00:01:03,000 --> 00:00:16,450

[Music]

2
00:01:04,920 --> 00:01:03,010

and good afternoon from Philadelphia

3
00:01:08,130 --> 00:01:04,930

Frank here with yet another episode of

4
00:01:10,170 --> 00:01:08,140

UFO news network Sunday quarantine

5
00:01:12,840 --> 00:01:10,180

edition we've got a great show for you

6
00:01:15,930 --> 00:01:12,850

today so let's not waste any time let me

7
00:01:17,760 --> 00:01:15,940

bring on mykos for today as always the

8
00:01:20,220 --> 00:01:17,770

one and only chant had a chant how are

9
00:01:21,900 --> 00:01:20,230

you today I'm doing great Frank thank

10
00:01:24,750 --> 00:01:21,910

you so much we have a very special show

11
00:01:27,450 --> 00:01:24,760

today we have three guests that will be

12
00:01:28,260 --> 00:01:27,460

on with us today Jen Aldridge just let

13
00:01:30,420 --> 00:01:28,270

me know

14

00:01:33,810 --> 00:01:30,430

how we can reach him by the way but our

15

00:01:37,200 --> 00:01:33,820

show is based on partly on the USS

16

00:01:39,060 --> 00:01:37,210

Nimitz a UFO incident tik-tok topic it

17

00:01:41,580 --> 00:01:39,070

was a radar visual encounter of an

18

00:01:43,469 --> 00:01:41,590

unidentified flying object by u.s.

19

00:01:47,700 --> 00:01:43,479

fighter pilots of the Nimitz Carrier

20

00:01:51,090 --> 00:01:47,710

Strike Group in 2004 two f-18 Super

21

00:01:53,150 --> 00:01:51,100

Hornet pilots led by the commander of

22

00:01:55,200 --> 00:01:53,160

the strike force squadron 41

23

00:01:58,830 --> 00:01:55,210

communicated that they saw a flying

24

00:02:01,500 --> 00:01:58,840

object radar signals were seen by US

25

00:02:04,920 --> 00:02:01,510

Navy ships and aircraft in the area as

26

00:02:07,830 --> 00:02:04,930

well an inferred video recording taking

27

00:02:10,080 --> 00:02:07,840

from an f-18 and that part of the

28

00:02:11,910 --> 00:02:10,090

incident has also been released this

29

00:02:14,250 --> 00:02:11,920

topic was covered heavily by many folks

30

00:02:16,380 --> 00:02:14,260

in the UFO community and also picked up

31

00:02:18,060 --> 00:02:16,390

by mainstream media we're here to talk

32

00:02:20,880 --> 00:02:18,070

about this topic with a veteran

33

00:02:24,690 --> 00:02:20,890

researcher a Christian lab right and

34

00:02:26,789 --> 00:02:24,700

also Dave Beatty who's a Christian lab

35

00:02:29,670 --> 00:02:26,799

writes who's FOIA request was famously

36

00:02:32,190 --> 00:02:29,680

rejected by the US Navy on this topic

37

00:02:35,460 --> 00:02:32,200

and the US Navy responded to Christian

38

00:02:37,500 --> 00:02:35,470

Lambright by saying top secret UFO FILES

39

00:02:39,060 --> 00:02:37,510

could cause grave damage to US and

40

00:02:40,620 --> 00:02:39,070

national security if these docks were

41

00:02:42,000 --> 00:02:40,630

released we're going to go and cover

42

00:02:43,890 --> 00:02:42,010

that in a second but I'd like to go

43

00:02:46,080 --> 00:02:43,900

ahead and give a bio on Christian

44

00:02:48,030 --> 00:02:46,090

Lambright first a Christian has worked

45

00:02:50,550 --> 00:02:48,040

extensively in computer technology and

46

00:02:52,710 --> 00:02:50,560

Internet services has a background in

47

00:02:54,930 --> 00:02:52,720

graphic arts illustration and CGI and

48

00:02:57,150 --> 00:02:54,940

holds a degree in psychology from Baylor

49

00:02:59,180 --> 00:02:57,160

University he is a former investigator

50

00:03:01,890 --> 00:02:59,190

for the Center for UFO studies and

51
00:03:04,530 --> 00:03:01,900
contributor to the computer UFO network

52
00:03:07,230 --> 00:03:04,540
is a licensed private investigator also

53
00:03:09,809 --> 00:03:07,240
and currently resides in Austin Texas

54
00:03:10,260 --> 00:03:09,819
he's working on a documentary film on a

55
00:03:12,480 --> 00:03:10,270
class

56
00:03:14,520 --> 00:03:12,490
exciting doing independent research and

57
00:03:16,800 --> 00:03:14,530
always writing a Christian wanted to go

58
00:03:19,800 --> 00:03:16,810
to you first and ask you can you please

59
00:03:23,040 --> 00:03:19,810
cover the topic regarding that famous

60
00:03:26,520 --> 00:03:23,050
FOIA request u.s. submitted to the US

61
00:03:28,230 --> 00:03:26,530
Navy where you were rejected and they

62
00:03:30,840 --> 00:03:28,240
responded by saying it would cause grave

63
00:03:32,880 --> 00:03:30,850

damage to national security if they

64

00:03:36,660 --> 00:03:32,890

succumb to the request that you asked

65

00:03:38,670 --> 00:03:36,670

for and well as everybody seems to do

66

00:03:41,580 --> 00:03:38,680

ultimately decides to do an f.y.i

67

00:03:45,420 --> 00:03:41,590

request you come up with an idea and

68

00:03:47,970 --> 00:03:45,430

something you want to know and maybe

69

00:03:49,290 --> 00:03:47,980

it's a curse but ultimately I just go

70

00:03:51,810 --> 00:03:49,300

straight to the source I mean when I

71

00:03:55,530 --> 00:03:51,820

realize for some reason I hadn't really

72

00:03:59,160 --> 00:03:55,540

seen anybody go directly to oh and I in

73

00:04:01,770 --> 00:03:59,170

particular and I've been working on the

74

00:04:05,070 --> 00:04:01,780

paper which Dave is familiar with and in

75

00:04:08,280 --> 00:04:05,080

the process had come across the two

76

00:04:10,770 --> 00:04:08,290

seemingly supportive comments that

77

00:04:16,310 --> 00:04:10,780

indicated oh and I had done an

78

00:04:22,800 --> 00:04:16,320

investigation one the office of naval

79

00:04:25,170 --> 00:04:22,810

investment tell us about that yes and of

80

00:04:27,930 --> 00:04:25,180

course the other comment that Linda Howe

81

00:04:29,940 --> 00:04:27,940

had brought up in some an email she'd

82

00:04:32,700 --> 00:04:29,950

gotten from Eric Davis that indicated

83

00:04:39,590 --> 00:04:32,710

that I know and I person had done an

84

00:04:44,670 --> 00:04:42,270

information and I did specify that

85

00:04:46,020 --> 00:04:44,680

week's time period where the majority of

86

00:04:48,830 --> 00:04:46,030

the nimitz information we've heard about

87

00:04:51,150 --> 00:04:48,840

has come from and it resulted

88

00:04:53,220 --> 00:04:51,160

surprisingly relatively quickly I have

89

00:04:56,970 --> 00:04:53,230

to admit that's you know that was pretty

90

00:04:58,590 --> 00:04:56,980

quick overall but um maybe it was easy

91

00:05:00,030 --> 00:04:58,600

to just say you can't have anything so

92

00:05:02,220 --> 00:05:00,040

it didn't take very long to go that I

93

00:05:03,659 --> 00:05:02,230

had to go that route but anyway and that

94

00:05:05,790 --> 00:05:03,669

led to that and of course then I

95

00:05:08,659 --> 00:05:05,800

mentioned it to I guess I'd had it for

96

00:05:11,580 --> 00:05:08,669

about three or four weeks at which I

97

00:05:14,040 --> 00:05:11,590

responded to them and forwarded it

98

00:05:17,220 --> 00:05:14,050

because of the comment about a video and

99

00:05:19,710 --> 00:05:17,230

the original I guess classification of

100

00:05:22,320 --> 00:05:19,720

authority on the video was the was a

101
00:05:23,700 --> 00:05:22,330
naval air Navy R so I submitted a

102
00:05:25,320 --> 00:05:23,710
request to them which

103
00:05:27,749 --> 00:05:25,330
now it's been three months or almost

104
00:05:29,219 --> 00:05:27,759
going on three still waiting but but

105
00:05:30,960 --> 00:05:29,229
ultimately then I mentioned it to Paul

106
00:05:32,670 --> 00:05:30,970
Dean and of course then he posted it and

107
00:05:35,670 --> 00:05:32,680
it went all over from much much further

108
00:05:38,279 --> 00:05:35,680
than I ever would have even imagined but

109
00:05:40,350 --> 00:05:38,289
I guess part of that to do - Paul - Paul

110
00:05:41,760 --> 00:05:40,360
Dean's credibility but everybody picked

111
00:05:44,760 --> 00:05:41,770
up on it and it went from there which

112
00:05:47,490 --> 00:05:44,770
you know we don't want to read too much

113
00:05:49,469 --> 00:05:47,500

into what they mean by saying that you

114

00:05:52,950 --> 00:05:49,479

know there's always lots of factors that

115

00:05:54,330 --> 00:05:52,960

may impact it but the idea that they've

116

00:05:56,129 --> 00:05:54,340

got information they want to release

117

00:05:58,650 --> 00:05:56,139

when to the stars had been releasing

118

00:06:01,469 --> 00:05:58,660

videos here and there and talking up a

119

00:06:04,080 --> 00:06:01,479

storm so why suddenly go quiet on oh and

120

00:06:05,610 --> 00:06:04,090

I end it's a great question I also

121

00:06:08,430 --> 00:06:05,620

wanted to bring in Dave Beatty on this

122

00:06:09,990 --> 00:06:08,440

topic so he can discuss that with you so

123

00:06:11,580 --> 00:06:10,000

just wanna let our listeners know we

124

00:06:15,320 --> 00:06:11,590

have the creator of the USS Nimitz

125

00:06:19,379 --> 00:06:15,330

encounter film a famous film done by

126

00:06:22,200 --> 00:06:19,389

Dave C Beatty who's going to join us

127

00:06:24,779 --> 00:06:22,210

today and he's an Emmy award-winning

128

00:06:27,990 --> 00:06:24,789

filmmaker and producer he has also had a

129

00:06:31,200 --> 00:06:28,000

lifelong interest in the UFO topic like

130

00:06:33,870 --> 00:06:31,210

many of all of us he was excited about

131

00:06:36,960 --> 00:06:33,880

the news regarding the Pentagon having

132

00:06:39,750 --> 00:06:36,970

had a secret project and he was also

133

00:06:41,700 --> 00:06:39,760

interested about the extraordinary UFO

134

00:06:43,770 --> 00:06:41,710

encounter that was also featured in the

135

00:06:46,890 --> 00:06:43,780

New York Times article that broke the

136

00:06:50,310 --> 00:06:46,900

Pentagon UFO news I wanted to just ask

137

00:06:52,649 --> 00:06:50,320

you a table do you mind giving us your

138

00:06:58,700 --> 00:06:52,659

thoughts on the topic that Christian is

139

00:07:01,680 --> 00:06:58,710

covering right now yeah hey by the way

140

00:07:04,379 --> 00:07:01,690

I've been following you know Christians

141

00:07:07,860 --> 00:07:04,389

work for quite a while and he and I have

142

00:07:10,409 --> 00:07:07,870

been discussing this case probably since

143

00:07:13,230 --> 00:07:10,419

the very beginning trying to figure out

144

00:07:16,710 --> 00:07:13,240

ways in which we could ferret out the

145

00:07:20,100 --> 00:07:16,720

lore of details about the case and of

146

00:07:22,680 --> 00:07:20,110

course you know reading the response to

147

00:07:25,649 --> 00:07:22,690

his FOIA was pretty intriguing because

148

00:07:27,450 --> 00:07:25,659

up until that point most researchers

149

00:07:30,750 --> 00:07:27,460

including myself that had submitted

150

00:07:33,810 --> 00:07:30,760

multiple voyeurs have been met with no

151
00:07:36,670 --> 00:07:33,820
records found in this case this was one

152
00:07:39,159 --> 00:07:36,680
of the first times related to this

153
00:07:44,230 --> 00:07:39,169
incident that we found that not only did

154
00:07:46,480 --> 00:07:44,240
the US Navy have documents and videos

155
00:07:50,080 --> 00:07:46,490
that they were revealing were related to

156
00:07:53,200 --> 00:07:50,090
the 2004 incident that they were also

157
00:07:56,230 --> 00:07:53,210
designated as top-secret and would not

158
00:07:57,820 --> 00:07:56,240
be released so though all the points

159
00:08:02,409 --> 00:07:57,830
that I had done up to that time came

160
00:08:04,990 --> 00:08:02,419
back as non-responsive with you know in

161
00:08:07,060 --> 00:08:05,000
some cases the Navy would tell me that

162
00:08:11,260 --> 00:08:07,070
the information you're seeking for

163
00:08:13,839 --> 00:08:11,270

instance flight logs of the jet aircraft

164

00:08:16,330 --> 00:08:13,849

for instance we know that there were

165

00:08:18,550 --> 00:08:16,340

some event summaries that had been

166

00:08:20,710 --> 00:08:18,560

posted previously we were trying to find

167

00:08:25,080 --> 00:08:20,720

those they would come back saying that

168

00:08:28,089 --> 00:08:25,090

in cases of u.s. Navy training

169

00:08:31,480 --> 00:08:28,099

activities the records are kept for two

170

00:08:34,029 --> 00:08:31,490

years on the ships and then asked per

171

00:08:37,420 --> 00:08:34,039

Navy naval regulations destroyed after

172

00:08:40,300 --> 00:08:37,430

two years you know a lot of us kept

173

00:08:43,089 --> 00:08:40,310

going after that way after FOIA and

174

00:08:44,890 --> 00:08:43,099

trying to find other details so it was

175

00:08:49,120 --> 00:08:44,900

quite frustrating and I think that you

176

00:08:52,630 --> 00:08:49,130

know when we saw Christians know the

177

00:08:53,980 --> 00:08:52,640

idea that they do have information even

178

00:08:57,370 --> 00:08:53,990

though it's not released at this time

179

00:08:58,990 --> 00:08:57,380

was heartening for us and obviously it

180

00:09:00,910 --> 00:08:59,000

kind of struck a nerve in the community

181

00:09:03,880 --> 00:09:00,920

and also around the world a lot of

182

00:09:09,300 --> 00:09:03,890

headlines across the u.s. and the world

183

00:09:13,570 --> 00:09:11,769

Christian do you have any thoughts no

184

00:09:16,150 --> 00:09:13,580

Davis correct I have been talking to

185

00:09:18,490 --> 00:09:16,160

Dave a good bit over the several months

186

00:09:20,560 --> 00:09:18,500

since last year and he and Tim ik no one

187

00:09:22,269 --> 00:09:20,570

had have always been helpful and we've

188

00:09:24,790 --> 00:09:22,279

exchanged information on this side of

189

00:09:27,699 --> 00:09:24,800

thing and and I agree with him I mean

190

00:09:29,079 --> 00:09:27,709

it's surprising even Paul Dehn mention

191

00:09:31,030 --> 00:09:29,089

you know that I got the response

192

00:09:33,760 --> 00:09:31,040

relatively quickly and I don't know if

193

00:09:35,139 --> 00:09:33,770

that's somebody was ready and they knew

194

00:09:36,610 --> 00:09:35,149

ultimately they're just going to have to

195

00:09:39,699 --> 00:09:36,620

present that so it was a quick and easy

196

00:09:42,670 --> 00:09:39,709

thing to do or why because yeah being

197

00:09:44,260 --> 00:09:42,680

stalled seems to be the the the plan

198

00:09:47,530 --> 00:09:44,270

these days and I think many of us

199

00:09:51,519 --> 00:09:47,540

probably already feel that there is

200

00:09:54,040 --> 00:09:51,529

a reasonable intent to not give you

201
00:09:56,560 --> 00:09:54,050
information that's potentially sensitive

202
00:10:00,939 --> 00:09:56,570
and if they can interpret your request

203
00:10:02,769 --> 00:10:00,949
in a way that they can legally say no we

204
00:10:04,780 --> 00:10:02,779
don't have it or whatever else because

205
00:10:06,370 --> 00:10:04,790
of some technicality they don't have you

206
00:10:08,499 --> 00:10:06,380
know I've been told before when they say

207
00:10:11,259 --> 00:10:08,509
we eff away does not require we answer

208
00:10:12,879 --> 00:10:11,269
questions it's just a jump and yeah yeah

209
00:10:16,780 --> 00:10:12,889
just to jump in really quick Christian

210
00:10:20,050 --> 00:10:16,790
the material you were falling for was

211
00:10:21,579 --> 00:10:20,060
related to a slide show and that can you

212
00:10:25,600 --> 00:10:21,589
talk a little bit about that a little

213
00:10:28,210 --> 00:10:25,610

bit more detail in fact I you know I

214

00:10:29,860 --> 00:10:28,220

guess to some extent even I have to

215

00:10:32,110 --> 00:10:29,870

think all right I wonder how I worded

216

00:10:34,780 --> 00:10:32,120

something that made me lucky enough that

217

00:10:37,240 --> 00:10:34,790

there was no way to avoid some type of

218

00:10:39,040 --> 00:10:37,250

response I mean I I even say that I feel

219

00:10:40,300 --> 00:10:39,050

that way at times but I have a couple of

220

00:10:42,490 --> 00:10:40,310

friends and they know who they are that

221

00:10:45,400 --> 00:10:42,500

I generally ask questions so they give

222

00:10:46,180 --> 00:10:45,410

advice on how to word things be very you

223

00:10:50,610 --> 00:10:46,190

know this sort of thing

224

00:10:54,519 --> 00:10:50,620

but the point was I wrote to oh and I

225

00:10:57,129 --> 00:10:54,529

specifically asking for information

226

00:11:00,100 --> 00:10:57,139

relating to events you try to be very

227

00:11:02,139 --> 00:11:00,110

specific but also broad enough that

228

00:11:04,540 --> 00:11:02,149

you're covering the it almost sounds

229

00:11:06,670 --> 00:11:04,550

like legalese sometimes that you have to

230

00:11:08,800 --> 00:11:06,680

spell it out in a certain specific way

231

00:11:11,079 --> 00:11:08,810

so you kind of cover what you're asking

232

00:11:12,610 --> 00:11:11,089

for but you don't limit it or they can't

233

00:11:15,430 --> 00:11:12,620

in reinterpret you don't want to be too

234

00:11:18,180 --> 00:11:15,440

specific and when I I didn't even ask

235

00:11:21,550 --> 00:11:18,190

specifically for the slides per se I

236

00:11:22,960 --> 00:11:21,560

asked for any information material I'd

237

00:11:26,040 --> 00:11:22,970

have to go back and read exactly how it

238

00:11:28,540 --> 00:11:26,050

was worded relating to any events

239

00:11:30,579 --> 00:11:28,550

dealing with on the night you give them

240

00:11:33,160 --> 00:11:30,589

to the terms whether it's you AP tic-tac

241

00:11:36,610 --> 00:11:33,170

whatever terminology might be applicable

242

00:11:38,500 --> 00:11:36,620

in the specific timeframe of November in

243

00:11:40,420 --> 00:11:38,510

a week's time period where flavors

244

00:11:44,230 --> 00:11:40,430

occurred incidence generally occurred

245

00:11:45,790 --> 00:11:44,240

and so it was a rather surprising to get

246

00:11:49,059 --> 00:11:45,800

the response from them where they

247

00:11:51,460 --> 00:11:49,069

stipulate there are these slides which

248

00:11:53,949 --> 00:11:51,470

certainly sounds like somebody giving

249

00:11:55,689 --> 00:11:53,959

either a presentation or somebody was

250

00:11:58,569 --> 00:11:55,699

presenting information they they

251
00:12:02,019 --> 00:11:58,579
obtained from somewhere but of course

252
00:12:03,819 --> 00:12:02,029
even that's vague and and then the

253
00:12:05,559 --> 00:12:03,829
information about them having hat

254
00:12:07,990 --> 00:12:05,569
because you also need to be sure that

255
00:12:11,530 --> 00:12:08,000
you stipulate if any information that

256
00:12:13,600 --> 00:12:11,540
they have originated with another source

257
00:12:15,970 --> 00:12:13,610
that you request that they contacted the

258
00:12:18,579 --> 00:12:15,980
other source and tell you that they've

259
00:12:20,049 --> 00:12:18,589
done so otherwise I don't think they

260
00:12:22,389 --> 00:12:20,059
necessarily have to tell you so in this

261
00:12:25,360 --> 00:12:22,399
particular case that may have been a

262
00:12:27,340 --> 00:12:25,370
caveat that meant they had to tell me

263
00:12:28,540 --> 00:12:27,350

they have this video from Naval Air but

264

00:12:30,280 --> 00:12:28,550

since they're not the original

265

00:12:33,309 --> 00:12:30,290

classification authority they have to go

266

00:12:35,829 --> 00:12:33,319

to naval air etc etc etc which of course

267

00:12:38,710 --> 00:12:35,839

gives you the information that ah there

268

00:12:41,410 --> 00:12:38,720

is this other party who's somewhere came

269

00:12:44,379 --> 00:12:41,420

up with this video why wouldn't that

270

00:12:46,870 --> 00:12:44,389

video have been in with whatever else

271

00:12:48,610 --> 00:12:46,880

was gathered supposedly that the people

272

00:12:52,540 --> 00:12:48,620

that flew in and took it why is Naval

273

00:12:54,189 --> 00:12:52,550

Air have a video that is not where you

274

00:12:56,170 --> 00:12:54,199

know where did the others come from I

275

00:12:58,929 --> 00:12:56,180

don't know but you pick up clues and

276

00:13:01,120 --> 00:12:58,939

then you hopefully you go from there but

277

00:13:02,679 --> 00:13:01,130

but you're right Frank's right when you

278

00:13:03,910 --> 00:13:02,689

come back and you hear about slides and

279

00:13:06,400 --> 00:13:03,920

things then of course that makes you

280

00:13:08,170 --> 00:13:06,410

begin to imagine where would they have

281

00:13:10,900 --> 00:13:08,180

obtained slides and what would be in

282

00:13:13,509 --> 00:13:10,910

those slides but I don't know I mean I

283

00:13:15,340 --> 00:13:13,519

it is difficult especially from some

284

00:13:18,429 --> 00:13:15,350

experiences I've had in the last week or

285

00:13:22,030 --> 00:13:18,439

two to be aware that sometimes it's easy

286

00:13:23,799 --> 00:13:22,040

to miss read or misinterpret exactly

287

00:13:26,079 --> 00:13:23,809

what it is so I don't want anybody to

288

00:13:28,689 --> 00:13:26,089

assume that it's a video we might not

289

00:13:30,579 --> 00:13:28,699

have seen perhaps Naval Air has one they

290

00:13:33,879 --> 00:13:30,589

just don't want to release or they need

291

00:13:37,120 --> 00:13:33,889

to sign off on it having a video doesn't

292

00:13:38,920 --> 00:13:37,130

automatically mean that it's not one

293

00:13:40,840 --> 00:13:38,930

that you know that we haven't seen or

294

00:13:42,879 --> 00:13:40,850

that we would think shows anything we're

295

00:13:44,319 --> 00:13:42,889

seeing but it tells you that there are

296

00:13:46,600 --> 00:13:44,329

people out there who have gathered

297

00:13:48,759 --> 00:13:46,610

information on this so it's not it was

298

00:13:53,920 --> 00:13:48,769

not a dead issue that nobody followed up

299

00:13:57,639 --> 00:13:53,930

on okay I wanted to mention something

300

00:14:00,790 --> 00:13:57,649

that's interesting and that is to Dave

301
00:14:04,509 --> 00:14:00,800
actually Dave we've had you on many

302
00:14:07,419 --> 00:14:04,519
times on our show and I did account

303
00:14:08,840 --> 00:14:07,429
regarding the tic-tac topic and how many

304
00:14:12,410 --> 00:14:08,850
times

305
00:14:14,569 --> 00:14:12,420
that this network has done a show on it

306
00:14:17,930 --> 00:14:14,579
I've been on the majority of these shows

307
00:14:23,290 --> 00:14:17,940
this will be our 20th show on the

308
00:14:26,540 --> 00:14:23,300
tic-tac topic and believe I did like a -

309
00:14:29,329 --> 00:14:26,550
maybe two or more hour-long show with

310
00:14:32,600 --> 00:14:29,339
you dave was a it was an interesting

311
00:14:34,220 --> 00:14:32,610
show and I wanted to ask you before the

312
00:14:37,759 --> 00:14:34,230
show when we were talking about this

313
00:14:40,670 --> 00:14:37,769

topic you mentioned that you have

314

00:14:43,129 --> 00:14:40,680

testimony from two new USS Princeton

315

00:14:44,920 --> 00:14:43,139

vets before I go into that question I

316

00:14:47,629 --> 00:14:44,930

just wanted to mention to our listeners

317

00:14:50,139 --> 00:14:47,639

we did a really interesting I think it

318

00:14:55,100 --> 00:14:50,149

was like a three or four hour long show

319

00:14:57,740 --> 00:14:55,110

with two USS Nimitz folks and then two

320

00:15:02,389 --> 00:14:57,750

USS Nimitz I'm sorry Princeton folks

321

00:15:04,939 --> 00:15:02,399

that all covered the tic-tock topic and

322

00:15:06,970 --> 00:15:04,949

we're witnesses to it or we're involved

323

00:15:10,610 --> 00:15:06,980

in that topic in some one way or another

324

00:15:12,019 --> 00:15:10,620

my question to you Dave is regarding

325

00:15:15,019 --> 00:15:12,029

what we were talking about before the

326

00:15:17,600 --> 00:15:15,029

show you were talking about - you knew

327

00:15:19,129 --> 00:15:17,610

USS Princeton vets and they don't

328

00:15:21,949 --> 00:15:19,139

necessarily want to come forward at this

329

00:15:25,069 --> 00:15:21,959

point but they may have given you a bit

330

00:15:26,540 --> 00:15:25,079

of information that you want I mean that

331

00:15:29,360 --> 00:15:26,550

you may want to cover do you want to

332

00:15:31,030 --> 00:15:29,370

give us some insight on that topic yeah

333

00:15:34,910 --> 00:15:31,040

absolutely

334

00:15:38,110 --> 00:15:34,920

at the end of the film I ask people to

335

00:15:42,160 --> 00:15:38,120

contact me if they had information about

336

00:15:46,069 --> 00:15:42,170

witnesses from military ships or any

337

00:15:47,929 --> 00:15:46,079

related sightings and you know I've been

338

00:15:50,420 --> 00:15:47,939

overwhelmed actually with the response

339

00:15:54,189 --> 00:15:50,430

since the film was posted on YouTube a

340

00:15:56,689 --> 00:15:54,199

long time ago no part of that has been

341

00:15:59,569 --> 00:15:56,699

witnesses that have contacted me from

342

00:16:01,400 --> 00:15:59,579

the actual ships involved on USS Nimitz

343

00:16:05,150 --> 00:16:01,410

in versus print listening as you just

344

00:16:06,800 --> 00:16:05,160

said and after those the first version

345

00:16:09,170 --> 00:16:06,810

of the film that I ever did and I think

346

00:16:11,929 --> 00:16:09,180

you guys you know were had me on show

347

00:16:16,610 --> 00:16:11,939

back at that time you know this was

348

00:16:18,500 --> 00:16:16,620

going back to 2018 and even before right

349

00:16:20,480 --> 00:16:18,510

I mean it was like the whole thing

350

00:16:22,460 --> 00:16:20,490

started in 2017 and then I

351
00:16:25,760 --> 00:16:22,470
working on that film about that time and

352
00:16:29,720 --> 00:16:25,770
then released it in 2018 that's when I

353
00:16:32,600 --> 00:16:29,730
got Kevin you know Kevin de Gary or Keys

354
00:16:34,460 --> 00:16:32,610
Patrick Hughes Jason Turner all these

355
00:16:36,710 --> 00:16:34,470
guys came forward and contacted me

356
00:16:39,590 --> 00:16:36,720
because they saw this sort of

357
00:16:43,060 --> 00:16:39,600
organically popular video on YouTube

358
00:16:46,100 --> 00:16:43,070
that I just gave to everybody for free

359
00:16:48,350 --> 00:16:46,110
well you know that has continued on even

360
00:16:49,880 --> 00:16:48,360
though I finished the film it's been out

361
00:16:52,519 --> 00:16:49,890
there for a while I keep getting emails

362
00:16:55,040 --> 00:16:52,529
I keep getting contacted people saying

363
00:16:59,290 --> 00:16:55,050

hey I want to talk to you about what I

364

00:17:02,510 --> 00:16:59,300

witnessed on the ship and two new

365

00:17:05,720 --> 00:17:02,520

gentlemen have come forward this year

366

00:17:08,870 --> 00:17:05,730

that have sort of given me and a few

367

00:17:10,189 --> 00:17:08,880

other people you are cross or would it

368

00:17:13,939 --> 00:17:10,199

to an automated voice-messaging system

369

00:17:17,000 --> 00:17:13,949

you know what what is and Aldridge sort

370

00:17:20,720 --> 00:17:17,010

of interesting is they concur with the

371

00:17:24,370 --> 00:17:20,730

other guys they for the most part their

372

00:17:27,650 --> 00:17:24,380

stories parallel what Kevin and Gary

373

00:17:31,820 --> 00:17:27,660

Jason's on witnessed in those several

374

00:17:34,130 --> 00:17:31,830

days some unique factors are that both

375

00:17:36,110 --> 00:17:34,140

of these guys independently of each

376

00:17:39,430 --> 00:17:36,120

other they don't even know each other

377

00:17:43,190 --> 00:17:39,440

actually that said that they saw these

378

00:17:48,260 --> 00:17:43,200

UFOs with their own eyes on the deck of

379

00:17:49,880 --> 00:17:48,270

USS Princeton the guys reported to me

380

00:17:51,350 --> 00:17:49,890

that you know he was aware what was

381

00:17:54,740 --> 00:17:51,360

happening because it was going on for

382

00:17:57,350 --> 00:17:54,750

probably a week as you know in November

383

00:17:58,549 --> 00:17:57,360

of 2004 they were having these tracks

384

00:18:02,180 --> 00:17:58,559

that they didn't know what they were

385

00:18:04,010 --> 00:18:02,190

they thought perhaps it was a problem

386

00:18:06,500 --> 00:18:04,020

with their radar systems during that

387

00:18:09,049 --> 00:18:06,510

first initial three or four days they

388

00:18:13,669 --> 00:18:09,059

were doing Diagnostics trying to get rid

389

00:18:15,740 --> 00:18:13,679

of these weird tracks and then after you

390

00:18:17,120 --> 00:18:15,750

know the whole intercept happened the

391

00:18:19,850 --> 00:18:17,130

whole big story that we all know about

392

00:18:22,280 --> 00:18:19,860

you know they knew this stuff was real

393

00:18:24,350 --> 00:18:22,290

and both guys independently of each

394

00:18:26,450 --> 00:18:24,360

other actually they would sometimes go

395

00:18:31,159 --> 00:18:26,460

out at night because both guys their

396

00:18:33,919 --> 00:18:31,169

watch was all night perhaps from you

397

00:18:34,370 --> 00:18:33,929

know you know ten or eleven till 6:00 in

398

00:18:36,650 --> 00:18:34,380

the morning

399

00:18:39,830 --> 00:18:36,660

so they'd be up all night doing their

400

00:18:41,480 --> 00:18:39,840

particular lot and they'd go out on the

401
00:18:43,670 --> 00:18:41,490
deck sometimes during the break for

402
00:18:48,230 --> 00:18:43,680
instance one of the gentlemen said that

403
00:18:53,990 --> 00:18:48,240
he saw the object as a he said that it

404
00:18:56,120 --> 00:18:54,000
was a a formation of lights and he

405
00:18:59,950 --> 00:18:56,130
described it as being part of the same

406
00:19:03,650 --> 00:18:59,960
object not necessarily three distinct

407
00:19:05,920 --> 00:19:03,660
UFOs but one object that he described it

408
00:19:09,980 --> 00:19:05,930
as a triangular formation running lights

409
00:19:12,730 --> 00:19:09,990
and he said that in his mind he thought

410
00:19:15,260 --> 00:19:12,740
you know this might be some type of

411
00:19:18,590 --> 00:19:15,270
aircraft it's part of the strike group

412
00:19:21,320 --> 00:19:18,600
but then the way that it moved and the

413
00:19:22,940 --> 00:19:21,330

fact that there was no sound really

414

00:19:25,100 --> 00:19:22,950
startled him because he said that in

415

00:19:28,070 --> 00:19:25,110
other cases when any aircraft a

416

00:19:29,570 --> 00:19:28,080
helicopter or jet or airplane was near

417

00:19:30,860 --> 00:19:29,580
the Princeton where they could see the

418

00:19:33,770 --> 00:19:30,870
running lights for instance they would

419

00:19:35,690 --> 00:19:33,780
also be able to hear the aircraft in

420

00:19:38,180 --> 00:19:35,700
this case he said that he couldn't hear

421

00:19:40,580 --> 00:19:38,190
it he said that the way that it moved

422

00:19:42,710 --> 00:19:40,590
and that was the second part was really

423

00:19:45,140 --> 00:19:42,720
startling because he said that it wasn't

424

00:19:46,910 --> 00:19:45,150
moving in a trajectory that an aircraft

425

00:19:48,500 --> 00:19:46,920
would normally move it which would be

426

00:19:50,630 --> 00:19:48,510

like if it had a propulsion source that

427

00:19:52,130 --> 00:19:50,640

was moving forward or banking or

428

00:19:54,770 --> 00:19:52,140

whatever it said that the object was

429

00:19:58,810 --> 00:19:54,780

sort of sliding or skidding

430

00:20:02,510 --> 00:19:58,820

so it could go forward or laterally

431

00:20:05,360 --> 00:20:02,520

almost like he said if you look at the

432

00:20:07,730 --> 00:20:05,370

racing drones of today on the way that

433

00:20:10,850 --> 00:20:07,740

they move I'm in the sky like a drum of

434

00:20:12,380 --> 00:20:10,860

you know a racing drone that that's sort

435

00:20:14,750 --> 00:20:12,390

of the type of movement he was seeing

436

00:20:16,880 --> 00:20:14,760

but this was back in 2004 when they

437

00:20:18,500 --> 00:20:16,890

hadn't even really heard of drones at

438

00:20:20,990 --> 00:20:18,510

that time they were so new so and he

439

00:20:23,120 --> 00:20:21,000

said that the size of it was way bigger

440

00:20:25,730 --> 00:20:23,130

than anything like like that you know it

441

00:20:28,310 --> 00:20:25,740

was pretty big I asked him how how far

442

00:20:31,580 --> 00:20:28,320

away or how baby any study he really

443

00:20:33,770 --> 00:20:31,590

couldn't give me a good estimate of you

444

00:20:35,990 --> 00:20:33,780

know exactly how far away it was but I

445

00:20:37,910 --> 00:20:36,000

thought that was very interesting I

446

00:20:41,000 --> 00:20:37,920

hadn't heard anyone else actually give

447

00:20:43,280 --> 00:20:41,010

me a description of an object with three

448

00:20:46,370 --> 00:20:43,290

lights on it like that

449

00:20:47,490 --> 00:20:46,380

now the other witness also worked at

450

00:20:50,220 --> 00:20:47,500

night he was

451
00:20:53,310 --> 00:20:50,230
yeah real real quick data let me jump in

452
00:20:55,440 --> 00:20:53,320
with a question about that did these

453
00:20:57,450 --> 00:20:55,450
witnesses that have contacted you were

454
00:21:00,389 --> 00:20:57,460
they aware that something unusual was

455
00:21:03,269 --> 00:21:00,399
going on when they saw the when they had

456
00:21:06,419 --> 00:21:03,279
their sightings yes it's my

457
00:21:11,249 --> 00:21:06,429
understanding that in the beginning when

458
00:21:13,379 --> 00:21:11,259
the CIC had these tracks that they the

459
00:21:15,090 --> 00:21:13,389
the crew didn't believe them at first

460
00:21:19,560 --> 00:21:15,100
they thought that there was a system

461
00:21:21,269 --> 00:21:19,570
malfunction so say if November 14th is

462
00:21:23,279 --> 00:21:21,279
when they sent out an intercept to find

463
00:21:25,769 --> 00:21:23,289

out what they were if you go back before

464

00:21:27,090 --> 00:21:25,779

that a few days the crew didn't know

465

00:21:28,560 --> 00:21:27,100

what they were looking at they thought

466

00:21:30,269 --> 00:21:28,570

there was some kind of problem with the

467

00:21:33,480 --> 00:21:30,279

radar that's really what was happening

468

00:21:36,029 --> 00:21:33,490

but then on the 14th during the daytime

469

00:21:39,119 --> 00:21:36,039

that's when they finally sent out Kevin

470

00:21:41,249 --> 00:21:39,129

had one of his crew members send

471

00:21:42,720 --> 00:21:41,259

commander framers flight out to take a

472

00:21:44,940 --> 00:21:42,730

look and that's when they had the visual

473

00:21:47,490 --> 00:21:44,950

right so I believe that when these guys

474

00:21:49,769 --> 00:21:47,500

saw these objects in the sky it was

475

00:21:52,019 --> 00:21:49,779

either that night or the next night or

476

00:21:54,090 --> 00:21:52,029

the next night is from what they said

477

00:21:57,720 --> 00:21:54,100

this sort of went on for a few days

478

00:22:00,600 --> 00:21:57,730

after commander favors you know eyeballs

479

00:22:02,850 --> 00:22:00,610

on the object and Kevin said that he had

480

00:22:06,409 --> 00:22:02,860

been get up again trade our targets for

481

00:22:11,610 --> 00:22:06,419

a number of days before the intercepts

482

00:22:13,350 --> 00:22:11,620

Yeah right in that they said that they

483

00:22:15,269 --> 00:22:13,360

were wreaking and they were taking the

484

00:22:16,710 --> 00:22:15,279

system down and bringing it back up

485

00:22:18,960 --> 00:22:16,720

trying to find out if there was some

486

00:22:20,730 --> 00:22:18,970

type of a radar anomaly who the aegis

487

00:22:22,710 --> 00:22:20,740

system that was causing false returns

488

00:22:24,090 --> 00:22:22,720

they found out that that was not the

489

00:22:27,299 --> 00:22:24,100

case that the radar seemed to be

490

00:22:29,639 --> 00:22:27,309

functioning perfectly and then so now

491

00:22:31,680 --> 00:22:29,649

they have the intercept and of course we

492

00:22:34,680 --> 00:22:31,690

know that there were two intercepts that

493

00:22:37,399 --> 00:22:34,690

went down one of the things that both of

494

00:22:39,779 --> 00:22:37,409

these guys independently told me and

495

00:22:43,320 --> 00:22:39,789

this is sort of new information that

496

00:22:46,560 --> 00:22:43,330

came out that after that that there was

497

00:22:48,180 --> 00:22:46,570

a briefing on USS nimitz with a lot of

498

00:22:50,730 --> 00:22:48,190

the people that were involved in this

499

00:22:54,710 --> 00:22:50,740

and these were would be more senior

500

00:22:57,149 --> 00:22:54,720

officers lead petty officers and so on

501
00:22:58,680 --> 00:22:57,159
they would be like sort of the bosses of

502
00:23:01,420 --> 00:22:58,690
the ships and he said that there were

503
00:23:03,880 --> 00:23:01,430
some people from USS

504
00:23:05,860 --> 00:23:03,890
and that ferried over to USS nimitz

505
00:23:08,020 --> 00:23:05,870
where this briefing took place with

506
00:23:10,930 --> 00:23:08,030
captain of USS nimitz and also like an

507
00:23:12,160 --> 00:23:10,940
admiral i think and he said that that

508
00:23:15,490 --> 00:23:12,170
there were probably eight to ten people

509
00:23:16,150 --> 00:23:15,500
there and this guy said the pilots had

510
00:23:17,470 --> 00:23:16,160
to be there

511
00:23:19,390 --> 00:23:17,480
commander flavor had to be in this

512
00:23:22,710 --> 00:23:19,400
meeting and in the meeting it was

513
00:23:26,050 --> 00:23:22,720

discussed that what the story would be

514

00:23:28,990 --> 00:23:26,060

if anyone asks about this is that what

515

00:23:33,210 --> 00:23:29,000

they were seeing what was iced crystals

516

00:23:35,590 --> 00:23:33,220

that were refracting off of the radars

517

00:23:37,510 --> 00:23:35,600

and of course somebody brought up the

518

00:23:40,510 --> 00:23:37,520

fact all you know that doesn't make

519

00:23:43,600 --> 00:23:40,520

sense that you know ice crystal can go

520

00:23:45,160 --> 00:23:43,610

from a hover to six hundred knots in one

521

00:23:46,870 --> 00:23:45,170

second you know and they were all

522

00:23:50,530 --> 00:23:46,880

laughing or whatever but if you have to

523

00:23:52,120 --> 00:23:50,540

realize that at this time no video had

524

00:23:54,190 --> 00:23:52,130

ever been leaked of any of this no one

525

00:23:56,260 --> 00:23:54,200

the outside world didn't know any of

526

00:23:58,090 --> 00:23:56,270

this stuff so they're saying if anyone

527

00:24:00,130 --> 00:23:58,100

asks on the ships about what's going on

528

00:24:04,030 --> 00:24:00,140

just this is what we're gonna tell

529

00:24:05,860 --> 00:24:04,040

everybody so here i have like at least

530

00:24:07,990 --> 00:24:05,870

two independent witnesses that are

531

00:24:12,750 --> 00:24:08,000

saying this and though the one gentleman

532

00:24:18,000 --> 00:24:12,760

his job he was a cryptographic

533

00:24:20,470 --> 00:24:18,010

technician see if I have what he said

534

00:24:24,160 --> 00:24:20,480

but I know he's a he worked in the

535

00:24:27,760 --> 00:24:24,170

ship's signal exploitation space on USS

536

00:24:30,040 --> 00:24:27,770

Princeton called the SAS and that may be

537

00:24:32,080 --> 00:24:30,050

a little familiar because that's where

538

00:24:34,390 --> 00:24:32,090

Jason Turner özil said that he had

539

00:24:37,870 --> 00:24:34,400

witnessed a video in a place called the

540

00:24:40,930 --> 00:24:37,880

SAS but this say this shipmate said that

541

00:24:44,880 --> 00:24:40,940

he worked in the SAS and he is the one

542

00:24:47,620 --> 00:24:44,890

who told me that his week petty officer

543

00:24:50,380 --> 00:24:47,630

went over two minutes to attend this

544

00:24:52,150 --> 00:24:50,390

briefing and when they came back they

545

00:24:57,730 --> 00:24:52,160

kind of explained it crew what was going

546

00:25:00,160 --> 00:24:57,740

on he also saw in his email a similar

547

00:25:02,770 --> 00:25:00,170

statement that said you know it was

548

00:25:05,080 --> 00:25:02,780

basically an email with the video that

549

00:25:07,120 --> 00:25:05,090

we've all seen the FLIR one video this

550

00:25:08,260 --> 00:25:07,130

is the email that a lot of the witness

551

00:25:11,020 --> 00:25:08,270

talk about they saw on the computer

552

00:25:12,820 --> 00:25:11,030

systems and he said that the email said

553

00:25:14,790 --> 00:25:12,830

you know if anyone asked about what this

554

00:25:17,640 --> 00:25:14,800

was it's ice crystals but

555

00:25:21,630 --> 00:25:17,650

here's the real day and then they have

556

00:25:23,970 --> 00:25:21,640

this video attached to it so you know I

557

00:25:26,430 --> 00:25:23,980

mean that's kind of new information guys

558

00:25:28,320 --> 00:25:26,440

I haven't heard anyone else mentioned

559

00:25:30,210 --> 00:25:28,330

that ever including commando flavour

560

00:25:33,870 --> 00:25:30,220

never mentioned anything about a

561

00:25:35,490 --> 00:25:33,880

briefing where they were told that this

562

00:25:38,070 --> 00:25:35,500

is these were ice crystals that's the

563

00:25:39,780 --> 00:25:38,080

cover story or apparently that this

564

00:25:41,730 --> 00:25:39,790

video was it must have been fairly

565

00:25:45,120 --> 00:25:41,740

widely disseminated depending on how

566

00:25:47,820 --> 00:25:45,130

many people got this email yeah the guy

567

00:25:49,410 --> 00:25:47,830

that I'm talking to you I mean both of

568

00:25:52,560 --> 00:25:49,420

these guys the one that was the

569

00:25:55,560 --> 00:25:52,570

cryptographic technician and also the

570

00:25:57,900 --> 00:25:55,570

other watch stander he worked in the CIC

571

00:26:00,240 --> 00:25:57,910

which would have been you know the

572

00:26:03,240 --> 00:26:00,250

command center on Princeton where Kevin

573

00:26:04,890 --> 00:26:03,250

day you knew who this guy was Gary or

574

00:26:09,570 --> 00:26:04,900

piece and so on

575

00:26:12,030 --> 00:26:09,580

they were both aware of the briefing you

576

00:26:14,850 --> 00:26:12,040

know so it's sort of interesting now

577

00:26:16,380 --> 00:26:14,860

we've never heard anyone say you know

578

00:26:18,270 --> 00:26:16,390

like a man framer though this was ice

579

00:26:20,700 --> 00:26:18,280

crystals but I think that that was the

580

00:26:22,530 --> 00:26:20,710

story that was being told to the other

581

00:26:24,930 --> 00:26:22,540

enlisted guys are finding it was any

582

00:26:27,240 --> 00:26:24,940

curiosity seekers on the ships and the

583

00:26:29,250 --> 00:26:27,250

scuttlebutt and so on to kind of tamp it

584

00:26:30,510 --> 00:26:29,260

down and not talk about what was really

585

00:26:32,940 --> 00:26:30,520

going on now

586

00:26:35,700 --> 00:26:32,950

I'll interject that this gentleman that

587

00:26:38,580 --> 00:26:35,710

I'm talking to set he firmly believes

588

00:26:41,310 --> 00:26:38,590

that this was some type of secret test

589

00:26:44,040 --> 00:26:41,320

platform I mean he doesn't have evidence

590

00:26:45,750 --> 00:26:44,050

you know conclusively but he was saying

591

00:26:48,390 --> 00:26:45,760

you know based on everything he's

592

00:26:50,880 --> 00:26:48,400

looking at in the way that his kind of

593

00:26:52,770 --> 00:26:50,890

deductive reasoning Coast town he thinks

594

00:26:58,080 --> 00:26:52,780

that it might have actually been some

595

00:26:59,520 --> 00:26:58,090

type of secret test platform and you

596

00:27:01,610 --> 00:26:59,530

know he goes through all his reasoning

597

00:27:05,130 --> 00:27:01,620

of why you know versus an

598

00:27:08,280 --> 00:27:05,140

extraterrestrial craft so what were some

599

00:27:10,260 --> 00:27:08,290

of his reasons well I mean first of all

600

00:27:13,380 --> 00:27:10,270

he said based on his own observations he

601
00:27:16,080 --> 00:27:13,390
thought that maybe what he saw almost

602
00:27:18,650 --> 00:27:16,090
looked like some type of VTOL or

603
00:27:22,260 --> 00:27:18,660
vertical takeoff and landing type of

604
00:27:24,390 --> 00:27:22,270
aircraft you said it moved unlike

605
00:27:26,760 --> 00:27:24,400
anything he's seen before didn't really

606
00:27:28,430 --> 00:27:26,770
and he also didn't have much noise and

607
00:27:30,170 --> 00:27:28,440
then he goes on to talk

608
00:27:33,440 --> 00:27:30,180
but a lot of the stuff that fray versed

609
00:27:37,160 --> 00:27:33,450
and in his contention would be that mate

610
00:27:39,470 --> 00:27:37,170
maybe braver basically as part of us et

611
00:27:42,140 --> 00:27:39,480
cover story he said why would somebody

612
00:27:44,870 --> 00:27:42,150
kind of lean in that direction versus

613
00:27:47,840 --> 00:27:44,880

first leaning towards that this could be

614

00:27:50,300 --> 00:27:47,850

some some type of craft that we have

615

00:27:53,570 --> 00:27:50,310

that maybe is a test platform or some

616

00:27:55,910 --> 00:27:53,580

type of very highly secretive project

617

00:27:57,580 --> 00:27:55,920

that's going on and that if a number

618

00:27:59,720 --> 00:27:57,590

does leak out to the public then

619

00:28:00,920 --> 00:27:59,730

immediately jumping on and going forward

620

00:28:03,980 --> 00:28:00,930

with oh we don't have anything like this

621

00:28:07,370 --> 00:28:03,990

and it must be an ET thing it's not

622

00:28:09,260 --> 00:28:07,380

owned by us could be part of a cover

623

00:28:12,500 --> 00:28:09,270

that would be easy thing to do and you

624

00:28:14,600 --> 00:28:12,510

have a highly-decorated maybe pilot

625

00:28:16,880 --> 00:28:14,610

you know commander going out no one's

626
00:28:19,640 --> 00:28:16,890
gonna question him and if anybody like

627
00:28:21,380 --> 00:28:19,650
an enlisted guy you know or even a

628
00:28:23,990 --> 00:28:21,390
senior chief comes forward and says no

629
00:28:25,640 --> 00:28:24,000
that's you know I I saw this and it

630
00:28:27,830 --> 00:28:25,650
doesn't kind of line up with what you're

631
00:28:29,930 --> 00:28:27,840
saying and then he immediately says no

632
00:28:32,420 --> 00:28:29,940
that didn't happen no one came aboard

633
00:28:34,850 --> 00:28:32,430
the ships to take anything there was no

634
00:28:39,620 --> 00:28:34,860
cover-up no no men in black showed up to

635
00:28:43,460 --> 00:28:39,630
take data away and so on so yeah we've

636
00:28:45,530 --> 00:28:43,470
heard that story that floated around the

637
00:28:47,350 --> 00:28:45,540
UFO community for a long time regarding

638
00:28:51,320 --> 00:28:47,360

that topic you just brought up which is

639

00:28:54,980 --> 00:28:51,330

men and blacks so to speak showing up at

640

00:28:56,930 --> 00:28:54,990

the ship to take material away that was

641

00:28:59,600 --> 00:28:56,940

video related or anything related to

642

00:29:01,340 --> 00:28:59,610

that tick-tack topic well it was a

643

00:29:04,160 --> 00:29:01,350

little bit more specific than that that

644

00:29:07,490 --> 00:29:04,170

PJ PJ Hughes was saying that that was an

645

00:29:11,540 --> 00:29:07,500

Air Force personnel right yeah yeah

646

00:29:13,850 --> 00:29:11,550

right and Gary or he said gentleman

647

00:29:16,340 --> 00:29:13,860

showed up in plainclothes and came in

648

00:29:20,420 --> 00:29:16,350

and he they they boarded the ship on a

649

00:29:22,250 --> 00:29:20,430

helicopter and he had to sign out the

650

00:29:25,160 --> 00:29:22,260

tape recordings in a race everything

651
00:29:27,800 --> 00:29:25,170
that was left over I had the witness

652
00:29:30,110 --> 00:29:27,810
Ryan wide out the helicopter detachment

653
00:29:32,480 --> 00:29:30,120
I say the key witness these guys come

654
00:29:35,020 --> 00:29:32,490
aboard and take everything but then you

655
00:29:36,980 --> 00:29:35,030
have the pilots on the other hand

656
00:29:39,230 --> 00:29:36,990
discrediting all that I mean claiming

657
00:29:42,140 --> 00:29:39,240
it's you know that this did not happen

658
00:29:43,820 --> 00:29:42,150
it's a falsehood these guys are making

659
00:29:46,370 --> 00:29:43,830
they're insinuating that they're lying

660
00:29:48,530 --> 00:29:46,380
or embellishing or making it all up but

661
00:29:50,240 --> 00:29:48,540
yet you know when I have like five

662
00:29:51,770 --> 00:29:50,250
different people all saying the same

663
00:29:55,130 --> 00:29:51,780

thing sometimes you start saying well

664

00:29:57,560 --> 00:29:55,140

maybe maybe it was unrelated to tic-tac

665

00:30:00,590 --> 00:29:57,570

but I think it really did happen and

666

00:30:02,240 --> 00:30:00,600

that was one one of the things that the

667

00:30:04,130 --> 00:30:02,250

cryptographic technician brought up he's

668

00:30:07,520 --> 00:30:04,140

saying why would why would he

669

00:30:09,080 --> 00:30:07,530

investigate that further if say commando

670

00:30:11,710 --> 00:30:09,090

freighter was more open-minded and

671

00:30:14,450 --> 00:30:11,720

didn't know what this really was

672

00:30:17,510 --> 00:30:14,460

go ahead yeah why when you look into

673

00:30:19,280 --> 00:30:17,520

like all sides of the equation and

674

00:30:21,830 --> 00:30:19,290

really try to find out who are these

675

00:30:23,270 --> 00:30:21,840

guys on the Princeton saying that guys

676

00:30:26,510 --> 00:30:23,280

came aboard wouldn't you want to find

677

00:30:28,490 --> 00:30:26,520

out and ask him more about that say hey

678

00:30:30,590 --> 00:30:28,500

I didn't I didn't experience that in my

679

00:30:33,980 --> 00:30:30,600

squadron but why did you experience it

680

00:30:36,350 --> 00:30:33,990

who are you who was your you know chain

681

00:30:37,850 --> 00:30:36,360

of command and try to explore it a

682

00:30:40,730 --> 00:30:37,860

little bit more versus just shutting

683

00:30:43,850 --> 00:30:40,740

them down and almost like I'm the story

684

00:30:46,880 --> 00:30:43,860

I'm the only story only listen to what

685

00:30:49,070 --> 00:30:46,890

I'm saying so he was sort of suspicious

686

00:30:51,530 --> 00:30:49,080

the the witness was sort of suspicious

687

00:30:55,670 --> 00:30:51,540

of that thinking that maybe he was using

688

00:30:58,040 --> 00:30:55,680

his position to you know promote only

689

00:30:59,960 --> 00:30:58,050

one story and everything else is false

690

00:31:01,760 --> 00:30:59,970

now again I have no evidence that's the

691

00:31:03,710 --> 00:31:01,770

case and maybe the elements that he does

692

00:31:06,230 --> 00:31:03,720

believe that if these were craft that

693

00:31:08,600 --> 00:31:06,240

were from you know outside of you know

694

00:31:10,850 --> 00:31:08,610

our capabilities and any other of our

695

00:31:13,610 --> 00:31:10,860

adversaries technological capabilities

696

00:31:16,550 --> 00:31:13,620

right so I don't wanted to bring up the

697

00:31:18,620 --> 00:31:16,560

human element here to a Christian

698

00:31:22,100 --> 00:31:18,630

Lambright believe that you majored in

699

00:31:24,290 --> 00:31:22,110

psychology wanted to ask you if there's

700

00:31:27,380 --> 00:31:24,300

a group of people that really did

701
00:31:30,170 --> 00:31:27,390
witness something and they're being

702
00:31:32,630 --> 00:31:30,180
rejected publicly and being told that

703
00:31:34,400 --> 00:31:32,640
their story isn't true what are they

704
00:31:37,630 --> 00:31:34,410
supposed to do to convince the whole

705
00:31:42,290 --> 00:31:37,640
world they know what they saw

706
00:31:44,990 --> 00:31:42,300
well there are parallels to this in a

707
00:31:46,670 --> 00:31:45,000
lot of events one that came up and

708
00:31:48,710 --> 00:31:46,680
material I was reading recently goes

709
00:31:50,120 --> 00:31:48,720
even all the way back to the to the

710
00:31:51,590 --> 00:31:50,130
cattle mutilation days where the

711
00:31:55,940 --> 00:31:51,600
investigators going out talking to the

712
00:31:57,740 --> 00:31:55,950
ranchers and leaving the ranchers

713
00:31:59,389 --> 00:31:57,750

convinced these guys are laughing at us

714

00:32:02,180 --> 00:31:59,399

and telling us we're all fools and we

715

00:32:03,799 --> 00:32:02,190

don't know what predators would do as

716

00:32:05,060 --> 00:32:03,809

opposed to what we're seeing now and

717

00:32:07,129 --> 00:32:05,070

ultimately the ranchers don't talk to

718

00:32:08,930 --> 00:32:07,139

anybody else they will not talk to any

719

00:32:13,240 --> 00:32:08,940

more investigators they're sick of being

720

00:32:15,950 --> 00:32:13,250

treated that way this does tend to

721

00:32:17,990 --> 00:32:15,960

especially if you pick up on how someone

722

00:32:19,879 --> 00:32:18,000

you know has been treated or feels

723

00:32:24,039 --> 00:32:19,889

they've been treated you don't want to

724

00:32:27,350 --> 00:32:24,049

get into it yourself so effectively by

725

00:32:31,820 --> 00:32:27,360

shouting down or trying to diminish or

726

00:32:34,759 --> 00:32:31,830

demean anybody else's testimony it makes

727

00:32:37,159 --> 00:32:34,769

other people not want to get in to it

728

00:32:38,720 --> 00:32:37,169

they don't want to get involved and you

729

00:32:41,330 --> 00:32:38,730

know that's the whole thing if you don't

730

00:32:43,759 --> 00:32:41,340

believe me I'm out of here

731

00:32:45,830 --> 00:32:43,769

that's what I would take I will jump in

732

00:32:53,539 --> 00:32:45,840

here and say this because when we did

733

00:32:56,330 --> 00:32:53,549

have a Jason @pj and Kevin and no I'm

734

00:33:00,200 --> 00:32:56,340

forgetting at Jason PJ Kevin and Gary

735

00:33:02,480 --> 00:33:00,210

when we had to all them on the show you

736

00:33:04,220 --> 00:33:02,490

know I asked him specifically a negative

737

00:33:06,019 --> 00:33:04,230

feedback anything along those lines and

738

00:33:08,060 --> 00:33:06,029

they were unanimous so it's been a

739

00:33:10,610 --> 00:33:08,070

positive for them so at least in this

740

00:33:11,990 --> 00:33:10,620

particular case you know I have no

741

00:33:14,060 --> 00:33:12,000

doubts that a lot of it is because of

742

00:33:16,610 --> 00:33:14,070

who they are and the fact that they're

743

00:33:19,639 --> 00:33:16,620

highly trained let me finish chant let

744

00:33:22,610 --> 00:33:19,649

me finish that in their particular

745

00:33:24,049 --> 00:33:22,620

instance in their particular case they

746

00:33:26,450 --> 00:33:24,059

haven't gotten anything like that at

747

00:33:28,279 --> 00:33:26,460

least you know they were pretty positive

748

00:33:30,350 --> 00:33:28,289

about the experience and glad that they

749

00:33:32,899 --> 00:33:30,360

came forward so there's that in this

750

00:33:35,090 --> 00:33:32,909

particular case but they were positive

751
00:33:37,820 --> 00:33:35,100
when we interviewed them then we have no

752
00:33:39,620 --> 00:33:37,830
idea a year later how they feel now Dave

753
00:33:42,259 --> 00:33:39,630
do you have any input on that yeah I

754
00:33:44,930 --> 00:33:42,269
mean I think that it's been a very

755
00:33:48,560 --> 00:33:44,940
positive experience for them as sort of

756
00:33:51,139 --> 00:33:48,570
a way for them to on basically I have

757
00:33:53,240 --> 00:33:51,149
seen a transformation from you know

758
00:33:55,190 --> 00:33:53,250
these guys when I first met them they

759
00:33:57,259 --> 00:33:55,200
didn't have any knowledge of UFO

760
00:34:00,440 --> 00:33:57,269
community really for the most part or

761
00:34:02,060 --> 00:34:00,450
any interest in it well I you know over

762
00:34:04,879 --> 00:34:02,070
the last year they've really blossomed

763
00:34:07,250 --> 00:34:04,889

then each one of them has sort of taken

764

00:34:08,119 --> 00:34:07,260

on this role of trying to help explain

765

00:34:09,680 --> 00:34:08,129

what they saw

766

00:34:12,230 --> 00:34:09,690

you know

767

00:34:15,669 --> 00:34:12,240

they did really honestly want to bridge

768

00:34:18,260 --> 00:34:15,679

that gap with the pilots and in try to

769

00:34:20,210 --> 00:34:18,270

come to some middle ground at least I

770

00:34:23,180 --> 00:34:20,220

even tried to I did a conference call

771

00:34:24,980 --> 00:34:23,190

with the former fighter pilot Paco

772

00:34:27,349 --> 00:34:24,990

Teresa you wrote that original article

773

00:34:28,909 --> 00:34:27,359

I'd I did a conference call with these

774

00:34:31,579 --> 00:34:28,919

guys just off the record where I was

775

00:34:34,490 --> 00:34:31,589

trying to see if I could get him to ask

776

00:34:36,980 --> 00:34:34,500

some questions maybe to open up and but

777

00:34:40,760 --> 00:34:36,990

it was I found that it was it was sort

778

00:34:42,440 --> 00:34:40,770

of the that's were really the enlisted

779

00:34:45,139 --> 00:34:42,450

vets were really want they didn't want

780

00:34:47,299 --> 00:34:45,149

to talk about it but you know I think

781

00:34:49,010 --> 00:34:47,309

that it was a closed-minded situation

782

00:34:51,260 --> 00:34:49,020

where there was no question that they

783

00:34:53,720 --> 00:34:51,270

were wrong and that's just the way it is

784

00:34:56,180 --> 00:34:53,730

that hey you know Dave baby you want to

785

00:34:58,069 --> 00:34:56,190

believe these guys man I understand that

786

00:35:00,250 --> 00:34:58,079

but they're wrong that was kind of the

787

00:35:03,710 --> 00:35:00,260

feeling I got from it it was just

788

00:35:05,240 --> 00:35:03,720

closed-door now I don't I think that

789

00:35:07,819 --> 00:35:05,250

those guys have just moved on from that

790

00:35:09,410 --> 00:35:07,829

they're like hey if you won't say that

791

00:35:12,020 --> 00:35:09,420

or you know if you want to believe that

792

00:35:14,420 --> 00:35:12,030

that's your belief that we were there

793

00:35:17,000 --> 00:35:14,430

this is what we experienced and they

794

00:35:19,069 --> 00:35:17,010

sort of created this do United Front so

795

00:35:20,390 --> 00:35:19,079

to speak and I've actually seen that

796

00:35:22,160 --> 00:35:20,400

some of these guys coming forward like

797

00:35:24,920 --> 00:35:22,170

the guy that I just talked about the

798

00:35:27,289 --> 00:35:24,930

cryptographic technician he felt really

799

00:35:29,359 --> 00:35:27,299

bad that there was that these pilots

800

00:35:32,359 --> 00:35:29,369

that were sort of going out and talking

801
00:35:35,089 --> 00:35:32,369
down about enlisted crewmen and he

802
00:35:37,069 --> 00:35:35,099
wanted to come forward simply to

803
00:35:39,920 --> 00:35:37,079
basically support what they saw because

804
00:35:41,390 --> 00:35:39,930
he was like hey I was there and I saw

805
00:35:43,190 --> 00:35:41,400
the same thing I witnessed the same

806
00:35:46,099 --> 00:35:43,200
thing that week so it was pretty

807
00:35:48,079 --> 00:35:46,109
interesting to to have that but we're

808
00:35:50,750 --> 00:35:48,089
really yep chant chant let me jump in

809
00:35:53,329 --> 00:35:50,760
here really was that it was just flavor

810
00:35:55,370 --> 00:35:53,339
at the the McMinnville conference that

811
00:35:58,400 --> 00:35:55,380
happened at some point last year I can't

812
00:36:00,559 --> 00:35:58,410
remember exactly when but let's see I

813
00:36:03,109 --> 00:36:00,569

believe it's a Kurth is really not

814

00:36:04,519 --> 00:36:03,119

saying anything and Chad Underwood

815

00:36:07,130 --> 00:36:04,529

really didn't say that much either was

816

00:36:09,160 --> 00:36:07,140

really only flavor at that at that one

817

00:36:12,319 --> 00:36:09,170

instance and to be honest with you that

818

00:36:14,660 --> 00:36:12,329

really did not get much in the way of

819

00:36:17,900 --> 00:36:14,670

legs outside of the the real niche

820

00:36:20,510 --> 00:36:17,910

hardcore UFO community well yeah but he

821

00:36:23,030 --> 00:36:20,520

also went after them like on Joe Rogan

822

00:36:25,430 --> 00:36:23,040

so that had quite a few

823

00:36:27,380 --> 00:36:25,440

negative applications for those guys but

824

00:36:29,240 --> 00:36:27,390

I mean again like I said they kind of

825

00:36:30,290 --> 00:36:29,250

brush it off and say look you don't have

826
00:36:34,940 --> 00:36:30,300
to believe me

827
00:36:36,380 --> 00:36:34,950
you know we saw you know they're in even

828
00:36:38,750 --> 00:36:36,390
with some of the witnesses that have

829
00:36:40,070 --> 00:36:38,760
come forward that have differing in and

830
00:36:41,720 --> 00:36:40,080
I'm not talking about the pilots that

831
00:36:44,000 --> 00:36:41,730
have different recollections for

832
00:36:47,120 --> 00:36:44,010
instance these guys don't recall seeing

833
00:36:49,580 --> 00:36:47,130
multiple tracks on the new guys that I'm

834
00:36:52,190 --> 00:36:49,590
talking to you they say they were aware

835
00:36:54,560 --> 00:36:52,200
of one or two tracks of UFOs and when

836
00:36:57,260 --> 00:36:54,570
they were tracked it was one object if

837
00:36:59,990 --> 00:36:57,270
you recall Cavan mentions groups of five

838
00:37:02,180 --> 00:37:00,000

to ten objects first yeah they were

839

00:37:06,110 --> 00:37:02,190

adding up over a period of time to like

840

00:37:07,940 --> 00:37:06,120

a hundred or so right and they say they

841

00:37:10,760 --> 00:37:07,950

didn't witness that at all they were

842

00:37:12,830 --> 00:37:10,770

aware of one or two UFOs during the

843

00:37:17,770 --> 00:37:12,840

entire week that were actually tracked

844

00:37:20,750 --> 00:37:17,780

on radar so I wanted to mention after a

845

00:37:24,320 --> 00:37:20,760

sort of that debacle or seemingly

846

00:37:29,680 --> 00:37:24,330

negative situation when favor denied the

847

00:37:33,490 --> 00:37:32,420

it seemed like right after that or

848

00:37:37,250 --> 00:37:33,500

shortly thereafter

849

00:37:39,410 --> 00:37:37,260

you took your wonderful USS Nimitz

850

00:37:42,500 --> 00:37:39,420

encounter documentary that you worked so

851
00:37:46,370 --> 00:37:42,510
hard on which was is an award-winning

852
00:37:48,260 --> 00:37:46,380
documentary off of Amazon you'll have to

853
00:37:50,900 --> 00:37:48,270
correct me later if I'm wrong which got

854
00:37:52,850 --> 00:37:50,910
millions of views and you went ahead and

855
00:37:56,080 --> 00:37:52,860
did something after that with it can you

856
00:38:00,410 --> 00:37:56,090
please fill us in on what you did yeah

857
00:38:03,950 --> 00:38:00,420
you know back then I didn't really like

858
00:38:09,050 --> 00:38:03,960
publicize this too much because you know

859
00:38:11,630 --> 00:38:09,060
sort of a professional thing but in the

860
00:38:14,600 --> 00:38:11,640
very beginning I had asked for

861
00:38:16,850 --> 00:38:14,610
permission to use a short snippet from

862
00:38:18,650 --> 00:38:16,860
commander framer that had been recorded

863
00:38:21,020 --> 00:38:18,660

by to the Stars Academy and I got

864

00:38:24,830 --> 00:38:21,030

permission through their you know

865

00:38:26,380 --> 00:38:24,840

marketing people basically and they said

866

00:38:28,820 --> 00:38:26,390

you know I could use a little bit

867

00:38:31,280 --> 00:38:28,830

fast-forward after the video went live

868

00:38:33,080 --> 00:38:31,290

and again Who am I I'm just a guy in the

869

00:38:35,540 --> 00:38:33,090

Internet I'm not the History Channel I'm

870

00:38:36,650 --> 00:38:35,550

not you know Discovery Channel and a

871

00:38:38,660 --> 00:38:36,660

little guy that

872

00:38:42,020 --> 00:38:38,670

no one's ever heard of puts a video up

873

00:38:44,630 --> 00:38:42,030

on youtube so two months later it had

874

00:38:47,510 --> 00:38:44,640

over a million views and I guess that

875

00:38:49,490 --> 00:38:47,520

caught the attention of commander flavor

876

00:38:51,260 --> 00:38:49,500

or somebody emailed it to them you know

877

00:38:54,380 --> 00:38:51,270

how that works somebody sees it and says

878

00:38:56,990 --> 00:38:54,390

hey did you see this and I guess he took

879

00:38:59,150 --> 00:38:57,000

issue with the fact that I used his

880

00:39:02,210 --> 00:38:59,160

interview without his specific

881

00:39:03,920 --> 00:39:02,220

permission and I did try to even contact

882

00:39:05,210 --> 00:39:03,930

him at the time but I never looked

883

00:39:08,359 --> 00:39:05,220

successful in getting through dan

884

00:39:10,549 --> 00:39:08,369

actually wouldn't really be his place to

885

00:39:12,109 --> 00:39:10,559

do that it's at he's the stars Academy

886

00:39:15,039 --> 00:39:12,119

cut it they gave you the permission and

887

00:39:17,270 --> 00:39:15,049

you got it right it wouldn't they were

888

00:39:19,819 --> 00:39:17,280

Russian companies so they were doing

889

00:39:22,670 --> 00:39:19,829

that in essence before they did their

890

00:39:24,500 --> 00:39:22,680

show on identify but I got an email from

891

00:39:26,690 --> 00:39:24,510

their attorney saying that commander

892

00:39:29,270 --> 00:39:26,700

flavor is demanding that I removed this

893

00:39:30,950 --> 00:39:29,280

clip that they they didn't mention that

894

00:39:33,079 --> 00:39:30,960

I that they I had already given me

895

00:39:35,420 --> 00:39:33,089

permission so I wrote back and go you

896

00:39:38,150 --> 00:39:35,430

got this gaming permission you know what

897

00:39:40,069 --> 00:39:38,160

why if you put this in writing you know

898

00:39:41,450 --> 00:39:40,079

put it in writing or give me a call I

899

00:39:43,250 --> 00:39:41,460

mean that was the thing that got me is

900

00:39:45,109 --> 00:39:43,260

why didn't they just pick up the phone

901
00:39:46,670 --> 00:39:45,119
instead of having their attorney come

902
00:39:49,190 --> 00:39:46,680
after me or whatever I thought that was

903
00:39:51,289 --> 00:39:49,200
sort of to me a little unprofessional I

904
00:39:53,240 --> 00:39:51,299
would have used if you guys put a video

905
00:39:55,640 --> 00:39:53,250
up I would just call you and say hey you

906
00:39:57,019 --> 00:39:55,650
know what's going on you know can you

907
00:39:59,150 --> 00:39:57,029
take that down on a like it or whatever

908
00:40:01,670 --> 00:39:59,160
but you know saw in the end I just

909
00:40:04,099 --> 00:40:01,680
agreed I'm like look I'm not gonna fight

910
00:40:06,319 --> 00:40:04,109
you guys over this little snippet I just

911
00:40:08,029 --> 00:40:06,329
took it out of my film and I just

912
00:40:11,180 --> 00:40:08,039
instead of having commander framers

913
00:40:12,799 --> 00:40:11,190

basically in his own words saying for a

914

00:40:16,190 --> 00:40:12,809

minute or two what he saw I just

915

00:40:19,010 --> 00:40:16,200

paraphrased it so the narrator says the

916

00:40:20,990 --> 00:40:19,020

exact same thing but without it coming

917

00:40:22,250 --> 00:40:21,000

out of his mouth you see so I don't all

918

00:40:24,440 --> 00:40:22,260

right I don't face a copyright

919

00:40:27,710 --> 00:40:24,450

infringement or whatever they exactly

920

00:40:29,150 --> 00:40:27,720

mean exactly so you know it was a little

921

00:40:32,569 --> 00:40:29,160

stuffed back but to be honest with you

922

00:40:35,329 --> 00:40:32,579

mmm at that time I had the four

923

00:40:36,829 --> 00:40:35,339

interviews with the new witnesses so the

924

00:40:38,720 --> 00:40:36,839

filament was better I thought because

925

00:40:42,220 --> 00:40:38,730

instead of just one witnessed I ended up

926
00:40:44,990 --> 00:40:42,230
adding four new guys to the film and

927
00:40:47,210 --> 00:40:45,000
while maybe not having the pilots

928
00:40:49,339 --> 00:40:47,220
testimony was a little you know but

929
00:40:50,500 --> 00:40:49,349
again you know I've never figured out

930
00:40:56,660 --> 00:40:50,510
why

931
00:41:00,740 --> 00:40:56,670
care he didn't like he didn't like the

932
00:41:02,030 --> 00:41:00,750
CGI helmet color or the shape of the jet

933
00:41:04,040 --> 00:41:02,040
wasn't cool enough he called it a

934
00:41:06,620 --> 00:41:04,050
cartoon so maybe he doesn't like CGI

935
00:41:08,930 --> 00:41:06,630
soccer well well well and well add the

936
00:41:11,180 --> 00:41:08,940
the unfortunate part of all that is that

937
00:41:13,670 --> 00:41:11,190
the CGI work that you did for this film

938
00:41:17,690 --> 00:41:13,680

was a superior to the CGI work that was

939

00:41:19,790 --> 00:41:17,700

done in the in the unidentified program

940

00:41:22,010 --> 00:41:19,800

so you got that going for you David did

941

00:41:24,890 --> 00:41:22,020

a nice job on that so I have two

942

00:41:27,470 --> 00:41:24,900

questions one for Dave and then one for

943

00:41:31,070 --> 00:41:27,480

a Christian I wanted to mention by the

944

00:41:34,460 --> 00:41:31,080

way we did have Paco cirucci on our show

945

00:41:35,960 --> 00:41:34,470

on twelve seventeen a 2019 anyway Dave

946

00:41:38,420 --> 00:41:35,970

you mentioned that it was sort of a

947

00:41:40,940 --> 00:41:38,430

mixed blessing you actually had the

948

00:41:42,560 --> 00:41:40,950

opportunity add more material to your us

949

00:41:44,870 --> 00:41:42,570

estimates encounter award-winning

950

00:41:47,450 --> 00:41:44,880

documentary what I wanted to know from

951
00:41:51,710 --> 00:41:47,460
you is where can folks actually see that

952
00:41:53,750 --> 00:41:51,720
so that they can directly access it and

953
00:41:56,470 --> 00:41:53,760
watch it and then have a question a

954
00:41:59,600 --> 00:41:56,480
question for Christian right after that

955
00:42:02,210 --> 00:41:59,610
yeah thanks I mean you can watch the

956
00:42:05,000 --> 00:42:02,220
film either from my website at Nimitz

957
00:42:07,250 --> 00:42:05,010
Encounters calm it's on YouTube and you

958
00:42:09,140 --> 00:42:07,260
can also find it on Amazon Prime if you

959
00:42:14,750 --> 00:42:09,150
want to see it on your widescreen you

960
00:42:16,760 --> 00:42:14,760
know home theater system okay wonderful

961
00:42:19,790 --> 00:42:16,770
thank you very much and the question you

962
00:42:21,860 --> 00:42:19,800
have for Christian is and also for Dave

963
00:42:25,220 --> 00:42:21,870

but I wanted to know Christian do you

964

00:42:28,070 --> 00:42:25,230

think and that if anybody had the

965

00:42:32,150 --> 00:42:28,080

wherewithal to continue aggressively

966

00:42:35,060 --> 00:42:32,160

doing FOIA requests of the US Navy or

967

00:42:37,370 --> 00:42:35,070

any other faction of the US government

968

00:42:40,160 --> 00:42:37,380

or maybe even another country's

969

00:42:42,560 --> 00:42:40,170

government on the tick-tack topic they

970

00:42:49,850 --> 00:42:42,570

would come up with anything at all is it

971

00:42:52,190 --> 00:42:49,860

even worth trying I don't know whether I

972

00:42:56,000 --> 00:42:52,200

think it's would be ultimately a waste

973

00:43:00,710 --> 00:42:56,010

of time because either they they can

974

00:43:02,960 --> 00:43:00,720

stall for any number of reasons I'm sure

975

00:43:03,900 --> 00:43:02,970

Dave probably has seen it but as if

976

00:43:07,200 --> 00:43:03,910

anyone has seen

977

00:43:09,750 --> 00:43:07,210

recent article by Tyler Rogo way on the

978

00:43:12,240 --> 00:43:09,760

problems he's had trying to get answers

979

00:43:16,140 --> 00:43:12,250

to information of course he's had to OSD

980

00:43:18,270 --> 00:43:16,150

and tell him the tone of his writing

981

00:43:21,180 --> 00:43:18,280

that he is frustrated on the verge of

982

00:43:26,660 --> 00:43:21,190

anger for what he sees as blatant

983

00:43:29,220 --> 00:43:26,670

disregard practically at the same time

984

00:43:31,049 --> 00:43:29,230

the other side the government site

985

00:43:34,529 --> 00:43:31,059

wherever we'd be sending our requests

986

00:43:36,710 --> 00:43:34,539

essentially holds all the cards they if

987

00:43:40,559 --> 00:43:36,720

it's something they can find a way to

988

00:43:42,420 --> 00:43:40,569

withhold why wouldn't they I mean I can

989

00:43:44,309 --> 00:43:42,430

understand when you go to the premise

990

00:43:46,309 --> 00:43:44,319

that well information that gets to the

991

00:43:48,690 --> 00:43:46,319

public may very well be getting to our

992

00:43:50,370 --> 00:43:48,700

enemies whoever they might be

993

00:43:53,160 --> 00:43:50,380

so they'll wonder with whole thing's

994

00:43:56,160 --> 00:43:53,170

just for that reason but as far as

995

00:43:58,529 --> 00:43:56,170

something like this when if you look

996

00:44:02,010 --> 00:43:58,539

back on it we're really in the same

997

00:44:04,950 --> 00:44:02,020

position we were in even back when the

998

00:44:08,220 --> 00:44:04,960

FOI a capability first came about 50

999

00:44:09,690 --> 00:44:08,230

years on same situation hurry up and

1000

00:44:12,289 --> 00:44:09,700

wait you don't get answers you get

1001
00:44:15,599 --> 00:44:12,299
answers on some things but effectively I

1002
00:44:20,279 --> 00:44:15,609
don't know that you would ever get a

1003
00:44:22,410 --> 00:44:20,289
direct here it is expose everything if

1004
00:44:26,069 --> 00:44:22,420
the whole purpose is to not expose

1005
00:44:27,890 --> 00:44:26,079
anything so my the best luck I've had

1006
00:44:30,990 --> 00:44:27,900
and I'll call it luck I guess

1007
00:44:33,450 --> 00:44:31,000
on occasion has been you get something

1008
00:44:35,730 --> 00:44:33,460
in a response that you can then add to

1009
00:44:37,980 --> 00:44:35,740
something else and formulate a better

1010
00:44:39,630 --> 00:44:37,990
question that maybe gets you a little

1011
00:44:42,510 --> 00:44:39,640
bit further down the road but it's

1012
00:44:44,370 --> 00:44:42,520
almost like what's my line can you ask

1013
00:44:46,339 --> 00:44:44,380

questions and you try to deduce what to

1014

00:44:50,309 --> 00:44:46,349

ask next and you kind of build on that

1015

00:44:56,120 --> 00:44:50,319

if I had to because I thought about this

1016

00:44:59,339 --> 00:44:56,130

in the last days and weeks the only way

1017

00:45:02,190 --> 00:44:59,349

the UFO community and I use that term

1018

00:45:04,740 --> 00:45:02,200

broadly but those of us who are serious

1019

00:45:06,839 --> 00:45:04,750

about wanting to know what's really

1020

00:45:09,269 --> 00:45:06,849

going on or ever going in my opinion

1021

00:45:12,660 --> 00:45:09,279

ever going to accomplish anything is to

1022

00:45:15,660 --> 00:45:12,670

organize we need some organization or

1023

00:45:18,840 --> 00:45:15,670

some type of legitimate organization

1024

00:45:22,710 --> 00:45:18,850

that's transparent that can generate

1025

00:45:25,260 --> 00:45:22,720

some kind of voting block I don't know

1026
00:45:27,930 --> 00:45:25,270
that I'm anywhere near the person to do

1027
00:45:29,880 --> 00:45:27,940
that I'm much more of a frontline boots

1028
00:45:31,440 --> 00:45:29,890
out there in the field type but

1029
00:45:33,180 --> 00:45:31,450
realistically I mean it's like trying to

1030
00:45:35,220 --> 00:45:33,190
call your Congressman as an individual

1031
00:45:38,840 --> 00:45:35,230
thank you bye-bye

1032
00:45:42,630 --> 00:45:38,850
you know that's it you need some type of

1033
00:45:46,530 --> 00:45:42,640
organized effort that the public can get

1034
00:45:48,570 --> 00:45:46,540
behind where they don't sense deception

1035
00:45:53,070 --> 00:45:48,580
or that you're not being told certain

1036
00:45:55,410 --> 00:45:53,080
things but as far as FY goes it's the

1037
00:45:56,910 --> 00:45:55,420
only that's the only game in town as far

1038
00:46:00,120 --> 00:45:56,920

as approaching the government for

1039

00:46:02,010 --> 00:46:00,130

information and so I'm not telling

1040

00:46:03,270 --> 00:46:02,020

anybody to stop doing it and it depends

1041

00:46:04,560 --> 00:46:03,280

to a great extent on what you're asking

1042

00:46:08,970 --> 00:46:04,570

I mean the types of things we're asking

1043

00:46:11,550 --> 00:46:08,980

or some pretty touchy areas that involve

1044

00:46:12,930 --> 00:46:11,560

a lot of legitimate secret things if

1045

00:46:14,490 --> 00:46:12,940

it's history if you're looking you know

1046

00:46:15,870 --> 00:46:14,500

I have plenty of people that I'm glad

1047

00:46:17,790 --> 00:46:15,880

they're following a FOIA request for

1048

00:46:20,490 --> 00:46:17,800

information that we get out in the long

1049

00:46:22,590 --> 00:46:20,500

run but something that's pertinent right

1050

00:46:25,710 --> 00:46:22,600

now like this kind of a subject I don't

1051

00:46:27,630 --> 00:46:25,720

know I still do it myself but you know

1052

00:46:29,160 --> 00:46:27,640

you send it out there on a wing and a

1053

00:46:30,570 --> 00:46:29,170

prayer and then hope you've worded it

1054

00:46:32,910 --> 00:46:30,580

correctly

1055

00:46:34,920 --> 00:46:32,920

I'll even mention an example of

1056

00:46:38,850 --> 00:46:34,930

something just the other day it

1057

00:46:39,720 --> 00:46:38,860

indirectly relates to to the Stars so I

1058

00:46:41,940 --> 00:46:39,730

don't want to get off on the subject

1059

00:46:45,330 --> 00:46:41,950

that way but it comes from a misreading

1060

00:46:47,370 --> 00:46:45,340

of the spelling and I mentioned it to

1061

00:46:50,880 --> 00:46:47,380

you last time I think that the the army

1062

00:46:54,930 --> 00:46:50,890

crater that has the OSD in there as a as

1063

00:46:56,130 --> 00:46:54,940

a participant I was looking at the

1064

00:46:58,020 --> 00:46:56,140

wording because I was going to make sure

1065

00:47:02,330 --> 00:46:58,030

that it was office of Secretary of

1066

00:47:05,250 --> 00:47:02,340

Defense but they don't stipulate

1067

00:47:10,980 --> 00:47:05,260

material I suddenly looked at it closely

1068

00:47:13,680 --> 00:47:10,990

and it says material there is a subtle

1069

00:47:17,130 --> 00:47:13,690

but very specific difference between

1070

00:47:19,560 --> 00:47:17,140

those two words yeah instead of a yes

1071

00:47:21,500 --> 00:47:19,570

exactly no material is far more common

1072

00:47:23,820 --> 00:47:21,510

in the military so perhaps that's just

1073

00:47:25,140 --> 00:47:23,830

terminology that's used when they aren't

1074

00:47:26,730 --> 00:47:25,150

you know by whoever writes the crater

1075

00:47:28,440 --> 00:47:26,740

with the army and so it tends they tend

1076

00:47:30,930 --> 00:47:28,450

to use material

1077

00:47:32,790 --> 00:47:30,940

but of course my request for information

1078

00:47:34,770 --> 00:47:32,800

although I didn't specifically state

1079

00:47:38,460 --> 00:47:34,780

material but I have to go back and even

1080

00:47:41,190 --> 00:47:38,470

read that now so it may be vital to be

1081

00:47:46,440 --> 00:47:41,200

sure that if I've requested material

1082

00:47:49,579 --> 00:47:46,450

with an a but when they indicate that

1083

00:47:55,710 --> 00:47:49,589

the OSD can share information on the

1084

00:47:57,270 --> 00:47:55,720

material that may in that context when

1085

00:47:59,730 --> 00:47:57,280

you're writing to the army or someone in

1086

00:48:01,680 --> 00:47:59,740

the military that might be able to be

1087

00:48:03,540 --> 00:48:01,690

interpreted in a slightly different way

1088

00:48:06,300 --> 00:48:03,550

or I didn't spell out exactly what it

1089

00:48:08,430 --> 00:48:06,310

says so they can they don't have to tell

1090

00:48:11,310 --> 00:48:08,440

me I spelled it wrongly or that I read

1091

00:48:13,620 --> 00:48:11,320

it missed I misread it so once again

1092

00:48:16,349 --> 00:48:13,630

it's a thought do I do that or do I wait

1093

00:48:18,410 --> 00:48:16,359

or do I so my point is it's important in

1094

00:48:20,880 --> 00:48:18,420

FY these to be sure that you're

1095

00:48:23,069 --> 00:48:20,890

requesting the right thing because I

1096

00:48:25,859 --> 00:48:23,079

think unfortunately we can make human

1097

00:48:27,510 --> 00:48:25,869

mistakes and unfortunately they can also

1098

00:48:29,609 --> 00:48:27,520

tell you know we don't have anything

1099

00:48:32,310 --> 00:48:29,619

because you asked the wrong question or

1100

00:48:33,990 --> 00:48:32,320

you ask the wrong wording so anyway that

1101
00:48:36,089 --> 00:48:34,000
was I'd mean to get off the subject well

1102
00:48:39,180 --> 00:48:36,099
dave has to go here pretty soon but I

1103
00:48:40,530 --> 00:48:39,190
wanted to ask Dave the same question do

1104
00:48:43,740 --> 00:48:40,540
you think that it's a fruitless endeavor

1105
00:48:46,050 --> 00:48:43,750
to go ahead and continue to insist on

1106
00:48:48,690 --> 00:48:46,060
knowing more about the tic-tock topic

1107
00:48:52,020 --> 00:48:48,700
from any government around the world by

1108
00:48:56,640 --> 00:48:52,030
filling out voya requests that seemed at

1109
00:48:59,309 --> 00:48:56,650
times needlessly disregarded that are

1110
00:49:03,150 --> 00:48:59,319
suspected so by some researchers on this

1111
00:49:04,800 --> 00:49:03,160
topic well you know I think that it's a

1112
00:49:07,500 --> 00:49:04,810
really great resource that we have

1113
00:49:10,470 --> 00:49:07,510

available and we should use it I mean

1114

00:49:13,050 --> 00:49:10,480

not all countries have that open

1115

00:49:16,109 --> 00:49:13,060

government policy and it's available to

1116

00:49:18,630 --> 00:49:16,119

every citizen so I don't feel guilty at

1117

00:49:20,099 --> 00:49:18,640

all firing at a whole bunch of foyers

1118

00:49:23,910 --> 00:49:20,109

that probably take a lot of work because

1119

00:49:27,500 --> 00:49:23,920

again that's what the law says we can do

1120

00:49:30,569 --> 00:49:27,510

and I've actually found a lot of

1121

00:49:32,849 --> 00:49:30,579

interesting things and just like

1122

00:49:42,120 --> 00:49:32,859

Christian said it's almost like you have

1123

00:49:47,260 --> 00:49:45,849

and thinking trying to seek that may

1124

00:49:50,950 --> 00:49:47,270

give you some information but not

1125

00:49:52,599 --> 00:49:50,960

directly where it may get denied one of

1126

00:49:54,880 --> 00:49:52,609

the things that helped me for instance

1127

00:49:58,480 --> 00:49:54,890

was to begin looking at the Carrier

1128

00:50:01,630 --> 00:49:58,490

Strike groups as in you know sort of a

1129

00:50:03,339 --> 00:50:01,640

group of ships and not all the ships we

1130

00:50:05,859 --> 00:50:03,349

know about so what are the other ships

1131

00:50:09,190 --> 00:50:05,869

that might have been there maybe they

1132

00:50:13,089 --> 00:50:09,200

know something and I was successful in

1133

00:50:17,800 --> 00:50:13,099

in the case of the nimitz encounters and

1134

00:50:20,109 --> 00:50:17,810

getting soyuz for the other cruisers

1135

00:50:21,609 --> 00:50:20,119

that were out there actually the

1136

00:50:22,780 --> 00:50:21,619

destroyers that were out there with the

1137

00:50:25,390 --> 00:50:22,790

crews of the princeton there were sort

1138

00:50:27,040 --> 00:50:25,400

of the sister ships unfortunately i

1139

00:50:31,680 --> 00:50:27,050

found out later that they were not on

1140

00:50:34,650 --> 00:50:31,690

the scene and when we tried to get the

1141

00:50:38,290 --> 00:50:34,660

princeton itself we found out that that

1142

00:50:40,750 --> 00:50:38,300

logs for that ship were missing and you

1143

00:50:43,420 --> 00:50:40,760

just kind of hop scotch to the next

1144

00:50:45,599 --> 00:50:43,430

subject and the next thing every every

1145

00:50:47,859 --> 00:50:45,609

little nook and cranny you can find

1146

00:50:50,200 --> 00:50:47,869

unfortunately in the case of the Nimitz

1147

00:50:52,270 --> 00:50:50,210

over and over I was told that these

1148

00:50:54,910 --> 00:50:52,280

records were destroyed in that the Navy

1149

00:50:56,890 --> 00:50:54,920

doesn't have to keep like 90% of the

1150

00:50:58,120 --> 00:50:56,900

records after two years they just can

1151
00:50:59,349 --> 00:50:58,130
say that they're destroyed everything

1152
00:51:02,440 --> 00:50:59,359
have to look for them even if they do

1153
00:51:03,790 --> 00:51:02,450
exist so I have I still have a bunch out

1154
00:51:05,859 --> 00:51:03,800
there and I don't give up even though I

1155
00:51:08,140 --> 00:51:05,869
know it's more than two years I have a

1156
00:51:09,880 --> 00:51:08,150
bunch of boys out there for documents

1157
00:51:11,380 --> 00:51:09,890
that have been mentioned itself yeah we

1158
00:51:13,780 --> 00:51:11,390
had a great show yesterday with Paul

1159
00:51:17,339 --> 00:51:13,790
Dean who's a good friend of both of

1160
00:51:20,620 --> 00:51:17,349
yours and he was talking about how

1161
00:51:25,450 --> 00:51:20,630
frustrating it can be to have a circular

1162
00:51:28,480 --> 00:51:25,460
conversation with federal or other kinds

1163
00:51:33,010 --> 00:51:28,490

of agencies from the US government just

1164

00:51:37,120 --> 00:51:33,020

seemingly being apathetic to FOIA

1165

00:51:39,190 --> 00:51:37,130

requests or not responding there they're

1166

00:51:41,410 --> 00:51:39,200

responding in manners if they have no

1167

00:51:43,900 --> 00:51:41,420

idea what you're talking about

1168

00:51:45,099 --> 00:51:43,910

or it's going to the wrong Department or

1169

00:51:47,980 --> 00:51:45,109

whatever you know these kinds of

1170

00:51:50,770 --> 00:51:47,990

ridiculous things that can occur and I

1171

00:51:54,000 --> 00:51:50,780

asked him what what could what advice

1172

00:51:55,600 --> 00:51:54,010

can you give to a person who's new at

1173

00:52:06,700 --> 00:51:55,610

filling out FOIA

1174

00:52:08,350 --> 00:52:06,710

request and he said patience yeah

1175

00:52:10,090 --> 00:52:08,360

sometimes it takes a week I mean a

1176
00:52:12,190 --> 00:52:10,100
couple weeks and you get and then other

1177
00:52:14,710 --> 00:52:12,200
times you're like wait a second it's

1178
00:52:17,080 --> 00:52:14,720
been two years yeah and we actually

1179
00:52:19,840 --> 00:52:17,090
talked about that the last hour you with

1180
00:52:22,930 --> 00:52:19,850
Kristian Lambright also about something

1181
00:52:26,110 --> 00:52:22,940
very interesting it's not funny to some

1182
00:52:28,090 --> 00:52:26,120
people but but it is to others and in a

1183
00:52:30,160 --> 00:52:28,100
bitter way and dad is on the national

1184
00:52:32,170 --> 00:52:30,170
security archives website they have an

1185
00:52:36,250 --> 00:52:32,180
interesting article titled something

1186
00:52:40,000 --> 00:52:36,260
like 25 year old FOIA requests basically

1187
00:52:42,010 --> 00:52:40,010
delayed and there's many federal

1188
00:52:47,230 --> 00:52:42,020

agencies involved regard regarding these

1189

00:52:49,570 --> 00:52:47,240

kinds of 25 year old request FOIA

1190

00:52:51,610 --> 00:52:49,580

related requests and there's just people

1191

00:52:54,130 --> 00:52:51,620

waiting and it's interesting because

1192

00:52:57,580 --> 00:52:54,140

what if you wait two and a half decades

1193

00:52:59,740 --> 00:52:57,590

for a couple FOIA as you put in and did

1194

00:53:01,120 --> 00:52:59,750

then just get denied you know you get a

1195

00:53:06,040 --> 00:53:01,130

letter in the mail saying that you're

1196

00:53:07,690 --> 00:53:06,050

denied on them how frustrating is that I

1197

00:53:09,610 --> 00:53:07,700

wanted to go ahead and mention to our

1198

00:53:12,310 --> 00:53:09,620

listeners just something interesting

1199

00:53:17,500 --> 00:53:12,320

before dave has to go and that is that

1200

00:53:19,840 --> 00:53:17,510

the FOIA request the ability and the

1201
00:53:22,360 --> 00:53:19,850
privilege to do that was signed into law

1202
00:53:25,780 --> 00:53:22,370
in 1966 by president lyndon b johnson

1203
00:53:28,750 --> 00:53:25,790
and I know that Christian and Paul Dean

1204
00:53:31,090 --> 00:53:28,760
would probably agree with me on this but

1205
00:53:33,910 --> 00:53:31,100
the government really needs to work

1206
00:53:36,640 --> 00:53:33,920
better on a better system for the folks

1207
00:53:39,430 --> 00:53:36,650
who are filling out a request but I

1208
00:53:43,450 --> 00:53:39,440
think that the many many factions of the

1209
00:53:46,090 --> 00:53:43,460
government enjoy the fact is that FOIA

1210
00:53:49,060 --> 00:53:46,100
requesters are given a hard time at

1211
00:53:51,310 --> 00:53:49,070
times and that it is seemingly

1212
00:53:53,470 --> 00:53:51,320
impossible at times to be able to get

1213
00:53:56,620 --> 00:53:53,480

information through FOIA requests what

1214

00:53:58,660 --> 00:53:56,630

are your thoughts on that I don't if you

1215

00:54:00,580 --> 00:53:58,670

recall a recent one that John Greenwald

1216

00:54:02,950 --> 00:54:00,590

had pointed out that apparently one of

1217

00:54:05,470 --> 00:54:02,960

the items he got was a response from one

1218

00:54:07,570 --> 00:54:05,480

of the departments something showing a

1219

00:54:08,839 --> 00:54:07,580

yay we beat John Green wall on some

1220

00:54:10,759 --> 00:54:08,849

requests he was putting out

1221

00:54:12,620 --> 00:54:10,769

and you think why would they have that

1222

00:54:16,190 --> 00:54:12,630

attitude you know why wouldn't they

1223

00:54:17,749 --> 00:54:16,200

realize that well I don't know you know

1224

00:54:19,219 --> 00:54:17,759

sometimes you think I've heard the story

1225

00:54:21,769 --> 00:54:19,229

that if you're a police officer

1226

00:54:24,170 --> 00:54:21,779

eventually everybody that's not a

1227

00:54:26,719 --> 00:54:24,180

policeman becomes potentially a suspect

1228

00:54:28,099 --> 00:54:26,729

or somebody who's maybe if you've been

1229

00:54:30,979 --> 00:54:28,109

in the government or in there in the FO

1230

00:54:34,670 --> 00:54:30,989

a department or something eventually you

1231

00:54:35,960 --> 00:54:34,680

are so accustomed to now and especially

1232

00:54:37,339 --> 00:54:35,970

if you're someplace where people are

1233

00:54:39,769 --> 00:54:37,349

hitting you up for information that

1234

00:54:41,210 --> 00:54:39,779

we're asking for where you know you're

1235

00:54:42,890 --> 00:54:41,220

dancing this fine line between

1236

00:54:44,539 --> 00:54:42,900

classified information and for all I

1237

00:54:46,940 --> 00:54:44,549

know you've got your bosses up above

1238

00:54:48,710 --> 00:54:46,950

telling you to make it work and you're

1239

00:54:50,479 --> 00:54:48,720

gonna take the hit you know the people

1240

00:54:52,160 --> 00:54:50,489

have to respond or no you're gonna write

1241

00:54:54,950 --> 00:54:52,170

back and pick at them about something

1242

00:54:58,279 --> 00:54:54,960

they said but yeah I don't know it's

1243

00:55:00,380 --> 00:54:58,289

frustrating to me it's just I I don't

1244

00:55:01,910 --> 00:55:00,390

yeah I agree with Dave I mean it's what

1245

00:55:04,819 --> 00:55:01,920

we have and it's a fortunate thing that

1246

00:55:09,289 --> 00:55:04,829

we have it and we've made some progress

1247

00:55:12,019 --> 00:55:09,299

but I agree I wanted to mention just a

1248

00:55:14,420 --> 00:55:12,029

few agencies that are the top fed aged

1249

00:55:16,160 --> 00:55:14,430

agencies receiving the most foia

1250

00:55:17,779 --> 00:55:16,170

requests and then just go ahead and and

1251

00:55:30,600 --> 00:55:17,789

tell Dave thank you for having been on

1252

00:55:37,740 --> 00:55:34,950

see he is receiving the most by veteran

1253

00:55:40,050 --> 00:55:37,750

affairs US Department of Agriculture us

1254

00:55:42,060 --> 00:55:40,060

equal equal and unemployment Opportunity

1255

00:55:43,740 --> 00:55:42,070

Commission the National Archives and

1256

00:55:46,710 --> 00:55:43,750

Records Administration and the US

1257

00:55:48,300 --> 00:55:46,720

Department of Labor Dave I wanted to

1258

00:55:51,210 --> 00:55:48,310

thank you for having been on our show

1259

00:55:53,790 --> 00:55:51,220

today it was a real eye-opener regarding

1260

00:55:55,320 --> 00:55:53,800

the interesting information you had to

1261

00:55:57,360 --> 00:55:55,330

update all of us on on the tick-tack

1262

00:56:02,120 --> 00:55:57,370

topic and we look forward to having you

1263

00:56:05,280 --> 00:56:02,130

on more of our shows this year yeah

1264

00:56:07,710 --> 00:56:05,290

other little story it's interesting yes

1265

00:56:10,110 --> 00:56:07,720

please do you know when I first started

1266

00:56:11,880 --> 00:56:10,120

doing the FOIA is I didn't know much and

1267

00:56:16,640 --> 00:56:11,890

the first ones I was doing we're all

1268

00:56:19,220 --> 00:56:16,650

going through the Navy history command

1269

00:56:22,860 --> 00:56:19,230

which is part of the archives that

1270

00:56:25,440 --> 00:56:22,870

exists through the Navy and you know

1271

00:56:28,230 --> 00:56:25,450

they're their archives go back you know

1272

00:56:32,760 --> 00:56:28,240

decades and decades and decades and I

1273

00:56:34,440 --> 00:56:32,770

found it was a FOIA liaison officer that

1274

00:56:36,960 --> 00:56:34,450

worked out of that office that was

1275

00:56:40,230 --> 00:56:36,970

really really helpful to me and that

1276
00:56:42,780 --> 00:56:40,240
took the time to kind of walk me through

1277
00:56:44,610 --> 00:56:42,790
it if I if I was trying to find out you

1278
00:56:49,140 --> 00:56:44,620
know where do I find these records who

1279
00:56:52,260 --> 00:56:49,150
do I ask this person actually went out

1280
00:56:54,900 --> 00:56:52,270
of their way to help me out and you know

1281
00:56:56,790 --> 00:56:54,910
so I do you know take my hats off to

1282
00:56:58,170 --> 00:56:56,800
some of these government employees and

1283
00:57:01,680 --> 00:56:58,180
civilian employees that work in those

1284
00:57:04,710 --> 00:57:01,690
offices I mean I took the time to you

1285
00:57:06,540 --> 00:57:04,720
know write her command and let them know

1286
00:57:08,910 --> 00:57:06,550
what a great employee they had in this

1287
00:57:11,610 --> 00:57:08,920
woman and you know kind of gave her

1288
00:57:13,350 --> 00:57:11,620

praise and later on she said that you

1289

00:57:15,330 --> 00:57:13,360

know at the end of the year before the

1290

00:57:17,160 --> 00:57:15,340

break when they had their meeting they

1291

00:57:19,200 --> 00:57:17,170

brought her up to the front of the of

1292

00:57:21,270 --> 00:57:19,210

the room in front of everybody and sort

1293

00:57:22,920 --> 00:57:21,280

of you know gave her accolades because I

1294

00:57:25,470 --> 00:57:22,930

wrote that letter and kind of read it in

1295

00:57:27,420 --> 00:57:25,480

front of everybody so you know I mean

1296

00:57:29,700 --> 00:57:27,430

sometimes I think that you know there

1297

00:57:31,980 --> 00:57:29,710

are unsung heroes these people in these

1298

00:57:34,800 --> 00:57:31,990

positions and I really appreciated that

1299

00:57:36,870 --> 00:57:34,810

and you know later on when I needed

1300

00:57:39,480 --> 00:57:36,880

something for instance I was trying to

1301

00:57:41,580 --> 00:57:39,490

find out if anyone had ever fallen

1302

00:57:43,970 --> 00:57:41,590

overboard on the USS Nimitz during

1303

00:57:46,430 --> 00:57:43,980

November 2004 there was a man over

1304

00:57:48,440 --> 00:57:46,440

or during that entire time and I would

1305

00:57:51,710 --> 00:57:48,450

have been able to get those records she

1306

00:57:56,359 --> 00:57:51,720

buy on her own went through the records

1307

00:57:59,330 --> 00:57:56,369

over 400 pages of Nimitz logs to see if

1308

00:58:02,180 --> 00:57:59,340

she could find any Man Overboard during

1309

00:58:04,460 --> 00:58:02,190

that entire time which later on she said

1310

00:58:07,640 --> 00:58:04,470

that there was there were no records of

1311

00:58:10,070 --> 00:58:07,650

a man falling off the USS Nimitz but she

1312

00:58:11,840 --> 00:58:10,080

did that on her own like you know which

1313

00:58:14,030 --> 00:58:11,850

I mean I don't know if it was because I

1314

00:58:16,609 --> 00:58:14,040
wrote that letter but it certainly

1315

00:58:18,980 --> 00:58:16,619
helped so there's my little tips for

1316

00:58:21,349 --> 00:58:18,990
your researchers yeah we do want to give

1317

00:58:23,480 --> 00:58:21,359
them accolades and we also want to give

1318

00:58:25,790 --> 00:58:23,490
a great big thank you to people who work

1319

00:58:27,680 --> 00:58:25,800
for governments around the world that

1320

00:58:29,270 --> 00:58:27,690
have no idea what they're doing and they

1321

00:58:37,250 --> 00:58:29,280
accidentally give too much information

1322

00:58:38,599 --> 00:58:37,260
by machine to all those people and thank

1323

00:58:41,260 --> 00:58:38,609
you Dave for having been on our show can

1324

00:58:46,609 --> 00:58:41,270
you please remind our listeners the

1325

00:58:49,550 --> 00:58:46,619
website or the area of YouTube or the

1326
00:58:51,349 --> 00:58:49,560
forum that you have your wonderful USS

1327
00:58:54,200 --> 00:58:51,359
Nimitz Encounters documentary that you

1328
00:58:56,690 --> 00:58:54,210
have updated yeah absolutely

1329
00:58:59,300 --> 00:58:56,700
you can go to the Nimitz Encounters calm

1330
00:59:01,010 --> 00:58:59,310
I have the film on there plus a bunch of

1331
00:59:03,230 --> 00:59:01,020
other interesting documents and so on

1332
00:59:05,270 --> 00:59:03,240
that are related to that if you just go

1333
00:59:08,570 --> 00:59:05,280
to youtube and search the Nimitz

1334
00:59:11,060 --> 00:59:08,580
Encounters or on Amazon Prime video you

1335
00:59:12,410 --> 00:59:11,070
can go and again just search for the

1336
00:59:15,140 --> 00:59:12,420
Nimitz Encounters and you'll probably

1337
00:59:17,420 --> 00:59:15,150
see that that old feature film from the

1338
00:59:18,800 --> 00:59:17,430

70s but you'll also see my film on there

1339

00:59:22,130 --> 00:59:18,810

as well if you'd like to watch it and

1340

00:59:24,109 --> 00:59:22,140

would it be correct that if folks went

1341

00:59:26,450 --> 00:59:24,119

to your channel on YouTube they would

1342

00:59:29,690 --> 00:59:26,460

see it yeah I'm the channel you'll see

1343

00:59:32,420 --> 00:59:29,700

the various different versions of the

1344

00:59:35,120 --> 00:59:32,430

film unless I've kind of posted all of

1345

00:59:37,550 --> 00:59:35,130

the witnesses that have done interviews

1346

00:59:38,930 --> 00:59:37,560

with me I think we're up to five or six

1347

00:59:41,240 --> 00:59:38,940

now that are on there just in their

1348

00:59:43,550 --> 00:59:41,250

entirety I wanted to give a kind of a

1349

00:59:44,870 --> 00:59:43,560

disclaimer to our listeners folks just

1350

00:59:46,430 --> 00:59:44,880

do yourself a favor and go to his

1351
00:59:48,440 --> 00:59:46,440
channel we'll mention which one it is in

1352
00:59:50,300 --> 00:59:48,450
a second it's much better to go today

1353
00:59:52,310 --> 00:59:50,310
Beatty's Channel reason why is because

1354
00:59:55,760 --> 00:59:52,320
of what he just said there's going to be

1355
00:59:57,650 --> 00:59:55,770
a lot more information packed on that

1356
00:59:59,900 --> 00:59:57,660
tic-tac topic

1357
01:00:02,900 --> 00:59:59,910
and that will educate you on the latest

1358
01:00:04,430 --> 01:00:02,910
stuff and updates so Dave do you mind

1359
01:00:07,069 --> 01:00:04,440
just giving out the name of your YouTube

1360
01:00:09,380 --> 01:00:07,079
channel that way people know they can

1361
01:00:11,420 --> 01:00:09,390
google it and find it right away yeah my

1362
01:00:14,029 --> 01:00:11,430
youtube channel is the Nimbus Encounters

1363
01:00:16,579 --> 01:00:14,039

and go ahead and subscribe so if you--if

1364

01:00:19,309 --> 01:00:16,589

I do post a new video and again I don't

1365

01:00:21,770 --> 01:00:19,319

spam out and I very rarely post a video

1366

01:00:23,690 --> 01:00:21,780

but if you go there and you subscribe

1367

01:00:25,039 --> 01:00:23,700

that way if I do have any witness or a

1368

01:00:27,890 --> 01:00:25,049

new film that comes out you'll get

1369

01:00:29,329 --> 01:00:27,900

notified fantastic thank you so much we

1370

01:00:31,039 --> 01:00:29,339

hope that you stay safe and have a

1371

01:00:33,319 --> 01:00:31,049

lovely rest of your weekend with your

1372

01:00:33,740 --> 01:00:33,329

family thanks a lot Dave yeah thanks

1373

01:00:37,099 --> 01:00:33,750

Dave

1374

01:00:38,539 --> 01:00:37,109

okay I wanted to go ahead and touch on

1375

01:00:41,630 --> 01:00:38,549

an interesting topic that we're going to

1376

01:00:43,730 --> 01:00:41,640

bring up with an expert on this topic a

1377

01:00:45,529 --> 01:00:43,740

few of them actually it's a Christian

1378

01:00:47,359 --> 01:00:45,539

lamb right is still with us because

1379

01:00:49,160 --> 01:00:47,369

we're going to cover a really

1380

01:00:52,190 --> 01:00:49,170

fascinating incident called the cash

1381

01:00:54,230 --> 01:00:52,200

Landrum incident and by the way Frank if

1382

01:00:57,020 --> 01:00:54,240

you wouldn't mind try bringing in a Jan

1383

01:00:58,490 --> 01:00:57,030

Aldrich is on standby we're gonna try

1384

01:01:01,460 --> 01:00:58,500

reaching him you might hear his voice

1385

01:01:03,440 --> 01:01:01,470

mail but if that's the case we might try

1386

01:01:05,809 --> 01:01:03,450

him again to have him join us on this

1387

01:01:08,329 --> 01:01:05,819

topic Christian I wanted to ask you

1388

01:01:10,849 --> 01:01:08,339

about the cash Landrum incident but

1389

01:01:17,870 --> 01:01:10,859

before I do that I wanted to actually

1390

01:01:19,130 --> 01:01:17,880

share with our listeners an I wanted to

1391

01:01:20,990 --> 01:01:19,140

share with our listeners a little bit

1392

01:01:23,890 --> 01:01:21,000

regarding history of the cash Landrum

1393

01:01:26,599 --> 01:01:23,900

incident and that was an alleged UFO

1394

01:01:28,910 --> 01:01:26,609

sighting from the United States in 1980

1395

01:01:30,859 --> 01:01:28,920

which witnesses claimed was responsible

1396

01:01:34,370 --> 01:01:30,869

for causing health and property damage

1397

01:01:37,430 --> 01:01:34,380

that was an uncharacteristic for such a

1398

01:01:39,950 --> 01:01:37,440

UFO reports and this resulted in civil

1399

01:01:42,019 --> 01:01:39,960

court proceedings and the case ended in

1400

01:01:43,700 --> 01:01:42,029

a dismissal wanted to start with

1401

01:01:46,220 --> 01:01:43,710

Christian on this topic

1402

01:01:49,160 --> 01:01:46,230

can you please kind of gloss over and

1403

01:01:54,200 --> 01:01:49,170

give a general definitive history on the

1404

01:01:57,440 --> 01:01:54,210

cash Landrum incident sure sure

1405

01:01:59,960 --> 01:01:57,450

I believe it was the 28th 29th of

1406

01:02:02,269 --> 01:01:59,970

December 1980 so one of those two days I

1407

01:02:06,440 --> 01:02:02,279

don't recall exactly but the very end of

1408

01:02:09,020 --> 01:02:06,450

the year and two women and a little boy

1409

01:02:11,270 --> 01:02:09,030

this was Betty cash

1410

01:02:15,590 --> 01:02:11,280

Vickie Landrum and Vickie Landrum's

1411

01:02:17,620 --> 01:02:15,600

grandson Colby I believe it was at the

1412

01:02:20,270 --> 01:02:17,630

time of year they were going to look for

1413

01:02:21,500 --> 01:02:20,280

some kind of a bingo game something that

1414

01:02:25,070 --> 01:02:21,510

had been happening and this isn't an

1415

01:02:28,250 --> 01:02:25,080

area that's actually just east of

1416

01:02:29,900 --> 01:02:28,260

Houston and slightly north there's a

1417

01:02:33,020 --> 01:02:29,910

lake there and it's between Houston and

1418

01:02:36,680 --> 01:02:33,030

Dayton in the area of Huffman New Caney

1419

01:02:38,030 --> 01:02:36,690

kind of Huffman New Caney Road and they

1420

01:02:39,410 --> 01:02:38,040

had been looking for I think it was a

1421

01:02:41,990 --> 01:02:39,420

bingo game something that night that

1422

01:02:45,590 --> 01:02:42,000

apparently hadn't come to pass or it was

1423

01:02:48,590 --> 01:02:45,600

not worth not not happening and at some

1424

01:02:50,270 --> 01:02:48,600

point in the evening I believe close to

1425

01:02:54,200 --> 01:02:50,280

nine o'clock somewhere eight to nine

1426

01:02:59,360 --> 01:02:54,210

o'clock dark and they were heading home

1427

01:03:02,720 --> 01:02:59,370

and there is a road that pretty well it

1428

01:03:07,010 --> 01:03:02,730

takes a sharp turn or right heading

1429

01:03:09,110 --> 01:03:07,020

directly south Huffman East Gate Huffman

1430

01:03:11,180 --> 01:03:09,120

New Caney anyway pretty well run

1431

01:03:13,640 --> 01:03:11,190

straight north and south from at the

1432

01:03:15,410 --> 01:03:13,650

point they were on it and having been

1433

01:03:17,590 --> 01:03:15,420

there in the past my friend Tommy bland

1434

01:03:20,600 --> 01:03:17,600

and I went there when we visited with

1435

01:03:23,960 --> 01:03:20,610

Vickie Landrum and if you drive down

1436

01:03:27,560 --> 01:03:23,970

this stretch of road back at that point

1437

01:03:29,570 --> 01:03:27,570

a lot of it is actually bordered by tall

1438

01:03:32,720 --> 01:03:29,580

kind of pine trees it's very common in

1439

01:03:35,150 --> 01:03:32,730

that area and it's very narrow I mean

1440

01:03:37,190 --> 01:03:35,160

you have a narrow two-lane road with a

1441

01:03:38,600 --> 01:03:37,200

little bit of a shoulder well no

1442

01:03:40,910 --> 01:03:38,610

effective shoulder it's pretty well

1443

01:03:42,500 --> 01:03:40,920

turns right into the grass and then not

1444

01:03:45,310 --> 01:03:42,510

too far away fence line and then pine

1445

01:03:48,710 --> 01:03:45,320

trees that go you know relatively tall

1446

01:03:50,960 --> 01:03:48,720

so they're heading down this road and I

1447

01:03:52,610 --> 01:03:50,970

believe before they actually began to

1448

01:03:53,990 --> 01:03:52,620

head down the road as they had kind of

1449

01:03:56,570 --> 01:03:54,000

at a position where they could see and

1450

01:03:58,540 --> 01:03:56,580

the sky had noted a bright light kind of

1451

01:04:02,660 --> 01:03:58,550

that direction didn't know what it was

1452

01:04:04,940 --> 01:04:02,670

but at one point Vickie Landrum had told

1453

01:04:06,500 --> 01:04:04,950

us that at first it gave her the

1454

01:04:08,510 --> 01:04:06,510

impression it may have been almost kind

1455

01:04:10,310 --> 01:04:08,520

of horizontal or stretched out I don't

1456

01:04:11,930 --> 01:04:10,320

don't mean to suggest that the object

1457

01:04:14,330 --> 01:04:11,940

itself was in some way moving

1458

01:04:16,280 --> 01:04:14,340

horizontally so to speak but there was

1459

01:04:17,900 --> 01:04:16,290

something unusual about this light then

1460

01:04:19,850 --> 01:04:17,910

they turned down this road and the road

1461

01:04:21,890 --> 01:04:19,860

as I said is there it was at that point

1462

01:04:22,520 --> 01:04:21,900

very narrow with tall pine trees on both

1463

01:04:25,460 --> 01:04:22,530

sides

1464

01:04:26,960 --> 01:04:25,470

and which is an important factor I think

1465

01:04:30,410 --> 01:04:26,970

when you look at the rest of the

1466

01:04:32,060 --> 01:04:30,420

incident and one point they're down this

1467

01:04:33,740 --> 01:04:32,070

road I think the road ran for five or

1468

01:04:36,500 --> 01:04:33,750

ten miles it was a long stretch of road

1469

01:04:41,660 --> 01:04:36,510

and no one else around apparently and

1470

01:04:43,670 --> 01:04:41,670

they're moving down this road and Vickie

1471

01:04:45,770 --> 01:04:43,680

Landrum is riding in the passenger seat

1472

01:04:48,050 --> 01:04:45,780

Betty cash is driving and it's I believe

1473

01:04:51,110 --> 01:04:48,060

Betty Cash's car and Colby's there with

1474

01:04:53,990 --> 01:04:51,120

them and all of a sudden something comes

1475

01:04:56,450 --> 01:04:54,000

over the road and begins to I guess

1476

01:04:58,310 --> 01:04:56,460

mostly visible because of what we'll

1477

01:05:01,460 --> 01:04:58,320

call the flames that were projecting

1478

01:05:05,120 --> 01:05:01,470

from beneath it the object apparently a

1479

01:05:08,060 --> 01:05:05,130

very dark color so there are other

1480

01:05:10,670 --> 01:05:08,070

illustrations that seem to suggest or

1481

01:05:12,380 --> 01:05:10,680

have actually drawn with lights around

1482

01:05:16,040 --> 01:05:12,390

the periphery like portholes you know

1483

01:05:18,800 --> 01:05:16,050

the typical UFO close whatever you want

1484

01:05:21,290 --> 01:05:18,810

to call it but the actual report

1485

01:05:24,350 --> 01:05:21,300

according to the women was a very dark

1486

01:05:28,520 --> 01:05:24,360

object now seemingly triangular but

1487

01:05:31,820 --> 01:05:28,530

almost more of as say two cones turned

1488

01:05:33,380 --> 01:05:31,830

with their wide rims combined and the

1489

01:05:35,000 --> 01:05:33,390

top more rounded so you do have a

1490

01:05:35,570 --> 01:05:35,010

diamond-shaped but I don't mean hard

1491

01:05:38,540 --> 01:05:35,580

edges

1492

01:05:41,870 --> 01:05:38,550

it's more of a cone two cones inverted

1493

01:05:43,760 --> 01:05:41,880

kind of a scenario but a dark shape that

1494

01:05:45,500 --> 01:05:43,770

I think she even told us at one point if

1495

01:05:47,480 --> 01:05:45,510

it hadn't been for the flames coming out

1496

01:05:49,130 --> 01:05:47,490

of the bottom it might have been there

1497

01:05:52,580 --> 01:05:49,140

and no one you would never have seen it

1498

01:05:54,350 --> 01:05:52,590

so ultimately it was dark no lights

1499

01:05:55,880 --> 01:05:54,360

around the perimeter or even though I

1500

01:05:59,150 --> 01:05:55,890

know there's pictures been drawn this

1501

01:06:01,250 --> 01:05:59,160

way but this brilliant reddish flame

1502

01:06:02,690 --> 01:06:01,260

would come out from below it and of

1503

01:06:05,120 --> 01:06:02,700

course they came to a halt as they were

1504

01:06:06,410 --> 01:06:05,130

driving because nura Road I guess you

1505

01:06:07,460 --> 01:06:06,420

could have turned around but it's not

1506

01:06:09,260 --> 01:06:07,470

something you necessarily would have

1507

01:06:11,360 --> 01:06:09,270

thought of doing at that point they

1508

01:06:13,040 --> 01:06:11,370

didn't drive under it but they stopped

1509

01:06:14,600 --> 01:06:13,050

far enough back that apparently this

1510

01:06:17,510 --> 01:06:14,610

thing comes down over the road in front

1511

01:06:21,710 --> 01:06:17,520

of them low enough at some points to

1512

01:06:23,750 --> 01:06:21,720

scorch the surface of the road and the

1513

01:06:26,990 --> 01:06:23,760

way she described it was this thing

1514

01:06:29,120 --> 01:06:27,000

would seem to lower a little bit closer

1515

01:06:31,790 --> 01:06:29,130

to the surface of the road and I mean

1516

01:06:34,400 --> 01:06:31,800

it's apparently down less than the

1517

01:06:35,770 --> 01:06:34,410

treetops to me that was an important

1518

01:06:39,130 --> 01:06:35,780

factor because

1519

01:06:41,410 --> 01:06:39,140

that certainly indicates probably not a

1520

01:06:43,390 --> 01:06:41,420

balloon because if it's drifting along

1521

01:06:45,790 --> 01:06:43,400

with a flame at the bottom it's gonna

1522

01:06:47,140 --> 01:06:45,800

hit those trees so there was some kind

1523

01:06:50,410 --> 01:06:47,150

of control that would allow it to

1524

01:06:52,600 --> 01:06:50,420

descend apparently over where the least

1525

01:06:54,340 --> 01:06:52,610

the asphalt of the road was so the

1526
01:06:57,340 --> 01:06:54,350
flames weren't going to catch the grass

1527
01:07:00,280 --> 01:06:57,350
or the trees on fire but it wasn't a

1528
01:07:01,810 --> 01:07:00,290
rocket exhaust that apparently would be

1529
01:07:03,640 --> 01:07:01,820
required to constant steady or it's

1530
01:07:05,860 --> 01:07:03,650
gonna collapse because this thing

1531
01:07:07,750 --> 01:07:05,870
lowered slightly more over the road the

1532
01:07:09,880 --> 01:07:07,760
flames would burst out much more strong

1533
01:07:11,470 --> 01:07:09,890
and the object would slightly rise back

1534
01:07:13,960 --> 01:07:11,480
up a little bit and then if the flames

1535
01:07:15,610 --> 01:07:13,970
would receive slightly the thing would

1536
01:07:18,490 --> 01:07:15,620
drop a little bit and the flames would

1537
01:07:19,900 --> 01:07:18,500
shoot back out in her impression that

1538
01:07:22,660 --> 01:07:19,910

she got and I'm sure others have as well

1539

01:07:25,740 --> 01:07:22,670

as though it's having difficulty there's

1540

01:07:28,090 --> 01:07:25,750

some problem that it's not able to just

1541

01:07:30,190 --> 01:07:28,100

stay aloft or for some reason that

1542

01:07:32,680 --> 01:07:30,200

needed to come down at some point over

1543

01:07:34,390 --> 01:07:32,690

this roadway I don't think there's any

1544

01:07:37,180 --> 01:07:34,400

reason to believe it was in any way

1545

01:07:38,890 --> 01:07:37,190

focusing on the ladies but it just

1546

01:07:40,510 --> 01:07:38,900

simply came down at this point in the

1547

01:07:42,100 --> 01:07:40,520

dark of night over this roadway and they

1548

01:07:44,260 --> 01:07:42,110

happened to be there and so they stopped

1549

01:07:45,850 --> 01:07:44,270

the car and at one point and of course

1550

01:07:47,620 --> 01:07:45,860

it was apparently terrifying very very

1551
01:07:50,050 --> 01:07:47,630
loud roar I believe there may have been

1552
01:07:52,180 --> 01:07:50,060
at least whether it was an acoustic

1553
01:07:53,980 --> 01:07:52,190
beeping or it was simply some residual

1554
01:07:55,810 --> 01:07:53,990
beeping effect that they believed they

1555
01:07:57,940 --> 01:07:55,820
were hearing you know we hear talk of

1556
01:07:59,260 --> 01:07:57,950
potential some type of a microwave

1557
01:08:01,120 --> 01:07:59,270
radiation or some other bursts that

1558
01:08:03,280 --> 01:08:01,130
would create what appear to be auditory

1559
01:08:05,470 --> 01:08:03,290
effects but needless to say it was very

1560
01:08:07,660 --> 01:08:05,480
loud when this thing when the blast of

1561
01:08:09,850 --> 01:08:07,670
the flames would come out at one point

1562
01:08:14,050 --> 01:08:09,860
Betty cash gets out the driver's side

1563
01:08:16,300 --> 01:08:14,060

and walks to the front left side of the

1564

01:08:19,890 --> 01:08:16,310

car and stands there to get a better

1565

01:08:22,360 --> 01:08:19,900

look at it and possibly maybe probably

1566

01:08:25,090 --> 01:08:22,370

that might have gone from why she seemed

1567

01:08:27,400 --> 01:08:25,100

to fairly quickly get the worst of it I

1568

01:08:29,620 --> 01:08:27,410

had the worst effects an interesting

1569

01:08:32,559 --> 01:08:29,630

point she made though was that when she

1570

01:08:34,450 --> 01:08:32,569

decided Vickie's in the car holding on

1571

01:08:36,430 --> 01:08:34,460

to coal because Colby's frightened and

1572

01:08:38,140 --> 01:08:36,440

she even told us at one point she's

1573

01:08:40,090 --> 01:08:38,150

telling him if you just look and watch

1574

01:08:41,860 --> 01:08:40,100

you'll be okay you'll see Jesus up there

1575

01:08:45,220 --> 01:08:41,870

so she's doing whatever she can say to

1576

01:08:46,690 --> 01:08:45,230

keep him calm and eventually she's

1577

01:08:49,090 --> 01:08:46,700

screaming at Betty to get back in the

1578

01:08:49,599 --> 01:08:49,100

car Betty cash goes back and even made

1579

01:08:59,229 --> 01:08:49,609

the

1580

01:09:01,629 --> 01:08:59,239

whatever was causing you know was coming

1581

01:09:04,479 --> 01:09:01,639

off the object it was putting out enough

1582

01:09:06,340 --> 01:09:04,489

heat even Vickie later on said that when

1583

01:09:08,169 --> 01:09:06,350

she had had her hand on the - course if

1584

01:09:09,669 --> 01:09:08,179

we all remember back in those days they

1585

01:09:12,280 --> 01:09:09,679

were kind of these cushioned dashboards

1586

01:09:14,559 --> 01:09:12,290

but that apparently it must may be

1587

01:09:17,079 --> 01:09:14,569

softened enough and I'm telling you this

1588

01:09:19,149 --> 01:09:17,089

is what I heard there are aspects of

1589

01:09:22,090 --> 01:09:19,159

this that she also told us that later on

1590

01:09:23,620 --> 01:09:22,100

I realized memories being what they are

1591

01:09:26,320 --> 01:09:23,630

and I think by the time we were talking

1592

01:09:27,700 --> 01:09:26,330

- it was 1985 so it was five years or so

1593

01:09:30,399 --> 01:09:27,710

afterwards when we decided to go down

1594

01:09:33,910 --> 01:09:30,409

there and try to do it find out what we

1595

01:09:36,160 --> 01:09:33,920

could but we sat in her house and I've

1596

01:09:38,079 --> 01:09:36,170

recorded video with her describing and

1597

01:09:39,430 --> 01:09:38,089

I've got tapes of her talking about a

1598

01:09:42,879 --> 01:09:39,440

lot of this stuff and I've said some of

1599

01:09:44,470 --> 01:09:42,889

that I think information - - uh Kurt

1600

01:09:48,579 --> 01:09:44,480

Collins because he's done a lot of

1601
01:09:51,729 --> 01:09:48,589
writing on the subject but ultimately as

1602
01:09:53,890 --> 01:09:51,739
they're watching this thing they began

1603
01:09:55,090 --> 01:09:53,900
to see helicopters coming in and at one

1604
01:09:57,280 --> 01:09:55,100
point they said one of them was low

1605
01:09:59,320 --> 01:09:57,290
enough they could almost have looked

1606
01:09:59,890 --> 01:09:59,330
through the cockpit and maybe seen who's

1607
01:10:02,500 --> 01:09:59,900
in there

1608
01:10:04,419 --> 01:10:02,510
but the object was still hovering over

1609
01:10:06,220 --> 01:10:04,429
this road although it begins to rise up

1610
01:10:09,040 --> 01:10:06,230
slightly when the helicopters began to

1611
01:10:11,140 --> 01:10:09,050
come in and in her words the words of

1612
01:10:13,660 --> 01:10:11,150
Vickie Landrum to us she said as it

1613
01:10:15,250 --> 01:10:13,670

finally began to lift off as though

1614

01:10:17,560 --> 01:10:15,260

whatever the issue might have been

1615

01:10:20,350 --> 01:10:17,570

somehow was resolved and it's able to

1616

01:10:23,020 --> 01:10:20,360

kind of take on off I don't believe the

1617

01:10:25,180 --> 01:10:23,030

flames were coming out as harder as far

1618

01:10:27,129 --> 01:10:25,190

as they had been at that point but as it

1619

01:10:29,169 --> 01:10:27,139

lifts off and begins to move away and

1620

01:10:30,609 --> 01:10:29,179

they're finally in the car now and they

1621

01:10:31,750 --> 01:10:30,619

began to move down they reached a point

1622

01:10:33,280 --> 01:10:31,760

in the road where they could look off to

1623

01:10:35,320 --> 01:10:33,290

the right because they were driving

1624

01:10:36,609 --> 01:10:35,330

south they can look off to the right and

1625

01:10:38,470 --> 01:10:36,619

see the object with all these

1626

01:10:40,149 --> 01:10:38,480

helicopters around it and she said it

1627

01:10:42,669 --> 01:10:40,159

was almost like some of the helicopters

1628

01:10:45,780 --> 01:10:42,679

over the top of it and her words almost

1629

01:10:48,160 --> 01:10:45,790

like they were trying to hem it in now

1630

01:10:51,760 --> 01:10:48,170

observation wise so there were you go so

1631

01:10:54,370 --> 01:10:51,770

eventually they go on home and that

1632

01:10:56,620 --> 01:10:54,380

essentially is the gist of the encounter

1633

01:11:00,419 --> 01:10:56,630

that they had that night it's not until

1634

01:11:03,419 --> 01:11:00,429

the next day of course that apparently

1635

01:11:05,879 --> 01:11:03,429

Vicki goes to check on Betty and Betty's

1636

01:11:07,379 --> 01:11:05,889

a really hard way you know her she's had

1637

01:11:09,839 --> 01:11:07,389

a lot of the apparent the effects that

1638

01:11:12,600 --> 01:11:09,849

ultimately caused our hair to fall out

1639

01:11:14,310 --> 01:11:12,610

and her face to swell up I believe in

1640

01:11:16,439 --> 01:11:14,320

eyes and of course they didn't know at

1641

01:11:17,729 --> 01:11:16,449

that point they don't want to test

1642

01:11:20,969 --> 01:11:17,739

necessarily tell anybody what the issue

1643

01:11:25,169 --> 01:11:20,979

is but ultimately when they go to the

1644

01:11:29,370 --> 01:11:25,179

doctor and the doctors kind of wondering

1645

01:11:31,589 --> 01:11:29,380

what's going on and I think even if I'm

1646

01:11:34,049 --> 01:11:31,599

not my memory is correct it was kind of

1647

01:11:35,399 --> 01:11:34,059

ask the doctor if you tell him what if

1648

01:11:38,489 --> 01:11:35,409

they'd have any idea what caused this

1649

01:11:41,370 --> 01:11:38,499

and it was may have been Colby who kind

1650

01:11:43,199 --> 01:11:41,380

of said well yeah and you know and then

1651

01:11:45,000 --> 01:11:43,209

they began to tell the story that they

1652

01:11:47,459 --> 01:11:45,010

had this odd encounter on the highway

1653

01:11:49,259 --> 01:11:47,469

and that obviously Betty got the worst

1654

01:11:51,239 --> 01:11:49,269

of it even though Vicki had some

1655

01:11:53,819 --> 01:11:51,249

residual effects she had some pictures

1656

01:11:56,219 --> 01:11:53,829

you can see them online about dart marks

1657

01:11:57,449 --> 01:11:56,229

and spots on her hands were the skin

1658

01:11:59,429 --> 01:11:57,459

apparently happened to have been

1659

01:12:03,239 --> 01:11:59,439

blistered or at least had some effects

1660

01:12:05,459 --> 01:12:03,249

and I believe it was weeks afterwards

1661

01:12:06,810 --> 01:12:05,469

before it ultimately began to get out

1662

01:12:08,279 --> 01:12:06,820

you know they've gone to the doctor and

1663

01:12:12,209 --> 01:12:08,289

the story began to get out and I think

1664

01:12:15,089 --> 01:12:12,219

they finally called my Billy MUFON which

1665

01:12:17,939 --> 01:12:15,099

led to John Schuessler and his team

1666

01:12:21,120 --> 01:12:17,949

getting involved but there were aspects

1667

01:12:23,129 --> 01:12:21,130

to this story that I know have gotten

1668

01:12:26,669 --> 01:12:23,139

confused over time one of them that

1669

01:12:28,229 --> 01:12:26,679

threw me and ultimately and talking to

1670

01:12:29,790 --> 01:12:28,239

Kirk Collins even it became obvious that

1671

01:12:33,149 --> 01:12:29,800

it could not have been the way she

1672

01:12:35,459 --> 01:12:33,159

remembered it and it was she told us

1673

01:12:38,459 --> 01:12:35,469

sitting there that apparently within

1674

01:12:41,189 --> 01:12:38,469

days of the incident somebody came in

1675

01:12:42,719 --> 01:12:41,199

and Tora the road hauled all of it off

1676

01:12:47,429 --> 01:12:42,729

and resurfaced that whole stretch of

1677

01:12:49,890 --> 01:12:47,439

road and I repeated that because that's

1678

01:12:51,629 --> 01:12:49,900

what she told us but ultimately you

1679

01:12:53,129 --> 01:12:51,639

realized but I don't think it was until

1680

01:12:55,439 --> 01:12:53,139

maybe near the end of February before

1681

01:12:57,810 --> 01:12:55,449

John Schuessler and his team got out

1682

01:12:59,879 --> 01:12:57,820

there looking for this and they claimed

1683

01:13:01,469 --> 01:12:59,889

that they found a place in the road that

1684

01:13:03,569 --> 01:13:01,479

appeared where the scorched area had

1685

01:13:05,819 --> 01:13:03,579

been but if that's the case then it

1686

01:13:07,350 --> 01:13:05,829

couldn't have been replaced a few day or

1687

01:13:09,449 --> 01:13:07,360

within a week or so after the incident

1688

01:13:11,189 --> 01:13:09,459

so I think there's some confusion about

1689

01:13:13,500 --> 01:13:11,199

it and oh by the time we got there oh

1690

01:13:16,199 --> 01:13:13,510

yeah that road definitely at some point

1691

01:13:17,080 --> 01:13:16,209

somebody resurfaced that entire stretch

1692

01:13:20,500 --> 01:13:17,090

of road

1693

01:13:22,300 --> 01:13:20,510

but it could have been much later months

1694

01:13:24,700 --> 01:13:22,310

later maybe it was a part of a natural

1695

01:13:26,560 --> 01:13:24,710

thing one of the thoughts that I

1696

01:13:30,130 --> 01:13:26,570

recalled at the time which I still

1697

01:13:32,500 --> 01:13:30,140

remember to this day is it's very was

1698

01:13:33,910 --> 01:13:32,510

very nondescript there are pictures you

1699

01:13:36,880 --> 01:13:33,920

can still find of what it was like back

1700

01:13:38,800 --> 01:13:36,890

then but even that part of the road in

1701

01:13:40,870 --> 01:13:38,810

the dark I mean it's not like it's lined

1702

01:13:42,070 --> 01:13:40,880

a lot not mag van it's not it wasn't

1703

01:13:43,990 --> 01:13:42,080

lined with street lights all the way

1704

01:13:46,470 --> 01:13:44,000

down so you'll know exactly where you

1705

01:13:49,300 --> 01:13:46,480

are and there were a few cross streets

1706

01:13:52,330 --> 01:13:49,310

but given a span of a hundred yards or

1707

01:13:53,530 --> 01:13:52,340

200 yards in the dark of night with an

1708

01:13:57,250 --> 01:13:53,540

object in front of you that you're

1709

01:14:00,160 --> 01:13:57,260

focusing on I don't know how easy it

1710

01:14:03,130 --> 01:14:00,170

would be to go back a month to my three

1711

01:14:06,010 --> 01:14:03,140

months later even in the daytime and say

1712

01:14:07,960 --> 01:14:06,020

this is exactly where we were and that's

1713

01:14:09,670 --> 01:14:07,970

where the Scorch in the road was or

1714

01:14:13,150 --> 01:14:09,680

that's what the residual effects of the

1715

01:14:15,160 --> 01:14:13,160

object were because if you move a

1716

01:14:17,260 --> 01:14:15,170

hundred yards down the road it looks the

1717

01:14:19,240 --> 01:14:17,270

same and in the middle of the night

1718

01:14:21,550 --> 01:14:19,250

unless you were at a cross intersection

1719

01:14:23,230 --> 01:14:21,560

or you had some specific landmark that

1720

01:14:26,230 --> 01:14:23,240

would tell you and so I've I've always

1721

01:14:28,420 --> 01:14:26,240

had never been quite certain that

1722

01:14:31,020 --> 01:14:28,430

somebody could come back later and and

1723

01:14:33,010 --> 01:14:31,030

say this is the exact spot and no that's

1724

01:14:34,570 --> 01:14:33,020

but I know things that would have done

1725

01:14:36,010 --> 01:14:34,580

different I did have some experiences

1726

01:14:38,890 --> 01:14:36,020

trying to track down the helicopters

1727

01:14:41,860 --> 01:14:38,900

where I even sent off an FOI request to

1728

01:14:43,360 --> 01:14:41,870

the weather department asking for radar

1729

01:14:46,450 --> 01:14:43,370

because you know I'd been told that a a

1730

01:14:48,240 --> 01:14:46,460

group of helicopters of that size would

1731

01:14:51,480 --> 01:14:48,250

ultimately show up even on weather radar

1732

01:14:54,790 --> 01:14:51,490

you'd have at least some indication of

1733

01:14:57,040 --> 01:14:54,800

movement and I requested the 8

1734

01:14:58,750 --> 01:14:57,050

millimeter no film that apparently they

1735

01:15:02,230 --> 01:14:58,760

take of the weather radar back then all

1736

01:15:05,440 --> 01:15:02,240

through that time period and of course

1737

01:15:07,570 --> 01:15:05,450

those two days it's as though they turn

1738

01:15:10,090 --> 01:15:07,580

the radar off there was nothing for

1739

01:15:12,870 --> 01:15:10,100

those two days when that the flight of

1740

01:15:15,100 --> 01:15:12,880

helicopters might have shown up but

1741

01:15:17,380 --> 01:15:15,110

Jacques valets made some comments about

1742

01:15:19,240 --> 01:15:17,390

the helicopters came from this place or

1743

01:15:22,450 --> 01:15:19,250

that place and I even wrote to Fort Hood

1744

01:15:25,420 --> 01:15:22,460

which was the only base here close to

1745

01:15:27,820 --> 01:15:25,430

Killeen that might have had a squadron

1746

01:15:29,890 --> 01:15:27,830

of helicopters of that size

1747

01:15:33,400 --> 01:15:29,900

and they did make an interesting comment

1748

01:15:36,750 --> 01:15:33,410

that on that night there was a group of

1749

01:15:40,540 --> 01:15:36,760

helicopters that came in for effect I

1750

01:15:42,070 --> 01:15:40,550

have no idea exactly what that means but

1751

01:15:43,360 --> 01:15:42,080

it was at least some acknowledgment

1752

01:15:45,460 --> 01:15:43,370

there were helicopters out that night

1753

01:15:47,980 --> 01:15:45,470

from Fort Hood no further they were

1754

01:15:50,050 --> 01:15:47,990

involved Rob but go ahead you know I

1755

01:15:52,480 --> 01:15:50,060

wanted to actually bring in that general

1756

01:15:54,640 --> 01:15:52,490

touch on this topic I wanted to

1757

01:15:56,860 --> 01:15:54,650

introduce him and we've had Jen on

1758

01:15:59,320 --> 01:15:56,870

before he's a wonderful person he's

1759

01:16:04,240 --> 01:15:59,330

extremely well known and he's a veteran

1760

01:16:08,170 --> 01:16:04,250

UFO researcher he's since 1995 and jen

1761

01:16:10,990 --> 01:16:08,180

has worked full-time on project 1947

1762

01:16:14,710 --> 01:16:11,000

it's a research effort funded by Koufos

1763

01:16:17,230 --> 01:16:14,720

flew for and MUFON now called the UFO

1764

01:16:19,870 --> 01:16:17,240

research coalition he has visited over

1765

01:16:23,200 --> 01:16:19,880

150 libraries universities archives

1766

01:16:26,140 --> 01:16:23,210

museums and historical societies in 46

1767

01:16:29,290 --> 01:16:26,150

states and Canadian provinces John delve

1768

01:16:29,890 --> 01:16:29,300

into the MUFON UFO FILES when he visited

1769

01:16:31,830 --> 01:16:29,900

sequinned

1770

01:16:34,420 --> 01:16:31,840

Texas former location of MUFON

1771

01:16:36,070 --> 01:16:34,430

headquarters I did have a question for

1772

01:16:37,780 --> 01:16:36,080

you right after I introduced you Jan on

1773

01:16:49,170 --> 01:16:37,790

this topic but welcome to the show we're

1774

01:16:53,230 --> 01:16:51,490

okay Jan let's get right to it I had a

1775

01:16:55,390 --> 01:16:53,240

question for you on this cache Landrum

1776

01:16:58,540 --> 01:16:55,400

incident and so it's kind of a different

1777

01:17:00,820 --> 01:16:58,550

question and that is this would it be

1778

01:17:05,890 --> 01:17:00,830

correct to say that there have been

1779

01:17:08,050 --> 01:17:05,900

multiple UFO sightings and reports near

1780

01:17:10,870 --> 01:17:08,060

nuclear facilities the reason why I

1781

01:17:15,130 --> 01:17:10,880

asked that is because of this radiation

1782

01:17:17,290 --> 01:17:15,140

related situation regarding this person

1783

01:17:21,430 --> 01:17:17,300

possibly having been exposed to some

1784

01:17:23,740 --> 01:17:21,440

unknown craft I realize my question is

1785

01:17:25,540 --> 01:17:23,750

slightly different than that but I just

1786

01:17:27,190 --> 01:17:25,550

wanted to get some data from you on that

1787

01:17:30,760 --> 01:17:27,200

because you're kind of the data guy

1788

01:17:32,200 --> 01:17:30,770

regarding ufology are there any UFOs

1789

01:17:35,530 --> 01:17:32,210

that have the reported near nuclear

1790

01:17:37,360 --> 01:17:35,540

facilities is that a pattern well yeah

1791

01:17:40,500 --> 01:17:37,370

there are a lot of them and sometimes

1792

01:17:42,930 --> 01:17:40,510

they interact with the

1793

01:17:47,280 --> 01:17:42,940

the guards and the other personnel at

1794

01:17:49,500 --> 01:17:47,290

the facilities so but let me point one

1795

01:17:52,020 --> 01:17:49,510

thing out when we're talking about you

1796

01:17:54,590 --> 01:17:52,030

know everybody gets it you know this is

1797

01:17:58,919 --> 01:17:54,600

very exciting this is the sexy part of

1798

01:18:05,160 --> 01:17:58,929

anthology something that is more mundane

1799

01:18:11,070 --> 01:18:05,170

is that another group of people who are

1800

01:18:14,030 --> 01:18:11,080

always outside but not with the not 24/7

1801

01:18:19,530 --> 01:18:14,040

but they are outside a lot of times is

1802

01:18:23,490 --> 01:18:19,540

farmers and they interact with UFOs many

1803

01:18:30,470 --> 01:18:23,500

times too and I I want to sometime do we

1804

01:18:38,580 --> 01:18:33,750

they may be interested the UFOs may

1805

01:18:40,950 --> 01:18:38,590

appear near nuclear facilities but they

1806

01:18:48,060 --> 01:18:40,960

also appear other places where people

1807

01:18:52,080 --> 01:18:48,070

are out and can see them in in the early

1808

01:18:57,439 --> 01:18:52,090

morning and things like that one other

1809

01:19:03,860 --> 01:18:57,449

thing about there are a number of cases

1810

01:19:10,140 --> 01:19:03,870

where radiation is involved a winner in

1811

01:19:13,020 --> 01:19:10,150

in North Dakota or South Dakota there's

1812

01:19:15,140 --> 01:19:13,030

a landing and then the National Guard

1813

01:19:17,939 --> 01:19:15,150

went up there and checked it out with

1814

01:19:23,100 --> 01:19:17,949

with Geiger counters and found where the

1815

01:19:25,770 --> 01:19:23,110

UFO had landed there was a race there

1816

01:19:29,750 --> 01:19:25,780

was a higher rate of your activities in

1817

01:19:34,830 --> 01:19:29,760

background a lot higher and of course

1818

01:19:38,550 --> 01:19:34,840

there's a there's about a dozen of these

1819

01:19:43,919 --> 01:19:38,560

things we're actually instruments have

1820

01:19:48,200 --> 01:19:43,929

checked and there is increases in radio

1821

01:19:53,610 --> 01:19:48,210

radiation so it's it's not unheard of

1822

01:19:54,830 --> 01:19:53,620

the other thing about the physiological

1823

01:20:00,750 --> 01:19:54,840

effect

1824

01:20:03,030 --> 01:20:00,760

now I have swords is catalog here he's

1825

01:20:07,080 --> 01:20:03,040

got a hundred and sixty four cases in

1826

01:20:13,340 --> 01:20:07,090

his catalog and since we have been doing

1827

01:20:16,110 --> 01:20:13,350

the the scanning of the Koufos files and

1828

01:20:22,590 --> 01:20:16,120

Greenwoods files in my own files and

1829

01:20:29,149 --> 01:20:22,600

people like Willie Smith dr. Willie

1830

01:20:36,780 --> 01:20:29,159

Smith and some people from England and

1831

01:20:39,410 --> 01:20:36,790

Canada there are there are radiation

1832

01:20:42,090 --> 01:20:39,420

cases and there are a lot more

1833

01:20:46,169 --> 01:20:42,100

physiological cases whereas where people

1834

01:20:47,729 --> 01:20:46,179

are affected then then swords had not

1835

01:20:49,979 --> 01:20:47,739

saying that he didn't do a good and

1836

01:20:50,939 --> 01:20:49,989

thorough job it's just that there is so

1837

01:20:56,010 --> 01:20:50,949

much data

1838

01:20:57,780 --> 01:20:56,020

it's like Hynek said we've got an

1839

01:21:00,959 --> 01:20:57,790

embarrassment of riches and we don't

1840

01:21:03,390 --> 01:21:00,969

know what to do with it yeah I wanted to

1841

01:21:04,830 --> 01:21:03,400

make a comment on the radiation aspect

1842

01:21:09,270 --> 01:21:04,840

of this thank you very much for that

1843

01:21:13,050 --> 01:21:09,280

information Jan mmm this poor lady

1844

01:21:15,030 --> 01:21:13,060

involved in cash Landrum incident she

1845

01:21:18,720 --> 01:21:15,040

said that her symptoms worsened so she

1846

01:21:21,300 --> 01:21:18,730

did actually go to the hospital for 12

1847

01:21:23,790 --> 01:21:21,310

days she then was released and then she

1848

01:21:26,430 --> 01:21:23,800

went ahead and decided to go back for

1849

01:21:28,890 --> 01:21:26,440

another 15 days a radiologist who

1850

01:21:31,290 --> 01:21:28,900

examined the witnesses medical records

1851
01:21:34,320 --> 01:21:31,300
for MUFON did indicate that he felt that

1852
01:21:37,590 --> 01:21:34,330
these patients had suffered secondary

1853
01:21:39,479 --> 01:21:37,600
damage to ionizing radiation and they

1854
01:21:41,370 --> 01:21:39,489
just wanted to make a comment to all of

1855
01:21:44,700 --> 01:21:41,380
our listeners I've been through breast

1856
01:21:46,620 --> 01:21:44,710
cancer twice in a row I had to go

1857
01:21:48,510 --> 01:21:46,630
through radiation and I had to go

1858
01:21:51,300 --> 01:21:48,520
through different kinds two different

1859
01:21:56,850 --> 01:21:51,310
kinds direct beam and breaky related

1860
01:21:58,560 --> 01:21:56,860
radiation and I got very sick and and it

1861
01:22:00,540 --> 01:21:58,570
wasn't just like one time it was

1862
01:22:03,689 --> 01:22:00,550
multiple times regarding direct beam

1863
01:22:06,629 --> 01:22:03,699

radiation and I can just tell you and

1864

01:22:07,339 --> 01:22:06,639

that if this poor lady or multiple folks

1865

01:22:09,259 --> 01:22:07,349

actually

1866

01:22:13,759 --> 01:22:09,269

to go through some kind of radiation

1867

01:22:15,379 --> 01:22:13,769

exposure I can only imagine what they

1868

01:22:18,080 --> 01:22:15,389

went through especially since it was not

1869

01:22:21,799 --> 01:22:18,090

in a controlled environment but it was

1870

01:22:23,119 --> 01:22:21,809

just raw exposure so to speak wanted to

1871

01:22:26,359 --> 01:22:23,129

also bring up an interesting topic

1872

01:22:29,929 --> 01:22:26,369

really fast and then go back to both you

1873

01:22:32,989 --> 01:22:29,939

and Jen and Christian on this and that

1874

01:22:36,709 --> 01:22:32,999

is Stanton Friedman in a skeptical

1875

01:22:38,750 --> 01:22:36,719

article I'm sorry interview was asked

1876

01:22:40,429 --> 01:22:38,760

about telepathy I'm actually going

1877

01:22:42,889 --> 01:22:40,439

somewhere with this regarding what

1878

01:22:44,750 --> 01:22:42,899

Christian mentioned about this lady and

1879

01:22:46,849 --> 01:22:44,760

the road that she said had been worked

1880

01:22:50,500 --> 01:22:46,859

on and there was no evidence to you of

1881

01:22:53,599 --> 01:22:50,510

that he mentioned this I'll go ahead and

1882

01:22:56,719 --> 01:22:53,609

give a quote regarding the topic of

1883

01:22:58,399 --> 01:22:56,729

telepathy and Stan Friedman said well

1884

01:23:00,469 --> 01:22:58,409

it's very interesting point because I'm

1885

01:23:02,419 --> 01:23:00,479

convinced that any advanced civilization

1886

01:23:04,279 --> 01:23:02,429

will know about telepathy and mind

1887

01:23:06,649 --> 01:23:04,289

control and communication at a distance

1888

01:23:08,359 --> 01:23:06,659

it really came home to me when I was

1889

01:23:10,520 --> 01:23:08,369

standing at the exact location where

1890

01:23:12,379 --> 01:23:10,530

Barney Hill was standing when the saucer

1891

01:23:14,319 --> 01:23:12,389

was over their car and he's looking

1892

01:23:16,899 --> 01:23:14,329

through binoculars at the crew on board

1893

01:23:19,580 --> 01:23:16,909

and then he goes on to explain that

1894

01:23:24,589 --> 01:23:19,590

Barney for no good reasons that he can

1895

01:23:26,060 --> 01:23:24,599

explain or can be explained he he

1896

01:23:29,959 --> 01:23:26,070

basically went through a series of

1897

01:23:32,629 --> 01:23:29,969

actions and Stan Friedman believed it

1898

01:23:35,839 --> 01:23:32,639

was through some kind of control from

1899

01:23:38,599 --> 01:23:35,849

beings on that ship that Barney felt

1900

01:23:41,060 --> 01:23:38,609

that he was exposed to that he was

1901
01:23:43,580 --> 01:23:41,070
actually being manipulated to do certain

1902
01:23:45,889 --> 01:23:43,590
things now my point here is wanted to

1903
01:23:48,349 --> 01:23:45,899
ask you Christian do you think it's

1904
01:23:51,109 --> 01:23:48,359
possible that this lady who really

1905
01:23:53,209 --> 01:23:51,119
believed that a certain event happened

1906
01:23:56,060 --> 01:23:53,219
but didn't happen in the chronological

1907
01:23:58,369 --> 01:23:56,070
order necessarily that she claimed it

1908
01:24:00,830 --> 01:23:58,379
did or maybe it didn't happen at all

1909
01:24:04,069 --> 01:24:00,840
do you think it's possible that if she

1910
01:24:06,649 --> 01:24:04,079
was exposed to some kind of ET

1911
01:24:08,509 --> 01:24:06,659
civilization if they manipulated her

1912
01:24:10,160 --> 01:24:08,519
mind into believing that is that a

1913
01:24:11,959 --> 01:24:10,170

possibility huh I

1914

01:24:13,220 --> 01:24:11,969

would never at this state I would not

1915

01:24:16,130 --> 01:24:13,230

have gone that far and it never occurred

1916

01:24:18,740 --> 01:24:16,140

to me and I might also mention that of

1917

01:24:28,220 --> 01:24:18,750

course it was a cache who had gotten out

1918

01:24:29,570 --> 01:24:28,230

of and and had them again

1919

01:24:31,220 --> 01:24:29,580

and although I spoke with her on the

1920

01:24:32,870 --> 01:24:31,230

phone a few times I never had any

1921

01:24:35,570 --> 01:24:32,880

personal interaction with her beyond

1922

01:24:36,890 --> 01:24:35,580

that so what her own feelings about that

1923

01:24:38,570 --> 01:24:36,900

might have been perhaps John Schuessler

1924

01:24:40,820 --> 01:24:38,580

and some of his information had more on

1925

01:24:46,189 --> 01:24:40,830

that Betty Kootenai Vickie Landrum who I

1926

01:24:48,860 --> 01:24:46,199

spoke with I think it's I think it was

1927

01:24:50,419 --> 01:24:48,870

one of those things that is a really

1928

01:24:52,310 --> 01:24:50,429

telling thing to say the road was

1929

01:24:54,620 --> 01:24:52,320

chopped up and and hauled off and

1930

01:24:56,630 --> 01:24:54,630

repaved and somewhere in the

1931

01:24:58,580 --> 01:24:56,640

conversation over those next five years

1932

01:25:01,520 --> 01:24:58,590

from when it happened and by the time I

1933

01:25:05,810 --> 01:25:01,530

spoke with her it kind of became part of

1934

01:25:08,150 --> 01:25:05,820

the story the storytelling and I I don't

1935

01:25:10,729 --> 01:25:08,160

hold anything I mean I don't think she

1936

01:25:13,010 --> 01:25:10,739

knowingly or otherwise was confabulating

1937

01:25:14,840 --> 01:25:13,020

it I think it was simply she's telling

1938

01:25:16,640 --> 01:25:14,850

us that she had heard from people who

1939

01:25:19,459 --> 01:25:16,650

were living in the area that not long

1940

01:25:21,770 --> 01:25:19,469

afterward the road was chopped up I

1941

01:25:24,020 --> 01:25:21,780

think yeah I definitely was eventually

1942

01:25:26,360 --> 01:25:24,030

resurfaced now whether it was six months

1943

01:25:28,370 --> 01:25:26,370

later I don't know if it had been done

1944

01:25:30,620 --> 01:25:28,380

within a week or two which was the

1945

01:25:33,530 --> 01:25:30,630

impression that was left with you know

1946

01:25:34,850 --> 01:25:33,540

when I when she told it to me I had you

1947

01:25:35,840 --> 01:25:34,860

know I believed that she's telling me

1948

01:25:38,600 --> 01:25:35,850

what she believes is true and I think

1949

01:25:41,150 --> 01:25:38,610

she was but it sounded like something

1950

01:25:42,410 --> 01:25:41,160

she had heard from other people and had

1951

01:25:44,330 --> 01:25:42,420

just decided it must have happened right

1952

01:25:47,330 --> 01:25:44,340

after the incident certainly sounds

1953

01:25:48,890 --> 01:25:47,340

better than that way but if John came

1954

01:25:50,209 --> 01:25:48,900

two months later or at the end of

1955

01:25:51,560 --> 01:25:50,219

February whenever he did his initial

1956

01:25:53,540 --> 01:25:51,570

investigation and actually was able to

1957

01:25:56,060 --> 01:25:53,550

think he found in other words he would

1958

01:25:58,100 --> 01:25:56,070

have seen the road paved all evidence

1959

01:25:59,810 --> 01:25:58,110

would have been gone at that point so

1960

01:26:02,150 --> 01:25:59,820

for him to actually have found what he

1961

01:26:04,040 --> 01:26:02,160

thought was where the road was damaged

1962

01:26:06,200 --> 01:26:04,050

I almost tells you right there the road

1963

01:26:08,540 --> 01:26:06,210

can't have been chopped up and hauled

1964

01:26:10,100 --> 01:26:08,550

away so it just goes to show you've got

1965

01:26:11,240 --> 01:26:10,110

to be careful with memories the witness

1966

01:26:13,459 --> 01:26:11,250

is telling you what they believe is

1967

01:26:14,900 --> 01:26:13,469

absolutely true and it may be it just

1968

01:26:20,300 --> 01:26:14,910

didn't quite happen in the order of

1969

01:26:22,700 --> 01:26:20,310

things it doesn't that has this it's the

1970

01:26:23,540 --> 01:26:22,710

case or have any effective the case it's

1971

01:26:27,229 --> 01:26:23,550

just

1972

01:26:30,080 --> 01:26:27,239

the after story that somebody chopped up

1973

01:26:31,399 --> 01:26:30,090

the road and hauled it off maybe once

1974

01:26:32,899 --> 01:26:31,409

they found they'd gone public and mal

1975

01:26:34,490 --> 01:26:32,909

Miu finds investigating all this and

1976

01:26:36,439 --> 01:26:34,500

somebody did want to go back then and

1977

01:26:37,729 --> 01:26:36,449

get rid of the evidence but we could not

1978

01:26:40,010 --> 01:26:37,739

all day on that

1979

01:26:43,609 --> 01:26:40,020

okay so Jan I wanted to ask you about

1980

01:26:45,620 --> 01:26:43,619

something interesting that is in this

1981

01:26:47,930 --> 01:26:45,630

cache Landrum case there were

1982

01:26:50,839 --> 01:26:47,940

helicopters involved I guess they were

1983

01:26:54,379 --> 01:26:50,849

Chinook helicopters wanted to ask you

1984

01:26:57,350 --> 01:26:54,389

are there cases that you have found

1985

01:26:59,839 --> 01:26:57,360

where black helicopters or helicopters

1986

01:27:05,260 --> 01:26:59,849

of any kind have had anything to do with

1987

01:27:11,209 --> 01:27:08,330

helicopters or UFOs are sighted from

1988

01:27:18,680 --> 01:27:11,219

helicopters so I guess you could say

1989

01:27:20,569 --> 01:27:18,690

there was now I the only incident I had

1990

01:27:25,930 --> 01:27:20,579

were there were supposedly black

1991

01:27:31,549 --> 01:27:25,940

helicopters you know the the military

1992

01:27:33,589 --> 01:27:31,559

helicopters are painted rather with

1993

01:27:37,399 --> 01:27:33,599

camouflage and a lot of times it's dark

1994

01:27:39,379 --> 01:27:37,409

especially at night so we had one out

1995

01:27:41,870 --> 01:27:39,389

here where there was a helicopter in the

1996

01:27:44,000 --> 01:27:41,880

area they didn't appear to be looking

1997

01:27:50,930 --> 01:27:44,010

for the UFO and it was just a regular

1998

01:27:56,120 --> 01:27:50,940

Gila copter flight out of the old

1999

01:27:58,490 --> 01:27:56,130

Rentschler Field I think so that that's

2000

01:28:01,250 --> 01:27:58,500

the only close experience I've had two

2001

01:28:05,530 --> 01:28:01,260

helicopters now I talked to pilots that

2002

01:28:11,660 --> 01:28:05,540

have been on helicopters and seen a UFO

2003

01:28:15,169 --> 01:28:11,670

and Weinstein's catalog yeah the French

2004

01:28:20,089 --> 01:28:15,179

anti-terrorist guy that he and I worked

2005

01:28:25,580 --> 01:28:20,099

on a catalog of UFO sightings from

2006

01:28:30,580 --> 01:28:25,590

aircraft he has a number of these cases

2007

01:28:34,069 --> 01:28:30,590

in there not anywhere close to you know

2008

01:28:36,560 --> 01:28:34,079

what you know fixed-wing aircraft but

2009

01:28:39,380 --> 01:28:36,570

there there are there are cases

2010

01:28:41,030 --> 01:28:39,390

well that's a coin case in Ohio is they

2011

01:28:43,040 --> 01:28:41,040

add a little bit more than just deciding

2012

01:28:47,690 --> 01:28:43,050

there yeah yeah that's a that's a that's

2013

01:28:50,720 --> 01:28:47,700

a great physical there's some kind of

2014

01:28:52,690 --> 01:28:50,730

physical thing physical effect that's

2015

01:28:56,080 --> 01:28:52,700

that's what I'm working on

2016

01:29:00,560 --> 01:28:56,090

electromagnetic effects radiation

2017

01:29:09,830 --> 01:29:00,570

physical effects physiological effects

2018

01:29:13,400 --> 01:29:09,840

and even AHS effects and yeah it's hard

2019

01:29:16,180 --> 01:29:13,410

to say about cash Landrum I I'd like to

2020

01:29:24,020 --> 01:29:16,190

hear what Christian has to say about

2021

01:29:26,000 --> 01:29:24,030

Kirk Collins well you know he's an

2022

01:29:28,550 --> 01:29:26,010

independent researcher and in fact I've

2023

01:29:30,740 --> 01:29:28,560

never had an issue with Kirk you know I

2024

01:29:33,350 --> 01:29:30,750

I was actually doing some original

2025

01:29:34,940 --> 01:29:33,360

graphics on computer graphics and

2026

01:29:36,410 --> 01:29:34,950

experiment back in the day and that's

2027

01:29:38,690 --> 01:29:36,420

kind of when I came up with that really

2028

01:29:41,750 --> 01:29:38,700

read illustration of the cash Landrum

2029

01:29:43,670 --> 01:29:41,760

case which yeah I'll admit it may be

2030

01:29:47,810 --> 01:29:43,680

rudimentary based on what I could do at

2031

01:29:49,760 --> 01:29:47,820

the time but but he's done a lot of work

2032

01:29:53,720 --> 01:29:49,770

in collecting information on his blue

2033

01:29:55,160 --> 01:29:53,730

blurry lines and more power to him as

2034

01:29:58,880 --> 01:29:55,170

far as that's concerned I don't know

2035

01:30:02,870 --> 01:29:58,890

that there will ever be any resolution

2036

01:30:05,390 --> 01:30:02,880

of what happened to them unless someone

2037

01:30:08,150 --> 01:30:05,400

got into office and completely opened up

2038

01:30:11,300 --> 01:30:08,160

access to to look into their to the case

2039

01:30:14,000 --> 01:30:11,310

you know they went to court that was a

2040

01:30:15,790 --> 01:30:14,010

joke in my opinion they had a case I

2041

01:30:20,060 --> 01:30:15,800

think but the way it was presented

2042

01:30:23,900 --> 01:30:20,070

trying to claim that the government

2043

01:30:25,670 --> 01:30:23,910

owned the object that was a mistake of

2044

01:30:28,430 --> 01:30:25,680

whoever the lawyer was that was running

2045

01:30:31,910 --> 01:30:28,440

it at the time he who shall not be named

2046

01:30:33,350 --> 01:30:31,920

but but I think they did could have had

2047

01:30:35,510 --> 01:30:33,360

a better case if they'd had a different

2048

01:30:37,070 --> 01:30:35,520

you know different lawyer but so I don't

2049

01:30:40,149 --> 01:30:37,080

know that the case will ever be resolved

2050

01:30:42,919 --> 01:30:40,159

just for what happened my

2051
01:30:46,930 --> 01:30:42,929
feelings right now if that's the way to

2052
01:30:50,209 --> 01:30:46,940
put it is that what they encountered was

2053
01:30:53,029 --> 01:30:50,219
more likely to have been some form of

2054
01:30:55,160 --> 01:30:53,039
test some kind of government test I

2055
01:30:58,100 --> 01:30:55,170
don't have any evidence to back that up

2056
01:31:00,529 --> 01:30:58,110
it's just things that I've heard and my

2057
01:31:01,879 --> 01:31:00,539
impressions based on you know on the

2058
01:31:03,229 --> 01:31:01,889
things that occurred afterwards the

2059
01:31:05,870 --> 01:31:03,239
helicopters coming in around you know

2060
01:31:08,000 --> 01:31:05,880
that sort of thing but that's not proof

2061
01:31:10,430 --> 01:31:08,010
of anything and unfortunately like most

2062
01:31:13,759 --> 01:31:10,440
UFOs it's gone now so there's not much

2063
01:31:17,149 --> 01:31:13,769

we can left to analyze but the remains

2064

01:31:19,069 --> 01:31:17,159

but as far as I know Kurt Collins I mean

2065

01:31:20,600 --> 01:31:19,079

it has always been okay with me so

2066

01:31:22,100 --> 01:31:20,610

unless you know something I don't know

2067

01:31:26,180 --> 01:31:22,110

and I hope people don't say the same

2068

01:31:30,109 --> 01:31:26,190

thing about me so Jan I had a question

2069

01:31:33,169 --> 01:31:30,119

for you on the cash Landrum incident and

2070

01:31:36,049 --> 01:31:33,179

that is I think it's a 2-tiered question

2071

01:31:40,549 --> 01:31:36,059

one is what are your thoughts on it

2072

01:31:43,969 --> 01:31:40,559

in general and do you believe that the

2073

01:31:50,049 --> 01:31:43,979

folks who were possibly exposed to I

2074

01:31:53,270 --> 01:31:50,059

think it's ionizing radiation which was

2075

01:31:56,029 --> 01:31:53,280

suspected by radiologists who actually

2076

01:31:58,759 --> 01:31:56,039

went over the notes that MUFON had on

2077

01:32:00,890 --> 01:31:58,769

this case very carefully do you believe

2078

01:32:03,140 --> 01:32:00,900

that they were exposed to radiation so

2079

01:32:04,939 --> 01:32:03,150

it's two questions what are your

2080

01:32:06,680 --> 01:32:04,949

thoughts on the cash Landrum incident

2081

01:32:09,649 --> 01:32:06,690

and you believe in the possible

2082

01:32:14,379 --> 01:32:09,659

authenticity or validity of these

2083

01:32:19,279 --> 01:32:16,489

it's like Christians saying you know

2084

01:32:24,729 --> 01:32:19,289

it's a it's a UFO we was here and it's

2085

01:32:28,600 --> 01:32:24,739

gone so basically we just have

2086

01:32:31,879 --> 01:32:28,610

afterwards what the story is afterwards

2087

01:32:34,189 --> 01:32:31,889

now I've had radiation too and I don't

2088

01:32:37,160 --> 01:32:34,199

yeah it was not particularly pleasant

2089

01:32:44,239 --> 01:32:37,170

and took me almost a year to recover

2090

01:32:46,069 --> 01:32:44,249

from it because of cancer I think you

2091

01:32:52,160 --> 01:32:46,079

can think of another case right off hand

2092

01:32:58,010 --> 01:32:52,170

in Canada Falken Falken Lake

2093

01:33:02,050 --> 01:32:58,020

the Nicolette case where there is

2094

01:33:05,359 --> 01:33:02,060

extensive medical evidence on that one

2095

01:33:13,090 --> 01:33:05,369

and of course the condom can be more or

2096

01:33:16,729 --> 01:33:13,100

less rope that off and if you talk to

2097

01:33:22,600 --> 01:33:16,739

Chris Rakowski he hadn't written it off

2098

01:33:25,430 --> 01:33:22,610

and his his complete piles will soon be

2099

01:33:31,250 --> 01:33:25,440

available at the University of Manitoba

2100

01:33:35,240 --> 01:33:31,260

so I'm really curious to see all of that

2101
01:33:37,189 --> 01:33:35,250
I have I ever not much on cash Landrum

2102
01:33:44,209 --> 01:33:37,199
but I do have a lot on nickel lock

2103
01:33:47,840 --> 01:33:44,219
Miculek what a what what it is is it's

2104
01:33:50,359 --> 01:33:47,850
it it's once again the the problem that

2105
01:33:55,160 --> 01:33:50,369
we we have the after-effects which I

2106
01:34:02,899 --> 01:33:55,170
think are a way to study UFOs they did

2107
01:34:07,899 --> 01:34:02,909
have After Effects and so there is there

2108
01:34:11,169 --> 01:34:07,909
is an interesting information there I

2109
01:34:15,520 --> 01:34:11,179
have no reason to doubt these people

2110
01:34:19,459 --> 01:34:15,530
maybe Kirk has I don't I don't know but

2111
01:34:22,700 --> 01:34:19,469
I have no reason to doubt him I hadn't

2112
01:34:26,120 --> 01:34:22,710
investigated it that much I think it's a

2113
01:34:30,439 --> 01:34:26,130

it's a it's an interesting case and if

2114

01:34:33,740 --> 01:34:30,449

there were a scientific investigation it

2115

01:34:36,830 --> 01:34:33,750

should be looked at well I just had jump

2116

01:34:39,020 --> 01:34:36,840

in really quick here the case said did

2117

01:34:42,260 --> 01:34:39,030

they get back into the news because I

2118

01:34:43,790 --> 01:34:42,270

apparently the a tip program Commission

2119

01:34:48,590 --> 01:34:43,800

one of the papers that they commissioned

2120

01:34:51,050 --> 01:34:48,600

was to kid green and it was regarding

2121

01:34:54,649 --> 01:34:51,060

the physical effects of relatively close

2122

01:34:56,060 --> 01:34:54,659

UFO contact and that paper was released

2123

01:34:58,250 --> 01:34:56,070

were able to be through it it

2124

01:34:59,810 --> 01:34:58,260

prominently mentioned cash Landrum II

2125

01:35:03,589 --> 01:34:59,820

didn't go into a lot of details and

2126

01:35:05,220 --> 01:35:03,599

cited a lot of outside research work

2127

01:35:07,729 --> 01:35:05,230

regarding

2128

01:35:10,770 --> 01:35:07,739

exposure and so on and so forth but

2129

01:35:13,800 --> 01:35:10,780

really quick Christian apparently

2130

01:35:16,410 --> 01:35:13,810

Schussler and green that did do some

2131

01:35:17,790 --> 01:35:16,420

work on this particular case and that

2132

01:35:22,130 --> 01:35:17,800

can you tell us a little bit about that

2133

01:35:28,770 --> 01:35:24,780

not specifically about the work that

2134

01:35:31,410 --> 01:35:28,780

Schuster and Green had done and one of

2135

01:35:34,530 --> 01:35:31,420

the reasons that and I don't have at

2136

01:35:36,750 --> 01:35:34,540

this point any direct reason to fault

2137

01:35:37,590 --> 01:35:36,760

John Schuessler or his team for doing

2138

01:35:40,050 --> 01:35:37,600

anything I mean they were working

2139

01:35:42,420 --> 01:35:40,060

independently and working with through

2140

01:35:45,270 --> 01:35:42,430

MUFON and Tom and I were trying to just

2141

01:35:50,720 --> 01:35:45,280

do our own kind of cursory or initial

2142

01:35:57,780 --> 01:35:55,100

ended up kind of just letting it go was

2143

01:36:00,840 --> 01:35:57,790

and through no fault of their own but by

2144

01:36:02,280 --> 01:36:00,850

that time of course Vickie Landrum who

2145

01:36:05,520 --> 01:36:02,290

was still here in Texas so I could at

2146

01:36:11,220 --> 01:36:05,530

least drive down there talk to her was

2147

01:36:13,380 --> 01:36:11,230

so beholden to John that some of the

2148

01:36:15,930 --> 01:36:13,390

things that I had asked we might have

2149

01:36:17,880 --> 01:36:15,940

wanted to try to do or had tried may

2150

01:36:20,880 --> 01:36:17,890

have thought of doing she's like well I

2151
01:36:23,100 --> 01:36:20,890
don't know I need to check with John and

2152
01:36:24,780 --> 01:36:23,110
at that point I realized well anything

2153
01:36:26,580 --> 01:36:24,790
that we might want to do or pursue or

2154
01:36:29,540 --> 01:36:26,590
any investigation we might per take that

2155
01:36:31,770 --> 01:36:29,550
we needed to discuss with her was

2156
01:36:33,450 --> 01:36:31,780
probably they're gonna get you know so

2157
01:36:36,240 --> 01:36:33,460
go straight to back to John to begin

2158
01:36:41,220 --> 01:36:36,250
with and it simply meant we did not have

2159
01:36:43,050 --> 01:36:41,230
as free personal access to her as I

2160
01:36:44,280 --> 01:36:43,060
might have liked and and I don't blame

2161
01:36:46,590 --> 01:36:44,290
her for that at all I can certainly

2162
01:36:48,810 --> 01:36:46,600
understand it sounds like John must have

2163
01:36:50,370 --> 01:36:48,820

been there for them when they needed it

2164

01:36:52,410 --> 01:36:50,380

and help them in enough ways that she

2165

01:36:54,060 --> 01:36:52,420

was obviously going to had a lot of

2166

01:36:59,720 --> 01:36:54,070

respect for John and more power to him

2167

01:37:02,490 --> 01:36:59,730

for that but what John and KITT green

2168

01:37:05,070 --> 01:37:02,500

boy I don't know when you bring up KITT

2169

01:37:08,340 --> 01:37:05,080

Green itself I mentioned a chant that in

2170

01:37:10,770 --> 01:37:08,350

the last two days I sat down a few days

2171

01:37:16,770 --> 01:37:10,780

I sat down and went completely back

2172

01:37:19,020 --> 01:37:16,780

through valleys volume two and three and

2173

01:37:22,200 --> 01:37:19,030

in part it was simply because you

2174

01:37:24,750 --> 01:37:22,210

I began to think wait a minute

2175

01:37:26,399 --> 01:37:24,760

yo weirdest kid because no matter where

2176

01:37:30,660 --> 01:37:26,409

you look if you look at it closely

2177

01:37:31,169 --> 01:37:30,670

enough kick greens there I mean in some

2178

01:37:33,419 --> 01:37:31,179

way

2179

01:37:35,069 --> 01:37:33,429

he's the little guy in the crowd of the

2180

01:37:37,229 --> 01:37:35,079

people and nobody realizes but who's in

2181

01:37:39,600 --> 01:37:37,239

charge it's that guy right there in the

2182

01:37:41,459 --> 01:37:39,610

back that nobody seems to really know

2183

01:37:43,649 --> 01:37:41,469

who he is or what he's doing but if you

2184

01:37:47,580 --> 01:37:43,659

go black you realize kid green has been

2185

01:37:50,520 --> 01:37:47,590

into this entire gamut of everything

2186

01:37:52,850 --> 01:37:50,530

we've been talking about since almost as

2187

01:37:55,890 --> 01:37:52,860

far since I was in college practically

2188

01:37:59,069 --> 01:37:55,900

and so no doubt he's had obviously

2189

01:38:00,839 --> 01:37:59,079

affiliations with John and when you go

2190

01:38:04,260 --> 01:38:00,849

looking at how bass bought into the me

2191

01:38:06,899 --> 01:38:04,270

fond database who did they go to to

2192

01:38:08,220 --> 01:38:06,909

effectively work you know on that on the

2193

01:38:11,129 --> 01:38:08,230

mute Fania well they went to John

2194

01:38:13,260 --> 01:38:11,139

Schuessler and not to say they're not

2195

01:38:16,919 --> 01:38:13,270

qualified people with just unfortunately

2196

01:38:18,959 --> 01:38:16,929

that's a that's a database we're not

2197

01:38:20,310 --> 01:38:18,969

going to readily tap we're not gonna

2198

01:38:22,140 --> 01:38:20,320

have access to whatever they're doing

2199

01:38:24,270 --> 01:38:22,150

behind the scenes that that they're

2200

01:38:26,700 --> 01:38:24,280

doing and that's a shame I think that's

2201

01:38:29,100 --> 01:38:26,710

a shame I mean more credit to Jann and

2202

01:38:30,479 --> 01:38:29,110

his friends and Brad and Jim and all of

2203

01:38:32,129 --> 01:38:30,489

you guys who are putting the information

2204

01:38:35,120 --> 01:38:32,139

together at least where it will be out

2205

01:38:37,500 --> 01:38:35,130

there for people to get access to it

2206

01:38:39,600 --> 01:38:37,510

once if it's a black hole it doesn't no

2207

01:38:41,520 --> 01:38:39,610

one any good except the people who

2208

01:38:43,890 --> 01:38:41,530

apparently don't want us to pay too much

2209

01:38:45,270 --> 01:38:43,900

attention to what they're doing but I

2210

01:38:46,830 --> 01:38:45,280

don't know that's my I have my own

2211

01:38:48,240 --> 01:38:46,840

opinions but I don't want to speak ill

2212

01:38:49,919 --> 01:38:48,250

of anybody who if I don't have a

2213

01:38:52,500 --> 01:38:49,929

specific reason to but I have

2214

01:38:54,689 --> 01:38:52,510

frustrations like all of us knew well

2215

01:38:57,870 --> 01:38:54,699

apparently what happened if you know I'm

2216

01:39:00,060 --> 01:38:57,880

reading greens report to basically bass

2217

01:39:03,000 --> 01:39:00,070

which apparently went over to a tip

2218

01:39:04,709 --> 01:39:03,010

eventually was he was brought in and he

2219

01:39:08,790 --> 01:39:04,719

must have done some kind of medical

2220

01:39:11,399 --> 01:39:08,800

examination some kind of tests on cash

2221

01:39:13,319 --> 01:39:11,409

and Landrum because the sighting he I

2222

01:39:15,720 --> 01:39:13,329

can't go into too much detail in this

2223

01:39:17,760 --> 01:39:15,730

report about what I found out from that

2224

01:39:20,850 --> 01:39:17,770

particular case because of HIPAA

2225

01:39:22,859 --> 01:39:20,860

compliance so he must have been involved

2226

01:39:25,500 --> 01:39:22,869

medically Schuessler must have got it

2227

01:39:28,919 --> 01:39:25,510

and gotten him involved medically at

2228

01:39:30,359 --> 01:39:28,929

some point in that in all this least

2229

01:39:32,970 --> 01:39:30,369

that's the assumption again my own

2230

01:39:33,990 --> 01:39:32,980

experience report yeah my I would

2231

01:39:37,110 --> 01:39:34,000

I would tend to agree with that

2232

01:39:39,750 --> 01:39:37,120

assumption and I would say one of those

2233

01:39:43,290 --> 01:39:39,760

\$20 bets that if you go back and look

2234

01:39:45,600 --> 01:39:43,300

behind the scenes of all almost all of

2235

01:39:46,950 --> 01:39:45,610

these medical cases or medical

2236

01:39:47,250 --> 01:39:46,960

information or whatever you want to call

2237

01:39:52,500 --> 01:39:47,260

it

2238

01:39:54,930 --> 01:39:52,510

green mean to him somewhere he'll get

2239

01:39:58,080 --> 01:39:54,940

access to it no different than the the

2240

01:40:00,180 --> 01:39:58,090

guys who supposedly had MRIs done out at

2241

01:40:03,540 --> 01:40:00,190

skinwalker ranch you know I'm pretty

2242

01:40:06,930 --> 01:40:03,550

sure somewhere that folder ends up with

2243

01:40:08,790 --> 01:40:06,940

KITT green there is a there is some

2244

01:40:11,340 --> 01:40:08,800

irony in all this because that green is

2245

01:40:13,140 --> 01:40:11,350

basically telling a pentagon program I

2246

01:40:16,500 --> 01:40:13,150

can't tell you I can't tell you

2247

01:40:18,630 --> 01:40:16,510

something in the report I will I will

2248

01:40:21,380 --> 01:40:18,640

mention one thing because I've been told

2249

01:40:26,370 --> 01:40:21,390

this would be worth mentioning just

2250

01:40:29,220 --> 01:40:26,380

because of the implications that as far

2251

01:40:31,950 --> 01:40:29,230

back as even when knids was involved in

2252

01:40:33,600 --> 01:40:31,960

the cattle mutilations i'm the

2253

01:40:34,830 --> 01:40:33,610

investigation and even the mutilations

2254

01:40:36,720 --> 01:40:34,840

all throughout the seventies or tom

2255

01:40:40,440 --> 01:40:36,730

adams and gary massey and a lot of that

2256

01:40:44,040 --> 01:40:40,450

going on that which was really a

2257

01:40:45,870 --> 01:40:44,050

surprise to me the two have valet come

2258

01:40:47,640 --> 01:40:45,880

right out and say if any of you are

2259

01:40:48,810 --> 01:40:47,650

aware of the cattle mutilation scenario

2260

01:40:50,880 --> 01:40:48,820

that went all the way you back when the

2261

01:40:53,520 --> 01:40:50,890

FBI and the CBI Colorado Bureau of

2262

01:40:56,160 --> 01:40:53,530

Investigation was involved and a guy by

2263

01:40:58,500 --> 01:40:56,170

the name of Kenneth Rommel who was

2264

01:41:00,750 --> 01:40:58,510

supposedly the person who was running

2265

01:41:05,360 --> 01:41:00,760

the investigation on behalf of these

2266

01:41:09,090 --> 01:41:05,370

authorities that to see it printed by

2267

01:41:10,620 --> 01:41:09,100

Jacques Vallee and some other

2268

01:41:11,970 --> 01:41:10,630

information I wish I could share but

2269

01:41:15,450 --> 01:41:11,980

I'll just have to leave it which

2270

01:41:18,479 --> 01:41:15,460

suddenly substantiates that that it was

2271

01:41:23,460 --> 01:41:18,489

KITT green with the CIA who hired

2272

01:41:26,040 --> 01:41:23,470

Kenneth Rommel I'm like what this is

2273

01:41:27,780 --> 01:41:26,050

supposedly Kenneth Rommel who comes in

2274

01:41:30,360 --> 01:41:27,790

and kind of from what people would say

2275

01:41:33,060 --> 01:41:30,370

did what the condom committee did to the

2276

01:41:35,550 --> 01:41:33,070

UFO phenomenon I just bring him in and

2277

01:41:37,200 --> 01:41:35,560

then they squash it and apparently

2278

01:41:40,410 --> 01:41:37,210

though it was a surprise to me because

2279

01:41:42,300 --> 01:41:40,420

I've heard from way back you know of the

2280

01:41:44,310 --> 01:41:42,310

situation when Kenneth Rommel was trying

2281

01:41:45,840 --> 01:41:44,320

to make everybody think it's predators

2282

01:41:46,900 --> 01:41:45,850

or downplaying the whole thing but then

2283

01:41:50,020 --> 01:41:46,910

to find out that

2284

01:41:54,190 --> 01:41:50,030

kick green at the CIE are the ones who

2285

01:41:56,260 --> 01:41:54,200

brought Rommel in but it was not told

2286

01:41:57,790 --> 01:41:56,270

that way I wonder whether the FBI or

2287

01:41:59,620 --> 01:41:57,800

even the Senators Hirsch and Schmitt

2288

01:42:04,030 --> 01:41:59,630

these these people who thought it was an

2289

01:42:05,860 --> 01:42:04,040

independent invest at something I'll

2290

01:42:08,050 --> 01:42:05,870

have to think long and hard about but

2291

01:42:11,290 --> 01:42:08,060

valet wrote about it he stated it in his

2292

01:42:15,580 --> 01:42:11,300

own books and I'd like that's they were

2293

01:42:18,010 --> 01:42:15,590

buddies Harrison Schmitt just jumping in

2294

01:42:20,470 --> 01:42:18,020

with a little bit of background was one

2295

01:42:23,110 --> 01:42:20,480

of the moonwalkers I was on I think at

2296

01:42:26,350 --> 01:42:23,120

fifteen or sixteen maybe and then was

2297

01:42:28,330 --> 01:42:26,360

later elected to the US Senate yeah so

2298

01:42:30,790 --> 01:42:28,340

well there you go these are people who I

2299

01:42:32,860 --> 01:42:30,800

wonder whether they were aware that

2300

01:42:37,320 --> 01:42:32,870

Kenneth Rommel was apparently brought in

2301
01:42:41,770 --> 01:42:39,340
investigate who were looking for someone

2302
01:42:43,090 --> 01:42:41,780
to be an independent arbiter it just

2303
01:42:45,490 --> 01:42:43,100
surprised me to think that but once

2304
01:42:47,980 --> 01:42:45,500
again you know even valet didn't quite

2305
01:42:50,200 --> 01:42:47,990
know what to think a lot of the things

2306
01:42:51,580 --> 01:42:50,210
that were happening that maybe he knew

2307
01:42:55,720 --> 01:42:51,590
everything maybe he didn't but these

2308
01:42:59,320 --> 01:42:55,730
people in particular kit Green has been

2309
01:43:02,470 --> 01:42:59,330
right at the middle of everything all

2310
01:43:05,650 --> 01:43:02,480
the way back that's why my take on it if

2311
01:43:08,440 --> 01:43:05,660
you go back now and you look at bass and

2312
01:43:10,000 --> 01:43:08,450
a tip we talked about this before I

2313
01:43:13,960 --> 01:43:10,010

think you know but you're gonna find

2314

01:43:17,410 --> 01:43:13,970

that the same small group of maybe four

2315

01:43:19,510 --> 01:43:17,420

people I'm winging off I can think of

2316

01:43:21,640 --> 01:43:19,520

one two three four five ever since and

2317

01:43:23,560 --> 01:43:21,650

ID's all the way up through to probably

2318

01:43:27,250 --> 01:43:23,570

to the stars well you've got that green

2319

01:43:29,200 --> 01:43:27,260

in valet who else actually

2320

01:43:33,010 --> 01:43:29,210

I don't necessarily think I would

2321

01:43:35,170 --> 01:43:33,020

include valet as one yes he I believe he

2322

01:43:37,000 --> 01:43:35,180

built the database for bass he obviously

2323

01:43:40,750 --> 01:43:37,010

was asked it's interesting

2324

01:43:42,880 --> 01:43:40,760

it sounds like Bob Bigelow initially

2325

01:43:46,030 --> 01:43:42,890

wanted valet to be the director of mids

2326

01:43:48,340 --> 01:43:46,040

and for whatever reasons of his own

2327

01:43:50,170 --> 01:43:48,350

valet decided he didn't want to be the

2328

01:43:53,140 --> 01:43:50,180

director he would rather but he'd be on

2329

01:43:56,320 --> 01:43:53,150

the board of Advisory Board and the next

2330

01:43:59,560 --> 01:43:56,330

thing you know kick greens going to be

2331

01:44:00,970 --> 01:43:59,570

the chair and from what I've been told

2332

01:44:04,360 --> 01:44:00,980

kick green and John Allen

2333

01:44:07,060 --> 01:44:04,370

Xander probably I not sure of this but I

2334

01:44:09,340 --> 01:44:07,070

think perhaps John Alexander had a hand

2335

01:44:11,350 --> 01:44:09,350

in and introducing kick green as far as

2336

01:44:15,160 --> 01:44:11,360

to Bob Bigelow goes but I think from

2337

01:44:19,570 --> 01:44:15,170

that point on you'd find kick green how

2338

01:44:22,300 --> 01:44:19,580

put off you know and in fact I get to

2339

01:44:24,580 --> 01:44:22,310

that point John Alexander who at least

2340

01:44:27,190 --> 01:44:24,590

was certainly one of the early guys in

2341

01:44:28,990 --> 01:44:27,200

there but I think there's a somewhere in

2342

01:44:32,020 --> 01:44:29,000

the kick green how put off thing that

2343

01:44:34,570 --> 01:44:32,030

has been behind all of this and it seems

2344

01:44:36,250 --> 01:44:34,580

that it always seems to percolate around

2345

01:44:38,800 --> 01:44:36,260

somebody who brings in a source of

2346

01:44:42,310 --> 01:44:38,810

funding either it's Bigelow or it's

2347

01:44:44,890 --> 01:44:42,320

Harry Reid or whomever but for whatever

2348

01:44:48,190 --> 01:44:44,900

reason Green's name never appears above

2349

01:44:49,000 --> 01:44:48,200

the line you'll see he's not listed he

2350

01:44:51,330 --> 01:44:49,010

writes the Kryta

2351

01:44:53,890 --> 01:44:51,340

or excuse me he writes one to the dir DS

2352

01:44:56,260 --> 01:44:53,900

but interestingly enough that's that's

2353

01:44:58,510 --> 01:44:56,270

the only one that didn't get put on the

2354

01:45:00,340 --> 01:44:58,520

congressional reading list I don't

2355

01:45:02,380 --> 01:45:00,350

really know why that one would be left

2356

01:45:04,750 --> 01:45:02,390

off but of all the other ones and I

2357

01:45:06,400 --> 01:45:04,760

think even I'm not mistaken it's been

2358

01:45:10,060 --> 01:45:06,410

rented written about online already by

2359

01:45:11,979 --> 01:45:10,070

now that of all those other dir DS that

2360

01:45:13,870 --> 01:45:11,989

were paid for right with taxpayer

2361

01:45:16,510 --> 01:45:13,880

dollars that were then put on the

2362

01:45:22,390 --> 01:45:16,520

congressional reading list a story I've

2363

01:45:24,010 --> 01:45:22,400

heard is greens was left off maybe

2364

01:45:26,860 --> 01:45:24,020

because it made too much a direct

2365

01:45:28,930 --> 01:45:26,870

reference to you ApS or whatnot but

2366

01:45:34,090 --> 01:45:28,940

that's interesting as well

2367

01:45:35,740 --> 01:45:34,100

coincidental maybe but I don't know I've

2368

01:45:38,650 --> 01:45:35,750

only seen interviews with these guys and

2369

01:45:41,110 --> 01:45:38,660

to be honest with you they seemed like

2370

01:45:43,510 --> 01:45:41,120

likeable people they really do and if

2371

01:45:46,420 --> 01:45:43,520

they're doing serious research more

2372

01:45:48,250 --> 01:45:46,430

power to them but it's the idea of so

2373

01:45:49,240 --> 01:45:48,260

many things that apparently cannot be

2374

01:45:51,430 --> 01:45:49,250

talked about aren't going to be

2375

01:45:53,979 --> 01:45:51,440

discussed we're told to invest money

2376

01:45:57,729 --> 01:45:53,989

they're on stage they're playing to us

2377

01:45:59,800 --> 01:45:57,739

as their audience but then the stories

2378

01:46:01,210 --> 01:45:59,810

begin to change or some things don't fit

2379

01:46:03,070 --> 01:46:01,220

and when you ask a direct question they

2380

01:46:07,720 --> 01:46:03,080

don't tell you and you can't be told

2381

01:46:08,800 --> 01:46:07,730

that and I don't know it it makes me

2382

01:46:10,630 --> 01:46:08,810

uncomfortable what to think

2383

01:46:11,830 --> 01:46:10,640

but then again maybe I'm not any

2384

01:46:14,470 --> 01:46:11,840

different than Jacques Vallee over the

2385

01:46:19,010 --> 01:46:14,480

last 40 years that he's writing books

2386

01:46:24,439 --> 01:46:19,020

[Laughter]

2387

01:46:26,050 --> 01:46:24,449

amen brother I think that if we really

2388

01:46:29,209 --> 01:46:26,060

want to look at the people that are

2389

01:46:34,510 --> 01:46:29,219

hiding things there's a there's a quite

2390

01:46:41,630 --> 01:46:38,930

are quite frankly not being candid with

2391

01:46:48,020 --> 01:46:41,640

us I agree I agree

2392

01:46:50,180 --> 01:46:48,030

Illi did read the paper you were talking

2393

01:46:54,530 --> 01:46:50,190

about and it talks about the Brazilian

2394

01:46:57,620 --> 01:46:54,540

thing is trying to get some translation

2395

01:47:01,070 --> 01:46:57,630

work done on this now with the Brazilian

2396

01:47:03,350 --> 01:47:01,080

thing is it's like this oh we've lost

2397

01:47:05,330 --> 01:47:03,360

some of the government papers and then

2398

01:47:07,880 --> 01:47:05,340

somebody else over here says oh I've got

2399

01:47:10,820 --> 01:47:07,890

them give me \$2,000 then I'll translate

2400

01:47:13,729 --> 01:47:10,830

them and then somebody over here says oh

2401

01:47:15,500 --> 01:47:13,739

I got him just it's just \$4,000 we'll

2402

01:47:20,030 --> 01:47:15,510

translate them into English for you I'm

2403

01:47:25,990 --> 01:47:20,040

saying okay let's let's not do that I I

2404

01:47:28,870 --> 01:47:26,000

did we did find it at Mary's house

2405

01:47:34,610 --> 01:47:28,880

apparently somebody in Brazil

2406

01:47:40,130 --> 01:47:34,620

contemporary with operation plate did

2407

01:47:43,910 --> 01:47:40,140

send Hynek some material on that now

2408

01:47:50,300 --> 01:47:43,920

it's very it's very sparse but it's got

2409

01:47:51,850 --> 01:47:50,310

a lot of photographs and this guy said

2410

01:47:54,530 --> 01:47:51,860

well these aren't supposed to be

2411

01:48:00,830 --> 01:47:54,540

circulated so it's not it's another one

2412

01:48:04,910 --> 01:48:00,840

of those things but it's an interesting

2413

01:48:07,280 --> 01:48:04,920

thing about the operation plate how you

2414

01:48:10,729 --> 01:48:07,290

know since you know everything you

2415

01:48:16,610 --> 01:48:10,739

cannot it's the closer you get the

2416

01:48:21,320 --> 01:48:16,620

farther everything goes away but it is

2417

01:48:23,890 --> 01:48:21,330

interesting and we as a matter of fact

2418

01:48:26,150 --> 01:48:23,900

we are working on Bruce Brazil right now

2419

01:48:28,320 --> 01:48:26,160

with that which Brazil case do you mean

2420

01:48:31,810 --> 01:48:28,330

yet there's a few of

2421

01:48:35,740 --> 01:48:31,820

we're talking about the operation plate

2422

01:48:39,910 --> 01:48:35,750

okay okay where the what what happened

2423

01:48:42,340 --> 01:48:39,920

is people were reporting that they had

2424

01:48:46,110 --> 01:48:42,350

been assaulted by essentially that's

2425

01:48:48,630 --> 01:48:46,120

what it is assaulted by UFOs and the

2426

01:48:53,190 --> 01:48:48,640

Polaris case er is at a different case

2427

01:48:58,870 --> 01:48:53,200

it's it's a whole whole series of cases

2428

01:49:02,640 --> 01:48:58,880

and and the the Brazil the they

2429

01:49:09,190 --> 01:49:02,650

dispatches Colonel up there to

2430

01:49:12,400 --> 01:49:09,200

investigate it with his team and then

2431

01:49:16,690 --> 01:49:12,410

from whatever happened it appears that

2432

01:49:19,540 --> 01:49:16,700

some of the materials lost some of the

2433

01:49:27,640 --> 01:49:19,550

material fell into various ufologists

2434

01:49:28,990 --> 01:49:27,650

hands and even Hynek had some and of

2435

01:49:31,660 --> 01:49:29,000

course we haven't you know we haven't

2436

01:49:35,200 --> 01:49:31,670

got Hynek stuff translated it's it's

2437

01:49:37,630 --> 01:49:35,210

very like I say it's very sparse I

2438

01:49:39,940 --> 01:49:37,640

talked to Tom to lean and he said that I

2439

01:49:42,880 --> 01:49:39,950

don't recall the man's name but he he's

2440

01:49:44,890 --> 01:49:42,890

passed away but Tom tahleen said oh yeah

2441

01:49:49,390 --> 01:49:44,900

he's highly respected in Brazil he's

2442

01:49:51,900 --> 01:49:49,400

he's one of the he's one of the one of

2443

01:49:56,440 --> 01:49:51,910

the better ufologist in Brazil so

2444

01:49:59,230 --> 01:49:56,450

anything he sent Hynek there's probably

2445

01:50:01,870 --> 01:49:59,240

pretty good stuff now Willie Smith

2446

01:50:08,110 --> 01:50:01,880

didn't have hardly anything on an

2447

01:50:13,830 --> 01:50:08,120

operation plate and I mean he's had all

2448

01:50:18,100 --> 01:50:17,170

had all kinds of it's almost like they

2449

01:50:22,300 --> 01:50:18,110

were assaulted

2450

01:50:24,130 --> 01:50:22,310

I mean beat up or something yeah just up

2451

01:50:26,590 --> 01:50:24,140

for a little background yeah that is the

2452

01:50:32,320 --> 01:50:26,600

same case are you talking about Guevara

2453

01:50:34,570 --> 01:50:32,330

as the ufologist AJ guimard no he and I

2454

01:50:36,640 --> 01:50:34,580

had some contact okay

2455

01:50:38,890 --> 01:50:36,650

okay cuz I know he is involved but that

2456

01:50:40,360 --> 01:50:38,900

yeah solved and yet here too

2457

01:50:44,040 --> 01:50:40,370

stuff that we were going to we were

2458

01:50:51,550 --> 01:50:48,730

translated but there's there's something

2459

01:50:54,790 --> 01:50:51,560

with the Brazilian tax thing if we could

2460

01:50:56,800 --> 01:50:54,800

you know how how we get him the money he

2461

01:50:59,200 --> 01:50:56,810

would not have to pay as much income tax

2462

01:51:04,090 --> 01:50:59,210

one way or another and so it kind of

2463

01:51:06,340 --> 01:51:04,100

broke down on that and he you know he

2464

01:51:08,200 --> 01:51:06,350

didn't he didn't want a lot of money he

2465

01:51:13,510 --> 01:51:08,210

just wanted enough to cover his expenses

2466

01:51:15,370 --> 01:51:13,520

and the translators expense but I guess

2467

01:51:18,010 --> 01:51:15,380

Brazil if money comes in from the

2468

01:51:20,470 --> 01:51:18,020

outside they tax it to the Eberly got it

2469

01:51:23,320 --> 01:51:20,480

got it but yeah that is a Jana's talking

2470

01:51:27,160 --> 01:51:23,330

about the Clara's case operation saucer

2471

01:51:30,130 --> 01:51:27,170

or operation plate operatio pronto and

2472

01:51:33,610 --> 01:51:30,140

Portuguese and yeah that was a case

2473

01:51:36,490 --> 01:51:33,620

where actually the captain who commanded

2474

01:51:38,650 --> 01:51:36,500

the the the group that went out to

2475

01:51:40,930 --> 01:51:38,660

culeros sets the closer look actually

2476

01:51:44,530 --> 01:51:40,940

ultimately committed suicide

2477

01:51:47,500 --> 01:51:44,540

unfortunately and let's see according to

2478

01:51:49,540 --> 01:51:47,510

a ufologist Joc Bolle a number of

2479

01:51:51,550 --> 01:51:49,550

individuals were reportedly killed as a

2480

01:51:54,010 --> 01:51:51,560

result of the lights fired upon them by

2481

01:51:56,320 --> 01:51:54,020

the UFOs injuries were consistent with

2482

01:51:58,600 --> 01:51:56,330

the radiation effects from microwaves

2483

01:52:01,390 --> 01:51:58,610

other ufologist claimed the lights from

2484

01:52:06,340 --> 01:52:01,400

UFOs sucked blood from 400 people so

2485

01:52:07,690 --> 01:52:06,350

yeah that's a big case and I and I do

2486

01:52:11,730 --> 01:52:07,700

know that that Bigelow was that

2487

01:52:19,870 --> 01:52:16,450

it's really and I think tick green did

2488

01:52:21,760 --> 01:52:19,880

mention it in his papers I wasn't too

2489

01:52:25,590 --> 01:52:21,770

impressed by his paper but that you know

2490

01:52:29,170 --> 01:52:25,600

it's yeah well yeah I mean basically

2491

01:52:33,130 --> 01:52:29,180

it's a typical scientific paper he gives

2492

01:52:36,010 --> 01:52:33,140

the results and as far as going back and

2493

01:52:39,340 --> 01:52:36,020

checking things which you have to do in

2494

01:52:43,870 --> 01:52:39,350

ufology yeah everybody's offering their

2495

01:52:46,300 --> 01:52:43,880

theories and their results but seldom

2496

01:52:49,710 --> 01:52:46,310

you know we can we check these things

2497

01:52:54,620 --> 01:52:49,720

out that's a that's a big problem with

2498

01:53:07,230 --> 01:53:03,780

the whole apology supposed baby keys and

2499

01:53:13,320 --> 01:53:07,240

all this other stuff really get that

2500

01:53:16,650 --> 01:53:13,330

that goes all the way back to beans and

2501
01:53:22,530 --> 01:53:16,660
everything so it's been going on forever

2502
01:53:24,300 --> 01:53:22,540
in ethology so we've got a lot of really

2503
01:53:28,710 --> 01:53:24,310
don't care who you are I don't care who

2504
01:53:32,070 --> 01:53:28,720
you are I think we need to really

2505
01:53:47,490 --> 01:53:32,080
anybody that's got something looks

2506
01:53:50,040 --> 01:53:47,500
abstain as well slides are not the first

2507
01:53:52,920 --> 01:53:50,050
time that this happened oh I know yeah

2508
01:53:57,150 --> 01:53:52,930
this goes all the way back to 79 the

2509
01:53:58,860 --> 01:53:57,160
baby the skeleton of the big people

2510
01:54:00,360 --> 01:53:58,870
needed to do their due diligence when

2511
01:54:02,730 --> 01:54:00,370
they do research and they shouldn't rely

2512
01:54:04,650 --> 01:54:02,740
on others and just assume they're right

2513
01:54:13,650 --> 01:54:04,660

they need to actually do research on it

2514

01:54:15,030 --> 01:54:13,660

no matter that cash Landrum case said

2515

01:54:17,820 --> 01:54:15,040

that I actually wanted to ask a

2516

01:54:22,170 --> 01:54:17,830

Christian and Jan and that is cash and

2517

01:54:25,170 --> 01:54:22,180

Landrum if they were actually exposed to

2518

01:54:28,350 --> 01:54:25,180

a government related project as

2519

01:54:31,770 --> 01:54:28,360

Christian postulated earlier in the show

2520

01:54:33,150 --> 01:54:31,780

I wanted to ask you about that topic but

2521

01:54:36,300 --> 01:54:33,160

I wanted to preface it with some

2522

01:54:39,600 --> 01:54:36,310

interesting information area 51 has had

2523

01:54:43,800 --> 01:54:39,610

some interesting lawsuits related to

2524

01:54:45,330 --> 01:54:43,810

environmental toxin exposure by multiple

2525

01:54:48,360 --> 01:54:45,340

workers who have dedicated their lives

2526

01:54:50,970 --> 01:54:48,370

to working over there and they brought

2527

01:54:53,900 --> 01:54:50,980

lawsuits against the US government and

2528

01:54:57,930 --> 01:54:53,910

the US government's response were

2529

01:54:59,430 --> 01:54:57,940

basically interesting a one is President

2530

01:55:01,950 --> 01:54:59,440

Clinton invoked the military and state

2531

01:55:03,750 --> 01:55:01,960

secrets privilege specifically exempting

2532

01:55:07,110 --> 01:55:03,760

the base from disclosing any pollution

2533

01:55:09,300 --> 01:55:07,120

reports at all and the government's

2534

01:55:14,700 --> 01:55:09,310

response also was interesting in the

2535

01:55:16,920 --> 01:55:14,710

fact that they actually try to just not

2536

01:55:19,590 --> 01:55:16,930

say anything like have any statement

2537

01:55:21,030 --> 01:55:19,600

whatsoever but I think one of the

2538

01:55:23,340 --> 01:55:21,040

statements they said here let me see if

2539

01:55:26,370 --> 01:55:23,350

I can bring that up as a Washington Post

2540

01:55:28,740 --> 01:55:26,380

inquired of the Air Force about this

2541

01:55:30,960 --> 01:55:28,750

topic and they said that the Air Force

2542

01:55:33,420 --> 01:55:30,970

touts its strong environmental record

2543

01:55:36,660 --> 01:55:33,430

and the spokesman refused to address any

2544

01:55:37,800 --> 01:55:36,670

questions about area 51 and most people

2545

01:55:39,240 --> 01:55:37,810

understand that there is some

2546

01:55:41,490 --> 01:55:39,250

information the government has to keep

2547

01:55:43,800 --> 01:55:41,500

secret to protect national security in

2548

01:55:45,300 --> 01:55:43,810

the military personnel to keep us all

2549

01:55:49,740 --> 01:55:45,310

safe the statement said now my question

2550

01:55:52,560 --> 01:55:49,750

here is if cash and Landrum a folks were

2551

01:55:54,600 --> 01:55:52,570

actually exposed to real radiation by

2552

01:55:58,710 --> 01:55:54,610

the US government due to a top-secret

2553

01:56:00,870 --> 01:55:58,720

project how how effective do you think

2554

01:56:04,860 --> 01:56:00,880

they would be in actually having their

2555

01:56:07,320 --> 01:56:04,870

lawsuit result in some kind of wind for

2556

01:56:11,550 --> 01:56:07,330

them if it was top-secret late related

2557

01:56:13,470 --> 01:56:11,560

or classified I have thought a little

2558

01:56:15,000 --> 01:56:13,480

bit about that and of course I am NOT an

2559

01:56:17,670 --> 01:56:15,010

attorney so I'm sure there are

2560

01:56:20,580 --> 01:56:17,680

complications that I might not think of

2561

01:56:23,630 --> 01:56:20,590

but I do recall reading about their case

2562

01:56:28,350 --> 01:56:23,640

when they did go to court they had a

2563

01:56:30,510 --> 01:56:28,360

local attorney and then I believe it was

2564

01:56:33,690 --> 01:56:30,520

Peter Gersten who decided he would get

2565

01:56:35,700 --> 01:56:33,700

in and help represent them and for

2566

01:56:37,770 --> 01:56:35,710

whatever reason and I may be

2567

01:56:39,630 --> 01:56:37,780

paraphrasing some of this but the take

2568

01:56:45,720 --> 01:56:39,640

that they tried to the approach that

2569

01:56:48,420 --> 01:56:45,730

they tried to take seemed to be that the

2570

01:56:49,260 --> 01:56:48,430

government somehow controlled which is

2571

01:56:50,490 --> 01:56:49,270

going to kind of what you were

2572

01:56:53,220 --> 01:56:50,500

describing the government somehow

2573

01:56:58,530 --> 01:56:53,230

controlled or had control over this

2574

01:57:00,600 --> 01:56:58,540

object and therefore pay up they were

2575

01:57:03,479 --> 01:57:00,610

injured somehow it blame it on the

2576

01:57:05,040 --> 01:57:03,489

government unfortunately as I think

2577

01:57:07,140 --> 01:57:05,050

would have been clear to anyone it

2578

01:57:10,470 --> 01:57:07,150

seemed clear to me they had no evidence

2579

01:57:13,020 --> 01:57:10,480

to support that they had nothing to show

2580

01:57:14,940 --> 01:57:13,030

that as a claim that they could take to

2581

01:57:16,979 --> 01:57:14,950

court and the judge or somebody is gonna

2582

01:57:19,500 --> 01:57:16,989

say well where's your proof

2583

01:57:21,509 --> 01:57:19,510

I would have approached it differently I

2584

01:57:24,200 --> 01:57:21,519

would have approached it as either

2585

01:57:28,529 --> 01:57:24,210

negligence whether it was a government

2586

01:57:31,169 --> 01:57:28,539

experiment or a quote-unquote UFO or

2587

01:57:32,640 --> 01:57:31,179

whatever else if the government could

2588

01:57:34,200 --> 01:57:32,650

get helicopters there that quickly they

2589

01:57:35,970 --> 01:57:34,210

had to know in advance and from other

2590

01:57:38,279 --> 01:57:35,980

cases just like the ones that you were

2591

01:57:40,560 --> 01:57:38,289

describing in Brazil there's a track

2592

01:57:43,319 --> 01:57:40,570

record indicating that people can be

2593

01:57:44,759 --> 01:57:43,329

affected look at the kovat virus we're

2594

01:57:46,439 --> 01:57:44,769

all over this fact that if you knew in

2595

01:57:48,359 --> 01:57:46,449

advance you could have said something

2596

01:57:51,120 --> 01:57:48,369

that might have kept plenty of people

2597

01:57:53,100 --> 01:57:51,130

out of harm's way so air are you

2598

01:57:57,180 --> 01:57:53,110

culpable when it comes to lawsuit like

2599

01:58:00,660 --> 01:57:57,190

cash Landrum could you approach from the

2600

01:58:03,299 --> 01:58:00,670

perspective of your your jury members or

2601
01:58:04,950 --> 01:58:03,309
the judge who can show you can show a

2602
01:58:07,049 --> 01:58:04,960
track record that the government has

2603
01:58:10,649 --> 01:58:07,059
been aware of things and they left the

2604
01:58:12,000 --> 01:58:10,659
people totally exposed by not informing

2605
01:58:13,290 --> 01:58:12,010
them that hey we don't know what these

2606
01:58:15,419 --> 01:58:13,300
things are maybe you shouldn't approach

2607
01:58:17,279 --> 01:58:15,429
too closely meaning don't get out of

2608
01:58:18,660 --> 01:58:17,289
your car and stand by the front while

2609
01:58:20,520 --> 01:58:18,670
the things sitting there exhuming

2610
01:58:22,830 --> 01:58:20,530
radiation on you but you could have told

2611
01:58:25,020 --> 01:58:22,840
them anything you know don't get close

2612
01:58:26,850 --> 01:58:25,030
back up that might have helped them

2613
01:58:28,169 --> 01:58:26,860

maybe Vicki wouldn't have been exposed

2614

01:58:29,790 --> 01:58:28,179

to already rather wouldn't have been

2615

01:58:32,850 --> 01:58:29,800

exposed as badly or either one of them

2616

01:58:35,430 --> 01:58:32,860

but to not tell them that something is a

2617

01:58:36,899 --> 01:58:35,440

danger I guarantee you if I didn't tell

2618

01:58:39,060 --> 01:58:36,909

you there was an alligator in my

2619

01:58:41,160 --> 01:58:39,070

backyard and I let you go out there and

2620

01:58:43,560 --> 01:58:41,170

get bitten you'd sue the out of me

2621

01:58:46,970 --> 01:58:43,570

because I knew and I didn't bother to

2622

01:58:50,040 --> 01:58:46,980

take due caution on it so I think maybe

2623

01:58:53,370 --> 01:58:50,050

either it was stupidity on the part of

2624

01:58:57,390 --> 01:58:53,380

whoever was forming their case that they

2625

01:58:59,370 --> 01:58:57,400

the judge effectively threw out I don't

2626
01:59:00,720 --> 01:58:59,380
even think that the defense attorneys

2627
01:59:03,959 --> 01:59:00,730
had to say much of anything but hey

2628
01:59:06,629 --> 01:59:03,969
wasn't ours I won't thank you for that

2629
01:59:09,419 --> 01:59:06,639
input I wanted to mention something

2630
01:59:11,669 --> 01:59:09,429
interesting and that is Peter Gersten

2631
01:59:15,359 --> 01:59:11,679
founder of citizens against UFO secrecy

2632
01:59:19,470 --> 01:59:15,369
who was a criminal defense attorney he

2633
01:59:22,200 --> 01:59:19,480
actually had an interesting case doctor

2634
01:59:24,479 --> 01:59:22,210
with dr. Hynek Peter Gersten sued the

2635
01:59:26,160 --> 01:59:24,489
CIA and FBI over the release of 5,000

2636
01:59:28,080 --> 01:59:26,170
UFO related government documents and

2637
01:59:30,950 --> 01:59:28,090
also brought lawsuits against such

2638
01:59:34,490 --> 01:59:30,960

organizations as the NSA dia

2639

01:59:38,690 --> 01:59:34,500

eh-eh and had a famous interview with

2640

01:59:41,780 --> 01:59:38,700

Tom Schneider or a Tom Schneider and dr.

2641

01:59:43,340 --> 01:59:41,790

Hynek about those topics anyway I'm

2642

01:59:47,300 --> 01:59:43,350

really glad that we were able to have

2643

01:59:50,900 --> 01:59:47,310

Jann eldritch and Christian Lambright

2644

01:59:53,570 --> 01:59:50,910

both iconic veteran UFO researchers in

2645

01:59:56,450 --> 01:59:53,580

their own right you have really done us

2646

01:59:58,330 --> 01:59:56,460

a big favor in and out of the UFO

2647

02:00:00,770 --> 01:59:58,340

community regarding their decades

2648

02:00:03,020 --> 02:00:00,780

multiple decades-long work on the UFO

2649

02:00:05,060 --> 02:00:03,030

topics and other and other interesting

2650

02:00:15,770 --> 02:00:05,070

topics so thank you very much for having

2651

02:00:17,900 --> 02:00:15,780

been on our show today yeah I appreciate

2652

02:00:19,850 --> 02:00:17,910

it that Jan and that Christian and of

2653

02:00:22,190 --> 02:00:19,860

course Dave who's left us earlier so

2654

02:00:25,400 --> 02:00:22,200

yeah thanks for tuning in I think we had

2655

02:00:28,459 --> 02:00:25,410

a great show today and hopefully we took

2656

02:00:30,350 --> 02:00:28,469

your mind off some of the real world

2657

02:00:32,690 --> 02:00:30,360

problems that are going on right now and

2658

02:00:34,850 --> 02:00:32,700

we'll be back with more shows to keep
