UPDATE ON THE WILSON "NOTES"
REVIEW OF NEW STEVEN GREER MOVIE
A DEBUNKER DISSECTION**

UFONN
SUNDAY

1
00:01:01,939 --> 00:00:17,860

[Music]

2
00:01:07,440 --> 00:01:04,829
and good evening from Philadelphia Frank

3
00:01:09,660 --> 00:01:07,450
here with yet another episode of UFO

4
00:01:12,300 --> 00:01:09,670
news network Sunday tonight on a

5
00:01:15,300 --> 00:01:12,310
Wednesday we're out of lockdown edition

6
00:01:18,570 --> 00:01:15,310
back to work after my extended 8 week

7
00:01:20,999 --> 00:01:18,580
paid vacation so it was fun while it

8
00:01:23,310 --> 00:01:21,009
lasted but last week it was back to work

9
00:01:26,790 --> 00:01:23,320
and now it's time to get back to work

10
00:01:28,800 --> 00:01:26,800
and talk about some UFO news a little

11
00:01:30,900 --> 00:01:28,810
bit has gone on since I did my last

12
00:01:34,010 --> 00:01:30,910
update a few things that are worth

13
00:01:38,340 --> 00:01:34,020

discussing so I will get to them right

14

00:01:40,800 --> 00:01:38,350

away here basically a few things have

15

00:01:43,529 --> 00:01:40,810

gone on that are worth covering and so

16

00:01:45,779 --> 00:01:43,539

let's get right to it as I suggested

17

00:01:48,770 --> 00:01:45,789

during our last show that it was quite

18

00:01:51,389 --> 00:01:48,780

likely we'd be seeing some sort of large

19

00:01:54,059 --> 00:01:51,399

mainstream media coverage of the UFO

20

00:01:57,540 --> 00:01:54,069

topic in preparation for the premiere of

21

00:02:01,080 --> 00:01:57,550

season 2 of unidentified we have not

22

00:02:03,779 --> 00:02:01,090

gotten that that date from for the

23

00:02:05,880 --> 00:02:03,789

premiere of season 2 supposedly it was

24

00:02:08,790 --> 00:02:05,890

according to Cox cable it was going to

25

00:02:12,210 --> 00:02:08,800

be sometime this month but this coming

26

00:02:13,650 --> 00:02:12,220

Friday is the last Friday in May and it

27

00:02:15,869 --> 00:02:13,660

has not happened it's not on the

28

00:02:18,660 --> 00:02:15,879

schedule so almost certainly it is going

29

00:02:21,390 --> 00:02:18,670

to come out at some point that in June

30

00:02:24,630 --> 00:02:21,400

we'll probably see it some Friday or

31

00:02:26,670 --> 00:02:24,640

another maybe next Friday sometime in

32

00:02:29,550 --> 00:02:26,680

June I'm sure that we'll see it but we

33

00:02:32,010 --> 00:02:29,560

did see the New York Times story and it

34

00:02:35,010 --> 00:02:32,020

came out a couple weeks back and

35

00:02:36,930 --> 00:02:35,020

basically Navy reports described

36

00:02:39,630 --> 00:02:36,940

encounters with unexplained flying

37

00:02:43,860 --> 00:02:39,640

objects none of these particular cases

38

00:02:47,160 --> 00:02:43,870

are especially extraordinary but what

39

00:02:49,229 --> 00:02:47,170

they do reveal is that when these pilots

40

00:02:51,690 --> 00:02:49,239

do encounter something that they can't

41

00:02:54,600 --> 00:02:51,700

necessarily identify or something along

42

00:02:58,050 --> 00:02:54,610

those lines that they are in fact

43

00:03:01,589 --> 00:02:58,060

written up in reports a flight hazard

44

00:03:04,020 --> 00:03:01,599

reports so basically on April 23rd 2014

45

00:03:06,119 --> 00:03:04,030

two objects were tracked on radar not

46

00:03:08,339 --> 00:03:06,129

communicating and two other relatively

47

00:03:10,559 --> 00:03:08,349

small objects were observed at the same

48

00:03:11,730 --> 00:03:10,569

time flying at high speed off the coast

49

00:03:13,980 --> 00:03:11,740

of Virginia and other

50

00:03:17,700 --> 00:03:13,990

it states the events were said to pose a

51
00:03:19,080 --> 00:03:17,710
severe threat to Naval Aviation it's

52
00:03:22,560 --> 00:03:19,090
only a matter of time before this

53
00:03:24,840 --> 00:03:22,570
results in a mid-air in w72 the report

54
00:03:26,970 --> 00:03:24,850
said using the airspace designation

55
00:03:29,160 --> 00:03:26,980
this was the squadron's second

56
00:03:30,990 --> 00:03:29,170
occurrence in the last 10 months the

57
00:03:33,300 --> 00:03:31,000
most recent incident included in the

58
00:03:34,710 --> 00:03:33,310
Freedom of Information Act documents did

59
00:03:38,310 --> 00:03:34,720
not appear to be related to an

60
00:03:40,620 --> 00:03:38,320
unidentified flying object a red weather

61
00:03:42,720 --> 00:03:40,630
balloon was spotted at 27,000 feet by

62
00:03:44,820 --> 00:03:42,730
four aircraft when none were supposed to

63
00:03:46,110 --> 00:03:44,830

be in the area the report concluded

64

00:03:47,970 --> 00:03:46,120

weather balloon released without

65

00:03:49,850 --> 00:03:47,980

notifying the appropriate channels

66

00:03:53,700 --> 00:03:49,860

I suspect that kind of thing goes on

67

00:03:56,070 --> 00:03:53,710

fairly regularly now in conjunction well

68

00:03:58,590 --> 00:03:56,080

not that in conjunction but roughly the

69

00:04:01,290 --> 00:03:58,600

same time this New York Times article

70

00:04:04,170 --> 00:04:01,300

came out a far more detailed article

71

00:04:07,710 --> 00:04:04,180

came out in the war zone and what we've

72

00:04:10,920 --> 00:04:07,720

got here is a little bit pulled from

73

00:04:12,600 --> 00:04:10,930

that the Jets crew visually acquired it

74

00:04:14,220 --> 00:04:12,610

as they saw it passed down the right

75

00:04:16,050 --> 00:04:14,230

side of their aircraft with

76

00:04:18,120 --> 00:04:16,060

approximately 200 feet of lateral

77

00:04:21,420 --> 00:04:18,130

separation while flying at an altitude

78

00:04:23,760 --> 00:04:21,430

of 17,000 feet it was climbing and had a

79

00:04:25,710 --> 00:04:23,770

visible exhaust trail that certainly

80

00:04:27,720 --> 00:04:25,720

doesn't sound too extraterrestrial to me

81

00:04:29,430 --> 00:04:27,730

but these sort of things do happen and

82

00:04:32,250 --> 00:04:29,440

when they do they do get written up

83

00:04:35,330 --> 00:04:32,260

let's see another incident at around

84

00:04:38,550 --> 00:04:35,340

12,000 feet us speed of approximately

85

00:04:41,400 --> 00:04:38,560

0.1 mocs are roughly 75 miles an hour

86

00:04:43,320 --> 00:04:41,410

not super fast the aircraft that had an

87

00:04:45,060 --> 00:04:43,330

approximately 5 foot wingspan and was

88

00:04:46,950 --> 00:04:45,070

colored white with no other

89

00:04:50,850 --> 00:04:46,960

distinguishable features according to

90

00:04:52,710 --> 00:04:50,860

the pilot tracked for an hour and then

91

00:04:54,360 --> 00:04:52,720

another one the unknown aircraft

92

00:04:56,430 --> 00:04:54,370

appeared to be small in size

93

00:04:57,750 --> 00:04:56,440

approximately the size of a suitcase and

94

00:05:00,150 --> 00:04:57,760

silver in color

95

00:05:01,440 --> 00:05:00,160

the pilot was only able to pass within a

96

00:05:03,840 --> 00:05:01,450

thousand feet of it and could not

97

00:05:05,400 --> 00:05:03,850

identify it well it's a pretty small

98

00:05:06,840 --> 00:05:05,410

object but a thousand feet when you're

99

00:05:08,610 --> 00:05:06,850

up in the air it's pretty close actually

100

00:05:10,530 --> 00:05:08,620

that's you know three football fields

101
00:05:14,160 --> 00:05:10,540
away that's not that far away really

102
00:05:15,480 --> 00:05:14,170
here's another tidbit from another one

103
00:05:18,180 --> 00:05:15,490
of the reports the crew initially

104
00:05:21,659 --> 00:05:18,190
detected two UA DS on radar one at

105
00:05:23,790 --> 00:05:21,669
12,000 feet another at 15,000 feet both

106
00:05:24,590 --> 00:05:23,800
apparently stationary or near stationary

107
00:05:27,410 --> 00:05:24,600
they were

108
00:05:29,990 --> 00:05:27,420
firmed then they then confirmed both of

109
00:05:31,730 --> 00:05:30,000
these objects using the Jets advanced

110
00:05:35,870 --> 00:05:31,740
targeting forward-looking infra-red

111
00:05:37,490 --> 00:05:35,880
system so it looks like that they run

112
00:05:39,470 --> 00:05:37,500
into these types of things not

113
00:05:42,500 --> 00:05:39,480

infrequently but again these aren't

114

00:05:46,220 --> 00:05:42,510

necessarily et but what we do see here

115

00:05:49,070 --> 00:05:46,230

and the the drive did release these

116

00:05:50,810 --> 00:05:49,080

documents just a couple so just to give

117

00:05:52,970 --> 00:05:50,820

you an idea of what these kinds of

118

00:05:56,630 --> 00:05:52,980

reports look like again nothing really

119

00:05:58,820 --> 00:05:56,640

extraordinary a small objects objects

120

00:06:00,820 --> 00:05:58,830

going now roughly seventy five miles an

121

00:06:03,830 --> 00:06:00,830

hour not especially all that quick

122

00:06:06,710 --> 00:06:03,840

hardly otherworldly flight capabilities

123

00:06:09,080 --> 00:06:06,720

but what you do see is these sorts of

124

00:06:12,170 --> 00:06:09,090

things do get written up when they

125

00:06:15,770 --> 00:06:12,180

happen so that is a very interesting of

126
00:06:18,020 --> 00:06:15,780
course and you know that when the types

127
00:06:19,490 --> 00:06:18,030
of incidents that get our attention a

128
00:06:22,130 --> 00:06:19,500
little bit more the ones that are going

129
00:06:24,260 --> 00:06:22,140
at multi Mach speeds the ones that are

130
00:06:26,390 --> 00:06:24,270
making right angle turns at several

131
00:06:29,750 --> 00:06:26,400
thousand miles an hour the ones that are

132
00:06:32,120 --> 00:06:29,760
sort of appearing and disappearing and

133
00:06:34,340 --> 00:06:32,130
picked up on radar and visually tracked

134
00:06:36,230 --> 00:06:34,350
as well those are the types of cases we

135
00:06:37,880 --> 00:06:36,240
want to see and you know they get

136
00:06:40,160 --> 00:06:37,890
documented as well if they're

137
00:06:42,310 --> 00:06:40,170
documenting small stuff like that like

138
00:06:44,840 --> 00:06:42,320

these types of cases they're definitely

139

00:06:46,850 --> 00:06:44,850

documenting the larger types of cases as

140

00:06:49,070 --> 00:06:46,860

well so it's interesting to see that it

141

00:06:54,500 --> 00:06:49,080

is interesting sometimes to run down

142

00:06:57,770 --> 00:06:54,510

these sort of well how could I put it

143

00:07:00,770 --> 00:06:57,780

these sorts of cases that merit

144

00:07:02,570 --> 00:07:00,780

reporting that get the reaction from

145

00:07:04,550 --> 00:07:02,580

pilots when they're up in the air flying

146

00:07:06,800 --> 00:07:04,560

around but you know that's pretty

147

00:07:08,960 --> 00:07:06,810

obvious that they're not et if you might

148

00:07:12,080 --> 00:07:08,970

remember a couple of years back we

149

00:07:14,330 --> 00:07:12,090

discussed it at length here the instance

150

00:07:17,650 --> 00:07:14,340

with the number of pilots over Ireland

151
00:07:20,260 --> 00:07:17,660
seeing a what I'm convinced was a

152
00:07:23,390 --> 00:07:20,270
meteorite coming through the atmosphere

153
00:07:25,400 --> 00:07:23,400
they saw it and reacted and we were able

154
00:07:27,350 --> 00:07:25,410
to get audio tape of that that was

155
00:07:30,530 --> 00:07:27,360
released and then someone in the north

156
00:07:32,540 --> 00:07:30,540
of Ireland through a car dashcam was

157
00:07:34,370 --> 00:07:32,550
actually able to pick it up flying

158
00:07:36,140 --> 00:07:34,380
through the air and that pretty much

159
00:07:38,420 --> 00:07:36,150
matched what one of the pilot was

160
00:07:41,240 --> 00:07:38,430
describing right to a tee so you

161
00:07:43,910 --> 00:07:41,250
that was pretty obviously a meteorite

162
00:07:45,650 --> 00:07:43,920
and that when a pilot says yeah hey that

163
00:07:48,350 --> 00:07:45,660

was a that was a bowl line that was a

164

00:07:50,480 --> 00:07:48,360

meteorite I tend to believe him when a

165

00:07:53,390 --> 00:07:50,490

pilot like in one of these reports

166

00:07:55,160 --> 00:07:53,400

describes what looked like to him like a

167

00:07:57,530 --> 00:07:55,170

quadcopter it probably was a quadcopter

168

00:08:00,200 --> 00:07:57,540

I'll take his word on that and also when

169

00:08:02,510 --> 00:08:00,210

a pilot says I see something that defied

170

00:08:04,700 --> 00:08:02,520

the known laws of physics I tend to

171

00:08:06,970 --> 00:08:04,710

believe that too so I believe the

172

00:08:09,800 --> 00:08:06,980

witnesses and that we've got again some

173

00:08:12,080 --> 00:08:09,810

relatively mundane cases nothing out of

174

00:08:16,010 --> 00:08:12,090

the ordinary but again we see that just

175

00:08:17,990 --> 00:08:16,020

about everything that merits reporting

176

00:08:19,370 --> 00:08:18,000

gets reported and you know obviously

177

00:08:23,690 --> 00:08:19,380

we're seeing that here in black and

178

00:08:27,350 --> 00:08:23,700

white and again these cases are

179

00:08:30,290 --> 00:08:27,360

described as a potential aviation hazard

180

00:08:33,170 --> 00:08:30,300

or a aviation threat now this comes from

181

00:08:34,670 --> 00:08:33,180

the civilian ranks but you see in just

182

00:08:36,920 --> 00:08:34,680

about anything and everything is

183

00:08:40,460 --> 00:08:36,930

regarded as a threat in terms of

184

00:08:43,730 --> 00:08:40,470

aviation obviously weather of course you

185

00:08:45,530 --> 00:08:43,740

know also birds or regard as a threat

186

00:08:48,710 --> 00:08:45,540

anything that that might distract the

187

00:08:50,600 --> 00:08:48,720

crew within the cabin when that they're

188

00:08:52,490 --> 00:08:50,610

trying to fly the plane that can be

189

00:08:54,230 --> 00:08:52,500

regarded as a threat an interruption

190

00:08:57,110 --> 00:08:54,240

that whatever the case may be and of

191

00:08:59,060 --> 00:08:57,120

course the UFO by definition would would

192

00:08:59,960 --> 00:08:59,070

qualify there you're looking out the

193

00:09:01,310 --> 00:08:59,970

window and you see something

194

00:09:02,780 --> 00:09:01,320

extraordinary you're not paying

195

00:09:04,190 --> 00:09:02,790

attention to what you're doing as far as

196

00:09:07,250 --> 00:09:04,200

that what you need to be doing it in

197

00:09:11,210 --> 00:09:07,260

terms of flying the plane so so there's

198

00:09:13,340 --> 00:09:11,220

that and that is about as far as the eye

199

00:09:15,920 --> 00:09:13,350

would go in terms of describing do I

200

00:09:17,870 --> 00:09:15,930

pose a threat just in the same sense

201
00:09:19,700 --> 00:09:17,880
that the birds are a threat whether is a

202
00:09:22,400 --> 00:09:19,710
threat distractions in the cabin or a

203
00:09:26,240 --> 00:09:22,410
threat yeah technically by the very

204
00:09:28,100 --> 00:09:26,250
tight standards of aviation that by

205
00:09:30,740 --> 00:09:28,110
their definition yeah UFOs would be a

206
00:09:33,620 --> 00:09:30,750
threat in that standard but don't see

207
00:09:36,290 --> 00:09:33,630
any evidence that the UFOs per se or any

208
00:09:38,150 --> 00:09:36,300
kind of a widespread existential threat

209
00:09:39,920 --> 00:09:38,160
to humanity or national defense or

210
00:09:41,270 --> 00:09:39,930
anything along those lines I'll get into

211
00:09:44,030 --> 00:09:41,280
that a little bit more later on but

212
00:09:46,880 --> 00:09:44,040
that's basically the sum up obviously

213
00:09:49,160 --> 00:09:46,890

that New York Times story did come come

214

00:09:51,350 --> 00:09:49,170

to pass just as I was suggesting not

215

00:09:52,040 --> 00:09:51,360

necessarily at times but something

216

00:09:54,290 --> 00:09:52,050

high-profile

217

00:09:57,790 --> 00:09:54,300

but the times it was and rather

218

00:10:01,160 --> 00:09:57,800

interestingly enough ralph Blumenthal

219

00:10:03,739 --> 00:10:01,170

involved in writing that story up also

220

00:10:06,199 --> 00:10:03,749

is apparently taking a closer look at

221

00:10:09,069 --> 00:10:06,209

the Wilson notes he actually reached out

222

00:10:11,299 --> 00:10:09,079

to our old pal Michael W hall and

223

00:10:13,460 --> 00:10:11,309

chatted with Michael about the notes a

224

00:10:15,619 --> 00:10:13,470

little bit and Michael gave him some

225

00:10:17,960 --> 00:10:15,629

feedback he gave some nice kudos to

226

00:10:20,720 --> 00:10:17,970

chant Hannah and regarding her interview

227

00:10:23,239 --> 00:10:20,730

with commander will Miller didn't

228

00:10:25,429 --> 00:10:23,249

exactly make the the skeptical case that

229

00:10:27,710 --> 00:10:25,439

we've been making here for just about a

230

00:10:30,710 --> 00:10:27,720

year now regarding these notes and it

231

00:10:35,929 --> 00:10:30,720

basically gave it the the probe the pro

232

00:10:38,869 --> 00:10:35,939

notes spin which is not exactly fully

233

00:10:40,939 --> 00:10:38,879

accurately I mean he didn't he didn't

234

00:10:44,299 --> 00:10:40,949

present that Blumenthal with any missed

235

00:10:47,509 --> 00:10:44,309

ruse but he also didn't provide any sort

236

00:10:50,840 --> 00:10:47,519

of a skeptical push back either and so

237

00:10:53,989 --> 00:10:50,850

it wasn't entirely a fair presentation

238

00:10:56,359 --> 00:10:53,999

to Blumenthal I don't know exactly if

239

00:10:59,449 --> 00:10:56,369

they're going to follow up on this

240

00:11:01,220 --> 00:10:59,459

if Blumenthal is or to what extent my

241

00:11:02,720 --> 00:11:01,230

advice would be hey now if you want to

242

00:11:05,629 --> 00:11:02,730

take a look at those notes and use them

243

00:11:07,939 --> 00:11:05,639

as leads to try to dig in and find out

244

00:11:10,639 --> 00:11:07,949

what was going on regarding UFOs and

245

00:11:12,939 --> 00:11:10,649

special access projects back in the you

246

00:11:14,960 --> 00:11:12,949

know the late nineties the early 2000s

247

00:11:16,999 --> 00:11:14,970

anywhere in that time frame hey

248

00:11:19,970 --> 00:11:17,009

something was going on with UFOs we know

249

00:11:22,039 --> 00:11:19,980

it has been since 1947 and we don't

250

00:11:24,049 --> 00:11:22,049

really have a lot of information about

251
00:11:26,900 --> 00:11:24,059
what specifically happened back then I

252
00:11:31,609 --> 00:11:26,910
certainly wouldn't take these ginned up

253
00:11:33,650 --> 00:11:31,619
documents as any kind of a true full

254
00:11:35,329 --> 00:11:33,660
story of what happened in those days any

255
00:11:37,879 --> 00:11:35,339
more than I would take the majestic 12

256
00:11:40,249 --> 00:11:37,889
documents as any sort of true full

257
00:11:43,009 --> 00:11:40,259
history of what happened with UFOs

258
00:11:45,530 --> 00:11:43,019
during the Truman administration but

259
00:11:47,900 --> 00:11:45,540
again they could provide some leads at

260
00:11:48,139 --> 00:11:47,910
some interesting things that may come of

261
00:11:50,449 --> 00:11:48,149
it

262
00:11:52,069 --> 00:11:50,459
I do just mention again in passing that

263
00:11:55,100 --> 00:11:52,079

if it wasn't for those majestic 12

264

00:11:56,629 --> 00:11:55,110

documents which I did use for leads and

265

00:11:58,519 --> 00:11:56,639

for follow-up when I was relatively new

266

00:12:02,150 --> 00:11:58,529

to researching this I would never have

267

00:12:04,980 --> 00:12:02,160

found the the the meeting in the White

268

00:12:07,829 --> 00:12:04,990

House or regarding the DC 1950

269

00:12:09,740 --> 00:12:07,839

- UFO case which I wrote up over at the

270

00:12:14,550 --> 00:12:09,750

website you can go take a look at that

271

00:12:19,019 --> 00:12:14,560

UFO partisan dot blog spot.com go take a

272

00:12:21,329 --> 00:12:19,029

look at that and that well you know I I

273

00:12:22,980 --> 00:12:21,339

make a pretty good argument that that's

274

00:12:26,910 --> 00:12:22,990

exactly what that particular meeting was

275

00:12:30,840 --> 00:12:26,920

about about the 1952 case so yeah I

276

00:12:33,480 --> 00:12:30,850

think sometimes this what I would regard

277

00:12:36,090 --> 00:12:33,490

as essentially disinformation might

278

00:12:38,160 --> 00:12:36,100

again provide some leads because a lot

279

00:12:39,540 --> 00:12:38,170

of times it's disinformation that's been

280

00:12:42,930 --> 00:12:39,550

floated around it's pretty well

281

00:12:45,630 --> 00:12:42,940

researched so it's worth it but what you

282

00:12:48,300 --> 00:12:45,640

shouldn't do I in my opinion what you

283

00:12:50,790 --> 00:12:48,310

shouldn't do is take these as fact that

284

00:12:52,889 --> 00:12:50,800

the docs exist therefore they must be

285

00:12:55,530 --> 00:12:52,899

true which is what I think a lot of the

286

00:12:57,030 --> 00:12:55,540

product people are doing I think that is

287

00:12:59,970 --> 00:12:57,040

unfortunate I mean Michael's done it

288

00:13:02,220 --> 00:12:59,980

certainly Richard Dolan has done it that

289

00:13:03,900 --> 00:13:02,230

Grant Cameron still doing it and I do

290

00:13:06,630 --> 00:13:03,910

want to bring up a little point

291

00:13:09,630 --> 00:13:06,640

regarding a speech that how putt-off

292

00:13:12,569 --> 00:13:09,640

gave we discussed this a couple of news

293

00:13:14,760 --> 00:13:12,579

shows back chant and I discussed this

294

00:13:17,100 --> 00:13:14,770

where a put off was speaking in West

295

00:13:20,040 --> 00:13:17,110

Virginia at an event that put together

296

00:13:22,170 --> 00:13:20,050

by John Peterson and at that particular

297

00:13:24,900 --> 00:13:22,180

event he gave his presentation then

298

00:13:26,400 --> 00:13:24,910

answered a number of questions and one

299

00:13:30,780 --> 00:13:26,410

of the questions was of course about

300

00:13:32,819 --> 00:13:30,790

these Wilson notes and we we knew about

301

00:13:35,250 --> 00:13:32,829

the speech at the time that which and I

302

00:13:40,190 --> 00:13:35,260

discussed it but what we didn't know at

303

00:13:44,069 --> 00:13:40,200

that point in time was that basically

304

00:13:46,620 --> 00:13:44,079

cut-offs post-mordem is a description of

305

00:13:49,139 --> 00:13:46,630

the event was actually pretty accurate

306

00:13:50,670 --> 00:13:49,149

now I'll explain a little bit there he

307

00:13:52,740 --> 00:13:50,680

does his presentation and then there's a

308

00:13:56,519 --> 00:13:52,750

Q&A session one of the questions is

309

00:14:00,030 --> 00:13:56,529

about the Wilson notes and basically

310

00:14:01,620 --> 00:14:00,040

what he does is he repeats the question

311

00:14:04,470 --> 00:14:01,630

because apparently they had some sound

312

00:14:07,170 --> 00:14:04,480

system issues at the event so when he's

313

00:14:08,790 --> 00:14:07,180

asked a question he basically repeats it

314

00:14:10,980 --> 00:14:08,800

and so somebody asked him about the

315

00:14:12,750 --> 00:14:10,990

Wilson Docs and he says essentially that

316

00:14:16,350 --> 00:14:12,760

though the Wilson DOCSIS is about a

317

00:14:17,749 --> 00:14:16,360

meeting that took place between Eric

318

00:14:20,479 --> 00:14:17,759

Davis and

319

00:14:21,679 --> 00:14:20,489

Admiral Thomas Wilson so and also he's

320

00:14:23,869 --> 00:14:21,689

asked some other questions where

321

00:14:26,359 --> 00:14:23,879

basically he sort of lays out and

322

00:14:29,359 --> 00:14:26,369

repeats the question now I've seen the

323

00:14:31,689 --> 00:14:29,369

transcript up from this particular Q&A

324

00:14:35,960 --> 00:14:31,699

session and that is exactly what happens

325

00:14:38,449 --> 00:14:35,970

Dolan contacts have put off directly and

326

00:14:40,549 --> 00:14:38,459

put off explains yes so you know what I

327

00:14:42,289 --> 00:14:40,559

was really doing was repeating the the

328

00:14:52,519 --> 00:14:42,299

question I wasn't confirming anything I

329

00:14:55,069 --> 00:14:52,529

was just repeating the question and yeah

330

00:14:56,960 --> 00:14:55,079

we sorry about that I was just repeating

331

00:14:59,019 --> 00:14:56,970

the question and I wasn't really

332

00:15:01,999 --> 00:14:59,029

confirming anything of course Dolan

333

00:15:04,489 --> 00:15:02,009

accuses him of lying you know so so

334

00:15:07,249 --> 00:15:04,499

there's that you know with what does he

335

00:15:09,229 --> 00:15:07,259

base that on and now I don't hang on

336

00:15:11,689 --> 00:15:09,239

every word that Richard Dolan or great

337

00:15:13,460 --> 00:15:11,699

camera and say about all this but I hear

338

00:15:16,039 --> 00:15:13,470

or nothing I certainly heard that he may

339

00:15:18,139 --> 00:15:16,049

after the additional information the

340

00:15:20,809 --> 00:15:18,149

transcripts from the Q&A session came

341

00:15:23,269 --> 00:15:20,819

out you know he may have you know done

342

00:15:25,189 --> 00:15:23,279

the right thing and actually apologized

343

00:15:26,869 --> 00:15:25,199

for calling the guy a liar when he was

344

00:15:29,749 --> 00:15:26,879

nice enough to respond to his question

345

00:15:31,819 --> 00:15:29,759

it's like somebody contacts you with a

346

00:15:34,159 --> 00:15:31,829

question about something you get back to

347

00:15:36,079 --> 00:15:34,169

him now you give him the truth and then

348

00:15:38,989 --> 00:15:36,089

they get back and then they go on that

349

00:15:41,989 --> 00:15:38,999

on their on their little podcast and I

350

00:15:44,389 --> 00:15:41,999

call you a liar so that that in my book

351

00:15:46,729 --> 00:15:44,399

is not to cool but that's exactly what

352

00:15:48,829 --> 00:15:46,739

Dolan did I don't know if he's retracted

353

00:15:52,220 --> 00:15:48,839

that and apologized for it he certainly

354

00:15:54,859 --> 00:15:52,230

should and also within the last week I

355

00:15:56,779 --> 00:15:54,869

have heard that Grant Cameron saying

356

00:15:59,989 --> 00:15:56,789

that he confirmed it he confirmed that

357

00:16:02,150 --> 00:15:59,999

these notes are legit and in fact you

358

00:16:04,519 --> 00:16:02,160

know that that it's not what happened

359

00:16:06,710 --> 00:16:04,529

and again the transcripts which are

360

00:16:08,479 --> 00:16:06,720

available online pretty well indicate

361

00:16:10,249 --> 00:16:08,489

every question he was asked he's

362

00:16:12,470 --> 00:16:10,259

basically repeats the question and that

363

00:16:14,809 --> 00:16:12,480

answers it again because of some sound

364

00:16:17,389 --> 00:16:14,819

system issues so that is that and

365

00:16:20,479 --> 00:16:17,399

unfortunately some bad information is

366

00:16:22,519 --> 00:16:20,489

getting spun by a Dolan and of course by

367

00:16:24,889 --> 00:16:22,529

Grant honest that is not what happened

368

00:16:26,809 --> 00:16:24,899

at all he's never done any such thing

369

00:16:28,340 --> 00:16:26,819

he's never confirmed that in that case

370

00:16:30,310 --> 00:16:28,350

but one thing that Grant did mentioned

371

00:16:32,650 --> 00:16:30,320

in this interview that I heard

372

00:16:34,600 --> 00:16:32,660

it was I guess it was last week now with

373

00:16:37,240 --> 00:16:34,610

the holiday and all I can't remember

374

00:16:39,880 --> 00:16:37,250

exactly what I listened to what but last

375

00:16:42,400 --> 00:16:39,890

week yeah he did he said quite

376

00:16:44,230 --> 00:16:42,410

inaccurately that put off did in fact

377

00:16:46,450 --> 00:16:44,240

confirm that the meeting took place but

378

00:16:49,510 --> 00:16:46,460

he also said that these notes are

379

00:16:51,580 --> 00:16:49,520

getting confirmed sort of off the record

380

00:16:53,260 --> 00:16:51,590

privately to a number of individuals I

381

00:16:56,380 --> 00:16:53,270

don't doubt that that's quite accurate

382

00:16:58,360 --> 00:16:56,390

because I've heard enough people's you

383

00:17:00,460 --> 00:16:58,370

know enough people have said that

384

00:17:02,110 --> 00:17:00,470

responded to me and to other people oh

385

00:17:04,840 --> 00:17:02,120

they're real they're real they're real

386

00:17:06,490 --> 00:17:04,850

and of course that means I will tell you

387

00:17:10,840 --> 00:17:06,500

from personal experience that means

388

00:17:14,110 --> 00:17:10,850

absolutely nothing I was involved in

389

00:17:17,020 --> 00:17:14,120

some back-and-forth with a member of TTS

390

00:17:19,390 --> 00:17:17,030

a very early on and was being told oh

391

00:17:20,650 --> 00:17:19,400

that not not related to these Wilson

392

00:17:22,090 --> 00:17:20,660

notes this was long before they ever

393

00:17:24,490 --> 00:17:22,100

came forward but it was something else

394

00:17:26,100 --> 00:17:24,500

oh this is real this is this is going to

395

00:17:28,900 --> 00:17:26,110

happen this is disclosure this is

396

00:17:30,580 --> 00:17:28,910

absolutely going to happen and we've got

397

00:17:32,890 --> 00:17:30,590

this this is a hundred percent you know

398

00:17:35,200 --> 00:17:32,900

I I believe this off the record of

399

00:17:37,510 --> 00:17:35,210

course and two and a half years later

400

00:17:39,430 --> 00:17:37,520

you know we're still where we were about

401
00:17:40,570 --> 00:17:39,440
two and a half years ago maybe know a

402
00:17:42,850 --> 00:17:40,580
little bit more about that particular

403
00:17:43,900 --> 00:17:42,860
subject but not a whole lot so I can

404
00:17:45,160 --> 00:17:43,910
tell you that that don't believe

405
00:17:48,850 --> 00:17:45,170
everything that you're told off the

406
00:17:51,420 --> 00:17:48,860
record folks you know you're you're not

407
00:17:54,040 --> 00:17:51,430
being let in on this the secret

408
00:17:56,380 --> 00:17:54,050
important knowledge yeah now-now yeah

409
00:17:57,610 --> 00:17:56,390
that is not what's happening but it

410
00:17:59,800 --> 00:17:57,620
would be interesting to see what the

411
00:18:01,060 --> 00:17:59,810
Blumenthal turns up if he does decide to

412
00:18:04,660 --> 00:18:01,070
dig a little closer

413
00:18:07,870 --> 00:18:04,670

along with Leslie Kean who a number of

414

00:18:09,670 --> 00:18:07,880

years ago believe it was like 2008 ish

415

00:18:11,140 --> 00:18:09,680

somewhere in that ballpark she was the

416

00:18:14,170 --> 00:18:11,150

one who actually sort of went public

417

00:18:16,420 --> 00:18:14,180

with the original story not not related

418

00:18:20,230 --> 00:18:16,430

to the Wilson notes that's a a fairly

419

00:18:26,440 --> 00:18:20,240

recent development but the original

420

00:18:28,840 --> 00:18:26,450

Greer Wilson Edgar Mitchell and will

421

00:18:34,320 --> 00:18:28,850

Miller and a number of others a briefing

422

00:18:37,600 --> 00:18:34,330

meeting in in in with Admiral Wilson and

423

00:18:39,790 --> 00:18:37,610

that happened and then of course the the

424

00:18:40,900 --> 00:18:39,800

aftermath the follow up by Wilson is a

425

00:18:42,770 --> 00:18:40,910

part of the story

426

00:18:44,870 --> 00:18:42,780

apparently Greer

427

00:18:46,850 --> 00:18:44,880

and or Mitchell got wind well but they

428

00:18:49,490 --> 00:18:46,860

both did eventually I'm not sure who who

429

00:18:52,430 --> 00:18:49,500

got it first but eventually they got

430

00:18:54,890 --> 00:18:52,440

wind of this follow-up they had been

431

00:18:57,290 --> 00:18:54,900

told that you know Wilson did follow-up

432

00:18:59,930 --> 00:18:57,300

and that basically the scenario that's

433

00:19:01,520 --> 00:18:59,940

laid out within the quote unquote Wilson

434

00:19:04,070 --> 00:19:01,530

notes is confirmed by Wilson in the

435

00:19:05,870 --> 00:19:04,080

notes I mean that's you know and

436

00:19:10,580 --> 00:19:05,880

obviously that's a highly questionable

437

00:19:12,590 --> 00:19:10,590

and I'm not 100% sure that what greer or

438

00:19:16,910 --> 00:19:12,600

a mitchell were told was 100% accurate

439

00:19:18,800 --> 00:19:16,920

but you know they believed it and that

440

00:19:20,510 --> 00:19:18,810

that word got the keen and as she wrote

441

00:19:22,220 --> 00:19:20,520

it up in a Boston Globe article

442

00:19:24,680 --> 00:19:22,230

apparently that got out in the number of

443

00:19:26,360 --> 00:19:24,690

people contacted and mer Wilson and as a

444

00:19:28,130 --> 00:19:26,370

result that he was not too happy about

445

00:19:31,210 --> 00:19:28,140

that so that's the way that ended I

446

00:19:33,740 --> 00:19:31,220

would hope that some people who could

447

00:19:36,740 --> 00:19:33,750

find out a little bit more some folks

448

00:19:39,950 --> 00:19:36,750

who have all excuse me a little bit more

449

00:19:41,930 --> 00:19:39,960

in the way of resources can dig into the

450

00:19:47,810 --> 00:19:41,940

story a little bit more and find out

451
00:19:50,720 --> 00:19:47,820
more again excuse me again you know I

452
00:19:53,360 --> 00:19:50,730
heard grant go through the the litany of

453
00:19:54,950 --> 00:19:53,370
some of the questions that we've raised

454
00:19:58,340 --> 00:19:54,960
here never mentioning is by name of

455
00:20:00,440 --> 00:19:58,350
course but the the litany of things that

456
00:20:02,840 --> 00:20:00,450
we went through here of course the

457
00:20:05,570 --> 00:20:02,850
number one is that yeah you haven't even

458
00:20:08,120 --> 00:20:05,580
be able to prove that Wilson was in Las

459
00:20:12,020 --> 00:20:08,130
Vegas on that particular day and I think

460
00:20:13,640 --> 00:20:12,030
was sometime in October of 2004 I

461
00:20:15,290 --> 00:20:13,650
believe it was I don't have the date in

462
00:20:17,000 --> 00:20:15,300
front of me but somewhere in that

463
00:20:19,010 --> 00:20:17,010

timeframe it's all on the Wilson docks

464

00:20:20,990 --> 00:20:19,020

and you know if you contact me I'll I'll

465

00:20:22,460 --> 00:20:21,000

get you what I got I'll you know else

466

00:20:24,110 --> 00:20:22,470

I'll send you all the docs that I've got

467

00:20:26,060 --> 00:20:24,120

so you can read through it or it's still

468

00:20:28,370 --> 00:20:26,070

probably up over on Inger or wherever it

469

00:20:30,140 --> 00:20:28,380

was placed in the first place but yeah I

470

00:20:32,690 --> 00:20:30,150

would like to see somebody take a closer

471

00:20:34,310 --> 00:20:32,700

look at this and quite frankly you look

472

00:20:35,420 --> 00:20:34,320

at it a little bit more critically

473

00:20:38,240 --> 00:20:35,430

somebody with a little bit more

474

00:20:40,700 --> 00:20:38,250

resources somebody who you know as

475

00:20:42,140 --> 00:20:40,710

somebody with some pull would pick up

476

00:20:44,270 --> 00:20:42,150

the phone if they called as compared to

477

00:20:46,820 --> 00:20:44,280

somebody like me was just a UFO

478

00:20:48,530 --> 00:20:46,830

podcaster and you know runs a website in

479

00:20:51,710 --> 00:20:48,540

a Facebook group that's not that big a

480

00:20:53,420 --> 00:20:51,720

deal I'm sure the people who you know

481

00:20:54,890 --> 00:20:53,430

have government experience aren't

482

00:20:56,390 --> 00:20:54,900

necessarily going to pick up the phone

483

00:20:58,040 --> 00:20:56,400

when I give a call but

484

00:21:00,470 --> 00:20:58,050

yeah would be nice if they did but they

485

00:21:03,200 --> 00:21:00,480

don't so it's left to that sometimes

486

00:21:05,710 --> 00:21:03,210

some of these people who via who were

487

00:21:07,760 --> 00:21:05,720

hooked up with the more mainstream

488

00:21:09,830 --> 00:21:07,770

publications of the more mainstream

489

00:21:11,840 --> 00:21:09,840

media outlets they'll get their phone

490

00:21:15,230 --> 00:21:11,850

calls answered and it would be good if

491

00:21:17,600 --> 00:21:15,240

somebody took a closer look and got some

492

00:21:19,640 --> 00:21:17,610

some real answers about what was going

493

00:21:21,590 --> 00:21:19,650

on what was going on back in that

494

00:21:23,480 --> 00:21:21,600

timeframe I mean I honestly don't know

495

00:21:25,370 --> 00:21:23,490

you know I would like to know certainly

496

00:21:27,080 --> 00:21:25,380

something was going on I just don't

497

00:21:29,450 --> 00:21:27,090

think that though the Wilson documents

498

00:21:32,030 --> 00:21:29,460

are our the Wilson notes are an accurate

499

00:21:34,040 --> 00:21:32,040

representation of what actually happened

500

00:21:35,900 --> 00:21:34,050

although again you know some some very

501
00:21:40,010 --> 00:21:35,910
interesting names were dropped in those

502
00:21:42,260 --> 00:21:40,020
notes and you know where did they come

503
00:21:44,690 --> 00:21:42,270
from that did they did they come from

504
00:21:47,300 --> 00:21:44,700
the truth that from Admiral Wilson's

505
00:21:49,670 --> 00:21:47,310
lips did they come from an article in

506
00:21:51,500 --> 00:21:49,680
Jane's Defence weekly that that provided

507
00:21:53,600 --> 00:21:51,510
a lot of the background research that

508
00:21:55,760 --> 00:21:53,610
could well be that was published before

509
00:21:57,890 --> 00:21:55,770
these notes were possibly put together

510
00:22:06,140 --> 00:21:57,900
so we will see we will see how all that

511
00:22:08,060 --> 00:22:06,150
plays out now also within the last a

512
00:22:10,340 --> 00:22:08,070
little bit more than a week I had the

513
00:22:14,210 --> 00:22:10,350

opportunity to watch the third

514

00:22:17,090 --> 00:22:14,220

installment of the Steven Greer trilogy

515

00:22:21,110 --> 00:22:17,100

this one is called Close Encounters of

516

00:22:23,840 --> 00:22:21,120

the fifth kind and this first movie was

517

00:22:26,570 --> 00:22:23,850

serious which was kind of a jumbled mess

518

00:22:29,780 --> 00:22:26,580

a somewhat disappointing the last film

519

00:22:33,410 --> 00:22:29,790

was unacknowledged a little bit better

520

00:22:36,730 --> 00:22:33,420

although he did lean a little bit too

521

00:22:39,170 --> 00:22:36,740

much on Rick Doty who fortunately isn't

522

00:22:41,690 --> 00:22:39,180

featured quite as prominently in this

523

00:22:43,580 --> 00:22:41,700

particular film and also that film well

524

00:22:46,100 --> 00:22:43,590

leans a little bit too much on again a

525

00:22:48,790 --> 00:22:46,110

faked up document basically a claiming

526

00:22:52,340 --> 00:22:48,800

that Marilyn Monroe was murdered because

527

00:22:55,880 --> 00:22:52,350

JFK told her too much about UFOs while

528

00:22:58,880 --> 00:22:55,890

he was banging her so I've had that

529

00:23:00,770 --> 00:22:58,890

other aside from that though the the

530

00:23:03,050 --> 00:23:00,780

unacknowledged movie was definitely

531

00:23:04,580 --> 00:23:03,060

better than the serious movie and this

532

00:23:06,529 --> 00:23:04,590

one this is

533

00:23:08,390 --> 00:23:06,539

it may be somewhere in the middle it

534

00:23:11,269 --> 00:23:08,400

started very strong though I have to

535

00:23:13,930 --> 00:23:11,279

admit basically greer takes roughly the

536

00:23:16,909 --> 00:23:13,940

first quarter to a third of the movie

537

00:23:20,870 --> 00:23:16,919

talking about where the UFO subject is

538

00:23:23,899 --> 00:23:20,880

today basically in this t TSA era that

539

00:23:25,789 --> 00:23:23,909

we're in now and basically he goes about

540

00:23:29,240 --> 00:23:25,799

and he rips them pretty good

541

00:23:30,649 --> 00:23:29,250

basically that it is you know if well

542

00:23:34,250 --> 00:23:30,659

what I've been saying I've been calling

543

00:23:37,539 --> 00:23:34,260

it fear porn he is saying it's simply

544

00:23:40,639 --> 00:23:37,549

leading us up to a false flag invasion

545

00:23:41,899 --> 00:23:40,649

staged by the military-industrial

546

00:23:44,180 --> 00:23:41,909

complex

547

00:23:46,720 --> 00:23:44,190

to what end I'm not really sure but he

548

00:23:48,919 --> 00:23:46,730

says this is what's going to happen

549

00:23:50,960 --> 00:23:48,929

obviously highly skeptical of that claim

550

00:23:55,070 --> 00:23:50,970

although it has been around a while it

551
00:23:57,620 --> 00:23:55,080
that goes back at least to a book called

552
00:24:00,799 --> 00:23:57,630
the secret team written by a guy named

553
00:24:05,440 --> 00:24:00,809
Fletcher Prouty who worked on staff for

554
00:24:09,250 --> 00:24:05,450
JFK and wrote this book basically

555
00:24:11,690 --> 00:24:09,260
savaging the the Intel complex and

556
00:24:14,990 --> 00:24:11,700
although Greer doesn't mention him by

557
00:24:17,810 --> 00:24:15,000
name I believe that's where that claim

558
00:24:22,130 --> 00:24:17,820
sort of started that that there's going

559
00:24:24,889 --> 00:24:22,140
to be a false flag et invasion staged by

560
00:24:28,250 --> 00:24:24,899
these these people who you know frankly

561
00:24:31,039 --> 00:24:28,260
I don't think have the the the means or

562
00:24:32,779 --> 00:24:31,049
the talent to pull off such a thing but

563
00:24:35,210 --> 00:24:32,789

either but otherwise that's what he's

564

00:24:39,440 --> 00:24:35,220

claiming and of course I Greer is a very

565

00:24:41,029 --> 00:24:39,450

Pro et contact obviously he's all in it

566

00:24:44,389 --> 00:24:41,039

as we see a nice picture here he's like

567

00:24:47,240 --> 00:24:44,399

he he's praying I'm not sure exactly who

568

00:24:48,560 --> 00:24:47,250

to is he praying to et is he I'm not

569

00:24:50,810 --> 00:24:48,570

really sure is he praying that people

570

00:24:52,610 --> 00:24:50,820

are going to buy this movie and cover

571

00:24:56,419 --> 00:24:52,620

the the production costs and maybe turn

572

00:24:59,419 --> 00:24:56,429

a profit not really sure here he leans a

573

00:25:02,360 --> 00:24:59,429

little bit more towards the how can I

574

00:25:05,510 --> 00:25:02,370

say it the the spiritual side in a lot

575

00:25:07,370 --> 00:25:05,520

of it but again the first third to a

576

00:25:09,110 --> 00:25:07,380

quarter a quarter to a third of the

577

00:25:10,180 --> 00:25:09,120

movie is a pretty strong he does a

578

00:25:14,180 --> 00:25:10,190

pretty good job

579

00:25:16,160 --> 00:25:14,190

ripping TTS a and I think his criticisms

580

00:25:18,770 --> 00:25:16,170

are valid I've made them made

581

00:25:21,260 --> 00:25:18,780

pretty much the same ones here myself a

582

00:25:23,870 --> 00:25:21,270

number of times it does seem a little

583

00:25:26,150 --> 00:25:23,880

odd that I'm more in agreement with

584

00:25:28,520 --> 00:25:26,160

Steven Greer than I am with TTS a as

585

00:25:29,990 --> 00:25:28,530

since you know they've gotten a lot done

586

00:25:31,550 --> 00:25:30,000

they've gotten a lot more done over the

587

00:25:33,230 --> 00:25:31,560

last couple years certainly than Steven

588

00:25:35,570 --> 00:25:33,240

Greer has he might have had a good run

589

00:25:36,920 --> 00:25:35,580

back in the 90s but you know he wasn't

590

00:25:41,090 --> 00:25:36,930

getting stories in the New York Times

591

00:25:44,420 --> 00:25:41,100

and on the various networks and his own

592

00:25:46,460 --> 00:25:44,430

TV show he has been able to sort of self

593

00:25:48,170 --> 00:25:46,470

fund and that prepay for a few different

594

00:25:50,240 --> 00:25:48,180

movies that seems to be his model now

595

00:25:51,800 --> 00:25:50,250

and and good luck to him like I said he

596

00:25:54,260 --> 00:25:51,810

seems to be getting the hang of the film

597

00:25:58,130 --> 00:25:54,270

making yeah he's better at it now the

598

00:25:59,660 --> 00:25:58,140

first one was a misfire for sure but the

599

00:26:01,640 --> 00:25:59,670

last two have certainly been better

600

00:26:03,260 --> 00:26:01,650

certainly worth a look and again the

601
00:26:06,830 --> 00:26:03,270
strongest part is the first part of the

602
00:26:10,400 --> 00:26:06,840
film where he does really zero in on the

603
00:26:13,870 --> 00:26:10,410
the TTS a effort and their effort to

604
00:26:16,610 --> 00:26:13,880
sort of steer the narrative towards

605
00:26:17,960 --> 00:26:16,620
threatening et which is again that's

606
00:26:21,440 --> 00:26:17,970
something I think is complete nonsense

607
00:26:23,420 --> 00:26:21,450
now he's very strong on this and not

608
00:26:25,340 --> 00:26:23,430
that so much because it's him because

609
00:26:27,080 --> 00:26:25,350
we've all seen plenty of Steven Greer

610
00:26:28,700 --> 00:26:27,090
we've also seen plenty of this guy over

611
00:26:30,260 --> 00:26:28,710
the years Daniel XI and although not

612
00:26:33,110 --> 00:26:30,270
nearly as much as Greene

613
00:26:36,320 --> 00:26:33,120

so what the Sheehan was very effective

614

00:26:38,390 --> 00:26:36,330

he's obviously very anti the the

615

00:26:40,400 --> 00:26:38,400

military-industrial complex and he's

616

00:26:42,560 --> 00:26:40,410

very articulate he's very solid and

617

00:26:44,750 --> 00:26:42,570

during that that part of the movie

618

00:26:47,750 --> 00:26:44,760

especially leaning particularly on

619

00:26:50,720 --> 00:26:47,760

Sheehan it it's solid I mean it's a it's

620

00:26:53,120 --> 00:26:50,730

a very solid counterpoint to what TTS a

621

00:26:54,020 --> 00:26:53,130

is doing and again I think it's the best

622

00:26:57,350 --> 00:26:54,030

part of the movie

623

00:26:59,690 --> 00:26:57,360

now after that part it did kind of I get

624

00:27:02,420 --> 00:26:59,700

the sort of a material that I've seen

625

00:27:04,490 --> 00:27:02,430

before whether this is the right movie

626
00:27:05,960 --> 00:27:04,500
for you or not I guess depends on you

627
00:27:08,540 --> 00:27:05,970
know how closely you've been following

628
00:27:11,240 --> 00:27:08,550
Greer a lot of this material won't be

629
00:27:15,290 --> 00:27:11,250
original it'll be a little bit redundant

630
00:27:17,120 --> 00:27:15,300
and not especially interesting again

631
00:27:18,950 --> 00:27:17,130
because you know we've seen this before

632
00:27:20,360 --> 00:27:18,960
we've heard this before you know a guru

633
00:27:21,800 --> 00:27:20,370
who's been out there a while and he's

634
00:27:24,290 --> 00:27:21,810
been saying a lot of things so there's a

635
00:27:28,799 --> 00:27:24,300
not too much new here for the die-hard

636
00:27:30,690 --> 00:27:28,809
but still that the first half-hour or so

637
00:27:32,249 --> 00:27:30,700
just on its own with that was but I

638
00:27:33,840 --> 00:27:32,259

would say it's worth a look even to the

639

00:27:35,850 --> 00:27:33,850

die-hard who knows a lot you know just

640

00:27:37,619 --> 00:27:35,860

that depends on your point of view a lot

641

00:27:39,980 --> 00:27:37,629

of people throw everything out on greer

642

00:27:44,129 --> 00:27:39,990

obviously we've seen them more recently

643

00:27:47,220 --> 00:27:44,139

with the the wilson notes fake as i

644

00:27:49,619 --> 00:27:47,230

think that they are you bring to the

645

00:27:51,239 --> 00:27:49,629

fore the fact that greer was doing some

646

00:27:53,789 --> 00:27:51,249

really good work back in the nineties he

647

00:27:55,950 --> 00:27:53,799

did get into the face of james Woolsey

648

00:27:59,129 --> 00:27:55,960

the CIA director he did get into the

649

00:28:01,200 --> 00:27:59,139

face of Thomas Wilson who was the

650

00:28:02,909 --> 00:28:01,210

intelligence she I forget its exact

651

00:28:04,830 --> 00:28:02,919

title but he was a top guy in military

652

00:28:06,509 --> 00:28:04,840

intelligence back in those days he did

653

00:28:09,960 --> 00:28:06,519

get in those people's faces he did get a

654

00:28:13,560 --> 00:28:09,970

lot together and since then you know he

655

00:28:15,389 --> 00:28:13,570

you know he is where he is but someone

656

00:28:17,489 --> 00:28:15,399

who see you generally keeps sticking to

657

00:28:19,919 --> 00:28:17,499

making these types of films you know

658

00:28:22,499 --> 00:28:19,929

he's got he's got a valid role in the

659

00:28:25,499 --> 00:28:22,509

field again I think that what he

660

00:28:27,600 --> 00:28:25,509

presents in the first again 30 to 40

661

00:28:29,159 --> 00:28:27,610

minutes of the movie is a message that's

662

00:28:33,029 --> 00:28:29,169

well worth hearing if that makes a nice

663

00:28:35,279 --> 00:28:33,039

counterpoint to TTS a and then as the

664

00:28:37,019 --> 00:28:35,289

film goes on again he gets into some

665

00:28:41,850 --> 00:28:37,029

more well-worn ground a more about

666

00:28:43,710 --> 00:28:41,860

consciousness he does he does bring in

667

00:28:45,899 --> 00:28:43,720

some people was nice to see a people who

668

00:28:48,629 --> 00:28:45,909

have been on this show he had a lot of

669

00:28:51,419 --> 00:28:48,639

the video from of a different

670

00:28:52,739 --> 00:28:51,429

quote-unquote UFO sightings obviously

671

00:28:55,919 --> 00:28:52,749

some of them were pretty easy to pick

672

00:28:57,720 --> 00:28:55,929

out and and figure out what they were

673

00:29:00,180 --> 00:28:57,730

some others were more interesting I

674

00:29:01,889 --> 00:29:00,190

noticed that he had a clip in there from

675

00:29:03,629 --> 00:29:01,899

Rob Freeman who's been on the show where

676

00:29:06,269 --> 00:29:03,639

Rama obviously goes out and shoots a lot

677

00:29:08,279 --> 00:29:06,279

of video at night and he's gotten some

678

00:29:09,869 --> 00:29:08,289

interesting stuff but most of it there

679

00:29:12,149 --> 00:29:09,879

well it looked good it looked really

680

00:29:16,019 --> 00:29:12,159

good on it looked really good on that

681

00:29:18,060 --> 00:29:16,029

the big-screen TV but that and that

682

00:29:19,560 --> 00:29:18,070

that's about it helped it helped that as

683

00:29:20,820 --> 00:29:19,570

far as the visuals go and you can kind

684

00:29:22,950 --> 00:29:20,830

of look at it while you're listening to

685

00:29:24,389 --> 00:29:22,960

what's going on and see what is that

686

00:29:26,129 --> 00:29:24,399

okay well those look like Chinese

687

00:29:28,619 --> 00:29:26,139

lanterns and as they go boop boop boop

688

00:29:30,989 --> 00:29:28,629

and each flicker off one two three well

689

00:29:32,159 --> 00:29:30,999

they were probably Chinese lanterns but

690

00:29:36,289 --> 00:29:32,169

there's some other good stuff in there

691

00:29:39,779 --> 00:29:36,299

so that part visually especially with

692

00:29:41,220 --> 00:29:39,789

the curious lights in the sky type of

693

00:29:43,680 --> 00:29:41,230

videos it made it more

694

00:29:45,600 --> 00:29:43,690

interesting not that all those videos or

695

00:29:47,280 --> 00:29:45,610

even most of those videos or even some

696

00:29:49,560 --> 00:29:47,290

of those videos were actual et

697

00:29:52,980 --> 00:29:49,570

spacecraft but again it was interesting

698

00:29:55,890 --> 00:29:52,990

also a Johar's and jump Danny told his

699

00:29:58,830 --> 00:29:55,900

famous Ben rich story regarding a

700

00:30:01,860 --> 00:29:58,840

corralling Ben and lecture and asked him

701
00:30:05,250 --> 00:30:01,870
about UFOs and so that anecdote was

702
00:30:08,130 --> 00:30:05,260
included in there but again the last 2/3

703
00:30:10,740 --> 00:30:08,140
to 3/4 of the film might seem a little

704
00:30:12,150 --> 00:30:10,750
redundant might be kicking over some old

705
00:30:14,070 --> 00:30:12,160
ground that you might be familiar with

706
00:30:15,450 --> 00:30:14,080
but if you're less familiar with Greer

707
00:30:17,549 --> 00:30:15,460
and his message this is probably a

708
00:30:19,049 --> 00:30:17,559
pretty good movie for you I would do it

709
00:30:21,030 --> 00:30:19,059
I would recommend it and again I think

710
00:30:23,250 --> 00:30:21,040
for anybody certainly that first that

711
00:30:25,799 --> 00:30:23,260
quarter to a third of the movie is well

712
00:30:28,260 --> 00:30:25,809
worth taking a closer look at so that's

713
00:30:30,390 --> 00:30:28,270

my review of that again I give it to you

714

00:30:32,400 --> 00:30:30,400

know a qualified when I give it a thumbs

715

00:30:34,350 --> 00:30:32,410

up I do I gotta give it a thumbs up

716

00:30:36,120 --> 00:30:34,360

especially for the first part and then

717

00:30:38,549 --> 00:30:36,130

sort of a qualified thumbs up for

718

00:30:40,440 --> 00:30:38,559

thereafter like I say there won't be any

719

00:30:43,919 --> 00:30:40,450

new surprises if you're familiar with

720

00:30:45,840 --> 00:30:43,929

Greer but it's still worth a look and he

721

00:30:48,390 --> 00:30:45,850

is getting the hang of putting together

722

00:30:51,000 --> 00:30:48,400

a pretty good a pretty good documentary

723

00:30:53,039 --> 00:30:51,010

movie and I guess maybe that's his new

724

00:30:55,530 --> 00:30:53,049

model every every two or three or four

725

00:30:57,180 --> 00:30:55,540

years or whatever the case may be he's

726
00:31:00,060 --> 00:30:57,190
going to have a concept and put together

727
00:31:01,470 --> 00:31:00,070
a new film and that would be okay that's

728
00:31:05,549 --> 00:31:01,480
a that's a pretty good position for him

729
00:31:07,799 --> 00:31:05,559
to be in and he's got his his viewpoint

730
00:31:08,430 --> 00:31:07,809
and obviously its controversial and a

731
00:31:11,669 --> 00:31:08,440
lot of people

732
00:31:13,200 --> 00:31:11,679
just don't like him I think a lot of

733
00:31:15,690 --> 00:31:13,210
people probably throw out the baby with

734
00:31:17,039 --> 00:31:15,700
the bathwater because there is there's

735
00:31:19,320 --> 00:31:17,049
still some good stuff in there

736
00:31:21,450 --> 00:31:19,330
although sometimes you do have to cut

737
00:31:23,970 --> 00:31:21,460
through it with a machete to get to it

738
00:31:25,500 --> 00:31:23,980

but it is still there so Greer's a voice

739

00:31:27,900 --> 00:31:25,510

in the field I think he's worth

740

00:31:29,549 --> 00:31:27,910

listening to to a point there are some

741

00:31:32,640 --> 00:31:29,559

other points where it's worth tuning him

742

00:31:36,539 --> 00:31:32,650

out or you know just the fact that it's

743

00:31:38,610 --> 00:31:36,549

a you know we've seen it so but I'm not

744

00:31:40,230 --> 00:31:38,620

sure that that's who this movie was made

745

00:31:44,330 --> 00:31:40,240

for is probably made for you know a

746

00:31:47,760 --> 00:31:44,340

relatively new to this particular field

747

00:31:50,850 --> 00:31:47,770

audience and I think they'll generally I

748

00:31:53,100 --> 00:31:50,860

think I knew somebody was some really

749

00:31:54,600 --> 00:31:53,110

new to Greer who's maybe a little bit

750

00:31:56,100 --> 00:31:54,610

familiar with him we'll probably like it

751

00:31:58,110 --> 00:31:56,110

will probably like it so yeah I would

752

00:31:59,820 --> 00:31:58,120

give this a you know sort of a qualified

753

00:32:03,840 --> 00:31:59,830

with some reservations under certain

754

00:32:05,880 --> 00:32:03,850

circumstances thumbs up on this and

755

00:32:08,880 --> 00:32:05,890

finally I'm going to touch on a subject

756

00:32:12,740 --> 00:32:08,890

I rarely get into and that is dealing

757

00:32:15,030 --> 00:32:12,750

with the the negative sort of anti UFO

758

00:32:17,100 --> 00:32:15,040

debunking crowd

759

00:32:18,630 --> 00:32:17,110

I really don't deal with it too much I

760

00:32:21,120 --> 00:32:18,640

mean there's there's a few of them out

761

00:32:24,960 --> 00:32:21,130

there and this fellow here at Keith

762

00:32:28,070 --> 00:32:24,970

klore who wrote an article for intercept

763

00:32:31,590 --> 00:32:28,080

the intercept last year regarding a

764

00:32:33,270 --> 00:32:31,600

Elizondo and his and the the

765

00:32:35,549 --> 00:32:33,280

back-and-forth of regarding whether or

766

00:32:37,680 --> 00:32:35,559

not he was actually running a UFO

767

00:32:40,380 --> 00:32:37,690

program in the Pentagon and now he's

768

00:32:42,510 --> 00:32:40,390

moved over to Wired magazine and is

769

00:32:45,419 --> 00:32:42,520

asking will the New York Times ever stop

770

00:32:48,330 --> 00:32:45,429

reporting on UFOs so basically obviously

771

00:32:50,640 --> 00:32:48,340

all that that was pretty well cleared up

772

00:32:52,710 --> 00:32:50,650

regarding elizondo's involvement in

773

00:32:56,490 --> 00:32:52,720

terms of actually running the a tech

774

00:33:00,299 --> 00:32:56,500

program and since he was pretty well

775

00:33:03,210 --> 00:33:00,309

shut down over that particular bit of

776

00:33:06,150 --> 00:33:03,220

debunker II and proved wrong he's now

777

00:33:10,169 --> 00:33:06,160

jumping over in attacking the times here

778

00:33:12,060 --> 00:33:10,179

and again you know here's a guy who and

779

00:33:14,159 --> 00:33:12,070

unfortunately we do see too much of this

780

00:33:15,960 --> 00:33:14,169

a guy who just does not have his back

781

00:33:17,370 --> 00:33:15,970

straight has not done the work and

782

00:33:20,100 --> 00:33:17,380

honestly doesn't know what he's talking

783

00:33:22,350 --> 00:33:20,110

about here they are quote an interesting

784

00:33:24,450 --> 00:33:22,360

quote uh from the article and yet there

785

00:33:26,760 --> 00:33:24,460

is not a peep and all this sensational

786

00:33:29,430 --> 00:33:26,770

reporting from concerned military brass

787

00:33:31,740 --> 00:33:29,440

an area call for further investigation

788

00:33:33,780 --> 00:33:31,750

from national security walks you can

789

00:33:36,600 --> 00:33:33,790

search the credential defense industry

790

00:33:38,340 --> 00:33:36,610

press which covers every Pentagon policy

791

00:33:40,590 --> 00:33:38,350

procurement and turf battle of minut

792

00:33:42,870 --> 00:33:40,600

detail and be hard-pressed to find any

793

00:33:45,570 --> 00:33:42,880

mention of wily UFOs that have been

794

00:33:47,100 --> 00:33:45,580

menacing naval aviators but that's the

795

00:33:51,419 --> 00:33:47,110

story coming out of the paper of record

796

00:33:53,570 --> 00:33:51,429

for almost three years now well that is

797

00:33:57,510 --> 00:33:53,580

a pretty much complete misrepresentation

798

00:34:00,930 --> 00:33:57,520

of the situation now for a few reasons

799

00:34:02,490 --> 00:34:00,940

number one is obviously Elizondo has

800

00:34:04,629 --> 00:34:02,500

talked pretty openly about they're

801

00:34:06,820 --> 00:34:04,639

having a tough time

802

00:34:08,619 --> 00:34:06,830

more people interested in the subject

803

00:34:11,710 --> 00:34:08,629

but when people are interested in the

804

00:34:12,790 --> 00:34:11,720

subject so so that's not a surprise but

805

00:34:14,859 --> 00:34:12,800

when people are interested in the

806

00:34:19,000 --> 00:34:14,869

subject they get very interested in the

807

00:34:21,730 --> 00:34:19,010

subject and as we found out here through

808

00:34:23,980 --> 00:34:21,740

various and sundry four-year requests we

809

00:34:26,139 --> 00:34:23,990

went into this in that great detail when

810

00:34:27,639 --> 00:34:26,149

we had Christian Lambright on talking

811

00:34:31,960 --> 00:34:27,649

about his four-year request along with a

812

00:34:35,559 --> 00:34:31,970

de Betty and John Aldrich basically what

813

00:34:37,480 --> 00:34:35,569

the the response that he got not clever

814

00:34:39,609 --> 00:34:37,490

regarding a slide presentation that

815

00:34:42,250 --> 00:34:39,619

top-secret would cause exceptionally

816

00:34:44,919 --> 00:34:42,260

grave damage to the national security of

817

00:34:47,260 --> 00:34:44,929

the United States so yeah you don't see

818

00:34:49,389 --> 00:34:47,270

that from the press you've got to have

819

00:34:51,760 --> 00:34:49,399

somebody who really knows about UFOs who

820

00:34:53,440 --> 00:34:51,770

knows the right buttons to push and they

821

00:34:55,270 --> 00:34:53,450

get an answer in one way or another the

822

00:34:57,220 --> 00:34:55,280

answer is telling whether they get the

823

00:35:01,059 --> 00:34:57,230

documents that they for you or whether

824

00:35:02,770 --> 00:35:01,069

they get denied but either way the the

825

00:35:04,569 --> 00:35:02,780

answers are often telling and quite

826

00:35:06,760 --> 00:35:04,579

frankly people in the mainstream press

827

00:35:10,210 --> 00:35:06,770

even the military press aren't pursuing

828

00:35:12,670 --> 00:35:10,220

this story very few of them are so so

829

00:35:14,740 --> 00:35:12,680

there's there's that point again there's

830

00:35:18,130 --> 00:35:14,750

the the response that Christian got a

831

00:35:20,559 --> 00:35:18,140

little bit more detail but when what you

832

00:35:23,319 --> 00:35:20,569

see from these negative is is that you

833

00:35:27,309 --> 00:35:23,329

don't get a complete story you don't get

834

00:35:30,190 --> 00:35:27,319

the complete facts you get a partial

835

00:35:31,809 --> 00:35:30,200

story incomplete facts it's why I'll use

836

00:35:34,870 --> 00:35:31,819

this an example when you get this sworn

837

00:35:35,950 --> 00:35:34,880

in a to the court now you swear if

838

00:35:38,770 --> 00:35:35,960

you're going to be a witness so you

839

00:35:41,260 --> 00:35:38,780

swear to tell the truth the whole truth

840

00:35:42,069 --> 00:35:41,270

see and when you get that from somebody

841

00:35:43,480 --> 00:35:42,079

like klore

842

00:35:45,309 --> 00:35:43,490

and you also get that on the other side

843

00:35:47,500 --> 00:35:45,319

of things that from somebody like don't

844

00:35:49,720 --> 00:35:47,510

want to when when they're Pro UFOs you

845

00:35:52,089 --> 00:35:49,730

don't get the whole truth you get a

846

00:35:54,760 --> 00:35:52,099

shaded truth you get an incomplete truth

847

00:35:57,000 --> 00:35:54,770

now this came out and I way in fairness

848

00:36:00,520 --> 00:35:57,010

to clora this didn't come out until

849

00:36:03,540 --> 00:36:00,530

right afterwards until after his story

850

00:36:07,870 --> 00:36:03,550

in Wired was published but now here's a

851

00:36:09,550 --> 00:36:07,880

response from sue Gao I believe is how

852

00:36:12,040 --> 00:36:09,560

we would pronounce that name pentagon

853

00:36:13,690 --> 00:36:12,050

spokesperson the US Navy and Department

854

00:36:16,030 --> 00:36:13,700

of Defense take these reports very

855

00:36:18,010 --> 00:36:16,040

seriously and investigate each and every

856

00:36:19,780 --> 00:36:18,020

report documented

857

00:36:22,090 --> 00:36:19,790

ports of sightings by military personnel

858

00:36:24,790 --> 00:36:22,100

form the basis for the investigation

859

00:36:28,390 --> 00:36:24,800

process the investigation of UAP

860

00:36:31,030 --> 00:36:28,400

sightings by the multi-agency task force

861

00:36:33,520 --> 00:36:31,040

is ongoing now that of course was a very

862

00:36:36,670 --> 00:36:33,530

interesting every multi-agency task

863

00:36:40,090 --> 00:36:36,680

force so yeah we've heard about this

864

00:36:43,150 --> 00:36:40,100

inside team it was certainly certainly

865

00:36:44,560 --> 00:36:43,160

presented in the last episode of the

866

00:36:47,470 --> 00:36:44,570

last season the first season of

867

00:36:49,660 --> 00:36:47,480

unidentified and is that is that the

868

00:36:51,580 --> 00:36:49,670

same crew this multi-agency task force

869

00:36:53,710 --> 00:36:51,590

is that the same crew that Elizondo is

870

00:36:55,680 --> 00:36:53,720

going to meet with well I don't know we

871

00:36:58,720 --> 00:36:55,690

don't know that for sure but

872

00:37:01,630 --> 00:36:58,730

investigation of UF UAP sightings by the

873

00:37:04,150 --> 00:37:01,640

multi-agency task force that a very

874

00:37:06,280 --> 00:37:04,160

telling quote and again it should not be

875

00:37:09,280 --> 00:37:06,290

surprising to anyone because let's face

876

00:37:12,910 --> 00:37:09,290

it's the military's job to get up in

877

00:37:15,400 --> 00:37:12,920

the air whether it's an Air Force Navy

878

00:37:17,230 --> 00:37:15,410

who's ever got planes it's their job to

879

00:37:19,780 --> 00:37:17,240

get up in the air and take a closer look

880

00:37:21,820 --> 00:37:19,790

if something unidentified is in the area

881

00:37:24,490 --> 00:37:21,830

and that's what they're supposed to be

882

00:37:26,860 --> 00:37:24,500

doing and this sort of work with the

883

00:37:28,810 --> 00:37:26,870

UFOs it's been going on for decades and

884

00:37:31,270 --> 00:37:28,820

that's about where we're at with that

885

00:37:34,000 --> 00:37:31,280

and that's about it

886

00:37:37,210 --> 00:37:34,010

oh one one one other thing here and

887

00:37:40,240 --> 00:37:37,220

actually let's see I believe that oh

888

00:37:42,340 --> 00:37:40,250

yeah Tom Tom Rogan who is really doing

889

00:37:45,130 --> 00:37:42,350

us some top work host of The McLaughlin

890

00:37:46,930 --> 00:37:45,140

group and writes for the Washington

891

00:37:50,950 --> 00:37:46,940

Examiner and of course he's been a guest

892

00:37:52,570 --> 00:37:50,960

on the show here too and that he touched

893

00:37:54,160 --> 00:37:52,580

on why most journalists and don't want

894

00:37:56,590 --> 00:37:54,170

to cover UFOs and this is an interesting

895

00:37:58,630 --> 00:37:56,600

quote and I think I'm very telling as

896

00:38:00,760 --> 00:37:58,640

well if it were serious why isn't

897

00:38:02,940 --> 00:38:00,770

everybody talking about it in turn most

898

00:38:05,200 --> 00:38:02,950

journalists are prefer deterred from

899

00:38:07,060 --> 00:38:05,210

considering the issue there are two

900

00:38:09,610 --> 00:38:07,070

understandable reasons for this for a

901
00:38:11,440 --> 00:38:09,620
start the UFO phenomenon just seems too

902
00:38:13,360 --> 00:38:11,450
weird and too unbelievable they I can

903
00:38:15,610 --> 00:38:13,370
respect that and that's my comment here

904
00:38:17,530 --> 00:38:15,620
they are a most observers think probably

905
00:38:19,450 --> 00:38:17,540
just elements of overexcited

906
00:38:21,520 --> 00:38:19,460
imaginings and unusual weather

907
00:38:23,770 --> 00:38:21,530
conditions a few journalists want to

908
00:38:25,570 --> 00:38:23,780
write on an issue that will earn far

909
00:38:27,250 --> 00:38:25,580
more laughter from their colleagues than

910
00:38:29,590 --> 00:38:27,260
it will the prospect of pew Lancers

911
00:38:31,579 --> 00:38:29,600
that's a car that's a particular problem

912
00:38:33,380 --> 00:38:31,589
here after all to cover this issue

913
00:38:35,839 --> 00:38:33,390

you must be willing to enter what CIA

914

00:38:38,539 --> 00:38:35,849

Spy Hunter James Angleton called

915

00:38:40,729 --> 00:38:38,549

the wilderness of mirrors a place where

916

00:38:42,380 --> 00:38:40,739

lies and truth are always colliding and

917

00:38:44,950 --> 00:38:42,390

even at the best of times

918

00:38:47,479 --> 00:38:44,960

provide more questions than answers and

919

00:38:49,279 --> 00:38:47,489

yeah that he put that a little bit

920

00:38:50,749 --> 00:38:49,289

better than I possibly could because

921

00:38:54,349 --> 00:38:50,759

that's exactly what we're dealing with

922

00:38:56,719 --> 00:38:54,359

and if you're more actively involved in

923

00:38:59,690 --> 00:38:56,729

that the UFO stuff boy you see it and

924

00:39:03,709 --> 00:38:59,700

some of those mirrors are created just

925

00:39:05,690 --> 00:39:03,719

for UFO researchers by people who have

926

00:39:09,499 --> 00:39:05,700

been involved in this field and just

927

00:39:11,930 --> 00:39:09,509

like to play games and that's that's

928

00:39:15,140 --> 00:39:11,940

what we're dealing with so in summation

929

00:39:16,759 --> 00:39:15,150

I would say to all of you obviously keep

930

00:39:19,339 --> 00:39:16,769

your guard up protect yourself at all

931

00:39:21,890 --> 00:39:19,349

times don't believe everything you see

932

00:39:23,029 --> 00:39:21,900

and hear and read but there is some

933

00:39:25,999 --> 00:39:23,039

truth in there somewhere

934

00:39:27,979 --> 00:39:26,009

so keep digging for it and that's that's

935

00:39:30,859 --> 00:39:27,989

my wrap-up we're probably going to see a

936

00:39:32,599 --> 00:39:30,869

first episode of unidentified I'm gonna

937

00:39:35,420 --> 00:39:32,609

have to guess it's going to be at some

938

00:39:36,829 --> 00:39:35,430

point in June and I'll be reviewing it

939

00:39:38,329 --> 00:39:36,839

that might have some guests on to do

940

00:39:40,999 --> 00:39:38,339

that with me might not you never know

941

00:39:43,759 --> 00:39:41,009

and we'll be back when the time is right
