

MICHAEL W. HALL

**DISCUSSES THE ADMIRAL WILSON
DOCUMENTS: LEAK OF THE
CENTURY OR JUST ANOTHER
FAKE?**

**UFONN
SUNDAY**

1
00:00:08,000 --> 00:00:03,050
kept check the Skype chat right now a

2
00:00:11,030 --> 00:00:08,010
Skype chat I forgot to do that didn't I

3
00:00:12,680 --> 00:00:11,040
forgot to go live that's okay I'm

4
00:00:20,420 --> 00:00:12,690
recording it I actually joined

5
00:00:22,070 --> 00:00:20,430
everything rely okay okay well let's

6
00:00:23,960 --> 00:00:22,080
just so you know you can add in what we

7
00:00:26,450 --> 00:00:23,970
just had later because I just recorded

8
00:00:28,130 --> 00:00:26,460
everything okay alright then let's keep

9
00:00:30,620 --> 00:00:28,140
going that was my bad sorry about okay

10
00:00:35,260 --> 00:00:30,630
so are we live now you were live now

11
00:00:40,040 --> 00:00:35,270
okay wonderful okay now I left off with

12
00:00:42,410 --> 00:00:40,050
basically the events leading up to what

13
00:00:44,779 --> 00:00:42,420

later happened in The Smoking Gun memo

14

00:00:49,010 --> 00:00:44,789

so let's uh let me go through that again

15

00:00:53,330 --> 00:00:49,020

basically three events and spread out

16

00:00:55,069 --> 00:00:53,340

over a period of 11 years the panelists

17

00:00:58,430 --> 00:00:55,079

for all this began with a meeting that

18

00:01:00,770 --> 00:00:58,440

we know about between that six man to

19

00:01:02,840 --> 00:01:00,780

walk on the moon Edgar Mitchell Steven

20

00:01:05,770 --> 00:01:02,850

Greer who was working with Mitchell back

21

00:01:09,710 --> 00:01:05,780

in 1997 when this meeting took place and

22

00:01:11,780 --> 00:01:09,720

Admiral Wilson who was a high-ranking

23

00:01:13,820 --> 00:01:11,790

naval intelligence officer that meeting

24

00:01:15,890 --> 00:01:13,830

actually took place I the three people I

25

00:01:18,469 --> 00:01:15,900

just mentioned have all confirmed it

26

00:01:21,530 --> 00:01:18,479

Admiral Wilson confirming to Billy Cox

27

00:01:23,590 --> 00:01:21,540

in 2008 that the meeting did in fact

28

00:01:26,210 --> 00:01:23,600

take place there has been some

29

00:01:29,240 --> 00:01:26,220

disagreement over the years as to what

30

00:01:32,899 --> 00:01:29,250

the follow-up of that was the follow-up

31

00:01:37,550 --> 00:01:32,909

as far as this particular smoking gun

32

00:01:39,410 --> 00:01:37,560

document is basically that the whole

33

00:01:41,960 --> 00:01:39,420

thing did happen and that the Admiral

34

00:01:44,690 --> 00:01:41,970

Wilson is recounting the back end of

35

00:01:48,069 --> 00:01:44,700

what happened as a result of that 97

36

00:01:50,389 --> 00:01:48,079

meeting that did happen to Eric Davis so

37

00:01:52,580 --> 00:01:50,399

sorry about that but yeah let's pick it

38

00:01:56,450 --> 00:01:52,590

up from there if we can Michael the

39

00:01:59,690 --> 00:01:56,460

meeting allegedly taking place on let's

40

00:02:03,200 --> 00:01:59,700

let me check that date again the meeting

41

00:02:04,730 --> 00:02:03,210

April 9th or a knife got it okay April

42

00:02:07,550 --> 00:02:04,740

night okay

43

00:02:10,040 --> 00:02:07,560

Juliano my rank of [h__h] it says maybe

44

00:02:12,470 --> 00:02:10,050

the tenth but Edgar Mitchell is saying

45

00:02:13,670 --> 00:02:12,480

that it did take place on the 9th of

46

00:02:16,250 --> 00:02:13,680

April 1996

47

00:02:19,069 --> 00:02:16,260

so it's in that ballpark here okay okay

48

00:02:22,460 --> 00:02:19,079

got it all right and then we've got

49

00:02:24,530 --> 00:02:22,470

let's the this meeting let's go to the

50

00:02:26,240 --> 00:02:24,540

the early pages here let me pull up the

51
00:02:28,160 --> 00:02:26,250
documents themselves so I can refer to

52
00:02:31,099 --> 00:02:28,170
them it'll be easier for me to see it on

53
00:02:32,690 --> 00:02:31,109
my my computer screen in a separate

54
00:02:38,199 --> 00:02:32,700
windows we'll be able to keep it a

55
00:02:42,470 --> 00:02:38,209
little bit more track here there is only

56
00:02:45,710 --> 00:02:42,480
now you've mentioned the scientist dr.

57
00:02:48,289 --> 00:02:45,720
Eric Davis I explained who he is

58
00:02:50,990 --> 00:02:48,299
your aunt actually how he got in touch

59
00:02:53,330 --> 00:02:51,000
with Admiral Wilson in the first place

60
00:02:55,819 --> 00:02:53,340
because I think that is a part of the

61
00:02:59,030 --> 00:02:55,829
story that needs to be told this is a

62
00:03:01,280 --> 00:02:59,040
high-level government scientist Eric

63
00:03:04,039 --> 00:03:01,290

Davis one of probably the most

64

00:03:06,770 --> 00:03:04,049

intelligent hominids on the planet I'm

65

00:03:10,330 --> 00:03:06,780

telling you and this guy basically has

66

00:03:12,559 --> 00:03:10,340

been dogging many of the high ranking

67

00:03:15,410 --> 00:03:12,569

people in the military and everything

68

00:03:19,699 --> 00:03:15,420

trying to find information about UFO

69

00:03:23,569 --> 00:03:19,709

crash retrievals and it I want to give

70

00:03:25,909 --> 00:03:23,579

kudos initially to dr. Davis and and of

71

00:03:29,059 --> 00:03:25,919

course to Admiral Wilson for actually

72

00:03:31,460 --> 00:03:29,069

even agreeing to have this meeting where

73

00:03:41,629 --> 00:03:31,470

we end up finally getting notes from the

74

00:03:42,740 --> 00:03:41,639

meeting about what took place oh sorry

75

00:03:44,750 --> 00:03:42,750

about that chan I thought you were going

76

00:03:46,729 --> 00:03:44,760

to jump in there okay yeah then they

77

00:03:49,460 --> 00:03:46,739

have this meeting and the very first

78

00:03:52,189 --> 00:03:49,470

page of the notes is this meeting is

79

00:03:56,119 --> 00:03:52,199

going to take place at roughly the

80

00:03:57,649 --> 00:03:56,129

intersection of Greer and Paradise now I

81

00:04:00,879 --> 00:03:57,659

don't know if you've run this down but

82

00:04:03,890 --> 00:04:00,889

that is an intersection in Las Vegas

83

00:04:06,830 --> 00:04:03,900

okay and the meeting is supposedly at

84

00:04:08,990 --> 00:04:06,840

the EG&G special projects building so

85

00:04:12,680 --> 00:04:09,000

what we've got that a local map up and

86

00:04:14,210 --> 00:04:12,690

basically there it is a paradise looks

87

00:04:16,490 --> 00:04:14,220

like it's running north to south Greer

88

00:04:18,979 --> 00:04:16,500

roughly east to west and as you look

89

00:04:23,420 --> 00:04:18,989

down the street a little bit on Greer

90

00:04:26,790 --> 00:04:23,430

you see a building urs and in fact that

91

00:04:29,610 --> 00:04:26,800

is the name of the current parent

92

00:04:31,020 --> 00:04:29,620

your owner of EG&G I don't know if

93

00:04:32,790 --> 00:04:31,030

anybody's run that down and laid that

94

00:04:34,680 --> 00:04:32,800

out of a map but I would have to say

95

00:04:36,930 --> 00:04:34,690

it's a you know likely the same building

96

00:04:38,580 --> 00:04:36,940

this is almost certainly where the

97

00:04:40,050 --> 00:04:38,590

meeting took place so I want that folks

98

00:04:42,119 --> 00:04:40,060

to get a good look at it that part

99

00:04:47,339 --> 00:04:42,129

checks out that's very good Michael yeah

100

00:04:49,950 --> 00:04:47,349

and by the way dr. Davis is told by his

101
00:04:53,249 --> 00:04:49,960
contacts to show up at 10 o'clock sharp

102
00:04:56,129 --> 00:04:53,259
a.m. in the morning behind her at the

103
00:04:59,570 --> 00:04:56,139
special project going at EG&G so he can

104
00:05:02,219 --> 00:04:59,580
have his meeting with Admiral Wilson now

105
00:05:05,879 --> 00:05:02,229
the first note which is a little

106
00:05:09,719 --> 00:05:05,889
humorous I believe on this transcript is

107
00:05:14,580 --> 00:05:09,729
a note by dr. Davis that the Admiral was

108
00:05:16,439 --> 00:05:14,590
10 minutes late so actually has anyone

109
00:05:19,080 --> 00:05:16,449
confirmed that Wilson was in Las Vegas

110
00:05:21,209 --> 00:05:19,090
on this date I don't know about that

111
00:05:23,730 --> 00:05:21,219
good question that might be something

112
00:05:25,409 --> 00:05:23,740
that you know okay going back and asking

113
00:05:26,969 --> 00:05:25,419

him hey did you meet with Eric Davis and

114

00:05:30,300 --> 00:05:26,979

tell them all about the crash retrieval

115

00:05:31,860 --> 00:05:30,310

program he's probably gonna say no but I

116

00:05:33,870 --> 00:05:31,870

mean if he was there it said he was

117

00:05:36,450 --> 00:05:33,880

there for a speaking engagement if I

118

00:05:36,980 --> 00:05:36,460

yeah if that was mentioned in the in the

119

00:05:39,180 --> 00:05:36,990

memo

120

00:05:41,820 --> 00:05:39,190

Wilson's purpose he didn't travel to

121

00:05:44,279 --> 00:05:41,830

Vegas just to meet with Eric Davis yeah

122

00:05:48,300 --> 00:05:44,289

I'm not sure okay purpose of him being

123

00:05:51,870 --> 00:05:48,310

there but the idea was is that he is

124

00:05:54,140 --> 00:05:51,880

pulling up in his staff car with his

125

00:05:58,499 --> 00:05:54,150

Petty Officer driver and two other

126
00:06:01,469 --> 00:05:58,509
uniformed officers on a naval officers I

127
00:06:04,350 --> 00:06:01,479
believe in this major this staff car and

128
00:06:06,930 --> 00:06:04,360
the Admiral is dressed in civilian

129
00:06:08,850 --> 00:06:06,940
clothes in a suit so he's retired at

130
00:06:14,010 --> 00:06:08,860
this point is that the I believe that is

131
00:06:15,959 --> 00:06:14,020
correct yes right like I said I believe

132
00:06:17,339 --> 00:06:15,969
I saw I can't remember on what page I

133
00:06:19,290 --> 00:06:17,349
really don't want to scroll through that

134
00:06:21,930 --> 00:06:19,300
now but these the reason he's there is

135
00:06:23,820 --> 00:06:21,940
it is a speaking engagement and the

136
00:06:27,809 --> 00:06:23,830
reason Eric Davis is in Vegas is because

137
00:06:30,209 --> 00:06:27,819
he lives there yeah okay yeah he was

138
00:06:31,980 --> 00:06:30,219

finally getting this meeting that he's

139

00:06:35,430 --> 00:06:31,990

been trying to get for quite some time

140

00:06:37,740 --> 00:06:35,440

and they actually meet themselves just

141

00:06:40,100 --> 00:06:37,750

the two of them dr. Davis and Admiral

142

00:06:41,960 --> 00:06:40,110

Wilson in the back seat of the staff car

143

00:06:44,869 --> 00:06:41,970

while the other guys leave and go to a

144

00:06:48,020 --> 00:06:44,879

meeting inside the building and for the

145

00:06:51,649 --> 00:06:48,030

next hour and ten minutes is basically

146

00:06:53,800 --> 00:06:51,659

how this interview took place and Eric

147

00:06:57,529 --> 00:06:53,810

Davis is asking all sorts of questions

148

00:07:00,950 --> 00:06:57,539

to the Admiral this is a something that

149

00:07:03,200 --> 00:07:00,960

is starting the the actual transcript we

150

00:07:05,920 --> 00:07:03,210

I believe by the way my personal belief

151

00:07:10,249 --> 00:07:05,930

is this transcript is so detail-oriented

152

00:07:14,749 --> 00:07:10,259

15 pages long I would assume the doctor

153

00:07:17,149 --> 00:07:14,759

Davis has a recording this meeting and

154

00:07:19,999 --> 00:07:17,159

he might even be taking simultaneous

155

00:07:23,240 --> 00:07:20,009

notes you know to kind of supplement it

156

00:07:24,740 --> 00:07:23,250

but I believe the details are so

157

00:07:26,050 --> 00:07:24,750

detailed that that he probably is

158

00:07:28,480 --> 00:07:26,060

recording and then he's going to

159

00:07:31,430 --> 00:07:28,490

transcribe it immediately thereafter

160

00:07:34,369 --> 00:07:31,440

shortly thereafter and apparently the

161

00:07:38,119 --> 00:07:34,379

reason that Wilson is willing to meet

162

00:07:41,029 --> 00:07:38,129

with Davis is that because of the a okay

163

00:07:43,249 --> 00:07:41,039

from somebody named okie Shannon you

164

00:07:45,019 --> 00:07:43,259

know anything more about that fella

165

00:07:47,659 --> 00:07:45,029

that's a name that's new to me have you

166

00:07:50,390 --> 00:07:47,669

looked into him watch well i cursorily

167

00:07:55,159 --> 00:07:50,400

looked into who okie Shannon in and he

168

00:07:58,459 --> 00:07:55,169

is a longtime insider military naval

169

00:08:02,930 --> 00:07:58,469

commander that is a longtime friend of

170

00:08:07,730 --> 00:08:02,940

Admiral Wilson so basically Admiral

171

00:08:09,649 --> 00:08:07,740

Wilson is telling Davis at this point

172

00:08:12,230 --> 00:08:09,659

that the only reason he's meeting with

173

00:08:15,680 --> 00:08:12,240

him is okie okie Davis okie Shannon gave

174

00:08:17,930 --> 00:08:15,690

him the go-ahead and in vouched for dr.

175

00:08:19,550 --> 00:08:17,940

Davis I didn't look too closely at okie

176

00:08:22,399 --> 00:08:19,560

Shannon but the only thing that I really

177

00:08:24,409 --> 00:08:22,409

found that was a venturi I'm sorry you

178

00:08:26,300 --> 00:08:24,419

break it up a little bit well I

179

00:08:28,909 --> 00:08:26,310

understand that okay Shannon has

180

00:08:31,879 --> 00:08:28,919

recently passed away or is so ill he

181

00:08:35,269 --> 00:08:31,889

cannot talk or give any information out

182

00:08:37,100 --> 00:08:35,279

at this point so he was quite elderly at

183

00:08:42,740 --> 00:08:37,110

this time as well I'm just understood

184

00:08:44,960 --> 00:08:42,750

and at the bottom of page 2 the initials

185

00:08:46,579 --> 00:08:44,970

GA come up and you know I just mentioned

186

00:08:48,829 --> 00:08:46,589

John Alexander I was trying to think of

187

00:08:51,420 --> 00:08:48,839

somebody who J a might be and well those

188

00:08:56,100 --> 00:08:51,430

initials fit any thoughts on that

189

00:08:58,710 --> 00:08:56,110

don't trust J a a liar blah blah blah J

190

00:09:04,220 --> 00:08:58,720

a is it seems like the Admiral doesn't

191

00:09:06,330 --> 00:09:04,230

like it much yes okay actually this is

192

00:09:09,960 --> 00:09:06,340

my understanding that it is John

193

00:09:12,320 --> 00:09:09,970

Alexander okay okay and then the

194

00:09:18,680 --> 00:09:12,330

document kind of shifts gears and

195

00:09:23,910 --> 00:09:18,690

there's a two-page letter to Davis from

196

00:09:27,540 --> 00:09:23,920

will Miller yes and will Miller was one

197

00:09:30,750 --> 00:09:27,550

of the people present with Steven Greer

198

00:09:33,170 --> 00:09:30,760

and Edgar Mitchell at this initial

199

00:09:36,630 --> 00:09:33,180

meeting so we're we're talking about

200

00:09:39,320 --> 00:09:36,640

will Miller sending this letter to dr.

201
00:09:42,090 --> 00:09:39,330
Davis in a personal correspondence

202
00:09:44,700 --> 00:09:42,100
actually it's about some some business

203
00:09:47,940 --> 00:09:44,710
as well in this in this letter that is

204
00:09:49,980 --> 00:09:47,950
very fascinating right and I want to get

205
00:09:53,280 --> 00:09:49,990
to that but I want to tell the folks at

206
00:09:56,760 --> 00:09:53,290
home that over the last couple of days

207
00:10:02,130 --> 00:09:56,770
we have had the opportunity to both

208
00:10:04,080 --> 00:10:02,140
chanting I to interview will Miller yeah

209
00:10:06,630 --> 00:10:04,090
had some obviously some very interesting

210
00:10:09,450 --> 00:10:06,640
comments in particular about the letter

211
00:10:12,450 --> 00:10:09,460
here and let me I gotta zoom in a little

212
00:10:16,260 --> 00:10:12,460
bit on my monitor here to read that

213
00:10:17,550 --> 00:10:16,270

particular point but well firstly yeah

214

00:10:18,600 --> 00:10:17,560

just let me tell you a little bit about

215

00:10:20,550 --> 00:10:18,610

the interview because it was pretty

216

00:10:22,290 --> 00:10:20,560

interesting I think I there was some

217

00:10:24,270 --> 00:10:22,300

talk actually of having you on Sunday

218

00:10:25,530 --> 00:10:24,280

and I didn't want to do that because we

219

00:10:28,920 --> 00:10:25,540

didn't have this a bit of information

220

00:10:31,260 --> 00:10:28,930

nailed down at that point that we had

221

00:10:33,750 --> 00:10:31,270

these last couple of days and like I

222

00:10:35,940 --> 00:10:33,760

said I was able to talk to commander

223

00:10:40,700 --> 00:10:35,950

Miller yesterday and then chant was able

224

00:10:43,800 --> 00:10:40,710

to do the same today and let's see oh

225

00:10:45,930 --> 00:10:43,810

yeah well the point regarding the letter

226

00:10:49,560 --> 00:10:45,940

Miller's comment I spoke to him

227

00:10:52,650 --> 00:10:49,570

yesterday he had not seen it he it was

228

00:10:54,330 --> 00:10:52,660

not even aware that it was out he before

229

00:10:56,670 --> 00:10:54,340

I was really able to begin the

230

00:10:59,340 --> 00:10:56,680

conversation he stressed skepticism

231

00:11:00,720 --> 00:10:59,350

towards any leaked documents yeah before

232

00:11:03,630 --> 00:11:00,730

I could even tell him about this and

233

00:11:04,360 --> 00:11:03,640

that his name is all over it so he was

234

00:11:07,030 --> 00:11:04,370

not aware

235

00:11:08,290 --> 00:11:07,040

the recent releases no one had contacted

236

00:11:11,829 --> 00:11:08,300

him about them so nobody's contacted

237

00:11:15,910 --> 00:11:11,839

this guy let me jump in here and add

238

00:11:17,920 --> 00:11:15,920

that as Eric Davis is basically provided

239

00:11:18,550 --> 00:11:17,930

a few different researchers with a no

240

00:11:21,280 --> 00:11:18,560

comment

241

00:11:23,710 --> 00:11:21,290

and as far as I know no one has

242

00:11:26,230 --> 00:11:23,720

attempted to contact Wilson and at this

243

00:11:28,510 --> 00:11:26,240

point I think the thing to do is if you

244

00:11:30,040 --> 00:11:28,520

can't pin it down independently would be

245

00:11:32,230 --> 00:11:30,050

to contact him directly and see if he's

246

00:11:34,600 --> 00:11:32,240

actually in Vegas on that date to try to

247

00:11:36,790 --> 00:11:34,610

you know add a little bit more

248

00:11:38,920 --> 00:11:36,800

credibility to the document itself you

249

00:11:40,150 --> 00:11:38,930

know if you yeah it would be a problem

250

00:11:41,350 --> 00:11:40,160

for you let's put it this way it would

251
00:11:42,430 --> 00:11:41,360
be a problem for you Michael if we

252
00:11:46,269 --> 00:11:42,440
turned out he was actually in

253
00:11:48,880 --> 00:11:46,279
Minneapolis on that date would not well

254
00:11:52,060 --> 00:11:48,890
you know I am going to defer to Richard

255
00:11:55,060 --> 00:11:52,070
Dolan on the the actual document itself

256
00:11:59,890 --> 00:11:55,070
and how difficult or easy it is going to

257
00:12:02,350 --> 00:11:59,900
be to debunk okay as you know basically

258
00:12:04,720 --> 00:12:02,360
Richard Dolan is calling this the UFO

259
00:12:07,690 --> 00:12:04,730
document leak of potentially this

260
00:12:11,070 --> 00:12:07,700
century I understand he is also saying

261
00:12:15,190 --> 00:12:11,080
that this document is so detailed and

262
00:12:17,560 --> 00:12:15,200
named so many people so many programs so

263
00:12:21,130 --> 00:12:17,570

many dates that is going to be very

264

00:12:24,100 --> 00:12:21,140

difficult to to actually debunk itself

265

00:12:27,370 --> 00:12:24,110

so even if someone comes up with

266

00:12:29,800 --> 00:12:27,380

information that says that commander

267

00:12:32,829 --> 00:12:29,810

will hurt the Admiral Wilson was not in

268

00:12:35,320 --> 00:12:32,839

Vegas on that day you got a warrant

269

00:12:39,850 --> 00:12:35,330

wonder why would someone go to the

270

00:12:42,190 --> 00:12:39,860

details of this 15 page document and put

271

00:12:46,390 --> 00:12:42,200

everything else in order that seems to

272

00:12:47,740 --> 00:12:46,400

check out it's very interesting yeah

273

00:12:48,880 --> 00:12:47,750

well yeah I mean I could I could tell

274

00:12:53,260 --> 00:12:48,890

you right now there are there people who

275

00:12:56,740 --> 00:12:53,270

like you know basically hoaxing the UFO

276

00:12:59,380 --> 00:12:56,750

community I mean they're out there you

277

00:13:01,329 --> 00:12:59,390

know it's been done before but again let

278

00:13:04,030 --> 00:13:01,339

me yeah let me go a little bit further

279

00:13:05,650 --> 00:13:04,040

with my interview with commander Miller

280

00:13:07,360 --> 00:13:05,660

all right now when I spoke to him

281

00:13:09,310 --> 00:13:07,370

yesterday you could not remember if he

282

00:13:10,570 --> 00:13:09,320

had written Davis a letter he didn't

283

00:13:13,240 --> 00:13:10,580

know anything about it at that point he

284

00:13:15,340 --> 00:13:13,250

hadn't seen him chant contacted him

285

00:13:17,710 --> 00:13:15,350

today after he did have a chance to look

286

00:13:20,410 --> 00:13:17,720

it over and basically he told

287

00:13:22,449 --> 00:13:20,420

chant that he thinks it might be a

288

00:13:24,220 --> 00:13:22,459

cut-and-paste and it of multiple letters

289

00:13:26,590 --> 00:13:24,230

he might have sent to someone other than

290

00:13:28,389 --> 00:13:26,600

Davis he doesn't recall Davis at all he

291

00:13:30,340 --> 00:13:28,399

says yeah there are a couple things in

292

00:13:32,920 --> 00:13:30,350

particular in there he said he mentioned

293

00:13:34,990 --> 00:13:32,930

their paragraph mentioning Bob Beckwith

294

00:13:37,540 --> 00:13:35,000

that that looked to him like something

295

00:13:39,189 --> 00:13:37,550

he definitely wrote but he also said

296

00:13:41,740 --> 00:13:39,199

that he never had knowledge of dealing

297

00:13:43,660 --> 00:13:41,750

with recovered et vehicles so that

298

00:13:45,610 --> 00:13:43,670

section of the letter he would not have

299

00:13:48,460 --> 00:13:45,620

written he's saying that he did not

300

00:13:51,100 --> 00:13:48,470

write that so it looks you know his

301

00:13:52,660 --> 00:13:51,110

position after looking it over says it

302

00:13:55,119 --> 00:13:52,670

looks like somebody got hold of some

303

00:13:57,400 --> 00:13:55,129

correspondence that I sent out but and

304

00:13:59,199 --> 00:13:57,410

some of those paragraphs look legit but

305

00:14:00,429 --> 00:13:59,209

some of the other stuff no no no that

306

00:14:04,210 --> 00:14:00,439

that's not me

307

00:14:08,499 --> 00:14:04,220

okay that's where he's at he also stated

308

00:14:14,019 --> 00:14:08,509

that Eric Davis was not at that meeting

309

00:14:17,410 --> 00:14:14,029

with he and Bob Beckwith and on that

310

00:14:20,710 --> 00:14:17,420

evening and so he was wondering how

311

00:14:23,160 --> 00:14:20,720

anybody would want to connect or why

312

00:14:27,189 --> 00:14:23,170

anybody would want to connect Eric Davis

313

00:14:29,949 --> 00:14:27,199

to that period of time regarding he and

314

00:14:31,720 --> 00:14:29,959

mr. Bob Beckwith having that actual

315

00:14:34,299 --> 00:14:31,730

meeting which he did confirm they did

316

00:14:38,439 --> 00:14:34,309

have and so he had a concern about that

317

00:14:40,210 --> 00:14:38,449

and he also did state as because I had

318

00:14:45,340 --> 00:14:40,220

about a 35 minute interview with him

319

00:14:49,090 --> 00:14:45,350

today that this letter was stitched

320

00:14:51,579 --> 00:14:49,100

together and there are a few areas that

321

00:14:54,009 --> 00:14:51,589

he knows he did not he's not responsible

322

00:14:54,549 --> 00:14:54,019

for at all like they're fiction pure

323

00:14:59,619 --> 00:14:54,559

fiction

324

00:15:02,199 --> 00:14:59,629

and then other areas that he's he does

325

00:15:04,900 --> 00:15:02,209

say genuinely do sound like what he

326

00:15:07,689 --> 00:15:04,910

would write in the manner in the style

327

00:15:09,670 --> 00:15:07,699

in which he would write but that this

328

00:15:13,420 --> 00:15:09,680

absolutely was stitched together it's

329

00:15:16,179 --> 00:15:13,430

literally a collage of information and

330

00:15:22,240 --> 00:15:16,189

also he mentioned yeah sort of the the

331

00:15:24,939 --> 00:15:22,250

header the letterhead on it yes he was

332

00:15:28,870 --> 00:15:24,949

gonna say well basically I did ask him

333

00:15:31,880 --> 00:15:28,880

about that and he said that anybody can

334

00:15:35,290 --> 00:15:31,890

actually take the letterhead

335

00:15:38,480 --> 00:15:35,300

that insignia and put it on a letter and

336

00:15:40,910 --> 00:15:38,490

so that didn't make that that was not

337

00:15:43,400 --> 00:15:40,920

authentic to him because he said that he

338

00:15:43,820 --> 00:15:43,410

would have a much crisper clear let her

339

00:15:45,620 --> 00:15:43,830

head

340

00:15:48,830 --> 00:15:45,630

I understand people will say well that

341

00:15:51,500 --> 00:15:48,840

could be a copy of a copy of a copy but

342

00:15:54,230 --> 00:15:51,510

again just want to restate that this

343

00:15:59,240 --> 00:15:54,240

letter does not ring true to him he said

344

00:16:01,850 --> 00:15:59,250

he does not know Eric Davis and we went

345

00:16:04,610 --> 00:16:01,860

into detail regarding Eric Davis he said

346

00:16:06,920 --> 00:16:04,620

that he does not recall ever having

347

00:16:11,810 --> 00:16:06,930

associated with him at any point in time

348

00:16:16,340 --> 00:16:11,820

ever ad so that's something that's

349

00:16:17,870 --> 00:16:16,350

really important to note and let me ask

350

00:16:20,540 --> 00:16:17,880

a question though go ahead

351

00:16:22,670 --> 00:16:20,550

there is one strange thing that in this

352

00:16:24,650 --> 00:16:22,680

letter mentions at the very bottom about

353

00:16:27,410 --> 00:16:24,660

his question this would be will Miller's

354

00:16:31,130 --> 00:16:27,420

question to them about a potential

355

00:16:33,380 --> 00:16:31,140

pepper spray manufacturer did come

356

00:16:35,810 --> 00:16:33,390

commander Miller mentioned that that was

357

00:16:39,380 --> 00:16:35,820

something that he said or did he deny

358

00:16:41,750 --> 00:16:39,390

all of the thing other than the fact

359

00:16:43,730 --> 00:16:41,760

that that with meaning to police and

360

00:16:45,620 --> 00:16:43,740

yeah I can find out from him because

361

00:16:48,140 --> 00:16:45,630

he's been very responsive to me Oh

362

00:16:50,090 --> 00:16:48,150

wonderful well yeah what cuz I actually

363

00:16:53,090 --> 00:16:50,100

spoke to him I actually communicated

364

00:16:58,970 --> 00:16:53,100

with him twice today oh good what else

365

00:17:02,330 --> 00:16:58,980

whatever doctor once what Michael let me

366

00:17:05,180 --> 00:17:02,340

tell you something well I was just gonna

367

00:17:06,620 --> 00:17:05,190

ask he said that he confirmed her denied

368

00:17:11,270 --> 00:17:06,630

certain things what else did he actually

369

00:17:12,890 --> 00:17:11,280

confirm from this letter um wait it

370

00:17:14,990 --> 00:17:12,900

doesn't relate to the letter so yeah you

371

00:17:16,580 --> 00:17:15,000

finish up with a letter and then to make

372

00:17:16,760 --> 00:17:16,590

things we talked about all right all

373

00:17:20,780 --> 00:17:16,770

right

374

00:17:23,840 --> 00:17:20,790

well yeah also he said that regarding

375

00:17:25,850 --> 00:17:23,850

the the Wilson Mitchel Greer meeting

376

00:17:28,370 --> 00:17:25,860

that there were some follow-up obviously

377

00:17:30,350 --> 00:17:28,380

agree or in Mitchell basically saying

378

00:17:32,870 --> 00:17:30,360

some of the things that turn up in this

379

00:17:34,460 --> 00:17:32,880

memo that Wilson was threatened that he

380

00:17:36,920 --> 00:17:34,470

wasn't allowed access and so on

381

00:17:41,000 --> 00:17:36,930

basically all the details that the memo

382

00:17:42,930 --> 00:17:41,010

goes into and commander Miller took with

383

00:17:46,980 --> 00:17:42,940

more of Wilson side on this

384

00:17:49,110 --> 00:17:46,990

that he said that eventually essentially

385

00:17:50,400 --> 00:17:49,120

what the Wilson said to Billy Cox was

386

00:17:53,550 --> 00:17:50,410

accurate that there really was no

387

00:17:55,230 --> 00:17:53,560

follow-through and that also yeah this

388

00:17:57,390 --> 00:17:55,240

is getting back to Davis he does not

389

00:17:59,580 --> 00:17:57,400

believe Wilson would have met with Davis

390

00:18:02,010 --> 00:17:59,590

that's basically our my thumbnail notes

391

00:18:04,470 --> 00:18:02,020

from the other stuff that we got now one

392

00:18:05,760 --> 00:18:04,480

thing that this was actually idling

393

00:18:07,440 --> 00:18:05,770

enough one of the most important

394

00:18:09,810 --> 00:18:07,450

questions that I had to ask him because

395

00:18:13,020 --> 00:18:09,820

we had you on the show before and I've

396

00:18:14,370 --> 00:18:13,030

gone through a lot of old known fuzzy

397

00:18:17,100 --> 00:18:14,380

material in there there are certain

398

00:18:19,740 --> 00:18:17,110

tropes certain patterns that they use

399

00:18:21,690 --> 00:18:19,750

and that I thought it was very

400

00:18:31,280 --> 00:18:21,700

interesting that when you get the page

401

00:18:33,870 --> 00:18:31,290

13 second act

402

00:18:36,150 --> 00:18:33,880

okay I'm page 13 I thought this was

403

00:18:38,010 --> 00:18:36,160

really interesting and you know I'm

404

00:18:40,770 --> 00:18:38,020

really into this but that towards the

405

00:18:43,410 --> 00:18:40,780

end there I finally see it and what I

406

00:18:45,600 --> 00:18:43,420

see is the Miller questions ask this is

407

00:18:47,370 --> 00:18:45,610

why I feel so lucky that I was able to

408

00:18:48,630 --> 00:18:47,380

talk to this guy he is that that

409

00:18:52,020 --> 00:18:48,640

commander Miller returned my call

410

00:18:55,170 --> 00:18:52,030

because this to me really jumped out as

411

00:18:58,230 --> 00:18:55,180

being very very odd and very reminiscent

412

00:19:00,960 --> 00:18:58,240

of a fuzzy type material now will Miller

413

00:19:02,790 --> 00:19:00,970

is an inside guy and he's also somebody

414

00:19:04,560 --> 00:19:02,800

who is interested in UFOs he does

415

00:19:08,400 --> 00:19:04,570

communicate about him he is interested

416

00:19:10,860 --> 00:19:08,410

but what Miller is supposedly asking are

417

00:19:13,050 --> 00:19:10,870

according to the Admiral on page 13 is

418

00:19:15,060 --> 00:19:13,060

that he's asking about Roswell okay not

419

00:19:17,580 --> 00:19:15,070

unreasonable there he's asking about the

420

00:19:20,310 --> 00:19:17,590

Holloman Air Force Base landing and he's

421

00:19:24,720 --> 00:19:20,320

also asking about Socorro of the Zamora

422

00:19:26,610 --> 00:19:24,730

case and I have to tell you that this is

423

00:19:28,890 --> 00:19:26,620

absolutely something that has happened

424

00:19:31,770 --> 00:19:28,900

in the serpo material where there's an

425

00:19:34,170 --> 00:19:31,780

attempt to tie these immoral landing and

426
00:19:36,510 --> 00:19:34,180
that saying that the Holloman Air Force

427
00:19:39,840 --> 00:19:36,520
Base meeting was actually the same date

428
00:19:43,020 --> 00:19:39,850
as a smaller case that lumping those

429
00:19:45,660 --> 00:19:43,030
together like that is a very curious to

430
00:19:47,700 --> 00:19:45,670
me and again is a kind of a pattern and

431
00:19:49,800 --> 00:19:47,710
if you look at the pattern that takes

432
00:19:53,550 --> 00:19:49,810
place in the the story of this memo

433
00:19:57,390 --> 00:19:53,560
where the Admiral Admiral Wilson

434
00:20:01,230 --> 00:19:57,400
recounts his tale of being led into the

435
00:20:03,060 --> 00:20:01,240
room of a a corporation that is a

436
00:20:06,090 --> 00:20:03,070
control aerospace corporation that is

437
00:20:08,580 --> 00:20:06,100
controlling this UFO functioning

438
00:20:10,680 --> 00:20:08,590

material this craft it's a very

439

00:20:13,680 --> 00:20:10,690

reminiscent of the briefing that Reagan

440

00:20:16,260 --> 00:20:13,690

got in the the serpo material and it's

441

00:20:20,760 --> 00:20:16,270

right down to let me see if I can find

442

00:20:22,880 --> 00:20:20,770

that so there's the list of all the the

443

00:20:26,160 --> 00:20:22,890

Miller questions asked okay and

444

00:20:28,110 --> 00:20:26,170

basically asking about a lot of no no

445

00:20:30,510 --> 00:20:28,120

fuzzy stuff of mj-12 and leaked

446

00:20:32,550 --> 00:20:30,520

documents or more back up there with the

447

00:20:34,350 --> 00:20:32,560

Holloman Air Force Base obviously yeah

448

00:20:36,690 --> 00:20:34,360

bet words I Rendell's from for us that's

449

00:20:38,850 --> 00:20:36,700

a solid case but there they all are

450

00:20:41,520 --> 00:20:38,860

lumped together very very oddly and that

451

00:20:43,050 --> 00:20:41,530

that struck me as being a very odd so

452

00:20:46,050 --> 00:20:43,060

one of the questions that I wanted to

453

00:20:49,860 --> 00:20:46,060

ask the commander when I had the chance

454

00:20:51,540 --> 00:20:49,870

to talk to him was you know these are

455

00:20:53,580 --> 00:20:51,550

the questions that you supposedly asked

456

00:20:57,720 --> 00:20:53,590

do they mean anything to you you know

457

00:20:59,190 --> 00:20:57,730

and it doesn't it doesn't make sense

458

00:21:00,480 --> 00:20:59,200

that a guy with your kind of background

459

00:21:02,790 --> 00:21:00,490

is going to be asking about this

460

00:21:04,830 --> 00:21:02,800

particular list of questions and he said

461

00:21:06,720 --> 00:21:04,840

he he'd never been interested in Sicario

462

00:21:08,460 --> 00:21:06,730

and the Socorro case he really didn't

463

00:21:10,080 --> 00:21:08,470

know too much about it and he asked he

464

00:21:11,340 --> 00:21:10,090

actually asked me for some details about

465

00:21:13,530 --> 00:21:11,350

it not in a little bit we talked a

466

00:21:14,760 --> 00:21:13,540

little bit about the case but he said

467

00:21:16,920 --> 00:21:14,770

the eve really didn't know that much

468

00:21:20,430 --> 00:21:16,930

about it and that's what strikes me as

469

00:21:21,990 --> 00:21:20,440

odd like you know you're going to

470

00:21:23,490 --> 00:21:22,000

remember what your favorite cases are

471

00:21:26,040 --> 00:21:23,500

you're going to remember the cases that

472

00:21:28,080 --> 00:21:26,050

you asked about in a particular meeting

473

00:21:29,580 --> 00:21:28,090

or you're feeding questions to the

474

00:21:32,130 --> 00:21:29,590

Admiral it's not clear whether he's at

475

00:21:34,170 --> 00:21:32,140

this meeting or not with the with the

476

00:21:37,470 --> 00:21:34,180

corporate types that we'll get into a

477

00:21:41,310 --> 00:21:37,480

little bit later on but what he does say

478

00:21:43,140 --> 00:21:41,320

that he doesn't know this case and it

479

00:21:45,060 --> 00:21:43,150

doesn't make any sense that somebody

480

00:21:47,340 --> 00:21:45,070

would be asking about this case at what

481

00:21:49,680 --> 00:21:47,350

they within the context of the memo is a

482

00:21:51,390 --> 00:21:49,690

very important meeting and then you know

483

00:21:53,220 --> 00:21:51,400

years later you're not going to forget

484

00:21:55,040 --> 00:21:53,230

what your favorite cases are you're

485

00:21:58,230 --> 00:21:55,050

gonna remember why you like them and

486

00:22:00,960 --> 00:21:58,240

that has the ring of not being true to

487

00:22:03,539 --> 00:22:00,970

me that has the ring of disposing of

488

00:22:06,899 --> 00:22:03,549

fuzzy disinformation and

489

00:22:09,090 --> 00:22:06,909

I kind of talked about it and I'm seeing

490

00:22:11,389 --> 00:22:09,100

it here and I'm seeing it and the I'm

491

00:22:15,869 --> 00:22:11,399

getting confirmation of it from

492

00:22:17,549 --> 00:22:15,879

commander the commander you know I've

493

00:22:18,749 --> 00:22:17,559

got looking through these documents I've

494

00:22:21,960 --> 00:22:18,759

got some real problems with him there

495

00:22:24,659 --> 00:22:21,970

Michael well one thing I think we need

496

00:22:28,560 --> 00:22:24,669

to clarify there there are titled Miller

497

00:22:32,639 --> 00:22:28,570

questions here that commander Wilson was

498

00:22:34,379 --> 00:22:32,649

asking this private civilian contractor

499

00:22:36,539 --> 00:22:34,389

once he finally got a meeting with these

500

00:22:38,249 --> 00:22:36,549

folks right and the implication and the

501
00:22:40,769 --> 00:22:38,259
context that that's presented is that

502
00:22:43,289 --> 00:22:40,779
these are questions that that Miller

503
00:22:46,889 --> 00:22:43,299
wanted answered whether he's actually in

504
00:22:48,629 --> 00:22:46,899
the meeting or whether the the Admiral

505
00:22:50,999 --> 00:22:48,639
is passing them along just to get him

506
00:22:52,560 --> 00:22:51,009
answering well you made a very correct

507
00:22:55,739 --> 00:22:52,570
distinction right there these are

508
00:22:58,560 --> 00:22:55,749
questions that Miller had asked during

509
00:23:01,139 --> 00:22:58,570
the previous 1997 meeting with dr.

510
00:23:03,960 --> 00:23:01,149
Mitchell and Steven Greer they is

511
00:23:06,539 --> 00:23:03,970
supposedly in this meeting they talked

512
00:23:10,979 --> 00:23:06,549
privately for two hours after the

513
00:23:15,060 --> 00:23:10,989

briefing will Miller and Admiral Wilson

514

00:23:17,729 --> 00:23:15,070

so basically Admiral Wilson now is kind

515

00:23:19,139 --> 00:23:17,739

of remembering those issues and

516

00:23:22,440 --> 00:23:19,149

questions that they were talking about

517

00:23:23,249 --> 00:23:22,450

there's no attribution that the

518

00:23:26,190 --> 00:23:23,259

commander Miller

519

00:23:28,830 --> 00:23:26,200

actually knows the details of the Lonnie

520

00:23:31,889 --> 00:23:28,840

Zamora or the Bentwaters or the even the

521

00:23:35,249 --> 00:23:31,899

Holloman Base Air Force Base landing

522

00:23:37,859 --> 00:23:35,259

supposedly so it might be incorrect to

523

00:23:40,830 --> 00:23:37,869

assume that these are his favorite cases

524

00:23:43,019 --> 00:23:40,840

will Miller's it might be more correct

525

00:23:45,269 --> 00:23:43,029

to assume that these are things that he

526

00:23:52,349 --> 00:23:45,279

is very interested in would like to know

527

00:23:54,060 --> 00:23:52,359

the answers okay and as the meeting goes

528

00:23:55,649 --> 00:23:54,070

on let's say get a little bit more into

529

00:23:58,379 --> 00:23:55,659

the meeting itself I was jumping ahead a

530

00:24:01,680 --> 00:23:58,389

little bit but once they get past the

531

00:24:05,369 --> 00:24:01,690

letter it gets into the meat of you know

532

00:24:07,950 --> 00:24:05,379

well basically the Admirals Admiral

533

00:24:09,840 --> 00:24:07,960

Wilson's sort of a journey to ending up

534

00:24:13,049 --> 00:24:09,850

in that meeting with these these unnamed

535

00:24:15,600 --> 00:24:13,059

corporate types well Frank let's not

536

00:24:17,820 --> 00:24:15,610

skip over the meat of the matter of the

537

00:24:21,180 --> 00:24:17,830

letter of four particulars that this

538

00:24:26,520 --> 00:24:21,190

letter is claiming that will Miller can

539

00:24:29,160 --> 00:24:26,530

provide to how put off and dr. Davis did

540

00:24:31,440 --> 00:24:29,170

you happen to ask commander Miller

541

00:24:34,710 --> 00:24:31,450

whether he actually made these

542

00:24:36,630 --> 00:24:34,720

statements about billion government a

543

00:24:38,970 --> 00:24:36,640

company that can do reverse engineering

544

00:24:41,190 --> 00:24:38,980

and involved on the East Coast you know

545

00:24:42,660 --> 00:24:41,200

the big supposedly a flap on the East

546

00:24:45,299 --> 00:24:42,670

Coast I'm wondering if he denied

547

00:24:47,250 --> 00:24:45,309

specifically any of those four things

548

00:24:49,169 --> 00:24:47,260

that are mentioned in this letter well

549

00:24:51,990 --> 00:24:49,179

some of them we got some of them he said

550

00:24:54,780 --> 00:24:52,000

definitely and he also certainly was

551

00:24:56,700 --> 00:24:54,790

clear that he had no knowledge of any

552

00:24:59,700 --> 00:24:56,710

kind of eg technology or working with

553

00:25:05,820 --> 00:24:59,710

anything along those lines so some of

554

00:25:07,650 --> 00:25:05,830

them meaning how many all four we didn't

555

00:25:08,250 --> 00:25:07,660

ask the specific questions that you came

556

00:25:11,039 --> 00:25:08,260

up with

557

00:25:12,570 --> 00:25:11,049

we had other questions oh well these

558

00:25:14,580 --> 00:25:12,580

aren't questions these are just things

559

00:25:17,850 --> 00:25:14,590

that it are in the memo saying that he

560

00:25:21,539 --> 00:25:17,860

knew about and was able to supply to a

561

00:25:23,610 --> 00:25:21,549

you know to Davis well I was just

562

00:25:26,039 --> 00:25:23,620

wondering if he's denying specifically

563

00:25:27,720 --> 00:25:26,049

all these four items and anybody can

564

00:25:30,930 --> 00:25:27,730

read these items now so it's not like a

565

00:25:33,330 --> 00:25:30,940

secret but I sure would like I'm I'm the

566

00:25:36,000 --> 00:25:33,340

attorney on the cross-examination stand

567

00:25:37,770 --> 00:25:36,010

trying to find out okay what about these

568

00:25:40,470 --> 00:25:37,780

things that are listed in here can you

569

00:25:42,960 --> 00:25:40,480

confirm or deny any one of them or all

570

00:25:47,190 --> 00:25:42,970

of them okay yeah I can ask him that he

571

00:25:49,500 --> 00:25:47,200

did say that he does know how put off

572

00:25:52,530 --> 00:25:49,510

but he doesn't like him he never like

573

00:25:53,100 --> 00:25:52,540

communicated with him like you know in

574

00:25:55,320 --> 00:25:53,110

person

575

00:26:01,140 --> 00:25:55,330

it was always in a sort of an indirect

576

00:26:05,730 --> 00:26:01,150

manner but also he does know John

577

00:26:08,760 --> 00:26:05,740

Alexander and he does not know KITT Kate

578

00:26:10,890 --> 00:26:08,770

green at all who doesn't know him but it

579

00:26:13,260 --> 00:26:10,900

sounds to me that he's totally denying

580

00:26:15,990 --> 00:26:13,270

to both of you then he brought this

581

00:26:20,850 --> 00:26:16,000

letter to Eric Davis oh yes absolutely

582

00:26:23,880 --> 00:26:20,860

he's saying that he does not have

583

00:26:27,150 --> 00:26:23,890

anything to do with this letter and that

584

00:26:28,580 --> 00:26:27,160

it was stitched together and parts of it

585

00:26:31,730 --> 00:26:28,590

have a

586

00:26:34,820 --> 00:26:31,740

stitching together are fictional and

587

00:26:38,509 --> 00:26:34,830

other parts are genuine from letters

588

00:26:41,060 --> 00:26:38,519

he's had in the past and uh and that

589

00:26:44,060 --> 00:26:41,070

Beckwith a meeting was absolutely

590

00:26:46,430 --> 00:26:44,070

correct that that did occur but that

591

00:26:48,590 --> 00:26:46,440

Erik Davis had nothing to do with it and

592

00:26:50,720 --> 00:26:48,600

then just for the heck of it I did I

593

00:26:52,220 --> 00:26:50,730

know it's not relevant but I asked him

594

00:26:54,350 --> 00:26:52,230

if he knew grant Cameron are you and he

595

00:26:56,210 --> 00:26:54,360

says he doesn't know either one of you

596

00:26:59,779 --> 00:26:56,220

not that he should I just you know I

597

00:27:01,850 --> 00:26:59,789

just asked anyway yeah good for you but

598

00:27:05,659 --> 00:27:01,860

she does know Don Alexander and he does

599

00:27:08,690 --> 00:27:05,669

know him well yes yes definitely and

600

00:27:10,340 --> 00:27:08,700

specifically the strange request at the

601
00:27:13,430 --> 00:27:10,350
very end of the letter about this pepper

602
00:27:15,230 --> 00:27:13,440
spray manufacturing company did he deny

603
00:27:18,259 --> 00:27:15,240
that that is anything he ever wrote

604
00:27:20,359 --> 00:27:18,269
that's not a specific I got into yeah I

605
00:27:23,480 --> 00:27:20,369
didn't get into that but I can ask him

606
00:27:25,639 --> 00:27:23,490
that tonight because indeed if the

607
00:27:27,529 --> 00:27:25,649
Beckwith thing is correct at the very

608
00:27:29,060 --> 00:27:27,539
top of the letter I'm wondering at the

609
00:27:30,830 --> 00:27:29,070
very end of the letter there is this

610
00:27:32,989 --> 00:27:30,840
thing thrown in it has nothing to do

611
00:27:34,639 --> 00:27:32,999
with the other items that are listed

612
00:27:36,259 --> 00:27:34,649
there I'm wondering if that is correct

613
00:27:38,470 --> 00:27:36,269

either and someone might have just

614

00:27:41,029 --> 00:27:38,480

pasted all of these things in the middle

615

00:27:43,609 --> 00:27:41,039

that would give us a little clue if he

616

00:27:45,220 --> 00:27:43,619

is confirming the final paragraph of

617

00:27:50,859 --> 00:27:45,230

this letter

618

00:27:54,980 --> 00:27:50,869

well he can't okay so we went over the

619

00:27:59,840 --> 00:27:54,990

document and he said that he does not

620

00:28:02,450 --> 00:27:59,850

believe it's authentic right but he did

621

00:28:05,690 --> 00:28:02,460

you did agree that this Beckwith meeting

622

00:28:09,590 --> 00:28:05,700

happened it did so this is what the my

623

00:28:11,960 --> 00:28:09,600

this is sort of what my question was in

624

00:28:15,710 --> 00:28:11,970

that and I'll ask him this later and

625

00:28:17,299 --> 00:28:15,720

that is I do also cannot forget to

626

00:28:19,789 --> 00:28:17,309

mention by the way before I say what I'm

627

00:28:21,950 --> 00:28:19,799

gonna say is that he did not find this

628

00:28:24,440 --> 00:28:21,960

letter in any of his files either

629

00:28:27,560 --> 00:28:24,450

because he did look for it he did

630

00:28:30,249 --> 00:28:27,570

research regarding this letter he looked

631

00:28:33,859 --> 00:28:30,259

it up in his files and it was not there

632

00:28:35,989 --> 00:28:33,869

just as an extra because he was asked

633

00:28:37,580 --> 00:28:35,999

about it why would he look why would he

634

00:28:41,730 --> 00:28:37,590

look for if he knew that he didn't write

635

00:28:44,340 --> 00:28:41,740

it because he was asked about it

636

00:28:46,769 --> 00:28:44,350

so he did his own due diligence and

637

00:28:52,169 --> 00:28:46,779

there was no letter of that sort in his

638

00:28:55,320 --> 00:28:52,179

files okay some words he went looked yes

639

00:28:59,220 --> 00:28:55,330

and he is saying that despite that

640

00:29:02,820 --> 00:28:59,230

research he can also say with confidence

641

00:29:04,529 --> 00:29:02,830

that this letter is not authentic from

642

00:29:06,799 --> 00:29:04,539

him it's not he did not write this

643

00:29:10,560 --> 00:29:06,809

letter and he doesn't know Eric Davis

644

00:29:14,480 --> 00:29:10,570

and then no so this this sort of begs

645

00:29:19,110 --> 00:29:14,490

the question now how would anybody know

646

00:29:22,130 --> 00:29:19,120

that he had a meeting with Beckwith Bob

647

00:29:25,860 --> 00:29:22,140

and so that just sort of makes me wonder

648

00:29:30,120 --> 00:29:25,870

is this some kind of a situation where

649

00:29:34,549 --> 00:29:30,130

somebody had access to his files or some

650

00:29:39,029 --> 00:29:34,559

files somewhere someone's files and took

651
00:29:42,750 --> 00:29:39,039
part and parcel from those files having

652
00:29:45,870 --> 00:29:42,760
to do with these folks and then stitched

653
00:29:48,899 --> 00:29:45,880
him together because one part of this

654
00:29:50,880 --> 00:29:48,909
letter is authentic and other parts to

655
00:29:53,970 --> 00:29:50,890
him sound like you know the style the

656
00:29:56,130 --> 00:29:53,980
cadence and how he might write but the

657
00:29:58,350 --> 00:29:56,140
rest of it does not look like what he

658
00:30:01,139 --> 00:29:58,360
would write at all and he has nothing to

659
00:30:04,019 --> 00:30:01,149
do with UFO crash retrievals or UFO

660
00:30:06,870 --> 00:30:04,029
anything he did he did say he has

661
00:30:10,799 --> 00:30:06,880
nothing to do with any kind of et

662
00:30:13,380 --> 00:30:10,809
technology whatsoever so my question

663
00:30:15,980 --> 00:30:13,390

then is and I know he couldn't answer

664

00:30:19,019 --> 00:30:15,990

this but it's just an open question

665

00:30:22,350 --> 00:30:19,029

would that be with this letter have been

666

00:30:27,210 --> 00:30:22,360

put together by a counter by an

667

00:30:29,909 --> 00:30:27,220

intelligence agent it could be first you

668

00:30:33,180 --> 00:30:29,919

are yeah it's very interesting to me

669

00:30:36,419 --> 00:30:33,190

that commander Miller let me ask you I

670

00:30:38,159 --> 00:30:36,429

mean Michael where I've obviously got

671

00:30:40,649 --> 00:30:38,169

some problems with the whole document

672

00:30:42,480 --> 00:30:40,659

but I suppose that somebody could have

673

00:30:44,549 --> 00:30:42,490

taken there the legitimate Eric Davis

674

00:30:46,680 --> 00:30:44,559

notes and just popped this letter in

675

00:30:48,690 --> 00:30:46,690

there yeah yeah it's generally not

676

00:30:50,370 --> 00:30:48,700

connected at all with that's what I'm

677

00:30:52,919 --> 00:30:50,380

that's what I'm getting that too because

678

00:30:55,049 --> 00:30:52,929

it's very interesting that commander

679

00:30:56,220 --> 00:30:55,059

Miller is confirming that this Beckwith

680

00:30:58,980 --> 00:30:56,230

meeting took place

681

00:31:01,680 --> 00:30:58,990

and in the letter itself it's mentioning

682

00:31:04,340 --> 00:31:01,690

that Mr. Beckworth who's a quite a

683

00:31:06,840 --> 00:31:04,350

famous scientist here is working on a

684

00:31:09,740 --> 00:31:06,850

forced model unit of the universe

685

00:31:13,379 --> 00:31:09,750

including research and levitation trance

686

00:31:15,720 --> 00:31:13,389

teleportation and time-travel that alone

687

00:31:19,200 --> 00:31:15,730

is kind of earth-shattering and if

688

00:31:20,789 --> 00:31:19,210

indeed commander Miller is actually

689

00:31:23,159 --> 00:31:20,799

confirming that that meeting took place

690

00:31:26,190 --> 00:31:23,169

I would be interested in learning about

691

00:31:28,379 --> 00:31:26,200

that Thanks so we've got some leads to

692

00:31:32,549 --> 00:31:28,389

follow up on and I think the interesting

693

00:31:34,320 --> 00:31:32,559

one is I think it's doable is to confirm

694

00:31:37,799 --> 00:31:34,330

whether or not the animal was in Vegas

695

00:31:41,250 --> 00:31:37,809

but anyway the whole memo basically

696

00:31:43,860 --> 00:31:41,260

leads up to Admiral Wilson recounting to

697

00:31:47,639 --> 00:31:43,870

Davis basically his efforts to get

698

00:31:50,159 --> 00:31:47,649

through to an aerospace company that one

699

00:31:52,680 --> 00:31:50,169

of our defense contractors and that they

700

00:31:55,279 --> 00:31:52,690

they apparently got the whole kit and

701
00:31:58,500 --> 00:31:55,289
caboodle and he's having a tough time

702
00:32:01,049 --> 00:31:58,510
figuring out the money trail and he

703
00:32:03,210 --> 00:32:01,059
finally after talking to them on the

704
00:32:05,430 --> 00:32:03,220
phone goes out there physically goes out

705
00:32:08,250 --> 00:32:05,440
west somewhere and sits down and meets

706
00:32:12,029 --> 00:32:08,260
with this group yes and this is a

707
00:32:14,700 --> 00:32:12,039
fascinating idea where basically I guess

708
00:32:17,090 --> 00:32:14,710
about ten days to two weeks after the

709
00:32:20,340 --> 00:32:17,100
meeting that he had with Edgar Mitchell

710
00:32:22,320 --> 00:32:20,350
Miller and Steven Greer he starts making

711
00:32:24,570 --> 00:32:22,330
Admiral Wilson starts making phone calls

712
00:32:27,629 --> 00:32:24,580
he gets a little curious at least that's

713
00:32:29,669 --> 00:32:27,639

what this document says and indeed he

714

00:32:31,620 --> 00:32:29,679

goes to some of his friends some of his

715

00:32:34,259 --> 00:32:31,630

colleagues in the Pentagon and they kind

716

00:32:36,899 --> 00:32:34,269

of give him clues where to go to find

717

00:32:40,529 --> 00:32:36,909

this civilian organization that might be

718

00:32:43,049 --> 00:32:40,539

dealing with UFOs and crash retrieval

719

00:32:44,909 --> 00:32:43,059

programs and of course the funny thing

720

00:32:46,710 --> 00:32:44,919

is is that all of a sudden Headroom

721

00:32:51,210 --> 00:32:46,720

Wilson says he made three phone calls

722

00:32:53,399 --> 00:32:51,220

and tracked down this one subcontractor

723

00:32:55,919 --> 00:32:53,409

civilian subcontractor and called them

724

00:32:59,190 --> 00:32:55,929

up talked to the program director and

725

00:33:01,080 --> 00:32:59,200

said hey what's going on I haven't been

726
00:33:04,110 --> 00:33:01,090
briefed by you guys on what you're doing

727
00:33:06,750 --> 00:33:04,120
and I want to know what you are doing

728
00:33:08,830 --> 00:33:06,760
with UFO crash retrievals now right

729
00:33:11,110 --> 00:33:08,840
there I can see the faith the look

730
00:33:13,899 --> 00:33:11,120
the face of this progress a program

731
00:33:18,519 --> 00:33:13,909
manager going oh my god what happened

732
00:33:20,860 --> 00:33:18,529
how did he get to us and he does get to

733
00:33:24,130 --> 00:33:20,870
them and it's very interesting the way

734
00:33:28,330 --> 00:33:24,140
he recounts the exchange because there

735
00:33:31,360 --> 00:33:28,340
are some similarities between this

736
00:33:33,820 --> 00:33:31,370
particular meeting as described and also

737
00:33:36,610 --> 00:33:33,830
a meeting that is in this serpo material

738
00:33:40,210 --> 00:33:36,620

which I regard to speak to be blunt

739

00:33:42,940 --> 00:33:40,220

about it so let's talk about the meeting

740

00:33:45,310 --> 00:33:42,950

the trope is the same the scene set up

741

00:33:47,860 --> 00:33:45,320

is basically the same the identified

742

00:33:50,560 --> 00:33:47,870

leader walks into the room and he is

743

00:33:54,820 --> 00:33:50,570

going to be told about something that is

744

00:33:55,720 --> 00:33:54,830

way beyond his you know is a wildest

745

00:33:59,049 --> 00:33:55,730

imagination

746

00:34:00,340 --> 00:33:59,059

so basically what that Wilson that gets

747

00:34:02,740 --> 00:34:00,350

to the to the vault

748

00:34:06,120 --> 00:34:02,750

basically he's taken down into a secure

749

00:34:08,320 --> 00:34:06,130

vault basically where he has his meeting

750

00:34:10,030 --> 00:34:08,330

Reagan that has his meeting at Camp

751

00:34:11,649 --> 00:34:10,040

David but I just think it's really

752

00:34:14,349 --> 00:34:11,659

interesting that he meets with this

753

00:34:16,899 --> 00:34:14,359

group Wilson does and that's called the

754

00:34:19,089 --> 00:34:16,909

Watch Committee or the gatekeepers and

755

00:34:21,430 --> 00:34:19,099

you're going back to Sir power Reagan is

756

00:34:23,200 --> 00:34:21,440

briefed on you know the keys to the

757

00:34:25,450 --> 00:34:23,210

kingdom they everything you would

758

00:34:28,000 --> 00:34:25,460

possibly want to know about et and UFOs

759

00:34:31,060 --> 00:34:28,010

by somebody called the caretaker it just

760

00:34:32,829 --> 00:34:31,070

it feels like fiction to me not Michael

761

00:34:36,070 --> 00:34:32,839

I gotta be honest about it and it feels

762

00:34:37,690 --> 00:34:36,080

like fiction I've read before alright

763

00:34:39,760 --> 00:34:37,700

well I tell you what it's kind of

764

00:34:42,280 --> 00:34:39,770

interesting because once he actually

765

00:34:43,839 --> 00:34:42,290

gets a meeting by the way that first

766

00:34:46,510 --> 00:34:43,849

phone call he makes to the program

767

00:34:49,540 --> 00:34:46,520

manager the program manager stammers and

768

00:34:51,280 --> 00:34:49,550

stutters it says uh Admiral we have to

769

00:34:53,169 --> 00:34:51,290

talk about this we will call you and

770

00:34:54,940 --> 00:34:53,179

make up face to face meetings so that

771

00:34:56,710 --> 00:34:54,950

there is an agreement that these are

772

00:34:58,900 --> 00:34:56,720

gonna get a call back and indeed he does

773

00:35:01,180 --> 00:34:58,910

he goes he says he flies out there so

774

00:35:04,060 --> 00:35:01,190

I'm assuming if he's in the Pentagon on

775

00:35:05,950 --> 00:35:04,070

the East Coast it's like you said s and

776

00:35:07,900 --> 00:35:05,960

most yeah most of the big guy aerospace

777

00:35:11,440 --> 00:35:07,910

defense contractors are out west anyway

778

00:35:13,750 --> 00:35:11,450

so yeah and obviously then he gets there

779

00:35:16,720 --> 00:35:13,760

and goes to the vault and meets these

780

00:35:20,170 --> 00:35:16,730

folks and he is confronted with three

781

00:35:24,130 --> 00:35:20,180

people initially the program director

782

00:35:27,040 --> 00:35:24,140

who and the security director for the

783

00:35:28,569 --> 00:35:27,050

company and the company attorney now

784

00:35:32,339 --> 00:35:28,579

these are the gatekeepers they call

785

00:35:34,809 --> 00:35:32,349

themselves by the way and they are

786

00:35:36,640 --> 00:35:34,819

basically there to keep a lid on things

787

00:35:41,710 --> 00:35:36,650

because they tell the Admiral that there

788

00:35:44,109 --> 00:35:41,720

was a major breach in confidence of of

789

00:35:46,960 --> 00:35:44,119

them during a government audit by the

790

00:35:49,420 --> 00:35:46,970

Pentagon actually in the past that made

791

00:35:51,660 --> 00:35:49,430

a big brouhaha and they had to put a lid

792

00:35:53,950 --> 00:35:51,670

on that so it would never happen again

793

00:35:57,099 --> 00:35:53,960

the interesting thing about it is that

794

00:36:01,390 --> 00:35:57,109

the head of security for this civilian

795

00:36:04,599 --> 00:36:01,400

company is a retired NSA officer and

796

00:36:06,309 --> 00:36:04,609

counterintelligence expert and then

797

00:36:08,460 --> 00:36:06,319

you've got the project manager and got

798

00:36:10,870 --> 00:36:08,470

the attorney and they're telling him

799

00:36:14,589 --> 00:36:10,880

actually the first part of the meeting

800

00:36:17,589 --> 00:36:14,599

is they are trying to quiz Admiral

801
00:36:20,260 --> 00:36:17,599
Wilson on how the heck they found him or

802
00:36:22,870 --> 00:36:20,270
he found them he's going who did you

803
00:36:23,589 --> 00:36:22,880
talk to they wanted particulars and of

804
00:36:25,539 --> 00:36:23,599
course

805
00:36:27,400 --> 00:36:25,549
Admiral Wilson's being a little cagey

806
00:36:28,990 --> 00:36:27,410
didn't really tell them exactly who he

807
00:36:32,710 --> 00:36:29,000
got the information from but there's a

808
00:36:34,900 --> 00:36:32,720
fascinating statement in this document

809
00:36:37,780 --> 00:36:34,910
where he had Murr Wilson confirms that

810
00:36:41,230 --> 00:36:37,790
he had talked to four other different

811
00:36:43,329 --> 00:36:41,240
program directors who referred all of

812
00:36:45,309 --> 00:36:43,339
them referred them back to this private

813
00:36:47,410 --> 00:36:45,319

contractor that contractor just

814

00:36:51,760 --> 00:36:47,420

basically freaked at that point going oh

815

00:36:54,160 --> 00:36:51,770

my god if four other contractors or

816

00:36:55,180 --> 00:36:54,170

civilian organizations know about us we

817

00:37:00,059 --> 00:36:55,190

are in big trouble

818

00:37:06,579 --> 00:37:03,849

okay chant you have anything no I think

819

00:37:09,370 --> 00:37:06,589

I said everything I needed to say it was

820

00:37:13,720 --> 00:37:09,380

nice being able to actually have had a

821

00:37:17,260 --> 00:37:13,730

conversation in such detail with

822

00:37:18,970 --> 00:37:17,270

commander will Miller today and I was

823

00:37:21,160 --> 00:37:18,980

very grateful that he actually took the

824

00:37:26,460 --> 00:37:21,170

time to have spoken to me not only by

825

00:37:28,990 --> 00:37:26,470

phone but by Skype and by email and so I

826

00:37:31,480 --> 00:37:29,000

went over everything as carefully as I

827

00:37:33,130 --> 00:37:31,490

could with him but look you know it's

828

00:37:37,960 --> 00:37:33,140

not like we had

829

00:37:40,840 --> 00:37:37,970

a lot of time to talk and you know I

830

00:37:42,930 --> 00:37:40,850

asked everything I could that I felt he

831

00:37:45,910 --> 00:37:42,940

was going to give me permission to ask

832

00:37:48,580 --> 00:37:45,920

people need to understand and that

833

00:37:50,290 --> 00:37:48,590

there's a point where even if you have

834

00:37:53,560 --> 00:37:50,300

the discretionary time to talk to

835

00:37:58,510 --> 00:37:53,570

somebody that does not mean they are

836

00:38:01,900 --> 00:37:58,520

going to answer every question and so

837

00:38:03,910 --> 00:38:01,910

what I'm how we made contact with the

838

00:38:05,980 --> 00:38:03,920

commander basically I've been trying to

839

00:38:07,630 --> 00:38:05,990

track him down and leave messages and I

840

00:38:09,340 --> 00:38:07,640

was pretty shocked he called me back out

841

00:38:11,110 --> 00:38:09,350

right before I was leaving for work so I

842

00:38:12,640 --> 00:38:11,120

didn't have a whole lot of time but the

843

00:38:14,890 --> 00:38:12,650

two main questions I really wanted to

844

00:38:17,110 --> 00:38:14,900

ask him was did he remember writing the

845

00:38:18,700 --> 00:38:17,120

the Davis memo and the way he responded

846

00:38:20,590 --> 00:38:18,710

me at that point in time when he would

847

00:38:22,540 --> 00:38:20,600

knew nothing about the documents was he

848

00:38:23,590 --> 00:38:22,550

didn't remember which you know seems

849

00:38:24,910 --> 00:38:23,600

like a reasonable answer who's

850

00:38:27,490 --> 00:38:24,920

necessarily going to remember off the

851
00:38:29,860 --> 00:38:27,500
top of their head writing a letter 17

852
00:38:31,360 --> 00:38:29,870
years ago so I didn't have any problem

853
00:38:33,070 --> 00:38:31,370
with that and then basically what I

854
00:38:35,170 --> 00:38:33,080
wanted to do was to have to confirm if

855
00:38:37,120 --> 00:38:35,180
he was particularly interested in that

856
00:38:38,820 --> 00:38:37,130
each of those cases that per this

857
00:38:41,260 --> 00:38:38,830
document he says that he is and

858
00:38:42,940 --> 00:38:41,270
obviously when he drew a blank at

859
00:38:46,030 --> 00:38:42,950
socorro that to me raised the red flag

860
00:38:48,400 --> 00:38:46,040
and then no obviously I left it at that

861
00:38:49,840 --> 00:38:48,410
because I had to go and I said would it

862
00:38:50,680 --> 00:38:49,850
be okay if we followed up and he said

863
00:38:52,570 --> 00:38:50,690

yes that'll be fine

864

00:38:54,520 --> 00:38:52,580

and then chant followed up today and

865

00:38:59,170 --> 00:38:54,530

that's basically how that exchange went

866

00:39:00,640 --> 00:38:59,180

and I think maybe you guys I have to go

867

00:39:03,250 --> 00:39:00,650

back to the drawing board a little bit

868

00:39:06,580 --> 00:39:03,260

and maybe firm a few things up that the

869

00:39:08,110 --> 00:39:06,590

document itself is being called in the

870

00:39:10,060 --> 00:39:08,120

question by the only person who has

871

00:39:12,790 --> 00:39:10,070

would have some direct knowledge with

872

00:39:15,790 --> 00:39:12,800

Eric Davis not talking and nobody is

873

00:39:18,100 --> 00:39:15,800

apparently contacted the Admiral it's a

874

00:39:19,960 --> 00:39:18,110

you know we've got that somebody who's

875

00:39:21,880 --> 00:39:19,970

directly involved and he's expressing a

876

00:39:22,810 --> 00:39:21,890

lot of skepticism about this and I've

877

00:39:25,300 --> 00:39:22,820

got to say that there are pretty

878

00:39:26,860 --> 00:39:25,310

reasonable skepticisms and one of the

879

00:39:28,720 --> 00:39:26,870

things that I asked him about that I was

880

00:39:29,830 --> 00:39:28,730

skeptical about in reading that really

881

00:39:32,710 --> 00:39:29,840

wouldn't have meant anything to him

882

00:39:36,190 --> 00:39:32,720

necessarily you know he gave the answer

883

00:39:38,050 --> 00:39:36,200

that makes me even more skeptical so you

884

00:39:40,300 --> 00:39:38,060

know I think we've raised some serious

885

00:39:42,130 --> 00:39:40,310

questions here that has got to get

886

00:39:43,780 --> 00:39:42,140

answered on that and whoever wants to

887

00:39:45,640 --> 00:39:43,790

pick up the ball it seems that there

888

00:39:46,900 --> 00:39:45,650

there are enough people out there that

889

00:39:48,130 --> 00:39:46,910

like this memo they

890

00:39:49,900 --> 00:39:48,140

think there's something to it well

891

00:39:51,549 --> 00:39:49,910

they've got a they gotta answer some

892

00:39:53,200 --> 00:39:51,559

questions they should be able to answer

893

00:39:56,079 --> 00:39:53,210

the one I'd like to know is can they

894

00:39:58,059 --> 00:39:56,089

confirm that way he was in Vegas on that

895

00:40:00,130 --> 00:39:58,069

appointment date that would be one that

896

00:40:02,170 --> 00:40:00,140

I think should be it shouldn't be that

897

00:40:05,500 --> 00:40:02,180

difficult to do and I think you guys

898

00:40:07,630 --> 00:40:05,510

need to do it fairly quickly well Frank

899

00:40:10,690 --> 00:40:07,640

let me ask you this did you use the for

900

00:40:12,520 --> 00:40:10,700

Hitler's in that will Mueller letter to

901
00:40:15,490 --> 00:40:12,530
refresh his memory about those four

902
00:40:16,870 --> 00:40:15,500
points we did not like I said Chad did

903
00:40:18,549 --> 00:40:16,880
the follow-up you'll say I was surprised

904
00:40:20,170 --> 00:40:18,559
when he got back to me I had ten minutes

905
00:40:22,539 --> 00:40:20,180
with him I got the two questions

906
00:40:24,130 --> 00:40:22,549
answered that he wanted but remember he

907
00:40:26,049 --> 00:40:24,140
hadn't seen the documents at that point

908
00:40:29,559 --> 00:40:26,059
chant was able to go through a little

909
00:40:31,329 --> 00:40:29,569
bit of detail and basically I think it's

910
00:40:33,190 --> 00:40:31,339
pretty cut and dry here basically yeah

911
00:40:36,160 --> 00:40:33,200
what commander Miller is saying that

912
00:40:38,200 --> 00:40:36,170
this document appears to be something

913
00:40:40,660 --> 00:40:38,210

was constructed that was cut and pasted

914

00:40:42,309 --> 00:40:40,670

that that some of that material does

915

00:40:44,740 --> 00:40:42,319

look like his writing for the past so

916

00:40:46,210 --> 00:40:44,750

maybe somebody involved in all in

917

00:40:48,460 --> 00:40:46,220

putting this together had some

918

00:40:52,690 --> 00:40:48,470

correspondence with him from who knows

919

00:40:53,950 --> 00:40:52,700

when way back in the day and that is

920

00:40:55,750 --> 00:40:53,960

something that can be done has been done

921

00:40:57,010 --> 00:40:55,760

before in terms of putting together for

922

00:40:59,769 --> 00:40:57,020

its document so it wouldn't be the first

923

00:41:02,769 --> 00:40:59,779

time I do have a I do have a question

924

00:41:05,019 --> 00:41:02,779

for you Michael regarding the last

925

00:41:07,690 --> 00:41:05,029

paragraph that you brought up I'm just

926
00:41:09,849 --> 00:41:07,700
gonna read that last paragraph where it

927
00:41:12,069 --> 00:41:09,859
says no sorry I don't want to interrupt

928
00:41:13,450 --> 00:41:12,079
you but I thought popped into my head

929
00:41:14,620 --> 00:41:13,460
and it's such a rare occasion that I

930
00:41:16,750 --> 00:41:14,630
want to I want to get out with it

931
00:41:19,359 --> 00:41:16,760
basically what commander Miller is

932
00:41:21,490 --> 00:41:19,369
saying is that his the letter his letter

933
00:41:25,000 --> 00:41:21,500
is a forgery I think it's fair I think

934
00:41:26,710 --> 00:41:25,010
it's a fair way to put it well but

935
00:41:28,480 --> 00:41:26,720
obviously if he doesn't know the details

936
00:41:29,890 --> 00:41:28,490
of the letter how well he's seen it he

937
00:41:33,490 --> 00:41:29,900
saw it when chair followed up with him

938
00:41:35,319 --> 00:41:33,500

today and did then you follow Michael

939

00:41:37,569 --> 00:41:35,329

Michael if the letter is constructed

940

00:41:40,720 --> 00:41:37,579

even that in part it's still it's still

941

00:41:42,370 --> 00:41:40,730

a fake it's still forgery oh yeah but on

942

00:41:43,870 --> 00:41:42,380

the witness stand you're saying well you

943

00:41:45,370 --> 00:41:43,880

know tell me what parts are true and

944

00:41:48,700 --> 00:41:45,380

what parts are not true that's that's

945

00:41:50,890 --> 00:41:48,710

what I'm trying to get at well even if

946

00:41:52,150 --> 00:41:50,900

even if all the parts are true and it's

947

00:41:55,089 --> 00:41:52,160

reconstructed it's still a

948

00:41:57,849 --> 00:41:55,099

reconstruction it's still a fake well

949

00:41:59,079 --> 00:41:57,859

it's taking bits and pieces of let's

950

00:42:00,580 --> 00:41:59,089

saying everything that he wrote he said

951
00:42:01,840 --> 00:42:00,590
okay I definitely wrote that

952
00:42:03,160 --> 00:42:01,850
okay you want to follow up with some of

953
00:42:04,660 --> 00:42:03,170
the things that he confirms there that

954
00:42:05,230 --> 00:42:04,670
that would be pretty hot worth following

955
00:42:07,870 --> 00:42:05,240
up on

956
00:42:10,990 --> 00:42:07,880
but even if every bit of that letter was

957
00:42:12,580 --> 00:42:11,000
actually written by the commander it's

958
00:42:14,320 --> 00:42:12,590
been reconstructed through a number of

959
00:42:17,250 --> 00:42:14,330
different correspondences that he

960
00:42:20,200 --> 00:42:17,260
engaged in it's still a fake

961
00:42:21,970 --> 00:42:20,210
well if indeed any of those particulars

962
00:42:23,350 --> 00:42:21,980
are correct and he wrote about them that

963
00:42:25,540 --> 00:42:23,360

would be very fascinating well it would

964

00:42:27,520 --> 00:42:25,550

be absolutely it would be absolutely it

965

00:42:28,840 --> 00:42:27,530

would be no question about that that's

966

00:42:31,660 --> 00:42:28,850

what we did get to the bottom line on

967

00:42:33,340 --> 00:42:31,670

the details which ones did he say are

968

00:42:36,430 --> 00:42:33,350

correct because he did say the Beckwith

969

00:42:40,450 --> 00:42:36,440

thing is correct that is interesting in

970

00:42:42,610 --> 00:42:40,460

and of itself absolutely the commander's

971

00:42:43,930 --> 00:42:42,620

never denied a guy being interested in

972

00:42:46,090 --> 00:42:43,940

that kind of thing he is there's no

973

00:42:48,190 --> 00:42:46,100

question about that of course and then

974

00:42:50,650 --> 00:42:48,200

we need to get to his particulars that

975

00:42:53,410 --> 00:42:50,660

he denies just to kind of confirm you

976
00:42:55,540 --> 00:42:53,420
know okay this is put together what of

977
00:43:00,370 --> 00:42:55,550
these things are things that you did not

978
00:43:02,230 --> 00:43:00,380
write that this early date you know we

979
00:43:07,630 --> 00:43:02,240
need a little bit more time with that

980
00:43:09,430 --> 00:43:07,640
but yeah I mean basically he did confirm

981
00:43:11,620 --> 00:43:09,440
he had no knowledge of et crash

982
00:43:13,660 --> 00:43:11,630
retrieval or technology in our hands and

983
00:43:16,840 --> 00:43:13,670
that sort of thing as sort of a broad

984
00:43:19,750 --> 00:43:16,850
general denial of having a direct

985
00:43:20,770 --> 00:43:19,760
knowledge or a direct involvement and

986
00:43:22,630 --> 00:43:20,780
that sort of thing

987
00:43:24,490 --> 00:43:22,640
so I mean we can make some inferences

988
00:43:26,500 --> 00:43:24,500

say yeah we can pin them down you know

989

00:43:27,910 --> 00:43:26,510

we can make them more clear and we want

990

00:43:31,390 --> 00:43:27,920

to be clear here we want to be fair to

991

00:43:35,890 --> 00:43:31,400

everybody but at the same time Jed did

992

00:43:37,690 --> 00:43:35,900

get that today and some other things

993

00:43:41,590 --> 00:43:37,700

could be cleared up though no doubt but

994

00:43:44,020 --> 00:43:41,600

I think I think we made some very

995

00:43:45,340 --> 00:43:44,030

interesting points that really raised

996

00:43:48,490 --> 00:43:45,350

some serious questions about the

997

00:43:51,700 --> 00:43:48,500

document okay so what I did was I went

998

00:43:53,500 --> 00:43:51,710

ahead and I made sure first of all that

999

00:43:55,720 --> 00:43:53,510

the document we were talking about was

1000

00:44:00,400 --> 00:43:55,730

one in the same document that Frank had

1001
00:44:02,470 --> 00:44:00,410
gone over with Will Miller and because

1002
00:44:05,850 --> 00:44:02,480
the reason why I did that is because you

1003
00:44:09,520 --> 00:44:05,860
know various different copies of this

1004
00:44:11,740 --> 00:44:09,530
smoking gun memo there I'm not saying

1005
00:44:14,109 --> 00:44:11,750
there are but there could be different

1006
00:44:16,390 --> 00:44:14,119
types of copies or variations

1007
00:44:18,489 --> 00:44:16,400
there and to make sure we were talking

1008
00:44:21,609 --> 00:44:18,499
about the same smoking gun memo we went

1009
00:44:25,089 --> 00:44:21,619
over it and he confirmed that was the

1010
00:44:27,700 --> 00:44:25,099
correct and same one because it's the

1011
00:44:33,789 --> 00:44:27,710
same one that Frank gave me so it was

1012
00:44:36,670 --> 00:44:33,799
the same exact document and then we we

1013
00:44:38,079 --> 00:44:36,680

also went over a different document I'm

1014

00:44:42,069 --> 00:44:38,089

just going to go ahead and mention it

1015

00:44:43,420 --> 00:44:42,079

Frank okay we went over and and Michael

1016

00:44:45,039 --> 00:44:43,430

will you please remind me to go over

1017

00:44:46,089 --> 00:44:45,049

that last paragraph and the letter if

1018

00:44:49,029 --> 00:44:46,099

you don't mind the one that you

1019

00:44:55,299 --> 00:44:49,039

mentioned before oh sure yeah okay thank

1020

00:44:56,980 --> 00:44:55,309

you so I went over also on skype by this

1021

00:44:58,859 --> 00:44:56,990

point time we were talking on skype

1022

00:45:02,589 --> 00:44:58,869

commander Wolffe Miller and I were

1023

00:45:05,289 --> 00:45:02,599

regarding the alien autopsy of the

1024

00:45:10,329 --> 00:45:05,299

emails can make email communications

1025

00:45:13,779 --> 00:45:10,339

between Bob allegedly between Bob

1026

00:45:16,269 --> 00:45:13,789

Bigelow Eric Davis comb Kelleher and I

1027

00:45:18,940 --> 00:45:16,279

don't know maybe a few others but anyway

1028

00:45:22,210 --> 00:45:18,950

this yes thank you allegedly by kick

1029

00:45:25,089 --> 00:45:22,220

green as well so we went over that I had

1030

00:45:27,339 --> 00:45:25,099

him actually go over the documents

1031

00:45:31,180 --> 00:45:27,349

scroll through it look at it

1032

00:45:34,779 --> 00:45:31,190

scrutinize it and he said that this was

1033

00:45:37,349 --> 00:45:34,789

just absolutely foreign to him like this

1034

00:45:40,749 --> 00:45:37,359

just none of this made any sense to him

1035

00:45:43,210 --> 00:45:40,759

he did not recognize not that he should

1036

00:45:46,720 --> 00:45:43,220

but he did not recognize this document

1037

00:45:48,910 --> 00:45:46,730

at all that it was it had nothing to do

1038

00:45:53,589 --> 00:45:48,920

with him he was sort of bewildered by it

1039

00:45:56,019 --> 00:45:53,599

and okay and then moving along to the

1040

00:45:59,259 --> 00:45:56,029

and by the way I did ask him just for

1041

00:46:02,109 --> 00:45:59,269

the heck of it did does he know Bob

1042

00:46:04,299 --> 00:46:02,119

Bigelow and he says no he does not he

1043

00:46:06,339 --> 00:46:04,309

does not know him personally he knows

1044

00:46:07,989 --> 00:46:06,349

who he is and he knows you know what he

1045

00:46:12,039 --> 00:46:07,999

may may be known for

1046

00:46:14,140 --> 00:46:12,049

but Roberta but anyway he does he does

1047

00:46:16,029 --> 00:46:14,150

not know him personally and again he

1048

00:46:18,400 --> 00:46:16,039

does not know Colm kill her either and

1049

00:46:21,460 --> 00:46:18,410

he does not know kit Green now moving

1050

00:46:25,660 --> 00:46:21,470

along to the other document regarding

1051

00:46:27,430 --> 00:46:25,670

The Smoking Gun memo the last paragraph

1052

00:46:29,380 --> 00:46:27,440

which I'm gonna read for our listeners

1053

00:46:32,620 --> 00:46:29,390

because Michaels brought it up a few

1054

00:46:36,190 --> 00:46:32,630

times and it says finally I have a

1055

00:46:38,020 --> 00:46:36,200

request I am trying to locate a company

1056

00:46:40,420 --> 00:46:38,030

in Las Vegas Nevada which some years ago

1057

00:46:42,100 --> 00:46:40,430

manufactured a specialized disabling

1058

00:46:44,530 --> 00:46:42,110

pepper spray for the military and law

1059

00:46:47,740 --> 00:46:44,540

enforcement the company was called one

1060

00:46:51,700 --> 00:46:47,750

mark ink and it says the address of it

1061

00:46:53,710 --> 00:46:51,710

and I knew its BP a mr. Joe zuccherro any

1062

00:46:55,990 --> 00:46:53,720

help in locating him under the company

1063

00:46:59,290 --> 00:46:56,000

would be appreciated best regards will

1064

00:47:01,000 --> 00:46:59,300

though Miller and so regarding that

1065

00:47:02,650 --> 00:47:01,010

paragraph what I was going to ask you

1066

00:47:05,380 --> 00:47:02,660

and by the way listeners just so you

1067

00:47:09,550 --> 00:47:05,390

know what I'm reading and that is the

1068

00:47:11,650 --> 00:47:09,560

letter that a commander will Miller was

1069

00:47:14,140 --> 00:47:11,660

alleged to have written to Eric Davis

1070

00:47:17,320 --> 00:47:14,150

which he denies that he wrote it he says

1071

00:47:20,650 --> 00:47:17,330

it's not a letter he wrote anyway was

1072

00:47:22,270 --> 00:47:20,660

going to ask you Michael is why is that

1073

00:47:24,040 --> 00:47:22,280

paragraph I know there's other

1074

00:47:25,840 --> 00:47:24,050

paragraphs and three other points you

1075

00:47:29,170 --> 00:47:25,850

have that are important to you but why

1076

00:47:31,240 --> 00:47:29,180

is that one so important to you what

1077

00:47:33,160 --> 00:47:31,250

would be very interesting to find out

1078

00:47:37,690 --> 00:47:33,170

where the commander Miller had a very

1079

00:47:40,000 --> 00:47:37,700

interesting either fascination or wanted

1080

00:47:43,090 --> 00:47:40,010

to find information about this great

1081

00:47:45,580 --> 00:47:43,100

company we would want to ask him does he

1082

00:47:47,490 --> 00:47:45,590

know this misters of Carl has he ever

1083

00:47:50,140 --> 00:47:47,500

heard of mr. zucchero

1084

00:47:52,450 --> 00:47:50,150

specifically there's an actual address

1085

00:47:54,880 --> 00:47:52,460

of this company that used to be located

1086

00:47:58,480 --> 00:47:54,890

in Vegas so those that last paragraph

1087

00:48:01,390 --> 00:47:58,490

seems to not be a part of the normal

1088

00:48:04,720 --> 00:48:01,400

document so the question that I have is

1089

00:48:07,060 --> 00:48:04,730

okay is the Beckwith thing correct and

1090

00:48:09,670 --> 00:48:07,070

then down at the bottom is that

1091

00:48:10,690 --> 00:48:09,680

paragraph correct about the pepper spray

1092

00:48:13,210 --> 00:48:10,700

company

1093

00:48:15,970 --> 00:48:13,220

and if those two things are correct by

1094

00:48:18,640 --> 00:48:15,980

the way then maybe the argument that the

1095

00:48:21,460 --> 00:48:18,650

other stuff in between has been put

1096

00:48:22,960 --> 00:48:21,470

together and cut and pasted so that's

1097

00:48:24,670 --> 00:48:22,970

why I thought it would be very

1098

00:48:28,750 --> 00:48:24,680

interesting to asking those questions

1099

00:48:31,150 --> 00:48:28,760

well he did say that he felt that the

1100

00:48:33,000 --> 00:48:31,160

letter in its entirety was stitched

1101
00:48:37,650 --> 00:48:33,010
together

1102
00:48:40,990 --> 00:48:37,660
really mean that he didn't write it oh

1103
00:48:44,080 --> 00:48:41,000
okay but he said that

1104
00:48:47,680 --> 00:48:44,090
he did not write parts of it he knows

1105
00:48:49,089 --> 00:48:47,690
that for right for in fact you need to

1106
00:48:52,470 --> 00:48:49,099
find out which parts he didn't write

1107
00:48:55,060 --> 00:48:52,480
that's what I'm trying to get at and so

1108
00:48:58,300 --> 00:48:55,070
again he didn't say this but this is a

1109
00:49:01,300 --> 00:48:58,310
hypothetical and I don't I'm starting to

1110
00:49:04,420 --> 00:49:01,310
have you repeat yourself but let's just

1111
00:49:07,800 --> 00:49:04,430
pretend that he said oh yeah no I I

1112
00:49:11,200 --> 00:49:07,810
wrote that that's from another letter oh

1113
00:49:14,680 --> 00:49:11,210

so you're saying that if he were to

1114

00:49:17,080 --> 00:49:14,690

confirm that as having been authentic

1115

00:49:20,520 --> 00:49:17,090

that one paragraph from another letter

1116

00:49:23,230 --> 00:49:20,530

is that that would do what

1117

00:49:25,440 --> 00:49:23,240

well that would show that basically some

1118

00:49:28,300 --> 00:49:25,450

of these things are correct paragraphs

1119

00:49:30,130 --> 00:49:28,310

and and if he's going home for you with

1120

00:49:31,720 --> 00:49:30,140

the Beckwith paragraph then he's going

1121

00:49:34,720 --> 00:49:31,730

to be agree with the pepper-sprayed

1122

00:49:36,849 --> 00:49:34,730

paragraph then we've got a pattern and

1123

00:49:39,099 --> 00:49:36,859

that's what you look for well what we've

1124

00:49:41,349 --> 00:49:39,109

got is that two paragraphs cut out from

1125

00:49:44,290 --> 00:49:41,359

some other correspondence that he sent

1126
00:49:46,300 --> 00:49:44,300
off and some some fiction squeezed in

1127
00:49:47,920 --> 00:49:46,310
the middle and again you already gave

1128
00:49:51,910 --> 00:49:47,930
the blanket the dial that he never had

1129
00:49:54,400 --> 00:49:51,920
any kind of direct contact with et or et

1130
00:49:56,680 --> 00:49:54,410
recovered materials or a knowledge of it

1131
00:49:58,599 --> 00:49:56,690
or anything along those lines so he did

1132
00:50:01,540 --> 00:49:58,609
make that general denial so it's not

1133
00:50:03,310 --> 00:50:01,550
unreasonable to say that you know the

1134
00:50:05,020 --> 00:50:03,320
the paragraphs that relate to that are

1135
00:50:06,579 --> 00:50:05,030
the ones that are not correct I mean we

1136
00:50:08,980 --> 00:50:06,589
can pin that down but I think that's

1137
00:50:10,780 --> 00:50:08,990
where we're at with this yeah definitely

1138
00:50:12,370 --> 00:50:10,790

and I would love to be able to ask him

1139

00:50:14,620 --> 00:50:12,380

if he has any knowledge as this major

1140

00:50:16,300 --> 00:50:14,630

UFO event on the East Coast that he's

1141

00:50:19,900 --> 00:50:16,310

talking or at least one's talking about

1142

00:50:22,270 --> 00:50:19,910

oh okay I'm starting to interrupt you

1143

00:50:23,680 --> 00:50:22,280

and I think yes the USS Nimitz

1144

00:50:24,460 --> 00:50:23,690

encounters that what you're talking

1145

00:50:27,700 --> 00:50:24,470

about

1146

00:50:29,620 --> 00:50:27,710

no West Coast the West Coast okay Frank

1147

00:50:33,820 --> 00:50:29,630

just to be clear I want to make it clear

1148

00:50:35,710 --> 00:50:33,830

regarding I'm sorry that Frank mentioned

1149

00:50:39,210 --> 00:50:35,720

that the second paragraph if it were

1150

00:50:42,339 --> 00:50:39,220

authentic I want to be clear that

1151
00:50:44,890 --> 00:50:42,349
commander will Miller did not say that

1152
00:50:46,930 --> 00:50:44,900
that last paragraph was authentic it's

1153
00:50:49,599 --> 00:50:46,940
very important people understand that it

1154
00:50:52,000 --> 00:50:49,609
was in the letterhead which I which I

1155
00:50:54,160 --> 00:50:52,010
think is key question the authentic the

1156
00:50:54,650 --> 00:50:54,170
authenticity of the letter and that he

1157
00:50:57,130 --> 00:50:54,660
never used

1158
00:51:01,040 --> 00:50:57,140
let her so there's that as well which

1159
00:51:02,450 --> 00:51:01,050
yeah again you know his position and

1160
00:51:04,400 --> 00:51:02,460
he's purported to have written this

1161
00:51:07,280 --> 00:51:04,410
letter his position is I didn't write

1162
00:51:09,680 --> 00:51:07,290
this letter in this form you know I

1163
00:51:12,620 --> 00:51:09,690

think I think you made that clear enough

1164

00:51:15,830 --> 00:51:12,630

you know you can go for some details

1165

00:51:17,960 --> 00:51:15,840

from him but at the same token you know

1166

00:51:19,430 --> 00:51:17,970

all you're presenting is this memo you

1167

00:51:21,170 --> 00:51:19,440

need a little bit more to back it up you

1168

00:51:23,720 --> 00:51:21,180

need a little bit more to pin down this

1169

00:51:26,600 --> 00:51:23,730

story one thing I think you got to do is

1170

00:51:28,190 --> 00:51:26,610

you got a place Wilson in Vegas at the

1171

00:51:29,720 --> 00:51:28,200

particular date I think you got to do

1172

00:51:35,060 --> 00:51:29,730

that or else you're gonna have some

1173

00:51:37,130 --> 00:51:35,070

problems going forward okay and just so

1174

00:51:39,560 --> 00:51:37,140

everybody knows so we have a rich

1175

00:51:41,240 --> 00:51:39,570

Hoffman in the chatroom asking how would

1176
00:51:44,390 --> 00:51:41,250
somebody get his letterhead in signature

1177
00:51:48,590 --> 00:51:44,400
and I actually did email after I spoke

1178
00:51:52,220 --> 00:51:48,600
to commander will Miller by phone and by

1179
00:51:53,990 --> 00:51:52,230
Skype today I did email him on that and

1180
00:51:58,610 --> 00:51:54,000
I asked him that question because I had

1181
00:52:00,830 --> 00:51:58,620
not asked him that prior in that Skype

1182
00:52:04,160 --> 00:52:00,840
or phone call and he said anyone can

1183
00:52:05,480 --> 00:52:04,170
find a naval officers insignia and what

1184
00:52:07,970 --> 00:52:05,490
he meant by that is that is the

1185
00:52:10,400 --> 00:52:07,980
letterhead the insignia that's used on

1186
00:52:13,750 --> 00:52:10,410
that letter that's what he said

1187
00:52:16,550 --> 00:52:13,760
regarding that and yeah I think he

1188
00:52:19,820 --> 00:52:16,560

acknowledged that parts of this

1189

00:52:21,470 --> 00:52:19,830

correspondence it's something that he

1190

00:52:23,000 --> 00:52:21,480

wrote you know he's taking credit for

1191

00:52:24,740 --> 00:52:23,010

the Beckwith and that we didn't

1192

00:52:26,810 --> 00:52:24,750

specifically ask about the signature but

1193

00:52:28,130 --> 00:52:26,820

you know I would I would say that that

1194

00:52:31,220 --> 00:52:28,140

would be part of it too again that's

1195

00:52:34,070 --> 00:52:31,230

something that we could pin down yes but

1196

00:52:36,200 --> 00:52:34,080

again raise serious questions about the

1197

00:52:39,350 --> 00:52:36,210

veracity of the letter and that's you

1198

00:52:42,140 --> 00:52:39,360

know it's a problem I do have a question

1199

00:52:46,330 --> 00:52:42,150

for Michael and that is if you had the

1200

00:52:48,590 --> 00:52:46,340

opportunity to ask commander will Miller

1201

00:52:50,990 --> 00:52:48,600

questions right now

1202

00:52:53,870 --> 00:52:51,000

what would you ask him I know you've

1203

00:52:55,670 --> 00:52:53,880

already stated them but you know please

1204

00:52:56,060 --> 00:52:55,680

do just steep them again if you don't

1205

00:52:58,970 --> 00:52:56,070

mind

1206

00:53:01,550 --> 00:52:58,980

yeah well definitely I would definitely

1207

00:53:05,000 --> 00:53:01,560

first of all ask him certain things in

1208

00:53:06,850 --> 00:53:05,010

that two-page letter by the way whether

1209

00:53:08,740 --> 00:53:06,860

he can confirm any

1210

00:53:10,930 --> 00:53:08,750

for instance did you live at that

1211

00:53:16,240 --> 00:53:10,940

address that he's both living at at the

1212

00:53:18,130 --> 00:53:16,250

top of this this let's not let's not

1213

00:53:21,250 --> 00:53:18,140

then get it get into that kind of detail

1214

00:53:23,860 --> 00:53:21,260

I can assure you that we're not gonna go

1215

00:53:25,270 --> 00:53:23,870

there I'm Eric what you have other fair

1216

00:53:26,770 --> 00:53:25,280

questions I'm sure than that

1217

00:53:29,170 --> 00:53:26,780

we're not that we're not gonna be having

1218

00:53:30,970 --> 00:53:29,180

people hiding down addresses and all

1219

00:53:32,680 --> 00:53:30,980

that stuff let's put it this way we were

1220

00:53:36,970 --> 00:53:32,690

able to contact mr. Miller whether he

1221

00:53:40,260 --> 00:53:36,980

was not difficult to find so let's move

1222

00:53:43,300 --> 00:53:40,270

forward okay yeah exactly

1223

00:53:44,800 --> 00:53:43,310

basically ask him to confirm or deny you

1224

00:53:46,570 --> 00:53:44,810

know the different parts of the letter

1225

00:53:48,490 --> 00:53:46,580

because sounds like there's a

1226

00:53:50,860 --> 00:53:48,500

discrepancy on certain things that he

1227

00:53:52,540 --> 00:53:50,870

did right so that's and we know Eric

1228

00:53:54,490 --> 00:53:52,550

Davis does not live at that address in

1229

00:53:59,620 --> 00:53:54,500

Las Vegas because he's working down in

1230

00:54:01,840 --> 00:53:59,630

Austin Texas somewhere and for the

1231

00:54:03,670 --> 00:54:01,850

record also that at that point in time

1232

00:54:07,540 --> 00:54:03,680

if that was his correct address then

1233

00:54:09,990 --> 00:54:07,550

yeah he was working out of his house so

1234

00:54:16,000 --> 00:54:10,000

we did we were in doubt a few things

1235

00:54:20,230 --> 00:54:16,010

aura was just mailed to his house okay

1236

00:54:22,810 --> 00:54:20,240

so uh Alejandro Rojas is in chat and he

1237

00:54:24,790 --> 00:54:22,820

was mentioning that we can suspect some

1238

00:54:27,130 --> 00:54:24,800

of this is real but we have denials from

1239

00:54:29,320 --> 00:54:27,140

I think he's trying to say Wilson and

1240

00:54:31,150 --> 00:54:29,330

now Miller so we cannot take this to the

1241

00:54:35,500 --> 00:54:31,160

bank how what is your response to that

1242

00:54:38,020 --> 00:54:35,510

Michael well I tell you what I'm just

1243

00:54:40,990 --> 00:54:38,030

waiting for those denials it's been

1244

00:54:44,020 --> 00:54:41,000

since Thursday night that this document

1245

00:54:45,700 --> 00:54:44,030

was with leat well even before that

1246

00:54:49,120 --> 00:54:45,710

let's put it that way suppose I on read

1247

00:54:51,310 --> 00:54:49,130

it you know long time so just and of

1248

00:54:53,350 --> 00:54:51,320

course this dock in has been rumored by

1249

00:54:56,800 --> 00:54:53,360

many people Richard Dolan for sure for

1250

00:54:59,770 --> 00:54:56,810

many many years grant Cameron and others

1251
00:55:02,950 --> 00:54:59,780
so the idea that you know certain things

1252
00:55:09,100 --> 00:55:02,960
are now being denied I'm wondering what

1253
00:55:15,610 --> 00:55:09,110
took them so long for one thing nobody

1254
00:55:18,820 --> 00:55:15,620
had contacted ya to do that I don't know

1255
00:55:21,430 --> 00:55:18,830
I agree so is the vetting where

1256
00:55:23,350 --> 00:55:21,440
the research come on you don't think

1257
00:55:27,520 --> 00:55:23,360
someone on Thursday night called

1258
00:55:33,670 --> 00:55:27,530
commander Miller Monday told me nobody

1259
00:55:39,940 --> 00:55:36,850
so yeah that's what I had a question

1260
00:55:41,770 --> 00:55:39,950
about - and in that I know I'm you know

1261
00:55:43,870 --> 00:55:41,780
being a little redundant in saying this

1262
00:55:45,610 --> 00:55:43,880
but here let me go ahead and preface

1263
00:55:48,430 --> 00:55:45,620

what I'm going to say with this I

1264

00:55:52,510 --> 00:55:48,440

contacted a well-known researcher on

1265

00:55:56,590 --> 00:55:52,520

Australian researcher who is known for

1266

00:55:58,750 --> 00:55:56,600

his impeccable research and he told me

1267

00:56:02,340 --> 00:55:58,760

that he saw this document ten years ago

1268

00:56:06,850 --> 00:56:02,350

and that he felt it was not a authentic

1269

00:56:09,940 --> 00:56:06,860

document but he didn't bother calling

1270

00:56:11,650 --> 00:56:09,950

this guy up either I'm guessing I'm just

1271

00:56:15,370 --> 00:56:11,660

guessing because he wasn't interested in

1272

00:56:17,470 --> 00:56:15,380

doing so but since the sense he saw it

1273

00:56:19,240 --> 00:56:17,480

ten years ago the very document we've

1274

00:56:21,760 --> 00:56:19,250

been talking about the smoking gun

1275

00:56:23,520 --> 00:56:21,770

document my question is since it's been

1276

00:56:28,240 --> 00:56:23,530

around for at least a decade

1277

00:56:30,610 --> 00:56:28,250

why has and this isn't I'm not I'm not

1278

00:56:33,360 --> 00:56:30,620

throwing shade at Richard Dolan when I

1279

00:56:37,660 --> 00:56:33,370

say this this is just an honest question

1280

00:56:41,860 --> 00:56:37,670

why has nobody bothered to contact

1281

00:56:42,910 --> 00:56:41,870

commander Willard Miller to ask him

1282

00:56:46,540 --> 00:56:42,920

these questions

1283

00:56:48,720 --> 00:56:46,550

it took us just I don't know 24 hours to

1284

00:56:52,480 --> 00:56:48,730

contact I thought of doing it Sunday

1285

00:56:55,450 --> 00:56:52,490

yeah and it took us and he got back to

1286

00:57:00,400 --> 00:56:55,460

us it's like almost I spoke to him

1287

00:57:02,710 --> 00:57:00,410

Monday did he did state that he will not

1288

00:57:05,890 --> 00:57:02,720

he does not want to be interviewed

1289

00:57:07,930 --> 00:57:05,900

regarding this like a show on a show he

1290

00:57:09,640 --> 00:57:07,940

doesn't want to go on a show and he does

1291

00:57:12,340 --> 00:57:09,650

not want to talk to anybody else about

1292

00:57:14,050 --> 00:57:12,350

this and that's what he wasn't very he

1293

00:57:15,730 --> 00:57:14,060

was very emphatic about that you

1294

00:57:21,010 --> 00:57:15,740

suggested there was not change his phone

1295

00:57:23,950 --> 00:57:21,020

number no actually he did confirm that

1296

00:57:27,790 --> 00:57:23,960

to me in our conversation and by the way

1297

00:57:31,300 --> 00:57:27,800

just so everybody knows a commander will

1298

00:57:33,269 --> 00:57:31,310

Miller spoke to me after Frank and he

1299

00:57:36,309 --> 00:57:33,279

did say that

1300

00:57:38,199 --> 00:57:36,319

okay so let's this recap here you're

1301
00:57:41,979 --> 00:57:38,209
saying that you recently talked with an

1302
00:57:45,039 --> 00:57:41,989
Australian UFO researcher who yes he saw

1303
00:57:48,729 --> 00:57:45,049
this same doc yes in years yes yes

1304
00:57:51,880 --> 00:57:48,739
that's what he and I sent him a link to

1305
00:57:56,979 --> 00:57:51,890
the document directly he did look at it

1306
00:57:58,599 --> 00:57:56,989
and uh you know he said that here let me

1307
00:58:00,130 --> 00:57:58,609
see if I can bring that up just one

1308
00:58:01,390 --> 00:58:00,140
moment there might be some silence for

1309
00:58:02,469 --> 00:58:01,400
me Frank just so you know well I think

1310
00:58:05,589 --> 00:58:02,479
okay we got it

1311
00:58:09,279 --> 00:58:05,599
just one moment okay so uh who is this

1312
00:58:11,949 --> 00:58:09,289
Australian researcher let me go ahead

1313
00:58:13,959 --> 00:58:11,959

and read a little bit I'm not sure if

1314

00:58:16,089 --> 00:58:13,969

I'm allowed to actually give that source

1315

00:58:17,919 --> 00:58:16,099

of away so I have to be cautious about

1316

00:58:19,719 --> 00:58:17,929

that but I'll read a little bit of an

1317

00:58:21,519 --> 00:58:19,729

excerpt of regarding what he did say

1318

00:58:28,179 --> 00:58:21,529

again there's gonna be silence for me

1319

00:58:30,339 --> 00:58:28,189

Frank while I look this up just for ya

1320

00:58:33,370 --> 00:58:30,349

now what's up with the Richard Dolan you

1321

00:58:34,539 --> 00:58:33,380

know I think the balls back in your

1322

00:58:35,859 --> 00:58:34,549

court you've got to come up with

1323

00:58:38,589 --> 00:58:35,869

something a little more than the

1324

00:58:41,469 --> 00:58:38,599

document itself except the obvious

1325

00:58:43,569 --> 00:58:41,479

things that the location you're gonna

1326

00:58:46,779 --> 00:58:43,579

need more and as far as Eric Davis

1327

00:58:49,209 --> 00:58:46,789

saying no comment Eric Davis doesn't

1328

00:58:51,219 --> 00:58:49,219

really hold the UFO research community

1329

00:58:54,249 --> 00:58:51,229

in very high regard I think you saw on

1330

00:58:56,259 --> 00:58:54,259

record as having said that so for him to

1331

00:58:58,059 --> 00:58:56,269

just say no comment and sit back and

1332

00:59:01,120 --> 00:58:58,069

yeah I'm not suggesting Eric Davis is

1333

00:59:03,309 --> 00:59:01,130

involved with all this coming out but

1334

00:59:04,809 --> 00:59:03,319

what I am suggesting is by saying no

1335

00:59:06,640 --> 00:59:04,819

comment he gives us the opportunity to

1336

00:59:08,469 --> 00:59:06,650

let a lot of UFO researchers hit

1337

00:59:10,839 --> 00:59:08,479

themselves all wound up over something

1338

00:59:12,220 --> 00:59:10,849

that I'm not liking the looks up quite

1339

00:59:14,569 --> 00:59:12,230

frankly

1340

00:59:16,760 --> 00:59:14,579

yeah fascinate so you've spoken with

1341

00:59:19,250 --> 00:59:16,770

this Australian researcher yourself

1342

00:59:25,700 --> 00:59:19,260

Frank who me oh yeah I have many times

1343

00:59:27,769 --> 00:59:25,710

but I didn't have okay Oh interesting

1344

00:59:31,940 --> 00:59:27,779

and he confirms that this is the same

1345

00:59:34,339 --> 00:59:31,950

document he saw ten years ago yeah and

1346

00:59:36,650 --> 00:59:34,349

what I'm doing is I'm actually so I sent

1347

00:59:40,400 --> 00:59:36,660

him a link to the smoking-gun transcript

1348

00:59:42,829 --> 00:59:40,410

and then what I did was I asked him to

1349

00:59:44,059 --> 00:59:42,839

review it and then he responded I'll

1350

00:59:46,339 --> 00:59:44,069

I'll let you know a little bit about

1351
00:59:48,470 --> 00:59:46,349
what he said but I also clicked on the

1352
00:59:50,480 --> 00:59:48,480
link right now just to make sure that

1353
00:59:53,569 --> 00:59:50,490
it's the one that we're covering right

1354
00:59:55,430 --> 00:59:53,579
now and it is that link so I actually

1355
00:59:58,130 --> 00:59:55,440
just clicked on it just to double check

1356
01:00:02,029 --> 00:59:58,140
to make sure that is what he was looking

1357
01:00:03,980 --> 01:00:02,039
at and he said I've had it for ten years

1358
01:00:07,970 --> 01:00:03,990
that's what he said

1359
01:00:09,620 --> 01:00:07,980
and then he said oh I'll tell you a

1360
01:00:12,589 --> 01:00:09,630
little bit about what he said here he

1361
01:00:16,130 --> 01:00:12,599
said Providence ownership exacting

1362
01:00:18,289 --> 01:00:16,140
content etc of this Davis Wilson item

1363
01:00:20,960 --> 01:00:18,299

will not be agreed upon and not proven

1364

01:00:22,819 --> 01:00:20,970

at all in twelve months or five years or

1365

01:00:25,220 --> 01:00:22,829

whatever it will all be a distant

1366

01:00:27,170 --> 01:00:25,230

annoying memory and nothing will come of

1367

01:00:28,700 --> 01:00:27,180

it there will be no flooding us with

1368

01:00:30,980 --> 01:00:28,710

alien spare parts

1369

01:00:32,720 --> 01:00:30,990

there will be no sudden opening of si P

1370

01:00:34,970 --> 01:00:32,730

records on reverse engineering of

1371

01:00:38,180 --> 01:00:34,980

anything there will be no comment in the

1372

01:00:39,920 --> 01:00:38,190

probe Admiral Admiral Wilson and there

1373

01:00:42,559 --> 01:00:39,930

will be no confirmation of anything

1374

01:00:44,269 --> 01:00:42,569

whatsoever from the current OSD / US

1375

01:00:45,829 --> 01:00:44,279

offices and right now they'll be

1376

01:00:49,730 --> 01:00:45,839

shrugging shoulders with the amused

1377

01:00:52,309 --> 01:00:49,740

looks that's what he said interesting so

1378

01:00:54,789 --> 01:00:52,319

he's basically saying that he knows that

1379

01:00:59,289 --> 01:00:54,799

the provenance is not going to be proven

1380

01:01:02,150 --> 01:00:59,299

that's that is his perspective yeah

1381

01:01:06,559 --> 01:01:02,160

wonder how are we ever gonna get word in

1382

01:01:09,500 --> 01:01:06,569

terms of who gave the documents I don't

1383

01:01:10,880 --> 01:01:09,510

know I know that and more recently I

1384

01:01:13,670 --> 01:01:10,890

mean that grant was pretty gung-ho about

1385

01:01:15,260 --> 01:01:13,680

this at first but that really is back

1386

01:01:18,109 --> 01:01:15,270

that he's not talking about this at all

1387

01:01:20,480 --> 01:01:18,119

a you are and Richard Dolan is grant is

1388

01:01:22,309 --> 01:01:20,490

a as far as I understand his public

1389

01:01:24,230 --> 01:01:22,319

position the way he left it this could

1390

01:01:24,920 --> 01:01:24,240

be the fight of the century but it could

1391

01:01:27,170 --> 01:01:24,930

be BS

1392

01:01:30,140 --> 01:01:27,180

well you might have even gotten a really

1393

01:01:33,319 --> 01:01:30,150

overboard for a polite Canadian and said

1394

01:01:34,910 --> 01:01:33,329

[h__\h] I can't remember so I I'm not

1395

01:01:36,140 --> 01:01:34,920

sure of an exact quote of that but

1396

01:01:40,450 --> 01:01:36,150

that's essentially where he's at

1397

01:01:42,829 --> 01:01:40,460

publicly on this you're not really

1398

01:01:44,540 --> 01:01:42,839

mentioning where grant is right now on

1399

01:01:47,270 --> 01:01:44,550

this what what's his opinion on these

1400

01:01:50,270 --> 01:01:47,280

docks at the moment do you know well

1401
01:01:52,819 --> 01:01:50,280
he's always said that he's 99% positive

1402
01:01:56,180 --> 01:01:52,829
that these documents are true and

1403
01:01:58,970 --> 01:01:56,190
correct and legitimate and then again

1404
01:02:01,130 --> 01:01:58,980
Richard Dolan comes on his podcast just

1405
01:02:04,099 --> 01:02:01,140
on Saturday and says that this document

1406
01:02:06,799 --> 01:02:04,109
looks to be real and the details

1407
01:02:08,450 --> 01:02:06,809
included in this document the people

1408
01:02:10,460 --> 01:02:08,460
that are involved let's put it this way

1409
01:02:13,849 --> 01:02:10,470
you guys if you were going to write a

1410
01:02:16,880 --> 01:02:13,859
disinformation smoking-gun memo would

1411
01:02:19,309 --> 01:02:16,890
you include a whole slew of people who

1412
01:02:22,579 --> 01:02:19,319
are still alive and could testify

1413
01:02:24,559 --> 01:02:22,589

against you or against the document or

1414

01:02:26,450 --> 01:02:24,569

for the document well Michael no but

1415

01:02:29,150 --> 01:02:26,460

nobody's coming nobody's coming forward

1416

01:02:31,069 --> 01:02:29,160

and testified for the document in times

1417

01:02:33,470 --> 01:02:31,079

as well would you include all of that I

1418

01:02:35,990 --> 01:02:33,480

think if I was going to draft this I

1419

01:02:38,120 --> 01:02:36,000

will you've got to pin it down Michael I

1420

01:02:39,890 --> 01:02:38,130

got to pin it down I would bring this

1421

01:02:42,799 --> 01:02:39,900

down to a manageable form is what I

1422

01:02:44,690 --> 01:02:42,809

would do I'd have maybe two three people

1423

01:02:47,299 --> 01:02:44,700

named in the document that I could

1424

01:02:49,910 --> 01:02:47,309

control and make sure that they're not

1425

01:02:51,740 --> 01:02:49,920

going to get at and blow the lid off of

1426

01:02:53,780 --> 01:02:51,750

things so that that's an interesting

1427

01:02:56,569 --> 01:02:53,790

thing that Richard Dolan is mentioning

1428

01:02:58,220 --> 01:02:56,579

about this document it's so detailed

1429

01:02:59,809 --> 01:02:58,230

well there's no question about it

1430

01:03:01,430 --> 01:02:59,819

there's a lot of detailed work but

1431

01:03:03,829 --> 01:03:01,440

there's been a lot of detailed work

1432

01:03:05,299 --> 01:03:03,839

that's gone into other documents that

1433

01:03:09,230 --> 01:03:05,309

have not proven out that have come down

1434

01:03:09,620 --> 01:03:09,240

the pipe before I mean I look at it this

1435

01:03:11,930 --> 01:03:09,630

way

1436

01:03:15,440 --> 01:03:11,940

I basically yes somebody was around in

1437

01:03:17,870 --> 01:03:15,450

2008 and they knew about the initial

1438

01:03:19,760 --> 01:03:17,880

meeting regarding Wilson Greer and

1439

01:03:21,470 --> 01:03:19,770

Mitchell okay I mean it was famous it

1440

01:03:22,430 --> 01:03:21,480

got out it was written about in

1441

01:03:25,430 --> 01:03:22,440

mainstream media

1442

01:03:28,730 --> 01:03:25,440

the Mitchell and Greer talked about it

1443

01:03:31,339 --> 01:03:28,740

enough so and if Billy Cox at one point

1444

01:03:33,650 --> 01:03:31,349

felt strongly enough and enough word had

1445

01:03:35,930 --> 01:03:33,660

spread about it that he felt the need to

1446

01:03:38,630 --> 01:03:35,940

contact Wilson so it made the mainstream

1447

01:03:40,099 --> 01:03:38,640

media and it got attention just before

1448

01:03:41,930 --> 01:03:40,109

got into it so I wasn't really aware of

1449

01:03:47,630 --> 01:03:41,940

the specifics I'm just finding out about

1450

01:03:50,269 --> 01:03:47,640

it just really on Thursday but it's it's

1451

01:03:53,210 --> 01:03:50,279

not difficult at all basically to take

1452

01:03:55,370 --> 01:03:53,220

that bit of information okay and say

1453

01:03:57,559 --> 01:03:55,380

okay I'm gonna write this fictional

1454

01:03:59,720 --> 01:03:57,569

story and Wilson yeah and my fictional

1455

01:04:02,569 --> 01:03:59,730

story basically he did all the things

1456

01:04:05,390 --> 01:04:02,579

and did the follow-up and met with the

1457

01:04:06,950 --> 01:04:05,400

the aerospace company and so on and so

1458

01:04:08,720 --> 01:04:06,960

forth and was threatened later on when

1459

01:04:10,309 --> 01:04:08,730

he tried to find out what the money

1460

01:04:11,960 --> 01:04:10,319

trail was and find out more about the

1461

01:04:13,789 --> 01:04:11,970

program and that he couldn't get on the

1462

01:04:16,640 --> 01:04:13,799

bigot list and so on and so forth and

1463

01:04:18,109 --> 01:04:16,650

that that part of it you know how

1464

01:04:20,750 --> 01:04:18,119

difficult is it to make up it's not that

1465

01:04:22,279 --> 01:04:20,760

difficult to make up there's a lot of

1466

01:04:25,480 --> 01:04:22,289

name-dropping in there but the rest of

1467

01:04:27,829 --> 01:04:25,490

it is easily made up as it is fact

1468

01:04:29,269 --> 01:04:27,839

one thing that you can pin down one

1469

01:04:31,730 --> 01:04:29,279

thing that you can bend down is whether

1470

01:04:33,529 --> 01:04:31,740

or not Wilson was in Vegas on the day

1471

01:04:35,329 --> 01:04:33,539

and again that doesn't prove that this

1472

01:04:37,220 --> 01:04:35,339

stuff is legit it just proves that it's

1473

01:04:38,990 --> 01:04:37,230

a little bit better research then yeah I

1474

01:04:41,150 --> 01:04:39,000

know that it is right now right at this

1475

01:04:42,740 --> 01:04:41,160

moment because I'm looking at it I'm

1476

01:04:44,180 --> 01:04:42,750

saying I'm not seeing a whole lot here

1477

01:04:45,950 --> 01:04:44,190

what I'm seeing is something that

1478

01:04:49,160 --> 01:04:45,960

somebody could have taken this known

1479

01:04:51,710 --> 01:04:49,170

incident and easily woven this scenario

1480

01:04:53,690 --> 01:04:51,720

on the back end to the tail end of it

1481

01:04:55,339 --> 01:04:53,700

and for some reason that that

1482

01:04:57,049 --> 01:04:55,349

information goes from Wilson to Eric

1483

01:04:58,759 --> 01:04:57,059

Davis I mean that that's what that's

1484

01:05:00,650 --> 01:04:58,769

what I'm seeing here I'm not seeing

1485

01:05:03,279 --> 01:05:00,660

enough to convince me that this is legit

1486

01:05:05,779 --> 01:05:03,289

that it's not even close at the moment

1487

01:05:08,509 --> 01:05:05,789

well what I would like to do is I would

1488

01:05:11,329 --> 01:05:08,519

put like to put Judith Daly on the stand

1489

01:05:13,579 --> 01:05:11,339

the assistant deputy undersecretary of

1490

01:05:15,259 --> 01:05:13,589

Defense for advanced development at

1491

01:05:16,519 --> 01:05:15,269

house dad oh there's a lot of those

1492

01:05:19,039 --> 01:05:16,529

folks I would like to talk to you for

1493

01:05:21,710 --> 01:05:19,049

sure exactly these are people who are

1494

01:05:24,140 --> 01:05:21,720

named and real people so most of them

1495

01:05:26,960 --> 01:05:24,150

are still alive by the way and it would

1496

01:05:29,200 --> 01:05:26,970

be very interesting to see how they're

1497

01:05:32,720 --> 01:05:29,210

going to respond to some of these

1498

01:05:35,420 --> 01:05:32,730

details in this memo that's that's where

1499

01:05:37,370 --> 01:05:35,430

you would actually start well you know

1500

01:05:39,680 --> 01:05:37,380

it's up to researchers to get on that if

1501
01:05:41,870 --> 01:05:39,690
they choose to to be honest with you I

1502
01:05:43,339 --> 01:05:41,880
think this is a fuzzy disinformation it

1503
01:05:46,220 --> 01:05:43,349
might be some useful information in

1504
01:05:47,870 --> 01:05:46,230
there I found some things just poking

1505
01:05:50,120 --> 01:05:47,880
around the margins on that some old

1506
01:05:51,320 --> 01:05:50,130
fuzzy stuff the old majestic 12

1507
01:05:52,970 --> 01:05:51,330
documents I

1508
01:05:55,190 --> 01:05:52,980
I found some really interesting stuff a

1509
01:05:57,980 --> 01:05:55,200
meeting in the White House about the 52

1510
01:05:59,660 --> 01:05:57,990
UFO case that was a huge fine for me it

1511
01:06:01,100 --> 01:05:59,670
really kept me going so I'm not saying

1512
01:06:03,200 --> 01:06:01,110
that there's no value even if these are

1513
01:06:06,290 --> 01:06:03,210

fake I'm not saying this no value in

1514

01:06:08,120 --> 01:06:06,300

them but you got a you got a call a

1515

01:06:10,700 --> 01:06:08,130

story a story and that's the way I'm

1516

01:06:12,020 --> 01:06:10,710

seeing it now and really I think it's up

1517

01:06:13,880 --> 01:06:12,030

to the people who think that these docs

1518

01:06:15,740 --> 01:06:13,890

are legit to put a little bit more meat

1519

01:06:18,580 --> 01:06:15,750

on those bones because I'm seeing the

1520

01:06:21,740 --> 01:06:18,590

bare bones of a fuzzy disinformation and

1521

01:06:25,040 --> 01:06:21,750

if you guys can come up with some more

1522

01:06:26,870 --> 01:06:25,050

that get me interested in this and

1523

01:06:28,610 --> 01:06:26,880

saying well you know it's a strange

1524

01:06:31,280 --> 01:06:28,620

world we live in maybe it's real after

1525

01:06:34,580 --> 01:06:31,290

all but I'm just not seeing it at this

1526

01:06:36,500 --> 01:06:34,590

point well there is an another attorney

1527

01:06:38,870 --> 01:06:36,510

and it's mentioned in this document on

1528

01:06:41,330 --> 01:06:38,880

page 15 there is a guy that I would like

1529

01:06:44,630 --> 01:06:41,340

to talk to his name is Jeffrey W

1530

01:06:45,740 --> 01:06:44,640

Griffith he supposedly is representing a

1531

01:06:48,560 --> 01:06:45,750

Mary Elliot

1532

01:06:51,050 --> 01:06:48,570

who commander Wilson is saying believes

1533

01:06:53,510 --> 01:06:51,060

is the real deal as far as remote

1534

01:06:55,910 --> 01:06:53,520

viewing goes she has an attorney and

1535

01:06:59,300 --> 01:06:55,920

some of these people that are noted in

1536

01:07:03,950 --> 01:06:59,310

here of course Ingo Swann and Axelrod an

1537

01:07:06,170 --> 01:07:03,960

RV a woman RV reviewer woman who also

1538

01:07:08,870 --> 01:07:06,180

went to wright-patterson Air Force Base

1539

01:07:12,950 --> 01:07:08,880

and kind of astounded them as well so

1540

01:07:15,080 --> 01:07:12,960

these are the details that can be or can

1541

01:07:17,570 --> 01:07:15,090

be vetted or that can be thrown out if

1542

01:07:20,540 --> 01:07:17,580

we get into the details this is just one

1543

01:07:23,690 --> 01:07:20,550

section of one page that needs to be

1544

01:07:28,190 --> 01:07:23,700

answered why hasn't that been done up to

1545

01:07:30,020 --> 01:07:28,200

this point because it basically it's

1546

01:07:33,890 --> 01:07:30,030

only been out as a public domain

1547

01:07:34,910 --> 01:07:33,900

document for three days so well grants

1548

01:07:37,040 --> 01:07:34,920

had it for quite some time and

1549

01:07:38,450 --> 01:07:37,050

apparently Dolan's had it do you know

1550

01:07:40,730 --> 01:07:38,460

that they've done any follow up in that

1551

01:07:43,340 --> 01:07:40,740

regard I don't know

1552

01:07:45,170 --> 01:07:43,350

matter of fact i well i can't vouch for

1553

01:07:47,720 --> 01:07:45,180

grande cameron but i don't know a

1554

01:07:50,330 --> 01:07:47,730

Richard Dolan is actually not ask the

1555

01:07:52,760 --> 01:07:50,340

hard questions as well I do know that

1556

01:07:54,950 --> 01:07:52,770

Richard has his own sources and

1557

01:07:59,000 --> 01:07:54,960

basically those sources are things are

1558

01:08:01,070 --> 01:07:59,010

people that he is in in contact with I'm

1559

01:08:04,270 --> 01:08:01,080

sure trying to get some input on this

1560

01:08:07,330 --> 01:08:04,280

document as well so that's the next

1561

01:08:10,720 --> 01:08:07,340

is to pick this thing apart and have

1562

01:08:13,360 --> 01:08:10,730

people that are researching these things

1563

01:08:16,210 --> 01:08:13,370

for years and know how to find them like

1564

01:08:18,910 --> 01:08:16,220

you guys found will Miller very quickly

1565

01:08:21,070 --> 01:08:18,920

I'll bet someone can find the pills of

1566

01:08:22,930 --> 01:08:21,080

some of these other folks these people

1567

01:08:24,340 --> 01:08:22,940

have been contacted it's just you know

1568

01:08:24,820 --> 01:08:24,350

you got to kind of approach them the

1569

01:08:27,400 --> 01:08:24,830

right way

1570

01:08:29,140 --> 01:08:27,410

like I say I think it would be a big

1571

01:08:32,019 --> 01:08:29,150

feather in your cap there you know and

1572

01:08:33,970 --> 01:08:32,029

I'm cuz I don't have that much of a dog

1573

01:08:35,680 --> 01:08:33,980

of the fight I'm expressing my opinion

1574

01:08:38,160 --> 01:08:35,690

you know it's like I don't look to

1575

01:08:42,269 --> 01:08:38,170

debunk things or things like that but

1576

01:08:44,860 --> 01:08:42,279

you know I'm a pro UFO guy but you know

1577

01:08:47,710 --> 01:08:44,870

you can't believe everything you read

1578

01:08:48,789 --> 01:08:47,720

let's put it that way and yeah UFO Pete

1579

01:08:50,230 --> 01:08:48,799

folks say you shouldn't believe

1580

01:08:56,920 --> 01:08:50,240

everything you read too unless of course

1581

01:08:57,940 --> 01:08:56,930

I write it but but I think you got to go

1582

01:09:00,430 --> 01:08:57,950

back to the drawing board a little bit

1583

01:09:01,960 --> 01:09:00,440

and try to get Admiral Wilson pinned in

1584

01:09:06,370 --> 01:09:01,970

Vegas on that particular date if you do

1585

01:09:08,050 --> 01:09:06,380

that that then then I that I might be

1586

01:09:10,120 --> 01:09:08,060

willing to turn around but right now I'm

1587

01:09:11,950 --> 01:09:10,130

looking at this thing and am I saying

1588

01:09:14,050 --> 01:09:11,960

this this belongs in the rear view

1589

01:09:15,460 --> 01:09:14,060

mirror and we're gonna talk to Paul Dean

1590

01:09:18,370 --> 01:09:15,470

tomorrow night and Steve Bassett on

1591

01:09:20,860 --> 01:09:18,380

Sunday please

1592

01:09:23,980 --> 01:09:20,870

next please but you know it's up to you

1593

01:09:26,260 --> 01:09:23,990

guys to get my attention and you know

1594

01:09:29,499 --> 01:09:26,270

maybe well take a closer look in some

1595

01:09:31,749 --> 01:09:29,509

other regard but the document to me on

1596

01:09:33,340 --> 01:09:31,759

its own without talking to some people

1597

01:09:35,499 --> 01:09:33,350

without that back in something up

1598

01:09:37,510 --> 01:09:35,509

without somebody going on the record

1599

01:09:38,920 --> 01:09:37,520

saying yeah this year that or like I

1600

01:09:41,650 --> 01:09:38,930

said even the simplest thing you could

1601

01:09:45,360 --> 01:09:41,660

possibly do pin Wilson into Vegas on the

1602

01:09:47,470 --> 01:09:45,370

one the meeting date if you can do that

1603

01:09:48,940 --> 01:09:47,480

get back to me when you do that let's

1604

01:09:52,390 --> 01:09:48,950

put it that way that's that's how I feel

1605

01:09:54,610 --> 01:09:52,400

about this thing right about that I

1606

01:09:56,350 --> 01:09:54,620

would ask even basa what his opinion is

1607

01:09:58,840 --> 01:09:56,360

this document that would be very

1608

01:10:00,730 --> 01:09:58,850

fascinating frankly we will we have him

1609

01:10:02,530 --> 01:10:00,740

on Sunday Paul we definitely are

1610

01:10:08,080 --> 01:10:02,540

tomorrow because he's a Don guy so we'll

1611

01:10:10,600 --> 01:10:08,090

be talking yeah you know I think I think

1612

01:10:12,100 --> 01:10:10,610

that people will be asking a certain

1613

01:10:14,020 --> 01:10:12,110

question they'll be asking many

1614

01:10:16,570 --> 01:10:14,030

questions but among the many questions

1615

01:10:18,140 --> 01:10:16,580

Michael one of them they'll be asking us

1616

01:10:22,720 --> 01:10:18,150

why

1617

01:10:26,479 --> 01:10:22,730

did grant Cameron not contact a

1618

01:10:29,350 --> 01:10:26,489

commander will Miller do you have any

1619

01:10:31,669 --> 01:10:29,360

idea why he did not do that

1620

01:10:33,439 --> 01:10:31,679

well here's the here's what's going on

1621

01:10:37,280 --> 01:10:33,449

with grant grant approached me because

1622

01:10:40,430 --> 01:10:37,290

he had this document after many weeks

1623

01:10:42,770 --> 01:10:40,440

and hours of discussion we decided that

1624

01:10:44,540 --> 01:10:42,780

the best way to deal with this docking

1625

01:10:47,120 --> 01:10:44,550

would would be to fund it into a

1626

01:10:50,360 --> 01:10:47,130

disclosure trust that I created for

1627

01:10:53,510 --> 01:10:50,370

grant so that it can be preserved and or

1628

01:10:55,220 --> 01:10:53,520

if anything happened to grant under the

1629

01:10:58,580 --> 01:10:55,230

circumstances of the trust these

1630

01:11:01,669 --> 01:10:58,590

documents would be released so basically

1631

01:11:04,010 --> 01:11:01,679

until he decided to come out full force

1632

01:11:06,410 --> 01:11:04,020

and expose this document release it

1633

01:11:08,810 --> 01:11:06,420

himself he was not going to go around

1634

01:11:10,729 --> 01:11:08,820

and ask questions about it that's

1635

01:11:12,410 --> 01:11:10,739

basically the bottom line well the

1636

01:11:14,330 --> 01:11:12,420

original plan was he was going to have

1637

01:11:16,130 --> 01:11:14,340

this published a book if I remember

1638

01:11:18,169 --> 01:11:16,140

correctly he was gonna hold he was gonna

1639

01:11:22,720 --> 01:11:18,179

try to hold on to it until he was able

1640

01:11:25,340 --> 01:11:22,730

to get a book out yes right that's an

1641

01:11:26,810 --> 01:11:25,350

obviously whoever put these documents

1642

01:11:29,510 --> 01:11:26,820

out there I didn't want to wait around

1643

01:11:34,010 --> 01:11:29,520

for grants publisher I think you're

1644

01:11:35,600 --> 01:11:34,020

right I think you're right one of the

1645

01:11:38,840 --> 01:11:35,610

stuff out there that goes to the

1646

01:11:41,419 --> 01:11:38,850

question of who leaked this document I

1647

01:11:45,169 --> 01:11:41,429

have heard the theory being that this is

1648

01:11:48,590 --> 01:11:45,179

green lighted from Pentagon levels on

1649

01:11:50,720 --> 01:11:48,600

down to be released so there no one has

1650

01:11:52,760 --> 01:11:50,730

been able to come forth and say well

1651

01:11:56,140 --> 01:11:52,770

it's been traced to this or traced

1652

01:11:58,100 --> 01:11:56,150

through that no one knows who leaked it

1653

01:12:00,709 --> 01:11:58,110

didn't meet somebody who had at least

1654

01:12:02,630 --> 01:12:00,719

one copy though we know that say that

1655

01:12:04,850 --> 01:12:02,640

again grant did at least meet one person

1656

01:12:07,280 --> 01:12:04,860

who had one copy of this are obviously a

1657

01:12:08,780 --> 01:12:07,290

number of copies well basically there

1658

01:12:10,459 --> 01:12:08,790

are thousands of copies now I mean I've

1659

01:12:12,080 --> 01:12:10,469

downloaded a copy I've got a copy now

1660

01:12:14,180 --> 01:12:12,090

but at least at one point in time there

1661

01:12:17,600 --> 01:12:14,190

had to have been a relatively limited

1662

01:12:19,280 --> 01:12:17,610

number of copies and we don't know for

1663

01:12:20,510 --> 01:12:19,290

sure if this guy had one or multiple I

1664

01:12:21,709 --> 01:12:20,520

mean if he had one he could have made a

1665

01:12:22,760 --> 01:12:21,719

million and sent him out and he could

1666

01:12:24,919 --> 01:12:22,770

have been the guy who leaked this as

1667

01:12:26,919 --> 01:12:24,929

well the guy who initially gave the

1668

01:12:30,339 --> 01:12:26,929

document to Grant

1669

01:12:33,399 --> 01:12:30,349

it could be okay back to my question

1670

01:12:37,029 --> 01:12:33,409

just remember grant grant is not going

1671

01:12:39,489 --> 01:12:37,039

to identify this person uh no now didn't

1672

01:12:42,189 --> 01:12:39,499

know sure no no I'm sorry yeah a change

1673

01:12:43,750 --> 01:12:42,199

spoke over Michaels answer grant is it

1674

01:12:46,229 --> 01:12:43,760

correct that that grant is not going to

1675

01:12:51,790 --> 01:12:46,239

ID ID the person who gave him the dock

1676

01:12:53,259 --> 01:12:51,800

no he isn't find out who my you know at

1677

01:12:55,299 --> 01:12:53,269

least has a reasonable chance of being

1678

01:13:00,100 --> 01:12:55,309

the person who also leaked the dock you

1679

01:13:03,459 --> 01:13:00,110

don't say well are you guys gonna the

1680

01:13:05,469 --> 01:13:03,469

person the Australian researcher I don't

1681

01:13:08,319 --> 01:13:05,479

know what that is you don't know who

1682

01:13:10,119 --> 01:13:08,329

that is I don't know I said it was an

1683

01:13:12,219 --> 01:13:10,129

Australian researcher not Keith pastor

1684

01:13:14,580 --> 01:13:12,229

field or Poldi beyond that I don't know

1685

01:13:17,319 --> 01:13:14,590

oh so you didn't talk with that person

1686

01:13:19,270 --> 01:13:17,329

that claims that he saw this document

1687

01:13:22,509 --> 01:13:19,280

ten years ago I did I spoke to that

1688

01:13:26,169 --> 01:13:22,519

person right before the show today okay

1689

01:13:29,409 --> 01:13:26,179

so Jan yes I do what I was gonna ask you

1690

01:13:32,259 --> 01:13:29,419

again and I am going to be redundant as

1691

01:13:34,479 --> 01:13:32,269

I was going to ask you why did grant not

1692

01:13:37,330 --> 01:13:34,489

bother to do his due diligence and

1693

01:13:39,189 --> 01:13:37,340

research this document reason I'm asking

1694

01:13:42,549 --> 01:13:39,199

that is because he's known as a

1695

01:13:44,709 --> 01:13:42,559

researcher and if he wanted to expose

1696

01:13:47,350 --> 01:13:44,719

this document later and have that plan

1697

01:13:50,830 --> 01:13:47,360

would he not at least want to back it up

1698

01:13:54,069 --> 01:13:50,840

with some kind of due diligence related

1699

01:13:57,040 --> 01:13:54,079

research that is normal the for

1700

01:13:59,919 --> 01:13:57,050

researchers to do regarding documents

1701

01:14:03,969 --> 01:13:59,929

that may need authentication of some

1702

01:14:06,219 --> 01:14:03,979

kind well I think you're giving grant

1703

01:14:08,379 --> 01:14:06,229

Cameron an attribute that's false he is

1704

01:14:10,089 --> 01:14:08,389

probably the more detailed researcher

1705

01:14:13,899 --> 01:14:10,099

that I've ever seen in my life and

1706

01:14:15,699 --> 01:14:13,909

basically he is during the last six to

1707

01:14:18,129 --> 01:14:15,709

eight months that he's had this document

1708

01:14:19,540 --> 01:14:18,139

he was going through trying just like I

1709

01:14:22,089 --> 01:14:19,550

was trying to figure out if there was

1710

01:14:24,369 --> 01:14:22,099

any discrepancies in this document that

1711

01:14:25,979 --> 01:14:24,379

we could pick apart so for sure he's

1712

01:14:28,479 --> 01:14:25,989

doing that he's not going to contact

1713

01:14:31,119 --> 01:14:28,489

commander Miller he's not going to

1714

01:14:34,479 --> 01:14:31,129

contact some of these remote viewers

1715

01:14:36,669 --> 01:14:34,489

that would basically tip his tip to hat

1716

01:14:38,529 --> 01:14:36,679

that he actually had this document no

1717

01:14:40,360 --> 01:14:38,539

one knew that he actually had this

1718

01:14:42,680 --> 01:14:40,370

document

1719

01:14:44,870 --> 01:14:42,690

okay well my question would still remain

1720

01:14:47,990 --> 01:14:44,880

the same regardless of what you just

1721

01:14:50,240 --> 01:14:48,000

said because my point is you could call

1722

01:14:52,610 --> 01:14:50,250

well Miller and to ask him questions

1723

01:14:54,290 --> 01:14:52,620

you know without open actually state you

1724

01:14:55,970 --> 01:14:54,300

ask him the questions that you want to

1725

01:14:59,420 --> 01:14:55,980

to basically confirm hey do you know Bob

1726

01:15:01,490 --> 01:14:59,430

Beckwith you know this guy in Vegas who

1727

01:15:03,470 --> 01:15:01,500

ran the business so on and so forth

1728

01:15:05,450 --> 01:15:03,480

I mean they'll be a little suspicious

1729

01:15:08,210 --> 01:15:05,460

why he's calling and asking about Bob

1730

01:15:11,600 --> 01:15:08,220

Beckwith maybe it is and maybe it isn't

1731

01:15:13,220 --> 01:15:11,610

but you know you gotta gotta make some

1732

01:15:14,330 --> 01:15:13,230

kind of an effort here if you want to

1733

01:15:15,980 --> 01:15:14,340

put this forward and say well I

1734

01:15:16,520 --> 01:15:15,990

understand grant that isn't putting this

1735

01:15:18,230 --> 01:15:16,530

forward

1736

01:15:19,970 --> 01:15:18,240

I don't know as he got closer to

1737

01:15:21,590 --> 01:15:19,980

publication time that he might have done

1738

01:15:22,540 --> 01:15:21,600

all those things he wasn't expecting it

1739

01:15:25,160 --> 01:15:22,550

to come out either

1740

01:15:26,390 --> 01:15:25,170

that's my I'm just you know is that

1741

01:15:28,250 --> 01:15:26,400

about right or is that a wrong

1742

01:15:28,970 --> 01:15:28,260

assumption I'm assuming that he didn't

1743

01:15:32,450 --> 01:15:28,980

know this was it

1744

01:15:33,830 --> 01:15:32,460

gonna drop Oh exactly no this came out

1745

01:15:36,620 --> 01:15:33,840

if he hadn't checked up on the fact that

1746

01:15:38,930 --> 01:15:36,630

it had been on written on reddit for

1747

01:15:39,740 --> 01:15:38,940

roughly a month and a half no and I

1748

01:15:43,460 --> 01:15:39,750

didn't either

1749

01:15:45,350 --> 01:15:43,470

so that's for sure yeah matter of fact I

1750

01:15:49,400 --> 01:15:45,360

didn't hear from anyone either

1751

01:15:51,620 --> 01:15:49,410

that it was out and ready okay so wait

1752

01:15:54,290 --> 01:15:51,630

Frank can be a useful place but I'll go

1753

01:15:56,480 --> 01:15:54,300

there and and I don't know I think one

1754

01:15:59,330 --> 01:15:56,490

more one more point Chad it was sitting

1755

01:16:02,300 --> 01:15:59,340

in the reddit forum now most of the UFO

1756

01:16:04,340 --> 01:16:02,310

nuts over at reddit go to the UFO forum

1757

01:16:09,050 --> 01:16:04,350

and this was actually sitting on the

1758

01:16:11,750 --> 01:16:09,060

aliens forum so I don't know that that's

1759

01:16:14,420 --> 01:16:11,760

well I would think that caused part of

1760

01:16:16,370 --> 01:16:14,430

the delay in the the you know the at

1761

01:16:17,720 --> 01:16:16,380

large UFO crowd and picking up on it in

1762

01:16:19,430 --> 01:16:17,730

the first place I think we would have

1763

01:16:22,220 --> 01:16:19,440

picked up on a lot quicker if it had

1764

01:16:24,560 --> 01:16:22,230

been posted in the UFO forum does

1765

01:16:28,580 --> 01:16:24,570

anybody have a screenshot of that I do

1766

01:16:33,770 --> 01:16:28,590

not but I'll go with it and if I'm wrong

1767

01:16:36,050 --> 01:16:33,780

I'll you know cut my pay 10% that would

1768

01:16:38,120 --> 01:16:36,060

be interesting to see if ya know I

1769

01:16:40,580 --> 01:16:38,130

wouldn't be interested on see my pay cut

1770

01:16:43,070 --> 01:16:40,590

10% wouldn't would be I'd have to get a

1771

01:16:45,410 --> 01:16:43,080

day job now that would be interesting to

1772

01:16:48,830 --> 01:16:45,420

see if it was actually proven that it

1773

01:16:51,470 --> 01:16:48,840

was released on reddit uh well you know

1774

01:16:52,790 --> 01:16:51,480

like I said it's been talked about it's

1775

01:16:53,120 --> 01:16:52,800

been confirmed by enough people it's

1776

01:16:56,750 --> 01:16:53,130

been over

1777

01:17:00,980 --> 01:16:56,760

therefore so Jack date I don't know so

1778

01:17:03,560 --> 01:17:00,990

it so is this 15 page memo what do you

1779

01:17:05,360 --> 01:17:03,570

mean you're saying that just because a

1780

01:17:09,410 --> 01:17:05,370

lot of folks confirm this thing was

1781

01:17:12,230 --> 01:17:09,420

released on reddit I cope equate that to

1782

01:17:14,780 --> 01:17:12,240

there's a lot of folks including Richard

1783

01:17:19,970 --> 01:17:14,790

Dolan and others that have confirmed the

1784

01:17:22,790 --> 01:17:19,980

existence of this memo before sure sure

1785

01:17:24,890 --> 01:17:22,800

sure but what I'm saying is it got out

1786

01:17:26,660 --> 01:17:24,900

it was first leaked or or somebody got

1787

01:17:28,880 --> 01:17:26,670

hold of it imposed on reddit and maybe

1788

01:17:33,110 --> 01:17:28,890

it didn't get enough they decided to go

1789

01:17:34,700 --> 01:17:33,120

with the immigrant yeah and that's what

1790

01:17:36,320 --> 01:17:34,710

I'd like to prove somebody somebody

1791

01:17:37,580 --> 01:17:36,330

obviously wanted it out there put it

1792

01:17:40,550 --> 01:17:37,590

there I think that's fairly obvious

1793

01:17:42,800 --> 01:17:40,560

that's not that too too much of a leap

1794

01:17:45,950 --> 01:17:42,810

there I don't assumption somebody

1795

01:17:47,750 --> 01:17:45,960

obviously wanted it exactly yeah and in

1796

01:17:49,640 --> 01:17:47,760

fairness to grant we don't know that

1797

01:17:51,710 --> 01:17:49,650

when the time is right as he got closer

1798

01:17:54,110 --> 01:17:51,720

to a publication date he wasn't going to

1799

01:17:59,840 --> 01:17:54,120

do all this stuff again this came out

1800

01:18:01,760 --> 01:17:59,850

not under his control he did not do this

1801

01:18:05,000 --> 01:18:01,770

stuff I'm gonna tell you right now he

1802

01:18:06,950 --> 01:18:05,010

did do his due diligence for from the

1803

01:18:10,610 --> 01:18:06,960

very beginning otherwise he wouldn't

1804

01:18:15,410 --> 01:18:10,620

even contacted me and indeed together he

1805

01:18:17,360 --> 01:18:15,420

did due diligence as well okay I mean

1806

01:18:21,830 --> 01:18:17,370

you're not revealing the source of the

1807

01:18:23,510 --> 01:18:21,840

document I I did did you make contacts

1808

01:18:27,080 --> 01:18:23,520

did you talk about to people that said

1809

01:18:29,930 --> 01:18:27,090

yeah this is legit no no I did the due

1810

01:18:31,580 --> 01:18:29,940

diligence of the details of the document

1811

01:18:34,310 --> 01:18:31,590

I'm trying to find out if dates are

1812

01:18:37,400 --> 01:18:34,320

incorrect if names are in incorrect or

1813

01:18:39,290 --> 01:18:37,410

made-up if organizations existed at the

1814

01:18:41,450 --> 01:18:39,300

time those are what I'm talking about

1815

01:18:43,370 --> 01:18:41,460

vetting the document yeah well they got

1816

01:18:47,540 --> 01:18:43,380

that right they got that right as far as

1817

01:18:48,950 --> 01:18:47,550

the intersection in Vegas you know I

1818

01:18:50,660 --> 01:18:48,960

mean that was one of the first things

1819

01:18:54,080 --> 01:18:50,670

that I checked out the intersection in

1820

01:18:57,590 --> 01:18:54,090

Vegas down the street the the old EG&G

1821

01:19:00,320 --> 01:18:57,600

building it's right there you know we

1822

01:19:02,300 --> 01:19:00,330

did that kind of stuff here and I'm

1823

01:19:04,400 --> 01:19:02,310

wondering why the be you know why the

1824

01:19:06,230 --> 01:19:04,410

folks who are saying this is the leak of

1825

01:19:06,680 --> 01:19:06,240

the century aren't really providing

1826

01:19:10,760 --> 01:19:06,690

those

1827

01:19:12,979 --> 01:19:10,770

about this is the leak of the century

1828

01:19:15,530 --> 01:19:12,989

let me read through this and not really

1829

01:19:16,910 --> 01:19:15,540

do at least provide any of the

1830

01:19:19,970 --> 01:19:16,920

background checking that might have been

1831

01:19:22,850 --> 01:19:19,980

done and just saying this is incredible

1832

01:19:24,140 --> 01:19:22,860

the the the you know major news media is

1833

01:19:26,270 --> 01:19:24,150

going to pick up on this before you know

1834

01:19:29,870 --> 01:19:26,280

it and this is going to blow up into

1835

01:19:31,459 --> 01:19:29,880

something incredible and on this yeah I

1836

01:19:33,830 --> 01:19:31,469

don't see I don't see the news media

1837

01:19:35,630 --> 01:19:33,840

picking up on this if it just isn't

1838

01:19:38,209 --> 01:19:35,640

enough to go on at this point you need

1839

01:19:44,050 --> 01:19:38,219

more you need you need a lot more pin

1840

01:19:46,720 --> 01:19:44,060

down yeah I would agree with you okay

1841

01:19:49,820 --> 01:19:46,730

yeah I'm glad that you mentioned that

1842

01:19:52,250 --> 01:19:49,830

Grant Cameron did to his due diligence

1843

01:19:55,340 --> 01:19:52,260

regarding this document he explained how

1844

01:20:01,250 --> 01:19:55,350

he did and you also explained his plan

1845

01:20:03,170 --> 01:20:01,260

regarding why he wanted to reveal the

1846

01:20:06,700 --> 01:20:03,180

document in the matter he did and also

1847

01:20:09,229 --> 01:20:06,710

not revealed a document to folks that

1848

01:20:11,180 --> 01:20:09,239

were mentioned in the document because

1849

01:20:13,880 --> 01:20:11,190

he didn't want to give the document away

1850

01:20:16,189 --> 01:20:13,890

that would be correct right yes and

1851

01:20:20,150 --> 01:20:16,199

specifically grant was going to at that

1852

01:20:22,250 --> 01:20:20,160

point redact the document from means he

1853

01:20:25,670 --> 01:20:22,260

was not going to release the document

1854

01:20:28,400 --> 01:20:25,680

outing people that was what we discussed

1855

01:20:32,959 --> 01:20:28,410

so you know does that include the names

1856

01:20:35,450 --> 01:20:32,969

of Wilson and Davis no no those well let

1857

01:20:38,060 --> 01:20:35,460

me tell you this yes that included

1858

01:20:39,530 --> 01:20:38,070

redacting Wilson and Davis's names

1859

01:20:43,370 --> 01:20:39,540

that's exactly what we talked about

1860

01:20:44,990 --> 01:20:43,380

because that would kind of be a domino

1861

01:20:46,550 --> 01:20:45,000

effect on some of these other things

1862

01:20:49,400 --> 01:20:46,560

that were getting into the details of

1863

01:20:51,800 --> 01:20:49,410

these meetings so indeed that was grants

1864

01:20:54,260 --> 01:20:51,810

theory that he is going to get this

1865

01:20:55,790 --> 01:20:54,270

document out there redacted take all the

1866

01:20:58,459 --> 01:20:55,800

names out of it and he was going to

1867

01:21:00,620 --> 01:20:58,469

allow the researchers out there that

1868

01:21:03,220 --> 01:21:00,630

know about the details and have been

1869

01:21:06,110 --> 01:21:03,230

talking about this document to actually

1870

01:21:08,630 --> 01:21:06,120

supply the names and that's that's

1871

01:21:11,630 --> 01:21:08,640

basically where he was headed when all

1872

01:21:14,990 --> 01:21:11,640

of a sudden this thing was unredacted

1873

01:21:21,570 --> 01:21:19,650

okay yeah I'm glad that she mentioned

1874

01:21:24,780 --> 01:21:21,580

that because uh you know grant Cameron

1875

01:21:27,780 --> 01:21:24,790

has been researching the topic if you

1876

01:21:32,280 --> 01:21:27,790

follow G and other phenomena since 1974

1877

01:21:34,020 --> 01:21:32,290

1975 and you know he's an icon in the

1878

01:21:35,970 --> 01:21:34,030

field of ufology also I'd like to

1879

01:21:37,440 --> 01:21:35,980

mention something about grant cameron

1880

01:21:39,810 --> 01:21:37,450

that i've mentioned a few times that you

1881

01:21:43,410 --> 01:21:39,820

said was completely accurate michael and

1882

01:21:46,800 --> 01:21:43,420

that is the grant cameron would never

1883

01:21:51,570 --> 01:21:46,810

ever accept a document that is

1884

01:21:55,170 --> 01:21:51,580

classified from anyone right and this

1885

01:21:57,870 --> 01:21:55,180

document is not classified it does not

1886

01:21:59,910 --> 01:21:57,880

have any DoD markings on it it does not

1887

01:22:03,420 --> 01:21:59,920

have a classification mark of any kind

1888

01:22:05,940 --> 01:22:03,430

on it this document is unclassified it is

1889

01:22:09,420 --> 01:22:05,950

actually not not classified at all

1890

01:22:12,330 --> 01:22:09,430

correct Michael yes exactly and that

1891

01:22:14,190 --> 01:22:12,340

even goes to Grant's even further

1892

01:22:17,430 --> 01:22:14,200

sterling personality and in fact it even

1893

01:22:19,950 --> 01:22:17,440

though it was unclassified he still did

1894

01:22:21,900 --> 01:22:19,960

not want to out the actual people in the

1895

01:22:24,330 --> 01:22:21,910

document itself he was willing to get

1896

01:22:32,160 --> 01:22:24,340

the document out for the purposes of the

1897

01:22:33,780 --> 01:22:32,170

details but not the names okay thank you

1898

01:22:36,050 --> 01:22:33,790

very much for having confirmed that

1899

01:22:40,350 --> 01:22:36,060

really appreciate it you know and uh

1900

01:22:42,630 --> 01:22:40,360

this show was not meant to throw any

1901

01:22:45,470 --> 01:22:42,640

shade at Grant Cameron at all it was

1902

01:22:49,380 --> 01:22:45,480

really just meant to review this

1903

01:22:51,570 --> 01:22:49,390

interesting smoking gun document that so

1904

01:22:55,500 --> 01:22:51,580

graciously gave us I want to jump in

1905

01:22:57,570 --> 01:22:55,510

here and just say look we're disagreeing

1906

01:22:59,430 --> 01:22:57,580

here without being disagreeable that we

1907

01:23:02,670 --> 01:22:59,440

don't want to start you know a lot of

1908

01:23:05,130 --> 01:23:02,680

heated back-and-forth over this you know

1909

01:23:07,050 --> 01:23:05,140

we followed up on the leads that we had

1910

01:23:10,890 --> 01:23:07,060

that based on now the document was there

1911

01:23:12,990 --> 01:23:10,900

and my experience and the leads that we

1912

01:23:17,180 --> 01:23:13,000

generated the conversations that we had

1913

01:23:19,650 --> 01:23:17,190

with the commander and you know it

1914

01:23:23,370 --> 01:23:19,660

raising some serious questions for me

1915

01:23:24,870 --> 01:23:23,380

and a lot of serious charges have gotten

1916

01:23:26,730 --> 01:23:24,880

flown around to I mean basically we're

1917

01:23:28,610 --> 01:23:26,740

talking about yeah this is a this is a

1918

01:23:31,700 --> 01:23:28,620

forgery this is a fake at least the one

1919

01:23:34,520 --> 01:23:31,710

part so you know obviously ya know

1920

01:23:36,410 --> 01:23:34,530

forgery is inferred regarding the the

1921

01:23:38,510 --> 01:23:36,420

notes from the meeting because you know

1922

01:23:41,360 --> 01:23:38,520

the way it stands for me now looks to me

1923

01:23:44,060 --> 01:23:41,370

like it's a just complete fanfiction but

1924

01:23:45,920 --> 01:23:44,070

you know so there are serious charges

1925

01:23:48,380 --> 01:23:45,930

being thrown around let's face it you

1926

01:23:50,900 --> 01:23:48,390

know the commander himself is saying

1927

01:23:53,540 --> 01:23:50,910

that basically the the letter part of

1928

01:23:57,350 --> 01:23:53,550

the documents pages 3 & 4 of the letter

1929

01:23:59,060 --> 01:23:57,360

part is a fabrication and that is pretty

1930

01:24:02,510 --> 01:23:59,070

serious but that's where we're at now

1931

01:24:04,400 --> 01:24:02,520

and I think that you know basically the

1932

01:24:07,040 --> 01:24:04,410

ball is in the proponents court you've

1933

01:24:09,980 --> 01:24:07,050

got to bring something back to the table

1934

01:24:12,200 --> 01:24:09,990

here and that's the clear some of this

1935

01:24:14,330 --> 01:24:12,210

stuff up and like I say I don't want to

1936

01:24:16,880 --> 01:24:14,340

sound like a broken record but I think

1937

01:24:20,060 --> 01:24:16,890

you got to put Admiral Wilson in Vegas

1938

01:24:22,430 --> 01:24:20,070

and yeah again that that would be a help

1939

01:24:24,740 --> 01:24:22,440

but still I don't think it proves much

1940

01:24:26,180 --> 01:24:24,750

of anything and obviously he's spoken

1941

01:24:29,420 --> 01:24:26,190

before about this he's basically a

1942

01:24:32,600 --> 01:24:29,430

denied that the sort of things outlined

1943

01:24:35,540 --> 01:24:32,610

in the claims from Mitchell and Greer

1944

01:24:37,400 --> 01:24:35,550

were act and actually the commander

1945

01:24:39,260 --> 01:24:37,410

confirmed that as well that wasn't any

1946

01:24:41,540 --> 01:24:39,270

follow up on the Navy's part after that

1947

01:24:44,420 --> 01:24:41,550

meeting with Greer and so I mean that's

1948

01:24:46,660 --> 01:24:44,430

where it's at I wish you good luck you

1949

01:24:49,600 --> 01:24:46,670

know I hope I'm wrong about this but

1950

01:24:52,340 --> 01:24:49,610

it's it's not looking through to me

1951

01:24:54,440 --> 01:24:52,350

thank you both yep by the way then on

1952

01:24:57,550 --> 01:24:54,450

page 15 there is a wrench thrown in

1953

01:25:02,600 --> 01:24:57,560

there where gansler says UFOs are real

1954

01:25:03,890 --> 01:25:02,610

alien abductions are not you will be

1955

01:25:05,480 --> 01:25:03,900

tough to get hold of because he has

1956

01:25:13,820 --> 01:25:05,490

passed away resource that's one guy you

1957

01:25:15,470 --> 01:25:13,830

can't read interesting yeah yeah you

1958

01:25:17,330 --> 01:25:15,480

have the proponents say you got to come

1959

01:25:19,460 --> 01:25:17,340

back with a little bit more than the

1960

01:25:21,350 --> 01:25:19,470

memo itself and there's just not enough

1961

01:25:23,360 --> 01:25:21,360

here you need some people to go on the

1962

01:25:26,570 --> 01:25:23,370

record and need a few things some

1963

01:25:29,560 --> 01:25:26,580

details confirmed what I was going to

1964

01:25:36,500 --> 01:25:29,570

say is I talked to commander will Miller

1965

01:25:39,620 --> 01:25:36,510

about the journal that Eric Davis was

1966

01:25:40,790 --> 01:25:39,630

allegedly wrote in this smoking gun

1967

01:25:42,859 --> 01:25:40,800

document

1968

01:25:46,819 --> 01:25:42,869

and I asked what he thought about it and

1969

01:25:50,330 --> 01:25:46,829

he said that he had a hard time with it

1970

01:25:53,390 --> 01:25:50,340

because it looks it looked to him from

1971

01:25:56,450 --> 01:25:53,400

her his perspective and that Eric Davis

1972

01:25:59,390 --> 01:25:56,460

if he wrote this journal would have to

1973

01:26:01,819 --> 01:25:59,400

have had a photographic memory in order

1974

01:26:04,209 --> 01:26:01,829

to have written the journal and the

1975

01:26:07,660 --> 01:26:04,219

massive detail that he did

1976

01:26:11,750 --> 01:26:07,670

either that or a digital recorder yeah

1977

01:26:14,270 --> 01:26:11,760

good point yes very good point and so

1978

01:26:17,060 --> 01:26:14,280

you know who who do you know can

1979

01:26:20,060 --> 01:26:17,070

actually write in this manner as if

1980

01:26:24,589 --> 01:26:20,070

they're writing a play line for line

1981

01:26:28,100 --> 01:26:24,599

that accurately if it were allegedly

1982

01:26:29,149 --> 01:26:28,110

that accurate did you see a fad maybe

1983

01:26:35,209 --> 01:26:29,159

yeah

1984

01:26:38,209 --> 01:26:35,219

dr. Davis no shorthand who do you know

1985

01:26:42,049 --> 01:26:38,219

can actually write in that manner after

1986

01:26:45,080 --> 01:26:42,059

having had I don't know hours of me

1987

01:26:51,020 --> 01:26:45,090

hours many hours of a meeting or days of

1988

01:26:54,740 --> 01:26:51,030

our trip but but to actually then write

1989

01:26:58,339 --> 01:26:54,750

you know 10 minutes of a meeting

1990

01:27:01,939 --> 01:26:58,349

word for word exactly how an individual

1991

01:27:04,459 --> 01:27:01,949

may have spoke and the behavior patterns

1992

01:27:07,160 --> 01:27:04,469

they may have had and the reactions that

1993

01:27:10,069 --> 01:27:07,170

they may have given are registered to

1994

01:27:13,819 --> 01:27:10,079

questions or answers it's almost written

1995

01:27:17,229 --> 01:27:13,829

like a play so a you know a commander

1996

01:27:20,299 --> 01:27:17,239

will Miller said that he had an issue

1997

01:27:25,010 --> 01:27:20,309

that he that from his perspective it

1998

01:27:27,919 --> 01:27:25,020

just felt to him as though this would

1999

01:27:29,930 --> 01:27:27,929

have to have been done in the manner of

2000

01:27:32,359 --> 01:27:29,940

somebody that had a photographic memory

2001

01:27:34,839 --> 01:27:32,369

that was his perspective there is a clue

2002

01:27:37,760 --> 01:27:34,849

in this document of how this thing was

2003

01:27:38,410 --> 01:27:37,770

put down in a transcript form because at

2004

01:27:41,780 --> 01:27:38,420

one point

2005

01:27:43,850 --> 01:27:41,790

Admiral Wilson is asking a Davis towards

2006

01:27:47,299 --> 01:27:43,860

the end of the interview what are you

2007

01:27:49,790 --> 01:27:47,309

going to do with this the idea being

2008

01:27:52,180 --> 01:27:49,800

that maybe Davis is taking notes at the

2009

01:27:53,750 --> 01:27:52,190

same time he's asking questions and or

2010

01:27:55,430 --> 01:27:53,760

maybe

2011

01:27:59,780 --> 01:27:55,440

Admiral Wilson is asking what are you

2012

01:28:02,030 --> 01:27:59,790

gonna do with this recording yeah and if

2013

01:28:04,460 --> 01:28:02,040

the the meeting did happen is purported

2014

01:28:07,100 --> 01:28:04,470

I could see that as is happening you

2015

01:28:08,630 --> 01:28:07,110

know I'm not I'm not too concerned about

2016

01:28:12,080 --> 01:28:08,640

that that's not one of my big gripes

2017

01:28:13,250 --> 01:28:12,090

with the document so yeah but yeah it's

2018

01:28:16,370 --> 01:28:13,260

something that the commander brought up

2019

01:28:19,130 --> 01:28:16,380

it's something that struck him so I do

2020

01:28:22,850 --> 01:28:19,140

have a I before we wrap up I do have a

2021

01:28:26,479 --> 01:28:22,860

question for Michael and and it's a

2022

01:28:29,479 --> 01:28:26,489

two-tiered question the question is what

2023

01:28:31,610 --> 01:28:29,489

is the takeaway from this document the

2024

01:28:33,979 --> 01:28:31,620

smoking gun document what is the

2025

01:28:36,320 --> 01:28:33,989

takeaway for you whether you know we'd

2026

01:28:39,080 --> 01:28:36,330

nitpick it and tear it apart or somebody

2027

01:28:41,960 --> 01:28:39,090

else does regardless just let all that

2028

01:28:44,120 --> 01:28:41,970

go away and just from your perspective

2029

01:28:46,460 --> 01:28:44,130

how you feel about the document what you

2030

01:28:49,520 --> 01:28:46,470

think is important what is your takeaway

2031

01:28:52,550 --> 01:28:49,530

from it what I take away from this

2032

01:28:55,190 --> 01:28:52,560

document if indeed anything in this

2033

01:28:58,820 --> 01:28:55,200

document is correct it looks to me that

2034

01:29:01,130 --> 01:28:58,830

there is a private organization or cabal

2035

01:29:04,420 --> 01:29:01,140

whatever you want to call it who is in

2036

01:29:06,410 --> 01:29:04,430

charge of independent civilian

2037

01:29:08,150 --> 01:29:06,420

subcontractors that are working for the

2038

01:29:10,520 --> 01:29:08,160

government that don't have any

2039

01:29:14,360 --> 01:29:10,530

government oversight military oversight

2040

01:29:17,830 --> 01:29:14,370

or any oversight at all other than their

2041

01:29:20,780 --> 01:29:17,840

own bigot lists and their own basic

2042

01:29:24,470 --> 01:29:20,790

ideas of who they should allow into this

2043

01:29:27,770 --> 01:29:24,480

program plus the Pentagon backed them up

2044

01:29:29,810 --> 01:29:27,780

and and that general proposition can be

2045

01:29:34,540 --> 01:29:29,820

true in these documents still be fake

2046

01:29:39,380 --> 01:29:34,550

and that's when I take away from this

2047

01:29:42,729 --> 01:29:39,390

and so let's just say this document was

2048

01:29:48,380 --> 01:29:42,739

authentic in its entirety

2049

01:29:50,150 --> 01:29:48,390

what would the American public what

2050

01:29:54,350 --> 01:29:50,160

would they take from this what is the

2051

01:29:55,630 --> 01:29:54,360

value of it to them I think if the

2052

01:29:59,000 --> 01:29:55,640

President of the United States

2053

01:30:01,760 --> 01:29:59,010

congressional members and staffers in

2054

01:30:04,580 --> 01:30:01,770

the military are not involved in

2055

01:30:06,229 --> 01:30:04,590

potentially whatever you want to call it

2056

01:30:08,600 --> 01:30:06,239

crash which we will reverse in

2057

01:30:11,060 --> 01:30:08,610

nearing programs or anything that even

2058

01:30:14,540 --> 01:30:11,070

has to do with recovered Soviet or

2059

01:30:17,299 --> 01:30:14,550

Chinese technology let's put it that way

2060

01:30:20,149 --> 01:30:17,309

let's call it terrestrial reverse

2061

01:30:22,819 --> 01:30:20,159

engineering mmm-hmm I have are elected

2062

01:30:27,830 --> 01:30:22,829

and military officials do not know about

2063

01:30:30,080 --> 01:30:27,840

it there's a problem alright yeah we

2064

01:30:31,700 --> 01:30:30,090

want to wrap up now chant adjust finally

2065

01:30:33,799 --> 01:30:31,710

yeah thanks for coming on Michael I

2066

01:30:35,089 --> 01:30:33,809

really do appreciate we were we're and

2067

01:30:37,790 --> 01:30:35,099

you know we're you didn't spend as much

2068

01:30:39,529 --> 01:30:37,800

time as with us as you did with Jimmy

2069

01:30:40,850 --> 01:30:39,539

Church but we were a little tougher on

2070

01:30:42,169 --> 01:30:40,860

you so they might have been more intense

2071

01:30:43,939 --> 01:30:42,179

minutes and you didn't get commercial

2072

01:30:46,879 --> 01:30:43,949

breaks so I really appreciate it I

2073

01:30:49,100 --> 01:30:46,889

really do oh you guys are awesome thank

2074

01:30:51,529 --> 01:30:49,110

you Frank and chant this was the best

2075

01:30:53,689 --> 01:30:51,539

discussion I've ever had so far Oh bleep

2076

01:30:58,000 --> 01:30:53,699

no Frank actually I'm sorry I do have

2077

01:31:00,680 --> 01:30:58,010

another question okay hahaha sorry

2078

01:31:02,540 --> 01:31:00,690

Michael my question is what is the

2079

01:31:06,020 --> 01:31:02,550

takeaway for Grant Cameron on this

2080

01:31:09,229 --> 01:31:06,030

document did he share that with you no

2081

01:31:12,109 --> 01:31:09,239

not yet I would imagine you've got to

2082

01:31:13,759 --> 01:31:12,119

realize that for the six to eight month

2083

01:31:16,459 --> 01:31:13,769

period that Grant Cameron has been

2084

01:31:17,000 --> 01:31:16,469

living with this knowledge of a document

2085

01:31:20,660 --> 01:31:17,010

like this

2086

01:31:23,049 --> 01:31:20,670

he has only that not a day goes by where

2087

01:31:26,959 --> 01:31:23,059

he at least spends two hours or more

2088

01:31:29,029 --> 01:31:26,969

just mulling over the fact that he has

2089

01:31:31,520 --> 01:31:29,039

the document what he should do with it

2090

01:31:35,180 --> 01:31:31,530

to stress that this man has been under I

2091

01:31:36,739 --> 01:31:35,190

can verify and I think I'm hoping that

2092

01:31:39,919 --> 01:31:36,749

he's gonna get a little bit of a

2093

01:31:41,750 --> 01:31:39,929

vindication of you know what he can rest

2094

01:31:45,169 --> 01:31:41,760

a little bit now that this thing is out

2095

01:31:47,720 --> 01:31:45,179

there the whole idea of having a secret

2096

01:31:50,989 --> 01:31:47,730

like this that could be the smoking gun

2097

01:31:52,910 --> 01:31:50,999

UFO memo of the century and not being

2098

01:31:55,700 --> 01:31:52,920

able to tell people about it has got to

2099

01:31:57,919 --> 01:31:55,710

be very stressful and I also like to

2100

01:32:00,169 --> 01:31:57,929

make clear but I need you to do it for

2101
01:32:01,939 --> 01:32:00,179
us Michael so I'll go ahead and give you

2102
01:32:04,399 --> 01:32:01,949
the question so you can set us straight

2103
01:32:07,669 --> 01:32:04,409
and set the whole world straight on this

2104
01:32:09,350 --> 01:32:07,679
the document that Grant Cameron has

2105
01:32:12,410 --> 01:32:09,360
within his possession this smoking gun

2106
01:32:16,399 --> 01:32:12,420
document is it the original or is it a

2107
01:32:18,169 --> 01:32:16,409
copy um I don't know if the document

2108
01:32:19,970 --> 01:32:18,179
that he initially was given was an

2109
01:32:21,770 --> 01:32:19,980
original or a copy

2110
01:32:25,070 --> 01:32:21,780
I do believe it probably came off of a

2111
01:32:27,140 --> 01:32:25,080
computer printout that he got

2112
01:32:29,450 --> 01:32:27,150
but basically grant is confirming that

2113
01:32:33,020 --> 01:32:29,460

the document that's being released right

2114

01:32:36,020 --> 01:32:33,030

now is the same one that he had okay I'm

2115

01:32:39,080 --> 01:32:36,030

glad you said that that obviously if we

2116

01:32:41,510 --> 01:32:39,090

do accept the document as purported it

2117

01:32:43,070 --> 01:32:41,520

was obviously typed in after the fact

2118

01:32:45,110 --> 01:32:43,080

it's not like no one's suggesting that

2119

01:32:49,450 --> 01:32:45,120

Eric Davis had his laptop with him for

2120

01:32:52,460 --> 01:32:49,460

example typing these notes out again

2121

01:32:54,920 --> 01:32:52,470

reasonable if they're legit that he had

2122

01:32:57,200 --> 01:32:54,930

some kind of a mini recorder or I was

2123

01:32:59,960 --> 01:32:57,210

taking a very good notes and I was able

2124

01:33:03,140 --> 01:32:59,970

to type up his notes after the meeting

2125

01:33:05,270 --> 01:33:03,150

right and that the perspective that to

2126
01:33:09,460 --> 01:33:05,280
commander will Miller shared regarding

2127
01:33:12,530 --> 01:33:09,470
he felt just having quickly scanned that

2128
01:33:14,810 --> 01:33:12,540
this smoking gun document his first

2129
01:33:18,590 --> 01:33:14,820
reaction was that this would need to

2130
01:33:21,080 --> 01:33:18,600
have been possibly a person with

2131
01:33:24,440 --> 01:33:21,090
photographic memory to have that kind of

2132
01:33:27,470 --> 01:33:24,450
great recall that does not necessarily

2133
01:33:30,350 --> 01:33:27,480
reflect anybody else's opinion on this

2134
01:33:32,480 --> 01:33:30,360
show or you know anybody else that we

2135
01:33:34,580 --> 01:33:32,490
know also to give a commander will

2136
01:33:37,940 --> 01:33:34,590
Miller the benefit the doubt he may not

2137
01:33:40,100 --> 01:33:37,950
have had the opportunity to really give

2138
01:33:41,900 --> 01:33:40,110

a little bit more benefit of the doubt

2139

01:33:44,690 --> 01:33:41,910

in the sense that Frank just shared that

2140

01:33:47,690 --> 01:33:44,700

it he said that if Eric Davis did

2141

01:33:49,700 --> 01:33:47,700

actually write this journal that he

2142

01:33:51,200 --> 01:33:49,710

whether he had a recorder on him or

2143

01:33:53,570 --> 01:33:51,210

whether he had some kind of word

2144

01:33:55,850 --> 01:33:53,580

processor or typewriter whatever you

2145

01:33:58,850 --> 01:33:55,860

know or writing notes while he's talking

2146

01:34:01,970 --> 01:33:58,860

to somebody we don't know that's up in

2147

01:34:03,080 --> 01:34:01,980

there yeah there's that's not that's not

2148

01:34:05,180 --> 01:34:03,090

a part of the document I have a

2149

01:34:09,790 --> 01:34:05,190

particular issue with but still it's

2150

01:34:12,530 --> 01:34:09,800

important it's funny because you know

2151

01:34:13,880 --> 01:34:12,540

people feel like the certain parts of

2152

01:34:15,710 --> 01:34:13,890

this document are more important than

2153

01:34:18,590 --> 01:34:15,720

the other and when I was speaking to

2154

01:34:21,290 --> 01:34:18,600

commander will Miller today I knew for a

2155

01:34:23,600 --> 01:34:21,300

fact that all the questions I had asked

2156

01:34:25,430 --> 01:34:23,610

him would not have been enough because I

2157

01:34:27,710 --> 01:34:25,440

knew later that when I brought up

2158

01:34:29,810 --> 01:34:27,720

everything that he had to say somebody

2159

01:34:32,450 --> 01:34:29,820

else would say up but did you ask this

2160

01:34:33,390 --> 01:34:32,460

and you know rightfully so of course you

2161

01:34:35,010 --> 01:34:33,400

know but this

2162

01:34:37,350 --> 01:34:35,020

more important did you ask him this and

2163

01:34:40,740 --> 01:34:37,360

you know it's like how can anybody be

2164

01:34:44,520 --> 01:34:40,750

that omnipresent to have known you know

2165

01:34:51,649 --> 01:34:44,530

hey let's ask you in totality all the

2166

01:34:56,130 --> 01:34:53,939

right so there's no way I could have

2167

01:34:59,490 --> 01:34:56,140

asked everybody's question of him today

2168

01:35:01,979 --> 01:34:59,500

but I did do the best I could understand

2169

01:35:03,540 --> 01:35:01,989

you know I think we did a great job here

2170

01:35:05,459 --> 01:35:03,550

we got a source on the record who's

2171

01:35:08,970 --> 01:35:05,469

intrinsically involved in these docs and

2172

01:35:13,050 --> 01:35:08,980

that's where we're at right now and yeah

2173

01:35:17,399 --> 01:35:13,060

I think it's back it's back in your

2174

01:35:19,200 --> 01:35:17,409

court Michael you know for for us to get

2175

01:35:20,399 --> 01:35:19,210

interested in this again you're gonna

2176
01:35:24,419 --> 01:35:20,409
have to come back with something more I

2177
01:35:26,010 --> 01:35:24,429
think my pleasure okay thank you very

2178
01:35:27,600 --> 01:35:26,020
much for having been honor by the way I

2179
01:35:29,910 --> 01:35:27,610
would like to let everybody know that

2180
01:35:32,280 --> 01:35:29,920
Michael Hall the paranormal lawyer who

2181
01:35:36,000 --> 01:35:32,290
is a head of the UFO eye team is a

2182
01:35:38,850 --> 01:35:36,010
regular on our panels for a reason we

2183
01:35:42,270 --> 01:35:38,860
absolutely adore him he is an authority

2184
01:35:46,020 --> 01:35:42,280
on many topics he goes back decades

2185
01:35:48,330 --> 01:35:46,030
regarding the topic of ufology he has

2186
01:35:50,610 --> 01:35:48,340
known many iconic people in the realm of

2187
01:35:52,890 --> 01:35:50,620
ufology and has had personal

2188
01:35:54,630 --> 01:35:52,900

relationships with them and so we just

2189

01:35:56,250 --> 01:35:54,640

really are so grateful to have had you

2190

01:35:56,790 --> 01:35:56,260

on the show today thank you so much for

2191

01:35:59,729 --> 01:35:56,800

your time

2192

01:36:01,950 --> 01:35:59,739

Oh Thank You Janet thanks appreciate it

2193

01:36:04,560 --> 01:36:01,960

and I wish you good luck you know

2194

01:36:06,840 --> 01:36:04,570

I urge the folks listening you know even

2195

01:36:09,540 --> 01:36:06,850

if you are skeptical of this type of

2196

01:36:11,790 --> 01:36:09,550

thing and yeah you should be in terms of

2197

01:36:13,169 --> 01:36:11,800

literal truth you never know there might

2198

01:36:15,810 --> 01:36:13,179

be a lead in there for you it might be

2199

01:36:18,959 --> 01:36:15,820

something something really good could

2200

01:36:23,220 --> 01:36:18,969

come out of this even if the this

2201

01:36:25,020 --> 01:36:23,230

particularly cabelas up so I mean to

2202

01:36:27,390 --> 01:36:25,030

stay on it because you just never know

2203

01:36:29,160 --> 01:36:27,400

it's a crazy field and who knows if

2204

01:36:31,169 --> 01:36:29,170

something's buried in there again now we

2205

01:36:33,600 --> 01:36:31,179

don't know for sure who put these

2206

01:36:36,240 --> 01:36:33,610

together maybe it was Erik Davis

2207

01:36:38,729 --> 01:36:36,250

maybe it wasn't but he's still saying no

2208

01:36:40,050 --> 01:36:38,739

comment we will see and good night

2209

01:36:41,459 --> 01:36:40,060

everybody we'll be back tomorrow night
