possible disclosure pattern to try and

30

00:02:39,599 --> 00:02:36,790

explain the many actions of the American

greetings earthlings even you Earl grant

86

00:05:09,430 --> 00:05:06,169

I wanted to get something out of the way

87

00:05:11,290 --> 00:05:09,440

of regarding a Joe firmage and the

88

00:05:14,260 --> 00:05:11,300

National Space Council recently did a

89

00:05:15,670 --> 00:05:14,270

post regarding Joe firmage claiming that

90

00:05:18,279 --> 00:05:15,680

he was the president of the National

91

00:05:22,540 --> 00:05:18,289

Space Council do you mind maybe going

92

00:05:23,830 --> 00:05:22,550

into that a little bit yeah sure do I

93

00:05:26,230 --> 00:05:23,840

may keep going to it are you gonna go

94

00:05:27,040 --> 00:05:26,240

into it well I'd love to hear a comment

95

00:05:29,140 --> 00:05:27,050

from you on it

96

00:05:30,820 --> 00:05:29,150

if you don't okay as I explained a

97

00:05:35,110 --> 00:05:30,830

little bit earlier there is no leaked

98

00:05:37,480 --> 00:05:35,120

document March to 26 was the national

99

00:05:39,190 --> 00:05:37,490

space council meeting I heard from

100

00:05:41,140 --> 00:05:39,200

somebody it wasn't Joe firmage that he

101  
00:05:42,730 --> 00:05:41,150  
had been appointed

102  
00:05:45,939 --> 00:05:42,740  
I really didn't realize what it was at

103  
00:05:48,820 --> 00:05:45,949  
that point so for the month I sat there

104  
00:05:51,879 --> 00:05:48,830  
and then I suddenly heard from some of

105  
00:05:54,339 --> 00:05:51,889  
the people around firmage that this was

106  
00:05:56,110 --> 00:05:54,349  
going to happen there was also the

107  
00:05:58,899 --> 00:05:56,120  
discussion about the lawsuit with caveat

108  
00:06:00,429 --> 00:05:58,909  
lawsuit had to be settled there was

109  
00:06:02,739 --> 00:06:00,439  
going to be this release I knew about

110  
00:06:04,659 --> 00:06:02,749  
this a long time before so I sort of

111  
00:06:08,890 --> 00:06:04,669  
alerted people and all it basically

112  
00:06:12,279 --> 00:06:08,900  
happened was Joe firmage posted a press

113  
00:06:14,950 --> 00:06:12,289

release on his LinkedIn site there is no

114

00:06:16,959 --> 00:06:14,960

leaked document there's no no conspiracy

115

00:06:18,490 --> 00:06:16,969

he's got it on his LinkedIn site you can

116

00:06:21,010 --> 00:06:18,500

still go there the press release is

117

00:06:23,469 --> 00:06:21,020

still there and he's making the claim

118

00:06:28,149 --> 00:06:23,479

that there's a new position that he's

119

00:06:30,159 --> 00:06:28,159

been appointed to and he has posted five

120

00:06:32,800 --> 00:06:30,169

new documents after that that sort of

121

00:06:34,179 --> 00:06:32,810

explained his thing match having a

122

00:06:35,860 --> 00:06:34,189

meeting with another researcher tonight

123

00:06:39,159 --> 00:06:35,870

who's talking to you who talked to Joe

124

00:06:40,540 --> 00:06:39,169

yesterday we really don't know what the

125

00:06:42,040 --> 00:06:40,550

heck he's talking about he's explained

126

00:06:44,529 --> 00:06:42,050

it to me he asked for a phone call at a

127

00:06:46,390 --> 00:06:44,539

video conference with Joe firmage he

128

00:06:48,519 --> 00:06:46,400

basically told me to back off that my

129

00:06:51,850 --> 00:06:48,529

posting had caused now what was the word

130

00:06:53,670 --> 00:06:51,860

he used a dust-up and I said fine I will

131

00:06:56,079 --> 00:06:53,680

sort of back away from this thing and

132

00:06:58,389 --> 00:06:56,089

then people started to leak other

133

00:07:01,089 --> 00:06:58,399

material which I'm not too sure is

134

00:07:03,820 --> 00:07:01,099

disinformation or it's it's always the

135

00:07:06,040 --> 00:07:03,830

way this whole thing works is you always

136

00:07:07,869 --> 00:07:06,050

have two different stories that conflict

137

00:07:09,579 --> 00:07:07,879

with each other so that you have camps

138

00:07:11,110 --> 00:07:09,589

fighting with each other so there's been

139

00:07:13,360 --> 00:07:11,120

some material that was leaked to me

140

00:07:15,760 --> 00:07:13,370

giving another explanation of what's

141

00:07:17,499 --> 00:07:15,770

going on I've been told by certain

142

00:07:19,990 --> 00:07:17,509

people who probably know that you should

143

00:07:23,230 --> 00:07:20,000

leave this alone but Joe is up to

144

00:07:24,939 --> 00:07:23,240

something Joe has posted the stuff he's

145

00:07:28,059 --> 00:07:24,949

got a lot of very high profile people

146

00:07:30,700 --> 00:07:28,069

who are following him and I've followed

147

00:07:33,879 --> 00:07:30,710

all this stuff I stated the lawsuit was

148

00:07:37,179 --> 00:07:33,889

going to end it did end on the 20 the

149

00:07:38,860 --> 00:07:37,189

25th the press release is on the 23rd

150

00:07:42,070 --> 00:07:38,870

there was a story that the press that

151  
00:07:43,659 --> 00:07:42,080  
the kiveat lawsuit had be settled before

152  
00:07:45,279 --> 00:07:43,669  
they would make this announcement

153  
00:07:47,379 --> 00:07:45,289  
so whatever Joe is up to I'm not sure

154  
00:07:49,540 --> 00:07:47,389  
what Joe is up to but there is no leak

155  
00:07:51,850 --> 00:07:49,550  
document it's on his LinkedIn site and

156  
00:07:53,619 --> 00:07:51,860  
he has explained to a number of people

157  
00:07:54,490 --> 00:07:53,629  
if you're actually want you can actually

158  
00:07:55,840 --> 00:07:54,500  
phone up Joe

159  
00:07:57,340 --> 00:07:55,850  
she'll actually talk to you about he

160  
00:07:59,950 --> 00:07:57,350  
talked to me he's talked to other

161  
00:08:02,230 --> 00:07:59,960  
researchers who have reached out and

162  
00:08:03,520 --> 00:08:02,240  
talked to him and he's explained it

163  
00:08:07,300 --> 00:08:03,530

doesn't make any sense to me what he's

164

00:08:09,130 --> 00:08:07,310

doing or what this deal is but that's

165

00:08:11,920 --> 00:08:09,140

basically the story it's on his LinkedIn

166

00:08:14,530 --> 00:08:11,930

site there's no leak document there's no

167

00:08:16,210 --> 00:08:14,540

conspiracy it's just a press release of

168

00:08:19,750 --> 00:08:16,220

something that Joe firmage has put out

169

00:08:21,580 --> 00:08:19,760

and I posted it and knowing a month

170

00:08:23,260 --> 00:08:21,590

before that was coming I posted it when

171

00:08:25,810 --> 00:08:23,270

it went up and basically that's all I've

172

00:08:27,940 --> 00:08:25,820

done is posted his press release well it

173

00:08:30,400 --> 00:08:27,950

must not be criminal regarding what he

174

00:08:31,930 --> 00:08:30,410

said because if it was there would be

175

00:08:34,060 --> 00:08:31,940

charges and we wouldn't know about it

176

00:08:35,770 --> 00:08:34,070

well why would it be criminal I mean

177

00:08:39,040 --> 00:08:35,780

well exactly that's what people are

178

00:08:42,120 --> 00:08:39,050

saying and I don't see how it is no he's

179

00:08:44,530 --> 00:08:42,130

a guy who's who spent many many years

180

00:08:47,260 --> 00:08:44,540

and I you know I've heard various

181

00:08:49,870 --> 00:08:47,270

figures 40 million 20 million dollars on

182

00:08:53,110 --> 00:08:49,880

this antigravity thing that he's working

183

00:08:56,260 --> 00:08:53,120

on my interest in Joe for Images is

184

00:08:58,810 --> 00:08:56,270

download and and he had an experience in

185

00:09:01,450 --> 00:08:58,820

the 1990s where he was running this big

186

00:09:02,950 --> 00:09:01,460

a multi-billion dollar dot-com company

187

00:09:05,770 --> 00:09:02,960

and had this experience with the being

188

00:09:07,660 --> 00:09:05,780

in his room that basically the

189

00:09:09,640 --> 00:09:07,670

indication I got was it sort of gave him

190

00:09:11,410 --> 00:09:09,650

indications on how the inside of an item

191

00:09:12,730 --> 00:09:11,420

work so that's my interest I'm

192

00:09:13,900 --> 00:09:12,740

interested in experiencers I'm

193

00:09:16,030 --> 00:09:13,910

interested in people who are getting

194

00:09:18,700 --> 00:09:16,040

downloads who are getting material from

195

00:09:20,079 --> 00:09:18,710

outside the the awakened conscious mind

196

00:09:22,120 --> 00:09:20,089

so that was my interest in Joe firmage

197

00:09:24,010 --> 00:09:22,130

and I only got dragged into this when I

198

00:09:27,280 --> 00:09:24,020

heard this rumor on the 26th of March

199

00:09:29,770 --> 00:09:27,290

that he had got this new position so

200

00:09:31,300 --> 00:09:29,780

there's really nothing Joe is still

201  
00:09:33,940 --> 00:09:31,310  
maintaining he will talk to you he will

202  
00:09:36,460 --> 00:09:33,950  
explain you go to his LinkedIn site he's

203  
00:09:38,590 --> 00:09:36,470  
got five articles that explain what this

204  
00:09:41,740 --> 00:09:38,600  
is all about and it doesn't make much

205  
00:09:43,750 --> 00:09:41,750  
sense to me but that's basically where

206  
00:09:44,710 --> 00:09:43,760  
it's out there's no no conspiracy nobody

207  
00:09:46,630 --> 00:09:44,720  
broke the law

208  
00:09:50,140 --> 00:09:46,640  
he's just a guy who spent a lot of money

209  
00:09:52,240 --> 00:09:50,150  
on this antigravity thing and has been

210  
00:09:54,760 --> 00:09:52,250  
working out this relentlessly he's not

211  
00:09:56,200 --> 00:09:54,770  
in it for the money but as you probably

212  
00:09:58,150 --> 00:09:56,210  
know there's a lot of people who claim

213  
00:09:59,530 --> 00:09:58,160

that they invested they didn't make

214

00:10:01,210 --> 00:09:59,540

money and I really don't have any

215

00:10:03,430 --> 00:10:01,220

sympathy for these people because it's

216

00:10:04,810 --> 00:10:03,440

like I played the the penny stock market

217

00:10:07,660 --> 00:10:04,820

and I know that if you invest in penny

218

00:10:08,329 --> 00:10:07,670

stocks or in free energy devices get

219

00:10:10,850 --> 00:10:08,339

ready to lose

220

00:10:12,889 --> 00:10:10,860

money so that's basically where it's at

221

00:10:15,170 --> 00:10:12,899

would it be fair to say this was a form

222

00:10:20,239 --> 00:10:15,180

of self-promotion in some indirect way

223

00:10:23,840 --> 00:10:20,249

by him no he's just he's no he's he may

224

00:10:27,439 --> 00:10:23,850

be spinning what this is but he is

225

00:10:30,199 --> 00:10:27,449

absolutely believes that he's got

226

00:10:32,720 --> 00:10:30,209

something in fact one of the postings I

227

00:10:34,189 --> 00:10:32,730

put was his was one of the websites that

228

00:10:36,920 --> 00:10:34,199

just went up and you see the the

229

00:10:40,189 --> 00:10:36,930

instruments he's got this 1.0 device

230

00:10:41,629 --> 00:10:40,199

that he's selling and the way I the way

231

00:10:44,210 --> 00:10:41,639

he explained it to me is I'm going to

232

00:10:46,420 --> 00:10:44,220

work on zero-point energy and I'm not

233

00:10:49,309 --> 00:10:46,430

going to blow up so he's basically

234

00:10:50,840 --> 00:10:49,319

going opposing to the other idea that

235

00:10:52,970 --> 00:10:50,850

we're gonna use this stuff for weapons

236

00:10:55,549 --> 00:10:52,980

he has a very good

237

00:10:57,290 --> 00:10:55,559

I think view of this whole thing that

238

00:10:59,900 --> 00:10:57,300

this should be used for mankind's

239

00:11:02,569 --> 00:10:59,910

benefit and he firmly believes in what

240

00:11:05,329 --> 00:11:02,579

he's doing he oxy believes he is on the

241

00:11:08,420 --> 00:11:05,339

leading edge of this stuff and he's just

242

00:11:10,090 --> 00:11:08,430

busy working at it and he's basically on

243

00:11:13,189 --> 00:11:10,100

his own there there aren't that many

244

00:11:15,799 --> 00:11:13,199

people who are on his side or defending

245

00:11:17,509 --> 00:11:15,809

him except for his investors and at

246

00:11:19,790 --> 00:11:17,519

times I actually feel sorry for Joe that

247

00:11:22,549 --> 00:11:19,800

he's sort of working out as hard as you

248

00:11:24,860 --> 00:11:22,559

can he has no money and he's trying to

249

00:11:27,230 --> 00:11:24,870

do the best he can with this download

250

00:11:29,809 --> 00:11:27,240

experience he had in the 1990s well I

251  
00:11:31,519 --> 00:11:29,819  
think it's important to not and you

252  
00:11:34,160 --> 00:11:31,529  
haven't done this I don't know anybody

253  
00:11:35,660 --> 00:11:34,170  
personally that has done this but I've

254  
00:11:39,369 --> 00:11:35,670  
seen it in public where they're actually

255  
00:11:42,710 --> 00:11:39,379  
bashing him and treating him like he's

256  
00:11:46,519 --> 00:11:42,720  
nothing and I don't see what the point

257  
00:11:48,889 --> 00:11:46,529  
is and that he is a person who has the

258  
00:11:51,019 --> 00:11:48,899  
right to be able to say what he wants

259  
00:11:54,049 --> 00:11:51,029  
and if he thinks he's the president of

260  
00:11:56,449 --> 00:11:54,059  
the National Space Council and then you

261  
00:11:58,850 --> 00:11:56,459  
know it's not hurting anybody

262  
00:12:01,249 --> 00:11:58,860  
and great day you've got some heat on

263  
00:12:03,069 --> 00:12:01,259

this - you got some got a little bit of

264

00:12:05,780 --> 00:12:03,079

heat on this and you know you're just

265

00:12:09,110 --> 00:12:05,790

passing along something from firmage

266

00:12:11,150 --> 00:12:09,120

that's from firmage hey that's news yeah

267

00:12:13,759 --> 00:12:11,160

and as I said I knew about it a month

268

00:12:15,470 --> 00:12:13,769

before so I was hyping it before because

269

00:12:17,720 --> 00:12:15,480

I knew this was coming I had seen in

270

00:12:19,340 --> 00:12:17,730

earlier press release and it got delayed

271

00:12:22,190 --> 00:12:19,350

because of this firmage lawsuit thing

272

00:12:24,740 --> 00:12:22,200

that that firm agenda

273

00:12:27,019 --> 00:12:24,750

Kibby I ended up walking away from from

274

00:12:28,759 --> 00:12:27,029

the lawsuit and so we are following that

275

00:12:31,129 --> 00:12:28,769

story plus the story when is this kind

276

00:12:32,269 --> 00:12:31,139

of relief and I'm still listening I'm

277

00:12:34,930 --> 00:12:32,279

still following the story I'm still

278

00:12:38,090 --> 00:12:34,940

talking to I would say I'd probably have

279

00:12:39,139 --> 00:12:38,100

seven or eight people sort of associated

280

00:12:40,850 --> 00:12:39,149

with this story that are still talking

281

00:12:41,540 --> 00:12:40,860

to this is not a this is not the story's

282

00:12:44,660 --> 00:12:41,550

not over yet

283

00:12:46,730 --> 00:12:44,670

this is still a live story right and

284

00:12:48,980 --> 00:12:46,740

we're watching it very closely I know

285

00:12:50,689 --> 00:12:48,990

you know this is a hot topic grant thank

286

00:12:54,410 --> 00:12:50,699

you for having addressed it the entire

287

00:12:56,240 --> 00:12:54,420

UFO community is really interested very

288

00:12:57,439 --> 00:12:56,250

acutely interested in finding out what

289

00:12:59,840 --> 00:12:57,449

the heck

290

00:13:01,129 --> 00:12:59,850

Joe firmage is talking about so as you

291

00:13:03,079 --> 00:13:01,139

said all they have to do is go to his

292

00:13:04,910 --> 00:13:03,089

LinkedIn I have gone to his LinkedIn

293

00:13:06,920 --> 00:13:04,920

I've read all the comments underneath it

294

00:13:08,780 --> 00:13:06,930

I've gone to Instagram Twitter I've gone

295

00:13:11,810 --> 00:13:08,790

to Facebook I read as much as I can I

296

00:13:13,759 --> 00:13:11,820

did reach out to him but you know look I

297

00:13:15,319 --> 00:13:13,769

think he's getting overwhelmed with all

298

00:13:16,579 --> 00:13:15,329

kinds of requests to talk about this

299

00:13:18,350 --> 00:13:16,589

topic

300

00:13:20,840 --> 00:13:18,360

Frank did you have any more questions

301

00:13:22,150 --> 00:13:20,850

about this topic or let's get on with

302

00:13:26,560 --> 00:13:22,160

the main task

303

00:13:29,480 --> 00:13:26,570

yeah the cover a ports and teleportation

304

00:13:32,360 --> 00:13:29,490

grant recently you were making comments

305

00:13:35,350 --> 00:13:32,370

about airports and I just wanted to

306

00:13:38,840 --> 00:13:35,360

greet a quote that you made regarding

307

00:13:42,350 --> 00:13:38,850

that topic and a threat of a post now

308

00:13:46,189 --> 00:13:42,360

there's a post run by a really wonderful

309

00:13:51,530 --> 00:13:46,199

person and I'm sorry group and her name

310

00:13:54,199 --> 00:13:51,540

is Roxanne Roxanna and in her group one

311

00:13:56,840 --> 00:13:54,209

of her really wonderful members Melissa

312

00:13:59,750 --> 00:13:56,850

did a post about teleportation a story

313

00:14:01,400 --> 00:13:59,760

that occurred to them and they reached

314

00:14:04,699 --> 00:14:01,410  
out to grant to find out a little bit

315

00:14:06,319 --> 00:14:04,709  
more about that topic in the threat of

316

00:14:08,120 --> 00:14:06,329  
that post Grant said it is especially

317

00:14:10,220 --> 00:14:08,130  
important now as the more secular

318

00:14:13,579 --> 00:14:10,230  
paradigm people are about to make the

319

00:14:17,000 --> 00:14:13,589  
case that pieces are falling off flying

320

00:14:19,040 --> 00:14:17,010  
saucers and the military should finance

321

00:14:20,900 --> 00:14:19,050  
research to build new aerial war

322

00:14:24,079 --> 00:14:20,910  
machines based on the metal being found

323

00:14:26,569 --> 00:14:24,089  
more and more the line is UFOs are going

324

00:14:28,730 --> 00:14:26,579  
to be a lot less physical and much more

325

00:14:30,650 --> 00:14:28,740  
spiritual than people think and some

326

00:14:33,620 --> 00:14:30,660

people are not going to be too happy

327

00:14:35,500 --> 00:14:33,630

about the new world view what does all

328

00:14:37,790 --> 00:14:35,510

of that mean Graham

329

00:14:40,430 --> 00:14:37,800

well I should basically give you a

330

00:14:42,740 --> 00:14:40,440

background on how I got into this and

331

00:14:46,490 --> 00:14:42,750

that is I follow experiencers so I was

332

00:14:48,200 --> 00:14:46,500

at LAX with ray Hernandez we are waiting

333

00:14:50,210 --> 00:14:48,210

for an uber which took forever to get

334

00:14:51,980 --> 00:14:50,220

there so ray is talking to me about his

335

00:14:53,210 --> 00:14:51,990

various people that are around him and

336

00:14:56,540 --> 00:14:53,220

he's talking about this one particular

337

00:14:58,360 --> 00:14:56,550

guy who ray says is probably the top

338

00:15:00,740 --> 00:14:58,370

experience so that he's met out of the

339

00:15:04,190 --> 00:15:00,750

6,000 odd people that have filled out

340

00:15:05,300 --> 00:15:04,200

all the forums that they've got and he

341

00:15:08,150 --> 00:15:05,310

started talking about these support

342

00:15:09,710 --> 00:15:08,160

things and that this guy had this

343

00:15:12,050 --> 00:15:09,720

collection of these materials that were

344

00:15:13,280 --> 00:15:12,060

falling as he'd be in the house and

345

00:15:14,630 --> 00:15:13,290

these things would fall and there are

346

00:15:16,790 --> 00:15:14,640

all sorts of different objects whatever

347

00:15:18,620 --> 00:15:16,800

and I'm thinking back and I'm gone you

348

00:15:21,139 --> 00:15:18,630

know this is kind of familiar this is

349

00:15:23,180 --> 00:15:21,149

this happened in the days of the

350

00:15:26,269 --> 00:15:23,190

Stanford Research Institute when they

351

00:15:27,800 --> 00:15:26,279

when uri geller was there i remember

352

00:15:29,780 --> 00:15:27,810

this story so i linked the story

353

00:15:32,090 --> 00:15:29,790

together uri geller goes out with help

354

00:15:34,940 --> 00:15:32,100

put off and edgar mitchell and there at

355

00:15:37,670 --> 00:15:34,950

the the restaurant and uri is eating ice

356

00:15:40,220 --> 00:15:37,680

cream and he cuts his mouth on this

357

00:15:42,829 --> 00:15:40,230

piece of metal that's in his in the ice

358

00:15:44,930 --> 00:15:42,839

cream and edgar mitchell looks out and

359

00:15:47,120 --> 00:15:44,940

he says where the heck did this come

360

00:15:50,000 --> 00:15:47,130

from this is my pin he had lost this pin

361

00:15:52,340 --> 00:15:50,010

in Houston Texas years before it was an

362

00:15:55,550 --> 00:15:52,350

Air Force pin or a Navy pin or something

363

00:15:58,070 --> 00:15:55,560

like that and so they go back to the lab

364

00:16:00,079 --> 00:15:58,080

and in the lab then they're in the lab

365

00:16:03,260 --> 00:16:00,089

and it set the back half of this pin

366

00:16:06,350 --> 00:16:03,270

falls in the behind the behind helped

367

00:16:08,180 --> 00:16:06,360

put off and Edgar Mitchell in a lab and

368

00:16:10,280 --> 00:16:08,190

your yellers in another room and then

369

00:16:11,720 --> 00:16:10,290

later another piece fell so I knew that

370

00:16:13,970 --> 00:16:11,730

there was this association there was

371

00:16:16,430 --> 00:16:13,980

this connection so I actually at that

372

00:16:18,319 --> 00:16:16,440

point I started to think I wonder if the

373

00:16:20,210 --> 00:16:18,329

metal because Arabs talk about this

374

00:16:23,060 --> 00:16:20,220

metal and I've worked on this metal

375

00:16:24,440 --> 00:16:23,070

since ice back in the 1970s I was

376

00:16:26,720 --> 00:16:24,450

working the Canadian government had a

377

00:16:28,400 --> 00:16:26,730

lot of this metal a lot of the stuff

378

00:16:30,140 --> 00:16:28,410

from the US was coming into Canada it

379

00:16:32,329 --> 00:16:30,150

was being given to the Canadians for

380

00:16:35,000 --> 00:16:32,339

analysis and what you what you basically

381

00:16:36,680 --> 00:16:35,010

get is you get all these little tiny

382

00:16:38,420 --> 00:16:36,690

pieces you don't get a like a door off a

383

00:16:40,010 --> 00:16:38,430

flying saucer or some you get these

384

00:16:41,690 --> 00:16:40,020

little tiny pieces that are like the

385

00:16:43,940 --> 00:16:41,700

size of a quarter that are that are

386

00:16:46,040 --> 00:16:43,950

appearing and I know from working on

387

00:16:48,230 --> 00:16:46,050

these metals over the years that most of

388

00:16:50,630 --> 00:16:48,240

these pieces are piece

389

00:16:52,699 --> 00:16:50,640

that fall when a flying saucer goes by

390

00:16:54,260 --> 00:16:52,709

or UFO then suddenly they hear this

391

00:16:55,910 --> 00:16:54,270

noise and they see this piece of metal

392

00:16:58,519 --> 00:16:55,920

fall they pick up the piece of metal and

393

00:16:59,780 --> 00:16:58,529

I had gotten the impression based upon

394

00:17:02,600 --> 00:16:59,790

what happened at SSRI

395

00:17:04,579 --> 00:17:02,610

what Ray was telling me that this metal

396

00:17:06,230 --> 00:17:04,589

stuff is not going to be pieces off

397

00:17:08,270 --> 00:17:06,240

flying saucer a flying saucer does not

398

00:17:10,220 --> 00:17:08,280

fly across the galaxy and then suddenly

399

00:17:12,590 --> 00:17:10,230

have pieces that are falling off it and

400

00:17:14,569 --> 00:17:12,600

I give I give a lecture it's called a

401  
00:17:17,150 --> 00:17:14,579  
theory of wow it's a lecture I give

402  
00:17:18,650 --> 00:17:17,160  
where I say that basically I'm coming to

403  
00:17:21,410 --> 00:17:18,660  
the conclusion that all of the UFO

404  
00:17:23,510 --> 00:17:21,420  
phenomena is just messaging so whether

405  
00:17:25,040 --> 00:17:23,520  
it's crop circles whether it's a UFOs

406  
00:17:29,750 --> 00:17:25,050  
flying around with lights on them or

407  
00:17:31,610 --> 00:17:29,760  
whether it's you know ground traces the

408  
00:17:33,260 --> 00:17:31,620  
metal stuff is just messaging they're

409  
00:17:35,450 --> 00:17:33,270  
dropping this stuff on purpose and

410  
00:17:37,940 --> 00:17:35,460  
that's when you see the the aprot stuff

411  
00:17:39,470 --> 00:17:37,950  
that is if you took it take a look at

412  
00:17:42,230 --> 00:17:39,480  
the ports it happens and all sorts of

413  
00:17:45,950 --> 00:17:42,240

things with mediums with you know

414

00:17:47,270 --> 00:17:45,960

Eastern mystical guys gurus all this

415

00:17:49,010 --> 00:17:47,280

kind of stuff you see this stuff

416

00:17:52,820 --> 00:17:49,020

happening over and over again where this

417

00:17:54,440 --> 00:17:52,830

material is coming sort of you have

418

00:17:57,890 --> 00:17:54,450

materializations that come from another

419

00:17:59,030 --> 00:17:57,900

world so things that appear that nobody

420

00:18:01,370 --> 00:17:59,040

has seen before I call these

421

00:18:03,260 --> 00:18:01,380

materializations a ports are things that

422

00:18:05,919 --> 00:18:03,270

are moved around and you can see people

423

00:18:08,030 --> 00:18:05,929

have worked on ghost air you know

424

00:18:09,590 --> 00:18:08,040

poltergeist type stuff we'll talk about

425

00:18:11,960 --> 00:18:09,600

this all the time stuff moving around in

426

00:18:13,850 --> 00:18:11,970

the house and so what happened to me is

427

00:18:15,799 --> 00:18:13,860

once I had this conversation with Ray I

428

00:18:17,960 --> 00:18:15,809

got sort of really into this sort of

429

00:18:20,090 --> 00:18:17,970

thing and it was at that point when I

430

00:18:23,660 --> 00:18:20,100

talk when I started looking around and

431

00:18:26,990 --> 00:18:23,670

I'm going to this conference in Laughlin

432

00:18:28,490 --> 00:18:27,000

Nevada Paula Harris's conference so what

433

00:18:30,799 --> 00:18:28,500

happens is you have these synchronistic

434

00:18:32,480 --> 00:18:30,809

events that lead me to say this is an

435

00:18:34,960 --> 00:18:32,490

important subject what happens is I I'm

436

00:18:37,970 --> 00:18:34,970

googling I find Stan Lee Crypt nur's

437

00:18:39,860 --> 00:18:37,980

interview that was done where he's

438

00:18:41,240 --> 00:18:39,870

talking about the aport sand he says you

439

00:18:43,669 --> 00:18:41,250

know I had a bunch of these reports from

440

00:18:45,049 --> 00:18:43,679

various psychics and and this guy's been

441

00:18:46,970 --> 00:18:45,059

his whole life he's worked on these type

442

00:18:48,890 --> 00:18:46,980

of things and all these of quartz got

443

00:18:51,080 --> 00:18:48,900

stolen out of his house so he said you

444

00:18:53,180 --> 00:18:51,090

know I I decided that I wanted to have

445

00:18:54,830 --> 00:18:53,190

the next set of a ports so that they

446

00:18:56,960 --> 00:18:54,840

wouldn't get stolen so I sent them to a

447

00:18:58,520 --> 00:18:56,970

university and guess what the university

448

00:19:01,190 --> 00:18:58,530

is it's the University where I worked

449

00:19:01,880 --> 00:19:01,200

for 37 years in Winnipeg Manitoba Canada

450

00:19:03,350 --> 00:19:01,890

when I

451  
00:19:04,850 --> 00:19:03,360  
85% of the people in the United States

452  
00:19:06,920 --> 00:19:04,860  
we even know where Winnipeg is and

453  
00:19:09,020 --> 00:19:06,930  
Stanley krepner sends he's a port so I

454  
00:19:11,180 --> 00:19:09,030  
mended the aport thing and then I go to

455  
00:19:13,280 --> 00:19:11,190  
Laughlin Nevada and that's when it

456  
00:19:16,130 --> 00:19:13,290  
starts for me Laughlin Nevada I have a

457  
00:19:17,720 --> 00:19:16,140  
guy his name is Tony bintz from England

458  
00:19:19,580 --> 00:19:17,730  
who suddenly decides there's

459  
00:19:21,800 --> 00:19:19,590  
consciousness involved in UFOs he looks

460  
00:19:24,140 --> 00:19:21,810  
it up he comes across me and he decides

461  
00:19:25,250 --> 00:19:24,150  
he's got to leave the UK for the first

462  
00:19:27,110 --> 00:19:25,260  
time in his life he's got to go see

463  
00:19:28,760 --> 00:19:27,120

grant Cameron in Laughlin Nevada he's

464

00:19:31,250 --> 00:19:28,770

going across the world he's very very

465

00:19:33,530 --> 00:19:31,260

sick he's had three experiences very

466

00:19:35,570 --> 00:19:33,540

very near death and he comes to Laughlin

467

00:19:37,460 --> 00:19:35,580

Nevada to talk to me and that's when he

468

00:19:40,490 --> 00:19:37,470

tells me the Feather story eight

469

00:19:42,230 --> 00:19:40,500

incidents of feathers falling when

470

00:19:43,700 --> 00:19:42,240

they're asking for signs and then the

471

00:19:45,560 --> 00:19:43,710

feather incidents start hopping at

472

00:19:47,630 --> 00:19:45,570

Laughlin had Laughlin during the

473

00:19:50,020 --> 00:19:47,640

conference with the British people with

474

00:19:52,250 --> 00:19:50,030

me with my assistant in Tucson Arizona

475

00:19:54,680 --> 00:19:52,260

where we get a feather thing so we have

476

00:19:56,630 --> 00:19:54,690

these like 12 incidents with feathers

477

00:19:58,700 --> 00:19:56,640

within a couple of weeks all happening

478

00:20:02,030 --> 00:19:58,710

and I was just hooked and I suddenly

479

00:20:04,010 --> 00:20:02,040

believe yes this I believe is a type of

480

00:20:08,210 --> 00:20:04,020

messaging this is sort of an interaction

481

00:20:10,250 --> 00:20:08,220

with a higher form of consciousness we

482

00:20:11,570 --> 00:20:10,260

can tap into this sort of thing and when

483

00:20:13,700 --> 00:20:11,580

I started looking at all this sort of

484

00:20:15,770 --> 00:20:13,710

stuff I found out it's very big common

485

00:20:18,500 --> 00:20:15,780

ray Hernandez will say that 30% of all

486

00:20:19,790 --> 00:20:18,510

experiencers have a port experiences

487

00:20:21,800 --> 00:20:19,800

where stuff is moving around in the

488

00:20:24,320 --> 00:20:21,810

house where stuff is materializing and

489

00:20:26,000 --> 00:20:24,330

now when I asked do the interviews I did

490

00:20:29,090 --> 00:20:26,010

an interview two days ago I stopped at

491

00:20:31,190 --> 00:20:29,100

this I do an interview with this gave

492

00:20:33,050 --> 00:20:31,200

Emmons guys and he wants to talk to me

493

00:20:34,820 --> 00:20:33,060

about consciousness and about his UFO

494

00:20:36,170 --> 00:20:34,830

sightings and stuff and it's like every

495

00:20:39,560 --> 00:20:36,180

experience and I bring up the fact I

496

00:20:43,220 --> 00:20:39,570

said a David did you ever have anything

497

00:20:45,410 --> 00:20:43,230

weird drop out of the sky or stuff move

498

00:20:46,580 --> 00:20:45,420

around in the house and he said yeah can

499

00:20:47,990 --> 00:20:46,590

I go to the next room and get the stuff

500

00:20:49,310 --> 00:20:48,000

and he goes into the room and he comes

501  
00:20:51,560 --> 00:20:49,320  
back with all this stuff he starts

502  
00:20:54,500 --> 00:20:51,570  
telling me these abort stories of this

503  
00:20:59,090 --> 00:20:54,510  
material appearing of this you know a

504  
00:21:03,770 --> 00:20:59,100  
coin falling or into his car and on the

505  
00:21:05,000 --> 00:21:03,780  
front of the driver's side and of course

506  
00:21:06,170 --> 00:21:05,010  
I asked him and I know I know I already

507  
00:21:07,460 --> 00:21:06,180  
know what the answer is it's like you

508  
00:21:09,290 --> 00:21:07,470  
couldn't predict what's gonna happen I

509  
00:21:11,420 --> 00:21:09,300  
said it was it heads up or heads down he

510  
00:21:13,370 --> 00:21:11,430  
said heads up and that's the thing that

511  
00:21:15,740 --> 00:21:13,380  
happened is when I was in Laughlin

512  
00:21:17,990 --> 00:21:15,750  
Nevada I'm lecturing so I

513  
00:21:19,909 --> 00:21:18,000

the support I suddenly get religious

514

00:21:21,649 --> 00:21:19,919

about a ports I put it in Steve Mira

515

00:21:23,630 --> 00:21:21,659

comes up the very next lecture Steve

516

00:21:24,830 --> 00:21:23,640

says you stole my lecture and he starts

517

00:21:26,720 --> 00:21:24,840

talking about a ports I've never heard

518

00:21:29,149 --> 00:21:26,730

about a ports a month before I didn't

519

00:21:30,980 --> 00:21:29,159

know what they were and then the Navajo

520

00:21:32,899 --> 00:21:30,990

rangers come up and the novel Rangers

521

00:21:34,490 --> 00:21:32,909

start talking and they say we had these

522

00:21:36,860 --> 00:21:34,500

64 coins and they're doing all these

523

00:21:38,659 --> 00:21:36,870

paranormal events 64 coins all heads up

524

00:21:41,450 --> 00:21:38,669

I go to leave the room the guy it's at

525

00:21:42,830 --> 00:21:41,460

the at the front at the at the door says

526

00:21:45,649 --> 00:21:42,840

can I talk to you

527

00:21:47,630 --> 00:21:45,659

I got dimes dimes keep appearing all

528

00:21:50,450 --> 00:21:47,640

over the place and I said heads up or Oh

529

00:21:54,169 --> 00:21:50,460

heads up all heads up how many Oh forty

530

00:21:56,330 --> 00:21:54,179

and then he says Bob Bob the guy used to

531

00:21:57,529 --> 00:21:56,340

run UFO Congress he's got dimes too and

532

00:22:00,470 --> 00:21:57,539

suddenly I'm inundated with these

533

00:22:04,159 --> 00:22:00,480

stories of these apert things that seem

534

00:22:06,230 --> 00:22:04,169

to appear all the time and just it sort

535

00:22:07,490 --> 00:22:06,240

of fascinates me but I I think it's

536

00:22:10,039 --> 00:22:07,500

basically the same thing as a crop

537

00:22:12,680 --> 00:22:10,049

circle as a ground trace as a UFO flying

538

00:22:15,020 --> 00:22:12,690

around to me it's all messaging it's

539

00:22:17,330 --> 00:22:15,030

like the Nimitz thing it's like why does

540

00:22:18,890 --> 00:22:17,340

the UFO drop from 80,000 feet down to

541

00:22:21,049 --> 00:22:18,900

the surface of the water in like a

542

00:22:22,399 --> 00:22:21,059

second or two it's because they just

543

00:22:24,289 --> 00:22:22,409

want you they're giving you a message

544

00:22:25,340 --> 00:22:24,299

they're just trying to interest you why

545

00:22:27,260 --> 00:22:25,350

do they go into the water and make

546

00:22:28,850 --> 00:22:27,270

bubbles they just want to get your

547

00:22:30,649 --> 00:22:28,860

attention why did they stay there for a

548

00:22:31,940 --> 00:22:30,659

week before the nimitz game they're just

549

00:22:33,919 --> 00:22:31,950

trying to get our attention they're

550

00:22:35,360 --> 00:22:33,929

sending us messages and the more I look

551  
00:22:40,880 --> 00:22:35,370  
at the UFO phenomena the more I think

552  
00:22:44,029 --> 00:22:40,890  
it's all messaging okay so you're yeah

553  
00:22:45,710 --> 00:22:44,039  
what regard I know what grant went into

554  
00:22:49,010 --> 00:22:45,720  
a lot of detail there but yeah just in

555  
00:22:51,049 --> 00:22:49,020  
general rich Hoffman dr. Scott Shane

556  
00:22:55,490 --> 00:22:51,059  
Hurd Earl Grey what do you think about

557  
00:22:58,720 --> 00:22:55,500  
the general concept of ETS UFOs with the

558  
00:23:05,500 --> 00:22:58,730  
messaging anyone want to jump in here I

559  
00:23:08,690 --> 00:23:05,510  
wrote a story with a print person that

560  
00:23:11,529 --> 00:23:08,700  
suggested that some of the things such

561  
00:23:14,419 --> 00:23:11,539  
as Roswell might just be set up to

562  
00:23:17,409 --> 00:23:14,429  
certain times in human history to affect

563  
00:23:20,270 --> 00:23:17,419

things rather than an actual event I

564

00:23:23,539 --> 00:23:20,280

mean there talk about the Roswell debris

565

00:23:27,440 --> 00:23:23,549

well maybe that's something that has

566

00:23:29,930 --> 00:23:27,450

been set up to influence people yeah you

567

00:23:32,390 --> 00:23:29,940

see that you see that in the

568

00:23:34,100 --> 00:23:32,400

Diann pisacas book where they go to this

569

00:23:37,130 --> 00:23:34,110

site and i where the site is in this new

570

00:23:39,320 --> 00:23:37,140

mexico site and Tyler D and James are

571

00:23:41,570 --> 00:23:39,330

there and James calls it the gifting

572

00:23:43,790 --> 00:23:41,580

site that's the idea that this stuff may

573

00:23:45,230 --> 00:23:43,800

actually been given to us the crashes

574

00:23:47,420 --> 00:23:45,240

may have been on purpose that this is a

575

00:23:49,490 --> 00:23:47,430

so that's why they and these guys the

576

00:23:51,440 --> 00:23:49,500

Tyler DS on the inside and they're

577

00:23:53,300 --> 00:23:51,450

referring it to as a gifting site where

578

00:23:56,720 --> 00:23:53,310

all this material is given to us to help

579

00:23:59,810 --> 00:23:56,730

us yes I mean I think that it's exactly

580

00:24:03,020 --> 00:23:59,820

that that it's like Prometheus bringing

581

00:24:06,380 --> 00:24:03,030

fire to mankind that it's that's a

582

00:24:10,280 --> 00:24:06,390

messaging to show that that you can

583

00:24:12,800 --> 00:24:10,290

survive this phase that we're in where

584

00:24:14,890 --> 00:24:12,810

we're still warlike and we we have the

585

00:24:17,870 --> 00:24:14,900

ability to blow ourselves up many

586

00:24:21,740 --> 00:24:17,880

multiple times but when we're dealing

587

00:24:23,720 --> 00:24:21,750

with this advanced civilization that is

588

00:24:27,800 --> 00:24:23,730

messaging us I think maybe the message

589

00:24:31,910 --> 00:24:27,810

is that that you can get past this and

590

00:24:34,430 --> 00:24:31,920

that you can do great things telling us

591

00:24:36,320 --> 00:24:34,440

something this is really I think it's

592

00:24:38,390 --> 00:24:36,330

been pretty obvious through most of the

593

00:24:41,300 --> 00:24:38,400

sightings that when they don't want to

594

00:24:43,190 --> 00:24:41,310

be seen they're not seen so when they

595

00:24:45,740 --> 00:24:43,200

are seen it's pretty obvious that it's

596

00:24:48,830 --> 00:24:45,750

because they did want to be seen by

597

00:24:51,800 --> 00:24:48,840

someone at that time purposeful it's

598

00:24:55,130 --> 00:24:51,810

always a purposeful sees a UFO by

599

00:24:57,440 --> 00:24:55,140

accident I I keep on bumping into this I

600

00:25:00,140 --> 00:24:57,450

don't think that anything's accidental I

601  
00:25:04,220 --> 00:25:00,150  
don't think that they they oh whoops we

602  
00:25:06,260 --> 00:25:04,230  
crashed our spaceship yet oh no they're

603  
00:25:08,710 --> 00:25:06,270  
not out doing butterfly maneuvers for

604  
00:25:12,080 --> 00:25:08,720  
whimsical amusement amongst themselves

605  
00:25:14,600 --> 00:25:12,090  
they're doing stuff to get our attention

606  
00:25:21,970 --> 00:25:14,610  
when when they're seen in big instances

607  
00:25:24,640 --> 00:25:21,980  
like let me jump in here for a second so

608  
00:25:27,500 --> 00:25:24,650  
I don't profess to understand

609  
00:25:30,110 --> 00:25:27,510  
intellectual capabilities of any alien

610  
00:25:32,210 --> 00:25:30,120  
life-form like let me clarify that up

611  
00:25:35,750 --> 00:25:32,220  
front I don't know that they're intense

612  
00:25:37,550 --> 00:25:35,760  
I we we as humans tend to like want to

613  
00:25:39,020 --> 00:25:37,560

be able to put our own spin on it and

614

00:25:41,520 --> 00:25:39,030

try to make it make sense

615

00:25:43,650 --> 00:25:41,530

it's pretty clear that you know

616

00:25:45,270 --> 00:25:43,660

if you want to look at it or something

617

00:25:45,900 --> 00:25:45,280

like you know wanting to get our

618

00:25:48,150 --> 00:25:45,910

attention

619

00:25:50,100 --> 00:25:48,160

you might want to take the new cases as

620

00:25:53,820 --> 00:25:50,110

being a primary example of trying to get

621

00:25:56,220 --> 00:25:53,830

our attention right ok but I mean here's

622

00:25:58,650 --> 00:25:56,230

where I struggle ok why do I want to

623

00:26:00,960 --> 00:25:58,660

drop a piece of metal off of a craft to

624

00:26:03,560 --> 00:26:00,970

be able to make a message what does the

625

00:26:06,180 --> 00:26:03,570

message say and then at the same time

626

00:26:09,150 --> 00:26:06,190

why don't I just hand a piece of metal

627

00:26:11,100 --> 00:26:09,160

to an abductee and drop it off and leave

628

00:26:13,920 --> 00:26:11,110

it with them and say yours my whatever

629

00:26:17,220 --> 00:26:13,930

this purpose is perhaps those are just

630

00:26:20,160 --> 00:26:17,230

the bowing test models yeah so I I just

631

00:26:24,570 --> 00:26:20,170

don't I have great difficulty with that

632

00:26:25,470 --> 00:26:24,580

in the MUFON cases that I investigated I

633

00:26:28,770 --> 00:26:25,480

went through the whole database

634

00:26:30,420 --> 00:26:28,780

practically of looking for all different

635

00:26:32,190 --> 00:26:30,430

kinds of things because we hadn't we

636

00:26:35,910 --> 00:26:32,200

struggled with being able to try to find

637

00:26:38,520 --> 00:26:35,920

is paranormal activity involved in cases

638

00:26:40,680 --> 00:26:38,530

and a lot of times it's you know not the

639

00:26:42,960 --> 00:26:40,690

case it's like an object in the sky you

640

00:26:46,350 --> 00:26:42,970

know that it's there it's gone you know

641

00:26:48,390 --> 00:26:46,360

you did rich you did seem to suggest

642

00:26:51,210 --> 00:26:48,400

that perhaps say you saw a pattern of

643

00:26:53,490 --> 00:26:51,220

behavior though maybe not exactly the

644

00:26:54,870 --> 00:26:53,500

phenomenon we're talking about but you

645

00:26:57,810 --> 00:26:54,880

did suggest that at least it seemed to

646

00:27:00,360 --> 00:26:57,820

me I'm wrong clear me up here a pattern

647

00:27:03,570 --> 00:27:00,370

of behavior you talked about that you

648

00:27:05,790 --> 00:27:03,580

talked about the nuke sites I mean what

649

00:27:08,910 --> 00:27:05,800

did trace a short of the nuke sites

650

00:27:14,190 --> 00:27:08,920

which was pretty doggone you know that

651  
00:27:16,110 --> 00:27:14,200  
does suggest something and well I guess

652  
00:27:18,720 --> 00:27:16,120  
what I'm trying to get at is dropping a

653  
00:27:20,670 --> 00:27:18,730  
piece of slag or metal or some other

654  
00:27:24,000 --> 00:27:20,680  
kind of an object or making keys to

655  
00:27:26,370 --> 00:27:24,010  
disappear out of a room or whatever like

656  
00:27:29,910 --> 00:27:26,380  
that I just to me I struggle with that

657  
00:27:32,550 --> 00:27:29,920  
and I don't know that I I strive that

658  
00:27:36,060 --> 00:27:32,560  
even necessarily in a house or something

659  
00:27:37,890 --> 00:27:36,070  
like that to being a UFO I might think

660  
00:27:39,450 --> 00:27:37,900  
that there might be a poltergeist or

661  
00:27:43,230 --> 00:27:39,460  
some other kind of phenomena going on

662  
00:27:46,380 --> 00:27:43,240  
there but I I don't I don't see much in

663  
00:27:48,360 --> 00:27:46,390

the way of evidence from the record that

664

00:27:50,670 --> 00:27:48,370

we've got where there's a tremendous

665

00:27:54,430 --> 00:27:50,680

amount of this kind of like messaging

666

00:27:56,770 --> 00:27:54,440

going on in the UFO reports that we get

667

00:27:59,920 --> 00:27:56,780

and I used to look at like thousands of

668

00:28:01,060 --> 00:27:59,930

these cases you know it seemingly over a

669

00:28:03,340 --> 00:28:01,070

period of time with the science and

670

00:28:06,610 --> 00:28:03,350

review board and I've not really had

671

00:28:09,580 --> 00:28:06,620

anything I have had one case where I had

672

00:28:11,830 --> 00:28:09,590

an individual in southern Alabama that

673

00:28:14,290 --> 00:28:11,840

was claiming that keys were being moved

674

00:28:17,260 --> 00:28:14,300

around or appearing and disappearing and

675

00:28:21,940 --> 00:28:17,270

that type of thing and it happened to

676

00:28:24,400 --> 00:28:21,950

coincide with a UFO report but again I

677

00:28:29,010 --> 00:28:24,410

go back to you know if we're not looking

678

00:28:31,990 --> 00:28:29,020

at cases that have been investigated

679

00:28:34,180 --> 00:28:32,000

number one and found to be unknowns and

680

00:28:36,280 --> 00:28:34,190

then we look at some of the behavior and

681

00:28:39,850 --> 00:28:36,290

then try to ascribe our understanding to

682

00:28:41,680 --> 00:28:39,860

it we struggle with mixing it in with

683

00:28:44,650 --> 00:28:41,690

all different kinds of other naturally

684

00:28:47,590 --> 00:28:44,660

IFO cases which are the vast majority of

685

00:28:53,130 --> 00:28:47,600

the cases and so I'm a little bit

686

00:28:55,030 --> 00:28:53,140

questioning that let me jump back in off

687

00:28:56,530 --> 00:28:55,040

I'm sorry what

688

00:28:57,970 --> 00:28:56,540

well how do you explain the metals are

689

00:28:59,740 --> 00:28:57,980

you proposing that pieces are falling

690

00:29:02,290 --> 00:28:59,750

off flying saucers after they've flown

691

00:29:03,760 --> 00:29:02,300

across the galaxy well I'm not sure that

692

00:29:05,080 --> 00:29:03,770

they're coming off of the flying saucer

693

00:29:06,760 --> 00:29:05,090

so that wouldn't even jump to saying

694

00:29:10,000 --> 00:29:06,770

that they're you know that they're even

695

00:29:11,980 --> 00:29:10,010

connected they might be that in the case

696

00:29:15,640 --> 00:29:11,990

of crashes you know if you want to look

697

00:29:18,670 --> 00:29:15,650

at crashes you can find debris but I'm I

698

00:29:20,320 --> 00:29:18,680

don't know I'm not going to ascribe my

699

00:29:22,030 --> 00:29:20,330

understanding and say that I'm going to

700

00:29:24,040 --> 00:29:22,040

jump to a piece of metal falling off of

701  
00:29:26,620 --> 00:29:24,050  
it and saying that it's a message what

702  
00:29:28,150 --> 00:29:26,630  
the hell's the message that they have

703  
00:29:30,570 --> 00:29:28,160  
some sort of problems and that they're

704  
00:29:33,970 --> 00:29:30,580  
wanting to dump metal I mean that's just

705  
00:29:35,740 --> 00:29:33,980  
that's speculation out the bippy I'm

706  
00:29:37,540 --> 00:29:35,750  
looking for something that makes sense

707  
00:29:39,340 --> 00:29:37,550  
and yeah we have a problem with that

708  
00:29:41,920 --> 00:29:39,350  
because again we don't understand

709  
00:29:46,000 --> 00:29:41,930  
alien intent I don't understand anything

710  
00:29:47,800 --> 00:29:46,010  
if it's alien well yeah and there's a

711  
00:29:50,170 --> 00:29:47,810  
whole lot of other explanations for

712  
00:29:52,150 --> 00:29:50,180  
something that's in the sky I mean just

713  
00:29:53,620 --> 00:29:52,160

you take a look at the Bentwaters case

714

00:29:55,810 --> 00:29:53,630

and say that that might be a time

715

00:29:56,350 --> 00:29:55,820

machine and that might be us from the

716

00:29:58,600 --> 00:29:56,360

future

717

00:30:01,960 --> 00:29:58,610

yeah so I'm not willing to say that it's

718

00:30:03,790 --> 00:30:01,970

et giving us a message at all well I let

719

00:30:06,070 --> 00:30:03,800

me yeah oh go ahead yeah guy grant I'm

720

00:30:07,840 --> 00:30:06,080

sorry I I just I just say we've got to

721

00:30:08,320 --> 00:30:07,850

go to the evidence the evidence is 30%

722

00:30:10,240 --> 00:30:08,330

of all

723

00:30:11,920 --> 00:30:10,250

is whether you've seen it or not the

724

00:30:14,320 --> 00:30:11,930

free survey which I think is the best

725

00:30:16,510 --> 00:30:14,330

evidence we've got is 30% of all of them

726

00:30:18,610 --> 00:30:16,520  
are claiming there's a port type

727

00:30:20,380 --> 00:30:18,620  
material and if you start looking in

728

00:30:22,090 --> 00:30:20,390  
across all the other paranormal

729

00:30:24,760 --> 00:30:22,100  
phenomena and it's all gonna be the same

730

00:30:26,320 --> 00:30:24,770  
thing it's it's all paranormal phenomena

731

00:30:28,390 --> 00:30:26,330  
is gonna basically be consciousness

732

00:30:30,700 --> 00:30:28,400  
based and you start finding it in

733

00:30:32,620 --> 00:30:30,710  
mediums you find find it all over the

734

00:30:34,690 --> 00:30:32,630  
place this means this I thought a port

735

00:30:36,670 --> 00:30:34,700  
stuff was just UFO stuff and you find

736

00:30:38,620 --> 00:30:36,680  
out it's all over the place it's it's

737

00:30:40,900 --> 00:30:38,630  
very very common it's way more common

738

00:30:44,110 --> 00:30:40,910

you think it is yeah I'm not describing

739

00:30:48,420 --> 00:30:44,120

that every Dutchman case is also alien

740

00:30:51,820 --> 00:30:48,430

either and and so is there an aspect of

741

00:30:53,530 --> 00:30:51,830

of paranormal I mean parapsychology you

742

00:30:55,390 --> 00:30:53,540

know is there some sort of aspect the

743

00:30:58,240 --> 00:30:55,400

poltergeist phenomena that's creating

744

00:31:00,250 --> 00:30:58,250

this I'm not shopping I'm not jumping to

745

00:31:03,610 --> 00:31:00,260

the fact that it has to be UFO and I'm

746

00:31:05,560 --> 00:31:03,620

not seeing that in UFO cases 90% of UFO

747

00:31:07,500 --> 00:31:05,570

in cording to the free Syria over 90

748

00:31:10,810 --> 00:31:07,510

percent say this paranormal phenomena

749

00:31:12,880 --> 00:31:10,820

70% of seeing ghosts 37% of it

750

00:31:14,170 --> 00:31:12,890

near-death experiences you just go

751  
00:31:15,540 --> 00:31:14,180  
through the stats and you see this

752  
00:31:19,900 --> 00:31:15,550  
paranormal

753  
00:31:23,380 --> 00:31:19,910  
I don't necessarily see that the UFO

754  
00:31:26,860 --> 00:31:23,390  
phenomena that we see are connected to

755  
00:31:31,060 --> 00:31:26,870  
even alien abduction cases okay let me

756  
00:31:33,040 --> 00:31:31,070  
clarify that that's that correlation has

757  
00:31:35,140 --> 00:31:33,050  
yet to be proven there's very little and

758  
00:31:38,050 --> 00:31:35,150  
there's few cases on record where you

759  
00:31:39,460 --> 00:31:38,060  
have something that Purdue made that

760  
00:31:41,560 --> 00:31:39,470  
indicates that something did have

761  
00:31:43,810 --> 00:31:41,570  
matsing all of them but I'm saying that

762  
00:31:46,750 --> 00:31:43,820  
there are very few cases where there's

763  
00:31:49,690 --> 00:31:46,760

physical evidence and enough evidence to

764

00:31:52,240 --> 00:31:49,700

support even that that's being connected

765

00:31:55,000 --> 00:31:52,250

to a UFO event they may already be

766

00:31:56,920 --> 00:31:55,010

physical so yeah you're setting

767

00:31:58,600 --> 00:31:56,930

guidelines it has to be physical we have

768

00:32:02,080 --> 00:31:58,610

to be able to touch it and feel it and

769

00:32:05,800 --> 00:32:02,090

smell it all saying that that's how

770

00:32:07,240 --> 00:32:05,810

science works okay but that did that's

771

00:32:09,250 --> 00:32:07,250

you're just putting the borders you're

772

00:32:11,200 --> 00:32:09,260

saying unless it fits into scientist it

773

00:32:13,030 --> 00:32:11,210

doesn't believe it you can't exist so

774

00:32:14,890 --> 00:32:13,040

that's that's where we are science won't

775

00:32:16,660 --> 00:32:14,900

accept this it won't do it because

776

00:32:20,460 --> 00:32:16,670

you've got to play by our games like the

777

00:32:22,800 --> 00:32:20,470

Roman Catholic Church and we say

778

00:32:24,630 --> 00:32:22,810

subscribe to the fact that science

779

00:32:25,980 --> 00:32:24,640

guesses a little bit further down the

780

00:32:28,440 --> 00:32:25,990

road in our understanding of the

781

00:32:31,470 --> 00:32:28,450

universe and so that's the where I'm

782

00:32:33,780 --> 00:32:31,480

coming from speculating is not gonna get

783

00:32:36,630 --> 00:32:33,790

us anywhere and I hear you speculating

784

00:32:39,180 --> 00:32:36,640

on what this might be or the intent or

785

00:32:40,620 --> 00:32:39,190

whatever else works you get a hypotheses

786

00:32:42,840 --> 00:32:40,630

you make observations you make

787

00:32:44,430 --> 00:32:42,850

conclusions you make a new hypotheses it

788

00:32:46,740 --> 00:32:44,440

doesn't say it has to be physical that's

789

00:32:50,750 --> 00:32:46,750

not in the scientific method I'm sorry

790

00:32:54,030 --> 00:32:50,760

but also speculating like we're doing is

791

00:32:55,500 --> 00:32:54,040

let me jump in here and again I don't

792

00:32:57,720 --> 00:32:55,510

mean to put you on the spot here rich

793

00:33:00,060 --> 00:32:57,730

but there been a lot of UFO cases we

794

00:33:02,640 --> 00:33:00,070

know this for a fact that where people

795

00:33:04,680 --> 00:33:02,650

see UFOs at night and they are lit up

796

00:33:07,230 --> 00:33:04,690

their lights on them the questions been

797

00:33:09,450 --> 00:33:07,240

asked a lot you know if you're an

798

00:33:11,430 --> 00:33:09,460

advanced extraterrestrial craft what do

799

00:33:16,230 --> 00:33:11,440

you need lights on your vehicle for and

800

00:33:19,110 --> 00:33:16,240

I would hypothesize shall we say that

801  
00:33:21,990 --> 00:33:19,120  
the reason is to be recognized the same

802  
00:33:24,090 --> 00:33:22,000  
sort of thing that is being mentioned in

803  
00:33:25,800 --> 00:33:24,100  
connection with the airports let me ask

804  
00:33:28,920 --> 00:33:25,810  
you this rich yes you've looked at a lot

805  
00:33:31,560 --> 00:33:28,930  
of cases over the years how often are

806  
00:33:32,940 --> 00:33:31,570  
they sightings at night with lights on

807  
00:33:36,450 --> 00:33:32,950  
them is this pretty this is pretty

808  
00:33:39,540 --> 00:33:36,460  
common I would have to assume so to the

809  
00:33:41,550 --> 00:33:39,550  
lights okay if you take a look at the

810  
00:33:42,960 --> 00:33:41,560  
early days of flying saucers and various

811  
00:33:46,230 --> 00:33:42,970  
other things you would basically say

812  
00:33:49,680 --> 00:33:46,240  
that you'd see that the object was lit

813  
00:33:51,060 --> 00:33:49,690

okay the object had possibly a field

814

00:33:52,530 --> 00:33:51,070

around it or you know if we're gonna

815

00:33:53,790 --> 00:33:52,540

speculate and that's some sort of like

816

00:33:55,770 --> 00:33:53,800

field around it and of course that's

817

00:33:57,930 --> 00:33:55,780

what we're saying even with a tic-tac or

818

00:34:00,690 --> 00:33:57,940

various other things and where that

819

00:34:03,570 --> 00:34:00,700

where that atmosphere is likely meeting

820

00:34:05,580 --> 00:34:03,580

our atmosphere I mean there whenever

821

00:34:07,830 --> 00:34:05,590

their shield or whatever you want to

822

00:34:11,850 --> 00:34:07,840

call it is as inter interacting with it

823

00:34:13,290 --> 00:34:11,860

it's creating it to become lit up much

824

00:34:15,030 --> 00:34:13,300

like the same thing you see with a

825

00:34:17,310 --> 00:34:15,040

meteor going through the gas I mean

826

00:34:20,220 --> 00:34:17,320

where a gas is ignited and a certain

827

00:34:22,020 --> 00:34:20,230

color that happens if you look at the

828

00:34:23,550 --> 00:34:22,030

gym the Campbell's work you find out

829

00:34:25,080 --> 00:34:23,560

that you know it's basically they'll go

830

00:34:27,090 --> 00:34:25,090

through even color changes even

831

00:34:29,040 --> 00:34:27,100

sometimes yeah yeah you can tell what

832

00:34:32,130 --> 00:34:29,050

the makeup of the meteorite is by the

833

00:34:34,399 --> 00:34:32,140

color and then then we get into the fact

834

00:34:36,720 --> 00:34:34,409

that that being

835

00:34:38,909 --> 00:34:36,730

you know if we take a look at it we

836

00:34:39,899 --> 00:34:38,919

eliminate probably the ones that are

837

00:34:42,470 --> 00:34:39,909

possibly

838

00:34:44,609 --> 00:34:42,480

aircraft or various other kinds of like

839

00:34:48,000 --> 00:34:44,619

things in the sky that we don't

840

00:34:50,250 --> 00:34:48,010

understand uh you don't see like

841

00:34:52,799 --> 00:34:50,260

rotating lights like the typical thing

842

00:34:55,230 --> 00:34:52,809

that you see on science fiction days you

843

00:34:56,789 --> 00:34:55,240

see maybe that there might be some

844

00:35:00,359 --> 00:34:56,799

lights on the triangles that we're

845

00:35:03,960 --> 00:35:00,369

starting to connect with uh and that's

846

00:35:05,880 --> 00:35:03,970

likely our craft as far as I'm concerned

847

00:35:09,089 --> 00:35:05,890

and the way I've been saying but anyway

848

00:35:10,859 --> 00:35:09,099

I don't really necessarily see these

849

00:35:14,579 --> 00:35:10,869

rotating lights like we see in science

850

00:35:19,349 --> 00:35:14,589

fiction things are or necessarily alien

851

00:35:21,210 --> 00:35:19,359

craft item or even that light I mean

852

00:35:23,130 --> 00:35:21,220

they don't need lights they don't need

853

00:35:25,349 --> 00:35:23,140

as you pointed out pick it out maneuver

854

00:35:27,359 --> 00:35:25,359

us and they don't need lights whatsoever

855

00:35:29,279 --> 00:35:27,369

right right right right then yeah they

856

00:35:30,480 --> 00:35:29,289

don't need them but there are cases

857

00:35:32,640 --> 00:35:30,490

where they do exist

858

00:35:34,950 --> 00:35:32,650

you're saying that you think well most

859

00:35:38,430 --> 00:35:34,960

UFO cases of course are iki

860

00:35:38,730 --> 00:35:38,440

but there's let me put it to you this

861

00:35:40,920 --> 00:35:38,740

way

862

00:35:45,089 --> 00:35:40,930

are there some good cases you are aware

863

00:35:47,010 --> 00:35:45,099

of that are light indeed why did UFOs at

864

00:35:49,740 --> 00:35:47,020

night that you think we can't explain

865

00:35:51,480 --> 00:35:49,750

this well I mean let's think the

866

00:35:53,160 --> 00:35:51,490

Bentwaters case the Bentwaters case at

867

00:35:55,559 --> 00:35:53,170

the bottom underneath it had some sort

868

00:35:58,260 --> 00:35:55,569

of a blue bluish kind of like light if

869

00:36:00,450 --> 00:35:58,270

you would okay well but then if you take

870

00:36:02,010 --> 00:36:00,460

a look at the Penniston statement about

871

00:36:03,809 --> 00:36:02,020

the ones and zeroes then you get to

872

00:36:05,819 --> 00:36:03,819

believe that it's a that it's us from

873

00:36:07,680 --> 00:36:05,829

the future so that would explain why

874

00:36:11,039 --> 00:36:07,690

that might have lights on it I guess or

875

00:36:14,609 --> 00:36:11,049

something than that but I then you take

876

00:36:16,950 --> 00:36:14,619

a look at other cases and going back to

877

00:36:19,289 --> 00:36:16,960

the sightings at night yeah generally

878

00:36:21,089 --> 00:36:19,299

it's easier for people to see a light on

879

00:36:23,190 --> 00:36:21,099

a dark background than it is for them to

880

00:36:26,220 --> 00:36:23,200

see a dark object on a light background

881

00:36:28,950 --> 00:36:26,230

and so we get more reports at night

882

00:36:30,839 --> 00:36:28,960

because basically people are also off of

883

00:36:33,269 --> 00:36:30,849

work and outdoors looking up in the sky

884

00:36:35,309 --> 00:36:33,279

or they see something readily because

885

00:36:38,970 --> 00:36:35,319

it's a light on a whatever you know and

886

00:36:41,190 --> 00:36:38,980

so we will get you know I would get

887

00:36:45,420 --> 00:36:41,200

those reports more frequently than we do

888

00:36:47,850 --> 00:36:45,430

on the daytime sightings if they're so I

889

00:36:52,440 --> 00:36:47,860

know if that helps or not but it

890

00:36:53,820 --> 00:36:52,450

I appreciate it I do what I just go

891

00:36:55,380 --> 00:36:53,830

ahead and if you don't mind finishing

892

00:36:57,780 --> 00:36:55,390

that rich and then I have a question for

893

00:37:00,990 --> 00:36:57,790

you no I was just to say that you know

894

00:37:02,760 --> 00:37:01,000

I'm I'm not saying all okay I'm trying

895

00:37:05,190 --> 00:37:02,770

to be very careful in saying that that

896

00:37:07,020 --> 00:37:05,200

there's a the Lord when we go through

897

00:37:08,700 --> 00:37:07,030

the cases when we actually read the case

898

00:37:11,100 --> 00:37:08,710

it's and we've investigated a lot over

899

00:37:12,600 --> 00:37:11,110

fifty five years I mean I've been out in

900

00:37:14,520 --> 00:37:12,610

fields and everything else looking at

901  
00:37:17,190 --> 00:37:14,530  
objects a lot of times the light that

902  
00:37:18,390 --> 00:37:17,200  
they say is the object it's glowing or

903  
00:37:21,450 --> 00:37:18,400  
there was some sort of a thing around

904  
00:37:23,220 --> 00:37:21,460  
that object that's glowing it's only

905  
00:37:24,780 --> 00:37:23,230  
recently that we're starting to get on

906  
00:37:26,640 --> 00:37:24,790  
these cases where you might like say

907  
00:37:28,980 --> 00:37:26,650  
that the triangular case is if you would

908  
00:37:29,790 --> 00:37:28,990  
have some sort of like three lights on

909  
00:37:31,260 --> 00:37:29,800  
them and then you have to question

910  
00:37:32,790 --> 00:37:31,270  
whether or not they're looking at three

911  
00:37:37,470 --> 00:37:32,800  
separate objects or whether they're

912  
00:37:41,070 --> 00:37:37,480  
looking at a solid object so the mind

913  
00:37:43,650 --> 00:37:41,080

and the human is very tries to interpret

914

00:37:45,930 --> 00:37:43,660

that in their brain and they don't

915

00:37:49,290 --> 00:37:45,940

necessarily always get it accurate

916

00:37:52,680 --> 00:37:49,300

either and the same goes with even

917

00:37:55,500 --> 00:37:52,690

abductees or claims of abduction where

918

00:37:57,600 --> 00:37:55,510

we we have people experiencers telling

919

00:37:59,220 --> 00:37:57,610

their story and they're doing it from

920

00:38:01,350 --> 00:37:59,230

the best of their ability and we know

921

00:38:04,680 --> 00:38:01,360

that the human mind is not that all

922

00:38:06,750 --> 00:38:04,690

accurate either at the same time we see

923

00:38:08,400 --> 00:38:06,760

that there is some sort of pattern

924

00:38:11,010 --> 00:38:08,410

because everybody seems to be in the

925

00:38:15,000 --> 00:38:11,020

abduction side telling almost very much

926

00:38:17,880 --> 00:38:15,010

a similar story so I'm not saying that

927

00:38:20,460 --> 00:38:17,890

there isn't something going on but I

928

00:38:23,850 --> 00:38:20,470

don't necessarily see yet the proven

929

00:38:26,520 --> 00:38:23,860

correlation between that and let's say

930

00:38:29,700 --> 00:38:26,530

the observations of little beings that

931

00:38:32,580 --> 00:38:29,710

scampered back on board their craft that

932

00:38:35,610 --> 00:38:32,590

didn't want to be seen throughout the

933

00:38:37,620 --> 00:38:35,620

UFO history there's a lot of those then

934

00:38:39,510 --> 00:38:37,630

there's a lot of contact these who

935

00:38:41,730 --> 00:38:39,520

people they believe that they saw

936

00:38:43,410 --> 00:38:41,740

somebody from the planet Venus you know

937

00:38:45,330 --> 00:38:43,420

and they talked with them and they went

938

00:38:46,950 --> 00:38:45,340

aboard and they took them aboard how do

939

00:38:49,290 --> 00:38:46,960

you how do you go ahead and figure that

940

00:38:51,780 --> 00:38:49,300

one out and understand it rationally and

941

00:38:53,640 --> 00:38:51,790

you can't so then you start to go it off

942

00:38:55,530 --> 00:38:53,650

and you start speculating about other

943

00:38:57,690 --> 00:38:55,540

things it's consciousness it's this or

944

00:39:00,180 --> 00:38:57,700

it's that but we don't have any proof we

945

00:39:01,849 --> 00:39:00,190

did we be proof and science works on the

946

00:39:06,210 --> 00:39:01,859

basis of give any evidence

947

00:39:07,890 --> 00:39:06,220

well done Frank I want to bring this up

948

00:39:09,690 --> 00:39:07,900

cuz I Frank still bring up very very

949

00:39:10,710 --> 00:39:09,700

good questions and hold on to that Frank

950

00:39:14,700 --> 00:39:10,720

because I know you have a good question

951  
00:39:17,130 --> 00:39:14,710  
ask rich I think the only thing I would

952  
00:39:20,010 --> 00:39:17,140  
like to bring to your attention is when

953  
00:39:22,890 --> 00:39:20,020  
you say we don't have any proof that

954  
00:39:24,930 --> 00:39:22,900  
each that I I don't know that they use

955  
00:39:27,450 --> 00:39:24,940  
that very much in science but whether

956  
00:39:30,420 --> 00:39:27,460  
they do or not I wanted to bring to your

957  
00:39:32,339 --> 00:39:30,430  
attention is it's important for us to

958  
00:39:35,190 --> 00:39:32,349  
speculate and ask questions because

959  
00:39:38,190 --> 00:39:35,200  
that's a basis a fundamental principle

960  
00:39:40,680 --> 00:39:38,200  
of science and there's no way to

961  
00:39:44,370 --> 00:39:40,690  
actually get anywhere in science unless

962  
00:39:48,080 --> 00:39:44,380  
we speculate and I use that term loosely

963  
00:39:50,970 --> 00:39:48,090

one example is Einstein he did thought

964

00:39:52,830 --> 00:39:50,980

exercises in his head to imagine and

965

00:39:55,260 --> 00:39:52,840

ruminate over things that could be

966

00:39:57,390 --> 00:39:55,270

possible now we wouldn't have the

967

00:40:00,690 --> 00:39:57,400

general theory of relativity without his

968

00:40:03,839 --> 00:40:00,700

having had the benefit of stepping

969

00:40:06,510 --> 00:40:03,849

outside the paradigm he was surrounded

970

00:40:10,109 --> 00:40:06,520

by and the culture he was surrounded by

971

00:40:12,480 --> 00:40:10,119

regarding science and society and then

972

00:40:16,200 --> 00:40:12,490

moving forward and courageous manner to

973

00:40:18,270 --> 00:40:16,210

ask questions then he wrote his his

974

00:40:20,790 --> 00:40:18,280

thesis regarding general theory of

975

00:40:23,490 --> 00:40:20,800

relativity and and then other important

976  
00:40:26,609 --> 00:40:23,500  
scientific papers now it's not just

977  
00:40:30,810 --> 00:40:26,619  
iodine it's really it's many other

978  
00:40:32,520 --> 00:40:30,820  
mental Giants both right now and in

979  
00:40:35,070 --> 00:40:32,530  
history that have gotten us to the point

980  
00:40:37,020 --> 00:40:35,080  
where we are regarding science so it's

981  
00:40:39,240 --> 00:40:37,030  
important for us to talk about things

982  
00:40:40,950 --> 00:40:39,250  
like this now with regards to the

983  
00:40:43,109 --> 00:40:40,960  
science of teleportation it's my

984  
00:40:45,329 --> 00:40:43,119  
understanding that there's a gentleman

985  
00:40:49,920 --> 00:40:45,339  
called let's see his name is Eric W

986  
00:40:53,579 --> 00:40:49,930  
Davis and and there was a study called

987  
00:40:55,800 --> 00:40:53,589  
the teleportation physics study approved

988  
00:40:58,290 --> 00:40:55,810

for public release by the Air Force

989

00:41:00,750 --> 00:40:58,300

Research Laboratory Air Force Materiel

990

00:41:02,640 --> 00:41:00,760

Command Air Force air force base I had

991

00:41:04,470 --> 00:41:02,650

that I'll send a link into the chat room

992

00:41:08,190 --> 00:41:04,480

in just a second this was a

993

00:41:09,480 --> 00:41:08,200

teleportation physics study the abstract

994

00:41:10,530 --> 00:41:09,490

says this study was tasked with the

995

00:41:12,630 --> 00:41:10,540

purpose of collecting information

996

00:41:14,640 --> 00:41:12,640

describing the teleportation of material

997

00:41:15,540 --> 00:41:14,650

objects providing a description of

998

00:41:17,700 --> 00:41:15,550

teleportation

999

00:41:20,070 --> 00:41:17,710

occurs in physics it's theoretical and

1000

00:41:22,410 --> 00:41:20,080

experimental status and a projection of

1001  
00:41:24,270 --> 00:41:22,420  
potential applications the study also

1002  
00:41:26,850 --> 00:41:24,280  
consisted of a search for teleportation

1003  
00:41:29,310 --> 00:41:26,860  
phenomena occurring naturally or under

1004  
00:41:31,170 --> 00:41:29,320  
lab conditions that can be assembled

1005  
00:41:33,300 --> 00:41:31,180  
into a model describing the conditions

1006  
00:41:35,490 --> 00:41:33,310  
required to accomplish the transfer of

1007  
00:41:37,950 --> 00:41:35,500  
objects I'm going to read just a little

1008  
00:41:39,690 --> 00:41:37,960  
bit more this included a review and

1009  
00:41:42,930 --> 00:41:39,700  
documentation of quantum teleportation

1010  
00:41:44,240 --> 00:41:42,940  
is theoretical basis technological

1011  
00:41:46,860 --> 00:41:44,250  
development and its potential

1012  
00:41:49,260 --> 00:41:46,870  
applications the characteristics of

1013  
00:41:51,450 --> 00:41:49,270

teleportation were defined and physical

1014

00:41:53,550 --> 00:41:51,460

theories were evaluated in terms of

1015

00:41:56,550 --> 00:41:53,560

their ability to completely describe the

1016

00:41:59,550 --> 00:41:56,560

phenomena contemporary physics as well

1017

00:42:01,380 --> 00:41:59,560

as theories and presently challenge the

1018

00:42:03,210 --> 00:42:01,390

current physics paradigm were

1019

00:42:05,160 --> 00:42:03,220

investigated something you and I are

1020

00:42:07,740 --> 00:42:05,170

talking about right now the author

1021

00:42:10,470 --> 00:42:07,750

identified and proposed to unic unique

1022

00:42:12,150 --> 00:42:10,480

physics models for teleportation that

1023

00:42:14,340 --> 00:42:12,160

are based on the manipulation of either

1024

00:42:17,250 --> 00:42:14,350

the general relative lists general

1025

00:42:19,920 --> 00:42:17,260

relativistic space-time metric or the

1026  
00:42:22,820 --> 00:42:19,930  
spacetime vacuum electromagnetic zero

1027  
00:42:24,330 --> 00:42:22,830  
point fluctuations parameters

1028  
00:42:27,120 --> 00:42:24,340  
naturally-occurring

1029  
00:42:29,100 --> 00:42:27,130  
anomalous teleportation phenomena that

1030  
00:42:31,440 --> 00:42:29,110  
were previously studied by the United

1031  
00:42:33,870 --> 00:42:31,450  
States and foreign governments were also

1032  
00:42:36,420 --> 00:42:33,880  
documented in the study and are reviewed

1033  
00:42:38,250 --> 00:42:36,430  
in the report the author proposes an

1034  
00:42:40,590 --> 00:42:38,260  
additional model for the teleportation

1035  
00:42:42,780 --> 00:42:40,600  
that is based on a combination of the

1036  
00:42:50,880 --> 00:42:42,790  
experimental results from the previous

1037  
00:42:52,050 --> 00:42:50,890  
government studies and advance your

1038  
00:42:54,750 --> 00:42:52,060

breaking up Oh

1039

00:42:57,450 --> 00:42:54,760

numerous recommendations can you hear me

1040

00:42:59,610 --> 00:42:57,460

now yeah yes ok numerous recommendations

1041

00:43:01,950 --> 00:42:59,620

outlining proposals for further

1042

00:43:04,650 --> 00:43:01,960

theoretical and experimental studies are

1043

00:43:06,450 --> 00:43:04,660

given in the report the report also

1044

00:43:08,880 --> 00:43:06,460

includes an extensive teleportation

1045

00:43:11,490 --> 00:43:08,890

bibliography it sounds like they're

1046

00:43:14,910 --> 00:43:11,500

using science to study teleportation

1047

00:43:16,860 --> 00:43:14,920

their grant and rich what are your

1048

00:43:18,960 --> 00:43:16,870

comments on that either one of you if

1049

00:43:21,450 --> 00:43:18,970

you don't mind jumping in and before you

1050

00:43:22,800 --> 00:43:21,460

do I would like to say that according to

1051

00:43:26,070 --> 00:43:22,810

the research I've done

1052

00:43:28,080 --> 00:43:26,080

teleportation relies on the study of it

1053

00:43:29,750 --> 00:43:28,090

relies on the uncertainty principle and

1054

00:43:33,480 --> 00:43:29,760

quantum and

1055

00:43:41,670 --> 00:43:33,490

entanglement phenomenon anybody want to

1056

00:43:43,500 --> 00:43:41,680

comment on that there is a scientific

1057

00:43:47,490 --> 00:43:43,510

study right there by the United States

1058

00:43:49,170 --> 00:43:47,500

military studying teleportation so

1059

00:43:55,020 --> 00:43:49,180

Edwards Air Force Base is where they

1060

00:43:57,329 --> 00:43:55,030

were doing the study yeah okay obviously

1061

00:43:59,910 --> 00:43:57,339

let's get down and we're gonna get into

1062

00:44:02,339 --> 00:43:59,920

quantum entanglement you know I mean we

1063

00:44:04,319 --> 00:44:02,349

don't understand the universe okay we

1064

00:44:06,510 --> 00:44:04,329

really don't I mean we don't understand

1065

00:44:09,480 --> 00:44:06,520

we're starting to understand more and

1066

00:44:11,849 --> 00:44:09,490

more about the quantum world but we we

1067

00:44:13,620 --> 00:44:11,859

have so much yet to learn and yeah at

1068

00:44:17,160 --> 00:44:13,630

the fact that you can have one particle

1069

00:44:17,819 --> 00:44:17,170

here and somewhere else is in the in the

1070

00:44:20,339 --> 00:44:17,829

universe

1071

00:44:22,589 --> 00:44:20,349

you you do a spin and that's been

1072

00:44:24,329 --> 00:44:22,599

changes and alters instantaneous tell

1073

00:44:27,030 --> 00:44:24,339

you that there's something very

1074

00:44:29,099 --> 00:44:27,040

instantaneous going on but we don't

1075

00:44:31,559 --> 00:44:29,109

understand once there's something going

1076  
00:44:34,770 --> 00:44:31,569  
on there but we don't really understand

1077  
00:44:38,069 --> 00:44:34,780  
you know what that is and is that what

1078  
00:44:40,319 --> 00:44:38,079  
you'd call teleportation I don't know

1079  
00:44:43,200 --> 00:44:40,329  
that I would go there I think the

1080  
00:44:45,300 --> 00:44:43,210  
teleportation is definitely being a look

1081  
00:44:48,470 --> 00:44:45,310  
at it being explored by science they are

1082  
00:44:51,809 --> 00:44:48,480  
trying to move particles or quantum

1083  
00:44:53,940 --> 00:44:51,819  
level kind of particles around but

1084  
00:44:55,040 --> 00:44:53,950  
that's a holistically different thing

1085  
00:45:00,630 --> 00:44:55,050  
than me.take

1086  
00:45:08,630 --> 00:45:00,640  
in a chant and moving her from where

1087  
00:45:12,660 --> 00:45:08,640  
she's at right now and quantum particle

1088  
00:45:15,450 --> 00:45:12,670

body all rearranged then put back it's

1089

00:45:18,780 --> 00:45:15,460

going to take a helluva anyway that

1090

00:45:22,020 --> 00:45:18,790

being said that's I mean we just don't

1091

00:45:24,480 --> 00:45:22,030

know a lot I mean we're still thinking a

1092

00:45:26,790 --> 00:45:24,490

lot of our science and for the record

1093

00:45:32,970 --> 00:45:26,800

Qian is 2,000 miles away from me right

1094

00:45:35,550 --> 00:45:32,980

now and that's close enough okay so did

1095

00:45:37,380 --> 00:45:35,560

anybody have a personal teleportation

1096

00:45:39,210 --> 00:45:37,390

story think I heard that Jeff might is

1097

00:45:40,630 --> 00:45:39,220

that correct or is that about your did

1098

00:45:43,710 --> 00:45:40,640

your bird have one

1099

00:45:47,650 --> 00:45:43,720

[Laughter]

1100

00:45:49,810 --> 00:45:47,660

so no response objection I do know we

1101  
00:45:52,810 --> 00:45:49,820  
brought up Rendlesham before and John

1102  
00:45:54,910 --> 00:45:52,820  
burrows says he had one related to that

1103  
00:45:57,340 --> 00:45:54,920  
case so there's that uri geller

1104  
00:45:59,040 --> 00:45:57,350  
discussed his experience on our show

1105  
00:46:01,600 --> 00:45:59,050  
when he was with us about a month ago so

1106  
00:46:03,820 --> 00:46:01,610  
they do come up once in a while now and

1107  
00:46:04,440 --> 00:46:03,830  
again so don't want to throw that in

1108  
00:46:08,440 --> 00:46:04,450  
there

1109  
00:46:12,130 --> 00:46:08,450  
one might view some of the UFOs

1110  
00:46:15,450 --> 00:46:12,140  
themselves as teleported to may be from

1111  
00:46:17,950 --> 00:46:15,460  
other planets or someplace else is

1112  
00:46:20,010 --> 00:46:17,960  
something that's spying on us or

1113  
00:46:24,190 --> 00:46:20,020

teleported some way

1114

00:46:26,380 --> 00:46:24,200

good god and if you look at experiencers

1115

00:46:28,630 --> 00:46:26,390

they basically talk about this all the

1116

00:46:29,980 --> 00:46:28,640

time nobody remembers being taken on the

1117

00:46:31,510 --> 00:46:29,990

ship they just like they were talking

1118

00:46:33,850 --> 00:46:31,520

about going through walls through

1119

00:46:36,160 --> 00:46:33,860

windows part of the reason I was

1120

00:46:38,470 --> 00:46:36,170

following firmage was because there's

1121

00:46:40,750 --> 00:46:38,480

this rumored story that they were

1122

00:46:43,150 --> 00:46:40,760

working on portal technology we heard

1123

00:46:45,850 --> 00:46:43,160

about the portals stuff at skinwalker

1124

00:46:48,940 --> 00:46:45,860

ranch this idea that you can move from

1125

00:46:51,820 --> 00:46:48,950

one place to another instantaneously

1126

00:46:53,950 --> 00:46:51,830

seems to be being talked about by an

1127

00:46:55,690 --> 00:46:53,960

awful lot of people this is not some

1128

00:46:58,000 --> 00:46:55,700

sort of speculation people are reporting

1129

00:46:59,950 --> 00:46:58,010

this and I think that's where you go

1130

00:47:01,810 --> 00:46:59,960

because then you get into the the whole

1131

00:47:04,180 --> 00:47:01,820

idea that consciousness may be primary

1132

00:47:08,500 --> 00:47:04,190

and that the idea that you have physical

1133

00:47:12,040 --> 00:47:08,510

stuff is is an illusion that it's it's

1134

00:47:13,960 --> 00:47:12,050

much more basic and I can just give you

1135

00:47:17,050 --> 00:47:13,970

the one example of Chris Bledsoe talking

1136

00:47:19,330 --> 00:47:17,060

to me I've got 50 people who have flown

1137

00:47:21,340 --> 00:47:19,340

the ship and every single one it's like

1138

00:47:23,140 --> 00:47:21,350

a cue card you just say to them how do

1139

00:47:25,180 --> 00:47:23,150

you fly ship and they all say you do

1140

00:47:27,430 --> 00:47:25,190

with your mind and Chris Bledsoe told me

1141

00:47:29,470 --> 00:47:27,440

I said okay explain it he went step by

1142

00:47:31,480 --> 00:47:29,480

step exactly how it worked and he told

1143

00:47:33,220 --> 00:47:31,490

me he said the way it works is you look

1144

00:47:35,830 --> 00:47:33,230

out look out the front window of the

1145

00:47:37,180 --> 00:47:35,840

craft and you see a cloud you just say

1146

00:47:38,260 --> 00:47:37,190

I'd like to go to the cloud and suddenly

1147

00:47:41,430 --> 00:47:38,270

the cloud is right there

1148

00:47:43,630 --> 00:47:41,440

and I've heard this numerous times where

1149

00:47:45,940 --> 00:47:43,640

the idea that you're going to move from

1150

00:47:47,890 --> 00:47:45,950

place to place is almost instantaneous

1151  
00:47:50,560 --> 00:47:47,900  
and that's why I'm so interested in the

1152  
00:47:52,420 --> 00:47:50,570  
whole idea of the portal thing when you

1153  
00:47:55,390 --> 00:47:52,430  
get people talking about this type of

1154  
00:47:57,010 --> 00:47:55,400  
stuff that are we have a living

1155  
00:48:00,280 --> 00:47:57,020  
sort of an illusionary world where you

1156  
00:48:02,230 --> 00:48:00,290  
we think that there we're flying we're

1157  
00:48:03,520 --> 00:48:02,240  
flying across these guys have got big

1158  
00:48:05,230 --> 00:48:03,530  
huge ships and they're flying across

1159  
00:48:07,210 --> 00:48:05,240  
time and space I can almost guarantee

1160  
00:48:09,700 --> 00:48:07,220  
you if this is for real they are popping

1161  
00:48:12,640 --> 00:48:09,710  
in and popping out there they are not

1162  
00:48:14,230 --> 00:48:12,650  
flying across the universe you would the

1163  
00:48:16,420 --> 00:48:14,240

ship do you would need huge amounts of

1164

00:48:18,670 --> 00:48:16,430

food and when you start looking out the

1165

00:48:20,590 --> 00:48:18,680

beings and you start seeing the

1166

00:48:22,300 --> 00:48:20,600

description that they come out of balls

1167

00:48:24,280 --> 00:48:22,310

of light and turn into aliens or they go

1168

00:48:26,320 --> 00:48:24,290

from aliens into balls of light then you

1169

00:48:28,000 --> 00:48:26,330

start looking at it you're saying this

1170

00:48:29,650 --> 00:48:28,010

whole idea that a lot of quantum

1171

00:48:31,840 --> 00:48:29,660

physicists that when they first started

1172

00:48:33,910 --> 00:48:31,850

says consciousness is primary you cannot

1173

00:48:35,170 --> 00:48:33,920

get behind consciousness that is where I

1174

00:48:37,630 --> 00:48:35,180

think you got to go I think you got to

1175

00:48:39,760 --> 00:48:37,640

drop this physical notion of the

1176

00:48:42,010 --> 00:48:39,770

universe and realize it may be a little

1177

00:48:44,050 --> 00:48:42,020

more complex than little nuts and bolts

1178

00:48:47,800 --> 00:48:44,060

that makes up a random universe

1179

00:48:51,970 --> 00:48:47,810

great if it's simpler than that they've

1180

00:48:54,160 --> 00:48:51,980

got a local base but they still have to

1181

00:48:56,500 --> 00:48:54,170

get here at some point understood

1182

00:48:58,060 --> 00:48:56,510

understood and and we have United space

1183

00:48:59,320 --> 00:48:58,070

program can't even get to the you got to

1184

00:49:01,000 --> 00:48:59,330

use the Russians to get to the space

1185

00:49:03,430 --> 00:49:01,010

station

1186

00:49:05,380 --> 00:49:03,440

I mean we're got a long way away and and

1187

00:49:07,330 --> 00:49:05,390

the idea that you're gonna spend you

1188

00:49:10,690 --> 00:49:07,340

know many light-years going to another

1189

00:49:12,900 --> 00:49:10,700

star system it's almost more conceivable

1190

00:49:16,750 --> 00:49:12,910

that they have found some way to bypass

1191

00:49:18,670 --> 00:49:16,760

through you know warping space-time or

1192

00:49:19,480 --> 00:49:18,680

whatever visible wormhole something

1193

00:49:21,190 --> 00:49:19,490

along those lines

1194

00:49:25,510 --> 00:49:21,200

whatever that it's going to be much more

1195

00:49:27,880 --> 00:49:25,520

calm if I can almost bet my my farm that

1196

00:49:29,890 --> 00:49:27,890

I don't have that they ain't flying here

1197

00:49:34,000 --> 00:49:29,900

in big spaceships they've got some other

1198

00:49:35,380 --> 00:49:34,010

way to get here is a hot topic go ahead

1199

00:49:39,310 --> 00:49:35,390

rich you were gonna say something I

1200

00:49:40,960 --> 00:49:39,320

think I heard you please talk in our

1201  
00:49:42,820 --> 00:49:40,970  
conference about this with interstellar

1202  
00:49:45,390 --> 00:49:42,830  
travel and basically the concept there

1203  
00:49:47,950 --> 00:49:45,400  
would be that if you add a group of

1204  
00:49:51,310 --> 00:49:47,960  
people that are equally in race if you

1205  
00:49:53,950 --> 00:49:51,320  
would you would basically be in the

1206  
00:49:56,140 --> 00:49:53,960  
concept of we're like nomadic if you

1207  
00:49:58,450 --> 00:49:56,150  
would you'd be traveling in large groups

1208  
00:50:00,820 --> 00:49:58,460  
to a given location and then you would

1209  
00:50:02,710 --> 00:50:00,830  
settle at that location and then you

1210  
00:50:06,400 --> 00:50:02,720  
would move from that location off into

1211  
00:50:08,380 --> 00:50:06,410  
other areas and you can move and do with

1212  
00:50:11,170 --> 00:50:08,390  
the interstellar travel

1213  
00:50:13,900 --> 00:50:11,180

we basically had dr. Kevin Knuth who was

1214

00:50:17,799 --> 00:50:13,910

talking about this and his presentation

1215

00:50:20,289 --> 00:50:17,809

where by you could probably get if

1216

00:50:22,900 --> 00:50:20,299

you're traveling near like speech you

1217

00:50:24,789 --> 00:50:22,910

could conceivably be over on the other

1218

00:50:28,509 --> 00:50:24,799

side of the universe and a very short

1219

00:50:31,299 --> 00:50:28,519

order but again you'd want to travel in

1220

00:50:33,549 --> 00:50:31,309

nomadic groups and settle well if you

1221

00:50:36,039 --> 00:50:33,559

look at the UFO history if you want to

1222

00:50:39,190 --> 00:50:36,049

look at you know what has been written

1223

00:50:42,099 --> 00:50:39,200

from and studied by like wonders in the

1224

00:50:44,200 --> 00:50:42,109

skies at Java lay and Kris Kobach did I

1225

00:50:47,109 --> 00:50:44,210

mean you find out that they've been here

1226

00:50:49,930 --> 00:50:47,119

for a very very long time if you know

1227

00:50:52,029 --> 00:50:49,940

it's in written records so it's very

1228

00:50:54,489 --> 00:50:52,039

conceivable that they would they've been

1229

00:50:56,999 --> 00:50:54,499

here all along and they don't have to

1230

00:51:00,099 --> 00:50:57,009

make these routine trips back and forth

1231

00:51:02,140 --> 00:51:00,109

and in fact it would just be logical you

1232

00:51:03,970 --> 00:51:02,150

settle underneath the water I mean if

1233

00:51:08,859 --> 00:51:03,980

you want to get into speculating it

1234

00:51:10,839 --> 00:51:08,869

would seem yeah we seem to be having a

1235

00:51:12,549 --> 00:51:10,849

lot of objects coming in and out of

1236

00:51:14,319 --> 00:51:12,559

water that's been reported quite

1237

00:51:16,809 --> 00:51:14,329

frequently we have the Navy encounters

1238

00:51:19,989 --> 00:51:16,819

that are going on of course but I mean

1239

00:51:22,930 --> 00:51:19,999

that's one of those other large patterns

1240

00:51:26,470 --> 00:51:22,940

you see in UFO reports is that there's a

1241

00:51:28,509 --> 00:51:26,480

water somewhat connected to it and uh so

1242

00:51:30,970 --> 00:51:28,519

I mean they don't have to be coming from

1243

00:51:32,769 --> 00:51:30,980

outer space they can be here and it

1244

00:51:36,519 --> 00:51:32,779

could have been here all along in fact

1245

00:51:38,859 --> 00:51:36,529

you know one argues that in 1945 and 46

1246

00:51:41,289 --> 00:51:38,869

we'll we're starting to detonate nukes

1247

00:51:43,150 --> 00:51:41,299

why wouldn't they start being a little

1248

00:51:45,039 --> 00:51:43,160

bit concerned and popping up and wanting

1249

00:51:46,630 --> 00:51:45,049

to stop us and then why the focus on the

1250

00:51:49,690 --> 00:51:46,640

nukes well maybe that's wanting to stop

1251  
00:51:52,299 --> 00:51:49,700  
I'm into silos and send a message so

1252  
00:51:54,430 --> 00:51:52,309  
there you go there's your message and

1253  
00:51:55,960 --> 00:51:54,440  
let me speculate a little bit and it

1254  
00:51:57,579 --> 00:51:55,970  
could be that or it could be they like

1255  
00:52:00,579 --> 00:51:57,589  
playing chase games with advanced

1256  
00:52:02,380 --> 00:52:00,589  
military aircraft and when you go to

1257  
00:52:05,680 --> 00:52:02,390  
look for a pickup basketball game you

1258  
00:52:07,900 --> 00:52:05,690  
don't hang around the pond you hang

1259  
00:52:10,420 --> 00:52:07,910  
around some place where an advanced

1260  
00:52:13,359 --> 00:52:10,430  
military aircraft is likely to play that

1261  
00:52:15,130 --> 00:52:13,369  
taste game with you yeah I think that

1262  
00:52:17,559 --> 00:52:15,140  
they've had a chance to give a lot of

1263  
00:52:19,390 --> 00:52:17,569

messages and it's interesting that you

1264

00:52:21,160 --> 00:52:19,400

know if you want to give us a message or

1265

00:52:22,180 --> 00:52:21,170

something of that nature just hand it to

1266

00:52:23,890 --> 00:52:22,190

an abductee

1267

00:52:25,420 --> 00:52:23,900

you got and have them go back but

1268

00:52:26,950 --> 00:52:25,430

instead of taking their books away like

1269

00:52:29,110 --> 00:52:26,960

they did with Betty and Barney Hill and

1270

00:52:30,910 --> 00:52:29,120

or Betty Hill when she was wanting to

1271

00:52:33,130 --> 00:52:30,920

take the book with her you know I mean

1272

00:52:33,910 --> 00:52:33,140

give us a message and make it very very

1273

00:52:36,970 --> 00:52:33,920

clear

1274

00:52:39,520 --> 00:52:36,980

I mean why why not that's American

1275

00:52:40,900 --> 00:52:39,530

concept though we go to Iraq we go to

1276

00:52:43,150 --> 00:52:40,910

Iraq to bring him freedom democracy

1277

00:52:45,190 --> 00:52:43,160

Jesus McDonald's they're not here to do

1278

00:52:46,510 --> 00:52:45,200

our homework for us it's it's an

1279

00:52:47,950 --> 00:52:46,520

indirect thing the same way the

1280

00:52:49,930 --> 00:52:47,960

government is doing the disclosure thing

1281

00:52:52,420 --> 00:52:49,940

it's an indirect thing where you they

1282

00:52:54,700 --> 00:52:52,430

make you figure it out it's not that

1283

00:52:57,550 --> 00:52:54,710

they're gonna come here and hand us the

1284

00:52:59,470 --> 00:52:57,560

free energy toys that we're gonna you

1285

00:52:59,920 --> 00:52:59,480

know speed up the destruction of the

1286

00:53:01,450 --> 00:52:59,930

planet

1287

00:53:03,010 --> 00:53:01,460

it's basically that's why I say it's

1288

00:53:04,870 --> 00:53:03,020

messaging but it's non interference

1289

00:53:06,670 --> 00:53:04,880

where they're they're basically sending

1290

00:53:08,200 --> 00:53:06,680

these indirect messages they're never

1291

00:53:09,430 --> 00:53:08,210

going to land and I don't think the

1292

00:53:12,760 --> 00:53:09,440

government is ever going to fully

1293

00:53:14,260 --> 00:53:12,770

disclose it's this indirect thing with

1294

00:53:16,810 --> 00:53:14,270

the breadcrumbs it's always been that

1295

00:53:20,050 --> 00:53:16,820

way and it's from the bottom up it's not

1296

00:53:21,340 --> 00:53:20,060

from the top down well we have landings

1297

00:53:21,640 --> 00:53:21,350

whether we want to say that we have it

1298

00:53:23,260 --> 00:53:21,650

or not

1299

00:53:24,970 --> 00:53:23,270

I mean there are cases where there are

1300

00:53:27,550 --> 00:53:24,980

landing so I just say that they don't

1301  
00:53:29,290 --> 00:53:27,560  
land is not accurate in terms of reports

1302  
00:53:30,910 --> 00:53:29,300  
but but they don't they don't stay on

1303  
00:53:32,920 --> 00:53:30,920  
the ground they just stay long enough

1304  
00:53:34,870 --> 00:53:32,930  
and when Betty we asked for the book

1305  
00:53:36,400 --> 00:53:34,880  
they don't give you the book they don't

1306  
00:53:37,690 --> 00:53:36,410  
allow you to grab anything and take it

1307  
00:53:39,370 --> 00:53:37,700  
out of there they don't allow you any

1308  
00:53:41,200 --> 00:53:39,380  
evidence that's what they want they want

1309  
00:53:42,190 --> 00:53:41,210  
this sort of questionable thing where

1310  
00:53:44,590 --> 00:53:42,200  
everybody's trying to figure out what's

1311  
00:53:45,730 --> 00:53:44,600  
going on if they want us to land on the

1312  
00:53:47,110 --> 00:53:45,740  
White House lawn and give us the answers

1313  
00:53:48,790 --> 00:53:47,120

they could do it they're not doing it

1314

00:53:50,170 --> 00:53:48,800

they are covering up the same as the

1315

00:53:53,050 --> 00:53:50,180

government is covering up for our

1316

00:53:56,050 --> 00:53:53,060

particular Reese reason I don't know how

1317

00:53:57,790 --> 00:53:56,060

you would know what they're doing anyway

1318

00:53:59,770 --> 00:53:57,800

I mean it's like why are they covering

1319

00:54:01,300 --> 00:53:59,780

it up what's the purpose of that well

1320

00:54:02,800 --> 00:54:01,310

that's speculation who knows whether why

1321

00:54:04,150 --> 00:54:02,810

they're covering it up oh that's right

1322

00:54:05,950 --> 00:54:04,160

that's that they're covering it up they

1323

00:54:07,870 --> 00:54:05,960

could land on the White House lawn they

1324

00:54:11,110 --> 00:54:07,880

have not landed on the White House lawn

1325

00:54:13,360 --> 00:54:11,120

that is as obvious as can be because

1326

00:54:15,880 --> 00:54:13,370

saying that it's covered up is just as

1327

00:54:17,830 --> 00:54:15,890

equally speculating and making some sort

1328

00:54:19,840 --> 00:54:17,840

of crazy inferences as far as I'm

1329

00:54:21,160 --> 00:54:19,850

concerned why would I why would I say

1330

00:54:22,630 --> 00:54:21,170

that there how would I know that they're

1331

00:54:24,250 --> 00:54:22,640

covering it up because they're not

1332

00:54:26,950 --> 00:54:24,260

staying on the White House lawn if they

1333

00:54:27,910 --> 00:54:26,960

wanted to disclose what they were doing

1334

00:54:30,220 --> 00:54:27,920

they would land on the White House lawn

1335

00:54:32,230 --> 00:54:30,230

they have not done that I'm well aware

1336

00:54:35,170 --> 00:54:32,240

that they haven't done that my point is

1337

00:54:35,710 --> 00:54:35,180

that they they've allegedly been around

1338

00:54:38,380 --> 00:54:35,720

the plan

1339

00:54:40,359 --> 00:54:38,390

on every aspect of this continent if

1340

00:54:42,580 --> 00:54:40,369

they obviously they don't want to like

1341

00:54:44,109 --> 00:54:42,590

say why they're here but they give us

1342

00:54:46,720 --> 00:54:44,119

little clues yes

1343

00:54:49,510 --> 00:54:46,730

nuclear silos and various other kinds of

1344

00:54:52,230 --> 00:54:49,520

messages I I don't disagree with that I

1345

00:54:55,839 --> 00:54:52,240

just say that it's it's like these

1346

00:54:58,150 --> 00:54:55,849

messages are so innocuous and we're just

1347

00:55:00,099 --> 00:54:58,160

trying to interpret them and we're using

1348

00:55:01,930 --> 00:55:00,109

our own it's like me understanding what

1349

00:55:05,140 --> 00:55:01,940

a dog thinks I mean how do I know what a

1350

00:55:06,849 --> 00:55:05,150

dog thinks maybe I can't even conceive

1351

00:55:08,440 --> 00:55:06,859

of that and then plus if I've got an

1352

00:55:10,420 --> 00:55:08,450

intellect and click travel from the

1353

00:55:11,890 --> 00:55:10,430

other side of the galaxy or whatever how

1354

00:55:14,859 --> 00:55:11,900

would I claim to even understand that

1355

00:55:17,080 --> 00:55:14,869

that alien intellect at all and yes it

1356

00:55:19,839 --> 00:55:17,090

would look like magic it would be

1357

00:55:21,580 --> 00:55:19,849

probably you know it would be something

1358

00:55:24,339 --> 00:55:21,590

that would be absolutely incredible

1359

00:55:27,430 --> 00:55:24,349

and that's we're finding out but I don't

1360

00:55:30,070 --> 00:55:27,440

see a piece of metal popping off of

1361

00:55:31,690 --> 00:55:30,080

something as being a message and that's

1362

00:55:33,010 --> 00:55:31,700

what I guess I'm trying to say well how

1363

00:55:34,599 --> 00:55:33,020

do you explain the metal in how do you

1364

00:55:36,490 --> 00:55:34,609

say there's no metal

1365

00:55:38,440 --> 00:55:36,500

I don't solution or how are you

1366

00:55:40,150 --> 00:55:38,450

explaining it I don't know how to

1367

00:55:42,130 --> 00:55:40,160

explain it in fact we don't know enough

1368

00:55:45,280 --> 00:55:42,140

about the craft themselves because we

1369

00:55:47,680 --> 00:55:45,290

keep focusing on every other thing

1370

00:55:50,440 --> 00:55:47,690

distracting away from what the actual

1371

00:55:52,599 --> 00:55:50,450

objects are and we get involved in all

1372

00:55:55,000 --> 00:55:52,609

these other dramas that go on in ufology

1373

00:55:56,770 --> 00:55:55,010

and we get we don't even focus on what's

1374

00:55:58,750 --> 00:55:56,780

what the objects are doing there are

1375

00:56:00,630 --> 00:55:58,760

dozens of pieces of metal how do you

1376

00:56:03,220 --> 00:56:00,640

explain all these pieces of metal I

1377

00:56:05,320 --> 00:56:03,230

don't know and I have it say that I

1378

00:56:06,730 --> 00:56:05,330

investigated the case and I haven't said

1379

00:56:08,530 --> 00:56:06,740

that you know that we have a test of the

1380

00:56:10,420 --> 00:56:08,540

metal and found that a lot of the metals

1381

00:56:12,520 --> 00:56:10,430

that I'm aware of that have been tested

1382

00:56:16,120 --> 00:56:12,530

have not been shown to be anything out

1383

00:56:17,740 --> 00:56:16,130

of a way of the earth I mean oh you

1384

00:56:20,290 --> 00:56:17,750

haven't investigated how would you know

1385

00:56:21,640 --> 00:56:20,300

that what I'm saying is that other

1386

00:56:23,980 --> 00:56:21,650

people have and I've read those

1387

00:56:26,890 --> 00:56:23,990

documents and I've read that kind of

1388

00:56:29,920 --> 00:56:26,900

literature and the valet one where he

1389

00:56:31,329 --> 00:56:29,930

says the the mess up in the isotopes why

1390

00:56:32,410 --> 00:56:31,339

would why would these where are the

1391

00:56:34,150 --> 00:56:32,420

medals coming from where are these

1392

00:56:36,070 --> 00:56:34,160

little pieces I have the one that I

1393

00:56:38,470 --> 00:56:36,080

found at the University of Arizona in

1394

00:56:41,890 --> 00:56:38,480

the McDonald collection that was taken

1395

00:56:42,640 --> 00:56:41,900

to NASA for analysis 1939 comes flying

1396

00:56:45,370 --> 00:56:42,650

out of the sky

1397

00:56:47,200 --> 00:56:45,380

it's like a spike that ends up in the in

1398

00:56:49,000 --> 00:56:47,210

the guy his garden he digs it out he

1399

00:56:49,510 --> 00:56:49,010

gives it to his daughter in 1967 she

1400

00:56:52,870 --> 00:56:49,520

takes

1401  
00:56:55,300 --> 00:56:52,880  
the lab into in Tucson Arizona it's 99%

1402  
00:56:56,800 --> 00:56:55,310  
metal it is totally nobody's ever come

1403  
00:56:58,720 --> 00:56:56,810  
to an explanation for that so I'm just

1404  
00:57:01,359 --> 00:56:58,730  
saying there's a lot of these materials

1405  
00:57:03,490 --> 00:57:01,369  
piles probably five dozen of these

1406  
00:57:06,010 --> 00:57:03,500  
things and I'm just saying where is all

1407  
00:57:07,330 --> 00:57:06,020  
this mail coming from okay well that's

1408  
00:57:09,310 --> 00:57:07,340  
that's what you're entitled to say that

1409  
00:57:10,840 --> 00:57:09,320  
I mean what watts or metal to that

1410  
00:57:12,940 --> 00:57:10,850  
fellow asked I and are called you know

1411  
00:57:15,640 --> 00:57:12,950  
asteroid meters and various other things

1412  
00:57:18,070 --> 00:57:15,650  
we didn't know what they were but we

1413  
00:57:19,359 --> 00:57:18,080

don't ascribe them to being alien we

1414

00:57:22,660 --> 00:57:19,369

don't need to scrap them to being even

1415

00:57:25,060 --> 00:57:22,670

connected to UFOs we see frogs falling

1416

00:57:26,370 --> 00:57:25,070

out of the sky I mean we steal all kinds

1417

00:57:29,080 --> 00:57:26,380

of things falling out of the sky

1418

00:57:30,910 --> 00:57:29,090

fish fall out of the sky do we want to

1419

00:57:33,040 --> 00:57:30,920

call those and connect them to UFOs

1420

00:57:37,420 --> 00:57:33,050

because do we see a fish falling out or

1421

00:57:38,740 --> 00:57:37,430

a toad no it's like I explained that if

1422

00:57:41,740 --> 00:57:38,750

a fish falls out of the sky what are you

1423

00:57:45,580 --> 00:57:41,750

gonna say it is well it means something

1424

00:57:46,810 --> 00:57:45,590

it means something is we haven't looked

1425

00:57:48,550 --> 00:57:46,820

at the fact that there might have been a

1426

00:57:50,830 --> 00:57:48,560

tornado or a waterspout over there

1427

00:57:52,420 --> 00:57:50,840

what's pinning them up and projecting

1428

00:57:54,970 --> 00:57:52,430

them across so and landing somewhere

1429

00:57:56,410 --> 00:57:54,980

somewhere else just like we don't look

1430

00:57:58,840 --> 00:57:56,420

at you know the fact that there might be

1431

00:58:01,240 --> 00:57:58,850

other kinds of explanations natural

1432

00:58:03,520 --> 00:58:01,250

explanations for a lot of things we jump

1433

00:58:05,620 --> 00:58:03,530

to the fact that it's alien very easily

1434

00:58:08,560 --> 00:58:05,630

because we hear a boom in the sky and

1435

00:58:10,840 --> 00:58:08,570

and and and we want to ascribe it to

1436

00:58:12,940 --> 00:58:10,850

something like a UFO and it's what I'm

1437

00:58:15,760 --> 00:58:12,950

seeing it's not a feeling I'm seeing a

1438

00:58:19,150 --> 00:58:15,770

port this type of stuff is across all

1439

00:58:21,310 --> 00:58:19,160

paradigms it's in mediumship it's in all

1440

00:58:23,380 --> 00:58:21,320

sorts of stuff it's not just UFO this is

1441

00:58:25,300 --> 00:58:23,390

very common in the world of the

1442

00:58:28,090 --> 00:58:25,310

paranormal if you take a look at Michael

1443

00:58:29,890 --> 00:58:28,100

Talbot who wrote the book the the the

1444

00:58:32,109 --> 00:58:29,900

holographic universe he talks about as a

1445

00:58:34,630 --> 00:58:32,119

child his father going up on the roof

1446

00:58:37,420 --> 00:58:34,640

and shoveling gravel off the roof this

1447

00:58:40,000 --> 00:58:37,430

stuff was happening with him and this is

1448

00:58:43,480 --> 00:58:40,010

not uncommon this is not just UFO it is

1449

00:58:45,220 --> 00:58:43,490

a characteristic of the paranormal

1450

00:58:47,349 --> 00:58:45,230

consciousness world where these

1451  
00:58:51,130 --> 00:58:47,359  
paranormal things happen and the ports

1452  
00:58:53,230 --> 00:58:51,140  
are almost in every case a part of this

1453  
00:58:54,730 --> 00:58:53,240  
phenomena it seems to be part of the

1454  
00:58:57,520 --> 00:58:54,740  
structure of the universe rather than

1455  
00:58:58,120 --> 00:58:57,530  
being an alien or a spirit or something

1456  
00:59:01,990 --> 00:58:58,130  
like that

1457  
00:59:03,069 --> 00:59:02,000  
a chat and frankly this is a Michael it

1458  
00:59:05,469 --> 00:59:03,079  
I think I have a

1459  
00:59:07,839 --> 00:59:05,479  
question that then I'd like to address

1460  
00:59:09,489 --> 00:59:07,849  
the grant if I could that we haven't

1461  
00:59:12,059 --> 00:59:09,499  
talked about regarding these the ports

1462  
00:59:14,650 --> 00:59:12,069  
and that's basically the experiencer

1463  
00:59:18,069 --> 00:59:14,660

themselves being involved in this whole

1464

00:59:19,539 --> 00:59:18,079

issue of you know of courts appearing at

1465

00:59:22,660 --> 00:59:19,549

a middle of nowhere and it kind of kicks

1466

00:59:24,400 --> 00:59:22,670

in I believe with you know the the kid

1467

00:59:27,130 --> 00:59:24,410

green experiments that they're doing

1468

00:59:30,339 --> 00:59:27,140

with brain scans of experiencers and I'm

1469

00:59:32,559 --> 00:59:30,349

wondering if grant can actually maybe

1470

00:59:35,999 --> 00:59:32,569

tie those two together the fact that

1471

00:59:42,039 --> 00:59:36,009

these experiencers might be pre supposed

1472

00:59:46,630 --> 00:59:44,289

yeah well that's that's what I'm finding

1473

00:59:48,279 --> 00:59:46,640

like now because I've never really asked

1474

00:59:50,709 --> 00:59:48,289

experiences about this now I'm starting

1475

00:59:52,569 --> 00:59:50,719

to ask and almost every single time they

1476

00:59:54,009 --> 00:59:52,579

talk about this kind of stuff so the

1477

00:59:55,479 --> 00:59:54,019

experience is it depends what your

1478

00:59:57,219 --> 00:59:55,489

worldview is I mean if you have a

1479

00:59:59,109 --> 00:59:57,229

worldview that it's random meaningless

1480

01:00:00,969 --> 00:59:59,119

universe well then really nothing means

1481

01:00:02,680 --> 01:00:00,979

anything but if you get into the idea

1482

01:00:04,390 --> 01:00:02,690

that it may be a reincarnation world

1483

01:00:05,709 --> 01:00:04,400

that we live more than once well then

1484

01:00:07,150 --> 01:00:05,719

you start looking at people like the

1485

01:00:08,799 --> 01:00:07,160

Moody Blues who said that they remember

1486

01:00:12,670 --> 01:00:08,809

before they were born that they're going

1487

01:00:15,059 --> 01:00:12,680

to be musicians and and that a lot of

1488

01:00:17,259 --> 01:00:15,069

people who have pre-light pre birth

1489

01:00:18,699 --> 01:00:17,269

experiences where they they believe that

1490

01:00:22,749 --> 01:00:18,709

they remember before they were born

1491

01:00:24,189 --> 01:00:22,759

and it gets to be a world where it's

1492

01:00:26,289 --> 01:00:24,199

much more complex than we think it is

1493

01:00:28,239 --> 01:00:26,299

same as the abduction phenomena is it a

1494

01:00:29,769 --> 01:00:28,249

random phenomena are people is the soul

1495

01:00:32,259 --> 01:00:29,779

contract are people agreeing to this

1496

01:00:35,589 --> 01:00:32,269

kind of stuff and the aport phenomena is

1497

01:00:37,359 --> 01:00:35,599

is just a part of a lot of experiences

1498

01:00:38,709 --> 01:00:37,369

lives when you start asking chris

1499

01:00:40,599 --> 01:00:38,719

Bledsoe is probably the most famous one

1500

01:00:42,069 --> 01:00:40,609

I mean and I didn't even remember until

1501

01:00:43,900 --> 01:00:42,079

I saw these reports and I remember Chris

1502

01:00:45,849 --> 01:00:43,910

given me this marble and yeah I was

1503

01:00:48,069 --> 01:00:45,859

there in 2013 when this bizarre

1504

01:00:49,449 --> 01:00:48,079

experience happen with the dog and I

1505

01:00:50,920 --> 01:00:49,459

remember him showing me these marbles

1506

01:00:52,299 --> 01:00:50,930

he's look I'm finding these marbles all

1507

01:00:53,829 --> 01:00:52,309

over the place these and there were

1508

01:00:55,930 --> 01:00:53,839

different sizes and stuff and he gave me

1509

01:00:58,029 --> 01:00:55,940

a marble in 2013 it wasn't until after

1510

01:01:00,069 --> 01:00:58,039

there's a fourth stuff started I go oh

1511

01:01:02,349 --> 01:01:00,079

Chris gave me one of these things it's

1512

01:01:04,569 --> 01:01:02,359

the same story it's like it's all over

1513

01:01:07,420 --> 01:01:04,579

the place it is just so common I cannot

1514

01:01:10,479 --> 01:01:07,430

believe having not asked this question

1515

01:01:14,289 --> 01:01:10,489

to experiencers how common is experience

1516

01:01:15,640 --> 01:01:14,299

of stuff moving around of you know the

1517

01:01:16,990 --> 01:01:15,650

feather is the thing that we had it

1518

01:01:19,600 --> 01:01:17,000

wasn't even metal it was these

1519

01:01:22,180 --> 01:01:19,610

bizarre feather experiences where it was

1520

01:01:25,960 --> 01:01:22,190

documented where we had like a dozen

1521

01:01:28,420 --> 01:01:25,970

witnesses and a dozen events and and you

1522

01:01:30,070 --> 01:01:28,430

see all this stuff tying together and I

1523

01:01:31,750 --> 01:01:30,080

would say that the world is gonna be a

1524

01:01:33,460 --> 01:01:31,760

lot less random than people think it is

1525

01:01:35,470 --> 01:01:33,470

people think it's just everything is

1526  
01:01:36,880 --> 01:01:35,480  
happening accidental we're like a cork

1527  
01:01:40,000 --> 01:01:36,890  
that's going down a stream and being

1528  
01:01:41,380 --> 01:01:40,010  
influenced by stuff and I would say when

1529  
01:01:43,180 --> 01:01:41,390  
it comes down to it we're gonna be a lot

1530  
01:01:45,520 --> 01:01:43,190  
more in control of what's going around

1531  
01:01:48,130 --> 01:01:45,530  
us then we actually think that our mind

1532  
01:01:49,450 --> 01:01:48,140  
is controlling even the beings if you

1533  
01:01:52,060 --> 01:01:49,460  
take a look at the beings there are not

1534  
01:01:54,160 --> 01:01:52,070  
like three different types of beings

1535  
01:01:55,780 --> 01:01:54,170  
yeah when I look at grace people start

1536  
01:01:58,030 --> 01:01:55,790  
describing greys and then I get to I say

1537  
01:01:59,470 --> 01:01:58,040  
excrete describe exactly what the gray

1538  
01:02:01,390 --> 01:01:59,480

looked like you start realizing that

1539

01:02:03,010 --> 01:02:01,400

every single gray is different people

1540

01:02:05,560 --> 01:02:03,020

are describing different beings they

1541

01:02:07,960 --> 01:02:05,570

it's almost like people like snowflakes

1542

01:02:09,760 --> 01:02:07,970

like these sort of things that pattern

1543

01:02:12,250 --> 01:02:09,770

into the universe that no two aliens are

1544

01:02:14,260 --> 01:02:12,260

the same and that people are the last

1545

01:02:16,150 --> 01:02:14,270

guy this is what I'm gonna put on the

1546

01:02:19,330 --> 01:02:16,160

YouTube is going up shortly this guy

1547

01:02:22,870 --> 01:02:19,340

from from Israel and he talks about the

1548

01:02:24,700 --> 01:02:22,880

fact that we and we actually are a big

1549

01:02:26,800 --> 01:02:24,710

part of what type of ailing that we see

1550

01:02:28,330 --> 01:02:26,810

and so you get into this this sort of

1551

01:02:32,940 --> 01:02:28,340

idea that that's what the aliens told

1552

01:02:36,460 --> 01:02:32,950

him or we you get a lot of people I'm

1553

01:02:38,410 --> 01:02:36,470

surely wild is one who had this being da

1554

01:02:41,170 --> 01:02:38,420

she said to da are you actually an alien

1555

01:02:42,790 --> 01:02:41,180

and he said no I'm not and and you get

1556

01:02:44,980 --> 01:02:42,800

people will ask these questions and you

1557

01:02:47,800 --> 01:02:44,990

start realizing that this is just

1558

01:02:50,200 --> 01:02:47,810

projections it's the old idea about if a

1559

01:02:52,480 --> 01:02:50,210

if a alien turns into a ball of light

1560

01:02:54,250 --> 01:02:52,490

and then disappears or if it comes out

1561

01:02:55,870 --> 01:02:54,260

of a ball of light is that an alien

1562

01:02:57,400 --> 01:02:55,880

turns it a ball of light and it if it's

1563

01:02:59,170 --> 01:02:57,410

a ball of light does it eat bacon eggs

1564

01:03:00,730 --> 01:02:59,180

toast and coffee in the morning the more

1565

01:03:04,650 --> 01:03:00,740

you look at the phenomena the less

1566

01:03:08,740 --> 01:03:04,660

physical of phenomena starts to look

1567

01:03:12,790 --> 01:03:08,750

this is all so you know I find it

1568

01:03:15,130 --> 01:03:12,800

strange that every single suppose an ET

1569

01:03:18,010 --> 01:03:15,140

encounter that people have that they're

1570

01:03:20,590 --> 01:03:18,020

always bipedal with a head two arms two

1571

01:03:24,910 --> 01:03:20,600

legs and and sometimes I think that

1572

01:03:27,850 --> 01:03:24,920

perhaps this is that they appear this

1573

01:03:30,800 --> 01:03:27,860

way in order to comfort us or to make it

1574

01:03:34,220 --> 01:03:30,810

so that there's not quite as much

1575

01:03:38,570 --> 01:03:34,230

Shaak involved when when we meet one of

1576

01:03:40,340 --> 01:03:38,580

these beers I think that you know who

1577

01:03:42,740 --> 01:03:40,350

knows what they actually look like I

1578

01:03:46,520 --> 01:03:42,750

wonder if anybody's ever actually seen

1579

01:03:49,490 --> 01:03:46,530

what our visitors actually look like or

1580

01:03:53,050 --> 01:03:49,500

whether you even could we may be talking

1581

01:03:54,350 --> 01:03:53,060

energy beings for talking balls of light

1582

01:03:57,170 --> 01:03:54,360

you know

1583

01:03:59,480 --> 01:03:57,180

that's it's kind of like obi-wan Kenobi

1584

01:04:05,660 --> 01:03:59,490

showing up you know and Star Wars after

1585

01:04:08,990 --> 01:04:05,670

after he was you know dad it's a ball of

1586

01:04:11,720 --> 01:04:09,000

light you know it's it's more in tune

1587

01:04:14,240 --> 01:04:11,730

with a spirit being or something and so

1588

01:04:16,880 --> 01:04:14,250

I wonder you know if anybody's actually

1589

01:04:19,550 --> 01:04:16,890

ever seen what would our visitors

1590

01:04:21,470 --> 01:04:19,560

actually look like yeah a lot of them go

1591

01:04:23,780 --> 01:04:21,480

back to this ball of light thing but if

1592

01:04:25,400 --> 01:04:23,790

that's one of the reasons why the modern

1593

01:04:26,990 --> 01:04:25,410

science has had such a hard time with

1594

01:04:30,320 --> 01:04:27,000

the alien thing is because we believe

1595

01:04:31,730 --> 01:04:30,330

it's a random random universe where

1596

01:04:33,080 --> 01:04:31,740

everything happens by accident and then

1597

01:04:35,750 --> 01:04:33,090

you say well how could you possibly have

1598

01:04:38,780 --> 01:04:35,760

all these you know rolling 12 billion

1599

01:04:40,730 --> 01:04:38,790

double sixes in a row to create a human

1600

01:04:42,620 --> 01:04:40,740

being and they say well it happened once

1601  
01:04:44,150 --> 01:04:42,630  
get used to it but then if somebody says

1602  
01:04:46,280 --> 01:04:44,160  
oh so there's another one that looks

1603  
01:04:47,750 --> 01:04:46,290  
exactly like us you say well no it's

1604  
01:04:49,910 --> 01:04:47,760  
random you couldn't possibly have the

1605  
01:04:52,790 --> 01:04:49,920  
same accident happen twice on another

1606  
01:04:54,920 --> 01:04:52,800  
part of the galaxy and so that's why

1607  
01:04:56,750 --> 01:04:54,930  
there's been this this backlash against

1608  
01:04:58,730 --> 01:04:56,760  
aliens that look like us but what I

1609  
01:05:00,170 --> 01:04:58,740  
would say is if there's oxygen in this

1610  
01:05:02,180 --> 01:05:00,180  
part of the university's oxygen over

1611  
01:05:03,620 --> 01:05:02,190  
there if there's DNA here there's DNA

1612  
01:05:05,480 --> 01:05:03,630  
there if they're stars here they're

1613  
01:05:08,120 --> 01:05:05,490

stars there it's a pattern of the

1614

01:05:10,870 --> 01:05:08,130

universe and we it's not it the world is

1615

01:05:12,890 --> 01:05:10,880

not random meaningless its

1616

01:05:15,260 --> 01:05:12,900

self-organizing the universe is life

1617

01:05:16,610 --> 01:05:15,270

itself organizing and what happens here

1618

01:05:19,640 --> 01:05:16,620

will happen in other places in the

1619

01:05:21,770 --> 01:05:19,650

universe as well panspermia could you

1620

01:05:23,720 --> 01:05:21,780

know but that was the explanation they

1621

01:05:25,820 --> 01:05:23,730

used to try to get out of it to try to

1622

01:05:28,220 --> 01:05:25,830

explain away the fact that these aliens

1623

01:05:30,500 --> 01:05:28,230

look like us and if and I asked the guy

1624

01:05:33,920 --> 01:05:30,510

who has the big cameras name he has the

1625

01:05:36,110 --> 01:05:33,930

big humanoid catalog 20,000 I said to

1626  
01:05:37,880 --> 01:05:36,120  
him I said so how many actual alien

1627  
01:05:38,930 --> 01:05:37,890  
types are there and he said I'm really

1628  
01:05:41,120 --> 01:05:38,940  
counted but it's got to be over a

1629  
01:05:44,300 --> 01:05:41,130  
thousand so you've got this random

1630  
01:05:44,570 --> 01:05:44,310  
meaningless accident that that took 13

1631  
01:05:46,610 --> 01:05:44,580  
Billy

1632  
01:05:48,530 --> 01:05:46,620  
years that all these chances and then a

1633  
01:05:50,360 --> 01:05:48,540  
thousand times it all comes out the same

1634  
01:05:52,460 --> 01:05:50,370  
which would tend to indicate that it's

1635  
01:05:53,840 --> 01:05:52,470  
it's self-organizing that the pattern

1636  
01:05:55,370 --> 01:05:53,850  
will happen no matter where you are in

1637  
01:05:57,530 --> 01:05:55,380  
the universe if you get the thing going

1638  
01:06:00,410 --> 01:05:57,540

it's going to end up being by Peola

1639

01:06:02,540 --> 01:06:00,420

and and looking big basically the same

1640

01:06:04,940 --> 01:06:02,550

the same as stars will look the same in

1641

01:06:07,700 --> 01:06:04,950

the other side of the universe as they

1642

01:06:09,560 --> 01:06:07,710

look here or you know the oxygen or

1643

01:06:10,970 --> 01:06:09,570

everything is going to be duplicated all

1644

01:06:14,360 --> 01:06:10,980

through the universe it's following the

1645

01:06:16,220 --> 01:06:14,370

same self-organizing pattern well some

1646

01:06:20,390 --> 01:06:16,230

of it looks artificial though I mean

1647

01:06:22,250 --> 01:06:20,400

like they'll report like beings but

1648

01:06:24,020 --> 01:06:22,260

they're made out of balls little balls

1649

01:06:26,720 --> 01:06:24,030

of light and they can little balls of

1650

01:06:28,190 --> 01:06:26,730

light can fly apart or they can make go

1651

01:06:30,800 --> 01:06:28,200

together and look like a human or

1652

01:06:33,890 --> 01:06:30,810

there's ones that seem to be force

1653

01:06:35,390 --> 01:06:33,900

fields some you can see through and all

1654

01:06:39,560 --> 01:06:35,400

kinds of things like they're imitating

1655

01:06:41,210 --> 01:06:39,570

people yeah and and you get the thing

1656

01:06:43,940 --> 01:06:41,220

where people are being moved like people

1657

01:06:45,920 --> 01:06:43,950

are being moved onto the ship they will

1658

01:06:48,200 --> 01:06:45,930

describe the fact that it's not like

1659

01:06:50,480 --> 01:06:48,210

they're physical anymore they they sort

1660

01:06:52,250 --> 01:06:50,490

of are teleported there or they move

1661

01:06:54,860 --> 01:06:52,260

through the wall or there's something

1662

01:06:56,420 --> 01:06:54,870

beyond the physical world that when you

1663

01:06:57,890 --> 01:06:56,430

start listening to these experiencers

1664

01:06:59,480 --> 01:06:57,900

talk about how they went onto the ship

1665

01:07:00,680 --> 01:06:59,490

you start realizing we're missing

1666

01:07:02,890 --> 01:07:00,690

something here and if we can figure out

1667

01:07:05,390 --> 01:07:02,900

what that is we can actually advance

1668

01:07:07,010 --> 01:07:05,400

beyond what we have right now because if

1669

01:07:08,630 --> 01:07:07,020

we can continue to believe what we have

1670

01:07:10,370 --> 01:07:08,640

right now we're not going to dance the

1671

01:07:11,870 --> 01:07:10,380

only way you advance is to look at the

1672

01:07:14,450 --> 01:07:11,880

things that don't make any sense and

1673

01:07:16,640 --> 01:07:14,460

that will explain something that's new

1674

01:07:19,730 --> 01:07:16,650

that will move you to the next step I

1675

01:07:25,010 --> 01:07:19,740

have a question for the panel and that

1676

01:07:28,130 --> 01:07:25,020

is does the the topic of teleportation

1677

01:07:30,680 --> 01:07:28,140

does that violate any laws of physics

1678

01:07:37,370 --> 01:07:30,690

rich I'd like to start with you on that

1679

01:07:40,240 --> 01:07:37,380

and then hear from everybody else I mean

1680

01:07:43,850 --> 01:07:40,250

we all know that the laws of physics are

1681

01:07:47,120 --> 01:07:43,860

being broken and if you look at the

1682

01:07:49,550 --> 01:07:47,130

tic-tac object the alone right there

1683

01:07:51,350 --> 01:07:49,560

it's breaking laws of physics I think

1684

01:07:53,210 --> 01:07:51,360

that there's it's safe to say that we

1685

01:07:56,750 --> 01:07:53,220

haven't learned all the physics that we

1686

01:07:58,640 --> 01:07:56,760

haven't learned all the science yet you

1687

01:08:01,680 --> 01:07:58,650

know and so

1688

01:08:05,160 --> 01:08:01,690

teleportation or any kind of like things

1689

01:08:07,559 --> 01:08:05,170

like that that might be happening

1690

01:08:09,630 --> 01:08:07,569

we just don't know and it's gonna take a

1691

01:08:11,760 --> 01:08:09,640

while before science will catch up with

1692

01:08:14,880 --> 01:08:11,770

it anyway I to be honest with you I

1693

01:08:17,280 --> 01:08:14,890

think that you know going back to your

1694

01:08:18,990 --> 01:08:17,290

thought process and with Einstein yes he

1695

01:08:21,269 --> 01:08:19,000

used thought experiments to be able to

1696

01:08:23,010 --> 01:08:21,279

do things so we speculate yeah we do

1697

01:08:26,789 --> 01:08:23,020

speculate but I don't jump to

1698

01:08:28,320 --> 01:08:26,799

conclusions too while hey you know like

1699

01:08:30,780 --> 01:08:28,330

obviously that they're all from the

1700

01:08:34,050 --> 01:08:30,790

planet Zeta Reticuli or something of

1701

01:08:35,430 --> 01:08:34,060

that nature or like you know something a

1702

01:08:36,539 --> 01:08:35,440

little bit more substantial than that

1703

01:08:38,729 --> 01:08:36,549

that I can actually put into a

1704

01:08:42,539 --> 01:08:38,739

hypothesis and actually begin to look at

1705

01:08:45,570 --> 01:08:42,549

and test you know we're starting to do

1706

01:08:48,419 --> 01:08:45,580

experiments with that in in the in the

1707

01:08:50,280 --> 01:08:48,429

physics world we're starting to

1708

01:08:52,320 --> 01:08:50,290

understand that you know that there's

1709

01:08:54,329 --> 01:08:52,330

some courting communication between two

1710

01:08:56,160 --> 01:08:54,339

particles at a distance and that's

1711

01:08:58,620 --> 01:08:56,170

really spooky to us because we don't see

1712

01:09:01,220 --> 01:08:58,630

anything between it but yet we don't see

1713

01:09:04,410 --> 01:09:01,230

a lot of things because the entire

1714

01:09:07,410 --> 01:09:04,420

electromagnetic spectrum goes on

1715

01:09:10,229 --> 01:09:07,420

infinitely in either side in front of or

1716

01:09:12,510 --> 01:09:10,239

in fact of the visible range so we just

1717

01:09:14,599 --> 01:09:12,520

don't know what we don't know and what

1718

01:09:17,640 --> 01:09:14,609

we can't what we haven't found out yet

1719

01:09:20,010 --> 01:09:17,650

and I think that just more exploration

1720

01:09:22,289 --> 01:09:20,020

and and needs to be done and I think we

1721

01:09:24,180 --> 01:09:22,299

need to get beyond the visible if you

1722

01:09:25,919 --> 01:09:24,190

would and spend a little time in these

1723

01:09:30,780 --> 01:09:25,929

other parts of the spectrum we might

1724

01:09:33,059 --> 01:09:30,790

learn a little bit more okay yeah anyway

1725

01:09:35,280 --> 01:09:33,069

anyone else want to grab that well

1726

01:09:38,519 --> 01:09:35,290

they're questions there's like

1727

01:09:41,610 --> 01:09:38,529

prosaically there's evidence that

1728

01:09:43,979 --> 01:09:41,620

lightning balls can go through walls and

1729

01:09:48,870 --> 01:09:43,989

things like that and I think keeping em

1730

01:09:51,930 --> 01:09:48,880

install a million Corliss has documented

1731

01:09:55,800 --> 01:09:51,940

a tremendous number of excellent cases

1732

01:09:58,290 --> 01:09:55,810

of that it is very well defined books

1733

01:10:00,030 --> 01:09:58,300

and he's put together where science

1734

01:10:01,470 --> 01:10:00,040

doesn't really understand a lot of that

1735

01:10:03,300 --> 01:10:01,480

phenomena it's like the it's like the

1736

01:10:04,979 --> 01:10:03,310

balls of light that we're seeing over

1737

01:10:08,149 --> 01:10:04,989

here about an hour away from me that I'm

1738

01:10:10,490 --> 01:10:08,159

investigating I mean those

1739

01:10:12,020 --> 01:10:10,500

and by the way I'll go back to talking

1740

01:10:14,030 --> 01:10:12,030

about the fact that when I was doing the

1741

01:10:15,860 --> 01:10:14,040

investigation on these balls of light if

1742

01:10:17,360 --> 01:10:15,870

you would and they're about eight foot

1743

01:10:18,979 --> 01:10:17,370

in diameter there's no being on the

1744

01:10:21,649 --> 01:10:18,989

inside of them but I mean the bottom

1745

01:10:23,570 --> 01:10:21,659

line is that they're they range from two

1746

01:10:25,129 --> 01:10:23,580

feet to four feet to eight feet and

1747

01:10:26,750 --> 01:10:25,139

depending upon what time of year you

1748

01:10:29,450 --> 01:10:26,760

look at them and their chemical

1749

01:10:34,760 --> 01:10:29,460

composition is made up of largely oxygen

1750

01:10:38,270 --> 01:10:34,770

nitrogen we see sulfur we see iron we

1751

01:10:40,189 --> 01:10:38,280

see either scandium or yttrium in it as

1752

01:10:43,189 --> 01:10:40,199

a chemical and so we know it's a

1753

01:10:45,169 --> 01:10:43,199

chemical process and one of the one of

1754

01:10:47,680 --> 01:10:45,179

the witnesses over there happened to be

1755

01:10:49,879 --> 01:10:47,690

saying that he was in vietnam and he

1756

01:10:51,709 --> 01:10:49,889

apparently had some sort of equipment

1757

01:10:53,930 --> 01:10:51,719

and they actually was doing some tests

1758

01:10:55,430 --> 01:10:53,940

and they found that sulfur was a common

1759

01:10:59,360 --> 01:10:55,440

ingredient and loved those things in

1760

01:11:02,000 --> 01:10:59,370

Vietnam and so uh you know if you think

1761

01:11:03,890 --> 01:11:02,010

about all the the bombs that were

1762

01:11:06,770 --> 01:11:03,900

dropped and the various gases that were

1763

01:11:09,080 --> 01:11:06,780

that were used and and just in a swampy

1764

01:11:11,840 --> 01:11:09,090

area and and all that wonderful stuff

1765

01:11:13,459 --> 01:11:11,850

mixing together as a big stew a lot of

1766

01:11:15,590 --> 01:11:13,469

the things that we're seeing in Vietnam

1767

01:11:18,560 --> 01:11:15,600

could be readily explained as being that

1768

01:11:20,090 --> 01:11:18,570

natural phenomena like estulin like you

1769

01:11:23,450 --> 01:11:20,100

know the Brown Mountain lights and so on

1770

01:11:25,100 --> 01:11:23,460

and so forth and and so yeah there are a

1771

01:11:27,950 --> 01:11:25,110

lot of these kinds of things out there

1772

01:11:30,530 --> 01:11:27,960

that are often seen and they glow and

1773

01:11:34,250 --> 01:11:30,540

they they they are misinterpreted as

1774

01:11:36,640 --> 01:11:34,260

being UFOs when it comes to

1775

01:11:38,570 --> 01:11:36,650

teleportation I think you got a sort of

1776

01:11:42,680 --> 01:11:38,580

realize you're bringing a lot of baggage

1777

01:11:45,020 --> 01:11:42,690

with that description you have other

1778

01:11:46,250 --> 01:11:45,030

things that I think might better

1779

01:11:48,110 --> 01:11:46,260

describe it no that's right I'm

1780

01:11:50,300 --> 01:11:48,120

mentioning the portal thing or even if

1781

01:11:52,220 --> 01:11:50,310

you look at remote viewing with the if

1782

01:11:53,600 --> 01:11:52,230

you look at Jimmy Carter's diary Jimmy

1783

01:11:55,370 --> 01:11:53,610

Carter talks about the most amazing

1784

01:11:57,080 --> 01:11:55,380

thing he saw his entire time as

1785

01:12:00,580 --> 01:11:57,090

president was when these two remote

1786

01:12:02,899 --> 01:12:00,590

viewers picked off this Tupelo 22

1787

01:12:04,640 --> 01:12:02,909

Intelligence Platform plane that the

1788

01:12:07,340 --> 01:12:04,650

Russians were using the crashed and in

1789

01:12:09,470 --> 01:12:07,350

northern Africa and they had one @sr eye

1790

01:12:11,959 --> 01:12:09,480

and one at wright-patterson Air Force

1791

01:12:15,410 --> 01:12:11,969

Base that both identified this plane in

1792

01:12:17,840 --> 01:12:15,420

the jungle in this in this river with

1793

01:12:19,250 --> 01:12:17,850

the the tail sticking up and then if

1794

01:12:20,330 --> 01:12:19,260

they were trying to fight with the

1795

01:12:22,040 --> 01:12:20,340

satellites they couldn't find it but

1796

01:12:24,170 --> 01:12:22,050

then once they identified were

1797

01:12:25,670 --> 01:12:24,180

was these two remote viewers they picked

1798

01:12:27,050 --> 01:12:25,680

it up and within an hour they had this

1799

01:12:28,220 --> 01:12:27,060

thing Jimmy Carter said was the most

1800

01:12:29,840 --> 01:12:28,230

amazing thing when you started looking

1801  
01:12:31,370 --> 01:12:29,850  
at that kind of stuff where people are

1802  
01:12:33,590 --> 01:12:31,380  
able to use their mind and move around

1803  
01:12:35,090 --> 01:12:33,600  
you realize that's where you're getting

1804  
01:12:37,430 --> 01:12:35,100  
into the sort of teleportation thing

1805  
01:12:39,740 --> 01:12:37,440  
that we've got a lot of we're making

1806  
01:12:41,390 --> 01:12:39,750  
mistakes it's not so much that it's

1807  
01:12:43,730 --> 01:12:41,400  
something we got to add we've got to

1808  
01:12:45,890 --> 01:12:43,740  
make we've got to get rid of a lot of

1809  
01:12:47,420 --> 01:12:45,900  
the garbage that we believe in order to

1810  
01:12:48,440 --> 01:12:47,430  
realize how this is going to work and

1811  
01:12:51,320 --> 01:12:48,450  
move to the next step

1812  
01:12:53,680 --> 01:12:51,330  
remote viewing shows clearly that our

1813  
01:12:56,810 --> 01:12:53,690

idea of the physical universe is not

1814

01:12:59,150 --> 01:12:56,820

totally correct and just to jump in here

1815

01:13:01,340 --> 01:12:59,160

with a little plug for my show we are

1816

01:13:03,680 --> 01:13:01,350

going to do some live remote viewing we

1817

01:13:06,560 --> 01:13:03,690

want to set up the protocols and I would

1818

01:13:08,180 --> 01:13:06,570

invite anyone to help us brainstorm with

1819

01:13:10,340 --> 01:13:08,190

that or appear and try their hand at

1820

01:13:14,420 --> 01:13:10,350

some live remote viewing where we are

1821

01:13:17,000 --> 01:13:14,430

going to do that and try to see if we

1822

01:13:19,130 --> 01:13:17,010

can make it work in a live fashion and

1823

01:13:21,140 --> 01:13:19,140

really we want to get those protocols

1824

01:13:22,640 --> 01:13:21,150

really tight so I'd appreciate anyone's

1825

01:13:26,780 --> 01:13:22,650

feedback on that if you want to give it

1826

01:13:29,480 --> 01:13:26,790

to me later or not I'll just point out

1827

01:13:30,890 --> 01:13:29,490

that even if you look at what Jo Jo

1828

01:13:34,370 --> 01:13:30,900

mcmoneagle who was one of the most

1829

01:13:36,350 --> 01:13:34,380

successful remote viewers I think an

1830

01:13:38,900 --> 01:13:36,360

incredible guy I mean what he flat out

1831

01:13:40,670 --> 01:13:38,910

tells you is not everybody is accurate

1832

01:13:44,210 --> 01:13:40,680

in terms of what they Remote View and

1833

01:13:46,610 --> 01:13:44,220

that there's only a small number of

1834

01:13:48,800 --> 01:13:46,620

those people that are actually what he

1835

01:13:50,690 --> 01:13:48,810

called I guess the the ones that are I

1836

01:13:54,890 --> 01:13:50,700

he had a term for it I don't never know

1837

01:13:56,900 --> 01:13:54,900

what it was but um so again I go back to

1838

01:14:00,380 --> 01:13:56,910

the fact that we we try to interpret

1839

01:14:02,150 --> 01:14:00,390

that and we look at it and and I met

1840

01:14:04,130 --> 01:14:02,160

with Hal put off when he was at our

1841

01:14:06,170 --> 01:14:04,140

conference and we asked him that

1842

01:14:08,350 --> 01:14:06,180

point-blank can we use remote viewing to

1843

01:14:14,030 --> 01:14:08,360

be able to help us understand he said no

1844

01:14:16,190 --> 01:14:14,040

it's too imprecise so I go of that I go

1845

01:14:18,140 --> 01:14:16,200

with what Hal says because he's been

1846

01:14:20,060 --> 01:14:18,150

around a lot longer than I have but

1847

01:14:21,740 --> 01:14:20,070

we're gonna we're gonna try to make it

1848

01:14:24,830 --> 01:14:21,750

as complicated as possible we're gonna

1849

01:14:27,620 --> 01:14:24,840

use random number generators to select

1850

01:14:29,420 --> 01:14:27,630

independent image target databases and

1851

01:14:31,820 --> 01:14:29,430

then we're gonna try to put that as many

1852

01:14:33,560 --> 01:14:31,830

controls in there as possible and we're

1853

01:14:34,790 --> 01:14:33,570

gonna give this thing a whirl probably

1854

01:14:35,450 --> 01:14:34,800

before the end of the month so it's

1855

01:14:37,070 --> 01:14:35,460

going to be a lot of

1856

01:14:41,600 --> 01:14:37,080

we'll see what happens it'll be an

1857

01:14:44,090 --> 01:14:41,610

experiment you know get Russell Targ you

1858

01:14:47,410 --> 01:14:44,100

made \$250,000 in the silver future

1859

01:14:52,190 --> 01:14:47,420

market he can play your little game so

1860

01:14:55,220 --> 01:14:52,200

Targa's good this is a roll so we were

1861

01:14:57,530 --> 01:14:55,230

talking about the teleportation and the

1862

01:15:01,040 --> 01:14:57,540

phenomenon whether science allows for it

1863

01:15:03,320 --> 01:15:01,050

and the more I find the more cases that

1864

01:15:06,170 --> 01:15:03,330

I do and the more I learned about UFOs I

1865

01:15:08,750 --> 01:15:06,180

see UFOs as large objects that act like

1866

01:15:10,190 --> 01:15:08,760

the very smallest objects you know now

1867

01:15:12,800 --> 01:15:10,200

you may think about them in a

1868

01:15:15,229 --> 01:15:12,810

nuts-and-bolts fashion but you know it's

1869

01:15:18,020 --> 01:15:15,239

just science makes up nonsense words

1870

01:15:22,120 --> 01:15:18,030

like a wit like way vocal to explain a

1871

01:15:32,240 --> 01:15:27,680

Earl you wind up disturbing the universe

1872

01:15:34,520 --> 01:15:32,250

just by looking at the process yes Frank

1873

01:15:39,310 --> 01:15:34,530

oh you broke up a little bit sorry about

1874

01:15:45,080 --> 01:15:41,810

did you hear most of what I said

1875

01:15:47,600 --> 01:15:45,090

yeah but we missed a bit okay well UFOs

1876

01:15:49,760 --> 01:15:47,610

act like they're they're large objects

1877

01:15:52,640 --> 01:15:49,770

that act like the smallest objects that

1878

01:15:55,040 --> 01:15:52,650

they kind of manifest themselves like a

1879

01:15:57,680 --> 01:15:55,050

particle can turn into a wave and vice

1880

01:15:59,780 --> 01:15:57,690

versa science makes up nonsense words

1881

01:16:02,600 --> 01:15:59,790

like like wavicles because they just

1882

01:16:04,790 --> 01:16:02,610

don't really understand you know what's

1883

01:16:07,160 --> 01:16:04,800

going on there and I think that it's the

1884

01:16:09,950 --> 01:16:07,170

same thing with with the UFO phenomenon

1885

01:16:12,380 --> 01:16:09,960

and and you know that some of the

1886

01:16:15,680 --> 01:16:12,390

paranormal like qualities and the fuzzy

1887

01:16:18,140 --> 01:16:15,690

edges to the science around it it's not

1888

01:16:20,330 --> 01:16:18,150

so much that's paranormal as that we

1889

01:16:23,000 --> 01:16:20,340

just need to expand our idea of what

1890

01:16:26,060 --> 01:16:23,010

normal is you have to remember that it

1891

01:16:28,220 --> 01:16:26,070

was just a couple of centuries ago that

1892

01:16:30,500 --> 01:16:28,230

science didn't even accept the idea that

1893

01:16:32,540 --> 01:16:30,510

if a rock could fall out of the sky

1894

01:16:34,790 --> 01:16:32,550

you know meteors with people that saw

1895

01:16:37,490 --> 01:16:34,800

meteors they were considered cooks you

1896

01:16:39,709 --> 01:16:37,500

know tinfoil hat wearers and now of

1897

01:16:41,840 --> 01:16:39,719

course we know that rocks fall out of

1898

01:16:44,690 --> 01:16:41,850

the sky it's a part of the universe and

1899

01:16:46,040 --> 01:16:44,700

you know it's just that we have not

1900

01:16:48,320 --> 01:16:46,050

gotten to the point where we can

1901

01:16:48,880 --> 01:16:48,330

understand it yet maybe we won't ever

1902

01:16:53,440 --> 01:16:48,890

understand

1903

01:16:55,390 --> 01:16:53,450

it may be that beyond us but to me you

1904

01:16:58,150 --> 01:16:55,400

know it just it's just like quantum

1905

01:17:00,220 --> 01:16:58,160

physics it sounds like you know the

1906

01:17:02,830 --> 01:17:00,230

magic that arthur c clarke talked about

1907

01:17:05,350 --> 01:17:02,840

any sufficiently advanced technology is

1908

01:17:07,420 --> 01:17:05,360

indistinguishable from magic

1909

01:17:09,550 --> 01:17:07,430

and it seems like magic to us but it's

1910

01:17:13,050 --> 01:17:09,560

just really high technology that that's

1911

01:17:17,740 --> 01:17:13,060

just my opinion on the phenomenon

1912

01:17:21,820 --> 01:17:17,750

teleportation why not all right Shane

1913

01:17:26,220 --> 01:17:21,830

here I was going to say to you know

1914

01:17:30,550 --> 01:17:26,230

whether it's the ports or UFOs or other

1915

01:17:33,850 --> 01:17:30,560

paranormal activity I mean we may not

1916

01:17:36,760 --> 01:17:33,860

know what they are we may not know the

1917

01:17:40,030 --> 01:17:36,770

cause we may not know even the effects

1918

01:17:43,600 --> 01:17:40,040

but at a minimum you know we know that

1919

01:17:46,870 --> 01:17:43,610

they are and if they are and they exist

1920

01:17:50,890 --> 01:17:46,880

and certainly it's worth study you know

1921

01:17:52,720 --> 01:17:50,900

and and again whether they're related to

1922

01:17:53,470 --> 01:17:52,730

each other or not I don't think that's

1923

01:17:56,380 --> 01:17:53,480

been proven

1924

01:17:59,080 --> 01:17:56,390

we could have separate standalone

1925

01:18:01,480 --> 01:17:59,090

phenomena or they could be related but

1926

01:18:04,390 --> 01:18:01,490

the point really is discussing it

1927

01:18:06,280 --> 01:18:04,400

researching it trying to apply science

1928

01:18:07,990 --> 01:18:06,290

to it I mean those are very logical

1929

01:18:10,000 --> 01:18:08,000

things and the thing that we should all

1930

01:18:11,320 --> 01:18:10,010

be doing yeah that's right you got to

1931

01:18:12,880 --> 01:18:11,330

look at the weird stuff that's where you

1932

01:18:13,810 --> 01:18:12,890

start making advances the stuff that

1933

01:18:15,460 --> 01:18:13,820

doesn't make sense

1934

01:18:17,500 --> 01:18:15,470

you don't hit anywhere by explaining

1935

01:18:20,260 --> 01:18:17,510

stuff that makes sense oh great upon

1936

01:18:22,960 --> 01:18:20,270

yeah and I think speculation is okay

1937

01:18:25,780 --> 01:18:22,970

okay I just think it's important to say

1938

01:18:29,110 --> 01:18:25,790

when you're speculating and when you've

1939

01:18:32,050 --> 01:18:29,120

got some facts you know precisely I

1940

01:18:34,120 --> 01:18:32,060

think you know it's one thing to yeah we

1941

01:18:35,740 --> 01:18:34,130

can we can put a hypothesis together and

1942

01:18:37,360 --> 01:18:35,750

we can test the hypothesis to see if

1943

01:18:38,950 --> 01:18:37,370

it's accurate we can do then the null

1944

01:18:40,810 --> 01:18:38,960

hypothesis we can do all of the

1945

01:18:43,780 --> 01:18:40,820

wonderful things according to science

1946

01:18:46,600 --> 01:18:43,790

but what I see most often is immediate

1947

01:18:49,690 --> 01:18:46,610

quantum leap jumps into something being

1948

01:18:52,330 --> 01:18:49,700

you know from someplace or whatever like

1949

01:18:54,130 --> 01:18:52,340

that like we know that it's got the like

1950

01:18:56,110 --> 01:18:54,140

I think I said this before like if there

1951

01:18:57,820 --> 01:18:56,120

was a hubcap on the back end of it where

1952

01:18:59,590 --> 01:18:57,830

it's got you know it's got the license

1953

01:19:01,930 --> 01:18:59,600

plate it's telling ya they don't take

1954

01:19:04,450 --> 01:19:01,940

you lie and we just don't see that

1955

01:19:06,490 --> 01:19:04,460

just because something comes and pops in

1956

01:19:09,550 --> 01:19:06,500

and view and pops out of you doesn't

1957

01:19:12,820 --> 01:19:09,560

mean that it D materialized either or

1958

01:19:15,070 --> 01:19:12,830

that it necessarily did a jump to some

1959

01:19:17,410 --> 01:19:15,080

other I mean hypothetically I jump to

1960

01:19:19,720 --> 01:19:17,420

another place I mean there's a lot of

1961

01:19:22,510 --> 01:19:19,730

things that can that I can explain you

1962

01:19:24,970 --> 01:19:22,520

know that we would that could be counter

1963

01:19:28,210 --> 01:19:24,980

arguments that would account for that

1964

01:19:30,370 --> 01:19:28,220

and and we just don't know I mean and so

1965

01:19:32,440 --> 01:19:30,380

yeah we start off with a little bit of

1966

01:19:34,270 --> 01:19:32,450

speculation and we believe that this

1967

01:19:36,060 --> 01:19:34,280

might be the case and but we look to

1968

01:19:38,560 --> 01:19:36,070

trying to like add science into it and

1969

01:19:42,970 --> 01:19:38,570

that's where I'm trying to emphasize

1970

01:19:45,520 --> 01:19:42,980

that we need to do that yeah I've had so

1971

01:19:47,230 --> 01:19:45,530

many people over 55 years that walk up

1972

01:19:49,780 --> 01:19:47,240

to me and say well I see a hundred UFOs

1973

01:19:51,880 --> 01:19:49,790

a day you know or something of that

1974

01:19:54,250 --> 01:19:51,890

nature right I had one woman who was

1975

01:19:56,500 --> 01:19:54,260

declaring that she had a an alien that

1976

01:19:57,970 --> 01:19:56,510

was getting into her body and all this

1977

01:20:00,130 --> 01:19:57,980

other stuff and we were like she was

1978

01:20:03,130 --> 01:20:00,140

going on and on and talking about that

1979

01:20:05,110 --> 01:20:03,140

and it seemed to me more like a demonic

1980

01:20:06,850 --> 01:20:05,120

kind of thing as opposed to a saucer

1981

01:20:08,380 --> 01:20:06,860

thing but you know and just a lot of

1982

01:20:09,840 --> 01:20:08,390

people wanted to speculate and say well

1983

01:20:12,370 --> 01:20:09,850

ways you have folks

1984

01:20:14,620 --> 01:20:12,380

Earle actually we were talking about

1985

01:20:19,360 --> 01:20:14,630

that possibility regarding paranormal

1986

01:20:22,660 --> 01:20:19,370

phenomena how teleportation or a ports

1987

01:20:27,340 --> 01:20:22,670

may not be related to such a narrow

1988

01:20:29,320 --> 01:20:27,350

topic but actually it might be more

1989

01:20:32,890 --> 01:20:29,330

correct to say that it also involves the

1990

01:20:35,470 --> 01:20:32,900

paranormal area to the aspect meaning

1991

01:20:37,090 --> 01:20:35,480

poltergeist activity do you have any

1992

01:20:40,300 --> 01:20:37,100

information on that to share whether

1993

01:20:42,580 --> 01:20:40,310

it's anecdotal or not Earl well I know

1994

01:20:45,600 --> 01:20:42,590

you know in you know I'm a member of

1995

01:20:48,600 --> 01:20:45,610

Kathleen Martin and George medic just

1996

01:20:53,320 --> 01:20:48,610

experienced a research team with MUFON

1997

01:20:55,830 --> 01:20:53,330

and just in all you know the many many

1998

01:20:58,500 --> 01:20:55,840

experience or cases that that I have

1999

01:21:01,750 --> 01:20:58,510

closed

2000

01:21:04,210 --> 01:21:01,760

there are paranormal like aspects that

2001  
01:21:06,490 --> 01:21:04,220  
that are always there and now it may be

2002  
01:21:08,800 --> 01:21:06,500  
like poltergeist type activity that

2003  
01:21:10,660 --> 01:21:08,810  
happens to a person the you know right

2004  
01:21:13,690 --> 01:21:10,670  
after they've either been visited or

2005  
01:21:16,010 --> 01:21:13,700  
taken is very very common there is one

2006  
01:21:17,959 --> 01:21:16,020  
case that Kathleen closed where

2007  
01:21:19,580 --> 01:21:17,969  
they observed a gentleman and he would

2008  
01:21:21,470 --> 01:21:19,590  
walk under the streetlights this was a

2009  
01:21:23,479 --> 01:21:21,480  
day after he had been abducted and the

2010  
01:21:26,720 --> 01:21:23,489  
streetlights would turn off as he would

2011  
01:21:29,080 --> 01:21:26,730  
walk under them as he would move past

2012  
01:21:31,760 --> 01:21:29,090  
the streetlight it would turn back on

2013  
01:21:34,510 --> 01:21:31,770

and this was observed by I believe it

2014

01:21:39,070 --> 01:21:34,520

was both Kathleen and Denise stone or

2015

01:21:42,620 --> 01:21:39,080

observed this I've had many many people

2016

01:21:45,290 --> 01:21:42,630

who is you know the lights will turn off

2017

01:21:48,169 --> 01:21:45,300

when they walk into a room or it'll

2018

01:21:52,970 --> 01:21:48,179

affect their iPhone or and and this also

2019

01:21:56,660 --> 01:21:52,980

happens no you dropped off I'll just

2020

01:21:58,760 --> 01:21:56,670

jump in here or are you back can you

2021

01:21:59,959 --> 01:21:58,770

hear me yeah you dropped off again sorry

2022

01:22:00,860 --> 01:21:59,969

about though I don't know what happened

2023

01:22:05,000 --> 01:22:00,870

there

2024

01:22:07,790 --> 01:22:05,010

well yeah anyway we do see recurring

2025

01:22:13,520 --> 01:22:07,800

it's very very common to see paranormal

2026

01:22:16,970 --> 01:22:13,530

like events happen around an experimenter

2027

01:22:19,820 --> 01:22:16,980

right after they've had contact you know

2028

01:22:21,560 --> 01:22:19,830

non earthly beings that's just a thing I

2029

01:22:25,790 --> 01:22:21,570

mean it just over and over and over

2030

01:22:27,709 --> 01:22:25,800

again I hear it you know that George met

2031

01:22:29,149 --> 01:22:27,719

it's that you had mentioned is and I

2032

01:22:31,370 --> 01:22:29,159

can't remember if I guy I think I got

2033

01:22:33,229 --> 01:22:31,380

that from you but or on an earlier

2034

01:22:36,050 --> 01:22:33,239

appearance but that George managed is

2035

01:22:39,350 --> 01:22:36,060

the very same dock metates you used to

2036

01:22:41,300 --> 01:22:39,360

pitch for the Yankees that is

2037

01:22:42,860 --> 01:22:41,310

extraordinary to me and which I which

2038

01:22:45,070 --> 01:22:42,870

brings up an interesting point because

2039

01:22:47,180 --> 01:22:45,080

grant I know you spend a lot of time

2040

01:22:50,209 --> 01:22:47,190

following it seems in particular

2041

01:22:52,700 --> 01:22:50,219

musicians who have had these kinds of

2042

01:22:55,790 --> 01:22:52,710

experiences we don't get too much from

2043

01:22:57,290 --> 01:22:55,800

pro athletes obviously doc metates is

2044

01:22:59,419 --> 01:22:57,300

heavily involved in this there have been

2045

01:23:02,840 --> 01:22:59,429

some others the late pete marriage

2046

01:23:06,620 --> 01:23:02,850

Maravich was a big time UFO buff we see

2047

01:23:09,979 --> 01:23:06,630

Jose Canseco dipping his nose into this

2048

01:23:11,660 --> 01:23:09,989

a little bit also Aaron Rodgers had

2049

01:23:13,550 --> 01:23:11,670

talked about a sighting that he had up

2050

01:23:16,970 --> 01:23:13,560

in the Hudson Valley right before the

2051  
01:23:19,520 --> 01:23:16,980  
NFL Draft why do you want to speculate a

2052  
01:23:22,399 --> 01:23:19,530  
little bit on why we see so much from

2053  
01:23:24,320 --> 01:23:22,409  
the artists the the musicians and very

2054  
01:23:25,669 --> 01:23:24,330  
little from the pro jocks what's going

2055  
01:23:28,010 --> 01:23:25,679  
on there I know you're a hockey fan

2056  
01:23:29,250 --> 01:23:28,020  
what's up with that well to me it's

2057  
01:23:30,600 --> 01:23:29,260  
always right brain left brain

2058  
01:23:33,120 --> 01:23:30,610  
I'm doing a book called contact

2059  
01:23:35,070 --> 01:23:33,130  
modalities so your your musicians are

2060  
01:23:38,310 --> 01:23:35,080  
right brained it's like when they asked

2061  
01:23:40,500 --> 01:23:38,320  
Roger Leir who did the implants in in in

2062  
01:23:42,510 --> 01:23:40,510  
17 implants they asked him what are the

2063  
01:23:44,940 --> 01:23:42,520

two common things with all experiencers

2064

01:23:46,950 --> 01:23:44,950

he said they're they're all creative

2065

01:23:48,840 --> 01:23:46,960

people in there and they're all right

2066

01:23:50,730 --> 01:23:48,850

brained creative people and all implants

2067

01:23:52,860 --> 01:23:50,740

on the left side of the body and in his

2068

01:23:54,840 --> 01:23:52,870

book he talked about the 250 implants

2069

01:23:56,760 --> 01:23:54,850

with him and Sims on the left side of

2070

01:23:57,840 --> 01:23:56,770

the body which would indicate the left

2071

01:24:00,120 --> 01:23:57,850

side of the body is run by the right

2072

01:24:01,500 --> 01:24:00,130

brain that whoever's putting the

2073

01:24:02,970 --> 01:24:01,510

implants are not really interested in

2074

01:24:05,490 --> 01:24:02,980

your rational analytical brain they're

2075

01:24:07,260 --> 01:24:05,500

interested in in the in the right brain

2076

01:24:09,840 --> 01:24:07,270

the creative brain you see a lot of

2077

01:24:11,250 --> 01:24:09,850

experiences are very good artists you

2078

01:24:12,840 --> 01:24:11,260

fill out you find a lot of musicians I

2079

01:24:15,600 --> 01:24:12,850

remember I was doing I was at Bubba

2080

01:24:17,820 --> 01:24:15,610

Watson's a friend of mine is golf's with

2081

01:24:19,470 --> 01:24:17,830

Bubba Watson and in Scottsdale I was at

2082

01:24:21,270 --> 01:24:19,480

the golf club there they got me to do a

2083

01:24:23,790 --> 01:24:21,280

lecture and they were trying to block me

2084

01:24:24,870 --> 01:24:23,800

they these guys were furious you're not

2085

01:24:27,000 --> 01:24:24,880

bringing this guy and they had this

2086

01:24:28,980 --> 01:24:27,010

Friday morning breakfast thing where

2087

01:24:30,840 --> 01:24:28,990

they'd have a speaker and nobody wanted

2088

01:24:32,580 --> 01:24:30,850

the UFO guy there and my friend had

2089

01:24:34,770 --> 01:24:32,590

enough power he got me in there but

2090

01:24:36,630 --> 01:24:34,780

anyway I said well I'm gonna find a

2091

01:24:38,370 --> 01:24:36,640

golfer and you think I could find a

2092

01:24:39,810 --> 01:24:38,380

golfer to eat I haven't even had a

2093

01:24:41,550 --> 01:24:39,820

sighting it was unbelievable I couldn't

2094

01:24:45,390 --> 01:24:41,560

find anything and yet if you take a

2095

01:24:47,250 --> 01:24:45,400

musician and UFO the screen will light

2096

01:24:49,320 --> 01:24:47,260

up or if you take musician and dreams

2097

01:24:50,610 --> 01:24:49,330

how many get songs and dreams and we're

2098

01:24:52,920 --> 01:24:50,620

talking about the scientific method it

2099

01:24:54,510 --> 01:24:52,930

came in a dream you get all these these

2100

01:24:56,220 --> 01:24:54,520

sort of things when you get into

2101

01:24:58,050 --> 01:24:56,230

creativity in this whole right brain

2102

01:25:00,300 --> 01:24:58,060

left brain thing which i think is a big

2103

01:25:02,220 --> 01:25:00,310

part of understanding how that all this

2104

01:25:07,050 --> 01:25:02,230

stuff works that the very right brain

2105

01:25:08,460 --> 01:25:07,060

creative people are more open to it they

2106

01:25:09,690 --> 01:25:08,470

don't block it and that's where you get

2107

01:25:13,140 --> 01:25:09,700

the experience who's talking about the

2108

01:25:15,180 --> 01:25:13,150

being that it's almost like John Wheeler

2109

01:25:16,470 --> 01:25:15,190

said the Nobel Prize winner they came up

2110

01:25:18,600 --> 01:25:16,480

with the idea of black holes and

2111

01:25:21,330 --> 01:25:18,610

wormholes said it's a participatory

2112

01:25:24,090 --> 01:25:21,340

universe so we got to realize that a lot

2113

01:25:26,700 --> 01:25:24,100

of what you see is being determined by

2114

01:25:29,130 --> 01:25:26,710

you that it's this whole idea that you

2115

01:25:31,020 --> 01:25:29,140

interact with the the world around you

2116

01:25:33,540 --> 01:25:31,030

and so if you're a very right brain same

2117

01:25:34,890 --> 01:25:33,550

as the remote viewing I remember I I got

2118

01:25:37,440 --> 01:25:34,900

this idea and that's when I went to help

2119

01:25:39,870 --> 01:25:37,450

put off and I said hell when you did the

2120

01:25:41,910 --> 01:25:39,880

remote viewing did you get the right

2121

01:25:43,229 --> 01:25:41,920

brain left brain thing going and he said

2122

01:25:44,880 --> 01:25:43,239

read chapter 6

2123

01:25:46,260 --> 01:25:44,890

and I go in it's like in one brain and

2124

01:25:48,030 --> 01:25:46,270

they out the others chapter 6 of his

2125

01:25:50,430 --> 01:25:48,040

book and he talked about the fact that

2126

01:25:52,830 --> 01:25:50,440

his wife picked this up that remote

2127

01:25:56,280 --> 01:25:52,840

viewing is very right brained that that

2128

01:25:59,070 --> 01:25:56,290

that the people were getting the texture

2129

01:26:01,229 --> 01:25:59,080

the shape the color right but they were

2130

01:26:04,530 --> 01:26:01,239

getting the location or the actual name

2131

01:26:06,090 --> 01:26:04,540

of the event or the place the size of it

2132

01:26:07,200 --> 01:26:06,100

all wrong it's all left brain but all

2133

01:26:10,140 --> 01:26:07,210

the right brain things they were very

2134

01:26:12,000 --> 01:26:10,150

good at and so back in the 1970s already

2135

01:26:13,770 --> 01:26:12,010

they knew this connection to the to the

2136

01:26:16,080 --> 01:26:13,780

right brain so what I say it's basically

2137

01:26:17,880 --> 01:26:16,090

it's the ability to shut down your left

2138

01:26:21,290 --> 01:26:17,890

brain your rational medical brain

2139

01:26:24,750 --> 01:26:21,300

whether it's through hypnosis regression

2140

01:26:27,959 --> 01:26:24,760

psychedelics meditation whatever and

2141

01:26:29,910 --> 01:26:27,969

open up and musicians can open up and so

2142

01:26:31,800 --> 01:26:29,920

you get guys like you know John Lennon

2143

01:26:34,160 --> 01:26:31,810

who had lights on his craft and they

2144

01:26:36,450 --> 01:26:34,170

weren't the plasma type lights they were

2145

01:26:38,250 --> 01:26:36,460

big white lights that were flashing off

2146

01:26:39,660 --> 01:26:38,260

and on and a red light on top and I

2147

01:26:41,430 --> 01:26:39,670

always make the joke about John Lennon

2148

01:26:43,770 --> 01:26:41,440

and I say I mean do you need big huge

2149

01:26:45,300 --> 01:26:43,780

you know marquee lightbulbs on the side

2150

01:26:47,010 --> 01:26:45,310

of the craft to fly through time and

2151  
01:26:48,360 --> 01:26:47,020  
space it was it was quite evident there

2152  
01:26:50,190 --> 01:26:48,370  
was just something for him to see into a

2153  
01:26:51,479 --> 01:26:50,200  
report and he was close to nothing to

2154  
01:26:54,720 --> 01:26:51,489  
hit with a brick he was that close to

2155  
01:26:57,450 --> 01:26:54,730  
the object so musicians it's a big thing

2156  
01:27:01,280 --> 01:26:57,460  
and a lot of you'll you'll find a lot of

2157  
01:27:03,990 --> 01:27:01,290  
right-brain artists are involved

2158  
01:27:05,610 --> 01:27:04,000  
experiences piles of experiences who

2159  
01:27:07,530 --> 01:27:05,620  
suddenly get this thing with their paint

2160  
01:27:10,320 --> 01:27:07,540  
they're unbelievable painters you get

2161  
01:27:12,570 --> 01:27:10,330  
that very direct connection to this sort

2162  
01:27:14,130 --> 01:27:12,580  
of thing about the female brain the

2163  
01:27:16,170 --> 01:27:14,140

right brain whatever you want to call it

2164

01:27:19,530 --> 01:27:16,180

and it's the ability to shut down the

2165

01:27:23,209 --> 01:27:19,540

rational analytical brain and you you

2166

01:27:26,100 --> 01:27:23,219

pop into this world of the paranormal

2167

01:27:28,680 --> 01:27:26,110

now let me yeah yeah let's follow up

2168

01:27:31,260 --> 01:27:28,690

with this a little bit and get your

2169

01:27:35,780 --> 01:27:31,270

feedback as well you've also got a once

2170

01:27:42,410 --> 01:27:39,090

anecdotes from scientists Kary Mullis

2171

01:27:46,320 --> 01:27:42,420

Nobel Prize winner Jack Sarfati

2172

01:27:49,050 --> 01:27:46,330

ram anujan the mathematician where they

2173

01:27:50,670 --> 01:27:49,060

have these experience experiences that

2174

01:27:52,410 --> 01:27:50,680

lead to these kinds of breakthroughs and

2175

01:27:54,360 --> 01:27:52,420

that jan had mentioned before Einstein

2176  
01:27:56,439 --> 01:27:54,370  
you know wrote the forward to the book

2177  
01:27:59,080 --> 01:27:56,449  
by Upton Sinclair

2178  
01:28:02,380 --> 01:27:59,090  
- radio saying you know don't overlook

2179  
01:28:04,000 --> 01:28:02,390  
this stuff any thoughts on that yeah

2180  
01:28:05,680 --> 01:28:04,010  
well you have you have I wrote a book

2181  
01:28:07,240 --> 01:28:05,690  
called inspired the paranormal world of

2182  
01:28:08,470 --> 01:28:07,250  
creativity and I look at all those

2183  
01:28:13,180 --> 01:28:08,480  
different things so I look at artists I

2184  
01:28:15,700 --> 01:28:13,190  
look at musicians I look at 13 or 14

2185  
01:28:17,260 --> 01:28:15,710  
Nobel Prizes where you think well the

2186  
01:28:19,660 --> 01:28:17,270  
rationale and I could figure this thing

2187  
01:28:22,870 --> 01:28:19,670  
out no it's like when you quite knit

2188  
01:28:24,910 --> 01:28:22,880

down like the when you shut down the

2189

01:28:27,280 --> 01:28:24,920

left brain so when you get the laser

2190

01:28:28,600 --> 01:28:27,290

he's sitting on a park bench and he'd

2191

01:28:29,950 --> 01:28:28,610

done all the work he'd put all the stuff

2192

01:28:31,990 --> 01:28:29,960

in and then suddenly got this

2193

01:28:34,540 --> 01:28:32,000

inspiration the hologram came the same

2194

01:28:36,729 --> 01:28:34,550

way if you take a look at Gary Nolan

2195

01:28:38,890 --> 01:28:36,739

talks about this this creativity thing

2196

01:28:41,500 --> 01:28:38,900

he says I don't know how it works he

2197

01:28:43,180 --> 01:28:41,510

says but I know how to do it he says I

2198

01:28:45,490 --> 01:28:43,190

go through all this stuff I get it

2199

01:28:47,620 --> 01:28:45,500

already I ask all the questions and I

2200

01:28:49,150 --> 01:28:47,630

put it out and I go to bed and I wake up

2201

01:28:51,370 --> 01:28:49,160

in the morning it's in my head and you

2202

01:28:52,959 --> 01:28:51,380

hear this all the time so when you go to

2203

01:28:54,459 --> 01:28:52,969

bed that's when your right brain is that

2204

01:28:57,189 --> 01:28:54,469

you were your left brain shuts down and

2205

01:28:59,200 --> 01:28:57,199

the left brain can go or the right brain

2206

01:29:00,640 --> 01:28:59,210

can go into the field and grab this

2207

01:29:03,250 --> 01:29:00,650

material and come back so that's my

2208

01:29:05,439 --> 01:29:03,260

theory is is this sort of you're able to

2209

01:29:09,340 --> 01:29:05,449

dissociate to move into the field so you

2210

01:29:12,370 --> 01:29:09,350

have a lot of these things that that

2211

01:29:15,070 --> 01:29:12,380

link into this and it involves you know

2212

01:29:17,169 --> 01:29:15,080

a lot of talk people like Sarfati story

2213

01:29:18,910 --> 01:29:17,179

you tell the story of Jack Sarfati who

2214

01:29:22,270 --> 01:29:18,920

said that you know he I got the phone

2215

01:29:24,490 --> 01:29:22,280

call when he was you know 11 years old

2216

01:29:26,770 --> 01:29:24,500

or whatever that told him he was there

2217

01:29:29,229 --> 01:29:26,780

was a computer on a flying saucer and

2218

01:29:32,680 --> 01:29:29,239

they picked him and 400 people and he's

2219

01:29:33,970 --> 01:29:32,690

you know he his mother tells him you

2220

01:29:35,680 --> 01:29:33,980

didn't have one phone call you were on

2221

01:29:37,900 --> 01:29:35,690

the phone all the time with this stupid

2222

01:29:39,370 --> 01:29:37,910

thing talking on the phone and then 20

2223

01:29:40,900 --> 01:29:39,380

years later they said we're gonna we're

2224

01:29:43,000 --> 01:29:40,910

gonna link you up with the other people

2225

01:29:43,870 --> 01:29:43,010

and 20 years later is exactly when he

2226

01:29:46,419 --> 01:29:43,880

meets uri geller

2227

01:29:48,669 --> 01:29:46,429

and goes Ingo Swann he'll put off

2228

01:29:50,979 --> 01:29:48,679

Russell Targ and he gets involved with

2229

01:29:52,660 --> 01:29:50,989

that whole crowd and you start get this

2230

01:29:56,229 --> 01:29:52,670

idea that a lot of the stuff that you

2231

01:29:59,110 --> 01:29:56,239

think people got by figuring it out no

2232

01:30:02,470 --> 01:29:59,120

they didn't I mean piles and piles of of

2233

01:30:04,630 --> 01:30:02,480

stories of inventions and people getting

2234

01:30:06,130 --> 01:30:04,640

downloads or even even the free survey

2235

01:30:07,900 --> 01:30:06,140

and I always go back to the free sri cuz

2236

01:30:10,150 --> 01:30:07,910

it's a huge number of experience that

2237

01:30:12,400 --> 01:30:10,160

filled this out 42% of

2238

01:30:15,100 --> 01:30:12,410

experiencer say at one point during

2239

01:30:16,630 --> 01:30:15,110

their experience no no no I had 42% say

2240

01:30:18,370 --> 01:30:16,640

they got mathematical technical or

2241

01:30:20,500 --> 01:30:18,380

scientific material in their head that

2242

01:30:22,930 --> 01:30:20,510

they did not learn in school when free

2243

01:30:25,890 --> 01:30:22,940

first started they had a site they had a

2244

01:30:29,950 --> 01:30:25,900

physics committee there was there was a

2245

01:30:32,470 --> 01:30:29,960

Edgar Mitchell there was Rudy shield

2246

01:30:34,510 --> 01:30:32,480

they had about four people on a physics

2247

01:30:36,970 --> 01:30:34,520

committee that we're looking at stuff

2248

01:30:39,190 --> 01:30:36,980

that experiencers were talking advanced

2249

01:30:40,810 --> 01:30:39,200

physics papers and I had a woman show me

2250

01:30:42,490 --> 01:30:40,820

one that was a secretary showed me on

2251  
01:30:44,770 --> 01:30:42,500  
her phone this paper that she's written

2252  
01:30:46,420 --> 01:30:44,780  
and she had no scientific background so

2253  
01:30:47,680 --> 01:30:46,430  
you get that kind of stuff or that was

2254  
01:30:50,380 --> 01:30:47,690  
the one that always blows me away you

2255  
01:30:51,880 --> 01:30:50,390  
say all these anecdotal stories these

2256  
01:30:55,000 --> 01:30:51,890  
people are making this stuff up these

2257  
01:30:57,040 --> 01:30:55,010  
experiencers 40% of all experiences say

2258  
01:30:58,750 --> 01:30:57,050  
at one point during their experience

2259  
01:31:01,630 --> 01:30:58,760  
they knew the answer to everything in

2260  
01:31:03,010 --> 01:31:01,640  
the universe and you go like nobody's

2261  
01:31:04,540 --> 01:31:03,020  
gonna make that out if you're gonna make

2262  
01:31:06,040 --> 01:31:04,550  
up a story that's not something to put

2263  
01:31:07,390 --> 01:31:06,050

in the story because it's the obvious

2264

01:31:09,370 --> 01:31:07,400

thing is well how do you know there was

2265

01:31:10,480 --> 01:31:09,380

not you know number six seven eight on

2266

01:31:12,370 --> 01:31:10,490

the other side of the university they

2267

01:31:13,690 --> 01:31:12,380

forgot to tell you about and I have my

2268

01:31:15,340 --> 01:31:13,700

own download experience and I know what

2269

01:31:17,080 --> 01:31:15,350

they'll say they'll say I don't really

2270

01:31:18,490 --> 01:31:17,090

know but I just know for sure because it

2271

01:31:20,200 --> 01:31:18,500

comes with this absolute certainty when

2272

01:31:23,380 --> 01:31:20,210

you see these experiences who are

2273

01:31:24,880 --> 01:31:23,390

getting this material I say you can give

2274

01:31:27,550 --> 01:31:24,890

them lie detectors you can do whatever

2275

01:31:29,920 --> 01:31:27,560

you want but at least listen to these

2276

01:31:32,320 --> 01:31:29,930

people they may have something that will

2277

01:31:34,090 --> 01:31:32,330

actually advance things along maybe they

2278

01:31:35,650 --> 01:31:34,100

actually did get a download maybe

2279

01:31:37,630 --> 01:31:35,660

actually they did get some material and

2280

01:31:39,910 --> 01:31:37,640

it's like 42 percent say they got

2281

01:31:41,530 --> 01:31:39,920

mathematical technical scientific

2282

01:31:42,850 --> 01:31:41,540

material 40 percent say they had the

2283

01:31:44,740 --> 01:31:42,860

answer to everything in the university

2284

01:31:47,440 --> 01:31:44,750

and during one point in their experience

2285

01:31:49,780 --> 01:31:47,450

I say that is a gold mine that has it's

2286

01:31:51,400 --> 01:31:49,790

almost like hacking the the universe if

2287

01:31:52,840 --> 01:31:51,410

you can hack into this if you can get

2288

01:31:55,300 --> 01:31:52,850

some of this material these people have

2289

01:31:57,520 --> 01:31:55,310

and as I said free had an actual physics

2290

01:31:59,260 --> 01:31:57,530

committee that was looking at this stuff

2291

01:32:00,970 --> 01:31:59,270

that these people were bringing out and

2292

01:32:02,680 --> 01:32:00,980

the court and I talked to Ray about it

2293

01:32:04,510 --> 01:32:02,690

and he didn't give me the details

2294

01:32:06,460 --> 01:32:04,520

there's two real big papers one by a

2295

01:32:08,560 --> 01:32:06,470

doctor and one by somebody else in

2296

01:32:10,030 --> 01:32:08,570

Florida and he said well they looked at

2297

01:32:11,470 --> 01:32:10,040

it and they really didn't know but it

2298

01:32:13,330 --> 01:32:11,480

wasn't crazy stuff they couldn't really

2299

01:32:15,280 --> 01:32:13,340

determine whether it was useful or not

2300

01:32:16,780 --> 01:32:15,290

but it wasn't crazy stuff that people

2301  
01:32:19,720 --> 01:32:16,790  
had made up it actually did make sense

2302  
01:32:26,170 --> 01:32:23,410  
I mean maybe there's something like an

2303  
01:32:28,330 --> 01:32:26,180  
Akashic record that people can tap into

2304  
01:32:30,580 --> 01:32:28,340  
that's kind of what I you know as a

2305  
01:32:33,250 --> 01:32:30,590  
songwriter I'm a songwriter and we don't

2306  
01:32:36,370 --> 01:32:33,260  
know where the songs come from so we

2307  
01:32:37,870 --> 01:32:36,380  
sort of have a presupposition that you

2308  
01:32:40,750 --> 01:32:37,880  
know songs all seem to be written

2309  
01:32:42,880 --> 01:32:40,760  
already and and and you know when you

2310  
01:32:45,160 --> 01:32:42,890  
when you get a song oftentimes it is

2311  
01:32:47,080 --> 01:32:45,170  
like a download and there seems to be

2312  
01:32:49,300 --> 01:32:47,090  
like this perfect form of it and you

2313  
01:32:52,510 --> 01:32:49,310

will tool around with it work at it like

2314

01:32:54,850 --> 01:32:52,520

a sculpture will work on a sculpture but

2315

01:32:56,680 --> 01:32:54,860

it's really what you're doing is as as

2316

01:32:58,390 --> 01:32:56,690

they say you're chipping away everything

2317

01:33:01,120 --> 01:32:58,400

that doesn't look like a horse

2318

01:33:03,280 --> 01:33:01,130

right and it's the same thing with with

2319

01:33:06,430 --> 01:33:03,290

songs and maybe that's the connection of

2320

01:33:08,530 --> 01:33:06,440

what you were talking about with with

2321

01:33:11,110 --> 01:33:08,540

the right brain thing and being able to

2322

01:33:13,690 --> 01:33:11,120

shut the the left the left is the

2323

01:33:16,210 --> 01:33:13,700

skeptical side the side that says oh I

2324

01:33:18,610 --> 01:33:16,220

can't do this so I can't write like Bob

2325

01:33:21,340 --> 01:33:18,620

Dylan you know I you know Bob Dylan is

2326

01:33:23,020 --> 01:33:21,350

Bob Dylan but you know Bob Dylan doesn't

2327

01:33:25,570 --> 01:33:23,030

really know where his gift and his songs

2328

01:33:26,860 --> 01:33:25,580

come from oh yeah 60 minutes actually

2329

01:33:29,290 --> 01:33:26,870

asked him where did blowing in the wind

2330

01:33:32,140 --> 01:33:29,300

come from anyway and I don't know from

2331

01:33:34,540 --> 01:33:32,150

that fear that field of creativity I

2332

01:33:35,590 --> 01:33:34,550

guess and and you get that sort of stuff

2333

01:33:38,110 --> 01:33:35,600

and the other thing about the

2334

01:33:40,390 --> 01:33:38,120

interesting about songwriters and and a

2335

01:33:42,100 --> 01:33:40,400

lot of them get them in dreams and the

2336

01:33:43,630 --> 01:33:42,110

dream is completely unlike any other

2337

01:33:45,700 --> 01:33:43,640

dream so in your dream it's all symbolic

2338

01:33:48,160 --> 01:33:45,710

is it doesn't make any sense as all this

2339

01:33:49,660 --> 01:33:48,170

weird stuff but when a songwriter talks

2340

01:33:51,640 --> 01:33:49,670

about a song that comes in a dream

2341

01:33:54,130 --> 01:33:51,650

there's no weird stuff it's like they

2342

01:33:55,990 --> 01:33:54,140

just basically it's clear as a bell and

2343

01:33:57,880 --> 01:33:56,000

they can actually record it and I even

2344

01:33:59,950 --> 01:33:57,890

have the one story that I'm going to

2345

01:34:03,970 --> 01:33:59,960

tell in contact modalities and you can

2346

01:34:05,620 --> 01:34:03,980

listen to this on National Public Radio

2347

01:34:07,960 --> 01:34:05,630

interviewed this guy this is a guy whose

2348

01:34:10,870 --> 01:34:07,970

son dies at childbirth he buries this

2349

01:34:13,150 --> 01:34:10,880

and he gets this an entire symphony in

2350

01:34:15,280 --> 01:34:13,160

his head he has no musical background he

2351  
01:34:17,560 --> 01:34:15,290  
spends in 20 years learning to play a

2352  
01:34:19,150 --> 01:34:17,570  
guitar learning to recreate this thing

2353  
01:34:20,740 --> 01:34:19,160  
and after 20 years the london

2354  
01:34:23,080 --> 01:34:20,750  
philharmonic orchestra plays he has to

2355  
01:34:24,880 --> 01:34:23,090  
gather a million pounds to have this

2356  
01:34:27,100 --> 01:34:24,890  
thing produced and he had this song in

2357  
01:34:29,080 --> 01:34:27,110  
his head for 20 years and you get those

2358  
01:34:30,490 --> 01:34:29,090  
kind of things and he would say very

2359  
01:34:31,900 --> 01:34:30,500  
clearly you could see him working with a

2360  
01:34:33,070 --> 01:34:31,910  
guy he was working on when they were

2361  
01:34:34,020 --> 01:34:33,080  
scoring the thing and you say no it

2362  
01:34:37,330 --> 01:34:34,030  
doesn't

2363  
01:34:39,100 --> 01:34:37,340

annoying and he knew exactly every note

2364

01:34:40,689 --> 01:34:39,110

and he could remember those notes for 20

2365

01:34:42,370 --> 01:34:40,699

years and when you look at that that's

2366

01:34:44,410 --> 01:34:42,380

when you say this is where we can

2367

01:34:46,270 --> 01:34:44,420

discover stuff when you see these very

2368

01:34:48,220 --> 01:34:46,280

bizarre or like the salons I looked a

2369

01:34:49,839 --> 01:34:48,230

lot at savants guys who can do these

2370

01:34:51,189 --> 01:34:49,849

calculations in their head that they

2371

01:34:52,810 --> 01:34:51,199

can't button their shirt but they can do

2372

01:34:54,939 --> 01:34:52,820

calculations or remember eight thousand

2373

01:34:56,709 --> 01:34:54,949

songs or give you a 15 digit prime

2374

01:34:57,729 --> 01:34:56,719

number and stuff like that that's where

2375

01:34:59,919 --> 01:34:57,739

you look at these people and you start

2376

01:35:01,689 --> 01:34:59,929

to realize we can learn something from

2377

01:35:03,280 --> 01:35:01,699

these people there's something going on

2378

01:35:05,169 --> 01:35:03,290

here that tells us that something that

2379

01:35:06,729 --> 01:35:05,179

we have right now that we believe is

2380

01:35:08,890 --> 01:35:06,739

wrong and if we can figure out what

2381

01:35:11,500 --> 01:35:08,900

they're doing we can advance science and

2382

01:35:14,350 --> 01:35:11,510

the universe or just to jump in really

2383

01:35:16,500 --> 01:35:14,360

quick grid I have seen I believe it was

2384

01:35:18,820 --> 01:35:16,510

on 60 minutes where they've actually

2385

01:35:20,979 --> 01:35:18,830

there are people out there who suffer

2386

01:35:22,990 --> 01:35:20,989

serious head injuries and develop

2387

01:35:25,270 --> 01:35:23,000

extraordinary talents they didn't have

2388

01:35:27,520 --> 01:35:25,280

before it's funny also maybe a little

2389

01:35:29,290 --> 01:35:27,530

bit of synchronicity or when you talked

2390

01:35:31,419 --> 01:35:29,300

about sculpting a horse I'm telling you

2391

01:35:33,129 --> 01:35:31,429

this guy took a lump of clay and turned

2392

01:35:34,689 --> 01:35:33,139

it into a reasonable facsimile of a

2393

01:35:37,930 --> 01:35:34,699

horse faster than I can crack my

2394

01:35:39,609 --> 01:35:37,940

knuckles I was impressed yeah yeah it

2395

01:35:41,290 --> 01:35:39,619

comes from that's a disassociation it

2396

01:35:45,660 --> 01:35:41,300

comes from head injury or brain injury

2397

01:35:47,859 --> 01:35:45,670

or like dissociating through hypnosis or

2398

01:35:49,810 --> 01:35:47,869

psychedelics and stuff like that where

2399

01:35:50,620 --> 01:35:49,820

you sort of do it or you take Diane

2400

01:35:52,870 --> 01:35:50,630

Hennessey Powell

2401

01:35:54,490 --> 01:35:52,880

if you've ever interviewed her she has

2402

01:35:57,100 --> 01:35:54,500

these savant kids and she had the one

2403

01:35:58,600 --> 01:35:57,110

girl Haley who she did the experiment

2404

01:36:01,209 --> 01:35:58,610

with the hit a hundred and sixty-two

2405

01:36:03,550 --> 01:36:01,219

numbers in a row writes telepathically

2406

01:36:05,830 --> 01:36:03,560

and this girl was would flip out she

2407

01:36:07,750 --> 01:36:05,840

couldn't talk she had to use a touch pad

2408

01:36:09,070 --> 01:36:07,760

she didn't that means that her left

2409

01:36:10,899 --> 01:36:09,080

brain was shut down she couldn't talk

2410

01:36:13,660 --> 01:36:10,909

she was totally but in terms of

2411

01:36:17,080 --> 01:36:13,670

telepathy I mean there's a couple of

2412

01:36:19,720 --> 01:36:17,090

these people around usually 10 or 10 or

2413

01:36:22,770 --> 01:36:19,730

11 year old kids and that when you start

2414

01:36:25,120 --> 01:36:22,780

to teach them to do language the

2415

01:36:27,870 --> 01:36:25,130

telepathic ability goes away when you

2416

01:36:30,010 --> 01:36:27,880

start to re-engage the left brain and so

2417

01:36:31,479 --> 01:36:30,020

that's where you can start to learn that

2418

01:36:33,339 --> 01:36:31,489

there are people who can do this

2419

01:36:34,959 --> 01:36:33,349

you are even 60 minutes had the one with

2420

01:36:36,850 --> 01:36:34,969

the memory people say all memory is not

2421

01:36:39,100 --> 01:36:36,860

very good it's it's you get these people

2422

01:36:43,089 --> 01:36:39,110

it's called what's it called highly yeah

2423

01:36:45,580 --> 01:36:43,099

I know yes where they could remember

2424

01:36:46,510 --> 01:36:45,590

every every event in their life from the

2425

01:36:47,169 --> 01:36:46,520

time they were 10 years old

2426

01:36:49,359 --> 01:36:47,179

exactly

2427

01:36:50,500 --> 01:36:49,369

on TV what happened on that day what day

2428

01:36:52,029 --> 01:36:50,510

of the week it was and stuff like that

2429

01:36:53,649 --> 01:36:52,039

and that happens with head injury as

2430

01:36:55,179 --> 01:36:53,659

well it's not just people who have this

2431

01:36:56,589 --> 01:36:55,189

sort of naturally is people who have

2432

01:36:59,020 --> 01:36:56,599

head injuries and they can suddenly tell

2433

01:37:01,000 --> 01:36:59,030

you everything so that shows you that

2434

01:37:03,339 --> 01:37:01,010

memory is perfect it's a it's like

2435

01:37:07,060 --> 01:37:03,349

everything else it's a matter of access

2436

01:37:09,640 --> 01:37:07,070

it's a matter in turning things on there

2437

01:37:11,739 --> 01:37:09,650

is an individual regarding I'll address

2438

01:37:13,359 --> 01:37:11,749

a few topics you just mentioned grant

2439

01:37:15,520 --> 01:37:13,369

thank you for talking about all that

2440

01:37:18,339 --> 01:37:15,530

there's an individual that had a had

2441

01:37:20,589 --> 01:37:18,349

head injury what what happened I'll just

2442

01:37:23,370 --> 01:37:20,599

tell the anecdotal story he was at a bar

2443

01:37:26,949 --> 01:37:23,380

and for some reason he got targeted and

2444

01:37:29,679 --> 01:37:26,959

then he got beat up outside his head hit

2445

01:37:32,229 --> 01:37:29,689

some kind of surface like the asphalt or

2446

01:37:35,350 --> 01:37:32,239

concrete of some kind he ended up at the

2447

01:37:37,359 --> 01:37:35,360

hospital and multiple people were you

2448

01:37:42,339 --> 01:37:37,369

know jumping him and then the end result

2449

01:37:46,229 --> 01:37:42,349

was Jason Padgett he actually ended up

2450

01:37:49,330 --> 01:37:46,239

with he ended up becoming a math genius

2451

01:37:51,910 --> 01:37:49,340

overnight he was able to actually draw

2452

01:37:53,379 --> 01:37:51,920

circles made up of increasingly many

2453

01:37:55,839 --> 01:37:53,389

triangles which he refers to as an

2454

01:37:57,969 --> 01:37:55,849

illustration I'll go ahead and include a

2455

01:38:00,609 --> 01:37:57,979

link regarding that in a moment but I

2456

01:38:02,049 --> 01:38:00,619

think it's fascinating because he

2457

01:38:03,640 --> 01:38:02,059

actually is one of the few people on the

2458

01:38:07,660 --> 01:38:03,650

planet that can draw a perfect circle

2459

01:38:09,310 --> 01:38:07,670

now and that's based on the head injury

2460

01:38:11,620 --> 01:38:09,320

situation I also want to bring up

2461

01:38:15,040 --> 01:38:11,630

something that will end up addressing a

2462

01:38:16,870 --> 01:38:15,050

topic of children with interesting with

2463

01:38:19,359 --> 01:38:16,880

extraordinary abilities I think China

2464

01:38:21,100 --> 01:38:19,369

did a study on that but I wanted to

2465

01:38:23,290 --> 01:38:21,110

start off first talking about an

2466

01:38:25,509 --> 01:38:23,300

individual that actually talks about the

2467

01:38:28,839 --> 01:38:25,519

possibility of teleportation his name is

2468

01:38:30,609 --> 01:38:28,849

dr. Eric Davis and he received his PhD

2469

01:38:32,620 --> 01:38:30,619

in astrophysics from the University of

2470

01:38:34,359 --> 01:38:32,630

Arizona in 91 his fields of

2471

01:38:35,830 --> 01:38:34,369

specialization include spacecraft

2472

01:38:38,830 --> 01:38:35,840

exploration of the outer solar system

2473

01:38:41,739 --> 01:38:38,840

planetary sciences relativity theory and

2474

01:38:43,509 --> 01:38:41,749

cosmology space mission engineering NASA

2475

01:38:45,790 --> 01:38:43,519

breakthrough propulsion physics I'll

2476  
01:38:48,640 --> 01:38:45,800  
include that link in a moment I wanted

2477  
01:38:50,679 --> 01:38:48,650  
to read a quote by him it says some

2478  
01:38:53,100 --> 01:38:50,689  
researchers state that it is necessary

2479  
01:38:56,109 --> 01:38:53,110  
to invoke a new physics which somehow

2480  
01:38:58,750 --> 01:38:56,119  
unifies the human consciousness ie

2481  
01:39:00,339 --> 01:38:58,760  
physics of consciousness with quantum

2482  
01:39:01,090 --> 01:39:00,349  
and space-time physics in order to

2483  
01:39:03,250 --> 01:39:01,100  
understand

2484  
01:39:04,930 --> 01:39:03,260  
teleportation and related PK phenomena

2485  
01:39:08,560 --> 01:39:04,940  
the researchers were amazed by the

2486  
01:39:10,390 --> 01:39:08,570  
repeated results and were barely able to

2487  
01:39:12,420 --> 01:39:10,400  
fathom the altered state of being that

2488  
01:39:17,200 --> 01:39:12,430

test specimens underwent during

2489

01:39:19,150 --> 01:39:17,210

teleportation then he had another quote

2490

01:39:21,280 --> 01:39:19,160

here wanted to read it became known to

2491

01:39:23,110 --> 01:39:21,290

myself along with several colleagues

2492

01:39:25,480 --> 01:39:23,120

both inside and outside of government

2493

01:39:27,160 --> 01:39:25,490

that anomalous teleportation has been

2494

01:39:29,260 --> 01:39:27,170

scientifically investigated and

2495

01:39:31,900 --> 01:39:29,270

separately documented by the Department

2496

01:39:33,880 --> 01:39:31,910

of Defense I wanted to go on to talk a

2497

01:39:35,440 --> 01:39:33,890

little bit about a paper published in

2498

01:39:38,050 --> 01:39:35,450

the People's Republic of China in

2499

01:39:41,260 --> 01:39:38,060

September of 81 in the journals iran's

2500

01:39:43,120 --> 01:39:41,270

aussie and the its nature journal titled

2501

01:39:45,070 --> 01:39:43,130

some experiments on the transfer of

2502

01:39:47,680 --> 01:39:45,080

objects performed by unusual abilities

2503

01:39:49,060 --> 01:39:47,690

of the human body reported that gifted

2504

01:39:50,950 --> 01:39:49,070

children are able to cause the

2505

01:39:52,960 --> 01:39:50,960

teleportation of small physical objects

2506

01:39:54,700 --> 01:39:52,970

from one place to another objects

2507

01:39:57,060 --> 01:39:54,710

included watches horse flies other

2508

01:39:59,500 --> 01:39:57,070

insects radio micro transmitters

2509

01:40:01,360 --> 01:39:59,510

photosensitive paper and more the

2510

01:40:03,220 --> 01:40:01,370

participants never touched the objects

2511

01:40:05,110 --> 01:40:03,230

before hand the experiments were done

2512

01:40:08,110 --> 01:40:05,120

under both blind and double-blind

2513

01:40:10,540 --> 01:40:08,120

conditions and the researchers involved

2514

01:40:12,490 --> 01:40:10,550

came from various colleges and sectors

2515

01:40:14,350 --> 01:40:12,500

of the Department of Defense this is an

2516

01:40:15,580 --> 01:40:14,360

exceptional case because it was deemed

2517

01:40:17,590 --> 01:40:15,590

necessary that an unclassified

2518

01:40:19,510 --> 01:40:17,600

intelligence information report be

2519

01:40:21,700 --> 01:40:19,520

prepared for public viewing a more

2520

01:40:23,410 --> 01:40:21,710

research was done by the aerospace

2521

01:40:26,140 --> 01:40:23,420

medicine engineering Institute in

2522

01:40:27,760 --> 01:40:26,150

Beijing in July of 90 it was published

2523

01:40:30,370 --> 01:40:27,770

in the Chinese Journal of somatic

2524

01:40:32,020 --> 01:40:30,380

science this study reported several

2525

01:40:36,280 --> 01:40:32,030

experiments involving high-speed

2526

01:40:38,800 --> 01:40:36,290

photography videotaping high-speed

2527

01:40:40,420 --> 01:40:38,810

photography videotaping which was able

2528

01:40:43,090 --> 01:40:40,430

to capture the transfer of test

2529

01:40:44,980 --> 01:40:43,100

specimens like nuts matches nails pills

2530

01:40:47,470 --> 01:40:44,990

and more through the walls of sealed

2531

01:40:50,020 --> 01:40:47,480

paper envelopes sealed glass bottles and

2532

01:40:51,610 --> 01:40:50,030

tubes sealed plastic film canisters and

2533

01:40:53,560 --> 01:40:51,620

more without the walls of any of these

2534

01:40:55,690 --> 01:40:53,570

containers being breached all of these

2535

01:40:56,920 --> 01:40:55,700

experiments reported using gifted

2536

01:40:58,990 --> 01:40:56,930

children and adults to cause a

2537

01:41:02,190 --> 01:40:59,000

teleportation of various materials I'm

2538

01:41:04,660 --> 01:41:02,200

almost done I just want to stop

2539

01:41:06,910 --> 01:41:04,670

I just want to list off a few things

2540

01:41:08,320 --> 01:41:06,920

I'll go as fast as I can different

2541

01:41:10,480 --> 01:41:08,330

research groups design different

2542

01:41:12,700 --> 01:41:10,490

experimental methods using gifted

2543

01:41:14,930 --> 01:41:12,710

psychics different steel containers and

2544

01:41:17,390 --> 01:41:14,940

test specimens that were able to develop

2545

01:41:18,950 --> 01:41:17,400

time required for teleportation of the

2546

01:41:20,870 --> 01:41:18,960

test specimens through various barriers

2547

01:41:21,740 --> 01:41:20,880

was anywhere from a fraction of a second

2548

01:41:23,629 --> 01:41:21,750

to several minutes

2549

01:41:27,620 --> 01:41:23,639

it didn't matter which best test

2550

01:41:29,620 --> 01:41:27,630

specimen was used I'll just go on to the

2551

01:41:32,030 --> 01:41:29,630

last part the high-speed photography

2552

01:41:33,979 --> 01:41:32,040

videotaping records test specimens

2553

01:41:35,899 --> 01:41:33,989

melding or blending with the walls of

2554

01:41:37,580 --> 01:41:35,909

steel containers and then simply just

2555

01:41:39,830 --> 01:41:37,590

appear from the inside of the container

2556

01:41:42,140 --> 01:41:39,840

only to reappear at another location

2557

01:41:45,979 --> 01:41:42,150

okay I had a question for everybody and

2558

01:41:48,800 --> 01:41:45,989

that is if there are children and that

2559

01:41:51,020 --> 01:41:48,810

gifted that have the ability to never

2560

01:41:54,620 --> 01:41:51,030

touch objects before hand or touch them

2561

01:41:56,180 --> 01:41:54,630

at all under double-blind conditions and

2562

01:41:59,840 --> 01:41:56,190

both blind and double-blind conditions

2563

01:42:01,580 --> 01:41:59,850

in a scientific experiment it is it

2564

01:42:03,680 --> 01:42:01,590

possible that some of these items that

2565

01:42:10,640 --> 01:42:03,690

are being teleported such as quarters

2566

01:42:13,040 --> 01:42:10,650

fish frogs anything at all could

2567

01:42:17,840 --> 01:42:13,050

possibly be from humans and not from

2568

01:42:19,100 --> 01:42:17,850

aliens well I would that I would like to

2569

01:42:20,890 --> 01:42:19,110

see a little bit more I would like to

2570

01:42:23,419 --> 01:42:20,900

see some of that high-speed videotape

2571

01:42:26,120 --> 01:42:23,429

you know I I'd obviously like to know a

2572

01:42:28,070 --> 01:42:26,130

little bit more about it my guess is

2573

01:42:30,320 --> 01:42:28,080

that we have well I know we have a

2574

01:42:33,979 --> 01:42:30,330

because we had urug yellow reel we've

2575

01:42:37,459 --> 01:42:33,989

tried that kind of thing here I would

2576

01:42:39,620 --> 01:42:37,469

say that I am really skeptical I would

2577

01:42:41,270 --> 01:42:39,630

like to see that videotape I can make a

2578

01:42:43,490 --> 01:42:41,280

comment on that he'll put up I believe

2579

01:42:45,350 --> 01:42:43,500

was watching those kids my friend Bob

2580

01:42:48,740 --> 01:42:45,360

emmenecker did UFOs past present future

2581

01:42:51,320 --> 01:42:48,750

was actually going to go to China to

2582

01:42:54,500 --> 01:42:51,330

investigate this story with his co

2583

01:42:55,820 --> 01:42:54,510

producer Bob Sandler and and Bob's wife

2584

01:42:57,530 --> 01:42:55,830

would let him go but they were gonna

2585

01:42:59,629 --> 01:42:57,540

actually go and reinvestigate this story

2586

01:43:01,729 --> 01:42:59,639

and I'm hunter percent sure but I think

2587

01:43:04,790 --> 01:43:01,739

he'll was one that put him onto this and

2588

01:43:06,740 --> 01:43:04,800

with some of these these reports and his

2589

01:43:08,360 --> 01:43:06,750

I guess the CIA was watching these kids

2590

01:43:10,430 --> 01:43:08,370

that's the one thing the other one is

2591

01:43:12,439 --> 01:43:10,440

you mentioned uri geller i not your

2592

01:43:14,780 --> 01:43:12,449

gather Eric Davis you gotta remember the

2593

01:43:17,209 --> 01:43:14,790

Eric Davis had a very dramatic UFO

2594

01:43:19,430 --> 01:43:17,219

sighting at his graduation when he was

2595

01:43:20,750 --> 01:43:19,440

graduating with his PhD and that the

2596

01:43:21,979 --> 01:43:20,760

report was that when they were at

2597

01:43:24,110 --> 01:43:21,989

skinwalker ranch there was a lot of

2598

01:43:26,330 --> 01:43:24,120

people like George Knapp and people like

2599

01:43:28,070 --> 01:43:26,340

that john john alexander who didn't have

2600

01:43:28,729 --> 01:43:28,080

anything happen and a lot of the stuff

2601

01:43:30,709 --> 01:43:28,739

was happening her

2602

01:43:33,799 --> 01:43:30,719

Eric Davis which gives gives you this

2603

01:43:35,810 --> 01:43:33,809

whole idea that you may need an

2604

01:43:38,270 --> 01:43:35,820

experimenter to get the phenomena to

2605

01:43:39,529 --> 01:43:38,280

materialize and I know kick green has

2606

01:43:41,239 --> 01:43:39,539

been over there and I've done a little

2607

01:43:43,549 --> 01:43:41,249

bit of work with the Chinese in recent

2608

01:43:44,959 --> 01:43:43,559

years as well yeah and they would watch

2609

01:43:46,910 --> 01:43:44,969

these kids that's the whole point is

2610

01:43:49,009 --> 01:43:46,920

that it may be black ops where they're

2611

01:43:51,200 --> 01:43:49,019

watching him secretly but when that kind

2612

01:43:52,970 --> 01:43:51,210

of stuff is gone you'd be crazy if you

2613

01:43:54,620 --> 01:43:52,980

were an intelligence agency if you

2614

01:43:56,540 --> 01:43:54,630

didn't go and try to investigate these

2615

01:43:58,549 --> 01:43:56,550

kids and figure out what is going on

2616

01:44:00,020 --> 01:43:58,559

because that's why we did remote viewing

2617

01:44:01,939 --> 01:44:00,030

the only reason we did remote viewing is

2618

01:44:03,919 --> 01:44:01,949

because we learned that the Russians

2619

01:44:05,629 --> 01:44:03,929

were doing it and we realized that you

2620

01:44:07,160 --> 01:44:05,639

can be very skeptical and say I don't

2621

01:44:08,899 --> 01:44:07,170

believe this is going on but if you

2622

01:44:10,729 --> 01:44:08,909

happen to be wrong and the Russians are

2623

01:44:12,290 --> 01:44:10,739

right and they get to technology it's

2624

01:44:14,660 --> 01:44:12,300

game over whoever has this kind of

2625

01:44:15,649 --> 01:44:14,670

technology will rule the world and so it

2626

01:44:17,299 --> 01:44:15,659

doesn't really matter whether you

2627

01:44:19,609 --> 01:44:17,309

believe in the technology or not

2628

01:44:21,109 --> 01:44:19,619

if somebody's claiming to have this kind

2629

01:44:30,290 --> 01:44:21,119

of stuff you have to investigate it you

2630

01:44:32,060 --> 01:44:30,300

have no choice true very well I wanted

2631

01:44:34,850 --> 01:44:32,070

to bring up an interesting situation

2632

01:44:36,200 --> 01:44:34,860

that occurred too early and that was he

2633

01:44:38,989 --> 01:44:36,210

had a teleportation incident that

2634

01:44:40,580 --> 01:44:38,999

occurred to him and we had the

2635

01:44:44,149 --> 01:44:40,590

opportunity to actually interview him

2636

01:44:47,270 --> 01:44:44,159

recently Frank and I did and it was a

2637

01:44:50,299 --> 01:44:47,280

fascinating story I guess he was on a

2638

01:44:52,339 --> 01:44:50,309

journey over actually he I think he was

2639

01:44:54,410 --> 01:44:52,349

just jogging and he ended up actually

2640

01:44:57,290 --> 01:44:54,420

and Frank you'll have to tell me how to

2641

01:44:59,479 --> 01:44:57,300

pronounce believe he was just walking

2642

01:45:01,580 --> 01:44:59,489

around near his place in Manhattan and

2643

01:45:05,660 --> 01:45:01,590

he ended up I think it was like 35 miles

2644

01:45:07,669 --> 01:45:05,670

away at the home of his sort of mentor

2645

01:45:09,620 --> 01:45:07,679

at least here in North America aundrea

2646

01:45:10,970 --> 01:45:09,630

Puharich thank you I didn't have a story

2647

01:45:13,339 --> 01:45:10,980

about that that I wanted to share with

2648

01:45:16,359 --> 01:45:13,349

everybody and this is actually kind of a

2649

01:45:19,040 --> 01:45:16,369

bombshell because I don't believe that

2650

01:45:20,120 --> 01:45:19,050

hurry even knows about this I did

2651

01:45:23,089 --> 01:45:20,130

contact Yuri

2652

01:45:25,399 --> 01:45:23,099

by the way and to talk about this with

2653

01:45:27,649 --> 01:45:25,409

him and I actually did on short notice

2654

01:45:29,720 --> 01:45:27,659

because as you know a funny way I just

2655

01:45:31,729 --> 01:45:29,730

wanted to mention I did reach out to him

2656

01:45:33,109 --> 01:45:31,739

but I have not had the opportunity to

2657

01:45:36,200 --> 01:45:33,119

hear back from him he's in a totally

2658

01:45:38,270 --> 01:45:36,210

different time zone so I got an email

2659

01:45:40,040 --> 01:45:38,280

from somebody and they said while

2660

01:45:42,560 --> 01:45:40,050

watching your you fond interview with

2661

01:45:44,450 --> 01:45:42,570

early he spoke of being taken

2662

01:45:46,399 --> 01:45:44,460

from a New York City Street and transfer

2663

01:45:48,200 --> 01:45:46,409

and transported to Frank and he

2664

01:45:49,669 --> 01:45:48,210

pronounced his name I can't pronounce it

2665

01:45:52,490 --> 01:45:49,679

search yeah

2666

01:45:55,040 --> 01:45:52,500

it's yes thank you his house many years

2667

01:45:57,740 --> 01:45:55,050

ago I was talking with an individual I

2668

01:46:00,200 --> 01:45:57,750

can't say who it was they do say who it

2669

01:46:03,530 --> 01:46:00,210

is in the email by the way she was at

2670

01:46:05,180 --> 01:46:03,540

Andrea's house sitting with others

2671

01:46:07,129 --> 01:46:05,190

outside on a patio covered with

2672

01:46:11,240 --> 01:46:07,139

lattice work and they had just been

2673

01:46:13,819 --> 01:46:11,250

talking by phone with Erie and has him

2674

01:46:16,100 --> 01:46:13,829

to come visit them at Andrea's house

2675

01:46:18,740 --> 01:46:16,110

north of New York City in Austin New

2676  
01:46:20,709 --> 01:46:18,750  
York suddenly he fell down through the

2677  
01:46:23,030 --> 01:46:20,719  
overhead lattice work on the patio

2678  
01:46:24,560 --> 01:46:23,040  
everyone was stunned as they believe

2679  
01:46:26,870 --> 01:46:24,570  
they had been talking with him a short

2680  
01:46:29,390 --> 01:46:26,880  
time before and believed him to be in

2681  
01:46:31,129 --> 01:46:29,400  
New York City at the time this is just a

2682  
01:46:34,280 --> 01:46:31,139  
corroboration of his statement and dad

2683  
01:46:37,250 --> 01:46:34,290  
email came to me on 424 this year right

2684  
01:46:39,410 --> 01:46:37,260  
after the show let me tell you did you

2685  
01:46:42,439 --> 01:46:39,420  
you I don't know if you asked him but

2686  
01:46:45,950 --> 01:46:42,449  
the the the egg story I mean I took a

2687  
01:46:48,050 --> 01:46:45,960  
lot of John Lennon's story yeah well and

2688  
01:46:49,790 --> 01:46:48,060

what happened after yes he did I took a

2689

01:46:50,780 --> 01:46:49,800

lot of flack when I posted that as well

2690

01:46:52,700 --> 01:46:50,790

because there's a lot of people either

2691

01:46:55,459 --> 01:46:52,710

like you're you don't you like URI and

2692

01:46:57,410 --> 01:46:55,469

Astoria is that that that he was friends

2693

01:47:00,620 --> 01:46:57,420

with John Lennon and that John Lennon

2694

01:47:02,629 --> 01:47:00,630

had a second sighting in which he's at

2695

01:47:05,149 --> 01:47:02,639

the second time he's with Yoko Ono he

2696

01:47:07,550 --> 01:47:05,159

tries to wake Yuko up it's this classic

2697

01:47:08,600 --> 01:47:07,560

abductions story tries to wake her up he

2698

01:47:10,550 --> 01:47:08,610

can't wake her up there's light coming

2699

01:47:12,169 --> 01:47:10,560

from under the door he goes he opens the

2700

01:47:13,939 --> 01:47:12,179

door and he's these he calls him effing

2701  
01:47:15,350 --> 01:47:13,949  
bug people were standing there he tries

2702  
01:47:17,540 --> 01:47:15,360  
to push them back and they sort of with

2703  
01:47:18,919 --> 01:47:17,550  
their mind they sort of move him back he

2704  
01:47:21,560 --> 01:47:18,929  
wakes up in the morning he's on top of

2705  
01:47:23,089 --> 01:47:21,570  
the covers Yoko Ono's awake he's got

2706  
01:47:25,010 --> 01:47:23,099  
this egg thing in his hand and a lot of

2707  
01:47:27,979 --> 01:47:25,020  
people who said oh he faked this thing

2708  
01:47:29,540 --> 01:47:27,989  
it's a magician's thing and he's making

2709  
01:47:31,609 --> 01:47:29,550  
this whole thing up so over the years

2710  
01:47:34,010 --> 01:47:31,619  
he's had this thing that he was given to

2711  
01:47:35,839 --> 01:47:34,020  
him by John Lennon that John Lennon met

2712  
01:47:37,700 --> 01:47:35,849  
him at a restaurant and said this may be

2713  
01:47:39,020 --> 01:47:37,710

my ticket to another planet but I don't

2714

01:47:41,209 --> 01:47:39,030

want it you can have it he gives it to

2715

01:47:43,550 --> 01:47:41,219

Uri Geller and about a year later he's

2716

01:47:45,770 --> 01:47:43,560

assassinated so URIs had this thing with

2717

01:47:48,589 --> 01:47:45,780

him so my friend Sid Goldberg from

2718

01:47:50,180 --> 01:47:48,599

Gaia's over in Israel in he says what do

2719

01:47:52,189 --> 01:47:50,190

you want me to ask URI and I said well

2720

01:47:54,620 --> 01:47:52,199

ask him about the egg ask get him to

2721

01:47:56,560 --> 01:47:54,630

show you the bronze egg so he asks URI

2722

01:48:00,370 --> 01:47:56,570

and URI says

2723

01:48:03,160 --> 01:48:00,380

tomorrow and so he Sid takes a picture

2724

01:48:05,020 --> 01:48:03,170

of the him holding this this egg and he

2725

01:48:07,810 --> 01:48:05,030

sends it to me he says this is for you

2726

01:48:10,030 --> 01:48:07,820

so I sent an email back to Sid Goldberg

2727

01:48:11,410 --> 01:48:10,040

and I say good boy

2728

01:48:14,950 --> 01:48:11,420

maybe this is your ticket to another

2729

01:48:17,080 --> 01:48:14,960

planet and as this email is arriving in

2730

01:48:17,650 --> 01:48:17,090

Israel he's having dinner with Uri

2731

01:48:21,370 --> 01:48:17,660

Geller

2732

01:48:23,470 --> 01:48:21,380

am and this question about the egg and

2733

01:48:25,690 --> 01:48:23,480

all of her stuff and then he says oh

2734

01:48:27,820 --> 01:48:25,700

look he's an emails just come in from

2735

01:48:30,340 --> 01:48:27,830

Grant and he reads it and my email says

2736

01:48:32,290 --> 01:48:30,350

good boy he shows me this egg I says

2737

01:48:35,400 --> 01:48:32,300

yeah good boy maybe it is your ticket to

2738

01:48:38,290 --> 01:48:35,410

another planet and and then URI you're a

2739

01:48:40,630 --> 01:48:38,300

URI says oh good and then as that

2740

01:48:42,580 --> 01:48:40,640

happens imagine starts to play on the

2741

01:48:44,320 --> 01:48:42,590

radio in the restaurant and URI says

2742

01:48:46,090 --> 01:48:44,330

listen listen imagines playing in his

2743

01:48:48,010 --> 01:48:46,100

head he says look my hair standing up on

2744

01:48:49,810 --> 01:48:48,020

my arms and people say oh you're ISA

2745

01:48:52,150 --> 01:48:49,820

fake and I said well did he actually

2746

01:48:54,250 --> 01:48:52,160

fake the music - because that was

2747

01:48:55,480 --> 01:48:54,260

something where it's one thing when you

2748

01:48:56,830 --> 01:48:55,490

hear other people tell the story it's

2749

01:48:58,090 --> 01:48:56,840

another thing when it happens to you it

2750

01:49:00,490 --> 01:48:58,100

was pretty bizarre

2751  
01:49:03,010 --> 01:49:00,500  
okay so grant how do you feel about the

2752  
01:49:04,270 --> 01:49:03,020  
possibility just to backtrack regarding

2753  
01:49:07,210 --> 01:49:04,280  
my question which i think is completely

2754  
01:49:09,610 --> 01:49:07,220  
valid that it may not necessarily be a

2755  
01:49:11,820 --> 01:49:09,620  
consciousness that is ET related but the

2756  
01:49:14,410 --> 01:49:11,830  
possibility of human related

2757  
01:49:18,100 --> 01:49:14,420  
teleportation regarding objects that

2758  
01:49:19,950 --> 01:49:18,110  
people are witnessing is that a

2759  
01:49:22,630 --> 01:49:19,960  
possibility how do you feel about that

2760  
01:49:24,340 --> 01:49:22,640  
well it's always going to be internally

2761  
01:49:27,100 --> 01:49:24,350  
there is only if you get into the whole

2762  
01:49:28,900 --> 01:49:27,110  
you know oneness thing it's all one

2763  
01:49:30,340 --> 01:49:28,910

thing it's all inside your head there's

2764

01:49:33,100 --> 01:49:30,350

no out there out there everything that

2765

01:49:34,900 --> 01:49:33,110

happens happens in your mind so yes it's

2766

01:49:36,220 --> 01:49:34,910

like with the the ions experiment if you

2767

01:49:39,310 --> 01:49:36,230

saw the ions experiment where they're

2768

01:49:41,170 --> 01:49:39,320

doing the the the did double-slit

2769

01:49:45,130 --> 01:49:41,180

experiment where they're using people to

2770

01:49:47,860 --> 01:49:45,140

use their mind to interfere with the the

2771

01:49:50,830 --> 01:49:47,870

could the quantum wave and they get this

2772

01:49:53,290 --> 01:49:50,840

very direct sort of influence where

2773

01:49:54,730 --> 01:49:53,300

people can actually influence these you

2774

01:49:57,070 --> 01:49:54,740

know these quantum waves that are

2775

01:50:00,160 --> 01:49:57,080

turning into particles and the guy that

2776

01:50:03,070 --> 01:50:00,170

was the top guy was this yoga yoga guy

2777

01:50:05,950 --> 01:50:03,080

that that had really really high hit

2778

01:50:07,930 --> 01:50:05,960

race and he said to him he said are so

2779

01:50:09,129 --> 01:50:07,940

did you go into the other room with your

2780

01:50:11,290 --> 01:50:09,139

mind

2781

01:50:13,000 --> 01:50:11,300

do that and he said no I just went

2782

01:50:15,160 --> 01:50:13,010

within myself and that's the whole thing

2783

01:50:17,620 --> 01:50:15,170

yeah it's all going to be mined it's all

2784

01:50:19,600 --> 01:50:17,630

going to be us it's almost like John

2785

01:50:21,640 --> 01:50:19,610

John Alexander said what if it's true

2786

01:50:23,169 --> 01:50:21,650

that they are us and we are them it's

2787

01:50:23,590 --> 01:50:23,179

the whole idea that if it's all linked

2788

01:50:25,750 --> 01:50:23,600

together

2789

01:50:26,979 --> 01:50:25,760

it's like telepathy it's not a signal

2790

01:50:29,500 --> 01:50:26,989

that's going between one person and

2791

01:50:31,540 --> 01:50:29,510

another it's all one thing you're all in

2792

01:50:33,100 --> 01:50:31,550

the same field and all you're doing is

2793

01:50:35,020 --> 01:50:33,110

going into the field and reading the

2794

01:50:37,510 --> 01:50:35,030

field it's it's all one thing there is

2795

01:50:38,439 --> 01:50:37,520

no there there is no separation I think

2796

01:50:40,330 --> 01:50:38,449

that's one of the main things I'm

2797

01:50:42,280 --> 01:50:40,340

starting to believe now there's no

2798

01:50:43,689 --> 01:50:42,290

separation it's all one thing and when

2799

01:50:45,870 --> 01:50:43,699

you believe that that's the whole idea

2800

01:50:48,520 --> 01:50:45,880

how do they get here it's all one thing

2801  
01:50:50,590 --> 01:50:48,530  
there is no real time in space and that

2802  
01:50:53,350 --> 01:50:50,600  
quantum physics starts to show that that

2803  
01:50:54,609 --> 01:50:53,360  
that may be an illusion that it's all

2804  
01:50:55,780 --> 01:50:54,619  
one thing and that's how you can move

2805  
01:50:57,609 --> 01:50:55,790  
from one place to another you have to

2806  
01:50:59,410 --> 01:50:57,619  
understand this this principle of

2807  
01:51:02,620 --> 01:50:59,420  
oneness that it's all one thing so yes

2808  
01:51:04,390 --> 01:51:02,630  
we are definitely influencing what's

2809  
01:51:06,850 --> 01:51:04,400  
happening around us and whether we're

2810  
01:51:07,990 --> 01:51:06,860  
doing it or an outside force I still

2811  
01:51:10,180 --> 01:51:08,000  
think it's all going to be one thing

2812  
01:51:12,160 --> 01:51:10,190  
it's all happening in the same feet how

2813  
01:51:13,330 --> 01:51:12,170

same feel all right thank you for your

2814

01:51:15,250 --> 01:51:13,340

answer we're gonna move on to something

2815

01:51:17,740 --> 01:51:15,260

else but before I leave that topic I

2816

01:51:19,330 --> 01:51:17,750

just wanted to mention and that it kind

2817

01:51:21,580 --> 01:51:19,340

of sounds a little bit like that book

2818

01:51:22,390 --> 01:51:21,590

the child physics to me regarding what

2819

01:51:25,479 --> 01:51:22,400

you just said

2820

01:51:28,090 --> 01:51:25,489

and when excerpt from the Chou physics

2821

01:51:29,350 --> 01:51:28,100

summarizes the author cappers motivation

2822

01:51:31,180 --> 01:51:29,360

for writing that book and that was

2823

01:51:33,609 --> 01:51:31,190

science does not need mysticism and

2824

01:51:36,040 --> 01:51:33,619

mysticism does not need science but man

2825

01:51:38,800 --> 01:51:36,050

needs both I'm not saying that what you

2826

01:51:40,930 --> 01:51:38,810

said is mysticism related all of it in

2827

01:51:43,030 --> 01:51:40,940

its entirety but it does sound a little

2828

01:51:45,010 --> 01:51:43,040

bit similar to that book to me now

2829

01:51:50,970 --> 01:51:45,020

there's an interesting article and that

2830

01:51:54,669 --> 01:51:50,980

Paul Dean a researcher also a young gun

2831

01:51:55,810 --> 01:51:54,679

wrote recently and he he gave me the

2832

01:51:59,350 --> 01:51:55,820

information to go ahead and share with

2833

01:52:01,000 --> 01:51:59,360

us on the show and that is multi he

2834

01:52:04,180 --> 01:52:01,010

wrote at this in this manner he said

2835

01:52:06,189 --> 01:52:04,190

shock multi-sensor UFO tracking network

2836

01:52:09,070 --> 01:52:06,199

in Vietnam and here is the final

2837

01:52:11,680 --> 01:52:09,080

bombshell these UFOs or whatever they

2838

01:52:15,040 --> 01:52:11,690

were may have caused a missile strike on

2839

01:52:19,750 --> 01:52:15,050

Australia's HMAS Hobart ship by the USAF

2840

01:52:22,510 --> 01:52:19,760

in 2016 Paul Dean stumbled onto numerous

2841

01:52:22,940 --> 01:52:22,520

Vietnam War era US Air Force US Marine

2842

01:52:28,190 --> 01:52:22,950

Corps

2843

01:52:31,410 --> 01:52:28,200

documents relating to the unidentifiable

2844

01:52:33,930 --> 01:52:31,420

helicopters phantom helicopters unknown

2845

01:52:36,840 --> 01:52:33,940

objects unidentified flying objects and

2846

01:52:38,730 --> 01:52:36,850

UFOs importantly these airborne entities

2847

01:52:41,010 --> 01:52:38,740

were considered are treated as distinct

2848

01:52:43,260 --> 01:52:41,020

from mere enemy helicopters or enemy

2849

01:52:46,050 --> 01:52:43,270

aircraft the records initially were

2850

01:52:48,600 --> 01:52:46,060

mostly US army records like history and

2851  
01:52:51,960 --> 01:52:48,610  
Clara law chronologies mission reports

2852  
01:52:53,900 --> 01:52:51,970  
patrol logs briefs daily staff journals

2853  
01:52:56,670 --> 01:52:53,910  
and so-called lessons-learned

2854  
01:52:59,850 --> 01:52:56,680  
publications these gave way to much more

2855  
01:53:02,400 --> 01:52:59,860  
alarming to US Air Force records though

2856  
01:53:04,560 --> 01:53:02,410  
as we shall see some of his first finds

2857  
01:53:07,800 --> 01:53:04,570  
were still significant for example he

2858  
01:53:11,010 --> 01:53:07,810  
says he has the 23rd entry 23rd Infantry

2859  
01:53:16,260 --> 01:53:11,020  
Division daily journal entry dated the

2860  
01:53:17,910 --> 01:53:16,270  
6th of January 1969 which says certain I

2861  
01:53:21,690 --> 01:53:17,920  
guess there's objects flying into their

2862  
01:53:23,610 --> 01:53:21,700  
area about seven hundred millimeter I'm

2863  
01:53:25,950 --> 01:53:23,620

not sure what he means my M in front of

2864

01:53:28,560 --> 01:53:25,960

them a Z 310 degrees

2865

01:53:30,270 --> 01:53:28,570

thank you meters yes Thanks this this

2866

01:53:32,780 --> 01:53:30,280

this email by the way there's no spaces

2867

01:53:35,400 --> 01:53:32,790

in it so I have to separate the words

2868

01:53:38,400 --> 01:53:35,410

objects came in slow over the ASP and

2869

01:53:40,920 --> 01:53:38,410

landed when object moves it has a slow

2870

01:53:42,930 --> 01:53:40,930

it has a glowing light it is about 15 to

2871

01:53:47,520 --> 01:53:42,940

20 feet across it is shaped like a big

2872

01:53:50,610 --> 01:53:47,530

egg control TWR reports their radar

2873

01:53:52,770 --> 01:53:50,620

thank you did not pick anything up

2874

01:53:55,440 --> 01:53:52,780

object also does not seem to have any

2875

01:53:56,910 --> 01:53:55,450

sound to it when it moves now I could go

2876

01:53:58,680 --> 01:53:56,920

on and on because this is a very very

2877

01:54:01,410 --> 01:53:58,690

long report but I just wanted to read

2878

01:54:02,940 --> 01:54:01,420

another excerpt another document uh-huh

2879

01:54:05,640 --> 01:54:02,950

although this is one to researchers

2880

01:54:07,620 --> 01:54:05,650

evolved wasn't my discovery namely a US

2881

01:54:10,860 --> 01:54:07,630

Army counterintelligence spot report

2882

01:54:12,990 --> 01:54:10,870

sent from the 524 military intelligence

2883

01:54:15,300 --> 01:54:13,000

detachment Saigon States

2884

01:54:17,400 --> 01:54:15,310

I observed five large illuminated

2885

01:54:19,110 --> 01:54:17,410

oval-shaped objects traveling in close

2886

01:54:21,360 --> 01:54:19,120

formation at a very high rate of speed

2887

01:54:23,520 --> 01:54:21,370

across the sky it was apparent that they

2888

01:54:25,080 --> 01:54:23,530

were not any form of conventional

2889

01:54:27,450 --> 01:54:25,090

aircraft who did their size shape rate

2890

01:54:29,580 --> 01:54:27,460

of speed and the fact they made no noise

2891

01:54:30,750 --> 01:54:29,590

audible to me prior to the sighting of

2892

01:54:32,970 --> 01:54:30,760

these objects I had been observing

2893

01:54:34,770 --> 01:54:32,980

conventional aircraft both propeller and

2894

01:54:36,779 --> 01:54:34,780

jet powered and there's no question in

2895

01:54:38,759 --> 01:54:36,789

my mind they were a great deal larger

2896

01:54:40,289 --> 01:54:38,769

any craft I had ever seen the sky what I

2897

01:54:42,539 --> 01:54:40,299

was going to ask my panels did you get

2898

01:54:45,209 --> 01:54:42,549

an opportunity to review that paper that

2899

01:54:50,669 --> 01:54:45,219

Paul Dean had presented to me to present

2900

01:54:52,799 --> 01:54:50,679

to you anyone I have not read it yeah

2901  
01:54:59,219 --> 01:54:52,809  
not yet I think you were talking to Paul

2902  
01:55:03,239 --> 01:54:59,229  
the other day just right - yeah but what

2903  
01:55:05,159 --> 01:55:03,249  
did you think about it before I've heard

2904  
01:55:07,949 --> 01:55:05,169  
about the phenomenon and I've actually

2905  
01:55:12,329 --> 01:55:07,959  
talked with the one gentleman who is at

2906  
01:55:15,839 --> 01:55:12,339  
the Tet Offensive he he he was a driver

2907  
01:55:19,679 --> 01:55:15,849  
for generals during the Vietnam War so

2908  
01:55:22,109 --> 01:55:19,689  
he was but but he had heard about that

2909  
01:55:24,359 --> 01:55:22,119  
they called them North Vietnamese

2910  
01:55:25,859 --> 01:55:24,369  
helicopters and there was no such thing

2911  
01:55:28,770 --> 01:55:25,869  
the North Vietnamese did not have

2912  
01:55:30,899 --> 01:55:28,780  
helicopters but it was it was there were

2913  
01:55:33,569 --> 01:55:30,909

a lot of sightings in Vietnam you have

2914

01:55:34,859 --> 01:55:33,579

to wonder why yeah there's gonna be a

2915

01:55:37,439 --> 01:55:34,869

link I think to the military I think

2916

01:55:38,969 --> 01:55:37,449

they're not too happy with what's going

2917

01:55:40,889 --> 01:55:38,979

on with military I'll give you an

2918

01:55:42,029 --> 01:55:40,899

example of one of weird story happened

2919

01:55:44,489 --> 01:55:42,039

to me

2920

01:55:48,839 --> 01:55:44,499

it's a Japanese reporter her name is

2921

01:55:51,389 --> 01:55:48,849

escaping me now she get allowed me to

2922

01:55:55,189 --> 01:55:51,399

use a photograph in one of my books this

2923

01:55:59,599 --> 01:55:55,199

happened to a marine who went into

2924

01:56:03,089 --> 01:55:59,609

Nagasaki Marine Guide days after the

2925

01:56:06,449 --> 01:56:03,099

bomb there and was basically

2926

01:56:09,209 --> 01:56:06,459

photographing the damage and it was

2927

01:56:10,559 --> 01:56:09,219

until 1997 they're going through his

2928

01:56:12,299 --> 01:56:10,569

photographs and she's looking at these

2929

01:56:14,459 --> 01:56:12,309

photographs and sees all these UFOs in

2930

01:56:16,139 --> 01:56:14,469

the photograph so I got one of the

2931

01:56:18,809 --> 01:56:16,149

better ones and I put it in my book and

2932

01:56:20,069 --> 01:56:18,819

he the agreement he had was he they

2933

01:56:23,039 --> 01:56:20,079

weren't allowed to use it till he died I

2934

01:56:26,069 --> 01:56:23,049

think he died in 2000 and 2001 but you

2935

01:56:28,739 --> 01:56:26,079

have this clear as day in the daylight

2936

01:56:30,329 --> 01:56:28,749

this UFO right over Nagasaki a couple

2937

01:56:32,639 --> 01:56:30,339

days after the the detonation of the

2938

01:56:34,500 --> 01:56:32,649

bomb so I think they would be watching

2939

01:56:36,719 --> 01:56:34,510

this kind of stuff because if it's a

2940

01:56:39,209 --> 01:56:36,729

oneness universe it's like if you got

2941

01:56:41,189 --> 01:56:39,219

your little 50 feet along the river and

2942

01:56:43,469 --> 01:56:41,199

you're dumping your toxin in the river

2943

01:56:46,529 --> 01:56:43,479

it affects everybody else and that these

2944

01:56:48,569 --> 01:56:46,539

it seems like they're the modern UFO

2945

01:56:50,399 --> 01:56:48,579

here there may be in UFOs but there were

2946

01:56:53,189 --> 01:56:50,409

there was no UFOs like starting in

2947

01:56:55,110 --> 01:56:53,199

when we detonated the atomic bomb and I

2948

01:56:56,490 --> 01:56:55,120

think that's a big part of what this is

2949

01:56:59,100 --> 01:56:56,500

all about even with the Academy

2950

01:57:01,050 --> 01:56:59,110

relations we look at David David Perkins

2951  
01:57:03,439 --> 01:57:01,060  
who is one of the top caliber Malaysian

2952  
01:57:07,350 --> 01:57:03,449  
guys he said if you take a look at the

2953  
01:57:10,080 --> 01:57:07,360  
the cancer rates in the western United

2954  
01:57:12,060 --> 01:57:10,090  
States the the high areas and you take a

2955  
01:57:13,770 --> 01:57:12,070  
look at the calculation areas they fit

2956  
01:57:16,110 --> 01:57:13,780  
like I go up one on top of another and

2957  
01:57:17,550 --> 01:57:16,120  
he says all calculations according to

2958  
01:57:20,430 --> 01:57:17,560  
him were happening downwind and

2959  
01:57:22,350 --> 01:57:20,440  
downstream from nuclear activities so

2960  
01:57:24,870 --> 01:57:22,360  
you have these connections that would

2961  
01:57:26,550 --> 01:57:24,880  
link them in with the nuclear silos and

2962  
01:57:28,919 --> 01:57:26,560  
stuff and I had a woman that actually

2963  
01:57:31,229 --> 01:57:28,929

took me to a silo in North Dakota that's

2964

01:57:33,810 --> 01:57:31,239

still operational and told me quite

2965

01:57:34,950 --> 01:57:33,820

clearly her and two other girls saw this

2966

01:57:36,870 --> 01:57:34,960

thing and she said it came out of that

2967

01:57:38,129 --> 01:57:36,880

metal thing and I said are you sure yeah

2968

01:57:41,040 --> 01:57:38,139

came out of the metal thing and it was

2969

01:57:42,600 --> 01:57:41,050

you know it was swirling and here's a

2970

01:57:44,250 --> 01:57:42,610

girl who was able to pick things and

2971

01:57:46,379 --> 01:57:44,260

experience her and stuff she was

2972

01:57:48,540 --> 01:57:46,389

whatever this weathers is when it

2973

01:57:51,090 --> 01:57:48,550

started but you have a very direct

2974

01:57:52,890 --> 01:57:51,100

connection to nuclear weapons almost

2975

01:57:55,379 --> 01:57:52,900

like we're about to contaminate the

2976

01:57:57,959 --> 01:57:55,389

universe and they're here the kids got

2977

01:57:59,430 --> 01:57:57,969

the matches and even the Canadian

2978

01:58:00,990 --> 01:57:59,440

government talked about this the fact

2979

01:58:03,570 --> 01:58:01,000

that they were very upset about the

2980

01:58:04,860 --> 01:58:03,580

nuclear situation and that the only time

2981

01:58:06,600 --> 01:58:04,870

they would ever step in is if there was

2982

01:58:08,189 --> 01:58:06,610

a nuclear exchange otherwise they would

2983

01:58:13,110 --> 01:58:08,199

allow the human race to stew in its own

2984

01:58:15,030 --> 01:58:13,120

juices thank you for that information

2985

01:58:16,830 --> 01:58:15,040

grant I just want to let everybody know

2986

01:58:19,290 --> 01:58:16,840

that if they want to read more about

2987

01:58:20,939 --> 01:58:19,300

that I just included the links to the

2988

01:58:23,610 --> 01:58:20,949

information regarding Paul Dean's

2989

01:58:26,040 --> 01:58:23,620

research he is a great researcher I

2990

01:58:27,300 --> 01:58:26,050

think his website is UFOs documenting

2991

01:58:29,879 --> 01:58:27,310

the evidence you can just go in the

2992

01:58:31,680 --> 01:58:29,889

chatroom and see it right there I really

2993

01:58:33,660 --> 01:58:31,690

appreciate everybody having come on the

2994

01:58:35,510 --> 01:58:33,670

panel today just want to know if anybody

2995

01:58:38,430 --> 01:58:35,520

has any last things to say at all

2996

01:58:44,580 --> 01:58:38,440

regarding the show today I had a great

2997

01:58:48,930 --> 01:58:44,590

time wonderful yeah awesome stuff

2998

01:58:53,520 --> 01:58:48,940

honored you'd be part of useful I'm

2999

01:58:54,990 --> 01:58:53,530

really glad that we don't agree it just

3000

01:58:56,610 --> 01:58:55,000

makes it so much better I think somebody

3001  
01:58:57,870 --> 01:58:56,620  
was very politely saying earlier that

3002  
01:59:00,450 --> 01:58:57,880  
they noticed that there was a

3003  
01:59:02,939 --> 01:59:00,460  
disagreement between grant and rich I

3004  
01:59:04,140 --> 01:59:02,949  
hope there is not just because I'm not

3005  
01:59:07,229 --> 01:59:04,150  
saying like the particular

3006  
01:59:09,870 --> 01:59:07,239  
people I mean that anybody on art our

3007  
01:59:12,479 --> 01:59:09,880  
panels I hope they do disagree because

3008  
01:59:14,970 --> 01:59:12,489  
it adds to a lively debate and we want

3009  
01:59:16,590 --> 01:59:14,980  
to hear everybody's perspectives and I

3010  
01:59:18,630 --> 01:59:16,600  
don't think anybody won at a debate

3011  
01:59:20,370 --> 01:59:18,640  
today I don't think it was about that I

3012  
01:59:21,870 --> 01:59:20,380  
think it was just about everybody having

3013  
01:59:23,850 --> 01:59:21,880

the opportunity to share what they

3014

01:59:27,390 --> 01:59:23,860

thought about the topics that we cover

3015

01:59:29,160 --> 01:59:27,400

today grant also wanted to thank you

3016

01:59:30,479 --> 01:59:29,170

very much for taking the time been very

3017

01:59:32,399 --> 01:59:30,489

generous with your time I know you're

3018

01:59:35,090 --> 01:59:32,409

extremely busy everybody else is

3019

01:59:38,010 --> 01:59:35,100

extremely busy with their research and

3020

01:59:40,439 --> 01:59:38,020

everything they're involved in and also

3021

01:59:42,419 --> 01:59:40,449

wanted to give information about a

3022

01:59:45,240 --> 01:59:42,429

really wonderful individual who was on

3023

01:59:48,240 --> 01:59:45,250

the show with us didn't get to say very

3024

01:59:51,240 --> 01:59:48,250

much but that is Michael Hall he's also

3025

01:59:53,040 --> 01:59:51,250

known as a paranormal lawyer and he has

3026

01:59:57,000 --> 01:59:53,050

a wonderful background he found and

3027

01:59:58,770 --> 01:59:57,010

directed the UFO eye team and that is an

3028

02:00:00,540 --> 01:59:58,780

experienced group of highly educated UFO

3029

02:00:02,130 --> 02:00:00,550

paranormal and field investigators who

3030

02:00:04,740 --> 02:00:02,140

traveled to anomalous hotspots around

3031

02:00:07,080 --> 02:00:04,750

the world by plane train bus and local

3032

02:00:08,490 --> 02:00:07,090

ride-sharing services to investigate UFO

3033

02:00:11,520 --> 02:00:08,500

Bigfoot ghosts and other strange

3034

02:00:14,250 --> 02:00:11,530

paranormal activity and he's just a

3035

02:00:16,290 --> 02:00:14,260

wonderful person all around and also

3036

02:00:18,689 --> 02:00:16,300

wanted to let everybody know a little

3037

02:00:20,700 --> 02:00:18,699

bit about dr. irina scott she has

3038

02:00:22,530 --> 02:00:20,710

wonderful book out there Irena can you

3039

02:00:28,610 --> 02:00:22,540

please let us know the latest book that

3040

02:00:33,090 --> 02:00:31,050

you still with us I don't know if she

3041

02:00:35,280 --> 02:00:33,100

still I can say it for us it is sacred

3042

02:00:36,810 --> 02:00:35,290

quarters secrets behind the real project

3043

02:00:39,510 --> 02:00:36,820

Bluebook wright-patterson Air Force Base

3044

02:00:42,209 --> 02:00:39,520

Roswell Battelle memory metal metal dr.

3045

02:00:44,550 --> 02:00:42,219

J Allen Hynek and UFO cover-ups and UFOs

3046

02:00:47,910 --> 02:00:44,560

today those are two different books dr.

3047

02:00:49,380 --> 02:00:47,920

J Allen Hynek and UFO cover-ups and UFOs

3048

02:00:51,630 --> 02:00:49,390

today is the second book I just

3049

02:00:53,520 --> 02:00:51,640

mentioned there we had rich Hoffman on

3050

02:00:55,830 --> 02:00:53,530

today at the SCU the sites of a

3051  
02:01:05,580 --> 02:00:55,840  
coalition of UF ology a really fantastic

3052  
02:01:07,680 --> 02:01:05,590  
person who's great at debate I think the

3053  
02:01:11,190 --> 02:01:07,690  
world of what grants doing I mean I

3054  
02:01:14,459 --> 02:01:11,200  
respect him as what he's doing so I mean

3055  
02:01:15,870 --> 02:01:14,469  
if there's a like we're not calendar to

3056  
02:01:17,400 --> 02:01:15,880  
each other it's just like we just have

3057  
02:01:19,320 --> 02:01:17,410  
different opinions about certain things

3058  
02:01:21,270 --> 02:01:19,330  
so I respect we will need this so we

3059  
02:01:24,030 --> 02:01:21,280  
need this we need to bring individual

3060  
02:01:27,450 --> 02:01:24,040  
skills and do our own thing and come

3061  
02:01:29,310 --> 02:01:27,460  
together and shoot the breeze and this

3062  
02:01:33,180 --> 02:01:29,320  
is what the field needs a lot more often

3063  
02:01:34,800 --> 02:01:33,190

yeah it's it is about arguing you know

3064

02:01:36,570 --> 02:01:34,810

different perspectives and stuff like

3065

02:01:37,920 --> 02:01:36,580

that and and I think we need to do more

3066

02:01:39,750 --> 02:01:37,930

of that I agree with you I think

3067

02:01:43,020 --> 02:01:39,760

collaboration is very important and

3068

02:01:44,970 --> 02:01:43,030

discussion is important and and what's

3069

02:01:47,550 --> 02:01:44,980

sad for me is to not see that it's being

3070

02:01:49,020 --> 02:01:47,560

done civilly I mean meaning that you get

3071

02:01:51,090 --> 02:01:49,030

a lot of people that just are really

3072

02:01:53,580 --> 02:01:51,100

really negative about others and stuff

3073

02:01:55,229 --> 02:01:53,590

and that's sad for me individually

3074

02:01:57,240 --> 02:01:55,239

because I think we can all have our

3075

02:01:58,740 --> 02:01:57,250

opinions and and look at our

3076  
02:02:00,630 --> 02:01:58,750  
perspectives and gain something from

3077  
02:02:04,290 --> 02:02:00,640  
that opinion and there are

3078  
02:02:06,630 --> 02:02:04,300  
investigations so it gets a little soap

3079  
02:02:10,140 --> 02:02:06,640  
opera sometimes and you have to deal

3080  
02:02:13,620 --> 02:02:10,150  
with it and hopefully move on yeah I

3081  
02:02:15,060 --> 02:02:13,630  
mean thank you very much and I also

3082  
02:02:16,410 --> 02:02:15,070  
wanted to mention Earl Grey who's the

3083  
02:02:18,420 --> 02:02:16,420  
chief investigator for the Southern

3084  
02:02:21,090 --> 02:02:18,430  
California Chapter of move on I also

3085  
02:02:24,930 --> 02:02:21,100  
wanted to say earlier that Earl is

3086  
02:02:26,070 --> 02:02:24,940  
involved in music and Earl can you give

3087  
02:02:29,850 --> 02:02:26,080  
us a little bit of background on that

3088  
02:02:31,890 --> 02:02:29,860

music just a tiny little burr of it sure

3089

02:02:35,010 --> 02:02:31,900

well I've been that that was my first

3090

02:02:37,830 --> 02:02:35,020

passion in life really I started playing

3091

02:02:39,270 --> 02:02:37,840

guitar when I was 12 years old I

3092

02:02:41,250 --> 02:02:39,280

couldn't really play other people's

3093

02:02:42,930 --> 02:02:41,260

songs at first so I had to

3094

02:02:45,720 --> 02:02:42,940

right my own and that's how I became

3095

02:02:47,880 --> 02:02:45,730

songwriter and hecka fine aware songs

3096

02:02:50,670 --> 02:02:47,890

come from you know they come from the

3097

02:02:53,400 --> 02:02:50,680

same place that you know I guess they

3098

02:02:55,470 --> 02:02:53,410

kind of teleport to us they probably

3099

02:02:58,530 --> 02:02:55,480

already existed that's the way it always

3100

02:03:01,680 --> 02:02:58,540

feels I mean and I've been doing this

3101  
02:03:03,690 --> 02:03:01,690  
for many years I do have three CDs out

3102  
02:03:06,480 --> 02:03:03,700  
there you can listen to me on Spotify I

3103  
02:03:09,660 --> 02:03:06,490  
was half of the duo the acoustic duo

3104  
02:03:13,080 --> 02:03:09,670  
Piper gray we have an album called

3105  
02:03:14,970 --> 02:03:13,090  
apples that I'm very proud of and I do a

3106  
02:03:18,600 --> 02:03:14,980  
lot of studio work for other people and

3107  
02:03:20,040 --> 02:03:18,610  
and my wife and I do harmony vocals have

3108  
02:03:23,610 --> 02:03:20,050  
done harmony vocals for a lot of

3109  
02:03:26,070 --> 02:03:23,620  
different people's CDs and and yeah i

3110  
02:03:28,380 --> 02:03:26,080  
keeps me busy that's for sure between

3111  
02:03:32,130 --> 02:03:28,390  
that and ufos there's not a lot of time

3112  
02:03:34,170 --> 02:03:32,140  
left fantastic and also we had wonderful

3113  
02:03:38,580 --> 02:03:34,180

shane hurt on today who's a field

3114

02:03:40,110 --> 02:03:38,590

investigator for phoenix MUFON and also

3115

02:03:42,540 --> 02:03:40,120

wanted to mention my co-host Frank

3116

02:03:44,160 --> 02:03:42,550

stalter and Frank can you just tell a

3117

02:03:47,250 --> 02:03:44,170

little bit about yourself regarding your

3118

02:03:48,900 --> 02:03:47,260

biography just a short blip on how you

3119

02:03:50,400 --> 02:03:48,910

connected with you apology and what

3120

02:03:52,830 --> 02:03:50,410

you've done regarding that your research

3121

02:03:54,620 --> 02:03:52,840

yeah well I've got the you the website

3122

02:03:58,050 --> 02:03:54,630

that's where it all started got

3123

02:04:00,330 --> 02:03:58,060

seriously interested actively publicly

3124

02:04:02,930 --> 02:04:00,340

that's when I sort of became a public

3125

02:04:05,940 --> 02:04:02,940

figure in terms of UFOs and that was

3126

02:04:08,400 --> 02:04:05,950

roughly your roughly ten years ago so

3127

02:04:09,600 --> 02:04:08,410

roughly a decade I just really got into

3128

02:04:12,600 --> 02:04:09,610

it and thought I'd take a closer look

3129

02:04:14,400 --> 02:04:12,610

after a appearance by Edgar Mitchell at

3130

02:04:16,830 --> 02:04:14,410

the National Press Club that's what got

3131

02:04:18,360 --> 02:04:16,840

me starting to look and found stuff out

3132

02:04:20,700 --> 02:04:18,370

and stayed with it the rest of the way

3133

02:04:23,310 --> 02:04:20,710

great thank you we also had Jeff Crouse

3134

02:04:25,470 --> 02:04:23,320

on earlier and he had to leave us a

3135

02:04:27,150 --> 02:04:25,480

little early but it was wonderful having

3136

02:04:29,100 --> 02:04:27,160

him on today he's the state director for

3137

02:04:31,080 --> 02:04:29,110

the firm MUFON for Southern California

3138

02:04:33,000 --> 02:04:31,090

so really appreciate everybody's time

3139

02:04:36,030 --> 02:04:33,010

and I hope everybody has a wonderful

3140

02:04:38,430 --> 02:04:36,040

rest of their weekend thank you for
