

JOHN ALEXANDER

DISCUSSES SKINWALKER RANCH,
EXPERIENCERS, PSYCHOKINESIS, THE
INTELLIGENCE COMMUNITY AND
DISINFORMATION AND NON-LETHAL WEAPONS
AND HIS BOOK, REALITY DENIED: FIRSTHAND
EXPERIENCES WITH THINGS THAT CAN'T
HAPPEN - BUT DID

UFONN
SUNDAY

1
00:01:16,560 --> 00:00:46,870

[Music]

2
00:01:21,969 --> 00:01:19,539
and good evening from Philadelphia Frank

3
00:01:24,370 --> 00:01:21,979
here with another episode of UFO news

4
00:01:25,810 --> 00:01:24,380
network Sunday on a Tuesday our excuse

5
00:01:28,270 --> 00:01:25,820
me a Thursday night tonight I'm losing

6
00:01:31,149 --> 00:01:28,280
track of what day it is and let me ahead

7
00:01:33,820 --> 00:01:31,159
right on over to my co-host chant Hannah

8
00:01:37,450 --> 00:01:33,830
to introduce our very special guest for

9
00:01:40,810 --> 00:01:37,460
tonight thank you Frank yes we do have a

10
00:01:43,359 --> 00:01:40,820
special guest it is John B Alexander PhD

11
00:01:45,760 --> 00:01:43,369
is a retired senior army officer with

12
00:01:48,550 --> 00:01:45,770
nearly half a century experience in

13
00:01:51,130 --> 00:01:48,560

Special Operations intelligence and

14

00:01:53,560 --> 00:01:51,140

research and development a green beret

15

00:01:55,210 --> 00:01:53,570

combat commander Vietnam he later

16

00:01:58,060 --> 00:01:55,220

advised senior ministry of defense

17

00:01:59,850 --> 00:01:58,070

officials in Afghanistan his second

18

00:02:02,010 --> 00:01:59,860

career was at Los Alamos National

19

00:02:05,080 --> 00:02:02,020

Laboratory as the progenitor of

20

00:02:07,540 --> 00:02:05,090

non-lethal warfare he served on national

21

00:02:10,419 --> 00:02:07,550

research council army science board and

22

00:02:12,190 --> 00:02:10,429

nato studies and as an advisor to the

23

00:02:14,770 --> 00:02:12,200

National Intelligence Council and

24

00:02:17,770 --> 00:02:14,780

Special Operations Command recipient of

25

00:02:20,170 --> 00:02:17,780

the do nuclear weapons program Award of

26

00:02:21,670 --> 00:02:20,180

Excellence he was inducted into the

27

00:02:24,670 --> 00:02:21,680

Aviation Week and space technology

28

00:02:26,789 --> 00:02:24,680

laureate Hall of Fame and is listed in

29

00:02:29,250 --> 00:02:26,799

Who's Who in science and engineering

30

00:02:32,650 --> 00:02:29,260

educated at Walden University

31

00:02:35,229 --> 00:02:32,660

Harvard's JFK of government JFK School

32

00:02:37,509 --> 00:02:35,239

of Government and MIT Sloan School he

33

00:02:40,270 --> 00:02:37,519

has made presentations on all eight

34

00:02:43,180 --> 00:02:40,280

continents a former senior fellow of a

35

00:02:45,490 --> 00:02:43,190

DoD University he is author of many

36

00:02:47,110 --> 00:02:45,500

articles monographs and books including

37

00:02:49,600 --> 00:02:47,120

UFOs myths

38

00:02:51,970 --> 00:02:49,610

conspiracies and realities and reality

39

00:02:54,460 --> 00:02:51,980

denied firsthand experiences with things

40

00:02:56,229 --> 00:02:54,470

that can't happen but did welcome to our

41

00:03:01,810 --> 00:02:56,239

show John thank you for being on with us

42

00:03:04,180 --> 00:03:01,820

tonight we're doing great really look

43

00:03:06,970 --> 00:03:04,190

forward to this interview so very much I

44

00:03:09,009 --> 00:03:06,980

wanted to start off with the first

45

00:03:11,259 --> 00:03:09,019

chapter of your book reality denied

46

00:03:13,800 --> 00:03:11,269

first-hand experiences the things that

47

00:03:17,410 --> 00:03:13,810

can't happen sure did regarding

48

00:03:18,460 --> 00:03:17,420

skinwalker ranch I went back to 1995

49

00:03:22,470 --> 00:03:18,470

with Bob Bigelow

50

00:03:25,780 --> 00:03:22,480

do you mind expanding upon that topic

51
00:03:29,449 --> 00:03:25,790
well it's a very very strange place

52
00:03:34,699 --> 00:03:29,459
several books been written on it

53
00:03:39,589 --> 00:03:34,709
back to the schedule that Jeremy Cordell

54
00:03:40,369 --> 00:03:39,599
has put out you'll find me in there it

55
00:03:43,750 --> 00:03:40,379
is

56
00:03:47,680 --> 00:03:43,760
and I said a very unusual place where

57
00:03:51,890 --> 00:03:47,690
multiple phenomena occur they are

58
00:03:56,149 --> 00:03:51,900
literally mind-boggling my personal

59
00:03:59,030 --> 00:03:56,159
experience I was with Bob Bigelow the

60
00:04:01,280 --> 00:03:59,040
day that he bought it and was the first

61
00:04:03,650 --> 00:04:01,290
one from mid since the National

62
00:04:06,589 --> 00:04:03,660
Institute for discovery science to

63
00:04:08,479 --> 00:04:06,599

please spend a night I spent that night

64

00:04:10,880 --> 00:04:08,489

up on the ridge

65

00:04:15,259 --> 00:04:10,890

nothing dramatic happened at that time

66

00:04:17,599 --> 00:04:15,269

but over the years a number of very

67

00:04:21,710 --> 00:04:17,609

spectacular events happened that are

68

00:04:25,430 --> 00:04:21,720

just beyond any rational explanation we

69

00:04:29,900 --> 00:04:25,440

can cover some of those if you wish but

70

00:04:33,520 --> 00:04:29,910

the big problem was that it it kept

71

00:04:35,870 --> 00:04:33,530

morphing I understand that some of the

72

00:04:41,690 --> 00:04:35,880

phenomena are still going on I might

73

00:04:44,540 --> 00:04:41,700

point out that these predated needs Bob

74

00:04:48,800 --> 00:04:44,550

bottoms the ranch and bids exploring it

75

00:04:55,070 --> 00:04:48,810

and probably has a history in decades if

76
00:04:57,170 --> 00:04:55,080
not centuries of anomalous phenomena yes

77
00:05:00,020 --> 00:04:57,180
I wanted to ask for you a little bit

78
00:05:02,270 --> 00:05:00,030
about that phenomena there was a term

79
00:05:05,510 --> 00:05:02,280
that you had used earlier when I spoke

80
00:05:07,430 --> 00:05:05,520
to you yesterday regarding a certain

81
00:05:11,120 --> 00:05:07,440
kind of sentient phenomena do you mind

82
00:05:13,580 --> 00:05:11,130
talking about that not at all it's a

83
00:05:17,360 --> 00:05:13,590
term that I coined and it it came about

84
00:05:21,020 --> 00:05:17,370
after spending considerable amount of

85
00:05:24,650 --> 00:05:21,030
time literally years on and off at the

86
00:05:29,230 --> 00:05:24,660
ranch and noticing how the phenomena

87
00:05:31,820 --> 00:05:29,240
changed I mentioned is not totally new

88
00:05:35,960 --> 00:05:31,830

people in the study various phenomena

89

00:05:42,620 --> 00:05:35,970

and known about what the trickster panco

90

00:05:45,280 --> 00:05:42,630

Co these sorts of entities appear

91

00:05:49,340 --> 00:05:45,290

throughout literature around the world

92

00:05:50,720 --> 00:05:49,350

but the point was that you know we were

93

00:05:53,930 --> 00:05:50,730

we had the ranch it was fully

94

00:05:57,790 --> 00:05:53,940

instrumented they had you know cameras

95

00:06:03,320 --> 00:05:57,800

going 24/7 and people up there

96

00:06:09,350 --> 00:06:03,330

repeatedly and lots of engineering work

97

00:06:12,500 --> 00:06:09,360

was done and what I noticed was that the

98

00:06:14,720 --> 00:06:12,510

phenomena was almost one step ahead and

99

00:06:19,070 --> 00:06:14,730

when I said it was that's a precognitive

100

00:06:22,850 --> 00:06:19,080

sentient phenomena precognitive was that

101
00:06:26,680 --> 00:06:22,860
it seemed to know how we were going to

102
00:06:29,380 --> 00:06:26,690
respond to any type of presentation

103
00:06:33,460 --> 00:06:29,390
before it happened

104
00:06:37,280 --> 00:06:33,470
sentian it is certainly smart and very

105
00:06:39,860 --> 00:06:37,290
phenomenological I know if you want to

106
00:06:43,220 --> 00:06:39,870
cover some of the things that happen

107
00:06:46,610 --> 00:06:43,230
there just to give people a feel for you

108
00:06:48,440 --> 00:06:46,620
know the breadth of things because you

109
00:06:51,970 --> 00:06:48,450
know we had things from you know creepy

110
00:06:56,060 --> 00:06:51,980
crawlers UFOs voice poltergeists

111
00:06:59,690 --> 00:06:56,070
orbs just almost any phenomena you can

112
00:07:01,190 --> 00:06:59,700
imagine that was occurring there yes we

113
00:07:03,320 --> 00:07:01,200

would love to share about that if you

114

00:07:04,790 --> 00:07:03,330

don't mind going into those phenomena

115

00:07:09,230 --> 00:07:04,800

the various phenomena that you're just

116

00:07:13,700 --> 00:07:09,240

described well there as many people now

117

00:07:22,130 --> 00:07:13,710

know very German and his wife owned the

118

00:07:23,900 --> 00:07:22,140

ranch and that's who was bought from one

119

00:07:27,590 --> 00:07:23,910

of the first things that happened when

120

00:07:29,810 --> 00:07:27,600

Terry bought the ranch and by the way

121

00:07:32,210 --> 00:07:29,820

nothing to remember this is always a

122

00:07:34,010 --> 00:07:32,220

working ranch it was never just a

123

00:07:38,690 --> 00:07:34,020

laboratory per se we were taking

124

00:07:41,210 --> 00:07:38,700

advantage of the ongoing situation but

125

00:07:46,700 --> 00:07:41,220

anyway he's out there one day and he

126
00:07:49,820 --> 00:07:46,710
sees big dog kind of trotting across the

127
00:07:53,630 --> 00:07:49,830
field and as it got closer it's a little

128
00:07:55,550 --> 00:07:53,640
that's not a dog that's a wolf and as it

129
00:07:56,760 --> 00:07:55,560
got closer and closer and they said well

130
00:08:00,210 --> 00:07:56,770
must be a domestic

131
00:08:03,089 --> 00:08:00,220
gated wolf and carries a big guy and

132
00:08:06,420 --> 00:08:03,099
this thing walked up to him and his head

133
00:08:11,939 --> 00:08:06,430
was like in his chest allowing the pet

134
00:08:17,640 --> 00:08:11,949
with him and all out so he goes back to

135
00:08:21,890 --> 00:08:17,650
work and he's got a small pen there with

136
00:08:26,040 --> 00:08:21,900
cattle in it and including a calf and

137
00:08:29,100 --> 00:08:26,050
you know typical metal railing and so

138
00:08:34,980 --> 00:08:29,110

what happens when the wolf reaches under

139

00:08:36,779 --> 00:08:34,990

the railing and grabs this calf from

140

00:08:38,820 --> 00:08:36,789

several hundred pound will still

141

00:08:43,019 --> 00:08:38,830

graduate by the snout and starts pulling

142

00:08:47,370 --> 00:08:43,029

it out so it raises quite a commotion

143

00:08:52,380 --> 00:08:47,380

Terry grabs a two-by-four and hits the

144

00:08:55,260 --> 00:08:52,390

wall and it does almost nothing and so

145

00:08:56,820 --> 00:08:55,270

he gets out of his he's got this captive

146

00:09:00,860 --> 00:08:56,830

there and they member of these guys are

147

00:09:04,019 --> 00:09:00,870

the ranchers carry weapons all the time

148

00:09:05,850 --> 00:09:04,029

so he had a major Magnum pistol there

149

00:09:09,240 --> 00:09:05,860

and at point-blank range

150

00:09:14,040 --> 00:09:09,250

the Inc days think a little sections

151

00:09:15,840 --> 00:09:14,050

into directly into the side of the wolf

152

00:09:18,960 --> 00:09:15,850

which should have been fatal

153

00:09:23,490 --> 00:09:18,970

Miami sorry the better does at least

154

00:09:25,530 --> 00:09:23,500

gets him to let go of the cap and he

155

00:09:28,500 --> 00:09:25,540

goes wandering off remember he's been

156

00:09:31,319 --> 00:09:28,510

mortally shot several time but he's

157

00:09:34,350 --> 00:09:31,329

still just wandering off though Jerry

158

00:09:38,790 --> 00:09:34,360

has an elk rifle in the cab and he pulls

159

00:09:41,519 --> 00:09:38,800

it out and and hits him with the because

160

00:09:44,760 --> 00:09:41,529

it was 258 grain bullet which is

161

00:09:48,269 --> 00:09:44,770

designed to bring down elk really really

162

00:09:51,840 --> 00:09:48,279

big animals and other things that

163

00:09:56,400 --> 00:09:51,850

happened is they can see chunks of flesh

164

00:10:01,670 --> 00:09:56,410

or something exiting the wall but it

165

00:10:05,069 --> 00:10:01,680

kept walking and eventually despaired

166

00:10:07,890 --> 00:10:05,079

most remarkably is they went over and

167

00:10:09,870 --> 00:10:07,900

they picked up this stop that was

168

00:10:13,110 --> 00:10:09,880

sitting on the ground

169

00:10:16,080 --> 00:10:13,120

and it was purified nope it's vacation

170

00:10:20,580 --> 00:10:16,090

normally doesn't start you know and so

171

00:10:23,160 --> 00:10:20,590

you know long after death it will so how

172

00:10:26,930 --> 00:10:23,170

you had you know purified material

173

00:10:32,400 --> 00:10:26,940

exiting apparently a living being

174

00:10:32,400 --> 00:10:32,410

again just defies explanation

175

00:10:39,330 --> 00:10:35,190

another incident that happened really on

176

00:10:41,100 --> 00:10:39,340

our watch so we knew a lot about it and

177

00:10:46,440 --> 00:10:41,110

many people would be familiar with

178

00:10:50,010 --> 00:10:46,450

cattle mutilations for instance it was

179

00:10:52,530 --> 00:10:50,020

calving season and charity by the way

180

00:10:57,510 --> 00:10:52,540

continue to work for Bob

181

00:11:03,530 --> 00:10:57,520

after mids bought the ranch so he goes

182

00:11:06,720 --> 00:11:03,540

out and he it's calving season Sunday

183

00:11:09,060 --> 00:11:06,730

morning and he goes over and he finds a

184

00:11:11,760 --> 00:11:09,070

newborn calf and what you do is you tag

185

00:11:16,860 --> 00:11:11,770

it and wear it you tag it to a client

186

00:11:18,300 --> 00:11:16,870

with with the mother he continues on few

187

00:11:22,580 --> 00:11:18,310

hundred meters and when I mentioned this

188

00:11:26,130 --> 00:11:22,590

is absolutely you know flat as a desk

189

00:11:29,340 --> 00:11:26,140

wide open you can see you know for quite

190

00:11:33,450 --> 00:11:29,350

a distance there was visual obstruction

191

00:11:37,200 --> 00:11:33,460

and he finds another newborn and he tags

192

00:11:40,770 --> 00:11:37,210

it and ways that and he comes back know

193

00:11:44,900 --> 00:11:40,780

the elapsed time is probably on 4550

194

00:11:48,750 --> 00:11:44,910

minutes so not much calf one is dead

195

00:11:55,320 --> 00:11:48,760

not only is a dad it's been Visser rated

196

00:11:57,480 --> 00:11:55,330

exsanguinated me here where the tag was

197

00:12:02,910 --> 00:11:57,490

has been sliced off it looks as if

198

00:12:06,210 --> 00:12:02,920

surgical there's about 20 pounds right

199

00:12:08,490 --> 00:12:06,220

in various weights but this is a there's

200

00:12:11,970 --> 00:12:08,500

a great deal of material that is just

201
00:12:19,080 --> 00:12:11,980
absolutely missing now when I mentioned

202
00:12:22,949 --> 00:12:19,090
exsanguination the we had our bet blues

203
00:12:25,259 --> 00:12:22,959
on sites that day and looked at it and

204
00:12:28,590 --> 00:12:25,269
so people said well the blood just went

205
00:12:31,739 --> 00:12:28,600
into the ground so I suggested and they

206
00:12:36,689 --> 00:12:31,749
went ahead and went out and got from a

207
00:12:40,919 --> 00:12:36,699
slaughterhouse equated above how much

208
00:12:42,929 --> 00:12:40,929
blood and poured it on the ground and in

209
00:12:45,210 --> 00:12:42,939
a different location but you can watch

210
00:12:47,879 --> 00:12:45,220
that and weeks later you could say yep

211
00:12:51,619 --> 00:12:47,889
blood was poured on the ground there yet

212
00:12:56,970 --> 00:12:51,629
nothing like that appeared with the cap

213
00:12:59,489 --> 00:12:56,980

and they say these events just well

214

00:13:02,989 --> 00:12:59,499

literally as you know Colin Kelleher and

215

00:13:08,359 --> 00:13:02,999

George Nath eventually written the book

216

00:13:11,879 --> 00:13:08,369

skinwalker and described as I did in

217

00:13:16,730 --> 00:13:11,889

reality denied a number of other cases

218

00:13:20,970 --> 00:13:16,740

that happened that just again just the

219

00:13:21,210 --> 00:13:20,980

description the case I'm sorry about

220

00:13:23,460 --> 00:13:21,220

that

221

00:13:26,369 --> 00:13:23,470

please continue but I do I want to jump

222

00:13:28,919 --> 00:13:26,379

in with a question well now I was just

223

00:13:32,819 --> 00:13:28,929

going to say we have a very very

224

00:13:33,769 --> 00:13:32,829

distinguished science board that is at

225

00:13:38,579 --> 00:13:33,779

will

226

00:13:43,499 --> 00:13:38,589

and in looking at you know a hard data

227

00:13:47,910 --> 00:13:43,509

it appears as if whatever happened to

228

00:13:49,350 --> 00:13:47,920

the cat happened someplace else and that

229

00:13:52,499 --> 00:13:49,360

makes absolutely no sense whatsoever

230

00:13:56,129 --> 00:13:52,509

because we know that you know again it

231

00:14:00,809 --> 00:13:56,139

was daylight minutes and whatnot but you

232

00:14:04,199 --> 00:14:00,819

cannot explain what happened to all the

233

00:14:08,369 --> 00:14:04,209

innards of a blood and all of that we

234

00:14:11,639 --> 00:14:08,379

did look at how various predators there

235

00:14:15,419 --> 00:14:11,649

are some predators in the area but how

236

00:14:19,590 --> 00:14:15,429

they kill and this fits absolutely none

237

00:14:23,340 --> 00:14:19,600

of them big cats you know killed and

238

00:14:26,730 --> 00:14:23,350

dragged off hide bodies bears

239

00:14:29,970 --> 00:14:26,740

and again this would have to have been

240

00:14:33,930 --> 00:14:29,980

done in broad daylight with the lantern

241

00:14:37,410 --> 00:14:33,940

nearby the same applies to some people

242

00:14:39,330 --> 00:14:37,420

love guessing well maybe it was poachers

243

00:14:42,660 --> 00:14:39,340

or something it did it and that just

244

00:14:46,050 --> 00:14:42,670

makes no sense and then rustlers get

245

00:14:48,570 --> 00:14:46,060

shot right right oh yeah yeah

246

00:14:49,950 --> 00:14:48,580

worse too sometimes alright now you had

247

00:14:51,930 --> 00:14:49,960

mentioned that the first night that you

248

00:14:52,650 --> 00:14:51,940

were there you didn't see anything out

249

00:14:54,390 --> 00:14:52,660

of the ordinary

250

00:14:55,890 --> 00:14:54,400

but it's been a lot of time now what was

251

00:14:59,810 --> 00:14:55,900

the strangest thing you personally

252

00:15:03,450 --> 00:14:59,820

experienced when you were there well

253

00:15:06,270 --> 00:15:03,460

I'll bail out of debt and the reason is

254

00:15:10,890 --> 00:15:06,280

we did have people there seem to be more

255

00:15:14,760 --> 00:15:10,900

sensitive than others I can't say that I

256

00:15:16,620 --> 00:15:14,770

had any really on your expense I was

257

00:15:22,080 --> 00:15:16,630

there a number of times the other things

258

00:15:24,750 --> 00:15:22,090

I want to mention and some people as I

259

00:15:30,300 --> 00:15:24,760

may have seen the interview with Jesse

260

00:15:32,850 --> 00:15:30,310

Ventura out here house and he was

261

00:15:34,980 --> 00:15:32,860

interviewing me he said well he wanted

262

00:15:36,630 --> 00:15:34,990

to go up there and you know sat unless

263

00:15:40,590 --> 00:15:36,640

it well actually you'd be pretty bored

264

00:15:43,650 --> 00:15:40,600

and I think that's true for and there

265

00:15:46,230 --> 00:15:43,660

are now tours my question and they take

266

00:15:50,970 --> 00:15:46,240

people into the area but the point is

267

00:15:54,060 --> 00:15:50,980

that yes means very very strange things

268

00:15:56,670 --> 00:15:54,070

absolutely did happen but when you

269

00:16:00,450 --> 00:15:56,680

amortize that over we had it for six

270

00:16:03,840 --> 00:16:00,460

years Terry sometime before that it's

271

00:16:08,160 --> 00:16:03,850

not like something strange pops up every

272

00:16:12,060 --> 00:16:08,170

night and as I said with a precognitive

273

00:16:14,520 --> 00:16:12,070

sentian phenomenon what we noticed was

274

00:16:17,670 --> 00:16:14,530

that means when I'm going to get more

275

00:16:20,460 --> 00:16:17,680

thing and every time that we you know

276

00:16:24,180 --> 00:16:20,470

try to study it you know it and whatever

277

00:16:27,240 --> 00:16:24,190

it is it was in control and they would

278

00:16:29,360 --> 00:16:27,250

say oh you'll like that try this and

279

00:16:31,860 --> 00:16:29,370

you'd get something different or

280

00:16:34,620 --> 00:16:31,870

something would happen just off-camera

281

00:16:35,980 --> 00:16:34,630

and that's one end of that and many

282

00:16:40,460 --> 00:16:35,990

other

283

00:16:43,070 --> 00:16:40,470

researchers as well we're things you set

284

00:16:45,949 --> 00:16:43,080

up cameras to capture things that should

285

00:16:48,769 --> 00:16:45,959

be there in the arm and there's other

286

00:16:51,740 --> 00:16:48,779

cases where they aren't there and they

287

00:16:53,930 --> 00:16:51,750

should be now you would mention the a

288

00:16:55,579 --> 00:16:53,940

word the amortization I think that's a

289

00:16:58,699 --> 00:16:55,589

very interesting word I've heard you use

290

00:17:00,590 --> 00:16:58,709

in connection with UFOs and that the

291

00:17:03,500 --> 00:17:00,600

military is not really interested in

292

00:17:05,419 --> 00:17:03,510

them in the sense that they come up once

293

00:17:07,970 --> 00:17:05,429

in a while now and again these had very

294

00:17:10,069 --> 00:17:07,980

incredible sightings but it really

295

00:17:11,689 --> 00:17:10,079

doesn't have that big an effect on the

296

00:17:14,510 --> 00:17:11,699

military because you know there's one

297

00:17:16,699 --> 00:17:14,520

here one there spread out over time over

298

00:17:18,319 --> 00:17:16,709

the entire planet and that's why you

299

00:17:20,960 --> 00:17:18,329

were saying the military is not that

300

00:17:23,299 --> 00:17:20,970

interesting not that interested in UFOs

301
00:17:25,490 --> 00:17:23,309
are not interested in UFOs and in fact

302
00:17:27,290 --> 00:17:25,500
that is one of the things that the Lu

303
00:17:29,510 --> 00:17:27,300
Elizondo has said he couldn't get

304
00:17:32,000 --> 00:17:29,520
anybody interested in the subject and I

305
00:17:34,460 --> 00:17:32,010
would like to know where your thoughts

306
00:17:36,260 --> 00:17:34,470
on that I think that's a that's a pretty

307
00:17:40,010 --> 00:17:36,270
sharp comment it doesn't get made often

308
00:17:43,820 --> 00:17:40,020
and often yeah thirty years ago I

309
00:17:47,780 --> 00:17:43,830
actually ran a study much akin to what

310
00:17:51,190 --> 00:17:47,790
Lou has won this time interestingly our

311
00:17:54,980 --> 00:17:51,200
findings are almost identical

312
00:17:58,870 --> 00:17:54,990
the main difference was that he was a

313
00:18:02,360 --> 00:17:58,880

actually able to get funding I was not

314

00:18:05,230 --> 00:18:02,370

my group I had people from all of the

315

00:18:12,169 --> 00:18:05,240

services from the intelligence community

316

00:18:14,090 --> 00:18:12,179

from aerospace industry they had true a

317

00:18:17,530 --> 00:18:14,100

we had to know who they were and be

318

00:18:19,419 --> 00:18:17,540

interested in the topic they had to have

319

00:18:25,570 --> 00:18:19,429

top-secret FCI

320

00:18:28,970 --> 00:18:25,580

clearances and we did meet periodically

321

00:18:32,840 --> 00:18:28,980

for your suite of information that just

322

00:18:36,320 --> 00:18:32,850

come into vogue at the time and so I had

323

00:18:39,590 --> 00:18:36,330

come up with a time with the advanced

324

00:18:43,130 --> 00:18:39,600

theoretical physics group thinking that

325

00:18:48,260 --> 00:18:43,140

nobody would think to ask about advanced

326

00:18:49,430 --> 00:18:48,270

theoretical physics and part of the

327

00:18:52,369 --> 00:18:49,440

thing was that they

328

00:18:56,240 --> 00:18:52,379

would not have any written records to be

329

00:18:58,460 --> 00:18:56,250

occurred who violated that but to make

330

00:19:03,519 --> 00:18:58,470

it very difficult to track

331

00:19:08,119 --> 00:19:03,529

but now the finding new we had was that

332

00:19:11,480 --> 00:19:08,129

everybody was involved knew to stay

333

00:19:13,820 --> 00:19:11,490

everybody knew you know the history and

334

00:19:15,379 --> 00:19:13,830

you know when they got down to saying

335

00:19:19,549 --> 00:19:15,389

yes oh I thought you were responsible

336

00:19:21,740 --> 00:19:19,559

for that no I thought your agency and it

337

00:19:24,039 --> 00:19:21,750

was kind of you know the bottom line and

338

00:19:27,799 --> 00:19:24,049

my view was nobody was minding the store

339

00:19:30,889 --> 00:19:27,809

that does not however mean that there

340

00:19:36,710 --> 00:19:30,899

weren't periodic cases that were very

341

00:19:39,049 --> 00:19:36,720

very strong waters Rendlesham forest if

342

00:19:42,740 --> 00:19:39,059

you will is one of the Phoenix lights of

343

00:19:44,539 --> 00:19:42,750

one the northern tier sightings stated

344

00:19:48,320 --> 00:19:44,549

giant where the missiles came down

345

00:19:51,379 --> 00:19:48,330

certainly others but what you said was

346

00:19:54,230 --> 00:19:51,389

exactly right the problem is yes when

347

00:19:58,340 --> 00:19:54,240

you pile leaves up it looks like a quite

348

00:20:01,419 --> 00:19:58,350

a big stack of anomalous phenomena and

349

00:20:04,610 --> 00:20:01,429

it is but when you amortize that over

350

00:20:10,519 --> 00:20:04,620

you know more than half a century in the

351
00:20:15,950 --> 00:20:10,529
world it gets to you know just Bendel's

352
00:20:20,180 --> 00:20:15,960
and surveying importance the issues then

353
00:20:23,360 --> 00:20:20,190
I had by the way I found I ended up

354
00:20:26,480 --> 00:20:23,370
briefing he's the director or deputy

355
00:20:29,230 --> 00:20:26,490
director of almost three-letter agencies

356
00:20:35,869 --> 00:20:29,240
and all of that the answer was always

357
00:20:39,980 --> 00:20:35,879
the same hey we don't do that I only had

358
00:20:44,210 --> 00:20:39,990
one horribly negative experience with a

359
00:20:48,649 --> 00:20:44,220
very senior actually a formerly very

360
00:20:52,279 --> 00:20:48,659
senior official who after I gave a

361
00:20:55,519 --> 00:20:52,289
briefing on that to a science board he

362
00:20:57,680 --> 00:20:55,529
comes up and screams at me you're not

363
00:20:59,730 --> 00:20:57,690

supposed to know that that's what you

364

00:21:03,030 --> 00:20:59,740

learn when you die

365

00:21:04,650 --> 00:21:03,040

there's a pic that month excuse me I

366

00:21:09,330 --> 00:21:04,660

thought we're around the science meeting

367

00:21:10,950 --> 00:21:09,340

here but now everybody else and what I

368

00:21:11,490 --> 00:21:10,960

tried to do by the way is get them

369

00:21:15,630 --> 00:21:11,500

pregnant

370

00:21:19,200 --> 00:21:15,640

I mean I would always ask for something

371

00:21:24,660 --> 00:21:19,210

and almost got it and you I'm sorry go

372

00:21:26,549 --> 00:21:24,670

ahead please finish it okay okay yeah

373

00:21:30,480 --> 00:21:26,559

you've taken your interest in this topic

374

00:21:32,730 --> 00:21:30,490

a little further and have gotten into

375

00:21:35,130 --> 00:21:32,740

contact with experiencers including

376

00:21:37,169 --> 00:21:35,140

Christopher blood so before you go into

377

00:21:38,790 --> 00:21:37,179

that Frank I have a question from

378

00:21:42,150 --> 00:21:38,800

Rodrigo fara

379

00:21:44,100 --> 00:21:42,160

she wanted me to ask John if he feels

380

00:21:50,130 --> 00:21:44,110

like there's anything underneath

381

00:21:59,340 --> 00:21:50,140

skinwalker ranch anything underneath

382

00:22:01,080 --> 00:21:59,350

skinwalker ranch that is his emotion a

383

00:22:03,950 --> 00:22:01,090

little more interesting than you might

384

00:22:07,880 --> 00:22:03,960

suspect and the reason I say that is

385

00:22:11,430 --> 00:22:07,890

that when they bump the ranch

386

00:22:15,810 --> 00:22:11,440

there was a government from a rancher

387

00:22:18,630 --> 00:22:15,820

several interrelations back that said if

388

00:22:22,260 --> 00:22:18,640

you're going to disturb the land you had

389

00:22:26,370 --> 00:22:22,270

to notify them first and never could

390

00:22:28,710 --> 00:22:26,380

figure out what that was what they did

391

00:22:31,740 --> 00:22:28,720

do is bring in some heavy equipment and

392

00:22:35,070 --> 00:22:31,750

just start digging around just and the

393

00:22:38,100 --> 00:22:35,080

idea was let's see if we can percolate

394

00:22:41,100 --> 00:22:38,110

some interest here it was not terribly

395

00:22:44,250 --> 00:22:41,110

successful but at least we're trying to

396

00:22:48,210 --> 00:22:44,260

do that but again the lava phenomenon

397

00:22:53,940 --> 00:22:48,220

was happening arm above ground it did

398

00:22:56,490 --> 00:22:53,950

not end you know at the reference sites

399

00:23:00,690 --> 00:22:56,500

of the Lance itself and obviously things

400

00:23:04,620 --> 00:23:00,700

going on like the Garcia ranch to the

401
00:23:07,380 --> 00:23:04,630
east and in the general area and again

402
00:23:09,480 --> 00:23:07,390
this has been known you know by the

403
00:23:12,299 --> 00:23:09,490
Native Americans in the area

404
00:23:15,419 --> 00:23:12,309
a long long time and it was an area that

405
00:23:18,600 --> 00:23:15,429
many of them was you just don't go there

406
00:23:21,000 --> 00:23:18,610
I wanted to mention I contacted the

407
00:23:23,340 --> 00:23:21,010
superintendent Thomas winter tenants can

408
00:23:26,669 --> 00:23:23,350
walk a ranch today who had known for a

409
00:23:33,240 --> 00:23:26,679
while and he did share with me that

410
00:23:34,710 --> 00:23:33,250
currently the new owner is well he did

411
00:23:36,600 --> 00:23:34,720
say they are witnessing and capturing

412
00:23:38,760 --> 00:23:36,610
many anomalous events the ranch is

413
00:23:42,440 --> 00:23:38,770

actively involved in scientific related

414

00:23:45,390 --> 00:23:42,450

research and the ownership has invested

415

00:23:48,270 --> 00:23:45,400

significant resources in order to find

416

00:23:51,570 --> 00:23:48,280

more answers regarding paranormal

417

00:23:55,200 --> 00:23:51,580

related research why don't you go ahead

418

00:23:57,980 --> 00:23:55,210

and move along to the very fascinating

419

00:24:00,180 --> 00:23:57,990

story about Christopher Bledsoe and

420

00:24:03,060 --> 00:24:00,190

yourself regarding the personal

421

00:24:06,240 --> 00:24:03,070

experience that we both had together I

422

00:24:07,530 --> 00:24:06,250

think was he at Mount Charleston yet and

423

00:24:09,030 --> 00:24:07,540

some friends were visiting from Las

424

00:24:12,180 --> 00:24:09,040

Vegas and there was a temporal

425

00:24:15,750 --> 00:24:12,190

experience and it worked well that's

426

00:24:18,780 --> 00:24:15,760

much much later that we did go up on

427

00:24:21,240 --> 00:24:18,790

Mount Charleston when he was here the

428

00:24:23,430 --> 00:24:21,250

interesting piece there as I was we were

429

00:24:27,090 --> 00:24:23,440

screwing around what are they trying to

430

00:24:31,980 --> 00:24:27,100

you know evoke Europas sightings or

431

00:24:34,320 --> 00:24:31,990

something and we had had balloons with

432

00:24:38,190 --> 00:24:34,330

chem-lights and stuff like that put him

433

00:24:40,950 --> 00:24:38,200

up in the air but what was investors and

434

00:24:43,320 --> 00:24:40,960

i took a number of pictures this was

435

00:24:46,940 --> 00:24:43,330

flash photography because late at night

436

00:24:49,680 --> 00:24:46,950

very cold we're about 9,000 foot level

437

00:24:54,000 --> 00:24:49,690

November and probably around freezing

438

00:24:56,130 --> 00:24:54,010

temperatures that will show that there

439

00:24:59,669 --> 00:24:56,140

there were pictures that were just very

440

00:25:03,720 --> 00:24:59,679

straight and expect you're something it

441

00:25:08,220 --> 00:25:03,730

looks Michael in the picture did not

442

00:25:12,690 --> 00:25:08,230

sure what it was now in the main story

443

00:25:16,400 --> 00:25:12,700

in the Christian story is ongoing this

444

00:25:20,880 --> 00:25:16,410

is not something that has stopped and

445

00:25:22,570 --> 00:25:20,890

periodically once a month every week or

446

00:25:25,390 --> 00:25:22,580

so I would get

447

00:25:27,490 --> 00:25:25,400

either still photos or videos of things

448

00:25:32,830 --> 00:25:27,500

that were happening there most of this

449

00:25:36,490 --> 00:25:32,840

was orb like things now have you had

450

00:25:38,140 --> 00:25:36,500

Chris on so the basic story is no one we

451
00:25:39,940 --> 00:25:38,150
know it a little bit we've spoken to him

452
00:25:43,420 --> 00:25:39,950
privately but he has not done the show

453
00:25:45,550 --> 00:25:43,430
and I didn't get to him today and he did

454
00:25:48,580 --> 00:25:45,560
tell me to tell you hello just so you

455
00:25:49,770 --> 00:25:48,590
know that he'll absolutely thrilled your

456
00:25:53,140 --> 00:25:49,780
honor tonight

457
00:25:57,940 --> 00:25:53,150
yeah great family by the way and they

458
00:26:00,970 --> 00:25:57,950
have suffered because of publicity and

459
00:26:03,690 --> 00:26:00,980
not only from the local folks there they

460
00:26:08,560 --> 00:26:03,700
do not have a lot of praise from MUFON

461
00:26:14,680 --> 00:26:08,570
some of the UFO investigators that had

462
00:26:21,550 --> 00:26:14,690
come in the initial story begins some

463
00:26:23,710 --> 00:26:21,560

seven its we do they go he has some and

464

00:26:25,810 --> 00:26:23,720

a couple of other guys go down to the

465

00:26:27,850 --> 00:26:25,820

Cape Fear River which is not far from

466

00:26:32,410 --> 00:26:27,860

where they lived at the time that sense

467

00:26:37,120 --> 00:26:32,420

move and they're they're going to go

468

00:26:42,900 --> 00:26:37,130

fishing and so is it getting dark they

469

00:26:47,130 --> 00:26:42,910

build a huge fire and Chris decides that

470

00:26:49,810 --> 00:26:47,140

he's going to walk back up the hill and

471

00:26:55,150 --> 00:26:49,820

there's kind of a wooded area four to

472

00:26:57,610 --> 00:26:55,160

three hundred meters and mum fields is

473

00:27:01,690 --> 00:26:57,620

this a transitional area I my dad but

474

00:27:07,960 --> 00:27:01,700

you have between you know towns and

475

00:27:09,880 --> 00:27:07,970

rural and whatnot so he goes up and he

476

00:27:13,570 --> 00:27:09,890

says that he goes up the hill he sees

477

00:27:17,890 --> 00:27:13,580

these two huge glowing objects in the

478

00:27:20,290 --> 00:27:17,900

sky and most probably some missing time

479

00:27:22,450 --> 00:27:20,300

and that makes missing time and whatnot

480

00:27:24,840 --> 00:27:22,460

I've got a clunk head because when Chris

481

00:27:28,420 --> 00:27:24,850

tells the story it literally takes hours

482

00:27:30,490 --> 00:27:28,430

which I have on tape but there's a

483

00:27:31,950 --> 00:27:30,500

personal angle I'll get to in just a

484

00:27:36,130 --> 00:27:31,960

minute

485

00:27:38,320 --> 00:27:36,140

so anyway he thinks it is Madonna

486

00:27:42,130 --> 00:27:38,330

about 20 minutes and come back down the

487

00:27:44,140 --> 00:27:42,140

hill the fire is just about burned down

488

00:27:48,730 --> 00:27:44,150

and had been roaring and you know

489

00:27:51,940 --> 00:27:48,740

schedule you know run for hours trucks

490

00:27:55,810 --> 00:27:51,950

have been moved and his son is missing

491

00:27:57,790 --> 00:27:55,820

and he goes you know where what's

492

00:28:00,970 --> 00:27:57,800

happening and well you've been gone for

493

00:28:05,110 --> 00:28:00,980

hours it's now about eleven o'clock and

494

00:28:07,120 --> 00:28:05,120

they go up walk up the hill I kind of

495

00:28:10,540 --> 00:28:07,130

truncate some of this but anyway they

496

00:28:14,710 --> 00:28:10,550

find Chris jr. who's hiding and out

497

00:28:17,820 --> 00:28:14,720

there behind some trees and he said he's

498

00:28:21,190 --> 00:28:17,830

been chased by some very unusual

499

00:28:25,150 --> 00:28:21,200

creatures of some kind and scared to

500

00:28:27,550 --> 00:28:25,160

death so they gather handle up they go

501
00:28:30,130 --> 00:28:27,560
back down and there's now some more UFOs

502
00:28:34,330 --> 00:28:30,140
that are up and down across the river

503
00:28:38,380 --> 00:28:34,340
throw everything in the car go dipping

504
00:28:43,080 --> 00:28:38,390
off a number of things happen but he

505
00:28:46,150 --> 00:28:43,090
finally gets home and Chris sees

506
00:28:50,230 --> 00:28:46,160
something peering in the window of his

507
00:28:53,520 --> 00:28:50,240
house now the area that he lived in had

508
00:28:56,440 --> 00:28:53,530
several acres it was quite a big

509
00:29:00,670 --> 00:28:56,450
backyard to it if you will so he goes

510
00:29:04,330 --> 00:29:00,680
out he's taking it and whatever it is

511
00:29:07,840 --> 00:29:04,340
starts chasing him and he runs off and

512
00:29:10,750 --> 00:29:07,850
finally gets kind of exhausted and he

513
00:29:13,930 --> 00:29:10,760

turns around and he has a telepathic

514

00:29:19,390 --> 00:29:13,940

conversation that says okay you got me

515

00:29:23,050 --> 00:29:19,400

and the preacher says to him you don't

516

00:29:25,690 --> 00:29:23,060

understand we're here to help and about

517

00:29:30,670 --> 00:29:25,700

con time Chris jr. shows up and whatever

518

00:29:36,280 --> 00:29:30,680

the critter was she disappears fast

519

00:29:39,550 --> 00:29:36,290

forward next day this is around noon and

520

00:29:41,290 --> 00:29:39,560

he says gee I haven't taken my medicine

521

00:29:46,960 --> 00:29:41,300

turns out that he had had Crohn's

522

00:29:47,550 --> 00:29:46,970

disease for 12 years and whatever it was

523

00:29:53,760 --> 00:29:47,560

that

524

00:29:55,800 --> 00:29:53,770

occurred has never taken another kill

525

00:30:02,850 --> 00:29:55,810

first of everybody knows Crohn's it's

526

00:30:05,840 --> 00:30:02,860

very debilitating paintings and so other

527

00:30:07,430 --> 00:30:05,850

healing sorts of things are taking place

528

00:30:12,630 --> 00:30:07,440

um

529

00:30:16,860 --> 00:30:12,640

about this and it had interviewed him so

530

00:30:21,750 --> 00:30:16,870

we go my wife and I to visit the family

531

00:30:24,210 --> 00:30:21,760

for a few days and what happened then is

532

00:30:26,700 --> 00:30:24,220

we go down the Cape Fear River late in

533

00:30:28,740 --> 00:30:26,710

the afternoon again getting along

534

00:30:31,020 --> 00:30:28,750

towards dark and he does the same thing

535

00:30:34,860 --> 00:30:31,030

shows us where the various things happen

536

00:30:39,210 --> 00:30:34,870

we come back up the hill Victoria and

537

00:30:41,820 --> 00:30:39,220

Emmeline just water get in the car and

538

00:30:46,410 --> 00:30:41,830

they're talking and christen are leaning

539

00:30:48,660 --> 00:30:46,420

against the fender and he's describing

540

00:30:53,510 --> 00:30:48,670

where things happen and all of a sudden

541

00:30:56,880 --> 00:30:53,520

he stops as oh I think they're here and

542

00:31:00,090 --> 00:30:56,890

within the next 10 to 15 seconds saying

543

00:31:03,000 --> 00:31:00,100

literally pops into view above us and

544

00:31:05,880 --> 00:31:03,010

when zipping off which is the second

545

00:31:08,760 --> 00:31:05,890

time ever that same vehicle make a point

546

00:31:11,430 --> 00:31:08,770

as it did not fly in from someplace and

547

00:31:14,220 --> 00:31:11,440

it was some people suggest it was an

548

00:31:17,550 --> 00:31:14,230

iridium player that definitely been

549

00:31:20,250 --> 00:31:17,560

eliminated as a possibility but the

550

00:31:23,370 --> 00:31:20,260

point was that the temporal relationship

551
00:31:25,560 --> 00:31:23,380
between him saying oh I think they're

552
00:31:29,610 --> 00:31:25,570
here and this thing happening I mean

553
00:31:31,800 --> 00:31:29,620
they certainly got my attention I wanted

554
00:31:33,540 --> 00:31:31,810
to let you know what Chris said because

555
00:31:36,570 --> 00:31:33,550
I talked to him about your coming on

556
00:31:40,950 --> 00:31:36,580
tonight and the story that you were

557
00:31:42,990 --> 00:31:40,960
going to tell and he said this I can

558
00:31:45,570 --> 00:31:43,000
never forget that evening because it

559
00:31:48,840 --> 00:31:45,580
truly changed me I was praying silently

560
00:31:50,970 --> 00:31:48,850
as we got to the car right at dark that

561
00:31:54,690 --> 00:31:50,980
I would be able to share this wonderful

562
00:31:56,220 --> 00:31:54,700
experience with John and he also did

563
00:31:58,260 --> 00:31:56,230

want me to share with you that he has

564

00:32:01,180 --> 00:31:58,270

nothing but the deepest respect for you

565

00:32:07,299 --> 00:32:01,190

and he's very grateful to

566

00:32:09,339 --> 00:32:07,309

- no you well the thing here is I mean I

567

00:32:11,710 --> 00:32:09,349

had met him before and listen to the

568

00:32:15,339 --> 00:32:11,720

story and I'd practically put it in my

569

00:32:17,979 --> 00:32:15,349

well believed because there were so many

570

00:32:22,419 --> 00:32:17,989

things going on there you go come on

571

00:32:26,889 --> 00:32:22,429

you know how can this stuff be true and

572

00:32:32,619 --> 00:32:26,899

then when it happened to me I go whoa we

573

00:32:34,210 --> 00:32:32,629

need to seriously reevaluate there were

574

00:32:37,419 --> 00:32:34,220

some other things that happened back at

575

00:32:40,389 --> 00:32:37,429

the house as well that indicated that

576
00:32:42,879 --> 00:32:40,399
there was something very very unusual

577
00:32:44,649 --> 00:32:42,889
going in that space now I've got to

578
00:32:48,009 --> 00:32:44,659
mention one of the things that happened

579
00:32:53,169 --> 00:32:48,019
is it certainly made the family very

580
00:32:56,379 --> 00:32:53,179
very close just super people and like I

581
00:32:58,960 --> 00:32:56,389
say they have been abused not only by

582
00:33:02,619 --> 00:32:58,970
their you know people near who do not

583
00:33:05,259 --> 00:33:02,629
appreciate weirdness being described

584
00:33:08,739 --> 00:33:05,269
there as what a number of the

585
00:33:12,099 --> 00:33:08,749
researchers that have taken advantage of

586
00:33:13,539 --> 00:33:12,109
them yeah I think what's really

587
00:33:15,460 --> 00:33:13,549
interesting it sounds like you

588
00:33:17,680 --> 00:33:15,470

personally I had other experiences

589

00:33:19,450 --> 00:33:17,690

hanging around with Kristen you did it's

590

00:33:23,169 --> 00:33:19,460

gonna walk a ranch that's the way it

591

00:33:27,249 --> 00:33:23,179

sounds to me anyway is that about right

592

00:33:29,979 --> 00:33:27,259

yeah it is trying to save and go back to

593

00:33:33,129 --> 00:33:29,989

the ranch somebody you know Eric Davis

594

00:33:35,499 --> 00:33:33,139

who was one of the guys who worked with

595

00:33:38,109 --> 00:33:35,509

us and he seemed to be more sensitive

596

00:33:44,249 --> 00:33:38,119

the number of things sort of happened

597

00:33:46,839 --> 00:33:44,259

around him that the calmer I necessarily

598

00:33:49,839 --> 00:33:46,849

experienced topics a they want some

599

00:33:51,909 --> 00:33:49,849

things over experience but yeah they're

600

00:33:56,889 --> 00:33:51,919

do and one of the things I asked Chris

601
00:34:00,849 --> 00:33:56,899
about is whether or not the phenomena

602
00:34:03,099 --> 00:34:00,859
were located geographically or whether

603
00:34:06,039 --> 00:34:03,109
it's on him he thinks it's him and he

604
00:34:08,730 --> 00:34:06,049
has followed around and as I said he has

605
00:34:13,730 --> 00:34:08,740
moved now and continues to have other

606
00:34:15,680 --> 00:34:13,740
experiences and I also see that

607
00:34:19,430 --> 00:34:15,690
in our notes that day you want to talk a

608
00:34:21,619 --> 00:34:19,440
little bit about psychokinesis and we've

609
00:34:22,940 --> 00:34:21,629
got a nice picture of you we're hanging

610
00:34:25,639 --> 00:34:22,950
out with a uri geller

611
00:34:28,010 --> 00:34:25,649
and your website that's in our slideshow

612
00:34:29,480 --> 00:34:28,020
and tell us a little bit about that you

613
00:34:30,200 --> 00:34:29,490

know early a little bit know a little

614

00:34:33,190 --> 00:34:30,210

bit about that

615

00:34:39,770 --> 00:34:33,200

psychokinesis so tell us more about that

616

00:34:42,530 --> 00:34:39,780

well I had known already for decades and

617

00:34:44,210 --> 00:34:42,540

in fact if you saw The Secret Life of

618

00:34:49,299 --> 00:34:44,220

Laura Geller with little film you'll see

619

00:34:51,740 --> 00:34:49,309

me in there oh yeah yeah and probably

620

00:34:57,049 --> 00:34:51,750

equally important here was a guy had my

621

00:34:58,730 --> 00:34:57,059

name of Jack Hulk I know the name but

622

00:35:02,359 --> 00:34:58,740

you're gonna why don't you close it yeah

623

00:35:03,710 --> 00:35:02,369

yeah what's your close in on that my

624

00:35:06,290 --> 00:35:03,720

understanding is he was an aerospace

625

00:35:09,770 --> 00:35:06,300

engineer at McDonnell Douglas and had a

626

00:35:13,339 --> 00:35:09,780

lot of PK or spoon bending parties as

627

00:35:18,559 --> 00:35:13,349

you do as well jack is the one who

628

00:35:20,839 --> 00:35:18,569

created the we call PK MB or the metal

629

00:35:24,289 --> 00:35:20,849

bending parties so he also called it

630

00:35:28,010 --> 00:35:24,299

warm forming and what had happened is

631

00:35:29,329 --> 00:35:28,020

that I was working with him he also was

632

00:35:32,329 --> 00:35:29,339

interested in a number of other

633

00:35:36,049 --> 00:35:32,339

phenomena as well like remote viewing in

634

00:35:39,589 --> 00:35:36,059

that but he had looked at what Marie was

635

00:35:43,339 --> 00:35:39,599

doing and really was definitely the

636

00:35:48,620 --> 00:35:43,349

model for this and so he put together

637

00:35:52,220 --> 00:35:48,630

the TK party have an experience in fact

638

00:35:55,549 --> 00:35:52,230

in the book I've got a how to what to

639

00:35:58,760 --> 00:35:55,559

what to do with the instructions archer

640

00:36:01,569 --> 00:35:58,770

alumnus and he had 100 now he was an

641

00:36:05,089 --> 00:36:01,579

engineer and as an engineering veteran

642

00:36:07,549 --> 00:36:05,099

debt collector and he kept track up

643

00:36:11,599 --> 00:36:07,559

until his death just of all of the

644

00:36:14,390 --> 00:36:11,609

parties that had had taken place and the

645

00:36:18,109 --> 00:36:14,400

point was that periodically these things

646

00:36:22,340 --> 00:36:18,119

would you know meddle with them now my

647

00:36:26,240 --> 00:36:22,350

introduction I was with salmon

648

00:36:28,970 --> 00:36:26,250

Colonel them at enscombe Intelligence

649

00:36:34,280 --> 00:36:28,980

and Security Command and we heard about

650

00:36:36,770 --> 00:36:34,290

these things and so he used to he was

651
00:36:38,810 --> 00:36:36,780
working on a major classified program

652
00:36:42,530 --> 00:36:38,820
for another agency but he would come to

653
00:36:45,860 --> 00:36:42,540
town periodically so arranged to have

654
00:36:49,550 --> 00:36:45,870
you had the first PK party that we went

655
00:36:51,680 --> 00:36:49,560
to said boy that's really interesting so

656
00:36:54,920 --> 00:36:51,690
I asked him to do another one I notified

657
00:37:01,840 --> 00:36:54,930
my boss and some ammo that was general

658
00:37:05,300 --> 00:37:01,850
Stubblebine and so we arranged to have

659
00:37:07,790 --> 00:37:05,310
living in an apartment in Northern

660
00:37:10,720 --> 00:37:07,800
Virginia at the time so we had a number

661
00:37:13,460 --> 00:37:10,730
of folks over anybody knows the head

662
00:37:17,600 --> 00:37:13,470
history of these things and rayappa

663
00:37:20,120 --> 00:37:17,610

Horesh was there and Gaiman was there

664

00:37:23,300 --> 00:37:20,130

who becomes very important and a number

665

00:37:26,860 --> 00:37:23,310

of others that we're very interested in

666

00:37:33,860 --> 00:37:26,870

psychic phenomena so the point is that

667

00:37:36,800 --> 00:37:33,870

we're doing the PK party and we're

668

00:37:40,940 --> 00:37:36,810

double mine is sitting directly across

669

00:37:48,080 --> 00:37:40,950

from hand Gaiman who was then a very

670

00:37:49,790 --> 00:37:48,090

active medium and behold when you get to

671

00:37:52,130 --> 00:37:49,800

the advanced what we call the Advanced

672

00:37:56,480 --> 00:37:52,140

Course this is where you're holding up

673

00:37:58,880 --> 00:37:56,490

the pair of match fourth and she's

674

00:38:02,140 --> 00:37:58,890

holding it up sitting across from Bert

675

00:38:06,500 --> 00:38:02,150

and this thing drops a full 90 degrees

676
00:38:11,900 --> 00:38:06,510
again no physical force whatsoever and

677
00:38:18,820 --> 00:38:11,910
that's anywhere oh now were you able to

678
00:38:21,800 --> 00:38:18,830
do any utensil bending yourself well

679
00:38:23,570 --> 00:38:21,810
coming you know what this is the

680
00:38:28,940 --> 00:38:23,580
physician would gave us the impetus so I

681
00:38:32,090 --> 00:38:28,950
started doing PK parties and someone

682
00:38:33,780 --> 00:38:32,100
with very very high levels various

683
00:38:36,660 --> 00:38:33,790
agencies and

684
00:38:38,640 --> 00:38:36,670
Berggren have we had love in we had the

685
00:38:43,140 --> 00:38:38,650
INSCOM was an organization that was

686
00:38:45,720 --> 00:38:43,150
global in nature so we had there were

687
00:38:47,550 --> 00:38:45,730
Americans but stationed literally around

688
00:38:50,670 --> 00:38:47,560

the world and every quarter they would

689

00:38:52,830 --> 00:38:50,680

come together to discuss plans and

690

00:38:56,160 --> 00:38:52,840

remember this is the bad old days okay

691

00:39:01,130 --> 00:38:56,170

we're talking about you know targeting

692

00:39:06,570 --> 00:39:01,140

the Soviet Union and one up and so we

693

00:39:08,850 --> 00:39:06,580

conducted a number of these party and

694

00:39:10,890 --> 00:39:08,860

the point where they kept going and

695

00:39:13,770 --> 00:39:10,900

we're going to bend tank barrels and say

696

00:39:15,960 --> 00:39:13,780

no I'm more interested in electrons low

697

00:39:19,950 --> 00:39:15,970

number computers are just really

698

00:39:23,130 --> 00:39:19,960

cranking up at this time so all I got to

699

00:39:26,460 --> 00:39:23,140

do is to move you know very small amount

700

00:39:28,770 --> 00:39:26,470

of energy move electrons and whatnot and

701
00:39:30,840 --> 00:39:28,780
the other thing was that we would bring

702
00:39:34,380 --> 00:39:30,850
these commanders they were mostly

703
00:39:39,000 --> 00:39:34,390
Colonels few generals to lower ranking

704
00:39:42,510 --> 00:39:39,010
people not much so we had this

705
00:39:46,260 --> 00:39:42,520
particular session at the Xerox Center

706
00:39:50,580 --> 00:39:46,270
so we were sequestered fortunately we

707
00:39:52,680 --> 00:39:50,590
had our shrink with us and so what

708
00:39:57,420 --> 00:39:52,690
happened is I'm in a horse shape and I

709
00:40:02,400 --> 00:39:57,430
do the beginning session taking them

710
00:40:05,190 --> 00:40:02,410
through the process and the most amazing

711
00:40:06,240 --> 00:40:05,200
thing that I ever personally witnessed

712
00:40:10,020 --> 00:40:06,250
and this arena

713
00:40:12,390 --> 00:40:10,030

happened that evening I'm sitting there

714

00:40:17,310 --> 00:40:12,400

again I can't see everybody and I hear

715

00:40:20,100 --> 00:40:17,320

these guys yell mmm this Fork is over a

716

00:40:25,650 --> 00:40:20,110

full 90 degrees

717

00:40:27,090 --> 00:40:25,660

I was little trepidatious because that's

718

00:40:29,910 --> 00:40:27,100

understand there were a lot of people

719

00:40:32,340 --> 00:40:29,920

who did not like the idea that we were

720

00:40:35,280 --> 00:40:32,350

doing these things but because of Burt's

721

00:40:40,590 --> 00:40:35,290

rank you know that they kind of had to

722

00:40:43,230 --> 00:40:40,600

attend but as I might mention behind him

723

00:40:45,360 --> 00:40:43,240

the GS 18 it would be a three-star

724

00:40:46,180 --> 00:40:45,370

equivalent science advisor who had seen

725

00:40:49,720 --> 00:40:46,190

that happen

726

00:40:54,819 --> 00:40:49,730

and then with all of us watching this

727

00:41:01,809 --> 00:40:54,829

bent came back up two uprights and back

728

00:41:04,480 --> 00:41:01,819

down again and then halfway yep and I

729

00:41:07,089 --> 00:41:04,490

can look at them right now

730

00:41:09,670 --> 00:41:07,099

it scared the crap out of the guy who

731

00:41:13,569 --> 00:41:09,680

did it who put them down and said I wish

732

00:41:16,059 --> 00:41:13,579

that hadn't happened but the point is

733

00:41:20,710 --> 00:41:16,069

and that's the only time I've seen metal

734

00:41:24,220 --> 00:41:20,720

wave like that but again absolutely no

735

00:41:27,520 --> 00:41:24,230

physical force applied the guy is

736

00:41:32,650 --> 00:41:27,530

literally holding them you know at the

737

00:41:36,339 --> 00:41:32,660

base of the fork I mean and our point

738

00:41:39,210 --> 00:41:36,349

was the key issues cause people think

739

00:41:43,839 --> 00:41:39,220

you know what's the practicality of it

740

00:41:45,700 --> 00:41:43,849

and it was not metal bending the point

741

00:41:48,010 --> 00:41:45,710

to them was remember this is an

742

00:41:52,029 --> 00:41:48,020

Intelligence Agency were targeting

743

00:41:55,029 --> 00:41:52,039

Soviet Union right was just because you

744

00:41:56,370 --> 00:41:55,039

hear things you don't understand don't

745

00:41:59,319 --> 00:41:56,380

disregard it

746

00:42:01,720 --> 00:41:59,329

because we had been blindsided several

747

00:42:04,359 --> 00:42:01,730

times now people remember us puttan for

748

00:42:06,789 --> 00:42:04,369

instance and there were several things

749

00:42:12,190 --> 00:42:06,799

that the Soviets had done that caught us

750

00:42:14,710 --> 00:42:12,200

quite by surprise and in some cases we

751
00:42:17,440 --> 00:42:14,720
actually had the information but it had

752
00:42:20,260 --> 00:42:17,450
been disregarded because we can't do

753
00:42:23,620 --> 00:42:20,270
that so we're so they can't either

754
00:42:27,099 --> 00:42:23,630
right right and so it was more of a

755
00:42:31,440 --> 00:42:27,109
running perspective you know don't don't

756
00:42:34,690 --> 00:42:31,450
disregard data just based on your

757
00:42:36,309 --> 00:42:34,700
restricted belief system that was sort

758
00:42:40,200 --> 00:42:36,319
of the same kind of thinking involved in

759
00:42:41,470 --> 00:42:40,210
the remote viewing program - is it not

760
00:42:45,930 --> 00:42:41,480
yeah

761
00:42:48,760 --> 00:42:45,940
and people are the same ones

762
00:42:51,279 --> 00:42:48,770
well the remote doing was much more

763
00:42:53,980 --> 00:42:51,289

targeted of course and a much bigger

764

00:42:55,960 --> 00:42:53,990

program because they were you know fully

765

00:42:56,569 --> 00:42:55,970

funded and people know about what

766

00:43:02,120 --> 00:42:56,579

happened

767

00:43:09,349 --> 00:43:02,130

SR I and I would evolve from that so he

768

00:43:12,799 --> 00:43:09,359

finally met its demise in 95 but I might

769

00:43:15,489 --> 00:43:12,809

go into this guy that hosts his flaw of

770

00:43:20,630 --> 00:43:15,499

the Joe mcmoneagle who was remote viewer

771

00:43:23,539 --> 00:43:20,640

0:01 in one of the real classic patients

772

00:43:27,499 --> 00:43:23,549

in remote doing that directly applies to

773

00:43:30,469 --> 00:43:27,509

the formal discussion was that he was

774

00:43:34,279 --> 00:43:30,479

given a target did not know what it was

775

00:43:39,079 --> 00:43:34,289

and gave a general explanation then they

776

00:43:43,549 --> 00:43:39,089

showed him some satellite photos and

777

00:43:45,949 --> 00:43:43,559

said okay it's in a building can you

778

00:43:49,189 --> 00:43:45,959

tell us what's going on inside the

779

00:43:53,390 --> 00:43:49,199

building and he came back with the most

780

00:43:55,849 --> 00:43:53,400

startling information about a brand new

781

00:43:58,969 --> 00:43:55,859

submarine and there were many attributes

782

00:44:01,969 --> 00:43:58,979

of learning for instance the missiles

783

00:44:06,289 --> 00:44:01,979

were forward of the sail yeah it was

784

00:44:09,259 --> 00:44:06,299

double hulled it was you know huge and

785

00:44:11,390 --> 00:44:09,269

whatnot and so we sent a tour you know

786

00:44:14,660 --> 00:44:11,400

the information of the boat version they

787

00:44:17,209 --> 00:44:14,670

just basic as @bf you know you can't do

788

00:44:19,130 --> 00:44:17,219

that if you had the submarine of the

789

00:44:22,279 --> 00:44:19,140

size they're describing when it went to

790

00:44:23,059 --> 00:44:22,289

depth that would crush is this is

791

00:44:26,779 --> 00:44:23,069

impossible

792

00:44:29,029 --> 00:44:26,789

a few months later

793

00:44:30,999 --> 00:44:29,039

sighs part of the sudden lights came on

794

00:44:34,339 --> 00:44:31,009

and there is the typhoon-class submarine

795

00:44:36,499 --> 00:44:34,349

we just don't think of suddenly and yes

796

00:44:38,959 --> 00:44:36,509

they did have a titanium double hull

797

00:44:42,829 --> 00:44:38,969

submarine but this was forward in the

798

00:44:45,859 --> 00:44:42,839

sail etcetera etcetera and this is the

799

00:44:49,640 --> 00:44:45,869

problem was that Joe had accurately

800

00:44:53,419 --> 00:44:49,650

described many aspects of it only to

801
00:44:56,539 --> 00:44:53,429
have that you know basically part of the

802
00:44:58,759 --> 00:44:56,549
way because our boat builders said we

803
00:45:02,809 --> 00:44:58,769
can't do that so we got to assume they

804
00:45:05,479 --> 00:45:02,819
can't write they could there was also a

805
00:45:07,999 --> 00:45:05,489
great remote viewing hit that has been

806
00:45:09,650 --> 00:45:08,009
talked about where one of the viewers I

807
00:45:12,890 --> 00:45:09,660
can't recall which one or if that

808
00:45:16,069 --> 00:45:12,900
was even ever named but we're a Soviet

809
00:45:18,589 --> 00:45:16,079
spy plane had crashed in Africa and of

810
00:45:21,099 --> 00:45:18,599
course we obviously want to get our

811
00:45:24,710 --> 00:45:21,109
hands on that for reverse engineering

812
00:45:28,549 --> 00:45:24,720
purposes and the viewer was able to

813
00:45:31,539 --> 00:45:28,559

locate that crashed plane in Africa yeah

814

00:45:35,150 --> 00:45:31,549

that's a pretty well known case of the

815

00:45:39,170 --> 00:45:35,160

most dramatic aspect of that is that

816

00:45:42,770 --> 00:45:39,180

that was actually revealed by Jimmy

817

00:45:46,370 --> 00:45:42,780

Carter yeah that it was supposed to be

818

00:45:48,770 --> 00:45:46,380

classified and all that and he came out

819

00:45:53,270 --> 00:45:48,780

and talked about how they actually found

820

00:45:56,720 --> 00:45:53,280

the craft and beat-beat the Soviets to

821

00:45:59,029 --> 00:45:56,730

recovery are you were talking on another

822

00:46:00,950 --> 00:45:59,039

show about an interesting book called

823

00:46:03,859 --> 00:46:00,960

the psychic discoveries behind the Iron

824

00:46:05,390 --> 00:46:03,869

Curtain regarding the Soviet Union do

825

00:46:09,529 --> 00:46:05,400

you mind talking just a little bit about

826
00:46:14,870 --> 00:46:09,539
that well what's so standard Schroeder's

827
00:46:18,440 --> 00:46:14,880
book and I guess the point was they

828
00:46:20,420 --> 00:46:18,450
really did catch interest in the new

829
00:46:22,339 --> 00:46:20,430
absolutely I think many people were

830
00:46:25,339 --> 00:46:22,349
quite surprised to hear about the

831
00:46:28,430 --> 00:46:25,349
intensity of the work that was going on

832
00:46:30,950 --> 00:46:28,440
behind the Iron Curtain I might mention

833
00:46:34,309 --> 00:46:30,960
and it was 92

834
00:46:37,970 --> 00:46:34,319
Burton and I went to dinner in

835
00:46:40,220 --> 00:46:37,980
Washington with former director of the

836
00:46:44,029 --> 00:46:40,230
Institute of theoretical problems from

837
00:46:46,250 --> 00:46:44,039
Moscow who had been running many of

838
00:46:48,319 --> 00:46:46,260

those studies and the interesting part

839

00:46:50,000 --> 00:46:48,329

is we traded information there than a

840

00:46:55,099 --> 00:46:50,010

decade before we probably would

841

00:46:59,120 --> 00:46:55,109

literally have killed for that approach

842

00:47:04,730 --> 00:46:59,130

was a little different than ours in that

843

00:47:08,029 --> 00:47:04,740

most of the people ya know you don't

844

00:47:12,710 --> 00:47:08,039

know about the Ingo Swann and or farmers

845

00:47:15,620 --> 00:47:12,720

and all those yeah there were a few

846

00:47:16,089 --> 00:47:15,630

external people involved they were more

847

00:47:18,519 --> 00:47:16,099

and

848

00:47:20,439 --> 00:47:18,529

the research angle of course gets credit

849

00:47:25,180 --> 00:47:20,449

for the development of the matrix and

850

00:47:27,039 --> 00:47:25,190

became great in the training skills that

851
00:47:30,009 --> 00:47:27,049
the question was you know can we teach

852
00:47:34,089 --> 00:47:30,019
other people to do this the question

853
00:47:37,029 --> 00:47:34,099
then becomes do you find people with

854
00:47:40,509 --> 00:47:37,039
natural skills and bring them in or do

855
00:47:42,359 --> 00:47:40,519
you take intelligence people and train

856
00:47:48,459 --> 00:47:42,369
them accordingly

857
00:47:53,130 --> 00:47:48,469
Soviet approach was to you know and the

858
00:47:56,170 --> 00:47:53,140
civilian sector and bring people in we

859
00:47:59,559 --> 00:47:56,180
found people with you know kind of

860
00:48:03,249 --> 00:47:59,569
natural abilities but inside the system

861
00:48:05,739 --> 00:48:03,259
remember Joe McMullen going was a

862
00:48:09,670 --> 00:48:05,749
walk-in now he had had some near-death

863
00:48:13,509 --> 00:48:09,680

experiences before and here's what we

864

00:48:18,249 --> 00:48:13,519

call the natural psychic and certainly

865

00:48:20,229 --> 00:48:18,259

one of the absolute best and then there

866

00:48:23,319 --> 00:48:20,239

were others that came in that seemed to

867

00:48:27,749 --> 00:48:23,329

have some ability it helps to be able to

868

00:48:31,120 --> 00:48:27,759

draw have artistic characteristic um

869

00:48:38,039 --> 00:48:31,130

which eliminates me I have trouble with

870

00:48:42,189 --> 00:48:38,049

sick people but you know several of them

871

00:48:45,519 --> 00:48:42,199

are you know quite proficient artists

872

00:48:47,769 --> 00:48:45,529

and so they were able to one thing able

873

00:48:51,130 --> 00:48:47,779

to access the information but then how

874

00:48:55,569 --> 00:48:51,140

do you come back and recorded in a way

875

00:48:58,689 --> 00:48:55,579

that is useful Paul Smith is one of

876

00:49:01,839 --> 00:48:58,699

those I might add he was also the unit

877

00:49:05,109 --> 00:49:01,849

historian but you go to his home and

878

00:49:09,370 --> 00:49:05,119

find the artwork that that he did and of

879

00:49:12,189 --> 00:49:09,380

course angles was just legendary did you

880

00:49:15,489 --> 00:49:12,199

read INGOs book I believe it second all

881

00:49:17,920 --> 00:49:15,499

penetration have you read them yeah oh

882

00:49:20,620 --> 00:49:17,930

yeah wait what do you think he makes him

883

00:49:22,160 --> 00:49:20,630

like some pretty extraordinary claims in

884

00:49:24,440 --> 00:49:22,170

there what do you think about it

885

00:49:25,819 --> 00:49:24,450

I think you made some pretty

886

00:49:36,799 --> 00:49:25,829

extraordinary coins

887

00:49:39,890 --> 00:49:36,809

okay good friend of ours let me ask you

888

00:49:41,690 --> 00:49:39,900

one other thing about remote viewing do

889

00:49:43,579 --> 00:49:41,700

you think it's just basically a sense

890

00:49:46,400 --> 00:49:43,589

that most people have like there are

891

00:49:48,410 --> 00:49:46,410

seeing our hearing or ability to speak

892

00:49:50,240 --> 00:49:48,420

and feel do you think that's what it is

893

00:49:51,769 --> 00:49:50,250

and then some people just have better

894

00:49:54,289 --> 00:49:51,779

vision that some people are better

895

00:49:55,220 --> 00:49:54,299

remote viewers or better psychics what

896

00:50:00,410 --> 00:49:55,230

do you what do you think's at the root

897

00:50:03,319 --> 00:50:00,420

of it short answer is yes I think that

898

00:50:05,809 --> 00:50:03,329

you know my take is everybody has these

899

00:50:08,509 --> 00:50:05,819

capabilities and exactly like you

900

00:50:12,680 --> 00:50:08,519

described whatever its integral

901
00:50:16,130 --> 00:50:12,690
characteristics are those of us who are

902
00:50:18,740 --> 00:50:16,140
ambulatory we can walk we can run but

903
00:50:23,059 --> 00:50:18,750
you're probably not going to be Olympic

904
00:50:26,089 --> 00:50:23,069
athletes at it so that was one of the

905
00:50:29,930 --> 00:50:26,099
things that was done in our system a

906
00:50:33,549 --> 00:50:29,940
number of the people who came in to that

907
00:50:38,089 --> 00:50:33,559
Jay had you know kind of remarkable

908
00:50:41,720 --> 00:50:38,099
experiences that had occurred and then

909
00:50:44,450 --> 00:50:41,730
were trained so I think it my personal

910
00:50:48,769 --> 00:50:44,460
belief is that we all have some level

911
00:50:50,720 --> 00:50:48,779
and with practice you can get better now

912
00:50:53,839 --> 00:50:50,730
that doesn't mean that you're

913
00:50:55,999 --> 00:50:53,849

necessarily going to climb Everest but

914

00:50:59,660 --> 00:50:56,009

you may get up some freeze pretty good

915

00:51:01,339 --> 00:50:59,670

hills I wanted to mention John how my

916

00:51:03,200 --> 00:51:01,349

understanding is you do not like the

917

00:51:05,509 --> 00:51:03,210

word paranormal you think these

918

00:51:06,859 --> 00:51:05,519

paranormal things are normal you do

919

00:51:09,620 --> 00:51:06,869

think what is going on is extremely

920

00:51:11,900 --> 00:51:09,630

complex and you have dealt with a wide

921

00:51:14,539 --> 00:51:11,910

range of phenomena and you believe it is

922

00:51:20,630 --> 00:51:14,549

as complex as cancer and AIDS is that

923

00:51:23,210 --> 00:51:20,640

correct just mostly correct I missed a

924

00:51:25,490 --> 00:51:23,220

piece of it oh that you have dealt with

925

00:51:28,009 --> 00:51:25,500

a wide range of phenomena and you

926
00:51:31,490 --> 00:51:28,019
believe it is as complex as cancer and

927
00:51:33,410 --> 00:51:31,500
AIDS oh absolutely you know this is one

928
00:51:37,700 --> 00:51:33,420
of the things I had been address

929
00:51:41,990 --> 00:51:37,710
and breeding for that's exactly why I

930
00:51:43,700 --> 00:51:42,000
said it is whatever it is and terribly

931
00:51:48,079 --> 00:51:43,710
complex there's not going to be any one

932
00:51:51,559 --> 00:51:48,089
simple answer that drives and anything

933
00:51:54,289 --> 00:51:51,569
so the the cancer and AIDS aspect it

934
00:51:59,150 --> 00:51:54,299
cuts to when I discuss funding issues

935
00:52:02,230 --> 00:51:59,160
because funding is miniscule I use the

936
00:52:05,569 --> 00:52:02,240
Large Hadron Collider as an example I

937
00:52:09,140 --> 00:52:05,579
think we put 17 billion into that now

938
00:52:12,710 --> 00:52:09,150

the basic belief system is mechanistic

939

00:52:14,809 --> 00:52:12,720

that you know things get cut into

940

00:52:17,809 --> 00:52:14,819

smaller smaller pieces will plug into

941

00:52:19,700 --> 00:52:17,819

god particle like the Higgs boson when

942

00:52:23,480 --> 00:52:19,710

we found that and then they five ups we

943

00:52:26,440 --> 00:52:23,490

got pentaquarks beyond that arm in my

944

00:52:30,650 --> 00:52:26,450

view the fundamental issue really is

945

00:52:34,339 --> 00:52:30,660

consciousness that's not totally new but

946

00:52:37,690 --> 00:52:34,349

my point is that we spend you know huge

947

00:52:42,349 --> 00:52:37,700

amounts of money to validate the

948

00:52:46,250 --> 00:52:42,359

materialistic beliefs and yet when it

949

00:52:48,380 --> 00:52:46,260

comes to these phenomena I've checked

950

00:52:51,890 --> 00:52:48,390

with a lot of people well my guess is

951
00:52:54,859 --> 00:52:51,900
all over the world and if you

952
00:52:56,900 --> 00:52:54,869
incorporate all of these phenomena maybe

953
00:53:01,940 --> 00:52:56,910
you'll find ten million dollars a year

954
00:53:04,760 --> 00:53:01,950
and my other point is there you know if

955
00:53:07,520 --> 00:53:04,770
we found the god particle if you will

956
00:53:10,819 --> 00:53:07,530
that would be intensely interesting to a

957
00:53:14,120 --> 00:53:10,829
small group of theoretical physics

958
00:53:16,609 --> 00:53:14,130
physicists the point is that we're going

959
00:53:19,849 --> 00:53:16,619
to talk about communication in relation of

960
00:53:23,299 --> 00:53:19,859
consciousness I mean beyond bodily death

961
00:53:24,799 --> 00:53:23,309
that ought to be of interest 100 percent

962
00:53:27,289 --> 00:53:24,809
of the population because we're all

963
00:53:33,440 --> 00:53:27,299

going to get a chance to experience it

964

00:53:39,190 --> 00:53:33,450

at least once I'm John just to get more

965

00:53:42,380 --> 00:53:41,930

when you're saying alright I chair day

966

00:53:44,390 --> 00:53:42,390

if I could

967

00:53:45,830 --> 00:53:44,400

what we're saying is that basically your

968

00:53:47,930 --> 00:53:45,840

your

969

00:53:53,600 --> 00:53:47,940

interested in reincarnation as well

970

00:53:56,120 --> 00:53:53,610

basically yeah well remember my when I

971

00:53:58,870 --> 00:53:56,130

finished my doctorate the head of my

972

00:54:02,440 --> 00:53:58,880

committee was Elizabeth kubler-ross

973

00:54:07,280 --> 00:54:02,450

she's the one who brought hospice to

974

00:54:09,860 --> 00:54:07,290

America and she was along with Raymond

975

00:54:12,940 --> 00:54:09,870

Moody when we were first talking about

976

00:54:17,150 --> 00:54:12,950

and publicly about near-death

977

00:54:21,460 --> 00:54:17,160

experiences shortly after I had finished

978

00:54:25,160 --> 00:54:21,470

my dissertation slam the Pentagon but I

979

00:54:27,320 --> 00:54:25,170

joined the AIIMS International

980

00:54:30,440 --> 00:54:27,330

Association for near-death studies and

981

00:54:35,120 --> 00:54:30,450

then was on the board and spent of time

982

00:54:39,440 --> 00:54:35,130

as the president so got to hear a lot of

983

00:54:42,770 --> 00:54:39,450

very phenomenal stories and I think when

984

00:54:45,070 --> 00:54:42,780

you look at some of the key ones it's

985

00:54:48,650 --> 00:54:45,080

just again defies all rational

986

00:54:51,920 --> 00:54:48,660

explanation and again personal view

987

00:54:55,550 --> 00:54:51,930

don't want to upset people belief system

988

00:54:58,060 --> 00:54:55,560

but that I think it's almost assurity

989

00:55:02,030 --> 00:54:58,070

the consciousness continues beyond

990

00:55:04,160 --> 00:55:02,040

physical mortality I wanted to mention a

991

00:55:08,060 --> 00:55:04,170

little bit about Elizabeth kubler-ross I

992

00:55:10,490 --> 00:55:08,070

had to study her in school and I think

993

00:55:13,010 --> 00:55:10,500

it was middle school and she was a Swiss

994

00:55:15,440 --> 00:55:13,020

American psychiatrist who died in 2004

995

00:55:17,660 --> 00:55:15,450

and also just reading a little bit of

996

00:55:20,330 --> 00:55:17,670

her biography she was a pioneer in

997

00:55:22,370 --> 00:55:20,340

near-death studies and the author of a

998

00:55:25,220 --> 00:55:22,380

groundbreaking book on death and dying

999

00:55:28,040 --> 00:55:25,230

and where she discusses her iconic

1000

00:55:30,140 --> 00:55:28,050

theory of the five stages of grief also

1001
00:55:32,330 --> 00:55:30,150
known as the kubler-ross model when I

1002
00:55:34,370 --> 00:55:32,340
studied that model in school it was

1003
00:55:36,350 --> 00:55:34,380
really an astounding model she's so

1004
00:55:39,590 --> 00:55:36,360
accurate in my perspective regarding it

1005
00:55:42,020 --> 00:55:39,600
and also she was talking about death and

1006
00:55:48,370 --> 00:55:42,030
the celebration of it actually rather

1007
00:55:52,040 --> 00:55:48,380
than a negative aspect of it I was

1008
00:55:55,220 --> 00:55:52,050
definitely a pioneer I might say one of

1009
00:55:58,210 --> 00:55:55,230
the things I missed it was my anthem is

1010
00:56:00,670 --> 00:55:58,220
that she promised me that after

1011
00:56:06,970 --> 00:56:00,680
transitions you would quote pinch me on

1012
00:56:12,880 --> 00:56:06,980
the tush the real question is did that

1013
00:56:18,099 --> 00:56:12,890

happen well nothing I'm actually aware

1014

00:56:21,760 --> 00:56:18,109

of one of the stories that I do recall

1015

00:56:23,109 --> 00:56:21,770

in the book of what would happen see one

1016

00:56:26,109 --> 00:56:23,119

of the things you did this was a

1017

00:56:28,570 --> 00:56:26,119

near-death stuff but she again she was

1018

00:56:31,240 --> 00:56:28,580

teaching in University of Chicago

1019

00:56:34,660 --> 00:56:31,250

Medical School and she started with

1020

00:56:37,030 --> 00:56:34,670

something really innovative for doctors

1021

00:56:40,839 --> 00:56:37,040

like why don't you talk to dying

1022

00:56:43,270 --> 00:56:40,849

patients so they would have seminars and

1023

00:56:46,570 --> 00:56:43,280

they would bring people in for the

1024

00:56:48,070 --> 00:56:46,580

doctors and have them discuss what was

1025

00:56:50,170 --> 00:56:48,080

going on for them because one of the

1026

00:56:55,480 --> 00:56:50,180

problems and the medical community death

1027

00:56:58,420 --> 00:56:55,490

is viewed you know as the enemy and you

1028

00:57:00,849 --> 00:56:58,430

also find that this case is getting more

1029

00:57:02,770 --> 00:57:00,859

and more difficult you see people know

1030

00:57:04,900 --> 00:57:02,780

the patient's getting moved farther and

1031

00:57:06,720 --> 00:57:04,910

farther away less contact with doctors

1032

00:57:10,300 --> 00:57:06,730

nurses are a different story

1033

00:57:13,650 --> 00:57:10,310

nurses then they have much more you know

1034

00:57:16,240 --> 00:57:13,660

face to face experience and acknowledge

1035

00:57:17,650 --> 00:57:16,250

many of the phenomenons that they have

1036

00:57:20,500 --> 00:57:17,660

seen the clear one of the things being

1037

00:57:23,920 --> 00:57:20,510

studied right now or what they called

1038

00:57:25,859 --> 00:57:23,930

shared that near-death experiences where

1039

00:57:29,620 --> 00:57:25,869

you have more than one person other

1040

00:57:33,280 --> 00:57:29,630

experiences very various aspects of

1041

00:57:34,930 --> 00:57:33,290

what's going on but very physical but

1042

00:57:37,270 --> 00:57:34,940

one of the things that happen is she'd

1043

00:57:39,760 --> 00:57:37,280

been doing this for a while she figured

1044

00:57:42,130 --> 00:57:39,770

that hey you know this is getting old

1045

00:57:43,870 --> 00:57:42,140

somebody else will certainly pick it up

1046

00:57:46,630 --> 00:57:43,880

because it's quite it was very

1047

00:57:52,120 --> 00:57:46,640

innovative at the time and she's been

1048

00:57:54,700 --> 00:57:52,130

working with a chaplain and so she's

1049

00:57:58,560 --> 00:57:54,710

given her what she thinks is the last

1050

00:58:01,000 --> 00:57:58,570

presentation and her walking back and

1051

00:58:02,980 --> 00:58:01,010

she's trying to get the chaplains

1052

00:58:04,510 --> 00:58:02,990

attention and he's rather on about

1053

00:58:05,509 --> 00:58:04,520

something else that she wanted to reach

1054

00:58:08,149 --> 00:58:05,519

him um

1055

00:58:10,339 --> 00:58:08,159

with a little tiny thing okay really

1056

00:58:14,120 --> 00:58:10,349

very explosive with the triplet and the

1057

00:58:16,399 --> 00:58:14,130

smallest of the triplet and he's going

1058

00:58:19,209 --> 00:58:16,409

to reach up and just shake the sky and

1059

00:58:23,109 --> 00:58:19,219

all of a sudden here's this woman

1060

00:58:26,630 --> 00:58:23,119

standing over the beckoning to her until

1061

00:58:29,689 --> 00:58:26,640

walking down the hall going like you

1062

00:58:33,169 --> 00:58:29,699

know Tia I think I know this person but

1063

00:58:36,709 --> 00:58:33,179

I just can't place her you know so they

1064

00:58:41,269 --> 00:58:36,719

go and the woman opens the door to a

1065

00:58:45,019 --> 00:58:41,279

live audience and they go in and so she

1066

00:58:47,749 --> 00:58:45,029

says look I'm here to tell you that

1067

00:58:50,439 --> 00:58:47,759

you're supposed to continue the work

1068

00:58:53,599 --> 00:58:50,449

just don't stop doing this right now

1069

00:58:58,389 --> 00:58:53,609

about that time she says I know who this

1070

00:59:02,870 --> 00:58:58,399

is mrs. Marie Schwartz who is a this

1071

00:59:07,880 --> 00:59:02,880

patient of hers and so she goes on you

1072

00:59:10,209 --> 00:59:07,890

know remake the chaplain he would like

1073

00:59:14,629 --> 00:59:10,219

to hear from you would you be willing to

1074

00:59:16,519 --> 00:59:14,639

write and sign this note to him you know

1075

00:59:20,809 --> 00:59:16,529

looking you know she's doing reality

1076

00:59:24,949 --> 00:59:20,819

check remember he's a psychiatrist right

1077

00:59:30,439 --> 00:59:24,959

um and so the woman does write her name

1078

00:59:32,899 --> 00:59:30,449

and then a little dose is waiting just a

1079

00:59:37,459 --> 00:59:32,909

minute just women so she runs out and

1080

00:59:39,919 --> 00:59:37,469

here's a long hallway totally empty and

1081

00:59:43,429 --> 00:59:39,929

of course they had the you know

1082

00:59:47,479 --> 00:59:43,439

handwriting analyzed and it was Marie

1083

00:59:50,179 --> 00:59:47,489

Schwartz I wanted to mention a quote

1084

00:59:52,879 --> 00:59:50,189

that dr. Elisabeth kubler-ross said and

1085

00:59:55,370 --> 00:59:52,889

that is this consciously or not we're

1086

00:59:57,529 --> 00:59:55,380

all in a quest for answers trying to

1087

00:59:59,599 --> 00:59:57,539

learn the lessons of life we grapple

1088

01:00:01,639 --> 00:59:59,609

with fear and guilt we search for

1089

01:00:04,519 --> 01:00:01,649

meaning love and power we try to

1090

01:00:07,009 --> 01:00:04,529

understand fear lost in time we seek to

1091

01:00:11,089 --> 01:00:07,019

discover who we are and how we become

1092

01:00:13,759 --> 01:00:11,099

can become truly happy John I wanted to

1093

01:00:16,089 --> 01:00:13,769

mention something that you said and that

1094

01:00:23,109 --> 01:00:21,039

you do not disregard things because you

1095

01:00:24,880 --> 01:00:23,119

you're basically saying people should

1096

01:00:29,559 --> 01:00:24,890

not disregard things because they do not

1097

01:00:34,559 --> 01:00:29,569

understand it and use other words let's

1098

01:00:41,339 --> 01:00:38,079

unfortunately we live in the post truth

1099

01:00:44,859 --> 01:00:41,349

world so there are things that you know

1100

01:00:47,380 --> 01:00:44,869

do need to be verified but the point and

1101

01:00:50,319 --> 01:00:47,390

this is the whole subtitle of the book

1102

01:00:57,089 --> 01:00:50,329

the things that can't happen but dead

1103

01:01:02,349 --> 01:01:00,009

that's a very good point moving on to

1104

01:01:04,390 --> 01:01:02,359

another topic I wanted to ask you a

1105

01:01:06,759 --> 01:01:04,400

little bit about a few things in that

1106

01:01:07,299 --> 01:01:06,769

case I'll just go ahead and name them

1107

01:01:09,569 --> 01:01:07,309

off

1108

01:01:12,370 --> 01:01:09,579

there's Voodoo West Africa ayahuasca

1109

01:01:14,140 --> 01:01:12,380

shaman's dowsing and crystal skulls are

1110

01:01:20,799 --> 01:01:14,150

you able to talk about any of those

1111

01:01:22,359 --> 01:01:20,809

topics did you want to go ahead and talk

1112

01:01:29,279 --> 01:01:22,369

a little bit about the crystal skull I

1113

01:01:33,099 --> 01:01:29,289

know folks agree fascinated well okay I

1114

01:01:35,859 --> 01:01:33,109

don't mind read it it was the point is

1115

01:01:41,529 --> 01:01:35,869

really weird stuff did happen around

1116

01:01:48,180 --> 01:01:41,539

that we have visited shamans around the

1117

01:01:50,589 --> 01:01:48,190

world and sometimes has incurred

1118

01:01:54,219 --> 01:01:50,599

homelessness Jim definitely used I lost

1119

01:01:59,349 --> 01:01:54,229

it twice I do not care for it I will

1120

01:02:01,599 --> 01:01:59,359

warn anybody who wants to be involved in

1121

01:02:03,719 --> 01:02:01,609

fact we can put them in contact though I

1122

01:02:05,709 --> 01:02:03,729

think of the right people it is being

1123

01:02:09,660 --> 01:02:05,719

very very careful

1124

01:02:13,599 --> 01:02:09,670

this stuff is extraordinarily powerful

1125

01:02:18,329 --> 01:02:13,609

and who said I've been in the Lezama

1126

01:02:22,029 --> 01:02:18,339

that spoken at the International

1127

01:02:26,289 --> 01:02:22,039

International Amazonian shamans

1128

01:02:27,960 --> 01:02:26,299

conferences for time my wife sort of the

1129

01:02:31,620 --> 01:02:27,970

devil take

1130

01:02:35,160 --> 01:02:31,630

ayahuasca it will never be a

1131

01:02:40,290 --> 01:02:35,170

recreational drug because the side

1132

01:02:43,530 --> 01:02:40,300

effects are exciting likely to run at

1133

01:02:46,200 --> 01:02:43,540

one end and sometimes to simultaneously

1134

01:02:48,780 --> 01:02:46,210

go to a purging process which is the

1135

01:02:51,710 --> 01:02:48,790

preparation to deal with you know

1136

01:02:56,610 --> 01:02:51,720

whatever happens initially it can be

1137

01:02:59,400 --> 01:02:56,620

very very frightening usually the people

1138

01:03:02,490 --> 01:02:59,410

walk away and say whatever happened that

1139

01:03:06,620 --> 01:03:02,500

was exactly you know what I needed at

1140

01:03:15,090 --> 01:03:06,630

that time we do think it is offers a

1141

01:03:17,130 --> 01:03:15,100

excellent treatment modality in PTSD but

1142

01:03:18,930 --> 01:03:17,140

again with cautionary tale not for

1143

01:03:27,150 --> 01:03:18,940

everybody by any stretch of the

1144

01:03:32,090 --> 01:03:27,160

imagination but you know that dealt with

1145

01:03:36,530 --> 01:03:32,100

I am shamans just all over the world

1146

01:03:39,120 --> 01:03:36,540

with ayahuasca you know you'll find

1147

01:03:42,180 --> 01:03:39,130

lectures on it because I did ask the

1148

01:03:44,550 --> 01:03:42,190

shaman thing what you do is you take a

1149

01:03:47,390 --> 01:03:44,560

couple of disparate plants and you bring

1150

01:03:51,890 --> 01:03:47,400

them together we knew do know that the

1151

01:03:56,010 --> 01:03:51,900

psychoactive substance is DMT

1152

01:03:59,640 --> 01:03:56,020

dimethyltryptamine but I am totally

1153

01:04:02,640 --> 01:03:59,650

convinced that psychopharmacology does

1154

01:04:11,660 --> 01:04:02,650

not explain the kinds of events that

1155

01:04:17,520 --> 01:04:14,070

okay yeah you had mentioned that there

1156

01:04:20,160 --> 01:04:17,530

you did visited and dealt with shamans

1157

01:04:22,170 --> 01:04:20,170

all over the world do they all use it

1158

01:04:24,330 --> 01:04:22,180

and one day whatever happened might be

1159

01:04:26,820 --> 01:04:24,340

available locally has some form of

1160

01:04:28,620 --> 01:04:26,830

psychedelic or is that just know a few

1161

01:04:33,270 --> 01:04:28,630

here and there not at all

1162

01:04:37,260 --> 01:04:33,280

and in fact there's a chapter in the

1163

01:04:38,589 --> 01:04:37,270

book on Brazil we've also dealt with on

1164

01:04:42,519 --> 01:04:38,599

Banda

1165

01:04:44,559 --> 01:04:42,529

combin bleh one of the most amazing

1166

01:04:47,579 --> 01:04:44,569

experiences that happen we're in

1167

01:04:51,039 --> 01:04:47,589

Curitiba in Buda I've been in Brazil

1168

01:04:55,420 --> 01:04:51,049

several times and get in a non-lethal

1169

01:04:57,249 --> 01:04:55,430

stock a lot of it has to do great

1170

01:04:59,170 --> 01:04:57,259

company down there that deals with

1171

01:05:02,079 --> 01:04:59,180

non-lethal weapons have been going down

1172

01:05:07,120 --> 01:05:02,089

for the government and talking in that

1173

01:05:10,960 --> 01:05:07,130

but had the experience to you know work

1174

01:05:14,890 --> 01:05:10,970

with others as well but what happened in

1175

01:05:18,190 --> 01:05:14,900

we were had on bundle ceremony in said

1176

01:05:20,430 --> 01:05:18,200

in Curitiba town of about three million

1177

01:05:25,210 --> 01:05:20,440

people and you probably haven't heard of

1178

01:05:30,249 --> 01:05:25,220

the point was that Victoria got

1179

01:05:32,109 --> 01:05:30,259

possessed kind of a long involved sorts

1180

01:05:36,180 --> 01:05:32,119

of thing now this is a word it was

1181

01:05:40,239 --> 01:05:36,190

actually no drugs involved whatsoever

1182

01:05:43,359 --> 01:05:40,249

the she said they had asked if anybody

1183

01:05:45,729 --> 01:05:43,369

wants to be healing the setting and the

1184

01:05:48,249 --> 01:05:45,739

Bri big center and about three hundred

1185

01:05:51,670 --> 01:05:48,259

folks there I guess and maybe ten

1186

01:05:57,309 --> 01:05:51,680

gringos so most of them are locals who

1187

01:06:01,329 --> 01:05:57,319

have seen these ceremonies up close many

1188

01:06:05,410 --> 01:06:01,339

times but so she's standing there and

1189

01:06:07,569 --> 01:06:05,420

has this young priestess comes down the

1190

01:06:12,099 --> 01:06:07,579

line she says you just felt something go

1191

01:06:15,609 --> 01:06:12,109

one and jump into her and the next thing

1192

01:06:18,160 --> 01:06:15,619

you know you know she's out whirling on

1193

01:06:20,499 --> 01:06:18,170

the floor and said they're used to it

1194

01:06:24,039 --> 01:06:20,509

they're not used to the same green I

1195

01:06:27,370 --> 01:06:24,049

mean literally stop the show that she's

1196

01:06:29,259 --> 01:06:27,380

spinning out there and they came over to

1197

01:06:30,999 --> 01:06:29,269

me and because I was taking pictures and

1198

01:06:34,089 --> 01:06:31,009

they go you know I you're a reporter I

1199

01:06:38,170 --> 01:06:34,099

said no that's my wife and they go this

1200

01:06:40,959 --> 01:06:38,180

should be okay you know and you know she

1201
01:06:44,319 --> 01:06:40,969
will describe it as having allowed a

1202
01:06:47,499 --> 01:06:44,329
discordant entity to have a human

1203
01:06:48,960 --> 01:06:47,509
experience for you know on some period

1204
01:06:54,030 --> 01:06:48,970
of time

1205
01:06:55,950 --> 01:06:54,040
and an interesting question by the way

1206
01:06:59,130 --> 01:06:55,960
all of these things you ventually kind

1207
01:07:02,670 --> 01:06:59,140
of get tied back together one of the

1208
01:07:05,569 --> 01:07:02,680
problems at the ranch is that people

1209
01:07:09,900 --> 01:07:05,579
were having negative experiences and

1210
01:07:12,510 --> 01:07:09,910
taking them home with them and when we

1211
01:07:14,040 --> 01:07:12,520
come back we're talking to column and he

1212
01:07:17,579 --> 01:07:14,050
asked us a will did you bring anything

1213
01:07:20,069 --> 01:07:17,589

back because you know during this period

1214

01:07:24,450 --> 01:07:20,079

was he's allowing a discounted energy

1215

01:07:28,470 --> 01:07:24,460

Chandra her and have that experience the

1216

01:07:30,829 --> 01:07:28,480

question is did it all leave and as far

1217

01:07:32,790 --> 01:07:30,839

as we know the answer to that was yes

1218

01:07:36,170 --> 01:07:32,800

that's pretty spectacular

1219

01:07:45,349 --> 01:07:36,180

Ernie jumped to Africa because we were

1220

01:07:49,950 --> 01:07:45,359

in trouble and the name and attending a

1221

01:07:53,609 --> 01:07:49,960

hot-glove ceremonies and the things we

1222

01:07:57,240 --> 01:07:53,619

saw there again absolutely no drugs

1223

01:07:59,130 --> 01:07:57,250

involved whatsoever watching people

1224

01:08:02,130 --> 01:07:59,140

particularly with fire just the fiber

1225

01:08:04,079 --> 01:08:02,140

laws of thermodynamics where they would

1226

01:08:08,490 --> 01:08:04,089

stand on the fire signify or eat the

1227

01:08:12,930 --> 01:08:08,500

fire um just I mean I was taking photos

1228

01:08:15,690 --> 01:08:12,940

that hmm maybe six eight feet away from

1229

01:08:19,320 --> 01:08:15,700

them so it is really hot and no they

1230

01:08:21,420 --> 01:08:19,330

don't have any magic substances these

1231

01:08:26,209 --> 01:08:21,430

are people of the poverty level look up

1232

01:08:31,829 --> 01:08:26,219

to dirt and certainly not gonna have

1233

01:08:34,260 --> 01:08:31,839

esoteric sorts of substances that you

1234

01:08:36,809 --> 01:08:34,270

know some magic thing that we would love

1235

01:08:40,920 --> 01:08:36,819

to have for firefighters

1236

01:08:43,950 --> 01:08:40,930

similarly we were in Mongolia with

1237

01:08:47,820 --> 01:08:43,960

reindeer shamans we'll be out in the

1238

01:08:50,309 --> 01:08:47,830

boonies and had a number of

1239

01:08:54,400 --> 01:08:50,319

remarkable experiences happen and

1240

01:08:58,150 --> 01:08:54,410

totally without drugs so sometimes it

1241

01:09:03,000 --> 01:08:58,160

does enhance and contribute some pretty

1242

01:09:05,770 --> 01:09:03,010

impressive things caution definitely buy

1243

01:09:08,829 --> 01:09:05,780

if you want to do ayahuasca let me tell

1244

01:09:11,079 --> 01:09:08,839

you how to do that and with whom we we

1245

01:09:15,790 --> 01:09:11,089

trust but you really want to know your

1246

01:09:17,680 --> 01:09:15,800

shaman I agree yeah that's a really

1247

01:09:20,440 --> 01:09:17,690

important that we let everybody know

1248

01:09:22,300 --> 01:09:20,450

that some folks who have used ayahuasca

1249

01:09:26,230 --> 01:09:22,310

which is actually the combination of two

1250

01:09:28,780 --> 01:09:26,240

different plants for spiritual reasons

1251

01:09:30,579 --> 01:09:28,790

or other reasons need to be forewarned

1252

01:09:33,130 --> 01:09:30,589

that there could be severe side effects

1253

01:09:34,990 --> 01:09:33,140

you can also have seizures and there's

1254

01:09:41,020 --> 01:09:35,000

many other possibilities regarding that

1255

01:09:46,450 --> 01:09:41,030

I wanted to move back on that we have

1256

01:09:51,070 --> 01:09:46,460

never seen the negative experiences more

1257

01:09:54,250 --> 01:09:51,080

on the human side particularly with

1258

01:09:58,270 --> 01:09:54,260

females that have gone down they've been

1259

01:10:01,330 --> 01:09:58,280

sometimes sexually violated one of the

1260

01:10:02,980 --> 01:10:01,340

problems with ayahuasca itself there are

1261

01:10:06,700 --> 01:10:02,990

certain things that are put in but each

1262

01:10:11,350 --> 01:10:06,710

shaman you know kind of has his own or

1263

01:10:14,170 --> 01:10:11,360

her own recipe and there's also a number

1264

01:10:16,180 --> 01:10:14,180

of different types of ayahuasca and use

1265

01:10:20,680 --> 01:10:16,190

for a different thing some do it for

1266

01:10:26,680 --> 01:10:20,690

vision some for healing some different

1267

01:10:30,490 --> 01:10:26,690

spiritual transformation so you don't

1268

01:10:31,630 --> 01:10:30,500

want to go into yeah my understanding is

1269

01:10:33,970 --> 01:10:31,640

you really want to do your homework

1270

01:10:35,680 --> 01:10:33,980

because it's gotten so popular now and

1271

01:10:38,050 --> 01:10:35,690

so many people are going down there

1272

01:10:39,610 --> 01:10:38,060

obviously yeah there's a lot of folks

1273

01:10:41,800 --> 01:10:39,620

looking to make a quick buck down there

1274

01:10:43,120 --> 01:10:41,810

who are just kind of jumping in they

1275

01:10:44,140 --> 01:10:43,130

really don't know what they're doing so

1276

01:10:47,530 --> 01:10:44,150

you really do have to do your homework

1277

01:10:49,450 --> 01:10:47,540

yeah and also if you feel like you can

1278

01:10:53,260 --> 01:10:49,460

contact somebody who's done this before

1279

01:10:56,770 --> 01:10:53,270

that might be helpful I wanted to bring

1280

01:10:59,230 --> 01:10:56,780

on the topic of Cleve Backster the

1281

01:11:00,790 --> 01:10:59,240

secret life of plants author which

1282

01:11:03,129 --> 01:11:00,800

started off as a field expert

1283

01:11:05,049 --> 01:11:03,139

is my understanding and he's the one who

1284

01:11:08,260 --> 01:11:05,059

also started the polygraph system as we

1285

01:11:11,530 --> 01:11:08,270

know it today he is was an interrogation

1286

01:11:13,330 --> 01:11:11,540

specialist for the CIA best known for

1287

01:11:16,120 --> 01:11:13,340

his experiments with plants using a

1288

01:11:18,100 --> 01:11:16,130

polygraph instrument in the 1960s which

1289

01:11:20,680 --> 01:11:18,110

led to a theory of primary perception

1290

01:11:24,939 --> 01:11:20,690

where he claimed that plants feel pain

1291

01:11:27,549 --> 01:11:24,949

and have extrasensory perception well

1292

01:11:29,950 --> 01:11:27,559

it's far far more complex than that and

1293

01:11:32,290 --> 01:11:29,960

by the way Cleveland who developed a

1294

01:11:34,330 --> 01:11:32,300

system that is still in use today in

1295

01:11:36,250 --> 01:11:34,340

zone comparison

1296

01:11:38,919 --> 01:11:36,260

he'd been above the counter intelligence

1297

01:11:41,979 --> 01:11:38,929

core before and then with the CIA when

1298

01:11:48,250 --> 01:11:41,989

they were first formed and created his

1299

01:11:53,680 --> 01:11:48,260

own following that's cool yeah we had

1300

01:11:55,979 --> 01:11:53,690

heard about that and we would clones and

1301

01:12:02,109 --> 01:11:55,989

I'm actually hitting on the contract

1302

01:12:03,609 --> 01:12:02,119

became a good friend instead of plants

1303

01:12:07,629 --> 01:12:03,619

where everything is are farther and that

1304

01:12:10,180 --> 01:12:07,639

is using all the leukocytes ie the white

1305

01:12:12,370 --> 01:12:10,190

cells from the mouth and we found that

1306

01:12:16,180 --> 01:12:12,380

you could monitor the emotional state of

1307

01:12:18,430 --> 01:12:16,190

an individual at considerable distances

1308

01:12:21,700 --> 01:12:18,440

don't know how far because you never

1309

01:12:27,549 --> 01:12:21,710

could figure that out and would almost

1310

01:12:29,200 --> 01:12:27,559

take the deep space X exploration to do

1311

01:12:32,859 --> 01:12:29,210

that because the speed at which the

1312

01:12:35,830 --> 01:12:32,869

informations being transferred but a

1313

01:12:38,890 --> 01:12:35,840

kind of an interesting one I had was a

1314

01:12:42,669 --> 01:12:38,900

guinea pig and for a number of these

1315

01:12:46,419 --> 01:12:42,679

tests we had one I let him screw around

1316

01:12:50,290 --> 01:12:46,429

we had a system whereby the white cells

1317

01:12:52,600 --> 01:12:50,300

are being monitored on a camera it's

1318

01:12:55,629 --> 01:12:52,610

showing up on a graph and then you would

1319

01:12:57,700 --> 01:12:55,639

use a split screen and you'd be able to

1320

01:12:59,439 --> 01:12:57,710

see what's going on and they meet it

1321

01:13:01,569 --> 01:12:59,449

environments they've got the picture and

1322

01:13:04,120 --> 01:13:01,579

the screen to go and then we actually

1323

01:13:06,479 --> 01:13:04,130

did it was split up three ways where I

1324

01:13:10,240 --> 01:13:06,489

was hooked up to a polygraph

1325

01:13:14,650 --> 01:13:10,250

screen that's going on and the graph

1326

01:13:17,530 --> 01:13:14,660

itself and what I found

1327

01:13:20,370 --> 01:13:17,540

I could beat the political fur but I

1328

01:13:24,720 --> 01:13:20,380

couldn't beat them the white selves

1329

01:13:27,220 --> 01:13:24,730

which was kind of an interesting trait

1330

01:13:29,920 --> 01:13:27,230

we did we had done quite a bit of work

1331

01:13:35,860 --> 01:13:29,930

of course encounter polygraph sorts more

1332

01:13:38,110 --> 01:13:35,870

technique but it was one of the original

1333

01:13:41,070 --> 01:13:38,120

pioneers in many of these areas and does

1334

01:13:44,440 --> 01:13:41,080

not get the credit then I think he

1335

01:13:46,600 --> 01:13:44,450

really deserves what was informational

1336

01:13:49,570 --> 01:13:46,610

to a mine including health club often

1337

01:13:52,030 --> 01:13:49,580

some of us folks people just don't know

1338

01:13:52,780 --> 01:13:52,040

that much about him become pretty

1339

01:13:55,840 --> 01:13:52,790

amazing

1340

01:13:58,420 --> 01:13:55,850

yes he was I wanted to move along to

1341

01:14:00,490 --> 01:13:58,430

your military experiences and

1342

01:14:03,280 --> 01:14:00,500

specifically wanted to talk to you about

1343

01:14:05,380 --> 01:14:03,290

one about a Vietcong minefield that had

1344

01:14:07,930 --> 01:14:05,390

an experience regarding a trip wire and

1345

01:14:12,250 --> 01:14:07,940

a landmine you mind sharing a little bit

1346

01:14:17,980 --> 01:14:12,260

more about that experience you had one

1347

01:14:19,810 --> 01:14:17,990

of these personal ones we know that we

1348

01:14:22,090 --> 01:14:19,820

we the military people in the military

1349

01:14:25,180 --> 01:14:22,100

know if you're in combat that there are

1350

01:14:27,580 --> 01:14:25,190

people who are more sensitive to the

1351

01:14:30,520 --> 01:14:27,590

surroundings and others called the point

1352

01:14:33,180 --> 01:14:30,530

man syndrome if you will with certain

1353

01:14:35,830 --> 01:14:33,190

guys are on point ie the guy going first

1354

01:14:39,340 --> 01:14:35,840

we tended to be safe because they would

1355

01:14:43,240 --> 01:14:39,350

be alert to danger and other people will

1356

01:14:45,040 --> 01:14:43,250

just kind of bump along you know trigger

1357

01:14:50,970 --> 01:14:45,050

those ambushes and whatnot this

1358

01:14:59,530 --> 01:14:55,270

patrol and got into the area that turned

1359

01:15:01,750 --> 01:14:59,540

out to be mined and so they spun that so

1360

01:15:06,430 --> 01:15:01,760

on anyway the point was that I was

1361

01:15:09,310 --> 01:15:06,440

backing up and so I'm not watching where

1362

01:15:12,550 --> 01:15:09,320

I'm going obviously and all of a sudden

1363

01:15:16,690 --> 01:15:12,560

just stopped and sure enough across the

1364

01:15:21,010 --> 01:15:16,700

back of my heel was a tripwire that have

1365

01:15:22,660 --> 01:15:21,020

already started to pull and fortunately

1366

01:15:25,089 --> 01:15:22,670

didn't go offer we probably wouldn't

1367

01:15:29,020 --> 01:15:25,099

have this conversation

1368

01:15:31,240 --> 01:15:29,030

I wanted to also ask you about a certain

1369

01:15:33,850 --> 01:15:31,250

topic that Frank and I have studied I'm

1370

01:15:37,290 --> 01:15:33,860

sorry covered extensively on our show

1371

01:15:41,859 --> 01:15:37,300

and that is the intelligence community

1372

01:15:43,830 --> 01:15:41,869

wanted to ask you how you feel about the

1373

01:15:46,810 --> 01:15:43,840

topic of the intelligence community

1374

01:15:55,270 --> 01:15:46,820

disseminating disinformation do you have

1375

01:15:57,729 --> 01:15:55,280

a perspective on that first of all I

1376

01:15:59,500 --> 01:15:57,739

don't think almost any civilians out

1377

01:16:03,189 --> 01:15:59,510

there understand the intelligence

1378

01:16:07,990 --> 01:16:03,199

community in with and what it does and

1379

01:16:11,740 --> 01:16:08,000

what the complexities are there are you

1380

01:16:15,580 --> 01:16:11,750

know disinformation you do at times try

1381

01:16:19,600 --> 01:16:15,590

to convince particularly an adversary

1382

01:16:21,790 --> 01:16:19,610

that you're you may be doing something

1383

01:16:25,859 --> 01:16:21,800

or not doing something and provide them

1384

01:16:30,430 --> 01:16:25,869

information that takes a long direction

1385

01:16:34,330 --> 01:16:30,440

a lot of issues in cover story it gets

1386

01:16:37,020 --> 01:16:34,340

into very very sensitive areas because

1387

01:16:39,490 --> 01:16:37,030

you really don't like to use them I

1388

01:16:41,649 --> 01:16:39,500

mentioned when we talked yesterday I was

1389

01:16:45,010 --> 01:16:41,659

also had gone to a psychological

1390

01:16:47,680 --> 01:16:45,020

approach in school and you talk about

1391

01:16:53,530 --> 01:16:47,690

you know white black and gray

1392

01:16:55,990 --> 01:16:53,540

psyops and the problem with black psyops

1393

01:16:59,560 --> 01:16:56,000

if you will is he almost always comes

1394

01:17:02,229 --> 01:16:59,570

back and bite you and you've got to

1395

01:17:06,250 --> 01:17:02,239

before you do things like that you've

1396

01:17:08,439 --> 01:17:06,260

got to think about the consequences not

1397

01:17:11,620 --> 01:17:08,449

just immediately but you know what's

1398

01:17:15,040 --> 01:17:11,630

going to happen in the future

1399

01:17:17,439 --> 01:17:15,050

CIA had gotten in trouble men you know

1400

01:17:21,490 --> 01:17:17,449

number of years ago where they were

1401

01:17:26,470 --> 01:17:21,500

planting stories outside the US but the

1402

01:17:29,800 --> 01:17:26,480

problem was that it was getting into the

1403

01:17:37,209 --> 01:17:29,810

American press cycle and is technically

1404

01:17:43,669 --> 01:17:37,219

illegal to use black psyops

1405

01:17:47,290 --> 01:17:43,679

American citizens say things don't don't

1406

01:17:50,150 --> 01:17:47,300

happen fire more what you find is

1407

01:17:54,140 --> 01:17:50,160

misunderstanding the actual data as

1408

01:17:56,840 --> 01:17:54,150

opposed to intentionally misleading

1409

01:17:58,820 --> 01:17:56,850

folks with I don't you want to do

1410

01:18:02,810 --> 01:17:58,830

chemtrails or something that happens to

1411

01:18:06,970 --> 01:18:02,820

pop in the mind I just did a program DEP

1412

01:18:11,180 --> 01:18:06,980

miss log on that and they got gained and

1413

01:18:13,330 --> 01:18:11,190

recently as today the people they were

1414

01:18:16,610 --> 01:18:13,340

pictures and saying although that's

1415

01:18:19,189 --> 01:18:16,620

chemtrails you know it's station and

1416

01:18:23,060 --> 01:18:19,199

people say well it must dissipate

1417

01:18:27,439 --> 01:18:23,070

quickly and all that no very the time

1418

01:18:31,640 --> 01:18:27,449

and it is one of the it was very

1419

01:18:34,010 --> 01:18:31,650

interesting phenomena to me not because

1420

01:18:36,410 --> 01:18:34,020

the chemtrails themselves and by the way

1421

01:18:39,050 --> 01:18:36,420

to do any of the things that are

1422

01:18:42,200 --> 01:18:39,060

proposed you're probably talking

1423

01:18:47,479 --> 01:18:42,210

hundreds of thousands of people that

1424

01:18:50,870 --> 01:18:47,489

would have to be involved and but it's

1425

01:18:53,000 --> 01:18:50,880

more interesting as to I would not have

1426

01:18:59,510 --> 01:18:53,010

run invariant telling these people who

1427

01:19:03,080 --> 01:18:59,520

are absolutely convinced is real so the

1428

01:19:07,310 --> 01:19:03,090

interesting facet to me is the

1429

01:19:10,160 --> 01:19:07,320

complexity human belief as opposed to

1430

01:19:12,890 --> 01:19:10,170

you know local intervention from the sky

1431

01:19:17,990 --> 01:19:12,900

which by the way it would be a terrible

1432

01:19:21,620 --> 01:19:18,000

way to introduce chemicals or some kind

1433

01:19:23,930 --> 01:19:21,630

of it I wanted to ask you about a

1434

01:19:26,630 --> 01:19:23,940

certain topic that is called non-lethal

1435

01:19:28,340 --> 01:19:26,640

weapons can you fill us in a little bit

1436

01:19:31,880 --> 01:19:28,350

on that topic because not a lot of

1437

01:19:35,360 --> 01:19:31,890

people know about it yeah actually they

1438

01:19:39,380 --> 01:19:35,370

do that maybe not quite nothing I mean

1439

01:19:39,770 --> 01:19:39,390

also almost everybody knows about tasers

1440

01:19:50,650 --> 01:19:39,780

or

1441

01:19:56,590 --> 01:19:50,660

within that and that certainly I'm a

1442

01:19:59,290 --> 01:19:56,600

woman crowd control I wrote future war

1443

01:20:01,780 --> 01:19:59,300

which was the first book because this is

1444

01:20:04,510 --> 01:20:01,790

a topic that I developed from a military

1445

01:20:08,040 --> 01:20:04,520

perspective I was the first one to do it

1446

01:20:10,660 --> 01:20:08,050

my first book that was out there and

1447

01:20:14,020 --> 01:20:10,670

that's sort of what I call the low end

1448

01:20:16,690 --> 01:20:14,030

stuff the high end would be how do you

1449

01:20:19,240 --> 01:20:16,700

take on like complex target set like a

1450

01:20:23,170 --> 01:20:19,250

nation-state and reduce the

1451

01:20:25,540 --> 01:20:23,180

infrastructure so that you can impose

1452

01:20:27,670 --> 01:20:25,550

your will what I say you know many

1453

01:20:30,400 --> 01:20:27,680

people think that war is about killing

1454

01:20:34,060 --> 01:20:30,410

and I say no war is about in position

1455

01:20:38,530 --> 01:20:34,070

will and killing people will can be

1456

01:20:41,200 --> 01:20:38,540

detrimental in the long run a LeMans

1457

01:20:45,700 --> 01:20:41,210

example where you have big families with

1458

01:20:48,880 --> 01:20:45,710

long memories and you really don't want

1459

01:20:51,760 --> 01:20:48,890

to actuate a cycle of violence on the

1460

01:20:55,330 --> 01:20:51,770

other hand you do want to be able to on

1461

01:20:57,610 --> 01:20:55,340

occasion impose will and if I want to

1462

01:21:00,210 --> 01:20:57,620

disable the country then going after the

1463

01:21:04,110 --> 01:21:00,220

infrastructure there's a way to do that

1464

01:21:07,330 --> 01:21:04,120

but a critical aspect of that is that

1465

01:21:09,490 --> 01:21:07,340

yeah I want to be able to bring down you

1466

01:21:13,000 --> 01:21:09,500

know electrical grid for a lot of talk

1467

01:21:17,110 --> 01:21:13,010

now about of course computers and things

1468

01:21:18,850 --> 01:21:17,120

of that nature but the critical issue is

1469

01:21:20,740 --> 01:21:18,860

being able to bring it back up again

1470

01:21:25,630 --> 01:21:20,750

because you don't want to have secondary

1471

01:21:32,280 --> 01:21:25,640

or tertiary casualties do you consider

1472

01:21:34,960 --> 01:21:32,290

disinformation a non-lethal weapon okay

1473

01:21:37,530 --> 01:21:34,970

um John I wanted to bring up John

1474

01:21:40,660 --> 01:21:37,540

Hutchison and the controversial

1475

01:21:43,360 --> 01:21:40,670

Hutchinson effect I guess George

1476

01:21:45,040 --> 01:21:43,370

Hathaway and another Canadian showed you

1477

01:21:47,350 --> 01:21:45,050

a film that was really weird regarding

1478

01:21:49,240 --> 01:21:47,360

Hutchinson's work and he had looked at

1479

01:21:52,120 --> 01:21:49,250

Hutchinson had looked at the work of

1480

01:21:53,680 --> 01:21:52,130

Nikola Tesla and my understanding is he

1481

01:21:55,540 --> 01:21:53,690

noticed what was on the workbench of

1482

01:21:56,390 --> 01:21:55,550

Tesla and tried to replicate what he had

1483

01:21:59,270 --> 01:21:56,400

among others

1484

01:22:01,669 --> 01:21:59,280

and went from there and when he looked

1485

01:22:04,340 --> 01:22:01,679

at that film regarding Hutchinson's

1486

01:22:07,370 --> 01:22:04,350

effect there were items Levitz leading

1487

01:22:09,950 --> 01:22:07,380

accelerating filling a range of effects

1488

01:22:12,080 --> 01:22:09,960

and then you paid them to recreate the

1489

01:22:14,290 --> 01:22:12,090

situation but it was a nightmare of a

1490

01:22:18,800 --> 01:22:14,300

project is that correct

1491

01:22:24,500 --> 01:22:18,810

no entirely but most of the prop was

1492

01:22:27,560 --> 01:22:24,510

that it was the discovery was you know

1493

01:22:29,720 --> 01:22:27,570

kind of accidental and B are various

1494

01:22:31,910 --> 01:22:29,730

versions and George and I have talked

1495

01:22:37,399 --> 01:22:31,920

about that clear and so on the

1496

01:22:40,010 --> 01:22:37,409

explanation I got from John and he's

1497

01:22:42,500 --> 01:22:40,020

terribly complex fellow and certainly

1498

01:22:46,850 --> 01:22:42,510

doing something we have no idea what it

1499

01:22:52,790 --> 01:22:46,860

is but it's certainly real effects but

1500

01:22:56,390 --> 01:22:52,800

this late seventies is some sometime in

1501
01:22:58,850 --> 01:22:56,400
their early eighties and the length that

1502
01:23:00,620 --> 01:22:58,860
he was living in Vancouver and you're

1503
01:23:04,220 --> 01:23:00,630
right about how he was going about

1504
01:23:07,610 --> 01:23:04,230
things but he likes Sparks and he would

1505
01:23:10,220 --> 01:23:07,620
have Tesla coils and Jacob's Ladder and

1506
01:23:12,820 --> 01:23:10,230
he'd like to sit there and again the

1507
01:23:16,010 --> 01:23:12,830
story told me sitting there in the dark

1508
01:23:18,890 --> 01:23:16,020
watching Sparks and something hits him

1509
01:23:20,780 --> 01:23:18,900
and so he picks it up and throws it back

1510
01:23:23,720 --> 01:23:20,790
across the room and it flies out and

1511
01:23:25,490 --> 01:23:23,730
hits him again and that's when he

1512
01:23:30,919 --> 01:23:25,500
discovered there was some kind of field

1513
01:23:32,930 --> 01:23:30,929

being generated that led to which film

1514

01:23:35,780 --> 01:23:32,940

you've seen there are quite a few out

1515

01:23:39,020 --> 01:23:35,790

there but the original one we saw I had

1516

01:23:42,050 --> 01:23:39,030

things like he's dead locating and all

1517

01:23:45,290 --> 01:23:42,060

that and one of the issues was weren't

1518

01:23:51,380 --> 01:23:45,300

all metal so wasn't is a electromagnetic

1519

01:23:55,820 --> 01:23:51,390

effect per se one one I remember the two

1520

01:23:58,459 --> 01:23:55,830

pieces of wood with a retro file in it

1521

01:24:01,939 --> 01:23:58,469

and for people who know that's a file

1522

01:24:04,280 --> 01:24:01,949

it's probably about its round as your

1523

01:24:07,070 --> 01:24:04,290

little finger and was running across

1524

01:24:09,860 --> 01:24:07,080

between the two pieces of wood and what

1525

01:24:14,230 --> 01:24:09,870

you see is the file

1526
01:24:17,270 --> 01:24:14,240
turn and glows and all of a sudden just

1527
01:24:23,540 --> 01:24:17,280
disintegrates just like the filament in

1528
01:24:26,360 --> 01:24:23,550
a old light bulb if you will and Alex

1529
01:24:30,530 --> 01:24:26,370
Pizarro was the guy who was helping in

1530
01:24:34,640 --> 01:24:30,540
Thailand said they reach in Italy after

1531
01:24:37,010 --> 01:24:34,650
this and it cold even look like it had

1532
01:24:41,120 --> 01:24:37,020
extreme heat and we also know there was

1533
01:24:43,400 --> 01:24:41,130
no scorching of the would think so one

1534
01:24:47,960 --> 01:24:43,410
of the problems was that there was those

1535
01:24:54,160 --> 01:24:47,970
wire injure effects and just couldn't

1536
01:24:56,810 --> 01:24:54,170
control it I did fun job to replicate

1537
01:24:59,590 --> 01:24:56,820
what he had done he got you got kicked

1538
01:25:02,210 --> 01:24:59,600

out a lot of things that was happening

1539

01:25:07,190 --> 01:25:02,220

again the old days where you know TV

1540

01:25:10,640 --> 01:25:07,200

went through the air oh my and he was

1541

01:25:15,260 --> 01:25:10,650

doing these things in the basement of a

1542

01:25:20,150 --> 01:25:15,270

residential area and TV watchers were

1543

01:25:23,410 --> 01:25:20,160

not amused that's amazing I wanted to

1544

01:25:26,270 --> 01:25:23,420

also mention something interesting about

1545

01:25:29,960 --> 01:25:26,280

John Hutchinson and my understanding is

1546

01:25:32,510 --> 01:25:29,970

that John still to this day according to

1547

01:25:35,090 --> 01:25:32,520

you has strange things happen him some

1548

01:25:36,620 --> 01:25:35,100

of the material you saw also from him

1549

01:25:39,110 --> 01:25:36,630

was from the junkyard that he acquired

1550

01:25:41,630 --> 01:25:39,120

made from various materials and some of

1551
01:25:43,850 --> 01:25:41,640
these materials were pulverized another

1552
01:25:48,470 --> 01:25:43,860
lit up and instead of it the object

1553
01:25:52,730 --> 01:25:48,480
being white hot it was cold well one of

1554
01:25:57,080 --> 01:25:52,740
the things there was one very drive

1555
01:26:01,940 --> 01:25:57,090
shaft yeah I remember this guy was on

1556
01:26:04,760 --> 01:26:01,950
poverty wages and his approach was a

1557
01:26:09,620 --> 01:26:04,770
little big load of junk shops and pick

1558
01:26:13,250 --> 01:26:09,630
up stuff and and so this is generally

1559
01:26:15,320 --> 01:26:13,260
you know my high quality thing again we

1560
01:26:18,590 --> 01:26:15,330
remember we're talking nineteen eighties

1561
01:26:20,840 --> 01:26:18,600
who fall quite a bit since then but what

1562
01:26:23,330 --> 01:26:20,850
I'm gonna say is they had a drive shaft

1563
01:26:27,859 --> 01:26:23,340

that was exposed to the

1564

01:26:31,939 --> 01:26:27,869

feel and took at the BC Hydro to be

1565

01:26:35,540 --> 01:26:31,949

tested and the same piece of tested as

1566

01:26:40,189 --> 01:26:35,550

case hardened steel at one and softest

1567

01:26:43,300 --> 01:26:40,199

LED on the other and so obviously ten at

1568

01:26:45,560 --> 01:26:43,310

P BC that literally pulverized and

1569

01:26:50,390 --> 01:26:45,570

disappeared you had all the things that

1570

01:26:54,109 --> 01:26:50,400

fly out yeah but there was at least that

1571

01:26:56,240 --> 01:26:54,119

point of no single effect and again the

1572

01:26:59,839 --> 01:26:56,250

lack of control and the ability to study

1573

01:27:01,850 --> 01:26:59,849

it it almost sounds like you know when

1574

01:27:06,500 --> 01:27:01,860

we talked about earlier the precognitive

1575

01:27:09,890 --> 01:27:06,510

shake it just kept morphing that is

1576

01:27:11,629 --> 01:27:09,900

fascinating i wanted to also we're gonna

1577

01:27:13,339 --> 01:27:11,639

wrap this up here but i wanted to let

1578

01:27:15,200 --> 01:27:13,349

everybody know a little bit about

1579

01:27:17,419 --> 01:27:15,210

yourself just a little bit more and that

1580

01:27:20,030 --> 01:27:17,429

is that you are a retired senior

1581

01:27:22,550 --> 01:27:20,040

military officer with 32 years

1582

01:27:24,500 --> 01:27:22,560

experience and a proponent of military

1583

01:27:26,899 --> 01:27:24,510

interest in the paranormal you're the

1584

01:27:29,870 --> 01:27:26,909

author of reality denied with a foreword

1585

01:27:31,399 --> 01:27:29,880

by regular Huli person frank and i have

1586

01:27:35,270 --> 01:27:31,409

had the pleasure you know you're

1587

01:27:37,669 --> 01:27:35,280

interviewing and your other books future

1588

01:27:40,430 --> 01:27:37,679

war with the foreword by Tom Clancy and

1589

01:27:43,790 --> 01:27:40,440

also UFOs myths conspiracies and

1590

01:27:45,979 --> 01:27:43,800

realities and in 89 you authored the new

1591

01:27:48,649 --> 01:27:45,989

mental battlefield published in military

1592

01:27:50,870 --> 01:27:48,659

review a science related journal we are

1593

01:27:54,100 --> 01:27:50,880

so grateful you came on our show today

1594

01:27:55,459 --> 01:27:54,110

John thank you thanks so much thank you

1595

01:27:57,649 --> 01:27:55,469

thank you

1596

01:27:59,479 --> 01:27:57,659

my understanding by the way is that you

1597

01:28:01,520 --> 01:27:59,489

do have an interview tomorrow do you

1598

01:28:03,589 --> 01:28:01,530

mind mentioning or who that will be with

1599

01:28:08,899 --> 01:28:03,599

and what time it will be out so folks

1600

01:28:12,290 --> 01:28:08,909

can tune in local as ke NPR the national

1601
01:28:14,120 --> 01:28:12,300
NPR station George Knapp and I at nine

1602
01:28:17,330 --> 01:28:14,130
o'clock the program called state of

1603
01:28:21,229 --> 01:28:17,340
Nevada and remember you talk about UFOs

1604
01:28:22,939 --> 01:28:21,239
again that's fantastic wonderful well we

1605
01:28:24,950 --> 01:28:22,949
really appreciate your discretionary

1606
01:28:26,870 --> 01:28:24,960
time and we look forward to having the

1607
01:28:30,709 --> 01:28:26,880
opportunity to interviewing you in the

1608
01:28:33,589 --> 01:28:30,719
future yeah thank you no thank you very

1609
01:28:36,439 --> 01:28:33,599
much thanks John and that's it for

1610
01:28:38,870 --> 01:28:36,449
tonight everybody yeah and we will be
