WITH DR. IRENA SCOTT, SHANE HURD AND  
EARL GREY

WITH CHANT HANNAH

**UFONN**  
**SUNDAY**

1  
00:01:04,710 --> 00:00:20,560

[Music]

2  
00:01:10,600 --> 00:01:07,719

and good afternoon from Philadelphia

3  
00:01:13,480 --> 00:01:10,610

Frank here with yet another edition of

4  
00:01:15,670 --> 00:01:13,490

UFO news network Sunday honest Sunday

5  
00:01:17,499 --> 00:01:15,680

believe it or not and we're ready to go

6  
00:01:19,930 --> 00:01:17,509

let's not beat around the bush we've got

7  
00:01:22,630 --> 00:01:19,940

one of our patented roundtables together

8  
00:01:24,639 --> 00:01:22,640

for you got a real all-star lineup so

9  
00:01:26,649 --> 00:01:24,649

let me bring in Shin Hanna to do the

10  
00:01:28,810 --> 00:01:26,659

formal intros what's going on there chat

11  
00:01:30,730 --> 00:01:28,820

you know I wanted to just talk a little

12  
00:01:34,930 --> 00:01:30,740

bit about your FileMaker con first and

13  
00:01:38,889 --> 00:01:34,940

then get right into our fantastic show

14

00:01:40,990 --> 00:01:38,899

today and that is Bob Brown and Lorene

15

00:01:43,630 --> 00:01:41,000

Fenton we're producers of this

16

00:01:45,999 --> 00:01:43,640

interesting event they had many speakers

17

00:01:47,440 --> 00:01:46,009

this year and they had a message they

18

00:01:49,630 --> 00:01:47,450

wanted to share with everybody about it

19

00:01:52,300 --> 00:01:49,640

and that is regarding their UFO Megacon

20

00:01:53,830 --> 00:01:52,310

no speaker is invited unless they have

21

00:01:56,919 --> 00:01:53,840

half they have new information to share

22

00:01:58,899 --> 00:01:56,929

and their website goes on to say as a

23

00:02:00,580 --> 00:01:58,909

ticket holder you know most of the

24

00:02:02,950 --> 00:02:00,590

career you apology speakers talk about

25

00:02:05,410 --> 00:02:02,960

the same thing repeatedly and then you

26

00:02:06,760 --> 00:02:05,420

see them year after year and they said

27

00:02:10,089 --> 00:02:06,770

they just want to be different in the

28

00:02:13,720 --> 00:02:10,099

respect that they have speakers with new

29

00:02:16,330 --> 00:02:13,730

material and so this year I actually had

30

00:02:18,520 --> 00:02:16,340

the opportunity as Shane heard who is a

31

00:02:22,240 --> 00:02:18,530

field investigator with Phoenix MUFON

32

00:02:24,479 --> 00:02:22,250

how he felt about the event he actually

33

00:02:26,830 --> 00:02:24,489

went there with good friend of his and

34

00:02:29,710 --> 00:02:26,840

Shane how are you doing today

35

00:02:32,770 --> 00:02:29,720

I'm doing quite well how about you guys

36

00:02:35,830 --> 00:02:32,780

great I wanted to ask you about the UFO

37

00:02:40,180 --> 00:02:35,840

Megacon event who did you see there and

38

00:02:42,699 --> 00:02:40,190

how did it go yeah we were only able to

39

00:02:45,490 --> 00:02:42,709

go for a couple of the days Friday and

40

00:02:48,190 --> 00:02:45,500

Saturday came back home on Sunday so we

41

00:02:50,619 --> 00:02:48,200

caught a few of the presentations and

42

00:02:53,470 --> 00:02:50,629

then we were able to spend a lot of time

43

00:02:55,509 --> 00:02:53,480

kind of mingling around when was some

44

00:02:58,119 --> 00:02:55,519

old friends and making new friends and

45

00:03:00,910 --> 00:02:58,129

it was a really great time that way a

46

00:03:03,910 --> 00:03:00,920

couple of talks that we saw were two of

47

00:03:08,789 --> 00:03:03,920

the speakers at week on on Saturday one

48

00:03:12,759 --> 00:03:08,799

was Kevin day who was speaking on the

49

00:03:14,770 --> 00:03:12,769

Nimitz case and he was accompanied by

50

00:03:15,559 --> 00:03:14,780

Gary Voorhees and both of those guys

51

00:03:18,229 --> 00:03:15,569

were

52

00:03:20,059 --> 00:03:18,239

radar operators during that event and

53

00:03:22,819 --> 00:03:20,069

they had a really great presentation in

54

00:03:24,649 --> 00:03:22,829

terms of what was different was they

55

00:03:28,850 --> 00:03:24,659

they really showed the emotional impact

56

00:03:31,640 --> 00:03:28,860

that this had on them for many years and

57

00:03:33,740 --> 00:03:31,650

it was negative for them but now they

58

00:03:36,110 --> 00:03:33,750

are really seeing that seeing it as a

59

00:03:38,630 --> 00:03:36,120

positive so it's kind of interesting you

60

00:03:41,599 --> 00:03:38,640

know take on it and they also displayed

61

00:03:44,119 --> 00:03:41,609

the more recent movie by Dave Beatty the

62

00:03:46,009 --> 00:03:44,129

animated movie about the event which was

63

00:03:48,140 --> 00:03:46,019

really great and helped you know helps

64

00:03:51,800 --> 00:03:48,150

you visualize what what that account is

65

00:03:53,599 --> 00:03:51,810

because it is complex you hang around to

66

00:03:58,280 --> 00:03:53,609

watch the credits and see my name in the

67

00:04:00,470 --> 00:03:58,290

credits by the way I did I did in fact I

68

00:04:06,589 --> 00:04:00,480

stood up in the audience and what woohoo

69

00:04:08,929 --> 00:04:06,599

yeah yeah we love Dave Beatty you know

70

00:04:13,369 --> 00:04:08,939

after only three or four weeks of having

71

00:04:14,990 --> 00:04:13,379

had his us nimitz movie on amazon it had

72

00:04:20,599 --> 00:04:15,000

1 million views do you remember that

73

00:04:23,150 --> 00:04:20,609

break oh yeah yeah and and there's also

74

00:04:24,830 --> 00:04:23,160

a friend of mine Brian Jackson who went

75

00:04:26,990 --> 00:04:24,840

to the UFO Megacon event and he

76

00:04:28,939 --> 00:04:27,000

mentioned all the a tip guys that were

77

00:04:32,870 --> 00:04:28,949

there can you tell us whether you

78

00:04:36,710 --> 00:04:32,880

actually saw them or not oh yeah yeah we

79

00:04:40,730 --> 00:04:36,720

in fact them we bumped into Kevin

80

00:04:42,620 --> 00:04:40,740

Jason Kearney or Gary Voorhees you know

81

00:04:44,420 --> 00:04:42,630

walked around the casino and we kind of

82

00:04:45,890 --> 00:04:44,430

passed each other and weren't sure we

83

00:04:47,750 --> 00:04:45,900

recognized each other you know because

84

00:04:49,909 --> 00:04:47,760

it's really just been on Facebook but I

85

00:04:51,890 --> 00:04:49,919

noticed the name tag and it jumped out

86

00:04:53,689 --> 00:04:51,900

and I caught it so we went over and

87

00:04:55,670 --> 00:04:53,699

introduced ourselves and we you know we

88

00:04:58,850 --> 00:04:55,680

had a drink and we talked on all things

89

00:05:00,950 --> 00:04:58,860

a tip and and the Nimitz case and then

90

00:05:03,260 --> 00:05:00,960

just in general you know their their

91

00:05:05,390 --> 00:05:03,270

experience with ufology which is really

92

00:05:08,089 --> 00:05:05,400

quite new for them so it was kind of

93

00:05:09,620 --> 00:05:08,099

cool to talk to someone who was just

94

00:05:12,560 --> 00:05:09,630

seeing this through a different set of

95

00:05:15,020 --> 00:05:12,570

eyes had no knowledge or interests of

96

00:05:16,879 --> 00:05:15,030

ufology prior to and now they've been

97

00:05:19,310 --> 00:05:16,889

just swept into this you know the

98

00:05:22,159 --> 00:05:19,320

headfirst and so it was kind of cool to

99

00:05:23,750 --> 00:05:22,169

hear their perspective on lastly and

100

00:05:26,240 --> 00:05:23,760

then I was gonna bring on our guests and

101  
00:05:28,439 --> 00:05:26,250  
introduce them I wanted to talk to you

102  
00:05:30,119 --> 00:05:28,449  
Xin about how when

103  
00:05:33,570 --> 00:05:30,129  
you first walked in you actually saw

104  
00:05:34,950 --> 00:05:33,580  
George Knapp and Jeremy Korbelt yeah

105  
00:05:37,589 --> 00:05:34,960  
absolutely

106  
00:05:39,089 --> 00:05:37,599  
and you know we we had a great time you

107  
00:05:42,899 --> 00:05:39,099  
know hanging out and talking with those

108  
00:05:44,820 --> 00:05:42,909  
guys and and of course a they also we we

109  
00:05:47,399 --> 00:05:44,830  
also saw Richard Doty there as well with

110  
00:05:48,749 --> 00:05:47,409  
them and walking around and you know it

111  
00:05:50,939 --> 00:05:48,759  
was just it was an interesting

112  
00:05:54,269 --> 00:05:50,949  
experience no doubt about it did you get

113  
00:05:56,339 --> 00:05:54,279

to actually see George Noory there no I

114

00:05:58,950 --> 00:05:56,349

did not see George you know it's just

115

00:06:00,839 --> 00:05:58,960

curious um also I know there was just a

116

00:06:02,399 --> 00:06:00,849

lot of easily recognizable people there

117

00:06:04,739 --> 00:06:02,409

I was just curious if you saw anybody

118

00:06:05,100 --> 00:06:04,749

else that you wanted to mention here at

119

00:06:07,829 --> 00:06:05,110

all

120

00:06:09,719 --> 00:06:07,839

Gareth you know oh yeah they it was an

121

00:06:12,059 --> 00:06:09,729

all-star lineup no doubt about it I

122

00:06:14,369 --> 00:06:12,069

think that like 50 or 60 speakers and as

123

00:06:17,689 --> 00:06:14,379

I mentioned we came at the end of the

124

00:06:20,429 --> 00:06:17,699

the 7 day event but we bumped into a

125

00:06:22,709 --> 00:06:20,439

sweetheart of a guy Peter Robbins just

126

00:06:27,149 --> 00:06:22,719

loved Peter he was a speaker at the

127

00:06:30,689 --> 00:06:27,159

event also race man ski who wrote the

128

00:06:32,670 --> 00:06:30,699

book 50 shades of Gray's and his his

129

00:06:35,670 --> 00:06:32,680

experience at wright-patterson Air Force

130

00:06:38,489 --> 00:06:35,680

Base is really fascinating stuff and

131

00:06:41,820 --> 00:06:38,499

he's a good guy in house 1/2 back of a

132

00:06:43,679 --> 00:06:41,830

sense of humor so that was just it was a

133

00:06:46,050 --> 00:06:43,689

great time we had just sitting around

134

00:06:49,920 --> 00:06:46,060

and talking ufology and you know

135

00:06:52,439 --> 00:06:49,930

shooting the ball it was great yeah well

136

00:06:55,079 --> 00:06:52,449

I'd like to bring on our panel today we

137

00:06:58,589 --> 00:06:55,089

have a special show on the intelligence

138

00:07:00,209 --> 00:06:58,599

community the government and you apology

139

00:07:02,070 --> 00:07:00,219

and I just want to share a little bit

140

00:07:04,829 --> 00:07:02,080

about Shane hurt he just heard talking

141

00:07:06,540 --> 00:07:04,839

148

00:07:23,639 --> 00:07:20,770

writing experiences regarding the UFO

149

00:07:26,550 --> 00:07:23,649

phenomena moving on we also have the

150

00:07:28,860 --> 00:07:26,560

168

00:08:19,219 --> 00:08:16,500

very interesting speaker that showed up

169

00:08:20,240 --> 00:08:19,229

at UF Omega con I think it was a Richard

170

00:08:22,040 --> 00:08:20,250

Doty

171

00:08:23,390 --> 00:08:22,050

my understanding is he is an encounter

172

00:08:26,570 --> 00:08:23,400

intelligence a confirmed

173

00:08:28,430 --> 00:08:26,580

counterintelligence officer for the

174

00:08:31,370 --> 00:08:28,440

United States government I think he's

175

00:08:33,230 --> 00:08:31,380

retired now just a jump in he worked for

176

00:08:38,630 --> 00:08:33,240

a fuzzy the Air Force Office of Special

177

00:08:41,240 --> 00:08:38,640

Investigations thank you and uh my

178

00:08:44,029 --> 00:08:41,250

understanding is he has done interviews

179

00:08:49,519 --> 00:08:44,039

with George Knapp and a Linda Moulton

180

00:08:52,340 --> 00:08:49,529

Howe regarding his work in the field I

181

00:08:55,790 --> 00:08:52,350

guess I had a little reservations about

182

00:08:57,560 --> 00:08:55,800

him having been at UF Omega con Shan how

183

00:09:00,620 --> 00:08:57,570

do you feel about Richard Doty having

184

00:09:02,930 --> 00:09:00,630

been a speaker there yeah it was um

185

00:09:06,199 --> 00:09:02,940

actually that was one of the talks that

186

00:09:10,220 --> 00:09:06,209

we you know made a point to of a singing

187

00:09:11,690 --> 00:09:10,230

and a hit you know it was a it was I was

188

00:09:14,810 --> 00:09:11,700

actually a little shocked that that he's

189

00:09:17,780 --> 00:09:14,820

there um considering the fact that you

190

00:09:20,480 --> 00:09:17,790

know he is confirm and counter telogen

191

00:09:22,640 --> 00:09:20,490

s-- agent and he has some pretty

192

00:09:25,880 --> 00:09:22,650

negative history with the Paul bennewitz

193

00:09:28,430 --> 00:09:25,890

case for example and you know he was

194

00:09:30,140 --> 00:09:28,440

making some statements and saying some

195

00:09:33,019 --> 00:09:30,150

things that I had not known and heard

196

00:09:34,699 --> 00:09:33,029

about and it was it was you know it was

197

00:09:36,650 --> 00:09:34,709

very very interesting let's say that

198

00:09:40,430 --> 00:09:36,660

well I like what what was he saying that

199

00:09:43,069 --> 00:09:40,440

you hadn't heard well the one thing he

200

00:09:44,449 --> 00:09:43,079

had a bullet-pointed presentation and he

201  
00:09:48,460 --> 00:09:44,459  
kind of went through that kind of his

202  
00:09:50,720 --> 00:09:48,470  
his story and one of the things that he

203  
00:09:54,350 --> 00:09:50,730  
had and it was again on the

204  
00:09:55,810 --> 00:09:54,360  
bullet-pointed presentation was that he

205  
00:09:57,880 --> 00:09:55,820  
had worked for Howe

206  
00:10:00,700 --> 00:09:57,890  
put off for 11 years and I had never

207  
00:10:02,740 --> 00:10:00,710  
heard that and I thought that was pretty

208  
00:10:05,650 --> 00:10:02,750  
shocking this I'd be interested to hear

209  
00:10:07,780 --> 00:10:05,660  
what Hal has to say about that yeah I've

210  
00:10:10,480 --> 00:10:07,790  
not heard or seen anything on that yet

211  
00:10:12,360 --> 00:10:10,490  
so you know again you know if it's true

212  
00:10:15,460 --> 00:10:12,370  
or not I don't know again this this

213  
00:10:18,790 --> 00:10:15,470

individual is his business is

214

00:10:20,650 --> 00:10:18,800

misinformation disinformation so I'm not

215

00:10:23,680 --> 00:10:20,660

sure there's a single thing there that

216

00:10:25,420 --> 00:10:23,690

you know you could hang your hat on it's

217

00:10:27,340 --> 00:10:25,430

being absolutely true so yeah I would

218

00:10:30,430 --> 00:10:27,350

only be fair I think for these other

219

00:10:34,510 --> 00:10:30,440

people to you know have an opportunity

220

00:10:38,560 --> 00:10:34,520

to comment on that I also was going to

221

00:10:40,620 --> 00:10:38,570

ask Earl Grey and dr. Scott one more

222

00:10:44,890 --> 00:10:40,630

question for Shayne she did see the

223

00:10:47,590 --> 00:10:44,900

presentation did he blame the CIA for

224

00:10:50,380 --> 00:10:47,600

the majestic 12 and Scerbo material like

225

00:10:52,420 --> 00:10:50,390

I've heard him do in the past he didn't

226

00:10:54,850 --> 00:10:52,430

really go there on that presentation

227

00:10:57,730 --> 00:10:54,860

that I think if I could summarize what

228

00:11:02,740 --> 00:10:57,740

the presentation was about it was his

229

00:11:07,180 --> 00:11:02,750

explanation as to his role and how we

230

00:11:09,370 --> 00:11:07,190

should not hold that against him and

231

00:11:11,500 --> 00:11:09,380

that did he talk at all about the

232

00:11:13,930 --> 00:11:11,510

disinformation he still continues to

233

00:11:19,840 --> 00:11:13,940

spread within the community I know for a

234

00:11:23,950 --> 00:11:19,850

fact about he did not yeah yes this was

235

00:11:25,600 --> 00:11:23,960

like I said this was a was a bit of a it

236

00:11:27,070 --> 00:11:25,610

appeared to me you know I don't know if

237

00:11:30,630 --> 00:11:27,080

that was the intention but that it

238

00:11:34,420 --> 00:11:30,640

appeared to me it was sort of a you know

239

00:11:37,690 --> 00:11:34,430

an explanation as to you know his his

240

00:11:42,700 --> 00:11:37,700

role and behavior and why we should not

241

00:11:45,010 --> 00:11:42,710

hold that against him got it yeah I was

242

00:11:47,980 --> 00:11:45,020

gonna actually ask Earl Grey a question

243

00:11:49,780 --> 00:11:47,990

if you had gone UFO Megacon and you had

244

00:11:52,300 --> 00:11:49,790

seen a counterintelligence officer on

245

00:11:54,460 --> 00:11:52,310

the docket you know on the ticket to

246

00:12:02,680 --> 00:11:54,470

speak what would be your perspective

247

00:12:07,090 --> 00:12:05,410

you know you I've heard for years you

248

00:12:09,519 --> 00:12:07,100

know it that it's always a fun thing to

249

00:12:13,329 --> 00:12:09,529

do is to go to an event like that or the

250

00:12:15,040 --> 00:12:13,339

MUFON symposium or what-have-you and try

251  
00:12:17,759 --> 00:12:15,050  
to figure out who the intelligence

252  
00:12:20,499 --> 00:12:17,769  
agents are that are out in the crowd and

253  
00:12:24,759 --> 00:12:20,509  
so you know and I don't know if there's

254  
00:12:27,819 --> 00:12:24,769  
such a thing as an X intelligence agent

255  
00:12:31,240 --> 00:12:27,829  
and I you know I mean I think that you

256  
00:12:34,030 --> 00:12:31,250  
have to keep it in perspective you have

257  
00:12:36,309 --> 00:12:34,040  
to be circumspect and question what you

258  
00:12:39,249 --> 00:12:36,319  
hear from people especially if they've

259  
00:12:40,900 --> 00:12:39,259  
had a background where they've sort of

260  
00:12:44,559 --> 00:12:40,910  
been called out as being dissing

261  
00:12:46,329 --> 00:12:44,569  
formants from time to time and I mean

262  
00:12:51,670 --> 00:12:46,339  
Rick Doty definitely has a little

263  
00:12:54,369 --> 00:12:51,680

history of people saying that that he's

264

00:12:56,949 --> 00:12:54,379

you know disseminator of disinformation

265

00:13:02,860 --> 00:12:56,959

out there and that sometimes it's been

266

00:13:05,139 --> 00:13:02,870

in in a you know governmental form you

267

00:13:08,079 --> 00:13:05,149

know that he was doing what he was

268

00:13:09,819 --> 00:13:08,089

supposed to be doing so I don't know I

269

00:13:11,620 --> 00:13:09,829

mean you have to be circumspect but I

270

00:13:15,009 --> 00:13:11,630

don't think there's really any way for

271

00:13:18,340 --> 00:13:15,019

us to get around being observed and and

272

00:13:21,280 --> 00:13:18,350

and having the disinformation thrown at

273

00:13:23,230 --> 00:13:21,290

us and and the thing about Rick Doty

274

00:13:26,170 --> 00:13:23,240

that's interesting is is that you know

275

00:13:30,699 --> 00:13:26,180

at least from what I've heard and I

276

00:13:33,220 --> 00:13:30,709

think intelligence altogether that

277

00:13:36,879 --> 00:13:33,230

they'll mix a little bit of the truth in

278

00:13:39,160 --> 00:13:36,889

with with the lies and it's sort of up

279

00:13:41,620 --> 00:13:39,170

to you to figure out what is what

280

00:13:43,240 --> 00:13:41,630

so just because Richard Doty says

281

00:13:45,129 --> 00:13:43,250

something doesn't mean I'm just gonna

282

00:13:47,110 --> 00:13:45,139

immediately discount it but there

283

00:13:49,449 --> 00:13:47,120

certainly is a little red flag that goes

284

00:13:51,670 --> 00:13:49,459

up all right

285

00:13:53,829 --> 00:13:51,680

you don't yes a lot of times what I've

286

00:13:57,309 --> 00:13:53,839

found in looking at material like mj-12

287

00:14:00,480 --> 00:13:57,319

or serpo is there there are facts in

288

00:14:04,660 --> 00:14:00,490

there that are sort of placed in there

289

00:14:05,439 --> 00:14:04,670

to add credibility to the lies if you

290

00:14:09,790 --> 00:14:05,449

get my meaning

291

00:14:11,740 --> 00:14:09,800

yes I mean it was just with serpo we

292

00:14:15,549 --> 00:14:11,750

also mean I don't know about you when I

293

00:14:16,140 --> 00:14:15,559

read that I I was hoping it was true I

294

00:14:18,390 --> 00:14:16,150

mean

295

00:14:20,910 --> 00:14:18,400

so a bit sort of went along with with

296

00:14:23,790 --> 00:14:20,920

what we'd heard about you know the

297

00:14:26,730 --> 00:14:23,800

supposed landing at Holloman Base and

298

00:14:31,680 --> 00:14:26,740

and and you know there is an exchange

299

00:14:34,650 --> 00:14:31,690

program and and of course now I don't

300

00:14:38,970 --> 00:14:34,660

know if any of that story is true

301  
00:14:41,460 --> 00:14:38,980  
probably not I would bet against that I

302  
00:14:44,130 --> 00:14:41,470  
would bet against it as well you know we

303  
00:14:47,190 --> 00:14:44,140  
wish it would be nice but no I don't

304  
00:14:49,410 --> 00:14:47,200  
think so I think it can be said with a

305  
00:14:52,079 --> 00:14:49,420  
near certainty that the US government

306  
00:14:54,269 --> 00:14:52,089  
has been heavily involved in tracking

307  
00:14:57,030 --> 00:14:54,279  
certain interest groups throughout

308  
00:15:00,210 --> 00:14:57,040  
history if it has to do anything with

309  
00:15:02,130 --> 00:15:00,220  
like from being pro-gun to the UF ology

310  
00:15:04,380 --> 00:15:02,140  
community all spectrum of different

311  
00:15:07,260 --> 00:15:04,390  
types of subjects we kind of recoup that

312  
00:15:10,950 --> 00:15:07,270  
is self-created grassroots kind of

313  
00:15:12,750 --> 00:15:10,960

organization the US government even

314

00:15:14,430 --> 00:15:12,760

going back to like the 50s probably

315

00:15:16,140 --> 00:15:14,440

before that you know when unions were

316

00:15:17,579 --> 00:15:16,150

being created they would show up to

317

00:15:19,790 --> 00:15:17,589

those kind of meetings to find out

318

00:15:22,440 --> 00:15:19,800

what's going on here they would actually

319

00:15:24,210 --> 00:15:22,450

accumulate as much data and start a file

320

00:15:26,519 --> 00:15:24,220

on that you know the Hoover era is

321

00:15:27,780 --> 00:15:26,529

famous for that I wanted to ask you

322

00:15:31,740 --> 00:15:27,790

because Earl brought up a great point

323

00:15:34,199 --> 00:15:31,750

about how he would not be surprised if

324

00:15:36,510 --> 00:15:34,209

there's intelligence agents showing up

325

00:15:38,670 --> 00:15:36,520

at these kind of gatherings do you think

326

00:15:40,790 --> 00:15:38,680

that they're still as actively involved

327

00:15:43,440 --> 00:15:40,800

now as they were back then

328

00:15:45,150 --> 00:15:43,450

anybody regarding the intelligence

329

00:15:47,070 --> 00:15:45,160

community being involved in showing up

330

00:15:52,290 --> 00:15:47,080

these kind of gang gatherings or

331

00:15:54,620 --> 00:15:52,300

conventions why I could say that you

332

00:15:58,050 --> 00:15:54,630

know I was aware of the intelligence

333

00:16:01,110 --> 00:15:58,060

being involved with ufology at least you

334

00:16:05,790 --> 00:16:01,120

know in the 50 60s and 70s it's you know

335

00:16:08,190 --> 00:16:05,800

it it wasn't really terribly obvious of

336

00:16:11,430 --> 00:16:08,200

late but now with some of the other

337

00:16:13,860 --> 00:16:11,440

revelations that you know Rick Doty had

338

00:16:16,769 --> 00:16:13,870

mentioned you know it appears that in

339

00:16:19,170 --> 00:16:16,779

fact they have always been part of

340

00:16:22,949 --> 00:16:19,180

ufology and you know and and let me

341

00:16:26,280 --> 00:16:22,959

clarify I'm not you know anti

342

00:16:27,990 --> 00:16:26,290

intelligence efforts for our country to

343

00:16:29,400 --> 00:16:28,000

you know assure that we're safe and all

344

00:16:32,460 --> 00:16:29,410

of those things and

345

00:16:34,740 --> 00:16:32,470

you know that's very legitimate but you

346

00:16:37,650 --> 00:16:34,750

know infiltrating an organization and

347

00:16:41,730 --> 00:16:37,660

seeding disinformation I think is a just

348

00:16:43,499 --> 00:16:41,740

a different level that that causes one

349

00:16:45,780 --> 00:16:43,509

to have concern right because you know

350

00:16:48,360 --> 00:16:45,790

if you're the subject of this or not so

351

00:16:50,160 --> 00:16:48,370

yes you know that in that way it's

352

00:16:54,210 --> 00:16:50,170

concerning and it's a waste of my money

353

00:16:55,710 --> 00:16:54,220

waste of my tax dollars wanted to

354

00:16:58,079 --> 00:16:55,720

mention something and then asked dr.

355

00:16:59,819 --> 00:16:58,089

Irena Scott a question my understanding

356

00:17:02,999 --> 00:16:59,829

is there was a media outlet by the name

357

00:17:05,730 --> 00:17:03,009

of Fifth Estate that broke a story about

358

00:17:07,590 --> 00:17:05,740

M Cultra in Canada at a certain mental

359

00:17:09,240 --> 00:17:07,600

hospital where they were actually

360

00:17:11,250 --> 00:17:09,250

experimenting on mental patients there

361

00:17:14,039 --> 00:17:11,260

and it was the government getting

362

00:17:17,760 --> 00:17:14,049

involved in the lives of citizens trying

363

00:17:19,350 --> 00:17:17,770

to gather data on them and how they

364

00:17:22,439 --> 00:17:19,360

might potentially be able to use them as

365

00:17:27,740 --> 00:17:22,449

assets later I think after that story

366

00:17:30,510 --> 00:17:27,750

was broke broke then the US government

367

00:17:33,060 --> 00:17:30,520

put the thumb down on the CIA and said

368

00:17:35,490 --> 00:17:33,070

you guys can no longer use your powers

369

00:17:38,669 --> 00:17:35,500

to investigate in the capacity you did

370

00:17:42,029 --> 00:17:38,679

before you know you now have a limited

371

00:17:45,240 --> 00:17:42,039

capacity to investigate people so then

372

00:17:46,980 --> 00:17:45,250

what the CIA did and anybody can read

373

00:17:50,100 --> 00:17:46,990

this online this is not difficult to do

374

00:17:51,990 --> 00:17:50,110

research on they now have to use assets

375

00:17:54,029 --> 00:17:52,000

they're called assets they're not actual

376

00:17:55,740 --> 00:17:54,039

real direct employees you know somebody

377

00:17:57,270 --> 00:17:55,750

within their department they have to

378

00:17:59,850 --> 00:17:57,280

hire somebody out of the country in

379

00:18:01,230 --> 00:17:59,860

order to or just outside their

380

00:18:05,460 --> 00:18:01,240

organization to find out more about

381

00:18:07,350 --> 00:18:05,470

people in our country dr. Scott I was

382

00:18:09,240 --> 00:18:07,360

going to ask you a question have you

383

00:18:10,740 --> 00:18:09,250

ever had the opportunity to learn a

384

00:18:13,289 --> 00:18:10,750

little bit more about the government

385

00:18:15,899 --> 00:18:13,299

getting more involved with the field of

386

00:18:18,360 --> 00:18:15,909

ufology like Project Blue Book for

387

00:18:20,039 --> 00:18:18,370

example or any capacity how do you feel

388

00:18:24,539 --> 00:18:20,049

about the government being involved in

389

00:18:28,140 --> 00:18:24,549

the area of you apology well my last

390

00:18:32,820 --> 00:18:28,150

book I told a lot about Project Blue

391

00:18:35,909 --> 00:18:32,830

Book and it was mainly about Battelle

392

00:18:40,740 --> 00:18:35,919

Memorial Institute and an investigation

393

00:18:43,110 --> 00:18:40,750

of what went on there when they worked

394

00:18:46,110 --> 00:18:43,120

for Project Blue Book

395

00:18:51,750 --> 00:18:46,120

I had a number of doctor Hynix

396

00:18:53,700 --> 00:18:51,760

handwritten letters that sort of told

397

00:18:56,850 --> 00:18:53,710

what he was doing what he was interested

398

00:19:00,920 --> 00:18:56,860

in and I had worked for the government

399

00:19:04,440 --> 00:19:00,930

like the DIA and it was my impression

400

00:19:10,050 --> 00:19:04,450

high in the security that the government

401  
00:19:12,300 --> 00:19:10,060  
knows about UFOs but it although what I

402  
00:19:15,630 --> 00:19:12,310  
worked with should have been connected

403  
00:19:18,030 --> 00:19:15,640  
with UFOs it wasn't I was in error

404  
00:19:19,500 --> 00:19:18,040  
orders battle for a while with a real

405  
00:19:22,680 --> 00:19:19,510  
high security clearance where I was

406  
00:19:25,830 --> 00:19:22,690  
supposed to identify airplanes over I

407  
00:19:29,820 --> 00:19:25,840  
mean a aircraft over a certain area but

408  
00:19:32,760 --> 00:19:29,830  
we didn't have any information about in

409  
00:19:36,150 --> 00:19:32,770  
our security clearances about UFOs even

410  
00:19:37,950 --> 00:19:36,160  
though we might have seen one you had

411  
00:19:40,050 --> 00:19:37,960  
access being in the position you did

412  
00:19:42,240 --> 00:19:40,060  
working for the government to classified

413  
00:19:44,190 --> 00:19:42,250

files what does it mean to have

414

00:19:46,260 --> 00:19:44,200

classified material what does that mean

415

00:19:54,390 --> 00:19:46,270

top-secret information so the average

416

00:20:00,420 --> 00:19:54,400

person can understand that above

417

00:20:02,970 --> 00:20:00,430

top-secret security clearances and it's

418

00:20:07,890 --> 00:20:02,980

now cold I mean it's well what's called

419

00:20:11,220 --> 00:20:07,900

into sensitive compartmentalize

420

00:20:16,830 --> 00:20:11,230

information and there's several types of

421

00:20:20,310 --> 00:20:16,840

it it's above top-secret and there's

422

00:20:25,230 --> 00:20:20,320

specific code words that go for specific

423

00:20:27,870 --> 00:20:25,240

things you do that are like a keyhole

424

00:20:30,290 --> 00:20:27,880

where you open up and you can get into

425

00:20:33,690 --> 00:20:30,300

certain things depending on your on your

426

00:20:36,600 --> 00:20:33,700

code word classification and like mine

427

00:20:39,630 --> 00:20:36,610

was it's been classified now talent

428

00:20:43,310 --> 00:20:39,640

keyhole I think it's called TK now it's

429

00:20:45,450 --> 00:20:43,320

a very high clearance and mine was for

430

00:20:47,940 --> 00:20:45,460

satellite photography and that sort of

431

00:20:54,180 --> 00:20:47,950

thing but there's different types of it

432

00:20:55,770 --> 00:20:54,190

for different things and then also are

433

00:20:56,760 --> 00:20:55,780

you able to talk about how there's

434

00:20:58,410 --> 00:20:56,770

people close to you

435

00:20:59,820 --> 00:20:58,420

work for the government as well or did

436

00:21:03,950 --> 00:20:59,830

you want me to go ahead and move on to

437

00:21:09,360 --> 00:21:07,440

doctors got her are you there yeah okay

438

00:21:10,740 --> 00:21:09,370

oh I was gonna ask you are you in a

439

00:21:12,960 --> 00:21:10,750

position to talk about how there's

440

00:21:14,160 --> 00:21:12,970

people that were close to you in your

441

00:21:16,230 --> 00:21:14,170

life who actually worked for the

442

00:21:18,890 --> 00:21:16,240

government in certain capacities or I

443

00:21:22,140 --> 00:21:18,900

can ask a different question if you wish

444

00:21:25,260 --> 00:21:22,150

okay I I was just yesterday talking to a

445

00:21:28,320 --> 00:21:25,270

person called Jenny's idling who had

446

00:21:30,810 --> 00:21:28,330

worked for the budget would look she

447

00:21:35,490 --> 00:21:30,820

gave me a lot of information about that

448

00:21:36,990 --> 00:21:35,500

I use in my last book about but so far

449

00:21:39,780 --> 00:21:37,000

as I know I don't know right now what

450

00:21:42,600 --> 00:21:39,790

I'm really working for the government

451  
00:21:45,690 --> 00:21:42,610  
oh yeah I know I meant in the past but

452  
00:21:49,050 --> 00:21:45,700  
yeah there's actually interesting

453  
00:21:52,670 --> 00:21:49,060  
stories about counterintelligence agents

454  
00:21:55,950 --> 00:21:52,680  
having worked for area 51 for example

455  
00:21:58,680 --> 00:21:55,960  
what I was going to ask Shane and Earl

456  
00:22:00,690 --> 00:21:58,690  
and dr. Scott if they want to chime in

457  
00:22:03,990 --> 00:22:00,700  
is how do you feel about a

458  
00:22:07,980 --> 00:22:04,000  
counterintelligence agent working at

459  
00:22:10,290 --> 00:22:07,990  
area 51 my take on it is my

460  
00:22:12,600 --> 00:22:10,300  
understanding is back in the 60s and 70s

461  
00:22:17,310 --> 00:22:12,610  
if they were working there it was to

462  
00:22:19,400 --> 00:22:17,320  
keep the Russians out going on that how

463  
00:22:24,600 --> 00:22:19,410

do you what are your thoughts on that

464

00:22:27,720 --> 00:22:24,610

particular topic anyone well I'll take

465

00:22:29,720 --> 00:22:27,730

that Mike yeah my guess is a lot of

466

00:22:33,180 --> 00:22:29,730

these Air Force facilities for example

467

00:22:34,800 --> 00:22:33,190

they're located you know not far from

468

00:22:38,250 --> 00:22:34,810

neighborhoods writing communities all

469

00:22:41,910 --> 00:22:38,260

over the country so if some sort of

470

00:22:44,130 --> 00:22:41,920

foreign intelligence was looking to get

471

00:22:47,250 --> 00:22:44,140

some information from those places you

472

00:22:50,130 --> 00:22:47,260

know they sort of have to be at least to

473

00:22:52,380 --> 00:22:50,140

an extent involved in that countering

474

00:22:56,070 --> 00:22:52,390

that but the idea taking the extra step

475

00:22:59,760 --> 00:22:56,080

to you know spy on that private

476

00:23:02,130 --> 00:22:59,770

organizations look into and attend

477

00:23:03,840 --> 00:23:02,140

meetings of private organizations that

478

00:23:08,610 --> 00:23:03,850

to me seems a little bit over the line

479

00:23:10,140 --> 00:23:08,620

but that's me well yeah and then I was

480

00:23:14,850 --> 00:23:10,150

also going to ask

481

00:23:17,370 --> 00:23:14,860

shame or earl or dr. scott do you have

482

00:23:19,530 --> 00:23:17,380

any opinions on the government being

483

00:23:22,680 --> 00:23:19,540

involved in our lives now regarding the

484

00:23:23,970 --> 00:23:22,690

topic of the apology for example I guess

485

00:23:27,870 --> 00:23:23,980

there was some sort of form of

486

00:23:31,530 --> 00:23:27,880

disclosure a couple years ago when a

487

00:23:34,380 --> 00:23:31,540

certain article hit the internet about a

488

00:23:37,310 --> 00:23:34,390

tip was a top-secret pentagon program

489

00:23:39,570 --> 00:23:37,320

that Lou Elizondo was involved in and

490

00:23:41,460 --> 00:23:39,580

that gave us a little bit of insight

491

00:23:44,280 --> 00:23:41,470

regarding the possibility of there being

492

00:23:46,890 --> 00:23:44,290

involved in the topic of the apology my

493

00:23:49,410 --> 00:23:46,900

opinion on that is the US government has

494

00:23:52,050 --> 00:23:49,420

always been involved in the topic of the

495

00:23:53,780 --> 00:23:52,060

apology they've never not been anything

496

00:23:56,070 --> 00:23:53,790

that could pose a threat to our skies

497

00:23:58,440 --> 00:23:56,080

they would definitely want to know more

498

00:24:06,540 --> 00:23:58,450

about it was there any opinion anybody

499

00:24:09,090 --> 00:24:06,550

has on that I mean you you can I you

500

00:24:12,360 --> 00:24:09,100

know to me that makes perfect sense

501  
00:24:14,910 --> 00:24:12,370  
and I mean you follow just since 1969

502  
00:24:16,920 --> 00:24:14,920  
have been saying look you know the

503  
00:24:18,540 --> 00:24:16,930  
government is not out of the UFO

504  
00:24:22,050 --> 00:24:18,550  
business it would make no sense that

505  
00:24:24,780 --> 00:24:22,060  
they are and I think it's legitimate and

506  
00:24:28,620 --> 00:24:24,790  
and it's not a shock however I think

507  
00:24:30,030 --> 00:24:28,630  
that announcement identifying that

508  
00:24:33,660 --> 00:24:30,040  
program in the budget and all those

509  
00:24:36,660 --> 00:24:33,670  
things was one of the biggest things to

510  
00:24:40,380 --> 00:24:36,670  
hit ufology in decades and and and

511  
00:24:41,820 --> 00:24:40,390  
because it is confirmation that what you

512  
00:24:44,400 --> 00:24:41,830  
follow just have been saying for all

513  
00:24:47,670 --> 00:24:44,410

these years wasn't in fact true you know

514

00:24:50,400 --> 00:24:47,680

so there are sort of a vindication that

515

00:24:51,840 --> 00:24:50,410

came with that and I thought that was

516

00:24:53,430 --> 00:24:51,850

really good and I thought it was

517

00:24:55,500 --> 00:24:53,440

important and I think it suggests

518

00:24:58,020 --> 00:24:55,510

something I'm not sure what it suggests

519

00:25:01,800 --> 00:24:58,030

but the fact that that has come out that

520

00:25:04,170 --> 00:25:01,810

commitment was made that revelation you

521

00:25:05,940 --> 00:25:04,180

know is really a big deal now I does

522

00:25:08,580 --> 00:25:05,950

anyway let me jump in here does anyone

523

00:25:10,530 --> 00:25:08,590

have any misgivings about the fact that

524

00:25:12,390 --> 00:25:10,540

the through the Stars Academy which

525

00:25:16,350 --> 00:25:12,400

seems like something of a private-sector

526  
00:25:18,750 --> 00:25:16,360  
spinoff from the a tip program with Lou

527  
00:25:21,390 --> 00:25:18,760  
Elizondo involved a former intelligence

528  
00:25:23,520 --> 00:25:21,400  
officer and the vice president of

529  
00:25:25,620 --> 00:25:23,530  
operations jimson event

530  
00:25:28,050 --> 00:25:25,630  
being a former senior intelligence

531  
00:25:30,360 --> 00:25:28,060  
service member of the CIA does anyone

532  
00:25:32,730 --> 00:25:30,370  
have any misgivings about their effort

533  
00:25:35,040 --> 00:25:32,740  
as a result of the backgrounds of these

534  
00:25:38,070 --> 00:25:35,050  
two individuals I think they're coming

535  
00:25:40,800 --> 00:25:38,080  
from sort of a that they're treating it

536  
00:25:42,900 --> 00:25:40,810  
the phenomena as a threat because that's

537  
00:25:46,380 --> 00:25:42,910  
where they came from when they were

538  
00:25:48,780 --> 00:25:46,390

studying it for the government so if

539

00:25:50,880 --> 00:25:48,790

there's any misgiving that I have about

540

00:25:53,280 --> 00:25:50,890

a chip that would probably be it that I

541

00:25:56,730 --> 00:25:53,290

think that there that they already have

542

00:25:58,530 --> 00:25:56,740

a conjecture in mind as to what is

543

00:26:01,350 --> 00:25:58,540

happening on our planet with our

544

00:26:03,480 --> 00:26:01,360

visitors and what their motivation for

545

00:26:05,670 --> 00:26:03,490

visiting us is and they're seeing it as

546

00:26:08,100 --> 00:26:05,680

a threat you know I mean it was a threat

547

00:26:10,140 --> 00:26:08,110

assessment group and we know that they

548

00:26:12,420 --> 00:26:10,150

had this group because we we've got the

549

00:26:14,640 --> 00:26:12,430

documents now you know that I mean I

550

00:26:16,710 --> 00:26:14,650

guess it came out with a wiki leak spill

551  
00:26:19,770 --> 00:26:16,720  
but but of course you know we know that

552  
00:26:21,570 --> 00:26:19,780  
John Podesta and Harry Reid and all

553  
00:26:23,850 --> 00:26:21,580  
these guys that were high-level

554  
00:26:25,460 --> 00:26:23,860  
government we're involved in this and

555  
00:26:28,920 --> 00:26:25,470  
that the government's at least

556  
00:26:31,140 --> 00:26:28,930  
interested in UFOs enough to throw 22

557  
00:26:34,590 --> 00:26:31,150  
million dollars at it in that particular

558  
00:26:36,930 --> 00:26:34,600  
instance and more on other programs that

559  
00:26:38,280 --> 00:26:36,940  
yeah I have a vague idea about but I

560  
00:26:42,240 --> 00:26:38,290  
don't doubt that they've been going on

561  
00:26:44,340 --> 00:26:42,250  
all along yeah yeah and then to you know

562  
00:26:49,350 --> 00:26:44,350  
I think Frank not you know not to get

563  
00:26:51,480 --> 00:26:49,360

conspiratorial here but even with you

564

00:26:55,530 --> 00:26:51,490

know the t TSA and considering who's

565

00:26:57,360 --> 00:26:55,540

involved I think you always have to have

566

00:26:59,790 --> 00:26:57,370

a measure of caution when it comes to

567

00:27:01,230 --> 00:26:59,800

the information and and that's that's

568

00:27:04,020 --> 00:27:01,240

simply because I mean you shouldn't

569

00:27:07,080 --> 00:27:04,030

anyway but yes these are intelligence

570

00:27:08,820 --> 00:27:07,090

folks and again it they sort of appeared

571

00:27:10,710 --> 00:27:08,830

out of nowhere at a certain time in a

572

00:27:13,890 --> 00:27:10,720

certain place with certain information I

573

00:27:16,350 --> 00:27:13,900

mean I don't think any of this was you

574

00:27:18,360 --> 00:27:16,360

know by accident it's it's contrived

575

00:27:20,970 --> 00:27:18,370

there's thought behind it effort behind

576

00:27:23,730 --> 00:27:20,980

it and there's a goal right I mean every

577

00:27:27,720 --> 00:27:23,740

organization has a goal right so you

578

00:27:30,390 --> 00:27:27,730

know is it clearly is that goal and in

579

00:27:32,670 --> 00:27:30,400

the intent clearly you know communicated

580

00:27:35,130 --> 00:27:32,680

to us I don't know but I you know my

581

00:27:37,380 --> 00:27:35,140

feeling is you know time will tell let's

582

00:27:39,780 --> 00:27:37,390

observe not what said

583

00:27:44,039 --> 00:27:39,790

the actions and then yes when you can

584

00:27:47,039 --> 00:27:44,049

begin to formulate you know a an opinion

585

00:27:49,410 --> 00:27:47,049

based on you know facts not not just an

586

00:27:51,930 --> 00:27:49,420

opinion or impression so that's kind of

587

00:27:53,549 --> 00:27:51,940

what I'm a wait-and-see guy let's you

588

00:27:55,530 --> 00:27:53,559

know I'm hopeful I'm really hopeful that

589

00:27:57,150 --> 00:27:55,540

you know that they're legit and that

590

00:27:59,460 --> 00:27:57,160

they bring forth you know really good

591

00:28:01,680 --> 00:27:59,470

information now I think we all want that

592

00:28:04,650 --> 00:28:01,690

and if I had millions of dollars at my

593

00:28:06,720 --> 00:28:04,660

disposal I'd do the same thing so any of

594

00:28:09,360 --> 00:28:06,730

this would right so you know I'm very

595

00:28:11,640 --> 00:28:09,370

hopeful but you know cautious yeah if

596

00:28:12,960 --> 00:28:11,650

you do look at the bottom y know one

597

00:28:15,390 --> 00:28:12,970

thing is that they've gotten an awful

598

00:28:17,700 --> 00:28:15,400

lot of mileage off not that much gas

599

00:28:20,520 --> 00:28:17,710

what they really talked about is largely

600

00:28:23,039 --> 00:28:20,530

the Nimitz case which has been backed up

601  
00:28:25,169 --> 00:28:23,049  
I think by enough independent witnesses

602  
00:28:27,810 --> 00:28:25,179  
who are now in the private sector that

603  
00:28:29,909 --> 00:28:27,820  
that was a legit case of Robert now had

604  
00:28:32,190 --> 00:28:29,919  
a line on that case before these guys

605  
00:28:34,919 --> 00:28:32,200  
even came down the pike and they're also

606  
00:28:37,590 --> 00:28:34,929  
talking about the metamaterials which

607  
00:28:39,900 --> 00:28:37,600  
has been a thing in the UFO field for

608  
00:28:42,000 --> 00:28:39,910  
some time again going back away they've

609  
00:28:44,400 --> 00:28:42,010  
got their samples they're testing there

610  
00:28:46,380 --> 00:28:44,410  
is a another effort to head it up by

611  
00:28:48,659 --> 00:28:46,390  
Jacques Vallee and Gary Nolan they've

612  
00:28:50,850 --> 00:28:48,669  
got their samples and they're working on

613  
00:28:52,590 --> 00:28:50,860

those and that's really about all

614

00:28:57,240 --> 00:28:52,600

they've had they've also had a couple of

615

00:28:59,640 --> 00:28:57,250

videos that we think were a result of an

616

00:29:02,669 --> 00:28:59,650

incident off the east coast of the US

617

00:29:07,500 --> 00:29:02,679

and 2015 I think that's the the go fast

618

00:29:10,140 --> 00:29:07,510

and the gimble video yeah yeah I get

619

00:29:11,760 --> 00:29:10,150

those confused sometimes and that

620

00:29:13,560 --> 00:29:11,770

apparently was a very large and

621

00:29:15,690 --> 00:29:13,570

interesting case not too similar to the

622

00:29:17,880 --> 00:29:15,700

Nimitz but we don't know yeah well we

623

00:29:20,789 --> 00:29:17,890

also don't have like I think maybe a

624

00:29:22,380 --> 00:29:20,799

good dozen individuals coming forward

625

00:29:24,990 --> 00:29:22,390

regarding that Nimitz case so that that

626  
00:29:26,400 --> 00:29:25,000  
that's a pretty huge case and again like

627  
00:29:29,610 --> 00:29:26,410  
you're saying the proof is in the

628  
00:29:32,940 --> 00:29:29,620  
pudding and what they've at least

629  
00:29:36,659 --> 00:29:32,950  
discussed openly in the last year and a

630  
00:29:38,760 --> 00:29:36,669  
half or so has proved out so we'll see

631  
00:29:41,669 --> 00:29:38,770  
where it goes obviously yeah the thing

632  
00:29:45,330 --> 00:29:41,679  
is that I look at them and see is not a

633  
00:29:48,299 --> 00:29:45,340  
whole lot and elizondo's running this

634  
00:29:50,610 --> 00:29:48,309  
organization for five years then you

635  
00:29:51,840 --> 00:29:50,620  
know they're there had to be some cases

636  
00:29:54,540 --> 00:29:51,850  
if you notice they're not really

637  
00:29:56,580 --> 00:29:54,550  
discussing any cases that happen during

638  
00:29:58,320 --> 00:29:56,590

the time that he was running the ATF or

639

00:30:00,060 --> 00:29:58,330

SAP program you know that I think that's

640

00:30:01,740 --> 00:30:00,070

a little weird there had to be something

641

00:30:04,799 --> 00:30:01,750

coming across his desk in real time I

642

00:30:06,120 --> 00:30:04,809

would think good points Franken one of

643

00:30:10,140 --> 00:30:06,130

the things that I think that illustrates

644

00:30:12,270 --> 00:30:10,150

is what is different about tea tsa is

645

00:30:14,730 --> 00:30:12,280

well astray by the fact that yes that

646

00:30:16,650 --> 00:30:14,740

Nimmons case was out there before and no

647

00:30:19,170 --> 00:30:16,660

one knew about it no one heard about it

648

00:30:22,410 --> 00:30:19,180

obviously now with some TSA it seems

649

00:30:24,360 --> 00:30:22,420

like their role you know is it and and

650

00:30:26,460 --> 00:30:24,370

if that's a role they fulfilled the well

651  
00:30:28,950 --> 00:30:26,470  
is making it making it known to people

652  
00:30:31,290 --> 00:30:28,960  
and not just within the UFO community

653  
00:30:32,910 --> 00:30:31,300  
but I mean I'm sure we all saw all the

654  
00:30:34,980 --> 00:30:32,920  
footage and coverage when that came out

655  
00:30:37,799 --> 00:30:34,990  
in the mainstream media and it really

656  
00:30:40,320 --> 00:30:37,809  
moved the meter when it came to you know

657  
00:30:43,230 --> 00:30:40,330  
the ridicule factor and and having

658  
00:30:44,820 --> 00:30:43,240  
something taken seriously so even if

659  
00:30:47,520 --> 00:30:44,830  
that's all they accomplished that in

660  
00:30:49,650 --> 00:30:47,530  
itself was a big thing yeah they they

661  
00:30:51,990 --> 00:30:49,660  
fired up but some investigators I know

662  
00:30:54,150 --> 00:30:52,000  
dug in and are getting more actively

663  
00:30:56,700 --> 00:30:54,160

involved and of course they made it a

664

00:30:58,799 --> 00:30:56,710

little bit safer for witnesses to come

665

00:31:01,230 --> 00:30:58,809

out and start talking and they've also

666

00:31:03,780 --> 00:31:01,240

made it a little safer I think for some

667

00:31:05,400 --> 00:31:03,790

people in the scientific community to

668

00:31:07,860 --> 00:31:05,410

get more actively involved we saw that

669

00:31:10,080 --> 00:31:07,870

down in Alabama I guess a little bit

670

00:31:13,080 --> 00:31:10,090

more than a week ago and some people are

671

00:31:15,000 --> 00:31:13,090

coming forward in that field and they're

672

00:31:16,650 --> 00:31:15,010

talking a little bit more about UFOs a

673

00:31:18,600 --> 00:31:16,660

little bit more openly and that's a good

674

00:31:20,730 --> 00:31:18,610

thing I'm all for that so they've done a

675

00:31:22,950 --> 00:31:20,740

good job again if you judge the bottom

676

00:31:24,870 --> 00:31:22,960

line like you were talking about so far

677

00:31:28,530 --> 00:31:24,880

so good you know we just want to know

678

00:31:30,930 --> 00:31:28,540

more it's open to dialogue in public

679

00:31:35,930 --> 00:31:30,940

that's that's the good thing mm-hmm

680

00:31:39,000 --> 00:31:35,940

huge huge huge I mean the New York Times

681

00:31:43,380 --> 00:31:39,010

article what can you say about that

682

00:31:46,049 --> 00:31:43,390

that's you know what else would you call

683

00:31:49,260 --> 00:31:46,059

disclosure I'm not really waiting for

684

00:31:52,230 --> 00:31:49,270

the White House to go and and make an

685

00:31:54,210 --> 00:31:52,240

announcement it's the closest thing to

686

00:31:55,950 --> 00:31:54,220

disclosure that we've gotten and

687

00:31:59,220 --> 00:31:55,960

probably the closest that we're going to

688

00:32:03,240 --> 00:31:59,230

get you have to give you have to give to

689

00:32:06,000 --> 00:32:03,250

the stars guys you know

690

00:32:08,250 --> 00:32:06,010

some cred forfor being the ones that

691

00:32:13,320 --> 00:32:08,260

took that and ran with it and got that

692

00:32:15,780 --> 00:32:13,330

out into the public I share a little bit

693

00:32:17,580 --> 00:32:15,790

about who Jim semi van is because our

694

00:32:20,310 --> 00:32:17,590

listeners may not be familiar with him

695

00:32:22,800 --> 00:32:20,320

right away he's a co-founder and vice

696

00:32:25,080 --> 00:32:22,810

president of operations for TT SA which

697

00:32:29,850 --> 00:32:25,090

is a to the Stars Academy that Tom

698

00:32:31,530 --> 00:32:29,860

DeLonge founded and he is also he

699

00:32:33,600 --> 00:32:31,540

primarily worked as a consultant for the

700

00:32:36,630 --> 00:32:33,610

intelligence community on classified

701  
00:32:38,880 --> 00:32:36,640  
topics including intelligence community

702  
00:32:42,470 --> 00:32:38,890  
leadership training CIA tradecraft

703  
00:32:44,360 --> 00:32:42,480  
training and IC programs which is it

704  
00:32:46,050 --> 00:32:44,370  
let's see

705  
00:32:48,000 --> 00:32:46,060  
intelligence communities what that

706  
00:32:50,820 --> 00:32:48,010  
stands for IC programs for countering

707  
00:32:53,850 --> 00:32:50,830  
weapons of mass destruction mister semi

708  
00:32:56,280 --> 00:32:53,860  
van retired from the CIA's Directorate

709  
00:32:58,770 --> 00:32:56,290  
of Operations after 25 years and as an

710  
00:33:01,500 --> 00:32:58,780  
Operations Officer both overseas and

711  
00:33:03,270 --> 00:33:01,510  
domecq domestically and then I wanted to

712  
00:33:05,580 --> 00:33:03,280  
just mention a little bit about Lou

713  
00:33:08,190 --> 00:33:05,590

Elizondo he's the director of global

714

00:33:10,200 --> 00:33:08,200

security and special programs for to the

715

00:33:11,970 --> 00:33:10,210

stars Academy he is a career

716

00:33:13,920 --> 00:33:11,980

intelligence officer whose experience

717

00:33:15,930 --> 00:33:13,930

includes working with the US Army the

718

00:33:18,660 --> 00:33:15,940

Department of Defense the National

719

00:33:20,580 --> 00:33:18,670

counterintelligence executive the

720

00:33:22,980 --> 00:33:20,590

Director of National Intelligence and so

721

00:33:25,290 --> 00:33:22,990

on it's he's got quite a long resume

722

00:33:27,360 --> 00:33:25,300

there he was a former Special Agent in

723

00:33:30,230 --> 00:33:27,370

Charge and he conducted and supervised

724

00:33:32,460 --> 00:33:30,240

highly sensitive espionage and terrorism

725

00:33:35,400 --> 00:33:32,470

investigations around the world was

726

00:33:37,500 --> 00:33:35,410

going to ask you all how often do you

727

00:33:39,270 --> 00:33:37,510

think the world of you ethology has

728

00:33:48,870 --> 00:33:39,280

anything to do with the world of

729

00:33:53,340 --> 00:33:48,880

terrorism anyone see that not too often

730

00:33:54,990 --> 00:33:53,350

I ask that is you know I obviously a lot

731

00:33:58,530 --> 00:33:55,000

of these intelligence officers get

732

00:34:01,110 --> 00:33:58,540

involved undercover that goes without

733

00:34:04,320 --> 00:34:01,120

saying undercover into these UFO G

734

00:34:06,690 --> 00:34:04,330

groups looking for something well it's

735

00:34:09,660 --> 00:34:06,700

not terrorism that's what I believe it's

736

00:34:12,240 --> 00:34:09,670

probably not then what is it

737

00:34:14,640 --> 00:34:12,250

would anybody like to chime in on what

738

00:34:16,740 --> 00:34:14,650

do they think the most obvious factors

739

00:34:18,540 --> 00:34:16,750

are regarding why a counter

740

00:34:21,919 --> 00:34:18,550

intelligence agent would want to get

741

00:34:29,070 --> 00:34:25,800

well maybe it's what Earl had coming on

742

00:34:32,010 --> 00:34:29,080

earth earlier is that they view it as a

743

00:34:35,340 --> 00:34:32,020

threat and if it's viewed as a threat

744

00:34:38,399 --> 00:34:35,350

then you gather all the intelligence you

745

00:34:42,030 --> 00:34:38,409

can and see where it fits in that that

746

00:34:46,020 --> 00:34:42,040

theory so maybe it's simply just that if

747

00:34:48,780 --> 00:34:46,030

they have information or if they can

748

00:34:50,700 --> 00:34:48,790

learn information from ufology or if

749

00:34:52,950 --> 00:34:50,710

it's going down a track that's harmful

750

00:34:54,960 --> 00:34:52,960

that they feel is harmful or a threat

751  
00:34:57,750 --> 00:34:54,970  
then maybe that's when they engage in

752  
00:35:00,390 --> 00:34:57,760  
the disinformation stuff to to steer the

753  
00:35:03,180 --> 00:35:00,400  
conversation away from something that

754  
00:35:07,100 --> 00:35:03,190  
could be a threat to them so position I

755  
00:35:10,080 --> 00:35:07,110  
think it has been discussed where the a

756  
00:35:11,430 --> 00:35:10,090  
lot of the advanced tech there they're

757  
00:35:15,480 --> 00:35:11,440  
always said developing the next

758  
00:35:19,500 --> 00:35:15,490  
generation of our G newer planes and all

759  
00:35:20,610 --> 00:35:19,510  
that and there I don't think there's too

760  
00:35:23,160 --> 00:35:20,620  
much doubt there's at least some

761  
00:35:25,380 --> 00:35:23,170  
crossover between UFO sightings and

762  
00:35:27,300 --> 00:35:25,390  
people seeing some of our more advanced

763  
00:35:29,220 --> 00:35:27,310

tech before it that gets into the public

764

00:35:32,040 --> 00:35:29,230

eye so I think there might be some

765

00:35:35,640 --> 00:35:32,050

element of that in there but again I

766

00:35:37,020 --> 00:35:35,650

don't know that it really requires again

767

00:35:39,330 --> 00:35:37,030

trying to infiltrate private

768

00:35:45,000 --> 00:35:39,340

organizations such an income

769

00:35:46,880 --> 00:35:45,010

disinformation okay well also T TSA has

770

00:35:52,110 --> 00:35:46,890

a project called the atom project

771

00:35:56,640 --> 00:35:52,120

regarding finding out more about you AP

772

00:35:58,200 --> 00:35:56,650

fragments anything anomalous related

773

00:36:01,860 --> 00:35:58,210

regarding meta materials or exotic

774

00:36:03,170 --> 00:36:01,870

materials unknown alloys exotic alloys

775

00:36:05,760 --> 00:36:03,180

are also called

776

00:36:08,370 --> 00:36:05,770

perhaps maybe they're also involved in

777

00:36:10,770 --> 00:36:08,380

the field of ufology because if anybody

778

00:36:13,530 --> 00:36:10,780

finds out anything that could be used

779

00:36:16,050 --> 00:36:13,540

for technology they want to be able to

780

00:36:18,060 --> 00:36:16,060

reverse-engineer it and use it how did

781

00:36:25,460 --> 00:36:18,070

how does anyone feel about that anyone

782

00:36:30,270 --> 00:36:28,410

knowing at least having some idea of

783

00:36:32,250 --> 00:36:30,280

what the scientists on record

784

00:36:34,170 --> 00:36:32,260

as saying that they think they've got

785

00:36:36,480 --> 00:36:34,180

something interesting here that merits a

786

00:36:39,150 --> 00:36:36,490

closer look and I'll name them again not

787

00:36:41,310 --> 00:36:39,160

going back in the day Peter stearic then

788

00:36:43,710 --> 00:36:41,320

the more recently Jacques voulez Gary

789

00:36:45,690 --> 00:36:43,720

Nolan and of course now put off so you

790

00:36:47,670 --> 00:36:45,700

got four scientists on the record saying

791

00:36:49,260 --> 00:36:47,680

they're in possession of some fragments

792

00:36:51,390 --> 00:36:49,270

are probably not all the same fragments

793

00:36:53,160 --> 00:36:51,400

but different fragments that they think

794

00:36:56,400 --> 00:36:53,170

are interesting for a variety of

795

00:37:00,120 --> 00:36:56,410

different reasons one in particular is

796

00:37:02,700 --> 00:37:00,130

the isotopic ratios of the material and

797

00:37:04,890 --> 00:37:02,710

other is the purity of certain fragments

798

00:37:08,010 --> 00:37:04,900

not every fragment has each of those

799

00:37:10,260 --> 00:37:08,020

characteristics but that's that's what

800

00:37:14,010 --> 00:37:10,270

they're interested in and obviously if

801  
00:37:17,069 --> 00:37:14,020  
you can sort of engineer the isotopic

802  
00:37:17,640 --> 00:37:17,079  
ratios at least there is some tremendous

803  
00:37:20,420 --> 00:37:17,650  
potential

804  
00:37:23,900 --> 00:37:20,430  
just giving you a real quick idea

805  
00:37:27,210 --> 00:37:23,910  
enriching uranium is a method of

806  
00:37:28,800 --> 00:37:27,220  
manipulating the the 235 isotope and is

807  
00:37:33,690 --> 00:37:28,810  
kind of bumping it up relative to the

808  
00:37:36,480 --> 00:37:33,700  
238 isotope in uranium and as a result

809  
00:37:37,500 --> 00:37:36,490  
of that you get nuclear weapon so again

810  
00:37:38,250 --> 00:37:37,510  
there's something very very powerful

811  
00:37:44,220 --> 00:37:38,260  
there

812  
00:37:47,099 --> 00:37:44,230  
in that and that's they're looking into

813  
00:37:48,930 --> 00:37:47,109

it you know I interviewed Gary Nolan

814

00:37:52,020 --> 00:37:48,940

maybe a little over a little bit over a

815

00:37:56,309 --> 00:37:52,030

year ago now and his you know at that

816

00:37:59,609 --> 00:37:56,319

point didn't know what the the usage was

817

00:38:01,430 --> 00:37:59,619

didn't know really what to do with it

818

00:38:03,480 --> 00:38:01,440

and a lot of times that happen is that

819

00:38:06,980 --> 00:38:03,490

something new will come down the pike

820

00:38:09,780 --> 00:38:06,990

and it's amazing it's fantastic but

821

00:38:11,790 --> 00:38:09,790

nobody can figure out really a practical

822

00:38:14,910 --> 00:38:11,800

use for it so you have to kind of figure

823

00:38:16,349 --> 00:38:14,920

the the item out and then figure out

824

00:38:17,849 --> 00:38:16,359

what to do with it and those are

825

00:38:21,599 --> 00:38:17,859

sometimes two different problems you

826

00:38:22,829 --> 00:38:21,609

know I also want to mention I think part

827

00:38:25,170 --> 00:38:22,839

of the reason why the intelligence

828

00:38:27,599 --> 00:38:25,180

community is involved in the area of

829

00:38:29,309 --> 00:38:27,609

ufology is for a few reasons pretty

830

00:38:31,440 --> 00:38:29,319

obvious stuff and that is they will

831

00:38:34,020 --> 00:38:31,450

always try and be involved in any group

832

00:38:36,480 --> 00:38:34,030

in the u.s. period because they do it

833

00:38:38,790 --> 00:38:36,490

for reasons of surveillance and to

834

00:38:42,180 --> 00:38:38,800

collect data and and see if the group is

835

00:38:43,530 --> 00:38:42,190

a threat to the government also like I

836

00:38:45,510 --> 00:38:43,540

said if they can

837

00:38:50,730 --> 00:38:45,520

find out if there's any new discoveries

838

00:38:52,560 --> 00:38:50,740

in any group that is involved it touches

839

00:38:53,340 --> 00:38:52,570

on science or technology or medicine

840

00:38:56,820 --> 00:38:53,350

anything like that

841

00:38:58,110 --> 00:38:56,830

is of deep interest to them a dr. Scott

842

00:39:01,020 --> 00:38:58,120

I had a question for you

843

00:39:03,030 --> 00:39:01,030

when I interviewed you you were talking

844

00:39:07,200 --> 00:39:03,040

about how when you were employed by the

845

00:39:09,720 --> 00:39:07,210

Defense Intelligence Agency in PhD PhD

846

00:39:12,150 --> 00:39:09,730

level which is gs-11 research in

847

00:39:13,860 --> 00:39:12,160

satellite photography you worked with

848

00:39:15,540 --> 00:39:13,870

some of the highest security clearances

849

00:39:17,670 --> 00:39:15,550

which is above top-secret in the

850

00:39:19,680 --> 00:39:17,680

government at that time you worked in

851

00:39:21,120 --> 00:39:19,690

such divisions as the air order of

852

00:39:22,950 --> 00:39:21,130

battle which should have been a

853

00:39:25,620 --> 00:39:22,960

government monitoring point for you at

854

00:39:27,180 --> 00:39:25,630

UFO activity dr. Scott I was going to

855

00:39:29,490 --> 00:39:27,190

ask you what did you mean by that when

856

00:39:31,170 --> 00:39:29,500

you said that you work for such

857

00:39:32,760 --> 00:39:31,180

divisions as an air order of battle

858

00:39:34,800 --> 00:39:32,770

which should have been a government

859

00:39:39,000 --> 00:39:34,810

monitoring point for UFO activity what

860

00:39:44,100 --> 00:39:39,010

does that mean well what basically what

861

00:39:47,310 --> 00:39:44,110

they did was my job in was for a

862

00:39:49,860 --> 00:39:47,320

particular area earth to identify any

863

00:39:55,560 --> 00:39:49,870

flying craft that was either on the

864

00:39:59,190 --> 00:39:55,570

ground or flying and so that would be a

865

00:40:01,760 --> 00:39:59,200

good way to look for UFOs but we didn't

866

00:40:06,690 --> 00:40:01,770

have a clearance for UFOs and my

867

00:40:09,420 --> 00:40:06,700

supervisors recruited a UFO and the and

868

00:40:12,690 --> 00:40:09,430

we had pretty good evidence that existed

869

00:40:15,240 --> 00:40:12,700

was there photographically and we got

870

00:40:18,270 --> 00:40:15,250

debunked which is very strange

871

00:40:22,350 --> 00:40:18,280

we didn't have a clearance for UFOs even

872

00:40:25,200 --> 00:40:22,360

though you'd think that if you're

873

00:40:29,940 --> 00:40:25,210

supposed to identify every flying object

874

00:40:33,360 --> 00:40:29,950

or things capable of flying that there

875

00:40:35,670 --> 00:40:33,370

should be something for you of those not

876

00:40:38,310 --> 00:40:35,680

gave me the impression that way up above

877

00:40:40,350 --> 00:40:38,320

at a higher security level or a

878

00:40:43,410 --> 00:40:40,360

different toe board that they probably

879

00:40:44,940 --> 00:40:43,420

are studying UFOs and I imagine they are

880

00:40:49,700 --> 00:40:44,950

now because they would have a

881

00:40:51,930 --> 00:40:49,710

photography to do it that's interesting

882

00:40:56,550 --> 00:40:51,940

there's a wonderful person by the name

883

00:40:57,029 --> 00:40:56,560

of Ada Severini who I speak to off and

884

00:40:59,309 --> 00:40:57,039

on about

885

00:41:01,409 --> 00:40:59,319

pathology and she actually was going

886

00:41:03,809 --> 00:41:01,419

through some old project Bluebook files

887

00:41:09,029 --> 00:41:03,819

which I had given her the link to find

888

00:41:12,209 --> 00:41:09,039

all of the Bluebook documents and she

889

00:41:14,509 --> 00:41:12,219

poured over so much data for hours and

890

00:41:19,609 --> 00:41:14,519

she actually found a document that

891

00:41:23,009 --> 00:41:19,619

indicated the US Air Force had assigned

892

00:41:26,969 --> 00:41:23,019

intelligence sorry had assigned officers

893

00:41:29,429 --> 00:41:26,979

to any UFO activity so if there's a

894

00:41:31,829 --> 00:41:29,439

report to be had regarding UFO activity

895

00:41:33,719 --> 00:41:31,839

in the government they would dispatch

896

00:41:36,509 --> 00:41:33,729

somebody from the Air Force which was

897

00:41:39,719 --> 00:41:36,519

specific they actually made a group just

898

00:41:42,029 --> 00:41:39,729

for that to go do a report on that did

899

00:41:45,539 --> 00:41:42,039

you have any have you heard about that

900

00:41:47,640 --> 00:41:45,549

before dr. Scott yeah actually

901  
00:41:51,089 --> 00:41:47,650  
another person I were talking to a

902  
00:41:53,039 --> 00:41:51,099  
neighbor and this was a neighbor I knew

903  
00:41:56,779 --> 00:41:53,049  
very well he was well respected they

904  
00:41:59,519 --> 00:41:56,789  
remain everything neighborhood and

905  
00:42:02,189 --> 00:41:59,529  
nobody ever talked about UFOs to him and

906  
00:42:05,489 --> 00:42:02,199  
somehow we asked him and he said when he

907  
00:42:07,620 --> 00:42:05,499  
was in the Navy that he belonged to a

908  
00:42:09,899 --> 00:42:07,630  
real secret group and he wouldn't give

909  
00:42:13,439 --> 00:42:09,909  
too much information about but that they

910  
00:42:19,279 --> 00:42:13,449  
were dispatched all over the world when

911  
00:42:22,380 --> 00:42:19,289  
he was a flier but when they were not

912  
00:42:24,209 --> 00:42:22,390  
specifically flying someplace they flew

913  
00:42:27,239 --> 00:42:24,219

to different places and collected UFO

914

00:42:29,789 --> 00:42:27,249

information and got it back to the

915

00:42:31,409 --> 00:42:29,799

government through this real weird way

916

00:42:33,749 --> 00:42:31,419

they didn't just sing that back in the

917

00:42:35,579 --> 00:42:33,759

government with some secret thing of

918

00:42:37,019 --> 00:42:35,589

sending it to one country and then it

919

00:42:39,449 --> 00:42:37,029

goes to another country and then it went

920

00:42:42,779 --> 00:42:39,459

to the government and that was really

921

00:42:44,399 --> 00:42:42,789

surprising that he admitted that and he

922

00:42:47,219 --> 00:42:44,409

said it was a real secret and so I

923

00:42:50,279 --> 00:42:47,229

didn't give his name or anything now but

924

00:42:52,890 --> 00:42:50,289

I knew he was a reliable person that the

925

00:42:56,219 --> 00:42:52,900

government is sending out you know it

926  
00:42:58,709 --> 00:42:56,229  
was sending out people that elected UFO

927  
00:43:01,019 --> 00:42:58,719  
information yeah I thought was

928  
00:43:04,019 --> 00:43:01,029  
fascinating to you and ADA submarine has

929  
00:43:07,019 --> 00:43:04,029  
spent submarine ecent spent hours and

930  
00:43:08,909 --> 00:43:07,029  
hours scouring the documents to find the

931  
00:43:10,740 --> 00:43:08,919  
information she had found so in other

932  
00:43:14,760 --> 00:43:10,750  
words she went through the project

933  
00:43:16,440 --> 00:43:14,770  
book documents well there's there's many

934  
00:43:19,230 --> 00:43:16,450  
years of them but what whatever she

935  
00:43:20,730 --> 00:43:19,240  
could at the time and when she saw this

936  
00:43:23,460 --> 00:43:20,740  
interesting report which I'm about to

937  
00:43:26,430 --> 00:43:23,470  
read to you all it's very interesting in

938  
00:43:29,280 --> 00:43:26,440

anecdotal how the government chastises

939

00:43:32,220 --> 00:43:29,290

this person about their UFO report and

940

00:43:34,350 --> 00:43:32,230

you'll see why if she lost it and then

941

00:43:37,140 --> 00:43:34,360

she spent four to six hours looking for

942

00:43:38,670 --> 00:43:37,150

it again so just to give her credit for

943

00:43:41,280 --> 00:43:38,680

that I want to thank ADA for having

944

00:43:43,530 --> 00:43:41,290

found us and their letter starts off as

945

00:43:45,600 --> 00:43:43,540

this your recent letter to President

946

00:43:47,640 --> 00:43:45,610

Johnson concerning your sighting of an

947

00:43:49,200 --> 00:43:47,650

unidentified flying object has been

948

00:43:52,140 --> 00:43:49,210

referred to this office

949

00:43:54,210 --> 00:43:52,150

meaning the Air Force unfortunately you

950

00:43:56,700 --> 00:43:54,220

did not report your sighting soon enough

951  
00:44:00,030 --> 00:43:56,710  
so that a scientific investigation can

952  
00:44:02,520 --> 00:44:00,040  
be made we have found after 30 days

953  
00:44:04,620 --> 00:44:02,530  
precise details tend to become vague and

954  
00:44:07,020 --> 00:44:04,630  
an investigation would serve little

955  
00:44:09,480 --> 00:44:07,030  
scientific or technical purpose should

956  
00:44:11,460 --> 00:44:09,490  
you ever cite another UFO please report

957  
00:44:14,760 --> 00:44:11,470  
it as soon as possible to the nearest

958  
00:44:18,360 --> 00:44:14,770  
Air Force Base each base in the United

959  
00:44:21,210 --> 00:44:18,370  
States government has a UFO investigator

960  
00:44:23,820 --> 00:44:21,220  
who is in a better position to make an

961  
00:44:26,670 --> 00:44:23,830  
on-the-spot investigation which usually

962  
00:44:28,650 --> 00:44:26,680  
results in a more accurate analysis we

963  
00:44:30,690 --> 00:44:28,660

are however involving a copy of the

964

00:44:32,700 --> 00:44:30,700

latest project Bluebook report by

965

00:44:35,700 --> 00:44:32,710

reading it you may be able to discover

966

00:44:38,310 --> 00:44:35,710

what it was that you observed sincerely

967

00:44:39,900 --> 00:44:38,320

and they black out the name url' what do

968

00:44:46,190 --> 00:44:39,910

you think about that report isn't that

969

00:44:48,540 --> 00:44:46,200

great there have been interested in the

970

00:44:52,020 --> 00:44:48,550

phenomenon yeah you've been interested

971

00:44:54,330 --> 00:44:52,030

in it for a long long long long time it

972

00:44:57,180 --> 00:44:54,340

was affecting all the most you know

973

00:44:58,830 --> 00:44:57,190

secretive sensitive places in our

974

00:45:02,220 --> 00:44:58,840

country I mean for God's sake the

975

00:45:03,900 --> 00:45:02,230

Roswell affair I mean we're we're right

976

00:45:07,440 --> 00:45:03,910

there where they were you know working

977

00:45:11,520 --> 00:45:07,450

on on you know when we sent that atomic

978

00:45:13,740 --> 00:45:11,530

bomb out from you know and right and you

979

00:45:16,290 --> 00:45:13,750

know they're just obviously it's a

980

00:45:19,650 --> 00:45:16,300

security they do see this as a security

981

00:45:21,720 --> 00:45:19,660

issue and they should i mean i'll you

982

00:45:24,720 --> 00:45:21,730

know i was talking earlier i was saying

983

00:45:28,380 --> 00:45:24,730

that you know that i

984

00:45:31,230 --> 00:45:28,390

I have some misgivings givings about you

985

00:45:34,380 --> 00:45:31,240

know the to the stars guys thinking of

986

00:45:37,020 --> 00:45:34,390

this as a threat you know our our

987

00:45:38,850 --> 00:45:37,030

visitors but you don't want them to

988

00:45:41,790 --> 00:45:38,860

think that it's not either you know you

989

00:45:43,530 --> 00:45:41,800

hope that there's a balance in there so

990

00:45:46,290 --> 00:45:43,540

but you know what I find really

991

00:45:49,710 --> 00:45:46,300

interesting about the document you were

992

00:45:51,660 --> 00:45:49,720

just reading chant is that

993

00:45:53,970 --> 00:45:51,670

well now apparently if you call up an

994

00:45:56,040 --> 00:45:53,980

Air Force Base and you try to you know

995

00:45:58,950 --> 00:45:56,050

tell them that you've seen the UFO

996

00:46:01,140 --> 00:45:58,960

they'll refer you to MUFON you know what

997

00:46:03,120 --> 00:46:01,150

maybe they were for you to the stars

998

00:46:04,560 --> 00:46:03,130

Academy as well now I don't know right

999

00:46:05,910 --> 00:46:04,570

or they'll say they don't know what

1000

00:46:10,500 --> 00:46:05,920

you're talking about even though it's on

1001  
00:46:12,720 --> 00:46:10,510  
their radar I just love this letter

1002  
00:46:14,730 --> 00:46:12,730  
because it's kind of like hey stupid you

1003  
00:46:15,360 --> 00:46:14,740  
should have reported it to us within 30

1004  
00:46:17,760 --> 00:46:15,370  
days

1005  
00:46:19,860 --> 00:46:17,770  
well that's cutting your attitude to

1006  
00:46:24,690 --> 00:46:19,870  
Roland a shame you kind of wanted one on

1007  
00:46:27,060 --> 00:46:24,700  
the present don't you we want to be able

1008  
00:46:29,190 --> 00:46:27,070  
to go and jump on a good report as fast

1009  
00:46:33,270 --> 00:46:29,200  
as we can because you you know people

1010  
00:46:35,310 --> 00:46:33,280  
tend to gloss over the facts and and you

1011  
00:46:40,050 --> 00:46:35,320  
know you want to get in there as soon as

1012  
00:46:45,210 --> 00:46:40,060  
you can I'm not too long about a year to

1013  
00:46:49,500 --> 00:46:45,220

go I called the airport just to report

1014

00:46:51,300 --> 00:46:49,510

UFO to see what and well you know I mean

1015

00:46:52,800 --> 00:46:51,310

I I like Bigelow I don't know about you

1016

00:46:57,870 --> 00:46:52,810

guys I think he's an interesting guy

1017

00:46:59,820 --> 00:46:57,880

oh I agree yeah oh yeah yeah oh yeah I

1018

00:47:03,000 --> 00:46:59,830

had a question about whistleblowers and

1019

00:47:04,260 --> 00:47:03,010

MUFON and the government dr. Scott I was

1020

00:47:07,640 --> 00:47:04,270

going to ask you because you were on the

1021

00:47:10,950 --> 00:47:07,650

board of MUFON from the 1990s to 2000s

1022

00:47:13,230 --> 00:47:10,960

on the board of directors I wanted to

1023

00:47:15,960 --> 00:47:13,240

ask you did you ever come across a

1024

00:47:18,680 --> 00:47:15,970

whistleblower regarding wanting to leak

1025

00:47:21,420 --> 00:47:18,690

information from the government about
