a wonderful guest on with us tonight his

13  
00:01:32,529 --> 00:01:29,479

name is Tom Bowden he joined MUFON in

14

00:01:34,870 --> 00:01:32,539

2000 as a member then became a field

15

00:01:36,880 --> 00:01:34,880

investigator he then moved on to

16

00:01:40,779 --> 00:01:36,890

becoming an assistant state director in

17

00:01:43,240 --> 00:01:40,789

2001 immediately there became state

18

00:01:45,310 --> 00:01:43,250

director of Oregon MUFON mid-seventies

19

00:01:48,180 --> 00:01:45,320

Tom joined a Pro also known as the

20

00:01:50,740 --> 00:01:48,190

aerial phenomena research organization

21

00:01:53,520 --> 00:01:50,750

he immediately became a field

22

00:01:56,440 --> 00:01:53,530

investigator in that organization and

23

00:02:00,700 --> 00:01:56,450

was a field investigator for a pro in

24

00:02:03,249 --> 00:02:00,710

the 70s which I believe Abril to exist

25

00:02:05,800 --> 00:02:03,259

in about 1984 previous knowledge about

26

00:02:07,690 --> 00:02:05,810

UFOs he had previous knowledge about

27

00:02:09,580 --> 00:02:07,700

UFOs and had colleagues that were

28

00:02:12,610 --> 00:02:09,590

involved in the same topic as well

29

00:02:17,050 --> 00:02:12,620

the current assistant state director of

30

00:02:19,780 --> 00:02:17,060

Oregon MUFON is Kelly Graham and Oregon

31

00:02:22,059 --> 00:02:19,790

MUFON has field investigators who are

32

00:02:24,490 --> 00:02:22,069

actively working on UFO related cases

33

00:02:26,130 --> 00:02:24,500

right now thank you Tom Bowden for

34

00:02:29,440 --> 00:02:26,140

coming on to the show with us today

35

00:02:31,420 --> 00:02:29,450

thanks we appreciate you coming on this

36

00:02:33,490 --> 00:02:31,430

show I had a wonderful opportunity to

37

00:02:34,839 --> 00:02:33,500

speak to you beforehand and they really

38

00:02:37,059 --> 00:02:34,849

want to learn more about a really

39

00:02:38,589 --> 00:02:37,069

fascinating case that you'd like to

40

00:02:41,260 --> 00:02:38,599

bring up tonight and that is a

41

00:02:44,199 --> 00:02:41,270

McMinnville case do you mind sharing a

42

00:02:46,059 --> 00:02:44,209

little bit about that topic I'm sorry

43

00:02:48,400 --> 00:02:46,069

that for some reason I didn't get what

44

00:02:50,559 --> 00:02:48,410

you just said well yeah we're gonna want

45

00:02:53,320 --> 00:02:50,569

to talk about the McMinnville case so

46

00:02:56,170 --> 00:02:53,330

they've got a big festival built up

47

00:02:57,430 --> 00:02:56,180

around it and you have a famous case so

48

00:02:59,020 --> 00:02:57,440

will you tell us all about it oh

49

00:03:02,520 --> 00:02:59,030

absolutely

50

00:03:09,250 --> 00:03:02,530

McMinnville all right in on May 11th

51  
00:03:11,080 --> 00:03:09,260  
1950 a farmer named Paul Trent and his

52  
00:03:13,119 --> 00:03:11,090  
wife were living near me

53  
00:03:19,509 --> 00:03:13,129  
they weren't ask me in town they're up

54  
00:03:24,009 --> 00:03:19,519  
on a farm out beyond the town a bit and

55  
00:03:27,789 --> 00:03:24,019  
they uh the the wife saw and and her

56  
00:03:30,280 --> 00:03:27,799  
name was Evelyn she saw an object in the

57  
00:03:36,160 --> 00:03:30,290  
air is that what we call a flying saucer

58  
00:03:38,800 --> 00:03:36,170  
and she she I ran in a call to her

59  
00:03:42,039 --> 00:03:38,810  
husband said Paul quick get the camera

60  
00:03:46,030 --> 00:03:42,049  
there's a flying saucer out here so he

61  
00:03:48,430 --> 00:03:46,040  
came out with the camera and they they

62  
00:03:51,430 --> 00:03:48,440  
saw - both of them saw it and another

63  
00:03:53,039 --> 00:03:51,440

relative I believe it was her uncle or

64

00:03:55,479 --> 00:03:53,049

something I forget exactly what the

65

00:03:59,069 --> 00:03:55,489

relationship was but another family

66

00:04:03,009 --> 00:03:59,079

member also saw it Paul got two shots

67

00:04:07,900 --> 00:04:03,019

with a an old-fashioned camera with a

68

00:04:10,050 --> 00:04:07,910

large-format black-and-white film he

69

00:04:13,180 --> 00:04:10,060

didn't get the film developed right away

70

00:04:17,860 --> 00:04:13,190

after a few days he took the film into

71

00:04:21,039 --> 00:04:17,870

town it was developed and gentlemen in

72

00:04:23,770 --> 00:04:21,049

the drugstore looked at the photo and he

73

00:04:28,810 --> 00:04:23,780

said wow look at this photo that Paul

74

00:04:31,510 --> 00:04:28,820

got he took that the he made up an

75

00:04:34,060 --> 00:04:31,520

eight-by-ten print of it and he took it

76  
00:04:37,210 --> 00:04:34,070  
and he showed it to the man in the bank

77  
00:04:40,240 --> 00:04:37,220  
and he showed it to the newspaper editor

78  
00:04:42,219 --> 00:04:40,250  
and they decided oh this is great and

79  
00:04:44,129 --> 00:04:42,229  
they ran it on the front page of the

80  
00:04:47,860 --> 00:04:44,139  
newspaper

81  
00:04:50,440 --> 00:04:47,870  
well back in those days we didn't have

82  
00:04:53,290 --> 00:04:50,450  
the internet but we did have wire

83  
00:04:56,560 --> 00:04:53,300  
services this got on the wire services

84  
00:04:58,270 --> 00:04:56,570  
and went viral today we talked about

85  
00:05:00,159 --> 00:04:58,280  
things going viral on the internet back

86  
00:05:03,779 --> 00:05:00,169  
then it was just the wire service but it

87  
00:05:06,250 --> 00:05:03,789  
was picked up by other newspapers and

88  
00:05:09,719 --> 00:05:06,260

magazines all over the country uh

89

00:05:13,330 --> 00:05:09,729

technically all over the world and

90

00:05:15,790 --> 00:05:13,340

meanwhile Paul and Evelyn Trent there

91

00:05:17,740 --> 00:05:15,800

were just Oregon farmers they weren't

92

00:05:20,279 --> 00:05:17,750

looking for publicity they didn't know

93

00:05:23,500 --> 00:05:20,289

anything about all this stuff in fact

94

00:05:24,380 --> 00:05:23,510

they were not even they didn't even give

95

00:05:26,540 --> 00:05:24,390

permission

96

00:05:30,560 --> 00:05:26,550

for these photos to be published it was

97

00:05:33,650 --> 00:05:30,570

the the the man in the drugstore who

98

00:05:35,630 --> 00:05:33,660

developed photos and newspaper publisher

99

00:05:38,420 --> 00:05:35,640

in the in the banker who put a picture

100

00:05:43,210 --> 00:05:38,430

in his front window who initiated the

101  
00:05:47,230 --> 00:05:43,220  
publicity well it's one of the most

102  
00:05:51,260 --> 00:05:47,240  
interesting and hotly debated photos

103  
00:05:53,840 --> 00:05:51,270  
over many years of ufology and I will

104  
00:05:55,720 --> 00:05:53,850  
tell you it stands up to the test of

105  
00:05:58,940 --> 00:05:55,730  
time because it's been analyzed by some

106  
00:06:03,800 --> 00:05:58,950  
experts some of the people who claimed

107  
00:06:06,530 --> 00:06:03,810  
that it was a fake their story's been

108  
00:06:08,870 --> 00:06:06,540  
debunked because first of all Paul and

109  
00:06:10,310 --> 00:06:08,880  
Evelyn Trent were just farmers there

110  
00:06:12,440 --> 00:06:10,320  
were not someone who's looking for

111  
00:06:15,340 --> 00:06:12,450  
publicity there were not someone who

112  
00:06:17,660 --> 00:06:15,350  
would have faked a photo like this

113  
00:06:19,070 --> 00:06:17,670

besides the fact that they had no idea

114

00:06:21,110 --> 00:06:19,080

how to fake a photo

115

00:06:23,330 --> 00:06:21,120

some people claim because there were

116

00:06:26,930 --> 00:06:23,340

telephone wires in the photo that it was

117

00:06:29,390 --> 00:06:26,940

a model suspended by telephone wire by

118

00:06:31,370 --> 00:06:29,400

wires from the telephone wires but I've

119

00:06:33,770 --> 00:06:31,380

got that line up right now and it looks

120

00:06:36,620 --> 00:06:33,780

like it is well behind what those wires

121

00:06:38,840 --> 00:06:36,630

look like they go over the top of a bar

122

00:06:41,900 --> 00:06:38,850

and it looks like with a tank attached

123

00:06:45,500 --> 00:06:41,910

to the side of it and then the the

124

00:06:48,620 --> 00:06:45,510

photograph of the UFO is sort of more

125

00:06:51,440 --> 00:06:48,630

from more about like a top-down angle

126

00:06:55,900 --> 00:06:51,450

and it looks like it is well behind

127

00:06:59,360 --> 00:06:55,910

where that barn and that those wires are

128

00:07:01,460 --> 00:06:59,370

well that's that's a good point that

129

00:07:04,160 --> 00:07:01,470

you're making but but when it comes to

130

00:07:06,140 --> 00:07:04,170

analysis like this you got to go with

131

00:07:10,400 --> 00:07:06,150

facts you can't just go with someone's

132

00:07:13,010 --> 00:07:10,410

yes and dr. Bruce Maccabee who's an

133

00:07:15,170 --> 00:07:13,020

expert in photo analysis and actually

134

00:07:17,600 --> 00:07:15,180

worked for the US Navy as a photo

135

00:07:19,880 --> 00:07:17,610

analyst by the way he's one of the

136

00:07:22,850 --> 00:07:19,890

people on a team that discovered the the

137

00:07:26,410 --> 00:07:22,860

Russian missiles in Cuba and during

138

00:07:31,130 --> 00:07:26,420

human Missile Crisis and so he's really

139

00:07:34,970 --> 00:07:31,140

made his reputation as a photo analyst

140

00:07:37,519 --> 00:07:34,980

but anyway he did an analysis of that

141

00:07:42,199 --> 00:07:37,529

photo and he said look the

142

00:07:44,179 --> 00:07:42,209

the atmospheric interference causes

143

00:07:45,319 --> 00:07:44,189

distant objects to have a different look

144

00:07:47,479 --> 00:07:45,329

than things that are close and he

145

00:07:49,969 --> 00:07:47,489

pointed out that the telephone poles and

146

00:07:52,309 --> 00:07:49,979

telephone wires were closer to the

147

00:07:54,709 --> 00:07:52,319

camera than the object by quite a

148

00:07:58,729 --> 00:07:54,719

distance and this was just based on the

149

00:08:02,239 --> 00:07:58,739

amount of of a light fall-off that

150

00:08:04,969 --> 00:08:02,249

occurs over distance due to atmospheric

151  
00:08:09,649 --> 00:08:04,979  
interference and he did a mathematical

152  
00:08:10,789 --> 00:08:09,659  
analysis of that so where was any

153  
00:08:12,619 --> 00:08:10,799  
partner

154  
00:08:14,839 --> 00:08:12,629  
nothing erupted but that was dr.

155  
00:08:16,819 --> 00:08:14,849  
Maccabee able to come up with an

156  
00:08:19,069 --> 00:08:16,829  
estimate in terms of the size and

157  
00:08:20,629 --> 00:08:19,079  
distance of the object decide yeah the

158  
00:08:23,269 --> 00:08:20,639  
distance yeah I don't have that

159  
00:08:25,969 --> 00:08:23,279  
information handy but what I was going

160  
00:08:28,039 --> 00:08:25,979  
to just say is this this case alone is

161  
00:08:29,389 --> 00:08:28,049  
worth a great deal of study and I don't

162  
00:08:31,609 --> 00:08:29,399  
have all the facts in front of me

163  
00:08:34,040 --> 00:08:31,619

because I wasn't really prepared to talk

164

00:08:35,899 --> 00:08:34,050

about that particular case but I will

165

00:08:37,850 --> 00:08:35,909

tell you that it's it's really worth

166

00:08:40,579 --> 00:08:37,860

looking into and I would invite anyone

167

00:08:42,799 --> 00:08:40,589

who is really interested in it to look

168

00:08:45,290 --> 00:08:42,809

it up on the internet and try to get as

169

00:08:47,420 --> 00:08:45,300

much material as you can about it and

170

00:08:50,809 --> 00:08:47,430

you'll find it it's that it's a really

171

00:08:52,189 --> 00:08:50,819

great case and the photos are there and

172

00:08:53,990 --> 00:08:52,199

they speak for themselves they're easy

173

00:08:58,579 --> 00:08:54,000

to find so you can look at it for

174

00:09:01,699 --> 00:08:58,589

yourself and yeah you know one as well

175

00:09:05,869 --> 00:09:01,709

and I can change that quite a bit in

176  
00:09:07,579 --> 00:09:05,879  
terms of angle two photographs taken

177  
00:09:09,790 --> 00:09:07,589  
from the same angle but the object

178  
00:09:14,420 --> 00:09:09,800  
really in a quite a different position I

179  
00:09:19,490 --> 00:09:14,430  
I want to point out that that photos are

180  
00:09:22,819 --> 00:09:19,500  
important but it I always feel and I'll

181  
00:09:25,629 --> 00:09:22,829  
say it again and again tonight when we

182  
00:09:29,360 --> 00:09:25,639  
look at photo cases we need to

183  
00:09:34,210 --> 00:09:29,370  
understand the people involved who took

184  
00:09:37,480 --> 00:09:34,220  
the photo what was the situation because

185  
00:09:41,150 --> 00:09:37,490  
in a lot of ways human perception

186  
00:09:42,679 --> 00:09:41,160  
Trump's the photo and also you want to

187  
00:09:45,079 --> 00:09:42,689  
know something about the character of

188  
00:09:47,240 --> 00:09:45,089

the people now Paula Neville Trent have

189

00:09:49,519 --> 00:09:47,250

passed away but they have relatives

190

00:09:51,260 --> 00:09:49,529

still in McMinnville and the people that

191

00:09:53,300 --> 00:09:51,270

knew them the people that are

192

00:09:55,790 --> 00:09:53,310

related to them they know that Paul and

193

00:09:58,040 --> 00:09:55,800

Tripp Evelyn Trent were people of the

194

00:10:00,110 --> 00:09:58,050

highest character they will there were

195

00:10:02,200 --> 00:10:00,120

planting farmers there weren't any one

196

00:10:06,260 --> 00:10:02,210

that would engaged in any kind of a

197

00:10:07,640 --> 00:10:06,270

funny business or anything like that you

198

00:10:11,960 --> 00:10:07,650

know I got a phone call coming in on

199

00:10:15,170 --> 00:10:11,970

another line I got a music okay well

200

00:10:17,750 --> 00:10:15,180

we've got these images up here now chant

201

00:10:20,240 --> 00:10:17,760

you're still with us right I am

202

00:10:24,470 --> 00:10:20,250

absolutely enthralled by this case Emily

203

00:10:25,520 --> 00:10:24,480

yeah let's see I have yeah have you

204

00:10:27,200 --> 00:10:25,530

taken a good look at these pictures

205

00:10:27,910 --> 00:10:27,210

because they are compelling they really

206

00:10:30,740 --> 00:10:27,920

are

207

00:10:33,020 --> 00:10:30,750

yeah I'm staring at them right now and

208

00:10:35,600 --> 00:10:33,030

it looks like folks have analyzed these

209

00:10:39,530 --> 00:10:35,610

photos to death and there's quite an

210

00:10:43,580 --> 00:10:39,540

interesting definitive biography of of

211

00:10:46,640 --> 00:10:43,590

them including a provenance on Wikipedia

212

00:10:49,070 --> 00:10:46,650

com regarding the McMinnville UFO

213

00:10:51,440 --> 00:10:49,080

photographs and it just a little blurb

214

00:10:52,760 --> 00:10:51,450

on it it says the McMinnville UFO

215

00:10:56,360 --> 00:10:52,770

photographs were taken on a farm near

216

00:10:58,460 --> 00:10:56,370

mcfinn Ville Oregon in 1950 the photos

217

00:11:00,500 --> 00:10:58,470

were then reprinted in Life magazine and

218

00:11:01,940 --> 00:11:00,510

in newspapers across the nation and are

219

00:11:05,810 --> 00:11:01,950

considered to be among the most famous

220

00:11:09,100 --> 00:11:05,820

ever taken of a UFO and and then of

221

00:11:12,200 --> 00:11:09,110

course Tom goes on to mention how folks

222

00:11:15,440 --> 00:11:12,210

have suspected some kind of trickery or

223

00:11:20,890 --> 00:11:15,450

hoaxes related type activity but it does

224

00:11:24,080 --> 00:11:20,900

say that many I think there are many

225

00:11:26,750 --> 00:11:24,090

serious folks with academic backgrounds

226

00:11:28,490 --> 00:11:26,760

who take these photos very seriously and

227

00:11:30,830 --> 00:11:28,500

it looks like got one of the photos that

228

00:11:32,630 --> 00:11:30,840

I was able to find was published in life

229

00:11:34,700 --> 00:11:32,640

looks like they they sent somebody out

230

00:11:37,550 --> 00:11:34,710

looks like life magazine itself sent

231

00:11:40,460 --> 00:11:37,560

somebody out and took a picture of one

232

00:11:42,350 --> 00:11:40,470

of the the young boys that were part of

233

00:11:49,610 --> 00:11:42,360

the families standing up on a stepladder

234

00:11:51,620 --> 00:11:49,620

there so that is really interesting also

235

00:11:56,360 --> 00:11:51,630

I'm glad that folks had the ability to

236

00:11:58,940 --> 00:11:56,370

magnify these images to the level they

237

00:12:01,130 --> 00:11:58,950

have they're actually pretty clear so if

238

00:12:04,040 --> 00:12:01,140

folks want to see something that has

239

00:12:04,850 --> 00:12:04,050

been scrutinized probably thousands of

240

00:12:07,790 --> 00:12:04,860

times

241

00:12:10,190 --> 00:12:07,800

not more by people all around the world

242

00:12:11,900 --> 00:12:10,200

who are just stumped by these pictures

243

00:12:15,020 --> 00:12:11,910

you might want to really look up these

244

00:12:16,510 --> 00:12:15,030

these fascinating photos and another

245

00:12:19,340 --> 00:12:16,520

thing I brought up with Tom he didn't

246

00:12:20,420 --> 00:12:19,350

wasn't too terribly up on it so he

247

00:12:21,950 --> 00:12:20,430

didn't want to go into it but I'll

248

00:12:25,250 --> 00:12:21,960

mention it while we have a little bit of

249

00:12:27,830 --> 00:12:25,260

a break here a few years later in 1954

250

00:12:31,730 --> 00:12:27,840

there was a photograph taken in Rouen

251  
00:12:34,970 --> 00:12:31,740  
France that seemed to show another UFO

252  
00:12:37,820 --> 00:12:34,980  
that looked them in really quite a bit

253  
00:12:40,940 --> 00:12:37,830  
not pretty much a dead ringer for this

254  
00:12:43,340 --> 00:12:40,950  
particular McMinnville UFO and that got

255  
00:12:45,970 --> 00:12:43,350  
a lot of additional attention as well so

256  
00:12:49,400 --> 00:12:45,980  
that was a little bit of an interesting

257  
00:12:51,740 --> 00:12:49,410  
saiga sideline side story to this

258  
00:12:54,830 --> 00:12:51,750  
particular case so a very interesting

259  
00:12:56,930 --> 00:12:54,840  
case here very interesting I see how I

260  
00:12:59,180 --> 00:12:56,940  
should have kind didn't tell you told

261  
00:13:05,030 --> 00:12:59,190  
you that I been back for a minute or so

262  
00:13:08,900 --> 00:13:05,040  
okay call but the phone was ringing

263  
00:13:10,700 --> 00:13:08,910

behind me so I just yes yeah I was just

264

00:13:12,320 --> 00:13:10,710

talking about how it looks like a Life

265

00:13:15,490 --> 00:13:12,330

magazine took the extra step to actually

266

00:13:18,050 --> 00:13:15,500

send somebody out to the Trent farm and

267

00:13:19,970 --> 00:13:18,060

actually it looks like they did a story

268

00:13:22,880 --> 00:13:19,980

they took some photographs it looks like

269

00:13:29,380 --> 00:13:22,890

one of the the sons in the family is in

270

00:13:31,760 --> 00:13:29,390

one of the photographs here all right

271

00:13:33,350 --> 00:13:31,770

okay well I just wanted to mention a

272

00:13:37,010 --> 00:13:33,360

little bit about Bruce Maccabee who

273

00:13:39,200 --> 00:13:37,020

actually Frank and I do know and I've

274

00:13:43,880 --> 00:13:39,210

actually come to know as well

275

00:13:46,670 --> 00:13:43,890

he's a an icon in the realm of ufology I

276

00:13:49,550 --> 00:13:46,680

don't know anybody who couldn't know him

277

00:13:52,040 --> 00:13:49,560

and be involved in ufology he's an

278

00:13:53,870 --> 00:13:52,050

American optical physicist and he was as

279

00:13:57,260 --> 00:13:53,880

Thomas saying formerly employed by the

280

00:14:00,050 --> 00:13:57,270

US Navy and he received his physics at

281

00:14:03,020 --> 00:14:00,060

were sister Worchester Polytechnic

282

00:14:05,180 --> 00:14:03,030

Institute in Worchester Massachusetts

283

00:14:07,760 --> 00:14:05,190

and then he moved on to Washington DC

284

00:14:09,620 --> 00:14:07,770

and he began his career at the naval

285

00:14:11,600 --> 00:14:09,630

ordnance laboratory in white oak Silver

286

00:14:14,570 --> 00:14:11,610

Spring Maryland which later became the

287

00:14:16,700 --> 00:14:14,580

Naval Service Warfare Center division so

288

00:14:18,740 --> 00:14:16,710

I just wanted to share that background

289

00:14:20,990 --> 00:14:18,750

on him including that he worked on optic

290

00:14:22,970 --> 00:14:21,000

data processing a generation of

291

00:14:25,160 --> 00:14:22,980

underwater sound with lasers and various

292

00:14:27,410 --> 00:14:25,170

aspects of the Strategic Defense

293

00:14:33,079 --> 00:14:27,420

Initiative and ballistic missile defense

294

00:14:34,790 --> 00:14:33,089

using high-power lasers alright and so

295

00:14:36,920 --> 00:14:34,800

Tom I do you have anything more about

296

00:14:38,749 --> 00:14:36,930

the McMinnville case or do we want to

297

00:14:40,970 --> 00:14:38,759

move on to some of the cases you worked

298

00:14:42,740 --> 00:14:40,980

as state director for MUFON yeah I

299

00:14:44,420 --> 00:14:42,750

really like to move on because there's

300

00:14:46,699 --> 00:14:44,430

lots of info out there about to

301  
00:14:51,499 --> 00:14:46,709  
McMinnville key but I've got a lot more

302  
00:14:56,050 --> 00:14:51,509  
cases Oregon when when you look at the

303  
00:14:58,639 --> 00:14:56,060  
stats on UFO cases reported to MUFON

304  
00:15:01,069 --> 00:14:58,649  
Oregon if you just look at the sheer

305  
00:15:03,379 --> 00:15:01,079  
numbers organ doesn't rank that high but

306  
00:15:07,059 --> 00:15:03,389  
if you compared a number of reports to

307  
00:15:10,999 --> 00:15:07,069  
the to the population it turns out

308  
00:15:14,449 --> 00:15:11,009  
Oregon has a high rate of UFO reports

309  
00:15:16,970 --> 00:15:14,459  
per capita and so we have a lot of

310  
00:15:18,499 --> 00:15:16,980  
activity here right now is there any

311  
00:15:20,119 --> 00:15:18,509  
particular part of the state that seems

312  
00:15:26,600 --> 00:15:20,129  
to stand out compared to any of the

313  
00:15:29,720 --> 00:15:26,610

others any hot spots well I have I have

314

00:15:32,269 --> 00:15:29,730

a little problem with that I tried to

315

00:15:36,799 --> 00:15:32,279

chase down some hot spots over the years

316

00:15:38,350 --> 00:15:36,809

and it's really tricky because one of

317

00:15:43,579 --> 00:15:38,360

them one of the problems we have with

318

00:15:47,329 --> 00:15:43,589

UFO reports is we get we only get a

319

00:15:50,179 --> 00:15:47,339

small percentage of the reports from

320

00:15:52,040 --> 00:15:50,189

people who see web those and and because

321

00:15:54,559 --> 00:15:52,050

we don't know how many people see UFOs

322

00:15:57,139 --> 00:15:54,569

that don't report them we can't quote

323

00:15:59,090 --> 00:15:57,149

you an exact number but Stanton Friedman

324

00:16:02,389 --> 00:15:59,100

and I talked about this and he agreed

325

00:16:05,900 --> 00:16:02,399

with me we're pretty sure that the rate

326

00:16:10,730 --> 00:16:05,910

of reporting is is somewhere south of 10

327

00:16:16,040 --> 00:16:10,740

percent and we think even more like 5

328

00:16:19,910 --> 00:16:16,050

percent of people who see UFOs report

329

00:16:22,819 --> 00:16:19,920

them to someone or to an organization

330

00:16:25,009 --> 00:16:22,829

like MUFON one of the problems is people

331

00:16:26,840 --> 00:16:25,019

don't know where to report them one of

332

00:16:28,970 --> 00:16:26,850

the big problems is that people try to

333

00:16:31,189 --> 00:16:28,980

report them to the Air Force to get

334

00:16:32,390 --> 00:16:31,199

nowhere if they report them to the local

335

00:16:36,460 --> 00:16:32,400

police

336

00:16:40,070 --> 00:16:36,470

for them it's not a crime it's not a

337

00:16:42,920 --> 00:16:40,080

public safety issue that they can really

338

00:16:45,350 --> 00:16:42,930

say is in their jurisdiction so

339

00:16:47,630 --> 00:16:45,360

unless the police policemen themselves

340

00:16:49,400 --> 00:16:47,640

see the UFO it's very unlikely that

341

00:16:56,240 --> 00:16:49,410

they're going to react to a report like

342

00:17:00,079 --> 00:16:56,250

that so but but still there are some

343

00:17:02,360 --> 00:17:00,089

areas where I've seen some from time to

344

00:17:05,689 --> 00:17:02,370

time statistical anomalies where I say

345

00:17:08,809 --> 00:17:05,699

oh wow there's more reports from that

346

00:17:10,340 --> 00:17:08,819

area then you would think for the size

347

00:17:13,549 --> 00:17:10,350

of the town let me give you an example

348

00:17:16,819 --> 00:17:13,559

there's a town named Sutherland down

349

00:17:20,949 --> 00:17:16,829

along i-5 somewhere north of Roseburg

350

00:17:22,640 --> 00:17:20,959

Oregon it seems to have a

351  
00:17:25,970 --> 00:17:22,650  
disproportionately high number of

352  
00:17:30,830 --> 00:17:25,980  
reports coming from there it's it's in a

353  
00:17:33,470 --> 00:17:30,840  
big wide valley with a lot of views it's

354  
00:17:35,720 --> 00:17:33,480  
not heavily forested right there close

355  
00:17:38,630 --> 00:17:35,730  
to the highway

356  
00:17:40,490 --> 00:17:38,640  
so about half of the reports more or

357  
00:17:42,740 --> 00:17:40,500  
less that I've gotten from that area

358  
00:17:45,440 --> 00:17:42,750  
over the years have been from people

359  
00:17:47,600 --> 00:17:45,450  
that are traveling on i-5 through there

360  
00:17:49,549 --> 00:17:47,610  
so they're not residents of the area but

361  
00:17:52,700 --> 00:17:49,559  
there are reports from residents in the

362  
00:17:55,790 --> 00:17:52,710  
area as well so I guess if if there were

363  
00:17:58,160 --> 00:17:55,800

a hotspot that might be blonde but I

364

00:18:00,440 --> 00:17:58,170

don't have a real any real hard data to

365

00:18:02,500 --> 00:18:00,450

say yeah that's for sure a hot spot and

366

00:18:06,470 --> 00:18:02,510

hot spots are a little tricky because

367

00:18:10,430 --> 00:18:06,480

you can have something going on in one

368

00:18:12,410 --> 00:18:10,440

area or a couple of months or even maybe

369

00:18:14,930 --> 00:18:12,420

a whole year and then it fades away and

370

00:18:17,750 --> 00:18:14,940

it's not happening anymore mm-hmm it's

371

00:18:20,390 --> 00:18:17,760

really hard to pin that down now you did

372

00:18:23,419 --> 00:18:20,400

send look-see me I you did send along a

373

00:18:25,460 --> 00:18:23,429

couple of drawings of sightings it looks

374

00:18:28,610 --> 00:18:25,470

like the people got the witness has got

375

00:18:31,070 --> 00:18:28,620

a pretty good look at the UFOs the one

376

00:18:34,580 --> 00:18:31,080

that I've got up now is the one that

377

00:18:36,410 --> 00:18:34,590

there's a triangle with yellowish lights

378

00:18:41,000 --> 00:18:36,420

at each point and then one in the center

379

00:18:42,190 --> 00:18:41,010

and you've got a directional north west

380

00:18:46,990 --> 00:18:42,200

east south

381

00:18:49,540 --> 00:18:47,000

on the image so yeah yeah can you tell

382

00:18:51,670 --> 00:18:49,550

us a little bit about that case a little

383

00:18:53,260 --> 00:18:51,680

bit I wasn't the primary investigator on

384

00:18:56,710 --> 00:18:53,270

this one but I do

385

00:19:00,460 --> 00:18:56,720

I did just look at this one two young

386

00:19:05,620 --> 00:19:00,470

men were hanging out on our back deck of

387

00:19:06,970 --> 00:19:05,630

the one guy's house I'm not sure what

388

00:19:10,200 --> 00:19:06,980

they were doing but they were doing

389

00:19:14,260 --> 00:19:10,210

whatever they were doing and they were

390

00:19:17,770 --> 00:19:14,270

looking at the sky and one of them saw

391

00:19:19,870 --> 00:19:17,780

this object go over and he tried to tell

392

00:19:22,780 --> 00:19:19,880

the other guy but he was somewhat

393

00:19:26,110 --> 00:19:22,790

obscured by the trees so he didn't see

394

00:19:29,170 --> 00:19:26,120

it as as well but the the primary

395

00:19:31,060 --> 00:19:29,180

witness who filed the report said he saw

396

00:19:32,950 --> 00:19:31,070

this object go over three lights on the

397

00:19:34,750 --> 00:19:32,960

bottom actually you may have been a

398

00:19:41,230 --> 00:19:34,760

central light at look at the picture but

399

00:19:43,540 --> 00:19:41,240

I see so many I get a mixed up when over

400

00:19:45,970 --> 00:19:43,550

very sort of yeah yeah I said it took

401  
00:19:48,430 --> 00:19:45,980  
about 15 seconds to go across the sky

402  
00:19:54,520 --> 00:19:48,440  
and that was in here Oh Hillsboro Oregon

403  
00:19:57,820 --> 00:19:54,530  
which is a suburb west of Portland in

404  
00:19:59,980 --> 00:19:57,830  
the same area a few years and that was

405  
00:20:04,990 --> 00:19:59,990  
it that was in September on September

406  
00:20:07,480 --> 00:20:05,000  
11th 2013 that occurred so I have

407  
00:20:12,520 --> 00:20:07,490  
another report from that same area

408  
00:20:17,170 --> 00:20:12,530  
Hillsboro October 16th 2011 at the early

409  
00:20:20,680 --> 00:20:17,180  
morning hours 6:10 a.m. that woman had a

410  
00:20:23,050 --> 00:20:20,690  
picture her daughter up from from

411  
00:20:29,610 --> 00:20:23,060  
Hillsboro Airport and they were driving

412  
00:20:32,800 --> 00:20:29,620  
on heading out on u.s. highway 26 and

413  
00:20:35,710 --> 00:20:32,810

they saw a long rectangular object with

414

00:20:36,760 --> 00:20:35,720

a triangular nose cone she said it

415

00:20:41,140 --> 00:20:36,770

looked like the Washington Monument

416

00:20:44,800 --> 00:20:41,150

lying on its side traveling through the

417

00:20:46,660 --> 00:20:44,810

air and it had red and he was written by

418

00:20:49,360 --> 00:20:46,670

a blights on it no red and green lights

419

00:20:51,910 --> 00:20:49,370

sorry I got a lot of reports here so

420

00:20:54,100 --> 00:20:51,920

they they had a view of it for about

421

00:20:55,630 --> 00:20:54,110

five minutes before it disappeared off

422

00:21:00,850 --> 00:20:55,640

into the

423

00:21:03,910 --> 00:21:00,860

there's a there's a big golf course up

424

00:21:05,950 --> 00:21:03,920

there called pumpkin pumpkin Ridge they

425

00:21:07,600 --> 00:21:05,960

sometimes have some PGA events there so

426

00:21:13,330 --> 00:21:07,610

you might have heard of it anyway it

427

00:21:15,280 --> 00:21:13,340

went off in that direction why about I

428

00:21:16,990 --> 00:21:15,290

have a lot of these triangle cases I was

429

00:21:19,030 --> 00:21:17,000

just doing a little presentation on

430

00:21:30,490 --> 00:21:19,040

triangle cases so I put together a

431

00:21:33,630 --> 00:21:30,500

little I had another case of a pave now

432

00:21:36,160 --> 00:21:33,640

this is interesting because this is two

433

00:21:41,350 --> 00:21:36,170

independent witnesses and this occurred

434

00:21:43,690 --> 00:21:41,360

on August 12 2009 the first report came

435

00:21:46,480 --> 00:21:43,700

from a woman who was driving north on

436

00:21:51,010 --> 00:21:46,490

i-5 near Woodburn which is south of

437

00:21:52,840 --> 00:21:51,020

Portland and she said she saw the this

438

00:21:54,040 --> 00:21:52,850

object with really bright lights on it

439

00:21:56,230 --> 00:21:54,050

coming toward her and at first she

440

00:21:58,260 --> 00:21:56,240

thought it was a plane but when she got

441

00:22:01,960 --> 00:21:58,270

when it got closer she realized it was a

442

00:22:06,090 --> 00:22:01,970

strange-looking triangular craft with

443

00:22:09,610 --> 00:22:06,100

really bright lights and it passed over

444

00:22:11,680 --> 00:22:09,620

toward the rear of her car going

445

00:22:15,520 --> 00:22:11,690

diagonally across the highway and she

446

00:22:17,590 --> 00:22:15,530

looked around and realized that there

447

00:22:20,740 --> 00:22:17,600

was a lot of traffic on the freeway just

448

00:22:22,510 --> 00:22:20,750

you know just potentially hundreds of

449

00:22:28,900 --> 00:22:22,520

other people but I could have seen this

450

00:22:31,840 --> 00:22:28,910

thing uh but she was so interested to

451

00:22:33,100 --> 00:22:31,850

find out what it was he pulled off to

452

00:22:35,049 --> 00:22:33,110

the side of the road and got out of her

453

00:22:37,930 --> 00:22:35,059

car but like by the time she went around

454

00:22:40,030 --> 00:22:37,940

the back of her car it was gone and she

455

00:22:42,760 --> 00:22:40,040

never saw it again and that was about

456

00:22:46,120 --> 00:22:42,770

8:15 in the evening on that same date

457

00:22:47,410 --> 00:22:46,130

August 12 2009 okay that snow would have

458

00:22:48,940 --> 00:22:47,420

been not what a day that would that

459

00:22:51,549 --> 00:22:48,950

would have been a daylight sighting man

460

00:22:53,890 --> 00:22:51,559

that 8:15 in August right would not

461

00:22:57,820 --> 00:22:53,900

would that be about right now I would

462

00:23:00,210 --> 00:22:57,830

call it maybe twilight okay possibly

463

00:23:04,320 --> 00:23:00,220

yeah it's probably probably at least

464

00:23:09,130 --> 00:23:04,330

substantial amount of daylight so then a

465

00:23:14,680 --> 00:23:09,140

compliments later I get another report

466

00:23:17,710 --> 00:23:14,690

same date of the event 8:30 p.m. a man

467

00:23:21,850 --> 00:23:17,720

driving along on i-5 also driving

468

00:23:24,250 --> 00:23:21,860

northbound south of Brooks Oregon which

469

00:23:26,770 --> 00:23:24,260

is about 8 miles south of Woodburn where

470

00:23:29,230 --> 00:23:26,780

the first report came from and he said

471

00:23:31,330 --> 00:23:29,240

he saw a triangular object with three

472

00:23:34,510 --> 00:23:31,340

really bright lights on it moving north

473

00:23:37,090 --> 00:23:34,520

to south passed over the highway he said

474

00:23:39,670 --> 00:23:37,100

it was about a few hundred feet in

475

00:23:43,150 --> 00:23:39,680

altitude which is very low be too low

476

00:23:45,970 --> 00:23:43,160

for a four legally for a private plane

477

00:23:51,130 --> 00:23:45,980

or an air airliner to be flying over

478

00:23:53,740 --> 00:23:51,140

there the freeway and he thought it went

479

00:23:56,890 --> 00:23:53,750

over the the edge of the scrubby trees

480

00:23:59,020 --> 00:23:56,900

along the freeway there and went down in

481

00:24:01,600 --> 00:23:59,030

the field like landed in the field

482

00:24:04,390 --> 00:24:01,610

beyond there that was his impression and

483

00:24:08,020 --> 00:24:04,400

he looked around and he said wow there's

484

00:24:10,030 --> 00:24:08,030

a lot of people driving here I wonder

485

00:24:12,130 --> 00:24:10,040

how many of them saw it and he noticed

486

00:24:14,710 --> 00:24:12,140

people in the car next one to his left

487

00:24:16,750 --> 00:24:14,720

had been looking at it and pointing and

488

00:24:21,100 --> 00:24:16,760

he knew that they were reacting to it as

489

00:24:26,350 --> 00:24:21,110

well so I looked at this and I realized

490

00:24:31,960 --> 00:24:26,360

here we have two reports same date 8

491

00:24:33,610 --> 00:24:31,970

miles apart 15 minutes apart most likely

492

00:24:36,700 --> 00:24:33,620

they were looking at the same object

493

00:24:40,210 --> 00:24:36,710

right right but but it's very likely

494

00:24:43,030 --> 00:24:40,220

right off the second witness estimated

495

00:24:46,480 --> 00:24:43,040

the speed of the object 20 to 30 miles

496

00:24:48,850 --> 00:24:46,490

per hour and now it just about be right

497

00:24:51,700 --> 00:24:48,860

picked up what's going to 30 miles an

498

00:24:55,450 --> 00:24:51,710

hour it would have taken it about 15

499

00:24:57,370 --> 00:24:55,460

minutes to go eight miles but anyway I

500

00:25:01,540 --> 00:24:57,380

just think there's a really interesting

501  
00:25:03,130 --> 00:25:01,550  
case because of the two witnesses right

502  
00:25:05,620 --> 00:25:03,140  
right well you've got that some

503  
00:25:07,660 --> 00:25:05,630  
corroboration there too now do you get

504  
00:25:09,540 --> 00:25:07,670  
those kind of cases very often where

505  
00:25:12,700 --> 00:25:09,550  
you've got two different witnesses

506  
00:25:15,100 --> 00:25:12,710  
within roughly the same approximate time

507  
00:25:17,110 --> 00:25:15,110  
frame at different locations unconnected

508  
00:25:18,580 --> 00:25:17,120  
by seeing essentially the same thing or

509  
00:25:20,810 --> 00:25:18,590  
is this the only instance you've come

510  
00:25:23,419 --> 00:25:20,820  
across that oh no I

511  
00:25:26,240 --> 00:25:23,429  
I would say that's the only one but

512  
00:25:27,799 --> 00:25:26,250  
they're relatively rare got it okay I

513  
00:25:30,080 --> 00:25:27,809

would like to say we get more of them

514

00:25:32,600 --> 00:25:30,090

because those are the good really good

515

00:25:36,009 --> 00:25:32,610

cases when you get I've got an even

516

00:25:41,960 --> 00:25:36,019

better one coming up here I have one

517

00:25:43,940 --> 00:25:41,970

where I had two witnesses certainly at

518

00:25:46,009 --> 00:25:43,950

the same object at the same and they

519

00:25:48,110 --> 00:25:46,019

weren't driving well one was driving but

520

00:25:51,350 --> 00:25:48,120

he had stopped his car and the other one

521

00:25:52,879 --> 00:25:51,360

wasn't driving at all and the

522

00:25:55,369 --> 00:25:52,889

interesting thing is these are the kind

523

00:25:58,759 --> 00:25:55,379

of cases that I really like when you

524

00:26:01,369 --> 00:25:58,769

have two people together that know each

525

00:26:02,690 --> 00:26:01,379

other seeing the same thing you know

526

00:26:04,519 --> 00:26:02,700

that there's a chance they're

527

00:26:08,060 --> 00:26:04,529

collaborating on what their story is

528

00:26:11,180 --> 00:26:08,070

right up to some degree and they may not

529

00:26:13,399 --> 00:26:11,190

be intentionally trying to make up story

530

00:26:14,960 --> 00:26:13,409

and agreeing on it it just happens

531

00:26:18,590 --> 00:26:14,970

because they talk about it and they may

532

00:26:22,999 --> 00:26:18,600

agree on some details but I have another

533

00:26:27,529 --> 00:26:23,009

case which is from 2003 should talk

534

00:26:29,659 --> 00:26:27,539

about that one now absolutely okay so

535

00:26:32,960 --> 00:26:29,669

this was one of my earlier cases it's

536

00:26:36,980 --> 00:26:32,970

not in the move on database because it

537

00:26:42,350 --> 00:26:36,990

predates the current CMS system but this

538

00:26:46,220 --> 00:26:42,360

was a congressional office 20 in 2003 at

539

00:26:48,879 --> 00:26:46,230

about 10:30 p.m. a gentleman was driving

540

00:26:51,080 --> 00:26:48,889

west on Southeast Division in Gresham

541

00:26:54,049 --> 00:26:51,090

which is one of the main arteries that

542

00:26:56,360 --> 00:26:54,059

goes east and west and he saw a bright

543

00:26:59,869 --> 00:26:56,370

light hovering over the treetops on the

544

00:27:03,560 --> 00:26:59,879

top of a hill just two off to his left

545

00:27:05,240 --> 00:27:03,570

on an angle to his left and he he was

546

00:27:06,950 --> 00:27:05,250

watching it as he was waiting at a red

547

00:27:08,539 --> 00:27:06,960

light he was thinking that's a kind of a

548

00:27:10,850 --> 00:27:08,549

strange looking light I wonder what it

549

00:27:12,320 --> 00:27:10,860

is he thought it was first he thought of

550

00:27:13,940 --> 00:27:12,330

as a plane but then he said wait a

551

00:27:16,970 --> 00:27:13,950

minute it's kind of hanging there it's

552

00:27:18,889 --> 00:27:16,980

not moving so he drove a few blocks

553

00:27:20,570 --> 00:27:18,899

after the law changed he drove a few

554

00:27:22,460 --> 00:27:20,580

blocks and he kept looking to see if he

555

00:27:24,080 --> 00:27:22,470

gets bought it and he would see it

556

00:27:26,659 --> 00:27:24,090

between the trees and then he would not

557

00:27:28,490 --> 00:27:26,669

see it because it was moving and finally

558

00:27:31,580 --> 00:27:28,500

he decided oh I'm just gonna go check it

559

00:27:33,830 --> 00:27:31,590

out so he turn makes a left turn goes

560

00:27:34,840 --> 00:27:33,840

into the neighborhood goes a couple

561

00:27:38,380 --> 00:27:34,850

blocks in and

562

00:27:39,520 --> 00:27:38,390

it's another left turn and there it is

563

00:27:42,700 --> 00:27:39,530

right in front of him

564

00:27:45,130 --> 00:27:42,710

he's looking down the street straight

565

00:27:48,070 --> 00:27:45,140

toward the east and the object is about

566

00:27:49,840 --> 00:27:48,080

a block and a half away it's just a big

567

00:27:52,540 --> 00:27:49,850

black triangle it's just sitting there

568

00:27:55,000 --> 00:27:52,550

in the air just he said he couldn't

569

00:27:57,580 --> 00:27:55,010

understand how it could sit still in the

570

00:27:58,750 --> 00:27:57,590

air like that because it wasn't like if

571

00:28:02,350 --> 00:27:58,760

you if you know anything about

572

00:28:04,570 --> 00:28:02,360

helicopters when they hover they don't

573

00:28:07,660 --> 00:28:04,580

sit still right right right

574

00:28:10,810 --> 00:28:07,670

they waver back and forth and and they

575

00:28:13,510 --> 00:28:10,820

make a lot of noise - oh they make a lot

576  
00:28:16,090 --> 00:28:13,520  
of noise and they also they move around

577  
00:28:18,010 --> 00:28:16,100  
there's a reason for that but I don't

578  
00:28:21,460 --> 00:28:18,020  
want to get into all the details at this

579  
00:28:23,860 --> 00:28:21,470  
point but he he looked at this from home

580  
00:28:27,970 --> 00:28:23,870  
news rather stunned and then he realized

581  
00:28:30,010 --> 00:28:27,980  
he wait a minute I have a camera in the

582  
00:28:33,610 --> 00:28:30,020  
back seat and he thought it was back

583  
00:28:36,580 --> 00:28:33,620  
like in the footwell of the rear seat

584  
00:28:38,380 --> 00:28:36,590  
area so he reaches back and he's trying

585  
00:28:43,530 --> 00:28:38,390  
to find a camera and just then the

586  
00:28:47,050 --> 00:28:43,540  
object made a a flat rotating turn and

587  
00:28:50,320 --> 00:28:47,060  
moved swiftly off to the to his left

588  
00:28:51,880 --> 00:28:50,330

toward the north and he said it was

589

00:28:55,440 --> 00:28:51,890

amazing because it's a bear it was a

590

00:28:59,400 --> 00:28:55,450

very smooth it just went from stopped to

591

00:29:04,840 --> 00:28:59,410

suddenly moving without any sign of

592

00:29:09,310 --> 00:29:04,850

acceleration no sound and no exhauster

593

00:29:10,570 --> 00:29:09,320

any some engine propulsion so he drove

594

00:29:13,060 --> 00:29:10,580

up to the corner

595

00:29:15,310 --> 00:29:13,070

it's got ready to turn left and he saw

596

00:29:18,130 --> 00:29:15,320

people on the street looking and

597

00:29:21,370 --> 00:29:18,140

pointing at this object and he tried to

598

00:29:23,140 --> 00:29:21,380

decide what to do he he said he he made

599

00:29:25,540 --> 00:29:23,150

the choice to try to follow the object

600

00:29:26,860 --> 00:29:25,550

and later he regretted he said I should

601  
00:29:28,780 --> 00:29:26,870  
have stopped and talked to the people

602  
00:29:32,530 --> 00:29:28,790  
right because when he tried to follow

603  
00:29:34,210 --> 00:29:32,540  
the object in his car he had speed bumps

604  
00:29:36,480 --> 00:29:34,220  
on the street and everything slowed him

605  
00:29:38,830 --> 00:29:36,490  
down he got to the corner and it was a

606  
00:29:41,080 --> 00:29:38,840  
intersection with no light he had to

607  
00:29:43,930 --> 00:29:41,090  
wait for traffic and this object just

608  
00:29:45,580 --> 00:29:43,940  
zoom not to the northwest and pretty

609  
00:29:47,530 --> 00:29:45,590  
soon it just was so far away you can

610  
00:29:50,010 --> 00:29:47,540  
really see it except for some distant

611  
00:29:55,270 --> 00:29:50,020  
red lights

612  
00:29:58,810 --> 00:29:55,280  
meanwhile when I heard about this case I

613  
00:30:02,080 --> 00:29:58,820

talked the guy and it turns out he was a

614

00:30:06,040 --> 00:30:02,090

professional animator and illustrator uh

615

00:30:10,840 --> 00:30:06,050

you know graphic artist okay he drew me

616

00:30:13,060 --> 00:30:10,850

a beautiful wireframe rendition about

617

00:30:15,850 --> 00:30:13,070

what this object look like you know a

618

00:30:17,890 --> 00:30:15,860

triangular object with three circles at

619

00:30:19,930 --> 00:30:17,900

the corners which to him represented the

620

00:30:24,070 --> 00:30:19,940

lights that he saw pointed downward

621

00:30:28,770 --> 00:30:24,080

right and so I took that picture and I

622

00:30:31,150 --> 00:30:28,780

made a poster a flyer that I put up on

623

00:30:32,590 --> 00:30:31,160

the utility poles around the

624

00:30:34,930 --> 00:30:32,600

neighborhood trying to see if I could

625

00:30:36,940 --> 00:30:34,940

find any other people because this is my

626  
00:30:41,950 --> 00:30:36,950  
neighborhood I live in Gresham which is

627  
00:30:43,660 --> 00:30:41,960  
a suburb of Portland so I only live

628  
00:30:46,690 --> 00:30:43,670  
about maybe a mile from where this

629  
00:30:49,600 --> 00:30:46,700  
occurred so I I put some of these

630  
00:30:52,300 --> 00:30:49,610  
posters up around the neighborhood and

631  
00:30:55,330 --> 00:30:52,310  
at first you know I got a bunch of crank

632  
00:30:57,640 --> 00:30:55,340  
calls and such and then finally got one

633  
00:31:01,390 --> 00:30:57,650  
call from a woman who says you know I

634  
00:31:05,020 --> 00:31:01,400  
think I saw the same thing that is on

635  
00:31:07,480 --> 00:31:05,030  
your your flyer so I went talk to her

636  
00:31:09,490 --> 00:31:07,490  
and her story is this she was sitting

637  
00:31:11,920 --> 00:31:09,500  
out in new yard preparing for a yard

638  
00:31:14,650 --> 00:31:11,930

sale because this was August 29th that

639

00:31:16,450 --> 00:31:14,660

year it was the Friday before Labor Day

640

00:31:19,270 --> 00:31:16,460

and they were gonna have a Labor Day

641

00:31:22,240 --> 00:31:19,280

weekend yard sale so she was getting all

642

00:31:28,530 --> 00:31:22,250

her stuff ready and and she was sitting

643

00:31:32,230 --> 00:31:28,540

outside and all of a sudden a something

644

00:31:34,690 --> 00:31:32,240

flew over her and she could feel it

645

00:31:38,530 --> 00:31:34,700

because she had a pacemaker and she said

646

00:31:42,180 --> 00:31:38,540

it it made her pacemaker act up as if

647

00:31:45,040 --> 00:31:42,190

she got too close to a magnetometer and

648

00:31:46,720 --> 00:31:45,050

she looked up and saw this triangular

649

00:31:50,110 --> 00:31:46,730

object go over with the three lights on

650

00:31:54,010 --> 00:31:50,120

the bottom and it moved swiftly over to

651  
00:31:56,230 --> 00:31:54,020  
where the the tall trees were about two

652  
00:31:58,420 --> 00:31:56,240  
blocks away from her and it just stopped

653  
00:32:01,230 --> 00:31:58,430  
and hovered there and she said it

654  
00:32:02,530 --> 00:32:01,240  
hovered there for several seconds and

655  
00:32:04,690 --> 00:32:02,540  
then

656  
00:32:07,120 --> 00:32:04,700  
all of a sudden it she said she thought

657  
00:32:09,280 --> 00:32:07,130  
it just disappeared she wasn't sure if

658  
00:32:13,180 --> 00:32:09,290  
it moved away and was hidden by the

659  
00:32:15,820 --> 00:32:13,190  
trees or if it just uh just disappeared

660  
00:32:20,710 --> 00:32:15,830  
now I'll tell you these neighborhood has

661  
00:32:23,350 --> 00:32:20,720  
a lot of tall Douglas fir trees which is

662  
00:32:25,870 --> 00:32:23,360  
a very compliment a tree in this part of

663  
00:32:30,220 --> 00:32:25,880

the country and they're they're usually

664

00:32:32,530 --> 00:32:30,230

a run either 75 to 100 feet tall and so

665

00:32:35,680 --> 00:32:32,540

this object just sort of disappeared

666

00:32:38,530 --> 00:32:35,690

behind these trees in my estimation and

667

00:32:45,670 --> 00:32:38,540

she couldn't see it anymore

668

00:32:49,750 --> 00:32:45,680

but the same 8 same time basically for

669

00:32:51,250 --> 00:32:49,760

these two witnesses stories and I went

670

00:32:53,200 --> 00:32:51,260

out and did some measurements and I was

671

00:32:56,440 --> 00:32:53,210

able to figure out just about where this

672

00:32:58,900 --> 00:32:56,450

object was by doing a triangulation

673

00:33:01,180 --> 00:32:58,910

calculations okay and I came up with a

674

00:33:04,920 --> 00:33:01,190

size of somewhere in the neighborhood of

675

00:33:08,050 --> 00:33:04,930

70 to 90 feet of the object and

676  
00:33:12,610 --> 00:33:08,060  
elevation of 5 to 700 feet above ground

677  
00:33:16,120 --> 00:33:12,620  
level okay and that's that's based on

678  
00:33:18,040 --> 00:33:16,130  
the angular elevation estimates by both

679  
00:33:21,430 --> 00:33:18,050  
witnesses and the compass directions

680  
00:33:23,410 --> 00:33:21,440  
given me by both witnesses the first

681  
00:33:26,080 --> 00:33:23,420  
gentleman he was looking straight down a

682  
00:33:27,970 --> 00:33:26,090  
street which went straight east so I had

683  
00:33:31,420 --> 00:33:27,980  
a real easy time with the construction

684  
00:33:33,190 --> 00:33:31,430  
there the other witness what I did was i

685  
00:33:35,860 --> 00:33:33,200  
sat with her in the yard where she had

686  
00:33:40,980 --> 00:33:35,870  
been and I said okay you point to where

687  
00:33:46,090 --> 00:33:40,990  
you saw it using some trees and other

688  
00:33:49,000 --> 00:33:46,100

objects in local area as reference

689

00:33:54,820 --> 00:33:49,010

points we were able to get an angle for

690

00:33:57,340 --> 00:33:54,830

Earth okay in summation in order to do

691

00:34:01,060 --> 00:33:57,350

the triangulation that's kind of rare to

692

00:34:03,700 --> 00:34:01,070

get that good up the to witness case

693

00:34:06,960 --> 00:34:03,710

from separate people but I was very

694

00:34:10,409 --> 00:34:06,970

fortunate to have had a case like that

695

00:34:13,270 --> 00:34:10,419

definitely now I've got some video and

696

00:34:15,190 --> 00:34:13,280

you want me to go ahead and run that

697

00:34:16,450 --> 00:34:15,200

and what I'm gonna do is want to run it

698

00:34:18,880 --> 00:34:16,460

real quick I've got to make a couple

699

00:34:20,470 --> 00:34:18,890

adjustments on volume because you

700

00:34:22,120 --> 00:34:20,480

suggested it would be best to kill the

701  
00:34:25,630 --> 00:34:22,130  
volume on this so I'm gonna run that now

702  
00:34:27,909 --> 00:34:25,640  
and yeah if you could tell the folks a

703  
00:34:29,470 --> 00:34:27,919  
little bit good yeah dad do you want to

704  
00:34:30,820 --> 00:34:29,480  
do like a little bit of a lead in in

705  
00:34:32,350 --> 00:34:30,830  
terms of what the folks are gonna see

706  
00:34:34,180 --> 00:34:32,360  
and give a little bit of background on

707  
00:34:36,340 --> 00:34:34,190  
this case first or do you think it's the

708  
00:34:38,800 --> 00:34:36,350  
oldest run yeah go ahead I give some

709  
00:34:42,640 --> 00:34:38,810  
background it's first this is fairly new

710  
00:34:45,220 --> 00:34:42,650  
this is from January 12 2019 at about 11

711  
00:34:47,890 --> 00:34:45,230  
p.m. at the event started 11 p.m. but

712  
00:34:51,520 --> 00:34:47,900  
but they stated that just went on for

713  
00:34:55,570 --> 00:34:51,530

about five hours so this was in Gaston

714

00:35:01,450 --> 00:34:55,580

Oregon which is a small town a very

715

00:35:05,230 --> 00:35:01,460

rural area out I figure it's about 23

716

00:35:07,120 --> 00:35:05,240

miles west-southwest of Portland south

717

00:35:10,680 --> 00:35:07,130

beyond Hillsborough and B Burton which

718

00:35:14,890 --> 00:35:10,690

are much bigger or well known of suburbs

719

00:35:16,720 --> 00:35:14,900

so what happened was the husband and

720

00:35:20,470 --> 00:35:16,730

wife and I I don't know who saw it first

721

00:35:25,990 --> 00:35:20,480

but they were watching this strange

722

00:35:29,220 --> 00:35:26,000

object in the sky and it was appeared to

723

00:35:34,120 --> 00:35:29,230

be changing colors and pulsating and

724

00:35:37,990 --> 00:35:34,130

they got a phone out and started it's

725

00:35:40,060 --> 00:35:38,000

shooting photos and videos of it and I

726

00:35:42,010 --> 00:35:40,070

actually got three videos and a whole

727

00:35:45,340 --> 00:35:42,020

bunch of photos from them but I think

728

00:35:47,620 --> 00:35:45,350

the one of the video was that was the

729

00:35:53,260 --> 00:35:47,630

clearest now what you're gonna see is

730

00:35:56,620 --> 00:35:53,270

simply a an orb of a round object with

731

00:36:00,310 --> 00:35:56,630

lights changing light patterns that seem

732

00:36:06,190 --> 00:36:00,320

to be coming from inside it and in they

733

00:36:09,250 --> 00:36:06,200

pulsate they change colors if I I try to

734

00:36:12,040 --> 00:36:09,260

try to see if I can imagine what kind of

735

00:36:14,440 --> 00:36:12,050

normal ordinary object be responsible

736

00:36:17,130 --> 00:36:14,450

for this it's certainly not any kind of

737

00:36:19,930 --> 00:36:17,140

astronomical object we know about

738

00:36:21,520 --> 00:36:19,940

there's just nothing that we know of

739

00:36:27,160 --> 00:36:21,530

like that

740

00:36:29,710 --> 00:36:27,170

if if it's some kind of a an a drone

741

00:36:32,410 --> 00:36:29,720

something I I have no idea who could

742

00:36:36,040 --> 00:36:32,420

make a drone sit up there for that long

743

00:36:38,050 --> 00:36:36,050

time considering the battery life on

744

00:36:41,140 --> 00:36:38,060

some of these drones and also to have it

745

00:36:42,940 --> 00:36:41,150

look like that because you know we know

746

00:36:44,710 --> 00:36:42,950

what most of these hobbyist drones look

747

00:36:47,080 --> 00:36:44,720

like they look like little quad copters

748

00:36:49,900 --> 00:36:47,090

or something I don't know how many that

749

00:36:55,630 --> 00:36:49,910

would have an appearance like this

750

00:36:58,300 --> 00:36:55,640

object um and it it was up there from

751  
00:36:59,680 --> 00:36:58,310  
for a long time it looks like besides

752  
00:37:01,300 --> 00:36:59,690  
the changing colors it looks like

753  
00:37:06,280 --> 00:37:01,310  
there's some sort of energy source

754  
00:37:08,530 --> 00:37:06,290  
inside it's pulsing out the little beams

755  
00:37:11,230 --> 00:37:08,540  
of like a plasma energy or something

756  
00:37:15,520 --> 00:37:11,240  
that but they're all contained inside

757  
00:37:17,770 --> 00:37:15,530  
the the outer perimeter of this circular

758  
00:37:19,810 --> 00:37:17,780  
object okay so all right let me run this

759  
00:37:21,220 --> 00:37:19,820  
now and I'm gonna ask you and chant to

760  
00:37:23,560 --> 00:37:21,230  
be quiet I'm gonna be quiet here now

761  
00:38:00,020 --> 00:37:23,570  
because I'm gonna kill our volume so

762  
00:39:31,780 --> 00:39:27,450  
you

763  
00:39:33,490 --> 00:39:31,790

yeah telling us about this video

764

00:39:35,440 --> 00:39:33,500

compared to some others that you've seen

765

00:39:37,140 --> 00:39:35,450

that are kind of similar now but you

766

00:39:40,420 --> 00:39:37,150

really like this one in particular

767

00:39:46,450 --> 00:39:40,430

well this one's closer appears to be

768

00:39:50,170 --> 00:39:46,460

closer it's it's so much you know the

769

00:39:53,350 --> 00:39:50,180

the the object looks so much bigger most

770

00:39:56,260 --> 00:39:53,360

of them it's it's a very small almost

771

00:40:00,540 --> 00:39:56,270

like a point source light maybe just a

772

00:40:06,130 --> 00:40:00,550

little bigger that's changing colors or

773

00:40:08,290 --> 00:40:06,140

flashing strobing and so forth but this

774

00:40:12,330 --> 00:40:08,300

one is so much closer than the others

775

00:40:16,450 --> 00:40:12,340

you can really see something and what

776

00:40:20,350 --> 00:40:16,460

what I what this one video nailed home

777

00:40:22,630 --> 00:40:20,360

for me was that all right I'm getting

778

00:40:24,430 --> 00:40:22,640

other videos like this they're not as

779

00:40:27,340 --> 00:40:24,440

good as this one but they're like this

780

00:40:31,450 --> 00:40:27,350

and I cannot explain them these little

781

00:40:34,390 --> 00:40:31,460

cell phones their small aperture isn't

782

00:40:37,150 --> 00:40:34,400

good enough at capturing light to really

783

00:40:40,000 --> 00:40:37,160

do a good job of taking photos of stars

784

00:40:43,330 --> 00:40:40,010

right even Venus isn't gonna show up

785

00:40:46,210 --> 00:40:43,340

that well unless you set a time exposure

786

00:40:47,230 --> 00:40:46,220

on cell phone right right exactly

787

00:40:53,050 --> 00:40:47,240

exactly

788

00:40:55,750 --> 00:40:53,060

so so these these strange pulsating orbs

789

00:40:57,880 --> 00:40:55,760

changing colors there's something else

790

00:41:00,730 --> 00:40:57,890

and I don't know what they could be

791

00:41:04,360 --> 00:41:00,740

I've I tried reasoning that it could be

792

00:41:07,120 --> 00:41:04,370

drones or something but I can't come up

793

00:41:10,390 --> 00:41:07,130

with a reasonable explanation that fits

794

00:41:13,090 --> 00:41:10,400

what we know about hobbyist drones and

795

00:41:15,550 --> 00:41:13,100

things like that so that's why I say

796

00:41:18,010 --> 00:41:15,560

this is another kind of UFO right I have

797

00:41:20,470 --> 00:41:18,020

a question I wanted to know Tom have you

798

00:41:24,400 --> 00:41:20,480

had this forensic ly analyzed this video

799

00:41:27,340 --> 00:41:24,410

or any of the material I haven't had it

800

00:41:29,320 --> 00:41:27,350

forensic ly analysed are you looking

801  
00:41:33,310 --> 00:41:29,330  
forward to considering that possibly

802  
00:41:36,730 --> 00:41:33,320  
well let's put it this way my my

803  
00:41:40,359 --> 00:41:36,740  
colleague Keith Raoul who maintains our

804  
00:41:42,749 --> 00:41:40,369  
our website Oregon MUFON comm he's

805  
00:41:45,400 --> 00:41:42,759  
fairly accomplished digital photographer

806  
00:41:47,859 --> 00:41:45,410  
he and I have both spent a long time

807  
00:41:51,759 --> 00:41:47,869  
looking at these videos and trying to

808  
00:41:53,650 --> 00:41:51,769  
come up with an explanation but one of

809  
00:41:55,930 --> 00:41:53,660  
the problems we haven't me fond is we

810  
00:41:59,349 --> 00:41:55,940  
have a few people that are the official

811  
00:42:01,470 --> 00:41:59,359  
photo analysts they are pretty well

812  
00:42:06,849 --> 00:42:01,480  
backlogged with a huge number of

813  
00:42:08,769 --> 00:42:06,859

requests or for an analysis so that's

814

00:42:13,150 --> 00:42:08,779

the main reason I've never had one of

815

00:42:15,579 --> 00:42:13,160

them look at it and as far as forensic

816

00:42:16,059 --> 00:42:15,589

analysis I'm not sure who else to turn

817

00:42:21,160 --> 00:42:16,069

to

818

00:42:25,630 --> 00:42:21,170

so no haven't do you have any other

819

00:42:32,470 --> 00:42:25,640

cases you'd like to bring up yeah I have

820

00:42:35,829 --> 00:42:32,480

some here I had a gentleman who was out

821

00:42:41,049 --> 00:42:35,839

camping with his grandson and this

822

00:42:44,529 --> 00:42:41,059

happened on August 1st 2018 he was up in

823

00:42:49,930 --> 00:42:44,539

the Cascade Mountains along the Pacific

824

00:42:52,450 --> 00:42:49,940

Coast Pacific Crest Trail and campground

825

00:42:54,640 --> 00:42:52,460

location was at a lake that's about nine

826  
00:42:57,220 --> 00:42:54,650  
miles east-northeast of Brighton Bush

827  
00:43:00,819 --> 00:42:57,230  
Hot Springs Brighton Bush hot springs

828  
00:43:02,890 --> 00:43:00,829  
it's kind of a famous little place where

829  
00:43:05,349 --> 00:43:02,900  
people like to go it's a little a small

830  
00:43:08,799 --> 00:43:05,359  
resort town it's not an official City or

831  
00:43:12,609 --> 00:43:08,809  
anything but it's a location that's on a

832  
00:43:14,680 --> 00:43:12,619  
map but they weren't ever there for the

833  
00:43:16,779 --> 00:43:14,690  
hot springs they were just camping and

834  
00:43:22,180 --> 00:43:16,789  
they just happen to be in a spot that's

835  
00:43:24,029 --> 00:43:22,190  
about nine miles over there and so the

836  
00:43:25,650 --> 00:43:24,039  
gentleman was sitting by the campfire

837  
00:43:28,989 --> 00:43:25,660  
meditating Oh

838  
00:43:32,410 --> 00:43:28,999

then he decided to shine his LED

839

00:43:35,349 --> 00:43:32,420

flashlight up in his sky now this was

840

00:43:38,380 --> 00:43:35,359

about 9:00 p.m. he's that this event

841

00:43:44,229 --> 00:43:38,390

started he's shining his light back in

842

00:43:47,920 --> 00:43:44,239

this guy and after he got tired he went

843

00:43:50,079 --> 00:43:47,930

back to meditating then he sensed the

844

00:43:52,569 --> 00:43:50,089

presence and he opened his eyes and saw

845

00:43:54,309 --> 00:43:52,579

a huge black triangle hovering some

846

00:43:59,079 --> 00:43:54,319

fifty to sixty feet east of

847

00:44:01,079 --> 00:43:59,089

campsite um he shined shined a light at

848

00:44:04,689 --> 00:44:01,089

the object but the black exterior

849

00:44:06,549 --> 00:44:04,699

absorbed all the light and he walked

850

00:44:09,549 --> 00:44:06,559

toward the object and as he approached

851  
00:44:12,939 --> 00:44:09,559  
it he felt a vibration or energy that

852  
00:44:17,430 --> 00:44:12,949  
was pulsating in his body and it was a

853  
00:44:22,239 --> 00:44:17,440  
very strong feeling and he he started to

854  
00:44:26,229 --> 00:44:22,249  
feel uncomfortable with it and so he

855  
00:44:29,589 --> 00:44:26,239  
backed off he just sat out there for a

856  
00:44:31,150 --> 00:44:29,599  
long time after about three hours he got

857  
00:44:33,479 --> 00:44:31,160  
tired of watching this thing because

858  
00:44:36,519 --> 00:44:33,489  
nothing was happening it was emitting

859  
00:44:41,640 --> 00:44:36,529  
sometimes emitting flashes of light and

860  
00:44:46,329 --> 00:44:41,650  
then he saw was a client pulses of

861  
00:44:47,259 --> 00:44:46,339  
electricity that lit up around perimeter

862  
00:44:50,709 --> 00:44:47,269  
of the object

863  
00:44:52,569 --> 00:44:50,719

it had three white lights on the bottom

864

00:44:58,029 --> 00:44:52,579

at the corners like a lot of the black

865

00:45:01,599 --> 00:44:58,039

triangles do and he just it was just an

866

00:45:04,499 --> 00:45:01,609

amazing experience for him it's a single

867

00:45:09,099 --> 00:45:04,509

witness case but still it's it's uh I

868

00:45:12,430 --> 00:45:09,109

met the guy he's very very credible and

869

00:45:16,839 --> 00:45:12,440

I think it was quite an experience for

870

00:45:20,109 --> 00:45:16,849

him um I wanted to make a comment and

871

00:45:23,920 --> 00:45:20,119

that is because I interview a lot of

872

00:45:26,739 --> 00:45:23,930

people like Frank I get a input from

873

00:45:31,150 --> 00:45:26,749

folks from all over the world and I have

874

00:45:33,189 --> 00:45:31,160

heard many folks share with me that they

875

00:45:37,479 --> 00:45:33,199

have felt some kind of vibration or

876

00:45:40,930 --> 00:45:37,489

energy from what they feel was not a UFO

877

00:45:43,180 --> 00:45:40,940

but and et related craft and it's just

878

00:45:45,430 --> 00:45:43,190

interesting how that could be considered

879

00:45:49,120 --> 00:45:45,440

a common denominator with some sightings

880

00:45:51,749 --> 00:45:49,130

and also I found it fascinating when you

881

00:45:56,829 --> 00:45:51,759

mentioned that a person that had a

882

00:45:59,289 --> 00:45:56,839

pacemaker felt some kind of something

883

00:46:02,469 --> 00:45:59,299

regarding that and it could have been in

884

00:46:06,309 --> 00:46:02,479

relation to the sighting of the UFO yeah

885

00:46:07,960 --> 00:46:06,319

I got my attention too yeah yeah I know

886

00:46:10,359 --> 00:46:07,970

I think you know it was

887

00:46:15,520 --> 00:46:10,369

some kind of magnetic interference that

888

00:46:21,180 --> 00:46:15,530

that would have caused that effect young

889

00:46:25,480 --> 00:46:21,190

in in as as a UFO investigator I am

890

00:46:30,430 --> 00:46:25,490

trying to be as objective as possible so

891

00:46:35,470 --> 00:46:30,440

what happens is I I I try not to make

892

00:46:37,630 --> 00:46:35,480

assumptions about things people have you

893

00:46:40,960 --> 00:46:37,640

know people relate their experiences to

894

00:46:43,599 --> 00:46:40,970

us and part sometimes these experiences

895

00:46:45,849 --> 00:46:43,609

are fairly personal especially when it's

896

00:46:48,370 --> 00:46:45,859

a case like this last one I talked about

897

00:46:51,790 --> 00:46:48,380

we consider a close encounter the object

898

00:46:55,390 --> 00:46:51,800

was closer than 500 feet to the to the

899

00:46:58,240 --> 00:46:55,400

person and he experienced something that

900

00:47:00,910 --> 00:46:58,250

might be considered an interaction on

901  
00:47:04,720 --> 00:47:00,920  
some level with the object just feeling

902  
00:47:08,320 --> 00:47:04,730  
the energy that he felt he felt and he

903  
00:47:10,740 --> 00:47:08,330  
told me that he felt like the object was

904  
00:47:13,510 --> 00:47:10,750  
aware of him knew he was there

905  
00:47:16,570 --> 00:47:13,520  
maybe knew what he was thinking at one

906  
00:47:20,620 --> 00:47:16,580  
point he got the idea that since he was

907  
00:47:22,810 --> 00:47:20,630  
we staring a handgun that he should fire

908  
00:47:25,120 --> 00:47:22,820  
a shot at the object just to see what

909  
00:47:27,550 --> 00:47:25,130  
would happened to see if the bullet

910  
00:47:30,339 --> 00:47:27,560  
would bounce off or whatever but as soon

911  
00:47:32,230 --> 00:47:30,349  
as he thought of that it the idea came

912  
00:47:36,520 --> 00:47:32,240  
to him that oh that would be a terrible

913  
00:47:38,770 --> 00:47:36,530

idea so he didn't do it and this is this

914

00:47:42,099 --> 00:47:38,780

is the kind of thing that that you run

915

00:47:49,210 --> 00:47:42,109

into all the time um I will tell you

916

00:47:53,740 --> 00:47:49,220

that my my friend Keith Rao who runs our

917

00:47:56,380 --> 00:47:53,750

website Oregon MUFON comm he has studied

918

00:47:58,980 --> 00:47:56,390

deeply the subject of transpersonal

919

00:48:03,540 --> 00:47:58,990

world and transpersonal psychology and

920

00:48:07,500 --> 00:48:03,550

this is a branch of psychology that is

921

00:48:12,190 --> 00:48:07,510

that is a modern attempt to explore the

922

00:48:16,000 --> 00:48:12,200

paranormal in a way that that is semi

923

00:48:20,079 --> 00:48:16,010

acceptable to academics because you know

924

00:48:21,730 --> 00:48:20,089

the mainstream academic world does not

925

00:48:26,380 --> 00:48:21,740

want to deal with paranoia

926

00:48:30,540 --> 00:48:26,390

subjects but he has studied this very

927

00:48:34,180 --> 00:48:30,550

deeply and he believes that UFOs are

928

00:48:37,750 --> 00:48:34,190

part of this this transpersonal world

929

00:48:39,940 --> 00:48:37,760

and if you listen to him and or rebut

930

00:48:42,880 --> 00:48:39,950

he's written he'll understand where he's

931

00:48:45,010 --> 00:48:42,890

coming from because they do things that

932

00:48:47,560 --> 00:48:45,020

don't make sense in our objective

933

00:48:52,359 --> 00:48:47,570

reality sometimes they materialize and

934

00:48:54,430 --> 00:48:52,369

dematerialize they can perform things

935

00:48:57,760 --> 00:48:54,440

you know they they make maneuvers in the

936

00:49:00,160 --> 00:48:57,770

air that are not reasonable for aircraft

937

00:49:03,990 --> 00:49:00,170

as we know them are you know physical

938

00:49:08,170 --> 00:49:04,000

human built aircraft so what exactly

939

00:49:10,660 --> 00:49:08,180

that means I don't have the answers to

940

00:49:12,970 --> 00:49:10,670

that all I can say is that that people

941

00:49:16,750 --> 00:49:12,980

that have deep deep and personal

942

00:49:19,420 --> 00:49:16,760

experiences with UFOs often these

943

00:49:23,320 --> 00:49:19,430

experiences entail something like

944

00:49:26,740 --> 00:49:23,330

telepathy or actual what we call mind

945

00:49:28,990 --> 00:49:26,750

control our and you've heard of

946

00:49:30,820 --> 00:49:29,000

abduction cases I didn't go into any

947

00:49:33,520 --> 00:49:30,830

abduction cases although I do get

948

00:49:35,800 --> 00:49:33,530

reports of abductions I didn't go into

949

00:49:41,190 --> 00:49:35,810

them because they're sometimes very hard

950

00:49:44,050 --> 00:49:41,200

to talk about the the details can be a

951  
00:49:46,630 --> 00:49:44,060  
kind of wild and they might be a little

952  
00:49:51,820 --> 00:49:46,640  
difficult for people to talk about or

953  
00:49:54,670 --> 00:49:51,830  
think about plus I I accept people's

954  
00:49:56,560 --> 00:49:54,680  
stories for what they are very rarely

955  
00:49:59,560 --> 00:49:56,570  
have I had a case where I thought the

956  
00:50:01,810 --> 00:49:59,570  
person was actually being deceitful in

957  
00:50:05,410 --> 00:50:01,820  
some way they're actually trying to pull

958  
00:50:07,599 --> 00:50:05,420  
one over on me and I don't I don't like

959  
00:50:10,420 --> 00:50:07,609  
to jump to conclusions that people are

960  
00:50:13,120 --> 00:50:10,430  
or fabricating unless I have a really

961  
00:50:15,609 --> 00:50:13,130  
good reason to think so so generally I

962  
00:50:19,390 --> 00:50:15,619  
accept people's stories at face value

963  
00:50:22,620 --> 00:50:19,400

the only thing that that I do is try to

964

00:50:27,670 --> 00:50:22,630

see if there's a rational explanation

965

00:50:29,680 --> 00:50:27,680

close encounter cases or experiences

966

00:50:33,160 --> 00:50:29,690

like abductions usually there is no

967

00:50:35,920 --> 00:50:33,170

alternative explanation unless I really

968

00:50:40,150 --> 00:50:35,930

feel the person has a mental problem

969

00:50:42,760 --> 00:50:40,160

which I run into occasionally you know

970

00:50:47,500 --> 00:50:42,770

two persons really seems to be operating

971

00:50:48,269 --> 00:50:47,510

on a on a delusional level I have to

972

00:50:51,519 --> 00:50:48,279

take that into consideration

973

00:50:54,519 --> 00:50:51,529

consideration but I actually haven't had

974

00:50:57,480 --> 00:50:54,529

that many cases of people that are like

975

00:51:01,019 --> 00:50:57,490

that I could probably count on one hand

976

00:51:05,380 --> 00:51:01,029

the cases that I've had of that nature

977

00:51:07,240 --> 00:51:05,390

over the last 20 years Tom really quick

978

00:51:10,630 --> 00:51:07,250

a quick question for you about the cases

979

00:51:13,920 --> 00:51:10,640

that you do get identified what is the

980

00:51:17,620 --> 00:51:13,930

usual explanation is it aircraft

981

00:51:20,799 --> 00:51:17,630

misidentifications astronomical

982

00:51:22,569 --> 00:51:20,809

phenomena and what how do you usually

983

00:51:26,190 --> 00:51:22,579

solve these were that word of the

984

00:51:37,329 --> 00:51:26,200

solution that we end up number one

985

00:51:41,200 --> 00:51:37,339

satellites recently you know SpaceX sure

986

00:51:43,720 --> 00:51:41,210

turn up all these the Starling

987

00:51:46,900 --> 00:51:43,730

satellites right well people saw these

988

00:51:49,630 --> 00:51:46,910

and we got a lot of reports they said oh

989

00:51:52,870 --> 00:51:49,640

there's a whole bunch of UFOs on a long

990

00:51:55,240 --> 00:51:52,880

line going across the sky well we have

991

00:51:57,490 --> 00:51:55,250

resources like there's a website called

992

00:52:00,250 --> 00:51:57,500

heavens above you can go and look up

993

00:52:03,730 --> 00:52:00,260

satellites and when when we have a good

994

00:52:07,740 --> 00:52:03,740

match for the location the time and

995

00:52:10,960 --> 00:52:07,750

direction of what the person describes

996

00:52:16,480 --> 00:52:10,970

and we know pretty well that we're

997

00:52:18,400 --> 00:52:16,490

looking at satellites the ISS is very

998

00:52:21,120 --> 00:52:18,410

bright and when people haven't seen it

999

00:52:25,720 --> 00:52:21,130

before sometimes they overreact when

1000

00:52:29,769 --> 00:52:25,730

when they send up a supply ship to dock

1001  
00:52:32,920 --> 00:52:29,779  
with the ISS like a shuttle or something

1002  
00:52:36,609 --> 00:52:32,930  
to take astronauts up and bring other

1003  
00:52:40,630 --> 00:52:36,619  
astronauts back or to supply the ship

1004  
00:52:43,660 --> 00:52:40,640  
they have a there's a Russian progress M

1005  
00:52:46,569 --> 00:52:43,670  
module that is docked with the space

1006  
00:52:49,059 --> 00:52:46,579  
shuttle I mean I'm sorry the docked with

1007  
00:52:49,690 --> 00:52:49,069  
the space station and when another ship

1008  
00:52:51,540 --> 00:52:49,700  
comes up

1009  
00:52:54,550 --> 00:52:51,550  
that has docked and they take the

1010  
00:52:57,610 --> 00:52:54,560  
progress em module and they park it in

1011  
00:52:59,440 --> 00:52:57,620  
orbit some distance from ISS right and

1012  
00:53:01,630 --> 00:52:59,450  
it's so that what people see them as

1013  
00:53:04,060 --> 00:53:01,640

they see the ISS and this other object

1014

00:53:06,160 --> 00:53:04,070

crossing the sky at the same time and

1015

00:53:09,070 --> 00:53:06,170

the ones right behind the other and they

1016

00:53:12,820 --> 00:53:09,080

say oh I just saw two UFOs once chasing

1017

00:53:18,790 --> 00:53:12,830

the other right okay no number two the

1018

00:53:21,760 --> 00:53:18,800

planet Venus Venus is spectacular when

1019

00:53:24,370 --> 00:53:21,770

people see it it looks just beautiful

1020

00:53:28,120 --> 00:53:24,380

and sometimes they overreact they think

1021

00:53:30,510 --> 00:53:28,130

it's you know a UFO when you can

1022

00:53:33,400 --> 00:53:30,520

establish they're seeing the same thing

1023

00:53:37,180 --> 00:53:33,410

more than one night in a row in the same

1024

00:53:39,130 --> 00:53:37,190

place and you can say okay you're

1025

00:53:41,530 --> 00:53:39,140

looking just in the right direction at

1026

00:53:43,420 --> 00:53:41,540

the right angular elevation for this to

1027

00:53:45,760 --> 00:53:43,430

be Venus some people don't want to

1028

00:53:47,530 --> 00:53:45,770

accept it but when we have a good match

1029

00:53:48,910 --> 00:53:47,540

we know but that's what they're seeing

1030

00:53:51,910 --> 00:53:48,920

especially if it's not moving around

1031

00:53:54,100 --> 00:53:51,920

it's just sure yeah

1032

00:53:56,110 --> 00:53:54,110

it is moving but it's just going so

1033

00:53:58,630 --> 00:53:56,120

slowly relative to the witness that it

1034

00:53:59,950 --> 00:53:58,640

doesn't look like it's moving right when

1035

00:54:02,040 --> 00:53:59,960

you're done Tom I just want to make a

1036

00:54:08,080 --> 00:54:02,050

comment about satellites but go ahead

1037

00:54:14,500 --> 00:54:08,090

all right so another and another common

1038

00:54:17,290 --> 00:54:14,510

thing is in in photographs our camp

1039

00:54:19,630 --> 00:54:17,300

camera artifacts one of the people

1040

00:54:22,990 --> 00:54:19,640

things that people will do is they'll

1041

00:54:27,390 --> 00:54:23,000

take a photo where the Sun is in in the

1042

00:54:30,790 --> 00:54:27,400

frame of the photo and most cameras

1043

00:54:33,340 --> 00:54:30,800

especially digital cameras and cell

1044

00:54:36,460 --> 00:54:33,350

phone cameras if you if you have the the

1045

00:54:41,020 --> 00:54:36,470

Sun or the moon or another really bright

1046

00:54:45,610 --> 00:54:41,030

light in the frame it creates a blob of

1047

00:54:48,190 --> 00:54:45,620

light opposite the light source the

1048

00:54:49,630 --> 00:54:48,200

bright light source and this people will

1049

00:54:51,430 --> 00:54:49,640

see this because they don't notice it

1050

00:54:52,720 --> 00:54:51,440

when they're taking the photo usually

1051

00:54:55,000 --> 00:54:52,730

you're looking through their photos

1052

00:54:59,020 --> 00:54:55,010

after the fact they say oh look there's

1053

00:55:01,570 --> 00:54:59,030

a there's a blue orb in my photo and

1054

00:55:03,550 --> 00:55:01,580

then we we look at it and you know I do

1055

00:55:06,220 --> 00:55:03,560

my analysis on it

1056

00:55:08,050 --> 00:55:06,230

where the object is regard with

1057

00:55:09,720 --> 00:55:08,060

relationship to the light source and

1058

00:55:13,150 --> 00:55:09,730

then I can tell

1059

00:55:15,880 --> 00:55:13,160

hey that's this is a an artifact caused

1060

00:55:22,000 --> 00:55:15,890

in your camera by having a bright light

1061

00:55:26,680 --> 00:55:22,010

in the frame those are some of the most

1062

00:55:33,250 --> 00:55:26,690

common things that that people miss

1063

00:55:37,980 --> 00:55:33,260

identify I've had very few I wouldn't

1064

00:55:45,850 --> 00:55:37,990

say zero but very few weather balloons

1065

00:55:48,580 --> 00:55:45,860

and another thing is birds that are seen

1066

00:55:51,370 --> 00:55:48,590

at a strange angle especially in photos

1067

00:55:54,160 --> 00:55:51,380

or insects when people are shooting

1068

00:55:57,010 --> 00:55:54,170

videos and an insect flies through the

1069

00:56:00,400 --> 00:55:57,020

frame they don't notice it when they're

1070

00:56:02,080 --> 00:56:00,410

shooting a picture but it shows up and

1071

00:56:05,440 --> 00:56:02,090

they say oh what's this thing that just

1072

00:56:07,540 --> 00:56:05,450

flew through the picture and I slowed it

1073

00:56:09,700 --> 00:56:07,550

down and I go frame by frame and usually

1074

00:56:13,420 --> 00:56:09,710

I can identify it because I can see the

1075

00:56:15,640 --> 00:56:13,430

wings moving I can see the body and and

1076  
00:56:18,970 --> 00:56:15,650  
y'all hanging down or whatever depending

1077  
00:56:25,000 --> 00:56:18,980  
on the size bug it is that's one that

1078  
00:56:26,620 --> 00:56:25,010  
often come up any other questions I'm

1079  
00:56:28,330 --> 00:56:26,630  
actually wanted to bring up a few things

1080  
00:56:29,950 --> 00:56:28,340  
one is something that you I think you

1081  
00:56:31,720 --> 00:56:29,960  
may have brought up but you may have not

1082  
00:56:33,130 --> 00:56:31,730  
used the word flare but go ahead and

1083  
00:56:34,960 --> 00:56:33,140  
correct me if that was not what you were

1084  
00:56:40,390 --> 00:56:34,970  
alluding to and you're talking about

1085  
00:56:42,430 --> 00:56:40,400  
bright object in the lens of a picture

1086  
00:56:46,540 --> 00:56:42,440  
somebody wanted to take take a photo of

1087  
00:56:47,860 --> 00:56:46,550  
but flare and photography as Tom you

1088  
00:56:51,700 --> 00:56:47,870

already know I just want to let our

1089

00:56:54,940 --> 00:56:51,710

listeners know it's a caused when it's

1090

00:56:57,250 --> 00:56:54,950

in a picture but I like signing into the

1091

00:56:58,840 --> 00:56:57,260

lens and it's light is reflected and

1092

00:57:01,030 --> 00:56:58,850

scattered into the lens causing a

1093

00:57:04,570 --> 00:57:01,040

washout or a flare artifact as you're

1094

00:57:06,760 --> 00:57:04,580

seeing artifacts on camera so or it can

1095

00:57:07,900 --> 00:57:06,770

be caused by special lens coatings also

1096

00:57:09,990 --> 00:57:07,910

wanted to mention something about

1097

00:57:12,040 --> 00:57:10,000

satellites because we we did a

1098

00:57:15,310 --> 00:57:12,050

three-part special which i think was

1099

00:57:17,160 --> 00:57:15,320

about six or eight hours of special over

1100

00:57:20,259 --> 00:57:17,170

a period of a week

1101

00:57:22,599 --> 00:57:20,269

regarding tools skillsets and

1102

00:57:28,779 --> 00:57:22,609

applications meaning software people can

1103

00:57:31,960 --> 00:57:28,789

use to try to use an edge to capture

1104

00:57:35,349 --> 00:57:31,970

ufo-related activity and some of the

1105

00:57:36,910 --> 00:57:35,359

applications that were brought up we're

1106

00:57:39,569 --> 00:57:36,920

I'm not gonna save some of these

1107

00:57:44,670 --> 00:57:39,579

applications correctly but theodolite

1108

00:57:48,160 --> 00:57:44,680

Stellarium geo Sat geo geo SAT watch

1109

00:57:50,559 --> 00:57:48,170

flightradar24 and a Tesla meter which

1110

00:57:53,319 --> 00:57:50,569

leverages iPhone Magna meters to measure

1111

00:57:57,069 --> 00:57:53,329

background radiation and there's many

1112

00:58:00,309 --> 00:57:57,079

others but the caveat the disclaimer

1113

00:58:01,630 --> 00:58:00,319

that everybody from the Phoenix MUFON

1114

00:58:04,239 --> 00:58:01,640

bootcamp we had when we had Jonathan

1115

00:58:06,880 --> 00:58:04,249

Dover on and I think it was Mark

1116

00:58:11,489 --> 00:58:06,890

Dantonio the chief photo analyst for

1117

00:58:14,799 --> 00:58:11,499

MUFON and and yourself are aware of is

1118

00:58:18,849 --> 00:58:14,809

no matter what satellite application you

1119

00:58:21,640 --> 00:58:18,859

use on your tap devices like a

1120

00:58:24,700 --> 00:58:21,650

smartphone or your computer just know

1121

00:58:27,729 --> 00:58:24,710

this it will not account for any

1122

00:58:30,120 --> 00:58:27,739

top-secret satellites out there and so

1123

00:58:32,319 --> 00:58:30,130

if you think you're using a satellite

1124

00:58:34,690 --> 00:58:32,329

application and you know about every

1125

00:58:38,049 --> 00:58:34,700

single satellite out there you don't it

1126

00:58:40,059 --> 00:58:38,059

will not list all of them so also

1127

00:58:42,969 --> 00:58:40,069

another thing that I think rich Hoffmann

1128

00:58:45,940 --> 00:58:42,979

pointed out and that is and also Mark

1129

00:58:47,829 --> 00:58:45,950

Dantonio it is completely possible to

1130

00:58:51,609 --> 00:58:47,839

see satellites and formation you might

1131

00:58:54,099 --> 00:58:51,619

see multiple ones all once moving across

1132

00:58:59,099 --> 00:58:54,109

the sky just like you're mentioning the

1133

00:59:04,059 --> 00:58:59,109

star leak for example by Elon Musk yes

1134

00:59:10,209 --> 00:59:04,069

yes I recently got a I had a case where

1135

00:59:12,160 --> 00:59:10,219

I a guy saw a group of objects near the

1136

00:59:15,819 --> 00:59:12,170

moon and he thought they were coming

1137

00:59:18,279 --> 00:59:15,829

from behind the moon uh I looked I

1138

00:59:21,130 --> 00:59:18,289

looked up all the time and date in

1139

00:59:24,579 --> 00:59:21,140

direction and I found a series of

1140

00:59:26,890 --> 00:59:24,589

satellites called the flock they all had

1141

00:59:29,170 --> 00:59:26,900

a name with flock in it and in a number

1142

00:59:30,640 --> 00:59:29,180

or something turned out that was a group

1143

00:59:34,330 --> 00:59:30,650

of satellites that were

1144

00:59:40,170 --> 00:59:34,340

surveillance satellites by for one of

1145

00:59:41,350 --> 00:59:40,180

our government agencies and but he he

1146

00:59:42,850 --> 00:59:41,360

misperceived

1147

00:59:45,430 --> 00:59:42,860

they were coming from behind the moon

1148

00:59:48,010 --> 00:59:45,440

just because of the angle he's looking

1149

00:59:50,890 --> 00:59:48,020

at them he had a full moon in his view

1150

00:59:52,390 --> 00:59:50,900

and made it look like they were coming

1151  
00:59:54,070 --> 00:59:52,400  
from behind the moon but they weren't

1152  
00:59:56,710 --> 00:59:54,080  
actually coming from behind the moon

1153  
00:59:58,240 --> 00:59:56,720  
they were just appearing in that area

1154  
01:00:00,430 --> 00:59:58,250  
and he thought they were coming from

1155  
01:00:02,110 --> 01:00:00,440  
behind the moon I was pretty sure he was

1156  
01:00:04,570 --> 01:00:02,120  
just seeing those satellites and and

1157  
01:00:06,940 --> 01:00:04,580  
everything matched up yeah without the

1158  
01:00:08,050 --> 01:00:06,950  
the brightness of the moon was watching

1159  
01:00:09,730 --> 01:00:08,060  
out the satellites when they were

1160  
01:00:12,640 --> 01:00:09,740  
crossing across the face is that would

1161  
01:00:14,080 --> 01:00:12,650  
that be very that would probably be true

1162  
01:00:16,330 --> 01:00:14,090  
Dai I don't know that they were actually

1163  
01:00:18,280 --> 01:00:16,340

crossing across the face of the moon

1164

01:00:20,290 --> 01:00:18,290

they may have been going just right near

1165

01:00:23,320 --> 01:00:20,300

it and but they just looked like you're

1166

01:00:25,740 --> 01:00:23,330

coming from behind it to to his from his

1167

01:00:29,500 --> 01:00:25,750

angle because when I replayed this on

1168

01:00:31,600 --> 01:00:29,510

one of my astronomy apps I could see how

1169

01:00:33,100 --> 01:00:31,610

close they were to the full moon it was

1170

01:00:37,210 --> 01:00:33,110

easy to see how he could have thought

1171

01:00:39,520 --> 01:00:37,220

they were coming from behind the moon so

1172

01:00:42,100 --> 01:00:39,530

uh also and I know I mentioned this a

1173

01:00:44,470 --> 01:00:42,110

little bit but there's I seek thermal

1174

01:00:47,410 --> 01:00:44,480

devices temperature and humidity devices

1175

01:00:49,210 --> 01:00:47,420

and radiation detector devices and the

1176

01:00:52,240 --> 01:00:49,220

liste just right off I believe was

1177

01:00:55,810 --> 01:00:52,250

comprised by I think it was a rich

1178

01:00:57,250 --> 01:00:55,820

Hofmann had put all that together but

1179

01:01:00,550 --> 01:00:57,260

again thank you very much for having

1180

01:01:02,440 --> 01:01:00,560

mentioned those factors because one

1181

01:01:05,020 --> 01:01:02,450

thing and I've interviewed a lot of

1182

01:01:07,330 --> 01:01:05,030

people from MUFON they have set a common

1183

01:01:10,240 --> 01:01:07,340

denominator like a common thread they

1184

01:01:14,380 --> 01:01:10,250

all come across on a regular basis our

1185

01:01:19,380 --> 01:01:14,390

folks who mistake venus for UFO stars in

1186

01:01:25,120 --> 01:01:22,030

things that have prosaic explanations

1187

01:01:27,790 --> 01:01:25,130

flares then i wanted to maybe cover just

1188

01:01:31,750 --> 01:01:27,800

a little bit about orbs MUFON does

1189

01:01:34,690 --> 01:01:31,760

investigate orbs but we would like to

1190

01:01:38,830 --> 01:01:34,700

know from you how easy is it to rule out

1191

01:01:43,859 --> 01:01:38,840

an orb that doesn't that is related to

1192

01:01:47,190 --> 01:01:43,869

equipment or dust or bug

1193

01:01:51,390 --> 01:01:47,200

in the picture it's actually not easy

1194

01:01:56,519 --> 01:01:51,400

okay there's a lot of physical factors

1195

01:01:59,519 --> 01:01:56,529

that can be in play and if you're like I

1196

01:02:03,029 --> 01:01:59,529

saw a bunch of nighttime photos that

1197

01:02:06,480 --> 01:02:03,039

were taken in a graveyard where people

1198

01:02:10,410 --> 01:02:06,490

said that they were seeing orbs there

1199

01:02:12,569 --> 01:02:10,420

were spirit orbs but my friend Keith

1200

01:02:15,509 --> 01:02:12,579

thought that some of those could have

1201

01:02:19,170 --> 01:02:15,519

been caused by moisture because it was

1202

01:02:21,809 --> 01:02:19,180

very damp humidity was high and the

1203

01:02:25,309 --> 01:02:21,819

temperature was low so there's a lot of

1204

01:02:29,099 --> 01:02:25,319

mistiness in the area those can be very

1205

01:02:33,569 --> 01:02:29,109

tricky and it it's it's hard to come up

1206

01:02:37,079 --> 01:02:33,579

with a hundred percent conclusion you

1207

01:02:40,440 --> 01:02:37,089

almost always end up with less than a

1208

01:02:44,430 --> 01:02:40,450

really strong conclusion about those

1209

01:02:48,150 --> 01:02:44,440

kind of claws so it's you know it's it

1210

01:02:49,979 --> 01:02:48,160

it's it's for one thing it a lot of

1211

01:02:53,999 --> 01:02:49,989

times if you want to prove whether you

1212

01:02:56,309 --> 01:02:54,009

can take a photo with the same kind of

1213

01:02:58,440 --> 01:02:56,319

camera and the same kind of conditions

1214

01:03:01,650 --> 01:02:58,450

and get you know

1215

01:03:03,660 --> 01:03:01,660

orbs caused by those conditions it's

1216

01:03:05,400 --> 01:03:03,670

very difficult to duplicate that kind of

1217

01:03:08,039 --> 01:03:05,410

thing first of all you got to have the

1218

01:03:12,200 --> 01:03:08,049

exact same conditions and it's not

1219

01:03:15,509 --> 01:03:12,210

always easy to duplicate those um but uh

1220

01:03:18,870 --> 01:03:15,519

you know I I think some of the orbs are

1221

01:03:20,819 --> 01:03:18,880

actually unknown objects I don't know

1222

01:03:22,890 --> 01:03:20,829

whether they really belong in the area

1223

01:03:27,269 --> 01:03:22,900

of ghost hunting or they belong in the

1224

01:03:28,950 --> 01:03:27,279

UFOs to my way of thinking it doesn't

1225

01:03:32,640 --> 01:03:28,960

matter if they're unknown than your

1226

01:03:35,519 --> 01:03:32,650

unknown and that would mean in in in

1227

01:03:37,829 --> 01:03:35,529

MUFON terms that there are UFOs even

1228

01:03:40,460 --> 01:03:37,839

though they may not be you know

1229

01:03:43,979 --> 01:03:40,470

something that anyone would consider

1230

01:03:48,200 --> 01:03:43,989

similar to an alien spacecraft still

1231

01:03:50,489 --> 01:03:48,210

they're unknown and I want thank you for

1232

01:03:52,289 --> 01:03:50,499

talking about that I wanted to mention

1233

01:03:57,240 --> 01:03:52,299

something Frank and I talked about about

1234

01:04:01,980 --> 01:03:59,880

to note egg data and that is I'll just

1235

01:04:04,110 --> 01:04:01,990

let our listeners know exif data and

1236

01:04:06,630 --> 01:04:04,120

that contains a lot of information about

1237

01:04:09,390 --> 01:04:06,640

the camera potentially where the picture

1238

01:04:12,450 --> 01:04:09,400

was taken the GPS coordinates the dates

1239

01:04:15,450 --> 01:04:12,460

the time the camera settings possibly

1240

01:04:19,730 --> 01:04:15,460

include copyright information there

1241

01:04:22,440 --> 01:04:19,740

could be metadata anything related to

1242

01:04:24,210 --> 01:04:22,450

just really a ton of information and

1243

01:04:26,730 --> 01:04:24,220

also a frank and i will talk about

1244

01:04:28,980 --> 01:04:26,740

whether exif data can be manipulated and

1245

01:04:32,220 --> 01:04:28,990

it's just interesting how the various

1246

01:04:35,550 --> 01:04:32,230

ways folks can actually mess with a

1247

01:04:38,460 --> 01:04:35,560

picture so that a picture can look like

1248

01:04:41,550 --> 01:04:38,470

the exif data was never manipulated but

1249

01:04:43,320 --> 01:04:41,560

then if there's a picture of a

1250

01:04:46,110 --> 01:04:43,330

manipulated picture you'll never know

1251

01:04:48,450 --> 01:04:46,120

there's a lot of different tricks people

1252

01:04:51,330 --> 01:04:48,460

can do in order to make it look like

1253

01:04:57,420 --> 01:04:51,340

there is a UFO that somebody's looking

1254

01:05:01,470 --> 01:04:57,430

at or a fleet of UFOs yes yes IEF is the

1255

01:05:03,300 --> 01:05:01,480

metadata to be clear okay and yeah we

1256

01:05:05,700 --> 01:05:03,310

use that whenever we can if it's

1257

01:05:09,840 --> 01:05:05,710

available if it's not available then a

1258

01:05:12,870 --> 01:05:09,850

question is can we get original photo

1259

01:05:14,550 --> 01:05:12,880

from the witness some people have

1260

01:05:16,260 --> 01:05:14,560

trouble with it I don't know if it's

1261

01:05:20,730 --> 01:05:16,270

because of the software and their phone

1262

01:05:24,210 --> 01:05:20,740

or what that once they've sent it as a

1263

01:05:26,310 --> 01:05:24,220

copy to someone else it gets changed in

1264

01:05:28,620 --> 01:05:26,320

and it's really difficult to get the

1265

01:05:31,050 --> 01:05:28,630

original it may have to do with the

1266

01:05:34,170 --> 01:05:31,060

particular types of phones what kind of

1267

01:05:36,660 --> 01:05:34,180

software they have and so forth but I

1268

01:05:42,780 --> 01:05:36,670

have found that they're there to me I

1269

01:05:47,280 --> 01:05:42,790

have a very strong principle that I go

1270

01:05:51,540 --> 01:05:47,290

with the photo by itself isn't nearly as

1271

01:05:55,050 --> 01:05:51,550

important unless you have the witness at

1272

01:05:57,480 --> 01:05:55,060

that debt you can talk to and know

1273

01:05:59,850 --> 01:05:57,490

exactly what their what their level of

1274

01:06:01,860 --> 01:05:59,860

expertise is what motives do they have

1275

01:06:02,970 --> 01:06:01,870

do they have any motive to make up a

1276

01:06:06,600 --> 01:06:02,980

fake photo

1277

01:06:09,210 --> 01:06:06,610

if not then probably there's no reason

1278

01:06:11,099 --> 01:06:09,220

why they would have faked anything to go

1279

01:06:12,720 --> 01:06:11,109

to the trouble of manipulating the

1280

01:06:15,779 --> 01:06:12,730

sigh F to make it look like an original

1281

01:06:18,479 --> 01:06:15,789

photo that implies someone really trying

1282

01:06:22,460 --> 01:06:18,489

to pull off a hoax I have run into very

1283

01:06:25,950 --> 01:06:22,470

few people that are that interested in

1284

01:06:30,410 --> 01:06:25,960

coming up without UFO hoaxes and most of

1285

01:06:33,450 --> 01:06:30,420

them are teenage boys that are just

1286

01:06:37,140 --> 01:06:33,460

messing around making up stories and

1287

01:06:38,970 --> 01:06:37,150

submitting them to MUFON as UFO reports

1288

01:06:41,190 --> 01:06:38,980

they're not trying to make up fake

1289

01:06:43,650 --> 01:06:41,200

photos and all that kind of stuff so I

1290

01:06:45,299 --> 01:06:43,660

run into very little of that kind of

1291

01:06:49,499 --> 01:06:45,309

stuff and all the years I've been doing

1292

01:06:51,599 --> 01:06:49,509

this so Mike but my moment number one

1293

01:06:54,509 --> 01:06:51,609

thing about the photos is if someone

1294

01:06:55,380 --> 01:06:54,519

shows me a photo or a video they got off

1295

01:06:58,349 --> 01:06:55,390

the internet

1296

01:07:00,660 --> 01:06:58,359

the first thing I ask them is what's the

1297

01:07:03,690 --> 01:07:00,670

source where did it come from

1298

01:07:07,170 --> 01:07:03,700

do we have any way of contacting the

1299

01:07:09,509 --> 01:07:07,180

original photographer if not and I say

1300

01:07:12,779 --> 01:07:09,519

I'm sorry I'm not interesting it means

1301  
01:07:15,329 --> 01:07:12,789  
nothing I know nothing about what's been

1302  
01:07:16,890 --> 01:07:15,339  
through who could have manipulated it if

1303  
01:07:19,049 --> 01:07:16,900  
I don't even have the date time and

1304  
01:07:21,720 --> 01:07:19,059  
place where the photo was taken I have

1305  
01:07:22,370 --> 01:07:21,730  
very little data it's not important to

1306  
01:07:27,690 --> 01:07:22,380  
me

1307  
01:07:29,940 --> 01:07:27,700  
things they find on the internet and I I

1308  
01:07:32,279 --> 01:07:29,950  
just try to tell them look whatever you

1309  
01:07:35,880 --> 01:07:32,289  
believe about UFOs and all that I

1310  
01:07:37,710 --> 01:07:35,890  
respect that but don't believe some kind

1311  
01:07:41,309 --> 01:07:37,720  
of photo or video you find on the

1312  
01:07:44,160 --> 01:07:41,319  
Internet unless you can ask me track

1313  
01:07:46,049 --> 01:07:44,170

down the original source and in the

1314

01:07:48,630 --> 01:07:46,059

provenance of that material because if

1315

01:07:52,279 --> 01:07:48,640

you can't it's not really worth spending

1316

01:07:54,809 --> 01:07:52,289

any time at all I agree

1317

01:07:57,420 --> 01:07:54,819

um do you have any other cases you would

1318

01:07:59,999 --> 01:07:57,430

like to share with us well I went

1319

01:08:01,289 --> 01:08:00,009

through my whole list of cases okay we

1320

01:08:06,210 --> 01:08:01,299

have a lot of questions you want to ask

1321

01:08:09,239 --> 01:08:06,220

me you want I sure do yes thank you very

1322

01:08:12,720 --> 01:08:09,249

much for let's go ahead and move on to

1323

01:08:15,599 --> 01:08:12,730

that other part and that is I wanted to

1324

01:08:17,490 --> 01:08:15,609

ask you what is the last you up for a

1325

01:08:19,430 --> 01:08:17,500

MUFON related conference you attended

1326

01:08:24,930 --> 01:08:19,440

and how did that go for you

1327

01:08:29,400 --> 01:08:24,940

well that was the last mute on symposium

1328

01:08:31,860 --> 01:08:29,410

in town in Southern California person I

1329

01:08:37,050 --> 01:08:31,870

think that might be Irving a California

1330

01:08:41,100 --> 01:08:37,060

or was it right Irvine yes oh that's

1331

01:08:44,280 --> 01:08:41,110

great um we had a long good good

1332

01:08:47,910 --> 01:08:44,290

sessions especially the state director

1333

01:08:51,000 --> 01:08:47,920

meeting with Doug what his dogs named

1334

01:08:55,020 --> 01:08:51,010

fern you know dog don't use it right

1335

01:08:56,550 --> 01:08:55,030

he's a he said so we have Steve Hudgens

1336

01:08:58,590 --> 01:08:56,560

who is the international director of

1337

01:09:02,550 --> 01:08:58,600

investigations and then we have Doug who

1338

01:09:06,690 --> 01:09:02,560

is the director of the US investigations

1339

01:09:09,120 --> 01:09:06,700

on chief investigator yeah and we had a

1340

01:09:12,600 --> 01:09:09,130

really good session on on questions of

1341

01:09:16,560 --> 01:09:12,610

deciding what's in on the own and what's

1342

01:09:19,830 --> 01:09:16,570

an identified and why recently the

1343

01:09:22,470 --> 01:09:19,840

statistics have gotten skewed and it had

1344

01:09:26,880 --> 01:09:22,480

a lot to do with some information that

1345

01:09:28,830 --> 01:09:26,890

went out as to how what the standards

1346

01:09:33,230 --> 01:09:28,840

were for deciding whether something is

1347

01:09:36,240 --> 01:09:33,240

an unidentified or it's identified and

1348

01:09:38,280 --> 01:09:36,250

Doug Wilson sorry that was that's the

1349

01:09:41,580 --> 01:09:38,290

name I just went playing for a moment

1350

01:09:43,110 --> 01:09:41,590

but anyway that that was a really good

1351

01:09:44,460 --> 01:09:43,120

session it was very important to go

1352

01:09:47,250 --> 01:09:44,470

through that and of course the guest

1353

01:09:49,020 --> 01:09:47,260

speakers generally speaking we had some

1354

01:09:53,520 --> 01:09:49,030

really good guest speakers at me fond

1355

01:09:56,600 --> 01:09:53,530

symposiums and the last time was was

1356

01:09:59,010 --> 01:09:56,610

very good would also like to mention

1357

01:10:02,150 --> 01:09:59,020

yeah I would also like to mention that

1358

01:10:05,310 --> 01:10:02,160

sorry I thought I was on mute that

1359

01:10:07,260 --> 01:10:05,320

there's McMillan's UFO festival annually

1360

01:10:10,950 --> 01:10:07,270

which you have gone every year I believe

1361

01:10:13,560 --> 01:10:10,960

faithfully and a few speakers that I

1362

01:10:15,300 --> 01:10:13,570

believe you may have seen talk there

1363

01:10:19,080 --> 01:10:15,310

were Stanton Friedman and Kathleen

1364

01:10:21,870 --> 01:10:19,090

Martin is that correct yes and and and

1365

01:10:24,180 --> 01:10:21,880

so you went this last year I know that

1366

01:10:26,370 --> 01:10:24,190

there are quite a few interesting guests

1367

01:10:27,570 --> 01:10:26,380

there do you do you recall maybe one

1368

01:10:30,120 --> 01:10:27,580

that you just want to mention that you

1369

01:10:33,120 --> 01:10:30,130

saw that that was something really nice

1370

01:10:38,100 --> 01:10:33,130

to see or listen to well commander David

1371

01:10:38,850 --> 01:10:38,110

flavor he's one of the pilots that chase

1372

01:10:45,540 --> 01:10:38,860

you

1373

01:10:50,550 --> 01:10:45,550

pose in an FAA team based on a US Navy

1374

01:10:56,790 --> 01:10:50,560

aircraft carrier and so it was really

1375

01:11:01,470 --> 01:10:56,800

good to hear him firsthand and well I'm

1376

01:11:03,990 --> 01:11:01,480

I'm not a hundred percent sold on Bob

1377

01:11:08,970 --> 01:11:04,000

Lazar but it was interesting hearing him

1378

01:11:13,439 --> 01:11:08,980

firsthand and so yeah I just wanted to

1379

01:11:16,109 --> 01:11:13,449

mention the person that you you just

1380

01:11:20,520 --> 01:11:16,119

mentioned he was actually introduced on

1381

01:11:21,990 --> 01:11:20,530

stage by George Knapp and we also Frank

1382

01:11:25,560 --> 01:11:22,000

do you call we in we actually

1383

01:11:28,109 --> 01:11:25,570

interviewed Paco is it Cherokees how I

1384

01:11:31,919 --> 01:11:28,119

say his name right right yeah yeah that

1385

01:11:34,770 --> 01:11:31,929

was a couple months ago and he was he's

1386

01:11:37,350 --> 01:11:34,780

a good friend of command of flavor and

1387

01:11:39,300 --> 01:11:37,360

it was just fascinating talking to one

1388

01:11:42,810 --> 01:11:39,310

of his close friends to talk more about

1389

01:11:45,450 --> 01:11:42,820

the tic-tac and also we have interviewed

1390

01:11:48,240 --> 01:11:45,460

folks who were on the USS Nimitz in the

1391

01:11:50,520 --> 01:11:48,250

USS Princeton for people regarding that

1392

01:11:53,550 --> 01:11:50,530

Tic Tac incident so it's neat to be able

1393

01:11:56,399 --> 01:11:53,560

to hear more about that topic and then I

1394

01:11:58,379 --> 01:11:56,409

wanted to ask you about a little bit

1395

01:12:00,169 --> 01:11:58,389

about MUFON I just want to know why do

1396

01:12:04,919 --> 01:12:00,179

you feel that

1397

01:12:08,700 --> 01:12:04,929

why is MUFON relevant to the realm of

1398

01:12:11,879 --> 01:12:08,710

ufology there's no one else in the

1399

01:12:14,010 --> 01:12:11,889

entire world doing what mutant new pond

1400

01:12:19,379 --> 01:12:14,020

is doing today that we know of and that

1401  
01:12:22,800 --> 01:12:19,389  
is attempting to follow up and document

1402  
01:12:26,760 --> 01:12:22,810  
as much as possible all the information

1403  
01:12:28,919 --> 01:12:26,770  
on all the UFO reports we receive and

1404  
01:12:33,750 --> 01:12:28,929  
it's a huge effort and it's all

1405  
01:12:37,950 --> 01:12:33,760  
volunteers I've heard rumors that China

1406  
01:12:40,950 --> 01:12:37,960  
has a has a UFO study group but of

1407  
01:12:44,669 --> 01:12:40,960  
course they don't tell anyone else about

1408  
01:12:47,010 --> 01:12:44,679  
it so all I have is rumors there may be

1409  
01:12:49,890 --> 01:12:47,020  
people in the Soviet Union studying UFOs

1410  
01:12:51,990 --> 01:12:49,900  
but I have no idea what that program

1411  
01:12:52,229 --> 01:12:52,000  
looks like or what they're doing with

1412  
01:12:54,479 --> 01:12:52,239  
their

1413  
01:12:57,660 --> 01:12:54,489

data because once again they're not

1414

01:13:03,239 --> 01:12:57,670

sharing the rest of the world but MUFON

1415

01:13:06,000 --> 01:13:03,249

is a public organization we we share the

1416

01:13:08,970 --> 01:13:06,010

data now the we used to let people look

1417

01:13:12,390 --> 01:13:08,980

at all the reports for free but the

1418

01:13:14,640 --> 01:13:12,400

problem is me MUFON needs money we need

1419

01:13:17,729 --> 01:13:14,650

some way to encourage people to join me

1420

01:13:21,839 --> 01:13:17,739

font so now if you want to go out and

1421

01:13:23,370 --> 01:13:21,849

search the deciding database and see

1422

01:13:26,520 --> 01:13:23,380

what we've got

1423

01:13:30,089 --> 01:13:26,530

you need to be a member but yeah it's

1424

01:13:35,160 --> 01:13:30,099

it's a it's a organization that is that

1425

01:13:41,669 --> 01:13:35,170

has I think it's it's growing and it's

1426

01:13:44,850 --> 01:13:41,679

it's really I just think it's it's it's

1427

01:13:48,060 --> 01:13:44,860

it's a big ten organization some people

1428

01:13:50,879 --> 01:13:48,070

think that muon has as restrictive ideas

1429

01:13:52,229 --> 01:13:50,889

about things there were times when yeah

1430

01:13:54,209 --> 01:13:52,239

they were a little narrower in their

1431

01:13:57,600 --> 01:13:54,219

view but I don't think that's true today

1432

01:13:59,729 --> 01:13:57,610

why I tell people that new pons a big

1433

01:14:04,229 --> 01:13:59,739

tent organization there are people with

1434

01:14:06,560 --> 01:14:04,239

all sorts of beliefs about UFOs but to

1435

01:14:11,279 --> 01:14:06,570

me the important thing is we have a

1436

01:14:14,640 --> 01:14:11,289

basic core value in and in me fun and

1437

01:14:17,669 --> 01:14:14,650

that is let's gather the facts and then

1438

01:14:19,439 --> 01:14:17,679

let's get the facts down first then we

1439

01:14:21,839 --> 01:14:19,449

can talk about what we think about them

1440

01:14:25,140 --> 01:14:21,849

and that's my out of two to when I

1441

01:14:27,839 --> 01:14:25,150

investigate UFO reports it's not about

1442

01:14:30,390 --> 01:14:27,849

what I believe it's about the facts that

1443

01:14:33,060 --> 01:14:30,400

I can gather and as soon as I get a

1444

01:14:36,600 --> 01:14:33,070

report I start with looking for all the

1445

01:14:40,100 --> 01:14:36,610

facts I can get I find a date and in and

1446

01:14:43,080 --> 01:14:40,110

time and the place and I look up the

1447

01:14:45,930 --> 01:14:43,090

report I get that information down then

1448

01:14:48,410 --> 01:14:45,940

I check if start nest our positions are

1449

01:14:50,729 --> 01:14:48,420

relevant and satellites then I look up

1450

01:14:52,439 --> 01:14:50,739

astronomical data I get the latitude and

1451

01:14:54,899 --> 01:14:52,449

longitude of the location of the

1452

01:14:57,149 --> 01:14:54,909

sighting I get all this stuff down into

1453

01:14:59,939 --> 01:14:57,159

the report first and then I start

1454

01:15:01,709 --> 01:14:59,949

working on the rest of this stuff and a

1455

01:15:03,330 --> 01:15:01,719

lot of people think that those facts

1456

01:15:06,149 --> 01:15:03,340

don't matter but they do matter

1457

01:15:10,350 --> 01:15:06,159

and in the final analysis if

1458

01:15:13,169 --> 01:15:10,360

if you end up with two reports that are

1459

01:15:13,800 --> 01:15:13,179

close enough together in time and in

1460

01:15:18,479 --> 01:15:13,810

space

1461

01:15:20,120 --> 01:15:18,489

you may have a to witness case no it's

1462

01:15:23,419 --> 01:15:20,130

happened to me a couple of times and

1463

01:15:27,479 --> 01:15:23,429

when I had all the relevant information

1464

01:15:30,300 --> 01:15:27,489

gathered I knew that I had possibly two

1465

01:15:32,220 --> 01:15:30,310

witnesses to the same event it's it's

1466

01:15:34,830 --> 01:15:32,230

really great when you can do that but if

1467

01:15:37,290 --> 01:15:34,840

you don't know all the facts it's sort

1468

01:15:39,060 --> 01:15:37,300

of hard to establish that and if you

1469

01:15:41,040 --> 01:15:39,070

don't know weather weather report is you

1470

01:15:43,620 --> 01:15:41,050

may not know what the visibility was

1471

01:15:47,430 --> 01:15:43,630

like and if someone sees an object in

1472

01:15:49,860 --> 01:15:47,440

the sky you want to know whether there

1473

01:15:51,959 --> 01:15:49,870

were clouds in the sky was this object

1474

01:15:54,990 --> 01:15:51,969

above the clouds or below the clouds or

1475

01:15:58,530 --> 01:15:55,000

were there no clouds that all those

1476

01:16:01,530 --> 01:15:58,540

things matter and and MUFON trains

1477

01:16:04,410 --> 01:16:01,540

investigators so that they they have

1478

01:16:07,160 --> 01:16:04,420

knowledge to gather those facts and

1479

01:16:09,930 --> 01:16:07,170

understand and that they're relevant

1480

01:16:11,700 --> 01:16:09,940

then all the rest of the stuff is fun to

1481

01:16:16,020 --> 01:16:11,710

talk about but if you don't have the

1482

01:16:19,770 --> 01:16:16,030

basic facts you're not you're not you're

1483

01:16:22,649 --> 01:16:19,780

not working from a good solid base when

1484

01:16:25,320 --> 01:16:22,659

you go into discussions about UFOs so

1485

01:16:27,570 --> 01:16:25,330

mopin uses a scientific model in order

1486

01:16:29,760 --> 01:16:27,580

to investigate and of course that's a

1487

01:16:32,910 --> 01:16:29,770

paramount importance and the core of

1488

01:16:35,180 --> 01:16:32,920

being able to actually assess any kind

1489

01:16:38,910 --> 01:16:35,190

of cases that come forward to MUFON

1490

01:16:41,100 --> 01:16:38,920

Steve Hudgens was also saying that he is

1491

01:16:44,669 --> 01:16:41,110

the international director of 150

1492

01:16:46,610 --> 01:16:44,679

different countries so MUFON covers

1493

01:16:49,169 --> 01:16:46,620

quite a large area of the planet

1494

01:16:53,910 --> 01:16:49,179

especially since there's like 193

1495

01:16:58,229 --> 01:16:53,920

countries in the world so MUFON I'm very

1496

01:16:59,939 --> 01:16:58,239

glad to say is there for anyone to join

1497

01:17:05,669 --> 01:16:59,949

and if you want to join move on just go

1498

01:17:08,879 --> 01:17:05,679

to MUFON dot-com and you it's a very

1499

01:17:10,850 --> 01:17:08,889

user-friendly menu and I would highly

1500

01:17:12,720 --> 01:17:10,860

recommend folks join that join this

1501  
01:17:14,970 --> 01:17:12,730  
organization that's been around for half

1502  
01:17:16,470 --> 01:17:14,980  
a century wanted to ask you as a member

1503  
01:17:19,439 --> 01:17:16,480  
of MUFON what is your role and what do

1504  
01:17:22,550 --> 01:17:19,449  
you feel your role is and does for MUFON

1505  
01:17:27,270 --> 01:17:22,560  
okay I'm the state director for Oregon

1506  
01:17:30,390 --> 01:17:27,280  
and to me there's there's two very

1507  
01:17:32,939 --> 01:17:30,400  
important roles in a state director one

1508  
01:17:36,570 --> 01:17:32,949  
of them is to be in charge of

1509  
01:17:39,900 --> 01:17:36,580  
investigating investigating UFO reports

1510  
01:17:44,459 --> 01:17:39,910  
that are for events that occur in Oregon

1511  
01:17:48,180 --> 01:17:44,469  
and on and it's really important to for

1512  
01:17:50,430 --> 01:17:48,190  
me to have other people that are willing

1513  
01:17:52,770 --> 01:17:50,440

to do the investigations when when

1514

01:17:55,410 --> 01:17:52,780

someone becomes a new mutant

1515

01:17:57,900 --> 01:17:55,420

investigator in Oregon I'm responsible

1516

01:18:00,060 --> 01:17:57,910

to ultimen ultimately for training that

1517

01:18:02,040 --> 01:18:00,070

person finishing the training for that

1518

01:18:04,290 --> 01:18:02,050

person and getting them involved in

1519

01:18:05,880 --> 01:18:04,300

their cases working with them to get

1520

01:18:08,250 --> 01:18:05,890

them up to speed for their first few

1521

01:18:09,450 --> 01:18:08,260

cases because it's not easy I'm gonna

1522

01:18:11,939 --> 01:18:09,460

tell you right now it is very

1523

01:18:14,250 --> 01:18:11,949

challenging so if anyone wants to become

1524

01:18:17,310 --> 01:18:14,260

a UFO investigator and they're not

1525

01:18:20,580 --> 01:18:17,320

afraid of a really good challenge by all

1526

01:18:23,510 --> 01:18:20,590

means please sign up with me font and

1527

01:18:28,050 --> 01:18:23,520

take the training become an investigator

1528

01:18:29,700 --> 01:18:28,060

it's it's so it's really interesting the

1529

01:18:34,380 --> 01:18:29,710

other thing that's really important to

1530

01:18:37,140 --> 01:18:34,390

me is public public outreach and public

1531

01:18:39,479 --> 01:18:37,150

education I want to make sure that we

1532

01:18:43,350 --> 01:18:39,489

have meetings that people can come to

1533

01:18:46,229 --> 01:18:43,360

and try to reach out and let the public

1534

01:18:48,570 --> 01:18:46,239

know more about UFOs because there's a

1535

01:18:51,840 --> 01:18:48,580

lot of misconceptions out there people

1536

01:18:54,419 --> 01:18:51,850

have been taught over many decades to

1537

01:18:57,360 --> 01:18:54,429

make fun of UFOs and not everyone does

1538

01:19:00,450 --> 01:18:57,370

it but some people still do they think

1539

01:19:03,209 --> 01:19:00,460

it's a subject of ridicule we want to

1540

01:19:06,689 --> 01:19:03,219

change that attitude among people in the

1541

01:19:08,820 --> 01:19:06,699

public and not and part of it is this

1542

01:19:11,540 --> 01:19:08,830

when people are dealing with things they

1543

01:19:13,950 --> 01:19:11,550

don't understand or are unknown to them

1544

01:19:17,490 --> 01:19:13,960

one of the ways they deal with that is

1545

01:19:20,040 --> 01:19:17,500

by humor and there's two different kinds

1546

01:19:21,979 --> 01:19:20,050

of humor but sometimes humor can get a

1547

01:19:24,240 --> 01:19:21,989

little bit negative

1548

01:19:26,430 --> 01:19:24,250

especially when it's directed towards

1549

01:19:28,590 --> 01:19:26,440

someone who's talking about an

1550

01:19:31,439 --> 01:19:28,600

experience they had that you don't

1551

01:19:33,270 --> 01:19:31,449

understand we like to try to counteract

1552

01:19:36,089 --> 01:19:33,280

that by educating people

1553

01:19:37,979 --> 01:19:36,099

and getting them to understand that yeah

1554

01:19:41,669 --> 01:19:37,989

there are strange things in this world

1555

01:19:43,680 --> 01:19:41,679

that you may not understand there's some

1556

01:19:45,330 --> 01:19:43,690

reason why that actually turned as

1557

01:19:47,100 --> 01:19:45,340

ridicule against someone else who's

1558

01:19:50,669 --> 01:19:47,110

experienced something that you don't

1559

01:19:52,830 --> 01:19:50,679

understand so that's that's the most

1560

01:19:56,189 --> 01:19:52,840

important parts there's a lot other

1561

01:19:57,899 --> 01:19:56,199

little details I am responsible for

1562

01:20:00,540 --> 01:19:57,909

dealing with the money because we

1563

01:20:02,370 --> 01:20:00,550

collect donations and that I have to

1564

01:20:04,859 --> 01:20:02,380

spend that money and different things

1565

01:20:07,740 --> 01:20:04,869

like renting rooms for meetings and

1566

01:20:09,750 --> 01:20:07,750

cetera et cetera but the main two things

1567

01:20:11,850 --> 01:20:09,760

are like I say being in charge of the

1568

01:20:15,720 --> 01:20:11,860

investigations making sure those those

1569

01:20:19,589 --> 01:20:15,730

get done and public education I wanted

1570

01:20:22,859 --> 01:20:19,599

to mention something that we talked

1571

01:20:25,020 --> 01:20:22,869

about before we we went on to this

1572

01:20:27,810 --> 01:20:25,030

interview and that was a case you felt

1573

01:20:31,680 --> 01:20:27,820

would be of interest possibly and that

1574

01:20:33,049 --> 01:20:31,690

is the are b-47 case radar bomber bomber

1575

01:20:35,490 --> 01:20:33,059

case sorry

1576

01:20:40,589 --> 01:20:35,500

do you mind sharing just a little bit

1577

01:20:42,029 --> 01:20:40,599

about that case oh I'm sorry I didn't I

1578

01:20:45,419 --> 01:20:42,039

didn't brush up on it I'm gonna give you

1579

01:20:49,919 --> 01:20:45,429

a real blog a summary of it this

1580

01:20:53,129 --> 01:20:49,929

occurred in Texas and I don't remember

1581

01:20:55,919 --> 01:20:53,139

the year now but it was a few decades

1582

01:20:58,020 --> 01:20:55,929

ago actually I think it was I think it

1583

01:21:00,149 --> 01:20:58,030

was late 50s if I recall correctly it

1584

01:21:01,459 --> 01:21:00,159

was I took a look at it that sounds

1585

01:21:05,790 --> 01:21:01,469

about right

1586

01:21:10,979 --> 01:21:05,800

so this plane the RB 47 was basically a

1587

01:21:13,620 --> 01:21:10,989

b-47 bomber that was outfitted for

1588

01:21:16,709 --> 01:21:13,630

electronic surveillance it had radar

1589

01:21:19,529 --> 01:21:16,719

equipment and other radio listening

1590

01:21:23,160 --> 01:21:19,539

devices in it it was basically an

1591

01:21:28,560 --> 01:21:23,170

electronic spy plane it was flying

1592

01:21:30,779 --> 01:21:28,570

across Texas and encountered an object

1593

01:21:35,160 --> 01:21:30,789

that at first they thought it was an

1594

01:21:38,819 --> 01:21:35,170

aircraft because by this time aircraft

1595

01:21:43,410 --> 01:21:38,829

were they were equipped with

1596

01:21:46,770 --> 01:21:43,420

transponders and so they were looking at

1597

01:21:48,870 --> 01:21:46,780

the radar signature of this too

1598

01:21:52,560 --> 01:21:48,880

crafts and looking for the transponder

1599

01:21:55,130 --> 01:21:52,570

information and they realized that it

1600

01:22:00,930 --> 01:21:55,140

was echoing back their own transponder

1601  
01:22:07,620 --> 01:22:00,940  
which is very strange because you know

1602  
01:22:10,890 --> 01:22:07,630  
that's that's not normal and and a

1603  
01:22:14,610 --> 01:22:10,900  
gentleman named Brad sparks who I met

1604  
01:22:19,680 --> 01:22:14,620  
back in my day area San Francisco berry

1605  
01:22:21,870 --> 01:22:19,690  
Bay Area days I I got to know him I

1606  
01:22:25,170 --> 01:22:21,880  
think this is a really interesting case

1607  
01:22:26,790 --> 01:22:25,180  
and if I messed up some of the details I

1608  
01:22:28,260 --> 01:22:26,800  
apologize because I didn't do my

1609  
01:22:31,230 --> 01:22:28,270  
homework on that one before

1610  
01:22:33,150 --> 01:22:31,240  
our our session here today but finding

1611  
01:22:36,780 --> 01:22:33,160  
anyone's interested they should just

1612  
01:22:39,660 --> 01:22:36,790  
look that up the RB 47 case it's it's

1613  
01:22:41,600 --> 01:22:39,670

the details are fascinating I wouldn't

1614

01:22:44,820 --> 01:22:41,610

say it's a quick read it's probably a

1615

01:22:47,010 --> 01:22:44,830

fairly long article there's a lot of

1616

01:22:49,350 --> 01:22:47,020

technical details in there but I think

1617

01:22:52,650 --> 01:22:49,360

it's worthwhile because it's it's it's

1618

01:22:55,620 --> 01:22:52,660

it's a really important case because of

1619

01:22:58,260 --> 01:22:55,630

what told the people involved in

1620

01:23:01,200 --> 01:22:58,270

military people involved that these UFOs

1621

01:23:02,970 --> 01:23:01,210

are definitely there there's some kind

1622

01:23:05,850 --> 01:23:02,980

of intelligence we saw behind them

1623

01:23:08,520 --> 01:23:05,860

because only something with an

1624

01:23:11,460 --> 01:23:08,530

intelligent control system could have

1625

01:23:13,590 --> 01:23:11,470

done what this object did yeah I

1626  
01:23:18,470 --> 01:23:13,600  
actually typed in exactly what you said

1627  
01:23:21,210 --> 01:23:18,480  
and I added added the acronym UFO and

1628  
01:23:22,440 --> 01:23:21,220  
you're right the data is there to read

1629  
01:23:24,300 --> 01:23:22,450  
so I'm really glad that you mentioned

1630  
01:23:27,000 --> 01:23:24,310  
that I'm glad we were able to actually

1631  
01:23:29,400 --> 01:23:27,010  
mention the case so that folks can find

1632  
01:23:32,700 --> 01:23:29,410  
out more about it and then I wanted to

1633  
01:23:34,290 --> 01:23:32,710  
ask you go into a few questions that are

1634  
01:23:37,910 --> 01:23:34,300  
a little bit deeper than what we've

1635  
01:23:40,560 --> 01:23:37,920  
covered and one of those questions is

1636  
01:23:42,930 --> 01:23:40,570  
has society evolved at the point where

1637  
01:23:44,310 --> 01:23:42,940  
it feels there's extraterrestrial

1638  
01:23:47,930 --> 01:23:44,320

activity and they are more willing to

1639

01:23:50,370 --> 01:23:47,940

acknowledge the possibility of it again

1640

01:23:54,030 --> 01:23:50,380

has society evolved to the point where

1641

01:23:56,190 --> 01:23:54,040

it feels there could be let me say that

1642

01:23:59,160 --> 01:23:56,200

there could be extraterrestrial activity

1643

01:24:00,630 --> 01:23:59,170

and they are more willing to acknowledge

1644

01:24:06,930 --> 01:24:00,640

a possibility

1645

01:24:08,850 --> 01:24:06,940

of that idea well when you when you when

1646

01:24:12,000 --> 01:24:08,860

you talk about these kind of issues and

1647

01:24:15,810 --> 01:24:12,010

you try to paint things with a broad

1648

01:24:17,640 --> 01:24:15,820

brush society involves a lot of people

1649

01:24:20,280 --> 01:24:17,650

with a lot of different ideas they have

1650

01:24:22,560 --> 01:24:20,290

different religious beliefs they have

1651  
01:24:26,000 --> 01:24:22,570  
different backgrounds and I would say

1652  
01:24:31,370 --> 01:24:26,010  
there's probably a lot of people today

1653  
01:24:35,060 --> 01:24:31,380  
that are willing to accept the idea of

1654  
01:24:41,370 --> 01:24:35,070  
you know intelligent life somewhere

1655  
01:24:46,320 --> 01:24:41,380  
somewhere else in our universe as for

1656  
01:24:51,360 --> 01:24:46,330  
society it society isn't constructed

1657  
01:24:55,170 --> 01:24:51,370  
with a lot of layers and we have the

1658  
01:24:58,860 --> 01:24:55,180  
elites the people that run things such

1659  
01:25:02,120 --> 01:24:58,870  
as the corporate executives the the the

1660  
01:25:06,300 --> 01:25:02,130  
top level academics government officials

1661  
01:25:09,150 --> 01:25:06,310  
many of them are not ready to deal with

1662  
01:25:11,520 --> 01:25:09,160  
an issue like that publicly mainly

1663  
01:25:15,600 --> 01:25:11,530

because they don't want to upset the

1664

01:25:18,900 --> 01:25:15,610

current paradigm no a people in power

1665

01:25:21,390 --> 01:25:18,910

don't like to roll the dice with

1666

01:25:24,270 --> 01:25:21,400

something that could represent a change

1667

01:25:31,560 --> 01:25:24,280

in the paradigm that might diminish

1668

01:25:34,470 --> 01:25:31,570

their power so but when it comes to the

1669

01:25:36,240 --> 01:25:34,480

grassroots people and especially younger

1670

01:25:41,130 --> 01:25:36,250

people I would say yeah

1671

01:25:44,280 --> 01:25:41,140

most of those people are quite willing

1672

01:25:47,370 --> 01:25:44,290

entertain the notion of some other sort

1673

01:25:51,770 --> 01:25:47,380

of intelligence somewhere else if you

1674

01:25:56,060 --> 01:25:51,780

look at the way we behaved here you know

1675

01:25:58,790 --> 01:25:56,070

amongst ourselves roaring all the time

1676

01:26:01,770 --> 01:25:58,800

plundering our planet and polluting it

1677

01:26:05,210 --> 01:26:01,780

you can't say that we represent the

1678

01:26:08,130 --> 01:26:05,220

highest form of intelligent life so I

1679

01:26:10,290 --> 01:26:08,140

would like to think that there's someone

1680

01:26:12,720 --> 01:26:10,300

somewhere that's more intelligent than

1681

01:26:14,460 --> 01:26:12,730

us maybe could handle things differently

1682

01:26:18,660 --> 01:26:14,470

than the way we

1683

01:26:22,890 --> 01:26:18,670

done it but I want to point out

1684

01:26:26,550 --> 01:26:22,900

something else there's there's often an

1685

01:26:30,420 --> 01:26:26,560

assumption that what-what UFOs represent

1686

01:26:33,270 --> 01:26:30,430

our visitors from another planet just

1687

01:26:39,680 --> 01:26:33,280

like flesh-and-blood beings of some sort

1688

01:26:44,640 --> 01:26:43,170

my feeling is the if we could find out

1689

01:26:46,500 --> 01:26:44,650

what's really going on and really

1690

01:26:47,640 --> 01:26:46,510

understand it it would be a lot more

1691

01:26:50,010 --> 01:26:47,650

complicated than that

1692

01:26:52,860 --> 01:26:50,020

these beings might not just be traveling

1693

01:26:56,250 --> 01:26:52,870

through space to get here they might be

1694

01:27:00,720 --> 01:26:56,260

traveling through time and we don't

1695

01:27:03,660 --> 01:27:00,730

understand that yet but if you look at

1696

01:27:06,810 --> 01:27:03,670

what Einstein rode he came to the

1697

01:27:09,420 --> 01:27:06,820

conclusion that space and time were part

1698

01:27:14,310 --> 01:27:09,430

of the same thing to the point where he

1699

01:27:17,370 --> 01:27:14,320

referred to it as space-time and much of

1700

01:27:20,430 --> 01:27:17,380

his theoretical work was based on this

1701

01:27:24,420 --> 01:27:20,440

idea that space and time were part of

1702

01:27:28,110 --> 01:27:24,430

the same thing and relativity and all

1703

01:27:31,350 --> 01:27:28,120

that stuff so the other thing that we

1704

01:27:34,020 --> 01:27:31,360

don't really understand is what ever

1705

01:27:37,170 --> 01:27:34,030

these beings are what the nature of them

1706

01:27:39,540 --> 01:27:37,180

could be their consciousness could be

1707

01:27:42,480 --> 01:27:39,550

evolved at a totally different level in

1708

01:27:45,810 --> 01:27:42,490

us they could represent beings from a

1709

01:27:50,160 --> 01:27:45,820

parallel universe of some sort that

1710

01:27:52,980 --> 01:27:50,170

intersects with ours so so that the

1711

01:27:56,430 --> 01:27:52,990

basic idea of just someone traveling in

1712

01:27:59,970 --> 01:27:56,440

a spacecraft from another star a system

1713

01:28:01,950 --> 01:27:59,980

that may be too simplistic an idea it

1714

01:28:05,330 --> 01:28:01,960

could be much more complicated than that

1715

01:28:08,040 --> 01:28:05,340

that that's why when we talked before I

1716

01:28:11,570 --> 01:28:08,050

mentioned Jacques Vallee because

1717

01:28:15,300 --> 01:28:11,580

Yachvili throws out ideas like that

1718

01:28:19,200 --> 01:28:15,310

nothing a thing I will say that people

1719

01:28:20,810 --> 01:28:19,210

who any of our listeners who most of

1720

01:28:24,030 --> 01:28:20,820

their information to get from either

1721

01:28:28,260 --> 01:28:24,040

listening to podcasts on the internet or

1722

01:28:31,200 --> 01:28:28,270

they get it from watching television

1723

01:28:33,660 --> 01:28:31,210

like ancient aliens things like that I

1724

01:28:36,750 --> 01:28:33,670

would encourage them to try to find some

1725

01:28:39,390 --> 01:28:36,760

good books on the subject of UFOs the

1726  
01:28:42,900 --> 01:28:39,400  
reason I say that is because many of the

1727  
01:28:49,670 --> 01:28:42,910  
books go into much greater detail than

1728  
01:28:52,740 --> 01:28:49,680  
what you can get on on the media

1729  
01:28:55,770 --> 01:28:52,750  
presentations that you might hear either

1730  
01:28:59,760 --> 01:28:55,780  
on the internet or on television and the

1731  
01:29:02,010 --> 01:28:59,770  
other important part about books is you

1732  
01:29:04,140 --> 01:29:02,020  
can reread a page over and over if you

1733  
01:29:07,670 --> 01:29:04,150  
don't understand it and try to get the

1734  
01:29:10,650 --> 01:29:07,680  
gist of it or you can go to the

1735  
01:29:16,140 --> 01:29:10,660  
references the footnotes bibliography

1736  
01:29:18,120 --> 01:29:16,150  
and notes look up other materials to

1737  
01:29:20,940 --> 01:29:18,130  
find out ok what's the basis for this

1738  
01:29:22,910 --> 01:29:20,950

idea this suggest you get your other

1739

01:29:27,450 --> 01:29:22,920

references you can get a lot more

1740

01:29:30,990 --> 01:29:27,460

information that way my friend Keith as

1741

01:29:31,770 --> 01:29:31,000

a background is the librarian and on our

1742

01:29:35,580 --> 01:29:31,780

website

1743

01:29:38,670 --> 01:29:35,590

Oregon move on comm there is a section

1744

01:29:41,600 --> 01:29:38,680

there that refers to books and you go in

1745

01:29:44,160 --> 01:29:41,610

there and he put together a really great

1746

01:29:47,160 --> 01:29:44,170

annotated bibliography of the UFO

1747

01:29:49,950 --> 01:29:47,170

subject people who have found is this

1748

01:29:52,980 --> 01:29:49,960

bibliography have said oh this is the

1749

01:29:56,340 --> 01:29:52,990

greatest thing I wish i known about this

1750

01:29:58,230 --> 01:29:56,350

before because they find that here they

1751

01:30:01,380 --> 01:29:58,240

have a great list of some of the best

1752

01:30:04,500 --> 01:30:01,390

books on the UFO subject that you can

1753

01:30:06,690 --> 01:30:04,510

find anywhere and it's it's annotated

1754

01:30:08,880 --> 01:30:06,700

gives a brief description of many of

1755

01:30:11,010 --> 01:30:08,890

these titles and what what they're

1756

01:30:13,530 --> 01:30:11,020

really about and I would highly

1757

01:30:16,680 --> 01:30:13,540

recommend that anyone who really wants

1758

01:30:20,720 --> 01:30:16,690

to do some serious study on the UFO

1759

01:30:27,810 --> 01:30:25,140

on December 16 2017 there is an article

1760

01:30:29,810 --> 01:30:27,820

in The New York Times by Helen Cooper

1761

01:30:32,070 --> 01:30:29,820

Roth Blumenthal and Leslie Kean

1762

01:30:36,060 --> 01:30:32,080

regarding glowing arse and black money

1763

01:30:40,870 --> 01:30:36,070

in the AAT IP program and how there had

1764

01:30:45,100 --> 01:30:40,880

been a UFO program with the budget

1765

01:30:48,939 --> 01:30:45,110

by the Pentagon for about five years and

1766

01:30:52,140 --> 01:30:48,949

some people considered that article a

1767

01:30:55,870 --> 01:30:52,150

form of disclosure by the US government

1768

01:30:57,550 --> 01:30:55,880

regarding the UFO UFO topic do you

1769

01:30:58,720 --> 01:30:57,560

believe that's the case and if that's

1770

01:31:01,300 --> 01:30:58,730

not the case

1771

01:31:06,510 --> 01:31:01,310

do you believe disclosure has already

1772

01:31:13,990 --> 01:31:08,770

okay

1773

01:31:18,100 --> 01:31:14,000

I'm gonna I'm gonna take take you to a

1774

01:31:21,490 --> 01:31:18,110

point where where I have to explain

1775

01:31:27,640 --> 01:31:21,500

something about the word believe and my

1776

01:31:30,390 --> 01:31:27,650

thought processes for me I only like to

1777

01:31:33,790 --> 01:31:30,400

use leave when I'm talking about

1778

01:31:41,350 --> 01:31:33,800

something like an article of faith like

1779

01:31:44,050 --> 01:31:41,360

religious matters to me I like to deal

1780

01:31:46,649 --> 01:31:44,060

more in facts yeah different

1781

01:31:49,709 --> 01:31:46,659

interpretation we had this conversation

1782

01:31:53,229 --> 01:31:49,719

go ahead and insert the word think and

1783

01:31:55,750 --> 01:31:53,239

and just trade it out regarding belief

1784

01:31:59,649 --> 01:31:55,760

do you believe that disclosure or do you

1785

01:32:02,620 --> 01:31:59,659

think the gist of it is has disclosure

1786

01:32:04,570 --> 01:32:02,630

happened if it not if it has not when

1787

01:32:06,550 --> 01:32:04,580

will it that I just don't want to get

1788

01:32:12,910 --> 01:32:06,560

into the semantics of it I thoroughly

1789

01:32:14,500 --> 01:32:12,920

understand your perspective but the gist

1790

01:32:16,510 --> 01:32:14,510

of the question is do you think

1791

01:32:19,930 --> 01:32:16,520

disclosure has happened if not one more

1792

01:32:22,300 --> 01:32:19,940

if not if it will not happen why not

1793

01:32:27,850 --> 01:32:22,310

well here's the thing disclosure is not

1794

01:32:31,330 --> 01:32:27,860

a single event it's a process and in and

1795

01:32:33,939 --> 01:32:31,340

there's that depth depth point where

1796

01:32:40,600 --> 01:32:33,949

that article was published is absolutely

1797

01:32:44,310 --> 01:32:40,610

a very important moment and that was it

1798

01:32:47,860 --> 01:32:44,320

was a seminal in the disclosure process

1799

01:32:51,160 --> 01:32:47,870

what happened over the the the

1800

01:32:54,520 --> 01:32:51,170

subsequent months was that much of the

1801

01:32:58,620 --> 01:32:54,530

material that came out at that time

1802

01:33:03,150 --> 01:32:58,630

was was explored by other people

1803

01:33:08,170 --> 01:33:03,160

questions were asked of the Pentagon and

1804

01:33:10,440 --> 01:33:08,180

the Navy in particular to find out what

1805

01:33:13,330 --> 01:33:10,450

they were doing if in fact they were

1806

01:33:17,080 --> 01:33:13,340

exploring questions of what are these

1807

01:33:19,420 --> 01:33:17,090

objects now the Navy and well the

1808

01:33:23,170 --> 01:33:19,430

military in general no longer likes to

1809

01:33:25,510 --> 01:33:23,180

use the term UFO but the fact that that

1810

01:33:28,930 --> 01:33:25,520

you can ask them about UFOs and you get

1811

01:33:31,840 --> 01:33:28,940

a negative response doesn't really mean

1812

01:33:33,610 --> 01:33:31,850

they're not interested in a subject it

1813

01:33:36,280 --> 01:33:33,620

means they don't like to use that term

1814

01:33:38,410 --> 01:33:36,290

because the term is acquired too much

1815

01:33:41,290 --> 01:33:38,420

cultural baggage even though the army

1816

01:33:44,440 --> 01:33:41,300

investigated or invented the term UFO

1817

01:33:48,940 --> 01:33:44,450

they like to call an unidentified aerial

1818

01:33:51,280 --> 01:33:48,950

phenomena but yes they did agree that

1819

01:33:53,220 --> 01:33:51,290

they are interested in studying these

1820

01:33:57,340 --> 01:33:53,230

things and they have been studying them

1821

01:33:59,830 --> 01:33:57,350

they really can't not study them because

1822

01:34:02,790 --> 01:33:59,840

you realized with all the electronic

1823

01:34:05,560 --> 01:34:02,800

equipment that they're using radar

1824

01:34:07,300 --> 01:34:05,570

satellites everything they know pretty

1825

01:34:10,930 --> 01:34:07,310

much everything that's going on in our

1826

01:34:14,070 --> 01:34:10,940

skies and if any of this stuff presents

1827

01:34:18,550 --> 01:34:14,080

any kind of a risk or threat to aviation

1828

01:34:21,370 --> 01:34:18,560

or military operations they're concerned

1829

01:34:25,180 --> 01:34:21,380

about it and and and they should be

1830

01:34:28,150 --> 01:34:25,190

concerned about it if you if you put

1831

01:34:31,150 --> 01:34:28,160

your your you know your Air Force

1832

01:34:35,320 --> 01:34:31,160

general hat on for a moment you have to

1833

01:34:37,330 --> 01:34:35,330

realize if there's some kind of what

1834

01:34:40,420 --> 01:34:37,340

looks like spacecraft flying around in

1835

01:34:42,700 --> 01:34:40,430

our atmosphere and they're not ours then

1836

01:34:45,520 --> 01:34:42,710

someone like that would be concerned

1837

01:34:49,570 --> 01:34:45,530

because it's a matter of national

1838

01:34:51,400 --> 01:34:49,580

defense national security to them even

1839

01:34:53,350 --> 01:34:51,410

though there may not be any overt

1840

01:34:56,530 --> 01:34:53,360

hostile acts going on because they don't

1841

01:34:59,920 --> 01:34:56,540

know exactly what they're up to they are

1842

01:35:03,310 --> 01:34:59,930

concerned now over the years there have

1843

01:35:05,140 --> 01:35:03,320

been incidents at nuclear bases that

1844

01:35:08,400 --> 01:35:05,150

have occurred and this has been going on

1845

01:35:12,250 --> 01:35:08,410

for decades and so

1846

01:35:13,900 --> 01:35:12,260

right there is enough of reason for them

1847

01:35:17,830 --> 01:35:13,910

to be concerned for the military people

1848

01:35:20,500 --> 01:35:17,840

to be concerned now remember these tick

1849

01:35:25,050 --> 01:35:20,510

tack incidents of Tic Tac and the other

1850

01:35:31,180 --> 01:35:25,060

videos like that those occurred on

1851

01:35:36,280 --> 01:35:31,190

during exercises by military and here we

1852

01:35:38,470 --> 01:35:36,290

have all kinds of you know highly

1853

01:35:40,450 --> 01:35:38,480

weaponized you know planes carrying all

1854

01:35:42,400 --> 01:35:40,460

kinds of weapons now maybe during

1855

01:35:44,890 --> 01:35:42,410

exercises they weren't carrying live

1856

01:35:47,380 --> 01:35:44,900

weapons but still they are weapons of

1857

01:35:49,810 --> 01:35:47,390

war the aircraft carrier itself is a

1858

01:35:53,110 --> 01:35:49,820

weapon of war the aircraft carrier is

1859

01:35:59,490 --> 01:35:53,120

powered by nuclear power all this stuff

1860

01:36:04,300 --> 01:35:59,500

is all points to concerns about not just

1861

01:36:08,250 --> 01:36:04,310

weapons period but nuclear weapons and

1862

01:36:13,630 --> 01:36:08,260

any use of nuclear power as part of our

1863

01:36:17,170 --> 01:36:13,640

or defense arsenal so you will find that

1864

01:36:20,500 --> 01:36:17,180

if you study the literature you will

1865

01:36:22,450 --> 01:36:20,510

find a number of incidents that have to

1866

01:36:27,820 --> 01:36:22,460

do with things that happen around

1867

01:36:28,720 --> 01:36:27,830

nuclear bases Roswell Roswell Army

1868

01:36:31,830 --> 01:36:28,730

Airfield

1869

01:36:34,840 --> 01:36:31,840

was the home of the 509th bomber group

1870

01:36:37,600 --> 01:36:34,850

that is the group that sent the plane

1871

01:36:40,330 --> 01:36:37,610

over to bomb erosion

1872

01:36:45,160 --> 01:36:40,340

Nagasaki the atomic bombs that's where

1873

01:36:48,970 --> 01:36:45,170

they came from they were our first base

1874

01:36:51,100 --> 01:36:48,980

with atomic bombs and for many years

1875

01:36:55,780 --> 01:36:51,110

they were our only base with atomic

1876  
01:36:58,510 --> 01:36:55,790  
bombs so so the Roswell incident in just

1877  
01:37:02,020 --> 01:36:58,520  
happen the blue there's some other

1878  
01:37:08,050 --> 01:37:02,030  
factor involved there and has to do with

1879  
01:37:11,560 --> 01:37:08,060  
nuclear weapons yeah I forgot off on a

1880  
01:37:13,170 --> 01:37:11,570  
tangent there but all that stuff but

1881  
01:37:18,340 --> 01:37:13,180  
still when it goes back to disclosure

1882  
01:37:20,470 --> 01:37:18,350  
the the confirmation that came up in in

1883  
01:37:21,640 --> 01:37:20,480  
the year in the year and a half or so

1884  
01:37:25,320 --> 01:37:21,650  
after that

1885  
01:37:28,840 --> 01:37:25,330  
disclosure in 2017 all the way through

1886  
01:37:32,410 --> 01:37:28,850  
2019 there were further disclosures that

1887  
01:37:34,150 --> 01:37:32,420  
came out to show that yes in fact our

1888  
01:37:36,870 --> 01:37:34,160

military has been studying this for a

1889

01:37:41,320 --> 01:37:36,880

long time now full disclosure that

1890

01:37:44,650 --> 01:37:41,330

that's more difficult or one thing

1891

01:37:48,700 --> 01:37:44,660

there's a lot of detailed stuff that we

1892

01:37:51,550 --> 01:37:48,710

may never get them to release let us say

1893

01:37:55,060 --> 01:37:51,560

and and this may or may not be true but

1894

01:37:57,880 --> 01:37:55,070

let's assume that they have wreckage

1895

01:38:00,790 --> 01:37:57,890

from the Roswell crash and dead bodies

1896

01:38:03,250 --> 01:38:00,800

of aliens stored somewhere are they ever

1897

01:38:07,480 --> 01:38:03,260

gonna give those things up that would be

1898

01:38:10,990 --> 01:38:07,490

pretty difficult because then someone

1899

01:38:12,490 --> 01:38:11,000

has to admit oh yeah we've been lying to

1900

01:38:16,300 --> 01:38:12,500

everyone for decades and saying oh no

1901

01:38:20,520 --> 01:38:16,310

there's no such thing and the same thing

1902

01:38:24,400 --> 01:38:20,530

with many of the other you know possible

1903

01:38:27,010 --> 01:38:24,410

pieces of wreckage or other artifacts or

1904

01:38:30,730 --> 01:38:27,020

debris that have been collected over the

1905

01:38:33,070 --> 01:38:30,740

decades it's much more difficult to get

1906

01:38:36,700 --> 01:38:33,080

someone to disclose things to that level

1907

01:38:41,950 --> 01:38:36,710

but the disclosure has begun it's not

1908

01:38:42,970 --> 01:38:41,960

and in really turn back to clock on that

1909

01:38:45,130 --> 01:38:42,980

sort of thing you can't get the

1910

01:38:47,650 --> 01:38:45,140

toothpaste back in the tube it's just

1911

01:38:52,090 --> 01:38:47,660

gonna progress at a slower pace then

1912

01:38:54,310 --> 01:38:52,100

maybe we'd like but it's happening yeah

1913

01:38:58,720 --> 01:38:54,320

you actually answered just about every

1914

01:39:00,910 --> 01:38:58,730

question I had thereafter you're very

1915

01:39:04,630 --> 01:39:00,920

comprehensive in your answers so that

1916

01:39:07,810 --> 01:39:04,640

was fantastic and did I'll want to ask

1917

01:39:10,300 --> 01:39:07,820

you one last question and that is if you

1918

01:39:15,149 --> 01:39:10,310

had one or a few things to say that

1919

01:39:25,109 --> 01:39:18,069

fill-in-the-blank about the topic of

1920

01:39:31,660 --> 01:39:25,119

ufology what would it or baby oh boy

1921

01:39:37,239 --> 01:39:31,670

alright um uh UFOs are stranger than we

1922

01:39:39,819 --> 01:39:37,249

think that's the the that's my lead

1923

01:39:44,020 --> 01:39:39,829

topic sentence and the reason I'll say

1924

01:39:46,660 --> 01:39:44,030

that is because a lot of a lot of people

1925

01:39:50,200 --> 01:39:46,670

think more on the level as I was saying

1926  
01:39:53,529 --> 01:39:50,210  
before a spacecraft from another planet

1927  
01:39:56,009 --> 01:39:53,539  
carrying alien beings you know piloted

1928  
01:40:01,750 --> 01:39:56,019  
by alien beings that are visiting here

1929  
01:40:07,290 --> 01:40:01,760  
but they are almost certainly stranger

1930  
01:40:10,479 --> 01:40:07,300  
than that there are too many strange

1931  
01:40:14,020 --> 01:40:10,489  
phenomena that go along with the apology

1932  
01:40:18,609 --> 01:40:14,030  
that we can't escape from people who are

1933  
01:40:21,700 --> 01:40:18,619  
having abduction experiences they often

1934  
01:40:29,100 --> 01:40:21,710  
experience the very strange things such

1935  
01:40:32,680 --> 01:40:29,110  
as telepathy teleportation levitation

1936  
01:40:38,439 --> 01:40:32,690  
seeing craft materialize and

1937  
01:40:42,430 --> 01:40:38,449  
dematerialize having conversations with

1938  
01:40:45,069 --> 01:40:42,440

these beings which appear to be

1939

01:40:47,350 --> 01:40:45,079

telepathic because they say they can

1940

01:40:49,689 --> 01:40:47,360

they can hear the thoughts in their head

1941

01:40:54,359 --> 01:40:49,699

but they can't see the mouth moving you

1942

01:40:57,279 --> 01:40:54,369

know that kind of thing now beyond that

1943

01:41:00,969 --> 01:40:57,289

anyone who's really interested in in the

1944

01:41:03,399 --> 01:41:00,979

abduction topic I would suggest that

1945

01:41:08,069 --> 01:41:03,409

they read some of really good books on

1946

01:41:10,959 --> 01:41:08,079

the subject to really explore what

1947

01:41:15,700 --> 01:41:10,969

people have thought about this over the

1948

01:41:19,479 --> 01:41:15,710

past 20 years or more because there's a

1949

01:41:22,540 --> 01:41:19,489

lot of speculation some of it based on

1950

01:41:24,989 --> 01:41:22,550

some pretty good data but I don't want

1951

01:41:28,620 --> 01:41:24,999

to get too deep into it right now but

1952

01:41:31,979 --> 01:41:28,630

it's it's it all goes back to what I

1953

01:41:34,200 --> 01:41:31,989

he said this whole thing if if you're

1954

01:41:36,240 --> 01:41:34,210

not deep into it as I have been for many

1955

01:41:39,840 --> 01:41:36,250

years and haven't read so many books on

1956

01:41:41,640 --> 01:41:39,850

it you're in for a real surprise if you

1957

01:41:44,189 --> 01:41:41,650

decide you want to do getting to really

1958

01:41:51,660 --> 01:41:44,199

study the subject because as I said it

1959

01:41:54,780 --> 01:41:51,670

is much stranger than you think I wanted

1960

01:41:58,080 --> 01:41:54,790

to mention the URL to your website which

1961

01:41:59,700 --> 01:41:58,090

I believe is MUFON Oregon dot-com yeah

1962

01:42:01,140 --> 01:41:59,710

I've got the link I'm gonna put it in

1963

01:42:03,240 --> 01:42:01,150

the description section so they'll be

1964

01:42:06,120 --> 01:42:03,250

able to find that and I look in the out

1965

01:42:08,250 --> 01:42:06,130

at the right sidebar for that collection

1966

01:42:11,160 --> 01:42:08,260

of suggested reading for books and all

1967

01:42:13,590 --> 01:42:11,170

that great and then if Tom could just

1968

01:42:15,870 --> 01:42:13,600

verbally say the the address of the

1969

01:42:20,310 --> 01:42:15,880

website that would be great yeah it's

1970

01:42:23,189 --> 01:42:20,320

Oregon MUFON com great Oregon MUFON comm

1971

01:42:25,770 --> 01:42:23,199

wanted to mention that fifty years ago

1972

01:42:27,870 --> 01:42:25,780

MUFON was created in 1969 it's a

1973

01:42:30,689 --> 01:42:27,880

nonprofit organization it has thousands

1974

01:42:33,479 --> 01:42:30,699

of members all over the world in many

1975

01:42:35,550 --> 01:42:33,489

countries all 50 states and the

1976

01:42:37,470 --> 01:42:35,560

international directors Jan harson and

1977

01:42:39,479 --> 01:42:37,480

the International director of

1978

01:42:41,970 --> 01:42:39,489

investigations of Steve Hudgens we

1979

01:42:45,120 --> 01:42:41,980

talked about Doug tonight and then also

1980

01:42:46,470 --> 01:42:45,130

I wanted to thank Tom Bowden who is the

1981

01:42:49,050 --> 01:42:46,480

director of Oregon

1982

01:42:51,090 --> 01:42:49,060

MUFON for having been on with us tonight

1983

01:42:53,250 --> 01:42:51,100

and spent so much time talking to us

1984

01:42:56,040 --> 01:42:53,260

about such fascinating cases and

1985

01:42:57,510 --> 01:42:56,050

prepared such a wonderful talk for us

1986

01:42:59,160 --> 01:42:57,520

it's been such a pleasure and an honor

1987

01:43:00,870 --> 01:42:59,170

having you on the show yeah thanks so

1988

01:43:03,570 --> 01:43:00,880

much time I really appreciate it I had a

1989

01:43:05,520 --> 01:43:03,580

great time talking to you tonight thank

1990

01:43:08,280 --> 01:43:05,530

you for giving me a chance to be on your

1991

01:43:10,379 --> 01:43:08,290

show we're very grateful to have had you

1992

01:43:13,260 --> 01:43:10,389

on I learned a lot and I'm also glad

1993

01:43:15,510 --> 01:43:13,270

that you went over so very carefully how

1994

01:43:19,709 --> 01:43:15,520

important it is for folks that if

1995

01:43:22,350 --> 01:43:19,719

they're going to study the topic of UFOs

1996

01:43:24,270 --> 01:43:22,360

which and to remind our audience that is

1997

01:43:25,470 --> 01:43:24,280

unidentified flying objects I know you

1998

01:43:27,510 --> 01:43:25,480

know that but we really need to

1999

01:43:30,180 --> 01:43:27,520

understand that is exactly what it is

2000

01:43:32,640 --> 01:43:30,190

they're unidentified if you want to

2001

01:43:35,729 --> 01:43:32,650

really get into that it's important that

2002

01:43:38,280 --> 01:43:35,739

you remain circumspect you have a

2003

01:43:42,580 --> 01:43:38,290

healthy skepticism and part of that

2004

01:43:48,770 --> 01:43:45,380

equipment to try and capture UFO

2005

01:43:50,270 --> 01:43:48,780

activity but also make sure that you try

2006

01:43:52,250 --> 01:43:50,280

and get it forensically investigated if

2007

01:43:55,760 --> 01:43:52,260

you're in a position to do so there's

2008

01:43:58,220 --> 01:43:55,770

one one website I do use to look over

2009

01:44:03,459 --> 01:43:58,230

photos that want to dimension and that

2010

01:44:06,439 --> 01:44:03,469

is photo forensics comm and it's f OTO

2011

01:44:08,630 --> 01:44:06,449

forensics comm what you can do is you

2012

01:44:12,919 --> 01:44:08,640

can upload a photo there and that

2013

01:44:16,520 --> 01:44:12,929

reveals every aspect of the photo

2014

01:44:18,350 --> 01:44:16,530

regarding the exif data and more to see

2015

01:44:20,270 --> 01:44:18,360

if the photo has been manipulated in any

2016

01:44:22,490 --> 01:44:20,280

way shape or form that's not the last

2017

01:44:24,709 --> 01:44:22,500

word on whether it has been but it's an

2018

01:44:27,470 --> 01:44:24,719

interesting website one of hundreds on

2019

01:44:29,510 --> 01:44:27,480

the net and many other different kinds

2020

01:44:31,430 --> 01:44:29,520

of software to use to try and determine

2021

01:44:35,060 --> 01:44:31,440

what exactly you're looking at in the

2022

01:44:37,640 --> 01:44:35,070

sky or coming out of the ocean okay go

2023

01:44:41,300 --> 01:44:37,650

ahead and yeah let me get the last word

2024

01:44:43,550 --> 01:44:41,310

in here thanks again to Tom Bowden and

2025

01:44:45,890 --> 01:44:43,560

we are going to be back Sunday with

2026

01:44:48,950 --> 01:44:45,900

buddy from alien protocols that should

2027

01:44:50,209 --> 01:44:48,960

be a lot of fun looking for damage for

2028

01:44:52,340 --> 01:44:50,219

mentioning that we've had buddy on

2029

01:44:56,000 --> 01:44:52,350

before and I wanted to see if Tom had

2030

01:44:59,560 --> 01:44:56,010

any last words before we go no I think

2031

01:45:03,380 --> 01:44:59,570

probably the best piece of equipment for

2032

01:45:06,560 --> 01:45:03,390

investigating UFOs is a good strong mind

2033

01:45:08,209 --> 01:45:06,570

hahaha fantastic well thanks thanks for

2034

01:45:10,640 --> 01:45:08,219

joining us everybody thanks chin and

2035

01:45:11,090 --> 01:45:10,650

we'll see you on Sunday thanks for
