let me bring in chant Hannah chance I

14

00:01:37,669 --> 00:01:36,210

got a little bit of news for us and then

15

00:01:40,669 --> 00:01:37,679

she's gonna bring on our special guests

16

00:01:42,680 --> 00:01:40,679

so go ahead Jan take it away hi Frank

17

00:01:45,680 --> 00:01:42,690

thank you so much we have a very special

18

00:01:47,749 --> 00:01:45,690

show tonight and also an incredible

19

00:01:50,139 --> 00:01:47,759

guest but first I'd like to go ahead and

20

00:01:53,300 --> 00:01:50,149

read a statement from Chase klutz key

21

00:01:54,830 --> 00:01:53,310

who wanted to let everybody know the

22

00:01:58,040 --> 00:01:54,840

latest regarding what she's doing

23

00:02:01,399 --> 00:01:58,050

recently she stepped down from MUFON and

24

00:02:04,040 --> 00:02:01,409

she said let's let's be clear here she

25

00:02:06,589 --> 00:02:04,050

resigned as the head of Investigations

26
00:02:08,300 --> 00:02:06,599
or I forget whatever the actual title

27
00:02:11,600 --> 00:02:08,310
was but go ahead and fill us all in on

28
00:02:17,119 --> 00:02:11,610
that sure yeah no problem what she

29
00:02:19,160 --> 00:02:17,129
published was breaking news she she she

30
00:02:21,979 --> 00:02:19,170
got a little dramatical but she said oh

31
00:02:25,760 --> 00:02:21,989
the drama oh the mayhem chase cut ski

32
00:02:30,380 --> 00:02:25,770
quits move on fake news I resigned my

33
00:02:34,610 --> 00:02:30,390
position of do i I remained fully and

34
00:02:37,100 --> 00:02:34,620
MUFON reasons I resigned one a momentum

35
00:02:40,040 --> 00:02:37,110
and DC is putting the beltway group into

36
00:02:42,440 --> 00:02:40,050
full gear a lobbying and the interaction

37
00:02:45,500 --> 00:02:42,450
opportunities with lawmakers have never

38
00:02:48,050 --> 00:02:45,510

been better to a scheduled trip for two

39

00:02:50,240 --> 00:02:48,060

weeks to the Amazon in Peru as I work

40

00:02:53,540 --> 00:02:50,250

with the expedition team I have been

41

00:02:55,430 --> 00:02:53,550

with for three years three I am

42

00:03:01,690 --> 00:02:55,440

associate producer for a documentary

43

00:03:08,959 --> 00:03:05,720

for media work as I have two confirmed

44

00:03:09,500 --> 00:03:08,969

projects that require travel and a lot

45

00:03:12,860 --> 00:03:09,510

of it

46

00:03:13,490 --> 00:03:12,870

five speaking engagements and a boot

47

00:03:15,440 --> 00:03:13,500

camp

48

00:03:17,780 --> 00:03:15,450

the state directors and field

49

00:03:19,370 --> 00:03:17,790

investigators and MUFON deserves someone

50

00:03:22,730 --> 00:03:19,380

that can give them a hundred percent

51
00:03:24,230 --> 00:03:22,740
attention and support do I was my dream

52
00:03:27,230 --> 00:03:24,240
position and I loved it

53
00:03:30,830 --> 00:03:27,240
however the other interests and work in

54
00:03:33,440 --> 00:03:30,840
DC I've also found myself enjoying a lot

55
00:03:36,650 --> 00:03:33,450
is a bigger priority for me at this time

56
00:03:38,420 --> 00:03:36,660
there was no back door with Jan she

57
00:03:40,730 --> 00:03:38,430
means Jan Tarzan the international

58
00:03:44,450 --> 00:03:40,740
director the executive director of the

59
00:03:47,870 --> 00:03:44,460
upon there was not an ugly exit in fact

60
00:03:50,630 --> 00:03:47,880
Jan his wife Pete and I just returned

61
00:03:54,050 --> 00:03:50,640
from an awesome speaking mufon cruise

62
00:03:56,449 --> 00:03:54,060
this past weekend that was epic those

63
00:04:00,020 --> 00:03:56,459

that know me best no I do not give

64

00:04:02,990 --> 00:04:00,030

trolls haters jerry springer media types

65

00:04:05,780 --> 00:04:03,000

66

00:04:08,120 --> 00:04:05,790

bloodsuckers one freaking minute of my

67

00:04:14,840 --> 00:04:08,130

time i couldn't fit them in my schedule

68

00:04:17,870 --> 00:04:14,850

if i tried and of quote i'd like to go

69

00:04:20,860 --> 00:04:17,880

harasses online you know we can we

138

00:07:23,570 --> 00:07:21,029

communicate with each other with all

139

00:07:25,040 --> 00:07:23,580

sorts of interesting you know sighting

140

00:07:29,390 --> 00:07:25,050

reports that are happening around the

141

00:07:31,430 --> 00:07:29,400

world and and of course we we we are

142

00:07:37,459 --> 00:07:31,440

subtitle to the show is watch us eat

143

00:07:40,610 --> 00:07:37,469

because we do you know Michael you go

144

00:07:41,210 --> 00:07:40,620

back decades in the domain of UF ology

145

00:07:43,610 --> 00:07:41,220

and

146

00:07:46,340 --> 00:07:43,620

you have connected with some really

147

00:07:48,410 --> 00:07:46,350

notable people and I noticed you're

148

00:07:51,260 --> 00:07:48,420

talking about Arizona last time we we

149

00:07:53,480 --> 00:07:51,270

were on a show with you and the famous

150

00:07:56,390 --> 00:07:53,490

people that you were connected with in

151
00:07:58,310 --> 00:07:56,400
the state of Arizona there and then also

152
00:08:00,340 --> 00:07:58,320
just in general can you mention a few

153
00:08:03,860 --> 00:08:00,350
names that you have been involved with

154
00:08:06,080 --> 00:08:03,870
well sure you know even before I became

155
00:08:07,580 --> 00:08:06,090
a lawyer which was actually later in

156
00:08:11,390 --> 00:08:07,590
life I didn't go to law school till I

157
00:08:14,450 --> 00:08:11,400
was 32 had a career in LA trying to be

158
00:08:16,280 --> 00:08:14,460
famous like everybody else but even

159
00:08:20,000 --> 00:08:16,290
before I did all that I was always

160
00:08:21,530 --> 00:08:20,010
interested in UFOs I think I initially

161
00:08:24,050 --> 00:08:21,540
got started

162
00:08:27,350 --> 00:08:24,060
in this whole area you know big time

163
00:08:30,920 --> 00:08:27,360

with befriending Peter Davenport back

164

00:08:32,839 --> 00:08:30,930

and that was probably 1995 that was when

165

00:08:35,690 --> 00:08:32,849

the MUFON convention actually was held

166

00:08:39,380 --> 00:08:35,700

here in Seattle and Peter was one of the

167

00:08:42,770 --> 00:08:39,390

keynote speakers and MCS for the entire

168

00:08:45,320 --> 00:08:42,780

event so ever since that period of time

169

00:08:47,870 --> 00:08:45,330

I got to know him very well help him

170

00:08:50,710 --> 00:08:47,880

with his you know certain legal aspects

171

00:08:54,650 --> 00:08:50,720

of setting up the corporation new Fork

172

00:08:56,720 --> 00:08:54,660

national UFO Reporting Center and kind

173

00:08:59,930 --> 00:08:56,730

of helping him with some legal things

174

00:09:02,290 --> 00:08:59,940

that come along periodically and at one

175

00:09:07,730 --> 00:09:02,300

point I actually got to know and

176
00:09:11,930 --> 00:09:07,740
represent for some very interesting kind

177
00:09:13,640 --> 00:09:11,940
of like land purchases dr. James harder

178
00:09:16,670 --> 00:09:13,650
who was you know one of the main

179
00:09:20,420 --> 00:09:16,680
pioneers of the study of UFOs

180
00:09:25,100 --> 00:09:20,430
he was the Berkeley professor who got

181
00:09:27,410 --> 00:09:25,110
into hypnosis and in and was one of the

182
00:09:30,560 --> 00:09:27,420
a pro Aero phenomena research

183
00:09:33,710 --> 00:09:30,570
organization board members who helped

184
00:09:37,700 --> 00:09:33,720
coral and Jim Lorensen bad days from

185
00:09:40,040 --> 00:09:37,710
Arizona you know do their great work in

186
00:09:44,350 --> 00:09:40,050
the whole area of investigations

187
00:09:48,079 --> 00:09:44,360
so from him - oh gosh dr. Richard Haines

188
00:09:51,829 --> 00:09:48,089

who heads the used - he's retired now

189

00:09:54,139 --> 00:09:51,839

had the pilot reporting agency were all

190

00:09:57,530 --> 00:09:54,149

the commercial military

191

00:09:59,809 --> 00:09:57,540

private pilots would report UFOs and

192

00:10:02,780 --> 00:09:59,819

which what they call course you ApS in

193

00:10:05,150 --> 00:10:02,790

the airline and aviation industry

194

00:10:08,119 --> 00:10:05,160

because they didn't want to report them

195

00:10:10,189 --> 00:10:08,129

to any kind of a normal reporting agency

196

00:10:11,720 --> 00:10:10,199

or even report them to the tower in many

197

00:10:15,610 --> 00:10:11,730

cases because they've been well whose

198

00:10:18,139 --> 00:10:15,620

their their licenses and their jobs so

199

00:10:21,139 --> 00:10:18,149

dr. Haynes is a real good friend of mine

200

00:10:22,999 --> 00:10:21,149

as well and of course Peter you know

201
00:10:27,799 --> 00:10:23,009
grant Cameron is like you know I just

202
00:10:30,980 --> 00:10:27,809
can't keep up with that guy and trying

203
00:10:33,739 --> 00:10:30,990
to you know help him the things that

204
00:10:36,319 --> 00:10:33,749
he's getting into where he can get into

205
00:10:38,449 --> 00:10:36,329
that a little bit later I'm sure yeah

206
00:10:41,329 --> 00:10:38,459
you know I wanted to also mention I know

207
00:10:43,009 --> 00:10:41,339
you already mentioned them but I really

208
00:10:44,660 --> 00:10:43,019
want to make a point of mentioning and

209
00:10:46,069 --> 00:10:44,670
giving credit to coral and James

210
00:10:50,179 --> 00:10:46,079
Lorenson

211
00:10:52,910 --> 00:10:50,189
they are so notable in the field of

212
00:10:55,939 --> 00:10:52,920
ufology can you share a little bit about

213
00:10:59,199 --> 00:10:55,949

them they I know they founded a pro in

214

00:11:02,090 --> 00:10:59,209

52 and you have some history with them

215

00:11:04,160 --> 00:11:02,100

well it isn't that kind of weird that

216

00:11:08,780 --> 00:11:04,170

when you put the perspective together I

217

00:11:12,410 --> 00:11:08,790

was born in the year 1952 when Jim and

218

00:11:14,449 --> 00:11:12,420

coral Lorenson who put this whole thing

219

00:11:16,519 --> 00:11:14,459

together about you know you know of

220

00:11:19,639 --> 00:11:16,529

course but back in the the 50s there

221

00:11:22,460 --> 00:11:19,649

that was the major contactee era you

222

00:11:24,679 --> 00:11:22,470

know George Van Tassel you know and some

223

00:11:27,919 --> 00:11:24,689

of these guys were actually claiming to

224

00:11:29,689 --> 00:11:27,929

run into aliens in the desert for

225

00:11:32,809 --> 00:11:29,699

instance out there in New Mexico and

226

00:11:35,509 --> 00:11:32,819

Arizona and having conventions at giant

227

00:11:36,679 --> 00:11:35,519

rock you know can California those kinds

228

00:11:38,840 --> 00:11:36,689

of things

229

00:11:40,939 --> 00:11:38,850

and they took up the mantle at that

230

00:11:43,489 --> 00:11:40,949

point and decided hey this has got to be

231

00:11:45,949 --> 00:11:43,499

a little bit of a scientific endeavor

232

00:11:48,650 --> 00:11:45,959

here and I really think they they

233

00:11:50,809 --> 00:11:48,660

brought everything up a notch Jim and

234

00:11:52,790 --> 00:11:50,819

coral and all the things that they did

235

00:11:54,980 --> 00:11:52,800

course they hired and well he didn't

236

00:11:57,619 --> 00:11:54,990

hire but they got people come along with

237

00:11:59,509 --> 00:11:57,629

them like dr. James harder you know

238

00:12:02,780 --> 00:11:59,519

university professors and things

239

00:12:05,240 --> 00:12:02,790

studying this whole phenomena trying to

240

00:12:07,430 --> 00:12:05,250

bring I think mainstream science into

241

00:12:12,939 --> 00:12:07,440

the field and they are literally

242

00:12:15,410 --> 00:12:12,949

pioneers of doing that yes they are and

243

00:12:18,139 --> 00:12:15,420

actually a lot of people don't realize

244

00:12:19,970 --> 00:12:18,149

just how important they are in the field

245

00:12:21,499 --> 00:12:19,980

of ufology can you talk a little bit

246

00:12:24,829 --> 00:12:21,509

more about James harder because I know

247

00:12:27,800 --> 00:12:24,839

he's very keen yeah

248

00:12:30,619 --> 00:12:27,810

gosh what an interesting guy you know

249

00:12:32,900 --> 00:12:30,629

let me give some perspective to some of

250

00:12:37,340 --> 00:12:32,910

the people who might not realize this

251
00:12:41,689 --> 00:12:37,350
but dr. harder was the guy who first

252
00:12:44,030 --> 00:12:41,699
came across the Travis Walton case and

253
00:12:46,069 --> 00:12:44,040
matter of fact you know you see the

254
00:12:48,800 --> 00:12:46,079
movie fire in the sky and you see some

255
00:12:51,559 --> 00:12:48,810
of these fly-by-night UFO organizations

256
00:12:55,059 --> 00:12:51,569
in the film coming and trying to take

257
00:12:57,939 --> 00:12:55,069
advantage of Travis in that film and

258
00:13:01,910 --> 00:12:57,949
kind of you know bolster their own

259
00:13:05,240 --> 00:13:01,920
organizations well dr. harder was really

260
00:13:07,970 --> 00:13:05,250
the person that got Travis's attention

261
00:13:11,300 --> 00:13:07,980
and he earned his confidence and

262
00:13:13,850 --> 00:13:11,310
actually back then a lot of people don't

263
00:13:17,590 --> 00:13:13,860

realize this but the he dr. harder put

264

00:13:20,360 --> 00:13:17,600

Travis into a posthypnotic state and

265

00:13:22,160 --> 00:13:20,370

actually did the first regression that

266

00:13:24,740 --> 00:13:22,170

Travis had ever done and of course he

267

00:13:28,249 --> 00:13:24,750

was only a kids in his 20s scared to

268

00:13:31,429 --> 00:13:28,259

death the whole issue of him being miss

269

00:13:34,819 --> 00:13:31,439

missing for five days when his you know

270

00:13:39,679 --> 00:13:34,829

six buddy song zapped by a UFO in the

271

00:13:44,420 --> 00:13:39,689

city's National Forest so dr. harder was

272

00:13:47,389 --> 00:13:44,430

one of those reputable people that had

273

00:13:47,990 --> 00:13:47,399

enough guts actually in those days this

274

00:13:50,480 --> 00:13:48,000

was of course

275

00:13:53,199 --> 00:13:50,490

Travis was in the 70s but dr. harder was

276

00:13:55,460 --> 00:13:53,209

working in the 60s and even the 50s of

277

00:13:57,879 --> 00:13:55,470

trying to bring some scientific

278

00:14:01,970 --> 00:13:57,889

perspective to this whole unique

279

00:14:04,549 --> 00:14:01,980

phenomena and again one of the pioneers

280

00:14:07,549 --> 00:14:04,559

of trying to bring science into this

281

00:14:09,819 --> 00:14:07,559

field yeah and also he took over the

282

00:14:12,379 --> 00:14:09,829

Betty and Barney Hill abduction

283

00:14:15,100 --> 00:14:12,389

investigation which I know Stanton

284

00:14:19,370 --> 00:14:15,110

Friedman broke and he covered

285

00:14:21,049 --> 00:14:19,380

extensively and he also was involved in

286

00:14:23,149 --> 00:14:21,059

the 1973

287

00:14:27,579 --> 00:14:23,159

ask a ghoul abduction regarding covering

288

00:14:31,879 --> 00:14:27,589

that it's important people understand

289

00:14:33,769 --> 00:14:31,889

his background he was best known as a

290

00:14:37,069 --> 00:14:33,779

prominent UFO researcher who studied the

291

00:14:38,869 --> 00:14:37,079

subject for over 50 years and he's also

292

00:14:42,409 --> 00:14:38,879

director of research as you may have

293

00:14:44,899 --> 00:14:42,419

mentioned for a pro from 69 to 82 and

294

00:14:47,149 --> 00:14:44,909

that opera was actually one of the first

295

00:14:49,159 --> 00:14:47,159

civilian organizations to study the UFO

296

00:14:52,279 --> 00:14:49,169

phenomenon question I had for you

297

00:14:55,099 --> 00:14:52,289

Michael is you know we have moved on we

298

00:14:57,499 --> 00:14:55,109

had a pro there's Q folks there's all

299

00:15:00,259 --> 00:14:57,509

kinds of UFO related or artists back in

300

00:15:02,599 --> 00:15:00,269

the day yes thank you and actually Peter

301

00:15:04,579 --> 00:15:02,609

Davenport's important organization I

302

00:15:06,739 --> 00:15:04,589

wanted to go over this with you how

303

00:15:11,929 --> 00:15:06,749

important are they to the topic of UFO

304

00:15:14,449 --> 00:15:11,939

G&Y well you know those are the kinds of

305

00:15:17,419 --> 00:15:14,459

organizations that put in the foot work

306

00:15:19,509 --> 00:15:17,429

you know I really do the investigations

307

00:15:22,579 --> 00:15:19,519

follow up on the sighting reports and

308

00:15:24,619 --> 00:15:22,589

correlate the information those are the

309

00:15:26,479 --> 00:15:24,629

kinds of things that everyone would love

310

00:15:28,759 --> 00:15:26,489

to have time to do on their own of

311

00:15:31,159 --> 00:15:28,769

course anybody that's interested in this

312

00:15:34,339 --> 00:15:31,169

field interested in the topic of

313

00:15:36,019 --> 00:15:34,349

paranormal and all that stuff you know

314

00:15:38,929 --> 00:15:36,029

we only have so much time in our lives

315

00:15:41,899 --> 00:15:38,939

when we're you know working 9:00 to 5:00

316

00:15:44,839 --> 00:15:41,909

40 hours or more week and raising a

317

00:15:47,839 --> 00:15:44,849

family and all that kind of stuff so it

318

00:15:51,379 --> 00:15:47,849

really is something to think about back

319

00:15:53,659 --> 00:15:51,389

to those folks who themselves have had

320

00:15:56,899 --> 00:15:53,669

their own jobs and had their own careers

321

00:16:00,409 --> 00:15:56,909

that they had to work on as well at the

322

00:16:02,809 --> 00:16:00,419

same time but they made time to actually

323

00:16:05,899 --> 00:16:02,819

do the studying and gather the

324

00:16:08,419 --> 00:16:05,909

information so you know we have some

325

00:16:11,659 --> 00:16:08,429

broad shoulders to stand on in this

326

00:16:14,649 --> 00:16:11,669

entire field because of a lot of hard

327

00:16:17,119 --> 00:16:14,659

work on behalf of some of those pioneers

328

00:16:20,929 --> 00:16:17,129

there's some whistleblowing that these

329

00:16:24,199 --> 00:16:20,939

organizations have to deal with so to

330

00:16:28,729 --> 00:16:24,209

speak they are confronted with sometimes

331

00:16:32,179 --> 00:16:28,739

happily sometimes not regarding

332

00:16:33,689 --> 00:16:32,189

wrongdoing or or any other any manner of

333

00:16:35,669 --> 00:16:33,699

things

334

00:16:37,949 --> 00:16:35,679

regarding the topic of ufology or other

335

00:16:40,489 --> 00:16:37,959

phenomena perhaps even government

336

00:16:42,840 --> 00:16:40,499

related information may be classified

337

00:16:44,759 --> 00:16:42,850

Declassified or not classified at all

338

00:16:46,379 --> 00:16:44,769

what I was going to ask you is how much

339

00:16:48,599 --> 00:16:46,389

protection does a whistleblower have

340

00:16:51,210 --> 00:16:48,609

when they contact one of these

341

00:16:54,869 --> 00:16:51,220

organizations regarding information

342

00:16:57,179 --> 00:16:54,879

that's extremely sensitive yeah you know

343

00:16:59,609 --> 00:16:57,189

the only real protection that most

344

00:17:02,819 --> 00:16:59,619

whistleblowers have is this anonymity

345

00:17:04,259 --> 00:17:02,829

that most organizations would offer them

346

00:17:07,919 --> 00:17:04,269

if they want to come forth with some

347

00:17:09,929 --> 00:17:07,929

information of course nowadays with all

348

00:17:12,389 --> 00:17:09,939

the capability of electronic

349

00:17:14,370 --> 00:17:12,399

surveillance and otherwise it's very

350

00:17:16,710 --> 00:17:14,380

hard to stay anonymous you know these

351

00:17:18,439 --> 00:17:16,720

days if you're sending an email if

352

00:17:20,970 --> 00:17:18,449

you're doing any kind of communication

353

00:17:23,879 --> 00:17:20,980

your signature is going out there as

354

00:17:27,689 --> 00:17:23,889

well so that's one of the reasons I came

355

00:17:30,509 --> 00:17:27,699

up with the idea in my legal career to

356

00:17:33,480 --> 00:17:30,519

try to combine both of my passions you

357

00:17:36,240 --> 00:17:33,490

know the law in becoming being a lawyer

358

00:17:39,389 --> 00:17:36,250

and then also the paranormal as well

359

00:17:41,730 --> 00:17:39,399

coming up with this idea of disclosure

360

00:17:46,049 --> 00:17:41,740

trust well people can actually put their

361

00:17:49,289 --> 00:17:46,059

their secrets their their proof for

362

00:17:52,379 --> 00:17:49,299

instance documents and artifacts or

363

00:17:55,860 --> 00:17:52,389

whatever into an entity that's an actual

364

00:17:59,009 --> 00:17:55,870

trust that they appoint a trustee for by

365

00:18:01,500 --> 00:17:59,019

the way successor trustee that would do

366

00:18:05,129 --> 00:18:01,510

whatever they wanted to have done with

367

00:18:06,509 --> 00:18:05,139

this information on into two ways either

368

00:18:08,549 --> 00:18:06,519

upon their death they want to

369

00:18:10,560 --> 00:18:08,559

distributed or during their lifetime

370

00:18:12,750 --> 00:18:10,570

they would like it to be trickled out

371

00:18:14,879 --> 00:18:12,760

over a period of time those kinds of

372

00:18:16,259 --> 00:18:14,889

things so have you gotten a big response

373

00:18:20,159 --> 00:18:16,269

with that kind of thing there Michael oh

374

00:18:22,649 --> 00:18:20,169

you know what I am starting to okay it's

375

00:18:25,289 --> 00:18:22,659

an interesting idea yeah I mean that's

376

00:18:27,889 --> 00:18:25,299

it's the idea that only maybe a couple

377

00:18:31,680 --> 00:18:27,899

years ago I came up with the idea and

378

00:18:34,289 --> 00:18:31,690

sent it around some samples I mean it's

379

00:18:37,620 --> 00:18:34,299

a trust booklet it's a it's a it's a

380

00:18:41,970 --> 00:18:37,630

inter vivos grantor Trust is what the

381

00:18:43,889 --> 00:18:41,980

IRS calls it an entity in itself that

382

00:18:45,930 --> 00:18:43,899

actually uses your own social security

383

00:18:46,750 --> 00:18:45,940

number so you don't have to get a

384

00:18:49,390 --> 00:18:46,760

separate tax

385

00:18:52,419 --> 00:18:49,400

number for the thing you are the

386

00:18:55,330 --> 00:18:52,429

creator the trust or the trustee and the

387

00:18:59,020 --> 00:18:55,340

managing partner or the trustee of the

388

00:19:00,640 --> 00:18:59,030

of the document at any time that you

389

00:19:02,110 --> 00:19:00,650

want to be and then when you want to

390

00:19:04,090 --> 00:19:02,120

step back and have someone else take

391

00:19:06,640 --> 00:19:04,100

over you've got a successor trustee

392

00:19:08,590 --> 00:19:06,650

that's named in there that follows your

393

00:19:10,720 --> 00:19:08,600

directions on what to do with the

394

00:19:13,020 --> 00:19:10,730

information that's in the trust only the

395

00:19:15,909 --> 00:19:13,030

stuff that you put into this trust is

396

00:19:17,620 --> 00:19:15,919

affected by this trust and how useful

397

00:19:20,289 --> 00:19:17,630

would that have been to Edward Snowden

398

00:19:22,900 --> 00:19:20,299

or Julian Assange or [h__h] or Frank

399

00:19:24,430 --> 00:19:22,910

Serpico for instance I know that's all

400

00:19:27,070 --> 00:19:24,440

over the board regarding the criminal

401

00:19:29,440 --> 00:19:27,080

chronology of it but still really how

402

00:19:29,980 --> 00:19:29,450

useful is that to people like like those

403

00:19:32,980 --> 00:19:29,990

folks

404

00:19:36,610 --> 00:19:32,990

yeah very good and by the way there is

405

00:19:38,890 --> 00:19:36,620

an actual way to become to set up one of

406

00:19:42,150 --> 00:19:38,900

these things anonymously as well so you

407

00:19:45,490 --> 00:19:42,160

create a third entity this trust and

408

00:19:47,110 --> 00:19:45,500

only your attorney who has the

409

00:19:49,690 --> 00:19:47,120

attorney-client privilege by the way

410

00:19:52,720 --> 00:19:49,700

just like any kind of reporter source or

411

00:19:56,350 --> 00:19:52,730

a priest pennant you know a relationship

412

00:19:59,260 --> 00:19:56,360

you cannot reveal who your client is and

413

00:20:00,970 --> 00:19:59,270

you can still disclose other things

414

00:20:03,190 --> 00:20:00,980

without having to disclose who the heck

415

00:20:06,370 --> 00:20:03,200

you are so basically is a scenario

416

00:20:07,720 --> 00:20:06,380

Michael well let's say that I was in the

417

00:20:10,180 --> 00:20:07,730

military what say I was an Air Force

418

00:20:11,770 --> 00:20:10,190

pilot as an example and I had this

419

00:20:14,260 --> 00:20:11,780

incredible sighting but you know what I

420

00:20:15,970 --> 00:20:14,270

was a lifer I've got a pension I don't

421

00:20:17,500 --> 00:20:15,980

really want to mess with it I would be

422

00:20:19,900 --> 00:20:17,510

like a good but I want to get this out

423

00:20:22,360 --> 00:20:19,910

that maybe after I die this would this

424

00:20:24,070 --> 00:20:22,370

would be the kind of thing for me yeah

425

00:20:25,270 --> 00:20:24,080

this this would be a good option for

426

00:20:28,210 --> 00:20:25,280

somebody in that kind of a situation

427

00:20:32,200 --> 00:20:28,220

that would be it would be something that

428

00:20:34,180 --> 00:20:32,210

you know and here's the story that I

429

00:20:38,289 --> 00:20:34,190

hear Frank it's the whole deal where

430

00:20:40,539 --> 00:20:38,299

someone is on their deathbed right good

431

00:20:42,580 --> 00:20:40,549

old uncle Charlie the guy's like 90

432

00:20:44,650 --> 00:20:42,590

years old right and we've had all these

433

00:20:47,409 --> 00:20:44,660

stories of Uncle Charlie all of his life

434

00:20:50,049 --> 00:20:47,419

being some blackops person you know a

435

00:20:51,909 --> 00:20:50,059

deep state kind of guy never really told

436

00:20:53,950 --> 00:20:51,919

us what he can ever even tell his wife

437

00:20:56,409 --> 00:20:53,960

what he did for a living that kind of

438

00:21:00,400 --> 00:20:56,419

stuff and of course then at that point

439

00:21:02,980 --> 00:21:00,410

you know it's what 50 40 years after

440

00:21:05,500 --> 00:21:02,990

some major events that happen and he

441

00:21:07,900 --> 00:21:05,510

calls over his like you know son or

442

00:21:09,700 --> 00:21:07,910

maybe even his grandson you know those

443

00:21:12,910 --> 00:21:09,710

kinds of things and tried to break some

444

00:21:16,630 --> 00:21:12,920

news just before he's passed on in a

445

00:21:19,420 --> 00:21:16,640

very you know low shaky voice kind of a

446

00:21:21,880 --> 00:21:19,430

thing but here's the deal who knows

447

00:21:23,680 --> 00:21:21,890

whether your son or your grandkids or

448

00:21:28,540 --> 00:21:23,690

whoever that you want to entrust with

449

00:21:31,090 --> 00:21:28,550

this information has the gumption or the

450

00:21:33,790 --> 00:21:31,100

interest even to disclose this stuff or

451
00:21:37,030 --> 00:21:33,800
to even deal with it so that's what I

452
00:21:38,410 --> 00:21:37,040
hear and it's kind of good that people

453
00:21:40,630 --> 00:21:38,420
could actually set one of these

454
00:21:41,980 --> 00:21:40,640
documents these trust documents up

455
00:21:46,030 --> 00:21:41,990
during their lifetime

456
00:21:49,780 --> 00:21:46,040
totally revocable totally amendable

457
00:21:51,460 --> 00:21:49,790
during the the time of your life and you

458
00:21:54,130 --> 00:21:51,470
can fund it with their with whatever

459
00:21:57,250 --> 00:21:54,140
information or documentation you like

460
00:22:00,670 --> 00:21:57,260
and you call the shots on what its gonna

461
00:22:02,400 --> 00:22:00,680
when it's going to be released and those

462
00:22:05,110 --> 00:22:02,410
kinds of things and again as I mentioned

463
00:22:07,390 --> 00:22:05,120

even if you want it to release it now

464

00:22:10,180 --> 00:22:07,400

during your lifetime and you don't want

465

00:22:12,280 --> 00:22:10,190

to hold on to any longer you create this

466

00:22:13,720 --> 00:22:12,290

thing anonymously and you've got the

467

00:22:16,990 --> 00:22:13,730

attorney-client privilege with the

468

00:22:19,390 --> 00:22:17,000

attorney creating the document and to

469

00:22:20,710 --> 00:22:19,400

success or trustee that you name that

470

00:22:22,750 --> 00:22:20,720

might you might not have any

471

00:22:25,630 --> 00:22:22,760

relationship with just someone who you

472

00:22:28,870 --> 00:22:25,640

are well let's just say they maybe they

473

00:22:30,580 --> 00:22:28,880

named someone and move on yeah they

474

00:22:34,420 --> 00:22:30,590

could name grant camera or somebody like

475

00:22:37,660 --> 00:22:34,430

that exactly Michael I had another

476

00:22:38,980 --> 00:22:37,670

question wanted to bring up and that is

477

00:22:41,110 --> 00:22:38,990

you know the price of being a

478

00:22:43,030 --> 00:22:41,120

whistleblower if your media outlet can

479

00:22:47,410 --> 00:22:43,040

we keep an example there were papers

480

00:22:48,970 --> 00:22:47,420

released by Daniel Ellsberg who leaked

481

00:22:52,090 --> 00:22:48,980

some information that was classified

482

00:22:54,430 --> 00:22:52,100

this was brought to the attention of the

483

00:22:56,470 --> 00:22:54,440

public by the New York Times they

484

00:22:58,150 --> 00:22:56,480

covered it and Frank you'll have to

485

00:23:00,760 --> 00:22:58,160

chime in on this but I'm pretty sure New

486

00:23:02,740 --> 00:23:00,770

York Times as The Times and then later

487

00:23:05,170 --> 00:23:02,750

the post the Pentagon Papers were

488

00:23:07,570 --> 00:23:05,180

talking about yes a very famous case and

489

00:23:10,180 --> 00:23:07,580

the ultimately the Supreme Court

490

00:23:12,610 --> 00:23:10,190

ultimately had affirmed that the papers

491

00:23:13,379 --> 00:23:12,620

did have the right to publish what was

492

00:23:16,789 --> 00:23:13,389

in fact

493

00:23:19,229 --> 00:23:16,799

classified material and do you think

494

00:23:20,339 --> 00:23:19,239

folks would be able to get away with the

495

00:23:23,149 --> 00:23:20,349

same kind of thing today it was a

496

00:23:25,169 --> 00:23:23,159

different time back in the 70s and maybe

497

00:23:27,690 --> 00:23:25,179

they wouldn't get the same kind of

498

00:23:29,009 --> 00:23:27,700

decision from a higher court in in this

499

00:23:30,690 --> 00:23:29,019

day and age why don't you give us some

500

00:23:33,149 --> 00:23:30,700

thoughts on that type of thing because

501
00:23:36,539 --> 00:23:33,159
you never know some classified stuff

502
00:23:39,060 --> 00:23:36,549
might in fact leak out regarding our

503
00:23:41,009 --> 00:23:39,070
favorite subject of course but you know

504
00:23:43,019 --> 00:23:41,019
if you're not going to get a leak

505
00:23:45,509 --> 00:23:43,029
anymore anymore nowadays from the New

506
00:23:47,999 --> 00:23:45,519
York Times or The Post or portico or you

507
00:23:49,589 --> 00:23:48,009
know any of the mainstream media you're

508
00:23:52,469 --> 00:23:49,599
only gonna get things that they want you

509
00:23:54,569 --> 00:23:52,479
to hear as far as those things being

510
00:23:57,209 --> 00:23:54,579
leaked well why do you think that is

511
00:23:59,819 --> 00:23:57,219
Michael well because you know it's a

512
00:24:02,279 --> 00:23:59,829
controlled media let's just put it that

513
00:24:04,979 --> 00:24:02,289

way I mean in the old days there were

514

00:24:06,509 --> 00:24:04,989

probably some media tycoons you know

515

00:24:09,659 --> 00:24:06,519

around that would really kind of buck

516

00:24:11,039 --> 00:24:09,669

the system and they really did but of

517

00:24:14,190 --> 00:24:11,049

course a lot of those have been bought

518

00:24:17,069 --> 00:24:14,200

up and you know put together and coming

519

00:24:19,079 --> 00:24:17,079

conglomerate eyes and now there's a lot

520

00:24:19,589 --> 00:24:19,089

more control but but here on the other's

521

00:24:22,459 --> 00:24:19,599

hand

522

00:24:24,829 --> 00:24:22,469

you've got to realize we have much more

523

00:24:28,469 --> 00:24:24,839

ability to get the word out through

524

00:24:29,819 --> 00:24:28,479

alternative media the internet even

525

00:24:32,940 --> 00:24:29,829

though all those things are controlled

526

00:24:35,909 --> 00:24:32,950

as well but it you know what if I was a

527

00:24:38,069 --> 00:24:35,919

deep state operative right now a minion

528

00:24:40,169 --> 00:24:38,079

of whoever's in control I would be

529

00:24:42,749 --> 00:24:40,179

really nervous I mean there's just too

530

00:24:45,329 --> 00:24:42,759

many things going on out here and too

531

00:24:47,789 --> 00:24:45,339

many people getting to that point where

532

00:24:49,859 --> 00:24:47,799

they realized that well something's got

533

00:24:52,769 --> 00:24:49,869

to give we've got to get this stuff out

534

00:24:54,560 --> 00:24:52,779

to the public and as we all know I don't

535

00:24:57,149 --> 00:24:54,570

know if we all can feel this I'm sure

536

00:25:00,149 --> 00:24:57,159

that there there has been some kind of a

537

00:25:02,879 --> 00:25:00,159

green lining of the disclosure process

538

00:25:04,310 --> 00:25:02,889

just recently my gosh things are

539

00:25:07,619 --> 00:25:04,320

happening so fast

540

00:25:10,859 --> 00:25:07,629

and so it is kind of a strange thing

541

00:25:14,039 --> 00:25:10,869

that we probably have more control our

542

00:25:16,349 --> 00:25:14,049

media is more control nowadays but there

543

00:25:18,389 --> 00:25:16,359

has been a concerted effort to red pill

544

00:25:21,329 --> 00:25:18,399

the public on what's going on as far as

545

00:25:24,449 --> 00:25:21,339

UFOs and aliens and all sorts of

546

00:25:25,680 --> 00:25:24,459

paranormal activity going back to a movie

547

00:25:28,170 --> 00:25:25,690

on really quick

548

00:25:30,570 --> 00:25:28,180

obviously chant read through the

549

00:25:32,550 --> 00:25:30,580

resignation letter from face clusky

550

00:25:33,630 --> 00:25:32,560

regarding her position as director of

551
00:25:35,820 --> 00:25:33,640
investigations

552
00:25:39,030 --> 00:25:35,830
you bet you've done some work with MUFON

553
00:25:43,650 --> 00:25:39,040
and she also mentioned your work with

554
00:25:45,480 --> 00:25:43,660
conflict resolution can you can do well

555
00:25:48,630 --> 00:25:45,490
let me put it to you this way you're

556
00:25:50,340 --> 00:25:48,640
looking at MUFON now from the outside if

557
00:25:51,960 --> 00:25:50,350
you had some advice for the folks who

558
00:25:55,500 --> 00:25:51,970
run that organization now what would you

559
00:25:57,330 --> 00:25:55,510
tell them well you know what it's uh I

560
00:26:01,770 --> 00:25:57,340
don't envy him that's for sure just a

561
00:26:03,960 --> 00:26:01,780
job you know what they are they are

562
00:26:07,230 --> 00:26:03,970
serving a purpose let's put it that way

563
00:26:09,480 --> 00:26:07,240

and they're serving a purpose both on

564

00:26:11,520 --> 00:26:09,490

the public end and on the deep state end

565

00:26:14,760 --> 00:26:11,530

let's put it that way I mean obviously

566

00:26:16,830 --> 00:26:14,770

you've got an organization that can get

567

00:26:19,530 --> 00:26:16,840

to the grassroots level on what is

568

00:26:22,110 --> 00:26:19,540

really going on out there as far as

569

00:26:24,630 --> 00:26:22,120

experiences are concerned and guess what

570

00:26:27,480 --> 00:26:24,640

the deep state called this phenomenology

571

00:26:30,000 --> 00:26:27,490

and that exactly what they're trying to

572

00:26:32,880 --> 00:26:30,010

study is the experiencers because they

573

00:26:34,320 --> 00:26:32,890

are a lot of them he'll be a wool pulled

574

00:26:36,690 --> 00:26:34,330

over their eyes and they're trying to

575

00:26:38,550 --> 00:26:36,700

figure out what's going on the best way

576

00:26:41,100 --> 00:26:38,560

to do that is get to the people who are

577

00:26:44,880 --> 00:26:41,110

actually experiencing and witnessing

578

00:26:47,250 --> 00:26:44,890

these phenomena and so that's what MUFON

579

00:26:49,140 --> 00:26:47,260

is is the best at doing you know they're

580

00:26:52,530 --> 00:26:49,150

getting a lot of support you know from

581

00:26:55,170 --> 00:26:52,540

the powers that be and of course as we

582

00:26:58,470 --> 00:26:55,180

know as we go through this whole process

583

00:27:02,610 --> 00:26:58,480

as a major large organization having to

584

00:27:04,920 --> 00:27:02,620

do deal with many many hundreds of fuel

585

00:27:07,860 --> 00:27:04,930

investigators and you know state

586

00:27:09,390 --> 00:27:07,870

directors across the entire country any

587

00:27:12,870 --> 00:27:09,400

organization is going to have some bumps

588

00:27:14,010 --> 00:27:12,880

in the road but they I think realize now

589

00:27:16,140 --> 00:27:14,020

that they're going to have to be a

590

00:27:18,390 --> 00:27:16,150

little bit more transparent on this

591

00:27:21,150 --> 00:27:18,400

whole process otherwise they're gonna

592

00:27:21,930 --> 00:27:21,160

lose that you see the the the

593

00:27:25,140 --> 00:27:21,940

powers-that-be

594

00:27:27,330 --> 00:27:25,150

have a pretty pretty good goose with

595

00:27:30,960 --> 00:27:27,340

that lays the golden egg there and MUFON

596

00:27:32,910 --> 00:27:30,970

they can't let that thing sour and they

597

00:27:36,480 --> 00:27:32,920

need to have that ongoing information

598

00:27:39,289 --> 00:27:36,490

because we are all including them trying

599

00:27:43,180 --> 00:27:39,299

to figure out what the reality is

600

00:27:46,519 --> 00:27:43,190

this whole whole effort of UFOs and in

601
00:27:48,220 --> 00:27:46,529
paranormal and his grand cameras as I he

602
00:27:50,930 --> 00:27:48,230
thinks everything is connected somehow

603
00:27:53,570 --> 00:27:50,940
now are going back a ways

604
00:27:55,989 --> 00:27:53,580
organizations like a pro like MUFON and

605
00:27:59,149 --> 00:27:55,999
new fork as well Peter Davenport

606
00:28:00,979 --> 00:27:59,159
organization they are sort of been doing

607
00:28:03,109 --> 00:28:00,989
that for the last several decades now

608
00:28:05,419 --> 00:28:03,119
basically what blue book used to do

609
00:28:08,720 --> 00:28:05,429
which is run down cases from the public

610
00:28:11,539 --> 00:28:08,730
eye I do believe when the Air Force has

611
00:28:14,659 --> 00:28:11,549
said we don't investigate UFOs anymore

612
00:28:16,639 --> 00:28:14,669
well obviously they in its entirety I

613
00:28:18,529 --> 00:28:16,649

don't believe that but I don't believe

614

00:28:21,440 --> 00:28:18,539

that they run down too many of the cases

615

00:28:23,269 --> 00:28:21,450

that are generated from the public and

616

00:28:25,009 --> 00:28:23,279

that's what they've gotten out of and

617

00:28:26,749 --> 00:28:25,019

that sort of created an opportunity for

618

00:28:28,789 --> 00:28:26,759

these organizations to kind of get in

619

00:28:31,659 --> 00:28:28,799

there and get that and not have to wait

620

00:28:34,639 --> 00:28:31,669

for documents to be declassified and

621

00:28:37,039 --> 00:28:34,649

file for your requests and so on and so

622

00:28:39,529 --> 00:28:37,049

forth it's like these organizations are

623

00:28:41,389 --> 00:28:39,539

relatively transparent as far as when

624

00:28:42,859 --> 00:28:41,399

they get a case in you know you can read

625

00:28:44,629 --> 00:28:42,869

about it Roger Marsh might write an

626

00:28:46,519 --> 00:28:44,639

article about it all that sort of thing

627

00:28:48,830 --> 00:28:46,529

and no we see that turn around fairly

628

00:28:50,899 --> 00:28:48,840

quickly that seems to me to be a good

629

00:28:52,970 --> 00:28:50,909

thing oh yeah

630

00:28:58,700 --> 00:28:52,980

no anyway we've got and we've got the

631

00:29:00,830 --> 00:28:58,710

young guns like Frank in there digging

632

00:29:03,470 --> 00:29:00,840

through the dirt oh yeah

633

00:29:06,710 --> 00:29:03,480

and find out what's going on I mean you

634

00:29:09,710 --> 00:29:06,720

guys are the the new generation of

635

00:29:13,369 --> 00:29:09,720

people who are like the coral Lawrence's

636

00:29:15,739 --> 00:29:13,379

you know like dr. harder who really

637

00:29:19,279 --> 00:29:15,749

wanted to get into the the bottom line

638

00:29:22,210 --> 00:29:19,289

of this stuff and the abilities that you

639

00:29:24,499 --> 00:29:22,220

guys have for research is so

640

00:29:26,119 --> 00:29:24,509

astronomical nowadays compared to what

641

00:29:27,889 --> 00:29:26,129

they used to have in the old days where

642

00:29:31,690 --> 00:29:27,899

you guys can go right to the source and

643

00:29:34,820 --> 00:29:31,700

find out for instance that Elizondo

644

00:29:36,950 --> 00:29:34,830

louis Elizondo termination letter that

645

00:29:39,919 --> 00:29:36,960

he wrote the resignation did he he wrote

646

00:29:41,599 --> 00:29:39,929

no one could find it but the young gun i

647

00:29:43,249 --> 00:29:41,609

forget the guy is none i think that was

648

00:29:45,619 --> 00:29:43,259

twitter j who found that yeah yeah

649

00:29:47,930 --> 00:29:45,629

twitter j he found the thing you know

650

00:29:49,700 --> 00:29:47,940

i'd all of a sudden bingo you know the

651
00:29:52,380 --> 00:29:49,710
light goes on and some of these things

652
00:29:55,710 --> 00:29:52,390
can be confirmed so i think you guys

653
00:29:57,480 --> 00:29:55,720
are the advanced guard of probably

654
00:29:59,310 --> 00:29:57,490
what's going to happen here in a not too

655
00:30:01,140 --> 00:29:59,320
distant future I believe as far as

656
00:30:03,330 --> 00:30:01,150
disclosure and the best thing about all

657
00:30:07,500 --> 00:30:03,340
that Michael is we can do it in our

658
00:30:14,700 --> 00:30:07,510
underwear it's fantastic I can imagine

659
00:30:18,630 --> 00:30:14,710
that right now there's it there's a lot

660
00:30:20,669 --> 00:30:18,640
of talk about deep state I wanted you to

661
00:30:24,240 --> 00:30:20,679
be able to explain to us a little bit

662
00:30:25,980 --> 00:30:24,250
more about what deep state is it seems

663
00:30:28,140 --> 00:30:25,990

like it's been talked an awful lot about

664

00:30:30,330 --> 00:30:28,150

lately ever since Trump came into

665

00:30:32,370 --> 00:30:30,340

administration as well

666

00:30:37,380 --> 00:30:32,380

do you mind covering that topic a little

667

00:30:39,180 --> 00:30:37,390

bit oh yeah yeah you know it's uh you

668

00:30:41,549 --> 00:30:39,190

know it seems to me that the deep state

669

00:30:44,310 --> 00:30:41,559

term the black hats you know the black

670

00:30:46,470 --> 00:30:44,320

ops you know people out there they seem

671

00:30:50,610 --> 00:30:46,480

to be kind of the upgraded version of

672

00:30:52,740 --> 00:30:50,620

the old terms like loominatee you know

673

00:30:54,659 --> 00:30:52,750

the Cabal and those kinds of things

674

00:30:57,180 --> 00:30:54,669

where people were supposedly you know

675

00:31:00,180 --> 00:30:57,190

running the united states and britain

676
00:31:03,659 --> 00:31:00,190
and things abroad from some other you

677
00:31:06,450 --> 00:31:03,669
know conglomerate organization and i

678
00:31:08,190 --> 00:31:06,460
always think back to the old x-files

679
00:31:11,640 --> 00:31:08,200
television show when they had that

680
00:31:13,200 --> 00:31:11,650
international group of people that

681
00:31:16,260 --> 00:31:13,210
seemed to be in charge of the planet

682
00:31:18,169 --> 00:31:16,270
remember and oh yes the smoking man was

683
00:31:20,310 --> 00:31:18,179
kind of like their liaisons for

684
00:31:21,299 --> 00:31:20,320
something to the united states or

685
00:31:23,460 --> 00:31:21,309
whatever i thought that was a

686
00:31:25,169 --> 00:31:23,470
fascinating thing but most those guys

687
00:31:29,190 --> 00:31:25,179
weren't americans let's put it that way

688
00:31:32,940 --> 00:31:29,200

and i believe of course that there's

689

00:31:35,370 --> 00:31:32,950

probably even a system where the people

690

00:31:38,210 --> 00:31:35,380

in charge on this planet are just the

691

00:31:41,100 --> 00:31:38,220

minions for some kind of off planet

692

00:31:45,270 --> 00:31:41,110

force it's kind of pulling the strings

693

00:31:48,030 --> 00:31:45,280

and might be responsible for the whole

694

00:31:50,070 --> 00:31:48,040

idea of disclosure happening very

695

00:31:52,169 --> 00:31:50,080

quickly here i believe at one point

696

00:31:55,380 --> 00:31:52,179

someone has probably said you know what

697

00:31:58,650 --> 00:31:55,390

it's time you shouldn't have controlled

698

00:32:01,110 --> 00:31:58,660

this for so long if you don't do it we

699

00:32:03,360 --> 00:32:01,120

will that kind of a thing so and that's

700

00:32:05,629 --> 00:32:03,370

what i wonder before you guys go forward

701

00:32:07,879 --> 00:32:05,639

on this because i I know

702

00:32:09,529 --> 00:32:07,889

there's gonna be some incredible

703

00:32:11,329 --> 00:32:09,539

information you're going to share with

704

00:32:13,759 --> 00:32:11,339

us I'd like Frank to cover with you I

705

00:32:16,399 --> 00:32:13,769

just want to read the definition of deep

706

00:32:19,279 --> 00:32:16,409

state that way our listeners have the

707

00:32:21,440 --> 00:32:19,289

benefit of understanding what it is and

708

00:32:23,389 --> 00:32:21,450

that as deep state is believed to be a

709

00:32:25,549 --> 00:32:23,399

clandestine network entrenched inside

710

00:32:28,089 --> 00:32:25,559

the government bureaucracy intelligence

711

00:32:30,979 --> 00:32:28,099

agencies and other governmental entities

712

00:32:33,169 --> 00:32:30,989

the deep state supposedly controls state

713

00:32:35,119 --> 00:32:33,179

policy behind the scenes while the

714

00:32:37,940 --> 00:32:35,129

democratically elected process and

715

00:32:40,969 --> 00:32:37,950

elected officials are merely figureheads

716

00:32:44,560 --> 00:32:40,979

and you're connecting an ET Force to

717

00:32:47,659 --> 00:32:44,570

that would you like to jump in on that

718

00:32:50,569 --> 00:32:47,669

yeah well I'm just thinking that you

719

00:32:53,989 --> 00:32:50,579

know obviously that's the the on planet

720

00:32:56,659 --> 00:32:53,999

kind of control mechanism that's been

721

00:32:58,489 --> 00:32:56,669

keeping and obviously this has been

722

00:33:01,969 --> 00:32:58,499

going on for millennia

723

00:33:04,729 --> 00:33:01,979

you know I the here's here's my theory

724

00:33:07,159 --> 00:33:04,739

on this whole thing if you were a

725

00:33:10,119 --> 00:33:07,169

control mechanism if you were a king if

726

00:33:12,619 --> 00:33:10,129

you were a despot you wanted to control

727

00:33:15,489 --> 00:33:12,629

your people you're the people that you

728

00:33:18,829 --> 00:33:15,499

you have been charged with controlling

729

00:33:21,139 --> 00:33:18,839

you would have a long term plan your

730

00:33:23,209 --> 00:33:21,149

long term plan might include your

731

00:33:24,289 --> 00:33:23,219

children your grandchildren your

732

00:33:27,649 --> 00:33:24,299

great-grandchildren

733

00:33:30,769 --> 00:33:27,659

but how many of us have been able to be

734

00:33:32,779 --> 00:33:30,779

very successful at all in trying to get

735

00:33:36,049 --> 00:33:32,789

your grandchildren for instance or even

736

00:33:38,930 --> 00:33:36,059

your own kids to do your bidding or what

737

00:33:42,019 --> 00:33:38,940

you would like them to do so I have a

738

00:33:44,839 --> 00:33:42,029

feeling that this ongoing you know

739

00:33:47,089 --> 00:33:44,849

generation after generation of control

740

00:33:49,909 --> 00:33:47,099

mechanism Illuminati whatever you want

741

00:33:51,889 --> 00:33:49,919

to call it has had some direction from

742

00:33:54,649 --> 00:33:51,899

an outside force to keep them on track

743

00:33:57,349 --> 00:33:54,659

otherwise well I mean you'll cut even

744

00:33:59,029 --> 00:33:57,359

the Mafia the mob you know these guys

745

00:34:01,489 --> 00:33:59,039

are fighting amongst themselves all the

746

00:34:04,459 --> 00:34:01,499

time taking over one another and killing

747

00:34:07,609 --> 00:34:04,469

each other and stuff and so it's very

748

00:34:10,789 --> 00:34:07,619

difficult to have a long term plan when

749

00:34:13,609 --> 00:34:10,799

you're doing any kind of program so I

750

00:34:16,579 --> 00:34:13,619

think the fact that it's been so long

751
00:34:18,409 --> 00:34:16,589
and ongoing there's got to be some kind

752
00:34:19,400 --> 00:34:18,419
of control mechanism keeping it going

753
00:34:25,070 --> 00:34:19,410
through

754
00:34:29,410 --> 00:34:25,080
you know you're talking Samaria you're

755
00:34:32,450 --> 00:34:29,420
talking the Anunnaki whoever so I am

756
00:34:36,860 --> 00:34:32,460
very confident that there's got to be

757
00:34:39,440 --> 00:34:36,870
some kind of plan out there that is

758
00:34:42,350 --> 00:34:39,450
maybe coming to fruition very shortly

759
00:34:43,730 --> 00:34:42,360
here on the planet and we just have I

760
00:34:46,940 --> 00:34:43,740
tell you what we've got to congratulate

761
00:34:49,430 --> 00:34:46,950
ourselves for at least being born or

762
00:34:52,310 --> 00:34:49,440
maybe having the foresight to being born

763
00:34:55,670 --> 00:34:52,320

at this particular time on this little

764

00:34:59,150 --> 00:34:55,680

blue planet Michael are jumping in there

765

00:35:01,430 --> 00:34:59,160

as far as the timeline for getting more

766

00:35:03,470 --> 00:35:01,440

of this information out of what world do

767

00:35:06,170 --> 00:35:03,480

you think that our scientific

768

00:35:08,000 --> 00:35:06,180

advancements especially in terms of

769

00:35:10,370 --> 00:35:08,010

looking into deep space in our own

770

00:35:13,280 --> 00:35:10,380

galaxy seeing that most stars have

771

00:35:15,380 --> 00:35:13,290

exoplanets good many of them might very

772

00:35:17,870 --> 00:35:15,390

well be able to support life some of

773

00:35:20,690 --> 00:35:17,880

that life might be the individuals that

774

00:35:22,660 --> 00:35:20,700

are getting here and visiting us we're

775

00:35:25,370 --> 00:35:22,670

getting closer and closer every day to

776

00:35:27,740 --> 00:35:25,380

discovering and really confirming our

777

00:35:30,200 --> 00:35:27,750

life out there in the galaxy what role

778

00:35:33,140 --> 00:35:30,210

do you think that might be playing as a

779

00:35:36,020 --> 00:35:33,150

catalyst for this increased information

780

00:35:40,400 --> 00:35:36,030

coming out to us regarding the UFOs

781

00:35:43,370 --> 00:35:40,410

being et well you know I don't know that

782

00:35:48,080 --> 00:35:43,380

it's a catalyst because it is such a

783

00:35:50,630 --> 00:35:48,090

controlled you know area of inquiry the

784

00:35:53,710 --> 00:35:50,640

scientific community has got to be one

785

00:35:56,420 --> 00:35:53,720

of the most difficult time things to do

786

00:35:58,250 --> 00:35:56,430

if you wanted to really do exploration

787

00:36:01,670 --> 00:35:58,260

once you come up with some kind of

788

00:36:04,810 --> 00:36:01,680

earth-shaking new information you know

789

00:36:08,240 --> 00:36:04,820

life on Mars you know some kind of

790

00:36:10,340 --> 00:36:08,250

exoplanet that would you know have a

791

00:36:10,940 --> 00:36:10,350

life on it just like we have on our

792

00:36:12,650 --> 00:36:10,950

planet

793

00:36:14,480 --> 00:36:12,660

those things are clamped down very

794

00:36:16,880 --> 00:36:14,490

quickly because of the system that we're

795

00:36:18,710 --> 00:36:16,890

in right now matter of fact some people

796

00:36:23,180 --> 00:36:18,720

believe that scientists are going to be

797

00:36:25,190 --> 00:36:23,190

maybe even in a worse position than our

798

00:36:27,920 --> 00:36:25,200

religious scholars in that regard if we

799

00:36:31,640 --> 00:36:27,930

prove the existence of aliens and

800

00:36:33,170 --> 00:36:31,650

they're visiting the planet so we have a

801
00:36:34,400 --> 00:36:33,180
lot of capability I think

802
00:36:37,760 --> 00:36:34,410
there's a whole lot of folks out there

803
00:36:40,040 --> 00:36:37,770
in that scientific community that do

804
00:36:43,760 --> 00:36:40,050
know what going what is going on because

805
00:36:47,420 --> 00:36:43,770
obviously if you if you hear the news

806
00:36:52,420 --> 00:36:47,430
from these Harvard astronomers who's

807
00:36:54,770 --> 00:36:52,430
saying that the moolah moolah you know

808
00:36:57,140 --> 00:36:54,780
you know the thing that came through our

809
00:37:00,589 --> 00:36:57,150
solar system yes sir yep

810
00:37:03,620 --> 00:37:00,599
could have been they're saying a alien

811
00:37:06,140 --> 00:37:03,630
probe you know now you're starting to

812
00:37:09,530 --> 00:37:06,150
get sight the scientific community to

813
00:37:12,680 --> 00:37:09,540

make observations and to report on them

814

00:37:15,559 --> 00:37:12,690

like they have never done in the past so

815

00:37:19,819 --> 00:37:15,569

you see a [h__\h] in the wall basically I

816

00:37:21,500 --> 00:37:19,829

think of the whole idea that this new

817

00:37:24,559 --> 00:37:21,510

information that a lot of people have

818

00:37:28,849 --> 00:37:24,569

known about I believe over the decades

819

00:37:30,589 --> 00:37:28,859

and eons are now maybe being you know

820

00:37:33,440 --> 00:37:30,599

green-lighted to be able to get to the

821

00:37:34,819 --> 00:37:33,450

masses for some interesting reason and

822

00:37:38,270 --> 00:37:34,829

of course that's the bottom line

823

00:37:44,780 --> 00:37:38,280

why are they coming out now and wanting

824

00:37:47,960 --> 00:37:44,790

us to know all these things take a

825

00:37:51,740 --> 00:37:47,970

chance yeah I have so many questions I

826

00:37:54,950 --> 00:37:51,750

oh ha ha ha ha I like we're started

827

00:37:58,160 --> 00:37:54,960

dancing around a certain topic that is

828

00:38:01,579 --> 00:37:58,170

absolutely astounding but I want to

829

00:38:04,490 --> 00:38:01,589

cover a topic that is of interest to a

830

00:38:07,039 --> 00:38:04,500

lot of people and I just I I'm gonna go

831

00:38:09,710 --> 00:38:07,049

ahead and an apology apologetically

832

00:38:11,990 --> 00:38:09,720

bring it back up again and that is the

833

00:38:15,230 --> 00:38:12,000

deep state I have kind of a

834

00:38:17,799 --> 00:38:15,240

philosophical question for you that's

835

00:38:22,339 --> 00:38:17,809

relevant Michael and that is deep state

836

00:38:24,700 --> 00:38:22,349

it kind of taints the democratic process

837

00:38:27,829 --> 00:38:24,710

for a country that's driving to have one

838

00:38:31,010 --> 00:38:27,839

in the democratic process it turns into

839

00:38:34,730 --> 00:38:31,020

a facade the the shadow government is

840

00:38:39,740 --> 00:38:34,740

also what it's called is it possible for

841

00:38:43,160 --> 00:38:39,750

people to be a member of an oppressed

842

00:38:47,030 --> 00:38:43,170

member of the the deep state and not

843

00:38:49,250 --> 00:38:47,040

even know they're being oppressed

844

00:38:52,400 --> 00:38:49,260

yeah well of course I think there's many

845

00:38:55,250 --> 00:38:52,410

many levels of the whole mechanism of

846

00:38:57,350 --> 00:38:55,260

the deep state you know you talk with

847

00:38:59,800 --> 00:38:57,360

most people in the military even

848

00:39:02,600 --> 00:38:59,810

scientists and the scientific community

849

00:39:04,190 --> 00:39:02,610

and politicians as well around the world

850

00:39:06,380 --> 00:39:04,200

you know they're all trying to probably

851

00:39:09,620 --> 00:39:06,390

do the very best they can and a daily

852

00:39:12,320 --> 00:39:09,630

basis and represent the people in the

853

00:39:15,110 --> 00:39:12,330

best way they know how for their best

854

00:39:17,600 --> 00:39:15,120

and highest good but of course as you

855

00:39:20,090 --> 00:39:17,610

get higher up the food chain that's

856

00:39:22,670 --> 00:39:20,100

where the control mechanism happens now

857

00:39:25,040 --> 00:39:22,680

I know we have all heard of these things

858

00:39:27,260 --> 00:39:25,050

where they've got the black hats and the

859

00:39:29,530 --> 00:39:27,270

white hats you know even in the military

860

00:39:32,060 --> 00:39:29,540

the Pentagon those kinds of things

861

00:39:34,730 --> 00:39:32,070

there's different factions out there

862

00:39:37,060 --> 00:39:34,740

that I believe are probably at this

863

00:39:40,220 --> 00:39:37,070

point even warring amongst themselves

864

00:39:43,610 --> 00:39:40,230

arguing anyway amongst themselves about

865

00:39:46,750 --> 00:39:43,620

the best way to go in you know forging

866

00:39:48,950 --> 00:39:46,760

to the future here in disclosing

867

00:39:52,310 --> 00:39:48,960

disclosing information and not

868

00:39:55,820 --> 00:39:52,320

disclosing information the whole idea of

869

00:39:58,400 --> 00:39:55,830

UFO is being demonic not being demonic

870

00:40:00,260 --> 00:39:58,410

you know the the good et's versus the

871

00:40:03,020 --> 00:40:00,270

bad ETS

872

00:40:08,120 --> 00:40:03,030

I have a feeling that there is a very

873

00:40:11,180 --> 00:40:08,130

wide disparity in the control mechanism

874

00:40:13,850 --> 00:40:11,190

nowadays it's not like one group I think

875

00:40:16,910 --> 00:40:13,860

is in charge any longer I think they're

876

00:40:18,890 --> 00:40:16,920

probably well it might be the the whole

877

00:40:20,900 --> 00:40:18,900

idea that I came up with earlier when

878

00:40:23,600 --> 00:40:20,910

the younger generations now are getting

879

00:40:27,470 --> 00:40:23,610

into power maybe they're thinking twice

880

00:40:30,170 --> 00:40:27,480

about maintaining the the same posture

881

00:40:33,110 --> 00:40:30,180

that their forebearers did in this

882

00:40:36,260 --> 00:40:33,120

regard as far as you know keeping the

883

00:40:40,820 --> 00:40:36,270

information hidden so I don't know it's

884

00:40:44,120 --> 00:40:40,830

very exciting and kind of scary as well

885

00:40:45,680 --> 00:40:44,130

to determine the best way to go when

886

00:40:48,650 --> 00:40:45,690

you're dealing with this stuff on a

887

00:40:53,090 --> 00:40:48,660

daily basis and trying to find out the

888

00:40:55,760 --> 00:40:53,100

truth yeah it sounds like the process of

889

00:41:00,500 --> 00:40:55,770

disclosure needs to happen through the

890

00:41:03,520 --> 00:41:00,510

people do you think that's true

891

00:41:06,200 --> 00:41:03,530

well your that's a very good analogy

892

00:41:09,140 --> 00:41:06,210

Jana and I'll tell you what it's very

893

00:41:12,590 --> 00:41:09,150

interesting that grant Cameron is coming

894

00:41:14,680 --> 00:41:12,600

out with this his new book which he is

895

00:41:18,410 --> 00:41:14,690

are actually going to disclose this

896

00:41:20,330 --> 00:41:18,420

smoking gun memo in the book but one of

897

00:41:23,390 --> 00:41:20,340

the themes in his book that he is

898

00:41:26,720 --> 00:41:23,400

writing about is the idea that if

899

00:41:29,300 --> 00:41:26,730

everyone in ufology if everyone in the

900

00:41:33,820 --> 00:41:29,310

scientific community if everyone that

901
00:41:37,130 --> 00:41:33,830
had knowledge of these strange phenomena

902
00:41:40,190 --> 00:41:37,140
the phenomenology problem basically is

903
00:41:43,359 --> 00:41:40,200
what the CIA calls it if we all just

904
00:41:46,609 --> 00:41:43,369
laid what we know on the table right now

905
00:41:48,890 --> 00:41:46,619
disclosure would be over with this his

906
00:41:51,260 --> 00:41:48,900
theme because there are lots of

907
00:41:55,340 --> 00:41:51,270
information out there that people have

908
00:41:56,750 --> 00:41:55,350
confirmation of and some for some reason

909
00:41:59,380 --> 00:41:56,760
or another a lot of people are just

910
00:42:01,190 --> 00:41:59,390
holding on to it to the right time

911
00:42:03,620 --> 00:42:01,200
because they don't want to lose their

912
00:42:05,330 --> 00:42:03,630
source you know they're being fed

913
00:42:07,820 --> 00:42:05,340

information and they want to make sure

914

00:42:10,760 --> 00:42:07,830

there's they stay in the loop those

915

00:42:15,710 --> 00:42:10,770

kinds of things but it gets to the point

916

00:42:17,900 --> 00:42:15,720

at one time in our whole growth period

917

00:42:21,650 --> 00:42:17,910

here the psychological and consciousness

918

00:42:23,930 --> 00:42:21,660

a growth that we're all experiencing is

919

00:42:26,300 --> 00:42:23,940

that we just have to say now is the time

920

00:42:28,550 --> 00:42:26,310

we're going to lay it on the table we're

921

00:42:30,260 --> 00:42:28,560

going to confirm what we have and we're

922

00:42:33,470 --> 00:42:30,270

gonna have everybody coming out at once

923

00:42:36,340 --> 00:42:33,480

and I'm hoping that at one point very

924

00:42:39,710 --> 00:42:36,350

shortly there will be the first domino

925

00:42:42,260 --> 00:42:39,720

that actually tips itself far enough

926
00:42:44,300 --> 00:42:42,270
over and just start banging over the

927
00:42:46,280 --> 00:42:44,310
rest of them and everything starts

928
00:42:49,760 --> 00:42:46,290
coming out all at once once once you

929
00:42:52,280 --> 00:42:49,770
disclose one major thing in the

930
00:42:54,230 --> 00:42:52,290
paranormal you follow G aliens or

931
00:42:55,640 --> 00:42:54,240
whatever it is all of a sudden there's

932
00:42:57,620 --> 00:42:55,650
gonna be a whole lot of questions that

933
00:42:59,420 --> 00:42:57,630
have to be answered so I'm looking

934
00:43:02,060 --> 00:42:59,430
forward to that and then you had

935
00:43:04,250 --> 00:43:02,070
mentioned grants new book and the

936
00:43:05,570 --> 00:43:04,260
document that he received I want to tell

937
00:43:07,400 --> 00:43:05,580
our folks a little bit about that we

938
00:43:09,020 --> 00:43:07,410

talked a a good bit about it that when

939

00:43:11,300 --> 00:43:09,030

we were on Dave's show together Dave

940

00:43:12,830 --> 00:43:11,310

Scott Shou who has spaced out radio what

941

00:43:14,120 --> 00:43:12,840

the hell our listeners who didn't happen

942

00:43:17,630 --> 00:43:14,130

to catch that show

943

00:43:20,539 --> 00:43:17,640

all about it okay well hold on to your

944

00:43:23,420 --> 00:43:20,549

hats folks and fatten yours fasten your

945

00:43:26,779 --> 00:43:23,430

seat belts because I'll tell you what we

946

00:43:29,630 --> 00:43:26,789

have all wondered well I don't know I

947

00:43:32,630 --> 00:43:29,640

have anyway what would I do if someone

948

00:43:35,210 --> 00:43:32,640

came up to me at a conference or some

949

00:43:38,029 --> 00:43:35,220

kind of a convention on that you know

950

00:43:40,910 --> 00:43:38,039

which we all go to periodically and said

951
00:43:45,319 --> 00:43:40,920
hey I have something that is going to be

952
00:43:50,630 --> 00:43:45,329
ironclad proof of something you know

953
00:43:52,910 --> 00:43:50,640
UFOs aliens mj-12 you know the

954
00:43:54,529 --> 00:43:52,920
government crash retrieval reverse

955
00:43:57,890 --> 00:43:54,539
engineering programs all that kind of

956
00:43:59,930 --> 00:43:57,900
stuff what would we do and this is what

957
00:44:02,960 --> 00:43:59,940
happened with Grant Cameron not too long

958
00:44:05,180 --> 00:44:02,970
ago he was at a conference and he was

959
00:44:07,160 --> 00:44:05,190
approached by a gentleman like he always

960
00:44:10,160 --> 00:44:07,170
is after he gives his talks you know

961
00:44:12,650 --> 00:44:10,170
State alum really loved the way you talk

962
00:44:13,910 --> 00:44:12,660
and stuff and loved your presentation I

963
00:44:16,400 --> 00:44:13,920

have something I think you'd be

964

00:44:18,739 --> 00:44:16,410

interested in seeing and Grant at the

965

00:44:20,749 --> 00:44:18,749

time was on his way to get to the

966

00:44:22,489 --> 00:44:20,759

shuttle up to the airport to go to

967

00:44:24,559 --> 00:44:22,499

another conference and he couldn't spend

968

00:44:27,529 --> 00:44:24,569

a whole lot of time talking with this

969

00:44:30,920 --> 00:44:27,539

gentleman but the guy just happened to

970

00:44:33,019 --> 00:44:30,930

have his little iPad right there and

971

00:44:35,870 --> 00:44:33,029

whipped up I pulled up a document that

972

00:44:39,589 --> 00:44:35,880

he had in his storage thing that blew

973

00:44:45,739 --> 00:44:39,599

grant Cameron away and let me explore it

974

00:44:49,910 --> 00:44:45,749

it's a 15 page manuscript basically an

975

00:44:52,959 --> 00:44:49,920

interview that was held between two

976
00:44:58,130 --> 00:44:52,969
people one of them is a highly-placed

977
00:45:00,709 --> 00:44:58,140
military insider I'm telling you so

978
00:45:05,690 --> 00:45:00,719
highly placed that this is the Joint

979
00:45:08,329 --> 00:45:05,700
Chiefs of Staff j2 in charge of all of

980
00:45:12,019 --> 00:45:08,339
the intelligence operations for all the

981
00:45:15,589 --> 00:45:12,029
military branches so you're talking a

982
00:45:18,650 --> 00:45:15,599
high-level government military in person

983
00:45:24,979 --> 00:45:18,660
telling and talking with another

984
00:45:27,510 --> 00:45:24,989
high-level scientific person who has

985
00:45:31,380 --> 00:45:27,520
been involved

986
00:45:33,990 --> 00:45:31,390
decades in the whole idea of science and

987
00:45:35,490 --> 00:45:34,000
space and all that kind of stuff what

988
00:45:38,280 --> 00:45:35,500

happened was the gentlemen they were

989

00:45:42,240 --> 00:45:38,290

both interested in the subjects UFOs and

990

00:45:44,160 --> 00:45:42,250

the paranormal and the scientists

991

00:45:46,650 --> 00:45:44,170

decided to have an hour

992

00:45:50,280 --> 00:45:46,660

well actually got an hour 20 minute

993

00:45:55,080 --> 00:45:50,290

interview with this gentleman and wrote

994

00:45:56,820 --> 00:45:55,090

down or actually I'm positive he had a

995

00:45:58,920 --> 00:45:56,830

tape recorder because this is

996

00:46:02,970 --> 00:45:58,930

word-for-word the transcript that he

997

00:46:05,730 --> 00:46:02,980

wrote down afterwards of his hour and 20

998

00:46:08,130 --> 00:46:05,740

minute interview and in this document

999

00:46:12,770 --> 00:46:08,140

they are talking about what they both

1000

00:46:16,609 --> 00:46:12,780

had admonish as being the core secrets

1001

00:46:19,920 --> 00:46:16,619

the idea in quotes core core secrets

1002

00:46:22,440 --> 00:46:19,930

that have always been kept in the

1003

00:46:24,960 --> 00:46:22,450

background are now being disclosed than

1004

00:46:27,300 --> 00:46:24,970

this conversation between these two

1005

00:46:31,410 --> 00:46:27,310

people and like I mentioned the whole

1006

00:46:33,660 --> 00:46:31,420

idea that Roswell New Mexico actually

1007

00:46:36,300 --> 00:46:33,670

happened the crashed saucer crashed and

1008

00:46:39,420 --> 00:46:36,310

they actually retrieved alien bodies

1009

00:46:41,730 --> 00:46:39,430

both dead and alive that kind of thing

1010

00:46:47,130 --> 00:46:41,740

is in this memo the whole idea that the

1011

00:46:51,330 --> 00:46:47,140

mj-12 group that was formed by Truman

1012

00:46:53,430 --> 00:46:51,340

back in 1947 just at the same time by

1013

00:46:55,890 --> 00:46:53,440

the way that they that they formed and

1014

00:46:58,349 --> 00:46:55,900

created the National Security Act at the

1015

00:47:00,870 --> 00:46:58,359

same time which was only three weeks

1016

00:47:02,700 --> 00:47:00,880

after the crash of Roswell New Mexico so

1017

00:47:05,599 --> 00:47:02,710

it lends you to believe that there was

1018

00:47:08,880 --> 00:47:05,609

some major things going on at that point

1019

00:47:10,230 --> 00:47:08,890

and the fact that mj-12 was an actual

1020

00:47:13,050 --> 00:47:10,240

organization of course there's always

1021

00:47:18,450 --> 00:47:13,060

been pros and cons on that but these are

1022

00:47:20,609 --> 00:47:18,460

this is a document that is one of those

1023

00:47:25,080 --> 00:47:20,619

kinds of things that the provenance of

1024

00:47:27,900 --> 00:47:25,090

it seems to be very solid where this

1025

00:47:31,200 --> 00:47:27,910

document comes from is even more amazing

1026

00:47:34,050 --> 00:47:31,210

as far as the Chain of Custody those

1027

00:47:36,150 --> 00:47:34,060

kinds of issues so anyway that's that's

1028

00:47:40,500 --> 00:47:36,160

what grant Cameron is about ready to

1029

00:47:44,550 --> 00:47:40,510

foist upon the world very shortly

1030

00:47:46,710 --> 00:47:44,560

and I'm very excited to be as attorney

1031

00:47:50,670 --> 00:47:46,720

actually at this point because I have

1032

00:47:53,580 --> 00:47:50,680

created this very intricate disclosure

1033

00:47:56,190 --> 00:47:53,590

trust for grant and he is not only

1034

00:47:58,920 --> 00:47:56,200

putting this memo and other things in it

1035

00:48:03,000 --> 00:47:58,930

but it's going to be chock-full of other

1036

00:48:04,830 --> 00:48:03,010

things later on as well this is this is

1037

00:48:07,050 --> 00:48:04,840

coming out in his next book though it

1038

00:48:08,730 --> 00:48:07,060

was that correct yeah some of the things

1039

00:48:12,740 --> 00:48:08,740

are going to be coming out in the book

1040

00:48:15,870 --> 00:48:12,750

the specific 15 page transcript will be

1041

00:48:17,730 --> 00:48:15,880

and then some of the other things he he

1042

00:48:20,310 --> 00:48:17,740

wants to hold off for another period of

1043

00:48:22,980 --> 00:48:20,320

time but the major bomb he called it the

1044

00:48:26,730 --> 00:48:22,990

major UFO bomb when he first told me

1045

00:48:30,060 --> 00:48:26,740

about it on a on a text on January 2 the

1046

00:48:33,060 --> 00:48:30,070

second of this year is the 15 page

1047

00:48:36,180 --> 00:48:33,070

transcript that people will be able to

1048

00:48:38,090 --> 00:48:36,190

pick apart they'll be able to ask

1049

00:48:42,270 --> 00:48:38,100

questions about they'll be able to

1050

00:48:47,030 --> 00:48:42,280

corroborate actually and what what grant

1051
00:48:50,100 --> 00:48:47,040
is attempting to do he is what he calls

1052
00:48:52,260 --> 00:48:50,110
99% sure that this is a true document

1053
00:48:55,550 --> 00:48:52,270
but nothing's you know everybody knows

1054
00:48:58,740 --> 00:48:55,560
that they've gone these you know

1055
00:49:01,050 --> 00:48:58,750
disinformation processes and and release

1056
00:49:06,630 --> 00:49:01,060
things that that don't really you know

1057
00:49:08,910 --> 00:49:06,640
matter would like to give a disclaimer

1058
00:49:11,640 --> 00:49:08,920
first that's a really important a legal

1059
00:49:14,070 --> 00:49:11,650
disclaimer about grant that Michael

1060
00:49:16,350 --> 00:49:14,080
agreed with me on regarding the last

1061
00:49:19,380 --> 00:49:16,360
show we all did together that I would

1062
00:49:23,100 --> 00:49:19,390
like to stress about grant Cameron and

1063
00:49:26,940 --> 00:49:23,110

that is he would never willingly accept

1064

00:49:29,160 --> 00:49:26,950

classified documents these documents

1065

00:49:33,540 --> 00:49:29,170

that you're talking about are not

1066

00:49:37,260 --> 00:49:33,550

classified at all exactly right and then

1067

00:49:39,090 --> 00:49:37,270

also before you go into it I just have a

1068

00:49:42,420 --> 00:49:39,100

few questions if you don't mind I'm

1069

00:49:44,820 --> 00:49:42,430

sorry and that is are there any dist

1070

00:49:46,590 --> 00:49:44,830

it's three questions are there any

1071

00:49:49,050 --> 00:49:46,600

disputes about signatures on these

1072

00:49:51,960 --> 00:49:49,060

documents if there are any to be had are

1073

00:49:54,849 --> 00:49:51,970

they reproductions and are there any

1074

00:49:59,380 --> 00:49:54,859

originals

1075

00:50:03,069 --> 00:49:59,390

you know the there are a signature or

1076

00:50:05,620 --> 00:50:03,079

two on these it's not necessarily the

1077

00:50:10,120 --> 00:50:05,630

signatures and and those signatures can

1078

00:50:12,460 --> 00:50:10,130

be you know confirmed or studied for

1079

00:50:14,289 --> 00:50:12,470

sure okay but it's not the signatures

1080

00:50:16,960 --> 00:50:14,299

that are the startling thing I

1081

00:50:19,510 --> 00:50:16,970

understand it it's basically the people

1082

00:50:22,210 --> 00:50:19,520

that are involved and what they're

1083

00:50:24,150 --> 00:50:22,220

saying they are specifically identified

1084

00:50:26,260 --> 00:50:24,160

that's going to come out and in the book

1085

00:50:28,150 --> 00:50:26,270

actually here's what its gonna what's

1086

00:50:30,910 --> 00:50:28,160

gonna happen Frank and this is where the

1087

00:50:35,079 --> 00:50:30,920

young guns come into play by the way cuz

1088

00:50:40,510 --> 00:50:35,089

Grant is with some hopefully good legal

1089

00:50:43,539 --> 00:50:40,520

advice he has decided to release in his

1090

00:50:45,970 --> 00:50:43,549

book a redacted version of this memo

1091

00:50:49,750 --> 00:50:45,980

which is going to take out the major

1092

00:50:50,289 --> 00:50:49,760

names of this thing okay but here's the

1093

00:50:54,960 --> 00:50:50,299

deal

1094

00:50:57,450 --> 00:50:54,970

there has been corroborated

1095

00:51:01,809 --> 00:50:57,460

investigations and evidence from other

1096

00:51:05,049 --> 00:51:01,819

ufologists out there I'm talking Richard

1097

00:51:09,130 --> 00:51:05,059

Dolan I'm talking dr. Steven Greer I'm

1098

00:51:11,200 --> 00:51:09,140

talking people who know who these names

1099

00:51:15,700 --> 00:51:11,210

are right and know who these characters

1100

00:51:17,829 --> 00:51:15,710

are as well as you guys the young guns

1101
00:51:20,170 --> 00:51:17,839
out there will be able to find out and

1102
00:51:22,240 --> 00:51:20,180
corroborate who these people are

1103
00:51:23,740 --> 00:51:22,250
immediately so what I've told grant is

1104
00:51:26,319 --> 00:51:23,750
that you know what you're gonna cover

1105
00:51:28,870 --> 00:51:26,329
your base you're going to keep yourself

1106
00:51:32,289 --> 00:51:28,880
legally pure on this whole thing and not

1107
00:51:35,430 --> 00:51:32,299
happen to out anyone but there the

1108
00:51:38,769 --> 00:51:35,440
amount of corroborating evidence will be

1109
00:51:40,539 --> 00:51:38,779
astonishing and he thinks I believe I

1110
00:51:42,880 --> 00:51:40,549
agree with him within a matter of days

1111
00:51:46,000 --> 00:51:42,890
or even hours that this thing is

1112
00:51:47,980 --> 00:51:46,010
released the actual names of these

1113
00:51:51,760 --> 00:51:47,990

individuals that are named in the

1114

00:51:55,539 --> 00:51:51,770

document but redacted will be oh yeah

1115

00:51:59,260 --> 00:51:55,549

very very who are all still alive by the

1116

00:52:01,690 --> 00:51:59,270

way is that really because almost all of

1117

00:52:02,859 --> 00:52:01,700

them are still alive that's the shocking

1118

00:52:06,700 --> 00:52:02,869

thing and there's going to be some

1119

00:52:09,460 --> 00:52:06,710

people that are going to be really up

1120

00:52:11,110 --> 00:52:09,470

obviously of being outed in this regard

1121

00:52:13,540 --> 00:52:11,120

but does okay

1122

00:52:15,310 --> 00:52:13,550

Oh most of them it's the time frame for

1123

00:52:16,810 --> 00:52:15,320

this document you had mentioned on Dave

1124

00:52:19,120 --> 00:52:16,820

show that we didn't get you haven't

1125

00:52:21,390 --> 00:52:19,130

gotten to was somewhere in the decade of

1126

00:52:22,780 --> 00:52:21,400

the two thousand so the last decade

1127

00:52:24,640 --> 00:52:22,790

right

1128

00:52:26,890 --> 00:52:24,650

you got a Frank it's not it's not a

1129

00:52:31,930 --> 00:52:26,900

historic document this is not like you

1130

00:52:34,810 --> 00:52:31,940

know mj-12 1947 fifty two this is you

1131

00:52:37,410 --> 00:52:34,820

know with okay yeah contemporary

1132

00:52:41,170 --> 00:52:37,420

document by people who are still alive

1133

00:52:44,920 --> 00:52:41,180

okay now I guess now is the time where I

1134

00:52:47,380 --> 00:52:44,930

get to play wet blanket and say my

1135

00:52:49,630 --> 00:52:47,390

disclaimer if it sounds too good to be

1136

00:52:52,900 --> 00:52:49,640

true it probably is

1137

00:52:56,280 --> 00:52:52,910

okay so yeah when I first got involved

1138

00:53:00,280 --> 00:52:56,290

in all this the majestic 12 documents

1139

00:53:03,700 --> 00:53:00,290

were a pretty good research tool for me

1140

00:53:05,590 --> 00:53:03,710

and led me to look at things like the

1141

00:53:07,840 --> 00:53:05,600

documentation on the Truman at the

1142

00:53:11,650 --> 00:53:07,850

Truman library and it was very helpful

1143

00:53:14,620 --> 00:53:11,660

to me but by the same token I don't

1144

00:53:16,360 --> 00:53:14,630

believe that they are in fact true now

1145

00:53:18,910 --> 00:53:16,370

I've got one of the one of the more

1146

00:53:22,000 --> 00:53:18,920

famous majestic 12 documents up here now

1147

00:53:24,280 --> 00:53:22,010

folks can look at it I would say that

1148

00:53:26,890 --> 00:53:24,290

these documents are to a large extent

1149

00:53:29,290 --> 00:53:26,900

pretty well researched I believe it's

1150

00:53:31,090 --> 00:53:29,300

been pretty well established by maybe

1151
00:53:35,440 --> 00:53:31,100
some of the more skeptical researchers

1152
00:53:38,890 --> 00:53:35,450
that these documents are not legitimate

1153
00:53:40,210 --> 00:53:38,900
that they were put together by a fuzzy

1154
00:53:43,270 --> 00:53:40,220
the Air Force Office of Special

1155
00:53:45,400 --> 00:53:43,280
Investigations which has in fact over

1156
00:53:48,040 --> 00:53:45,410
the years let a number of UFO

1157
00:53:51,160 --> 00:53:48,050
researchers astray with this this type

1158
00:53:52,690 --> 00:53:51,170
of bogus information but this is one of

1159
00:53:55,870 --> 00:53:52,700
the more famous documents we've got up

1160
00:53:57,550 --> 00:53:55,880
now with a little bit of additional

1161
00:54:00,700 --> 00:53:57,560
information kind of photoshopped that

1162
00:54:03,180 --> 00:54:00,710
towards the bottom but this document

1163
00:54:07,120 --> 00:54:03,190

here that I've got up is basically

1164

00:54:10,990 --> 00:54:07,130

Truman's ordering that the the majestic

1165

00:54:13,330 --> 00:54:11,000

12 operation begins and it's started

1166

00:54:17,590 --> 00:54:13,340

with a James Forrestal and Vannevar bush

1167

00:54:19,220 --> 00:54:17,600

on a date September 24th 1947 a quick

1168

00:54:21,440 --> 00:54:19,230

perusal of the

1169

00:54:24,020 --> 00:54:21,450

president's calendar at the Truman

1170

00:54:26,780 --> 00:54:24,030

website reveals that in fact he did meet

1171

00:54:29,900 --> 00:54:26,790

on that particular day with a James

1172

00:54:31,100 --> 00:54:29,910

Forrestal in Vannevar Bush in probably

1173

00:54:32,990 --> 00:54:31,110

the Oval Office he met with him

1174

00:54:35,090 --> 00:54:33,000

somewhere in the White House but he did

1175

00:54:37,130 --> 00:54:35,100

meet with those two gentlemen and I

1176

00:54:39,380 --> 00:54:37,140

certainly don't think that proves that

1177

00:54:41,510 --> 00:54:39,390

this is a legitimate document but what

1178

00:54:43,550 --> 00:54:41,520

it proves is it was a fairly well

1179

00:54:44,900 --> 00:54:43,560

researched document I don't think

1180

00:54:46,970 --> 00:54:44,910

there's any question about that

1181

00:54:47,990 --> 00:54:46,980

they they put some time and they put

1182

00:54:51,350 --> 00:54:48,000

some effort and when the original

1183

00:54:54,830 --> 00:54:51,360

majestic 12 documents were released on a

1184

00:54:56,600 --> 00:54:54,840

piece of microphone microfilm sent to a

1185

00:54:59,330 --> 00:54:56,610

film producer by the name of Jay and

1186

00:55:02,630 --> 00:54:59,340

Jamie Shonda Ray this was back in the

1187

00:55:04,820 --> 00:55:02,640

1980s so this predates the internet

1188

00:55:07,040 --> 00:55:04,830

obviously and the Truman library online

1189

00:55:08,810 --> 00:55:07,050

archives so whoever picked up this

1190

00:55:11,210 --> 00:55:08,820

information and tied this particular

1191

00:55:13,310 --> 00:55:11,220

date and these particular individuals

1192

00:55:15,670 --> 00:55:13,320

Vannevar Bush and then Secretary of

1193

00:55:18,140 --> 00:55:15,680

Defense James Forrestal to this meeting

1194

00:55:20,360 --> 00:55:18,150

did some research they did wanted two

1195

00:55:22,250 --> 00:55:20,370

things they either almost certainly

1196

00:55:24,890 --> 00:55:22,260

either went to the Truman library

1197

00:55:27,230 --> 00:55:24,900

directly and went through the archives

1198

00:55:29,120 --> 00:55:27,240

and looked at the president's calendar

1199

00:55:30,440 --> 00:55:29,130

and said oh my goodness this looks like

1200

00:55:33,050 --> 00:55:30,450

an interesting date to die this

1201
00:55:36,380 --> 00:55:33,060
particular bogus document too or they

1202
00:55:38,210 --> 00:55:36,390
hired a researcher for hire who went to

1203
00:55:39,770 --> 00:55:38,220
the Truman library yeah that sort of

1204
00:55:41,690 --> 00:55:39,780
thing is available you could hire a

1205
00:55:43,760 --> 00:55:41,700
local researcher we'll go to the Truman

1206
00:55:45,410 --> 00:55:43,770
library and give them some information

1207
00:55:47,390 --> 00:55:45,420
like I want everything on James

1208
00:55:49,010 --> 00:55:47,400
Forrestal and they'll dig that up for

1209
00:55:50,870 --> 00:55:49,020
you and get it back to you so one of

1210
00:55:53,560 --> 00:55:50,880
those two things did happen certainly

1211
00:55:59,060 --> 00:55:53,570
the Air Force does in fact have the

1212
00:56:01,490 --> 00:55:59,070
resources to get a an intelligence

1213
00:56:03,200 --> 00:56:01,500

officer to the Truman library and go in

1214

00:56:04,520 --> 00:56:03,210

there and dig some stuff up but it might

1215

00:56:06,380 --> 00:56:04,530

have been done the other way but either

1216

00:56:07,670 --> 00:56:06,390

or that's what I think what happened

1217

00:56:09,380 --> 00:56:07,680

there but this is the type of thing that

1218

00:56:10,880 --> 00:56:09,390

you're often looking at with some of

1219

00:56:13,910 --> 00:56:10,890

these bogus documents where they do

1220

00:56:16,190 --> 00:56:13,920

actually tied the bogus do something

1221

00:56:18,440 --> 00:56:16,200

that absolutely did in fact happen so

1222

00:56:21,140 --> 00:56:18,450

that's that document another interesting

1223

00:56:23,950 --> 00:56:21,150

document is in the majestic 12 archives

1224

00:56:26,720 --> 00:56:23,960

and unfortunately that is not available

1225

00:56:28,190 --> 00:56:26,730

very early on there was a website that

1226
00:56:30,200 --> 00:56:28,200
had all of them in there and they were

1227
00:56:32,760 --> 00:56:30,210
on PDFs and you could download them that

1228
00:56:35,250 --> 00:56:32,770
website unfortunately no longer exists

1229
00:56:37,470 --> 00:56:35,260
but it did at one point and I was able

1230
00:56:39,270 --> 00:56:37,480
to grab a few of the PDFs this is

1231
00:56:42,650 --> 00:56:39,280
another majestic 12 document that I

1232
00:56:47,580 --> 00:56:42,660
think is especially interesting approved

1233
00:56:51,540 --> 00:56:47,590
by Harry Truman goes into needs to know

1234
00:56:53,670 --> 00:56:51,550
and what was discovered from the Roswell

1235
00:56:55,200 --> 00:56:53,680
crash and so on and so forth again I

1236
00:57:01,109 --> 00:56:55,210
note the date towards the top of the

1237
00:57:03,480 --> 00:57:01,119
page 19 September 1947 and on page 14 of

1238
00:57:06,990 --> 00:57:03,490

that particular document a number of

1239

00:57:08,790 --> 00:57:07,000

organizations have let's see based on

1240

00:57:10,650 --> 00:57:08,800

all available evidence collected from

1241

00:57:12,630 --> 00:57:10,660

recovered exhibits currently under study

1242

00:57:15,000 --> 00:57:12,640

and goes on to list a number of

1243

00:57:17,040 --> 00:57:15,010

organizations at NACA which was the

1244

00:57:18,390 --> 00:57:17,050

precursor to NASA another one that's

1245

00:57:21,900 --> 00:57:18,400

listed which I think is particularly

1246

00:57:25,680 --> 00:57:21,910

interesting the in the second spot after

1247

00:57:30,210 --> 00:57:25,690

the NACA is Rand which is short for RAND

1248

00:57:31,950 --> 00:57:30,220

Corporation the red flag here is again

1249

00:57:35,790 --> 00:57:31,960

let's go back to that original date

1250

00:57:38,099 --> 00:57:35,800

September 19th 1947 and Rand of course

1251
00:57:40,109 --> 00:57:38,109
referring to the RAND Corporation which

1252
00:57:43,020 --> 00:57:40,119
has had some involvement with UFOs over

1253
00:57:46,560 --> 00:57:43,030
the years the RAND Corporation was not

1254
00:57:49,980 --> 00:57:46,570
founded until the following year the the

1255
00:57:51,720 --> 00:57:49,990
middle part of 1948 so that is a strong

1256
00:57:56,700 --> 00:57:51,730
indicator that that particular document

1257
00:57:59,490 --> 00:57:56,710
is again bogus and also here we've got

1258
00:58:01,410 --> 00:57:59,500
Michael and mentioned Steven Greer and

1259
00:58:03,930 --> 00:58:01,420
his most recent film was a film called

1260
00:58:06,170 --> 00:58:03,940
unacknowledged where one of his major

1261
00:58:09,090 --> 00:58:06,180
hooks in terms of getting the film

1262
00:58:12,030 --> 00:58:09,100
promoted and sold was a purported

1263
00:58:14,700 --> 00:58:12,040

document tying the death of Marilyn

1264

00:58:16,080 --> 00:58:14,710

Monroe to her knowledge about UFOs and

1265

00:58:19,109 --> 00:58:16,090

in fact she was murdered because she

1266

00:58:21,540 --> 00:58:19,119

knew too much about UFOs this document

1267

00:58:24,120 --> 00:58:21,550

is also bogus I got that from Paul Dean

1268

00:58:26,490 --> 00:58:24,130

directly we discussed that and I'm very

1269

00:58:27,359 --> 00:58:26,500

confident in his expertise on this

1270

00:58:30,510 --> 00:58:27,369

particular matter

1271

00:58:33,090 --> 00:58:30,520

and also there is the serpo material

1272

00:58:34,440 --> 00:58:33,100

which is floated around and let me let

1273

00:58:37,170 --> 00:58:34,450

me jump ahead here because I'm going to

1274

00:58:40,050 --> 00:58:37,180

get to another piece it's over in the

1275

00:58:42,570 --> 00:58:40,060

serpro material acerbo org is a website

1276

00:58:45,330 --> 00:58:42,580

that still exists and you can go to its

1277

00:58:46,200 --> 00:58:45,340

urban org we'd all the serpo material

1278

00:58:48,599 --> 00:58:46,210

there

1279

00:58:50,310 --> 00:58:48,609

very entertaining I enjoy reading this

1280

00:58:52,530 --> 00:58:50,320

stuff I think I read through just about

1281

00:58:53,640 --> 00:58:52,540

all of it way back in the day I haven't

1282

00:58:56,520 --> 00:58:53,650

looked at it for a while

1283

00:58:59,250 --> 00:58:56,530

but one of the things that's outlined in

1284

00:59:01,950 --> 00:58:59,260

the serpro material relates to a direct

1285

00:59:03,720 --> 00:59:01,960

contact between extraterrestrials the

1286

00:59:07,109 --> 00:59:03,730

eben says they're referred to in the

1287

00:59:10,800 --> 00:59:07,119

serpo material and the United States Air

1288

00:59:14,040 --> 00:59:10,810

Force and what they do here is discuss a

1289

00:59:17,010 --> 00:59:14,050

landing they the Air Force had received

1290

00:59:19,890 --> 00:59:17,020

messages from the eben x' in december of

1291

00:59:22,920 --> 00:59:19,900

63 that the following year they'd make

1292

00:59:25,170 --> 00:59:22,930

some kind of direct contact and it

1293

00:59:27,089 --> 00:59:25,180

mentions a couple paragraphs below and

1294

00:59:29,160 --> 00:59:27,099

i'll read this verbatim the first eben

1295

00:59:32,700 --> 00:59:29,170

craft entered our atmosphere during the

1296

00:59:35,070 --> 00:59:32,710

afternoon of April 24th 1964 the eben

1297

00:59:37,950 --> 00:59:35,080

craft landed at the wrong location near

1298

00:59:40,470 --> 00:59:37,960

Socorro New Mexico again this is

1299

00:59:42,390 --> 00:59:40,480

attempting to tie this material to a

1300

00:59:45,599 --> 00:59:42,400

known incident and what happened on

1301
00:59:48,329 --> 00:59:45,609
April 24th 1964 near Socorro New Mexico

1302
00:59:50,010 --> 00:59:48,339
was of course the Lonnie Zamora case and

1303
00:59:52,320 --> 00:59:50,020
think what you like about that

1304
00:59:55,109 --> 00:59:52,330
particular case I don't know anybody who

1305
00:59:58,079 --> 00:59:55,119
is seriously putting forth that mr.

1306
01:00:00,660 --> 00:59:58,089
Zamora saw a UFO in fact I'm of the

1307
01:00:03,660 --> 01:00:00,670
opinion that what he witnessed was a

1308
01:00:06,089 --> 01:00:03,670
balloon launched by some local college

1309
01:00:09,030 --> 01:00:06,099
students from the New Mexico Institute

1310
01:00:11,400 --> 01:00:09,040
of mining and technology so again this

1311
01:00:12,839 --> 01:00:11,410
is kind of a fuzzy trick this is

1312
01:00:16,109 --> 01:00:12,849
something that they do on a regular

1313
01:00:19,530 --> 01:00:16,119

basis trying to tie made up facts within

1314

01:00:22,290 --> 01:00:19,540

their their their fantasy writings to

1315

01:00:25,140 --> 01:00:22,300

real events that we know did happen and

1316

01:00:27,570 --> 01:00:25,150

finally and this is the one where I I do

1317

01:00:29,910 --> 01:00:27,580

express some legitimate concern to both

1318

01:00:31,859 --> 01:00:29,920

Michael and grant before putting too

1319

01:00:34,710 --> 01:00:31,869

much stock in this material of course I

1320

01:00:36,359 --> 01:00:34,720

wish them the best I hope they they come

1321

01:00:38,550 --> 01:00:36,369

a cropper with this and they hit the

1322

01:00:41,460 --> 01:00:38,560

jackpot but this is another document

1323

01:00:44,700 --> 01:00:41,470

that is in the serpo material released

1324

01:00:46,680 --> 01:00:44,710

27a and this is a transcript a lengthy

1325

01:00:50,040 --> 01:00:46,690

transcript Stav an alleged meeting

1326

01:00:51,160 --> 01:00:50,050

between the then President Ronald Reagan

1327

01:00:53,710 --> 01:00:51,170

and

1328

01:00:56,650 --> 01:00:53,720

an individual who apparently is referred

1329

01:00:59,530 --> 01:00:56,660

to in the conversation as the caretaker

1330

01:01:02,289 --> 01:00:59,540

but basically he is the person who keeps

1331

01:01:04,569 --> 01:01:02,299

all the UFO secrets and he is briefing

1332

01:01:07,059 --> 01:01:04,579

Ronald Reagan about all this and again

1333

01:01:09,190 --> 01:01:07,069

it's released 27a you can go ahead and

1334

01:01:10,539 --> 01:01:09,200

you can read all through it and like I

1335

01:01:14,440 --> 01:01:10,549

say I think it's a very entertaining

1336

01:01:16,150 --> 01:01:14,450

fiction but this this briefing never did

1337

01:01:18,490 --> 01:01:16,160

take place I did take a look at Reagan's

1338

01:01:20,920 --> 01:01:18,500

schedule and on the date let's see the

1339

01:01:22,809 --> 01:01:20,930

recording was made March 6 and 8 1981

1340

01:01:24,370 --> 01:01:22,819

and in fact I did look at Reagan's

1341

01:01:26,109 --> 01:01:24,380

schedule he was at Camp David at that

1342

01:01:28,930 --> 01:01:26,119

particular point again a good bit of

1343

01:01:32,230 --> 01:01:28,940

research was done on it but so this

1344

01:01:34,270 --> 01:01:32,240

briefing is tied to a definitive event

1345

01:01:36,099 --> 01:01:34,280

he was at Camp David on those dates but

1346

01:01:40,450 --> 01:01:36,109

again if you read through it I think

1347

01:01:42,849 --> 01:01:40,460

it's up obviously yeah it was written

1348

01:01:44,109 --> 01:01:42,859

obviously as I least to my eyes the way

1349

01:01:46,630 --> 01:01:44,119

I read it it was something it was

1350

01:01:47,890 --> 01:01:46,640

written as compared to a transcript of

1351

01:01:50,530 --> 01:01:47,900

an actual conversation

1352

01:01:52,630 --> 01:01:50,540

it just doesn't read like any kind of

1353

01:01:54,520 --> 01:01:52,640

conversation that any normal person

1354

01:01:57,099 --> 01:01:54,530

would have and that would include

1355

01:01:59,410 --> 01:01:57,109

President Ronald Reagan and William

1356

01:02:01,150 --> 01:01:59,420

Casey and Michael Deaver and some of the

1357

01:02:03,490 --> 01:02:01,160

under other individuals who are

1358

01:02:05,670 --> 01:02:03,500

purportedly at this meeting so there you

1359

01:02:07,809 --> 01:02:05,680

go I'm off my soapbox now Michael and

1360

01:02:10,120 --> 01:02:07,819

take it away what do you think about all

1361

01:02:12,370 --> 01:02:10,130

that I'm highly skeptical of this

1362

01:02:13,510 --> 01:02:12,380

document the grant says he's got well

1363

01:02:16,150 --> 01:02:13,520

I'm sure he's got it but I'm highly

1364

01:02:18,730 --> 01:02:16,160

skeptical of the document yeah yeah well

1365

01:02:20,829 --> 01:02:18,740

you know Frank this is why I called you

1366

01:02:30,220 --> 01:02:20,839

enchant the Bonnie and Clyde of

1367

01:02:31,990 --> 01:02:30,230

paranormal radio material in almost 10

1368

01:02:33,430 --> 01:02:32,000

years now it's been a long time since I

1369

01:02:35,020 --> 01:02:33,440

dug through this stuff so I really had

1370

01:02:37,210 --> 01:02:35,030

to refresh my memory let me tell you

1371

01:02:38,950 --> 01:02:37,220

well that's why you got it at your

1372

01:02:41,859 --> 01:02:38,960

fingertips no matter what it is that's

1373

01:02:43,390 --> 01:02:41,869

that's fantastic and you are one of

1374

01:02:45,730 --> 01:02:43,400

those kind of guys that can get down

1375

01:02:47,980 --> 01:02:45,740

there and come up with the obvious

1376

01:02:51,160 --> 01:02:47,990

questions that have to be asked of

1377

01:02:56,410 --> 01:02:51,170

course you know and the whole idea of

1378

01:02:59,740 --> 01:02:56,420

this you know fake documents you know

1379

01:03:01,809 --> 01:02:59,750

the disclosure the the pulling back of

1380

01:03:04,750 --> 01:03:01,819

disclosure is is all plausible

1381

01:03:07,540 --> 01:03:04,760

deniability that's the bottom line

1382

01:03:10,480 --> 01:03:07,550

you know there there is a long term

1383

01:03:12,609 --> 01:03:10,490

agenda that has to be made whether

1384

01:03:14,579 --> 01:03:12,619

whether it's uh you know red pelling in

1385

01:03:17,200 --> 01:03:14,589

public getting the truth out eventually

1386

01:03:17,950 --> 01:03:17,210

without having to trigger the working

1387

01:03:20,859 --> 01:03:17,960

Institute's

1388

01:03:22,690 --> 01:03:20,869

you know report problems where they've

1389

01:03:25,480 --> 01:03:22,700

got where the public could not handle

1390

01:03:28,030 --> 01:03:25,490

you know the thing back in the 60s that

1391

01:03:31,050 --> 01:03:28,040

kind of deal whatever it is whenever

1392

01:03:33,609 --> 01:03:31,060

they do push some information out there

1393

01:03:35,680 --> 01:03:33,619

they have to cover it with plausible

1394

01:03:36,700 --> 01:03:35,690

deniability well and here is a great

1395

01:03:40,240 --> 01:03:36,710

example of that

1396

01:03:42,220 --> 01:03:40,250

we were all agog at least I was when the

1397

01:03:44,440 --> 01:03:42,230

New York Times the post and portico came

1398

01:03:46,089 --> 01:03:44,450

out with the article confirming the

1399

01:03:50,069 --> 01:03:46,099

existence of UFOs

1400

01:03:55,690 --> 01:03:50,079

you know the ATM program in December of

1401

01:03:57,430 --> 01:03:55,700

2017 so the whole idea was that they

1402

01:03:59,290 --> 01:03:57,440

came up with the thing they kind of

1403

01:04:02,440 --> 01:03:59,300

throw a bunch of stuff out there to the

1404

01:04:04,270 --> 01:04:02,450

public including these videos basically

1405

01:04:05,950 --> 01:04:04,280

which were not very impressive but the

1406

01:04:08,109 --> 01:04:05,960

leaf there were videos you know from gun

1407

01:04:09,910 --> 01:04:08,119

camera footage and I will say this

1408

01:04:11,680 --> 01:04:09,920

Michael not to interrupt but I gotta

1409

01:04:13,900 --> 01:04:11,690

jump in here everything that they've

1410

01:04:15,490 --> 01:04:13,910

released they made it they keep making

1411

01:04:17,980 --> 01:04:15,500

the same faux pas in terms of

1412

01:04:20,050 --> 01:04:17,990

misidentifying visual aids and

1413

01:04:21,490 --> 01:04:20,060

illustrations is legitimate but aside

1414

01:04:23,339 --> 01:04:21,500

from that I mean everything that they

1415

01:04:25,450 --> 01:04:23,349

put out is checked out there is a

1416

01:04:28,109 --> 01:04:25,460

phenomenon regarding the meta materials

1417

01:04:32,170 --> 01:04:28,119

that the case involving the Nimitz is

1418

01:04:33,880 --> 01:04:32,180

absolutely legitimate and my good friend

1419

01:04:35,920 --> 01:04:33,890

Dave Beatty another young gun and maybe

1420

01:04:37,930 --> 01:04:35,930

the best of us I wouldn't I wouldn't say

1421

01:04:40,210 --> 01:04:37,940

otherwise you might well be the best of

1422

01:04:42,280 --> 01:04:40,220

us is turned up more information

1423

01:04:44,589 --> 01:04:42,290

regarding the other two videos and that

1424

01:04:47,200 --> 01:04:44,599

they are connected to an incident

1425

01:04:50,200 --> 01:04:47,210

regarding the USS Roosevelt on the East

1426

01:04:51,970 --> 01:04:50,210

Coast in 2015 you know yeah you got it

1427

01:04:53,980 --> 01:04:51,980

but what I was trying to get to the

1428

01:04:55,359 --> 01:04:53,990

point of is the fact that they actually

1429

01:04:57,819 --> 01:04:55,369

put this stuff out and then of course

1430

01:04:59,290 --> 01:04:57,829

when the young guns like you guys go out

1431

01:05:01,480 --> 01:04:59,300

there and try to follow up and get the

1432

01:05:04,000 --> 01:05:01,490

details and corroborate what they're

1433

01:05:07,390 --> 01:05:04,010

saying the Department of Defense denies

1434

01:05:09,760 --> 01:05:07,400

even releasing the videos you know the

1435

01:05:11,710 --> 01:05:09,770

the one of the videos released was a a

1436

01:05:14,180 --> 01:05:11,720

weather balloon you know that kind of

1437

01:05:16,660 --> 01:05:14,190

thing where Tom DeLonge and his GRU

1438

01:05:19,070 --> 01:05:16,670

Kru Jim Sammy man and those guys were

1439

01:05:21,620 --> 01:05:19,080

talking about in their press release so

1440

01:05:24,230 --> 01:05:21,630

they always have mistakes in the

1441

01:05:26,870 --> 01:05:24,240

documentation they always have plausible

1442

01:05:30,320 --> 01:05:26,880

deniability a way to pull it back later

1443

01:05:33,110 --> 01:05:30,330

on as they gauge how the public deals

1444

01:05:35,240 --> 01:05:33,120

with the information that they throw out

1445

01:05:36,320 --> 01:05:35,250

there you're right Frank they do do this

1446

01:05:38,510 --> 01:05:36,330

all the time

1447

01:05:40,970 --> 01:05:38,520

the whole idea of putting on a whole lot

1448

01:05:44,000 --> 01:05:40,980

of disinformation and maybe a few

1449

01:05:46,340 --> 01:05:44,010

nuggets of truth out there they do that

1450

01:05:51,020 --> 01:05:46,350

quite often and I think it's a major

1451
01:05:55,100 --> 01:05:51,030
program that is happening and it's up to

1452
01:05:56,960 --> 01:05:55,110
us you guys to you know sift the wheat

1453
01:05:59,450 --> 01:05:56,970
from the chaff and find out the real

1454
01:06:00,920 --> 01:05:59,460
Nuggets yeah there is some good wheat

1455
01:06:05,050 --> 01:06:00,930
there they have put out some good wheat

1456
01:06:08,180 --> 01:06:05,060
but not a lot and apparently the show is

1457
01:06:11,390 --> 01:06:08,190
going to Perales on dough at the seu

1458
01:06:12,530 --> 01:06:11,400
conference last weekend they're gonna

1459
01:06:14,000 --> 01:06:12,540
come out with that there they've got

1460
01:06:16,580 --> 01:06:14,010
more military cases they certainly

1461
01:06:19,100 --> 01:06:16,590
should a tip was running for five years

1462
01:06:21,140 --> 01:06:19,110
and none of the cases they've openly

1463
01:06:23,030 --> 01:06:21,150

discussed took place during the five

1464

01:06:24,950 --> 01:06:23,040

years that they were in operation they

1465

01:06:26,810 --> 01:06:24,960

had to have had something come across

1466

01:06:28,430 --> 01:06:26,820

elizondo's desk in that time and

1467

01:06:31,250 --> 01:06:28,440

apparently we're gonna get a little bit

1468

01:06:33,020 --> 01:06:31,260

more information about the meta

1469

01:06:35,000 --> 01:06:33,030

materials which is a great deal of

1470

01:06:37,490 --> 01:06:35,010

interest to me but are you hearing

1471

01:06:41,930 --> 01:06:37,500

anything in terms of what we can expect

1472

01:06:44,210 --> 01:06:41,940

from this show you know I I always have

1473

01:06:45,830 --> 01:06:44,220

high hopes of course for these kinds of

1474

01:06:48,170 --> 01:06:45,840

things of course the project Bluebook

1475

01:06:50,090 --> 01:06:48,180

thing was pretty doggone awesome I

1476

01:06:51,560 --> 01:06:50,100

really enjoyed the first season in of

1477

01:06:54,920 --> 01:06:51,570

course it was you know it wasn't like a

1478

01:06:57,980 --> 01:06:54,930

factual kind of like reproduction of the

1479

01:07:02,090 --> 01:06:57,990

stories from Blue Book but at least the

1480

01:07:05,060 --> 01:07:02,100

idea of drum dramatic iron making a

1481

01:07:06,740 --> 01:07:05,070

dramatic series out of actual cases from

1482

01:07:09,260 --> 01:07:06,750

the you know the Air Force's Project

1483

01:07:11,180 --> 01:07:09,270

Blue Book was a great deal to get out to

1484

01:07:14,240 --> 01:07:11,190

the public to figure out you know these

1485

01:07:17,840 --> 01:07:14,250

things did happen and I'm hoping that

1486

01:07:21,410 --> 01:07:17,850

the to the stars Academy Lewis Elizondo

1487

01:07:23,450 --> 01:07:21,420

his new History Channel show which I

1488

01:07:24,950 --> 01:07:23,460

understand is coming out may sometime I

1489

01:07:27,610 --> 01:07:24,960

don't know when I haven't heard the

1490

01:07:30,650 --> 01:07:27,620

actual date sort of a better

1491

01:07:32,210 --> 01:07:30,660

that's what I'm hoping that you know the

1492

01:07:34,310 --> 01:07:32,220

first part of May we might be able to

1493

01:07:36,050 --> 01:07:34,320

get some some details and what its gonna

1494

01:07:38,930 --> 01:07:36,060

be released and it's interesting that

1495

01:07:41,930 --> 01:07:38,940

this the History Channel again history

1496

01:07:44,420 --> 01:07:41,940

is you know seems to be tied in with

1497

01:07:48,290 --> 01:07:44,430

this whole idea of disclosure somehow I

1498

01:07:50,000 --> 01:07:48,300

I think what our hard core your follow G

1499

01:07:52,040 --> 01:07:50,010

community is going to be probably let

1500

01:07:54,410 --> 01:07:52,050

down a little bit you know with what

1501

01:07:57,350 --> 01:07:54,420

they are going to disclose but if they

1502

01:07:59,780 --> 01:07:57,360

even get into one of the issues of the

1503

01:08:02,480 --> 01:07:59,790

metamaterials not being not having

1504

01:08:05,360 --> 01:08:02,490

isotopic ratios that are created in this

1505

01:08:06,770 --> 01:08:05,370

solar system that right there is going

1506

01:08:08,660 --> 01:08:06,780

to be one of those things you're going

1507

01:08:10,640 --> 01:08:08,670

to have to start up you're gonna have to

1508

01:08:12,290 --> 01:08:10,650

ask a lot of interesting hard questions

1509

01:08:15,620 --> 01:08:12,300

after those kinds of things that they're

1510

01:08:17,360 --> 01:08:15,630

gonna get that detailed I hope they do

1511

01:08:20,090 --> 01:08:17,370

go deep on the science so whatever

1512

01:08:22,460 --> 01:08:20,100

they've got I know it I don't know how

1513

01:08:24,680 --> 01:08:22,470

much the to the Stars Academy is looking

1514

01:08:26,990 --> 01:08:24,690

to get published I know that Jacques de

1515

01:08:28,490 --> 01:08:27,000

Molay and Gary Nolan also have some

1516

01:08:30,890 --> 01:08:28,500

materials in their hands that they're

1517

01:08:34,220 --> 01:08:30,900

taking a look at and from interviewing

1518

01:08:36,110 --> 01:08:34,230

dr. Nolan late last year or not last

1519

01:08:38,090 --> 01:08:36,120

year but the year very late the year

1520

01:08:39,499 --> 01:08:38,100

before last I can tell you they want to

1521

01:08:42,079 --> 01:08:39,509

get they want to get published well the

1522

01:08:44,300 --> 01:08:42,089

TTS a cares that much about that I know

1523

01:08:45,740 --> 01:08:44,310

I hear from some people well dr. Hal put

1524

01:08:48,079 --> 01:08:45,750

off definitely wants to get published

1525

01:08:49,999 --> 01:08:48,089

but I don't know well we'll have to see

1526

01:08:51,380 --> 01:08:50,009

that it's we're getting to the point now

1527

01:08:54,200 --> 01:08:51,390

where the proof is in the pudding let's

1528

01:08:57,980 --> 01:08:54,210

see what they got yeah and you know I I

1529

01:08:59,360 --> 01:08:57,990

did hear by the way that Project Blue

1530

01:09:00,860 --> 01:08:59,370

Book just announced there isn't going to

1531

01:09:04,099 --> 01:09:00,870

be a second season so I heard that

1532

01:09:06,470 --> 01:09:04,109

yesterday yep yeah so that'll be nice to

1533

01:09:08,120 --> 01:09:06,480

actually see how how they do the second

1534

01:09:09,769 --> 01:09:08,130

season compared to the first season and

1535

01:09:12,620 --> 01:09:09,779

if they get into some of the more

1536

01:09:15,349 --> 01:09:12,630

controversial cases you know on the

1537

01:09:18,769 --> 01:09:15,359

whole project ten shows they just try to

1538

01:09:20,749 --> 01:09:18,779

scratch the surface oh yeah I will say

1539

01:09:22,519 --> 01:09:20,759

this though you have a big article about

1540

01:09:25,249 --> 01:09:22,529

a meeting that that was held in the

1541

01:09:27,140 --> 01:09:25,259

White House about the dc50 so I got a

1542

01:09:29,300 --> 01:09:27,150

nice little bump on hits people must

1543

01:09:31,190 --> 01:09:29,310

have been searching that down and came

1544

01:09:32,930 --> 01:09:31,200

across that as a result of a that was so

1545

01:09:34,610 --> 01:09:32,940

that was good so I think that that got a

1546

01:09:39,050 --> 01:09:34,620

little bit extra traffic because that

1547

01:09:40,640 --> 01:09:39,060

was cool oh yeah oh yeah no it's it's

1548

01:09:41,329 --> 01:09:40,650

fascinating that these things like a

1549

01:09:42,950 --> 01:09:41,339

mint

1550

01:09:45,499 --> 01:09:42,960

earlier these things seem to be coming

1551

01:09:47,689 --> 01:09:45,509

down the road so quickly right now you

1552

01:09:49,970 --> 01:09:47,699

know the fact that you've got these

1553

01:09:53,269 --> 01:09:49,980

kinds of things I mean this 8 tip

1554

01:09:55,129 --> 01:09:53,279

program this to the Stars Academy these

1555

01:09:59,560 --> 01:09:55,139

are the guys who actually came out and

1556

01:10:01,939 --> 01:09:59,570

said oh yeah guess what UFOs exist and

1557

01:10:03,560 --> 01:10:01,949

we're studying them you know try to

1558

01:10:06,290 --> 01:10:03,570

figure what they are that kind of thing

1559

01:10:09,830 --> 01:10:06,300

I mean that was a huge major thing that

1560

01:10:12,979 --> 01:10:09,840

happened here in in our time they were

1561

01:10:15,709 --> 01:10:12,989

living so I'm wondering but the rest of

1562

01:10:17,030 --> 01:10:15,719

this though yeah yeah they're still kind

1563

01:10:19,010 --> 01:10:17,040

of tap dancing around this though

1564

01:10:21,859 --> 01:10:19,020

Michael and I think you'll agree with me

1565

01:10:23,180 --> 01:10:21,869

they're saying UFOs are real well isn't

1566

01:10:25,040 --> 01:10:23,190

what they really mean and they're

1567

01:10:27,229 --> 01:10:25,050

they're not willing to come out and say

1568

01:10:28,100 --> 01:10:27,239

it that some UFOs are et I mean that's

1569

01:10:28,490 --> 01:10:28,110

what really what we're talking about

1570

01:10:30,200 --> 01:10:28,500

here

1571

01:10:32,959 --> 01:10:30,210

we know UFOs are real just as a

1572

01:10:35,450 --> 01:10:32,969

phenomenon they get reported people see

1573

01:10:37,490 --> 01:10:35,460

things they can't identify that almost

1574

01:10:40,370 --> 01:10:37,500

by definition is not identified flying

1575

01:10:41,060 --> 01:10:40,380

object but that some UFOs are et isn't

1576

01:10:43,790 --> 01:10:41,070

that isn't that what we're really

1577

01:10:46,339 --> 01:10:43,800

talking about here yeah you got it I

1578

01:10:48,560 --> 01:10:46,349

mean that was the monumental thing that

1579

01:10:51,260 --> 01:10:48,570

they did was they actually disclosed the

1580

01:10:54,620 --> 01:10:51,270

fact that UFOs or UAP as they called

1581

01:10:57,050 --> 01:10:54,630

them existed so when you do that then

1582

01:10:58,339 --> 01:10:57,060

the next step is well who the heck is

1583

01:11:00,709 --> 01:10:58,349

flying them you know where are they

1584

01:11:02,180 --> 01:11:00,719

coming from so that's exactly what

1585

01:11:09,290 --> 01:11:02,190

you're talking about Frank some of them

1586

01:11:12,020 --> 01:11:09,300

have got to be extraterrestrial yeah I

1587

01:11:14,000 --> 01:11:12,030

just wanted to jump in here the idea of

1588

01:11:15,800 --> 01:11:14,010

a government government's government

1589

01:11:19,879 --> 01:11:15,810

cover-up is not really that much of a

1590

01:11:22,700 --> 01:11:19,889

stretch for a lot of people I also

1591

01:11:26,089 --> 01:11:22,710

wanted to mention that Stanton Friedman

1592

01:11:29,540 --> 01:11:26,099

who you know very well regarding his

1593

01:11:31,100 --> 01:11:29,550

history and just for our listeners I

1594

01:11:32,930 --> 01:11:31,110

mentioned who he is I'm sure everybody

1595

01:11:35,149 --> 01:11:32,940

knows but I'll mention it anyway he's a

1596

01:11:37,339 --> 01:11:35,159

retired nuclear physicist and a

1597

01:11:39,530 --> 01:11:37,349

professional you apologist he's from

1598

01:11:42,020 --> 01:11:39,540

Canada and he's the original civilian

1599

01:11:46,640 --> 01:11:42,030

investigator of the Roswell incident the

1600

01:11:50,080 --> 01:11:46,650

Betty and Barney Hill and his the Betty

1601
01:11:52,430 --> 01:11:50,090
and Barney Hill case and so much more

1602
01:11:54,660 --> 01:11:52,440
Stan Freedman actually on Stanton

1603
01:11:57,150 --> 01:11:54,670
Friedman calm everybody I

1604
01:11:59,340 --> 01:11:57,160
really recommend you go there to look up

1605
01:12:02,160 --> 01:11:59,350
the update on operation majestic 12

1606
01:12:05,160 --> 01:12:02,170
documents which is a four-page essay he

1607
01:12:07,709 --> 01:12:05,170
wrote extremely comprehensive I don't

1608
01:12:09,600 --> 01:12:07,719
know if he could have got more

1609
01:12:12,300 --> 01:12:09,610
comprehensive it's like a scientific

1610
01:12:15,900 --> 01:12:12,310
analysis it's like it's like a forensic

1611
01:12:18,180 --> 01:12:15,910
audit of these documents Stanton his own

1612
01:12:20,610 --> 01:12:18,190
record is liking a as some of them yes

1613
01:12:22,680 --> 01:12:20,620

some of them he doesn't like some of

1614

01:12:26,070 --> 01:12:22,690

them he does myself I don't like any of

1615

01:12:31,020 --> 01:12:29,220

Frank's right on that Stanton with the

1616

01:12:33,510 --> 01:12:31,030

exception of a few documents feels like

1617

01:12:37,709 --> 01:12:33,520

these documents are bogus but I did want

1618

01:12:40,189 --> 01:12:37,719

to ask Michael do you feel like Stan

1619

01:12:43,910 --> 01:12:40,199

Friedman had a point about those

1620

01:12:47,780 --> 01:12:43,920

original so-called bogus mj-12 documents

1621

01:12:52,020 --> 01:12:47,790

regarding how he feels about them oh

1622

01:12:54,840 --> 01:12:52,030

yeah I mean you know we have a living

1623

01:12:57,630 --> 01:12:54,850

legend you know amongst us still alive

1624

01:13:00,090 --> 01:12:57,640

Stanton Friedman and all the things that

1625

01:13:02,280 --> 01:13:00,100

he has done during his career to get

1626
01:13:03,810 --> 01:13:02,290
down matter of fact you know in the old

1627
01:13:05,760 --> 01:13:03,820
days he would have been the The

1628
01:13:07,200 --> 01:13:05,770
Godfather of the young guns let's put it

1629
01:13:09,810 --> 01:13:07,210
that way as far as getting to the

1630
01:13:12,330 --> 01:13:09,820
details and the research that he went

1631
01:13:14,220 --> 01:13:12,340
through to find out you know yeah he was

1632
01:13:16,439 --> 01:13:14,230
obviously very skeptical when he first

1633
01:13:20,100 --> 01:13:16,449
started out with this whole idea of the

1634
01:13:21,990 --> 01:13:20,110
mj-12 incident and those are the kinds

1635
01:13:24,600 --> 01:13:22,000
of things that we needed during that

1636
01:13:26,580 --> 01:13:24,610
period of time when you know there was

1637
01:13:28,979 --> 01:13:26,590
all sorts of rumors flying around and

1638
01:13:31,439 --> 01:13:28,989

you know we're just coming out of well

1639

01:13:34,140 --> 01:13:31,449

in the 80s you know people were you know

1640

01:13:35,760 --> 01:13:34,150

well before the computers and an

1641

01:13:37,800 --> 01:13:35,770

internet and all that kind of stuff so

1642

01:13:41,070 --> 01:13:37,810

people are still reading pulp fiction

1643

01:13:42,540 --> 01:13:41,080

novels and fate magazines and all those

1644

01:13:45,360 --> 01:13:42,550

kinds of things to find out their news

1645

01:13:48,300 --> 01:13:45,370

on the paranormal and Stanton Friedman

1646

01:13:50,220 --> 01:13:48,310

goes in there and says well let's just

1647

01:13:51,090 --> 01:13:50,230

see what's the reality here in this

1648

01:13:53,459 --> 01:13:51,100

situation

1649

01:13:56,430 --> 01:13:53,469

he also theorizes that government has

1650

01:13:58,860 --> 01:13:56,440

recovered crashed UFOs how do you feel

1651

01:14:02,760 --> 01:13:58,870

about the possibility of crashed UFOs

1652

01:14:04,979 --> 01:14:02,770

and ETS within the the hands of the

1653

01:14:06,029 --> 01:14:04,989

government so to speak do you feel that

1654

01:14:09,359 --> 01:14:06,039

that's happened

1655

01:14:11,759 --> 01:14:09,369

oh yeah okay okay okay and then also I

1656

01:14:15,660 --> 01:14:11,769

would like to know about the reversal of

1657

01:14:17,640 --> 01:14:15,670

their technology their being ETS and

1658

01:14:21,629 --> 01:14:17,650

also I'd like to add the disclaimer I

1659

01:14:23,819 --> 01:14:21,639

personally feel there are countless

1660

01:14:27,240 --> 01:14:23,829

types of extraterrestrial civilizations

1661

01:14:29,700 --> 01:14:27,250

out there but back to my question do you

1662

01:14:33,120 --> 01:14:29,710

feel that any government first world

1663

01:14:35,790 --> 01:14:33,130

government or not is in possession of ET

1664

01:14:38,520 --> 01:14:35,800

technology and the part two to my

1665

01:14:41,189 --> 01:14:38,530

question is are they actively right now

1666

01:14:44,700 --> 01:14:41,199

in the process of reverse engineering

1667

01:14:48,240 --> 01:14:44,710

the technology to their benefit or

1668

01:14:51,089 --> 01:14:48,250

worldwide benefit or whatever well yes

1669

01:14:53,069 --> 01:14:51,099

that's exactly what I believe and you

1670

01:14:54,839 --> 01:14:53,079

know of course we've all been studying

1671

01:14:57,740 --> 01:14:54,849

this field for a long time we've all had

1672

01:14:59,910 --> 01:14:57,750

that inkling you know over the

1673

01:15:02,370 --> 01:14:59,920

generations the decades at least that

1674

01:15:06,270 --> 01:15:02,380

I've been into this that you know all

1675

01:15:09,180 --> 01:15:06,280

the advances of scientific you know the

1676

01:15:12,750 --> 01:15:09,190

community and the technology that we

1677

01:15:15,149 --> 01:15:12,760

have all the information that we can you

1678

01:15:17,160 --> 01:15:15,159

know keep compressing down to smaller

1679

01:15:19,350 --> 01:15:17,170

and smaller storage units and those

1680

01:15:21,359 --> 01:15:19,360

kinds of things it just goes to you

1681

01:15:24,479 --> 01:15:21,369

think that there's got to be some

1682

01:15:27,240 --> 01:15:24,489

impetus some outside help in that regard

1683

01:15:30,540 --> 01:15:27,250

to get here so quickly when you look at

1684

01:15:33,720 --> 01:15:30,550

like the bell curve of our society in

1685

01:15:35,220 --> 01:15:33,730

technology so it doesn't it doesn't

1686

01:15:37,649 --> 01:15:35,230

explain it to me that we're all just

1687

01:15:39,990 --> 01:15:37,659

learning this hundred monkey kind of

1688

01:15:42,540 --> 01:15:40,000

thing as we go I think there's some

1689

01:15:44,549 --> 01:15:42,550

direction to it okay and then also I

1690

01:15:48,990 --> 01:15:44,559

think the public's a little tired of the

1691

01:15:51,060 --> 01:15:49,000

backpedaling regarding certain subjects

1692

01:15:55,020 --> 01:15:51,070

alike I'll give an example the Roswell

1693

01:15:57,930 --> 01:15:55,030

crash where supposedly an an

1694

01:16:01,020 --> 01:15:57,940

extraterrestrial crash-landed or rather

1695

01:16:02,580 --> 01:16:01,030

crashed in Corona New Mexico and then

1696

01:16:06,870 --> 01:16:02,590

the government went ahead and created

1697

01:16:08,790 --> 01:16:06,880

some story about balloons what I was

1698

01:16:10,680 --> 01:16:08,800

going to ask you is is there really

1699

01:16:13,950 --> 01:16:10,690

going to be a big reveal by any

1700

01:16:16,740 --> 01:16:13,960

government around the world regarding et

1701

01:16:18,280 --> 01:16:16,750

civilizations making contact or

1702

01:16:22,750 --> 01:16:18,290

traveling to our planet

1703

01:16:24,760 --> 01:16:22,760

and also if not is part of that big

1704

01:16:26,620 --> 01:16:24,770

reveal or do we have to rely on the big

1705

01:16:29,220 --> 01:16:26,630

reveal through people like Greg Cameron

1706

01:16:32,500 --> 01:16:29,230

with these kind of documents

1707

01:16:34,620 --> 01:16:32,510

well my bottom line feeling is that

1708

01:16:39,520 --> 01:16:34,630

we're not going to get the big reveal

1709

01:16:42,880 --> 01:16:39,530

unless it is in the in the deep state's

1710

01:16:45,010 --> 01:16:42,890

best interest to do that oh okay I mean

1711

01:16:47,250 --> 01:16:45,020

that the real bottom line is is that I

1712

01:16:50,770 --> 01:16:47,260

think that this is coming down the road

1713

01:16:53,890 --> 01:16:50,780

and being forced upon the powers that be

1714

01:16:56,140 --> 01:16:53,900

to disclose this information and I think

1715

01:16:58,600 --> 01:16:56,150

they're panicking at this moment and

1716

01:17:02,020 --> 01:16:58,610

needing to get ahead of the spin they

1717

01:17:04,390 --> 01:17:02,030

need to figure out how are they going to

1718

01:17:07,900 --> 01:17:04,400

survive and their control mechanism

1719

01:17:09,250 --> 01:17:07,910

after this information is released don't

1720

01:17:10,590 --> 01:17:09,260

know when it's going to happen but I get

1721

01:17:13,960 --> 01:17:10,600

the feeling is happening very quickly

1722

01:17:16,000 --> 01:17:13,970

but they are scrambling to figure out

1723

01:17:17,530 --> 01:17:16,010

how there can stay in control once

1724

01:17:20,290 --> 01:17:17,540

the information is out there of course

1725

01:17:22,210 --> 01:17:20,300

one of the programs is they even evil

1726

01:17:24,820 --> 01:17:22,220

alien kind of agenda where you know we

1727

01:17:27,070 --> 01:17:24,830

have to you know have all this extra

1728

01:17:28,990 --> 01:17:27,080

money to do studies and get you know

1729

01:17:31,060 --> 01:17:29,000

some kind of defense out there to these

1730

01:17:32,770 --> 01:17:31,070

things that are gonna be coming down

1731

01:17:35,830 --> 01:17:32,780

that's one of the spins that could be

1732

01:17:40,240 --> 01:17:35,840

happening okay and then I also wanted to

1733

01:17:46,930 --> 01:17:40,250

ask you after poring over these

1734

01:17:49,450 --> 01:17:46,940

sensitive documents that Grant has do

1735

01:17:52,900 --> 01:17:49,460

you feel that you are able to figure out

1736

01:17:55,990 --> 01:17:52,910

who the possible planetary planetary

1737

01:17:57,640 --> 01:17:56,000

ambassador could be in other words I

1738

01:18:00,250 --> 01:17:57,650

know it's a wild question but we are

1739

01:18:03,610 --> 01:18:00,260

talking about a well topic do these

1740

01:18:07,780 --> 01:18:03,620

documents indicate who is going to lead

1741

01:18:11,530 --> 01:18:07,790

our world or or represent our world to

1742

01:18:17,070 --> 01:18:11,540

to to the ETS very fascinating question

1743

01:18:20,820 --> 01:18:17,080

yes these documents do not say that no

1744

01:18:23,350 --> 01:18:20,830

but it sure does bring up the idea that

1745

01:18:25,360 --> 01:18:23,360

okay let's just assume the whole thing

1746

01:18:29,540 --> 01:18:25,370

is blown wide open and yeah they've got

1747

01:18:31,520 --> 01:18:29,550

to realize that this is going on

1748

01:18:33,800 --> 01:18:31,530

there are alien races visiting the

1749

01:18:38,150 --> 01:18:33,810

planet probably more than one probably

1750

01:18:40,400 --> 01:18:38,160

many who do we elect or who do we put

1751

01:18:42,980 --> 01:18:40,410

together as some kind of representative

1752

01:18:44,510 --> 01:18:42,990

of the entire planet in dealing with

1753

01:18:46,400 --> 01:18:44,520

this whether there's a treaty that

1754

01:18:48,860 --> 01:18:46,410

treaty that has to be drawn up there was

1755

01:18:51,650 --> 01:18:48,870

some kind of a you know ongoing

1756

01:18:53,420 --> 01:18:51,660

relationship that's going to be very

1757

01:18:55,760 --> 01:18:53,430

fascinating of course Ronald Reagan made

1758

01:18:59,060 --> 01:18:55,770

that famous speech about the whole idea

1759

01:19:00,560 --> 01:18:59,070

that he thought at the UN that we would

1760

01:19:02,780 --> 01:19:00,570

all come together at one point if we

1761

01:19:06,380 --> 01:19:02,790

realized there was some threat you know

1762

01:19:08,300 --> 01:19:06,390

to our society on the planet but I don't

1763

01:19:12,800 --> 01:19:08,310

know that's going to be a very

1764

01:19:14,000 --> 01:19:12,810

interesting process to go through if if

1765

01:19:16,580 --> 01:19:14,010

it when that happens

1766

01:19:18,650 --> 01:19:16,590

okay I also have some more questions and

1767

01:19:24,140 --> 01:19:18,660

that is there are many different kinds

1768

01:19:26,110 --> 01:19:24,150

of UF ologists two different kinds I'd

1769

01:19:28,780 --> 01:19:26,120

like to mention our ancient astronaut

1770

01:19:32,870 --> 01:19:28,790

through the ancient astronaut theory

1771

01:19:35,570 --> 01:19:32,880

theory and then also another kind which

1772

01:19:38,300 --> 01:19:35,580

is it's a sort of futurist eerie about

1773

01:19:41,300 --> 01:19:38,310

aliens coming from the future regarding

1774

01:19:44,210 --> 01:19:41,310

these new mj-12 documents if that's how

1775

01:19:48,590 --> 01:19:44,220

we're terming them after you read them

1776

01:19:52,730 --> 01:19:48,600

are there any indications of an ancient

1777

01:19:57,530 --> 01:19:52,740

astronaut like aspect to these documents

1778

01:20:00,530 --> 01:19:57,540

or aliens from the future a type aspect

1779

01:20:05,150 --> 01:20:00,540

at all indicated or could be gleaned

1780

01:20:07,250 --> 01:20:05,160

from these documents yes there can what

1781

01:20:11,150 --> 01:20:07,260

are most astonishing things that I

1782

01:20:13,430 --> 01:20:11,160

gleaned from the document itself okay I

1783

01:20:16,640 --> 01:20:13,440

just want to inject I do want to let you

1784

01:20:19,100 --> 01:20:16,650

talk but which theory okay well I was

1785

01:20:24,050 --> 01:20:19,110

just going to explain to you okay there

1786

01:20:26,950 --> 01:20:24,060

is confirmation I would say conversation

1787

01:20:32,770 --> 01:20:26,960

at least okay in this document about the

1788

01:20:37,190 --> 01:20:32,780

US government having obtained an actual

1789

01:20:40,220 --> 01:20:37,200

intergalactic craft okay that can travel

1790

01:20:43,069 --> 01:20:40,230

through space of course in our

1791

01:20:46,459 --> 01:20:43,079

atmosphere and underwater

1792

01:20:48,439 --> 01:20:46,469

and it also mentions the idea of this

1793

01:20:53,180 --> 01:20:48,449

thing potentially traveling through

1794

01:20:55,490 --> 01:20:53,190

dimensions of time so you know it brings

1795

01:20:58,640 --> 01:20:55,500

back the jock valet thing where you know

1796

01:21:01,790 --> 01:20:58,650

he would be very shocked he said way

1797

01:21:04,609 --> 01:21:01,800

back in the 70s that if this thing turns

1798

01:21:07,459 --> 01:21:04,619

out to be just extraterrestrial he would

1799

01:21:10,669 --> 01:21:07,469

be very disappointed so this document

1800

01:21:14,600 --> 01:21:10,679

actually opens that door cracks open

1801

01:21:19,209 --> 01:21:14,610

that door about the idea that other

1802

01:21:23,120 --> 01:21:19,219

dimensions are potentially a reality and

1803

01:21:25,189 --> 01:21:23,130

ETS have the ability to do that so you

1804

01:21:26,870 --> 01:21:25,199

know it brings though open the whole

1805

01:21:29,419 --> 01:21:26,880

idea of it are these coming from our

1806

01:21:30,830 --> 01:21:29,429

future are they coming you know to visit

1807

01:21:34,339 --> 01:21:30,840

us you know and those kinds of things

1808

01:21:36,830 --> 01:21:34,349

from a different dimension that that is

1809

01:21:38,510 --> 01:21:36,840

one of the more mind-blowing things in

1810

01:21:41,299 --> 01:21:38,520

this document that I'm still mulling

1811

01:21:46,549 --> 01:21:41,309

over my mind okay and then with regards

1812

01:21:49,370 --> 01:21:46,559

to Science and Technology and any other

1813

01:21:52,060 --> 01:21:49,380

subjects you can bring up under the

1814

01:21:56,299 --> 01:21:52,070

umbrella of my question I wanted to know

1815

01:21:59,030 --> 01:21:56,309

do these documents if we can determine

1816

01:22:02,839 --> 01:21:59,040

they're authentic would they change the

1817

01:22:05,899 --> 01:22:02,849

face of those topics in other words can

1818

01:22:11,450 --> 01:22:05,909

they also cause science to blow wide

1819

01:22:15,339 --> 01:22:11,460

open and bring in new types of studies

1820

01:22:17,990 --> 01:22:15,349

regarding science or even a whole new a

1821

01:22:19,870 --> 01:22:18,000

whole new category of science or

1822

01:22:24,530 --> 01:22:19,880

technology

1823

01:22:28,060 --> 01:22:24,540

yes exactly gent matter of fact there is

1824

01:22:31,160 --> 01:22:28,070

information in these documents that is

1825

01:22:33,859 --> 01:22:31,170

kind of startling to me because there is

1826

01:22:36,830 --> 01:22:33,869

an indication that these reverse

1827

01:22:39,680 --> 01:22:36,840

engineering programs that are being run

1828

01:22:43,689 --> 01:22:39,690

by contractors by the way for the

1829

01:22:46,250 --> 01:22:43,699

government don't have any oversight

1830

01:22:48,740 --> 01:22:46,260

congressional military or otherwise

1831

01:22:50,390 --> 01:22:48,750

they're doing their own thing probably

1832

01:22:52,700 --> 01:22:50,400

doing the best they possibly can to

1833

01:22:54,260 --> 01:22:52,710

reverse-engineer these

1834

01:22:57,950 --> 01:22:54,270

craft and technology that they

1835

01:23:01,190 --> 01:22:57,960

supposedly have in their own possession

1836

01:23:04,310 --> 01:23:01,200

they are having a very difficult time to

1837

01:23:07,010 --> 01:23:04,320

do this they do not have all the

1838

01:23:08,990 --> 01:23:07,020

resources that they probably need from

1839

01:23:11,180 --> 01:23:09,000

the general scientific community because

1840

01:23:14,630 --> 01:23:11,190

they're only dealing with subcontractors

1841

01:23:17,780 --> 01:23:14,640

and employees and scientists that they

1842

01:23:21,320 --> 01:23:17,790

can vet and you know keep security

1843

01:23:24,080 --> 01:23:21,330

clearance on and probably the next step

1844

01:23:26,300 --> 01:23:24,090

would be that if they can use the full

1845

01:23:28,250 --> 01:23:26,310

strength the scientific community on

1846

01:23:28,700 --> 01:23:28,260

trying to figure out how this stuff

1847

01:23:32,479 --> 01:23:28,710

works

1848

01:23:34,550 --> 01:23:32,489

that would massively open the door for

1849

01:23:40,220 --> 01:23:34,560

scientific endeavors that we've never

1850

01:23:43,160 --> 01:23:40,230

had before and that we are in in need of

1851
01:23:45,050 --> 01:23:43,170
as far as the cooperation amongst that

1852
01:23:46,970 --> 01:23:45,060
community to figure out what's going on

1853
01:23:49,010 --> 01:23:46,980
I get the feeling that they don't quite

1854
01:23:51,260 --> 01:23:49,020
they're kind of stumped they need the

1855
01:23:52,940 --> 01:23:51,270
help from the rest of the scientists out

1856
01:23:56,500 --> 01:23:52,950
there to figure out what really is going

1857
01:24:01,580 --> 01:23:56,510
to happen here in their investigations

1858
01:24:03,560 --> 01:24:01,590
okay the mj-12 documents brought forward

1859
01:24:05,900 --> 01:24:03,570
by Jamie and Aaron William Moore they

1860
01:24:08,930 --> 01:24:05,910
brought about a circular discussion for

1861
01:24:11,180 --> 01:24:08,940
years whether these mj-12 documents were

1862
01:24:14,180 --> 01:24:11,190
authentic or not and of course as we've

1863
01:24:16,190 --> 01:24:14,190

already covered Stan Freedman jumped

1864

01:24:19,729 --> 01:24:16,200

into it to find out whether these

1865

01:24:21,560 --> 01:24:19,739

documents were authentic or not and the

1866

01:24:23,300 --> 01:24:21,570

people that were unknown just your

1867

01:24:25,880 --> 01:24:23,310

average Joe wanted to know more about

1868

01:24:28,190 --> 01:24:25,890

these documents still brought about a

1869

01:24:30,470 --> 01:24:28,200

circular discussion at times whether the

1870

01:24:33,140 --> 01:24:30,480

docs were real or not what I want to

1871

01:24:36,440 --> 01:24:33,150

know is will these documents that Grant

1872

01:24:38,780 --> 01:24:36,450

Cameron has bring about yet another

1873

01:24:41,090 --> 01:24:38,790

circular discussion whether they're

1874

01:24:44,870 --> 01:24:41,100

authentic or not for years are we going

1875

01:24:47,840 --> 01:24:44,880

to be stuck with that well I I would

1876

01:24:50,500 --> 01:24:47,850

assume that it would be definitely a

1877

01:24:53,300 --> 01:24:50,510

circular discussion I'm not hope I'm not

1878

01:24:56,030 --> 01:24:53,310

saying it's gonna be for years but

1879

01:24:58,520 --> 01:24:56,040

that's exactly what that's exactly what

1880

01:25:00,590 --> 01:24:58,530

the ufology community does they think

1881

01:25:03,200 --> 01:25:00,600

think mole things over they you know

1882

01:25:04,970 --> 01:25:03,210

chew it up and spit it out and they

1883

01:25:05,930 --> 01:25:04,980

eventually get down to the bottom line

1884

01:25:07,189 --> 01:25:05,940

of this stuff so

1885

01:25:09,290 --> 01:25:07,199

I'm sure that there's going to be a

1886

01:25:12,160 --> 01:25:09,300

whole lot of circular conversations

1887

01:25:16,729 --> 01:25:12,170

going on okay but I believe it's gonna

1888

01:25:19,670 --> 01:25:16,739

push forward the actual conversation to

1889

01:25:21,800 --> 01:25:19,680

a wider range of people and hopefully

1890

01:25:25,910 --> 01:25:21,810

the public as well how will these

1891

01:25:29,450 --> 01:25:25,920

documents affect national policy well

1892

01:25:31,850 --> 01:25:29,460

you know there's there's one thing when

1893

01:25:36,890 --> 01:25:31,860

we talk about national policy as far as

1894

01:25:38,689 --> 01:25:36,900

our demographic democratic process where

1895

01:25:40,670 --> 01:25:38,699

the people are involved you know what we

1896

01:25:42,020 --> 01:25:40,680

want to have done and then there's

1897

01:25:44,600 --> 01:25:42,030

another thing when you're talking about

1898

01:25:47,120 --> 01:25:44,610

the the national policy of the deep

1899

01:25:50,830 --> 01:25:47,130

state and those kind of folks who want

1900

01:25:53,479 --> 01:25:50,840

to maintain their control through

1901

01:25:58,100 --> 01:25:53,489

elected officials as they come and go

1902

01:26:00,740 --> 01:25:58,110

and either the long term range so I have

1903

01:26:05,750 --> 01:26:00,750

a feeling that even the deep state folks

1904

01:26:08,510 --> 01:26:05,760

who are entrenched in their in their

1905

01:26:11,120 --> 01:26:08,520

power are still now trying to figure out

1906

01:26:13,910 --> 01:26:11,130

how they are going to deal with the

1907

01:26:17,750 --> 01:26:13,920

reality of the truth of what's coming

1908

01:26:21,110 --> 01:26:17,760

out because if indeed what we are

1909

01:26:23,450 --> 01:26:21,120

suspecting is going to happen they are

1910

01:26:25,430 --> 01:26:23,460

gonna have to reposition themselves at

1911

01:26:27,590 --> 01:26:25,440

one point to try to figure out how

1912

01:26:30,110 --> 01:26:27,600

they're gonna stay in control religion

1913

01:26:34,250 --> 01:26:30,120

for centuries has left nothing to chance

1914

01:26:36,020 --> 01:26:34,260

for their believers and there's

1915

01:26:39,410 --> 01:26:36,030

different kinds of religions there's

1916

01:26:41,689 --> 01:26:39,420

that involved faith healers or folks who

1917

01:26:45,740 --> 01:26:41,699

just go to church to listen to the

1918

01:26:47,840 --> 01:26:45,750

leader of it talking about oh what they

1919

01:26:49,580 --> 01:26:47,850

believe in what I was going to ask you

1920

01:26:51,410 --> 01:26:49,590

is is this going to change religion

1921

01:26:56,660 --> 01:26:51,420

where folks are going to want to turn to

1922

01:27:00,470 --> 01:26:56,670

prayer and their faith in order to brush

1923

01:27:03,380 --> 01:27:00,480

off these documents to disavow them well

1924

01:27:05,000 --> 01:27:03,390

you know you're talking to a past vice

1925

01:27:06,950 --> 01:27:05,010

president of the Puget Sound Christian

1926

01:27:08,300 --> 01:27:06,960

College for a few quite a few years so I

1927

01:27:12,500 --> 01:27:08,310

know exactly what you're talking about

1928

01:27:15,169 --> 01:27:12,510

when people have faith and you know what

1929

01:27:17,780 --> 01:27:15,179

it's going to do and as I don't know if

1930

01:27:20,000 --> 01:27:17,790

you know but the reality of the fact

1931

01:27:22,280 --> 01:27:20,010

that the church out there is the wind

1932

01:27:25,640 --> 01:27:22,290

lling it's having a very difficult time

1933

01:27:29,420 --> 01:27:25,650

right now anyway with people coming up

1934

01:27:31,220 --> 01:27:29,430

with a different version of reality than

1935

01:27:33,650 --> 01:27:31,230

what they've been taught you know in our

1936

01:27:37,820 --> 01:27:33,660

some of our sacred scriptures but there

1937

01:27:39,710 --> 01:27:37,830

are many religious organizations that

1938

01:27:42,530 --> 01:27:39,720

are planning ahead for this kind of so

1939

01:27:46,700 --> 01:27:42,540

there's no no mistake that the Vatican

1940

01:27:49,850 --> 01:27:46,710

has its own you know massive telescopes

1941

01:27:52,250 --> 01:27:49,860

you know searching the skies down in the

1942

01:27:55,220 --> 01:27:52,260

southern part of the world and many

1943

01:27:57,230 --> 01:27:55,230

other organizations are well in advance

1944

01:28:01,370 --> 01:27:57,240

of the whole idea that extraterrestrials

1945

01:28:05,300 --> 01:28:01,380

could could exist and visit the planet

1946

01:28:08,570 --> 01:28:05,310

and still maintain their role as far as

1947

01:28:10,100 --> 01:28:08,580

the religious community but I think it's

1948

01:28:12,650 --> 01:28:10,110

going to it is interesting

1949

01:28:18,500 --> 01:28:12,660

there's going to definitely be some kind

1950

01:28:22,910 --> 01:28:18,510

of more evolved consciousness level

1951

01:28:25,400 --> 01:28:22,920

involved with the reality of who is God

1952

01:28:28,100 --> 01:28:25,410

and the source of all things it's going

1953

01:28:32,230 --> 01:28:28,110

to be very much medicine science that

1954

01:28:35,750 --> 01:28:32,240

technology have all brought gifts and

1955

01:28:39,100 --> 01:28:35,760

curse to the world advances that have

1956

01:28:42,110 --> 01:28:39,110

helped humanity to nuclear destruction

1957

01:28:44,260 --> 01:28:42,120

what I was going to ask you is although

1958

01:28:46,790 --> 01:28:44,270

that's a heavy statement to make

1959

01:28:52,130 --> 01:28:46,800

regarding these documents are they a

1960

01:28:54,080 --> 01:28:52,140

gift to the world or curse well you know

1961

01:28:56,300 --> 01:28:54,090

I think Grant Cameron would say they're

1962

01:28:58,970 --> 01:28:56,310

they're neither their information and

1963

01:29:02,260 --> 01:28:58,980

it's going to be up to us do with the

1964

01:29:07,150 --> 01:29:02,270

information what we what we will do and

1965

01:29:09,830 --> 01:29:07,160

you know whole idea that any new truth

1966

01:29:13,810 --> 01:29:09,840

can be spun you know one way or another

1967

01:29:17,990 --> 01:29:13,820

the whole idea of evil aliens and

1968

01:29:20,810 --> 01:29:18,000

demonic activity or angels and guardians

1969

01:29:23,000 --> 01:29:20,820

of our souls and those kinds of things

1970

01:29:25,940 --> 01:29:23,010

are always the duality that we have to

1971

01:29:28,180 --> 01:29:25,950

deal with but I think it's going to be

1972

01:29:29,770 --> 01:29:28,190

very interesting on how we deal with

1973

01:29:33,520 --> 01:29:29,780

and when you talk about the younger

1974

01:29:37,030 --> 01:29:33,530

generations you know the people that are

1975

01:29:39,540 --> 01:29:37,040

pretty much having not a hard time with

1976

01:29:41,950 --> 01:29:39,550

dealing with these kinds of things

1977

01:29:45,100 --> 01:29:41,960

in many ways I think they're way ahead

1978

01:29:48,730 --> 01:29:45,110

of us as far as incorporating this new

1979

01:29:51,190 --> 01:29:48,740

paradigm into their own lives where you

1980

01:29:52,960 --> 01:29:51,200

know the older folks my baby boomer

1981

01:29:55,210 --> 01:29:52,970

generation are having a difficult time

1982

01:29:57,490 --> 01:29:55,220

and will have a difficult time for a

1983

01:29:59,740 --> 01:29:57,500

while yeah my going I want to get that

1984

01:30:02,980 --> 01:29:59,750

back to one thing yeah we've got a

1985

01:30:05,350 --> 01:30:02,990

question in the chat and we kind of

1986

01:30:08,230 --> 01:30:05,360

glossed over it earlier but tell us all

1987

01:30:10,240 --> 01:30:08,240

about the UFO IT how did it come about

1988

01:30:12,400 --> 01:30:10,250

who's involved we had a picture of the

1989

01:30:14,650 --> 01:30:12,410

the Dirty Dozen it looks like up there

1990

01:30:16,900 --> 01:30:14,660

for a while not quite as big as MUFON so

1991

01:30:19,930 --> 01:30:16,910

you don't have quite so many management

1992

01:30:21,130 --> 01:30:19,940

headaches as Porgy and Harrison but tell

1993

01:30:23,620 --> 01:30:21,140

us all about the crew you've got

1994

01:30:26,500 --> 01:30:23,630

together and what you guys do oh thanks

1995

01:30:29,320 --> 01:30:26,510

so much yeah we we've got a group of you

1996

01:30:32,160 --> 01:30:29,330

know 1215 individuals you know that have

1997

01:30:36,040 --> 01:30:32,170

a very interesting highly educated

1998

01:30:38,260 --> 01:30:36,050

background some of them are PhD levels

1999

01:30:43,060 --> 01:30:38,270

some of the graduate you know master's

2000

01:30:45,250 --> 01:30:43,070

degrees and have very interesting things

2001
01:30:49,260 --> 01:30:45,260
they bring to the table all interested

2002
01:30:54,340 --> 01:30:49,270
in UFOs the paranormal Bigfoot cryptids

2003
01:30:57,130 --> 01:30:54,350
and anything to do with unexplained at

2004
01:30:59,880 --> 01:30:57,140
this point so it's not just UFOs but we

2005
01:31:04,150 --> 01:30:59,890
do call ourselves the UFO I team I

2006
01:31:06,400 --> 01:31:04,160
meaning investigation team and we were

2007
01:31:08,560 --> 01:31:06,410
just a bunch of folks that go out and

2008
01:31:11,050 --> 01:31:08,570
investigate we go to a UFO and

2009
01:31:14,530 --> 01:31:11,060
paranormal hotspots we carry on

2010
01:31:16,870 --> 01:31:14,540
investigations and we bring in all sorts

2011
01:31:19,990 --> 01:31:16,880
of interesting scientific gear and

2012
01:31:24,820 --> 01:31:20,000
camera equipment and try to record on

2013
01:31:27,550 --> 01:31:24,830

tape what we can find and prove so it's

2014

01:31:29,190 --> 01:31:27,560

just been a blast I'm 66 years old and

2015

01:31:33,160 --> 01:31:29,200

just having the time of my life

2016

01:31:36,460 --> 01:31:33,170

semi-retired but being able to pursue

2017

01:31:38,890 --> 01:31:36,470

what I really have been enjoying you

2018

01:31:41,650 --> 01:31:38,900

know during my lifetime so we're we're

2019

01:31:43,960 --> 01:31:41,660

having fun we've got many things

2020

01:31:46,360 --> 01:31:43,970

on the docket for the coming spring and

2021

01:31:48,700 --> 01:31:46,370

summer and some of our investigations

2022

01:31:53,350 --> 01:31:48,710

have been very fruitful in the past so

2023

01:31:55,660 --> 01:31:53,360

it's going to look forward to it yeah

2024

01:31:57,610 --> 01:31:55,670

I'm so sorry to interrupt you apologize

2025

01:32:00,520 --> 01:31:57,620

I I'm really excited about though

2026

01:32:02,500 --> 01:32:00,530

because you were talking you mentioned

2027

01:32:05,680 --> 01:32:02,510

earlier to me today about the Mount

2028

01:32:06,820 --> 01:32:05,690

Baker Washington area the Mount Adams

2029

01:32:08,890 --> 01:32:06,830

incident

2030

01:32:11,220 --> 01:32:08,900

do you mind covering a little bit about

2031

01:32:15,130 --> 01:32:11,230

that regarding your UFO i-team's

2032

01:32:17,500 --> 01:32:15,140

investigations oh yeah man let's do that

2033

01:32:18,820 --> 01:32:17,510

let's do one thing about Mount Baker and

2034

01:32:21,460 --> 01:32:18,830

then I'll jump down the Mount Adams

2035

01:32:24,010 --> 01:32:21,470

which are a two desperate parts of the

2036

01:32:26,040 --> 01:32:24,020

state one is up north there Mount Baker

2037

01:32:28,480 --> 01:32:26,050

almost to the Canadian border

2038

01:32:31,390 --> 01:32:28,490

very quickly we go up there pretty much

2039

01:32:35,500 --> 01:32:31,400

every summer and have a Safari of 3 or 4

2040

01:32:38,110 --> 01:32:35,510

days and we there's a there's a group of

2041

01:32:40,510 --> 01:32:38,120

mountains actually there next to Mount

2042

01:32:43,410 --> 01:32:40,520

Baker itself called the Pleiades by the

2043

01:32:50,560 --> 01:32:43,420

by the way seven sister mountains and

2044

01:32:54,310 --> 01:32:50,570

there are some fascinating UFOs very

2045

01:32:56,530 --> 01:32:54,320

amazing you know orbs and lights in the

2046

01:32:58,660 --> 01:32:56,540

sky that we record every time but let me

2047

01:33:01,300 --> 01:32:58,670

fasten a ting tell you real quick one

2048

01:33:05,730 --> 01:33:01,310

story there's a gentleman up there young

2049

01:33:08,500 --> 01:33:05,740

guy who has a very inexpensive cameras

2050

01:33:11,560 --> 01:33:08,510

actually a nikon coolpix it's one of

2051
01:33:13,930 --> 01:33:11,570
those pocket camera works you know but

2052
01:33:17,200 --> 01:33:13,940
it's a it does a forty nine frames per

2053
01:33:19,600 --> 01:33:17,210
second video he puts it on a tripod and

2054
01:33:23,560 --> 01:33:19,610
he points it up to the normal daytime

2055
01:33:26,050 --> 01:33:23,570
sky usually on a clear day and he'll

2056
01:33:28,780 --> 01:33:26,060
take short bursts of video maybe only

2057
01:33:31,060 --> 01:33:28,790
two minutes in length and what he'll do

2058
01:33:32,860 --> 01:33:31,070
in the field of view you know make sure

2059
01:33:34,870 --> 01:33:32,870
that he has some markers in there I'll

2060
01:33:36,400 --> 01:33:34,880
have one mountain on one side of the

2061
01:33:38,880 --> 01:33:36,410
frame maybe another mountain on the

2062
01:33:41,320 --> 01:33:38,890
other side of the frame so he can verify

2063
01:33:43,330 --> 01:33:41,330

the field of view and how far apart

2064

01:33:45,610 --> 01:33:43,340

these two mountains are those kinds of

2065

01:33:48,610 --> 01:33:45,620

things and what he'll do is then take

2066

01:33:51,070 --> 01:33:48,620

those two minutes of video download it

2067

01:33:55,090 --> 01:33:51,080

to his laptop computer and run

2068

01:33:57,570 --> 01:33:55,100

through frame-by-frame every single

2069

01:34:01,060 --> 01:33:57,580

frame of his video and review them very

2070

01:34:02,920 --> 01:34:01,070

very detailed to find out if there's

2071

01:34:07,060 --> 01:34:02,930

anything anomalous and what's going on

2072

01:34:09,280 --> 01:34:07,070

all around him he shows this and you can

2073

01:34:11,920 --> 01:34:09,290

you can find it on the UFO i-team

2074

01:34:13,690 --> 01:34:11,930

Facebook page because we've got Rob from

2075

01:34:16,870 --> 01:34:13,700

Puyallup right up there at the top of

2076

01:34:19,030 --> 01:34:16,880

our Facebook page in his videos for

2077

01:34:21,850 --> 01:34:19,040

instance on the Bock right hand corner

2078

01:34:26,170 --> 01:34:21,860

of a frame he might have some anomalous

2079

01:34:28,600 --> 01:34:26,180

object an ovoid shape a craft of some

2080

01:34:32,130 --> 01:34:28,610

kind maybe even at a rectangle coming

2081

01:34:35,620 --> 01:34:32,140

into the frame the next frame over is

2082

01:34:38,200 --> 01:34:35,630

maybe seeing the same object but in the

2083

01:34:40,330 --> 01:34:38,210

middle of the frame the third frame over

2084

01:34:44,230 --> 01:34:40,340

this thing is almost gone and out of the

2085

01:34:46,840 --> 01:34:44,240

frame so when you do the math at 29

2086

01:34:48,640 --> 01:34:46,850

frames per second the fact that this

2087

01:34:51,700 --> 01:34:48,650

thing is going through a field of view

2088

01:34:55,000 --> 01:34:51,710

of how long or how distance is between

2089

01:34:57,000 --> 01:34:55,010

these two mountains in only three frames

2090

01:35:00,970 --> 01:34:57,010

he believes these things are going about

2091

01:35:03,160 --> 01:35:00,980

20,000 miles an hour in the daylight sky

2092

01:35:05,350 --> 01:35:03,170

you can't even see them they're going so

2093

01:35:07,330 --> 01:35:05,360

fast with your naked eye and he's

2094

01:35:10,270 --> 01:35:07,340

catching these things all the time so

2095

01:35:13,500 --> 01:35:10,280

that's just one thing we ran across just

2096

01:35:17,560 --> 01:35:13,510

last summer up in Mount Baker Washington

2097

01:35:20,140 --> 01:35:17,570

now Mount Adams we call this the Mount

2098

01:35:21,910 --> 01:35:20,150

Adams incident because there was just

2099

01:35:24,730 --> 01:35:21,920

fantastic thing I don't know if you've

2100

01:35:26,440 --> 01:35:24,740

ever been to the e city ranch with James

2101

01:35:27,970 --> 01:35:26,450

gonna ask you about that because that is

2102

01:35:30,610 --> 01:35:27,980

in Washington State that was gonna be my

2103

01:35:33,070 --> 01:35:30,620

next question actually and that is

2104

01:35:35,500 --> 01:35:33,080

exactly where we go we go to James

2105

01:35:38,230 --> 01:35:35,510

Gillan in the East Eddy ranch we pitch

2106

01:35:40,990 --> 01:35:38,240

our tents and we talk around the

2107

01:35:43,090 --> 01:35:41,000

campfire but there is a Sky Watch field

2108

01:35:46,510 --> 01:35:43,100

out there that is just enormous I mean

2109

01:35:50,320 --> 01:35:46,520

you're talking probably 50 acres that's

2110

01:35:53,520 --> 01:35:50,330

14 miles just south of Mount Adams and

2111

01:35:57,190 --> 01:35:53,530

has amazing view of this beautiful

2112

01:35:59,890 --> 01:35:57,200

snow-covered mountain but there's you

2113

01:36:01,720 --> 01:35:59,900

know trees on either side and it's

2114

01:36:03,790 --> 01:36:01,730

beautiful what they call the Field of

2115

01:36:06,250 --> 01:36:03,800

Dreams Skywatch field

2116

01:36:07,810 --> 01:36:06,260

that we all hang out and one night we're

2117

01:36:12,280 --> 01:36:07,820

sitting out there and there was this

2118

01:36:15,850 --> 01:36:12,290

massive light that comes out of the left

2119

01:36:18,340 --> 01:36:15,860

horizon over the tree level and this

2120

01:36:20,680 --> 01:36:18,350

thing was so low that we realized it was

2121

01:36:23,200 --> 01:36:20,690

below the cloud level that night which

2122

01:36:25,290 --> 01:36:23,210

was calculated to be about 2,000 feet

2123

01:36:28,540 --> 01:36:25,300

because of the weather report

2124

01:36:32,230 --> 01:36:28,550

intermittent cloud level and these

2125

01:36:35,050 --> 01:36:32,240

things were this one major very bright

2126
01:36:38,680 --> 01:36:35,060
light is coming over the top of us and I

2127
01:36:41,830 --> 01:36:38,690
would say was maybe 75 degrees up not a

2128
01:36:43,870 --> 01:36:41,840
90 degree thing straight up but right in

2129
01:36:46,450 --> 01:36:43,880
front of our faces that we could see it

2130
01:36:48,490 --> 01:36:46,460
grow well as it was coming towards it it

2131
01:36:51,550 --> 01:36:48,500
would actually fire up you've heard of

2132
01:36:53,050 --> 01:36:51,560
these james gilliland videos where the

2133
01:36:55,570 --> 01:36:53,060
thing is actually flare up and they're

2134
01:36:57,400 --> 01:36:55,580
actually caught asking these things to

2135
01:37:02,530 --> 01:36:57,410
flare up and they do I mean this thing

2136
01:37:05,080 --> 01:37:02,540
probably goes from you know a large you

2137
01:37:07,600 --> 01:37:05,090
know reflective light to 20 times that

2138
01:37:10,450 --> 01:37:07,610

size and then it goes back down it goes

2139

01:37:12,580 --> 01:37:10,460

back and flares again and then about

2140

01:37:14,760 --> 01:37:12,590

four times this thing did that and then

2141

01:37:17,470 --> 01:37:14,770

when it got it right in front of us

2142

01:37:19,600 --> 01:37:17,480

probably at a 75 degree angle but right

2143

01:37:22,750 --> 01:37:19,610

in front of us and then towards the

2144

01:37:26,200 --> 01:37:22,760

mountain itself it actually shot this

2145

01:37:29,080 --> 01:37:26,210

blue laser beam out of the craft right

2146

01:37:31,990 --> 01:37:29,090

into our cameras our stop action

2147

01:37:35,290 --> 01:37:32,000

photography our ultraviolet you know our

2148

01:37:38,560 --> 01:37:35,300

night vision and our videos that we have

2149

01:37:42,100 --> 01:37:38,570

all show this thing being totally

2150

01:37:44,230 --> 01:37:42,110

blasted with a blue light now to get a

2151
01:37:46,600 --> 01:37:44,240
corroboration of this we've obviously

2152
01:37:49,120 --> 01:37:46,610
got on a video but the people that were

2153
01:37:52,990 --> 01:37:49,130
in the sky watch field off to the very

2154
01:37:55,270 --> 01:37:53,000
far end of the acreage out there sawed

2155
01:37:58,510 --> 01:37:55,280
it at a side angle and said that they

2156
01:38:00,880 --> 01:37:58,520
actually saw this blue beam of light

2157
01:38:04,270 --> 01:38:00,890
come right out of the crafted head in

2158
01:38:06,780 --> 01:38:04,280
our direction and our video guy our

2159
01:38:09,880 --> 01:38:06,790
least routes our intrepid cameraman

2160
01:38:11,710 --> 01:38:09,890
immediately got a migraine headache but

2161
01:38:13,790 --> 01:38:11,720
he was staring right at the monitor at

2162
01:38:16,580 --> 01:38:13,800
the time this thing flashed us though

2163
01:38:19,430 --> 01:38:16,590

that was just one weird coincidence that

2164

01:38:21,590 --> 01:38:19,440

happened at ecity ranch in it of course

2165

01:38:22,610 --> 01:38:21,600

we've got some other stuff about Bigfoot

2166

01:38:25,040 --> 01:38:22,620

activity

2167

01:38:28,100 --> 01:38:25,050

we've got anomalous electromagnetic

2168

01:38:32,060 --> 01:38:28,110

effects and we've got some scientific

2169

01:38:34,190 --> 01:38:32,070

evidence of actual missing time at Taco

2170

01:38:36,260 --> 01:38:34,200

lock lake which is on the other side of

2171

01:38:38,000 --> 01:38:36,270

the mountain now that we can get into if

2172

01:38:39,800 --> 01:38:38,010

we have time if not we yeah yeah we got

2173

01:38:41,690 --> 01:38:39,810

a little bit of time yeah tell me about

2174

01:38:43,280 --> 01:38:41,700

that missing time when you say sign it

2175

01:38:45,920 --> 01:38:43,290

scientific evidence so what do you mean

2176

01:38:48,410 --> 01:38:45,930

by that okay here's here's a really

2177

01:38:51,890 --> 01:38:48,420

strange story so we're now at the

2178

01:38:53,780 --> 01:38:51,900

opposite side of Mount Adams which is

2179

01:38:56,720 --> 01:38:53,790

the northern side and there's a

2180

01:39:01,700 --> 01:38:56,730

beautiful not a large lake but a very

2181

01:39:05,000 --> 01:39:01,710

very nice beautiful lake called

2182

01:39:07,010 --> 01:39:05,010

cock-block Lake it's an Indian spelling

2183

01:39:08,950 --> 01:39:07,020

there's h's in there and all sorts of

2184

01:39:13,070 --> 01:39:08,960

stuff but basically at night you see

2185

01:39:15,230 --> 01:39:13,080

Mount Adams just hugely reflected

2186

01:39:17,480 --> 01:39:15,240

into the lake and all of the night stars

2187

01:39:21,080 --> 01:39:17,490

in the lake as well it's just a plastic

2188

01:39:22,940 --> 01:39:21,090

beauty for scene and we did ask I

2189

01:39:25,340 --> 01:39:22,950

watched that night then we went back to

2190

01:39:26,780 --> 01:39:25,350

the campsite and stayed up to about 2:00

2191

01:39:29,750 --> 01:39:26,790

in the morning

2192

01:39:32,270 --> 01:39:29,760

some of them did around the campfire but

2193

01:39:35,180 --> 01:39:32,280

I decided to retire early so a friend of

2194

01:39:37,730 --> 01:39:35,190

mine asked me told me I could sleep in

2195

01:39:40,490 --> 01:39:37,740

his pop-up trailer you know camper

2196

01:39:42,320 --> 01:39:40,500

trailer hmm because I sleep with a CPAP

2197

01:39:46,090 --> 01:39:42,330

machine you know I've got sleep apnea

2198

01:39:49,910 --> 01:39:46,100

and if I don't sleep with a CPAP machine

2199

01:39:52,580 --> 01:39:49,920

you know I'm gonna have a tough day the

2200

01:39:55,600 --> 01:39:52,590

next day so I was very relieved to be

2201
01:39:58,490 --> 01:39:55,610
able to have a way to plug this into his

2202
01:40:00,170 --> 01:39:58,500
battery system in his pop-up trailer

2203
01:40:02,750 --> 01:40:00,180
because there's there's no electricity

2204
01:40:06,380 --> 01:40:02,760
out there I'm Rory Gifford Pinchot

2205
01:40:08,000 --> 01:40:06,390
National Forest you know and how we're

2206
01:40:09,890 --> 01:40:08,010
all kind of like you know wagon trained

2207
01:40:13,520 --> 01:40:09,900
up and we have a beautiful campsite

2208
01:40:17,510 --> 01:40:13,530
there but I decided to go to bed around

2209
01:40:19,670 --> 01:40:17,520
1:30 in the morning so I get my CPAP

2210
01:40:23,270 --> 01:40:19,680
machine all set up and plug it into the

2211
01:40:25,790 --> 01:40:23,280
battery and jump in bed and just

2212
01:40:27,020 --> 01:40:25,800
basically exhausted fall asleep

2213
01:40:29,000 --> 01:40:27,030

immediately

2214

01:40:32,240 --> 01:40:29,010
and I'm so grateful to be able to sleep

2215

01:40:35,690 --> 01:40:32,250
with my machine all of a sudden it

2216

01:40:38,330 --> 01:40:35,700
wasn't too long afterwards I thought I

2217

01:40:41,540 --> 01:40:38,340
wake up and the machine stops my CPAP

2218

01:40:43,460 --> 01:40:41,550
machine stops working and I'm looking at

2219

01:40:45,740 --> 01:40:43,470
the machine because when it does stop

2220

01:40:49,340 --> 01:40:45,750
working the pressure of the mask stops

2221

01:40:51,050 --> 01:40:49,350
and you automatically wake up and I look

2222

01:40:54,050 --> 01:40:51,060
at the Machine ago great it's dead

2223

01:40:57,950 --> 01:40:54,060
probably the battery that he set me up

2224

01:41:00,140 --> 01:40:57,960
on my buddy set me up on died already so

2225

01:41:01,790 --> 01:41:00,150
I get ready to go out and go to the

2226

01:41:03,920 --> 01:41:01,800

restroom I figure out I'm going to go to

2227

01:41:06,860 --> 01:41:03,930

the bathroom anyway in the middle of the

2228

01:41:10,040 --> 01:41:06,870

night you know I'm a 66 year old guy I

2229

01:41:11,780 --> 01:41:10,050

better go well I have a check my wake I

2230

01:41:14,270 --> 01:41:11,790

wake up my buddy he was sleeping in the

2231

01:41:16,760 --> 01:41:14,280

treant tent trailer with me and he goes

2232

01:41:18,110 --> 01:41:16,770

oh what happened he's is well it looks

2233

01:41:19,460 --> 01:41:18,120

like the battery died I'm gonna go to

2234

01:41:23,000 --> 01:41:19,470

the bathroom use this Oh what time is it

2235

01:41:26,660 --> 01:41:23,010

that's uh looks like 3:30 I look at my

2236

01:41:28,190 --> 01:41:26,670

watch and and so I go out and go the

2237

01:41:29,390 --> 01:41:28,200

recipe says well don't worry one with

2238

01:41:31,640 --> 01:41:29,400

that by the time you get back I'll

2239

01:41:33,290 --> 01:41:31,650

switch the battery over and you can

2240

01:41:35,240 --> 01:41:33,300

continue sleeping with a seat Batman

2241

01:41:37,580 --> 01:41:35,250

going great so I go out and I just I

2242

01:41:40,340 --> 01:41:37,590

just take maybe more than not more than

2243

01:41:42,260 --> 01:41:40,350

two minutes I mean literally like out

2244

01:41:43,940 --> 01:41:42,270

there zipping in right next to the

2245

01:41:45,800 --> 01:41:43,950

trailer doing my thing you know number

2246

01:41:48,020 --> 01:41:45,810

one and it come back and thing and then

2247

01:41:50,780 --> 01:41:48,030

I find my buddy asleep again it's all

2248

01:41:52,790 --> 01:41:50,790

ready and forks we might see if that

2249

01:41:56,270 --> 01:41:52,800

machine is working I see my little green

2250

01:41:58,250 --> 01:41:56,280

light on so I just jump into bed while

2251

01:42:00,170 --> 01:41:58,260

I'm getting to bed I wake up my buddy

2252

01:42:02,780 --> 01:42:00,180

inadvertently again he goes home what

2253

01:42:08,090 --> 01:42:02,790

time is it and I look at my watch again

2254

01:42:10,520 --> 01:42:08,100

and I say oh it's 4:30 and so I jump

2255

01:42:12,380 --> 01:42:10,530

back in bed and we both go to sleep and

2256

01:42:14,600 --> 01:42:12,390

of course in the morning we started

2257

01:42:16,970 --> 01:42:14,610

thinking about that and the campfire

2258

01:42:18,620 --> 01:42:16,980

with our cup so that's easy that's the

2259

01:42:23,420 --> 01:42:18,630

missing timer one hell of a piss there

2260

01:42:25,340 --> 01:42:23,430

Michael exactly I'm thinking well you

2261

01:42:30,110 --> 01:42:25,350

know I do have a little bad prostate but

2262

01:42:31,790 --> 01:42:30,120

you know it's not that bad did you say

2263

01:42:33,710 --> 01:42:31,800

with 3:30 when he woke up and it was

2264

01:42:35,720 --> 01:42:33,720

4:30 he got back and I going yeah that's

2265

01:42:39,200 --> 01:42:35,730

kind of weird but here's the kicker

2266

01:42:42,200 --> 01:42:39,210

Frank you're gonna love this my machine

2267

01:42:45,020 --> 01:42:42,210

CPAP machine is a full-blown computer

2268

01:42:46,610 --> 01:42:45,030

I mean this thing will give sleep report

2269

01:42:50,330 --> 01:42:46,620

like you won't believe it'll tell you

2270

01:42:51,950 --> 01:42:50,340

how long you slept or the type of sleep

2271

01:42:55,580 --> 01:42:51,960

that you got when you got to the rim

2272

01:42:59,870 --> 01:42:55,590

really cool oh yeah it's a full and it

2273

01:43:02,540 --> 01:42:59,880

has an SD card in thing okay so what

2274

01:43:04,580 --> 01:43:02,550

happens was is I decided to check my

2275

01:43:08,060 --> 01:43:04,590

machine because I can do that manually

2276

01:43:09,650 --> 01:43:08,070

anytime I want and figure out you know

2277

01:43:12,020 --> 01:43:09,660

is there anything weird

2278

01:43:16,220 --> 01:43:12,030

wrong with the machine we know it it

2279

01:43:17,720 --> 01:43:16,230

kicked off at about 3:30 so and you know

2280

01:43:20,150 --> 01:43:17,730

I didn't get a bed at 1:30 so I'm

2281

01:43:23,840 --> 01:43:20,160

[h__h] you know at least two hours of

2282

01:43:26,720 --> 01:43:23,850

use well that's exactly what the Machine

2283

01:43:29,030 --> 01:43:26,730

told me in the printout that was only

2284

01:43:32,690 --> 01:43:29,040

used that machine was only used that

2285

01:43:35,870 --> 01:43:32,700

night for an hour and 50 minutes 1/5 oh

2286

01:43:38,930 --> 01:43:35,880

and here's the deal when I print out a

2287

01:43:41,900 --> 01:43:38,940

whole month worth of string diagrams on

2288

01:43:44,870 --> 01:43:41,910

what I use my normal sleep time is 8

2289

01:43:48,500 --> 01:43:44,880

hours 9 hours 7 hours you know that kind

2290

01:43:52,610 --> 01:43:48,510

of it's a graph that it pulls up I ain't

2291

01:43:55,250 --> 01:43:52,620

only got that night for some reason the

2292

01:43:58,400 --> 01:43:55,260

machine was only used for an hour and 50

2293

01:44:03,260 --> 01:43:58,410

minutes so that is some kind of a weird

2294

01:44:05,810 --> 01:44:03,270

Kurama what my friend also experienced

2295

01:44:07,910 --> 01:44:05,820

at the same time so that that's just one

2296

01:44:10,430 --> 01:44:07,920

aspect of that whole trip that was just

2297

01:44:12,680 --> 01:44:10,440

kind of weird for us sure and are you

2298

01:44:14,360 --> 01:44:12,690

been out to sea you said he ranch so you

2299

01:44:17,420 --> 01:44:14,370

know james gilliland

2300

01:44:19,400 --> 01:44:17,430

and he's he's an interesting fellow I

2301

01:44:20,870 --> 01:44:19,410

don't know a whole lot about him it

2302

01:44:22,490 --> 01:44:20,880

seems like a really nice guy once you

2303

01:44:24,440 --> 01:44:22,500

tell the folks a little bit about him he

2304

01:44:26,840 --> 01:44:24,450

runs that place and how did he get his

2305

01:44:29,780 --> 01:44:26,850

hands on it and you know tell us all

2306

01:44:32,930 --> 01:44:29,790

about him James has owned the ecity

2307

01:44:36,260 --> 01:44:32,940

ranch for over 30 years I didn't realize

2308

01:44:37,880 --> 01:44:36,270

that he's just a lifer down there local

2309

01:44:42,050 --> 01:44:37,890

guy right there in the little town of

2310

01:44:44,720 --> 01:44:42,060

Trout Lake Washington where he said he

2311

01:44:45,760 --> 01:44:44,730

ranch is the closest you know to as far

2312

01:44:49,630 --> 01:44:45,770

as the town

2313

01:44:51,970 --> 01:44:49,640

he is the most congenial friendly guy

2314

01:44:54,160 --> 01:44:51,980

that you will ever want to meet I would

2315

01:44:56,920 --> 01:44:54,170

think that after 30-some years of

2316

01:44:58,800 --> 01:44:56,930

running this thing for a bunch of crazy

2317

01:45:01,930 --> 01:44:58,810

people that want to come out and see you

2318

01:45:03,700 --> 01:45:01,940

you did a little jaded yourself but this

2319

01:45:06,640 --> 01:45:03,710

guy is so friendly he's out every night

2320

01:45:08,740 --> 01:45:06,650

you know meeting people I mean literally

2321

01:45:11,470 --> 01:45:08,750

hundreds of people will come out there

2322

01:45:13,720 --> 01:45:11,480

on a weekend and camp for the weekend

2323

01:45:15,670 --> 01:45:13,730

and he's very hospitable he has his own

2324

01:45:18,850 --> 01:45:15,680

radio show I know he does that on the

2325

01:45:22,060 --> 01:45:18,860

weekend as well so I would I would

2326

01:45:24,459 --> 01:45:22,070

recommend if there was any one spot that

2327

01:45:25,840 --> 01:45:24,469

you would want to go to to try to you

2328

01:45:28,479 --> 01:45:25,850

can't guarantee you're gonna see

2329

01:45:30,750 --> 01:45:28,489

everything but if you want to go to one

2330

01:45:36,220 --> 01:45:30,760

spot that pretty much has it all

2331

01:45:40,060 --> 01:45:36,230

UFOs orbs by the way many many pictures

2332

01:45:42,400 --> 01:45:40,070

of orbs and Bigfoot activity just a week

2333

01:45:46,270 --> 01:45:42,410

before we were there with UFO i-team

2334

01:45:50,290 --> 01:45:46,280

they had cast a major you have a major

2335

01:45:51,670 --> 01:45:50,300

Bigfoot footprint that was huge and we

2336

01:45:53,709 --> 01:45:51,680

got to see that and got to see the

2337

01:45:56,410 --> 01:45:53,719

footprints around the camp as well so

2338

01:45:58,750 --> 01:45:56,420

who knows what really going on but it is

2339

01:46:02,350 --> 01:45:58,760

a fascinating place and where everybody

2340

01:46:05,530 --> 01:46:02,360

is very friendly there and the food's

2341

01:46:08,520 --> 01:46:05,540

fantastic by the way I need to jump in

2342

01:46:11,680 --> 01:46:08,530

here I have a question from a very

2343

01:46:15,670 --> 01:46:11,690

wonderful person Tom went more you know

2344

01:46:19,420 --> 01:46:15,680

him Michael and wanted to ask a question

2345

01:46:23,200 --> 01:46:19,430

on his behalf he wanted to know if the

2346

01:46:25,390 --> 01:46:23,210

documents within the possession of in

2347

01:46:28,630 --> 01:46:25,400

the possession of current Cameron and

2348

01:46:33,070 --> 01:46:28,640

yourself have anything to do with Navy

2349

01:46:36,910 --> 01:46:33,080

Vice Chiefs David Elmer Jeremiah William

2350

01:46:38,500 --> 01:46:36,920

Arthur Owens Edmond Peter I'm gonna try

2351

01:46:43,000 --> 01:46:38,510

really hard not to mess up this name but

2352

01:46:48,580 --> 01:46:43,010

Edmund Edmund Peter G embassy on e jr.

2353

01:46:51,520 --> 01:46:48,590

and then also Carl Sagan Oh research

2354

01:46:55,390 --> 01:46:51,530

yeah he's getting ahead of us now does

2355

01:46:56,640 --> 01:46:55,400

he think he is yeah he's even a younger

2356

01:46:58,850 --> 01:46:56,650

guy there you go

2357

01:47:03,080 --> 01:46:58,860

well I think what

2358

01:47:06,080 --> 01:47:03,090

those specific names no I'm just gonna

2359

01:47:09,140 --> 01:47:06,090

say no those are not specific in the

2360

01:47:12,950 --> 01:47:09,150

document there are many other names that

2361

01:47:15,709 --> 01:47:12,960

are specific in the document and the one

2362

01:47:18,770 --> 01:47:15,719

of them that has already been outed by

2363

01:47:23,899 --> 01:47:18,780

Richard Dolan by the way was Vice

2364

01:47:27,320 --> 01:47:23,909

Admiral Thomas Wilson j2 of the Joint

2365

01:47:30,790 --> 01:47:27,330

Chiefs of Staff so that is one thing

2366

01:47:33,729 --> 01:47:30,800

that I can verify tonight on the show

2367

01:47:35,959 --> 01:47:33,739

because it's already been mentioned

2368

01:47:37,939 --> 01:47:35,969

actually was mentioned on the Jimmy

2369

01:47:42,020 --> 01:47:37,949

Church show with Richard Dolan on

2370

01:47:45,830 --> 01:47:42,030

December 19th just to jump in Carl Sagan

2371

01:47:48,500 --> 01:47:45,840

died in 1996 so if he was involved in a

2372

01:47:59,330 --> 01:47:48,510

conversation in the 2000s that would be

2373

01:48:01,189 --> 01:47:59,340

really interesting news yeah Tom

2374

01:48:04,790 --> 01:48:01,199

Whitmore has studied the mj-12 documents

2375

01:48:07,370 --> 01:48:04,800

for decades now he's acutely interested

2376

01:48:11,000 --> 01:48:07,380

in finding out more about what you have

2377

01:48:14,540 --> 01:48:11,010

been discussing Atlanta tonight I would

2378

01:48:17,030 --> 01:48:14,550

be remiss tonight if I didn't ask you

2379

01:48:18,919 --> 01:48:17,040

this question I think it's a very broad

2380

01:48:22,479 --> 01:48:18,929

one but it's appropriate Michael and

2381

01:48:25,879 --> 01:48:22,489

that is regarding the mj-12 documents

2382

01:48:31,669 --> 01:48:25,889

grant Carolyn says he has the new ones

2383

01:48:34,280 --> 01:48:31,679

so to speak what does it take away that

2384

01:48:37,879 --> 01:48:34,290

we should all consider regarding this in

2385

01:48:41,240 --> 01:48:37,889

general yeah well I think tom is gonna

2386

01:48:45,410 --> 01:48:41,250

be very pleased with this document

2387

01:48:47,930 --> 01:48:45,420

basically confirming the existence as

2388

01:48:51,649 --> 01:48:47,940

far as this document is is concerned of

2389

01:48:54,070 --> 01:48:51,659

the fact that mj-12 existed the fact

2390

01:48:57,890 --> 01:48:54,080

that it was created shortly thereafter

2391

01:49:01,189 --> 01:48:57,900

Roswell New Mexico crashed for a reason

2392

01:49:02,689 --> 01:49:01,199

and I think that is going to be

2393

01:49:05,300 --> 01:49:02,699

something that he is going to take away

2394

01:49:08,120 --> 01:49:05,310

from this and probably run with at the

2395

01:49:11,590 --> 01:49:08,130

time when this thing is finally you know

2396

01:49:13,780 --> 01:49:11,600

able to be chewed over by

2397

01:49:16,720 --> 01:49:13,790

you know himself and the rest of the

2398

01:49:23,710 --> 01:49:16,730

young guns out there okay Frank I do

2399

01:49:26,110 --> 01:49:23,720

have another question just one this

2400

01:49:30,640 --> 01:49:26,120

one's interesting because it has to do

2401
01:49:33,130 --> 01:49:30,650
with people and the mind and that is a

2402
01:49:35,560 --> 01:49:33,140
quote that is attributed to Einstein

2403
01:49:37,720 --> 01:49:35,570
that he did saying that as education is

2404
01:49:41,770 --> 01:49:37,730
not the learning of facts but the

2405
01:49:45,790 --> 01:49:41,780
training of the mind to think Michael I

2406
01:49:48,010 --> 01:49:45,800
have noticed my studying the topic of

2407
01:49:51,370 --> 01:49:48,020
ufology and conspiracy theories for

2408
01:49:55,930 --> 01:49:51,380
decades has seemingly opened up my mind

2409
01:49:58,210 --> 01:49:55,940
to new possibilities regarding any

2410
01:50:02,230 --> 01:49:58,220
manner of things whether it be spiritual

2411
01:50:04,990 --> 01:50:02,240
or technology or science what I was

2412
01:50:06,730 --> 01:50:05,000
gonna ask you is since Einstein said

2413
01:50:09,030 --> 01:50:06,740

education is not the learning of facts

2414

01:50:12,880 --> 01:50:09,040

but the training of the mind to think

2415

01:50:15,430 --> 01:50:12,890

how do you feel about thinking the

2416

01:50:17,200 --> 01:50:15,440

process of thinking is that something

2417

01:50:19,660 --> 01:50:17,210

that we're predisposed to do I know

2418

01:50:23,920 --> 01:50:19,670

that's a strange way to ask it or is

2419

01:50:27,970 --> 01:50:23,930

that something we're trained to do yeah

2420

01:50:30,810 --> 01:50:27,980

I think we are trained to think in a

2421

01:50:34,630 --> 01:50:30,820

certain direction certain way that

2422

01:50:37,930 --> 01:50:34,640

probably is not very educational

2423

01:50:40,380 --> 01:50:37,940

so the real bottom line is as as I'm

2424

01:50:44,560 --> 01:50:40,390

getting older here is to realize that

2425

01:50:47,830 --> 01:50:44,570

you know I I don't need to think more or

2426

01:50:50,530 --> 01:50:47,840

think harder I need to relax more and

2427

01:50:53,680 --> 01:50:50,540

get more in tune with what what is going

2428

01:50:55,570 --> 01:50:53,690

on as far as my consciousness goes and

2429

01:50:57,790 --> 01:50:55,580

when I do that things like

2430

01:51:02,620 --> 01:50:57,800

synchronicities happen you know the

2431

01:51:05,800 --> 01:51:02,630

whole idea of being able to be grateful

2432

01:51:08,890 --> 01:51:05,810

have you know things come to me that I

2433

01:51:11,680 --> 01:51:08,900

need you know at a certain time and not

2434

01:51:14,680 --> 01:51:11,690

I used to be in my younger years thought

2435

01:51:17,680 --> 01:51:14,690

it was in control of my life and knew

2436

01:51:20,770 --> 01:51:17,690

where I was headed and the more as I get

2437

01:51:23,110 --> 01:51:20,780

older here and realized that there's a

2438

01:51:24,850 --> 01:51:23,120

major plan that I seem to be a part of

2439

01:51:26,979 --> 01:51:24,860

and I don't I don't

2440

01:51:31,590 --> 01:51:26,989

need to fight that plan I need to work

2441

01:51:34,419 --> 01:51:31,600

with the plan figure out my best way of

2442

01:51:36,310 --> 01:51:34,429

using the materials and the information

2443

01:51:37,600 --> 01:51:36,320

that comes to me because I think we're

2444

01:51:40,479 --> 01:51:37,610

all here for a reason

2445

01:51:43,780 --> 01:51:40,489

I think that's a major you know thing

2446

01:51:47,410 --> 01:51:43,790

that we are trying to learn how to deal

2447

01:51:49,750 --> 01:51:47,420

with this experience in this body which

2448

01:51:51,970 --> 01:51:49,760

we are immortal souls just kind of like

2449

01:51:56,640 --> 01:51:51,980

having a interesting interlude

2450

01:52:00,700 --> 01:51:56,650

experience for for our own best best

2451

01:52:03,010 --> 01:52:00,710

interest I think there's also a really

2452

01:52:07,149 --> 01:52:03,020

interesting philosophy that has been

2453

01:52:10,390 --> 01:52:07,159

brought up over possibly the centuries

2454

01:52:13,030 --> 01:52:10,400

and that is do we care what's true does

2455

01:52:15,189 --> 01:52:13,040

it matter it sounds like something that

2456

01:52:17,709 --> 01:52:15,199

somebody might say you know with an

2457

01:52:20,500 --> 01:52:17,719

attitude but actually it's considered a

2458

01:52:24,340 --> 01:52:20,510

sort of philosophy where ignorant is

2459

01:52:27,609 --> 01:52:24,350

bliss it's folly to be wise regarding

2460

01:52:31,149 --> 01:52:27,619

these documents that kind of philosophy

2461

01:52:34,149 --> 01:52:31,159

even if they are authentic would it be

2462

01:52:36,669 --> 01:52:34,159

better off for everyone to be ignorant

2463

01:52:40,120 --> 01:52:36,679

in this regard or would it be better for

2464

01:52:41,169 --> 01:52:40,130

them to be wise to them well that's a

2465

01:52:44,200 --> 01:52:41,179

wonderful question

2466

01:52:47,379 --> 01:52:44,210

it definitely is and it all goes towards

2467

01:52:52,030 --> 01:52:47,389

your your purpose for being here I

2468

01:52:57,010 --> 01:52:52,040

believe we all have I think probably

2469

01:52:58,930 --> 01:52:57,020

multiple opportunities to learn you know

2470

01:53:03,240 --> 01:52:58,940

through multiple lives multiple

2471

01:53:06,040 --> 01:53:03,250

experiences there's a reason why we are

2472

01:53:08,439 --> 01:53:06,050

you know souls that have this

2473

01:53:12,459 --> 01:53:08,449

interesting experience here on this

2474

01:53:14,379 --> 01:53:12,469

planet and I'm thinking that if you know

2475

01:53:16,209 --> 01:53:14,389

there's probably certain times in our

2476
01:53:18,340 --> 01:53:16,219
experience where we don't learn a whole

2477
01:53:21,820 --> 01:53:18,350
lot maybe we're just going through the

2478
01:53:24,250 --> 01:53:21,830
motions but I think as a general rule of

2479
01:53:26,979 --> 01:53:24,260
thumb collectively I think we're at a

2480
01:53:29,919 --> 01:53:26,989
position now where we are about ready to

2481
01:53:32,979 --> 01:53:29,929
learn a lot more and take the next step

2482
01:53:37,110 --> 01:53:32,989
in raising our consciousness as a

2483
01:53:39,620 --> 01:53:37,120
general you know group of souls and

2484
01:53:43,290 --> 01:53:39,630
that are you know in visioning or

2485
01:53:46,530 --> 01:53:43,300
experiencing this timeframe I'm I'm kind

2486
01:53:48,780 --> 01:53:46,540
of looking forward to learning more in

2487
01:53:52,410 --> 01:53:48,790
my older age here than I ever have

2488
01:53:55,190 --> 01:53:52,420

during my my academic careers and and

2489

01:53:57,510 --> 01:53:55,200

younger years because it seems to be

2490

01:54:01,320 --> 01:53:57,520

making a lot more sense now

2491

01:54:05,010 --> 01:54:01,330

I wanted to let all of our listeners

2492

01:54:06,810 --> 01:54:05,020

know where they can find your show if

2493

01:54:08,460 --> 01:54:06,820

you wouldn't mind covering word how did

2494

01:54:10,950 --> 01:54:08,470

they find out how to listen to you and

2495

01:54:14,010 --> 01:54:10,960

on what nights you're available to

2496

01:54:15,540 --> 01:54:14,020

listen to and also your UFO I teen you

2497

01:54:17,880 --> 01:54:15,550

know as their website folks can go to

2498

01:54:19,860 --> 01:54:17,890

regarding their investigations where you

2499

01:54:22,380 --> 01:54:19,870

are on social media can you share a

2500

01:54:25,050 --> 01:54:22,390

little bit about that Oh short chant

2501

01:54:27,300 --> 01:54:25,060

thank you so much actually you know they

2502

01:54:29,490 --> 01:54:27,310

could always check my Saturday night

2503

01:54:32,870 --> 01:54:29,500

radio show out at night dreams talk

2504

01:54:36,630 --> 01:54:32,880

radio.com I'm the 7:00 to 9:00 p.m.

2505

01:54:39,090 --> 01:54:36,640

Pacific Standard Time Saturday guy and I

2506

01:54:41,970 --> 01:54:39,100

it's called the paranormal lawyer radio

2507

01:54:43,140 --> 01:54:41,980

show which is kind of fun you know we

2508

01:54:46,170 --> 01:54:43,150

get to get all sorts of interesting

2509

01:54:48,600 --> 01:54:46,180

guests but we pretty much get into UFOs

2510

01:54:51,660 --> 01:54:48,610

and cryptids and in all sorts of

2511

01:54:53,900 --> 01:54:51,670

paranormal activity but the UFO i-team

2512

01:54:56,850 --> 01:54:53,910

they can find us real easy on Facebook

2513

01:54:58,680 --> 01:54:56,860

they go to UFO I team with a lower case

2514

01:55:01,350 --> 01:54:58,690

a high end yeah well they can join us at

to give that address out in case

2522

01:55:15,960 --> 01:55:13,510

somebody's local to you oh heck yeah

2523

01:55:20,040 --> 01:55:15,970

2529

01:55:38,040 --> 01:55:34,900

skillet is to die for

2530

01:55:40,020 --> 01:55:38,050

man sounds good to me regarding the

2531

01:55:41,970 --> 01:55:40,030

conscious life Expo as we wrap this up

2532

01:55:45,540 --> 01:55:41,980

here in LA

2533

01:55:49,080 --> 01:55:45,550

February 22nd through the 25th 2019 can

2534

01:55:50,300 --> 01:55:49,090

you touch on that oh I tell you what it

2535

01:55:54,140 --> 01:55:50,310

was great

2536

01:55:56,300 --> 01:55:54,150

cameron was like a buzz the buzz let's

2537

01:55:59,720 --> 01:55:56,310

put it that way down there you know

2538

01:56:04,610 --> 01:55:59,730

Linda Moulton Howe Eric Vaughn Donegan

2539

01:56:06,500 --> 01:56:04,620

Jimmy Church George Noory everybody was

2540

01:56:09,590 --> 01:56:06,510

there it was just an awesome things to

2541

01:56:12,170 --> 01:56:09,600

even Bassett and they were all coming up

2542

01:56:14,000 --> 01:56:12,180

to grant during the tenth week we were I

2543

01:56:15,620 --> 01:56:14,010

was lucky enough fill a room with grant

2544

01:56:17,210 --> 01:56:15,630

during the whole conference there and

2545

01:56:19,490 --> 01:56:17,220

they're always gonna grant what do you

2546

01:56:23,120 --> 01:56:19,500

got you know come on my show come on

2547

01:56:26,720 --> 01:56:23,130

let's break it now you know and it was

2548

01:56:30,650 --> 01:56:26,730

just really fun to be able to see Grant

2549

01:56:32,720 --> 01:56:30,660

be able to heal the questions and put

2550

01:56:35,780 --> 01:56:32,730

people's mind at rest that indeed the

2551

01:56:38,570 --> 01:56:35,790

thing is coming out and he he is going

2552

01:56:42,230 --> 01:56:38,580

to release it to the public so it was a

2553

01:56:44,750 --> 01:56:42,240

fascinating conference my goodness all

2554

01:56:47,990 --> 01:56:44,760

sorts of interesting and and one of the

2555

01:56:50,660 --> 01:56:48,000

more interesting workshops that I went

2556

01:56:55,760 --> 01:56:50,670

to was a gentleman by the name of Darrel

2557

01:56:59,780 --> 01:56:55,770

Anka who channels the entity Bashar Vash

2558

01:57:03,530 --> 01:56:59,790

AR and grant is going to work with

2559

01:57:06,500 --> 01:57:03,540

Bashar in doing an interesting contact

2560

01:57:10,790 --> 01:57:06,510

modality scientific experiment to figure

2561

01:57:14,120 --> 01:57:10,800

out that during his trance State this is

2562

01:57:16,040 --> 01:57:14,130

DNA change that is an experiment that

2563

01:57:19,480 --> 01:57:16,050

we're going to work on the grant is

2564

01:57:22,370 --> 01:57:19,490

going to do to determine whether a

2565

01:57:25,790 --> 01:57:22,380

person who is in a trance state can

2566

01:57:28,460 --> 01:57:25,800

actually have changed DNA compared to

2567

01:57:30,800 --> 01:57:28,470

their normal DNA and that was quite a

2568

01:57:33,650 --> 01:57:30,810

fascinating conversation that I heard

2569

01:57:35,840 --> 01:57:33,660

grant have with him that's fascinating

2570

01:57:37,430 --> 01:57:35,850

you know what we're just so thrilled

2571

01:57:40,250 --> 01:57:37,440

that you came on the show with us

2572

01:57:42,800 --> 01:57:40,260

tonight Michael oh my pleasure

2573

01:57:47,210 --> 01:57:42,810

you guys are the greatest like I said

2574

01:57:49,130 --> 01:57:47,220

the Bonnie and Clyde I appreciate it

2575

01:57:51,350 --> 01:57:49,140

Michael really do real quick before we

2576

01:57:53,330 --> 01:57:51,360

go when grant Cameron I was on the show

2577

01:57:55,280 --> 01:57:53,340

and grant Cameron turned to me and said

2578

01:57:58,100 --> 01:57:55,290

he would put a gold star in my file and

2579

01:57:59,840 --> 01:57:58,110

he called me a young gun and then now

2580

01:58:02,210 --> 01:57:59,850

you're calling us Bonnie and Clyde I

2581

01:58:04,160 --> 01:58:02,220

will never get away from those firms not

2582

01:58:07,100 --> 01:58:04,170

that I want to I'm just saying those two

2583

01:58:09,500 --> 01:58:07,110

they're gonna stick now yeah well they

2584

01:58:11,720 --> 01:58:09,510

should you guys deserve it all the work

2585

01:58:13,430 --> 01:58:11,730

that you've done and the truth that

2586

01:58:15,350 --> 01:58:13,440

you're you're digging up it's wonderful

2587

01:58:17,900 --> 01:58:15,360

thanks a lot Michael I appreciate it

2588

01:58:20,480 --> 01:58:17,910

2590

01:58:24,980 --> 01:58:22,530

2591

01:58:25,880 --> 01:58:24,990

2592

01:58:27,980 --> 01:58:25,890

2593

01:58:29,660 --> 01:58:27,990

well thanks a lot everybody a chant

2594

01:58:31,100 --> 01:58:29,670

we're coming right back tomorrow we've

2595

01:58:33,980 --> 01:58:31,110

got that Michael masters with us

2596

01:58:37,160 --> 01:58:33,990

tomorrow early afternoon East Coast time

2597

01:58:38,870 --> 01:58:37,170

is that about right yes we do it's and

2598

01:58:40,610 --> 01:58:38,880

just to say in a different way it's

2599

01:58:43,070 --> 01:58:40,620

10:00 a.m. out Standard Time and we're

2600

01:58:45,500 --> 01:58:43,080

going to be talking about a fascinating

2601

01:58:49,010 --> 01:58:45,510

topic I don't think I've heard talked

2602

01:58:53,690 --> 01:58:49,020

about on any show and that is the topic

2603

01:58:55,760 --> 01:58:53,700

of hunters and extraterrestrials should

2604

01:58:57,890 --> 01:58:55,770

they consider shooting an ET or not I

2605

01:58:59,900 --> 01:58:57,900

know that sounds odd but you would be

2606

01:59:03,170 --> 01:58:59,910

surprised at what the hunters have to

2607

01:59:06,050 --> 01:59:03,180

say that I have interviewed and Michael

2608

01:59:08,450 --> 01:59:06,060

masters is a professor of anthropology

2609

01:59:10,820 --> 01:59:08,460

as well he's he was on the show last

2610

01:59:14,180 --> 01:59:10,830

year was nice enough to come on and now

2611

01:59:16,100 --> 01:59:14,190

he is back with us tomorrow and it's

2612

01:59:19,100 --> 01:59:16,110

gonna be a lot of fun that he is

2613

01:59:20,900 --> 01:59:19,110

teaching at where is he teaching at

2614

01:59:22,900 --> 01:59:20,910

these days well I can't find it on his

2615

01:59:25,310 --> 01:59:22,910

Facebook page but I've got all that

2616

01:59:26,810 --> 01:59:25,320

somewhere and Michael is gonna be on

2617

01:59:28,430 --> 01:59:26,820

with us it was a great guest last year

2618

01:59:29,270 --> 01:59:28,440

and we've got new stuff to talk about so

2619

01:59:31,520 --> 01:59:29,280

it's gonna be great

2620

01:59:34,310 --> 01:59:31,530

Michael W Hall thanks again for joining

2621

01:59:34,850 --> 01:59:34,320
