HAS TO PROVE THAT THEY ARE NOT
FROM ANOTHER PLANET."**

RECENT STATEMENTS ON

AND A WHOLE LOT MORE.**

1
00:01:07,160 --> 00:00:22,950

[Music]

2
00:01:12,750 --> 00:01:09,899

and good afternoon from Philadelphia

3
00:01:14,790 --> 00:01:12,760

Frank here with a Sunday edition of UFO

4
00:01:17,130 --> 00:01:14,800

news network Sunday now we got a

5
00:01:19,320 --> 00:01:17,140

fascinating show there's been some news

6
00:01:21,719 --> 00:01:19,330

in the last week or so and there's some

7
00:01:23,490 --> 00:01:21,729

more events coming up next weekend and

8
00:01:26,070 --> 00:01:23,500

we want to get right down to it we've

9
00:01:28,740 --> 00:01:26,080

got a couple fabulous guests today first

10
00:01:31,590 --> 00:01:28,750

off a Steve Bassett head of the paradigm

11
00:01:34,620 --> 00:01:31,600

research group and Michael W Hall the

12
00:01:36,510 --> 00:01:34,630

paranormal lawyer gentlemen thanks for

13
00:01:37,880 --> 00:01:36,520

coming on and let's get right to it

14

00:01:42,570 --> 00:01:37,890

shall we

15

00:01:44,820 --> 00:01:42,580

all right Frank Brady can do it right

16

00:01:48,870 --> 00:01:44,830

yeah I appreciate it appreciate it and

17

00:01:50,190 --> 00:01:48,880

last week some fascinating news hit the

18

00:01:55,290 --> 00:01:50,200

hit the air

19

00:01:58,620 --> 00:01:55,300

Michio Kaku appearing at a Barcelona UFO

20

00:02:01,410 --> 00:01:58,630

conference sat down with Hyman Lisanna

21

00:02:04,950 --> 00:02:01,420

often controversial in this field but

22

00:02:07,889 --> 00:02:04,960

Mossad got the goods on the record he's

23

00:02:11,220 --> 00:02:07,899

got Kaku himself making the following

24

00:02:14,160 --> 00:02:11,230

statement and let's let's listen to it

25

00:02:17,220 --> 00:02:14,170

now so you can hear the string theorist

26
00:02:20,610 --> 00:02:17,230
himself in his own words explain where

27
00:02:22,110 --> 00:02:20,620
he thinks the UFO situation is now it's

28
00:02:24,589 --> 00:02:22,120
quite compelling so let's give a quick

29
00:02:30,540 --> 00:02:28,290
now the tightest time because

30
00:02:33,059 --> 00:02:30,550
traditionally scientists would giggle

31
00:02:34,750 --> 00:02:33,069
and laugh talking about flying saucers

32
00:02:37,030 --> 00:02:34,760
and

33
00:02:39,839 --> 00:02:37,040
the burden of proof was on the believers

34
00:02:42,940 --> 00:02:39,849
prove it give me the evidence show me

35
00:02:46,000 --> 00:02:42,950
now the burden of proof has shifted to

36
00:02:47,920 --> 00:02:46,010
the government and the military now they

37
00:02:50,949 --> 00:02:47,930
have to prove that these sightings are

38
00:02:53,380 --> 00:02:50,959

not from outer space and another

39

00:02:56,140 --> 00:02:53,390

civilization several things have

40

00:02:59,170 --> 00:02:56,150

happened first we have video tapes video

41

00:03:02,259 --> 00:02:59,180

tapes taken by United States Navy pilots

42

00:03:05,949 --> 00:03:02,269

that are testable we can now see and

43

00:03:09,309 --> 00:03:05,959

calculate how fast rain moving how fast

44

00:03:11,710 --> 00:03:09,319

they can zigzag what is the altitude we

45

00:03:14,440 --> 00:03:11,720

know the parameters of these objects now

46

00:03:16,300 --> 00:03:14,450

we didn't have that before and so this

47

00:03:24,780 --> 00:03:16,310

means that the burden of proof has

48

00:03:28,330 --> 00:03:24,790

shifted of the military now these and

49

00:03:31,000 --> 00:03:28,340

that is pretty compelling stuff Kaku is

50

00:03:32,679 --> 00:03:31,010

now saying that the government the

51
00:03:35,259 --> 00:03:32,689
military has to prove that they're not

52
00:03:37,300 --> 00:03:35,269
from another planet and Steve Bassett I

53
00:03:40,770 --> 00:03:37,310
know one of the recent times you were on

54
00:03:43,439 --> 00:03:40,780
you told me that you were preparing a

55
00:03:45,909 --> 00:03:43,449
petition for scientists to sign off on

56
00:03:51,719 --> 00:03:45,919
this is I got to be a little bit more

57
00:04:03,309 --> 00:03:56,410
hello

58
00:04:06,370 --> 00:04:03,319
here I don't hear Steven and by the way

59
00:04:10,059 --> 00:04:06,380
I'm on my end I couldn't hear me to you

60
00:04:11,290 --> 00:04:10,069
a statement either you won't be able to

61
00:04:14,590 --> 00:04:11,300
hear that unfortunately the way the

62
00:04:16,539 --> 00:04:14,600
sound is set up but yeah my it seems

63
00:04:17,860 --> 00:04:16,549

like Steve might be having some issues

64

00:04:20,319 --> 00:04:17,870

you're still coming in loud and clear

65

00:04:22,330 --> 00:04:20,329

Michael so that might be on your Eve's

66

00:04:24,340 --> 00:04:22,340

end I'm not a hundred percent sure but

67

00:04:27,880 --> 00:04:24,350

you saw this over the course of the week

68

00:04:31,530 --> 00:04:27,890

and you have to be as thrilled as I am

69

00:04:34,210 --> 00:04:31,540

that scientist who's a serious guy

70

00:04:36,010 --> 00:04:34,220

developed Stringfield theory he's not a

71

00:04:37,900 --> 00:04:36,020

scientific lightweight who just writes

72

00:04:39,370 --> 00:04:37,910

books and yeah he has a science to read

73

00:04:41,140 --> 00:04:39,380

no he's the real deal in terms of

74

00:04:45,090 --> 00:04:41,150

science you had to be thrilled to death

75

00:04:48,880 --> 00:04:45,100

that Kaku came out with the statement oh

76

00:04:52,120 --> 00:04:48,890

yeah I mean this is talk talk about

77

00:04:53,530 --> 00:04:52,130

Steve's paradigm shift this is exactly

78

00:04:57,250 --> 00:04:53,540

what's happening right here in front of

79

00:04:58,900 --> 00:04:57,260

our very eyes just before the major

80

00:05:01,960 --> 00:04:58,910

events that are coming up this next

81

00:05:04,930 --> 00:05:01,970

weekend at area 51 Mitch yukako comes

82

00:05:07,750 --> 00:05:04,940

out and actually makes that bold

83

00:05:10,180 --> 00:05:07,760

statement that hey this is a this is a

84

00:05:12,400 --> 00:05:10,190

conclusion that nicotine it needs to be

85

00:05:14,890 --> 00:05:12,410

refuted by the government rather than

86

00:05:17,020 --> 00:05:14,900

the other way around that's fantastic

87

00:05:19,510 --> 00:05:17,030

now I have to admit I never would have

88

00:05:22,450 --> 00:05:19,520

thought of doing it and chant who's not

89

00:05:26,440 --> 00:05:22,460

with us today due to some issues

90

00:05:28,360 --> 00:05:26,450

surrounding her home but she was able to

91

00:05:31,780 --> 00:05:28,370

talk to a few people we got this

92

00:05:34,030 --> 00:05:31,790

feedback from Michael Paul masters the

93

00:05:36,580 --> 00:05:34,040

anthropologist who's written a book

94

00:05:38,770 --> 00:05:36,590

recently about UFOs I haven't read the

95

00:05:40,930 --> 00:05:38,780

Kaku thing beyond what you sent me above

96

00:05:43,180 --> 00:05:40,940

but I love that he said the burden of

97

00:05:45,130 --> 00:05:43,190

proof is shifted that gets us back off

98

00:05:47,260 --> 00:05:45,140

our back foot playing defense all the

99

00:05:49,150 --> 00:05:47,270

time and puts the onus on them a bit

100

00:05:50,529 --> 00:05:49,160

more I did see an interview with him

101

00:05:52,719 --> 00:05:50,539

recently though in which he said that

102

00:05:54,790 --> 00:05:52,729

time travel should be possible for any

103

00:05:57,070 --> 00:05:54,800

advanced civilization what was which was

104

00:05:58,900 --> 00:05:57,080

awesome because some tool at the MUFON

105

00:06:00,969 --> 00:05:58,910

conference in July kept trying to troll

106

00:06:03,430 --> 00:06:00,979

me by saying the time travel will never

107

00:06:04,330 --> 00:06:03,440

be possible because Michio Kaku says

108

00:06:06,490 --> 00:06:04,340

it's impossible

109

00:06:08,560 --> 00:06:06,500

I guess he and the other titi haters are

110

00:06:11,750 --> 00:06:08,570

going to have to find a new messiah to

111

00:06:18,140 --> 00:06:13,970

yeah there you go

112

00:06:20,690 --> 00:06:18,150

you know Steve excuse me Michael of

113

00:06:22,640 --> 00:06:20,700

course with the time travel yeah kaku's

114

00:06:24,710 --> 00:06:22,650

as far as I know never said that time

115

00:06:26,690 --> 00:06:24,720

travel was impossible in fact I first

116

00:06:28,700 --> 00:06:26,700

became aware of him I went and he

117

00:06:30,560 --> 00:06:28,710

published the book hyperspace so that

118

00:06:31,970 --> 00:06:30,570

was a good 20 years ago now and he was

119

00:06:35,060 --> 00:06:31,980

talking about all those subjects as

120

00:06:36,470 --> 00:06:35,070

being quite possible so there's that you

121

00:06:38,660 --> 00:06:36,480

know it's it's very interesting that

122

00:06:41,150 --> 00:06:38,670

somebody comes up with the point which

123

00:06:43,790 --> 00:06:41,160

should give you an idea of how regarded

124

00:06:45,410 --> 00:06:43,800

Kaku is if Kaku says it's not possible

125

00:06:47,510 --> 00:06:45,420

even though God even though the guy was

126

00:06:50,750 --> 00:06:47,520

wrong about this then it's not possible

127

00:06:52,040 --> 00:06:50,760

so the guy is well respected by people

128

00:06:54,040 --> 00:06:52,050

who are familiar with them and I think

129

00:06:58,130 --> 00:06:54,050

that's a good thing there Michael

130

00:07:01,040 --> 00:06:58,140

yeah no it's uh it's just like an

131

00:07:03,620 --> 00:07:01,050

amazing opportunity now that you know

132

00:07:07,040 --> 00:07:03,630

we're finally getting the science on our

133

00:07:09,860 --> 00:07:07,050

side obviously we've had you know

134

00:07:12,560 --> 00:07:09,870

testimony we've had you know even the

135

00:07:14,660 --> 00:07:12,570

the government and you know it's by the

136

00:07:16,670 --> 00:07:14,670

way of the Navy and the Air Force you

137

00:07:19,100 --> 00:07:16,680

know pilots coming out and talking about

138

00:07:22,010 --> 00:07:19,110

it and of course mainstream media now is

139

00:07:25,400 --> 00:07:22,020

jumping onboard but it's a guy at the

140

00:07:27,170 --> 00:07:25,410

stature of Michio Kaku coming out and

141

00:07:31,190 --> 00:07:27,180

making these kinds of statements almost

142

00:07:34,430 --> 00:07:31,200

challenging the wee government debunkers

143

00:07:38,360 --> 00:07:34,440

even to come forth is a major paradigm

144

00:07:42,170 --> 00:07:38,370

shift and makes a big step forward I

145

00:07:43,820 --> 00:07:42,180

think to Stephens whole idea of open

146

00:07:45,620 --> 00:07:43,830

government hearings I mean we need to

147

00:07:49,730 --> 00:07:45,630

have congressional hearings that mean

148

00:07:51,860 --> 00:07:49,740

something not that Steven's efforts have

149

00:07:53,870 --> 00:07:51,870

have been for naught over the decades

150

00:07:56,360 --> 00:07:53,880

because he has gotten this to that point

151
00:08:00,110 --> 00:07:56,370
where I think it's gonna it's gonna

152
00:08:03,470 --> 00:08:00,120
happen at this at this time and another

153
00:08:05,570 --> 00:08:03,480
statement from Earl Grey who's the an

154
00:08:07,430 --> 00:08:05,580
investigator for MUFON out in California

155
00:08:09,530 --> 00:08:07,440
michio kaku is one of our most

156
00:08:11,750 --> 00:08:09,540
celebrated theoretical physicists and

157
00:08:13,850 --> 00:08:11,760
popularizers of science stepping

158
00:08:16,670 --> 00:08:13,860
comfortably into the shoes of Carl Sagan

159
00:08:18,290 --> 00:08:16,680
when michio states that ufos deserve to

160
00:08:20,240 --> 00:08:18,300
be studied seriously and that there's

161
00:08:22,670 --> 00:08:20,250
something to the phenomenon people

162
00:08:24,409 --> 00:08:22,680
should stop and take note Kaku states

163
00:08:26,990 --> 00:08:24,419

the explanation usually

164

00:08:28,879 --> 00:08:27,000

invoked for UFO sightings of meteors

165

00:08:31,159 --> 00:08:28,889

weather balloons even the planet Venus

166

00:08:33,380 --> 00:08:31,169

can't explain these live-action

167

00:08:35,390 --> 00:08:33,390

high-precision shots maybe they are

168

00:08:40,640 --> 00:08:35,400

evidence of an advanced outerspace

169

00:08:44,029 --> 00:08:40,650

civilization again going back to or else

170

00:08:45,980 --> 00:08:44,039

I quote this is a significant not by a

171

00:08:48,440 --> 00:08:45,990

highly respected scientist to the

172

00:08:50,360 --> 00:08:48,450

extra-terrestrial hypothesis as the

173

00:08:53,150 --> 00:08:50,370

origin of strange anomalous aerial

174

00:08:54,320 --> 00:08:53,160

sightings if Carl Sagan has said this it

175

00:08:56,870 --> 00:08:54,330

wouldn't be any different

176

00:08:59,900 --> 00:08:56,880

quite a boon for the modern now ufology

177

00:09:02,810 --> 00:08:59,910

feel and Kaku does get into some details

178

00:09:05,480 --> 00:09:02,820

about the about the radar evidence and

179

00:09:07,610 --> 00:09:05,490

particularly the the video evidence that

180

00:09:10,370 --> 00:09:07,620

was captured from those two incidents

181

00:09:13,400 --> 00:09:10,380

the Nimitz case and then later on more

182

00:09:16,400 --> 00:09:13,410

recently the Roosevelt case Shan heard

183

00:09:19,040 --> 00:09:16,410

jumping in here I agree with dr. Kaku

184

00:09:21,350 --> 00:09:19,050

the burden of proof is shifted however I

185

00:09:23,570 --> 00:09:21,360

am hesitant to say they will do it if it

186

00:09:25,370 --> 00:09:23,580

gets too too problematic for them I

187

00:09:27,230 --> 00:09:25,380

could see them pulling the plug at any

188

00:09:29,450 --> 00:09:27,240

time I am hopeful that disclosure

189

00:09:31,640 --> 00:09:29,460

continues to the degree scientists

190

00:09:33,740 --> 00:09:31,650

universities politicians and other

191

00:09:35,990 --> 00:09:33,750

societal leaders will take an act of

192

00:09:38,630 --> 00:09:36,000

interest and move the ball forward this

193

00:09:42,829 --> 00:09:38,640

is a global issue and we need everyone

194

00:09:46,250 --> 00:09:42,839

to engage so what do you think about

195

00:09:49,640 --> 00:09:46,260

that there Michael oh I think it's uh

196

00:09:52,460 --> 00:09:49,650

it's just a and you know I really

197

00:09:56,000 --> 00:09:52,470

respect Earl and his opinion as well but

198

00:09:59,630 --> 00:09:56,010

this is almost like a gauntlet being

199

00:10:02,030 --> 00:09:59,640

thrown down by dr. Kaku you know the

200

00:10:04,610 --> 00:10:02,040

whole idea that a guy in his stature

201
00:10:07,640 --> 00:10:04,620
would step up to the plate at this point

202
00:10:10,760 --> 00:10:07,650
in history and kind of leave the charge

203
00:10:12,890 --> 00:10:10,770
into the idea that everything is now

204
00:10:15,740 --> 00:10:12,900
flipped I mean there are so many people

205
00:10:17,660 --> 00:10:15,750
that have had sighting reports one of my

206
00:10:20,300 --> 00:10:17,670
clients national UFO Reporting Center

207
00:10:22,100 --> 00:10:20,310
and Peter Davenport he says that his

208
00:10:25,730 --> 00:10:22,110
sighting reports are going through the

209
00:10:28,910 --> 00:10:25,740
roof right now really almost oh yeah

210
00:10:32,780 --> 00:10:28,920
yeah he says it for some reason the

211
00:10:37,070 --> 00:10:32,790
quality and quantity of the reports of

212
00:10:40,370 --> 00:10:37,080
unidentified aerial phenomena UAP and

213
00:10:43,519 --> 00:10:40,380

alien entities he says is just

214

00:10:45,440 --> 00:10:43,529

astronomical at this point so I think

215

00:10:48,800 --> 00:10:45,450

what they're finding is that they're

216

00:10:50,360 --> 00:10:48,810

needing to or at least dr. Kaku is

217

00:10:52,400 --> 00:10:50,370

telling the government they need to get

218

00:10:55,130 --> 00:10:52,410

ahead of this if they're going to stay

219

00:10:57,290 --> 00:10:55,140

in touch with what's really happening

220

00:10:58,600 --> 00:10:57,300

out there so that is a fascinating time

221

00:11:01,759 --> 00:10:58,610

for all of us

222

00:11:04,370 --> 00:11:01,769

ufologists you know like yourself Frank

223

00:11:06,949 --> 00:11:04,380

to be involved here now and and

224

00:11:09,949 --> 00:11:06,959

hopefully be able to bring the rest of

225

00:11:12,199 --> 00:11:09,959

the public along with us on this new

226

00:11:13,579 --> 00:11:12,209

paradigm shift okay and there's Steve

227

00:11:18,050 --> 00:11:13,589

Bassett do we have a better connection

228

00:11:22,610 --> 00:11:18,060

now it seems to be better Frank let me

229

00:11:24,470 --> 00:11:22,620

comment on Kaku this just significant on

230

00:11:25,870 --> 00:11:24,480

a number of levels but let me unpack a

231

00:11:30,500 --> 00:11:25,880

little bit for you them

232

00:11:33,040 --> 00:11:30,510

Michio maybe statements twice one was an

233

00:11:36,319 --> 00:11:33,050

interview to Haim a saw on was saw on

234

00:11:39,490 --> 00:11:36,329

the show in New Mexico which goes out to

235

00:11:43,389 --> 00:11:39,500

a lot of people and the other was a the

236

00:11:47,060 --> 00:11:43,399

ufology world conference in Barcelona

237

00:11:51,290 --> 00:11:47,070

last weekend so this is not just a

238

00:11:52,699 --> 00:11:51,300

one-off he did it twice secondly when

239

00:11:56,449 --> 00:11:52,709

you look at his statement it's

240

00:11:59,840 --> 00:11:56,459

remarkable what he's saying so many

241

00:12:03,769 --> 00:11:59,850

words is that we're past the point where

242

00:12:06,860 --> 00:12:03,779

we need to convince the government's et

243

00:12:10,220 --> 00:12:06,870

the et reality the et phenomena is real

244

00:12:12,550 --> 00:12:10,230

and we're now where a government needs

245

00:12:16,850 --> 00:12:12,560

to prove to us it's not real

246

00:12:19,610 --> 00:12:16,860

now that's interesting because as

247

00:12:22,250 --> 00:12:19,620

Mitchell Kaku knows and all of his

248

00:12:25,430 --> 00:12:22,260

colleagues know you cannot prove a

249

00:12:27,980 --> 00:12:25,440

negative so what he's literally done is

250

00:12:32,990 --> 00:12:27,990

saying well the government now needs to

251

00:12:35,000 --> 00:12:33,000

prove a negative which is not cool

252

00:12:37,759 --> 00:12:35,010

it's geological so what the hell is

253

00:12:41,210 --> 00:12:37,769

going on here well here's what's going

254

00:12:43,009 --> 00:12:41,220

on michio kaku like so many others and

255

00:12:47,060 --> 00:12:43,019

I'll include Carl Sagan in this I'll

256

00:12:49,790 --> 00:12:47,070

include Dyson Ennis and others possibly

257

00:12:50,930 --> 00:12:49,800

even Stephen Hawking they have known for

258

00:12:52,310 --> 00:12:50,940

a very

259

00:12:56,420 --> 00:12:52,320

long time there's an extraterrestrial

260

00:12:59,690 --> 00:12:56,430

present and they have chosen to go along

261

00:13:02,600 --> 00:12:59,700

with the truth embargo for patriotic

262

00:13:05,780 --> 00:13:02,610

reasons or personal pragmatic reasons

263

00:13:08,960 --> 00:13:05,790

whatever and serviced sit and not push

264

00:13:10,520 --> 00:13:08,970

the boundaries don't push the line it'll

265

00:13:12,080 --> 00:13:10,530

it'll all take care of it it's the

266

00:13:14,960 --> 00:13:12,090

government's job they'll do it when they

267

00:13:16,940 --> 00:13:14,970

feel it's right and so what but what's

268

00:13:20,660 --> 00:13:16,950

happening is that as we get closer to

269

00:13:23,840 --> 00:13:20,670

disclosure the pressure is building and

270

00:13:25,640 --> 00:13:23,850

building these people sense at the end

271

00:13:27,410 --> 00:13:25,650

of the this race the finish line is

272

00:13:29,180 --> 00:13:27,420

approaching they don't have I mean to

273

00:13:30,730 --> 00:13:29,190

consider their entire statements about

274

00:13:33,080 --> 00:13:30,740

this issue going back decades and

275

00:13:35,450 --> 00:13:33,090

realizing they're about to be shown to

276

00:13:37,280 --> 00:13:35,460

be on the wrong side of this issue which

277

00:13:39,680 --> 00:13:37,290

is not a good look for a scientist and

278

00:13:43,100 --> 00:13:39,690

so you're going to see a lot of people

279

00:13:45,230 --> 00:13:43,110

trying to position themselves to say

280

00:13:46,550 --> 00:13:45,240

some things that will mitigate the

281

00:13:49,220 --> 00:13:46,560

public relations problem they're going

282

00:13:52,220 --> 00:13:49,230

to face and Kaku who has done that here

283

00:13:55,250 --> 00:13:52,230

but he had a problem what he should have

284

00:13:58,640 --> 00:13:55,260

said is that we're long past the point

285

00:14:00,890 --> 00:13:58,650

where we need to prove that this

286

00:14:02,750 --> 00:14:00,900

phenomena is real and extraterrestrial

287

00:14:05,840 --> 00:14:02,760

and we are at the point when the

288

00:14:08,630 --> 00:14:05,850

government needs to acknowledge that it

289

00:14:11,360 --> 00:14:08,640

is X to trust that of course would be

290

00:14:14,030 --> 00:14:11,370

disclosure but he can't say that so he

291

00:14:16,760 --> 00:14:14,040

split it down the middle he basically

292

00:14:18,020 --> 00:14:16,770

said I can't do that but let me just say

293

00:14:19,400 --> 00:14:18,030

it's time for the government to prove

294

00:14:21,260 --> 00:14:19,410

they're not real even though I know

295

00:14:23,540 --> 00:14:21,270

every scientist but those make is going

296

00:14:24,920 --> 00:14:23,550

to say Michio what are you doing you're

297

00:14:26,180 --> 00:14:24,930

asking the government to prove a

298

00:14:28,010 --> 00:14:26,190

negative it can't be done

299

00:14:31,070 --> 00:14:28,020

I didn't have it the less he thought

300

00:14:32,420 --> 00:14:31,080

that was the wise choice and so that

301
00:14:34,070 --> 00:14:32,430
gives you a sense of what's happening

302
00:14:36,500 --> 00:14:34,080
and you're going to see more of this

303
00:14:39,590 --> 00:14:36,510
there's an awful lot of people up there

304
00:14:42,260 --> 00:14:39,600
they're going to have egg on their face

305
00:14:44,060 --> 00:14:42,270
because after disclosure everyone is

306
00:14:46,280 --> 00:14:44,070
going to figure out pretty quickly they

307
00:14:48,230 --> 00:14:46,290
always knew they knew ten years ago

308
00:14:50,540 --> 00:14:48,240
twenty years of both thirty years ago

309
00:14:52,340 --> 00:14:50,550
but they didn't feel that we had a right

310
00:14:54,320 --> 00:14:52,350
to know and they felt it was more

311
00:14:55,940 --> 00:14:54,330
important for them to serve the

312
00:14:58,340 --> 00:14:55,950
government's truth embargo and maybe

313
00:15:01,010 --> 00:14:58,350

protect their careers than to be truth

314

00:15:03,050 --> 00:15:01,020

tellers and I I applaud me to chill for

315

00:15:04,460 --> 00:15:03,060

making this move I hope others will do

316

00:15:06,770 --> 00:15:04,470

the same I know he

317

00:15:08,990 --> 00:15:06,780

can't go all the way but he has always

318

00:15:11,540 --> 00:15:09,000

been on our side by and large and he had

319

00:15:14,000 --> 00:15:11,550

been a good guy yeah he has been he was

320

00:15:15,740 --> 00:15:14,010

out helping to promote Leslie Keens book

321

00:15:18,050 --> 00:15:15,750

right after that was released I thought

322

00:15:19,250 --> 00:15:18,060

that was rather surprising and I have

323

00:15:21,830 --> 00:15:19,260

heard and I don't know if you've heard

324

00:15:25,160 --> 00:15:21,840

or not but privately if you approached

325

00:15:27,470 --> 00:15:25,170

dr. michio kaku and asked him about ufos

326

00:15:29,930 --> 00:15:27,480

he'll say rather off the record of

327

00:15:32,060 --> 00:15:29,940

course he'll say rather unambiguously

328

00:15:34,610 --> 00:15:32,070

that yeah we've been visited for a long

329

00:15:36,590 --> 00:15:34,620

time that at least privately he accepted

330

00:15:38,900 --> 00:15:36,600

and I got this from a source that that I

331

00:15:40,040 --> 00:15:38,910

like quite a bit and it's a you know a

332

00:15:43,130 --> 00:15:40,050

direct conversation

333

00:15:45,200 --> 00:15:43,140

this individual imparted to me this is a

334

00:15:50,990 --> 00:15:45,210

guy who's not meant for this I'm not

335

00:15:53,650 --> 00:15:51,000

hearing it can you hear me see the

336

00:16:03,890 --> 00:15:53,660

connections going bad again as awful

337

00:16:05,900 --> 00:16:03,900

yeah yeah you're breaking up yeah okay

338

00:16:08,690 --> 00:16:05,910

well yeah let me yeah let me finish up

339

00:16:10,910 --> 00:16:08,700

with my little Kaku anecdote I I have uh

340

00:16:13,850 --> 00:16:10,920

spoken to an individual's not who's a

341

00:16:16,340 --> 00:16:13,860

UFO buff but he's not really a UFO

342

00:16:17,720 --> 00:16:16,350

researcher per se you know and he's

343

00:16:19,820 --> 00:16:17,730

known in his field let's put it this way

344

00:16:21,950 --> 00:16:19,830

he's got his own Wikipedia page so he's

345

00:16:25,430 --> 00:16:21,960

a serious guy in his field which is not

346

00:16:29,090 --> 00:16:25,440

UFOs but he imparted to me an anecdote

347

00:16:32,600 --> 00:16:29,100

where he saw Kaku approached him and was

348

00:16:34,940 --> 00:16:32,610

actually asked Kaku about UFOs and Kaku

349

00:16:36,890 --> 00:16:34,950

said rather unambiguously privately off

350

00:16:38,540 --> 00:16:36,900

the record of course but he said rather

351
00:16:42,590 --> 00:16:38,550
any ambiguously is that yeah we've been

352
00:16:44,480 --> 00:16:42,600
visited for a long time so let me yeah

353
00:16:46,940 --> 00:16:44,490
Michael let me get some of your thoughts

354
00:16:48,620 --> 00:16:46,950
here well I try to switch our connection

355
00:16:49,280 --> 00:16:48,630
with Steve ever if you don't mind doing

356
00:16:53,180 --> 00:16:49,290
that for me

357
00:16:55,520 --> 00:16:53,190
oh yeah no problem by the way this is uh

358
00:16:57,770 --> 00:16:55,530
this is what happens when you have Steve

359
00:17:00,650 --> 00:16:57,780
Bassett on a program you know a media

360
00:17:03,350 --> 00:17:00,660
very popular and there's a whole lot of

361
00:17:07,070 --> 00:17:03,360
people out there that are tuning in to

362
00:17:09,350 --> 00:17:07,080
this new news about dr. Kaku coming

363
00:17:12,170 --> 00:17:09,360

forth and making his bold statements

364

00:17:14,030 --> 00:17:12,180

that the government needs now to step

365

00:17:16,820 --> 00:17:14,040

forward and prove that these things are

366

00:17:18,350 --> 00:17:16,830

not extraterrestrial so it's quite a

367

00:17:21,259 --> 00:17:18,360

shift in

368

00:17:25,029 --> 00:17:21,269

the paradigm as Steve would mention it

369

00:17:29,149 --> 00:17:25,039

and a big [h__h] in that truth embargo

370

00:17:33,320 --> 00:17:29,159

the whole idea that mainstream science

371

00:17:36,169 --> 00:17:33,330

now is coming forth and making those

372

00:17:38,029 --> 00:17:36,179

statements to another very serene radio

373

00:17:42,250 --> 00:17:38,039

please leave a message you can also

374

00:17:44,299 --> 00:17:42,260

email me at paradigm research group org

375

00:17:46,039 --> 00:17:44,309

that's sounding better it sounds like

376

00:17:50,899 --> 00:17:46,049

you're getting a better please record

377

00:17:53,690 --> 00:17:50,909

your message one more option live

378

00:17:55,580 --> 00:17:53,700

podcasting right you've got 15 hours or

379

00:17:58,070 --> 00:17:55,590

20 hours of this sort of thing coming up

380

00:18:00,379 --> 00:17:58,080

next week then Michael I think yeah

381

00:18:02,930 --> 00:18:00,389

that's right this is a good practice for

382

00:18:07,970 --> 00:18:02,940

me that's for sure so uh but you know I

383

00:18:10,519 --> 00:18:07,980

I am wondering whether dr. Kaku is is

384

00:18:14,299 --> 00:18:10,529

using this bold statement that he has

385

00:18:16,789 --> 00:18:14,309

just made for a trial balloon to see how

386

00:18:20,060 --> 00:18:16,799

the reaction to the American public will

387

00:18:23,149 --> 00:18:20,070

be because it is groundbreaking what

388

00:18:25,669 --> 00:18:23,159

he's done and no one has done it before

389

00:18:29,539 --> 00:18:25,679

him in his scientific field so I'm

390

00:18:31,519 --> 00:18:29,549

wondering whether when Steve Bassett is

391

00:18:34,789 --> 00:18:31,529

mentioning this is just the beginning of

392

00:18:36,169 --> 00:18:34,799

these kinds of announcements so that the

393

00:18:38,919 --> 00:18:36,179

scientists aren't caught with their

394

00:18:41,210 --> 00:18:38,929

pants down when the actual disclosure

395

00:18:45,019 --> 00:18:41,220

happens I'm wondering if this is the

396

00:18:47,750 --> 00:18:45,029

trial balloon of you know to see how

397

00:18:49,580 --> 00:18:47,760

things go along with the public and I'm

398

00:18:51,379 --> 00:18:49,590

I'm assuming it's going to go very well

399

00:18:56,299 --> 00:18:51,389

and they're gonna realize that hey that

400

00:18:57,500 --> 00:18:56,309

people can handle this so they are they

401
00:19:01,129 --> 00:18:57,510
are probably going to be a little

402
00:19:03,680 --> 00:19:01,139
surprised about how the the fallout from

403
00:19:07,549 --> 00:19:03,690
this statement will be mostly positive I

404
00:19:13,210 --> 00:19:07,559
believe let alone the fact that it's

405
00:19:17,389 --> 00:19:13,220
just on the the cusp of the major UFO

406
00:19:20,060 --> 00:19:17,399
event that went viral on Facebook and

407
00:19:23,690 --> 00:19:20,070
the internet about area 51 I mean this

408
00:19:27,919 --> 00:19:23,700
is the timing could not have been better

409
00:19:30,169 --> 00:19:27,929
for the whole idea that young people on

410
00:19:31,370 --> 00:19:30,179
the planet and baby boomers and everyone

411
00:19:35,090 --> 00:19:31,380
else are kind of inner

412
00:19:38,240 --> 00:19:35,100
in this subject and have shown that in

413
00:19:41,020 --> 00:19:38,250

their voting power when it comes to how

414

00:19:45,950 --> 00:19:41,030

many people are interested in this

415

00:19:48,500 --> 00:19:45,960

storming area51 event although everyone

416

00:19:51,890 --> 00:19:48,510

should be discouraged to actually going

417

00:19:55,779 --> 00:19:51,900

to in storming area 51 but there are

418

00:19:58,850 --> 00:19:55,789

some very peaceful and wonderful

419

00:20:02,690 --> 00:19:58,860

informative events happening in Rachel

420

00:20:05,240 --> 00:20:02,700

and heiko Nevada as well so if you're if

421

00:20:07,010 --> 00:20:05,250

you're planning on going there I can

422

00:20:10,880 --> 00:20:07,020

give you a little bit of hint on how to

423

00:20:12,649 --> 00:20:10,890

prepare for this desert community that

424

00:20:14,539 --> 00:20:12,659

you're going to run into well it's not

425

00:20:17,570 --> 00:20:14,549

even let's not call it a community

426

00:20:19,190 --> 00:20:17,580

because there's only about 54 or 100 or

427

00:20:20,870 --> 00:20:19,200

so people that live in that neck of the

428

00:20:24,880 --> 00:20:20,880

woods you've got to be prepared for your

429

00:20:27,740 --> 00:20:24,890

own food your own water and

430

00:20:30,890 --> 00:20:27,750

transportation and gas because that's an

431

00:20:34,610 --> 00:20:30,900

important issue if indeed anyone is

432

00:20:38,419 --> 00:20:34,620

attempting to do that there are no gas

433

00:20:43,430 --> 00:20:38,429

stations at your destination at Rachel

434

00:20:45,440 --> 00:20:43,440

Nevada so if you don't fill up fire to

435

00:20:48,169 --> 00:20:45,450

that you're going to be in trouble

436

00:20:50,539 --> 00:20:48,179

god yeah we will get to all that after

437

00:20:51,919 --> 00:20:50,549

we wrap up with dr. Kaku statement Steve

438

00:20:53,060 --> 00:20:51,929

are you back with us and that can you

439

00:20:54,980 --> 00:20:53,070

hear as well you were reached the

440

00:20:57,260 --> 00:20:54,990

maximum time permitted for recording

441

00:21:06,110 --> 00:20:57,270

sausage hahaha if you're satisfied with

442

00:21:08,000 --> 00:21:06,120

the message press whining machine yeah

443

00:21:10,010 --> 00:21:08,010

yeah well you know the good news is that

444

00:21:12,289 --> 00:21:10,020

it's coming across very clear so it

445

00:21:14,419 --> 00:21:12,299

sounds like maybe the bandwidth is

446

00:21:16,250 --> 00:21:14,429

reduced at this point and you might be

447

00:21:31,210 --> 00:21:16,260

able to get them back but Dallas what's

448

00:21:50,790 --> 00:21:43,240

let me yeah this is why did you always

449

00:21:53,220 --> 00:21:50,800

do a live show with a co-host yeah yeah

450

00:21:55,510 --> 00:21:53,230

okay

451
00:22:00,520 --> 00:21:55,520
you've reached paradigm research group

452
00:22:03,220 --> 00:22:00,530
and ours now he's not on it all the

453
00:22:05,680 --> 00:22:03,230
technical aspects at the same time about

454
00:22:07,750 --> 00:22:05,690
keeping the show going so yep well it's

455
00:22:09,970 --> 00:22:07,760
definitely okay so yeah we've got a

456
00:22:11,799 --> 00:22:09,980
number of quotes from different people

457
00:22:14,500 --> 00:22:11,809
that that we want to go through about

458
00:22:17,350 --> 00:22:14,510
this statement a deep Prasad that gave

459
00:22:18,910 --> 00:22:17,360
us this feedback dr. michio kaku is open

460
00:22:21,790 --> 00:22:18,920
the door even wider for the mainstream

461
00:22:24,280 --> 00:22:21,800
scientific community to look at UFOs

462
00:22:26,169 --> 00:22:24,290
seriously he demonstrates the mark of a

463
00:22:28,630 --> 00:22:26,179

visionary scientist by simply being

464

00:22:30,280 --> 00:22:28,640

honest and rational about current events

465

00:22:32,799 --> 00:22:30,290

no matter the implications to one's

466

00:22:34,510 --> 00:22:32,809

worldview I am hoping more scientists

467

00:22:36,490 --> 00:22:34,520

put pressure on the government to

468

00:22:38,730 --> 00:22:36,500

explain what exactly is going on

469

00:22:40,660 --> 00:22:38,740

regarding extremely advanced UFOs

470

00:22:41,410 --> 00:22:40,670

operating in our airspace without

471

00:22:45,700 --> 00:22:41,420

permission

472

00:22:47,169 --> 00:22:45,710

dr. Irina Scott the problem with UFOs

473

00:22:49,360 --> 00:22:47,179

from the beginning has been the lack of

474

00:22:52,060 --> 00:22:49,370

repeatable controlled data that can be

475

00:22:54,640 --> 00:22:52,070

used in scientific methodology today the

476

00:22:56,710 --> 00:22:54,650

UFO subject is gaining in respectability

477

00:22:58,450 --> 00:22:56,720

because the data can be collected and

478

00:23:01,060 --> 00:22:58,460

the methodological manner needed for

479

00:23:02,890 --> 00:23:01,070

scientific studies as dr. michio kaku

480

00:23:05,590 --> 00:23:02,900

explained the burden of proof has made

481

00:23:07,960 --> 00:23:05,600

major shifts for one thing we now have

482

00:23:09,880 --> 00:23:07,970

reliable video tapes that could be taken

483

00:23:13,419 --> 00:23:09,890

by pilots under testable improvable

484

00:23:15,430 --> 00:23:13,429

conditions now this proof exists for the

485

00:23:17,470 --> 00:23:15,440

previous descriptions of impossible

486

00:23:19,650 --> 00:23:17,480

activities these give real-time

487

00:23:22,270 --> 00:23:19,660

information about their speed altitude

488

00:23:24,460 --> 00:23:22,280

ability to make 90-degree turns and

489

00:23:26,830 --> 00:23:24,470

similar characteristics and show the

490

00:23:29,400 --> 00:23:26,840

reality of observations that previously

491

00:23:32,320 --> 00:23:29,410

were considered only anecdotal and

492

00:23:36,250 --> 00:23:32,330

finally let me yeah Professor Kevin

493

00:23:38,440 --> 00:23:36,260

Knuth from SUNY Albany

494

00:23:40,570 --> 00:23:38,450

I appreciate that he recognizes that we

495

00:23:41,499 --> 00:23:40,580

are now in possession of useful data on

496

00:23:43,840 --> 00:23:41,509

UFO

497

00:23:46,029 --> 00:23:43,850

you ApS and when he mentioned that we

498

00:23:47,440 --> 00:23:46,039

can now estimate altitudes and speeds I

499

00:23:49,960 --> 00:23:47,450

thought he might be interested to know

500

00:23:51,600 --> 00:23:49,970

about my paper estimating flight

501
00:23:54,249 --> 00:23:51,610
characteristics of anomalous

502
00:23:56,440 --> 00:23:54,259
unidentified aerial vehicles which is

503
00:23:59,080 --> 00:23:56,450
currently in revision after having gone

504
00:24:01,539 --> 00:23:59,090
through one round of peer review with

505
00:24:03,999 --> 00:24:01,549
two very supportive peer reviews so they

506
00:24:06,100 --> 00:24:04,009
are red there's a professor Knuth going

507
00:24:09,009 --> 00:24:06,110
ahead and putting together a peer review

508
00:24:10,749 --> 00:24:09,019
paper on this material and finally yeah

509
00:24:13,210 --> 00:24:10,759
let me get through the the last of our

510
00:24:15,639 --> 00:24:13,220
comments that chant was either able to

511
00:24:17,529 --> 00:24:15,649
gather throughout the week while he

512
00:24:19,840 --> 00:24:17,539
points the finger towards the government

513
00:24:22,029 --> 00:24:19,850

or military for proofs he could at least

514

00:24:23,560 --> 00:24:22,039

contribute as well I get tired of

515

00:24:25,779 --> 00:24:23,570

scientists who failed to study this

516

00:24:28,690 --> 00:24:25,789

themselves and pass the buck to others

517

00:24:31,269 --> 00:24:28,700

scu studies this and is not connected to

518

00:24:33,159 --> 00:24:31,279

the government or military in short get

519

00:24:38,169 --> 00:24:33,169

off your butt Kaku and that's from rich

520

00:24:41,470 --> 00:24:38,179

Hoffman way to go rich I like that quote

521

00:24:43,989 --> 00:24:41,480

I appreciate rich is a feedback there a

522

00:24:50,529 --> 00:24:43,999

little bit interesting okay or problem

523

00:25:14,310 --> 00:24:57,999

I do finally get Steve it'll be worth

524

00:25:21,719 --> 00:25:16,990

try this

525

00:25:27,459 --> 00:25:23,019

Wow

526

00:25:30,479 --> 00:25:27,469

Steve you there alright so let's see

527

00:25:33,009 --> 00:25:30,489

what what did I do you know what I did I

528

00:25:34,479 --> 00:25:33,019

called you separately let that let me

529

00:25:39,869 --> 00:25:34,489

let me wrap out of this for whatever

530

00:25:43,419 --> 00:25:39,879

reason into his level I'm very careful

531

00:25:46,479 --> 00:25:43,429

but the fact that he has now become

532

00:25:49,239 --> 00:25:46,489

emboldened to be able to make the

533

00:25:52,779 --> 00:25:49,249

statements that he is making regarding

534

00:25:56,379 --> 00:25:52,789

the reality of UFOs and the fact that

535

00:25:59,819 --> 00:25:56,389

they are extraterrestrial goes to show

536

00:26:02,979 --> 00:25:59,829

you the the paradigm shift seems to be

537

00:26:06,939 --> 00:26:02,989

creeping into the mainstream science

538

00:26:09,459 --> 00:26:06,949

even at a level that is astonishing so

539

00:26:12,279 --> 00:26:09,469

that's that's very encouraging I think

540

00:26:15,129 --> 00:26:12,289

for any you follow gist or research

541

00:26:18,129 --> 00:26:15,139

throughout there that has been into this

542

00:26:20,139 --> 00:26:18,139

field for decades kind of working

543

00:26:23,680 --> 00:26:20,149

against a brick wall it seems the brick

544

00:26:27,309 --> 00:26:23,690

wall now is crumbling a bit and there

545

00:26:31,079 --> 00:26:27,319

are openings that are coming available

546

00:26:35,769 --> 00:26:31,089

to all of us if indeed hu Kaku is

547

00:26:39,459 --> 00:26:35,779

leading the charge now to ask the

548

00:26:47,259 --> 00:26:39,469

government to you know step up not be a

549

00:26:50,709 --> 00:26:47,269

problem okay Steve you there ah yes I am

550

00:26:52,719 --> 00:26:50,719

here ok ok yeah what what's happened was

551
00:26:55,029 --> 00:26:52,729
for whatever reason I can't log you into

552
00:26:56,889 --> 00:26:55,039
the group call so what I will do is I

553
00:27:00,339 --> 00:26:56,899
will disconnect from Michael you stay on

554
00:27:03,080 --> 00:27:00,349
the line and I will add Michael to this

555
00:27:06,950 --> 00:27:06,000
okay okay sorry about all this okay hang

556
00:27:09,450 --> 00:27:06,960
on a second

557
00:27:11,040 --> 00:27:09,460
yeah technology we're using advanced

558
00:27:13,140 --> 00:27:11,050
technology we take it for granted but

559
00:27:15,690 --> 00:27:13,150
it's not simple okay Michael I've got

560
00:27:17,340 --> 00:27:15,700
Steve on the other line so let me for

561
00:27:18,810 --> 00:27:17,350
whatever reason I'm not able to patch

562
00:27:22,580 --> 00:27:18,820
you two together so let me disconnect

563
00:27:25,140 --> 00:27:22,590

this call and I will call you back uh

564

00:27:28,700 --> 00:27:25,150

within the group call with Michael I'm

565

00:27:30,210 --> 00:27:28,710

awful sorry about this okay okay

566

00:27:34,050 --> 00:27:30,220

whatever yes

567

00:27:36,990 --> 00:27:34,060

yeah sorry about that okay and this call

568

00:28:13,019 --> 00:27:37,000

here yeah go ahead and hang up Michael

569

00:28:13,029 --> 00:28:35,419

sorry about all this folks

570

00:28:39,389 --> 00:28:38,190

different numbers on this group cause

578

00:29:21,590 --> 00:29:19,299

seems to me we've done this before but

579

00:29:24,090 --> 00:29:21,600

it's not working properly

580

00:29:33,560 --> 00:29:24,100

let me go to Steven let's hope we've got

608
00:32:16,460 --> 00:32:14,030
calling him now all right okay two of

609
00:32:19,370 --> 00:32:16,470
three on the call he's not picking up of

610
00:32:20,210 --> 00:32:19,380
the and there he is Stephen are you okay

611
00:32:22,370 --> 00:32:20,220
I am yeah

612
00:32:23,990 --> 00:32:22,380
all right fantastic a lot of technical

613
00:32:26,330 --> 00:32:24,000

difficulties with the phone connections

614

00:32:29,510 --> 00:32:26,340

today sorry about all that so let's see

615

00:32:31,700 --> 00:32:29,520

where were we I actually Stephen you

616

00:32:34,130 --> 00:32:31,710

would talk to because you kind of

617

00:32:36,230 --> 00:32:34,140

dropped off early in the show you had

618

00:32:38,440 --> 00:32:36,240

talked one of the more recent times you

619

00:32:40,970 --> 00:32:38,450

were on about putting together a

620

00:32:44,570 --> 00:32:40,980

petition for scientists to sign off on

621

00:32:46,850 --> 00:32:44,580

regarding UFOs and does this kind of

622

00:32:51,620 --> 00:32:46,860

move past that it's been quite a while

623

00:32:54,740 --> 00:32:51,630

since I was involved in a petition let

624

00:32:56,000 --> 00:32:54,750

me put it this way and I've said this

625

00:32:59,150 --> 00:32:56,010

many times before and I'll say it again

626

00:33:02,570 --> 00:32:59,160

as we approach the last month of the

627

00:33:06,500 --> 00:33:02,580

truth embargo the 70-year thing that's

628

00:33:08,870 --> 00:33:06,510

been going on there are going to be so

629

00:33:10,400 --> 00:33:08,880

many people coming forward so many new

630

00:33:12,919 --> 00:33:10,410

statements from people it will surprise

631

00:33:18,020 --> 00:33:12,929

us documents being released

632

00:33:22,460 --> 00:33:18,030

ah news stories that it'll be like

633

00:33:25,659 --> 00:33:22,470

counting boulders in an avalanche so

634

00:33:30,200 --> 00:33:25,669

just expect that okay

635

00:33:32,840 --> 00:33:30,210

because disclosure is a door to another

636

00:33:35,600 --> 00:33:32,850

world a new world the post disclosure

637

00:33:39,470 --> 00:33:35,610

world and there's an awful lot of people

638

00:33:42,289 --> 00:33:39,480

that know about this understand this

639

00:33:44,840 --> 00:33:42,299

that have known about it and have stayed

640

00:33:47,570 --> 00:33:44,850

laid-back and there's many that have

641

00:33:48,980 --> 00:33:47,580

engaged it and as that door starts to

642

00:33:50,539 --> 00:33:48,990

open in the last months of the truth

643

00:33:52,940 --> 00:33:50,549

embargo everybody's going to try to go

644

00:33:54,049 --> 00:33:52,950

through that door at the same time it's

645

00:33:55,400 --> 00:33:54,059

going to get a little crowded but

646

00:33:57,980 --> 00:33:55,410

nevertheless that's what's going to

647

00:34:02,380 --> 00:33:57,990

happen Mitchell is just one example

648

00:34:06,380 --> 00:34:02,390

there are others for instance right now

649

00:34:07,880 --> 00:34:06,390

there and for the last year meetings

650

00:34:12,320 --> 00:34:07,890

have been being taking place on Capitol

651
00:34:15,409 --> 00:34:12,330
Hill Oh between members of Congress

652
00:34:18,200 --> 00:34:15,419
House and Senate and members of the to

653
00:34:20,800 --> 00:34:18,210
the stars Academy plus some of the pilot

654
00:34:23,290 --> 00:34:20,810
witnesses these are

655
00:34:25,419 --> 00:34:23,300
these have been sort of acknowledged

656
00:34:26,890 --> 00:34:25,429
there's been some statement to kind of

657
00:34:29,770 --> 00:34:26,900
indicate that's what's going on mostly

658
00:34:32,860 --> 00:34:29,780
from Tom DeLonge but the who and the one

659
00:34:34,899 --> 00:34:32,870
has not been discussed however not

660
00:34:38,590 --> 00:34:34,909
surprisingly in some cases it's gotten

661
00:34:40,980 --> 00:34:38,600
out that a member has been briefed now

662
00:34:43,740 --> 00:34:40,990
the four that I know of for sure are

663
00:34:45,970 --> 00:34:43,750

Senator Mark Warner who is a big-shot

664

00:34:48,940 --> 00:34:45,980

he's making us think about what it's

665

00:34:52,600 --> 00:34:48,950

getting to yeah

666

00:34:53,950 --> 00:34:52,610

and then you've got jeanne shaheen she's

667

00:34:57,520 --> 00:34:53,960

indicated she was briefed

668

00:34:58,270 --> 00:34:57,530

you've got ami bera and then you've got

669

00:34:59,920 --> 00:34:58,280

mark Walker

670

00:35:05,740 --> 00:34:59,930

now all four these are Democrats and

671

00:35:07,840 --> 00:35:05,750

soon enough and Mark Walker was

672

00:35:10,990 --> 00:35:07,850

impressed enough by his meeting with the

673

00:35:12,970 --> 00:35:11,000

pilots and whoever else was there quick

674

00:35:14,430 --> 00:35:12,980

bananas and odel I don't know but you

675

00:35:18,450 --> 00:35:14,440

met with the pilots for sure appreciate

676

00:35:21,040 --> 00:35:18,460

then he he sent a letter to the Pentagon

677

00:35:24,520 --> 00:35:21,050

and others he did what Stephen shift did

678

00:35:26,530 --> 00:35:24,530

many many years ago talk in 1994 he said

679

00:35:27,970 --> 00:35:26,540

a little bit of Pentagon saying what why

680

00:35:29,320 --> 00:35:27,980

aren't you responding to this more why

681

00:35:31,750 --> 00:35:29,330

isn't there more it's coming from you

682

00:35:34,120 --> 00:35:31,760

and then he reiterated that in an

683

00:35:38,530 --> 00:35:34,130

interview that he gave us recently

684

00:35:40,180 --> 00:35:38,540

that's non-trivial and how many other

685

00:35:42,910 --> 00:35:40,190

members have been talked to we don't

686

00:35:45,190 --> 00:35:42,920

know I also have been informed that the

687

00:35:48,520 --> 00:35:45,200

pilots did in fact briefed the president

688

00:35:50,050 --> 00:35:48,530

which is a very notable burn accounts

689

00:35:52,120 --> 00:35:50,060

for the fact that the president made

690

00:35:54,310 --> 00:35:52,130

some statements referring to the pilots

691

00:35:56,740 --> 00:35:54,320

because he was tossed a couple of

692

00:35:58,870 --> 00:35:56,750

questions on the 80 issue most of which

693

00:36:00,790 --> 00:35:58,880

he deflected but in the case in one case

694

00:36:02,350 --> 00:36:00,800

he mentioned the pilots which seems to

695

00:36:03,700 --> 00:36:02,360

confirm to me that this briefing took

696

00:36:06,700 --> 00:36:03,710

place now where that's going to go I

697

00:36:09,750 --> 00:36:06,710

have no idea but let me assure you that

698

00:36:13,030 --> 00:36:09,760

we're in a very different place now and

699

00:36:17,710 --> 00:36:13,040

this is going to heat up very quickly

700

00:36:19,450 --> 00:36:17,720

and that's why I relocated back this

701
00:36:23,130 --> 00:36:19,460
happened but I'm back in DC right now

702
00:36:25,510 --> 00:36:23,140
I've got a small place in Alexandria and

703
00:36:28,180 --> 00:36:25,520
I'm about to move into the national

704
00:36:30,220 --> 00:36:28,190
press building on 14th Street in

705
00:36:32,410 --> 00:36:30,230
Washington which is a very well known

706
00:36:34,330 --> 00:36:32,420
building that's two blocks from the

707
00:36:34,599 --> 00:36:34,340
White House and it's the home of the

708
00:36:37,720 --> 00:36:34,609
NASA

709
00:36:39,839 --> 00:36:37,730
Press Club of which I am the number I'm

710
00:36:43,690 --> 00:36:39,849
going to be moving in a ninth floor and

711
00:36:46,680 --> 00:36:43,700
I'm creating not a office of the studio

712
00:36:49,989 --> 00:36:46,690
but I'm creating a studio with an office

713
00:36:54,759 --> 00:36:49,999

where very soon I will start

714

00:36:57,519 --> 00:36:54,769

broadcasting along with a co-host the

715

00:36:59,859 --> 00:36:57,529

first exopolitical podcast ever

716

00:37:02,259 --> 00:36:59,869

broadcast out of Washington and not just

717

00:37:04,450 --> 00:37:02,269

out of the Washington area out of the

718

00:37:07,359 --> 00:37:04,460

National Press Building two blocks from

719

00:37:09,339 --> 00:37:07,369

the White House beautiful and and

720

00:37:12,430 --> 00:37:09,349

because I'm a member of the Press Club

721

00:37:17,069 --> 00:37:12,440

and simply because of the location of

722

00:37:20,470 --> 00:37:17,079

itself I am aiming to bring on guests Oh

723

00:37:23,410 --> 00:37:20,480

politicians journalists scientists

724

00:37:25,359 --> 00:37:23,420

government top people as many people as

725

00:37:27,339 --> 00:37:25,369

I can bring on that are relevant that in

726

00:37:30,640 --> 00:37:27,349

very many cases have never spoken to

727

00:37:33,160 --> 00:37:30,650

this issue publicly before we're doing

728

00:37:36,069 --> 00:37:33,170

mainstream here because it's time to go

729

00:37:38,729 --> 00:37:36,079

mainstream by and large there's still a

730

00:37:41,470 --> 00:37:38,739

huge political chaos underway

731

00:37:43,690 --> 00:37:41,480

extraordinary unprecedented consuming I

732

00:37:45,489 --> 00:37:43,700

don't know how it's going to resolve but

733

00:37:48,839 --> 00:37:45,499

that is certainly making it difficult to

734

00:37:52,509 --> 00:37:48,849

to move certain issues forward and

735

00:37:55,569 --> 00:37:52,519

interact with the media which are pretty

736

00:37:58,029 --> 00:37:55,579

much consumed by the current chaos but

737

00:37:59,170 --> 00:37:58,039

nevertheless we can make progress and so

738

00:38:00,910 --> 00:37:59,180

that's where I'm going to be coming from

739

00:38:04,479 --> 00:38:00,920

I'll make a formal announcement as very

740

00:38:06,940 --> 00:38:04,489

soon it will have a website it will also

741

00:38:09,910 --> 00:38:06,950

have a YouTube channel and we're going

742

00:38:12,220 --> 00:38:09,920

to start doing these podcast and we're

743

00:38:17,499 --> 00:38:12,230

going to do we can to influence in

744

00:38:22,180 --> 00:38:17,509

addition I have I'm going to be lobbying

745

00:38:24,279 --> 00:38:22,190

on the hill again much more aggressively

746

00:38:25,900 --> 00:38:24,289

than before because the to the Stars

747

00:38:27,609 --> 00:38:25,910

Academy has pretty much softened up I've

748

00:38:29,920 --> 00:38:27,619

softened up they have pretty much opened

749

00:38:31,660 --> 00:38:29,930

a lot of doors here if they legitimize

750

00:38:33,309 --> 00:38:31,670

the issue to another level which I

751

00:38:36,819 --> 00:38:33,319

didn't have the luxury of when I was

752

00:38:40,890 --> 00:38:36,829

lobbying the last time around around 1/2

753

00:38:45,190 --> 00:38:40,900

years ago and my partner in the podcast

754

00:38:47,200 --> 00:38:45,200

will also be lobbying because she has

755

00:38:50,140 --> 00:38:47,210

registered as a lobbyist

756

00:38:52,810 --> 00:38:50,150

as well and as it happens and just

757

00:38:54,790 --> 00:38:52,820

matter of timing she is the second

758

00:38:56,290 --> 00:38:54,800

person to register at the federal level

759

00:38:58,900 --> 00:38:56,300

as a lobbyist on this issue and the

760

00:39:03,040 --> 00:38:58,910

first woman are you talking about Jason

761

00:39:04,720 --> 00:39:03,050

will be working at it Stan I'm talking

762

00:39:08,470 --> 00:39:04,730

about what are you talking about Chase

763

00:39:10,570 --> 00:39:08,480

clusky here somebody else yes face okay

764

00:39:12,550 --> 00:39:10,580

no no actually no I'm referring to

765

00:39:15,010 --> 00:39:12,560

actually I'm talking clarify I'm talking

766

00:39:17,770 --> 00:39:15,020

about Theresa Tyndall Theresa okay okay

767

00:39:19,780 --> 00:39:17,780

my co-host okay okay good good good

768

00:39:21,490 --> 00:39:19,790

fantastic chase chase was going to

769

00:39:24,760 --> 00:39:21,500

register the lobbyist and she may very

770

00:39:26,079 --> 00:39:24,770

well do so at any time federal lobbyist

771

00:39:27,880 --> 00:39:26,089

and when she does she'll be the third

772

00:39:29,680 --> 00:39:27,890

and that's fine the more the better off

773

00:39:31,990 --> 00:39:29,690

I don't want as many lobbyists on the

774

00:39:34,450 --> 00:39:32,000

hill pushing Congress on this issue as

775

00:39:37,900 --> 00:39:34,460

possible right like again a lot because

776

00:39:39,609 --> 00:39:37,910

the pace really not very good well let

777

00:39:42,250 --> 00:39:39,619

me ask you this about the the kaku

778

00:39:44,380 --> 00:39:42,260

statement that everybody in there most

779

00:39:45,880 --> 00:39:44,390

everybody in the UFO community got kind

780

00:39:46,270 --> 00:39:45,890

of jumped all over it thinks it's a big

781

00:39:48,250 --> 00:39:46,280

deal

782

00:39:50,650 --> 00:39:48,260

we're building an entire show around in

783

00:39:52,480 --> 00:39:50,660

it but it really is not getting out to

784

00:39:55,030 --> 00:39:52,490

the mainstream I've seen a couple

785

00:39:57,220 --> 00:39:55,040

spanish-language stories about it there

786

00:40:00,190 --> 00:39:57,230

was one yahoos story that sort of buried

787

00:40:02,410 --> 00:40:00,200

the buried the headline about the meat

788

00:40:06,460 --> 00:40:02,420

of what kaku actually said this is not

789

00:40:07,210 --> 00:40:06,470

really going anywhere just yet well

790

00:40:09,880 --> 00:40:07,220

that's understandable

791

00:40:11,410 --> 00:40:09,890

because one one of the statements was

792

00:40:14,020 --> 00:40:11,420

made of barcelona spain and the other

793

00:40:17,530 --> 00:40:14,030

was made on a Mexican radio show right I

794

00:40:19,990 --> 00:40:17,540

know that Mitch you kaku agreed to go to

795

00:40:22,480 --> 00:40:20,000

a conference called the world ufology

796

00:40:25,180 --> 00:40:22,490

conference remember I'm not a fan of UFO

797

00:40:27,640 --> 00:40:25,190

and ufology and I like those terms they

798

00:40:30,070 --> 00:40:27,650

have too much baggage there the terms of

799

00:40:32,130 --> 00:40:30,080

the embargo but he went that's a long

800

00:40:36,760 --> 00:40:32,140

ways and then he made those statements

801

00:40:38,170 --> 00:40:36,770

it's my job it's not it's I'm not the

802

00:40:40,570 --> 00:40:38,180

only one that could say that but it's my

803

00:40:43,329 --> 00:40:40,580

job to make sure that that statement

804

00:40:45,820 --> 00:40:43,339

gets into the mainstream press and I

805

00:40:47,200 --> 00:40:45,830

assure you as soon as I get set up in my

806

00:40:49,000 --> 00:40:47,210

office which could be within a couple of

807

00:40:49,290 --> 00:40:49,010

days I'm gonna go to work on that right

808

00:40:55,390 --> 00:40:49,300

away

809

00:40:59,589 --> 00:40:55,400

excellent excellent and Michael Hall you

810

00:41:00,280 --> 00:40:59,599

are involved in a lengthy podcast next

811

00:41:03,670 --> 00:41:00,290

weekend

812

00:41:05,890 --> 00:41:03,680

regarding this area 51 event which is

813

00:41:07,180 --> 00:41:05,900

kind of got started has actually gotten

814

00:41:10,060 --> 00:41:07,190

a lot more attention in the mainstream

815

00:41:12,010 --> 00:41:10,070

media than the Kaku statement up to this

816

00:41:14,680 --> 00:41:12,020

point it's been going for a little while

817

00:41:16,300 --> 00:41:14,690

but yeah you're you're gonna be doing

818

00:41:18,310 --> 00:41:16,310

something next weekend why don't you

819

00:41:20,170 --> 00:41:18,320

tell the folks all about it and give

820

00:41:23,830 --> 00:41:20,180

give us a little background on this area

821

00:41:25,600 --> 00:41:23,840

51 event started by Madi I believe his

822

00:41:27,610 --> 00:41:25,610

last name is Rogers if I recall off a

823

00:41:29,470 --> 00:41:27,620

Roberts uh if I recall off the top of my

824

00:41:32,340 --> 00:41:29,480

head but tell the folks a little bit

825

00:41:35,170 --> 00:41:32,350

about what you've got going next weekend

826

00:41:38,440 --> 00:41:35,180

well thank you Frank and by the way uh

827

00:41:40,360 --> 00:41:38,450

Steven I tell you this is so wonderful

828

00:41:42,790 --> 00:41:40,370

news to be able to hear that you're

829

00:41:44,530 --> 00:41:42,800

going back to DC and that your office

830

00:41:47,080 --> 00:41:44,540

now is going to be right there in the

831

00:41:50,730 --> 00:41:47,090

National Press Club one of the things

832

00:41:55,080 --> 00:41:50,740

that we want to do with a 15 hour

833

00:41:58,570 --> 00:41:55,090

podcast marathon on Saturday September

834

00:42:02,020 --> 00:41:58,580

21st from 9:00 a.m. Eastern Standard

835

00:42:06,250 --> 00:42:02,030

Time to 9:00 p.m. Pacific Standard Time

836

00:42:09,100 --> 00:42:06,260

is basically highlight groups like

837

00:42:12,850 --> 00:42:09,110

yourselves Steven the paradigm research

838

00:42:15,670 --> 00:42:12,860

group doesn't operate in a vacuum and

839

00:42:18,280 --> 00:42:15,680

needs to have some funds let's put it

840

00:42:21,310 --> 00:42:18,290

that way so we are going to pick your

841

00:42:23,230 --> 00:42:21,320

group and others Peters Davenport's

842

00:42:26,020 --> 00:42:23,240

national UFO Reporting Center we're

843

00:42:29,050 --> 00:42:26,030

going to ask people to actually support

844

00:42:31,480 --> 00:42:29,060

your groups and agencies by sending you

845

00:42:34,570 --> 00:42:31,490

some some money directly checks to

846

00:42:36,690 --> 00:42:34,580

whatever address you want them to have

847

00:42:39,550 --> 00:42:36,700

we're going to be kind of doing the old

848

00:42:42,640 --> 00:42:39,560

Jerry Lewis telethon for fifteen hours

849

00:42:44,260 --> 00:42:42,650

oh my god yes Michael not there in a

850

00:42:46,270 --> 00:42:44,270

robbery you're going to sing you'll

851

00:42:53,320 --> 00:42:46,280

never walk alone at the end of the at

852

00:42:56,620 --> 00:42:53,330

the end of the podcast yeah there you go

853

00:43:02,470 --> 00:43:00,490

think about it oh you got it you got it

854

00:43:04,480 --> 00:43:02,480

the words because because what we're

855

00:43:06,520 --> 00:43:04,490

about to learn is we're not alone in the

856

00:43:08,470 --> 00:43:06,530

universe isn't that fundamentally where

857

00:43:10,390 --> 00:43:08,480

we're going to learn we're not alone in

858

00:43:12,790 --> 00:43:10,400

the universe and we don't have to walk

859

00:43:16,110 --> 00:43:12,800

walk alone in this galaxy I loved

860

00:43:19,390 --> 00:43:16,120

how many you can say it oh yeah

861

00:43:21,460 --> 00:43:19,400

fantastic and and we we have never been

862

00:43:24,700 --> 00:43:21,470

alone you know as far as I'm concerned

863

00:43:27,690 --> 00:43:24,710

as well so yeah well what we're going to

864

00:43:30,910 --> 00:43:27,700

do Frank and Steve we're actually going

865

00:43:32,250 --> 00:43:30,920

myself and the UFO eye team are going to

866

00:43:35,160 --> 00:43:32,260

Vegas

867

00:43:38,350 --> 00:43:35,170

actually I'm flying out on Tuesday the

868

00:43:40,120 --> 00:43:38,360

17th but being there throughout the

869

00:43:45,130 --> 00:43:40,130

entire weekend of the 20th through the

870

00:43:47,440 --> 00:43:45,140

22nd and in doing this podcast taking

871

00:43:51,550 --> 00:43:47,450

advantage of course of all the interests

872

00:43:55,840 --> 00:43:51,560

about the area 51 events but we're out

873

00:43:58,360 --> 00:43:55,850

there going to raise whatever public

874

00:44:03,280 --> 00:43:58,370

opinion we can for the serious research

875

00:44:05,230 --> 00:44:03,290

and idea of ET and UFO presence on the

876

00:44:06,910 --> 00:44:05,240

planet and at the same time we're going

877

00:44:10,660 --> 00:44:06,920

to highlight groups like the paradigm

878

00:44:12,820 --> 00:44:10,670

research group and others so the public

879

00:44:15,160 --> 00:44:12,830

can know all the decades of research

880

00:44:16,600 --> 00:44:15,170

that you put into this and support you

881

00:44:19,740 --> 00:44:16,610

in some way so that's what we're

882

00:44:23,560 --> 00:44:19,750

attempting to do on Facebook by the way

883

00:44:26,250 --> 00:44:23,570

you can go to the new Facebook page that

884

00:44:28,900 --> 00:44:26,260

we've got up there called disclosure aid

885

00:44:30,910 --> 00:44:28,910

you know kind of like the old band-aid

886

00:44:32,980 --> 00:44:30,920

you know concerts that they had with

887

00:44:35,620 --> 00:44:32,990

sting and Bono and all those guys we

888

00:44:39,370 --> 00:44:35,630

figure why not have a disclosure aid

889

00:44:43,020 --> 00:44:39,380

event where people will tune in you know

890

00:44:45,010 --> 00:44:43,030

anytime they can on Facebook and join in

891

00:44:49,750 --> 00:44:45,020

that's a brilliant idea

892

00:44:52,090 --> 00:44:49,760

and you know there's been a lot of

893

00:44:55,120 --> 00:44:52,100

criticism of the initial idea from this

894

00:44:57,130 --> 00:44:55,130

fellow Matty and he shifted around he's

895

00:44:59,260 --> 00:44:57,140

looking to do something now in Vegas

896

00:45:00,400 --> 00:44:59,270

itself where they're you know they've

897

00:45:02,650 --> 00:45:00,410

got a little bit more in the way of

898

00:45:06,490 --> 00:45:02,660

facilities and infrastructure not to

899

00:45:08,020 --> 00:45:06,500

handle a larger event but that I'm glad

900

00:45:09,520 --> 00:45:08,030

that they you're doing something like

901
00:45:11,530 --> 00:45:09,530
this this says this seems like a

902
00:45:13,600 --> 00:45:11,540
positive type of thing not suggesting

903
00:45:16,000 --> 00:45:13,610
any kind of civil disobedience like

904
00:45:17,800 --> 00:45:16,010
storming the actual base itself and so

905
00:45:20,620 --> 00:45:17,810
on and so forth which it seemed to me to

906
00:45:22,240 --> 00:45:20,630
be a silly idea Steve let me ask you

907
00:45:25,180 --> 00:45:22,250
this at any point in your activism

908
00:45:26,620 --> 00:45:25,190
regarding this have you ever suggested

909
00:45:28,180 --> 00:45:26,630
or I thought it might be a good idea

910
00:45:30,190 --> 00:45:28,190
to engage in some sort of civil

911
00:45:34,239 --> 00:45:30,200
disobedience to try to get this out

912
00:45:39,339 --> 00:45:34,249
there or are you just avoiding that type

913
00:45:41,859 --> 00:45:39,349

of technique can answer your question II

914

00:45:43,839 --> 00:45:41,869

know I have not though I have talked

915

00:45:47,819 --> 00:45:43,849

about the fact that civil disobedience

916

00:45:51,759 --> 00:45:47,829

is a legitimate tool of the activists a

917

00:45:54,759 --> 00:45:51,769

teacher of the et issue did not lend

918

00:45:57,130 --> 00:45:54,769

itself to civil disobedience let alone

919

00:45:59,349 --> 00:45:57,140

violence and there's never been any

920

00:46:00,729 --> 00:45:59,359

violence on the part of this movement as

921

00:46:02,380 --> 00:46:00,739

far as I know going back to over the

922

00:46:05,200 --> 00:46:02,390

years I've never had a single incident

923

00:46:06,489 --> 00:46:05,210

brought to my attention so I don't think

924

00:46:08,170 --> 00:46:06,499

that's the way to go and of course I

925

00:46:12,729 --> 00:46:08,180

didn't think Maddie's idea was a good

926
00:46:16,989 --> 00:46:12,739
idea and quickly contacted him and said

927
00:46:18,569 --> 00:46:16,999
don't do that right yeah yeah let's turn

928
00:46:23,099 --> 00:46:18,579
that around as quickly as possible

929
00:46:26,769 --> 00:46:23,109
however he did he did do something

930
00:46:28,509 --> 00:46:26,779
positive in that and and and I give him

931
00:46:31,029 --> 00:46:28,519
credit for this I think it was an

932
00:46:33,069 --> 00:46:31,039
accident I don't think expected it he

933
00:46:35,769 --> 00:46:33,079
did something I couldn't do is no wait I

934
00:46:38,469 --> 00:46:35,779
could put up a storm area 51 thing in

935
00:46:40,450 --> 00:46:38,479
order to test the waters but he did he

936
00:46:42,940 --> 00:46:40,460
didn't care he doesn't have the strength

937
00:46:45,130 --> 00:46:42,950
so he puts us up there and what 4

938
00:46:49,809 --> 00:46:45,140

million people respond now that's a lot

939

00:46:52,989 --> 00:46:49,819

of people as means go that's a lot of

940

00:46:55,749 --> 00:46:52,999

people whether they mean to go there or

941

00:46:59,229 --> 00:46:55,759

not most of didn't and so what he did is

942

00:47:02,319 --> 00:46:59,239

he just sent a message to the media the

943

00:47:05,219 --> 00:47:02,329

mainstream media as it is look at the

944

00:47:07,900 --> 00:47:05,229

level of interest in this subject and

945

00:47:11,289 --> 00:47:07,910

getting it resolved because storming

946

00:47:13,989 --> 00:47:11,299

area 51 at its base is about resolving

947

00:47:15,130 --> 00:47:13,999

the issue meaning whereas torment we're

948

00:47:16,749 --> 00:47:15,140

gonna go into those underground

949

00:47:19,930 --> 00:47:16,759

facilities where they'll find those

950

00:47:21,279 --> 00:47:19,940

those a and B of course

951
00:47:22,870 --> 00:47:21,289
raelia reproduction vehicle or whatever

952
00:47:25,059 --> 00:47:22,880
the LS is there and we're going to end

953
00:47:27,009 --> 00:47:25,069
this truth about that's four million

954
00:47:29,229 --> 00:47:27,019
people that was like a referendum and so

955
00:47:33,809 --> 00:47:29,239
that was very important and I will be

956
00:47:37,989 --> 00:47:33,819
able to use that in my advocacy work

957
00:47:40,390 --> 00:47:37,999
it's morphed into a festival in order to

958
00:47:42,160 --> 00:47:40,400
get away from the

959
00:47:44,230 --> 00:47:42,170
serious implications of civil

960
00:47:46,870 --> 00:47:44,240
disobedience on that particular facility

961
00:47:48,550 --> 00:47:46,880
I think day before yesterday two young

962
00:47:51,010 --> 00:47:48,560
gentlemen I think from Norway or

963
00:47:53,200 --> 00:47:51,020

something yeah actually did make the

964

00:47:55,060 --> 00:47:53,210

move on the place and they could get

965

00:47:57,880 --> 00:47:55,070

arrested pretty quickly but that was a

966

00:48:00,340 --> 00:47:57,890

couple of days ago and I'm not it's not

967

00:48:03,010 --> 00:48:00,350

clear or certain there will not be a

968

00:48:05,650 --> 00:48:03,020

problem in the next kind of coming days

969

00:48:07,510 --> 00:48:05,660

twenty twenty first I hope not

970

00:48:10,570 --> 00:48:07,520

it won't help the disclosure movement if

971

00:48:12,900 --> 00:48:10,580

there is I can assure you but I want to

972

00:48:15,300 --> 00:48:12,910

get back to Michael's a project look

973

00:48:18,880 --> 00:48:15,310

here you were going to be the first

974

00:48:20,440 --> 00:48:18,890

telethon or pata thon on this subject

975

00:48:25,030 --> 00:48:20,450

ever so you break a new ground

976
00:48:27,070 --> 00:48:25,040
bold to say the least and on my website

977
00:48:28,900 --> 00:48:27,080
paradigm research group that or there's

978
00:48:30,910 --> 00:48:28,910
a contribute links are easy to find in

979
00:48:33,580 --> 00:48:30,920
several places at the top and on that

980
00:48:35,080 --> 00:48:33,590
contribute link you can find everything

981
00:48:37,240 --> 00:48:35,090
you want to know about the options about

982
00:48:38,110 --> 00:48:37,250
how funds can be provided I don't need

983
00:48:46,870 --> 00:48:38,120
to tell you it's right there

984
00:48:50,710 --> 00:48:46,880
to PRG so these are again milestone

985
00:48:54,520 --> 00:48:50,720
things and it this is yeah this issue

986
00:48:57,100 --> 00:48:54,530
has stood around since 1947 and no one

987
00:48:59,650 --> 00:48:57,110
is ever suggestive stormy carry 251

988
00:49:02,860 --> 00:48:59,660

until a couple of months ago right and

989

00:49:06,130 --> 00:49:02,870

and no one has held a telethon or a pot

990

00:49:09,220 --> 00:49:06,140

a thon there are things and of course

991

00:49:10,960 --> 00:49:09,230

what to the Stars Academy did releasing

992

00:49:12,550 --> 00:49:10,970

three clips of first gun camera footage

993

00:49:14,680 --> 00:49:12,560

ever authorized by any government ever

994

00:49:17,020 --> 00:49:14,690

to be released to the public and not

995

00:49:18,850 --> 00:49:17,030

just any clips clips that highlight at

996

00:49:21,160 --> 00:49:18,860

two major events the Nimitz carrier

997

00:49:24,040 --> 00:49:21,170

event and the Franklin D Roosevelt

998

00:49:26,080 --> 00:49:24,050

carrier that putting an ad on the spot

999

00:49:27,550 --> 00:49:26,090

and then revealing programs that had

1000

00:49:30,220 --> 00:49:27,560

gone on and people involved in

1001

00:49:35,670 --> 00:49:30,230

everything this is unprecedented this is

1002

00:49:37,900 --> 00:49:35,680

not 1970 80 90 mm we're past that and

1003

00:49:41,110 --> 00:49:37,910

you take all of these unprecedented

1004

00:49:42,910 --> 00:49:41,120

activities and you package them up and

1005

00:49:45,280 --> 00:49:42,920

look at it from a distance and what you

1006

00:49:47,500 --> 00:49:45,290

see is the beginning of the end of the

1007

00:49:50,440 --> 00:49:47,510

truth embargo how long it will hang on I

1008

00:49:53,860 --> 00:49:50,450

do not know but its days are certainly

1009

00:49:54,279 --> 00:49:53,870

numbered at this point and Michael you

1010

00:49:56,589 --> 00:49:54,289

had mention

1011

00:49:59,349 --> 00:49:56,599

earlier in the show that this is a

1012

00:50:01,839 --> 00:49:59,359

Rachel Nevada is not the easiest place

1013

00:50:04,329 --> 00:50:01,849

to get to that facilities are somewhat

1014

00:50:05,499 --> 00:50:04,339

limited you said you had some advice for

1015

00:50:07,870 --> 00:50:05,509

the folks who might be thinking about

1016

00:50:09,969 --> 00:50:07,880

taking a spin out there and joining you

1017

00:50:12,429 --> 00:50:09,979

live so why don't you tell us a little

1018

00:50:14,650 --> 00:50:12,439

bit about your recommendations for

1019

00:50:19,059 --> 00:50:14,660

anyone who's looking to visit directly

1020

00:50:21,039 --> 00:50:19,069

oh sure Frank yeah it's in Steven thank

1021

00:50:23,620 --> 00:50:21,049

you very much for those kind words about

1022

00:50:26,650 --> 00:50:23,630

the you know the milestone events that

1023

00:50:28,989 --> 00:50:26,660

we're trying to affect here because you

1024

00:50:30,999 --> 00:50:28,999

you you are the godfather of milestone

1025

00:50:32,829 --> 00:50:31,009

events yourself or the paradigm research

1026

00:50:35,439 --> 00:50:32,839

group and there's this no reason I'm

1027

00:50:37,719 --> 00:50:35,449

black people cities should not support

1028

00:50:41,109 --> 00:50:37,729

you 100% and that's what we're

1029

00:50:43,929 --> 00:50:41,119

attempting to do here but you know if

1030

00:50:47,759 --> 00:50:43,939

people would really like to get into the

1031

00:50:51,489 --> 00:50:47,769

details of physically going to area 51

1032

00:50:54,429 --> 00:50:51,499

Rachel or heiko Nevada they can go to

1033

00:50:57,519 --> 00:50:54,439

the UFO eye team Facebook page and we've

1034

00:51:00,909 --> 00:50:57,529

got a video up there of our trip that we

1035

00:51:03,249 --> 00:51:00,919

made two weeks ago out there in 105

1036

00:51:06,459 --> 00:51:03,259

degree heat by the way so you have to be

1037

00:51:08,370 --> 00:51:06,469

prepared for in weather that is totally

1038

00:51:11,229 --> 00:51:08,380

different than what you might be used to

1039

00:51:15,719 --> 00:51:11,239

but in reality you're going to end up

1040

00:51:18,130 --> 00:51:15,729

taking a highway 93 north of Las Vegas

1041

00:51:20,969 --> 00:51:18,140

literally for two and a half maybe

1042

00:51:23,409 --> 00:51:20,979

almost three hours and that's in good

1043

00:51:25,630 --> 00:51:23,419

driving conditions so if you're talking

1044

00:51:27,549 --> 00:51:25,640

maybe a couple thousand people or more

1045

00:51:31,539 --> 00:51:27,559

on the highway which is a two-lane

1046

00:51:35,559 --> 00:51:31,549

highway it's going to be a lot harder to

1047

00:51:38,529 --> 00:51:35,569

get to but the the trick is once you get

1048

00:51:41,890 --> 00:51:38,539

out of Vegas if you don't fill up or top

1049

00:51:44,649 --> 00:51:41,900

off your gas tank whatever vehicle

1050

00:51:48,039 --> 00:51:44,659

you're driving it is going to be at

1051
00:51:51,249 --> 00:51:48,049
least another 200 miles to get to your

1052
00:51:54,249 --> 00:51:51,259
destination at heiko Nevada at the

1053
00:51:57,059 --> 00:51:54,259
intersection of Highway 93 and the

1054
00:51:59,859 --> 00:51:57,069
highway 375 the Extra Terrestrial

1055
00:52:02,109 --> 00:51:59,869
highway you're going to run into heiko

1056
00:52:05,439 --> 00:52:02,119
first and then you're going to take a

1057
00:52:06,789 --> 00:52:05,449
left and go 40 more miles to get to

1058
00:52:09,099 --> 00:52:06,799
Rachel Nevada

1059
00:52:11,739 --> 00:52:09,109
and when you get there there is no gas

1060
00:52:15,160 --> 00:52:11,749
station there is no facility to be able

1061
00:52:16,719 --> 00:52:15,170
to provide you with fuel to get back so

1062
00:52:18,819 --> 00:52:16,729
if you don't fill up right away you're

1063
00:52:21,699 --> 00:52:18,829

in big trouble right off the bat you

1064

00:52:25,620 --> 00:52:21,709

have to bring in and be prepared to

1065

00:52:28,870 --> 00:52:25,630

handle your own water and food your own

1066

00:52:32,650 --> 00:52:28,880

resources on you know how you're going

1067

00:52:36,699 --> 00:52:32,660

to survive for two days overnight at the

1068

00:52:39,880 --> 00:52:36,709

very least and the folks out there at

1069

00:52:42,189 --> 00:52:39,890

hiko there's a really wonderful woman by

1070

00:52:45,549 --> 00:52:42,199

the name of Linda Looney that's a real

1071

00:52:48,489 --> 00:52:45,559

name who runs the alien research center

1072

00:52:51,249 --> 00:52:48,499

for George Harris in the very first

1073

00:52:55,229 --> 00:52:51,259

location that you'll run across they are

1074

00:52:59,919 --> 00:52:55,239

planning a major UFO conference and

1075

00:53:02,739 --> 00:52:59,929

concert put on by well Jeremy Korbel is

1076
00:53:05,169 --> 00:53:02,749
one of the organizers out there and then

1077
00:53:07,749 --> 00:53:05,179
as you go left on the extra treasure

1078
00:53:10,809 --> 00:53:07,759
Highway halfway between Rachel and heiko

1079
00:53:12,669 --> 00:53:10,819
you will find that black mailbox on the

1080
00:53:15,489 --> 00:53:12,679
left-hand side of the highway which is

1081
00:53:18,099 --> 00:53:15,499
14 mile esta cutoff that you would take

1082
00:53:19,660 --> 00:53:18,109
to actually go to area 51

1083
00:53:22,479 --> 00:53:19,670
and I would imagine they're going to

1084
00:53:23,709 --> 00:53:22,489
stop people right there so I don't think

1085
00:53:26,949 --> 00:53:23,719
you're going to get past the black

1086
00:53:30,729 --> 00:53:26,959
mailbox at that point but at Rachel

1087
00:53:33,880 --> 00:53:30,739
Nevada Connie West the owner and her

1088
00:53:39,400 --> 00:53:33,890

family has the little alien bar and

1089

00:53:43,079 --> 00:53:39,410

motel there where only 54 people reside

1090

00:53:45,729 --> 00:53:43,089

there here around she is embracing for

1091

00:53:47,829 --> 00:53:45,739

Armageddon let's put it that way I've

1092

00:53:50,650 --> 00:53:47,839

been in communications with Connie for

1093

00:53:53,679 --> 00:53:50,660

almost two months now and we'll be going

1094

00:53:54,640 --> 00:53:53,689

back there on the 17th to pitch in in

1095

00:53:58,289 --> 00:53:54,650

any way I can

1096

00:54:02,650 --> 00:53:58,299

before the podcast on Saturday the 21st

1097

00:54:06,009 --> 00:54:02,660

but they are doing yeoman's duty on an

1098

00:54:08,249 --> 00:54:06,019

event that they had no planning in and

1099

00:54:11,589 --> 00:54:08,259

they were just being thrust upon them so

1100

00:54:15,640 --> 00:54:11,599

you have to be totally prepared to

1101
00:54:17,739 --> 00:54:15,650
survive on your own and I wouldn't put

1102
00:54:19,809 --> 00:54:17,749
any credence in the fact that you're

1103
00:54:20,320 --> 00:54:19,819
going to get there and buy all the food

1104
00:54:25,060 --> 00:54:20,330
you need

1105
00:54:27,190 --> 00:54:25,070
bring it all as you go and the last

1106
00:54:30,300 --> 00:54:27,200
thing I would admonish people is that

1107
00:54:32,860 --> 00:54:30,310
Leave No Trace if you're going there and

1108
00:54:34,330 --> 00:54:32,870
you're going to be there for a while you

1109
00:54:37,360 --> 00:54:34,340
take everything with you so they don't

1110
00:54:40,200 --> 00:54:37,370
have a big mess to clear up when when

1111
00:54:43,960 --> 00:54:40,210
you when you get out of there

1112
00:54:45,070 --> 00:54:43,970
sounds like I need to add to that Frank

1113
00:54:46,960 --> 00:54:45,080

let me add to that this I don't know

1114

00:54:49,540 --> 00:54:46,970

more to be said here what Michael said

1115

00:54:53,110 --> 00:54:49,550

is great but I think this more I need to

1116

00:54:54,850 --> 00:54:53,120

add more to this let's understand what

1117

00:54:57,610 --> 00:54:54,860

happened here

1118

00:55:00,220 --> 00:54:57,620

Manny Roberts had a cool idea put up a

1119

00:55:01,500 --> 00:55:00,230

theme generated something big bigger

1120

00:55:04,150 --> 00:55:01,510

than he ever imagined

1121

00:55:06,880 --> 00:55:04,160

that gave the impression that a lot of

1122

00:55:08,620 --> 00:55:06,890

people might storm area 51 which would

1123

00:55:11,020 --> 00:55:08,630

have been a bad deal a lot of pushback

1124

00:55:14,140 --> 00:55:11,030

came against that appropriate late loss

1125

00:55:17,290 --> 00:55:14,150

as an active criticism and so forth and

1126
00:55:19,390 --> 00:55:17,300
so smartly though I would have changed

1127
00:55:21,100 --> 00:55:19,400
the wording on the on the main site the

1128
00:55:23,920 --> 00:55:21,110
main Facebook page on this I never did

1129
00:55:26,560 --> 00:55:23,930
that which is I think a mistake many men

1130
00:55:29,530 --> 00:55:26,570
they in order to get out from under the

1131
00:55:34,630 --> 00:55:29,540
problem they segwayed into festival mode

1132
00:55:35,650 --> 00:55:34,640
and two festivals were I think where

1133
00:55:38,530 --> 00:55:35,660
there was attempt to get two festivals

1134
00:55:42,130 --> 00:55:38,540
together might even be three now I

1135
00:55:43,690 --> 00:55:42,140
understand this is people are thinking

1136
00:55:45,820 --> 00:55:43,700
oh well they're having a festival wait a

1137
00:55:49,270 --> 00:55:45,830
minute I assure you if it wasn't for the

1138
00:55:51,940 --> 00:55:49,280

area 51 storming thing nobody is going

1139

00:55:53,590 --> 00:55:51,950

to put a festival out there this is not

1140

00:55:56,170 --> 00:55:53,600

a place for a festival it's just a

1141

00:55:58,840 --> 00:55:56,180

Woodstock all right I assure you it's

1142

00:56:00,460 --> 00:55:58,850

anything but Woodstock so normally you

1143

00:56:02,650 --> 00:56:00,470

would never have a festival like this

1144

00:56:04,180 --> 00:56:02,660

out there but because of the problem

1145

00:56:05,710 --> 00:56:04,190

with the whole four million people

1146

00:56:09,070 --> 00:56:05,720

signing up for storm eight they needed a

1147

00:56:14,530 --> 00:56:09,080

segue okay so they did but this is not

1148

00:56:18,130 --> 00:56:14,540

conducive for that so for one thing and

1149

00:56:22,150 --> 00:56:18,140

any other thing is this is this is what

1150

00:56:23,710 --> 00:56:22,160

it is like Woodstock in one sense there

1151
00:56:25,480 --> 00:56:23,720
was X number of thousand people they

1152
00:56:27,370 --> 00:56:25,490
were expected and five times that showed

1153
00:56:30,730 --> 00:56:27,380
up so there's a big difference between

1154
00:56:32,650 --> 00:56:30,740
1,000 people showing up out there 5,000

1155
00:56:33,970 --> 00:56:32,660
people showing up there 15,000 people

1156
00:56:35,890 --> 00:56:33,980
each

1157
00:56:40,120 --> 00:56:35,900
then you add the problems going to get

1158
00:56:43,480 --> 00:56:40,130
worse and worse so if you want to be

1159
00:56:46,750 --> 00:56:43,490
smart about this you do not go out there

1160
00:56:47,410 --> 00:56:46,760
unless you're in an RV it'd have to be

1161
00:56:49,900 --> 00:56:47,420
huge

1162
00:56:52,090 --> 00:56:49,910
RV that's got a toilet you can put lots

1163
00:56:53,940 --> 00:56:52,100

of water in and food extra gas and

1164

00:56:57,700 --> 00:56:53,950

you're probably going to be just fine

1165

00:57:00,540 --> 00:56:57,710

but if you're not in an RV you can

1166

00:57:04,630 --> 00:57:00,550

expect to have some problems

1167

00:57:06,400 --> 00:57:04,640

the one of the festival's was cancelled

1168

00:57:08,349 --> 00:57:06,410

maybe they get he could get approval

1169

00:57:10,690 --> 00:57:08,359

they were able to get approval from

1170

00:57:13,090 --> 00:57:10,700

another County and they went ahead with

1171

00:57:15,070 --> 00:57:13,100

it they may regret that but whatever at

1172

00:57:18,160 --> 00:57:15,080

least two of the counties had to go into

1173

00:57:20,200 --> 00:57:18,170

emergency mode meaning they're

1174

00:57:22,660 --> 00:57:20,210

anticipating problems of a degree that

1175

00:57:24,099 --> 00:57:22,670

they had to go on emergency status which

1176
00:57:26,140 --> 00:57:24,109
means that people are going to be

1177
00:57:27,520 --> 00:57:26,150
brought in it's going to be people doing

1178
00:57:28,930 --> 00:57:27,530
overtime and there's other suspect

1179
00:57:32,970 --> 00:57:28,940
that's a lot of money is going to be

1180
00:57:36,520 --> 00:57:32,980
spent and I don't want to sound like a a

1181
00:57:38,770 --> 00:57:36,530
totally negative guy but I am NOT going

1182
00:57:41,670 --> 00:57:38,780
to be surprised of somebody or

1183
00:57:45,700 --> 00:57:41,680
somebodies don't get hit with a bill

1184
00:57:47,590 --> 00:57:45,710
from these counties for the security and

1185
00:57:50,020 --> 00:57:47,600
all the other time they have had to put

1186
00:57:52,750 --> 00:57:50,030
into service this issue oh yeah no it

1187
00:57:54,640 --> 00:57:52,760
would be a very big bill they're gonna

1188
00:57:56,950 --> 00:57:54,650

have to bring in porta-potties I got to

1189

00:57:58,990 --> 00:57:56,960

be concerned about that you know a food

1190

00:58:00,460 --> 00:57:59,000

water welcome festival is supposed to

1191

00:58:01,780 --> 00:58:00,470

put in porta-potties the festival

1192

00:58:02,950 --> 00:58:01,790

supposed to bring them that in and if

1193

00:58:06,190 --> 00:58:02,960

they don't bring enough that's going to

1194

00:58:07,480 --> 00:58:06,200

be a problem and and maybe the area 51

1195

00:58:09,099 --> 00:58:07,490

festival which seems to me the last

1196

00:58:11,260 --> 00:58:09,109

festival standing is going to get all

1197

00:58:12,370 --> 00:58:11,270

that done except they don't know how

1198

00:58:15,430 --> 00:58:12,380

many people are going to come this is

1199

00:58:17,410 --> 00:58:15,440

not an RSVP and so if the number of

1200

00:58:19,599 --> 00:58:17,420

people that come is ten times more than

1201
00:58:21,790 --> 00:58:19,609
the porta-potties can handle you see the

1202
00:58:26,109 --> 00:58:21,800
problem here sure on Sodor this is a

1203
00:58:29,020 --> 00:58:26,119
tricky situation and and then there is

1204
00:58:30,430 --> 00:58:29,030
also the possibility that some of these

1205
00:58:33,180 --> 00:58:30,440
people are going to side and come all

1206
00:58:38,140 --> 00:58:33,190
this way just to listen to some music

1207
00:58:41,890 --> 00:58:38,150
I'm heading out to area 51 and at that

1208
00:58:44,020 --> 00:58:41,900
point anything can happen now if I were

1209
00:58:46,180 --> 00:58:44,030
if I were in charge of all this and I

1210
00:58:47,730 --> 00:58:46,190
assure you I'm not and I am NOT going to

1211
00:58:51,790 --> 00:58:47,740
be and I don't want to be

1212
00:58:54,670 --> 00:58:51,800
but I would for those that want to be

1213
00:58:57,059 --> 00:58:54,680

activists there's an option that they

1214

00:59:01,150 --> 00:58:57,069

could do which would be kind of cool and

1215

00:59:03,370 --> 00:59:01,160

that is this you get a hundred two

1216

00:59:05,370 --> 00:59:03,380

hundred three hundred four hundred five

1217

00:59:09,790 --> 00:59:05,380

six up I don't know how many people and

1218

00:59:11,829 --> 00:59:09,800

their vehicles and what they do is they

1219

00:59:16,210 --> 00:59:11,839

head north and it can be either way I

1220

00:59:17,740 --> 00:59:16,220

think it should be on the seed link and

1221

00:59:20,290 --> 00:59:17,750

my orientation there would be like the

1222

00:59:26,880 --> 00:59:20,300

western side there was head head north

1223

00:59:31,470 --> 00:59:26,890

of the mailbox and then drive south and

1224

00:59:34,059 --> 00:59:31,480

then pull over to the side of the road

1225

00:59:35,680 --> 00:59:34,069

no you're not on the road you're just

1226

00:59:37,480 --> 00:59:35,690

off the side of the road because there's

1227

00:59:39,579 --> 00:59:37,490

a lot of side of the road out there in

1228

00:59:42,220 --> 00:59:39,589

that neck of the woods and so what you

1229

00:59:45,880 --> 00:59:42,230

end up with is a huge long line of cars

1230

00:59:48,640 --> 00:59:45,890

on the side of the road the side that

1231

00:59:51,609 --> 00:59:48,650

area 51 is on eventually out in the

1232

00:59:54,760 --> 00:59:51,619

distance huge long line and then people

1233

00:59:57,970 --> 00:59:54,770

get out of their car and they get up and

1234

01:00:00,970 --> 00:59:57,980

maybe sit on the hood and just look in

1235

01:00:01,510 --> 01:00:00,980

the direction of area 51 making a

1236

01:00:04,210 --> 01:00:01,520

statement

1237

01:00:05,890 --> 01:00:04,220

now you film this of course and you take

1238

01:00:09,069 --> 01:00:05,900

some great photos of it it will be a

1239

01:00:11,230 --> 01:00:09,079

rather remarkable scene that will will

1240

01:00:14,829 --> 01:00:11,240

those images will get played all over

1241

01:00:18,040 --> 01:00:14,839

the world it's a silent non violent non

1242

01:00:19,450 --> 01:00:18,050

in cursive protest it will not interrupt

1243

01:00:22,180 --> 01:00:19,460

the traffic that so many people are

1244

01:00:24,670 --> 01:00:22,190

polite on that road and for a certain

1245

01:00:26,530 --> 01:00:24,680

amount of time maybe a half-hour people

1246

01:00:29,020 --> 01:00:26,540

just sit there and stare out at that and

1247

01:00:32,050 --> 01:00:29,030

that that expanse where area 51 and a

1248

01:00:34,900 --> 01:00:32,060

lot of other things exist making a

1249

01:00:35,670 --> 01:00:34,910

statement we want to know what's going

1250

01:00:39,190 --> 01:00:35,680

on here

1251

01:00:41,050 --> 01:00:39,200

we've been patient a long time but the

1252

01:00:44,200 --> 01:00:41,060

circumstances are increasingly such that

1253

01:00:46,089 --> 01:00:44,210

this secrecy this embargo is no longer

1254

01:00:48,460 --> 01:00:46,099

in America's interest and we wanted to

1255

01:00:52,120 --> 01:00:48,470

add that's the kind of thing that I

1256

01:00:55,930 --> 01:00:52,130

would suggest beyond that I really can't

1257

01:00:58,540 --> 01:00:55,940

think of anything and and for a lot of

1258

01:01:01,030 --> 01:00:58,550

people if they were to ask me Steve in

1259

01:01:01,360 --> 01:01:01,040

terms of just going not going what were

1260

01:01:04,720 --> 01:01:01,370

you

1261

01:01:08,980 --> 01:01:04,730

just I would say fundamentally don't go

1262

01:01:11,770 --> 01:01:08,990

but participate in the Python that's

1263

01:01:14,470 --> 01:01:11,780

going to be in Vegas watch it listen to

1264

01:01:16,420 --> 01:01:14,480

it whatever contribute on the day after

1265

01:01:18,940 --> 01:01:16,430

right and that's another way to support

1266

01:01:20,110 --> 01:01:18,950

this issue substantially and also make a

1267

01:01:21,040 --> 01:01:20,120

statement because the more people

1268

01:01:22,300 --> 01:01:21,050

involved when they can make the

1269

01:01:24,040 --> 01:01:22,310

statement of the government hey we're

1270

01:01:24,550 --> 01:01:24,050

serious about this that would be my

1271

01:01:26,590 --> 01:01:24,560

advice

1272

01:01:29,860 --> 01:01:26,600

I just under the circumstances I could

1273

01:01:32,980 --> 01:01:29,870

never an buys anybody to go to this

1274

01:01:36,070 --> 01:01:32,990

festival knowing what I know I'm not

1275

01:01:37,840 --> 01:01:36,080

saying it could go off perfectly but the

1276

01:01:39,610 --> 01:01:37,850

nature of how it was started how it was

1277

01:01:41,890 --> 01:01:39,620

set up and what's going on out there and

1278

01:01:43,600 --> 01:01:41,900

where it is I don't know what the

1279

01:01:47,170 --> 01:01:43,610

temperature's going to be but I don't

1280

01:01:50,940 --> 01:01:47,180

think it's going to be cool there is a

1281

01:01:53,380 --> 01:01:50,950

lot of potential for unpleasantness and

1282

01:01:55,270 --> 01:01:53,390

and I'm selfish in that regard because

1283

01:01:57,160 --> 01:01:55,280

as an activist here any unpleasantness

1284

01:01:58,750 --> 01:01:57,170

that happens out there I'm gonna have to

1285

01:02:01,270 --> 01:01:58,760

deal with it sure I'm going to have

1286

01:02:02,860 --> 01:02:01,280

people questioning you know who are

1287

01:02:04,180 --> 01:02:02,870

these people that believe there's et so

1288

01:02:05,950 --> 01:02:04,190

I they're crazy they go in the desert

1289

01:02:08,830 --> 01:02:05,960

they got hurt they did stupid stuff and

1290

01:02:10,150 --> 01:02:08,840

I'm I'm in this issue so I'm being

1291

01:02:12,610 --> 01:02:10,160

selfish I'm saying I don't we don't need

1292

01:02:15,340 --> 01:02:12,620

that we're making a lot of progress here

1293

01:02:19,060 --> 01:02:15,350

on this issue we do not need a fiasco in

1294

01:02:21,070 --> 01:02:19,070

the desert so but I hope that not that

1295

01:02:23,590 --> 01:02:21,080

happens and I hope that those ago at the

1296

01:02:26,340 --> 01:02:23,600

time but boy they need to give a lot of

1297

01:02:28,510 --> 01:02:26,350

thought into this this isn't Burning Man

1298

01:02:30,100 --> 01:02:28,520

you know how do people take it oh that

1299

01:02:32,800 --> 01:02:30,110

some people the one person called it the

1300

01:02:34,200 --> 01:02:32,810

area alien Burning Man I'm saying I've

1301

01:02:36,880 --> 01:02:34,210

been to Burning Man

1302

01:02:39,490 --> 01:02:36,890

Burning Man cost I don't know eight or

1303

01:02:42,160 --> 01:02:39,500

nine million dollars to put together it

1304

01:02:45,850 --> 01:02:42,170

has hundreds of volunteers they spend

1305

01:02:48,580 --> 01:02:45,860

months getting it all set up this is

1306

01:02:49,960 --> 01:02:48,590

anything but burning that and so I just

1307

01:02:53,070 --> 01:02:49,970

hope people just keep their head on

1308

01:02:55,150 --> 01:02:53,080

straight and do the smart thing and

1309

01:02:59,110 --> 01:02:55,160

you're looking to do the smart thing

1310

01:03:01,710 --> 01:02:59,120

when you go there Michael luck when when

1311

01:03:04,270 --> 01:03:01,720

can we expect you to get there and

1312

01:03:06,430 --> 01:03:04,280

you're you're set up and then now you're

1313

01:03:09,430 --> 01:03:06,440

gonna do the other podcast marathon on

1314

01:03:13,810 --> 01:03:09,440

Saturday so fill us in a little bit more

1315

01:03:15,069 --> 01:03:13,820

about that yeah I sure will and by the

1316

01:03:17,309 --> 01:03:15,079

way just to a depth

1317

01:03:20,769 --> 01:03:17,319

along what Stephen was mentioning about

1318

01:03:24,910 --> 01:03:20,779

actually being there it's if for

1319

01:03:27,609 --> 01:03:24,920

instance you actually got to the extra

1320

01:03:30,579 --> 01:03:27,619

trust or a highway halfway between heiko

1321

01:03:32,910 --> 01:03:30,589

and and rachel is the black mailbox

1322

01:03:36,969 --> 01:03:32,920

that's where you turn off to make a

1323

01:03:40,390 --> 01:03:36,979

southward turn to get to the north part

1324

01:03:42,849 --> 01:03:40,400

of area 51 from the mailbox or the

1325

01:03:45,910 --> 01:03:42,859

highway to the gate the first gate that

1326

01:03:49,599 --> 01:03:45,920

you would run across is 14 miles away by

1327

01:03:51,670 --> 01:03:49,609

the way all filled with sensors and you

1328

01:03:54,279 --> 01:03:51,680

know gear that they know you're coming

1329

01:03:58,900 --> 01:03:54,289

if you ever got to the gate at that

1330

01:04:01,180 --> 01:03:58,910

point there is a thirty mile expanse of

1331

01:04:04,079 --> 01:04:01,190

desert before you actually get to the

1332

01:04:09,099 --> 01:04:04,089

very formidable mountains by the way

1333

01:04:11,859 --> 01:04:09,109

that basically border area 51 from the

1334

01:04:13,299 --> 01:04:11,869

rest of the valley there if you get over

1335

01:04:16,089 --> 01:04:13,309

the mountains you've got another ten

1336

01:04:18,759 --> 01:04:16,099

miles to hike to actually get to the

1337

01:04:20,410 --> 01:04:18,769

base itself and if the weather is

1338

01:04:23,380 --> 01:04:20,420

hovering anywhere around a hundred

1339

01:04:24,910 --> 01:04:23,390

degrees there's just no way first of all

1340

01:04:28,449 --> 01:04:24,920

you're going to do it in a vehicle the

1341

01:04:31,569 --> 01:04:28,459

second problem is actually walking that

1342

01:04:34,599 --> 01:04:31,579

distance in the heat and it's impossible

1343

01:04:38,319 --> 01:04:34,609

so I think you know the whole idea of

1344

01:04:41,199 --> 01:04:38,329

the podcast marathon is what we hope is

1345

01:04:43,660 --> 01:04:41,209

a safer and insane alternative for

1346

01:04:46,449 --> 01:04:43,670

people literally around the world who

1347

01:04:49,120 --> 01:04:46,459

don't have an opportunity obviously to

1348

01:04:53,319 --> 01:04:49,130

show up in a small community like Rachel

1349

01:04:57,729 --> 01:04:53,329

Nevada so I will be flying out again on

1350

01:05:00,459 --> 01:04:57,739

Tuesday the 17th to the the base that

1351
01:05:03,670 --> 01:05:00,469
we're setting up there in Northwest Las

1352
01:05:07,449 --> 01:05:03,680
Vegas at a house there that a friend of

1353
01:05:10,420 --> 01:05:07,459
mine from college lives in and then we

1354
01:05:13,209 --> 01:05:10,430
are going to make periodic forays into

1355
01:05:15,219 --> 01:05:13,219
Rachel to talk with Connie West again

1356
01:05:18,069 --> 01:05:15,229
she is the one that we've been working

1357
01:05:21,299 --> 01:05:18,079
with and trying to help you know her in

1358
01:05:24,579 --> 01:05:21,309
any way we can with moral support and

1359
01:05:27,519 --> 01:05:24,589
any kind of advice that we can give her

1360
01:05:28,810 --> 01:05:27,529
and the whole idea of giving and getting

1361
01:05:32,170 --> 01:05:28,820
announcements out to

1362
01:05:35,800 --> 01:05:32,180
press and the Facebook community and on

1363
01:05:37,630 --> 01:05:35,810

the internet so on Saturday after the

1364

01:05:40,420 --> 01:05:37,640

event by the way the funny thing with

1365

01:05:44,530 --> 01:05:40,430

Maddie Roberts announcement that he

1366

01:05:48,700 --> 01:05:44,540

inadvertently picked a time of 3 a.m. on

1367

01:05:51,970 --> 01:05:48,710

Friday the 20th I don't know it's also a

1368

01:05:55,240 --> 01:05:51,980

mistake yeah exactly so there's no way

1369

01:05:57,040 --> 01:05:55,250

anyone is as far as I can see then

1370

01:06:00,040 --> 01:05:57,050

literally they'd have to show up by

1371

01:06:03,250 --> 01:06:00,050

Wednesday to get out there and get ready

1372

01:06:05,710 --> 01:06:03,260

for a early let's say you know Friday

1373

01:06:08,980 --> 01:06:05,720

morning it's almost like Thursday in the

1374

01:06:13,630 --> 01:06:08,990

middle of the night run to the gate so

1375

01:06:16,060 --> 01:06:13,640

I'm assuming that by Saturday things

1376

01:06:19,270 --> 01:06:16,070

will have settled down a bit

1377

01:06:22,090 --> 01:06:19,280

and hopefully things have taken their

1378

01:06:26,320 --> 01:06:22,100

course and been peaceful at that point

1379

01:06:28,440 --> 01:06:26,330

and that's when we are at 9 a.m. Eastern

1380

01:06:32,530 --> 01:06:28,450

Standard Time going to start the podcast

1381

01:06:35,530 --> 01:06:32,540

with basically kind of bringing in some

1382

01:06:37,590 --> 01:06:35,540

really good paranormal podcasters from

1383

01:06:41,440 --> 01:06:37,600

around the world to kind of like

1384

01:06:43,450 --> 01:06:41,450

tag-team the event I will be kind of you

1385

01:06:46,330 --> 01:06:43,460

know doing the emcee works throughout

1386

01:06:50,140 --> 01:06:46,340

the 15 hours till 9 p.m. Pacific

1387

01:06:52,590 --> 01:06:50,150

Standard Time but we are going to have

1388

01:06:56,620 --> 01:06:52,600

interviews we're going to have musicians

1389

01:06:59,620 --> 01:06:56,630

music on the air and we're going to

1390

01:07:03,670 --> 01:06:59,630

bring about whatever awareness we can

1391

01:07:06,280 --> 01:07:03,680

for UFO and et disclosure and just kind

1392

01:07:09,610 --> 01:07:06,290

of make it an event that will be will be

1393

01:07:12,850 --> 01:07:09,620

fun and informative I believe sounds

1394

01:07:14,950 --> 01:07:12,860

awesome I cannot wait to listen and yeah

1395

01:07:17,710 --> 01:07:14,960

let's say we covered all the ground that

1396

01:07:19,210 --> 01:07:17,720

we had on the agenda today Steve or

1397

01:07:20,560 --> 01:07:19,220

Michael do either of you have anything

1398

01:07:27,820 --> 01:07:20,570

else that you want to jump in with

1399

01:07:30,970 --> 01:07:27,830

before we wrap up here oh boy um that's

1400

01:07:32,830 --> 01:07:30,980

a good question well I mean I'm actually

1401

01:07:35,380 --> 01:07:32,840

I mention this I have a good I have a

1402

01:07:38,710 --> 01:07:35,390

good friend in college supporter a UFO

1403

01:07:43,050 --> 01:07:38,720

Jim LED without of Sonoma and years ago

1404

01:07:47,880 --> 01:07:43,060

he and his wife drove out

1405

01:07:50,850 --> 01:07:47,890

- area 51 and they again this was years

1406

01:07:55,440 --> 01:07:50,860

ago they cruised on down and they got to

1407

01:07:57,840 --> 01:07:55,450

the gate and they ended up getting how

1408

01:08:00,330 --> 01:07:57,850

would you say pulled over and then

1409

01:08:05,190 --> 01:08:00,340

brought in to the facility there and

1410

01:08:07,170 --> 01:08:05,200

interrogated for two hours and Jim Jim

1411

01:08:08,640 --> 01:08:07,180

is a very likable guy I mean he's a

1412

01:08:11,580 --> 01:08:08,650

really cool like well guy and he was

1413

01:08:14,400 --> 01:08:11,590

also former Air Force and so he

1414

01:08:18,450 --> 01:08:14,410

ultimately just sort of put put them at

1415

01:08:20,519 --> 01:08:18,460

ease and and what-have-you and they were

1416

01:08:21,480 --> 01:08:20,529

able to leave and I but I still think

1417

01:08:25,110 --> 01:08:21,490

the reason it kept there for two hours

1418

01:08:26,789 --> 01:08:25,120

was not because they really thought

1419

01:08:27,269 --> 01:08:26,799

there was a threat but just to teach a

1420

01:08:30,360 --> 01:08:27,279

lesson

1421

01:08:32,910 --> 01:08:30,370

sure oh yeah don't do that right don't

1422

01:08:36,809 --> 01:08:32,920

do that so that's just like that and and

1423

01:08:38,700 --> 01:08:36,819

it's a great story now but they and they

1424

01:08:40,260 --> 01:08:38,710

did it at night and and and again that's

1425

01:08:42,360 --> 01:08:40,270

the other thing Maddie wasn't again he

1426

01:08:44,610 --> 01:08:42,370

wasn't serious about this it was a joke

1427

01:08:46,920 --> 01:08:44,620

right so he didn't care he just put it

1428

01:08:49,260 --> 01:08:46,930

at 3 a.m. and I'm going the worst thing

1429

01:08:52,320 --> 01:08:49,270

you could possibly do here's a whole

1430

01:08:55,140 --> 01:08:52,330

bunch of people show up at 3 a.m. in the

1431

01:08:55,710 --> 01:08:55,150

morning yeah how dark it is there it's

1432

01:08:57,809 --> 01:08:55,720

8:00

1433

01:09:00,059 --> 01:08:57,819

unless there's a moon without a

1434

01:09:02,099 --> 01:09:00,069

flashlight you could even see your

1435

01:09:03,720 --> 01:09:02,109

fingers in front of your face and so

1436

01:09:05,280 --> 01:09:03,730

they're out in the dark the guys that

1437

01:09:07,230 --> 01:09:05,290

are that are securing the base have no

1438

01:09:09,150 --> 01:09:07,240

idea what the hell's go and what they

1439

01:09:12,090 --> 01:09:09,160

could do some of them could be cruising

1440

01:09:13,769 --> 01:09:12,100

out on foot and trying to get in on the

1441

01:09:17,130 --> 01:09:13,779

other side and that makes them that

1442

01:09:20,190 --> 01:09:17,140

start to get them paranoid and concerned

1443

01:09:22,590 --> 01:09:20,200

and some of them are could easily lose

1444

01:09:25,499 --> 01:09:22,600

their job if people get through there

1445

01:09:27,450 --> 01:09:25,509

and they don't get it and so now you see

1446

01:09:30,930 --> 01:09:27,460

the potential for things going bad gets

1447

01:09:33,749 --> 01:09:30,940

worse and worse so I hope to god nobody

1448

01:09:36,300 --> 01:09:33,759

actually goes out of 3m to make the

1449

01:09:38,220 --> 01:09:36,310

Naruto run on the fence they'll never

1450

01:09:39,630 --> 01:09:38,230

make it to the actual base don't die in

1451

01:09:42,690 --> 01:09:39,640

the desert before they get there but

1452

01:09:44,999 --> 01:09:42,700

they will they get to the gate and maybe

1453

01:09:50,180 --> 01:09:45,009

up the roadways I just hope to god

1454

01:09:52,890 --> 01:09:50,190

nobody does that but I'll say this if if

1455

01:09:56,850 --> 01:09:52,900

if the last thing I'll say is this if

1456

01:10:00,720 --> 01:09:56,860

Maddy Roberts in his wisdom it somehow

1457

01:10:03,689 --> 01:10:00,730

with the way to put this up and have it

1458

01:10:05,729 --> 01:10:03,699

that you in order to sign up to go there

1459

01:10:08,790 --> 01:10:05,739

and be part of it you had to give an

1460

01:10:12,240 --> 01:10:08,800

email address he would have collected

1461

01:10:14,010 --> 01:10:12,250

perhaps four million email addresses and

1462

01:10:17,040 --> 01:10:14,020

Maddy Roberts would have instantly

1463

01:10:19,320 --> 01:10:17,050

become a major force in the disclosure

1464

01:10:21,030 --> 01:10:19,330

acted this move there you go there's

1465

01:10:22,050 --> 01:10:21,040

your doing that email list would be

1466

01:10:24,000 --> 01:10:22,060

worth a fortune

1467

01:10:25,800 --> 01:10:24,010

but he wasn't thinking that way he was

1468

01:10:28,470 --> 01:10:25,810

just having some fun right right and

1469

01:10:29,609 --> 01:10:28,480

apparently he got visited to by the FBI

1470

01:10:32,160 --> 01:10:29,619

at his home

1471

01:10:34,439 --> 01:10:32,170

apparently reported that he did so or

1472

01:10:37,439 --> 01:10:34,449

they take this very seriously retention

1473

01:10:39,510 --> 01:10:37,449

yeah yeah I don't screw around folks you

1474

01:10:41,160 --> 01:10:39,520

know if I you do make it out there or do

1475

01:10:43,379 --> 01:10:41,170

any of the other disclosure events and

1476

01:10:45,540 --> 01:10:43,389

Steve Bassett does this would not be an

1477

01:10:47,879 --> 01:10:45,550

idea a bad idea to have an event like

1478

01:10:49,530 --> 01:10:47,889

this in Washington DC to you know

1479

01:10:52,500 --> 01:10:49,540

there's always that you can do the same

1480

01:10:54,930 --> 01:10:52,510

type of thing there and event yeah an

1481

01:10:56,669 --> 01:10:54,940

event amends act what an event like this

1482

01:10:59,220 --> 01:10:56,679

where you have some bands there you have

1483

01:11:01,350 --> 01:10:59,230

some UFO people there all together a

1484

01:11:04,800 --> 01:11:01,360

disclosure like festival you know that

1485

01:11:07,350 --> 01:11:04,810

kind of thing in in the past I have had

1486

01:11:12,390 --> 01:11:07,360

several two or three discussions with

1487

01:11:15,359 --> 01:11:12,400

people appropriate people about a truth

1488

01:11:20,070 --> 01:11:15,369

aid conference right in other words true

1489

01:11:22,379 --> 01:11:20,080

fade and because there there are so many

1490

01:11:24,990 --> 01:11:22,389

bands so many music isn't that there

1491

01:11:27,689 --> 01:11:25,000

that have already publicly come out and

1492

01:11:31,439 --> 01:11:27,699

said yeah they believe that did add a

1493

01:11:33,419 --> 01:11:31,449

major sighting absolutely yeah and so

1494

01:11:35,250 --> 01:11:33,429

but and I'm thinking boy get those acts

1495

01:11:37,379 --> 01:11:35,260

to come in and do a truth aid conference

1496

01:11:38,850 --> 01:11:37,389

well yeah and then and then and you can

1497

01:11:40,890 --> 01:11:38,860

branch it out because if it's truth aid

1498

01:11:45,450 --> 01:11:40,900

you could possibly cover a few more

1499

01:11:47,399 --> 01:11:45,460

areas here I'll drop some names here

1500

01:11:49,740 --> 01:11:47,409

some guys who were still active John

1501

01:11:53,100 --> 01:11:49,750

Anderson from yes he's a longtime

1502

01:11:55,050 --> 01:11:53,110

contact me Sammy Hagar wrote about it in

1503

01:11:57,600 --> 01:11:55,060

his autobiography he's a contact II

1504

01:11:59,850 --> 01:11:57,610

Alice Cooper had a sighting out in

1505

01:12:02,070 --> 01:11:59,860

Arizona so these aren't small names

1506

01:12:05,609 --> 01:12:02,080

these aren't too obscure group sir

1507

01:12:07,140 --> 01:12:05,619

performers looking to you know go for a

1508

01:12:09,240 --> 01:12:07,150

ride on something and get some attention

1509

01:12:10,259 --> 01:12:09,250

for themselves there are some big names

1510

01:12:13,859 --> 01:12:10,269

out there have had

1511

01:12:16,140 --> 01:12:13,869

very close encounters with et by their

1512

01:12:19,080 --> 01:12:16,150

own admission somebody blue moody blues

1513

01:12:20,729 --> 01:12:19,090

absolutely absolutely a whole lot a lot

1514

01:12:24,419 --> 01:12:20,739

of them are when this anymore but a lot

1515

01:12:27,270 --> 01:12:24,429

of them still are you know oh yeah and

1516

01:12:30,060 --> 01:12:27,280

and but what I learned is is that that

1517

01:12:31,620 --> 01:12:30,070

is a major undertaking but that is a

1518

01:12:33,689 --> 01:12:31,630

major undertaking

1519

01:12:37,200 --> 01:12:33,699

Curtis there needs to be a lot of

1520

01:12:40,069 --> 01:12:37,210

advance money a lot of work and it's

1521

01:12:42,899 --> 01:12:40,079

just it was a project way beyond my

1522

01:12:44,850 --> 01:12:42,909

efforts I mean a lot of bloods Minh was

1523

01:12:47,009 --> 01:12:44,860

really serious about doing this but

1524

01:12:50,459 --> 01:12:47,019

unfortunately he passed away so it's

1525

01:12:52,739 --> 01:12:50,469

been out there is the possibility but

1526

01:12:55,080 --> 01:12:52,749

again when you're talking Farm Aid

1527

01:12:57,479 --> 01:12:55,090

you're talking basic stuff everybody's

1528

01:13:00,479 --> 01:12:57,489

on board you moment you get to et Area

1529

01:13:04,140 --> 01:13:00,489

truth embargo a lot of uncertainties and

1530

01:13:06,299 --> 01:13:04,150

so it just didn't happen but one day I I

1531

01:13:08,819 --> 01:13:06,309

will predict I think this is a certainty

1532

01:13:11,069 --> 01:13:08,829

that if we have disclosure and we get

1533

01:13:12,600 --> 01:13:11,079

the formal acknowledgment from all the

1534

01:13:14,509 --> 01:13:12,610

heads of state around the world and it's

1535

01:13:17,220 --> 01:13:14,519

pretty much the post disclosure world

1536

01:13:19,290 --> 01:13:17,230

they're still that's just that's just a

1537

01:13:22,890 --> 01:13:19,300

simple acknowledgment ETS are here that

1538

01:13:24,450 --> 01:13:22,900

is not the truth of the matter that's

1539

01:13:26,790 --> 01:13:24,460

not the full truth of the history of

1540

01:13:28,529 --> 01:13:26,800

this thing which is vast and there's

1541

01:13:30,689 --> 01:13:28,539

going to be some back-and-forth about

1542

01:13:34,739 --> 01:13:30,699

what we should be told right away I

1543

01:13:37,680 --> 01:13:34,749

could see a truth aid conference concert

1544

01:13:39,870 --> 01:13:37,690

a major one post disclosed are

1545

01:13:42,209 --> 01:13:39,880

absolutely huge could be global with

1546

01:13:44,580 --> 01:13:42,219

multiple events where the people use

1547

01:13:46,350 --> 01:13:44,590

that venue it's a powerful venue to

1548

01:13:48,540 --> 01:13:46,360

express to the government's find now

1549

01:13:50,580 --> 01:13:48,550

that even better the ETS are here we

1550

01:13:54,089 --> 01:13:50,590

want to know the story we want to know

1551

01:13:56,399 --> 01:13:54,099

everything possible short of really

1552

01:13:58,739 --> 01:13:56,409

truly dangerous national security

1553

01:14:01,259 --> 01:13:58,749

revelations we do not want you to play

1554

01:14:04,069 --> 01:14:01,269

any more games with this and I would be

1555

01:14:06,870 --> 01:14:04,079

happy to sign on to that project sure I

1556

01:14:08,279 --> 01:14:06,880

think see that you will do it if it's

1557

01:14:09,479 --> 01:14:08,289

close to home I would go to something

1558

01:14:11,279 --> 01:14:09,489

like that in a heartbeat

1559

01:14:15,299 --> 01:14:11,289

Michael you have anything for us in

1560

01:14:17,729 --> 01:14:15,309

summation well you know Steven I would

1561

01:14:19,830 --> 01:14:17,739

definitely volunteer my time to help in

1562

01:14:22,799 --> 01:14:19,840

any way I could for something like too

1563

01:14:23,959 --> 01:14:22,809

late that would be awesome I mean it's I

1564

01:14:26,330 --> 01:14:23,969

think you're right once

1565

01:14:28,700 --> 01:14:26,340

what [h__h] you Kaku is coming on board

1566

01:14:30,859 --> 01:14:28,710

if you know mainstream science now is

1567

01:14:32,779 --> 01:14:30,869

taking a you know seriously look at this

1568

01:14:35,569 --> 01:14:32,789

this is probably something we need to

1569

01:14:38,540 --> 01:14:35,579

look at as a follow-up through this

1570

01:14:40,700 --> 01:14:38,550

disclosure aid that we're gonna pull off

1571

01:14:44,149 --> 01:14:40,710

here on Saturday and by the way I just

1572

01:14:47,779 --> 01:14:44,159

want to again reiterate that people that

1573

01:14:50,209 --> 01:14:47,789

want to support this kind of ET and UFO

1574

01:14:52,609 --> 01:14:50,219

disclosure need to go to organizations

1575

01:14:54,739 --> 01:14:52,619

like the paradigm research group the

1576

01:14:56,810 --> 01:14:54,749

national UFO Reporting Center just go to

1577

01:14:58,009 --> 01:14:56,820

their websites and find out where you

1578

01:15:00,950 --> 01:14:58,019

can send a check

1579

01:15:04,250 --> 01:15:00,960

five bucks ten bucks and move on it'll

1580

01:15:06,640 --> 01:15:04,260

get more fun move on of course

1581

01:15:10,759 --> 01:15:06,650

joylynn join or join some of them black

1582

01:15:14,029 --> 01:15:10,769

yeah sorry exactly get it get involved

1583

01:15:16,430 --> 01:15:14,039

because this is probably one of the most

1584

01:15:17,959 --> 01:15:16,440

exciting times that anyone will be able

1585

01:15:20,839 --> 01:15:17,969

to look back on in their lives

1586

01:15:23,750 --> 01:15:20,849

say that they were involved so that's

1587

01:15:26,750 --> 01:15:23,760

only my wish that we all keep this

1588

01:15:30,319 --> 01:15:26,760

peaceful and we organized for disclosure

1589

01:15:32,509 --> 01:15:30,329

and now Michael are you hat you you had

1590

01:15:35,629 --> 01:15:32,519

mentioned that disclosure aid page on

1591

01:15:36,770 --> 01:15:35,639

Facebook and also which YouTube channel

1592

01:15:42,950 --> 01:15:36,780

are you going to be streaming all this

1593

01:15:46,879 --> 01:15:42,960

on well we'll be on UFO I team on

1594

01:15:50,180 --> 01:15:46,889

YouTube is well and UFO I team on

1595

01:15:54,049 --> 01:15:50,190

Facebook and disclosure aid on Facebook

1596

01:15:56,750 --> 01:15:54,059

okay do you have the links to that

1597

01:15:58,819 --> 01:15:56,760

because I can't immediately find I know

1598

01:16:01,689 --> 01:15:58,829

where your UFO i-team is but I'm looking

1599

01:16:04,700 --> 01:16:01,699

for the disclosure a.m. page on Facebook

1600

01:16:07,149 --> 01:16:04,710

so can you pass that link along to me

1601

01:16:11,180 --> 01:16:07,159

and I will post that in the description

1602

01:16:13,189 --> 01:16:11,190

okay great yeah yeah I can I can do that

1603

01:16:15,620 --> 01:16:13,199

that's not a problem I just need to have

1604

01:16:18,140 --> 01:16:15,630

because I can't find it I see a few

1605

01:16:19,580 --> 01:16:18,150

different ones but yeah if you can get

1606

01:16:22,250 --> 01:16:19,590

me that that'd be great I'll stick that

1607

01:16:25,850 --> 01:16:22,260

in the description for the video so

1608

01:16:28,939 --> 01:16:25,860

again Michael W Hall and Steve Bassett

1609

01:16:31,310 --> 01:16:28,949

thanks so much for a great show I had a

1610

01:16:32,689 --> 01:16:31,320

lot of fun today it looks like we're

1611

01:16:35,479 --> 01:16:32,699

dealing with some news and we've got

1612

01:16:37,160 --> 01:16:35,489

some new good stuff on the horizon so we

1613

01:16:39,140 --> 01:16:37,170

are definitely

1614

01:16:42,260 --> 01:16:39,150

gonna continue to stay on top of all

1615

01:16:43,820 --> 01:16:42,270

this and again both of you thanks so
