owner of the UFO Congress in Phoenix

14

00:01:54,490 --> 00:01:52,220

Arizona Alejandro Rojas is a director of

15

00:01:57,310 --> 00:01:54,500

operations for open minds production the

16

00:01:59,740 --> 00:01:57,320

host for open minds UFO radio editor and

00:02:02,830 --> 00:01:59,750

contributing writer for open minds TV

18

00:02:05,910 --> 00:02:02,840

and is a UFO researcher welcome to our

19

00:02:08,109 --> 00:02:05,920

show Karen in Alejandro thank you hello

20

00:02:09,580 --> 00:02:08,119

so wonderful to have you on the show

21

00:02:12,100 --> 00:02:09,590

today thank you for taking the time to

22

00:02:13,390 --> 00:02:12,110

be with us the first question I have for

23

00:02:15,760 --> 00:02:13,400

you is we're very excited about

24

00:02:18,460 --> 00:02:15,770

International UFO Congress I know I am I

25

00:02:20,140 --> 00:02:18,470

plan on attending and it looks like you

26

00:02:23,170 --> 00:02:20,150

have a great lineup of guest speakers

27

00:02:24,310 --> 00:02:23,180

please tell us all about it well I feel

28

00:02:26,199 --> 00:02:24,320

like they're a great list of speakers

29

00:02:29,979 --> 00:02:26,209

because I put it together myself

30

00:02:34,530 --> 00:02:29,989

but yeah we have sort of a mixture what

31

00:02:37,180 --> 00:02:34,540

I'd like to do is get about half more

32

00:02:39,690 --> 00:02:37,190

research sightings things that you can

33

00:02:42,699 --> 00:02:39,700

document eyewitnesses and then the other

34

00:02:46,720 --> 00:02:42,709

thing I'd like to include is I'd like to

35

00:02:48,520 --> 00:02:46,730

include contactees because I think if we

36

00:02:50,580 --> 00:02:48,530

have we're going to look at this yes if

37

00:02:52,660 --> 00:02:50,590

we're now believing these UFOs are real

38

00:02:54,100 --> 00:02:52,670

pilots are seeing them lots of people

39
00:02:57,460 --> 00:02:54,110
seeing them and they've been seeing them

40
00:02:59,170 --> 00:02:57,470
for a very long time if we're gonna say

41
00:03:00,580 --> 00:02:59,180
that this is happening and but we don't

42
00:03:03,370 --> 00:03:00,590
know what it is we have to go to the

43
00:03:05,800 --> 00:03:03,380
next step and say if we know that this

44
00:03:07,600 --> 00:03:05,810
is technology that we do not have that

45
00:03:11,199 --> 00:03:07,610
the humans are not capable of yet

46
00:03:12,310 --> 00:03:11,209
then we can surmise that whatever these

47
00:03:14,259 --> 00:03:12,320
in whatever they're from another

48
00:03:16,840 --> 00:03:14,269
generation they have technology we don't

49
00:03:18,340 --> 00:03:16,850
have which means they could be millions

50
00:03:20,080 --> 00:03:18,350
of years ahead of us and if you just

51
00:03:20,650 --> 00:03:20,090
think what's gone on in the last hundred

52
00:03:25,510 --> 00:03:20,660
years

53
00:03:27,280 --> 00:03:25,520
difference in technology from what they

54
00:03:28,450 --> 00:03:27,290
have in what we have and if that's true

55
00:03:31,810 --> 00:03:28,460
then

56
00:03:32,950 --> 00:03:31,820
could have technologies they could be so

57
00:03:35,950 --> 00:03:32,960
many different things that we don't even

58
00:03:37,960 --> 00:03:35,960
understand so why not that they can

59
00:03:40,330 --> 00:03:37,970
visit us why not that there's some

60
00:03:42,070 --> 00:03:40,340
people that they've studied maybe

61
00:03:43,540 --> 00:03:42,080
they've taken them somewhere taking them

62
00:03:46,780 --> 00:03:43,550
in a ship because so many people report

63
00:03:48,000 --> 00:03:46,790

the same exact scenarios and these

64

00:03:50,020 --> 00:03:48,010

aren't people who are into UFOs

65

00:03:52,870 --> 00:03:50,030

beforehand I mean this is something that

66

00:03:54,460 --> 00:03:52,880

happens to them and then they report

67

00:03:56,170 --> 00:03:54,470

that the same things that are happening

68

00:03:58,780 --> 00:03:56,180

over and over so I think we really need

69

00:04:00,070 --> 00:03:58,790

to examine this phenomenon because if

70

00:04:02,920 --> 00:04:00,080

we're gonna say that the U of those are

71

00:04:05,410 --> 00:04:02,930

real we gotta surmise that you know it's

72

00:04:08,680 --> 00:04:05,420

a great possibility that there's some

73

00:04:10,330 --> 00:04:08,690

kind of living being running these in

74

00:04:13,090 --> 00:04:10,340

charge of these so if that's true and if

75

00:04:14,980 --> 00:04:13,100

they have way more technology advanced

76
00:04:16,510 --> 00:04:14,990
technology than we do then make it maybe

77
00:04:18,300 --> 00:04:16,520
they can do things that we can't do

78
00:04:21,460 --> 00:04:18,310
maybe they can read minds maybe they can

79
00:04:23,230 --> 00:04:21,470
make people travel through walls maybe

80
00:04:25,720 --> 00:04:23,240
they can dematerialize and materialize

81
00:04:27,910 --> 00:04:25,730
people just like they did on on Star

82
00:04:29,290 --> 00:04:27,920
Trek so and that's why I like to include

83
00:04:31,810 --> 00:04:29,300
these people because these people are

84
00:04:33,730 --> 00:04:31,820
genuine they're credible and I think

85
00:04:35,020 --> 00:04:33,740
they we need to you know believe what

86
00:04:37,180 --> 00:04:35,030
they're saying and I'm very good friends

87
00:04:39,010 --> 00:04:37,190
with Travis Walton and several of the

88
00:04:40,510 --> 00:04:39,020

witnesses I have interviewed them in

89

00:04:42,430 --> 00:04:40,520

person I'm in contact with them and

90

00:04:45,670 --> 00:04:42,440

they're telling the truth they've gone

91

00:04:47,260 --> 00:04:45,680

this many years 40 plus years saying

92

00:04:49,300 --> 00:04:47,270

that this happened and they haven't

93

00:04:50,920 --> 00:04:49,310

changed their story so I think we really

94

00:04:52,210 --> 00:04:50,930

need to look at that because that's kind

95

00:04:55,330 --> 00:04:52,220

of the next step where we might be

96

00:04:57,010 --> 00:04:55,340

headed yes I agree experiencers

97

00:04:59,200 --> 00:04:57,020

abductees contact these are all

98

00:05:02,500 --> 00:04:59,210

extremely vital regarding being able to

99

00:05:04,000 --> 00:05:02,510

understand their perspectives I also

100

00:05:05,770 --> 00:05:04,010

wanted to talk to you about the

101
00:05:08,290 --> 00:05:05,780
wonderful speakers you have at UFO

102
00:05:09,700 --> 00:05:08,300
Congress it looks like we have a few

103
00:05:11,530 --> 00:05:09,710
though I wanted to mention George Knapp

104
00:05:14,230 --> 00:05:11,540
chase cholesky Jeremy Korbel Mark

105
00:05:16,330 --> 00:05:14,240
Dantonio Travis Walton Paul Hynek James

106
00:05:19,690 --> 00:05:16,340
Fox Kevin day David Hatcher Childress

107
00:05:22,270 --> 00:05:19,700
Chris O'Brien Richard Dolan Tracy a

108
00:05:23,920 --> 00:05:22,280
garbage Calvin Parker and dr. Michael

109
00:05:25,270 --> 00:05:23,930
Paul masters to name a few

110
00:05:29,140 --> 00:05:25,280
can you let us know a little bit more

111
00:05:32,470 --> 00:05:29,150
about any of those folks yes and as far

112
00:05:35,770 --> 00:05:32,480
as the contactees we have quite a few we

113
00:05:38,530 --> 00:05:35,780

have Carolyn Cory we also have Charlotte

114

00:05:42,250 --> 00:05:38,540

man who was the subject of the book

115

00:05:45,100 --> 00:05:42,260

intruders we have Calvin Parker which he

116

00:05:47,410 --> 00:05:45,110

involved in the Pascagoula incident we

117

00:05:49,930 --> 00:05:47,420

have actually Abby Jordan yes I'm sorry

118

00:05:52,140 --> 00:05:49,940

Charlotte man reported that her father

119

00:05:54,130 --> 00:05:52,150

was involved in the cape girardeau

120

00:05:56,380 --> 00:05:54,140

incidents yeah the big cape girardeau

121

00:05:59,140 --> 00:05:56,390

case where charlotte man was the

122

00:06:03,310 --> 00:05:59,150

granddaughter of the pastor who said he

123

00:06:06,340 --> 00:06:03,320

was asked to give last rites to aliens

124

00:06:08,020 --> 00:06:06,350

that had crashed and I know this is one

125

00:06:10,450 --> 00:06:08,030

of the cases for instance the woods are

126
00:06:12,280 --> 00:06:10,460
really into who wrote a book about UFO

127
00:06:14,050 --> 00:06:12,290
crashes yeah I'm sorry about that

128
00:06:16,300 --> 00:06:14,060
it was Debby Jordan Coble she was the

129
00:06:17,980 --> 00:06:16,310
subject of the book intruders and we

130
00:06:20,290 --> 00:06:17,990
have least at any sort of a new person

131
00:06:22,150 --> 00:06:20,300
that you don't normally see and she's

132
00:06:26,680 --> 00:06:22,160
had experience and since she was a child

133
00:06:29,860 --> 00:06:26,690
with beings from wherever there might be

134
00:06:31,990 --> 00:06:29,870
from and also interesting enough Mark

135
00:06:34,780 --> 00:06:32,000
Dantonio is going to talk about

136
00:06:37,810 --> 00:06:34,790
something that he's never in a big forum

137
00:06:40,180 --> 00:06:37,820
talked about he himself has experiences

138
00:06:42,370 --> 00:06:40,190

has contact and even a lot of people

139

00:06:44,230 --> 00:06:42,380

think oh he's a debunker he's the photo

140

00:06:46,750 --> 00:06:44,240

analysis for MUFON and he never believes

141

00:06:49,150 --> 00:06:46,760

anything is something you know

142

00:06:51,130 --> 00:06:49,160

suspicious he always finds an answer for

143

00:06:53,620 --> 00:06:51,140

anything out there well he's had his own

144

00:06:55,120 --> 00:06:53,630

experiences and he's going to talk about

145

00:06:57,250 --> 00:06:55,130

those for the first time so that's going

146

00:07:01,210 --> 00:06:57,260

to be very interesting a scientist who

147

00:07:04,120 --> 00:07:01,220

is a many that wanted to ask you Karen

148

00:07:05,500 --> 00:07:04,130

aside from UFO Congress which is

149

00:07:08,350 --> 00:07:05,510

something that everybody should go to

150

00:07:10,450 --> 00:07:08,360

because it's the largest UFO Congress on

151
00:07:12,700 --> 00:07:10,460
the planet I'm sorry a UFO conference on

152
00:07:14,800 --> 00:07:12,710
the planet wanted to ask you how did you

153
00:07:18,250 --> 00:07:14,810
get involved in this topic that we are

154
00:07:20,620 --> 00:07:18,260
also passionate about researching well

155
00:07:22,480 --> 00:07:20,630
it's kind of interesting I always had an

156
00:07:25,570 --> 00:07:22,490
interest in UFOs I've read some UFO

157
00:07:28,480 --> 00:07:25,580
books growing up actually went to a

158
00:07:30,850 --> 00:07:28,490
Stanton Friedman lecture about 20 years

159
00:07:33,490 --> 00:07:30,860
ago by myself when I was married and had

160
00:07:35,620 --> 00:07:33,500
young kids but then kind of it faded in

161
00:07:38,640 --> 00:07:35,630
the background until about 2011 when I

162
00:07:41,830 --> 00:07:38,650
saw interesting enough I saw a news

163
00:07:44,740 --> 00:07:41,840

segment on the Dome of the rock UFO now

164

00:07:46,750 --> 00:07:44,750

I know that that's been shown to be a

165

00:07:49,480 --> 00:07:46,760

hoax so many people believe it is real

166

00:07:53,290 --> 00:07:49,490

but it's and it happened in Israel that

167

00:07:55,500 --> 00:07:53,300

but it it looks very compelling and it

168

00:07:57,750 --> 00:07:55,510

had different people had

169

00:07:59,580 --> 00:07:57,760

different videos of the same instance so

170

00:08:01,470 --> 00:07:59,590

it just really sparked my interest and I

171

00:08:04,890 --> 00:08:01,480

started looking on the internet about

172

00:08:09,450 --> 00:08:04,900

different UFO sightings and and I came

173

00:08:11,520 --> 00:08:09,460

upon I came upon a page that talked

174

00:08:14,220 --> 00:08:11,530

about the UFO Congress and I had no idea

175

00:08:15,660 --> 00:08:14,230

that that UFO Commerce's even existed

176
00:08:18,510 --> 00:08:15,670
much less there was going to be one in

177
00:08:20,700 --> 00:08:18,520
my city in the next month so I was very

178
00:08:22,860 --> 00:08:20,710
excited and I went to the Congress by

179
00:08:24,600 --> 00:08:22,870
myself didn't know a single soul sat

180
00:08:28,200 --> 00:08:24,610
there took notes all day long but I did

181
00:08:30,240 --> 00:08:28,210
meet a few people I met I met Richard

182
00:08:32,850 --> 00:08:30,250
Dolan who I thought was very credible

183
00:08:35,130 --> 00:08:32,860
I met John Alexander who I already read

184
00:08:37,710 --> 00:08:35,140
his book because I had been that month I

185
00:08:39,150 --> 00:08:37,720
read like 30 books Lesley Kane was there

186
00:08:42,270 --> 00:08:39,160
I had read her books so I was really

187
00:08:45,390 --> 00:08:42,280
excited and I and I learned from Richard

188
00:08:46,890 --> 00:08:45,400

Dolan that there was a MUFON chapter

189

00:08:50,010 --> 00:08:46,900

right in our city and that he was going

190

00:08:52,020 --> 00:08:50,020

to be there in August so I came in

191

00:08:54,630 --> 00:08:52,030

August and I went to the MUFON chapter

192

00:08:57,450 --> 00:08:54,640

here in Phoenix Arizona and they have a

193

00:08:59,040 --> 00:08:57,460

raffle where you can buy a raffle ticket

194

00:09:02,550 --> 00:08:59,050

for a chance to have breakfast with a

195

00:09:04,260 --> 00:09:02,560

speaker at the state directors and the

196

00:09:05,790 --> 00:09:04,270

assistant state directors house you have

197

00:09:06,270 --> 00:09:05,800

breakfast with them and you get to talk

198

00:09:09,150 --> 00:09:06,280

to him

199

00:09:11,190 --> 00:09:09,160

well for some reason I knew in my head

200

00:09:14,610 --> 00:09:11,200

something told me to buy a ticket

201
00:09:16,440 --> 00:09:14,620
because you are going to win and it was

202
00:09:17,700 --> 00:09:16,450
a very strange feeling but it was like

203
00:09:21,150 --> 00:09:17,710
the most certain feeling I've ever had

204
00:09:22,470 --> 00:09:21,160
and I bought this ticket and I waited

205
00:09:23,670 --> 00:09:22,480
and they called the number and I didn't

206
00:09:25,620 --> 00:09:23,680
even look at my number I just waited to

207
00:09:27,270 --> 00:09:25,630
see if anyone else said it was them and

208
00:09:29,700 --> 00:09:27,280
it wasn't so I looked down and I was

209
00:09:32,970 --> 00:09:29,710
like sure enough it was me and I won

210
00:09:36,990 --> 00:09:32,980
this a raffle so the next day I went

211
00:09:38,700 --> 00:09:37,000
over to Stacey Stacey Wright's house her

212
00:09:40,320 --> 00:09:38,710
and Jim man run a Phoenix move on and

213
00:09:42,750 --> 00:09:40,330

Richard omen was there and I got to talk

214

00:09:44,970 --> 00:09:42,760

to them and it was incredible we just

215

00:09:46,710 --> 00:09:44,980

had this instant friendship and I ended

216

00:09:49,590 --> 00:09:46,720

up staying all day and going on a photo

217

00:09:50,790 --> 00:09:49,600

shoot with them going to open minds and

218

00:09:52,950 --> 00:09:50,800

looking at all Wendell Stevens

219

00:09:56,310 --> 00:09:52,960

photographs and books and I was just in

220

00:09:58,020 --> 00:09:56,320

heaven and then Stacey and I just became

221

00:10:00,390 --> 00:09:58,030

really good friends after that so I got

222

00:10:02,900 --> 00:10:00,400

to meet a lot of the different speakers

223

00:10:07,860 --> 00:10:02,910

I kept going to MUFON meanings and

224

00:10:09,570 --> 00:10:07,870

eventually I had met alejandro and after

225

00:10:11,310 --> 00:10:09,580

I had gotten divorced and the

226

00:10:16,110 --> 00:10:11,320

a year later Alejandro and I started

227

00:10:17,880 --> 00:10:16,120

dating and just then after that his boss

228

00:10:19,740 --> 00:10:17,890

decided he didn't want to run the UFO

229

00:10:21,480 --> 00:10:19,750

Congress anymore and so I thought to

230

00:10:24,600 --> 00:10:21,490

myself well I think that's something I

231

00:10:26,460 --> 00:10:24,610

could do and so I invested my retirement

232

00:10:29,490 --> 00:10:26,470

money in it and that's what happened and

233

00:10:30,990 --> 00:10:29,500

that's why I'm here today and Alejandra

234

00:10:32,970 --> 00:10:31,000

have a question for you how did you end

235

00:10:36,329 --> 00:10:32,980

up to be so lucky to have Karen in your

236

00:10:38,430 --> 00:10:36,339

life yeah it's a great story in fact I

237

00:10:40,319 --> 00:10:38,440

want to talk about a few things related

238

00:10:43,410 --> 00:10:40,329

to this well just to preamble it

239

00:10:46,710 --> 00:10:43,420

actually another reason to come to the

240

00:10:49,470 --> 00:10:46,720

UFO Congress is that you a lot of us

241

00:10:51,480 --> 00:10:49,480

struggle with being having an interest

242

00:10:54,930 --> 00:10:51,490

in this topic but our significant others

243

00:10:57,329 --> 00:10:54,940

do not what the UFO Congress you may

244

00:11:00,120 --> 00:10:57,339

meet someone and fall in love and get

245

00:11:02,460 --> 00:11:00,130

married with someone who is into this

246

00:11:05,519 --> 00:11:02,470

stuff and it's happened before so Nick

247

00:11:09,240 --> 00:11:05,529

Pope while he was at the UFO Congress

248

00:11:11,670 --> 00:11:09,250

snuck off during the event I think it

249

00:11:14,430 --> 00:11:11,680

was a Friday and he went and got married

250

00:11:16,110 --> 00:11:14,440

in downtown Phoenix so then he comes

251
00:11:17,910 --> 00:11:16,120
back and I think they were trying to be

252
00:11:21,120 --> 00:11:17,920
kind of quiet about it but news got out

253
00:11:23,280 --> 00:11:21,130
and so you know that was a big deal

254
00:11:24,930 --> 00:11:23,290
especially at the banquet on Saturday we

255
00:11:26,400 --> 00:11:24,940
talked about Nick and his wife who was

256
00:11:30,780 --> 00:11:26,410
there and how they had just gotten

257
00:11:32,760 --> 00:11:30,790
married also the Dolan so alejandro

258
00:11:34,889 --> 00:11:32,770
alejandro that that was a quick

259
00:11:37,350 --> 00:11:34,899
turnaround so yeah I met the future mrs.

260
00:11:42,120 --> 00:11:37,360
Pope that day and then ran off and got

261
00:11:44,780 --> 00:11:42,130
married it happened that quite actually

262
00:11:47,519 --> 00:11:44,790
she as a professor who works out of

263
00:11:50,340 --> 00:11:47,529

California I can't remember what town

264

00:11:53,550 --> 00:11:50,350

San Jose may be something like that but

265

00:11:56,160 --> 00:11:53,560

however they did meet while he was at a

266

00:11:58,199 --> 00:11:56,170

UFO conference so it's all right that's

267

00:12:00,360 --> 00:11:58,209

right she's not into UFOs I forgot why

268

00:12:03,300 --> 00:12:00,370

she was for another kind of conference

269

00:12:05,189 --> 00:12:03,310

oh yeah that's right and so so he just

270

00:12:08,370 --> 00:12:05,199

got married at our conference he didn't

271

00:12:11,639 --> 00:12:08,380

meet her however Richard Dolan and Tracy

272

00:12:13,290 --> 00:12:11,649

Garbutt they got engaged at the UFO

273

00:12:15,720 --> 00:12:13,300

Congress a couple years ago in fact I've

274

00:12:18,590 --> 00:12:15,730

got a great picture of them holding up

275

00:12:21,000 --> 00:12:18,600

the ring because I was walking by and

276

00:12:22,230 --> 00:12:21,010

there was a little bit of commotion I'm

277

00:12:22,950 --> 00:12:22,240

like what's going on over here and

278

00:12:24,840 --> 00:12:22,960

they're like we just

279

00:12:26,190 --> 00:12:24,850

engaged and they showed me the ring and

280

00:12:29,430 --> 00:12:26,200

everything which is really cute

281

00:12:32,280 --> 00:12:29,440

so and this year at this conference

282

00:12:34,350 --> 00:12:32,290

they're both going to be speakers that's

283

00:12:35,820 --> 00:12:34,360

right yeah and what they did meet at a

284

00:12:38,400 --> 00:12:35,830

UFO conference so I'm just telling you

285

00:12:40,200 --> 00:12:38,410

guys come to the conference yeah you

286

00:12:42,210 --> 00:12:40,210

might you know spark some love love

287

00:12:43,950 --> 00:12:42,220

there but let me answer your original

288

00:12:46,920 --> 00:12:43,960

story and it kind of dovetails with what

289

00:12:48,990 --> 00:12:46,930

Karyn had just told you so when she came

290

00:12:52,110 --> 00:12:49,000

to the UFO Congress now I don't remember

291

00:12:54,030 --> 00:12:52,120

this so this is all according to her I'm

292

00:13:00,510 --> 00:12:54,040

not sure if I totally believe the story

293

00:13:03,210 --> 00:13:00,520

or not but do you believe it 2011 this

294

00:13:05,730 --> 00:13:03,220

is now the first time I am responsible

295

00:13:08,610 --> 00:13:05,740

for the UFO Congress first time it's in

296

00:13:10,560 --> 00:13:08,620

Phoenix area first time it's in Phoenix

297

00:13:14,100 --> 00:13:10,570

not only am ia co-organizer but I'm the

298

00:13:15,840 --> 00:13:14,110

host so and I was sick luckily not many

299

00:13:18,090 --> 00:13:15,850

people knew that but my eyes were

300

00:13:21,120 --> 00:13:18,100

running and I could barely keep him open

301
00:13:22,860 --> 00:13:21,130
or see so she says that she kind of she

302
00:13:25,200 --> 00:13:22,870
saw me when I was there and I didn't

303
00:13:27,570 --> 00:13:25,210
even acknowledge her and walked off and

304
00:13:29,670 --> 00:13:27,580
now I don't remember that happening and

305
00:13:32,130 --> 00:13:29,680
of course I was so busy and frantic that

306
00:13:34,590 --> 00:13:32,140
I don't doubt her but I don't even

307
00:13:36,930 --> 00:13:34,600
remember it yes I saw him but he came

308
00:13:39,000 --> 00:13:36,940
behind the ticket the registration area

309
00:13:40,920 --> 00:13:39,010
to talk to Angela I think probably at

310
00:13:42,240 --> 00:13:40,930
the time and I just remember because I

311
00:13:44,010 --> 00:13:42,250
was so new to this I didn't know who

312
00:13:45,510 --> 00:13:44,020
anyone was and I was trying to figure

313
00:13:47,100 --> 00:13:45,520

everything out and I was like who is

314

00:13:48,750 --> 00:13:47,110

this guy how does he get to run a

315

00:13:52,250 --> 00:13:48,760

conference that's really interesting

316

00:13:54,870 --> 00:13:52,260

I wonder you know how this happens so uh

317

00:13:57,030 --> 00:13:54,880

you know and that was weird for me too

318

00:13:59,190 --> 00:13:57,040

because anybody who sees me I don't know

319

00:14:00,840 --> 00:13:59,200

if you've been around I love to smile

320

00:14:02,400 --> 00:14:00,850

and say hi to everybody especially

321

00:14:04,110 --> 00:14:02,410

anybody who makes eye contact some

322

00:14:05,550 --> 00:14:04,120

people who even don't and they maybe

323

00:14:10,620 --> 00:14:05,560

ignore me but whatever it's just

324

00:14:12,930 --> 00:14:10,630

something I like to do and so I but a

325

00:14:14,940 --> 00:14:12,940

few a couple weeks after the conference

326

00:14:19,110 --> 00:14:14,950

like she said she was a Richard Dolan

327

00:14:21,390 --> 00:14:19,120

with speaking at Phoenix MUFON a few

328

00:14:23,100 --> 00:14:21,400

months so that's when I remember Karen

329

00:14:24,840 --> 00:14:23,110

she when she walked in the door I

330

00:14:27,930 --> 00:14:24,850

remember thinking she's just got such a

331

00:14:29,910 --> 00:14:27,940

great smile and a great energy and in

332

00:14:33,390 --> 00:14:29,920

fact you know I was sitting on the other

333

00:14:37,260 --> 00:14:33,400

side of the room and rich of course who

334

00:14:39,930 --> 00:14:37,270

I've known already for years he when she

335

00:14:42,300 --> 00:14:39,940

the ticket to go to breakfast the next

336

00:14:45,240 --> 00:14:42,310

day I kind of caught Rich's eye and I

337

00:14:46,740 --> 00:14:45,250

gave him a thumbs up and he laughed and

338

00:14:48,960 --> 00:14:46,750

he said yeah I could have done worse uh

339

00:14:50,250 --> 00:14:48,970

so you know just that he is gonna be

340

00:14:50,850 --> 00:14:50,260

able to hang out with this this pretty

341

00:14:53,820 --> 00:14:50,860

lady

342

00:14:55,770 --> 00:14:53,830

Karen so she became friends with

343

00:14:57,210 --> 00:14:55,780

actually when she went to open minds I

344

00:15:03,480 --> 00:14:57,220

wasn't there that day but she became

345

00:15:04,950 --> 00:15:03,490

friends with Stacey right and so I was

346

00:15:06,660 --> 00:15:04,960

friends with Stacey and Stacey would

347

00:15:08,400 --> 00:15:06,670

invite me over usually she'll have a

348

00:15:11,160 --> 00:15:08,410

dinner a lot of times before the

349

00:15:13,500 --> 00:15:11,170

speakers come on the next day

350

00:15:15,360 --> 00:15:13,510

Phoenix MUFON gets great speakers

351
00:15:17,790 --> 00:15:15,370
because they've got such a big group and

352
00:15:20,820 --> 00:15:17,800
I Karen would come to these dinners too

353
00:15:22,950 --> 00:15:20,830
and so we would talk and and she had so

354
00:15:24,390 --> 00:15:22,960
many questions but they were a great

355
00:15:27,930 --> 00:15:24,400
question so she would grill me about

356
00:15:29,370 --> 00:15:27,940
this in that with UFOs and so we just

357
00:15:31,140 --> 00:15:29,380
became friends and of course she was

358
00:15:33,180 --> 00:15:31,150
married so I didn't have any you know

359
00:15:36,540 --> 00:15:33,190
thoughts of like trying to hit on or

360
00:15:38,250 --> 00:15:36,550
anything but when she got divorced then

361
00:15:40,770 --> 00:15:38,260
I actually did then I thought you know

362
00:15:42,630 --> 00:15:40,780
what I should ask her out but I was like

363
00:15:44,430 --> 00:15:42,640

in a year you know I'm gonna wait at

364

00:15:45,810 --> 00:15:44,440

least a year after she's divorced I

365

00:15:48,330 --> 00:15:45,820

don't want to be any part of some

366

00:15:50,700 --> 00:15:48,340

rebound thing or something so a year

367

00:15:51,810 --> 00:15:50,710

passes and the Congress is coming up

368

00:15:54,780 --> 00:15:51,820

again and I'm thinking you know what

369

00:15:57,810 --> 00:15:54,790

Karen's gonna go I know maybe I'll ask

370

00:16:00,050 --> 00:15:57,820

her out at the Congress and uh so she

371

00:16:03,900 --> 00:16:00,060

shows up at the Congress with a

372

00:16:05,970 --> 00:16:03,910

boyfriend so I was really bummed we

373

00:16:07,980 --> 00:16:05,980

still had fun actually we hung out a

374

00:16:09,090 --> 00:16:07,990

couple times especially one time when

375

00:16:10,800 --> 00:16:09,100

her boyfriend I don't know his due and

376

00:16:14,880 --> 00:16:10,810

what and we were laughing and having fun

377

00:16:18,390 --> 00:16:14,890

with the the Hank brothers yeah we dug

378

00:16:19,140 --> 00:16:18,400

the Hank Stewart just hilarious you guys

379

00:16:22,440 --> 00:16:19,150

might know him

380

00:16:26,370 --> 00:16:22,450

some of them Caleb and I guess Micah

381

00:16:28,830 --> 00:16:26,380

Micah does graylien report and but then

382

00:16:31,680 --> 00:16:28,840

a few months later we were at again a

383

00:16:37,170 --> 00:16:31,690

UFO conference we were at in Las Vegas

384

00:16:38,970 --> 00:16:37,180

at MUFON and they're you know oh this is

385

00:16:42,120 --> 00:16:38,980

actually pretty funny Jason my coworker

386

00:16:45,120 --> 00:16:42,130

I got back to our table I was gone and

387

00:16:47,070 --> 00:16:45,130

Jason tells me Jason McClellan he says

388

00:16:49,050 --> 00:16:47,080

hey there's a girl here with an a bikini

389

00:16:50,320 --> 00:16:49,060

who wanted to say hi to you and I was

390

00:16:53,380 --> 00:16:50,330

like but

391

00:16:54,520 --> 00:16:53,390

Eddie hate this story it makes me seem

392

00:16:57,730 --> 00:16:54,530

like I was running around in a bikini

393

00:16:59,770 --> 00:16:57,740

which is not exactly true yeah well let

394

00:17:02,910 --> 00:16:59,780

me but let me tell this part then you

395

00:17:06,100 --> 00:17:02,920

can tell that then you could clarify but

396

00:17:06,850 --> 00:17:06,110

so I was like no and I was like okay

397

00:17:09,190 --> 00:17:06,860

what did she look like

398

00:17:11,140 --> 00:17:09,200

and he said she was tall and blonde and

399

00:17:12,550 --> 00:17:11,150

I'm like yeah right and I was like well

400

00:17:14,620 --> 00:17:12,560

how did she look at did she look good at

401
00:17:16,420 --> 00:17:14,630
the bikini and he's like yeah and I was

402
00:17:18,190 --> 00:17:16,430
like you're so full of it dude

403
00:17:19,900 --> 00:17:18,200
you know let's see what's gonna come

404
00:17:22,270 --> 00:17:19,910
into the conference is tall blonde woman

405
00:17:25,240 --> 00:17:22,280
and a bikini and say hi to me so I

406
00:17:27,940 --> 00:17:25,250
thought he was just messing with me but

407
00:17:29,890 --> 00:17:27,950
later that night you know Karen and I

408
00:17:31,870 --> 00:17:29,900
started talking during dinner and she

409
00:17:34,330 --> 00:17:31,880
told me that she no longer had her

410
00:17:35,710 --> 00:17:34,340
boyfriend and so we really got into a

411
00:17:37,570 --> 00:17:35,720
great conversation and then it hit me

412
00:17:39,670 --> 00:17:37,580
and I was like did you come by to say hi

413
00:17:42,070 --> 00:17:39,680

that she was like yeah and I was like

414

00:17:45,550 --> 00:17:42,080

were you in a bikini and she said well

415

00:17:47,590 --> 00:17:45,560

kind of so okay explain oh well it was

416

00:17:49,450 --> 00:17:47,600

it was Las Vegas in the summer it was

417

00:17:51,670 --> 00:17:49,460

like 120 degrees and they hadn't started

418

00:17:52,720 --> 00:17:51,680

yet so I was going to the pool and I'm I

419

00:17:55,030 --> 00:17:52,730

was on the way to the pool with a

420

00:17:56,980 --> 00:17:55,040

cover-up on but it might have had like

421

00:17:58,540 --> 00:17:56,990

you know kind of a mesh cover-up so you

422

00:17:59,890 --> 00:17:58,550

might have been able to see that I had a

423

00:18:01,750 --> 00:17:59,900

bathing suit on underneath but I was

424

00:18:03,070 --> 00:18:01,760

opening my way to the pool when I

425

00:18:04,840 --> 00:18:03,080

stopped and I had I just went through

426

00:18:06,280 --> 00:18:04,850

the vending room to say hi to the open

427

00:18:09,570 --> 00:18:06,290

minds people so that's what happened

428

00:18:13,330 --> 00:18:09,580

yeah there was like nobody in there and

429

00:18:15,790 --> 00:18:13,340

as long as we're clear on that that was

430

00:18:17,470 --> 00:18:15,800

funny and that's that's when essentially

431

00:18:18,310 --> 00:18:17,480

you know I asked her if she wanted to

432

00:18:21,880 --> 00:18:18,320

sit at our table

433

00:18:24,610 --> 00:18:21,890

during the MUFON banquet and she she

434

00:18:26,950 --> 00:18:24,620

actually ditched Stacey at gym to do

435

00:18:29,440 --> 00:18:26,960

that which now I know it was actually

436

00:18:30,700 --> 00:18:29,450

you know for her to actually tell

437

00:18:32,140 --> 00:18:30,710

friends that hey I'm gonna sit with

438

00:18:34,210 --> 00:18:32,150

someone else is kind of a big deal so

439

00:18:36,840 --> 00:18:34,220

and I knew that day and I was like oh

440

00:18:39,250 --> 00:18:36,850

great she must be really it to be so I

441

00:18:41,350 --> 00:18:39,260

asked her to go out that night so we

442

00:18:44,830 --> 00:18:41,360

went out to downtown Vegas and had fun

443

00:18:47,350 --> 00:18:44,840

and then really I think we probably have

444

00:18:49,420 --> 00:18:47,360

talked except for a couple of times when

445

00:18:52,000 --> 00:18:49,430

one or the other of us was traveling

446

00:18:54,910 --> 00:18:52,010

we've probably talked every day since

447

00:18:57,640 --> 00:18:54,920

that day probably almost here do now

448

00:18:58,690 --> 00:18:57,650

yeah yeah I didn't really know I didn't

449

00:19:01,030 --> 00:18:58,700

know if he just wanted and hang out with

450

00:19:02,770 --> 00:19:01,040

me I didn't really know at all and then

451
00:19:03,520 --> 00:19:02,780
when we got to there were rumors that I

452
00:19:05,830 --> 00:19:03,530
was gay

453
00:19:07,390 --> 00:19:05,840
yes there was so I was like well but I

454
00:19:09,430 --> 00:19:07,400
didn't think so cuz I mean I kind of was

455
00:19:11,860 --> 00:19:09,440
feeling a little bit there might be

456
00:19:13,450 --> 00:19:11,870
something there so we get to the Las

457
00:19:15,310 --> 00:19:13,460
Vegas Strip and he grabs my hand and he

458
00:19:17,260 --> 00:19:15,320
goes here I'm gonna hold your hand so

459
00:19:18,880 --> 00:19:17,270
you don't get lost and on my mind I'm

460
00:19:21,880 --> 00:19:18,890
going is it really so I won't get lost

461
00:19:23,800 --> 00:19:21,890
or does he like me you know couple hours

462
00:19:27,520 --> 00:19:23,810
later I figured yeah he actually likes

463
00:19:31,240 --> 00:19:27,530

me so it's nice to know I have a little

464

00:19:33,100 --> 00:19:31,250

insight how Karen had an evil plan to

465

00:19:38,280 --> 00:19:33,110

meet you and it worked out beautifully

466

00:19:46,510 --> 00:19:42,130

yeah we also we also found out that your

467

00:19:48,340 --> 00:19:46,520

dog pumpkin is a TV star he's a legend

468

00:19:51,460 --> 00:19:48,350

please tell us a little bit about Chad

469

00:19:53,470 --> 00:19:51,470

he's amazing well the local news channel

470

00:19:56,890 --> 00:19:53,480

12 News wanted to do an interview with

471

00:20:00,460 --> 00:19:56,900

us on national or international UFO day

472

00:20:01,570 --> 00:20:00,470

so a world UFO day sorry so they called

473

00:20:03,270 --> 00:20:01,580

me asked if they could do an interview

474

00:20:07,120 --> 00:20:03,280

they came over to my house and

475

00:20:10,270 --> 00:20:07,130

interviewed us and then when we saw the

476
00:20:12,520 --> 00:20:10,280
newscast on television they included the

477
00:20:14,590 --> 00:20:12,530
dog as a believer of UFOs and they got a

478
00:20:19,150 --> 00:20:14,600
nice close-up of my Cavalier King

479
00:20:21,700 --> 00:20:19,160
Charles Spaniel pumpkin yeah the

480
00:20:24,160 --> 00:20:21,710
newscaster she was really into animals

481
00:20:26,380 --> 00:20:24,170
and so she wanted a good shot of pumpkin

482
00:20:27,790 --> 00:20:26,390
so we worked on that and little did we

483
00:20:30,610 --> 00:20:27,800
know she would included in the news

484
00:20:32,740 --> 00:20:30,620
piece yes he contributes greatly to the

485
00:20:35,440 --> 00:20:32,750
topic of ufology he is like you were

486
00:20:40,420 --> 00:20:35,450
saying earlier today a controversial

487
00:20:41,890 --> 00:20:40,430
figure he's cute and credible I kind of

488
00:20:43,540 --> 00:20:41,900

wanted just to go over a couple more of

489

00:20:45,700 --> 00:20:43,550

its speakers because I wanna make sure I

490

00:20:49,030 --> 00:20:45,710

already asked you more about those do

491

00:20:50,020 --> 00:20:49,040

thanks sure so um Jeremy Korb is going

492

00:20:52,600 --> 00:20:50,030

to be there and he's going to be

493

00:20:55,600 --> 00:20:52,610

presenting several films and he was

494

00:20:59,220 --> 00:20:55,610

recently on Joe Rogan show because of

495

00:21:02,560 --> 00:20:59,230

his film I think it was the skinwalker

496

00:21:05,530 --> 00:21:02,570

yeah so um he's a really popular figure

497

00:21:08,410 --> 00:21:05,540

right now and gonna show some new films

498

00:21:10,390 --> 00:21:08,420

also well he's gonna show some he's

499

00:21:12,010 --> 00:21:10,400

gonna submit first of all he's good with

500

00:21:13,720 --> 00:21:12,020

her Film Festival he'll have skinwalker

501
00:21:15,340 --> 00:21:13,730
and Liz are there so people can see

502
00:21:16,360 --> 00:21:15,350
those if they have it but he's also

503
00:21:18,940 --> 00:21:16,370
gonna have

504
00:21:21,549 --> 00:21:18,950
two short films that are never be seen

505
00:21:23,350 --> 00:21:21,559
never seen before interviews one with

506
00:21:25,210 --> 00:21:23,360
Edgar Mitchell and the other with Bob

507
00:21:27,370 --> 00:21:25,220
Lazar some more interview footage that

508
00:21:28,720 --> 00:21:27,380
nobody's ever seen that he'll be

509
00:21:30,370 --> 00:21:28,730
presenting at the Congress and he's not

510
00:21:33,250 --> 00:21:30,380
even sure he's gonna share it anywhere

511
00:21:35,830 --> 00:21:33,260
afterwards that's incredible yeah and

512
00:21:39,100 --> 00:21:35,840
speaking of films James Fox who's done

513
00:21:41,409 --> 00:21:39,110

several documentaries are he is fabulous

514

00:21:43,360 --> 00:21:41,419

he's going to be showing his new film

515

00:21:45,640 --> 00:21:43,370

that he's been working on originally it

516

00:21:47,110 --> 00:21:45,650

was called 701 I believe yeah

517

00:21:48,730 --> 00:21:47,120

referring to the number of Blue Book

518

00:21:50,110 --> 00:21:48,740

cases that weren't solved but right now

519

00:21:52,450 --> 00:21:50,120

I'm not sure if they it's called the

520

00:21:54,220 --> 00:21:52,460

phenomenon and we I only know this

521

00:21:56,889 --> 00:21:54,230

because you just sent us a little blurb

522

00:21:58,450 --> 00:21:56,899

about his talk and I've been helping a

523

00:22:00,760 --> 00:21:58,460

little bit with the production with

524

00:22:03,310 --> 00:22:00,770

connecting with people and contacts and

525

00:22:06,490 --> 00:22:03,320

stuff like that and some footage crap

526

00:22:09,130 --> 00:22:06,500

like that but anyway what I want to

527

00:22:11,019 --> 00:22:09,140

bring up is unfortunately a lot about

528

00:22:13,930 --> 00:22:11,029

this film is top secret and I can't

529

00:22:16,090 --> 00:22:13,940

share it but this has been going over on

530

00:22:18,190 --> 00:22:16,100

over the months but they got some

531

00:22:20,470 --> 00:22:18,200

incredible footage that we've been

532

00:22:23,139 --> 00:22:20,480

wanting to get for years

533

00:22:25,180 --> 00:22:23,149

that'll be included in the film they've

534

00:22:26,710 --> 00:22:25,190

got interviews from anybody you can

535

00:22:29,230 --> 00:22:26,720

think of who you wish they would get

536

00:22:31,180 --> 00:22:29,240

talk about UFOs practically they got

537

00:22:34,240 --> 00:22:31,190

interviews with the people who are

538

00:22:37,600 --> 00:22:34,250

backing this film again are incredible

539

00:22:39,639 --> 00:22:37,610

people will be shocked when they hear

540

00:22:41,169 --> 00:22:39,649

who made this whole production who

541

00:22:44,200 --> 00:22:41,179

funded it and got it made sure it

542

00:22:47,409 --> 00:22:44,210

happened so there is a lot of really

543

00:22:49,960 --> 00:22:47,419

exciting stuff with that James Fox's

544

00:22:51,669 --> 00:22:49,970

film and we've all been eagerly awaiting

545

00:22:53,470 --> 00:22:51,679

you know what the heck is he working on

546

00:22:55,510 --> 00:22:53,480

well he'll be sharing some behind the

547

00:22:57,430 --> 00:22:55,520

scenes some clips and a lot about this

548

00:22:59,230 --> 00:22:57,440

for the first time at the UFO Congress

549

00:23:01,090 --> 00:22:59,240

glad you brought him up I wanted to let

550

00:23:03,460 --> 00:23:01,100

everybody know I started interject that

551
00:23:06,970 --> 00:23:03,470
James Fox is a director producer known

552
00:23:09,310 --> 00:23:06,980
for UFOs 50 years of denial done in 97 I

553
00:23:13,510 --> 00:23:09,320
know what I saw in 2014 and natural

554
00:23:16,450 --> 00:23:13,520
heroes in 2004 please go on yes okay

555
00:23:17,980 --> 00:23:16,460
let's see Terry Lovelace he is someone

556
00:23:20,289 --> 00:23:17,990
who's just recently come forward he's

557
00:23:22,539 --> 00:23:20,299
got a book he was at he's a lawyer by

558
00:23:24,880 --> 00:23:22,549
trade but he had something happened to

559
00:23:27,669 --> 00:23:24,890
him an encounter that's very interesting

560
00:23:29,980 --> 00:23:27,679
chewie Schneider she is known as an

561
00:23:31,930 --> 00:23:29,990
author of different kind of travel books

562
00:23:33,760 --> 00:23:31,940
paranormal books and she's gonna do a

563
00:23:36,100 --> 00:23:33,770

talk about the great Texas airship

564

00:23:37,330 --> 00:23:36,110

mystery of 1896 yeah I keep talking

565

00:23:39,340 --> 00:23:37,340

about this one because I'm really

566

00:23:42,610 --> 00:23:39,350

excited this is a great case that I

567

00:23:45,460 --> 00:23:42,620

don't know a whole lot about but and and

568

00:23:48,310 --> 00:23:45,470

our good friend noe Torres from Texas

569

00:23:51,460 --> 00:23:48,320

runs Roswell books he's got some great

570

00:23:53,200 --> 00:23:51,470

talks she he was recommended he

571

00:23:55,120 --> 00:23:53,210

recommended her to us because this talk

572

00:23:57,190 --> 00:23:55,130

about is supposed to be well researched

573

00:23:59,560 --> 00:23:57,200

I mean she's a researcher on other

574

00:24:02,260 --> 00:23:59,570

topics so this is her one UFO topic so

575

00:24:04,030 --> 00:24:02,270

I'm really excited for that one right we

576

00:24:07,480 --> 00:24:04,040

will be interviewing noe Carlos and

577

00:24:09,490 --> 00:24:07,490

Ruben is it yesterday actually later on

578

00:24:12,760 --> 00:24:09,500

in July so we look forward to speaking

579

00:24:16,030 --> 00:24:12,770

with them yeah and then Paul Enoch of

580

00:24:18,310 --> 00:24:16,040

course he was the son of J Allen Hynek

581

00:24:21,340 --> 00:24:18,320

and he's going to talk about how what it

582

00:24:26,080 --> 00:24:21,350

was like growing up as his son we also

583

00:24:27,370 --> 00:24:26,090

have Tracy Garbett who is married to

584

00:24:30,160 --> 00:24:27,380

Richard Dolan and she's going to talk

585

00:24:32,380 --> 00:24:30,170

about her experiences with remote

586

00:24:34,600 --> 00:24:32,390

viewing yeah she's actually being

587

00:24:38,680 --> 00:24:34,610

trained ed she's been breaking up the

588

00:24:40,450 --> 00:24:38,690

recent book about zero sorry dr. Michael

589

00:24:43,090 --> 00:24:40,460

masters he's a professor and he wrote a

590

00:24:45,880 --> 00:24:43,100

book about if aliens maybe could be

591

00:24:48,370 --> 00:24:45,890

simply us but from the futures so he has

592

00:24:50,350 --> 00:24:48,380

this theory and presents that which is

593

00:24:52,299 --> 00:24:50,360

very interesting because there's another

594

00:24:55,060 --> 00:24:52,309

other people who have also thought that

595

00:24:58,960 --> 00:24:55,070

that might be true if you take a human

596

00:25:00,370 --> 00:24:58,970

body and you know theorize forward you

597

00:25:02,500 --> 00:25:00,380

know we hit the babe the brains are

598

00:25:04,330 --> 00:25:02,510

bigger or smarter we use technology we

599

00:25:06,790 --> 00:25:04,340

don't need as many muscles we we start

600

00:25:08,620 --> 00:25:06,800

getting smaller so many um you know

601
00:25:10,060 --> 00:25:08,630
changes that our body would make it it

602
00:25:12,430 --> 00:25:10,070
it kind of makes sense if you think

603
00:25:14,980 --> 00:25:12,440
about well I'd like to ask people do you

604
00:25:16,810 --> 00:25:14,990
think that we'll ever be able to master

605
00:25:19,270 --> 00:25:16,820
time travel in the future that

606
00:25:21,640 --> 00:25:19,280
technology and if they say yes then I

607
00:25:23,200 --> 00:25:21,650
say well you're kind of saying then that

608
00:25:26,680 --> 00:25:23,210
it we could have people from the future

609
00:25:28,600 --> 00:25:26,690
here right now exactly so and I think

610
00:25:31,090 --> 00:25:28,610
that makes it more realistic for people

611
00:25:34,600 --> 00:25:31,100
so I think that's a very credible

612
00:25:36,130 --> 00:25:34,610
possibility for the phenomena in fact if

613
00:25:38,260 --> 00:25:36,140

you guys don't mind what do you guys

614

00:25:40,990 --> 00:25:38,270

think chant and frank about that you

615

00:25:42,659 --> 00:25:41,000

know potential people well if you're

616

00:25:44,460 --> 00:25:42,669

going to travel any great

617

00:25:46,019 --> 00:25:44,470

distance in time you've got to travel a

618

00:25:48,210 --> 00:25:46,029

great distance space too

619

00:25:50,399 --> 00:25:48,220

just to give you an idea if you wanted

620

00:25:52,619 --> 00:25:50,409

to travel six months to the future here

621

00:25:54,090 --> 00:25:52,629

on earth or six months to the past the

622

00:25:56,009 --> 00:25:54,100

earth is going to be on the other side

623

00:25:57,840 --> 00:25:56,019

of the Sun from wherever it is you're at

624

00:26:03,499 --> 00:25:57,850

right at the moment so you're talking

625

00:26:09,239 --> 00:26:07,200

you're not really gonna be able to hold

626
00:26:11,220 --> 00:26:09,249
the universe still for you as you're

627
00:26:13,019 --> 00:26:11,230
traveling about time but you know if you

628
00:26:15,869 --> 00:26:13,029
get beyond that then it's as valid a

629
00:26:17,580 --> 00:26:15,879
theory as anything that's my opinion you

630
00:26:19,560 --> 00:26:17,590
know I hadn't thought of it that way I

631
00:26:21,659 --> 00:26:19,570
guess that some physics say is like how

632
00:26:22,950 --> 00:26:21,669
you bend time so then when it's folded

633
00:26:25,229 --> 00:26:22,960
over it's basically you're wearing

634
00:26:30,539 --> 00:26:25,239
straight through so it's not a point

635
00:26:34,619 --> 00:26:30,549
exactly where you are in space is what

636
00:26:37,979 --> 00:26:34,629
you'll never be in space gonna be all

637
00:26:40,889 --> 00:26:37,989
the way the heck over there galaxy is

638
00:26:44,489 --> 00:26:40,899

moving the earth the solar system is

639

00:26:48,629 --> 00:26:44,499

revolving within the galaxy when you

640

00:26:50,820 --> 00:26:48,639

program in years so when you program

641

00:26:52,859 --> 00:26:50,830

your DeLorean to go into the future

642

00:26:54,659 --> 00:26:52,869

you've got it not only be sure you've

643

00:26:57,960 --> 00:26:54,669

got the time right but also the place

644

00:27:02,220 --> 00:26:57,970

exactly exactly you get those four

645

00:27:04,739 --> 00:27:02,230

points four points well X Y T they be

646

00:27:07,229 --> 00:27:04,749

the ETS must have it down because

647

00:27:09,690 --> 00:27:07,239

they're coming here I wanted to mention

648

00:27:12,359 --> 00:27:09,700

the multiple disciplinary academic

649

00:27:15,349 --> 00:27:12,369

approach and that dr. Michael Paul a

650

00:27:17,789 --> 00:27:15,359

masters has with this topic his a

651
00:27:21,659 --> 00:27:17,799
important book identified flying objects

652
00:27:23,549 --> 00:27:21,669
assess see as we were talking about a

653
00:27:26,009 --> 00:27:23,559
multidisciplinary scientific approach to

654
00:27:27,840 --> 00:27:26,019
the UFO phenomenon is a really important

655
00:27:29,129 --> 00:27:27,850
book and also wanted to mention a little

656
00:27:31,529 --> 00:27:29,139
bit about the author because we've

657
00:27:34,470 --> 00:27:31,539
interviewed him a few times he's not

658
00:27:38,099 --> 00:27:34,480
only very very funny but he's a very

659
00:27:40,710 --> 00:27:38,109
direct individual he knows what he he

660
00:27:42,720 --> 00:27:40,720
his thought processes are very important

661
00:27:44,700 --> 00:27:42,730
he's very confident about them and he's

662
00:27:47,509 --> 00:27:44,710
a professor of biological anthropology

663
00:27:50,580 --> 00:27:47,519

at Montana Montana Tech in Butte Montana

664

00:27:52,019 --> 00:27:50,590

he's also a hunter and we interviewed

665

00:27:55,529 --> 00:27:52,029

him for a fascinating show regarding

666

00:27:56,700 --> 00:27:55,539

aliens and hunting what would somebody

667

00:27:58,860 --> 00:27:56,710

do if they came up

668

00:28:01,320 --> 00:27:58,870

upon aliens who were abducting people

669

00:28:03,360 --> 00:28:01,330

and he just so happened as a hunter to

670

00:28:05,490 --> 00:28:03,370

have a gun on him what would he do and

671

00:28:08,399 --> 00:28:05,500

he said he would put down his weapon and

672

00:28:11,389 --> 00:28:08,409

he would help them because he views them

673

00:28:15,930 --> 00:28:11,399

being extra temperate best rules as

674

00:28:18,389 --> 00:28:15,940

scientists who are doing experiments in

675

00:28:21,120 --> 00:28:18,399

a manner that he deems our I guess

676

00:28:22,799 --> 00:28:21,130

according to him appropriate that's his

677

00:28:25,169 --> 00:28:22,809

perspective and he would help them

678

00:28:27,299 --> 00:28:25,179

regarding their scientific analysis and

679

00:28:28,680 --> 00:28:27,309

studies of that top oh he would help do

680

00:28:30,240 --> 00:28:28,690

the aliens yes you would help you yeah

681

00:28:34,980 --> 00:28:30,250

and it'd be like hey you need another

682

00:28:36,210 --> 00:28:34,990

lab if they're not you know harming us

683

00:28:39,060 --> 00:28:36,220

if they're if that's all they are

684

00:28:41,100 --> 00:28:39,070

actually doing its collecting research I

685

00:28:42,570 --> 00:28:41,110

feel like that that's okay I mean that's

686

00:28:44,669 --> 00:28:42,580

what that's what we do that's what we

687

00:28:47,370 --> 00:28:44,679

would do if we went to some interesting

688

00:28:56,960 --> 00:28:47,380

I was already excited his talk in his

689

00:29:03,570 --> 00:29:00,480

just let them know you know you don't

690

00:29:05,220 --> 00:29:03,580

have to be super serious yeah well I

691

00:29:10,169 --> 00:29:05,230

mean if anyone who knew Alejandro knows

692

00:29:12,779 --> 00:29:10,179

that not to be true you actually nailed

693

00:29:15,930 --> 00:29:12,789

it correctly it that's his perspective

694

00:29:19,200 --> 00:29:15,940

and that is that if it's just simply in

695

00:29:22,529 --> 00:29:19,210

a scientist ient if ik manner for a data

696

00:29:24,149 --> 00:29:22,539

collection that he's fine with that also

697

00:29:26,940 --> 00:29:24,159

talked at some length about how

698

00:29:30,720 --> 00:29:26,950

enthusiastic he would be about traveling

699

00:29:33,389 --> 00:29:30,730

back in time you know anthropology sort

700

00:29:36,060 --> 00:29:33,399

of hands-on in the moment yeah go ahead

701

00:29:40,680 --> 00:29:36,070

sorry about I was just gonna mention um

702

00:29:41,940 --> 00:29:40,690

we recently added Chuck Zukowski and he

703

00:29:44,130 --> 00:29:41,950

has been a friend of ours for a very

704

00:29:45,960 --> 00:29:44,140

long time he was involved in MUFON doing

705

00:29:47,850 --> 00:29:45,970

a lot of the cattle mutilations and he

706

00:29:50,159 --> 00:29:47,860

has a new show called alien highway and

707

00:29:51,720 --> 00:29:50,169

they're going out investigating around

708

00:29:52,799 --> 00:29:51,730

the country they went to Roswell and

709

00:29:55,710 --> 00:29:52,809

it's a very interesting show and he's a

710

00:29:58,289 --> 00:29:55,720

really fun guy also and also Kevin day

711

00:30:00,690 --> 00:29:58,299

who was part of the show unidentified

712

00:30:02,760 --> 00:30:00,700

and he was one of the he's a radar guy

713

00:30:10,120 --> 00:30:02,770

from the Nimitz is that correct very

714

00:30:14,860 --> 00:30:12,769

it's encounter yes you're right

715

00:30:17,899 --> 00:30:14,870

so and he saw these things on radar and

716

00:30:19,999 --> 00:30:17,909

scrambled jets to go out and see what

717

00:30:22,490 --> 00:30:20,009

they were so he'll be talking about that

718

00:30:23,779 --> 00:30:22,500

which will be really interesting and one

719

00:30:26,269 --> 00:30:23,789

thing I wanted to really talk about is

720

00:30:28,159 --> 00:30:26,279

we have experienced their sessions we

721

00:30:30,169 --> 00:30:28,169

have them in the morning and a couple of

722

00:30:33,499 --> 00:30:30,179

the evenings also and they're

723

00:30:37,310 --> 00:30:33,509

facilitated by licensed practitioners we

724

00:30:38,570 --> 00:30:37,320

have therapists and PhDs and they're

725

00:30:39,620 --> 00:30:38,580

they're going to be smaller than they

726

00:30:41,240 --> 00:30:39,630

have in the past because we're gonna

727

00:30:43,279 --> 00:30:41,250

have two different rooms going on at the

728

00:30:44,600 --> 00:30:43,289

same time so everybody will get it you

729

00:30:46,940 --> 00:30:44,610

know more people get a chance to talk

730

00:30:50,320 --> 00:30:46,950

and share their experiences with others

731

00:30:52,999 --> 00:30:50,330

and you know it'll be moderated and so

732

00:30:55,940 --> 00:30:53,009

so things you know we'll try to get as

733

00:30:58,310 --> 00:30:55,950

many people in to talk as we can but

734

00:31:00,259 --> 00:30:58,320

that's something that we like to you

735

00:31:02,090 --> 00:31:00,269

know allow these people a time to talk

736

00:31:03,590 --> 00:31:02,100

about their own experiences so you don't

737

00:31:05,570 --> 00:31:03,600

eat just come in listen to lectures you

738

00:31:07,249 --> 00:31:05,580

also have a chance to talk to other

739

00:31:09,710 --> 00:31:07,259

people about their experiences your own

740

00:31:12,470 --> 00:31:09,720

experiences compare notes and it just

741

00:31:15,019 --> 00:31:12,480

kind of creates a community and and

742

00:31:16,909 --> 00:31:15,029

people really come enjoy those and they

743

00:31:19,610 --> 00:31:16,919

start coming back year after year and it

744

00:31:21,139 --> 00:31:19,620

also it becomes like a family reunion I

745

00:31:22,519 --> 00:31:21,149

think people have been coming back some

746

00:31:24,830 --> 00:31:22,529

of them have come back for every single

747

00:31:26,960 --> 00:31:24,840

one and this will be the 28th year and

748

00:31:29,419 --> 00:31:26,970

Karen actually has one of the most

749

00:31:31,970 --> 00:31:29,429

important points of all is exactly what

750

00:31:34,700 --> 00:31:31,980

she said going to these conferences

751

00:31:36,649 --> 00:31:34,710

especially the UFO Congress one which is

752

00:31:38,990 --> 00:31:36,659

the biggest on the planet it's important

753

00:31:40,909 --> 00:31:39,000

to go to UFO Congress not just for the

754

00:31:43,039 --> 00:31:40,919

reasons we've laid out here and how

755

00:31:45,169 --> 00:31:43,049

wonderful the conference is in general

756

00:31:46,610 --> 00:31:45,179

but because of the lifelong friendships

757

00:31:49,430 --> 00:31:46,620

that you can make when you go to these

758

00:31:50,810 --> 00:31:49,440

conferences and these kinds of

759

00:31:52,460 --> 00:31:50,820

friendships are really important

760

00:31:55,009 --> 00:31:52,470

especially if you want to network and

761

00:31:58,039 --> 00:31:55,019

find out more about the phenomena I

762

00:32:01,940 --> 00:31:58,049

wanted to move on to an interesting

763

00:32:03,710 --> 00:32:01,950

topic and that has go ahead we just have

764

00:32:07,039 --> 00:32:03,720

a couple more people we wanted to

765

00:32:07,509 --> 00:32:07,049

mention cuz I don't we go ahead okay I'm

766

00:32:11,600 --> 00:32:07,519

sorry

767

00:32:14,180 --> 00:32:11,610

go ahead yeah well I especially three of

768

00:32:16,460 --> 00:32:14,190

our best friends that are at the top of

769

00:32:18,320 --> 00:32:16,470

the page we forgot to talked about these

770

00:32:19,879 --> 00:32:18,330

are well the great researchers but some

771

00:32:21,649 --> 00:32:19,889

really good friends too which is chase

772

00:32:22,700 --> 00:32:21,659

glad Suki George Knapp and David Hatcher

773

00:32:24,790 --> 00:32:22,710

Childress now

774

00:32:27,980 --> 00:32:24,800

they don't need much of an introduction

775

00:32:29,750 --> 00:32:27,990

but George Knapp of course has been

776

00:32:31,580 --> 00:32:29,760

breaking the latest greatest news on all

777

00:32:34,820 --> 00:32:31,590

of this and he will be sharing new

778

00:32:37,010 --> 00:32:34,830

updates that he's discovered with a tip

779

00:32:38,510 --> 00:32:37,020

and all of this kind of Pentagon UFO

780

00:32:40,910 --> 00:32:38,520

project and everything that's going on

781

00:32:42,680 --> 00:32:40,920

of course David Hatcher Childress's on

782

00:32:44,450 --> 00:32:42,690

ancient aliens he's always a lot of fun

783

00:32:46,550 --> 00:32:44,460

he lives here in Arizona so we hang out

784

00:32:49,220 --> 00:32:46,560

with him quite a bit he's another cool

785

00:32:51,710 --> 00:32:49,230

funny guy but chase klutz key is one of

786

00:32:54,320 --> 00:32:51,720

our really great friends of course a UFO

787

00:32:56,660 --> 00:32:54,330

researcher she was a director of

788

00:32:58,070 --> 00:32:56,670

Investigations for MUFON for quite some

789

00:32:59,600 --> 00:32:58,080

time and did all kinds of great stuff

790

00:33:01,700 --> 00:32:59,610

with MUFON and now she's kind of being

791

00:33:05,030 --> 00:33:01,710

independent but and even doing lobbying

792

00:33:06,830 --> 00:33:05,040

in Washington Washington DC a bunch of

793

00:33:09,320 --> 00:33:06,840

stuff so she's one of our really good

794

00:33:10,850 --> 00:33:09,330

friends a great researcher so we're

795

00:33:13,850 --> 00:33:10,860

super excited and you know what's cool

796

00:33:16,190 --> 00:33:13,860

about her is last year she volunteered

797

00:33:17,660 --> 00:33:16,200

to work the conference even though she

798

00:33:18,800 --> 00:33:17,670

wasn't a speaker that was so funny

799

00:33:20,300 --> 00:33:18,810

because people would come to the table

800

00:33:21,710 --> 00:33:20,310

and go hey wait you're chase what do you

801

00:33:25,070 --> 00:33:21,720

do are you talking she's like no I'm

802

00:33:26,630 --> 00:33:25,080

just helping out and this year she's

803

00:33:28,460 --> 00:33:26,640

speaking but she's like could I please

804

00:33:29,570 --> 00:33:28,470

help work the front table again and

805

00:33:31,160 --> 00:33:29,580

we're like are you sure you don't have

806

00:33:32,750 --> 00:33:31,170

to it she's like I want to I want to

807

00:33:35,030 --> 00:33:32,760

help out I want to do it guy had so much

808

00:33:38,020 --> 00:33:35,040

fun and of course our family helped out

809

00:33:40,130 --> 00:33:38,030

too so our family is looking forward to

810

00:33:41,690 --> 00:33:40,140

hanging out with her and working with

811

00:33:44,180 --> 00:33:41,700

her at the front desk

812

00:33:46,070 --> 00:33:44,190

she'll be checking you in and giving you

813

00:33:48,410 --> 00:33:46,080

your badge when you come in yeah we love

814

00:33:50,240 --> 00:33:48,420

chase and I just want to touch on I just

815

00:33:51,740 --> 00:33:50,250

want to let every give everybody shout

816

00:33:54,650 --> 00:33:51,750

out we have Christopher O'Brien who's

817

00:33:57,800 --> 00:33:54,660

been a longtime researcher and he's also

818

00:33:59,810 --> 00:33:57,810

presenting a a monitoring system for

819

00:34:02,660 --> 00:33:59,820

UFOs that he's going to be explaining

820

00:34:04,700 --> 00:34:02,670

and presenting in addition Sonya Barrett

821

00:34:06,290 --> 00:34:04,710

she's going to do a lecture called

822

00:34:08,270 --> 00:34:06,300

exploring the technology of mind

823

00:34:09,590 --> 00:34:08,280

consciousness and our DNA reality codes

824

00:34:12,350 --> 00:34:09,600

so I think that's going to be very

825

00:34:14,810 --> 00:34:12,360

interesting sort of a theoretical talk

826

00:34:17,290 --> 00:34:14,820

and and I just wanted to mention we have

827

00:34:20,090 --> 00:34:17,300

on Smith who has been a longtime

828

00:34:21,470 --> 00:34:20,100

therapist who's worked with regression

829

00:34:22,970 --> 00:34:21,480

therapy and worked with people who think

830

00:34:25,610 --> 00:34:22,980

they've had contact she's gonna be one

831

00:34:27,770 --> 00:34:25,620

of the experimenter session facilitators

832

00:34:32,180 --> 00:34:27,780

in addition to Rebecca Hardcastle right

833

00:34:35,540 --> 00:34:32,190

PhD and Kathleen Martin who is the niece

834

00:34:36,419 --> 00:34:35,550

of Betty and Barney Hill a Betty and

835

00:34:38,250 --> 00:34:36,429

Barney also

836

00:34:40,230 --> 00:34:38,260

charge of the abduction research group

837

00:34:43,109 --> 00:34:40,240

right for me fun yeah and then we're

838

00:34:44,369 --> 00:34:43,119

also having lunch lunch workshops this

839

00:34:47,040 --> 00:34:44,379

year this is something that we're doing

840

00:34:48,809 --> 00:34:47,050

new this year so you can come in and

841

00:34:50,579 --> 00:34:48,819

here just if you even just want to

842

00:34:53,639 --> 00:34:50,589

that's all you have as a lunch you can

843

00:34:55,530 --> 00:34:53,649

come and get a lunch box lunch and

844

00:34:57,839 --> 00:34:55,540

listen to you one of our speakers and

845

00:34:59,730 --> 00:34:57,849

we're gonna have Travis Walton he's

846

00:35:01,740 --> 00:34:59,740

gonna be one of our our guests and in

847

00:35:03,329 --> 00:35:01,750

addition Rebecca Hardcastle and David

848

00:35:04,680 --> 00:35:03,339

Hale had your Childress is going to do

849

00:35:07,620 --> 00:35:04,690

once you get more of a one-on-one

850

00:35:10,140 --> 00:35:07,630

close-up session with him

851

00:35:12,990 --> 00:35:10,150

Carolyn Cory Kathleen Martin Richard

852

00:35:15,030 --> 00:35:13,000

Dolan we're also going to be one of the

853

00:35:17,790 --> 00:35:15,040

lunchtime workshops and Carolyn Cory and

854

00:35:21,690 --> 00:35:17,800

Kathleen Martin one of theirs each has

855

00:35:24,150 --> 00:35:21,700

one regression therapy so you'll go in

856

00:35:27,450 --> 00:35:24,160

and be regressed and see what comes out

857

00:35:30,569 --> 00:35:27,460

of that and finally we have a sky watch

858

00:35:32,190 --> 00:35:30,579

with Ben Hansen and Ben Hansen has been

859

00:35:34,859 --> 00:35:32,200

a UFO investigator a paranormal

860

00:35:37,380 --> 00:35:34,869

investigator and he recently he was on

861

00:35:39,900 --> 00:35:37,390

Syfy's factor fake he has a new show on

862

00:35:42,420 --> 00:35:39,910

now I think it's the Travel Channel and

863

00:35:43,920 --> 00:35:42,430

it's ghosts of Morgan City and he's

864

00:35:45,510 --> 00:35:43,930

gonna take us up to South Mountain we're

865

00:35:48,569 --> 00:35:45,520

gonna get on a bus go to South Mountain

866

00:35:50,579 --> 00:35:48,579

and he's going to have his night-vision

867

00:35:52,470 --> 00:35:50,589

goggles there so we'll be able to look

868

00:35:54,660 --> 00:35:52,480

at the sky and he'll explain what people

869

00:35:58,500 --> 00:35:54,670

are seeing yeah we just posted a great

870

00:36:00,240 --> 00:35:58,510

lecture of his from the sky fire summit

871

00:36:03,569 --> 00:36:00,250

which was the 40th anniversary event

872

00:36:05,970 --> 00:36:03,579

near where for Travis Walton near where

873

00:36:10,710 --> 00:36:05,980

his experience happened Karen actually

874

00:36:13,859 --> 00:36:10,720

put that together but on the that was my

875

00:36:16,170 --> 00:36:13,869

work on the UFO Congress YouTube we've

876

00:36:19,680 --> 00:36:16,180

just posted a great lecture by Ben where

877

00:36:22,349 --> 00:36:19,690

he kind of analyzes presidential

878

00:36:25,740 --> 00:36:22,359

statements on Jimmy Kimmel he does like

879

00:36:27,359 --> 00:36:25,750

a you know analyzes their mannerisms and

880

00:36:28,920 --> 00:36:27,369

everything yeah just try to see what if

881

00:36:31,099 --> 00:36:28,930

they're telling the truth but what he

882

00:36:34,230 --> 00:36:31,109

what he thinks that's going on behind

883

00:36:36,180 --> 00:36:34,240

yeah he used to work for the FBI and he

884

00:36:38,280 --> 00:36:36,190

says he's not an expert in this but he

885

00:36:40,319 --> 00:36:38,290

did a lot of work with experts on this

886

00:36:43,349 --> 00:36:40,329

and so he's just applying what he was

887

00:36:47,120 --> 00:36:43,359

able to learn when he was working with

888

00:36:49,740 --> 00:36:47,130

these analysts and the FBI reminds me a

889

00:36:52,380 --> 00:36:49,750

conference the sky fire summit this

890

00:36:55,440 --> 00:36:52,390

in a barn and it was really cold and we

891

00:36:58,230 --> 00:36:55,450

had like makeshift like old video

892

00:37:00,060 --> 00:36:58,240

cassette players in old monitors and it

893

00:37:01,560 --> 00:37:00,070

was the craziest thing but somehow we

894

00:37:02,100 --> 00:37:01,570

pulled it off and the videos don't look

895

00:37:03,600 --> 00:37:02,110

half bad

896

00:37:05,760 --> 00:37:03,610

yeah the videos look like kind of like

897

00:37:09,030 --> 00:37:05,770

stranger things as if they were taken in

898

00:37:11,520 --> 00:37:09,040

the 80s actually couple years ago and

899

00:37:13,290 --> 00:37:11,530

that is covered on open minds dot TVs

900

00:37:18,390 --> 00:37:13,300

that correct that is correct

901
00:37:20,520 --> 00:37:18,400
okay access the UFO Congress YouTube you

902
00:37:23,520 --> 00:37:20,530
can access free videos and we're

903
00:37:25,350 --> 00:37:23,530
uploading all the Skyfire summit videos

904
00:37:26,760 --> 00:37:25,360
right now so there's a few of them up

905
00:37:29,130 --> 00:37:26,770
there already but you can go to a

906
00:37:30,870 --> 00:37:29,140
beautiful Congress YouTube it's

907
00:37:33,870 --> 00:37:30,880
important for our listeners to know and

908
00:37:35,520 --> 00:37:33,880
that if you want to find out what Karen

909
00:37:37,530 --> 00:37:35,530
is talking about regarding topic we're

910
00:37:39,540 --> 00:37:37,540
covering here you can go to youtube and

911
00:37:40,830 --> 00:37:39,550
look up UFO congress is that right and

912
00:37:43,020 --> 00:37:40,840
then they'll find your channel

913
00:37:46,770 --> 00:37:43,030

immediately and you can go to our

914

00:37:48,300 --> 00:37:46,780

website UFO congress and then you can

915

00:37:49,680 --> 00:37:48,310

from there you also can get to what but

916

00:37:53,580 --> 00:37:49,690

we have another video portal that has

917

00:37:55,620 --> 00:37:53,590

all our lectures from back from 2011 on

918

00:37:57,660 --> 00:37:55,630

that you can access through our video

919

00:37:59,040 --> 00:37:57,670

portal from our website and also we have

920

00:38:03,600 --> 00:37:59,050

921

00:38:06,150 --> 00:38:03,610

922

00:38:08,640 --> 00:38:06,160

and flying saucer levitating speakers

923

00:38:11,880 --> 00:38:08,650

and all sorts of things and t-shirts so

924

00:38:13,410 --> 00:38:11,890

you can get to that from there and you

925

00:38:15,060 --> 00:38:13,420

read my mind on that thank you I was

926
00:38:16,890 --> 00:38:15,070
gonna bring up the wonderful products

927
00:38:19,260 --> 00:38:16,900
that you all sell and I want to let our

928
00:38:21,300 --> 00:38:19,270
listeners know you know Karen and

929
00:38:23,010 --> 00:38:21,310
Alejandro are not getting rich and able

930
00:38:25,860 --> 00:38:23,020
to buy their island from this okay this

931
00:38:28,770 --> 00:38:25,870
is to actually support International UFO

932
00:38:30,720 --> 00:38:28,780
Congress which has a I'm sure there's

933
00:38:33,060 --> 00:38:30,730
quite a few costs involved regarding

934
00:38:34,440 --> 00:38:33,070
running that the biggest UFO conference

935
00:38:36,300 --> 00:38:34,450
on the planet

936
00:38:39,120 --> 00:38:36,310
so everybody's supporting that also

937
00:38:41,400 --> 00:38:39,130
supporting open minds TV right the show

938
00:38:45,440 --> 00:38:41,410

and many other things related to what

939

00:38:47,970 --> 00:38:45,450

you all do regarding UFO research right

940

00:38:50,430 --> 00:38:47,980

we're no longer probably the largest

941

00:38:55,310 --> 00:38:50,440

comforts a couple have come in we do

942

00:39:00,480 --> 00:38:58,530

understand it's still the best and it's

943

00:39:01,590 --> 00:39:00,490

research base and and one cool thing

944

00:39:03,180 --> 00:39:01,600

about our conference is you're

945

00:39:05,640 --> 00:39:03,190

guaranteed a seat we don't

946

00:39:07,940 --> 00:39:05,650

run events at the same time because we

947

00:39:10,050 --> 00:39:07,950

want to feature the research so

948

00:39:11,970 --> 00:39:10,060

sometimes people say well I don't even

949

00:39:13,500 --> 00:39:11,980

know this person well the point is well

950

00:39:15,599 --> 00:39:13,510

nobody complains these days because they

951
00:39:17,099 --> 00:39:15,609
know if we're bringing em in even if

952
00:39:20,069 --> 00:39:17,109
they've never heard of this person they

953
00:39:21,540 --> 00:39:20,079
know that we bring great quality people

954
00:39:23,640 --> 00:39:21,550
and that most likely this is going to be

955
00:39:26,280 --> 00:39:23,650
somebody that's great and what we love

956
00:39:28,819 --> 00:39:26,290
about that is we're able to introduce a

957
00:39:31,079 --> 00:39:28,829
lot of people to the field a lot of

958
00:39:33,120 --> 00:39:31,089
researchers got their start because we

959
00:39:34,800 --> 00:39:33,130
gave him a shot at the Congress a lot of

960
00:39:36,480 --> 00:39:34,810
people heard them and we were amazed by

961
00:39:39,690 --> 00:39:36,490
their research and then they were

962
00:39:42,030 --> 00:39:39,700
speaking all over the place so and we're

963
00:39:44,670 --> 00:39:42,040

happy for that and I want to mention our

964

00:39:48,480 --> 00:39:44,680

prices are really reasonable like right

965

00:39:50,460 --> 00:39:48,490

now and we also have that 10% off so you

966

00:39:52,829 --> 00:39:50,470

can do a five-day conference including

967

00:39:54,390 --> 00:39:52,839

Wednesday night dinner and also Saturday

968

00:39:56,040 --> 00:39:54,400

night dinner these are banquets and the

969

00:39:57,780 --> 00:39:56,050

Saturday night one is our Film Festival

970

00:40:00,780 --> 00:39:57,790

awards ceremony and a researcher of the

971

00:40:04,500 --> 00:40:00,790

Year awards for \$2.99

972

00:40:07,740 --> 00:40:04,510

but right now with code hot July you can

973

00:40:10,500 --> 00:40:07,750

get 10% off any tickets so that takes

974

00:40:12,680 --> 00:40:10,510

the price down quite a bit and remember

975

00:40:14,849 --> 00:40:12,690

this is for five days two banquets we're

976

00:40:17,280 --> 00:40:14,859

conferences that are three days one

977

00:40:19,740 --> 00:40:17,290

banquet just most conferences cost the

978

00:40:22,740 --> 00:40:19,750

same or more you don't get two dinners

979

00:40:25,190 --> 00:40:22,750

with that so you can also get a lecture

980

00:40:29,520 --> 00:40:25,200

only pass if you want to do that that's

981

00:40:32,819 --> 00:40:29,530

259 up until the end of July we have a

982

00:40:37,290 --> 00:40:32,829

VIP Starfleet fat pass which with for

983

00:40:38,910 --> 00:40:37,300

that it's \$6.99 with 10% off and with

984

00:40:41,099 --> 00:40:38,920

that you get reserved seating in the

985

00:40:46,559 --> 00:40:41,109

very front two rows you get a special

986

00:40:50,670 --> 00:40:46,569

VIP it's a special out to 10% so you can

987

00:40:52,440 --> 00:40:50,680

take right and take 10% off so we'll

988

00:40:53,819 --> 00:40:52,450

have a special VIP reception for those

989

00:40:57,410 --> 00:40:53,829

people where it's just going to be the

990

00:41:00,359 --> 00:40:57,420

speaker's an open bar you get a t-shirt

991

00:41:03,210 --> 00:41:00,369

with that and you get a choice of one of

992

00:41:05,609 --> 00:41:03,220

your lunchtime workshop or the

993

00:41:06,990 --> 00:41:05,619

experimenter session groups so it's a

994

00:41:09,150 --> 00:41:07,000

really good deal you can also buy just

995

00:41:11,670 --> 00:41:09,160

weekend passes or the Friday through

996

00:41:14,160 --> 00:41:11,680

Sunday passes single days half days

997

00:41:16,020 --> 00:41:14,170

whole days morning afternoon whatever

998

00:41:16,450 --> 00:41:16,030

you want to do you can do that on our

999

00:41:20,680 --> 00:41:16,460

web

1000

00:41:21,670 --> 00:41:20,690

WW UFO Congress comm friends go ahead

1001

00:41:24,040 --> 00:41:21,680

alejandro

1002

00:41:26,260 --> 00:41:24,050

I was just gonna say we also bring our

1003

00:41:28,810 --> 00:41:26,270

whole store so you'll have a lot of

1004

00:41:30,730 --> 00:41:28,820

products there plus we have a great big

1005

00:41:32,589 --> 00:41:30,740

vendor room that's packed and bustling

1006

00:41:33,910 --> 00:41:32,599

all the time and this year we're doing

1007

00:41:38,109 --> 00:41:33,920

something kind of new where we're going

1008

00:41:40,540 --> 00:41:38,119

to have displays and posters for UFO

1009

00:41:42,190 --> 00:41:40,550

sightings we're even gonna have we've

1010

00:41:43,570 --> 00:41:42,200

all always got our aliens there which

1011

00:41:46,390 --> 00:41:43,580

people love but we're also gonna have

1012

00:41:48,730 --> 00:41:46,400

some some UFOs and stuff there too so

1013

00:41:50,230 --> 00:41:48,740

people will kind of have a little Museum

1014

00:41:53,440 --> 00:41:50,240

section where people will be able to

1015

00:41:55,359 --> 00:41:53,450

learn about famous UFO cases as well

1016

00:41:56,680 --> 00:41:55,369

yeah oh and I just want admission this

1017

00:41:58,630 --> 00:41:56,690

year we're gonna have somebody we

1018

00:42:02,490 --> 00:41:58,640

haven't had before and somebody we met

1019

00:42:05,800 --> 00:42:02,500

at a different conference and they sell

1020

00:42:07,810 --> 00:42:05,810

meteors and things made out of meteors

1021

00:42:09,550 --> 00:42:07,820

so this is an actual is it meteor or

1022

00:42:12,310 --> 00:42:09,560

meteorite if it's hit the ground I think

1023

00:42:14,140 --> 00:42:12,320

it's a meat-eor meteorite if it hits the

1024

00:42:16,450 --> 00:42:14,150

ground yeah their meteorite so we've got

1025

00:42:18,099 --> 00:42:16,460

like yeah in fact he's given me a couple

1026

00:42:19,390 --> 00:42:18,109

I've bought maybe one but he's such a

1027

00:42:21,099 --> 00:42:19,400

cool dude we see him at other

1028

00:42:23,500 --> 00:42:21,109

conferences were become friends with him

1029

00:42:25,780 --> 00:42:23,510

but like I have a piece and he's got a

1030

00:42:27,910 --> 00:42:25,790

lot of pieces from that Russian one

1031

00:42:29,230 --> 00:42:27,920

we're blue open windows and stuff like

1032

00:42:32,800 --> 00:42:29,240

that I'm wearing one right now it's

1033

00:42:34,839 --> 00:42:32,810

called yeah green thing yeah I've got a

1034

00:42:37,120 --> 00:42:34,849

piece of that and then there's tektite

1035

00:42:39,790 --> 00:42:37,130

he's got which is pretty rare which at

1036

00:42:42,579 --> 00:42:39,800

the Trinity site or no Trinitite which

1037

00:42:45,070 --> 00:42:42,589

is the sand turned to glass from the

1038

00:42:47,530 --> 00:42:45,080

first nuke and I've got a piece of that

1039

00:42:49,630 --> 00:42:47,540

and a lot of really cool stuff in fact

1040

00:42:52,420 --> 00:42:49,640

he brings some pieces of the Moon and

1041

00:42:54,670 --> 00:42:52,430

Mars that are like tens of thousands of

1042

00:42:56,500 --> 00:42:54,680

dollars and don't let you hold them and

1043

00:42:58,240 --> 00:42:56,510

look at them so it's kind of like a

1044

00:42:59,890 --> 00:42:58,250

little Museum - yeah it's not really

1045

00:43:01,359 --> 00:42:59,900

incredible and he also if you want

1046

00:43:04,240 --> 00:43:01,369

something made out of there you can like

1047

00:43:06,370 --> 00:43:04,250

his father has it's kind of famous

1048

00:43:09,130 --> 00:43:06,380

actually he has a watch face made by

1049

00:43:11,520 --> 00:43:09,140

this well no well no yeah as a moon rock

1050

00:43:14,170 --> 00:43:11,530

a well-known watch designer using that

1051
00:43:16,359 --> 00:43:14,180
that piece and he can have that things

1052
00:43:17,740 --> 00:43:16,369
made for you if you pick out a meteorite

1053
00:43:21,099 --> 00:43:17,750
and you want to watch me out of it he

1054
00:43:22,200 --> 00:43:21,109
can help you but they have all sorts of

1055
00:43:24,790 --> 00:43:22,210
things earrings

1056
00:43:27,640 --> 00:43:24,800
I'll warn you some of our volunteers and

1057
00:43:29,470 --> 00:43:27,650
helpers are law enforcement here in the

1058
00:43:32,620 --> 00:43:29,480
valley and a Phoenix Valley

1059
00:43:33,220 --> 00:43:32,630
so don't try to steal nothing or they'll

1060
00:43:35,950 --> 00:43:33,230
get you

1061
00:43:37,510 --> 00:43:35,960
yeah Marianna yeah I'm definitely going

1062
00:43:39,250 --> 00:43:37,520
to be attending that because I'm a rock

1063
00:43:41,140 --> 00:43:39,260

and I'm a rock collector wanted to

1064

00:43:43,089 --> 00:43:41,150

mention something funny a Jeff Crouse

1065

00:43:46,000 --> 00:43:43,099

the director of a Southern California

1066

00:43:47,589 --> 00:43:46,010

Chapter of MUFON he bought a UFO lab

1067

00:43:50,140 --> 00:43:47,599

from you all he was just so thrilled

1068

00:43:53,859 --> 00:43:50,150

about it and then I also understand that

1069

00:43:56,620 --> 00:43:53,869

you all sold out of the UFO lab when

1070

00:43:58,000 --> 00:43:56,630

Alejandro Rojas was 2d lamps we sold out

1071

00:44:00,190 --> 00:43:58,010

of those at the ones that we had brought

1072

00:44:01,870 --> 00:44:00,200

we haven't still have tons more here at

1073

00:44:05,470 --> 00:44:01,880

our home so you can buy those but the

1074

00:44:07,839 --> 00:44:05,480

alien or the flying levitating UFO the

1075

00:44:11,079 --> 00:44:07,849

flying saucer levitating speaker lamp is

1076

00:44:12,760 --> 00:44:11,089

the one that we sold out but then yeah

1077

00:44:15,310 --> 00:44:12,770

he bought that but we have more now in

1078

00:44:17,050 --> 00:44:15,320

stock so but we did sell out at alien

1079

00:44:18,130 --> 00:44:17,060

Con where Jeff got hairs yes I mean

1080

00:44:21,790 --> 00:44:18,140

they're they're really cool they're

1081

00:44:24,220 --> 00:44:21,800

actually about levitating off the base

1082

00:44:26,319 --> 00:44:24,230

about an inch and a half two inches and

1083

00:44:30,640 --> 00:44:26,329

music actually sounds really good too

1084

00:44:34,540 --> 00:44:30,650

it's theirs oh it's a speaker that's so

1085

00:44:37,210 --> 00:44:34,550

fantastic and emotional yeah and you

1086

00:44:39,520 --> 00:44:37,220

know maybe in a few years it'll be part

1087

00:44:42,040 --> 00:44:39,530

of Siri will have some kind of voice

1088

00:44:44,950 --> 00:44:42,050

activate activated mechanism associated

1089

00:44:51,250 --> 00:44:44,960

with it you could actually attach it to

1090

00:44:52,690 --> 00:44:51,260

your Siri or your Alexa in fact I did

1091

00:44:54,970 --> 00:44:52,700

that for a period of time

1092

00:44:55,720 --> 00:44:54,980

that's incredible I want our listeners

1093

00:44:57,309 --> 00:44:55,730

to be able to see what we're talking

1094

00:44:58,270 --> 00:44:57,319

about because it's such an incredible

1095

00:45:00,910 --> 00:44:58,280

product

1096

00:45:02,380 --> 00:45:00,920

you go to a UFO it can you actually let

1097

00:45:04,900 --> 00:45:02,390

them know the website to go to regarding

1098

00:45:07,410 --> 00:45:04,910

that product yeah you can actually just

1099

00:45:09,940 --> 00:45:07,420

go to it UFO Congress calm and I'll the

1100

00:45:11,859 --> 00:45:09,950

tabs along the top of the page you can

1101

00:45:13,450 --> 00:45:11,869

go to store and all their products are

1102

00:45:15,040 --> 00:45:13,460

found there or if you want to go

1103

00:45:17,650 --> 00:45:15,050

directly to the store you could just do

1104

00:45:20,079 --> 00:45:17,660

store got UFO Congress calm so either

1105

00:45:22,000 --> 00:45:20,089

way I would say go to UFO Congress calm

1106

00:45:24,099 --> 00:45:22,010

first check out all the speakers and

1107

00:45:26,079 --> 00:45:24,109

cool stuff there and once you get your

1108

00:45:31,540 --> 00:45:26,089

ticket in your register then go to the

1109

00:45:34,599 --> 00:45:31,550

store and start buying buying away ideal

1110

00:45:38,319 --> 00:45:34,609

yes in that order Frank did you have any

1111

00:45:41,079 --> 00:45:38,329

questions well yeah I'm really curious

1112

00:45:41,630 --> 00:45:41,089

about some of the the speakers that you

1113

00:45:43,190 --> 00:45:41,640

have

1114

00:45:45,759 --> 00:45:43,200

and can you give us a better idea of

1115

00:45:48,589 --> 00:45:45,769

some of the topics they're gonna become

1116

00:45:50,029 --> 00:45:48,599

okay what's keys and Richard Dolan's

1117

00:45:53,329 --> 00:45:50,039

looks like they have some interesting

1118

00:45:55,309 --> 00:45:53,339

specific things to talk about yeah I

1119

00:45:57,410 --> 00:45:55,319

mean Chase is gonna be talking about the

1120

00:45:59,479 --> 00:45:57,420

UFO game-changer so she's gonna be kind

1121

00:46:03,349 --> 00:45:59,489

of highlighting how we're in a different

1122

00:46:05,450 --> 00:46:03,359

world I mean especially from you know

1123

00:46:08,930 --> 00:46:05,460

when I first met chase maybe 15 years

1124

00:46:10,880 --> 00:46:08,940

ago at least you know there was the

1125

00:46:13,039 --> 00:46:10,890

topic wasn't taken as seriously I think

1126
00:46:15,859 --> 00:46:13,049
over over the last few years it's begun

1127
00:46:17,359 --> 00:46:15,869
to get more serious attention but

1128
00:46:19,309 --> 00:46:17,369
especially of course in the last couple

1129
00:46:22,609 --> 00:46:19,319
of years since we found out that

1130
00:46:25,249 --> 00:46:22,619
Pentagon had a UFO project so the world

1131
00:46:27,319 --> 00:46:25,259
has changed for all of us and she's

1132
00:46:29,859 --> 00:46:27,329
going to be talking about those people

1133
00:46:33,200 --> 00:46:29,869
and then of course george knapp and

1134
00:46:35,509 --> 00:46:33,210
jeremy Korbelt will also be bringing us

1135
00:46:37,729 --> 00:46:35,519
updates from a tip from kind of

1136
00:46:41,779 --> 00:46:37,739
different perspectives through george's

1137
00:46:45,170 --> 00:46:41,789
leaked documents that have mostly all

1138
00:46:47,200 --> 00:46:45,180

been verified as real not that I have

1139

00:46:49,519 --> 00:46:47,210

any doubt that George is a great

1140

00:46:51,650 --> 00:46:49,529

investigative journalist and Yvette's

1141

00:46:54,049 --> 00:46:51,660

these things before he gets them out but

1142

00:46:56,660 --> 00:46:54,059

and then jeremy of course focuses on

1143

00:46:58,279 --> 00:46:56,670

Lazar and skinwalker but especially with

1144

00:47:00,489 --> 00:46:58,289

skinwalker and some people don't know

1145

00:47:03,079 --> 00:47:00,499

and we found this out in Oregon that

1146

00:47:04,759 --> 00:47:03,089

Jeremy had done some great work to find

1147

00:47:06,470 --> 00:47:04,769

out about David flavor this week

1148

00:47:09,009 --> 00:47:06,480

commander who had the tick-tack UFO

1149

00:47:11,359 --> 00:47:09,019

experience with the Nimitz in 2004

1150

00:47:13,430 --> 00:47:11,369

Jeremy's been talking to him for years

1151
00:47:15,019 --> 00:47:13,440
because he did this kind of deep dive he

1152
00:47:17,089 --> 00:47:15,029
was like I'm gonna find this dude and he

1153
00:47:21,190 --> 00:47:17,099
did so he'll be bring us a lot of

1154
00:47:24,380 --> 00:47:21,200
updates along those lines as well but

1155
00:47:26,210 --> 00:47:24,390
beyond that you know like Karen and Joe

1156
00:47:28,970 --> 00:47:26,220
hi like this but beyond that you know

1157
00:47:30,559 --> 00:47:28,980
like she said we tried with the Congress

1158
00:47:33,559 --> 00:47:30,569
even though people who know my work it's

1159
00:47:35,720 --> 00:47:33,569
more on the serious side it's more on

1160
00:47:38,210 --> 00:47:35,730
research and kind of the nuts and bolts

1161
00:47:40,190 --> 00:47:38,220
and less about the experiences and the

1162
00:47:42,049 --> 00:47:40,200
abductees but with the Congress we try

1163
00:47:45,650 --> 00:47:42,059

to cover all the topics that are out

1164

00:47:47,390 --> 00:47:45,660

there and so we have a lot more of that

1165

00:47:49,460 --> 00:47:47,400

sort of thing and all that Karen talk

1166

00:47:51,559 --> 00:47:49,470

about that but another really important

1167

00:47:55,220 --> 00:47:51,569

thing that Karen does we've always tried

1168

00:47:58,550 --> 00:47:55,230

to have on our speaker list as much you

1169

00:48:02,630 --> 00:47:58,560

gender equity as possible and that's

1170

00:48:05,060 --> 00:48:02,640

been a big goal of mine but Karin kind

1171

00:48:07,880 --> 00:48:05,070

of brings a better expertise in that

1172

00:48:11,500 --> 00:48:07,890

arena and so we have a lot more women on

1173

00:48:14,180 --> 00:48:11,510

our on our roster than we typically have

1174

00:48:15,829 --> 00:48:14,190

thankfully and I think that's great so

1175

00:48:17,599 --> 00:48:15,839

that's another I think advantage but you

1176

00:48:19,190 --> 00:48:17,609

wanted to talk about and everybody on

1177

00:48:20,870 --> 00:48:19,200

the line up by just to jump in really

1178

00:48:22,370 --> 00:48:20,880

quick everybody in the lineup that I see

1179

00:48:23,569 --> 00:48:22,380

that I at least I know there work a

1180

00:48:25,670 --> 00:48:23,579

little bit I don't know everybody

1181

00:48:27,349 --> 00:48:25,680

because well like you say you're looking

1182

00:48:29,750 --> 00:48:27,359

to bring in some people some of them are

1183

00:48:32,230 --> 00:48:29,760

not that Hey but everybody's credible

1184

00:48:35,210 --> 00:48:32,240

everybody that I know is exactly we go

1185

00:48:37,250 --> 00:48:35,220

charlatans people that even if they're

1186

00:48:39,260 --> 00:48:37,260

talking about something very French we

1187

00:48:42,500 --> 00:48:39,270

know that that it's they're not making

1188

00:48:44,000 --> 00:48:42,510

stuff up they are genuinely have their

1189

00:48:46,430 --> 00:48:44,010

hearts in the right place and they

1190

00:48:48,170 --> 00:48:46,440

believe you know what they're saying is

1191

00:48:49,790 --> 00:48:48,180

legit they're not trying to trick people

1192

00:48:52,490 --> 00:48:49,800

they're just trying to share information

1193

00:48:53,960 --> 00:48:52,500

they believe it's legit yeah for

1194

00:48:57,589 --> 00:48:53,970

instance um like we mentioned before

1195

00:48:59,720 --> 00:48:57,599

Debbie Jordan Coble she was the central

1196

00:49:02,900 --> 00:48:59,730

figure in Budd Hopkins book intruders

1197

00:49:08,030 --> 00:49:02,910

and it happened this happened in 1983

1198

00:49:13,339 --> 00:49:08,040

and she she was felt like she had an

1199

00:49:14,990 --> 00:49:13,349

abduction and sorry pop that so yeah and

1200

00:49:19,250 --> 00:49:15,000

there was also a a miniseries about it

1201

00:49:21,050 --> 00:49:19,260

um so and she also has gone on to be a

1202

00:49:23,030 --> 00:49:21,060

paranormal researcher so she's going to

1203

00:49:24,620 --> 00:49:23,040

share with you some of her photos and

1204

00:49:27,410 --> 00:49:24,630

her artwork and some of our audio clips

1205

00:49:29,450 --> 00:49:27,420

also that have EVP evidence because

1206

00:49:32,990 --> 00:49:29,460

she's really into the paranormal now but

1207

00:49:36,200 --> 00:49:33,000

um yeah she experienced this Oh in 1983

1208

00:49:42,460 --> 00:49:36,210

hasn't changed her story and oh and

1209

00:49:48,559 --> 00:49:45,500

talked about that so is Kevin right

1210

00:49:51,530 --> 00:49:48,569

right so but with Pascagoula you know

1211

00:49:53,270 --> 00:49:51,540

there's like I said you know I have a

1212

00:49:54,890 --> 00:49:53,280

hard time with experience or type of

1213

00:49:57,500 --> 00:49:54,900

stuff because it's just so weird and

1214

00:49:59,569 --> 00:49:57,510

it's hard to verify but there are a few

1215

00:50:01,430 --> 00:49:59,579

really good cases Travis Walton being

1216

00:50:04,069 --> 00:50:01,440

one of them I mean we're friends with

1217

00:50:05,839 --> 00:50:04,079

them we've met some of the witnesses in

1218

00:50:07,550 --> 00:50:05,849

fact a lot of people don't know this and

1219

00:50:08,930 --> 00:50:07,560

you can't figure this out if you go to

1220

00:50:11,840 --> 00:50:08,940

the UFO Congress

1221

00:50:14,090 --> 00:50:11,850

and see some of the incredible panels

1222

00:50:15,850 --> 00:50:14,100

that we posted there because Karen has

1223

00:50:20,150 --> 00:50:15,860

actually done some of the best work

1224

00:50:22,640 --> 00:50:20,160

finding witnesses to this case so Travis

1225

00:50:25,670 --> 00:50:22,650

is very credible but so is Kelvin

1226

00:50:27,200 --> 00:50:25,680

Parker's calico pascagoula you know I

1227

00:50:31,100 --> 00:50:27,210

think you all have probably interviewed

1228

00:50:32,630 --> 00:50:31,110

him he's very credible and so we'll be

1229

00:50:34,460 --> 00:50:32,640

covering some of that but here's

1230

00:50:36,920 --> 00:50:34,470

experience where they came across you

1231

00:50:39,320 --> 00:50:36,930

know these entities along with a UFO I

1232

00:50:41,680 --> 00:50:39,330

think is a very credible one and when

1233

00:50:44,030 --> 00:50:41,690

you meet him and you hear the details

1234

00:50:46,340 --> 00:50:44,040

it's kind of like the Walton case or

1235

00:50:48,800 --> 00:50:46,350

some of these others meeting the witness

1236

00:50:50,960 --> 00:50:48,810

and hearing it firsthand is some of the

1237

00:50:52,580 --> 00:50:50,970

most compelling one of the most

1238

00:50:53,930 --> 00:50:52,590

compelling aspects sometimes you can

1239

00:50:55,700 --> 00:50:53,940

meet a witness and you're still like I'm

1240

00:50:58,100 --> 00:50:55,710

not sure if they're telling the truth or

1241

00:50:59,540 --> 00:50:58,110

not with Kelvin I think you know he's

1242

00:51:01,130 --> 00:50:59,550

one of these down-to-earth people where

1243

00:51:03,140 --> 00:51:01,140

you're like wow this guy obviously

1244

00:51:06,380 --> 00:51:03,150

believes this really happened to him

1245

00:51:08,480 --> 00:51:06,390

yeah it's an amazing story and I don't

1246

00:51:10,490 --> 00:51:08,490

know if any of you others on the panel

1247

00:51:11,930 --> 00:51:10,500

here are old enough to remember when

1248

00:51:14,900 --> 00:51:11,940

that case actually happened but that

1249

00:51:19,430 --> 00:51:14,910

case was a huge deal on its day yeah

1250

00:51:21,170 --> 00:51:19,440

fortunately I'm too young no I remember

1251

00:51:24,650 --> 00:51:21,180

it well it was it was quite a thrill

1252

00:51:26,270 --> 00:51:24,660

having Calvin on it really was yeah when

1253

00:51:28,040 --> 00:51:26,280

I got in touch with him for the first

1254

00:51:30,380 --> 00:51:28,050

time or actually Philip got in touch

1255

00:51:31,760 --> 00:51:30,390

Philip mantel and he's yeah yeah you got

1256

00:51:33,020 --> 00:51:31,770

interview Kelvin I'm like are you

1257

00:51:34,460 --> 00:51:33,030

kidding heck yeah

1258

00:51:37,550 --> 00:51:34,470

I've wanted to mention a little bit

1259

00:51:40,880 --> 00:51:37,560

about Calvin Gagne Mississippi famous

1260

00:51:42,710 --> 00:51:40,890

for acclaimed UFO abduction in 1973 I'm

1261

00:51:46,700 --> 00:51:42,720

sorry that was that was Charles Hickson

1262

00:51:49,130 --> 00:51:46,710

but Calvin Parker we interviewed him and

1263

00:51:50,870 --> 00:51:49,140

he was a wonderful interview and just to

1264

00:51:53,420 --> 00:51:50,880

touch on the Pascagoula abduction case

1265

00:51:54,830 --> 00:51:53,430

and that is an alleged UFO sighting and

1266

00:51:58,490 --> 00:51:54,840

alien abductions said to have occurred

1267

00:52:01,430 --> 00:51:58,500

in 1973 and I do believe him he came

1268

00:52:06,320 --> 00:52:01,440

across as genuine and he did present a

1269

00:52:08,060 --> 00:52:06,330

very authentic sounding case and we

1270

00:52:09,470 --> 00:52:08,070

interviewed him at length and we really

1271

00:52:11,270 --> 00:52:09,480

thoroughly enjoyed having had the

1272

00:52:13,280 --> 00:52:11,280

privilege of interviewing him yes and

1273

00:52:16,100 --> 00:52:13,290

the most astonishing unbelievable part

1274

00:52:17,630 --> 00:52:16,110

of his story is actually true he had the

1275

00:52:22,480 --> 00:52:17,640

chance to go do the Tonight Show with

1276

00:52:30,580 --> 00:52:29,080

I just want to mention Chris O'Brien

1277

00:52:33,370 --> 00:52:30,590

he's very excited to come to our

1278

00:52:35,410 --> 00:52:33,380

conference and in the past he's studied

1279

00:52:38,080 --> 00:52:35,420

a lot of the new IPs

1280

00:52:40,690 --> 00:52:38,090

UFOs cattle mutilations crypto creatures

1281

00:52:43,930 --> 00:52:40,700

mostly in South Central Colorado and

1282

00:52:46,300 --> 00:52:43,940

north-central New Mexico and he with

1283

00:52:47,980 --> 00:52:46,310

some other people has put together when

1284

00:52:50,650 --> 00:52:47,990

he calls the UFO data acquisition

1285

00:52:52,750 --> 00:52:50,660

project and and they're using it right

1286

00:52:55,840 --> 00:52:52,760

now they've already have it set up in

1287

00:52:57,840 --> 00:52:55,850

the San Luis Valley and it has different

1288

00:53:01,630 --> 00:52:57,850

kind of monitoring systems from a magnet

1289

00:53:06,130 --> 00:53:01,640

magnetometer Exelero accelerometer

1290

00:53:07,090 --> 00:53:06,140

feller Amador it's like all sorts of

1291

00:53:10,480 --> 00:53:07,100

gears

1292

00:53:13,359 --> 00:53:10,490

cameras and motion tracking software to

1293

00:53:17,890 --> 00:53:13,369

catch these things as they come by and

1294

00:53:19,450 --> 00:53:17,900

he's going to present a prototype own or

1295

00:53:23,890 --> 00:53:19,460

I guess it's actually a working program

1296

00:53:26,109 --> 00:53:23,900

yeah I think he deserves a lot of credit

1297

00:53:27,670 --> 00:53:26,119

too because for years there's been

1298

00:53:30,070 --> 00:53:27,680

different groups trying to come up with

1299

00:53:33,130 --> 00:53:30,080

these kind of devices that can capture

1300

00:53:36,849 --> 00:53:33,140

audio or capture video you know and

1301
00:53:39,190 --> 00:53:36,859
other telemetry with UFO sightings we've

1302
00:53:40,720 --> 00:53:39,200
got the UFO data group which a lot of

1303
00:53:42,130 --> 00:53:40,730
these were are people that are into the

1304
00:53:43,780 --> 00:53:42,140
stars some of the scientists Chris

1305
00:53:46,690 --> 00:53:43,790
Mellon was part of this help load off I

1306
00:53:47,710 --> 00:53:46,700
believe even had this UFO data project

1307
00:53:50,020 --> 00:53:47,720
where they were going to do the same

1308
00:53:51,940 --> 00:53:50,030
thing that never came to fruition Mark

1309
00:53:55,359 --> 00:53:51,950
Dantonio has been working with douglas

1310
00:53:58,120 --> 00:53:55,369
trumbull of famous special-effects guru

1311
00:53:59,950 --> 00:53:58,130
but he also is famous for building all

1312
00:54:01,830 --> 00:53:59,960
kinds of technology related to

1313
00:54:04,150 --> 00:54:01,840

moviemaking and he's also into UFOs

1314

00:54:06,160 --> 00:54:04,160

smarty Antonio has been working with

1315

00:54:08,830 --> 00:54:06,170

douglas trumbull on a similar sort of

1316

00:54:10,420 --> 00:54:08,840

project called you photog and i think

1317

00:54:11,800 --> 00:54:10,430

they recently changed her name i can't

1318

00:54:14,530 --> 00:54:11,810

remember what he said the new name was

1319

00:54:17,260 --> 00:54:14,540

but uh but they still haven't gotten

1320

00:54:21,250 --> 00:54:17,270

their act together completely for lack

1321

00:54:23,800 --> 00:54:21,260

of a better term but you know it's great

1322

00:54:25,630 --> 00:54:23,810

that Chris O'Brien as you know is the

1323

00:54:29,109 --> 00:54:25,640

first one out of the gate with an actual

1324

00:54:31,390 --> 00:54:29,119

working device and he's already deployed

1325

00:54:33,760 --> 00:54:31,400

it they're looking for to deploy it

1326
00:54:35,650 --> 00:54:33,770
further and he's gonna be sharing their

1327
00:54:37,089 --> 00:54:35,660
data and about if

1328
00:54:39,190 --> 00:54:37,099
Meishan about this project and I think

1329
00:54:40,299 --> 00:54:39,200
it's done a great job and this is going

1330
00:54:41,980 --> 00:54:40,309
to be something that you can actually

1331
00:54:43,960 --> 00:54:41,990
purchase for yourself and it's going to

1332
00:54:46,180 --> 00:54:43,970
be less than two thousand dollars right

1333
00:54:48,099 --> 00:54:46,190
and then all this data will come

1334
00:54:50,200 --> 00:54:48,109
together in a central air area so we can

1335
00:54:52,599 --> 00:54:50,210
compare all across the world eventually

1336
00:54:53,380 --> 00:54:52,609
what people are seeing and trying to get

1337
00:54:55,960 --> 00:54:53,390
to the bottom of it

1338
00:54:59,890 --> 00:54:55,970

I just want to mention Richard Dolan

1339

00:55:01,809 --> 00:54:59,900

because he's my very first UFO speaker

1340

00:55:04,210 --> 00:55:01,819

my very first friend in this in this

1341

00:55:05,920 --> 00:55:04,220

field so I have a soft spot in my heart

1342

00:55:08,200 --> 00:55:05,930

for him although the first speaker you

1343

00:55:10,480 --> 00:55:08,210

heard was Stan Friedman way back when

1344

00:55:12,490 --> 00:55:10,490

that's right but he was actually my

1345

00:55:16,240 --> 00:55:12,500

first UFO friend that I get your buddy

1346

00:55:18,130 --> 00:55:16,250

asked questions and the first person I

1347

00:55:19,660 --> 00:55:18,140

ever talked to so he's going to be

1348

00:55:21,880 --> 00:55:19,670

talking about men materials in the

1349

00:55:24,819 --> 00:55:21,890

secret science of UFOs

1350

00:55:27,730 --> 00:55:24,829

he's been on dozens of TV shows he's got

1351

00:55:29,260 --> 00:55:27,740

his own website and podcast and he's

1352

00:55:31,089 --> 00:55:29,270

just a wealth of information also

1353

00:55:33,190 --> 00:55:31,099

yeah I'm really interested what he has

1354

00:55:34,930 --> 00:55:33,200

to say here because you know with the

1355

00:55:38,140 --> 00:55:34,940

television show unidentified which is

1356

00:55:39,910 --> 00:55:38,150

covering on to the Stars work I thought

1357

00:55:42,640 --> 00:55:39,920

we were gonna hear more about these

1358

00:55:44,099 --> 00:55:42,650

alleged anomalous materials that they

1359

00:55:46,510 --> 00:55:44,109

had I don't remember hearing anything

1360

00:55:48,640 --> 00:55:46,520

yeah but they didn't you're right they

1361

00:55:51,519 --> 00:55:48,650

did there wasn't an unidentified at all

1362

00:55:53,680 --> 00:55:51,529

so we still don't know a whole lot like

1363

00:55:55,720 --> 00:55:53,690

if you do research you can find bits and

1364

00:55:57,460 --> 00:55:55,730

pieces here and there but you've got to

1365

00:55:58,870 --> 00:55:57,470

kind of compile it yourself there are

1366

00:56:00,430 --> 00:55:58,880

some people out there who have put

1367

00:56:03,010 --> 00:56:00,440

together some stories here and there

1368

00:56:05,200 --> 00:56:03,020

Jacques Vallee has released a little bit

1369

00:56:08,349 --> 00:56:05,210

of information but I'm really excited

1370

00:56:10,539 --> 00:56:08,359

that Dolan is doing this talk because I

1371

00:56:12,250 --> 00:56:10,549

think he'll be putting together a lot

1372

00:56:14,650 --> 00:56:12,260

more information so we'll have a better

1373

00:56:16,450 --> 00:56:14,660

picture of what might be out there and

1374

00:56:18,519 --> 00:56:16,460

what two stars might be looking at and

1375

00:56:20,500 --> 00:56:18,529

what they may have found well I have

1376

00:56:23,920 --> 00:56:20,510

been nice enough to go ahead and do that

1377

00:56:26,650 --> 00:56:23,930

starting let's see it was a December of

1378

00:56:29,319 --> 00:56:26,660

17 so I've got a little bit compiled for

1379

00:56:32,200 --> 00:56:29,329

the folks I'll post a link at and you

1380

00:56:35,609 --> 00:56:32,210

can go over to my website and take a

1381

00:56:40,269 --> 00:56:35,619

look at that so that's UFO Cartesian a

1382

00:56:44,049 --> 00:56:40,279

partisan partisan right yeah the link is

1383

00:56:46,539 --> 00:56:44,059

in the chat but yeah that that was very

1384

00:56:48,680 --> 00:56:46,549

interesting you know it's a very

1385

00:56:50,930 --> 00:56:48,690

interesting phenomenon because

1386

00:56:53,029 --> 00:56:50,940

was you know I've been hearing stories

1387

00:56:53,690 --> 00:56:53,039

about people finding odd fragments and

1388

00:56:55,279 --> 00:56:53,700

this and that

1389

00:56:57,410 --> 00:56:55,289

and they would spend a lot of money to

1390

00:57:00,170 --> 00:56:57,420

get him tested and all they would end up

1391

00:57:01,970 --> 00:57:00,180

with was basically a big bill and we're

1392

00:57:04,180 --> 00:57:01,980

going to hear about this and that take a

1393

00:57:06,620 --> 00:57:04,190

little bit of a deeper look and

1394

00:57:08,690 --> 00:57:06,630

professor Stuart's work from Stanford

1395

00:57:11,329 --> 00:57:08,700

with some material that he picked up in

1396

00:57:13,460 --> 00:57:11,339

Brazil and some of the other stuff it's

1397

00:57:14,990 --> 00:57:13,470

it's quite interesting and we will see

1398

00:57:18,650 --> 00:57:15,000

what comes of it I think we're kind of

1399

00:57:19,880 --> 00:57:18,660

in a wait-and-see area now though as far

1400

00:57:21,470 --> 00:57:19,890

as that the proof is sort of in the

1401

00:57:22,760 --> 00:57:21,480

point they've got to finish up the

1402

00:57:27,039 --> 00:57:22,770

testing and we'll see what they've got

1403

00:57:30,770 --> 00:57:27,049

so it's kind of where it's at now but

1404

00:57:33,380 --> 00:57:30,780

it's complicated and the bar is so high

1405

00:57:35,329 --> 00:57:33,390

I mean you have to really have your

1406

00:57:37,160 --> 00:57:35,339

ducks in a row and your science has to

1407

00:57:38,650 --> 00:57:37,170

be really good if you're gonna be

1408

00:57:40,880 --> 00:57:38,660

convincing

1409

00:57:43,910 --> 00:57:40,890

fortunately you also have to get people

1410

00:57:46,490 --> 00:57:43,920

to pay attention but the credibility and

1411

00:57:47,839 --> 00:57:46,500

the background of some of these people

1412

00:57:50,059 --> 00:57:47,849

involved with to the stars

1413

00:57:53,180 --> 00:57:50,069

it kind of makes it impossible to ignore

1414

00:57:55,309 --> 00:57:53,190

any of their alleged findings so I think

1415

00:57:57,559 --> 00:57:55,319

that whatever they find will be highly

1416

00:57:59,690 --> 00:57:57,569

scrutinized so hopefully they've done

1417

00:58:03,410 --> 00:57:59,700

their homework too if they're gonna make

1418

00:58:05,900 --> 00:58:03,420

any claims that are you know that are

1419

00:58:08,029 --> 00:58:05,910

that they have something anomalous that

1420

00:58:09,920 --> 00:58:08,039

I hope they've really done their

1421

00:58:12,049 --> 00:58:09,930

homework so that when it does get

1422

00:58:13,519 --> 00:58:12,059

scrutinized by the scientific community

1423

00:58:16,970 --> 00:58:13,529

that you know they come to the same

1424

00:58:18,859 --> 00:58:16,980

conclusions which will be groundbreaking

1425

00:58:22,160 --> 00:58:18,869

that'll be really a man

1426

00:58:23,990 --> 00:58:22,170

well hey before I check out cuz I have

1427

00:58:26,240 --> 00:58:24,000

to go work on the conference I just

1428

00:58:27,559 --> 00:58:26,250

wanted to say um everyone always tells

1429

00:58:30,559 --> 00:58:27,569

me that how much fun they have at our

1430

00:58:32,809 --> 00:58:30,569

conference and the fact that it's they

1431

00:58:35,390 --> 00:58:32,819

feel so much of a togetherness because

1432

00:58:37,099 --> 00:58:35,400

we only have one room everybody's in one

1433

00:58:39,410 --> 00:58:37,109

room together and you'd only have to

1434

00:58:40,640 --> 00:58:39,420

walk a few steps over to the to the

1435

00:58:42,470 --> 00:58:40,650

vending room if you want to check out

1436

00:58:45,319 --> 00:58:42,480

all the things that people have for sale

1437

00:58:47,359 --> 00:58:45,329

and they have a we have also we have

1438

00:58:48,950 --> 00:58:47,369

hands-on therapies and people are doing

1439

00:58:50,569 --> 00:58:48,960

readings and things like that

1440

00:58:52,130 --> 00:58:50,579

and turn to places to hang out because

1441

00:58:53,779 --> 00:58:52,140

people love to hang out with each other

1442

00:58:55,730 --> 00:58:53,789

yeah we're gonna have a by the pool

1443

00:58:57,140 --> 00:58:55,740

where there's a bar area and the pool

1444

00:58:58,970 --> 00:58:57,150

and we're gonna have some music for

1445

00:59:01,769 --> 00:58:58,980

people to enjoy it in the evening

1446

00:59:04,630 --> 00:59:01,779

Travis always brings his guitar

1447

00:59:06,309 --> 00:59:04,640

people always seem to break out those

1448

00:59:09,009 --> 00:59:06,319

guitars and be singing around the

1449

00:59:11,140 --> 00:59:09,019

outside and around the fires and stuff

1450

00:59:12,400 --> 00:59:11,150

so um I just want to say you know people

1451

00:59:13,870 --> 00:59:12,410

really love this they come back year

1452

00:59:16,989 --> 00:59:13,880

after year and I guarantee you'll have a

1453

00:59:18,910 --> 00:59:16,999

great time if you come now as far as the

1454

00:59:20,979 --> 00:59:18,920

folks who show up is there sort of a

1455

00:59:23,019 --> 00:59:20,989

breakdown between local folks and people

1456

00:59:26,190 --> 00:59:23,029

come in from out of town and after it

1457

00:59:29,140 --> 00:59:26,200

rooms and so on and so forth and I

1458

00:59:31,269 --> 00:59:29,150

personally at the Sheraton by the way go

1459

00:59:34,329 --> 00:59:31,279

ahead yeah it's at the Sheraton downtown

1460

00:59:38,109 --> 00:59:34,339

next year and in the past we've been at

1461

00:59:40,930 --> 00:59:38,119

a casino a gorgeous Casino Resort that's

1462

00:59:43,390 --> 00:59:40,940

about 20 minutes away so it's a little

1463

00:59:45,849 --> 00:59:43,400

further out of town but even then I

1464

00:59:47,920 --> 00:59:45,859

think we've had about a 50/50 mix yeah I

1465

00:59:50,200 --> 00:59:47,930

think it's about right but this year

1466

00:59:54,999 --> 00:59:50,210

since we're downtown I think we're gonna

1467

00:59:57,339 --> 00:59:55,009

have a lot of locals now the locals

1468

00:59:59,249 --> 00:59:57,349

don't often go into lectures as much at

1469

01:00:02,079 --> 00:59:59,259

least those who come just for this day

1470

01:00:03,670 --> 01:00:02,089

casually the locals although we do have

1471

01:00:06,190 --> 01:00:03,680

a lot of locals that register and get

1472

01:00:07,779 --> 01:00:06,200

full passes you know the casual ones

1473

01:00:09,279 --> 01:00:07,789

hear about it because we get lots of

1474

01:00:11,589 --> 01:00:09,289

media coverage hear about it from the

1475

01:00:14,079 --> 01:00:11,599

news they come and go and they go to the

1476

01:00:15,640 --> 01:00:14,089

vendor room and so but it creates a

1477

01:00:18,670 --> 01:00:15,650

great environment it's turning new

1478

01:00:21,670 --> 01:00:18,680

people on to stuff and it's also you

1479

01:00:23,349 --> 01:00:21,680

know it creates a lot of energy where

1480

01:00:24,880 --> 01:00:23,359

you have all these people coming into

1481

01:00:26,499 --> 01:00:24,890

the vendor room and buying stuff and

1482

01:00:28,059 --> 01:00:26,509

looking around it's a lot of fun that

1483

01:00:29,950 --> 01:00:28,069

way and then you have the hardcores

1484

01:00:32,380 --> 01:00:29,960

you know in the lecture we're watching

1485

01:00:36,479 --> 01:00:32,390

the lectures so yeah I think this year

1486

01:00:38,799 --> 01:00:36,489

it'll probably be more like a 75% locals

1487

01:00:40,329 --> 01:00:38,809

other than people but we have people

1488

01:00:46,509 --> 01:00:40,339

come from all over the world typically

1489

01:00:48,099 --> 01:00:46,519

people from Australia the UK Japan all

1490

01:00:50,859 --> 01:00:48,109

over the place Australia did you say

1491

01:00:53,559 --> 01:00:50,869

Australia I did yeah and I just want to

1492

01:00:56,349 --> 01:00:53,569

add because it's so close to the airport

1493

01:00:57,789 --> 01:00:56,359

an uber it's less than five miles away

1494

01:01:00,009 --> 01:00:57,799

you could take an uber and lyft or you

1495

01:01:01,959 --> 01:01:00,019

can also get on the train straight from

1496

01:01:03,519 --> 01:01:01,969

the airport you get on a train it takes

1497

01:01:04,989 --> 01:01:03,529

you to the other train station you

1498

01:01:06,910 --> 01:01:04,999

transfer to a different train and it

1499

01:01:08,529 --> 01:01:06,920

takes you within two blocks of the hotel

1500

01:01:12,130 --> 01:01:08,539

so you don't even need to rent a car

1501

01:01:14,860 --> 01:01:12,140

right and also can you please let us

1502

01:01:18,760 --> 01:01:14,870

know that code again was it hot July yes

1503

01:01:23,110 --> 01:01:18,770

July count all caps h o TG u ly the next

1504

01:01:24,700 --> 01:01:23,120

one we should have cool September yeah

1505

01:01:27,100 --> 01:01:24,710

that'll be the next one because it's hot

1506

01:01:31,810 --> 01:01:27,110

out here in July right and you mean H o

1507

01:01:35,380 --> 01:01:31,820

TJ you ly right yes okay yes understood

1508

01:01:35,800 --> 01:01:35,390

on UFO Congress calm that's right you

1509

01:01:37,930 --> 01:01:35,810

got it

1510

01:01:40,270 --> 01:01:37,940

at Karen thank you for having spent the

1511

01:01:42,220 --> 01:01:40,280

time with us today that you do welcome

1512

01:01:45,130 --> 01:01:42,230

thank you for having me thanks Karen

1513

01:01:47,370 --> 01:01:45,140

thank you Frank bye-bye hope you have a

1514

01:01:51,820 --> 01:01:47,380

wonderful day Karen and Frank go ahead

1515

01:01:54,280 --> 01:01:51,830

yeah so we're in a period where the news

1516

01:01:57,040 --> 01:01:54,290

is happening as far as UFO stuff is

1517

01:01:59,170 --> 01:01:57,050

concerned and you still got not quite

1518

01:02:02,170 --> 01:01:59,180

two months until the Congress kicks off

1519

01:02:03,880 --> 01:02:02,180

are your speakers prepared to do any

1520

01:02:08,050 --> 01:02:03,890

updates to their presentations in case

1521

01:02:09,970 --> 01:02:08,060

the news warrants it some of them are so

1522

01:02:13,600 --> 01:02:09,980

a lot of these people are talking about

1523

01:02:17,460 --> 01:02:13,610

things that you know research they've

1524

01:02:19,870 --> 01:02:17,470

done that has already come to pass but

1525

01:02:21,550 --> 01:02:19,880

even David Hatcher Childress of course

1526

01:02:23,440 --> 01:02:21,560

talking about ancient aliens so that

1527

01:02:26,290 --> 01:02:23,450

stuff that happened quite some time ago

1528

01:02:29,890 --> 01:02:26,300

however of course we have chase we have

1529

01:02:34,030 --> 01:02:29,900

torch nap we have Jeremy Korbel Richard

1530

01:02:36,160 --> 01:02:34,040

Dolan let's see who else like maybe even

1531

01:02:38,740 --> 01:02:36,170

Mark Dantonio but Kevin day Chuck

1532

01:02:40,900 --> 01:02:38,750

Zukowski these are all people who are

1533

01:02:44,140 --> 01:02:40,910

working on stuff that is late-breaking

1534

01:02:46,600 --> 01:02:44,150

that is going on right now so definitely

1535

01:02:49,510 --> 01:02:46,610

all of these people will be prepared in

1536

01:02:52,060 --> 01:02:49,520

fact I know for a fact that George Knapp

1537

01:02:55,060 --> 01:02:52,070

is going to have luckily I get to talk

1538

01:02:57,450 --> 01:02:55,070

to Georgia really all of us journalists

1539

01:02:59,980 --> 01:02:57,460

and I in this field

1540

01:03:02,890 --> 01:02:59,990

get together quite a bit we talked quite

1541

01:03:05,230 --> 01:03:02,900

a bit and share information and I know

1542

01:03:07,720 --> 01:03:05,240

that George has some bombs to drop still

1543

01:03:09,790 --> 01:03:07,730

in the next month or two some great

1544

01:03:12,580 --> 01:03:09,800

information and so does Jeremy so

1545

01:03:14,860 --> 01:03:12,590

they'll definitely be sharing the latest

1546

01:03:17,260 --> 01:03:14,870

and greatest of course Jeremy has been

1547

01:03:20,310 --> 01:03:17,270

swamped since he's been on Joe Rogan in

1548

01:03:24,270 --> 01:03:20,320

fact he just told me yesterday that his

1549

01:03:26,410 --> 01:03:24,280

documentary on Lazar is the number one

1550

01:03:28,400 --> 01:03:26,420

download on Netflix as far as

1551

01:03:30,170 --> 01:03:28,410

documentaries so it's

1552

01:03:33,260 --> 01:03:30,180

it's doing incredible especially after

1553

01:03:35,480 --> 01:03:33,270

being on Joe Rogan so yeah we will have

1554

01:03:37,990 --> 01:03:35,490

it's been a long time since these guys

1555

01:03:40,070 --> 01:03:38,000

have been at a conference as well I mean

1556

01:03:43,130 --> 01:03:40,080

relatively it's only been a few months

1557

01:03:45,280 --> 01:03:43,140

but a lot happens in a few much so for

1558

01:03:47,840 --> 01:03:45,290

its nowadays yeah yeah the whole

1559

01:03:49,940 --> 01:03:47,850

unidentified series came and went

1560

01:03:52,190 --> 01:03:49,950

since they've been out of conference so

1561

01:03:54,800 --> 01:03:52,200

yeah they will be sharing a lot of

1562

01:03:56,900 --> 01:03:54,810

late-breaking information and what did

1563

01:04:00,080 --> 01:03:56,910

you think of the show now that it's all

1564

01:04:02,720 --> 01:04:00,090

said and done I love the show

1565

01:04:04,700 --> 01:04:02,730

you know I of course I've always got to

1566

01:04:09,530 --> 01:04:04,710

be you know 100 percent honest of course

1567

01:04:12,440 --> 01:04:09,540

I always am I was with the last episode

1568

01:04:14,630 --> 01:04:12,450

was not my favorite by far it was all

1569

01:04:16,340 --> 01:04:14,640

right I know some of those Italian

1570

01:04:18,560 --> 01:04:16,350

researchers for example I've known

1571

01:04:21,730 --> 01:04:18,570

Robert Pineau T for many years and in

1572

01:04:24,080 --> 01:04:21,740

fact he spoke at the Congress in 2012

1573

01:04:27,410 --> 01:04:24,090

and he's a great guy they're great

1574

01:04:29,810 --> 01:04:27,420

researchers but you know I gotta see the

1575

01:04:31,880 --> 01:04:29,820

data I got to see the information I feel

1576

01:04:34,010 --> 01:04:31,890

that they could have added a little bit

1577

01:04:37,730 --> 01:04:34,020

more information when it came to the

1578

01:04:40,640 --> 01:04:37,740

Italian case I'm not convinced that you

1579

01:04:41,990 --> 01:04:40,650

know that UFO photo was a UFO I'm not

1580

01:04:45,620 --> 01:04:42,000

convinced that this helicopter was

1581

01:04:49,040 --> 01:04:45,630

beamed by a UFO not to be not that I

1582

01:04:52,700 --> 01:04:49,050

doubt the the researchers but I need to

1583

01:04:54,650 --> 01:04:52,710

see more to see that and and even though

1584

01:04:56,720 --> 01:04:54,660

that's a case I covered and I know for a

1585

01:04:58,730 --> 01:04:56,730

fact they got some information for the

1586

01:05:00,830 --> 01:04:58,740

show from some of my some of what I've

1587

01:05:03,380 --> 01:05:00,840

written about and I should say that what

1588

01:05:06,170 --> 01:05:03,390

I wrote about I was first tuned in to

1589

01:05:09,080 --> 01:05:06,180

this whole case from Paula Harris who of

1590

01:05:12,710 --> 01:05:09,090

course is from Italy and does Italian

1591

01:05:14,780 --> 01:05:12,720

research but yeah that stuff I wasn't as

1592

01:05:16,490 --> 01:05:14,790

impressed was I was impressed that they

1593

01:05:18,590 --> 01:05:16,500

were working with the Italians that the

1594

01:05:20,600 --> 01:05:18,600

Italians kind of now have their own kind

1595

01:05:22,850 --> 01:05:20,610

of version of to the stars over there

1596

01:05:26,180 --> 01:05:22,860

and they're gonna be cooperating I think

1597

01:05:27,350 --> 01:05:26,190

that is great but as a first case I

1598

01:05:30,590 --> 01:05:27,360

think they could have spent some more

1599

01:05:34,550 --> 01:05:30,600

time researching that and I still am not

1600

01:05:36,670 --> 01:05:34,560

so hot on that individual case but other

1601
01:05:39,250 --> 01:05:36,680
aspects of the last episodes such as

1602
01:05:41,270 --> 01:05:39,260
Elizondo sharing that you know the

1603
01:05:42,170 --> 01:05:41,280
responsibilities for a tip have been

1604
01:05:44,030 --> 01:05:42,180
broken up into

1605
01:05:45,770 --> 01:05:44,040
a couple of different departments I

1606
01:05:49,820 --> 01:05:45,780
think that's interesting I didn't even

1607
01:05:54,350 --> 01:05:49,830
know that I did know that it was taken

1608
01:05:57,080 --> 01:05:54,360
over by a very high-level official a tip

1609
01:05:59,750 --> 01:05:57,090
and the name was changed because this

1610
01:06:01,370 --> 01:05:59,760
person wants to remain anonymous and he

1611
01:06:03,670 --> 01:06:01,380
wants their information and they're

1612
01:06:06,230 --> 01:06:03,680
reading their research to remain secret

1613
01:06:08,960 --> 01:06:06,240

essentially he doesn't want that shared

1614

01:06:10,490 --> 01:06:08,970

or public really he doesn't want to go

1615

01:06:12,890 --> 01:06:10,500

through what Lou's going through and

1616

01:06:16,130 --> 01:06:12,900

people I don't think realize you know

1617

01:06:17,720 --> 01:06:16,140

all of the hate that these guys get even

1618

01:06:19,460 --> 01:06:17,730

the pilots they just get you know

1619

01:06:22,790 --> 01:06:19,470

unfortunately that's how the Internet is

1620

01:06:25,490 --> 01:06:22,800

whatever your there's more people paying

1621

01:06:29,030 --> 01:06:25,500

attention to you you are a bigger target

1622

01:06:31,460 --> 01:06:29,040

for the trolls and he really gets you

1623

01:06:32,990 --> 01:06:31,470

know hurt to be honest when you know his

1624

01:06:34,730 --> 01:06:33,000

daughter comes to him and says hey

1625

01:06:36,950 --> 01:06:34,740

somebody on the internet said this about

1626

01:06:40,310 --> 01:06:36,960

you or that about you and and he's got

1627

01:06:42,170 --> 01:06:40,320

to explain you know he doesn't like that

1628

01:06:44,180 --> 01:06:42,180

when friends and family are reading all

1629

01:06:46,460 --> 01:06:44,190

is this true did you do this did you lie

1630

01:06:50,810 --> 01:06:46,470

about this or that and and he's gonna

1631

01:06:54,800 --> 01:06:50,820

say no you know so yeah just to jump in

1632

01:06:58,910 --> 01:06:54,810

really quick we had PJ Hughes Kevin day

1633

01:07:00,500 --> 01:06:58,920

Jason Voorhees and right Gary Voorhees

1634

01:07:02,420 --> 01:07:00,510

and Jason Turner sorry about that

1635

01:07:04,100 --> 01:07:02,430

I wanna show a couple weeks ago and they

1636

01:07:05,480 --> 01:07:04,110

were all very positive about the

1637

01:07:08,510 --> 01:07:05,490

feedback that they've gotten very

1638

01:07:10,880 --> 01:07:08,520

positive right because there's they get

1639

01:07:13,430 --> 01:07:10,890

a lot of positive feedback but as you

1640

01:07:15,230 --> 01:07:13,440

know those people have also if you

1641

01:07:19,840 --> 01:07:15,240

follow the social media I have had or

1642

01:07:22,460 --> 01:07:19,850

sure it's some tumultuous times as well

1643

01:07:24,110 --> 01:07:22,470

sometimes that have really affected them

1644

01:07:25,940 --> 01:07:24,120

and you know that just from the

1645

01:07:29,210 --> 01:07:25,950

responses or what they've said on lines

1646

01:07:30,500 --> 01:07:29,220

though so yeah so it's tough so they you

1647

01:07:32,630 --> 01:07:30,510

know they're keeping that stuff secret

1648

01:07:34,420 --> 01:07:32,640

otherwise I think that my favorite

1649

01:07:36,680 --> 01:07:34,430

episodes were like four and five

1650

01:07:39,740 --> 01:07:36,690

especially the episode where they talked

1651
01:07:42,770 --> 01:07:39,750
about the Roosevelt and they highlighted

1652
01:07:46,340 --> 01:07:42,780
how a lot of the witnesses do not want

1653
01:07:49,420 --> 01:07:46,350
to come forward and how it was difficult

1654
01:07:52,670 --> 01:07:49,430
to get anybody to go to washington d.c

1655
01:07:54,860 --> 01:07:52,680
to brief somebody of course they were

1656
01:07:56,380 --> 01:07:54,870
kind of quiet they didn't really share

1657
01:07:58,180 --> 01:07:56,390
in the episode who they were

1658
01:08:00,519 --> 01:07:58,190
briefing we found a little bit more

1659
01:08:03,910 --> 01:08:00,529
information Brian bender from Politico

1660
01:08:07,299 --> 01:08:03,920
let us know that you know green yeah

1661
01:08:08,950 --> 01:08:07,309
Warner and then Shaheen I the Conway

1662
01:08:11,650 --> 01:08:08,960
daily sound broke that story that she

1663
01:08:13,420 --> 01:08:11,660

said she was grieved also the president

1664

01:08:18,340 --> 01:08:13,430

of course has also said he had a short

1665

01:08:20,140 --> 01:08:18,350

meeting about all of this so that was a

1666

01:08:21,550 --> 01:08:20,150

big deal but going back to senator

1667

01:08:23,680 --> 01:08:21,560

Shaheen who I think is from New

1668

01:08:26,229 --> 01:08:23,690

Hampshire I believe and she had been

1669

01:08:27,519 --> 01:08:26,239

asked about the when the UFO stuff is

1670

01:08:29,110 --> 01:08:27,529

starting to bubble up and get some

1671

01:08:30,550 --> 01:08:29,120

attention that she didn't really care

1672

01:08:33,490 --> 01:08:30,560

that much about it she was a lot more

1673

01:08:36,669 --> 01:08:33,500

focused on you know the the political

1674

01:08:38,829 --> 01:08:36,679

matters that keep these guys occupied

1675

01:08:40,390 --> 01:08:38,839

every day and didn't care too much about

1676

01:08:41,979 --> 01:08:40,400

the UFO stuff I thought it was pretty

1677

01:08:45,999 --> 01:08:41,989

interesting that it turned out she was

1678

01:08:47,169 --> 01:08:46,009

briefed as well yeah I was gonna say I

1679

01:08:49,240 --> 01:08:47,179

think you're bringing up a good point

1680

01:08:50,860 --> 01:08:49,250

because originally she had said that you

1681

01:08:53,229 --> 01:08:50,870

know essentially I'm paying attention to

1682

01:08:54,640 --> 01:08:53,239

more important things however in her

1683

01:08:57,849 --> 01:08:54,650

statement that she was briefed about

1684

01:09:00,430 --> 01:08:57,859

UFOs you can tell that she now takes the

1685

01:09:02,320 --> 01:09:00,440

topic much more seriously so whatever

1686

01:09:05,349 --> 01:09:02,330

she heard in her briefing must have been

1687

01:09:07,870 --> 01:09:05,359

compelling yeah so US senator jeanne

1688

01:09:10,240 --> 01:09:07,880

Shaheen she confer Turing our trip to

1689

01:09:11,919 --> 01:09:10,250

North Conway Tuesday I'm just reading a

1690

01:09:13,450 --> 01:09:11,929

little bit about her here regarding an

1691

01:09:15,070 --> 01:09:13,460

article that was written on her which

1692

01:09:17,050 --> 01:09:15,080

was world UFO day that she's been

1693

01:09:20,590 --> 01:09:17,060

briefed on unidentified flying objects

1694

01:09:22,599 --> 01:09:20,600

and was to go on a little bit but July

1695

01:09:26,320 --> 01:09:22,609

2nd was chosen as world UFO day because

1696

01:09:29,439 --> 01:09:26,330

it commemorates she supposed UFO D

1697

01:09:31,030 --> 01:09:29,449

supposed UFO crash and 47 I'm making a

1698

01:09:34,140 --> 01:09:31,040

reference to an alleged incident Roswell

1699

01:09:36,789 --> 01:09:34,150

and anyway she but she as she was

1700

01:09:38,169 --> 01:09:36,799

briefed also I find that an important

1701

01:09:40,209 --> 01:09:38,179

point I'm glad that you did a post on

1702

01:09:41,680 --> 01:09:40,219

that I noticed that you did Alejandra

1703

01:09:44,410 --> 01:09:41,690

just to delve into that a little further

1704

01:09:47,470 --> 01:09:44,420

why is that so important to you that US

1705

01:09:49,510 --> 01:09:47,480

senator Jeanne Shaheen confirmed during

1706

01:09:51,039 --> 01:09:49,520

her trip to North Conway that she was

1707

01:09:54,520 --> 01:09:51,049

been briefed on unidentified flying

1708

01:09:56,379 --> 01:09:54,530

objects why is that such a big deal yeah

1709

01:09:57,370 --> 01:09:56,389

you know what I that's a great question

1710

01:09:59,260 --> 01:09:57,380

because there are some things that

1711

01:10:01,270 --> 01:09:59,270

people I think don't realize it's not

1712

01:10:03,310 --> 01:10:01,280

like you know these guys show up to

1713

01:10:06,310 --> 01:10:03,320

meetings and whoever is there is there a

1714

01:10:08,620 --> 01:10:06,320

lot of these briefings and I know this

1715

01:10:09,910 --> 01:10:08,630

from my research and talking to some of

1716

01:10:12,970 --> 01:10:09,920

the guys

1717

01:10:15,040 --> 01:10:12,980

were requested so some people are like

1718

01:10:17,130 --> 01:10:15,050

what committee were these for a lot of

1719

01:10:22,570 --> 01:10:17,140

these briefings were not for a committee

1720

01:10:26,080 --> 01:10:22,580

where the staff of a senator what asks

1721

01:10:28,540 --> 01:10:26,090

for a briefing and so then you know they

1722

01:10:32,230 --> 01:10:28,550

come to their office and brief the staff

1723

01:10:34,690 --> 01:10:32,240

and the lawmaker or just the staff in

1724

01:10:38,400 --> 01:10:34,700

some cases and then the staff report up

1725

01:10:41,170 --> 01:10:38,410

to the senator or representative and

1726

01:10:44,110 --> 01:10:41,180

that's important because these people

1727

01:10:46,210 --> 01:10:44,120

are finding it intriguing enough that

1728

01:10:48,490 --> 01:10:46,220

they believe that they have to be

1729

01:10:50,830 --> 01:10:48,500

briefed on the topic of course it's a

1730

01:10:52,810 --> 01:10:50,840

bigger deal when a committee is asked to

1731

01:10:57,040 --> 01:10:52,820

be briefed and I think it's important to

1732

01:10:59,050 --> 01:10:57,050

note that for instance Shaheen is part

1733

01:11:00,820 --> 01:10:59,060

of the Defense Intelligence Committee in

1734

01:11:02,830 --> 01:11:00,830

fact I think she's part of the

1735

01:11:05,890 --> 01:11:02,840

Subcommittee on threat assessments as

1736

01:11:08,020 --> 01:11:05,900

well so that's interesting because of

1737

01:11:10,380 --> 01:11:08,030

course the advanced errors based threat

1738

01:11:12,610 --> 01:11:10,390

identification program it would be

1739

01:11:14,830 --> 01:11:12,620

important especially when it's ran by

1740

01:11:17,650 --> 01:11:14,840

defense intelligence you know you would

1741

01:11:19,680 --> 01:11:17,660

think that the Subcommittee on threat

1742

01:11:21,940 --> 01:11:19,690

assessment would be interested so

1743

01:11:23,710 --> 01:11:21,950

hopefully that's who got briefed so

1744

01:11:26,980 --> 01:11:23,720

there's a lot of possibilities and how

1745

01:11:29,680 --> 01:11:26,990

this all happened and it sounds like the

1746

01:11:31,660 --> 01:11:29,690

president actually heard from Navy

1747

01:11:34,660 --> 01:11:31,670

personnel we can't say for sure he said

1748

01:11:38,410 --> 01:11:34,670

a brief meeting he mentioned the Navy he

1749

01:11:40,540 --> 01:11:38,420

also in the Fox News alluded to that he

1750

01:11:43,210 --> 01:11:40,550

was not briefed or told anything about

1751

01:11:45,070 --> 01:11:43,220

potential materials or anomalous

1752

01:11:47,380 --> 01:11:45,080

material like we talked about earlier so

1753

01:11:49,930 --> 01:11:47,390

this briefing seemed to be focused on

1754

01:11:52,390 --> 01:11:49,940

the Navy encounters which are compelling

1755

01:11:55,240 --> 01:11:52,400

enough you know word on the street is

1756

01:11:56,950 --> 01:11:55,250

that part of that briefing was these

1757

01:12:00,430 --> 01:11:56,960

senators were share with their staffers

1758

01:12:04,510 --> 01:12:00,440

were shown far more detailed more

1759

01:12:07,960 --> 01:12:04,520

compelling less ambiguous video record

1760

01:12:09,660 --> 01:12:07,970

you know they don't clear which some of

1761

01:12:12,130 --> 01:12:09,670

these committee members would be

1762

01:12:13,990 --> 01:12:12,140

depending on which committee so like I'm

1763

01:12:14,890 --> 01:12:14,000

sure the interest intelligence

1764

01:12:18,430 --> 01:12:14,900
committees the Armed Services

1765

01:12:20,200 --> 01:12:18,440
committee's they'd be cleared to see

1766

01:12:22,570 --> 01:12:20,210
some of the classified information that

1767

01:12:23,560 --> 01:12:22,580
were not able to see so that would make

1768

01:12:26,439 --> 01:12:23,570
sense

1769

01:12:28,180 --> 01:12:26,449
and according to Lu Elizondo you know

1770

01:12:30,700 --> 01:12:28,190
there is some better footage out there

1771

01:12:32,050 --> 01:12:30,710
and according to some of the pilots and

1772

01:12:35,109 --> 01:12:32,060
some of the witnesses as well they've

1773

01:12:37,620 --> 01:12:35,119
said that and I don't know on this but

1774

01:12:39,850 --> 01:12:37,630
that Chad Underwood who is the pilot

1775

01:12:42,069 --> 01:12:39,860
acknowledged publicly for the first time

1776

01:12:44,109 --> 01:12:42,079

that he was the pilot who captured the

1777

01:12:45,550 --> 01:12:44,119

video related to the Nimitz case I'm not

1778

01:12:48,129 --> 01:12:45,560

sure if you picked up on that or not

1779

01:12:51,430 --> 01:12:48,139

dude but that he and flavor have decided

1780

01:12:54,129 --> 01:12:51,440

not to do any more public you know

1781

01:12:56,589 --> 01:12:54,139

interviews on this topic we'll see

1782

01:12:58,149 --> 01:12:56,599

flavor said that before so hopefully

1783

01:12:59,530 --> 01:12:58,159

that doesn't all true and we'll be able

1784

01:13:01,660 --> 01:12:59,540

to hear more from him in the future I

1785

01:13:04,240 --> 01:13:01,670

think we will it's hard to keep telling

1786

01:13:06,220 --> 01:13:04,250

everybody no I think over the years but

1787

01:13:09,490 --> 01:13:06,230

yes at least we'll have this slate

1788

01:13:12,000 --> 01:13:09,500

article coming out soon but I'm very

1789

01:13:15,129 --> 01:13:12,010

curious to hear from Underwood cuz it

1790

01:13:17,140 --> 01:13:15,139

allegedly I guess you know he took it

1791

01:13:18,609 --> 01:13:17,150

apart he would said he was tasked with

1792

01:13:21,609 --> 01:13:18,619

going out and getting some video on

1793

01:13:23,260 --> 01:13:21,619

these things after flavor had his

1794

01:13:25,390 --> 01:13:23,270

experienced flavor and the other guys

1795

01:13:28,000 --> 01:13:25,400

had their experience they got back and

1796

01:13:29,770 --> 01:13:28,010

this guy said you know essentially they

1797

01:13:31,870 --> 01:13:29,780

said well we've got to go get video get

1798

01:13:34,240 --> 01:13:31,880

out there and so this guy went out there

1799

01:13:37,270 --> 01:13:34,250

and he caught some video and that's why

1800

01:13:40,990 --> 01:13:37,280

they seemed so excited when you know in

1801

01:13:43,750 --> 01:13:41,000

that audio okay I wanted to ask you

1802

01:13:45,520 --> 01:13:43,760

Alejandra even if it's a little late in

1803

01:13:47,800 --> 01:13:45,530

the discussion ask it but can you

1804

01:13:50,229 --> 01:13:47,810

envision envision a full congressional

1805

01:13:55,149 --> 01:13:50,239

hearing specifically for military pilots

1806

01:13:56,950 --> 01:13:55,159

who have had you a peak encounters well

1807

01:13:59,620 --> 01:13:56,960

congressional hearings we've heard from

1808

01:14:01,930 --> 01:13:59,630

a few different sources I think Harry

1809

01:14:06,160 --> 01:14:01,940

Rita said this and also Chris Mellon at

1810

01:14:10,750 --> 01:14:06,170

that they think there is no sort of will

1811

01:14:14,260 --> 01:14:10,760

to have congressional briefings or

1812

01:14:16,030 --> 01:14:14,270

hearings and that makes sense I mean for

1813

01:14:17,950 --> 01:14:16,040

a congressional hearing you know you've

1814

01:14:20,410 --> 01:14:17,960

got to have some kind of big reason for

1815

01:14:23,379 --> 01:14:20,420

that and I don't know that's necessarily

1816

01:14:24,339 --> 01:14:23,389

what we need or the path that they're on

1817

01:14:26,800 --> 01:14:24,349

currently

1818

01:14:28,660 --> 01:14:26,810

maybe we as the public might want to see

1819

01:14:30,850 --> 01:14:28,670

that but you know what would with the

1820

01:14:33,100 --> 01:14:30,860

end result and result might not be any

1821

01:14:34,750 --> 01:14:33,110

different than what we can get now and I

1822

01:14:36,520 --> 01:14:34,760

think that that's dangerous because if

1823

01:14:37,419 --> 01:14:36,530

you bring it you know make it a bigger

1824

01:14:39,489 --> 01:14:37,429

public to

1825

01:14:42,129 --> 01:14:39,499

bate you may have some very strong

1826
01:14:44,649 --> 01:14:42,139
voices from the scientific community or

1827
01:14:47,709 --> 01:14:44,659
from elsewhere that want to put the

1828
01:14:49,959 --> 01:14:47,719
kibosh on all of this so I think the way

1829
01:14:52,029 --> 01:14:49,969
it's happening and the way that the to

1830
01:14:54,189 --> 01:14:52,039
the stars guys are working all this is a

1831
01:14:55,810 --> 01:14:54,199
better way of doing it it's kind of like

1832
01:14:57,719 --> 01:14:55,820
how Harry Reid did it you know he's very

1833
01:15:01,120 --> 01:14:57,729
sneaky about getting the money and

1834
01:15:03,429 --> 01:15:01,130
creating this program they are working

1835
01:15:06,399 --> 01:15:03,439
directly with lawmakers directly with

1836
01:15:08,350 --> 01:15:06,409
you know decision-makers in the military

1837
01:15:10,779 --> 01:15:08,360
and I think that's where they're gonna

1838
01:15:12,759 --> 01:15:10,789

get more they're going to be able to run

1839

01:15:15,399 --> 01:15:12,769

more quickly than being bogged down by

1840

01:15:18,850 --> 01:15:15,409

too much of a large public kind of

1841

01:15:20,949 --> 01:15:18,860

conversation here so what I think we

1842

01:15:24,069 --> 01:15:20,959

will have a see first and I think it

1843

01:15:26,319 --> 01:15:24,079

would be better if we saw this first is

1844

01:15:28,359 --> 01:15:26,329

some sort of official movement we've

1845

01:15:30,580 --> 01:15:28,369

seen the Navy already changed their

1846

01:15:33,219 --> 01:15:30,590

reporting structure I think that was a

1847

01:15:36,129 --> 01:15:33,229

big message to hey guys we're gonna take

1848

01:15:38,469 --> 01:15:36,139

this seriously so don't worry about

1849

01:15:40,479 --> 01:15:38,479

reporting to us do report to us because

1850

01:15:42,520 --> 01:15:40,489

we hear over and over again people don't

1851

01:15:44,589 --> 01:15:42,530

report because they're afraid they're

1852

01:15:47,020 --> 01:15:44,599

gonna be made fun of us and if you read

1853

01:15:50,620 --> 01:15:47,030

the executive summary of the Nimitz

1854

01:15:52,449 --> 01:15:50,630

encounter you see that the pilot and the

1855

01:15:54,759 --> 01:15:52,459

witnesses were met with a lot of

1856

01:15:56,649 --> 01:15:54,769

ridicule when they came back and and

1857

01:15:58,540 --> 01:15:56,659

some of them from what I understand

1858

01:16:02,560 --> 01:15:58,550

we're not happy about that at all who

1859

01:16:05,589 --> 01:16:02,570

would be so so I think all of this

1860

01:16:07,479 --> 01:16:05,599

movement is important now we may see and

1861

01:16:09,729 --> 01:16:07,489

I know people in the UFO community may

1862

01:16:14,020 --> 01:16:09,739

feel that this has limited value but we

1863

01:16:16,719 --> 01:16:14,030

may see an official UFO organization

1864

01:16:17,350 --> 01:16:16,729

start up of course we have a tip but

1865

01:16:20,500 --> 01:16:17,360

it's secret

1866

01:16:24,279 --> 01:16:20,510

so Project Blue Book of course was more

1867

01:16:26,500 --> 01:16:24,289

public facing it it faced problems in

1868

01:16:28,629 --> 01:16:26,510

the last couple of iterations especially

1869

01:16:31,600 --> 01:16:28,639

with project grudge which was the second

1870

01:16:34,750 --> 01:16:31,610

version of the UFO research but project

1871

01:16:40,629 --> 01:16:34,760

the first project to investigate UFOs

1872

01:16:42,279 --> 01:16:40,639

was actually more open more serious they

1873

01:16:45,040 --> 01:16:42,289

came to the conclusion that these things

1874

01:16:47,189 --> 01:16:45,050

could be extraterrestrial I think that

1875

01:16:49,270 --> 01:16:47,199

you know if we have another version of

1876

01:16:50,919 --> 01:16:49,280

Project sign which was the first one

1877

01:16:53,259 --> 01:16:50,929

that me

1878

01:16:56,049 --> 01:16:53,269

that may be positive that may we may get

1879

01:16:57,939 --> 01:16:56,059

more information similar to what to the

1880

01:17:00,759 --> 01:16:57,949

Stars and Lou Elizondo has shared with

1881

01:17:02,379 --> 01:17:00,769

us when I through a project like that I

1882

01:17:03,909 --> 01:17:02,389

wanted to bring up something you brought

1883

01:17:05,679 --> 01:17:03,919

up some very important points or thank

1884

01:17:07,479 --> 01:17:05,689

you sorry very very much to interject

1885

01:17:09,669 --> 01:17:07,489

there but you brought up some really

1886

01:17:11,439 --> 01:17:09,679

interesting and important and critical

1887

01:17:13,929 --> 01:17:11,449

points and I'll lay out why in just a

1888

01:17:15,699 --> 01:17:13,939

moment I wanted to mention that gel Ford

1889

01:17:19,689 --> 01:17:15,709

is Republican minority whip from

1890

01:17:21,669 --> 01:17:19,699

Michigan in spring of 1966 he called for

1891

01:17:24,129 --> 01:17:21,679

the only open UFO congressional hearings

1892

01:17:27,159 --> 01:17:24,139

in history also can go ahead and provide

1893

01:17:29,350 --> 01:17:27,169

a link to that regarding out is Gerald

1894

01:17:31,629 --> 01:17:29,360

our Ford Presidential Library Museum

1895

01:17:34,509 --> 01:17:31,639

possesses a document relating to UFOs

1896

01:17:36,219 --> 01:17:34,519

can boast composed by Ford when he was

1897

01:17:38,979 --> 01:17:36,229

House Minority Leader and congressman

1898

01:17:42,069 --> 01:17:38,989

from Michigan the original document in

1899

01:17:44,409 --> 01:17:42,079

box d9 folder Ford press releases UFO

1900

01:17:46,479 --> 01:17:44,419

1966 of the four Congressional papers

1901

01:17:48,489 --> 01:17:46,489

press secretary and speech file at the

1902

01:17:50,709 --> 01:17:48,499

Ford library reason I'm bringing this up

1903

01:17:53,379 --> 01:17:50,719

alejandro is because uh we were touching

1904

01:17:56,049 --> 01:17:53,389

on earlier how President Trump was asked

1905

01:17:58,299 --> 01:17:56,059

about the UFO topic and had a classified

1906

01:18:00,369 --> 01:17:58,309

briefing about them was brought up with

1907

01:18:02,199 --> 01:18:00,379

a Tucker Carlson I know we've already

1908

01:18:05,139 --> 01:18:02,209

talked about this I'd like to impress

1909

01:18:07,689 --> 01:18:05,149

upon our listeners how important it is

1910

01:18:10,449 --> 01:18:07,699

the gravity of this subject regarding a

1911

01:18:14,199 --> 01:18:10,459

present actually touching on the topic

1912

01:18:17,529 --> 01:18:14,209

of UFOs with an interviewer on a TV can

1913

01:18:21,100 --> 01:18:17,539

you please let us know how critical that

1914

01:18:23,649 --> 01:18:21,110

is right now Alejandro I think it's

1915

01:18:26,529 --> 01:18:23,659

important and that it demonstrates the

1916

01:18:29,020 --> 01:18:26,539

the most important aspect of this I

1917

01:18:31,959 --> 01:18:29,030

believe is that the president was

1918

01:18:34,540 --> 01:18:31,969

briefed he said you know regarding these

1919

01:18:36,250 --> 01:18:34,550

Navy experiences we've had other

1920

01:18:38,229 --> 01:18:36,260

presidents talk about this Clinton was

1921

01:18:41,830 --> 01:18:38,239

really into UFOs he said he even looked

1922

01:18:43,569 --> 01:18:41,840

into Roswell and area 51 but didn't find

1923

01:18:46,239 --> 01:18:43,579

anything I think it important

1924

01:18:48,520 --> 01:18:46,249

he always caveat this with you know it

1925

01:18:49,509 --> 01:18:48,530

still could be real it's just that's

1926

01:18:52,149 --> 01:18:49,519

what I was told

1927

01:18:54,399 --> 01:18:52,159

in fact his most important statement I

1928

01:18:57,399 --> 01:18:54,409

think regarding all of this he put in

1929

01:18:59,259 --> 01:18:57,409

the caveat I could out you know they

1930

01:19:01,299 --> 01:18:59,269

could be not sharing information with me

1931

01:19:04,910 --> 01:19:01,309

I wouldn't be the first president that

1932

01:19:09,020 --> 01:19:04,920

career staffers have liked to so he was

1933

01:19:10,970 --> 01:19:09,030

open to the idea I think that the

1934

01:19:13,250 --> 01:19:10,980

presidential message I think is an

1935

01:19:16,040 --> 01:19:13,260

important one okay so some Navy guys saw

1936

01:19:18,140 --> 01:19:16,050

something there may be something to all

1937

01:19:20,060 --> 01:19:18,150

this but I'm not gonna pay attention to

1938

01:19:22,729 --> 01:19:20,070

it now cuz it doesn't seem like it

1939

01:19:25,100 --> 01:19:22,739

really warrants that so what is that

1940

01:19:26,990 --> 01:19:25,110

message prove it to me prove it to me

1941

01:19:28,880 --> 01:19:27,000

that there's something important and I

1942

01:19:31,790 --> 01:19:28,890

think that's the important thing I hope

1943

01:19:35,479 --> 01:19:31,800

that that the military does take this as

1944

01:19:37,550 --> 01:19:35,489

a mandate to do just that prove it which

1945

01:19:41,180 --> 01:19:37,560

would be more investigation more

1946

01:19:43,010 --> 01:19:41,190

analysis you know more information

1947

01:19:43,970 --> 01:19:43,020

regarding some of the credible stuff

1948

01:19:47,390 --> 01:19:43,980

around all of this

1949

01:19:50,350 --> 01:19:47,400

to come out so I hope that's what

1950

01:19:52,580 --> 01:19:50,360

happens it drives this sort of thing so

1951

01:19:54,229 --> 01:19:52,590

what's what's interesting though of

1952

01:19:56,900 --> 01:19:54,239

course is all of these senators coming

1953

01:19:59,750 --> 01:19:56,910

out positive after their briefing about

1954

01:20:02,150 --> 01:19:59,760

the serious of the phenomena as well

1955

01:20:04,700 --> 01:20:02,160

Gerald Ford when he brought forward

1956

01:20:06,470 --> 01:20:04,710

those you know suggested that that was a

1957

01:20:08,570 --> 01:20:06,480

swamp gas case which is kind of

1958

01:20:09,979 --> 01:20:08,580

interesting because of that yeah I want

1959

01:20:12,320 --> 01:20:09,989

to ask you about that a little bit yeah

1960

01:20:14,479 --> 01:20:12,330

right yeah of course got dr. Hynek to

1961

01:20:17,000 --> 01:20:14,489

sort of gloss over and hence the famous

1962

01:20:19,520 --> 01:20:17,010

and a ludicrous swamp gas statement yeah

1963

01:20:21,620 --> 01:20:19,530

what happened there was they got the

1964

01:20:24,169 --> 01:20:21,630

hearings going because people in ford's

1965

01:20:26,060 --> 01:20:24,179

district were basically demanding it so

1966

01:20:32,300 --> 01:20:26,070

he was able to get that done as House

1967

01:20:34,340 --> 01:20:32,310

Minority Whip I think what came of it

1968

01:20:37,250 --> 01:20:34,350

nothing because that really that's kind

1969

01:20:40,400 --> 01:20:37,260

of a public show they want these

1970

01:20:42,590 --> 01:20:40,410

briefings but there was already project

1971

01:20:45,530 --> 01:20:42,600

Bluebook in existence and of course it

1972

01:20:48,590 --> 01:20:45,540

closed down just a couple years later so

1973

01:20:50,930 --> 01:20:48,600

it wasn't it wasn't fruitful it didn't

1974

01:20:52,520 --> 01:20:50,940

bring forth you know the results that

1975

01:20:55,520 --> 01:20:52,530

the people who wanted those hearings

1976

01:20:57,410 --> 01:20:55,530

would have hoped for and so that's

1977

01:20:59,209 --> 01:20:57,420

another reason an example where I don't

1978

01:21:01,850 --> 01:20:59,219

think maybe that's the best tactic the

1979

01:21:03,770 --> 01:21:01,860

best tactic I think is honestly what I

1980

01:21:05,720 --> 01:21:03,780

believe was what to the Stars is doing

1981

01:21:07,790 --> 01:21:05,730

what Elizondo and Chris Mullin and those

1982

01:21:09,680 --> 01:21:07,800

guys are doing like Elizondo has said

1983

01:21:12,760 --> 01:21:09,690

he's working in the system which is

1984

01:21:15,410 --> 01:21:12,770

important and we heard an unidentified

1985

01:21:18,020 --> 01:21:15,420

that you know he some of his colleagues

1986

01:21:18,750 --> 01:21:18,030

took him aside and said hey there are

1987

01:21:21,390 --> 01:21:18,760

people still

1988

01:21:23,280 --> 01:21:21,400

set with you and that's true I mean I've

1989

01:21:25,650 --> 01:21:23,290

heard this from very from various

1990

01:21:27,210 --> 01:21:25,660

sources at this point that especially

1991

01:21:29,520 --> 01:21:27,220

right when he came out there were a lot

1992

01:21:32,130 --> 01:21:29,530

of insiders very upset with him and

1993

01:21:34,950 --> 01:21:32,140

essentially they were some of them were

1994

01:21:36,780 --> 01:21:34,960

afraid of the ridicule they liked the

1995

01:21:38,310 --> 01:21:36,790

topic they believed it was a serious

1996

01:21:40,110 --> 01:21:38,320

topic but they were afraid

1997

01:21:41,760 --> 01:21:40,120

now that you've talked about this Lou

1998

01:21:46,800 --> 01:21:41,770

everybody's going to be making fun of

1999

01:21:48,360 --> 01:21:46,810

the DoD and the you owe us di and so

2000

01:21:49,740 --> 01:21:48,370

that was their fear but what they've

2001

01:21:51,540 --> 01:21:49,750

seen is just the opposite

2002

01:21:54,930 --> 01:21:51,550

Lou and the crew have been very

2003

01:21:56,790 --> 01:21:54,940

successful in bringing a credible you

2004

01:21:59,520 --> 01:21:56,800

know credible look at this topic and

2005

01:22:01,710 --> 01:21:59,530

there hasn't been a huge amount of

2006

01:22:03,660 --> 01:22:01,720

ridicule and so that has changed the

2007

01:22:06,090 --> 01:22:03,670

minds of some of his colleagues to say

2008

01:22:08,520 --> 01:22:06,100

okay Lou you were right we should have

2009

01:22:10,800 --> 01:22:08,530

done it this way and it is being taken

2010

01:22:14,040 --> 01:22:10,810

seriously however there's still a large

2011

01:22:15,630 --> 01:22:14,050

faction that are upset about all of this

2012

01:22:18,870 --> 01:22:15,640

because they either don't think there's

2013

01:22:21,300 --> 01:22:18,880

much to it or they could be and this is

2014

01:22:24,420 --> 01:22:21,310

speculation some of the people who got

2015

01:22:27,060 --> 01:22:24,430

some of the original project read put

2016

01:22:29,160 --> 01:22:27,070

together shut down because the original

2017

01:22:31,410 --> 01:22:29,170

project was to look into a lot of

2018

01:22:34,440 --> 01:22:31,420

paranormal things but there were a

2019

01:22:36,960 --> 01:22:34,450

faction of religious fundamentalist you

2020

01:22:40,050 --> 01:22:36,970

know evangelicals who thought this was

2021

01:22:42,390 --> 01:22:40,060

all demonic and were able to shut down a

2022

01:22:45,600 --> 01:22:42,400

lot of the priorities of the original

2023

01:22:47,430 --> 01:22:45,610

project the AUSA project until you know

2024

01:22:49,950 --> 01:22:47,440

they were only able to hold on to the

2025

01:22:52,980 --> 01:22:49,960

UFO site so those people might not be

2026

01:22:55,650 --> 01:22:52,990

happy about this either so I you know

2027

01:22:59,580 --> 01:22:55,660

this groundswell of serious public

2028

01:23:03,330 --> 01:22:59,590

attention and and credibility bring bots

2029

01:23:07,230 --> 01:23:03,340

to all of this is being met with not

2030

01:23:09,330 --> 01:23:07,240

just you know people happy about that

2031

01:23:11,130 --> 01:23:09,340

but there are still people upset because

2032

01:23:13,350 --> 01:23:11,140

as much as Elizondo likes to say he's

2033

01:23:15,690 --> 01:23:13,360

not a whistleblower in a way he is a

2034

01:23:17,280 --> 01:23:15,700

whistleblower is typically revealing

2035

01:23:18,990 --> 01:23:17,290

stuff that is classified that they don't

2036

01:23:21,690 --> 01:23:19,000

have permission to share and Lou is

2037

01:23:23,070 --> 01:23:21,700

adamant that he will not do that but

2038

01:23:24,540 --> 01:23:23,080

what he wants to do is grease the wheels

2039

01:23:26,250 --> 01:23:24,550

to get to people who have the

2040

01:23:28,800 --> 01:23:26,260

information to share that information

2041

01:23:30,990 --> 01:23:28,810

and they've had success doing this with

2042

01:23:32,370 --> 01:23:31,000

the Navy so far hopefully they'll have

2043

01:23:35,250 --> 01:23:32,380

continued success with

2044

01:23:38,010 --> 01:23:35,260

that but the way he's kind of a pseudo

2045

01:23:40,290 --> 01:23:38,020

or a bit of a half way whistle blow or

2046

01:23:42,600 --> 01:23:40,300

is that he is sharing information that

2047

01:23:44,610 --> 01:23:42,610

colleagues insight did not want shared

2048

01:23:47,070 --> 01:23:44,620

it's a good point I just want to mention

2049

01:23:49,110 --> 01:23:47,080

again and I am bringing up a reason

2050

01:23:50,900 --> 01:23:49,120

there's a pattern of folks who have been

2051
01:23:54,000 --> 01:23:50,910
high up in our government such as a

2052
01:23:56,700 --> 01:23:54,010
Gerald Ford for example going back to I

2053
01:24:01,950 --> 01:23:56,710
as I was saying prior earlier a spring

2054
01:24:04,590 --> 01:24:01,960
of 1966 and he also tried very hard to

2055
01:24:06,240 --> 01:24:04,600
let the public know that some senators

2056
01:24:09,180 --> 01:24:06,250
were being briefed about this topic

2057
01:24:11,540 --> 01:24:09,190
behind closed doors yeah but it was all

2058
01:24:15,330 --> 01:24:11,550
very hush hush hush hush of course

2059
01:24:17,580 --> 01:24:15,340
wanted to also bring up a wonderful

2060
01:24:20,010 --> 01:24:17,590
article that Alejandro wrote which I'll

2061
01:24:22,050 --> 01:24:20,020
leave the link to in the chatroom it's

2062
01:24:23,970 --> 01:24:22,060
called the x-files revealed the

2063
01:24:26,190 --> 01:24:23,980

paranormal roots of the Pentagon's UFO

2064

01:24:28,110 --> 01:24:26,200

program new revelations shed light on

2065

01:24:30,300 --> 01:24:28,120

secret government investigations in

2066

01:24:32,730 --> 01:24:30,310

histories unidentified inside America's

2067

01:24:34,170 --> 01:24:32,740

UFO investigation can you please let us

2068

01:24:36,690 --> 01:24:34,180

know a little bit about that article

2069

01:24:39,150 --> 01:24:36,700

that you wrote Alejandro yeah you know I

2070

01:24:40,680 --> 01:24:39,160

think some of the group some of the

2071

01:24:43,470 --> 01:24:40,690

people working with to the Stars have

2072

01:24:46,230 --> 01:24:43,480

kind of shied away from this aspect of

2073

01:24:49,290 --> 01:24:46,240

the essentially what I had just

2074

01:24:51,420 --> 01:24:49,300

mentioned how Harry Reid initially you

2075

01:24:53,370 --> 01:24:51,430

know I started this project to look into

2076

01:24:55,800 --> 01:24:53,380

skinwalker and just a small part of that

2077

01:24:57,900 --> 01:24:55,810

skinwalker ranch a ranch in Utah where a

2078

01:25:00,450 --> 01:24:57,910

lot of paranormal stuff happens and a

2079

01:25:02,940 --> 01:25:00,460

small part of that was UFOs but I think

2080

01:25:04,650 --> 01:25:02,950

that this is well I'm a reporter I want

2081

01:25:06,750 --> 01:25:04,660

to report the news I were to report the

2082

01:25:09,180 --> 01:25:06,760

facts and regardless of how anybody

2083

01:25:11,130 --> 01:25:09,190

feels about it I I think it was a very

2084

01:25:13,350 --> 01:25:11,140

important aspect that we knew the

2085

01:25:16,350 --> 01:25:13,360

origins of how this all came about in

2086

01:25:17,310 --> 01:25:16,360

the beginning and then uh you know from

2087

01:25:19,140 --> 01:25:17,320

that had a lot of people were

2088

01:25:20,820 --> 01:25:19,150

questioning well then that doesn't jive

2089

01:25:23,250 --> 01:25:20,830

with some of what I was onto I said but

2090

01:25:24,660 --> 01:25:23,260

this and that and so I did another piece

2091

01:25:26,040 --> 01:25:24,670

that I think is really important and I

2092

01:25:28,680 --> 01:25:26,050

should probably make a more public

2093

01:25:30,990 --> 01:25:28,690

friendly version of that piece I called

2094

01:25:33,780 --> 01:25:31,000

it a SAP to a tip because those were the

2095

01:25:35,550 --> 01:25:33,790

two program names are SAP was like the

2096

01:25:38,580 --> 01:25:35,560

advanced aerospace weapon system

2097

01:25:40,710 --> 01:25:38,590

analysis project which is the real

2098

01:25:43,320 --> 01:25:40,720

project that Harry Reid got that 22

2099

01:25:46,110 --> 01:25:43,330

million dollars for which included and

2100

01:25:48,510 --> 01:25:46,120

was about researching skinwalker

2101
01:25:51,090 --> 01:25:48,520
and other hotspots like it where other

2102
01:25:53,010 --> 01:25:51,100
paranormal things were happening when

2103
01:25:56,070 --> 01:25:53,020
George Knapp wrote about this and leaked

2104
01:26:00,300 --> 01:25:56,080
some documents about it there was even a

2105
01:26:02,160 --> 01:26:00,310
Bigelow Aerospace executive who was part

2106
01:26:04,680 --> 01:26:02,170
of this project cuz Bigelow was was

2107
01:26:06,720 --> 01:26:04,690
contracted to do this research who wrote

2108
01:26:08,490 --> 01:26:06,730
about all of this weirdness they talked

2109
01:26:12,210 --> 01:26:08,500
about you know investigating the

2110
01:26:15,120 --> 01:26:12,220
poltergeist and portals and this idea

2111
01:26:17,370 --> 01:26:15,130
that the using kind of humans is bait in

2112
01:26:19,710 --> 01:26:17,380
a way and all of this weirdness like

2113
01:26:21,780 --> 01:26:19,720

this it's such it's such a weird story

2114

01:26:23,340 --> 01:26:21,790

and that's why I really wanted to tell

2115

01:26:26,130 --> 01:26:23,350

it cuz I think people should know you

2116

01:26:28,500 --> 01:26:26,140

know really what the roots of all of

2117

01:26:30,330 --> 01:26:28,510

this is so that's why I wrote that story

2118

01:26:32,850 --> 01:26:30,340

and put all that information together

2119

01:26:34,440 --> 01:26:32,860

and I think it's another reason why

2120

01:26:36,210 --> 01:26:34,450

people pay attention to like a hunt for

2121

01:26:38,160 --> 01:26:36,220

the skinwalker the book or the

2122

01:26:41,100 --> 01:26:38,170

skinwalker documentary that Jeremy

2123

01:26:44,220 --> 01:26:41,110

Korbel put together because it gives

2124

01:26:45,990 --> 01:26:44,230

people an idea of just how serious some

2125

01:26:48,870 --> 01:26:46,000

of this paranormal phenomena that was

2126
01:26:51,300 --> 01:26:48,880
going on at this ranch was taken by the

2127
01:26:55,260 --> 01:26:51,310
scientific researchers who looked into

2128
01:26:57,900 --> 01:26:55,270
it so yeah that's what that story was

2129
01:26:59,940 --> 01:26:57,910
about and I think that I did a lot of

2130
01:27:01,380 --> 01:26:59,950
research investigating uh you know

2131
01:27:03,720 --> 01:27:01,390
interviewing a lot of people to

2132
01:27:08,130 --> 01:27:03,730
understand the nuances and the details

2133
01:27:11,340 --> 01:27:08,140
of how you know that ah sap program was

2134
01:27:13,740 --> 01:27:11,350
dismantled and became what we know as a

2135
01:27:15,870 --> 01:27:13,750
tip and why the New York Times story

2136
01:27:18,840 --> 01:27:15,880
didn't get into the skinwalker ranch or

2137
01:27:21,300 --> 01:27:18,850
the paranormal stuff yes and only talked

2138
01:27:23,670 --> 01:27:21,310

about the UFO stuff but what I found was

2139

01:27:25,200 --> 01:27:23,680

that the New York Times story although

2140

01:27:28,620 --> 01:27:25,210

it didn't include that stuff was still

2141

01:27:30,210 --> 01:27:28,630

very accurate and I found out you know

2142

01:27:32,010 --> 01:27:30,220

the main reason they didn't include it

2143

01:27:34,620 --> 01:27:32,020

is because what they're one of their

2144

01:27:38,010 --> 01:27:34,630

main people was Lou Elizondo and Lou

2145

01:27:39,900 --> 01:27:38,020

Elizondo came to work for a tip the UFO

2146

01:27:41,370 --> 01:27:39,910

side of things so he didn't know so much

2147

01:27:43,020 --> 01:27:41,380

about the rest of the stuff or at least

2148

01:27:45,750 --> 01:27:43,030

he wasn't the owner of that information

2149

01:27:49,170 --> 01:27:45,760

as perhaps the way he would put it so it

2150

01:27:51,150 --> 01:27:49,180

wasn't his to share that other stuff

2151
01:27:52,950 --> 01:27:51,160
that was for someone else and they just

2152
01:27:55,410 --> 01:27:52,960
didn't delve into that they focused on

2153
01:27:58,590 --> 01:27:55,420
the UFO side which i think is legit

2154
01:27:59,880 --> 01:27:58,600
honest honestly because the paranormal

2155
01:28:02,760 --> 01:27:59,890
side of things didn't even

2156
01:28:05,010 --> 01:28:02,770
the year I think it was shut down very

2157
01:28:10,650 --> 01:28:05,020
quickly intelligence research and

2158
01:28:12,990 --> 01:28:10,660
development and he actually had 32 years

2159
01:28:15,870 --> 01:28:13,000
experience and a proponent military

2160
01:28:18,780 --> 01:28:15,880
interest in the paranormal and author of

2161
01:28:22,080 --> 01:28:18,790
reality denied wanted to mention in that

2162
01:28:23,940 --> 01:28:22,090
he was individual from knids who went to

2163
01:28:26,610 --> 01:28:23,950

skinwalker ranch with Bob Bigelow in

2164

01:28:29,310 --> 01:28:26,620

1995 to study precognitive sentient

2165

01:28:33,150 --> 01:28:29,320

phenomena which could or could not be

2166

01:28:36,000 --> 01:28:33,160

caught quantum quantum related quantum

2167

01:28:37,680 --> 01:28:36,010

physics related but it is a fascinating

2168

01:28:39,930 --> 01:28:37,690

topic so I'm glad you were able to bring

2169

01:28:43,440 --> 01:28:39,940

that up Frank did you have any other

2170

01:28:46,500 --> 01:28:43,450

questions for oh yeah one of the real

2171

01:28:48,900 --> 01:28:46,510

surprising aspects of the TTS a show

2172

01:28:51,450 --> 01:28:48,910

that came up I know I was were you

2173

01:28:52,680 --> 01:28:51,460

surprised by that and you want to tell

2174

01:28:55,770 --> 01:28:52,690

the folks a little bit about Richard

2175

01:29:00,840 --> 01:28:55,780

Doty who I know you've looked into yeah

2176

01:29:02,910 --> 01:29:00,850

I mean I I've been in talks with him a

2177

01:29:05,900 --> 01:29:02,920

little bit about this recently to give

2178

01:29:09,480 --> 01:29:05,910

him some more background into Jody but

2179

01:29:11,880 --> 01:29:09,490

the I heard about this before that they

2180

01:29:14,480 --> 01:29:11,890

were going to get into Doty and I it was

2181

01:29:17,010 --> 01:29:14,490

either from lepay the producer or

2182

01:29:21,720 --> 01:29:17,020

Elizondo and our talks they they had

2183

01:29:23,820 --> 01:29:21,730

kind of hinted at that and so which I

2184

01:29:25,530 --> 01:29:23,830

felt was interesting and their

2185

01:29:28,100 --> 01:29:25,540

perspective and I think this is

2186

01:29:30,360 --> 01:29:28,110

important for people to understand is

2187

01:29:32,610 --> 01:29:30,370

and I should give some background into

2188

01:29:35,790 --> 01:29:32,620

Richard Doty so Richard Doty is a

2189

01:29:38,460 --> 01:29:35,800

gentleman who released by his own word

2190

01:29:43,680 --> 01:29:38,470

you know he released disinformation back

2191

01:29:46,190 --> 01:29:43,690

in the 80s to a UFO researcher this UFO

2192

01:29:49,700 --> 01:29:46,200

researcher who is also a science

2193

01:29:53,880 --> 01:29:49,710

contractor for Kirtland Air Force Base

2194

01:29:57,630 --> 01:29:53,890

was capturing a video of of lights over

2195

01:29:59,340 --> 01:29:57,640

Kirtland and some strange signals coming

2196

01:30:01,170 --> 01:29:59,350

from Kirtland Air Force Base and he

2197

01:30:07,310 --> 01:30:01,180

thought maybe what he was seeing were

2198

01:30:11,910 --> 01:30:07,320

UFOs Richard Doty says they began to

2199

01:30:13,739 --> 01:30:11,920

share fake information to this guy to

2200

01:30:16,139 --> 01:30:13,749

make him believe it was you

2201

01:30:18,869 --> 01:30:16,149

pose an alien's when in actuality he was

2202

01:30:21,389 --> 01:30:18,879

observing black projects and they didn't

2203

01:30:24,089 --> 01:30:21,399

want the Russians to catch on and get

2204

01:30:26,369 --> 01:30:24,099

some of his data and so that's what

2205

01:30:28,109 --> 01:30:26,379

Richard Doty claims now we have no

2206

01:30:31,469 --> 01:30:28,119

evidence that that is the case and in

2207

01:30:33,809 --> 01:30:31,479

fact I'm not the only ones to get these

2208

01:30:35,879 --> 01:30:33,819

documents via FOIA however I'm the only

2209

01:30:38,669 --> 01:30:35,889

one to analyze them and put them

2210

01:30:40,019 --> 01:30:38,679

together with the rest of the story but

2211

01:30:41,549 --> 01:30:40,029

the Air Force has their own story

2212

01:30:44,789 --> 01:30:41,559

through some documents you can get

2213

01:30:45,239 --> 01:30:44,799

through FOIA right their story guys I'm

2214

01:30:47,699 --> 01:30:45,249

sorry

2215

01:30:49,529 --> 01:30:47,709

their story is that they had nothing to

2216

01:30:52,439 --> 01:30:49,539

do with Doty doing this nor did they

2217

01:30:55,409 --> 01:30:52,449

know he was up to this from what they

2218

01:30:57,419 --> 01:30:55,419

understood Doty and another officer had

2219

01:31:00,409 --> 01:30:57,429

gone to talk to this guy Benowitz the

2220

01:31:02,939 --> 01:31:00,419

scientist they looked at his videos and

2221

01:31:03,449 --> 01:31:02,949

signals and said we don't know what that

2222

01:31:06,359 --> 01:31:03,459

is

2223

01:31:09,389 --> 01:31:06,369

sorry we we can't help you here and that

2224

01:31:11,609 --> 01:31:09,399

was it and then a couple of times later

2225

01:31:12,719 --> 01:31:11,619

on a couple senators had come and said

2226

01:31:14,219 --> 01:31:12,729

hey what are you guys doing with

2227

01:31:17,189 --> 01:31:14,229

bennewitz he's telling us you're doing

2228

01:31:19,799 --> 01:31:17,199

something with UFOs and both times they

2229

01:31:23,399 --> 01:31:19,809

sent these senators to Doty who told

2230

01:31:24,479 --> 01:31:23,409

them no we we just went in some once we

2231

01:31:26,159 --> 01:31:24,489

looked at his stuff we didn't think

2232

01:31:27,719 --> 01:31:26,169

anything of it and we told them no if we

2233

01:31:30,539 --> 01:31:27,729

don't have anything to do with this but

2234

01:31:34,439 --> 01:31:30,549

in the meantime Doty is for years giving

2235

01:31:38,309 --> 01:31:34,449

out this disinformation so people have

2236

01:31:41,249 --> 01:31:38,319

likened Doty to Tom DeLonge and to

2237

01:31:44,279 --> 01:31:41,259

Louise Elizondo kind of saying that you

2238

01:31:46,349 --> 01:31:44,289

know you could be the target of

2239

01:31:49,559 --> 01:31:46,359

disinformation you could be the Benowitz

2240

01:31:51,979 --> 01:31:49,569

so in other words you could be putting

2241

01:31:54,449 --> 01:31:51,989

out false information

2242

01:31:57,719 --> 01:31:54,459

unwittingly and so they wanted to just

2243

01:31:59,729 --> 01:31:57,729

kind of cover how the difference between

2244

01:32:00,209 --> 01:31:59,739

what was done then and what they're up

2245

01:32:04,039 --> 01:32:00,219

to

2246

01:32:08,069 --> 01:32:04,049

this despoja stuff though that I got and

2247

01:32:09,989 --> 01:32:08,079

the fact that the Senators came and this

2248

01:32:11,999 --> 01:32:09,999

information was going on in the illegal

2249

01:32:13,949 --> 01:32:12,009

activity that Doty was involved with

2250

01:32:15,839 --> 01:32:13,959

during all of this that stuff they

2251

01:32:18,029 --> 01:32:15,849

weren't aware of so that stuff that I'm

2252

01:32:21,449 --> 01:32:18,039

currently working with them on and I

2253

01:32:23,999 --> 01:32:21,459

hope we get somewhere because some of

2254

01:32:27,629 --> 01:32:24,009

the information that Dhoni put out back

2255

01:32:29,489 --> 01:32:27,639

in the day is still mythology in the UFO

2256

01:32:31,020 --> 01:32:29,499

world he's the one who he wanted

2257

01:32:33,709 --> 01:32:31,030

bennewitz to believe there is a secret

2258

01:32:38,609 --> 01:32:33,719

alien space alien

2259

01:32:41,639 --> 01:32:38,619

bakes under all say under the Archuleta

2260

01:32:43,739 --> 01:32:41,649

Mesa in Dulce he was the first one in a

2261

01:32:46,409 --> 01:32:43,749

he brought up this project Aquarius

2262

01:32:49,529 --> 01:32:46,419

which was supposedly this big UFO aliens

2263

01:32:52,679 --> 01:32:49,539

study that had gone on for years by this

2264

01:32:55,469 --> 01:32:52,689

group called mj-12 this isn't a document

2265

01:32:59,279 --> 01:32:55,479

that Dodi says he faked he admits that

2266

01:33:01,109 --> 01:32:59,289

is it's a hoax I so and it's the first

2267

01:33:04,259 --> 01:33:01,119

mention of mj-12 which of course is this

2268

01:33:06,540 --> 01:33:04,269

huge you know mythology within the UFO

2269

01:33:08,699 --> 01:33:06,550

community in these mj-12 documents I

2270

01:33:11,009 --> 01:33:08,709

mean all of this really wild and crazy

2271

01:33:13,080 --> 01:33:11,019

stuff that a lot of UFO people now

2272

01:33:16,469 --> 01:33:13,090

believe without even knowing where the

2273

01:33:18,449 --> 01:33:16,479

origins come from to begin with so the

2274

01:33:21,330 --> 01:33:18,459

Air Force needs to answer were they

2275

01:33:23,909 --> 01:33:21,340

aware of Dodi doing this some of it was

2276

01:33:27,600 --> 01:33:23,919

very public and that they need to answer

2277

01:33:29,639 --> 01:33:27,610

for did the Dodi did get demoted at one

2278

01:33:31,500 --> 01:33:29,649

point later in his career was this

2279

01:33:33,449 --> 01:33:31,510

because they discovered what he was up

2280

01:33:36,029 --> 01:33:33,459

to and he got in trouble for that they

2281

01:33:38,129 --> 01:33:36,039

won't tell anybody the other thing is

2282

01:33:40,589 --> 01:33:38,139

they have responsibility when it comes

2283

01:33:43,259 --> 01:33:40,599

to the mj-12 documents in fact they were

2284

01:33:45,389 --> 01:33:43,269

sent the mj-12 documents by a senator

2285

01:33:47,250 --> 01:33:45,399

and i forget his name who was looking

2286

01:33:49,319 --> 01:33:47,260

into all of this and was saying hey

2287

01:33:52,049 --> 01:33:49,329

what's up with this you know essentially

2288

01:33:54,719 --> 01:33:52,059

the implication was you're responsible

2289

01:33:57,060 --> 01:33:54,729

for these mj-12 documents i want you to

2290

01:33:59,969 --> 01:33:57,070

respond to this their response was just

2291

01:34:02,370 --> 01:33:59,979

to write bogus on top of the documents

2292

01:34:03,810 --> 01:34:02,380

and send them back and that's it well

2293

01:34:05,969 --> 01:34:03,820

that wasn't a question we knew they were

2294

01:34:09,239 --> 01:34:05,979

bogus what what needs to be answer is

2295

01:34:11,299 --> 01:34:09,249

why is your guy Dody the guy who put

2296

01:34:13,770 --> 01:34:11,309

this out there these hoaxes you know

2297

01:34:15,509 --> 01:34:13,780

alleged government official government

2298

01:34:18,629 --> 01:34:15,519

documents that's what they need to

2299

01:34:20,520 --> 01:34:18,639

answer to were they aware why did this

2300

01:34:22,529 --> 01:34:20,530

happen what did they do about it when

2301

01:34:24,989 --> 01:34:22,539

they found out they really need to fess

2302

01:34:27,239 --> 01:34:24,999

up with all of this and you know the two

2303

01:34:29,250 --> 01:34:27,249

of the stars guys have the connections

2304

01:34:30,870 --> 01:34:29,260

to get those answers so I hope we do get

2305

01:34:32,639 --> 01:34:30,880

some of those answers because everybody

2306

01:34:34,649 --> 01:34:32,649

assumes Dodi was working with the Air

2307

01:34:36,569 --> 01:34:34,659

Force we don't know for sure if he was

2308

01:34:39,719 --> 01:34:36,579

or not and that's what we need to figure

2309

01:34:41,080 --> 01:34:39,729

out that's the timeframe you had

2310

01:34:44,950 --> 01:34:41,090

mentioned Paul bennewitz

2311

01:34:47,919 --> 01:34:44,960

and he died in 2003 and a lot of folks

2312

01:34:51,339 --> 01:34:47,929

in the UFO community sort of blame Dodi

2313

01:34:55,419 --> 01:34:51,349

for bennewitz as the premature demise

2314

01:34:58,120 --> 01:34:55,429

and they already okay there is accurate

2315

01:35:01,419 --> 01:34:58,130

okay because there are 2003 Dodie Dodie

2316

01:35:03,310 --> 01:35:01,429

was out by that point all Hanyu we're

2317

01:35:05,709 --> 01:35:03,320

bringing this up because this was an

2318

01:35:07,839 --> 01:35:05,719

important question for us to ask you can

2319

01:35:11,560 --> 01:35:07,849

you please lay down the reasons or

2320

01:35:12,729 --> 01:35:11,570

reason why he would be responsible in

2321

01:35:15,939 --> 01:35:12,739

any way shape or form

2322

01:35:18,430 --> 01:35:15,949

go ahead here's why he's responsible so

2323

01:35:20,350 --> 01:35:18,440

over the years we hear this from a lot

2324

01:35:23,950 --> 01:35:20,360

of people who work with Benowitz one of

2325

01:35:26,080 --> 01:35:23,960

those people was dr. Leo sprinkle who

2326

01:35:27,729 --> 01:35:26,090

I've known very well and maybe you know

2327

01:35:30,879 --> 01:35:27,739

I should write about some of this

2328

01:35:35,050 --> 01:35:30,889

specifically but dr. Leo speaker was

2329

01:35:37,510 --> 01:35:35,060

into abductions in fact he had an

2330

01:35:39,070 --> 01:35:37,520

abductee who he had regressed who said

2331

01:35:41,470 --> 01:35:39,080

that they were at a secret underground

2332

01:35:45,310 --> 01:35:41,480

base and bennewitz assumed that's gotta

2333

01:35:47,620 --> 01:35:45,320

be Dulce this is our connection but what

2334

01:35:49,390 --> 01:35:47,630

bennewitz or what Dodi said he would do

2335

01:35:52,089 --> 01:35:49,400

is he would break into bennewitz his

2336

01:35:54,339 --> 01:35:52,099

house and move things around while he

2337

01:35:56,649 --> 01:35:54,349

was gone so bennewitz would come home

2338

01:35:58,240 --> 01:35:56,659

and see things moved and he'd be like oh

2339

01:35:59,770 --> 01:35:58,250

my gosh sure maybe it was the aliens

2340

01:36:02,080 --> 01:35:59,780

maybe it's the Russians you know or

2341

01:36:04,419 --> 01:36:02,090

maybe it's the government the mj-12 is

2342

01:36:07,060 --> 01:36:04,429

coming in and moving your stuff so that

2343

01:36:07,689 --> 01:36:07,070

create made Benowitz become extremely

2344

01:36:10,180 --> 01:36:07,699

paranoid

2345

01:36:12,250 --> 01:36:10,190

there were times where he would he would

2346

01:36:14,800 --> 01:36:12,260

bring people over to have conversations

2347

01:36:18,490 --> 01:36:14,810

in his car and he would turn on the

2348

01:36:20,589 --> 01:36:18,500

radio he would carry a gun he would he

2349

01:36:22,899 --> 01:36:20,599

even actually when people came over to

2350

01:36:26,649 --> 01:36:22,909

the house would answer the door I guess

2351

01:36:28,570 --> 01:36:26,659

with his gun he would think that aliens

2352

01:36:32,229 --> 01:36:28,580

were reading his mind he became

2353

01:36:36,490 --> 01:36:32,239

extremely paranoid and he had to be go

2354

01:36:39,160 --> 01:36:36,500

into Institutes of facilities for for

2355

01:36:41,830 --> 01:36:39,170

his paranormal several times and the

2356

01:36:45,640 --> 01:36:41,840

last time it happened his family said

2357

01:36:48,910 --> 01:36:45,650

this is it you're done with UFOs because

2358

01:36:50,350 --> 01:36:48,920

he literally was going crazy I mean some

2359

01:36:52,780 --> 01:36:50,360

of the stories I've heard I can't recall

2360

01:36:54,939 --> 01:36:52,790

them all of some of the extreme paranoia

2361

01:36:56,859 --> 01:36:54,949

that he experienced

2362

01:36:59,319 --> 01:36:56,869

Dody this is he's almost like a

2363

01:37:02,620 --> 01:36:59,329

sociopath and and because he lies

2364

01:37:05,560 --> 01:37:02,630

constantly almost you know it's really

2365

01:37:07,390 --> 01:37:05,570

that when I say this but it's true then

2366

01:37:08,319 --> 01:37:07,400

the record show this and he needs to

2367

01:37:10,779 --> 01:37:08,329

answer for it

2368

01:37:12,520 --> 01:37:10,789

he has never shown any regret for what

2369

01:37:14,439 --> 01:37:12,530

he's done he's just like willows ordered

2370

01:37:15,729 --> 01:37:14,449

to do it well that doesn't explain

2371

01:37:17,410 --> 01:37:15,739

anything that doesn't mean you don't

2372

01:37:19,569 --> 01:37:17,420

need to apologize

2373

01:37:21,250 --> 01:37:19,579

nor do you it doesn't mean you need to

2374

01:37:23,859 --> 01:37:21,260

you should you know a normal person

2375

01:37:26,229 --> 01:37:23,869

would feel bad making this person go

2376

01:37:29,560 --> 01:37:26,239

crazy even if they were ordered to do

2377

01:37:32,500 --> 01:37:29,570

these things so don't eat bennewitz

2378

01:37:34,660 --> 01:37:32,510

really did go crazy and finally his

2379

01:37:36,669 --> 01:37:34,670

family said you're done and they got him

2380

01:37:39,640 --> 01:37:36,679

out of the UFO think it's right he

2381

01:37:41,080 --> 01:37:39,650

didn't pass away till 2003 but some

2382

01:37:44,649 --> 01:37:41,090

accounts are he was never the same after

2383

01:37:47,680 --> 01:37:44,659

all of this and he just had to leave the

2384

01:37:49,479 --> 01:37:47,690

UFO field completely in the end because

2385

01:37:52,390 --> 01:37:49,489

he was just he was going crazy there

2386

01:37:55,629 --> 01:37:52,400

drove this poor guy crazy yeah I don't

2387

01:37:58,120 --> 01:37:55,639

mind saying this because I know this for

2388

01:38:00,370 --> 01:37:58,130

a fact for my first-hand experience

2389

01:38:02,469 --> 01:38:00,380

speaking to the people who are UFO

2390

01:38:07,120 --> 01:38:02,479

researchers he's still out there trying

2391

01:38:08,529 --> 01:38:07,130

to we atom disinformation but I guess I

2392

01:38:10,180 --> 01:38:08,539

would still call it disinformation he's

2393

01:38:11,620 --> 01:38:10,190

a trained intelligence office or even if

2394

01:38:13,600 --> 01:38:11,630

he's doing it for his own personal

2395

01:38:14,680 --> 01:38:13,610

amusement not directly under government

2396

01:38:17,739 --> 01:38:14,690

orders I would still call it

2397

01:38:20,169 --> 01:38:17,749

disinformation he's a pro Alejandro do

2398

01:38:22,390 --> 01:38:20,179

you think that he has any wall in the

2399

01:38:24,189 --> 01:38:22,400

construction of the recent documents

2400

01:38:27,129 --> 01:38:24,199

that have been released and are getting

2401

01:38:29,709 --> 01:38:27,139

a lot of attention including the alien

2402

01:38:31,870 --> 01:38:29,719

autopsy video the letter to Edgar

2403

01:38:33,250 --> 01:38:31,880

Mitchell and the smoking gun document do

2404

01:38:37,049 --> 01:38:33,260

you think he has any role in that I

2405

01:38:39,969 --> 01:38:37,059

don't know I don't know about this the

2406

01:38:42,390 --> 01:38:39,979

the so-called smoking gun document if he

2407

01:38:45,399 --> 01:38:42,400

would have anything to do with that

2408

01:38:49,029 --> 01:38:45,409

certainly in that document a lot of the

2409

01:38:52,120 --> 01:38:49,039

mythology's he created our referenced at

2410

01:38:53,709 --> 01:38:52,130

least mj-12 referenced in there I can't

2411

01:38:56,529 --> 01:38:53,719

remember yeah yeah there's some others

2412

01:38:59,049 --> 01:38:56,539

too that I'm familiar with the tying of

2413

01:39:02,469 --> 01:38:59,059

the Socorro case to the alleged Holloman

2414

01:39:04,779 --> 01:39:02,479

Air Force Base midnight that is in there

2415

01:39:07,330 --> 01:39:04,789

I warned about this stuff before the

2416

01:39:09,540 --> 01:39:07,340

documents even came out and I guess my

2417

01:39:12,880 --> 01:39:09,550

warning fell on deaf

2418

01:39:14,410 --> 01:39:12,890

in this community some people want to

2419

01:39:15,700 --> 01:39:14,420

believe and they're just gonna believe

2420

01:39:17,740 --> 01:39:15,710

and there's nothing you can do about

2421

01:39:20,080 --> 01:39:17,750

that and that's why that that's saying

2422

01:39:21,790 --> 01:39:20,090

from x-files I want to believe is so

2423

01:39:26,230 --> 01:39:21,800

important because so many people want to

2424

01:39:28,360 --> 01:39:26,240

believe so badly and you know so you're

2425

01:39:30,520 --> 01:39:28,370

right a lot of there are references to

2426
01:39:33,070 --> 01:39:30,530
those mythologies to what I believe are

2427
01:39:34,510 --> 01:39:33,080
debunked ideas that were in that

2428
01:39:36,370 --> 01:39:34,520
document that's why I have a problem

2429
01:39:38,740 --> 01:39:36,380
with that so-called you know smoking gun

2430
01:39:41,320 --> 01:39:38,750
document but among other things many

2431
01:39:43,900 --> 01:39:41,330
other things but with the alien autopsy

2432
01:39:46,930 --> 01:39:43,910
it's entirely possible Dodi was out

2433
01:39:48,760 --> 01:39:46,940
there I guess he had it's legit that he

2434
01:39:51,940 --> 01:39:48,770
did a little bit of consulting with some

2435
01:39:54,580 --> 01:39:51,950
television shows so it's possible that

2436
01:39:56,260 --> 01:39:54,590
he had something to do that would do

2437
01:40:00,160 --> 01:39:56,270
with that but I don't know that for sure

2438
01:40:02,610 --> 01:40:00,170

I've never heard that so those could

2439

01:40:05,230 --> 01:40:02,620

have been just completely independent

2440

01:40:07,060 --> 01:40:05,240

those sort of tropes and plot devices

2441

01:40:08,950 --> 01:40:07,070

they've been out there or nothing they

2442

01:40:11,080 --> 01:40:08,960

could have been copied without question

2443

01:40:12,790 --> 01:40:11,090

I mean I can see him coming like I said

2444

01:40:15,400 --> 01:40:12,800

before they came out so that's certainly

2445

01:40:17,490 --> 01:40:15,410

possible but I am convinced whoever did

2446

01:40:20,950 --> 01:40:17,500

put those together does have a

2447

01:40:23,290 --> 01:40:20,960

professional intelligence background way

2448

01:40:27,040 --> 01:40:23,300

too much they did know too much no

2449

01:40:29,770 --> 01:40:27,050

question about that maybe Dodi uh it

2450

01:40:31,690 --> 01:40:29,780

should be noted at the OSI the Office of

2451

01:40:35,650 --> 01:40:31,700

Special Investigation is a law

2452

01:40:38,590 --> 01:40:35,660

enforcement organization so there they

2453

01:40:41,560 --> 01:40:38,600

are really focusing on you know the Air

2454

01:40:43,990 --> 01:40:41,570

Force and and law enforcement they have

2455

01:40:46,030 --> 01:40:44,000

very little intelligence work that they

2456

01:40:47,800 --> 01:40:46,040

do really so that's not their primary

2457

01:40:49,750 --> 01:40:47,810

thing so I think we have to remember

2458

01:40:51,070 --> 01:40:49,760

that too is that although it looks like

2459

01:40:53,680 --> 01:40:51,080

he did to have some intelligence

2460

01:40:55,840 --> 01:40:53,690

training because I do have his service

2461

01:40:58,420 --> 01:40:55,850

records all of which you can access

2462

01:41:00,730 --> 01:40:58,430

through the open mind my story of my

2463

01:41:03,160 --> 01:41:00,740

open letter to the Air Force on this I

2464

01:41:06,220 --> 01:41:03,170

did a wing for them thank you because I

2465

01:41:09,850 --> 01:41:06,230

have links to all of my research all of

2466

01:41:14,070 --> 01:41:09,860

my FOIA documents all his his you know

2467

01:41:17,080 --> 01:41:14,080

service records all of that there so

2468

01:41:19,360 --> 01:41:17,090

yeah mostly he was law enforcement so

2469

01:41:22,090 --> 01:41:19,370

how savvy he was around intelligence is

2470

01:41:24,250 --> 01:41:22,100

difficult to say but it's a

2471

01:41:26,590 --> 01:41:24,260

to note that if you look at and I think

2472

01:41:28,930 --> 01:41:26,600

this is for me very telling it's

2473

01:41:31,780 --> 01:41:28,940

speculation but if you look at the

2474

01:41:33,550 --> 01:41:31,790

documents that were early on such as

2475

01:41:37,830 --> 01:41:33,560

this project Aquarius they're a mess

2476

01:41:40,990 --> 01:41:37,840

they're the grammar the ideas all

2477

01:41:44,860 --> 01:41:41,000

disorganized really silly silly goofy

2478

01:41:48,070 --> 01:41:44,870

stuff but once author and researcher

2479

01:41:49,390 --> 01:41:48,080

bill Moore who work with Stan Friedman

2480

01:41:52,780 --> 01:41:49,400

and was the guy who wrote the first

2481

01:41:54,700 --> 01:41:52,790

Roswell book once bill morg started

2482

01:41:57,670 --> 01:41:54,710

working and Bill Moore started working

2483

01:42:00,580 --> 01:41:57,680

in secret with Dodie the documents

2484

01:42:03,940 --> 01:42:00,590

became much better written much more

2485

01:42:07,020 --> 01:42:03,950

polished and clean and funny enough a

2486

01:42:09,370 --> 01:42:07,030

lot of the information matched what

2487

01:42:11,260 --> 01:42:09,380

Stanton Friedman and he were writing

2488

01:42:12,640 --> 01:42:11,270

about or researching when it came to

2489

01:42:15,010 --> 01:42:12,650

Roswell and other things

2490

01:42:17,740 --> 01:42:15,020

do I believe Sam Freeman had any idea

2491

01:42:20,440 --> 01:42:17,750

what about any of this no and I and

2492

01:42:22,390 --> 01:42:20,450

fortunately and I do have some debates

2493

01:42:25,060 --> 01:42:22,400

that I did with him where I did discuss

2494

01:42:27,340 --> 01:42:25,070

this with him unfortunately I think he

2495

01:42:28,990 --> 01:42:27,350

had kind of a blind eye to all of that

2496

01:42:31,210 --> 01:42:29,000

he just didn't want anything to do with

2497

01:42:33,040 --> 01:42:31,220

it he eventually discovered it he

2498

01:42:34,660 --> 01:42:33,050

already thought bill Moore was

2499

01:42:36,610 --> 01:42:34,670

unscrupulous and didn't want to work

2500

01:42:38,500 --> 01:42:36,620

with them so he just wanted to ignore

2501

01:42:40,510 --> 01:42:38,510

his whole chapter of his life working

2502

01:42:45,610 --> 01:42:40,520

with building the more essentially yeah

2503

01:42:47,890 --> 01:42:45,620

yeah when we had Stanton on last year he

2504

01:42:54,160 --> 01:42:47,900

definitely breast over the the bill more

2505

01:42:55,930 --> 01:42:54,170

question pretty quick and in my video on

2506

01:42:58,120 --> 01:42:55,940

that link that you gave I have a video

2507

01:42:59,980 --> 01:42:58,130

where I interviewed him about this topic

2508

01:43:02,500 --> 01:42:59,990

in particular and I really grilled him

2509

01:43:05,920 --> 01:43:02,510

and he was open to it you know he and I

2510

01:43:07,450 --> 01:43:05,930

were really good friends so he we you

2511

01:43:10,150 --> 01:43:07,460

know I love Stanton and we got along

2512

01:43:12,250 --> 01:43:10,160

very well so and I certainly would not

2513

01:43:14,530 --> 01:43:12,260

do anything to disrespect him in any way

2514

01:43:16,600 --> 01:43:14,540

but you know this is research and he

2515

01:43:18,820 --> 01:43:16,610

loves debating he absolutely loved

2516

01:43:20,560 --> 01:43:18,830

debating even this topic even though

2517

01:43:22,540 --> 01:43:20,570

he'd really didn't like getting into it

2518

01:43:25,540 --> 01:43:22,550

so I grilled him on it and you could see

2519

01:43:28,270 --> 01:43:25,550

that in the video where he admits to to

2520

01:43:32,260 --> 01:43:28,280

some of my findings but he had his own

2521

01:43:34,000 --> 01:43:32,270

kind of perspective on things but okay

2522

01:43:35,470 --> 01:43:34,010

yeah he it was really a blind spot for

2523

01:43:36,880 --> 01:43:35,480

him I feel well

2524

01:43:40,979 --> 01:43:36,890

to bring up a few things and that is

2525

01:43:43,440 --> 01:43:40,989

Alejandro said that the FBI had

2526

01:43:46,479 --> 01:43:43,450

basically if you go to the FBI's a

2527

01:43:49,750 --> 01:43:46,489

library of archived documents you will

2528

01:43:51,820 --> 01:43:49,760

see exactly what Alejandro said when he

2529

01:43:54,220 --> 01:43:51,830

referred to these mj-12 documents as

2530

01:43:56,050 --> 01:43:54,230

having the word bogus written on them

2531

01:43:59,020 --> 01:43:56,060

it's literally written on them with

2532

01:44:02,260 --> 01:43:59,030

marker and also wanted to mention

2533

01:44:05,710 --> 01:44:02,270

something else and that is Dodi was

2534

01:44:07,540 --> 01:44:05,720

demoted late in his USAF career but it's

2535

01:44:10,120 --> 01:44:07,550

still unclear why can you touch on that

2536

01:44:11,979 --> 01:44:10,130

a little bit yeah I mean he's got this

2537

01:44:14,620 --> 01:44:11,989

weird claim that essentially this

2538

01:44:18,610 --> 01:44:14,630

another I think which sounds like a BS

2539

01:44:23,080 --> 01:44:18,620

story of he had this source or something

2540

01:44:26,200 --> 01:44:23,090

in in Germany and he he was told to like

2541

01:44:29,979 --> 01:44:26,210

do something which would which would

2542

01:44:31,780 --> 01:44:29,989

jeopardize the sources safety and he

2543

01:44:34,180 --> 01:44:31,790

decided you know this whole harrowing

2544

01:44:36,130 --> 01:44:34,190

story of how he saved his sources life

2545

01:44:39,190 --> 01:44:36,140

and blah blah blah despite what his

2546

01:44:41,850 --> 01:44:39,200

superiors told him I don't believe it

2547

01:44:47,470 --> 01:44:41,860

for one second and I I may seem harsh

2548

01:44:48,820 --> 01:44:47,480

but I'll save every time though and you

2549

01:44:51,160 --> 01:44:48,830

could look at the history I've got lots

2550

01:44:53,620 --> 01:44:51,170

of records of it if you look it up even

2551
01:44:56,200 --> 01:44:53,630
with Linda Howe who I don't believe is a

2552
01:44:57,520 --> 01:44:56,210
liar I don't agree with you know a lot

2553
01:44:59,170 --> 01:44:57,530
of her conclusions especially around

2554
01:45:00,070 --> 01:44:59,180
some of this but I don't think she's a

2555
01:45:03,070 --> 01:45:00,080
liar at all

2556
01:45:06,190 --> 01:45:03,080
everyone who interviews him or interacts

2557
01:45:07,300 --> 01:45:06,200
with him he says is a liar even recently

2558
01:45:10,180 --> 01:45:07,310
some people have written some articles

2559
01:45:12,040 --> 01:45:10,190
or from interviews with him and he says

2560
01:45:14,440 --> 01:45:12,050
that's not what I said he says that

2561
01:45:16,930 --> 01:45:14,450
about every interview that they made up

2562
01:45:19,600 --> 01:45:16,940
they lied I never said those things he's

2563
01:45:22,930 --> 01:45:19,610

a liar wherever it out pretty much every

2564

01:45:25,360 --> 01:45:22,940

case the interview her is a very

2565

01:45:27,130 --> 01:45:25,370

credible source who doesn't lie or make

2566

01:45:29,140 --> 01:45:27,140

up or have motivation to make anything

2567

01:45:31,840 --> 01:45:29,150

up he's the one who's made stuff up so

2568

01:45:33,550 --> 01:45:31,850

he changes his story all of the time and

2569

01:45:35,380 --> 01:45:33,560

you can never pin him down so you can't

2570

01:45:37,090 --> 01:45:35,390

really trust anything he says that's why

2571

01:45:39,070 --> 01:45:37,100

I've never interviewed him because

2572

01:45:41,380 --> 01:45:39,080

there's no use he just gave me a

2573

01:45:43,900 --> 01:45:41,390

different story and then if I don't have

2574

01:45:46,840 --> 01:45:43,910

it an audio interview Co say I lied and

2575

01:45:48,850 --> 01:45:46,850

I made it all up so that's why I don't

2576

01:45:50,229 --> 01:45:48,860

interview him I don't see a reason to

2577

01:45:54,010 --> 01:45:50,239

but today I don't think you can really

2578

01:45:55,479 --> 01:45:54,020

trust anything he says I wanted to I

2579

01:45:57,790 --> 01:45:55,489

touched on something in Frank by the way

2580

01:46:00,010 --> 01:45:57,800

can you check us Skype chat hallo Hondo

2581

01:46:01,840 --> 01:46:00,020

I wanted to actually bring up a

2582

01:46:04,120 --> 01:46:01,850

something that's not related to the

2583

01:46:06,790 --> 01:46:04,130

topic were discussing here and that is

2584

01:46:08,200 --> 01:46:06,800

that UFO Megacon which was a March 24

2585

01:46:10,689 --> 01:46:08,210

through the 30th of this year in

2586

01:46:14,790 --> 01:46:10,699

Laughlin Nevada at the Aquarius hotel

2587

01:46:17,709 --> 01:46:14,800

Dodie actually was a speaker there and

2588

01:46:20,410 --> 01:46:17,719

he was one of the UFO Megacon presenters

2589

01:46:22,270 --> 01:46:20,420

we did have a few people a few friends

2590

01:46:23,890 --> 01:46:22,280

of ours who went to that event and they

2591

01:46:25,590 --> 01:46:23,900

were talking about how disheartened they

2592

01:46:29,010 --> 01:46:25,600

were to see that there was a platform

2593

01:46:31,300 --> 01:46:29,020

allowed for him to be able to discuss

2594

01:46:33,490 --> 01:46:31,310

really anything on how do you feel about

2595

01:46:36,580 --> 01:46:33,500

that what is your thought process on

2596

01:46:41,020 --> 01:46:36,590

that I think it's sad I don't know why I

2597

01:46:42,129 --> 01:46:41,030

know that well I guess you know people

2598

01:46:44,260 --> 01:46:42,139

can believe whatever they want to

2599

01:46:46,330 --> 01:46:44,270

believe and perhaps the people who put

2600

01:46:49,060 --> 01:46:46,340

together that conference believe that he

2601
01:46:52,479 --> 01:46:49,070
has some legitimate information to share

2602
01:46:55,270 --> 01:46:52,489
I think that and if that's the case what

2603
01:46:57,310 --> 01:46:55,280
can you do but it is unfortunate because

2604
01:47:01,750 --> 01:46:57,320
all he did was get up there and share

2605
01:47:04,570 --> 01:47:01,760
more far-fetched wild stories that a lot

2606
01:47:05,950 --> 01:47:04,580
of people thought hook line & sinker but

2607
01:47:07,479 --> 01:47:05,960
what's interesting is some of these

2608
01:47:09,040 --> 01:47:07,489
people who said oh I thought he was

2609
01:47:11,320 --> 01:47:09,050
really interesting and went and

2610
01:47:13,300 --> 01:47:11,330
interviewed him and then posted their

2611
01:47:15,820 --> 01:47:13,310
interviews with him he's done the same

2612
01:47:17,560 --> 01:47:15,830
thing again if you go look at his

2613
01:47:19,810 --> 01:47:17,570

Twitter or his social media he said I

2614

01:47:21,340 --> 01:47:19,820

never said that even though these are

2615

01:47:23,109 --> 01:47:21,350

people who liked him and liked what he

2616

01:47:24,490 --> 01:47:23,119

said he's like no they're lying I never

2617

01:47:27,459 --> 01:47:24,500

said those things that they're saying

2618

01:47:30,820 --> 01:47:27,469

I'm saying so did he say that they say

2619

01:47:32,830 --> 01:47:30,830

that we know specifically that the ETS

2620

01:47:34,780 --> 01:47:32,840

are from say to Reticuli did he go with

2621

01:47:39,640 --> 01:47:34,790

that one I don't know I don't know to be

2622

01:47:42,520 --> 01:47:39,650

honest yeah I didn't pay attention to

2623

01:47:44,439 --> 01:47:42,530

his details of whatever he shared with

2624

01:47:46,660 --> 01:47:44,449

people but I didn't notice that he said

2625

01:47:48,700 --> 01:47:46,670

he called some more people interviewers

2626

01:47:50,439 --> 01:47:48,710

liars who had talked to him even people

2627

01:47:54,100 --> 01:47:50,449

who had thought they they felt he was

2628

01:47:55,600 --> 01:47:54,110

incredible which he's I don't I it's

2629

01:47:59,080 --> 01:47:55,610

it's shocking that people would feel

2630

01:48:01,240 --> 01:47:59,090

that way but hey to each their own right

2631

01:48:02,069 --> 01:48:01,250

Frank do you want to go ahead and bring

2632

01:48:05,850 --> 01:48:02,079

on the next

2633

01:48:08,339 --> 01:48:05,860

and please check Skype check skype chat

2634

01:48:11,760 --> 01:48:08,349

yeah yeah I can't do both at the same

2635

01:48:15,660 --> 01:48:11,770

time but yeah Alejandro just as far as

2636

01:48:18,180 --> 01:48:15,670

the show goes or how it went or what did

2637

01:48:19,260 --> 01:48:18,190

it it exceeded my expectations I usually

2638

01:48:21,990 --> 01:48:19,270

go into these with pretty low

2639

01:48:23,549 --> 01:48:22,000

expectations what what were your

2640

01:48:27,709 --> 01:48:23,559

feelings when everything was said and

2641

01:48:31,260 --> 01:48:27,719

done Oh with unidentified yes sir

2642

01:48:33,810 --> 01:48:31,270

historic groundbreaking some of the best

2643

01:48:38,760 --> 01:48:33,820

stuff probably the best UFO television

2644

01:48:40,439 --> 01:48:38,770

show ever I would say I know now you

2645

01:48:42,299 --> 01:48:40,449

know to be honest I think there's been

2646

01:48:44,580 --> 01:48:42,309

some good shows in the in the past the

2647

01:48:47,280 --> 01:48:44,590

other one I particularly liked was the

2648

01:48:48,689 --> 01:48:47,290

UFO FILES and I think that might have

2649

01:48:49,859 --> 01:48:48,699

been the History Channel back in the day

2650

01:48:52,560 --> 01:48:49,869

and you know who was one of the

2651
01:48:54,419 --> 01:48:52,570
producers on that John Greenwald and I

2652
01:48:57,750 --> 01:48:54,429
gotta give him kudos for his work on

2653
01:48:59,220 --> 01:48:57,760
that but that was a really great show

2654
01:49:02,490 --> 01:48:59,230
where they covered some really good

2655
01:49:05,850 --> 01:49:02,500
cases very straightforward but this show

2656
01:49:09,750 --> 01:49:05,860
was like that however you were hearing

2657
01:49:11,819 --> 01:49:09,760
firsthand from some officials from very

2658
01:49:13,979 --> 01:49:11,829
important people oh my gosh look who's

2659
01:49:17,010 --> 01:49:13,989
coming in the famous pumpkin is coming

2660
01:49:20,910 --> 01:49:17,020
in to say hi but you know you heard

2661
01:49:24,479 --> 01:49:20,920
firsthand from a current navy active

2662
01:49:26,939 --> 01:49:24,489
Navy personnel so highly highly credible

2663
01:49:30,540 --> 01:49:26,949

so I think you know even when we watched

2664

01:49:31,979 --> 01:49:30,550

the first episode Karen was like wow she

2665

01:49:33,930 --> 01:49:31,989

was like I guess you know she heard the

2666

01:49:35,970 --> 01:49:33,940

stories but when it was all put together

2667

01:49:38,580 --> 01:49:35,980

like that she was like this is like the

2668

01:49:40,649 --> 01:49:38,590

best UFO show out there and I was still

2669

01:49:43,319 --> 01:49:40,659

hesitant to say that back then I'm like

2670

01:49:44,339 --> 01:49:43,329

well I need to see some more but yeah

2671

01:49:46,649 --> 01:49:44,349

she really loved it

2672

01:49:48,540 --> 01:49:46,659

hi I'm miss stopping in yeah I just

2673

01:49:50,160 --> 01:49:48,550

thought I had heard the story before but

2674

01:49:53,010 --> 01:49:50,170

until I saw it you know

2675

01:49:55,950 --> 01:49:53,020

pictured and described in such detail it

2676

01:49:57,330 --> 01:49:55,960

really came you know it was so easy to

2677

01:49:58,890 --> 01:49:57,340

see it then and it was like so

2678

01:50:01,620 --> 01:49:58,900

overwhelming like wow these people saw

2679

01:50:03,089 --> 01:50:01,630

this giant 40-foot tic-tac thing doing

2680

01:50:05,790 --> 01:50:03,099

all these weird things that must have

2681

01:50:08,760 --> 01:50:05,800

been incredible yeah so it really kind

2682

01:50:11,700 --> 01:50:08,770

of I think I think it was incredible

2683

01:50:13,890 --> 01:50:11,710

yeah I thought it was great overall the

2684

01:50:15,780 --> 01:50:13,900

only thing that I unit were they only

2685

01:50:18,120 --> 01:50:15,790

the only time they get in trouble

2686

01:50:20,820 --> 01:50:18,130

it's when they stray from cases that are

2687

01:50:22,470 --> 01:50:20,830

kind of that they directly investigated

2688

01:50:24,110 --> 01:50:22,480

so when they go kind of into the

2689

01:50:26,580 --> 01:50:24,120

historical parts in particular

2690

01:50:29,280 --> 01:50:26,590

Rendlesham and then at the end with this

2691

01:50:30,510 --> 01:50:29,290

Italian case that's where you know they

2692

01:50:31,980 --> 01:50:30,520

get in a little bit of trouble because

2693

01:50:34,140 --> 01:50:31,990

there's a lot of research you have to

2694

01:50:35,640 --> 01:50:34,150

pay attention for all of that but Lou's

2695

01:50:38,520 --> 01:50:35,650

been really cool he's like if you see

2696

01:50:40,980 --> 01:50:38,530

anything that is inaccurate or that you

2697

01:50:43,200 --> 01:50:40,990

think is kind of that we screwed up on

2698

01:50:44,430 --> 01:50:43,210

let me know because I want to know and I

2699

01:50:46,290 --> 01:50:44,440

want to correct it and I want to know

2700

01:50:48,240 --> 01:50:46,300

what the correct information is so I

2701
01:50:49,530 --> 01:50:48,250
have not been very honest with him and

2702
01:50:52,200 --> 01:50:49,540
I'll shoot him emails and say hey you

2703
01:50:53,850 --> 01:50:52,210
guys screwed this up and and then he'll

2704
01:50:57,090 --> 01:50:53,860
usually call and want to talk about it

2705
01:50:59,700 --> 01:50:57,100
to make sure that he he understands what

2706
01:51:00,840 --> 01:50:59,710
the details are because he admits over

2707
01:51:02,970 --> 01:51:00,850
and over again he doesn't know much

2708
01:51:04,650 --> 01:51:02,980
about UFO history just focused on what

2709
01:51:07,860 --> 01:51:04,660
he was tasked to look at which were

2710
01:51:09,750 --> 01:51:07,870
these military UFO cases and any word

2711
01:51:12,570 --> 01:51:09,760
that you're hearing as far as a season

2712
01:51:18,050 --> 01:51:12,580
two is concerned I don't know I keep

2713
01:51:24,750 --> 01:51:20,910

rumors out there and that there will be

2714

01:51:27,600 --> 01:51:24,760

at season two but I think that that is

2715

01:51:29,640 --> 01:51:27,610

looking more more like that might just

2716

01:51:31,740 --> 01:51:29,650

be wishful thinking I'm not saying there

2717

01:51:33,600 --> 01:51:31,750

won't be a season two but I'm just

2718

01:51:37,530 --> 01:51:33,610

saying that I don't think we have any

2719

01:51:40,170 --> 01:51:37,540

official or real strong information that

2720

01:51:42,210 --> 01:51:40,180

there will be a season two looking at

2721

01:51:44,820 --> 01:51:42,220

the ratings you would think that there

2722

01:51:46,080 --> 01:51:44,830

would be yeah ladies were decent the

2723

01:51:48,720 --> 01:51:46,090

ratings were good and they they held

2724

01:51:50,580 --> 01:51:48,730

that ancient aliens audience for most of

2725

01:51:52,860 --> 01:51:50,590

the shows and I think there were one or

2726
01:51:55,590 --> 01:51:52,870
two that actually exceeded the lead in

2727
01:51:57,810 --> 01:51:55,600
which is right for TV right that's great

2728
01:51:59,370 --> 01:51:57,820
the the issue will be and I'm sure the

2729
01:52:01,470 --> 01:51:59,380
production companies are a History

2730
01:52:04,560 --> 01:52:01,480
Channel thinking of this is do they have

2731
01:52:06,750 --> 01:52:04,570
enough for a season two and a season

2732
01:52:08,130 --> 01:52:06,760
three and to be honest I would I feel

2733
01:52:09,690 --> 01:52:08,140
the same thing because if they're gonna

2734
01:52:13,380 --> 01:52:09,700
get into historical cases

2735
01:52:15,990 --> 01:52:13,390
first of all credible coverage of

2736
01:52:17,820 --> 01:52:16,000
historical cases we've had great shows

2737
01:52:19,500 --> 01:52:17,830
like that before that just don't do well

2738
01:52:22,470 --> 01:52:19,510

people kind of like the really wild

2739

01:52:25,260 --> 01:52:22,480

stuff more so unless they're covering

2740

01:52:26,970 --> 01:52:25,270

some information that is as current and

2741

01:52:28,450 --> 01:52:26,980

mind-blowing that nobody's ever heard

2742

01:52:30,970 --> 01:52:28,460

before

2743

01:52:34,360 --> 01:52:30,980

you know that I could see why perhaps it

2744

01:52:36,310 --> 01:52:34,370

wouldn't go on to mention you may have

2745

01:52:37,959 --> 01:52:36,320

already touched on this my audio is

2746

01:52:39,399 --> 01:52:37,969

breaking up sorry it's my fault if

2747

01:52:41,410 --> 01:52:39,409

you've already talked about this

2748

01:52:43,209 --> 01:52:41,420

Alejandro but you had an exclusive

2749

01:52:45,990 --> 01:52:43,219

interview with unidentified executive

2750

01:52:48,669 --> 01:52:46,000

producer showrunner Anthony lap and

2751

01:52:50,110 --> 01:52:48,679

wanted to ask you a little bit about

2752

01:52:52,270 --> 01:52:50,120

that do you mind just touching on that

2753

01:52:53,590 --> 01:52:52,280

again if you already have I'm sorry oh

2754

01:52:55,959 --> 01:52:53,600

no problem

2755

01:52:58,570 --> 01:52:55,969

it's pronounced lepay and I know that

2756

01:53:00,580 --> 01:52:58,580

because one of my listeners was like you

2757

01:53:03,729 --> 01:53:00,590

really screwed up his name how dare you

2758

01:53:05,800 --> 01:53:03,739

and I think it was a french-canadian and

2759

01:53:07,930 --> 01:53:05,810

I'm glad I was corrected because I would

2760

01:53:09,850 --> 01:53:07,940

prefer to pronounce it correctly so I'm

2761

01:53:13,149 --> 01:53:09,860

glad I was educated on that even if it

2762

01:53:15,640 --> 01:53:13,159

was done somewhat harshly but that yeah

2763

01:53:18,910 --> 01:53:15,650

Anthony's really cool I mean he is an

2764

01:53:22,570 --> 01:53:18,920

investigative journalist he I think that

2765

01:53:24,669 --> 01:53:22,580

for the most part nobody can you know

2766

01:53:26,979 --> 01:53:24,679

investigate all of this stuff and get it

2767

01:53:28,870 --> 01:53:26,989

right on on everything

2768

01:53:30,910 --> 01:53:28,880

certainly I screw up a lot and people

2769

01:53:33,910 --> 01:53:30,920

call me out on it and I love it because

2770

01:53:36,040 --> 01:53:33,920

then I can go correct myself but I think

2771

01:53:38,979 --> 01:53:36,050

they did an incredible job in their

2772

01:53:41,350 --> 01:53:38,989

investigation a lot of their episodes

2773

01:53:43,510 --> 01:53:41,360

were very similar to articles that

2774

01:53:46,450 --> 01:53:43,520

either I had written or George Knapp had

2775

01:53:48,280 --> 01:53:46,460

written or there's a guy Tyler rogue

2776

01:53:50,470 --> 01:53:48,290

away who writes for the war zone he's a

2777

01:53:52,959 --> 01:53:50,480

defense writer who has done some great

2778

01:53:54,729 --> 01:53:52,969

research on these cases and they covered

2779

01:53:57,970 --> 01:53:54,739

some of what was in his writings but

2780

01:53:59,530 --> 01:53:57,980

they would they didn't see a lot of this

2781

01:54:01,120 --> 01:53:59,540

stuff they didn't see any Tyler rogue

2782

01:54:02,830 --> 01:54:01,130

away staff Tyler rogue away is an

2783

01:54:05,500 --> 01:54:02,840

excellent researcher he should really

2784

01:54:08,830 --> 01:54:05,510

rebuild some really good stuff and the

2785

01:54:11,740 --> 01:54:08,840

show had figured out I've done the same

2786

01:54:13,540 --> 01:54:11,750

research and and discovered the same

2787

01:54:15,729 --> 01:54:13,550

things Tyler had on their own

2788

01:54:18,100 --> 01:54:15,739

independently before our Tyler's

2789

01:54:20,740 --> 01:54:18,110

articles it just demonstrates what a

2790

01:54:22,560 --> 01:54:20,750

great job they did researching for the

2791

01:54:26,620 --> 01:54:22,570

show I think an incredible job so

2792

01:54:28,689 --> 01:54:26,630

Anthony did a great job on that I think

2793

01:54:30,910 --> 01:54:28,699

that one of the other things he did he

2794

01:54:34,570 --> 01:54:30,920

wanted to bring credibility to it and

2795

01:54:35,979 --> 01:54:34,580

and they couldn't do any second takes so

2796

01:54:38,350 --> 01:54:35,989

if you thought some of the verbage was

2797

01:54:41,200 --> 01:54:38,360

weird or some of luzon comments or

2798

01:54:43,180 --> 01:54:41,210

responses were weird it's because

2799

01:54:46,150 --> 01:54:43,190

if Liu said something like had a

2800

01:54:47,590 --> 01:54:46,160

reaction or anybody on the show and said

2801

01:54:49,420 --> 01:54:47,600

hey can I do that again I feel like I

2802

01:54:51,250 --> 01:54:49,430

screwed that up they would say nope no

2803

01:54:54,100 --> 01:54:51,260

second takes they had a no second takes

2804

01:54:56,560 --> 01:54:54,110

rule so you had just genuine reactions

2805

01:54:59,110 --> 01:54:56,570

and I think that came across because in

2806

01:55:03,430 --> 01:54:59,120

other shows where they do to do a second

2807

01:55:05,200 --> 01:55:03,440

take you can tell you know so I think

2808

01:55:07,420 --> 01:55:05,210

they did a really good job with that I

2809

01:55:10,660 --> 01:55:07,430

think Anthony was excellent I think he

2810

01:55:12,750 --> 01:55:10,670

did a great job personally and Alejandro

2811

01:55:15,760 --> 01:55:12,760

and Karen you guys were great today and

2812

01:55:16,990 --> 01:55:15,770

it was pretty good but yeah we're we are

2813

01:55:18,130 --> 01:55:17,000

going to have to do a second take if

2814

01:55:20,620 --> 01:55:18,140

it's okay with you so if you have a

2815

01:55:23,110 --> 01:55:20,630

couple more hours yeah I will be

2816

01:55:25,060 --> 01:55:23,120

interviewing them later on in August and

2817

01:55:26,650 --> 01:55:25,070

I wanted to mention to you Alejandro

2818

01:55:28,540 --> 01:55:26,660

just so you know throughout our entire

2819

01:55:30,760 --> 01:55:28,550

discussion I've been providing everybody

2820

01:55:32,530 --> 01:55:30,770

with the links relevant to every single

2821

01:55:34,690 --> 01:55:32,540

topic you've brought up including

2822

01:55:37,090 --> 01:55:34,700

articles that you've written and also

2823

01:55:39,970 --> 01:55:37,100

including that Tyler rogue away article

2824

01:55:40,750 --> 01:55:39,980

- great thank you so much but thanks for

2825

01:55:42,610 --> 01:55:40,760

having us on

2826

01:55:48,370 --> 01:55:42,620
