

DAYMOND STEER

THE DAILY SUN REPORTER JOINS
US TO DISCUSS HIS UFO
QUESTION FOR PRESIDENTIAL
CANDIDATES

UFONN
SUNDAY

1
00:00:08,759 --> 00:00:05,940
and good evening from Philadelphia Frank

2
00:00:12,060 --> 00:00:08,769
here with another episode of UFO news

3
00:00:14,700 --> 00:00:12,070
network Sunday and tonight we are on on

4
00:00:18,029 --> 00:00:14,710
a Monday night with a very special guest

5
00:00:21,779 --> 00:00:18,039
so let me bring on my co-host channa to

6
00:00:24,870 --> 00:00:21,789
you to introduce him hi Frank thank you

7
00:00:26,669 --> 00:00:24,880
so much we have a wonderful cast very

8
00:00:29,429 --> 00:00:26,679
well known guest on our show Damon steer

9
00:00:32,190 --> 00:00:29,439
of the Conway Daily Sun he was

10
00:00:34,560 --> 00:00:32,200
recognized as the 2006 New England Press

11
00:00:36,810 --> 00:00:34,570
Association's a weekly journalist of the

12
00:00:38,520 --> 00:00:36,820
year for the ability to write up I'll

13
00:00:39,900 --> 00:00:38,530

write on a wide range of subjects

14

00:00:42,060 --> 00:00:39,910

stories submitted for that award

15

00:00:44,639 --> 00:00:42,070

included investigative pieces about town

16

00:00:47,040 --> 00:00:44,649

government a piece on native brook trout

17

00:00:50,099 --> 00:00:47,050

and Hurricane Katrina refugees in

18

00:00:52,650 --> 00:00:50,109

Milford New Hampshire a stories he's

19

00:00:55,259 --> 00:00:52,660

written has led to ethics reform and

20

00:00:57,419 --> 00:00:55,269

greater governmental transparency he's

21

00:01:00,150 --> 00:00:57,429

part of the Conway daily sons news team

22

00:01:02,220 --> 00:01:00,160

that won the 2018 General Excellence

23

00:01:04,649 --> 00:01:02,230

Award from the New Hampshire Press

24

00:01:06,330 --> 00:01:04,659

Association won second place for spot

25

00:01:08,100 --> 00:01:06,340

news photo thank you for being on our

26
00:01:11,910 --> 00:01:08,110
show Damon we look forward to talking to

27
00:01:14,340 --> 00:01:11,920
you tonight yeah thanks for joining us

28
00:01:16,170 --> 00:01:14,350
Damon and let's get right to it there

29
00:01:19,530 --> 00:01:16,180
you've gained a lot of notoriety in the

30
00:01:21,240 --> 00:01:19,540
UFO community for asking presidential

31
00:01:22,080 --> 00:01:21,250
candidates at the very least maybe some

32
00:01:24,360 --> 00:01:22,090
others as well

33
00:01:26,280 --> 00:01:24,370
that I'm not aware of but asking

34
00:01:29,700 --> 00:01:26,290
presidential candidates about their

35
00:01:31,470 --> 00:01:29,710
opinions on the UFO topic and where did

36
00:01:35,400 --> 00:01:31,480
that all begin what gave you the idea to

37
00:01:39,630 --> 00:01:35,410
run that by them in the first place well

38
00:01:42,390 --> 00:01:39,640

the first time was in 2007 with Hillary

39

00:01:45,270 --> 00:01:42,400

Clinton she came into my office at the

40

00:01:47,490 --> 00:01:45,280

Milford cabinet and we did an editorial

41

00:01:49,020 --> 00:01:47,500

board with her and you know the editors

42

00:01:52,740 --> 00:01:49,030

and I sat around asking her questions

43

00:01:55,170 --> 00:01:52,750

and that question is kind of popped in

44

00:01:57,510 --> 00:01:55,180

my head I feel here she's been in the

45

00:01:59,130 --> 00:01:57,520

White House for a while and and maybe

46

00:02:01,560 --> 00:01:59,140

she knew something so I throw it at her

47

00:02:04,320 --> 00:02:01,570

and saw what happened and what was her

48

00:02:06,840 --> 00:02:04,330

response then she said something to the

49

00:02:08,639 --> 00:02:06,850

effect of it was a very common Freedom

50

00:02:11,310 --> 00:02:08,649

of Information request or it was

51
00:02:16,559 --> 00:02:11,320
requested of the Clinton Library or some

52
00:02:20,550 --> 00:02:16,569
such thing and then just in the cycle

53
00:02:22,349 --> 00:02:20,560
to 2016 I had the opportunity to ask her

54
00:02:25,530 --> 00:02:22,359
again I was curious if she remembered me

55
00:02:27,629 --> 00:02:25,540
but she did and she gave me a pretty

56
00:02:29,940 --> 00:02:27,639
enthusiastic response and then I've been

57
00:02:32,759 --> 00:02:29,950
asking candidates for president and US

58
00:02:36,089 --> 00:02:32,769
Senate and Congress ever since got it

59
00:02:38,610 --> 00:02:36,099
so did let's see yeah I'm trying to

60
00:02:40,830 --> 00:02:38,620
remember the 2016 run on the Republican

61
00:02:42,869 --> 00:02:40,840
side were able to ask any of the

62
00:02:44,819 --> 00:02:42,879
Republican candidates up in New

63
00:02:58,619 --> 00:02:44,829

Hampshire about their feelings on the

64

00:03:01,470 --> 00:02:58,629

UFOs responses okay and this year with

65

00:03:03,300 --> 00:03:01,480

the obviously Trump is running unopposed

66

00:03:06,209 --> 00:03:03,310

pretty well off for all practical

67

00:03:09,479 --> 00:03:06,219

purposes on the Republican side but you

68

00:03:12,030 --> 00:03:09,489

were inundated with lots of Democratic

69

00:03:14,339 --> 00:03:12,040

candidates up there this year

70

00:03:16,619 --> 00:03:14,349

you've got got the question in quite a

71

00:03:23,699 --> 00:03:16,629

few times and how do you think it's

72

00:03:26,969 --> 00:03:23,709

going it went this time around and they

73

00:03:29,069 --> 00:03:26,979

were sincere and they didn't really just

74

00:03:32,069 --> 00:03:29,079

laugh it off they gave substantive

75

00:03:34,830 --> 00:03:32,079

answers and I think you know given the

76

00:03:36,149 --> 00:03:34,840

Nimitz incident they really had to yeah

77

00:03:38,849 --> 00:03:36,159

I noticed that that you've been tying

78

00:03:47,339 --> 00:03:38,859

that to a favor I have you had the

79

00:03:52,879 --> 00:03:47,349

chance to interview him at all David

80

00:04:02,759 --> 00:04:00,449

guy who was involved he did write a book

81

00:04:04,830 --> 00:04:02,769

he's a he's a very close friend a favor

82

00:04:06,360 --> 00:04:04,840

and he was letting us know that flavour

83

00:04:09,539 --> 00:04:06,370

is not interested in interviewing with

84

00:04:12,860 --> 00:04:09,549

anybody anymore so that might be reason

85

00:04:18,390 --> 00:04:12,870

why you cannot actually you know inquire

86

00:04:20,400 --> 00:04:18,400

that that of him of that topic now did

87

00:04:23,879 --> 00:04:20,410

any of the responses from the candidates

88

00:04:25,650 --> 00:04:23,889

this year stand out for you because it

89

00:04:29,640 --> 00:04:25,660

seems like there was a real variety

90

00:04:31,230 --> 00:04:29,650

there there was I thought the ball

91

00:04:33,839 --> 00:04:31,240

Patrick's is really interesting because

92

00:04:36,900 --> 00:04:33,849

he talked about being on the board of an

93

00:04:43,640 --> 00:04:36,910

airline and having pilots come up to him

94

00:04:52,439 --> 00:04:47,279

it was a weekend interview and I was out

95

00:04:54,719 --> 00:04:52,449

of town asked on my behalf so not my

96

00:04:56,580 --> 00:04:54,729

staff but my colleagues asked on my

97

00:04:59,430 --> 00:04:56,590

behalf so I thought who is the answer

98

00:05:02,430 --> 00:04:59,440

was really pretty surprising mayor Pete

99

00:05:09,240 --> 00:05:02,440

had a you know a very interesting long

100

00:05:12,180 --> 00:05:09,250

answer and I was happy with senator

101
00:05:14,310 --> 00:05:12,190
Klobuchar because she said that she

102
00:05:17,129 --> 00:05:14,320
would look into it and she did when I

103
00:05:20,879 --> 00:05:17,139
talked to her a second time so there

104
00:05:24,029 --> 00:05:20,889
yeah I saw that article yeah I wanted to

105
00:05:27,450 --> 00:05:24,039
ask you what was the impetus to ask

106
00:05:29,879 --> 00:05:27,460
these candidates about the UFO topic is

107
00:05:31,980 --> 00:05:29,889
it personal thing or do you feel like

108
00:05:34,770 --> 00:05:31,990
it's important for government officials

109
00:05:51,209 --> 00:05:34,780
or would-be government officials to be

110
00:05:52,890 --> 00:05:51,219
involved in this topic was basically

111
00:05:54,270 --> 00:05:52,900
banging people house so I figured I

112
00:05:59,790 --> 00:05:54,280
better ask since I'd already answered by

113
00:06:01,020 --> 00:05:59,800

I already and then you know the this

114

00:06:02,910 --> 00:06:01,030

latest go-around

115

00:06:05,820 --> 00:06:02,920

I felt like a real calling to ask

116

00:06:09,390 --> 00:06:05,830

because of the minutes and being forever

117

00:06:11,520 --> 00:06:09,400

being from New Hampshire okay well I

118

00:06:15,330 --> 00:06:11,530

wanted it I'm asked you there was an

119

00:06:18,030 --> 00:06:15,340

article that came out it was amazing

120

00:06:21,060 --> 00:06:18,040

this article was I'm gonna go ahead and

121

00:06:22,560 --> 00:06:21,070

reference was on CBS News website and it

122

00:06:25,040 --> 00:06:22,570

was a written by brand inspector in

123

00:06:27,960 --> 00:06:25,050

January 14th of 2020 and it talks about

124

00:06:29,670 --> 00:06:27,970

the title that says top secret UFO FILES

125

00:06:32,010 --> 00:06:29,680

could cause grave damage to US national

126
00:06:35,580 --> 00:06:32,020
security of released then the US Navy

127
00:06:37,260 --> 00:06:35,590
said did you get a chance to actually

128
00:06:40,610 --> 00:06:37,270
review that article that was in the

129
00:06:45,810 --> 00:06:43,410
yeah it just basically says the US Navy

130
00:06:50,040 --> 00:06:45,820
feels that if they were to release any

131
00:06:54,090 --> 00:06:50,050
kind of classified files regarding a UFO

132
00:06:56,910 --> 00:06:54,100
the you a topic that it would cause a

133
00:07:03,870 --> 00:06:56,920
grave damage to US national security

134
00:07:06,090 --> 00:07:03,880
what are your thoughts on that no it was

135
00:07:08,220 --> 00:07:06,100
in the New York Times that there's stuff

136
00:07:09,840 --> 00:07:08,230
flying around and I feel like you know

137
00:07:11,490 --> 00:07:09,850
the commander in chief is responsible

138
00:07:14,520 --> 00:07:11,500

for the security of the United States so

139

00:07:18,060 --> 00:07:14,530

I think it's a legitimate question and I

140

00:07:21,600 --> 00:07:18,070

don't see reason not to keep asking now

141

00:07:24,260 --> 00:07:21,610

you had mentioned a couple people clover

142

00:07:27,960 --> 00:07:24,270

char who had just dropped out today and

143

00:07:29,700 --> 00:07:27,970

also a devout Patrick who really didn't

144

00:07:32,070 --> 00:07:29,710

get a whole lot of traction when he was

145

00:07:34,650 --> 00:07:32,080

trying for office and Peabody judge

146

00:07:37,020 --> 00:07:34,660

dropped out as well now there is a not

147

00:07:39,720 --> 00:07:37,030

too many remaining candidates now a

148

00:07:41,400 --> 00:07:39,730

Bernie Sanders did get the question and

149

00:07:43,890 --> 00:07:41,410

I thought his answer was was pretty

150

00:07:46,350 --> 00:07:43,900

interesting whereas his wife is

151
00:07:48,510 --> 00:07:46,360
especially fascinated by all this now in

152
00:07:51,480 --> 00:07:48,520
now your experience dealing with

153
00:07:53,430 --> 00:07:51,490
politicians do you ever get that kind of

154
00:07:55,800 --> 00:07:53,440
response where the spouse will get in

155
00:08:02,190 --> 00:07:55,810
their ear and get them a little bit more

156
00:08:10,440 --> 00:08:02,200
motivated towards a particular issue but

157
00:08:12,870 --> 00:08:10,450
maybe anything like that okay and now I

158
00:08:14,519 --> 00:08:12,880
did did you guys get a shot at the Joe

159
00:08:16,259 --> 00:08:14,529
Biden this year I don't remember

160
00:08:24,989 --> 00:08:16,269
seeing any comments from him on this

161
00:08:29,099 --> 00:08:24,999
subject is okay and how about Elizabeth

162
00:08:33,739 --> 00:08:29,109
Warren actually I'm hoping somebody out

163
00:08:36,839 --> 00:08:33,749

there and you know will come across

164

00:08:40,799 --> 00:08:36,849

Warren and ask her I wasn't able to get

165

00:08:42,480 --> 00:08:40,809

to her sherry answer would be really

166

00:08:45,299 --> 00:08:42,490

actually pretty good because I think she

167

00:08:46,590 --> 00:08:45,309

was on a US Senate committee that was

168

00:08:50,910 --> 00:08:46,600

briefed I believe she's on Armed

169

00:08:53,280 --> 00:08:50,920

Services my US senator Jeanne Shaheen is

170

00:08:55,129 --> 00:08:53,290

on Armed Services and she was briefed so

171

00:08:57,179 --> 00:08:55,139

I think there's a good chance that

172

00:08:58,920 --> 00:08:57,189

Elizabeth Warren was briefed in just

173

00:09:01,319 --> 00:08:58,930

nobody's bothered to ask her now I

174

00:09:03,480 --> 00:09:01,329

remember when a senator Shaheen was

175

00:09:06,150 --> 00:09:03,490

asked a while back initially her

176

00:09:07,679 --> 00:09:06,160

response was that that she really cared

177

00:09:09,869 --> 00:09:07,689

too much about the issue she was much

178

00:09:12,179 --> 00:09:09,879

more concerned with earthly issues it

179

00:09:13,920 --> 00:09:12,189

was the same sort of answer that Tulsi

180

00:09:17,489 --> 00:09:13,930

Gabbard gave her when she was in there

181

00:09:20,009 --> 00:09:17,499

with y'all and now we know that she has

182

00:09:22,350 --> 00:09:20,019

been briefed as she changed her position

183

00:09:24,600 --> 00:09:22,360

a little bit or is she pretty much the

184

00:09:33,449 --> 00:09:24,610

same or is she not talking or what's up

185

00:09:35,189 --> 00:09:33,459

with her I don't believe she said that

186

00:09:44,480 --> 00:09:35,199

there are things that need more

187

00:09:47,790 --> 00:09:44,490

explanation I have no idea well I

188

00:09:49,980 --> 00:09:47,800

deserve some explanation I mean we just

189

00:09:52,889 --> 00:09:49,990

New York Times for two years has these

190

00:09:55,379 --> 00:09:52,899

stories hanging out there that there's

191

00:09:57,389 --> 00:09:55,389

stuff flying around and I just I just

192

00:10:00,689 --> 00:09:57,399

feel like we deserve a little bit one of

193

00:10:04,669 --> 00:10:00,699

that God okay well what I wanted to ask

194

00:10:07,259 --> 00:10:04,679

you a diamond was after the president

195

00:10:11,189 --> 00:10:07,269

after we we have an elected president

196

00:10:14,489 --> 00:10:11,199

and we don't have to worry about dealing

197

00:10:16,889 --> 00:10:14,499

with an election what are you going to

198

00:10:20,759 --> 00:10:16,899

do about the UFO topic are you going to

199

00:10:23,220 --> 00:10:20,769

continue pursuing it in an aggressive

200

00:10:25,949 --> 00:10:23,230

manner at any point in time you come

201
00:10:28,019 --> 00:10:25,959
across a politician or anybody you feel

202
00:10:35,480 --> 00:10:28,029
is of import and asked

203
00:10:39,749 --> 00:10:35,490
about the UAP topic I do I'm a

204
00:10:45,030 --> 00:10:39,759
small-town newspaper reporter and uh in

205
00:10:46,470 --> 00:10:45,040
a five season resort community I say

206
00:10:52,410 --> 00:10:46,480
five season because we got mud season

207
00:10:53,639 --> 00:10:52,420
but we are a small newspaper in the

208
00:10:56,990 --> 00:10:53,649
mountains of New Hampshire where

209
00:10:59,910 --> 00:10:57,000
shopping is tax-free by the way but

210
00:11:03,090 --> 00:10:59,920
we've got gorgeous scenery and lakes and

211
00:11:05,280 --> 00:11:03,100
mountains and the whole nine but this

212
00:11:07,740 --> 00:11:05,290
isn't something that I do all the time I

213
00:11:11,040 --> 00:11:07,750

mean I'm more focused on municipal stuff

214

00:11:16,129 --> 00:11:11,050

and court stuff and police stuff and

215

00:11:21,720 --> 00:11:16,139

fire stuff I guess come you know summer

216

00:11:24,059 --> 00:11:21,730

will have the US Senate primaries and

217

00:11:25,740 --> 00:11:24,069

November will have US Senate you know

218

00:11:28,139 --> 00:11:25,750

elections in November and Congress

219

00:11:31,009 --> 00:11:28,149

people running this year so you know

220

00:11:35,549 --> 00:11:31,019

we'll take it crack get asking them

221

00:11:37,650 --> 00:11:35,559

let's see what they do so it'll come up

222

00:11:40,499 --> 00:11:37,660

that way but I'm not just hunting UFOs

223

00:11:43,049 --> 00:11:40,509

all the time okay I do I'd have another

224

00:11:44,790 --> 00:11:43,059

question and that is and let me go ahead

225

00:11:46,470 --> 00:11:44,800

and preface it with this president Trump

226

00:11:50,519 --> 00:11:46,480

has admitted that he's been briefed on

227

00:11:54,600 --> 00:11:50,529

the UFO topic and wanted to ask you

228

00:11:56,309 --> 00:11:54,610

let's just pretend that President Trump

229

00:11:59,059 --> 00:11:56,319

is in front of you and you're able to

230

00:12:06,379 --> 00:11:59,069

ask him a few questions on the UAP topic

231

00:12:12,840 --> 00:12:10,259

statements because they were sort of

232

00:12:15,329 --> 00:12:12,850

difficult to understand that I think you

233

00:12:17,610 --> 00:12:15,339

know the president's a busy guy

234

00:12:21,900 --> 00:12:17,620

you know maybe he was caught off guard I

235

00:12:23,790 --> 00:12:21,910

don't know but you know maybe you know

236

00:12:26,069 --> 00:12:23,800

if he's re-elected you know that would

237

00:12:28,170 --> 00:12:26,079

take some pressure off then you know the

238

00:12:30,360 --> 00:12:28,180

impeachments behind him and you know

239

00:12:32,309 --> 00:12:30,370

maybe you're just taking a crack at hey

240

00:12:34,980 --> 00:12:32,319

you know what you said is kind of

241

00:12:36,269 --> 00:12:34,990

confusing could you clarify it and maybe

242

00:12:38,069 --> 00:12:36,279

he would you know that'd be great I

243

00:12:41,610 --> 00:12:38,079

think Tucker Carlson should take another

244

00:12:43,260 --> 00:12:41,620

run at them if he's really elected you

245

00:12:44,660 --> 00:12:43,270

I've noticed that Tucker Carlson has

246

00:12:47,070 --> 00:12:44,670

really covered this topic pretty

247

00:12:50,160 --> 00:12:47,080

comprehensively in fact a lot of people

248

00:12:52,769 --> 00:12:50,170

who are deeply involved or rather in and

249

00:12:56,490 --> 00:12:52,779

out of the UFO community have been very

250

00:13:00,870 --> 00:12:56,500

impressed with his willingness and not

251
00:13:03,720 --> 00:13:00,880
having any fear to to cover this topic

252
00:13:09,630 --> 00:13:03,730
as thoroughly as he has so I'm pretty

253
00:13:12,540 --> 00:13:09,640
impressed about that yeah so right now

254
00:13:14,970 --> 00:13:12,550
that the primary is over is that about

255
00:13:17,280 --> 00:13:14,980
it does New Hampshire get a lot of

256
00:13:20,130 --> 00:13:17,290
attention from the nominees when they're

257
00:13:29,880 --> 00:13:20,140
actually are going down that towards the

258
00:13:32,070 --> 00:13:29,890
general election maybe sometimes we're a

259
00:13:35,030 --> 00:13:32,080
swing state that's for sure and my

260
00:13:38,040 --> 00:13:35,040
congressional district you know swings

261
00:13:45,450 --> 00:13:38,050
hard between Republican and Democratic

262
00:13:47,910 --> 00:13:45,460
because really Republican Republican so

263
00:13:50,310 --> 00:13:47,920

you know it's a swing district you know

264

00:13:51,810 --> 00:13:50,320

I could imagine that maybe they'd want

265

00:13:55,620 --> 00:13:51,820

to come here but I'm way up in the

266

00:14:00,750 --> 00:13:55,630

mountains so then you are likely to say

267

00:14:02,880 --> 00:14:00,760

well top of me now is the you said that

268

00:14:05,130 --> 00:14:02,890

there that one of your Senate seats is

269

00:14:12,380 --> 00:14:05,140

up for grabs this fall is that senator

270

00:14:19,640 --> 00:14:14,940

well we had an opportunity to interview

271

00:14:23,220 --> 00:14:19,650

Tom Rogan the the journalists order yeah

272

00:14:25,320 --> 00:14:23,230

he was talking to us extensively about

273

00:14:27,390 --> 00:14:25,330

the UFO topic and he wrote an

274

00:14:29,610 --> 00:14:27,400

interesting article I think it was for

275

00:14:33,120 --> 00:14:29,620

the Washington Examiner and it was from

276

00:14:36,600 --> 00:14:33,130

December of last year and he wanted to

277

00:14:38,850 --> 00:14:36,610

go ahead and postulate on what the real

278

00:14:41,370 --> 00:14:38,860

one of the real issues were regarding

279

00:14:45,390 --> 00:14:41,380

the UAP topic and the US government and

280

00:14:47,820 --> 00:14:45,400

he hypothesized that the first issue is

281

00:14:50,940 --> 00:14:47,830

the nuclear issue and that if there's a

282

00:14:52,740 --> 00:14:50,950

you a you ap activity out there and that

283

00:14:55,140 --> 00:14:52,750

naturally the government would be a

284

00:14:57,270 --> 00:14:55,150

concerned regarding new

285

00:14:59,700 --> 00:14:57,280

clear any activity near their nuclear

286

00:15:01,740 --> 00:14:59,710

arsenals and things of the like do you

287

00:15:08,160 --> 00:15:01,750

have any input on that or opinion

288

00:15:09,690 --> 00:15:08,170

regarding that now as far as the

289

00:15:11,730 --> 00:15:09,700

reaction you've gotten that from

290

00:15:13,890 --> 00:15:11,740

colleagues as far as that your UFO

291

00:15:15,780 --> 00:15:13,900

question it seems like I you mentioned

292

00:15:17,910 --> 00:15:15,790

that you're getting at some support from

293

00:15:19,680 --> 00:15:17,920

other staffers at the Sun but are you

294

00:15:36,440 --> 00:15:19,690

getting any kind of feedback from folks

295

00:15:39,180 --> 00:15:36,450

at with other news organizations pretty

296

00:15:41,550 --> 00:15:39,190

and pleased that we are on some sort of

297

00:15:43,910 --> 00:15:41,560

grid thing what they do and we were

298

00:15:47,910 --> 00:15:43,920

wrong the we were on like sort of the

299

00:15:57,360 --> 00:15:47,920

edge of the good what's considered good

300

00:16:00,090 --> 00:15:57,370

so she really liked that so right right

301

00:16:01,800 --> 00:16:00,100

yeah the the different different

302

00:16:03,750 --> 00:16:01,810

interviews that you did when those

303

00:16:05,820 --> 00:16:03,760

questions come out there it got a lot of

304

00:16:07,350 --> 00:16:05,830

circulation I've got a lot of play not

305

00:16:07,830 --> 00:16:07,360

just here in the States but around the

306

00:16:11,640 --> 00:16:07,840

world

307

00:16:14,340 --> 00:16:11,650

now I do you think that this kind of

308

00:16:16,860 --> 00:16:14,350

attention towards Conway is that going

309

00:16:19,230 --> 00:16:16,870

to help you know gin up some some

310

00:16:29,190 --> 00:16:19,240

business for you as far as getting some

311

00:16:30,780 --> 00:16:29,200

more tourists in there scenic views and

312

00:16:34,190 --> 00:16:30,790

attractions and all sorts of stuff so

313

00:16:37,530 --> 00:16:34,200

people should check this out got it and

314

00:16:40,860 --> 00:16:37,540

chant you have anything else yeah I

315

00:16:43,970 --> 00:16:40,870

wanted to ask Damon what if the you ap

316

00:16:47,880 --> 00:16:43,980

topic actually ends up being covered

317

00:16:50,660 --> 00:16:47,890

more than ever by mainstream media are

318

00:16:53,370 --> 00:16:50,670

you going to plan on jumping into that

319

00:16:55,440 --> 00:16:53,380

topic and covering it more in the future

320

00:16:58,020 --> 00:16:55,450

or is this just something that you're

321

00:17:08,100 --> 00:16:58,030

doing periodically you know sort of

322

00:17:09,000 --> 00:17:08,110

every now and then or the northern half

323

00:17:12,900 --> 00:17:09,010

of Carroll County

324

00:17:15,480 --> 00:17:12,910

I guess we'll be on it okay and then I

325

00:17:18,929 --> 00:17:15,490

wanted to ask you one last question and

326

00:17:20,760 --> 00:17:18,939

that is can you venture a guess

327

00:17:23,699 --> 00:17:20,770

even if you're just going to postulate

328

00:17:27,299 --> 00:17:23,709

you know hypothesize any anything on

329

00:17:30,030 --> 00:17:27,309

this topic do you have any idea from

330

00:17:33,240 --> 00:17:30,040

your perspective whether the you ApS

331

00:17:35,070 --> 00:17:33,250

could be not from this planet or they

332

00:17:44,159 --> 00:17:35,080

could be one of ours so to speak say

333

00:17:48,299 --> 00:17:44,169

military industrial complex related you

334

00:17:50,340 --> 00:17:48,309

know that I expect the candidate to you

335

00:17:52,289 --> 00:17:50,350

know cough up the x-files or something

336

00:17:55,560 --> 00:17:52,299

like that it's really just kind of

337

00:18:00,330 --> 00:17:55,570

personality question of personality test

338

00:18:06,299 --> 00:18:00,340

see how they react to it and readers can

339

00:18:08,460 --> 00:18:06,309

make what they will of their answers and

340

00:18:11,700 --> 00:18:08,470

I've got one last question for you Damon

341

00:18:13,919 --> 00:18:11,710

really quick if I there was a two or

342

00:18:16,020 --> 00:18:13,929

three or as many as you care to name

343

00:18:18,270 --> 00:18:16,030

people that you haven't asked this

344

00:18:19,590 --> 00:18:18,280

question to who would you like to ask it

345

00:18:39,870 --> 00:18:19,600

to who would you like the opportunity to

346

00:18:44,310 --> 00:18:39,880

run this by them for this world for

347

00:18:46,350 --> 00:18:44,320

candidacy after Tuesday so there'll be a

348

00:18:48,570 --> 00:18:46,360

senator for a while I guess so you know

349

00:18:51,360 --> 00:18:48,580

someone from Massachusetts might want to

350

00:18:54,090 --> 00:18:51,370

ask her and see what happens and Joe

351

00:19:02,580 --> 00:18:54,100

Biden you know you know he says a lot of

352

00:19:04,470 --> 00:19:02,590

things okay go ahead yeah go ahead I do

353

00:19:06,390 --> 00:19:04,480

have one more question then I just

354

00:19:08,460 --> 00:19:06,400

wanted to make a comment to Daymond and

355

00:19:10,289 --> 00:19:08,470

that is although I understand how it

356

00:19:11,820 --> 00:19:10,299

might be sort of a personality test so

357

00:19:14,430 --> 00:19:11,830

to speak or something along those lines

358

00:19:17,669 --> 00:19:14,440

when you ask a question like that that

359

00:19:20,310 --> 00:19:17,679

seems rather lofty or or whatever but

360

00:19:22,500 --> 00:19:20,320

folks in the UFO community take it very

361

00:19:22,950 --> 00:19:22,510

very seriously this is a topic we

362

00:19:26,430 --> 00:19:22,960

covered

363

00:19:29,250 --> 00:19:26,440

24/7 and when you might ask it in a very

364

00:19:34,889 --> 00:19:29,260

serious or light-hearted way regardless

365

00:19:37,260 --> 00:19:34,899

of the manner in or the reason or agenda

366

00:19:39,899 --> 00:19:37,270

that you might have while you ask the

367

00:19:42,720 --> 00:19:39,909

question regarding the UAP topic of

368

00:19:45,210 --> 00:19:42,730

candidates or whomever we take it very

369

00:19:48,240 --> 00:19:45,220

seriously and we are looking forward to

370

00:19:50,760 --> 00:19:48,250

any and all answers from anybody you ask

371

00:19:59,269 --> 00:19:50,770

the questions of so thank you for asking

372

00:20:03,750 --> 00:19:59,279

them oh no we didn't take it that way

373

00:20:06,299 --> 00:20:03,760

especially we david favors really

374

00:20:08,669 --> 00:20:06,309

compelling story and we have the people

375

00:20:11,220 --> 00:20:08,679

from the Nimbus written up in Popular

376

00:20:13,649 --> 00:20:11,230

Mechanics or Princeton anyway you know

377

00:20:16,610 --> 00:20:13,659

we have multiple witnesses we have the

378

00:20:20,220 --> 00:20:16,620

Navy saying a lot of things and we have

379

00:20:21,870 --> 00:20:20,230

saying some stuff yeah Louise Elizondo

380

00:20:24,389 --> 00:20:21,880

we have thumbed along we have all these

381

00:20:26,070 --> 00:20:24,399

people and you know Podesta and Hillary

382

00:20:27,810 --> 00:20:26,080

we have all these people saying that

383

00:20:30,870 --> 00:20:27,820

there's something there and you know I'm

384

00:20:33,450 --> 00:20:30,880

just curious as all heck to find out

385

00:20:35,399 --> 00:20:33,460

what's going on yeah we didn't we didn't

386

00:20:37,110 --> 00:20:35,409

think you made light of the topic in a

387

00:20:39,090 --> 00:20:37,120

native manner at all we're just thrilled

388

00:20:41,370 --> 00:20:39,100

you're doing it so thank you yeah I

389

00:20:43,500 --> 00:20:41,380

absolutely appreciate that sort of the

390

00:20:45,840 --> 00:20:43,510

the outside-the-box nature of it like

391

00:20:48,180 --> 00:20:45,850

that you know just sort of like the

392

00:20:49,799 --> 00:20:48,190

Rorschach test and yeah it is a

393

00:20:51,539 --> 00:20:49,809

different kind of question to ask a lot

394

00:20:53,370 --> 00:20:51,549

of these candidates and it is

395

00:20:56,220 --> 00:20:53,380

interesting either the variety of the

396

00:20:58,399 --> 00:20:56,230

responses was very very interesting so

397

00:21:04,320 --> 00:20:58,409

yeah certainly

398

00:21:06,840 --> 00:21:04,330

Pargo now please go ahead people do it

399

00:21:08,700 --> 00:21:06,850

you know Joe Rogan and I are like and I

400

00:21:11,450 --> 00:21:08,710

think The Breakfast Club to really like

401
00:21:14,340 --> 00:21:11,460
the only ones who are really chasing it

402
00:21:16,200 --> 00:21:14,350
really that hard but or to ask

403
00:21:18,000 --> 00:21:16,210
candidates you know obviously the New

404
00:21:23,880 --> 00:21:18,010
York Times the great stuff in Politico

405
00:21:25,409 --> 00:21:23,890
and but you know nobody's it's not and I

406
00:21:27,980 --> 00:21:25,419
frankly don't want to be alone with it

407
00:21:30,870 --> 00:21:27,990
so the more people are asking the better

408
00:21:33,419 --> 00:21:30,880
agreed definitely definitely yeah yeah

409
00:21:35,100 --> 00:21:33,429
and now one final question regarding a

410
00:21:36,300 --> 00:21:35,110
right after the New York Times story

411
00:21:38,490 --> 00:21:36,310
came out

412
00:21:42,660 --> 00:21:38,500
during the the press briefing at the

413
00:21:45,930 --> 00:21:42,670

White House the press secretary at the

414

00:21:48,720 --> 00:21:45,940

time MS Huckabee Sanders was asked about

415

00:21:51,360 --> 00:21:48,730

the story and she said that she'd get

416

00:21:53,370 --> 00:21:51,370

back to them get back to the press car

417

00:21:56,130 --> 00:21:53,380

on that and then there was one shouted

418

00:21:57,810 --> 00:21:56,140

question at President Trump as he was

419

00:21:59,910 --> 00:21:57,820

heading off to the holidays and then

420

00:22:01,020 --> 00:21:59,920

they kind of let it go they got I really

421

00:22:02,640 --> 00:22:01,030

thought for sure that they were going to

422

00:22:05,220 --> 00:22:02,650

follow up just thought if nothing else

423

00:22:07,410 --> 00:22:05,230

on principle to get some kind of an

424

00:22:08,580 --> 00:22:07,420

answer and they kind of let it go and I

425

00:22:20,370 --> 00:22:08,590

was wondering what you thought about

426

00:22:23,940 --> 00:22:20,380

that sad trumpet say it's sad and you

427

00:22:27,000 --> 00:22:23,950

know George Stephanopoulos and Tucker

428

00:22:28,710 --> 00:22:27,010

Carlson for following up eventually one

429

00:22:31,770 --> 00:22:28,720

question I'd have for both of them is

430

00:22:36,000 --> 00:22:31,780

did the president have any idea of that

431

00:22:37,890 --> 00:22:36,010

question was coming but I don't know

432

00:22:40,290 --> 00:22:37,900

I've never you know a sitting president

433

00:22:43,170 --> 00:22:40,300

before so you know maybe they have to

434

00:22:45,540 --> 00:22:43,180

run every question you know by his staff

435

00:22:47,700 --> 00:22:45,550

or I don't know if he expected it or not

436

00:22:51,300 --> 00:22:47,710

but I'd imagine that would be a tough

437

00:22:53,370 --> 00:22:51,310

one to be kind of sprung with you know I

438

00:22:55,530 --> 00:22:53,380

think if you're gonna ask the president

439

00:22:59,130 --> 00:22:55,540

I would give him like two weeks notice

440

00:23:00,630 --> 00:22:59,140

to take research it if I was in their

441

00:23:04,020 --> 00:23:00,640

position obviously I'm not important

442

00:23:06,090 --> 00:23:04,030

enough to talk to the president but but

443

00:23:07,740 --> 00:23:06,100

you know it just it just seems like one

444

00:23:10,890 --> 00:23:07,750

of those things that a president would

445

00:23:12,840 --> 00:23:10,900

need some time to prepare for um are you

446

00:23:15,480 --> 00:23:12,850

willing to Gander a guess whether

447

00:23:18,000 --> 00:23:15,490

President George Bush and Barack Obama

448

00:23:19,680 --> 00:23:18,010

it may have likely been briefed on the

449

00:23:34,200 --> 00:23:19,690

UFO topic do you think that that's

450

00:23:39,300 --> 00:23:34,210

possible or reasonable stuff like that

451
00:23:41,550 --> 00:23:39,310
so well Daymond I sure do appreciate you

452
00:23:44,430 --> 00:23:41,560
blocking out the time and coming on with

453
00:23:45,870 --> 00:23:44,440
us after covering me I want a municipal

454
00:23:48,300 --> 00:23:45,880
budget meeting is that about right

455
00:23:50,100 --> 00:23:48,310
it was a candidates night where they

456
00:23:53,340 --> 00:23:50,110
went into depth about

457
00:23:55,310 --> 00:23:53,350
how much unreserved fund balance the

458
00:24:00,240 --> 00:23:55,320
town of Asti new hampshire actually has

459
00:24:01,590 --> 00:24:00,250
gotten okay and how many comments is he

460
00:24:11,759 --> 00:24:01,600
gonna get out of that for Wednesday's

461
00:24:16,100 --> 00:24:11,769
Conway daily saw maybe you know we could

462
00:24:23,730 --> 00:24:19,409
it's pretty dry was it was riveting

463
00:24:25,379 --> 00:24:23,740

right yeah yeah we gotta support our

464

00:24:27,690 --> 00:24:25,389

local journalists so that's important

465

00:24:29,430 --> 00:24:27,700

and we we appreciate you very much and

466

00:24:31,799 --> 00:24:29,440

and I know I've already said this but

467

00:24:34,470 --> 00:24:31,809

you know I know it's probably obvious to

468

00:24:38,389 --> 00:24:34,480

you we have an acute interest that we're

469

00:24:44,129 --> 00:24:40,830

we're a little rabid about it but anyway

470

00:24:46,169 --> 00:24:44,139

what I was gonna say is I really want to

471

00:24:49,769 --> 00:24:46,179

just give you my heartfelt thank you and

472

00:24:52,230 --> 00:24:49,779

just know that anytime you let the word

473

00:24:53,899 --> 00:24:52,240

the acronym UFO slip out of your mouth

474

00:24:57,120 --> 00:24:53,909

and you're talking to a public figure

475

00:25:01,830 --> 00:24:57,130

we're thrilled so thank you for covering

476
00:25:03,060 --> 00:25:01,840
that topic thanks so much for joining us

477
00:25:05,279 --> 00:25:03,070
statement now you have a good night

478
00:25:11,190 --> 00:25:05,289
thank you so much you too bye-bye now

479
00:25:19,610 --> 00:25:11,200
but okay and that was demon steer a nice

480
00:25:21,650 --> 00:25:19,620
enough to join us can't left to leave

481
00:25:38,190 --> 00:25:21,660
yeah

482
00:25:39,110 --> 00:25:38,200
we're still rolling here you left the

483
00:25:43,850 --> 00:25:39,120
other call okay

484
00:25:46,799 --> 00:25:43,860
sorry by the way I really enjoyed it and

485
00:25:48,900 --> 00:25:46,809
it was I just thought it was interesting

486
00:25:51,570 --> 00:25:48,910
that this person who has you know

487
00:25:55,289 --> 00:25:51,580
regular beat he covers current news in

488
00:25:57,180 --> 00:25:55,299

the area that he resides in that is

489

00:25:59,490 --> 00:25:57,190

local reporting no matter where you go

490

00:26:02,190 --> 00:25:59,500

municipal meetings and budgets and

491

00:26:03,960 --> 00:26:02,200

candidate nights and police logs and all

492

00:26:06,840 --> 00:26:03,970

that fun stuff and I've read some of his

493

00:26:09,480 --> 00:26:06,850

articles he's a very good writer and you

494

00:26:11,820 --> 00:26:09,490

can tell that he's very passionate about

495

00:26:13,950 --> 00:26:11,830

the area he lives in so he's just a very

496

00:26:15,870 --> 00:26:13,960

good guy and you know I know you know

497

00:26:18,000 --> 00:26:15,880

this but I am very thankful to that

498

00:26:20,880 --> 00:26:18,010

person for having enough interest to

499

00:26:22,230 --> 00:26:20,890

cover this topic absolutely we need we

500

00:26:23,880 --> 00:26:22,240

need more of that we certainly

501
00:26:26,610 --> 00:26:23,890
appreciate Damon steers help

502
00:26:30,000 --> 00:26:26,620
and then finally tonight we're gonna

503
00:26:32,820 --> 00:26:30,010
talk a little bit about a poll that I

504
00:26:36,539 --> 00:26:32,830
was able to conduct over at my Facebook

505
00:26:38,970 --> 00:26:36,549
group and basically the question was I

506
00:26:42,180 --> 00:26:38,980
went like this I tried to word this as a

507
00:26:44,250 --> 00:26:42,190
sort of nonpartisan as possible but

508
00:26:46,470 --> 00:26:44,260
would you vote for a presidential

509
00:26:48,810 --> 00:26:46,480
candidate you would otherwise oppose if

510
00:26:52,770 --> 00:26:48,820
they were firmly in favor of full

511
00:26:55,140 --> 00:26:52,780
disclosure on UFOs and the results were

512
00:26:56,880 --> 00:26:55,150
kind of interesting chant now why we

513
00:26:58,890 --> 00:26:56,890

actually disagreed on this because you

514

00:27:01,140 --> 00:26:58,900

said that you would I noticed you were

515

00:27:05,190 --> 00:27:01,150

in the in the yes column and me I was in

516

00:27:07,680 --> 00:27:05,200

the no column but most of the folks now

517

00:27:10,020 --> 00:27:07,690

this is I think an interesting enough

518

00:27:12,870 --> 00:27:10,030

threshold interested enough to join a

519

00:27:16,110 --> 00:27:12,880

facebook group related to UFOs and we

520

00:27:17,970 --> 00:27:16,120

had 263 total respondents which was a

521

00:27:19,860 --> 00:27:17,980

pretty decent number you know with it

522

00:27:23,909 --> 00:27:19,870

certainly enough to to get a good feel

523

00:27:26,130 --> 00:27:23,919

for you know what the the typical UFO

524

00:27:28,919 --> 00:27:26,140

person might think and it went but not

525

00:27:30,480 --> 00:27:28,929

quite the three-to-one saying know that

526

00:27:32,039 --> 00:27:30,490

they would not and of course the

527

00:27:36,960 --> 00:27:32,049

implication and the question is

528

00:27:38,730 --> 00:27:36,970

basically if it was a presidential

529

00:27:40,530 --> 00:27:38,740

candidate you already supported and they

530

00:27:41,960 --> 00:27:40,540

were in favor of UFOs that'd be just

531

00:27:44,420 --> 00:27:41,970

icing on the cake but

532

00:27:47,330 --> 00:27:44,430

you actually take the step to vote for

533

00:27:50,240 --> 00:27:47,340

somebody that you didn't wouldn't vote

534

00:27:52,670 --> 00:27:50,250

for otherwise if they supported full

535

00:27:54,200 --> 00:27:52,680

disclosure on UFOs so I thought that was

536

00:27:55,910 --> 00:27:54,210

pretty interesting most of the people

537

00:27:57,980 --> 00:27:55,920

came in and came in a little higher I

538

00:27:59,930 --> 00:27:57,990

was figuring always like maybe two out

539

00:28:02,120 --> 00:27:59,940

of three two three out of four is the

540

00:28:04,390 --> 00:28:02,130

range I was kind of expecting and came

541

00:28:08,560 --> 00:28:04,400

up on the high end of that range and

542

00:28:11,270 --> 00:28:08,570

[h__h] yeah you voted yes as I recall so

543

00:28:18,740 --> 00:28:11,280

why do we why do we disagree on this we

544

00:28:20,870 --> 00:28:18,750

we must agree about so little I cheat

545

00:28:22,550 --> 00:28:20,880

though I want it I want to cheat and ask

546

00:28:24,230 --> 00:28:22,560

you a question before I cheat and ask

547

00:28:27,170 --> 00:28:24,240

you that question I want to make a

548

00:28:29,240 --> 00:28:27,180

comment and that is on that poll I think

549

00:28:32,450 --> 00:28:29,250

you should have put a third option and

550

00:28:33,560 --> 00:28:32,460

that is undecided but you know no no

551

00:28:35,390 --> 00:28:33,570

make up your mind

552

00:28:36,860 --> 00:28:35,400

dammit no I give your mom know you don't

553

00:28:38,390 --> 00:28:36,870

like them people I have lazy and they

554

00:28:39,740 --> 00:28:38,400

don't make a decision but I still wanted

555

00:28:42,410 --> 00:28:39,750

to ask you a cheat and ask you a

556

00:28:49,940 --> 00:28:42,420

question why did you say no I want to

557

00:28:51,950 --> 00:28:49,950

know that I'm not I'm not big on that

558

00:28:53,960 --> 00:28:51,960

supporting got really any of the

559

00:28:57,230 --> 00:28:53,970

mainstream presidential candidates so

560

00:28:59,170 --> 00:28:57,240

I'm already generally disinclined to

561

00:29:01,160 --> 00:28:59,180

vote for any of them I usually just

562

00:29:02,600 --> 00:29:01,170

actually chant how would you like to be

563

00:29:04,480 --> 00:29:02,610

president I might vote for you in the

564

00:29:07,550 --> 00:29:04,490

next presidential election I don't know

565

00:29:10,280 --> 00:29:07,560

you're you're at least 35 right your

566

00:29:12,650 --> 00:29:10,290

quality your constitutionally qualified

567

00:29:15,680 --> 00:29:12,660

you're at least 35 all right okay I'm

568

00:29:17,660 --> 00:29:15,690

still a spring chicken you know but I

569

00:29:19,310 --> 00:29:17,670

think I think what you should do is ask

570

00:29:21,830 --> 00:29:19,320

that question again as if you're going

571

00:29:23,930 --> 00:29:21,840

to pose the poll right now so go ahead

572

00:29:26,810 --> 00:29:23,940

and read the question of the poll that

573

00:29:29,810 --> 00:29:26,820

you don't have for a presidential

574

00:29:32,000 --> 00:29:29,820

candidate who would otherwise oppose or

575

00:29:33,680 --> 00:29:32,010

you let me start from the top here why

576

00:29:35,780 --> 00:29:33,690

do you yeah obviously I'm not a

577

00:29:38,030 --> 00:29:35,790

professional news reader would you vote

578

00:29:40,430 --> 00:29:38,040

for a presidential candidate you would

579

00:29:44,420 --> 00:29:40,440

otherwise oppose if they were firmly in

580

00:29:46,610 --> 00:29:44,430

favor of full disclosure on UFOs okay I

581

00:29:49,400 --> 00:29:46,620

have something embarrassing too to to

582

00:29:55,430 --> 00:29:49,410

admit it's embarrassing to you to who

583

00:29:59,960 --> 00:29:55,440

you were me to me for cheap thrills

584

00:30:02,900 --> 00:29:59,970

I had vote for that that presidential

585

00:30:05,380 --> 00:30:02,910

candidate just so I could find out more

586

00:30:08,870 --> 00:30:05,390

about the UFO topic if I could somehow

587

00:30:11,030 --> 00:30:08,880

secretly be assured or publicly be

588

00:30:14,120 --> 00:30:11,040

assured that they're really going to

589

00:30:16,850 --> 00:30:14,130

cover it because I'm that passionate

590

00:30:20,210 --> 00:30:16,860

about the topic however if it's an

591

00:30:22,400 --> 00:30:20,220

individual that is going to be a

592

00:30:24,080 --> 00:30:22,410

detrimental to the United States of

593

00:30:25,700 --> 00:30:24,090

America and I know that can be taken

594

00:30:27,320 --> 00:30:25,710

however because everybody thinks the

595

00:30:29,840 --> 00:30:27,330

person that they don't like that's

596

00:30:32,120 --> 00:30:29,850

running for governor subject they're all

597

00:30:34,310 --> 00:30:32,130

right in the country I yeah they're all

598

00:30:35,690 --> 00:30:34,320

ruinous but I don't think so somebody

599

00:30:38,330 --> 00:30:35,700

thinks that that's right it'll be the

600

00:30:39,800 --> 00:30:38,340

end of the country yeah in fact this is

601
00:30:42,680 --> 00:30:39,810
how I feel about answering that question

602
00:30:52,820 --> 00:30:42,690
no matter how I answer it nobody's going

603
00:30:54,860 --> 00:30:52,830
to be satisfied so also be some evidence

604
00:30:57,380 --> 00:30:54,870
for different presidential candidates

605
00:30:59,690 --> 00:30:57,390
say yeah this is your photo because

606
00:31:02,380 --> 00:30:59,700
because there's no support in it there's

607
00:31:04,910 --> 00:31:02,390
no there's no upside you know president

608
00:31:06,560 --> 00:31:04,920
politicians I care about what's in it

609
00:31:08,870 --> 00:31:06,570
for them and there's really nothing in

610
00:31:12,170 --> 00:31:08,880
it for them I think if there was a

611
00:31:15,140 --> 00:31:12,180
presidential candidate that really

612
00:31:18,320 --> 00:31:15,150
believed that the UFO community was in

613
00:31:22,040 --> 00:31:18,330

the millions and that they were voters

614

00:31:24,650 --> 00:31:22,050

or they could entice them to vote even

615

00:31:28,430 --> 00:31:24,660

and if they were not voters you know

616

00:31:31,460 --> 00:31:28,440

active ones um they would absolutely not

617

00:31:34,940 --> 00:31:31,470

sit still or idle they would jump on it

618

00:31:38,900 --> 00:31:34,950

and say hey I'm going to disclose stuff

619

00:31:41,210 --> 00:31:38,910

about the UFO topic when I get voted in

620

00:31:43,100 --> 00:31:41,220

as your whatever fill in the blank that

621

00:31:44,960 --> 00:31:43,110

I think that that a candidate would do

622

00:31:47,390 --> 00:31:44,970

that and use that to their advantage I

623

00:31:48,800 --> 00:31:47,400

absolutely think they would well yeah I

624

00:31:52,250 --> 00:31:48,810

think they would but I think they also

625

00:31:54,830 --> 00:31:52,260

know that the UFO community is a real

626

00:31:56,720 --> 00:31:54,840

niche you know it's you know it's there

627

00:31:59,120 --> 00:31:56,730

aren't there are millions out there you

628

00:32:00,740 --> 00:31:59,130

know there might be you know some people

629

00:32:03,110 --> 00:32:00,750

with a passing interest somebody well

630

00:32:04,880 --> 00:32:03,120

you know hundreds of thousands might

631

00:32:07,250 --> 00:32:04,890

have read that New York Times story but

632

00:32:09,020 --> 00:32:07,260

I disagree with you other I and this is

633

00:32:11,330 --> 00:32:09,030

my theory I cannot prove it

634

00:32:13,820 --> 00:32:11,340

it's just you know a hypothesis I have

635

00:32:15,830 --> 00:32:13,830

it how does I think there's something

636

00:32:17,270 --> 00:32:15,840

like seven point seven billion people on

637

00:32:19,310 --> 00:32:17,280

this planet right now you've heard me

638

00:32:22,160 --> 00:32:19,320

talk this way before yes it's said this

639

00:32:24,680 --> 00:32:22,170

to you before you just imagine out of

640

00:32:26,990 --> 00:32:24,690

the seven point seven billion there's I

641

00:32:29,450 --> 00:32:27,000

think 193 or under under two hundred

642

00:32:30,460 --> 00:32:29,460

countries on the planet now think about

643

00:32:37,550 --> 00:32:30,470

that

644

00:32:38,600 --> 00:32:37,560

have the privilege of being able to

645

00:32:41,480 --> 00:32:38,610

speak freely

646

00:32:44,390 --> 00:32:41,490

just speak their minds so if that's the

647

00:32:48,080 --> 00:32:44,400

case how would we ever really know how

648

00:32:50,360 --> 00:32:48,090

many rabid or passionate UFO fans there

649

00:32:51,830 --> 00:32:50,370

are out there folks who really do look

650

00:32:52,970 --> 00:32:51,840

up in the sky and they're following this

651
00:32:57,320 --> 00:32:52,980
topic on their own

652
00:32:59,240 --> 00:32:57,330
we just don't know but there aren't that

653
00:33:02,840 --> 00:32:59,250
many of them at least here in the states

654
00:33:05,330 --> 00:33:02,850
either you know and even in obviously

655
00:33:07,550 --> 00:33:05,340
Facebook YouTube places like that the

656
00:33:09,590 --> 00:33:07,560
website that I run you know I see the

657
00:33:11,750 --> 00:33:09,600
demographics and the different countries

658
00:33:13,430 --> 00:33:11,760
that the membership belong to you know

659
00:33:16,880 --> 00:33:13,440
it's obviously it's overwhelmingly

660
00:33:21,080 --> 00:33:16,890
english-speaking countries the US Canada

661
00:33:23,330 --> 00:33:21,090
Australia the UK well I do have an

662
00:33:25,670 --> 00:33:23,340
answer to that too I'm not saying the

663
00:33:28,310 --> 00:33:25,680

answer but I do have an answer to what

664

00:33:31,580 --> 00:33:28,320

you're talking about a response and that

665

00:33:36,260 --> 00:33:31,590

is I still disagree with you and the

666

00:33:41,230 --> 00:33:36,270

reason why I do is I have okay it's

667

00:33:43,850 --> 00:33:41,240

doggin example I manage 200,000 members

668

00:33:47,660 --> 00:33:43,860

in a dozen and a half groups and pages

669

00:33:51,650 --> 00:33:47,670

on Facebook and/or I have anyway and I

670

00:33:55,400 --> 00:33:51,660

have seen in those public groups folks

671

00:33:58,220 --> 00:33:55,410

who will actually follow the public

672

00:34:00,500 --> 00:33:58,230

group postings but not join the groups

673

00:34:02,210 --> 00:34:00,510

how do I know that because if you're

674

00:34:06,050 --> 00:34:02,220

following a public group and you click

675

00:34:08,300 --> 00:34:06,060

like on it or whatever moji icon on a

676

00:34:10,430 --> 00:34:08,310

post you actually can do that and not be

677

00:34:14,380 --> 00:34:10,440

a member so there's people who actually

678

00:34:17,030 --> 00:34:14,390

follow this topic on the peripheral edge

679

00:34:19,490 --> 00:34:17,040

on the razor's edge of the UFO community

680

00:34:22,250 --> 00:34:19,500

and those people are not being counted

681

00:34:22,770 --> 00:34:22,260

and I think that they're probably in the

682

00:34:25,590 --> 00:34:22,780

hundred

683

00:34:27,360 --> 00:34:25,600

of thousands and the reason why is they

684

00:34:29,070 --> 00:34:27,370

don't want anyone to know they're

685

00:34:31,740 --> 00:34:29,080

involved in this topic but they do

686

00:34:33,510 --> 00:34:31,750

actually follow it and then you know and

687

00:34:36,270 --> 00:34:33,520

I don't doubt that on the one hand on

688

00:34:38,820 --> 00:34:36,280

the other hand how deeply into it are

689

00:34:41,100 --> 00:34:38,830

they you know we we generally associate

690

00:34:43,020 --> 00:34:41,110

with folks who are way into it not you

691

00:34:45,240 --> 00:34:43,030

know and I mean not just folks who

692

00:34:47,580 --> 00:34:45,250

appear on this show but you know we've

693

00:34:50,790 --> 00:34:47,590

we've got we've got our friends who you

694

00:34:52,530 --> 00:34:50,800

know they don't want to do a podcast or

695

00:34:54,990 --> 00:34:52,540

appear on a podcast but they're they're

696

00:34:56,639 --> 00:34:55,000

into it and it's a you know it's a

697

00:34:59,100 --> 00:34:56,649

different threshold it's a higher level

698

00:35:00,600 --> 00:34:59,110

of interest they they put more time into

699

00:35:03,720 --> 00:35:00,610

it for one you know in one way or

700

00:35:05,160 --> 00:35:03,730

another okay well let me let me let me

701
00:35:09,930 --> 00:35:05,170
just give you some input on that and

702
00:35:13,170 --> 00:35:09,940
that is if you are a citizen of a

703
00:35:16,920 --> 00:35:13,180
country and you're concerned about the

704
00:35:19,140 --> 00:35:16,930
nuclear issue regarding the UAP topic I

705
00:35:21,420 --> 00:35:19,150
noticed I change to you AP because it

706
00:35:23,040 --> 00:35:21,430
Nakhla made sure a climate sure of the

707
00:35:25,230 --> 00:35:23,050
military-industrial complex that's

708
00:35:26,400 --> 00:35:25,240
that's a term they use I can never say

709
00:35:32,910 --> 00:35:26,410
that stupid word by the way

710
00:35:34,980 --> 00:35:32,920
no anyway yes thank you anyway

711
00:35:39,090 --> 00:35:34,990
if you're if you're concerned about the

712
00:35:41,520 --> 00:35:39,100
nuclear issue in the you ap topic that's

713
00:35:44,400 --> 00:35:41,530

being pretty serious you know you don't

714

00:35:48,120 --> 00:35:44,410

have to the way I look at it is if you

715

00:35:50,190 --> 00:35:48,130

follow the UFO /u AP topic you don't

716

00:35:51,450 --> 00:35:50,200

have to be serious I'm sorry you don't

717

00:35:53,790 --> 00:35:51,460

have to be considered serious just

718

00:35:56,970 --> 00:35:53,800

because you don't cover it 24/7 in your

719

00:35:59,430 --> 00:35:56,980

mind or in media as long as you're

720

00:36:01,800 --> 00:35:59,440

concerned to the level you are then

721

00:36:04,770 --> 00:36:01,810

that's being serious to me about the UAP

722

00:36:07,050 --> 00:36:04,780

topic right and or we've seen it that

723

00:36:08,820 --> 00:36:07,060

people who are pretty serious and you

724

00:36:10,980 --> 00:36:08,830

know obviously yeah there are some names

725

00:36:12,900 --> 00:36:10,990

I recognize some names that our fans

726
00:36:14,610 --> 00:36:12,910
would recognize who did take part in the

727
00:36:17,160 --> 00:36:14,620
poll you know and they were a minority

728
00:36:18,990 --> 00:36:17,170
but you did there's some other people

729
00:36:20,220 --> 00:36:19,000
have been on the show that took part in

730
00:36:21,930 --> 00:36:20,230
the poll because they're members of the

731
00:36:23,760 --> 00:36:21,940
group and yeah they put their two cents

732
00:36:25,560 --> 00:36:23,770
in but their votes count the same as

733
00:36:29,120 --> 00:36:25,570
everybody else I think it kind of evens

734
00:36:31,260 --> 00:36:29,130
it out and I'd I think UFO voters are

735
00:36:32,850 --> 00:36:31,270
discerning enough that they're not one

736
00:36:36,180 --> 00:36:32,860
issue voters you know what I mean

737
00:36:36,780 --> 00:36:36,190
they're they look at the big picture the

738
00:36:39,240 --> 00:36:36,790

whole thing

739

00:36:42,330 --> 00:36:39,250

and this closures gonna happen when it's

740

00:36:43,920 --> 00:36:42,340

gonna happen and I think that's that's

741

00:36:45,630 --> 00:36:43,930

about where they're at with that and

742

00:36:48,900 --> 00:36:45,640

yeah I was a little surprised that

743

00:36:50,670 --> 00:36:48,910

pushed 75% like I said I was figurin yes

744

00:36:52,500 --> 00:36:50,680

somewhere between two out of three three

745

00:36:54,150 --> 00:36:52,510

out of four so it was definitely on the

746

00:36:57,090 --> 00:36:54,160

high end but I'm not surprised that most

747

00:36:59,130 --> 00:36:57,100

people said no I'm not right so I think

748

00:37:02,640 --> 00:36:59,140

that there's a group out there called

749

00:37:08,390 --> 00:37:02,650

pit bull say and I think they did some

750

00:37:10,620 --> 00:37:08,400

kind of UFO what was it a pole and

751

00:37:12,630 --> 00:37:10,630

looking it up right now to see yeah I

752

00:37:15,450 --> 00:37:12,640

was they both in the US and in the UK

753

00:37:17,700 --> 00:37:15,460

they did right and they actually had a

754

00:37:21,140 --> 00:37:17,710

fascinating poll that they cover

755

00:37:23,550 --> 00:37:21,150

recently was like just like yes yeah and

756

00:37:26,220 --> 00:37:23,560

it was just interesting seeing the

757

00:37:28,110 --> 00:37:26,230

answers regarding that and it was also

758

00:37:31,230 --> 00:37:28,120

fascinated that there was even an

759

00:37:35,340 --> 00:37:31,240

organization that cared enough to ask

760

00:37:36,990 --> 00:37:35,350

thousands of people yeah yeah a lot of

761

00:37:39,720 --> 00:37:37,000

polls I think a Gallup did another one

762

00:37:41,460 --> 00:37:39,730

recently and generally speaking you know

763

00:37:44,010 --> 00:37:41,470

there's a there's always have been a

764

00:37:45,570 --> 00:37:44,020

fair percentage that I think yeah

765

00:37:47,520 --> 00:37:45,580

there's more to UFOs that the

766

00:37:49,200 --> 00:37:47,530

government's not telling us and you know

767

00:37:51,240 --> 00:37:49,210

we're literally yeah like with the

768

00:37:52,860 --> 00:37:51,250

question you ask Damon we're literally

769

00:37:55,170 --> 00:37:52,870

seeing the truth of that they're they're

770

00:37:57,360 --> 00:37:55,180

pretty welcome the Pentagon is pretty

771

00:37:59,550 --> 00:37:57,370

well confirming that but right there's

772

00:38:04,110 --> 00:37:59,560

material about UFOs they're not gonna

773

00:38:08,190 --> 00:38:04,120

there was a Gallup poll yeah period of

774

00:38:09,720 --> 00:38:08,200

years and usually no I know it's a it's

775

00:38:13,020 --> 00:38:09,730

a pretty good number of folks who think

776

00:38:14,370 --> 00:38:13,030

that there's something to this yes so

777

00:38:17,040 --> 00:38:14,380

there was a recent Gallup poll I thing

778

00:38:19,350 --> 00:38:17,050

was 2019 it was spring of last last year

779

00:38:20,460 --> 00:38:19,360

and they found that two-thirds of

780

00:38:21,810 --> 00:38:20,470

Americans believe the government knows

781

00:38:23,880 --> 00:38:21,820

more about the subject and it has

782

00:38:28,610 --> 00:38:23,890

conveyed you know regarding the UFO

783

00:38:32,130 --> 00:38:28,620

topic and I think I think that was

784

00:38:34,620 --> 00:38:32,140

another one in 1996 and 71 percent

785

00:38:36,780 --> 00:38:34,630

believe that and 19 percent said no so

786

00:38:40,140 --> 00:38:36,790

yeah they the Gallup polls they try and

787

00:38:43,290 --> 00:38:40,150

covered as much as possible and then I

788

00:38:46,230 --> 00:38:43,300

also noticed that there was a British

789

00:38:49,140 --> 00:38:46,240

astronaut the first one to have

790

00:38:50,230 --> 00:38:49,150

mentioned the et topic and it just

791

00:38:53,880 --> 00:38:50,240

happened this year

792

00:38:57,790 --> 00:38:53,890

I think it was harmon was her name and

793

00:39:00,460 --> 00:38:57,800

she was Britain's first astronaut and

794

00:39:02,800 --> 00:39:00,470

she said something to the effect of she

795

00:39:05,680 --> 00:39:02,810

believed that it's it's possible that

796

00:39:07,030 --> 00:39:05,690

extraterrestrials live amongst us and so

797

00:39:09,220 --> 00:39:07,040

I thought that was interesting that as

798

00:39:11,170 --> 00:39:09,230

soon as 2020 happened that that that

799

00:39:12,640 --> 00:39:11,180

story came out love to get her on the

800

00:39:19,900 --> 00:39:12,650

show and ask her what she meant about

801
00:39:23,800 --> 00:39:19,910
that okay yeah I actually contacted I

802
00:39:26,920 --> 00:39:23,810
contacted her PR folks and her name is

803
00:39:28,780 --> 00:39:26,930
Helen Charmin and she wasn't just she

804
00:39:31,330 --> 00:39:28,790
was not only the first female astronaut

805
00:39:34,960 --> 00:39:31,340
she was the first British astronaut okay

806
00:39:36,900 --> 00:39:34,970
and you know it's just fascinating that

807
00:39:41,170 --> 00:39:36,910
she actually bothered to even you know

808
00:39:44,320 --> 00:39:41,180
broach that topic at all and what did

809
00:39:46,020 --> 00:39:44,330
they say what was the response well I

810
00:39:48,420 --> 00:39:46,030
just think the public was really

811
00:39:53,320 --> 00:39:48,430
surprised that she said that aliens

812
00:39:56,710 --> 00:39:53,330
definitely exist and that they could be

813
00:39:59,920 --> 00:39:56,720

living amongst us on earth and it was

814

00:40:02,130 --> 00:39:59,930

covered by me right but what was her

815

00:40:04,960 --> 00:40:02,140

what was her response to the part about

816

00:40:07,120 --> 00:40:04,970

they could be living on earth amongst us

817

00:40:12,190 --> 00:40:07,130

that was that well she said okay so what

818

00:40:13,930 --> 00:40:12,200

she did with was she said that there are

819

00:40:15,430 --> 00:40:13,940

so many billions of stars out there in

820

00:40:17,260 --> 00:40:15,440

the universe that there must be all

821

00:40:19,420 --> 00:40:17,270

sorts of different forms of life and

822

00:40:21,310 --> 00:40:19,430

then she went on to say will they be

823

00:40:24,609 --> 00:40:21,320

like you and me made up of carbon and

824

00:40:26,890 --> 00:40:24,619

nitrogen maybe not and then a theory

825

00:40:29,080 --> 00:40:26,900

that she postulated she said it's

826

00:40:31,630 --> 00:40:29,090

possible they're right here they're here

827

00:40:34,330 --> 00:40:31,640

right now we simply can't see them and

828

00:40:37,390 --> 00:40:34,340

she was the first of seven Britons to

829

00:40:40,510 --> 00:40:37,400

ever enter space and it just goes on to

830

00:40:42,430 --> 00:40:40,520

say here in that mainstream news article

831

00:40:44,020 --> 00:40:42,440

and that she spent eight days as a

832

00:40:46,060 --> 00:40:44,030

researcher on the space mission when she

833

00:40:49,720 --> 00:40:46,070

was 27 making her one of the youngest

834

00:40:51,700 --> 00:40:49,730

people ever to enter orbit but she did

835

00:40:55,450 --> 00:40:51,710

discuss her frustration with observers

836

00:40:57,400 --> 00:40:55,460

and talking about how frustrated she was

837

00:40:59,380 --> 00:40:57,410

being the first British woman in space

838

00:41:02,200 --> 00:40:59,390

but she's saying I was the first British

839

00:41:03,670 --> 00:41:02,210

person so anyway I just thought it was

840

00:41:06,190 --> 00:41:03,680

interesting to add that in

841

00:41:08,260 --> 00:41:06,200

all right so yeah we got that got this

842

00:41:10,420 --> 00:41:08,270

one done in a reasonable amount of time

843

00:41:11,079 --> 00:41:10,430

after doing a lengthy show yesterday

844

00:41:12,579 --> 00:41:11,089

yeah

845

00:41:15,940 --> 00:41:12,589

do you have anything else before we wrap

846

00:41:18,280 --> 00:41:15,950

up well I did I do want to say that I

847

00:41:21,160 --> 00:41:18,290

thought it was interesting because last

848

00:41:24,790 --> 00:41:21,170

year you told me repeatedly you said as

849

00:41:26,319 --> 00:41:24,800

soon as 2020 happens the UFO topic is

850

00:41:28,750 --> 00:41:26,329

going to be covered in mainstream media

851

00:41:32,920 --> 00:41:28,760

and you just felt like it was just gonna

852

00:41:34,510 --> 00:41:32,930

be covered all around and I thought no I

853

00:41:37,690 --> 00:41:34,520

don't I didn't really see that happening

854

00:41:39,760 --> 00:41:37,700

I mean I had my hopes high but I was

855

00:41:41,260 --> 00:41:39,770

trying to be realistic too because you

856

00:41:42,069 --> 00:41:41,270

know I love this topic I think about it

857

00:41:44,500 --> 00:41:42,079

24/7

858

00:41:46,930 --> 00:41:44,510

and I didn't want to be unreasonably

859

00:41:49,150 --> 00:41:46,940

passionate about it because I didn't

860

00:41:53,920 --> 00:41:49,160

want to be disappointed and as soon as

861

00:41:56,079 --> 00:41:53,930

2020 hit we had Helen Sharman talk about

862

00:41:58,690 --> 00:41:56,089

this topic we had that interesting

863

00:42:01,710 --> 00:41:58,700

article that hit the mainstream media

864

00:42:05,349 --> 00:42:01,720

talking about the US Navy saying that

865

00:42:07,930 --> 00:42:05,359

UFOs if they were to reveal anything

866

00:42:10,990 --> 00:42:07,940

about the UFO topic any classified files

867

00:42:15,220 --> 00:42:11,000

that it could create a grave damage to

868

00:42:17,770 --> 00:42:15,230

the US to the government so well to

869

00:42:19,150 --> 00:42:17,780

America so I just thought it was really

870

00:42:20,620 --> 00:42:19,160

interesting it's not just those two

871

00:42:22,420 --> 00:42:20,630

topics either there's been a ton of

872

00:42:24,370 --> 00:42:22,430

stuff that has come out this year yeah

873

00:42:26,740 --> 00:42:24,380

it's been a good year so far

874

00:42:28,870 --> 00:42:26,750

February was not quite as busy as I was

875

00:42:30,609 --> 00:42:28,880

hopeful of but hopefully we will see as

876

00:42:33,670 --> 00:42:30,619

some more news come down the pike and

877

00:42:36,430 --> 00:42:33,680

when it does we'll try to get all over

878

00:42:38,620 --> 00:42:36,440

it and get on top of it and have some

879

00:42:40,359 --> 00:42:38,630

good shows as a result if not you know

880

00:42:44,680 --> 00:42:40,369

well if not then we'll have to be more

881

00:42:46,630 --> 00:42:44,690

creative February just slipped away like

882

00:42:48,370 --> 00:42:46,640

weird this is just a fresh new month

883

00:42:52,569 --> 00:42:48,380

like literally the first two months this

884

00:42:54,730 --> 00:42:52,579

year we've had just one UFO story after

885

00:42:58,240 --> 00:42:54,740

the other in mainstream media although

886

00:43:00,520 --> 00:42:58,250

Americans are still or rather people in

887

00:43:02,650 --> 00:43:00,530

general are still skeptical of the UFO

888

00:43:05,500 --> 00:43:02,660

topic they're actually reading about it

889

00:43:07,450 --> 00:43:05,510

mainstream news and one mainstream media

890

00:43:10,270 --> 00:43:07,460

outlet that does cover it whether you

891

00:43:12,099 --> 00:43:10,280

like them or not is Fox News they do

892

00:43:14,710 --> 00:43:12,109

cover it on a regular basis so it's

893

00:43:17,470 --> 00:43:14,720

always nice to be able to rely on some

894

00:43:21,010 --> 00:43:17,480

mainstream media to cover it they do

895

00:43:22,359 --> 00:43:21,020

they've been quiet lately so okay yeah

896

00:43:24,520 --> 00:43:22,369

we're and then that we haven't been

897

00:43:26,380 --> 00:43:24,530

quiet lately but at least that we're off

898

00:43:28,510 --> 00:43:26,390

for the next couple nights as far as I

899

00:43:32,859 --> 00:43:28,520

know can you think anything else before

900

00:43:34,780 --> 00:43:32,869

we go I actually have something to tell

901
00:43:36,670 --> 00:43:34,790
you you didn't know I'm hoping you'll

902
00:43:39,910 --> 00:43:36,680
join me on the show because I have a

903
00:43:41,320 --> 00:43:39,920
show that Michael hall and I are going

904
00:43:44,320 --> 00:43:41,330
to do when I was hoping that you would

905
00:43:47,170 --> 00:43:44,330
join us it's going to be next week and

906
00:43:50,560 --> 00:43:47,180
it will be I believe on a Wednesday and

907
00:43:52,750 --> 00:43:50,570
we're going to go over questions that

908
00:43:56,380 --> 00:43:52,760
Michael W Hall also known as a

909
00:44:00,220 --> 00:43:56,390
paranormal lawyer asked me to ask on his

910
00:44:03,160 --> 00:44:00,230
behalf of commander Willard Miller which

911
00:44:06,820 --> 00:44:03,170
he has never heard the answers to just

912
00:44:08,320 --> 00:44:06,830
so you know okay and that topic is

913
00:44:11,410 --> 00:44:08,330

interesting just so our listeners know

914

00:44:15,460 --> 00:44:11,420

what I'm talking about this is related

915

00:44:19,300 --> 00:44:15,470

to what is anecdotally called the Wilson

916

00:44:21,910 --> 00:44:19,310

Davis leak also known as the dock of the

917

00:44:24,250 --> 00:44:21,920

century and it was named that I believe

918

00:44:28,359 --> 00:44:24,260

by Grant Cameron and also Michael W Hall

919

00:44:31,420 --> 00:44:28,369

and you you know what that anyway I'll

920

00:44:34,840 --> 00:44:31,430

just say this Frank and I researched

921

00:44:37,540 --> 00:44:34,850

that topic to death we interviewed quite

922

00:44:41,530 --> 00:44:37,550

a few people probably more than any

923

00:44:43,810 --> 00:44:41,540

other people I know of or at least some

924

00:44:45,780 --> 00:44:43,820

of the most folks that have been

925

00:44:48,370 --> 00:44:45,790

interviewed regarding that topic and

926
00:44:51,760 --> 00:44:48,380
some of the conclusions I came to was

927
00:44:54,820 --> 00:44:51,770
and like yourself that document which I

928
00:44:58,570 --> 00:44:54,830
use in quotes does not is not authentic

929
00:44:59,590 --> 00:44:58,580
as it stands and so I'll go ahead and go

930
00:45:02,200 --> 00:44:59,600
over that and what's gonna be

931
00:45:04,930 --> 00:45:02,210
interesting is Michael Hall completely

932
00:45:06,460 --> 00:45:04,940
disagrees with me on this topic but we

933
00:45:08,440 --> 00:45:06,470
still love to go over it because we're

934
00:45:10,690 --> 00:45:08,450
good friends so we're gonna go over that

935
00:45:13,060 --> 00:45:10,700
next Wednesday at 7:00 p.m. Mountain

936
00:45:15,700 --> 00:45:13,070
Standard Time all right so we'll be

937
00:45:17,230 --> 00:45:15,710
looking forward to that okay so thanks

938
00:45:19,180 --> 00:45:17,240

for joining us tonight everybody yeah we

939

00:45:21,460 --> 00:45:19,190

got this one in under 45 minutes and

940

00:45:23,920 --> 00:45:21,470

thanks for joining us and we'll be back

941

00:45:24,640 --> 00:45:23,930

with more great shows as soon as we get
