"FORTHCOMING NEW EVIDENCE WILL FURTHER SUGGEST THAT UNIDENTIFIED AERIAL PHENOMENA AS RECORDED BY THE US NAVY AND OTHERS IS INTELLIGENT OPERATED MACHINERY NOT OF THIS EARTH. I'M STANDING BY THAT." -TOM ROGAN, HOST, THE MCLAUGHLIN GROUP, SEPT. 27, 2019

hi Frank thank you very much for the

introduction we have a very special

9
00:00:34,970 --> 00:00:32,790
guest on the show today he is a highly

00:00:36,740 --> 00:00:34,980
respected journalist a political

00:00:38,600 --> 00:00:36,750
journalist based in Washington DC has a

12
00:00:41,180 --> 00:00:38,610
BA in more studies a master's of science

13
00:00:43,069 --> 00:00:41,190

and Middle East politics and a graduate

14

00:00:45,740 --> 00:00:43,079

diploma in law from the College of Law

15

00:00:47,600 --> 00:00:45,750

and London in 2017 he joined the

16

00:00:51,860 --> 00:00:47,610

Washington Examiner as a commentary

17

00:00:54,229 --> 00:00:51,870

writer on January 8 2018 the McLaughlin

18

00:00:57,139 --> 00:00:54,239

group relaunch with Rogan as moderator

19

00:01:01,849 --> 00:00:57,149

his website Tom Rogan thanks calm and

20

00:01:04,549 --> 00:01:01,859

the McLaughlin group McLaughlin comm Tom

21

00:01:06,890 --> 00:01:04,559

on September 27th you said forthcoming

22

00:01:08,810 --> 00:01:06,900

new evidence will further suggest that

23

00:01:11,480 --> 00:01:08,820

unidentified aerial phenomena as

24

00:01:13,910 --> 00:01:11,490

recorded by the US Navy and others is

25

00:01:16,179 --> 00:01:13,920

intelligent operated machinery not of

26

00:01:18,530 --> 00:01:16,189

this earth and you're standing by that

27

00:01:21,230 --> 00:01:18,540

wanted to go ahead and just jump right

28

00:01:23,630 --> 00:01:21,240

in in your article which was published

29

00:01:25,910 --> 00:01:23,640

today the real reasons the US government

30

00:01:27,679 --> 00:01:25,920

is so secretive about UFOs you said

31

00:01:29,870 --> 00:01:27,689

where does this leave us

32

00:01:32,600 --> 00:01:29,880

with the need to keep pushing this issue

33

00:01:33,410 --> 00:01:32,610

but also with confidence it will take

34

00:01:35,780 --> 00:01:33,420

time

35

00:01:39,770 --> 00:01:35,790

but we'll get to the truth eventually my

36

00:01:41,929 --> 00:01:39,780

question to you is what is the truth to

37

00:01:44,359 --> 00:01:41,939

you what does it encompass and the other

38

00:01:48,340 --> 00:01:44,369

question is do you think the UN will

39

00:01:50,960 --> 00:01:48,350

pass any resolutions on the UAP topic

40

00:01:55,880 --> 00:01:50,970

well that's very good to be with you I

41

00:01:58,039 --> 00:01:55,890

think the truth is that these aircraft

42

00:02:03,050 --> 00:01:58,049

at least some of them and not simply in

43

00:02:05,899 --> 00:02:03,060

the instance that are being approximate

44

00:02:11,630 --> 00:02:05,909

to the US Navy's Carrier Strike groups

45

00:02:13,430 --> 00:02:11,640

and nuclear platforms are in some cases

46

00:02:20,420 --> 00:02:13,440

from

47

00:02:25,160 --> 00:02:20,430

somewhere in the galaxy there is

48

00:02:28,730 --> 00:02:25,170

obviously being consideration as to

49

00:02:33,890 --> 00:02:28,740

whether some of these are from alternate

50

00:02:35,810 --> 00:02:33,900

dimensions etc but I think at least in

51
00:02:39,140 --> 00:02:35,820
some of the cases we're going to find

52
00:02:43,820 --> 00:02:39,150
out that they are from from other world

53
00:02:49,280 --> 00:02:43,830
so that that is my understanding or not

54
00:02:53,120 --> 00:02:49,290
I think there's a lot that is recording

55
00:02:57,200 --> 00:02:53,130
prep you to listen to it record your

56
00:02:59,360 --> 00:02:57,210
message there we go

57
00:03:01,160 --> 00:02:59,370
Tom yeah you still with yeah I had the

58
00:03:02,600 --> 00:03:01,170
the other phone that we were using I

59
00:03:04,130 --> 00:03:02,610
guess that was taking a very lengthy

60
00:03:06,470 --> 00:03:04,140
message sorry about that I didn't

61
00:03:08,240 --> 00:03:06,480
disconnect that call okay yeah we're

62
00:03:11,030 --> 00:03:08,250
good to go but that Tom really quick

63
00:03:13,310 --> 00:03:11,040

what aroused your interest in this

64

00:03:14,900 --> 00:03:13,320

subject not a lot of folks in the

65

00:03:17,090 --> 00:03:14,910

Washington press corps are really

66

00:03:18,560 --> 00:03:17,100

digging in on it and you made a pretty

67

00:03:20,780 --> 00:03:18,570

bold statement there at the end of

68

00:03:23,180 --> 00:03:20,790

September in the predictions section of

69

00:03:28,070 --> 00:03:23,190

the McLaughlin group what grabbed your

70

00:03:39,380 --> 00:03:28,080

attention about it but I think original

71

00:03:40,880 --> 00:03:39,390

New York Times story had something to do

72

00:03:41,170 --> 00:03:40,890

with this phenomena whatever that might

73

00:03:46,240 --> 00:03:41,180

be

74

00:03:52,009 --> 00:03:46,250

interest and then in terms of talking to

75

00:03:54,650 --> 00:03:52,019

various sources performer and having to

76
00:03:57,229 --> 00:03:54,660
the understanding that you know they do

77
00:04:00,740 --> 00:03:57,239
not believe that the consensus thing is

78
00:04:02,150 --> 00:04:00,750
that this is not stuff this unity

79
00:04:08,630 --> 00:04:02,160
phenomena whatever you want to call it

80
00:04:12,440 --> 00:04:08,640
is it least in some cases not us Russian

81
00:04:16,729 --> 00:04:12,450
or Chinese and the possibilities and

82
00:04:20,360 --> 00:04:16,739
performance that we especially in terms

83
00:04:26,980 --> 00:04:20,370
of the maybe footage and the testimony

84
00:04:29,969 --> 00:04:26,990
there gives you a range of data points

85
00:04:31,779 --> 00:04:29,979
professional eyewitness analysis

86
00:04:41,890 --> 00:04:31,789
certainly from someone in my position

87
00:04:43,980 --> 00:04:41,900
who tends to really be doing more from

88
00:04:47,020 --> 00:04:43,990

that I've just that have gone on with it

89

00:04:48,640 --> 00:04:47,030

and the the sources that that you're

90

00:04:51,909 --> 00:04:48,650

getting this information from are they

91

00:04:58,689 --> 00:04:51,919

Pentagon sources who are you talking to

92

00:05:00,219 --> 00:04:58,699

about this because the sensitive it's

93

00:05:06,969 --> 00:05:00,229

obviously very sensitive I remember is

94

00:05:10,510 --> 00:05:06,979

saying government US government persons

95

00:05:13,749 --> 00:05:10,520

in a in the in the field of

96

00:05:15,339 --> 00:05:13,759

international supremacy envelope that's

97

00:05:20,260 --> 00:05:15,349

about as far as I want to go with that

98

00:05:30,790 --> 00:05:20,270

but people who were your listeners and

99

00:05:32,140 --> 00:05:30,800

and integrity as to whether they can

100

00:05:35,980 --> 00:05:32,150

tell you the truth or not but I am

101
00:05:42,939 --> 00:05:35,990
Telling the sometimes quite the

102
00:05:44,560 --> 00:05:42,949
credibility of the okay Tom

103
00:05:46,839 --> 00:05:44,570
China and Russia will never release

104
00:05:50,589 --> 00:05:46,849
files they have on the UFO topic do you

105
00:05:52,180 --> 00:05:50,599
think that statement is true and just

106
00:05:53,920 --> 00:05:52,190
going along those lines do you think

107
00:05:55,990 --> 00:05:53,930
Putin has more knowledge on the UFO

108
00:05:57,969 --> 00:05:56,000
topic than he's admitting so again

109
00:06:00,790 --> 00:05:57,979
China and Russia will never release

110
00:06:06,570 --> 00:06:00,800
files they have related to the UFO topic

111
00:06:36,700 --> 00:06:34,689
he's admitting well I think because

112
00:06:40,399 --> 00:06:36,710
those resumes is such that they see

113
00:06:43,579 --> 00:06:40,409

themselves in a and great power dragon

114

00:06:44,899 --> 00:06:43,589

and they would not want to in the same

115

00:06:48,159 --> 00:06:44,909

way that I know that the United States

116

00:06:52,879 --> 00:06:48,169

would not want to they would not want to

117

00:06:55,609 --> 00:06:52,889

for indications for cross replication

118

00:06:57,320 --> 00:06:55,619

research that the the US is doing I

119

00:07:00,439 --> 00:06:57,330

didn't want help us figure out how to

120

00:07:03,559 --> 00:07:00,449

make some of this stuff work and in

121

00:07:07,279 --> 00:07:03,569

terms of Vladimir Putin's knowledge yeah

122

00:07:09,820 --> 00:07:07,289

I I you know there is been a lot of talk

123

00:07:16,909 --> 00:07:09,830

of animals and you know louie-louie

124

00:07:19,879 --> 00:07:16,919

Elizondo from Stars Academy did you know

125

00:07:26,469 --> 00:07:19,889

from certainly some people meant

126
00:07:29,659 --> 00:07:26,479
document in terms of the way my Russian

127
00:07:31,850 --> 00:07:29,669
military industrial complex operates and

128
00:07:36,259 --> 00:07:31,860
the intelligence services they don't go

129
00:07:40,219 --> 00:07:36,269
or anything that they think and you know

130
00:07:46,520 --> 00:07:40,229
I think Brandenburg Putin is what we

131
00:07:49,089 --> 00:07:46,530
know that in intensity he is someone who

132
00:07:52,759 --> 00:07:49,099
[Music]

133
00:07:56,179 --> 00:07:52,769
looks I don't think he would commit some

134
00:07:59,540 --> 00:07:56,189
of the predicates that perhaps in other

135
00:08:02,029 --> 00:07:59,550
government okay and Tom just won't let

136
00:08:03,019 --> 00:08:02,039
you know you're breaking up a lot and

137
00:08:04,489 --> 00:08:03,029
you're also coming through a little

138
00:08:06,889 --> 00:08:04,499

muffled so if you feel like you're in

139

00:08:08,509 --> 00:08:06,899

control of that that would be great

140

00:08:10,309 --> 00:08:08,519

the next question I have for you which

141

00:08:12,439 --> 00:08:10,319

is sort of indirectly related to what I

142

00:08:14,899 --> 00:08:12,449

was talking about when I asked you the

143

00:08:17,449 --> 00:08:14,909

question I just did is China built the

144

00:08:19,879 --> 00:08:17,459

world's largest telescope they're very

145

00:08:23,829 --> 00:08:19,889

secretive as you know China is if they

146

00:08:28,699 --> 00:08:23,839

received any info from any intelligences

147

00:08:32,299 --> 00:08:28,709

regarding that telescope any data would

148

00:08:39,980 --> 00:08:32,309

they share that with us where the world

149

00:08:42,679 --> 00:08:39,990

and if not why again you know it's hard

150

00:08:45,379 --> 00:08:42,689

to say but based on the nature of the

151
00:08:48,280 --> 00:08:45,389
Chinese and Communist Party but rules

152
00:08:51,530 --> 00:08:48,290
that country I don't think they would be

153
00:08:53,960 --> 00:08:51,540
the only way they would release I think

154
00:08:56,179 --> 00:08:53,970
information would be

155
00:08:58,369 --> 00:08:56,189
mean to come out anyway which had

156
00:09:01,280 --> 00:08:58,379
suggested being detected from another

157
00:09:04,780 --> 00:09:01,290
platform and outside of their control so

158
00:09:08,689 --> 00:09:04,790
they want to get ahead of the curve or

159
00:09:11,240 --> 00:09:08,699
they thought that doing no unique

160
00:09:12,910 --> 00:09:11,250
opportunity and if they thought they

161
00:09:17,780 --> 00:09:12,920
could get some proprietary information

162
00:09:19,460 --> 00:09:17,790
from somewhere something so that someone

163
00:09:21,199 --> 00:09:19,470

else did not have they would not be

164

00:09:25,280 --> 00:09:21,209

sharing that because it would give them

165

00:09:27,590 --> 00:09:25,290

they would see an advantage over just

166

00:09:28,240 --> 00:09:27,600

around the world actually the United

167

00:09:31,040 --> 00:09:28,250

States

168

00:09:32,509 --> 00:09:31,050

otama you had mentioned that on the

169

00:09:34,819 --> 00:09:32,519

McLaughlin group that there will be

170

00:09:36,259 --> 00:09:34,829

additional forthcoming evidence that

171

00:09:39,050 --> 00:09:36,269

that we're going to get a chance to see

172

00:09:40,519 --> 00:09:39,060

and can you discuss that a little bit is

173

00:09:43,519 --> 00:09:40,529

there a timeframe for that or what

174

00:09:47,119 --> 00:09:43,529

additional evidence might be might we be

175

00:09:50,860 --> 00:09:47,129

getting a chance to take a look at well

176

00:09:53,300 --> 00:09:50,870

I think we know clearly that the

177

00:09:59,660 --> 00:09:53,310

phenomena especially as it pertains to

178

00:10:02,119 --> 00:09:59,670

Newton rights both land at sea Melissa

179

00:10:06,170 --> 00:10:02,129

potentially in in space actually with

180

00:10:10,400 --> 00:10:06,180

some of the ICBM systems has been a

181

00:10:13,249 --> 00:10:10,410

continuing point of contact and the

182

00:10:16,819 --> 00:10:13,259

United States Britain which is also a

183

00:10:19,220 --> 00:10:16,829

nuclear power or pretty extensive

184

00:10:22,150 --> 00:10:19,230

defense of platforms to monitor

185

00:10:28,129 --> 00:10:22,160

everything that goes more to those

186

00:10:30,980 --> 00:10:28,139

capabilities and there is well simply

187

00:10:36,079 --> 00:10:30,990

there is sensor data indicating things

188

00:10:39,439 --> 00:10:36,089

doing in ways that are beyond the

189

00:10:44,240 --> 00:10:39,449

ability of an alert nation and as that

190

00:10:48,230 --> 00:10:44,250

starts to come out more at which the

191

00:10:50,150 --> 00:10:48,240

information requests through mr.

192

00:10:52,280 --> 00:10:50,160

Woodleigh classification in certain

193

00:11:00,199 --> 00:10:52,290

areas and I think I do you think Britain

194

00:11:02,600 --> 00:11:00,209

will be a rising as a medical and it's

195

00:11:06,009 --> 00:11:02,610

hard to know when that is what we're

196

00:11:07,670 --> 00:11:06,019

gonna do I mean just essentially data

197

00:11:11,079 --> 00:11:07,680

corroborated

198

00:11:13,970 --> 00:11:11,089

in rare cases but but some by

199

00:11:16,579 --> 00:11:13,980

individuals operating the data

200

00:11:19,400 --> 00:11:16,589

collection platform saying you know look

201
00:11:20,990 --> 00:11:19,410
at this and if again it comes down all

202
00:11:24,740 --> 00:11:21,000
sherlock holmes liner that if you

203
00:11:28,960 --> 00:11:24,750
eliminate all the impossible factors

204
00:11:31,400 --> 00:11:28,970
whatever your left and anagram I think

205
00:11:33,710 --> 00:11:31,410
that is that is the critical component

206
00:11:37,519 --> 00:11:33,720
here I also think if you've seen some of

207
00:11:43,640 --> 00:11:37,529
the customary hosting is documented with

208
00:11:46,490 --> 00:11:43,650
quite expensive in his book or these

209
00:11:50,600 --> 00:11:46,500
platforms that you ApS engaging in

210
00:11:54,950 --> 00:11:50,610
behavior across across the spectrum of

211
00:12:02,300 --> 00:11:54,960
sort of atmosphere space water then you

212
00:12:04,940 --> 00:12:02,310
get into a another set of okay well what

213
00:12:07,790 --> 00:12:04,950

could possibly do that and that is that

214

00:12:10,730 --> 00:12:07,800

important distinction because as some

215

00:12:12,560 --> 00:12:10,740

people the couple people saying as today

216

00:12:16,340 --> 00:12:12,570

in relation to my place or maybe these

217

00:12:18,050 --> 00:12:16,350

are top secret military platforms United

218

00:12:20,240 --> 00:12:18,060

States does not have platforms that can

219

00:12:22,579 --> 00:12:20,250

do all of these things they might be

220

00:12:25,310 --> 00:12:22,589

able to do one thing in a limited degree

221

00:12:26,960 --> 00:12:25,320

and actually with a different capability

222

00:12:31,490 --> 00:12:26,970

platform than that which is shown but

223

00:12:34,220 --> 00:12:31,500

they cannot do okay Tom you said in your

224

00:12:35,690 --> 00:12:34,230

article that you published today I'll

225

00:12:38,449 --> 00:12:35,700

just go ahead and go straight into a

226

00:12:40,730 --> 00:12:38,459

quote but the truth is clear if it

227

00:12:42,710 --> 00:12:40,740

wanted to something strange could defeat

228

00:12:45,980 --> 00:12:42,720

America without raising a sweat

229

00:12:48,769 --> 00:12:45,990

do you see Tom any third world countries

230

00:12:51,560 --> 00:12:48,779

turning to other first world countries

231

00:12:54,019 --> 00:12:51,570

if a you ap were to enter their airspace

232

00:12:55,910 --> 00:12:54,029

and appear as a threat to them by the

233

00:12:58,310 --> 00:12:55,920

way just want to mention Peter Davenport

234

00:13:00,949 --> 00:12:58,320

of the UFO Reporting Center has noticed

235

00:13:03,829 --> 00:13:00,959

there has been an incredibly high uptick

236

00:13:06,140 --> 00:13:03,839

on UFO reports in the last two years so

237

00:13:08,300 --> 00:13:06,150

my question to you again is do you see

238

00:13:11,060 --> 00:13:08,310

any third world countries turning to

239

00:13:13,220 --> 00:13:11,070

other first world countries if a you ap

240

00:13:15,079 --> 00:13:13,230

or you ApS were to enter their airspace

241

00:13:17,829 --> 00:13:15,089

and appear as a threat to them which

242

00:13:21,199 --> 00:13:17,839

they believe may have happened before

243

00:13:25,100 --> 00:13:21,209

yes and I'm almost certain

244

00:13:29,179 --> 00:13:25,110

already has happened because the United

245

00:13:32,269 --> 00:13:29,189

States with Asians friendly governments

246

00:13:34,629 --> 00:13:32,279

we would think about governments in

247

00:13:37,400 --> 00:13:34,639

Latin America when military-to-military

248

00:13:39,919 --> 00:13:37,410

relationships between serving military

249

00:13:43,549 --> 00:13:39,929

officers or intelligence officers are

250

00:13:45,919 --> 00:13:43,559

often quite a lot stronger and more sort

251
00:13:47,569 --> 00:13:45,929
of casually enabled in terms of you know

252
00:13:51,230 --> 00:13:47,579
what they talk to each other about than

253
00:13:53,059 --> 00:13:51,240
the head of state ship so for example we

254
00:13:54,739 --> 00:13:53,069
talk about relationships between Mexican

255
00:13:59,590 --> 00:13:54,749
Air Force officers in the US Air Force

256
00:14:02,419 --> 00:13:59,600
or Navy officers etc in the relationship

257
00:14:03,739 --> 00:14:02,429
counterpose between President Trump and

258
00:14:09,019 --> 00:14:03,749
president Lopez Obrador

259
00:14:14,509 --> 00:14:09,029
you know there is incentive and trust to

260
00:14:16,429 --> 00:14:14,519
be able to engage with American officers

261
00:14:19,359 --> 00:14:16,439
who might be able to be in a position of

262
00:14:22,009 --> 00:14:19,369
to provide more information and insight

263
00:14:25,040 --> 00:14:22,019

so that that is certainly very likely

264

00:14:26,449 --> 00:14:25,050

and and the same would be said of you

265

00:14:29,059 --> 00:14:26,459

know we think about performance of

266

00:14:31,460 --> 00:14:29,069

states and their relationship their

267

00:14:37,879 --> 00:14:31,470

continuing relationship with the Russian

268

00:14:40,280 --> 00:14:37,889

Federation or States as China's

269

00:14:42,470 --> 00:14:40,290

relationship builds an African state the

270

00:14:44,660 --> 00:14:42,480

same could be said there so so yes that

271

00:14:48,350 --> 00:14:44,670

is when you don't know something and you

272

00:14:50,900 --> 00:14:48,360

know someone to know more and you trust

273

00:14:53,689 --> 00:14:50,910

them figures that you would go and ask

274

00:14:57,919 --> 00:14:53,699

them to provide any insight that they

275

00:14:59,989 --> 00:14:57,929

might be willing to give yeah tamo

276

00:15:03,259 --> 00:14:59,999

really quick I know where we're pressed

277

00:15:04,699 --> 00:15:03,269

for time here but it sounds like a lot

278

00:15:07,189 --> 00:15:04,709

of your sources are coming from

279

00:15:08,539 --> 00:15:07,199

basically inside the military are you

280

00:15:12,919 --> 00:15:08,549

hearing anything about increased

281

00:15:15,350 --> 00:15:12,929

interest in that Congress well we do

282

00:15:17,629 --> 00:15:15,360

know that I mean in Congress you know

283

00:15:19,369 --> 00:15:17,639

being quite open about this I mean this

284

00:15:21,319 --> 00:15:19,379

is a lot of this stuff you consider

285

00:15:24,769 --> 00:15:21,329

directed better than the open source

286

00:15:26,660 --> 00:15:24,779

domain in terms of what but Senator Mark

287

00:15:28,340 --> 00:15:26,670

Warner for example it was quite open

288

00:15:30,319 --> 00:15:28,350

about having received the briefing and

289

00:15:33,590 --> 00:15:30,329

he seemed it was a video and actually

290

00:15:35,740 --> 00:15:33,600

after receiving is something that has

291

00:15:41,270 --> 00:15:35,750

been taken more theory

292

00:15:43,730 --> 00:15:41,280

as an example when you engage way in

293

00:15:49,660 --> 00:15:43,740

which it is handled through the offices

294

00:15:51,530 --> 00:15:49,670

secretary rias public affairs officials

295

00:15:53,960 --> 00:15:51,540

reporting guidelines the way the

296

00:16:03,550 --> 00:15:53,970

military sort of reacts shows that the

297

00:16:07,880 --> 00:16:06,010

there's some other elements

298

00:16:10,490 --> 00:16:07,890

compartmentalization region certain

299

00:16:13,360 --> 00:16:10,500

security control over information region

300

00:16:16,430 --> 00:16:13,370

and I want one final question for me and

301

00:16:19,700 --> 00:16:16,440

that is basically the discrepancies that

302

00:16:21,350 --> 00:16:19,710

we're getting from former insiders who

303

00:16:23,780 --> 00:16:21,360

are now out working in the private

304

00:16:26,600 --> 00:16:23,790

sector on this most notably the to the

305

00:16:28,430 --> 00:16:26,610

stars Academy and statements coming from

306

00:16:32,450 --> 00:16:28,440

the Pentagon itself from spokespeople

307

00:16:35,030 --> 00:16:32,460

seem to be at odds that a program the a

308

00:16:38,360 --> 00:16:35,040

tip program that was running for a while

309

00:16:40,100 --> 00:16:38,370

was about UFOs the Pentagon spokespeople

310

00:16:42,260 --> 00:16:40,110

the official spokespeople are saying no

311

00:16:44,300 --> 00:16:42,270

it wasn't yet the people who were

312

00:16:46,580 --> 00:16:44,310

directly involved including a Senator

313

00:16:48,830 --> 00:16:46,590

Harry Reid is saying yeah that's exactly

314

00:16:53,270 --> 00:16:48,840

what it was how do you account for those

315

00:16:56,390 --> 00:16:53,280

discrepancies and I think quite simply

316

00:16:58,160 --> 00:16:56,400

because the military there will be some

317

00:17:02,660 --> 00:16:58,170

kind of document somewhere that would

318

00:17:07,420 --> 00:17:02,670

allow others to say or military officers

319

00:17:25,240 --> 00:17:07,430

or etc to say no important about that

320

00:17:31,120 --> 00:17:29,390

Eirik Radek word games because you know

321

00:17:33,790 --> 00:17:31,130

attention to it is uncomfortable and

322

00:17:39,380 --> 00:17:33,800

military leaders sort of wanted you know

323

00:17:41,330 --> 00:17:39,390

it pushed away domain in some sense okay

324

00:17:44,480 --> 00:17:41,340

Tom I have a few questions left and that

325

00:17:46,100 --> 00:17:44,490

is do you think there and you may have

326

00:17:48,770 --> 00:17:46,110

already touched on this topic but you

327

00:17:51,440 --> 00:17:48,780

were breaking up pretty bad and begin

328

00:17:53,300 --> 00:17:51,450

so we may have missed out on hearing you

329

00:17:55,850 --> 00:17:53,310

touch on this topic a little bit and

330

00:17:59,000 --> 00:17:55,860

that is do you think there is anything

331

00:18:01,700 --> 00:17:59,010

going on behind the scenes as far as the

332

00:18:05,870 --> 00:18:01,710

Pentagon goes or any other faction of

333

00:18:07,900 --> 00:18:05,880

the US government or alright first world

334

00:18:10,100 --> 00:18:07,910

governments for that mother matter

335

00:18:12,080 --> 00:18:10,110

green-lighting disclosure for future

336

00:18:14,780 --> 00:18:12,090

revelations on anything related to the

337

00:18:15,950 --> 00:18:14,790

UFO or UAP topic for the general public

338

00:18:18,710 --> 00:18:15,960

I'll read those are for future

339

00:18:20,900 --> 00:18:18,720

revelations on anything related to the

340

00:18:24,590 --> 00:18:20,910

UAP topic for the general public

341

00:18:33,730 --> 00:18:24,600

public's consumption of it well I mean

342

00:18:49,960 --> 00:18:45,680

17 that the information sort of efforts

343

00:18:53,330 --> 00:18:49,970

there is more than I think constructive

344

00:18:55,940 --> 00:18:53,340

feedback from the military so I do think

345

00:18:57,320 --> 00:18:55,950

the process that there are individuals

346

00:19:04,490 --> 00:18:57,330

are trying to get more stuff out

347

00:19:06,260 --> 00:19:04,500

disclosure wise then okay and I wanted

348

00:19:07,880 --> 00:19:06,270

to bring up something that you said in

349

00:19:11,090 --> 00:19:07,890

your article let's see if I can go ahead

350

00:19:14,210 --> 00:19:11,100

and okay actually the question I have

351
00:19:18,650 --> 00:19:14,220
for you is what is your takeaway Tom on

352
00:19:20,390 --> 00:19:18,660
the entire UAP topic in general what

353
00:19:23,090 --> 00:19:20,400
have you learned about it as a general

354
00:19:25,970 --> 00:19:23,100
as a journalist who covers politics

355
00:19:27,980 --> 00:19:25,980
national security intelligence those

356
00:19:31,700 --> 00:19:27,990
kinds of things what again is your

357
00:19:36,590 --> 00:19:31,710
takeaway on the you FAA you ap topic in

358
00:19:41,240 --> 00:19:36,600
general well that you know well some of

359
00:19:44,480 --> 00:19:41,250
the sightings that a memoir not a

360
00:19:50,390 --> 00:19:44,490
phenomena or misidentification of human

361
00:19:53,570 --> 00:19:50,400
objects mm-hmm machinery that some of

362
00:19:55,820 --> 00:19:53,580
this stuff truly is not at this world I

363
00:19:58,940 --> 00:19:55,830

think that is my top-line takeaway and

364

00:20:01,269 --> 00:19:58,950

then you can get into you know various

365

00:20:05,539 --> 00:20:01,279

elements intensive

366

00:20:10,640 --> 00:20:05,549

behavior patterns trend line sometimes

367

00:20:13,700 --> 00:20:10,650

nuclear connection point what seems to

368

00:20:16,370 --> 00:20:13,710

be something that you know either

369

00:20:20,240 --> 00:20:16,380

through whether it be a fuel source or

370

00:20:22,669 --> 00:20:20,250

concealment is another issue so I mean

371

00:20:24,019 --> 00:20:22,679

there is a lot but I think that some of

372

00:20:27,830 --> 00:20:24,029

this stuff's really is not this world

373

00:20:30,890 --> 00:20:27,840

would be the top okay and then the last

374

00:20:33,019 --> 00:20:30,900

question I have for you is as a nation

375

00:20:34,970 --> 00:20:33,029

we have endeavored to build cataclysmic

376

00:20:37,490 --> 00:20:34,980

weapon systems such as a hydrogen bomb

377

00:20:39,980 --> 00:20:37,500

for example that can wipe out every

378

00:20:43,490 --> 00:20:39,990

living thing of the face of our planet

379

00:20:46,580 --> 00:20:43,500

and we have things like that to secure a

380

00:20:48,529 --> 00:20:46,590

nation against threats of other possible

381

00:20:51,049 --> 00:20:48,539

threats from other nations around the

382

00:20:54,440 --> 00:20:51,059

world do you think the real threat that

383

00:20:57,769 --> 00:20:54,450

we have is not from other nations but

384

00:21:00,049 --> 00:20:57,779

from an other worldly type threat such

385

00:21:02,919 --> 00:21:00,059

as another kind of intelligence that is

386

00:21:05,350 --> 00:21:02,929

not human do you think that's possible

387

00:21:08,299 --> 00:21:05,360

well I don't think there's any

388

00:21:12,230 --> 00:21:08,309

indication that there is an active

389

00:21:15,260 --> 00:21:12,240

intended intended a deliberate threat or

390

00:21:18,919 --> 00:21:15,270

at least I haven't seen but I think in

391

00:21:20,570 --> 00:21:18,929

terms of behavior and the connection

392

00:21:23,450 --> 00:21:20,580

point especially with the most powerful

393

00:21:26,630 --> 00:21:23,460

weapons we have with nuclear weapons the

394

00:21:31,100 --> 00:21:26,640

UAP phenomena today raises the obvious

395

00:21:33,049 --> 00:21:31,110

prospect of the specific threat and the

396

00:21:36,169 --> 00:21:33,059

ability of these platforms to protect

397

00:21:39,529 --> 00:21:36,179

our which I've referenced in the piece

398

00:21:41,990 --> 00:21:39,539

are you know sort of Lang guard nuclear

399

00:21:44,980 --> 00:21:42,000

deterrence forces but if something can

400

00:21:48,909 --> 00:21:44,990

find very easily

401
00:21:53,060 --> 00:21:48,919
submarines and can deactivate our

402
00:21:54,830 --> 00:21:53,070
missile forces then that thing had the

403
00:21:57,529 --> 00:21:54,840
ability to essentially render us

404
00:22:00,740 --> 00:21:57,539
defenseless at the apex of conflict

405
00:22:04,130 --> 00:22:00,750
which is to say that the the area where

406
00:22:08,840 --> 00:22:04,140
we would either be able to or not able

407
00:22:11,690 --> 00:22:08,850
to defend ourselves against the the

408
00:22:16,470 --> 00:22:15,269
debilitate are a defensive posture from

409
00:22:18,210 --> 00:22:16,480
Paulie

410
00:22:20,759 --> 00:22:18,220
they have the potential of a very

411
00:22:25,049 --> 00:22:20,769
serious threat is not the threat itself

412
00:22:28,129 --> 00:22:25,059
because of intent not being shown in

413
00:22:31,200 --> 00:22:28,139

that regard so the capability wise yes

414

00:22:33,259 --> 00:22:31,210

okay I just want to mention John

415

00:22:35,310 --> 00:22:33,269

McLoughlin he was deeply influential

416

00:22:37,409 --> 00:22:35,320

influential as a journalist from his

417

00:22:39,840 --> 00:22:37,419

depth expertise and knowledge of the

418

00:22:42,419 --> 00:22:39,850

topic at hand to the outstanding guests

419

00:22:44,129 --> 00:22:42,429

he hand-picked for shows and his sharp

420

00:22:45,779 --> 00:22:44,139

wit and retorts he displayed on his

421

00:22:48,930 --> 00:22:45,789

iconic program the McLaughlin group

422

00:22:51,299 --> 00:22:48,940

which you took over and resurrected I

423

00:22:53,070 --> 00:22:51,309

just want to mention to you he is one of

424

00:22:53,460 --> 00:22:53,080

the reasons why I actually do the shows

425

00:22:56,190 --> 00:22:53,470

I do

426

00:22:58,529 --> 00:22:56,200

he was extremely he made a lasting

427

00:23:01,409 --> 00:22:58,539

impact on me and his show Stiles has

428

00:23:03,090 --> 00:23:01,419

influenced countless TV shows and

429

00:23:05,489 --> 00:23:03,100

millions of people around the planet so

430

00:23:07,590 --> 00:23:05,499

thank you for having resurrected that

431

00:23:09,899 --> 00:23:07,600

show and become the moderator of it I'm

432

00:23:11,460 --> 00:23:09,909

very grateful to you for that and we're

433

00:23:12,960 --> 00:23:11,470

very grateful and honored to have how do

434

00:23:15,239 --> 00:23:12,970

you want our show I want to tell

435

00:23:18,629 --> 00:23:15,249

everybody to please go to Tom Rogan

436

00:23:20,850 --> 00:23:18,639

thanks calm and also triple w mclaughlin

437

00:23:29,759 --> 00:23:20,860

calm let me spell that for everybody

438

00:23:30,859 --> 00:23:29,769

it's MC la ugh I incompetence you have

439

00:23:33,960 --> 00:23:30,869

anything else to add

440

00:23:37,049 --> 00:23:33,970

nope well one last question for you Tom

441

00:23:39,210 --> 00:23:37,059

before I let you go did what was the

442

00:23:42,810 --> 00:23:39,220

response of some of your co-panelists to

443

00:23:44,430 --> 00:23:42,820

your prediction about the UFOs Pat

444

00:23:47,220 --> 00:23:44,440

Buchanan was on the show that day

445

00:23:51,509 --> 00:23:47,230

eleanor clift Clarence page what was i

446

00:23:53,279 --> 00:23:51,519

their reaction to it yeah well and you

447

00:23:54,600 --> 00:23:53,289

know I had a reference again on their

448

00:23:56,930 --> 00:23:54,610

tasting today and thank you for those

449

00:24:00,629 --> 00:23:56,940

time words I know Tom John would you

450

00:24:03,139 --> 00:24:00,639

know thank you kind of Ewan great to be

451
00:24:06,299 --> 00:24:05,369
well Pat you can I think raised his

452
00:24:08,899 --> 00:24:06,309
eyebrows

453
00:24:12,749 --> 00:24:08,909
I think Eleanor thinks I might be crazy

454
00:24:15,450 --> 00:24:12,759
hahaha somewhere in between so you know

455
00:24:17,940 --> 00:24:15,460
one of the things that certainly the

456
00:24:19,680 --> 00:24:17,950
same in journalism when you you write

457
00:24:21,299 --> 00:24:19,690
about this in the newsroom I was sort of

458
00:24:23,759 --> 00:24:21,309
a couple of teasing comments today

459
00:24:25,139 --> 00:24:23,769
although it got a lot of traffic which

460
00:24:26,070 --> 00:24:25,149
is which is good because people are

461
00:24:28,169 --> 00:24:26,080
interested

462
00:24:31,980 --> 00:24:28,179
it shows but but I think there are a lot

463
00:24:34,799 --> 00:24:31,990

of people there who still do that much

464

00:24:38,220 --> 00:24:34,809

and you know to see it is the preserve

465

00:24:40,919 --> 00:24:38,230

of slightly strange people and and so it

466

00:24:42,720 --> 00:24:40,929

will just it takes time on referencing

467

00:24:46,290 --> 00:24:42,730

the arguments and the data to try and

468

00:24:49,169 --> 00:24:46,300

persuade I think you know if you remain

469

00:24:56,370 --> 00:24:49,179

persistent in your attention to those

470

00:24:58,980 --> 00:24:56,380

details then with time you can great and

471

00:25:00,870 --> 00:24:58,990

Tom the only other question I had left

472

00:25:03,120 --> 00:25:00,880

for you is wanted to know if you

473

00:25:06,060 --> 00:25:03,130

wouldn't mind considering joining us for

474

00:25:08,700 --> 00:25:06,070

another show no matter how brief it

475

00:25:10,200 --> 00:25:08,710

would be in 2020 we would love to have

476

00:25:13,620 --> 00:25:10,210

the opportunity and privilege of having

477

00:25:13,860 --> 00:25:13,630

you on our show again well I would love

478

00:25:15,930 --> 00:25:13,870

that

479

00:25:18,450 --> 00:25:15,940

thank you very much and again very good

480

00:25:19,980 --> 00:25:18,460

total to you but yes thanks so much for

481

00:25:24,390 --> 00:25:19,990

joining us on such short notice Tom

482

00:25:27,000 --> 00:25:24,400

thanks a lot and we are gonna wrap this

483

00:25:29,850 --> 00:25:27,010

up quickly and we will be back later

484

00:25:32,340 --> 00:25:29,860

tonight with a second show in one day

485

00:25:34,669 --> 00:25:32,350

we're gonna have a paco2 Ricci joining
