significant cases involving the fallen

area picked over in Milford vanish

00:02:46,360 --> 00:02:43,380

regarding cases that are deemed critical

41

00:02:49,190 --> 00:02:46,370

sensitive or high-profile in nature

42

00:02:51,530 --> 00:02:49,200

raging from priority investigations to

43

00:02:54,410 --> 00:02:51,540

dignitary protection in high-risk detail

44

00:03:00,800 --> 00:02:54,420

to emergency operations welcome John to

45

00:03:02,360 --> 00:03:00,810

our show before we embark on the

46

00:03:04,819 --> 00:03:02,370

interview I wanted to give a little bit

47

00:03:08,030 --> 00:03:04,829

of background information that you have

48

00:03:09,070 --> 00:03:08,040

already shared publicly at various UFO

49

00:03:12,350 --> 00:03:09,080

conferences

50

00:03:14,540 --> 00:03:12,360

around the United States and that way

51
00:03:16,910 --> 00:03:14,550
our listeners are familiar with a little

52
00:03:18,980 --> 00:03:16,920
bit regarding what you do and where you

53
00:03:25,070 --> 00:03:18,990
have done your investigations and that

54
00:03:27,260 --> 00:03:25,080
is in the Navajo Nation covers 27,000

55
00:03:30,680 --> 00:03:27,270
square miles that's the size of West

56
00:03:32,480 --> 00:03:30,690
Virginia those 17 million acres is what

57
00:03:35,000 --> 00:03:32,490
you travel through regarding areas to

58
00:03:36,860 --> 00:03:35,010
Versailles to from Flagstaff Arizona to

59
00:03:39,410 --> 00:03:36,870
Albuquerque New Mexico which is four

60
00:03:41,240 --> 00:03:39,420
hours of traveling if all the roads are

61
00:03:43,670 --> 00:03:41,250
in bits edition of which they are not

62
00:03:47,360 --> 00:03:43,680
the largest portion of the reservation

63
00:03:49,700 --> 00:03:47,370

is in Utah Arizona and New Mexico the

64

00:03:52,220 --> 00:03:49,710

Navajo Nation is largest Native American

65

00:03:54,680 --> 00:03:52,230

reservation in the US and older

66

00:03:57,260 --> 00:03:54,690

statistic reveals that the Navajo

67

00:04:01,130 --> 00:03:57,270

Nation's population was confirmed at

68

00:04:03,800 --> 00:04:01,140

nearly 360,000 the Navajo Nation is

69

00:04:06,200 --> 00:04:03,810

comprised of around 110 chapters which

70

00:04:08,540 --> 00:04:06,210

are the center of the local community

71

00:04:10,460 --> 00:04:08,550

government the Navajo Nation has owned

72

00:04:12,760 --> 00:04:10,470

president and BP with twenty four

73

00:04:16,070 --> 00:04:12,770

council members is a crackpot

74

00:04:19,700 --> 00:04:16,080

that's correct okay great the first

75

00:04:24,260 --> 00:04:19,710

question I have for you is growing up on

76

00:04:26,810 --> 00:04:24,270

the Navajo Nation's as a child before

77

00:04:29,510 --> 00:04:26,820

entered law enforcement did you see

78

00:04:36,070 --> 00:04:29,520

anything or witness anything of the

79

00:04:44,000 --> 00:04:39,260

we spent our summers on the Navajo

80

00:04:47,780 --> 00:04:44,010

Reservation and during that time we

81

00:04:52,730 --> 00:04:47,790

didn't have one incident where we saw a

82

00:04:56,600 --> 00:04:52,740

red or that was pretty much drifting

83

00:04:59,080 --> 00:04:56,610

through the trees it cost as we're this

84

00:05:01,250 --> 00:04:59,090

is about two o'clock in the morning and

85

00:05:03,980 --> 00:05:01,260

we're already getting on the road

86

00:05:09,280 --> 00:05:03,990

because it takes us an hour to get down

87

00:05:12,590 --> 00:05:09,290

off of the Carrizo mountains and as

88

00:05:14,690 --> 00:05:12,600

we're driving out my grandfather and

89

00:05:17,570 --> 00:05:14,700

grandmother were sitting up front I was

90

00:05:21,659 --> 00:05:17,580

sitting up front between them I was

91

00:05:25,429 --> 00:05:21,669

probably junior high age and this

92

00:05:28,950 --> 00:05:25,439

light is just going through the trees

93

00:05:32,519 --> 00:05:28,960

weaving back and forth and my

94

00:05:35,969 --> 00:05:32,529

grandfather wanted to grab his 30-30

95

00:05:37,950 --> 00:05:35,979

rifle and shoot it isn't my grandmother

96

00:05:40,559 --> 00:05:37,960

kept telling him don't you dare you know

97

00:05:46,080 --> 00:05:40,569

that's and she was saying that that was

98

00:05:50,100 --> 00:05:46,090

a skinwalker and at the time i had no

99

00:05:52,080 --> 00:05:50,110

idea what it was it was just weird you

100

00:05:56,339 --> 00:05:52,090

can see the red light shining on the

101
00:05:58,860 --> 00:05:56,349
ground and it went up the hill weaving

102
00:06:01,950 --> 00:05:58,870
back and forth through the trees now

103
00:06:04,649 --> 00:06:01,960
where it went up the hill I've done a

104
00:06:06,629 --> 00:06:04,659
lot of sheep herding up in there and I

105
00:06:13,740 --> 00:06:06,639
know that there's no roads there's no

106
00:06:20,399 --> 00:06:13,750
trails nothing to go on there and so

107
00:06:26,420 --> 00:06:20,409
that was kind of I guess a glimpse into

108
00:06:32,459 --> 00:06:31,920
Walker's a topic that goes back hundreds

109
00:06:36,809 --> 00:06:32,469
of years

110
00:06:40,589 --> 00:06:36,819
I'm guessing regarding Native American

111
00:06:43,260 --> 00:06:40,599
lore and also just communicating that

112
00:06:47,879 --> 00:06:43,270
topic throughout the generations

113
00:06:50,550 --> 00:06:47,889

I wanted to know when was the first time

114

00:06:53,399 --> 00:06:50,560

he heard of that topic did your family

115

00:06:55,079 --> 00:06:53,409

share that topic with you and how far

116

00:06:59,909 --> 00:06:55,089

does it go back within the Native

117

00:07:03,869 --> 00:06:59,919

American culture it that topic actually

118

00:07:08,990 --> 00:07:03,879

goes back even that I would say back to

119

00:07:12,689 --> 00:07:09,000

the 1700s it's always been known about

120

00:07:16,649 --> 00:07:12,699

nobody talks about it me and Stan are

121

00:07:19,170 --> 00:07:16,659

not the experts within this field we're

122

00:07:23,809 --> 00:07:19,180

just the only two that would talk about

123

00:07:27,629 --> 00:07:23,819

it and I have to be very careful as to

124

00:07:31,939 --> 00:07:27,639

what I talk about in one case we

125

00:07:34,719 --> 00:07:31,949

finished speaking about that subject

126

00:07:39,339 --> 00:07:34,729

the very next weekend

127

00:07:41,939 --> 00:07:39,349

we had nine near intersection or head-on

128

00:07:47,200 --> 00:07:41,949

collisions involving both our families

129

00:07:52,059 --> 00:07:47,210

which is a real unusual activity that

130

00:07:55,239 --> 00:07:52,069

would take place so it's actually pretty

131

00:07:57,100 --> 00:07:55,249

dangerous you can you could actually be

132

00:08:01,209 --> 00:07:57,110

killed just just talking about this

133

00:08:02,980 --> 00:08:01,219

subject okay so again what I'm gonna do

134

00:08:05,019 --> 00:08:02,990

is I'm gonna I'm gonna let you know the

135

00:08:07,929 --> 00:08:05,029

next question I had but I'm not gonna

136

00:08:10,119 --> 00:08:07,939

I'm not going to ask you to answer it

137

00:08:12,189 --> 00:08:10,129

okay because it was related to that

138

00:08:14,379 --> 00:08:12,199

topic but I'm still gonna I'm gonna I'm

139

00:08:18,189 --> 00:08:14,389

gonna share it with you anyway even

140

00:08:20,679 --> 00:08:18,199

though we don't need to talk about it so

141

00:08:24,700 --> 00:08:20,689

the next question I was going to ask you

142

00:08:27,189 --> 00:08:24,710

as you stated Utah was carted for

143

00:08:33,659 --> 00:08:27,199

charity regarding the investigations

144

00:08:36,430 --> 00:08:33,669

that you managed with Milford jr. so

145

00:08:39,279 --> 00:08:36,440

Bigelow as we know research project

146

00:08:41,620 --> 00:08:39,289

going on it in Walker Ranch in Utah it

147

00:08:44,199 --> 00:08:41,630

his project that's in Walker Ranch ever

148

00:08:45,819 --> 00:08:44,209

intersect with your research of the

149

00:08:47,530 --> 00:08:45,829

skinwalker phenomena was what I was

150

00:08:52,300 --> 00:08:47,540

about to ask people they can move on to

151

00:08:54,819 --> 00:08:52,310

other topics actually it did we were

152

00:08:59,620 --> 00:08:54,829

conducting an investigation at a place

153

00:09:01,540 --> 00:08:59,630

called Satanist Butte and that had a lot

154

00:09:07,079 --> 00:09:01,550

of similarities to what they were

155

00:09:10,680 --> 00:09:07,089

experiencing skinwalker ranch or and

156

00:09:13,750 --> 00:09:10,690

what we thought was interesting is that

157

00:09:18,519 --> 00:09:13,760

both of those locations are on the exact

158

00:09:21,280 --> 00:09:18,529

same longitude so there is a geographic

159

00:09:23,740 --> 00:09:21,290

connection with that tear under state

160

00:09:25,720 --> 00:09:23,750

and just one small thing you cut out

161

00:09:28,000 --> 00:09:25,730

right when he said it was called Satan's

162

00:09:32,500 --> 00:09:28,010

what was that

163

00:09:36,009 --> 00:09:32,510

Satan's Butte oh okay by the way did you

164

00:09:42,129 --> 00:09:36,019

ever go near Elephant Butte at all or go

165

00:09:45,519 --> 00:09:42,139

across that area place called elephant's

166

00:09:47,319 --> 00:09:45,529

feet that's north of Tuba City I've been

167

00:09:51,189 --> 00:09:47,329

pretty much all over the

168

00:09:54,210 --> 00:09:51,199

reservation doing investigations I've

169

00:09:56,739 --> 00:09:54,220

had a chance to see quite a bit of it

170

00:10:00,100 --> 00:09:56,749

okay I was just asking because there was

171

00:10:03,819 --> 00:10:00,110

a famous case of a serial killer who was

172

00:10:07,229 --> 00:10:03,829

on the top ten list of sadist sadistic

173

00:10:11,350 --> 00:10:07,239

serial killers of all time and he was

174

00:10:13,720 --> 00:10:11,360

residing in Elephant Butte which is in

175

00:10:15,669 --> 00:10:13,730

New Mexico as you know and his name was

176

00:10:17,949 --> 00:10:15,679

David Parker ray I was just curious if

177

00:10:20,199 --> 00:10:17,959

you ever came across anything at

178

00:10:28,150 --> 00:10:20,209

Elephant Butte that was interesting to

179

00:10:31,299 --> 00:10:28,160

you okay I wanted to ask you what are

180

00:10:35,229 --> 00:10:31,309

the percentage of cases that were

181

00:10:39,549 --> 00:10:35,239

resolved between yourself and Wilford or

182

00:10:45,999 --> 00:10:39,559

just yourself regarding the special

183

00:10:48,609 --> 00:10:46,009

cases was or are they still open what

184

00:10:51,789 --> 00:10:48,619

what are what's the status of Hope Oh a

185

00:10:55,689 --> 00:10:51,799

lot of those cases were what we call

186

00:10:59,340 --> 00:10:55,699

administrative and closed we're talking

187

00:11:03,970 --> 00:10:59,350

over a period of ten years and these are

188

00:11:07,239 --> 00:11:03,980

kind of like the major cases other

189

00:11:12,669 --> 00:11:07,249

Rangers had involved the lesser cases so

190

00:11:14,499 --> 00:11:12,679

they were all being investigated but for

191

00:11:18,489 --> 00:11:14,509

the major cases I would say that there

192

00:11:24,900 --> 00:11:18,499

were probably about 80 okay okay

193

00:11:27,100 --> 00:11:24,910

and percentage-wise yeah there wasn't

194

00:11:33,009 --> 00:11:27,110

there wasn't a whole lot of them that

195

00:11:38,019 --> 00:11:33,019

were solved we did manage to solve one

196

00:11:43,170 --> 00:11:38,029

that I can actually relate and in this

197

00:11:47,579 --> 00:11:43,180

case we had a a woman

198

00:11:51,210 --> 00:11:47,589

who was she had come back from from

199

00:11:54,450 --> 00:11:51,220

family out in San Francisco in

200

00:11:57,750 --> 00:11:54,460

California and she moved back because

201
00:12:01,320 --> 00:11:57,760
she inherited some land and that land

202
00:12:05,190 --> 00:12:01,330
had a Hogan on it and she's living on a

203
00:12:08,130 --> 00:12:05,200
border town so it sits right on the

204
00:12:15,930 --> 00:12:08,140
reservation line before you get to the

205
00:12:21,480 --> 00:12:15,940
town she started experiencing bundles

206
00:12:27,000 --> 00:12:21,490
left on on her area there the hold on

207
00:12:31,079 --> 00:12:27,010
itself had broken windows no door on it

208
00:12:33,390 --> 00:12:31,089
the roof was needing a repair and after

209
00:12:38,870 --> 00:12:33,400
she moved back she started seeing what

210
00:12:41,910 --> 00:12:38,880
she called skinwalker activity she

211
00:12:46,470 --> 00:12:41,920
contacted the State Police the county

212
00:12:52,740 --> 00:12:46,480
the city even the Navajo police nobody

213
00:12:55,500 --> 00:12:52,750

wanted to take her case and we went out

214

00:13:00,120 --> 00:12:55,510

there and did the investigation and me

215

00:13:02,760 --> 00:13:00,130

and Stan started tracking that area as

216

00:13:06,510 --> 00:13:02,770

we tracked it we observed that there

217

00:13:09,900 --> 00:13:06,520

were at least six individuals that were

218

00:13:14,040 --> 00:13:09,910

walking around on the trail behind her

219

00:13:17,730 --> 00:13:14,050

place so you know what we ended up

220

00:13:22,140 --> 00:13:17,740

determining was that these guys were

221

00:13:26,120 --> 00:13:22,150

actually a bunch of transients that had

222

00:13:28,740 --> 00:13:26,130

been using her Hogan as a place to stay

223

00:13:33,840 --> 00:13:28,750

during the wintertime or inclement

224

00:13:39,360 --> 00:13:33,850

weather and they would go to town excuse

225

00:13:43,230 --> 00:13:39,370

me they would go to town and they would

226

00:13:45,360 --> 00:13:43,240

buy their alcohol and go back there and

227

00:13:48,800 --> 00:13:45,370

drink it and they'd have a nice place to

228

00:13:51,960 --> 00:13:48,810

you know even with no windows and door

229

00:13:56,940 --> 00:13:51,970

it was a place to sleep and get in out

230

00:14:01,100 --> 00:13:56,950

of the weather so after we told her this

231

00:14:06,930 --> 00:14:01,110

she we told her somebody's mimicking

232

00:14:10,680 --> 00:14:06,940

what you would see and we didn't hear

233

00:14:12,600 --> 00:14:10,690

anything more from her after that couple

234

00:14:16,199 --> 00:14:12,610

months later she called our department

235

00:14:18,949 --> 00:14:16,209

and she was in tears and she told us

236

00:14:23,150 --> 00:14:18,959

that nobody else would listen to me

237

00:14:26,790 --> 00:14:23,160

everybody just you know cast me off and

238

00:14:29,430 --> 00:14:26,800

because you guys came out there and did

239

00:14:34,530 --> 00:14:29,440

the investigation and found out that it

240

00:14:37,620 --> 00:14:34,540

was a fraud then because of that she

241

00:14:40,199 --> 00:14:37,630

says my house is fixed up and I'm not

242

00:14:45,930 --> 00:14:40,209

having any visitations anymore and she

243

00:14:50,550 --> 00:14:45,940

just wanted to call the dankus I see so

244

00:14:55,019 --> 00:14:50,560

regarding the code all the cases you and

245

00:14:55,710 --> 00:14:55,029

Stan had in their totality would you say

246

00:14:58,170 --> 00:14:55,720

that

247

00:15:02,730 --> 00:14:58,180

aside from prosaic you know ordinary

248

00:15:04,829 --> 00:15:02,740

explanations that there was some a high

249

00:15:10,800 --> 00:15:04,839

percentage a certain percentage of an

250

00:15:21,990 --> 00:15:10,810

unknown natural phenomenon or a familiar

251

00:15:24,150 --> 00:15:22,000

phenomenon in in a lot of our cases we

252

00:15:29,389 --> 00:15:24,160

closed them administrative leave but

253

00:15:34,880 --> 00:15:29,399

they remain open with no explanation

254

00:15:38,490 --> 00:15:34,890

we've had a lot of UFO cases those cases

255

00:15:41,519 --> 00:15:38,500

after I mean a lot of them are just fly

256

00:15:44,460 --> 00:15:41,529

overs or flybys is what we classify them

257

00:15:48,780 --> 00:15:44,470

is a bunch of people see lights in the

258

00:15:51,630 --> 00:15:48,790

sky they take photographs they have some

259

00:15:54,889 --> 00:15:51,640

type of documentary evidence rather than

260

00:16:02,090 --> 00:15:54,899

that there's there's really nothing

261

00:16:05,939 --> 00:16:02,100

we've seen unknown craft on our own and

262

00:16:08,759 --> 00:16:05,949

on numerous occasions and we have no

263

00:16:10,530 --> 00:16:08,769

explanation for them tell us a little

264

00:16:14,340 --> 00:16:10,540

bit more about that John the young

265

00:16:17,580 --> 00:16:14,350

crafts that you saw yourself well we've

266

00:16:21,110 --> 00:16:17,590

I've seen cigar-shaped craft that was

267

00:16:24,480 --> 00:16:21,120

probably about maybe 200 yards long

268

00:16:28,440 --> 00:16:24,490

flying very very low maybe about a

269

00:16:31,440 --> 00:16:28,450

hundred feet over over the landscape in

270

00:16:36,200 --> 00:16:31,450

the middle of the night this thing had

271

00:16:39,570 --> 00:16:36,210

one almost like a spotlight but it was a

272

00:16:43,170 --> 00:16:39,580

collimated beam is what I would call it

273

00:16:50,580 --> 00:16:43,180

almost like a laser where it was shining

274

00:16:54,150 --> 00:16:50,590

down white but it didn't diffuse as it

275

00:16:57,900 --> 00:16:54,160

was flying it had a really heavy engine

276

00:17:02,250 --> 00:16:57,910

sound you know just like a an engine

277

00:17:04,770 --> 00:17:02,260

that's really you know like you would

278

00:17:10,770 --> 00:17:04,780

you would think of with a train engine

279

00:17:14,310 --> 00:17:10,780

or a ship engine we've seen gifts we see

280

00:17:16,770 --> 00:17:14,320

in orbs I've had one follow me for for

281

00:17:20,880 --> 00:17:16,780

about 40 minutes while I was on the

282

00:17:25,910 --> 00:17:20,890

highway it was a green orb that followed

283

00:17:30,000 --> 00:17:25,920

me between Indian Wells all the way to

284

00:17:34,380 --> 00:17:30,010

pass deep route 87 junction in route 15

285

00:17:36,300 --> 00:17:34,390

and that one was following behind my

286

00:17:39,840 --> 00:17:36,310

vehicle for about half of the way and

287

00:17:44,850 --> 00:17:39,850

then veered off or over the landscape

288

00:17:48,480 --> 00:17:44,860

over the fencing and started going along

289

00:17:52,050 --> 00:17:48,490

the Mesa tops and it turned from green

290

00:17:56,070 --> 00:17:52,060

to red and really gave me an uneasy

291

00:17:58,620 --> 00:17:56,080

feeling at that time this was about two

292

00:18:01,830 --> 00:17:58,630

o'clock in the morning coming back from

293

00:18:04,050 --> 00:18:01,840

a Bigfoot investigation now did you

294

00:18:05,940 --> 00:18:04,060

follow up on that to see if either it

295

00:18:07,710 --> 00:18:05,950

was some kind of a unknown or

296

00:18:10,860 --> 00:18:07,720

experimental aircraft or anything like

297

00:18:13,340 --> 00:18:10,870

that or did you just kind of let it go

298

00:18:15,840 --> 00:18:13,350

I just want to let it go this thing and

299

00:18:19,320 --> 00:18:15,850

it couldn't have been an experimental

300

00:18:22,110 --> 00:18:19,330

aircraft because it was maybe about four

301
00:18:25,010 --> 00:18:22,120
feet off the ground following me you can

302
00:18:29,010 --> 00:18:25,020
see the the green light underneath it

303
00:18:31,470 --> 00:18:29,020
and it was totally silent and when it

304
00:18:35,880 --> 00:18:31,480
went off of the road out across the

305
00:18:37,800 --> 00:18:35,890
landscape it again there's there's no

306
00:18:41,270 --> 00:18:37,810
roads where it went it just made a

307
00:18:46,860 --> 00:18:41,280
straight line that where the mesas are

308
00:18:48,660 --> 00:18:46,870
so that one was was very strange the of

309
00:18:52,890 --> 00:18:48,670
course the night before the Phoenix

310
00:18:56,430 --> 00:18:52,900
lights being my family saw a bunch of

311
00:18:59,280 --> 00:18:56,440
lights circling Luke and these were

312
00:19:00,860 --> 00:18:59,290
about seven seven lights that were

313
00:19:03,630 --> 00:19:00,870

circling in a counterclockwise direction

314

00:19:06,210 --> 00:19:03,640

around our community

315

00:19:11,540 --> 00:19:06,220

they were seen from Cameron from to the

316

00:19:15,390 --> 00:19:11,550

city from coal mine Mesa from the Hopi

317

00:19:20,490 --> 00:19:15,400

villages all the way around the bell

318

00:19:22,140 --> 00:19:20,500

calm and even down toward Winslow okay

319

00:19:24,240 --> 00:19:22,150

and now for the foot out for the folks

320

00:19:26,940 --> 00:19:24,250

we've got listeners all around the world

321

00:19:30,330 --> 00:19:26,950

might not be familiar with the geography

322

00:19:33,450 --> 00:19:30,340

there where where do these things take

323

00:19:40,290 --> 00:19:33,460

place relative to Phoenix are you north

324

00:19:43,620 --> 00:19:40,300

or this is from Flagstaff Arizona

325

00:19:48,590 --> 00:19:43,630

these are all northeast of there about

326

00:19:54,090 --> 00:19:48,600

50 miles and all those areas are about

327

00:19:58,380 --> 00:19:54,100

50 to 70 miles away from I'd say about

328

00:20:02,340 --> 00:19:58,390

50 miles away from from from Luke where

329

00:20:06,750 --> 00:20:02,350

I live and we watch these things

330

00:20:10,490 --> 00:20:06,760

circling for about 30 to 40 minutes it

331

00:20:13,170 --> 00:20:10,500

it was a whole community thing I mean

332

00:20:15,360 --> 00:20:13,180

people who are actually taking turning

333

00:20:18,060 --> 00:20:15,370

out the lights of their houses bringing

334

00:20:19,770 --> 00:20:18,070

lawn chairs out and sitting there in a

335

00:20:21,940 --> 00:20:19,780

talking about these things flying around

336

00:20:26,440 --> 00:20:21,950

us

337

00:20:28,630 --> 00:20:26,450

and we thought that the video cameras

338

00:20:33,640 --> 00:20:28,640

the press everybody else is going to be

339

00:20:36,430 --> 00:20:33,650

up there just floating our community the

340

00:20:39,430 --> 00:20:36,440

very next day and the very next day the

341

00:20:44,620 --> 00:20:39,440

Phoenix lights took place and just kind

342

00:20:48,580 --> 00:20:44,630

of totally eclipsed all the information

343

00:20:50,290 --> 00:20:48,590

of what we saw up there did you get any

344

00:20:53,700 --> 00:20:50,300

video or photographs or anything like

345

00:20:57,400 --> 00:20:53,710

that would that your folks saw up there

346

00:21:02,740 --> 00:20:57,410

yeah I actually had a video camera on a

347

00:21:07,750 --> 00:21:02,750

tripod i videotaped it for as long as I

348

00:21:12,220 --> 00:21:07,760

could and at the end of that two weeks

349

00:21:14,920 --> 00:21:12,230

later a guy named Greg showed up

350

00:21:19,630 --> 00:21:14,930

from he said he was from Grant's New

351
00:21:23,770 --> 00:21:19,640
Mexico and he asked me if he could have

352
00:21:28,030 --> 00:21:23,780
the videotape to do a scientific

353
00:21:29,650 --> 00:21:28,040
analysis he disappeared you know law

354
00:21:33,040 --> 00:21:29,660
enforcement officer you're trying to be

355
00:21:34,690 --> 00:21:33,050
helpful and I said sure you know he

356
00:21:38,280 --> 00:21:34,700
disappeared with the tape and I never

357
00:21:42,310 --> 00:21:38,290
saw it again I did have a copy of it and

358
00:21:47,620 --> 00:21:42,320
that copy has since disappeared or been

359
00:21:52,180 --> 00:21:47,630
destroyed so it can't really can't

360
00:21:54,610 --> 00:21:52,190
really go back there I did call it to

361
00:21:57,160 --> 00:21:54,620
the County Sheriff's Department that

362
00:22:00,370 --> 00:21:57,170
night and asked them if they had anybody

363
00:22:02,320 --> 00:22:00,380

on the north end from Flagstaff that

364

00:22:05,680 --> 00:22:02,330

could verify something that I was seeing

365

00:22:10,150 --> 00:22:05,690

and the dispatcher says no we don't have

366

00:22:14,050 --> 00:22:10,160

any officers you know where what's your

367

00:22:17,170 --> 00:22:14,060

what's your traffic and I just at that

368

00:22:18,700 --> 00:22:17,180

time we weren't investigating these

369

00:22:21,880 --> 00:22:18,710

things all those these things were

370

00:22:28,000 --> 00:22:21,890

happening all the time so I just said

371

00:22:31,960 --> 00:22:28,010

never mind now I'm guessing that this is

372

00:22:33,080 --> 00:22:31,970

a more rural area and that way the law

373

00:22:35,060 --> 00:22:33,090

enforcement is

374

00:22:36,710 --> 00:22:35,070

generally a Sheriff's Department but a

375

00:22:38,270 --> 00:22:36,720

lot of these towns are small enough they

376

00:22:41,570 --> 00:22:38,280

don't have their own Police Department's

377

00:22:47,530 --> 00:22:41,580

is that about right that's right the the

378

00:22:52,040 --> 00:22:47,540

Navajo Reservation approximately 400

379

00:22:56,930 --> 00:22:52,050

police officers in seven police

380

00:23:02,180 --> 00:22:56,940

districts across you know that land the

381

00:23:04,160 --> 00:23:02,190

Naville Rangers at the time we had 15 so

382

00:23:08,830 --> 00:23:04,170

we were basically uniformed criminal

383

00:23:12,740 --> 00:23:08,840

investigators the county does not really

384

00:23:15,950 --> 00:23:12,750

have officers stationed to respond up on

385

00:23:18,020 --> 00:23:15,960

the reservation unless it involves an

386

00:23:22,430 --> 00:23:18,030

Anglo that a crimes been committed

387

00:23:26,300 --> 00:23:22,440

against so there's there's what they

388

00:23:28,220 --> 00:23:26,310

call concurrent jurisdiction but for the

389

00:23:30,860 --> 00:23:28,230

most part we don't see too much of

390

00:23:34,400 --> 00:23:30,870

County well that's a pretty good-sized

391

00:23:36,680 --> 00:23:34,410

crew 400 I now near where I live in

392

00:23:40,580 --> 00:23:36,690

suburban Philadelphia you might have a

393

00:23:43,400 --> 00:23:40,590

course of I don't know 75 or 80 police

394

00:23:45,980 --> 00:23:43,410

officers for a town or maybe us you know

395

00:23:48,650 --> 00:23:45,990

a good sized Township like 15,000 people

396

00:23:55,250 --> 00:23:48,660

so what's that what's the population

397

00:23:58,990 --> 00:23:55,260

that those 400 officers cover cover the

398

00:24:04,160 --> 00:23:59,000

entire Navajo Nation 27,000 square miles

399

00:24:05,570 --> 00:24:04,170

so there's seven major cities on the

400

00:24:08,900 --> 00:24:05,580

reservation and that's where those

401
00:24:12,410 --> 00:24:08,910
officers are based out of like I said

402
00:24:15,830 --> 00:24:12,420
for the Rangers we only had 15 so we

403
00:24:23,690 --> 00:24:15,840
were very very small and we just looked

404
00:24:30,230 --> 00:24:26,840
J okay yes yeah I wouldn't wanted to

405
00:24:35,750 --> 00:24:30,240
actually ask was it appears as though

406
00:24:39,610 --> 00:24:35,760
the UFO phenomenon can materialize and

407
00:24:43,550 --> 00:24:39,620
dematerialize and it says if it's

408
00:24:47,570 --> 00:24:43,560
involved in possibly other real

409
00:24:53,240 --> 00:24:47,580
realities are dimensions that exist

410
00:24:56,680 --> 00:24:53,250
along with art so want to know what is

411
00:25:06,010 --> 00:24:56,690
your hypothesis burgundy flow phenomena

412
00:25:09,860 --> 00:25:06,020
what is it in 2012

413
00:25:15,520 --> 00:25:09,870

we spoke at the International UFO

414

00:25:22,100 --> 00:25:15,530

Congress and down in near Phoenix and

415

00:25:24,140 --> 00:25:22,110

during that time we hypothesize that a

416

00:25:28,840 --> 00:25:24,150

lot of these cases in our estimation

417

00:25:34,460 --> 00:25:28,850

were related to string theory the idea

418

00:25:38,930 --> 00:25:34,470

of other dimensions either parallel

419

00:25:45,110 --> 00:25:38,940

dimensions that were coexisting with

420

00:25:47,420 --> 00:25:45,120

ours that these dimensions could could

421

00:25:54,620 --> 00:25:47,430

be an infinite number there could be you

422

00:25:58,970 --> 00:25:54,630

know 10 or 12 nobody really knows and at

423

00:26:01,070 --> 00:25:58,980

the time we were the probably the only

424

00:26:05,210 --> 00:26:01,080

ones that were speaking about this

425

00:26:08,240 --> 00:26:05,220

subject and we brought in we were able

426

00:26:13,640 --> 00:26:08,250

to link up the idea of hauntings and

427

00:26:19,250 --> 00:26:13,650

ghosts the idea of the skinwalker

428

00:26:22,310 --> 00:26:19,260

traveling at incredible speeds and being

429

00:26:27,820 --> 00:26:22,320

able to run as fast as vehicles could

430

00:26:33,090 --> 00:26:27,830

drive and the idea that big Bigfoot

431

00:26:36,909 --> 00:26:33,100

would suddenly appear and then disappear

432

00:26:40,359 --> 00:26:36,919

we've chopped him both directions we've

433

00:26:44,560 --> 00:26:40,369

trapped him from where he came to where

434

00:26:49,090 --> 00:26:44,570

he went and stopped and in both cases

435

00:26:51,729 --> 00:26:49,100

when we're tracking the footprints the

436

00:26:55,149 --> 00:26:51,739

tracks would just appear in trackable

437

00:26:57,940 --> 00:26:55,159

ground and they would disappear also in

438

00:26:59,619 --> 00:26:57,950

trackable ground and would never

439

00:27:04,019 --> 00:26:59,629

reappear anymore

440

00:27:08,769 --> 00:27:04,029

so we hypothesize that he was popping in

441

00:27:11,590 --> 00:27:08,779

to our reality from somewhere else at

442

00:27:15,249 --> 00:27:11,600

the same time this is really not a new

443

00:27:18,009 --> 00:27:15,259

theory the Navajos themselves believe

444

00:27:21,970 --> 00:27:18,019

that they came in their creation story

445

00:27:24,070 --> 00:27:21,980

along with many other Indian tribes that

446

00:27:28,359 --> 00:27:24,080

they came from somewhere else

447

00:27:30,970 --> 00:27:28,369

and they in the case of a Navajos they

448

00:27:35,220 --> 00:27:30,980

came through several different worlds a

449

00:27:39,669 --> 00:27:35,230

world of darkness an aquatic world a

450

00:27:42,729 --> 00:27:39,679

world of insects and giants and coming

451
00:27:47,619 --> 00:27:42,739
out into this world which they said that

452
00:27:52,930 --> 00:27:47,629
they climbed through a hole from one

453
00:27:54,999 --> 00:27:52,940
place to the other by Reed and managed

454
00:27:59,649 --> 00:27:55,009
to get all the people into the what they

455
00:28:01,359 --> 00:27:59,659
call the shining world now so we started

456
00:28:05,710 --> 00:28:01,369
looking at all this and it's the only

457
00:28:10,060 --> 00:28:05,720
real thing that explains how UFOs can

458
00:28:13,989 --> 00:28:10,070
suddenly seem to pop in to our plane of

459
00:28:21,430 --> 00:28:13,999
existence and then just either disappear

460
00:28:25,359 --> 00:28:21,440
or fade you can't see him anymore right

461
00:28:30,820 --> 00:28:25,369
so despite worldwide radar systems and

462
00:28:35,550 --> 00:28:30,830
Earth orbiting satellites UFO s the UFO

463
00:28:38,860 --> 00:28:35,560

phenomenon appears to leave little to no

464

00:28:42,010 --> 00:28:38,870

well the UFO phenomenon does leave a

465

00:28:43,030 --> 00:28:42,020

tower evidence when they're here in

466

00:28:48,490 --> 00:28:43,040

distress

467

00:28:52,060 --> 00:28:48,500

but despite radar equipment we don't

468

00:28:58,780 --> 00:28:52,070

always catch him I guess isn't right

469

00:29:03,010 --> 00:28:58,790

they during the oh one was a 1970s the

470

00:29:05,890 --> 00:29:03,020

the government actually had a program

471

00:29:11,530 --> 00:29:05,900

based out of Colorado where they were

472

00:29:14,470 --> 00:29:11,540

actually scrambling fighter jets there's

473

00:29:17,800 --> 00:29:14,480

a very interesting book called shoot

474

00:29:22,150 --> 00:29:17,810

them down I don't remember who it was

475

00:29:25,450 --> 00:29:22,160

written by after Frank Ficino Lisa's

476
00:29:29,560 --> 00:29:25,460
last name the but the book details how

477
00:29:33,510 --> 00:29:29,570
they were flying these missions in an

478
00:29:37,270 --> 00:29:33,520
attempt to shoot these UFOs down and

479
00:29:41,350 --> 00:29:37,280
sometime later on the the pilots became

480
00:29:44,880 --> 00:29:41,360
basically basket cases had to be taken

481
00:29:48,550 --> 00:29:44,890
off of fly status because they were so

482
00:29:52,360 --> 00:29:48,560
overwhelmed by this we saw the same

483
00:29:56,350 --> 00:29:52,370
thing in the Phoenix lights case two

484
00:29:59,860 --> 00:29:56,360
f-16 eagles were scrambled when they got

485
00:30:04,540 --> 00:29:59,870
back one of the pilots literally had to

486
00:30:07,210 --> 00:30:04,550
be picked up and pulled out of this

487
00:30:12,640 --> 00:30:07,220
airplane because he was in such a deep

488
00:30:14,260 --> 00:30:12,650

state of shock somebody made a phone

489

00:30:16,300 --> 00:30:14,270

call and said they're going to lock the

490

00:30:19,870 --> 00:30:16,310

base down and order us not to talk about

491

00:30:23,260 --> 00:30:19,880

it so I'm going to make this call now so

492

00:30:25,600 --> 00:30:23,270

there's that there were two two planes

493

00:30:29,290 --> 00:30:25,610

that were scrambled and encountered this

494

00:30:32,770 --> 00:30:29,300

object at 10,000 feet or as in military

495

00:30:36,190 --> 00:30:32,780

parlance angels can

496

00:30:39,520 --> 00:30:36,200

okay I just let our listeners know which

497

00:30:41,050 --> 00:30:39,530

book John was referencing and Frank

498

00:30:43,780 --> 00:30:41,060

actually said the name of the author of

499

00:30:45,820 --> 00:30:43,790

the book but I don't think anybody and

500

00:30:48,520 --> 00:30:45,830

that is the title is shoot them down

501
00:30:51,400 --> 00:30:48,530
just as John said the rest of the title

502
00:30:54,490 --> 00:30:51,410
is a flying saucer or worse of 1952

503
00:30:59,500 --> 00:30:54,500
which was written by Frank C fascino jr.

504
00:31:01,930 --> 00:30:59,510
which is FPS thi and oh dear and the

505
00:31:03,490 --> 00:31:01,940
foreword was written by nuclear

506
00:31:10,900 --> 00:31:03,500
physicist Stanton Friedman

507
00:31:15,430 --> 00:31:10,910
was gonna ask you John the problem what

508
00:31:18,730 --> 00:31:15,440
possible imagining things about the UFO

509
00:31:22,990 --> 00:31:18,740
phenomenon are the astronomical

510
00:31:26,920 --> 00:31:23,000
distances these crafts may have to

511
00:31:30,400 --> 00:31:26,930
traverse in order to get us so are they

512
00:31:31,930 --> 00:31:30,410
living that's why they're always here

513
00:31:34,030 --> 00:31:31,940

where do you think they're going

514

00:31:36,820 --> 00:31:34,040

interstellar or they're going long

515

00:31:40,300 --> 00:31:36,830

distances to make it to our planet

516

00:31:43,750 --> 00:31:40,310

what's going on we think that they're

517

00:31:46,360 --> 00:31:43,760

pan-dimensional beings that they exist

518

00:31:47,970 --> 00:31:46,370

in a different dimension that coexist

519

00:31:51,640 --> 00:31:47,980

with our own

520

00:31:55,540 --> 00:31:51,650

we don't see them because they actually

521

00:31:59,890 --> 00:31:55,550

exist at a different frequency than we

522

00:32:04,540 --> 00:31:59,900

do and there's a lot of information out

523

00:32:07,120 --> 00:32:04,550

there as far as frequencies being used

524

00:32:12,310 --> 00:32:07,130

such as the Philadelphia Experiment that

525

00:32:16,690 --> 00:32:12,320

was using sound generators or electrical

526

00:32:18,550 --> 00:32:16,700

generators to change frequency so

527

00:32:20,980 --> 00:32:18,560

there's there's a lot of research still

528

00:32:23,860 --> 00:32:20,990

being done there's they're using

529

00:32:27,610 --> 00:32:23,870

frequencies for riot control that are

530

00:32:31,540 --> 00:32:27,620

available to police departments that'll

531

00:32:35,010 --> 00:32:31,550

make you sick and as we know there are

532

00:32:38,650 --> 00:32:35,020

these attacks of US embassy personnel

533

00:32:41,600 --> 00:32:38,660

using different types of frequencies

534

00:32:46,620 --> 00:32:41,610

that's causing brain damage

535

00:32:51,440 --> 00:32:46,630

okay so I understood and I heard what

536

00:33:01,560 --> 00:32:51,450

you said but do you think some of this

537

00:33:06,510 --> 00:33:01,570

topic not time travel at all it could

538

00:33:08,760 --> 00:33:06,520

very well be we like to think that we're

539

00:33:12,510 --> 00:33:08,770

the smartest kids up the block because

540

00:33:17,040 --> 00:33:12,520

we have digital launches and you know we

541

00:33:19,310 --> 00:33:17,050

really are just because we don't have

542

00:33:23,250 --> 00:33:19,320

time travel doesn't mean that other

543

00:33:27,020 --> 00:33:23,260

places or civilizations already have it

544

00:33:29,910 --> 00:33:27,030

and if you really think about it a

545

00:33:34,710 --> 00:33:29,920

hundred years ago we didn't believe man

546

00:33:36,690 --> 00:33:34,720

could fly you know and then or over a

547

00:33:39,450 --> 00:33:36,700

hundred years ago and then here come the

548

00:33:43,950 --> 00:33:39,460

Wright brothers with their with their

549

00:33:49,170 --> 00:33:43,960

aircraft so it wasn't it was just

550

00:33:51,960 --> 00:33:49,180

shortly after that that you know we we

551
00:33:53,940 --> 00:33:51,970
had aircraft and we're flying around and

552
00:33:56,130 --> 00:33:53,950
what's the first thing we did with it we

553
00:34:00,900 --> 00:33:56,140
strapped guns to it and shot each other

554
00:34:02,760 --> 00:34:00,910
down in World War one I really think

555
00:34:08,000 --> 00:34:02,770
that we have a long way to go as a

556
00:34:11,940 --> 00:34:08,010
species that were we way too violent and

557
00:34:16,380 --> 00:34:11,950
you know our idea of politics is to kill

558
00:34:20,700 --> 00:34:16,390
and you know therefore win you know my

559
00:34:26,760 --> 00:34:20,710
own people on both the Plains tribes and

560
00:34:31,200 --> 00:34:26,770
the Navajos were subjected to a period

561
00:34:34,380 --> 00:34:31,210
of literal genocide where they tried to

562
00:34:40,399 --> 00:34:34,390
destroy us as a people and yet we

563
00:34:43,440 --> 00:34:40,409

survived so you know I don't think we're

564

00:34:45,270 --> 00:34:43,450

we're in a position to learn about time

565

00:34:47,580 --> 00:34:45,280

travel or any of this thing I think

566

00:34:51,149 --> 00:34:47,590

aliens have probably loved to giveth

567

00:34:54,060 --> 00:34:51,159

give us all this stuff that we would be

568

00:34:56,250 --> 00:34:54,070

very irresponsible with it

569

00:34:59,040 --> 00:34:56,260

right it would be like pearls before

570

00:35:00,800 --> 00:34:59,050

swine so I have one question to ask you

571

00:35:03,980 --> 00:35:00,810

and then another one right after that

572

00:35:06,000 --> 00:35:03,990

absolutely yeah the question I have is

573

00:35:07,200 --> 00:35:06,010

let me go ahead and preface my question

574

00:35:12,030 --> 00:35:07,210

with this statement

575

00:35:15,030 --> 00:35:12,040

NASA considers the study of I I think

576

00:35:17,340 --> 00:35:15,040

the et topic it's irrelevant

577

00:35:21,270 --> 00:35:17,350

because of the number of possible false

578

00:35:24,800 --> 00:35:21,280

leads that study or research on it would

579

00:35:28,500 --> 00:35:24,810

provide and the limited amount of usable

580

00:35:32,100 --> 00:35:28,510

scientific data that it it it it could

581

00:35:35,030 --> 00:35:32,110

not yield so why do you think the

582

00:35:39,060 --> 00:35:35,040

government the US government felt like

583

00:35:43,100 --> 00:35:39,070

yourself and span Milford jr. could

584

00:35:45,840 --> 00:35:43,110

yield anything of any value

585

00:35:51,180 --> 00:35:45,850

regarding the topics that you all had to

586

00:35:54,660 --> 00:35:51,190

research well we know that there's a lot

587

00:35:57,540 --> 00:35:54,670

of curiosity by the government during

588

00:36:00,150 --> 00:35:57,550

several investigations we had over

589

00:36:03,870 --> 00:36:00,160

flights of black helicopters that were

590

00:36:07,470 --> 00:36:03,880

unmarked that flew over the areas where

591

00:36:16,440 --> 00:36:07,480

we had key active cases take place

592

00:36:17,520 --> 00:36:16,450

we had military John you break it up a

593

00:36:19,860 --> 00:36:17,530

little bit there I don't know if you can

594

00:36:22,710 --> 00:36:19,870

hear me or not personnel that were

595

00:36:26,790 --> 00:36:22,720

really out of place and we've trained

596

00:36:32,430 --> 00:36:26,800

with with a lot of Berber grayza force

597

00:36:33,810 --> 00:36:32,440

people maybe seals PGA's just all

598

00:36:38,220 --> 00:36:33,820

different kinds of Special Forces

599

00:36:40,380 --> 00:36:38,230

operators and in weapons schools and so

600

00:36:45,270 --> 00:36:40,390

we know the type we know what they look

601
00:36:49,620 --> 00:36:45,280
like how they act how they dress even

602
00:36:51,660 --> 00:36:49,630
our Secret Service people and we saw

603
00:36:56,750 --> 00:36:51,670
quite a few of those come onto the

604
00:37:01,290 --> 00:36:59,640
interject John but when I had the

605
00:37:03,860 --> 00:37:01,300
privilege of interviewing you very

606
00:37:06,380 --> 00:37:03,870
briefly at the Phoenix lights

607
00:37:09,680 --> 00:37:06,390
events that dr. Lynn khatai held in

608
00:37:12,500 --> 00:37:09,690
Phoenix Arizona last year you were

609
00:37:16,010 --> 00:37:12,510
talking about this topic and it is so

610
00:37:17,530 --> 00:37:16,020
fascinating can you can you just share a

611
00:37:20,780 --> 00:37:17,540
little bit more information about how

612
00:37:22,820 --> 00:37:20,790
there were government personnel from

613
00:37:26,150 --> 00:37:22,830

various capacities you know different

614

00:37:29,990 --> 00:37:26,160

job titles going onto the reservation

615

00:37:35,660 --> 00:37:30,000

study the very topics you in and we're

616

00:37:39,170 --> 00:37:35,670

signed or preservation well first off we

617

00:37:42,700 --> 00:37:39,180

weren't really researching it per se we

618

00:37:45,800 --> 00:37:42,710

were investigating it because we had a

619

00:37:49,910 --> 00:37:45,810

victim somebody that said hey this is

620

00:37:51,470 --> 00:37:49,920

happening can you help me and we had

621

00:37:53,270 --> 00:37:51,480

some people that were very very

622

00:37:57,290 --> 00:37:53,280

frightened especially when it came to

623

00:38:00,110 --> 00:37:57,300

Bigfoot cases and so part of her job was

624

00:38:02,390 --> 00:38:00,120

to go and conduct a professional

625

00:38:05,870 --> 00:38:02,400

investigation and let them know that

626
00:38:08,060 --> 00:38:05,880
somebody cared enough about them to come

627
00:38:12,920 --> 00:38:08,070
out there especially when it's a grandma

628
00:38:16,070 --> 00:38:12,930
and a grandpa but yeah we we had quite a

629
00:38:19,640 --> 00:38:16,080
quite a bit in fact after one of our

630
00:38:23,980 --> 00:38:19,650
major cases involving a UFO landing we

631
00:38:26,840 --> 00:38:23,990
an occupant sighting we actually had a

632
00:38:29,920 --> 00:38:26,850
marquee on the local hotel there in

633
00:38:35,000 --> 00:38:29,930
Window Rock that said welcome NASA

634
00:38:38,120 --> 00:38:35,010
scientists we contacted MUFON who

635
00:38:41,180 --> 00:38:38,130
contacted some people they know and we

636
00:38:44,720 --> 00:38:41,190
found out that there was no NASA

637
00:38:48,020 --> 00:38:44,730
scientist convention on the reservation

638
00:38:52,550 --> 00:38:48,030

and the very next day that Markey was

639

00:38:53,800 --> 00:38:52,560

taken down so we know that there was a

640

00:38:57,320 --> 00:38:53,810

lot of interest

641

00:39:01,190 --> 00:38:57,330

we even had government type military

642

00:39:04,040 --> 00:39:01,200

type officials showing up at our at our

643

00:39:06,470 --> 00:39:04,050

talks at our at the different

644

00:39:09,170 --> 00:39:06,480

conventions and we got to the point

645

00:39:11,570 --> 00:39:09,180

where they would come in after we

646

00:39:14,120 --> 00:39:11,580

started would sit down and with a

647

00:39:16,400 --> 00:39:14,130

clipboard and be taking notes and then

648

00:39:16,790 --> 00:39:16,410

they would get up before we finished and

649

00:39:19,790 --> 00:39:16,800

walk

650

00:39:21,860 --> 00:39:19,800

and so we started giving them a shout

651
00:39:26,330 --> 00:39:21,870
out to any military personnel that were

652
00:39:28,220 --> 00:39:26,340
there to take notes on us kiss our way

653
00:39:28,970 --> 00:39:28,230
of acknowledging that that this was

654
00:39:31,910 --> 00:39:28,980
going on

655
00:39:34,340 --> 00:39:31,920
right that was your nod to them what it

656
00:39:37,730 --> 00:39:34,350
was also going to ask you wouldn't it be

657
00:39:41,000 --> 00:39:37,740
true to say that you saw possibly Green

658
00:39:42,920 --> 00:39:41,010
Beret or if you want to use the term men

659
00:39:45,020 --> 00:39:42,930
in black or whatever terms you might use

660
00:39:46,220 --> 00:39:45,030
to describe some of the government

661
00:39:48,530 --> 00:39:46,230
personnel that were out on the

662
00:39:50,680 --> 00:39:48,540
reservation with binoculars or various

663
00:39:53,960 --> 00:39:50,690

types of equipment to actually try and

664

00:39:56,330 --> 00:39:53,970

capture or study the things that you and

665

00:40:01,190 --> 00:39:56,340

Stan Milford investigated is that

666

00:40:05,590 --> 00:40:01,200

correct well we actually did work a

667

00:40:08,540 --> 00:40:05,600

couple of different cases directly with

668

00:40:12,440 --> 00:40:08,550

Bigelow Aerospace research investigators

669

00:40:17,930 --> 00:40:12,450

and they told us that Bob Bigelow at the

670

00:40:20,780 --> 00:40:17,940

time were was involved in aerospace he

671

00:40:24,290 --> 00:40:20,790

was building the habitat modules for the

672

00:40:28,190 --> 00:40:24,300

space station that were made out of

673

00:40:30,680 --> 00:40:28,200

Kevlar for micro meteorite strikes and

674

00:40:32,960 --> 00:40:30,690

they would pull these things up and take

675

00:40:35,330 --> 00:40:32,970

them up to the space dish and attach

676

00:40:40,160 --> 00:40:35,340

them and then here the mountain they

677

00:40:43,010 --> 00:40:40,170

tear up just like a balloon and so he

678

00:40:47,420 --> 00:40:43,020

has quite a big complex down to Las

679

00:40:50,780 --> 00:40:47,430

Vegas and he had hired Tech's special

680

00:40:56,860 --> 00:40:50,790

operators to to do his investigations

681

00:41:02,480 --> 00:40:56,870

for him as we know later on much of that

682

00:41:04,910 --> 00:41:02,490

22 to 24 million dollars that was put

683

00:41:07,190 --> 00:41:04,920

into the aerial threat identification

684

00:41:10,100 --> 00:41:07,200

program that the US government ran for

685

00:41:15,410 --> 00:41:10,110

about six years a lot of that went to

686

00:41:17,870 --> 00:41:15,420

Bigelow Aerospace research okay yeah we

687

00:41:21,590 --> 00:41:17,880

actually had a privilege of interviewing

688

00:41:23,960 --> 00:41:21,600

John Alexander Hugh head he headed the a

689

00:41:25,529 --> 00:41:23,970

project for a Bigelow at skinwalker

690

00:41:27,509 --> 00:41:25,539

ranch

691

00:41:31,109 --> 00:41:27,519

which anyway you know about that project

692

00:41:35,279 --> 00:41:31,119

very well wanted to move on to something

693

00:41:38,639 --> 00:41:35,289

else and ask you I have to to strange

694

00:41:43,919 --> 00:41:38,649

questions ask you let me go in let me

695

00:41:47,429 --> 00:41:43,929

start with this is there's an individual

696

00:41:50,999 --> 00:41:47,439

ice boat to recently them who is very

697

00:41:52,889 --> 00:41:51,009

high up in folk organization we're gonna

698

00:41:59,579 --> 00:41:52,899

have on our show here pretty soon

699

00:42:05,249 --> 00:41:59,589

I can't he told me that he felt the the

700

00:42:11,089 --> 00:42:05,259

ghost phenomenon ghosts and poltergeist

701
00:42:16,079 --> 00:42:11,099
activity is the result of Technology by

702
00:42:19,229 --> 00:42:16,089
to throw up humans so they do not know

703
00:42:20,309 --> 00:42:19,239
about their presence or if they're being

704
00:42:24,019 --> 00:42:20,319
abducted

705
00:42:30,419 --> 00:42:24,029
what is your input or reaction to that

706
00:42:34,559 --> 00:42:30,429
hypothesis okay are about the haunting

707
00:42:39,239 --> 00:42:34,569
phenomenons and we we have investigated

708
00:42:43,229 --> 00:42:39,249
these type of cases they're they're very

709
00:42:47,989 --> 00:42:43,239
very strange they tend to occur mainly

710
00:42:55,229 --> 00:42:47,999
around 3 to 3 10 a.m. in the morning and

711
00:42:59,279 --> 00:42:55,239
we we believe that and this is just our

712
00:43:03,329 --> 00:42:59,289
opinion so there there's not a whole lot

713
00:43:12,479 --> 00:43:03,339

of scientific data backing it up but our

714

00:43:15,959 --> 00:43:12,489

opinion is that these spectral apprecia

715

00:43:23,729 --> 00:43:15,969

my guess is what you would call them if

716

00:43:28,069 --> 00:43:23,739

in our thinking when you do all of us

717

00:43:31,639 --> 00:43:28,079

are composed of energy of some kind and

718

00:43:34,620 --> 00:43:31,649

when we die that energy goes somewhere

719

00:43:38,140 --> 00:43:34,630

those electrical impulses everything

720

00:43:41,579 --> 00:43:38,150

that makes us us goes somewhere

721

00:43:44,739 --> 00:43:41,589

and what we've seen is that this these

722

00:43:45,549 --> 00:43:44,749

energies can attach themselves to

723

00:43:54,720 --> 00:43:45,559

objects

724

00:43:59,700 --> 00:43:54,730

or geologic things like rocks and and

725

00:44:04,480 --> 00:43:59,710

continue to reside there in some way the

726

00:44:11,259 --> 00:44:07,299

we had one building that was built back

727

00:44:16,299 --> 00:44:11,269

in the 1920s and there was a lot of

728

00:44:20,589 --> 00:44:16,309

activity taking place at this place we

729

00:44:22,630 --> 00:44:20,599

saw the like laptop batteries flying

730

00:44:25,809 --> 00:44:22,640

across the room backing into the

731

00:44:29,730 --> 00:44:25,819

opposite wall Cheers moving by

732

00:44:34,210 --> 00:44:29,740

themselves people would hear screams

733

00:44:36,009 --> 00:44:34,220

people would be called on the phone at 3

734

00:44:40,900 --> 00:44:36,019

o'clock in the morning with their calls

735

00:44:42,549 --> 00:44:40,910

originating from that office and during

736

00:44:48,009 --> 00:44:42,559

that time when Stan was doing the

737

00:44:51,880 --> 00:44:48,019

investigation he had 64 coins

738

00:44:57,539 --> 00:44:51,890

nickels dimes quarters pennies over a

739

00:45:00,460 --> 00:44:57,549

two-night period from the from thin air

740

00:45:07,630 --> 00:45:00,470

come flying across the room actually hit

741

00:45:10,059 --> 00:45:07,640

people bounce roll spin and lend when

742

00:45:12,489 --> 00:45:10,069

they first started appearing he called

743

00:45:15,870 --> 00:45:12,499

me and he says what I do and I says well

744

00:45:18,220 --> 00:45:15,880

you're an investigator you have to

745

00:45:23,140 --> 00:45:18,230

photograph each one of them measure from

746

00:45:26,410 --> 00:45:23,150

two walls where it landed document

747

00:45:32,769 --> 00:45:26,420

everything and collect them at the end

748

00:45:34,839 --> 00:45:32,779

of the process we found out that every

749

00:45:38,400 --> 00:45:34,849

single one of these coins even though

750

00:45:45,309 --> 00:45:38,410

they bounced rolled and spun all landed

751

00:45:48,279 --> 00:45:45,319

heads up in our estimation as

752

00:45:51,040 --> 00:45:48,289

statistical impossibility that

753

00:45:55,300 --> 00:45:51,050

phenomenon has continued

754

00:45:58,680 --> 00:45:55,310

since then around around scam and when

755

00:46:01,510 --> 00:45:58,690

when I'm with him it happened those two

756

00:46:03,610 --> 00:46:01,520

you breath it's kind of followed us

757

00:46:05,370 --> 00:46:03,620

you're breaking up a little bit I did

758

00:46:08,490 --> 00:46:05,380

hear that last part what was this dis

759

00:46:10,510 --> 00:46:08,500

statistical improbability of the heads

760

00:46:16,060 --> 00:46:10,520

falling on heads the whole time

761

00:46:19,990 --> 00:46:16,070

regarding the coins sixty-four coins

762

00:46:21,310 --> 00:46:20,000

would land head stop what was what was

763

00:46:26,610 --> 00:46:21,320

the number for the statistical

764

00:46:35,400 --> 00:46:26,620

improbability of it sixty-four coins

765

00:46:39,040 --> 00:46:35,410

landing heads up should be roughly 32 32

766

00:46:41,350 --> 00:46:39,050

right okay so moving on there was a

767

00:46:44,290 --> 00:46:41,360

question I had to ask you that I've I've

768

00:46:47,230 --> 00:46:44,300

kind of been burning to ask you and that

769

00:46:49,000 --> 00:46:47,240

is so I'm gonna share a little bit of

770

00:46:52,270 --> 00:46:49,010

history and then I'll ask you the

771

00:46:57,960 --> 00:46:52,280

question the history is that on November

772

00:47:04,240 --> 00:46:57,970

27 1978 a lieutenant colonel Larry Coyne

773

00:47:07,870 --> 00:47:04,250

along with with J Allen Hynek address

774

00:47:10,300 --> 00:47:07,880

the UN Committee for proposal to appoint

775

00:47:13,960 --> 00:47:10,310

expert group to study the nature and

776

00:47:16,990 --> 00:47:13,970

origin of UFOs and this was basically

777

00:47:18,910 --> 00:47:17,000

for in the country for native goes that

778

00:47:24,760 --> 00:47:18,920

the Secretary General of point of group

779

00:47:27,130 --> 00:47:24,770

of experts to the UN regarding the

780

00:47:28,960 --> 00:47:27,140

peaceful uses of outer space to divide

781

00:47:31,630 --> 00:47:28,970

the guidelines for the on study of the

782

00:47:34,630 --> 00:47:31,640

nature and origins of UFOs and related

783

00:47:39,130 --> 00:47:34,640

phenomena and that that resolution the

784

00:47:43,330 --> 00:47:39,140

proposal of it was shot down my question

785

00:47:45,010 --> 00:47:43,340

is isn't it time I know it's a leading

786

00:47:47,440 --> 00:47:45,020

question but don't you think it's high

787

00:47:49,750 --> 00:47:47,450

time that somebody makes another

788

00:47:53,110 --> 00:47:49,760

proposal to the UN for the study of

789

00:47:57,060 --> 00:47:53,120

nature of the UFO phenomenon you know a

790

00:48:01,980 --> 00:47:57,070

crack from all different backgrounds

791

00:48:06,120 --> 00:48:01,990

yes I think that that actually needs to

792

00:48:08,940 --> 00:48:06,130

be done what they'll do is they'll form

793

00:48:11,310 --> 00:48:08,950

a committee and as you know and I know

794

00:48:14,190 --> 00:48:11,320

that when you form a committee nothing

795

00:48:15,470 --> 00:48:14,200

will ever get done and so I think it's

796

00:48:19,920 --> 00:48:15,480

going to get trapped forever in

797

00:48:23,610 --> 00:48:19,930

bureaucracy because it thinking about it

798

00:48:26,850 --> 00:48:23,620

we would want to militarize I mean we

799

00:48:30,540 --> 00:48:26,860

have a United States space force now we

800

00:48:35,580 --> 00:48:30,550

want to militarize space and the first

801
00:48:39,300 --> 00:48:35,590
one to do that is going to have a huge

802
00:48:41,640 --> 00:48:39,310
advantage so you know this is the

803
00:48:43,800 --> 00:48:41,650
direction we're heading

804
00:48:47,520 --> 00:48:43,810
I don't think there's there's going to

805
00:48:49,950 --> 00:48:47,530
be peace anywhere and that maybe this is

806
00:48:53,840 --> 00:48:49,960
why the aliens don't have contact with

807
00:48:58,500 --> 00:48:53,850
us because we are this violent species

808
00:49:00,390 --> 00:48:58,510
that they know about they study us and

809
00:49:07,560 --> 00:49:00,400
say okay kids this is what you don't

810
00:49:09,240 --> 00:49:07,570
want to be you know okay I just wanted

811
00:49:11,190 --> 00:49:09,250
to bring up something to your attention

812
00:49:14,250 --> 00:49:11,200
here and you may have already heard

813
00:49:18,300 --> 00:49:14,260

about this but in house a close

814

00:49:20,400 --> 00:49:18,310

encounter happened regarding Josh

815

00:49:23,850 --> 00:49:20,410

Brinkley Daniel Lucero who were two

816

00:49:28,290 --> 00:49:23,860

hunters and that happened late last year

817

00:49:32,060 --> 00:49:28,300

and the issue said that they were

818

00:49:35,040 --> 00:49:32,070

setting up I guess they were hunting and

819

00:49:36,870 --> 00:49:35,050

along of the along a certain tree line

820

00:49:39,450 --> 00:49:36,880

on different sides of a field

821

00:49:45,000 --> 00:49:39,460

they sat waited while they wanted to

822

00:49:49,290 --> 00:49:45,010

hunt they saw a very strange scene one

823

00:49:54,420 --> 00:49:49,300

of them actually saw I guess a table

824

00:49:56,250 --> 00:49:54,430

that was set out and a tent do you do

825

00:49:59,490 --> 00:49:56,260

you ever hear of people talking about

826
00:50:02,670 --> 00:49:59,500
because we've interviewed Melinda Leslie

827
00:50:06,600 --> 00:50:02,680
and she's talked about her industrial

828
00:50:09,600 --> 00:50:06,610
complex being involved along with East

829
00:50:10,980 --> 00:50:09,610
regarding hence being set up and able to

830
00:50:15,780 --> 00:50:10,990
put out

831
00:50:19,680 --> 00:50:15,790
to study humans now whether the veracity

832
00:50:23,579 --> 00:50:19,690
things are good or not I wanted to know

833
00:50:28,950 --> 00:50:23,589
whether you've heard enough tents being

834
00:50:33,290 --> 00:50:28,960
set up tables being set out but IEP I

835
00:50:37,500 --> 00:50:33,300
have I have heard very little about that

836
00:50:43,430 --> 00:50:37,510
I know the abduction phenomenon is real

837
00:50:47,640 --> 00:50:43,440
and we don't know why

838
00:50:51,599 --> 00:50:47,650

you know the eb e ZT whatever you want

839

00:50:54,570 --> 00:50:51,609

to call them are here a lot of this is

840

00:50:58,280 --> 00:50:54,580

comparable to what happened when the

841

00:51:02,190 --> 00:50:58,290

Native Americans first encountered

842

00:51:04,500 --> 00:51:02,200

angles from another Shore they all came

843

00:51:12,150 --> 00:51:04,510

for different reasons some to postulate

844

00:51:15,210 --> 00:51:12,160

and bring Christianity some to you know

845

00:51:20,430 --> 00:51:15,220

bring collect tobacco's some for potash

846

00:51:23,329 --> 00:51:20,440

some for mass chambers some for gold so

847

00:51:27,079 --> 00:51:23,339

you have all these different

848

00:51:29,339 --> 00:51:27,089

nationalities coming to the Americas

849

00:51:31,770 --> 00:51:29,349

looking for a whole lot of different

850

00:51:36,060 --> 00:51:31,780

stuff and we could be seeing the same

851
00:51:38,130 --> 00:51:36,070
thing with the with the alien whether

852
00:51:40,829 --> 00:51:38,140
he's coming from a different dimension a

853
00:51:44,400 --> 00:51:40,839
different time or a different

854
00:51:46,280 --> 00:51:44,410
interstellar coordinate that each one

855
00:51:49,680 --> 00:51:46,290
may be here for a different reason

856
00:51:52,500 --> 00:51:49,690
okay well I'm I'm gonna read a quote by

857
00:51:53,960 --> 00:51:52,510
one of these hunters and then I was

858
00:51:58,230 --> 00:51:53,970
going to ask you a question about it

859
00:52:00,270 --> 00:51:58,240
okay said that by the way just so you

860
00:52:02,220 --> 00:52:00,280
know they actually both work on movie

861
00:52:04,410 --> 00:52:02,230
sets and as you know in New Mexico we

862
00:52:06,570 --> 00:52:04,420
had Breaking Bad for you know we had a

863
00:52:09,180 --> 00:52:06,580

we've had a lot of movies and TV series

864

00:52:11,430 --> 00:52:09,190

in New Mexico these guys who actually

865

00:52:14,310 --> 00:52:11,440

work in that industry so they had seen

866

00:52:16,020 --> 00:52:14,320

movie sets before and they said that

867

00:52:18,480 --> 00:52:16,030

they first saw thought it was a movie

868

00:52:20,970 --> 00:52:18,490

base camp and they said it's this big

869

00:52:23,089 --> 00:52:20,980

tent structure like a circus tent 50 to

870

00:52:25,670 --> 00:52:23,099

60 feet tall

871

00:52:27,439 --> 00:52:25,680

analeptic was this long building almost

872

00:52:30,349 --> 00:52:27,449

like what she would build for an archery

873

00:52:33,199 --> 00:52:30,359

lane for target practice it was a third

874

00:52:35,329 --> 00:52:33,209

of the height but really long maybe a

875

00:52:37,489 --> 00:52:35,339

couple hundred feet they were about a

876

00:52:39,019 --> 00:52:37,499

quarter of a mile away but he could not

877

00:52:42,170 --> 00:52:39,029

see the bottom of the structure they

878

00:52:43,999 --> 00:52:42,180

were in the mountains and one of them

879

00:52:46,459 --> 00:52:44,009

asks the other is this a base camp for

880

00:52:48,859 --> 00:52:46,469

free are they building an alien ship set

881

00:52:52,120 --> 00:52:48,869

and then when they continued up the hill

882

00:52:55,789 --> 00:52:52,130

they said within just eight seconds a

883

00:52:59,930 --> 00:52:55,799

whole thing was gone so I was going to

884

00:53:04,449 --> 00:52:59,940

ask you because we keep talking about

885

00:53:08,539 --> 00:53:04,459

how it can triple the UFO phenomenon is

886

00:53:11,029 --> 00:53:08,549

can it is really bleak things in and out

887

00:53:18,890 --> 00:53:11,039

of existence no matter how complex the

888

00:53:21,430 --> 00:53:18,900

structure is that they have it would

889

00:53:28,579 --> 00:53:24,709

it would depend on the strength of the

890

00:53:33,279 --> 00:53:28,589

field that they're using I know that in

891

00:53:36,829 --> 00:53:33,289

a lot of UFO sightings we've had the

892

00:53:39,709 --> 00:53:36,839

bishops are always described as being a

893

00:53:41,660 --> 00:53:39,719

little bit on the blurry side like

894

00:53:47,569 --> 00:53:41,670

there's some kind of a field around the

895

00:53:51,650 --> 00:53:47,579

ship and you know it's anything's

896

00:53:53,839 --> 00:53:51,660

possible we just need to open our minds

897

00:53:58,819 --> 00:53:53,849

to the fact that there's some unusual

898

00:54:02,390 --> 00:53:58,829

stuff going on and our government if if

899

00:54:06,019 --> 00:54:02,400

they're not involved with it can't do

900

00:54:07,519 --> 00:54:06,029

anything about it before we wind down

901
00:54:10,479 --> 00:54:07,529
the center view because we're coming

902
00:54:13,039 --> 00:54:10,489
near the end of it I wanted to ask you

903
00:54:16,309 --> 00:54:13,049
do you believe anyone or anything

904
00:54:19,039 --> 00:54:16,319
regarding an organization any government

905
00:54:21,489 --> 00:54:19,049
an entity a group or individual is in

906
00:54:24,859 --> 00:54:21,499
possession of any exotic alloys

907
00:54:31,940 --> 00:54:24,869
metamaterials or UAP fragments of any

908
00:54:39,680 --> 00:54:35,060
yeah there's there's things out there we

909
00:54:41,930 --> 00:54:39,690
have no idea about and you hear a lot of

910
00:54:46,790 --> 00:54:41,940
people talking I've handled some of that

911
00:54:50,810 --> 00:54:46,800
material that's that supposedly came

912
00:54:53,750 --> 00:54:50,820
from the plains of san agustin or the

913
00:54:58,820 --> 00:54:53,760

what it's commonly known as the Roswell

914

00:55:03,050 --> 00:54:58,830

UFO crash site at the Brasil ranch in

915

00:55:08,660 --> 00:55:03,060

New Mexico these were collected much

916

00:55:13,940 --> 00:55:08,670

later boy yeah I think we have a lot of

917

00:55:15,800 --> 00:55:13,950

that material already ok and my last one

918

00:55:19,840 --> 00:55:15,810

of my last questions you I just have two

919

00:55:22,610 --> 00:55:19,850

questions left is did the December 16th

920

00:55:24,230 --> 00:55:22,620

2017 New York Times article titled

921

00:55:27,400 --> 00:55:24,240

glowing auras and black money

922

00:55:30,200 --> 00:55:27,410

the Pentagon's mysterious UFO program by

923

00:55:33,560 --> 00:55:30,210

Cooper Blumenthal and Leslie Kean mean

924

00:55:35,990 --> 00:55:33,570

anything to you did have an impact on

925

00:55:37,820 --> 00:55:36,000

you know do you believe it was a form of

926
00:55:40,810 --> 00:55:37,830
soft disclosure by the US government

927
00:55:44,750 --> 00:55:40,820
claiming that there was an official UFO

928
00:55:47,390 --> 00:55:44,760
project a government project allowed to

929
00:55:48,770 --> 00:55:47,400
study the UFO phenomena for five years I

930
00:55:50,270 --> 00:55:48,780
believe by the way wasn't just five

931
00:55:53,210 --> 00:55:50,280
years I think they've always studied it

932
00:55:55,960 --> 00:55:53,220
but do you think that art was a form of

933
00:55:59,210 --> 00:55:55,970
official disclosure by the government I

934
00:56:02,360 --> 00:55:59,220
think my personal feeling is that

935
00:56:07,010 --> 00:56:02,370
they're leaking stuff very slowly to

936
00:56:09,490 --> 00:56:07,020
acclimate us to these these facts I

937
00:56:13,460 --> 00:56:09,500
think there's always going to be some

938
00:56:16,690 --> 00:56:13,470

level of doubt because we've been told

939

00:56:20,300 --> 00:56:16,700

all this time to doubt this stuff I

940

00:56:21,830 --> 00:56:20,310

think that there's other black programs

941

00:56:26,360 --> 00:56:21,840

that are in death currently

942

00:56:28,700 --> 00:56:26,370

investigating this phenomena we just

943

00:56:32,300 --> 00:56:28,710

haven't heard of them yet or discovered

944

00:56:34,670 --> 00:56:32,310

them yet okay before I ask this other

945

00:56:37,640 --> 00:56:34,680

question I guess I do not want to forget

946

00:56:39,560 --> 00:56:37,650

to do this I want to remind or let our

947

00:56:41,420 --> 00:56:39,570

listeners know if they need to contact

948

00:56:44,240 --> 00:56:41,430

trample jock or stand

949

00:56:47,960 --> 00:56:44,250

for the email you gave me for the

950

00:56:51,260 --> 00:56:47,970

general population and this was also on

951
00:56:53,780 --> 00:56:51,270
the McMenamin ville UFO festival slide

952
00:56:55,609 --> 00:56:53,790
that you all had regarding the email

953
00:56:57,770 --> 00:56:55,619
address may I give that email address

954
00:57:03,069 --> 00:56:57,780
out that you had at the McMinn and bill

955
00:57:07,490 --> 00:57:03,079
this bill UFO festival conference yes

956
00:57:09,680 --> 00:57:07,500
okay it's paranormal Rangers and I'll go

957
00:57:12,049 --> 00:57:09,690
over this again a few times folks it's

958
00:57:15,740 --> 00:57:12,059
paranormal Rangers eight six five one

959
00:57:18,650 --> 00:57:15,750
five gmail.com so it's paranormal in the

960
00:57:20,900 --> 00:57:18,660
singular not plural paranormal Rangers

961
00:57:24,620 --> 00:57:20,910
which is plural so paranormal Rangers

962
00:57:26,480 --> 00:57:24,630
eight six five one five at gmail.com

963
00:57:28,099 --> 00:57:26,490

I wanted to know I'm gonna ask you a

964

00:57:31,430 --> 00:57:28,109

question that I asked dr. Michael

965

00:57:35,450 --> 00:57:31,440

comment of masters who's a professor

966

00:57:37,940 --> 00:57:35,460

regarding a anthropology and he wrote a

967

00:57:40,250 --> 00:57:37,950

book hello they think it's IFOS it has a

968

00:57:42,740 --> 00:57:40,260

very long title but it's uh he believes

969

00:57:45,380 --> 00:57:42,750

the hypothesis that ETS are us from the

970

00:57:49,460 --> 00:57:45,390

future but anyway what I had asked him

971

00:57:52,789 --> 00:57:49,470

is if you came a cup across you see two

972

00:57:55,640 --> 00:57:52,799

were abducting people in in the forest

973

00:57:58,789 --> 00:57:55,650

and you had all of your hunter here or

974

00:58:01,670 --> 00:57:58,799

your your officer gear on you meeting

975

00:58:03,920 --> 00:58:01,680

guns on you what would be your first

976
00:58:09,920 --> 00:58:03,930
reaction what would you do if you saw

977
00:58:12,740 --> 00:58:09,930
them abduct left boy that's a tough one

978
00:58:17,740 --> 00:58:12,750
as a law enforcement officer you're

979
00:58:20,960 --> 00:58:17,750
there to protect life and property and

980
00:58:24,410 --> 00:58:20,970
the phenomenon itself you know doesn't

981
00:58:26,750 --> 00:58:24,420
necessarily preclude that you're you're

982
00:58:30,880 --> 00:58:26,760
in danger of death because it seems like

983
00:58:34,819 --> 00:58:30,890
everybody's being abducted in return

984
00:58:38,500 --> 00:58:34,829
however that being said you would try to

985
00:58:41,750 --> 00:58:38,510
I think I would try to intervene somehow

986
00:58:43,760 --> 00:58:41,760
maybe not with a firearm because

987
00:58:49,190 --> 00:58:43,770
shooting might not be the best thing to

988
00:58:52,880 --> 00:58:49,200

do but try to try to at least distract

989

00:58:55,260 --> 00:58:52,890

or create a distraction that would allow

990

00:58:57,480 --> 00:58:55,270

some of those people to get away

991

00:58:59,160 --> 00:58:57,490

yeah I figure if they could be millions

992

00:59:01,320 --> 00:58:59,170

of years ahead in their technology a

993

00:59:03,030 --> 00:59:01,330

guns probably not going to they probably

994

00:59:08,310 --> 00:59:03,040

anticipate things like that anyway from

995

00:59:10,140 --> 00:59:08,320

us humans right that's right okay well I

996

00:59:11,820 --> 00:59:10,150

wanted to thank you very much for having

997

00:59:14,160 --> 00:59:11,830

been on our show today

998

00:59:15,510 --> 00:59:14,170

really am so grateful to have had the

999

00:59:17,520 --> 00:59:15,520

opportunity to interview you and I

1000

00:59:19,530 --> 00:59:17,530

wanted to ask you a question we're going

1001
00:59:21,990 --> 00:59:19,540
to have quite a few panels this year on

1002
00:59:24,320 --> 00:59:22,000
the UFO topic especially regarding

1003
00:59:26,670 --> 00:59:24,330
military and law enforcement personnel

1004
00:59:28,260 --> 00:59:26,680
would you please consider joining us

1005
00:59:30,840 --> 00:59:28,270
again you have in the past already

1006
00:59:36,630 --> 00:59:30,850
believe and this year for various panels

1007
00:59:39,780 --> 00:59:36,640
on that topic yeah that would be pretty

1008
00:59:41,930 --> 00:59:39,790
much a case-by-case basis and it would

1009
00:59:45,620 --> 00:59:41,940
be banned I do a lot of traveling and

1010
00:59:50,030 --> 00:59:45,630
I'm usually in either New Mexico or I

1011
01:00:01,260 --> 00:59:50,040
could be in California it could be a

1012
01:00:04,020 --> 01:00:01,270
Cisco area or or even toward Kansas John

1013
01:00:06,840 --> 01:00:04,030

thanks a lot I sure do appreciate you

1014

01:00:09,690 --> 01:00:06,850

coming on the show and you got that you

1015

01:00:12,240 --> 01:00:09,700

got us off to a great start so everybody

1016

01:00:15,930 --> 01:00:12,250

thanks thanks again to John Dover for

1017

01:00:17,640 --> 01:00:15,940

joining us thanks Jane and yeah we'll be

1018

01:00:19,530 --> 01:00:17,650

back out we've got more shows on the way
