

UFOS AND THE INTELLIGENCE COMMUNITY ROUNDTABLE

WITH DR. IRENA SCOTT, SHANE HURD AND
EARL GREY

WITH CHANT HANNAH

UFONN
SUNDAY

1
00:00:06,050 --> 00:00:03,320
we're back now it looks like are we back

2
00:00:09,440 --> 00:00:06,060
on back on what's going to happen is

3
00:00:11,120 --> 00:00:09,450
though unfortunately the it's going to

4
00:00:12,580 --> 00:00:11,130
be broken into two parts but I can fix

5
00:00:15,890 --> 00:00:12,590
that

6
00:00:21,560 --> 00:00:15,900
yeah it's making me watch an ad here

7
00:00:22,970 --> 00:00:21,570
there we go back on I can actually start

8
00:00:26,120 --> 00:00:22,980
talking by the way I have some things I

9
00:00:28,040 --> 00:00:26,130
have to say if you guys wanna sure let

10
00:00:31,930 --> 00:00:28,050
me know if we're back on you know live

11
00:00:34,670 --> 00:00:31,940
again okay

12
00:00:36,370 --> 00:00:34,680
yeah sunday seems to be a bad day which

13
00:00:39,440 --> 00:00:36,380

is another reason maybe

14

00:00:41,299 --> 00:00:39,450

well Frank just so you know apparently

15

00:00:43,910 --> 00:00:41,309

we're on life now cuz somebody just told

16

00:00:45,770 --> 00:00:43,920

me we are okay and we're back good okay

17

00:00:49,700 --> 00:00:45,780

I wanted to actually continue on with

18

00:00:52,250 --> 00:00:49,710

the whistleblower topic dr. Scott you

19

00:00:54,529 --> 00:00:52,260

had a fascinating story you want to tell

20

00:00:56,750 --> 00:00:54,539

us actually if you don't mind just going

21

00:01:01,029 --> 00:00:56,760

back over that again because I had asked

22

00:01:03,439 --> 00:01:01,039

you a really important question you have

23

00:01:06,469 --> 00:01:03,449

you had the opportunity beyond the board

24

00:01:08,270 --> 00:01:06,479

of directors with MUFON from 1990s 2000s

25

00:01:09,710 --> 00:01:08,280

I wanted to ask you if you had ever

26

00:01:11,390 --> 00:01:09,720

encountered a whistleblower in any

27

00:01:15,200 --> 00:01:11,400

capacity do you mind just retelling that

28

00:01:17,630 --> 00:01:15,210

a little bit again thank you I had a

29

00:01:21,980 --> 00:01:17,640

section on my book about whistleblower

30

00:01:24,320 --> 00:01:21,990

this was at for a patel study Battelle

31

00:01:28,850 --> 00:01:24,330

Memorial Institute study that was done

32

00:01:31,310 --> 00:01:28,860

under Project Blue Book and the study

33

00:01:32,600 --> 00:01:31,320

was classified in secret it was a part

34

00:01:34,490 --> 00:01:32,610

of Project would look at the other

35

00:01:38,539 --> 00:01:34,500

people and punch it blue book didn't

36

00:01:43,310 --> 00:01:38,549

know anything about at the time and it I

37

00:01:46,999 --> 00:01:43,320

was caught it was a letter by Hillary

38

00:01:51,819 --> 00:01:47,009

cross and the president Mattel and other

39

00:01:55,069 --> 00:01:51,829

people that were to try to stop the

40

00:01:57,889 --> 00:01:55,079

Robertson panel because the data wasn't

41

00:01:58,749 --> 00:01:57,899

there but the study was secret and some

42

00:02:05,030 --> 00:01:58,759

whistleblower

43

00:02:06,709 --> 00:02:05,040

made the the memo public and there was

44

00:02:09,440 --> 00:02:06,719

some investigation over who the

45

00:02:11,660 --> 00:02:09,450

whistleblower was but nobody ever did

46

00:02:14,350 --> 00:02:11,670

figure out it it was probably some it

47

00:02:16,330 --> 00:02:14,360

was somebody that knew a lot about

48

00:02:18,820 --> 00:02:16,340

what was classified the tell them what

49

00:02:20,440 --> 00:02:18,830

was classified under project Bluebook

50

00:02:22,119 --> 00:02:20,450

yeah dr. Scott you want to tell the

51
00:02:25,210 --> 00:02:22,129
folks who Howard crosses he's a pretty

52
00:02:27,880 --> 00:02:25,220
interesting guy he was

53
00:02:31,800 --> 00:02:27,890
he worked at Mattel he was a

54
00:02:36,070 --> 00:02:31,810
metallurgist and but know that a

55
00:02:39,880 --> 00:02:36,080
top-secret study of the information that

56
00:02:42,250 --> 00:02:39,890
came from Project Blue Book it was a

57
00:02:46,740 --> 00:02:42,260
statistical study of the information

58
00:02:51,819 --> 00:02:46,750
they came out with results that were

59
00:02:56,620 --> 00:02:51,829
very very highly very very high

60
00:03:02,680 --> 00:02:56,630
probability that UFOs are real from just

61
00:03:07,059 --> 00:03:02,690
doing statistics on oh about 13,000

62
00:03:10,410 --> 00:03:07,069
reports from Blue Book and at that time

63
00:03:13,990 --> 00:03:10,420

that was classified secret top secret

64

00:03:17,650 --> 00:03:14,000

and Howard Cross was one of the people

65

00:03:19,690 --> 00:03:17,660

that was the director of the study there

66

00:03:24,099 --> 00:03:19,700

were several directors and I'm not real

67

00:03:27,610 --> 00:03:24,109

sure who was on top of who but he had

68

00:03:35,309 --> 00:03:27,620

signed the memo along with the top

69

00:03:42,220 --> 00:03:35,319

president of the town to stop to try to

70

00:03:44,800 --> 00:03:42,230

the Robertson panel who was a was kind

71

00:03:48,640 --> 00:03:44,810

of set up by the government to in

72

00:03:52,420 --> 00:03:48,650

Project Blue Book attempt to and debunk

73

00:03:55,180 --> 00:03:52,430

it and Mattel didn't didn't have the

74

00:03:59,159 --> 00:03:55,190

data yet and so they didn't want the

75

00:04:05,009 --> 00:03:59,169

Robertson panel to take place and Howard

76

00:04:08,409 --> 00:04:05,019

crosses one of the people that tried to

77

00:04:10,210 --> 00:04:08,419

get the Robertson panel stopped but he

78

00:04:16,719 --> 00:04:10,220

didn't succeed because they set it up

79

00:04:18,370 --> 00:04:16,729

anyway and it did debunk UFOs well

80

00:04:20,110 --> 00:04:18,380

that's fascinating

81

00:04:21,640 --> 00:04:20,120

traditionally in whistleblowers I don't

82

00:04:24,880 --> 00:04:21,650

know of any other kind of definition if

83

00:04:27,250 --> 00:04:24,890

anybody wants to add to it just let let

84

00:04:29,290 --> 00:04:27,260

us know a whistleblower is a purse

85

00:04:31,090 --> 00:04:29,300

who exposes any kind of information or

86

00:04:33,970 --> 00:04:31,100

activity that's deemed illegal unethical

87

00:04:36,670 --> 00:04:33,980

or not correct within an organization

88

00:04:39,190 --> 00:04:36,680

that is either private or public Shane

89

00:04:42,550 --> 00:04:39,200

or Earl I was going to ask you have you

90

00:04:46,080 --> 00:04:42,560

I have you ever come in contact with the

91

00:04:53,230 --> 00:04:46,090

whistleblower of any kind either with or

92

00:04:56,470 --> 00:04:53,240

being involved in new fun or not well I

93

00:05:00,460 --> 00:04:56,480

did have a case Erland early in my

94

00:05:04,690 --> 00:05:00,470

career of a gentleman who made a report

95

00:05:09,280 --> 00:05:04,700

to MUFON who you know claimed that he

96

00:05:11,740 --> 00:05:09,290

was a worker at a certain area and and

97

00:05:13,540 --> 00:05:11,750

made a report of some information so I

98

00:05:17,320 --> 00:05:13,550

guess technically he'd have been a

99

00:05:19,870 --> 00:05:17,330

whistleblower but he made sure to say

100

00:05:23,410 --> 00:05:19,880

that the the information that he had or

101

00:05:27,730 --> 00:05:23,420

what he had seen was outside of the

102

00:05:30,040 --> 00:05:27,740

boundaries of his work so yeah there you

103

00:05:33,190 --> 00:05:30,050

know it was it you know you had to read

104

00:05:35,170 --> 00:05:33,200

between those lines a little yeah yeah I

105

00:05:36,820 --> 00:05:35,180

mean you always have to check I'll

106

00:05:37,900 --> 00:05:36,830

always ask the person I want to see

107

00:05:41,050 --> 00:05:37,910

their ID badge

108

00:05:43,300 --> 00:05:41,060

yeah mm-hmm or there's a dd-214 there's

109

00:05:45,190 --> 00:05:43,310

you know those yeah you know because you

110

00:05:50,590 --> 00:05:45,200

can say whatever you want you know and

111

00:05:53,320 --> 00:05:50,600

then and but but it I've certainly had

112

00:05:55,450 --> 00:05:53,330

especially last year I had quite a few

113

00:05:58,470 --> 00:05:55,460

people that were working at Boeing and

114

00:06:01,450 --> 00:05:58,480

Lockheed and other you know working on

115

00:06:05,440 --> 00:06:01,460

pretty important stuff that had reported

116

00:06:07,690 --> 00:06:05,450

UFOs and they weren't I mean they were

117

00:06:10,450 --> 00:06:07,700

wondering if I could tell them what they

118

00:06:11,800 --> 00:06:10,460

were seeing though but you know that

119

00:06:13,960 --> 00:06:11,810

they were figuring that that was

120

00:06:16,330 --> 00:06:13,970

probably one of our black projects I

121

00:06:19,660 --> 00:06:16,340

mean you know I had one gentleman who

122

00:06:22,860 --> 00:06:19,670

saw he he was a aerospace worker and yes

123

00:06:28,600 --> 00:06:22,870

he is he was high up there working on

124

00:06:31,630 --> 00:06:28,610

you know working on on our military Air

125

00:06:35,440 --> 00:06:31,640

Force secret projects over at Lockheed

126

00:06:38,080 --> 00:06:35,450

and and such but he saw a he said that

127

00:06:41,050 --> 00:06:38,090

he saw a black triangle you know land on

128

00:06:43,840 --> 00:06:41,060

the property there that it was a

129

00:06:45,879 --> 00:06:43,850

I need buy a Cessna that it was that it

130

00:06:47,830 --> 00:06:45,889

was about 3:00 in the morning when a lot

131

00:06:52,990 --> 00:06:47,840

of people see stuff out in the Palmdale

132

00:06:55,270 --> 00:06:53,000

Lancaster area that spot but he actually

133

00:06:57,550 --> 00:06:55,280

claimed to see it land behind the wall

134

00:07:02,920 --> 00:06:57,560

he wasn't sure if it was a Lockheed wall

135

00:07:05,590 --> 00:07:02,930

or the boy wall it was gate five area is

136

00:07:08,500 --> 00:07:05,600

where he was he he wound up following

137

00:07:11,050 --> 00:07:08,510

this thing and but he couldn't tell

138

00:07:13,570 --> 00:07:11,060

which area it landed in and the sky was

139

00:07:15,969 --> 00:07:13,580

was who he was saying he was and he got

140

00:07:18,010 --> 00:07:15,979

really cut he got cold feet I mean he

141

00:07:20,050 --> 00:07:18,020

was going to give me another witness and

142

00:07:23,260 --> 00:07:20,060

and and finally he said you know I'm

143

00:07:24,909 --> 00:07:23,270

starting to feel afraid and this is all

144

00:07:26,620 --> 00:07:24,919

I'm gonna give you and I'm not gonna

145

00:07:28,840 --> 00:07:26,630

talk with you anymore about this this is

146

00:07:31,750 --> 00:07:28,850

enough I didn't actually get enough

147

00:07:35,170 --> 00:07:31,760

information from him to give him a full

148

00:07:37,930 --> 00:07:35,180

on unknown classification on his case I

149

00:07:39,940 --> 00:07:37,940

think I settled for four insufficient

150

00:07:42,129 --> 00:07:39,950

data because they were just if I had

151
00:07:44,350 --> 00:07:42,139
been able to get that other witness you

152
00:07:45,820 --> 00:07:44,360
know it would have made it better but

153
00:07:47,680 --> 00:07:45,830
you know we had a couple of these guys

154
00:07:50,200 --> 00:07:47,690
and they're technically whistleblowers

155
00:07:53,140 --> 00:07:50,210
there they've got security clearances of

156
00:07:54,670 --> 00:07:53,150
their own and but you know again it

157
00:07:57,420 --> 00:07:54,680
wasn't like he was disseminating

158
00:08:00,100 --> 00:07:57,430
information that he had through his

159
00:08:02,740 --> 00:08:00,110
security clearance right this was saying

160
00:08:04,870 --> 00:08:02,750
that he saw that he didn't understand so

161
00:08:07,750 --> 00:08:04,880
I I guess I don't know if that's a

162
00:08:09,730 --> 00:08:07,760
whistleblower or not technically my mom

163
00:08:13,570 --> 00:08:09,740

was a whistleblower when she was talking

164

00:08:17,890 --> 00:08:13,580

to me about her work which is aircraft

165

00:08:20,560 --> 00:08:17,900

when I was a little kid of course as I

166

00:08:23,110 --> 00:08:20,570

got older she kind of disappear lips and

167

00:08:24,700 --> 00:08:23,120

and wouldn't talk so much about it said

168

00:08:27,310 --> 00:08:24,710

well you know I thought that you'd

169

00:08:29,500 --> 00:08:27,320

forget what I told you because you were

170

00:08:32,110 --> 00:08:29,510

four or five years old but you know here

171

00:08:33,610 --> 00:08:32,120

we are we're still talking about it you

172

00:08:36,100 --> 00:08:33,620

know you should know that I could get in

173

00:08:37,810 --> 00:08:36,110

a lot of trouble you know you're not

174

00:08:40,630 --> 00:08:37,820

supposed to go and talk about this sort

175

00:08:42,430 --> 00:08:40,640

of thing so I guess that yeah my mom was

176

00:08:52,660 --> 00:08:42,440

a whistleblower but it was to a little

177

00:08:54,160 --> 00:08:52,670

child I'm just gonna say by its by its

178

00:08:56,590 --> 00:08:54,170

nature

179

00:08:58,930 --> 00:08:56,600

a whistleblower you know you have to

180

00:09:01,930 --> 00:08:58,940

handle that with extreme caution anyway

181

00:09:03,220 --> 00:09:01,940

right because you know the position that

182

00:09:07,510 --> 00:09:03,230

they're in especially if they want to

183

00:09:08,890 --> 00:09:07,520

remain anonymous and like girl said you

184

00:09:11,410 --> 00:09:08,900

have to do some kind of backdoor

185

00:09:13,510 --> 00:09:11,420

verification in a way that doesn't

186

00:09:16,090 --> 00:09:13,520

threaten them but you know you can nail

187

00:09:18,400 --> 00:09:16,100

down some facts so I mean whistleblowers

188

00:09:20,410 --> 00:09:18,410

themselves are it's it's tricky business

189

00:09:22,840 --> 00:09:20,420

and you know you got to be really

190

00:09:27,400 --> 00:09:22,850

cautious with that for you and for them

191

00:09:31,390 --> 00:09:27,410

yeah don't get anybody hurt imprisoned

192

00:09:32,920 --> 00:09:31,400

that's right I wanted to touch on one

193

00:09:36,720 --> 00:09:32,930

other subject before wrapping up and

194

00:09:39,460 --> 00:09:36,730

that is maybe we can all agree that

195

00:09:43,300 --> 00:09:39,470

there's certain aircrafts out there that

196

00:09:44,170 --> 00:09:43,310

look alien like so to speak that people

197

00:09:47,380 --> 00:09:44,180

have wondered have been

198

00:09:49,330 --> 00:09:47,390

reverse-engineered I'm sorry we're

199

00:09:51,250 --> 00:09:49,340

reverse engineer to be able to create

200

00:09:52,990 --> 00:09:51,260

that kind of crap like the Blackbird or

201
00:09:55,990 --> 00:09:53,000
a different kinds of crafts out there

202
00:09:57,790 --> 00:09:56,000
that our hypersonic also unmanned

203
00:10:00,700 --> 00:09:57,800
hypersonic drone crafts that are out

204
00:10:02,670 --> 00:10:00,710
there does anyone believe that these

205
00:10:05,050 --> 00:10:02,680
kinds of crafts that we see today

206
00:10:07,480 --> 00:10:05,060
occasionally our skies or are reported

207
00:10:09,480 --> 00:10:07,490
on as being fact could have been taken

208
00:10:11,950 --> 00:10:09,490
from reverse engineering

209
00:10:17,440 --> 00:10:11,960
extraterrestrial technology anyone want

210
00:10:19,810 --> 00:10:17,450
to chime in on that sure I mean I think

211
00:10:21,070 --> 00:10:19,820
so they've been working on it long

212
00:10:22,480 --> 00:10:21,080
enough they must have figured something

213
00:10:27,160 --> 00:10:22,490

out by now right

214

00:10:29,140 --> 00:10:27,170

oh yeah I agree and and you know just

215

00:10:31,630 --> 00:10:29,150

think about it the technology that we do

216

00:10:34,630 --> 00:10:31,640

see today is like 30 or 40 years old

217

00:10:36,370 --> 00:10:34,640

like you know when the esslyn 17a came

218

00:10:39,820 --> 00:10:36,380

out oh my gosh that thing looked as

219

00:10:42,700 --> 00:10:39,830

alien as you can get but it was you know

220

00:10:46,570 --> 00:10:42,710

basically on paper and started to be you

221

00:10:48,760 --> 00:10:46,580

know developed in the 70s and and I

222

00:10:51,010 --> 00:10:48,770

think Richard Dolan said I thought was

223

00:10:53,830 --> 00:10:51,020

an interesting fact that the NSA had

224

00:10:56,200 --> 00:10:53,840

computers with like a 650 bus speed in

225

00:10:58,390 --> 00:10:56,210

the 60s and that didn't hit the the

226

00:11:00,460 --> 00:10:58,400

public market until the 2000s or

227

00:11:01,780 --> 00:11:00,470

something like that and so I mean it

228

00:11:03,430 --> 00:11:01,790

just illustrates that that's the way

229

00:11:06,490 --> 00:11:03,440

technology works we're not going to see

230

00:11:07,410 --> 00:11:06,500

it so you know whether they're our own

231

00:11:09,540 --> 00:11:07,420

technology

232

00:11:13,080 --> 00:11:09,550

we've had a little help that remains to

233

00:11:14,280 --> 00:11:13,090

be seen but entirely possible and you

234

00:11:16,560 --> 00:11:14,290

know especially like these black

235

00:11:19,410 --> 00:11:16,570

triangles sightings that that you know

236

00:11:21,180 --> 00:11:19,420

are happening quite a bit you know you

237

00:11:24,270 --> 00:11:21,190

got to think that that might be our

238

00:11:25,770 --> 00:11:24,280

stuff that's recurring those sightings I

239

00:11:27,540 --> 00:11:25,780

mean they are always the same they're

240

00:11:30,360 --> 00:11:27,550

described the same there's certain

241

00:11:32,490 --> 00:11:30,370

things that people in their descriptions

242

00:11:35,730 --> 00:11:32,500

that aren't really well-known out in the

243

00:11:37,590 --> 00:11:35,740

public that correlate these sightings

244

00:11:40,170 --> 00:11:37,600

and they're a very real thing and I

245

00:11:42,030 --> 00:11:40,180

personally think the black triangles at

246

00:11:44,310 --> 00:11:42,040

least the ones that look kind of cookie

247

00:11:47,160 --> 00:11:44,320

cutter that those are ours that's just

248

00:11:50,520 --> 00:11:47,170

my opinion David Marr lers the guy who's

249

00:11:52,470 --> 00:11:50,530

really on the triangle he's good he

250

00:11:54,750 --> 00:11:52,480

doesn't think they're ours though yeah I

251
00:11:57,600 --> 00:11:54,760
disagree with him on that I think some

252
00:11:59,400 --> 00:11:57,610
of them are yeah I had the opportunity a

253
00:12:01,560 --> 00:11:59,410
few years ago when I was outside at

254
00:12:04,560 --> 00:12:01,570
night looking up at the sky to see a b2

255
00:12:05,700 --> 00:12:04,570
fly overhead and what was weird about it

256
00:12:08,760 --> 00:12:05,710
and this is something you don't really

257
00:12:11,010 --> 00:12:08,770
see in pictures of the b2 is that it

258
00:12:12,810 --> 00:12:11,020
looked like it had these glowing solar

259
00:12:15,300 --> 00:12:12,820
panels underneath it look just like

260
00:12:16,530 --> 00:12:15,310
solar panels after you know doing a

261
00:12:17,790 --> 00:12:16,540
little bit of research I eventually

262
00:12:19,890 --> 00:12:17,800
figured out that those are the

263
00:12:22,020 --> 00:12:19,900

afterburners that's what it looks like

264

00:12:24,180 --> 00:12:22,030

at night when it's flying over but I'm

265

00:12:25,770 --> 00:12:24,190

telling you I could kind of make out the

266

00:12:28,590 --> 00:12:25,780

shape of the triangle and it looked

267

00:12:30,240 --> 00:12:28,600

pretty much like a b2 but what were

268

00:12:31,800 --> 00:12:30,250

those glowing solar panels I couldn't

269

00:12:33,450 --> 00:12:31,810

figure it out for a while it took a

270

00:12:35,460 --> 00:12:33,460

little bit of research but I finally did

271

00:12:37,380 --> 00:12:35,470

figure it out and I can see you know I

272

00:12:39,510 --> 00:12:37,390

remember that particular sighting pretty

273

00:12:41,940 --> 00:12:39,520

well I'd know that it was flying over

274

00:12:44,790 --> 00:12:41,950

towards the Air Force Base over in

275

00:12:46,800 --> 00:12:44,800

Jersey and it was interesting it stuck

276

00:12:51,300 --> 00:12:46,810

with me even though like I said it was a

277

00:12:53,660 --> 00:12:51,310

b2 I'm sure that mm-hmm cool yeah um

278

00:12:56,670 --> 00:12:53,670

there was an entire Belgian UFO wave

279

00:12:58,890 --> 00:12:56,680

regarding black triangles as everyone

280

00:13:01,080 --> 00:12:58,900

knows the black triangle sightings are

281

00:13:02,760 --> 00:13:01,090

not just like a one-time thing

282

00:13:05,160 --> 00:13:02,770

they've been observed through the 20th

283

00:13:07,080 --> 00:13:05,170

and 21st centuries so a lot of these

284

00:13:09,600 --> 00:13:07,090

black triangle sightings come from all

285

00:13:12,200 --> 00:13:09,610

over the world and have been visible to

286

00:13:15,270 --> 00:13:12,210

radar and like I said as well as the

287

00:13:17,340 --> 00:13:15,280

regarding the famous Belgian UFO wave

288

00:13:20,960 --> 00:13:17,350

cases which I'd encourage anyone to look

289

00:13:24,259 --> 00:13:20,970

up also wanted to just

290

00:13:29,420 --> 00:13:24,269

and one last thing regarding hypersonic

291

00:13:31,009 --> 00:13:29,430

craft I guess let's see Lockheed Martin

292

00:13:32,840 --> 00:13:31,019

for years has been developing a

293

00:13:37,879 --> 00:13:32,850

successor to one of the fastest aircraft

294

00:13:41,689 --> 00:13:37,889

in the world the sr-71 blackbird wanted

295

00:13:46,519 --> 00:13:41,699

to know these government contracts that

296

00:13:48,650 --> 00:13:46,529

are so important to us regarding having

297

00:13:50,780 --> 00:13:48,660

aircraft that are superior to other

298

00:13:52,939 --> 00:13:50,790

countries do you think they used

299

00:13:54,879 --> 00:13:52,949

intelligence in order to gain that kind

300

00:13:57,350 --> 00:13:54,889

of information to design and manufacture

301
00:13:59,689 --> 00:13:57,360
manufacture these crafts do you think

302
00:14:01,670 --> 00:13:59,699
that they had their own intelligence so

303
00:14:03,920 --> 00:14:01,680
to speak just like our government has

304
00:14:06,439 --> 00:14:03,930
their own intelligence to gather data do

305
00:14:08,210 --> 00:14:06,449
you think these government contractors

306
00:14:08,889 --> 00:14:08,220
had their own intelligence working for

307
00:14:12,590 --> 00:14:08,899
them

308
00:14:14,960 --> 00:14:12,600
anyone I know for a fact they did

309
00:14:16,999 --> 00:14:14,970
involving the stealth technology they

310
00:14:19,460 --> 00:14:17,009
picked up a lot of the ideas from me

311
00:14:23,350 --> 00:14:19,470
Russian scientists as far as developing

312
00:14:29,749 --> 00:14:26,900
go ahead I just say industrial espionage

313
00:14:31,249 --> 00:14:29,759

is you know well known fact and and you

314

00:14:32,749 --> 00:14:31,259

know we have to combat it here quite a

315

00:14:34,790 --> 00:14:32,759

bit people trying to take our technology

316

00:14:37,389 --> 00:14:34,800

and you know when you think about just

317

00:14:40,939 --> 00:14:37,399

the whole reverse engineering

318

00:14:43,579 --> 00:14:40,949

methodology that that's that started on

319

00:14:45,980 --> 00:14:43,589

terrestrial objects right and warfare

320

00:14:49,309 --> 00:14:45,990

and stuff so I mean it's it's really a

321

00:14:52,040 --> 00:14:49,319

pretty logical and and you know

322

00:14:55,009 --> 00:14:52,050

understandable process but yeah weather

323

00:14:56,869 --> 00:14:55,019

weather we've had information from

324

00:14:59,269 --> 00:14:56,879

others or not you know that's the

325

00:15:00,199 --> 00:14:59,279

remains to be seen but entirely possible

326

00:15:02,119 --> 00:15:00,209

and reasonable

327

00:15:04,369 --> 00:15:02,129

well dr. Scott would know all about that

328

00:15:08,139 --> 00:15:04,379

the foreign technology division of

329

00:15:10,879 --> 00:15:08,149

forces at wright-patt and if they got

330

00:15:13,069 --> 00:15:10,889

chunks of recovered I assume shot down a

331

00:15:15,230 --> 00:15:13,079

crashed aircraft it would go there and

332

00:15:16,790 --> 00:15:15,240

once in a while somebody would defect

333

00:15:18,949 --> 00:15:16,800

and they would actually get a fully

334

00:15:21,230 --> 00:15:18,959

functioning aircraft and that would go

335

00:15:23,420 --> 00:15:21,240

out tumeric which later on became

336

00:15:25,519 --> 00:15:23,430

Edwards Air Force Base where they could

337

00:15:28,160 --> 00:15:25,529

take those up in the air and and test

338

00:15:31,340 --> 00:15:28,170

them out and see what the other guy was

339

00:15:33,620 --> 00:15:31,350

doing yeah when I worked the I was there

340

00:15:34,870 --> 00:15:33,630

Luke was we have a question just that's

341

00:15:38,030 --> 00:15:34,880

the Russians

342

00:15:40,439 --> 00:15:38,040

[Laughter]

343

00:15:44,160 --> 00:15:40,449

that's wonderful I wanted to mention

344

00:15:46,980 --> 00:15:44,170

something it's from an NDTV article so

345

00:15:49,259 --> 00:15:46,990

you go to NDTV calm it's the title of

346

00:15:51,449 --> 00:15:49,269

his America's fastest spy plane could be

347

00:15:53,639 --> 00:15:51,459

back with top-secret changes and they

348

00:15:57,499 --> 00:15:53,649

were saying in this article one of the

349

00:16:01,799 --> 00:15:57,509

folks involved in the making of these

350

00:16:03,660 --> 00:16:01,809

hypersonic craft he said we couldn't

351
00:16:05,699 --> 00:16:03,670
have made the engine itself would have

352
00:16:08,309 --> 00:16:05,709
melted down into slag if we tried to

353
00:16:12,059 --> 00:16:08,319
produce it five years ago now we can

354
00:16:14,790 --> 00:16:12,069
digitally print that engine a spy plane

355
00:16:16,769 --> 00:16:14,800
with an incredibly sophisticated cooling

356
00:16:18,900 --> 00:16:16,779
system integral into the material of the

357
00:16:21,299 --> 00:16:18,910
engine itself and have that engine

358
00:16:24,329 --> 00:16:21,309
survived for multiple firings for a

359
00:16:25,949 --> 00:16:24,339
routine operation that is how far that's

360
00:16:29,129 --> 00:16:25,959
the end of that quote that's how far

361
00:16:32,489 --> 00:16:29,139
technology is gone in general not just

362
00:16:36,480 --> 00:16:32,499
like with ordinary things but like

363
00:16:39,540 --> 00:16:36,490

regarding hypersonic crap that go speeds

364

00:16:42,389 --> 00:16:39,550

of Mach five they can actually print out

365

00:16:46,049 --> 00:16:42,399

parts of the craft probably talking

366

00:16:48,210 --> 00:16:46,059

about the Aurora project right I think

367

00:16:51,689 --> 00:16:48,220

they touch on that actually but it's

368

00:16:54,210 --> 00:16:51,699

just my blowing how you know we can

369

00:16:57,030 --> 00:16:54,220

actually create these kind of this kind

370

00:16:59,069 --> 00:16:57,040

of technology by printing it out I don't

371

00:17:03,720 --> 00:16:59,079

think we would have ever conceived of

372

00:17:05,429 --> 00:17:03,730

that you know like 50 years ago no but I

373

00:17:07,230 --> 00:17:05,439

did have a question actually for a panel

374

00:17:09,210 --> 00:17:07,240

it's just a different question and at

375

00:17:11,159 --> 00:17:09,220

just moving on to something completely

376

00:17:13,169 --> 00:17:11,169

different if everybody's ready for it I

377

00:17:15,480 --> 00:17:13,179

hope there's not going to be collective

378

00:17:17,549 --> 00:17:15,490

groan when I mentioned this name but dr.

379

00:17:20,639 --> 00:17:17,559

irina scott wanted to ask you how do you

380

00:17:23,789 --> 00:17:20,649

feel about bob lazar having worked at

381

00:17:26,819 --> 00:17:23,799

area 51 he said that he actually would

382

00:17:29,850 --> 00:17:26,829

way to each eng for the bus to arrive to

383

00:17:32,010 --> 00:17:29,860

then take him over to area 51 to then

384

00:17:36,000 --> 00:17:32,020

check in to work to then work at what he

385

00:17:40,919 --> 00:17:36,010

said was called s4 do you believe Bob

386

00:17:45,510 --> 00:17:40,929

story I believe that part because my

387

00:17:48,690 --> 00:17:45,520

husband worked for at area 51 and he

388

00:17:53,220 --> 00:17:48,700

lived in mercury Nevada and when

389

00:18:00,210 --> 00:17:53,230

by bus to area 51 he told me that and he

390

00:18:05,030 --> 00:18:00,220

also said that most very grim and things

391

00:18:07,500 --> 00:18:05,040

were developed there quite a bit were

392

00:18:10,170 --> 00:18:07,510

eight years ahead of where people

393

00:18:11,940 --> 00:18:10,180

actually know County but he didn't say

394

00:18:16,350 --> 00:18:11,950

anything about back-engineering from

395

00:18:18,690 --> 00:18:16,360

UFOs he did say that it was so good

396

00:18:21,020 --> 00:18:18,700

security clearance but he said lots of

397

00:18:22,980 --> 00:18:21,030

times if you're in a room with a

398

00:18:25,910 --> 00:18:22,990

something they were building that you

399

00:18:28,980 --> 00:18:25,920

weren't allowed to look at it or yeah

400

00:18:32,220 --> 00:18:28,990

and that's actually why I don't know if

401
00:18:34,200 --> 00:18:32,230
you recall early in the interview I

402
00:18:35,820 --> 00:18:34,210
asked you if you wanted to share any

403
00:18:38,840 --> 00:18:35,830
information about anybody close to you

404
00:18:41,130 --> 00:18:38,850
that had worked in kind of a classified

405
00:18:42,420 --> 00:18:41,140
position it was your husband I had

406
00:18:43,830 --> 00:18:42,430
wanted you to bring up but he didn't

407
00:18:45,450 --> 00:18:43,840
want to just ask you down directly in

408
00:18:47,160 --> 00:18:45,460
there without your permission was going

409
00:18:49,160 --> 00:18:47,170
to ask you did your husband ever mention

410
00:18:51,540 --> 00:18:49,170
to you about the possibility of

411
00:18:57,030 --> 00:18:51,550
counterintelligence officers working at

412
00:19:01,770 --> 00:18:57,040
area 51 to protect the base no I never

413
00:19:03,540 --> 00:19:01,780

asked him the question okay I think you

414

00:19:06,000 --> 00:19:03,550

know it was under it was mostly

415

00:19:08,490 --> 00:19:06,010

underground so they obviously were

416

00:19:16,680 --> 00:19:08,500

thinking about that Russia's spying on

417

00:19:21,600 --> 00:19:16,690

from above but okay

418

00:19:24,480 --> 00:19:21,610

and then also wanted to ask Earl Grey a

419

00:19:26,750 --> 00:19:24,490

question how do you feel about Bob Lazar

420

00:19:31,320 --> 00:19:26,760

claims about having worked at area 51

421

00:19:33,720 --> 00:19:31,330

particularly s4i I have my own opinion

422

00:19:36,960 --> 00:19:33,730

about him I think that it's questionable

423

00:19:38,730 --> 00:19:36,970

whether he has is actually a PhD or a

424

00:19:41,040 --> 00:19:38,740

physicist because he doesn't really

425

00:19:43,860 --> 00:19:41,050

speaking like one and it would be very

426

00:19:46,490 --> 00:19:43,870

easy for him to just take the test if he

427

00:19:50,190 --> 00:19:46,500

needed to prove that that's what he is

428

00:19:52,110 --> 00:19:50,200

but I do know that you know I don't know

429

00:19:54,620 --> 00:19:52,120

how many people know about my my mom's

430

00:19:57,810 --> 00:19:54,630

background but she was a headhunter for

431

00:20:00,720 --> 00:19:57,820

aerospace companies and they would look

432

00:20:02,159 --> 00:20:00,730

for unschooled or or or you know

433

00:20:04,169 --> 00:20:02,169

sometimes kids that were

434

00:20:06,720 --> 00:20:04,179

ready to get out of high school or just

435

00:20:08,909 --> 00:20:06,730

got out of high school who had natural

436

00:20:11,609 --> 00:20:08,919

talents and who thought differently and

437

00:20:14,580 --> 00:20:11,619

could and had a mathematical or

438

00:20:15,989 --> 00:20:14,590

scientific talent and I think that he

439

00:20:18,119 --> 00:20:15,999

might have been somebody that they

440

00:20:20,729 --> 00:20:18,129

called from that sort of a background

441

00:20:23,099 --> 00:20:20,739

that would explain the discrepancies

442

00:20:24,899 --> 00:20:23,109

with his you know like with only the

443

00:20:28,229 --> 00:20:24,909

only University we've been able to find

444

00:20:31,769 --> 00:20:28,239

him attending was a little Northridge

445

00:20:34,710 --> 00:20:31,779

you know Cal Northridge out here I think

446

00:20:36,779 --> 00:20:34,720

it was and and you know he didn't do all

447

00:20:40,379 --> 00:20:36,789

that well in his physics class II there

448

00:20:42,299 --> 00:20:40,389

that he took but you know I I dunno like

449

00:20:45,599 --> 00:20:42,309

like there's one gentleman that used to

450

00:20:46,049 --> 00:20:45,609

take him to MIT every day and pick him

451
00:20:49,979 --> 00:20:46,059

up

452
00:20:51,599 --> 00:20:49,989

I dunno the guy I believed him and my

453
00:20:53,909 --> 00:20:51,609

guess is that he was probably sitting in

454
00:20:55,499 --> 00:20:53,919

the class he wasn't enrolled but he was

455
00:20:58,950 --> 00:20:55,509

just taking the class for his own

456
00:21:01,229 --> 00:20:58,960

personal edification and I think maybe

457
00:21:03,570 --> 00:21:01,239

they thought he could see you know

458
00:21:06,299 --> 00:21:03,580

something different in this technology

459
00:21:09,690 --> 00:21:06,309

that they didn't understand and so they

460
00:21:11,310 --> 00:21:09,700

let him have the a whack at it that's my

461
00:21:13,919 --> 00:21:11,320

opinion on Azhar I could be totally

462
00:21:16,889 --> 00:21:13,929

wrong but Kathleen Martin said that

463
00:21:19,379 --> 00:21:16,899

Stanton Friedman said that the smartest

464

00:21:23,249 --> 00:21:19,389

person that he ever met that was working

465

00:21:25,379 --> 00:21:23,259

on on nuclear rockets was a guy who is

466

00:21:28,769 --> 00:21:25,389

similar it was he was just self-taught

467

00:21:30,389 --> 00:21:28,779

so we do know aerospace companies do

468

00:21:34,680 --> 00:21:30,399

look for people like that and that's

469

00:21:38,070 --> 00:21:34,690

what I think perhaps Bob Lazar was well

470

00:21:39,960 --> 00:21:38,080

I wanted to thank a friend of mine

471

00:21:41,940 --> 00:21:39,970

Rodrigo Vieira for that question about

472

00:21:44,070 --> 00:21:41,950

Bob Lazar I actually had wanted to ask

473

00:21:45,749 --> 00:21:44,080

it earlier on in the show but it really

474

00:21:48,960 --> 00:21:45,759

didn't match kind of the topic we were

475

00:21:50,940 --> 00:21:48,970

talking about that well but I think it's

476

00:21:52,349 --> 00:21:50,950

appropriate now and that is Shane I

477

00:21:55,830 --> 00:21:52,359

wanted to ask you the same question

478

00:21:57,509 --> 00:21:55,840

before you move on to the the next topic

479

00:21:58,919 --> 00:21:57,519

that I do want to discuss our Lazar a

480

00:22:01,379 --> 00:21:58,929

little bit because we went through this

481

00:22:03,210 --> 00:22:01,389

in great detail we did a Bob Lazar

482

00:22:05,519 --> 00:22:03,220

roundtable late last yeah you were

483

00:22:07,169 --> 00:22:05,529

involved with it yeah and one of the

484

00:22:09,779 --> 00:22:07,179

things that that we talked about in some

485

00:22:12,570 --> 00:22:09,789

detail was not so much corbels movie but

486

00:22:15,900 --> 00:22:12,580

Bob's own documentary that he produced

487

00:22:17,700 --> 00:22:15,910

himself in the early 90s and during that

488

00:22:20,400 --> 00:22:17,710

was basically broken into two segments

489

00:22:22,500 --> 00:22:20,410

the one segment the first segment was

490

00:22:24,840 --> 00:22:22,510

the stuff he claims to have seen and

491

00:22:27,450 --> 00:22:24,850

then the other segment was he went into

492

00:22:30,360 --> 00:22:27,460

some detail about a briefing that he

493

00:22:32,160 --> 00:22:30,370

received that he did not claim that he

494

00:22:35,430 --> 00:22:32,170

knew for a fact but he claimed that this

495

00:22:37,290 --> 00:22:35,440

was the briefing and I think that was I

496

00:22:40,230 --> 00:22:37,300

think he's telling the truth about that

497

00:22:43,290 --> 00:22:40,240

part of it and some of it went into some

498

00:22:45,090 --> 00:22:43,300

details about the ETS that the

499

00:22:48,660 --> 00:22:45,100

government knows that they're from Zeta

500

00:22:51,090 --> 00:22:48,670

Reticuli which kind of is a reference

501
00:22:54,510 --> 00:22:51,100
back to the Betty and Barney Hill star

502
00:22:57,780 --> 00:22:54,520
map and that type of material there and

503
00:23:00,060 --> 00:22:57,790
that sounds an awful light to me like

504
00:23:02,790 --> 00:23:00,070
the kind of disinformation trick they

505
00:23:05,700 --> 00:23:02,800
often use where they will tie bad

506
00:23:08,400 --> 00:23:05,710
information to information that we know

507
00:23:10,980 --> 00:23:08,410
happened here in the field and use that

508
00:23:13,830 --> 00:23:10,990
as a way of gaining credibility for the

509
00:23:15,660 --> 00:23:13,840
dissin formation so that part of his

510
00:23:20,750 --> 00:23:15,670
story I absolutely believe that he was

511
00:23:25,470 --> 00:23:23,280
when I was working for the government I

512
00:23:28,650 --> 00:23:25,480
used to go on the apartment that he

513
00:23:32,190 --> 00:23:28,660

fenced bus and the buses they would

514

00:23:35,130 --> 00:23:32,200

transport you around Washington DC to

515

00:23:37,380 --> 00:23:35,140

different departments and it was a

516

00:23:39,540 --> 00:23:37,390

classified area but you can hear an

517

00:23:42,120 --> 00:23:39,550

awful lot about things you weren't

518

00:23:44,130 --> 00:23:42,130

supposed to know about just by getting

519

00:23:47,160 --> 00:23:44,140

on a bus like that and listening other

520

00:23:50,520 --> 00:23:47,170

people talk so you could pick up things

521

00:23:52,560 --> 00:23:50,530

you know in a way like that that the

522

00:23:55,080 --> 00:23:52,570

government's doing or you really have

523

00:24:00,780 --> 00:23:55,090

the right security clearance to know but

524

00:24:01,770 --> 00:24:00,790

you find out anyway okay it's fine you

525

00:24:04,410 --> 00:24:01,780

know things like that

526
00:24:07,980 --> 00:24:04,420
someone I'm getting a thank you for that

527
00:24:09,690 --> 00:24:07,990
input dr. Scott I'm gonna I'm gonna ask

528
00:24:11,880 --> 00:24:09,700
Shane heard a question but I wanted to

529
00:24:13,470 --> 00:24:11,890
mention something one of the benefits of

530
00:24:15,210 --> 00:24:13,480
my having been an administrator for

531
00:24:18,690 --> 00:24:15,220
about 20 different UFO groups on

532
00:24:21,450 --> 00:24:18,700
different social media platforms is you

533
00:24:23,580 --> 00:24:21,460
get to see comments by people from

534
00:24:26,920 --> 00:24:23,590
around the world about the topics you

535
00:24:29,330 --> 00:24:26,930
love to cover one one

536
00:24:30,770 --> 00:24:29,340
one conversation I saw which was

537
00:24:32,540 --> 00:24:30,780
absolutely fascinating took screenshots

538
00:24:34,910 --> 00:24:32,550

of and they plan on contacting this

539

00:24:39,110 --> 00:24:34,920

individual he was I believe a

540

00:24:40,820 --> 00:24:39,120

hairdresser in Los Alamos actually think

541

00:24:44,780 --> 00:24:40,830

he worked in Espanola which is just

542

00:24:47,360 --> 00:24:44,790

right outside of Los Alamos and he said

543

00:24:51,080 --> 00:24:47,370

that a few the people that he spoke to

544

00:24:53,150 --> 00:24:51,090

about Bob Lazar his own clients one

545

00:24:56,300 --> 00:24:53,160

person said that he knew Bob Lazar

546

00:24:59,150 --> 00:24:56,310

worked for area 51 and said that in very

547

00:25:02,090 --> 00:24:59,160

authoritative manner and became

548

00:25:03,890 --> 00:25:02,100

defensive when it was brought up that

549

00:25:06,260 --> 00:25:03,900

Bob Lazar may not have worked there and

550

00:25:10,040 --> 00:25:06,270

that he felt he knew for a fact he did

551
00:25:12,260 --> 00:25:10,050
and so it's interesting how you know for

552
00:25:14,930 --> 00:25:12,270
30 years not very many people would jump

553
00:25:16,970 --> 00:25:14,940
forward for Bob on his part to say oh

554
00:25:18,830 --> 00:25:16,980
yeah I remember you worked there you

555
00:25:21,170 --> 00:25:18,840
know I can corroborate your story yet

556
00:25:23,600 --> 00:25:21,180
Here I am just an administrator of a few

557
00:25:26,450 --> 00:25:23,610
UFO groups and right there somebody

558
00:25:28,730 --> 00:25:26,460
saying yes I can corroborate that story

559
00:25:30,560 --> 00:25:28,740
here's my information now anybody can

560
00:25:32,750 --> 00:25:30,570
say anything but still it must be

561
00:25:34,280 --> 00:25:32,760
frustrating for Bob you know if you ever

562
00:25:36,590 --> 00:25:34,290
hear something like this on the air

563
00:25:38,750 --> 00:25:36,600

there are people you know thirty years

564

00:25:40,430 --> 00:25:38,760

later finally saying something Shaina

565

00:25:42,440 --> 00:25:40,440

was gonna ask you how do you feel about

566

00:25:45,560 --> 00:25:42,450

the possibility of Bob Lazar having

567

00:25:48,200 --> 00:25:45,570

worked at area 51 more specifically his

568

00:25:50,270 --> 00:25:48,210

claim that he worked at s4 and he

569

00:25:55,310 --> 00:25:50,280

actually saw nine different spacecraft

570

00:25:56,840 --> 00:25:55,320

there in hangars yeah I certainly want

571

00:26:00,860 --> 00:25:56,850

to believe Bob Lazar

572

00:26:03,980 --> 00:26:00,870

and you know a lot of the information it

573

00:26:05,780 --> 00:26:03,990

is verifiable and you know where there's

574

00:26:10,100 --> 00:26:05,790

smoke there's fire right there there's

575

00:26:12,050 --> 00:26:10,110

no doubt some legitimacy there and that

576

00:26:14,360 --> 00:26:12,060

but yet there are there are questions

577

00:26:17,870 --> 00:26:14,370

and so I guess it's like my approach

578

00:26:19,100 --> 00:26:17,880

with everything I you know I'll give

579

00:26:22,040 --> 00:26:19,110

them the benefit of the doubt

580

00:26:23,450 --> 00:26:22,050

certainly on on the verifiable stuff on

581

00:26:26,360 --> 00:26:23,460

the other stuff we'll have to kind of

582

00:26:29,570 --> 00:26:26,370

wait and see but I I do appreciate the

583

00:26:31,820 --> 00:26:29,580

point that Earl had made on you know

584

00:26:34,550 --> 00:26:31,830

just because somebody's story doesn't

585

00:26:36,110 --> 00:26:34,560

fit the typical story or the story that

586

00:26:39,120 --> 00:26:36,120

we think makes the most sense doesn't

587

00:26:42,270 --> 00:26:39,130

mean it isn't true so just like that

588

00:26:44,669 --> 00:26:42,280

you know the aspect of bringing in

589

00:26:46,680 --> 00:26:44,679

people who are not formally educated but

590

00:26:49,169 --> 00:26:46,690

who are clearly smart and know what

591

00:26:51,360 --> 00:26:49,179

they're doing like you know is is a

592

00:26:55,230 --> 00:26:51,370

facet of many industries that that

593

00:26:56,730 --> 00:26:55,240

happens a lot and so and just because

594

00:27:00,419 --> 00:26:56,740

you have a degree doesn't mean you know

595

00:27:02,220 --> 00:27:00,429

you really know your stuff so and and

596

00:27:04,110 --> 00:27:02,230

again remember we're dealing with you

597

00:27:07,590 --> 00:27:04,120

know the intelligence community the most

598

00:27:10,620 --> 00:27:07,600

secret secrets the US has there's going

599

00:27:13,080 --> 00:27:10,630

to be a whole lot of unexplainable stuff

600

00:27:15,480 --> 00:27:13,090

there's gonna be dead ends and and

601
00:27:18,060 --> 00:27:15,490
twists and turns and all that to anybody

602
00:27:21,330 --> 00:27:18,070
story or case so and some of it will

603
00:27:24,210 --> 00:27:21,340
never be verifiable and that's the way

604
00:27:27,870 --> 00:27:24,220
they plan it you know and so like I said

605
00:27:30,659 --> 00:27:27,880
I want to believe it I do believe most

606
00:27:33,390 --> 00:27:30,669
of it or some of it some of the that's

607
00:27:35,850 --> 00:27:33,400
not explainable you know I'll just I'll

608
00:27:41,880 --> 00:27:35,860
wait and see and it's just another item

609
00:27:43,169 --> 00:27:41,890
in my gray box yep maybe box Frank did

610
00:27:46,049 --> 00:27:43,179
you want to cover anything else I was

611
00:27:47,490 --> 00:27:46,059
gonna wrap up the show well yeah we did

612
00:27:49,409 --> 00:27:47,500
talk a little bit about disinformation

613
00:27:52,860 --> 00:27:49,419

so I did want to go through something

614

00:27:55,020 --> 00:27:52,870

that I covered a little bit a little

615

00:27:57,659 --> 00:27:55,030

while back and I'd like to go through

616

00:28:00,810 --> 00:27:57,669

some of it again basically related to

617

00:28:03,810 --> 00:28:00,820

the serpent the M J 12 material just

618

00:28:04,649 --> 00:28:03,820

because a great camera and a good friend

619

00:28:07,520 --> 00:28:04,659

of the show

620

00:28:11,760 --> 00:28:07,530

top five UFO researcher in the field is

621

00:28:15,450 --> 00:28:11,770

talking about a transcript that has come

622

00:28:18,480 --> 00:28:15,460

into his possession regarding a military

623

00:28:20,850 --> 00:28:18,490

individual and top scientist names we

624

00:28:24,750 --> 00:28:20,860

would recognize and this is supposedly a

625

00:28:28,080 --> 00:28:24,760

transcript where all is revealed sort of

626

00:28:29,880 --> 00:28:28,090

a smoking gun if true but I didn't want

627

00:28:32,000 --> 00:28:29,890

to go through some things that I found

628

00:28:38,010 --> 00:28:32,010

regarding the the majestic 12 documents

629

00:28:39,630 --> 00:28:38,020

that excuse me that I think should lead

630

00:28:41,370 --> 00:28:39,640

us all to be a little bit cautious as

631

00:28:44,220 --> 00:28:41,380

far as this is concerned I've got a

632

00:28:48,000 --> 00:28:44,230

slide up now which is basically one of

633

00:28:50,340 --> 00:28:48,010

the mj-12 letters from President Truman

634

00:28:52,680 --> 00:28:50,350

to then Secretary of Defense Forrestal

635

00:28:56,130 --> 00:28:52,690

back in 1940

636

00:28:58,710 --> 00:28:56,140

where he's directing Forrestal to start

637

00:29:01,530 --> 00:28:58,720

the majestic 12 program along with dr.

638

00:29:03,660 --> 00:29:01,540

Vannevar Bush and in fact going to the

639

00:29:06,270 --> 00:29:03,670

Truman website down at the bottom now

640

00:29:10,890 --> 00:29:06,280

you can see the entry for the day and

641

00:29:15,930 --> 00:29:10,900

the date on the bony letter September

642

00:29:18,270 --> 00:29:15,940

24th 1947 does in fact correspond with a

643

00:29:20,250 --> 00:29:18,280

meeting that Truman did have in the

644

00:29:24,180 --> 00:29:20,260

White House with those two individuals

645

00:29:26,130 --> 00:29:24,190

and what this demonstrates is some some

646

00:29:28,920 --> 00:29:26,140

research they did some research on this

647

00:29:31,860 --> 00:29:28,930

and this is again these majestic 12

648

00:29:34,080 --> 00:29:31,870

documents were first disseminated before

649

00:29:37,650 --> 00:29:34,090

there was an Internet so either someone

650

00:29:39,690 --> 00:29:37,660

directly or through a hired researcher

651
00:29:42,780 --> 00:29:39,700
and did go to the Truman library to dig

652
00:29:45,780 --> 00:29:42,790
up that meeting and I believe concocted

653
00:29:49,380 --> 00:29:45,790
this particular fake letter and also

654
00:29:51,780 --> 00:29:49,390
there has been a supposedly a Marilyn

655
00:29:55,530 --> 00:29:51,790
Monroe was murdered because she knew too

656
00:29:58,320 --> 00:29:55,540
much about UFOs that was a hook for a

657
00:30:01,380 --> 00:29:58,330
documentary released a couple years back

658
00:30:04,680 --> 00:30:01,390
by Steven Greer about the UFO subject

659
00:30:08,580 --> 00:30:04,690
where she also featured Richard Doty and

660
00:30:11,070 --> 00:30:08,590
a heroic light I believe and I don't

661
00:30:15,480 --> 00:30:11,080
think that was exactly the right way to

662
00:30:18,410 --> 00:30:15,490
frame the former sergeant Doty but that

663
00:30:20,970 --> 00:30:18,420

document is a fake my source on

664

00:30:23,160 --> 00:30:20,980

believing that it's a fake is a Paul

665

00:30:26,910 --> 00:30:23,170

Dean who I trust implicitly on this type

666

00:30:29,940 --> 00:30:26,920

of material and also again something

667

00:30:31,980 --> 00:30:29,950

that really raised the red flag with me

668

00:30:36,930 --> 00:30:31,990

when I heard about this quote-unquote

669

00:30:40,760 --> 00:30:36,940

transcript of being used to get the word

670

00:30:43,680 --> 00:30:40,770

out on the UFOs from the serpo site a

671

00:30:47,400 --> 00:30:43,690

transcript supposedly of Ronald Reagan

672

00:30:49,110 --> 00:30:47,410

being briefed on UFOs so again if you

673

00:30:51,630 --> 00:30:49,120

read through it it's available you can

674

00:30:54,630 --> 00:30:51,640

go to the serpo or insight take a look

675

00:30:57,210 --> 00:30:54,640

at it for yourself and it is I don't

676

00:31:00,120 --> 00:30:57,220

believe at all legitimate it certainly

677

00:31:02,550 --> 00:31:00,130

doesn't read like it is people having a

678

00:31:04,560 --> 00:31:02,560

conversation on this subject so I'm

679

00:31:05,760 --> 00:31:04,570

highly skeptical of it I will note

680

00:31:08,130 --> 00:31:05,770

though that on the date

681

00:31:12,000 --> 00:31:08,140

this supposedly happened the recording

682

00:31:16,140 --> 00:31:12,010

according to sir PO org was recorded

683

00:31:19,110 --> 00:31:16,150

made between March 6 and March 8th 1981

684

00:31:22,340 --> 00:31:19,120

and in fact Reagan was at Camp David at

685

00:31:24,540 --> 00:31:22,350

that point again this is before the

686

00:31:28,350 --> 00:31:24,550

advent of the Internet

687

00:31:30,060 --> 00:31:28,360

but at the same time whoever is puts

688

00:31:31,860 --> 00:31:30,070

together these fake documents does do

689

00:31:34,070 --> 00:31:31,870

their homework so I don't think that's

690

00:31:36,900 --> 00:31:34,080

proof that this is an all legitimate

691

00:31:38,970 --> 00:31:36,910

transcript of a conversation of then

692

00:31:42,750 --> 00:31:38,980

President Reagan being briefed about

693

00:31:46,290 --> 00:31:42,760

UFOs and again a little bit more we

694

00:31:48,030 --> 00:31:46,300

talked earlier about the possible et

695

00:31:50,340 --> 00:31:48,040

landing at Holloman Air Force Base

696

00:31:52,650 --> 00:31:50,350

leading to a direct meeting between

697

00:31:56,580 --> 00:31:52,660

military personnel and extraterrestrials

698

00:31:59,280 --> 00:31:56,590

this particular point bottom paragraph

699

00:32:00,600 --> 00:31:59,290

here on this slide the first ebin craft

700

00:32:03,900 --> 00:32:00,610

entered our atmosphere during the

701
00:32:06,450 --> 00:32:03,910
afternoon of April 24th 1964 the eben

702
00:32:09,320 --> 00:32:06,460
craft landed at the wrong location near

703
00:32:13,230 --> 00:32:09,330
Socorro New Mexico and again another

704
00:32:15,960 --> 00:32:13,240
transparent attempt at trying to tie the

705
00:32:17,810 --> 00:32:15,970
pure fiction with known established

706
00:32:20,970 --> 00:32:17,820
facts of course there was a legitimate

707
00:32:22,590 --> 00:32:20,980
UFO case in Socorro New Mexico on that

708
00:32:26,220 --> 00:32:22,600
particular date involving Lonnie Zamora

709
00:32:30,710 --> 00:32:26,230
but there was not there was no

710
00:32:33,780 --> 00:32:30,720
connection at all with any kind of

711
00:32:38,010 --> 00:32:33,790
summit meeting between extraterrestrials

712
00:32:41,370 --> 00:32:38,020
and American military and then let's see

713
00:32:44,400 --> 00:32:41,380

what was this one here oh this is a the

714

00:32:48,140 --> 00:32:44,410

the another majestic 12 document and

715

00:32:51,780 --> 00:32:48,150

this here that I have up now is from

716

00:32:53,000 --> 00:32:51,790

September 1947 supposedly the twining

717

00:32:58,740 --> 00:32:53,010

hot

718

00:33:01,980 --> 00:32:58,750

Harry Truman and what was the problem

719

00:33:04,050 --> 00:33:01,990

with this one here oh yes okay that the

720

00:33:05,880 --> 00:33:04,060

based on all available evidence

721

00:33:07,920 --> 00:33:05,890

collected from recovered exhibits

722

00:33:09,750 --> 00:33:07,930

currently under study by lists off a

723

00:33:13,020 --> 00:33:09,760

number of organizations including the

724

00:33:14,970 --> 00:33:13,030

RAND Corporation you'll see that at

725

00:33:19,320 --> 00:33:14,980

murid next to bullet point number one

726

00:33:22,650 --> 00:33:19,330

and at that time frame in 1947

727

00:33:26,130 --> 00:33:22,660

number of 1947 the RAND Corporation did

728

00:33:27,780 --> 00:33:26,140

not exist so their their homework failed

729

00:33:29,250 --> 00:33:27,790

in terms of that particular document

730

00:33:31,500 --> 00:33:29,260

there's another one floating out there

731

00:33:34,050 --> 00:33:31,510

called the Eisenhower briefing document

732

00:33:37,350 --> 00:33:34,060

some researchers seem to think that that

733

00:33:39,510 --> 00:33:37,360

is a legitimate document that is you

734

00:33:41,760 --> 00:33:39,520

know that was stuck in among the fake

735

00:33:45,120 --> 00:33:41,770

documents and but and now that one is

736

00:33:49,970 --> 00:33:45,130

legit but that particular document does

737

00:33:54,620 --> 00:33:49,980

refer back to the September 24th 1947 a

738

00:33:57,900 --> 00:33:54,630

meeting between Truman and Forrestal and

739

00:34:00,120 --> 00:33:57,910

Vannevar Bush that did happen but again

740

00:34:02,900 --> 00:34:00,130

I don't believe that the purpose of that

741

00:34:05,550 --> 00:34:02,910

meeting was to start the majestic 12

742

00:34:07,710 --> 00:34:05,560

organization I have no doubt that

743

00:34:11,490 --> 00:34:07,720

there's something that exists a really

744

00:34:15,030 --> 00:34:11,500

high end group that has access to the

745

00:34:17,340 --> 00:34:15,040

very best UFO information but I don't

746

00:34:19,830 --> 00:34:17,350

believe anything like that where when it

747

00:34:22,200 --> 00:34:19,840

was initiated or whether it's followed

748

00:34:24,540 --> 00:34:22,210

up on or even any kind of final reports

749

00:34:26,880 --> 00:34:24,550

was ever put in the writing so that's

750

00:34:29,430 --> 00:34:26,890

why I'm always skeptical when these kind

751
00:34:31,560 --> 00:34:29,440
of documents come out so there there's

752
00:34:40,800 --> 00:34:31,570
my little rant those Frances Frank's

753
00:34:43,050 --> 00:34:40,810
rant for today that is according to one

754
00:34:45,090 --> 00:34:43,060
of our listeners rodrigo vera he was

755
00:34:46,950 --> 00:34:45,100
saying that dr. hal put off and he did

756
00:34:49,200 --> 00:34:46,960
indeed do this by the way i just checked

757
00:34:51,240 --> 00:34:49,210
dr. hal put off head so there's a

758
00:34:53,820 --> 00:34:51,250
document out there about a UFO crash

759
00:34:55,830 --> 00:34:53,830
which is real according to what he said

760
00:34:57,810 --> 00:34:55,840
but he can't understand why it's out

761
00:35:00,710 --> 00:34:57,820
there and he didn't elaborate very much

762
00:35:03,960 --> 00:35:00,720
either i believe was on a c2c show with

763
00:35:05,610 --> 00:35:03,970

george knapp and again dr. Howell put

764

00:35:07,650 --> 00:35:05,620

off the other thing I wanted to say is

765

00:35:09,870 --> 00:35:07,660

just that just to jump in and that has

766

00:35:15,330 --> 00:35:09,880

been confirmed by dr. Davis that there

767

00:35:16,680 --> 00:35:15,340

is a crash retrieval program okay but

768

00:35:18,690 --> 00:35:16,690

can you tell us what you're talking

769

00:35:20,400 --> 00:35:18,700

about when you say that so that Earl

770

00:35:22,050 --> 00:35:20,410

Shayne and dr. Scott know what you're

771

00:35:23,760 --> 00:35:22,060

what you're referring to the context

772

00:35:25,410 --> 00:35:23,770

well he said it and I didn't we need to

773

00:35:27,240 --> 00:35:25,420

get him on the show for the details but

774

00:35:29,310 --> 00:35:27,250

i'ma said well anytime anything comes

775

00:35:30,930 --> 00:35:29,320

down I mean that's how the foreign

776

00:35:33,210 --> 00:35:30,940

technology division

777

00:35:36,720 --> 00:35:33,220

gets their material anytime anything

778

00:35:38,760 --> 00:35:36,730

comes down that might be a foreign

779

00:35:40,049 --> 00:35:38,770

threat that you know they're going to

780

00:35:42,120 --> 00:35:40,059

send out a team and they're gonna pick

781

00:35:45,270 --> 00:35:42,130

it up now I don't necessarily think it's

782

00:35:48,960 --> 00:35:45,280

et but I mean it could be certainly it

783

00:35:50,430 --> 00:35:48,970

could be but you know there's no doubt

784

00:35:52,859 --> 00:35:50,440

in my mind that there is such a thing as

785

00:35:55,349 --> 00:35:52,869

a crash retrieval well it

786

00:36:00,990 --> 00:35:55,359

wright-patterson they even have that

787

00:36:03,450 --> 00:36:01,000

type of thing for experimental who I

788

00:36:07,529 --> 00:36:03,460

mean something if our experimental

789

00:36:09,539 --> 00:36:07,539

crafts crash well they have a retrieval

790

00:36:11,160 --> 00:36:09,549

sure sure absolutely yeah because they

791

00:36:13,920 --> 00:36:11,170

don't want that falling into the hands

792

00:36:18,480 --> 00:36:13,930

of potential adversary and of them

793

00:36:20,760 --> 00:36:18,490

reverse engineering us yeah yeah I'm

794

00:36:22,710 --> 00:36:20,770

okay regarding the mj-12 documents

795

00:36:25,740 --> 00:36:22,720

didn't want to make a comment about that

796

00:36:28,740 --> 00:36:25,750

Michael W Hall the attorney for a grant

797

00:36:31,680 --> 00:36:28,750

Cameron who was was able to represent

798

00:36:33,210 --> 00:36:31,690

grant on a couple shows I've been on it

799

00:36:34,650 --> 00:36:33,220

when was with the Dave it was on the

800

00:36:39,210 --> 00:36:34,660

Dave Scott show I believe you and I were

801
00:36:40,740 --> 00:36:39,220
on that Frank not when Michael Hall the

802
00:36:45,740 --> 00:36:40,750
lawyer for grant Cameron made his

803
00:36:48,359 --> 00:36:45,750
astounding I guess it was I don't know

804
00:36:50,880 --> 00:36:48,369
he was revealing to the world that Grant

805
00:36:53,940 --> 00:36:50,890
Cameron felt he had new mj-12 documents

806
00:36:56,549 --> 00:36:53,950
and then he also was on our show to talk

807
00:37:00,480 --> 00:36:56,559
about it again III basically said this

808
00:37:02,279 --> 00:37:00,490
and that is I was hoping that grant

809
00:37:04,049 --> 00:37:02,289
Cameron's discovery of these new

810
00:37:08,940 --> 00:37:04,059
documents which were given to him by

811
00:37:10,710 --> 00:37:08,950
somebody I he can't say who regarding

812
00:37:15,450 --> 00:37:10,720
the verification of it I don't know if

813
00:37:18,120 --> 00:37:15,460

you all remember this I but Hyman Masson

814

00:37:23,279 --> 00:37:18,130

I don't I I'll be honest with you I

815

00:37:25,710 --> 00:37:23,289

don't even like saying his name okay I

816

00:37:28,500 --> 00:37:25,720

followed him you know when he first

817

00:37:30,420 --> 00:37:28,510

started you guys probably know where I'm

818

00:37:32,940 --> 00:37:30,430

going with this he's Mexican journalist

819

00:37:36,000 --> 00:37:32,950

it's the television personality and you

820

00:37:37,710 --> 00:37:36,010

apologists back in the day years ago

821

00:37:40,230 --> 00:37:37,720

when he would cover the topic of UF

822

00:37:43,920 --> 00:37:40,240

ology and I absolutely loved being able

823

00:37:44,280 --> 00:37:43,930

to listen to his reports but when he

824

00:37:48,360 --> 00:37:44,290

come

825

00:37:50,820 --> 00:37:48,370

the topic I'm sorry when he said that

826

00:37:52,770 --> 00:37:50,830

there was a real alien and he led an

827

00:37:54,480 --> 00:37:52,780

event called be a witness I'm sure you

828

00:37:57,900 --> 00:37:54,490

all remember that and think it was in

829

00:38:00,390 --> 00:37:57,910

Mexico people from all over the world

830

00:38:04,520 --> 00:38:00,400

went to that event and they felt like

831

00:38:07,710 --> 00:38:04,530

they had egg on their faces when they

832

00:38:10,770 --> 00:38:07,720

when they left they realized that the

833

00:38:12,900 --> 00:38:10,780

alien which was unveiled as authentic

834

00:38:14,970 --> 00:38:12,910

was actually not it was that of a

835

00:38:17,760 --> 00:38:14,980

mummified body importantly that about

836

00:38:19,800 --> 00:38:17,770

what a child I hope that what grant

837

00:38:22,560 --> 00:38:19,810

Cameron has supposedly discovered

838

00:38:24,390 --> 00:38:22,570

regarding these mj-12 documents that are

839

00:38:27,540 --> 00:38:24,400

supposed to be so astounding and by

840

00:38:31,620 --> 00:38:27,550

blowing are not going to end up in that

841

00:38:33,330 --> 00:38:31,630

kind of category what I was gonna ask

842

00:38:35,370 --> 00:38:33,340

yeah I just want to jump in and say I'd

843

00:38:36,960 --> 00:38:35,380

like to see him right away I do tend to

844

00:38:38,610 --> 00:38:36,970

think if I had to bet a dollar one way

845

00:38:42,780 --> 00:38:38,620

or the other I would bet that it's

846

00:38:45,600 --> 00:38:42,790

disinfo or if not governmental disinfo

847

00:38:47,100 --> 00:38:45,610

then somebody who sort of looked at the

848

00:38:49,290 --> 00:38:47,110

material that they put out over the

849

00:38:51,840 --> 00:38:49,300

years the fuzzy type material from

850

00:38:54,240 --> 00:38:51,850

people like Rick Doty take a close look

851
00:38:56,070 --> 00:38:54,250
at it and figured out some of the tricks

852
00:38:58,590 --> 00:38:56,080
they use and essentially do the same

853
00:39:00,060 --> 00:38:58,600
kind of thing I think at this point it's

854
00:39:01,620 --> 00:39:00,070
something I could do if I wanted to do

855
00:39:03,570 --> 00:39:01,630
it you know I think probably we'll know

856
00:39:06,360 --> 00:39:03,580
enough about what's in that material

857
00:39:08,850 --> 00:39:06,370
we're skeptical enough but those tricks

858
00:39:10,440 --> 00:39:08,860
are not that difficult to copy so though

859
00:39:13,710 --> 00:39:10,450
there could be some copycats out there

860
00:39:14,460 --> 00:39:13,720
it could be currently active opposing

861
00:39:17,070 --> 00:39:14,470
disinformation

862
00:39:19,680 --> 00:39:17,080
we don't know that the Rick Doty wasn't

863
00:39:21,660 --> 00:39:19,690

the person who gave this material so you

864

00:39:23,160 --> 00:39:21,670

know again I'm highly skeptical but I'd

865

00:39:26,670 --> 00:39:23,170

like to see him right away for the

866

00:39:30,540 --> 00:39:26,680

simple reason being that opposing

867

00:39:32,850 --> 00:39:30,550

disinformation it gets out there and it

868

00:39:34,410 --> 00:39:32,860

it informed some people some people

869

00:39:37,050 --> 00:39:34,420

believe it regardless of what's in it

870

00:39:38,520 --> 00:39:37,060

and it's something that you know we need

871

00:39:40,680 --> 00:39:38,530

to know about if they're still actively

872

00:39:43,080 --> 00:39:40,690

doing this type of thing or it's some

873

00:39:45,000 --> 00:39:43,090

kind of a private sector opportunist we

874

00:39:46,500 --> 00:39:45,010

should know that it's just like if

875

00:39:49,200 --> 00:39:46,510

somebody goes through your neighborhood

876
00:39:50,490 --> 00:39:49,210
running the home improvement scam you

877
00:39:52,620 --> 00:39:50,500
want to let your neighbors know about

878
00:39:54,780 --> 00:39:52,630
that you know what I mean sure so so

879
00:39:57,150 --> 00:39:54,790
that's that's kind of the same kind of

880
00:39:57,930 --> 00:39:57,160
attitude I take with it I'm itching to

881
00:40:01,559 --> 00:39:57,940
see the materia

882
00:40:03,180 --> 00:40:01,569
whatever it is and hey I can't say with

883
00:40:05,549 --> 00:40:03,190
a hundred percent certainty it's not

884
00:40:08,039 --> 00:40:05,559
going to be legitimate but I would like

885
00:40:09,809 --> 00:40:08,049
to know I would like to see it ASAP well

886
00:40:11,549 --> 00:40:09,819
I think we need to be fair to our panel

887
00:40:14,370 --> 00:40:11,559
let them go thank you very much for

888
00:40:16,980 --> 00:40:14,380

having come on today I wanted to be able

889

00:40:20,760 --> 00:40:16,990

to just mention dr. Scott's book also

890

00:40:23,880 --> 00:40:20,770

before I close the show and one comment

891

00:40:26,099 --> 00:40:23,890

I have to interject myself here and let

892

00:40:28,770 --> 00:40:26,109

everybody know that one of our loyal

893

00:40:30,839 --> 00:40:28,780

listeners again Rodrigo there's actually

894

00:40:32,549 --> 00:40:30,849

been others too but I can't keep up with

895

00:40:34,740 --> 00:40:32,559

the husband because I have to go in

896

00:40:36,859 --> 00:40:34,750

between different applications and

897

00:40:39,000 --> 00:40:36,869

sometimes things get lost in the process

898

00:40:41,880 --> 00:40:39,010

regarding people's comments sorry about

899

00:40:43,920 --> 00:40:41,890

that but a comment he wanted to make was

900

00:40:45,990 --> 00:40:43,930

Clifford stone who claimed to have been

901
00:40:48,240 --> 00:40:46,000
a part of the UFO crash retrieval

902
00:40:49,799 --> 00:40:48,250
program you wanted to mention that I

903
00:40:51,829 --> 00:40:49,809
don't know if anybody knows anything

904
00:40:54,329 --> 00:40:51,839
about that does anyone know about that I

905
00:40:57,599 --> 00:40:54,339
spent a lot of time talking to him when

906
00:41:01,140 --> 00:40:57,609
I last year in Roswell but I didn't ask

907
00:41:05,039 --> 00:41:01,150
him about coarseness he has a huge

908
00:41:07,710 --> 00:41:05,049
roomful just loads of information but

909
00:41:10,680 --> 00:41:07,720
again I didn't ask him about that well

910
00:41:12,569 --> 00:41:10,690
I'm glad you mentioned that dr. Scott

911
00:41:14,640 --> 00:41:12,579
was gonna ask you since you you're

912
00:41:16,200 --> 00:41:14,650
talking about him who is he

913
00:41:18,750 --> 00:41:16,210

and can you tell us a little bit about

914

00:41:20,430 --> 00:41:18,760

why you actually covered him I guess in

915

00:41:24,109 --> 00:41:20,440

one of your books or an article or why

916

00:41:28,769 --> 00:41:24,119

did you interview him giving a talk at

917

00:41:33,029 --> 00:41:28,779

Roswell and he was the other speaker and

918

00:41:35,700 --> 00:41:33,039

so anyway people said you know that I

919

00:41:38,549 --> 00:41:35,710

met him and that I could interview him

920

00:41:40,769 --> 00:41:38,559

and they newing so we went to out to his

921

00:41:41,430 --> 00:41:40,779

house and I talked to him for a long

922

00:41:43,500 --> 00:41:41,440

time

923

00:41:47,450 --> 00:41:43,510

and he just loaded with all kinds of

924

00:41:50,670 --> 00:41:47,460

information all kinds of government

925

00:41:53,359 --> 00:41:50,680

documents and everything and I asked him

926

00:41:59,039 --> 00:41:53,369

a lot of things but I didn't ask him

927

00:42:00,990 --> 00:41:59,049

about certain things such as whether he

928

00:42:05,010 --> 00:42:01,000

saw aliens and that sort of thing which

929

00:42:06,569 --> 00:42:05,020

I should have asked me well I thank you

930

00:42:09,180 --> 00:42:06,579

very much for having said that by the

931

00:42:10,829 --> 00:42:09,190

way dr. Scott I I you got I just have to

932

00:42:11,640 --> 00:42:10,839

tell everybody this I know when we get

933

00:42:12,990 --> 00:42:11,650

off the show I mean it's

934

00:42:14,810 --> 00:42:13,000

really bad for not having asked this

935

00:42:17,430 --> 00:42:14,820

question so I'm just gonna do it I

936

00:42:19,080 --> 00:42:17,440

wanted to ask everybody on the panel and

937

00:42:21,600 --> 00:42:19,090

anybody can you know jump in here and

938

00:42:26,780 --> 00:42:21,610

talk whenever they want does anybody

939

00:42:29,430 --> 00:42:26,790

believe mj-12 documents exist or not I

940

00:42:31,410 --> 00:42:29,440

do not I don't think they put that sort

941

00:42:33,660 --> 00:42:31,420

of thing in right yes yes John Freedman

942

00:42:36,690 --> 00:42:33,670

seems to think that a few of them might

943

00:42:39,510 --> 00:42:36,700

be I understand I understand I have to

944

00:42:41,550 --> 00:42:39,520

agree to disagree on that I don't I'm

945

00:42:44,250 --> 00:42:41,560

just making that comment I understand I

946

00:42:45,510 --> 00:42:44,260

understand yeah well I I went into

947

00:42:48,930 --> 00:42:45,520

detail about

948

00:42:52,500 --> 00:42:48,940

mj-12 in my last book and try to dissect

949

00:42:54,390 --> 00:42:52,510

them a bit and you know they're they're

950

00:42:56,040 --> 00:42:54,400

actual documents but that doesn't mean

951
00:42:58,320 --> 00:42:56,050
they're real and accurate or anything

952
00:43:00,420 --> 00:42:58,330
like that they're probably you know I

953
00:43:03,330 --> 00:43:00,430
went into the history I mean I think for

954
00:43:05,220 --> 00:43:03,340
the most part they're made up and

955
00:43:08,790 --> 00:43:05,230
somebody went to a lot of trouble to do

956
00:43:10,800 --> 00:43:08,800
it and they did I think that's important

957
00:43:12,750 --> 00:43:10,810
yeah that's an important thing they had

958
00:43:17,250 --> 00:43:12,760
resources whoever put them together and

959
00:43:19,650 --> 00:43:17,260
I think it was a Posey and to anvil

960
00:43:22,260 --> 00:43:19,660
mortar not legit at least the concept

961
00:43:24,840 --> 00:43:22,270
conceptually I mean is there a group

962
00:43:28,110 --> 00:43:24,850
within the government that is charged

963
00:43:30,420 --> 00:43:28,120

with you know control units I mean that

964

00:43:32,940 --> 00:43:30,430

that whether they're legit or not the

965

00:43:33,420 --> 00:43:32,950

principle applies I think yes I agree

966

00:43:36,180 --> 00:43:33,430

with that

967

00:43:38,580 --> 00:43:36,190

yeah absolutely there's something out

968

00:43:42,780 --> 00:43:38,590

there that sort of oversees everything

969

00:43:44,880 --> 00:43:42,790

on this subject but it's amorphous you

970

00:43:48,300 --> 00:43:44,890

know yeah and then you know to create

971

00:43:51,600 --> 00:43:48,310

documents is a great disinformation ploy

972

00:43:53,520 --> 00:43:51,610

right because you could you you put them

973

00:43:55,650 --> 00:43:53,530

out there as other legit and then you

974

00:43:57,840 --> 00:43:55,660

later intentionally debunk them and then

975

00:44:00,840 --> 00:43:57,850

you create you know so all these seeds

976

00:44:02,970 --> 00:44:00,850

of doubt stuff so I mean it's all again

977

00:44:08,580 --> 00:44:02,980

I hate to keep saying it but you know I

978

00:44:09,990 --> 00:44:08,590

have a gray box and it's pretty full you

979

00:44:12,210 --> 00:44:10,000

know I just I use caution with

980

00:44:14,130 --> 00:44:12,220

everything you know that then I think

981

00:44:17,520 --> 00:44:14,140

that well illustrates it right there

982

00:44:20,130 --> 00:44:17,530

that documentation yeah who long time

983

00:44:22,650 --> 00:44:20,140

has been wasted on that that could have

984

00:44:25,260 --> 00:44:22,660

been used right exactly

985

00:44:26,670 --> 00:44:25,270

exam yep

986

00:44:28,170 --> 00:44:26,680

I don't think you could have said it any

987

00:44:30,210 --> 00:44:28,180

better anyone could have said that

988

00:44:32,609 --> 00:44:30,220

better that really sums it up so well

989

00:44:34,620 --> 00:44:32,619

dr. up Earl how do you feel about the

990

00:44:36,420 --> 00:44:34,630

mj-12 documents about the veracity of

991

00:44:39,420 --> 00:44:36,430

them do you think they're authentic us

992

00:44:41,640 --> 00:44:39,430

maybe box as well that's it's gray box

993

00:44:44,220 --> 00:44:41,650

I'll tell you can name your box after me

994

00:44:52,710 --> 00:44:44,230

and yeah beer oh great we'll put it into

995

00:44:55,800 --> 00:44:52,720

your gray box it goes into my gray box

996

00:44:58,260 --> 00:44:55,810

I'll think that perhaps you know it's

997

00:45:00,600 --> 00:44:58,270

Stanton Friedman III had him sign my

998

00:45:03,300 --> 00:45:00,610

mj-12 book by the way I have a first

999

00:45:05,460 --> 00:45:03,310

edition and he was he was kind of he was

1000

00:45:06,990 --> 00:45:05,470

interested to see it he said oh this is

1001
00:45:09,480 --> 00:45:07,000
you know there's still some of these

1002
00:45:12,720 --> 00:45:09,490
around huh its first edition other thing

1003
00:45:14,880 --> 00:45:12,730
but you know I mean I think that it was

1004
00:45:17,310 --> 00:45:14,890
probably a probably a hoax

1005
00:45:22,770 --> 00:45:17,320
he might have gotten railroaded in on

1006
00:45:24,510 --> 00:45:22,780
but I don't know I don't know we do know

1007
00:45:26,040 --> 00:45:24,520
that there's there's obviously a

1008
00:45:29,910 --> 00:45:26,050
government organization that's

1009
00:45:32,010 --> 00:45:29,920
interested in UFOs and I wouldn't be

1010
00:45:34,830 --> 00:45:32,020
surprised if the people that were in

1011
00:45:38,160 --> 00:45:34,840
those documents whether false are true

1012
00:45:39,720 --> 00:45:38,170
we're working on stuff you know I'm

1013
00:45:41,700 --> 00:45:39,730

gonna tell you or I'll jump in and tell

1014

00:45:45,240 --> 00:45:41,710

everybody here when I first got into

1015

00:45:50,099 --> 00:45:45,250

this and I'm a skeptic and I still am in

1016

00:45:52,230 --> 00:45:50,109

about a lot of things but I didn't well

1017

00:45:54,020 --> 00:45:52,240

let me put it this way when I see

1018

00:45:57,690 --> 00:45:54,030

something that seems too good to be true

1019

00:45:59,910 --> 00:45:57,700

yeah you know so I did take a look at

1020

00:46:02,580 --> 00:45:59,920

the mj-12 documents and I've got to tell

1021

00:46:05,160 --> 00:46:02,590

you it was a pretty as somebody not

1022

00:46:09,750 --> 00:46:05,170

being expert somebody was interested but

1023

00:46:11,550 --> 00:46:09,760

not being expert on the subject it was a

1024

00:46:14,370 --> 00:46:11,560

really helpful research to ultimate

1025

00:46:17,370 --> 00:46:14,380

because it was all kind of together key

1026
00:46:20,220 --> 00:46:17,380
players were identified and it was very

1027
00:46:21,690 --> 00:46:20,230
helpful too it really was however I

1028
00:46:23,550 --> 00:46:21,700
still think they're fair I still think

1029
00:46:32,670 --> 00:46:23,560
they're fiction yeah it was helpful

1030
00:46:35,400 --> 00:46:32,680
fiction to me probably yeah we'll see so

1031
00:46:36,870 --> 00:46:35,410
I wanted to mention a few things in that

1032
00:46:38,310 --> 00:46:36,880
is I agree with Frank and by the way I

1033
00:46:38,940 --> 00:46:38,320
don't agree with everything Frank says

1034
00:46:42,630 --> 00:46:38,950
that all the

1035
00:46:45,990 --> 00:46:42,640
all the time this is actually at first I

1036
00:46:49,260 --> 00:46:46,000
should bring a bell or something I

1037
00:46:51,780 --> 00:46:49,270
actually grew Frank on mj-12 but I do

1038
00:46:55,049 --> 00:46:51,790

have to bow down to San Freedman because

1039

00:46:56,280 --> 00:46:55,059

as we all know you know when Stan

1040

00:47:00,799 --> 00:46:56,290

Freedman feels something could be

1041

00:47:07,559 --> 00:47:05,190

so ok because he thinks that a few of

1042

00:47:09,480 --> 00:47:07,569

those documents might be authentic ok

1043

00:47:10,740 --> 00:47:09,490

I'll consider it but in general no I

1044

00:47:14,220 --> 00:47:10,750

don't think they're authentic

1045

00:47:17,220 --> 00:47:14,230

I'm sorry grant Cameron I I appreciate

1046

00:47:18,960 --> 00:47:17,230

you very much but no I am NOT gonna

1047

00:47:20,960 --> 00:47:18,970

believe that your documents are

1048

00:47:22,770 --> 00:47:20,970

authentic until I have some kind of

1049

00:47:24,660 --> 00:47:22,780

something to go by

1050

00:47:27,270 --> 00:47:24,670

in order to have a check and balance to

1051

00:47:29,280 --> 00:47:27,280

check them myself I wanted to mention

1052

00:47:32,010 --> 00:47:29,290

everybody about the mj-12 documents you

1053

00:47:36,599 --> 00:47:32,020

can go to Stanton Friedman comm and look

1054

00:47:39,990 --> 00:47:36,609

up the mj-12 four-part series he did on

1055

00:47:42,510 --> 00:47:40,000

this topic and it's almost like a

1056

00:47:44,789 --> 00:47:42,520

scientific audit of everything regarding

1057

00:47:47,789 --> 00:47:44,799

mj-12 also want to let everybody know

1058

00:47:49,829 --> 00:47:47,799

about dr. Irena Scott's having been

1059

00:47:52,589 --> 00:47:49,839

interested mj-12 and her investigation

1060

00:47:55,859 --> 00:47:52,599

on it dr. Scott which book did you cover

1061

00:48:00,390 --> 00:47:55,869

the mg 12-top again I went the most

1062

00:48:02,160 --> 00:48:00,400

detail about in secret corridors ok yes

1063

00:48:04,770 --> 00:48:02,170

and I do want to cover that book I have

1064

00:48:06,390 --> 00:48:04,780

it right up and right in front of me so

1065

00:48:08,430 --> 00:48:06,400

I want to thank our panel today and I'm

1066

00:48:10,530 --> 00:48:08,440

gonna also mention that book thank you

1067

00:48:12,690 --> 00:48:10,540

dr. Irena Scott for having been on our

1068

00:48:14,789 --> 00:48:12,700

show today on such short notice everyone

1069

00:48:16,410 --> 00:48:14,799

for having been on yes we absolutely yep

1070

00:48:21,180 --> 00:48:16,420

yeah we put this together pretty quick

1071

00:48:24,480 --> 00:48:21,190

actually yeah in absolutes dr. Scott

1072

00:48:27,750 --> 00:48:24,490

worked on her a wonderful book for a

1073

00:48:31,289 --> 00:48:27,760

very long time and it's a book I

1074

00:48:33,180 --> 00:48:31,299

recommend everybody buy for good reason

1075

00:48:35,430 --> 00:48:33,190

and by the way nobody's getting rich in

1076

00:48:38,490 --> 00:48:35,440

the field of ufology through books ok I

1077

00:48:40,500 --> 00:48:38,500

know dr. Irena Scott is she doesn't have

1078

00:48:42,569 --> 00:48:40,510

money to like buy an island because of

1079

00:48:45,809 --> 00:48:42,579

her books or something but yeah she's

1080

00:48:47,579 --> 00:48:45,819

done decades of research and would love

1081

00:48:49,770 --> 00:48:47,589

to share this wonderful book it's called

1082

00:48:51,630 --> 00:48:49,780

sacred corridor secrets behind the real

1083

00:48:52,740 --> 00:48:51,640

1087

00:49:04,020 --> 00:49:01,840

check out that book and then also want

1088

00:49:06,060 --> 00:49:04,030

to thank Shane herd field investigator

1089

00:49:07,650 --> 00:49:06,070

for Phoenix MUFON for having come on the

1090

00:49:12,590 --> 00:49:07,660

show today on such short notice

1091

00:49:15,030 --> 00:49:12,600

and Earl Grey also Southern California

1092

00:49:16,980 --> 00:49:15,040

he's a chief investigator for Southern

1093

00:49:21,960 --> 00:49:16,990

California's chapter there Shane and

1094

00:49:26,070 --> 00:49:21,970

Earl one of your books coming out in a

1095

00:49:28,800 --> 00:49:26,080

month or so I hope jeans coming up me I

1096

00:49:31,980 --> 00:49:28,810

just have to find time to actually do it

1097

00:49:34,230 --> 00:49:31,990

I'm too busy I mean I literally I'm

1098

00:49:37,200 --> 00:49:34,240

gonna leave you guys in about an hour

1099

00:49:39,000 --> 00:49:37,210

and a half I've got a experience a

1100

00:49:41,580 --> 00:49:39,010

research team meeting with Kathleen

1101

00:49:44,610 --> 00:49:41,590

Martin and all those guys and it's it's

1102

00:49:47,820 --> 00:49:44,620

time for you know I've been doing all

1103

00:49:50,880 --> 00:49:47,830

these AR T cases you know experience a

1104

00:49:52,830 --> 00:49:50,890

research team through MUFON the last

1105

00:49:55,170 --> 00:49:52,840

seven months and it's it's the week that

1106

00:49:57,210 --> 00:49:55,180

I'm supposed to actually bundle them all

1107

00:49:59,700 --> 00:49:57,220

together and physically send those out

1108

00:50:03,570 --> 00:49:59,710

to Kathleen Martin so I've been very

1109

00:50:09,870 --> 00:50:03,580

very busy you know write a book I mean

1110

00:50:11,310 --> 00:50:09,880

I've got like ten in me at least we we

1111

00:50:13,890 --> 00:50:11,320

also by the way forgot to mention

1112

00:50:17,340 --> 00:50:13,900

somebody that's really important and

1113

00:50:20,070 --> 00:50:17,350

that is I know dr. Scott and Earl Grey

1114

00:50:22,560 --> 00:50:20,080

and Shane hurt and Frank will agree with

1115

00:50:25,440 --> 00:50:22,570

me on this that Leonard H Stringfield

1116

00:50:27,060 --> 00:50:25,450

another classic UFO gist when I want to

1117

00:50:29,520 --> 00:50:27,070

interviewed Earl Grey he went into

1118

00:50:31,590 --> 00:50:29,530

detail about him how much he admires him

1119

00:50:33,900 --> 00:50:31,600

having specialized in UFO crash

1120

00:50:36,330 --> 00:50:33,910

retrievals and his status reports are

1121

00:50:37,980 --> 00:50:36,340

also amazing to read so I just want to

1122

00:50:40,680 --> 00:50:37,990

mention that name to that iconic person

1123

00:50:43,650 --> 00:50:40,690

yes you can find him on Amazon you can

1124

00:50:45,900 --> 00:50:43,660

download them on your Kindle you know

1125

00:50:48,810 --> 00:50:45,910

Stringfield status reports wonderful

1126
00:50:51,180 --> 00:50:48,820
reading and just really amazing and Wow

1127
00:50:53,370 --> 00:50:51,190
you know

1128
00:50:55,320 --> 00:50:53,380
you were mentioning his book situation

1129
00:50:57,300 --> 00:50:55,330
read also when I interviewed you but

1130
00:50:59,280 --> 00:50:57,310
thank you so much everybody for having

1131
00:51:01,170 --> 00:50:59,290
come on the show on such extremely short

1132
00:51:02,880 --> 00:51:01,180
notice today we covered a lot of really

1133
00:51:04,500 --> 00:51:02,890
mind-blowing stuff I think this is gonna

1134
00:51:06,480 --> 00:51:04,510
be one of our best shows of the year so

1135
00:51:08,099 --> 00:51:06,490
thank you absolutely

1136
00:51:10,829 --> 00:51:08,109
come thanks a lot everybody appreciate

1137
00:51:13,260 --> 00:51:10,839
you chant thank you for a so yep and

1138
00:51:15,780 --> 00:51:13,270

let's wrap this up here we're gonna be

1139

00:51:18,120 --> 00:51:15,790

back Tuesday Thursday and then the

1140

00:51:21,240 --> 00:51:18,130

following Monday I believe it's Tom Reed

1141

00:51:24,000 --> 00:51:21,250

Tuesday the Thursday Bruce cornet and

1142

00:51:25,470 --> 00:51:24,010

then a week from tomorrow next Monday

1143

00:51:25,920 --> 00:51:25,480

not this coming Monday the following

1144

00:51:28,170 --> 00:51:25,930

Monday

1145

00:51:31,980 --> 00:51:28,180

Keith pastor fields going to be on from

1146

00:51:33,240 --> 00:51:31,990

all the way in Australia so tune in and

1147

00:51:34,890 --> 00:51:33,250

I think we're probably going to try to

1148

00:51:37,260 --> 00:51:34,900

avoid Sundays because that's when we

1149

00:51:38,240 --> 00:51:37,270

seem to have our technical glitches so

1150

00:51:41,490 --> 00:51:38,250

going forward

1151

00:51:43,800 --> 00:51:41,500

UFOs news network Sunday might not be on

1152

00:51:45,750 --> 00:51:43,810

quite as many Sundays that's we've been

1153

00:51:47,070 --> 00:51:45,760

doing a lot of that lately but good

1154

00:51:49,290 --> 00:51:47,080

night everybody enjoy what's left of
