UNIDENTIFIED SEASON PREMIERE REVIEW
AN EVEN DEEPER DIVE INTO THE WILSON
NOTES: PROPONENTS ACTUALLY FIND
EVIDENCE!

UFONN
SUNDAY

1
00:01:02,880 --> 00:00:17,310

[Music]

2
00:01:07,660 --> 00:01:05,560

and good afternoon from Philadelphia

3
00:01:11,620 --> 00:01:07,670

Frank here with yet another episode of

4
00:01:14,109 --> 00:01:11,630

UFO news network Sunday a little bit of

5
00:01:16,149 --> 00:01:14,119

update on some various things that have

6
00:01:19,539 --> 00:01:16,159

been happening around the UFO field a

7
00:01:22,810 --> 00:01:19,549

couple big stories this week and we are

8
00:01:25,060 --> 00:01:22,820

going to get to it basically a a quick

9
00:01:28,210 --> 00:01:25,070

review of the season premiere of

10
00:01:30,880 --> 00:01:28,220

unidentified last night and also some

11
00:01:33,850 --> 00:01:30,890

more information regarding the Wilson

12
00:01:36,880 --> 00:01:33,860

notes it only took a year but within the

13
00:01:39,730 --> 00:01:36,890

last couple weeks or so the proponents

14

00:01:42,899 --> 00:01:39,740

for the notes actually have provided

15

00:01:45,850 --> 00:01:42,909

some level of evidence that is

16

00:01:48,910 --> 00:01:45,860

interesting we will discuss that at plus

17

00:01:50,950 --> 00:01:48,920

some additional matters that have been

18

00:01:54,190 --> 00:01:50,960

that have come up regarding the notes

19

00:01:56,710 --> 00:01:54,200

that I think are well worth going over

20

00:01:59,020 --> 00:01:56,720

in detail but let's get right to it

21

00:02:03,480 --> 00:01:59,030

let's first talk about the season

22

00:02:06,749 --> 00:02:03,490

premiere of unidentified last night now

23

00:02:10,389 --> 00:02:06,759

basically the the show concerned

24

00:02:12,880 --> 00:02:10,399

military cases new cases that have not

25

00:02:15,460 --> 00:02:12,890

been discussed openly these witnesses

26

00:02:19,180 --> 00:02:15,470

came forward essentially to the tts

27

00:02:20,979 --> 00:02:19,190

a-team and this was sort of a heads-up

28

00:02:24,099 --> 00:02:20,989

that I had gotten several months ago

29

00:02:26,580 --> 00:02:24,109

that the new season would focus very

30

00:02:28,509 --> 00:02:26,590

largely and heavily on new cases

31

00:02:31,509 --> 00:02:28,519

important to note that none of these

32

00:02:34,090 --> 00:02:31,519

cases are actually cases that took place

33

00:02:38,590 --> 00:02:34,100

during the time that a tip was running

34

00:02:40,840 --> 00:02:38,600

from 2007 to 2012 but they are

35

00:02:43,180 --> 00:02:40,850

interesting cases good cases basically

36

00:02:47,020 --> 00:02:43,190

older cases a two of them from the

37

00:02:50,020 --> 00:02:47,030

Vietnam War era one of them over the

38

00:02:53,229 --> 00:02:50,030

Pacific one of them in Vietnam itself

39

00:02:56,620 --> 00:02:53,239

and then another case that took place

40

00:02:59,800 --> 00:02:56,630

during the Balkans war and a fourth case

41

00:03:04,000 --> 00:02:59,810

that took place while during our

42

00:03:06,460 --> 00:03:04,010

continued efforts over in Afghanistan so

43

00:03:09,699 --> 00:03:06,470

basically military witnesses very

44

00:03:10,420 --> 00:03:09,709

credible describing an aircraft doing

45

00:03:12,610 --> 00:03:10,430

other

46

00:03:15,429 --> 00:03:12,620

worldly flight characteristics

47

00:03:18,280 --> 00:03:15,439

manoeuvres and again very very

48

00:03:21,250 --> 00:03:18,290

interesting one thing that I did like

49

00:03:23,140 --> 00:03:21,260

about it especially obviously always

50

00:03:25,720 --> 00:03:23,150

like when the witnesses come forward and

51
00:03:28,660 --> 00:03:25,730
we find out about new cases but also a

52
00:03:31,179 --> 00:03:28,670
little bit of analysis and I think some

53
00:03:34,179 --> 00:03:31,189
cogent analysis in the discussions

54
00:03:37,030 --> 00:03:34,189
between Elizondo melons involved

55
00:03:39,190 --> 00:03:37,040
justices involved the the the team goes

56
00:03:42,099 --> 00:03:39,200
over a few things and some excellent

57
00:03:44,740 --> 00:03:42,109
points were broached obviously the more

58
00:03:48,039 --> 00:03:44,750
recent cases our technology is advanced

59
00:03:50,259 --> 00:03:48,049
so it gets into a more a gray area if

60
00:03:52,509 --> 00:03:50,269
you will in terms of whether or not it's

61
00:03:54,940 --> 00:03:52,519
something at possibly extraterrestrial

62
00:03:58,750 --> 00:03:54,950
or possibly something that we have

63
00:04:01,569 --> 00:03:58,760

developed ourselves and the point was

64

00:04:04,209 --> 00:04:01,579

made that well that that might be a

65

00:04:07,509 --> 00:04:04,219

little bit more open to question these

66

00:04:09,250 --> 00:04:07,519

UFOs that we're seeing now are also

67

00:04:11,649 --> 00:04:09,260

demonstrating the same kinds of

68

00:04:14,319 --> 00:04:11,659

characteristics that are reported you

69

00:04:17,920 --> 00:04:14,329

know back as early as the 60s certainly

70

00:04:21,189 --> 00:04:17,930

in regard to two of the cases that were

71

00:04:23,230 --> 00:04:21,199

brought forward during the show so what

72

00:04:25,899 --> 00:04:23,240

you have here is up it's pretty obvious

73

00:04:28,420 --> 00:04:25,909

we didn't have anything there's no

74

00:04:30,550 --> 00:04:28,430

question that we had nothing back in

75

00:04:34,360 --> 00:04:30,560

those days with those kinds of play

76

00:04:36,189 --> 00:04:34,370

characteristics so the only remaining

77

00:04:39,730 --> 00:04:36,199

possibility since you believe the

78

00:04:42,460 --> 00:04:39,740

witnesses are that what was seen might

79

00:04:47,290 --> 00:04:42,470

well have been extraterrestrial nature

80

00:04:48,760 --> 00:04:47,300

and also a point that the Elizondo made

81

00:04:50,920 --> 00:04:48,770

that I think was quite important that

82

00:04:52,810 --> 00:04:50,930

even if we do develop this kind of tech

83

00:04:55,570 --> 00:04:52,820

it ultimately comes out because it

84

00:04:57,730 --> 00:04:55,580

ultimately gets used that's really the

85

00:04:59,649 --> 00:04:57,740

key there so if it's getting used we

86

00:05:02,170 --> 00:04:59,659

generally have a pretty good idea about

87

00:05:04,689 --> 00:05:02,180

it so I really like the show really like

88

00:05:07,210 --> 00:05:04,699

the fact that the tip that we got from a

89

00:05:09,909 --> 00:05:07,220

source that this would be a focus on the

90

00:05:12,490 --> 00:05:09,919

new season panned out so obviously you

91

00:05:15,820 --> 00:05:12,500

know we're we're etalk to that source

92

00:05:17,529 --> 00:05:15,830

again going forward it lends a lot more

93

00:05:19,930 --> 00:05:17,539

credence to what I've heard as compared

94

00:05:22,330 --> 00:05:19,940

to what some other people who are in the

95

00:05:24,410 --> 00:05:22,340

field are hearing from sources that

96

00:05:26,390 --> 00:05:24,420

they've gotten maybe things check

97

00:05:27,650 --> 00:05:26,400

maybe they don't maybe I'll get into

98

00:05:30,380 --> 00:05:27,660

that a little bit more as we get over

99

00:05:32,060 --> 00:05:30,390

into the Wilson notes but we got a good

100

00:05:32,990 --> 00:05:32,070

tip on that one and that's what I've

101
00:05:35,600 --> 00:05:33,000
been saying

102
00:05:37,760 --> 00:05:35,610
going back for quite a few months now so

103
00:05:40,550 --> 00:05:37,770
that one did check out they don't always

104
00:05:43,400 --> 00:05:40,560
check out but that one in particular did

105
00:05:45,020 --> 00:05:43,410
and certainly glad of that looks like

106
00:05:46,760 --> 00:05:45,030
there's gonna be eight episodes as

107
00:05:49,670 --> 00:05:46,770
compared to I believe what was

108
00:05:51,290 --> 00:05:49,680
originally reported as ten so we know

109
00:05:53,930 --> 00:05:51,300
what was what's already in the bag for

110
00:05:55,730 --> 00:05:53,940
this week obviously next week apparently

111
00:05:58,430 --> 00:05:55,740
the focus is going to be very much on

112
00:05:59,450 --> 00:05:58,440
the triangle UFO sightings another

113
00:06:01,790 --> 00:05:59,460

interesting topic

114

00:06:04,040 --> 00:06:01,800

David Marlar is apparently going to be

115

00:06:06,830 --> 00:06:04,050

interviewed on the topic he's already

116

00:06:09,050 --> 00:06:06,840

discussed that openly so that that is

117

00:06:10,790 --> 00:06:09,060

going to happen and that's going to be

118

00:06:13,190 --> 00:06:10,800

the focus there it looks like the focus

119

00:06:14,870 --> 00:06:13,200

is going to be on sightings and you know

120

00:06:17,840 --> 00:06:14,880

hopefully maybe some new sightings that

121

00:06:21,440 --> 00:06:17,850

Marla has or maybe that Elizondo and

122

00:06:24,530 --> 00:06:21,450

team has gotten tipped off to obviously

123

00:06:27,320 --> 00:06:24,540

they've been very openly since the start

124

00:06:29,450 --> 00:06:27,330

of this program openly soliciting for

125

00:06:31,280 --> 00:06:29,460

witnesses to come forward especially of

126

00:06:33,230 --> 00:06:31,290

the military variety of people who could

127

00:06:36,560 --> 00:06:33,240

back up what they're saying in terms of

128

00:06:38,120 --> 00:06:36,570

their military service and obviously

129

00:06:40,220 --> 00:06:38,130

they've gotten some of those obviously

130

00:06:41,780 --> 00:06:40,230

dave Beatty did the same thing with the

131

00:06:44,720 --> 00:06:41,790

Nimitz and Princeton case and some other

132

00:06:46,550 --> 00:06:44,730

cases as well so yeah I mean if you ask

133

00:06:47,930 --> 00:06:46,560

him they'll come forward and they'll

134

00:06:50,090 --> 00:06:47,940

they'll talk I think in this new

135

00:06:52,580 --> 00:06:50,100

environment that is a good thing that is

136

00:06:56,480 --> 00:06:52,590

certainly something that you have to

137

00:06:58,940 --> 00:06:56,490

give credit to T TSA for and the as far

138

00:07:00,860 --> 00:06:58,950

as changing the atmosphere where people

139

00:07:04,370 --> 00:07:00,870

are a lot more willing to come forward

140

00:07:06,530 --> 00:07:04,380

and to discuss sightings that they've

141

00:07:08,540 --> 00:07:06,540

they've encountered so that's a good

142

00:07:11,060 --> 00:07:08,550

thing I'm really not going to go into

143

00:07:13,100 --> 00:07:11,070

too much more detail about the show

144

00:07:14,810 --> 00:07:13,110

basically for the simple reason is you

145

00:07:17,180 --> 00:07:14,820

know just watch it yourself and make up

146

00:07:19,280 --> 00:07:17,190

your own mind but I have to say this is

147

00:07:22,430 --> 00:07:19,290

the the type of thing that the more

148

00:07:25,700 --> 00:07:22,440

hardcore nuts-and-bolts types like me we

149

00:07:30,190 --> 00:07:25,710

love this stuff we you know I've always

150

00:07:33,350 --> 00:07:30,200

felt that UFO witnesses are general most

151
00:07:34,959 --> 00:07:33,360
generally and almost exclusively pretty

152
00:07:37,209 --> 00:07:34,969
reliable

153
00:07:38,019 --> 00:07:37,219
they're good yeah we like what they've

154
00:07:40,359 --> 00:07:38,029
got to say

155
00:07:42,429 --> 00:07:40,369
and we certainly we want to see more of

156
00:07:48,579 --> 00:07:42,439
that and hope that hopefully more of

157
00:07:52,600 --> 00:07:48,589
that is forthcoming and next let's move

158
00:07:55,409 --> 00:07:52,610
on to the Wilson notes topic a lot has

159
00:07:58,479 --> 00:07:55,419
happened since the last show here and

160
00:08:00,789 --> 00:07:58,489
last week there was a big zoom meeting

161
00:08:06,309 --> 00:08:00,799
involving a number of people involved

162
00:08:08,559 --> 00:08:06,319
with backing the Wilson notes and I'll

163
00:08:10,689 --> 00:08:08,569

go through most of the important stuff

164

00:08:13,809 --> 00:08:10,699

well that the important stuff for my

165

00:08:16,299 --> 00:08:13,819

view but that one thing they started out

166

00:08:19,689 --> 00:08:16,309

with this and I will start out with it

167

00:08:23,319 --> 00:08:19,699

too and that is basically a Jack Rigney

168

00:08:25,449 --> 00:08:23,329

who originally provided the notes he

169

00:08:27,429 --> 00:08:25,459

said that he's gotten him from a still

170

00:08:30,729 --> 00:08:27,439

unidentified source who got them

171

00:08:34,779 --> 00:08:30,739

directly from the Wilson RCB the Edgar

172

00:08:38,290 --> 00:08:34,789

Mitchell estate and I have taken some

173

00:08:41,189 --> 00:08:38,300

issue in the past not passing judgment

174

00:08:44,049 --> 00:08:41,199

really one way or the other but

175

00:08:46,749 --> 00:08:44,059

regarding us some of the claims from the

176

00:08:48,699 --> 00:08:46,759

note proponents as saying that they

177

00:08:51,610 --> 00:08:48,709

definitely came from the mitchell estate

178

00:08:55,119 --> 00:08:51,620

i was obviously a little bit suspect on

179

00:08:59,110 --> 00:08:55,129

all that for for i think that's some

180

00:09:00,879 --> 00:08:59,120

fairly obvious reasons one was and this

181

00:09:03,249 --> 00:09:00,889

didn't come from Rigney but it came from

182

00:09:08,679 --> 00:09:03,259

proponents of the notes was basically

183

00:09:11,079 --> 00:09:08,689

that the the way that the the individual

184

00:09:13,780 --> 00:09:11,089

named individual acquired the notes was

185

00:09:15,939 --> 00:09:13,790

because the folks at managing the

186

00:09:19,389 --> 00:09:15,949

mitchell estate were going to throw them

187

00:09:21,189 --> 00:09:19,399

away and that immediately raised a red

188

00:09:23,769 --> 00:09:21,199

flag to me that sounded highly

189

00:09:27,189 --> 00:09:23,779

improbable and I think that that I will

190

00:09:29,889 --> 00:09:27,199

be able to back that up firstly anything

191

00:09:32,740 --> 00:09:29,899

that any astronaut owns is not going to

192

00:09:35,170 --> 00:09:32,750

be just thrown away you know that that

193

00:09:40,329 --> 00:09:35,180

is fairly obvious and there is a lengthy

194

00:09:44,040 --> 00:09:40,339

track record in fact of Mitchell while

195

00:09:47,439 --> 00:09:44,050

he was still alive and his estate

196

00:09:48,519 --> 00:09:47,449

generating revenue as a result of his

197

00:09:51,280 --> 00:09:48,529

possessions in

198

00:09:54,639 --> 00:09:51,290

all forms while he was still alive he

199

00:09:57,069 --> 00:09:54,649

and ger Mitchell was trying to obviously

200

00:09:59,650 --> 00:09:57,079

generate some revenue based on the

201
00:10:01,900 --> 00:09:59,660
possessions that he had very famously he

202
00:10:05,799 --> 00:10:01,910
was sued by the federal government back

203
00:10:07,929 --> 00:10:05,809
in 2011 when he put a camera that he had

204
00:10:10,720 --> 00:10:07,939
used on the moon up for auction through

205
00:10:13,360 --> 00:10:10,730
an auction house called up Bonhams they

206
00:10:15,220 --> 00:10:13,370
had estimated that at auction this

207
00:10:17,790 --> 00:10:15,230
camera might fetch sixty to eighty

208
00:10:20,350 --> 00:10:17,800
thousand dollars so there is a

209
00:10:22,329 --> 00:10:20,360
tremendous value well obviously that

210
00:10:25,900 --> 00:10:22,339
that's a piece that had been to what the

211
00:10:28,299 --> 00:10:25,910
moon but really anything that is in the

212
00:10:30,400 --> 00:10:28,309
possession of a an astronaut a moon

213
00:10:32,949 --> 00:10:30,410

Walker is going to have some value so

214

00:10:34,809 --> 00:10:32,959

the idea that these items would have

215

00:10:37,059 --> 00:10:34,819

been just chucked in the trash if

216

00:10:39,460 --> 00:10:37,069

somebody didn't grab them seems a bit

217

00:10:41,980 --> 00:10:39,470

silly and I'll log go a little bit more

218

00:10:43,420 --> 00:10:41,990

into that as we go along but I just

219

00:10:47,019 --> 00:10:43,430

never visiting at this particular

220

00:10:49,540 --> 00:10:47,029

instance the litigation requested the

221

00:10:51,819 --> 00:10:49,550

camera be returned to NASA

222

00:10:54,269 --> 00:10:51,829

Mitchell's position was that NASA had

223

00:10:57,369 --> 00:10:54,279

given him the cameras a gift

224

00:10:59,590 --> 00:10:57,379

bottoms withdrew the camera Mitchell

225

00:11:01,480 --> 00:10:59,600

donated the ended up as part of a

226

00:11:04,509 --> 00:11:01,490

settlement donating the camera to the

227

00:11:06,100 --> 00:11:04,519

National Air and Space Museum and you

228

00:11:08,860 --> 00:11:06,110

know I'm not bringing this up as a way

229

00:11:10,660 --> 00:11:08,870

of knocking Mitchell Ares I do believe

230

00:11:12,670 --> 00:11:10,670

that he was given the camera that it was

231

00:11:14,439 --> 00:11:12,680

his possession it was up to him to do

232

00:11:16,449 --> 00:11:14,449

with it as he chose and if he wanted to

233

00:11:17,530 --> 00:11:16,459

cash in on a little bit while he was

234

00:11:19,299 --> 00:11:17,540

still alive I don't think there's

235

00:11:22,360 --> 00:11:19,309

anything wrong with that at all and in

236

00:11:24,540 --> 00:11:22,370

fact Congress enacted a law that

237

00:11:27,160 --> 00:11:24,550

confirmed full ownership rights of

238

00:11:29,439 --> 00:11:27,170

artifacts to astronauts on Apollo

239

00:11:32,410 --> 00:11:29,449

mercury and Gemini as well space

240

00:11:37,419 --> 00:11:32,420

missions so again I'd know no issues

241

00:11:39,400 --> 00:11:37,429

with Mitchell on this one certainly he

242

00:11:42,879 --> 00:11:39,410

got screwed as far as I'm concerned on

243

00:11:46,600 --> 00:11:42,889

this but I do just bring it up but again

244

00:11:49,299 --> 00:11:46,610

it points to the value of anything an

245

00:11:51,790 --> 00:11:49,309

astronaut might own that and nothing

246

00:11:54,929 --> 00:11:51,800

would would be chucked out certainly

247

00:11:57,460 --> 00:11:54,939

even even his UFO material obviously

248

00:11:59,319 --> 00:11:57,470

with the the recent passing of the

249

00:12:03,280 --> 00:11:59,329

Stanton Friedman his archives are being

250

00:12:05,230 --> 00:12:03,290

poured over James MacDonald's archives

251
00:12:06,220 --> 00:12:05,240
are located over at the University of

252
00:12:09,160 --> 00:12:06,230
Colorado

253
00:12:12,369 --> 00:12:09,170
there was a came up with a couple of

254
00:12:15,429 --> 00:12:12,379
very interesting finds myself based on

255
00:12:18,669 --> 00:12:15,439
the papers of two-time Nobel Prize

256
00:12:20,980 --> 00:12:18,679
winner Linus Pauling his note his

257
00:12:24,549 --> 00:12:20,990
archives are housed over at the

258
00:12:26,049 --> 00:12:24,559
University of Oregon Oregon Oregon State

259
00:12:28,240 --> 00:12:26,059
University I believe it is sorry about

260
00:12:31,090 --> 00:12:28,250
that but Oregon State University

261
00:12:35,499 --> 00:12:31,100
including his UFO material and in fact

262
00:12:37,809 --> 00:12:35,509
there was a blog dedicated to the

263
00:12:41,199 --> 00:12:37,819

contents of that and there was an

264

00:12:44,309 --> 00:12:41,209

article written about his UFO materials

265

00:12:49,059 --> 00:12:44,319

that were in the in the archives and

266

00:12:52,210 --> 00:12:49,069

that is that the contents of that

267

00:12:54,910 --> 00:12:52,220

provided me with leads that led to a

268

00:12:56,980 --> 00:12:54,920

couple stories one is obviously the

269

00:12:58,900 --> 00:12:56,990

infamous Socorro case that Pauling was

270

00:13:01,110 --> 00:12:58,910

interested enough in to follow up on and

271

00:13:03,970 --> 00:13:01,120

another related to his a possible

272

00:13:07,179 --> 00:13:03,980

potential involvement in the Condon

273

00:13:10,480 --> 00:13:07,189

committee where he himself outlined how

274

00:13:12,639 --> 00:13:10,490

he would like to see a UFO investigation

275

00:13:15,400 --> 00:13:12,649

run a couple of very interesting things

276

00:13:17,230 --> 00:13:15,410

and again that's Linus Pauling so the

277

00:13:19,860 --> 00:13:17,240

idea that any papers whatsoever

278

00:13:23,259 --> 00:13:19,870

regarding edgar mitchell or anyone else

279

00:13:25,090 --> 00:13:23,269

you know wouldn't have any value and

280

00:13:26,470 --> 00:13:25,100

would have gotten thrown in the trash so

281

00:13:27,840 --> 00:13:26,480

that particular part of the narrative

282

00:13:31,559 --> 00:13:27,850

did not ring true

283

00:13:33,850 --> 00:13:31,569

Rigney did in fact has never said that

284

00:13:36,999 --> 00:13:33,860

but this is something that was passed

285

00:13:39,100 --> 00:13:37,009

along by some others who were proponents

286

00:13:41,280 --> 00:13:39,110

of the doxa but based on an interview

287

00:13:44,799 --> 00:13:41,290

with the Keith pastor field and also

288

00:13:46,929 --> 00:13:44,809

based on written his own comments during

289

00:13:50,079 --> 00:13:46,939

this particular zoom meeting last Sunday

290

00:13:52,030 --> 00:13:50,089

he is never mentioned that but that yeah

291

00:13:55,689 --> 00:13:52,040

let's let's also go through some

292

00:13:58,360 --> 00:13:55,699

additional things related to Mitchell

293

00:14:00,280 --> 00:13:58,370

and how his estate may or may not have

294

00:14:02,199 --> 00:14:00,290

been handled obviously there was a piece

295

00:14:04,720 --> 00:14:02,209

of property involved and this is the

296

00:14:08,249 --> 00:14:04,730

property a very nice place obviously

297

00:14:12,329 --> 00:14:08,259

that got sold off and then

298

00:14:14,369 --> 00:14:12,339

there was also the hang on a sec here

299

00:14:17,819 --> 00:14:14,379

let's go over to it there was also an

300

00:14:20,189 --> 00:14:17,829

estate sale that that was handled by an

301
00:14:22,829 --> 00:14:20,199
auction house an estate sale company in

302
00:14:24,590 --> 00:14:22,839
Florida after his passing and if you

303
00:14:27,419 --> 00:14:24,600
look through some of the items here

304
00:14:31,349 --> 00:14:27,429
you'll see them I mean literate jackets

305
00:14:39,210 --> 00:14:31,359
face masks all manner of things here

306
00:14:42,809 --> 00:14:39,220
pictures posters furniture even let me

307
00:14:47,969 --> 00:14:42,819
let me scroll down this one books that

308
00:14:50,069 --> 00:14:47,979
he owned musical instruments glasses

309
00:14:52,199 --> 00:14:50,079
there were literally yeah selling

310
00:14:54,329 --> 00:14:52,209
everything off here rollerskates is a

311
00:14:55,469 --> 00:14:54,339
you could have owned a pair of Edgar

312
00:14:59,039 --> 00:14:55,479
Mitchell's rollerskates

313
00:15:02,939 --> 00:14:59,049

so again that idea that if it if it

314

00:15:05,129 --> 00:15:02,949

weren't for this guy saving these UFO

315

00:15:07,949 --> 00:15:05,139

papers from being tossed in the trash

316

00:15:10,829 --> 00:15:07,959

then we wouldn't know about these notes

317

00:15:13,079 --> 00:15:10,839

that that was always highly suspect but

318

00:15:16,259 --> 00:15:13,089

again I I'm a I want to make clear here

319

00:15:18,419 --> 00:15:16,269

that Rigney that never came from Wrigley

320

00:15:20,279 --> 00:15:18,429

so you have to be careful in terms of

321

00:15:22,559 --> 00:15:20,289

what you believe and what you hear it's

322

00:15:24,599 --> 00:15:22,569

not always accurate and always best to

323

00:15:28,739 --> 00:15:24,609

get back to the original source for this

324

00:15:33,210 --> 00:15:28,749

one Ramiz the source about as far as we

325

00:15:36,769 --> 00:15:33,220

can take it back now and his what he had

326

00:15:39,599 --> 00:15:36,779

to say on that zoom meeting last week

327

00:15:41,699 --> 00:15:39,609

obviously pushed my needle of believing

328

00:15:45,359 --> 00:15:41,709

or disbelieving a a little bit towards

329

00:15:47,220 --> 00:15:45,369

the yeah these documents actually coming

330

00:15:49,169 --> 00:15:47,230

from the Mitchell estate but again I

331

00:15:51,689 --> 00:15:49,179

wouldn't say that has actually been

332

00:15:54,509 --> 00:15:51,699

proved he did add some additional

333

00:15:56,309 --> 00:15:54,519

details that he had actually met Edgar

334

00:15:57,899 --> 00:15:56,319

Mitchell a number of different times and

335

00:16:00,239 --> 00:15:57,909

I think that's important I think it's

336

00:16:02,039 --> 00:16:00,249

also important to ask the question you

337

00:16:03,779 --> 00:16:02,049

know if Jack Rigney has some photographs

338

00:16:06,389 --> 00:16:03,789

he said he met the Mitchell multiple

339

00:16:08,609 --> 00:16:06,399

times and that this guy was a friend of

340

00:16:10,679 --> 00:16:08,619

Mitchell's in fact names have been

341

00:16:14,939 --> 00:16:10,689

proffered up during the interview

342

00:16:18,539 --> 00:16:14,949

between Bastyr field and Rigney last

343

00:16:20,249 --> 00:16:18,549

year that if he did in fact meet

344

00:16:21,660 --> 00:16:20,259

Mitchell a couple times is something he

345

00:16:24,390 --> 00:16:21,670

should have been able to produce

346

00:16:26,520 --> 00:16:24,400

and in order to buttress these claims

347

00:16:28,590 --> 00:16:26,530

about the notes would have been a

348

00:16:30,630 --> 00:16:28,600

photograph with himself and Mitchell you

349

00:16:34,500 --> 00:16:30,640

know you think that the guy can travel

350

00:16:36,030 --> 00:16:34,510

from Australia to Florida and and pick

351

00:16:38,130 --> 00:16:36,040

up these notes and meet Mitchell a

352

00:16:39,630 --> 00:16:38,140

number of times certainly during those

353

00:16:41,370 --> 00:16:39,640

meetings he would have been able to

354

00:16:43,500 --> 00:16:41,380

produce a camera and get a photograph

355

00:16:49,050 --> 00:16:43,510

with the guy again I'm not questioning

356

00:16:51,210 --> 00:16:49,060

Rig knees honesty here but again if you

357

00:16:53,130 --> 00:16:51,220

think that these notes really represent

358

00:16:54,660 --> 00:16:53,140

what you're claiming what you would want

359

00:16:56,730 --> 00:16:54,670

to do and I don't necessarily mean this

360

00:16:58,410 --> 00:16:56,740

just towards Rigney but really towards

361

00:17:00,950 --> 00:16:58,420

anybody who's involved in all this I

362

00:17:03,450 --> 00:17:00,960

think what you would want to do is

363

00:17:07,440 --> 00:17:03,460

buttress those claims as much as you

364

00:17:10,920 --> 00:17:07,450

possibly can as you're making them and

365

00:17:13,380 --> 00:17:10,930

not not there raise some fairly obvious

366

00:17:15,630 --> 00:17:13,390

questions Britany his claim that he met

367

00:17:17,640 --> 00:17:15,640

Mitchell a number of times well you know

368

00:17:20,010 --> 00:17:17,650

again you want to prove it you don't

369

00:17:21,540 --> 00:17:20,020

want to just say it so that's that point

370

00:17:23,220 --> 00:17:21,550

there were some other points on the show

371

00:17:23,880 --> 00:17:23,230

that or that we were on the show last

372

00:17:25,950 --> 00:17:23,890

Sunday

373

00:17:27,750 --> 00:17:25,960

that zoom meeting that I want to get to

374

00:17:31,110 --> 00:17:27,760

so we got that out of the way

375

00:17:32,640 --> 00:17:31,120

basically my truth meter again leaning a

376

00:17:34,620 --> 00:17:32,650

little bit more towards the side that

377

00:17:37,230 --> 00:17:34,630

the mid notes did in fact come from

378

00:17:40,020 --> 00:17:37,240

Mitchell's estate but again the claims

379

00:17:41,580 --> 00:17:40,030

that they do stating that as fact well

380

00:17:44,580 --> 00:17:41,590

we don't really even know that yet

381

00:17:47,220 --> 00:17:44,590

because again even Rigby is saying that

382

00:17:50,460 --> 00:17:47,230

this was they were provided to him by a

383

00:17:54,000 --> 00:17:50,470

third party so unless he saw those notes

384

00:17:56,250 --> 00:17:54,010

pass over I would say that is that is

385

00:18:03,720 --> 00:17:56,260

not proved yet but at least they are

386

00:18:05,870 --> 00:18:03,730

making some progress now the next piece

387

00:18:09,180 --> 00:18:05,880

that that came out as a result of this

388

00:18:11,130 --> 00:18:09,190

Wilson note super summit last Sunday was

389

00:18:12,870 --> 00:18:11,140

something was turned up by James I and

390

00:18:16,200 --> 00:18:12,880

olia old friend of the show of course

391

00:18:18,180 --> 00:18:16,210

and I've known James for a long time he

392

00:18:21,060 --> 00:18:18,190

wasn't able to do the show because he's

393

00:18:22,800 --> 00:18:21,070

got obligations of course but he was

394

00:18:24,450 --> 00:18:22,810

able to turn up this piece and he did

395

00:18:27,810 --> 00:18:24,460

get a good bit of credit and of course

396

00:18:30,390 --> 00:18:27,820

he deserves what this is is a this was

397

00:18:33,120 --> 00:18:30,400

on the Steven Greer web site and what

398

00:18:35,610 --> 00:18:33,130

this is is a

399

00:18:37,980 --> 00:18:35,620

initial pitch letter from Commander

400

00:18:41,820 --> 00:18:37,990

Miller to admiral Wilson basically

401
00:18:43,919 --> 00:18:41,830
pitching a presentation by Greer a

402
00:18:45,930 --> 00:18:43,929
possibly bad Mitchell things are still a

403
00:18:48,570 --> 00:18:45,940
little up in the air and in terms of the

404
00:18:52,159 --> 00:18:48,580
the full number of participants but

405
00:18:54,659 --> 00:18:52,169
basically a pitch for a meeting a

406
00:18:57,140 --> 00:18:54,669
presentation to Wilson and any others

407
00:19:00,270 --> 00:18:57,150
who wanted to take part obviously to

408
00:19:02,400 --> 00:19:00,280
take a take a listen to whatever great

409
00:19:05,159 --> 00:19:02,410
Steven Greer has to offer regarding UFOs

410
00:19:07,980 --> 00:19:05,169
now what I think is important in this

411
00:19:11,580 --> 00:19:07,990
letter is the date and of course it is

412
00:19:15,210 --> 00:19:11,590
in June of 1995

413
00:19:20,010 --> 00:19:15,220

now nobody questions that the Pentagon

414

00:19:22,740 --> 00:19:20,020

briefing involving Wilson Miller Edgar

415

00:19:24,480 --> 00:19:22,750

Mitchell Steven Greer did take place and

416

00:19:28,140 --> 00:19:24,490

they're all in agreement on the general

417

00:19:29,880 --> 00:19:28,150

date that it was in April of 1997 so now

418

00:19:33,810 --> 00:19:29,890

we have a little bit of evidence at

419

00:19:35,940 --> 00:19:33,820

least what Wilson's a thinking on this

420

00:19:38,779 --> 00:19:35,950

particular subject was at least going

421

00:19:42,750 --> 00:19:38,789

into the meeting and what we see is a

422

00:19:46,039 --> 00:19:42,760

pitch for this meeting that happens 22

423

00:19:49,230 --> 00:19:46,049

months before the meeting takes place so

424

00:19:51,419 --> 00:19:49,240

Wilson is I I think this demonstrates

425

00:19:53,130 --> 00:19:51,429

this quite clearly at least going into

426

00:19:55,020 --> 00:19:53,140

this meeting is not so hot to hear

427

00:19:59,070 --> 00:19:55,030

everything that Steven Greer has to say

428

00:20:01,140 --> 00:19:59,080

about UFOs that immediately clears his

429

00:20:03,960 --> 00:20:01,150

schedule and say let's let's do this

430

00:20:07,380 --> 00:20:03,970

next week now that that's obviously yet

431

00:20:09,240 --> 00:20:07,390

not what happened now I did follow up on

432

00:20:11,549 --> 00:20:09,250

this a little bit I do understand that

433

00:20:14,850 --> 00:20:11,559

there and I think this is obvious

434

00:20:17,520 --> 00:20:14,860

although what I've heard may or may not

435

00:20:19,230 --> 00:20:17,530

be a hundred percent accurate and in

436

00:20:21,060 --> 00:20:19,240

fact the person who told me this isn't

437

00:20:22,740 --> 00:20:21,070

even 100% sure himself but there may

438

00:20:25,289 --> 00:20:22,750

have been some back and forth along the

439

00:20:27,570 --> 00:20:25,299

way in terms of Wilson possibly giving

440

00:20:29,430 --> 00:20:27,580

Greer some tips some helpful advice in

441

00:20:34,110 --> 00:20:29,440

terms of what to look for that type of

442

00:20:37,919 --> 00:20:34,120

thing but again that's not certain and I

443

00:20:41,130 --> 00:20:37,929

would say what also is well what would

444

00:20:43,320 --> 00:20:41,140

be certain is Wilson didn't receive this

445

00:20:46,590 --> 00:20:43,330

letter and then all of a sudden decide

446

00:20:49,440 --> 00:20:46,600

and let's say March of 97 hey

447

00:20:51,630 --> 00:20:49,450

hey commander Miller remember that thing

448

00:20:53,850 --> 00:20:51,640

that you pitched me on about UFOs almost

449

00:20:55,380 --> 00:20:53,860

two years ago let's do it next week so

450

00:20:58,799 --> 00:20:55,390

there's obviously some back-and-forth

451
00:21:02,760 --> 00:20:58,809
that going on over this lengthy period

452
00:21:05,070 --> 00:21:02,770
of time but bottom line between the time

453
00:21:07,529 --> 00:21:05,080
that Wilson was initially initially

454
00:21:09,630 --> 00:21:07,539
pitched on receiving a UFO briefing and

455
00:21:12,240 --> 00:21:09,640
the time that he actually received it

456
00:21:15,990 --> 00:21:12,250
almost two years would there certainly

457
00:21:19,080 --> 00:21:16,000
seem to indicate that he's not so hot on

458
00:21:20,970 --> 00:21:19,090
this topic that he necessarily is

459
00:21:22,860 --> 00:21:20,980
clearing clearing clearing out his

460
00:21:26,370 --> 00:21:22,870
calendar to hear Steven Greer talk about

461
00:21:29,070 --> 00:21:26,380
UFOs so that is not happening now let's

462
00:21:31,799 --> 00:21:29,080
go through some timelines based on now

463
00:21:33,779 --> 00:21:31,809

what we know about what's in the notes

464

00:21:37,250 --> 00:21:33,789

and what we know in terms of what

465

00:21:43,320 --> 00:21:37,260

actually happened now in the notes at

466

00:21:46,409 --> 00:21:43,330

the very end on page 15 / e WD Eric W

467

00:21:48,750 --> 00:21:46,419

Davis Wilson asked for a briefing book

468

00:21:50,880 --> 00:21:48,760

of his work ascend other papers if I

469

00:21:53,520 --> 00:21:50,890

want to he's given an office address in

470

00:21:56,460 --> 00:21:53,530

DC to mail and then and this is a this

471

00:22:00,270 --> 00:21:56,470

is the key point will retire to Midwest

472

00:22:04,380 --> 00:22:00,280

and close office in 2003 now we know

473

00:22:07,830 --> 00:22:04,390

what happened regarding Wilson after he

474

00:22:11,310 --> 00:22:07,840

retired from the Navy and here it is

475

00:22:14,899 --> 00:22:11,320

basically after retiring from the Navy

476

00:22:18,840 --> 00:22:14,909

in 2002 Vice Admiral Wilson joined

477

00:22:21,539 --> 00:22:18,850

Alliant Techsystems as president of ATK

478

00:22:24,600 --> 00:22:21,549

missile systems company in Woodland

479

00:22:26,279 --> 00:22:24,610

Hills California he was elected

480

00:22:30,419 --> 00:22:26,289

corporate senior vice president in

481

00:22:32,789 --> 00:22:30,429

August 2003 so he's not retiring to the

482

00:22:34,289 --> 00:22:32,799

Midwest he's continuing working in fact

483

00:22:37,680 --> 00:22:34,299

he does continue for the better part of

484

00:22:40,470 --> 00:22:37,690

a decade working for ATK tech systems

485

00:22:42,330 --> 00:22:40,480

and that looks like he also worked for

486

00:22:44,490 --> 00:22:42,340

some wholly owned subsidiaries down the

487

00:22:46,799 --> 00:22:44,500

road I'll get into those details for

488

00:22:49,440 --> 00:22:46,809

those who were curious ATK has since

489

00:22:51,299 --> 00:22:49,450

been borne out by Northrop Grumman so I

490

00:22:53,549 --> 00:22:51,309

just mentioned that in passing but

491

00:22:55,590 --> 00:22:53,559

during the time that Wilson worked for

492

00:23:00,390 --> 00:22:55,600

them apparently was all ATK at that

493

00:23:02,850 --> 00:23:00,400

point so he's elected okay from 2003 to

494

00:23:05,520 --> 00:23:02,860

six he served in Minneapolis Minnesota

495

00:23:08,070 --> 00:23:05,530

as president of ATK precision systems

496

00:23:11,780 --> 00:23:08,080

again a six hundred million dollar

497

00:23:14,730 --> 00:23:11,790

business group specializing in various

498

00:23:16,590 --> 00:23:14,740

weapons ammunition and so on that

499

00:23:20,490 --> 00:23:16,600

defense electronics force protection

500

00:23:22,470 --> 00:23:20,500

systems and so on and so forth now some

501
00:23:23,870 --> 00:23:22,480
folks might say well what he's retiring

502
00:23:26,490 --> 00:23:23,880
to the Midwest

503
00:23:27,540 --> 00:23:26,500
it means he's going to Minneapolis I

504
00:23:29,390 --> 00:23:27,550
don't know if I would describe

505
00:23:31,890 --> 00:23:29,400
Minneapolis or the Twin Cities

506
00:23:35,100 --> 00:23:31,900
necessarily is the Midwest he must have

507
00:23:37,770 --> 00:23:35,110
some idea of what his immediate plans

508
00:23:41,010 --> 00:23:37,780
are after retirement and you would think

509
00:23:43,350 --> 00:23:41,020
that that would have been included in

510
00:23:45,270 --> 00:23:43,360
there in some detail as compared to well

511
00:23:47,640 --> 00:23:45,280
I'm just going to retire and not to the

512
00:23:50,400 --> 00:23:47,650
Midwest and close my office when clearly

513
00:23:52,860 --> 00:23:50,410

he did not retire he had sort of a not

514

00:23:56,340 --> 00:23:52,870

quite a decade-long career with the ATK

515

00:23:59,820 --> 00:23:56,350

and finally finishing up from 2006 to

516

00:24:03,600 --> 00:23:59,830

2009 he was ATK senior vice president

517

00:24:06,120 --> 00:24:03,610

for Tidewater operations and combatant

518

00:24:09,480 --> 00:24:06,130

command relations and in that position

519

00:24:11,360 --> 00:24:09,490

name he did more but basically what this

520

00:24:15,600 --> 00:24:11,370

indicates is that they had close to a

521

00:24:18,240 --> 00:24:15,610

decade-long career with ATK certainly

522

00:24:20,550 --> 00:24:18,250

not retiring to the Midwest and closing

523

00:24:23,100 --> 00:24:20,560

his office he did a little bit more than

524

00:24:25,980 --> 00:24:23,110

that now when we're on the subject of

525

00:24:29,880 --> 00:24:25,990

timeline so let's also explore the

526

00:24:31,830 --> 00:24:29,890

timelines for needs now and this little

527

00:24:35,460 --> 00:24:31,840

piece here from the knids website which

528

00:24:39,090 --> 00:24:35,470

is archived in the web archive which the

529

00:24:43,680 --> 00:24:39,100

the Wayback Machine this from October 15

530

00:24:47,640 --> 00:24:43,690

2004 two months to the day after the

531

00:24:49,920 --> 00:24:47,650

Davis Wilson meeting purportedly took

532

00:24:52,440 --> 00:24:49,930

place no this is from Bob Bigelow

533

00:24:54,540 --> 00:24:52,450

himself we at the National Institute for

534

00:24:57,000 --> 00:24:54,550

discovery science have come to a time in

535

00:24:58,650 --> 00:24:57,010

which a decision must be made as to the

536

00:25:01,200 --> 00:24:58,660

direction of the Institute we've labored

537

00:25:04,380 --> 00:25:01,210

long and hard coming to the conclusion

538

00:25:06,720 --> 00:25:04,390

to place needs in an inactive status any

539

00:25:09,990 --> 00:25:06,730

listen number of reasons but the key

540

00:25:12,450 --> 00:25:10,000

reason is number one we have not had the

541

00:25:12,820 --> 00:25:12,460

need to do any major investigative work

542

00:25:14,830 --> 00:25:12,830

for

543

00:25:17,560 --> 00:25:14,840

over two and a half years now this is

544

00:25:19,750 --> 00:25:17,570

this is very interesting because the

545

00:25:21,880 --> 00:25:19,760

product people keep hammering home the

546

00:25:25,659 --> 00:25:21,890

point that Eric Davis went to this

547

00:25:27,610 --> 00:25:25,669

meeting pumped Wilson for all this

548

00:25:29,649 --> 00:25:27,620

information wrote up these detailed

549

00:25:33,009 --> 00:25:29,659

notes and then ran them back to Ned's

550

00:25:34,899 --> 00:25:33,019

well that would have been six months

551
00:25:36,519 --> 00:25:34,909
after Ned's has done any major

552
00:25:38,740 --> 00:25:36,529
investigative work so in other words

553
00:25:41,080 --> 00:25:38,750
they had this dropped in their laps and

554
00:25:43,480 --> 00:25:41,090
basically you didn't do anything with it

555
00:25:45,549 --> 00:25:43,490
it didn't make any kind of impression of

556
00:25:48,430 --> 00:25:45,559
impression on them there there was no

557
00:25:51,810 --> 00:25:48,440
follow-up on their part so I think that

558
00:25:54,970 --> 00:25:51,820
is a very interesting point to make and

559
00:25:57,570 --> 00:25:54,980
again they they basically ran out of

560
00:26:00,279 --> 00:25:57,580
stuff to run down so there's that now

561
00:26:03,639 --> 00:26:00,289
let's take a look at Eric Davis's

562
00:26:05,710 --> 00:26:03,649
timeline in relation to nudes now here

563
00:26:09,460 --> 00:26:05,720

we go again that this is the old Wayback

564

00:26:12,789 --> 00:26:09,470

Machine and we see from April of 2002

565

00:26:22,360 --> 00:26:12,799

Eric Davis is a staff member on knids

566

00:26:25,049 --> 00:26:22,370

and then in August of 2002 Eric Davis is

567

00:26:28,720 --> 00:26:25,059

no longer a staff member at NIN's and

568

00:26:31,539 --> 00:26:28,730

then the month that he was meeting

569

00:26:33,730 --> 00:26:31,549

supposedly with Adam R Wilson again he

570

00:26:37,330 --> 00:26:33,740

is no longer a staff member at knids

571

00:26:41,220 --> 00:26:37,340

so the scenario purported in the notes

572

00:26:44,230 --> 00:26:41,230

is a little odd when you think about it

573

00:26:46,840 --> 00:26:44,240

you've got Eric Davis who for one reason

574

00:26:48,610 --> 00:26:46,850

or another is separated for mids or was

575

00:26:51,129 --> 00:26:48,620

separated from it whatever the case may

576

00:26:52,960 --> 00:26:51,139

be don't know the details on it quite

577

00:26:55,480 --> 00:26:52,970

possible it was just because they didn't

578

00:26:57,460 --> 00:26:55,490

have any work form so Davis gets

579

00:27:01,299 --> 00:26:57,470

separated from mids and they've got no

580

00:27:04,060 --> 00:27:01,309

work for him he has this these hot notes

581

00:27:08,500 --> 00:27:04,070

directly from this incredible source the

582

00:27:10,360 --> 00:27:08,510

recently retired director of

583

00:27:14,049 --> 00:27:10,370

the DIA director Defense Intelligence

584

00:27:15,400 --> 00:27:14,059

Agency director he's got all this but he

585

00:27:16,210 --> 00:27:15,410

runs it back to the place that just

586

00:27:19,390 --> 00:27:16,220

showed him the door

587

00:27:21,580 --> 00:27:19,400

that doesn't really make any sense to me

588

00:27:24,039 --> 00:27:21,590

I mean why would why would you go back

589

00:27:25,840 --> 00:27:24,049

to a place that just showed you the door

590

00:27:27,820 --> 00:27:25,850

within the last few months with this

591

00:27:30,880 --> 00:27:27,830

incredibly hot information I mean why

592

00:27:32,350 --> 00:27:30,890

why would you do that again that doesn't

593

00:27:34,210 --> 00:27:32,360

make any sense like why would you run

594

00:27:36,070 --> 00:27:34,220

back immediately was something

595

00:27:39,220 --> 00:27:36,080

incredible something earth-shattering

596

00:27:40,930 --> 00:27:39,230

like this and running back to the place

597

00:27:43,450 --> 00:27:40,940

I just showed you the door again that

598

00:27:45,610 --> 00:27:43,460

really doesn't make any sense and some

599

00:27:50,710 --> 00:27:45,620

other things that don't exactly make any

600

00:27:53,470 --> 00:27:50,720

sense from the notes this is a / Wilson

601
00:27:55,299 --> 00:27:53,480
/ the notes of course oak said I Eric

602
00:27:57,250 --> 00:27:55,309
Davis was a team player would keep mouth

603
00:27:59,289 --> 00:27:57,260
shut no media connections obey all

604
00:28:00,430 --> 00:27:59,299
restrictions not in government no

605
00:28:02,560 --> 00:28:00,440
clearances

606
00:28:04,900 --> 00:28:02,570
but pedigree excellent and so on and so

607
00:28:07,180 --> 00:28:04,910
forth well that didn't really take place

608
00:28:09,490 --> 00:28:07,190
did it I mean if you bide the scenario

609
00:28:10,659 --> 00:28:09,500
from the nut from the pro notes folks

610
00:28:12,370 --> 00:28:10,669
he'd keep his mouth shut

611
00:28:14,169 --> 00:28:12,380
well that if you believe that note

612
00:28:16,299 --> 00:28:14,179
that's it that's exactly what he didn't

613
00:28:20,860 --> 00:28:16,309

do he wrote up detailed notes and ran

614

00:28:23,110 --> 00:28:20,870

them directly back to Ned's so that kind

615

00:28:27,460 --> 00:28:23,120

of paints him as sort of a a dishonest

616

00:28:29,440 --> 00:28:27,470

person not a little bit but a lot he's

617

00:28:32,860 --> 00:28:29,450

sitting there talking to the recently

618

00:28:34,690 --> 00:28:32,870

retired head of the DIA says he's going

619

00:28:36,850 --> 00:28:34,700

to keep his mouth shut and does the

620

00:28:41,560 --> 00:28:36,860

exact opposite by again running all this

621

00:28:44,200 --> 00:28:41,570

material back to Ned's it you know even

622

00:28:46,360 --> 00:28:44,210

if you did mention that to somebody who

623

00:28:48,520 --> 00:28:46,370

still worked at the EDS that you had

624

00:28:50,470 --> 00:28:48,530

this meeting maybe you stay close to an

625

00:28:54,150 --> 00:28:50,480

individual there I mean that that

626
00:28:56,470 --> 00:28:54,160
certainly happens in the real world but

627
00:28:59,110 --> 00:28:56,480
do you write up these notes and bring

628
00:29:02,650 --> 00:28:59,120
them back to nudes and distribute them

629
00:29:05,860 --> 00:29:02,660
to everybody now that that just doesn't

630
00:29:09,760 --> 00:29:05,870
make a whole lot of sense to me and it

631
00:29:15,120 --> 00:29:09,770
seems really a dishonest and be kind of

632
00:29:17,590 --> 00:29:15,130
dumb and here's another point here

633
00:29:19,480 --> 00:29:17,600
Wilson specifically asked Davis what's

634
00:29:21,430 --> 00:29:19,490
he going to do with this phase

635
00:29:24,370 --> 00:29:21,440
Davis says I'm gonna keep for private

636
00:29:26,350 --> 00:29:24,380
personal research no that's it that's

637
00:29:28,840 --> 00:29:26,360
exactly if you believe the notes that's

638
00:29:30,880 --> 00:29:28,850

exactly what he didn't do and I brought

639

00:29:33,460 --> 00:29:30,890

this point up that this stuff makes

640

00:29:36,610 --> 00:29:33,470

Davis look bad and Pro no it's folks is

641

00:29:40,600 --> 00:29:36,620

it well you know we needs as a private

642

00:29:44,740 --> 00:29:40,610

company that doesn't work that's not an

643

00:29:46,870 --> 00:29:44,750

adequate explanation for again what is

644

00:29:50,110 --> 00:29:46,880

purported within these notes kind of

645

00:29:52,720 --> 00:29:50,120

dumb incredibly dishonest and a

646

00:29:54,850 --> 00:29:52,730

dishonorable behavior will keep mouth

647

00:29:57,070 --> 00:29:54,860

shut etcetera etcetera that's what he

648

00:29:59,680 --> 00:29:57,080

says here told well it made some other

649

00:30:01,330 --> 00:29:59,690

it made some other comments here but he

650

00:30:03,820 --> 00:30:01,340

said that he will keep his mouth shut

651
00:30:10,630 --> 00:30:03,830
well he didn't he did the exact opposite

652
00:30:13,000 --> 00:30:10,640
of that so he this well I mean judge

653
00:30:14,950 --> 00:30:13,010
judge for yourself but this is another

654
00:30:16,750 --> 00:30:14,960
piece that doesn't make sense is Eric

655
00:30:19,450 --> 00:30:16,760
Davis this dumb and this dishonest

656
00:30:21,490 --> 00:30:19,460
especially if he might possibly and it

657
00:30:23,560 --> 00:30:21,500
does seem like a easy out of work at

658
00:30:25,450 --> 00:30:23,570
this point or looking for work or maybe

659
00:30:27,820 --> 00:30:25,460
he's got something else lined up but you

660
00:30:29,680 --> 00:30:27,830
know no job last forever he might want

661
00:30:32,080 --> 00:30:29,690
some additional work down the road you

662
00:30:34,240 --> 00:30:32,090
know why would you burn the recently

663
00:30:36,310 --> 00:30:34,250

retired director of the Defense

664

00:30:38,850 --> 00:30:36,320

Intelligence Agency in this fashion it

665

00:30:42,810 --> 00:30:38,860

makes no sense yeah like I said possibly

666

00:30:45,400 --> 00:30:42,820

he mentions a meeting to somebody and

667

00:30:47,740 --> 00:30:45,410

and that's it he doesn't put anything in

668

00:30:50,950 --> 00:30:47,750

writing and that's even more of a

669

00:30:52,870 --> 00:30:50,960

cardinal sin in terms of just discretion

670

00:30:54,850 --> 00:30:52,880

putting this kind of stuff in writing it

671

00:30:58,270 --> 00:30:54,860

again that just doesn't have the ring of

672

00:31:01,030 --> 00:30:58,280

truth now here's a piece that another

673

00:31:03,730 --> 00:31:01,040

piece that came up within the last week

674

00:31:05,590 --> 00:31:03,740

and change from Julianne Moore in Quebec

675

00:31:08,919 --> 00:31:05,600

now this is actually pretty interesting

676
00:31:12,940 --> 00:31:08,929
and I do note that it wasn't any of the

677
00:31:15,250 --> 00:31:12,950
any of the great researchers that that

678
00:31:16,930 --> 00:31:15,260
are out there pounding the drum for

679
00:31:20,799 --> 00:31:16,940
these notes it came for Julianne who's

680
00:31:23,560 --> 00:31:20,809
been compiled literally every possible

681
00:31:25,450 --> 00:31:23,570
reference to all this stuff in the one

682
00:31:29,350 --> 00:31:25,460
compendium and apparently he went back

683
00:31:32,220 --> 00:31:29,360
recently and he found this and and much

684
00:31:33,580 --> 00:31:32,230
much to his credit lengthy interview

685
00:31:37,899 --> 00:31:33,590
going

686
00:31:42,640 --> 00:31:37,909
not quite a decade with commander excuse

687
00:31:46,840 --> 00:31:42,650
me with dr. Mitchell now of course dr.

688
00:31:49,180 --> 00:31:46,850

Mitchell talked quite a bit during the

689

00:31:51,039 --> 00:31:49,190

over the years about the initial meeting

690

00:31:53,529 --> 00:31:51,049

and what he was led to believe the

691

00:31:55,930 --> 00:31:53,539

follow-up was the Pentagon briefing as

692

00:31:57,880 --> 00:31:55,940

compared to the Wilson notes he talked a

693

00:32:01,560 --> 00:31:57,890

lot about that but here he actually

694

00:32:04,720 --> 00:32:01,570

mentions in the last paragraph here that

695

00:32:10,990 --> 00:32:04,730

actually wins a little bit of credence

696

00:32:12,940 --> 00:32:11,000

to the notes to an extent anyway but

697

00:32:15,220 --> 00:32:12,950

that let me read through obviously yeah

698

00:32:16,810 --> 00:32:15,230

this doesn't prove it you know the way

699

00:32:18,820 --> 00:32:16,820

the pro notes fall tricked folks are

700

00:32:20,289 --> 00:32:18,830

talking but it adds a little bit of

701

00:32:20,529 --> 00:32:20,299

credence and I'll give him credit for

702

00:32:22,600 --> 00:32:20,539

that

703

00:32:25,510 --> 00:32:22,610

a Greer told commander Miller who called

704

00:32:27,789 --> 00:32:25,520

me and said yes Greer heard from the

705

00:32:30,250 --> 00:32:27,799

Admiral and he's confirmed that there

706

00:32:32,889 --> 00:32:30,260

was an office in the Pentagon funding

707

00:32:35,230 --> 00:32:32,899

all of this subsequently another contact

708

00:32:37,560 --> 00:32:35,240

of mind who must also remain nameless

709

00:32:39,850 --> 00:32:37,570

because he's on classified programs

710

00:32:43,360 --> 00:32:39,860

encountered the Admiral in Las Vegas

711

00:32:46,090 --> 00:32:43,370

where he had been looking for and trying

712

00:32:49,060 --> 00:32:46,100

to get into the so called strategic

713

00:32:51,310 --> 00:32:49,070

access program around the UFO incident

714

00:32:54,070 --> 00:32:51,320

and had been denied so the two scenarios

715

00:32:55,480 --> 00:32:54,080

the one that Mitchell outlines in this

716

00:32:58,060 --> 00:32:55,490

interview and the one in the notes are a

717

00:33:01,419 --> 00:32:58,070

little bit different now that always

718

00:33:03,909 --> 00:33:01,429

could be part of the usual discrepancies

719

00:33:06,190 --> 00:33:03,919

that you get in retelling just as I

720

00:33:08,710 --> 00:33:06,200

talked about earlier how a pro notes

721

00:33:11,769 --> 00:33:08,720

folks were saying that the Mitchell

722

00:33:13,620 --> 00:33:11,779

papers were UFO papers that were getting

723

00:33:16,149 --> 00:33:13,630

ready to be thrown in the trash and

724

00:33:18,789 --> 00:33:16,159

Rigney said though that was that was not

725

00:33:23,200 --> 00:33:18,799

the case so here this is different

726
00:33:26,260 --> 00:33:23,210
obviously what Mitchell is saying here

727
00:33:28,960 --> 00:33:26,270
is apparently Wilson is actually in Las

728
00:33:30,370 --> 00:33:28,970
Vegas on actually looking in actively

729
00:33:32,350 --> 00:33:30,380
trying to figure out a little bit more

730
00:33:35,169 --> 00:33:32,360
about these strategic access programs

731
00:33:37,840 --> 00:33:35,179
doesn't give an exact date it doesn't

732
00:33:40,269 --> 00:33:37,850
make any sense that if he was there in

733
00:33:42,340 --> 00:33:40,279
Vegas after he was retired that he was

734
00:33:44,780 --> 00:33:42,350
still trying to run this stuff down but

735
00:33:47,450 --> 00:33:44,790
be that as it may he

736
00:33:50,090 --> 00:33:47,460
this is a this is what Mitchell said in

737
00:33:52,460 --> 00:33:50,100
an interview we are going back to 2010

738
00:33:54,890 --> 00:33:52,470

it's an interesting piece again it's a

739

00:33:56,419 --> 00:33:54,900

the first bit of evidence that that came

740

00:34:01,580 --> 00:33:56,429

out earlier in the week regarding this

741

00:34:05,240 --> 00:34:01,590

and it is interesting it doesn't prove

742

00:34:06,950 --> 00:34:05,250

the notes but what it does is again it's

743

00:34:09,260 --> 00:34:06,960

an interesting piece and of course

744

00:34:12,109 --> 00:34:09,270

everybody who's Pro notes is jumping to

745

00:34:15,200 --> 00:34:12,119

the conclusion that the source of his

746

00:34:18,680 --> 00:34:15,210

because he's on classified programs and

747

00:34:21,020 --> 00:34:18,690

it needs to remain nameless and there is

748

00:34:22,790 --> 00:34:21,030

that there is that piece and then there

749

00:34:28,419 --> 00:34:22,800

is one final piece that I do want to get

750

00:34:30,740 --> 00:34:28,429

to which is also quite interesting and

751
00:34:34,099 --> 00:34:30,750
finally I'm gonna talk about the last

752
00:34:35,810 --> 00:34:34,109
little piece that came to us by way of

753
00:34:38,180 --> 00:34:35,820
Bob McGuire

754
00:34:42,770 --> 00:34:38,190
now Bob's a solid guy's got a solid

755
00:34:45,500 --> 00:34:42,780
resume he is currently working as the

756
00:34:48,109 --> 00:34:45,510
chief scientist in the office of the

757
00:34:52,000 --> 00:34:48,119
executive director at the asking me at

758
00:34:56,300 --> 00:34:52,010
the Hume Center at Virginia Tech and bob

759
00:35:00,109 --> 00:34:56,310
has a long history involved with the

760
00:35:02,240 --> 00:35:00,119
government that he worked for more than

761
00:35:04,359 --> 00:35:02,250
26 years as a member of the technical

762
00:35:07,160 --> 00:35:04,369
staff at the Institute for Defense

763
00:35:09,290 --> 00:35:07,170

analysis Center for communications

764

00:35:13,880 --> 00:35:09,300

research in Princeton New Jersey and

765

00:35:16,580 --> 00:35:13,890

that's how Bob became a part of our

766

00:35:19,070 --> 00:35:16,590

story now he came out within the last

767

00:35:21,800 --> 00:35:19,080

week or so and a little bit more than a

768

00:35:27,410 --> 00:35:21,810

week now and said that while he was

769

00:35:30,020 --> 00:35:27,420

working at this DAC that he was in

770

00:35:31,820 --> 00:35:30,030

contact with Admiral Wilson knew him a

771

00:35:34,460 --> 00:35:31,830

little bit while I was ahead of the DIA

772

00:35:37,340 --> 00:35:34,470

so he knew who he was that was during

773

00:35:40,310 --> 00:35:37,350

the ninety nine oh two timeframe and

774

00:35:46,910 --> 00:35:40,320

those who Wilson is and that somewhere

775

00:35:49,099 --> 00:35:46,920

on the order of 2004 2000 2005 that what

776

00:35:52,700 --> 00:35:49,109

he was able to do was to see a letter

777

00:35:55,190 --> 00:35:52,710

from Admiral Wilson to some unnamed

778

00:35:57,290 --> 00:35:55,200

party who showed him this letter that

779

00:35:59,450 --> 00:35:57,300

confirmed the meeting with

780

00:36:01,730 --> 00:35:59,460

Davis and the content of the meeting

781

00:36:04,610 --> 00:36:01,740

before it was widely distributed now

782

00:36:08,660 --> 00:36:04,620

that is certainly an interesting piece

783

00:36:10,580 --> 00:36:08,670

it came about because Dave Scott at his

784

00:36:12,770 --> 00:36:10,590

Facebook and I asked not what are your

785

00:36:16,310 --> 00:36:12,780

thoughts on the the the Wilson notes and

786

00:36:19,910 --> 00:36:16,320

this was Bob's response and is

787

00:36:22,040 --> 00:36:19,920

interesting as far as it goes there were

788

00:36:23,990 --> 00:36:22,050

obviously some more details we'd like to

789

00:36:26,210 --> 00:36:24,000

know I don't expect that he's going to

790

00:36:29,060 --> 00:36:26,220

give up who showed him the letter and

791

00:36:31,940 --> 00:36:29,070

when he says the content of the letter

792

00:36:33,440 --> 00:36:31,950

not sure exactly what that means but or

793

00:36:35,360 --> 00:36:33,450

the content of the meeting not sure

794

00:36:38,330 --> 00:36:35,370

exactly what that means but nevertheless

795

00:36:40,610 --> 00:36:38,340

it is interesting and he has answered

796

00:36:43,340 --> 00:36:40,620

some additional questions from Joe mirja

797

00:36:46,700 --> 00:36:43,350

and from Keith pastor field are related

798

00:36:49,250 --> 00:36:46,710

to this so we will see again it only

799

00:36:51,940 --> 00:36:49,260

took a couple years broke to me it only

800

00:36:55,900 --> 00:36:51,950

took a year for a couple pieces of

801
00:36:58,100 --> 00:36:55,910
independent information independent

802
00:37:00,530 --> 00:36:58,110
supporting evidence to come forward

803
00:37:02,780 --> 00:37:00,540
regarding these notes we've got them now

804
00:37:06,290 --> 00:37:02,790
and certainly doesn't prove that the

805
00:37:08,330 --> 00:37:06,300
notes are accurate but again a couple of

806
00:37:11,210 --> 00:37:08,340
interesting pieces of evidence and we'll

807
00:37:13,520 --> 00:37:11,220
see if the pro notes folks are able to

808
00:37:15,290 --> 00:37:13,530
come up with a little bit more certainly

809
00:37:18,800 --> 00:37:15,300
I think I've been able to provide a

810
00:37:21,230 --> 00:37:18,810
couple of problems with the notes I'm

811
00:37:23,690 --> 00:37:21,240
thinking it might be possible that Davis

812
00:37:24,410 --> 00:37:23,700
and Wilson did have some sort of an

813
00:37:26,960 --> 00:37:24,420

exchange

814

00:37:29,440 --> 00:37:26,970

somewhere along the line about the

815

00:37:34,130 --> 00:37:29,450

meeting that that we know took place

816

00:37:35,750 --> 00:37:34,140

regarding the we're in the Pentagon I

817

00:37:38,240 --> 00:37:35,760

want to be clear about that that gets a

818

00:37:41,240 --> 00:37:38,250

little complicated in the Pentagon with

819

00:37:43,940 --> 00:37:41,250

Wilson Greer at all and that Wilson's

820

00:37:46,700 --> 00:37:43,950

follow-up may not be exactly what was

821

00:37:49,100 --> 00:37:46,710

presented but again what's claimed in

822

00:37:52,310 --> 00:37:49,110

the notes goes a lot further than any of

823

00:37:54,760 --> 00:37:52,320

that in terms of Wilson being told by

824

00:37:57,320 --> 00:37:54,770

this unnamed defense contractor that

825

00:38:00,320 --> 00:37:57,330

what they have in their possession is

826

00:38:02,990 --> 00:38:00,330

was not manufactured anywhere on earth I

827

00:38:06,350 --> 00:38:03,000

think it's may be possible if it did

828

00:38:07,340 --> 00:38:06,360

happen that maybe Wilson that confirmed

829

00:38:12,710 --> 00:38:07,350

the

830

00:38:14,840 --> 00:38:12,720

mittell initially that that yeah he did

831

00:38:17,930 --> 00:38:14,850

follow up and was denied access to this

832

00:38:20,090 --> 00:38:17,940

program but maybe davis did nothing more

833

00:38:23,300 --> 00:38:20,100

than mention it to an old friend back at

834

00:38:26,390 --> 00:38:23,310

mids and that got turned into this

835

00:38:28,130 --> 00:38:26,400

rather expansive notes tale open to that

836

00:38:31,190 --> 00:38:28,140

as a possibility although it's hardly

837

00:38:34,160 --> 00:38:31,200

proved again still remain highly

838

00:38:35,750 --> 00:38:34,170

skeptical of the notes we will see pro

839

00:38:38,120 --> 00:38:35,760

notes folks are saying well the new york

840

00:38:40,190 --> 00:38:38,130

times is on this and in fact ralph

841

00:38:44,030 --> 00:38:40,200

Blumenthal did kick the tires on the

842

00:38:46,400 --> 00:38:44,040

story by contacting michael w hall but

843

00:38:47,840 --> 00:38:46,410

that doesn't mean that they're going to

844

00:38:50,270 --> 00:38:47,850

go with the story that they're gonna

845

00:38:52,340 --> 00:38:50,280

prove it that that they Arden might well

846

00:38:55,400 --> 00:38:52,350

be working on a crash retrievals story

847

00:38:57,050 --> 00:38:55,410

and that that will be coming out now it

848

00:39:00,110 --> 00:38:57,060

was supposed to come out fourth of July

849

00:39:01,850 --> 00:39:00,120

did not come out fourth of July but it's

850

00:39:03,710 --> 00:39:01,860

gonna come out this week we'll see what

851

00:39:06,020 --> 00:39:03,720

they've got we'll see if the New York

852

00:39:08,210 --> 00:39:06,030

Times answers their prayers and it

853

00:39:09,530 --> 00:39:08,220

certainly would be interesting if that

854

00:39:11,570 --> 00:39:09,540

were the case we'll see what they've got

855

00:39:13,070 --> 00:39:11,580

whatever they've got it will be

856

00:39:14,900 --> 00:39:13,080

interesting because it'll be

857

00:39:17,810 --> 00:39:14,910

fact-checked it'll be handled properly

858

00:39:19,880 --> 00:39:17,820

unlike a lot of the things that we see

859

00:39:21,830 --> 00:39:19,890

and hear from some of the pro notes

860

00:39:24,020 --> 00:39:21,840

folks I thought one of the interesting

861

00:39:25,970 --> 00:39:24,030

part and McGwire was part of that the

862

00:39:28,220 --> 00:39:25,980

zoom meeting last weekend I thought it

863

00:39:30,110 --> 00:39:28,230

was quite interesting when you hear some

864

00:39:32,150 --> 00:39:30,120

of the panel members including Richard

865

00:39:34,550 --> 00:39:32,160

Dolan talk about these programs as being

866

00:39:36,500 --> 00:39:34,560

these are illegal blah blah blah and so

867

00:39:38,870 --> 00:39:36,510

on and so forth this is an outrage and

868

00:39:40,400 --> 00:39:38,880

then McGwire quickly jumping in and

869

00:39:42,500 --> 00:39:40,410

saying well no this isn't illegal it

870

00:39:44,600 --> 00:39:42,510

says this is perfectly illegal and that

871

00:39:47,780 --> 00:39:44,610

that's one final point that I want to

872

00:39:49,430 --> 00:39:47,790

get to yeah these types of programs sure

873

00:39:53,060 --> 00:39:49,440

why wouldn't they why would they be

874

00:39:53,780 --> 00:39:53,070

illegal farming out certain sensitive

875

00:39:58,090 --> 00:39:53,790

information

876

00:40:01,460 --> 00:39:58,100

- well scrutinized defense contractors

877

00:40:03,980 --> 00:40:01,470

they build this stuff so they they know

878

00:40:05,600 --> 00:40:03,990

a lot about the high end military

879

00:40:09,190 --> 00:40:05,610

equipment that they construct a they

880

00:40:12,200 --> 00:40:09,200

build it so of course they know however

881

00:40:14,450 --> 00:40:12,210

that that doesn't make these things

882

00:40:16,940 --> 00:40:14,460

illegal but I do want to mention of

883

00:40:19,460 --> 00:40:16,950

course that there are quite a few things

884

00:40:20,229 --> 00:40:19,470

that could be illegal in terms of

885

00:40:21,759 --> 00:40:20,239

government con

886

00:40:23,469 --> 00:40:21,769

cracks I think that's very important and

887

00:40:25,689 --> 00:40:23,479

that may well come up down the road

888

00:40:28,089 --> 00:40:25,699

rather than just blanketly saying oh

889

00:40:29,829 --> 00:40:28,099

these programs are illegal but again

890

00:40:34,529 --> 00:40:29,839

with lack of oversight it's certainly

891

00:40:38,049 --> 00:40:34,539

and if these usaps are not adequately

892

00:40:40,589 --> 00:40:38,059

looked over and looked after abuses can

893

00:40:44,649 --> 00:40:40,599

go on you have the issue of overcharging

894

00:40:47,139 --> 00:40:44,659

you might have an issue of charging for

895

00:40:49,539 --> 00:40:47,149

work not actually getting done and then

896

00:40:51,369 --> 00:40:49,549

even if all that checks out you have the

897

00:40:53,229 --> 00:40:51,379

issue of spending money on these

898

00:40:55,749 --> 00:40:53,239

programs and what kind of dollar value

899

00:40:57,429 --> 00:40:55,759

are you actually getting out of them and

900

00:40:59,649 --> 00:40:57,439

that will be a question that I think

901
00:41:01,899 --> 00:40:59,659
will be coming up a little bit more as

902
00:41:04,209 --> 00:41:01,909
we go on so I thought that what exchange

903
00:41:05,949 --> 00:41:04,219
was interesting again the hyperbole that

904
00:41:07,289 --> 00:41:05,959
comes from a lot of the Pro notes folks

905
00:41:10,839 --> 00:41:07,299
in this field

906
00:41:12,609 --> 00:41:10,849
give it a listen but largely I don't

907
00:41:15,369 --> 00:41:12,619
take that as any sort of an expert

908
00:41:16,959 --> 00:41:15,379
opinion McGwire shut that talk down and

909
00:41:21,159 --> 00:41:16,969
that Melinda Leslie and her

910
00:41:23,019 --> 00:41:21,169
conversations with Jim semi van some of

911
00:41:24,009 --> 00:41:23,029
and I shot that kind of talked down to

912
00:41:27,699 --> 00:41:24,019
again

913
00:41:29,559 --> 00:41:27,709

legal however very important lack of

914

00:41:31,179 --> 00:41:29,569

oversight can certainly lead to abuse

915

00:41:33,489 --> 00:41:31,189

there certainly can be illegalities
