UFONN
SUNDAY

1
00:01:03,410 --> 00:00:29,570

[Music]

2
00:01:05,990 --> 00:01:03,420
and good afternoon from Philadelphia

3
00:01:09,710 --> 00:01:06,000
Frank here with another episode of UFO

4
00:01:13,370 --> 00:01:09,720
news network Sunday today on a Sunday we

5
00:01:16,430 --> 00:01:13,380
are ready to go with a big super panel

6
00:01:19,010 --> 00:01:16,440
to review the anti unidentified TV

7
00:01:21,740 --> 00:01:19,020
series and we are ready to go let me

8
00:01:23,980 --> 00:01:21,750
bring on my co-host Jenn Hanna and she's

9
00:01:26,450 --> 00:01:23,990
going to introduce our panel for today

10
00:01:29,030 --> 00:01:26,460
I'm gonna do that how are you Frank I

11
00:01:29,359 --> 00:01:29,040
doing good ready to go I am ready to go

12
00:01:32,150 --> 00:01:29,369
too

13
00:01:34,400 --> 00:01:32,160

this is gonna be a great show it's the

14

00:01:36,380 --> 00:01:34,410

UH native and an unidentified History

15

00:01:38,870 --> 00:01:36,390

Channel show series make a panel that we

16

00:01:40,520 --> 00:01:38,880

have to review all six shows and we have

17

00:01:43,309 --> 00:01:40,530

our special day Dave Beatty the

18

00:01:46,490 --> 00:01:43,319

filmmaker of the Nimitz Encounter Nimitz

19

00:01:50,240 --> 00:01:46,500

Encounters we have Earl Grey who's the

20

00:01:51,950 --> 00:01:50,250

assistant state director for Southern

21

00:01:54,139 --> 00:01:51,960

California and the chief investigator

22

00:01:55,700 --> 00:01:54,149

also we have dr. Irena Scott who has a

23

00:01:59,240 --> 00:01:55,710

PhD from the University of Missouri

24

00:02:00,499 --> 00:01:59,250

College of Veterinary Medicine and she

25

00:02:03,139 --> 00:02:00,509

also served on the MUFON board of

26

00:02:05,450 --> 00:02:03,149

directors we have jin-man who is a state

27

00:02:08,090 --> 00:02:05,460

director of Arizona MUFON we have Shane

28

00:02:10,460 --> 00:02:08,100

Hurd who is a MUFON field investigator

29

00:02:12,890 --> 00:02:10,470

with Phoenix MUFON a podcaster with

30

00:02:16,190 --> 00:02:12,900

rogue planet TV and soon-to-be published

31

00:02:17,660 --> 00:02:16,200

author we have Jeff Crouse who is the

32

00:02:24,440 --> 00:02:17,670

state director for Southern California

33

00:02:26,630 --> 00:02:24,450

of MUFON we also have Dean Alioto who is

34

00:02:29,240 --> 00:02:26,640

an award-winning filmmaker and works on

35

00:02:32,150 --> 00:02:29,250

film and TV and his her first movie was

36

00:02:34,160 --> 00:02:32,160

UFO abduction and was the first ever

37

00:02:36,110 --> 00:02:34,170

found footage movie and has caused a

38

00:02:39,380 --> 00:02:36,120

stir in the UFO community for three

39

00:02:41,000 --> 00:02:39,390

decades now we have Keith a REM who is

40

00:02:42,979 --> 00:02:41,010

one of the leading directors in the game

41

00:02:45,860 --> 00:02:42,989

industry keith has directed and produced

42

00:02:48,170 --> 00:02:45,870

over 650 titles including call of duty

43

00:02:50,720 --> 00:02:48,180

and titanfall and his first motion

44

00:02:52,370 --> 00:02:50,730

picture Phoenix incident featured an

45

00:02:54,710 --> 00:02:52,380

immersive viral marketing campaign

46

00:03:05,110 --> 00:02:54,720

generating over 20 million engagements

47

00:03:10,130 --> 00:03:07,820

yeah yeah thanks for coming on everybody

48

00:03:11,449 --> 00:03:10,140

and let's not waste any time and let's

49

00:03:15,020 --> 00:03:11,459

get right down to

50

00:03:17,660 --> 00:03:15,030

the final unidentified show aired this

51
00:03:20,599 --> 00:03:17,670
past Friday night but we had a little

52
00:03:22,459 --> 00:03:20,609
bit of a pregame show we had president

53
00:03:25,910 --> 00:03:22,469
Donald Trump being interviewed by tuckle

54
00:03:28,309 --> 00:03:25,920
Tucker Carlson over on Fox News and the

55
00:03:31,000 --> 00:03:28,319
question was asked about UFOs there was

56
00:03:33,379 --> 00:03:31,010
some chatter that proved to be nonsense

57
00:03:35,149 --> 00:03:33,389
regarding a trump possibly saying a

58
00:03:37,069 --> 00:03:35,159
little bit more than he did during his

59
00:03:39,050 --> 00:03:37,079
previous interview with George

60
00:03:41,479 --> 00:03:39,060
Stephanopoulos a couple weeks back and

61
00:03:43,729 --> 00:03:41,489
he didn't go any further than he did

62
00:03:46,039 --> 00:03:43,739
with Stephanopoulos with Carlson but

63
00:03:48,319 --> 00:03:46,049

still the question got asked the

64

00:03:51,140 --> 00:03:48,329

president didn't comment and any

65

00:03:54,289 --> 00:03:51,150

thoughts on all that anybody I would

66

00:03:57,080 --> 00:03:54,299

sooner a monkey quote Shakespeare than

67

00:03:59,880 --> 00:03:57,090

to expect anything sensible about UFOs

68

00:04:07,449 --> 00:03:59,890

to come out of the president's mouth

69

00:04:14,059 --> 00:04:10,099

sorry monkeys I didn't mean to put you

70

00:04:16,009 --> 00:04:14,069

in a bad light chances are greater that

71

00:04:18,830 --> 00:04:16,019

they would happen intelligent statement

72

00:04:20,719 --> 00:04:18,840

regarding the subject of UFOs then

73

00:04:23,450 --> 00:04:20,729

Donald Trump who can't even make a

74

00:04:26,480 --> 00:04:23,460

sensible statement about hamburgers I

75

00:04:29,300 --> 00:04:26,490

mean hamburgers I think that's nonsense

76

00:04:30,920 --> 00:04:29,310

I'll get off this this this conference

77

00:04:39,680 --> 00:04:30,930

call immediately if you don't lay off

78

00:04:40,550 --> 00:04:39,690

the United States president what we're

79

00:04:42,439 --> 00:04:40,560

here for folks

80

00:04:45,379 --> 00:04:42,449

honest to god that's not what we're here

81

00:04:48,230 --> 00:04:45,389

for this is a wonderfully great nation

82

00:04:58,460 --> 00:04:48,240

and we're not here for a president

83

00:05:09,680 --> 00:04:58,470

bashing so let's get out of it all right

84

00:05:11,689 --> 00:05:09,690

so obviously that earlier comments that

85

00:05:14,600 --> 00:05:11,699

was basically yet nothing happened

86

00:05:17,600 --> 00:05:14,610

basically with the Carson Trump

87

00:05:24,560 --> 00:05:17,610

interview so let's get to the show has

88

00:05:28,040 --> 00:05:24,570

everybody been following it multi time

89

00:05:31,290 --> 00:05:28,050

and in total what's everyone's opinion

90

00:05:34,770 --> 00:05:31,300

on the show itself I think it was a

91

00:05:36,510 --> 00:05:34,780

groundbreaking series it showed

92

00:05:40,620 --> 00:05:36,520

everything in a different light than the

93

00:05:43,650 --> 00:05:40,630

way things have been presented this is

94

00:05:46,830 --> 00:05:43,660

all yeah this is Shane here oh you you

95

00:05:52,260 --> 00:05:46,840

first Shane oh I just thanks I was just

96

00:05:56,850 --> 00:05:52,270

gonna say that I think the show did what

97

00:05:59,910 --> 00:05:56,860

it needed to do in terms of bringing a

98

00:06:03,030 --> 00:05:59,920

serious spin on it to a largely

99

00:06:06,180 --> 00:06:03,040

uneducated audience yet for those of us

100

00:06:08,760 --> 00:06:06,190

who are familiar with the topic it still

101
00:06:11,130 --> 00:06:08,770
was a great presentation and you know

102
00:06:13,260 --> 00:06:11,140
we'll talk more about later I think what

103
00:06:15,900 --> 00:06:13,270
what it all means but I really enjoyed

104
00:06:19,290 --> 00:06:15,910
it and was impressed it was more than

105
00:06:21,150 --> 00:06:19,300
just a TV show you know I mean I think

106
00:06:22,290 --> 00:06:21,160
some people were probably tuning in and

107
00:06:25,980 --> 00:06:22,300
thinking that they were gonna be getting

108
00:06:27,690 --> 00:06:25,990
ancient aliens part two or something but

109
00:06:29,460 --> 00:06:27,700
this wasn't just entertainment

110
00:06:32,880 --> 00:06:29,470
that we were being told something very

111
00:06:34,650 --> 00:06:32,890
poignant and groundbreaking and it

112
00:06:37,590 --> 00:06:34,660
changes the way that we have to look at

113
00:06:40,080 --> 00:06:37,600

the phenomena even it was a very good

114

00:06:43,470 --> 00:06:40,090

show and more than a TV show is a

115

00:06:45,870 --> 00:06:43,480

disclosure with a small D but disclosure

116

00:06:48,180 --> 00:06:45,880

nonetheless when I put a nice human

117

00:06:53,580 --> 00:06:48,190

Ellie agree that it's good I think it

118

00:06:55,110 --> 00:06:53,590

was amazing to have you know didn't be

119

00:06:57,750 --> 00:06:55,120

able to analyze it and be able to sort

120

00:06:59,250 --> 00:06:57,760

of present it in a neutral light and

121

00:07:02,370 --> 00:06:59,260

pose a lot of questions a lot of us

122

00:07:04,470 --> 00:07:02,380

would normally have both experienced in

123

00:07:05,970 --> 00:07:04,480

the phenomenon and the mainstream public

124

00:07:09,060 --> 00:07:05,980

so it was important that it got

125

00:07:13,520 --> 00:07:09,070

discussed in that light this is Dean

126

00:07:22,560 --> 00:07:13,530

here it felt like it was really good

127

00:07:32,220 --> 00:07:22,570

floor play let me ask you this is there

128

00:07:33,570 --> 00:07:32,230

any such thing as bad for play I mean

129

00:07:35,790 --> 00:07:33,580

there was some moves that were repeated

130

00:07:40,070 --> 00:07:35,800

several times you know but ultimately

131

00:07:44,700 --> 00:07:43,290

since I we do have a you and you and

132

00:07:47,249 --> 00:07:44,710

Keith here with the filmmaking

133

00:07:49,800 --> 00:07:47,259

backgrounds would you have done anything

134

00:07:55,860 --> 00:07:49,810

a little bit differently yeah I would

135

00:07:57,899 --> 00:07:55,870

have put my name on I would say overall

136

00:08:00,659 --> 00:07:57,909

the production value I thought looked

137

00:08:02,760 --> 00:08:00,669

really good the visual uniform color

138

00:08:04,320 --> 00:08:02,770

palette that's like gray and muted Blues

139

00:08:11,600 --> 00:08:04,330

is pretty cool but I would have mix that

140

00:08:14,010 --> 00:08:11,610

up per event I feel like the the biggest

141

00:08:17,100 --> 00:08:14,020

disappointment was that I want to hear

142

00:08:20,969 --> 00:08:17,110

more of Tom's maybe original music in

143

00:08:28,939 --> 00:08:20,979

there that might not have been in the

144

00:08:33,689 --> 00:08:32,100

till the end till last episode he wasn't

145

00:08:36,120 --> 00:08:33,699

really you know he was kind of walking

146

00:08:42,329 --> 00:08:36,130

around and I think they really did that

147

00:08:43,889 --> 00:08:42,339

purposefully yeah the prominent

148

00:08:46,439 --> 00:08:43,899

interviews there but I thought that you

149

00:08:49,410 --> 00:08:46,449

know by bringing in sort of recreations

150

00:08:50,880 --> 00:08:49,420

and footage of actual jets was sort of a

151
00:08:52,920 --> 00:08:50,890
mixture because you saw the real footage

152
00:08:55,590 --> 00:08:52,930
contrast and by sort of the recreated

153
00:08:58,280 --> 00:08:55,600
footage and in some respects that gives

154
00:09:00,569 --> 00:08:58,290
the the audience a definitive sort of

155
00:09:03,630 --> 00:09:00,579
view of what they think it looks like

156
00:09:05,610 --> 00:09:03,640
and as a filmmaker it's a challenge

157
00:09:07,590 --> 00:09:05,620
right because that's your interpretation

158
00:09:08,639 --> 00:09:07,600
of what the events are so those kind of

159
00:09:10,350 --> 00:09:08,649
liberties are a little bit challenging

160
00:09:12,630 --> 00:09:10,360
as a filmmaker but I thought they did a

161
00:09:15,420 --> 00:09:12,640
fantastic job of just presenting it very

162
00:09:17,730 --> 00:09:15,430
neutrally yeah that's good as long as

163
00:09:20,370 --> 00:09:17,740

it's shown as a representation and not

164

00:09:22,949 --> 00:09:20,380

the actual thing that's all good because

165

00:09:25,740 --> 00:09:22,959

it does give the viewer an idea and

166

00:09:27,090 --> 00:09:25,750

something to think about which is always

167

00:09:29,160 --> 00:09:27,100

good you want to have the viewer

168

00:09:31,380 --> 00:09:29,170

interested and things like that or what

169

00:09:34,379 --> 00:09:31,390

keep them interested right yeah because

170

00:09:35,579 --> 00:09:34,389

you have separate blips right and these

171

00:09:37,230 --> 00:09:35,589

are all disclosed through the Pentagon

172

00:09:39,600 --> 00:09:37,240

and these other qualified military

173

00:09:41,550 --> 00:09:39,610

sources and it's clearly showing that

174

00:09:43,379 --> 00:09:41,560

airspace is being violated by vehicles

175

00:09:45,120 --> 00:09:43,389

that's some kind of unknown origin and

176
00:09:47,160 --> 00:09:45,130
it confirms that pilots have been saying

177
00:09:48,300 --> 00:09:47,170
for years so like Dean and I you know

178
00:09:50,960 --> 00:09:48,310
when we do a lot of research for a

179
00:09:52,790 --> 00:09:50,970
motion picture you know

180
00:09:54,019 --> 00:09:52,800
always have interviews with military

181
00:09:55,939 --> 00:09:54,029
sources or other people that are going

182
00:09:57,740 --> 00:09:55,949
to give us some factual information that

183
00:09:59,269 --> 00:09:57,750
they'll talk about privately and here's

184
00:10:01,970 --> 00:09:59,279
something that you can actually put out

185
00:10:05,840 --> 00:10:01,980
publicly and confirms what we're doing

186
00:10:11,079 --> 00:10:05,850
in fiction yeah absolutely the thing

187
00:10:13,699 --> 00:10:11,089
that was was interesting was that the

188
00:10:16,160 --> 00:10:13,709

one other way to have a nice spectrum of

189

00:10:18,230 --> 00:10:16,170

people I like the fact that we have you

190

00:10:22,579 --> 00:10:18,240

know in today's era of diversity we had

191

00:10:24,290 --> 00:10:22,589

a female wingman witness wing person I

192

00:10:26,119 --> 00:10:24,300

guess witness who was there she said

193

00:10:29,420 --> 00:10:26,129

Luba like Carol Burnett maybe that's

194

00:10:31,309 --> 00:10:29,430

just me but that I thought that was

195

00:10:34,340 --> 00:10:31,319

interesting because each of them were

196

00:10:37,970 --> 00:10:34,350

very credible I mean I didn't see anyone

197

00:10:39,259 --> 00:10:37,980

I shot like 500 or more interviews over

198

00:10:42,410 --> 00:10:39,269

the years doing these crime reenactment

199

00:10:44,420 --> 00:10:42,420

shows and and usually you can tell when

200

00:10:46,369 --> 00:10:44,430

people are you know inflating things a

201
00:10:49,850 --> 00:10:46,379
little bit all of them came off very

202
00:10:51,499 --> 00:10:49,860
very credible I thought that that there

203
00:10:53,449 --> 00:10:51,509
wasn't you know any episode that you

204
00:10:54,769 --> 00:10:53,459
would watch for you'd feel like all

205
00:10:57,350 --> 00:10:54,779
right they're really stretching to get

206
00:10:58,790 --> 00:10:57,360
this one I thought the board if I had to

207
00:11:00,559 --> 00:10:58,800
pick a word for an edge I'd say very

208
00:11:01,910 --> 00:11:00,569
credible what was funny is that it was

209
00:11:03,470 --> 00:11:01,920
exactly the same approach that we

210
00:11:05,569 --> 00:11:03,480
started the Phoenix incident with we had

211
00:11:06,949 --> 00:11:05,579
a Navy pilot that's coming in in our

212
00:11:09,740 --> 00:11:06,959
case there was an Air Force pilot

213
00:11:11,360 --> 00:11:09,750

talking shadowed and revealing the

214

00:11:13,309 --> 00:11:11,370

state's evidence about an encounter that

215

00:11:14,809 --> 00:11:13,319

really happened and so when I saw it

216

00:11:21,439 --> 00:11:14,819

starting off I was like oh wow that's

217

00:11:23,210 --> 00:11:21,449

very familiar territory when the footage

218

00:11:25,730 --> 00:11:23,220

first got released our movie jumped into

219

00:11:26,990 --> 00:11:25,740

the top 10 on iTunes because the footage

220

00:11:28,939 --> 00:11:27,000

looked very similar to the FLIR

221

00:11:30,799 --> 00:11:28,949

photography that we did in our film so

222

00:11:32,119 --> 00:11:30,809

people were thinking that the gimbal

223

00:11:34,309 --> 00:11:32,129

footage of the tic-tock footage was

224

00:11:36,619 --> 00:11:34,319

another viral part of what we were doing

225

00:11:40,129 --> 00:11:36,629

for our media campaign so it was

226

00:11:42,259 --> 00:11:40,139

pleasant to see that it wasn't and yeah

227

00:11:45,230 --> 00:11:42,269

you'd mentioned earlier at Keith's that

228

00:11:49,220 --> 00:11:45,240

the FLIR type of videos are pretty easy

229

00:11:50,929 --> 00:11:49,230

to recreate so what what did you take

230

00:11:52,610 --> 00:11:50,939

away from the controversy about that

231

00:11:55,400 --> 00:11:52,620

some people were questioning the

232

00:11:57,049 --> 00:11:55,410

validity of those videos did they jump

233

00:12:04,660 --> 00:11:57,059

out to you and say yeah I can fake this

234

00:12:08,450 --> 00:12:04,670

or say that's our return

235

00:12:13,210 --> 00:12:08,460

record you message recording you may

236

00:12:20,240 --> 00:12:17,660

I'd like to report a UFO yes I'm sorry

237

00:12:22,400 --> 00:12:20,250

I'm sorry about that Keith yeah what do

238

00:12:24,170 --> 00:12:22,410

what that jumped out at you when you

239

00:12:25,370 --> 00:12:24,180

first saw these videos that it that

240

00:12:28,100 --> 00:12:25,380

seemed like something that you can

241

00:12:30,380 --> 00:12:28,110

recreate yourself or what was your

242

00:12:32,990 --> 00:12:30,390

opinion on him I mean when we went out I

243

00:12:35,240 --> 00:12:33,000

mean our our budget for our film was was

244

00:12:37,040 --> 00:12:35,250

pretty low and but we wanted it to be

245

00:12:39,170 --> 00:12:37,050

pretty authentic so we went out to these

246

00:12:41,600 --> 00:12:39,180

straightens in outside of Phoenix we

247

00:12:43,370 --> 00:12:41,610

shot on real military FLIR cameras we

248

00:12:45,110 --> 00:12:43,380

actually shot at an altitude that was

249

00:12:48,110 --> 00:12:45,120

sort of respectful of where the f-16s

250

00:12:50,780 --> 00:12:48,120

would have been and then compositing in

251

00:12:53,000 --> 00:12:50,790

any of the other visual effects we're

252

00:12:54,950 --> 00:12:53,010

fairly easy for us to hide because we

253

00:12:56,420 --> 00:12:54,960

were recording at such a high rate there

254

00:12:58,160 --> 00:12:56,430

are visual effects teams could kind of

255

00:13:00,110 --> 00:12:58,170

put that in and we reshoot it off of

256

00:13:02,020 --> 00:13:00,120

screens so you really couldn't debunk

257

00:13:03,950 --> 00:13:02,030

the footage actually all aha

258

00:13:05,900 --> 00:13:03,960

unfortunately isn't here he was one of

259

00:13:07,610 --> 00:13:05,910

the first people that did actually kind

260

00:13:09,230 --> 00:13:07,620

of expose our viral campaign and that's

261

00:13:11,030 --> 00:13:09,240

how Alejandra and I became friends

262

00:13:12,560 --> 00:13:11,040

because we were trying to bring it

263

00:13:15,530 --> 00:13:12,570

awareness to this we weren't trying to

264

00:13:17,000 --> 00:13:15,540

do a fake news to sort of Punk anyone we

265

00:13:19,070 --> 00:13:17,010

were actually trying to inspire people

266

00:13:20,120 --> 00:13:19,080

to start doing the research and find all

267

00:13:22,340 --> 00:13:20,130

the information about what was happening

268

00:13:24,020 --> 00:13:22,350

what these pilots were saying so when I

269

00:13:26,750 --> 00:13:24,030

saw this footage I was really surprised

270

00:13:29,150 --> 00:13:26,760

because it is fairly easy to sort of

271

00:13:30,890 --> 00:13:29,160

recreate it and and fake it and bring in

272

00:13:34,100 --> 00:13:30,900

the pilot voices and we brought a lot of

273

00:13:35,330 --> 00:13:34,110

our voice actors that work on Call of

274

00:13:37,880 --> 00:13:35,340

Duty and lot of them the video games

275

00:13:39,530 --> 00:13:37,890

would work on so it the fact that this

276

00:13:41,090 --> 00:13:39,540

was disclosed through the Pentagon and

277

00:13:43,880 --> 00:13:41,100

other military sources I think was the

278

00:13:46,280 --> 00:13:43,890

most important fact because the footage

279

00:13:49,100 --> 00:13:46,290

really is very easy to fake and looking

280

00:13:54,710 --> 00:13:49,110

at this footage I still do question sort

281

00:13:56,960 --> 00:13:54,720

of the origins of what it is the the

282

00:14:00,620 --> 00:13:56,970

biggest criticism that I've seen it is

283

00:14:03,980 --> 00:14:00,630

the gimbal right the rotation of the

284

00:14:06,680 --> 00:14:03,990

ship life I've seen criticisms over and

285

00:14:09,230 --> 00:14:06,690

over on it which is about it which is oh

286

00:14:11,390 --> 00:14:09,240

it's the back of like an F whatever jet

287

00:14:15,170 --> 00:14:11,400

and it's turning in its banking to the

288

00:14:16,760 --> 00:14:15,180

left and actually that's inaccurate

289

00:14:17,430 --> 00:14:16,770

if it banks to left the whole thing

290

00:14:19,650 --> 00:14:17,440

Musel

291

00:14:21,329 --> 00:14:19,660

this kept it's plain it wasn't going

292

00:14:24,030 --> 00:14:21,339

further than the distance isn't it it

293

00:14:26,519 --> 00:14:24,040

was a side we were tracking them going

294

00:14:29,550 --> 00:14:26,529

parallel to the object so if it turns

295

00:14:31,530 --> 00:14:29,560

it's gonna it's gonna maneuver straight

296

00:14:33,720 --> 00:14:31,540

to the left so right away that's that's

297

00:14:35,340 --> 00:14:33,730

wrong and also they look at the back and

298

00:14:37,740 --> 00:14:35,350

say well it's the back of a ship because

299

00:14:40,559 --> 00:14:37,750

you're looking our craft jet you look at

300

00:14:43,290 --> 00:14:40,569

the fin it it you know was protruding

301
00:14:47,429 --> 00:14:43,300
like that well that's not a fin that's

302
00:14:48,929 --> 00:14:47,439
the heat signature and so there was just

303
00:14:50,910 --> 00:14:48,939
a little bit comin old Klum if you will

304
00:14:54,090 --> 00:14:50,920
coming from the top and the bottom and

305
00:14:57,809 --> 00:14:54,100
so for me that was the biggest thing

306
00:14:59,639 --> 00:14:57,819
which was that there was really no heat

307
00:15:03,030 --> 00:14:59,649
signature on most of these it was just

308
00:15:05,309 --> 00:15:03,040
moving along and and the reactions as I

309
00:15:06,689 --> 00:15:05,319
was talking about hond robot to me the

310
00:15:08,879 --> 00:15:06,699
most credible thing was the reactions

311
00:15:11,129 --> 00:15:08,889
you listen to these guys I I've done

312
00:15:13,410 --> 00:15:11,139
countless crime shows with us customs

313
00:15:15,960 --> 00:15:13,420

officials SWAT all these guys I judge

314

00:15:18,300 --> 00:15:15,970

how they react to any situation as how

315

00:15:19,740 --> 00:15:18,310

dangerous it is if they're making jokes

316

00:15:21,960 --> 00:15:19,750

and everything that I know I'm okay if

317

00:15:24,179 --> 00:15:21,970

the jokes stop I know we're screwed if

318

00:15:25,949 --> 00:15:24,189

they're blown away I'm gonna hear it and

319

00:15:28,319 --> 00:15:25,959

these guys were like a bunch of kids

320

00:15:30,179 --> 00:15:28,329

were in between knocking the code that

321

00:15:31,920 --> 00:15:30,189

they would normally do they would drop

322

00:15:36,300 --> 00:15:31,930

these you know oh my god holy [h__h] and

323

00:15:40,650 --> 00:15:36,310

they're dropping f-bombs so he can do

324

00:15:48,569 --> 00:15:40,660

all of these things you can drop f-bombs

325

00:15:51,090 --> 00:15:48,579

- yeah you can you can recreate to an

326

00:15:53,340 --> 00:15:51,100

extent but again it's you look at the

327

00:15:55,410 --> 00:15:53,350

messenger you know it's I'm gonna go

328

00:15:57,840 --> 00:15:55,420

back to the Godfather II who delivers

329

00:15:59,460 --> 00:15:57,850

the message and the fact that it was low

330

00:16:00,929 --> 00:15:59,470

and he was you know credible and had

331

00:16:03,749 --> 00:16:00,939

this background and everyone else around

332

00:16:05,400 --> 00:16:03,759

him you know in the fact that the

333

00:16:07,019 --> 00:16:05,410

government's now come out and said yes

334

00:16:07,769 --> 00:16:07,029

you know we didn't release it it's like

335

00:16:09,360 --> 00:16:07,779

okay it's over

336

00:16:11,309 --> 00:16:09,370

there should be no more controversy on

337

00:16:13,290 --> 00:16:11,319

that let's move forward the next step

338

00:16:15,329 --> 00:16:13,300

which is you know what else are they

339

00:16:21,629 --> 00:16:15,339

each the maximum time permitted for

340

00:16:31,110 --> 00:16:21,639

recording your message press 2 to erase

341

00:16:32,550 --> 00:16:31,120

and reward bear you have reached maximum

342

00:16:34,380 --> 00:16:32,560

time permitted for recording your

343

00:16:36,510 --> 00:16:34,390

message if you are satisfied with your

344

00:16:38,910 --> 00:16:36,520

message press one to listen to your

345

00:16:49,290 --> 00:16:38,920

message press two to erase and rerecord

346

00:16:50,910 --> 00:16:49,300

press tchen for you now when these

347

00:16:52,500 --> 00:16:50,920

videos first came out there was of

348

00:16:54,690 --> 00:16:52,510

course the audio to go along with it and

349

00:16:56,820 --> 00:16:54,700

the pilot reactions it was kind of up in

350

00:16:58,740 --> 00:16:56,830

the air for a long time as to whether or

351
00:17:00,720 --> 00:16:58,750
not they were legitimate they got some

352
00:17:03,360 --> 00:17:00,730
criticism from John Lear among others

353
00:17:05,819 --> 00:17:03,370
and it seemed to be confirmed from the

354
00:17:08,100 --> 00:17:05,829
show that that audio was in fact

355
00:17:10,140 --> 00:17:08,110
legitimate that the pilot said graves in

356
00:17:12,929 --> 00:17:10,150
a coin confirmed that they recognize

357
00:17:14,579 --> 00:17:12,939
those voices has that finally done it

358
00:17:16,980 --> 00:17:14,589
for you you're convinced that the audio

359
00:17:19,260 --> 00:17:16,990
and the video are illegitimate yeah I

360
00:17:22,290 --> 00:17:19,270
mean I think that you know from the very

361
00:17:24,510 --> 00:17:22,300
beginning in I've always been a fan of

362
00:17:27,299 --> 00:17:24,520
military history and I've always read

363
00:17:30,120 --> 00:17:27,309

everything I could find you know memoirs

364

00:17:31,830 --> 00:17:30,130

and so on a pilot's going way back and

365

00:17:34,500 --> 00:17:31,840

one of the first things that you figure

366

00:17:37,320 --> 00:17:34,510

out is that they have intercom systems

367

00:17:39,000 --> 00:17:37,330

on their planes and especially you know

368

00:17:41,790 --> 00:17:39,010

when there's like two guys in a plane if

369

00:17:43,680 --> 00:17:41,800

you have a weapon system officer and a

370

00:17:46,320 --> 00:17:43,690

pilot they're just they're just kind of

371

00:17:48,299 --> 00:17:46,330

bantering the entire time now you know

372

00:17:49,980 --> 00:17:48,309

if that's recorded then you're gonna

373

00:17:53,010 --> 00:17:49,990

hear just the this is not being

374

00:17:54,870 --> 00:17:53,020

broadcast out over the air so even you

375

00:17:56,610 --> 00:17:54,880

know from the wingman jet in the lead

376

00:17:58,560 --> 00:17:56,620

they're just kind of like basically

377

00:18:00,060 --> 00:17:58,570

biessing with each other so I think

378

00:18:01,650 --> 00:18:00,070

that's what you're hearing and when

379

00:18:02,910 --> 00:18:01,660

people criticize and say they would

380

00:18:04,440 --> 00:18:02,920

never say that over the radio well

381

00:18:05,610 --> 00:18:04,450

they're not really over the radio

382

00:18:08,070 --> 00:18:05,620

they're on their own intercom

383

00:18:10,200 --> 00:18:08,080

frequencies they never expected that to

384

00:18:12,900 --> 00:18:10,210

go out to everybody to hear probably so

385

00:18:15,230 --> 00:18:12,910

yeah I believe that I mean I don't I

386

00:18:17,940 --> 00:18:15,240

don't I never thought that that you know

387

00:18:19,230 --> 00:18:17,950

it's rotating or you know that whole

388

00:18:22,770 --> 00:18:19,240

thing I didn't I never thought that that

389

00:18:26,010 --> 00:18:22,780

was off at all so the only stuff that

390

00:18:29,460 --> 00:18:26,020

was scripted that I noticed was when

391

00:18:32,340 --> 00:18:29,470

they would have you know Louise Elizondo

392

00:18:34,230 --> 00:18:32,350

would go and he like he's interrupting a

393

00:18:36,630 --> 00:18:34,240

recording session over at Tom DeLonge

394

00:18:38,880 --> 00:18:36,640

studio and stuff and what I what

395

00:18:40,830 --> 00:18:38,890

impressed me was you know that the you

396

00:18:44,520 --> 00:18:40,840

know that certain parts were certainly

397

00:18:46,350 --> 00:18:44,530

scripted but it did not seem contrived

398

00:18:48,240 --> 00:18:46,360

they did a really really good job about

399

00:18:52,080 --> 00:18:48,250

that you know I mean everybody was fully

400

00:18:54,510 --> 00:18:52,090

in on this you know that they wanted

401
00:18:57,390 --> 00:18:54,520
they wanted to be heard I mean this was

402
00:18:59,370 --> 00:18:57,400
meaningful to every pilot every person

403
00:19:01,920 --> 00:18:59,380
that was involved in this production and

404
00:19:04,920 --> 00:19:01,930
there was not there was no corniness to

405
00:19:07,440 --> 00:19:04,930
it and it did not seem contrived it's

406
00:19:10,080 --> 00:19:07,450
hard to do unless you're being fully

407
00:19:11,820 --> 00:19:10,090
honest and and straightforward and that

408
00:19:13,800 --> 00:19:11,830
really came through for me and I thought

409
00:19:18,330 --> 00:19:13,810
that was a really good good thing about

410
00:19:21,390 --> 00:19:18,340
this show hold on Frank

411
00:19:24,120 --> 00:19:21,400
dr. Irena Scott it is your perspective

412
00:19:26,310 --> 00:19:24,130
regarding the unidentified in Channel

413
00:19:28,770 --> 00:19:26,320

series can we have a little bit of input

414

00:19:32,250 --> 00:19:28,780

from you on that I thought it was great

415

00:19:36,980 --> 00:19:32,260

because interviewing the pilots and the

416

00:19:39,390 --> 00:19:36,990

radar operators really was convincing

417

00:19:42,660 --> 00:19:39,400

you didn't have to take it second hand

418

00:19:45,900 --> 00:19:42,670

you got it right from the horse's mouth

419

00:19:50,070 --> 00:19:45,910

and then also the way they check for

420

00:19:52,320 --> 00:19:50,080

jamming and the way they merged the

421

00:19:55,950 --> 00:19:52,330

signals from the two ships the

422

00:20:02,600 --> 00:19:55,960

princeling Nimitz and things I thought

423

00:20:11,220 --> 00:20:08,940

thank you yeah I did well I lost my

424

00:20:11,760 --> 00:20:11,230

train of thought there okay uh well I

425

00:20:13,410 --> 00:20:11,770

haven't

426

00:20:15,240 --> 00:20:13,420

I wanted to let everybody know that my

427

00:20:18,780 --> 00:20:15,250

understanding from input from the UFO

428

00:20:22,040 --> 00:20:18,790

community that a lot of folks felt that

429

00:20:28,620 --> 00:20:22,050

this show was proposing the idea is that

430

00:20:31,470 --> 00:20:28,630

ET craft also known as UFOs could be

431

00:20:35,910 --> 00:20:31,480

considered a threat to our world

432

00:20:38,640 --> 00:20:35,920

what does everybody's take on that this

433

00:20:40,440 --> 00:20:38,650

is Jeff Crouse here looking at the the

434

00:20:43,410 --> 00:20:40,450

picture that they showed from the

435

00:20:45,920 --> 00:20:43,420

evidence on that episode of the shot to

436

00:20:48,690 --> 00:20:45,930

the rotor blade of the helicopter I

437

00:20:51,450 --> 00:20:48,700

noticed for one thing the shot was to

438

00:20:53,640 --> 00:20:51,460

the rear part of the rotor blade and it

439

00:20:55,620 --> 00:20:53,650

looked like was just enough to throw out

440

00:20:58,050 --> 00:20:55,630

the balance to where they would have to

441

00:20:59,670 --> 00:20:58,060

land and I'm pretty

442

00:21:01,860 --> 00:20:59,680

sure if they wanted to they could have

443

00:21:04,350 --> 00:21:01,870

just incinerated the whole helicopter

444

00:21:07,290 --> 00:21:04,360

now they were pretty tight-lipped about

445

00:21:08,790 --> 00:21:07,300

the circumstances beforehand and after

446

00:21:12,540 --> 00:21:08,800

okay yeah you're talking about the other

447

00:21:14,460 --> 00:21:12,550

Italian case now right right and you

448

00:21:16,800 --> 00:21:14,470

know about showing the evidence of the

449

00:21:19,290 --> 00:21:16,810

attack like that was you know pretty big

450

00:21:22,110 --> 00:21:19,300

that's the first time that there's proof

451
00:21:25,940 --> 00:21:22,120
of an interaction between a so-called

452
00:21:29,160 --> 00:21:25,950
UAP and any type of other air vehicle

453
00:21:31,260 --> 00:21:29,170
but again I got to reiterate you know

454
00:21:33,600 --> 00:21:31,270
then it looked like it was more of meant

455
00:21:37,170 --> 00:21:33,610
to be a crippling blow than an actual

456
00:21:39,210 --> 00:21:37,180
attack meant to cause serious damage and

457
00:21:42,090 --> 00:21:39,220
so again you have to think about intent

458
00:21:44,400 --> 00:21:42,100
and we really don't know the preceding

459
00:21:46,770 --> 00:21:44,410
circumstances to that they're pretty

460
00:21:49,320 --> 00:21:46,780
tight-lipped about that but it also

461
00:21:52,650 --> 00:21:49,330
brings up the question of how they knew

462
00:21:57,450 --> 00:21:52,660
that they could fire on a UFO and what

463
00:21:59,730 --> 00:21:57,460

happened after they did yes well I

464

00:22:00,540 --> 00:21:59,740

thought that whole exchange was pretty

465

00:22:03,120 --> 00:22:00,550

interesting

466

00:22:06,300 --> 00:22:03,130

it goes back to October I think of last

467

00:22:09,090 --> 00:22:06,310

year when they went over DeLong and

468

00:22:10,710 --> 00:22:09,100

Elizondo went over to Italy and made

469

00:22:12,600 --> 00:22:10,720

their little presentation that there was

470

00:22:14,340 --> 00:22:12,610

a livestream of it we were able to watch

471

00:22:16,350 --> 00:22:14,350

it live when it happened it was a pretty

472

00:22:19,580 --> 00:22:16,360

interesting remember it there was a

473

00:22:22,770 --> 00:22:19,590

Saturday morning our time I believe and

474

00:22:24,810 --> 00:22:22,780

yeah it was a very interesting I really

475

00:22:26,970 --> 00:22:24,820

enjoyed it the Elizondo went through his

476

00:22:28,560 --> 00:22:26,980

history of UFOs and I thought what

477

00:22:30,780 --> 00:22:28,570

they're they included in the show was

478

00:22:32,040 --> 00:22:30,790

pretty interesting as it was basically

479

00:22:35,640 --> 00:22:32,050

they were sitting at a table

480

00:22:37,680 --> 00:22:35,650

Elizondo DeLong and the Italian UFO

481

00:22:41,190 --> 00:22:37,690

people and they were basically sort of

482

00:22:43,170 --> 00:22:41,200

God negotiating for material and it

483

00:22:45,090 --> 00:22:43,180

seemed like Elizondo was not giving up

484

00:22:47,910 --> 00:22:45,100

too much and they wanted whatever they

485

00:22:49,590 --> 00:22:47,920

can get from the Italians and going back

486

00:22:52,110 --> 00:22:49,600

to earlier this year

487

00:22:54,210 --> 00:22:52,120

Alex Giannetti the South American

488

00:22:56,760 --> 00:22:54,220

researcher was on our show and he had

489

00:22:58,590 --> 00:22:56,770

discussed that basically yeah Elizondo

490

00:23:01,170 --> 00:22:58,600

and DeLong tried to hook up the same

491

00:23:04,230 --> 00:23:01,180

deal with other countries in Europe by

492

00:23:05,700 --> 00:23:04,240

like England and France and they weren't

493

00:23:07,260 --> 00:23:05,710

able to get that done but they were able

494

00:23:09,390 --> 00:23:07,270

to get it done with the Italians it

495

00:23:10,500 --> 00:23:09,400

seems like the Italians took their offer

496

00:23:11,430 --> 00:23:10,510

I thought that was pretty interesting

497

00:23:13,620 --> 00:23:11,440

and it seemed like

498

00:23:14,880 --> 00:23:13,630

that whole thing was sort of played out

499

00:23:17,160 --> 00:23:14,890

before the cameras that whole

500

00:23:19,740 --> 00:23:17,170

negotiation process and I thought that

501
00:23:21,800 --> 00:23:19,750
was pretty interesting and a thumbs-up

502
00:23:23,700 --> 00:23:21,810
to Alex for giving us that information

503
00:23:25,530 --> 00:23:23,710
several months ago I thought that was

504
00:23:31,050 --> 00:23:25,540
really interesting anybody else have any

505
00:23:33,000 --> 00:23:31,060
thoughts on that that's really telling

506
00:23:35,100 --> 00:23:33,010
scene elizondo's reaction to hearing

507
00:23:38,090 --> 00:23:35,110
that too because he actually genuinely

508
00:23:42,390 --> 00:23:38,100
looked floored when he heard that yeah

509
00:23:44,880 --> 00:23:42,400
what are the exact two chance quest

510
00:23:48,090 --> 00:23:44,890
question I have to say that I agree

511
00:23:50,910 --> 00:23:48,100
about the threat thing I mean going back

512
00:23:54,060 --> 00:23:50,920
to the beginning would to the stars it

513
00:23:57,060 --> 00:23:54,070

was pretty much framed as the a tip was

514

00:23:58,800 --> 00:23:57,070

which was a DoD program and I think that

515

00:24:00,720 --> 00:23:58,810

throughout this series and each episode

516

00:24:03,840 --> 00:24:00,730

in some way or another they they were

517

00:24:07,260 --> 00:24:03,850

always reinforcing that you know this is

518

00:24:09,780 --> 00:24:07,270

this is possibly a threat and that you

519

00:24:12,630 --> 00:24:09,790

know Congress should look at it as far

520

00:24:13,650 --> 00:24:12,640

as perhaps a DoD mission that needs to

521

00:24:16,650 --> 00:24:13,660

look at this as a threat to national

522

00:24:18,750 --> 00:24:16,660

security now whether that means they

523

00:24:20,400 --> 00:24:18,760

want funding for Bigelow or something

524

00:24:23,700 --> 00:24:20,410

like that I don't know but I hope that

525

00:24:26,190 --> 00:24:23,710

not only that that they also try to get

526

00:24:27,900 --> 00:24:26,200

answers as to what these objects are and

527

00:24:29,400 --> 00:24:27,910

that might be more scientific study

528

00:24:39,980 --> 00:24:29,410

versus you know a Defense Department

529

00:24:46,880 --> 00:24:39,990

study and so I think in like go ahead

530

00:24:49,680 --> 00:24:46,890

yep Keith this is Keith sorry sorry

531

00:24:51,240 --> 00:24:49,690

there's a little bit of a delay what's

532

00:24:53,760 --> 00:24:51,250

interesting is that there is a history

533

00:24:55,470 --> 00:24:53,770

that does date back of a number of

534

00:24:56,760 --> 00:24:55,480

encounters that did have military

535

00:24:58,050 --> 00:24:56,770

presence that's what I thought was

536

00:24:59,850 --> 00:24:58,060

really interesting that this echoed back

537

00:25:02,520 --> 00:24:59,860

to you saw that we did have military

538

00:25:04,560 --> 00:25:02,530

encounters back in Iran in 76

539

00:25:06,090 --> 00:25:04,570

there was other incidents that happen in

540

00:25:08,370 --> 00:25:06,100

Peru back in the 80s and the whole

541

00:25:12,360 --> 00:25:08,380

Belgium wave incident that you had where

542

00:25:14,310 --> 00:25:12,370

you had f-16s engaging craft and this is

543

00:25:15,570 --> 00:25:14,320

very similar to all of those that's what

544

00:25:17,610 --> 00:25:15,580

we were investigating what we were

545

00:25:18,660 --> 00:25:17,620

looking at Phoenix and I met with pilots

546

00:25:20,520 --> 00:25:18,670

they were having very similar

547

00:25:23,400 --> 00:25:20,530

experiences where they're actively

548

00:25:24,870 --> 00:25:23,410

engaging the the craft so when you hear

549

00:25:26,640 --> 00:25:24,880

the same type of story

550

00:25:28,350 --> 00:25:26,650

being echoed but now coming out in

551
00:25:30,570 --> 00:25:28,360
mainstream media and then the Pentagon

552
00:25:32,160 --> 00:25:30,580
releasing the footage that sort of gives

553
00:25:33,870 --> 00:25:32,170
a little bit of credibility that we have

554
00:25:35,940 --> 00:25:33,880
engaged before and that there is a

555
00:25:38,430 --> 00:25:35,950
potential threat if you have something

556
00:25:39,990 --> 00:25:38,440
that's violating your airspace you know

557
00:25:41,370 --> 00:25:40,000
we're obviously so defensive of our

558
00:25:44,550 --> 00:25:41,380
borders but when you have something

559
00:25:48,030 --> 00:25:44,560
that's coming in over the air that's

560
00:25:49,410 --> 00:25:48,040
that's a real challenge because you know

561
00:25:52,650 --> 00:25:49,420
these are technologies that we didn't

562
00:25:54,780 --> 00:25:52,660
think are even possible and if there's

563
00:25:56,460 --> 00:25:54,790

an enemy force it isn't to be alien it

564

00:25:59,750 --> 00:25:56,470

can be just another country but that's a

565

00:26:01,890 --> 00:25:59,760

huge threat to the country can I ask

566

00:26:03,420 --> 00:26:01,900

there are two things that were a

567

00:26:06,060 --> 00:26:03,430

question for me that no one's talked

568

00:26:09,090 --> 00:26:06,070

about yet or I haven't heard us say

569

00:26:11,970 --> 00:26:09,100

which is is this the first time in UFOs

570

00:26:14,100 --> 00:26:11,980

over strict you know just drugged out on

571

00:26:15,450 --> 00:26:14,110

a plane shot a plane because I know that

572

00:26:17,640 --> 00:26:15,460

they're that they've been known to do

573

00:26:18,870 --> 00:26:17,650

that with the missiles with the test

574

00:26:21,030 --> 00:26:18,880

missiles that were set up and they would

575

00:26:23,630 --> 00:26:21,040

hit the cone the cap with like a laser

576

00:26:27,510 --> 00:26:23,640

but this is the first time that a

577

00:26:31,590 --> 00:26:27,520

vehicle has ever been you know hit

578

00:26:33,240 --> 00:26:31,600

struck by an alien ship and then also

579

00:26:35,760 --> 00:26:33,250

I'm really curious about I don't want to

580

00:26:36,750 --> 00:26:35,770

skip over Episode one where there was

581

00:26:39,390 --> 00:26:36,760

something in the water

582

00:26:41,850 --> 00:26:39,400

this submergible craft that was bigger

583

00:26:44,250 --> 00:26:41,860

than the tic-tac and that they had with

584

00:26:46,290 --> 00:26:44,260

them a a submarine with a fleet that was

585

00:26:48,120 --> 00:26:46,300

out doing these tests why didn't they

586

00:26:50,640 --> 00:26:48,130

send the similar submarine out to man to

587

00:26:52,680 --> 00:26:50,650

coordinates and everything to Venice but

588

00:26:57,120 --> 00:26:52,690

anyway yeah Dave you might know a little

589

00:27:00,300 --> 00:26:57,130

bit more about this well you know in the

590

00:27:04,050 --> 00:27:00,310

executive summary report the captain of

591

00:27:05,970 --> 00:27:04,060

the the sub the USS Louisville now he

592

00:27:08,610 --> 00:27:05,980

doesn't go into specifics of that

593

00:27:10,800 --> 00:27:08,620

coordinate but he said that that entire

594

00:27:13,260 --> 00:27:10,810

workup they didn't have any unknown

595

00:27:14,820 --> 00:27:13,270

sonar contacts that whole week which is

596

00:27:16,530 --> 00:27:14,830

sort of an interesting thing considering

597

00:27:19,800 --> 00:27:16,540

it seemed like there were things in the

598

00:27:21,240 --> 00:27:19,810

water like you said yeah at one point

599

00:27:24,300 --> 00:27:21,250

they said that it was traveling twice

600

00:27:27,930 --> 00:27:24,310

the speed that we're able to go seven

601
00:27:29,910 --> 00:27:27,940
knots or seven whatever twice as fast as

602
00:27:32,160 --> 00:27:29,920
the fastest submergible you know some

603
00:27:33,750 --> 00:27:32,170
that we have so yeah here here's some

604
00:27:33,960 --> 00:27:33,760
information though here's some breaking

605
00:27:36,810 --> 00:27:33,970
news

606
00:27:38,320 --> 00:27:36,820
so I'm Gary who is in unidentified he's

607
00:27:40,509 --> 00:27:38,330
you know one of my witnesses

608
00:27:43,539 --> 00:27:40,519
and within the last couple weeks he's

609
00:27:44,110 --> 00:27:43,549
sort of retracted that story you know I

610
00:27:45,850 --> 00:27:44,120
was watching

611
00:27:47,320 --> 00:27:45,860
unidentified today some of the episodes

612
00:27:49,960 --> 00:27:47,330
I'm like wow they're gonna have to

613
00:27:51,610 --> 00:27:49,970

change that because Gary is now saying

614

00:27:54,789 --> 00:27:51,620

that the guy that told him that the

615

00:27:56,980 --> 00:27:54,799

sonar attack basically was you know

616

00:27:58,779 --> 00:27:56,990

lying to him or made it up or something

617

00:28:00,669 --> 00:27:58,789

like that I mean I'm not exactly sure

618

00:28:03,100 --> 00:28:00,679

why somebody would tell another sailor

619

00:28:05,980 --> 00:28:03,110

but the reason why he's saying that is

620

00:28:07,630 --> 00:28:05,990

because two or three senior sonar men

621

00:28:10,000 --> 00:28:07,640

have come forward after seeing the show

622

00:28:12,850 --> 00:28:10,010

and kind of got in contact with Gary and

623

00:28:14,169 --> 00:28:12,860

Kevin and these guys are like no and

624

00:28:16,029 --> 00:28:14,179

they kind of even gave the technical

625

00:28:18,820 --> 00:28:16,039

reason of why the Princeton couldn't

626

00:28:20,919 --> 00:28:18,830

have really had any underwater contacts

627

00:28:23,649 --> 00:28:20,929

and they didn't talk to any other ships

628

00:28:25,000 --> 00:28:23,659

so if yeah if you talk to Gary Voorhees

629

00:28:27,519 --> 00:28:25,010

today you'll find out that he's

630

00:28:29,799 --> 00:28:27,529

retracted that I wanted to let everybody

631

00:28:32,139 --> 00:28:29,809

know who Gary Voorhees is that Dave

632

00:28:34,120 --> 00:28:32,149

Beatty just mentioned and that is a

633

00:28:36,430 --> 00:28:34,130

little bit about him during his time on

634

00:28:38,470 --> 00:28:36,440

the USS Princeton he was tasked with the

635

00:28:40,539 --> 00:28:38,480

security and inventory of top secret and

636

00:28:42,879 --> 00:28:40,549

classified materials including being

637

00:28:45,580 --> 00:28:42,889

trained to operate the loss military

638

00:28:48,549 --> 00:28:45,590

recon UAV for the Pacific Fleet during

639

00:28:51,159 --> 00:28:48,559

Operation Enduring Freedom on 14th of

640

00:28:54,039 --> 00:28:51,169

November 2004 he was an eyewitness of

641

00:28:55,750 --> 00:28:54,049

the USS Nimitz tik-tok event which Dave

642

00:28:57,700 --> 00:28:55,760

Beattie went ahead and covered so

643

00:29:02,740 --> 00:28:57,710

beautifully in his Nimitz Encounters a

644

00:29:05,409 --> 00:29:02,750

film of shaineh would let me jump in

645

00:29:07,210 --> 00:29:05,419

here and ask well just throw this up for

646

00:29:09,159 --> 00:29:07,220

everybody really because anybody can

647

00:29:11,110 --> 00:29:09,169

comment on this but Davy

648

00:29:14,230 --> 00:29:11,120

you helped us put together a good show

649

00:29:17,440 --> 00:29:14,240

with Gary Voorhees Kevin day PJ Hughes

650

00:29:20,830 --> 00:29:17,450

and Jason Turner last week and what

651
00:29:22,960 --> 00:29:20,840
really struck me was the overwhelming

652
00:29:24,970 --> 00:29:22,970
positive response they've gotten since

653
00:29:27,430 --> 00:29:24,980
they come forward it seems like things

654
00:29:29,830 --> 00:29:27,440
have really changed a lot in terms of

655
00:29:32,169 --> 00:29:29,840
the reaction that the witnesses

656
00:29:34,360 --> 00:29:32,179
especially these guys have gotten us

657
00:29:35,950 --> 00:29:34,370
since they've come forward and I really

658
00:29:39,700 --> 00:29:35,960
like to discuss that that seems like a

659
00:29:41,710 --> 00:29:39,710
real important shift in opinions and

660
00:29:44,159 --> 00:29:41,720
they're saying it's all good and I was

661
00:29:47,649 --> 00:29:44,169
very pleased and impressed to hear that

662
00:29:50,230 --> 00:29:47,659
yeah I mean I can I talk to them on most

663
00:29:52,120 --> 00:29:50,240

of daily basis and all the Marilla had

664

00:29:55,360 --> 00:29:52,130

been very positive about the whole

665

00:29:57,700 --> 00:29:55,370

experience I know I know coming out by

666

00:29:59,110 --> 00:29:57,710

themselves if it was just one person it

667

00:30:01,000 --> 00:29:59,120

probably is pretty difficult you know

668

00:30:03,520 --> 00:30:01,010

but because they came out sort of

669

00:30:07,180 --> 00:30:03,530

together as a group mutually supporting

670

00:30:08,920 --> 00:30:07,190

each other you know I think that just

671

00:30:12,550 --> 00:30:08,930

being able to openly talk about what

672

00:30:15,130 --> 00:30:12,560

they saw all these years later has been

673

00:30:17,080 --> 00:30:15,140

vindicating and sort of like a relief so

674

00:30:19,780 --> 00:30:17,090

yeah I think I would say that's been a

675

00:30:22,510 --> 00:30:19,790

very positive for him and one last

676
00:30:24,820 --> 00:30:22,520
question for you Dave you had to be as

677
00:30:27,040 --> 00:30:24,830
surprised as everybody else when they

678
00:30:28,420 --> 00:30:27,050
actually did feature the lady pilot even

679
00:30:31,420 --> 00:30:28,430
though she was in shadows and his

680
00:30:32,920 --> 00:30:31,430
remaining anonymous that that had to be

681
00:30:37,270 --> 00:30:32,930
a bit of a surprise for you but now she

682
00:30:38,680 --> 00:30:37,280
turned up on the show yeah you know you

683
00:30:40,330 --> 00:30:38,690
know the whole time that we were

684
00:30:41,980 --> 00:30:40,340
researching this from the very beginning

685
00:30:45,040 --> 00:30:41,990
I kind of figured out that there was

686
00:30:48,280 --> 00:30:45,050
this female pilot but no you know back

687
00:30:50,260 --> 00:30:48,290
back in 2018 in the in in the winner

688
00:30:52,570 --> 00:30:50,270

there no one believed that there was a

689

00:30:56,110 --> 00:30:52,580

female pilot and now to see her on the

690

00:30:58,630 --> 00:30:56,120

show and actually coming forward I think

691

00:31:00,670 --> 00:30:58,640

it's wonderful I mean they're all heroes

692

00:31:04,360 --> 00:31:00,680

really these naval aviators are

693

00:31:07,210 --> 00:31:04,370

America's Heroes and so on and to

694

00:31:08,740 --> 00:31:07,220

obviously step forward to talk about

695

00:31:11,380 --> 00:31:08,750

something like this it does have stigma

696

00:31:13,150 --> 00:31:11,390

attached I know and you know I get it

697

00:31:15,460 --> 00:31:13,160

that she's in the shadows and everything

698

00:31:16,900 --> 00:31:15,470

but it was really good to see her so on

699

00:31:18,370 --> 00:31:16,910

Dave I had a question for you can you

700

00:31:20,230 --> 00:31:18,380

envision a full congressional hearing

701
00:31:23,890 --> 00:31:20,240
specifically for military pilots who

702
00:31:27,550 --> 00:31:23,900
have had UAP encounters or anything I

703
00:31:29,200 --> 00:31:27,560
want to chime in on that I hope so yeah

704
00:31:30,310 --> 00:31:29,210
I mean it seems like it seems like

705
00:31:31,720 --> 00:31:30,320
they're very interested because if

706
00:31:32,020 --> 00:31:31,730
you're watching this series as it goes

707
00:31:34,150 --> 00:31:32,030
along

708
00:31:36,400 --> 00:31:34,160
Chris Malan is like working the hill

709
00:31:38,050 --> 00:31:36,410
he's always seems to be having meetings

710
00:31:41,050 --> 00:31:38,060
with people and then they say okay the

711
00:31:42,340 --> 00:31:41,060
these pilots have come forward from the

712
00:31:44,020 --> 00:31:42,350
Nimitz Encounters have already had

713
00:31:45,460 --> 00:31:44,030

briefings with Congress earlier in the

714

00:31:47,890 --> 00:31:45,470

year and now they want to talk to the

715

00:31:51,370 --> 00:31:47,900

people from the Roosevelt I know that

716

00:31:53,920 --> 00:31:51,380

there was a congressional or a Senate a

717

00:31:57,070 --> 00:31:53,930

senator's aide contacted Kevin Day last

718

00:31:58,330 --> 00:31:57,080

year he shared an email with us that the

719

00:32:01,240 --> 00:31:58,340

guy told him he shouldn't have done

720

00:32:04,180 --> 00:32:01,250

later just kind of you know that's Kevin

721

00:32:05,690 --> 00:32:04,190

but I think that there is an interest

722

00:32:08,950 --> 00:32:05,700

probably

723

00:32:10,970 --> 00:32:08,960

by T TSA and this whole thing so yeah

724

00:32:13,340 --> 00:32:10,980

one of the things that we noticed when

725

00:32:16,070 --> 00:32:13,350

we were interviewing pilots for our film

726

00:32:19,220 --> 00:32:16,080

was that there's this huge fear of

727

00:32:21,379 --> 00:32:19,230

retaliation when they do make a report

728

00:32:23,269 --> 00:32:21,389

they're subjected to submit a

729

00:32:26,870 --> 00:32:23,279

psychological evaluation after their

730

00:32:30,019 --> 00:32:26,880

report and so they're questioned again

731

00:32:31,159 --> 00:32:30,029

if they want to file a report given the

732

00:32:32,840 --> 00:32:31,169

fact that they're going to get be given

733

00:32:34,220 --> 00:32:32,850

this psychological evaluation and and

734

00:32:35,899 --> 00:32:34,230

what we found is the majority of them

735

00:32:36,860 --> 00:32:35,909

don't want to file mainly because they

736

00:32:39,169 --> 00:32:36,870

don't want to have that report on the

737

00:32:43,190 --> 00:32:39,179

record that sounds like that was a Dean

738

00:32:45,889 --> 00:32:43,200

Alioto talking right Oh Keith I'm sorry

739

00:32:48,200 --> 00:32:45,899

so sorry about that I'm sorry to

740

00:32:49,789 --> 00:32:48,210

interject but I wanted a Shane what his

741

00:32:52,490 --> 00:32:49,799

prior point might have been even if it

742

00:32:56,090 --> 00:32:52,500

was like you know a long time ago what

743

00:32:58,629 --> 00:32:56,100

was Shane going to say Shane heard a

744

00:33:01,460 --> 00:32:58,639

field investigator for Phoenix MUFON

745

00:33:03,980 --> 00:33:01,470

thanks chant it was regarding the the

746

00:33:09,590 --> 00:33:03,990

show unidentified in a question that

747

00:33:11,899 --> 00:33:09,600

you'd posted about UFOs as a threat you

748

00:33:13,430 --> 00:33:11,909

know we know a large segment of the UFO

749

00:33:16,450 --> 00:33:13,440

population they don't really like that

750

00:33:26,440 --> 00:33:16,460

concept UFOs really have not identified

751
00:33:28,820 --> 00:33:26,450
them so this is a lot general however I

752
00:33:32,330 --> 00:33:28,830
Chris melon had mentioned in the show

753
00:33:37,580 --> 00:33:32,340
the very goal that they're trying to

754
00:33:40,789 --> 00:33:37,590
achieve is to really get our politicians

755
00:33:42,769 --> 00:33:40,799
on board with researching UFOs and

756
00:33:46,669 --> 00:33:42,779
ultimately I'm sure it's it's getting

757
00:33:50,029 --> 00:33:46,679
dollars but the point is is that he made

758
00:33:52,299 --> 00:33:50,039
is that the television program the

759
00:33:56,480 --> 00:33:52,309
individuals on it these aren't

760
00:34:00,529 --> 00:33:56,490
intelligence officials they have NDA's

761
00:34:04,220 --> 00:34:00,539
and their security clearances they are

762
00:34:06,710 --> 00:34:04,230
within a system political system to move

763
00:34:08,690 --> 00:34:06,720

this idea forward so they're walking

764

00:34:11,119 --> 00:34:08,700

this fine line and doing this dance

765

00:34:13,369 --> 00:34:11,129

about you know saying what it is and

766

00:34:15,409 --> 00:34:13,379

what it means but doing so on a

767

00:34:18,200 --> 00:34:15,419

framework using the words and the

768

00:34:19,520 --> 00:34:18,210

concepts that are acceptable to the

769

00:34:22,070 --> 00:34:19,530

political community

770

00:34:24,140 --> 00:34:22,080

you know I'm saying so even if they

771

00:34:26,120 --> 00:34:24,150

don't really feel they're a threat you

772

00:34:28,940 --> 00:34:26,130

have to say that they're a threat to

773

00:34:31,430 --> 00:34:28,950

move this thing politically forward so

774

00:34:33,530 --> 00:34:31,440

you know whether it's an actual or

775

00:34:35,419 --> 00:34:33,540

perceived threat doesn't matter the

776

00:34:38,300 --> 00:34:35,429

point is is that they're trying to get

777

00:34:38,840 --> 00:34:38,310

Congress to act and to get Congress to

778

00:34:42,169 --> 00:34:38,850

act

779

00:34:44,390 --> 00:34:42,179

you have to frame it this way I think

780

00:34:46,850 --> 00:34:44,400

it's also fair to say that any advanced

781

00:34:48,440 --> 00:34:46,860

technology of unknown origin is a

782

00:34:57,680 --> 00:34:48,450

potential threat that's what the

783

00:34:59,600 --> 00:34:57,690

military views it as a good friend a

784

00:35:01,520 --> 00:34:59,610

rich Hoffmann I had gotten that some

785

00:35:04,400 --> 00:35:01,530

word I believe it was from earlier in

786

00:35:08,480 --> 00:35:04,410

the week from a Louie Elizondo regarding

787

00:35:12,520 --> 00:35:08,490

the video me go ahead that are being

788

00:35:15,020 --> 00:35:12,530

shown on the that we're seeing now that

789

00:35:17,660 --> 00:35:15,030

actually Congress has already gotten to

790

00:35:20,840 --> 00:35:17,670

take a look at some far more significant

791

00:35:24,370 --> 00:35:20,850

and compelling video as part of their

792

00:35:26,720 --> 00:35:24,380

hearings do we have any thoughts on that

793

00:35:28,880 --> 00:35:26,730

yeah he said that we just got a taste

794

00:35:30,620 --> 00:35:28,890

and the congressman got to chew and

795

00:35:32,780 --> 00:35:30,630

swallow the whole thing if he said

796

00:35:34,340 --> 00:35:32,790

something like that pretty interesting

797

00:35:36,590 --> 00:35:34,350

that so obviously there's other videos

798

00:35:40,250 --> 00:35:36,600

that are out there right I hope we get

799

00:35:42,140 --> 00:35:40,260

to see those that was a one-er

800

00:35:44,120 --> 00:35:42,150

disappointment I was hoping that we were

801
00:35:47,330 --> 00:35:44,130
going to get a little you know maybe a

802
00:35:50,360 --> 00:35:47,340
fourth video and we did get the

803
00:35:51,980 --> 00:35:50,370
photographs Italy and and that was you

804
00:35:55,070 --> 00:35:51,990
know definitely enticing and

805
00:35:58,940 --> 00:35:55,080
thought-provoking but but we didn't get

806
00:36:00,710 --> 00:35:58,950
a fourth video from the provenance of

807
00:36:02,600 --> 00:36:00,720
the people coming forward though you

808
00:36:06,620 --> 00:36:02,610
know it's bipartisan we've got Harry

809
00:36:08,990 --> 00:36:06,630
Reid was involved we've got this

810
00:36:10,970 --> 00:36:09,000
involved yeah you know I mean in the

811
00:36:12,740 --> 00:36:10,980
Department of Defense they're doing

812
00:36:14,690 --> 00:36:12,750
their job I mean they're supposed to

813
00:36:16,160 --> 00:36:14,700

assess threats and and this is what

814

00:36:19,130 --> 00:36:16,170

they're supposed to do there they're not

815

00:36:21,290 --> 00:36:19,140

UFO buffs you know they're there they're

816

00:36:26,390 --> 00:36:21,300

there to assess a threat and so that's

817

00:36:30,200 --> 00:36:26,400

them doing their job an alien con they

818

00:36:32,660 --> 00:36:30,210

had a panel unidentified and I'm trying

819

00:36:33,290 --> 00:36:32,670

to think of who it was that was was on

820

00:36:35,030 --> 00:36:33,300

there I want to see

821

00:36:38,240 --> 00:36:35,040

Chris melon but I'm not sure that it was

822

00:36:39,950 --> 00:36:38,250

him but they were saying that wow this

823

00:36:41,840 --> 00:36:39,960

is you know the way that they are

824

00:36:43,910 --> 00:36:41,850

bringing this forward because they have

825

00:36:46,310 --> 00:36:43,920

to call it a threat that's you know

826
00:36:47,780 --> 00:36:46,320
Department of Defense that the people

827
00:36:50,870 --> 00:36:47,790
that are involved over to the Stars

828
00:36:53,510 --> 00:36:50,880
Academy don't see this as as all just

829
00:36:57,110 --> 00:36:53,520
being a threat this is just the position

830
00:36:58,640 --> 00:36:57,120
that they have to take being from the

831
00:37:01,970 --> 00:36:58,650
military and the Department of Defense

832
00:37:04,160 --> 00:37:01,980
they have to assess this in that way but

833
00:37:05,510 --> 00:37:04,170
he was saying that that you know with it

834
00:37:07,250 --> 00:37:05,520
that there's somewhere in the middle

835
00:37:10,280 --> 00:37:07,260
that they're not saying malevolent or

836
00:37:12,860 --> 00:37:10,290
benevolent you know and I think that's

837
00:37:15,770 --> 00:37:12,870
really a good stance to take because we

838
00:37:17,960 --> 00:37:15,780

don't know I mean it's unidentified you

839

00:37:21,950 --> 00:37:17,970

know we we don't know what their agenda

840

00:37:24,470 --> 00:37:21,960

is as Jeff was saying earlier it's a

841

00:37:27,620 --> 00:37:24,480

good thing that you know to know that

842

00:37:29,740 --> 00:37:27,630

that when they hit the helicopter they

843

00:37:32,390 --> 00:37:29,750

didn't hit the leading edge of the

844

00:37:34,700 --> 00:37:32,400

helicopter rotor blade you know it was

845

00:37:38,390 --> 00:37:34,710

it seemed like it was to stall the

846

00:37:40,550 --> 00:37:38,400

helicopter not to kill see I gotta take

847

00:37:43,790 --> 00:37:40,560

exception with that only in the sense

848

00:37:45,830 --> 00:37:43,800

that how will they know that the pilot

849

00:37:48,290 --> 00:37:45,840

would be of a certain level of skill

850

00:37:51,470 --> 00:37:48,300

that he could negotiate that helicopter

851
00:37:54,950 --> 00:37:51,480
down with with a kind of little you know

852
00:37:57,170 --> 00:37:54,960
shot to the propeller something it feels

853
00:37:59,450 --> 00:37:57,180
like something else must have happened I

854
00:38:01,400 --> 00:37:59,460
again this is historical correct me if

855
00:38:04,700 --> 00:38:01,410
I'm wrong but we've never been attacked

856
00:38:06,290 --> 00:38:04,710
by one of these vehicles so that needs

857
00:38:08,510 --> 00:38:06,300
to be marked in history this is the

858
00:38:10,910 --> 00:38:08,520
first time and second why are they doing

859
00:38:12,320 --> 00:38:10,920
I mean that's a whole thing on pact why

860
00:38:13,970 --> 00:38:12,330
were there fires there whiting my dad

861
00:38:17,120 --> 00:38:13,980
the helicopter flying over there there

862
00:38:20,390 --> 00:38:17,130
was nothing to reveal a whole other

863
00:38:22,940 --> 00:38:20,400

story that makes no sense to me yeah

864

00:38:25,790 --> 00:38:22,950

going back a ways there have been pilots

865

00:38:28,730 --> 00:38:25,800

lost that chasing UFOs the mattel case

866

00:38:31,460 --> 00:38:28,740

is pretty famous and also there's a the

867

00:38:35,180 --> 00:38:31,470

Kinross came so with that they were

868

00:38:37,270 --> 00:38:35,190

chasing after them right right so right

869

00:38:41,030 --> 00:38:37,280

know exactly exactly

870

00:38:44,030 --> 00:38:41,040

okay I wanted to bring up a data point

871

00:38:46,850 --> 00:38:44,040

that rich Hoffman who's on the board of

872

00:38:49,670 --> 00:38:46,860

the Scientific Coalition for you AP's

873

00:38:51,380 --> 00:38:49,680

brought up to my attention he said Lu

874

00:38:52,730 --> 00:38:51,390

elizondo's work represents the first

875

00:38:54,860 --> 00:38:52,740

time a member of the US intelligence

876

00:38:56,870 --> 00:38:54,870

community has come forward to speak

877

00:38:59,060 --> 00:38:56,880

coherently and scientifically about the

878

00:39:00,650 --> 00:38:59,070

phenomena this will hopefully prompt

879

00:39:03,560 --> 00:39:00,660

other members of the intelligence

880

00:39:05,450 --> 00:39:03,570

community to include former directors of

881

00:39:06,680 --> 00:39:05,460

national intelligence and former

882

00:39:09,800 --> 00:39:06,690

directors of the Defense Intelligence

883

00:39:10,730 --> 00:39:09,810

Agency to lobby u.s. Congress should

884

00:39:14,330 --> 00:39:10,740

take up our piece

885

00:39:16,490 --> 00:39:14,340

bipartisan bipartisan stand in lifting

886

00:39:18,710 --> 00:39:16,500

the veil of secrecy on this subject and

887

00:39:20,600 --> 00:39:18,720

allow an open public private study of

888

00:39:25,100 --> 00:39:20,610

this issue I just wanted to get that in

889

00:39:27,110 --> 00:39:25,110

on a rich Hoffman's part and another

890

00:39:29,420 --> 00:39:27,120

point I'd like to bring up is during the

891

00:39:31,430 --> 00:39:29,430

unidentified show for the first time we

892

00:39:35,120 --> 00:39:31,440

had an active-duty pilot I believe Danny

893

00:39:37,550 --> 00:39:35,130

a coin from the recent 2015 East Coast

894

00:39:39,440 --> 00:39:37,560

case is still an active-duty pilot and

895

00:39:41,390 --> 00:39:39,450

according to what I've got Ryan graves

896

00:39:43,460 --> 00:39:41,400

is a former pilot so I'm assuming he's

897

00:39:46,100 --> 00:39:43,470

out but this is the first time we've

898

00:39:49,070 --> 00:39:46,110

seen an active-duty pilot coming forward

899

00:39:51,650 --> 00:39:49,080

and in recent years and talking about a

900

00:39:54,400 --> 00:39:51,660

UFO case so I thought that was another

901
00:39:57,140 --> 00:39:54,410
step in the right direction a big deal

902
00:39:58,700 --> 00:39:57,150
yeah that was one of my favorite parts

903
00:40:00,560 --> 00:39:58,710
of the show obviously having these guys

904
00:40:03,890 --> 00:40:00,570
get the the Roosevelt pilots on the air

905
00:40:06,860 --> 00:40:03,900
was amazing I mean no one else has been

906
00:40:10,100 --> 00:40:06,870
I mean I know that Rich's group the SCU

907
00:40:12,830 --> 00:40:10,110
tried to reach out in contact some of

908
00:40:15,320 --> 00:40:12,840
the Roosevelt aviators and some of their

909
00:40:16,700 --> 00:40:15,330
commanders and I don't think any of them

910
00:40:27,650 --> 00:40:16,710
would go on the record because of their

911
00:40:29,150 --> 00:40:27,660
status so did you say I want to say

912
00:40:31,570 --> 00:40:29,160
something about the helicopter tooks is

913
00:40:34,220 --> 00:40:31,580

you know he'd been listening to you guys

914

00:40:38,690 --> 00:40:34,230

one of my friends Jill Murcia has a blog

915

00:40:40,580 --> 00:40:38,700

and he posted last week I think it was

916

00:40:43,070 --> 00:40:40,590

grant Cameron who was on fade to black

917

00:40:47,180 --> 00:40:43,080

and he went on and said he knows he's

918

00:40:49,460 --> 00:40:47,190

Italian researchers Paolo Paolo Harris I

919

00:40:53,720 --> 00:40:49,470

think one of them that said you know the

920

00:40:55,580 --> 00:40:53,730

that they twisted that case that the the

921

00:40:58,820 --> 00:40:55,590

helicopter supposedly according to them

922

00:41:00,559 --> 00:40:58,830

wasn't actually shot down by anything it

923

00:41:03,259 --> 00:41:00,569

didn't like shoot a beam or something

924

00:41:10,880 --> 00:41:03,269

but it was forced on by some type of

925

00:41:13,009 --> 00:41:10,890

electromagnetic problem so yeah all

926
00:41:14,599 --> 00:41:13,019
right interesting but that's grant

927
00:41:19,549 --> 00:41:14,609
Cameron so if anyone's interested you

928
00:41:22,699 --> 00:41:19,559
can look at that on that blog guy um I

929
00:41:24,319 --> 00:41:22,709
wanted to drink up Richard Doty was he

930
00:41:26,359 --> 00:41:24,329
brought up a little bit Frank during

931
00:41:28,400 --> 00:41:26,369
this uh yeah during episode five I've

932
00:41:30,109 --> 00:41:28,410
got that on my notes here and I thought

933
00:41:31,999 --> 00:41:30,119
that was pretty interesting he seems to

934
00:41:34,249 --> 00:41:32,009
be working his way back into the news

935
00:41:36,949 --> 00:41:34,259
again and they took a little bit of a

936
00:41:39,169 --> 00:41:36,959
segment and basically dedicated to that

937
00:41:41,839 --> 00:41:39,179
to kind of knocking Dodie a little bit

938
00:41:45,559 --> 00:41:41,849

and Elizondo stating that he is not

939

00:41:47,509 --> 00:41:45,569

Richard Dodie Dodie is a guy who likely

940

00:41:49,309 --> 00:41:47,519

has I've been involved in leaked

941

00:41:51,829 --> 00:41:49,319

documents that type of thing to the UFO

942

00:41:55,609 --> 00:41:51,839

community over a period of years decades

943

00:41:57,140 --> 00:41:55,619

now actually and he was in that for a

944

00:41:58,669 --> 00:41:57,150

little bit of a drubbing there from that

945

00:42:00,650 --> 00:41:58,679

Lizardo when I was wondering if anybody

946

00:42:02,120 --> 00:42:00,660

on the panel I had any thoughts about

947

00:42:08,899 --> 00:42:02,130

that sure that came as a bit of a

948

00:42:11,870 --> 00:42:08,909

surprise to me yeah I wasn't this to see

949

00:42:14,919 --> 00:42:11,880

Dodie kidding once attention even if

950

00:42:18,049 --> 00:42:14,929

it's negative I mean we saw his

951
00:42:20,269 --> 00:42:18,059
presentation at the UFO Megacon and he

952
00:42:22,789 --> 00:42:20,279
basically spoke for an entire hour why

953
00:42:25,099 --> 00:42:22,799
he wasn't to be held responsible for his

954
00:42:27,259 --> 00:42:25,109
actions and the Paul bennewitz case and

955
00:42:32,289 --> 00:42:27,269
and I just found it very insulting and

956
00:42:34,759 --> 00:42:32,299
and you know this this he's up to his

957
00:42:39,529 --> 00:42:34,769
well I mean he's still doing it he just

958
00:42:41,630 --> 00:42:39,539
can't understand like ufology yeah you

959
00:42:44,239 --> 00:42:41,640
see he's still out there he sees it he's

960
00:42:46,880 --> 00:42:44,249
an admitted and proven disinformation

961
00:42:49,370 --> 00:42:46,890
misinformation guy I mean come on this

962
00:42:52,729 --> 00:42:49,380
this is this is you know an enemy of

963
00:42:54,949 --> 00:42:52,739

ufology not not anybody to be you know

964

00:42:58,159 --> 00:42:54,959

paraded out at conferences and talk and

965

00:43:01,159 --> 00:42:58,169

see how great he is it's I'm offended by

966

00:43:02,689 --> 00:43:01,169

him well Dave you guys should meet him

967

00:43:04,699 --> 00:43:02,699

when you were out there and not Nevada

968

00:43:09,979 --> 00:43:04,709

so tell us a little bit about that

969

00:43:11,779 --> 00:43:09,989

experience um I didn't meet him no but I

970

00:43:13,459 --> 00:43:11,789

know he was there but you know again

971

00:43:14,480 --> 00:43:13,469

some of us that were kind of around

972

00:43:16,910 --> 00:43:14,490

during the whole band

973

00:43:20,060 --> 00:43:16,920

it's case and read that whole thing it

974

00:43:21,410 --> 00:43:20,070

just you know resonated with us and you

975

00:43:23,270 --> 00:43:21,420

know going forward we're like wait a

976

00:43:26,000 --> 00:43:23,280

second the sky you know you really

977

00:43:28,250 --> 00:43:26,010

really ruin this guy's life and you know

978

00:43:29,420 --> 00:43:28,260

there's you know some of us are like

979

00:43:31,850 --> 00:43:29,430

look I'm not going to even pay attention

980

00:43:35,120 --> 00:43:31,860

to Richard Doty so you're stud

981

00:43:36,950 --> 00:43:35,130

understood yeah what basically I know

982

00:43:38,390 --> 00:43:36,960

for a fact I've heard from a number of

983

00:43:40,760 --> 00:43:38,400

different researchers he's still out

984

00:43:43,760 --> 00:43:40,770

that dangling you know I'll tell you

985

00:43:45,890 --> 00:43:43,770

everything I know when that et is really

986

00:43:48,370 --> 00:43:45,900

from we know that they're really from

987

00:43:50,930 --> 00:43:48,380

Zeta Reticuli and so on and so forth and

988

00:43:53,750 --> 00:43:50,940

it's a it's just ridiculous and it is

989

00:43:56,150 --> 00:43:53,760

disappointing to see what I think might

990

00:43:58,070 --> 00:43:56,160

well be some of his work getting passed

991

00:43:59,720 --> 00:43:58,080

around now we're spending a lot of time

992

00:44:02,450 --> 00:43:59,730

on that some other shows that we've done

993

00:44:05,120 --> 00:44:02,460

going into all that but you know his

994

00:44:08,390 --> 00:44:05,130

name has finally come up and he is

995

00:44:09,859 --> 00:44:08,400

saying that the documents that are

996

00:44:11,000 --> 00:44:09,869

floating around out there now that are

997

00:44:13,370 --> 00:44:11,010

getting a lot of discussion or

998

00:44:15,770 --> 00:44:13,380

legitimate I have no idea how he would

999

00:44:17,840 --> 00:44:15,780

know that but you know that's about

1000

00:44:19,730 --> 00:44:17,850

where we're at with Dodi right now and I

1001
00:44:22,190 --> 00:44:19,740
was I was kind of glad surprised but

1002
00:44:23,870 --> 00:44:22,200
glad to see Elizondo because this track

1003
00:44:25,790 --> 00:44:23,880
record has been pretty solid

1004
00:44:29,030 --> 00:44:25,800
you know the witnesses he's brought the

1005
00:44:30,830 --> 00:44:29,040
details that they bring with them that

1006
00:44:32,180 --> 00:44:30,840
is that is pretty solid stuff as

1007
00:44:34,820 --> 00:44:32,190
compared to the fiction that though he's

1008
00:44:38,210 --> 00:44:34,830
been involved with over the years yep

1009
00:44:39,710 --> 00:44:38,220
Ginga doctor Irena Scott do you have any

1010
00:44:41,930 --> 00:44:39,720
more input to share with us on this

1011
00:44:43,630 --> 00:44:41,940
series I guess no he's been

1012
00:44:47,060 --> 00:44:43,640
disinformation

1013
00:44:51,170 --> 00:44:47,070

time ever since he showed up in UFOs

1014

00:44:53,930 --> 00:44:51,180

live in profile on that TV show a long

1015

00:44:57,430 --> 00:44:53,940

time ago and he presented himself as

1016

00:44:59,390 --> 00:44:57,440

real government agent and then he's been

1017

00:45:03,230 --> 00:44:59,400

presenting himself that way ever since

1018

00:45:07,849 --> 00:45:03,240

although she said this information agent

1019

00:45:08,990 --> 00:45:07,859

and what he presents it's pure

1020

00:45:11,450 --> 00:45:09,000

disinformation

1021

00:45:13,970 --> 00:45:11,460

I mean Richards OD is you don't want to

1022

00:45:16,220 --> 00:45:13,980

listen to that guy you know he ruined

1023

00:45:18,109 --> 00:45:16,230

Paul bennewitz his life I mean you could

1024

00:45:21,680 --> 00:45:18,119

you could actually say that he's

1025

00:45:24,859 --> 00:45:21,690

responsible for his death that's where

1026

00:45:26,390 --> 00:45:24,869

you know where it started from you know

1027

00:45:28,069 --> 00:45:26,400

similar stuff happened to James

1028

00:45:32,029 --> 00:45:28,079

Forrestal back in the day

1029

00:45:34,429 --> 00:45:32,039

and Lord knows we don't need disinfo

1030

00:45:38,359 --> 00:45:34,439

agents what somebody besmirches there

1031

00:45:40,699 --> 00:45:38,369

you know haha their word that way you

1032

00:45:42,859 --> 00:45:40,709

can pretty much write them off please

1033

00:45:44,749 --> 00:45:42,869

give me bad information several people

1034

00:45:52,429 --> 00:45:44,759

like Linda Moulton Howe I think you did

1035

00:45:55,130 --> 00:45:52,439

something to her yes man but you know

1036

00:46:00,229 --> 00:45:55,140

the sad thing is is that this has gone

1037

00:46:02,870 --> 00:46:00,239

on long and generations of people you

1038

00:46:04,669 --> 00:46:02,880

know coming into ufology and they don't

1039

00:46:07,579 --> 00:46:04,679

have that past experience with somebody

1040

00:46:10,489 --> 00:46:07,589

like him or there's some other cases you

1041

00:46:12,199 --> 00:46:10,499

know like the the autopsy video and

1042

00:46:14,900 --> 00:46:12,209

stuff where you know this stuff gets

1043

00:46:16,609 --> 00:46:14,910

recycled now and so yeah you know even

1044

00:46:19,449 --> 00:46:16,619

though people spend a great deal of time

1045

00:46:21,589 --> 00:46:19,459

and effort you know verifying or

1046

00:46:24,410 --> 00:46:21,599

disqualifying that kind of information

1047

00:46:26,509 --> 00:46:24,420

all that effort only to be repeated

1048

00:46:29,299 --> 00:46:26,519

another decade or two decades later and

1049

00:46:31,009 --> 00:46:29,309

it just keeps coming up and resurfacing

1050

00:46:33,650 --> 00:46:31,019

and some people think it's real and

1051

00:46:36,229 --> 00:46:33,660

others know it's total BS but you still

1052

00:46:37,640 --> 00:46:36,239

got to you know grind it out and waste

1053

00:46:39,079 --> 00:46:37,650

the time and effort on that when we have

1054

00:46:42,169 --> 00:46:39,089

these huge exciting things that are

1055

00:46:44,809 --> 00:46:42,179

happening with you know TTS say and and

1056

00:46:47,239 --> 00:46:44,819

and the the Nimitz case and the

1057

00:46:49,519 --> 00:46:47,249

Roosevelt case and all of those things

1058

00:46:55,009 --> 00:46:49,529

so it's kind of a shame but I guess it's

1059

00:46:56,779 --> 00:46:55,019

just the nature of the beat you know

1060

00:47:02,359 --> 00:46:56,789

he's trying to tag his card onto the

1061

00:47:07,789 --> 00:47:02,369

train and we don't need it he already

1062

00:47:11,089 --> 00:47:07,799

shoveled that pile to us 20 years I want

1063

00:47:13,039 --> 00:47:11,099

to ask the panel a question there's a

1064

00:47:15,499 --> 00:47:13,049

gentleman by the name of Richard Haines

1065

00:47:17,689 --> 00:47:15,509

a retired NASA research scientist and

1066

00:47:20,120 --> 00:47:17,699

former chief of the space human factors

1067

00:47:23,809 --> 00:47:20,130

office at the Ames Research Center a

1068

00:47:26,599 --> 00:47:23,819

quote from him wanted to go ahead and

1069

00:47:29,089 --> 00:47:26,609

start the quote that's my experience in

1070

00:47:30,549 --> 00:47:29,099

general you are exactly right I share

1071

00:47:32,209 --> 00:47:30,559

your view that it is extremely

1072

00:47:33,829 --> 00:47:32,219

multi-dimensional he means the

1073

00:47:37,099 --> 00:47:33,839

phenomenon we're talking about being

1074

00:47:38,900 --> 00:47:37,109

UFOs so much so that traditional science

1075

00:47:40,609 --> 00:47:38,910

is really not up to the task

1076

00:47:41,780 --> 00:47:40,619

now that's an insight that has come

1077

00:47:43,940 --> 00:47:41,790

slowly over the years

1078

00:47:45,980 --> 00:47:43,950

because i clunked to science as a method

1079

00:47:47,840 --> 00:47:45,990

a technique to tease out these fine

1080

00:47:50,240 --> 00:47:47,850

points and eventually get to the bottom

1081

00:47:52,820 --> 00:47:50,250

[h__\h] but the longer I am looking at the

1082

00:47:55,220 --> 00:47:52,830

evidence the less I am convinced that's

1083

00:47:56,960 --> 00:47:55,230

the way to go there certainly is part of

1084

00:47:59,000 --> 00:47:56,970

the phenomenon that will yield to

1085

00:48:01,580 --> 00:47:59,010

science but there's a whole other

1086

00:48:03,500 --> 00:48:01,590

psychic or psychological dimension that

1087

00:48:05,630 --> 00:48:03,510

not even psychology is going to come

1088

00:48:07,820 --> 00:48:05,640

close to I can see why a lot of my

1089

00:48:10,220 --> 00:48:07,830

colleagues are in denial about this my

1090

00:48:12,710 --> 00:48:10,230

question to the panel is do you think

1091

00:48:14,660 --> 00:48:12,720

there is a limitation regarding the

1092

00:48:17,690 --> 00:48:14,670

traditional science standards we use in

1093

00:48:21,140 --> 00:48:17,700

order to study the UAP or UFO phenomenon

1094

00:48:21,920 --> 00:48:21,150

that we're talking about Jeff Crouse

1095

00:48:28,460 --> 00:48:21,930

here

1096

00:48:30,920 --> 00:48:28,470

we don't even know really how to

1097

00:48:36,650 --> 00:48:30,930

quantify the technology we're seeing in

1098

00:48:38,960 --> 00:48:36,660

some cases or scientific tools to

1099

00:48:41,390 --> 00:48:38,970

analyze it let alone replicate it at

1100

00:48:43,550 --> 00:48:41,400

this point it just shows how much we

1101

00:48:46,190 --> 00:48:43,560

really do have to learn still but what

1102

00:48:49,610 --> 00:48:46,200

it does do is show us the areas that we

1103

00:48:52,630 --> 00:48:49,620

need to focus more questions more

1104

00:48:56,120 --> 00:48:52,640

investigation and a lot more research

1105

00:48:57,740 --> 00:48:56,130

and that in itself is very valuable now

1106

00:49:00,710 --> 00:48:57,750

what now what kind of areas that we need

1107

00:49:03,650 --> 00:49:00,720

more of the research on there Jeff well

1108

00:49:06,680 --> 00:49:03,660

and being able to catch up to the flight

1109

00:49:09,230 --> 00:49:06,690

capabilities for one thing would be of a

1110

00:49:11,840 --> 00:49:09,240

major concern both as far as national

1111

00:49:16,580 --> 00:49:11,850

security goes and technological

1112

00:49:19,370 --> 00:49:16,590

breakthroughs the energy that's used to

1113

00:49:21,560 --> 00:49:19,380

propel whatever craft they have could

1114

00:49:24,290 --> 00:49:21,570

answer many of the problems we have on

1115

00:49:27,140 --> 00:49:24,300

the planet itself be it you know helping

1116

00:49:30,500 --> 00:49:27,150

poor nations have power and clean water

1117

00:49:32,330 --> 00:49:30,510

and food or you know perhaps even our

1118

00:49:35,870 --> 00:49:32,340

travel to the Stars it could be the key

1119

00:49:37,430 --> 00:49:35,880

to that so it opens up you know quite a

1120

00:49:39,920 --> 00:49:37,440

few things that we need to pay more

1121

00:49:42,830 --> 00:49:39,930

attention to and do a lot more research

1122

00:49:45,590 --> 00:49:42,840

on and verifies that it's an actual

1123

00:49:48,590 --> 00:49:45,600

field where you know there is scientific

1124

00:49:50,780 --> 00:49:48,600

data to get now on the flip hand I got

1125

00:49:55,520 --> 00:49:50,790

to agree with dr. Scott in her

1126

00:49:59,570 --> 00:49:55,530

evaluation in UFOs today of you know how

1127

00:50:02,060 --> 00:49:59,580

do you necessarily study a phenomena

1128

00:50:06,010 --> 00:50:02,070

that's constantly changing as you study

1129

00:50:08,630 --> 00:50:06,020

it you know some of the things that do

1130

00:50:11,980 --> 00:50:08,640

changing shape while you're watching or

1131

00:50:14,450 --> 00:50:11,990

you know changing speeds and directions

1132

00:50:17,150 --> 00:50:14,460

things that we have no way of

1133

00:50:19,790 --> 00:50:17,160

replicating or measuring or splitting

1134

00:50:22,610 --> 00:50:19,800

into multiple objects or multiple

1135

00:50:25,280 --> 00:50:22,620

objects becoming one object no that's

1136

00:50:29,980 --> 00:50:25,290

totally beyond our science to replicate

1137

00:50:34,100 --> 00:50:29,990

and to be able to really evaluate and

1138

00:50:39,230 --> 00:50:34,110

like like the research of dr. Harley

1139

00:50:41,630 --> 00:50:39,240

Rutledge he spent he researched UFOs in

1140

00:50:45,980 --> 00:50:41,640

real time before they actually had

1141

00:50:49,550 --> 00:50:45,990

observation posts and watch them with

1142

00:50:52,280 --> 00:50:49,560

instruments and he reported that they

1143

00:50:56,260 --> 00:50:52,290

were very subtle and that possibly they

1144

00:50:59,810 --> 00:50:56,270

knew what the observers were thinking

1145

00:51:04,220 --> 00:50:59,820

which was a very scientific studying the

1146

00:51:09,220 --> 00:51:04,230

only one done that what he Rutledge did

1147

00:51:17,270 --> 00:51:14,690

when there was a flat Missouri it's like

1148

00:51:20,900 --> 00:51:17,280

a double slit experiment where the

1149

00:51:23,480 --> 00:51:20,910

observer disturbs the it's not I mean we

1150

00:51:26,240 --> 00:51:23,490

no matter how much we want to be

1151

00:51:28,100 --> 00:51:26,250

observers we're on slide under the

1152

00:51:31,400 --> 00:51:28,110

microscope and once you touch the

1153

00:51:32,840 --> 00:51:31,410

phenomenon it's interactive and you know

1154

00:51:35,230 --> 00:51:32,850

it's like the double slit experiment

1155

00:51:38,720 --> 00:51:35,240

whether expecting a wave or a particle

1156

00:51:41,540 --> 00:51:38,730

what you're expecting will you know it

1157

00:51:44,590 --> 00:51:41,550

will cause the result that you get so

1158

00:51:47,690 --> 00:51:44,600

we're we can't really exclude ourselves

1159

00:51:50,240 --> 00:51:47,700

and consider ourselves outside observers

1160

00:51:52,850 --> 00:51:50,250

it's an interactive phenomena whether we

1161

00:51:54,950 --> 00:51:52,860

want it to be or not so then what do we

1162

00:51:56,870 --> 00:51:54,960

do what what do we do then if science

1163

00:51:59,240 --> 00:51:56,880

seems to be limited regarding being able

1164

00:52:01,970 --> 00:51:59,250

to study and research this kind of

1165

00:52:09,339 --> 00:52:01,980

phenomenon in the full breadth of its

1166

00:52:12,400 --> 00:52:09,349

scope so controlled experimentation

1167

00:52:14,499 --> 00:52:12,410

and it doesn't have a opening for things

1168

00:52:19,660 --> 00:52:14,509

you can't control and that's one problem

1169

00:52:22,299 --> 00:52:19,670

with science okay I wanted to bring up

1170

00:52:35,170 --> 00:52:22,309

something that happened during our go

1171

00:52:38,559 --> 00:52:35,180

ahead the question to you I was just

1172

00:52:39,940 --> 00:52:38,569

gonna I mean Shan Shan pretty much

1173

00:52:42,099 --> 00:52:39,950

everything you're saying is breaking up

1174

00:52:47,229 --> 00:52:42,109

unfortunately he does stuff that can

1175

00:52:50,650 --> 00:52:47,239

week what didn't analyze when it this

1176

00:52:51,519 --> 00:52:50,660

lesson okay well I did want to bring up

1177

00:52:55,150 --> 00:52:51,529

something interesting that happened

1178

00:52:58,299 --> 00:52:55,160

during our USS Nimitz and Princeton show

1179

00:53:01,690 --> 00:52:58,309

make a panel of Frank and Dave and

1180

00:53:04,450 --> 00:53:01,700

wanted to mention how one of the guys on

1181

00:53:08,049 --> 00:53:04,460

the show said when I asked do you

1182

00:53:09,910 --> 00:53:08,059

believe that this was a UFO or one of

1183

00:53:12,219 --> 00:53:09,920

our own meaning one of our own crafts

1184

00:53:14,410 --> 00:53:12,229

and one of them actually said they felt

1185

00:53:16,539 --> 00:53:14,420

it could be one of our our own crafts

1186

00:53:17,829 --> 00:53:16,549

yeah I think Gary was the most adamant

1187

00:53:19,779 --> 00:53:17,839

about that and that is that kind of

1188

00:53:21,640 --> 00:53:19,789

interesting because yes we're seeing is

1189

00:53:24,339 --> 00:53:21,650

a lot of witnesses coming forward and

1190

00:53:26,440 --> 00:53:24,349

they sort of know what they know they

1191

00:53:28,749 --> 00:53:26,450

know their own experience but they don't

1192

00:53:30,309 --> 00:53:28,759

know the whole history and how the type

1193

00:53:32,920 --> 00:53:30,319

of behaviors that they're witnessing is

1194

00:53:35,109 --> 00:53:32,930

not dissimilar at all in fact it's very

1195

00:53:38,049 --> 00:53:35,119

similar in bits and pieces to what we've

1196

00:53:40,660 --> 00:53:38,059

been hearing going back 75 years now

1197

00:53:42,279 --> 00:53:40,670

yeah and I was wondering if there's a

1198

00:53:44,920 --> 00:53:42,289

you know there's a little bit of a

1199

00:53:46,420 --> 00:53:44,930

disconnect that people need to get up on

1200

00:53:48,729 --> 00:53:46,430

the history of all this a little bit

1201
00:53:50,979 --> 00:53:48,739
better and not think of this as just

1202
00:53:52,959 --> 00:53:50,989
some kind of a contemporary experience

1203
00:53:55,599 --> 00:53:52,969
that there is a long track record of

1204
00:53:58,569 --> 00:53:55,609
this type of thing going on dr. Bruce

1205
00:54:00,849 --> 00:53:58,579
Maccabee I mean he came for I mean he

1206
00:54:02,950 --> 00:54:00,859
was you know we were we were you know

1207
00:54:05,680 --> 00:54:02,960
conversing on Facebook and he's been

1208
00:54:07,630 --> 00:54:05,690
[h__\h] you know I mean this is nothing new

1209
00:54:10,180 --> 00:54:07,640
everything that's being described by

1210
00:54:14,049 --> 00:54:10,190
these pilots you know the 90-degree

1211
00:54:17,829 --> 00:54:14,059
turns at Mac 5 and etc that this has

1212
00:54:21,549 --> 00:54:17,839
been reported since the 1940s so if it

1213
00:54:22,240 --> 00:54:21,559

was our technology you know I'm sure we

1214

00:54:26,440 --> 00:54:22,250

haven't been do

1215

00:54:29,200 --> 00:54:26,450

since 1940 I mean come on it does get

1216

00:54:31,599 --> 00:54:29,210

into this hazy area where you know we've

1217

00:54:33,250 --> 00:54:31,609

advanced so much now since you know the

1218

00:54:36,220 --> 00:54:33,260

days of that just breaking the sound

1219

00:54:38,290 --> 00:54:36,230

barrier and even not long after that the

1220

00:54:42,400 --> 00:54:38,300

Mach 2 was broken the gyro and thinking

1221

00:54:44,380 --> 00:54:42,410

53 if I remember correctly and this kind

1222

00:54:47,560 --> 00:54:44,390

of thing goes back a long ways we were

1223

00:54:50,109 --> 00:54:47,570

we know what those benchmarks were back

1224

00:54:52,240 --> 00:54:50,119

then now we know what they were and if

1225

00:54:55,570 --> 00:54:52,250

you've got something before the sound

1226
00:54:58,180 --> 00:54:55,580
barrier was broken at roughly 760 miles

1227
00:54:59,500 --> 00:54:58,190
an hour going several times that we

1228
00:55:00,760 --> 00:54:59,510
didn't have anything like that back then

1229
00:55:02,440 --> 00:55:00,770
we didn't have anything like that

1230
00:55:05,380 --> 00:55:02,450
through the 50s nowadays it gets a

1231
00:55:06,970 --> 00:55:05,390
little hairier but we know we didn't

1232
00:55:10,500 --> 00:55:06,980
have it back then and these UFOs were

1233
00:55:15,190 --> 00:55:10,510
doing the same kind of thing nothing

1234
00:55:18,609 --> 00:55:15,200
sorry the thing that I keep hearing from

1235
00:55:22,470 --> 00:55:18,619
from everyone with barge 2 is Adi in

1236
00:55:25,839 --> 00:55:22,480
here with regards to the phenomenon is

1237
00:55:28,270 --> 00:55:25,849
is it kids coming back to how do we get

1238
00:55:30,460 --> 00:55:28,280

there and if we had that technology we

1239

00:55:32,530 --> 00:55:30,470

could use this and that it feels like

1240

00:55:34,839 --> 00:55:32,540

especially now with the you know

1241

00:55:36,359 --> 00:55:34,849

administration and the world that we're

1242

00:55:39,849 --> 00:55:36,369

in and the fact that we're still

1243

00:55:42,370 --> 00:55:39,859

bickering and there's egos run by our

1244

00:55:44,650 --> 00:55:42,380

leaders and stuff it feels like the

1245

00:55:46,510 --> 00:55:44,660

reality is this we're a bunch of kids

1246

00:55:49,480 --> 00:55:46,520

staying on the side of the road watching

1247

00:55:51,130 --> 00:55:49,490

cars race by and we're complaining that

1248

00:55:53,770 --> 00:55:51,140

we can't get in and drive one of those

1249

00:55:57,849 --> 00:55:53,780

things we're not ready yet we are in

1250

00:56:01,210 --> 00:55:57,859

know no sign of the you know spectrum

1251
00:56:04,210 --> 00:56:01,220
that is near mature enough to be able to

1252
00:56:06,099 --> 00:56:04,220
handle technology like that it just

1253
00:56:07,900 --> 00:56:06,109
seems to me that these guys have gotten

1254
00:56:10,120 --> 00:56:07,910
to a place where they haven't perverted

1255
00:56:13,450 --> 00:56:10,130
their technology to to weaponize it

1256
00:56:14,980 --> 00:56:13,460
and we would we do with everything most

1257
00:56:16,450 --> 00:56:14,990
of the patents are by the government

1258
00:56:20,500 --> 00:56:16,460
every time someone comes up with a new

1259
00:56:22,750 --> 00:56:20,510
energetic new energy you know resolve

1260
00:56:25,690 --> 00:56:22,760
the government says oh that could be you

1261
00:56:28,270 --> 00:56:25,700
know whatever and they snatch it so you

1262
00:56:30,070 --> 00:56:28,280
know I feel like the RIC pony is and I

1263
00:56:32,829 --> 00:56:30,080

don't want to be a killjoy but it feels

1264

00:56:34,750 --> 00:56:32,839

like the reality is we should in some

1265

00:56:36,040 --> 00:56:34,760

part kind of sit back and enjoy the show

1266

00:56:38,320 --> 00:56:36,050

take notes

1267

00:56:40,450 --> 00:56:38,330

but ultimately not ask them to come in

1268

00:56:43,600 --> 00:56:40,460

share the technology with us solve our

1269

00:56:45,310 --> 00:56:43,610

own problems that we've created and this

1270

00:56:47,170 --> 00:56:45,320

is Keith um one of the things that's

1271

00:56:49,270 --> 00:56:47,180

that's kind of been frustrating for me

1272

00:56:50,560 --> 00:56:49,280

from coming from the outside and then

1273

00:56:52,450 --> 00:56:50,570

doing all this research and then

1274

00:56:54,190 --> 00:56:52,460

obviously working on the entertainment

1275

00:56:56,530 --> 00:56:54,200

side but then actually really getting

1276

00:56:59,080 --> 00:56:56,540

heavily involved in the research in the

1277

00:57:00,310 --> 00:56:59,090

community and meeting with with not just

1278

00:57:02,110 --> 00:57:00,320

eyewitnesses but a lot of the

1279

00:57:04,480 --> 00:57:02,120

ufo-ologists and really discussing a lot

1280

00:57:05,860 --> 00:57:04,490

of the issues about disclosure and one

1281

00:57:07,270 --> 00:57:05,870

of the things that to me was really

1282

00:57:09,400 --> 00:57:07,280

frustrated as you look all the way back

1283

00:57:11,680 --> 00:57:09,410

in like 1957 and you had like the Milton

1284

00:57:14,860 --> 00:57:11,690

Torres case and you know here you've got

1285

00:57:17,590 --> 00:57:14,870

a guy who is a pilot who engages a craft

1286

00:57:19,810 --> 00:57:17,600

and still were not much further than

1287

00:57:23,370 --> 00:57:19,820

that case from 1957 we still don't have

1288

00:57:26,350 --> 00:57:23,380

that smoking gun that has provoked this

1289

00:57:28,360 --> 00:57:26,360

this worldwide action by the government

1290

00:57:29,890 --> 00:57:28,370

to actually come out and talk about

1291

00:57:31,300 --> 00:57:29,900

these things we keep getting the reports

1292

00:57:34,390 --> 00:57:31,310

on the pilots we keep seeing the footage

1293

00:57:35,980 --> 00:57:34,400

and within the community we know that

1294

00:57:38,740 --> 00:57:35,990

there's absolutely something happening

1295

00:57:41,530 --> 00:57:38,750

but the massive public hasn't really

1296

00:57:43,120 --> 00:57:41,540

received that disclosure and so like

1297

00:57:45,280 --> 00:57:43,130

what Dean was saying it's great to sit

1298

00:57:46,870 --> 00:57:45,290

back and watch the show but to be in the

1299

00:57:48,790 --> 00:57:46,880

middle of it and being frustrated that

1300

00:57:50,920 --> 00:57:48,800

we haven't made enough progress is the

1301
00:57:52,270 --> 00:57:50,930
tough part as a filmmaker to because we

1302
00:57:54,040 --> 00:57:52,280
want to play in these stories and get

1303
00:57:57,250 --> 00:57:54,050
the younger generations inspired to do

1304
00:57:58,870 --> 00:57:57,260
the research but you get swept up in all

1305
00:58:00,490 --> 00:57:58,880
of the sort of the fake news and

1306
00:58:02,350 --> 00:58:00,500
everything else that comes out and I'm

1307
00:58:04,930 --> 00:58:02,360
glad you mention the Milton Torres race

1308
00:58:08,860 --> 00:58:04,940
because he is a an amazing witness no

1309
00:58:09,640 --> 00:58:08,870
question about it for anyone who wants

1310
00:58:11,530 --> 00:58:09,650
to see everybody

1311
00:58:13,600 --> 00:58:11,540
I think his accounts are over there on

1312
00:58:17,200 --> 00:58:13,610
YouTube and you can go and just

1313
00:58:19,900 --> 00:58:17,210

basically just search for Milton Torres

1314

00:58:22,180 --> 00:58:19,910

tío double are yes as I believe the way

1315

00:58:24,430 --> 00:58:22,190

he spells it and watch his account of

1316

00:58:28,090 --> 00:58:24,440

his case over in England back in the 50s

1317

00:58:31,000 --> 00:58:28,100

and it's an amazing case I have two

1318

00:58:32,650 --> 00:58:31,010

things I want to bring up one is Jan

1319

00:58:34,990 --> 00:58:32,660

Harz and the international director of

1320

00:58:37,480 --> 00:58:35,000

MUFON went ahead and gave me a quote on

1321

00:58:39,190 --> 00:58:37,490

the History Channel's unidentified

1322

00:58:41,620 --> 00:58:39,200

series show I'm going to go ahead and

1323

00:58:44,200 --> 00:58:41,630

begin the quote on the heels of a wildly

1324

00:58:45,670 --> 00:58:44,210

successful Project Blue Book on history

1325

00:58:48,220 --> 00:58:45,680

but recreating the air force's

1326
00:58:49,810 --> 00:58:48,230
investigation into UFOs 50 years ago

1327
00:58:52,120 --> 00:58:49,820
unidentified bring

1328
00:58:54,460 --> 00:58:52,130
to the here-now of what is happening

1329
00:58:57,310 --> 00:58:54,470
with UFOs and our military today

1330
00:58:59,890 --> 00:58:57,320
especially with US Navy a big shout-out

1331
00:59:02,620 --> 00:58:59,900
to Tom DeLonge Lou Elizondo and the

1332
00:59:03,040 --> 00:59:02,630
entire team at TTS a keep up the great

1333
00:59:04,990 --> 00:59:03,050
work

1334
00:59:09,370 --> 00:59:05,000
MUFON continues to be the People's Voice

1335
00:59:10,900 --> 00:59:09,380
in UFOs receiving nearly 1,000 UFO

1336
00:59:12,790 --> 00:59:10,910
reports each month from the public

1337
00:59:14,740 --> 00:59:12,800
including the military pilot law

1338
00:59:16,960 --> 00:59:14,750

enforcement witnesses as well as the

1339

00:59:19,300 --> 00:59:16,970

general public I think it is safe to say

1340

00:59:20,950 --> 00:59:19,310

that disclosure has happened and MUFON

1341

00:59:22,870 --> 00:59:20,960

looks worch is taking the subject to the

1342

00:59:25,030 --> 00:59:22,880

next level and leading the discussion

1343

00:59:27,190 --> 00:59:25,040

with the general public on what this all

1344

00:59:29,200 --> 00:59:27,200

means stay tuned I would also like to

1345

00:59:31,780 --> 00:59:29,210

introduce on to the show one of our

1346

00:59:35,020 --> 00:59:31,790

friends Dean Ashley hi Dean how are you

1347

00:59:36,730 --> 00:59:35,030

doing today pretty good everyone really

1348

00:59:38,170 --> 00:59:36,740

well I was wondering would you mind just

1349

00:59:40,390 --> 00:59:38,180

sharing a little bit about your

1350

00:59:42,190 --> 00:59:40,400

background briefly and then telling us

1351

00:59:48,660 --> 00:59:42,200

your perspective regarding the

1352

00:59:54,610 --> 00:59:51,790

electronics technician in the Navy I got

1353

00:59:56,920 --> 00:59:54,620

out back in 2000 I've been working on it

1354

00:59:59,710 --> 00:59:56,930

like aviation and computer electronics

1355

01:00:04,150 --> 00:59:59,720

for the last you know however many year

1356

01:00:07,390 --> 01:00:04,160

19 years so what I worked on was like

1357

01:00:11,770 --> 01:00:07,400

video guidance missile systems the slam

1358

01:00:16,270 --> 01:00:11,780

er and now I work on infrared cameras

1359

01:00:19,900 --> 01:00:16,280

for agency as the contractor that's

1360

01:00:22,000 --> 01:00:19,910

fantastic I know you that you saw a few

1361

01:00:24,520 --> 01:00:22,010

the unidentified shows what did you

1362

01:00:27,790 --> 01:00:24,530

think of them how were they for you what

1363

01:00:30,780 --> 01:00:27,800

was your take away yeah but they're

1364

01:00:35,860 --> 01:00:30,790

pretty good down-to-earth pretty basic

1365

01:00:39,370 --> 01:00:35,870

there wasn't anything that startled me

1366

01:00:41,620 --> 01:00:39,380

or it was a revelation there was some

1367

01:00:43,810 --> 01:00:41,630

cool things like last episode I like the

1368

01:00:46,720 --> 01:00:43,820

Italian government trying to work with

1369

01:00:48,750 --> 01:00:46,730

our government and I thought it was

1370

01:00:54,910 --> 01:00:48,760

actually pretty well written well done

1371

01:00:56,050 --> 01:00:54,920

like I said down-to-earth frank knowing

1372

01:00:56,980 --> 01:00:56,060

Dan's background did you have any

1373

01:01:00,040 --> 01:00:56,990

questions for him

1374

01:01:03,470 --> 01:01:00,050

yeah I did want to get into the videos a

1375

01:01:07,040 --> 01:01:03,480

little bit you did some study on those

1376

01:01:09,950 --> 01:01:07,050

and have also taken a lot of FLIR video

1377

01:01:11,300 --> 01:01:09,960

of different types of aircraft and one

1378

01:01:17,270 --> 01:01:11,310

today you to talk about that a little

1379

01:01:19,700 --> 01:01:17,280

bit if you could absolutely still I

1380

01:01:22,220 --> 01:01:19,710

think it was a few years ago maybe three

1381

01:01:24,050 --> 01:01:22,230

or four years ago I was looking at just

1382

01:01:27,349 --> 01:01:24,060

random things online and I came across

1383

01:01:31,280 --> 01:01:27,359

the idea UFO case and I gotten in

1384

01:01:35,859 --> 01:01:31,290

contact with with rich and Robert over

1385

01:01:38,330 --> 01:01:35,869

there at SCU and we discuss things and

1386

01:01:41,750 --> 01:01:38,340

you know they put together a report and

1387

01:01:44,330 --> 01:01:41,760

I did a little bit of trying to help

1388

01:01:46,340 --> 01:01:44,340

them out with the videos and after that

1389

01:01:50,750 --> 01:01:46,350

I got an interest in it so I started

1390

01:01:52,580 --> 01:01:50,760

recording things mainly aircraft but

1391

01:01:55,849 --> 01:01:52,590

also other things are flying that in the

1392

01:01:58,690 --> 01:01:55,859

sky so you can differentiate what looks

1393

01:02:01,040 --> 01:01:58,700

like to be a jet what would be a bird or

1394

01:02:04,640 --> 01:02:01,050

you know that's why I started taking

1395

01:02:09,460 --> 01:02:04,650

these videos just to just get like a

1396

01:02:14,750 --> 01:02:12,290

got it and getting back to the show I

1397

01:02:16,670 --> 01:02:14,760

thought that the one not entirely a

1398

01:02:18,490 --> 01:02:16,680

surprise that we always expected it to

1399

01:02:21,500 --> 01:02:18,500

be true but there's some things were

1400

01:02:23,810 --> 01:02:21,510

confirmed as part of the show and one of

1401

01:02:25,849 --> 01:02:23,820

those things was that there is an inside

1402

01:02:29,090 --> 01:02:25,859

team within the intelligence community

1403

01:02:31,220 --> 01:02:29,100

I'm assuming it's the Pentagon that T

1404

01:02:33,530 --> 01:02:31,230

TSA is working with and I wondered if

1405

01:02:35,450 --> 01:02:33,540

anybody had any thoughts on that well

1406

01:02:46,250 --> 01:02:35,460

there was that one big meeting this is

1407

01:02:49,040 --> 01:02:46,260

at Dien OG where they all got together

1408

01:02:51,349 --> 01:02:49,050

and they child in them in the

1409

01:02:52,670 --> 01:02:51,359

unidentified show they tile the

1410

01:02:55,640 --> 01:02:52,680

officials that they're a meeting with

1411

01:03:01,210 --> 01:02:55,650

and yet they were meeting in a hotel

1412

01:03:01,220 --> 01:03:06,400

[Laughter]

1413

01:03:15,230 --> 01:03:12,040

this is all just a quote from Louise

1414

01:03:17,520 --> 01:03:15,240

Elizondo and I thought that this was

1415

01:03:20,760 --> 01:03:17,530

really kind of interesting the

1416

01:03:23,220 --> 01:03:20,770

that they haven't really stopped the

1417

01:03:25,470 --> 01:03:23,230

Pentagon I mean it has not really

1418

01:03:28,830 --> 01:03:25,480

stopped their investigation yeah I mean

1419

01:03:30,510 --> 01:03:28,840

that goes on still he said and the DoD

1420

01:03:32,640 --> 01:03:30,520

two things occur when you have an

1421

01:03:34,860 --> 01:03:32,650

organization there's paperwork when you

1422

01:03:37,620 --> 01:03:34,870

start a program and there's paperwork

1423

01:03:41,520 --> 01:03:37,630

when you end a program you will not find

1424

01:03:43,770 --> 01:03:41,530

any paperwork that ended a tip so I

1425

01:03:46,230 --> 01:03:43,780

thought that that was very interesting

1426

01:03:47,940 --> 01:03:46,240

it's not like this has been handed only

1427

01:03:51,900 --> 01:03:47,950

to the public I mean the Pentagon is

1428

01:03:54,180 --> 01:03:51,910

still very actively you know assessing

1429

01:03:55,980 --> 01:03:54,190

this and of course they're assessing it

1430

01:03:56,940 --> 01:03:55,990

as a threat because that's what they're

1431

01:03:58,830 --> 01:03:56,950

supposed to do

1432

01:04:01,980 --> 01:03:58,840

that's the Pentagon that's what we you

1433

01:04:04,500 --> 01:04:01,990

know elect our officials to do but I

1434

01:04:06,690 --> 01:04:04,510

thought that Louise Elizondo is was very

1435

01:04:09,540 --> 01:04:06,700

forthcoming in that and the and he

1436

01:04:12,240 --> 01:04:09,550

didn't let us know that this is not like

1437

01:04:16,950 --> 01:04:12,250

it's you know like like the officials

1438

01:04:19,620 --> 01:04:16,960

have lost interest in in this phenomenon

1439

01:04:21,810 --> 01:04:19,630

they're they're very interested and

1440

01:04:24,270 --> 01:04:21,820

there's a few unusual things that we

1441

01:04:27,180 --> 01:04:24,280

have not seen number one all we have

1442

01:04:28,470 --> 01:04:27,190

seen is information from the Navy we

1443

01:04:29,700 --> 01:04:28,480

haven't gotten anything from the Air

1444

01:04:32,310 --> 01:04:29,710

Force which i think is quite interesting

1445

01:04:34,860 --> 01:04:32,320

and we have also not heard anything

1446

01:04:38,100 --> 01:04:34,870

about the most famous case that took

1447

01:04:42,360 --> 01:04:38,110

place while a tip was in operation from

1448

01:04:44,850 --> 01:04:42,370

I guess was what Oh 8 to 13 or 14

1449

01:04:46,890 --> 01:04:44,860

somewhere in that timeframe was that we

1450

01:04:49,950 --> 01:04:46,900

have not heard about the Stephenville

1451

01:04:51,960 --> 01:04:49,960

case and I wonder if anyone has any

1452

01:04:53,610 --> 01:04:51,970

thoughts on that because I love that

1453

01:04:56,220 --> 01:04:53,620

Stephenville case I think the witnesses

1454

01:04:59,160 --> 01:04:56,230

are awesome it got that entire community

1455

01:05:02,460 --> 01:04:59,170

that all of Erath County pretty worked

1456

01:05:04,680 --> 01:05:02,470

up in into a UFO fever lather back in

1457

01:05:06,660 --> 01:05:04,690

2008 we haven't heard anything about

1458

01:05:11,780 --> 01:05:06,670

that I think that's awfully interesting

1459

01:05:18,060 --> 01:05:14,160

yeah that's probably just too sensitive

1460

01:05:20,460 --> 01:05:18,070

you know and it's it's not gonna be the

1461

01:05:22,320 --> 01:05:20,470

weld upon until they get their head

1462

01:05:25,080 --> 01:05:22,330

around it but I was gonna also add

1463

01:05:27,480 --> 01:05:25,090

hopefully you guys can hear this too to

1464

01:05:30,150 --> 01:05:27,490

Earl's point is you know within

1465

01:05:31,390 --> 01:05:30,160

government you you have a the higher

1466

01:05:34,599 --> 01:05:31,400

level is a

1467

01:05:37,480 --> 01:05:34,609

program the low or level of the project

1468

01:05:39,970 --> 01:05:37,490

and just like you know a tip is really a

1469

01:05:43,750 --> 01:05:39,980

project level versus Asaf which would be

1470

01:05:50,440 --> 01:05:43,760

a program level and and there's really

1471

01:05:52,569 --> 01:05:50,450

two budget it's right in you clear and

1472

01:05:55,210 --> 01:05:52,579

self-contained you know organizational

1473

01:05:59,710 --> 01:05:55,220

division that you're within and those

1474

01:06:02,109 --> 01:05:59,720

can come and go well however one can

1475

01:06:05,349 --> 01:06:02,119

continue on and the program budget is

1476

01:06:07,329 --> 01:06:05,359

again on a different level and so is no

1477

01:06:10,720 --> 01:06:07,339

shock or surprise to me whatsoever that

1478

01:06:15,849 --> 01:06:10,730

that the claim is that eight tip you

1479

01:06:18,880 --> 01:06:15,859

know started it and didn't and but again

1480

01:06:21,370 --> 01:06:18,890

project level they're currently you know

1481

01:06:23,319 --> 01:06:21,380

before and after this one and it may be

1482

01:06:25,359 --> 01:06:23,329

continuing and either it's the same name

1483

01:06:33,970 --> 01:06:25,369

or a different name but that's twenty

1484

01:06:36,130 --> 01:06:33,980

two million in dollars okay yeah you

1485

01:06:38,890 --> 01:06:36,140

break it up you're breaking up a little

1486

01:06:41,279 --> 01:06:38,900

bit Shan Shan unfortunately so right

1487

01:06:44,260 --> 01:06:41,289

yeah chant that what have you got I

1488

01:06:46,920 --> 01:06:44,270

wanted to ask doctor Irena Scott if she

1489

01:06:49,779 --> 01:06:46,930

had any more input she wanted to share

1490

01:06:57,970 --> 01:06:49,789

one suspect the government probably has

1491

01:07:07,289 --> 01:06:57,980

been o someplace but meets now I suspect

1492

01:07:13,809 --> 01:07:10,210

Dean you know earlier we brought up yeah

1493

01:07:16,150 --> 01:07:13,819

the perspective that some folks are

1494

01:07:20,769 --> 01:07:16,160

taking away from the unidentified series

1495

01:07:23,140 --> 01:07:20,779

show and that is that it appears as

1496

01:07:28,240 --> 01:07:23,150

though this show is making it look like

1497

01:07:30,430 --> 01:07:28,250

UFOs or ET crafts are threat to us do

1498

01:07:32,559 --> 01:07:30,440

you believe that's correct that the show

1499

01:07:35,500 --> 01:07:32,569

is doing that and you believe it they

1500

01:07:43,599 --> 01:07:35,510

being these ET crafts or ETS are a

1501

01:07:44,920 --> 01:07:43,609

threat to us if they exist dean Alioto

1502

01:07:46,910 --> 01:07:44,930

or Dean Ashley

1503

01:07:52,190 --> 01:07:46,920

for the rest of the show I'll call you

1504

01:07:59,720 --> 01:07:52,200

mr. Alioto is that okay no just oh shoot

1505

01:08:02,539 --> 01:07:59,730

he's a as well so I can't gosh okay

1506

01:08:05,420 --> 01:08:02,549

no they're not a threat how are they a

1507

01:08:08,839 --> 01:08:05,430

threat they're dancing around us kind of

1508

01:08:09,829 --> 01:08:08,849

going come on kids come over here where

1509

01:08:10,970 --> 01:08:09,839

you know we're stirring it we're doing

1510

01:08:14,359 --> 01:08:10,980

we're doing our thing here we're

1511

01:08:15,890 --> 01:08:14,369

studying this whatever you know shoo

1512

01:08:17,419 --> 01:08:15,900

sometimes it kind of like you know go

1513

01:08:20,780 --> 01:08:17,429

you know back off a little bit but again

1514

01:08:23,059 --> 01:08:20,790

on the spectrum we're we're still not

1515

01:08:24,919 --> 01:08:23,069

mature enough and so they're doing their

1516

01:08:27,769 --> 01:08:24,929

thing they know what they're doing we

1517

01:08:30,289 --> 01:08:27,779

don't on this planet we don't I mean in

1518

01:08:32,510 --> 01:08:30,299

all of our institutions sorry something

1519

01:08:34,760 --> 01:08:32,520

like that I'm a cynic here but all of

1520

01:08:37,789 --> 01:08:34,770

our decisions are made of greed I don't

1521

01:08:40,010 --> 01:08:37,799

know what their decisions are but you

1522

01:08:42,829 --> 01:08:40,020

know so I feel like if they line up and

1523

01:08:46,789 --> 01:08:42,839

start forcing us to do something or you

1524

01:08:49,970 --> 01:08:46,799

know rally us or Landon and and say all

1525

01:08:55,519 --> 01:08:49,980

right we now declare this planet Zig not

1526

01:08:57,229 --> 01:08:55,529

whatever then they're you know they're

1527

01:09:00,110 --> 01:08:57,239

doing their theme studying like we do

1528

01:09:01,820 --> 01:09:00,120

like Irene is done with the bonobos you

1529

01:09:04,729 --> 01:09:01,830

know this is part of the research that

1530

01:09:07,880 --> 01:09:04,739

that they're doing and and it's a it's a

1531

01:09:09,559 --> 01:09:07,890

great glimpse into the future of what we

1532

01:09:13,510 --> 01:09:09,569

will if we don't wipe ourselves out be

1533

01:09:15,950 --> 01:09:13,520

possibly capable of okay a Dean Ashley

1534

01:09:19,430 --> 01:09:15,960

what is your take on what we were just

1535

01:09:23,360 --> 01:09:19,440

talking about I'm a little bit more

1536

01:09:24,800 --> 01:09:23,370

skeptical I think I am I don't know what

1537

01:09:26,780 --> 01:09:24,810

it is you know I haven't ruled out a

1538

01:09:29,930 --> 01:09:26,790

DARPA project something of that nature

1539

01:09:31,970 --> 01:09:29,940

it doesn't look like aircraft to me the

1540

01:09:34,700 --> 01:09:31,980

way traditional aircraft moves in the

1541

01:09:36,320 --> 01:09:34,710

sky and you know I see it every day you

1542

01:09:40,130 --> 01:09:36,330

know I'm pointing flares out of that

1543

01:09:43,240 --> 01:09:40,140

we're looking at this stuff yeah my

1544

01:09:45,680 --> 01:09:43,250

would tend to lean more towards alien

1545

01:09:47,450 --> 01:09:45,690

spacecraft but you know I can't

1546

01:09:49,550 --> 01:09:47,460

positively say that because all we're

1547

01:09:52,249 --> 01:09:49,560

looking at as a black orb that rotates I

1548

01:09:54,709 --> 01:09:52,259

can say that's it's not typical and I

1549

01:09:56,060 --> 01:09:54,719

haven't seen anything like it in my 13

1550

01:09:57,670 --> 01:09:56,070

years of working on my thing

1551

01:09:59,530 --> 01:09:57,680

so by

1552

01:10:02,740 --> 01:09:59,540

of elimination yeah it's something I'm

1553

01:10:07,000 --> 01:10:02,750

not familiar with you know that's kind

1554

01:10:08,260 --> 01:10:07,010

of I have no idea what they would be

1555

01:10:16,240 --> 01:10:08,270

doing here I don't know if they're like

1556

01:10:18,700 --> 01:10:16,250

teenage aliens taking the car joy just

1557

01:10:20,350 --> 01:10:18,710

like you guys do but you know I'm sure

1558

01:10:22,270 --> 01:10:20,360

you're better at it I'll just have my

1559

01:10:24,070 --> 01:10:22,280

own little theories I wanted to bring up

1560

01:10:27,070 --> 01:10:24,080

something that Dean Alioto brought up a

1561

01:10:29,800 --> 01:10:27,080

while back and that is that he had I

1562

01:10:32,980 --> 01:10:29,810

don't know I mean he sort of had been

1563

01:10:35,920 --> 01:10:32,990

amused about the term UAP which seems to

1564

01:10:38,590 --> 01:10:35,930

be the nominal mature I can never say

1565

01:10:42,250 --> 01:10:38,600

that word of the military thank you

1566

01:10:45,460 --> 01:10:42,260

when they bring up UFOs they use that

1567

01:10:47,620 --> 01:10:45,470

term UAP Dean Alioto

1568

01:10:55,270 --> 01:10:47,630

what is your perspective on that that

1569

01:11:00,310 --> 01:10:58,180

it's you know it's fine that's what you

1570

01:11:02,770 --> 01:11:00,320

want to like rebrand it because you have

1571

01:11:06,100 --> 01:11:02,780

always been kind of satirized into the

1572

01:11:08,860 --> 01:11:06,110

ground that's fine I don't you know I

1573

01:11:11,950 --> 01:11:08,870

have no no problem with that the one

1574

01:11:16,690 --> 01:11:11,960

thing that we're not is we're talking

1575

01:11:20,560 --> 01:11:16,700

about flying objects right and so when I

1576

01:11:22,150 --> 01:11:20,570

heard the term disclosure I and maybe

1577

01:11:24,640 --> 01:11:22,160

this isn't the right form for it but I

1578

01:11:27,700 --> 01:11:24,650

we're not talking about the alien

1579

01:11:30,190 --> 01:11:27,710

abductions which that to me isn't cool

1580

01:11:33,340 --> 01:11:30,200

that to me is Jack that if that is even

1581

01:11:36,130 --> 01:11:33,350

you know it's even happening that to me

1582

01:11:39,670 --> 01:11:36,140

is disclosure they're disclosing

1583

01:11:40,270 --> 01:11:39,680

themselves to 40 million people on the

1584

01:11:42,070 --> 01:11:40,280

planet

1585

01:11:46,780 --> 01:11:42,080

I did I did the math on it and according

1586

01:11:48,310 --> 01:11:46,790

to Yvonne Smith and Hopkins but how can

1587

01:11:51,010 --> 01:11:48,320

tell these guys they said that it's you

1588

01:11:53,260 --> 01:11:51,020

know comes out to be about that so I'm

1589

01:11:55,300 --> 01:11:53,270

going all right so just going on for

1590

01:11:59,290 --> 01:11:55,310

some of us I've been to a support group

1591

01:12:00,090 --> 01:11:59,300

meeting my audited one and it was

1592

01:12:02,140 --> 01:12:00,100

terrifying

1593

01:12:04,690 --> 01:12:02,150

because these were the most credible

1594

01:12:06,820 --> 01:12:04,700

people I've met who were architects

1595

01:12:10,030 --> 01:12:06,830

doctors lawyers and all them were

1596

01:12:11,050 --> 01:12:10,040

sharing the same story and and so for me

1597

01:12:14,380 --> 01:12:11,060

it was like

1598

01:12:15,850 --> 01:12:14,390

okay so they're the chosen ones man the

1599

01:12:17,170 --> 01:12:15,860

way life is right now I don't want to be

1600

01:12:18,640 --> 01:12:17,180

chosen I'm fine

1601

01:12:22,030 --> 01:12:18,650

I'll read about the other people taking

1602

01:12:25,690 --> 01:12:22,040

one for the team so I don't know this

1603

01:12:27,490 --> 01:12:25,700

might be the right forum yeah it is P

1604

01:12:29,350 --> 01:12:27,500

but I think you ap it's fine if that's

1605

01:12:30,790 --> 01:12:29,360

what they need to call it and then you

1606

01:12:32,170 --> 01:12:30,800

know and that prevents them from playing

1607

01:12:36,310 --> 01:12:32,180

the soundtrack to The X Files in the

1608

01:12:37,480 --> 01:12:36,320

background then oh okay a doctor I'm

1609

01:12:39,250 --> 01:12:37,490

gonna Scott what is your take on that

1610

01:12:42,670 --> 01:12:39,260

after all you are on the board of the

1611

01:12:44,980 --> 01:12:42,680

scientific coalition of you a piece well

1612

01:12:46,900 --> 01:12:44,990

my take on that it was kind of personal

1613

01:12:50,440 --> 01:12:46,910

because my sister and I were almost

1614

01:12:52,240 --> 01:12:50,450

killed during a UFO experience and that

1615

01:12:56,740 --> 01:12:52,250

was very good I thought we were gonna

1616

01:12:59,260 --> 01:12:56,750

die and so I think possibly they can be

1617

01:13:05,230 --> 01:12:59,270

dangerous but I don't know why or how or

1618

01:13:06,300 --> 01:13:05,240

anything else almost killed sorry that's

1619

01:13:10,420 --> 01:13:06,310

fascinating

1620

01:13:12,700 --> 01:13:10,430

well well having a close encounter a man

1621

01:13:16,630 --> 01:13:12,710

stopped and talked to us that is very

1622

01:13:19,180 --> 01:13:16,640

crazy and then when you got a little

1623

01:13:21,580 --> 01:13:19,190

three-way we turn around on the freeway

1624

01:13:25,300 --> 01:13:21,590

and come back and look at the object he

1625

01:13:27,220 --> 01:13:25,310

just chased us and I switched lanes and

1626

01:13:29,070 --> 01:13:27,230

everything you'd think of speed it up

1627

01:13:32,800 --> 01:13:29,080

and slow down you stayed right there and

1628

01:13:35,530 --> 01:13:32,810

blaze is headlights into my mirror so I

1629

01:13:38,800 --> 01:13:35,540

couldn't see and it was a very dangerous

1630

01:13:41,500 --> 01:13:38,810

thing I finally escaped by a weird way

1631

01:13:42,270 --> 01:13:41,510

and we survived but I thought we were

1632

01:13:45,430 --> 01:13:42,280

gonna get killed

1633

01:13:49,590 --> 01:13:45,440

that wasn't a semi truck that he was

1634

01:13:55,870 --> 01:13:49,600

chasing here it wasn't a semi it was a

1635

01:13:58,330 --> 01:13:55,880

big you home okay yeah and anything else

1636

01:13:59,620 --> 01:13:58,340

said before we take a look ahead and

1637

01:14:01,420 --> 01:13:59,630

know what we might be I coming up

1638

01:14:04,540 --> 01:14:01,430

against going forward any other final

1639

01:14:06,640 --> 01:14:04,550

thoughts on the on the show itself

1640

01:14:11,860 --> 01:14:06,650

before we move on to what we can look

1641

01:14:14,500 --> 01:14:11,870

forward going forward I think the show

1642

01:14:15,970 --> 01:14:14,510

was it was a great sort of opportunity

1643

01:14:17,410 --> 01:14:15,980

to be able to not just talk about

1644

01:14:19,420 --> 01:14:17,420

disclosure but just showing that this

1645

01:14:22,360 --> 01:14:19,430

might be a statement right of anything

1646

01:14:24,740 --> 01:14:22,370

regardless of what the craft ultimately

1647

01:14:26,210 --> 01:14:24,750

are it's sort of a statement

1648

01:14:28,130 --> 01:14:26,220

you know that if they're not engaging

1649

01:14:29,480 --> 01:14:28,140

they're just sort of parading around and

1650

01:14:32,660 --> 01:14:29,490

show and demonstrating this sort of

1651

01:14:34,700 --> 01:14:32,670

technology to our military and also you

1652

01:14:37,970 --> 01:14:34,710

know what from what we've talked about

1653

01:14:40,070 --> 01:14:37,980

what's happened in public it is sort of

1654

01:14:41,420 --> 01:14:40,080

a big statement to say we're here it

1655

01:14:43,340 --> 01:14:41,430

doesn't necessarily need to reveal

1656

01:14:45,200 --> 01:14:43,350

aliens or any of the other things that

1657

01:14:46,460 --> 01:14:45,210

we can sort of fictionalize about what

1658

01:14:48,020 --> 01:14:46,470

they may look like but here you have

1659

01:14:50,210 --> 01:14:48,030

crafts that are documented by the

1660

01:14:52,520 --> 01:14:50,220

military and the government and they're

1661

01:14:54,380 --> 01:14:52,530

clearly displaying themselves and saying

1662

01:14:57,620 --> 01:14:54,390

hey this is this is what we're here our

1663

01:15:00,560 --> 01:14:57,630

show a power I was thinking too that

1664

01:15:03,080 --> 01:15:00,570

this show really is one of the most

1665

01:15:05,660 --> 01:15:03,090

significant things to have happened in

1666

01:15:09,080 --> 01:15:05,670

ufology in 70 years in that you know it

1667

01:15:13,130 --> 01:15:09,090

is confirming and what many and you

1668

01:15:15,650 --> 01:15:13,140

followed you have been saying for it's

1669

01:15:17,780 --> 01:15:15,660

been taken seriously two decades that

1670

01:15:27,020 --> 01:15:17,790

the government in fact is interest yeah

1671

01:15:30,370 --> 01:15:27,030

a - yes I would say I would call the

1672

01:15:33,500 --> 01:15:30,380

show really an unqualified success

1673

01:15:36,680 --> 01:15:33,510

so that's my opinion on that but Frank

1674

01:15:38,510 --> 01:15:36,690

why do you call it and qualified because

1675

01:15:40,910 --> 01:15:38,520

I think they achieved what they wanted

1676
01:15:42,470 --> 01:15:40,920
to do they yeah they put together their

1677
01:15:44,810 --> 01:15:42,480
message their way they worked on it

1678
01:15:46,580 --> 01:15:44,820
looks like from my conception to the

1679
01:15:48,440 --> 01:15:46,590
show's finale

1680
01:15:50,210 --> 01:15:48,450
looks like they got everything done that

1681
01:15:53,090 --> 01:15:50,220
they wanted to get done they told their

1682
01:15:55,850 --> 01:15:53,100
story their way so Keith RM and Dean

1683
01:15:58,250 --> 01:15:55,860
Alioto wanted to know do you think that

1684
01:16:01,880 --> 01:15:58,260
we're gonna see a flurry of more UFO

1685
01:16:04,600 --> 01:16:01,890
related themed shows TV shows TV series

1686
01:16:07,100 --> 01:16:04,610
movies come out just because of this

1687
01:16:09,590 --> 01:16:07,110
unidentified series any more than we

1688
01:16:11,270 --> 01:16:09,600

normally see I think so I think you're

1689

01:16:13,010 --> 01:16:11,280

gonna see a huge uptick just because of

1690

01:16:16,810 --> 01:16:13,020

the validity of the show and and

1691

01:16:20,330 --> 01:16:16,820

something that's presented so factual is

1692

01:16:22,130 --> 01:16:20,340

incredibly rich in ideas for fiction and

1693

01:16:23,540 --> 01:16:22,140

telling a what-if story based on what

1694

01:16:25,490 --> 01:16:23,550

happened there's so many interesting

1695

01:16:28,220 --> 01:16:25,500

characters and people involved in these

1696

01:16:29,870 --> 01:16:28,230

stories based on real-life events that I

1697

01:16:31,400 --> 01:16:29,880

think that that's always what good

1698

01:16:33,050 --> 01:16:31,410

storytellers are looking for is really

1699

01:16:35,390 --> 01:16:33,060

grounded in real characters and real

1700

01:16:37,790 --> 01:16:35,400

events so I can you can imagine how many

1701

01:16:38,780 --> 01:16:37,800

things have come off of Roswell and area

1702

01:16:40,310 --> 01:16:38,790

if you wanted all the different reports

1703

01:16:41,720 --> 01:16:40,320

and people have seen things over the

1704

01:16:43,879 --> 01:16:41,730

years but now you actually have

1705

01:16:46,549 --> 01:16:43,889

something in this generation that's

1706

01:16:48,319 --> 01:16:46,559

inspiring you know a whole new wave of

1707

01:16:49,549 --> 01:16:48,329

people enthusiasts to really do the

1708

01:16:51,609 --> 01:16:49,559

research and look at it so I think

1709

01:16:55,490 --> 01:16:51,619

you're going to see many many more shows

1710

01:16:58,609 --> 01:16:55,500

my good buddy Ryan spray has been like

1711

01:17:00,709 --> 01:16:58,619

offered all these shows to host there is

1712

01:17:04,189 --> 01:17:00,719

a going to be a flurry definitely of

1713

01:17:08,450 --> 01:17:04,199

reality shows I had kind of developed a

1714

01:17:10,129 --> 01:17:08,460

couple myself but I find that I I'm

1715

01:17:12,439 --> 01:17:10,139

leaning towards spending my time doing

1716

01:17:14,629 --> 01:17:12,449

what what you know both Keith and I do

1717

01:17:16,399 --> 01:17:14,639

which is you know delving more into the

1718

01:17:18,589 --> 01:17:16,409

fictional stuff and killing stories and

1719

01:17:22,010 --> 01:17:18,599

using that as a background and trying to

1720

01:17:24,439 --> 01:17:22,020

expound on it and and take it to a you

1721

01:17:27,439 --> 01:17:24,449

know fantastical level that that is

1722

01:17:29,959 --> 01:17:27,449

grounded that is based on on what we

1723

01:17:32,089 --> 01:17:29,969

know now so there's definitely gonna be

1724

01:17:34,339 --> 01:17:32,099

more you know it's it's cyclical anyway

1725

01:17:36,229 --> 01:17:34,349

I mean geez you know some of the people

1726

01:17:37,010 --> 01:17:36,239

on this panel have been around in it in

1727

01:17:40,040 --> 01:17:37,020

the weeds

1728

01:17:42,319 --> 01:17:40,050

you know like Earl Grey what else way

1729

01:17:44,810 --> 01:17:42,329

back and and you can see how it comes in

1730

01:17:47,569 --> 01:17:44,820

cycles and stuff and right now this

1731

01:17:49,850 --> 01:17:47,579

isn't a new cycle but we've never had

1732

01:17:55,060 --> 01:17:49,860

the government come out like this before

1733

01:18:01,520 --> 01:17:59,149

and anyone else want to jump in well the

1734

01:18:04,490 --> 01:18:01,530

conversation has been sort of put into

1735

01:18:07,010 --> 01:18:04,500

hyperspace I mean where I used to have

1736

01:18:10,010 --> 01:18:07,020

to talk with people and and they would

1737

01:18:12,049 --> 01:18:10,020

roll their eyes and and and and you know

1738

01:18:13,760 --> 01:18:12,059

I would they would say well you're a UFO

1739

01:18:16,970 --> 01:18:13,770

investigator how can you investigate

1740

01:18:21,260 --> 01:18:16,980

something that doesn't exist you know

1741

01:18:23,359 --> 01:18:21,270

etc etc I don't really hear that so much

1742

01:18:27,049 --> 01:18:23,369

anymore now you know people are actually

1743

01:18:30,500 --> 01:18:27,059

willing to to talk honestly and and with

1744

01:18:32,930 --> 01:18:30,510

no eye rolling and no like you know

1745

01:18:35,479 --> 01:18:32,940

chant was saying you know no x-files

1746

01:18:40,609 --> 01:18:35,489

theme music plane in the background

1747

01:18:42,339 --> 01:18:40,619

that's normalized really quick you say

1748

01:18:46,790 --> 01:18:42,349

you're getting a change in the reaction

1749

01:18:48,859 --> 01:18:46,800

in my everyday life I really don't see a

1750

01:18:50,569 --> 01:18:48,869

whole lot you know I I don't hear I

1751

01:18:52,549 --> 01:18:50,579

talked about

1752

01:18:54,830 --> 01:18:52,559

you know just as far as there's normal

1753

01:18:56,629 --> 01:18:54,840

everyday type things you know obviously

1754

01:18:59,060 --> 01:18:56,639

within the community it's gotten huge

1755

01:19:00,859 --> 01:18:59,070

but as far as everybody else and we've

1756

01:19:03,500 --> 01:19:00,869

seen the ratings from the show they've

1757

01:19:06,049 --> 01:19:03,510

got you know a million a million and

1758

01:19:07,819 --> 01:19:06,059

change viewers not a huge number it's

1759

01:19:11,629 --> 01:19:07,829

not I can stop in the charts as far as

1760

01:19:13,819 --> 01:19:11,639

even cable ratings are concerned is this

1761

01:19:15,680 --> 01:19:13,829

really getting out there is this word

1762

01:19:17,569 --> 01:19:15,690

really getting out there amongst regular

1763

01:19:19,459 --> 01:19:17,579

folks who aren't especially engaged in

1764

01:19:21,229 --> 01:19:19,469

the field may I see some evidence that

1765

01:19:23,470 --> 01:19:21,239

there's a little bit of an uptick but

1766

01:19:25,669 --> 01:19:23,480

not that much I think it's an

1767

01:19:28,430 --> 01:19:25,679

inconvenient truth for people you know I

1768

01:19:31,069 --> 01:19:28,440

mean and people do return back to their

1769

01:19:33,200 --> 01:19:31,079

normal soap operas you know my wife and

1770

01:19:35,720 --> 01:19:33,210

I you know started watching stranger

1771

01:19:37,939 --> 01:19:35,730

things again last night you know I mean

1772

01:19:40,970 --> 01:19:37,949

people are gonna do their usual stuff

1773

01:19:42,080 --> 01:19:40,980

but it has changed the tone of the

1774

01:19:44,899 --> 01:19:42,090

conversation

1775

01:19:46,520 --> 01:19:44,909

and again you know none of this is new

1776

01:19:49,250 --> 01:19:46,530

information I mean we've been hearing

1777

01:19:51,970 --> 01:19:49,260

about you ap UFOs whatever you want to

1778

01:19:55,280 --> 01:19:51,980

call it you know for many many years

1779

01:19:57,140 --> 01:19:55,290

with the exact same properties that

1780

01:20:00,200 --> 01:19:57,150

these craft have you know breaking

1781

01:20:03,109 --> 01:20:00,210

Newton's laws you know the laws of

1782

01:20:07,520 --> 01:20:03,119

thermodynamics you know right angle

1783

01:20:09,379 --> 01:20:07,530

turns at Mack v and such we've been

1784

01:20:12,319 --> 01:20:09,389

hearing this you know for many many

1785

01:20:14,510 --> 01:20:12,329

years but for myself what I've noticed

1786

01:20:16,790 --> 01:20:14,520

is that people that once we're not

1787

01:20:18,919 --> 01:20:16,800

willing to talk about it now are

1788

01:20:21,439 --> 01:20:18,929

actually willing to talk about that's

1789

01:20:23,540 --> 01:20:21,449

just on a personal level I've just

1790

01:20:25,370 --> 01:20:23,550

noticed this you know if I go somewhere

1791

01:20:27,859 --> 01:20:25,380

and I'm talking with somebody I've just

1792

01:20:30,950 --> 01:20:27,869

met and they find out that I'm a UFO

1793

01:20:35,419 --> 01:20:30,960

researcher you know it used to be that

1794

01:20:37,640 --> 01:20:35,429

that I got a stranger reaction from it

1795

01:20:41,030 --> 01:20:37,650

now people want my business card you

1796

01:20:43,430 --> 01:20:41,040

know to say I you know I saw something

1797

01:20:46,189 --> 01:20:43,440

back in high school or back you know a

1798

01:20:47,959 --> 01:20:46,199

couple years ago or last week people are

1799

01:20:49,879 --> 01:20:47,969

more forthcoming about their information

1800

01:20:52,640 --> 01:20:49,889

because they don't think that it's

1801
01:20:56,660 --> 01:20:52,650
synonymous to being you know like a

1802
01:20:58,910 --> 01:20:56,670
tin foil hat wearer to be trying to

1803
01:21:01,189 --> 01:20:58,920
understand this phenomena so I think

1804
01:21:04,340 --> 01:21:01,199
that you know it's slowly seeped to the

1805
01:21:08,120 --> 01:21:04,350
public purview of what the phenomenon

1806
01:21:11,990 --> 01:21:08,130
means and where it's coming from and you

1807
01:21:13,940 --> 01:21:12,000
know again our visitors are elusive you

1808
01:21:19,160 --> 01:21:13,950
know I I go back to the Eagle River

1809
01:21:23,300 --> 01:21:19,170
sighting back in 1961 where this guy saw

1810
01:21:25,580 --> 01:21:23,310
saw a UFO they they asked him for pure

1811
01:21:27,620 --> 01:21:25,590
water he gave it to them and they they

1812
01:21:31,180 --> 01:21:27,630
they gave him buckwheat pancakes that

1813
01:21:33,830 --> 01:21:31,190

they cooked on this interstellar hibachi

1814

01:21:35,720 --> 01:21:33,840

and I love that story because there's

1815

01:21:39,650 --> 01:21:35,730

there's just such a you know it's like a

1816

01:21:41,930 --> 01:21:39,660

Monty Python skit but what I love is

1817

01:21:45,950 --> 01:21:41,940

what the et told him he said we want you

1818

01:21:48,140 --> 01:21:45,960

to believe in us but not that much it's

1819

01:21:50,600 --> 01:21:48,150

the same thing you know it's like if you

1820

01:21:53,330 --> 01:21:50,610

if you are an attendant of a wild animal

1821

01:21:55,520 --> 01:21:53,340

park you're tranquilizing lions and

1822

01:21:58,250 --> 01:21:55,530

you're putting tracking devices in them

1823

01:22:00,170 --> 01:21:58,260

and etc you want to see how they react

1824

01:22:02,960 --> 01:22:00,180

to things in their normal environment

1825

01:22:04,700 --> 01:22:02,970

you don't necessarily want everybody to

1826

01:22:06,920 --> 01:22:04,710

be thinking all the time oh I'm being

1827

01:22:09,200 --> 01:22:06,930

watched and I think that it's probably

1828

01:22:11,180 --> 01:22:09,210

the same kind of thing they want us to

1829

01:22:12,710 --> 01:22:11,190

know and and people especially the

1830

01:22:14,780 --> 01:22:12,720

military it's gotten to the point where

1831

01:22:17,300 --> 01:22:14,790

they have to like leak some of this you

1832

01:22:19,550 --> 01:22:17,310

know it's a pressure cooker it's ready

1833

01:22:24,050 --> 01:22:19,560

to blow up so they're not going to hand

1834

01:22:26,150 --> 01:22:24,060

us abduction stories but you know it

1835

01:22:28,060 --> 01:22:26,160

took them 70 some years but here we are

1836

01:22:30,850 --> 01:22:28,070

you know they're finally willing to talk

1837

01:22:33,290 --> 01:22:30,860

reasonably without rolling their eyes

1838

01:22:35,930 --> 01:22:33,300

about the vehicles and that we're being

1839

01:22:38,840 --> 01:22:35,940

visited and and that to me is a good

1840

01:22:41,840 --> 01:22:38,850

thing progress albeit slow

1841

01:22:45,170 --> 01:22:41,850

yeah but Earl are we outdated as a

1842

01:22:47,210 --> 01:22:45,180

general public are we outdated as

1843

01:22:50,060 --> 01:22:47,220

private citizens from the military

1844

01:22:52,780 --> 01:22:50,070

sectors regarding the possibility of

1845

01:22:55,550 --> 01:22:52,790

their actually having a coveting

1846

01:22:58,490 --> 01:22:55,560

technology that could be at the level of

1847

01:23:03,140 --> 01:22:58,500

et level technology so to speak been

1848

01:23:05,990 --> 01:23:03,150

rich in 1994 he said that we have the

1849

01:23:08,360 --> 01:23:06,000

technology to take e.t home but it's all

1850

01:23:10,370 --> 01:23:08,370

locked up in black projects the public

1851
01:23:11,780 --> 01:23:10,380
know about it and so how do you feel

1852
01:23:13,670 --> 01:23:11,790
about the reality of that do you think

1853
01:23:16,760 --> 01:23:13,680
that some of these UFOs are really ours

1854
01:23:17,189 --> 01:23:16,770
I think you know personal opinion and

1855
01:23:18,479 --> 01:23:17,199
that

1856
01:23:21,359 --> 01:23:18,489
you know you can't buy a cup of coffee

1857
01:23:23,910 --> 01:23:21,369
with that but my personal opinion after

1858
01:23:27,060 --> 01:23:23,920
speaking with many aerospace engineers

1859
01:23:29,129 --> 01:23:27,070
who have seen stuff in particular the

1860
01:23:32,759 --> 01:23:29,139
black triangles and some of the you know

1861
01:23:35,459 --> 01:23:32,769
the variants on those they tend to see

1862
01:23:40,520 --> 01:23:35,469
them near flock feed you know the

1863
01:23:42,930 --> 01:23:40,530

Lockheed bass over over in Palmdale

1864

01:23:45,449 --> 01:23:42,940

people see these and they report them

1865

01:23:47,279 --> 01:23:45,459

and what one thing that I keep on

1866

01:23:49,379 --> 01:23:47,289

hearing over and over from these guys

1867

01:23:51,930 --> 01:23:49,389

after I see their badges and after I

1868

01:23:54,180 --> 01:23:51,940

check their credentials is do you know

1869

01:23:58,020 --> 01:23:54,190

how I can get on this project I really

1870

01:24:00,180 --> 01:23:58,030

want to work on this yeah I think that

1871

01:24:02,790 --> 01:24:00,190

problem is possibly and probably some of

1872

01:24:05,279 --> 01:24:02,800

these of our our own the ones that look

1873

01:24:08,540 --> 01:24:05,289

manufactured or probably ours if as a

1874

01:24:11,609 --> 01:24:08,550

nuts-and-bolts it may be of human origin

1875

01:24:13,589 --> 01:24:11,619

and Dean Ashley how do you feel about

1876
01:24:17,969 --> 01:24:13,599
that possibility that some of these UFO

1877
01:24:20,399 --> 01:24:17,979
reports are actually et possibly et

1878
01:24:22,680 --> 01:24:20,409
drive technology and that the military

1879
01:24:25,649 --> 01:24:22,690
industrial complex says Dean Elio is

1880
01:24:27,449 --> 01:24:25,659
stating a little earlier in our chat if

1881
01:24:35,910 --> 01:24:27,459
that's a possibility what do you think

1882
01:24:37,500 --> 01:24:35,920
about that perspective there are some

1883
01:24:39,979 --> 01:24:37,510
aircraft that I've seen that of

1884
01:24:43,739 --> 01:24:39,989
answering videos taken with flares that

1885
01:24:46,439 --> 01:24:43,749
can be explained as aircraft and you

1886
01:24:50,370 --> 01:24:46,449
know upon further evaluation from people

1887
01:24:54,029 --> 01:24:50,380
you know outside you know some kind of

1888
01:24:55,770 --> 01:24:54,039

deep bunkers scientists people they get

1889

01:25:00,029 --> 01:24:55,780

together and analyze these things they

1890

01:25:01,850 --> 01:25:00,039

have you know there's much more

1891

01:25:04,500 --> 01:25:01,860

information than just a video you have

1892

01:25:07,680 --> 01:25:04,510

air traffic control and all that kind of

1893

01:25:10,919 --> 01:25:07,690

stuff but yeah I think there's a mixture

1894

01:25:13,469 --> 01:25:10,929

of both you know I think there is

1895

01:25:15,060 --> 01:25:13,479

someone explained that I would have no

1896

01:25:19,109 --> 01:25:15,070

idea what they are and then some that

1897

01:25:20,520 --> 01:25:19,119

can be easily explained dr. Irina Scott

1898

01:25:23,549 --> 01:25:20,530

can you chime in on that

1899

01:25:27,479 --> 01:25:23,559

after indochine after that well i

1900

01:25:31,020 --> 01:25:27,489

referred to what stanford to us special

1901

01:25:33,590 --> 01:25:31,030

report 14 where the mattel no more

1902

01:25:37,430 --> 01:25:33,600

Institute did a good study of

1903

01:25:40,320 --> 01:25:37,440

characteristics of UFOs and came up with

1904

01:25:42,990 --> 01:25:40,330

the that most of them are miss

1905

01:25:44,990 --> 01:25:43,000

identification but some of them with a

1906

01:25:48,270 --> 01:25:45,000

whole lot of information aren't missing

1907

01:25:51,210 --> 01:25:48,280

notifications and that they came up with

1908

01:25:55,830 --> 01:25:51,220

the probability of less than one out of

1909

01:26:01,560 --> 01:25:55,840

a billion that well-defined UFOs are not

1910

01:26:04,530 --> 01:26:01,570

prosaic objects okay Shane yeah I was

1911

01:26:06,750 --> 01:26:04,540

thinking too that without a doubt we we

1912

01:26:10,760 --> 01:26:06,760

have technology that is twenty thirty

1913

01:26:15,270 --> 01:26:10,770

years you know in the making before we

1914

01:26:17,430 --> 01:26:15,280

see it the a12 the f-117 the b2 all

1915

01:26:20,190 --> 01:26:17,440

those things but everything that we we

1916

01:26:23,070 --> 01:26:20,200

have created apparently it works on the

1917

01:26:28,500 --> 01:26:23,080

basis of thrust and lift and if you see

1918

01:26:30,270 --> 01:26:28,510

a UFO performing in a way that is not

1919

01:26:34,590 --> 01:26:30,280

utilizing thrust and lift and I highly

1920

01:26:35,850 --> 01:26:34,600

doubt that's ours you're basically

1921

01:26:40,880 --> 01:26:35,860

you're saying right you don't think that

1922

01:26:52,710 --> 01:26:49,310

you know possible possible but

1923

01:26:54,810 --> 01:26:52,720

especially when a battlefield and we're

1924

01:26:56,520 --> 01:26:54,820

at at now technology like that could

1925

01:26:57,600 --> 01:26:56,530

prevent it I have a hard time saying

1926

01:26:59,550 --> 01:26:57,610

we're withholding that kind of

1927

01:27:02,100 --> 01:26:59,560

technology when it comes down to you

1928

01:27:05,460 --> 01:27:02,110

know the shedding of blood but you know

1929

01:27:08,010 --> 01:27:05,470

it could be wrong okay and what do we

1930

01:27:10,140 --> 01:27:08,020

see going forward the TTS a show is

1931

01:27:13,350 --> 01:27:10,150

wrapped up now unidentified as in the

1932

01:27:15,330 --> 01:27:13,360

books and that work is done I did see a

1933

01:27:17,850 --> 01:27:15,340

comment from chase mcclutzky this week

1934

01:27:20,010 --> 01:27:17,860

where she had said that basically the

1935

01:27:23,430 --> 01:27:20,020

unidentified show covered what they were

1936

01:27:24,930 --> 01:27:23,440

doing last year and now it's this year

1937

01:27:27,630 --> 01:27:24,940

and they've been doing a whole lot more

1938

01:27:31,520 --> 01:27:27,640

what do we see happening going forward

1939

01:27:42,490 --> 01:27:37,740

anyone the sequel should be called

1940

01:27:58,780 --> 01:27:51,490

I don't know how you top top what you

1941

01:28:00,370 --> 01:27:58,790

have because well hopefully though that

1942

01:28:01,780 --> 01:28:00,380

was facetious everything hasn't been

1943

01:28:04,210 --> 01:28:01,790

released so until they release something

1944

01:28:05,500 --> 01:28:04,220

new then it'll be a sequel and so it

1945

01:28:06,970 --> 01:28:05,510

definitely felt like they were holding

1946

01:28:11,010 --> 01:28:06,980

back a little bit and supposedly

1947

01:28:14,740 --> 01:28:11,020

Bigelow's got some actual material that

1948

01:28:16,390 --> 01:28:14,750

he's procured that that he has that

1949

01:28:18,790 --> 01:28:16,400

they've been analyzing and stuff so

1950

01:28:21,510 --> 01:28:18,800

maybe I'm the next one will be getting

1951

01:28:24,370 --> 01:28:21,520

more into you know the physical evidence

1952

01:28:25,630 --> 01:28:24,380

my huts on that at all during the show I

1953

01:28:27,700 --> 01:28:25,640

thought that was kind of interesting and

1954

01:28:29,770 --> 01:28:27,710

I got a lot of talk in the early

1955

01:28:31,990 --> 01:28:29,780

aftermath I go back to the New York

1956

01:28:33,730 --> 01:28:32,000

Times story but it was not in evidence

1957

01:28:35,950 --> 01:28:33,740

at all during the shower that was

1958

01:28:37,360 --> 01:28:35,960

interesting too regarding the topic of

1959

01:28:40,540 --> 01:28:37,370

metamaterials is what you're talking

1960

01:28:46,300 --> 01:28:40,550

about is that's exactly ok the atom

1961

01:28:48,580 --> 01:28:46,310

project right and then there's some

1962

01:28:50,260 --> 01:28:48,590

other separate project there's the ball

1963

01:28:52,570 --> 01:28:50,270

a Nolan study that's going on too and

1964

01:28:54,160 --> 01:28:52,580

that's where the proof is in the pudding

1965

01:28:58,240 --> 01:28:54,170

on that we'll see if anything comes up

1966

01:29:00,880 --> 01:28:58,250

regarding that go along ok why don't why

1967

01:29:03,010 --> 01:29:00,890

don't you think the identify show did

1968

01:29:04,900 --> 01:29:03,020

how why do you think the unidentified

1969

01:29:08,050 --> 01:29:04,910

show did not bring up metamaterials

1970

01:29:10,060 --> 01:29:08,060

Frank oh it's a good question not really

1971

01:29:12,220 --> 01:29:10,070

sure my only guess would be that they

1972

01:29:13,960 --> 01:29:12,230

just don't have the research done they

1973

01:29:16,990 --> 01:29:13,970

haven't come up with anything that was

1974

01:29:19,450 --> 01:29:17,000

worth going with at this point as Shane

1975

01:29:20,110 --> 01:29:19,460

was saying from their atom project yeah

1976

01:29:23,620 --> 01:29:20,120

did you hear me

1977

01:29:25,870 --> 01:29:23,630

yeah ok ok I think they wanted to focus

1978

01:29:27,670 --> 01:29:25,880

they had they had certain criteria that

1979

01:29:29,500 --> 01:29:27,680

they wanted to bring up they wanted to

1980

01:29:31,630 --> 01:29:29,510

bring up the objects he wanted to bring

1981

01:29:34,960 --> 01:29:31,640

up the pilots reactions he wanted to

1982

01:29:36,280 --> 01:29:34,970

bring up the politicians they you know

1983

01:29:38,260 --> 01:29:36,290

they wanted to show that there was

1984

01:29:40,060 --> 01:29:38,270

Providence to this and they just didn't

1985

01:29:43,960 --> 01:29:40,070

have time left over to do it they had

1986

01:29:46,120 --> 01:29:43,970

six episodes this had an arc you know it

1987

01:29:48,070 --> 01:29:46,130

had a beginning and an ending to it and

1988

01:29:51,220 --> 01:29:48,080

I think that they achieved what they

1989

01:29:54,250 --> 01:29:51,230

were hoping to achieve they covered some

1990

01:29:56,080 --> 01:29:54,260

pretty dense material pretty well yes it

1991

01:29:56,260 --> 01:29:56,090

was it wasn't for us I mean it was for

1992

01:29:58,360 --> 01:29:56,270

the

1993

01:30:01,540 --> 01:29:58,370

general public that was very different

1994

01:30:03,460 --> 01:30:01,550

from ancient aliens episode yes yeah

1995

01:30:06,280 --> 01:30:03,470

it's kind of like baby steps again this

1996

01:30:08,170 --> 01:30:06,290

whole spoon-feeding thing is you know

1997

01:30:09,850 --> 01:30:08,180

you've got to bring everyone up to speed

1998

01:30:10,990 --> 01:30:09,860

in a in a you know in a logical and

1999

01:30:13,510 --> 01:30:11,000

controlled way you don't want to freak

2000

01:30:15,640 --> 01:30:13,520

them out don't overwhelm them so they're

2001

01:30:18,370 --> 01:30:15,650

and I suspect too that they're holding

2002

01:30:21,460 --> 01:30:18,380

off on that because that will be a part

2003

01:30:24,250 --> 01:30:21,470

of season 2 if there is one so yeah I

2004

01:30:25,930 --> 01:30:24,260

mean what a great story that that could

2005

01:30:28,090 --> 01:30:25,940

be right metamaterials oh my god holy

2006

01:30:31,180 --> 01:30:28,100

provenance of it episodes were the

2007

01:30:33,310 --> 01:30:31,190

implication there oh yeah and we know

2008

01:30:36,040 --> 01:30:33,320

dr. Irina she worked over at patel

2009

01:30:39,520 --> 01:30:36,050

institute back in the day and supposedly

2010

01:30:41,800 --> 01:30:39,530

they got the metamaterials from Roswell

2011

01:30:47,010 --> 01:30:41,810

you know what do you think about that

2012

01:30:52,690 --> 01:30:49,360

something was sent from Roswell to

2013

01:30:54,460 --> 01:30:52,700

Battelle and we found one person that

2014

01:30:56,740 --> 01:30:54,470

said he had studied those things and

2015

01:30:59,320 --> 01:30:56,750

when they set up the study they hired

2016

01:31:03,310 --> 01:30:59,330

metallurgist and so a lot of people

2017

01:31:05,590 --> 01:31:03,320

wondered what's going on but the person

2018

01:31:10,690 --> 01:31:05,600

I know that tried the best to find out

2019

01:31:12,550 --> 01:31:10,700

and actually interviewed the people that

2020

01:31:14,800 --> 01:31:12,560

something new something about the study

2021

01:31:16,840 --> 01:31:14,810

just didn't say a thing except one of

2022

01:31:19,960 --> 01:31:16,850

them said we are concerned that's all

2023

01:31:27,250 --> 01:31:19,970

she got out of him well that's pretty

2024

01:31:29,140 --> 01:31:27,260

that's pretty good yeah all right so

2025

01:31:34,350 --> 01:31:29,150

we're just just about to wrap up does

2026

01:31:43,300 --> 01:31:40,630

good job I think it was not rather just

2027

01:31:45,070 --> 01:31:43,310

another UFO show they they set out the

2028

01:31:47,650 --> 01:31:45,080

purpose and I think if they accomplished

2029

01:31:51,850 --> 01:31:47,660

it they brought the conversation to a

2030

01:31:54,130 --> 01:31:51,860

new level and you know cheers and carry

2031

01:31:56,230 --> 01:31:54,140

on is all I have to say and I'm really

2032

01:31:58,570 --> 01:31:56,240

hard to do that it seems like you know

2033

01:32:01,150 --> 01:31:58,580

these guys want to work with other UFO

2034

01:32:03,010 --> 01:32:01,160

investigate or e groups they haven't

2035

01:32:05,530 --> 01:32:03,020

fought against MUFON they haven't fought

2036

01:32:08,140 --> 01:32:05,540

against any of the other you know teams

2037

01:32:10,090 --> 01:32:08,150

that are there they're realizing that we

2038

01:32:11,860 --> 01:32:10,100

all have our role to play

2039

01:32:14,470 --> 01:32:11,870

there are certainly enough UFOs to go

2040

01:32:18,130 --> 01:32:14,480

around and so I'd like to applaud that

2041

01:32:20,520 --> 01:32:18,140

aspect to the show and let's hope I'm

2042

01:32:26,770 --> 01:32:20,530

sure there's a season two as well so

2043

01:32:29,620 --> 01:32:26,780

yeah good good job good anyone else want

2044

01:32:33,400 --> 01:32:29,630

to jump in before we wrap up yeah I

2045

01:32:35,470 --> 01:32:33,410

think people ought to mention that UFOs

2046

01:32:37,930 --> 01:32:35,480

are more respectable now because of that

2047

01:32:45,390 --> 01:32:37,940

if somebody you know rules our eyes tell

2048

01:32:50,530 --> 01:32:48,790

Channel living room you're right I did

2049

01:32:51,910 --> 01:32:50,540

have one last question for our panel and

2050

01:32:55,240 --> 01:32:51,920

that is do you believe that the

2051

01:32:59,640 --> 01:32:55,250

unidentified series show is a form of

2052

01:33:08,680 --> 01:33:05,380

everything is propaganda so what does

2053

01:33:10,660 --> 01:33:08,690

that mean if you're you know you're

2054

01:33:13,270 --> 01:33:10,670

stating these are the findings that we

2055

01:33:14,620 --> 01:33:13,280

have but I mean that show literally to

2056

01:33:17,560 --> 01:33:14,630

be honest about it I think he would

2057

01:33:22,350 --> 01:33:17,570

probably back me up and and so we dave

2058

01:33:24,970 --> 01:33:22,360

is um it could be done in one hour so

2059

01:33:27,280 --> 01:33:24,980

that's the reality of it I mean come on

2060

01:33:29,830 --> 01:33:27,290

so it's it's kind of like this long

2061

01:33:32,980 --> 01:33:29,840

tease and ultimately it's you know it

2062

01:33:35,410 --> 01:33:32,990

serves a function we we can't exist you

2063

01:33:37,930 --> 01:33:35,420

know on on the kindness of strangers as

2064

01:33:40,960 --> 01:33:37,940

Blanche DuBois would say you know it's

2065

01:33:44,380 --> 01:33:40,970

it's it's part of the business and so

2066

01:33:46,690 --> 01:33:44,390

it's a way of doing it in a story or in

2067

01:33:50,080 --> 01:33:46,700

a compelling way that's of interest and

2068

01:33:52,180 --> 01:33:50,090

and so you know at the end of the day

2069

01:33:54,220 --> 01:33:52,190

what is the final message of that you

2070

01:33:56,440 --> 01:33:54,230

know Spielberg is the master at that

2071

01:33:58,660 --> 01:33:56,450

Close Encounters that was a that was a

2072

01:34:00,820 --> 01:33:58,670

message of communion you know coming you

2073

01:34:06,010 --> 01:34:00,830

know connecting and that's okay that's

2074

01:34:09,490 --> 01:34:06,020

not bad but anyway as far as that Keith

2075

01:34:10,570 --> 01:34:09,500

and Keith and Dean as far as the ratings

2076
01:34:12,550 --> 01:34:10,580
are concerned I don't know if you had a

2077
01:34:14,170 --> 01:34:12,560
chance to look at it it seemed like they

2078
01:34:16,690 --> 01:34:14,180
actually held the ancient aliens

2079
01:34:18,460 --> 01:34:16,700
audience and even grew it at least a

2080
01:34:20,470 --> 01:34:18,470
little bit in a couple of the results

2081
01:34:23,170 --> 01:34:20,480
that I saw those ratings good enough to

2082
01:34:23,890 --> 01:34:23,180
keep the show going oh definitely change

2083
01:34:25,330 --> 01:34:23,900
and to be

2084
01:34:28,300 --> 01:34:25,340
something that's important enough to

2085
01:34:30,280 --> 01:34:28,310
bring the mainstream press and covering

2086
01:34:31,950 --> 01:34:30,290
this and keeping that conversation going

2087
01:34:34,810 --> 01:34:31,960
is going to be something that's gonna

2088
01:34:37,000 --> 01:34:34,820

produce more content and raise awareness

2089

01:34:39,490 --> 01:34:37,010

so I think that the fact that they did

2090

01:34:41,410 --> 01:34:39,500

those numbers albeit you know maybe a

2091

01:34:42,669 --> 01:34:41,420

small footprint is pretty significant

2092

01:34:48,640 --> 01:34:42,679

given the size of the community in the

2093

01:34:55,959 --> 01:34:48,650

and a topic that they're covering and

2094

01:34:57,970 --> 01:34:55,969

anyone else more and more interest the

2095

01:35:01,270 --> 01:34:57,980

scientific relation for you followed you

2096

01:35:04,410 --> 01:35:01,280

did an excellent study to the whole

2097

01:35:07,120 --> 01:35:04,420

nimitz and everything yes yes they did

2098

01:35:10,390 --> 01:35:07,130

okay so well yeah let's wrap everything

2099

01:35:13,110 --> 01:35:10,400

up we had a great show today covering a

2100

01:35:15,340 --> 01:35:13,120

basically review of the entire

2101
01:35:16,990 --> 01:35:15,350
unidentified series we touched on a lot

2102
01:35:19,419 --> 01:35:17,000
of points a lot of interesting things

2103
01:35:21,160 --> 01:35:19,429
came up that kept us all at the edge of

2104
01:35:22,990 --> 01:35:21,170
our seat and surprised us a little bit

2105
01:35:25,090 --> 01:35:23,000
so I that's always a good thing it

2106
01:35:27,160 --> 01:35:25,100
wasn't all just rehash they had some new

2107
01:35:29,740 --> 01:35:27,170
material for us we love the show can't

2108
01:35:31,810 --> 01:35:29,750
wait til season two and I'm gonna say

2109
01:35:33,790 --> 01:35:31,820
good night to everybody and thanks for

2110
01:35:34,209 --> 01:35:33,800
joining us and let's go through the

2111
01:35:37,479 --> 01:35:34,219
lineup

2112
01:35:39,070 --> 01:35:37,489
Shane heard from grade Dean Ashley Jeff

2113
01:35:42,220 --> 01:35:39,080

Crouse Jim man

2114

01:35:44,649 --> 01:35:42,230

dr. Irena Scott Alejandro Rojas was not

2115

01:35:46,510 --> 01:35:44,659

able to join us Keith Arum Denali Oh

2116

01:35:48,790 --> 01:35:46,520

towed a baby of course

2117

01:35:51,970 --> 01:35:48,800

Karen Burrard also was not able to join

2118

01:35:54,910 --> 01:35:51,980

us but fantastic lineup a fantastic show

2119

01:35:57,280 --> 01:35:54,920

and thanks everybody and we will see you
