

STEVE BASSETT

DISCUSSES THE TRUMP-STEPHANOPOULOS INTERVIEW, THE UP TO THE MINUTE UFO SITUATION AND HOW THE MEDIA IS COVERING IT . . . FOR BETTER OR WORSE

UFONN
SUNDAY

1
00:01:17,230 --> 00:00:17,540

[Music]

2
00:01:23,270 --> 00:01:20,840

and good afternoon from Philadelphia

3
00:01:25,460 --> 00:01:23,280

Frank here with another edition of UFO

4
00:01:27,440 --> 00:01:25,470

news network Sunday on a Sunday and

5
00:01:30,230 --> 00:01:27,450

sometimes it is better to be lucky than

6
00:01:31,790 --> 00:01:30,240

good and I think we're lucky today to

7
00:01:44,770 --> 00:01:31,800

have our special guests along with us

8
00:01:44,780 --> 00:02:48,020

[Music]

9
00:03:00,920 --> 00:02:56,370

thanks for coming on Stevie there yeah

10
00:03:10,590 --> 00:03:04,580

yeah

11
00:03:13,710 --> 00:03:10,600

going to be a full one-hour special on

12
00:03:15,300 --> 00:03:13,720

ABC network tonight featuring a full

13
00:03:18,180 --> 00:03:15,310

hour interview between George

14

00:03:19,470 --> 00:03:18,190

Stephanopoulos and our president Donald

15

00:03:21,330 --> 00:03:19,480

Trump I don't think that we have to go

16

00:03:23,730 --> 00:03:21,340

into too much detail on who is for the

17

00:03:25,290 --> 00:03:23,740

listeners and one of the topics it's

18

00:03:27,470 --> 00:03:25,300

going to be covered and we've already

19

00:03:31,140 --> 00:03:27,480

seen a bit of a snippet from this is

20

00:04:57,119 --> 00:03:31,150

UFOs as Steve this is a maybe historic

21

00:05:01,240 --> 00:04:59,140

from that era the proctor fell

22

00:05:02,649 --> 00:05:01,250

initiative which is very important and

23

00:05:05,860 --> 00:05:02,659

there's plenty of information about our

24

00:05:07,749 --> 00:05:05,870

net on the net that that Podesta spoke

25

00:05:11,679 --> 00:05:07,759

to the issue at the National Press Club

26

00:05:14,760 --> 00:05:11,689

October 22nd in 2002 so that's like but

27

00:05:17,649 --> 00:05:14,770

five years after cleaning leaves office

28

00:05:19,149 --> 00:05:17,659

but after he left the White House

29

00:05:22,540 --> 00:05:19,159

Kenneth innopolis went right to the news

30

00:05:25,089 --> 00:05:22,550

and ABC News and quickly was a big

31

00:05:26,740 --> 00:05:25,099

player there and the rose to to be one

32

00:05:29,230 --> 00:05:26,750

of their top absolute top people he made

33

00:05:31,659 --> 00:05:29,240

me in charge the news I'm not sure where

34

00:05:36,010 --> 00:05:31,669

he has been since 1997 so we're talking

35

00:05:37,360 --> 00:05:36,020

what 22 years now all that time George

36

00:05:39,730 --> 00:05:37,370

Stephanopoulos knew about the

37

00:05:43,029 --> 00:05:39,740

Rockefeller initiative he knew what

38

00:05:44,350 --> 00:05:43,039

happened back then he knew that there

39

00:05:46,089 --> 00:05:44,360
was a serious effort to try to get

40

00:05:48,760 --> 00:05:46,099
things out he knew that his boss was

41

00:05:54,510 --> 00:05:48,770
stonewalled and so forth then during the

42

00:05:57,070 --> 00:05:54,520
campaign of 2016 to 2018 sorry

43

00:05:58,709 --> 00:05:57,080
2014 15 and 16 you know our campaigns

44

00:06:03,939 --> 00:05:58,719
are long these days but the campaign

45

00:06:07,149 --> 00:06:03,949
2015/2016 his his former boss's wife is

46

00:06:08,800 --> 00:06:07,159
running for the Presidency and I went to

47

00:06:10,930 --> 00:06:08,810
Washington and started working the story

48

00:06:12,850 --> 00:06:10,940
heavily and started generating news

49

00:06:14,110 --> 00:06:12,860
stories about the fact that there's a

50

00:06:16,779 --> 00:06:14,120
strong connection between Hillary

51
00:06:21,010 --> 00:06:16,789
Clinton and her political team her

52
00:06:22,570 --> 00:06:21,020
husband and so forth Podesta to the e.t

53
00:06:24,490 --> 00:06:22,580
issue and she's running for presidents

54
00:06:25,809 --> 00:06:24,500
leading candidate and by god she

55
00:06:26,619 --> 00:06:25,819
probably should be talking about that

56
00:06:28,749 --> 00:06:26,629
but they didn't want it they weren't

57
00:06:31,600 --> 00:06:28,759
going to talk about it but I got the

58
00:06:33,909 --> 00:06:31,610
news story in play and I had my I had a

59
00:06:35,290 --> 00:06:33,919
publicist is working for me she's one of

60
00:06:37,240 --> 00:06:35,300
the top people in town she knows

61
00:06:38,680 --> 00:06:37,250
everybody we got that story going and

62
00:06:41,529 --> 00:06:38,690
once he got going it took off and

63
00:06:44,249 --> 00:06:41,539

eventually 400 articles were written

64

00:06:46,809 --> 00:06:44,259

about her connection to the et issue

65

00:06:48,610 --> 00:06:46,819

that put enough pressure on them that

66

00:06:50,740 --> 00:06:48,620

she spoke to the issue a number of times

67

00:06:53,709 --> 00:06:50,750

in controlled settings so did her

68

00:06:55,570 --> 00:06:53,719

husband so did Podesta I think 11 times

69

00:06:58,180 --> 00:06:55,580

total I mean some of these were tweets

70

00:06:59,260 --> 00:06:58,190

still and that generated more news

71

00:07:00,969 --> 00:06:59,270

that's what helped to drive the news

72

00:07:03,010 --> 00:07:00,979

coverage they didn't want to do that

73

00:07:03,370 --> 00:07:03,020

they wanted to stay completely low until

74

00:07:05,050 --> 00:07:03,380

she got

75

00:07:07,450 --> 00:07:05,060

the white house which point she was

76

00:07:09,940 --> 00:07:07,460

going to disclose and during that entire

77

00:07:14,220 --> 00:07:09,950

two years George Stephanopoulos over at

78

00:07:16,090 --> 00:07:14,230

ABC News knowing the whole history never

79

00:07:18,300 --> 00:07:16,100

interviewed them or asked them a

80

00:07:21,670 --> 00:07:18,310

question about it even when he was a

81

00:07:25,540 --> 00:07:21,680

debate moderator he didn't bring it up

82

00:07:27,700 --> 00:07:25,550

Wow hey I guess he didn't think about

83

00:07:30,250 --> 00:07:27,710

the extra-terrestrial issue her

84

00:07:32,020 --> 00:07:30,260

connection to it the national security

85

00:07:37,000 --> 00:07:32,030

implications was sufficient enough to be

86

00:07:38,350 --> 00:07:37,010

news so then she loses and then then she

87

00:07:40,180 --> 00:07:38,360

in her husband and Podesta do not

88

00:07:42,490 --> 00:07:40,190

basically stay away from this issue but

89

00:07:43,920 --> 00:07:42,500

best is now getting back into it because

90

00:07:46,510 --> 00:07:43,930

things are moving along very quickly

91

00:07:48,190 --> 00:07:46,520

again Stephon office does nothing until

92

00:07:53,650 --> 00:07:48,200

finally he brings up the question to

93

00:07:57,940 --> 00:07:53,660

Donald Trump so I have to be I don't

94

00:07:58,900 --> 00:07:57,950

like to be a cynic but I would love to

95

00:08:01,090 --> 00:07:58,910

have lunch with George Stephanopoulos

96

00:08:07,690 --> 00:08:01,100

which I assure you will never happen and

97

00:08:09,700 --> 00:08:07,700

say George can we review the last 24

98

00:08:13,630 --> 00:08:09,710

years if you don't mind because I'm a

99

00:08:15,940 --> 00:08:13,640

little confused about your approach to

100

00:08:18,990 --> 00:08:15,950

this issue and your role as a top

101
00:08:22,450 --> 00:08:19,000
journalist in America in any event

102
00:08:27,190 --> 00:08:22,460
Donald Trump basically said he'd been

103
00:08:29,260 --> 00:08:27,200
briefed apparently about the recent big

104
00:08:30,970 --> 00:08:29,270
story that evolved from the New York

105
00:08:32,560 --> 00:08:30,980
Times articles the to the Stars Academy

106
00:08:36,100 --> 00:08:32,570
mostly about the Navy pilots Browne he

107
00:08:38,170 --> 00:08:36,110
didn't told something he was asked if he

108
00:08:41,730 --> 00:08:38,180
let the UFO exit trust your life he said

109
00:08:45,460 --> 00:08:41,740
he didn't think so or he doesn't know

110
00:08:47,680 --> 00:08:45,470
and I think that's about it I'm not

111
00:08:51,670 --> 00:08:47,690
surprised at that answer I think it's

112
00:08:53,200 --> 00:08:51,680
going to generate some media a little

113
00:08:53,880 --> 00:08:53,210

bit but I don't think it's gonna go

114

00:08:57,490 --> 00:08:53,890

anywhere

115

00:08:59,590 --> 00:08:57,500

but it might it's it's hard to predict

116

00:09:01,840 --> 00:08:59,600

on something like this he did make a

117

00:09:06,310 --> 00:09:01,850

statement but it was a contrary

118

00:09:07,780 --> 00:09:06,320

statement basically and has and there's

119

00:09:08,890 --> 00:09:07,790

no indication he has been given a full

120

00:09:11,550 --> 00:09:08,900

briefing on this issue

121

00:09:14,860 --> 00:09:11,560

I'm obviously certain that is not happen

122

00:09:16,990 --> 00:09:14,870

so we'll have to wait and see on this

123

00:09:19,570 --> 00:09:17,000

Steve what makes you certain about

124

00:09:20,800 --> 00:09:19,580

that certain about what what you just

125

00:09:23,530 --> 00:09:20,810

said that he hasn't been given a full

126

00:09:26,610 --> 00:09:23,540

briefing if he had been given a full

127

00:09:29,310 --> 00:09:26,620

briefing on the extra-terrestrial issue

128

00:09:32,770 --> 00:09:29,320

there'd be indications there would be

129

00:09:37,630 --> 00:09:32,780

the entire Washington DC now is a giant

130

00:09:39,460 --> 00:09:37,640

leaking sieve everything comes out here

131

00:09:41,680 --> 00:09:39,470

there and everywhere else if he had been

132

00:09:43,510 --> 00:09:41,690

given a heavy briefing on that they we

133

00:09:45,220 --> 00:09:43,520

would have found out and then there's

134

00:09:46,690 --> 00:09:45,230

the case that based upon everything I

135

00:09:48,550 --> 00:09:46,700

know about the current situation it's

136

00:09:49,930 --> 00:09:48,560

inconceivable to me that the the White

137

00:09:51,250 --> 00:09:49,940

House that the military intelligence

138

00:09:53,530 --> 00:09:51,260

complex would have given him a full

139

00:09:54,940 --> 00:09:53,540

briefing so hundred percent certain no

140

00:09:59,530 --> 00:09:54,950

let's just go with ninety-nine point

141

00:10:02,290 --> 00:09:59,540

nine eight okay okay got it and the the

142

00:10:03,550 --> 00:10:02,300

meeting that he had on it is there any

143

00:10:06,430 --> 00:10:03,560

way of finding out who might have been

144

00:10:08,110 --> 00:10:06,440

there it could have been nothing more

145

00:10:09,610 --> 00:10:08,120

than he's supposed to get some

146

00:10:11,770 --> 00:10:09,620

television spree things every day he

147

00:10:13,690 --> 00:10:11,780

doesn't doesn't take them all right I

148

00:10:16,300 --> 00:10:13,700

don't know how many he gets if in any

149

00:10:18,400 --> 00:10:16,310

net I don't know but somebody he has a

150

00:10:20,440 --> 00:10:18,410

National Security Advisor somebody let

151
00:10:22,720 --> 00:10:20,450
him know that there's these news stories

152
00:10:26,470 --> 00:10:22,730
out there about Navy pilots reporting

153
00:10:28,329 --> 00:10:26,480
seeing events and also that the Navy had

154
00:10:29,710 --> 00:10:28,339
made an adjustment to the protocols on

155
00:10:32,040 --> 00:10:29,720
reporting something like that and

156
00:10:35,140 --> 00:10:32,050
probably not much more than that

157
00:10:38,200 --> 00:10:35,150
so so some resources may jump on this

158
00:10:40,780 --> 00:10:38,210
and really push it that's their that's

159
00:10:42,760 --> 00:10:40,790
their prerogative from the standpoint of

160
00:10:44,710 --> 00:10:42,770
the disclosure process right now I don't

161
00:10:47,620 --> 00:10:44,720
see it there's much more there's much

162
00:10:50,950 --> 00:10:47,630
bigger much bigger things happening than

163
00:10:52,840 --> 00:10:50,960

that okay and that one thing that I did

164

00:10:55,390 --> 00:10:52,850

like about what he did have to say was

165

00:10:58,180 --> 00:10:55,400

well I think my great pilots would know

166

00:11:00,160 --> 00:10:58,190

our great pilots would know so he seems

167

00:11:02,079 --> 00:11:00,170

to be backing the witnesses there I like

168

00:11:04,960 --> 00:11:02,089

that I like that in the statement yeah

169

00:11:09,130 --> 00:11:04,970

that's a that's a that's a that's a

170

00:11:10,420 --> 00:11:09,140

positive and but then when asked about

171

00:11:12,970 --> 00:11:10,430

the extraterrestrial life issue

172

00:11:14,020 --> 00:11:12,980

he basically throws out a negative in

173

00:11:14,650 --> 00:11:14,030

other words he doesn't have a position

174

00:11:17,260 --> 00:11:14,660

on this

175

00:11:19,240 --> 00:11:17,270

he doesn't have knowledge about this he

176

00:11:23,790 --> 00:11:19,250

doesn't have a view about this this is

177

00:11:28,210 --> 00:11:23,800

not on his his list of things that that

178

00:11:29,490 --> 00:11:28,220

compel him and if that changes well I'm

179

00:11:31,890 --> 00:11:29,500

sure we'll be having to discuss

180

00:11:34,320 --> 00:11:31,900

about that in the future got it so

181

00:11:36,510 --> 00:11:34,330

that'll be at 8 o'clock tonight and do

182

00:11:39,120 --> 00:11:36,520

you have any word on if this particular

183

00:11:42,060 --> 00:11:39,130

topic goes deeper because I think this

184

00:11:45,060 --> 00:11:42,070

snippet was basically a teaser for the

185

00:11:47,310 --> 00:11:45,070

full one-hour interview do we know or

186

00:11:49,560 --> 00:11:47,320

not know that it goes any further than

187

00:11:51,330 --> 00:11:49,570

that just the little teaser that we've

188

00:11:53,790 --> 00:11:51,340

already seen or you think they're gonna

189

00:11:56,160 --> 00:11:53,800

go into a little bit more depth there we

190

00:11:57,810 --> 00:11:56,170

don't know I'm gonna put my money on

191

00:11:58,410 --> 00:11:57,820

that there's almost nothing very little

192

00:12:00,810 --> 00:11:58,420

more than that

193

00:12:02,850 --> 00:12:00,820

it's a very brief thing okay probably

194

00:12:04,410 --> 00:12:02,860

came and they always come right at the

195

00:12:07,140 --> 00:12:04,420

end of an interview it's always like the

196

00:12:09,150 --> 00:12:07,150

last thing that they do okay we're about

197

00:12:12,410 --> 00:12:09,160

done now and then just one more thing

198

00:12:15,750 --> 00:12:12,420

what do you think about exit dressing

199

00:12:18,450 --> 00:12:15,760

comes earlier than that I'd be I'd be

200

00:12:21,450 --> 00:12:18,460

intrigued but again I invite people as

201
00:12:25,200 --> 00:12:21,460
they watch this interview to understand

202
00:12:30,060 --> 00:12:25,210
George Stephanopoulos top journalist and

203
00:12:32,220 --> 00:12:30,070
ABC News has sat on the et Clinton

204
00:12:37,680 --> 00:12:32,230
connection doing nothing saying nothing

205
00:12:39,420 --> 00:12:37,690
doing no reporting for 20 basically 23

206
00:12:41,730 --> 00:12:39,430
well now that's not true since he became

207
00:12:45,210 --> 00:12:41,740
you went to the news of 97 so we're

208
00:12:47,910 --> 00:12:45,220
talking for 22 years and so now he

209
00:12:51,480 --> 00:12:47,920
brings this question up well I guess he

210
00:12:54,740 --> 00:12:51,490
thinks there's some news there but you

211
00:12:57,120 --> 00:12:54,750
need to understand he's much more right

212
00:13:03,170 --> 00:12:57,130
and so this all comes out of the heading

213
00:13:06,810 --> 00:13:03,180

of look the truth embargo is is built on

214

00:13:10,230 --> 00:13:06,820

thousands and thousands of politicians

215

00:13:12,720 --> 00:13:10,240

who don't want to go there because could

216

00:13:14,690 --> 00:13:12,730

be a problem for me journalists we're

217

00:13:18,600 --> 00:13:14,700

going not probably shouldn't go there

218

00:13:21,329 --> 00:13:18,610

government says there's nothing there

219

00:13:22,950 --> 00:13:21,339

witnesses don't want to disrupt their

220

00:13:25,829 --> 00:13:22,960

laws maybe have non-disclosure

221

00:13:27,630 --> 00:13:25,839

agreements academics who go well I

222

00:13:29,579 --> 00:13:27,640

probably could maybe investigate this

223

00:13:31,950 --> 00:13:29,589

maybe in teach it no no that could be a

224

00:13:35,220 --> 00:13:31,960

problem for me it's built on thousands

225

00:13:36,750 --> 00:13:35,230

of people doing that okay truth embargo

226

00:13:40,590 --> 00:13:36,760

I'm glad you brought that up because

227

00:13:42,660 --> 00:13:40,600

rich Kaufman actually wanted to ask you

228

00:13:43,460 --> 00:13:42,670

a few questions regarding a little bit

229

00:13:45,590 --> 00:13:43,470

of what you just said

230

00:13:48,410 --> 00:13:45,600

and here's a statement he said and then

231

00:13:50,000 --> 00:13:48,420

a few questions and that is political

232

00:13:51,590 --> 00:13:50,010

lobbying is a good thing we need to have

233

00:13:53,180 --> 00:13:51,600

people like Harry Reid who value the

234

00:13:55,610 --> 00:13:53,190

scientific study to help make a change

235

00:13:58,880 --> 00:13:55,620

in the attitudes of more than just a

236

00:14:00,740 --> 00:13:58,890

navy or the DoD to tackle this the FAA

237

00:14:03,080 --> 00:14:00,750

needs to get involved in commercial

238

00:14:06,200 --> 00:14:03,090

pilots to report we need to also have

239

00:14:07,700 --> 00:14:06,210

academia remove their obstructions in

240

00:14:09,710 --> 00:14:07,710

allowing students to study this and

241

00:14:12,170 --> 00:14:09,720

publish papers we need to get NASA to

242

00:14:13,970 --> 00:14:12,180

alter their attitude if you want a

243

00:14:16,490 --> 00:14:13,980

holistic perspective on this the

244

00:14:18,530 --> 00:14:16,500

attitudes of government overall needs to

245

00:14:22,520 --> 00:14:18,540

be altered how are you going to go about

246

00:14:25,340 --> 00:14:22,530

this how are you how are you going about

247

00:14:27,140 --> 00:14:25,350

doing this if you yes and then he says

248

00:14:29,180 --> 00:14:27,150

if you are structuring a single

249

00:14:32,030 --> 00:14:29,190

governmental body as the lead for this

250

00:14:34,220 --> 00:14:32,040

study where would you place it National

251

00:14:36,620 --> 00:14:34,230

Academy of Sciences considering it is

252

00:14:38,780 --> 00:14:36,630

indeed a worldwide phenomena and that we

253

00:14:41,180 --> 00:14:38,790

now have openly stated our position to

254

00:14:44,060 --> 00:14:41,190

the world would now be the time to have

255

00:14:46,460 --> 00:14:44,070

the UN tackle this what is the response

256

00:14:49,040 --> 00:14:46,470

on a world level to our announcements

257

00:14:51,560 --> 00:14:49,050

are us lobbyists leveraging Harry Reid

258

00:14:54,680 --> 00:14:51,570

or others who have are having successes

259

00:14:56,590 --> 00:14:54,690

and getting political traction ok no

260

00:14:58,810 --> 00:14:56,600

problem when we got 11 questions there

261

00:15:04,040 --> 00:14:58,820

[Laughter]

262

00:15:08,450 --> 00:15:04,050

let me put that all into a giant ball of

263

00:15:11,990 --> 00:15:08,460

string got all the things that he said

264

00:15:16,250 --> 00:15:12,000

that we needed that's what we wanted for

265

00:15:19,430 --> 00:15:16,260

70 years certainly since 91 and I've

266

00:15:23,140 --> 00:15:19,440

been doing what I could to have all of

267

00:15:27,990 --> 00:15:23,150

that absolutely

268

00:15:31,750 --> 00:15:30,550

it registers lobbyists in Washington

269

00:15:34,000 --> 00:15:31,760

good for her

270

00:15:36,010 --> 00:15:34,010

the second one to do so and it's been up

271

00:15:37,600 --> 00:15:36,020

in the hill doing some stuff I look

272

00:15:40,480 --> 00:15:37,610

forward to getting together with her

273

00:15:44,830 --> 00:15:40,490

when I return to Washington soon when I

274

00:15:48,810 --> 00:15:44,840

raise enough money to do that so what

275

00:15:52,120 --> 00:15:48,820

two lobbyists in in 24 years

276

00:15:55,150 --> 00:15:52,130

never been paid a penny of salary of

277

00:15:57,130 --> 00:15:55,160

course none of the major lobby firms

278

00:15:59,590 --> 00:15:57,140

will touch it

279

00:16:02,020 --> 00:15:59,600

massive businesses pharmaceuticals oil

280

00:16:04,330 --> 00:16:02,030

and everything else been human of lis

281

00:16:08,380 --> 00:16:04,340

hundreds of millions of dollars dollars

282

00:16:10,510 --> 00:16:08,390

lobbying Congress so and a truth embargo

283

00:16:14,950 --> 00:16:10,520

has been formally in place for 70 years

284

00:16:17,620 --> 00:16:14,960

so the idea how how can we how could a

285

00:16:22,450 --> 00:16:17,630

citizen activist movement with very

286

00:16:24,810 --> 00:16:22,460

little money certainly no money to give

287

00:16:27,090 --> 00:16:24,820

to politicians to get themselves elected

288

00:16:29,620 --> 00:16:27,100

change one of the most significant

289

00:16:31,630 --> 00:16:29,630

policies in American history

290

00:16:35,910 --> 00:16:31,640

and one of the most classified areas in

291

00:16:39,820 --> 00:16:35,920

American history well you do it by

292

00:16:41,860 --> 00:16:39,830

persistence you pound on the door year

293

00:16:43,120 --> 00:16:41,870

after year after year which they will

294

00:16:44,920 --> 00:16:43,130

not ignite they won't acknowledge they

295

00:16:47,440 --> 00:16:44,930

won't come to the door but you keep

296

00:16:49,060 --> 00:16:47,450

pounding on it until finally they get a

297

00:16:50,950 --> 00:16:49,070

little irritated enough and they start

298

00:16:53,620 --> 00:16:50,960

looking out the windows and thinking hmm

299

00:16:55,780 --> 00:16:53,630

maybe we should do something now at any

300

00:16:57,310 --> 00:16:55,790

time in this last 22 years there's any

301
00:16:59,710 --> 00:16:57,320
number of billionaires that could have

302
00:17:02,200 --> 00:16:59,720
jumped in and said you know this is

303
00:17:05,650 --> 00:17:02,210
pretty damn important I'm gonna fund

304
00:17:10,540 --> 00:17:05,660
major efforts to change the government's

305
00:17:12,640 --> 00:17:10,550
policies on this only one so far has

306
00:17:14,319 --> 00:17:12,650
done that you're talking about Bigelow

307
00:17:16,780 --> 00:17:14,329
or Rockefeller no I'm talking about

308
00:17:19,210 --> 00:17:16,790
Laurance Rockefeller and the tragedy of

309
00:17:22,300 --> 00:17:19,220
Rockefeller is that he was knowledgeable

310
00:17:25,780 --> 00:17:22,310
the subject was into the subject he

311
00:17:30,100 --> 00:17:25,790
helped out John Mack he helped out Danny

312
00:17:32,470 --> 00:17:30,110
Sheehan he helped out I think he also

313
00:17:34,690 --> 00:17:32,480

provided funds to minimal now possibly

314

00:17:36,910 --> 00:17:34,700

also Colin Andrews and so forth not

315

00:17:38,500 --> 00:17:36,920

massive monies but he's helping some of

316

00:17:41,080 --> 00:17:38,510

the money I think was pretty sizable for

317

00:17:42,640 --> 00:17:41,090

that time but he was getting old

318

00:17:45,010 --> 00:17:42,650

and so his big play with the Rockefeller

319

00:17:46,480 --> 00:17:45,020

initiative which he spent money on

320

00:17:48,010 --> 00:17:46,490

clearly he brought everybody to the

321

00:17:49,299 --> 00:17:48,020

ranch they had meetings I'm sure he

322

00:17:53,590 --> 00:17:49,309

dropped a lot of money plus he was found

323

00:17:55,899 --> 00:17:53,600

in the human potential foundation but he

324

00:17:57,940 --> 00:17:55,909

was getting old and also to have

325

00:18:00,669 --> 00:17:57,950

dementia was setting in and so he just

326

00:18:03,700 --> 00:18:00,679

didn't live long enough to go the next

327

00:18:05,200 --> 00:18:03,710

step and sure they after he died I got a

328

00:18:09,669 --> 00:18:05,210

call from his lawyer because I had sent

329

00:18:13,060 --> 00:18:09,679

in a a proposal to him to fund the

330

00:18:14,830 --> 00:18:13,070

advocacy work you know it's like I'm the

331

00:18:17,380 --> 00:18:14,840

political activist I'm the lobbyist I

332

00:18:18,940 --> 00:18:17,390

could use some funding and that lawyer

333

00:18:20,970 --> 00:18:18,950

was kind enough to call me and say look

334

00:18:24,940 --> 00:18:20,980

oh we we saw your proposal and

335

00:18:26,889 --> 00:18:24,950

unfortunately the mr. Rockefellers died

336

00:18:30,039 --> 00:18:26,899

so we won't be able to follow up on it

337

00:18:33,460 --> 00:18:30,049

okay yeah so he didn't he wasn't able to

338

00:18:36,940 --> 00:18:33,470

do he wasn't able to do well me but it

339

00:18:40,000 --> 00:18:36,950

is well since then some billionaires

340

00:18:41,950 --> 00:18:40,010

have turned up we have the money to be

341

00:18:44,200 --> 00:18:41,960

able to create all the things that mr.

342

00:18:45,460 --> 00:18:44,210

Hoffman would like to see in the sense

343

00:18:46,120 --> 00:18:45,470

that they would drive the process

344

00:18:48,610 --> 00:18:46,130

forward

345

00:18:50,620 --> 00:18:48,620

to the point of disclosure which brings

346

00:18:52,980 --> 00:18:50,630

up a very important point all of those

347

00:18:57,370 --> 00:18:52,990

wonderful things that he's talking about

348

00:19:00,340 --> 00:18:57,380

it's a wonderful list are virtually

349

00:19:02,769 --> 00:19:00,350

impossible to achieve without formal

350

00:19:04,060 --> 00:19:02,779

disclosure you got your pre disclosure

351

00:19:06,279 --> 00:19:04,070

world and you've got your post

352

00:19:08,110 --> 00:19:06,289

disclosure world and given the truth

353

00:19:10,539 --> 00:19:08,120

embargo given the fact that the

354

00:19:15,370 --> 00:19:10,549

government still maintains there is no

355

00:19:17,169 --> 00:19:15,380

phenomena that is of concern something

356

00:19:19,570 --> 00:19:17,179

there that's a threat people see things

357

00:19:22,029 --> 00:19:19,580

in the sky so what that is their

358

00:19:23,919 --> 00:19:22,039

position it is still their position and

359

00:19:26,289 --> 00:19:23,929

they are sitting on massive amounts of

360

00:19:27,789 --> 00:19:26,299

evidence and information and thousands

361

00:19:29,740 --> 00:19:27,799

of people are still under non-disclosure

362

00:19:31,180 --> 00:19:29,750

agreements and are not going to talk yet

363

00:19:32,500 --> 00:19:31,190

not because they're threatening us to

364

00:19:33,460 --> 00:19:32,510

show those are patriots and they believe

365

00:19:36,700 --> 00:19:33,470

that they should honor all their

366

00:19:40,930 --> 00:19:36,710

agreements so the embargo is this is a

367

00:19:43,419 --> 00:19:40,940

lid over a massive amount of stuff that

368

00:19:45,850 --> 00:19:43,429

is can is kept from us without that

369

00:19:47,500 --> 00:19:45,860

embargo ending without the government

370

00:19:49,360 --> 00:19:47,510

finally acknowledging yes there's an

371

00:19:51,399 --> 00:19:49,370

extraterrestrial presence being able to

372

00:19:54,090 --> 00:19:51,409

get the funding and the public support

373

00:19:56,640 --> 00:19:54,100

to create all of those things

374

00:19:58,980 --> 00:19:56,650

getting it taught in the schools getting

375

00:20:00,750 --> 00:19:58,990

the press fully engaged in independent

376

00:20:01,950 --> 00:20:00,760

research project a complete review of

377

00:20:03,660 --> 00:20:01,960

all the research has ever been done by

378

00:20:04,950 --> 00:20:03,670

the citizen science research activist

379

00:20:06,390 --> 00:20:04,960

movement one of the most important

380

00:20:08,400 --> 00:20:06,400

moments in the history of the human race

381

00:20:11,100 --> 00:20:08,410

you know I appreciate the to the stars

382

00:20:12,450 --> 00:20:11,110

Academy they just recently arrived love

383

00:20:14,430 --> 00:20:12,460

everything you're doing and totally

384

00:20:17,790 --> 00:20:14,440

support them but behind the to the Stars

385

00:20:20,430 --> 00:20:17,800

Academy is 70 years of citizen science

386

00:20:22,170 --> 00:20:20,440

activists pursuing this issue into the

387

00:20:24,030 --> 00:20:22,180

headwind of the governments embargo

388

00:20:27,300 --> 00:20:24,040

getting no money for it paying out of

389

00:20:29,340 --> 00:20:27,310

their pocket in order to keep this thing

390

00:20:33,510 --> 00:20:29,350

going so it wouldn't be completely

391

00:20:35,100 --> 00:20:33,520

subsumed into the black world without

392

00:20:38,550 --> 00:20:35,110

that you wouldn't have what we're having

393

00:20:43,170 --> 00:20:38,560

now and so once disclosure takes place

394

00:20:46,620 --> 00:20:43,180

be assured that the next financial I

395

00:20:48,570 --> 00:20:46,630

could hear him by the way dr. Michael

396

00:20:51,480 --> 00:20:48,580

Paul masters did say something for you

397

00:20:52,950 --> 00:20:51,490

that he wanted me to read to you and he

398

00:20:55,140 --> 00:20:52,960

said I got a message from Steve Bassett

399

00:20:57,090 --> 00:20:55,150

while on the book tour last month where

400

00:20:59,340 --> 00:20:57,100

he mentioned a new program they started

401
00:21:01,680 --> 00:20:59,350
called academics for disclosure or

402
00:21:03,390 --> 00:21:01,690
something like that it might be nice to

403
00:21:05,700 --> 00:21:03,400
hear him speak a little bit more about

404
00:21:07,500 --> 00:21:05,710
that it was definitely something I was

405
00:21:13,920 --> 00:21:07,510
interested in learning more about once

406
00:21:15,240 --> 00:21:13,930
he mentioned it sure in terms of what I

407
00:21:18,240 --> 00:21:15,250
expect one of the things I expect to

408
00:21:20,820 --> 00:21:18,250
happen post disclosure is that there

409
00:21:24,960 --> 00:21:20,830
there will be immediate pressure for a

410
00:21:28,800 --> 00:21:24,970
cabinet position on this the name of it

411
00:21:30,930 --> 00:21:28,810
who knows it could be Department of

412
00:21:33,390 --> 00:21:30,940
extraterrestrial Affairs or Department

413
00:21:36,660 --> 00:21:33,400

of EPs Atrisco I don't know what it'll

414

00:21:38,910 --> 00:21:36,670

be called but maybe the DoD may say no

415

00:21:42,960 --> 00:21:38,920

no we can handle it here and the public

416

00:21:44,070 --> 00:21:42,970

should immediately say uh-uh and so

417

00:21:46,260 --> 00:21:44,080

there'll be a cabinet level position

418

00:21:49,710 --> 00:21:46,270

with a person that is devoted to dealing

419

00:21:51,900 --> 00:21:49,720

with this issue and they may create a

420

00:21:54,840 --> 00:21:51,910

whole separate entity or they may try to

421

00:21:56,760 --> 00:21:54,850

work it out of NASA but more than likely

422

00:21:58,680 --> 00:21:56,770

it'll be a separate entity because this

423

00:22:00,540 --> 00:21:58,690

isn't just about science the

424

00:22:02,640 --> 00:22:00,550

implications of disclosure is massively

425

00:22:04,980 --> 00:22:02,650

political this is a very political issue

426

00:22:10,430 --> 00:22:04,990

has been all along so I expect that to

427

00:22:13,530 --> 00:22:12,960

I'm sure I'm sure they'll vet me

428

00:22:15,030 --> 00:22:13,540

thoroughly

429

00:22:18,410 --> 00:22:15,040

yeah but then that's then you'll clam up

430

00:22:20,670 --> 00:22:18,420

I wanna Stephen not tell us anything

431

00:22:23,070 --> 00:22:20,680

that's right so there we have now terms

432

00:22:24,870 --> 00:22:23,080

of the other program yeah I appreciate

433

00:22:27,570 --> 00:22:24,880

mr. Messrs bringing it up nice of him to

434

00:22:29,460 --> 00:22:27,580

do that look I tossed out a while back a

435

00:22:31,740 --> 00:22:29,470

new idea that I have new project that I

436

00:22:34,110 --> 00:22:31,750

want to pursue it isn't really it's

437

00:22:36,330 --> 00:22:34,120

still just in the nascent stage it's

438

00:22:37,650 --> 00:22:36,340

it's not nothing there's no front for it

439

00:22:39,870 --> 00:22:37,660

yet I do have a page on my website

440

00:22:42,480 --> 00:22:39,880

paradigm research group that org there

441

00:22:45,440 --> 00:22:42,490

basically is a splash page for it this

442

00:22:49,590 --> 00:22:45,450

is this is a challenging project which

443

00:22:51,720 --> 00:22:49,600

may become moot if we get disclosure but

444

00:22:54,750 --> 00:22:51,730

it's a simple idea it's based on Richard

445

00:22:56,880 --> 00:22:54,760

gages architects and engineers for 9/11

446

00:22:58,530 --> 00:22:56,890

truth concept where they got like 3,000

447

00:23:00,810 --> 00:22:58,540

architects and engineers the basin said

448

00:23:02,420 --> 00:23:00,820

that some of the physical aspects of the

449

00:23:05,010 --> 00:23:02,430

government's explanation was baloney

450

00:23:06,750 --> 00:23:05,020

though the government still completely

451
00:23:08,760 --> 00:23:06,760
clinks clinks - it's just explanation

452
00:23:10,860 --> 00:23:08,770
because that's what governments do they

453
00:23:12,780 --> 00:23:10,870
don't like to be found to be wrong they

454
00:23:15,350 --> 00:23:12,790
will take being wrong to the grave I get

455
00:23:19,200 --> 00:23:15,360
it okay so the idea was academics for

456
00:23:21,900 --> 00:23:19,210
disclosure one of the greatest

457
00:23:24,120 --> 00:23:21,910
intellectual failures in the history of

458
00:23:25,470 --> 00:23:24,130
human race as far as I'm concerned and

459
00:23:29,480 --> 00:23:25,480
there have been many intellectual

460
00:23:31,950 --> 00:23:29,490
failures is the complete submission of

461
00:23:35,040 --> 00:23:31,960
American academia to the truth embargo

462
00:23:38,850 --> 00:23:35,050
from day one I get it in the early days

463
00:23:41,460 --> 00:23:38,860

40s 50s Cold War 62 Cuban Missile Crisis

464

00:23:44,520 --> 00:23:41,470

all that this issue was absolutely Bob

465

00:23:46,440 --> 00:23:44,530

odden it was contained and and more

466

00:23:47,760 --> 00:23:46,450

aggressively maintained I suppose

467

00:23:49,590 --> 00:23:47,770

meaning that they were a little harsher

468

00:23:53,790 --> 00:23:49,600

on those that decided that they wanted

469

00:23:56,640 --> 00:23:53,800

to spill the beans but still nothing I

470

00:23:58,230 --> 00:23:56,650

mean complete submission virtually then

471

00:24:00,450 --> 00:23:58,240

after the truth embargo I mean after the

472

00:24:02,400 --> 00:24:00,460

cold war ends they still continue to

473

00:24:04,110 --> 00:24:02,410

submit so that there hasn't been proper

474

00:24:05,820 --> 00:24:04,120

courses taught on it ever except a few

475

00:24:11,100 --> 00:24:05,830

vanity courses and professors have done

476

00:24:12,960 --> 00:24:11,110

a few that are now shut down that's you

477

00:24:14,280 --> 00:24:12,970

know how many colleges we have 5,000 M

478

00:24:17,700 --> 00:24:14,290

hang professor's have come through those

479

00:24:18,900 --> 00:24:17,710

in 70 years millions and so this entire

480

00:24:20,390 --> 00:24:18,910

issue which were the evidence is just

481

00:24:21,710 --> 00:24:20,400

mounting and mounting and mounting

482

00:24:23,540 --> 00:24:21,720

global and it's everywhere and it's all

483

00:24:24,830 --> 00:24:23,550

over the internet the entire academic

484

00:24:25,850 --> 00:24:24,840

community say we really want we don't

485

00:24:29,120 --> 00:24:25,860

want to do we want to touch that

486

00:24:30,800 --> 00:24:29,130

hey it'll happen when it happens why did

487

00:24:32,330 --> 00:24:30,810

it's because we don't wanna ruffle

488

00:24:33,920 --> 00:24:32,340

anybody's feathers plus there's all that

489

00:24:35,810 --> 00:24:33,930

research money we get from the

490

00:24:38,240 --> 00:24:35,820

government grants and so forth we don't

491

00:24:41,060 --> 00:24:38,250

wanna you know risk that and so he

492

00:24:44,990 --> 00:24:41,070

basically just stood down for seventy

493

00:24:47,180 --> 00:24:45,000

years that is the not just stood down on

494

00:24:48,380 --> 00:24:47,190

I don't know some minor can't you know

495

00:24:50,770 --> 00:24:48,390

controversial issue in quantum mechanics

496

00:24:53,030 --> 00:24:50,780

on the most important issue

497

00:24:54,950 --> 00:24:53,040

scientifically and politically in the

498

00:24:57,620 --> 00:24:54,960

history of mankind that's what they

499

00:25:00,650 --> 00:24:57,630

stood down okay so academics right

500

00:25:05,090 --> 00:25:00,660

disclosure I was gonna start contacting

501
00:25:06,980 --> 00:25:05,100
people I know a number already and I've

502
00:25:08,450 --> 00:25:06,990
also put out a statement get in touch

503
00:25:11,360 --> 00:25:08,460
with me a couple people have but I

504
00:25:15,110 --> 00:25:11,370
haven't pushed it very hard to see if I

505
00:25:16,880 --> 00:25:15,120
could get a number of of individuals

506
00:25:19,280 --> 00:25:16,890
academics and the criteria that I'm

507
00:25:26,030 --> 00:25:19,290
using is very specific it's very careful

508
00:25:28,490 --> 00:25:26,040
is anyone who has a PhD or MD or whether

509
00:25:30,500 --> 00:25:28,500
they're teaching or not and anyone who

510
00:25:32,870 --> 00:25:30,510
is currently teaching above the high

511
00:25:36,080 --> 00:25:32,880
school level college level regardless of

512
00:25:39,590 --> 00:25:36,090
their degree to sign on to a basic

513
00:25:42,080 --> 00:25:39,600

statement which I believe is something

514

00:25:44,000 --> 00:25:42,090

defect is that I am convinced that that

515

00:25:46,130 --> 00:25:44,010

the same I'm convinced I I'm committed

516

00:25:51,050 --> 00:25:46,140

extraterrestrial presence engaging human

517

00:25:52,670 --> 00:25:51,060

race and that that disclosure a formal

518

00:25:53,750 --> 00:25:52,680

disclosure of this to the American

519

00:25:56,720 --> 00:25:53,760

people needs to take place that's the

520

00:26:00,260 --> 00:25:56,730

basics table so it's you know it's easy

521

00:26:02,900 --> 00:26:00,270

for me to do that however before I can

522

00:26:04,400 --> 00:26:02,910

go public I'm gonna have to get every

523

00:26:07,010 --> 00:26:04,410

one of them to sign a hold harmless

524

00:26:08,750 --> 00:26:07,020

agreement and that's what's that's

525

00:26:10,550 --> 00:26:08,760

what's holding it up right now plus I'm

526

00:26:11,780 --> 00:26:10,560

deep into these conferences I've got a

527

00:26:15,500 --> 00:26:11,790

Liam Khan coming up I've got two

528

00:26:17,870 --> 00:26:15,510

lectures to panels so I just haven't

529

00:26:19,040 --> 00:26:17,880

pursued it but that's the biggest that's

530

00:26:20,630 --> 00:26:19,050

the biggest barrier in other words

531

00:26:22,910 --> 00:26:20,640

they're gonna have to sign a hold

532

00:26:26,210 --> 00:26:22,920

harmless agreement that it Biff by

533

00:26:27,320 --> 00:26:26,220

signing on and I wouldn't go public with

534

00:26:32,210 --> 00:26:27,330

it until I had probably least a hundred

535

00:26:34,280 --> 00:26:32,220

I'm gonna yeah so it's a group any any

536

00:26:37,280 --> 00:26:34,290

damage it does to their career

537

00:26:39,590 --> 00:26:37,290

did a position and so forth that they

538

00:26:43,280 --> 00:26:39,600

would have to hold paradigm Research

539

00:26:46,700 --> 00:26:43,290

Group harmless on that and I wish I

540

00:26:48,620 --> 00:26:46,710

didn't have to do that but I still have

541

00:26:49,669 --> 00:26:48,630

to do that and we'll have to do that up

542

00:26:52,159 --> 00:26:49,679

and to the point there's disclosure

543

00:26:54,260 --> 00:26:52,169

after disclosure wouldn't wouldn't even

544

00:26:56,600 --> 00:26:54,270

need the program though nope I assure

545

00:26:58,610 --> 00:26:56,610

you after disclosure I couldn't be

546

00:27:00,200 --> 00:26:58,620

talking a lot I've got the academic

547

00:27:02,900 --> 00:27:00,210

community and this failure on their part

548

00:27:05,090 --> 00:27:02,910

and how they need to make up for that by

549

00:27:06,560 --> 00:27:05,100

really getting on their bicycle and

550

00:27:09,350 --> 00:27:06,570

pedaling very fast and start creating

551
00:27:10,789 --> 00:27:09,360
departments across the country to

552
00:27:13,130 --> 00:27:10,799
address this issue and teach it and

553
00:27:15,710 --> 00:27:13,140
investigate it thoroughly and everything

554
00:27:18,560 --> 00:27:15,720
new that comes I'll be you know leading

555
00:27:19,789 --> 00:27:18,570
the charge on that and other charges now

556
00:27:21,350 --> 00:27:19,799
Steve you had mentioned earlier that

557
00:27:22,760 --> 00:27:21,360
some more stuff is going to be coming

558
00:27:24,350 --> 00:27:22,770
down the pike that's gonna be very good

559
00:27:31,789 --> 00:27:24,360
that can you give us any kind of a heads

560
00:27:35,720 --> 00:27:31,799
up on that hmm well the circumstances

561
00:27:37,730 --> 00:27:35,730
now or it's fairly straightforward to me

562
00:27:40,159 --> 00:27:37,740
because I've been doing nothing but

563
00:27:43,250 --> 00:27:40,169

followed this for 22 years obsessively

564

00:27:47,900 --> 00:27:43,260

to the to the exclusion of everything

565

00:27:49,850 --> 00:27:47,910

else right yeah which makes me in some

566

00:27:52,669 --> 00:27:49,860

respects unbelievably boring but the

567

00:27:55,340 --> 00:27:52,679

point is is that the to the Stars

568

00:27:57,590 --> 00:27:55,350

Academy of Arts and Sciences which

569

00:28:01,570 --> 00:27:57,600

announced as its reality it puts up its

570

00:28:06,230 --> 00:28:01,580

website October 11th 2017 with this name

571

00:28:10,640 --> 00:28:06,240

that I think is deliberately oh it's the

572

00:28:13,340 --> 00:28:10,650

word I'm looking for soft right it's a

573

00:28:16,520 --> 00:28:13,350

fun kind of soft thing the to the stars

574

00:28:18,860 --> 00:28:16,530

Wow everyone's go to the stars of Arts

575

00:28:23,260 --> 00:28:18,870

and Khadem II of Arts and Sciences it's

576
00:28:28,310 --> 00:28:27,320
the National Academy of Arts and

577
00:28:29,960 --> 00:28:28,320
Sciences

578
00:28:35,030 --> 00:28:29,970
you know the film the film group

579
00:28:36,470 --> 00:28:35,040
whatever I forget and it does have a

580
00:28:40,039 --> 00:28:36,480
media component so it's kind of

581
00:28:42,980 --> 00:28:40,049
softening okay cool and it has a CEO who

582
00:28:45,500 --> 00:28:42,990
is not a former intelligence officer not

583
00:28:47,720 --> 00:28:45,510
a former high-level political operative

584
00:28:48,110 --> 00:28:47,730
on the hill or a scientist dealing

585
00:28:51,050 --> 00:28:48,120
Internet

586
00:28:53,720 --> 00:28:51,060
anything else he's a autodidact musician

587
00:28:57,440 --> 00:28:53,730
very successful musician very successful

588
00:29:00,200 --> 00:28:57,450

businessman - who is huge into the issue

589

00:29:02,660 --> 00:29:00,210

who has been talking to them and and

590

00:29:04,970 --> 00:29:02,670

they sort of came together with a with a

591

00:29:06,800 --> 00:29:04,980

I guess an agreement a similar idea look

592

00:29:07,880 --> 00:29:06,810

yeah we need to do something and I kind

593

00:29:10,880 --> 00:29:07,890

of know I think I know why they did it

594

00:29:12,410 --> 00:29:10,890

and so this comes out so that's time too

595

00:29:15,410 --> 00:29:12,420

long is the CEO he's the quarterback of

596

00:29:18,650 --> 00:29:15,420

the team Luis Elizondo is is I think the

597

00:29:21,440 --> 00:29:18,660

the the the this chief interface without

598

00:29:25,520 --> 00:29:21,450

question to the world on this issue this

599

00:29:29,090 --> 00:29:25,530

was a milestone game-changing deal this

600

00:29:31,730 --> 00:29:29,100

was perhaps the I used to run marathons

601
00:29:35,510 --> 00:29:31,740
this is the last turn as you're coming

602
00:29:37,310 --> 00:29:35,520
into town after running 25 miles and you

603
00:29:39,590 --> 00:29:37,320
made the turn and now you can virtually

604
00:29:41,270 --> 00:29:39,600
see way out there what not too far out

605
00:29:43,130 --> 00:29:41,280
there but the banners at the finish line

606
00:29:45,590 --> 00:29:43,140
and some of the people standing around

607
00:29:47,570 --> 00:29:45,600
that's kind of what it is for the

608
00:29:51,350 --> 00:29:47,580
disclosure process of the disclosure

609
00:29:55,400 --> 00:29:51,360
movement and since then everything

610
00:29:57,830 --> 00:29:55,410
that's happening is essentially us

611
00:29:59,180 --> 00:29:57,840
finishing the race we're now heading

612
00:30:01,010 --> 00:29:59,190
toward disclosure it's only a question

613
00:30:03,770 --> 00:30:01,020

of how long it's going to take to get to

614

00:30:07,580 --> 00:30:03,780

the finish line which we can now see it

615

00:30:10,730 --> 00:30:07,590

has triggered all kinds of things one of

616

00:30:15,020 --> 00:30:10,740

those things is push back a lot of push

617

00:30:16,430 --> 00:30:15,030

back totally expected the government has

618

00:30:21,650 --> 00:30:16,440

been lying and misrepresenting this

619

00:30:24,770 --> 00:30:21,660

issue for 70 years undermining damaging

620

00:30:26,450 --> 00:30:24,780

reputations threatening people and along

621

00:30:28,190 --> 00:30:26,460

the way it's also conducted a number of

622

00:30:30,020 --> 00:30:28,200

outrageous Wars killing hundreds of

623

00:30:31,250 --> 00:30:30,030

thousands of people and plenty of other

624

00:30:33,290 --> 00:30:31,260

things so what you're just totally

625

00:30:36,380 --> 00:30:33,300

outrageous that we should never be doing

626
00:30:38,630 --> 00:30:36,390
given our values and people don't trust

627
00:30:42,500 --> 00:30:38,640
it the trust in the Congress I think

628
00:30:45,380 --> 00:30:42,510
once hit 6% Hitler had a better trust

629
00:30:47,390 --> 00:30:45,390
ratio that from the American people so

630
00:30:50,530 --> 00:30:47,400
it's like they don't try so out comes

631
00:30:53,120 --> 00:30:50,540
this group many which have worked in the

632
00:30:55,220 --> 00:30:53,130
deepest darkest levels of the military

633
00:30:56,690 --> 00:30:55,230
intelligence complex suddenly saying we

634
00:30:59,120 --> 00:30:56,700
want to bring information to you about

635
00:31:00,650 --> 00:30:59,130
ETS and a whole bunch of people not ETS

636
00:31:01,760 --> 00:31:00,660
I can't say that but about this

637
00:31:03,260 --> 00:31:01,770
phenomenon

638
00:31:06,170 --> 00:31:03,270

people saying you expect us to believe

639

00:31:07,430 --> 00:31:06,180

you and so they push back they're trying

640

00:31:08,630 --> 00:31:07,440

to find anything wrong with it and

641

00:31:11,810 --> 00:31:08,640

they're pounding on it

642

00:31:13,730 --> 00:31:11,820

I kind of don't some people and I know

643

00:31:15,410 --> 00:31:13,740

that George Knapp is totally outraged by

644

00:31:16,580 --> 00:31:15,420

this I disagree with George I mean

645

00:31:18,050 --> 00:31:16,590

George is one of the top people in the

646

00:31:20,030 --> 00:31:18,060

field one of the most important solid

647

00:31:22,850 --> 00:31:20,040

people out there has been for years but

648

00:31:25,940 --> 00:31:22,860

I disagree with him on this you would

649

00:31:28,070 --> 00:31:25,950

expect that to be the case and it's part

650

00:31:29,540 --> 00:31:28,080

of the game it's part of the game and it

651
00:31:31,520 --> 00:31:29,550
needs to hold up to that challenge and

652
00:31:35,390 --> 00:31:31,530
not whine about it too much and so you

653
00:31:38,210 --> 00:31:35,400
have that happening but the fact is the

654
00:31:40,250 --> 00:31:38,220
only reason that that we haven't already

655
00:31:43,100 --> 00:31:40,260
hit the finish line all right

656
00:31:46,160 --> 00:31:43,110
meaning we turn the corner October 11th

657
00:31:49,130 --> 00:31:46,170
2017 and the only reason we didn't said

658
00:31:51,380 --> 00:31:49,140
straight up that last that last erode

659
00:31:53,360 --> 00:31:51,390
there at City sitio Street and cross the

660
00:31:55,780 --> 00:31:53,370
finish line is the political

661
00:31:59,960 --> 00:31:55,790
developments of the election of 2016

662
00:32:03,500 --> 00:31:59,970
which is unprecedented on just about

663
00:32:06,100 --> 00:32:03,510

every level you can imagine it is it is

664

00:32:09,500 --> 00:32:06,110

incited probably four or five

665

00:32:13,940 --> 00:32:09,510

constitutional crises it is completely

666

00:32:17,090 --> 00:32:13,950

consuming the media to Congress and now

667

00:32:19,600 --> 00:32:17,100

we have a new election starting two and

668

00:32:21,350 --> 00:32:19,610

a half years before the election and

669

00:32:24,080 --> 00:32:21,360

20-some candidates

670

00:32:26,300 --> 00:32:24,090

they'll be campaigning endlessly until

671

00:32:28,310 --> 00:32:26,310

everybody will be fleeing to Australia

672

00:32:30,980 --> 00:32:28,320

hoping to never see another political

673

00:32:33,710 --> 00:32:30,990

candidate again at least American

674

00:32:36,290 --> 00:32:33,720

political candidate and so that what

675

00:32:39,050 --> 00:32:36,300

they triggered is now it's like light

676
00:32:42,650 --> 00:32:39,060
passing through a discus medium it slows

677
00:32:44,990 --> 00:32:42,660
it down and so it's like it could ankle

678
00:32:46,910 --> 00:32:45,000
weights on everybody in this field so

679
00:32:50,090 --> 00:32:46,920
we're now heading to the finish line but

680
00:32:52,220 --> 00:32:50,100
it's slowed down but be assured that if

681
00:32:57,680 --> 00:32:52,230
you pay attention you see where it's

682
00:32:59,420 --> 00:32:57,690
going and so the New York we're going

683
00:33:01,930 --> 00:32:59,430
through the internet here yeah yeah

684
00:33:04,250 --> 00:33:01,940
those New York Times article triggered

685
00:33:06,560 --> 00:33:04,260
its triggered nearly 400 articles

686
00:33:08,240 --> 00:33:06,570
related articles to a tip and to the

687
00:33:10,100 --> 00:33:08,250
Stars Academy which are all linked on my

688
00:33:12,500 --> 00:33:10,110

website paradigm research group or just

689

00:33:13,880 --> 00:33:12,510

go to the print media archive 400

690

00:33:15,350 --> 00:33:13,890

they're all earmarked you can see them

691

00:33:17,690 --> 00:33:15,360

I've got him flagged you can

692

00:33:21,380 --> 00:33:17,700

read him and take ours there's that and

693

00:33:22,930 --> 00:33:21,390

then of course the the History Channel

694

00:33:25,400 --> 00:33:22,940

which knew what's going on

695

00:33:26,660 --> 00:33:25,410

film them with the intent that they were

696

00:33:28,669 --> 00:33:26,670

gonna do a program that would then

697

00:33:31,310 --> 00:33:28,679

highlight this that's now out there

698

00:33:32,390 --> 00:33:31,320

History Channel launches the Project

699

00:33:34,370 --> 00:33:32,400

Blue Book program they're gonna have a

700

00:33:36,620 --> 00:33:34,380

second season of that and then the other

701
00:33:39,310 --> 00:33:36,630
thing that's happening is that now that

702
00:33:42,710 --> 00:33:39,320
this thing is out this level in this way

703
00:33:44,419 --> 00:33:42,720
the the wrappings on the package are

704
00:33:46,220 --> 00:33:44,429
just really loosening quickly and

705
00:33:49,330 --> 00:33:46,230
they're one of the most important parts

706
00:33:54,250 --> 00:33:49,340
of that packages is witnesses there are

707
00:33:57,140 --> 00:33:54,260
thousands of witnesses in the military

708
00:34:00,440 --> 00:33:57,150
who are either witness to direct events

709
00:34:02,539 --> 00:34:00,450
sightings firsthand secondhand or were

710
00:34:03,770 --> 00:34:02,549
involved in the program itself or knew

711
00:34:06,680 --> 00:34:03,780
about it in other ways there are

712
00:34:10,280 --> 00:34:06,690
thousands either both in and n retired

713
00:34:12,919 --> 00:34:10,290

from the military and virtually all of

714

00:34:17,300 --> 00:34:12,929

them with the occasional exception have

715

00:34:18,740 --> 00:34:17,310

remained silent honoring whatever

716

00:34:22,010 --> 00:34:18,750

agreements and understandings they have

717

00:34:25,430 --> 00:34:22,020

that now things are changing and so what

718

00:34:27,859 --> 00:34:25,440

the to the stars launch is starting to

719

00:34:29,690 --> 00:34:27,869

do is making it easier for more

720

00:34:31,760 --> 00:34:29,700

witnesses to come forward and you're

721

00:34:33,649 --> 00:34:31,770

starting to see that already another

722

00:34:34,730 --> 00:34:33,659

pilot here another pilot there now

723

00:34:37,340 --> 00:34:34,740

they're interviewing people off the

724

00:34:41,180 --> 00:34:37,350

Princeton who knows who could turn up

725

00:34:46,250 --> 00:34:41,190

right as as people start to realize hey

726

00:34:48,379 --> 00:34:46,260

you know it's it's okay now this clearly

727

00:34:50,450 --> 00:34:48,389

these other people are and in the

728

00:34:54,349 --> 00:34:50,460

Pentagon is a you know you know having

729

00:34:57,200 --> 00:34:54,359

so that's that's significant and also it

730

00:34:59,270 --> 00:34:57,210

it's if I would fully expect as the

731

00:35:01,849 --> 00:34:59,280

package continues to be the wrappings

732

00:35:04,040 --> 00:35:01,859

continue to loosen on the the disclosure

733

00:35:06,230 --> 00:35:04,050

package are they an embargo package

734

00:35:09,920 --> 00:35:06,240

rather document to turnout

735

00:35:13,010 --> 00:35:09,930

why not and so recently some documents

736

00:35:15,800 --> 00:35:13,020

turned up and these are already creating

737

00:35:19,820 --> 00:35:15,810

a significant controversy and those are

738

00:35:21,650 --> 00:35:19,830

documents that purport to be notes from

739

00:35:25,630 --> 00:35:21,660

a very well-known scientist by the name

740

00:35:28,790 --> 00:35:25,640

of dr. Eric Davis involving will Miller

741

00:35:33,650 --> 00:35:28,800

now I have not reviewed them

742

00:35:37,190 --> 00:35:33,660

yet I am not on top of this Richard

743

00:35:40,100 --> 00:35:37,200

Dolan is and others and they are very

744

00:35:41,870 --> 00:35:40,110

significant documents of which which

745

00:35:43,670 --> 00:35:41,880

have been known past in other words the

746

00:35:46,010 --> 00:35:43,680

meetings they're referring to they were

747

00:35:49,130 --> 00:35:46,020

they were announced and talked about all

748

00:35:52,730 --> 00:35:49,140

the way back in 2002 thirty-four rich

749

00:35:53,960 --> 00:35:52,740

Steven Greer was involved in that he was

750

00:35:55,850 --> 00:35:53,970

involved in a lot of things a lot of

751
00:35:57,110 --> 00:35:55,860
people think Steve Steven wasn't

752
00:35:58,580 --> 00:35:57,120
involved in these things they're wrong

753
00:36:00,830 --> 00:35:58,590
he was you've all done a lot of things

754
00:36:02,090 --> 00:36:00,840
oh yeah we've got that we get a lot on

755
00:36:07,010 --> 00:36:02,100
this side that we're gonna really focus

756
00:36:09,110 --> 00:36:07,020
on you know at the end of the show this

757
00:36:12,620 --> 00:36:09,120
so there's a history here the people are

758
00:36:14,570 --> 00:36:12,630
known so my first reaction is yeah I'm

759
00:36:15,860 --> 00:36:14,580
gonna bet this is the real deal that I'm

760
00:36:18,980 --> 00:36:15,870
dying to find out more

761
00:36:22,160 --> 00:36:18,990
however again there are plenty of people

762
00:36:25,310 --> 00:36:22,170
in this field who are frustrated and and

763
00:36:27,560 --> 00:36:25,320

and very mistrustful and they're gonna

764

00:36:29,420 --> 00:36:27,570

try to prove it a hoax fine

765

00:36:30,680 --> 00:36:29,430

all right that's good go at it no

766

00:36:32,720 --> 00:36:30,690

problem

767

00:36:35,030 --> 00:36:32,730

the thing is try to be cool about it try

768

00:36:36,380 --> 00:36:35,040

to be civil it's like hey this is just

769

00:36:39,230 --> 00:36:36,390

evidence we're trying to get to the

770

00:36:41,150 --> 00:36:39,240

bottom of things if it's a disinfo hawks

771

00:36:42,500 --> 00:36:41,160

in other words if it is there's two ways

772

00:36:44,000 --> 00:36:42,510

there's only three possibilities here

773

00:36:46,790 --> 00:36:44,010

with any document including this one

774

00:36:48,950 --> 00:36:46,800

these documents fifteen pages it is in

775

00:36:50,990 --> 00:36:48,960

fact the absolute real deal that someone

776

00:36:53,960 --> 00:36:51,000

has gotten permission to is willing to

777

00:36:55,340 --> 00:36:53,970

allow out to it is a hoax perpetrated by

778

00:36:55,820 --> 00:36:55,350

somebody with too much time on their

779

00:36:58,790 --> 00:36:55,830

hands

780

00:37:00,380 --> 00:36:58,800

who has a bad worldview and maybe it not

781

00:37:02,180 --> 00:37:00,390

a particularly nice personality that

782

00:37:03,290 --> 00:37:02,190

decided to create a hoax because Hale

783

00:37:05,780 --> 00:37:03,300

there's a lot of people paying attention

784

00:37:08,150 --> 00:37:05,790

and I'll get a lot of attention or three

785

00:37:09,650 --> 00:37:08,160

it is an actual formal disinfo effort on

786

00:37:11,330 --> 00:37:09,660

the part of those within the Department

787

00:37:12,680 --> 00:37:11,340

of Defense they're opposed to what the

788

00:37:15,500 --> 00:37:12,690

to the Stars Academy is doing and

789

00:37:19,880 --> 00:37:15,510

they're throwing out this to make me

790

00:37:21,980 --> 00:37:19,890

muddy the waters and that includes some

791

00:37:23,540 --> 00:37:21,990

recent debunking that's been done from

792

00:37:25,160 --> 00:37:23,550

some quote journalists who've written

793

00:37:26,960 --> 00:37:25,170

some pretty nasty pieces about this

794

00:37:29,480 --> 00:37:26,970

which I suspect could be actual

795

00:37:30,770 --> 00:37:29,490

government back in disinfo elements of

796

00:37:31,910 --> 00:37:30,780

the government back to central

797

00:37:35,090 --> 00:37:31,920

these are the only three possibilities

798

00:37:38,300 --> 00:37:35,100

and so we're gonna find out I know this

799

00:37:41,000 --> 00:37:38,310

there there are two key people here I

800

00:37:42,289 --> 00:37:41,010

think it's I forget his air rank was

801
00:37:45,049 --> 00:37:42,299
admiral or whatever

802
00:37:47,299 --> 00:37:45,059
will Miller and Eric Davis commander

803
00:37:51,620 --> 00:37:47,309
commander will Miller and Eric Davis yes

804
00:37:55,660 --> 00:37:51,630
Admiral Wilson okay and they need to be

805
00:37:58,579 --> 00:37:55,670
contacted and find out ask them directly

806
00:38:01,089 --> 00:37:58,589
we had we'd contacted we went over this

807
00:38:04,429 --> 00:38:01,099
with a Michael Haleh we contacted

808
00:38:07,279 --> 00:38:04,439
commander Miller Monday and Tuesday so

809
00:38:09,469 --> 00:38:07,289
we had a lot of feedback from him Eric

810
00:38:13,880 --> 00:38:09,479
Davis is basically through how put off

811
00:38:16,849 --> 00:38:13,890
essentially said no comment they are not

812
00:38:17,359 --> 00:38:16,859
gonna cop no nobody's contacted Wilson

813
00:38:20,209 --> 00:38:17,369

yeah okay

814

00:38:22,339 --> 00:38:20,219

so these people have to be contacted we

815

00:38:25,609 --> 00:38:22,349

have to get their statements and when we

816

00:38:26,959 --> 00:38:25,619

do we'll have a much better idea of the

817

00:38:28,279 --> 00:38:26,969

validity of these documents back we'll

818

00:38:31,549 --> 00:38:28,289

probably find it out pretty quickly

819

00:38:35,630 --> 00:38:31,559

however and this is something that

820

00:38:39,459 --> 00:38:35,640

people forget when you are when you are

821

00:38:45,469 --> 00:38:39,469

talking to people who are inside and

822

00:38:48,019 --> 00:38:45,479

involved in any aspect of this issue who

823

00:38:50,479 --> 00:38:48,029

are under national security at national

824

00:38:51,949 --> 00:38:50,489

high security clearances and almost

825

00:38:57,079 --> 00:38:51,959

certainly national security not

826

00:39:00,009 --> 00:38:57,089

disclosures you cannot assume that what

827

00:39:01,669 --> 00:39:00,019

they say if they say anything about

828

00:39:06,829 --> 00:39:01,679

something like this

829

00:39:09,140 --> 00:39:06,839

is true exactly back away it is you have

830

00:39:11,239 --> 00:39:09,150

three options if you are one of those

831

00:39:14,120 --> 00:39:11,249

people and there are thousands of them

832

00:39:16,189 --> 00:39:14,130

right and unless somebody has been one

833

00:39:18,049 --> 00:39:16,199

of them you just don't know what it's

834

00:39:19,969 --> 00:39:18,059

like I've never been one of them but I

835

00:39:20,870 --> 00:39:19,979

have a sense of what it's like people

836

00:39:23,289 --> 00:39:20,880

that have never been in that position

837

00:39:26,799 --> 00:39:23,299

just assume a lot of things that they

838

00:39:29,239 --> 00:39:26,809

ignorant is not not not helpful they're

839

00:39:30,469 --> 00:39:29,249

you you're under you have a high

840

00:39:32,419 --> 00:39:30,479

national security clearance you've

841

00:39:34,849 --> 00:39:32,429

signed very powerful non-disclosure

842

00:39:37,009 --> 00:39:34,859

agreements your job is protecting a

843

00:39:38,329 --> 00:39:37,019

country this issue and the embargo is

844

00:39:40,849 --> 00:39:38,339

clearly under the matter of national

845

00:39:42,259 --> 00:39:40,859

security and you are now attached to an

846

00:39:43,880 --> 00:39:42,269

event or a document and you're

847

00:39:46,549 --> 00:39:43,890

approached by a journalist got three

848

00:39:49,729 --> 00:39:46,559

options you say absolutely that's what

849

00:39:51,140 --> 00:39:49,739

happened I can't speak to this right I

850

00:39:53,599 --> 00:39:51,150

can't talk about you there's four

851
00:39:55,910 --> 00:39:53,609
options that's what happened I'm unable

852
00:39:56,300 --> 00:39:55,920
to speak to this I have no idea what

853
00:40:00,680 --> 00:39:56,310
you're talk

854
00:40:01,790 --> 00:40:00,690
about or completely lie or deny what

855
00:40:04,730 --> 00:40:01,800
you're told those are the four options

856
00:40:07,310 --> 00:40:04,740
you have the problem the problem I have

857
00:40:10,690 --> 00:40:07,320
with what you're talking about is that

858
00:40:14,480 --> 00:40:10,700
anybody can make up a document and they

859
00:40:16,850 --> 00:40:14,490
can go ahead and put whatever drama they

860
00:40:22,130 --> 00:40:16,860
want in there with hot topic related

861
00:40:25,180 --> 00:40:22,140
stuff and conspiracy Laden stuff and

862
00:40:28,550 --> 00:40:25,190
then go ahead and attach your name

863
00:40:31,670 --> 00:40:28,560

anybody's name to it and then and then

864

00:40:34,370 --> 00:40:31,680

if they so happen to include somebody

865

00:40:35,570 --> 00:40:34,380

that has top-secret clearance or

866

00:40:38,960 --> 00:40:35,580

whatever terminology you want to use

867

00:40:42,410 --> 00:40:38,970

regarding the individual having access

868

00:40:45,290 --> 00:40:42,420

to classified material or if they happen

869

00:40:47,510 --> 00:40:45,300

to be having if they haven't have worked

870

00:40:49,070 --> 00:40:47,520

in the capacity of intelligence for the

871

00:40:50,480 --> 00:40:49,080

Pentagon or other areas of our

872

00:40:53,180 --> 00:40:50,490

government or other governments around

873

00:40:55,220 --> 00:40:53,190

the world they can then be accused of

874

00:40:58,220 --> 00:40:55,230

having been involved in the document by

875

00:41:01,340 --> 00:40:58,230

virtue of them having had denied

876

00:41:03,020 --> 00:41:01,350

involvement with the alleged document so

877

00:41:05,330 --> 00:41:03,030

then there's a circular discussion that

878

00:41:10,880 --> 00:41:05,340

takes place and it's not fair to those

879

00:41:13,250 --> 00:41:10,890

people chant let me let me tell you

880

00:41:14,930 --> 00:41:13,260

something I know you already know we're

881

00:41:20,510 --> 00:41:14,940

now living in the age of the internet

882

00:41:22,550 --> 00:41:20,520

and what is fair the definitional rather

883

00:41:25,610 --> 00:41:22,560

that the the range of what is fair and

884

00:41:27,620 --> 00:41:25,620

what is not fair is not the same if we

885

00:41:30,500 --> 00:41:27,630

were a new world and we're gonna have to

886

00:41:34,010 --> 00:41:30,510

adjust to it the things that you can do

887

00:41:38,060 --> 00:41:34,020

with documents with postings with just

888

00:41:40,130 --> 00:41:38,070

pure libel whatever hoaxes is now you

889

00:41:42,020 --> 00:41:40,140

know unprecedented level that most

890

00:41:44,120 --> 00:41:42,030

people 100 years ago would be completely

891

00:41:46,610 --> 00:41:44,130

their mind would be blowing they told

892

00:41:49,070 --> 00:41:46,620

them that the most recent development

893

00:41:53,690 --> 00:41:49,080

this has just just come out a few about

894

00:41:55,490 --> 00:41:53,700

six days ago I love this way welcome to

895

00:41:58,670 --> 00:41:55,500

the future I know I tell you the

896

00:41:59,960 --> 00:41:58,680

Millennials I envy the fact that they're

897

00:42:01,880 --> 00:41:59,970

young but on the other hand I'm thinking

898

00:42:04,250 --> 00:42:01,890

boy you have no idea what you're heading

899

00:42:06,380 --> 00:42:04,260

into is that there there is now AI

900

00:42:09,980 --> 00:42:06,390

technology available they can take a

901
00:42:12,770 --> 00:42:09,990
speech by anybody any politician anybody

902
00:42:16,010 --> 00:42:12,780
and by adjusting it in various very

903
00:42:18,950 --> 00:42:16,020
simple ways you can then overlay a

904
00:42:21,140 --> 00:42:18,960
completely different speech by a voice

905
00:42:23,840 --> 00:42:21,150
voice actor who can mimic that person's

906
00:42:27,050 --> 00:42:23,850
voice and it makes it look exactly as if

907
00:42:29,120 --> 00:42:27,060
that person is saying exactly that so

908
00:42:31,970 --> 00:42:29,130
someone to make up a video showing some

909
00:42:33,859 --> 00:42:31,980
movie star giving a 20-minute

910
00:42:35,660 --> 00:42:33,869
presentation about how they've been a

911
00:42:38,359 --> 00:42:35,670
secret member member of the American

912
00:42:40,700 --> 00:42:38,369
Nazi Party right and so in order to

913
00:42:42,980 --> 00:42:40,710

counter this YouTube and some of these

914

00:42:45,410 --> 00:42:42,990

others are now scrambling to hire top

915

00:42:48,410 --> 00:42:45,420

people to come up with a counter AI

916

00:42:51,050 --> 00:42:48,420

program that is able to examine any

917

00:42:53,330 --> 00:42:51,060

video and find out if that manipulation

918

00:42:56,480 --> 00:42:53,340

is taking place that is where we are now

919

00:42:59,300 --> 00:42:56,490

with respect to this document in this

920

00:43:00,890 --> 00:42:59,310

case I know that that can happen and and

921

00:43:03,230 --> 00:43:00,900

there's all matters of mistress they can

922

00:43:05,090 --> 00:43:03,240

take place in this case we have living

923

00:43:08,210 --> 00:43:05,100

people directly attributed to the

924

00:43:10,880 --> 00:43:08,220

document and so you go to those people

925

00:43:13,670 --> 00:43:10,890

and you get their response and you'll

926

00:43:16,490 --> 00:43:13,680

know pretty quickly if it's true and if

927

00:43:20,330 --> 00:43:16,500

if if somebody says I won't speak about

928

00:43:22,099 --> 00:43:20,340

it that's not a denial if somebody says

929

00:43:24,349 --> 00:43:22,109

no it's not true

930

00:43:26,330 --> 00:43:24,359

this is didn't happen but they're

931

00:43:28,010 --> 00:43:26,340

they're clearly under significant

932

00:43:30,170 --> 00:43:28,020

national security non-disclosure

933

00:43:31,970 --> 00:43:30,180

agreements you can't assume that what

934

00:43:33,740 --> 00:43:31,980

they're saying is the truth we've got

935

00:43:36,070 --> 00:43:33,750

three people here so I think we're gonna

936

00:43:38,810 --> 00:43:36,080

get to the bottom of this one and

937

00:43:40,640 --> 00:43:38,820

hopefully the public statements from

938

00:43:42,590 --> 00:43:40,650

these people will be would be made

939

00:43:45,560 --> 00:43:42,600

public the statements be made public so

940

00:43:47,570 --> 00:43:45,570

that we can assess them on their face

941

00:43:50,090 --> 00:43:47,580

meaning all right this person says it's

942

00:43:51,380 --> 00:43:50,100

true what's our feeling about that

943

00:43:52,430 --> 00:43:51,390

statement if this person says it's not

944

00:43:53,740 --> 00:43:52,440

true what's our feeling about this

945

00:43:56,270 --> 00:43:53,750

statement as opposed to just trying to

946

00:43:58,250 --> 00:43:56,280

speculate because some document turned

947

00:44:00,470 --> 00:43:58,260

up about a bunch of dead people that

948

00:44:02,240 --> 00:44:00,480

happened 4050 years ago

949

00:44:04,970 --> 00:44:02,250

so I'm not worried that this is not

950

00:44:06,770 --> 00:44:04,980

gonna flesh out but I think anyone who

951
00:44:08,450 --> 00:44:06,780
takes an immediate position one way or

952
00:44:10,780 --> 00:44:08,460
the other that it's absolutely the legit

953
00:44:13,490 --> 00:44:10,790
or absolutely hoax is premature

954
00:44:14,960 --> 00:44:13,500
yeah and now really quick steve-o we did

955
00:44:17,510 --> 00:44:14,970
that this week obviously yeah we

956
00:44:19,130 --> 00:44:17,520
contacted the commander Wilson and he

957
00:44:22,490 --> 00:44:19,140
said what he said we went over in great

958
00:44:23,609 --> 00:44:22,500
detail Tuesday night and also we were

959
00:44:26,190 --> 00:44:23,619
continuing to do some

960
00:44:27,450 --> 00:44:26,200
I've got some interesting and that

961
00:44:28,890 --> 00:44:27,460
doesn't really prove anything one way or

962
00:44:31,229 --> 00:44:28,900
the other but it is interesting

963
00:44:32,609 --> 00:44:31,239

additional facts that we're gonna chant

964

00:44:36,809 --> 00:44:32,619

and I are going to discuss so when we

965

00:44:39,690 --> 00:44:36,819

wrap up with you and I mean that that's

966

00:44:41,940 --> 00:44:39,700

where it's at now obviously Richard

967

00:44:44,370 --> 00:44:41,950

Dolan had gone ahead and contacted how

968

00:44:47,279 --> 00:44:44,380

put off and you know just because

969

00:44:49,799 --> 00:44:47,289

somebody does deny it doesn't because

970

00:44:54,120 --> 00:44:49,809

they're not going to comment on anything

971

00:44:55,650 --> 00:44:54,130

purported to be connected to national

972

00:44:57,690 --> 00:44:55,660

security it doesn't mean that they're

973

00:44:59,789 --> 00:44:57,700

necessarily admitting that the documents

974

00:45:02,249 --> 00:44:59,799

who true either I mean a perfect example

975

00:45:05,099 --> 00:45:02,259

of that where the to the Stars Academy

976
00:45:06,959 --> 00:45:05,109
was launched there's some there's some

977
00:45:09,150 --> 00:45:06,969
of the researchers in the field who did

978
00:45:11,670 --> 00:45:09,160
exactly what you expect them to do they

979
00:45:13,650 --> 00:45:11,680
got in touch with the Pentagon meaning

980
00:45:15,779 --> 00:45:13,660
depending on front office right mm-hmm

981
00:45:19,279 --> 00:45:15,789
spokes people and they ask him about it

982
00:45:23,190 --> 00:45:19,289
and this most people basically said

983
00:45:26,459 --> 00:45:23,200
contradictory statements meaning no I

984
00:45:28,349 --> 00:45:26,469
don't don't know this whatever because

985
00:45:31,680 --> 00:45:28,359
for whatever reason and I think I know

986
00:45:33,259 --> 00:45:31,690
why they were not let in on they would

987
00:45:36,599 --> 00:45:33,269
not let it on what was going to happen

988
00:45:40,380 --> 00:45:36,609

remember the to the Stars Academy is not

989

00:45:42,299 --> 00:45:40,390

a formal program at least publicly a

990

00:45:45,900 --> 00:45:42,309

formal program of the Department of

991

00:45:47,190 --> 00:45:45,910

Defense it just happens to be comprised

992

00:45:48,359 --> 00:45:47,200

of people that have worked all

993

00:45:53,009 --> 00:45:48,369

throughout the military intelligence

994

00:45:55,380 --> 00:45:53,019

community however people that did follow

995

00:45:58,380 --> 00:45:55,390

this issue know that it is in fact a

996

00:46:01,650 --> 00:45:58,390

semi formal meaning that they are backed

997

00:46:04,319 --> 00:46:01,660

by people inside the DoD the DoD is

998

00:46:06,569 --> 00:46:04,329

fully aware of it as is the CIA and at

999

00:46:09,269 --> 00:46:06,579

the DI D and the CIA wanted end they

1000

00:46:11,489 --> 00:46:09,279

would end it but they chosen not to

1001
00:46:14,309 --> 00:46:11,499
which is extremely telling but because

1002
00:46:17,819 --> 00:46:14,319
it's not a full formal project it's it

1003
00:46:19,499 --> 00:46:17,829
the the the the the front office of the

1004
00:46:21,420 --> 00:46:19,509
Pentagon didn't need to be informed and

1005
00:46:22,650 --> 00:46:21,430
so people men got those statements and

1006
00:46:25,680 --> 00:46:22,660
they threw their hands on sale oh is

1007
00:46:28,650 --> 00:46:25,690
this is you know funny look people have

1008
00:46:32,549 --> 00:46:28,660
to understand that the management of the

1009
00:46:36,209 --> 00:46:32,559
extra-terrestrial issue is huge is a

1010
00:46:37,899 --> 00:46:36,219
great deal involved a huge history it's

1011
00:46:39,459 --> 00:46:37,909
incredibly complicated

1012
00:46:40,749 --> 00:46:39,469
there's all kinds of national curity

1013
00:46:43,209 --> 00:46:40,759

rules and regulations and laws of

1014

00:46:45,299 --> 00:46:43,219

everything else and that we are just

1015

00:46:49,059 --> 00:46:45,309

seated a little tip of the iceberg and

1016

00:46:51,279 --> 00:46:49,069

so we're trying to put the pieces

1017

00:46:53,469 --> 00:46:51,289

together and make it all fit and so

1018

00:46:55,749 --> 00:46:53,479

forth no we don't have any but Begley

1019

00:46:57,279 --> 00:46:55,759

enough knowledge we just have to go with

1020

00:47:00,039 --> 00:46:57,289

what we're seeing what we're what what's

1021

00:47:01,439 --> 00:47:00,049

happening vet it as best we can but

1022

00:47:04,179 --> 00:47:01,449

don't jump to too many conclusions

1023

00:47:06,370 --> 00:47:04,189

because what's happening is and much

1024

00:47:10,209 --> 00:47:06,380

it's a it's it's simply part of a much

1025

00:47:13,019 --> 00:47:10,219

bigger agenda the old image is

1026

00:47:15,699 --> 00:47:13,029

disclosure yeah I wanted to jump in

1027

00:47:17,229 --> 00:47:15,709

finish up please follow me well the last

1028

00:47:18,880 --> 00:47:17,239

thing I want to say is that look Eric

1029

00:47:21,689 --> 00:47:18,890

Davis is event gonna speak to this all

1030

00:47:24,759 --> 00:47:21,699

right Eric Davis is posting constantly I

1031

00:47:27,759 --> 00:47:24,769

I'm getting stuff I'm part of this or

1032

00:47:30,429 --> 00:47:27,769

that email list I'm getting things he's

1033

00:47:32,019 --> 00:47:30,439

posting all the time so what's happening

1034

00:47:33,909 --> 00:47:32,029

right now if Davis is not saying

1035

00:47:36,999 --> 00:47:33,919

anything right now he has a reason for

1036

00:47:40,149 --> 00:47:37,009

that he's probably waiting for any

1037

00:47:42,489 --> 00:47:40,159

number of things it maybe he's holding

1038

00:47:43,899 --> 00:47:42,499

off to do an interview who knows but the

1039

00:47:45,699 --> 00:47:43,909

idea that Eric Davis dr. Dave's not

1040

00:47:48,359 --> 00:47:45,709

going to speak to this document now he

1041

00:47:50,439 --> 00:47:48,369

will and if he comes out and completely

1042

00:47:52,839 --> 00:47:50,449

endorses it and says that yes these are

1043

00:47:54,269 --> 00:47:52,849

my notes then that's that's it case

1044

00:47:57,389 --> 00:47:54,279

closed

1045

00:47:59,889 --> 00:47:57,399

yep and you had talked about pushback

1046

00:48:03,309 --> 00:47:59,899

earlier on and there was some pushback

1047

00:48:05,169 --> 00:48:03,319

in the media a story in the intercept

1048

00:48:07,449 --> 00:48:05,179

that you took some serious issue with so

1049

00:48:08,679 --> 00:48:07,459

let's say you were saying that before we

1050

00:48:11,199 --> 00:48:08,689

went on it's kind of died down a little

1051
00:48:13,299 --> 00:48:11,209
bit but you wanted to at least talk

1052
00:48:16,120 --> 00:48:13,309
about a little bit I don't I don't want

1053
00:48:18,129 --> 00:48:16,130
to beat this one up I there was the

1054
00:48:20,319 --> 00:48:18,139
intercept there was an inner there was

1055
00:48:21,999 --> 00:48:20,329
an article in the intercept which I I

1056
00:48:24,939 --> 00:48:22,009
follow the intercept it's a very

1057
00:48:26,499 --> 00:48:24,949
important investigative journalist

1058
00:48:29,229 --> 00:48:26,509
operation it's not even money behind it

1059
00:48:32,709 --> 00:48:29,239
and it's got Pulitzer Prize people

1060
00:48:34,689 --> 00:48:32,719
involved but Glenn Greenwald who is a

1061
00:48:39,969 --> 00:48:34,699
strong critic of the United States Laura

1062
00:48:41,529 --> 00:48:39,979
Poitras and and they they're doing the

1063
00:48:44,289 --> 00:48:41,539

kind of investigative journalism that

1064

00:48:48,429 --> 00:48:44,299

god I wish MSNBC and ABC and NBC ABC but

1065

00:48:50,830 --> 00:48:48,439

to CNN so I respect them and so this

1066

00:48:52,810 --> 00:48:50,840

article turns up on the front page and

1067

00:48:55,570 --> 00:48:52,820

essentially an attack piece on on Lewis

1068

00:48:58,590 --> 00:48:55,580

Elizondo in the hole pay tip thing in

1069

00:49:01,510 --> 00:48:58,600

general there's this this this

1070

00:49:03,220 --> 00:49:01,520

journalist quote-unquote thinks he's got

1071

00:49:04,930 --> 00:49:03,230

an angle thinks he's found something and

1072

00:49:06,940 --> 00:49:04,940

so he writes basically what is a

1073

00:49:09,700 --> 00:49:06,950

debunker piece it's demeaning it's

1074

00:49:11,260 --> 00:49:09,710

insulting it's condescending it's all

1075

00:49:13,990 --> 00:49:11,270

the kind of stuff that feel class used

1076
00:49:15,640 --> 00:49:14,000
to do years ago and others you know but

1077
00:49:17,380 --> 00:49:15,650
mostly class it was the most famous for

1078
00:49:21,400 --> 00:49:17,390
it and it's like there was like it just

1079
00:49:24,520 --> 00:49:21,410
popped in out of the 70s and I pissed me

1080
00:49:27,160 --> 00:49:24,530
off so I publicized a very strong

1081
00:49:31,060 --> 00:49:27,170
response to this article and invited

1082
00:49:34,630 --> 00:49:31,070
people to tear it up rip it up show it

1083
00:49:38,470 --> 00:49:34,640
for what it is but it was so ridiculous

1084
00:49:41,800 --> 00:49:38,480
and so easily proven to be wrong that it

1085
00:49:42,940 --> 00:49:41,810
died down my biggest concern was that it

1086
00:49:45,250 --> 00:49:42,950
might get picked up by some of the major

1087
00:49:48,040 --> 00:49:45,260
of papers or even the television

1088
00:49:50,050 --> 00:49:48,050

operations and and then it could could

1089

00:49:53,350 --> 00:49:50,060

create what I would considered you know

1090

00:49:56,530 --> 00:49:53,360

blow real real pushback but it really

1091

00:49:57,640 --> 00:49:56,540

hasn't and so it's one of those things

1092

00:50:00,070 --> 00:49:57,650

now it's gone

1093

00:50:03,600 --> 00:50:00,080

I don't expect more in that area but I

1094

00:50:06,220 --> 00:50:03,610

did mention in my my statement that

1095

00:50:08,050 --> 00:50:06,230

given everything else is happening and

1096

00:50:10,300 --> 00:50:08,060

given the pace of disclosure process

1097

00:50:13,030 --> 00:50:10,310

picking up and and all that's taking

1098

00:50:14,950 --> 00:50:13,040

place we're aware of knowing that there

1099

00:50:17,470 --> 00:50:14,960

are opponents to this whole thing in

1100

00:50:19,240 --> 00:50:17,480

there are plenty of people with some

1101

00:50:22,530 --> 00:50:19,250

position in the military intelligence

1102

00:50:25,690 --> 00:50:22,540

complex certainly a DoD and co CIA who

1103

00:50:28,450 --> 00:50:25,700

who feel that the American people should

1104

00:50:30,010 --> 00:50:28,460

never be told the truth about the ETS or

1105

00:50:33,940 --> 00:50:30,020

it confirms at least not in their

1106

00:50:37,660 --> 00:50:33,950

lifetime and they're opposed to it and

1107

00:50:39,700 --> 00:50:37,670

so it was not an assistant just turn up

1108

00:50:42,790 --> 00:50:39,710

on some blog somewhere or one of those

1109

00:50:44,230 --> 00:50:42,800

fringe sites but a major investigative

1110

00:50:48,490 --> 00:50:44,240

journalist site it thought it may be it

1111

00:50:51,960 --> 00:50:48,500

was commissioned by insiders to be

1112

00:50:55,570 --> 00:50:51,970

pushback right standard disinfo

1113

00:50:58,720 --> 00:50:55,580

debunking pushback don't know haven't

1114

00:51:02,290 --> 00:50:58,730

seen anything similar to it lately but I

1115

00:51:04,210 --> 00:51:02,300

will say this look there's there this is

1116

00:51:04,750 --> 00:51:04,220

a 70 some you're this is a 70 year truth

1117

00:51:07,420 --> 00:51:04,760

embargo

1118

00:51:09,010 --> 00:51:07,430

on a major issue that has frustrated

1119

00:51:11,320 --> 00:51:09,020

huge numbers of people for a long time

1120

00:51:16,470 --> 00:51:11,330

and so everything that the to the Stars

1121

00:51:19,060 --> 00:51:16,480

Academy is doing is going to be heavily

1122

00:51:21,160 --> 00:51:19,070

engaged and it's going to be in

1123

00:51:22,480 --> 00:51:21,170

positives and negatives and there's no

1124

00:51:24,520 --> 00:51:22,490

way around it and I think they should

1125

00:51:27,580 --> 00:51:24,530

embrace that don't complain about it

1126

00:51:29,890 --> 00:51:27,590

it's not it's not it's not your fault it

1127

00:51:31,180 --> 00:51:29,900

was not specifically their fault well

1128

00:51:32,230 --> 00:51:31,190

actually just something created as most

1129

00:51:34,510 --> 00:51:32,240

of these people have been sitting on

1130

00:51:36,040 --> 00:51:34,520

this issue most of their life most of

1131

00:51:37,240 --> 00:51:36,050

the people the to the Stars Academy know

1132

00:51:38,980 --> 00:51:37,250

that team that know there's

1133

00:51:40,390 --> 00:51:38,990

extraterrestrials here they just can't

1134

00:51:43,960 --> 00:51:40,400

say that yet because they're under

1135

00:51:48,100 --> 00:51:43,970

strict rules of engagement but the rest

1136

00:51:49,810 --> 00:51:48,110

of us right are irritated because the

1137

00:51:52,360 --> 00:51:49,820

government has played this game out and

1138

00:51:54,940 --> 00:51:52,370

so they're gonna take some heat take it

1139

00:51:56,560 --> 00:51:54,950

it's okay all right and and and take it

1140

00:51:58,660 --> 00:51:56,570

with some grace because in the end

1141

00:52:00,250 --> 00:51:58,670

you're gonna win you're gonna win and

1142

00:52:02,290 --> 00:52:00,260

you're gonna cross the finish line in

1143

00:52:04,150 --> 00:52:02,300

Elizondo or Tom DeLonge it's gonna hold

1144

00:52:05,440 --> 00:52:04,160

up the Super Bowl trophy then we're

1145

00:52:07,840 --> 00:52:05,450

gonna be in the post disclosure world

1146

00:52:10,870 --> 00:52:07,850

thank God and when you're in politics

1147

00:52:13,120 --> 00:52:10,880

you really can't take the the high road

1148

00:52:15,550 --> 00:52:13,130

and rise above some of these things you

1149

00:52:18,430 --> 00:52:15,560

got to respond you got a you got a you

1150

00:52:19,660 --> 00:52:18,440

got a hit back so uh it's it's part of

1151

00:52:21,430 --> 00:52:19,670

the game you know wait a minute when you

1152

00:52:23,710 --> 00:52:21,440

say are you referring to the to the

1153

00:52:25,570 --> 00:52:23,720

stars Academy hitting back well anybody

1154

00:52:27,190 --> 00:52:25,580

really but yeah them in particular yes

1155

00:52:31,270 --> 00:52:27,200

no no they shouldn't hit back yeah sure

1156

00:52:33,460 --> 00:52:31,280

in pain be Prince wait look the high

1157

00:52:35,170 --> 00:52:33,470

road is the best road always take the

1158

00:52:39,390 --> 00:52:35,180

problem right now is there's so many low

1159

00:52:43,360 --> 00:52:39,400

roads you can't find the high road right

1160

00:52:46,200 --> 00:52:43,370

in political and political how would you

1161

00:52:49,030 --> 00:52:46,210

say conflict seeking office wherever

1162

00:52:53,110 --> 00:52:49,040

somebody comes after you sometimes you

1163

00:52:57,220 --> 00:52:53,120

got to hit back this is not a this is

1164

00:53:01,300 --> 00:52:57,230

this is a a disclosure process going on

1165

00:53:02,950 --> 00:53:01,310

this is revealing it's not it there is

1166

00:53:05,230 --> 00:53:02,960

political implications without question

1167

00:53:10,180 --> 00:53:05,240

but it's not a political a fundamental

1168

00:53:11,710 --> 00:53:10,190

political effort it's it is in fact kind

1169

00:53:13,240 --> 00:53:11,720

of like journalism in a sense

1170

00:53:15,130 --> 00:53:13,250

investigative journalism going on and

1171

00:53:17,780 --> 00:53:15,140

you've got people coming forward and

1172

00:53:20,290 --> 00:53:17,790

trying to tell the truth the

1173

00:53:24,190 --> 00:53:20,300

last thing they want to do is hit back

1174

00:53:27,050 --> 00:53:24,200

hitting back just feeds the opposition

1175

00:53:30,140 --> 00:53:27,060

right what do you got to hide why are

1176

00:53:33,010 --> 00:53:30,150

you so sensitive if you're if you're a

1177

00:53:35,000 --> 00:53:33,020

truth-teller you just tell the truth and

1178

00:53:36,440 --> 00:53:35,010

there are people out there that don't

1179

00:53:37,930 --> 00:53:36,450

believe that truth and they will attack

1180

00:53:40,250 --> 00:53:37,940

you fine

1181

00:53:41,930 --> 00:53:40,260

what are you gonna do spend your whole

1182

00:53:43,700 --> 00:53:41,940

life arguing with people that that

1183

00:53:45,050 --> 00:53:43,710

haven't figured out that is the truth

1184

00:53:47,180 --> 00:53:45,060

and they just wanted to bait you until

1185

00:53:48,620 --> 00:53:47,190

till the end of time no you just keep

1186

00:53:50,000 --> 00:53:48,630

telling the truth and people will

1187

00:53:52,490 --> 00:53:50,010

eventually figure out ah that's the

1188

00:53:54,500 --> 00:53:52,500

truth and as that process happens you

1189

00:53:56,450 --> 00:53:54,510

move further forward that's the way you

1190

00:53:58,610 --> 00:53:56,460

deal in something like that you don't

1191

00:54:01,310 --> 00:53:58,620

debate every single person that turns up

1192

00:54:04,160 --> 00:54:01,320

who's got an issue you don't and you

1193

00:54:05,900 --> 00:54:04,170

also don't beiong to disrespect them you

1194

00:54:09,200 --> 00:54:05,910

just acknowledge okay you got your point

1195

00:54:13,250 --> 00:54:09,210

of view and you go forward that's that's

1196

00:54:16,190 --> 00:54:13,260

the proper way to do this but hey hi I'm

1197

00:54:18,860 --> 00:54:16,200

not part of that team and they're not

1198

00:54:22,370 --> 00:54:18,870

asking for my advice they're doing

1199

00:54:24,440 --> 00:54:22,380

pretty well and overall I I'm fine I'm

1200

00:54:26,540 --> 00:54:24,450

flying with what's going on oh yeah we

1201
00:54:28,730 --> 00:54:26,550
haven't had yonce inside the show the

1202
00:54:30,380 --> 00:54:28,740
TTS a show unidentified is premiered

1203
00:54:33,770 --> 00:54:30,390
have you had a chance to watch it and do

1204
00:54:35,780 --> 00:54:33,780
you have any thoughts of course before

1205
00:54:37,700 --> 00:54:35,790
you do that I would like to go ahead and

1206
00:54:39,860 --> 00:54:37,710
introduce chase and then Steve can go

1207
00:54:41,570 --> 00:54:39,870
ahead and address that chase clutzy

1208
00:54:43,460 --> 00:54:41,580
thank you so very much for having come

1209
00:54:45,530 --> 00:54:43,470
on the show with us today she's an

1210
00:54:48,800 --> 00:54:45,540
author a forensic investigator and

1211
00:54:53,510 --> 00:54:48,810
explorer and also a chase could you also

1212
00:54:55,720 --> 00:54:53,520
be accurately called an activist that

1213
00:55:01,910 --> 00:54:55,730

would probably be more legitimate than

1214

00:55:05,390 --> 00:55:01,920

other things I've been called hi see

1215

00:55:06,850 --> 00:55:05,400

it's so good to hear you look you are

1216

00:55:10,730 --> 00:55:06,860

number of things

1217

00:55:15,200 --> 00:55:10,740

SMI your lobbyist you registered your

1218

00:55:18,410 --> 00:55:15,210

lobbyist right now

1219

00:55:20,270 --> 00:55:18,420

I actually didn't Steve and I and I'll

1220

00:55:23,210 --> 00:55:20,280

explain that in a moment because sorry I

1221

00:55:26,450 --> 00:55:23,220

thought you had I forgive me huh no no

1222

00:55:30,200 --> 00:55:26,460

because you were right it was but to

1223

00:55:31,589 --> 00:55:30,210

register here in DC I was filling out

1224

00:55:33,539 --> 00:55:31,599

all the paperwork and

1225

00:55:35,729 --> 00:55:33,549

I honestly was going to hit Send and

1226

00:55:38,729 --> 00:55:35,739

then decided not to because my

1227

00:55:41,699 --> 00:55:38,739

experience personally here is I didn't

1228

00:55:42,660 --> 00:55:41,709

need it I'm already talking to some of

1229

00:55:45,779 --> 00:55:42,670

the right people

1230

00:55:48,180 --> 00:55:45,789

I'm already gotten my in and I kind of

1231

00:55:49,680 --> 00:55:48,190

thought you know we're not making money

1232

00:55:53,120 --> 00:55:49,690

there's like I don't know it just seemed

1233

00:55:57,180 --> 00:55:53,130

like a lot of work just for a title and

1234

00:56:01,019 --> 00:55:57,190

and I haven't needed it not one time yes

1235

00:56:01,979 --> 00:56:01,029

I D so in a state as a lobbyist didn't

1236

00:56:03,680 --> 00:56:01,989

you correct correct

1237

00:56:06,589 --> 00:56:03,690

oh yeah I have been you still have that

1238

00:56:10,910 --> 00:56:06,599

listing yes then you're a lobbyist

1239

00:56:13,259 --> 00:56:10,920

however I am still the only national

1240

00:56:16,499 --> 00:56:13,269

extraterrestrial phenomena lobbyist in

1241

00:56:19,109 --> 00:56:16,509

the world hello hello yeah you could

1242

00:56:21,870 --> 00:56:19,119

actually be the only registered because

1243

00:56:23,699 --> 00:56:21,880

I'm inactive so and that's because I

1244

00:56:25,620 --> 00:56:23,709

make no money and when you don't make

1245

00:56:28,079 --> 00:56:25,630

the money and you're not being paid but

1246

00:56:30,599 --> 00:56:28,089

to address that quickly Steve they don't

1247

00:56:34,829 --> 00:56:30,609

know that up here so when you have that

1248

00:56:36,779 --> 00:56:34,839

Lobby ID and you're approaching as a

1249

00:56:38,189 --> 00:56:36,789

lobbyist they don't know you're not

1250

00:56:40,140 --> 00:56:38,199

making money they don't know you're not

1251
00:56:42,209 --> 00:56:40,150
funded the only people that would know

1252
00:56:44,400 --> 00:56:42,219
that would be you and the campaign

1253
00:56:48,319 --> 00:56:44,410
finance office it takes all those

1254
00:56:51,959 --> 00:56:48,329
reports so and keeps us honest but um

1255
00:56:54,539 --> 00:56:51,969
honestly it's it's open the right people

1256
00:56:57,269 --> 00:56:54,549
are ready to listen if you have

1257
00:56:59,819 --> 00:56:57,279
something legitimate and intelligent to

1258
00:57:03,719 --> 00:56:59,829
tell them doors are opening Steve you

1259
00:57:05,370 --> 00:57:03,729
don't need it well I'm just I'm I hope

1260
00:57:07,469 --> 00:57:05,380
that is true because if I can raise

1261
00:57:12,329 --> 00:57:07,479
about 25 maybe 30 thousand I'm coming

1262
00:57:16,170 --> 00:57:12,339
back to DC to full time Lobby both the

1263
00:57:18,259 --> 00:57:16,180

Congress and the media reason I have

1264

00:57:20,549 --> 00:57:18,269

raised funds is because I do not have a

1265

00:57:22,559 --> 00:57:20,559

unlike many other places I do not have a

1266

00:57:24,599 --> 00:57:22,569

supporter in Washington who's capable of

1267

00:57:26,279 --> 00:57:24,609

providing living space so I'm gonna have

1268

00:57:29,910 --> 00:57:26,289

to rent and rent is not cheap in

1269

00:57:31,170 --> 00:57:29,920

Washington DC and so when I get back you

1270

00:57:35,309 --> 00:57:31,180

and I will have a long conversation

1271

00:57:37,170 --> 00:57:35,319

we'll talk about a lot of things and so

1272

00:57:39,809 --> 00:57:37,180

at this point we'll call you an activist

1273

00:57:41,249 --> 00:57:39,819

I I call myself a lobbyist but mostly

1274

00:57:43,019 --> 00:57:41,259

I'm an activist I'm really an XO

1275

00:57:45,270 --> 00:57:43,029

political activist disclose your

1276

00:57:47,580 --> 00:57:45,280

activist and a truth

1277

00:57:49,020 --> 00:57:47,590

advocate all of those things and that I

1278

00:57:51,360 --> 00:57:49,030

would say that that's the confess the

1279

00:57:54,090 --> 00:57:51,370

case with you as well um I think Frank

1280

00:57:56,100 --> 00:57:54,100

had actually asked Steve a question

1281

00:57:59,490 --> 00:57:56,110

about TTS say Frank what was that

1282

00:58:02,760 --> 00:57:59,500

question about the show yeah yeah okay I

1283

00:58:05,010 --> 00:58:02,770

mean let me mention one more thing to

1284

00:58:07,590 --> 00:58:05,020

chase know Prancer that I chase there's

1285

00:58:09,570 --> 00:58:07,600

something you need to know I just want

1286

00:58:12,420 --> 00:58:09,580

to mention to you the lobbying

1287

00:58:15,510 --> 00:58:12,430

registration is not simply strictly

1288

00:58:17,250 --> 00:58:15,520

about money when you as you know when

1289

00:58:21,750 --> 00:58:17,260

you register lobbyists you do have to

1290

00:58:24,060 --> 00:58:21,760

make reports on a regular basis I think

1291

00:58:28,680 --> 00:58:24,070

it's I think it's every six months now

1292

00:58:30,270 --> 00:58:28,690

but it could be a recorder and you have

1293

00:58:32,190 --> 00:58:30,280

to report funds that you might have

1294

00:58:34,140 --> 00:58:32,200

gotten if you report funding that is

1295

00:58:35,310 --> 00:58:34,150

coming in to fund your lobbying work and

1296

00:58:38,040 --> 00:58:35,320

that's fine they need do they want to

1297

00:58:43,370 --> 00:58:38,050

know that but the principle basis for

1298

00:58:46,020 --> 00:58:43,380

the law is that the government requires

1299

00:58:50,360 --> 00:58:46,030

that people that are trying to influence

1300

00:58:53,670 --> 00:58:50,370

government policy by directly engaging

1301

00:58:56,370 --> 00:58:53,680

members of the Congress or members of

1302

00:58:58,020 --> 00:58:56,380

the executive branch need to be

1303

00:59:01,920 --> 00:58:58,030

registered so they know who they are

1304

00:59:03,960 --> 00:59:01,930

it is not a money thing now as it

1305

00:59:06,150 --> 00:59:03,970

happens in an issue like the

1306

00:59:07,880 --> 00:59:06,160

extra-terrestrial issue which as we know

1307

00:59:09,540 --> 00:59:07,890

it doesn't exist there is no issue

1308

00:59:12,210 --> 00:59:09,550

there's no there there

1309

00:59:13,890 --> 00:59:12,220

right so how can you influence somebody

1310

00:59:15,660 --> 00:59:13,900

about something that doesn't even exist

1311

00:59:17,790 --> 00:59:15,670

and so this issue has been marginalized

1312

00:59:19,830 --> 00:59:17,800

to the point where they're not concerned

1313

00:59:22,530 --> 00:59:19,840

now if you were up on the hill without

1314

00:59:24,660 --> 00:59:22,540

being a registered lobbyist and you were

1315

00:59:28,020 --> 00:59:24,670

talking to members of Congress about

1316

00:59:31,950 --> 00:59:28,030

influencing a vote on whether or not to

1317

00:59:35,580 --> 00:59:31,960

sanctions say Saudi Arabia for its

1318

00:59:37,290 --> 00:59:35,590

actions regarding the assassination of

1319

00:59:40,880 --> 00:59:37,300

the journalist and you weren't

1320

00:59:43,890 --> 00:59:40,890

registered you could get into hot water

1321

00:59:45,780 --> 00:59:43,900

so there's that's the reason you do it

1322

00:59:47,670 --> 00:59:45,790

but this issue is still sufficiently

1323

00:59:48,540 --> 00:59:47,680

fringe that nobody cares just want to

1324

00:59:53,430 --> 00:59:48,550

make sure you understand that

1325

00:59:54,990 --> 00:59:53,440

distinguish oh it's um the paperwork's

1326

00:59:57,360 --> 00:59:55,000

all filled out all I have to do is hit

1327

00:59:59,220 --> 00:59:57,370

Send and wait for the acceptance but

1328

01:00:01,440 --> 00:59:59,230

wait for the right moment and pop

1329

01:00:03,120 --> 01:00:01,450

that baby in and then I because I've

1330

01:00:04,620 --> 01:00:03,130

been telling people for some time now

1331

01:00:05,849 --> 01:00:04,630

that you were the second now registered

1332

01:00:07,560 --> 01:00:05,859

lobbyists in the Capitol on this issue

1333

01:00:10,230 --> 01:00:07,570

I've been like I've been lying to you oh

1334

01:00:12,060 --> 01:00:10,240

you haven't been lying you have it I'm

1335

01:00:14,010 --> 01:00:12,070

gonna hit and and we'll be good I

1336

01:00:15,599 --> 01:00:14,020

promise it's gonna have I'm not I'm not

1337

01:00:17,099 --> 01:00:15,609

suggesting you do it or not do it I'm

1338

01:00:20,400 --> 01:00:17,109

just make sure you because you got

1339

01:00:24,540 --> 01:00:20,410

plenty of things to think about but it's

1340

01:00:27,660 --> 01:00:24,550

so at some point maybe okay now I live

1341

01:00:29,609 --> 01:00:27,670

here and it's you know it very easy you

1342

01:00:32,310 --> 01:00:29,619

know we were just up there last last

1343

01:00:32,910 --> 01:00:32,320

week it's it's um and I love every bit

1344

01:00:38,490 --> 01:00:32,920

of it

1345

01:00:39,990 --> 01:00:38,500

so no it it's a good idea I've talked to

1346

01:00:41,760 --> 01:00:40,000

people where I've talked to staffers and

1347

01:00:43,890 --> 01:00:41,770

so forth but I I knew I couldn't

1348

01:00:45,599 --> 01:00:43,900

penetrate through to the actual member I

1349

01:00:47,520 --> 01:00:45,609

didn't have access to the committee I

1350

01:00:51,330 --> 01:00:47,530

just don't have that I didn't I didn't

1351
01:00:53,880 --> 01:00:51,340
have the gravitas that you know someone

1352
01:00:55,800 --> 01:00:53,890
like Christopher Mellon has no

1353
01:00:58,500 --> 01:00:55,810
Christopher Mellon is a major hit ER and

1354
01:01:00,359 --> 01:00:58,510
you're gonna talk to him I'm just a I'm

1355
01:01:01,410 --> 01:01:00,369
just a crazy UFO lobbyist out here

1356
01:01:03,930 --> 01:01:01,420
trying to represent the people's

1357
01:01:05,760 --> 01:01:03,940
interest and as you know the people's

1358
01:01:08,390 --> 01:01:05,770
interest is the last thing on the minds

1359
01:01:11,910 --> 01:01:08,400
of just about everybody in Washington

1360
01:01:13,859 --> 01:01:11,920
absolutely it's absolutely about keeping

1361
01:01:17,490 --> 01:01:13,869
their jobs and you know and the reason

1362
01:01:20,609 --> 01:01:17,500
that this topics even made it through

1363
01:01:22,890 --> 01:01:20,619

the doors is because they talk as though

1364

01:01:25,410 --> 01:01:22,900

it's a threat and that is the only way

1365

01:01:27,960 --> 01:01:25,420

this is ever going to happen you know

1366

01:01:30,000 --> 01:01:27,970

not that I believe or know or have ever

1367

01:01:31,980 --> 01:01:30,010

heard anyone from to the stars Academy

1368

01:01:35,340 --> 01:01:31,990

say this is all bad and we're expecting

1369

01:01:38,000 --> 01:01:35,350

an invasion and this is horrible you

1370

01:01:42,780 --> 01:01:38,010

know this is something that had to be

1371

01:01:45,150 --> 01:01:42,790

put put into this discussion exactly

1372

01:01:48,900 --> 01:01:45,160

this way or they're not going to get in

1373

01:01:51,720 --> 01:01:48,910

and they understand do that and they

1374

01:01:55,349 --> 01:01:51,730

they put this out perfectly it's it's

1375

01:01:57,390 --> 01:01:55,359

amazing let me let me clarify that a

1376

01:02:00,390 --> 01:01:57,400

little bit for you because there is a

1377

01:02:02,760 --> 01:02:00,400

lot of confusion and I think even some

1378

01:02:05,730 --> 01:02:02,770

concern on the part of the public as

1379

01:02:08,580 --> 01:02:05,740

they watch this going forward there was

1380

01:02:12,750 --> 01:02:08,590

a time a long long time ago in a galaxy

1381

01:02:15,920 --> 01:02:12,760

far away when if you had a job

1382

01:02:18,090 --> 01:02:15,930

and you weren't a you know you weren't a

1383

01:02:20,400 --> 01:02:18,100

what we say a craftsman a working man

1384

01:02:21,930 --> 01:02:20,410

working person a brigadier job office

1385

01:02:24,510 --> 01:02:21,940

job you you went in if you had a coat to

1386

01:02:26,940 --> 01:02:24,520

tie you put on a nice nice coat in the

1387

01:02:28,560 --> 01:02:26,950

tie decent slacks nice dress you went in

1388

01:02:32,220 --> 01:02:28,570

and you did that you had to do that in

1389

01:02:35,850 --> 01:02:32,230

order to to work there right the threat

1390

01:02:38,850 --> 01:02:35,860

thing is kind of like that it's it's the

1391

01:02:41,700 --> 01:02:38,860

coat and tie you have to put on to

1392

01:02:47,540 --> 01:02:41,710

engage in a into some weather the public

1393

01:02:49,680 --> 01:02:47,550

setting so in the public arena if you're

1394

01:02:52,230 --> 01:02:49,690

if in any way you're going to engage

1395

01:02:54,060 --> 01:02:52,240

this issue in a public fashion that coat

1396

01:02:56,910 --> 01:02:54,070

and tie that threat thing is helpful to

1397

01:03:00,780 --> 01:02:56,920

you it's not necessary on a person

1398

01:03:02,850 --> 01:03:00,790

purely private basis in other words if

1399

01:03:04,200 --> 01:03:02,860

I'm if I'm if I'm the Christopher Mellon

1400

01:03:06,900 --> 01:03:04,210

and I want to go talk to a committee

1401

01:03:07,980 --> 01:03:06,910

chair I don't need to call them up and

1402

01:03:10,290 --> 01:03:07,990

say I need to talk to you about this

1403

01:03:11,790 --> 01:03:10,300

issue because you know the ETS are

1404

01:03:13,350 --> 01:03:11,800

probably gonna invade within the next

1405

01:03:17,010 --> 01:03:13,360

six months and we're all gonna be slaves

1406

01:03:19,230 --> 01:03:17,020

no you could say look we need to start

1407

01:03:21,480 --> 01:03:19,240

engaging this issue and what have you

1408

01:03:22,710 --> 01:03:21,490

there's nitric Congress to get involved

1409

01:03:27,090 --> 01:03:22,720

he doesn't have to bring up threat

1410

01:03:30,540 --> 01:03:27,100

publicly it's a different matter point

1411

01:03:35,300 --> 01:03:30,550

there's the private conversations they

1412

01:03:41,640 --> 01:03:39,210

private you know but they're they're

1413

01:03:45,740 --> 01:03:41,650

done with that I they want this to come

1414

01:03:49,860 --> 01:03:45,750

out well the threat thing is still there

1415

01:03:52,680 --> 01:03:49,870

it is it was it was it was emphasized it

1416

01:03:55,650 --> 01:03:52,690

was emphasized repeatedly in the first

1417

01:03:57,590 --> 01:03:55,660

and second episodes of unidentified I

1418

01:04:01,640 --> 01:03:57,600

think a little bit in the third episode

1419

01:04:03,510 --> 01:04:01,650

because again this is the very public

1420

01:04:06,480 --> 01:04:03,520

representation of the to the stars

1421

01:04:08,430 --> 01:04:06,490

Academy's agenda in to millions of

1422

01:04:10,470 --> 01:04:08,440

people on History Channel it'll be

1423

01:04:11,610 --> 01:04:10,480

played and replayed and replayed forgot

1424

01:04:15,030 --> 01:04:11,620

the rest of the year you know an HD

1425

01:04:18,020 --> 01:04:15,040

channel works and so the the threat

1426

01:04:20,040 --> 01:04:18,030

thing I understand it in the sense that

1427

01:04:21,210 --> 01:04:20,050

the reason they had to call it the

1428

01:04:23,070 --> 01:04:21,220

advanced aerospace through an

1429

01:04:24,300 --> 01:04:23,080

identification program it's because a

1430

01:04:26,089 --> 01:04:24,310

lot of people are pending on we're gonna

1431

01:04:27,829 --> 01:04:26,099

know about it I mean it wasn't it might

1432

01:04:29,569 --> 01:04:27,839

relatively a secret to the rest of the

1433

01:04:30,979 --> 01:04:29,579

world but a lot of people the Pentagon

1434

01:04:37,630 --> 01:04:30,989

wouldn't know there was this program and

1435

01:04:42,589 --> 01:04:37,640

if it was the the advanced integration

1436

01:04:44,900 --> 01:04:42,599

extraterrestrial what's the word yeah

1437

01:04:46,759 --> 01:04:44,910

welcoming program right they would go

1438

01:04:48,229 --> 01:04:46,769

what the hell are you doing this is the

1439

01:04:50,420 --> 01:04:48,239

Pentagon we don't do that stuff and so

1440

01:04:54,019 --> 01:04:50,430

they had to call it that if only just to

1441

01:04:56,839 --> 01:04:54,029

do not rankle peoples of the feathers or

1442

01:04:59,120 --> 01:04:56,849

ruffle their feathers and even now as

1443

01:05:01,609 --> 01:04:59,130

they come forward they they know that

1444

01:05:04,239 --> 01:05:01,619

that threat makes it very difficult the

1445

01:05:05,809 --> 01:05:04,249

fact that one one can say there is a

1446

01:05:07,059 --> 01:05:05,819

anytime you're dealing with something

1447

01:05:10,700 --> 01:05:07,069

like this is a potential threat

1448

01:05:11,660 --> 01:05:10,710

absolutely if if the ETS wanted to be do

1449

01:05:13,339 --> 01:05:11,670

something terrible they could do it

1450

01:05:16,940 --> 01:05:13,349

tomorrow nothing stopping them so there

1451

01:05:18,410 --> 01:05:16,950

is an implied potential threat and and

1452

01:05:20,150 --> 01:05:18,420

that's the national security the highest

1453

01:05:21,950 --> 01:05:20,160

level what could be more national

1454

01:05:24,259 --> 01:05:21,960

security than that tampering with their

1455

01:05:25,910 --> 01:05:24,269

nuclear missiles so that makes it very

1456

01:05:30,729 --> 01:05:25,920

difficult for the political media and

1457

01:05:33,859 --> 01:05:30,739

the politicians to just toss it off it's

1458

01:05:35,989 --> 01:05:33,869

no big deal forget about it ah oh no in

1459

01:05:38,359 --> 01:05:35,999

national security so they keep that in

1460

01:05:42,019 --> 01:05:38,369

there to make it more difficult for the

1461

01:05:44,059 --> 01:05:42,029

politicians to stay back but ultimately

1462

01:05:46,069 --> 01:05:44,069

what will happen is as the thing gets

1463

01:05:48,140 --> 01:05:46,079

more embraced I think the threat thing

1464

01:05:52,039 --> 01:05:48,150

will fade out and it's sort of like this

1465

01:05:53,420 --> 01:05:52,049

process now let's be clear and it may be

1466

01:05:56,269 --> 01:05:53,430

I don't know if you agree with me or not

1467

01:05:59,029 --> 01:05:56,279

chase but if for some reason this threat

1468

01:06:00,410 --> 01:05:59,039

thing starts escalating as we get more

1469

01:06:01,880 --> 01:06:00,420

revelations more witnesses coming

1470

01:06:03,890 --> 01:06:01,890

forward and suddenly you start talking

1471

01:06:06,589 --> 01:06:03,900

more and more seriously about yeah

1472

01:06:09,620 --> 01:06:06,599

threat threat threat then there's going

1473

01:06:12,170 --> 01:06:09,630

to be pushback from me because that's

1474

01:06:14,450 --> 01:06:12,180

the one thing that many of the people in

1475

01:06:17,450 --> 01:06:14,460

the field are very concerned about and

1476

01:06:19,190 --> 01:06:17,460

that is that and because and we wouldn't

1477

01:06:22,910 --> 01:06:19,200

be if there wasn't a very long history

1478

01:06:26,690 --> 01:06:22,920

of this going way back to like you know

1479

01:06:28,549 --> 01:06:26,700

ancient aliens right that we have a we

1480

01:06:30,950 --> 01:06:28,559

have a permanent war economy in a vast

1481

01:06:33,499 --> 01:06:30,960

military intelligence infrastructure

1482

01:06:36,469 --> 01:06:33,509

that is costing us around 1.2 trillion

1483

01:06:38,900 --> 01:06:36,479

dollars a year and there is just there

1484

01:06:40,010 --> 01:06:38,910

is a lot of temptation there for people

1485

01:06:44,450 --> 01:06:40,020

inside to go

1486

01:06:46,010 --> 01:06:44,460

boy could we cash in on a if we could

1487

01:06:49,910 --> 01:06:46,020

convince the American public there was a

1488

01:06:51,560 --> 01:06:49,920

real threat and just like we cash we

1489

01:06:53,060 --> 01:06:51,570

could really get some American public on

1490

01:06:54,980 --> 01:06:53,070

board if we said there was nuclear

1491

01:06:57,140 --> 01:06:54,990

weapons or weapons of mass destruction

1492

01:06:59,510 --> 01:06:57,150

in Iraq if they played that game with

1493

01:07:01,370 --> 01:06:59,520

this issue I'm gonna stand in front of a

1494

01:07:03,680 --> 01:07:01,380

Pentagon and scream my bloody head off

1495

01:07:05,540 --> 01:07:03,690

unless they could prove it I mean

1496

01:07:07,520 --> 01:07:05,550

absolutely prove it beyond any

1497

01:07:09,650 --> 01:07:07,530

reasonable doubt trying to turn this

1498

01:07:12,650 --> 01:07:09,660

into a true threat as part of our

1499

01:07:14,540 --> 01:07:12,660

national policies and how we deal with

1500

01:07:17,200 --> 01:07:14,550

it would would be at this point in my

1501

01:07:20,810 --> 01:07:17,210

view probably the single most

1502

01:07:23,480 --> 01:07:20,820

destructive mistake that any government

1503

01:07:26,930 --> 01:07:23,490

will have made at any time past present

1504

01:07:28,490 --> 01:07:26,940

I would be at catastrophe if they Steve

1505

01:07:31,910 --> 01:07:28,500

can you go into some detail as to why

1506

01:07:37,130 --> 01:07:31,920

that is why we why you feel that way

1507

01:07:38,990 --> 01:07:37,140

yeah you know it's like they lied to us

1508

01:07:41,240 --> 01:07:39,000

about the weapons of mass destruction in

1509

01:07:42,560 --> 01:07:41,250

Iraq so we were able to go in and

1510

01:07:47,960 --> 01:07:42,570

destroy a rock

1511

01:07:50,570 --> 01:07:47,970

well Iraq didn't have a chance it had no

1512

01:07:53,150 --> 01:07:50,580

chance the war was over the day it

1513

01:07:55,220 --> 01:07:53,160

started and a couple hundred thousand

1514

01:07:56,450 --> 01:07:55,230

people died Garland total number since

1515

01:07:59,240 --> 01:07:56,460

then counting all the sanction it's

1516

01:08:00,320 --> 01:07:59,250

probably a million bayonet now they want

1517

01:08:01,610 --> 01:08:00,330

us to play the same game with

1518

01:08:04,940 --> 01:08:01,620

extraterrestrials who have interstellar

1519

01:08:06,950 --> 01:08:04,950

travel all right meaning let's let's

1520

01:08:08,510 --> 01:08:06,960

convince the American people we have to

1521

01:08:10,130 --> 01:08:08,520

spend trillions of dollars in order to

1522

01:08:13,610 --> 01:08:10,140

in order to defend us against goods

1523

01:08:15,890 --> 01:08:13,620

equals extraterrestrials well first of

1524

01:08:17,630 --> 01:08:15,900

all I don't think it would happen but if

1525

01:08:19,640 --> 01:08:17,640

we actually did do this and start it I

1526

01:08:21,500 --> 01:08:19,650

don't know firing and everything that

1527

01:08:22,970 --> 01:08:21,510

every saucer we saw the

1528

01:08:24,590 --> 01:08:22,980

extraterrestrials might get if I decide

1529

01:08:26,870 --> 01:08:24,600

to go okay fine that's the way you want

1530

01:08:29,870 --> 01:08:26,880

to be and boom we returned it to were

1531

01:08:31,789 --> 01:08:29,880

turned into dust they could destroy our

1532

01:08:33,079 --> 01:08:31,799

planet any time they want to if anybody

1533

01:08:35,150 --> 01:08:33,089

wants to get into the physics of that

1534

01:08:38,150 --> 01:08:35,160

I'm happy to discuss it but just take my

1535

01:08:40,280 --> 01:08:38,160

word for it we have zero chance against

1536

01:08:44,000 --> 01:08:40,290

extraterrestrials none we have less

1537

01:08:46,490 --> 01:08:44,010

chance against extraterrestrials then a

1538

01:08:48,680 --> 01:08:46,500

kindergarten class with every kid

1539

01:08:51,680 --> 01:08:48,690

holding a Glock would have against the

1540

01:08:53,720 --> 01:08:51,690

army the US Army all right we have no

1541

01:08:57,320 --> 01:08:53,730

chance and so that on its face

1542

01:08:58,730 --> 01:08:57,330

is is incredibly stupid and then the

1543

01:09:00,650 --> 01:08:58,740

second thing is we're gonna we're gonna

1544

01:09:03,740 --> 01:09:00,660

send hundreds of billions of dollars

1545

01:09:06,590 --> 01:09:03,750

down a black hole only to service the

1546

01:09:08,150 --> 01:09:06,600

permanent war economy at a point when we

1547

01:09:09,650 --> 01:09:08,160

are down twenty two trillion dollars in

1548

01:09:11,180 --> 01:09:09,660

debt and the world is facing enough

1549

01:09:14,180 --> 01:09:11,190

crisis to keep us busy for the rest of

1550

01:09:17,330 --> 01:09:14,190

the century so yeah on a scale of one to

1551

01:09:19,130 --> 01:09:17,340

ten that's a ten of stupidity stupid

1552

01:09:22,810 --> 01:09:19,140

government policies based upon a ten

1553

01:09:31,070 --> 01:09:22,820

thousand year history of war war war as

1554

01:09:32,540 --> 01:09:31,080

the alternative to diplomacy yes you

1555

01:09:35,690 --> 01:09:32,550

didn't actually I wanted to interject

1556

01:09:37,370 --> 01:09:35,700

with a question for a chase chase I have

1557

01:09:38,330 --> 01:09:37,380

a series of questions to ask you I'm

1558

01:09:39,650 --> 01:09:38,340

gonna go ahead and start with the

1559

01:09:42,050 --> 01:09:39,660

shortest one from Stacey Wright

1560

01:09:44,270 --> 01:09:42,060

Assistant Director of Phoenix MUFON she

1561

01:09:46,730 --> 01:09:44,280

asks what can the local UFO groups do to

1562

01:09:51,260 --> 01:09:46,740

help them out meaning lobbyists yourself

1563

01:09:54,110 --> 01:09:51,270

and Steve my first answer would be call

1564

01:09:56,810 --> 01:09:54,120

your Congress and Senators call them and

1565

01:10:00,410 --> 01:09:56,820

you know demanded that they listen and

1566

01:10:02,810 --> 01:10:00,420

and and focus in and become part of that

1567

01:10:04,730 --> 01:10:02,820

discussion because it does especially

1568

01:10:09,620 --> 01:10:04,740

where they come from you know with

1569

01:10:11,930 --> 01:10:09,630

Phoenix has a huge UFO legacy of the

1570

01:10:15,230 --> 01:10:11,940

Phoenix lights it would it's now time

1571

01:10:19,010 --> 01:10:15,240

that they can effectively call and and

1572

01:10:23,540 --> 01:10:19,020

start demanding action okay I have

1573

01:10:27,100 --> 01:10:23,550

another one from Allah I apologize sorry

1574

01:10:30,140 --> 01:10:27,110

go ahead okay let me get more pragmatic

1575

01:10:31,880 --> 01:10:30,150

what can all the looking the people out

1576

01:10:34,280 --> 01:10:31,890

there that are interested in this

1577

01:10:36,680 --> 01:10:34,290

subject I've been following it they see

1578

01:10:40,700 --> 01:10:36,690

something happen and what what what can

1579

01:10:42,050 --> 01:10:40,710

they do to help okay not only me or Jace

1580

01:10:45,200 --> 01:10:42,060

how about themselves how about the

1581

01:10:47,810 --> 01:10:45,210

country yes feel free to call your

1582

01:10:49,010 --> 01:10:47,820

Congress people anytime you want set up

1583

01:10:51,830 --> 01:10:49,020

letters send them emails whatever they

1584

01:10:53,150 --> 01:10:51,840

got on their website and let them know

1585

01:10:56,990 --> 01:10:53,160

you're following this is important fine

1586

01:10:58,820 --> 01:10:57,000

do it plenty that's fine here's what you

1587

01:11:00,980 --> 01:10:58,830

really need to do now I know some people

1588

01:11:03,020 --> 01:11:00,990

are gonna kind of gonna criticize me for

1589

01:11:06,220 --> 01:11:03,030

this it's okay it's alright

1590

01:11:11,200 --> 01:11:06,230

I'm a big boy join move on

1591

01:11:16,300 --> 01:11:11,210

all right join MUFON why our ability to

1592

01:11:17,710 --> 01:11:16,310

have voice in the post disclosure world

1593

01:11:19,600 --> 01:11:17,720

when the world is going to change in

1594

01:11:22,350 --> 01:11:19,610

ways we can't even imagine when the

1595

01:11:25,240 --> 01:11:22,360

opportunity to modify reform and fix

1596

01:11:26,680 --> 01:11:25,250

some of them the infrastructure and

1597

01:11:28,390 --> 01:11:26,690

nonsense of the policies that we have

1598

01:11:30,070 --> 01:11:28,400

created is going to be never greater

1599

01:11:32,140 --> 01:11:30,080

than that it will be the greatest that's

1600

01:11:34,450 --> 01:11:32,150

ever been it's going to be dependent

1601

01:11:36,880 --> 01:11:34,460

upon the degree to which we have

1602

01:11:38,140 --> 01:11:36,890

structure now we don't have much

1603

01:11:38,560 --> 01:11:38,150

structure because we don't have any

1604

01:11:41,110 --> 01:11:38,570

money

1605

01:11:42,700 --> 01:11:41,120

you can't build structure with 50 cents

1606

01:11:44,350 --> 01:11:42,710

or a couple of bucks there have been a

1607

01:11:46,480 --> 01:11:44,360

number of organizations over the years

1608

01:11:50,830 --> 01:11:46,490

they come and then they've gone NICAP

1609

01:11:52,990 --> 01:11:50,840

destroyed by the CIA you [h__\h] you folks

1610

01:11:54,880 --> 01:11:53,000

eventually basically just becomes an

1611

01:11:58,450 --> 01:11:54,890

archive but the one that's been with us

1612

01:12:00,340 --> 01:11:58,460

now since 1969 is MUFON it's had its ups

1613

01:12:02,020 --> 01:12:00,350

aside its downs it's made mistakes the

1614

01:12:04,360 --> 01:12:02,030

point is it is the best-known large

1615

01:12:06,490 --> 01:12:04,370

organization of people directly to

1616

01:12:08,500 --> 01:12:06,500

interested and engaging this issue in

1617

01:12:13,480 --> 01:12:08,510

the world and it's also international

1618

01:12:16,900 --> 01:12:13,490

alright so if people started joining it

1619

01:12:19,780 --> 01:12:16,910

by the tens of thousands it would have

1620

01:12:21,610 --> 01:12:19,790

the resources and the database and the

1621

01:12:24,160 --> 01:12:21,620

email list that in the post disclosure

1622

01:12:25,750 --> 01:12:24,170

world it could be the people we could

1623

01:12:28,120 --> 01:12:25,760

through that organization try to

1624

01:12:29,500 --> 01:12:28,130

influence government policy without that

1625

01:12:31,180 --> 01:12:29,510

hey what are you gonna continue sending

1626
01:12:32,440 --> 01:12:31,190
letters to your Congressman and the post

1627
01:12:34,600 --> 01:12:32,450
disclosure world for the next 20 years

1628
01:12:35,920 --> 01:12:34,610
no now there will be a lot of groups

1629
01:12:38,410 --> 01:12:35,930
that'll form right after disclosure

1630
01:12:40,270 --> 01:12:38,420
everybody's gonna jump in big money is

1631
01:12:41,980 --> 01:12:40,280
gonna form groups overnight right oh

1632
01:12:44,490 --> 01:12:41,990
yeah this is it join this we're onboard

1633
01:12:48,460 --> 01:12:44,500
throw money on it have all kinds of

1634
01:12:49,930 --> 01:12:48,470
brick and mortar structured and public

1635
01:12:53,230 --> 01:12:49,940
relations people all that will kind of

1636
01:12:55,390 --> 01:12:53,240
happen but MUFON has been in this in 69

1637
01:12:57,130 --> 01:12:55,400
it has paid its dues it is going through

1638
01:13:00,310 --> 01:12:57,140

thick and thin and has put up with hell

1639

01:13:04,180 --> 01:13:00,320

and it's so it's got a track record here

1640

01:13:06,250 --> 01:13:04,190

and we need to support that we need to

1641

01:13:08,440 --> 01:13:06,260

support those that have done this and

1642

01:13:10,390 --> 01:13:08,450

not just jump and forget about them and

1643

01:13:12,160 --> 01:13:10,400

jump on board the next billionaires

1644

01:13:14,140 --> 01:13:12,170

project in the post disclosure world as

1645

01:13:16,180 --> 01:13:14,150

everybody tries to cash in on this which

1646

01:13:18,550 --> 01:13:16,190

they will in every way possible post

1647

01:13:19,240 --> 01:13:18,560

disclosure right you want to go by under

1648

01:13:21,280 --> 01:13:19,250

where it's going

1649

01:13:22,690 --> 01:13:21,290

ets on it alrights gonna have alien

1650

01:13:25,240 --> 01:13:22,700

faces on it because that's how you're

1651
01:13:27,100 --> 01:13:25,250
gonna sell underware so you want to do

1652
01:13:30,130 --> 01:13:27,110
something come together how can you come

1653
01:13:33,070 --> 01:13:30,140
together sure you you well how can you

1654
01:13:34,210 --> 01:13:33,080
do it you gonna join something and right

1655
01:13:35,740 --> 01:13:34,220
now that's it

1656
01:13:37,300 --> 01:13:35,750
to me that's the one organization that

1657
01:13:39,610 --> 01:13:37,310
really has the ability to come together

1658
01:13:41,290 --> 01:13:39,620
and quickly and I'm sure that as the as

1659
01:13:44,140 --> 01:13:41,300
the resources increase in memberships

1660
01:13:46,270 --> 01:13:44,150
increased that issues that people have

1661
01:13:48,070 --> 01:13:46,280
with it can be fixed and that the

1662
01:13:50,770 --> 01:13:48,080
organization would be the best it can be

1663
01:13:52,420 --> 01:13:50,780

that's my advice for those out there pre

1664

01:13:53,230 --> 01:13:52,430

disclosure heading towards the

1665

01:13:57,580 --> 01:13:53,240

disclosure event

1666

01:14:00,070 --> 01:13:57,590

okay Alejandro Rojas asked where you all

1667

01:14:01,600 --> 01:14:00,080

think this is going with TTS a which

1668

01:14:03,450 --> 01:14:01,610

Steve you may have already addressed

1669

01:14:06,040 --> 01:14:03,460

that but we'd like to hear how chase

1670

01:14:08,080 --> 01:14:06,050

takes on that perspective regarding that

1671

01:14:10,000 --> 01:14:08,090

question and what has made them so

1672

01:14:12,670 --> 01:14:10,010

effective at getting the attention of

1673

01:14:14,260 --> 01:14:12,680

lawmakers so I'm gonna read that again

1674

01:14:16,210 --> 01:14:14,270

chase where do you think this is all

1675

01:14:18,610 --> 01:14:16,220

going with TTS a regarding your lobbying

1676

01:14:22,240 --> 01:14:18,620

efforts urine Steve's lobbying efforts

1677

01:14:23,980 --> 01:14:22,250

and also what has made you all so

1678

01:14:29,620 --> 01:14:23,990

effective at getting the attention of

1679

01:14:34,030 --> 01:14:29,630

lawmakers honestly to the stars really

1680

01:14:36,600 --> 01:14:34,040

opened up a lot of the discussion and

1681

01:14:42,060 --> 01:14:36,610

the people willing to listen because of

1682

01:14:44,980 --> 01:14:42,070

movement and activist type pushing from

1683

01:14:47,890 --> 01:14:44,990

former Senator Reid and and some of the

1684

01:14:50,740 --> 01:14:47,900

others that are known on the hill such

1685

01:14:52,210 --> 01:14:50,750

as Chris Mullin and how pood off and you

1686

01:14:58,300 --> 01:14:52,220

know some of the names so first they

1687

01:14:59,770 --> 01:14:58,310

organized a group of top people that the

1688

01:15:00,970 --> 01:14:59,780

government is comfortable with because

1689

01:15:03,610 --> 01:15:00,980

they've trained them and worked with

1690

01:15:08,040 --> 01:15:03,620

them many many years decades even so

1691

01:15:12,460 --> 01:15:08,050

this is something that's to me it was

1692

01:15:15,730 --> 01:15:12,470

orchestrated perfectly for bringing this

1693

01:15:18,280 --> 01:15:15,740

out as far as the lobbying from Steve

1694

01:15:20,110 --> 01:15:18,290

and I it really is you know getting to

1695

01:15:23,290 --> 01:15:20,120

the right people at the right time and

1696

01:15:25,000 --> 01:15:23,300

these doors are open we're talking two

1697

01:15:28,540 --> 01:15:25,010

subcommittees a threat assessment

1698

01:15:30,810 --> 01:15:28,550

subcommittee when you first get here as

1699

01:15:33,190 --> 01:15:30,820

a lobbyist I didn't have Steve with me

1700

01:15:35,200 --> 01:15:33,200

unfortunately so I you know

1701
01:15:38,020 --> 01:15:35,210
taking a couple bumps and wasted my time

1702
01:15:41,320 --> 01:15:38,030
in a few areas such as trying to reach

1703
01:15:43,750 --> 01:15:41,330
the Office of Science and Technology you

1704
01:15:46,450 --> 01:15:43,760
think that that would be you know a good

1705
01:15:48,220 --> 01:15:46,460
place to start connecting and having a

1706
01:15:49,660 --> 01:15:48,230
relationship of information they can

1707
01:15:53,350 --> 01:15:49,670
hook you up tell you where to go

1708
01:15:55,960 --> 01:15:53,360
not even close it's not how DC works so

1709
01:15:58,060 --> 01:15:55,970
you've really spent probably the first

1710
01:16:00,850 --> 01:15:58,070
year just getting this down figuring it

1711
01:16:05,140 --> 01:16:00,860
out how do we get to some of this and

1712
01:16:06,940 --> 01:16:05,150
you also have to know even have a

1713
01:16:09,220 --> 01:16:06,950

subcommittee's work and how they get

1714

01:16:11,940 --> 01:16:09,230

their information so when they're

1715

01:16:15,130 --> 01:16:11,950

getting their information from joint

1716

01:16:17,380 --> 01:16:15,140

command it's not just the Department of

1717

01:16:19,270 --> 01:16:17,390

the Navy it's not just the minutes video

1718

01:16:23,190 --> 01:16:19,280

and stuff we have to remember there's

1719

01:16:27,940 --> 01:16:23,200

even you know big big influential

1720

01:16:30,270 --> 01:16:27,950

entities such as ditra right here in DC

1721

01:16:35,020 --> 01:16:30,280

which is defense Threat Reduction agency

1722

01:16:36,910 --> 01:16:35,030

so there's all these combined so by you

1723

01:16:41,740 --> 01:16:36,920

know really being able to work some of

1724

01:16:43,510 --> 01:16:41,750

your military contacts working with you

1725

01:16:45,760 --> 01:16:43,520

know kind of that momentum that to the

1726

01:16:47,560 --> 01:16:45,770

Stars has opened up but you really have

1727

01:16:52,810 --> 01:16:47,570

to have the right information the first

1728

01:16:55,840 --> 01:16:52,820

time you say UFOs or aliens or you know

1729

01:16:58,960 --> 01:16:55,850

things like that they shut down and I

1730

01:17:00,940 --> 01:16:58,970

saw that at the citizens hearing for

1731

01:17:05,730 --> 01:17:00,950

disclosure and I have to I have to say

1732

01:17:08,490 --> 01:17:05,740

that I walked in you know pretty pretty

1733

01:17:11,650 --> 01:17:08,500

excited to be there and I left

1734

01:17:14,380 --> 01:17:11,660

completely changed and I saw where

1735

01:17:19,030 --> 01:17:14,390

exactly this had to go Steve started all

1736

01:17:20,860 --> 01:17:19,040

of this all of it and I thought it was

1737

01:17:22,960 --> 01:17:20,870

probably one of the most effective

1738

01:17:26,320 --> 01:17:22,970

things that have ever been done in our

1739

01:17:29,620 --> 01:17:26,330

field up to that point and I saw the

1740

01:17:34,150 --> 01:17:29,630

successes and this is why we have a to

1741

01:17:36,580 --> 01:17:34,160

the Stars today this is why we have the

1742

01:17:38,830 --> 01:17:36,590

Oh doors opening we had professional

1743

01:17:42,100 --> 01:17:38,840

people professional researchers and

1744

01:17:45,100 --> 01:17:42,110

investigators talking to people that

1745

01:17:47,410 --> 01:17:45,110

were very polite on Monday they were

1746

01:17:49,510 --> 01:17:47,420

paid well and they should have been

1747

01:17:51,879 --> 01:17:49,520

but they were being very polite and by

1748

01:17:54,669 --> 01:17:51,889

Wednesday they got it by Friday they

1749

01:17:57,010 --> 01:17:54,679

were helping many amazing good things

1750

01:17:59,800 --> 01:17:57,020

happen especially to one of our veterans

1751

01:18:01,660 --> 01:17:59,810

who deserved the kind of assistance he

1752

01:18:03,970 --> 01:18:01,670

got which is now spilling over to many

1753

01:18:05,919 --> 01:18:03,980

others so you know what happened at that

1754

01:18:07,629 --> 01:18:05,929

Citizen hearing about John burrows from

1755

01:18:10,479 --> 01:18:07,639

the Rendlesham case their correction I

1756

01:18:12,790 --> 01:18:10,489

absolutely am yes the fact that these

1757

01:18:14,680 --> 01:18:12,800

guys that work these top-secret programs

1758

01:18:16,930 --> 01:18:14,690

are working to these top-secret and I

1759

01:18:18,310 --> 01:18:16,940

have children who respect Ops so you

1760

01:18:19,959 --> 01:18:18,320

know when they're in these situations

1761

01:18:22,600 --> 01:18:19,969

and something happens to them long-term

1762

01:18:25,780 --> 01:18:22,610

because of that and because it's

1763

01:18:27,970 --> 01:18:25,790

classified it didn't happen bullcrap

1764

01:18:28,780 --> 01:18:27,980

these are veterans oh don't even get me

1765

01:18:31,330 --> 01:18:28,790

started on that one

1766

01:18:35,770 --> 01:18:31,340

but but I don't want to digress a little

1767

01:18:39,180 --> 01:18:35,780

but honestly Steve to me has handed UFOs

1768

01:18:42,370 --> 01:18:39,190

the eight UFO field one of our best

1769

01:18:45,399 --> 01:18:42,380

foundations I think here ISA mented our

1770

01:18:47,350 --> 01:18:45,409

next level and raised the bar and and I

1771

01:18:49,390 --> 01:18:47,360

believe that in cooperation would to the

1772

01:18:51,310 --> 01:18:49,400

Stars Kadim II that this is just going

1773

01:18:54,610 --> 01:18:51,320

to go forward I can't wait for Steve to

1774

01:18:58,209 --> 01:18:54,620

get here we've got work to do you know

1775

01:19:00,850 --> 01:18:58,219

it's really I don't agree with the

1776

01:19:03,850 --> 01:19:00,860

joining other organizations as much as I

1777

01:19:07,300 --> 01:19:03,860

agree with joining in and helping you

1778

01:19:08,800 --> 01:19:07,310

Steve get here well thank you chase

1779

01:19:13,300 --> 01:19:08,810

you're officially hired as my public

1780

01:19:15,820 --> 01:19:13,310

relations person I have been saying this

1781

01:19:17,860 --> 01:19:15,830

for years I was completely changed

1782

01:19:20,200 --> 01:19:17,870

walking out of there I knew you had just

1783

01:19:22,930 --> 01:19:20,210

raised the bar and I had to get better I

1784

01:19:25,689 --> 01:19:22,940

had to be a better investigator I had to

1785

01:19:27,340 --> 01:19:25,699

be you know specialized in evidence

1786

01:19:29,680 --> 01:19:27,350

because that's something I knew that

1787

01:19:31,780 --> 01:19:29,690

this is you know we have a 10,000

1788

01:19:33,220 --> 01:19:31,790

stories hundreds and thousands of

1789

01:19:36,129 --> 01:19:33,230

reports all over the world

1790

01:19:39,399 --> 01:19:36,139

what we need is evidence and we need the

1791

01:19:41,620 --> 01:19:39,409

right witnesses that the you know aren't

1792

01:19:43,660 --> 01:19:41,630

lawmakers are comfortable with they know

1793

01:19:46,450 --> 01:19:43,670

these guys so when you're presenting a

1794

01:19:49,060 --> 01:19:46,460

military member or a pilot they know

1795

01:19:54,700 --> 01:19:49,070

what their training is especially right

1796

01:19:56,919 --> 01:19:54,710

through it's just they know these so I I

1797

01:19:59,229 --> 01:19:56,929

just thought it was the first time that

1798

01:20:00,740 --> 01:19:59,239

in a long time that ufology was given a

1799

01:20:03,620 --> 01:20:00,750

brand new foundation

1800

01:20:05,120 --> 01:20:03,630

to stand on and it raised the bar to the

1801
01:20:08,330 --> 01:20:05,130
point where some people didn't make it

1802
01:20:12,430 --> 01:20:08,340
is saying I wanted to do that for 11

1803
01:20:17,390 --> 01:20:12,440
years and the money to do it turned up I

1804
01:20:19,130 --> 01:20:17,400
almost have nowhere and we get it and I

1805
01:20:20,570 --> 01:20:19,140
in a citizen hearing as far as I was

1806
01:20:22,250 --> 01:20:20,580
concerned was the most important event

1807
01:20:25,220 --> 01:20:22,260
in the history of the disclosure process

1808
01:20:27,140 --> 01:20:25,230
up to that date now that has been

1809
01:20:28,790 --> 01:20:27,150
supplanted by the launching of it to the

1810
01:20:30,200 --> 01:20:28,800
Stars Academy that is now the most

1811
01:20:32,450 --> 01:20:30,210
important event in the history of the

1812
01:20:34,550 --> 01:20:32,460
disclosure process here's the lobbying

1813
01:20:39,010 --> 01:20:34,560

let's I'm gonna make a very key point

1814

01:20:41,240 --> 01:20:39,020

here yet one of the unfortunate things

1815

01:20:42,830 --> 01:20:41,250

unfortunate one of the challenges that I

1816

01:20:46,190 --> 01:20:42,840

had when I enter the field of ninety-six

1817

01:20:51,380 --> 01:20:46,200

and registers a lobbyist was by 96 the

1818

01:20:53,870 --> 01:20:51,390

Congress was starting to descend into it

1819

01:20:55,310 --> 01:20:53,880

was it was it was going over to the dark

1820

01:20:57,920 --> 01:20:55,320

side all right

1821

01:21:02,060 --> 01:20:57,930

and and becoming increasingly

1822

01:21:06,830 --> 01:21:02,070

dysfunctional ultimately became like a

1823

01:21:08,480 --> 01:21:06,840

giant block of cement you could walk up

1824

01:21:10,610 --> 01:21:08,490

to it and tap it that's about all you

1825

01:21:11,990 --> 01:21:10,620

can do you just the only way you had to

1826

01:21:13,130 --> 01:21:12,000

have money you had you know there was

1827

01:21:14,480 --> 01:21:13,140

you had to have huge amounts of money

1828

01:21:16,310 --> 01:21:14,490

that would be your sledgehammer and then

1829

01:21:18,380 --> 01:21:16,320

you could break through and then they'd

1830

01:21:19,670 --> 01:21:18,390

listen to you and then they would do

1831

01:21:21,260 --> 01:21:19,680

anything anyways the Congress just

1832

01:21:24,920 --> 01:21:21,270

collapsed it is now a fully

1833

01:21:27,560 --> 01:21:24,930

dysfunctional of a part of our

1834

01:21:29,330 --> 01:21:27,570

government and it needs to fix itself

1835

01:21:31,610 --> 01:21:29,340

pretty damn quickly or there will be

1836

01:21:33,050 --> 01:21:31,620

consequences so I knew that that was

1837

01:21:35,750 --> 01:21:33,060

gonna be tough so I concentrated on

1838

01:21:37,760 --> 01:21:35,760

lobbying the political media which is

1839

01:21:39,590 --> 01:21:37,770

really where a lot of the stuff really

1840

01:21:40,850 --> 01:21:39,600

happens not necessarily

1841

01:21:44,630 --> 01:21:40,860

Ian's economist Congress kind of

1842

01:21:46,940 --> 01:21:44,640

finishes it off but issues they begin

1843

01:21:48,740 --> 01:21:46,950

they flourish in the political media and

1844

01:21:50,690 --> 01:21:48,750

I had I had a lot of success there

1845

01:21:53,330 --> 01:21:50,700

generated huge numbers of articles I

1846

01:21:55,060 --> 01:21:53,340

know how many there's been over 400 just

1847

01:21:58,730 --> 01:21:55,070

written it a reference to what I do and

1848

01:22:00,590 --> 01:21:58,740

PRG over 400 I every all the big papers

1849

01:22:02,360 --> 01:22:00,600

oh okay fine and then generate other

1850

01:22:04,400 --> 01:22:02,370

stuff so that that's that but that's

1851

01:22:05,840 --> 01:22:04,410

that's not the same thing as is getting

1852

01:22:07,970 --> 01:22:05,850

government to specifically do what you

1853

01:22:12,230 --> 01:22:07,980

want it to do now now things have

1854

01:22:13,350 --> 01:22:12,240

changed and we have a new group lobbying

1855

01:22:17,540 --> 01:22:13,360

Congress

1856

01:22:20,610 --> 01:22:17,550

but they're not some individual unpaid

1857

01:22:24,480 --> 01:22:20,620

citizen-science citizen activists they

1858

01:22:27,090 --> 01:22:24,490

are insiders with substantial resumes

1859

01:22:29,910 --> 01:22:27,100

and careers they are involved in a

1860

01:22:32,010 --> 01:22:29,920

program which is implicitly backed by

1861

01:22:34,830 --> 01:22:32,020

the Department of Defense implicitly

1862

01:22:37,200 --> 01:22:34,840

backed by the department defense they're

1863

01:22:38,400 --> 01:22:37,210

in a whole nother world I'm the I'm not

1864

01:22:40,200 --> 01:22:38,410

in that world because I spent the first

1865

01:22:42,000 --> 01:22:40,210

s in my life mostly just playing tennis

1866

01:22:43,440 --> 01:22:42,010

and screwing around and so I don't have

1867

01:22:46,050 --> 01:22:43,450

that resume okay no problem

1868

01:22:47,370 --> 01:22:46,060

and they're there meeting with people on

1869

01:22:48,900 --> 01:22:47,380

the hill and they're gonna continue to

1870

01:22:51,390 --> 01:22:48,910

do that in the end there and that is

1871

01:22:53,340 --> 01:22:51,400

lobbying and and maybe somebody will

1872

01:22:54,990 --> 01:22:53,350

retina meet maybe they may very well

1873

01:22:56,810 --> 01:22:55,000

register if they haven't already through

1874

01:22:59,310 --> 01:22:56,820

the Stars Academy as a lobbyist

1875

01:23:01,260 --> 01:22:59,320

organization so that they or don't you

1876
01:23:04,200 --> 01:23:01,270
know upset anybody but they're gonna be

1877
01:23:06,540 --> 01:23:04,210
lobbying but let's be clear they are

1878
01:23:11,220 --> 01:23:06,550
lobbying on behalf of the military

1879
01:23:14,010 --> 01:23:11,230
intelligence complex the TTS a was if

1880
01:23:16,230 --> 01:23:14,020
among other things a public relations

1881
01:23:18,600 --> 01:23:16,240
maneuver by the military intelligence

1882
01:23:20,430 --> 01:23:18,610
complex now they're not gonna admit this

1883
01:23:22,680 --> 01:23:20,440
and if they want to challenge me on this

1884
01:23:25,410 --> 01:23:22,690
that's okay well they can persuade me oh

1885
01:23:28,140 --> 01:23:25,420
no no it's not the case well I'll speak

1886
01:23:29,460 --> 01:23:28,150
speak differently but the military

1887
01:23:30,870 --> 01:23:29,470
intelligence as complex as no and

1888
01:23:33,600 --> 01:23:30,880

eventually disclosure was going to come

1889

01:23:34,950 --> 01:23:33,610

and when it came the politicians wants

1890

01:23:36,930 --> 01:23:34,960

to make the announcement we're gonna

1891

01:23:38,880 --> 01:23:36,940

then throw the entire m.i.c under the

1892

01:23:40,170 --> 01:23:38,890

but they're gonna blame him for

1893

01:23:42,690 --> 01:23:40,180

everything

1894

01:23:44,040 --> 01:23:42,700

reason we couldn't tell you sooner they

1895

01:23:46,980 --> 01:23:44,050

they they they stonewalled all the

1896

01:23:48,540 --> 01:23:46,990

presidents we the the politicians wanted

1897

01:23:50,880 --> 01:23:48,550

to bring the truth to you or the great

1898

01:23:52,140 --> 01:23:50,890

truth bringers and the DoD and all its

1899

01:23:55,080 --> 01:23:52,150

black programs and everything else

1900

01:23:57,030 --> 01:23:55,090

basically stood in our way and they they

1901

01:23:59,910 --> 01:23:57,040

didn't like that they don't view

1902

01:24:01,260 --> 01:23:59,920

themselves as the villains they don't

1903

01:24:02,870 --> 01:24:01,270

view themselves as criminals they view

1904

01:24:04,920 --> 01:24:02,880

themselves as national security

1905

01:24:06,450 --> 01:24:04,930

protectors and they've done a pretty

1906

01:24:08,640 --> 01:24:06,460

good job they've made some pretty big

1907

01:24:11,550 --> 01:24:08,650

mistakes but overall they protected us

1908

01:24:13,320 --> 01:24:11,560

pretty well including not having a

1909

01:24:15,270 --> 01:24:13,330

nuclear war though we still may have won

1910

01:24:17,430 --> 01:24:15,280

the point is is that they see themselves

1911

01:24:21,390 --> 01:24:17,440

as that way and and and I don't argue

1912

01:24:24,210 --> 01:24:21,400

with that so this program which now puts

1913

01:24:27,090 --> 01:24:24,220

them out in front with identified people

1914

01:24:29,460 --> 01:24:27,100

from the m.i.c bringing out information

1915

01:24:33,270 --> 01:24:29,470

going on television is now bear now

1916

01:24:35,430 --> 01:24:33,280

ahead of the politicians we have we

1917

01:24:37,500 --> 01:24:35,440

wouldn't have 123 people running for the

1918

01:24:38,970 --> 01:24:37,510

Democratic nomination how many of them

1919

01:24:42,450 --> 01:24:38,980

have actually brought this issue up yet

1920

01:24:44,670 --> 01:24:42,460

oh none of them am I am i understanding

1921

01:24:46,110 --> 01:24:44,680

that one of them was did take a meeting

1922

01:24:49,320 --> 01:24:46,120

about it when they were in Nevada though

1923

01:24:51,060 --> 01:24:49,330

I think yang said something he was asked

1924

01:24:52,200 --> 01:24:51,070

by Damon steer up in New Hampshire and

1925

01:24:53,880 --> 01:24:52,210

he said a little something not much

1926

01:24:56,010 --> 01:24:53,890

let's just say they're not exactly

1927

01:24:58,110 --> 01:24:56,020

jumping on board so they're now way

1928

01:25:00,090 --> 01:24:58,120

ahead of them and Hillary Clinton's

1929

01:25:01,200 --> 01:25:00,100

keeping silence she she's keeping silent

1930

01:25:04,320 --> 01:25:01,210

for reasons I'm pretty sure I know what

1931

01:25:06,090 --> 01:25:04,330

they are but she did she did speak to it

1932

01:25:07,680 --> 01:25:06,100

she had no choice I forced her that's

1933

01:25:09,570 --> 01:25:07,690

why I I'm never gonna get a Christmas

1934

01:25:12,330 --> 01:25:09,580

card Steve dear dad do you care to

1935

01:25:15,330 --> 01:25:12,340

discuss what your theory is on the

1936

01:25:17,400 --> 01:25:15,340

reasons okay okay

1937

01:25:18,450 --> 01:25:17,410

oh don't let me I'll get back to that

1938

01:25:22,560 --> 01:25:18,460

let me just finish this other thread

1939

01:25:25,860 --> 01:25:22,570

I'll get right back to that so they and

1940

01:25:30,200 --> 01:25:25,870

I don't blame them for doing that they

1941

01:25:33,810 --> 01:25:30,210

they want to they want to be viewed as

1942

01:25:35,250 --> 01:25:33,820

in the member the disclosure event will

1943

01:25:37,140 --> 01:25:35,260

be the most profound event in human

1944

01:25:38,220 --> 01:25:37,150

history I don't know how many thousands

1945

01:25:41,040 --> 01:25:38,230

of books would be written about it but

1946

01:25:43,730 --> 01:25:41,050

it's a lot everybody it's attached to it

1947

01:25:47,220 --> 01:25:43,740

or attached to the history behind it

1948

01:25:50,250 --> 01:25:47,230

will be vetted by historians for the

1949

01:25:53,160 --> 01:25:50,260

next hundreds of years and they want to

1950

01:25:58,080 --> 01:25:53,170

they want to try to position America's

1951

01:26:01,950 --> 01:25:58,090

defense a military intelligence complex

1952

01:26:04,170 --> 01:26:01,960

as as being on the right side of this

1953

01:26:05,400 --> 01:26:04,180

and trying to help as we as we finally

1954

01:26:06,960 --> 01:26:05,410

get to the point where we got to move

1955

01:26:08,850 --> 01:26:06,970

forward they're there they're there

1956

01:26:10,380 --> 01:26:08,860

they're on the right side of it and and

1957

01:26:12,150 --> 01:26:10,390

lobbying on Congress going up they're

1958

01:26:14,840 --> 01:26:12,160

helping to get hit hearings or whatever

1959

01:26:19,020 --> 01:26:14,850

is definitely going to help that and

1960

01:26:21,180 --> 01:26:19,030

that's great however I don't represent

1961

01:26:22,260 --> 01:26:21,190

the military intelligence complex chase

1962

01:26:23,520 --> 01:26:22,270

doesn't represent the military

1963

01:26:27,600 --> 01:26:23,530

intelligence

1964

01:26:29,790 --> 01:26:27,610

we are citizen activists lobbyists we

1965

01:26:33,420 --> 01:26:29,800

represent the American people's interest

1966

01:26:35,100 --> 01:26:33,430

and the American people's interest may

1967

01:26:37,620 --> 01:26:35,110

not coincide with the military

1968

01:26:40,200 --> 01:26:37,630

intelligence complex interest in in in

1969

01:26:40,709 --> 01:26:40,210

always in fact it won't I'm not saying

1970

01:26:42,209 --> 01:26:40,719

that's all

1971

01:26:45,209 --> 01:26:42,219

thing I'm simply saying it that's a

1972

01:26:47,609 --> 01:26:45,219

certainty and so who is representing

1973

01:26:50,040 --> 01:26:47,619

their interest now it may be that after

1974

01:26:53,219 --> 01:26:50,050

disclosure you're gonna have people

1975

01:26:56,459 --> 01:26:53,229

coming forward funding high-tech

1976

01:26:58,290 --> 01:26:56,469

high-end K Street lobbying firms with

1977

01:27:00,930 --> 01:26:58,300

who send out people to Congress who

1978

01:27:02,640 --> 01:27:00,940

wouldn't know a flying saucer from a

1979

01:27:04,830 --> 01:27:02,650

Boston cream pie and they're up there

1980

01:27:06,620 --> 01:27:04,840

and no you know what it could care less

1981

01:27:09,689 --> 01:27:06,630

about the people that we're doing it now

1982

01:27:13,049 --> 01:27:09,699

meaning meaning chase and others but

1983

01:27:15,270 --> 01:27:13,059

maybe not so I'm going back to

1984

01:27:17,850 --> 01:27:15,280

Washington if I get the money so that I

1985

01:27:20,430 --> 01:27:17,860

can start lobbying again under this new

1986

01:27:22,799 --> 01:27:20,440

situation as Chase has pointed out where

1987

01:27:25,350 --> 01:27:22,809

it's gonna be a little easier maybe for

1988

01:27:28,350 --> 01:27:25,360

me to maybe get beyond just an intern in

1989

01:27:30,870 --> 01:27:28,360

terms of taking my initial or have an

1990

01:27:32,850 --> 01:27:30,880

initial discussion or maybe not I don't

1991

01:27:34,620 --> 01:27:32,860

know but clearly it's a little different

1992

01:27:36,209 --> 01:27:34,630

and but mostly I'm coming back to also

1993

01:27:39,000 --> 01:27:36,219

Lobby the political media and that I can

1994

01:27:42,959 --> 01:27:39,010

do I know what to do there and the

1995

01:27:45,509 --> 01:27:42,969

reason why is simply this that somebody

1996

01:27:48,660 --> 01:27:45,519

must is represent the public's interest

1997

01:27:50,580 --> 01:27:48,670

here because I can assure you that the

1998

01:27:53,189 --> 01:27:50,590

shifts that are gonna come from the

1999

01:27:56,729 --> 01:27:53,199

disclosure events and maybe some things

2000

01:28:00,419 --> 01:27:56,739

leading up to it are tectonic and there

2001
01:28:02,790 --> 01:28:00,429
are big powerful interests and powerful

2002
01:28:05,939 --> 01:28:02,800
entities that have would have interest

2003
01:28:07,890 --> 01:28:05,949
in outcomes that are gonna want to steer

2004
01:28:10,859 --> 01:28:07,900
things in certain directions in order to

2005
01:28:14,279 --> 01:28:10,869
benefit them not necessarily the

2006
01:28:16,950 --> 01:28:14,289
American people's interest and so the

2007
01:28:19,500 --> 01:28:16,960
message I have is who out there amongst

2008
01:28:24,450 --> 01:28:19,510
the space billionaires Elon Musk or

2009
01:28:27,149 --> 01:28:24,460
Branson or or even Bezos whatever are

2010
01:28:31,770 --> 01:28:27,159
willing to fund the people's interest in

2011
01:28:33,450 --> 01:28:31,780
this after disclosure or maybe even fund

2012
01:28:37,229 --> 01:28:33,460
the people's interest in this leading up

2013
01:28:40,560 --> 01:28:37,239

to disclosure because that's gonna have

2014

01:28:42,200 --> 01:28:40,570

to be represented and that's why I'm

2015

01:28:45,569 --> 01:28:42,210

going back and so that's the difference

2016

01:28:47,759 --> 01:28:45,579

so and I think Chase understands this as

2017

01:28:50,339 --> 01:28:47,769

well there's there's gonna be two

2018

01:28:51,569 --> 01:28:50,349

parallel lobbying efforts one it's gonna

2019

01:28:53,740 --> 01:28:51,579

be the public lobbying and there's gonna

2020

01:28:55,939 --> 01:28:53,750

be that then I see lobbying

2021

01:28:58,010 --> 01:28:55,949

and in service to what they feel needs

2022

01:28:59,629 --> 01:28:58,020

to happen and that's that's a big deal

2023

01:29:00,770 --> 01:28:59,639

and it's not easy to explain it and most

2024

01:29:03,140 --> 01:29:00,780

people don't understand that yet

2025

01:29:05,590 --> 01:29:03,150

hopefully they will soon and getting

2026

01:29:07,879 --> 01:29:05,600

back to your theories on how clinton's

2027

01:29:11,090 --> 01:29:07,889

kind of sitting on the sidelines based

2028

01:29:12,500 --> 01:29:11,100

at the moment here's here is my

2029

01:29:15,200 --> 01:29:12,510

statement and I'm sticking to it

2030

01:29:17,419 --> 01:29:15,210

all right and since I was in Washington

2031

01:29:22,910 --> 01:29:17,429

for two years totally and broiled in

2032

01:29:24,500 --> 01:29:22,920

this Hillary Clinton wanted to be the

2033

01:29:26,930 --> 01:29:24,510

first woman president there's no

2034

01:29:28,640 --> 01:29:26,940

question about that she wanted to be

2035

01:29:33,800 --> 01:29:28,650

President the first woman president was

2036

01:29:36,109 --> 01:29:33,810

an even bigger prize she knew about the

2037

01:29:37,600 --> 01:29:36,119

et issue she was involved in the

2038

01:29:40,280 --> 01:29:37,610

Rockefeller in issue she knew how the

2039

01:29:42,200 --> 01:29:40,290

Air Force lied to her husband came up

2040

01:29:44,540 --> 01:29:42,210

with that stupid mogul balloon report

2041

01:29:46,700 --> 01:29:44,550

that spent 12 million bucks on and shut

2042

01:29:49,820 --> 01:29:46,710

it down they had to then back away

2043

01:29:54,530 --> 01:29:49,830

because they knew that it at that time

2044

01:29:56,359 --> 01:29:54,540

but 1997 and forward that this issue was

2045

01:29:58,790 --> 01:29:56,369

still radioactive and they all had

2046

01:30:01,189 --> 01:29:58,800

political aspirations and so they went

2047

01:30:02,540 --> 01:30:01,199

silent except for Podesta he's the one

2048

01:30:03,830 --> 01:30:02,550

that kept poking his head up in case

2049

01:30:06,229 --> 01:30:03,840

they say something it's like he was

2050

01:30:07,760 --> 01:30:06,239

leaving bread crumbs and they stayed

2051

01:30:09,800 --> 01:30:07,770

silent because she's gonna become

2052

01:30:13,070 --> 01:30:09,810

president one day she thought she was

2053

01:30:16,280 --> 01:30:13,080

gonna from president in 2008 she really

2054

01:30:17,899 --> 01:30:16,290

did and if she had I would I think we

2055

01:30:20,840 --> 01:30:17,909

would have had disclosure and I think

2056

01:30:22,520 --> 01:30:20,850

that Podesta statements in 2002-2003 his

2057

01:30:24,620 --> 01:30:22,530

cooperation with Leslie Kane and all of

2058

01:30:26,450 --> 01:30:24,630

that was just prelude to and setting the

2059

01:30:28,040 --> 01:30:26,460

stage for her to come out and say hey

2060

01:30:29,899 --> 01:30:28,050

guess what and then something about this

2061

01:30:31,310 --> 01:30:29,909

time to tell the people the truth go to

2062

01:30:34,700 --> 01:30:31,320

the Pentagon say boys

2063

01:30:37,280 --> 01:30:34,710

mostly boys you know is a new woman in

2064

01:30:38,419 --> 01:30:37,290

town and I'm the president now you

2065

01:30:39,979 --> 01:30:38,429

Stonewall my husband you're not

2066

01:30:41,540 --> 01:30:39,989

stonewalling me we're gonna get the

2067

01:30:43,070 --> 01:30:41,550

files out we're gonna announce the et

2068

01:30:45,050 --> 01:30:43,080

presence and if you don't agree with

2069

01:30:47,689 --> 01:30:45,060

that I'm firing all of you all of you

2070

01:30:50,270 --> 01:30:47,699

and I'll replace you right and that

2071

01:30:52,129 --> 01:30:50,280

would have been it she didn't win and so

2072

01:30:53,450 --> 01:30:52,139

we had a complex situation in unraveled

2073

01:30:58,100 --> 01:30:53,460

over the next eight years and then she

2074

01:30:59,750 --> 01:30:58,110

had her second shot now I push the et

2075

01:31:02,540 --> 01:30:59,760

issue on him I forced them to come out

2076

01:31:04,910 --> 01:31:02,550

of cover they didn't want to the truth

2077

01:31:07,540 --> 01:31:04,920

is it didn't cost him a vote and I took

2078

01:31:09,370 --> 01:31:07,550

a male Podesta this I email Podesta

2079

01:31:11,620 --> 01:31:09,380

time I never get a response I don't

2080

01:31:13,840 --> 01:31:11,630

expect to but I basically said look this

2081

01:31:15,340 --> 01:31:13,850

didn't cost you a vote in fact you had

2082

01:31:17,530 --> 01:31:15,350

no no blowback at all

2083

01:31:19,990 --> 01:31:17,540

and if you had embraced it all the way

2084

01:31:22,690 --> 01:31:20,000

if you'd gone all the way and said look

2085

01:31:24,490 --> 01:31:22,700

this is what's going on we need to tell

2086

01:31:26,290 --> 01:31:24,500

the people the truth if I'm president

2087

01:31:28,600 --> 01:31:26,300

we're gonna do so and if Barack wants to

2088

01:31:29,710 --> 01:31:28,610

do it I totally support it whatever she

2089

01:31:31,600 --> 01:31:29,720

would have changed the subject

2090

01:31:33,760 --> 01:31:31,610

completely away from all of the other

2091

01:31:36,130 --> 01:31:33,770

crap that was being thrown up in the air

2092

01:31:37,690 --> 01:31:36,140

and the focus would have been on her in

2093

01:31:39,400 --> 01:31:37,700

this issue and she would be President

2094

01:31:42,280 --> 01:31:39,410

today but she did not have the courage

2095

01:31:45,040 --> 01:31:42,290

to do that so she she plays it out and

2096

01:31:47,110 --> 01:31:45,050

she loses and now she's sitting on all

2097

01:31:49,210 --> 01:31:47,120

this information that she's totally

2098

01:31:51,760 --> 01:31:49,220

connected to the issue she could have

2099

01:31:54,040 --> 01:31:51,770

given an interview to marine down at the

2100

01:31:55,060 --> 01:31:54,050

New York Times the day after done

2101

01:31:59,050 --> 01:31:55,070

did they after the election if she

2102

01:32:02,830 --> 01:31:59,060

wanted to or certainly any time in 2017

2103

01:32:04,780 --> 01:32:02,840

or 2018 but had she done so and believe

2104

01:32:06,760 --> 01:32:04,790

me she could drop an interview on the

2105

01:32:10,420 --> 01:32:06,770

New York Times it would be a total

2106

01:32:12,070 --> 01:32:10,430

nuclear bomb disclosure would happen and

2107

01:32:15,720 --> 01:32:12,080

guess who would be the disclosure

2108

01:32:18,490 --> 01:32:15,730

president gentleman by the name of Trump

2109

01:32:22,120 --> 01:32:18,500

who I'm pretty sure Hillary Clinton

2110

01:32:25,540 --> 01:32:22,130

hates with a white-hot heat only be

2111

01:32:28,630 --> 01:32:25,550

obtained in certain special nuclear

2112

01:32:33,250 --> 01:32:28,640

reactor cores and so she has remained

2113

01:32:43,170 --> 01:32:33,260

silent and that's the reason I would say

2114

01:32:48,870 --> 01:32:46,210

speculation is okay but good speculation

2115

01:32:51,130 --> 01:32:48,880

is very much okay I would I would

2116

01:32:52,930 --> 01:32:51,140

basically concur with that that makes a

2117

01:32:56,710 --> 01:32:52,940

lot of sense to me although well I guess

2118

01:32:58,420 --> 01:32:56,720

we'll never really know for sure it's

2119

01:32:59,850 --> 01:32:58,430

all gonna be eventually eventually

2120

01:33:03,970 --> 01:32:59,860

they're gonna tell the whole story

2121

01:33:05,710 --> 01:33:03,980

they're gonna want to they're gonna Bill

2122

01:33:08,170 --> 01:33:05,720

Clinton Hillary Clinton John Podesta and

2123

01:33:12,160 --> 01:33:08,180

maybe Panetta and some of the others are

2124

01:33:14,200 --> 01:33:12,170

eventually gonna tell the story once

2125

01:33:16,120 --> 01:33:14,210

it's okay once you know they're not

2126

01:33:18,550 --> 01:33:16,130

gonna be President the politics over

2127

01:33:20,410 --> 01:33:18,560

this issues out there that's history

2128

01:33:20,740 --> 01:33:20,420

this is unbelievably important history

2129

01:33:22,540 --> 01:33:20,750

and there

2130

01:33:23,950 --> 01:33:22,550

want to tell it and the historians are

2131

01:33:25,630 --> 01:33:23,960

gonna want to read it and write it I

2132

01:33:27,970 --> 01:33:25,640

mean they're gonna research it so that

2133

01:33:30,010 --> 01:33:27,980

everybody's gonna tell their place in

2134

01:33:31,810 --> 01:33:30,020

all of this this is where I was this is

2135

01:33:33,160 --> 01:33:31,820

what I said did couldn't do this

2136

01:33:35,980 --> 01:33:33,170

couldn't do that that was the plant

2137

01:33:38,290 --> 01:33:35,990

whatever which maybe the public could

2138

01:33:40,810 --> 01:33:38,300

have learned sooner didn't happen but

2139

01:33:42,550 --> 01:33:40,820

you're not gonna want to go silent this

2140

01:33:43,900 --> 01:33:42,560

is the biggest history of all time this

2141

01:33:45,100 --> 01:33:43,910

is gonna be the biggest event in human

2142

01:33:51,010 --> 01:33:45,110

history

2143

01:33:53,620 --> 01:33:51,020

maybe maybe preceded succeeded by open

2144

01:33:55,840 --> 01:33:53,630

contact if the ETS decided to go CNN

2145

01:33:57,130 --> 01:33:55,850

right but up until that until then

2146

01:33:58,510 --> 01:33:57,140

that's the biggest in history and I sure

2147

01:34:01,060 --> 01:33:58,520

everybody involves gonna want to be in

2148

01:34:03,700 --> 01:34:01,070

the history books everybody even the

2149

01:34:06,670 --> 01:34:03,710

debunkers want to be in there don't

2150

01:34:08,500 --> 01:34:06,680

forget me for years and years and years

2151
01:34:10,690 --> 01:34:08,510
but I was paying attention and I know a

2152
01:34:12,280 --> 01:34:10,700
lot about the subject and and I and I

2153
01:34:14,470 --> 01:34:12,290
and I had a good reason whatever they're

2154
01:34:17,320 --> 01:34:14,480
all history books so don't worry it's

2155
01:34:19,480 --> 01:34:17,330
all gonna be covered I saw that CNN dust

2156
01:34:23,050 --> 01:34:19,490
it off and will that Bill Nye recently

2157
01:34:28,660 --> 01:34:23,060
too but given his perspective on all

2158
01:34:32,140 --> 01:34:28,670
this so that was Bill you were doing so

2159
01:34:34,810 --> 01:34:32,150
well so well on the climate change thing

2160
01:34:41,620 --> 01:34:34,820
really having some impacts and you

2161
01:34:44,380 --> 01:34:41,630
decide don't do that bill but what can

2162
01:34:47,080 --> 01:34:44,390
you say well as Steve we talked a little

2163
01:34:49,030 --> 01:34:47,090

bit earlier about the Admiral Wilson

2164

01:34:51,040 --> 01:34:49,040

notes the Admiral Wilson documents and

2165

01:34:51,940 --> 01:34:51,050

that we were able to follow up on that I

2166

01:34:54,760 --> 01:34:51,950

don't know if you want to hang around

2167

01:34:56,500 --> 01:34:54,770

when I when I go through what we've

2168

01:34:58,570 --> 01:34:56,510

turned up in the last week or so since

2169

01:35:00,460 --> 01:34:58,580

we did to share with Michael Hall if you

2170

01:35:01,930 --> 01:35:00,470

and that chase still on the line if you

2171

01:35:03,250 --> 01:35:01,940

want to hang around in that listen in on

2172

01:35:05,260 --> 01:35:03,260

that yeah I mean obviously you're more

2173

01:35:07,420 --> 01:35:05,270

than welcome to but we do want to get to

2174

01:35:09,370 --> 01:35:07,430

that but before we do is there anything

2175

01:35:10,960 --> 01:35:09,380

else that you want to wrap up with oh

2176

01:35:12,790 --> 01:35:10,970

you're saying that you're saying you

2177

01:35:15,700 --> 01:35:12,800

want to wrap us up and you're gonna do a

2178

01:35:18,700 --> 01:35:15,710

kind of some stuff yeah unless you want

2179

01:35:21,870 --> 01:35:18,710

to listen in and take part as well yeah

2180

01:35:25,740 --> 01:35:21,880

all right i i have something as well

2181

01:35:29,410 --> 01:35:25,750

well go ahead rich hoffman wanted to ask

2182

01:35:31,630 --> 01:35:29,420

chase are you as lobbyists leveraging

2183

01:35:34,660 --> 01:35:31,640

harry reid or are others who have

2184

01:35:42,700 --> 01:35:34,670

success who are having six

2185

01:35:47,560 --> 01:35:42,710

and getting political traction say she

2186

01:35:49,930 --> 01:35:47,570

there yeah yeah I can also read the

2187

01:35:55,660 --> 01:35:49,940

entire question for you if you want yeah

2188

01:35:58,600 --> 01:35:55,670

honestly right yeah I read the context

2189

01:36:00,550 --> 01:35:58,610

of it it's a little long I might take

2190

01:36:05,020 --> 01:36:00,560

like one full minute or so but I'll read

2191

01:36:06,520 --> 01:36:05,030

it okay okay so it's political it's the

2192

01:36:08,650 --> 01:36:06,530

same thing I said to you Steve which has

2193

01:36:10,209 --> 01:36:08,660

like 11 questions in it but then she

2194

01:36:12,570 --> 01:36:10,219

might get the gist of it and decide

2195

01:36:16,240 --> 01:36:12,580

which questions she wants to answer so

2196

01:36:18,130 --> 01:36:16,250

rich said rich Hoffman said political

2197

01:36:19,750 --> 01:36:18,140

lobbying is a good thing we need to have

2198

01:36:21,700 --> 01:36:19,760

people like Harry Reid who value the

2199

01:36:23,560 --> 01:36:21,710

scientific study to help make a change

2200

01:36:25,840 --> 01:36:23,570

in the attitudes of more than just a

2201

01:36:28,270 --> 01:36:25,850

navy or the Department of Defense to

2202

01:36:30,430 --> 01:36:28,280

tackle this the FAA needs to get

2203

01:36:33,400 --> 01:36:30,440

involved in commercial pilots to report

2204

01:36:35,290 --> 01:36:33,410

we need to also have academia remove

2205

01:36:37,630 --> 01:36:35,300

their obstructions in allowing students

2206

01:36:39,820 --> 01:36:37,640

to study this and publish papers we need

2207

01:36:42,189 --> 01:36:39,830

to get NASA to alter their attitude if

2208

01:36:44,350 --> 01:36:42,199

you want a holistic perspective on this

2209

01:36:46,660 --> 01:36:44,360

the attitudes of government overall

2210

01:36:50,890 --> 01:36:46,670

needs to be altered how are you going

2211

01:36:53,950 --> 01:36:50,900

about doing this chase I think Steve

2212

01:36:56,320 --> 01:36:53,960

answered it perfectly and it's really

2213

01:36:56,890 --> 01:36:56,330

where we're going it's kind of baby

2214

01:36:59,590 --> 01:36:56,900

steps

2215

01:37:01,780 --> 01:36:59,600

so before we really address academia and

2216

01:37:06,430 --> 01:37:01,790

you know we have to hit that disclosure

2217

01:37:09,820 --> 01:37:06,440

part before we start really being

2218

01:37:11,680 --> 01:37:09,830

activists and pushing forward on post we

2219

01:37:14,500 --> 01:37:11,690

need to start it now I understand that

2220

01:37:18,280 --> 01:37:14,510

but right now that momentum is just

2221

01:37:20,439 --> 01:37:18,290

riding in and getting things done who

2222

01:37:22,570 --> 01:37:20,449

would have thought two years ago that

2223

01:37:25,330 --> 01:37:22,580

our military would be changing openly

2224

01:37:28,630 --> 01:37:25,340

changing policy so there are so that

2225

01:37:31,419 --> 01:37:28,640

military soldiers and and you know

2226

01:37:33,640 --> 01:37:31,429

active duty members could report without

2227

01:37:35,680 --> 01:37:33,650

ridicule and how that report taken

2228

01:37:37,720 --> 01:37:35,690

seriously so you know that's gonna be

2229

01:37:40,360 --> 01:37:37,730

classified that whole process by the way

2230

01:37:44,229 --> 01:37:40,370

and I don't think people realize that

2231

01:37:47,350 --> 01:37:44,239

but this is this is just we just started

2232

01:37:48,520 --> 01:37:47,360

and I think very few of us all this

2233

01:37:52,180 --> 01:37:48,530

really come

2234

01:37:55,420 --> 01:37:52,190

from to discard I really saw this coming

2235

01:38:00,280 --> 01:37:55,430

in different avenues but so be it let's

2236

01:38:03,220 --> 01:38:00,290

go and be part of the solution and but I

2237

01:38:06,970 --> 01:38:03,230

do agree once this goes through and

2238

01:38:08,920 --> 01:38:06,980

things are acknowledged and then it's

2239

01:38:11,590 --> 01:38:08,930

time and in like Steve said everyone's

2240

01:38:13,300 --> 01:38:11,600

gonna be jumping on a bandwagon so it's

2241

01:38:16,360 --> 01:38:13,310

gonna be the Wild West or a little bit

2242

01:38:18,370 --> 01:38:16,370

until things settle down much like you

2243

01:38:20,530 --> 01:38:18,380

know typing in the word UFO when you're

2244

01:38:22,690 --> 01:38:20,540

a first time person looking for you know

2245

01:38:25,000 --> 01:38:22,700

real information on the topic on the

2246

01:38:29,290 --> 01:38:25,010

Internet poor guys they're just thrown

2247

01:38:30,880 --> 01:38:29,300

into the piano swamp so it's gonna be

2248

01:38:33,430 --> 01:38:30,890

interesting but we're going to need

2249

01:38:36,130 --> 01:38:33,440

people to stand up and be ready for that

2250

01:38:39,820 --> 01:38:36,140

rich Hoffman is the perfect person um

2251

01:38:42,040 --> 01:38:39,830

you know his scientific coalition you

2252

01:38:45,090 --> 01:38:42,050

know focused on that and I agree with

2253

01:38:48,280 --> 01:38:45,100

that if it can be if it's not admissible

2254

01:38:49,960 --> 01:38:48,290

scientific or evidence I don't need it

2255

01:38:51,760 --> 01:38:49,970

we don't need it anymore

2256

01:38:55,060 --> 01:38:51,770

I mean you know we have other places

2257

01:38:57,130 --> 01:38:55,070

MUFON is amazing at being the historians

2258

01:38:58,480 --> 01:38:57,140

and the archivist and getting all those

2259

01:39:00,790 --> 01:38:58,490

you know keeping all those eyewitness

2260

01:39:03,100 --> 01:39:00,800

statements that's amazing

2261

01:39:05,560 --> 01:39:03,110

but we need other things done and now

2262

01:39:08,260 --> 01:39:05,570

it's now we need evidence it's the only

2263

01:39:09,850 --> 01:39:08,270

thing that's going to push okay and I'll

2264

01:39:12,280 --> 01:39:09,860

just ask this last part so Frank can

2265

01:39:15,670 --> 01:39:12,290

move on and that is considering and this

2266

01:39:18,160 --> 01:39:15,680

is still rich considering it is a indeed

2267

01:39:20,230 --> 01:39:18,170

a worldwide phenomena and that now we

2268

01:39:22,720 --> 01:39:20,240

have openly stated our position to the

2269

01:39:26,380 --> 01:39:22,730

world would now be the time to have the

2270

01:39:28,030 --> 01:39:26,390

UN tackle this what is the response on a

2271

01:39:31,060 --> 01:39:28,040

world level to our announcements well

2272

01:39:33,160 --> 01:39:31,070

would now be the time to have un tackle

2273

01:39:37,750 --> 01:39:33,170

this no chance not gonna happen

2274

01:39:40,390 --> 01:39:37,760

yes I mean theoretically it is but the

2275

01:39:42,250 --> 01:39:40,400

UN is not going to do that alright and I

2276

01:39:45,460 --> 01:39:42,260

don't even bother with it basically the

2277

01:39:47,820 --> 01:39:45,470

UN is out of the game it surrounded the

2278

01:39:51,960 --> 01:39:47,830

game for some time that's intentional

2279

01:39:55,510 --> 01:39:51,970

now post disclosure the UN is

2280

01:39:58,320 --> 01:39:55,520

immediately the logical choice for how

2281

01:40:01,780 --> 01:39:58,330

would you say having discussions about

2282

01:40:03,400 --> 01:40:01,790

okay there's extraterrestrials here

2283

01:40:05,470 --> 01:40:03,410

let's get together and talk about that

2284

01:40:12,280 --> 01:40:05,480

right what do you think Senegal what do

2285

01:40:16,410 --> 01:40:12,290

you think India and and maybe maybe the

2286

01:40:22,410 --> 01:40:16,420

UN might emerge post disclosure as the

2287

01:40:25,660 --> 01:40:22,420

acknowledged entity for addressing all

2288

01:40:28,810 --> 01:40:25,670

the global implications of the et

2289

01:40:32,310 --> 01:40:28,820

presence which is a big deal without

2290

01:40:35,980 --> 01:40:32,320

question or maybe not the UN has been so

2291

01:40:40,080 --> 01:40:35,990

bastardized if the structure is is wrong

2292

01:40:43,840 --> 01:40:40,090

the whole Security Council is wrong that

2293

01:40:44,530 --> 01:40:43,850

was designed as a cold war buffer that's

2294

01:40:46,000 --> 01:40:44,540

not good

2295

01:40:48,370 --> 01:40:46,010

that makes me Dunaway and it's been

2296

01:40:50,740 --> 01:40:48,380

underfunded the building is a wreck

2297

01:40:53,830 --> 01:40:50,750

it's just a mess because we don't really

2298

01:40:55,720 --> 01:40:53,840

want to cooperate with each other what

2299

01:40:56,410 --> 01:40:55,730

we really want is to just kick the hell

2300

01:41:00,070 --> 01:40:56,420

out of each other

2301

01:41:02,140 --> 01:41:00,080

and and or at least there's enough

2302

01:41:03,280 --> 01:41:02,150

leaders of that frame of mind we keep we

2303

01:41:05,470 --> 01:41:03,290

keep putting people in power who

2304

01:41:08,260 --> 01:41:05,480

associate Pass who have no interest in

2305

01:41:10,330 --> 01:41:08,270

cooperating in a global way all they

2306

01:41:12,670 --> 01:41:10,340

want to do is make money and kill people

2307

01:41:16,420 --> 01:41:12,680

and so the UN is just not servicing them

2308

01:41:18,430 --> 01:41:16,430

and so it's very unlikely it may be in

2309

01:41:20,440 --> 01:41:18,440

that role but it could be I what is more

2310

01:41:23,170 --> 01:41:20,450

likely is that a brand new organization

2311

01:41:26,500 --> 01:41:23,180

with massive funding will be created

2312

01:41:32,140 --> 01:41:26,510

from the ground up post disclosure to to

2313

01:41:35,410 --> 01:41:32,150

be the the the the source point for the

2314

01:41:38,230 --> 01:41:35,420

development of the plans and agendas and

2315

01:41:41,280 --> 01:41:38,240

protocols for open contact which i think

2316

01:41:44,020 --> 01:41:41,290

is going to be on the minds of everybody

2317

01:41:45,880 --> 01:41:44,030

because let's face it if ETS are here

2318

01:41:48,670 --> 01:41:45,890

which they are and we fully acknowledge

2319

01:41:52,480 --> 01:41:48,680

it globally the likelihood of them

2320

01:41:55,120 --> 01:41:52,490

coming out in the open is great and

2321

01:41:56,890 --> 01:41:55,130

could happen at any time and so there

2322

01:41:58,030 --> 01:41:56,900

may be a ground up organization a built

2323

01:42:00,250 --> 01:41:58,040

from scratch and that may be the best

2324

01:42:04,180 --> 01:42:00,260

way to go unless we're gonna fight over

2325

01:42:06,100 --> 01:42:04,190

it for endlessly for years that may

2326

01:42:09,070 --> 01:42:06,110

happen or maybe the UN will be that I

2327

01:42:11,230 --> 01:42:09,080

don't know but as far as right now UN is

2328

01:42:15,200 --> 01:42:11,240

easily is utterly useless except for a

2329

01:42:16,850 --> 01:42:15,210

few minor occasional kerfuffles what

2330

01:42:18,590 --> 01:42:16,860

you ever if you had the opportunity to

2331

01:42:23,000 --> 01:42:18,600

be in this position that's just a

2332

01:42:25,100 --> 01:42:23,010

hypothetical chase or yourself put the

2333

01:42:27,800 --> 01:42:25,110

National Academy of Sciences in charge

2334

01:42:29,600 --> 01:42:27,810

of studying extraterrestrials for a

2335

01:42:32,630 --> 01:42:29,610

governmental body now you're gonna have

2336

01:42:36,550 --> 01:42:32,640

to create a whole new one too big way

2337

01:42:38,810 --> 01:42:36,560

too big this is correct yeah

2338

01:42:40,220 --> 01:42:38,820

there's gonna be a whole department of

2339

01:42:42,229 --> 01:42:40,230

extraterrestrial studies that's gonna be

2340

01:42:45,440 --> 01:42:42,239

a cab in a position built from scratch

2341

01:42:46,880 --> 01:42:45,450

new people and the question is how

2342

01:42:48,260 --> 01:42:46,890

quickly do they get there I'm sure the

2343

01:42:49,540 --> 01:42:48,270

National Academy will maybe raise his

2344

01:42:52,160 --> 01:42:49,550

hand and say oh yeah yeah yeah yeah

2345

01:42:53,780 --> 01:42:52,170

we're it right NASA was oh no no we're

2346

01:42:55,220 --> 01:42:53,790

it you want to put it here right on the

2347

01:42:57,080 --> 01:42:55,230

national side whatever National Science

2348

01:42:59,000 --> 01:42:57,090

Foundation everybody's gonna want to be

2349

01:43:01,940 --> 01:42:59,010

the home for the engagement from the

2350

01:43:04,220 --> 01:43:01,950

United States on this subject and I

2351

01:43:07,250 --> 01:43:04,230

think but probably the best way to go is

2352

01:43:09,680 --> 01:43:07,260

to start brand new with a new entity so

2353

01:43:11,540 --> 01:43:09,690

that nobody is is everybody in its

2354

01:43:14,450 --> 01:43:11,550

that's the fairest way to go about this

2355

01:43:16,610 --> 01:43:14,460

and start from scratch because we're in

2356

01:43:20,240 --> 01:43:16,620

a new world this is a totally new world

2357

01:43:23,240 --> 01:43:20,250

and we don't want to we won't we want to

2358

01:43:25,640 --> 01:43:23,250

try to bring as much new ideas and and

2359

01:43:27,800 --> 01:43:25,650

structure to it as possible okay Frank

2360

01:43:29,959 --> 01:43:27,810

um I apologize thank you so much for

2361

01:43:32,420 --> 01:43:29,969

your time on that yes I want to get

2362

01:43:34,640 --> 01:43:32,430

we've done some follow up as far as I

2363

01:43:37,100 --> 01:43:34,650

know we're the the really the only ones

2364

01:43:41,240 --> 01:43:37,110

following up on the contents of the

2365

01:43:44,450 --> 01:43:41,250

actual documents that least late earlier

2366

01:43:46,640 --> 01:43:44,460

week and you know we've been digging in

2367

01:43:49,100 --> 01:43:46,650

I see a lot of other researchers going

2368

01:43:51,260 --> 01:43:49,110

on about the provenance of the docs now

2369

01:43:52,880 --> 01:43:51,270

as Steven chase you're more than I'm

2370

01:43:54,380 --> 01:43:52,890

more than happy to you know if you want

2371

01:43:56,180 --> 01:43:54,390

to hang around you want to listen but

2372

01:43:57,979 --> 01:43:56,190

I've got some visuals as well to go

2373

01:44:00,830 --> 01:43:57,989

along with this and I would like to get

2374

01:44:02,390 --> 01:44:00,840

into it in some detail found some

2375

01:44:04,220 --> 01:44:02,400

additional information which i think is

2376

01:44:06,229 --> 01:44:04,230

quite interesting it doesn't prove

2377

01:44:07,610 --> 01:44:06,239

anything one way or the other but I

2378

01:44:10,250 --> 01:44:07,620

think that the most interesting thing

2379

01:44:14,060 --> 01:44:10,260

that I found goes to page 5 on those

2380

01:44:16,520 --> 01:44:14,070

documents where it is mentioned TW his

2381

01:44:19,790 --> 01:44:16,530

reasoning for being purportedly in Las

2382

01:44:22,400 --> 01:44:19,800

Vegas came to test site special area to

2383

01:44:24,620 --> 01:44:22,410

wrap up projects he began in

2384

01:44:26,150 --> 01:44:24,630

yay successor can't be bothered with

2385

01:44:29,060 --> 01:44:26,160

right now so on and so forth

2386

01:44:32,090 --> 01:44:29,070

did a tour said goodbye a trip set up by

2387

01:44:33,950 --> 01:44:32,100

n NSA National Nuclear Security Agency

2388

01:44:36,470 --> 01:44:33,960

rich and dog I've got a pretty good idea

2389

01:44:38,990 --> 01:44:36,480

who I think rich is you might be an

2390

01:44:43,550 --> 01:44:39,000

interesting person to follow up with you

2391

01:44:47,900 --> 01:44:43,560

at meeting Eric Davis know them AFI yeah

2392

01:44:49,760 --> 01:44:47,910

AFI Oh members now the AFI o is the

2393

01:44:52,490 --> 01:44:49,770

association of former intelligence

2394

01:44:53,900 --> 01:44:52,500

officers and rather interestingly i

2395

01:44:55,640 --> 01:44:53,910

think i don't think this proves anything

2396

01:44:57,620 --> 01:44:55,650

one way or the other but that rather

2397

01:45:00,320 --> 01:44:57,630

interesting Eric Davis supper his

2398

01:45:02,390 --> 01:45:00,330

biography at the earth tech site the

2399

01:45:04,640 --> 01:45:02,400

organization run by Hal put off in his

2400

01:45:06,950 --> 01:45:04,650

biography it is his mentioned that he is

2401

01:45:08,810 --> 01:45:06,960

a member of the Association of former

2402

01:45:10,340 --> 01:45:08,820

intelligence officers so that's a a

2403

01:45:11,960 --> 01:45:10,350

little bit of follow up that we did that

2404

01:45:13,430 --> 01:45:11,970

I think is interesting like I said it

2405

01:45:15,800 --> 01:45:13,440

doesn't prove anything one way or the

2406

01:45:21,200 --> 01:45:15,810

other but it is interesting so there's

2407

01:45:22,700 --> 01:45:21,210

that and also I did want to make clear

2408

01:45:26,230 --> 01:45:22,710

one of the reasons I have strong

2409

01:45:29,920 --> 01:45:26,240

suspicious about the notes aspect of

2410

01:45:32,990 --> 01:45:29,930

these documents and this goes back to

2411

01:45:37,760 --> 01:45:33,000

what was reported that that commander

2412

01:45:39,350 --> 01:45:37,770

Miller have found most interesting ok

2413

01:45:42,920 --> 01:45:39,360

this was this was a problem another

2414

01:45:44,840 --> 01:45:42,930

problem I had again the Admiral Wilson

2415

01:45:47,720 --> 01:45:44,850

saying that he met with this watch

2416

01:45:50,030 --> 01:45:47,730

committee the gatekeepers this ties back

2417

01:45:53,030 --> 01:45:50,040

to I went through a lot of this in

2418

01:45:54,710 --> 01:45:53,040

detail with when I had Michael on so I'm

2419

01:45:56,270 --> 01:45:54,720

not going to belabor at this point and

2420

01:45:59,210 --> 01:45:56,280

it's also something I brought up when we

2421

01:46:01,430 --> 01:45:59,220

had Michael on Michael hall that is in

2422

01:46:02,840 --> 01:46:01,440

March before these even came out and

2423

01:46:05,300 --> 01:46:02,850

there were there were some things that I

2424

01:46:07,520 --> 01:46:05,310

suggested should be warning signs as to

2425

01:46:09,800 --> 01:46:07,530

the authenticity of these documents and

2426

01:46:11,660 --> 01:46:09,810

a lot of that proved out a lot of that

2427

01:46:13,250 --> 01:46:11,670

does showed up in the documents and that

2428

01:46:16,520 --> 01:46:13,260

was one of them the fact that it was

2429

01:46:18,530 --> 01:46:16,530

promoted as a transcript of sorts it was

2430

01:46:21,870 --> 01:46:18,540

really more a piece of notes rather than

2431

01:46:24,030 --> 01:46:21,880

an actual transcript but

2432

01:46:26,070 --> 01:46:24,040

they're in the cipro material which I

2433

01:46:29,550 --> 01:46:26,080

you know where everybody knows that's

2434

01:46:32,280 --> 01:46:29,560

disinfo fictional story and this same

2435

01:46:34,620 --> 01:46:32,290

sort of plot device that you know

2436

01:46:36,750 --> 01:46:34,630

there's no one specifically named who

2437

01:46:39,630 --> 01:46:36,760

briefs the president it's the caretaker

2438

01:46:42,570 --> 01:46:39,640

here it's so for Admiral Wilson it is

2439

01:46:45,630 --> 01:46:42,580

the gatekeepers you know it it it reads

2440

01:46:48,330 --> 01:46:45,640

like a device a fictional device to me

2441

01:46:51,000 --> 01:46:48,340

so again that's not proof but it's in my

2442

01:46:52,950 --> 01:46:51,010

opinion and then of course there is

2443

01:46:54,720 --> 01:46:52,960

Admiral Wilson on the left in this

2444

01:46:57,290 --> 01:46:54,730

particular image

2445

01:47:01,380 --> 01:46:57,300

commander well Edgar Mitchell and

2446

01:47:03,270 --> 01:47:01,390

commander commander Miller and they were

2447

01:47:04,530 --> 01:47:03,280

at that meeting nobody questions the

2448

01:47:06,720 --> 01:47:04,540

authenticity of the meeting in the

2449

01:47:09,120 --> 01:47:06,730

Pentagon involving these three gentlemen

2450

01:47:11,340 --> 01:47:09,130

plus Steven Greer plus some others where

2451

01:47:13,710 --> 01:47:11,350

the et issue was brought up the

2452

01:47:16,710 --> 01:47:13,720

discrepancy there and commander Miller

2453

01:47:20,220 --> 01:47:16,720

and Admiral Wilson both on record as

2454

01:47:21,690 --> 01:47:20,230

saying that there there really was no

2455

01:47:23,370 --> 01:47:21,700

follow-up obviously a lot of other

2456

01:47:26,400 --> 01:47:23,380

people are saying otherwise so there's

2457

01:47:27,960 --> 01:47:26,410

that and also this is not the first time

2458

01:47:31,230 --> 01:47:27,970

I talked we talked a little bit about

2459

01:47:35,400 --> 01:47:31,240

this with Steve earlier on regarding a

2460

01:47:39,210 --> 01:47:35,410

meeting between Steven Greer and CI then

2461

01:47:41,520 --> 01:47:39,220

CIA director James Woolsey and there was

2462

01:47:43,920 --> 01:47:41,530

some disagreement the the meeting was

2463

01:47:47,070 --> 01:47:43,930

acknowledged by everyone involved but

2464

01:47:50,520 --> 01:47:47,080

the contents of the meeting were in some

2465

01:47:52,470 --> 01:47:50,530

dispute and in fact Woolsey and person

2466

01:47:55,230 --> 01:47:52,480

who has set this meeting up John

2467

01:47:56,970 --> 01:47:55,240

Peterson both going on record and their

2468

01:47:59,670 --> 01:47:56,980

wives going on record signing his

2469

01:48:01,170 --> 01:47:59,680

statement well you know it wasn't that

2470

01:48:03,510 --> 01:48:01,180

big a deal we were just being polite we

2471

01:48:05,580 --> 01:48:03,520

listened to Greer but Peterson is that

2472

01:48:07,230 --> 01:48:05,590

an involved guy and insider I found up

2473

01:48:10,230 --> 01:48:07,240

out enough about that particular

2474

01:48:13,020 --> 01:48:10,240

incident that on a scale of one to ten

2475

01:48:15,810 --> 01:48:13,030

with the Petersons Woolsey side being

2476

01:48:17,190 --> 01:48:15,820

one in the greer side being ten I would

2477

01:48:18,900 --> 01:48:17,200

direct I would kind of give this and I

2478

01:48:20,580 --> 01:48:18,910

think conservatively maybe like a seven

2479

01:48:23,130 --> 01:48:20,590

and a half to an eight that it was much

2480

01:48:24,600 --> 01:48:23,140

closer to what Greer said so there's

2481

01:48:28,560 --> 01:48:24,610

some precedents for this kind of thing

2482

01:48:30,630 --> 01:48:28,570

and and again these are the key points

2483

01:48:32,310 --> 01:48:30,640

from commander Miller another suggestion

2484

01:48:34,310 --> 01:48:32,320

I have and I think it's really important

2485

01:48:35,930 --> 01:48:34,320

there's a couple of things one

2486

01:48:38,240 --> 01:48:35,940

you know you've got to be able to place

2487

01:48:40,220 --> 01:48:38,250

Wilson in Vegas on this particular date

2488

01:48:42,529 --> 01:48:40,230

doesn't live in that Vegas but they

2489

01:48:44,229 --> 01:48:42,539

you've got at least place him there you

2490

01:48:46,970 --> 01:48:44,239

don't have to get him on record saying

2491

01:48:50,899 --> 01:48:46,980

you know yes everything happened exactly

2492

01:48:52,250 --> 01:48:50,909

the way that these notes described he's

2493

01:48:56,479 --> 01:48:52,260

not gonna do that I think everybody

2494

01:48:57,979 --> 01:48:56,489

understands that but you know was he

2495

01:48:59,660 --> 01:48:57,989

there I mean that's really the key if he

2496

01:49:02,089 --> 01:48:59,670

wasn't there that's obviously a real

2497

01:49:04,009 --> 01:49:02,099

problem for these notes these documents

2498

01:49:05,870 --> 01:49:04,019

if he was it makes things a lot more

2499

01:49:08,750 --> 01:49:05,880

interesting and then again here's a

2500

01:49:12,859 --> 01:49:08,760

screenshot of the response to Richard

2501

01:49:14,810 --> 01:49:12,869

Dolan from how put off that all right

2502

01:49:16,580 --> 01:49:14,820

let's see we believe it is in the best

2503

01:49:18,439 --> 01:49:16,590

interest of the USG meaning the US

2504

01:49:20,569 --> 01:49:18,449

government and ourselves not to comment

2505

01:49:23,600 --> 01:49:20,579

on any documents that purport to

2506

01:49:26,990 --> 01:49:23,610

describe classified USG programs or

2507

01:49:29,419 --> 01:49:27,000

information so there's that and a key

2508

01:49:31,160 --> 01:49:29,429

word in there is purport I don't think

2509

01:49:33,319 --> 01:49:31,170

you can go ahead and say everybody who

2510

01:49:35,330 --> 01:49:33,329

goes on record and says there's a

2511

01:49:37,729 --> 01:49:35,340

problem here is lying I don't think you

2512

01:49:39,290 --> 01:49:37,739

can go out there and say everybody who

2513

01:49:41,060 --> 01:49:39,300

offers up but no comment is really

2514

01:49:43,520 --> 01:49:41,070

saying yes so I think there's a problem

2515

01:49:45,799 --> 01:49:43,530

with that and that's that basically the

2516

01:49:49,669 --> 01:49:45,809

update that we've got and obviously

2517

01:49:51,379 --> 01:49:49,679

we're continuing to dig in and well when

2518

01:49:52,910 --> 01:49:51,389

we get stuff no matter which way it cuts

2519

01:49:56,089 --> 01:49:52,920

we're gonna go with it so that's

2520

01:49:58,029 --> 01:49:56,099

basically that I'd like to go ahead and

2521

01:50:00,319 --> 01:49:58,039

bring up that word purport because

2522

01:50:02,330 --> 01:50:00,329

everybody's going over this document

2523

01:50:05,089 --> 01:50:02,340

with a fine-tooth comb so I might as

2524

01:50:08,240 --> 01:50:05,099

well bring up one word and that is the

2525

01:50:11,080 --> 01:50:08,250

work report means appear to claim to be

2526
01:50:13,609 --> 01:50:11,090
or do something especially falsely and

2527
01:50:16,669 --> 01:50:13,619
it's important that people understand

2528
01:50:19,939 --> 01:50:16,679
that it means to pretend or claim to do

2529
01:50:27,049 --> 01:50:19,949
something falsely and that is the reason

2530
01:50:28,520 --> 01:50:27,059
why he'll used that word otherwise if he

2531
01:50:31,729 --> 01:50:28,530
didn't want to use it he wouldn't have

2532
01:50:36,410 --> 01:50:31,739
actually taken the time to put that in

2533
01:50:38,479 --> 01:50:36,420
his sort of no comment comment so I

2534
01:50:44,600 --> 01:50:38,489
don't think people are actually noticing

2535
01:50:46,399 --> 01:50:44,610
that word when people write a public

2536
01:50:47,660 --> 01:50:46,409
comment that they know the whole world

2537
01:50:51,560 --> 01:50:47,670
is going to read

2538
01:50:53,510 --> 01:50:51,570

and scrutinize heavily I think that it's

2539

01:50:57,950 --> 01:50:53,520

important to understand that this

2540

01:51:00,260 --> 01:50:57,960

individual how new that the implication

2541

01:51:02,540 --> 01:51:00,270

or the intention or meaning or the

2542

01:51:05,300 --> 01:51:02,550

significance of what he was writing was

2543

01:51:07,970 --> 01:51:05,310

going to be taken apart and so that is

2544

01:51:10,430 --> 01:51:07,980

why he used that word okay and they're

2545

01:51:14,630 --> 01:51:10,440

also at Billy Cox who had to followed up

2546

01:51:16,700 --> 01:51:14,640

when the initial known meeting came into

2547

01:51:19,700 --> 01:51:16,710

public light that back in the the late

2548

01:51:22,220 --> 01:51:19,710

2000s he had followed up with Admiral

2549

01:51:25,070 --> 01:51:22,230

Wilson who denied that basically what

2550

01:51:26,840 --> 01:51:25,080

was at that point the Greer and Mitchell

2551
01:51:29,750 --> 01:51:26,850
account of what happened in the

2552
01:51:31,370 --> 01:51:29,760
aftermath of the known meeting and he

2553
01:51:34,000 --> 01:51:31,380
also followed up with that through the

2554
01:51:37,130 --> 01:51:34,010
Stars he spoke to Chris melon and melon

2555
01:51:39,320 --> 01:51:37,140
let's see declined to comment on the

2556
01:51:41,510 --> 01:51:39,330
specifics but couldn't resist weighing

2557
01:51:43,160 --> 01:51:41,520
in on a scenario that a single defense

2558
01:51:46,280 --> 01:51:43,170
contractor could have blocked Wilson's

2559
01:51:49,870 --> 01:51:46,290
access to an essay P and this is what

2560
01:51:53,150 --> 01:51:49,880
milind stated to Cox in direct quote

2561
01:51:55,250 --> 01:51:53,160
when we do ambitious stuff at DoD there

2562
01:51:57,320 --> 01:51:55,260
is never ever only one contractor in

2563
01:52:00,229 --> 01:51:57,330

read contractors sure but always a

2564

01:52:02,300 --> 01:52:00,239

consortium or subs under a lead perhaps

2565

01:52:04,700 --> 01:52:02,310

grounds to doubt the veracity of the

2566

01:52:06,290 --> 01:52:04,710

document then a so he went a little bit

2567

01:52:07,970 --> 01:52:06,300

further he went a little bit further

2568

01:52:10,880 --> 01:52:07,980

than how put off did to Richard Dolan

2569

01:52:12,189 --> 01:52:10,890

and looks like he followed up

2570

01:52:15,070 --> 01:52:12,199

[Music]

2571

01:52:16,450 --> 01:52:15,080

no I'm sorry that that is that is

2572

01:52:18,280 --> 01:52:16,460

something else I'm sorry about that okay

2573

01:52:20,470 --> 01:52:18,290

so yeah that's that that's basically

2574

01:52:22,540 --> 01:52:20,480

what Mellon has said in response to

2575

01:52:24,370 --> 01:52:22,550

Billy Cox on all this so this is where

2576

01:52:26,950 --> 01:52:24,380

we're at now I do think there are plenty

2577

01:52:30,910 --> 01:52:26,960

of leads and again I don't think that

2578

01:52:33,520 --> 01:52:30,920

the idea of tracking down the Providence

2579

01:52:35,260 --> 01:52:33,530

the the chain of custody what hands this

2580

01:52:36,850 --> 01:52:35,270

dock may may or may not have gone

2581

01:52:40,990 --> 01:52:36,860

through even if it ended up in the hands

2582

01:52:43,959 --> 01:52:41,000

of Edgar Mitchell there are there are

2583

01:52:47,200 --> 01:52:43,969

forges in art museums all over the

2584

01:52:49,390 --> 01:52:47,210

world and just last year a museum in

2585

01:52:51,040 --> 01:52:49,400

France it turned out that the half of

2586

01:52:55,479 --> 01:52:51,050

the paintings they had in their museum

2587

01:52:57,010 --> 01:52:55,489

were in fact forgeries so you know there

2588

01:52:59,500 --> 01:52:57,020

but there are stuff to follow around

2589

01:53:00,520 --> 01:52:59,510

okay we've got Miller on the record

2590

01:53:03,550 --> 01:53:00,530

saying what he said

2591

01:53:05,680 --> 01:53:03,560

we've got Davis with his no comment that

2592

01:53:08,379 --> 01:53:05,690

followed up by put off with somewhat

2593

01:53:10,060 --> 01:53:08,389

more detailed no comment and we've got

2594

01:53:12,850 --> 01:53:10,070

there Wilson who no one has contacted

2595

01:53:17,379 --> 01:53:12,860

yet but again there were other things

2596

01:53:19,390 --> 01:53:17,389

again this association of former

2597

01:53:22,990 --> 01:53:19,400

intelligence officers that's a lead that

2598

01:53:25,600 --> 01:53:23,000

can be followed up on that that might

2599

01:53:27,609 --> 01:53:25,610

cut the other way that maybe maybe this

2600

01:53:29,770 --> 01:53:27,619

meeting did happen I'm still highly

2601
01:53:32,310 --> 01:53:29,780
skeptical but again that's a lead follow

2602
01:53:34,450 --> 01:53:32,320
up on the contents of the notes not

2603
01:53:37,510 --> 01:53:34,460
after the notes were drawn up either

2604
01:53:39,580 --> 01:53:37,520
legitimately or not that that doesn't

2605
01:53:42,180 --> 01:53:39,590
mean anything okay to be honest about it

2606
01:53:45,220 --> 01:53:42,190
really doesn't the the notes were either

2607
01:53:46,510 --> 01:53:45,230
made up or they're not okay there's only

2608
01:53:48,879 --> 01:53:46,520
two things that are possible here

2609
01:53:52,030 --> 01:53:48,889
they're legitimate or they aren't and

2610
01:53:54,430 --> 01:53:52,040
also we see 15 pages of purported

2611
01:53:56,859 --> 01:53:54,440
writing from Eric Davis and Eric Davis

2612
01:53:58,870 --> 01:53:56,869
has a lot of other known writing samples

2613
01:54:00,669 --> 01:53:58,880

are there quirks in that writing are

2614

01:54:02,770 --> 01:54:00,679

there some unusual things in there that

2615

01:54:04,959 --> 01:54:02,780

might indicate that he did in fact write

2616

01:54:07,419 --> 01:54:04,969

those notes follow up on that take a

2617

01:54:09,430 --> 01:54:07,429

look and take a closer look at that so

2618

01:54:11,229 --> 01:54:09,440

there are a lot of leads here a lot of

2619

01:54:13,270 --> 01:54:11,239

things to look at we're continuing to do

2620

01:54:16,169 --> 01:54:13,280

that and I suggest that other

2621

01:54:18,700 --> 01:54:16,179

researchers do the same and you know

2622

01:54:20,859 --> 01:54:18,710

there's there's plenty to go on there's

2623

01:54:22,570 --> 01:54:20,869

no shortage to go on so having said all

2624

01:54:23,830 --> 01:54:22,580

that that we gave our little update we

2625

01:54:26,830 --> 01:54:23,840

had a great interview

2626

01:54:30,190 --> 01:54:26,840

with Steve Bassett and thanks up for

2627

01:54:32,110 --> 01:54:30,200

chase clusky for joining in and hey so

2628

01:54:34,330 --> 01:54:32,120

we're ready to wrap this up we're ready

2629

01:54:37,300 --> 01:54:34,340

to go I thought we had a great show and

2630

01:54:39,610 --> 01:54:37,310

any final words Chet yeah I'd like to

2631

01:54:41,980 --> 01:54:39,620

say that I have done more research and I

2632

01:54:43,680 --> 01:54:41,990

will be viewing that out regarding the

2633

01:54:47,380 --> 01:54:43,690

topic that we're talking about here

2634

01:54:48,790 --> 01:54:47,390

later I haven't decided when but I know

2635

01:54:50,710 --> 01:54:48,800

that you and I will get together and

2636

01:54:56,020 --> 01:54:50,720

decide at what point we'll go ahead and

2637

01:54:59,160 --> 01:54:56,030

have that show final thing because it's

2638

01:55:04,810 --> 01:54:59,170

been pointed out that obviously

2639

01:55:06,910 --> 01:55:04,820

commander Miller did express a lot of

2640

01:55:11,920 --> 01:55:06,920

skepticism about the notes it also said

2641

01:55:13,540 --> 01:55:11,930

that he did not you know did not write

2642

01:55:17,020 --> 01:55:13,550

that letter in the form it's being

2643

01:55:18,700 --> 01:55:17,030

presented and excuse me one thing and

2644

01:55:20,200 --> 01:55:18,710

this was a the key question that one to

2645

01:55:23,740 --> 01:55:20,210

ask him and I made the point Tuesday I

2646

01:55:25,600 --> 01:55:23,750

want to make it again I don't think that

2647

01:55:27,970 --> 01:55:25,610

this is a point that anybody is debating

2648

01:55:31,930 --> 01:55:27,980

that commander and Miller is a plugged

2649

01:55:33,790 --> 01:55:31,940

in smart guy who knows UFOs and I don't

2650

01:55:35,350 --> 01:55:33,800

think for a second and that's why I

2651

01:55:37,420 --> 01:55:35,360

asked him this first I don't think for a

2652

01:55:41,470 --> 01:55:37,430

second that if he had the opportunity to

2653

01:55:43,870 --> 01:55:41,480

ask this contractor who basically holds

2654

01:55:45,970 --> 01:55:43,880

the key to all knowledge about the

2655

01:55:47,680 --> 01:55:45,980

extra-terrestrial presence I don't think

2656

01:55:51,340 --> 01:55:47,690

that what he'd be asking him is about

2657

01:55:53,320 --> 01:55:51,350

the Socorro case and the Socorro case in

2658

01:55:55,690 --> 01:55:53,330

conjunction with the Holloman Air Force

2659

01:55:57,580 --> 01:55:55,700

Base case the pool and I still have a

2660

01:55:59,470 --> 01:55:57,590

problem with it and let's see somebody

2661

01:56:01,630 --> 01:55:59,480

who thinks these notes are legitimate

2662

01:56:03,880 --> 01:56:01,640

address that and let's see them follow

2663

01:56:05,680 --> 01:56:03,890

up and take a closer look at some known

2664

01:56:08,140 --> 01:56:05,690

writing samples from Erik Davis and

2665

01:56:10,120 --> 01:56:08,150

let's see some people follow up on this

2666

01:56:12,700 --> 01:56:10,130

association of former intelligence

2667

01:56:14,419 --> 01:56:12,710

officers and I'm done let's get out of

2668

01:56:17,240 --> 01:56:14,429

here

2669

01:56:20,149 --> 01:56:17,250

all right okay well I just wanted to

2670

01:56:23,149 --> 01:56:20,159

thank our wonderful guests Steven

2671

01:56:24,830 --> 01:56:23,159

Bassett for coming on and look forward

2672

01:56:27,830 --> 01:56:24,840

to interviewing him again because I know

2673

01:56:30,020 --> 01:56:27,840

that there's going to be more subjects

2674

01:56:34,130 --> 01:56:30,030

that we'll be able to to cover with him

2675

01:56:36,200 --> 01:56:34,140

and I just want to ask Steve will you be

2676

01:56:47,750 --> 01:56:36,210

able to do that perhaps maybe sometime

2677

01:56:51,340 --> 01:56:47,760

this year I think your might a lot of

2678

01:56:55,790 --> 01:56:51,350

things are about to unfold pretty sure

2679

01:56:57,490 --> 01:56:55,800

the the next two were only today over

2680

01:56:59,419 --> 01:56:57,500

the next ten days

2681

01:57:00,740 --> 01:56:59,429

nice Friday yeah I mean it you're gonna

2682

01:57:03,590 --> 01:57:00,750

have two more unidentifieds you're gonna

2683

01:57:08,300 --> 01:57:03,600

air I expect some strong stuff coming

2684

day or night we can roll we can do

2691

01:57:32,540 --> 01:57:30,480

something so we we also we also have a
