scientist I'm not you know I'm

1624

01:11:52,300 --> 01:11:48,139

not anything like that and I don't claim

1625

01:11:56,649 --> 01:11:52,310

to be so we'll see I'm with ania and not

1626

01:11:58,390 --> 01:11:56,659

convinced either way really yeah the

1627

01:12:00,580 --> 01:11:58,400

point I'm trying to make though is you

1628

01:12:02,379 --> 01:12:00,590

know what cases as a community do we

1629

01:12:04,990 --> 01:12:02,389

want to emphasize and really lean on as

1630

01:12:06,550 --> 01:12:05,000

you know to hold our argument right

1631

01:12:08,290 --> 01:12:06,560

you're trying to persuade people about

1632

01:12:10,840 --> 01:12:08,300

the UAP presence this is not the

1633

01:12:13,270 --> 01:12:10,850

authority to harness for that right yeah

1634

01:12:15,669 --> 01:12:13,280

it's I mean it's very important to

1635

01:12:18,520 --> 01:12:15,679

report on I'm not saying that and it's

1636

01:12:19,959 --> 01:12:18,530

important to investigate but you know is

1637

01:12:22,510 --> 01:12:19,969

this a case that we want to bring you

1638

01:12:24,040 --> 01:12:22,520

know as a headline to Congress to try to

1639

01:12:24,780 --> 01:12:24,050

convince them maybe we have better cases

1640

01:12:26,670 --> 01:12:24,790

No

1641

01:12:27,950 --> 01:12:26,680

you know what I mean it's like we have

1642

01:12:34,110 --> 01:12:27,960

[Music]

1643

01:12:40,410 --> 01:12:34,120

pancakes made for other stories that I

1644

01:12:44,520 --> 01:12:40,420

can't even mention this show let's move

1645

01:12:47,840 --> 01:12:44,530

on and let's get to this past Wednesday

1646

01:12:51,210 --> 01:12:47,850

when Dave Beatty finally released is

1647

01:12:53,940 --> 01:12:51,220

documentaries triumph mimics encounters

1648

01:12:55,620 --> 01:12:53,950

and everybody who's seen it does anyone

1649

01:13:04,050 --> 01:12:55,630

not think that this is a great little

1650

01:13:06,410 --> 01:13:04,060

documentary Frank you said it best and I

1651

01:13:08,820 --> 01:13:06,420

think you're right this is the best

1652

01:13:11,880 --> 01:13:08,830

reenactment of a UFO event and in the

1653

01:13:17,070 --> 01:13:11,890

history of television frankly I agree

1654

01:13:18,750 --> 01:13:17,080

with myself on that I agree I've never

1655

01:13:21,450 --> 01:13:18,760

seen anything that goes into this comedy

1656

01:13:23,070 --> 01:13:21,460

travel that's done as well

1657

01:13:25,710 --> 01:13:23,080

we had day back on an April we'll have

1658

01:13:27,540 --> 01:13:25,720

him back on again but I I'm so proud to

1659

01:13:29,550 --> 01:13:27,550

know the guy I really am what he turns

1660

01:13:32,060 --> 01:13:29,560

out this kind of work this was a long

1661

01:13:35,100 --> 01:13:32,070

time coming yeah basically a one-man job

1662

01:13:37,260 --> 01:13:35,110

to a large extent as far as doing the

1663

01:13:43,980 --> 01:13:37,270

CGI work and doing the cutting in all

1664

01:13:45,450 --> 01:13:43,990

the thousand hours I don't know who's

1665

01:13:47,370 --> 01:13:45,460

joking or not but he said a thousand oh

1666

01:13:50,550 --> 01:13:47,380

no I believe it I believe it I believe

1667

01:13:52,560 --> 01:13:50,560

it no doubt that CGI work is tough work

1668

01:13:54,450 --> 01:13:52,570

if you guys oh yeah I've ever played

1669

01:13:56,610 --> 01:13:54,460

around with that a little bit it's

1670

01:13:59,690 --> 01:13:56,620

definitely tough work but really quickly

1671

01:14:02,790 --> 01:13:59,700

some more specific thoughts on the movie

1672

01:14:04,890 --> 01:14:02,800

you know and it's free and it's on the

1673

01:14:06,420 --> 01:14:04,900

internet right now we can be sending

1674

01:14:08,130 --> 01:14:06,430

this link to anyone we want to and

1675

01:14:10,050 --> 01:14:08,140

that's what Steve that Steven Bassets

1676

01:14:11,340 --> 01:14:10,060

doing so this is this really cool I know

1677

01:14:13,500 --> 01:14:11,350

people that don't really know anything

1678

01:14:15,930 --> 01:14:13,510

about the tic-tac now all of a sudden I

1679

01:14:17,970 --> 01:14:15,940

can send them this and I think this is

1680

01:14:19,530 --> 01:14:17,980

going to be a big tool for us probably

1681

01:14:22,230 --> 01:14:19,540

for years to come we could be sending

1682

01:14:24,420 --> 01:14:22,240

people this I am excited to hear that

1683

01:14:25,710 --> 01:14:24,430

Kevin day said another tic-tac

1684

01:14:27,990 --> 01:14:25,720

documentary is going to be coming out

1685

01:14:29,670 --> 01:14:28,000

too but um especially because Dave was

1686

01:14:32,850 --> 01:14:29,680

so accurate and everything was so

1687

01:14:34,290 --> 01:14:32,860

credible that he did he was just really

1688

01:14:36,630 --> 01:14:34,300

really accurate there's no exploitation

1689

01:14:38,500 --> 01:14:36,640

at all he's talked to all the witnesses

1690

01:14:40,840 --> 01:14:38,510

this is incredible job

1691

01:14:43,960 --> 01:14:40,850

and he's got that Kevin in there doing

1692

01:14:46,000 --> 01:14:43,970

basically a recreation of what a radar

1693

01:14:49,120 --> 01:14:46,010

operator would be saying to pilots

1694

01:14:51,670 --> 01:14:49,130

communicating back and forth we don't

1695

01:14:53,680 --> 01:14:51,680

have audio what we do with the iris case

1696

01:14:57,730 --> 01:14:53,690

but this is about as close as you're

1697

01:15:00,850 --> 01:14:57,740

gonna get yeah I think what Dave did is

1698

01:15:02,860 --> 01:15:00,860

going to ripple out as we as we move

1699

01:15:05,710 --> 01:15:02,870

into disclosure and beyond I think that

1700

01:15:07,720 --> 01:15:05,720

these these really amazing reenactments

1701

01:15:10,060 --> 01:15:07,730

are going to become very relatively

1702

01:15:12,070 --> 01:15:10,070

common and I think he's a pioneer in it

1703

01:15:13,660 --> 01:15:12,080

for sure and I think that we're gonna

1704

01:15:15,130 --> 01:15:13,670

start seeing you know obviously he can't

1705

01:15:16,330 --> 01:15:15,140

do all of the reenactments because he

1706

01:15:17,650 --> 01:15:16,340

only has so many there's only so many

1707

01:15:21,400 --> 01:15:17,660

hours in the day but we're gonna start

1708

01:15:25,570 --> 01:15:21,410

seeing I predict reenactments of the the

1709

01:15:26,920 --> 01:15:25,580

Iran event and and all the other events

1710

01:15:28,750 --> 01:15:26,930

that have taken place you're gonna start

1711

01:15:30,730 --> 01:15:28,760

seeing those crop up because you know

1712

01:15:33,010 --> 01:15:30,740

when when all of humanity starts

1713

01:15:34,690 --> 01:15:33,020

realizing that all of this is real the

1714

01:15:36,250 --> 01:15:34,700

incentive to create incredible

1715

01:15:39,220 --> 01:15:36,260

reenactments is just going to go through

1716

01:15:41,980 --> 01:15:39,230

the roof and that's why I've tried to

1717

01:15:45,040 --> 01:15:41,990

send it to people who were loosely

1718

01:15:47,260 --> 01:15:45,050

wanting to know more about it and to

1719

01:15:49,300 --> 01:15:47,270

people like my friends and family who

1720

01:15:52,000 --> 01:15:49,310

don't care about the UFO phenomena at

1721

01:15:54,610 --> 01:15:52,010

all I want them to watch this and be

1722

01:15:57,250 --> 01:15:54,620

blown away in the neck come back and say

1723

01:15:59,800 --> 01:15:57,260

hey I guess you weren't that crazy Chris

1724

01:16:01,420 --> 01:15:59,810

you know so I think it's an excellent

1725

01:16:04,000 --> 01:16:01,430

thing I think it's one of the best

1726

01:16:06,100 --> 01:16:04,010

things that's happened in the last long

1727

01:16:10,330 --> 01:16:06,110

time I don't even know how long maybe

1728

01:16:13,240 --> 01:16:10,340

since to the stars became a reality it

1729

01:16:15,490 --> 01:16:13,250

really is a huge huge deal and I don't

1730

01:16:17,530 --> 01:16:15,500

think Dave realizes that I think that

1731

01:16:19,240 --> 01:16:17,540

the fact that Steve Barron sent it out

1732

01:16:22,030 --> 01:16:19,250

the fact that he's gonna sent to

1733

01:16:24,910 --> 01:16:22,040

Congress the fact that other people are

1734

01:16:26,890 --> 01:16:24,920

gonna be watching this for like I don't

1735

01:16:29,440 --> 01:16:26,900

know who said that I got a short-term

1736

01:16:30,100 --> 01:16:29,450

memory just a second ago that from years

1737

01:16:33,560 --> 01:16:30,110

to come

1738

01:16:39,150 --> 01:16:33,570

it's a I was that was that was UFO Jesus

1739

01:16:43,570 --> 01:16:41,500

but you know you know it all stems back

1740

01:16:47,110 --> 01:16:43,580

to to the Stars Academy I mean we we

1741

01:16:50,230 --> 01:16:47,120

can't really perceive the ripple effect

1742

01:16:51,600 --> 01:16:50,240

the the gigantic rock that has fallen

1743

01:16:54,090 --> 01:16:51,610

thousands of

1744

01:16:58,979 --> 01:16:54,100

into the ocean I mean what what what

1745

01:17:01,919 --> 01:16:58,989

they did is a direct outcome of to the

1746

01:17:03,510 --> 01:17:01,929

Stars Academy know without October 11th

1747

01:17:05,189 --> 01:17:03,520

this documentary doesn't exist and you

1748

01:17:05,729 --> 01:17:05,199

guys have to think what else doesn't

1749

01:17:08,550 --> 01:17:05,739

exist

1750

01:17:10,800 --> 01:17:08,560

well this podcast sometimes you can't

1751

01:17:12,450 --> 01:17:10,810

exactly it my youtube channel

1752

01:17:16,320 --> 01:17:12,460

there you go and when you look at it in

1753

01:17:18,240 --> 01:17:16,330

a macrocosmic level it really gives you

1754

01:17:20,580 --> 01:17:18,250

a glimpse into you know what nothing

1755

01:17:23,160 --> 01:17:20,590

stopping disclosure now like that rock

1756

01:17:25,560 --> 01:17:23,170

has already hit that ocean and those

1757

01:17:26,729 --> 01:17:25,570

those waves are just coming out and no

1758

01:17:28,350 --> 01:17:26,739

they're gonna keep coming out there

1759

01:17:29,820 --> 01:17:28,360

there's nothing that can stop it not not

1760

01:17:32,040 --> 01:17:29,830

any religious fundamentalists in the

1761

01:17:34,229 --> 01:17:32,050

Pentagon not anyone in the Pentagon that

1762

01:17:36,479 --> 01:17:34,239

doesn't want to go to jail for their

1763

01:17:42,570 --> 01:17:36,489

crimes whatever it's it's it's a done

1764

01:17:45,660 --> 01:17:42,580

game as far as I'm concerned yeah I

1765

01:17:48,660 --> 01:17:45,670

think so I mean there's yeah everything

1766

01:17:51,450 --> 01:17:48,670

that's that's come out since it's built

1767

01:17:54,479 --> 01:17:51,460

such a momentum and you know it seems

1768

01:17:57,570 --> 01:17:54,489

like we're not even we're not even

1769

01:17:59,669 --> 01:17:57,580

seeing the the real effects from it yet

1770

01:18:08,790 --> 01:17:59,679

I mean like the most deepest impact of

1771

01:18:11,780 --> 01:18:08,800

it a tip of the iceberg James UFO Jesus

1772

01:18:14,430 --> 01:18:11,790

here's praising us with a good word of

1773

01:18:16,560 --> 01:18:14,440

is going I mean this is you know a

1774

01:18:19,530 --> 01:18:16,570

historic moment that is gonna have an

1775

01:18:21,330 --> 01:18:19,540

effect for decades you know I mean

1776

01:18:24,300 --> 01:18:21,340

obviously we're probably gonna see a lot

1777

01:18:25,859 --> 01:18:24,310

of heartening short-term effects but I

1778

01:18:28,859 --> 01:18:25,869

mean this really changed the course of

1779

01:18:31,080 --> 01:18:28,869

history for the subject wasn't really

1780

01:18:34,290 --> 01:18:31,090

crazy to me and some people kick around

1781

01:18:36,479 --> 01:18:34,300

this area it may be true is that maybe

1782

01:18:39,330 --> 01:18:36,489

the only reason the Nimet stuff came out

1783

01:18:41,580 --> 01:18:39,340

was because that video was leaked years

1784

01:18:43,439 --> 01:18:41,590

prior so that might have been the only

1785

01:18:45,330 --> 01:18:43,449

reason like how many other incredible

1786

01:18:47,700 --> 01:18:45,340

incredible cases are there I mean I know

1787

01:18:50,669 --> 01:18:47,710

that I'm still dying I find out more

1788

01:18:53,430 --> 01:18:50,679

about Stephenville because I did yeah I

1789

01:18:54,990 --> 01:18:53,440

mentioned before that I did get in the

1790

01:18:56,430 --> 01:18:55,000

question with George Knapp when he was

1791

01:18:58,439 --> 01:18:56,440

doing a little AMA over at the

1792

01:19:00,300 --> 01:18:58,449

coast-to-coast site asked them

1793

01:19:02,189 --> 01:19:00,310

specifically did these guys because it

1794

01:19:04,540 --> 01:19:02,199

happened it happened well on elizondo's

1795

01:19:07,899 --> 01:19:04,550

watch did they investigate Steven

1796

01:19:09,640 --> 01:19:07,909

also that yeah the case right in your

1797

01:19:11,680 --> 01:19:09,650

neck of the woods Danny that is the case

1798

01:19:14,890 --> 01:19:11,690

yeah I want to find out more about what

1799

01:19:17,589 --> 01:19:14,900

they got on their end because they're

1800

01:19:20,589 --> 01:19:17,599

scrambling jets for like almost it seems

1801
01:19:25,270 --> 01:19:20,599
like yeah really I mean we have no idea

1802
01:19:28,930 --> 01:19:25,280
there's a lot well I would imagine that

1803
01:19:31,169 --> 01:19:28,940
the government has and I use that term

1804
01:19:35,910 --> 01:19:31,179
loosely but the government probably has

1805
01:19:42,850 --> 01:19:35,920
thousands of hours of footage of varying

1806
01:19:45,459 --> 01:19:42,860
various scenes objects from world war ii

1807
01:19:49,540 --> 01:19:45,469
and maybe even a little bit before to

1808
01:19:51,370 --> 01:19:49,550
president day right now go ahead right

1809
01:19:52,629 --> 01:19:51,380
well I want to say what I'm sorry to

1810
01:19:56,770 --> 01:19:52,639
interrupt you but what disturbs me about

1811
01:19:59,260 --> 01:19:56,780
what he was saying Chris is that not

1812
01:20:01,600 --> 01:19:59,270
only do they have hours of footage but

1813
01:20:03,069 --> 01:20:01,610

the resolution on that footage is way

1814

01:20:05,680 --> 01:20:03,079

better than what we saw I mean I mean

1815

01:20:07,240 --> 01:20:05,690

framers said that he saw a video with

1816

01:20:08,560 --> 01:20:07,250

much better resolution to the extent

1817

01:20:10,720 --> 01:20:08,570

that he could actually see appendages

1818

01:20:12,459 --> 01:20:10,730

coming out of the damn object and he had

1819

01:20:13,299 --> 01:20:12,469

also said he also mentioned a lot of

1820

01:20:15,459 --> 01:20:13,309

people didn't catch this he also

1821

01:20:16,720 --> 01:20:15,469

mentioned that small little objects also

1822

01:20:18,580 --> 01:20:16,730

descended out of the object now I'm

1823

01:20:21,910 --> 01:20:18,590

thinking about yellow this is only one

1824

01:20:23,709 --> 01:20:21,920

video the US government has hundreds of

1825

01:20:25,060 --> 01:20:23,719

these videos with high resolution it's

1826

01:20:26,410 --> 01:20:25,070

like why are we having this truth

1827

01:20:28,930 --> 01:20:26,420

embargo does anyone does anyone know

1828

01:20:30,910 --> 01:20:28,940

that's Dave's movie only covers that one

1829

01:20:32,379 --> 01:20:30,920

flight that he's got a lot of details on

1830

01:20:34,660 --> 01:20:32,389

but there were multiple flights we know

1831

01:20:38,439 --> 01:20:34,670

that they know here we mentioned it in

1832

01:20:40,030 --> 01:20:38,449

the movie but they fade he's in the chat

1833

01:20:42,160 --> 01:20:40,040

right now and he just said Kevin day

1834

01:20:43,780 --> 01:20:42,170

said many pilots are launched and they

1835

01:20:47,080 --> 01:20:43,790

were all making intercepts that day not

1836

01:20:48,490 --> 01:20:47,090

just one awesome

1837

01:20:50,560 --> 01:20:48,500

yeah I was gonna say in you know

1838

01:20:52,000 --> 01:20:50,570

somebody also made the point somewhere

1839

01:20:54,010 --> 01:20:52,010

that um you know that was the FLIR

1840

01:20:57,250 --> 01:20:54,020

footage that wasn't even the electrical

1841

01:20:59,770 --> 01:20:57,260

data that wasn't D like the gun camera

1842

01:21:03,069 --> 01:20:59,780

footage of you know just what they were

1843

01:21:06,040 --> 01:21:03,079

seeing that was just a FLIR footage and

1844

01:21:07,899 --> 01:21:06,050

if you look at the Roosevelt 2015 event

1845

01:21:10,270 --> 01:21:07,909

off the coast of Florida we only get a

1846

01:21:12,640 --> 01:21:10,280

small small little like piece of it it's

1847

01:21:13,959 --> 01:21:12,650

a much longer video so it's like I keep

1848

01:21:16,359 --> 01:21:13,969

asking myself why are we having this

1849

01:21:17,939 --> 01:21:16,369

truth embargo the US government has like

1850

01:21:19,680 --> 01:21:17,949

endless amounts of evidence yet

1851
01:21:24,229 --> 01:21:19,690
we're just we're a bunch of Schmucks on

1852
01:21:27,890 --> 01:21:24,239
the outside debating this subject what

1853
01:21:30,270 --> 01:21:27,900
stuff you know put off has told us that

1854
01:21:32,759 --> 01:21:30,280
you know they have what is it like 12

1855
01:21:35,040 --> 01:21:32,769
hours of klaris Island footage that

1856
01:21:36,719 --> 01:21:35,050
Brazilian government recorded that bass

1857
01:21:38,850 --> 01:21:36,729
received it or something like that along

1858
01:21:45,000 --> 01:21:38,860
those lines I mean that's there it's on

1859
01:21:46,709 --> 01:21:45,010
deck I mean I just want to see it I was

1860
01:21:48,660 --> 01:21:46,719
gonna say because we can see that those

1861
01:21:50,790 --> 01:21:48,670
discs that were present again on the

1862
01:21:52,469 --> 01:21:50,800
website actually had declassified

1863
01:21:55,379 --> 01:21:52,479

written all over them from the Pentagon

1864

01:21:56,939 --> 01:21:55,389

so these must have been somewhere or

1865

01:21:59,370 --> 01:21:56,949

somehow they must have been officially

1866

01:22:01,290 --> 01:21:59,380

released by the government right it had

1867

01:22:03,810 --> 01:22:01,300

got Declassified written on to the discs

1868

01:22:05,430 --> 01:22:03,820

that they're prepared on if there's four

1869

01:22:07,469 --> 01:22:05,440

of those discs they must have so much

1870

01:22:08,879 --> 01:22:07,479

more information on them all right

1871

01:22:10,169 --> 01:22:08,889

computer Ryan's point there must be

1872

01:22:12,060 --> 01:22:10,179

thousands of hours you know what I mean

1873

01:22:13,979 --> 01:22:12,070

this is just like a small tiny little

1874

01:22:15,540 --> 01:22:13,989

sample of data that they've got present

1875

01:22:17,520 --> 01:22:15,550

even if it's a few gigabytes of data

1876

01:22:19,169 --> 01:22:17,530

it's gonna be tiny compared to what

1877

01:22:21,479 --> 01:22:19,179

they've got but that information is

1878

01:22:23,609 --> 01:22:21,489

Declassified now I figure if they've got

1879

01:22:25,830 --> 01:22:23,619

their HD resolution footage you can see

1880

01:22:27,089 --> 01:22:25,840

it really really well probably a case

1881

01:22:28,169 --> 01:22:27,099

that they don't want to release that at

1882

01:22:30,959 --> 01:22:28,179

the moment because it's just gonna be

1883

01:22:34,319 --> 01:22:30,969

too great groundbreaking too quickly it

1884

01:22:35,699 --> 01:22:34,329

seems like slow release yeah they want a

1885

01:22:37,199 --> 01:22:35,709

slow release of information and when a

1886

01:22:42,060 --> 01:22:37,209

climate sighs people to this stuff

1887

01:22:44,160 --> 01:22:42,070

that's how it looks to me you know they

1888

01:22:46,199 --> 01:22:44,170

want to walk the public to this

1889

01:22:48,540 --> 01:22:46,209

phenomena not run them because if you

1890

01:22:51,330 --> 01:22:48,550

run them the public's gonna go haywire

1891

01:22:54,060 --> 01:22:51,340

whether you like it or not they are even

1892

01:22:57,029 --> 01:22:54,070

all I hear people all the time tell me

1893

01:22:57,600 --> 01:22:57,039

but Chris December 16th didn't do

1894

01:23:02,850 --> 01:22:57,610

anything

1895

01:23:06,569 --> 01:23:02,860

nobody cares now Chris there it's a

1896

01:23:10,890 --> 01:23:06,579

ridiculous argument I really do disagree

1897

01:23:13,020 --> 01:23:10,900

too because I was on a radio show can't

1898

01:23:20,310 --> 01:23:13,030

remember my memories not to grace maybe

1899

01:23:23,189 --> 01:23:20,320

it's too much CBD but in case a radio

1900

01:23:26,669 --> 01:23:23,199

show that when I was getting physical

1901

01:23:28,870 --> 01:23:26,679

therapy after my surgery this past was

1902

01:23:34,209 --> 01:23:28,880

maybe January 2

1903

01:23:36,370 --> 01:23:34,219

was a female c-130 pilot who was she had

1904

01:23:40,300 --> 01:23:36,380

I think some kind of issue with her

1905

01:23:43,930 --> 01:23:40,310

ankle and she was overhearing me my

1906

01:23:46,930 --> 01:23:43,940

therapist talked about the whole a tip

1907

01:23:48,700 --> 01:23:46,940

program and he was asking me a few

1908

01:23:51,310 --> 01:23:48,710

different questions and then talking

1909

01:23:54,970 --> 01:23:51,320

about the the video of the tic-tac and

1910

01:23:58,290 --> 01:23:54,980

she chimed in which she said she would

1911

01:24:01,320 --> 01:23:58,300

have never done before she had a a

1912

01:24:04,959 --> 01:24:01,330

sighting when she was flying in Alaska

1913

01:24:07,660 --> 01:24:04,969

where a UFO UAP whatever you want to

1914

01:24:10,479 --> 01:24:07,670

call it came alongside the c-130 and

1915

01:24:13,990 --> 01:24:10,489

flew on for about ten minutes and to

1916

01:24:15,370 --> 01:24:14,000

just slowly drift it away and her and

1917

01:24:17,350 --> 01:24:15,380

her copilot and the crewmembers

1918

01:24:18,820 --> 01:24:17,360

basically said we're not gonna talk

1919

01:24:21,459 --> 01:24:18,830

about this because if we get to base

1920

01:24:23,500 --> 01:24:21,469

back to base the Anchorage they're gonna

1921

01:24:25,030 --> 01:24:23,510

grill us on it so we're just gonna shut

1922

01:24:27,520 --> 01:24:25,040

up and she said to me

1923

01:24:30,970 --> 01:24:27,530

the older reason why she told me this

1924

01:24:34,000 --> 01:24:30,980

story is because of the fact that the

1925

01:24:37,780 --> 01:24:34,010

December 16th news articles came out and

1926

01:24:40,360 --> 01:24:37,790

it was being played on the TV so I don't

1927

01:24:43,030 --> 01:24:40,370

buy that nobody cared about December

1928

01:24:46,990 --> 01:24:43,040

16th I disagree I see it all the time

1929

01:24:49,689 --> 01:24:47,000

but I have mixed feelings on it did

1930

01:24:51,760 --> 01:24:49,699

great and it made a historic impact I

1931

01:24:53,080 --> 01:24:51,770

mean the videos have only been released

1932

01:24:54,879 --> 01:24:53,090

it hasn't even been a year

1933

01:24:56,979 --> 01:24:54,889

what an amazing year has been can you

1934

01:24:59,590 --> 01:24:56,989

get I mean it's just crazy think back to

1935

01:25:01,360 --> 01:24:59,600

one year from now and we're totally

1936

01:25:03,280 --> 01:25:01,370

amazing at the same time you asked

1937

01:25:09,280 --> 01:25:03,290

normal people on the street and most of

1938

01:25:10,479 --> 01:25:09,290

them have heard about it haven't gotten

1939

01:25:12,600 --> 01:25:10,489

to where they need to go yet but like

1940

01:25:15,490 --> 01:25:12,610

it's been set in motion

1941

01:25:17,680 --> 01:25:15,500

yeah but Danny's right Danny's right

1942

01:25:18,820 --> 01:25:17,690

that means you know the us the average

1943

01:25:20,470 --> 01:25:18,830

person on the street they're not gonna

1944

01:25:23,020 --> 01:25:20,480

know but I think that what to the Stars

1945

01:25:25,689 --> 01:25:23,030

Academy in December 16th in October 11th

1946

01:25:28,240 --> 01:25:25,699

accomplished is it set in motion that

1947

01:25:29,740 --> 01:25:28,250

had a period of time not too far into

1948

01:25:31,360 --> 01:25:29,750

the future they will know about it and

1949

01:25:36,790 --> 01:25:31,370

maybe it will be the beginning of 2019

1950

01:25:38,470 --> 01:25:36,800

yeah maybe well I'm getting to kind of

1951

01:25:40,750 --> 01:25:38,480

Frank's point you know there's kind of

1952

01:25:42,850 --> 01:25:40,760

like a middle ground you know maybe that

1953

01:25:47,410 --> 01:25:42,860

you know what even what

1954

01:25:49,540 --> 01:25:47,420

Ryan would dub the TTS a effect with the

1955

01:25:51,340 --> 01:25:49,550

release of all this stuff in the New

1956

01:25:53,020 --> 01:25:51,350

York Times article this is actually

1957

01:25:55,149 --> 01:25:53,030

creating that nonchalant attitude

1958

01:25:57,189 --> 01:25:55,159

amongst the public more so and maybe

1959

01:25:59,140 --> 01:25:57,199

that's what they want you know they want

1960

01:26:02,830 --> 01:25:59,150

people to be able to take look at the

1961

01:26:04,450 --> 01:26:02,840

information accept it and move on right

1962

01:26:07,300 --> 01:26:04,460

yeah there's no question it's a real

1963

01:26:09,669 --> 01:26:07,310

thing because before last year this

1964

01:26:12,310 --> 01:26:09,679

subject really did not get a whole lot

1965

01:26:14,590 --> 01:26:12,320

of a big-time media attention it just

1966

01:26:16,330 --> 01:26:14,600

didn't so the fact that it's getting

1967

01:26:18,580 --> 01:26:16,340

some yeah it's a drop in the bucket

1968

01:26:21,280 --> 01:26:18,590

compared to what all they put out you

1969

01:26:22,810 --> 01:26:21,290

know in this 24/7 cycle that were in so

1970

01:26:25,720 --> 01:26:22,820

they're putting out just reams of

1971

01:26:27,820 --> 01:26:25,730

information that endless stories about

1972

01:26:29,800 --> 01:26:27,830

all sorts of things so this is a drop in

1973

01:26:31,479 --> 01:26:29,810

the bucket but at the same time they're

1974

01:26:38,800 --> 01:26:31,489

at least dropping something into the

1975

01:26:41,020 --> 01:26:38,810

body which is good I'm just saying dumb

1976

01:26:42,910 --> 01:26:41,030

stuff but it's just so crazy that it

1977

01:26:45,129 --> 01:26:42,920

hasn't even been a year sometimes I just

1978

01:26:47,129 --> 01:26:45,139

had to sit back and just amaze that to

1979

01:26:51,129 --> 01:26:47,139

me hasn't been a year yes

1980

01:26:54,250 --> 01:26:51,139

the fact that the government came out

1981

01:26:56,680 --> 01:26:54,260

December 16th of 2017 and acknowledged

1982

01:26:59,580 --> 01:26:56,690

that they had a secret program known as

1983

01:27:03,790 --> 01:26:59,590

a tip it's huge because prior to that

1984

01:27:06,160 --> 01:27:03,800

they said in 69 we're done with UFOs we

1985

01:27:08,470 --> 01:27:06,170

don't we didn't have anything to deal

1986

01:27:11,080 --> 01:27:08,480

with them and now we well we know from

1987

01:27:13,510 --> 01:27:11,090

Paul Dean's work that through the 70s

1988

01:27:16,240 --> 01:27:13,520

80s and even to the early 90s they were

1989

01:27:19,990 --> 01:27:16,250

very much knowing about the subject

1990

01:27:21,580 --> 01:27:20,000

that's a complete lie so it's it's a l

1991

01:27:25,740 --> 01:27:21,590

don't know how I want to describe this

1992

01:27:29,379 --> 01:27:25,750

but like they're in a conundrum where

1993

01:27:31,330 --> 01:27:29,389

yeah they want to tell the public as I

1994

01:27:33,609 --> 01:27:31,340

do agree with the grant Cameron they

1995

01:27:35,830 --> 01:27:33,619

pain themselves into the corner and they

1996

01:27:38,919 --> 01:27:35,840

want to definitely get out of that

1997

01:27:43,020 --> 01:27:38,929

corner by any means necessary at the

1998

01:27:48,910 --> 01:27:43,030

same time I don't know where I'm going

1999

01:27:52,000 --> 01:27:48,920

i l by Stephen Bassets hypothesis that

2000

01:27:54,790 --> 01:27:52,010

when Podesta and Hillary Clinton were

2001
01:27:55,920 --> 01:27:54,800
yapping their gums about UAP in a very

2002
01:27:57,720 --> 01:27:55,930
public manner

2003
01:27:59,850 --> 01:27:57,730
people inside the Pentagon were getting

2004
01:28:03,390 --> 01:27:59,860
concerned about that and in the stars

2005
01:28:06,570 --> 01:28:03,400
aligned and DeLonge while this was

2006
01:28:09,060 --> 01:28:06,580
exploring was also trying to get in

2007
01:28:10,920 --> 01:28:09,070
touch with people high-level officials

2008
01:28:13,380 --> 01:28:10,930
to create greater transparency on the

2009
01:28:15,210 --> 01:28:13,390
subject tonight and I yeah I mean maybe

2010
01:28:16,860 --> 01:28:15,220
maybe fast it's wrong but I kind of I

2011
01:28:18,600 --> 01:28:16,870
feel he if you've watched any of his

2012
01:28:21,050 --> 01:28:18,610
presentations he makes a very persuasive

2013
01:28:25,230 --> 01:28:21,060

case that Podesta and Hillary Clinton

2014

01:28:28,290 --> 01:28:25,240

talking about the UAP subject for a full

2015

01:28:30,570 --> 01:28:28,300

two years up until the election got

2016

01:28:32,370 --> 01:28:30,580

people within inside the pentagon scared

2017

01:28:34,440 --> 01:28:32,380

and they wanted to get ahead of the

2018

01:28:37,500 --> 01:28:34,450

issue the expectation being that she was

2019

01:28:38,970 --> 01:28:37,510

gonna get elected she was gonna continue

2020

01:28:40,500 --> 01:28:38,980

talking about it and not only would she

2021

01:28:42,450 --> 01:28:40,510

continue talking about it but all you

2022

01:28:44,670 --> 01:28:42,460

need is like clips from when she talked

2023

01:28:46,830 --> 01:28:44,680

about it before so now she's President

2024

01:28:49,260 --> 01:28:46,840

Clinton and people are like bringing

2025

01:28:51,180 --> 01:28:49,270

forth clips of her talking about UFOs

2026

01:28:52,650 --> 01:28:51,190

and then it's you know it would just

2027

01:28:55,410 --> 01:28:52,660

become more more in the public sphere

2028

01:28:59,070 --> 01:28:55,420

than ever before I will say Ryan

2029

01:29:03,150 --> 01:28:59,080

something shifted right as Barack Obama

2030

01:29:06,740 --> 01:29:03,160

left office and then Trump it became the

2031

01:29:09,800 --> 01:29:06,750

president think back before the the

2032

01:29:12,240 --> 01:29:09,810

October 11th to the Stars Academy

2033

01:29:14,640 --> 01:29:12,250

announcement the biggest data dump of

2034

01:29:17,310 --> 01:29:14,650

UFOs even thought wasn't solely on UFOs

2035

01:29:19,860 --> 01:29:17,320

stuff was the fact that the CIA released

2036

01:29:23,280 --> 01:29:19,870

a ton of documents about remote viewing

2037

01:29:27,270 --> 01:29:23,290

and there was UFO stuff in there about

2038

01:29:29,250 --> 01:29:27,280

like the Tehran case with the DIA and I

2039

01:29:32,190 --> 01:29:29,260

can't remember there was a bunch of but

2040

01:29:34,170 --> 01:29:32,200

they Barack Obama released all that

2041

01:29:36,780 --> 01:29:34,180

right before he left office which is

2042

01:29:39,840 --> 01:29:36,790

really strange I don't know if people

2043

01:29:43,290 --> 01:29:39,850

remember that yeah I don't the only one

2044

01:29:45,090 --> 01:29:43,300

here that right before he left he had a

2045

01:29:50,480 --> 01:29:45,100

bunch of things be classified as losing

2046

01:29:53,010 --> 01:29:50,490

office so there was obviously some

2047

01:29:56,190 --> 01:29:53,020

greasing of the wheels for this to

2048

01:29:58,380 --> 01:29:56,200

happen I agree he was on the Jimmy

2049

01:30:00,960 --> 01:29:58,390

Kimmel show and he was making those some

2050

01:30:02,820 --> 01:30:00,970

strange comments of course he was asked

2051
01:30:04,200 --> 01:30:02,830
he knew he was gonna be asked and then

2052
01:30:07,610 --> 01:30:04,210
he was on the other show when he's

2053
01:30:09,780 --> 01:30:07,620
talking a little girl about aliens and

2054
01:30:13,200 --> 01:30:09,790
you know and he mentioned area

2055
01:30:18,570 --> 01:30:13,210
51 yeah you know the first ever time a

2056
01:30:20,940 --> 01:30:18,580
president acknowledged area 51 so I go

2057
01:30:23,700 --> 01:30:20,950
back to also Tom DeLonge interview where

2058
01:30:27,810 --> 01:30:23,710
he said for some reason the green light

2059
01:30:30,510 --> 01:30:27,820
has been lit and I don't know and again

2060
01:30:32,880 --> 01:30:30,520
I don't know I would love to know some

2061
01:30:35,640 --> 01:30:32,890
insiders he was talking to before the

2062
01:30:39,930 --> 01:30:35,650
Christian islands and the blue sandals

2063
01:30:42,300 --> 01:30:39,940

of the world I mean we know twice I know

2064

01:30:53,250 --> 01:30:42,310

but we know Weiss but we don't know all

2065

01:30:55,590 --> 01:30:53,260

the other ones well we don't as 'land

2066

01:30:58,170 --> 01:30:55,600

and we know that other guy I can't think

2067

01:31:00,120 --> 01:30:58,180

of his name did general I can't remember

2068

01:31:03,150 --> 01:31:00,130

his name Kerry I think Kerry was dollar

2069

01:31:05,970 --> 01:31:03,160

gentleman but uh yeah I don't know

2070

01:31:08,850 --> 01:31:05,980

there's some kind of motion that they

2071

01:31:10,950 --> 01:31:08,860

want this topic out there for whatever

2072

01:31:12,990 --> 01:31:10,960

reason I don't know there has to be a

2073

01:31:14,580 --> 01:31:13,000

trigger I mean this this is this is 70

2074

01:31:16,860 --> 01:31:14,590

years in the making they didn't the

2075

01:31:20,280 --> 01:31:16,870

people who who are actually have

2076

01:31:21,540 --> 01:31:20,290

leverage and that who facilitated the

2077

01:31:22,590 --> 01:31:21,550

videos getting released I mean they

2078

01:31:24,540 --> 01:31:22,600

didn't just wake up one day you know

2079

01:31:25,980 --> 01:31:24,550

what let's do this I mean there was

2080

01:31:28,200 --> 01:31:25,990

something that triggered them I mean I

2081

01:31:30,240 --> 01:31:28,210

hate to say it but I think if people in

2082

01:31:32,010 --> 01:31:30,250

the Pentagon who were in charge of the

2083

01:31:32,400 --> 01:31:32,020

secret thought they could maintain it

2084

01:31:39,210 --> 01:31:32,410

forever

2085

01:31:45,950 --> 01:31:39,220

knows the Internet's fault

2086

01:31:48,600 --> 01:31:45,960

I really do I really think I think I

2087

01:31:51,450 --> 01:31:48,610

mean do they wanna wait to another Gary

2088

01:31:54,060 --> 01:31:51,460

McKinnon happens seriously yeah do them

2089

01:31:56,820 --> 01:31:54,070

the Internet has a big role in it but

2090

01:31:59,550 --> 01:31:56,830

you know there's there's probably events

2091

01:32:01,860 --> 01:31:59,560

or things that had transpired behind the

2092

01:32:03,450 --> 01:32:01,870

scenes in the intelligence community

2093

01:32:05,910 --> 01:32:03,460

that we don't know about that they said

2094

01:32:07,530 --> 01:32:05,920

listen yeah you know we better start

2095

01:32:08,820 --> 01:32:07,540

this process now because like Ryan said

2096

01:32:13,710 --> 01:32:08,830

it's not like they just woke up and said

2097

01:32:16,020 --> 01:32:13,720

hey Johnny you know what well I'm great

2098

01:32:18,660 --> 01:32:16,030

is a great Cameron is of the opinion

2099

01:32:20,580 --> 01:32:18,670

that it's a number of these folks who

2100

01:32:21,989 --> 01:32:20,590

were involved in this effort to get this

2101
01:32:24,739 --> 01:32:21,999
information out from the

2102
01:32:28,439 --> 01:32:24,749
are themselves experiencers and

2103
01:32:31,979 --> 01:32:28,449
therefore that's their motivation yeah

2104
01:32:35,399 --> 01:32:31,989
yeah but grant Cameron is also saying

2105
01:32:37,950 --> 01:32:35,409
that you know this has been a long-term

2106
01:32:39,419 --> 01:32:37,960
process that's been going on and you

2107
01:32:41,310 --> 01:32:39,429
know this is we just happen to be in the

2108
01:32:43,529 --> 01:32:41,320
next phase of it you know he said this

2109
01:32:45,540 --> 01:32:43,539
is going back to ham and Egger and even

2110
01:32:48,000 --> 01:32:45,550
before that we're there dripping out

2111
01:32:50,040 --> 01:32:48,010
this data and every time they you know

2112
01:32:54,120 --> 01:32:50,050
it's a it's like another phase or wait

2113
01:32:56,580 --> 01:32:54,130

I would agree I mean he his point to

2114

01:32:58,830 --> 01:32:56,590

other governments to shutting up and not

2115

01:33:01,169 --> 01:32:58,840

talking about it is correct

2116

01:33:03,479 --> 01:33:01,179

whereas US government they dilly-dally

2117

01:33:06,419 --> 01:33:03,489

and they'll say one thing and do another

2118

01:33:08,939 --> 01:33:06,429

it's really weird like we have like it

2119

01:33:13,080 --> 01:33:08,949

schizophrenic US government like there's

2120

01:33:15,060 --> 01:33:13,090

a religious side these are deeming so we

2121

01:33:17,790 --> 01:33:15,070

can't have anything to do with them they

2122

01:33:20,040 --> 01:33:17,800

decide that no we need this information

2123

01:33:23,339 --> 01:33:20,050

release because you know we've been

2124

01:33:25,080 --> 01:33:23,349

hiding it for how long and then I would

2125

01:33:27,209 --> 01:33:25,090

think there's even a third arm that is

2126

01:33:31,979 --> 01:33:27,219

worried that there's gonna be blowback

2127

01:33:33,899 --> 01:33:31,989

ie indictments and getting sued and you

2128

01:33:38,370 --> 01:33:33,909

know I don't know it's got to be a mess

2129

01:33:39,660 --> 01:33:38,380

for people there's the fourth the group

2130

01:33:41,759 --> 01:33:39,670

that I've been hypothesizing about

2131

01:33:43,410 --> 01:33:41,769

thanks to you Chris when you're talking

2132

01:33:44,969 --> 01:33:43,420

about that cons elite stuff and I may be

2133

01:33:47,700 --> 01:33:44,979

totally off base on this I'm just trying

2134

01:33:48,899 --> 01:33:47,710

to digest it in my own mind but um and

2135

01:33:51,149 --> 01:33:48,909

maybe there's another group that have

2136

01:33:52,799 --> 01:33:51,159

tried a bunch of this stuff and they've

2137

01:33:54,060 --> 01:33:52,809

had really really bad experiences and

2138

01:33:55,830 --> 01:33:54,070

now they decided that they don't want to

2139

01:33:59,549 --> 01:33:55,840

do it I mean that's an indication that

2140

01:34:01,589 --> 01:33:59,559

I've seen that some people within the

2141

01:34:04,680 --> 01:34:01,599

government have experimented with this

2142

01:34:07,259 --> 01:34:04,690

weaponized it to your degree and they've

2143

01:34:09,029 --> 01:34:07,269

got a bad result some people die and

2144

01:34:12,660 --> 01:34:09,039

then they say we don't want to mess with

2145

01:34:14,540 --> 01:34:12,670

it but again like grant Cameron says

2146

01:34:16,950 --> 01:34:14,550

always there's no there's no there there

2147

01:34:21,089 --> 01:34:16,960

you don't know what you're doing with

2148

01:34:22,620 --> 01:34:21,099

truly I know I know Ryan he may take

2149

01:34:26,009 --> 01:34:22,630

offense just a little bit night I'm

2150

01:34:28,890 --> 01:34:26,019

sorry UFO Jesus but no no I had that's a

2151

01:34:31,049 --> 01:34:28,900

misinterpretation I I've always

2152

01:34:33,509 --> 01:34:31,059

maintained that the phenomena is

2153

01:34:35,550 --> 01:34:33,519

probably multifaceted that it that it

2154

01:34:37,170 --> 01:34:35,560

encompasses physical

2155

01:34:39,890 --> 01:34:37,180

extraterrestrials and it probably

2156

01:34:42,000 --> 01:34:39,900

encompasses interdimensional

2157

01:34:44,880 --> 01:34:42,010

materializations and maybe even

2158

01:34:47,250 --> 01:34:44,890

something more exotic so my yeah I

2159

01:34:48,900 --> 01:34:47,260

believe it's it's multifaceted but I've

2160

01:34:52,020 --> 01:34:48,910

never given I've never said that it's

2161

01:34:54,780 --> 01:34:52,030

entirely extraterrestrial all right some

2162

01:34:57,270 --> 01:34:54,790

people some of our detractors pin you as

2163

01:34:57,900 --> 01:34:57,280

the ETH guy I don't know I don't know

2164

01:35:06,030 --> 01:34:57,910

where they're getting their information

2165

01:35:08,310 --> 01:35:06,040

from but that's what my point was they

2166

01:35:09,750 --> 01:35:08,320

mess with this stuff they got a bad

2167

01:35:12,090 --> 01:35:09,760

result and then they're like you know

2168

01:35:13,710 --> 01:35:12,100

what we're gonna seal this off we don't

2169

01:35:16,860 --> 01:35:13,720

want people messing with it

2170

01:35:18,930 --> 01:35:16,870

ie skinwalker ranch I do feel that

2171

01:35:22,680 --> 01:35:18,940

there's been occurrences there where

2172

01:35:24,450 --> 01:35:22,690

people have been affected negatively but

2173

01:35:25,980 --> 01:35:24,460

what's when I come back to you is

2174

01:35:28,470 --> 01:35:25,990

there's all these people like Chris

2175

01:35:31,110 --> 01:35:28,480

Bledsoe who is experienced here this

2176
01:35:33,600 --> 01:35:31,120
phenomenon and who is dealt with to the

2177
01:35:35,700 --> 01:35:33,610
Stars before they were two stars and he

2178
01:35:38,430 --> 01:35:35,710
says this is love and light and this is

2179
01:35:41,040 --> 01:35:38,440
a good thing I I don't know I mean in my

2180
01:35:43,500 --> 01:35:41,050
own experience my own very personal

2181
01:35:46,620 --> 01:35:43,510
experience it wasn't good and it wasn't

2182
01:35:50,640 --> 01:35:46,630
bad so I can't sit there and say so I

2183
01:35:52,650 --> 01:35:50,650
don't know well Chris I have a doubt go

2184
01:35:55,050 --> 01:35:52,660
ahead sorry about that right what I'm

2185
01:35:57,540 --> 01:35:55,060
wondering about is you know Knapp has

2186
01:36:00,120 --> 01:35:57,550
put forth in a recent interview on

2187
01:36:01,380 --> 01:36:00,130
phenomenon radio that or he suggested

2188
01:36:05,490 --> 01:36:01,390

that maybe the Chinese and the Russians

2189

01:36:07,440 --> 01:36:05,500
are further ahead in the ability to

2190

01:36:12,240 --> 01:36:07,450
understand the technology that UAP

2191

01:36:14,820 --> 01:36:12,250
encompass and he chimed in that he has

2192

01:36:18,620 --> 01:36:14,830
reason to believe or he speculates that

2193

01:36:21,930 --> 01:36:18,630
the the Russians have become emboldened

2194

01:36:23,520 --> 01:36:21,940
when they fly their aircraft in the air

2195

01:36:26,400 --> 01:36:23,530
our carriers and so forth because they

2196

01:36:28,770 --> 01:36:26,410
as a consequence of having made

2197

01:36:31,080 --> 01:36:28,780
technological leaps based on their study

2198

01:36:34,560 --> 01:36:31,090
of UAP technology you know and I'm

2199

01:36:36,930 --> 01:36:34,570
thinking it's at first I thought no

2200

01:36:38,490 --> 01:36:36,940
there's no way the the military the

2201
01:36:40,800 --> 01:36:38,500
amount of money the United States spends

2202
01:36:42,780 --> 01:36:40,810
on military is huge and it's way bigger

2203
01:36:44,730 --> 01:36:42,790
than any other country and it's it's

2204
01:36:47,100 --> 01:36:44,740
astronomical so how could it possibly be

2205
01:36:48,420 --> 01:36:47,110
that other nations are further ahead but

2206
01:36:50,610 --> 01:36:48,430
then you but then when you

2207
01:36:52,830 --> 01:36:50,620
I try and look at what Bob Lazar says

2208
01:36:53,370 --> 01:36:52,840
about s4 when in when he was working

2209
01:36:56,520 --> 01:36:53,380
there

2210
01:36:59,310 --> 01:36:56,530
he claims now I'm kind of 50/50 Bob

2211
01:37:00,510 --> 01:36:59,320
Lazar at this point although I'm I got

2212
01:37:02,850 --> 01:37:00,520
to think about it more but he claims

2213
01:37:06,570 --> 01:37:02,860

that when he was working at s4 there was

2214

01:37:09,090 --> 01:37:06,580

only 22 human beings working on the

2215

01:37:11,010 --> 01:37:09,100

flying saucers they had there now I

2216

01:37:13,650 --> 01:37:11,020

don't care how much your military budget

2217

01:37:16,020 --> 01:37:13,660

is if you only have 22 people working on

2218

01:37:17,250 --> 01:37:16,030

flying saucers then yeah that alone

2219

01:37:18,750 --> 01:37:17,260

makes me think yeah maybe the Russians

2220

01:37:20,640 --> 01:37:18,760

and the Chinese are further ahead than

2221

01:37:22,710 --> 01:37:20,650

us because I bet you if they have flying

2222

01:37:23,970 --> 01:37:22,720

saucers they got way more than 22 people

2223

01:37:26,670 --> 01:37:23,980

working on it but the United States is

2224

01:37:27,840 --> 01:37:26,680

so obsessed with secrecy and China and

2225

01:37:29,340 --> 01:37:27,850

Russia are probably had it's easier for

2226

01:37:30,990 --> 01:37:29,350

them to maintain secrecy because they

2227

01:37:32,790 --> 01:37:31,000

it's more of a they have more of a

2228

01:37:34,650 --> 01:37:32,800

control structure so when you really

2229

01:37:37,470 --> 01:37:34,660

look at when you really look at the

2230

01:37:38,880 --> 01:37:37,480

entire picture I'm I think it's quite

2231

01:37:41,160 --> 01:37:38,890

possible that the Chinese and the

2232

01:37:42,780 --> 01:37:41,170

Russians have more understanding of the

2233

01:37:44,700 --> 01:37:42,790

phenomena and when you consider how much

2234

01:37:46,410 --> 01:37:44,710

we pay on millet for military budget I

2235

01:37:47,520 --> 01:37:46,420

think that's kind of it's disturbing and

2236

01:37:49,590 --> 01:37:47,530

that's all I got to say about that I'm

2237

01:37:51,870 --> 01:37:49,600

trying to add to your point with Bob

2238

01:37:55,320 --> 01:37:51,880

Lazar he said most of those 22 people

2239

01:37:58,950 --> 01:37:55,330

were military not scientific capacity so

2240

01:38:00,510 --> 01:37:58,960

that is scary that means like they

2241

01:38:05,430 --> 01:38:00,520

literally have a gun to your head and

2242

01:38:09,570 --> 01:38:05,440

they're telling you figure it out this

2243

01:38:12,960 --> 01:38:09,580

is like we can't do this and I mean I

2244

01:38:15,720 --> 01:38:12,970

know there's a YouTube video where he

2245

01:38:18,660 --> 01:38:15,730

describes with Nampa a UFO conference in

2246

01:38:21,330 --> 01:38:18,670

like 2015 or 2014 when Bob Lazar came at

2247

01:38:23,400 --> 01:38:21,340

the last time and he talks about how he

2248

01:38:25,410 --> 01:38:23,410

and his coworker it was the only one

2249

01:38:27,780 --> 01:38:25,420

other guy working on propulsion because

2250

01:38:31,920 --> 01:38:27,790

the guy before Bob Lazar showed up blew

2251

01:38:33,540 --> 01:38:31,930

up and died you know the one of the

2252

01:38:35,160 --> 01:38:33,550

experiments they tried is they turned

2253

01:38:37,710 --> 01:38:35,170

one and they grabbed the amplifiers on

2254

01:38:40,560 --> 01:38:37,720

and they bounced the golf ball off of it

2255

01:38:44,190 --> 01:38:40,570

and it hit the ceiling tile and their

2256

01:38:47,030 --> 01:38:44,200

their their superior darkness and not

2257

01:38:51,930 --> 01:38:47,040

Dennis what's his name wasn't darkness

2258

01:38:53,910 --> 01:38:51,940

yeah Dennis came in so what the hell you

2259

01:38:55,500 --> 01:38:53,920

two doing and basically didn't bother

2260

01:38:57,930 --> 01:38:55,510

looking up but there's a golf ball

2261

01:38:58,650 --> 01:38:57,940

sticking in the ceiling I mean that's

2262

01:39:01,739 --> 01:38:58,660

crazy

2263

01:39:03,929 --> 01:39:01,749

and we if you if you do

2264

01:39:06,119 --> 01:39:03,939

research on the US government and how

2265

01:39:08,759 --> 01:39:06,129

much money they've spent a blank check

2266

01:39:10,949 --> 01:39:08,769

is a great book to look at that looks

2267

01:39:13,529 --> 01:39:10,959

crazy in that dating talk about like

2268

01:39:15,659 --> 01:39:13,539

super secret programs they just talked

2269

01:39:18,419 --> 01:39:15,669

they focused on the b-2 stealth bomber

2270

01:39:22,409 --> 01:39:18,429

and how much money was allocated for

2271

01:39:25,139 --> 01:39:22,419

that so no I agree Ryan that it's scary

2272

01:39:27,839 --> 01:39:25,149

to think that we've lost the arms race

2273

01:39:31,859 --> 01:39:27,849

to China and Russia in the further that

2274

01:39:33,299 --> 01:39:31,869

point they set operatives am i hearing

2275

01:39:37,499 --> 01:39:33,309

this right they sent operatives just

2276

01:39:40,799 --> 01:39:37,509

gonna walk a ranch spies to spy on us

2277

01:39:43,499 --> 01:39:40,809

I mean it you know who else had that

2278

01:39:44,099 --> 01:39:43,509

happen to was the Bentwaters incident in

2279

01:39:46,349 --> 01:39:44,109

1980

2280

01:39:48,479 --> 01:39:46,359

afterwards they a word of Russian

2281

01:39:50,399 --> 01:39:48,489

intrusion well it's interesting you

2282

01:39:52,169 --> 01:39:50,409

bring that up Chris because one of the

2283

01:39:55,079 --> 01:39:52,179

topics are we've got on the agenda today

2284

01:39:59,369 --> 01:39:55,089

is a connection between these skinwalker

2285

01:40:01,649 --> 01:39:59,379

ranch and the Rendlesham area these are

2286

01:40:03,809 --> 01:40:01,659

areas that have a lot of paranormal

2287

01:40:07,409 --> 01:40:03,819

activity that may or may not be related

2288

01:40:09,509 --> 01:40:07,419

to UFOs and this is an interesting topic

2289

01:40:11,519 --> 01:40:09,519

and we do want to get into it I know

2290

01:40:15,959 --> 01:40:11,529

Ryan some time back I was chattering

2291

01:40:18,449 --> 01:40:15,969

with you and I'm just as a theory just

2292

01:40:20,339 --> 01:40:18,459

sort of a throwing us stuff against the

2293

01:40:22,139 --> 01:40:20,349

wall I'm seeing what's this I was

2294

01:40:25,079 --> 01:40:22,149

wondering about the possibility that

2295

01:40:28,319 --> 01:40:25,089

there could be these anomalous hotspots

2296

01:40:30,059 --> 01:40:28,329

on earth that these ETS can detect and

2297

01:40:31,829 --> 01:40:30,069

they just go and check them out and

2298

01:40:34,109 --> 01:40:31,839

research them in just the way we might

2299

01:40:37,469 --> 01:40:34,119

want to that that's the reason you see

2300

01:40:39,779 --> 01:40:37,479

UFO activity and these paranormal

2301

01:40:42,659 --> 01:40:39,789

hotspots seem to come together so I

2302

01:40:44,369 --> 01:40:42,669

let's say let's go into this let's go

2303

01:40:46,559 --> 01:40:44,379

into this connection between Rendlesham

2304

01:40:48,949 --> 01:40:46,569

and skinwalker anyone have any thoughts

2305

01:40:55,799 --> 01:40:48,959

on the matter

2306

01:40:58,649 --> 01:40:55,809

they're both someplace I'll go ahead of

2307

01:41:01,889 --> 01:40:58,659

a sideline this is a quick no and then

2308

01:41:03,299 --> 01:41:01,899

go chris is that if you get into like

2309

01:41:05,969 --> 01:41:03,309

the ronald material and some of the

2310

01:41:07,949 --> 01:41:05,979

stuff can't grant cameron has been

2311

01:41:11,189 --> 01:41:07,959

highlighting but you know the rama group

2312

01:41:14,069 --> 01:41:11,199

has been around since the 1970s doing

2313

01:41:15,590 --> 01:41:14,079

you know going to these hotspots in

2314

01:41:18,750 --> 01:41:15,600

South America and having

2315

01:41:20,550 --> 01:41:18,760

you know these programmed sightings or

2316

01:41:22,830 --> 01:41:20,560

contact events which even the mainstream

2317

01:41:25,860 --> 01:41:22,840

media in South America had recorded and

2318

01:41:30,270 --> 01:41:25,870

reported on you know they say that

2319

01:41:31,320 --> 01:41:30,280

there's these places that they they're

2320

01:41:35,370 --> 01:41:31,330

natural

2321

01:41:37,440 --> 01:41:35,380

portals or Zend rows and where the you

2322

01:41:39,360 --> 01:41:37,450

know exactly what Jeremy Korb and

2323

01:41:42,240 --> 01:41:39,370

others had said where you know it's like

2324

01:41:44,550 --> 01:41:42,250

a thin layer of reality where these

2325

01:41:48,330 --> 01:41:44,560

these different dimensions can can kind

2326

01:41:50,430 --> 01:41:48,340

of connect but you know I largely you

2327

01:41:52,890 --> 01:41:50,440

know they also say that the being the

2328

01:41:56,100 --> 01:41:52,900

beings or the you know the others can

2329

01:41:58,140 --> 01:41:56,110

create synthetic portals but that

2330

01:41:59,880 --> 01:41:58,150

there's natural you know places on earth

2331

01:42:04,020 --> 01:41:59,890

that have to do with the geomagnetic

2332

01:42:07,560 --> 01:42:04,030

field like Sedona Arizona and these

2333

01:42:10,950 --> 01:42:07,570

other places like skinwalker where and

2334

01:42:14,130 --> 01:42:10,960

and at some places in New Mexico where

2335

01:42:16,350 --> 01:42:14,140

the you know I guess the dimensional

2336

01:42:20,070 --> 01:42:16,360

layers are thin and these things are

2337

01:42:21,420 --> 01:42:20,080

more likely to happen in those areas I

2338

01:42:24,330 --> 01:42:21,430

was gonna add real quick

2339

01:42:26,790 --> 01:42:24,340

it is a thinning of the layer of reality

2340

01:42:30,450 --> 01:42:26,800

there and I would also argue that the

2341

01:42:33,300 --> 01:42:30,460

four corners Colorado Utah New Mexico

2342

01:42:35,640 --> 01:42:33,310

because Chris O'Brien

2343

01:42:37,650 --> 01:42:35,650

Christopher O'Brien mentions that on

2344

01:42:40,470 --> 01:42:37,660

some of his expeditions to just seeing

2345

01:42:43,590 --> 01:42:40,480

louise valley he's encountered with

2346

01:42:46,800 --> 01:42:43,600

rosemary ellen guiley these areas were

2347

01:42:49,050 --> 01:42:46,810

these the realities thinner for some

2348

01:42:51,600 --> 01:42:49,060

reason I don't know it's very

2349

01:42:53,400 --> 01:42:51,610

interesting that what does that mean

2350

01:42:54,840 --> 01:42:53,410

critter reality is thinner and you

2351

01:43:02,430 --> 01:42:54,850

explain that a little bit better if you

2352

01:43:05,310 --> 01:43:02,440

can well means is the the veil that

2353

01:43:07,470 --> 01:43:05,320

separates us our realm from there around

2354

01:43:08,940 --> 01:43:07,480

things and so they can sort of interface

2355

01:43:10,740 --> 01:43:08,950

with our realm more easily

2356

01:43:13,020 --> 01:43:10,750

yeah well one thing I find really

2357

01:43:17,220 --> 01:43:13,030

fascinating about when you when you

2358

01:43:19,770 --> 01:43:17,230

examine the UAP phenomena and you

2359

01:43:21,300 --> 01:43:19,780

examine the seemingly interdimensional

2360

01:43:23,070 --> 01:43:21,310

phenomena there's a there's a distinct

2361

01:43:25,110 --> 01:43:23,080

commonality that you notice right away

2362

01:43:27,810 --> 01:43:25,120

and that is with both the

2363

01:43:29,370 --> 01:43:27,820

interdimensional and the UAP phenomena

2364

01:43:32,430 --> 01:43:29,380

they hold back

2365

01:43:35,540 --> 01:43:32,440

in other words the UAP phenomena like

2366

01:43:38,310 --> 01:43:35,550

flying a huge triangle could fly over

2367

01:43:39,990 --> 01:43:38,320

Washington DC at any given time and

2368

01:43:41,250 --> 01:43:40,000

disclosures done you could say the same

2369

01:43:43,290 --> 01:43:41,260

thing about the interdimensional

2370

01:43:46,439 --> 01:43:43,300

phenomenon when when bass and knids was

2371

01:43:47,939 --> 01:43:46,449

out in skinwalker ranch the the the

2372

01:43:50,070 --> 01:43:47,949

interdimensional phenomena did reveal

2373

01:43:51,570 --> 01:43:50,080

itself but it did so in a way where they

2374

01:43:54,990 --> 01:43:51,580

couldn't really prove anything

2375

01:43:57,600 --> 01:43:55,000

and one of my fun little pet theories is

2376

01:44:00,060 --> 01:43:57,610

that as we get closer to disclosure and

2377

01:44:01,890 --> 01:44:00,070

as we go beyond disclosure maybe maybe

2378

01:44:04,229 --> 01:44:01,900

the rules will change a little bit and

2379

01:44:05,640 --> 01:44:04,239

the whatever's behind the UAP and

2380

01:44:07,740 --> 01:44:05,650

whatever's behind the interdimensional

2381

01:44:11,310 --> 01:44:07,750

phenomena will begin to reveal itself in

2382

01:44:12,840 --> 01:44:11,320

a more intimate way because humankind at

2383

01:44:13,919 --> 01:44:12,850

that stage will be ready for it if

2384

01:44:15,390 --> 01:44:13,929

that's the case that would be pretty

2385

01:44:17,669 --> 01:44:15,400

cool that's all I got to say all right I

2386

01:44:19,169 --> 01:44:17,679

have my own little theory on that and

2387

01:44:21,570 --> 01:44:19,179

again this is just my own series from

2388

01:44:23,310 --> 01:44:21,580

experiences and observations is that I

2389

01:44:26,370 --> 01:44:23,320

do think that the interdimensional

2390

01:44:28,020 --> 01:44:26,380

phenomena you know if we're gonna

2391

01:44:31,680 --> 01:44:28,030

categorize this right and we're gonna

2392

01:44:33,629 --> 01:44:31,690

say you know some of it is possibly you

2393

01:44:35,640 --> 01:44:33,639

know extraterrestrial biological or

2394

01:44:38,149 --> 01:44:35,650

extraterrestrial in the way that we

2395

01:44:40,770 --> 01:44:38,159

think of in some of its interdimensional

2396

01:44:43,080 --> 01:44:40,780

I'm you know my feeling honor is that

2397

01:44:46,310 --> 01:44:43,090

the the interdimensional aspect is more

2398

01:44:48,899 --> 01:44:46,320

limited in on reality and that the

2399

01:44:51,450 --> 01:44:48,909

advanced technological you know

2400

01:44:54,510 --> 01:44:51,460

seemingly extraterrestrial Europe II UAP

2401
01:44:58,410 --> 01:44:54,520
phenomena has more mobility to interact

2402
01:45:05,390 --> 01:44:58,420
with our or a reality in a physical way

2403
01:45:08,550 --> 01:45:05,400
you know I had quite recently I've

2404
01:45:10,979 --> 01:45:08,560
talked about communication with some of

2405
01:45:13,080 --> 01:45:10,989
these different interdimensional groups

2406
01:45:14,250 --> 01:45:13,090
that you know there's scientific papers

2407
01:45:17,430 --> 01:45:14,260
talking about different ways of

2408
01:45:20,010 --> 01:45:17,440
interfacing with them even texts

2409
01:45:22,169 --> 01:45:20,020
international so help put offs company

2410
01:45:24,390 --> 01:45:22,179
he's got a scientist that works for him

2411
01:45:25,709 --> 01:45:24,400
a guy called Michael ibises or something

2412
01:45:28,410 --> 01:45:25,719
like that I can't remember his exact

2413
01:45:29,910 --> 01:45:28,420

name he he's released a scientific paper

2414

01:45:32,000 --> 01:45:29,920

that is talking about quantum

2415

01:45:34,470 --> 01:45:32,010

entanglement as a way of communicating

2416

01:45:36,600 --> 01:45:34,480

with some he mentions it as

2417

01:45:38,520 --> 01:45:36,610

extraterrestrial but who knows what it

2418

01:45:41,610 --> 01:45:38,530

could really be it seems like there's

2419

01:45:43,410 --> 01:45:41,620

some kind of way of communicating with

2420

01:45:45,620 --> 01:45:43,420

these things and I think if it's if we

2421

01:45:49,140 --> 01:45:45,630

talking about the non extra-terrestrial

2422

01:45:50,430 --> 01:45:49,150

hypothesis hypothesis then we you know

2423

01:45:52,110 --> 01:45:50,440

we might be looking at something else

2424

01:45:53,760 --> 01:45:52,120

you know there might be a few elements

2425

01:45:54,840 --> 01:45:53,770

to it I think that probably is I think

2426

01:45:57,000 --> 01:45:54,850

we're probably looking at something

2427

01:46:00,720 --> 01:45:57,010

that's interdimensional and something

2428

01:46:01,919 --> 01:46:00,730

that's et but if from what I can tell

2429

01:46:04,580 --> 01:46:01,929

from looking through all the scientific

2430

01:46:08,010 --> 01:46:04,590

papers we've got lots more information

2431

01:46:10,229 --> 01:46:08,020

actually on the crypto terrestrials or

2432

01:46:11,220 --> 01:46:10,239

ultra terrestrials since we've got loads

2433

01:46:12,419 --> 01:46:11,230

and loads of different papers on it

2434

01:46:13,439 --> 01:46:12,429

loads of different scientists have

2435

01:46:15,630 --> 01:46:13,449

picked up this stuff and talked about

2436

01:46:17,760 --> 01:46:15,640

how we can sort of communicate or how

2437

01:46:19,439 --> 01:46:17,770

certain elements of our brain these kind

2438

01:46:22,140 --> 01:46:19,449

of things allow us to communicate with

2439

01:46:25,320 --> 01:46:22,150

these things go ahead I'm sorry I

2440

01:46:26,729 --> 01:46:25,330

finished up there J yeah groundbreaking

2441

01:46:29,160 --> 01:46:26,739

you know what I mean if we could start

2442

01:46:30,630 --> 01:46:29,170

to prove this stuff which it looks like

2443

01:46:33,209 --> 01:46:30,640

we're kind of going in that direction to

2444

01:46:35,220 --> 01:46:33,219

me and that's gonna be groundbreaking

2445

01:46:37,410 --> 01:46:35,230

and I think that's probably at least

2446

01:46:40,290 --> 01:46:37,420

from my perspective that's the thing

2447

01:46:41,970 --> 01:46:40,300

that yeah I think is more important if

2448

01:46:43,380 --> 01:46:41,980

there's this thing that's going on and

2449

01:46:45,780 --> 01:46:43,390

there is this other reality or these

2450

01:46:48,150 --> 01:46:45,790

other spatial dimensions however it

2451

01:46:49,770 --> 01:46:48,160

works you know if we can prove that in

2452

01:46:51,450 --> 01:46:49,780

any kind of way Wow you know that's just

2453

01:46:54,300 --> 01:46:51,460

gonna completely change the world much

2454

01:46:58,560 --> 01:46:54,310

more than any kind of disclosure on

2455

01:47:03,169 --> 01:46:58,570

extraterrestrials yeah let me jump in

2456

01:47:06,930 --> 01:47:03,179

here real quick James this may be

2457

01:47:09,540 --> 01:47:06,940

related to to a couple CIA docs that

2458

01:47:12,060 --> 01:47:09,550

turned us by a while back we had him

2459

01:47:15,330 --> 01:47:12,070

over at my group a couple CIA doc saw

2460

01:47:17,750 --> 01:47:15,340

one of them was a resignation letter

2461

01:47:21,290 --> 01:47:17,760

from put off to the government

2462

01:47:24,780 --> 01:47:21,300

apparently as he was ready to go off and

2463

01:47:26,910 --> 01:47:24,790

work it in an earth tank in Austin Texas

2464

01:47:28,979 --> 01:47:26,920

and it mentioned that the reason he was

2465

01:47:31,530 --> 01:47:28,989

going to was to work on something called

2466

01:47:33,600 --> 01:47:31,540

psycho energetics which was the term I'd

2467

01:47:36,120 --> 01:47:33,610

never heard before and there was another

2468

01:47:39,030 --> 01:47:36,130

doc in there as well that that proposed

2469

01:47:40,500 --> 01:47:39,040

to study into this very field so this

2470

01:47:42,630 --> 01:47:40,510

could be a new term for something we're

2471

01:47:44,669 --> 01:47:42,640

already well familiar with I'm not sure

2472

01:47:47,640 --> 01:47:44,679

if anybody has come across the term

2473

01:47:50,010 --> 01:47:47,650

before but but let's get a little bit of

2474

01:47:52,340 --> 01:47:50,020

feedback on that psycho energetics

2475

01:47:55,050 --> 01:47:52,350

any thoughts on what that might entail

2476

01:47:57,210 --> 01:47:55,060

well I just want to go back to what Jay

2477

01:47:58,620 --> 01:47:57,220

was saying real quick in that

2478

01:48:00,570 --> 01:47:58,630

you know he's talking about these papers

2479

01:48:03,090 --> 01:48:00,580

and there's possibly a quantum

2480

01:48:05,310 --> 01:48:03,100

entanglement where the the phenomenon

2481

01:48:06,960 --> 01:48:05,320

can be interacted with and as all you

2482

01:48:09,360 --> 01:48:06,970

guys know I'm watching my project next

2483

01:48:12,090 --> 01:48:09,370

year cool engaging the phenomena and I

2484

01:48:14,270 --> 01:48:12,100

want to say on some at least antidote

2485

01:48:17,640 --> 01:48:14,280

the level that's already been done with

2486

01:48:19,260 --> 01:48:17,650

ce-5 it's a you know a repeatable

2487

01:48:24,900 --> 01:48:19,270

experiment just that anybody can do

2488

01:48:27,630 --> 01:48:24,910

where you can Coralie intention or that

2489

01:48:30,690 --> 01:48:27,640

kind of the use of consciousness with

2490

01:48:33,120 --> 01:48:30,700

you ap sightings and and it's not

2491

01:48:36,270 --> 01:48:33,130

something like oh well maybe I mean a

2492

01:48:38,310 --> 01:48:36,280

lot of this born from you know UFO

2493

01:48:41,040 --> 01:48:38,320

reports for decades always have some

2494

01:48:42,990 --> 01:48:41,050

kind of tracer trail of a mental

2495

01:48:46,680 --> 01:48:43,000

phenomenon anomalous mental phenomenon

2496

01:48:49,620 --> 01:48:46,690

telepathy the interaction with the UAP

2497

01:48:53,070 --> 01:48:49,630

and the subjects you know who are

2498

01:48:56,340 --> 01:48:53,080

observing it so I want to say on some

2499

01:48:58,320 --> 01:48:56,350

level that's already been done that we

2500

01:49:03,030 --> 01:48:58,330

you know they they understand that and I

2501

01:49:06,990 --> 01:49:03,040

think possible extraterrestrial and and

2502

01:49:11,310 --> 01:49:07,000

and both the interdimensional phenomena

2503

01:49:12,810 --> 01:49:11,320

going back or you know eons you know you

2504

01:49:14,580 --> 01:49:12,820

have all these different and I don't

2505

01:49:17,010 --> 01:49:14,590

want to go too deep into this you have

2506

01:49:20,280 --> 01:49:17,020

these different like traditions that

2507

01:49:22,970 --> 01:49:20,290

utilize ritual and and all these

2508

01:49:25,830 --> 01:49:22,980

different methods to interact with

2509

01:49:29,180 --> 01:49:25,840

during these wide range of phenomena

2510

01:49:31,650 --> 01:49:29,190

which could be interdimensional or

2511

01:49:34,020 --> 01:49:31,660

angelic or demonic or you know whatever

2512

01:49:36,930 --> 01:49:34,030

you want to put in a box as I try to

2513

01:49:40,680 --> 01:49:36,940

explain that and and extraterrestrial or

2514

01:49:42,810 --> 01:49:40,690

you know or physical discs and objects

2515

01:49:45,720 --> 01:49:42,820

as well no I just wanted to put that out

2516

01:49:47,340 --> 01:49:45,730

there on that yeah completely agree with

2517

01:49:49,230 --> 01:49:47,350

what you're saying James I think it's

2518

01:49:51,150 --> 01:49:49,240

also with something out not only do we

2519

01:49:52,760 --> 01:49:51,160

have scientific papers on this this

2520

01:49:55,020 --> 01:49:52,770

weird kind of quantum entanglement

2521

01:49:57,240 --> 01:49:55,030

communication and there's lots of them

2522

01:49:59,280 --> 01:49:57,250

you know it's not just one guy I've seen

2523

01:50:01,770 --> 01:49:59,290

loads of them loads of different people

2524

01:50:03,450 --> 01:50:01,780

the NIT scientists you know Bigelow had

2525

01:50:05,520 --> 01:50:03,460

these reports on this stuff it's it's

2526

01:50:08,310 --> 01:50:05,530

pretty well-known in scientific

2527

01:50:10,649 --> 01:50:08,320

communities I think that some of this

2528

01:50:14,279 --> 01:50:10,659

stuff is being hypothesized but

2529

01:50:15,839 --> 01:50:14,289

Jays gone now it's gonna say J just for

2530

01:50:17,189 --> 01:50:15,849

you you don't know what I'm saying there

2531

01:50:19,199 --> 01:50:17,199

might be an active program right now

2532

01:50:23,009 --> 01:50:19,209

that somebody we know could name Tyler's

2533

01:50:25,439 --> 01:50:23,019

involved with action yeah that's that's

2534

01:50:28,409 --> 01:50:25,449

that's uh you know it's going on right

2535

01:50:30,689 --> 01:50:28,419

now yeah I find bizarre about the

2536

01:50:32,399 --> 01:50:30,699

interdimensional phenomenon and I heard

2537

01:50:35,850 --> 01:50:32,409

think I heard grant camera and say and I

2538

01:50:38,060 --> 01:50:35,860

think a lien protocols also said the

2539

01:50:40,379 --> 01:50:38,070

same thing and I take issue with it

2540

01:50:42,000 --> 01:50:40,389

hopefully I'm representing what they

2541

01:50:43,319 --> 01:50:42,010

meant but from my purse for my

2542

01:50:45,750 --> 01:50:43,329

understanding they basically said that

2543

01:50:47,429 --> 01:50:45,760

the intention you have the phenomena

2544

01:50:48,839 --> 01:50:47,439

responds to that in to some extent I

2545

01:50:50,219 --> 01:50:48,849

agree with that but there there is a

2546

01:50:53,250 --> 01:50:50,229

wrench that can be thrown into this

2547

01:50:55,949 --> 01:50:53,260

perspective and that is when you look at

2548

01:50:58,140 --> 01:50:55,959

some of the military / ex-military

2549

01:51:01,560 --> 01:50:58,150

Special Operations personnel that worked

2550

01:51:03,959 --> 01:51:01,570

on the at the skinwalker ranch they were

2551
01:51:06,089 --> 01:51:03,969
followed home by these entities and

2552
01:51:07,830 --> 01:51:06,099
Knapp has said that the more kind of

2553
01:51:09,060 --> 01:51:07,840
confrontational your attitude is the

2554
01:51:11,339 --> 01:51:09,070
more likely you're to have a negative

2555
01:51:13,379 --> 01:51:11,349
experience but here's the problem how

2556
01:51:16,169 --> 01:51:13,389
does anyone account for the fact that

2557
01:51:18,270 --> 01:51:16,179
Knapp also said that the people that are

2558
01:51:20,219 --> 01:51:18,280
seem to be affected the most and this is

2559
01:51:21,629 --> 01:51:20,229
someone can correct me this is was what

2560
01:51:23,000 --> 01:51:21,639
I interpreted the people that are

2561
01:51:25,979 --> 01:51:23,010
affected the most are not the

2562
01:51:27,989 --> 01:51:25,989
ex-military special operations people

2563
01:51:30,359 --> 01:51:27,999

who went on to the skinwalker ranch

2564

01:51:32,489 --> 01:51:30,369

property but naps seem to underscore

2565

01:51:35,909 --> 01:51:32,499

that it's the family members the family

2566

01:51:37,379 --> 01:51:35,919

members of the X special operation

2567

01:51:38,969 --> 01:51:37,389

people and you know when you when you

2568

01:51:40,649 --> 01:51:38,979

hear stories like that it almost comes

2569

01:51:41,909 --> 01:51:40,659

off as they're kind of evil like don't

2570

01:51:43,109 --> 01:51:41,919

go after the family members if you don't

2571

01:51:45,089 --> 01:51:43,119

like someone go after the person you

2572

01:51:46,859 --> 01:51:45,099

don't like but beyond that and it was

2573

01:51:48,750 --> 01:51:46,869

very fascinating in the phenomenon radio

2574

01:51:49,799 --> 01:51:48,760

interview Knapp even said and he was

2575

01:51:52,020 --> 01:51:49,809

reluctant he didn't really want to talk

2576

01:51:53,969 --> 01:51:52,030

about it he chose not to go into detail

2577

01:51:55,949 --> 01:51:53,979

but he said that he did not have any

2578

01:51:57,929 --> 01:51:55,959

interaction with the phenomena from all

2579

01:52:00,719 --> 01:51:57,939

his visitations to skinwalker ranch but

2580

01:52:05,310 --> 01:52:00,729

that his wife did that's all I want to

2581

01:52:07,109 --> 01:52:05,320

say yeah it is kind of like a mafia

2582

01:52:13,409 --> 01:52:07,119

tactic right like go after their family

2583

01:52:15,540 --> 01:52:13,419

and all I really good is my own and I

2584

01:52:18,479 --> 01:52:15,550

think I've shared this with James and

2585

01:52:23,969 --> 01:52:18,489

Frank when I was on this past May but

2586

01:52:24,509 --> 01:52:23,979

like I did I a stupid thing with chaos

2587

01:52:28,200 --> 01:52:24,519

man

2588

01:52:30,209 --> 01:52:28,210

and I got a result in my house that was

2589

01:52:33,350 --> 01:52:30,219

the negative one and it didn't affect me

2590

01:52:36,209 --> 01:52:33,360

it affected my wife or my daughter so

2591

01:52:39,600 --> 01:52:36,219

you know I see where they're coming from

2592

01:52:42,060 --> 01:52:39,610

and you know I only have this one little

2593

01:52:47,069 --> 01:52:42,070

antidote where there was a Michigan

2594

01:52:48,930 --> 01:52:47,079

MUFON director who was at a conference a

2595

01:52:51,120 --> 01:52:48,940

paranormal conference here in Michigan a

2596

01:52:54,209 --> 01:52:51,130

couple years ago and he had to get going

2597

01:52:57,359 --> 01:52:54,219

home but there was a psychic who said I

2598

01:53:00,870 --> 01:52:57,369

can make UFOs appear on demand and he

2599

01:53:03,270 --> 01:53:00,880

was very skeptical but some of the

2600

01:53:06,450 --> 01:53:03,280

people that he knew went with this

2601
01:53:08,549 --> 01:53:06,460
psychic and she did she made UFOs appear

2602
01:53:10,680 --> 01:53:08,559
over Lake Michigan and the number of

2603
01:53:13,739 --> 01:53:10,690
them and these people that were with her

2604
01:53:16,169 --> 01:53:13,749
called the Michigan State Director and

2605
01:53:19,830 --> 01:53:16,179
had told him about that and he was blown

2606
01:53:22,859 --> 01:53:19,840
away and then it seems psychic went to

2607
01:53:25,049 --> 01:53:22,869
the Michigan UFO conference and

2608
01:53:29,759 --> 01:53:25,059
basically did the same thing but when he

2609
01:53:32,220 --> 01:53:29,769
was there so I mean I and again my

2610
01:53:34,109 --> 01:53:32,230
question is I don't know with what I'm

2611
01:53:34,470 --> 01:53:34,119
dealing with because there's no there

2612
01:53:36,629 --> 01:53:34,480
there

2613
01:53:38,790 --> 01:53:36,639

like I can't dial it up it's not like

2614

01:53:40,770 --> 01:53:38,800

taking a cell phone and calling you

2615

01:53:42,779 --> 01:53:40,780

Rhine or you Frank I know who I'm

2616

01:53:47,640 --> 01:53:42,789

calling you're just putting attention

2617

01:53:49,799 --> 01:53:47,650

out into the the quantum what I'm not a

2618

01:53:56,879 --> 01:53:49,809

scientist tonight honestly some of this

2619

01:53:59,580 --> 01:53:56,889

mumbo-jumbo stuff kind of makes me like

2620

01:54:03,720 --> 01:53:59,590

my eyes glaze over because I mean I

2621

01:54:06,600 --> 01:54:03,730

understand it but I don't know I just

2622

01:54:08,430 --> 01:54:06,610

from my perspective I see all the all

2623

01:54:11,580 --> 01:54:08,440

the points and I just don't know that

2624

01:54:13,770 --> 01:54:11,590

sometimes people wish they had contact

2625

01:54:15,839 --> 01:54:13,780

with this and really to be honest no you

2626

01:54:18,839 --> 01:54:15,849

don't sometimes because you don't know

2627

01:54:21,060 --> 01:54:18,849

what the only ones yeah yeah one one is

2628

01:54:23,220 --> 01:54:21,070

I've been told by one of our friends

2629

01:54:26,250 --> 01:54:23,230

that basically the people that don't

2630

01:54:29,129 --> 01:54:26,260

care are the least affected so yeah that

2631

01:54:31,109 --> 01:54:29,139

was interesting yeah the other thing I

2632

01:54:33,450 --> 01:54:31,119

wanted to mention and then I will have

2633

01:54:35,069 --> 01:54:33,460

something for Jay but earlier we're

2634

01:54:36,479 --> 01:54:35,079

talking about hot spot that's in

2635

01:54:38,189 --> 01:54:36,489

everything that you guys are saying make

2636

01:54:39,959 --> 01:54:38,199

sense and I believe

2637

01:54:41,880 --> 01:54:39,969

but then also we have kind of

2638

01:54:43,740 --> 01:54:41,890

conflicting reports from dr. Eric Davis

2639

01:54:45,870 --> 01:54:43,750

and he made it sound like knids came to

2640

01:54:48,450 --> 01:54:45,880

this conclusion - that there are no hot

2641

01:54:50,939 --> 01:54:48,460

spots and you know you can What did he

2642

01:54:53,189 --> 01:54:50,949

say throw a dart on a map and you'll

2643

01:54:55,140 --> 01:54:53,199

find a lot of the same activity maybe

2644

01:55:02,610 --> 01:54:55,150

because it's just isn't getting studied

2645

01:55:04,890 --> 01:55:02,620

there I my personal perspective is that

2646

01:55:06,689 --> 01:55:04,900

that that's very compelling point but I

2647

01:55:09,150 --> 01:55:06,699

still think that there's probably an

2648

01:55:10,380 --> 01:55:09,160

unusual amount because for example if

2649

01:55:12,630 --> 01:55:10,390

you look at skinwalker ranch and you

2650

01:55:14,419 --> 01:55:12,640

look at the history Oct and you you you

2651
01:55:16,200 --> 01:55:14,429
interview a bunch of people in that area

2652
01:55:17,640 --> 01:55:16,210
there will be a much higher percentage

2653
01:55:19,560 --> 01:55:17,650
of people living there who have stories

2654
01:55:21,510 --> 01:55:19,570
to tell that if I go to like some town

2655
01:55:24,000 --> 01:55:21,520
in Wisconsin and interview people did

2656
01:55:25,080 --> 01:55:24,010
you see X Y Z now maybe you could argue

2657
01:55:26,250 --> 01:55:25,090
that that's there there's more

2658
01:55:28,729 --> 01:55:26,260
susceptible to it or they're more

2659
01:55:31,110 --> 01:55:28,739
they're more credulous I don't know but

2660
01:55:32,970 --> 01:55:31,120
that's it's a compelling point but I

2661
01:55:36,240 --> 01:55:32,980
still think there are hot spots to see

2662
01:55:38,430 --> 01:55:36,250
and so many of these stories so many of

2663
01:55:39,840 --> 01:55:38,440

the things we talked about it's just not

2664

01:55:41,580 --> 01:55:39,850

a clear-cut answer and it's not one or

2665

01:55:43,110 --> 01:55:41,590

the other and it's really amazing and

2666

01:55:47,189 --> 01:55:43,120

it's also really really really confusing

2667

01:55:48,870 --> 01:55:47,199

but I want to hear what what Frank I

2668

01:55:51,090 --> 01:55:48,880

would like to hear Jay answer Frank's

2669

01:55:52,620 --> 01:55:51,100

question because that's really his

2670

01:55:57,479 --> 01:55:52,630

specialty what was that term you used to

2671

01:56:00,390 --> 01:55:57,489

rank psychoenergetic I believe so what

2672

01:56:04,020 --> 01:56:00,400

do you think about that Jay well not

2673

01:56:05,520 --> 01:56:04,030

really heard too much about it I've

2674

01:56:07,770 --> 01:56:05,530

never heard it before either before I

2675

01:56:10,229 --> 01:56:07,780

saw the CIA Docs so it kind of took me

2676

01:56:12,120 --> 01:56:10,239

by surprise again I think it could just

2677

01:56:14,610 --> 01:56:12,130

be a different name for something we

2678

01:56:22,260 --> 01:56:14,620

already understand pretty well I'm not

2679

01:56:23,820 --> 01:56:22,270

sure about it with intent isn't it I

2680

01:56:25,380 --> 01:56:23,830

think because there's lots of talk of

2681

01:56:28,110 --> 01:56:25,390

consciousness there's loads and loads of

2682

01:56:29,790 --> 01:56:28,120

Studies on consciousness again and now

2683

01:56:32,459 --> 01:56:29,800

know that some of the reports I think it

2684

01:56:34,590 --> 01:56:32,469

was the CIA had from some of this

2685

01:56:37,979 --> 01:56:34,600

research that came from how put off

2686

01:56:41,340 --> 01:56:37,989

years and years ago was that you know

2687

01:56:44,150 --> 01:56:41,350

you can remotely influence people so you

2688

01:56:46,860 --> 01:56:44,160

can actually change somebody's intent

2689

01:56:48,150 --> 01:56:46,870

just by willing it to happen to some

2690

01:56:49,560 --> 01:56:48,160

extent I mean I don't know too much

2691

01:56:51,540 --> 01:56:49,570

about it or how it's done or anything

2692

01:56:53,750 --> 01:56:51,550

like that I've definitely seen

2693

01:56:57,840 --> 01:56:53,760

some of these reports and there was the

2694

01:56:59,640 --> 01:56:57,850

suggestion in this CIA document that the

2695

01:57:03,300 --> 01:56:59,650

US government were worried about Russia

2696

01:57:05,010 --> 01:57:03,310

interfering with certain people's you

2697

01:57:07,110 --> 01:57:05,020

know views and trying to influence them

2698

01:57:08,640 --> 01:57:07,120

one way or another but that's about all

2699

01:57:11,100 --> 01:57:08,650

I can say on it I don't know too much

2700

01:57:15,540 --> 01:57:11,110

else but if consciousness we look to

2701
01:57:17,940 --> 01:57:15,550
magic and you know esoteric staff we can

2702
01:57:19,500 --> 01:57:17,950
say that lots of these kind of religions

2703
01:57:22,290 --> 01:57:19,510
of these ancient religions seem to

2704
01:57:23,370 --> 01:57:22,300
suggest consciousness is fundamental we

2705
01:57:24,900 --> 01:57:23,380
know that there's been loads and loads

2706
01:57:26,760 --> 01:57:24,910
of talk about consciousness about these

2707
01:57:29,460 --> 01:57:26,770
people they look like DeLong and stuff

2708
01:57:31,980 --> 01:57:29,470
like that so if we consider

2709
01:57:34,590 --> 01:57:31,990
consciousness being somewhat fundamental

2710
01:57:37,530 --> 01:57:34,600
and you're kind of making your reality

2711
01:57:39,330 --> 01:57:37,540
with the way you perceive things then I

2712
01:57:41,370 --> 01:57:39,340
guess you know these psycho energetics

2713
01:57:43,050 --> 01:57:41,380

or whatever you want to call it you know

2714

01:57:45,630 --> 01:57:43,060

you could probably will certain things

2715

01:57:46,950 --> 01:57:45,640

to happen depending on belief structures

2716

01:57:49,770 --> 01:57:46,960

and these kind of things but you know

2717

01:57:52,140 --> 01:57:49,780

that's just my my assumption well

2718

01:57:53,520 --> 01:57:52,150

Jason's you have the floor and you had

2719

01:57:55,580 --> 01:57:53,530

that brought up that you wanted to get

2720

01:57:59,480 --> 01:57:55,590

into a little bit of a discussion about

2721

01:58:02,430 --> 01:57:59,490

patents related to reverse engineering

2722

01:58:06,450 --> 01:58:02,440

that type of thing so what do you have

2723

01:58:08,840 --> 01:58:06,460

for us on that particular area yeah so I

2724

01:58:11,940 --> 01:58:08,850

kind of didn't hear too much about

2725

01:58:15,060 --> 01:58:11,950

implants the you know these kind of in

2726

01:58:17,880 --> 01:58:15,070

inverted commas alien implants blow

2727

01:58:20,130 --> 01:58:17,890

watched Jeremy corbels patient 17 and I

2728

01:58:21,750 --> 01:58:20,140

also watch some YouTube documentary

2729

01:58:22,980 --> 01:58:21,760

about it and I found it quite quite an

2730

01:58:25,800 --> 01:58:22,990

interesting subject that these people

2731

01:58:29,040 --> 01:58:25,810

are finding these devices these strange

2732

01:58:31,020 --> 01:58:29,050

metals that have odd isotopic ratios

2733

01:58:33,210 --> 01:58:31,030

that don't appear to be from this solar

2734

01:58:35,130 --> 01:58:33,220

system and they've just find them in

2735

01:58:38,190 --> 01:58:35,140

their leg or their in their neck or in

2736

01:58:41,250 --> 01:58:38,200

their brain or wherever else it is and

2737

01:58:42,660 --> 01:58:41,260

we know that during the third report so

2738

01:58:45,810 --> 01:58:42,670

George Knapp had released this report

2739

01:58:47,220 --> 01:58:45,820

with all these I think it's 14 sample 37

2740

01:58:50,610 --> 01:58:47,230

something like that at these scientific

2741

01:58:55,620 --> 01:58:50,620

reports now one of them was a bot guy a

2742

01:58:57,900 --> 01:58:55,630

guy called Bruce toe towa tower you were

2743

01:59:01,500 --> 01:58:57,910

however you want to say it but this guy

2744

01:59:04,680 --> 01:59:01,510

has a patent on something that looks an

2745

01:59:05,490 --> 01:59:04,690

awful lot like an alien implant you know

2746

01:59:08,580 --> 01:59:05,500

what I mean in you

2747

01:59:10,590 --> 01:59:08,590

through this patent and it seems to

2748

01:59:14,130 --> 01:59:10,600

describe exactly what Jeremy Caldwell

2749

01:59:16,770 --> 01:59:14,140

showed in his film patient 17 the

2750

01:59:18,870 --> 01:59:16,780

descriptions of the device sound and

2751

01:59:21,120 --> 01:59:18,880

look exactly like the devices from

2752

01:59:24,120 --> 01:59:21,130

within this film it's incredible and if

2753

01:59:28,950 --> 01:59:24,130

this guy was preparing this scientific

2754

01:59:30,780 --> 01:59:28,960

report for the Pentagon on I think it's

2755

01:59:33,000 --> 01:59:30,790

that's more I can't remember the name of

2756

01:59:34,830 --> 01:59:33,010

the report top of my head it seems like

2757

01:59:37,890 --> 01:59:34,840

he's had some exposure to these things

2758

01:59:40,500 --> 01:59:37,900

and now he's got a patent so he's kind

2759

01:59:42,930 --> 01:59:40,510

of painted thing this technology that

2760

01:59:44,010 --> 01:59:42,940

he's been researching and now you know

2761

01:59:46,650 --> 01:59:44,020

kind of where do you really draw the

2762

01:59:48,330 --> 01:59:46,660

line with this stuff you know can you

2763

01:59:49,860 --> 01:59:48,340

really patent something that's come from

2764

01:59:52,230 --> 01:59:49,870

somewhere else you know if it's

2765

01:59:54,120 --> 01:59:52,240

non-human you know kind of work what are

2766

01:59:56,610 --> 01:59:54,130

the rules on this stuff and again the

2767

02:00:03,480 --> 01:59:56,620

same thing what the rules are if you get

2768

02:00:05,220 --> 02:00:03,490

the patented versus your patent that was

2769

02:00:07,830 --> 02:00:05,230

one of the things that there Gary Nolan

2770

02:00:09,450 --> 02:00:07,840

mentioned when we did our little AMA

2771

02:00:12,870 --> 02:00:09,460

that turned into an article over at my

2772

02:00:15,180 --> 02:00:12,880

website if he knew what this stuff I was

2773

02:00:17,760 --> 02:00:15,190

actually what its purpose was he'd be

2774

02:00:19,440 --> 02:00:17,770

filing patents right now well we've seen

2775

02:00:20,760 --> 02:00:19,450

the other ones as well you know what I

2776

02:00:22,170 --> 02:00:20,770

mean there was wonderful meta materials

2777

02:00:24,720 --> 02:00:22,180

so I was hunting around think it was the

2778

02:00:27,120 --> 02:00:24,730

Los Alamos they released this painting

2779

02:00:29,190 --> 02:00:27,130

metamaterials you know I'm just kind of

2780

02:00:30,660 --> 02:00:29,200

drawing two conclusions I don't know

2781

02:00:32,250 --> 02:00:30,670

that any of this stuff is because

2782

02:00:34,530 --> 02:00:32,260

they've researched these materials that

2783

02:00:36,840 --> 02:00:34,540

found from crash sites or whatever I

2784

02:00:39,630 --> 02:00:36,850

don't know but it sounds like the way

2785

02:00:40,800 --> 02:00:39,640

they describe it is if they've found

2786

02:00:42,420 --> 02:00:40,810

these materials they've been working

2787

02:00:44,310 --> 02:00:42,430

with it trying to understand what it

2788

02:00:46,620 --> 02:00:44,320

does once they get to some sort of

2789

02:00:48,270 --> 02:00:46,630

conclusion as to what they think the

2790

02:00:50,670 --> 02:00:48,280

purpose of it is that releasing these

2791

02:00:54,900 --> 02:00:50,680

patents for it and the meta materials

2792

02:00:57,780 --> 02:00:54,910

one talks about formatting or creating

2793

02:00:59,370 --> 02:00:57,790

these layered material so it might be

2794

02:01:01,440 --> 02:00:59,380

metal with some other material in

2795

02:01:04,110 --> 02:01:01,450

between or layered different types of

2796

02:01:06,090 --> 02:01:04,120

metals and then if you radiate these

2797

02:01:09,390 --> 02:01:06,100

metals with terahertz frequencies or

2798

02:01:11,610 --> 02:01:09,400

micro microwave frequencies it

2799

02:01:13,500 --> 02:01:11,620

essentially gives you complete cloaking

2800

02:01:16,470 --> 02:01:13,510

and then the patent itself it refers to

2801
02:01:18,990 --> 02:01:16,480
perfect cloaking is how it describes it

2802
02:01:21,590 --> 02:01:19,000
I think it's something like perfect or

2803
02:01:24,210 --> 02:01:21,600
complete cloaking or whatever and that's

2804
02:01:25,890 --> 02:01:24,220
incredible you know we haven't seen any

2805
02:01:30,420 --> 02:01:25,900
of this stuff before right we've never

2806
02:01:32,760 --> 02:01:30,430
seen my okay I would disagree J and you

2807
02:01:36,030 --> 02:01:32,770
need to read the book Emilio it talks

2808
02:01:40,230 --> 02:01:36,040
about a a heroin addict who gets his

2809
02:01:42,300 --> 02:01:40,240
hands on a government computer and some

2810
02:01:45,210 --> 02:01:42,310
night-vision goggles and then he's

2811
02:01:49,440 --> 02:01:45,220
fouled for the next couple years up

2812
02:01:52,590 --> 02:01:49,450
until 2016 he's followed by people who

2813
02:01:55,890 --> 02:01:52,600

have adaptive camouflage and one of the

2814

02:01:58,920 --> 02:01:55,900

and I I know Danny has heard me talk

2815

02:02:02,430 --> 02:01:58,930

about this before but there was a case

2816

02:02:05,130 --> 02:02:02,440

that I worked on just tangential I can't

2817

02:02:07,260 --> 02:02:05,140

use that word tension tool anyways I

2818

02:02:11,030 --> 02:02:07,270

worked on it from the side I was not the

2819

02:02:14,640 --> 02:02:11,040

primary investigator but there was a I

2820

02:02:19,110 --> 02:02:14,650

also say paranormal investigator in San

2821

02:02:21,630 --> 02:02:19,120

Diego who came to me for a podcast and I

2822

02:02:24,600 --> 02:02:21,640

was mentioning to the stars before there

2823

02:02:27,540 --> 02:02:24,610

were two stars and then he just briefly

2824

02:02:30,390 --> 02:02:27,550

mentioned that he had in his paranormal

2825

02:02:33,360 --> 02:02:30,400

group an FBI agent who had all this cool

2826
02:02:34,980 --> 02:02:33,370
technology that would come to his their

2827
02:02:37,350 --> 02:02:34,990
group when they would go to these

2828
02:02:41,790 --> 02:02:37,360
paranormal places and he'd have all this

2829
02:02:45,000 --> 02:02:41,800
cool tech and this FBI agent was working

2830
02:02:48,390 --> 02:02:45,010
on a case where it was in a hospital a

2831
02:02:51,420 --> 02:02:48,400
nurse on the sixth floor of the San

2832
02:02:54,420 --> 02:02:51,430
Diego Hospital I don't know the name I

2833
02:02:57,480 --> 02:02:54,430
know the podcaster knows the name of the

2834
02:03:00,450 --> 02:02:57,490
hospital and he was scared to death when

2835
02:03:03,210 --> 02:03:00,460
I asked him was it a hospital that dealt

2836
02:03:05,550 --> 02:03:03,220
with in you know poor people or people

2837
02:03:07,800 --> 02:03:05,560
who have drug problems he said yeah

2838
02:03:10,470 --> 02:03:07,810

that's a it was a community hospital in

2839

02:03:12,840 --> 02:03:10,480

his hair stood on the back of his head

2840

02:03:14,970 --> 02:03:12,850

he was like how would you know that I go

2841

02:03:17,790 --> 02:03:14,980

I don't but you know I've read this book

2842

02:03:21,690 --> 02:03:17,800

Emilio and they generally test this

2843

02:03:24,090 --> 02:03:21,700

adaptive camouflage technology on these

2844

02:03:27,720 --> 02:03:24,100

people were and I know it's gonna sound

2845

02:03:30,720 --> 02:03:27,730

crazy but this FBI agent had a picture

2846

02:03:33,030 --> 02:03:30,730

from this nurse and I had the picture

2847

02:03:36,000 --> 02:03:33,040

still where this

2848

02:03:37,290 --> 02:03:36,010

first said this thing came towards them

2849

02:03:40,290 --> 02:03:37,300

now we don't know if the nurse was a

2850

02:03:42,930 --> 02:03:40,300

mere a male or female but this thing

2851
02:03:45,270 --> 02:03:42,940
came towards them and it looked like the

2852
02:03:47,130 --> 02:03:45,280
camouflage from the movie predator so

2853
02:03:50,940 --> 02:03:47,140
what everything was behind was being

2854
02:03:54,690 --> 02:03:50,950
reflected to the front and it came up to

2855
02:03:57,390 --> 02:03:54,700
them maybe 10 15 feet backed away and

2856
02:03:59,940 --> 02:03:57,400
that's when the nurse took a picture

2857
02:04:03,270 --> 02:03:59,950
when it was walking away now the photo

2858
02:04:05,820 --> 02:04:03,280
itself looks like honestly looks like

2859
02:04:09,480 --> 02:04:05,830
just smoke and it looks like from a

2860
02:04:12,920 --> 02:04:09,490
premonition by the apparition and I've

2861
02:04:17,310 --> 02:04:12,930
had photo experts look at it and they

2862
02:04:21,360 --> 02:04:17,320
concur that it really is there it's not

2863
02:04:24,180 --> 02:04:21,370

like been doctored in any way the other

2864

02:04:27,450 --> 02:04:24,190

crazy part to this was the fact that I

2865

02:04:30,270 --> 02:04:27,460

said SAIC was one of the companies that

2866

02:04:35,520 --> 02:04:30,280

was doing this they filed patents for

2867

02:04:38,940 --> 02:04:35,530

this cloaking technology and long behold

2868

02:04:40,770 --> 02:04:38,950

the FBI agent to them soon dies two

2869

02:04:44,940 --> 02:04:40,780

weeks later after this photo was

2870

02:04:47,670 --> 02:04:44,950

released and I just know that they have

2871

02:04:49,950 --> 02:04:47,680

worked on this before I'm not trying to

2872

02:04:52,650 --> 02:04:49,960

throw what blanket and you J I love your

2873

02:04:55,200 --> 02:04:52,660

work you were your the document and I

2874

02:04:56,880 --> 02:04:55,210

couldn't do that I give you mad props by

2875

02:05:01,260 --> 02:04:56,890

the book that you need to check out was

2876

02:05:03,420 --> 02:05:01,270

camellia it it describes Robert Guffey's

2877

02:05:05,760 --> 02:05:03,430

friend who like I said he was a heroin

2878

02:05:09,150 --> 02:05:05,770

act I know that's less than stellar to

2879

02:05:13,050 --> 02:05:09,160

take his word but this guy was messed

2880

02:05:16,730 --> 02:05:13,060

with for so long all kinds of stuff what

2881

02:05:18,870 --> 02:05:16,740

I was gonna say is the MKULTRA the CIA

2882

02:05:21,810 --> 02:05:18,880

in fact they're getting in trouble for

2883

02:05:26,790 --> 02:05:21,820

it right now they were wanting to use

2884

02:05:29,640 --> 02:05:26,800

truth serum drugs on Gitmo detainees so

2885

02:05:34,080 --> 02:05:29,650

the CIA definitely knows how to use

2886

02:05:35,700 --> 02:05:34,090

intent and how to get people to tell the

2887

02:05:40,350 --> 02:05:35,710

truth or tell them what they want to

2888

02:05:42,390 --> 02:05:40,360

hear but yeah I jumping in about their

2889

02:05:44,700 --> 02:05:42,400

camouflage incapacities are that's a

2890

02:05:47,340 --> 02:05:44,710

subject that has long been of interest

2891

02:05:49,260 --> 02:05:47,350

to the military for obvious

2892

02:05:51,750 --> 02:05:49,270

now we've talked about these different

2893

02:05:55,140 --> 02:05:51,760

military organizations rebranding but

2894

02:05:57,360 --> 02:05:55,150

one that has it for a decade going back

2895

02:05:59,760 --> 02:05:57,370

to at least that the post-world War two

2896

02:06:01,260 --> 02:05:59,770

ERA is the Bureau of naval research

2897

02:06:02,850 --> 02:06:01,270

there's still the bureau of naval

2898

02:06:05,420 --> 02:06:02,860

research after all these years and

2899

02:06:08,880 --> 02:06:05,430

they've been involved in funding

2900

02:06:11,370 --> 02:06:08,890

university studies to figure out how an

2901

02:06:13,740 --> 02:06:11,380

octopus can camouflage itself so

2902

02:06:14,970 --> 02:06:13,750

perfectly and do it completely naturally

2903

02:06:20,160 --> 02:06:14,980

they don't have any kind of technology

2904

02:06:22,050 --> 02:06:20,170

they just you know brush up against some

2905

02:06:23,760 --> 02:06:22,060

seaweed or whatever and all of a sudden

2906

02:06:25,440 --> 02:06:23,770

within a matter of seconds they can look

2907

02:06:27,390 --> 02:06:25,450

just like that seaweed you can't tell

2908

02:06:30,260 --> 02:06:27,400

it's an octopus there it's really

2909

02:06:34,710 --> 02:06:30,270

amazing if you see what some of these

2910

02:06:35,610 --> 02:06:34,720

octopuses can do and again you've got to

2911

02:06:38,850 --> 02:06:35,620

see it for yourself

2912

02:06:40,800 --> 02:06:38,860

but there's the yeah the military uh

2913

02:06:42,570 --> 02:06:40,810

definitely wants the camouflaging

2914

02:06:44,340 --> 02:06:42,580

technology no doubt about it they've

2915

02:06:46,710 --> 02:06:44,350

been working at it for a long time and

2916

02:06:47,540 --> 02:06:46,720

apparently through most fillets of

2917

02:06:51,180 --> 02:06:47,550

trying it out

2918

02:06:53,700 --> 02:06:51,190

technologically looking at biological

2919

02:06:59,370 --> 02:06:53,710

species that can do it all manner of

2920

02:07:00,450 --> 02:06:59,380

different ways birds and for anyone

2921

02:07:01,860 --> 02:07:00,460

listening that doesn't know what a dirt

2922

02:07:04,110 --> 02:07:01,870

is it's the defense intelligent

2923

02:07:07,830 --> 02:07:04,120

reference document and they're from the

2924

02:07:09,870 --> 02:07:07,840

asset program via bass but you got the

2925

02:07:12,120 --> 02:07:09,880

invisibility cloak in which is number

2926

02:07:14,610 --> 02:07:12,130

seven and that's by dr. Lyon art I think

2927

02:07:17,610 --> 02:07:14,620

is how you pronounce his name this is

2928

02:07:21,770 --> 02:07:17,620

from the nap the nap der list and then

2929

02:07:24,620 --> 02:07:21,780

the other Danny you break it up

2930

02:07:29,640 --> 02:07:24,630

referencing was on can you hear me now

2931

02:07:32,190 --> 02:07:29,650

yeah the note the other two that I think

2932

02:07:36,120 --> 02:07:32,200

Jay was talking about by Bruce toe is uh

2933

02:07:39,390 --> 02:07:36,130

number six which is biosensors bio MEMS

2934

02:07:44,100 --> 02:07:39,400

MEMS and then also number 17 which is

2935

02:07:48,030 --> 02:07:44,110

biomaterials by Brewster yeah and his so

2936

02:07:49,560 --> 02:07:48,040

his patent as well talks about these

2937

02:07:52,140 --> 02:07:49,570

devices that are inside people's bodies

2938

02:07:54,060 --> 02:07:52,150

is collecting biometrics so presumably

2939

02:07:58,640 --> 02:07:54,070

testing the Bloods or you know

2940

02:08:05,840 --> 02:08:00,479

neuro something

2941

02:08:10,890 --> 02:08:05,850

rather a country girl censoring no no

2942

02:08:13,380 --> 02:08:10,900

llores location I'm gonna throw a wrench

2943

02:08:15,540 --> 02:08:13,390

in this real quick this conversation has

2944

02:08:17,190 --> 02:08:15,550

anybody and I'm gonna mentioning that

2945

02:08:20,310 --> 02:08:17,200

again I'm probably get crisps before

2946

02:08:23,250 --> 02:08:20,320

it's okay Steven Greer with William

2947

02:08:24,900 --> 02:08:23,260

[h__h] he's described William [h__h]

2948

02:08:27,390 --> 02:08:24,910

is describing to a tee what you're

2949

02:08:29,640 --> 02:08:27,400

talking about Jay that he saw this

2950

02:08:31,620 --> 02:08:29,650

technology being implemented that

2951

02:08:34,080 --> 02:08:31,630

Tonopah where they would get these

2952

02:08:37,170 --> 02:08:34,090

implants and they bought a boatload of

2953

02:08:40,550 --> 02:08:37,180

them and they were gonna go into the

2954

02:08:45,420 --> 02:08:40,560

public sphere and they could test or

2955

02:08:47,670 --> 02:08:45,430

monitor all kinds of features of humans

2956

02:08:53,310 --> 02:08:47,680

so you may want to look at that

2957

02:08:56,100 --> 02:08:53,320

interview it's on YouTube the technology

2958

02:08:57,600 --> 02:08:56,110

honestly I don't we might have a minor

2959

02:08:59,790 --> 02:08:57,610

variation on that I know that we've got

2960

02:09:01,200 --> 02:08:59,800

implants allow people to gain access to

2961

02:09:04,350 --> 02:09:01,210

buildings these kind of things very

2962

02:09:06,180 --> 02:09:04,360

basic level implants but I don't see how

2963

02:09:07,770 --> 02:09:06,190

at the moment we can collect biometrics

2964

02:09:10,200 --> 02:09:07,780

and people through an implant and then

2965

02:09:14,580 --> 02:09:10,210

send out the signal through some

2966

02:09:16,610 --> 02:09:14,590

frequency I mean we've how much money

2967

02:09:19,440 --> 02:09:16,620

have we spent on this topic

2968

02:09:21,510 --> 02:09:19,450

exactly I mean seriously in the u.s. I

2969

02:09:22,950 --> 02:09:21,520

guarantee you trillions of dollars yeah

2970

02:09:24,630 --> 02:09:22,960

yeah you want to include the stealth

2971

02:09:26,070 --> 02:09:24,640

plane technology I would include that

2972

02:09:28,620 --> 02:09:26,080

along with there the whole general

2973

02:09:31,080 --> 02:09:28,630

concept so yeah definitely I mean we

2974

02:09:34,200 --> 02:09:31,090

have wasted a lot of money and I would

2975

02:09:35,550 --> 02:09:34,210

think they'd look at it as investment

2976

02:09:37,440 --> 02:09:35,560

and if you don't get a return on your

2977

02:09:41,010 --> 02:09:37,450

investment they're gonna stop it right

2978

02:09:44,190 --> 02:09:41,020

so at a certain point you had to wonder

2979

02:09:45,990 --> 02:09:44,200

about some of these patents and how far

2980

02:09:49,050 --> 02:09:46,000

they've been able to go with this stuff

2981

02:09:52,350 --> 02:09:49,060

I mean Richard Dolan always talks about

2982

02:09:53,760 --> 02:09:52,360

that scientists at CIA guy that he talks

2983

02:09:56,880 --> 02:09:53,770

to that he's never mentioned his name

2984

02:10:02,070 --> 02:09:56,890

that they the computing power in 1960s

2985

02:10:06,090 --> 02:10:02,080

of the 1990s but in 1960 so I mean

2986

02:10:10,200 --> 02:10:06,100

obviously there's a hidden ability or

2987

02:10:12,840 --> 02:10:10,210

hidden I hate to quote him but it

2988

02:10:13,720 --> 02:10:12,850

breakaway civilization so be it I mean

2989

02:10:16,420 --> 02:10:13,730

the kind of

2990

02:10:19,140 --> 02:10:16,430

I mean if Ryan and I are talking that

2991

02:10:21,729 --> 02:10:19,150

there's only 22 people working at s4

2992

02:10:23,260 --> 02:10:21,739

there is a breakaway civilization

2993

02:10:25,240 --> 02:10:23,270

because they're not going home and

2994

02:10:27,670 --> 02:10:25,250

talking about that and they know stuff

2995

02:10:30,010 --> 02:10:27,680

that you and I don't know I mean the

2996

02:10:32,380 --> 02:10:30,020

only reason why we know about s4 is

2997

02:10:37,000 --> 02:10:32,390

because a bob lazar right so it's

2998

02:10:39,190 --> 02:10:37,010

interesting point Chris yeah I don't

2999

02:10:47,260 --> 02:10:39,200

know it's too much CVD for me I can't

3000

02:10:49,570 --> 02:10:47,270

keep two hours and ten minutes into this

3001
02:10:51,610 --> 02:10:49,580
we've got that we've had a record crew

3002
02:10:55,570 --> 02:10:51,620
here in death we've got a record length

3003
02:10:57,580 --> 02:10:55,580
of time we've covered all the topics we

3004
02:11:00,430 --> 02:10:57,590
had scheduled does anybody have anything

3005
02:11:03,729 --> 02:11:00,440
else that we haven't covered that they

3006
02:11:04,900 --> 02:11:03,739
you just want to get out this I mean I

3007
02:11:11,380 --> 02:11:04,910
could probably go for another five hours

3008
02:11:12,670 --> 02:11:11,390
but I think yeah I think this is

3009
02:11:18,280 --> 02:11:12,680
probably one of the best around tables

3010
02:11:21,190 --> 02:11:18,290
they've ever been a part of a great

3011
02:11:23,110 --> 02:11:21,200
group here I think we should do it again

3012
02:11:24,970 --> 02:11:23,120
I think we should

3013
02:11:28,240 --> 02:11:24,980

yeah I'm looking at dates here and

3014

02:11:33,340 --> 02:11:28,250

everybody's willing and able you know

3015

02:11:37,900 --> 02:11:33,350

December 16th is a Sunday your

3016

02:11:40,870 --> 02:11:37,910

anniversary your anniversary of the New

3017

02:11:45,370 --> 02:11:40,880

York Times article December 16th is on a

3018

02:11:51,960 --> 02:11:45,380

Sunday hmm I have to see what my wife

3019

02:11:54,430 --> 02:11:51,970

says the boss yeah I pull the fast one

3020

02:11:56,530 --> 02:11:54,440

we got there we got more shows in the

3021

02:11:57,910 --> 02:11:56,540

pipeline now we've got that some pretty

3022

02:12:00,160 --> 02:11:57,920

exciting stuff coming up

3023

02:12:02,650 --> 02:12:00,170

this has been this has been great right

3024

02:12:05,680 --> 02:12:02,660

everybody's good together nothing more

3025

02:12:10,120 --> 02:12:05,690

that they you need to get out today oh I

3026

02:12:12,280 --> 02:12:10,130

could keep talking this is good cut

3027

02:12:14,110 --> 02:12:12,290

point because yeah you know where we're

3028

02:12:16,210 --> 02:12:14,120

at a long time now and you know of

3029

02:12:17,560 --> 02:12:16,220

course all of us you know and for some

3030

02:12:20,590 --> 02:12:17,570

of us this is the first time talking to

3031

02:12:22,810 --> 02:12:20,600

each other yes absolutely so I mean we

3032

02:12:24,610 --> 02:12:22,820

can really go on so this is probably

3033

02:12:26,680 --> 02:12:24,620

good cut point and should probably bring

3034

02:12:28,150 --> 02:12:26,690

this back sometime yeah

3035

02:12:31,120 --> 02:12:28,160

it just seems like it wasn't this

3076

02:14:06,760 --> 02:14:05,270

morning I thought that we broke that

3077

02:14:08,530 --> 02:14:06,770

news it was earlier the south it just

3078

02:14:12,310 --> 02:14:08,540

seems like it was daylight out with that

3079

02:14:13,900 --> 02:14:12,320

house a little while here and that last

3080

02:14:15,580 --> 02:14:13,910

but not least I want to thank you James

3081

02:14:17,800 --> 02:14:15,590

02:14:20,020 --> 02:14:17,810

was fantastic thank you so very much it

3083

02:14:23,100 --> 02:14:20,030

I'm just glad to be a small part of it

3084

02:14:25,510 --> 02:14:23,110

3085

02:14:28,000 --> 02:14:25,520

3086

02:14:29,920 --> 02:14:28,010

3087

02:14:33,340 --> 02:14:29,930

this is this is amazing that we're able

3088

02:14:35,860 --> 02:14:33,350

to do this and put this together so for

3089

02:14:37,990 --> 02:14:35,870

tomorrow James is such a great guy

3090

02:14:39,990 --> 02:14:38,000

anytime I have a question I can hit him

3091

02:14:43,860 --> 02:14:40,000

up for personal advice and he's always

3092

02:14:45,480 --> 02:14:43,870

talk to me so thanks James it could be a

3093

02:14:54,840 --> 02:14:45,490

little sideline for you James giving out

3094

02:14:59,070 --> 02:14:54,850

personal advice people who know me know

3095

02:15:06,120 --> 02:14:59,080

you know they don't like to help dreams

3096

02:15:08,100 --> 02:15:06,130

as Buddha Paul now out guys and thanks

3097

02:15:10,140 --> 02:15:08,110

again for everything and everybody

3098

02:15:12,690 --> 02:15:10,150

listening I think we had a record

3099

02:15:14,040 --> 02:15:12,700

audience we got a lot of promotion out

3100

02:15:16,980 --> 02:15:14,050

of this before we got started I think we

3101

02:15:19,350 --> 02:15:16,990

had a record audience watching us live

3102

02:15:21,270 --> 02:15:19,360

up up over 30 when I checked it might

3103

02:15:23,130 --> 02:15:21,280

even be higher who knows but thanks
