36

00:02:42,560 --> 00:02:40,840

known for I love to be able to have the

privilege and honor of welcoming

38

00:02:46,590 --> 00:02:44,950

Alejandro Rojas onto our show thank you

39

00:02:49,350 --> 00:02:46,600

for coming on to our show Alejandro how

40

00:02:50,850 --> 00:02:49,360

are you I'm doing well and I'm doing

41

00:02:53,100 --> 00:02:50,860

much better after that wonderful

42

00:02:54,680 --> 00:02:53,110

introduction thank you so much for all

43

00:02:57,390 --> 00:02:54,690

those kind words

44

00:02:59,370 --> 00:02:57,400

we love you Alejandro how are you doing

45

00:03:01,860 --> 00:02:59,380

tonight by the way I'm doing well

46

00:03:03,300 --> 00:03:01,870

keeping very busy especially lately

47

00:03:05,580 --> 00:03:03,310

because there's so much news going on

48

00:03:07,259 --> 00:03:05,590

which of course we'll get into but yeah

49

00:03:09,270 --> 00:03:07,269

I'm doing pretty good I have a bit of a

50

00:03:12,150 --> 00:03:09,280

stuffy nose I think it's allergies but

51  
00:03:13,740 --> 00:03:12,160  
other than that I'm well okay good yawn

52  
00:03:15,570 --> 00:03:13,750  
I hear you have just a little bit of a

53  
00:03:18,210 --> 00:03:15,580  
allergy thing there but you sound

54  
00:03:21,510 --> 00:03:18,220  
fantastic I did want to kind of get into

55  
00:03:22,900 --> 00:03:21,520  
an interesting topic here and so I'll go

56  
00:03:25,480 --> 00:03:22,910  
ahead and touch on that in

57  
00:03:27,970 --> 00:03:25,490  
as a Navy release the US Navy drafted

58  
00:03:30,400 --> 00:03:27,980  
new guidelines for reporting UFOs I

59  
00:03:31,510 --> 00:03:30,410  
wanted to read a quote by you and I also

60  
00:03:35,110 --> 00:03:31,520  
want to read a little bit of what

61  
00:03:38,110 --> 00:03:35,120  
military.com said about it what you said

62  
00:03:40,210 --> 00:03:38,120  
regarding the I'm sorry actually let me

63  
00:03:41,740 --> 00:03:40,220

let me just go straight into the US Navy

64

00:03:46,090 --> 00:03:41,750

drafting new guidelines for reporting

65

00:03:47,950 --> 00:03:46,100

about foes I I know I have my - am I

66

00:03:49,930 --> 00:03:47,960

going to that real quickly there

67

00:03:51,430 --> 00:03:49,940

Alejandra while I bring up something I'm

68

00:03:52,510 --> 00:03:51,440

sorry I just had it just disappeared

69

00:03:55,750 --> 00:03:52,520

right in front of me I don't know how

70

00:03:57,820 --> 00:03:55,760

that happened yeah just alejandro on top

71

00:03:59,530 --> 00:03:57,830

of all that they didn't just draft the

72

00:04:02,200 --> 00:03:59,540

guidelines but they released that

73

00:04:03,640 --> 00:04:02,210

information to the public which I threw

74

00:04:05,440 --> 00:04:03,650

the public through the major news media

75

00:04:08,050 --> 00:04:05,450

I think that's really interesting

76  
00:04:10,480 --> 00:04:08,060  
because they really seem to want to get

77  
00:04:12,610 --> 00:04:10,490  
that word out there to naval personnel

78  
00:04:14,820 --> 00:04:12,620  
that they're pretty serious about this

79  
00:04:17,020 --> 00:04:14,830  
they want these reports coming in I

80  
00:04:19,900 --> 00:04:17,030  
agree a hundred percent I think that's a

81  
00:04:22,690 --> 00:04:19,910  
really important aspect is that this was

82  
00:04:24,400 --> 00:04:22,700  
a public announcement through Politico

83  
00:04:26,140 --> 00:04:24,410  
but of course there's been a bunch of

84  
00:04:28,750 --> 00:04:26,150  
stories out there pretty much every

85  
00:04:32,170 --> 00:04:28,760  
major news network has covered it at

86  
00:04:34,350 --> 00:04:32,180  
this point and I think that you know

87  
00:04:38,290 --> 00:04:34,360  
that's an important aspect of my

88  
00:04:39,640 --> 00:04:38,300

perspective is we do know despite what

89

00:04:42,310 --> 00:04:39,650

they've been telling us for the last few

90

00:04:45,820 --> 00:04:42,320

decades that the military takes UFO

91

00:04:48,310 --> 00:04:45,830

cases seriously in particular you know

92

00:04:51,909 --> 00:04:48,320

there's a story I got and a lot of this

93

00:04:54,460 --> 00:04:51,919

information was aided by paul-dean UFO

94

00:04:55,180 --> 00:04:54,470

researcher in Australia where you know

95

00:04:58,000 --> 00:04:55,190

it's a thing called

96

00:05:00,220 --> 00:04:58,010

op rep they use this flag word for an

97

00:05:01,990 --> 00:05:00,230

important occurrence that needs to go up

98

00:05:04,810 --> 00:05:02,000

the chain of command and there are UFO

99

00:05:06,400 --> 00:05:04,820

cases that use this opera flag word and

100

00:05:09,070 --> 00:05:06,410

these are important cases usually

101  
00:05:11,170 --> 00:05:09,080  
however these cases we've seen in the

102  
00:05:12,700 --> 00:05:11,180  
60s 70s this is during the time where

103  
00:05:14,530 --> 00:05:12,710  
they've said they haven't had an

104  
00:05:17,200 --> 00:05:14,540  
interest in UFOs so we know that they

105  
00:05:19,780 --> 00:05:17,210  
have but they haven't had a public

106  
00:05:21,490 --> 00:05:19,790  
interest in UFOs they've they've always

107  
00:05:24,400 --> 00:05:21,500  
said you know whenever researchers

108  
00:05:25,780 --> 00:05:24,410  
inquire they send us to this UFO fact

109  
00:05:27,820 --> 00:05:25,790  
sheet that they have at the National

110  
00:05:30,190 --> 00:05:27,830  
Archives for the Air Force saying oh

111  
00:05:32,800 --> 00:05:30,200  
since 1969 we don't really care about

112  
00:05:34,330 --> 00:05:32,810  
UFOs anymore so we know that isn't the

113  
00:05:36,399 --> 00:05:34,340

case this is the first time where

114

00:05:38,949 --> 00:05:36,409

they're kind of coming out and saying we

115

00:05:41,859 --> 00:05:38,959

you take this seriously despite what

116

00:05:44,769 --> 00:05:41,869

they've said in the past and we are

117

00:05:47,409 --> 00:05:44,779

going to be taking in reports I think

118

00:05:50,829 --> 00:05:47,419

that what we've seen is you know the

119

00:05:52,719 --> 00:05:50,839

servicemen and women have not felt

120

00:05:55,179 --> 00:05:52,729

comfortable reporting UFOs and there

121

00:05:56,979 --> 00:05:55,189

hasn't been kind of the standing you

122

00:05:58,659 --> 00:05:56,989

know order or they haven't known what to

123

00:06:00,669 --> 00:05:58,669

do whenever they have these occurrences

124

00:06:02,769 --> 00:06:00,679

and that is the audience for this though

125

00:06:05,290 --> 00:06:02,779

Alejandro that's the only to this

126

00:06:07,839 --> 00:06:05,300

release the public at large doesn't

127

00:06:09,999 --> 00:06:07,849

really care UFO buffs like ourselves we

128

00:06:12,669 --> 00:06:10,009

love this stuff but you know so what

129

00:06:15,339 --> 00:06:12,679

it's for the Navy personnel that's who

130

00:06:18,969 --> 00:06:15,349

this information that that's who that

131

00:06:21,909 --> 00:06:18,979

what this who this release is for for

132

00:06:24,069 --> 00:06:21,919

both it's for the Navy personnel but

133

00:06:26,619 --> 00:06:24,079

also the public and the reason I say

134

00:06:30,040 --> 00:06:26,629

that is that anything that the major and

135

00:06:31,659 --> 00:06:30,050

Navy personnel do for instance when they

136

00:06:33,249 --> 00:06:31,669

have a UFO or encounter or something

137

00:06:35,379 --> 00:06:33,259

they're gonna share well here's what I

138

00:06:37,419 --> 00:06:35,389

did when it comes to the Nimitz for

139

00:06:39,069 --> 00:06:37,429

example that we know what they did but

140

00:06:40,959 --> 00:06:39,079

there was no Standing Orders when they

141

00:06:43,419 --> 00:06:40,969

got back they were made fun of when they

142

00:06:45,850 --> 00:06:43,429

got back to the to the Nimitz after the

143

00:06:49,179 --> 00:06:45,860

pilots had in their encounter so I mean

144

00:06:51,339 --> 00:06:49,189

all is if they still they still will

145

00:06:54,189 --> 00:06:51,349

they will still take some rivet even if

146

00:06:57,399 --> 00:06:54,199

it is official ribbing but at least

147

00:06:59,290 --> 00:06:57,409

there was no standing protocol by by

148

00:07:01,329 --> 00:06:59,300

making this public they didn't have to

149

00:07:03,279 --> 00:07:01,339

share this with the public so sure these

150

00:07:05,379 --> 00:07:03,289

are reporting guidelines for the Navy

151

00:07:06,579 --> 00:07:05,389

personnel but they're making a public

152

00:07:08,139 --> 00:07:06,589

that they're gonna be taking these

153

00:07:10,389 --> 00:07:08,149

reports and that they're gonna be taking

154

00:07:12,100 --> 00:07:10,399

them seriously so it is a very public

155

00:07:13,659 --> 00:07:12,110

thing essentially it's a change in their

156

00:07:15,639 --> 00:07:13,669

stance we're not gonna ignore this

157

00:07:17,859 --> 00:07:15,649

anymore we're not gonna send you packing

158

00:07:19,059 --> 00:07:17,869

when you ask about it instead we're

159

00:07:20,619 --> 00:07:19,069

gonna take this seriously

160

00:07:22,989 --> 00:07:20,629

we're gonna encourage our people to

161

00:07:24,399 --> 00:07:22,999

report these things and then essentially

162

00:07:26,649 --> 00:07:24,409

adds it just change that we're gonna

163

00:07:31,689 --> 00:07:26,659

take this topic seriously now and this

164

00:07:33,939 --> 00:07:31,699

is going let me finish my next show a

165

00:07:36,100 --> 00:07:33,949

point here this is going to get around

166

00:07:40,659 --> 00:07:36,110

because just like we have our own UFO

167

00:07:43,119 --> 00:07:40,669

specific outlets websites podcasts and

168

00:07:45,639 --> 00:07:43,129

that so on and so forth so does the Navy

169

00:07:48,009 --> 00:07:45,649

and this news is going to get around to

170

00:07:50,640 --> 00:07:48,019

the naval personnel this might shake out

171

00:07:53,499 --> 00:07:50,650

some some very interesting case

172

00:07:55,270 --> 00:07:53,509

yeah exactly I think that's exactly true

173

00:07:57,610 --> 00:07:55,280

and unto your earlier point too what's

174

00:08:00,070 --> 00:07:57,620

interesting is that they have apparently

175

00:08:01,570 --> 00:08:00,080

already rolled out these guidelines but

176

00:08:04,689 --> 00:08:01,580

they're not sharing with the public what

177

00:08:07,600 --> 00:08:04,699

these guidelines are so we may hear from

178

00:08:09,520 --> 00:08:07,610

a service personnel in the future you

179

00:08:11,320 --> 00:08:09,530

know what these guidelines are hopefully

180

00:08:12,820 --> 00:08:11,330

we will through some of these stories

181

00:08:15,309 --> 00:08:12,830

that do come out of the woodwork but I

182

00:08:17,050 --> 00:08:15,319

think you make a good point so I was

183

00:08:20,260 --> 00:08:17,060

talking to somebody about this today and

184

00:08:22,390 --> 00:08:20,270

they were saying the Navy doesn't need

185

00:08:25,059 --> 00:08:22,400

to update UFO reporting procedures they

186

00:08:29,080 --> 00:08:25,069

just need to follow Jen app 146 II and

187

00:08:30,909 --> 00:08:29,090

AFM 5511 janaab stands for joint

188

00:08:31,709 --> 00:08:30,919

army/navy publication do you have any

189

00:08:34,540 --> 00:08:31,719

comment on that

190

00:08:36,639 --> 00:08:34,550

well I mean those are standing orders

191

00:08:38,709 --> 00:08:36,649

that have been around for decades a very

192

00:08:40,240 --> 00:08:38,719

long time and in fact you know that's

193

00:08:41,980 --> 00:08:40,250

kind of what I was referring to earlier

194

00:08:43,949 --> 00:08:41,990

there used to be this section at least

195

00:08:46,660 --> 00:08:43,959

for the Air Force of the Gienapp

196

00:08:49,000 --> 00:08:46,670

outlines but then that changed you this

197

00:08:52,389 --> 00:08:49,010

ah prep system of kind of flagging these

198

00:08:55,300 --> 00:08:52,399

so it's changed up a little bit however

199

00:08:56,949 --> 00:08:55,310

even though procedures are on the books

200

00:08:58,449 --> 00:08:56,959

somewhere doesn't mean your people know

201  
00:09:02,920 --> 00:08:58,459  
about it back when they came up with

202  
00:09:04,930 --> 00:09:02,930  
those guidelines they had posters you

203  
00:09:07,329 --> 00:09:04,940  
know I used this in this blog that I

204  
00:09:08,680 --> 00:09:07,339  
made about this whole thing I even used

205  
00:09:10,540 --> 00:09:08,690  
the section of the poster where they

206  
00:09:13,420 --> 00:09:10,550  
said you know report these things and

207  
00:09:15,490 --> 00:09:13,430  
they show enemy aircraft enemy ships and

208  
00:09:17,079 --> 00:09:15,500  
they even show unidentified flying off

209  
00:09:18,880 --> 00:09:17,089  
two objects and they have a little

210  
00:09:21,550 --> 00:09:18,890  
picture of a disc and a little picture

211  
00:09:24,880 --> 00:09:21,560  
of this like you know Flash Gordon

212  
00:09:26,620 --> 00:09:24,890  
looking spaceship so but this is more

213  
00:09:28,600 --> 00:09:26,630

you know something that they're

214

00:09:31,300 --> 00:09:28,610

communicating across the line so people

215

00:09:33,340 --> 00:09:31,310

are aware of what the procedures are and

216

00:09:35,949 --> 00:09:33,350

what you do and I think this is kind of

217

00:09:38,139 --> 00:09:35,959

at least internally a whole kind of PR

218

00:09:40,750 --> 00:09:38,149

program for UFOs it's essentially bad

219

00:09:43,569 --> 00:09:40,760

guys it's okay you can report these

220

00:09:46,240 --> 00:09:43,579

please do and not only they want them

221

00:09:48,400 --> 00:09:46,250

they are the upper brass somewhere in

222

00:09:51,370 --> 00:09:48,410

the Department of the Navy they want

223

00:09:55,150 --> 00:09:51,380

these reports right should be very

224

00:09:57,880 --> 00:09:55,160

interesting news for us UFOs I wanted to

225

00:10:00,010 --> 00:09:57,890

bring up with military.com does say

226

00:10:02,439 --> 00:10:00,020

about this fascinating topic we're

227

00:10:03,940 --> 00:10:02,449

bringing up here and that is exactly

228

00:10:05,740 --> 00:10:03,950

what

229

00:10:08,050 --> 00:10:05,750

Kandra was mentioning earlier regarding

230

00:10:11,380 --> 00:10:08,060

Politico having brought this current

231

00:10:15,250 --> 00:10:11,390

news to our attention they say as part

232

00:10:17,350 --> 00:10:15,260

of this effort political reported the

233

00:10:19,180 --> 00:10:17,360

Navy is updating and formalizing the

234

00:10:21,850 --> 00:10:19,190

process by which reports of any such

235

00:10:24,130 --> 00:10:21,860

suspected incursions can be made to the

236

00:10:25,450 --> 00:10:24,140

cognizant authorities a new message to

237

00:10:28,000 --> 00:10:25,460

the fleet that will detail the steps

238

00:10:29,500 --> 00:10:28,010

reporting is in draft the initiative

239

00:10:31,600 --> 00:10:29,510

comes amid increasing interest from

240

00:10:33,400 --> 00:10:31,610

lawmakers and the public following the

241

00:10:35,320 --> 00:10:33,410

release of classified files from the

242

00:10:37,330 --> 00:10:35,330

Defense Intelligence Agency that

243

00:10:40,000 --> 00:10:37,340

revealed the funding of projects that

244

00:10:42,490 --> 00:10:40,010

investigated UFOs wormholes alternate

245

00:10:44,440 --> 00:10:42,500

dimensions and other obscure topics that

246

00:10:47,050 --> 00:10:44,450

typically leads to the conspiracy theory

247

00:10:49,840 --> 00:10:47,060

fringes of the web then just to further

248

00:10:52,270 --> 00:10:49,850

finish with what they said right now we

249

00:10:54,370 --> 00:10:52,280

have a situation in which UFOs and you

250

00:10:54,880 --> 00:10:54,380

ApS are treated as anomalies to be

251  
00:10:57,370 --> 00:10:54,890  
ignored

252  
00:10:59,500 --> 00:10:57,380  
rather than anomalies to be explored it

253  
00:11:01,630 --> 00:10:59,510  
added we have systems that exclude the

254  
00:11:03,700 --> 00:11:01,640  
information and dump it the Navy also

255  
00:11:06,190 --> 00:11:03,710  
said it's taking a more proactive

256  
00:11:08,200 --> 00:11:06,200  
approach in briefing lawmakers last

257  
00:11:09,460 --> 00:11:08,210  
thing they said is a response to

258  
00:11:11,890 --> 00:11:09,470  
requests for information from

259  
00:11:13,750 --> 00:11:11,900  
congressional members and staff Navy

260  
00:11:15,670 --> 00:11:13,760  
officials have provided a series of

261  
00:11:18,490 --> 00:11:15,680  
briefings by senior naval intelligence

262  
00:11:21,340 --> 00:11:18,500  
officials as well as aviators who

263  
00:11:25,690 --> 00:11:21,350

reported hazards to aviation safety the

264

00:11:27,220 --> 00:11:25,700

service told POLITICO ok moving along I

265

00:11:29,530 --> 00:11:27,230

wanted to bring up an interesting topic

266

00:11:31,780 --> 00:11:29,540

and that is on the minds of a lot of

267

00:11:34,810 --> 00:11:31,790

people in the UFO AG community and that

268

00:11:37,450 --> 00:11:34,820

is unsigned DoD form 1910 for video

269

00:11:39,640 --> 00:11:37,460

release I wanted to bring up a quote by

270

00:11:42,970 --> 00:11:39,650

Alejandra recently when he was reporting

271

00:11:44,950 --> 00:11:42,980

on this across social media Alejandro

272

00:11:48,460 --> 00:11:44,960

said and I began the quote just talked

273

00:11:50,260 --> 00:11:48,470

to Lou Elizondo he wanted to reassure me

274

00:11:52,390 --> 00:11:50,270

there will definitely be a public

275

00:11:54,850 --> 00:11:52,400

component to all of this the Navy will

276  
00:11:56,860 --> 00:11:54,860  
not share raw data but he says they will

277  
00:11:59,260 --> 00:11:56,870  
be providing information to DoD

278  
00:12:00,880 --> 00:11:59,270  
leadership in Congress that information

279  
00:12:01,300 --> 00:12:00,890  
will be used to create reports for the

280  
00:12:03,250 --> 00:12:01,310  
public

281  
00:12:05,110 --> 00:12:03,260  
he says the raw data will be classified

282  
00:12:07,570 --> 00:12:05,120  
they will need to protect classified

283  
00:12:09,460 --> 00:12:07,580  
info such as sources and methods the

284  
00:12:10,840 --> 00:12:09,470  
info provided to the public will likely

285  
00:12:12,850 --> 00:12:10,850  
include information on their

286  
00:12:15,670 --> 00:12:12,860  
interactions with you APN stats

287  
00:12:17,470 --> 00:12:15,680  
he says it is kind of like nukes and

288  
00:12:20,050 --> 00:12:17,480

North Korea they do know

289

00:12:21,240 --> 00:12:20,060

share details about what they know but

290

00:12:24,520 --> 00:12:21,250

they do inform the public

291

00:12:26,740 --> 00:12:24,530

NK has the nukes North Korea's nuke the

292

00:12:28,630 --> 00:12:26,750

public is not left in the dark and will

293

00:12:31,210 --> 00:12:28,640

not be left in the dark regarding the

294

00:12:33,820 --> 00:12:31,220

Navy UFOs findings by the way we also

295

00:12:38,140 --> 00:12:33,830

have an interview tentatively scheduled

296

00:12:39,850 --> 00:12:38,150

this week and wanted to get a little bit

297

00:12:42,190 --> 00:12:39,860

more input from you on that Alejandra

298

00:12:44,800 --> 00:12:42,200

please yeah I think this is a really

299

00:12:47,170 --> 00:12:44,810

important point because the Washington

300

00:12:49,660 --> 00:12:47,180

Post had come out with a story the

301  
00:12:51,540 --> 00:12:49,670  
headline was maybe no release of UFO

302  
00:12:54,790 --> 00:12:51,550  
information to the general public

303  
00:12:56,590 --> 00:12:54,800  
expected and this gave the impression

304  
00:12:58,720 --> 00:12:56,600  
that the Navy would not be sharing

305  
00:13:01,000 --> 00:12:58,730  
anything with the public and in a way

306  
00:13:03,550 --> 00:13:01,010  
that's true and I think this kind of

307  
00:13:05,890 --> 00:13:03,560  
comes back more that the reporters

308  
00:13:08,580 --> 00:13:05,900  
didn't really know the right questions

309  
00:13:10,780 --> 00:13:08,590  
to ask they didn't ask you know is this

310  
00:13:12,640 --> 00:13:10,790  
information gonna be shared at some

311  
00:13:14,470 --> 00:13:12,650  
point and that's the point that Lou

312  
00:13:15,940 --> 00:13:14,480  
really wanted to share when we talk

313  
00:13:18,910 --> 00:13:15,950

today and he was more than happy to say

314

00:13:21,760 --> 00:13:18,920

yeah do please share this with people

315

00:13:24,280 --> 00:13:21,770

why would Lou know because you know Tom

316

00:13:28,300 --> 00:13:24,290

DeLonge made the point that that we were

317

00:13:31,060 --> 00:13:28,310

involved with the the Navy getting this

318

00:13:32,470 --> 00:13:31,070

information out I you know already saw

319

00:13:34,360 --> 00:13:32,480

the writing on the why I wrote a blog

320

00:13:37,330 --> 00:13:34,370

about how you know that's the case that

321

00:13:41,050 --> 00:13:37,340

the stars had everything to do with this

322

00:13:43,030 --> 00:13:41,060

and then Chris melon when this DD 1910

323

00:13:46,210 --> 00:13:43,040

form which we're gonna talk about came

324

00:13:48,310 --> 00:13:46,220

out he also spoke to the fact that you

325

00:13:49,990 --> 00:13:48,320

know we did have a lot to do with all

326

00:13:51,850 --> 00:13:50,000

this information coming out we have been

327

00:13:54,130 --> 00:13:51,860

working with these politicians and with

328

00:13:57,310 --> 00:13:54,140

these military leadership in the

329

00:13:59,710 --> 00:13:57,320

background on all of this so they are in

330

00:14:01,450 --> 00:13:59,720

a position to know and and what I find

331

00:14:03,190 --> 00:14:01,460

is kind of you know behind the scenes

332

00:14:06,070 --> 00:14:03,200

with Lou sharing this information is

333

00:14:08,680 --> 00:14:06,080

that he is in the know so these guys are

334

00:14:10,510 --> 00:14:08,690

a part of these conversations so Lou

335

00:14:13,030 --> 00:14:10,520

shared and you know I think the North

336

00:14:14,830 --> 00:14:13,040

Korea thing is a great example that of

337

00:14:16,570 --> 00:14:14,840

course we don't get all that raw Intel

338

00:14:18,700 --> 00:14:16,580

that they have that they acquire on

339

00:14:20,860 --> 00:14:18,710

North Korea in their nukes but they do

340

00:14:22,980 --> 00:14:20,870

share with us some information they

341

00:14:25,900 --> 00:14:22,990

share with us even locations and

342

00:14:27,670 --> 00:14:25,910

facilities at time so there's varying

343

00:14:29,590 --> 00:14:27,680

amounts of information they share with

344

00:14:31,030 --> 00:14:29,600

us about North Korea and their their

345

00:14:32,860 --> 00:14:31,040

program but

346

00:14:35,050 --> 00:14:32,870

what he says is it'll be similar at some

347

00:14:38,590 --> 00:14:35,060

point in the future you know they will

348

00:14:41,320 --> 00:14:38,600

be sending reports to their military

349

00:14:43,840 --> 00:14:41,330

leadership to Congress and then it is

350

00:14:46,540 --> 00:14:43,850

according to him part of the plan that

351

00:14:48,790 --> 00:14:46,550

they will be releasing these reports

352

00:14:51,250 --> 00:14:48,800

about their findings their interactions

353

00:14:53,530 --> 00:14:51,260

and I think that's one thing that we

354

00:14:55,690 --> 00:14:53,540

have to keep in mind and and I know a

355

00:14:57,640 --> 00:14:55,700

lot of people are hesitant about to the

356

00:15:01,000 --> 00:14:57,650

Stars and some of the people involved

357

00:15:04,150 --> 00:15:01,010

but you know having some direct access

358

00:15:07,840 --> 00:15:04,160

to them and also following this story we

359

00:15:10,330 --> 00:15:07,850

haven't really found them to be wrong I

360

00:15:12,310 --> 00:15:10,340

mean they have been making ground on all

361

00:15:15,520 --> 00:15:12,320

of these things and we do have kind of a

362

00:15:17,110 --> 00:15:15,530

friend in the UFO business here it's

363

00:15:20,410 --> 00:15:17,120

like the same company a friend in the

364

00:15:23,260 --> 00:15:20,420

diamond industry we do have these guys

365

00:15:26,200 --> 00:15:23,270

championing us to make sure

366

00:15:28,210 --> 00:15:26,210

that this happens how many things our

367

00:15:30,280 --> 00:15:28,220

little lobbying group things are a lot

368

00:15:32,890 --> 00:15:30,290

more interesting these days you know

369

00:15:35,890 --> 00:15:32,900

better five years and you think how

370

00:15:38,050 --> 00:15:35,900

pretty well dead things were compared to

371

00:15:40,090 --> 00:15:38,060

what they are now there's oh my god to

372

00:15:41,770 --> 00:15:40,100

talk about I mean those were those were

373

00:15:44,560 --> 00:15:41,780

kind of the dark ages you know the

374

00:15:46,750 --> 00:15:44,570

middle game of the decade just not a

375

00:15:48,670 --> 00:15:46,760

whole lot going on but that based on

376

00:15:51,100 --> 00:15:48,680

your conversations with Elizondo it's

377

00:15:53,140 --> 00:15:51,110

pretty clear that there is a an outside

378

00:15:56,140 --> 00:15:53,150

team but to the Stars Academy and

379

00:15:58,960 --> 00:15:56,150

there's also very much an inside team as

380

00:16:01,600 --> 00:15:58,970

well I think you make a great point

381

00:16:04,000 --> 00:16:01,610

there in fact in the Navy response they

382

00:16:06,690 --> 00:16:04,010

said that Congress wanted to be briefed

383

00:16:10,270 --> 00:16:06,700

and briefed and they naval intelligence

384

00:16:12,790 --> 00:16:10,280

officers briefed Congress on the UFO

385

00:16:14,560 --> 00:16:12,800

situation there are known even though

386

00:16:16,150 --> 00:16:14,570

there are people in my in the

387

00:16:18,040 --> 00:16:16,160

intelligence community

388

00:16:20,230 --> 00:16:18,050

I see they call it which is a term I

389

00:16:22,630 --> 00:16:20,240

think we're gonna be using more such as

390

00:16:24,400 --> 00:16:22,640

you know people like Chris melon and

391

00:16:26,680 --> 00:16:24,410

Elizondo come from intelligence they

392

00:16:29,140 --> 00:16:26,690

don't come from naval intelligence so

393

00:16:31,570 --> 00:16:29,150

who are these naval intelligence people

394

00:16:33,730 --> 00:16:31,580

that were briefing Congress on UFOs of

395

00:16:35,740 --> 00:16:33,740

all things so at the very least who were

396

00:16:37,390 --> 00:16:35,750

the Congress people the Senators or

397

00:16:39,610 --> 00:16:37,400

their representatives you know well we

398

00:16:43,360 --> 00:16:39,620

know a little bit about that we do know

399

00:16:45,129 --> 00:16:43,370

that the Senate and the house arms

400

00:16:47,680 --> 00:16:45,139

committees were

401  
00:16:50,110 --> 00:16:47,690  
we also know that that one of the space

402  
00:16:52,119 --> 00:16:50,120  
well science committees I think it was a

403  
00:16:54,999 --> 00:16:52,129  
house science committee also had some

404  
00:16:57,400 --> 00:16:55,009  
briefings that that would have Bera and

405  
00:17:00,189 --> 00:16:57,410  
I believe he was at the Politico

406  
00:17:02,829 --> 00:17:00,199  
roundtable last year and he talked about

407  
00:17:04,600 --> 00:17:02,839  
this a little bit do you know that he is

408  
00:17:09,120 --> 00:17:04,610  
specifically one of the Congress people

409  
00:17:11,230 --> 00:17:09,130  
briefed we do have this through it some

410  
00:17:13,419 --> 00:17:11,240  
information Nick Pope did a great

411  
00:17:16,809 --> 00:17:13,429  
article in The Guardian Nick Pope worked

412  
00:17:18,399 --> 00:17:16,819  
for the mo D investigating UFOs and he

413  
00:17:20,710 --> 00:17:18,409

found a lot of great information and

414

00:17:22,569 --> 00:17:20,720

talked with some of the Nimitz witnesses

415

00:17:25,449 --> 00:17:22,579

to find out where the different areas

416

00:17:28,029 --> 00:17:25,459

were and so some there is some evidence

417

00:17:30,460 --> 00:17:28,039

especially with the armed committees but

418

00:17:32,799 --> 00:17:30,470

not necessarily for the Space Committee

419

00:17:34,390 --> 00:17:32,809

but he heard that I believe anecdotally

420

00:17:36,370 --> 00:17:34,400

I'd have to look at that story again

421

00:17:38,470 --> 00:17:36,380

that it was a Space Committee he even

422

00:17:40,240 --> 00:17:38,480

said that the armed services kind of

423

00:17:41,070 --> 00:17:40,250

said hey no this is our arena leave this

424

00:17:44,049 --> 00:17:41,080

to us

425

00:17:45,490 --> 00:17:44,059

you don't need to bother with this ok

426

00:17:48,909 --> 00:17:45,500

Alejandra I wanted to bring your

427

00:17:51,880 --> 00:17:48,919

attention something that a document in

428

00:17:53,770 --> 00:17:51,890

FOIA experts Paul Dean brought to her

429

00:17:57,960 --> 00:17:53,780

attention he's also known as a young gun

430

00:18:02,860 --> 00:17:57,970

in ufology regarding the DoD 1910 form

431

00:18:04,870 --> 00:18:02,870

he said this I spoke briefly with Paul

432

00:18:07,299 --> 00:18:04,880

Dean earlier today in Australia and he

433

00:18:10,360 --> 00:18:07,309

stated he knew for an absolute fact the

434

00:18:12,460 --> 00:18:10,370

1910 forms cited is genuine he also

435

00:18:14,620 --> 00:18:12,470

knows that the process was slapdash and

436

00:18:17,200 --> 00:18:14,630

corners were cut this is precisely why

437

00:18:19,000 --> 00:18:17,210

the DoD's public affairs people did not

438

00:18:21,430 --> 00:18:19,010

confirm the provenance of the videos

439

00:18:24,070 --> 00:18:21,440

last year Paul says and I quote the

440

00:18:26,380 --> 00:18:24,080

exact words used for the second time in

441

00:18:28,810 --> 00:18:26,390

12 months where that folks noses were

442

00:18:30,940 --> 00:18:28,820

out of joint at public affairs Paul also

443

00:18:33,159 --> 00:18:30,950

said that indeed some of the issues were

444

00:18:36,279 --> 00:18:33,169

raised with the 1910 forum and the

445

00:18:38,049 --> 00:18:36,289

process generally are irrelevant but the

446

00:18:40,510 --> 00:18:38,059

whole thing will turn out to be a very

447

00:18:42,970 --> 00:18:40,520

low import in the long run Paul stated

448

00:18:44,409 --> 00:18:42,980

and I quote that the Navy has confirmed

449

00:18:46,419 --> 00:18:44,419

the authenticity of the videos to

450

00:18:49,149 --> 00:18:46,429

Congress I can assure you of that much

451  
00:18:50,830 --> 00:18:49,159  
soon very recently filmed interviews

452  
00:18:52,659 --> 00:18:50,840  
with pilots will be revealed and the

453  
00:18:55,000 --> 00:18:52,669  
incidents and the videos and others will

454  
00:18:56,260 --> 00:18:55,010  
be discussed properly Paul also stated

455  
00:18:58,180 --> 00:18:56,270  
that from the Atlantic at least the

456  
00:19:01,060 --> 00:18:58,190  
pilots are very keen to be heard he

457  
00:19:03,220 --> 00:19:01,070  
also confirmed that the USAF has had

458  
00:19:05,019 --> 00:19:03,230  
recent cases but wasn't told anything

459  
00:19:07,810 --> 00:19:05,029  
else and is grateful for what he has had

460  
00:19:09,249 --> 00:19:07,820  
has to hand already how do you feel

461  
00:19:12,999 --> 00:19:09,259  
about what Paul just said there

462  
00:19:14,950 --> 00:19:13,009  
alejandro paul's a genius i think that

463  
00:19:16,450 --> 00:19:14,960

paul says it very well there and I agree

464

00:19:18,159 --> 00:19:16,460

with him a hundred percent and it's

465

00:19:20,860 --> 00:19:18,169

great that he brings in the aspect that

466

00:19:23,080 --> 00:19:20,870

it's not that big of a deal it's not the

467

00:19:28,509 --> 00:19:23,090

only people that have questioned where

468

00:19:31,779 --> 00:19:28,519

the did the veracity of these videos are

469

00:19:34,600 --> 00:19:31,789

mostly UFO people in the UFO industry

470

00:19:36,100 --> 00:19:34,610

kind of UFO nerds and and I've even said

471

00:19:38,769 --> 00:19:36,110

you know people who want to kind of tie

472

00:19:41,019 --> 00:19:38,779

the strings of some of these loose loose

473

00:19:43,060 --> 00:19:41,029

ends that are still out there because it

474

00:19:44,919 --> 00:19:43,070

hasn't been a big deal the media has not

475

00:19:47,110 --> 00:19:44,929

made a big deal out of it nobody's made

476  
00:19:49,480 --> 00:19:47,120  
a big deal out of it about except for us

477  
00:19:50,889 --> 00:19:49,490  
UFO nerds is it important yeah I think

478  
00:19:54,340 --> 00:19:50,899  
we always want to make sure that the

479  
00:19:56,080 --> 00:19:54,350  
provenance is is solid but the reason

480  
00:19:57,639 --> 00:19:56,090  
why nobody's paid attention and this is

481  
00:19:59,560 --> 00:19:57,649  
one of the big things that's been lost

482  
00:20:01,330 --> 00:19:59,570  
on people I think is that you know

483  
00:20:03,190 --> 00:20:01,340  
originally it was a New York Times she

484  
00:20:05,139 --> 00:20:03,200  
shared the first couple of those videos

485  
00:20:07,930 --> 00:20:05,149  
and they said they got him from the DoD

486  
00:20:10,060 --> 00:20:07,940  
that the DoD had released them well

487  
00:20:12,100 --> 00:20:10,070  
nobody seemed to want to ask them you

488  
00:20:13,810 --> 00:20:12,110

know how did you get these so that was

489

00:20:15,850 --> 00:20:13,820

the first thing I asked Leslie Kane once

490

00:20:18,700 --> 00:20:15,860

the story came out and she said we had

491

00:20:20,950 --> 00:20:18,710

this DD 1910 it is a document that shows

492

00:20:23,350 --> 00:20:20,960

that these these things were released by

493

00:20:25,690 --> 00:20:23,360

the DoD and she said we vetted this

494

00:20:27,580 --> 00:20:25,700

document we verify that it's real we

495

00:20:30,519 --> 00:20:27,590

know with a hundred percent certainty

496

00:20:32,379 --> 00:20:30,529

that this document is real that really

497

00:20:34,720 --> 00:20:32,389

put things to rest the New York Times

498

00:20:37,930 --> 00:20:34,730

had vetted it and so the media ran with

499

00:20:39,999 --> 00:20:37,940

it everybody in the mainstream world was

500

00:20:43,389 --> 00:20:40,009

comfortable too to say okay this has got

501  
00:20:46,090 --> 00:20:43,399  
to be legit so it's not just Elizondo

502  
00:20:48,279 --> 00:20:46,100  
that was talking about this DD 1910 I

503  
00:20:50,799 --> 00:20:48,289  
know George Knapp had seen it I actually

504  
00:20:52,629 --> 00:20:50,809  
had seen a copy of it as well but

505  
00:20:54,100 --> 00:20:52,639  
Elizondo wasn't able to release it

506  
00:20:55,600 --> 00:20:54,110  
because it wasn't history lease he was

507  
00:20:58,119 --> 00:20:55,610  
like it is you know he's not releasing

508  
00:20:59,769 --> 00:20:58,129  
anything that wasn't in his a tip

509  
00:21:02,470 --> 00:20:59,779  
program that he who isn't allowed to

510  
00:21:05,529 --> 00:21:02,480  
make the call to release luckily George

511  
00:21:07,930 --> 00:21:05,539  
Knapp did release this recently but not

512  
00:21:10,090 --> 00:21:07,940  
only do we have then Elizondo and the

513  
00:21:11,260 --> 00:21:10,100

New York Times verifying the veracity we

514

00:21:13,630 --> 00:21:11,270

also have Harry

515

00:21:15,730 --> 00:21:13,640

read in the story with George Knapp when

516

00:21:18,940 --> 00:21:15,740

George Knapp released this document so

517

00:21:21,640 --> 00:21:18,950

the that the document is real is very

518

00:21:24,280 --> 00:21:21,650

very strong some people have nitpicked

519

00:21:26,860 --> 00:21:24,290

you know it looks weird but I think Paul

520

00:21:29,170 --> 00:21:26,870

Dean has nailed a couple aspects on the

521

00:21:31,180 --> 00:21:29,180

head first that they were cutting

522

00:21:35,550 --> 00:21:31,190

corners that they got this out quickly

523

00:21:37,510 --> 00:21:35,560

so you know there was less maybe

524

00:21:40,150 --> 00:21:37,520

deliberation on this document there

525

00:21:43,630 --> 00:21:40,160

there would normally be the other thing

526

00:21:47,200 --> 00:21:43,640

that I think that he got exactly correct

527

00:21:50,380 --> 00:21:47,210

is that the PR department for the d-o-d

528

00:21:53,050 --> 00:21:50,390

did seem to be miffed about it they said

529

00:21:56,650 --> 00:21:53,060

that this was supposed to go through us

530

00:21:58,090 --> 00:21:56,660

first and I've heard people argued

531

00:22:00,550 --> 00:21:58,100

that's not true

532

00:22:01,930 --> 00:22:00,560

that's nowhere in those statements of

533

00:22:04,240 --> 00:22:01,940

the protocol what's supposed to be done

534

00:22:06,010 --> 00:22:04,250

is it a requirement that the press

535

00:22:08,200 --> 00:22:06,020

department be the last step but

536

00:22:10,600 --> 00:22:08,210

obviously they seem to want it to be the

537

00:22:13,150 --> 00:22:10,610

last step and so they have not been

538

00:22:15,580 --> 00:22:13,160

helpful at all they've had they've been

539

00:22:17,410 --> 00:22:15,590

very unhelpful to researchers they have

540

00:22:20,160 --> 00:22:17,420

not been sharing information or

541

00:22:24,400 --> 00:22:20,170

documents with us so for instance I

542

00:22:26,650 --> 00:22:24,410

requested via FOIA this DD 1910 back you

543

00:22:29,920 --> 00:22:26,660

know over a year ago maybe close to two

544

00:22:31,330 --> 00:22:29,930

years ago now and they haven't given it

545

00:22:34,300 --> 00:22:31,340

to us they haven't given us anything

546

00:22:36,910 --> 00:22:34,310

they've denied us any information

547

00:22:39,550 --> 00:22:36,920

John Greenwald has got the most amount

548

00:22:41,110 --> 00:22:39,560

of information but what's weird that

549

00:22:43,300 --> 00:22:41,120

they seem to be giving him the most

550

00:22:45,250 --> 00:22:43,310

amount of information granted he is an

551  
00:22:47,110 --> 00:22:45,260  
expert in all of this stuff he has

552  
00:22:49,060 --> 00:22:47,120  
contacts he knows what who to talk to

553  
00:22:51,940 --> 00:22:49,070  
you but he's also been very skeptical

554  
00:22:54,940 --> 00:22:51,950  
he's kind of been spinning this in an

555  
00:22:58,120 --> 00:22:54,950  
anti 8 hip way kind of like the DoD

556  
00:23:01,690 --> 00:22:58,130  
seems to be appreciating that

557  
00:23:04,120 --> 00:23:01,700  
speculation on my part but I think it

558  
00:23:06,310 --> 00:23:04,130  
appears that you know Paul Dean is also

559  
00:23:09,460 --> 00:23:06,320  
speculating in these ways and I think

560  
00:23:10,900 --> 00:23:09,470  
he's right now you mentioned a let me

561  
00:23:13,570 --> 00:23:10,910  
yeah let me jump in here real quick yeah

562  
00:23:17,200 --> 00:23:13,580  
you mentioned something weird and the to

563  
00:23:19,000 --> 00:23:17,210

the Stars Academy TV show is going to

564

00:23:22,360 --> 00:23:19,010

premiere at the end of this month and

565

00:23:24,550 --> 00:23:22,370

what's weird to me is how little

566

00:23:26,590 --> 00:23:24,560

promotion it's gotten

567

00:23:30,670 --> 00:23:26,600

what do you think about that well this

568

00:23:32,110 --> 00:23:30,680

is an interesting topic because it I

569

00:23:34,750 --> 00:23:32,120

agree with you it has got little

570

00:23:37,420 --> 00:23:34,760

promotion they haven't gotten into the

571

00:23:39,820 --> 00:23:37,430

promotion mode yet

572

00:23:41,920 --> 00:23:39,830

I have been in a little bit of contact

573

00:23:43,930 --> 00:23:41,930

with History Channel especially because

574

00:23:46,330 --> 00:23:43,940

of Project Blue Book and other shows and

575

00:23:48,640 --> 00:23:46,340

being in the press I have access to kind

576

00:23:49,930 --> 00:23:48,650

of the back door for the press where we

577

00:23:52,780 --> 00:23:49,940

get our materials were all these

578

00:23:54,820 --> 00:23:52,790

different shows and there has been

579

00:23:57,280 --> 00:23:54,830

little promotion and they haven't

580

00:23:59,920 --> 00:23:57,290

started yet rich is weird and luckily

581

00:24:01,240 --> 00:23:59,930

I'm getting Elizondo early because they

582

00:24:03,430 --> 00:24:01,250

haven't really started up hopefully

583

00:24:05,410 --> 00:24:03,440

maybe that means next week they're gonna

584

00:24:07,900 --> 00:24:05,420

start promoting it but there's an

585

00:24:09,340 --> 00:24:07,910

indication that and I'm not sure why

586

00:24:11,860 --> 00:24:09,350

they haven't promoted it maybe they're

587

00:24:13,510 --> 00:24:11,870

nervous about how it'll do but there was

588

00:24:16,660 --> 00:24:13,520

an indication that there is there are a

589

00:24:18,940 --> 00:24:16,670

lot of people highly interested I had

590

00:24:20,920 --> 00:24:18,950

gotten these photos and I had gotten

591

00:24:22,990 --> 00:24:20,930

them from the History Channel and

592

00:24:26,140 --> 00:24:23,000

through proper channels and I shared

593

00:24:28,810 --> 00:24:26,150

them online people went wild people were

594

00:24:30,520 --> 00:24:28,820

sharing him all over the place Lou had

595

00:24:32,020 --> 00:24:30,530

heard about it and Lou is like hey I

596

00:24:33,820 --> 00:24:32,030

heard about what you released that's

597

00:24:36,040 --> 00:24:33,830

people were really freaking out but I

598

00:24:38,890 --> 00:24:36,050

told him hey if Alejandro shared him he

599

00:24:40,540 --> 00:24:38,900

must have had permission to so even Lou

600

00:24:42,610 --> 00:24:40,550

had heard about it within a few hours of

601  
00:24:45,070 --> 00:24:42,620  
me posting it so it was all over the

602  
00:24:47,680 --> 00:24:45,080  
place and then I got a note from History

603  
00:24:49,600 --> 00:24:47,690  
Channel saying hey actually that we that

604  
00:24:51,340 --> 00:24:49,610  
was released a little premature could

605  
00:24:53,800 --> 00:24:51,350  
you take those down for a little while

606  
00:24:55,870 --> 00:24:53,810  
and I said sure because you know I want

607  
00:24:58,810 --> 00:24:55,880  
them on there my good side so I did take

608  
00:25:02,590 --> 00:24:58,820  
those down but the fervor that those the

609  
00:25:04,240 --> 00:25:02,600  
posting of those pictures created you

610  
00:25:05,530 --> 00:25:04,250  
know was kind of positive Lou was really

611  
00:25:07,330 --> 00:25:05,540  
excited he's like wow it seems like

612  
00:25:10,090 --> 00:25:07,340  
people are interested in the show so

613  
00:25:12,670 --> 00:25:10,100

there is a lot of interest but you're

614

00:25:15,940 --> 00:25:12,680

right I have not seen a lot of promotion

615

00:25:17,560 --> 00:25:15,950

yet yeah I'm glad you brought up all

616

00:25:20,410 --> 00:25:17,570

that by the way I just shared the link

617

00:25:24,550 --> 00:25:20,420

to Paul Dean's wonderful website called

618

00:25:25,930 --> 00:25:24,560

UFOs documenting the evidence Paul Dean

619

00:25:29,050 --> 00:25:25,940

please look that up everybody he's a

620

00:25:32,050 --> 00:25:29,060

fantastic researcher and well-known in

621

00:25:34,510 --> 00:25:32,060

the UFO G community moving along to UFO

622

00:25:37,050 --> 00:25:34,520

Congress I wanted to compliment you

623

00:25:38,550 --> 00:25:37,060

Alejandro and this is from the heart

624

00:25:41,880 --> 00:25:38,560

everybody

625

00:25:44,250 --> 00:25:41,890

who is anybody wants to be in UFO

626  
00:25:47,610 --> 00:25:44,260  
Congress as a speaker this is no secret

627  
00:25:50,670 --> 00:25:47,620  
this is a star-studded event and for a

628  
00:25:52,740 --> 00:25:50,680  
good reason you've worked very hard to

629  
00:25:54,150 --> 00:25:52,750  
have only the best folks at this

630  
00:25:56,940 --> 00:25:54,160  
wonderful convention that you have

631  
00:25:59,550 --> 00:25:56,950  
annually it's held in Phoenix Arizona is

632  
00:26:01,320 --> 00:25:59,560  
my understanding and I wanted to know if

633  
00:26:03,090 --> 00:26:01,330  
you wouldn't mind expounding upon that

634  
00:26:04,380 --> 00:26:03,100  
so everybody can have the pleasure of

635  
00:26:06,630 --> 00:26:04,390  
hearing a little bit more about this

636  
00:26:10,380 --> 00:26:06,640  
fantastic convention that everybody

637  
00:26:13,260 --> 00:26:10,390  
should go to yes it's a lot of fun it is

638  
00:26:16,290 --> 00:26:13,270

September 4th through the 8th and it's

639

00:26:17,670 --> 00:26:16,300

in downtown Phoenix this year you know

640

00:26:22,590 --> 00:26:17,680

one of the things that we did when I

641

00:26:26,160 --> 00:26:22,600

first began managing it back in 2011 we

642

00:26:28,380 --> 00:26:26,170

brought it from Laughlin Nevada out to

643

00:26:31,410 --> 00:26:28,390

this beautiful place out here in

644

00:26:33,960 --> 00:26:31,420

Scottsdale actually and for me that was

645

00:26:36,270 --> 00:26:33,970

a big deal it was a big deal to bring it

646

00:26:38,640 --> 00:26:36,280

kind of front and center to be bold I

647

00:26:41,910 --> 00:26:38,650

think that's important that we be bold

648

00:26:44,070 --> 00:26:41,920

we don't have to be shy about our our

649

00:26:46,380 --> 00:26:44,080

interest in this field and like Frank

650

00:26:49,200 --> 00:26:46,390

like you mentioned you know the

651  
00:26:51,750 --> 00:26:49,210  
mainstream or the masses are a lot more

652  
00:26:54,690 --> 00:26:51,760  
friendly to this this topic than they

653  
00:26:56,580 --> 00:26:54,700  
were five years ago or so so in 2011 it

654  
00:26:58,890 --> 00:26:56,590  
was still you know people were very shy

655  
00:27:00,720 --> 00:26:58,900  
about all of that and even in Phoenix

656  
00:27:03,300 --> 00:27:00,730  
even in the Phoenix area with the big

657  
00:27:06,000 --> 00:27:03,310  
lights case there well less than most

658  
00:27:07,920 --> 00:27:06,010  
places but even in Phoenix and I felt

659  
00:27:09,660 --> 00:27:07,930  
Laughlin it felt like you know we were

660  
00:27:12,600 --> 00:27:09,670  
still hiding in mom's basement or

661  
00:27:15,090 --> 00:27:12,610  
something being bold and bringing it out

662  
00:27:17,070 --> 00:27:15,100  
to one of the beautiful venues where you

663  
00:27:19,890 --> 00:27:17,080

know lots of expensive conferences are

664

00:27:21,480 --> 00:27:19,900

held was being bold and bringing it out

665

00:27:23,160 --> 00:27:21,490

and now it's even better because now

666

00:27:25,200 --> 00:27:23,170

we're in downtown Phoenix so we are

667

00:27:27,660 --> 00:27:25,210

literally in the heart of Phoenix right

668

00:27:30,360 --> 00:27:27,670

next door to all the major new studios

669

00:27:33,480 --> 00:27:30,370

so I'm really excited about this year

670

00:27:36,260 --> 00:27:33,490

now I don't choose all the speakers in

671

00:27:39,030 --> 00:27:36,270

fact a lot of people know that I'm very

672

00:27:41,730 --> 00:27:39,040

conservative when it comes to UFOs to

673

00:27:43,590 --> 00:27:41,740

the UFO topic so I'm fairly and so I

674

00:27:44,720 --> 00:27:43,600

bring you know the people with the more

675

00:27:48,360 --> 00:27:44,730

credibility

676

00:27:51,260 --> 00:27:48,370

Karen Broward she's a new owner of the

677

00:27:53,900 --> 00:27:51,270

conference and she is

678

00:27:56,780 --> 00:27:53,910

and she has her own perspective but what

679

00:27:59,390 --> 00:27:56,790

I really love about what Karen brings to

680

00:28:01,669 --> 00:27:59,400

all of this is I've always had a concern

681

00:28:04,370 --> 00:28:01,679

for making sure that women participate

682

00:28:05,720 --> 00:28:04,380

in this field because I think I have

683

00:28:07,760 --> 00:28:05,730

always had a problem I don't like

684

00:28:10,070 --> 00:28:07,770

good-old-boy systems I think they happen

685

00:28:11,840 --> 00:28:10,080

everywhere and you know as a man we have

686

00:28:13,360 --> 00:28:11,850

to be cognizant that we are prone to

687

00:28:15,560 --> 00:28:13,370

doing this so we have to I think

688

00:28:17,180 --> 00:28:15,570

physically keep ourselves make sure

689

00:28:20,390 --> 00:28:17,190

we're reminding ourselves hey we need to

690

00:28:23,240 --> 00:28:20,400

include others and I think I did that

691

00:28:25,910 --> 00:28:23,250

fairly well but Karen doesn't even

692

00:28:27,530 --> 00:28:25,920

better I mean you always need the input

693

00:28:29,710 --> 00:28:27,540

and perspective of those from other

694

00:28:33,320 --> 00:28:29,720

communities that you're trying to engage

695

00:28:36,260 --> 00:28:33,330

so she has done an even better job of

696

00:28:38,600 --> 00:28:36,270

seeking out and she works very very hard

697

00:28:40,430 --> 00:28:38,610

at seeking out some of the women who are

698

00:28:42,530 --> 00:28:40,440

researchers in this field and bringing

699

00:28:44,630 --> 00:28:42,540

them out to speak at the conference so

700

00:28:46,340 --> 00:28:44,640

we have a large definitely a larger

701  
00:28:49,040 --> 00:28:46,350  
percentage of women in speaking than

702  
00:28:52,370 --> 00:28:49,050  
most conferences we'll have more to add

703  
00:28:53,930 --> 00:28:52,380  
but I think it's fun I what I love about

704  
00:28:56,210 --> 00:28:53,940  
our conference is we try to be very

705  
00:28:57,919 --> 00:28:56,220  
brave we don't bring just that every day

706  
00:29:00,799 --> 00:28:57,929  
the same person that's at every

707  
00:29:03,530 --> 00:29:00,809  
conference you know you see the same

708  
00:29:06,110 --> 00:29:03,540  
names everywhere we pay attention all

709  
00:29:08,840 --> 00:29:06,120  
year to UFO news and we find people who

710  
00:29:11,900 --> 00:29:08,850  
are doing exciting stuff right here

711  
00:29:14,540 --> 00:29:11,910  
right now and we bring those people even

712  
00:29:16,220 --> 00:29:14,550  
if nobody knows who they are we are

713  
00:29:18,320 --> 00:29:16,230

confident that people are gonna love

714

00:29:21,140 --> 00:29:18,330

what they're doing and the information

715

00:29:22,370 --> 00:29:21,150

they're gonna share and we like to feel

716

00:29:24,440 --> 00:29:22,380

like we're setting the standard that

717

00:29:26,660 --> 00:29:24,450

when we bring these speakers you know

718

00:29:28,190 --> 00:29:26,670

we're kind of star making in a way that

719

00:29:30,230 --> 00:29:28,200

a lot of people will be like and it

720

00:29:32,480 --> 00:29:30,240

happens every year people be like wow I

721

00:29:34,250 --> 00:29:32,490

never knew this person existed and

722

00:29:35,570 --> 00:29:34,260

they're doing so much cool work and then

723

00:29:37,400 --> 00:29:35,580

all of a sudden those people are

724

00:29:40,490 --> 00:29:37,410

speaking at all the conferences and and

725

00:29:42,650 --> 00:29:40,500

are the hot ticket or the hot item so

726

00:29:44,450 --> 00:29:42,660

it's fun to be able to do that to light

727

00:29:46,520 --> 00:29:44,460

up people to bring new and exciting

728

00:29:49,610 --> 00:29:46,530

information to people every year do you

729

00:29:52,460 --> 00:29:49,620

have a letter yet yeah I'm just gonna

730

00:29:54,710 --> 00:29:52,470

ask about that we have the majority of

731

00:29:56,630 --> 00:29:54,720

our lineup we don't have all of them yet

732

00:29:58,880 --> 00:29:56,640

we certainly have some exciting people

733

00:30:00,830 --> 00:29:58,890

to list still we're gonna have Stanton

734

00:30:02,450 --> 00:30:00,840

Friedman he's normal he's all over the

735

00:30:04,159 --> 00:30:02,460

place but this will be the last year

736

00:30:04,580 --> 00:30:04,169

since he's retiring so that's gonna be

737

00:30:07,610 --> 00:30:04,590

kind of

738

00:30:08,539 --> 00:30:07,620

and it's gonna be nice too for people to

739

00:30:12,230 --> 00:30:08,549

spend time with him

740

00:30:15,049 --> 00:30:12,240

of course the hot topics you know a tip

741

00:30:17,419 --> 00:30:15,059

and everything the guy who is the top of

742

00:30:19,100 --> 00:30:17,429

the heap with the releasing information

743

00:30:21,140 --> 00:30:19,110

on this is George Knapp he's so

744

00:30:24,049 --> 00:30:21,150

extremely important his work is

745

00:30:26,299 --> 00:30:24,059

important he's a mentor to me he's a one

746

00:30:26,720 --> 00:30:26,309

of his biggest fans George Knapp will be

747

00:30:28,730 --> 00:30:26,730

there

748

00:30:30,590 --> 00:30:28,740

David Hatcher Childress from ancient

749

00:30:32,330 --> 00:30:30,600

aliens awesome guy he lives here in

750

00:30:33,560 --> 00:30:32,340

Arizona so luckily we get to spend a lot

751

00:30:34,340 --> 00:30:33,570

of time with him and he's just such a

752

00:30:36,799 --> 00:30:34,350

cool guy

753

00:30:38,659 --> 00:30:36,809

Jeremy Korbelt will be there but Carolyn

754

00:30:41,389 --> 00:30:38,669

Corey a lot of people have been really

755

00:30:42,860 --> 00:30:41,399

interested in her work lately chase

756

00:30:45,320 --> 00:30:42,870

let's key we're gonna have there of

757

00:30:47,630 --> 00:30:45,330

course a great researcher she loves to

758

00:30:49,430 --> 00:30:47,640

work the conference so we even had her

759

00:30:50,750 --> 00:30:49,440

speaking this year but she's like no I want

760

00:30:52,880 --> 00:30:50,760

to be at the front desk helping out

761

00:30:54,889 --> 00:30:52,890

Cisco probably when you come to register

762

00:30:56,990 --> 00:30:54,899

you'll be able to get your name tag from

763

00:31:00,019 --> 00:30:57,000

Chase but we've got Richard Dolan

764

00:31:02,360 --> 00:31:00,029

and his lovely wife Tracy he they

765

00:31:04,639 --> 00:31:02,370

actually got engaged at our conference

766

00:31:08,450 --> 00:31:04,649

Nick Pope got engaged and married at our

767

00:31:10,430 --> 00:31:08,460

conference by the way well then in the

768

00:31:17,510 --> 00:31:10,440

future that that tells me I maybe I

769

00:31:19,250 --> 00:31:17,520

should avoid your conference I just say

770

00:31:21,110 --> 00:31:19,260

you guys had an excellent guest last

771

00:31:24,320 --> 00:31:21,120

week that was Michael masters he's gonna

772

00:31:26,360 --> 00:31:24,330

be our conference and a lot of other

773

00:31:31,250 --> 00:31:26,370

names so check out UFO congress.com to

774

00:31:33,529 --> 00:31:31,260

check out some of these cool people and

775

00:31:35,120 --> 00:31:33,539

ask about george knapp because to be

776

00:31:37,430 --> 00:31:35,130

honest with you yeah you can't question

777

00:31:41,690 --> 00:31:37,440

his work and everything he's done but he

778

00:31:45,019 --> 00:31:41,700

does an awful lot of criticism of unity

779

00:31:47,510 --> 00:31:45,029

and frankly I find it a little annoying

780

00:31:48,889 --> 00:31:47,520

you know how Kandra you want to you want

781

00:31:50,299 --> 00:31:48,899

to give me your feedback on all that I

782

00:31:52,940 --> 00:31:50,309

mean if he's got a great with somebody

783

00:31:55,639 --> 00:31:52,950

let him name a name instead of paint the

784

00:31:58,310 --> 00:31:55,649

entire community with this brush that's

785

00:32:00,230 --> 00:31:58,320

interesting so I guess I would what be

786

00:32:02,330 --> 00:32:00,240

curious to know like what sort of

787

00:32:04,850 --> 00:32:02,340

comment has he made in particular that

788

00:32:07,010 --> 00:32:04,860

make that that you feel is unfair well I

789

00:32:09,169 --> 00:32:07,020

just in general that the UFO community

790

00:32:12,320 --> 00:32:09,179

continues to huge itself in the foot

791

00:32:14,090 --> 00:32:12,330

that it's a very negative he's made the

792

00:32:16,730 --> 00:32:14,100

comments on a pretty regular basis

793

00:32:18,109 --> 00:32:16,740

especially you that yeah III he's past

794

00:32:20,179 --> 00:32:18,119

my bedtime you have to undo

795

00:32:22,639 --> 00:32:20,189

dan but I've heard enough of it and he

796

00:32:24,169 --> 00:32:22,649

does it on kind of a regular basis it's

797

00:32:26,659 --> 00:32:24,179

sort of this old guard

798

00:32:29,059 --> 00:32:26,669

that's very negative towards TTS a and

799

00:32:30,469 --> 00:32:29,069

to be honest with you yeah there's a few

800

00:32:32,689 --> 00:32:30,479

here and there there's no question about

801  
00:32:34,879 --> 00:32:32,699  
it you met it mentioned Greenawalt who's

802  
00:32:37,219 --> 00:32:34,889  
a critic and there are some others I I

803  
00:32:41,209 --> 00:32:37,229  
know that there's some hostility towards

804  
00:32:42,859 --> 00:32:41,219  
Steven Greer in those circles but you

805  
00:32:44,599 --> 00:32:42,869  
know beyond that I mean that's a few

806  
00:32:46,779 --> 00:32:44,609  
guys that's not the entire field you

807  
00:32:49,459 --> 00:32:46,789  
know if he's got a great name a name

808  
00:32:54,049 --> 00:32:49,469  
yeah I don't know you know and it could

809  
00:32:57,379 --> 00:32:54,059  
be that I am maybe a little jaded over

810  
00:33:00,709 --> 00:32:57,389  
time as well but I think he's he's right

811  
00:33:03,319 --> 00:33:00,719  
in that we see you know we don't

812  
00:33:05,269 --> 00:33:03,329  
interact as much with everybody out

813  
00:33:06,919 --> 00:33:05,279

there for instance I don't know and this

814

00:33:08,779 --> 00:33:06,929

is getting into you know I

815

00:33:13,479 --> 00:33:08,789

whenever you're a public figure you're

816

00:33:17,719 --> 00:33:13,489

attacked by a lot of people particulars

817

00:33:20,449 --> 00:33:17,729

that he covers that that have that

818

00:33:23,929 --> 00:33:20,459

happened and for him I think prominent

819

00:33:27,619 --> 00:33:23,939

in his mind are are two things are at t

820

00:33:31,789 --> 00:33:27,629

TSA but also Bigelow I mean here's a guy

821

00:33:34,879 --> 00:33:31,799

who's got billions of dollars who is as

822

00:33:36,649 --> 00:33:34,889

a passion for UFOs and decides he wants

823

00:33:39,649 --> 00:33:36,659

to start spending his money in it and

824

00:33:41,689 --> 00:33:39,659

what happened since the get-go the UFO

825

00:33:43,609 --> 00:33:41,699

community not all of them but a large

826

00:33:45,949 --> 00:33:43,619

percentage and I would say over half

827

00:33:48,559 --> 00:33:45,959

just bash the guy like crazy they just

828

00:33:51,319 --> 00:33:48,569

love to hate him and this became an

829

00:33:53,269 --> 00:33:51,329

issue for him over the years in fact he

830

00:33:56,509 --> 00:33:53,279

decided he didn't want to interact with

831

00:33:58,609 --> 00:33:56,519

the community so much over it and so

832

00:34:00,679 --> 00:33:58,619

that happens which is a fudge grading

833

00:34:02,299 --> 00:34:00,689

system a situation for George who is a

834

00:34:04,279 --> 00:34:02,309

friend of his and you know what's

835

00:34:06,349 --> 00:34:04,289

following all of his work and then we

836

00:34:09,440 --> 00:34:06,359

see this kind of repeated with Lou

837

00:34:11,869 --> 00:34:09,450

Elizondo and Tom DeLonge Tom DeLonge say

838

00:34:13,869 --> 00:34:11,879

young guy he's a character I could see I

839

00:34:17,059 --> 00:34:13,879

guess maybe why people would be a little

840

00:34:19,309 --> 00:34:17,069

frustrated with him but someone like

841

00:34:20,869 --> 00:34:19,319

Elizondo who's the same type of thing

842

00:34:22,639 --> 00:34:20,879

and you know I don't think people

843

00:34:23,930 --> 00:34:22,649

realize and this is something George

844

00:34:26,629 --> 00:34:23,940

would know and it's something I know

845

00:34:29,989 --> 00:34:26,639

people don't realize these people get

846

00:34:32,300 --> 00:34:29,999

really hurt over this stuff I'm sure you

847

00:34:35,280 --> 00:34:32,310

all do I do sometimes

848

00:34:37,950 --> 00:34:35,290

could be could be could be you get a

849

00:34:39,450 --> 00:34:37,960

little upset but yeah but you're upset

850

00:34:41,160 --> 00:34:39,460

with somebody you take it up with them

851  
00:34:43,200 --> 00:34:41,170  
you don't broad-brush the entire

852  
00:34:45,660 --> 00:34:43,210  
community well know what I'm saying

853  
00:34:47,460 --> 00:34:45,670  
nailed fight tons of people there isn't

854  
00:34:50,460 --> 00:34:47,470  
really one named you you have whole

855  
00:34:53,100 --> 00:34:50,470  
groups of people I would say you brought

856  
00:34:56,220 --> 00:34:53,110  
up Greenwald yeah he's got a whole army

857  
00:34:58,680 --> 00:34:56,230  
of people you know behind him that are

858  
00:35:00,660 --> 00:34:58,690  
kind of spewing some pretty negative

859  
00:35:03,750 --> 00:35:00,670  
stuff out there so sure sure and now

860  
00:35:06,210 --> 00:35:03,760  
there was there was Greer I know there

861  
00:35:08,340 --> 00:35:06,220  
been some other critics as well that's a

862  
00:35:10,860 --> 00:35:08,350  
good point there's Greer and his other

863  
00:35:13,020 --> 00:35:10,870

concern is this misreporting you know

864

00:35:14,940 --> 00:35:13,030

what I've been surprised is every time I

865

00:35:17,550 --> 00:35:14,950

contact someone like Lesley Kane or

866

00:35:20,010 --> 00:35:17,560

others and I ask is anybody asks you

867

00:35:22,410 --> 00:35:20,020

about this and they say no nobody is

868

00:35:24,480 --> 00:35:22,420

contacting these these sources and

869

00:35:26,820 --> 00:35:24,490

getting the correct information instead

870

00:35:29,160 --> 00:35:26,830

they're going half-cock with all of this

871

00:35:31,140 --> 00:35:29,170

wild stuff and some of these people are

872

00:35:33,300 --> 00:35:31,150

my friends and they're out there doing

873

00:35:35,370 --> 00:35:33,310

lectures and everything and saying oh

874

00:35:36,900 --> 00:35:35,380

this is a big conspiracy this has been

875

00:35:39,450 --> 00:35:36,910

planned for so many years this is

876

00:35:42,690 --> 00:35:39,460

disclosure and you know it's these

877

00:35:45,270 --> 00:35:42,700

puppet masters who are who are behind

878

00:35:47,340 --> 00:35:45,280

Lou doing this or Bigelow doing that or

879

00:35:50,160 --> 00:35:47,350

Erik Davis doing this or George Knapp

880

00:35:52,740 --> 00:35:50,170

doing that and and those things are just

881

00:35:55,110 --> 00:35:52,750

assumptions that are not true and it's

882

00:35:57,930 --> 00:35:55,120

very unprofessional behavior it's a sort

883

00:36:00,210 --> 00:35:57,940

of behavior that gets the UFO field in

884

00:36:02,610 --> 00:36:00,220

trouble by making these unsubstantiated

885

00:36:04,230 --> 00:36:02,620

claims and that's also the sort of thing

886

00:36:06,540 --> 00:36:04,240

he's referring to because there are very

887

00:36:08,610 --> 00:36:06,550

few who are just reporting the facts out

888

00:36:10,200 --> 00:36:08,620

there now you brought up a very

889

00:36:12,810 --> 00:36:10,210

interesting name right there and that

890

00:36:15,630 --> 00:36:12,820

was Leslie Kane you interviewed her in

891

00:36:17,850 --> 00:36:15,640

the immediate aftermath of the New York

892

00:36:19,950 --> 00:36:17,860

Times story I listened to it you asked

893

00:36:21,900 --> 00:36:19,960

you know at the right question how often

894

00:36:24,360 --> 00:36:21,910

is this happening because that was a key

895

00:36:26,180 --> 00:36:24,370

point this seems to be increasing in

896

00:36:28,860 --> 00:36:26,190

frequency and that was part of the

897

00:36:31,710 --> 00:36:28,870

catalyst for getting all this going and

898

00:36:34,650 --> 00:36:31,720

you asked her what was the frequency and

899

00:36:38,700 --> 00:36:34,660

said oh I don't know maybe 10 or 12 do

900

00:36:40,740 --> 00:36:38,710

you remember that I do a bit okay okay

901  
00:36:43,650 --> 00:36:40,750  
it's really stuck in my head because it

902  
00:36:45,240 --> 00:36:43,660  
seems to me and I think I've never asked

903  
00:36:47,250 --> 00:36:45,250  
specifically but I assume we're all on

904  
00:36:49,860 --> 00:36:47,260  
same page here we think that some of

905  
00:36:53,040 --> 00:36:49,870  
these UFOs are some form of et would you

906  
00:36:54,750 --> 00:36:53,050  
go would you agree with that I would say

907  
00:36:55,560 --> 00:36:54,760  
I would I would think that that's a

908  
00:37:01,080 --> 00:36:55,570  
possibility

909  
00:37:04,170 --> 00:37:01,090  
fair enough that the the key quit and we

910  
00:37:06,180 --> 00:37:04,180  
know there are literally thousands UFO

911  
00:37:08,430 --> 00:37:06,190  
reports not all of them are even

912  
00:37:10,260 --> 00:37:08,440  
possibly et most of them get explained

913  
00:37:14,670 --> 00:37:10,270

we know all that we know the number that

914

00:37:16,440 --> 00:37:14,680

gets thrown around out there but and

915

00:37:18,450 --> 00:37:16,450

also I want to follow up and we're gonna

916

00:37:19,890 --> 00:37:18,460

get to the SCU conference and you're

917

00:37:21,780 --> 00:37:19,900

part of that too we're gonna ask about

918

00:37:24,210 --> 00:37:21,790

that organization but that question

919

00:37:27,780 --> 00:37:24,220

again the the best question asked of Lou

920

00:37:31,230 --> 00:37:27,790

Elizondo he said he didn't know you have

921

00:37:33,690 --> 00:37:31,240

any idea how we're gonna at least try to

922

00:37:35,280 --> 00:37:33,700

come up with some kind of broad estimate

923

00:37:37,110 --> 00:37:35,290

we'll never know we'll never have a hard

924

00:37:39,620 --> 00:37:37,120

number I can understand that what are we

925

00:37:43,500 --> 00:37:39,630

gonna get some kind of an estimate as to

926

00:37:48,750 --> 00:37:43,510

what number of cases are at least

927

00:37:50,160 --> 00:37:48,760

possibly et that's a key question it's a

928

00:37:52,710 --> 00:37:50,170

tough one the answer I understand but we

929

00:37:54,450 --> 00:37:52,720

got it yes try it seems to me well in

930

00:37:56,010 --> 00:37:54,460

when they're investigating whether it be

931

00:37:59,370 --> 00:37:56,020

blue book or MUFON or any other

932

00:38:01,440 --> 00:37:59,380

organization for the most part as far as

933

00:38:03,210 --> 00:38:01,450

you can go is that it's an unknown we

934

00:38:05,010 --> 00:38:03,220

just don't know what it is which is

935

00:38:07,800 --> 00:38:05,020

saying a lot especially if it's coming

936

00:38:10,800 --> 00:38:07,810

if you're talking about the Navy or a

937

00:38:13,020 --> 00:38:10,810

case like nimitz where you know Elizondo

938

00:38:16,260 --> 00:38:13,030

feels that there was an aircraft that

939

00:38:18,320 --> 00:38:16,270

was exhibiting propulsion system that we

940

00:38:22,230 --> 00:38:18,330

are not familiar with and was able to

941

00:38:25,620 --> 00:38:22,240

achieve you know the sort of performance

942

00:38:27,990 --> 00:38:25,630

that we that's very very very far beyond

943

00:38:30,240 --> 00:38:28,000

our capabilities witness the witness

944

00:38:33,420 --> 00:38:30,250

stand backed up by radar data physical

945

00:38:34,500 --> 00:38:33,430

evidence by radar data you know others

946

00:38:37,170 --> 00:38:34,510

have talked about there is very

947

00:38:39,390 --> 00:38:37,180

sophisticated radar in the area so

948

00:38:41,850 --> 00:38:39,400

that's about as far as we can go we

949

00:38:43,320 --> 00:38:41,860

don't know what it is it would be really

950

00:38:45,750 --> 00:38:43,330

difficult you'd have to get a chunk of

951  
00:38:48,110 --> 00:38:45,760  
it there's a you know it'd be difficult

952  
00:38:52,080 --> 00:38:48,120  
to prove that it is extraterrestrial

953  
00:38:54,060 --> 00:38:52,090  
necessarily so that's the hard part so

954  
00:38:57,540 --> 00:38:54,070  
we're gonna get what are the true

955  
00:38:58,890 --> 00:38:57,550  
unknowns and that that'll be the

956  
00:39:00,720 --> 00:38:58,900  
interesting part

957  
00:39:03,750 --> 00:39:00,730  
it'll take a long time to figure out if

958  
00:39:06,420 --> 00:39:03,760  
ever you know what are these unknowns I

959  
00:39:09,330 --> 00:39:06,430  
think that there's also the perspective

960  
00:39:11,100 --> 00:39:09,340  
of the military Lou talks to this but

961  
00:39:13,680 --> 00:39:11,110  
Nick Pope has talked to this quite a bit

962  
00:39:16,260 --> 00:39:13,690  
too is that Nick Pope you know kind of

963  
00:39:18,390 --> 00:39:16,270

says in the military we didn't care who

964

00:39:21,360 --> 00:39:18,400

was behind the real what we cared about

965

00:39:23,760 --> 00:39:21,370

was is this a threat in how do we

966

00:39:26,160 --> 00:39:23,770

harness that technology and those were

967

00:39:28,800 --> 00:39:26,170

the main things from a defense

968

00:39:31,350 --> 00:39:28,810

perspective that the military's thinking

969

00:39:35,220 --> 00:39:31,360

of well that's almost a tacit admission

970

00:39:37,080 --> 00:39:35,230

that they believe that these ret because

971

00:39:38,790 --> 00:39:37,090

it's not any technology that's available

972

00:39:40,920 --> 00:39:38,800

on earth if they're looking to harness

973

00:39:42,420 --> 00:39:40,930

it well they're not harnessing it from

974

00:39:45,840 --> 00:39:42,430

China they're not harnessing it from

975

00:39:47,600 --> 00:39:45,850

Russia we don't have it coming something

976

00:39:50,280 --> 00:39:47,610

from the future it could be something

977

00:39:52,020 --> 00:39:50,290

multi-dimensional something that we

978

00:39:53,460 --> 00:39:52,030

don't even have an answer for and what I

979

00:39:55,080 --> 00:39:53,470

find interesting is talking with

980

00:39:57,270 --> 00:39:55,090

scientists scientists are very

981

00:39:58,590 --> 00:39:57,280

uncomfortable with the idea of eat he

982

00:40:00,990 --> 00:39:58,600

and I think it's mostly because of the

983

00:40:03,810 --> 00:40:01,000

giggle factor but scientists are more

984

00:40:06,090 --> 00:40:03,820

actually prone to be comfortable with

985

00:40:08,550 --> 00:40:06,100

the multi-dimensional idea just because

986

00:40:11,190 --> 00:40:08,560

multiple dimensions are such a big thing

987

00:40:13,230 --> 00:40:11,200

in science these days and there's so

988

00:40:15,300 --> 00:40:13,240

many mainstream scientists that are

989

00:40:17,580 --> 00:40:15,310

getting big names for being able to show

990

00:40:20,640 --> 00:40:17,590

mathematically that other dimensions

991

00:40:23,820 --> 00:40:20,650

most likely exist so that's kind of a

992

00:40:25,800 --> 00:40:23,830

darling theory actually I'm seeing in

993

00:40:29,700 --> 00:40:25,810

the science community for this this

994

00:40:31,110 --> 00:40:29,710

stuff yeah Alejandra I wanted to bring

995

00:40:32,970 --> 00:40:31,120

to your attention is something that you

996

00:40:35,940 --> 00:40:32,980

said that was absolutely correct and

997

00:40:37,200 --> 00:40:35,950

that is in the UFO community and I'm not

998

00:40:39,060 --> 00:40:37,210

gonna mention names has nothing to do

999

00:40:41,700 --> 00:40:39,070

with that but just in general it's

1000

00:40:43,860 --> 00:40:41,710

really important like you said regarding

1001  
00:40:46,080 --> 00:40:43,870  
you know the best and worst kind of

1002  
00:40:48,600 --> 00:40:46,090  
journalism the best kind of journalism

1003  
00:40:50,880 --> 00:40:48,610  
is just good old-fashioned journalism

1004  
00:40:53,160 --> 00:40:50,890  
where people actually do public

1005  
00:40:55,470 --> 00:40:53,170  
reporting of whatever topic it is that

1006  
00:40:57,300 --> 00:40:55,480  
they're covering they highlight what

1007  
00:41:00,060 --> 00:40:57,310  
appears to be facts they check their

1008  
00:41:02,010 --> 00:41:00,070  
sources very simple you know maybe do

1009  
00:41:06,150 --> 00:41:02,020  
some edit changes to their article or

1010  
00:41:08,750 --> 00:41:06,160  
whatever normal stuff but when they're

1011  
00:41:11,130 --> 00:41:08,760  
not following those normal guidelines

1012  
00:41:12,930 --> 00:41:11,140  
they can be denounced very quickly

1013  
00:41:16,410 --> 00:41:12,940

meaning the individual

1014

00:41:18,569 --> 00:41:16,420

that is spreading disinformation it

1015

00:41:21,150 --> 00:41:18,579

turns from news to disinformation very

1016

00:41:23,250 --> 00:41:21,160

quickly because when journalists are

1017

00:41:24,329 --> 00:41:23,260

people that fill their journalists or

1018

00:41:27,599 --> 00:41:24,339

whatever it is they call themselves

1019

00:41:30,510 --> 00:41:27,609

writers or researchers or investigators

1020

00:41:34,200 --> 00:41:30,520

of whatever the critique of their

1021

00:41:38,490 --> 00:41:34,210

articles are or pseudo articles it can

1022

00:41:40,770 --> 00:41:38,500

be a nightmare for them and also a

1023

00:41:42,810 --> 00:41:40,780

nightmare for the people when they

1024

00:41:44,579 --> 00:41:42,820

publish something online when there's a

1025

00:41:45,990 --> 00:41:44,589

range of errors in it so I'm really glad

1026  
00:41:49,290 --> 00:41:46,000  
you brought that up thank you very much

1027  
00:41:54,390 --> 00:41:49,300  
for having touched upon that wanted to

1028  
00:41:55,800 --> 00:41:54,400  
go on to the next topic and that is by

1029  
00:41:57,599 --> 00:41:55,810  
the way I did want to mention something

1030  
00:42:00,420 --> 00:41:57,609  
of because I didn't get a chance to

1031  
00:42:02,670 --> 00:42:00,430  
backtrack and and say this so let me

1032  
00:42:05,190 --> 00:42:02,680  
just bring up something else here and

1033  
00:42:07,500 --> 00:42:05,200  
that is you're going to have an

1034  
00:42:09,420 --> 00:42:07,510  
interview this weekend you already had

1035  
00:42:11,370 --> 00:42:09,430  
an interview last year with Lou Elizondo

1036  
00:42:14,069 --> 00:42:11,380  
but you're going to have a interview

1037  
00:42:16,609 --> 00:42:14,079  
this weekend with Louie Lozano Elizondo

1038  
00:42:20,250 --> 00:42:16,619

by Skype on open minds radio podcast

1039

00:42:22,319 --> 00:42:20,260

everybody please go to that I I can't

1040

00:42:25,620 --> 00:42:22,329

imagine anybody not listening to that

1041

00:42:28,410 --> 00:42:25,630

it's on open minds TV it'll be an audio

1042

00:42:30,630 --> 00:42:28,420

interview that is going to be a really

1043

00:42:32,819 --> 00:42:30,640

important interview for everybody to

1044

00:42:35,069 --> 00:42:32,829

listen to you may have covered it a

1045

00:42:36,630 --> 00:42:35,079

little bit but alejandro do you mind

1046

00:42:39,359 --> 00:42:36,640

just mentioning a little bit about that

1047

00:42:42,089 --> 00:42:39,369

so we can emphasize that our listeners

1048

00:42:43,829 --> 00:42:42,099

how important that interview is yeah I

1049

00:42:46,620 --> 00:42:43,839

think right now it's really important we

1050

00:42:48,900 --> 00:42:46,630

haven't heard from Lou for a while in an

1051  
00:42:51,200 --> 00:42:48,910  
interview the last time actually we

1052  
00:42:53,640 --> 00:42:51,210  
heard from him was in Alabama with the

1053  
00:42:57,750 --> 00:42:53,650  
scientific coalition for now it's called

1054  
00:43:00,630 --> 00:42:57,760  
UAP research but so luckily we heard

1055  
00:43:02,099 --> 00:43:00,640  
from him there but otherwise it's been a

1056  
00:43:03,450 --> 00:43:02,109  
while because they've kind of been on

1057  
00:43:04,740 --> 00:43:03,460  
this hiatus they're on this whole

1058  
00:43:07,260 --> 00:43:04,750  
they've been shooting the History

1059  
00:43:10,980 --> 00:43:07,270  
Channel show and and the promotion

1060  
00:43:13,349 --> 00:43:10,990  
hasn't started up for that so and with

1061  
00:43:14,520 --> 00:43:13,359  
all of this other news that's come you

1062  
00:43:16,620 --> 00:43:14,530  
know I think it's going to be really

1063  
00:43:18,599 --> 00:43:16,630

important and now Luke does like to

1064

00:43:20,730 --> 00:43:18,609

share information I think today that

1065

00:43:22,589 --> 00:43:20,740

piece of information I got was an

1066

00:43:24,390 --> 00:43:22,599

example you know he is really excited to

1067

00:43:25,920 --> 00:43:24,400

say hey I know that Washington Post

1068

00:43:26,640 --> 00:43:25,930

story came out but it's not the full

1069

00:43:28,890 --> 00:43:26,650

story

1070

00:43:30,510 --> 00:43:28,900

people you know don't freak out there's

1071

00:43:34,110 --> 00:43:30,520

going to be some public disclosure when

1072

00:43:37,830 --> 00:43:34,120

it comes to this Navy UFO reporting so

1073

00:43:40,020 --> 00:43:37,840

I'm clarifying that speaking to the DD

1074

00:43:41,670 --> 00:43:40,030

1910 you know there were people that

1075

00:43:43,140 --> 00:43:41,680

were questioning hey there's no

1076

00:43:45,300 --> 00:43:43,150

signature on this line where there's

1077

00:43:46,530 --> 00:43:45,310

normally a signature and George Knapp

1078

00:43:48,450 --> 00:43:46,540

right out well that's because there's a

1079

00:43:51,090 --> 00:43:48,460

stamp and the stamps serve the purpose

1080

00:43:53,220 --> 00:43:51,100

at the signature would some people are

1081

00:43:55,560 --> 00:43:53,230

satisfied with that some aren't but we

1082

00:43:58,440 --> 00:43:55,570

can ask you know Lou about some of those

1083

00:44:01,050 --> 00:43:58,450

things but we'll get more information

1084

00:44:02,880 --> 00:44:01,060

about what's in the show you know how

1085

00:44:04,980 --> 00:44:02,890

much of an influence to the star has had

1086

00:44:07,410 --> 00:44:04,990

on this whole Navy thing you know how

1087

00:44:09,840 --> 00:44:07,420

much do they really know about what's

1088

00:44:11,850 --> 00:44:09,850

going on in do they have it what is

1089

00:44:15,390 --> 00:44:11,860

their involvement and I think that what

1090

00:44:18,420 --> 00:44:15,400

people need to really listen for in this

1091

00:44:21,060 --> 00:44:18,430

interview is we have evidence you know

1092

00:44:22,950 --> 00:44:21,070

not only through the briefings but also

1093

00:44:24,930 --> 00:44:22,960

through this Navy news and some of what

1094

00:44:27,210 --> 00:44:24,940

they've told us recently Chris Mullin

1095

00:44:30,720 --> 00:44:27,220

and others that they are really plugged

1096

00:44:33,360 --> 00:44:30,730

in with the legislature with military

1097

00:44:36,150 --> 00:44:33,370

leadership so they're very plugged in

1098

00:44:39,030 --> 00:44:36,160

when it comes to this topic and that

1099

00:44:41,550 --> 00:44:39,040

makes them kind of leaders on this topic

1100

00:44:44,370 --> 00:44:41,560

when it comes to to those arenas so that

1101  
00:44:46,740 --> 00:44:44,380  
makes what these guys have to say really

1102  
00:44:49,590 --> 00:44:46,750  
important because then we get more

1103  
00:44:52,560 --> 00:44:49,600  
insight into how much influence they're

1104  
00:44:54,990 --> 00:44:52,570  
having and what sort of future we can be

1105  
00:44:56,640 --> 00:44:55,000  
looking forward to even when it comes to

1106  
00:44:58,800 --> 00:44:56,650  
the government and this topic I mean as

1107  
00:44:59,610 --> 00:44:58,810  
the Air Force gonna start some

1108  
00:45:02,340 --> 00:44:59,620  
guidelines

1109  
00:45:05,010 --> 00:45:02,350  
who else is interested in who else is is

1110  
00:45:07,070 --> 00:45:05,020  
asking for information I think all of

1111  
00:45:10,290 --> 00:45:07,080  
this is going to be really interesting

1112  
00:45:12,030 --> 00:45:10,300  
okay yeah Alejandro thank you for

1113  
00:45:14,070 --> 00:45:12,040

bringing that up I really appreciate it

1114

00:45:16,590 --> 00:45:14,080

we want to talk about your important

1115

00:45:19,080 --> 00:45:16,600

work with the SCU that is a scientific

1116

00:45:20,880 --> 00:45:19,090

coalition for you a faulty I'll be sure

1117

00:45:22,680 --> 00:45:20,890

to include that link in the chat room

1118

00:45:25,970 --> 00:45:22,690

and also mention it after you finish

1119

00:45:28,710 --> 00:45:25,980

talking you are on the board and with

1120

00:45:30,930 --> 00:45:28,720

respect of public relations isn't that

1121

00:45:33,000 --> 00:45:30,940

correct and also could you please just

1122

00:45:39,840 --> 00:45:33,010

to let us know a little bit about your

1123

00:45:40,650 --> 00:45:39,850

time with SEO right so the SCU is de

1124

00:45:43,770 --> 00:45:40,660

scientifically

1125

00:45:47,339 --> 00:45:43,780

for UAP studies you know unidentified

1126

00:45:50,120 --> 00:45:47,349

aerial phenomena and the whole point is

1127

00:45:54,329 --> 00:45:50,130

to kind of do science and interface with

1128

00:45:55,470 --> 00:45:54,339

scientists regarding this topic and I

1129

00:45:57,390 --> 00:45:55,480

think that's really important I've

1130

00:46:00,180 --> 00:45:57,400

always said in my interest in this arena

1131

00:46:03,120 --> 00:46:00,190

has always been that there's space for a

1132

00:46:06,000 --> 00:46:03,130

UFOs of SETI you know some of you will

1133

00:46:08,250 --> 00:46:06,010

remember back in the 90s or so SETI was

1134

00:46:10,020 --> 00:46:08,260

not a mainstream thing they were made

1135

00:46:12,569 --> 00:46:10,030

fun of too just like the UFO people

1136

00:46:15,059 --> 00:46:12,579

literally they were right with us oh the

1137

00:46:16,950 --> 00:46:15,069

people looking for aliens and they've

1138

00:46:20,130 --> 00:46:16,960

done a great job where they've turned

1139

00:46:21,990 --> 00:46:20,140

things around we're now SETI the search

1140

00:46:24,329 --> 00:46:22,000

for extraterrestrial intelligence which

1141

00:46:28,079 --> 00:46:24,339

is an institute but also a kind of a

1142

00:46:30,029 --> 00:46:28,089

topic is the main thing I mean NASA is

1143

00:46:33,390 --> 00:46:30,039

admitting that you know we're a lien

1144

00:46:35,760 --> 00:46:33,400

hunters that and whatever city does

1145

00:46:38,029 --> 00:46:35,770

makes news and their alien hunting

1146

00:46:40,559 --> 00:46:38,039

they're looking for intelligent

1147

00:46:43,020 --> 00:46:40,569

extraterrestrial civilizations that are

1148

00:46:44,549 --> 00:46:43,030

out there so if they could do it you

1149

00:46:47,880 --> 00:46:44,559

know there needs to be an organization

1150

00:46:49,200 --> 00:46:47,890

on the UFO and to do that because it's

1151  
00:46:52,260 --> 00:46:49,210  
doable

1152  
00:46:54,089 --> 00:46:52,270  
MUFON was what a lot of us hoped that

1153  
00:46:55,500 --> 00:46:54,099  
would be and I used to be the PR guy for

1154  
00:46:58,170 --> 00:46:55,510  
a MUFON and back in those days that's

1155  
00:47:00,930 --> 00:46:58,180  
where we were moving towards but it came

1156  
00:47:03,240 --> 00:47:00,940  
a bit more populous where and and it was

1157  
00:47:04,559 --> 00:47:03,250  
difficult because back then when I was

1158  
00:47:05,880 --> 00:47:04,569  
doing this and we were more science

1159  
00:47:07,319 --> 00:47:05,890  
oriented we would always get why don't

1160  
00:47:08,549 --> 00:47:07,329  
you do this why don't you do that and

1161  
00:47:10,859 --> 00:47:08,559  
why don't you do that and I would have

1162  
00:47:12,420 --> 00:47:10,869  
to say we need to focus on what we do

1163  
00:47:15,240 --> 00:47:12,430

best there's some plenty of other people

1164

00:47:17,640 --> 00:47:15,250

that focus on the other things but MUFON

1165

00:47:19,950 --> 00:47:17,650

now has kind of taken more of a broader

1166

00:47:21,569 --> 00:47:19,960

idea of things they're covering more

1167

00:47:24,420 --> 00:47:21,579

topics and they're not focused

1168

00:47:26,130 --> 00:47:24,430

necessarily strictly on science so some

1169

00:47:28,980 --> 00:47:26,140

of the people who were science oriented

1170

00:47:31,890 --> 00:47:28,990

have left MUFON and created this SCU and

1171

00:47:35,460 --> 00:47:31,900

I've been working with them and they've

1172

00:47:38,519 --> 00:47:35,470

been great at not only focusing on

1173

00:47:40,200 --> 00:47:38,529

science making a place where papers can

1174

00:47:42,089 --> 00:47:40,210

be submitted research papers and they

1175

00:47:44,010 --> 00:47:42,099

could be peer-reviewed and then they've

1176

00:47:46,470 --> 00:47:44,020

also done a great job in reaching out

1177

00:47:48,690 --> 00:47:46,480

globally to scientists who are

1178

00:47:50,549 --> 00:47:48,700

interested in this topic they've got a

1179

00:47:53,760 --> 00:47:50,559

great membership

1180

00:47:54,540 --> 00:47:53,770

we've got great partnerships and now you

1181

00:47:56,520 --> 00:47:54,550

know us

1182

00:47:58,140 --> 00:47:56,530

slowly because it takes time we've got

1183

00:48:01,140 --> 00:47:58,150

some research papers coming out this

1184

00:48:04,650 --> 00:48:01,150

group first got together researching the

1185

00:48:08,130 --> 00:48:04,660

Aguadilla case from what 2009 I think

1186

00:48:10,170 --> 00:48:08,140

that was and they put out the paper on

1187

00:48:13,230 --> 00:48:10,180

that the the latest paper they've done

1188

00:48:15,210 --> 00:48:13,240

is a Nimitz encounter research paper

1189

00:48:17,550 --> 00:48:15,220

which is the only you know scientific

1190

00:48:20,040 --> 00:48:17,560

analysis we have on the Nimitz case

1191

00:48:22,500 --> 00:48:20,050

because we don't know what a tip did we

1192

00:48:25,200 --> 00:48:22,510

don't have those papers so we've got

1193

00:48:28,380 --> 00:48:25,210

some amazing information regarding the

1194

00:48:33,600 --> 00:48:28,390

scientific analysis of the maneuvers

1195

00:48:35,460 --> 00:48:33,610

that these things had that done so I'm

1196

00:48:37,380 --> 00:48:35,470

really excited about the group and

1197

00:48:40,560 --> 00:48:37,390

moving forward I'm an adviser of the

1198

00:48:42,380 --> 00:48:40,570

board right now for media so I kind of

1199

00:48:44,550 --> 00:48:42,390

helped them with media outreach and

1200

00:48:47,850 --> 00:48:44,560

because I think that's an important part

1201

00:48:50,220 --> 00:48:47,860

what said he did was twofold

1202

00:48:52,380 --> 00:48:50,230

they studied the science they got

1203

00:48:54,300 --> 00:48:52,390

involvement from scientists so they

1204

00:48:58,290 --> 00:48:54,310

embedded themselves in the science

1205

00:49:00,120 --> 00:48:58,300

community but they also pretty much it

1206

00:49:03,210 --> 00:49:00,130

seems like these days especially they

1207

00:49:05,400 --> 00:49:03,220

don't say no to any PR opportunity so

1208

00:49:08,940 --> 00:49:05,410

they're out there talking with people

1209

00:49:10,890 --> 00:49:08,950

sharing information session even though

1210

00:49:13,950 --> 00:49:10,900

he's a UFO skeptic and he frustrates

1211

00:49:16,110 --> 00:49:13,960

people he's an excellent speaker I mean

1212

00:49:18,720 --> 00:49:16,120

he convinces people look guys there are

1213

00:49:21,330 --> 00:49:18,730

aliens out there and he's humorous and

1214

00:49:23,970 --> 00:49:21,340

witty when he does it I think that

1215

00:49:26,310 --> 00:49:23,980

that's a great model for for us to move

1216

00:49:28,050 --> 00:49:26,320

towards and and it shows us we can't get

1217

00:49:30,390 --> 00:49:28,060

there we can't make this you know a

1218

00:49:32,790 --> 00:49:30,400

topic that has taken more seriously and

1219

00:49:34,650 --> 00:49:32,800

I think that's happening yeah I'm glad

1220

00:49:36,270 --> 00:49:34,660

you brought up all that Alejandra I

1221

00:49:39,030 --> 00:49:36,280

wanted to mention to you that we have

1222

00:49:40,380 --> 00:49:39,040

interviewed a rich Hoffman who's on the

1223

00:49:43,500 --> 00:49:40,390

board of seu I know you know him very

1224

00:49:46,590 --> 00:49:43,510

well and he covered a few things you

1225

00:49:49,170 --> 00:49:46,600

mentioned one thing about SCU is they're

1226

00:49:50,670 --> 00:49:49,180

very serious about their papers you

1227

00:49:51,750 --> 00:49:50,680

mentioned the Aguadilla Puerto Rico

1228

00:49:54,150 --> 00:49:51,760

report I believe is what you were

1229

00:49:57,810 --> 00:49:54,160

talking about that was just updated on

1230

00:49:59,280 --> 00:49:57,820

the 28th of August 2018 wanted to

1231

00:50:02,460 --> 00:49:59,290

mention everybody that report is

1232

00:50:03,930 --> 00:50:02,470

absolutely fascinating it's a little bit

1233

00:50:05,970 --> 00:50:03,940

a little blurb I want to read on it is

1234

00:50:08,430 --> 00:50:05,980

since the first release of the 2013 I'll

1235

00:50:11,910 --> 00:50:08,440

go jog wadiya Puerto Rico you a

1236

00:50:13,500 --> 00:50:11,920

report on August 10th 2015 there have

1237

00:50:15,630 --> 00:50:13,510

been various inputs from new sources

1238

00:50:17,460 --> 00:50:15,640

various blogs and social media sites

1239

00:50:20,099 --> 00:50:17,470

related to the content at the video and

1240

00:50:21,510 --> 00:50:20,109

our report the only review that we have

1241

00:50:24,660 --> 00:50:21,520

received to date is from the French

1242

00:50:26,640 --> 00:50:24,670

aeronautical group sigma3 AF and that

1243

00:50:28,920 --> 00:50:26,650

was only an initial review of the report

1244

00:50:30,420 --> 00:50:28,930

they have indicated that a few full

1245

00:50:32,520 --> 00:50:30,430

review of the report should be available

1246

00:50:34,500 --> 00:50:32,530

in December on their website we will

1247

00:50:36,690 --> 00:50:34,510

place a link to their site once such a

1248

00:50:39,900 --> 00:50:36,700

review is completed if people go to

1249

00:50:44,790 --> 00:50:39,910

these kinds of reports that SCU has

1250

00:50:47,220 --> 00:50:44,800

these reports are massive I mean and

1251

00:50:50,359 --> 00:50:47,230

they are almost at forensic level

1252

00:50:53,160 --> 00:50:50,369

regarding how definitive they are and

1253

00:50:55,290 --> 00:50:53,170

really something to be proud of we went

1254

00:50:58,680 --> 00:50:55,300

over these reports in great detail with

1255

00:51:00,660 --> 00:50:58,690

rich Hofmann and her last spring Megacon

1256

00:51:03,150 --> 00:51:00,670

panel where we talked about current

1257

00:51:05,010 --> 00:51:03,160

events and I just I'm going to go and

1258

00:51:09,329 --> 00:51:05,020

drop the link in the chat room in just a

1259

00:51:14,849 --> 00:51:09,339

moment you would go to explore s-see you

1260

00:51:17,700 --> 00:51:14,859

org so that's explorer s see you org and

1261

00:51:20,579 --> 00:51:17,710

then I recommend going to hit slash and

1262

00:51:24,950 --> 00:51:20,589

then papers and you will find any manner

1263

00:51:27,000 --> 00:51:24,960

of paperwork there documents and videos

1264

00:51:29,309 --> 00:51:27,010

scientific findings regarding a major

1265

00:51:31,470 --> 00:51:29,319

u.s. Navy encounter with one starts off

1266

00:51:33,000 --> 00:51:31,480

with another one is science-based UFO

1267

00:51:35,309 --> 00:51:33,010

research organization makes public

1268

00:51:37,710 --> 00:51:35,319

statements estimates of optical power

1269

00:51:41,880 --> 00:51:37,720

output at six cases of an unexplained it

1270

00:51:43,410 --> 00:51:41,890

goes on making UFO you making UFOs make

1271

00:51:44,130 --> 00:51:43,420

sense you have followed you science and

1272

00:51:46,230 --> 00:51:44,140

so forth

1273

00:51:48,930 --> 00:51:46,240

Stephenville lights spherical

1274

00:51:51,420 --> 00:51:48,940

unidentified anomalous phenomena I could

1275

00:51:54,990 --> 00:51:51,430

go on and on this is a massive archive

1276  
00:51:59,359 --> 00:51:55,000  
of by se you regarding various papers

1277  
00:52:02,099 --> 00:51:59,369  
for various for fascinating reading

1278  
00:52:06,780 --> 00:52:02,109  
wanted to move on to the next topic here

1279  
00:52:09,540 --> 00:52:06,790  
and what is one thing real quickly just

1280  
00:52:11,160 --> 00:52:09,550  
at that sigma3 AF that it bets a big

1281  
00:52:13,349 --> 00:52:11,170  
deal in France that is it our

1282  
00:52:15,660 --> 00:52:13,359  
astronomical and aeronautical

1283  
00:52:19,260 --> 00:52:15,670  
association so it's made up of engineers

1284  
00:52:21,540 --> 00:52:19,270  
and technicians so this is not a UFO

1285  
00:52:22,740 --> 00:52:21,550  
group out there this is a serious

1286  
00:52:25,800 --> 00:52:22,750  
engineering

1287  
00:52:27,240 --> 00:52:25,810  
aerospace organization that it's taking

1288  
00:52:28,980 --> 00:52:27,250

on and it's taking them a long time

1289

00:52:31,230 --> 00:52:28,990

because they're going page by page to

1290

00:52:32,460 --> 00:52:31,240

review and give feedback and so far

1291

00:52:36,960 --> 00:52:32,470

they've been very impressed with the

1292

00:52:39,780 --> 00:52:36,970

report yes and by the way just want to

1293

00:52:41,640 --> 00:52:39,790

wanted to tell you we love it when you

1294

00:52:43,890 --> 00:52:41,650

interrupt because we always love what

1295

00:52:46,500 --> 00:52:43,900

you have to say so please interrupt me

1296

00:52:54,390 --> 00:52:46,510

we're here for you so at any time I'm

1297

00:52:57,780 --> 00:52:54,400

talking you never say that the by all

1298

00:53:00,390 --> 00:52:57,790

means please do interrupt me this this

1299

00:53:02,430 --> 00:53:00,400

interviews all about you now I wanted to

1300

00:53:04,560 --> 00:53:02,440

bring up something that Frank wanted to

1301  
00:53:07,020 --> 00:53:04,570  
talk about regarding researcher of the

1302  
00:53:10,680 --> 00:53:07,030  
year Frank go ahead and take it yes now

1303  
00:53:14,520 --> 00:53:10,690  
with the risk of hurting Dave's chances

1304  
00:53:17,520 --> 00:53:14,530  
I want to say this I think Dave Beatty

1305  
00:53:19,320 --> 00:53:17,530  
should be the UFO researcher of the year

1306  
00:53:26,910 --> 00:53:19,330  
and if he's not alejandro i will never

1307  
00:53:28,530 --> 00:53:26,920  
speak to you again I'm kidding Dave

1308  
00:53:32,280 --> 00:53:28,540  
maybe of course you I'm sure you've had

1309  
00:53:34,830 --> 00:53:32,290  
him on the show his video of the Nimet

1310  
00:53:37,350 --> 00:53:34,840  
encounter is extraordinary the work he

1311  
00:53:40,020 --> 00:53:37,360  
put towards it the professionalism that

1312  
00:53:41,670 --> 00:53:40,030  
he put into it I mean this video we've

1313  
00:53:43,320 --> 00:53:41,680

never seen something like this before I

1314

00:53:45,960 --> 00:53:43,330

think in the UFO community so I

1315

00:53:49,080 --> 00:53:45,970

completely understand why you would say

1316

00:53:51,660 --> 00:53:49,090

that he's certainly deserving I'm not

1317

00:53:54,240 --> 00:53:51,670

the boss so it's not gonna be my final

1318

00:53:56,760 --> 00:53:54,250

decision but the and it's always so hard

1319

00:53:59,310 --> 00:53:56,770

to decide but I could see why you would

1320

00:54:04,110 --> 00:53:59,320

say that and he certainly would be

1321

00:54:05,820 --> 00:54:04,120

worthy of it okay well Frank he wanted

1322

00:54:07,410 --> 00:54:05,830

to bring it up I thought perhaps he

1323

00:54:09,240 --> 00:54:07,420

would talk more about it didn't she want

1324

00:54:12,120 --> 00:54:09,250

to rant a little bit about that topic

1325

00:54:14,010 --> 00:54:12,130

well not just the movie itself but it's

1326

00:54:15,930 --> 00:54:14,020

all the research that he's done and what

1327

00:54:18,960 --> 00:54:15,940

he's done is kind of a created an

1328

00:54:20,910 --> 00:54:18,970

atmosphere outside tts a where witnesses

1329

00:54:23,490 --> 00:54:20,920

feel comfortable coming forward and

1330

00:54:26,160 --> 00:54:23,500

speaking to him that's a really good

1331

00:54:27,990 --> 00:54:26,170

point he's I mean he's made a film and

1332

00:54:31,590 --> 00:54:28,000

he's done the research to back it up and

1333

00:54:33,630 --> 00:54:31,600

there's more on the way yeah no I agree

1334

00:54:36,120 --> 00:54:33,640

he keeps getting more and more witnesses

1335

00:54:38,850 --> 00:54:36,130

out you know he is on top

1336

00:54:41,280 --> 00:54:38,860

this Nimitz thing hardcore which is so

1337

00:54:44,340 --> 00:54:41,290

important because it's an absolutely

1338

00:54:47,490 --> 00:54:44,350

amazing case and according to Elizondo

1339

00:54:50,670 --> 00:54:47,500

even on this History Channel show there

1340

00:54:53,910 --> 00:54:50,680

are more even better cases than a tip

1341

00:54:57,690 --> 00:54:53,920

will be exploring on the show and that

1342

00:54:59,280 --> 00:54:57,700

the a tip looked into so I I guess we're

1343

00:55:01,980 --> 00:54:59,290

gonna have even better ones coming up so

1344

00:55:05,850 --> 00:55:01,990

Dave's gonna have to do quite a few more

1345

00:55:07,800 --> 00:55:05,860

videos and [h\_\_\h] it didn't come up when

1346

00:55:09,480 --> 00:55:07,810

we were talking yes about your

1347

00:55:12,570 --> 00:55:09,490

conversation with Paul D but you had

1348

00:55:15,390 --> 00:55:12,580

mentioned to me that there are some East

1349

00:55:17,430 --> 00:55:15,400

Coast pilots and more recent cases that

1350

00:55:23,670 --> 00:55:17,440

are chomping at the bit to come out and

1351

00:55:25,050 --> 00:55:23,680

speaking yes you know it's funny thank you

1352

00:55:26,760 --> 00:55:25,060

for talking about that Frank but you

1353

00:55:29,010 --> 00:55:26,770

will never believe who's talking to me

1354

00:55:33,320 --> 00:55:29,020

now Paul Dean he's wanted to thank

1355

00:55:37,200 --> 00:55:33,330

alejandro for having been so kind and

1356

00:55:38,690 --> 00:55:37,210

complimentary towards him and frank i'm

1357

00:55:42,230 --> 00:55:38,700

not meaning to cite this up your

1358

00:55:47,490 --> 00:55:42,240

question or your your comment here but

1359

00:55:49,140 --> 00:55:47,500

alejandro my personal the person i would

1360

00:55:51,000 --> 00:55:49,150

like to volunteer as researcher of the

1361

00:55:53,190 --> 00:55:51,010

years Paul Dean that you know if he

1362

00:55:55,380 --> 00:55:53,200

needs to be recognized I say that not to

1363

00:55:57,270 --> 00:55:55,390

you but just in general to everybody and

1364

00:55:59,970 --> 00:55:57,280

you ethology this person works very

1365

00:56:02,490 --> 00:55:59,980

quietly he's probably one of the

1366

00:56:04,950 --> 00:56:02,500

quietest people I've ever met in UF

1367

00:56:08,160 --> 00:56:04,960

ology and all he does literally day and

1368

00:56:10,110 --> 00:56:08,170

night is research the topic of UF ology

1369

00:56:14,250 --> 00:56:10,120

and brings us mountains of information

1370

00:56:15,810 --> 00:56:14,260

to pour over regarding a documents and

1371

00:56:18,420 --> 00:56:15,820

FOIA requests and the other individual

1372

00:56:20,580 --> 00:56:18,430

is a lovely person we just interviewed

1373

00:56:22,890 --> 00:56:20,590

him and that is Keith pastor field he's

1374

00:56:25,080 --> 00:56:22,900

awesome I was gonna say that yeah Paul

1375

00:56:27,360 --> 00:56:25,090

Dean has a buddy now in the field i

1376  
00:56:31,020 --> 00:56:27,370  
Keith pastor field who's also done some

1377  
00:56:33,600 --> 00:56:31,030  
amazing work you know what and Keith I

1378  
00:56:35,550 --> 00:56:33,610  
only first talked with just recently and

1379  
00:56:38,700 --> 00:56:35,560  
little does he know you know I visit his

1380  
00:56:41,790 --> 00:56:38,710  
website often now he knows that I told

1381  
00:56:43,890 --> 00:56:41,800  
him but yeah Paul and Keith are

1382  
00:56:46,140 --> 00:56:43,900  
absolutely incredible I think what's

1383  
00:56:48,090 --> 00:56:46,150  
really amazing and polished certainly

1384  
00:56:49,829 --> 00:56:48,100  
you know he's not shy to share this

1385  
00:56:51,959 --> 00:56:49,839  
information he's not

1386  
00:56:54,569 --> 00:56:51,969  
when you get him on the phone but as far

1387  
00:56:57,269 --> 00:56:54,579  
as the internet wise he certainly is he

1388  
00:57:00,959 --> 00:56:57,279

really cranks them out Keith yeah II

1389

00:57:03,089 --> 00:57:00,969

think really dr. Paul Dean gets in those

1390

00:57:05,429 --> 00:57:03,099

modes too and what's really interesting

1391

00:57:07,289 --> 00:57:05,439

is these guys Paul says this and I agree

1392

00:57:09,329 --> 00:57:07,299

with him that they're the best at this

1393

00:57:11,670 --> 00:57:09,339

there's nobody getting these documents

1394

00:57:13,769 --> 00:57:11,680

and getting to the root and you know

1395

00:57:16,499 --> 00:57:13,779

really digging like these guys are and

1396

00:57:18,059 --> 00:57:16,509

they they are you know Paul it's funny

1397

00:57:20,249 --> 00:57:18,069

cuz I say you know the best guy getting

1398

00:57:22,920 --> 00:57:20,259

the the US documents is Paul Dean and he

1399

00:57:26,999 --> 00:57:22,930

doesn't even live in the US and it's

1400

00:57:29,400 --> 00:57:27,009

true yeah extraordinary yeah we talked

1401  
00:57:32,130 --> 00:57:29,410  
him about it at length last year and he

1402  
00:57:34,499 --> 00:57:32,140  
he just developed a knack for it you

1403  
00:57:36,120 --> 00:57:34,509  
know it's it's a weird kind of thing but

1404  
00:57:39,449 --> 00:57:36,130  
he's a very productive guy another guy

1405  
00:57:42,839 --> 00:57:39,459  
who's really productive is you and it's

1406  
00:57:45,479 --> 00:57:42,849  
like how do you manage everything that

1407  
00:57:47,160 --> 00:57:45,489  
you do how do you do it yeah thank you

1408  
00:57:49,529 --> 00:57:47,170  
for saying that Frank that is so true

1409  
00:57:52,289 --> 00:57:49,539  
about Alejandro you know what thank you

1410  
00:57:54,150 --> 00:57:52,299  
for saying that and and I guess mostly

1411  
00:57:56,870 --> 00:57:54,160  
I'm data-driven so I'm driven by the

1412  
00:57:59,880 --> 00:57:56,880  
stories and the news and it is

1413  
00:58:01,529 --> 00:57:59,890

especially hard right now just because

1414

00:58:03,630 --> 00:58:01,539

there's so much coming out so I want to

1415

00:58:05,759 --> 00:58:03,640

keep on top of stuff and you know my

1416

00:58:06,269 --> 00:58:05,769

passion is to share information that's

1417

00:58:09,179 --> 00:58:06,279

what I do

1418

00:58:11,309 --> 00:58:09,189

and so it's hard for me when you know

1419

00:58:12,989 --> 00:58:11,319

there's there's information that comes

1420

00:58:14,910 --> 00:58:12,999

out I know people don't have and I want

1421

00:58:17,489 --> 00:58:14,920

to get it to people as soon as possible

1422

00:58:19,979 --> 00:58:17,499

or maybe like today when questions arise

1423

00:58:21,539 --> 00:58:19,989

and I know I've got a contact you can

1424

00:58:23,549 --> 00:58:21,549

answer some of these questions so I want

1425

00:58:26,999 --> 00:58:23,559

to get that information out there to

1426

00:58:27,959 --> 00:58:27,009

help us keep moving forward and it does

1427

00:58:30,509 --> 00:58:27,969

get in the way of some of the other

1428

00:58:33,269 --> 00:58:30,519

things that I do right now I'm

1429

00:58:35,069 --> 00:58:33,279

prioritizing the whole UFO thing and I

1430

00:58:37,829 --> 00:58:35,079

hope that works out for me by the way

1431

00:58:40,589 --> 00:58:37,839

you know sorry to plug in and it's not

1432

00:58:42,870 --> 00:58:40,599

no big for money but if you go to my

1433

00:58:44,640 --> 00:58:42,880

patreon site you know if people want to

1434

00:58:47,429 --> 00:58:44,650

help support me that that's a great way

1435

00:58:49,169 --> 00:58:47,439

to do it I do share exclusive stuff so

1436

00:58:50,459 --> 00:58:49,179

David Marley you guys if you haven't had

1437

00:58:52,769 --> 00:58:50,469

him on your show you got to have him

1438

00:58:54,900 --> 00:58:52,779

he's at work we're working it I was yeah

1439

00:58:58,109 --> 00:58:54,910

he's amazing the other day yeah yeah

1440

00:58:59,880 --> 00:58:58,119

we're doing a talk go ahead exactly yes

1441

00:59:01,799 --> 00:58:59,890

he was just in Phoenix so he's a good

1442

00:59:03,330 --> 00:59:01,809

buddy of mine and I recorded him ask him

1443

00:59:04,860 --> 00:59:03,340

what's his favorite try uncle Casey

1444

00:59:06,660 --> 00:59:04,870

he's known for doing he wrote a book

1445

00:59:08,520 --> 00:59:06,670

about that and then asked him his

1446

00:59:10,890 --> 00:59:08,530

thoughts on this Navy stuff and so I

1447

00:59:12,780 --> 00:59:10,900

shared that as something special for my

1448

00:59:14,640 --> 00:59:12,790

patreon and it's it's as low as like a

1449

00:59:17,280 --> 00:59:14,650

dollar a month but that goes a long way

1450

00:59:21,210 --> 00:59:17,290

for helping me I keep me able to

1451

00:59:23,160 --> 00:59:21,220

prioritize this stuff because I'm trying

1452

00:59:24,210 --> 00:59:23,170

to do that cuz I'd rather you know keep

1453

00:59:26,940 --> 00:59:24,220

doing this because there's so much

1454

00:59:28,350 --> 00:59:26,950

information to share and luckily I've

1455

00:59:30,570 --> 00:59:28,360

been in this long enough that I have

1456

00:59:32,880 --> 00:59:30,580

some insight and perspective that others

1457

00:59:34,730 --> 00:59:32,890

don't so I think that I have a lot of

1458

00:59:36,900 --> 00:59:34,740

relevant information to share to people

1459

00:59:39,180 --> 00:59:36,910

yeah and I know the website you're

1460

00:59:42,450 --> 00:59:39,190

talking about you know I just want to

1461

00:59:44,970 --> 00:59:42,460

tell everybody please do pitch a dollar

1462

00:59:46,740 --> 00:59:44,980

manok just go to the website and give a

1463

00:59:48,600 --> 00:59:46,750

little bit because you know it's not

1464

00:59:55,350 --> 00:59:48,610

like he's buying an island here

1465

00:59:57,090 --> 00:59:55,360

nobody's getting richer you know I'm

1466

00:59:58,830 --> 00:59:57,100

just saying hey donate money I'm saying

1467

01:00:01,260 --> 00:59:58,840

hey for a buck you're gonna get a lot of

1468

01:00:04,350 --> 01:00:01,270

great content that's what I was about to

1469

01:00:07,350 --> 01:00:04,360

say before we talk about the URL to the

1470

01:00:08,550 --> 01:00:07,360

website want to tell everybody that it

1471

01:00:10,320 --> 01:00:08,560

is worth your time because you're

1472

01:00:11,580 --> 01:00:10,330

getting content that you would not

1473

01:00:14,490 --> 01:00:11,590

normally get anywhere else

1474

01:00:16,200 --> 01:00:14,500

so it's exclusive stuff and with how

1475

01:00:18,740 --> 01:00:16,210

would you spell the name of that website

1476

01:00:24,180 --> 01:00:18,750

just so everybody knows which one it is

1477

01:00:26,070 --> 01:00:24,190

patreon is p80 re0 n comm and then you

1478

01:00:28,650 --> 01:00:26,080

can just look up Bala Hondo Rojas you'll

1479

01:00:31,860 --> 01:00:28,660

find me there but you can also go to my

1480

01:00:33,720 --> 01:00:31,870

website which is Alejandro T Rojas comm

1481

01:00:37,590 --> 01:00:33,730

and you can find a link there so

1482

01:00:39,030 --> 01:00:37,600

Alejandro T Rojas comm right and I will

1483

01:00:41,010 --> 01:00:39,040

be sharing your website in the chatroom

1484

01:00:44,910 --> 01:00:41,020

in a moment and the patron so I'll do

1485

01:00:48,420 --> 01:00:44,920

that thanks and all the open minds web

1486

01:00:50,520 --> 01:00:48,430

presences they're yours as well yeah so

1487

01:00:52,740 --> 01:00:50,530

essentially with open minds it's kind of

1488

01:00:54,570 --> 01:00:52,750

gone I mean we used to have a staff

1489

01:00:57,810 --> 01:00:54,580

where we were putting out videos and

1490

01:01:00,930 --> 01:00:57,820

everything but over time that's kind of

1491

01:01:02,910 --> 01:01:00,940

gone away so I'm maintaining it it's

1492

01:01:04,500 --> 01:01:02,920

almost like an archival site at this

1493

01:01:07,050 --> 01:01:04,510

time I mean I still do open minds UFO

1494

01:01:09,480 --> 01:01:07,060

radio that I post there and I still post

1495

01:01:11,190 --> 01:01:09,490

you know summaries of what the stories I

1496

01:01:13,800 --> 01:01:11,200

write elsewhere and then link to those

1497

01:01:15,210 --> 01:01:13,810

stories so open minds is still around

1498

01:01:17,280 --> 01:01:15,220

and there's so much great information

1499

01:01:21,360 --> 01:01:17,290

because we've had so many great

1500

01:01:23,550 --> 01:01:21,370

over the years so I maintain it still so

1501

01:01:25,410 --> 01:01:23,560

it still exists it's still a thing and

1502

01:01:26,460 --> 01:01:25,420

of course we have a big website and

1503

01:01:29,010 --> 01:01:26,470

everything so

1504

01:01:31,980 --> 01:01:29,020

so yeah it's still up there and running

1505

01:01:33,710 --> 01:01:31,990

but I also am you know it's something

1506

01:01:36,450 --> 01:01:33,720

I'm maintaining while I do other things

1507

01:01:38,580 --> 01:01:36,460

okay good yeah and I did also share

1508

01:01:40,680 --> 01:01:38,590

those two links so I've kind of shared

1509

01:01:43,530 --> 01:01:40,690

them repeatedly anyway the Alejandro T

1510

01:01:49,010 --> 01:01:43,540

Rojas com now I just want to spell that

1511

01:01:53,070 --> 01:01:49,020

for people it's al e J a and D ro t ro

1512

01:01:54,960 --> 01:01:53,080

Jas calm and looks like my friend

1513

01:01:57,780 --> 01:01:54,970

Rodrigo Kira's in here tonight okay I

1514

01:02:02,580 --> 01:01:57,790

wonder I wanted to let let our listeners

1515

01:02:04,710 --> 01:02:02,590

here are some questions that that I got

1516

01:02:07,320 --> 01:02:04,720

over the past two days when everybody

1517

01:02:09,510 --> 01:02:07,330

heard I was interviewing Alejandro I got

1518

01:02:11,720 --> 01:02:09,520

overwhelmed with a ton of questions so I

1519

01:02:14,460 --> 01:02:11,730

have a grocery list full of them and

1520

01:02:16,980 --> 01:02:14,470

wanted to start off with the first one

1521

01:02:18,870 --> 01:02:16,990

are you ready Alejandro I'm ready and I

1522

01:02:20,400 --> 01:02:18,880

don't mind the tough one so someone's

1523

01:02:21,780 --> 01:02:20,410

being critical and they're like hey why

1524

01:02:24,000 --> 01:02:21,790

did you say this or that bring it on

1525

01:02:27,450 --> 01:02:24,010

because I don't mind no I have the

1526

01:02:29,610 --> 01:02:27,460

toughest one right here okay okay just

1527

01:02:31,110 --> 01:02:29,620

one sec let me go ahead and stop this

1528

01:02:31,950 --> 01:02:31,120

beeping here sorry about that that was

1529

01:02:34,080 --> 01:02:31,960

me

1530

01:02:37,200 --> 01:02:34,090

Jeff Crouse who knows you very well and

1531

01:02:40,950 --> 01:02:37,210

Mark Dantonio they got together today

1532

01:02:43,080 --> 01:02:40,960

and they have a question for you Jeff

1533

01:02:46,200 --> 01:02:43,090

wants to know where the \$5 is that you

1534

01:02:56,040 --> 01:02:46,210

that he lent you in 2014 he says he

1535

01:03:00,840 --> 01:02:56,050

wants it back Jeff Joker so I know he's

1536

01:03:03,180 --> 01:03:00,850

only kidding but just because he made

1537

01:03:04,620 --> 01:03:03,190

such a funny comment although I pay him

1538

01:03:06,270 --> 01:03:04,630

five bucks for it one next time I see

1539

01:03:08,070 --> 01:03:06,280

you I think I will be seeing him soon

1540

01:03:10,110 --> 01:03:08,080

and also because I'll be speaking at

1541

01:03:11,730 --> 01:03:10,120

alien Con this summer and I think he

1542

01:03:15,630 --> 01:03:11,740

said he'll be there so I'll give you

1543

01:03:17,790 --> 01:03:15,640

your 5 bucks then mr. Crouse well Mark

1544

01:03:19,860 --> 01:03:17,800

Dantonio said that ice just spoke to him

1545

01:03:21,900 --> 01:03:19,870

today by the way and he says he wants to

1546

01:03:24,120 --> 01:03:21,910

know from Jeff Crouse where's the five

1547

01:03:28,410 --> 01:03:24,130

bucks that he led to Jeff to lent to you

1548

01:03:30,360 --> 01:03:28,420

and ha ha and Jeff also said that you

1549

01:03:31,079 --> 01:03:30,370

can pay him back in beer that's he did

1550

01:03:33,299 --> 01:03:31,089

say that so

1551

01:03:38,099 --> 01:03:33,309

just so you're aware it appeared for

1552

01:03:40,950 --> 01:03:38,109

five bucks anymore right okay

1553

01:03:44,849 --> 01:03:40,960

so Shane heard who as a field

1554

01:03:48,209 --> 01:03:44,859

investigator with Phoenix MUFON here in

1555

01:03:49,559 --> 01:03:48,219

Arizona was a fabulous person and I

1556

01:03:51,359 --> 01:03:49,569

actually had the opportunity to spend

1557

01:03:53,489 --> 01:03:51,369

time I actually at dinner with he and

1558

01:03:56,489 --> 01:03:53,499

his beautiful wife Donna

1559

01:03:58,440 --> 01:03:56,499

after the Phoenix lights event at that

1560

01:04:00,420 --> 01:03:58,450

doctor linkit I had here in Phoenix

1561

01:04:03,630 --> 01:04:00,430

Arizona was really wonderful event I

1562

01:04:06,120 --> 01:04:03,640

spent seven hours with the saucer man my

1563

01:04:08,969 --> 01:04:06,130

equipment a camera guy covering that

1564

01:04:11,729 --> 01:04:08,979

event and anyway wanted to let you know

1565

01:04:14,880 --> 01:04:11,739

his question he said has he ever seen a

1566

01:04:17,219 --> 01:04:14,890

UFO or had an experience and is that

1567

01:04:20,249 --> 01:04:17,229

what got him into the topic that is his

1568

01:04:23,420 --> 01:04:20,259

question for you okay yeah I left Shane

1569

01:04:25,319 --> 01:04:23,430

- hello buddy good good to hear from you

1570

01:04:27,630 --> 01:04:25,329

yeah and I don't think I've talked to

1571

01:04:30,120 --> 01:04:27,640

him about my sightings but I have had a

1572

01:04:31,739 --> 01:04:30,130

couple of sightings they're not what got

1573

01:04:34,079 --> 01:04:31,749

me into this and it's a great question

1574

01:04:35,819 --> 01:04:34,089

because the vast majority of people who

1575

01:04:37,739 --> 01:04:35,829

have a passion for this field I think

1576

01:04:39,959 --> 01:04:37,749

have had sightings but not me

1577

01:04:41,969 --> 01:04:39,969

in fact I wasn't an investigator for

1578

01:04:44,249 --> 01:04:41,979

several years before I had my first

1579

01:04:46,019 --> 01:04:44,259

sighting and where did I have it funny

1580

01:04:48,839 --> 01:04:46,029

enough at a place called to you of a

1581

01:04:51,299 --> 01:04:48,849

watchtower so this is a place in

1582

01:04:53,579 --> 01:04:51,309

Colorado it's in the San Luis Valley

1583

01:04:53,999 --> 01:04:53,589

where I do have roots my family had come

1584

01:04:55,799 --> 01:04:54,009

from there

1585

01:04:58,469 --> 01:04:55,809

a lot of weird stuff goes on there Chris

1586

01:05:00,150 --> 01:04:58,479

O'Brien has a book on on the weirdness

1587

01:05:02,910 --> 01:05:00,160

out there he used to be based out there

1588

01:05:06,029 --> 01:05:02,920

but I decided you know what I got a

1589

01:05:07,979 --> 01:05:06,039

visit this this place and so me and my

1590

01:05:10,289 --> 01:05:07,989

sister and a buddy and his girlfriend

1591

01:05:13,079 --> 01:05:10,299

all decided to go camping out there at

1592

01:05:15,209 --> 01:05:13,089

this UFO Watchtower since you know I

1593

01:05:16,859 --> 01:05:15,219

ended up you know being like the emcee

1594

01:05:19,259 --> 01:05:16,869

for this yearly thing they did there and

1595

01:05:20,759 --> 01:05:19,269

because when we got there I just really

1596

01:05:22,200 --> 01:05:20,769

hit it off with the lady who was running

1597

01:05:24,239 --> 01:05:22,210

at she was such a cool lady

1598

01:05:26,190 --> 01:05:24,249

so we were just talking and talking and

1599

01:05:29,789 --> 01:05:26,200

talking and we weren't outside looking

1600

01:05:31,259 --> 01:05:29,799

and my sister said I think there's a

1601

01:05:33,509 --> 01:05:31,269

satellite out here but she was really

1602

01:05:35,009 --> 01:05:33,519

excited so I could tell oh she must see

1603

01:05:37,829 --> 01:05:35,019

something interesting so I ran out there

1604

01:05:40,979 --> 01:05:37,839

and sure enough there was this really

1605

01:05:42,959 --> 01:05:40,989

bright light to the east of us in the

1606

01:05:44,910 --> 01:05:42,969

San Luis Valley we're directly east of

1607

01:05:47,100 --> 01:05:44,920

the the sand dunes the same

1608

01:05:49,200 --> 01:05:47,110

national park there and the sand dudes

1609

01:05:51,750 --> 01:05:49,210

is up against the Sangre de Cristo

1610

01:05:54,000 --> 01:05:51,760

Mountains and above the mountain range

1611

01:05:56,970 --> 01:05:54,010

at about 30% it was dusk

1612

01:05:59,430 --> 01:05:56,980

there was a really bright light it was

1613

01:06:01,410 --> 01:05:59,440

dusk so it's not like it was dark enough

1614

01:06:03,270 --> 01:06:01,420

where you could see let's say the ISS or

1615

01:06:09,210 --> 01:06:03,280

something like that and it was moving

1616

01:06:11,850 --> 01:06:09,220

across above the the hills it it was not

1617

01:06:13,740 --> 01:06:11,860

blinking it was just a solid light it

1618

01:06:15,720 --> 01:06:13,750

was moving and then when it got about

1619

01:06:17,370 --> 01:06:15,730

directly east of us it made these weird

1620

01:06:19,730 --> 01:06:17,380

movements everybody saw something

1621

01:06:21,780 --> 01:06:19,740

different I thought it was kind of like

1622

01:06:23,670 --> 01:06:21,790

blinking like the light was going on

1623

01:06:27,240 --> 01:06:23,680

enough and then fading off and also

1624

01:06:29,760 --> 01:06:27,250

making this jerky movement others

1625

01:06:33,080 --> 01:06:29,770

started changing direction and some of

1626

01:06:35,280 --> 01:06:33,090

this other stuff before it faded out so

1627

01:06:37,290 --> 01:06:35,290

yeah that was weird that was my first

1628

01:06:38,700 --> 01:06:37,300

sighting that oh and then this is what's

1629

01:06:40,470 --> 01:06:38,710

weird so we're all excited and we're

1630

01:06:41,850 --> 01:06:40,480

talking about it and as we're talking it

1631

01:06:44,430 --> 01:06:41,860

gets darker and darker because it was

1632

01:06:48,360 --> 01:06:44,440

dusk then it's pitch dark out and sure

1633

01:06:51,990 --> 01:06:48,370

enough I I turn around and in the North

1634

01:06:56,220 --> 01:06:52,000

East and the North West there was a

1635

01:06:58,140 --> 01:06:56,230

satellite well let's see I was facing

1636

01:07:00,330 --> 01:06:58,150

West so this was in the southwest in the

1637

01:07:02,220 --> 01:07:00,340

northwest there were two satellites and

1638

01:07:05,010 --> 01:07:02,230

they were both at about the same

1639

01:07:06,810 --> 01:07:05,020

distance coming towards us and they

1640

01:07:09,450 --> 01:07:06,820

crossed this is so weird

1641

01:07:11,460 --> 01:07:09,460

they crossed in the sky right above

1642

01:07:12,810 --> 01:07:11,470

where we had our sighting and I call him

1643

01:07:15,900 --> 01:07:12,820

satellites because they were just slow

1644

01:07:17,130 --> 01:07:15,910

you know moving in one direction so that

1645

01:07:19,470 --> 01:07:17,140

was really cool it's kind of neat

1646

01:07:21,360 --> 01:07:19,480

because at a San Diego comic-con for the

1647

01:07:23,850 --> 01:07:21,370

Blue Book Project Blue Book television

1648

01:07:26,460 --> 01:07:23,860

show they had like this secret base set

1649

01:07:29,610 --> 01:07:26,470

up and they had guys in there sketching

1650

01:07:32,190 --> 01:07:29,620

out people's UFO cases so I was able to

1651

01:07:35,460 --> 01:07:32,200

get them to sketch my sighting and in

1652

01:07:38,250 --> 01:07:35,470

fact I I did this on I think a Facebook

1653

01:07:39,930 --> 01:07:38,260

live or a Instagram live where I went

1654

01:07:42,090 --> 01:07:39,940

through that and then showed people my

1655

01:07:45,450 --> 01:07:42,100

my thinks you can go on there and check

1656

01:07:49,200 --> 01:07:45,460

that out okay yes and thank you so much

1657

01:07:50,430 --> 01:07:49,210

for going over that two things I wanted

1658

01:07:53,250 --> 01:07:50,440

to mention before I ask you the next

1659

01:07:55,200 --> 01:07:53,260

question and that is chase Clark is here

1660

01:07:57,240 --> 01:07:55,210

with us tonight which is wonderful and

1661

01:07:58,440 --> 01:07:57,250

she was also very happy that you were

1662

01:08:01,290 --> 01:07:58,450

going over the

1663

01:08:03,450 --> 01:08:01,300

females involved in ufology that are

1664

01:08:05,940 --> 01:08:03,460

going to be representing all of us at

1665

01:08:07,800 --> 01:08:05,950

the UFO Congress because you have quite

1666

01:08:10,770 --> 01:08:07,810

a few I think probably more than any

1667

01:08:12,900 --> 01:08:10,780

other convention possibly and then also

1668

01:08:15,060 --> 01:08:12,910

the other four got rich Hoffmann rich

1669

01:08:18,240 --> 01:08:15,070

Hoffman of SCU is here with us tonight

1670

01:08:19,559 --> 01:08:18,250

and he said hello and it's always nice

1671

01:08:21,360 --> 01:08:19,569

to see rich she's such a wonderful

1672

01:08:23,700 --> 01:08:21,370

person and we really enjoy his company

1673

01:08:26,760 --> 01:08:23,710

very much feels like an episode of this

1674

01:08:28,530 --> 01:08:26,770

is your life because you're talking all

1675

01:08:30,720 --> 01:08:28,540

of my favorite people some of my best

1676

01:08:32,640 --> 01:08:30,730

buds out there you know it's so funny

1677

01:08:36,329 --> 01:08:32,650

rich Hoffman is hilarious you know

1678

01:08:38,430 --> 01:08:36,339

people may think he's just serious all

1679

01:08:40,800 --> 01:08:38,440

the time and myopically focused on stuff

1680

01:08:42,720 --> 01:08:40,810

and he is he's laser sharp and you know

1681

01:08:45,090 --> 01:08:42,730

you can't get anything by him just like

1682

01:08:47,340 --> 01:08:45,100

you but what's so very funny about him

1683

01:08:49,320 --> 01:08:47,350

is he's just got such an intense sense

1684

01:08:50,910 --> 01:08:49,330

of humor we we just thoroughly enjoy

1685

01:08:54,510 --> 01:08:50,920

spending time with him whenever we get

1686

01:08:56,700 --> 01:08:54,520

an opportunity to do so moving on to the

1687

01:09:00,240 --> 01:08:56,710

next question that is Tom Willett more

1688

01:09:01,620 --> 01:09:00,250

and now just so you know and I don't

1689

01:09:04,380 --> 01:09:01,630

mean to sound like your mother here

1690

01:09:06,870 --> 01:09:04,390

Alejandro I do have to warn you there

1691

01:09:08,099 --> 01:09:06,880

are quite a few questions so you know if

1692

01:09:10,110 --> 01:09:08,109

you feel like you can do this with

1693

01:09:12,150 --> 01:09:10,120

brevity that would be great so that's my

1694

01:09:14,430 --> 01:09:12,160

warning to you all right Tom Whitmore

1695

01:09:16,709 --> 01:09:14,440

the question would be do you think that

1696

01:09:19,050 --> 01:09:16,719

Grant Cameron will actually release the

1697

01:09:23,309 --> 01:09:19,060

interview what could be so explosive

1698

01:09:25,590 --> 01:09:23,319

about mj-12 and the deep state

1699

01:09:28,019 --> 01:09:25,600

involvement in UFOs and what do you

1700

01:09:29,610 --> 01:09:28,029

think will happen if at all that's

1701

01:09:32,130 --> 01:09:29,620

exactly what he said so you can take

1702

01:09:35,519 --> 01:09:32,140

that as as you will if you want me to

1703

01:09:37,800 --> 01:09:35,529

reread it too you know yeah I get it

1704

01:09:40,740 --> 01:09:37,810

so yeah Tom went Morris great he's a

1705

01:09:43,410 --> 01:09:40,750

board member of MUFON yes I do know him

1706

01:09:45,180 --> 01:09:43,420

well and you know what I don't pay

1707

01:09:48,390 --> 01:09:45,190

attention to any of that and here's why

1708

01:09:50,610 --> 01:09:48,400

and I first of all I love Grant Cameron

1709

01:09:52,829 --> 01:09:50,620

to get death he's an important person in

1710

01:09:55,920 --> 01:09:52,839

this field his presidential UFO sight is

1711

01:09:58,970 --> 01:09:55,930

so important but lately I don't know

1712

01:10:01,410 --> 01:09:58,980

it's just that I don't feel like his

1713

01:10:03,030 --> 01:10:01,420

he's going down some rabbit holes that

1714

01:10:06,000 --> 01:10:03,040

aren't being very productive I don't

1715

01:10:08,940 --> 01:10:06,010

think so I think that it would be best

1716

01:10:10,830 --> 01:10:08,950

for him to kind of come around and start

1717

01:10:12,330 --> 01:10:10,840

to look into some areas that'll be a

1718

01:10:14,910 --> 01:10:12,340

little more fruitful because

1719

01:10:17,220 --> 01:10:14,920

first of all you know I'm one of these

1720

01:10:19,440 --> 01:10:17,230

people and I've done a lot of research

1721

01:10:22,200 --> 01:10:19,450

on this and people can see it I just the

1722

01:10:25,050 --> 01:10:22,210

the mj-12 documents are not real I mean

1723

01:10:27,660 --> 01:10:25,060

they were people don't talk about this

1724

01:10:29,190 --> 01:10:27,670

but the very first MJ time mj-12 was

1725

01:10:31,050 --> 01:10:29,200

mentioned is in a document that was

1726

01:10:34,140 --> 01:10:31,060

created by Richard Doty and Richard Doty

1727

01:10:36,420 --> 01:10:34,150

says that was fake yeah the whole thing

1728

01:10:38,250 --> 01:10:36,430

there are fakes I will say this about

1729

01:10:40,080 --> 01:10:38,260

him I think they're useful reading they

1730

01:10:42,450 --> 01:10:40,090

were actually very helpful to me when I

1731

01:10:43,980 --> 01:10:42,460

started on this they're very well

1732

01:10:46,200 --> 01:10:43,990

researched well you know what's

1733

01:10:48,950 --> 01:10:46,210

interesting about that it's because they

1734

01:10:51,810 --> 01:10:48,960

were written I mean and this is what so

1735

01:10:53,850 --> 01:10:51,820

suspicious so these very first documents

1736

01:10:55,800 --> 01:10:53,860

were created by Richard Doty then they

1737

01:10:57,600 --> 01:10:55,810

got a lot better and it turned out that

1738

01:11:00,570 --> 01:10:57,610

it was William Moore an author who

1739

01:11:03,330 --> 01:11:00,580

joined him and started you know sharing

1740

01:11:05,010 --> 01:11:03,340

these fake documents Richard Moore of

1741

01:11:07,530 --> 01:11:05,020

course our William Moore worked with

1742

01:11:09,810 --> 01:11:07,540

Stanton Friedman and surprisingly a lot

1743

01:11:12,030 --> 01:11:09,820

of the research that's Anton Friedman

1744

01:11:14,220 --> 01:11:12,040

and Bill Moore had done ended up in

1745

01:11:15,780 --> 01:11:14,230

these documents or sure so that's why

1746

01:11:18,240 --> 01:11:15,790

it's great research because it is great

1747

01:11:21,450 --> 01:11:18,250

research from Sam Friedman and you know

1748

01:11:23,040 --> 01:11:21,460

that ended up in some of these but but

1749

01:11:24,510 --> 01:11:23,050

yes I don't put much into that we

1750

01:11:26,670 --> 01:11:24,520

haven't seen much there was supposed to

1751

01:11:30,090 --> 01:11:26,680

be this big news from Joe fromage that

1752

01:11:31,950 --> 01:11:30,100

has turned out to be false news it seems

1753

01:11:33,150 --> 01:11:31,960

like he's even admitted this position he

1754

01:11:36,420 --> 01:11:33,160

claimed to have with the national space

1755

01:11:38,130 --> 01:11:36,430

council doesn't even exist so and I

1756

01:11:40,560 --> 01:11:38,140

found that just kind of my happenstance

1757

01:11:42,150 --> 01:11:40,570

so I don't I there hasn't been anything

1758

01:11:43,920 --> 01:11:42,160

I don't think fruitful coming from that

1759

01:11:45,300 --> 01:11:43,930

I don't believe the mj-12 documents are

1760

01:11:47,160 --> 01:11:45,310

real I don't think we're gonna receive

1761

01:11:50,250 --> 01:11:47,170

anything from that and that's going to

1762

01:11:53,340 --> 01:11:50,260

be of use personally so I'm not really

1763

01:11:55,790 --> 01:11:53,350

paying attention to it yeah and I'm glad

1764

01:12:00,150 --> 01:11:55,800

you did bring that up because I was

1765

01:12:02,520 --> 01:12:00,160

sorry to interrupt again yet but they're

1766

01:12:04,290 --> 01:12:02,530

not real they still came from somewhere

1767

01:12:06,720 --> 01:12:04,300

I don't believe that that great jinda

1768

01:12:09,570 --> 01:12:06,730

muffin is running around suggesting that

1769

01:12:11,940 --> 01:12:09,580

he's got them I think somebody did give

1770

01:12:14,010 --> 01:12:11,950

them to him and don't you think that

1771

01:12:16,470 --> 01:12:14,020

it's important that we know about that

1772

01:12:18,270 --> 01:12:16,480

kind of thing that the UFO researchers

1773

01:12:21,630 --> 01:12:18,280

might be getting snowed or played a

1774

01:12:23,130 --> 01:12:21,640

little bit and it's a it's good to know

1775

01:12:26,070 --> 01:12:23,140

about this stuff it's good to keep your

1776

01:12:27,870 --> 01:12:26,080

eye on this sort of it's very important

1777

01:12:29,880 --> 01:12:27,880

and I've been trying to share the roots

1778

01:12:32,070 --> 01:12:29,890

of where this information comes from and

1779

01:12:34,020 --> 01:12:32,080

the roots of where this data actually is

1780

01:12:35,700 --> 01:12:34,030

source from but nobody seems to pay

1781

01:12:38,760 --> 01:12:35,710

attention because it's kind of more fun

1782

01:12:41,310 --> 01:12:38,770

to to believe in the the mystery or the

1783

01:12:45,780 --> 01:12:41,320

the mythology it seems like so now I'm

1784

01:12:47,370 --> 01:12:45,790

sending like George Knapp but you know I

1785

01:12:49,290 --> 01:12:47,380

agree with you and I've been trying to

1786

01:12:51,990 --> 01:12:49,300

share this message and I'm nice great to

1787

01:12:52,980 --> 01:12:52,000

share this message you know at any time

1788

01:12:54,840 --> 01:12:52,990

even though I'm sure there's people

1789

01:12:57,240 --> 01:12:54,850

listeners that are very frustrated by

1790

01:13:00,180 --> 01:12:57,250

those comments but that's what I found

1791

01:13:01,980 --> 01:13:00,190

in my years of research right so let's

1792

01:13:03,600 --> 01:13:01,990

just talk about Joe firmage for a second

1793

01:13:05,510 --> 01:13:03,610

by the way you know I don't know if it's

1794

01:13:07,920 --> 01:13:05,520

Joe fromage like target to target

1795

01:13:12,260 --> 01:13:07,930

pronounce that name but I'll just say

1796

01:13:15,000 --> 01:13:12,270

Joe firmage for now I evidently grant

1797

01:13:17,130 --> 01:13:15,010

posted something interesting recently we

1798

01:13:19,190 --> 01:13:17,140

all saw it it was huge in the topic if

1799

01:13:23,010 --> 01:13:19,200

you ethology for some and not for others

1800

01:13:25,880 --> 01:13:23,020

what that picture was that he posted was

1801

01:13:29,280 --> 01:13:25,890

the National Space Council indicating

1802

01:13:31,350 --> 01:13:29,290

allegedly that Joe firmage had joined it

1803

01:13:33,030 --> 01:13:31,360

you can go ahead and say in what manner

1804

01:13:33,930 --> 01:13:33,040

if you wish alejandra that would be

1805

01:13:35,970 --> 01:13:33,940

great

1806

01:13:37,920 --> 01:13:35,980

and then I did want to mention to

1807

01:13:41,400 --> 01:13:37,930

everybody when I did my research on this

1808

01:13:44,070 --> 01:13:41,410

topic I think it was Bruce Benton that

1809

01:13:46,410 --> 01:13:44,080

came up with information research he had

1810

01:13:49,350 --> 01:13:46,420

done finding out that there was no such

1811

01:13:51,360 --> 01:13:49,360

position that Joe firmage held now when

1812

01:13:53,250 --> 01:13:51,370

I also did research looking for anything

1813

01:13:55,080 --> 01:13:53,260

that Grant had to say about this topic

1814

01:13:59,330 --> 01:13:55,090

because as you know alejandro like

1815

01:14:02,130 --> 01:13:59,340

yourself you would he get comments a

1816

01:14:04,590 --> 01:14:02,140

prolific amount of comments from people

1817

01:14:08,370 --> 01:14:04,600

asking you questions demanding answers

1818

01:14:11,430 --> 01:14:08,380

and there were questions in the hundreds

1819

01:14:13,590 --> 01:14:11,440

to grant and everything I sifted through

1820

01:14:15,680 --> 01:14:13,600

I only found a few comments from Grant

1821

01:14:20,220 --> 01:14:15,690

about this and here it goes

1822

01:14:23,100 --> 01:14:20,230

the real Aussie for 48 he asked at White

1823

01:14:25,290 --> 01:14:23,110

House UFO which is grant Cameron where

1824

01:14:27,450 --> 01:14:25,300

is the proof of this meaning Joe firmage

1825

01:14:29,100 --> 01:14:27,460

the thing he just posted on it the

1826

01:14:32,070 --> 01:14:29,110

picture he did about the National Space

1827

01:14:33,390 --> 01:14:32,080

Council and Joe firmage being involved

1828

01:14:35,370 --> 01:14:33,400

with that you can go ahead and talk

1829

01:14:37,950 --> 01:14:35,380

about that position if you don't mind

1830

01:14:40,290 --> 01:14:37,960

all Honjo in a moment and

1831

01:14:45,780 --> 01:14:40,300

white house that UFO being grant Cameron

1832

01:14:51,150 --> 01:14:45,790

said standby when he was asked about it

1833

01:14:53,640 --> 01:14:51,160

and then he was asked again and he said

1834

01:14:56,730 --> 01:14:53,650

grant Cameron said I am watching just

1835

01:14:59,490 --> 01:14:56,740

like you so he never once committed to

1836

01:15:03,930 --> 01:14:59,500

saying he believed what he posted he

1837

01:15:05,820 --> 01:15:03,940

just said that people need to stand by

1838

01:15:07,710 --> 01:15:05,830

and he is watching

1839

01:15:12,990 --> 01:15:07,720

just like you those two things that's

1840

01:15:14,790 --> 01:15:13,000

all I found the position I know I

1841

01:15:16,620 --> 01:15:14,800

definitely do not want to spare you any

1842

01:15:17,010 --> 01:15:16,630

of these people because I do respect

1843

01:15:19,320 --> 01:15:17,020

them

1844

01:15:20,700 --> 01:15:19,330

Joe fromage for some for instance he's

1845

01:15:23,550 --> 01:15:20,710

another guy who made a lot of money I

1846

01:15:25,680 --> 01:15:23,560

think in the Silicon Valley and he

1847

01:15:28,170 --> 01:15:25,690

decided to put it towards UFO research

1848

01:15:31,470 --> 01:15:28,180

which is great I think that's wonderful

1849

01:15:33,090 --> 01:15:31,480

but as far as yeah unfortunately you

1850

01:15:34,380 --> 01:15:33,100

know this press release went out on his

1851

01:15:36,600 --> 01:15:34,390

web site that said he was going to be

1852

01:15:41,280 --> 01:15:36,610

President of the National Space Council

1853

01:15:44,370 --> 01:15:41,290

now yeah I also cover space so I you

1854

01:15:46,260 --> 01:15:44,380

know luckily get to go to NASA

1855

01:15:48,360 --> 01:15:46,270

facilities interview astronauts this

1856

01:15:49,950 --> 01:15:48,370

sort of thing so I'm very familiar with

1857

01:15:52,620 --> 01:15:49,960

the National Space Council which is

1858

01:15:54,270 --> 01:15:52,630

something that President Trump had

1859

01:15:55,980 --> 01:15:54,280

restarted it was something that was

1860

01:15:58,110 --> 01:15:55,990

created way back in the past

1861

01:16:00,420 --> 01:15:58,120

essentially this council that advises

1862

01:16:03,240 --> 01:16:00,430

the president regarding space and that

1863

01:16:04,920 --> 01:16:03,250

Trump created that again and you can go

1864

01:16:07,620 --> 01:16:04,930

to the website it's on NASA's website

1865

01:16:09,390 --> 01:16:07,630

where you can see all of the members you

1866

01:16:12,030 --> 01:16:09,400

know you referred to earlier Frank this

1867

01:16:13,470 --> 01:16:12,040

article on Politico where one of these

1868

01:16:16,200 --> 01:16:13,480

gentlemen from the House Space Committee

1869

01:16:17,730 --> 01:16:16,210

had made a comment on UFOs also present

1870

01:16:20,670 --> 01:16:17,740

in that conversation was one of the

1871

01:16:22,200 --> 01:16:20,680

members of the National Space Council so

1872

01:16:24,660 --> 01:16:22,210

you know they're out there it's an

1873

01:16:26,370 --> 01:16:24,670

organization that's out there but and

1874

01:16:29,280 --> 01:16:26,380

it's a big time I mean if we're gonna

1875

01:16:31,560 --> 01:16:29,290

say say they advise a president they

1876

01:16:34,500 --> 01:16:31,570

work directly with NASA leadership so

1877

01:16:36,450 --> 01:16:34,510

this is a very public thing they had

1878

01:16:38,670 --> 01:16:36,460

made a comment I know that they don't

1879

01:16:41,520 --> 01:16:38,680

even know who Joe fromage is which makes

1880

01:16:42,900 --> 01:16:41,530

sense so maybe Joe is trying to work

1881

01:16:44,340 --> 01:16:42,910

with them somehow

1882

01:16:46,860 --> 01:16:44,350

and that would be great and maybe he's

1883

01:16:48,810 --> 01:16:46,870

trying to get them into UFOs it's

1884

01:16:51,190 --> 01:16:48,820

unfortunate I think what happened here

1885

01:16:53,530 --> 01:16:51,200

is grant

1886

01:16:55,300 --> 01:16:53,540

is taking information yeah apparently he

1887

01:16:56,710 --> 01:16:55,310

got directly from fromage or maybe

1888

01:16:59,140 --> 01:16:56,720

somebody very close to him

1889

01:17:01,150 --> 01:16:59,150

he went with it for my if fromage was

1890

01:17:04,060 --> 01:17:01,160

the ultimate source on this announcement

1891

01:17:06,010 --> 01:17:04,070

that proved to be crazy but if the

1892

01:17:07,960 --> 01:17:06,020

source gives you something and you go

1893

01:17:13,180 --> 01:17:07,970

with it and it turns out to be terrible

1894

01:17:16,690 --> 01:17:13,190

wait there's there's poor information

1895

01:17:18,400 --> 01:17:16,700

that that buttress is all of this in the

1896

01:17:22,030 --> 01:17:18,410

first place and I think that's the issue

1897

01:17:24,100 --> 01:17:22,040

that that you know you can connect dots

1898

01:17:26,710 --> 01:17:24,110

but if you're connecting dots by

1899

01:17:30,370 --> 01:17:26,720

speculation and assumption you know it's

1900

01:17:33,010 --> 01:17:30,380

going to be a very weak case understood

1901

01:17:35,080 --> 01:17:33,020

but if firm oz releases something like

1902

01:17:37,120 --> 01:17:35,090

this no matter how bogus it is isn't the

1903

01:17:41,440 --> 01:17:37,130

fact that for Maj releases it news I

1904

01:17:43,120 --> 01:17:41,450

think it is well I don't think so

1905

01:17:44,380 --> 01:17:43,130

personally don't think yeah I'm not

1906

01:17:46,660 --> 01:17:44,390

saying it's the biggest story in the

1907

01:17:54,160 --> 01:17:46,670

world but you know it's coming from

1908

01:17:55,990 --> 01:17:54,170

fromage he's saying it but yeah I here's

1909

01:17:57,520 --> 01:17:56,000

why I didn't cover it I didn't think it

1910

01:17:59,040 --> 01:17:57,530

was that big of news because you know I

1911

01:18:01,480 --> 01:17:59,050

hadn't been hearing things from other

1912

01:18:03,580 --> 01:18:01,490

mainstream more traditional routes which

1913

01:18:05,080 --> 01:18:03,590

you would I mean it's a big deal

1914

01:18:07,690 --> 01:18:05,090

okay great was saying that was gonna

1915

01:18:10,090 --> 01:18:07,700

happen and that did happen yeah not even

1916

01:18:11,770 --> 01:18:10,100

close just the opposite they even said

1917

01:18:15,160 --> 01:18:11,780

we don't even know who this guy is it

1918

01:18:16,960 --> 01:18:15,170

sounds like more like he's trying to you

1919

01:18:18,520 --> 01:18:16,970

know introduce them to some of the stuff

1920

01:18:20,800 --> 01:18:18,530

that he's working on which is kind of

1921

01:18:24,220 --> 01:18:20,810

more along of the lines of what a tip is

1922

01:18:26,110 --> 01:18:24,230

working on and he wants like our TTS a

1923

01:18:28,000 --> 01:18:26,120

so he wants to be like TTS a and he

1924

01:18:30,700 --> 01:18:28,010

wants to you know get involved with some

1925

01:18:32,920 --> 01:18:30,710

of these mainstream organizations you

1926

01:18:35,350 --> 01:18:32,930

know and you know good luck to him but

1927

01:18:37,690 --> 01:18:35,360

there there has been practically no

1928

01:18:39,490 --> 01:18:37,700

headway made in that arena and and lots

1929

01:18:42,130 --> 01:18:39,500

of these are kind of like shadowboxing

1930

01:18:44,590 --> 01:18:42,140

you know it's like it's it's all of

1931

01:18:46,570 --> 01:18:44,600

their this may happen or they that may

1932

01:18:48,340 --> 01:18:46,580

happen and you know we're according to

1933

01:18:50,860 --> 01:18:48,350

this person and hearsay and rumor

1934

01:18:52,480 --> 01:18:50,870

whereas it's not you know direct hard

1935

01:18:54,280 --> 01:18:52,490

facts that you can work with and that's

1936

01:18:56,770 --> 01:18:54,290

why I haven't worked in that arena

1937

01:18:58,750 --> 01:18:56,780

because sure enough it all far as apart

1938

01:19:00,580 --> 01:18:58,760

and people think you know I'm being kind

1939

01:19:02,650 --> 01:19:00,590

of a jerk but I'm not it's just that

1940

01:19:04,899 --> 01:19:02,660

there hasn't been anything fruitful from

1941

01:19:08,410 --> 01:19:04,909

that front as far as you know real hard

1942

01:19:10,180 --> 01:19:08,420

data and so and I could be proven wrong

1943

01:19:11,590 --> 01:19:10,190

and I could have been you know fromage

1944

01:19:13,600 --> 01:19:11,600

might have been announcing and I would

1945

01:19:15,070 --> 01:19:13,610

have you know lost out because I could

1946

01:19:18,520 --> 01:19:15,080

have been ahead of the story but

1947

01:19:20,260 --> 01:19:18,530

unfortunately what I suspected was that

1948

01:19:23,290 --> 01:19:20,270

the same thing that we keep hearing from

1949

01:19:25,479 --> 01:19:23,300

the side of the things is not true and

1950

01:19:27,310 --> 01:19:25,489

it's not um this is a site of things

1951

01:19:30,580 --> 01:19:27,320

that is just really kind of going down I

1952

01:19:32,530 --> 01:19:30,590

think the wrong path it's a sad story

1953

01:19:34,240 --> 01:19:32,540

for sure I got to disagree with you a

1954

01:19:36,910 --> 01:19:34,250

little bit and that it is a story maybe

1955

01:19:41,160 --> 01:19:36,920

not a huge story but it's a little bit

1956

01:19:44,050 --> 01:19:41,170

of a story wanted to mention about Bruce

1957

01:19:49,990 --> 01:19:44,060

Fenton and doing some research on this

1958

01:19:51,669 --> 01:19:50,000

and he found out that regarding the

1959

01:19:54,520 --> 01:19:51,679

national space Council and Joe Furman

1960

01:19:58,000 --> 01:19:54,530

George Oh fromage putting I guess

1961

01:19:59,320 --> 01:19:58,010

putting out allegedly putting out saying

1962

01:20:01,330 --> 01:19:59,330

that he's the president of national

1963

01:20:02,709 --> 01:20:01,340

space Council Thea McDonald director of

1964

01:20:05,470 --> 01:20:02,719

communications for the national space

1965

01:20:08,080 --> 01:20:05,480

Council from the White House allegedly

1966

01:20:08,590 --> 01:20:08,090

wrote back a letter saying to Bruce

1967

01:20:10,689 --> 01:20:08,600

Fenton

1968

01:20:11,979 --> 01:20:10,699

hello this information is false this is

1969

01:20:13,419 --> 01:20:11,989

not an official announcement from the

1970

01:20:15,399 --> 01:20:13,429

National Space Council and we are

1971

01:20:18,790 --> 01:20:15,409

unfamiliar with this individual Thank

1972

01:20:20,860 --> 01:20:18,800

You Thea just as Alejandro said you know

1973

01:20:23,890 --> 01:20:20,870

I mean we're giving an air time but also

1974

01:20:25,689 --> 01:20:23,900

it's important to things you know

1975

01:20:28,840 --> 01:20:25,699

Alejandro is right when he said this is

1976

01:20:31,899 --> 01:20:28,850

really a non news topic it is it's not

1977

01:20:34,419 --> 01:20:31,909

really news but at the same time weirdly

1978

01:20:36,430 --> 01:20:34,429

we have to cover it because even though

1979

01:20:38,410 --> 01:20:36,440

it's not real

1980

01:20:40,570 --> 01:20:38,420

it's important for folks in the ethology

1981

01:20:43,840 --> 01:20:40,580

community to know and folks outside of

1982

01:20:47,500 --> 01:20:43,850

the US policy community to know that

1983

01:20:50,620 --> 01:20:47,510

this is not real news okay so all do you

1984

01:20:52,240 --> 01:20:50,630

agree Alejandro I mean for the most part

1985

01:20:53,590 --> 01:20:52,250

I mean I didn't feel it with news

1986

01:20:57,250 --> 01:20:53,600

because I was afraid that it would fall

1987

01:20:59,080 --> 01:20:57,260

apart like it did and it did and so I

1988

01:21:01,600 --> 01:20:59,090

don't I don't want to disparage anybody

1989

01:21:03,700 --> 01:21:01,610

or point out you know kind of the

1990

01:21:06,970 --> 01:21:03,710

follies behind the scenes that that are

1991

01:21:09,640 --> 01:21:06,980

happening but I want to tell people that

1992

01:21:12,040 --> 01:21:09,650

there is legit stuff if you really have

1993

01:21:14,260 --> 01:21:12,050

an interest in consciousness how this

1994

01:21:16,840 --> 01:21:14,270

may be happening what might be going on

1995

01:21:18,770 --> 01:21:16,850

that way who's researching it who's

1996

01:21:21,020 --> 01:21:18,780

doing serious research

1997

01:21:23,810 --> 01:21:21,030

major institutions you need to follow

1998

01:21:27,710 --> 01:21:23,820

people like help good off or Eric Davis

1999

01:21:30,680 --> 01:21:27,720

or Gary Nolan or Jacques Vallee or the

2000

01:21:32,570 --> 01:21:30,690

SSE a whole organization of scientists

2001

01:21:34,940 --> 01:21:32,580

that look into this sort of things these

2002

01:21:37,400 --> 01:21:34,950

are credible scientists who are really

2003

01:21:38,660 --> 01:21:37,410

making headway and doing real work these

2004

01:21:40,010 --> 01:21:38,670

are the people that you need to pay

2005

01:21:42,140 --> 01:21:40,020

attention to if you're interested in

2006

01:21:43,820 --> 01:21:42,150

that sort of thing you're right and I

2007

01:21:45,740 --> 01:21:43,830

wholeheartedly agree with you and thank

2008

01:21:48,800 --> 01:21:45,750

you for saying that you're turning you

2009

01:21:50,750 --> 01:21:48,810

know lemons into lemonade thereby saying

2010

01:21:53,210 --> 01:21:50,760

that so I appreciate that now I have

2011

01:21:56,840 --> 01:21:53,220

another question for you and this is

2012

01:21:58,460 --> 01:21:56,850

from Rodrigo Vieira and Rodrigo I always

2013

01:22:02,150 --> 01:21:58,470

say your name wrong your last name wrong

2014

01:22:06,770 --> 01:22:02,160

I am so sorry but anyway I wanted to ask

2015

01:22:08,330 --> 01:22:06,780

a who question so it's after okay I see

2016

01:22:11,150 --> 01:22:08,340

what he's saying here he's saying after

2017

01:22:14,600 --> 01:22:11,160

you spoke with Elizondo dr. Davis and

2018

01:22:16,610 --> 01:22:14,610

dr. Nolan do you think a the US

2019

01:22:19,010 --> 01:22:16,620

government is in possession of alien

2020

01:22:21,500 --> 01:22:19,020

artifacts but it is so calm

2021

01:22:24,440 --> 01:22:21,510

compartmentalized that none of them are

2022

01:22:25,700 --> 01:22:24,450

aware of it and then do you want me to

2023

01:22:27,800 --> 01:22:25,710

just read the whole thing and then I can

2024

01:22:30,050 --> 01:22:27,810

tell you again the first one okay be

2025

01:22:32,240 --> 01:22:30,060

government crash retrievals alien

2026

01:22:33,830 --> 01:22:32,250

artifacts and Bob Lazar all fantasy I

2027

01:22:35,600 --> 01:22:33,840

guess that's sort of he wants to know if

2028

01:22:38,060 --> 01:22:35,610

that's but do you commiserate with that

2029

01:22:40,520 --> 01:22:38,070

but the first one is a the US government

2030

01:22:42,500 --> 01:22:40,530

is in possession of alien artifacts but

2031

01:22:44,330 --> 01:22:42,510

it is so compartmentalized that none of

2032

01:22:46,970 --> 01:22:44,340

them are aware of it do you agree with

2033

01:22:49,370 --> 01:22:46,980

that I think that is completely possible

2034

01:22:52,010 --> 01:22:49,380

I think that you know one of the

2035

01:22:55,730 --> 01:22:52,020

theories for example everything is you

2036

01:22:57,260 --> 01:22:55,740

know siloed you hear this a lot the Navy

2037

01:22:59,140 --> 01:22:57,270

doesn't know what the Air Force is doing

2038

01:23:02,060 --> 01:22:59,150

the Air Force doesn't know with you know

2039

01:23:03,500 --> 01:23:02,070

the DoD is doing everything is very

2040

01:23:06,440 --> 01:23:03,510

siloes all of these different

2041

01:23:08,990 --> 01:23:06,450

departments that are doing all this work

2042

01:23:11,630 --> 01:23:09,000

are doing it very independently so if

2043

01:23:12,890 --> 01:23:11,640

the Navy is collecting data often they

2044

01:23:14,870 --> 01:23:12,900

might not be sharing it with the Air

2045

01:23:16,490 --> 01:23:14,880

Force that's not might not be where the

2046

01:23:18,740 --> 01:23:16,500

information is going to where it's being

2047

01:23:20,560 --> 01:23:18,750

analyzed and coalesced and everything so

2048

01:23:23,870 --> 01:23:20,570

that would be entirely possible

2049

01:23:25,760 --> 01:23:23,880

situations like Roswell I think that you

2050

01:23:27,620 --> 01:23:25,770

know if we look at I just posted

2051

01:23:29,270 --> 01:23:27,630

something from John Alexander today he

2052

01:23:31,160 --> 01:23:29,280

spoke at Phoenix MUFON a few months ago

2053

01:23:32,779 --> 01:23:31,170

and he talks about how the government

2054

01:23:34,669 --> 01:23:32,789

works and how the siloing

2055

01:23:36,739 --> 01:23:34,679

happens and I think that this is

2056

01:23:38,419 --> 01:23:36,749

incredibly insightful and important

2057

01:23:40,969 --> 01:23:38,429

because let's say Roz will happen and

2058

01:23:43,369 --> 01:23:40,979

something really strange did crash there

2059

01:23:45,229 --> 01:23:43,379

well there's a somebody you know up the

2060

01:23:47,299 --> 01:23:45,239

line beside a hey this is embarrassing I

2061

01:23:52,009 --> 01:23:47,309

want it to go away they could burn the

2062

01:23:54,349 --> 01:23:52,019

files Lucy the the materials and and

2063

01:23:56,839 --> 01:23:54,359

it's over it's done it's lost to history

2064

01:23:59,059 --> 01:23:56,849

and in fact I think it mostly has I

2065

01:24:01,399 --> 01:23:59,069

don't think we're ever gonna find you

2066

01:24:03,379 --> 01:24:01,409

know of any of these records or anything

2067

01:24:05,239 --> 01:24:03,389

that it's just gone if they people

2068

01:24:08,839 --> 01:24:05,249

somebody wants them gone it's gonna be

2069

01:24:10,489 --> 01:24:08,849

gone so I think she's entirely correct

2070

01:24:12,049 --> 01:24:10,499

that there could be something that

2071

01:24:14,059 --> 01:24:12,059

people are sitting on it could be

2072

01:24:16,339 --> 01:24:14,069

possible for instance since you know

2073

01:24:18,439 --> 01:24:16,349

George Knapp went to Russia and he

2074

01:24:19,879 --> 01:24:18,449

received some materials that they said

2075

01:24:22,279 --> 01:24:19,889

that they analyzed and were mysterious

2076

01:24:24,529 --> 01:24:22,289

and could be from a UFO they sat in a

2077

01:24:26,059 --> 01:24:24,539

museum in Las Vegas for a period of time

2078

01:24:26,929 --> 01:24:26,069

and I think I'm not even sure where they

2079

01:24:29,149 --> 01:24:26,939

are right now

2080

01:24:31,639 --> 01:24:29,159

so something that may be something

2081

01:24:33,979 --> 01:24:31,649

significant you know just nobody's

2082

01:24:35,839 --> 01:24:33,989

taking the time to take it seriously so

2083

01:24:37,729 --> 01:24:35,849

it's just coasting around or sitting in

2084

01:24:39,889 --> 01:24:37,739

a closet or something I think that's

2085

01:24:44,000 --> 01:24:39,899

entirely possible that that's a really

2086

01:24:48,559 --> 01:24:44,010

interesting observation okay and do you

2087

01:24:50,000 --> 01:24:48,569

feel that what you just said yeah okay

2088

01:24:51,919 --> 01:24:50,010

thank you so you covered all that I'm

2089

01:24:53,209 --> 01:24:51,929

starting my own I went out while you

2090

01:24:55,250 --> 01:24:53,219

were talking I would just want to make

2091

01:24:58,039 --> 01:24:55,260

sure you cover from a - I know talk

2092

01:25:00,349 --> 01:24:58,049

about the crashes I am ok let me mention

2093

01:25:01,909 --> 01:25:00,359

let me mention B again though so you

2094

01:25:03,439 --> 01:25:01,919

don't miss any part of it so I'm

2095

01:25:05,389 --> 01:25:03,449

starting or up to but it's only just so

2096

01:25:07,579 --> 01:25:05,399

you can hear the question again B

2097

01:25:11,079 --> 01:25:07,589

government crash retrievals alien

2098

01:25:13,099 --> 01:25:11,089

artifacts and Bob Lazar are all fantasy

2099

01:25:15,529 --> 01:25:13,109

go ahead I don't know that they're all

2100

01:25:17,270 --> 01:25:15,539

fantasy I you know I'm not afraid to say

2101

01:25:20,119 --> 01:25:17,280

I don't know and I think that's really

2102

01:25:21,919 --> 01:25:20,129

important is to say I don't know because

2103

01:25:24,489 --> 01:25:21,929

I don't it's certainly that they're

2104

01:25:27,259 --> 01:25:24,499

possible you know in my scale as

2105

01:25:29,779 --> 01:25:27,269

probability scale changes you know on a

2106

01:25:31,759 --> 01:25:29,789

regular basis so for instance I'm still

2107

01:25:34,399 --> 01:25:31,769

highly skeptical of crashes period

2108

01:25:36,649 --> 01:25:34,409

overall I just AM skeptical that that

2109

01:25:40,099 --> 01:25:36,659

could even happen or or be hidden

2110

01:25:42,619 --> 01:25:40,109

however my scale isn't as far to the

2111

01:25:45,199 --> 01:25:42,629

left as it usually is because like he

2112

01:25:46,530 --> 01:25:45,209

mentioned I interviewed Eric Davis this

2113

01:25:48,060 --> 01:25:46,540

week and Eric Davis

2114

01:25:50,100 --> 01:25:48,070

very convinced that there have been

2115

01:25:51,870 --> 01:25:50,110

crashes before and there are even

2116

01:25:54,450 --> 01:25:51,880

possibly even projects to receive

2117

01:25:57,720 --> 01:25:54,460

crashes so it's possible I don't think

2118

01:26:00,810 --> 01:25:57,730

we have well just there there are always

2119

01:26:03,120 --> 01:26:00,820

a crashed retrieval programs going on

2120

01:26:04,860 --> 01:26:03,130

because there is such a huge

2121

01:26:06,750 --> 01:26:04,870

infrastructure built up the foreign

2122

01:26:10,110 --> 01:26:06,760

technology divisions been functioning

2123

01:26:14,730 --> 01:26:10,120

since World War one we're always looking

2124

01:26:21,060 --> 01:26:14,740

for crashed non-us aircraft right right

2125

01:26:23,340 --> 01:26:21,070

so that mechanism does exist now whether

2126

01:26:25,320 --> 01:26:23,350

some of those crashes retrieved are UFOs

2127

01:26:27,360 --> 01:26:25,330

that's you know the issue that we're

2128

01:26:30,030 --> 01:26:27,370

interested in but we're definitely

2129

01:26:32,040 --> 01:26:30,040

always out there looking so Soviet craft

2130

01:26:34,320 --> 01:26:32,050

comes down something like that well back

2131

01:26:35,880 --> 01:26:34,330

in the day Russian craft Carney's crap

2132

01:26:38,010 --> 01:26:35,890

yeah we want it there's no question

2133

01:26:41,250 --> 01:26:38,020

about that but I guess to his other

2134

01:26:43,890 --> 01:26:41,260

point as much as I am a humongous fan of

2135

01:26:47,490 --> 01:26:43,900

George naps I'm highly skeptical of Bob

2136

01:26:49,920 --> 01:26:47,500

Lazar we've got one person who's got an

2137

01:26:52,950 --> 01:26:49,930

anecdotal story with nothing to back it

2138

01:26:54,810 --> 01:26:52,960

up and unfortunately you know some of

2139

01:26:57,090 --> 01:26:54,820

the people that things that people think

2140

01:26:59,280 --> 01:26:57,100

are smoking guns are not element 115 was

2141

01:27:00,360 --> 01:26:59,290

not introduced by Bob Lazar this is

2142

01:27:03,210 --> 01:27:00,370

something science he's been talking

2143

01:27:05,400 --> 01:27:03,220

about way before before Bob Lazar was

2144

01:27:07,170 --> 01:27:05,410

born scientists were talking about

2145

01:27:09,000 --> 01:27:07,180

element 115 and what it could

2146

01:27:12,900 --> 01:27:09,010

potentially be he's not the guy who came

2147

01:27:14,880 --> 01:27:12,910

up with that so I you know I'm huge

2148

01:27:18,240 --> 01:27:14,890

friends with Jeremy Korbelt too and we we

2149

01:27:21,600 --> 01:27:18,250

debate this all of the time but it's

2150

01:27:22,710 --> 01:27:21,610

possible a little bit - I'm gonna debate

2151

01:27:24,600 --> 01:27:22,720

with you a little bit - because I think

2152

01:27:27,060 --> 01:27:24,610

George has been exceptionally careful

2153

01:27:29,520 --> 01:27:27,070

and what he's backed up as far as what

2154

01:27:31,110 --> 01:27:29,530

Bob said he's convinced that Bob worked

2155

01:27:34,440 --> 01:27:31,120

there and frankly I am - that he

2156

01:27:37,350 --> 01:27:34,450

actually did work there at area 51 yes

2157

01:27:39,570 --> 01:27:37,360

yes not at all okay yeah I'm convinced

2158

01:27:41,820 --> 01:27:39,580

he at least worked there I have you ever

2159

01:27:43,650 --> 01:27:41,830

seen Bob's original documentary the one

2160

01:27:46,740 --> 01:27:43,660

that he himself made and his friend Jean

2161

01:27:50,850 --> 01:27:46,750

I think that's really interesting and my

2162

01:27:52,440 --> 01:27:50,860

own opinion is that the second part of

2163

01:27:54,919 --> 01:27:52,450

his documentary where he talked about

2164

01:27:57,200 --> 01:27:54,929

that briefing that he got

2165

01:27:59,840 --> 01:27:57,210

I would spend all the information about

2166

01:28:01,880 --> 01:27:59,850

Zeta Reticuli and that we know where the

2167

01:28:04,430 --> 01:28:01,890

ETS are coming from and so on and so

2168

01:28:06,919 --> 01:28:04,440

forth I think that's actually true I

2169

01:28:09,169 --> 01:28:06,929

think he was fed that information but

2170

01:28:12,080 --> 01:28:09,179

what I think this is my theory now what

2171

01:28:15,140 --> 01:28:12,090

I think was the first part of what he

2172

01:28:17,270 --> 01:28:15,150

said that he saw was in fact that entire

2173

01:28:19,040 --> 01:28:17,280

briefing he just segmented that part out

2174

01:28:21,950 --> 01:28:19,050

said yeah I experienced all this

2175

01:28:25,550 --> 01:28:21,960

firsthand but in reality that tire

2176  
01:28:27,740 --> 01:28:25,560  
episode that entire what he recounted in

2177  
01:28:31,070 --> 01:28:27,750  
that documentary was in fact and

2178  
01:28:32,870 --> 01:28:31,080  
probably in a fuzzy briefing and he was

2179  
01:28:35,630 --> 01:28:32,880  
played a little bit that's what I think

2180  
01:28:38,330 --> 01:28:35,640  
that's entirely possible I did a lecture

2181  
01:28:40,160 --> 01:28:38,340  
actually where I compared Bob Lazar to

2182  
01:28:42,290 --> 01:28:40,170  
Doty and I was like is this another UFO

2183  
01:28:44,510 --> 01:28:42,300  
disinformation scandal and I'm not

2184  
01:28:46,459 --> 01:28:44,520  
saying it is I don't know that it's what

2185  
01:28:48,350 --> 01:28:46,469  
I think obviously yeah I don't know that

2186  
01:28:50,080 --> 01:28:48,360  
for sure either but at least that's my

2187  
01:28:54,050 --> 01:28:50,090  
working theory

2188  
01:28:55,490 --> 01:28:54,060

I yeah I agree with him that he did work

2189

01:28:57,800 --> 01:28:55,500

there that description of the hand

2190

01:29:00,530 --> 01:28:57,810

scanner a chant actually did a great job

2191

01:29:03,979 --> 01:29:00,540

that hand scanner that he had described

2192

01:29:07,729 --> 01:29:03,989

was actually manufactured specifically

2193

01:29:10,100 --> 01:29:07,739

for the office of naval intelligence

2194

01:29:14,090 --> 01:29:10,110

which Bob had said all along was his

2195

01:29:16,160 --> 01:29:14,100

employer yes I have shared with me

2196

01:29:20,540 --> 01:29:16,170

images from television shows that have

2197

01:29:22,669 --> 01:29:20,550

shown the exact scanner to I mean it

2198

01:29:25,010 --> 01:29:22,679

looks exactly like what had Lazar had

2199

01:29:28,910 --> 01:29:25,020

talked about so I'd have to look that up

2200

01:29:31,640 --> 01:29:28,920

the other situation I have is he said he

2201  
01:29:34,250 --> 01:29:31,650  
was driven from area 51 to this s4 place

2202  
01:29:37,399 --> 01:29:34,260  
at Papoose Lake he's told us a general

2203  
01:29:39,320 --> 01:29:37,409  
area where that was there are no roads

2204  
01:29:40,820 --> 01:29:39,330  
there you can see roads it's a dry

2205  
01:29:43,130 --> 01:29:40,830  
desert you can see roads that are

2206  
01:29:46,100 --> 01:29:43,140  
ancient there but there's no roads that

2207  
01:29:48,740 --> 01:29:46,110  
go from from area 51 to where he alleges

2208  
01:29:50,780 --> 01:29:48,750  
s4 was could be he told the wrong place

2209  
01:29:52,850 --> 01:29:50,790  
on purpose so that you know people

2210  
01:29:55,490 --> 01:29:52,860  
wouldn't find out or something but I

2211  
01:29:57,740 --> 01:29:55,500  
don't know there's a lot of CUDA Judah's

2212  
01:29:59,419 --> 01:29:57,750  
but I just don't think it's certainly

2213  
01:30:01,459 --> 01:29:59,429

not enough evidence there for me to hang

2214

01:30:03,860 --> 01:30:01,469

my hat on the reason that I give it the

2215

01:30:05,600 --> 01:30:03,870

most you know but it's still in my gray

2216

01:30:07,590 --> 01:30:05,610

basket it says it George Knapp George

2217

01:30:10,320 --> 01:30:07,600

Knapp has told me there is

2218

01:30:12,390 --> 01:30:10,330

just information he has received from

2219

01:30:14,940 --> 01:30:12,400

anonymous sources that really lend

2220

01:30:17,460 --> 01:30:14,950

credibility to the case but he cannot

2221

01:30:20,370 --> 01:30:17,470

share that information so I just don't

2222

01:30:22,410 --> 01:30:20,380

have a chance thank you very much for

2223

01:30:24,000 --> 01:30:22,420

seeing all that hope we're still on

2224

01:30:25,650 --> 01:30:24,010

topic because I got a bunch of more

2225

01:30:27,540 --> 01:30:25,660

questions from other people which I will

2226

01:30:29,610 --> 01:30:27,550

not bring up because there's not enough

2227

01:30:30,930 --> 01:30:29,620

time and I didn't have a chance to focus

2228

01:30:33,150 --> 01:30:30,940

and then what you guys were saying but

2229

01:30:36,150 --> 01:30:33,160

Terry tavern tavern Eddie the polygraph

2230

01:30:37,920 --> 01:30:36,160

examiner former LA cop put Lazar through

2231

01:30:39,990 --> 01:30:37,930

four tests and concluded that there was

2232

01:30:41,760 --> 01:30:40,000

no attempt to deceive he felt there was

2233

01:30:43,410 --> 01:30:41,770

credibility regarding what Lazar had to

2234

01:30:46,050 --> 01:30:43,420

say he sent the results at 3:00 pali

2235

01:30:47,460 --> 01:30:46,060

pali ographers and found all the results

2236

01:30:49,680 --> 01:30:47,470

truthful now I'm not

2237

01:30:51,990 --> 01:30:49,690

it sounds like I'm defending him I'm not

2238

01:30:54,210 --> 01:30:52,000

I'm just saying that is a fact regarding

2239

01:30:55,920 --> 01:30:54,220

Terry tavern Tavern Eddie you're

2240

01:30:57,930 --> 01:30:55,930

bringing another piece of credible

2241

01:31:01,800 --> 01:30:57,940

evidence and so it's valid you know

2242

01:31:05,940 --> 01:31:01,810

that's that's relevant information thank

2243

01:31:07,620 --> 01:31:05,950

you and wanted to bring up some more

2244

01:31:09,180 --> 01:31:07,630

interesting stuff here there's an

2245

01:31:13,740 --> 01:31:09,190

individual that does not want an even

2246

01:31:18,420 --> 01:31:13,750

name himself but he's been involved in

2247

01:31:20,070 --> 01:31:18,430

ufology for half a century and he's very

2248

01:31:22,980 --> 01:31:20,080

well-connected he knew a lot of

2249

01:31:25,950 --> 01:31:22,990

important people like coral Lorenzen J

2250

01:31:28,560 --> 01:31:25,960

Allen Hynek a great Barker now he goes

2251

01:31:31,200 --> 01:31:28,570

back that far he wanted to ask you why

2252

01:31:34,380 --> 01:31:31,210

the change is that I ufoc ownership

2253

01:31:37,800 --> 01:31:34,390

location how did you acquire it or

2254

01:31:40,410 --> 01:31:37,810

inherit it I didn't I never have

2255

01:31:44,190 --> 01:31:40,420

so I here's how that evolution went the

2256

01:31:47,040 --> 01:31:44,200

Browns owned it they they were they're a

2257

01:31:50,040 --> 01:31:47,050

great family in fact they helped Terry

2258

01:31:54,930 --> 01:31:50,050

Brown who was the patriarch of the

2259

01:31:57,630 --> 01:31:54,940

family she actually ran it and she

2260

01:32:00,240 --> 01:31:57,640

helped us at MUFON in Colorado when I

2261

01:32:03,090 --> 01:32:00,250

was working there and when we started to

2262

01:32:05,100 --> 01:32:03,100

you know doing Colorado symposiums for

2263

01:32:07,170 --> 01:32:05,110

move on out there so she was a great

2264

01:32:09,420 --> 01:32:07,180

help she really helped me understand the

2265

01:32:13,530 --> 01:32:09,430

business of running things like that so

2266

01:32:15,660 --> 01:32:13,540

in 2010 when you know the owner of open

2267

01:32:17,760 --> 01:32:15,670

minds was out you know the Browns were

2268

01:32:21,150 --> 01:32:17,770

essentially getting ready to sell or

2269

01:32:23,700 --> 01:32:21,160

close down shop so my boss who

2270

01:32:26,070 --> 01:32:23,710

to open minds bought the conference and

2271

01:32:28,440 --> 01:32:26,080

hired me to help run it and also to run

2272

01:32:30,720 --> 01:32:28,450

this you know news website open mind so

2273

01:32:34,200 --> 01:32:30,730

I had an incredible opportunity to do

2274

01:32:36,210 --> 01:32:34,210

that so I did but as time went on and as

2275

01:32:38,730 --> 01:32:36,220

he got older and essentially wanted to

2276

01:32:40,740 --> 01:32:38,740

retire and started winding down open

2277

01:32:42,390 --> 01:32:40,750

mind which is you know everybody says

2278

01:32:45,270 --> 01:32:42,400

this build you do not make money it

2279

01:32:47,340 --> 01:32:45,280

costs money and he spent a lot of money

2280

01:32:49,260 --> 01:32:47,350

on this build to keep to have our

2281

01:32:51,900 --> 01:32:49,270

excellent magazine and our great website

2282

01:32:55,980 --> 01:32:51,910

and everything going but he wanted to

2283

01:32:59,390 --> 01:32:55,990

also unload the conference and so the

2284

01:33:01,920 --> 01:32:59,400

love of my life Karen Burrard

2285

01:33:03,420 --> 01:33:01,930

she's really into the topic she had been

2286

01:33:06,030 --> 01:33:03,430

there to help me with the conference for

2287

01:33:08,370 --> 01:33:06,040

all those years here in Arizona and she

2288

01:33:10,230 --> 01:33:08,380

decided hey I want to buy and I was

2289

01:33:13,950 --> 01:33:10,240

shocked I thought I was finally free of

2290

01:33:16,380 --> 01:33:13,960

this crazy conference but that didn't

2291

01:33:19,530 --> 01:33:16,390

turn out to be the case I'm kidding it

2292

01:33:22,560 --> 01:33:19,540

is fun but so she decided to purchase

2293

01:33:27,360 --> 01:33:22,570

the conference and she did so she is now

2294

01:33:29,820 --> 01:33:27,370

the owner karen Burrard and so she is

2295

01:33:33,780 --> 01:33:29,830

the runner and i'm her employee so I

2296

01:33:37,440 --> 01:33:33,790

helped run the I do shipping I do

2297

01:33:39,510 --> 01:33:37,450

customer service help with a lot of

2298

01:33:42,540 --> 01:33:39,520

different things related to to the event

2299

01:33:45,120 --> 01:33:42,550

and unfortunately it's not my final say

2300

01:33:47,040 --> 01:33:45,130

who the speakers are but we still have a

2301

01:33:50,250 --> 01:33:47,050

wonderful lineup and I think it's

2302

01:33:52,410 --> 01:33:50,260

actually a good thing that I don't have

2303

01:33:55,100 --> 01:33:52,420

the full say because it's better to have

2304

01:33:57,240 --> 01:33:55,110

more more people involved with that

2305

01:33:58,740 --> 01:33:57,250

thank you for answering that I just

2306

01:34:02,940 --> 01:33:58,750

wanted to let you know that Rodrigo

2307

01:34:06,660 --> 01:34:02,950

Guerra he was very adamant he wanted to

2308

01:34:08,760 --> 01:34:06,670

have me mentioned to you how put off

2309

01:34:11,040 --> 01:34:08,770

something I'm sure you are already aware

2310

01:34:12,690 --> 01:34:11,050

of Alejandro helped put off mentioned a

2311

01:34:16,260 --> 01:34:12,700

document out there that is real and

2312

01:34:18,180 --> 01:34:16,270

talks about crash retrievals yeah

2313

01:34:20,310 --> 01:34:18,190

no he's got a good point how put up and

2314

01:34:23,280 --> 01:34:20,320

Eric Davis both believe that that is a

2315

01:34:24,840 --> 01:34:23,290

real phenomenon and and that's

2316

01:34:27,660 --> 01:34:24,850

interesting that that lends credibility

2317

01:34:29,670 --> 01:34:27,670

but it's just you know I interviewed

2318

01:34:31,170 --> 01:34:29,680

Eric Davis and it's you know I heard

2319

01:34:35,810 --> 01:34:31,180

from this person who heard from that

2320

01:34:38,370 --> 01:34:35,820

person type of stuff so it's still you

2321

01:34:40,680 --> 01:34:38,380

we still need more information to prove

2322

01:34:42,360 --> 01:34:40,690

whether in that that is the case I hope

2323

01:34:44,370 --> 01:34:42,370

that information does come out I owe you

2324

01:34:48,450 --> 01:34:44,380

know if it's true then that would be

2325

01:34:50,760 --> 01:34:48,460

extraordinary but I just hang my hat on

2326

01:34:55,500 --> 01:34:50,770

sometimes in this crazy racket you don't

2327

01:34:57,540 --> 01:34:55,510

mind being wrong oh yeah I love I really

2328

01:34:58,980 --> 01:34:57,550

do I love it when people point out when

2329

01:35:01,530 --> 01:34:58,990

I am wrong because I want to be as

2330

01:35:03,150 --> 01:35:01,540

accurate as possible so this happened

2331

01:35:05,760 --> 01:35:03,160

recently a guy named David Haythe

2332

01:35:06,840 --> 01:35:05,770

pointed out hey you credited this thing

2333

01:35:08,190 --> 01:35:06,850

wrong and I was like oh you're

2334

01:35:10,140 --> 01:35:08,200

absolutely correct I'm sorry

2335

01:35:13,410 --> 01:35:10,150

and I'll go and correct it and fix it

2336

01:35:15,630 --> 01:35:13,420

because it's all about the quest for the

2337

01:35:16,890 --> 01:35:15,640

truth and if I'm wrong that's exciting

2338

01:35:18,630 --> 01:35:16,900

because it means that I'm going to learn

2339

01:35:22,880 --> 01:35:18,640

something more and I'm gonna be able to

2340

01:35:26,580 --> 01:35:22,890

correct the record okay we also have a

2341

01:35:29,070 --> 01:35:26,590

person who's really important in the UFO

2342

01:35:30,740 --> 01:35:29,080

community her name is dr. Irina Scott

2343

01:35:35,340 --> 01:35:30,750

you know who she is she used to be on

2344

01:35:37,500 --> 01:35:35,350

the MUFON board for many years and she's

2345

01:35:41,420 --> 01:35:37,510

also written some books regarding

2346

01:35:47,520 --> 01:35:41,430

ethology and history regarding oh hi oh

2347

01:35:50,070 --> 01:35:47,530

she's also related to John Purdue wanted

2348

01:35:51,660 --> 01:35:50,080

to mention her question is I would like

2349

01:35:53,430 --> 01:35:51,670

to ask about the current news that has

2350

01:35:54,960 --> 01:35:53,440

been on the networks about UFOs and the

2351

01:35:57,450 --> 01:35:54,970

US Navy drafting new guidelines for

2352

01:35:58,980 --> 01:35:57,460

reporting UFOs now I did want to just

2353

01:36:01,440 --> 01:35:58,990

state her question even though we

2354

01:36:03,780 --> 01:36:01,450

already covered that did you have any

2355

01:36:06,930 --> 01:36:03,790

last things you have to say about those

2356

01:36:10,620 --> 01:36:06,940

topics at all I think that we did say

2357

01:36:11,760 --> 01:36:10,630

everything pretty much yeah yeah okay

2358

01:36:14,160 --> 01:36:11,770

good yeah I think we covered that very

2359

01:36:15,720 --> 01:36:14,170

well and I wanted to just let everybody

2360

01:36:17,700 --> 01:36:15,730

know that I'm really thrilled that we

2361

01:36:20,370 --> 01:36:17,710

had have had the privilege and honor of

2362

01:36:23,600 --> 01:36:20,380

having Alejandro on the show tonight

2363

01:36:26,250 --> 01:36:23,610

he's been so generous with his time and

2364

01:36:27,840 --> 01:36:26,260

really recommend everybody go to UFO

2365

01:36:30,360 --> 01:36:27,850

Congress because you're going to have

2366

01:36:32,220 --> 01:36:30,370

the experience of a lifetime going there

2367

01:36:34,050 --> 01:36:32,230

you're going to make friendships that

2368

01:36:36,000 --> 01:36:34,060

last a lifetime and also you're going to

2369

01:36:38,040 --> 01:36:36,010

listen to speakers and that will change

2370

01:36:41,340 --> 01:36:38,050

you and they just want to reassure you

2371

01:36:42,720 --> 01:36:41,350

it's an event worth going to alejandro

2372

01:36:44,130 --> 01:36:42,730

wanted to thank you for being on our

2373

01:36:48,180 --> 01:36:44,140

show and went tell everybody to please

2374

01:36:48,870 --> 01:36:48,190

go to alejandro t rojas comm please go

2375

01:36:50,820 --> 01:36:48,880

to UFO

2376

01:36:52,080 --> 01:36:50,830

Congress calm and frank did you have any

2377

01:36:53,280 --> 01:36:52,090

last things you wanted to talk about

2378

01:36:55,459 --> 01:36:53,290

before we go

2379

01:36:59,060 --> 01:36:55,469

thanks alejandro for coming on it was a

2380

01:37:01,680 --> 01:36:59,070

fantastic show and I enjoyed it

2381

01:37:04,740 --> 01:37:01,690

well thank you so much I had a lot of

2382

01:37:06,990 --> 01:37:04,750

fun too and and not only do I know I'm

2383

01:37:09,090 --> 01:37:07,000

wrong about a lot of stuff so you know

2384

01:37:10,410 --> 01:37:09,100

we all are pretty much are so I want to

2385

01:37:12,780 --> 01:37:10,420

say you know even if I have these

2386

01:37:15,209 --> 01:37:12,790

opinions I love to hear other people's

2387

01:37:18,300 --> 01:37:15,219

opinions really yeah there's nobody

2388

01:37:19,950 --> 01:37:18,310

anyone else's nobody gets a wall 100%

2389

01:37:23,129 --> 01:37:19,960

right in this racket there's just no way

2390

01:37:26,490 --> 01:37:23,139

it's not possible right well let me put

2391

01:37:28,830 --> 01:37:26,500

it this way if people expect you or me

2392

01:37:31,410 --> 01:37:28,840

or Frank to be perfect regarding

2393

01:37:33,540 --> 01:37:31,420

reporting or anybody else in UF ology

2394

01:37:36,450 --> 01:37:33,550

you know be a hundred percent perfect

2395

01:37:37,740 --> 01:37:36,460

all the time they're setting the bar too

2396

01:37:40,140 --> 01:37:37,750

high they need to set that for

2397

01:37:42,660 --> 01:37:40,150

themselves but at the same time you know

2398

01:37:46,110 --> 01:37:42,670

it's really important to the intent is

2399

01:37:48,720 --> 01:37:46,120

important to want to try these true to

2400

01:37:49,229 --> 01:37:48,730

evidence and facts as possible but your

2401

01:37:50,820 --> 01:37:49,239

intent

2402

01:37:54,419 --> 01:37:50,830

Alejandro's to do that so that's

2403

01:37:56,760 --> 01:37:54,429

important yeah I do want to jump in

2404

01:37:58,379 --> 01:37:56,770

really quick and say yeah it's true but

2405

01:38:00,209 --> 01:37:58,389

I really love it when somebody tells me

2406

01:38:06,810 --> 01:38:00,219

I'm wrong and I can go back and prove

2407

01:38:10,919 --> 01:38:06,820

them right I'd really rub it in well I'm

2408

01:38:12,660 --> 01:38:10,929

gonna do that quite often now well I do

2409

01:38:13,680 --> 01:38:12,670

want to mention the new hybrid movie

2410

01:38:16,260 --> 01:38:13,690

that

2411

01:38:18,479 --> 01:38:16,270

Alejandro is in and so I'll go ahead and

2412

01:38:20,640 --> 01:38:18,489

drop that link right now before we stop

2413

01:38:22,290 --> 01:38:20,650

the chat it's real important Alejandro

2414

01:38:24,720 --> 01:38:22,300

can you say something about that please

2415

01:38:29,100 --> 01:38:24,730

yes it's made by a bunch of friend of

2416

01:38:32,010 --> 01:38:29,110

mine j-3 beef three films a couple of

2417

01:38:33,870 --> 01:38:32,020

John's that have been able to who

2418

01:38:36,330 --> 01:38:33,880

created that some of the people Laurie

2419

01:38:38,610 --> 01:38:36,340

Wagner Chad chase were some of the

2420

01:38:40,200 --> 01:38:38,620

production people on that so I love

2421

01:38:43,290 --> 01:38:40,210

these people they're wonderful wonderful

2422

01:38:44,910 --> 01:38:43,300

people now abduction isn't my thing and

2423

01:38:47,100 --> 01:38:44,920

I told them that but what I did

2424

01:38:49,200 --> 01:38:47,110

represent in there is that you know and

2425

01:38:52,080 --> 01:38:49,210

what I feel is it has to be taken more

2426  
01:38:53,280 --> 01:38:52,090  
seriously because there are thousands

2427  
01:38:55,229 --> 01:38:53,290  
and thousands of people that are

2428  
01:38:57,240 --> 01:38:55,239  
claiming to have these experiences and

2429  
01:38:59,370 --> 01:38:57,250  
for that reason tens of thousands if not

2430  
01:39:01,350 --> 01:38:59,380  
hundreds of thousands for that reason

2431  
01:39:02,729 --> 01:39:01,360  
alone we really need to take a serious

2432  
01:39:05,339 --> 01:39:02,739  
look at it people don't need to be

2433  
01:39:06,839 --> 01:39:05,349  
that I think we you know mainstream

2434  
01:39:10,020 --> 01:39:06,849  
science needs to take a look at it and

2435  
01:39:10,979 --> 01:39:10,030  
see what's going on here Alejandra have

2436  
01:39:14,279 --> 01:39:10,989  
to ask you a favor

2437  
01:39:17,339 --> 01:39:14,289  
there's a very kind person who follows

2438  
01:39:20,009 --> 01:39:17,349

us on all of our broadcast he's a good

2439

01:39:22,169 --> 01:39:20,019

person his name is Steven Padilla and I

2440

01:39:23,580 --> 01:39:22,179

failed to ask his question tonight do

2441

01:39:25,290 --> 01:39:23,590

you mind if I ask you his question

2442

01:39:27,720 --> 01:39:25,300

because it's really important to him and

2443

01:39:30,149 --> 01:39:27,730

he's asked it repeatedly and I I did not

2444

01:39:34,020 --> 01:39:30,159

mean to not ask it can I know who he is

2445

01:39:35,399 --> 01:39:34,030

and I am and I definitely I just even's

2446

01:39:37,350 --> 01:39:35,409

great and I definitely would love to

2447

01:39:39,989 --> 01:39:37,360

fill this quick okay so here's this

2448

01:39:43,200 --> 01:39:39,999

question why do you disagree with John

2449

01:39:46,739 --> 01:39:43,210

Greenwald regarding Luis Elizondo and TT

2450

01:39:49,500 --> 01:39:46,749

si well there's a ton of reasons I I

2451

01:39:52,220 --> 01:39:49,510

think that you know here's the issue I

2452

01:39:56,100 --> 01:39:52,230

think we have to be very careful of not

2453

01:39:58,560 --> 01:39:56,110

assuming and so for instance you know I

2454

01:40:01,140 --> 01:39:58,570

think Greenwald is a great thinker he's

2455

01:40:03,569 --> 01:40:01,150

a great researcher but he's not an

2456

01:40:05,729 --> 01:40:03,579

interviewer for the most part and I

2457

01:40:07,830 --> 01:40:05,739

think that you know that's hard and when

2458

01:40:10,200 --> 01:40:07,840

it comes to journalism you know you got

2459

01:40:10,799 --> 01:40:10,210

to give the people a chance to speak for

2460

01:40:12,600 --> 01:40:10,809

themselves

2461

01:40:14,370 --> 01:40:12,610

so for instance there was a lot of

2462

01:40:16,799 --> 01:40:14,380

question how did you know the name

2463

01:40:19,589 --> 01:40:16,809

change from a SAP to a tip well we have

2464

01:40:21,209 --> 01:40:19,599

him for me or I have information and you

2465

01:40:23,879 --> 01:40:21,219

know where I got that I went and asked

2466

01:40:25,500 --> 01:40:23,889

Lou there are questions why didn't the

2467

01:40:27,540 --> 01:40:25,510

New York Times cover this why ain't the

2468

01:40:29,009 --> 01:40:27,550

New York Times cover this I have those

2469

01:40:30,419 --> 01:40:29,019

answers and I haven't made interviews

2470

01:40:32,520 --> 01:40:30,429

and on papers because I went and talked

2471

01:40:33,989 --> 01:40:32,530

to Leslie I interviewed her again about

2472

01:40:36,299 --> 01:40:33,999

something that people were questioning

2473

01:40:38,040 --> 01:40:36,309

just last week and I said has anybody

2474

01:40:40,350 --> 01:40:38,050

even come to you as anybody asks you

2475

01:40:42,989 --> 01:40:40,360

this question before and she says no no

2476

01:40:45,359 --> 01:40:42,999

one well you how can you criticize or

2477

01:40:48,060 --> 01:40:45,369

accuse these people of being dishonest

2478

01:40:49,620 --> 01:40:48,070

without asking them themselves and you

2479

01:40:51,689 --> 01:40:49,630

know I think it's just as a journalist

2480

01:40:53,669 --> 01:40:51,699

you often learn what you don't know you

2481

01:40:55,979 --> 01:40:53,679

don't know you know you may assume that

2482

01:40:57,600 --> 01:40:55,989

you have an idea of what is going on

2483

01:40:59,370 --> 01:40:57,610

here but then when you go do the

2484

01:41:00,930 --> 01:40:59,380

research and the interviews you find out

2485

01:41:03,959 --> 01:41:00,940

you know what I was completely wrong

2486

01:41:05,669 --> 01:41:03,969

happens to me all the time and so I

2487

01:41:07,739 --> 01:41:05,679

think as a journalist we often go into

2488

01:41:09,180 --> 01:41:07,749

it learning it's not even worth coming

2489

01:41:10,859 --> 01:41:09,190

up with an opinion because I'm probably

2490

01:41:12,509 --> 01:41:10,869

gonna be wrong and these people are

2491

01:41:16,500 --> 01:41:12,519

gonna tell me what the what's going on

2492

01:41:19,860 --> 01:41:16,510

anyway so I every you know a lot of the

2493

01:41:22,220 --> 01:41:19,870

criticisms have all have prosaic answers

2494

01:41:26,070 --> 01:41:22,230

and these answers have come to light and

2495

01:41:28,710 --> 01:41:26,080

you know and they've been accurate all

2496

01:41:31,950 --> 01:41:28,720

of all along there are reasons why you

2497

01:41:34,920 --> 01:41:31,960

know these discrepancies have happened

2498

01:41:37,140 --> 01:41:34,930

over time I even challenged Eric Davis

2499

01:41:40,080 --> 01:41:37,150

over some of these and I've been accused

2500

01:41:41,460 --> 01:41:40,090

including bhajjaan of being too

2501

01:41:42,900 --> 01:41:41,470

buddy-buddy with these people

2502

01:41:44,940 --> 01:41:42,910

but you know what I'm buddy-buddy with

2503

01:41:46,200 --> 01:41:44,950

genre at least was up until recently

2504

01:41:46,560 --> 01:41:46,210

he's been kind of frustrated with me

2505

01:41:49,560 --> 01:41:46,570

lately

2506

01:41:51,060 --> 01:41:49,570

and I've covered John honestly I've

2507

01:41:54,090 --> 01:41:51,070

criticized him where I felt there's

2508

01:41:56,430 --> 01:41:54,100

criticism and he's taken it and and you

2509

01:41:59,340 --> 01:41:56,440

know responded to it we've debated over

2510

01:42:02,130 --> 01:41:59,350

the years and I do that with Tom DeLonge

2511

01:42:04,380 --> 01:42:02,140

and with Louise Elizondo - they don't

2512

01:42:07,050 --> 01:42:04,390

definitely like all of the things that I

2513

01:42:09,420 --> 01:42:07,060

report about them but they understand

2514

01:42:12,330 --> 01:42:09,430

that I have to be honest and I have to

2515

01:42:14,430 --> 01:42:12,340

give the facts and luckily especially

2516

01:42:16,470 --> 01:42:14,440

Lou very much appreciates that honesty

2517

01:42:19,350 --> 01:42:16,480

and fairness he tells me at least you're

2518

01:42:21,120 --> 01:42:19,360

being fair and that's what we can all we

2519

01:42:23,550 --> 01:42:21,130

can ask and John used to believe I was

2520

01:42:27,110 --> 01:42:23,560

very even though he doesn't believe that

2521

01:42:30,870 --> 01:42:27,120

lately but I hope as time goes on that

2522

01:42:33,480 --> 01:42:30,880

he'll see I am being fair because I hope

2523

01:42:35,940 --> 01:42:33,490

that my accuracy speaks for itself and I

2524

01:42:41,340 --> 01:42:35,950

think I have been very accurate and what

2525

01:42:43,050 --> 01:42:41,350

I have shared has come to fruition okay

2526

01:42:45,770 --> 01:42:43,060

thank you for that statement by you I

2527

01:42:49,140 --> 01:42:45,780

just also would like to say and that you

2528

01:42:51,120 --> 01:42:49,150

know despite all of our differences it's

2529

01:42:54,600 --> 01:42:51,130

important for people to understand and

2530

01:42:57,620 --> 01:42:54,610

that we do try and report to the best of

2531

01:43:01,850 --> 01:42:57,630

our ability according to our sources

2532

01:43:04,650 --> 01:43:01,860

what we feel is correct and true news

2533

01:43:06,120 --> 01:43:04,660

again to the best of our ability also

2534

01:43:08,330 --> 01:43:06,130

it's important for everybody to know we

2535

01:43:10,980 --> 01:43:08,340

have a right to have our own opinion so

2536

01:43:13,290 --> 01:43:10,990

as long as people can delineate the

2537

01:43:18,030 --> 01:43:13,300

difference between us sharing our

2538

01:43:20,750 --> 01:43:18,040

opinion about stuff and us sharing our

2539

01:43:22,740 --> 01:43:20,760

source information and basing our

2540

01:43:25,740 --> 01:43:22,750

reporting on that those are two

2541

01:43:27,930 --> 01:43:25,750

different things and often I'll have

2542

01:43:29,400 --> 01:43:27,940

people coming to me and say you know I

2543

01:43:30,390 --> 01:43:29,410

didn't really vibe with you on what you

2544

01:43:32,790 --> 01:43:30,400

said and I'll tell

2545

01:43:35,010 --> 01:43:32,800

I'm sorry but you know that's just my

2546

01:43:36,690 --> 01:43:35,020

perspective I cannot agree with

2547

01:43:39,060 --> 01:43:36,700

everybody that would be an impossibility

2548

01:43:41,100 --> 01:43:39,070

then I have some other people asking me

2549

01:43:43,320 --> 01:43:41,110

where did you get that information from

2550

01:43:46,290 --> 01:43:43,330

well it's because I checked with the

2551

01:43:47,760 --> 01:43:46,300

source regarding it and not only did I

2552

01:43:49,650 --> 01:43:47,770

check with the source and made sure that

2553

01:43:53,190 --> 01:43:49,660

that source was a real individual and

2554

01:43:56,010 --> 01:43:53,200

it's just important that if you're able

2555

01:43:57,390 --> 01:43:56,020

to actually have source information to

2556

01:44:00,090 --> 01:43:57,400

the best of your ability

2557

01:44:03,090 --> 01:44:00,100

there's also folks that have alias names

2558

01:44:06,510 --> 01:44:03,100

in the UFO community for a good reason

2559

01:44:10,110 --> 01:44:06,520

one of them is Issac coy and he does a

2560

01:44:12,810 --> 01:44:10,120

lot of reporting of documents go through

2561

01:44:15,600 --> 01:44:12,820

archives and more for the UF ology

2562

01:44:17,820 --> 01:44:15,610

community he does us a great service and

2563

01:44:21,420 --> 01:44:17,830

so there's all different kinds of people

2564

01:44:25,560 --> 01:44:21,430

in our community and we do the best we

2565

01:44:28,620 --> 01:44:25,570

can the only time I take offense to

2566

01:44:33,140 --> 01:44:28,630

anything is when people run to make a

2567

01:44:36,890 --> 01:44:33,150

pseudo article that is based on nonsense

2568

01:44:40,260 --> 01:44:36,900

that's not based on evidence or fact

2569

01:44:42,270 --> 01:44:40,270

facts and they don't actually check the

2570

01:44:44,220 --> 01:44:42,280

source of what they're talking about so

2571

01:44:46,440 --> 01:44:44,230

that's all I have to say about that how

2572

01:44:48,450 --> 01:44:46,450

do you feel about that Alejandra yeah I

2573

01:44:50,730 --> 01:44:48,460

would say the same and I would say that

2574

01:44:53,460 --> 01:44:50,740

you know I think I'm outlined point by

2575

01:44:55,890 --> 01:44:53,470

points on my social media and other

2576

01:44:58,140 --> 01:44:55,900

places when I do have you know

2577

01:45:01,650 --> 01:44:58,150

differences opinion with John in

2578

01:45:05,400 --> 01:45:01,660

particular but John is a great

2579

01:45:08,340 --> 01:45:05,410

researcher his websites amazing so he's

2580

01:45:10,140 --> 01:45:08,350

a very important person and we just

2581

01:45:12,450 --> 01:45:10,150

don't see eye to eye I want to jump in

2582

01:45:16,410 --> 01:45:12,460

and be fair to John because he has like

2583

01:45:18,510 --> 01:45:16,420

I said he's been a critic but again

2584

01:45:20,220 --> 01:45:18,520

going back to nap he said haters and I

2585

01:45:26,130 --> 01:45:20,230

don't regard John as a hater I believe

2586

01:45:27,720 --> 01:45:26,140

he's a critic ference all right

2587

01:45:29,490 --> 01:45:27,730

gentlemen I think we've had a great

2588

01:45:33,860 --> 01:45:29,500

evening it's been fantastic it's been a

2589

01:45:40,530 --> 01:45:38,400

I appreciate it very much so the the

2590

01:45:42,120 --> 01:45:40,540

chat room has just been extremely active

2591

01:45:44,170 --> 01:45:42,130

tonight I haven't really had the chance

2592

01:45:46,380 --> 01:45:44,180

to read everything there but I just

2593

01:45:48,790 --> 01:45:46,390

a lot of activity going on there and

2594

01:45:51,580 --> 01:45:48,800

Alejandro just want to also thank you

2595

01:45:54,430 --> 01:45:51,590

you're a luminary in the realm of UF

2596

01:45:55,960 --> 01:45:54,440

ology you're moving force everybody has

2597

01:45:58,840 --> 01:45:55,970

nothing but wonderful things to say

2598

01:46:02,410 --> 01:45:58,850

about you and and it's true I too a lot

2599

01:46:04,450 --> 01:46:02,420

of people in the apology community and I

2600

01:46:06,310 --> 01:46:04,460

have heard nothing but fantastic things

2601  
01:46:08,530 --> 01:46:06,320  
about you even people that disagree with

2602  
01:46:10,330 --> 01:46:08,540  
you will tell me that they have nothing

2603  
01:46:12,190 --> 01:46:10,340  
but the deepest respect for you so thank

2604  
01:46:14,800 --> 01:46:12,200  
you for being on our show I want to tell

2605  
01:46:16,570 --> 01:46:14,810

2608  
01:46:25,060 --> 01:46:21,470
