

# UFONN SUNDAY ROUNDTABLE ON BOB LAZAR, AREA 51 AND UFOS: THE NEW DOCUMENTARY

**UFONN**  
**SUNDAY**

1  
00:01:07,210 --> 00:00:18,800

[Music]

2  
00:01:10,150 --> 00:01:07,220  
and good evening from Philadelphia James

3  
00:01:13,840 --> 00:01:10,160  
here for some milk and welcome to UFO

4  
00:01:17,290 --> 00:01:13,850  
news network Sunday we've got a big show

5  
00:01:19,450 --> 00:01:17,300  
a bob lazar is undergoing a renaissance

6  
00:01:21,249 --> 00:01:19,460  
in the UFO field thanks to a new

7  
00:01:24,280 --> 00:01:21,259  
documentary that was just released this

8  
00:01:27,430 --> 00:01:24,290  
past week and it's a time to talk about

9  
00:01:29,170 --> 00:01:27,440  
everything Bob Lazar where we're going

10  
00:01:31,270 --> 00:01:29,180  
to go through everything and go into

11  
00:01:34,120 --> 00:01:31,280  
some detail that I think the recent

12  
00:01:36,609 --> 00:01:34,130  
documentary and maybe even Bob's own

13  
00:01:40,480 --> 00:01:36,619

documentary from 1992 which I highly

14

00:01:43,180 --> 00:01:40,490

recommend did not go into we've got an

15

00:01:45,760 --> 00:01:43,190

all-star panel here with us joining us

16

00:01:49,510 --> 00:01:45,770

for the first time and breaking our

17

00:01:52,990 --> 00:01:49,520

roundtable gender barrier is a UFO

18

00:01:56,279 --> 00:01:53,000

researcher chant Hannah all the way from

19

00:01:59,139 --> 00:01:56,289

Arizona chant thanks for joining us

20

00:02:01,139 --> 00:01:59,149

welcome to the show it's a pleasure to

21

00:02:04,570 --> 00:02:01,149

be here thank you for having me

22

00:02:07,450 --> 00:02:04,580

absolutely joining us for the second

23

00:02:10,630 --> 00:02:07,460

time and you may have already seen his a

24

00:02:12,550 --> 00:02:10,640

little presentation on Bob Lazar in a

25

00:02:15,340 --> 00:02:12,560

video that he posted this week over on

26

00:02:18,430 --> 00:02:15,350

YouTube obviously a big supporter of

27

00:02:20,319 --> 00:02:18,440

Bob's and his story Ryan from post

28

00:02:22,840 --> 00:02:20,329

disclosure world thanks for coming back

29

00:02:25,840 --> 00:02:22,850

on with us a second time Ryan thanks

30

00:02:28,660 --> 00:02:25,850

it's good to be here and last but not

31

00:02:30,819 --> 00:02:28,670

least mr. hat-trick himself making his

32

00:02:34,360 --> 00:02:30,829

record-breaking third appearance on our

33

00:02:38,020 --> 00:02:34,370

show all the way from Michigan another

34

00:02:40,240 --> 00:02:38,030

Bob Lazar supporter Chris Wolford thanks

35

00:02:43,000 --> 00:02:40,250

again Chris the third time is the charm

36

00:02:45,370 --> 00:02:43,010

like they say it seems the beam thank

37

00:02:47,140 --> 00:02:45,380

you for having me all right and let's

38

00:02:50,520 --> 00:02:47,150

get right down to it let's let's not

39

00:02:53,410 --> 00:02:50,530

play around Lazar has undergone a

40

00:02:55,270 --> 00:02:53,420

renaissance I would say in attention

41

00:02:57,400 --> 00:02:55,280

that paid to his story a lot of people

42

00:03:01,539 --> 00:02:57,410

hate him a lot of people love him the

43

00:03:04,090 --> 00:03:01,549

complicated story so before this this

44

00:03:06,610 --> 00:03:04,100

new wave of attention towards his story

45

00:03:09,310 --> 00:03:06,620

came up let's let's get everybody's

46

00:03:12,460 --> 00:03:09,320

opinion on where they were at on Bob

47

00:03:15,220 --> 00:03:12,470

Lazar before all this before seeing

48

00:03:17,350 --> 00:03:15,230

the recent documentary and all the all

49

00:03:19,810 --> 00:03:17,360

the attention and praise and criticism

50

00:03:22,270 --> 00:03:19,820

that he's gotten James go ahead why

51  
00:03:25,930 --> 00:03:22,280  
don't you kick off on this yeah sure

52  
00:03:28,420 --> 00:03:25,940  
absolutely you know going back you know

53  
00:03:31,780 --> 00:03:28,430  
I've been researching this topic for a

54  
00:03:33,400 --> 00:03:31,790  
while so years and years ago you know

55  
00:03:36,100 --> 00:03:33,410  
when I first saw a story of course I was

56  
00:03:37,750 --> 00:03:36,110  
fascinated but to be quite honest when I

57  
00:03:38,980 --> 00:03:37,760  
saw Stan Freedman start talking trash

58  
00:03:40,600 --> 00:03:38,990  
about him yeah I was like you know why

59  
00:03:42,930 --> 00:03:40,610  
it's an Friedman he's a respected

60  
00:03:45,310 --> 00:03:42,940  
researcher you know he's probably right

61  
00:03:47,050 --> 00:03:45,320  
but then you know I always come back to

62  
00:03:48,430 --> 00:03:47,060  
the stuff and every time I went back I

63  
00:03:50,230 --> 00:03:48,440

was like there's you know there seems

64

00:03:51,910 --> 00:03:50,240

like there's something too and I got to

65

00:03:54,070 --> 00:03:51,920

be missing something but at the same

66

00:03:57,490 --> 00:03:54,080

time we're so conflicted with why Stan

67

00:03:59,740 --> 00:03:57,500

Friedman had such a rub against them so

68

00:04:02,650 --> 00:03:59,750

you know something I've been going back

69

00:04:05,650 --> 00:04:02,660

and forth with some or for quite a few

70

00:04:07,270 --> 00:04:05,660

years but again you know the more the

71

00:04:09,190 --> 00:04:07,280

more I hear the guy talk the more I'm

72

00:04:10,600 --> 00:04:09,200

convinced of his story there are at

73

00:04:13,030 --> 00:04:10,610

least that convinced that he's not that

74

00:04:16,720 --> 00:04:13,040

he believes what he's saying so that's

75

00:04:20,860 --> 00:04:16,730

basically my I take on the story before

76  
00:04:23,440 --> 00:04:20,870  
the film chant what were you thoughts of

77  
00:04:26,890 --> 00:04:23,450  
Bob Lazar going back before the last

78  
00:04:29,130 --> 00:04:26,900  
week or so well I think he was

79  
00:04:32,320 --> 00:04:29,140  
instrumental in reconfirming and

80  
00:04:34,360 --> 00:04:32,330  
validating people's beliefs about ETS um

81  
00:04:36,340 --> 00:04:34,370  
I didn't need Lazar to believe that

82  
00:04:40,200 --> 00:04:36,350  
extraterrestrial civilizations exist

83  
00:04:42,820 --> 00:04:40,210  
I've always felt it to be impractical

84  
00:04:46,810 --> 00:04:42,830  
probability that extraterrestrial

85  
00:04:48,310 --> 00:04:46,820  
civilizations exist um Lazar claims he

86  
00:04:48,969 --> 00:04:48,320  
was never interested in the field of

87  
00:04:53,800 --> 00:04:48,979  
ufology

88  
00:04:57,610 --> 00:04:53,810

him and that it literally fell into his

89

00:04:59,650 --> 00:04:57,620

lap um just jumping to something else

90

00:05:01,770 --> 00:04:59,660

I have a problem with his claims

91

00:05:03,909 --> 00:05:01,780

regarding his academic degrees I

92

00:05:05,710 --> 00:05:03,919

understand the conspiracy theories

93

00:05:08,230 --> 00:05:05,720

floating around about how the government

94

00:05:10,780 --> 00:05:08,240

can erase one's past but I still feel a

95

00:05:13,480 --> 00:05:10,790

little uneasy accepting his explanation

96

00:05:16,390 --> 00:05:13,490

yep yeah we'll get into that in a little

97

00:05:18,400 --> 00:05:16,400

bit more detail Chris what are your

98

00:05:23,080 --> 00:05:18,410

thoughts on that I was are up before

99

00:05:25,480 --> 00:05:23,090

this week in the pro camp that he was

100

00:05:26,910 --> 00:05:25,490

telling the truth the entire time even

101  
00:05:30,940 --> 00:05:26,920  
with all the

102  
00:05:36,070 --> 00:05:30,950  
prostitution and the him being arrested

103  
00:05:38,260 --> 00:05:36,080  
I wasn't you know in the way of like

104  
00:05:41,140 --> 00:05:38,270  
he's lying the thing that really

105  
00:05:41,710 --> 00:05:41,150  
crystallized it for me was when George

106  
00:05:45,100 --> 00:05:41,720  
Nant

107  
00:05:46,990 --> 00:05:45,110  
found Dennis his superior either in

108  
00:05:49,420 --> 00:05:47,000  
Washington State or somewhere on the

109  
00:05:52,630 --> 00:05:49,430  
west coast now obviously he wouldn't

110  
00:05:54,550 --> 00:05:52,640  
talk to George Knapp but the fact that

111  
00:05:59,380 --> 00:05:54,560  
he found Dennis

112  
00:06:03,520 --> 00:05:59,390  
or not Dennis uh his uh yeah supervisor

113  
00:06:07,090 --> 00:06:03,530

we had yeah that solidified for me

114

00:06:08,800 --> 00:06:07,100

because here's Bob if he didn't work

115

00:06:14,710 --> 00:06:08,810

there then how would he know this guy's

116

00:06:17,170 --> 00:06:14,720

name no so that I always go back to God

117

00:06:19,930 --> 00:06:17,180

and I Ryan your thoughts on Lazar before

118

00:06:21,640 --> 00:06:19,940

the the last week or so well I mean it's

119

00:06:23,590 --> 00:06:21,650

just been relatively recently that I've

120

00:06:25,300 --> 00:06:23,600

been digging into the data points with

121

00:06:28,450 --> 00:06:25,310

Bob Lazar and really researching him I

122

00:06:29,770 --> 00:06:28,460

would say that prior to investigating

123

00:06:31,960 --> 00:06:29,780

Bob Lazar

124

00:06:34,450 --> 00:06:31,970

I was probably agnostic on the whole

125

00:06:38,290 --> 00:06:34,460

thing and as it stands now I would say

126  
00:06:40,930 --> 00:06:38,300  
that probably 50/50 I mean there is no

127  
00:06:43,030 --> 00:06:40,940  
smoking gun but at the same time there

128  
00:06:45,520 --> 00:06:43,040  
are many many data points that are

129  
00:06:47,680 --> 00:06:45,530  
highly persuasive and compelling and you

130  
00:06:49,360 --> 00:06:47,690  
you couple that with the sincerity of

131  
00:06:50,410 --> 00:06:49,370  
Bob Lazar he comes off as extremely

132  
00:06:52,420 --> 00:06:50,420  
sincere he doesn't give you the

133  
00:06:54,090 --> 00:06:52,430  
impression he's lying and then you look

134  
00:06:56,530 --> 00:06:54,100  
at all the people that knew him before

135  
00:06:58,930 --> 00:06:56,540  
1989 when he came forward people who

136  
00:07:01,600 --> 00:06:58,940  
know him now and one thing none of these

137  
00:07:03,070 --> 00:07:01,610  
people say is oh this guy's a he's a

138  
00:07:06,280 --> 00:07:03,080

weirdo he's a charlatan

139

00:07:09,040 --> 00:07:06,290

he makes stuff up he doesn't have some

140

00:07:10,810 --> 00:07:09,050

sort of history of just coming off as a

141

00:07:12,550 --> 00:07:10,820

liar and when you look at the totality

142

00:07:14,260 --> 00:07:12,560

of the whole thing you really you really

143

00:07:16,570 --> 00:07:14,270

I mean if you're an honest person in my

144

00:07:18,220 --> 00:07:16,580

opinion you don't have to believe but

145

00:07:20,490 --> 00:07:18,230

you really shouldn't discount it because

146

00:07:23,020 --> 00:07:20,500

there's just too much there's too much

147

00:07:25,240 --> 00:07:23,030

there's too many compelling factors when

148

00:07:27,400 --> 00:07:25,250

you look at at it in totality so that's

149

00:07:30,160 --> 00:07:27,410

basically the way I see it are the areas

150

00:07:33,070 --> 00:07:30,170

that were sort of undiscovered left

151

00:07:35,710 --> 00:07:33,080

alone that for the most part so I didn't

152

00:07:38,020 --> 00:07:35,720

focus a whole lot on Lazar I did look at

153

00:07:39,910 --> 00:07:38,030

his own videotape that's sort of a

154

00:07:41,770 --> 00:07:39,920

principal I had going way back

155

00:07:43,060 --> 00:07:41,780

the very beginning when you have an

156

00:07:46,000 --> 00:07:43,070

opportunity to look at a particular

157

00:07:48,130 --> 00:07:46,010

aspect of the field whenever possible go

158

00:07:50,260 --> 00:07:48,140

back to the original source that

159

00:07:53,020 --> 00:07:50,270

documentary was sitting out there I did

160

00:07:54,640 --> 00:07:53,030

watch it didn't have a strong opinion

161

00:07:56,650 --> 00:07:54,650

one way or the other I did find it

162

00:07:58,900 --> 00:07:56,660

interesting and I didn't completely rule

163

00:08:00,760 --> 00:07:58,910

it out even though I was well aware of a

164

00:08:03,160 --> 00:08:00,770

lot of the caveats about that Lazar

165

00:08:05,050 --> 00:08:03,170

especially regarding his academic

166

00:08:08,050 --> 00:08:05,060

background and I guess we'll get into

167

00:08:10,510 --> 00:08:08,060

that as we go along but that's about

168

00:08:13,000 --> 00:08:10,520

where I left it and in the last week or

169

00:08:18,160 --> 00:08:13,010

so I have been digging a lot deeper

170

00:08:20,380 --> 00:08:18,170

I've come to some conclusions but those

171

00:08:23,170 --> 00:08:20,390

conclusions are a mixed bag let's put it

172

00:08:26,230 --> 00:08:23,180

that way and we'll explore that as we go

173

00:08:28,030 --> 00:08:26,240

along now I understand that everybody

174

00:08:34,210 --> 00:08:28,040

here has watched the movie is that

175

00:08:36,250 --> 00:08:34,220

correct yes yes okay let's go around

176

00:08:38,650 --> 00:08:36,260

the horn again and get everybody's

177

00:08:44,070 --> 00:08:38,660

thoughts on the movie let's start with

178

00:08:48,820 --> 00:08:44,080

you James I like the movie you know

179

00:08:51,520 --> 00:08:48,830

Millennial I don't know the production

180

00:08:52,330 --> 00:08:51,530

style I really I thought I had a hip

181

00:08:54,490 --> 00:08:52,340

vibe to it

182

00:08:59,710 --> 00:08:54,500

I thought it was fresh it's not your

183

00:09:02,650 --> 00:08:59,720

typical you know UFO documentaries as

184

00:09:07,110 --> 00:09:02,660

any other I like the way Korbel kind of

185

00:09:09,700 --> 00:09:07,120

presents you know there's the dish onra

186

00:09:11,470 --> 00:09:09,710

with with his own creative style so I

187

00:09:14,710 --> 00:09:11,480

appreciated that or was that you know

188

00:09:17,170 --> 00:09:14,720

how the film is produced the music was

189

00:09:21,190 --> 00:09:17,180

awesome obviously you know what's the

190

00:09:38,500 --> 00:09:21,200

name did the soundtrack for that did the

191

00:09:40,930 --> 00:09:38,510

skinwalker one anyways yeah I you know

192

00:09:42,580 --> 00:09:40,940

Corbeau kinda explained in the beginning

193

00:09:46,860 --> 00:09:42,590

that what he was trying to do what the

194

00:09:49,150 --> 00:09:46,870

film was was humanized bottles are

195

00:09:51,130 --> 00:09:49,160

because so many people were attacking

196

00:09:53,199 --> 00:09:51,140

him because they were detached from you

197

00:09:57,549 --> 00:09:53,209

know that he's an actual person

198

00:09:59,410 --> 00:09:57,559

so that was corbels kind of you know way

199

00:10:01,090 --> 00:09:59,420

of approaching this and you know he

200

00:10:05,710 --> 00:10:01,100

explained that's why he he didn't go too

201  
00:10:09,879 --> 00:10:05,720  
far into the schooling that bob did

202  
00:10:11,199 --> 00:10:09,889  
because even if that was true that he he

203  
00:10:15,629 --> 00:10:11,209  
lied about his education that doesn't

204  
00:10:18,340 --> 00:10:15,639  
prove either other way that uh that he

205  
00:10:22,150 --> 00:10:18,350  
did you know experience what he did at

206  
00:10:23,859 --> 00:10:22,160  
area 51 and s4 so overall I liked the

207  
00:10:28,030 --> 00:10:23,869  
film I liked it that was good for the

208  
00:10:30,519 --> 00:10:28,040  
honor as well done god I chant your

209  
00:10:35,439 --> 00:10:30,529  
thoughts on the movie itself yeah I

210  
00:10:39,009 --> 00:10:35,449  
didn't like it um yeah I can explain why

211  
00:10:40,869 --> 00:10:39,019  
um if if I had never known about was our

212  
00:10:43,119 --> 00:10:40,879  
beforehand I would have been confused

213  
00:10:45,249 --> 00:10:43,129

about watching this movie the timeline

214

00:10:47,559 --> 00:10:45,259

was scattered and it compromised the

215

00:10:49,929 --> 00:10:47,569

storyline there was no synopsis at the

216

00:10:52,210 --> 00:10:49,939

beginning the film I think Jeremy was in

217

00:10:54,819 --> 00:10:52,220

the film too much I was hoping to see

218

00:10:57,549 --> 00:10:54,829

some good footage of Bob and I wasn't

219

00:10:59,100 --> 00:10:57,559

disappointed in that respect I had to

220

00:11:06,129 --> 00:10:59,110

fast forward through Mickey Rourke's

221

00:11:08,139 --> 00:11:06,139

Meredith hokey b-movie moments to get to

222

00:11:10,720 --> 00:11:08,149

the relevant parts of the film what I

223

00:11:13,389 --> 00:11:10,730

thought was relevant I didn't like the

224

00:11:15,429 --> 00:11:13,399

weird music in the background at times

225

00:11:17,650 --> 00:11:15,439

it was overwhelming and distracting and

226

00:11:19,210 --> 00:11:17,660

I didn't like the barrage of the tons of

227

00:11:21,970 --> 00:11:19,220

pictures in-between and during the

228

00:11:25,359 --> 00:11:21,980

relevant parts of the film the highlight

229

00:11:30,699 --> 00:11:25,369

I guess was Bob being raided by the FBI

230

00:11:33,549 --> 00:11:30,709

that was very strange I didn't like the

231

00:11:37,840 --> 00:11:33,559

effects used in this film Bob's face and

232

00:11:39,609 --> 00:11:37,850

voice were distorted often and it made

233

00:11:43,299 --> 00:11:39,619

it difficult to scrutinize what he had

234

00:11:46,239 --> 00:11:43,309

to say I guess what was relevant to me

235

00:11:48,039 --> 00:11:46,249

that I really enjoyed watching was Terry

236

00:11:51,519 --> 00:11:48,049

tavern Eddie the polygraph examiner

237

00:11:53,559 --> 00:11:51,529

former former LA cop he put Lazar

238

00:11:55,900 --> 00:11:53,569

through four tests and concluded there

239

00:11:57,730 --> 00:11:55,910

was no attempt to deceive he felt there

240

00:12:00,280 --> 00:11:57,740

was credibility regarding what Lazar had

241

00:12:03,280 --> 00:12:00,290

to say and he sent the results to three

242

00:12:05,710 --> 00:12:03,290

different polygraphers and all found the

243

00:12:08,680 --> 00:12:05,720

results truthful

244

00:12:11,500 --> 00:12:08,690

the interesting part to me was 54

245

00:12:14,860 --> 00:12:11,510

minutes into the film bob is referencing

246

00:12:17,200 --> 00:12:14,870

the disk or a disk and talking about

247

00:12:18,910 --> 00:12:17,210

looking inside of it and he said that

248

00:12:22,780 --> 00:12:18,920

the size of the seats the craft were

249

00:12:25,060 --> 00:12:22,790

very small and he says it just led me to

250

00:12:28,000 --> 00:12:25,070

believe the size of the alien cadavers I

251  
00:12:30,190 --> 00:12:28,010  
saw the size of the seats inside sorted

252  
00:12:33,130 --> 00:12:30,200  
to just reconfirm that he felt that the

253  
00:12:35,110 --> 00:12:33,140  
alien cadet cadavers he saw wouldn't

254  
00:12:37,570 --> 00:12:35,120  
have fit the size of the seats inside of

255  
00:12:40,090 --> 00:12:37,580  
the craft now he's comparing these sizes

256  
00:12:42,520 --> 00:12:40,100  
to confirm his suspicions the craft was

257  
00:12:44,590 --> 00:12:42,530  
designed for small beings the part

258  
00:12:47,320 --> 00:12:44,600  
that's conflicting to me however is

259  
00:12:50,380 --> 00:12:47,330  
earlier in the film Bob states at the

260  
00:12:53,800 --> 00:12:50,390  
forty seven minute mark that he never

261  
00:12:55,390 --> 00:12:53,810  
saw an alien at area 51 should be fair

262  
00:12:58,600 --> 00:12:55,400  
he did say he didn't hear anybody

263  
00:13:00,190 --> 00:12:58,610

talking about any living billions and he

264

00:13:02,200 --> 00:13:00,200

didn't see any aliens walking around

265

00:13:04,570 --> 00:13:02,210

there so he did say aliens were

266

00:13:07,120 --> 00:13:04,580

nicknamed also just a random thing

267

00:13:09,400 --> 00:13:07,130

Aryans were nicknamed the kids at area

268

00:13:11,590 --> 00:13:09,410

51 okay we'll get that I will get back

269

00:13:13,510 --> 00:13:11,600

to that once I get through everybody a

270

00:13:15,640 --> 00:13:13,520

few points are gonna get brought up as

271

00:13:18,640 --> 00:13:15,650

we go along but again let's get

272

00:13:22,030 --> 00:13:18,650

everybody's sort of thumbnail assessment

273

00:13:24,130 --> 00:13:22,040

of the movie Chris it's a your turn now

274

00:13:25,840 --> 00:13:24,140

how'd you like the movie I've been

275

00:13:31,570 --> 00:13:25,850

working on I'm gonna go out on a limb

276  
00:13:35,800 --> 00:13:31,580  
and guess so that you like one word to

277  
00:13:38,080 --> 00:13:35,810  
describe is bombshell ah this for me

278  
00:13:41,200 --> 00:13:38,090  
confirmed a lot of other data points

279  
00:13:43,000 --> 00:13:41,210  
ahead research before the film that I

280  
00:13:45,010 --> 00:13:43,010  
didn't know I mean I don't know if we

281  
00:13:47,170 --> 00:13:45,020  
want to give spoilers I don't know if we

282  
00:13:49,260 --> 00:13:47,180  
want to go down that road I don't know

283  
00:13:53,550 --> 00:13:49,270  
if Jerry would be cool with that but

284  
00:13:56,950 --> 00:13:53,560  
well it's a fact about the case go ahead

285  
00:14:01,090 --> 00:13:56,960  
Jerry Korbelt found like pig pen and my

286  
00:14:04,420 --> 00:14:01,100  
pig pen did not deny that he is the one

287  
00:14:08,079 --> 00:14:04,430  
that basically gave hit Bob Lazar the

288  
00:14:12,070 --> 00:14:08,089

security clearance for working at area

289

00:14:14,079 --> 00:14:12,080

51 no he didn't talk about s4 but he did

290

00:14:16,240 --> 00:14:14,089

give him security clearance the fact

291

00:14:18,340 --> 00:14:16,250

that he won't go on camera sucks but the

292

00:14:19,300 --> 00:14:18,350

fact that Jimmy found them and that he's

293

00:14:22,629 --> 00:14:19,310

a real person

294

00:14:25,960 --> 00:14:22,639

yeah another name that again Bob knew

295

00:14:28,869 --> 00:14:25,970

somehow and jury tracked him down and

296

00:14:31,329 --> 00:14:28,879

find him that is HUGE

297

00:14:35,489 --> 00:14:31,339

the other part for me that was very

298

00:14:38,259 --> 00:14:35,499

interesting is the fact where they found

299

00:14:40,600 --> 00:14:38,269

tape with like what a couple seconds

300

00:14:45,210 --> 00:14:40,610

worth of footage were they were messing

301

00:14:51,449 --> 00:14:45,220

with element 115 I went back and our old

302

00:14:57,030 --> 00:14:51,459

documentary were good old John Lear says

303

00:15:01,030 --> 00:14:57,040

Bob took multiple pieces of element 115

304

00:15:03,369 --> 00:15:01,040

and kept them so I don't know maybe

305

00:15:06,369 --> 00:15:03,379

that's why the FBI was raising him I

306

00:15:07,960 --> 00:15:06,379

mean that's kinda what it is proposed in

307

00:15:10,150 --> 00:15:07,970

the film I don't know if that's

308

00:15:11,829 --> 00:15:10,160

definitive but it is strange that they

309

00:15:15,850 --> 00:15:11,839

had everybody in there brother

310

00:15:18,189 --> 00:15:15,860

who come in commenced on to that United

311

00:15:19,960 --> 00:15:18,199

you clear up here in Michigan it's

312

00:15:21,639 --> 00:15:19,970

pretty crazy but no I love the film

313

00:15:25,629 --> 00:15:21,649

everything about it was great

314

00:15:26,889 --> 00:15:25,639

so yeah okay I Chris real quick how far

315

00:15:29,230 --> 00:15:26,899

is that place from you

316

00:15:30,970 --> 00:15:29,240

or more you're at about three and a half

317

00:15:32,259 --> 00:15:30,980

hours okay I was gonna say it was right

318

00:15:37,689 --> 00:15:32,269

around the corner you ought to pop in

319

00:15:40,780 --> 00:15:37,699

and buy some beryllium offers and Orion

320

00:15:42,730 --> 00:15:40,790

now your thoughts on the movie yeah I

321

00:15:46,090 --> 00:15:42,740

really enjoyed the movie I really

322

00:15:49,960 --> 00:15:46,100

enjoyed seeing Bob's wife seeing his

323

00:15:52,540 --> 00:15:49,970

good friend Mario seeing the the office

324

00:15:55,119 --> 00:15:52,550

space of United nuclear listening to one

325

00:15:57,249 --> 00:15:55,129

of the employees talk seeing Bob through

326

00:15:59,710 --> 00:15:57,259

a different lens than you'll typically

327

00:16:02,189 --> 00:15:59,720

see if you scoured youtube for bob lazar

328

00:16:04,960 --> 00:16:02,199

videos getting a more human side of him

329

00:16:06,730 --> 00:16:04,970

so yeah overall I enjoyed it I thought

330

00:16:09,240 --> 00:16:06,740

the visuals were really attractive and I

331

00:16:11,769 --> 00:16:09,250

thought that actually I like the

332

00:16:15,189 --> 00:16:11,779

background music as well so overall I

333

00:16:18,669 --> 00:16:15,199

really enjoyed it and for me I gotta be

334

00:16:21,489 --> 00:16:18,679

honest I'll be fair here first because

335

00:16:24,040 --> 00:16:21,499

the hunt for the skinwalker film that

336

00:16:26,350 --> 00:16:24,050

Jeremy did I was released not too long

337

00:16:30,640 --> 00:16:26,360

ago I saw that and I gotta say I was

338

00:16:35,110 --> 00:16:30,650

pleasantly surprised okay but

339

00:16:37,120 --> 00:16:35,120

pleasantly discipline disappointed by

340

00:16:38,640 --> 00:16:37,130

this particular film and I think I can

341

00:16:43,290 --> 00:16:38,650

explain why in a bit of a nutshell

342

00:16:46,240 --> 00:16:43,300

looking at the facts of skinwalker okay

343

00:16:48,010 --> 00:16:46,250

they're pretty well established a lot of

344

00:16:49,110 --> 00:16:48,020

resources have gone into researching

345

00:16:53,830 --> 00:16:49,120

this place

346

00:16:56,220 --> 00:16:53,840

scientists gear time the actual purchase

347

00:16:58,870 --> 00:16:56,230

of the property itself so a lot of

348

00:17:01,270 --> 00:16:58,880

resources have gone into this and the

349

00:17:02,740 --> 00:17:01,280

net result of all of it is nobody really

350

00:17:05,500 --> 00:17:02,750

seems to know what the hell they're

351

00:17:07,390 --> 00:17:05,510

dealing with out there okay so the

352

00:17:10,450 --> 00:17:07,400

approach he used for that film worked

353

00:17:14,050 --> 00:17:10,460

very very well the approach that he used

354

00:17:15,670 --> 00:17:14,060

for this film about Bob there's a lot

355

00:17:17,380 --> 00:17:15,680

there that's on the table I mean you can

356

00:17:19,600 --> 00:17:17,390

believe as much or as little of it or

357

00:17:24,940 --> 00:17:19,610

none of it or all of it as you want but

358

00:17:26,610 --> 00:17:24,950

it's out there and like they're out

359

00:17:28,900 --> 00:17:26,620

there all still a lot of unanswered

360

00:17:31,990 --> 00:17:28,910

questions and I would say there was only

361

00:17:34,810 --> 00:17:32,000

one thing that this film actually did a

362

00:17:37,330 --> 00:17:34,820

little bit of it did better not a little

363

00:17:42,040 --> 00:17:37,340

bit but it did better than the original

364

00:17:44,950 --> 00:17:42,050

Bob's own documentary from 1992 and that

365

00:17:50,650 --> 00:17:44,960

was a bob actually made the point that

366

00:17:52,720 --> 00:17:50,660

those are the three cylindrical devices

367

00:17:54,790 --> 00:17:52,730

in the bottom of the the gravity

368

00:17:57,790 --> 00:17:54,800

amplifiers there you go or actually

369

00:18:00,130 --> 00:17:57,800

targeted towards a particular point in

370

00:18:03,550 --> 00:18:00,140

space he doesn't go into that detail in

371

00:18:06,220 --> 00:18:03,560

his original documentary and he did

372

00:18:07,390 --> 00:18:06,230

explain that a little bit better but

373

00:18:09,220 --> 00:18:07,400

still there are an awful lot of

374

00:18:11,170 --> 00:18:09,230

unanswered questions about this and if

375

00:18:13,990 --> 00:18:11,180

he knows this stuff and he worked on it

376

00:18:16,390 --> 00:18:14,000

it's essential that that information get

377

00:18:18,190 --> 00:18:16,400

out yes he did go into a lot of detail

378

00:18:19,840 --> 00:18:18,200

in his own documentary but still there

379

00:18:22,330 --> 00:18:19,850

were awful lot of unanswered questions

380

00:18:24,250 --> 00:18:22,340

he seemed that maybe he realized that

381

00:18:28,000 --> 00:18:24,260

was about that but that's really the

382

00:18:30,610 --> 00:18:28,010

only area the only one point where this

383

00:18:32,620 --> 00:18:30,620

documentary actually bested the earlier

384

00:18:35,980 --> 00:18:32,630

Bob self-produced documentary and

385

00:18:37,570 --> 00:18:35,990

otherwise I have to admit I was a little

386

00:18:40,720 --> 00:18:37,580

bit disappointed with this film i l

387

00:18:42,880 --> 00:18:40,730

don't think it did the entire story the

388

00:18:43,580 --> 00:18:42,890

the justice that could have and should

389

00:18:46,430 --> 00:18:43,590

have

390

00:18:48,830 --> 00:18:46,440

again if Bob really has what he says he

391

00:18:50,779 --> 00:18:48,840

has yeah okay it's really nice that we

392

00:18:52,789 --> 00:18:50,789

saw a more human side but to be honest

393

00:18:54,890 --> 00:18:52,799

with you hey the the full documentary

394

00:18:57,019 --> 00:18:54,900

that he did himself him cruising up in

395

00:18:59,000 --> 00:18:57,029

the Corvette and then getting out and I

396

00:19:01,460 --> 00:18:59,010

don't care if you believe me or not and

397

00:19:02,960 --> 00:19:01,470

all this I mean that's Bob - and that's

398

00:19:06,769 --> 00:19:02,970

a that gives a pretty good insight into

399

00:19:09,560 --> 00:19:06,779

what the guys all about and I thought

400

00:19:10,760 --> 00:19:09,570

that was this the the essential document

401  
00:19:13,070 --> 00:19:10,770  
that you really want to take a look at

402  
00:19:14,659 --> 00:19:13,080  
if you want to get a good idea of what

403  
00:19:17,299 --> 00:19:14,669  
this story is all about so okay so

404  
00:19:19,340 --> 00:19:17,309  
there's that so we got that not

405  
00:19:22,820 --> 00:19:19,350  
surprisingly a mixed bag of opinions on

406  
00:19:25,370 --> 00:19:22,830  
the movie itself okay now there was at

407  
00:19:29,330 --> 00:19:25,380  
one point now i well i ryan you had

408  
00:19:30,649 --> 00:19:29,340  
mentioned his buddy mario santa cruz and

409  
00:19:33,889 --> 00:19:30,659  
you being particularly impressed with

410  
00:19:37,820 --> 00:19:33,899  
that guy I was as well but Mario was

411  
00:19:40,580 --> 00:19:37,830  
really the only person or point that was

412  
00:19:43,250 --> 00:19:40,590  
brought up in the entire film that sort

413  
00:19:48,380 --> 00:19:43,260

of a backed up Bob's claim that at least

414

00:19:51,830 --> 00:19:48,390

he hung around there was on campus at

415

00:19:53,899 --> 00:19:51,840

Cal Tech back in the day that's a long

416

00:19:56,240 --> 00:19:53,909

way from actually demonstrating that

417

00:19:58,850 --> 00:19:56,250

he's got masters a master's degree from

418

00:19:59,899 --> 00:19:58,860

Cal Tech let alone MIT which is on the

419

00:20:04,639 --> 00:19:59,909

other side of the country

420

00:20:07,549 --> 00:20:04,649

so as about the again the the academic

421

00:20:09,710 --> 00:20:07,559

background I frankly don't believe that

422

00:20:13,580 --> 00:20:09,720

he does have master's degrees from those

423

00:20:16,909 --> 00:20:13,590

two colleges forgetting about the fact

424

00:20:17,840 --> 00:20:16,919

that the claim has been that the the

425

00:20:20,419 --> 00:20:17,850

records were wiped

426

00:20:22,789 --> 00:20:20,429

you simply can't wipe everything out

427

00:20:24,799 --> 00:20:22,799

about a person's experience it takes us

428

00:20:28,990 --> 00:20:24,809

at least a year sometimes two sometimes

429

00:20:31,430 --> 00:20:29,000

more to get a master's degree you know

430

00:20:33,649 --> 00:20:31,440

before you have the master's degree you

431

00:20:35,450 --> 00:20:33,659

are a grad student you are working with

432

00:20:37,760 --> 00:20:35,460

people it's not like you're taking a

433

00:20:39,260 --> 00:20:37,770

bunch of intro to this or that courses

434

00:20:41,750 --> 00:20:39,270

where you're in this auditorium and

435

00:20:43,779 --> 00:20:41,760

maybe there's 200 or more students I

436

00:20:47,269 --> 00:20:43,789

mean these are these are fairly small

437

00:20:49,490 --> 00:20:47,279

operations you know you you live in an

438

00:20:52,070 --> 00:20:49,500

area especially if he goes to the East

439

00:20:55,149 --> 00:20:52,080

Coast and he's

440

00:20:58,430 --> 00:20:55,159

living either in or near Cambridge Mass

441

00:21:00,620 --> 00:20:58,440

you're renting a place maybe you have a

442

00:21:02,269 --> 00:21:00,630

job that where you're supporting

443

00:21:04,730 --> 00:21:02,279

yourself while you're going through the

444

00:21:06,620 --> 00:21:04,740

school again that you've got colleagues

445

00:21:09,529 --> 00:21:06,630

they're going through the same type of

446

00:21:10,639 --> 00:21:09,539

program you've got professors it just

447

00:21:15,169 --> 00:21:10,649

doesn't add up

448

00:21:17,840 --> 00:21:15,179

I can understand where Korbelt doesn't

449

00:21:21,350 --> 00:21:17,850

care if he was home-schooled the map

450

00:21:24,019 --> 00:21:21,360

doesn't care but he made Lazar made the

451

00:21:25,879 --> 00:21:24,029

claims and the least he can do okay it's

452

00:21:30,370 --> 00:21:25,889

something that maybe a younger guy did a

453

00:21:32,899 --> 00:21:30,380

guy who was roughly 30 at the time but

454

00:21:34,639 --> 00:21:32,909

why not just own up to it yeah because I

455

00:21:37,039 --> 00:21:34,649

I don't think in any way shape or form

456

00:21:38,930 --> 00:21:37,049

it's ever been demonstrated that he has

457

00:21:41,210 --> 00:21:38,940

those advanced degrees from those

458

00:21:43,970 --> 00:21:41,220

institutions anybody want to jump in

459

00:21:46,639 --> 00:21:43,980

there on that my only question to that

460

00:21:48,889 --> 00:21:46,649

rebuttal I should say is when he was

461

00:21:51,080 --> 00:21:48,899

being prosecuted in court and they

462

00:21:53,539 --> 00:21:51,090

couldn't find the records - when you

463

00:21:57,409 --> 00:21:53,549

think they would have thrown the book at

464

00:22:00,470 --> 00:21:57,419

him but somehow he got out that is not

465

00:22:03,680 --> 00:22:00,480

clear on how he exactly got our wiggled

466

00:22:06,919 --> 00:22:03,690

his way out of you know not seeing time

467

00:22:08,870 --> 00:22:06,929

behind bars well well I mean I would say

468

00:22:11,419 --> 00:22:08,880

it's not an especially serious crime

469

00:22:12,799 --> 00:22:11,429

being involved with prostitution a

470

00:22:16,009 --> 00:22:12,809

victimless crime where there's no

471

00:22:18,200 --> 00:22:16,019

criminal record you know yeah but the

472

00:22:22,039 --> 00:22:18,210

feds were pushing very hard to throw the

473

00:22:24,590 --> 00:22:22,049

book at him and he didn't that that has

474

00:22:26,720 --> 00:22:24,600

to be stated for fact is it is fact

475

00:22:29,419 --> 00:22:26,730

they're gonna throw the book at him and

476

00:22:31,940 --> 00:22:29,429

they but but but ultimately it's a judge

477

00:22:33,980 --> 00:22:31,950

that decides what the prosecutor well

478

00:22:38,870 --> 00:22:33,990

you don't think they can sway the judge

479

00:22:41,539 --> 00:22:38,880

are you so okay go ahead no I'm just

480

00:22:43,399 --> 00:22:41,549

saying and me ill to me

481

00:22:46,519 --> 00:22:43,409

they went looking to and they couldn't

482

00:22:50,210 --> 00:22:46,529

find it so really I I agree with Jeremy

483

00:22:52,580 --> 00:22:50,220

looking for his college degrees is kind

484

00:22:54,440 --> 00:22:52,590

of pointless it's going down

485

00:22:56,960 --> 00:22:54,450

we're muddying our tires and getting

486

00:22:58,669 --> 00:22:56,970

stuck in the same old rigmarole and I

487

00:23:01,820 --> 00:22:58,679

know that we have to talk about it it's

488

00:23:04,190 --> 00:23:01,830

great but I it we're not talking about

489

00:23:05,850 --> 00:23:04,200

like the implications of what he's

490

00:23:07,320 --> 00:23:05,860

saying and right right again

491

00:23:08,909 --> 00:23:07,330

right right yeah oh yeah we're

492

00:23:10,380 --> 00:23:08,919

absolutely going to get there so yeah I

493

00:23:12,389 --> 00:23:10,390

I don't want to spend all day on this

494

00:23:15,899 --> 00:23:12,399

now one thing I did not see is that they

495

00:23:18,240 --> 00:23:15,909

were apparently a bonus material I have

496

00:23:21,720 --> 00:23:18,250

not seen that James you said that you

497

00:23:23,610 --> 00:23:21,730

did and in that bonus material you know

498

00:23:25,980 --> 00:23:23,620

when you get a master's degree you get a

499

00:23:28,799 --> 00:23:25,990

sheepskin you get that diploma and the

500

00:23:30,930 --> 00:23:28,809

reason why Bob there is a reason that

501  
00:23:33,539 --> 00:23:30,940  
Bob claims he does not have possession

502  
00:23:36,110 --> 00:23:33,549  
of that and you want to go and share

503  
00:23:38,669 --> 00:23:36,120  
with the folks what that is James oh

504  
00:23:40,019 --> 00:23:38,679  
yeah I mean they mentioned before I

505  
00:23:44,610 --> 00:23:40,029  
think they mentioned even before that

506  
00:23:47,370 --> 00:23:44,620  
you know prior to the film that I think

507  
00:23:49,769 --> 00:23:47,380  
his uh his wife commits suicide and he

508  
00:23:51,090 --> 00:23:49,779  
never went back to the house because

509  
00:23:54,139 --> 00:23:51,100  
there was to troubling for them and

510  
00:24:06,779 --> 00:23:54,149  
that's where allegedly all his uh his

511  
00:24:12,840 --> 00:24:06,789  
degrees were so I mean somebody else

512  
00:24:14,340 --> 00:24:12,850  
cleans out the house and you know that

513  
00:24:19,320 --> 00:24:14,350

material went somewhere if it in fact

514

00:24:23,029 --> 00:24:19,330

exists I buy into that but ok yeah

515

00:24:25,470 --> 00:24:23,039

anybody else want to chime in on the

516

00:24:28,230 --> 00:24:25,480

academic claims about the master's

517

00:24:31,680 --> 00:24:28,240

degrees yeah go ahead

518

00:24:33,450 --> 00:24:31,690

okay sure thank you um I think I vaguely

519

00:24:37,049 --> 00:24:33,460

remember listening to John Lear in the

520

00:24:40,250 --> 00:24:37,059

video when he said that he had the

521

00:24:43,320 --> 00:24:40,260

transcripts of Lazar on his desk

522

00:24:44,789 --> 00:24:43,330

something like that and then when he

523

00:24:46,980 --> 00:24:44,799

went back to look for them they had

524

00:24:48,629 --> 00:24:46,990

disappeared but I have to double-check

525

00:24:51,810 --> 00:24:48,639

on that but I think I remembered that

526

00:24:53,820 --> 00:24:51,820

that was the case for John there I think

527

00:24:59,159 --> 00:24:53,830

that is the case I remember hearing that

528

00:25:02,310 --> 00:24:59,169

yeah what I was gonna say is if he did

529

00:25:04,200 --> 00:25:02,320

attend Caltech or MIT you would hope

530

00:25:06,509 --> 00:25:04,210

that you know you know he seems like a

531

00:25:09,509 --> 00:25:06,519

pretty sociable guy and you would think

532

00:25:11,009 --> 00:25:09,519

that one of his friends from when he was

533

00:25:12,899 --> 00:25:11,019

attending those universities or you

534

00:25:15,419 --> 00:25:12,909

would at least hope would come forward

535

00:25:17,580 --> 00:25:15,429

and say yeah i hanged out with bob lazar

536

00:25:19,289 --> 00:25:17,590

and we we were both classmates and as

537

00:25:22,799 --> 00:25:19,299

far as I know that has not

538

00:25:25,680 --> 00:25:22,809

taking place that that still to me as a

539

00:25:27,239 --> 00:25:25,690

problem and another thing is Korbel is

540

00:25:28,859 --> 00:25:27,249

saying he doesn't care if he was home

541

00:25:31,409 --> 00:25:28,869

school he's not saying yeah I believe

542

00:25:34,169 --> 00:25:31,419

Bob has those master's degrees nap

543

00:25:36,330 --> 00:25:34,179

remember and nap also looked very very

544

00:25:38,850 --> 00:25:36,340

hard for some kind of corroborating

545

00:25:41,009 --> 00:25:38,860

evidence that Lazar has those advanced

546

00:25:42,960 --> 00:25:41,019

degrees he couldn't find it again he's

547

00:25:44,940 --> 00:25:42,970

saying that that he doesn't care and

548

00:25:46,889 --> 00:25:44,950

again as to an extent that I don't

549

00:25:49,979 --> 00:25:46,899

disagree but you just you can't ignore

550

00:25:52,649 --> 00:25:49,989

it we have to well here's another point

551  
00:25:54,960 --> 00:25:52,659  
how in the hell would he been able to

552  
00:26:00,239 --> 00:25:54,970  
work at los almos without a college

553  
00:26:02,909 --> 00:26:00,249  
degree it's possible I mean I think it's

554  
00:26:06,509 --> 00:26:02,919  
possible to work for a quasi state-run

555  
00:26:09,389 --> 00:26:06,519  
agency or a government agency without a

556  
00:26:13,700 --> 00:26:09,399  
degree and even still be in the position

557  
00:26:16,529 --> 00:26:13,710  
of a physicist I think that's possible I

558  
00:26:18,269 --> 00:26:16,539  
know it's not crazy I think there's UFO

559  
00:26:22,669 --> 00:26:18,279  
researchers we may want to look into

560  
00:26:25,109 --> 00:26:22,679  
that yeah well that's what's Dan Davis

561  
00:26:27,779 --> 00:26:25,119  
states and Friedman excuse me used to

562  
00:26:30,090 --> 00:26:27,789  
use as an argument against Bob Lazar is

563  
00:26:32,220 --> 00:26:30,100

well you know how you gonna be a

564

00:26:33,570 --> 00:26:32,230

scientist a physicist when you don't

565

00:26:37,200 --> 00:26:33,580

have a college education but the way I

566

00:26:39,599 --> 00:26:37,210

see it the fact that you know there are

567

00:26:43,950 --> 00:26:39,609

no credentials that we can pin down for

568

00:26:46,590 --> 00:26:43,960

Bob Lazar helps argue that he both the

569

00:26:48,060 --> 00:26:46,600

fact that there isn't credentials helps

570

00:26:50,849 --> 00:26:48,070

argue that he could have been a

571

00:26:56,340 --> 00:26:50,859

physicist at s4 because you look at you

572

00:26:58,739 --> 00:26:56,350

know you look at air Snowden he dropped

573

00:27:01,710 --> 00:26:58,749

out of high school he didn't get any

574

00:27:04,379 --> 00:27:01,720

college degrees and when you when you

575

00:27:06,840 --> 00:27:04,389

read about Snowden everyone says he was

576

00:27:08,729 --> 00:27:06,850

the smartest guy in the room he was

577

00:27:11,159 --> 00:27:08,739

capable of stealing secrets from the NSA

578

00:27:13,200 --> 00:27:11,169

and in leaving the country and he

579

00:27:15,389 --> 00:27:13,210

doesn't have a college degree and he and

580

00:27:19,080 --> 00:27:15,399

he who certainly was a top guy at the

581

00:27:21,749 --> 00:27:19,090

NSA so we can certainly believe that

582

00:27:25,139 --> 00:27:21,759

it's very possible that Bob Lazar was a

583

00:27:28,049 --> 00:27:25,149

physicist at s4 if he did not have a

584

00:27:32,009 --> 00:27:28,059

college education well but at the same

585

00:27:33,090 --> 00:27:32,019

time but at the same time he he might

586

00:27:35,640 --> 00:27:33,100

have had a he might

587

00:27:37,890 --> 00:27:35,650

had a degree because it's rare that you

588

00:27:39,419 --> 00:27:37,900

would work at los alamos if you didn't

589

00:27:41,250 --> 00:27:39,429

have a degree so you can you can look at

590

00:27:42,870 --> 00:27:41,260

it through both angles I think you're

591

00:27:45,810 --> 00:27:42,880

right um I think the government has done

592

00:27:49,799 --> 00:27:45,820

stranger things as far as hiring people

593

00:27:51,659 --> 00:27:49,809

with or without degrees but I think it's

594

00:27:54,680 --> 00:27:51,669

possible that the government may not

595

00:27:56,909 --> 00:27:54,690

have wanted him to have a degree

596

00:27:58,470 --> 00:27:56,919

probably the best way to say it is maybe

597

00:28:01,590 --> 00:27:58,480

they wanted him because he didn't have

598

00:28:03,510 --> 00:28:01,600

degrees exactly I was just gonna say

599

00:28:05,789 --> 00:28:03,520

maybe he was the perfect candidate

600

00:28:08,310 --> 00:28:05,799

exactly what they were looking for yeah

601  
00:28:12,180 --> 00:28:08,320  
because and I know I'm kind of jumping

602  
00:28:15,240 --> 00:28:12,190  
ahead but the government knew that he

603  
00:28:19,200 --> 00:28:15,250  
was friends with John Lear before he

604  
00:28:23,279 --> 00:28:19,210  
worked at s4 that is a fact

605  
00:28:26,100 --> 00:28:23,289  
they knew he was friends with John Lear

606  
00:28:28,919 --> 00:28:26,110  
so the fact that they all they hired him

607  
00:28:31,470 --> 00:28:28,929  
and he went the work is huge

608  
00:28:33,600 --> 00:28:31,480  
uh I know grant Cameron has made this

609  
00:28:36,779 --> 00:28:33,610  
point too but I think it kinda gets lost

610  
00:28:38,940 --> 00:28:36,789  
in translation for people well when you

611  
00:28:41,039 --> 00:28:38,950  
consider how secretive s4 was you have

612  
00:28:43,080 --> 00:28:41,049  
to assume that whoever is in charge of

613  
00:28:45,419 --> 00:28:43,090

hiring is doing is investigating the

614

00:28:47,070 --> 00:28:45,429

character the personality profile of who

615

00:28:48,930 --> 00:28:47,080

they're going to hire because the

616

00:28:50,460 --> 00:28:48,940

security is so over the top there's no

617

00:28:52,680 --> 00:28:50,470

way that they would hire someone like a

618

00:28:54,690 --> 00:28:52,690

renowned scientists a renowned scientist

619

00:28:56,909 --> 00:28:54,700

with all kinds of degrees and who is

620

00:28:58,529 --> 00:28:56,919

well known it would be much more

621

00:29:00,450 --> 00:28:58,539

difficult to be able to trust a person

622

00:29:03,480 --> 00:29:00,460

like that from coming forward than

623

00:29:05,220 --> 00:29:03,490

someone like Bob Lazar and also as has

624

00:29:07,350 --> 00:29:05,230

been mentioned Bob Lazar is an eccentric

625

00:29:08,539 --> 00:29:07,360

you know he built jet powered cars jet

626

00:29:10,890 --> 00:29:08,549

powered bikes

627

00:29:13,830 --> 00:29:10,900

he wasn't very conventional in many

628

00:29:15,570 --> 00:29:13,840

respects and so if there was a security

629

00:29:18,419 --> 00:29:15,580

breach of some sort he would be the

630

00:29:21,299 --> 00:29:18,429

perfect candidate candidate to candidate

631

00:29:23,549 --> 00:29:21,309

to discredit whereas if you if you had a

632

00:29:27,690 --> 00:29:23,559

heavy hitter scientists come in s4 and

633

00:29:29,700 --> 00:29:27,700

and and you and you're so obsessed with

634

00:29:32,789 --> 00:29:29,710

secrecy that's not what you want you do

635

00:29:33,899 --> 00:29:32,799

not want the renowned physicist you want

636

00:29:36,750 --> 00:29:33,909

someone who's a little bit more low-key

637

00:29:38,549 --> 00:29:36,760

and ideally an eccentric so that you can

638

00:29:40,890 --> 00:29:38,559

say hey this guy's crazy just look at it

639

00:29:43,230 --> 00:29:40,900

just look at look at what he's into and

640

00:29:44,700 --> 00:29:43,240

that's probably what s4 wanted when they

641

00:29:46,320 --> 00:29:44,710

when they hire scientists or at least

642

00:29:47,940 --> 00:29:46,330

you could make that argument

643

00:29:49,769 --> 00:29:47,950

yeah I like that theory that's really

644

00:29:52,110 --> 00:29:49,779

interesting it would make sense I mean

645

00:29:55,470 --> 00:29:52,120

the Lazar himself has stated when he was

646

00:29:58,080 --> 00:29:55,480

at s4 it was not conducive to scientific

647

00:30:00,029 --> 00:29:58,090

work I mean Ryan last time you or I were

648

00:30:03,149 --> 00:30:00,039

on the show we talked the fact that

649

00:30:06,120 --> 00:30:03,159

there was only 22 people at s4 in the

650

00:30:08,960 --> 00:30:06,130

most of them were of military background

651

00:30:12,269 --> 00:30:08,970

not scientific that has to be noteworthy

652

00:30:15,269 --> 00:30:12,279

because the other part that Bob doesn't

653

00:30:17,880 --> 00:30:15,279

really talk about is they almost used

654

00:30:20,129 --> 00:30:17,890

mind control on him yelling at him

655

00:30:22,230 --> 00:30:20,139

asking him why haven't you made any

656

00:30:24,570 --> 00:30:22,240

progress I mean getting right up in his

657

00:30:27,919 --> 00:30:24,580

grill and screaming at him and his uh

658

00:30:31,080 --> 00:30:27,929

coworker I can't think of his name was

659

00:30:33,870 --> 00:30:31,090

yeah bury him and bury get yelled at all

660

00:30:36,269 --> 00:30:33,880

the time and that's just how things

661

00:30:38,129 --> 00:30:36,279

worked over there I guess or still might

662

00:30:39,870 --> 00:30:38,139

be yeah the next toss-up question let's

663

00:30:42,960 --> 00:30:39,880

go around the horn does anyone doubt

664

00:30:45,480 --> 00:30:42,970

that Lazar didn't or does anyone doubt

665

00:30:47,940 --> 00:30:45,490

that that Lazar didn't actually work

666

00:31:02,100 --> 00:30:47,950

where he said he worked at area 51 ask

667

00:31:07,049 --> 00:31:02,110

an s4 I don't too much evidence for it

668

00:31:09,289 --> 00:31:07,059

yeah way too much yeah yeah George Knapp

669

00:31:11,250 --> 00:31:09,299

was really Cyril on that I mean he

670

00:31:13,889 --> 00:31:11,260

George Knapp you gotta give him credit

671

00:31:15,690 --> 00:31:13,899

that he you know there were things that

672

00:31:17,490 --> 00:31:15,700

he couldn't prove but the things that he

673

00:31:19,680 --> 00:31:17,500

could prove or you know that he could

674

00:31:22,019 --> 00:31:19,690

build a case for he he nailed down on

675

00:31:24,840 --> 00:31:22,029

you know to the fact where he had those

676

00:31:27,360 --> 00:31:24,850

I think it was like four people from

677

00:31:29,909 --> 00:31:27,370

area 51 basically sit in the room and

678

00:31:31,139 --> 00:31:29,919

interrogate Bob Lazar and you know I'm

679

00:31:32,370 --> 00:31:31,149

sure he didn't say hey Bob I'm gonna

680

00:31:35,370 --> 00:31:32,380

have you meet these guys I'm sure he

681

00:31:37,289 --> 00:31:35,380

kind of surprised them with it and they

682

00:31:39,750 --> 00:31:37,299

were convinced that he had been to the

683

00:31:42,720 --> 00:31:39,760

facilities at least of area 51 and if

684

00:31:46,100 --> 00:31:42,730

you place him at area 51 you know it's

685

00:31:49,649 --> 00:31:46,110

good enough to say he went to s4 okay

686

00:31:54,480 --> 00:31:49,659

yeah I believe he worked there the

687

00:31:57,169 --> 00:31:54,490

hand ID scanner to get into s4 um that

688

00:31:59,700 --> 00:31:57,179

was made by I think the identity were

689

00:32:00,120 --> 00:31:59,710

yummy I got I've got the picture of it

690

00:32:02,220 --> 00:32:00,130

and

691

00:32:04,890 --> 00:32:02,230

so I they they touched on it a little

692

00:32:06,600 --> 00:32:04,900

bit in the film but you found some

693

00:32:07,740 --> 00:32:06,610

additional information about that so go

694

00:32:09,750 --> 00:32:07,750

ahead and share that works because I

695

00:32:12,750 --> 00:32:09,760

think this is really interesting and it

696

00:32:14,430 --> 00:32:12,760

does definitely add to the lazarre's

697

00:32:17,220 --> 00:32:14,440

claim that he did in fact work there

698

00:32:20,130 --> 00:32:17,230

right so the identity

699

00:32:23,220 --> 00:32:20,140

hand geometry device which was launched

700

00:32:27,270 --> 00:32:23,230

in the early 1970s by the ident emission

701  
00:32:30,750 --> 00:32:27,280  
corp it adapted a head reader concept

702  
00:32:35,970 --> 00:32:30,760  
developed and patented by Robert P

703  
00:32:37,860 --> 00:32:35,980  
Miller and it was actually created to

704  
00:32:39,150 --> 00:32:37,870  
measure the length of the four digits

705  
00:32:42,720 --> 00:32:39,160  
and compared the finger Lake

706  
00:32:44,850 --> 00:32:42,730  
measurements to basically ensure it was

707  
00:32:46,380 --> 00:32:44,860  
a rudimentary identification device kind

708  
00:32:48,150 --> 00:32:46,390  
of like how we would scan people's

709  
00:32:51,060 --> 00:32:48,160  
retinas now when they go into a building

710  
00:32:52,800 --> 00:32:51,070  
as an employee well they use that to

711  
00:32:57,540 --> 00:32:52,810  
identify people when they're going in

712  
00:33:02,220 --> 00:32:57,550  
and out of s4 and it was actually

713  
00:33:04,680 --> 00:33:02,230

created for high security facilities for

714

00:33:07,700 --> 00:33:04,690

the US Department of Energy Western

715

00:33:11,370 --> 00:33:07,710

Electric and the very people who hired

716

00:33:14,280 --> 00:33:11,380

Bob Lazar to work at us for which was

717

00:33:16,110 --> 00:33:14,290

the US Naval Intelligence yeah that is a

718

00:33:18,540 --> 00:33:16,120

lazarre's claim that he did work for

719

00:33:20,820 --> 00:33:18,550

u.s. naval intelligence so this is a

720

00:33:23,040 --> 00:33:20,830

this is a significant fine there chin

721

00:33:27,330 --> 00:33:23,050

nice job yes an excellent point

722

00:33:29,730 --> 00:33:27,340

yeah and that's huge yeah this looks

723

00:33:31,860 --> 00:33:29,740

like the picture I've got up looks like

724

00:33:34,200 --> 00:33:31,870

the same picture that Korbelt showed

725

00:33:36,510 --> 00:33:34,210

Lazar got quite a reaction from him in

726

00:33:39,510 --> 00:33:36,520

the movie yeah he did and I would just

727

00:33:41,760 --> 00:33:39,520

like to add um this is nothing against

728

00:33:43,470 --> 00:33:41,770

Jeremy because I know he probably had an

729

00:33:46,260 --> 00:33:43,480

incredible amount on his plate for this

730

00:33:48,980 --> 00:33:46,270

film because it takes a lot to do a film

731

00:33:52,170 --> 00:33:48,990

and it's really easy to criticize it um

732

00:33:54,960 --> 00:33:52,180

but when he handed that picture to Bob

733

00:33:58,230 --> 00:33:54,970

and Bob looked so thrilled to be able to

734

00:34:01,290 --> 00:33:58,240

recognize it and feel validated by it I

735

00:34:04,320 --> 00:34:01,300

think that was really important at the

736

00:34:06,480 --> 00:34:04,330

only part that I have you know if I had

737

00:34:09,060 --> 00:34:06,490

Jeremy in front of me I would ask him

738

00:34:11,720 --> 00:34:09,070

why did he not take it upon himself to

739

00:34:13,890 --> 00:34:11,730

do a little bit more diligent research

740

00:34:17,010 --> 00:34:13,900

just to find out more about

741

00:34:20,640 --> 00:34:17,020

this device to connect it like I did in

742

00:34:23,310 --> 00:34:20,650

this respect any may or and just chose

743

00:34:24,900 --> 00:34:23,320

not to include it but you know they're

744

00:34:27,030 --> 00:34:24,910

considering it yeah I getting back to

745

00:34:30,180 --> 00:34:27,040

the film a little bit some of the things

746

00:34:32,130 --> 00:34:30,190

that were included in the film I don't

747

00:34:34,260 --> 00:34:32,140

know why he did that if he spent five

748

00:34:36,000 --> 00:34:34,270

minutes going over the the hypnosis

749

00:34:38,160 --> 00:34:36,010

which I thought was kind of a waste of

750

00:34:41,010 --> 00:34:38,170

time I mean Bob seemed to swear by on

751

00:34:42,420 --> 00:34:41,020

the one hand but no it's it's a 95

752

00:34:45,450 --> 00:34:42,430

minute film and you spend five minutes

753

00:34:47,910 --> 00:34:45,460

on that when there was so much more that

754

00:34:50,400 --> 00:34:47,920

he could have included like apparently

755

00:34:52,500 --> 00:34:50,410

yeah in the bonus material a Korbel

756

00:34:56,070 --> 00:34:52,510

found a guy who'd worked there as well

757

00:34:59,490 --> 00:34:56,080

and said yeah Lazar was a physicist

758

00:35:00,990 --> 00:34:59,500

there that he you know that's what he

759

00:35:04,860 --> 00:35:01,000

did there you know he wasn't some flunky

760

00:35:06,480 --> 00:35:04,870

he was working there as a physicist and

761

00:35:08,520 --> 00:35:06,490

that's in the bonus material I believe

762

00:35:11,580 --> 00:35:08,530

which unfortunately I haven't seen so

763

00:35:15,390 --> 00:35:11,590

well he's got more bonus footage I know

764

00:35:18,450 --> 00:35:15,400

for a trailer jeremy has Baba's are

765

00:35:20,670 --> 00:35:18,460

watching the gimbal video and Jeremy has

766

00:35:22,320 --> 00:35:20,680

stated at least through social media

767

00:35:24,210 --> 00:35:22,330

that that will be released through

768

00:35:26,250 --> 00:35:24,220

social media hearing a not too distant

769

00:35:34,290 --> 00:35:26,260

future because that's gonna be very

770

00:35:36,570 --> 00:35:34,300

interesting okay so let's say let's say

771

00:35:37,980 --> 00:35:36,580

I go let me get bring up a point that I

772

00:35:40,500 --> 00:35:37,990

think is a very interesting that's have

773

00:35:43,530 --> 00:35:40,510

been brought up around the internet and

774

00:35:46,980 --> 00:35:43,540

it was not brought up at all not touched

775

00:35:50,250 --> 00:35:46,990

at all on in the film and that is the

776

00:35:51,990 --> 00:35:50,260

fact that Robert Bigelow who Korbel

777

00:35:54,540 --> 00:35:52,000

interviewed as part of his skinwalker

778

00:35:57,300 --> 00:35:54,550

ranch movie and Bob Lazar at one point

779

00:35:59,460 --> 00:35:57,310

warned a corporation and worked together

780

00:36:02,750 --> 00:35:59,470

they were both officers this is a matter

781

00:36:05,310 --> 00:36:02,760

of public record the Zeta Reticuli to

782

00:36:05,930 --> 00:36:05,320

corporation not sure exactly what they

783

00:36:13,500 --> 00:36:05,940

did

784

00:36:17,010 --> 00:36:13,510

Korbel nor or excuse me on either

785

00:36:19,200 --> 00:36:17,020

al-azhar or Bigelow we're asked about

786

00:36:21,150 --> 00:36:19,210

this and this seems to be pretty

787

00:36:24,540 --> 00:36:21,160

interesting and worthy of some follow-up

788

00:36:25,660 --> 00:36:24,550

any thoughts on that maybe they don't

789

00:36:31,559 --> 00:36:25,670

want to talk about it

790

00:36:36,009 --> 00:36:34,480

maybe something that they jumped on and

791

00:36:38,410 --> 00:36:36,019

nothing really became of it so they just

792

00:36:40,420 --> 00:36:38,420

wrote them out of the road you know what

793

00:36:42,430 --> 00:36:40,430

if you're a you're a journalist you ask

794

00:36:44,200 --> 00:36:42,440

the tough questions even if you don't

795

00:36:46,359 --> 00:36:44,210

get an answer sometimes the night actors

796

00:36:49,269 --> 00:36:46,369

are telling you know what I mean anyone

797

00:36:50,859 --> 00:36:49,279

else I have any thoughts on that maybe

798

00:36:52,870 --> 00:36:50,869

oh go ahead check

799

00:36:54,989 --> 00:36:52,880

oh it just sounds like it's just you

800

00:36:58,269 --> 00:36:54,999

know it sounds like two very strange

801  
00:37:01,269 --> 00:36:58,279  
personalities getting together it's just

802  
00:37:04,150 --> 00:37:01,279  
an odd odd marriage of two you know and

803  
00:37:07,859 --> 00:37:04,160  
it sounds odd for these two people to

804  
00:37:10,900 --> 00:37:07,869  
get together to do to create a company

805  
00:37:16,599 --> 00:37:10,910  
to me it doesn't sound strange at all I

806  
00:37:19,660 --> 00:37:16,609  
mean if if Bob Bigelow knew or had a

807  
00:37:22,599 --> 00:37:19,670  
hint that Bob Lazar really did take a

808  
00:37:24,309 --> 00:37:22,609  
piece or multiple pieces of element 115

809  
00:37:26,109 --> 00:37:24,319  
when you think they would want the

810  
00:37:32,799 --> 00:37:26,119  
former company to work together

811  
00:37:35,349 --> 00:37:32,809  
I don't think this is a stated that he

812  
00:37:37,989 --> 00:37:35,359  
knows that the et presence is here all

813  
00:37:41,319 --> 00:37:37,999

right we all saw that 60-minute piece no

814

00:37:46,029 --> 00:37:41,329

yeah I think he's all he's a lot closer

815

00:37:50,109 --> 00:37:46,039

to truth versus even maybe the the DoD

816

00:37:54,220 --> 00:37:50,119

might be well if he's gonna get raided

817

00:37:56,799 --> 00:37:54,230

over element 115 by the FBI I don't

818

00:37:58,690 --> 00:37:56,809

think that would last very long between

819

00:38:02,799 --> 00:37:58,700

he and Bigelow that was that was the

820

00:38:05,259 --> 00:38:02,809

basis for their company well we don't

821

00:38:06,579 --> 00:38:05,269

know yeah yeah we really don't know a

822

00:38:08,380 --> 00:38:06,589

whole lot about that but that is

823

00:38:11,109 --> 00:38:08,390

something that we would certainly like

824

00:38:15,880 --> 00:38:11,119

to find out about and if you ever get

825

00:38:18,549 --> 00:38:15,890

the the chance to ask Jeremy or Bob or

826

00:38:19,839 --> 00:38:18,559

either of the Bob's certainly that would

827

00:38:21,910 --> 00:38:19,849

be one of the first questions that I

828

00:38:25,180 --> 00:38:21,920

would ask what what happened with that

829

00:38:26,829 --> 00:38:25,190

and why didn't it work out although let

830

00:38:30,160 --> 00:38:26,839

me yeah let me make at one point about

831

00:38:31,479 --> 00:38:30,170

that Bob is a person which I think he's

832

00:38:33,579 --> 00:38:31,489

a pretty interesting guy and he

833

00:38:36,220 --> 00:38:33,589

definitely seems like the kind of guy

834

00:38:38,600 --> 00:38:36,230

who just doesn't fit into rigid systems

835

00:38:42,900 --> 00:38:38,610

really well

836

00:38:45,600 --> 00:38:42,910

you know a sort of a career entrepreneur

837

00:38:47,640 --> 00:38:45,610

looks like he's had to you the United

838

00:38:49,740 --> 00:38:47,650

nuclear business going for 20 years now

839

00:38:52,230 --> 00:38:49,750

so he's been doing that for quite some

840

00:38:54,150 --> 00:38:52,240

time but before that obviously we

841

00:38:57,120 --> 00:38:54,160

already discussed that he was involved

842

00:38:59,220 --> 00:38:57,130

in the the brothel in business at one

843

00:39:02,490 --> 00:38:59,230

point in some way shape or form or

844

00:39:04,410 --> 00:39:02,500

whether it was a I I think as I recall

845

00:39:06,930 --> 00:39:04,420

he was some sort of a consultant but

846

00:39:08,580 --> 00:39:06,940

I've seen also that he bought in so I'm

847

00:39:12,030 --> 00:39:08,590

not a hundred percent sure on where

848

00:39:16,050 --> 00:39:12,040

where I gotta leave he roped computer

849

00:39:20,220 --> 00:39:16,060

like a computer script or a code to

850

00:39:30,359 --> 00:39:20,230

basically have a data entry point for

851

00:39:32,420 --> 00:39:30,369

the hookers so they could get that's

852

00:39:35,070 --> 00:39:32,430

what I always thought but then I heard

853

00:39:36,960 --> 00:39:35,080

call sort and I should have had made a

854

00:39:38,940 --> 00:39:36,970

note of the source on this but he

855

00:39:41,070 --> 00:39:38,950

actually bought into the services

856

00:39:43,620 --> 00:39:41,080

actually part I think it was the kind of

857

00:39:47,070 --> 00:39:43,630

sewer of ladies of the night too but

858

00:39:51,180 --> 00:39:47,080

whatever who cares yeah I agree

859

00:39:53,580 --> 00:39:51,190

who cares yeah but again it she's sort

860

00:39:55,349 --> 00:39:53,590

of a serial entrepreneur he's starting

861

00:39:57,750 --> 00:39:55,359

missus he also had the the photo

862

00:39:59,250 --> 00:39:57,760

processing lab in his house too and that

863

00:40:02,099 --> 00:39:59,260

was a bit of a business for him as well

864

00:40:04,140 --> 00:40:02,109

so this is a guy who's kind of kind of

865

00:40:06,840 --> 00:40:04,150

like calling his own shots more or less

866

00:40:08,460 --> 00:40:06,850

and if I could see how that might have

867

00:40:11,460 --> 00:40:08,470

been an issue with a him working with

868

00:40:13,080 --> 00:40:11,470

Bigelow who's may be from the same bent

869

00:40:14,490 --> 00:40:13,090

and it's just two guys too much alike

870

00:40:16,560 --> 00:40:14,500

and they weren't able to work together

871

00:40:20,400 --> 00:40:16,570

it's hard to say they're just just

872

00:40:23,070 --> 00:40:20,410

speculating here well yeah I I don't

873

00:40:26,270 --> 00:40:23,080

know but from what I've read it seems

874

00:40:28,950 --> 00:40:26,280

like he comes across as having a big ego

875

00:40:31,950 --> 00:40:28,960

you know difficult to work with that's

876

00:40:34,080 --> 00:40:31,960

my understanding but that's yeah we're

877

00:40:44,690 --> 00:40:34,090

worried about town Aziza doesn't have a

878

00:40:54,809 --> 00:40:47,970

anything else about the movie stand out

879

00:40:56,099 --> 00:40:54,819

for anybody well I want one thing I

880

00:40:57,870 --> 00:40:56,109

thought I want to cover is you know

881

00:41:01,170 --> 00:40:57,880

people there's a lot of people who still

882

00:41:03,270 --> 00:41:01,180

doubt that he was even a physicist at

883

00:41:06,299 --> 00:41:03,280

Los Alamos you know believe it or not

884

00:41:08,069 --> 00:41:06,309

that's still an issue for people no

885

00:41:12,559 --> 00:41:08,079

that's ridiculous to me it's just

886

00:41:15,480 --> 00:41:12,569

utterly ridiculous and Frank Frank yeah

887

00:41:18,990 --> 00:41:15,490

did you get those images in I did

888

00:41:21,150 --> 00:41:19,000

they're in here yeah yeah yeah the

889

00:41:27,030 --> 00:41:21,160

newspaper clippings let me scoot over to

890

00:41:28,319 --> 00:41:27,040

that jet set 200 miles an hour the jet

891

00:41:33,539 --> 00:41:28,329

car there he is

892

00:41:35,910 --> 00:41:33,549

MBI Los Alamos monitor it looks like 81

893

00:41:40,380 --> 00:41:35,920

maybe I can't make out the date on that

894

00:41:42,089 --> 00:41:40,390

so it's a little bit small yeah there he

895

00:41:44,039 --> 00:41:42,099

is it's not the car so much that's

896

00:41:47,069 --> 00:41:44,049

important to the Tsar a physicist at the

897

00:41:48,960 --> 00:41:47,079

Los Alamos may saw in physics facility

898

00:41:50,549 --> 00:41:48,970

the important thing is the jet engine

899

00:41:55,890 --> 00:41:50,559

that's something he's been working on

900

00:41:57,510 --> 00:41:55,900

for years yeah so I definitely am

901  
00:41:59,579 --> 00:41:57,520  
interesting point that if you know

902  
00:42:05,099 --> 00:41:59,589  
because if he was at Los Alamos to begin

903  
00:42:07,230 --> 00:42:05,109  
with and dr. Crangle I mean the podcast

904  
00:42:10,289 --> 00:42:07,240  
with Jimmy Korbelt with dr. Kringle is

905  
00:42:13,079 --> 00:42:10,299  
huge I I encourage people to listen to

906  
00:42:14,970 --> 00:42:13,089  
it I know as of two years ago people

907  
00:42:17,490 --> 00:42:14,980  
didn't even know that even existed I

908  
00:42:19,079 --> 00:42:17,500  
just came across it listen to it I was

909  
00:42:21,630 --> 00:42:19,089  
blown away I know some people are like

910  
00:42:25,319 --> 00:42:21,640  
it doesn't really persuade me but I

911  
00:42:28,260 --> 00:42:25,329  
guess I'm easily persuaded so that's

912  
00:42:30,030 --> 00:42:28,270  
something that why was the timing off

913  
00:42:31,470 --> 00:42:30,040

that he wasn't he found it too late and

914

00:42:33,150 --> 00:42:31,480

he wasn't able to include it in the film

915

00:42:35,430 --> 00:42:33,160

again that's something I would thinking

916

00:42:38,730 --> 00:42:35,440

you would want to put in the movie well

917

00:42:41,039 --> 00:42:38,740

we could and I'm gonna throw some shade

918

00:42:43,680 --> 00:42:41,049

towards Stan Freeman but the reason why

919

00:42:46,950 --> 00:42:43,690

I think Kringle did not go on camera is

920

00:42:49,980 --> 00:42:46,960

because Stan Freeman bugged him so much

921

00:42:51,569 --> 00:42:49,990

after that podcast was released stanton

922

00:42:55,049 --> 00:42:51,579

called him a bunch of times it came a

923

00:42:55,660 --> 00:42:55,059

hard time and basically what it came of

924

00:42:58,539 --> 00:42:55,670

is

925

00:43:01,089 --> 00:42:58,549

Stanton still maintained it well yeah he

926  
00:43:04,510 --> 00:43:01,099  
was a boss almost but he wasn't a

927  
00:43:06,520 --> 00:43:04,520  
physicist yeah I have an opinion on that

928  
00:43:09,520 --> 00:43:06,530  
here's what really bothers me

929  
00:43:11,200 --> 00:43:09,530  
the idea that dr. Kringle would be would

930  
00:43:13,299 --> 00:43:11,210  
not have the capacity to distinguish

931  
00:43:16,059 --> 00:43:13,309  
between someone that is a physicists and

932  
00:43:20,260 --> 00:43:16,069  
not is ridiculous if indeed it was

933  
00:43:22,450 --> 00:43:20,270  
difficult to discern the job description

934  
00:43:25,809 --> 00:43:22,460  
of different people then he probably in

935  
00:43:28,210 --> 00:43:25,819  
his conversation with he in his

936  
00:43:29,559 --> 00:43:28,220  
conversation that were referencing he

937  
00:43:32,559 --> 00:43:29,569  
would have been like well I can't be

938  
00:43:35,380 --> 00:43:32,569

sure he was a scientist but I think he

939

00:43:37,240 --> 00:43:35,390

was but his language is is Chris still

940

00:43:39,789 --> 00:43:37,250

clear he was asked without any

941

00:43:42,010 --> 00:43:39,799

qualifications do you know that Bob

942

00:43:45,940 --> 00:43:42,020

Lazar was a physicist at Los Alamos he

943

00:43:47,920 --> 00:43:45,950

said yes this idea that you can read you

944

00:43:49,809 --> 00:43:47,930

can read through the transcript and come

945

00:43:51,700 --> 00:43:49,819

to any other conclusion absolutely it

946

00:43:54,250 --> 00:43:51,710

boggles my mind and anyone who has

947

00:43:55,870 --> 00:43:54,260

trouble deciphering what's going on in

948

00:43:56,950 --> 00:43:55,880

that transcript to me just has

949

00:44:00,220 --> 00:43:56,960

overwhelming bias

950

00:44:02,410 --> 00:44:00,230

I just just to jump in really quick

951  
00:44:04,390 --> 00:44:02,420  
grant Cameron in the chat says Bigelow

952  
00:44:06,760 --> 00:44:04,400  
bought up everything to do with UFOs it

953  
00:44:08,920 --> 00:44:06,770  
was nothing personal so that there's a

954  
00:44:16,210 --> 00:44:08,930  
there's grant with his feedback on all

955  
00:44:20,440 --> 00:44:16,220  
that oh no I was gonna say you're for

956  
00:44:22,630 --> 00:44:20,450  
Jesus sorry right right point it's it

957  
00:44:25,480 --> 00:44:22,640  
boils down to jealousy the end the

958  
00:44:27,160 --> 00:44:25,490  
implications of what does it mean the

959  
00:44:29,950 --> 00:44:27,170  
fact that bob was telling the truth

960  
00:44:31,930 --> 00:44:29,960  
it's huge implications and some people

961  
00:44:34,089 --> 00:44:31,940  
don't want and to deal with that they

962  
00:44:37,210 --> 00:44:34,099  
don't want the paradigm to be shifted

963  
00:44:39,670 --> 00:44:37,220

any way shape or form honestly I feel

964

00:44:42,940 --> 00:44:39,680

there's a few useful researchers I'm not

965

00:44:45,099 --> 00:44:42,950

gonna name names who don't want this to

966

00:44:46,839 --> 00:44:45,109

be solved not that we're gonna solve it

967

00:44:49,089 --> 00:44:46,849

but they don't want to be solved they

968

00:44:50,950 --> 00:44:49,099

they want it now I don't want to say

969

00:44:52,960 --> 00:44:50,960

like they're they're chasing the

970

00:44:57,430 --> 00:44:52,970

almighty dollar but they don't want

971

00:45:03,039 --> 00:44:57,440

solved in this so much that what Lazar

972

00:45:05,020 --> 00:45:03,049

says is does seem like some of them have

973

00:45:06,970 --> 00:45:05,030

an ulterior motive in my opinion and

974

00:45:08,559 --> 00:45:06,980

yeah look if I'm if I'm off-base then

975

00:45:09,430 --> 00:45:08,569

someone show me how I'm off-base and

976

00:45:12,460 --> 00:45:09,440

I'll stand correct

977

00:45:16,630 --> 00:45:12,470

but when I look at that transcript that

978

00:45:19,260 --> 00:45:16,640

was had with Crangle just it's so

979

00:45:22,359 --> 00:45:19,270

crystal clear and this is a guy with a

980

00:45:24,880 --> 00:45:22,369

PhD from MIT very scientific minded very

981

00:45:26,829 --> 00:45:24,890

exacting in his language that's sort of

982

00:45:29,950 --> 00:45:26,839

the culture and for him to say friend to

983

00:45:32,140 --> 00:45:29,960

be asked was he a physicist do you know

984

00:45:34,329 --> 00:45:32,150

that he was a physicist at Los Alamos

985

00:45:37,030 --> 00:45:34,339

and he would in his responses yes I just

986

00:45:38,559 --> 00:45:37,040

I just blows my mind that people try to

987

00:45:40,210 --> 00:45:38,569

do all kinds of mental gymnastics and

988

00:45:41,920 --> 00:45:40,220

say well that doesn't necessarily mean

989

00:45:43,300 --> 00:45:41,930

he knew well if he didn't know he was a

990

00:45:45,280 --> 00:45:43,310

scientist then he would have been he

991

00:45:46,990 --> 00:45:45,290

would have qualified and said well it's

992

00:45:49,000 --> 00:45:47,000

really difficult at Los Alamos because

993

00:45:50,290 --> 00:45:49,010

there's technicians there's janitors

994

00:45:52,359 --> 00:45:50,300

there's this and there's that so I'm not

995

00:45:54,309 --> 00:45:52,369

sure he there was no hesitation he just

996

00:45:54,700 --> 00:45:54,319

said yeah I my understanding is he was a

997

00:45:56,589 --> 00:45:54,710

Sukkah

998

00:45:59,349 --> 00:45:56,599

he was a scientist and the idea that an

999

00:46:01,300 --> 00:45:59,359

Internet expert would be better equipped

1000

00:46:04,000 --> 00:46:01,310

to discern whether someone was a

1001  
00:46:05,859 --> 00:46:04,010  
scientist or not in comparison to a guy

1002  
00:46:09,370 --> 00:46:05,869  
who actually worked at the facility is

1003  
00:46:12,460 --> 00:46:09,380  
absolutely ridiculous Ryan helped me out

1004  
00:46:15,069 --> 00:46:12,470  
in the interview doesn't Crangle say

1005  
00:46:22,200 --> 00:46:15,079  
that he said in a security briefing with

1006  
00:46:28,630 --> 00:46:25,329  
denying facts at this point you're just

1007  
00:46:34,390 --> 00:46:28,640  
denying facts so I'm just gonna call you

1008  
00:46:37,900 --> 00:46:34,400  
up with UFO Jesus do we have anything

1009  
00:46:39,579 --> 00:46:37,910  
else on the movie well I wanted to bring

1010  
00:46:43,359 --> 00:46:39,589  
up what Bob thought were the most

1011  
00:46:45,370 --> 00:46:43,369  
important points to him of all and that

1012  
00:46:47,349 --> 00:46:45,380  
is the suppression of extremely advanced

1013  
00:46:49,630 --> 00:46:47,359

technology and the suppression of

1014

00:46:53,290 --> 00:46:49,640

unknown science that's what he said he

1015

00:46:56,829 --> 00:46:53,300

said those two things are the most

1016

00:46:59,650 --> 00:46:56,839

important to him and he also felt that

1017

00:47:01,809 --> 00:46:59,660

there is another civilization out there

1018

00:47:03,760 --> 00:47:01,819

extra to extraterrestrial civilization

1019

00:47:06,069 --> 00:47:03,770

and that it's a crime not to tell

1020

00:47:08,140 --> 00:47:06,079

humanity about that and I just thought

1021

00:47:10,450 --> 00:47:08,150

it was interesting that he said that we

1022

00:47:13,839 --> 00:47:10,460

have in our possession meaning the US

1023

00:47:18,380 --> 00:47:13,849

government artifacts from extra from an

1024

00:47:25,080 --> 00:47:21,630

again its implications I mean that there

1025

00:47:26,430 --> 00:47:25,090

is daunting to some people so they of

1026

00:47:28,770 --> 00:47:26,440

course are gonna deny it

1027

00:47:31,230 --> 00:47:28,780

that they don't want to have anything to

1028

00:47:33,930 --> 00:47:31,240

do with that they they'll go and they'll

1029

00:47:36,810 --> 00:47:33,940

say well the ET hypothesis doesn't

1030

00:47:40,830 --> 00:47:36,820

explain this or that and I get that but

1031

00:47:43,800 --> 00:47:40,840

the fact that we have nine craft because

1032

00:47:48,270 --> 00:47:43,810

that's what Lazar said that we had is

1033

00:47:50,460 --> 00:47:48,280

huge I I don't think that he would want

1034

00:47:52,770 --> 00:47:50,470

to just make up a random number and say

1035

00:47:54,420 --> 00:47:52,780

oh yeah we had nine or I saw nine I

1036

00:47:56,580 --> 00:47:54,430

don't think he's that kind of person but

1037

00:47:58,260 --> 00:47:56,590

it again it's the implications and

1038

00:48:01,320 --> 00:47:58,270

people don't want to have to deal with

1039

00:48:05,220 --> 00:48:01,330

that I don't know why I mean I know why

1040

00:48:08,099 --> 00:48:05,230

I think I know why but it's it's just

1041

00:48:10,890 --> 00:48:08,109

you said that people don't want to they

1042

00:48:13,530 --> 00:48:10,900

can't get past that point and it's

1043

00:48:15,630 --> 00:48:13,540

interesting that Lazar his inclination

1044

00:48:19,800 --> 00:48:15,640

is that these crafts were discovered in

1045

00:48:22,410 --> 00:48:19,810

an archaeological excavation my

1046

00:48:23,940 --> 00:48:22,420

perspective on how these craft where did

1047

00:48:26,790 --> 00:48:23,950

you pick that up Ryan I don't see that

1048

00:48:28,770 --> 00:48:26,800

in the movie uh I don't think it was in

1049

00:48:33,630 --> 00:48:28,780

the movie but I've I just I do is a

1050

00:48:38,220 --> 00:48:33,640

coast to coast it was on that that's

1051  
00:48:40,109 --> 00:48:38,230  
that's his belief he qualifies that with

1052  
00:48:42,960 --> 00:48:40,119  
he doesn't know that's true he's not

1053  
00:48:44,430 --> 00:48:42,970  
saying he has any can't substantiate it

1054  
00:48:46,230 --> 00:48:44,440  
but from the mutterings that he heard

1055  
00:48:48,390 --> 00:48:46,240  
when he was working at s4 from like his

1056  
00:48:50,760 --> 00:48:48,400  
superiors for some reason that picked

1057  
00:48:53,790 --> 00:48:50,770  
that picture is painted for hit for him

1058  
00:48:55,440 --> 00:48:53,800  
okay but and I you know let's say Lazar

1059  
00:48:57,420 --> 00:48:55,450  
is telling the truth and I like I said

1060  
00:48:58,920 --> 00:48:57,430  
I'm 5050 but I would not be surprised if

1061  
00:49:01,859 --> 00:48:58,930  
he's telling the truth at all I suspect

1062  
00:49:03,630 --> 00:49:01,869  
that he might be and it to be clear this

1063  
00:49:06,060 --> 00:49:03,640

is my overall picture he's either

1064

00:49:08,790 --> 00:49:06,070

telling the truth or he's a

1065

00:49:10,829 --> 00:49:08,800

disinformation agent i I do not believe

1066

00:49:13,050 --> 00:49:10,839

that he I have a hard time believing

1067

00:49:15,329 --> 00:49:13,060

he's just has this deeply imbedded

1068

00:49:17,670 --> 00:49:15,339

pathology that is manifested in the way

1069

00:49:18,780 --> 00:49:17,680

it has for thirty years and people say

1070

00:49:21,300 --> 00:49:18,790

well why would he be a disinformation

1071

00:49:23,099 --> 00:49:21,310

agent by by saying the things he said it

1072

00:49:24,839 --> 00:49:23,109

put all the eyes on on area 51 and

1073

00:49:27,060 --> 00:49:24,849

that's a fair point but at the same time

1074

00:49:28,650 --> 00:49:27,070

now maybe this is far-fetched I don't

1075

00:49:30,810 --> 00:49:28,660

know I'm not an intelligence officer but

1076

00:49:31,859 --> 00:49:30,820

let's say maybe what Bob Lazar wanted to

1077

00:49:34,259 --> 00:49:31,869

do or the people

1078

00:49:35,940 --> 00:49:34,269

hired him because he did talk about the

1079

00:49:38,940 --> 00:49:35,950

technology he talked about how it worked

1080

00:49:40,440 --> 00:49:38,950

and some of the physics behind it you

1081

00:49:41,579 --> 00:49:40,450

could make the argument I don't know if

1082

00:49:42,749 --> 00:49:41,589

it's a good argument but you could make

1083

00:49:44,549 --> 00:49:42,759

the argument that he was trying to throw

1084

00:49:48,210 --> 00:49:44,559

the Russians and the Chinese off on

1085

00:49:49,650 --> 00:49:48,220

exactly how these crafts work and so in

1086

00:49:51,960 --> 00:49:49,660

that in that sense he was a

1087

00:49:53,910 --> 00:49:51,970

disinformation agents but anyway so

1088

00:49:55,410 --> 00:49:53,920

that's just a guess I'm not even saying

1089

00:50:00,230 --> 00:49:55,420

I believe that or think that's that that

1090

00:50:02,430 --> 00:50:00,240

it's likely but the whole excavation

1091

00:50:04,049 --> 00:50:02,440

hypothesis that Lazar has is really

1092

00:50:07,829 --> 00:50:04,059

interesting it's it suggests that these

1093

00:50:09,509 --> 00:50:07,839

craft are ancient and but my perspective

1094

00:50:12,120 --> 00:50:09,519

would be this I don't believe for a

1095

00:50:14,220 --> 00:50:12,130

second that if they were excavated that

1096

00:50:16,529 --> 00:50:14,230

it's just random and humans just came

1097

00:50:20,009 --> 00:50:16,539

across it if a really advanced

1098

00:50:21,720 --> 00:50:20,019

civilization left craft somewhere that

1099

00:50:23,759 --> 00:50:21,730

are fully operational and in perfect

1100

00:50:25,410 --> 00:50:23,769

condition then they did so for a purpose

1101  
00:50:30,470 --> 00:50:25,420  
they didn't just see be like you know we

1102  
00:50:39,390 --> 00:50:33,690  
of the monolith on the moon in 2001 a

1103  
00:50:42,870 --> 00:50:39,400  
Space Odyssey yeah there was 500 pounds

1104  
00:50:45,809 --> 00:50:42,880  
of 115 somewhere with the craft yeah I

1105  
00:50:48,059 --> 00:50:45,819  
mean this goes to the point and I don't

1106  
00:50:51,089 --> 00:50:48,069  
I can't remember if I ate the last time

1107  
00:50:54,630 --> 00:50:51,099  
I was on that in the 1950s the CIA work

1108  
00:50:56,849 --> 00:50:54,640  
across the globe trying to find ancient

1109  
00:51:01,549 --> 00:50:56,859  
technologies and could this have been

1110  
00:51:04,650 --> 00:51:01,559  
not part of weren't that over the Nazis

1111  
00:51:06,960 --> 00:51:04,660  
because James we're gonna get grilled

1112  
00:51:09,239 --> 00:51:06,970  
here people are gonna get us crispy if

1113  
00:51:09,900 --> 00:51:09,249

we go down that road but yes you are

1114

00:51:13,249 --> 00:51:09,910

correct

1115

00:51:16,109 --> 00:51:13,259

I mean yeah I mean that's a possibility

1116

00:51:18,329 --> 00:51:16,119

no it's a fact that the Nazis went to

1117

00:51:19,559 --> 00:51:18,339

Antarctica no debating that they there

1118

00:51:22,319 --> 00:51:19,569

and they put their flags and everything

1119

00:51:23,880 --> 00:51:22,329

oh whether what we're doing there you

1120

00:51:25,049 --> 00:51:23,890

can try to debate that but the people

1121

00:51:32,339 --> 00:51:25,059

that were behind that we're into the

1122

00:51:34,410 --> 00:51:32,349

occult and the side note yeah okay so uh

1123

00:51:37,259 --> 00:51:34,420

so we're good on the movie now everybody

1124

00:51:39,059 --> 00:51:37,269

has everything out on the Korbel film

1125

00:51:40,930 --> 00:51:39,069

about Bob that they're they want to

1126

00:51:43,850 --> 00:51:40,940

discuss

1127

00:51:46,970 --> 00:51:43,860

yeah I mean okay so I'll bring it up

1128

00:51:48,440 --> 00:51:46,980

it's just a side thing um Bob in the

1129

00:51:50,960 --> 00:51:48,450

movie said here's a device that's

1130

00:51:54,860 --> 00:51:50,970

producing gravity and using it as

1131

00:52:01,580 --> 00:51:54,870

propulsion but then I listened to his

1132

00:52:05,720 --> 00:52:01,590

own documentary and he said that there

1133

00:52:09,710 --> 00:52:05,730

was no way that anything could produce

1134

00:52:11,600 --> 00:52:09,720

gravity for propulsion technology so I

1135

00:52:14,660 --> 00:52:11,610

just it could not it could not produce

1136

00:52:17,810 --> 00:52:14,670

gravity so you know in in the corbels

1137

00:52:19,940 --> 00:52:17,820

film he said that there's a device that

1138

00:52:23,060 --> 00:52:19,950

he saw being the craft that could

1139

00:52:25,640 --> 00:52:23,070

produce gravity and then in his old

1140

00:52:26,870 --> 00:52:25,650

documentary ten minutes into the film he

1141

00:52:30,260 --> 00:52:26,880

said he didn't know of anything that

1142

00:52:33,680 --> 00:52:30,270

could produce gravity so maybe he

1143

00:52:35,540 --> 00:52:33,690

contradicted himself and fixed that

1144

00:52:38,360 --> 00:52:35,550

later but I didn't catch it but he did

1145

00:52:40,370 --> 00:52:38,370

contradict himself not me okay yeah and

1146

00:52:43,130 --> 00:52:40,380

let's uh let's get over now since I we

1147

00:52:46,370 --> 00:52:43,140

pretty much wrapped up the Korbel film

1148

00:52:49,310 --> 00:52:46,380

has everybody here seen the original bob

1149

00:52:51,380 --> 00:52:49,320

documentary from 1992 that's when I was

1150

00:52:52,280 --> 00:52:51,390

referring to you right right yeah okay

1151

00:52:54,920 --> 00:52:52,290

you seen it

1152

00:52:57,560 --> 00:52:54,930

Ryan the chance to watch that yeah Chris

1153

00:53:00,500 --> 00:52:57,570

have you watched it yep yeah okay now

1154

00:53:03,290 --> 00:53:00,510

basically that documentary a bob broke

1155

00:53:07,040 --> 00:53:03,300

it up into a couple different parts part

1156

00:53:10,370 --> 00:53:07,050

one he talked about the ships and framed

1157

00:53:14,480 --> 00:53:10,380

it in such a way that this was material

1158

00:53:17,120 --> 00:53:14,490

that he himself could verify then in the

1159

00:53:20,300 --> 00:53:17,130

second part of the documentary that he

1160

00:53:22,640 --> 00:53:20,310

produced he discussed being taken into a

1161

00:53:25,580 --> 00:53:22,650

room and shown a number of documents

1162

00:53:29,540 --> 00:53:25,590

essentially an alien Bible sort of type

1163

00:53:31,700 --> 00:53:29,550

thing where the entire history of man's

1164

00:53:34,160 --> 00:53:31,710

interaction with the aliens they were

1165

00:53:39,230 --> 00:53:34,170

specifically identified as coming from

1166

00:53:42,140 --> 00:53:39,240

Zita Reticuli and so on let's talk about

1167

00:53:46,160 --> 00:53:42,150

that a little bit I myself I think it's

1168

00:53:48,650 --> 00:53:46,170

a very it's interesting but I will say

1169

00:53:49,940 --> 00:53:48,660

this right off the top and Bob was very

1170

00:53:52,049 --> 00:53:49,950

specific about this in his own

1171

00:53:53,910 --> 00:53:52,059

documentary too that he couldn't

1172

00:53:55,559 --> 00:53:53,920

verify it that he didn't necessarily and

1173

00:53:57,449 --> 00:53:55,569

the implication there is he didn't

1174

00:54:01,410 --> 00:53:57,459

necessarily believe what he was reading

1175

00:54:04,799 --> 00:54:01,420

was true either and I have to say that

1176  
00:54:07,979 --> 00:54:04,809  
some of that material shown that he went

1177  
00:54:10,739 --> 00:54:07,989  
over sounds very much like a lot of FO Z

1178  
00:54:13,049 --> 00:54:10,749  
which is the Air Force Office of Special

1179  
00:54:15,989 --> 00:54:13,059  
Investigations like a lot of a fuzzy

1180  
00:54:20,519 --> 00:54:15,999  
disinformation that was circulating in

1181  
00:54:23,489 --> 00:54:20,529  
that time frame where they you know I

1182  
00:54:24,959 --> 00:54:23,499  
would tie sort of known facts that are

1183  
00:54:28,410 --> 00:54:24,969  
floating around in the field and that

1184  
00:54:31,819 --> 00:54:28,420  
the the majestic 12 documents they say

1185  
00:54:35,160 --> 00:54:31,829  
that there was a meeting regarding

1186  
00:54:40,319 --> 00:54:35,170  
forming this majestic 12 organisation in

1187  
00:54:42,359 --> 00:54:40,329  
the Oval Office where Truman James

1188  
00:54:45,179 --> 00:54:42,369

Forrestal and Secretary of Defense and

1189

00:54:47,130 --> 00:54:45,189

Vannevar Bush who would headed up the

1190

00:54:48,989 --> 00:54:47,140

organization that oversaw the Manhattan

1191

00:54:51,179 --> 00:54:48,999

Project was also the founder of the

1192

00:54:53,789 --> 00:54:51,189

Raytheon Corporation that they were

1193

00:54:57,839 --> 00:54:53,799

present and that's where the majestic 12

1194

00:54:59,640 --> 00:54:57,849

was founded and that meeting did take

1195

00:55:01,019 --> 00:54:59,650

place those three individuals were there

1196

00:55:05,009 --> 00:55:01,029

that is a fact

1197

00:55:07,529 --> 00:55:05,019

another interesting note regarding the

1198

00:55:10,799 --> 00:55:07,539

serpo information which some of you

1199

00:55:15,229 --> 00:55:10,809

might be familiar with that that ties

1200

00:55:19,979 --> 00:55:15,239

this alleged meeting between ETS and

1201

00:55:22,199 --> 00:55:19,989

folks at military Air Force Base ties it

1202

00:55:24,410 --> 00:55:22,209

to a real specific date which happens to

1203

00:55:30,209 --> 00:55:24,420

be the same date of the Lonnie Zamora

1204

00:55:31,769 --> 00:55:30,219

Sikora sighting April 24th 1964 so they

1205

00:55:35,819 --> 00:55:31,779

have a tendency to do that

1206

00:55:38,309 --> 00:55:35,829

and Bob's saying that it's known to them

1207

00:55:41,489 --> 00:55:38,319

that these particular ETS are from the

1208

00:55:42,809 --> 00:55:41,499

Zeta Reticuli of course anybody who

1209

00:55:45,989 --> 00:55:42,819

knows anything about the Betty and

1210

00:55:48,269 --> 00:55:45,999

Barney Hill case knows that the starmap

1211

00:55:51,479 --> 00:55:48,279

that that Betty drew was sort of a

1212

00:55:53,519 --> 00:55:51,489

reverse engineered by someone and they

1213

00:55:56,969 --> 00:55:53,529

came up with that star alignment as a

1214

00:56:01,049 --> 00:55:56,979

matching view of the Earth from the Zeta

1215

00:56:03,929 --> 00:56:01,059

Reticuli system so any any thoughts on

1216

00:56:04,440 --> 00:56:03,939

the material that Bob went through in

1217

00:56:08,550 --> 00:56:04,450

that

1218

00:56:11,430 --> 00:56:08,560

second half of his presentation you know

1219

00:56:12,930 --> 00:56:11,440

all this information all of it or most

1220

00:56:14,310 --> 00:56:12,940

of it was this information I agree with

1221

00:56:16,079 --> 00:56:14,320

you I mean think of it this way

1222

00:56:18,150 --> 00:56:16,089

this is s4 this is the most secretive

1223

00:56:20,700 --> 00:56:18,160

project in the world the most secretive

1224

00:56:22,620 --> 00:56:20,710

project in the US military what would

1225

00:56:26,490 --> 00:56:22,630

what would what would be their incentive

1226  
00:56:29,010 --> 00:56:26,500  
to give physicists precise information

1227  
00:56:31,020 --> 00:56:29,020  
on some of this history I don't I don't

1228  
00:56:32,609 --> 00:56:31,030  
see it it would not it would not help

1229  
00:56:35,250 --> 00:56:32,619  
them achieve their goal of

1230  
00:56:38,339 --> 00:56:35,260  
back-engineering the craft so they would

1231  
00:56:39,870 --> 00:56:38,349  
they would use that as an opportunity to

1232  
00:56:42,000 --> 00:56:39,880  
spread this information so that if

1233  
00:56:44,160 --> 00:56:42,010  
someone spills their guts and talks

1234  
00:56:46,829 --> 00:56:44,170  
about these briefings it'll be easy to

1235  
00:56:49,260 --> 00:56:46,839  
discredit them I would go so far as that

1236  
00:56:50,940 --> 00:56:49,270  
I actually believe that the that it's

1237  
00:56:53,040 --> 00:56:50,950  
possible that the different employees

1238  
00:56:54,839 --> 00:56:53,050

that read those briefings read slightly

1239

00:56:57,510 --> 00:56:54,849

different information so that they could

1240

00:56:59,400 --> 00:56:57,520

track whoever was leaking information by

1241

00:57:01,380 --> 00:56:59,410

because each individual that worked at

1242

00:57:03,870 --> 00:57:01,390

s4 was giving given slightly different

1243

00:57:06,420 --> 00:57:03,880

information in the briefing so that's my

1244

00:57:08,430 --> 00:57:06,430

perspective on it Ryan I'm thinking that

1245

00:57:11,849 --> 00:57:08,440

maybe you work for some sort of military

1246

00:57:13,800 --> 00:57:11,859

intelligence organization that was holy

1247

00:57:18,020 --> 00:57:13,810

mackerel there man that is some

1248

00:57:27,000 --> 00:57:20,809

[Laughter]

1249

00:57:29,790 --> 00:57:27,010

from Ryan that is correct I mean you are

1250

00:57:32,819 --> 00:57:29,800

right this is the time of Paul bennewitz

1251

00:57:35,040 --> 00:57:32,829

and people I don't know if it's in that

1252

00:57:37,170 --> 00:57:35,050

documentary I know that Bob deserves

1253

00:57:40,349 --> 00:57:37,180

talked about this in those briefing

1254

00:57:44,339 --> 00:57:40,359

documents Dulce is mentioned in those

1255

00:57:47,190 --> 00:57:44,349

documents and again that goes back to

1256

00:57:48,089 --> 00:57:47,200

rich Dodi and Paul bennewitz and that

1257

00:57:51,510 --> 00:57:48,099

whole affair

1258

00:57:54,740 --> 00:57:51,520

so yes I'm in the camp of Ryan that they

1259

00:57:58,140 --> 00:57:54,750

just fed all that was just garbage and

1260

00:58:01,140 --> 00:57:58,150

maybe that was a easy way to track if

1261

00:58:05,910 --> 00:58:01,150

anybody spilled yes we could track it

1262

00:58:09,270 --> 00:58:05,920

back to them or the other idea is they

1263

00:58:12,630 --> 00:58:09,280

knew that this guy was going to have

1264

00:58:15,960 --> 00:58:12,640

issues at some point and spill the beans

1265

00:58:18,150 --> 00:58:15,970

and this speaks to what Cameron has

1266

00:58:20,220 --> 00:58:18,160

always said that they wanted

1267

00:58:22,470 --> 00:58:20,230

to happen now I'm not saying that this

1268

00:58:26,490 --> 00:58:22,480

is the case but I could see that

1269

00:58:27,410 --> 00:58:26,500

possibly being the case I mean what you

1270

00:58:30,420 --> 00:58:27,420

guys think

1271

00:58:33,089 --> 00:58:30,430

well my thinking is there's two

1272

00:58:35,910 --> 00:58:33,099

possibilities here that Bob made up that

1273

00:58:37,470 --> 00:58:35,920

aspect of the story which means that he

1274

00:58:40,670 --> 00:58:37,480

would have had the written write all

1275

00:58:43,440 --> 00:58:40,680

this out and essentially know some old

1276

00:58:45,240 --> 00:58:43,450

Fozzie tricks at that point in time

1277

00:58:47,009 --> 00:58:45,250

where I think I were a little bit more

1278

00:58:48,990 --> 00:58:47,019

aware of them now but I'm not sure how

1279

00:58:50,370 --> 00:58:49,000

aware of them we were back in the

1280

00:58:52,890 --> 00:58:50,380

timeframe where he produced this film

1281

00:58:56,190 --> 00:58:52,900

back in 92 so I think there's two

1282

00:58:58,380 --> 00:58:56,200

possibilities that that Bob is

1283

00:58:59,940 --> 00:58:58,390

accurately recounting that aspect of the

1284

00:59:02,039 --> 00:58:59,950

story that he was brought in that he was

1285

00:59:04,230 --> 00:59:02,049

shown these documents and that's what

1286

00:59:06,299 --> 00:59:04,240

was in there what he recounted and I'm

1287

00:59:09,749 --> 00:59:06,309

leaning towards I won't say that I

1288

00:59:12,359 --> 00:59:09,759

believe it but I'm saying it's the

1289

00:59:14,069 --> 00:59:12,369

simpler explanation that that did in

1290

00:59:18,920 --> 00:59:14,079

fact happen pretty much the way he

1291

00:59:23,009 --> 00:59:21,539

yeah I think they probably had that

1292

00:59:24,690 --> 00:59:23,019

there and and you know maybe I could

1293

00:59:26,819 --> 00:59:24,700

have been an element that they was all

1294

00:59:29,849 --> 00:59:26,829

fabricated just to discredit him as well

1295

00:59:34,049 --> 00:59:29,859

if he ever were to talk I think that's a

1296

00:59:36,569 --> 00:59:34,059

great point what you just said yeah just

1297

00:59:38,249 --> 00:59:36,579

you know because you have the the

1298

00:59:39,930 --> 00:59:38,259

technical end that he was working on

1299

00:59:41,309 --> 00:59:39,940

then said oh well you know he started

1300

00:59:43,049 --> 00:59:41,319

talking and he starts talking about some

1301

00:59:49,349 --> 00:59:43,059

alien Bible it's gonna be all nonsense

1302

00:59:51,599 --> 00:59:49,359

right and do any of us think that that

1303

00:59:54,150 --> 00:59:51,609

we do actually know that these ETS are

1304

00:59:56,339 --> 00:59:54,160

in fact from a Zeta Reticuli and that

1305

00:59:58,349 --> 00:59:56,349

the humans who had been that genetically

1306

01:00:00,509 --> 00:59:58,359

manipulated a number of times over the

1307

01:00:02,519 --> 01:00:00,519

years and all that that do any of us

1308

01:00:05,640 --> 01:00:02,529

believe the material that that Bob

1309

01:00:07,009 --> 01:00:05,650

himself didn't exactly vouch for in his

1310

01:00:09,539 --> 01:00:07,019

presentation

1311

01:00:13,109 --> 01:00:09,549

nobody could verify that obviously I

1312

01:00:14,490 --> 01:00:13,119

mean and that's the point I think think

1313

01:00:26,009 --> 01:00:14,500

what you're asking is what's your gut

1314

01:00:27,930 --> 01:00:26,019

feeling right because Ryan's you know

1315

01:00:30,660 --> 01:00:27,940

we're kicking some ideas around yeah

1316

01:00:31,920 --> 01:00:30,670

yeah I don't know I have no idea but I

1317

01:00:35,190 --> 01:00:31,930

actually wanted

1318

01:00:37,799 --> 01:00:35,200

bring up something that chant reference

1319

01:00:41,730 --> 01:00:37,809

before which was the when Bob Lazar

1320

01:00:45,750 --> 01:00:41,740

talks about seeing the cadavers yet he

1321

01:00:48,059 --> 01:00:45,760

saw the cadavers in the briefings yeah

1322

01:00:49,890 --> 01:00:48,069

that's how we that's how he explained it

1323

01:00:51,720 --> 01:00:49,900

so he saw the cadavers in the briefings

1324

01:00:53,190 --> 01:00:51,730

and when he saw that and then he saw how

1325

01:00:55,529 --> 01:00:53,200

small the seats were that's what kind of

1326  
01:00:57,510 --> 01:00:55,539  
meet and put you know think and again

1327  
01:01:00,150 --> 01:00:57,520  
maybe that was planted therefore for

1328  
01:01:03,000 --> 01:01:00,160  
that reason here's this part I don't

1329  
01:01:05,250 --> 01:01:03,010  
understand so are the briefing that he's

1330  
01:01:07,289 --> 01:01:05,260  
talking about is it the same briefing

1331  
01:01:12,660 --> 01:01:07,299  
that he got an overview of dollar

1332  
01:01:14,849 --> 01:01:12,670  
projects projects going on basically

1333  
01:01:20,130 --> 01:01:14,859  
they're the last fifteen minutes or so

1334  
01:01:22,470 --> 01:01:20,140  
of his documentary to me and Ryan could

1335  
01:01:26,220 --> 01:01:22,480  
speak to this point too as for was not

1336  
01:01:28,589 --> 01:01:26,230  
conducive to scientific thinking right

1337  
01:01:30,120 --> 01:01:28,599  
because they are oppressive they didn't

1338  
01:01:32,250 --> 01:01:30,130

want you talking to anybody you could

1339

01:01:34,109 --> 01:01:32,260

only talk to one other guy you couldn't

1340

01:01:35,880 --> 01:01:34,119

work the problem with other scientists

1341

01:01:37,829 --> 01:01:35,890

there they certainly weren't getting the

1342

01:01:40,740 --> 01:01:37,839

best and brightest and they really

1343

01:01:43,650 --> 01:01:40,750

haven't gotten anywhere the prior guide

1344

01:01:48,690 --> 01:01:43,660

the Bob Lazar blew himself up by cutting

1345

01:01:53,339 --> 01:01:48,700

into the core of my antimatter reactor

1346

01:02:00,420 --> 01:01:53,349

so the point I'm trying to make is uh I

1347

01:02:02,579 --> 01:02:00,430

don't remember well one thing I don't

1348

01:02:05,039 --> 01:02:02,589

think people contemplate enough is why

1349

01:02:06,480 --> 01:02:05,049

is there so much secrecy people the

1350

01:02:07,349 --> 01:02:06,490

first thing people think of well we

1351

01:02:09,059 --> 01:02:07,359

don't want the Chinese and the Russians

1352

01:02:10,230 --> 01:02:09,069

to get this technology that's a part of

1353

01:02:12,150 --> 01:02:10,240

it but a big part of it that's not

1354

01:02:15,059 --> 01:02:12,160

talked about enough in my opinion is the

1355

01:02:17,609 --> 01:02:15,069

people that are running s4 they know

1356

01:02:20,370 --> 01:02:17,619

that if this was ever to come to light

1357

01:02:22,769 --> 01:02:20,380

if it was ever to come to light that

1358

01:02:25,349 --> 01:02:22,779

there's a there's a tiny speck within

1359

01:02:27,839 --> 01:02:25,359

the US government that has articles from

1360

01:02:29,490 --> 01:02:27,849

another star system they would get a

1361

01:02:31,049 --> 01:02:29,500

backlash the likes of which you can't

1362

01:02:33,000 --> 01:02:31,059

even possibly imagine the entire

1363

01:02:35,130 --> 01:02:33,010

scientific community would go after them

1364

01:02:36,720 --> 01:02:35,140

the media would go after them the

1365

01:02:38,460 --> 01:02:36,730

spiritual and religious community would

1366

01:02:40,650 --> 01:02:38,470

go after them every single human being

1367

01:02:43,079 --> 01:02:40,660

on this planet would hate their guts

1368

01:02:45,059 --> 01:02:43,089

with a passion and that is part of what

1369

01:02:45,840 --> 01:02:45,069

motivates these people at s4 to be so

1370

01:02:46,770 --> 01:02:45,850

secretive

1371

01:02:48,150 --> 01:02:46,780

they don't want to have to deal with

1372

01:02:51,600 --> 01:02:48,160

that they don't have to deal with the

1373

01:02:54,840 --> 01:02:51,610

legal repercussions of being of it being

1374

01:02:56,850 --> 01:02:54,850

found out that we have technology that

1375

01:02:59,520 --> 01:02:56,860

would completely rewrite the the books

1376

01:03:01,290 --> 01:02:59,530

on physics and completely rewrite human

1377

01:03:03,420 --> 01:03:01,300

history completely changed the

1378

01:03:05,730 --> 01:03:03,430

scientific paradigm yes a big part of it

1379

01:03:07,530 --> 01:03:05,740

is that Russia and China do not get this

1380

01:03:09,630 --> 01:03:07,540

technology but another big part of it is

1381

01:03:11,580 --> 01:03:09,640

because they would be the most despised

1382

01:03:14,160 --> 01:03:11,590

human beings on the face of this earth

1383

01:03:16,890 --> 01:03:14,170

if it was ever to come to light Brian to

1384

01:03:19,350 --> 01:03:16,900

your point and chant had made this point

1385

01:03:21,240 --> 01:03:19,360

the implications of you know we had this

1386

01:03:24,150 --> 01:03:21,250

technology it speaks to what Richard

1387

01:03:26,790 --> 01:03:24,160

Dolan says is a true breakaway

1388

01:03:30,000 --> 01:03:26,800

civilization these are guys that work at

1389

01:03:31,950 --> 01:03:30,010

a facility that when they go home they

1390

01:03:34,770 --> 01:03:31,960

know different science than you and I

1391

01:03:37,110 --> 01:03:34,780

they know other things that you and I

1392

01:03:39,810 --> 01:03:37,120

don't know so in essence it is a

1393

01:03:43,350 --> 01:03:39,820

breakaway civilization it's a a whole

1394

01:03:46,770 --> 01:03:43,360

plant onto itself s4 is a whole nother

1395

01:03:49,890 --> 01:03:46,780

planet I agree I know different things

1396

01:03:52,170 --> 01:03:49,900

that you and I don't I want to know how

1397

01:03:54,920 --> 01:03:52,180

much taxpayer money has gone there I

1398

01:03:57,810 --> 01:03:54,930

could guarantee it's probably trillions

1399

01:04:00,090 --> 01:03:57,820

it's a pretty scary thing and I think

1400

01:04:03,750 --> 01:04:00,100

Brian has a point they are scared

1401

01:04:06,990 --> 01:04:03,760

crapless of the repercussions that would

1402

01:04:09,750 --> 01:04:07,000

come back the blowback on them if this

1403

01:04:11,160 --> 01:04:09,760

ever truly got out they're not even

1404

01:04:12,930 --> 01:04:11,170

working within the purview of the US

1405

01:04:14,280 --> 01:04:12,940

government in some cell they're not part

1406

01:04:17,040 --> 01:04:14,290

of the US government they're like this

1407

01:04:18,780 --> 01:04:17,050

little island that has succeeded from

1408

01:04:21,060 --> 01:04:18,790

the United States and it's just it's

1409

01:04:24,030 --> 01:04:21,070

it's very dysfunctional across the board

1410

01:04:25,830 --> 01:04:24,040

and I hope that in that sometime very

1411

01:04:28,740 --> 01:04:25,840

soon this will all come to light because

1412

01:04:30,930 --> 01:04:28,750

I just it's such as well as RSA himself

1413

01:04:32,820 --> 01:04:30,940

said it's a tremendous injustice toward

1414

01:04:34,950 --> 01:04:32,830

the scientific community and into the

1415

01:04:36,840 --> 01:04:34,960

world at large I mean you just can't you

1416

01:04:39,360 --> 01:04:36,850

just can't not tell everyone about

1417

01:04:41,100 --> 01:04:39,370

something this big that that changes

1418

01:04:44,430 --> 01:04:41,110

everything we know about our existence

1419

01:04:47,010 --> 01:04:44,440

in this universe just that really one

1420

01:04:49,640 --> 01:04:47,020

quick point that is maybe a little bit

1421

01:04:52,620 --> 01:04:49,650

off track but not entirely about area 51

1422

01:04:57,030 --> 01:04:52,630

what a lot of people don't realize is it

1423

01:04:58,050 --> 01:04:57,040

was founded in 1955 to test the spy

1424

01:05:01,020 --> 01:04:58,060

planes the

1425

01:05:03,510 --> 01:05:01,030

you too I was tested there the sr-71 was

1426

01:05:06,510 --> 01:05:03,520

tested there it was founded by a fellow

1427

01:05:07,650 --> 01:05:06,520

named Kelly Johnson who headed up the

1428

01:05:11,250 --> 01:05:07,660

Lockheed skunkworks

1429

01:05:13,740 --> 01:05:11,260

the CIA went to him said look we want

1430

01:05:17,180 --> 01:05:13,750

the President Eisenhower once the spy

1431

01:05:20,310 --> 01:05:17,190

plane and we want to find out as a great

1432

01:05:25,040 --> 01:05:20,320

secret out-of-the-way place where we can

1433

01:05:27,210 --> 01:05:25,050

test it and Kelly Johnson was actually

1434

01:05:29,820 --> 01:05:27,220

at that point the head of the skunk

1435

01:05:33,060 --> 01:05:29,830

works but earlier while he was just

1436

01:05:35,490 --> 01:05:33,070

working there he had a couple of UFO

1437

01:05:38,670 --> 01:05:35,500

sightings himself so the connections

1438

01:05:40,620 --> 01:05:38,680

between UFOs and area 51 really go back

1439

01:05:43,020 --> 01:05:40,630

before grant was even broken on the

1440

01:05:45,050 --> 01:05:43,030

construction of the base Johnson had two

1441

01:05:48,990 --> 01:05:45,060

UFO sightings they're well documented

1442

01:05:51,600 --> 01:05:49,000

but one of them had himself on the

1443

01:05:53,730 --> 01:05:51,610

ground and then a military plane in the

1444

01:05:56,730 --> 01:05:53,740

air with four witnesses that both

1445

01:05:59,820 --> 01:05:56,740

witnessed the same UFO out died near

1446

01:06:02,130 --> 01:05:59,830

Point Mugu near Catalina Island which is

1447

01:06:04,110 --> 01:06:02,140

not too far from where the tic-tac case

1448

01:06:06,260 --> 01:06:04,120

took place so there are connections

1449

01:06:09,540 --> 01:06:06,270

going way back and then of course

1450

01:06:12,600 --> 01:06:09,550

Johnson's protege was a been rich and

1451

01:06:15,150 --> 01:06:12,610

his connections to UFOs are a little bit

1452

01:06:17,790 --> 01:06:15,160

better known his correspondence with

1453

01:06:21,180 --> 01:06:17,800

John Andrews where he said he does

1454

01:06:23,970 --> 01:06:21,190

believe in UFOs and also a little bit

1455

01:06:26,910 --> 01:06:23,980

later on the conversation that he had

1456

01:06:30,030 --> 01:06:26,920

with Jane Harsin who heads up MUFON

1457

01:06:31,500 --> 01:06:30,040

these days has been you know has been

1458

01:06:33,120 --> 01:06:31,510

out and about it so it's made the

1459

01:06:35,940 --> 01:06:33,130

circuit so I just wanted to jump in

1460

01:06:38,550 --> 01:06:35,950

there the connections may not have been

1461

01:06:41,640 --> 01:06:38,560

well the entire base itself was not

1462

01:06:44,190 --> 01:06:41,650

known until those are came about but the

1463

01:06:46,470 --> 01:06:44,200

connections that the UFOs go way back to

1464

01:06:48,300 --> 01:06:46,480

the the very beginning of that

1465

01:06:52,410 --> 01:06:48,310

particular base so I just wanted to get

1466

01:06:56,160 --> 01:06:52,420

that in there and okay let's get back to

1467

01:06:58,590 --> 01:06:56,170

Bob's documentary again any thoughts I

1468

01:07:00,960 --> 01:06:58,600

think we seem to be pretty much all on

1469

01:07:03,600 --> 01:07:00,970

the same page here that we do tend to

1470

01:07:05,370 --> 01:07:03,610

believe Lazar is part of the story that

1471

01:07:07,200 --> 01:07:05,380

he was shown these various and sundry

1472

01:07:09,690 --> 01:07:07,210

documents but that we don't necessarily

1473

01:07:10,579 --> 01:07:09,700

you believe that they are at all

1474

01:07:16,370 --> 01:07:10,589

accurate is that

1475

01:07:17,779 --> 01:07:16,380

about right pretty much on that yeah I

1476

01:07:21,890 --> 01:07:17,789

agree

1477

01:07:23,660 --> 01:07:21,900

okay okay all right and now let's say

1478

01:07:26,479 --> 01:07:23,670

let's get down to where the rubber sort

1479

01:07:28,910 --> 01:07:26,489

of meets the roads and this was covered

1480

01:07:31,370 --> 01:07:28,920

in the the movie a little bit Bob

1481

01:07:34,900 --> 01:07:31,380

covered it in that great detail in his

1482

01:07:38,779 --> 01:07:34,910

own documentary the infamous element 115

1483

01:07:40,339 --> 01:07:38,789

now I wanna I want to go over this a

1484

01:07:42,829 --> 01:07:40,349

little bit at that very important to

1485

01:07:46,249 --> 01:07:42,839

note I think that all of the elements

1486

01:07:48,519 --> 01:07:46,259

from 95 up through actually we're all

1487

01:07:50,749 --> 01:07:48,529

the way up to 118 at this point our

1488

01:07:53,209 --> 01:07:50,759

synthesized elements they're not natural

1489

01:07:57,170 --> 01:07:53,219

elements they are synthesized created

1490

01:08:00,289 --> 01:07:57,180

invented in laboratories so for Bob to

1491

01:08:03,620 --> 01:08:00,299

say back in 92 that there's gonna be an

1492

01:08:06,410 --> 01:08:03,630

element 115 I was really not going out

1493

01:08:08,089 --> 01:08:06,420

on a limb all that much seemed to me in

1494

01:08:11,269 --> 01:08:08,099

the movie though they were definitely

1495

01:08:14,719 --> 01:08:11,279

alluding to the point that the feeling

1496

01:08:16,160 --> 01:08:14,729

there is that the element 115 which is

1497

01:08:18,559 --> 01:08:16,170

known as Muscovy and when i was

1498

01:08:20,240 --> 01:08:18,569

mentioned in the movie and that they

1499

01:08:23,120 --> 01:08:20,250

seem to be holding the position that

1500

01:08:26,839 --> 01:08:23,130

Korbel and Lazar that element what that

1501  
01:08:28,700 --> 01:08:26,849  
the element 115 that Bob in fact worked

1502  
01:08:32,269 --> 01:08:28,710  
with or claims to have worked with at

1503  
01:08:34,820 --> 01:08:32,279  
area 51 is one in the same as moscovia

1504  
01:08:41,550 --> 01:08:34,830  
did anybody else pick up on that did I

1505  
01:08:47,539 --> 01:08:44,829  
[Laughter]

1506  
01:08:49,879 --> 01:08:47,549  
that's not the point did I that blew me

1507  
01:08:50,269 --> 01:08:49,889  
away with 114 defected when Jeremy

1508  
01:08:52,550 --> 01:08:50,279  
called

1509  
01:08:55,669 --> 01:08:52,560  
other scientists and the fact that the

1510  
01:08:59,479 --> 01:08:55,679  
other scientists called Bob Lazar to get

1511  
01:08:59,959 --> 01:08:59,489  
answers when dealing with 115 was huge

1512  
01:09:03,530 --> 01:08:59,969  
for me

1513  
01:09:05,780 --> 01:09:03,540

it's yeah another nugget of data that

1514

01:09:07,129 --> 01:09:05,790

supports his claim I guess for me but

1515

01:09:10,849 --> 01:09:07,139

well they bought it they obviously

1516

01:09:12,559 --> 01:09:10,859

bought into a story exactly yeah yeah

1517

01:09:14,450 --> 01:09:12,569

I'm a little bit skeptical

1518

01:09:17,269 --> 01:09:14,460

I can understand let's say let's assume

1519

01:09:20,059 --> 01:09:17,279

that everything that Bob says about that

1520

01:09:23,539 --> 01:09:20,069

aspect of his story is correct I can

1521

01:09:24,890 --> 01:09:23,549

understand how you know internally

1522

01:09:27,019 --> 01:09:24,900

it's an element that they weren't

1523

01:09:30,170 --> 01:09:27,029

familiar with at that point in time they

1524

01:09:32,780 --> 01:09:30,180

were up to element 114 so calling it 115

1525

01:09:35,890 --> 01:09:32,790

is not that big a deal to me and that

1526

01:09:38,329 --> 01:09:35,900

just so happens that the very next

1527

01:09:41,900 --> 01:09:38,339

element that happens to get synthesized

1528

01:09:44,990 --> 01:09:41,910

in a lab just happens to be the same

1529

01:09:47,480 --> 01:09:45,000

element that it seems to be they seem to

1530

01:09:49,070 --> 01:09:47,490

be claiming is one in the same that's

1531

01:09:50,420 --> 01:09:49,080

yeah I mean it was it was inevitable

1532

01:09:51,890 --> 01:09:50,430

that it would be synthesized in the

1533

01:09:52,210 --> 01:09:51,900

future so I agree with what you're

1534

01:09:54,800 --> 01:09:52,220

saying

1535

01:09:57,020 --> 01:09:54,810

well it's inevitable that another

1536

01:09:59,390 --> 01:09:57,030

element was going to be synthesized and

1537

01:10:00,680 --> 01:09:59,400

that just the same there are three

1538

01:10:13,580 --> 01:10:00,690

additional elements that have been

1539

01:10:18,020 --> 01:10:13,590

synthesized since so you can't have

1540

01:10:20,540 --> 01:10:18,030

element 1 6 1 1 16 without element 115

1541

01:10:21,410 --> 01:10:20,550

and just to quote Bob in that

1542

01:10:24,140 --> 01:10:21,420

documentary

1543

01:10:26,780 --> 01:10:24,150

he said the extraterrestrial craft power

1544

01:10:29,420 --> 01:10:26,790

source inside the reactor of the saucer

1545

01:10:32,600 --> 01:10:29,430

element 115 bombarded with a proton

1546

01:10:38,480 --> 01:10:32,610

which plugs into the nucleus of the 115

1547

01:10:40,880 --> 01:10:38,490

atom and becomes element 116 yes and

1548

01:10:43,520 --> 01:10:40,890

okay and then it immediately decays and

1549

01:10:46,340 --> 01:10:43,530

releases or radiates small amounts of

1550

01:10:49,010 --> 01:10:46,350

antimatter the antimatter is released in

1551  
01:10:50,960 --> 01:10:49,020  
a vacuum into a secure tube to keep it

1552  
01:10:53,930 --> 01:10:50,970  
from reacting to the matter around it it

1553  
01:10:57,200 --> 01:10:53,940  
is then directed to the gaseous matter

1554  
01:10:59,720 --> 01:10:57,210  
target at the end of the tube the matter

1555  
01:11:02,180 --> 01:10:59,730  
and adds matter collide and annihilate

1556  
01:11:04,340 --> 01:11:02,190  
converting to energy the heat from this

1557  
01:11:07,700 --> 01:11:04,350  
reaction is converted into electrical

1558  
01:11:11,270 --> 01:11:07,710  
energy at a near 100% efficient thermal

1559  
01:11:12,950 --> 01:11:11,280  
electric generator this is the device

1560  
01:11:15,950 --> 01:11:12,960  
that converts heat directly into

1561  
01:11:18,050 --> 01:11:15,960  
electrical energy to run the ship many

1562  
01:11:19,850 --> 01:11:18,060  
of our satellites and space probes use

1563  
01:11:21,800 --> 01:11:19,860

thermal electric generators to run

1564

01:11:24,050 --> 01:11:21,810

themselves but their efficiency is very

1565

01:11:27,010 --> 01:11:24,060

low anyway the point is is that element

1566

01:11:30,200 --> 01:11:27,020

115 once it decays turns into element

1567

01:11:34,490 --> 01:11:30,210

116 according to fall right right

1568

01:11:36,080 --> 01:11:34,500

now now we know that moscovia ms 115

1569

01:11:38,840 --> 01:11:36,090

livermorium is

1570

01:11:40,760 --> 01:11:38,850

69 I I he said that in his documentary

1571

01:11:43,940 --> 01:11:40,770

obviously before these elements were

1572

01:11:45,530 --> 01:11:43,950

synthesized in a lab but none of that

1573

01:11:47,330 --> 01:11:45,540

was mentioned I mean it wouldn't be

1574

01:11:49,340 --> 01:11:47,340

difficult for me to claim right now that

1575

01:11:52,430 --> 01:11:49,350

I had some sort of extraterrestrial

1576

01:11:54,650 --> 01:11:52,440

contact and they they tell me that no

1577

01:11:57,500 --> 01:11:54,660

are they're wrong it's element 119 and

1578

01:12:00,800 --> 01:11:57,510

it's important I'm an element 119 is

1579

01:12:02,630 --> 01:12:00,810

going to be synthesized in some lab

1580

01:12:05,030 --> 01:12:02,640

somewhere in the world and then I come

1581

01:12:07,490 --> 01:12:05,040

out and say see I'm vindicated there is

1582

01:12:10,490 --> 01:12:07,500

a one element 119 oh I'm right about all

1583

01:12:12,890 --> 01:12:10,500

that so I'm a little bit a little bit

1584

01:12:18,050 --> 01:12:12,900

skeptical of those claims and of course

1585

01:12:23,600 --> 01:12:18,060

that element 117 is tennis scene and 118

1586

01:12:27,470 --> 01:12:23,610

is or organ essen so so there's that but

1587

01:12:31,520 --> 01:12:27,480

that yeah elements from 95 on up they

1588

01:12:32,810 --> 01:12:31,530

are synthesized in labs and some point

1589

01:12:36,440 --> 01:12:32,820

in time in the future there's going to

1590

01:12:40,010 --> 01:12:36,450

be a 119 or 120 and so on up the road I

1591

01:12:44,000 --> 01:12:40,020

think that's inevitable and I hanging

1592

01:12:45,620 --> 01:12:44,010

hanging their hats on this one 15 I'm a

1593

01:12:46,450 --> 01:12:45,630

little bit skeptical of that part of the

1594

01:12:50,360 --> 01:12:46,460

story

1595

01:12:53,420 --> 01:12:50,370

yeah even even Jeremy said that that Bob

1596

01:12:55,340 --> 01:12:53,430

said to him afterwards when Jeremy

1597

01:12:57,310 --> 01:12:55,350

called him said hey 115 was synthesized

1598

01:12:59,750 --> 01:12:57,320

that Bob said law I had a 50/50 chance

1599

01:13:03,170 --> 01:12:59,760

so I mean he wasn't really hanging his

1600

01:13:05,180 --> 01:13:03,180

hat on that in that sense he was just

1601  
01:13:07,550 --> 01:13:05,190  
trying to explain what he thought he had

1602  
01:13:07,970 --> 01:13:07,560  
learned there oh you know buddy 50

1603  
01:13:10,160 --> 01:13:07,980  
chance

1604  
01:13:17,180 --> 01:13:10,170  
isn't that referencing the particle wave

1605  
01:13:19,940 --> 01:13:17,190  
versus yeah but either way Bob Lazar has

1606  
01:13:21,470 --> 01:13:19,950  
never pushed that as a as a piece of

1607  
01:13:27,020 --> 01:13:21,480  
evidence that he's telling the truth and

1608  
01:13:29,060 --> 01:13:27,030  
I agree with Frank that it's it's not a

1609  
01:13:30,830 --> 01:13:29,070  
big it's not it was inevitably going to

1610  
01:13:35,920 --> 01:13:30,840  
be synthesized so you really doesn't

1611  
01:13:43,550 --> 01:13:39,320  
but I do think that that is a big point

1612  
01:13:45,860 --> 01:13:43,560  
to die as that back in 89 he was

1613  
01:13:48,170 --> 01:13:45,870

emphasizing he was saying that gravity

1614

01:13:49,520 --> 01:13:48,180

is a wave and not a particle and if you

1615

01:13:50,000 --> 01:13:49,530

were to make up if you were to make up a

1616

01:13:55,010 --> 01:13:50,010

story

1617

01:13:56,240 --> 01:13:55,020

being true years into the future I don't

1618

01:13:59,570 --> 01:13:56,250

know about you but I'd be very

1619

01:14:01,760 --> 01:13:59,580

apprehensive pushing forward a theory

1620

01:14:03,800 --> 01:14:01,770

that at the very minimum had a 50%

1621

01:14:06,080 --> 01:14:03,810

chance being wrong long if you were a

1622

01:14:07,460 --> 01:14:06,090

charlatan and you were a con man that's

1623

01:14:09,950 --> 01:14:07,470

it that's an angle you probably would

1624

01:14:13,280 --> 01:14:09,960

try to avoid at all cost but those ARS

1625

01:14:15,290 --> 01:14:13,290

like nope it's a gravity is a wave it is

1626

01:14:17,690 --> 01:14:15,300

not a particle it's very adamant about

1627

01:14:19,790 --> 01:14:17,700

that and it was like five years ago that

1628

01:14:22,250 --> 01:14:19,800

they did experiments that vindicated him

1629

01:14:24,350 --> 01:14:22,260

and proved that yes indeed according to

1630

01:14:27,590 --> 01:14:24,360

modern-day science gravity is a wave and

1631

01:14:31,670 --> 01:14:27,600

it is not a particle right and so Bob

1632

01:14:33,350 --> 01:14:31,680

also pointed out that gravity there's

1633

01:14:36,320 --> 01:14:33,360

two different kinds of gravity and

1634

01:14:40,580 --> 01:14:36,330

that's there's gravity a which is a

1635

01:14:42,740 --> 01:14:40,590

small scale of gravity used for

1636

01:14:44,750 --> 01:14:42,750

interstellar travel according to him and

1637

01:14:46,910 --> 01:14:44,760

it's the strongest of the two kinds of

1638

01:14:49,550 --> 01:14:46,920

gravitational fields and he believes

1639

01:14:51,770 --> 01:14:49,560

it's gravity a is what aliens used to

1640

01:14:53,960 --> 01:14:51,780

help commandeer their crafts and that

1641

01:15:00,770 --> 01:14:53,970

gravity B is a big gravity field that

1642

01:15:04,760 --> 01:15:00,780

holds planets together for example again

1643

01:15:07,760 --> 01:15:04,770

in science you know and I think is worth

1644

01:15:08,990 --> 01:15:07,770

saying you know Lewis Elizondo has said

1645

01:15:10,490 --> 01:15:09,000

that we're getting very close to

1646

01:15:13,040 --> 01:15:10,500

understanding how this technology works

1647

01:15:14,900 --> 01:15:13,050

he said that I think it's fair to assume

1648

01:15:16,670 --> 01:15:14,910

that some of the deep dark

1649

01:15:18,590 --> 01:15:16,680

unacknowledged projects probably no more

1650

01:15:20,960 --> 01:15:18,600

than Elizondo knows but according to

1651

01:15:22,070 --> 01:15:20,970

what Elizondo was privy to he says we're

1652

01:15:24,830 --> 01:15:22,080

getting close to understand this

1653

01:15:26,720 --> 01:15:24,840

technology he says well I just I had

1654

01:15:28,430 --> 01:15:26,730

nothing there up too much but been

1655

01:15:30,860 --> 01:15:28,440

riches I've been quoted as saying that

1656

01:15:33,860 --> 01:15:30,870

they already understand that's true that

1657

01:15:35,150 --> 01:15:33,870

yes just I wanted to bring that out but

1658

01:15:37,250 --> 01:15:35,160

yeah I go ahead I'm sorry about that

1659

01:15:38,810 --> 01:15:37,260

Robert no that's a very good point too

1660

01:15:43,490 --> 01:15:38,820

to interject but what I was going to say

1661

01:15:45,440 --> 01:15:43,500

is what's interesting is is uh you know

1662

01:15:48,320 --> 01:15:45,450

at least a decade from now two decades

1663

01:15:50,600 --> 01:15:48,330

from now three decades from now if it

1664

01:15:52,460 --> 01:15:50,610

becomes in the public domain how this

1665

01:15:55,760 --> 01:15:52,470

technology actually works and it starts

1666

01:15:58,400 --> 01:15:55,770

to line up with what Bob Lazar said then

1667

01:15:59,810 --> 01:15:58,410

the people at s4 that part of the US

1668

01:16:03,620 --> 01:15:59,820

government they got a problem on their

1669

01:16:05,900 --> 01:16:03,630

hands because if if the technology

1670

01:16:07,910 --> 01:16:05,910

if what is conveyed about the technology

1671

01:16:10,520 --> 01:16:07,920

starts to line up with what Bob Lazar

1672

01:16:12,290 --> 01:16:10,530

said back in the 80s and what he still

1673

01:16:14,780 --> 01:16:12,300

says today there's your verification

1674

01:16:16,820 --> 01:16:14,790

there's your smoking gun I don't think

1675

01:16:18,440 --> 01:16:16,830

that to me would be a smoking gun if

1676

01:16:19,970 --> 01:16:18,450

they say well this is how it works and

1677

01:16:21,830 --> 01:16:19,980

it starts to mimic what Bob Lazar said

1678

01:16:23,810 --> 01:16:21,840

then you know that the whole entire

1679

01:16:24,890 --> 01:16:23,820

story was true and that's inevitable I

1680

01:16:27,170 --> 01:16:24,900

don't know if that will happen in our

1681

01:16:29,540 --> 01:16:27,180

lifetime but eventually we will figure

1682

01:16:31,760 --> 01:16:29,550

this technology out if we out have it

1683

01:16:33,170 --> 01:16:31,770

already which I don't think we have and

1684

01:16:35,330 --> 01:16:33,180

there you go

1685

01:16:37,760 --> 01:16:35,340

Bob Lazar will be will literally be in

1686

01:16:40,040 --> 01:16:37,770

the history books if indeed when we

1687

01:16:42,140 --> 01:16:40,050

figure this technology out it is in

1688

01:16:43,430 --> 01:16:42,150

alignment with what Bob Lazar said in

1689

01:16:45,920 --> 01:16:43,440

regards to how it works

1690

01:16:48,560 --> 01:16:45,930

well it's interesting how bob says we

1691

01:16:51,710 --> 01:16:48,570

have the technology whatever the

1692

01:16:55,520 --> 01:16:51,720

technology is within our grasp we have

1693

01:16:58,490 --> 01:16:55,530

it in our possession as he said but we

1694

01:17:01,310 --> 01:16:58,500

actually don't know what it is so that

1695

01:17:04,340 --> 01:17:01,320

was his job was to back and back it was

1696

01:17:05,660 --> 01:17:04,350

basically to reverse-engineer it but

1697

01:17:07,550 --> 01:17:05,670

they still don't know what it is they

1698

01:17:11,000 --> 01:17:07,560

can't figure it out well one thing that

1699

01:17:14,480 --> 01:17:11,010

I find a little bit troublesome is that

1700

01:17:17,120 --> 01:17:14,490

he never explains how this gravity is

1701

01:17:19,250 --> 01:17:17,130

able to help these ships generate the

1702

01:17:21,650 --> 01:17:19,260

the speed necessary to travel

1703

01:17:23,930 --> 01:17:21,660

interstellar distances in a reasonable

1704

01:17:25,640 --> 01:17:23,940

amount of time that that's one thing

1705

01:17:28,730 --> 01:17:25,650

that he doesn't really go into in any

1706

01:17:30,170 --> 01:17:28,740

great detail and that seems to me to be

1707

01:17:32,840 --> 01:17:30,180

the real problem with interstellar

1708

01:17:35,810 --> 01:17:32,850

travel I'm sorry go ahead

1709

01:17:38,480 --> 01:17:35,820

she did give one detail he said that

1710

01:17:40,640 --> 01:17:38,490

element 115 is used to run the ship and

1711

01:17:44,900 --> 01:17:40,650

that it depletes very slowly so it could

1712

01:17:48,860 --> 01:17:44,910

be used for 20 to 30 years from very my

1713

01:17:50,690 --> 01:17:48,870

Newton amounts of this well I think Bob

1714

01:17:53,530 --> 01:17:50,700

Lazar said that he that the the craft

1715

01:17:56,120 --> 01:17:53,540

technology bends space and time yes so

1716

01:17:58,520 --> 01:17:56,130

the craft itself does not have to go

1717

01:17:59,990 --> 01:17:58,530

anywhere near or at least it doesn't

1718

01:18:01,430 --> 01:18:00,000

have to exceed the speed of light it

1719

01:18:03,320 --> 01:18:01,440

doesn't have to break that law that you

1720

01:18:05,510 --> 01:18:03,330

cannot exceed to see the light my

1721

01:18:10,010 --> 01:18:05,520

understanding is that space and time is

1722

01:18:12,320 --> 01:18:10,020

being it is being folded and so I mean

1723

01:18:15,110 --> 01:18:12,330

it's this is like over your head physics

1724

01:18:16,899 --> 01:18:15,120

but but the basic understanding and

1725

01:18:19,120 --> 01:18:16,909

that's all other have

1726

01:18:21,489 --> 01:18:19,130

is that it's traversing great distances

1727

01:18:23,350 --> 01:18:21,499

without actually going beyond the speed

1728

01:18:25,270 --> 01:18:23,360

of light because space and time is is

1729

01:18:26,560 --> 01:18:25,280

folding on itself and it's like it's

1730

01:18:29,159 --> 01:18:26,570

kind of like a shortcut and that's

1731

01:18:31,929 --> 01:18:29,169

basically all I understand about it I

1732

01:18:33,669 --> 01:18:31,939

was gonna say the ship is pulling itself

1733

01:18:36,699 --> 01:18:33,679

towards the point that you want to go

1734

01:18:38,770 --> 01:18:36,709

towards so it's folding that and you

1735

01:18:39,879 --> 01:18:38,780

don't have to go fast for that because

1736

01:18:41,770 --> 01:18:39,889

you really don't

1737

01:18:44,109 --> 01:18:41,780

so what bob was saying is that if we

1738

01:18:46,659 --> 01:18:44,119

produce an intense gravitational field

1739

01:18:48,489 --> 01:18:46,669

we can distort time to go from point A

1740

01:18:50,649 --> 01:18:48,499

to point B no matter how fast the

1741

01:18:53,080 --> 01:18:50,659

distances are without traveling in a

1742

01:18:57,029 --> 01:18:53,090

linear mode near the speed of light like

1743

01:19:07,839 --> 01:18:57,039

Ryan was saying we don't have to brake

1744

01:19:12,759 --> 01:19:07,849

you know the speed of light science I

1745

01:19:15,279 --> 01:19:12,769

mean again the fact that that's like I

1746

01:19:17,229 --> 01:19:15,289

don't know that physicists want to

1747

01:19:19,479 --> 01:19:17,239

acknowledge it but if they were given

1748

01:19:22,390 --> 01:19:19,489

maybe if we set them down with Bob Lazar

1749

01:19:24,609 --> 01:19:22,400

and he could explain maybe they could

1750

01:19:28,379 --> 01:19:24,619

grasp it maybe they couldn't I don't

1751

01:19:31,569 --> 01:19:28,389

know it would just be an interesting

1752

01:19:34,330 --> 01:19:31,579

experience to see what they would say

1753

01:19:36,790 --> 01:19:34,340

maybe they just laugh at him and say no

1754

01:19:40,060 --> 01:19:36,800

that that couldn't happen but maybe he

1755

01:19:42,399 --> 01:19:40,070

is you know completely a really good

1756

01:19:44,679 --> 01:19:42,409

person to explain this to other

1757

01:19:47,949 --> 01:19:44,689

scientists I don't know one of the one

1758

01:19:49,600 --> 01:19:47,959

of the criticisms of lazarre's initial

1759

01:19:52,209 --> 01:19:49,610

theory although they didn't seem that

1760

01:19:54,659 --> 01:19:52,219

take some steps toward clearing that up

1761

01:19:56,830 --> 01:19:54,669

in there the core Bell felt was that

1762

01:19:59,379 --> 01:19:56,840

gravity doesn't sort of pick and choose

1763

01:20:01,750 --> 01:19:59,389

what it's going to attract when gravity

1764

01:20:03,699 --> 01:20:01,760

attracts something going back to the the

1765

01:20:05,979 --> 01:20:03,709

Galileo experiment without dropping the

1766

01:20:08,319 --> 01:20:05,989

hammer and the feather they both fall at

1767

01:20:10,529 --> 01:20:08,329

the same rate that experiment was

1768

01:20:13,149 --> 01:20:10,539

repeated during one of the moon walks by

1769

01:20:14,770 --> 01:20:13,159

astronaut David Scott on the moon he had

1770

01:20:16,959 --> 01:20:14,780

a feather he had a hammer you dropped it

1771

01:20:19,299 --> 01:20:16,969

now they both hit the lunar surface at

1772

01:20:20,439 --> 01:20:19,309

the same time it doesn't pick and choose

1773

01:20:22,449 --> 01:20:20,449

it doesn't discriminate

1774

01:20:24,429 --> 01:20:22,459

so if you're going to create this

1775

01:20:26,819 --> 01:20:24,439

intense gravitational field around the

1776

01:20:29,380 --> 01:20:26,829

ship it's going to draw everything

1777

01:20:32,620 --> 01:20:29,390

towards the ship rather than

1778

01:20:34,330 --> 01:20:32,630

one particular point in the dock and

1779

01:20:36,400 --> 01:20:34,340

Bob's documentary is original

1780

01:20:39,580 --> 01:20:36,410

documentary he doesn't really go into

1781

01:20:42,640 --> 01:20:39,590

that too much but in the Korbelt film he

1782

01:20:44,380 --> 01:20:42,650

does make an attempt at explaining that

1783

01:20:47,530 --> 01:20:44,390

while it's directed at a particular

1784

01:20:50,020 --> 01:20:47,540

point that's not necessarily a far

1785

01:20:52,210 --> 01:20:50,030

reaching fully satisfactory explanation

1786

01:20:57,040 --> 01:20:52,220

but he did it at least address it a

1787

01:20:59,020 --> 01:20:57,050

little bit I guess I mean I'll go ahead

1788

01:21:01,660 --> 01:20:59,030

James I was gonna say that's something

1789

01:21:04,450 --> 01:21:01,670

so advanced that you know you know Bob

1790

01:21:06,370 --> 01:21:04,460

even said that and he did his best to

1791

01:21:08,350 --> 01:21:06,380

try to explain what he he thought he

1792

01:21:10,450 --> 01:21:08,360

understood you know that we're talking

1793

01:21:15,660 --> 01:21:10,460

about they couldn't they couldn't

1794

01:21:21,820 --> 01:21:19,300

my point was he has forgotten a lot of

1795

01:21:25,390 --> 01:21:21,830

the information that's why he had the

1796

01:21:27,660 --> 01:21:25,400

hypnotist hypnotize them even like walk

1797

01:21:32,260 --> 01:21:27,670

a couple of months after working there

1798

01:21:34,330 --> 01:21:32,270

they whoever the military were there

1799

01:21:38,770 --> 01:21:34,340

whether they're private contractors or

1800

01:21:42,990 --> 01:21:38,780

u.s. DoD guys I don't know but whoever

1801  
01:21:45,700 --> 01:21:43,000  
they were were very keen on making it so

1802  
01:21:48,880 --> 01:21:45,710  
you are basically mind control to me

1803  
01:21:50,200 --> 01:21:48,890  
there's a point where they don't say in

1804  
01:21:52,390 --> 01:21:50,210  
the documentary and he doesn't talk

1805  
01:21:55,300 --> 01:21:52,400  
about in his documentary but he was

1806  
01:21:57,280 --> 01:21:55,310  
forced to dream something weird that

1807  
01:22:00,000 --> 01:21:57,290  
they didn't tell him what it was he was

1808  
01:22:04,090 --> 01:22:00,010  
fearful that they were gonna kill him

1809  
01:22:06,460 --> 01:22:04,100  
because of what he knew right I mean he

1810  
01:22:09,690 --> 01:22:06,470  
had this tiger shot out he's carrying it

1811  
01:22:17,830 --> 01:22:09,700  
easy around he had this car broken into

1812  
01:22:19,300 --> 01:22:17,840  
so that plays a lot of brain trauma to

1813  
01:22:21,640 --> 01:22:19,310

the fact that you can't remember

1814

01:22:23,560 --> 01:22:21,650

everything and I don't fault Bob for

1815

01:22:26,770 --> 01:22:23,570

that I guess is what I'm trying to say I

1816

01:22:29,860 --> 01:22:26,780

mean if he can remember this part versus

1817

01:22:32,560 --> 01:22:29,870

that part it is what it is I can't force

1818

01:22:35,080 --> 01:22:32,570

him to remember everything I guess what

1819

01:22:36,910 --> 01:22:35,090

I'm trying to say yeah and you bring up

1820

01:22:38,890 --> 01:22:36,920

an interesting point I do want to touch

1821

01:22:42,229 --> 01:22:38,900

on and ask again around the horn about

1822

01:22:45,560 --> 01:22:42,239

as far as the blowback the

1823

01:22:47,780 --> 01:22:45,570

Bob claims to have suffered does anyone

1824

01:22:50,629 --> 01:22:47,790

doubt that I mean I don't at the very

1825

01:22:53,649 --> 01:22:50,639

least he outed area 51 a highly

1826

01:22:56,149 --> 01:22:53,659

classified top secret base wasn't even

1827

01:22:59,180 --> 01:22:56,159

acknowledged as existing until more than

1828

01:23:00,680 --> 01:22:59,190

a generation after Bob came forward at

1829

01:23:03,080 --> 01:23:00,690

the very least that's going to make a

1830

01:23:06,470 --> 01:23:03,090

lot of people angry regardless of what

1831

01:23:12,709 --> 01:23:06,480

the the the accuracy of what is sharing

1832

01:23:15,110 --> 01:23:12,719

about the the UFO check no one here does

1833

01:23:17,629 --> 01:23:15,120

anyone hear about that that part of his

1834

01:23:20,120 --> 01:23:17,639

story is at least accurate I will say

1835

01:23:24,500 --> 01:23:20,130

this from the documentary you a UFO

1836

01:23:28,850 --> 01:23:24,510

cover-up live from 1988 so six months

1837

01:23:31,879 --> 01:23:28,860

before Bob mentions area 51 it's in that

1838

01:23:35,479 --> 01:23:31,889

documentary and I posted on Instagram I

1839

01:23:40,129 --> 01:23:35,489

think I posted it on Facebook too that

1840

01:23:44,060 --> 01:23:40,139

that was mentioned in the I guess flow

1841

01:23:45,620 --> 01:23:44,070

chart yeah yep yeah so that's huge and

1842

01:23:49,010 --> 01:23:45,630

again that could be total disinformation

1843

01:23:51,470 --> 01:23:49,020

but the fact that it was after 1988 a

1844

01:23:54,740 --> 01:23:51,480

full six months before bob was working

1845

01:23:56,209 --> 01:23:54,750

in as for is interesting I don't know

1846

01:24:00,919 --> 01:23:56,219

how much people really care about that

1847

01:24:02,209 --> 01:24:00,929

but it is it's actually could be used by

1848

01:24:05,209 --> 01:24:02,219

it's a point that could be used by a

1849

01:24:08,500 --> 01:24:05,219

skeptic and so you could easily say well

1850

01:24:11,510 --> 01:24:08,510

Bob watched that and not put 2 in duty

1851

01:24:15,640 --> 01:24:11,520

yeah that's true

1852

01:24:18,470 --> 01:24:15,650

but from everything that we know of Bob

1853

01:24:21,229 --> 01:24:18,480

didn't he wasn't in the subject at all

1854

01:24:23,240 --> 01:24:21,239

he wasn't into this I mean he even says

1855

01:24:26,780 --> 01:24:23,250

both in the documentary the current one

1856

01:24:30,110 --> 01:24:26,790

and that old one he thought what he was

1857

01:24:32,840 --> 01:24:30,120

seeing was what we made and explained

1858

01:24:35,600 --> 01:24:32,850

all the UFO sightings oh we made them

1859

01:24:39,140 --> 01:24:35,610

but once he got to work on it and get to

1860

01:24:41,379 --> 01:24:39,150

see inside he quickly realized that's

1861

01:24:44,000 --> 01:24:41,389

not the case

1862

01:24:45,919 --> 01:24:44,010

yeah that's one thing I do believe I

1863

01:24:48,260 --> 01:24:45,929

don't believe he was ever into UFOs or

1864

01:24:50,000 --> 01:24:48,270

any any adjacent subjects to UFOs

1865

01:24:52,459 --> 01:24:50,010

whether it's ghosts Bigfoot anything

1866

01:24:54,439 --> 01:24:52,469

like that and I think that that lends a

1867

01:24:55,520 --> 01:24:54,449

lot to his credibility I mean this is a

1868

01:24:58,190 --> 01:24:55,530

guy who

1869

01:25:00,020 --> 01:24:58,200

and has no history of being into these

1870

01:25:02,720 --> 01:25:00,030

kind of subject matters and then one day

1871

01:25:05,360 --> 01:25:02,730

we're to believe that he wakes up and he

1872

01:25:08,120 --> 01:25:05,370

commits this huge tall tale with all

1873

01:25:10,160 --> 01:25:08,130

these details and it's like I don't know

1874

01:25:11,720 --> 01:25:10,170

maybe but it doesn't seem it doesn't

1875

01:25:12,890 --> 01:25:11,730

seem all that I'm not discounting that

1876

01:25:14,660 --> 01:25:12,900

but I mean it just doesn't seem all that

1877

01:25:16,400 --> 01:25:14,670

likely something else must be going on

1878

01:25:18,560 --> 01:25:16,410

and now going back to that flow chart

1879

01:25:21,230 --> 01:25:18,570

you know I've seen that documentary I

1880

01:25:24,260 --> 01:25:21,240

can't remember the details but my guess

1881

01:25:27,380 --> 01:25:24,270

is they did not go into detail what is

1882

01:25:29,510 --> 01:25:27,390

this area 51 and where is it and you

1883

01:25:32,510 --> 01:25:29,520

know what do you feel like there yeah

1884

01:25:35,210 --> 01:25:32,520

you fly there from an airport in LA say

1885

01:25:36,890 --> 01:25:35,220

a Las Vegas to get there and all the

1886

01:25:40,880 --> 01:25:36,900

little details that he does in fact get

1887

01:25:42,830 --> 01:25:40,890

right yeah I mean the fact that goes

1888

01:25:46,430 --> 01:25:42,840

back to the stuff that he knew like he

1889

01:25:49,160 --> 01:25:46,440

knew where McCarran Airport was he knew

1890

01:25:51,140 --> 01:25:49,170

what the cafeteria area 51 looked like

1891

01:25:54,560 --> 01:25:51,150

he knew how to pay for his lunch

1892

01:25:57,530 --> 01:25:54,570

he knew certain parts that if you hadn't

1893

01:25:58,910 --> 01:25:57,540

been there you wouldn't know so I know

1894

01:26:01,220 --> 01:25:58,920

that's not touching on what we were

1895

01:26:04,640 --> 01:26:01,230

talking about but the bull back yes I I

1896

01:26:07,460 --> 01:26:04,650

definitely think that it it hurt his

1897

01:26:10,130 --> 01:26:07,470

life I mean obviously it hurt that

1898

01:26:13,040 --> 01:26:10,140

relationship she was having his wife was

1899

01:26:16,520 --> 01:26:13,050

having an affair because he was gone all

1900

01:26:19,640 --> 01:26:16,530

the time at weird hours and again it

1901

01:26:21,200 --> 01:26:19,650

goes to that mind control of and I know

1902

01:26:25,340 --> 01:26:21,210

some people would say mind control is

1903

01:26:26,600 --> 01:26:25,350

not real it's very much real they would

1904

01:26:29,180 --> 01:26:26,610

call him at like 2:00 o'clock in the

1905

01:26:34,190 --> 01:26:29,190

morning say hey Bob be the McCarron by

1906

01:26:36,590 --> 01:26:34,200

2:45 or your flights leaving and by 4:00

1907

01:26:38,390 --> 01:26:36,600

o'clock in the morning s 4 I mean that's

1908

01:26:40,820 --> 01:26:38,400

that's nobody would want to work like

1909

01:26:43,910 --> 01:26:40,830

that I know I wouldn't I don't think you

1910

01:26:46,400 --> 01:26:43,920

guys would actually yeah your your point

1911

01:26:48,380 --> 01:26:46,410

there I raises a question that I've got

1912

01:26:50,570 --> 01:26:48,390

that's never been answered as far as I

1913

01:26:54,830 --> 01:26:50,580

know how long's did he actually work

1914

01:26:58,220 --> 01:26:54,840

there does anyone know six months yeah

1915

01:27:02,480 --> 01:26:58,230

and here's a not known fact he was not

1916

01:27:04,910 --> 01:27:02,490

fired okay that's that's what makes it

1917

01:27:07,820 --> 01:27:04,920

let that be very clear he was not fired

1918

01:27:09,000 --> 01:27:07,830

from working to ask for after the breach

1919

01:27:13,080 --> 01:27:09,010

being caught with

1920

01:27:14,970 --> 01:27:13,090

Hof John Lear and his wife the second or

1921

01:27:17,669 --> 01:27:14,980

third time that they got when they were

1922

01:27:20,580 --> 01:27:17,679

out there and filming the test sessions

1923

01:27:22,740 --> 01:27:20,590

he was not fired they asked him to come

1924

01:27:25,169 --> 01:27:22,750

back he did not go back

1925

01:27:27,839 --> 01:27:25,179

he quit showing up because he was like

1926

01:27:29,819 --> 01:27:27,849

I've had enough you people are messing

1927

01:27:32,910 --> 01:27:29,829

with me you've known about this affair

1928

01:27:36,299 --> 01:27:32,920

with my wife for how long you ain't say

1929

01:27:38,430 --> 01:27:36,309

anything he just had enough so that is

1930

01:27:40,529 --> 01:27:38,440

the interesting part that again it gets

1931

01:27:43,169 --> 01:27:40,539

lost in translation some researchers

1932

01:27:44,850 --> 01:27:43,179

don't even know about that portion and

1933

01:27:46,859 --> 01:27:44,860

that's another point that that we

1934

01:27:49,770 --> 01:27:46,869

haven't discussed how did he know about

1935

01:27:53,370 --> 01:27:49,780

the schedule of the flights the test

1936

01:27:56,129 --> 01:27:53,380

yeah yeah you know and the location to

1937

01:27:58,229 --> 01:27:56,139

those over Pepper's Lake yeah yeah and

1938

01:27:59,879 --> 01:27:58,239

and that would be very sensitive I mean

1939

01:28:01,799 --> 01:27:59,889

even if you were to say well someone

1940

01:28:04,680 --> 01:28:01,809

told him okay so who is this person

1941

01:28:06,509 --> 01:28:04,690

telling him who has a security clearance

1942

01:28:08,459 --> 01:28:06,519

and is literally breaching his security

1943

01:28:10,620 --> 01:28:08,469

clearance to tell Bob Lazar no matter

1944

01:28:13,339 --> 01:28:10,630

how no matter you how you slice it any

1945

01:28:16,649 --> 01:28:13,349

kind of test flight even if it was a

1946

01:28:19,470 --> 01:28:16,659

weather balloon yes this is this is the

1947

01:28:21,419 --> 01:28:19,480

kind of information that you don't

1948

01:28:23,850 --> 01:28:21,429

freely share to anyone so he there's

1949

01:28:26,339 --> 01:28:23,860

there's no logical reason he should have

1950

01:28:28,560 --> 01:28:26,349

known about what was going on on a

1951

01:28:33,629 --> 01:28:28,570

Papoose Lake unless he had some real

1952

01:28:40,950 --> 01:28:33,639

connection to the area 51 complex yeah

1953

01:28:43,200 --> 01:28:40,960

let's ask for yeah well is that we

1954

01:28:45,209 --> 01:28:43,210

rammed into the homestretch here does

1955

01:28:46,919 --> 01:28:45,219

anybody else I have a point that they

1956

01:28:51,540 --> 01:28:46,929

want to bring up that we haven't gotten

1957

01:28:54,000 --> 01:28:51,550

to at this point I could bring them some

1958

01:28:56,669 --> 01:28:54,010

James Goodall stuff that like Jim

1959

01:28:59,430 --> 01:28:56,679

Goodall looked into whether s4 was real

1960

01:29:02,790 --> 01:28:59,440

and on two different occasions he was

1961

01:29:05,040 --> 01:29:02,800

yelled at and told never - and again can

1962

01:29:06,870 --> 01:29:05,050

you tell us who James Goodall is James

1963

01:29:09,509 --> 01:29:06,880

good at all as the former SR suddenly

1964

01:29:13,350 --> 01:29:09,519

one pilot he was in in the Air National

1965

01:29:18,359 --> 01:29:13,360

Guard our Air Force Reserve excuse me up

1966

01:29:21,699 --> 01:29:18,369

until the like doesn't storm and he was

1967

01:29:28,120 --> 01:29:24,129

I don't know like he wrote books about

1968

01:29:30,729 --> 01:29:28,130

SR 31 he himself flew SS Lu Wan he wrote

1969

01:29:34,029 --> 01:29:30,739

books about f-117 he was a good friend

1970

01:29:37,629 --> 01:29:34,039

of Bob Lazar a good friend of John Lear

1971

01:29:39,729 --> 01:29:37,639

and they would go out not so much team's

1972

01:29:42,449 --> 01:29:39,739

good all those three times but Goodall

1973

01:29:46,179 --> 01:29:42,459

would go on subsequent visits to like

1974

01:29:48,580 --> 01:29:46,189

freedom bridge and to what's the other

1975

01:29:52,390 --> 01:29:48,590

one I can't think of the other mountain

1976

01:29:54,640 --> 01:29:52,400

range ticaboo peak and look down on area

1977

01:29:57,390 --> 01:29:54,650

51 and take pictures but James Goodall

1978

01:30:02,109 --> 01:29:57,400

being that he was in the program for

1979

01:30:06,040 --> 01:30:02,119

sr-71 well flying he knew certain people

1980

01:30:07,719 --> 01:30:06,050

and certain parts of the Defense

1981

01:30:10,709 --> 01:30:07,729

Department and on two different

1982

01:30:14,020 --> 01:30:10,719

occasions one he was at the Pentagon

1983

01:30:14,529 --> 01:30:14,030

right after or right near Iran Desert

1984

01:30:17,140 --> 01:30:14,539

Storm

1985

01:30:20,469 --> 01:30:17,150

before he was recalled and he asked

1986

01:30:22,959 --> 01:30:20,479

about s4 and was grilled and said if you

1987

01:30:24,520 --> 01:30:22,969

asked about this again we will demote

1988

01:30:27,759 --> 01:30:24,530

you and you'll be dishonorably

1989

01:30:31,540 --> 01:30:27,769

discharged another store that he has is

1990

01:30:36,520 --> 01:30:31,550

there was f-117 pilot who hit him in a

1991

01:30:40,089 --> 01:30:36,530

copilot of another f-117 had a access

1992

01:30:42,129 --> 01:30:40,099

pass of the Nevada Test Site they could

1993

01:30:44,379 --> 01:30:42,139

go anywhere they want so they jumped in

1994

01:30:47,469 --> 01:30:44,389

the Humvee and they drove and they drove

1995

01:30:50,229 --> 01:30:47,479

down that road from area 51 all the way

1996

01:30:52,719 --> 01:30:50,239

down south 14 or 15 miles whatever it is

1997

01:30:55,270 --> 01:30:52,729

down to war Papoose like would be and

1998

01:30:57,729 --> 01:30:55,280

all son security were on them like flies

1999

01:31:02,979 --> 01:30:57,739

on you know what and they were told to

2000

01:31:05,620 --> 01:31:02,989

leave the f-117 pilot who's a commander

2001

01:31:07,689 --> 01:31:05,630

said no we have a pass that we could be

2002

01:31:11,140 --> 01:31:07,699

anywhere and they said that pass doesn't

2003

01:31:14,169 --> 01:31:11,150

work here go back where you come from

2004

01:31:15,640 --> 01:31:14,179

so those are two stories just of James

2005

01:31:19,989 --> 01:31:15,650

good on you could find that in YouTube

2006

01:31:22,989 --> 01:31:19,999

that again lend credence to s4 being

2007

01:31:25,179 --> 01:31:22,999

real and I can't think of the guy's name

2008

01:31:27,189 --> 01:31:25,189

I spoke to about the last time I was on

2009

01:31:31,959 --> 01:31:27,199

about the archaeologists who went from

2010

01:31:35,440 --> 01:31:31,969

west to east and basically found or

2011

01:31:38,380 --> 01:31:35,450

tried to follow the old 49ers

2012

01:31:41,350 --> 01:31:38,390

the gold rush and he walked across the

2013

01:31:44,500 --> 01:31:41,360

Nevada Test Site and into where s4 would

2014

01:31:47,800 --> 01:31:44,510

be Papoose Lake and he saw Jerry as his

2015

01:31:49,930 --> 01:31:47,810

name one night he was there he saw the

2016

01:31:53,020 --> 01:31:49,940

side of the mountain open up a daylight

2017

01:31:54,790 --> 01:31:53,030

came out and the door shut and he didn't

2018

01:31:57,280 --> 01:31:54,800

know what to think and he's not into

2019

01:32:00,400 --> 01:31:57,290

UFOs or anything like this I know John

2020

01:32:02,260 --> 01:32:00,410

Mirza wrote about this because I

2021

01:32:04,090 --> 01:32:02,270

mentioned the guy died the year later of

2022

01:32:05,980 --> 01:32:04,100

cancer well I didn't know at the time

2023

01:32:08,020 --> 01:32:05,990

because again I'm going off of what I

2024

01:32:10,990 --> 01:32:08,030

had learned from George Knapp a guy died

2025

01:32:13,630 --> 01:32:11,000

of cancer that was not related to him

2026

01:32:17,710 --> 01:32:13,640

being a Papoose Lake because it's such a

2027

01:32:21,250 --> 01:32:17,720

a irradiated area cuz all the nuclear

2028

01:32:24,010 --> 01:32:21,260

tests that had gone on but again those

2029

01:32:28,840 --> 01:32:24,020

are just again more data points to prove

2030

01:32:31,210 --> 01:32:28,850

the s4 is definitely real all right now

2031

01:32:35,710 --> 01:32:31,220

before we wrap up is anyone else have

2032

01:32:40,410 --> 01:32:35,720

anything that they want to share yes

2033

01:32:45,730 --> 01:32:40,420

okay go ahead and write three words

2034

01:32:47,530 --> 01:32:45,740

disclosure in 2019 ha ha ha ha ha more

2035

01:32:47,950 --> 01:32:47,540

on the way what so let's certainly hope

2036

01:32:49,390 --> 01:32:47,960

so

2037

01:32:52,170 --> 01:32:49,400

but that way we're not running out of

2038

01:32:55,840 --> 01:32:52,180

things to talk about that's for sure

2039

01:32:58,180 --> 01:32:55,850

well again folks have a fantastic

2040

01:33:00,700 --> 01:32:58,190

roundtable we've had a lot of success

2041

01:33:03,250 --> 01:33:00,710

with these I think a lot of information

2042

01:33:05,290 --> 01:33:03,260

has gotten out that is worth sharing a

2043

01:33:06,690 --> 01:33:05,300

lot of different perspectives a lot of

2044

01:33:09,970 --> 01:33:06,700

different ideas getting kicked around

2045

01:33:10,930 --> 01:33:09,980

well worth my time thank you everybody

2046

01:33:14,050 --> 01:33:10,940

for coming on

2047

01:33:16,420 --> 01:33:14,060

Johana thanks for joining us thanks for

2048

01:33:17,860 --> 01:33:16,430

helping us out especially with your

2049

01:33:20,200 --> 01:33:17,870

little find about the hand scanner

2050

01:33:22,390 --> 01:33:20,210

technology thanks so much for coming on

2051  
01:33:25,510 --> 01:33:22,400  
board thank you very much for having me

2052  
01:33:28,480 --> 01:33:25,520  
and Ryan again thank you for coming back

2053  
01:33:30,330 --> 01:33:28,490  
with us always a pleasure and when are

2054  
01:33:33,780 --> 01:33:30,340  
we going to see part two of a your own

2055  
01:33:36,250 --> 01:33:33,790  
Lazar the trial of Bob Lazar

2056  
01:33:37,960 --> 01:33:36,260  
when can we look forward to that and my

2057  
01:33:41,320 --> 01:33:37,970  
goal is that it will happen this week

2058  
01:33:42,250 --> 01:33:41,330  
god fantastic thanks again Ryan Thank

2059  
01:33:44,860 --> 01:33:42,260  
You Alfred

2060  
01:33:48,089 --> 01:33:44,870  
again thanks for coming on thanks for

2061  
01:33:49,919 --> 01:33:48,099  
sharing what you know and what I

2062  
01:33:53,160 --> 01:33:49,929  
don't know if this is gonna be our last

2063  
01:33:55,169 --> 01:33:53,170

show of the year but if not I know we'll

2064

01:34:01,140 --> 01:33:55,179

be having you back on come 2019

2065

01:34:04,500 --> 01:34:01,150

oh really they'll be [h\_\_h] I must be

2066

01:34:07,189 --> 01:34:04,510

doing something right thank you guys I

2067

01:34:09,629 --> 01:34:07,199

don't think Ryan and thanked Sean for

2068

01:34:11,700 --> 01:34:09,639

that piece that she found was huge I

2069

01:34:13,740 --> 01:34:11,710

didn't even I mean I had seen it in the

2070

01:34:15,959 --> 01:34:13,750

documentary but I didn't know how and

2071

01:34:17,580 --> 01:34:15,969

duck I mean the department naval

2072

01:34:21,540 --> 01:34:17,590

intelligence that's huge it's a huge

2073

01:34:24,030 --> 01:34:21,550

fine yeah it does corroborate where

2074

01:34:24,720 --> 01:34:24,040

Lazar said he was employed so there you

2075

01:34:28,620 --> 01:34:24,730

go

2076

01:34:33,120 --> 01:34:28,630

and James I and I young doli thanks

2077

01:34:34,620 --> 01:34:33,130

again for co-hosting this again you did

2078

01:34:37,439 --> 01:34:34,630

a fantastic job putting all this

2079

01:34:37,859 --> 01:34:37,449

together oh absolutely I love it - my

2080

01:34:39,569 --> 01:34:37,869

pleasure

2081

01:34:42,120 --> 01:34:39,579

hello be getting together with everybody

2082

01:34:44,700 --> 01:34:42,130

like this all right so let's wrap this

2083

01:34:47,850 --> 01:34:44,710

up folks everybody who's listening in

2084

01:34:50,189 --> 01:34:47,860

thanks a lot for joining us obviously if

2085

01:34:53,399 --> 01:34:50,199

you came in a little bit late the whole

2086

01:34:55,740 --> 01:34:53,409

thing will be properly uploaded and

2087

01:34:58,410 --> 01:34:55,750

you'll be able to listen to it from the

2088

01:35:00,810 --> 01:34:58,420

beginning but it was a blast it was real

2089

01:35:03,990 --> 01:35:00,820

thanks for joining us and we'll be back

2090

01:35:05,490 --> 01:35:04,000

soon with another fabulous show thanks
