DISCUSSES THE UFO COMMUNITY,
THE KARDASHEV SCALE AND THE
MOST RECENT NEWS IN THE UFO
FIELD.

UFONN
SUNDAY

1
00:00:59,790 --> 00:00:16,240

[Music]

2
00:01:05,590 --> 00:01:02,740

and good afternoon Frank here with a

3
00:01:07,960 --> 00:01:05,600

Tuesday afternoon episode of UFO News

4
00:01:09,999 --> 00:01:07,970

Network Sunday we've got a fabulous show

5
00:01:12,460 --> 00:01:10,009

for you with a special guest I'll bring

6
00:01:14,350 --> 00:01:12,470

in my co-host chant Hana shortly but

7
00:01:17,350 --> 00:01:14,360

over the weekend that we had some

8
00:01:20,760 --> 00:01:17,360

significant news that coming from the

9
00:01:24,219 --> 00:01:20,770

world UFO Congress in Barcelona the

10
00:01:27,010 --> 00:01:24,229

string physicist famous scientist dr.

11
00:01:29,169 --> 00:01:27,020

Michio Kaku sat down for an interview

12
00:01:32,080 --> 00:01:29,179

with Jaime Masson and had some

13
00:01:34,359 --> 00:01:32,090

fascinating comments about the UFO

14

00:01:37,359 --> 00:01:34,369

phenomenon let's listen to a brief

15

00:01:40,180 --> 00:01:37,369

snippet of this rather lengthy 45-minute

16

00:01:51,160 --> 00:01:40,190

interview but the key section came when

17

00:01:53,309 --> 00:01:51,170

dr. Kaku said this because traditionally

18

00:01:58,690 --> 00:01:53,319

scientists would giggle and laugh

19

00:02:00,880 --> 00:01:58,700

talking about flying saucers the

20

00:02:04,120 --> 00:02:00,890

believers prove it give me the evidence

21

00:02:07,180 --> 00:02:04,130

show me now the burden of proof has

22

00:02:09,190 --> 00:02:07,190

shifted to the government

23

00:02:12,550 --> 00:02:09,200

now they have to prove that these

24

00:02:15,460 --> 00:02:12,560

sightings are not from outer space and

25

00:02:18,430 --> 00:02:15,470

another civilization several things have

26
00:02:21,160 --> 00:02:18,440
happened first we have video tapes video

27
00:02:27,670 --> 00:02:21,170
made taken by United States Navy pilots

28
00:02:29,980 --> 00:02:27,680
that are testable we can now see how

29
00:02:32,920 --> 00:02:29,990
fast they can zigzag what is the

30
00:02:35,110 --> 00:02:32,930
altitude we know the parameters of these

31
00:02:37,750 --> 00:02:35,120
objects now we didn't have that before

32
00:02:45,730 --> 00:02:37,760
and so this means that the burden of

33
00:02:48,550 --> 00:02:45,740
proof has shifted the military now they

34
00:02:59,440 --> 00:02:48,560
still might be hypersonic test vehicles

35
00:03:01,960 --> 00:02:59,450
Russia the United States and there you

36
00:03:04,000 --> 00:03:01,970
have it quite significant the burden of

37
00:03:06,580 --> 00:03:04,010
proof is shifted on governments around

38
00:03:10,120 --> 00:03:06,590

the world to prove that these vehicles

39

00:03:13,120 --> 00:03:10,130

these extraordinary vehicles with their

40

00:03:16,810 --> 00:03:13,130

extraordinary flight capacities are not

41

00:03:18,760 --> 00:03:16,820

from another planet that is huge and now

42

00:03:20,530 --> 00:03:18,770

it's a time to bring in now we're gonna

43

00:03:22,510 --> 00:03:20,540

cover this a little bit it's time to

44

00:03:24,540 --> 00:03:22,520

bring in my co-host aunt Hannah to

45

00:03:27,130 --> 00:03:24,550

introduce our special guests for today

46

00:03:30,160 --> 00:03:27,140

hi Frank thank you so much we have a

47

00:03:32,170 --> 00:03:30,170

wonderful guest a very special person on

48

00:03:34,840 --> 00:03:32,180

the ship today his name is Zen he's an

49

00:03:36,820 --> 00:03:34,850

author coach a facilitator an owner and

50

00:03:39,280 --> 00:03:36,830

operator several businesses his contact

51
00:03:41,620 --> 00:03:39,290
experiences Spanish life and his efforts

52
00:03:45,370 --> 00:03:41,630
to build community in ufology led to

53
00:03:48,010 --> 00:03:45,380
launching UF ology PRS Escom which he

54
00:03:52,030 --> 00:03:48,020
currently creates curates his seminal

55
00:03:53,800 --> 00:03:52,040
book stubbing mighty OE on purpose led

56
00:03:55,930 --> 00:03:53,810
to recent interviews with a thought

57
00:03:59,110 --> 00:03:55,940
leader and host of new thinking aloud

58
00:04:00,699 --> 00:03:59,120
dr. Jeffrey mich lab Zen Benefiel

59
00:04:03,070 --> 00:04:00,709
thank you so much for having been on our

60
00:04:05,229 --> 00:04:03,080
show today how are you doing I'm doing

61
00:04:06,790 --> 00:04:05,239
awesome and the conversation that's

62
00:04:09,160 --> 00:04:06,800
going to ensue I think will be

63
00:04:09,610 --> 00:04:09,170

absolutely fantastic thanks for inviting

64

00:04:11,740 --> 00:04:09,620

me

65

00:04:13,570 --> 00:04:11,750

absolutely absolutely have you on our

66

00:04:16,319 --> 00:04:13,580

show I wanted to ask you what are your

67

00:04:19,539 --> 00:04:16,329

thoughts on the recent interview

68

00:04:21,670 --> 00:04:19,549

regarding Misha Kaku with

69

00:04:25,120 --> 00:04:21,680

I'm Emma's son a friend of yours that

70

00:04:26,200 --> 00:04:25,130

you've known for decades now well first

71

00:04:29,430 --> 00:04:26,210

of all I did listen to the entire

72

00:04:33,820 --> 00:04:29,440

interview and I found it fascinating

73

00:04:35,469 --> 00:04:33,830

although you know I mean she has a way

74

00:04:36,999 --> 00:04:35,479

of expressing himself that's a very

75

00:04:39,340 --> 00:04:37,009

fundamental almost grade school level

76

00:04:43,320 --> 00:04:39,350

which it's probably good for people

77

00:04:46,150 --> 00:04:43,330

because it kind of it takes very complex

78

00:04:49,140 --> 00:04:46,160

intricately woven subjects and topics

79

00:04:52,930 --> 00:04:49,150

and he presents them in a very eloquent

80

00:04:59,469 --> 00:04:52,940

simple way which is really difficult to

81

00:05:03,250 --> 00:04:59,479

do what I found though in regards to the

82

00:05:04,540 --> 00:05:03,260

Kardashev scale this is something that

83

00:05:06,189 --> 00:05:04,550

I've been interested in for years

84

00:05:09,310 --> 00:05:06,199

because it's obvious that if we have

85

00:05:12,430 --> 00:05:09,320

galactic travelers then more than likely

86

00:05:14,770 --> 00:05:12,440

they're going to be at least what we

87

00:05:17,170 --> 00:05:14,780

know is type 3 civilizations and this is

88

00:05:19,839 --> 00:05:17,180

only due to TARDIS chefs work early on

89

00:05:24,670 --> 00:05:19,849

and his classifications of such you know

90

00:05:27,969 --> 00:05:24,680

a type one is a planet that is able to

91

00:05:30,640 --> 00:05:27,979

utilize its energy and meteor goes

92

00:05:33,969 --> 00:05:30,650

further to say we can control weather

93

00:05:37,000 --> 00:05:33,979

and climate and all that kind of stuff -

94

00:05:40,390 --> 00:05:37,010

and that's probably correct when we have

95

00:05:43,480 --> 00:05:40,400

that kind of understanding that takes us

96

00:05:46,540 --> 00:05:43,490

to the point of the technology and its

97

00:05:50,500 --> 00:05:46,550

use in order to do so which I might also

98

00:05:52,600 --> 00:05:50,510

add could lead to harmony among people

99

00:05:54,219 --> 00:05:52,610

and planet which is the theme that I try

100

00:05:58,480 --> 00:05:54,229

to use and everything that I do in this

101

00:06:02,290 --> 00:05:58,490

way now it's hi - is one that utilizes

102

00:06:04,000 --> 00:06:02,300

the energy of its solar system Michi

103

00:06:06,339 --> 00:06:04,010

talks about being able to travel around

104

00:06:09,779 --> 00:06:06,349

and colonize and things like that and

105

00:06:12,670 --> 00:06:09,789

and how mark or Mars at one point was

106

00:06:15,040 --> 00:06:12,680

probably more advanced and earlier you

107

00:06:17,560 --> 00:06:15,050

know then way earlier than Earth and

108

00:06:19,779 --> 00:06:17,570

it's having its atmosphere and possibly

109

00:06:21,790 --> 00:06:19,789

its civilization and then the eventual

110

00:06:24,450 --> 00:06:21,800

extinction of it we don't know about

111

00:06:27,159 --> 00:06:24,460

that there's another story about the

112

00:06:29,290 --> 00:06:27,169

planet called maul deck which ended up

113

00:06:33,190 --> 00:06:29,300

being our asteroid belt and had

114

00:06:34,990 --> 00:06:33,200

similar circumstances where technology

115

00:06:37,930 --> 00:06:35,000

didn't work and the guys that we're

116

00:06:40,300 --> 00:06:37,940

using it basically exploded the planet

117

00:06:42,610 --> 00:06:40,310

however there was the type three

118

00:06:45,250 --> 00:06:42,620

civilizations at least that were in the

119

00:06:47,770 --> 00:06:45,260

area that noticed what was going on a

120

00:06:50,850 --> 00:06:47,780

type 3 by the way is a civilization that

121

00:06:57,430 --> 00:06:50,860

utilizes its galaxy

122

00:07:03,100 --> 00:06:57,440

so consider the realms of intelligence

123

00:07:09,400 --> 00:07:03,110

consciousness understanding ability to

124

00:07:11,560 --> 00:07:09,410

think travel build community all of

125

00:07:15,280 --> 00:07:11,570

those types of things that in my

126
00:07:18,970 --> 00:07:15,290
estimation would be in accordance with

127
00:07:22,000 --> 00:07:18,980
what we call natural or universal laws

128
00:07:26,590 --> 00:07:22,010
of order right it just seems like that

129
00:07:28,420 --> 00:07:26,600
would be a natural thing to happen so

130
00:07:32,140 --> 00:07:28,430
this type three civilization then is

131
00:07:34,720 --> 00:07:32,150
able to just kind of watch what's going

132
00:07:38,620 --> 00:07:34,730
on maybe even participate a little bit

133
00:07:42,430 --> 00:07:38,630
well how might it do that and would we

134
00:07:48,520 --> 00:07:42,440
see you know traditional things that we

135
00:07:49,360 --> 00:07:48,530
might assume are such in such as ships

136
00:07:51,810 --> 00:07:49,370
in the sky

137
00:07:55,270 --> 00:07:51,820
you know holographic presentations

138
00:07:57,850 --> 00:07:55,280

communication frequencies all of the

139

00:08:00,700 --> 00:07:57,860

things and the various what we call

140

00:08:07,600 --> 00:08:00,710

contact modalities now where these

141

00:08:10,570 --> 00:08:07,610

things might enter in being able to for

142

00:08:13,060 --> 00:08:10,580

lack of better cognate that and at least

143

00:08:14,680 --> 00:08:13,070

be willing to open our minds up which is

144

00:08:16,240 --> 00:08:14,690

kind of what makes you with was headed

145

00:08:18,040 --> 00:08:16,250

towards was you know we need to look at

146

00:08:21,510 --> 00:08:18,050

this thing in a larger perspective now

147

00:08:26,530 --> 00:08:21,520

that we have evidence military videos

148

00:08:29,320 --> 00:08:26,540

for instance we no longer have the need

149

00:08:32,620 --> 00:08:29,330

for disclosure in the way that we

150

00:08:35,410 --> 00:08:32,630

thought we needed it down like he says

151

00:08:38,190 --> 00:08:35,420

the burden of proof is on the military

152

00:08:41,840 --> 00:08:38,200

saying well these aren't you know

153

00:08:44,480 --> 00:08:41,850

extraterrestrial crafts or these aren't

154

00:08:53,270 --> 00:08:44,490

a craft from other worlds or

155

00:08:55,340 --> 00:08:53,280

civilization so this thing and up to

156

00:08:57,320 --> 00:08:55,350

where we can move forward and looking at

157

00:09:00,490 --> 00:08:57,330

okay now that we know the they're here

158

00:09:04,670 --> 00:09:00,500

what else is going on who else might be

159

00:09:08,870 --> 00:09:04,680

involved in the contact quote-unquote

160

00:09:13,070 --> 00:09:08,880

scenarios and what are they saying are

161

00:09:16,430 --> 00:09:13,080

they recognized as you know PhD level

162

00:09:19,370 --> 00:09:16,440

educators or government officials or are

163

00:09:23,060 --> 00:09:19,380

they the average jill and joe plumber

164

00:09:28,010 --> 00:09:23,070

right that may have some questions that

165

00:09:30,740 --> 00:09:28,020

others don't necessarily engage in order

166

00:09:32,660 --> 00:09:30,750

to expand their own knowledge and

167

00:09:34,520 --> 00:09:32,670

experience or wisdom and trying to

168

00:09:37,520 --> 00:09:34,530

figure out okay he's here these things

169

00:09:40,520 --> 00:09:37,530

are happening what's really going on how

170

00:09:44,000 --> 00:09:40,530

can we integrate it what its what's its

171

00:09:45,920 --> 00:09:44,010

purpose what are their intentions you

172

00:09:49,880 --> 00:09:45,930

know do we have a reason to be afraid

173

00:09:53,840 --> 00:09:49,890

and most of the time all of those

174

00:09:56,570 --> 00:09:53,850

reasons to be afraid can be dispelled

175

00:09:59,180 --> 00:09:56,580

because frankly with thousands of years

176
00:10:00,530 --> 00:09:59,190
of contact there's been no incidents the

177
00:10:03,080 --> 00:10:00,540
only thing that's happened is they've

178
00:10:04,640 --> 00:10:03,090
shut our eyes ICBM missiles off to say

179
00:10:08,780 --> 00:10:04,650
hey wait a minute guys you don't want to

180
00:10:10,760 --> 00:10:08,790
do this you know and I know Robert Salas

181
00:10:12,710 --> 00:10:10,770
- I've known him for years and and so

182
00:10:16,160 --> 00:10:12,720
these stories have been around and this

183
00:10:18,950 --> 00:10:16,170
information has been present probably

184
00:10:21,230 --> 00:10:18,960
exclusively exclusively in the ufology

185
00:10:23,810 --> 00:10:21,240
community but yet there's a spillover

186
00:10:28,390 --> 00:10:23,820
now where the public's getting more

187
00:10:31,700 --> 00:10:28,400
involved in these kinds of events and

188
00:10:34,250 --> 00:10:31,710

questions and potential explanations are

189

00:10:36,950 --> 00:10:34,260

becoming more present I will be asking

190

00:10:40,240 --> 00:10:36,960

later on in the show regarding the car -

191

00:10:42,500 --> 00:10:40,250

of metric a little bit deeper into that

192

00:10:44,900 --> 00:10:42,510

hypothetical and that you brought to our

193

00:10:48,950 --> 00:10:44,910

attention as something no the UFO

194

00:10:50,960 --> 00:10:48,960

community likes to cover on a regular I

195

00:10:53,410 --> 00:10:50,970

wanted to ask you Frank what are your

196

00:10:55,460 --> 00:10:53,420

thoughts on what miss you ikkaku said

197

00:10:57,890 --> 00:10:55,470

well it's

198

00:11:00,050 --> 00:10:57,900

really yeah what he's done is reframed

199

00:11:02,900 --> 00:11:00,060

the entire UFO debate what he's saying

200

00:11:05,120 --> 00:11:02,910

here is that we've got physical evidence

201
00:11:06,320 --> 00:11:05,130
so often we've heard people say well

202
00:11:08,360 --> 00:11:06,330
where's the evidence where is the

203
00:11:11,150 --> 00:11:08,370
evidence well we have it you know we've

204
00:11:14,060 --> 00:11:11,160
had rich Hoffman on here talking in

205
00:11:16,040 --> 00:11:14,070
great detail about how much information

206
00:11:18,410 --> 00:11:16,050
they can glean from just small video

207
00:11:20,390 --> 00:11:18,420
snippets was that Kevin day the radar

208
00:11:22,790 --> 00:11:20,400
operator on the Princeton during the

209
00:11:24,680 --> 00:11:22,800
Nimitz case talked about you know he

210
00:11:26,600 --> 00:11:24,690
captured radar they've got this stuff on

211
00:11:28,960 --> 00:11:26,610
radar and there's something out there

212
00:11:31,100 --> 00:11:28,970
that's it's intelligently controlled and

213
00:11:33,140 --> 00:11:31,110

Kaku is saying yeah we've got the

214

00:11:35,270 --> 00:11:33,150

evidence the burden of proof is now on

215

00:11:36,500 --> 00:11:35,280

the government to say you know these are

216

00:11:39,010 --> 00:11:36,510

one of ours these are clearly

217

00:11:42,530 --> 00:11:39,020

intelligently controlled vehicles and

218

00:11:44,540 --> 00:11:42,540

you know if they're not manufactured by

219

00:11:47,810 --> 00:11:44,550

someone here on earth then where do they

220

00:11:50,360 --> 00:11:47,820

come from and that gives us the jumping

221

00:11:52,490 --> 00:11:50,370

point now that to get into Zen's

222

00:11:56,510 --> 00:11:52,500

wheelhouse which is about that contact

223

00:11:58,670 --> 00:11:56,520

and and all that and as Enda you've been

224

00:12:00,610 --> 00:11:58,680

involved in all that for years you were

225

00:12:02,900 --> 00:12:00,620

talking about the contact modalities

226

00:12:06,460 --> 00:12:02,910

what does this mean for people who were

227

00:12:09,280 --> 00:12:06,470

heavily involved in that well I'm gonna

228

00:12:11,990 --> 00:12:09,290

pause the answer for that question and

229

00:12:15,410 --> 00:12:12,000

go a little different direction for just

230

00:12:17,960 --> 00:12:15,420

a moment to have the knowledge and

231

00:12:19,940 --> 00:12:17,970

evidence base that we have that I hope

232

00:12:23,270 --> 00:12:19,950

will now come to the surface

233

00:12:26,120 --> 00:12:23,280

two things one Buzz Aldrin and Neil

234

00:12:28,100 --> 00:12:26,130

Armstrong's reports of seeing metallic

235

00:12:31,100 --> 00:12:28,110

cylinders on some kind of platform

236

00:12:34,910 --> 00:12:31,110

standing upright when they were on the

237

00:12:39,860 --> 00:12:34,920

moon this has been floating around

238

00:12:41,060 --> 00:12:39,870

ufology for decades nobody really talks

239

00:12:46,460 --> 00:12:41,070

about it much anymore

240

00:12:50,600 --> 00:12:46,470

I met dr. Edgar Mitchell in 1997 when I

241

00:12:52,040 --> 00:12:50,610

was an event manager so it gave me the

242

00:12:53,810 --> 00:12:52,050

opportunity to have multiple

243

00:12:56,000 --> 00:12:53,820

conversations the whole thing started

244

00:12:57,980 --> 00:12:56,010

out with him pulling a pouch of drum

245

00:13:01,310 --> 00:12:57,990

tobacco out in her green room which was

246

00:13:03,590 --> 00:13:01,320

outdoors and I just happened to have one

247

00:13:05,300 --> 00:13:03,600

in my back pocket so I pulled it out

248

00:13:09,049 --> 00:13:05,310

walked up says hey can we share some

249

00:13:12,289 --> 00:13:09,059

smoke and it just it broke the ice

250

00:13:15,229 --> 00:13:12,299

in an unimaginable way and we just dope

251

00:13:17,419 --> 00:13:15,239

into discussing the spiritual

252

00:13:20,059 --> 00:13:17,429

significance of tobacco which led in the

253

00:13:22,999 --> 00:13:20,069

Indian legends which led into his trip

254

00:13:24,529 --> 00:13:23,009

to the moon which over a period of the

255

00:13:28,219 --> 00:13:24,539

weekend and four or five conversations

256

00:13:30,469 --> 00:13:28,229

led to him sharing with me his

257

00:13:33,349 --> 00:13:30,479

experience of going down towards the

258

00:13:37,279 --> 00:13:33,359

surface in the LEM lunar excursion

259

00:13:38,839 --> 00:13:37,289

module what he told me and he cautioned

260

00:13:40,609 --> 00:13:38,849

me said you can't tell anybody this

261

00:13:43,879 --> 00:13:40,619

until after I'm dead because I'm in the

262

00:13:46,249 --> 00:13:43,889

contract and things could get nasty if

263

00:13:49,099 --> 00:13:46,259

word got out I just can't talk about it

264

00:13:51,349 --> 00:13:49,109

publicly which I agreed to so he says to

265

00:13:53,839 --> 00:13:51,359

me you know as we were going down

266

00:13:58,669 --> 00:13:53,849

towards the surface these metallic

267

00:14:02,479 --> 00:13:58,679

silver cylinders came up and were

268

00:14:05,389 --> 00:14:02,489

spiraling around the LEM on its way down

269

00:14:07,579 --> 00:14:05,399

he couldn't get an exact number but he

270

00:14:09,499 --> 00:14:07,589

said they look to be between you know

271

00:14:12,439 --> 00:14:09,509

about a metre in diameter and a few

272

00:14:14,209 --> 00:14:12,449

meters long couldn't tell whether they

273

00:14:16,429 --> 00:14:14,219

were conscious of where they were

274

00:14:19,369 --> 00:14:16,439

piloted or whether they were controlled

275

00:14:21,469 --> 00:14:19,379

from the surface he assumed they were

276

00:14:23,329 --> 00:14:21,479

controlled from the surface but the one

277

00:14:27,319 --> 00:14:23,339

thing he was sure of was they weren't

278

00:14:30,139 --> 00:14:27,329

ours this is from the civilization that

279

00:14:33,379 --> 00:14:30,149

had evidently been on the moon for quite

280

00:14:39,079 --> 00:14:33,389

some time that we either don't know

281

00:14:41,449 --> 00:14:39,089

about or keep secret so that being said

282

00:14:43,069 --> 00:14:41,459

and that that's a bit of a scoop I

283

00:14:43,249 --> 00:14:43,079

appreciate that said thanks a lot for

284

00:14:51,529 --> 00:14:43,259

that

285

00:14:54,049 --> 00:14:51,539

incredulous I must agree however why

286

00:14:56,739 --> 00:14:54,059

would Edgar tell me that and you know

287

00:14:59,029 --> 00:14:56,749

from my position why would I

288

00:15:01,279 --> 00:14:59,039

confabulate any stories right right

289

00:15:04,369 --> 00:15:01,289

right we've got exciting stuff to talk

290

00:15:05,569 --> 00:15:04,379

about without that but with it yeah I've

291

00:15:07,399 --> 00:15:05,579

never heard that before I was always

292

00:15:09,889 --> 00:15:07,409

under the impression that he had never

293

00:15:12,559 --> 00:15:09,899

he said publicly he'd never had any

294

00:15:14,419 --> 00:15:12,569

direct sighting as himself this was you

295

00:15:17,210 --> 00:15:14,429

know his interest in UFOs was based on

296

00:15:18,679 --> 00:15:17,220

him coming from Roswell and knowing

297

00:15:20,749 --> 00:15:18,689

about that knowing some of the people

298

00:15:22,270 --> 00:15:20,759

who were witnesses but he personally had

299

00:15:24,670 --> 00:15:22,280

never had any

300

00:15:27,880 --> 00:15:24,680

and do you know was he able to actually

301
00:15:30,190 --> 00:15:27,890
bring back samples anything at all that

302
00:15:32,140 --> 00:15:30,200
was anomalous no no this was just

303
00:15:34,600 --> 00:15:32,150
visuals that they saw on the way down

304
00:15:37,960 --> 00:15:34,610
okay and when they reach the surface

305
00:15:40,870 --> 00:15:37,970
these probes or you know whatever they

306
00:15:45,430 --> 00:15:40,880
were were gone I like ever

307
00:15:50,080 --> 00:15:45,440
it does edify the fact of what Neil and

308
00:15:54,100 --> 00:15:50,090
Buzz were purported to have seen many

309
00:15:57,790 --> 00:15:54,110
years prior and I spoke to a gentleman

310
00:15:59,530 --> 00:15:57,800
the other day who happened to have a

311
00:16:02,230 --> 00:15:59,540
good friend of knew Neil and they'd had

312
00:16:05,430 --> 00:16:02,240
the discussion about what they had seen

313
00:16:07,090 --> 00:16:05,440

and she told him yeah he said it's true

314

00:16:10,000 --> 00:16:07,100

be that as it may

315

00:16:13,180 --> 00:16:10,010

doesn't really matter because it has no

316

00:16:15,460 --> 00:16:13,190

immediate effect on us other than it's

317

00:16:17,020 --> 00:16:15,470

just more evidence that I believe will

318

00:16:19,030 --> 00:16:17,030

eventually come out and people go oh

319

00:16:20,920 --> 00:16:19,040

yeah we knew that for a long time how

320

00:16:23,020 --> 00:16:20,930

come you didn't yeah just to jump in the

321

00:16:25,330 --> 00:16:23,030

astronaut James Irwin who also walked on

322

00:16:28,450 --> 00:16:25,340

the moon said that is reported you know

323

00:16:30,490 --> 00:16:28,460

not directly but through secondary

324

00:16:33,420 --> 00:16:30,500

sources that he had seen something on

325

00:16:36,010 --> 00:16:33,430

the moon as well what stands to reason

326

00:16:38,320 --> 00:16:36,020

you know that this would be a perfect

327

00:16:41,440 --> 00:16:38,330

place if there was another civilization

328

00:16:45,940 --> 00:16:41,450

observing us that would be a pretty good

329

00:16:48,250 --> 00:16:45,950

place for them to hang out I'm sort of

330

00:16:50,290 --> 00:16:48,260

white and sort of watch us land on the

331

00:16:53,020 --> 00:16:50,300

moon which is a pretty cool thing you

332

00:16:56,860 --> 00:16:53,030

have to admit right I have to wonder

333

00:16:59,800 --> 00:16:56,870

though if part of the reason we have not

334

00:17:04,920 --> 00:16:59,810

been back there was we were asked not to

335

00:17:14,260 --> 00:17:10,840

that's just my take okay and yeah I

336

00:17:18,130 --> 00:17:14,270

don't know that I know that yeah I've

337

00:17:19,420 --> 00:17:18,140

heard that talk yeah yeah you know we

338

00:17:22,329 --> 00:17:19,430

didn't do any damage when we're on the

339

00:17:25,180 --> 00:17:22,339

moon either so there's that not that

340

00:17:27,300 --> 00:17:25,190

we're another world well I guess there

341

00:17:29,350 --> 00:17:27,310

there were some plans at one point about

342

00:17:33,810 --> 00:17:29,360

nuking the moon and things like that

343

00:17:36,160 --> 00:17:33,820

that's you know well I've seen some

344

00:17:38,740 --> 00:17:36,170

experiments that were

345

00:17:43,150 --> 00:17:38,750

firing projectiles into the moon to see

346

00:17:46,180 --> 00:17:43,160

if it was indeed solid and reports are

347

00:17:49,390 --> 00:17:46,190

that there wasn't evidence that it is

348

00:17:52,440 --> 00:17:49,400

solid so which kind of a defies the

349

00:17:53,910 --> 00:17:52,450

whole story of moon Dec and that this

350

00:18:02,410 --> 00:17:53,920

[Music]

351
00:18:06,910 --> 00:18:02,420
sphere is more than it appears to be and

352
00:18:09,100 --> 00:18:06,920
let's and then get into a little bit

353
00:18:11,680 --> 00:18:09,110
more detail about the contact modalities

354
00:18:14,640 --> 00:18:11,690
because there might be a possibility

355
00:18:17,740 --> 00:18:14,650
it's been talked of recently of people

356
00:18:21,640 --> 00:18:17,750
using these kind of contact experiences

357
00:18:23,919 --> 00:18:21,650
to develop inventions to move technology

358
00:18:28,510 --> 00:18:23,929
along and what do you think about all

359
00:18:34,690 --> 00:18:28,520
that well from my experience there are

360
00:18:37,570 --> 00:18:34,700
some potential whether we want to call

361
00:18:41,950 --> 00:18:37,580
them catalysts or accelerators and it

362
00:18:44,710 --> 00:18:41,960
spans the gamut from ethnic ins to music

363
00:18:49,120 --> 00:18:44,720

and Solfeggio tones and those kinds of

364

00:18:53,520 --> 00:18:49,130

things that vibration has always had an

365

00:18:57,250 --> 00:18:53,530

effect on the human physiology and

366

00:19:01,290 --> 00:18:57,260

consciousness so these kinds of things

367

00:19:04,090 --> 00:19:01,300

as we explore further and understand

368

00:19:06,750 --> 00:19:04,100

radionics years ago went into the

369

00:19:10,440 --> 00:19:06,760

frequencies of disease and being able to

370

00:19:13,090 --> 00:19:10,450

annihilate them and or caused them

371

00:19:17,860 --> 00:19:13,100

simply by introducing a frequency to the

372

00:19:22,510 --> 00:19:17,870

body this kind of technology I think at

373

00:19:24,700 --> 00:19:22,520

least leads us to for lack of better

374

00:19:28,090 --> 00:19:24,710

assume that there are more possibilities

375

00:19:30,610 --> 00:19:28,100

with other frequencies that you know for

376

00:19:32,710 --> 00:19:30,620

crying out loud we send data packets

377

00:19:33,549 --> 00:19:32,720

through pulses of light through glass

378

00:19:36,880 --> 00:19:33,559

tubes

379

00:19:39,340 --> 00:19:36,890

well what if we expanded that to other

380

00:19:42,190 --> 00:19:39,350

frequencies you know the electromagnetic

381

00:19:45,669 --> 00:19:42,200

spectrum that can store even more

382

00:19:48,570 --> 00:19:45,679

information and deliver it to specific

383

00:19:53,519 --> 00:19:48,580

individuals and then allow

384

00:19:57,389 --> 00:19:53,529

them to have their own unfolding of that

385

00:20:00,659 --> 00:19:57,399

which you know in a nonlinear non-local

386

00:20:04,649 --> 00:20:00,669

moment that seems like you know forever

387

00:20:07,740 --> 00:20:04,659

in an instant however many of these

388

00:20:11,789 --> 00:20:07,750

kinds of communications or downloads as

389

00:20:14,549 --> 00:20:11,799

people call them take years to unfold as

390

00:20:18,180 --> 00:20:14,559

the the information that they contain is

391

00:20:20,909 --> 00:20:18,190

based on precepts of knowledge acquired

392

00:20:27,299 --> 00:20:20,919

in order to understand what's being

393

00:20:28,710 --> 00:20:27,309

presented does that make sense yeah okay

394

00:20:31,830 --> 00:20:28,720

I know that's kind of but that's how

395

00:20:34,769 --> 00:20:31,840

thinking how we build our knowledge base

396

00:20:38,430 --> 00:20:34,779

and and how we expand our ability to

397

00:20:42,120 --> 00:20:38,440

think and perceive and create and in

398

00:20:45,509 --> 00:20:42,130

doing so then we give ourselves kind of

399

00:20:48,419 --> 00:20:45,519

an opening if you will to other kinds of

400

00:20:50,100 --> 00:20:48,429

experiences we learned that you know a

401
00:20:52,320 --> 00:20:50,110
lot of near-death experiencers learn

402
00:20:55,139 --> 00:20:52,330
that death is really not real that we

403
00:20:57,480 --> 00:20:55,149
don't die there's a an essence of us

404
00:21:00,480 --> 00:20:57,490
that continues even though it may not be

405
00:21:08,039 --> 00:21:00,490
in a physical form we can still think

406
00:21:09,779 --> 00:21:08,049
when we're not in the body so many of

407
00:21:12,120 --> 00:21:09,789
those kinds of things spiritual

408
00:21:16,049 --> 00:21:12,130
spiritually transformative experiences

409
00:21:19,860 --> 00:21:16,059
are somewhat akin to those where we open

410
00:21:23,370 --> 00:21:19,870
ourselves up to a more fearless place

411
00:21:26,250 --> 00:21:23,380
within us which opens us up to other

412
00:21:27,659 --> 00:21:26,260
inner realms that we can then explore

413
00:21:29,970 --> 00:21:27,669

these enter realms have been talked

414

00:21:32,220 --> 00:21:29,980

about for centuries in all kinds of

415

00:21:34,289 --> 00:21:32,230

different literature and spiritual paths

416

00:21:37,950 --> 00:21:34,299

and you know all that kind of stuff

417

00:21:39,899 --> 00:21:37,960

right it's there there's evidence so now

418

00:21:42,629 --> 00:21:39,909

there's a little more of an end mass

419

00:21:46,879 --> 00:21:42,639

experience of that and we're looking for

420

00:21:49,620 --> 00:21:46,889

ways to try to explain it still right

421

00:21:52,560 --> 00:21:49,630

which is great because that knowledge

422

00:21:57,090 --> 00:21:52,570

base increases and then we begin to

423

00:21:59,820 --> 00:21:57,100

cross-reference ufology and science and

424

00:22:01,289 --> 00:21:59,830

spirituality and cosmology and you know

425

00:22:05,320 --> 00:22:01,299

like the title my head

426
00:22:08,700 --> 00:22:05,330
that's subtitled in my book stubbing my

427
00:22:11,109 --> 00:22:08,710
toe on purpose is a Seminole view of

428
00:22:13,299 --> 00:22:11,119
consciousness cosmology and the

429
00:22:15,849 --> 00:22:13,309
congruence of science and spirituality

430
00:22:17,440 --> 00:22:15,859
well my estimation these are the kinds

431
00:22:21,609 --> 00:22:17,450
of things that we need to start looking

432
00:22:25,419 --> 00:22:21,619
for because it appears anyway that there

433
00:22:29,859 --> 00:22:25,429
is no real threat from other

434
00:22:31,869 --> 00:22:29,869
civilizations other than our own yeah I

435
00:22:35,320 --> 00:22:31,879
would have to agree with Jung that that

436
00:22:37,779 --> 00:22:35,330
man is the real danger there so but that

437
00:22:39,969 --> 00:22:37,789
yeah you mentioned your book regarding

438
00:22:42,849 --> 00:22:39,979

the theory of everything

439

00:22:45,849 --> 00:22:42,859

which is what toe stands for so I wanted

440

00:22:47,409 --> 00:22:45,859

to tell us a little bit about that well

441

00:22:51,339 --> 00:22:47,419

it's based like jeffrey miss love you

442

00:22:54,999 --> 00:22:51,349

know amazing speed-read reader and able

443

00:22:56,169 --> 00:22:55,009

to retain the content by the questions

444

00:22:59,320 --> 00:22:56,179

he asked me during the interview that

445

00:23:01,960 --> 00:22:59,330

was obvious so I have a lot of respect

446

00:23:03,989 --> 00:23:01,970

for him what the book covers is

447

00:23:07,180 --> 00:23:03,999

basically it's kind of a pseudo

448

00:23:11,259 --> 00:23:07,190

autobiography that I chronicle

449

00:23:16,499 --> 00:23:11,269

experiences thoughts observations

450

00:23:18,279 --> 00:23:16,509

questions investigation corollary

451
00:23:21,239 --> 00:23:18,289
information that comes from other

452
00:23:23,919 --> 00:23:21,249
sources that might enter Phi my

453
00:23:26,349 --> 00:23:23,929
understanding that doesn't make it

454
00:23:29,159 --> 00:23:26,359
completely true it just makes it that

455
00:23:35,710 --> 00:23:29,169
it's it works for my understanding right

456
00:23:38,320 --> 00:23:35,720
so you know the experiences I get

457
00:23:40,570 --> 00:23:38,330
started when I was young I was set up

458
00:23:44,859 --> 00:23:40,580
really well I was adopted orphaned at

459
00:23:47,979 --> 00:23:44,869
birth adopted six weeks and then my

460
00:23:50,139 --> 00:23:47,989
parents bring an adopted sister home and

461
00:23:51,789 --> 00:23:50,149
I was just a little over four at the

462
00:23:54,700 --> 00:23:51,799
time and so they thought it was time for

463
00:23:56,919 --> 00:23:54,710

them to explain what adoption was all

464

00:23:58,599 --> 00:23:56,929

about because there was no you know

465

00:24:00,300 --> 00:23:58,609

pregnancy involved just all of a sudden

466

00:24:06,010 --> 00:24:00,310

I got a little sister in my arms

467

00:24:07,240 --> 00:24:06,020

and it led me to really starting to

468

00:24:12,850 --> 00:24:07,250

inquire within

469

00:24:16,210 --> 00:24:12,860

as a kid I know that's almost unheard of

470

00:24:19,450 --> 00:24:16,220

and yet I had those questions I began to

471

00:24:23,530 --> 00:24:19,460

explore and fairly soon there was a

472

00:24:26,740 --> 00:24:23,540

voice that came one evening that out of

473

00:24:32,740 --> 00:24:26,750

the blue that just simply calls out hey

474

00:24:35,560 --> 00:24:32,750

you and so I heard it I because it was

475

00:24:36,940 --> 00:24:35,570

so loud and so present I felt sure my

476
00:24:39,550 --> 00:24:36,950
mother who was sitting at the bottom of

477
00:24:41,650 --> 00:24:39,560
the stairs I was on a landing looking

478
00:24:44,230 --> 00:24:41,660
out through the window over the front

479
00:24:46,450 --> 00:24:44,240
porch I had assumed that she could hear

480
00:24:50,170 --> 00:24:46,460
it and I spun around and after she could

481
00:24:52,990 --> 00:24:50,180
and she didn't so I kind of had this

482
00:24:56,620 --> 00:24:53,000
awareness that I knew this voice was

483
00:25:01,690 --> 00:24:56,630
real and that somehow it was just for me

484
00:25:03,910 --> 00:25:01,700
so I struck up calm Shinzon over the

485
00:25:06,640 --> 00:25:03,920
next couple of years almost three I

486
00:25:08,620 --> 00:25:06,650
think I had multiple conversations I had

487
00:25:13,330 --> 00:25:08,630
my first out-of-body experience

488
00:25:15,250 --> 00:25:13,340

one afternoon that it helped me to have

489

00:25:19,300 --> 00:25:15,260

by just saying you know I felt the fear

490

00:25:21,970 --> 00:25:19,310

of Leaning my body and as I did the

491

00:25:26,820 --> 00:25:21,980

voice just said just take a breath and

492

00:25:31,450 --> 00:25:26,830

relax and let go so that's what I did

493

00:25:35,290 --> 00:25:31,460

and then about a year later I had my

494

00:25:39,250 --> 00:25:35,300

first experience of watching myself get

495

00:25:40,660 --> 00:25:39,260

out of bed getting out my bedroom or

496

00:25:42,190 --> 00:25:40,670

opening my bedroom window

497

00:25:45,100 --> 00:25:42,200

climbing out walking across the

498

00:25:47,020 --> 00:25:45,110

neighbor's backyard to the fence that

499

00:25:50,020 --> 00:25:47,030

surrounded a ten acre pasture and this

500

00:25:51,610 --> 00:25:50,030

was rural Indiana and then climbed the

501
00:25:55,240 --> 00:25:51,620
fence to the pasture walk out into the

502
00:25:57,640 --> 00:25:55,250
field and then my body started rising up

503
00:26:00,310 --> 00:25:57,650
into the air now the one thing that I

504
00:26:03,940 --> 00:26:00,320
found pretty cool about the experiences

505
00:26:07,690 --> 00:26:03,950
I was able I had an observer that was

506
00:26:09,580 --> 00:26:07,700
watching this and so as my body started

507
00:26:13,940 --> 00:26:09,590
rising up into the air I looked up and I

508
00:26:15,889 --> 00:26:13,950
see this huge at least half mile long

509
00:26:17,750 --> 00:26:15,899
orange cigar-shaped cloud and when I

510
00:26:23,180 --> 00:26:17,760
would get to the perimeter of the cloud

511
00:26:25,039 --> 00:26:23,190
my observer became one with the body I

512
00:26:26,870 --> 00:26:25,049
was observing and I would go into the

513
00:26:31,129 --> 00:26:26,880

cloud and wake up in bed the next

514

00:26:33,980 --> 00:26:31,139

morning couldn't wait to go back so

515

00:26:37,430 --> 00:26:33,990

these things this experience was

516

00:26:40,519 --> 00:26:37,440

repeated I want to say twice a month for

517

00:26:42,879 --> 00:26:40,529

a couple of years never was I able to

518

00:26:45,289 --> 00:26:42,889

retain what happened inside the cloud

519

00:26:47,450 --> 00:26:45,299

which is one of the things I mentioned

520

00:26:49,519 --> 00:26:47,460

about the rule out of experiences and

521

00:26:52,460 --> 00:26:49,529

how long it takes to really understand

522

00:26:54,850 --> 00:26:52,470

have the the knowledge base in order to

523

00:27:00,610 --> 00:26:54,860

ask the right questions to garner the

524

00:27:04,840 --> 00:27:00,620

wisdom that was given at that time so

525

00:27:08,299 --> 00:27:04,850

though that's how things began for me

526

00:27:10,730 --> 00:27:08,309

and at the same time I was you know

527

00:27:14,210 --> 00:27:10,740

pretty much a good student an athlete

528

00:27:16,399 --> 00:27:14,220

and you know explored the woods close by

529

00:27:21,379 --> 00:27:16,409

the house and did all the things that a

530

00:27:23,990 --> 00:27:21,389

normal childhood a normal you know young

531

00:27:29,529 --> 00:27:24,000

boy would do even up through high school

532

00:27:32,240 --> 00:27:29,539

then when I went to college I had a

533

00:27:34,159 --> 00:27:32,250

pretty devastating experience and it

534

00:27:36,440 --> 00:27:34,169

wasn't physically traumatic but it was

535

00:27:42,230 --> 00:27:36,450

emotionally traumatic and I went back

536

00:27:44,210 --> 00:27:42,240

second quarter of my freshman year I was

537

00:27:47,930 --> 00:27:44,220

living in the on a daughter storm is in

538

00:27:49,519 --> 00:27:47,940

a pre-med program but I hit my knees and

539

00:27:52,909 --> 00:27:49,529

you know I don't know how many people

540

00:27:56,090 --> 00:27:52,919

actually pray but I'll admit I do so I

541

00:27:57,710 --> 00:27:56,100

hit my knees and I prayed and basically

542

00:27:59,419 --> 00:27:57,720

I said father I want to know what truth

543

00:28:00,169 --> 00:27:59,429

is and I'm willing to die for it if

544

00:28:05,019 --> 00:28:00,179

necessary

545

00:28:07,850 --> 00:28:05,029

and I really felt committed to that and

546

00:28:10,100 --> 00:28:07,860

the following week which actually was

547

00:28:12,590 --> 00:28:10,110

the same week that Travis Waltons

548

00:28:15,379 --> 00:28:12,600

experience took place this was on

549

00:28:19,039 --> 00:28:15,389

November 11th 1975 and I think his was

550

00:28:22,310 --> 00:28:19,049

just a few days later or maybe prior to

551
00:28:25,490 --> 00:28:22,320
but I know this within the same week at

552
00:28:27,730 --> 00:28:25,500
any rate the I'll truncate the

553
00:28:29,980 --> 00:28:27,740
experience I was

554
00:28:31,510 --> 00:28:29,990
asked if I was willing to die for what I

555
00:28:33,850 --> 00:28:31,520
believed in I thought of Christ

556
00:28:37,480 --> 00:28:33,860
consciousness first dismissed that

557
00:28:40,630 --> 00:28:37,490
because it didn't feel complete for some

558
00:28:45,160 --> 00:28:40,640
reason and went into cosmic

559
00:28:48,210 --> 00:28:45,170
consciousness that sense whatever it was

560
00:28:50,770 --> 00:28:48,220
felt more complete and so I said yes and

561
00:28:52,780 --> 00:28:50,780
then the album that I was listening to

562
00:28:54,340 --> 00:28:52,790
Germany's first album had a guitar riff

563
00:28:56,560 --> 00:28:54,350

that sound like a rocket ship taking off

564

00:28:58,900 --> 00:28:56,570

so it made it really easy to leave my

565

00:29:01,270 --> 00:28:58,910

body turned around and look at my body

566

00:29:02,980 --> 00:29:01,280

as I was leaving turned back to look

567

00:29:06,960 --> 00:29:02,990

where I was going was immediately

568

00:29:12,190 --> 00:29:06,970

engulfed by white light purest most

569

00:29:15,700 --> 00:29:12,200

amazing feeling I have ever had and even

570

00:29:18,940 --> 00:29:15,710

though I was asked if I was willing to

571

00:29:21,549 --> 00:29:18,950

die for what I believed in in this place

572

00:29:25,840 --> 00:29:21,559

I could still think so I knew I wasn't

573

00:29:27,580 --> 00:29:25,850

dead and through you know staying there

574

00:29:30,790 --> 00:29:27,590

for a little bit in a conversation with

575

00:29:32,950 --> 00:29:30,800

this voice I was taken into another

576

00:29:35,080 --> 00:29:32,960

place where there were points of light

577

00:29:38,770 --> 00:29:35,090

surrounding me in an indigo background

578

00:29:41,110 --> 00:29:38,780

and a message was delivered and then I

579

00:29:43,690 --> 00:29:41,120

was at the end of the the message

580

00:29:47,680 --> 00:29:43,700

basically the voice had trust and allow

581

00:29:50,020 --> 00:29:47,690

and with that I felt in another rush of

582

00:29:52,990 --> 00:29:50,030

energy and I am back in my body taking a

583

00:29:56,140 --> 00:29:53,000

gulp of air kept my eyes closed for a

584

00:30:00,840 --> 00:29:56,150

while and felt myself reintegrating and

585

00:30:05,200 --> 00:30:00,850

it took years to really understand that

586

00:30:07,690 --> 00:30:05,210

from that perspective I'd had an

587

00:30:11,440 --> 00:30:07,700

experience of cosmic consciousness and

588

00:30:17,340 --> 00:30:11,450

the condensation back into physical form

589

00:30:20,650 --> 00:30:17,350

so what do you do with that right and

590

00:30:22,780 --> 00:30:20,660

that's how you know the questions really

591

00:30:24,960 --> 00:30:22,790

began it's okay you know how do I do

592

00:30:27,100 --> 00:30:24,970

this what do we need to do to prepare

593

00:30:30,549 --> 00:30:27,110

what are the signs that I need to be

594

00:30:32,470 --> 00:30:30,559

aware of and these points of light even

595

00:30:35,890 --> 00:30:32,480

at the time I was told that these were

596

00:30:38,320 --> 00:30:35,900

those I was to work with they were

597

00:30:39,210 --> 00:30:38,330

definitely out-of-body as I was and so

598

00:30:42,330 --> 00:30:39,220

but I

599

00:30:45,320 --> 00:30:42,340

a sense that they were also in body and

600

00:30:48,390 --> 00:30:45,330

why was that so traumatic for you

601
00:30:51,080 --> 00:30:48,400
traumatic at all you you were saying

602
00:30:52,770 --> 00:30:51,090
earlier that you had a devastating

603
00:30:55,740 --> 00:30:52,780
experiment

604
00:30:58,440 --> 00:30:55,750
prior to that nothing to do it put me an

605
00:31:03,120 --> 00:30:58,450
emotional place that I was willing to go

606
00:31:04,860 --> 00:31:03,130
deep and inquire the kind of cosmic

607
00:31:08,899 --> 00:31:04,870
ascension I'm just gonna make up terms

608
00:31:12,240 --> 00:31:08,909
as I go along here sure that you

609
00:31:14,580 --> 00:31:12,250
experienced where you weren't an

610
00:31:16,680 --> 00:31:14,590
academic you weren't thinking in an

611
00:31:19,890 --> 00:31:16,690
intellectual manner which encompassed

612
00:31:22,440 --> 00:31:19,900
critical thinking you surpassed that you

613
00:31:26,820 --> 00:31:22,450

actually ascended to a point that was

614

00:31:29,549 --> 00:31:26,830

probably I assume in a purely spiritual

615

00:31:37,409 --> 00:31:29,559

sense is that what you would describe it

616

00:31:39,899 --> 00:31:37,419

as and there's a description and I think

617

00:31:43,500 --> 00:31:39,909

it's the Hindu tradition that talks

618

00:31:46,890 --> 00:31:43,510

about going beyond mind right and when

619

00:31:50,130 --> 00:31:46,900

you when you reach that super liminal

620

00:31:55,049 --> 00:31:50,140

state or that level of being that was

621

00:31:57,000 --> 00:31:55,059

just pure a sense of pure oneness with

622

00:32:01,200 --> 00:31:57,010

all mm-hmm

623

00:32:03,750 --> 00:32:01,210

did you feel complete and if you did or

624

00:32:06,630 --> 00:32:03,760

you didn't did you still feel the

625

00:32:08,789 --> 00:32:06,640

singular nature of yourself or did you

626

00:32:13,220 --> 00:32:08,799

feel that dissolve away that's an

627

00:32:17,760 --> 00:32:13,230

amazing question and to answer that yes

628

00:32:22,669 --> 00:32:17,770

to both there was a simultaneous feeling

629

00:32:27,169 --> 00:32:22,679

of complete oneness and individual

630

00:32:32,159 --> 00:32:27,179

consciousness because I could think and

631

00:32:36,899 --> 00:32:32,169

yet I felt this overarching sense of

632

00:32:39,060 --> 00:32:36,909

unity with everything okay and then I

633

00:32:43,020 --> 00:32:39,070

have kind of an odd question for you

634

00:32:45,060 --> 00:32:43,030

this Kardashev metric this scale that is

635

00:32:48,899 --> 00:32:45,070

relied upon by many people which is a

636

00:32:52,370 --> 00:32:48,909

hypothetical regarding energy that

637

00:32:53,930 --> 00:32:52,380

civilizations might glean from a star

638

00:32:55,639 --> 00:32:53,940

that's my understanding of it it's

639

00:32:57,649 --> 00:32:55,649

actually a lot more complex than that

640

00:32:58,490 --> 00:32:57,659

but I'm just going to abbreviate it and

641

00:33:02,259 --> 00:32:58,500

say it like that

642

00:33:05,299 --> 00:33:02,269

you're welcome to correct me at any time

643

00:33:09,169 --> 00:33:05,309

that's a very materialistic point of

644

00:33:11,840 --> 00:33:09,179

view regarding a possible et

645

00:33:14,659 --> 00:33:11,850

civilization or civilizations out there

646

00:33:17,539 --> 00:33:14,669

relying on pend some kind of energy

647

00:33:21,590 --> 00:33:17,549

source in order to survive and also

648

00:33:26,389 --> 00:33:21,600

traverse the galaxies now my question to

649

00:33:31,009 --> 00:33:26,399

you is how does that translate into the

650

00:33:33,490 --> 00:33:31,019

kind of situation you actually ascend it

651
00:33:37,279 --> 00:33:33,500
to and I'll explain what I mean

652
00:33:39,529 --> 00:33:37,289
why would et civilizations bother with

653
00:33:41,919 --> 00:33:39,539
the cartouche of scale if they could

654
00:33:45,980 --> 00:33:41,929
have access to what you did

655
00:33:52,419 --> 00:33:45,990
there's symbiotic and what I mean by

656
00:33:55,930 --> 00:33:52,429
that is material and spiritual coexist

657
00:33:58,840 --> 00:33:55,940
the electromagnetic spectrum

658
00:34:02,600 --> 00:33:58,850
demonstrates that the very low

659
00:34:07,899 --> 00:34:02,610
frequencies are more solid the very high

660
00:34:13,250 --> 00:34:07,909
frequencies are not in the relation to

661
00:34:16,399 --> 00:34:13,260
how the the Kardashev scale applies you

662
00:34:20,690 --> 00:34:16,409
know on a type well we're maybe at point

663
00:34:24,470 --> 00:34:20,700

five right we have the intelligence to

664

00:34:30,490 --> 00:34:24,480

know that there seems to be a bridge

665

00:34:34,730 --> 00:34:30,500

between worlds now by that I mean if our

666

00:34:38,720 --> 00:34:34,740

attention and intention is able to or

667

00:34:44,480 --> 00:34:38,730

are able to affect our immediate

668

00:34:48,500 --> 00:34:44,490

environment then does that not offer an

669

00:34:56,319 --> 00:34:48,510

experience of what quantum theorists

670

00:35:01,030 --> 00:34:59,180

let me know I I want to interject with

671

00:35:03,589 --> 00:35:01,040

the question at some point go ahead okay

672

00:35:05,410 --> 00:35:03,599

so but you get what I'm saying there I'm

673

00:35:08,920 --> 00:35:05,420

following you guys it

674

00:35:10,539 --> 00:35:08,930

so that you know meet you start or he

675

00:35:11,890 --> 00:35:10,549

talks about you know why do we have a

676

00:35:15,519 --> 00:35:11,900

proton electron a neutron

677

00:35:17,970 --> 00:35:15,529

well first of all that there needs to be

678

00:35:23,230 --> 00:35:17,980

some particles that are able to be

679

00:35:26,500 --> 00:35:23,240

brought in two configurations but what's

680

00:35:30,279 --> 00:35:26,510

driving that well you know there's 99%

681

00:35:32,410 --> 00:35:30,289

space in an atom and what's in that you

682

00:35:34,690 --> 00:35:32,420

know we're calling a dark matter well

683

00:35:37,620 --> 00:35:34,700

yeah it doesn't it's not dark matter it

684

00:35:40,150 --> 00:35:37,630

just it's matter and it matters because

685

00:35:43,359 --> 00:35:40,160

it's there there are things that

686

00:35:46,089 --> 00:35:43,369

consciousness the intelligence the

687

00:35:48,039 --> 00:35:46,099

thought you know we talk about speed of

688

00:35:50,589 --> 00:35:48,049

light but we rarely talk about speed of

689

00:35:54,849 --> 00:35:50,599

thought and there's very few references

690

00:35:57,720 --> 00:35:54,859

to that one is in a basically the only

691

00:35:59,950 --> 00:35:57,730

one I've been able to find is in a

692

00:36:02,079 --> 00:35:59,960

quote-unquote channeled work called the

693

00:36:06,309 --> 00:36:02,089

you rancher book and it notes that he's

694

00:36:09,220 --> 00:36:06,319

being 841 trillion miles per second yeah

695

00:36:11,319 --> 00:36:09,230

I have to so so if we you know just

696

00:36:13,769 --> 00:36:11,329

using that let's say it's not even true

697

00:36:17,019 --> 00:36:13,779

but let's say that there's a

698

00:36:19,779 --> 00:36:17,029

civilization that's been able to garner

699

00:36:24,069 --> 00:36:19,789

its over the power and the understanding

700

00:36:28,059 --> 00:36:24,079

of its galaxy and this consciousness

701
00:36:30,609 --> 00:36:28,069
evolved simultaneously with the ability

702
00:36:33,609 --> 00:36:30,619
to understand and utilize that the

703
00:36:38,319 --> 00:36:33,619
higher order thinking the understanding

704
00:36:40,720 --> 00:36:38,329
of you know how it's basically the law

705
00:36:44,589 --> 00:36:40,730
of attraction on steroids right where

706
00:36:48,730 --> 00:36:44,599
our ability to think and perceive and to

707
00:36:52,390 --> 00:36:48,740
intend actually has an effect on the

708
00:36:56,200 --> 00:36:52,400
world around us and can be quite

709
00:36:59,109 --> 00:36:56,210
profound in certain instances you know

710
00:37:01,749 --> 00:36:59,119
when people recognize these motion just

711
00:37:04,359 --> 00:37:01,759
call them synchronicities right where a

712
00:37:08,890 --> 00:37:04,369
person is either thinking or talking or

713
00:37:12,220 --> 00:37:08,900

wondering about something and all the

714

00:37:15,009 --> 00:37:12,230

sudden that they're in shifts and

715

00:37:18,940 --> 00:37:15,019

there's a demonstrable sensation within

716

00:37:22,930 --> 00:37:18,950

them in that shift they actually feel in

717

00:37:24,400 --> 00:37:22,940

genetic shift that then reveals a new

718

00:37:26,770 --> 00:37:24,410

level of awareness or a new living

719

00:37:28,300 --> 00:37:26,780

awareness in that environment of

720

00:37:31,870 --> 00:37:28,310

something beyond what they had

721

00:37:33,819 --> 00:37:31,880

previously considered the implications

722

00:37:35,890 --> 00:37:33,829

of subatomic physics regarding the

723

00:37:38,349 --> 00:37:35,900

mysticism that were sort of delving into

724

00:37:42,180 --> 00:37:38,359

here I think may have been covered by

725

00:37:49,060 --> 00:37:42,190

the dow physics which was written by the

726
00:37:53,829 --> 00:37:49,070
high energy physicist yep friedhof Capra

727
00:37:56,740 --> 00:37:53,839
and wanted to read a quote an excerpt

728
00:38:00,700 --> 00:37:56,750
from the DAO physics that summarizes

729
00:38:03,670 --> 00:38:00,710
Capra's writing for his book and that is

730
00:38:06,099 --> 00:38:03,680
this the science does not need mysticism

731
00:38:11,079 --> 00:38:06,109
and mysticism does not need science but

732
00:38:14,230 --> 00:38:11,089
man needs both I wanted to ask you again

733
00:38:17,250 --> 00:38:14,240
regarding the cartouche of scale and eg

734
00:38:20,560 --> 00:38:17,260
civilizations that may rely upon that

735
00:38:22,329 --> 00:38:20,570
hypothetical might might actually use

736
00:38:25,480 --> 00:38:22,339
that part and parcel to actually

737
00:38:28,599 --> 00:38:25,490
traverse the galaxies whatever galaxies

738
00:38:31,200 --> 00:38:28,609

those are or universes whatever what I

739

00:38:34,030 --> 00:38:31,210

was going to ask you is since man

740

00:38:36,700 --> 00:38:34,040

appears - and I'm just gonna stereotype

741

00:38:40,050 --> 00:38:36,710

here and I'm going to generalize a lot

742

00:38:43,750 --> 00:38:40,060

of things since man appears to

743

00:38:48,579 --> 00:38:43,760

occasionally delve into that very

744

00:38:50,800 --> 00:38:48,589

special perspective and maybe it was an

745

00:38:52,809 --> 00:38:50,810

invitation for you I don't know from

746

00:38:57,280 --> 00:38:52,819

some cosmic something that allowed you

747

00:39:02,109 --> 00:38:57,290

to step up that ladder to get into that

748

00:39:04,599 --> 00:39:02,119

subatomic area that 1% of the 99% of

749

00:39:07,809 --> 00:39:04,609

nothingness that 1% of something and get

750

00:39:11,319 --> 00:39:07,819

into there what I would like to know is

751

00:39:13,960 --> 00:39:11,329

why is it et civilizations need to rely

752

00:39:17,109 --> 00:39:13,970

upon the Kardashev scale in order to get

753

00:39:18,599 --> 00:39:17,119

anywhere if you have the ability to get

754

00:39:22,750 --> 00:39:18,609

there now I know I've already asked that

755

00:39:26,740 --> 00:39:22,760

but is it possible that et civilizations

756

00:39:28,960 --> 00:39:26,750

and man can only get to that point every

757

00:39:32,800 --> 00:39:28,970

now and then that they cannot remain

758

00:39:36,450 --> 00:39:32,810

there in this physical capacity in there

759

00:39:39,610 --> 00:39:36,460

materialistic forms in their bodies for

760

00:39:41,680 --> 00:39:39,620

certain periods of time otherwise

761

00:39:44,020 --> 00:39:41,690

they'll dissolve into nothingness and

762

00:39:46,120 --> 00:39:44,030

then they won't need their ships they

763

00:39:47,860 --> 00:39:46,130

won't need their planets they won't need

764

00:39:50,230 --> 00:39:47,870

anything materialistic at all

765

00:39:52,450 --> 00:39:50,240

they'll just require themselves to think

766

00:39:55,840 --> 00:39:52,460

or to not think because my understanding

767

00:40:00,780 --> 00:39:55,850

is it is this and it is nothing it is

768

00:40:07,990 --> 00:40:04,200

great comments and wonderful question

769

00:40:10,570 --> 00:40:08,000

what to answer the further I wouldn't

770

00:40:13,360 --> 00:40:10,580

for questions and answer the first one

771

00:40:16,920 --> 00:40:13,370

about what's it matter to them yes it

772

00:40:21,190 --> 00:40:16,930

doesn't that's our way of trying to

773

00:40:24,340 --> 00:40:21,200

accuse a Heinlein term croc creation

774

00:40:26,500 --> 00:40:24,350

right and what's beyond us we've reached

775

00:40:28,420 --> 00:40:26,510

that point now to where we can actually

776

00:40:30,610 --> 00:40:28,430

consider that we have the intelligence

777

00:40:32,820 --> 00:40:30,620

to do so that doesn't make it right

778

00:40:36,480 --> 00:40:32,830

right

779

00:40:41,140 --> 00:40:36,490

however we have the ability to at least

780

00:40:44,920 --> 00:40:41,150

move beyond where we are and try to

781

00:40:48,670 --> 00:40:44,930

perceive what else might be and explain

782

00:40:53,200 --> 00:40:48,680

it in some way which is kind of what

783

00:40:55,660 --> 00:40:53,210

scientists do right so yeah it's it's

784

00:40:57,310 --> 00:40:55,670

really meant as a jumping-off point to

785

00:40:58,990 --> 00:40:57,320

consider these some of these ideas

786

00:41:00,910 --> 00:40:59,000

you don't like nice the spheres in the

787

00:41:02,200 --> 00:41:00,920

Drake Equation and some of the other

788

00:41:04,210 --> 00:41:02,210

things that have been put forth right

789

00:41:06,250 --> 00:41:04,220

maybe this is how they're doing it maybe

790

00:41:08,710 --> 00:41:06,260

maybe it's a lot simpler for them maybe

791

00:41:10,660 --> 00:41:08,720

their knowledge is so advanced that they

792

00:41:12,250 --> 00:41:10,670

can be a lot more efficient they don't

793

00:41:14,410 --> 00:41:12,260

even need that what what would a

794

00:41:16,870 --> 00:41:14,420

civilization need the power of an entire

795

00:41:19,380 --> 00:41:16,880

galaxy for what would they do with it -

796

00:41:22,810 --> 00:41:19,390

the second question Shannon had about

797

00:41:24,940 --> 00:41:22,820

wideness and why you know the experience

798

00:41:27,880 --> 00:41:24,950

of nothingness and you know

799

00:41:32,740 --> 00:41:27,890

consciousness is such that I see it this

800

00:41:37,870 --> 00:41:32,750

way we had we need ways to experience

801

00:41:39,730 --> 00:41:37,880

our environment and at that level and

802

00:41:42,760 --> 00:41:39,740

there is you know there's some evidence

803

00:41:45,739 --> 00:41:42,770

in some of the writings from the 1920s

804

00:41:48,130 --> 00:41:45,749

guy Ballard Baird Spalding

805

00:41:52,099 --> 00:41:48,140

and even the year Antron book was

806

00:41:56,059 --> 00:41:52,109

eventually that's when it began there is

807

00:41:59,380 --> 00:41:56,069

Madame Blavatsky oh yeah as well okay so

808

00:42:05,469 --> 00:41:59,390

there's the these precursors if you will

809

00:42:10,759 --> 00:42:05,479

to awareness of the ability of some

810

00:42:15,650 --> 00:42:10,769

consciousness is to be able to condense

811

00:42:20,930 --> 00:42:15,660

into form in front of them yes right so

812

00:42:30,559 --> 00:42:20,940

if that is true mm-hmm then there may be

813

00:42:33,380 --> 00:42:30,569

other entire civilizations capable and

814

00:42:35,509 --> 00:42:33,390

that maybe some of those appearances

815

00:42:37,009 --> 00:42:35,519

might even be members of those

816

00:42:38,690 --> 00:42:37,019

civilizations that are coming here and

817

00:42:41,630 --> 00:42:38,700

trying to say hey guys knock knock

818

00:42:46,099 --> 00:42:41,640

wake up don't mess with the atom it you

819

00:42:48,650 --> 00:42:46,109

know be careful take care of each other

820

00:42:51,019 --> 00:42:48,660

nurture yourselves be aware of the

821

00:42:53,059 --> 00:42:51,029

ecosystems on the planet and use them

822

00:42:55,249 --> 00:42:53,069

wisely and you know don't destroy

823

00:42:57,769 --> 00:42:55,259

yourselves in the process which none of

824

00:42:59,930 --> 00:42:57,779

that we've really listened to my we're

825

00:43:02,900 --> 00:42:59,940

faced with these things and and they are

826
00:43:05,930 --> 00:43:02,910
still there they you know consciousness

827
00:43:07,999 --> 00:43:05,940
is still trying to say hey look guys you

828
00:43:10,609 --> 00:43:08,009
know start cleaning up your mess and

829
00:43:13,609 --> 00:43:10,619
there's going to be all kinds of help

830
00:43:15,829 --> 00:43:13,619
available not necessary because they get

831
00:43:18,949 --> 00:43:15,839
involved but because we shift our

832
00:43:23,469 --> 00:43:18,959
consciousness to a point where that

833
00:43:29,829 --> 00:43:23,479
energy shifts and our ability to perform

834
00:43:33,439 --> 00:43:29,839
with each other in ways that assist the

835
00:43:35,959 --> 00:43:33,449
for lack of a better healing of our

836
00:43:38,539 --> 00:43:35,969
environment or ourselves or cultural

837
00:43:43,370 --> 00:43:38,549
wounds or planetary woman's all of those

838
00:43:46,249 --> 00:43:43,380

kinds of things are still possible so

839

00:43:49,670 --> 00:43:46,259

Ray Bradbury wrote many stories

840

00:43:50,739 --> 00:43:49,680

regarding consciousness in different

841

00:43:54,049 --> 00:43:50,749

ways

842

00:43:56,359 --> 00:43:54,059

and like one example is there were some

843

00:43:59,040 --> 00:43:56,369

kids they were watching TV in a room I'm

844

00:44:01,480 --> 00:43:59,050

really oversimplifying here and that

845

00:44:03,640 --> 00:44:01,490

basically what they're looking at turned

846

00:44:11,080 --> 00:44:03,650

into an event where you know there were

847

00:44:12,490 --> 00:44:11,090

lions and a safari and the Lions the end

848

00:44:14,140 --> 00:44:12,500

of this story everybody just I'm gonna

849

00:44:15,790 --> 00:44:14,150

ruin it for you did the lion sate their

850

00:44:19,090 --> 00:44:15,800

parents okay the other thing that he

851
00:44:21,970 --> 00:44:19,100
wrote about who was I'm going somewhere

852
00:44:25,360 --> 00:44:21,980
with this orbs of light and that were on

853
00:44:29,140 --> 00:44:25,370
a planet and basically were energy

854
00:44:32,440 --> 00:44:29,150
beings subatomic level of consciousness

855
00:44:34,030 --> 00:44:32,450
that were basically kind of similar to

856
00:44:36,130 --> 00:44:34,040
what we're talking about were you ascent

857
00:44:39,000 --> 00:44:36,140
to a certain point you're not really a

858
00:44:41,950 --> 00:44:39,010
body you're just some kind of energy

859
00:44:43,750 --> 00:44:41,960
type or your everything and you're

860
00:44:44,710 --> 00:44:43,760
nothing now it's gonna read something to

861
00:44:47,170 --> 00:44:44,720
you and then I was gonna ask you a

862
00:44:49,360 --> 00:44:47,180
question Kardashev concluded his famous

863
00:44:52,000 --> 00:44:49,370

paper regarding a scale with this

864

00:44:53,470 --> 00:44:52,010

reflection he said and I'm gonna go

865

00:44:54,700 --> 00:44:53,480

ahead and dip into what he said here

866

00:44:56,440 --> 00:44:54,710

because I'm not going to read the

867

00:44:57,010 --> 00:44:56,450

beginning of it I'm just gonna read an

868

00:45:00,040 --> 00:44:57,020

excerpt

869

00:45:01,950 --> 00:45:00,050

he said we should like to note that the

870

00:45:04,450 --> 00:45:01,960

estimates arrived at here are

871

00:45:07,660 --> 00:45:04,460

unquestionably of no more than a

872

00:45:09,910 --> 00:45:07,670

tentative nature but all of them bear

873

00:45:12,220 --> 00:45:09,920

witness to the fact that if terrestrial

874

00:45:14,530 --> 00:45:12,230

civilization is not a unique phenomenon

875

00:45:16,810 --> 00:45:14,540

in the entire universe than the

876

00:45:19,450 --> 00:45:16,820

possibility of establishing contacts

877

00:45:21,850 --> 00:45:19,460

with other civilizations by means of

878

00:45:25,600 --> 00:45:21,860

present-day radio physics capabilities

879

00:45:29,200 --> 00:45:25,610

is entirely realistic know what I was

880

00:45:32,010 --> 00:45:29,210

gonna ask you is this after we realize

881

00:45:35,770 --> 00:45:32,020

that we can really ascend to this

882

00:45:37,990 --> 00:45:35,780

non-tangible type of nature and probably

883

00:45:40,300 --> 00:45:38,000

exist for an unknown amount of time and

884

00:45:42,280 --> 00:45:40,310

immortality doesn't even enter into that

885

00:45:44,860 --> 00:45:42,290

kind of scale of understanding because

886

00:45:47,620 --> 00:45:44,870

really that's the kind of understanding

887

00:45:49,900 --> 00:45:47,630

that we don't have total access to it's

888

00:45:56,140 --> 00:45:49,910

fun fact or even partial at this right

889

00:45:58,810 --> 00:45:56,150

right it's possible what I was when I

890

00:46:02,170 --> 00:45:58,820

look when I reflect upon my reading of

891

00:46:05,290 --> 00:46:02,180

Ray Bradbury is his novels over and over

892

00:46:07,900 --> 00:46:05,300

again and I also think about the kind of

893

00:46:10,220 --> 00:46:07,910

technology we use right now to traverse

894

00:46:13,190 --> 00:46:10,230

our own space

895

00:46:15,980 --> 00:46:13,200

and then I read this quote from

896

00:46:17,599 --> 00:46:15,990

cartouche of saying is that the

897

00:46:19,250 --> 00:46:17,609

possibility of establishing contacts

898

00:46:21,589 --> 00:46:19,260

with other civilizations by means of

899

00:46:24,349 --> 00:46:21,599

present-day radio physics capabilities

900

00:46:27,620 --> 00:46:24,359

it was entirely entirely realistic all

901
00:46:31,010 --> 00:46:27,630
of it sounds outdated compared to your

902
00:46:35,000 --> 00:46:31,020
having ascended some kind of amazing

903
00:46:36,980 --> 00:46:35,010
ladder of consciousness that all sounds

904
00:46:39,950 --> 00:46:36,990
like it just kind of all falls away it

905
00:46:43,040 --> 00:46:39,960
seems meaningless and I was gonna ask

906
00:46:45,200 --> 00:46:43,050
you doesn't it sound outdated to you all

907
00:46:47,359 --> 00:46:45,210
of our technology compared to what you

908
00:46:50,510 --> 00:46:47,369
went to because that's kind of a high

909
00:46:53,780 --> 00:46:50,520
that's kind of like some people call

910
00:46:56,089 --> 00:46:53,790
high magic or high technology there's

911
00:46:58,790 --> 00:46:56,099
really no term for it doesn't it seem

912
00:47:00,349 --> 00:46:58,800
like everything and you know this is the

913
00:47:02,960 --> 00:47:00,359

thing I think some philosophers even

914

00:47:04,870 --> 00:47:02,970

became very depressed when they realize

915

00:47:09,250 --> 00:47:04,880

that there's a level of consciousness

916

00:47:12,020 --> 00:47:09,260

that they cannot attain on a regular and

917

00:47:14,630 --> 00:47:12,030

it just seems like some people might

918

00:47:16,700 --> 00:47:14,640

take it in a very depressing way that

919

00:47:19,640 --> 00:47:16,710

here we are in this physical form and

920

00:47:26,900 --> 00:47:19,650

yet here you were ascending how are we

921

00:47:29,359 --> 00:47:26,910

supposed to reach that knowledge II

922

00:47:30,859 --> 00:47:29,369

seems outdated we can't reach that level

923

00:47:32,599 --> 00:47:30,869

when we wake up we have to go to work

924

00:47:35,720 --> 00:47:32,609

that kind of thing it just seems like

925

00:47:39,260 --> 00:47:35,730

nine to five hours responsibly no it's

926
00:47:41,930 --> 00:47:39,270
not outdated it's present okay there are

927
00:47:46,550 --> 00:47:41,940
so many layers and levels of

928
00:47:50,089 --> 00:47:46,560
intelligence and capabilities you know

929
00:47:53,690 --> 00:47:50,099
you've got I mean look at the division

930
00:47:57,550 --> 00:47:53,700
of labor in a society mm-hmm you know

931
00:48:00,140 --> 00:47:57,560
that's reflective of a span of

932
00:48:03,319 --> 00:48:00,150
consciousness right

933
00:48:06,260 --> 00:48:03,329
some people think very highly some

934
00:48:08,930 --> 00:48:06,270
people you know for instance what I do

935
00:48:11,480 --> 00:48:08,940
for or one of the hats that I wear my

936
00:48:15,589 --> 00:48:11,490
companies is I do partnering workshops

937
00:48:19,120 --> 00:48:15,599
for pre-construction meetings and so

938
00:48:21,349 --> 00:48:19,130

these are multi multi-million dollar

939

00:48:22,790 --> 00:48:21,359

projects where they'd be building road

940

00:48:26,480 --> 00:48:22,800

bridge

941

00:48:31,100 --> 00:48:26,490

waterways hotels all that kind of stuff

942

00:48:33,830 --> 00:48:31,110

so these are all when someone confers

943

00:48:37,460 --> 00:48:33,840

conceives the architect built you know

944

00:48:39,740 --> 00:48:37,470

designs then the contractors and

945

00:48:43,090 --> 00:48:39,750

subcontractors and the rest of the

946

00:48:47,770 --> 00:48:43,100

stakeholders build the project well

947

00:48:50,540 --> 00:48:47,780

that's a similar framework in which

948

00:48:53,570 --> 00:48:50,550

consciousness resides and that's that

949

00:48:59,030 --> 00:48:53,580

when we have questions and we can

950

00:49:01,280 --> 00:48:59,040

perceive potential answers or we receive

951
00:49:02,780 --> 00:49:01,290
snippets of things you know we we don't

952
00:49:04,880 --> 00:49:02,790
get answers until we ask the right

953
00:49:07,730 --> 00:49:04,890
questions and the question is are we

954
00:49:12,020 --> 00:49:07,740
asking the right questions when we do

955
00:49:17,200 --> 00:49:12,030
then the options arise with the answers

956
00:49:20,630 --> 00:49:17,210
that we receive to discern first of all

957
00:49:22,430 --> 00:49:20,640
observe question even further you know

958
00:49:24,200 --> 00:49:22,440
it's almost like Bloom's taxonomy where

959
00:49:28,190 --> 00:49:24,210
the highest rung on it is self

960
00:49:30,410 --> 00:49:28,200
evaluation when we can really be

961
00:49:32,300 --> 00:49:30,420
critical of ourselves and how we think

962
00:49:34,310 --> 00:49:32,310
and what our belief systems are and how

963
00:49:38,480 --> 00:49:34,320

they affect our interpretation of

964

00:49:40,280 --> 00:49:38,490

answers then we can get somewhere so do

965

00:49:41,630 --> 00:49:40,290

you believe that the fact that you

966

00:49:45,020 --> 00:49:41,640

ascended to a certain level of

967

00:49:47,390 --> 00:49:45,030

consciousness has practical application

968

00:49:49,910 --> 00:49:47,400

for everyday life or does it just have a

969

00:49:52,550 --> 00:49:49,920

very lofty type of nature to you it has

970

00:49:56,150 --> 00:49:52,560

absolutely an application for everyday

971

00:49:57,920 --> 00:49:56,160

life because what it leads back to is

972

00:50:02,900 --> 00:49:57,930

awareness of everything and the

973

00:50:07,400 --> 00:50:02,910

connection to it right so life becomes

974

00:50:08,060 --> 00:50:07,410

the ability of okay so there's two

975

00:50:10,210 --> 00:50:08,070

facets

976

00:50:12,380 --> 00:50:10,220

there's self-actualization

977

00:50:15,500 --> 00:50:12,390

self-realization self-actualization is

978

00:50:16,460 --> 00:50:15,510

the outer world where you step up to

979

00:50:19,490 --> 00:50:16,470

your potential

980

00:50:21,800 --> 00:50:19,500

self real age self-realization is the

981

00:50:24,500 --> 00:50:21,810

integral where you step up your to your

982

00:50:27,020 --> 00:50:24,510

potential right so you have a merging of

983

00:50:29,270 --> 00:50:27,030

those and self-awareness is in the

984

00:50:30,830 --> 00:50:29,280

middle of that it's like the right and

985

00:50:33,859 --> 00:50:30,840

left hemisphere is being connected with

986

00:50:38,499 --> 00:50:33,869

the corpus callosum right

987

00:50:41,390 --> 00:50:38,509

it acts as a medium if you will to

988

00:50:43,789 --> 00:50:41,400

integrate those realities the inner and

989

00:50:49,089 --> 00:50:43,799

outer so when you can become self-aware

990

00:50:52,370 --> 00:50:49,099

enough to where you recognize the outer

991

00:50:57,799 --> 00:50:52,380

reflections of what's going on inside of

992

00:51:01,549 --> 00:50:57,809

you then that increases your joy first

993

00:51:05,089 --> 00:51:01,559

of all because it just naturally does

994

00:51:07,069 --> 00:51:05,099

that it raises your awareness it raises

995

00:51:10,880 --> 00:51:07,079

your for lack of a better vibration I

996

00:51:15,410 --> 00:51:10,890

think needs to have some they have some

997

00:51:18,920 --> 00:51:15,420

other escalations or iterations so when

998

00:51:22,269 --> 00:51:18,930

you the practical application of it

999

00:51:24,920 --> 00:51:22,279

is to become more aware of how you

1000

00:51:27,650 --> 00:51:24,930

interact with your environment and how

1001
00:51:29,989 --> 00:51:27,660
it reflects your interaction it's like I

1002
00:51:33,620 --> 00:51:29,999
was talking about earlier the attention

1003
00:51:37,849 --> 00:51:33,630
and intention can affect our environment

1004
00:51:39,769 --> 00:51:37,859
you know it brings people to us it if we

1005
00:51:42,829 --> 00:51:39,779
get phone calls from people that you

1006
00:51:45,979 --> 00:51:42,839
know there's all kinds of little nuances

1007
00:51:48,380 --> 00:51:45,989
and specific events in our lives that we

1008
00:51:52,160 --> 00:51:48,390
can identify where those things bridge

1009
00:51:53,900 --> 00:51:52,170
and we have an event and it is in just a

1010
00:51:56,390 --> 00:51:53,910
moment but it's there and we can

1011
00:52:00,439 --> 00:51:56,400
recognize it now the trick is to build

1012
00:52:03,169 --> 00:52:00,449
upon those in order to build the trust

1013
00:52:06,259 --> 00:52:03,179

factor and allow the rest of it to

1014

00:52:09,169 --> 00:52:06,269

unfold and become aware of it when it

1015

00:52:11,719 --> 00:52:09,179

does so if that door opens we can

1016

00:52:14,509 --> 00:52:11,729

embrace what's coming through it or not

1017

00:52:17,479 --> 00:52:14,519

and you can kick your own door open now

1018

00:52:19,699 --> 00:52:17,489

sort of like what you did by putting

1019

00:52:21,589 --> 00:52:19,709

together the website day ufology press

1020

00:52:23,569 --> 00:52:21,599

so wants to tell us a little bit about

1021

00:52:25,939 --> 00:52:23,579

where that idea came from and what folks

1022

00:52:28,249 --> 00:52:25,949

can find over there well this was one of

1023

00:52:31,789 --> 00:52:28,259

those instances okay so I've been

1024

00:52:35,209 --> 00:52:31,799

involved for years and ufology was at

1025

00:52:39,439 --> 00:52:35,219

the first international UFO Congress in

1026
00:52:42,890 --> 00:52:39,449
Tucson at 91 so I'd been when it moved

1027
00:52:44,849 --> 00:52:42,900
back to Phoenix in 2010 I had a group of

1028
00:52:47,339 --> 00:52:44,859
folks in our

1029
00:52:50,059 --> 00:52:47,349
UFO discussion meetup group that I

1030
00:52:53,789 --> 00:52:50,069
talked into getting a vendor table and

1031
00:52:56,759 --> 00:52:53,799
so for the next several or couple three

1032
00:53:01,680 --> 00:52:56,769
years we had vendor tables at the event

1033
00:53:04,019 --> 00:53:01,690
I was also involved with the town of

1034
00:53:06,839 --> 00:53:04,029
Gilbert City Council at the time and

1035
00:53:09,900 --> 00:53:06,849
promoting information and research of

1036
00:53:12,449 --> 00:53:09,910
co-working and incubator space for them

1037
00:53:16,349 --> 00:53:12,459
and at one of their business networking

1038
00:53:18,749 --> 00:53:16,359

meetings I met a gentleman that owned a

1039

00:53:22,589 --> 00:53:18,759

company called mine and they were

1040

00:53:25,469 --> 00:53:22,599

developing wireframe curated websites

1041

00:53:29,579 --> 00:53:25,479

that you could plug any topic into and

1042

00:53:32,279 --> 00:53:29,589

you could bring in RSS feeds which is

1043

00:53:35,009 --> 00:53:32,289

what the peat RSS means it's really

1044

00:53:38,370 --> 00:53:35,019

simple syndication so those feeds then

1045

00:53:40,589 --> 00:53:38,380

are all brought into one location he and

1046

00:53:44,039 --> 00:53:40,599

I got to talking and he happened to have

1047

00:53:51,120 --> 00:53:44,049

an avid interest in UFOs and this was in

1048

00:53:54,539 --> 00:53:51,130

January of 2013 by the time the UFO

1049

00:53:58,620 --> 00:53:54,549

Congress opened and it was a first or

1050

00:54:00,989 --> 00:53:58,630

second week in February we had one set

1051
00:54:03,479 --> 00:54:00,999
up we had ufology press set up with all

1052
00:54:07,859 --> 00:54:03,489
the had over 100 and I want to say

1053
00:54:12,120 --> 00:54:07,869
hundred and twenty plus blogs and groups

1054
00:54:15,239 --> 00:54:12,130
and radio shows and authors and all

1055
00:54:18,509 --> 00:54:15,249
kinds of stuff it was our example of a

1056
00:54:21,529 --> 00:54:18,519
collaboration within the field even

1057
00:54:24,749 --> 00:54:21,539
though nobody seemed to be collaborating

1058
00:54:27,089 --> 00:54:24,759
hahahahaha and I'm sure you experienced

1059
00:54:29,549 --> 00:54:27,099
this work sure sure sites of different

1060
00:54:32,880 --> 00:54:29,559
directions and I was wanting to provide

1061
00:54:34,709 --> 00:54:32,890
at least a virtual example of people

1062
00:54:36,329 --> 00:54:34,719
working working together even though

1063
00:54:39,359 --> 00:54:36,339

they were saying all kinds of diversion

1064

00:54:41,189 --> 00:54:39,369

maybe even conflicting things so

1065

00:54:43,289 --> 00:54:41,199

basically yeah you built the template

1066

00:54:45,839 --> 00:54:43,299

and people who contribute to the site

1067

00:54:47,910 --> 00:54:45,849

can log-in themselves basically through

1068

00:54:50,699 --> 00:54:47,920

their own account and they can add

1069

00:54:52,319 --> 00:54:50,709

articles or links to their own articles

1070

00:54:57,580 --> 00:54:52,329

if they have their own website videos

1071

00:55:01,520 --> 00:54:57,590

shows and so on right and it also has

1072

00:55:05,480 --> 00:55:01,530

anytime any of those bloggers or RSS

1073

00:55:07,850 --> 00:55:05,490

feeds post its immediately available so

1074

00:55:11,330 --> 00:55:07,860

this is one source that contains all of

1075

00:55:13,790 --> 00:55:11,340

these others now what was funny

1076

00:55:17,510 --> 00:55:13,800

I brought Jian Rao who at that time

1077

00:55:20,930 --> 00:55:17,520

owned the International UFO Congress and

1078

00:55:22,400 --> 00:55:20,940

I showed him the site and he had some

1079

00:55:23,960 --> 00:55:22,410

nice things to say about it but then

1080

00:55:26,930 --> 00:55:23,970

when endo you're never going to be able

1081

00:55:29,900 --> 00:55:26,940

to monetize it blah blah blah what I

1082

00:55:34,550 --> 00:55:29,910

thought was funny is that within 90 days

1083

00:55:38,150 --> 00:55:34,560

there were a number of quote-unquote UFO

1084

00:55:41,000 --> 00:55:38,160

focused websites that completely

1085

00:55:43,609 --> 00:55:41,010

upgraded and many of them tried to

1086

00:55:46,520 --> 00:55:43,619

replicate what we were doing so in

1087

00:55:49,310 --> 00:55:46,530

effect you know ultimately we raised the

1088

00:55:52,460 --> 00:55:49,320

bar even though we still got pushback

1089

00:55:55,010 --> 00:55:52,470

from most of the other players it raised

1090

00:55:57,109 --> 00:55:55,020

the bar for everybody which was just I

1091

00:55:58,910 --> 00:55:57,119

know what I was hoping to do you know I

1092

00:56:00,650 --> 00:55:58,920

didn't want to wave a flag and say hey

1093

00:56:02,630 --> 00:56:00,660

look at me look at what we're doing this

1094

00:56:04,640 --> 00:56:02,640

is all about everybody we're all

1095

00:56:07,430 --> 00:56:04,650

involved here and the sooner we all

1096

00:56:11,300 --> 00:56:07,440

learn to work together and look at our

1097

00:56:13,430 --> 00:56:11,310

common needs you know not just with in

1098

00:56:15,070 --> 00:56:13,440

ufology but individual and collective

1099

00:56:17,810 --> 00:56:15,080

needs for survival and sustainability

1100

00:56:20,660 --> 00:56:17,820

that's where this is taking us and this

1101
00:56:23,300 --> 00:56:20,670
is what I feel most of the messages that

1102
00:56:27,970 --> 00:56:23,310
you know the direct contact ease are

1103
00:56:31,250 --> 00:56:27,980
also relating that hey guys we need to

1104
00:56:33,470 --> 00:56:31,260
organize and get together and do things

1105
00:56:37,550 --> 00:56:33,480
that are important for all of us and

1106
00:56:38,900 --> 00:56:37,560
stop the petty infighting yeah and you

1107
00:56:40,760 --> 00:56:38,910
put your money where your mouth is

1108
00:56:41,980 --> 00:56:40,770
because it's a beautiful sight no

1109
00:56:45,440 --> 00:56:41,990
question about it

1110
00:56:47,000 --> 00:56:45,450
unfortunately you had found it in 2013

1111
00:56:48,620 --> 00:56:47,010
at which point I haven't written too

1112
00:56:50,150 --> 00:56:48,630
many articles since then I've got some

1113
00:56:52,550 --> 00:56:50,160

old ones that I have a member I should

1114

00:56:54,650 --> 00:56:52,560

probably it would be okay if I posted

1115

00:56:58,490 --> 00:56:54,660

some links to some articles I won't way

1116

00:57:01,010 --> 00:56:58,500

back when you know well every piece of

1117

00:57:04,370 --> 00:57:01,020

information you may have written it way

1118

00:57:05,599 --> 00:57:04,380

back then but does it make it not

1119

00:57:07,310 --> 00:57:05,609

important now

1120

00:57:09,170 --> 00:57:07,320

if somebody doesn't know what it's news

1121

00:57:12,530 --> 00:57:09,180

to them it's hot news exactly

1122

00:57:16,849 --> 00:57:12,540

any of us from what I can see and I'm

1123

00:57:19,339 --> 00:57:16,859

not the only one by far we were ahead of

1124

00:57:22,130 --> 00:57:19,349

the curve it was like okay you guys you

1125

00:57:25,040 --> 00:57:22,140

know then here's some information you

1126

00:57:27,710 --> 00:57:25,050

distribute it however you can and

1127

00:57:29,599 --> 00:57:27,720

initially there was no internet we did

1128

00:57:33,980 --> 00:57:29,609

it through events and things like that

1129

00:57:37,160 --> 00:57:33,990

back in the 80s newsletters it was and

1130

00:57:40,040 --> 00:57:37,170

hosted a television show that took that

1131

00:57:42,640 --> 00:57:40,050

understanding of okay you know what kind

1132

00:57:45,109 --> 00:57:42,650

of fears did we work do we experience

1133

00:57:46,370 --> 00:57:45,119

first of all what prompts us to do what

1134

00:57:48,740 --> 00:57:46,380

we're doing from both inner and outer

1135

00:57:52,339 --> 00:57:48,750

perspectives then what fears do we

1136

00:57:54,799 --> 00:57:52,349

encounter in playing that out in our

1137

00:57:57,440 --> 00:57:54,809

personal and professional lives how do

1138

00:57:59,960 --> 00:57:57,450

we work through those fears how do we

1139

00:58:03,230 --> 00:57:59,970

see that in a collective human

1140

00:58:05,630 --> 00:58:03,240

experience and ultimately what advice

1141

00:58:09,260 --> 00:58:05,640

can we share looking at that and in

1142

00:58:12,079 --> 00:58:09,270

order to have better daily living so I

1143

00:58:15,950 --> 00:58:12,089

was doing this back in the nineties and

1144

00:58:18,950 --> 00:58:15,960

it's only part of which were interviews

1145

00:58:20,539 --> 00:58:18,960

with contactees you know I had deputy

1146

00:58:23,569 --> 00:58:20,549

public works director in City of Phoenix

1147

00:58:25,010 --> 00:58:23,579

the vice provost at ASU West marketing

1148

00:58:27,260 --> 00:58:25,020

director for Western International

1149

00:58:29,690 --> 00:58:27,270

University the president of the

1150

00:58:32,450 --> 00:58:29,700

Association of Afghans for Arizona so I

1151
00:58:35,089 --> 00:58:32,460
have a you know smattering at 120 shows

1152
00:58:39,740 --> 00:58:35,099
over three year period so we explored

1153
00:58:41,089 --> 00:58:39,750
the same motif as far as how do we learn

1154
00:58:49,210 --> 00:58:41,099
to work together and help each other

1155
00:58:55,730 --> 00:58:53,299
I wanted to bring up something that I

1156
00:58:57,440 --> 00:58:55,740
know that you're overly familiar with

1157
00:59:00,530 --> 00:58:57,450
I'm just going to touch upon it again

1158
00:59:05,240 --> 00:59:00,540
but in a different aspect in the realm

1159
00:59:07,930 --> 00:59:05,250
of ufology consciousness is a topic that

1160
00:59:11,270 --> 00:59:07,940
cannot be avoided it's absolutely

1161
00:59:13,160 --> 00:59:11,280
important I don't know why people brush

1162
00:59:16,400 --> 00:59:13,170
it off I've actually come across people

1163
00:59:19,069 --> 00:59:16,410

who have somehow committed themselves to

1164

00:59:22,790 --> 00:59:19,079

the topic of ufology they're involved in

1165

00:59:27,260 --> 00:59:22,800

science and they actually

1166

00:59:30,380 --> 00:59:27,270

actively and admittedly ignore the topic

1167

00:59:32,600 --> 00:59:30,390

of consciousness which makes no sense to

1168

00:59:34,820 --> 00:59:32,610

me now I'd like to give you how many

1169

00:59:37,370 --> 00:59:34,830

conversations I had with Stan Freeman

1170

00:59:41,120 --> 00:59:37,380

about that mm-hmm and you love the man

1171

00:59:44,510 --> 00:59:41,130

dear heart wonderful soul but it was all

1172

00:59:47,330 --> 00:59:44,520

science he would not go into the more

1173

00:59:48,860 --> 00:59:47,340

what he called esoteric stuff but you

1174

00:59:51,320 --> 00:59:48,870

know it gives you an opportunity those

1175

00:59:53,120 --> 00:59:51,330

that know you yeah yeah he stays out of

1176

00:59:56,150 --> 00:59:53,130

it well yeah I think he maybe he did

1177

00:59:59,780 --> 00:59:56,160

more as he went on as he went on as he

1178

01:00:02,870 --> 00:59:59,790

went on a tiny bit regarding how he just

1179

01:00:04,730 --> 01:00:02,880

dipped his toe into the water of

1180

01:00:07,250 --> 01:00:04,740

consciousness regarding the topic of

1181

01:00:10,820 --> 01:00:07,260

ufology I'll mention it and that is when

1182

01:00:12,890 --> 01:00:10,830

he did an interview with the gentleman

1183

01:00:18,290 --> 01:00:12,900

I've his name escapes me of course right

1184

01:00:22,760 --> 01:00:18,300

now but he actually mentioned how Barney

1185

01:00:26,090 --> 01:00:22,770

Hill was talking about how and et

1186

01:00:31,100 --> 01:00:26,100

presence was actually talking to him

1187

01:00:33,230 --> 01:00:31,110

through telekinesis and right and so

1188

01:00:34,790 --> 01:00:33,240

that's a form of course I know you know

1189

01:00:36,890 --> 01:00:34,800

this I'm not teaching you anything I'm

1190

01:00:39,500 --> 01:00:36,900

just letting our listeners know that is

1191

01:00:43,280 --> 01:00:39,510

a form of consciousness that's just a

1192

01:00:46,070 --> 01:00:43,290

slice of it oh so Stanton was talking

1193

01:00:48,980 --> 01:00:46,080

about that and he believes he believed

1194

01:00:51,440 --> 01:00:48,990

Barney Hill and he brought that up as a

1195

01:00:53,210 --> 01:00:51,450

point so I know that he did delve into

1196

01:00:55,310 --> 01:00:53,220

it a little bit but you're right he

1197

01:00:57,650 --> 01:00:55,320

could have talked about it a lot more

1198

01:00:59,900 --> 01:00:57,660

now the reason why I bring it up to you

1199

01:01:02,120 --> 01:00:59,910

because you're an expert on it in my

1200

01:01:06,050 --> 01:01:02,130

opinion what I was going to ask you is

1201

01:01:09,050 --> 01:01:06,060

at what point did the tide turn for the

1202

01:01:14,420 --> 01:01:09,060

ufology community and actually decide to

1203

01:01:17,960 --> 01:01:14,430

you start introducing and engaging the

1204

01:01:20,720 --> 01:01:17,970

topic of consciousness in into the realm

1205

01:01:23,210 --> 01:01:20,730

of ufology I asked this because we

1206

01:01:25,010 --> 01:01:23,220

interviewed this is just one example of

1207

01:01:27,950 --> 01:01:25,020

many we've interviewed so many people

1208

01:01:32,690 --> 01:01:27,960

but just one example of many paula

1209

01:01:34,520 --> 01:01:32,700

harris who admitted after decades of not

1210

01:01:36,750 --> 01:01:34,530

really getting too deeply involved in

1211

01:01:38,640 --> 01:01:36,760

the topic of consciousness

1212

01:01:42,150 --> 01:01:38,650

decided to go ahead and engage in it

1213

01:01:44,490 --> 01:01:42,160

full-force recently now why have so many

1214

01:01:47,820 --> 01:01:44,500

people whether they're high-profile a

1215

01:01:50,940 --> 01:01:47,830

high profile in the ufology community or

1216

01:01:56,490 --> 01:01:50,950

not but have really studied the topic

1217

01:02:01,080 --> 01:01:56,500

for decades ignored it well for one it's

1218

01:02:05,910 --> 01:02:01,090

an intangible for another but to answer

1219

01:02:09,330 --> 01:02:05,920

your question of why the movement and

1220

01:02:12,540 --> 01:02:09,340

your considering me an expert I've known

1221

01:02:14,280 --> 01:02:12,550

all of these people for decades and you

1222

01:02:15,660 --> 01:02:14,290

can imagine the kind of conversations I

1223

01:02:19,560 --> 01:02:15,670

have had with them based on our

1224

01:02:22,020 --> 01:02:19,570

conversation so far so I among others

1225

01:02:24,650 --> 01:02:22,030

I'm not the only one because I've heard

1226

01:02:28,230 --> 01:02:24,660

others have been seeding these

1227

01:02:30,780 --> 01:02:28,240

conversations for decades knowing that

1228

01:02:34,830 --> 01:02:30,790

something is eventually going to take

1229

01:02:37,050 --> 01:02:34,840

place because it has to at some point

1230

01:02:40,500 --> 01:02:37,060

the locomotive is going to run out of

1231

01:02:43,340 --> 01:02:40,510

steam and they're going to have to look

1232

01:02:48,690 --> 01:02:43,350

for another energy source right

1233

01:02:53,520 --> 01:02:48,700

so it's happening it's been happening

1234

01:02:58,500 --> 01:02:53,530

for the last few years one of the major

1235

01:03:01,560 --> 01:02:58,510

efforts that that's happening is the the

1236

01:03:03,870 --> 01:03:01,570

surveys and things that the aggravate

1237

01:03:06,300 --> 01:03:03,880

Edgar Mitchell foundation for research

1238

01:03:09,660 --> 01:03:06,310

and extraterrestrial encounters began

1239

01:03:13,710 --> 01:03:09,670

and you know I spent a weekend with Ray

1240

01:03:18,150 --> 01:03:13,720

at the UFO Congress and 2014 I think it

1241

01:03:20,010 --> 01:03:18,160

was and got to know him the work that

1242

01:03:23,400 --> 01:03:20,020

he's doing is nothing short of

1243

01:03:26,610 --> 01:03:23,410

phenomenal yes all the race kind of like

1244

01:03:28,740 --> 01:03:26,620

a bull in a china shop interview too

1245

01:03:31,080 --> 01:03:28,750

many times I love Ray he said actually

1246

01:03:35,940 --> 01:03:31,090

when we just when we had him on recently

1247

01:03:38,310 --> 01:03:35,950

he was just he was so he's not afraid to

1248

01:03:40,440 --> 01:03:38,320

speak his mind oh absolutely not

1249

01:03:45,690 --> 01:03:40,450

absolutely not and I admire that about

1250

01:03:48,120 --> 01:03:45,700

him so anyway the groups like that

1251

01:03:49,500 --> 01:03:48,130

individuals collectives are coming

1252

01:03:53,700 --> 01:03:49,510

together to look

1253

01:03:57,569 --> 01:03:53,710

at the next layer of what this whole

1254

01:04:04,440 --> 01:03:57,579

ufology scene is leading toward and just

1255

01:04:10,200 --> 01:04:04,450

like the Kardashev scale it is taking

1256

01:04:12,300 --> 01:04:10,210

the baseline information the the nuts

1257

01:04:14,420 --> 01:04:12,310

and bolts if you will kind of like MUFON

1258

01:04:18,440 --> 01:04:14,430

has been involved with for decades and

1259

01:04:20,579 --> 01:04:18,450

then moving that into the realms of more

1260

01:04:24,680 --> 01:04:20,589

intelligent thinking and questioning

1261

01:04:27,510 --> 01:04:24,690

about okay so these things are here

1262

01:04:29,460 --> 01:04:27,520

they're physical things what's behind

1263

01:04:31,349 --> 01:04:29,470

him who what's the intelligence you know

1264

01:04:33,540 --> 01:04:31,359

Jim don't let Oso and I had multiple

1265

01:04:36,000 --> 01:04:33,550

conversations there's many years ago

1266

01:04:37,260 --> 01:04:36,010

it's like you know we're not interested

1267

01:04:41,099 --> 01:04:37,270

in the craft we're interested in the

1268

01:04:42,839 --> 01:04:41,109

pilots have a conversation you know what

1269

01:04:44,069 --> 01:04:42,849

do you who are you what are you here for

1270

01:04:48,329 --> 01:04:44,079

what's going on you know

1271

01:04:50,910 --> 01:04:48,339

let's party kind of thing because we are

1272

01:04:53,700 --> 01:04:50,920

that way that we know there's this

1273

01:04:56,130 --> 01:04:53,710

internal kind of intrinsic sense of

1274

01:05:01,880 --> 01:04:56,140

fearlessness that we have toward these

1275

01:05:05,670 --> 01:05:01,890

things even when our ability to

1276

01:05:10,380 --> 01:05:05,680

transcend fear is pushed to the max in

1277

01:05:11,520 --> 01:05:10,390

some of our encounters right there's all

1278

01:05:12,930 --> 01:05:11,530

that you know even the fear of death

1279

01:05:15,000 --> 01:05:12,940

right even though I went through that

1280

01:05:17,910 --> 01:05:15,010

experience I still when I reach those

1281

01:05:19,859 --> 01:05:17,920

places again which I have there's still

1282

01:05:22,260 --> 01:05:19,869

those moments of oh my god I'm going to

1283

01:05:22,559 --> 01:05:22,270

die oh there is no yes hey just forget

1284

01:05:27,210 --> 01:05:22,569

it

1285

01:05:31,430 --> 01:05:27,220

let go move on right because you know

1286

01:05:35,250 --> 01:05:31,440

even like I forget who it was in early

1287

01:05:38,760 --> 01:05:35,260

70s that wrote about the silver cord in

1288

01:05:40,790 --> 01:05:38,770

the OBEs and maybe it was Monroe that

1289

01:05:43,500 --> 01:05:40,800

said you know regardless of where you go

1290

01:05:46,260 --> 01:05:43,510

you're always connected and you will

1291

01:05:49,109 --> 01:05:46,270

return oh you mean Bob Monroe of the

1292

01:05:50,520 --> 01:05:49,119

Monroe Institute yeah okay yeah I was

1293

01:05:54,660 --> 01:05:50,530

gonna mention something to you by the

1294

01:05:56,910 --> 01:05:54,670

way dr. Richard Haines was a retired

1295

01:06:00,270 --> 01:05:56,920

NASA research scientist and former chief

1296

01:06:01,950 --> 01:06:00,280

of space human factors office at Ames

1297

01:06:04,650 --> 01:06:01,960

Research Center

1298

01:06:07,920 --> 01:06:04,660

also did I think he did a paper on like

1299

01:06:11,220 --> 01:06:07,930

something like 55,000 anomalous objects

1300

01:06:16,620 --> 01:06:11,230

that he covered through his extensive

1301

01:06:18,900 --> 01:06:16,630

research regarding research oh thank you

1302

01:06:20,700 --> 01:06:18,910

Oh what I was gonna bring to your

1303

01:06:22,800 --> 01:06:20,710

attention is something that he said in

1304

01:06:26,460 --> 01:06:22,810

an interview and I wanted to get your

1305

01:06:28,349 --> 01:06:26,470

response to it so dr. Richard Haines was

1306

01:06:31,910 --> 01:06:28,359

being interviewed by a gentleman and

1307

01:06:36,000 --> 01:06:31,920

this is dr. Richard Haines right here

1308

01:06:38,070 --> 01:06:36,010

regarding the topic of ufology that's

1309

01:06:40,020 --> 01:06:38,080

what he said that's my experience in

1310

01:06:41,510 --> 01:06:40,030

general you are exactly right I share

1311

01:06:44,220 --> 01:06:41,520

your view that it is extremely

1312

01:06:46,200 --> 01:06:44,230

multi-dimensional so much so that

1313

01:06:47,780 --> 01:06:46,210

traditional science is really not up to

1314

01:06:50,430 --> 01:06:47,790

the task

1315

01:06:52,560 --> 01:06:50,440

now that's an insight that has come

1316

01:06:55,140 --> 01:06:52,570

slowly over the years because I clung to

1317

01:06:57,240 --> 01:06:55,150

science as a method a technique to tease

1318

01:06:59,339 --> 01:06:57,250

out these fine points and eventually get

1319

01:07:01,530 --> 01:06:59,349

to the bottom of it but the longer I'm

1320

01:07:03,810 --> 01:07:01,540

looking at the evidence the less I am

1321

01:07:06,089 --> 01:07:03,820

convinced that's the way to go there

1322

01:07:08,520 --> 01:07:06,099

certainly as a part of the phenomenon

1323

01:07:10,680 --> 01:07:08,530

that will yield to science he's talking

1324

01:07:13,859 --> 01:07:10,690

about youth follow gee but there is a

1325

01:07:16,980 --> 01:07:13,869

whole other psychic or psychological

1326

01:07:19,620 --> 01:07:16,990

dimension that not even psychology is

1327

01:07:21,720 --> 01:07:19,630

going to come close to I can see why a

1328

01:07:24,359 --> 01:07:21,730

lot of my colleagues are in denial about

1329

01:07:25,859 --> 01:07:24,369

this the interviewer then says it's

1330

01:07:29,400 --> 01:07:25,869

simply too much to get your mind around

1331

01:07:32,490 --> 01:07:29,410

and then the doctor says it's too much

1332

01:07:35,400 --> 01:07:32,500

that's right so what basically dr.

1333

01:07:38,940 --> 01:07:35,410

Richard Haines is saying is science is

1334

01:07:42,540 --> 01:07:38,950

limited it can only go so far then we

1335

01:07:44,250 --> 01:07:42,550

have to rely upon something else what is

1336

01:07:46,530 --> 01:07:44,260

that that we need to rely upon our

1337

01:07:49,609 --> 01:07:46,540

senses consciousness a higher level

1338

01:07:52,740 --> 01:07:49,619

consciousness that you ascended to what

1339

01:07:56,310 --> 01:07:52,750

first of all I think science is still in

1340

01:07:57,930 --> 01:07:56,320

the game right science is based on the

1341

01:08:00,120 --> 01:07:57,940

scientific method being able to

1342

01:08:03,510 --> 01:08:00,130

formulate a hypothesis test it

1343

01:08:06,060 --> 01:08:03,520

reevaluate and move on from that

1344

01:08:08,310 --> 01:08:06,070

hypothesis right so that is consistent

1345

01:08:10,740 --> 01:08:08,320

throughout anything it's the questions

1346

01:08:13,710 --> 01:08:10,750

that we ask and I think what dr. Hine

1347

01:08:14,560 --> 01:08:13,720

ism is alluding to is that we aren't

1348

01:08:17,860 --> 01:08:14,570

asking the

1349

01:08:20,620 --> 01:08:17,870

kinds of questions that lead us in that

1350

01:08:24,430 --> 01:08:20,630

the direction to expand our awareness

1351

01:08:29,140 --> 01:08:24,440

and therefore our knowledge base what

1352

01:08:33,370 --> 01:08:29,150

happens in this relaxed better

1353

01:08:37,900 --> 01:08:33,380

Sonnambula sztyc state is an awareness

1354

01:08:41,010 --> 01:08:37,910

that's beyond our capacity to think it's

1355

01:08:44,500 --> 01:08:41,020

like all of a sudden when you get an

1356

01:08:46,510 --> 01:08:44,510

insight into something it's you

1357

01:08:49,990 --> 01:08:46,520

recognize it's not really your thinking

1358

01:08:54,010 --> 01:08:50,000

it just kind of pops in yes right so how

1359

01:08:56,890 --> 01:08:54,020

do you explain that I agree you know but

1360

01:08:58,860 --> 01:08:56,900

yet it happens and it happens over and

1361

01:09:01,930 --> 01:08:58,870

over and over and many scientific

1362

01:09:04,840 --> 01:09:01,940

advances have happened because of that

1363

01:09:06,849 --> 01:09:04,850

very thing scientists at Los Alamos you

1364

01:09:09,130 --> 01:09:06,859

know they first realized that they're

1365

01:09:15,099 --> 01:09:09,140

thinking about their experiments

1366

01:09:17,950 --> 01:09:15,109

actually affected them huge okay so

1367

01:09:21,270 --> 01:09:17,960

there again you know the it goes back

1368

01:09:24,640 --> 01:09:21,280

into the attention intention and action

1369

01:09:29,200 --> 01:09:24,650

that then affects our environment and

1370

01:09:32,289 --> 01:09:29,210

that we can somehow read that which we

1371

01:09:34,750 --> 01:09:32,299

then can incorporate you know what we

1372

01:09:39,300 --> 01:09:34,760

might call the Clara census right and

1373

01:09:44,950 --> 01:09:42,910

okay so quantum mysticism I'm just gonna

1374

01:09:47,260 --> 01:09:44,960

bring this up it's a set of metaphysical

1375

01:09:48,490 --> 01:09:47,270

beliefs and associated practices that

1376

01:09:51,010 --> 01:09:48,500

seek to relate consciousness

1377

01:09:53,320 --> 01:09:51,020

intelligence spirituality or mystical

1378

01:09:55,180 --> 01:09:53,330

worldviews to the identical ideas of

1379

01:09:57,790 --> 01:09:55,190

quantum mechanics and its

1380

01:09:59,260 --> 01:09:57,800

interpretations quantum mysticism is

1381

01:10:00,880 --> 01:09:59,270

considered by most scientists and

1382

01:10:02,500 --> 01:10:00,890

philosophers to be pseudoscience or

1383

01:10:05,770 --> 01:10:02,510

quackery what I was going to ask you is

1384

01:10:08,650 --> 01:10:05,780

this backlash let's say that let's just

1385

01:10:12,790 --> 01:10:08,660

say quantum mysticism is fine we're

1386

01:10:15,810 --> 01:10:12,800

we're okay with it it's valid do you

1387

01:10:18,520 --> 01:10:15,820

believe that quantum medicine mysticism

1388

01:10:20,320 --> 01:10:18,530

which is a set of metaphysical beliefs

1389

01:10:22,030 --> 01:10:20,330

and associated practices that seek to

1390

01:10:24,760 --> 01:10:22,040

relate consciousness intelligence

1391

01:10:26,380 --> 01:10:24,770

spirituality or mystical world views to

1392

01:10:27,780 --> 01:10:26,390

the ideas married to the ideas of

1393

01:10:30,990 --> 01:10:27,790

quantum mechanics

1394

01:10:34,020 --> 01:10:31,000

and it's interpretations have any basis

1395

01:10:36,600 --> 01:10:34,030

of reality or correlation to

1396

01:10:40,260 --> 01:10:36,610

consciousness the topic of consciousness

1397

01:10:41,820 --> 01:10:40,270

and ufology can you can you connect the

1398

01:10:45,030 --> 01:10:41,830

dots on that or no

1399

01:10:47,550 --> 01:10:45,040

hence the tail end of the subtitle for

1400

01:10:49,710 --> 01:10:47,560

my book the congruence of science and

1401

01:10:53,220 --> 01:10:49,720

spirituality that's why I'm bringing all

1402

01:10:56,850 --> 01:10:53,230

this up yep absolutely

1403

01:10:59,820 --> 01:10:56,860

you know regardless of how we try to

1404

01:11:05,010 --> 01:10:59,830

explain or the terminologies the

1405

01:11:08,490 --> 01:11:05,020

semantics it's far too easy to get lost

1406

01:11:14,390 --> 01:11:08,500

in the words and our interpretations of

1407

01:11:17,190 --> 01:11:14,400

them I'm a great friend that's he was a

1408

01:11:18,780 --> 01:11:17,200

past president of the American

1409

01:11:20,610 --> 01:11:18,790

Association for alternative dispute

1410

01:11:24,680 --> 01:11:20,620

resolution he's also an Aikido

1411

01:11:27,990 --> 01:11:24,690

instructor he does a lot of high-level

1412

01:11:30,470 --> 01:11:28,000

mediations and negotiations what he had

1413

01:11:34,370 --> 01:11:30,480

presented to me years ago was that

1414

01:11:37,770 --> 01:11:34,380

conflict is never really conflict it's

1415

01:11:39,930 --> 01:11:37,780

miscommunication the parties have

1416

01:11:41,910 --> 01:11:39,940

different dictionaries of which they're

1417

01:11:46,980 --> 01:11:41,920

trying to beat each other over the head

1418

01:11:50,190 --> 01:11:46,990

with instead of trying to understand so

1419

01:11:52,200 --> 01:11:50,200

as a communicator as an educator as a

1420

01:11:58,310 --> 01:11:52,210

presenter as an interviewee and

1421

01:12:02,760 --> 01:11:58,320

interviewer my job is to listen ask

1422

01:12:05,490 --> 01:12:02,770

questions find congruence relate to

1423

01:12:08,250 --> 01:12:05,500

things that are similar pull out the

1424

01:12:11,900 --> 01:12:08,260

details that sound like they're saying

1425

01:12:17,780 --> 01:12:11,910

the same thing a little differently and

1426

01:12:21,870 --> 01:12:17,790

expose them so that we can go oh yeah

1427

01:12:25,680 --> 01:12:21,880

right rather than argue which is

1428

01:12:29,310 --> 01:12:25,690

inherently what happens because we don't

1429

01:12:31,830 --> 01:12:29,320

do the back end of understanding the

1430

01:12:34,140 --> 01:12:31,840

other person's dictionary first yeah we

1431

01:12:35,280 --> 01:12:34,150

waste a lot of time on traps of language

1432

01:12:37,170 --> 01:12:35,290

arguments that's for sure

1433

01:12:41,160 --> 01:12:37,180

right and I found that a lot a lot of

1434

01:12:42,270 --> 01:12:41,170

times because my family we have kind of

1435

01:12:45,779 --> 01:12:42,280

a separation event

1436

01:12:47,609 --> 01:12:45,789

lecturers and academics I know people I

1437

01:12:49,950 --> 01:12:47,619

know folks that are academics will take

1438

01:12:52,979 --> 01:12:49,960

that as an offense to them okay I'm I

1439

01:12:55,229 --> 01:12:52,989

know I'm sure your intellectual okay but

1440

01:12:58,140 --> 01:12:55,239

still there's still a separation my

1441

01:13:00,810 --> 01:12:58,150

family of intellectuals and academics

1442

01:13:04,470 --> 01:13:00,820

folks that are very bookish and stick to

1443

01:13:06,870 --> 01:13:04,480

their reading and everything that they

1444

01:13:08,879 --> 01:13:06,880

feel that they've gleaned from all the

1445

01:13:10,470 --> 01:13:08,889

books they've read and then we have

1446

01:13:12,299 --> 01:13:10,480

another set of intellectuals in my

1447

01:13:14,899 --> 01:13:12,309

family where they kind of border on

1448

01:13:17,399 --> 01:13:14,909

philosophy and they like to just

1449

01:13:20,399 --> 01:13:17,409

conjecture and speculate a lot of times

1450

01:13:22,680 --> 01:13:20,409

and go beyond the borders of stuff what

1451

01:13:25,830 --> 01:13:22,690

I was going to ask you is do you feel

1452

01:13:28,770 --> 01:13:25,840

like folks that are involved in science

1453

01:13:33,180 --> 01:13:28,780

such as scientists on down are ever

1454

01:13:35,939 --> 01:13:33,190

going to go ahead and just relax and get

1455

01:13:37,620 --> 01:13:35,949

involved in this topic of ufology just

1456

01:13:40,649 --> 01:13:37,630

like miss you miss you

1457

01:13:42,560 --> 01:13:40,659

ikkaku went ahead and so boldly did

1458

01:13:47,100 --> 01:13:42,570

recently

1459

01:13:51,859 --> 01:13:47,110

well there's yet to be a chill pill

1460

01:13:58,879 --> 01:13:51,869

devised that's good enough to do that

1461

01:14:05,040 --> 01:13:58,889

however excuse me it's coming I see it

1462

01:14:07,260 --> 01:14:05,050

look at what meat you just did now now

1463

01:14:12,930 --> 01:14:07,270

whether Tyson's going to come along or

1464

01:14:15,359 --> 01:14:12,940

Grayson down the other grass Tyson yeah

1465

01:14:17,339 --> 01:14:15,369

yeah yeah yeah I was good well one thing

1466

01:14:19,890 --> 01:14:17,349

I want to say let me jump in here really

1467

01:14:22,770 --> 01:14:19,900

quick and say something about Kaku he

1468

01:14:24,510 --> 01:14:22,780

has the scientific chops well yeah he's

1469

01:14:28,140 --> 01:14:24,520

got a very high profile he's a very

1470

01:14:30,540 --> 01:14:28,150

famous guy but he also is one of the

1471

01:14:33,540 --> 01:14:30,550

early adopters of string theory has

1472

01:14:36,149 --> 01:14:33,550

written extensively about that has 70

1473

01:14:38,939 --> 01:14:36,159

papers I believe published so when it

1474

01:14:42,390 --> 01:14:38,949

comes to science and and I don't mean

1475

01:14:45,089 --> 01:14:42,400

just ordinary science I mean just having

1476

01:14:49,229 --> 01:14:45,099

the degree and working in the field for

1477

01:14:52,589 --> 01:14:49,239

example I believe Tyson is very involved

1478

01:14:55,020 --> 01:14:52,599

in talking about science obviously he's

1479

01:14:55,950 --> 01:14:55,030

a scientist but he's not been involved

1480

01:14:57,840 --> 01:14:55,960

in writing doing

1481

01:15:00,870 --> 01:14:57,850

a lot of research he manages the Hayden

1482

01:15:02,820 --> 01:15:00,880

Planetarium so that's that's kind of his

1483

01:15:05,220 --> 01:15:02,830

end of things he's as much an

1484

01:15:06,540 --> 01:15:05,230

administrator and a communicator as he

1485

01:15:09,120 --> 01:15:06,550

is he is a scientist

1486

01:15:11,459 --> 01:15:09,130

Kaku on the other hand has more

1487

01:15:14,550 --> 01:15:11,469

scientific chops and I think I might get

1488

01:15:16,640 --> 01:15:14,560

more people's attention least I hope I'm

1489

01:15:20,370 --> 01:15:16,650

hoping that's the case

1490

01:15:26,990 --> 01:15:20,380

absolutely and you're precisely right

1491

01:15:30,750 --> 01:15:27,000

because of his acumen and his tenure and

1492

01:15:32,670 --> 01:15:30,760

his notoriety people are going to pay

1493

01:15:36,720 --> 01:15:32,680

attention what he just said this last

1494

01:15:41,280 --> 01:15:36,730

weekend is going to ripple for days

1495

01:15:45,840 --> 01:15:41,290

weeks months maybe even years throughout

1496

01:15:50,130 --> 01:15:45,850

the ethology community communities in

1497

01:15:52,770 --> 01:15:50,140

her like people are really slow to move

1498

01:15:55,070 --> 01:15:52,780

from one place to another in mass there

1499

01:15:58,950 --> 01:15:55,080

are early adopters there are pioneers in

1500

01:16:07,050 --> 01:15:58,960

every field and you know the perfect

1501
01:16:11,640 --> 01:16:07,060
example look at what Howard Turner did

1502
01:16:13,650 --> 01:16:11,650
with the multiple intelligences that he

1503
01:16:17,820 --> 01:16:13,660
discovered in nineteen and wrote about

1504
01:16:19,400 --> 01:16:17,830
1982 they still aren't fully implemented

1505
01:16:22,530 --> 01:16:19,410
in educational systems

1506
01:16:26,760 --> 01:16:22,540
despite the value that they've been

1507
01:16:28,350 --> 01:16:26,770
given I think it's important for our

1508
01:16:30,690 --> 01:16:28,360
audience to understand the gravity of

1509
01:16:33,300 --> 01:16:30,700
what sin is saying here is that has been

1510
01:16:36,420 --> 01:16:33,310
involved in the topic of ufology for

1511
01:16:41,610 --> 01:16:36,430
decades he has seen the comings and

1512
01:16:44,490 --> 01:16:41,620
goings sort of like a tide of from the

1513
01:16:47,070 --> 01:16:44,500

ocean of folks coming and going in this

1514

01:16:49,709 --> 01:16:47,080

in this topic and also the topics

1515

01:16:51,810 --> 01:16:49,719

themselves changing and how deep people

1516

01:16:55,020 --> 01:16:51,820

want to go and how deep they don't want

1517

01:16:57,270 --> 01:16:55,030

to go and it's just interesting to hear

1518

01:17:00,540 --> 01:16:57,280

you talk because you're also at a point

1519

01:17:04,580 --> 01:17:00,550

where you are restoring these topics so

1520

01:17:07,650 --> 01:17:04,590

I'm glad I'm able to actually kind of

1521

01:17:09,270 --> 01:17:07,660

kind of interrogate you about it and ask

1522

01:17:09,880 --> 01:17:09,280

you you know all these questions so

1523

01:17:11,710 --> 01:17:09,890

thank you

1524

01:17:13,480 --> 01:17:11,720

much for having allowed us to do that

1525

01:17:16,300 --> 01:17:13,490

yeah now let me jump in here for one

1526

01:17:17,710 --> 01:17:16,310

question I did watch your interview with

1527

01:17:26,320 --> 01:17:17,720

it

1528

01:17:29,260 --> 01:17:26,330

simulation hypothesis that sort of thing

1529

01:17:31,120 --> 01:17:29,270

I think it explains a lot and I wondered

1530

01:17:32,680 --> 01:17:31,130

if you could tell our folks what you

1531

01:17:34,330 --> 01:17:32,690

think about all that do you think

1532

01:17:36,630 --> 01:17:34,340

there's anything to it so you talked

1533

01:17:39,310 --> 01:17:36,640

about Tom Campbell's work and the

1534

01:17:41,020 --> 01:17:39,320

simulation and now we're living through

1535

01:17:43,300 --> 01:17:41,030

a computer simulation The Matrix

1536

01:17:46,030 --> 01:17:43,310

whatever you want to call it well that's

1537

01:17:49,210 --> 01:17:46,040

that's a way of looking at it because

1538

01:17:53,170 --> 01:17:49,220

we're still limited like I said before

1539

01:17:56,740 --> 01:17:53,180

when you look at how we are able to

1540

01:18:01,530 --> 01:17:56,750

through our intention and attention and

1541

01:18:05,100 --> 01:18:01,540

actions affect our environment and

1542

01:18:07,480 --> 01:18:05,110

essentially connect with the

1543

01:18:09,160 --> 01:18:07,490

synchronicities that are always there

1544

01:18:11,380 --> 01:18:09,170

that we don't necessarily recognize

1545

01:18:16,690 --> 01:18:11,390

until we have those eyes open

1546

01:18:19,950 --> 01:18:16,700

right the that is an example of how this

1547

01:18:23,050 --> 01:18:19,960

matrix or the Avatar system actually

1548

01:18:26,260 --> 01:18:23,060

works and that this is what the quantum

1549

01:18:30,040 --> 01:18:26,270

physicists have posited as the activity

1550

01:18:33,550 --> 01:18:30,050

of the wave form becoming a particle

1551
01:18:38,100 --> 01:18:33,560
because we are indeed observing it which

1552
01:18:41,500 --> 01:18:38,110
means we are in effect creating it so

1553
01:18:45,480 --> 01:18:41,510
this is what tom is saying is that we

1554
01:18:50,350 --> 01:18:45,490
actually have that kind of capacity as

1555
01:18:53,860 --> 01:18:50,360
intellectual as human beings to become

1556
01:18:57,580 --> 01:18:53,870
that involved so self-aware of how we

1557
01:19:00,790 --> 01:18:57,590
think and feel and perceive and it

1558
01:19:05,080 --> 01:19:00,800
sounds almost like oh my god that is

1559
01:19:09,370 --> 01:19:05,090
just so much work right it's like any

1560
01:19:13,900 --> 01:19:09,380
discipline martial arts or sports or any

1561
01:19:16,240 --> 01:19:13,910
kind of even academia --nz you know

1562
01:19:19,510 --> 01:19:16,250
there's a discipline to doing the work

1563
01:19:22,330 --> 01:19:19,520

and how do we expect to make any

1564

01:19:22,959 --> 01:19:22,340

progress if we're not willing to do the

1565

01:19:26,160 --> 01:19:22,969

work

1566

01:19:28,209 --> 01:19:26,170

you know Americans especially what look

1567

01:19:30,250 --> 01:19:28,219

enlightenment they want to drive into a

1568

01:19:32,590 --> 01:19:30,260

McDonald's get their sandwich move on

1569

01:19:34,420 --> 01:19:32,600

and have everything they need and be but

1570

01:19:36,820 --> 01:19:34,430

you know all hunky-dory about it well

1571

01:19:40,900 --> 01:19:36,830

that's just pretty shallow and

1572

01:19:44,920 --> 01:19:40,910

self-serving and empty as far as the

1573

01:19:46,209 --> 01:19:44,930

kind of experience that we can have by

1574

01:19:48,850 --> 01:19:46,219

actually paying attention to guys like

1575

01:19:50,110 --> 01:19:48,860

Tom Campbell and Robert Monroe and you

1576

01:19:54,459 --> 01:19:50,120

know and meet you caught you

1577

01:19:56,350 --> 01:19:54,469

ikkaku yeah I wanted I wanted to bring

1578

01:19:58,030 --> 01:19:56,360

up us something real quick I wanted to

1579

01:19:58,810 --> 01:19:58,040

correct myself earlier and then ask you

1580

01:20:04,030 --> 01:19:58,820

a question

1581

01:20:06,970 --> 01:20:04,040

I I titled friedhof Capra as a high

1582

01:20:09,370 --> 01:20:06,980

energy physicist I meant theorist what I

1583

01:20:12,550 --> 01:20:09,380

was going to ask you as do you think

1584

01:20:16,600 --> 01:20:12,560

it's possible then the reason why some

1585

01:20:19,209 --> 01:20:16,610

folks that are high profile in the

1586

01:20:21,610 --> 01:20:19,219

ufology community for decades did not

1587

01:20:24,490 --> 01:20:21,620

get involved in talking about energy or

1588

01:20:26,800 --> 01:20:24,500

consciousness and marrying it to the

1589

01:20:31,150 --> 01:20:26,810

topic of ufology because they did not

1590

01:20:35,500 --> 01:20:31,160

want to get accused of acting new-agey

1591

01:20:37,150 --> 01:20:35,510

so to speak or getting in trouble so I

1592

01:20:40,570 --> 01:20:37,160

think that's the main reason why is

1593

01:20:43,510 --> 01:20:40,580

because New Age New Agers had always

1594

01:20:46,209 --> 01:20:43,520

been thought about being all woowoo not

1595

01:20:48,760 --> 01:20:46,219

grounded you know so spirits he evolved

1596

01:20:52,150 --> 01:20:48,770

it to no earthly good and and that kind

1597

01:20:54,729 --> 01:20:52,160

of plantation and that's probably true

1598

01:20:57,729 --> 01:20:54,739

you know I when I first sent my TV show

1599

01:20:59,320 --> 01:20:57,739

back in the 90s the guy that invited me

1600

01:21:01,120 --> 01:20:59,330

to do it it said hey you got all the

1601
01:21:03,100 --> 01:21:01,130
contacts you know we can do all kinds of

1602
01:21:04,780 --> 01:21:03,110
New Age stuff and I'm like I do not want

1603
01:21:07,930 --> 01:21:04,790
to call it New Age by any stretch of the

1604
01:21:11,410 --> 01:21:07,940
imagination because it will tank us

1605
01:21:13,780 --> 01:21:11,420
immediately so we came up with one world

1606
01:21:17,380 --> 01:21:13,790
which is kind of a fitting title yes

1607
01:21:19,060 --> 01:21:17,390
however you know here I was I was

1608
01:21:23,170 --> 01:21:19,070
working in an aerospace industry and

1609
01:21:24,400 --> 01:21:23,180
then as birth control coordinator in

1610
01:21:26,439 --> 01:21:24,410
charge of seven million dollars a month

1611
01:21:29,500 --> 01:21:26,449
and simultaneously putting together a

1612
01:21:33,550 --> 01:21:29,510
one largest at first metaphysical

1613
01:21:36,070 --> 01:21:33,560

conferences in Phoenix in 1988 got

1614

01:21:36,830 --> 01:21:36,080

interviewed on the radio didn't realize

1615

01:21:38,930 --> 01:21:36,840

you know I'm thinking okay

1616

01:21:41,540 --> 01:21:38,940

people are going to be open and we'll

1617

01:21:45,380 --> 01:21:41,550

talk about stuff and ask questions about

1618

01:21:48,170 --> 01:21:45,390

the event itself and I was being

1619

01:21:51,950 --> 01:21:48,180

interviewed on then the largest AM

1620

01:21:55,850 --> 01:21:51,960

station KTAR in the southwest the United

1621

01:22:00,110 --> 01:21:55,860

States and it didn't occur to me how

1622

01:22:02,060 --> 01:22:00,120

much of a red state Arizona is and the

1623

01:22:03,620 --> 01:22:02,070

questions I got were never about the

1624

01:22:05,540 --> 01:22:03,630

conference it was always about my

1625

01:22:10,100 --> 01:22:05,550

personal belief systems and who gave me

1626

01:22:11,990 --> 01:22:10,110

the right to say this or that you know

1627

01:22:17,090 --> 01:22:12,000

just attacks well you were ready for

1628

01:22:18,710 --> 01:22:17,100

that though absolutely I didn't expect

1629

01:22:21,080 --> 01:22:18,720

it but you know I'm the kind of guy say

1630

01:22:22,670 --> 01:22:21,090

hey look I understand you know and I'm

1631

01:22:24,770 --> 01:22:22,680

just trying to share some information

1632

01:22:26,810 --> 01:22:24,780

here and you don't have to believe it

1633

01:22:28,190 --> 01:22:26,820

but you know everybody has the right to

1634

01:22:29,780 --> 01:22:28,200

think on their own and decide for

1635

01:22:32,570 --> 01:22:29,790

themselves and experience their lives

1636

01:22:36,050 --> 01:22:32,580

and in any way they so choose as long as

1637

01:22:38,870 --> 01:22:36,060

it doesn't harm another so I I have a

1638

01:22:40,370 --> 01:22:38,880

suspicion and a conspiracy theory that I

1639

01:22:41,750 --> 01:22:40,380

like to share with you that I can't

1640

01:22:46,450 --> 01:22:41,760

prove okay

1641

01:22:49,240 --> 01:22:46,460

and that is I believe it's possible that

1642

01:22:51,740 --> 01:22:49,250

intelligence agencies around the world

1643

01:22:56,240 --> 01:22:51,750

whether it be for first second or third

1644

01:23:02,720 --> 01:22:56,250

world governments actually suspect that

1645

01:23:06,620 --> 01:23:02,730

there are consciousness aspects to the

1646

01:23:09,860 --> 01:23:06,630

ufology phenomenon and I'm not talking

1647

01:23:12,290 --> 01:23:09,870

I'm just letting my other audience

1648

01:23:15,350 --> 01:23:12,300

members know who are newbies to this

1649

01:23:17,810 --> 01:23:15,360

topic I'm not talking about unidentified

1650

01:23:20,830 --> 01:23:17,820

flying objects that are drones I'm

1651

01:23:23,810 --> 01:23:20,840

talking about ET craft or et

1652

01:23:26,000 --> 01:23:23,820

civilizations here that that these

1653

01:23:28,850 --> 01:23:26,010

intelligence agencies have already

1654

01:23:32,240 --> 01:23:28,860

correlated consciousness to this topic

1655

01:23:32,660 --> 01:23:32,250

that's my suspicion what is your take on

1656

01:23:36,920 --> 01:23:32,670

that

1657

01:23:39,110 --> 01:23:36,930

why wouldn't they I agree so why would

1658

01:23:41,540 --> 01:23:39,120

they not I know I feel like I know the

1659

01:23:42,950 --> 01:23:41,550

answer but what is your reaction why

1660

01:23:49,310 --> 01:23:42,960

would they not share that with the

1661

01:23:51,149 --> 01:23:49,320

public governments inherently are there

1662

01:23:54,839 --> 01:23:51,159

to protect people and

1663

01:23:58,890 --> 01:23:54,849

they hold their duties in sacred order

1664

01:24:02,549 --> 01:23:58,900

and generally will not allow information

1665

01:24:05,009 --> 01:24:02,559

to leak that could cause mass panic and

1666

01:24:07,949 --> 01:24:05,019

with the fear-based belief systems

1667

01:24:10,020 --> 01:24:07,959

present on the planet in the it is

1668

01:24:13,890 --> 01:24:10,030

highly likely that that kind of

1669

01:24:17,179 --> 01:24:13,900

information will cause more reactions

1670

01:24:19,560 --> 01:24:17,189

than responses and they won't be good I

1671

01:24:21,299 --> 01:24:19,570

said do you think that's still the case

1672

01:24:23,549 --> 01:24:21,309

even after what we've seen over the last

1673

01:24:26,189 --> 01:24:23,559

couple years where there is a lot more

1674

01:24:28,830 --> 01:24:26,199

attention to the UFO subject yet at the

1675

01:24:31,439 --> 01:24:28,840

same time it's it's a penetrating we're

1676

01:24:33,390 --> 01:24:31,449

all into it we're watching every bit

1677

01:24:36,179 --> 01:24:33,400

that comes out but maybe the general

1678

01:24:39,149 --> 01:24:36,189

public not so much think about the

1679

01:24:42,600 --> 01:24:39,159

percentage of people that are actually

1680

01:24:45,929 --> 01:24:42,610

involved with the topic in comparison to

1681

01:24:50,419 --> 01:24:45,939

all others on the planet we're lucky if

1682

01:24:53,669 --> 01:24:50,429

we are 1/10 of a half a percent maybe

1683

01:24:55,859 --> 01:24:53,679

right so even though we are

1684

01:24:58,109 --> 01:24:55,869

forward-thinking maybe even thought

1685

01:25:01,529 --> 01:24:58,119

leaders in the field and the discussions

1686

01:25:05,819 --> 01:25:01,539

that we're having there's still people

1687

01:25:07,830 --> 01:25:05,829

that have no idea don't care don't want

1688

01:25:11,909 --> 01:25:07,840

to know all they want to do is have

1689

01:25:18,509 --> 01:25:11,919

their burgers and fries and live their

1690

01:25:21,060 --> 01:25:18,519

lives and some walk but of a safe way we

1691

01:25:25,679 --> 01:25:21,070

in America experience that for the most

1692

01:25:28,199 --> 01:25:25,689

part many other countries do not by any

1693

01:25:30,120 --> 01:25:28,209

stretch of the imagination experienced

1694

01:25:33,770 --> 01:25:30,130

the kind of lifestyles that we have here

1695

01:25:38,209 --> 01:25:33,780

in America and foreign governments

1696

01:25:40,709 --> 01:25:38,219

you know the getting back into the the

1697

01:25:43,140 --> 01:25:40,719

consciousness and the communication and

1698

01:25:45,839 --> 01:25:43,150

how might that take place and the

1699

01:25:49,109 --> 01:25:45,849

Kardashev scale and the comment on the

1700

01:25:50,850 --> 01:25:49,119

radio frequencies that you are used to

1701

01:25:55,360 --> 01:25:50,860

communicate

1702

01:26:00,250 --> 01:25:55,370

the level of frequencies that many

1703

01:26:02,350 --> 01:26:00,260

people let me put it this way when folks

1704

01:26:05,830 --> 01:26:02,360

are engaged in a contact experience and

1705

01:26:09,870 --> 01:26:05,840

it even may cross most if not all of the

1706

01:26:14,950 --> 01:26:09,880

lines of the modalities there is a

1707

01:26:17,410 --> 01:26:14,960

background frequency that if one has the

1708

01:26:22,630 --> 01:26:17,420

ability to just stay present and quiet

1709

01:26:28,000 --> 01:26:22,640

it's there always and at times it

1710

01:26:31,240 --> 01:26:28,010

escalates in frequency it rises it as it

1711

01:26:33,490 --> 01:26:31,250

as you move along that thread of

1712

01:26:37,050 --> 01:26:33,500

consciousness that takes you from your

1713

01:26:40,660 --> 01:26:37,060

own physicality up to the recognition of

1714

01:26:43,000 --> 01:26:40,670

universality so to speak you're finally

1715

01:26:45,220 --> 01:26:43,010

able to release all of it right and

1716

01:26:46,510 --> 01:26:45,230

folks can sort of seek that out if they

1717

01:26:48,430 --> 01:26:46,520

choose to they don't have to sit around

1718

01:26:50,350 --> 01:26:48,440

and wait for it I would think that

1719

01:26:52,690 --> 01:26:50,360

meditation there'd be some other

1720

01:26:55,360 --> 01:26:52,700

techniques to try to access this can you

1721

01:26:56,650 --> 01:26:55,370

talk a little bit about that there there

1722

01:27:00,640 --> 01:26:56,660

are all kinds of ways you know one of

1723

01:27:04,030 --> 01:27:00,650

the the correlated factors that I found

1724

01:27:07,240 --> 01:27:04,040

most recently are threefold and they all

1725

01:27:09,250 --> 01:27:07,250

involve nine aspects the the first is

1726

01:27:11,170 --> 01:27:09,260

the nine planes of the multi multi plane

1727

01:27:15,880 --> 01:27:11,180

awareness technique developed by William

1728

01:27:19,150 --> 01:27:15,890

swagger the 1950s the second is the nine

1729

01:27:22,360 --> 01:27:19,160

Solfeggio tones in the third and most

1730

01:27:25,630 --> 01:27:22,370

recent is the discoveries of Howard

1731

01:27:28,000 --> 01:27:25,640

neppy and our Vernon Eppie and Edward

1732

01:27:31,530 --> 01:27:28,010

close and their this is gonna sound

1733

01:27:34,180 --> 01:27:31,540

really bizarre triatic

1734

01:27:37,030 --> 01:27:34,190

dimensional distinction particular

1735

01:27:39,700 --> 01:27:37,040

paradigm which is a big word and

1736

01:27:42,190 --> 01:27:39,710

basically what they say is that

1737

01:27:46,000 --> 01:27:42,200

consciousness space and time are

1738

01:27:48,130 --> 01:27:46,010

tethered across nine dimensions so here

1739

01:27:51,400 --> 01:27:48,140

we have nine planes of consciousness

1740

01:27:53,730 --> 01:27:51,410

nine Solfeggio tones nine dimensions

1741

01:27:57,810 --> 01:27:53,740

that are all interlinked and that is

1742

01:28:01,240 --> 01:27:57,820

that correlates to my direct experience

1743

01:28:03,530 --> 01:28:01,250

so I can anchor in that as being true

1744

01:28:05,600 --> 01:28:03,540

for me now that doesn't limit it to

1745

01:28:07,160 --> 01:28:05,610

nine dimensions because there's more

1746

01:28:12,170 --> 01:28:07,170

that's just in the bandwidth that we

1747

01:28:14,180 --> 01:28:12,180

occupy as physical beings beyond that we

1748

01:28:17,510 --> 01:28:14,190

don't know yet we're still figuring out

1749

01:28:20,930 --> 01:28:17,520

what this is however one of the things I

1750

01:28:24,740 --> 01:28:20,940

was able to do was to record a multi

1751

01:28:27,080 --> 01:28:24,750

playing awareness technique guided

1752

01:28:30,350 --> 01:28:27,090

meditation for lack of a better that

1753

01:28:34,960 --> 01:28:30,360

incorporates the Solfeggio stones as

1754

01:28:37,640 --> 01:28:34,970

well as the neural beats that Tom and

1755

01:28:41,090 --> 01:28:37,650

Bob Monroe used for their early work and

1756

01:28:45,890 --> 01:28:41,100

that is on YouTube you can or even just

1757

01:28:49,850 --> 01:28:45,900

google the term multi-plane you can - it

1758

01:28:53,360 --> 01:28:49,860

or not and so physio and you'll see a

1759

01:28:56,000 --> 01:28:53,370

video that comes up that it's about an

1760

01:28:58,400 --> 01:28:56,010

hour and a half long so that's what's

1761

01:29:00,920 --> 01:28:58,410

something that an individual normally

1762

01:29:04,310 --> 01:29:00,930

it's it's used a facilitator a trained

1763

01:29:06,650 --> 01:29:04,320

facilitator does it and I took the leap

1764

01:29:08,570 --> 01:29:06,660

because nobody else had to actually

1765

01:29:10,850 --> 01:29:08,580

record it and put it out there to make

1766

01:29:13,310 --> 01:29:10,860

it available for those explorers that

1767

01:29:18,410 --> 01:29:13,320

want to take advantage of it it may work

1768

01:29:20,420 --> 01:29:18,420

for you it may not okay and I'm looking

1769

01:29:22,100 --> 01:29:20,430

at it right here I'll put the link in

1770

01:29:24,230 --> 01:29:22,110

the description of the video when I get

1771

01:29:26,540 --> 01:29:24,240

it uploaded but it is multi-plane

1772

01:29:28,970 --> 01:29:26,550

awareness with Solfeggio frequencies and

1773

01:29:31,910 --> 01:29:28,980

I'll give that a listen now hopefully

1774

01:29:33,350 --> 01:29:31,920

tonight that no guarantees but within

1775

01:29:35,690 --> 01:29:33,360

the next couple days for sure I'll give

1776

01:29:39,650 --> 01:29:35,700

this a listen because yeah I'm very much

1777

01:29:41,630 --> 01:29:39,660

into these types of different different

1778

01:29:43,490 --> 01:29:41,640

tapes different recordings and the

1779

01:29:45,680 --> 01:29:43,500

different Solfeggio tones is a very

1780

01:29:47,330 --> 01:29:45,690

interesting got very very good for

1781

01:29:49,310 --> 01:29:47,340

brainstorming that type of thing so that

1782

01:29:51,110 --> 01:29:49,320

that we might have provided some self

1783

01:29:53,030 --> 01:29:51,120

help to our listeners today so that's a

1784

01:29:55,250 --> 01:29:53,040

good one it's you bring up one last

1785

01:29:58,990 --> 01:29:55,260

thing just so it's kind of important

1786

01:30:01,640 --> 01:29:59,000

regarding the idea consciousness and

1787

01:30:05,410 --> 01:30:01,650

ufology but also just consciousness as a

1788

01:30:09,980 --> 01:30:05,420

topic and of itself one reason why

1789

01:30:13,490 --> 01:30:09,990

quantum the topic of quantum anything is

1790

01:30:16,760 --> 01:30:13,500

brought up regarding the topic of

1791

01:30:19,370 --> 01:30:16,770

ufology and not

1792

01:30:22,820 --> 01:30:19,380

not just physics like I mean just the

1793

01:30:25,760 --> 01:30:22,830

standard the classic model of it is is

1794

01:30:29,390 --> 01:30:25,770

because for example Einstein and other

1795

01:30:32,090 --> 01:30:29,400

contributors to the theory of relativity

1796

01:30:35,120 --> 01:30:32,100

they didn't inject the role of

1797

01:30:37,910 --> 01:30:35,130

consciousness but they they did talk

1798

01:30:40,730 --> 01:30:37,920

about the role of the observer so in

1799

01:30:42,800 --> 01:30:40,740

relativity the the term coordinate

1800

01:30:45,320 --> 01:30:42,810

system may be substituted for observer

1801
01:30:46,940 --> 01:30:45,330
without losing the value of the general

1802
01:30:50,060 --> 01:30:46,950
theory of relativity

1803
01:30:53,170 --> 01:30:50,070
so because they didn't use the role of

1804
01:30:56,930 --> 01:30:53,180
consciousness I'm sorry Einstein didn't

1805
01:30:59,660 --> 01:30:56,940
regarding the topic of of the theory of

1806
01:31:04,730 --> 01:30:59,670
relativity he didn't need to and it

1807
01:31:08,830 --> 01:31:04,740
didn't devalue his theory at all of the

1808
01:31:11,630 --> 01:31:08,840
in quantum theory came around and that

1809
01:31:16,850 --> 01:31:11,640
suggested that consciousness plays a

1810
01:31:19,880 --> 01:31:16,860
prominent role regarding that topic and

1811
01:31:25,310 --> 01:31:19,890
so that's why quantum theory is brought

1812
01:31:26,780 --> 01:31:25,320
up more regarding the topic of ufology I

1813
01:31:29,660 --> 01:31:26,790

hope that makes sense

1814

01:31:31,970 --> 01:31:29,670

I'm trying to make it as some zoning as

1815

01:31:34,090 --> 01:31:31,980

possible and I knows I'm not great at

1816

01:31:40,790 --> 01:31:34,100

explaining things you know all the time

1817

01:31:43,820 --> 01:31:40,800

yes you know you do very well kind of a

1818

01:31:46,520 --> 01:31:43,830

complicated topic to bring up but there

1819

01:31:50,670 --> 01:31:46,530

was no need to inject the idea of

1820

01:31:52,390 --> 01:31:50,680

consciousness in the papers that I

1821

01:31:54,620 --> 01:31:52,400

[Music]

1822

01:31:56,180 --> 01:31:54,630

theory of relativity what's like the

1823

01:32:04,670 --> 01:31:56,190

cart starring the coordinate system you

1824

01:32:06,770 --> 01:32:04,680

just brought this up he didn't have to

1825

01:32:08,690 --> 01:32:06,780

relate to his distance from the ceiling

1826

01:32:11,840 --> 01:32:08,700

hit the thoughts in his mind that was

1827

01:32:14,000 --> 01:32:11,850

going on you know beyond watching the

1828

01:32:16,520 --> 01:32:14,010

flies and trying to figure out okay how

1829

01:32:17,660 --> 01:32:16,530

can I locate them right Rene Descartes

1830

01:32:22,400 --> 01:32:17,670

Yeah right

1831

01:32:25,730 --> 01:32:22,410

so once quantum the the whole quantum

1832

01:32:27,500 --> 01:32:25,740

thing is yet very similar to this only

1833

01:32:29,570 --> 01:32:27,510

we're actually looking at okay what's

1834

01:32:29,950 --> 01:32:29,580

our point of view where are we looking

1835

01:32:32,680 --> 01:32:29,960

for

1836

01:32:34,870 --> 01:32:32,690

how are we observing it right are we

1837

01:32:36,610 --> 01:32:34,880

observing and what's interesting and

1838

01:32:38,350 --> 01:32:36,620

I've started interject but and I I do

1839

01:32:39,790 --> 01:32:38,360

want to get your response to this and

1840

01:32:41,950 --> 01:32:39,800

then we'll wind down

1841

01:32:43,510 --> 01:32:41,960

but it was gonna say something I know is

1842

01:32:48,550 --> 01:32:43,520

obvious to you but I want to bring up to

1843

01:32:51,880 --> 01:32:48,560

our audience anyway and that is the the

1844

01:32:54,250 --> 01:32:51,890

idea of an observer is really important

1845

01:32:57,580 --> 01:32:54,260

obviously that's like an understatement

1846

01:33:01,620 --> 01:32:57,590

regarding the theory of relativity

1847

01:33:04,930 --> 01:33:01,630

now now talking about consciousness

1848

01:33:08,080 --> 01:33:04,940

obviously is important yes that's just

1849

01:33:10,180 --> 01:33:08,090

as important a consciousness is sort of

1850

01:33:12,160 --> 01:33:10,190

like takes on the role of what observer

1851
01:33:14,950 --> 01:33:12,170
does for relatives like sentient beings

1852
01:33:17,020 --> 01:33:14,960
are aware that they're thinking right so

1853
01:33:19,540 --> 01:33:17,030
now what's interesting is the observer

1854
01:33:21,310 --> 01:33:19,550
in quantum theory actually and I know

1855
01:33:23,020 --> 01:33:21,320
you know this again I know you're you

1856
01:33:25,240 --> 01:33:23,030
know this actually affects the

1857
01:33:28,810 --> 01:33:25,250
experiments if there's experiment to be

1858
01:33:30,910 --> 01:33:28,820
had so so and that wasn't really talked

1859
01:33:33,580 --> 01:33:30,920
about in the theory of relativity too

1860
01:33:35,800 --> 01:33:33,590
much as so much as quantum theory here

1861
01:33:37,480 --> 01:33:35,810
the observer is part of the experiment

1862
01:33:40,350 --> 01:33:37,490
okay so let's take it to the next level

1863
01:33:42,580 --> 01:33:40,360

yeah yes absolutely the observer is

1864

01:33:43,150 --> 01:33:42,590

critical because there but there's

1865

01:33:45,580 --> 01:33:43,160

threefold

1866

01:33:50,820 --> 01:33:45,590

okay there's the participant there's the

1867

01:33:57,730 --> 01:33:50,830

observer and then there's the source

1868

01:34:02,740 --> 01:33:57,740

that's providing the experience right

1869

01:34:08,350 --> 01:34:02,750

exactly so and that we we understand as

1870

01:34:11,950 --> 01:34:08,360

being undefinable as of yet and yet we

1871

01:34:14,650 --> 01:34:11,960

know it's there because we're observing

1872

01:34:17,470 --> 01:34:14,660

the effects of what's there some people

1873

01:34:20,770 --> 01:34:17,480

want to call it divine will or you know

1874

01:34:23,470 --> 01:34:20,780

some such things and even become to the

1875

01:34:26,530 --> 01:34:23,480

point of being deterministic well as

1876

01:34:29,410 --> 01:34:26,540

long as you know reality is malleable

1877

01:34:33,400 --> 01:34:29,420

based on how we observe it and there may

1878

01:34:35,320 --> 01:34:33,410

be you know gamut or some parameters of

1879

01:34:37,540 --> 01:34:35,330

the potential outcomes given a certain

1880

01:34:40,420 --> 01:34:37,550

situation but we still have choice in

1881

01:34:42,200 --> 01:34:40,430

them so the the idea of it being fully

1882

01:34:45,560 --> 01:34:42,210

deterministic

1883

01:34:49,250 --> 01:34:45,570

may not fit there's an evolutionary

1884

01:34:52,910 --> 01:34:49,260

process of realms of behavior that we

1885

01:34:54,200 --> 01:34:52,920

have from the point of ok where we don't

1886

01:34:54,530 --> 01:34:54,210

have food or water what are we going to

1887

01:34:57,709 --> 01:34:54,540

do

1888

01:34:59,120 --> 01:34:57,719

right okay now we got food and water

1889

01:35:01,189 --> 01:34:59,130

we don't have clothing what are we gonna

1890

01:35:02,660 --> 01:35:01,199

do okay now we've got food and clothing

1891

01:35:04,340 --> 01:35:02,670

and we're looking for shelter what are

1892

01:35:06,110 --> 01:35:04,350

we gonna do and then it gets to the

1893

01:35:10,010 --> 01:35:06,120

point where okay now we've got all of

1894

01:35:13,970 --> 01:35:10,020

that and we're comfortable or safe we

1895

01:35:16,970 --> 01:35:13,980

have you know city services and they're

1896

01:35:20,209 --> 01:35:16,980

everything that we need as far as food

1897

01:35:22,100 --> 01:35:20,219

clothing shelter medical care all of

1898

01:35:24,470 --> 01:35:22,110

those kinds of things so that we're safe

1899

01:35:27,830 --> 01:35:24,480

and then we can now look to different

1900

01:35:31,450 --> 01:35:27,840

things to think about and maybe how that

1901

01:35:35,120 --> 01:35:31,460

was all created or why it was created or

1902

01:35:38,229 --> 01:35:35,130

you know who is responsible or you know

1903

01:35:40,760 --> 01:35:38,239

how did I contribute to it or did I

1904

01:35:43,070 --> 01:35:40,770

contribute am i a taker and my a giver

1905

01:35:48,649 --> 01:35:43,080

you know all these kinds of different

1906

01:35:52,100 --> 01:35:48,659

things that we can observe ourselves in

1907

01:35:54,140 --> 01:35:52,110

that place and then because we're able

1908

01:35:56,270 --> 01:35:54,150

to observe then we become aware and

1909

01:35:59,720 --> 01:35:56,280

we're able to make whatever changes are

1910

01:36:03,229 --> 01:35:59,730

necessary in order to hopefully become

1911

01:36:06,470 --> 01:36:03,239

more congruent with some semblance of

1912

01:36:08,180 --> 01:36:06,480

harmony in our environment now you would

1913

01:36:10,610 --> 01:36:08,190

mention behavior really quick and nod

1914

01:36:12,649 --> 01:36:10,620

yeah we need to wrap this up Bob with

1915

01:36:15,500 --> 01:36:12,659

this one but you and dad mentioned

1916

01:36:17,689 --> 01:36:15,510

behavior and what I see in these UFO

1917

01:36:20,479 --> 01:36:17,699

sightings basically it's been pretty

1918

01:36:22,459 --> 01:36:20,489

consistent going back almost 3/4 of a

1919

01:36:24,439 --> 01:36:22,469

century now from different reports we've

1920

01:36:26,959 --> 01:36:24,449

gotten from pilots and the like where

1921

01:36:29,840 --> 01:36:26,969

we're seeing you know these UFOs appear

1922

01:36:32,450 --> 01:36:29,850

Here I am Here I am come chase me they

1923

01:36:35,750 --> 01:36:32,460

do and then the UFOs kind of put the

1924

01:36:37,280 --> 01:36:35,760

scene you know as fast as they can which

1925

01:36:40,520 --> 01:36:37,290

is a lot faster than anything that we've

1926
01:36:42,380 --> 01:36:40,530
got can go so we've got this consistent

1927
01:36:45,770 --> 01:36:42,390
that behavior this kind of ambiguous

1928
01:36:48,229 --> 01:36:45,780
presence here any thoughts on do you

1929
01:36:50,419 --> 01:36:48,239
think that might change that somehow all

1930
01:36:52,220 --> 01:36:50,429
of a sudden et might say ok they've

1931
01:36:53,689 --> 01:36:52,230
gotten to this level and let's be a

1932
01:36:54,759 --> 01:36:53,699
little bit more open or you think it's

1933
01:36:57,479 --> 01:36:54,769
gonna maintain the

1934
01:36:58,779 --> 01:36:57,489
the status quo going forward for that

1935
01:37:00,549 --> 01:36:58,789
well

1936
01:37:01,930 --> 01:37:00,559
like different layers of behavior

1937
01:37:04,359 --> 01:37:01,940
there's different layers the status quo

1938
01:37:07,180 --> 01:37:04,369

one might be that okay we know these

1939

01:37:08,979 --> 01:37:07,190

things are here we see them why are they

1940

01:37:11,919 --> 01:37:08,989

here what what's really going on is

1941

01:37:15,910 --> 01:37:11,929

there a way to communicate or are we

1942

01:37:18,339 --> 01:37:15,920

just basically chasing shadows just to

1943

01:37:22,419 --> 01:37:18,349

demonstrate that we're not able to keep

1944

01:37:25,479 --> 01:37:22,429

up with them now there's multiple layers

1945

01:37:28,779 --> 01:37:25,489

or levels of thinking involved one a

1946

01:37:30,669 --> 01:37:28,789

very materialistic defense oriented you

1947

01:37:33,850 --> 01:37:30,679

know are these threats in the sky that

1948

01:37:37,620 --> 01:37:33,860

we need to consider and do something

1949

01:37:40,120 --> 01:37:37,630

about you know the the whole nature of

1950

01:37:45,040 --> 01:37:40,130

sightings and experiences when those

1951

01:37:48,819 --> 01:37:45,050

happen I mean you can't imagine the rush

1952

01:37:51,430 --> 01:37:48,829

of energy and the excitement and

1953

01:37:53,549 --> 01:37:51,440

adrenaline that's flowing through the

1954

01:37:57,100 --> 01:37:53,559

people that are in those experiences so

1955

01:37:58,209 --> 01:37:57,110

for them to be able to then okay take a

1956

01:38:01,149 --> 01:37:58,219

breath relax

1957

01:38:03,279 --> 01:38:01,159

you know find your Center the open up

1958

01:38:05,649 --> 01:38:03,289

and see if you can communicate you know

1959

01:38:07,450 --> 01:38:05,659

that's completely opposite end of the

1960

01:38:11,410 --> 01:38:07,460

spectrum of where they're at in the

1961

01:38:13,500 --> 01:38:11,420

engagement of it right so how can we

1962

01:38:16,930 --> 01:38:13,510

expect that to take place

1963

01:38:19,450 --> 01:38:16,940

however it is necessary to at least

1964

01:38:23,470 --> 01:38:19,460

become aware that okay these guys are

1965

01:38:26,830 --> 01:38:23,480

here and ultimately they don't seem to

1966

01:38:29,319 --> 01:38:26,840

be aggressive they don't seem to be

1967

01:38:31,989 --> 01:38:29,329

threatening they seem to be just the

1968

01:38:34,509 --> 01:38:31,999

opposite in some respects if we can look

1969

01:38:37,600 --> 01:38:34,519

at the ICBM silos being shut off in the

1970

01:38:41,589 --> 01:38:37,610

60s as evidence that they are benign if

1971

01:38:44,709 --> 01:38:41,599

not benevolent right and there are other

1972

01:38:49,479 --> 01:38:44,719

instances that you know that we can look

1973

01:38:53,970 --> 01:38:49,489

at but like a chief says toward the

1974

01:38:57,310 --> 01:38:53,980

government now has to prove otherwise

1975

01:39:00,000 --> 01:38:57,320

same thing occurs the government has to

1976

01:39:03,359 --> 01:39:00,010

prove otherwise that they are a threat

1977

01:39:06,700 --> 01:39:03,369

there's majority of us no they are not

1978

01:39:07,959 --> 01:39:06,710

or the majority within the experimenter

1979

01:39:10,330 --> 01:39:07,969

realm

1980

01:39:13,990 --> 01:39:10,340

but that again is such a small

1981

01:39:15,729 --> 01:39:14,000

percentage that we can only affect you

1982

01:39:17,770 --> 01:39:15,739

know one person or a few people at a

1983

01:39:19,390 --> 01:39:17,780

time or at least have conversations like

1984

01:39:21,850 --> 01:39:19,400

this where many others can have the

1985

01:39:24,610 --> 01:39:21,860

opportunity to listen and contemplate

1986

01:39:27,189 --> 01:39:24,620

and percolate and cogitate over what

1987

01:39:30,060 --> 01:39:27,199

we're saying and maybe come up with some

1988

01:39:33,729 --> 01:39:30,070

new ideas or insights of their own

1989

01:39:36,430 --> 01:39:33,739

that's what we're hearing Frank I still

1990

01:39:43,680 --> 01:39:36,440

have one question okay here we go

1991

01:39:46,000 --> 01:39:43,690

yeah this is we have to be brief okay

1992

01:39:47,709 --> 01:39:46,010

I'm gonna go back to what you said

1993

01:39:49,000 --> 01:39:47,719

because it made a big impression on me

1994

01:39:55,060 --> 01:39:49,010

that's why I keep bringing up I'm sorry

1995

01:39:58,800 --> 01:39:55,070

okay okay I'm not sorry yeah thank you

1996

01:40:02,950 --> 01:39:58,810

when you assented to that level of all

1997

01:40:03,880 --> 01:40:02,960

being beingness oneness okay whatever

1998

01:40:07,990 --> 01:40:03,890

you want to call it

1999

01:40:11,320 --> 01:40:08,000

no no when when you were everything and

2000

01:40:13,390 --> 01:40:11,330

nothing I wanted to read something to

2001

01:40:15,880 --> 01:40:13,400

you and just hold that thought because

2002

01:40:18,760 --> 01:40:15,890

I'm gonna ask you about that okay there

2003

01:40:22,870 --> 01:40:18,770

was a book written by a gentleman named

2004

01:40:24,580 --> 01:40:22,880

Gary Zhukov he wrote well I know you

2005

01:40:28,510 --> 01:40:24,590

read this book already but it's the Wu

2006

01:40:30,670 --> 01:40:28,520

Lee master yeah and in this book I'm

2007

01:40:33,670 --> 01:40:30,680

just gonna read an excerpt it's just one

2008

01:40:37,620 --> 01:40:33,680

sentence it says the Wooley master does

2009

01:40:41,020 --> 01:40:37,630

not teach but the student learns now

2010

01:40:46,120 --> 01:40:41,030

moving along here to 2001 a Space

2011

01:40:49,209 --> 01:40:46,130

Odyssey written by a arthur c clarke

2012

01:40:50,950 --> 01:40:49,219

yeah arthur c clarke and the movie was

2013

01:40:53,290 --> 01:40:50,960

started by Stanley Kubrick sorry I was

2014

01:40:57,430 --> 01:40:53,300

gonna say Kubrick I didn't but anyway by

2015

01:40:59,050 --> 01:40:57,440

arthur c clarke in that wonderful book

2016

01:41:01,570 --> 01:40:59,060

by the way the book i just want to tell

2017

01:41:03,910 --> 01:41:01,580

everybody please read that book it is so

2018

01:41:09,340 --> 01:41:03,920

thin the book is so thin but it's the

2019

01:41:13,479 --> 01:41:09,350

longest book I've ever read now anyway

2020

01:41:17,530 --> 01:41:13,489

that book the monolith reminds me of

2021

01:41:19,450 --> 01:41:17,540

what Zhukov says here when he says the

2022

01:41:20,950 --> 01:41:19,460

woolly master does not teach but the

2023

01:41:21,740 --> 01:41:20,960

student learns in other words that

2024

01:41:24,380 --> 01:41:21,750

monolith

2025

01:41:27,170 --> 01:41:24,390

there and every person that came into

2026

01:41:28,790 --> 01:41:27,180

contact with the monolith was learning

2027

01:41:31,280 --> 01:41:28,800

something from it even though it wasn't

2028

01:41:34,010 --> 01:41:31,290

teaching anything it was just there now

2029

01:41:36,800 --> 01:41:34,020

my question to you is this when you

2030

01:41:38,480 --> 01:41:36,810

ascended to the level you did and I say

2031

01:41:41,900 --> 01:41:38,490

the word ascended because I'm just gonna

2032

01:41:44,810 --> 01:41:41,910

use a proverbial going up yeah you went

2033

01:41:51,320 --> 01:41:44,820

up I'm just gonna stereotype it like

2034

01:41:53,900 --> 01:41:51,330

that okay so when you ascended to that

2035

01:41:56,840 --> 01:41:53,910

level and you were everything and

2036

01:41:58,940 --> 01:41:56,850

nothing do you feel like the source that

2037

01:42:00,800 --> 01:41:58,950

you mentioned that one source was like

2038

01:42:03,140 --> 01:42:00,810

the monolith where it wasn't teaching

2039

01:42:12,860 --> 01:42:03,150

but you were learning or it was

2040

01:42:17,240 --> 01:42:12,870

reciprocal yes to both alrighty

2041

01:42:19,250 --> 01:42:17,250

all right if if you were able to have

2042

01:42:24,980 --> 01:42:19,260

subjective and objective thought

2043

01:42:27,260 --> 01:42:24,990

processes then my question to you is how

2044

01:42:30,740 --> 01:42:27,270

different are we from being sentient

2045

01:42:33,110 --> 01:42:30,750

beings again I mean if we can all ascend

2046

01:42:35,270 --> 01:42:33,120

that level and then think like a human

2047

01:42:39,740 --> 01:42:35,280

being while it's happening what is the

2048

01:42:41,420 --> 01:42:39,750

point the point is the journey there and

2049

01:42:44,420 --> 01:42:41,430

recognizing that it's one we need to

2050

01:42:45,800 --> 01:42:44,430

take and on that note I would like to

2051
01:42:46,580 --> 01:42:45,810

2052
