um anyway i wanted to introduce our

14

00:01:30,149 --> 00:01:27,840

wonderful guest

15

00:01:31,030 --> 00:01:30,159

we have tom whitmore a board member of

16

00:01:34,069 --> 00:01:31,040

mufon

17

00:01:35,990 --> 00:01:34,079

um and we also have steve bassett

18

00:01:38,069 --> 00:01:36,000

uh who i don't really think he needs an

19

00:01:40,149 --> 00:01:38,079

introduction everybody knows him

20

00:01:41,109 --> 00:01:40,159

i will also actually let steve uh

21

00:01:42,230 --> 00:01:41,119

introduce himself

22

00:01:44,230 --> 00:01:42,240

a little bit and give a little bit of

23

00:01:47,429 --> 00:01:44,240

background regarding what he does for us

24

00:01:48,630 --> 00:01:47,439

um in washington on our behalf in the

25

00:01:50,310 --> 00:01:48,640

ufo community

26

00:01:52,550 --> 00:01:50,320

um i wanted to bring up an interesting

27

00:01:55,190 --> 00:01:52,560

topic that is trending right now

28

00:01:56,709 --> 00:01:55,200

there was a article that was published

29

00:01:59,590 --> 00:01:56,719

on september 23rd

30

00:02:00,069 --> 00:01:59,600

and it was regarding some um interesting

31

00:02:07,590 --> 00:02:00,079

uh

32

00:02:09,029 --> 00:02:07,600

flew over one of our warships and that

33

00:02:10,150 --> 00:02:09,039

being the uss nimitz

34

00:02:12,229 --> 00:02:10,160

so i'm going to go ahead and read an

35

00:02:15,190 --> 00:02:12,239

excerpt from that ap wire

36

00:02:17,750 --> 00:02:15,200

uh article and it starts off as tehran

37

00:02:19,589 --> 00:02:17,760

iran iran's powerful revolutionary guard

38

00:02:22,630 --> 00:02:19,599

force has managed to fly surveillance

39

00:02:24,630 --> 00:02:22,640

drone over the uss estimates aircraft

40

00:02:26,150 --> 00:02:24,640

carrier which last week transited

41

00:02:28,869 --> 00:02:26,160

through the strait of hermus

42

00:02:30,070 --> 00:02:28,879

an iranian news agency said wednesday

43

00:02:32,470 --> 00:02:30,080

the semi-official

44

00:02:35,430 --> 00:02:32,480

tasnim news agency which is considered

45

00:02:37,509 --> 00:02:35,440

close to the paramilitary guard

46

00:02:40,229 --> 00:02:37,519

published images of the nimitz saying

47

00:02:42,550 --> 00:02:40,239

they were taken by iranian matrons

48

00:02:43,750 --> 00:02:42,560

and showing fighter planes parked on the

49

00:02:46,309 --> 00:02:43,760

carrier's deck

50

00:02:47,030 --> 00:02:46,319

i wanted to ask our guests and also

51

00:02:48,869 --> 00:02:47,040

frank

52

00:02:50,470 --> 00:02:48,879

regarding their thoughts on this topic

53

00:02:51,190 --> 00:02:50,480

i'd like to start off with tom whitmore

54

00:02:53,750 --> 00:02:51,200

and ask you

55

00:02:54,470 --> 00:02:53,760

can you please uh share with us your

56

00:02:57,509 --> 00:02:54,480

thoughts

57

00:02:59,030 --> 00:02:57,519

on this topic it sounds like uh this was

58

00:03:02,070 --> 00:02:59,040

a very

59

00:03:03,670 --> 00:03:02,080

i don't know maybe a high tension type

60

00:03:05,350 --> 00:03:03,680

of situation or something that could

61

00:03:09,509 --> 00:03:05,360

have turned into a high tension

62

00:03:12,390 --> 00:03:09,519

a geopolitical uh related situation

63

00:03:13,110 --> 00:03:12,400

okay uh good afternoon frank champ and

64

00:03:14,630 --> 00:03:13,120

steve

65

00:03:17,430 --> 00:03:14,640

and thank you for having me on the

66

00:03:20,470 --> 00:03:17,440

program today uh i have done some

67

00:03:22,149 --> 00:03:20,480

checking on the internet and it's

68

00:03:23,030 --> 00:03:22,159

apparent to me that there is an

69

00:03:25,430 --> 00:03:23,040

undeclared

70

00:03:27,990 --> 00:03:25,440

low-intensity warfare going on between

71

00:03:31,350 --> 00:03:28,000

the united states and iran

72

00:03:34,710 --> 00:03:31,360

and as you mentioned the uss nimitz

73

00:03:36,550 --> 00:03:34,720

which is a super carrier and it's part

74

00:03:39,430 --> 00:03:36,560

of the fifth fleet out of

75

00:03:42,070 --> 00:03:39,440

bahrain and we want to note that the dod

76

00:03:44,869 --> 00:03:42,080

did not reveal this information

77

00:03:46,229 --> 00:03:44,879

the information came from iran they

78

00:03:49,589 --> 00:03:46,239

released it now

79

00:03:51,430 --> 00:03:49,599

the us news stories mentioned that there

80

00:03:53,670 --> 00:03:51,440

were other ships

81

00:03:55,910 --> 00:03:53,680

with the us nimitz but it was the

82

00:03:57,670 --> 00:03:55,920

iranians who disclosed

83

00:03:59,030 --> 00:03:57,680

that those other ships were two

84

00:04:02,470 --> 00:03:59,040

destroyers

85

00:04:03,270 --> 00:04:02,480

two battle cruisers two literal combat

86

00:04:06,309 --> 00:04:03,280

ships

87

00:04:07,110 --> 00:04:06,319

and a coast guard cutter now it's

88

00:04:10,070 --> 00:04:07,120

interesting

89

00:04:11,390 --> 00:04:10,080

that the iranians have also announced

90

00:04:14,470 --> 00:04:11,400

that they've acquired

91

00:04:17,830 --> 00:04:14,480

188 new naval drones

92

00:04:19,270 --> 00:04:17,840

and helicopters and it's it's apparent

93

00:04:20,229 --> 00:04:19,280

that they're getting more and more

94

00:04:22,870 --> 00:04:20,239

serious

95

00:04:23,830 --> 00:04:22,880

about having a presence in the persian

96

00:04:27,350 --> 00:04:23,840

gulf

97

00:04:29,510 --> 00:04:27,360

now personally i'm not sure why iran

98

00:04:30,390 --> 00:04:29,520

would want to advertise that they

99

00:04:33,350 --> 00:04:30,400

overflew

100

00:04:36,390 --> 00:04:33,360

and photograph the nimitz they must have

101

00:04:39,749 --> 00:04:36,400

some reason for wanting to do that

102

00:04:42,550 --> 00:04:39,759

but but they did now we want to remember

103

00:04:43,909 --> 00:04:42,560

that the united states essentially

104

00:04:47,270 --> 00:04:43,919

assassinated

105

00:04:48,870 --> 00:04:47,280

general qasim suleimani of the iranian

106

00:04:51,830 --> 00:04:48,880

revolutionary guard

107

00:04:53,510 --> 00:04:51,840

kudz force uh and another person was

108

00:04:57,350 --> 00:04:53,520

killed in addition to that

109

00:05:00,310 --> 00:04:57,360

and uh general suleimani was killed by a

110

00:05:01,590 --> 00:05:00,320

u.s predator drone firing hellfire

111

00:05:04,310 --> 00:05:01,600

missiles

112

00:05:04,950 --> 00:05:04,320

now suleimani has been blamed for

113

00:05:08,390 --> 00:05:04,960

attacks

114

00:05:12,070 --> 00:05:08,400
in iraq uh on december 27th

115

00:05:15,749 --> 00:05:12,080
of last year and also on december 31

116

00:05:17,670 --> 00:05:15,759
on the us embassy so the united states

117

00:05:18,710 --> 00:05:17,680
was very concerned about him and i think

118

00:05:21,590 --> 00:05:18,720
that they believed

119

00:05:22,150 --> 00:05:21,600
that he was planning another big attack

120

00:05:25,590 --> 00:05:22,160
now

121

00:05:28,710 --> 00:05:25,600
last summer iran took down a u.s drone

122

00:05:30,070 --> 00:05:28,720
and the u.s u.s also shot down an

123

00:05:33,110 --> 00:05:30,080
iranian drone

124

00:05:35,029 --> 00:05:33,120
so there is this war going on behind the

125

00:05:36,070 --> 00:05:35,039
scenes that we mostly don't hear about

126

00:05:38,710 --> 00:05:36,080

in fact

127

00:05:40,950 --> 00:05:38,720

president trump as i understand it was

128

00:05:42,310 --> 00:05:40,960

inclined to take further military action

129

00:05:45,270 --> 00:05:42,320

against iran

130

00:05:47,990 --> 00:05:45,280

when they shot down uh one of our

131

00:05:49,909 --> 00:05:48,000

probably an unmanned aerial vehicle

132

00:05:51,749 --> 00:05:49,919

but i think he was talked out of that

133

00:05:55,029 --> 00:05:51,759

now another interesting

134

00:05:58,390 --> 00:05:55,039

thing to remember is that in 2011

135

00:06:01,670 --> 00:05:58,400

uh united states unmanned aerial vehicle

136

00:06:04,710 --> 00:06:01,680

an rq-170 senator

137

00:06:06,150 --> 00:06:04,720

drone that has a flying wing shape and

138

00:06:09,110 --> 00:06:06,160

it looks like a b2

139

00:06:10,390 --> 00:06:09,120

it either landed or was shot down around

140

00:06:13,189 --> 00:06:10,400

i believe

141

00:06:14,950 --> 00:06:13,199

it was an eastern round uh it's a

142

00:06:17,670 --> 00:06:14,960

reconnaissance vehicle

143

00:06:18,950 --> 00:06:17,680

and iran advertised that that they

144

00:06:20,469 --> 00:06:18,960

captured it

145

00:06:21,990 --> 00:06:20,479

they had a photograph that they

146

00:06:23,510 --> 00:06:22,000

published and they bragged that they

147

00:06:26,070 --> 00:06:23,520

were back engineering it

148

00:06:28,469 --> 00:06:26,080

and they also claimed that they captured

149

00:06:31,749 --> 00:06:28,479

some of the data from that vehicle

150

00:06:34,469 --> 00:06:31,759

now considering the assassination

151
00:06:35,510 --> 00:06:34,479
of general suleimani we've also heard a

152
00:06:37,990 --> 00:06:35,520
story lately

153
00:06:39,670 --> 00:06:38,000
about iran wanting to get revenge and

154
00:06:42,150 --> 00:06:39,680
that there has been a plot

155
00:06:43,110 --> 00:06:42,160
to kill the u.s ambassador to south

156
00:06:46,469 --> 00:06:43,120
africa

157
00:06:49,110 --> 00:06:46,479
her name is lana marks she was actually

158
00:06:52,070 --> 00:06:49,120
born in south africa and she speaks

159
00:06:52,950 --> 00:06:52,080
uh at least at least two african

160
00:06:57,110 --> 00:06:52,960
languages

161
00:06:59,990 --> 00:06:57,120
afrikaans and zosa

162
00:07:02,070 --> 00:07:00,000
and now we also want to note that iran

163
00:07:05,510 --> 00:07:02,080

has an extensive network

164

00:07:08,230 --> 00:07:05,520

of secret operatives in south africa

165

00:07:10,230 --> 00:07:08,240

and south africa has been known to

166

00:07:12,150 --> 00:07:10,240

cooperate with iran

167

00:07:13,749 --> 00:07:12,160

and it's believed that iran is

168

00:07:16,950 --> 00:07:13,759

interested in south africa

169

00:07:19,990 --> 00:07:16,960

because of their uranium deposits

170

00:07:21,029 --> 00:07:20,000

and also in addition to the ambassador

171

00:07:23,110 --> 00:07:21,039

to south africa

172

00:07:24,230 --> 00:07:23,120

it's been mentioned that general kenneth

173

00:07:27,029 --> 00:07:24,240

mckenzie

174

00:07:29,510 --> 00:07:27,039

the head of the u.s central command also

175

00:07:30,710 --> 00:07:29,520

could be a target for assassination by

176
00:07:32,950 --> 00:07:30,720
the iranians

177
00:07:34,390 --> 00:07:32,960
and last of all i'd just like to say

178
00:07:36,710 --> 00:07:34,400
that this is interesting

179
00:07:38,309 --> 00:07:36,720
of course we know that unfriendly

180
00:07:40,469 --> 00:07:38,319
countries engaged

181
00:07:41,510 --> 00:07:40,479
in cyber warfare against the united

182
00:07:43,189 --> 00:07:41,520
states

183
00:07:45,510 --> 00:07:43,199
but i also found that it's been

184
00:07:49,110 --> 00:07:45,520
mentioned that iran is conducting

185
00:07:51,670 --> 00:07:49,120
a disinformation program on social media

186
00:07:53,430 --> 00:07:51,680
against the united states as well thank

187
00:07:55,350 --> 00:07:53,440
you very much for having given us your

188
00:07:58,070 --> 00:07:55,360

invaluable input on that topic

189

00:08:01,670 --> 00:07:58,080

wanted to ask steve bassett what are

190

00:08:06,390 --> 00:08:04,150

i i'm hesitant to use the word war i

191

00:08:08,550 --> 00:08:06,400

don't think that we're at war with iran

192

00:08:10,830 --> 00:08:08,560

we don't have diplomatic relations and

193

00:08:13,270 --> 00:08:10,840

we have been engaged in a series of

194

00:08:17,350 --> 00:08:13,280

brinkmanships

195

00:08:23,909 --> 00:08:20,390

coming from both sides so this is just

196

00:08:27,510 --> 00:08:26,150

event along those lines i don't think

197

00:08:30,550 --> 00:08:27,520

it's all that serious for a couple of

198

00:08:34,790 --> 00:08:32,870

the ship was in international water and

199

00:08:36,389 --> 00:08:34,800

so they can fly a drone out there if

200

00:08:37,990 --> 00:08:36,399

they want to

201
00:08:39,509 --> 00:08:38,000
but we've had more serious engagements

202
00:08:40,949 --> 00:08:39,519
with gunships

203
00:08:43,509 --> 00:08:40,959
which were also in international waters

204
00:08:44,870 --> 00:08:43,519
but i think the protocol is that if

205
00:08:46,710 --> 00:08:44,880
even though you're international water

206
00:08:48,230 --> 00:08:46,720
if you pose a threat to the carrier if

207
00:08:51,269 --> 00:08:48,240
you get in too close

208
00:08:55,430 --> 00:08:51,279
the carrier can take measures right

209
00:08:57,430 --> 00:08:55,440
um so in this case it's a drone

210
00:08:58,470 --> 00:08:57,440
uh the article indicated a single drone

211
00:09:01,590 --> 00:08:58,480
it doesn't say

212
00:09:03,990 --> 00:09:01,600
how big it was uh i'm sure the carrier

213
00:09:06,389 --> 00:09:04,000

commander is a little embarrassed

214

00:09:07,910 --> 00:09:06,399

that they may not have picked it up

215

00:09:09,829 --> 00:09:07,920

you'll also note from the photograph

216

00:09:12,389 --> 00:09:09,839

that it is off to the side

217

00:09:13,910 --> 00:09:12,399

slightly forward so in other words it's

218

00:09:15,670 --> 00:09:13,920

not over the carrier it's off to the

219

00:09:17,030 --> 00:09:15,680

side now depending upon how good that

220

00:09:18,710 --> 00:09:17,040

camera is

221

00:09:20,790 --> 00:09:18,720

it could be well off to the side it

222

00:09:22,870 --> 00:09:20,800

could be a substantial distance

223

00:09:24,470 --> 00:09:22,880

and then is photographing with powerful

224

00:09:26,389 --> 00:09:24,480

zoom

225

00:09:28,150 --> 00:09:26,399

which may explain why it wasn't picked

226

00:09:30,870 --> 00:09:28,160

up

227

00:09:31,910 --> 00:09:30,880

so all in all they put a photograph

228

00:09:33,670 --> 00:09:31,920

they're letting us know that we're

229

00:09:36,710 --> 00:09:33,680

watching them

230

00:09:38,470 --> 00:09:36,720

it's part of the game but as compared to

231

00:09:41,910 --> 00:09:38,480

other things like the sulaimani

232

00:09:43,190 --> 00:09:41,920

uh suleimani assassination this is

233

00:09:45,110 --> 00:09:43,200

trivial

234

00:09:46,389 --> 00:09:45,120

uh but i think they're also sending a

235

00:09:48,870 --> 00:09:46,399

bit of a message

236

00:09:50,310 --> 00:09:48,880

during the election season though that

237

00:09:52,230 --> 00:09:50,320

that intrigues me a little bit because

238

00:09:55,509 --> 00:09:52,240

i'm quite sure that iran does not

239

00:09:58,949 --> 00:09:55,519

want trump to win

240

00:10:01,269 --> 00:09:58,959

um so something like this

241

00:10:02,630 --> 00:10:01,279

could be of help to his campaign but

242

00:10:04,150 --> 00:10:02,640

yeah who knows i mean it's

243

00:10:06,069 --> 00:10:04,160

complicated country and they have a

244

00:10:06,310 --> 00:10:06,079

complicated agenda thank you very much

245

00:10:07,990 --> 00:10:06,320

for

246

00:10:10,389 --> 00:10:08,000

that input i did want to ask my co-host

247

00:10:12,150 --> 00:10:10,399

a question i just wanted to

248

00:10:13,350 --> 00:10:12,160

correct you please forgive me it does

249

00:10:13,910 --> 00:10:13,360

state in the article that it was

250

00:10:16,389 --> 00:10:13,920

multiple

251
00:10:17,829 --> 00:10:16,399
drones um frank i wanted to ask you a

252
00:10:21,030 --> 00:10:17,839
question and that is

253
00:10:22,230 --> 00:10:21,040
regarding this topic and that is uh we

254
00:10:25,269 --> 00:10:22,240
have satellites

255
00:10:27,590 --> 00:10:25,279
um multitudes of them um

256
00:10:29,269 --> 00:10:27,600
in space that are capable of zooming in

257
00:10:32,550 --> 00:10:29,279
on somebody's watch

258
00:10:33,030 --> 00:10:32,560
uh if they want to so knowing that we

259
00:10:35,990 --> 00:10:33,040
have the

260
00:10:38,069 --> 00:10:36,000
kind of technology that we have with

261
00:10:39,350 --> 00:10:38,079
that high technology one would assume

262
00:10:42,150 --> 00:10:39,360
that

263
00:10:42,870 --> 00:10:42,160

we would be able to actually know ahead

264

00:10:45,110 --> 00:10:42,880

of time

265

00:10:46,069 --> 00:10:45,120

as we see those intelligence-related

266

00:10:49,350 --> 00:10:46,079

drones traversing

267

00:10:51,670 --> 00:10:49,360

the skies no matter what skies they are

268

00:10:53,110 --> 00:10:51,680

whatever side of the planet we would be

269

00:10:54,949 --> 00:10:53,120

able to detect them

270

00:10:57,110 --> 00:10:54,959

so i'm sure there's a lot of military

271

00:10:59,110 --> 00:10:57,120

chatter but it doesn't sound like

272

00:11:00,150 --> 00:10:59,120

even if we did know that we were

273

00:11:03,269 --> 00:11:00,160

stopping it

274

00:11:04,949 --> 00:11:03,279

so what do you think happened well uh

275

00:11:06,710 --> 00:11:04,959

there's been no comment from the

276

00:11:07,590 --> 00:11:06,720

pentagon on all this that was uh that

277

00:11:09,910 --> 00:11:07,600

was key

278

00:11:11,750 --> 00:11:09,920

as you mentioned yourself that this was

279

00:11:13,350 --> 00:11:11,760

uh information was released by the

280

00:11:15,670 --> 00:11:13,360

iranian news agency

281

00:11:16,470 --> 00:11:15,680

uh these kind of things as steve

282

00:11:18,710 --> 00:11:16,480

mentioned

283

00:11:19,509 --> 00:11:18,720

they go on all the time as a matter of

284

00:11:22,550 --> 00:11:19,519

fact uh

285

00:11:25,110 --> 00:11:22,560

uh quite often you'll see a video

286

00:11:27,190 --> 00:11:25,120

of soviet migs literally buzzing our

287

00:11:30,069 --> 00:11:27,200

ships flying very close to them

288

00:11:31,829 --> 00:11:30,079

and in the past when we've had uh guys

289

00:11:33,910 --> 00:11:31,839

from the navy uh like the

290

00:11:35,910 --> 00:11:33,920

uh the guys from the nimitz case which

291

00:11:38,630 --> 00:11:35,920

is i'm sure the reason why this

292

00:11:39,509 --> 00:11:38,640

got your attention uh when we had uh

293

00:11:42,630 --> 00:11:39,519

kevin day

294

00:11:45,829 --> 00:11:42,640

gary voorhees uh jason turner

295

00:11:47,430 --> 00:11:45,839

and pj hughes on the show that was one

296

00:11:48,949 --> 00:11:47,440

of the things i asked and gary said

297

00:11:50,470 --> 00:11:48,959

yeah this kind of thing happens all the

298

00:11:52,389 --> 00:11:50,480

time in fact these uh

299

00:11:53,829 --> 00:11:52,399

these migs get very close to our ships

300

00:11:54,550 --> 00:11:53,839

and the reason why it's not such an

301
00:11:56,790 --> 00:11:54,560
issue

302
00:11:59,110 --> 00:11:56,800
is that we can actually detect whether

303
00:12:00,310 --> 00:11:59,120
or not their weapon systems are locking

304
00:12:01,829 --> 00:12:00,320
on to our ships

305
00:12:03,509 --> 00:12:01,839
so they know that they're just buzzing

306
00:12:05,110 --> 00:12:03,519
through that there's a bit of a uh you

307
00:12:06,550 --> 00:12:05,120
know just that kind of a game playing

308
00:12:08,870 --> 00:12:06,560
and brinkmanship going on

309
00:12:10,230 --> 00:12:08,880
and also when we had paco churchi on i

310
00:12:11,670 --> 00:12:10,240
asked him about this too

311
00:12:13,670 --> 00:12:11,680
and he said yeah this kind of thing goes

312
00:12:14,550 --> 00:12:13,680
on all the time we do it to them they do

313
00:12:17,430 --> 00:12:14,560

it to us

314

00:12:19,190 --> 00:12:17,440

and it's you know again just sort of

315

00:12:23,110 --> 00:12:19,200

part of the game

316

00:12:23,990 --> 00:12:23,120

and the key is again we have the kind of

317

00:12:25,670 --> 00:12:24,000

technology that

318

00:12:27,269 --> 00:12:25,680

will read whether or not there's some

319

00:12:29,509 --> 00:12:27,279

kind of a weapon system

320

00:12:30,710 --> 00:12:29,519

uh that is uh locked that's got a target

321

00:12:32,870 --> 00:12:30,720

lock that's uh

322

00:12:34,069 --> 00:12:32,880

getting ready to fire on us so if it's

323

00:12:36,150 --> 00:12:34,079

surveillance uh

324

00:12:37,990 --> 00:12:36,160

they may or may not try to knock it out

325

00:12:39,430 --> 00:12:38,000

of the sky it doesn't seem likely

326

00:12:41,430 --> 00:12:39,440

as steve mentioned they're over

327

00:12:42,470 --> 00:12:41,440

international waters so they're probably

328

00:12:44,310 --> 00:12:42,480

not going to do that

329

00:12:45,509 --> 00:12:44,320

i would be very surprised if we didn't

330

00:12:47,110 --> 00:12:45,519

know that they had

331

00:12:49,670 --> 00:12:47,120

those drones up in the air it's

332

00:12:52,629 --> 00:12:49,680

impossible to tell from the photograph

333

00:12:54,230 --> 00:12:52,639

just how close this drone uh was to the

334

00:12:55,030 --> 00:12:54,240

nimitz and the other ships in the battle

335

00:12:57,509 --> 00:12:55,040

group

336

00:12:59,030 --> 00:12:57,519

but uh it i mean it could have been that

337

00:13:00,310 --> 00:12:59,040

could have been miles away depending on

338

00:13:02,870 --> 00:13:00,320

the quality of the camera

339

00:13:05,110 --> 00:13:02,880
regardless i i think it's quite likely

340

00:13:07,430 --> 00:13:05,120
that we would have picked it up

341

00:13:09,430 --> 00:13:07,440
okay so i have a naive question to ask

342

00:13:10,470 --> 00:13:09,440
because i'm not a military expert of all

343

00:13:13,629 --> 00:13:10,480
of our guests

344

00:13:15,829 --> 00:13:13,639
and that is this um is it possible for

345

00:13:17,030 --> 00:13:15,839
intelligence-related drones to fly in

346

00:13:20,629 --> 00:13:17,040
tandem with a

347

00:13:21,430 --> 00:13:20,639
bomb and actually drop it on anything

348

00:13:24,790 --> 00:13:21,440
anywhere

349

00:13:27,590 --> 00:13:24,800
uh i asked because if it actually

350

00:13:28,790 --> 00:13:27,600
is true and it looks like it is due to

351

00:13:32,069 --> 00:13:28,800

these pictures here

352

00:13:32,790 --> 00:13:32,079

that were produced from the air over the

353

00:13:36,629 --> 00:13:32,800

uss

354

00:13:39,110 --> 00:13:36,639

nimitz war carrier uh exposing two

355

00:13:39,670 --> 00:13:39,120

of our fighter jets sitting there on the

356

00:13:41,269 --> 00:13:39,680

deck

357

00:13:42,870 --> 00:13:41,279

which i'm sure is not unusual for the

358

00:13:45,990 --> 00:13:42,880

uss and admits to have

359

00:13:48,310 --> 00:13:46,000

however my question is since we

360

00:13:49,670 --> 00:13:48,320

there was a series of drones that were

361

00:13:52,230 --> 00:13:49,680

flying over it

362

00:13:53,430 --> 00:13:52,240

uh that's something my understanding is

363

00:13:55,350 --> 00:13:53,440

that the u.s

364

00:13:56,629 --> 00:13:55,360

government would never want to have and

365

00:14:00,069 --> 00:13:56,639

that is have anything

366

00:14:00,550 --> 00:14:00,079

fly over anything of ours so my question

367

00:14:03,990 --> 00:14:00,560

to you

368

00:14:04,470 --> 00:14:04,000

all is is there any kind of device of

369

00:14:07,189 --> 00:14:04,480

war

370

00:14:10,230 --> 00:14:07,199

that could be attached to drones and

371

00:14:14,629 --> 00:14:13,269

who are you asking well well yeah i like

372

00:14:16,310 --> 00:14:14,639

that

373

00:14:18,710 --> 00:14:16,320

also sorry i wanted to start to

374

00:14:20,310 --> 00:14:18,720

interrupt interject i forgot to also ask

375

00:14:22,470 --> 00:14:20,320

in addition to that

376

00:14:24,150 --> 00:14:22,480

could those drones have killed anyone

377

00:14:27,430 --> 00:14:24,160

and i'd like to start with tom

378

00:14:29,910 --> 00:14:27,440

what are your thoughts on that well

379

00:14:31,670 --> 00:14:29,920

uh for example general suleimani was

380

00:14:34,470 --> 00:14:31,680

killed by a predator drone

381

00:14:36,389 --> 00:14:34,480

uh with a hellfire missile now the thing

382

00:14:37,509 --> 00:14:36,399

that we don't know is we don't know what

383

00:14:40,069 --> 00:14:37,519

the drone

384

00:14:41,990 --> 00:14:40,079

uh looked like that that took this

385

00:14:43,269 --> 00:14:42,000

picture over the nimitz we don't know if

386

00:14:46,389 --> 00:14:43,279

it's one of these

387

00:14:48,949 --> 00:14:46,399

cheapy kind of drones that we see people

388

00:14:50,230 --> 00:14:48,959

running in the park or if it's actually

389

00:14:52,790 --> 00:14:50,240

an airplane

390

00:14:53,910 --> 00:14:52,800

configured right configuration type of

391

00:14:56,949 --> 00:14:53,920

the drone

392

00:14:59,110 --> 00:14:56,959

but i'll tell you this the trend is at

393

00:15:00,310 --> 00:14:59,120

least on the u.s side and probably in

394

00:15:03,910 --> 00:15:00,320

other countries

395

00:15:07,110 --> 00:15:03,920

is to develop more and more capability

396

00:15:09,509 --> 00:15:07,120

through unmanned aerial vehicles because

397

00:15:11,990 --> 00:15:09,519

they don't have to put pilots at risk

398

00:15:12,710 --> 00:15:12,000

and in principle these unmanned aerial

399

00:15:14,870 --> 00:15:12,720

vehicles

400

00:15:16,150 --> 00:15:14,880

should be less expensive to develop and

401
00:15:20,710 --> 00:15:16,160
produce than these

402
00:15:26,310 --> 00:15:24,710
steve what are your thoughts um

403
00:15:27,350 --> 00:15:26,320
yeah let me clarify a little bit i said

404
00:15:28,710 --> 00:15:27,360
something about the captain might be

405
00:15:30,470 --> 00:15:28,720
embarrassed

406
00:15:33,110 --> 00:15:30,480
look we have cameras that can they can

407
00:15:36,550 --> 00:15:33,120
film a license plate from space

408
00:15:37,110 --> 00:15:36,560
and so uh i i would be more inclined to

409
00:15:39,910 --> 00:15:37,120
think this

410
00:15:40,389 --> 00:15:39,920
there were drones in the area uh they

411
00:15:42,550 --> 00:15:40,399
were

412
00:15:44,230 --> 00:15:42,560
at a substantial distance from the craft

413
00:15:45,189 --> 00:15:44,240

they did not fly directly over the

414

00:15:48,550 --> 00:15:45,199

nimitz

415

00:15:51,030 --> 00:15:48,560

uh and as a result did not pose a threat

416

00:15:51,590 --> 00:15:51,040

uh what what's what's happened here is

417

00:15:53,430 --> 00:15:51,600

that they

418

00:15:55,670 --> 00:15:53,440

they took some photos and they published

419

00:15:57,110 --> 00:15:55,680

them as you know in the article it says

420

00:15:58,710 --> 00:15:57,120

clearly that they have done this before

421

00:16:01,030 --> 00:15:58,720

they have published

422

00:16:02,069 --> 00:16:01,040

photos of our ships in the gulf so

423

00:16:06,069 --> 00:16:02,079

really

424

00:16:07,670 --> 00:16:06,079

happened here now can a drone carry a

425

00:16:09,749 --> 00:16:07,680

bomb could the drone be a threat oh

426

00:16:11,590 --> 00:16:09,759

absolutely and i would suggest that if

427

00:16:12,389 --> 00:16:11,600

that drone had gotten close to that

428

00:16:15,509 --> 00:16:12,399

carrier

429

00:16:18,069 --> 00:16:15,519

they would have shot it down uh so

430

00:16:18,949 --> 00:16:18,079

this is this is a very mild kind of

431

00:16:21,110 --> 00:16:18,959

thing

432

00:16:22,550 --> 00:16:21,120

why they put the photograph out at this

433

00:16:25,829 --> 00:16:22,560

particular time

434

00:16:27,030 --> 00:16:25,839

uh who knows but it's again i it's not

435

00:16:29,269 --> 00:16:27,040

something that

436

00:16:30,230 --> 00:16:29,279

i find concerning i mean overall our

437

00:16:31,829 --> 00:16:30,240

relationship with

438

00:16:33,910 --> 00:16:31,839

iran and how we're dealing with them is

439

00:16:35,990 --> 00:16:33,920

concerning but in terms of the context

440

00:16:38,629 --> 00:16:36,000

the past and so forth that uh i don't

441

00:16:40,150 --> 00:16:38,639

think it's a bigger deal

442

00:16:42,230 --> 00:16:40,160

i would like to say one other thing go

443

00:16:43,509 --> 00:16:42,240

ahead please i'd like to say one other

444

00:16:46,629 --> 00:16:43,519

thing about that is

445

00:16:49,829 --> 00:16:46,639

i don't think iran is stupid enough

446

00:16:52,949 --> 00:16:49,839

to try to fire on on a major

447

00:16:53,910 --> 00:16:52,959

us warship that would be an overt act of

448

00:16:57,189 --> 00:16:53,920

war

449

00:17:00,230 --> 00:16:57,199

and rather i've stated and and maybe uh

450

00:17:01,590 --> 00:17:00,240

steve doesn't agree but i see this as an

451
00:17:03,590 --> 00:17:01,600
undeclared

452
00:17:05,350 --> 00:17:03,600
low-intensity war that's going on i

453
00:17:05,909 --> 00:17:05,360
think a whole lot more is going on

454
00:17:08,949 --> 00:17:05,919
behind

455
00:17:10,710 --> 00:17:08,959
see the scenes that we ever hear about

456
00:17:12,710 --> 00:17:10,720
okay thank you and uh just to jump in

457
00:17:15,909 --> 00:17:12,720
really quick uh want to make a point

458
00:17:16,549 --> 00:17:15,919
uh the new york times and also the war

459
00:17:20,150 --> 00:17:16,559
zone

460
00:17:22,949 --> 00:17:20,160
uh over at thedrive.com published a

461
00:17:24,789 --> 00:17:22,959
number of foyed out reports from the

462
00:17:26,789 --> 00:17:24,799
navy and the air force

463
00:17:28,470 --> 00:17:26,799

this was not the most recent new york

464

00:17:29,990 --> 00:17:28,480

times story but the one a little bit

465

00:17:32,549 --> 00:17:30,000

earlier this year

466

00:17:34,950 --> 00:17:32,559

where a lot of those cases were

467

00:17:37,430 --> 00:17:34,960

identified as drones and some of it

468

00:17:38,710 --> 00:17:37,440

was right off our own coast so this is

469

00:17:41,270 --> 00:17:38,720

the kind of thing that

470

00:17:42,070 --> 00:17:41,280

they deal with pretty frequently and i

471

00:17:45,190 --> 00:17:42,080

think is

472

00:17:46,950 --> 00:17:45,200

part of the interest in the uap

473

00:17:47,830 --> 00:17:46,960

phenomenon although they're identified

474

00:17:49,270 --> 00:17:47,840

as drones

475

00:17:50,870 --> 00:17:49,280

a lot of these they don't know who the

476

00:17:52,630 --> 00:17:50,880

owner is especially

477

00:17:53,990 --> 00:17:52,640

off the coast i mean it could be

478

00:17:56,230 --> 00:17:54,000

something as simple as

479

00:17:57,990 --> 00:17:56,240

somebody out to see and they've got a

480

00:17:59,909 --> 00:17:58,000

drone on board and uh

481

00:18:01,350 --> 00:17:59,919

they just want to fly the drone and

482

00:18:04,150 --> 00:18:01,360

they're encountering

483

00:18:04,950 --> 00:18:04,160

our own military off our own coast uh it

484

00:18:07,270 --> 00:18:04,960

could be

485

00:18:08,470 --> 00:18:07,280

you know i wouldn't put it past some uh

486

00:18:10,789 --> 00:18:08,480

some countries to

487

00:18:12,710 --> 00:18:10,799

you know uh their intelligence services

488

00:18:14,870 --> 00:18:12,720

uh having people hire boats out and

489

00:18:17,350 --> 00:18:14,880

taking the drones up and

490

00:18:18,070 --> 00:18:17,360

going out and getting a closer look at

491

00:18:20,950 --> 00:18:18,080

our own

492

00:18:21,750 --> 00:18:20,960

military engaged in maneuvers and

493

00:18:23,110 --> 00:18:21,760

activities

494

00:18:24,789 --> 00:18:23,120

off our own coast i mean that's

495

00:18:26,390 --> 00:18:24,799

certainly a possibility too

496

00:18:28,230 --> 00:18:26,400

but when you saw the volume of the

497

00:18:31,190 --> 00:18:28,240

reports there were quite a few of them

498

00:18:32,549 --> 00:18:31,200

that this is actually a kind of a common

499

00:18:33,909 --> 00:18:32,559

thing i mean obviously

500

00:18:35,990 --> 00:18:33,919

we're over there in the streets of

501
00:18:38,390 --> 00:18:36,000
hormuz uh we're uh we're in

502
00:18:39,830 --> 00:18:38,400
the iranian backyard but there's a lot

503
00:18:41,909 --> 00:18:39,840
of this sort of thing that goes on

504
00:18:43,350 --> 00:18:41,919
in our own backyard when our own ships

505
00:18:44,870 --> 00:18:43,360
are you know just right off our own

506
00:18:45,669 --> 00:18:44,880
coast so this kind of thing happens

507
00:18:48,870 --> 00:18:45,679
quite a bit

508
00:18:49,990 --> 00:18:48,880
and i think this is a a part of the

509
00:18:52,230 --> 00:18:50,000
concern

510
00:18:53,830 --> 00:18:52,240
that uh the uh senate select committee

511
00:18:57,110 --> 00:18:53,840
on intelligence is asking

512
00:18:57,750 --> 00:18:57,120
about these uh various and uh sundry uh

513
00:18:59,350 --> 00:18:57,760

uap

514

00:19:01,750 --> 00:18:59,360

incidents some of them yeah of course

515

00:19:03,430 --> 00:19:01,760

they're not uh extraterrestrial the

516

00:19:05,110 --> 00:19:03,440

uh the flight characteristics aren't

517

00:19:07,029 --> 00:19:05,120

otherworldly uh they

518

00:19:08,150 --> 00:19:07,039

almost certainly uh know that uh some of

519

00:19:11,029 --> 00:19:08,160

these instances

520

00:19:12,710 --> 00:19:11,039

are in fact drones but nevertheless it's

521

00:19:13,669 --> 00:19:12,720

a it's part of the issue and part of the

522

00:19:17,110 --> 00:19:13,679

problem for

523

00:19:19,029 --> 00:19:17,120

uh the military okay thank you

524

00:19:21,350 --> 00:19:19,039

i guess the last question i had to ask

525

00:19:24,870 --> 00:19:21,360

you frank was do you feel like

526

00:19:27,590 --> 00:19:24,880

sort of a um pretend

527

00:19:29,270 --> 00:19:27,600

or pseudo defense to maneuver just to

528

00:19:32,230 --> 00:19:29,280

show the u.s

529

00:19:34,070 --> 00:19:32,240

that they can they being iran you can't

530

00:19:34,710 --> 00:19:34,080

actually take a picture of anything they

531

00:19:37,510 --> 00:19:34,720

want

532

00:19:39,350 --> 00:19:37,520

anytime and uh it was just sort of

533

00:19:40,470 --> 00:19:39,360

boasting rights when they handed it over

534

00:19:42,310 --> 00:19:40,480

to an iran

535

00:19:44,630 --> 00:19:42,320

relationship yeah i would say that uh

536

00:19:46,870 --> 00:19:44,640

that was what it was you know just uh uh

537

00:19:48,230 --> 00:19:46,880

just uh letting the world know that

538

00:19:49,270 --> 00:19:48,240

they're there that they're keeping an

539

00:19:53,510 --> 00:19:49,280

eye on things

540

00:19:56,470 --> 00:19:53,520

uh from their own perspective and that

541

00:19:57,590 --> 00:19:56,480

but they've almost certainly been doing

542

00:19:59,270 --> 00:19:57,600

it all along and

543

00:20:01,190 --> 00:19:59,280

my guess is that we know that they've

544

00:20:02,630 --> 00:20:01,200

been doing it all along and finally for

545

00:20:05,350 --> 00:20:02,640

whatever reason they decided to go

546

00:20:08,549 --> 00:20:05,360

public with something

547

00:20:10,630 --> 00:20:08,559

okay all right thank you and uh

548

00:20:12,390 --> 00:20:10,640

you had some quotes about this so you

549

00:20:13,590 --> 00:20:12,400

were able to pick up a few quotes from

550

00:20:16,870 --> 00:20:13,600

some people who

551
00:20:19,270 --> 00:20:16,880
have not been able to join us so

552
00:20:20,070 --> 00:20:19,280
yeah um i actually given them to you for

553
00:20:21,909 --> 00:20:20,080
um

554
00:20:23,590 --> 00:20:21,919
in this screenshot yeah i've got the

555
00:20:26,230 --> 00:20:23,600
graphics so if you want to go ahead and

556
00:20:26,630 --> 00:20:26,240
read through them and i've got them

557
00:20:30,230 --> 00:20:26,640
lined

558
00:20:32,470 --> 00:20:30,240
up okay um sure let me just go ahead and

559
00:20:34,549 --> 00:20:32,480
bring those up i'm sorry i was not aware

560
00:20:36,470 --> 00:20:34,559
um let me see if i can find those real

561
00:20:39,590 --> 00:20:36,480
quick it'll just take me a moment

562
00:20:41,029 --> 00:20:39,600
okay sorry about the weight on that okay

563
00:20:43,990 --> 00:20:41,039

so i do have a quote from

564

00:20:44,310 --> 00:20:44,000

uh jeff uh crowe state director of mufon

565

00:20:46,390 --> 00:20:44,320

uh

566

00:20:48,230 --> 00:20:46,400

social he said anytime that one of our

567

00:20:50,710 --> 00:20:48,240

ships is flown over by

568

00:20:52,310 --> 00:20:50,720

any unauthorized aircraft it is a

569

00:20:54,149 --> 00:20:52,320

security concern of course

570

00:20:56,630 --> 00:20:54,159

these days to get a good photo with a

571

00:20:57,750 --> 00:20:56,640

drone you don't need to be right on top

572

00:20:59,990 --> 00:20:57,760

of your subject

573

00:21:00,870 --> 00:21:00,000

which is also a security concern to some

574

00:21:02,789 --> 00:21:00,880

degree

575

00:21:04,710 --> 00:21:02,799

in this case with iran the drone was

576

00:21:05,510 --> 00:21:04,720

close enough to interfere with aircraft

577

00:21:07,669 --> 00:21:05,520

in the area

578

00:21:09,190 --> 00:21:07,679

which can be hazardous as well you don't

579

00:21:10,070 --> 00:21:09,200

need to have bombs or missiles to be a

580

00:21:11,750 --> 00:21:10,080

danger

581

00:21:14,470 --> 00:21:11,760

because if you fly into one of the

582

00:21:16,870 --> 00:21:14,480

aircraft whether on accident or purpose

583

00:21:19,029 --> 00:21:16,880

it could be fatal to the pilots involved

584

00:21:20,470 --> 00:21:19,039

and could be the impetus of other future

585

00:21:23,029 --> 00:21:20,480

military engagements

586

00:21:24,149 --> 00:21:23,039

moving along we did get a quote from

587

00:21:28,390 --> 00:21:24,159

earl grey

588

00:21:30,310 --> 00:21:28,400

director of southern california

589

00:21:32,789 --> 00:21:30,320

chief field investigator and star team

590

00:21:34,710 --> 00:21:32,799

at mufon and

591

00:21:36,950 --> 00:21:34,720

he said when the tic tac incident

592

00:21:38,710 --> 00:21:36,960

happened the navy took for granted that

593

00:21:40,789 --> 00:21:38,720

their radar systems

594

00:21:42,870 --> 00:21:40,799

had been malfunctioning it took them a

595

00:21:43,990 --> 00:21:42,880

week to send out a squadron of planes to

596

00:21:45,990 --> 00:21:44,000

investigate

597

00:21:48,070 --> 00:21:46,000

when they finally sent planes in to

598

00:21:49,430 --> 00:21:48,080

investigate they found out that the

599

00:21:51,909 --> 00:21:49,440

radar hadn't been

600

00:21:53,990 --> 00:21:51,919

malfunctioning you'd hope that they

601
00:21:56,310 --> 00:21:54,000
would have noticed an incoming drone

602
00:21:57,270 --> 00:21:56,320
before it could actually overfly the u.s

603
00:21:59,750 --> 00:21:57,280
estimates

604
00:22:00,470 --> 00:21:59,760
did they ignore the radar images again

605
00:22:03,110 --> 00:22:00,480
this time

606
00:22:04,310 --> 00:22:03,120
one has to hope that the cos would have

607
00:22:07,590 --> 00:22:04,320
learned their lessons

608
00:22:08,950 --> 00:22:07,600
since 2004 but apparently not the last

609
00:22:12,149 --> 00:22:08,960
quote we have

610
00:22:13,830 --> 00:22:12,159
is from shane hurd and

611
00:22:16,470 --> 00:22:13,840
shane hurt is the assistant director of

612
00:22:18,630 --> 00:22:16,480
azmufan and author of

613
00:22:19,669 --> 00:22:18,640

uap a beginner's guide to researching

614

00:22:22,710 --> 00:22:19,679

ufos

615

00:22:23,669 --> 00:22:22,720

he said it has become clear in the last

616

00:22:26,470 --> 00:22:23,679

few years

617

00:22:26,950 --> 00:22:26,480

unmanned aerial vehicles technology has

618

00:22:29,350 --> 00:22:26,960

become

619

00:22:31,190 --> 00:22:29,360

ubiquitous in the private commission

620

00:22:34,149 --> 00:22:31,200

commercial and military landscape

621

00:22:35,750 --> 00:22:34,159

it is no surprise countries such as iran

622

00:22:36,630 --> 00:22:35,760

are deploying these intelligence

623

00:22:38,950 --> 00:22:36,640

offensive and

624

00:22:39,750 --> 00:22:38,960

defensive capable assets across the

625

00:22:43,190 --> 00:22:39,760

globe

626

00:22:45,350 --> 00:22:43,200

in fact uav technology poses a huge

627

00:22:47,590 --> 00:22:45,360

threat such as swarm attacks on military

628

00:22:49,750 --> 00:22:47,600

assets such as the uss nimitz and other

629

00:22:51,590 --> 00:22:49,760

naval vessels

630

00:22:54,070 --> 00:22:51,600

many will recall an interesting

631

00:22:54,710 --> 00:22:54,080

coincidence that the so-called tic tac

632

00:22:57,430 --> 00:22:54,720

uap

633

00:22:58,710 --> 00:22:57,440

counter occurred with the u.s estimates

634

00:23:00,549 --> 00:22:58,720

in 2004

635

00:23:02,950 --> 00:23:00,559

however that was 16 years ago when this

636

00:23:06,470 --> 00:23:02,960

technology was relatively novel

637

00:23:08,549 --> 00:23:06,480

moreover no known tech uh no known uav

638

00:23:10,470 --> 00:23:08,559

today displays the performance

639

00:23:11,029 --> 00:23:10,480

characteristics demonstrated by the tic

640

00:23:13,830 --> 00:23:11,039

tac

641

00:23:16,070 --> 00:23:13,840

uav technology is amazing and no doubt

642

00:23:18,070 --> 00:23:16,080

getting more sophisticated by the moment

643

00:23:19,669 --> 00:23:18,080

but we are very long way from

644

00:23:20,630 --> 00:23:19,679

engineering that kind of performance

645

00:23:23,110 --> 00:23:20,640

technology

646

00:23:24,630 --> 00:23:23,120

i'm sure military science is well aware

647

00:23:25,669 --> 00:23:24,640

and working hard to replicate some of

648

00:23:28,149 --> 00:23:25,679

the tic tacs

649

00:23:29,110 --> 00:23:28,159

capabilities but we all should be aware

650

00:23:30,789 --> 00:23:29,120

of world events

651
00:23:32,630 --> 00:23:30,799
and developments around us so we can

652
00:23:35,029 --> 00:23:32,640
make an educated judgment

653
00:23:35,669 --> 00:23:35,039
of the meaning and import of events such

654
00:23:38,870 --> 00:23:35,679
as this

655
00:23:40,470 --> 00:23:38,880
end of quote and i want to get

656
00:23:42,470 --> 00:23:40,480
since he mentioned the advanced

657
00:23:44,710 --> 00:23:42,480
characteristics and we didn't see

658
00:23:46,870 --> 00:23:44,720
any evidence of that in the earlier

659
00:23:49,190 --> 00:23:46,880
reports from the times earlier this year

660
00:23:50,070 --> 00:23:49,200
or in this particular instance but uh

661
00:23:53,110 --> 00:23:50,080
the war zone

662
00:23:53,990 --> 00:23:53,120
this past week has uh written an article

663
00:23:57,350 --> 00:23:54,000

about

664

00:24:00,149 --> 00:23:57,360

how uh we were looking to develop

665

00:24:01,110 --> 00:24:00,159

aircraft with these hypersonic speeds

666

00:24:03,190 --> 00:24:01,120

and

667

00:24:05,029 --> 00:24:03,200

as far as i can tell none of these craft

668

00:24:06,870 --> 00:24:05,039

with hypersonic speeds are going to be

669

00:24:08,789 --> 00:24:06,880

manned so i just want to read a little

670

00:24:12,549 --> 00:24:08,799

snippet from this

671

00:24:14,950 --> 00:24:12,559

regarding laser technology and

672

00:24:16,470 --> 00:24:14,960

reducing drag and increasing the speeds

673

00:24:18,630 --> 00:24:16,480

on some of these vehicles

674

00:24:20,950 --> 00:24:18,640

by combining advanced directed energy

675

00:24:23,269 --> 00:24:20,960

technology with the latest in hypersonic

676
00:24:24,149 --> 00:24:23,279
vehicle design researchers in private

677
00:24:26,870 --> 00:24:24,159
and defense

678
00:24:29,269 --> 00:24:26,880
department of defense funded labs have

679
00:24:32,470 --> 00:24:29,279
laid the groundwork for systems designed

680
00:24:33,350 --> 00:24:32,480
to literally sheath an entire vehicle in

681
00:24:37,190 --> 00:24:33,360
laser and

682
00:24:39,990 --> 00:24:37,200
or microwave induced plasma in order to

683
00:24:42,230 --> 00:24:40,000
to drastically reduce drag if

684
00:24:44,789 --> 00:24:42,240
successfully developed this concept

685
00:24:45,430 --> 00:24:44,799
may someday lead to new frontiers and

686
00:24:48,310 --> 00:24:45,440
speed

687
00:24:48,950 --> 00:24:48,320
and radical new forms of aerodynamic

688
00:24:51,909 --> 00:24:48,960

control

689

00:24:52,470 --> 00:24:51,919

and aircraft design now so now we're

690

00:24:54,710 --> 00:24:52,480

kind of

691

00:24:55,590 --> 00:24:54,720

making the connection over to the ufos

692

00:24:59,590 --> 00:24:55,600

and

693

00:25:01,590 --> 00:24:59,600

about

694

00:25:03,990 --> 00:25:01,600

reverse engineering or trying to figure

695

00:25:05,750 --> 00:25:04,000

out how some of these advanced uh et

696

00:25:08,149 --> 00:25:05,760

crafts operate

697

00:25:09,110 --> 00:25:08,159

what do you think about this kind of

698

00:25:12,549 --> 00:25:09,120

technology

699

00:25:14,710 --> 00:25:12,559

as a possibility in terms of

700

00:25:17,110 --> 00:25:14,720

bringing uh some of these uh vehicles

701

00:25:19,909 --> 00:25:17,120

that we manufacture that we fly

702

00:25:20,470 --> 00:25:19,919

and able to uh get them and that control

703

00:25:22,390 --> 00:25:20,480

them and

704

00:25:24,470 --> 00:25:22,400

get them at speeds according to this

705

00:25:26,710 --> 00:25:24,480

article uh possibly reaching

706

00:25:28,630 --> 00:25:26,720

mach 20 which you're talking about uh

707

00:25:32,549 --> 00:25:28,640

fifteen 000 miles an hour that is

708

00:25:36,390 --> 00:25:35,510

well steve we'll say that i think that

709

00:25:39,110 --> 00:25:36,400

uh

710

00:25:41,029 --> 00:25:39,120

one speculation about how some of these

711

00:25:43,430 --> 00:25:41,039

ufos may operate

712

00:25:45,430 --> 00:25:43,440

is there they seem to be in some kind of

713

00:25:48,470 --> 00:25:45,440

plasma bubble

714

00:25:51,350 --> 00:25:48,480

and it it makes uh

715

00:25:53,110 --> 00:25:51,360

friction uh an interaction with the air

716

00:25:54,630 --> 00:25:53,120

with the atmosphere it makes that

717

00:25:57,830 --> 00:25:54,640

irrelevant

718

00:26:02,470 --> 00:25:57,840

and luis elizondo has commented

719

00:26:04,549 --> 00:26:02,480

uh that these craft can be in space

720

00:26:06,390 --> 00:26:04,559

they can be in the atmosphere uh and

721

00:26:08,710 --> 00:26:06,400

they can go underwater

722

00:26:09,590 --> 00:26:08,720

and if they're in some kind of a plasma

723

00:26:13,190 --> 00:26:09,600

bubble that

724

00:26:16,310 --> 00:26:13,200

enables that kind of capability uh

725

00:26:17,350 --> 00:26:16,320

it sounds like a radical improvement in

726

00:26:19,110 --> 00:26:17,360

technology

727

00:26:20,710 --> 00:26:19,120

but who knows you know we're always

728

00:26:23,110 --> 00:26:20,720

hearing that they're 20

729

00:26:24,390 --> 00:26:23,120

30 years ahead of what we hear about so

730

00:26:26,390 --> 00:26:24,400

maybe they're getting there

731

00:26:28,070 --> 00:26:26,400

uh radical but also uh potentially

732

00:26:31,590 --> 00:26:28,080

dangerous when you've got a

733

00:26:33,590 --> 00:26:31,600

a an adversary who's looking to

734

00:26:38,230 --> 00:26:33,600

get inside your airspace and they can do

735

00:26:41,190 --> 00:26:38,240

it literally within an hour

736

00:26:42,630 --> 00:26:41,200

well and i'm a little surprised about

737

00:26:45,990 --> 00:26:42,640

some of the

738

00:26:46,950 --> 00:26:46,000

uh focus on so-called hypersonic

739

00:26:49,190 --> 00:26:46,960

vehicles i mean

740

00:26:51,269 --> 00:26:49,200

these missiles that have been developed

741

00:26:54,630 --> 00:26:51,279

for so many years you know these

742

00:26:56,710 --> 00:26:54,640

minutemen and and other missiles

743

00:26:57,990 --> 00:26:56,720

uh that we fire toward the soviet union

744

00:27:00,070 --> 00:26:58,000

or vice versa

745

00:27:01,110 --> 00:27:00,080

they're by definition hypersonic that's

746

00:27:03,750 --> 00:27:01,120

how you get from

747

00:27:04,470 --> 00:27:03,760

the us to the soviet union or or the

748

00:27:06,390 --> 00:27:04,480

other way

749

00:27:09,190 --> 00:27:06,400

you know virtually in a matter of

750

00:27:09,200 --> 00:27:13,510

uh steve any thoughts on that

751

00:27:21,990 --> 00:27:17,430

i i do not think that we have

752

00:27:23,590 --> 00:27:22,000

any technology which has been publicly

753

00:27:25,430 --> 00:27:23,600

mentioned in other words that's in the

754

00:27:28,149 --> 00:27:25,440

public arena

755

00:27:29,190 --> 00:27:28,159

uh that even remotely approaches the the

756

00:27:32,710 --> 00:27:29,200

the capabilities

757

00:27:36,070 --> 00:27:32,720

of the craft scene in the tic tac

758

00:27:37,269 --> 00:27:36,080

for video if we have technology at that

759

00:27:39,990 --> 00:27:37,279

level then it is

760

00:27:42,310 --> 00:27:40,000

completely uh classified in secret

761

00:27:45,909 --> 00:27:42,320

there's nothing out on it

762

00:27:49,190 --> 00:27:45,919

so it is possible that what was seen

763

00:27:49,909 --> 00:27:49,200

by the nimitz uh by the aircraft off the

764

00:27:52,870 --> 00:27:49,919

nimitz

765

00:27:54,870 --> 00:27:52,880

was in fact highly classified u.s

766

00:27:57,990 --> 00:27:54,880

technology

767

00:28:00,310 --> 00:27:58,000

uh 80 of them

768

00:28:01,350 --> 00:28:00,320

flying in in formations and also near

769

00:28:06,950 --> 00:28:01,360

our

770

00:28:08,710 --> 00:28:06,960

just about the stupidest thing anybody

771

00:28:10,230 --> 00:28:08,720

even remotely connected to the united

772

00:28:11,830 --> 00:28:10,240

states military would even think of

773

00:28:14,870 --> 00:28:11,840

doing

774

00:28:17,430 --> 00:28:14,880

so we can't rule it out but

775

00:28:18,389 --> 00:28:17,440

and we do know that we have developed

776

00:28:22,789 --> 00:28:18,399

anti-gravity

777

00:28:24,870 --> 00:28:22,799

craft i believe we have

778

00:28:26,710 --> 00:28:24,880

do we have any great craft capable of

779

00:28:28,789 --> 00:28:26,720

doing what those craft did

780

00:28:30,389 --> 00:28:28,799

which is quite extreme you can have

781

00:28:32,070 --> 00:28:30,399

antigravity and be able to fly something

782

00:28:34,070 --> 00:28:32,080

doesn't mean you can shoot straight up

783

00:28:35,750 --> 00:28:34,080

virtually instantaneous i mean massive

784

00:28:36,789 --> 00:28:35,760

acceleration in speeds and stop on a

785

00:28:38,230 --> 00:28:36,799

dime

786

00:28:40,549 --> 00:28:38,240

but it's possible i just think it's

787

00:28:43,830 --> 00:28:40,559

highly unlikely and i'll keep in mind

788

00:28:44,870 --> 00:28:43,840

that the the craft seen by the nimitz

789

00:28:46,630 --> 00:28:44,880

planes

790

00:28:47,990 --> 00:28:46,640

is in the context of 70 years of

791

00:28:49,669 --> 00:28:48,000

evidence amassing that there's an

792

00:28:52,230 --> 00:28:49,679

extraterrestrial presence

793

00:28:54,630 --> 00:28:52,240

and so if you have to pick between et

794

00:28:55,590 --> 00:28:54,640

craft and human craft on on that in that

795

00:28:57,269 --> 00:28:55,600

case

796

00:29:00,389 --> 00:28:57,279

you have to put your money on et craft

797

00:29:02,070 --> 00:29:00,399

the odds are highly in your favor

798

00:29:03,510 --> 00:29:02,080

now you know uh you don't think the odds

799

00:29:04,950 --> 00:29:03,520

are a little bit worse now as we're

800

00:29:07,909 --> 00:29:04,960

approaching modern times

801
00:29:08,470 --> 00:29:07,919
it's one thing to say yeah a ufo flying

802
00:29:10,830 --> 00:29:08,480
at 7

803
00:29:13,110 --> 00:29:10,840
000 miles an hour back in the early

804
00:29:14,230 --> 00:29:13,120
1950s well you know that definitely

805
00:29:16,070 --> 00:29:14,240
isn't one of ours

806
00:29:17,990 --> 00:29:16,080
now we're getting more towards modern

807
00:29:19,110 --> 00:29:18,000
times that that those odds are shifting

808
00:29:20,710 --> 00:29:19,120
a little bit it's a little bit more

809
00:29:23,029 --> 00:29:20,720
ambiguous

810
00:29:24,870 --> 00:29:23,039
again we're we're trying to advance our

811
00:29:26,310 --> 00:29:24,880
technology we're trying to get faster

812
00:29:29,350 --> 00:29:26,320
and i get that

813
00:29:30,470 --> 00:29:29,360

uh so obviously we're going to get

814

00:29:32,230 --> 00:29:30,480

faster

815

00:29:36,870 --> 00:29:32,240

these entities have been doing this for

816

00:29:38,710 --> 00:29:36,880

70 years and that was 14 years ago 2004

817

00:29:40,789 --> 00:29:38,720

and there were many of them a large

818

00:29:42,950 --> 00:29:40,799

number of them which then disappeared

819

00:29:44,870 --> 00:29:42,960

near the uh the island of guadalupe

820

00:29:46,389 --> 00:29:44,880

which now implies that the us has built

821

00:29:48,230 --> 00:29:46,399

undersea bases for their

822

00:29:49,430 --> 00:29:48,240

anti-gravity craft which they're flying

823

00:29:52,950 --> 00:29:49,440

around uh

824

00:29:55,029 --> 00:29:52,960

uh carelessly uh no look

825

00:29:56,230 --> 00:29:55,039

as we get closer to disclosure which is

826

00:29:58,230 --> 00:29:56,240

coming soon

827

00:29:59,510 --> 00:29:58,240

uh there there's going to be a whole lot

828

00:30:02,630 --> 00:29:59,520

of twisting

829

00:30:05,430 --> 00:30:02,640

and and uh and

830

00:30:07,350 --> 00:30:05,440

elaborate efforts to somehow explain

831

00:30:12,710 --> 00:30:07,360

what we're seeing by

832

00:30:17,830 --> 00:30:15,750

theories i get it but

833

00:30:19,430 --> 00:30:17,840

hey the fact is it's it's probably

834

00:30:21,350 --> 00:30:19,440

almost certainly extraterrestrial

835

00:30:22,950 --> 00:30:21,360

and that's what's important not whether

836

00:30:24,549 --> 00:30:22,960

we're going to have a craft like that in

837

00:30:26,230 --> 00:30:24,559

50 years what's important is there's

838

00:30:26,950 --> 00:30:26,240

et's here now they've been here for some

839

00:30:28,710 --> 00:30:26,960

time

840

00:30:30,310 --> 00:30:28,720

and they're doing things like flying 80

841

00:30:31,510 --> 00:30:30,320

of their of their high tech either

842

00:30:33,990 --> 00:30:31,520

drones or

843

00:30:36,230 --> 00:30:34,000

piloted craft near our carrier groups on

844

00:30:38,310 --> 00:30:36,240

a civil location that's what's important

845

00:30:40,310 --> 00:30:38,320

that's what we need to focus on and uh

846

00:30:43,430 --> 00:30:40,320

that's where my my work is

847

00:30:47,110 --> 00:30:43,440

i did actually talk to a a well-known

848

00:30:50,389 --> 00:30:47,120

um person in the ufo community

849

00:30:53,190 --> 00:30:50,399

uh it was a i i cannot say their names

850

00:30:53,590 --> 00:30:53,200

but they actually have credentials that

851
00:30:57,430 --> 00:30:53,600
are

852
00:30:58,950 --> 00:30:57,440
peach phd level and uh they told me

853
00:31:02,710 --> 00:30:58,960
and that regarding what faced the

854
00:31:04,789 --> 00:31:02,720
sailors and naval air aviators uh

855
00:31:05,750 --> 00:31:04,799
regarding the uss nimitz and uss

856
00:31:08,149 --> 00:31:05,760
princeton

857
00:31:09,509 --> 00:31:08,159
uh he believes was a darpa related

858
00:31:13,350 --> 00:31:09,519
project

859
00:31:15,590 --> 00:31:13,360
and um that was his thought process on

860
00:31:19,110 --> 00:31:15,600
it he also said that he believed

861
00:31:22,630 --> 00:31:19,120
that it's possible that darpa was

862
00:31:26,070 --> 00:31:22,640
in a sense pulling kind of a stunt

863
00:31:29,909 --> 00:31:26,080

as amazing as that sounds by actually

864

00:31:34,230 --> 00:31:29,919

having the high technology that

865

00:31:37,110 --> 00:31:34,240

darpa may have engineered to

866

00:31:38,710 --> 00:31:37,120

zoom past everybody in the form of a an

867

00:31:40,870 --> 00:31:38,720

exercise however

868

00:31:42,230 --> 00:31:40,880

that it was not something that they were

869

00:31:44,470 --> 00:31:42,240

all privy to

870

00:31:45,590 --> 00:31:44,480

they being the military personnel that

871

00:31:49,110 --> 00:31:45,600

witnessed it

872

00:31:50,549 --> 00:31:49,120

and um so anyway that was his thought

873

00:31:52,310 --> 00:31:50,559

process on that

874

00:31:54,630 --> 00:31:52,320

and he doesn't want his name known for

875

00:31:57,830 --> 00:31:54,640

obvious reasons regarding that topic

876

00:31:59,669 --> 00:31:57,840

but uh anyway i thought that was an

877

00:32:02,470 --> 00:31:59,679

interesting perspective

878

00:32:02,870 --> 00:32:02,480

so uh yeah let's uh let's move along and

879

00:32:06,389 --> 00:32:02,880

uh

880

00:32:08,870 --> 00:32:06,399

trump

881

00:32:10,870 --> 00:32:08,880

signed the senate select committee on

882

00:32:11,509 --> 00:32:10,880

intelligence appropriations bill into

883

00:32:15,029 --> 00:32:11,519

law

884

00:32:15,909 --> 00:32:15,039

uh part of that bill includes a request

885

00:32:19,509 --> 00:32:15,919

or demand

886

00:32:22,070 --> 00:32:19,519

from the senate for a report on the

887

00:32:23,590 --> 00:32:22,080

uap phenomenon from the pentagon task

888

00:32:26,230 --> 00:32:23,600

force on the subject

889

00:32:27,029 --> 00:32:26,240

and haven't talked to either you you tom

890

00:32:29,509 --> 00:32:27,039

or steve

891

00:32:30,149 --> 00:32:29,519

in a while about that and uh was uh

892

00:32:32,230 --> 00:32:30,159

wondering

893

00:32:33,750 --> 00:32:32,240

just what your thoughts are on that are

894

00:32:35,669 --> 00:32:33,760

it looks like it's got to be delivered

895

00:32:37,909 --> 00:32:35,679

within 180 days

896

00:32:42,149 --> 00:32:37,919

and one to get your feedback on what you

897

00:32:45,269 --> 00:32:42,159

think might be in there

898

00:32:49,590 --> 00:32:45,279

i'll start um i take a wait

899

00:32:53,110 --> 00:32:49,600

and see attitude because

900

00:32:58,230 --> 00:32:53,120

there are several things that can

901
00:33:01,509 --> 00:32:58,240
mitigate the strict 180 day deadline

902
00:33:04,149 --> 00:33:01,519
uh for one thing if they're not given

903
00:33:05,990 --> 00:33:04,159
the report that they would like they may

904
00:33:09,190 --> 00:33:06,000
apply for an extension

905
00:33:12,710 --> 00:33:09,200
and uh it's only it's only fair

906
00:33:15,909 --> 00:33:12,720
that if they have not been able to

907
00:33:16,630 --> 00:33:15,919
organize or prepare the report in proper

908
00:33:18,950 --> 00:33:16,640
fashion

909
00:33:21,029 --> 00:33:18,960
that they would apply for an extension

910
00:33:21,590 --> 00:33:21,039
and it seems to me that reasonable

911
00:33:25,430 --> 00:33:21,600
people

912
00:33:27,990 --> 00:33:25,440
in the senate would grant that also

913
00:33:29,029 --> 00:33:28,000

uh i don't think that we should be on

914

00:33:32,070 --> 00:33:29,039

the edge of

915

00:33:34,950 --> 00:33:32,080

our chairs biting our fingernails at

916

00:33:37,990 --> 00:33:34,960

exactly 180 days

917

00:33:41,509 --> 00:33:38,000

after the initiation date

918

00:33:44,950 --> 00:33:41,519

uh because for one thing

919

00:33:47,909 --> 00:33:44,960

they could uh disclose very little

920

00:33:48,149 --> 00:33:47,919

interesting information and that most of

921

00:33:52,149 --> 00:33:48,159

it

922

00:33:53,430 --> 00:33:52,159

could remain classified now i hope and i

923

00:33:55,750 --> 00:33:53,440

sincerely hope

924

00:33:57,269 --> 00:33:55,760

that we get some interesting information

925

00:33:59,990 --> 00:33:57,279

from the report

926
00:34:00,870 --> 00:34:00,000
but if we look at history i think it's

927
00:34:02,789 --> 00:34:00,880
unlikely

928
00:34:04,070 --> 00:34:02,799
that we're going to get anything earth

929
00:34:06,710 --> 00:34:04,080
shattering from the

930
00:34:07,430 --> 00:34:06,720
report but i take a wait and see

931
00:34:10,790 --> 00:34:07,440
attitude

932
00:34:14,230 --> 00:34:10,800
i'm hopeful but i'm also careful

933
00:34:15,430 --> 00:34:14,240
uh in my expectations uh steve your

934
00:34:20,869 --> 00:34:15,440
thoughts

935
00:34:22,869 --> 00:34:20,879
begin with this uh frank

936
00:34:23,909 --> 00:34:22,879
my understanding is that the president

937
00:34:25,270 --> 00:34:23,919
has not

938
00:34:27,430 --> 00:34:25,280

signed the defense intelligence

939

00:34:28,790 --> 00:34:27,440

appropriations bill okay uh i have done

940

00:34:30,069 --> 00:34:28,800

a search i don't see it and if it

941

00:34:31,589 --> 00:34:30,079

happened i would almost certainly know

942

00:34:32,149 --> 00:34:31,599

it so you may want to check your source

943

00:34:35,510 --> 00:34:32,159

on that

944

00:34:37,270 --> 00:34:35,520

okay uh congress.gov i'll uh i'll get

945

00:34:38,869 --> 00:34:37,280

get it to you it became law yeah send me

946

00:34:39,829 --> 00:34:38,879

a link you got a link that would be very

947

00:34:41,669 --> 00:34:39,839

important to know

948

00:34:43,829 --> 00:34:41,679

okay but it's it the fact that it's not

949

00:34:45,510 --> 00:34:43,839

it's not showing up on google in any way

950

00:34:47,430 --> 00:34:45,520

but whatever okay but let's let's get to

951
00:34:50,790 --> 00:34:47,440
the real point in terms of

952
00:34:53,669 --> 00:34:50,800
almost any question now i'm asked about

953
00:34:55,430 --> 00:34:53,679
ongoing events and things that are

954
00:34:58,710 --> 00:34:55,440
happening et related

955
00:34:59,589 --> 00:34:58,720
every one of them my view to a the same

956
00:35:02,630 --> 00:34:59,599
context

957
00:35:04,870 --> 00:35:02,640
you understand

958
00:35:06,630 --> 00:35:04,880
what i'm trying to convey the context is

959
00:35:08,230 --> 00:35:06,640
fairly straightforward

960
00:35:10,150 --> 00:35:08,240
and this is going to be the focus of my

961
00:35:11,190 --> 00:35:10,160
podcast going forward it's going to

962
00:35:14,870 --> 00:35:11,200
focus on this

963
00:35:16,630 --> 00:35:14,880

not exclusively but intensely one

964

00:35:19,109 --> 00:35:16,640

i am quite convinced we're in the last

965

00:35:23,349 --> 00:35:19,119

months of the truth embargo

966

00:35:25,510 --> 00:35:23,359

uh two barring some significant event

967

00:35:26,870 --> 00:35:25,520

that would shove it to the side now by

968

00:35:29,589 --> 00:35:26,880

significant

969

00:35:31,990 --> 00:35:29,599

uh the u.s and china start syncing each

970

00:35:34,310 --> 00:35:32,000

other ships in the south china sea

971

00:35:35,109 --> 00:35:34,320

a meteor a mile wide hits the atlantic

972

00:35:36,470 --> 00:35:35,119

ocean

973

00:35:38,790 --> 00:35:36,480

that would push it to the side but

974

00:35:40,630 --> 00:35:38,800

barring something of that magnitude

975

00:35:43,829 --> 00:35:40,640

uh i believe we're going to have

976
00:35:45,349 --> 00:35:43,839
hearings starting next year in february

977
00:35:47,190 --> 00:35:45,359
and once those hearings get underway

978
00:35:48,390 --> 00:35:47,200
disclosure is inevitable and probably

979
00:35:51,670 --> 00:35:48,400
soon

980
00:35:53,030 --> 00:35:51,680
so with that in mind and plus what has

981
00:35:54,950 --> 00:35:53,040
happened over the last three years in

982
00:35:57,430 --> 00:35:54,960
general

983
00:35:57,990 --> 00:35:57,440
i view these events in that context

984
00:36:02,950 --> 00:35:58,000
let's talk

985
00:36:04,470 --> 00:36:02,960
about uh the um

986
00:36:06,230 --> 00:36:04,480
what's the what's the what's the one

987
00:36:08,950 --> 00:36:06,240
we're on now it's the uh

988
00:36:10,829 --> 00:36:08,960

uh the issue oh the defense intelligence

989

00:36:15,030 --> 00:36:10,839

appropriations bill

990

00:36:20,069 --> 00:36:17,910

uh there were many meetings on the hill

991

00:36:22,710 --> 00:36:20,079

uh provided to committee chairs

992

00:36:26,390 --> 00:36:22,720

orchestrated by christopher mellon the

993

00:36:28,390 --> 00:36:26,400

political operative of the ttesa

994

00:36:30,630 --> 00:36:28,400

two people that got those hearings and

995

00:36:34,069 --> 00:36:30,640

by many i mean scores of them

996

00:36:35,670 --> 00:36:34,079

were the chairman of the house intel

997

00:36:37,349 --> 00:36:35,680

senate intelligence committee marco

998

00:36:39,349 --> 00:36:37,359

rubio and of course

999

00:36:40,950 --> 00:36:39,359

the ranking member mark warner mark

1000

00:36:42,550 --> 00:36:40,960

warner actually

1001
00:36:43,990 --> 00:36:42,560
acknowledged he had gotten a briefing

1002
00:36:44,710 --> 00:36:44,000
some time ago though he did not

1003
00:36:45,910 --> 00:36:44,720
elaborate

1004
00:36:47,270 --> 00:36:45,920
and in general all of these briefings

1005
00:36:48,230 --> 00:36:47,280
were off the record meaning they weren't

1006
00:36:49,270 --> 00:36:48,240
to be you weren't supposed to give

1007
00:36:50,630 --> 00:36:49,280
interviews about them weren't supposed

1008
00:36:52,470 --> 00:36:50,640
to do anything

1009
00:36:53,990 --> 00:36:52,480
mark walker was a congressman that did

1010
00:36:55,829 --> 00:36:54,000
do something and

1011
00:36:57,910 --> 00:36:55,839
i think eventually that stopped pretty

1012
00:36:59,910 --> 00:36:57,920
quickly i think he was kind of told mark

1013
00:37:01,109 --> 00:36:59,920

don't do that uh but that's it the only

1014

00:37:02,630 --> 00:37:01,119

one that really took any any

1015

00:37:03,910 --> 00:37:02,640

measures based upon these briefings

1016

00:37:05,190 --> 00:37:03,920

which i'm sure were probably quite

1017

00:37:09,270 --> 00:37:05,200

interesting

1018

00:37:11,190 --> 00:37:09,280

um so you have a situation where

1019

00:37:13,030 --> 00:37:11,200

both republicans and democrats are being

1020

00:37:14,550 --> 00:37:13,040

briefed they could not simply brief

1021

00:37:17,510 --> 00:37:14,560

democrats even though that's

1022

00:37:19,190 --> 00:37:17,520

where they started out and so you have

1023

00:37:20,470 --> 00:37:19,200

republican committee chairs getting

1024

00:37:22,230 --> 00:37:20,480

briefed by these pilots

1025

00:37:23,430 --> 00:37:22,240

and one or more of those chairs went to

1026
00:37:24,310 --> 00:37:23,440
the white house and said we're getting

1027
00:37:26,150 --> 00:37:24,320
these briefings

1028
00:37:28,069 --> 00:37:26,160
as a result there was a briefing given

1029
00:37:29,829 --> 00:37:28,079
to the president and there's

1030
00:37:32,630 --> 00:37:29,839
there's uh articles about this on the

1031
00:37:35,109 --> 00:37:32,640
online so the president got briefed

1032
00:37:36,310 --> 00:37:35,119
and i even done anything about it and so

1033
00:37:39,270 --> 00:37:36,320
we move forward

1034
00:37:41,349 --> 00:37:39,280
so put yourself in the shoes of marc

1035
00:37:43,910 --> 00:37:41,359
rubio

1036
00:37:45,510 --> 00:37:43,920
one the republicans have virtually

1037
00:37:47,910 --> 00:37:45,520
nothing on this issue they have said

1038
00:37:49,990 --> 00:37:47,920

nothing done nothing until very recently

1039

00:37:52,550 --> 00:37:50,000

on this issue they're way behind the

1040

00:37:55,349 --> 00:37:52,560

curve the democrats are far ahead

1041

00:37:57,270 --> 00:37:55,359

all right and this is a major thing

1042

00:37:59,109 --> 00:37:57,280

we're talking about

1043

00:38:00,550 --> 00:37:59,119

uh from my perspective we're heading

1044

00:38:02,150 --> 00:38:00,560

towards the most profound event human

1045

00:38:03,990 --> 00:38:02,160

history

1046

00:38:05,270 --> 00:38:04,000

and rubio doesn't want to be left in the

1047

00:38:06,310 --> 00:38:05,280

cold on that he doesn't want to be

1048

00:38:08,630 --> 00:38:06,320

behind the curve

1049

00:38:10,150 --> 00:38:08,640

he wants to be out in front he's a very

1050

00:38:13,030 --> 00:38:10,160

transactional guy

1051
00:38:14,310 --> 00:38:13,040
very much very good a survivalist and he

1052
00:38:17,430 --> 00:38:14,320
takes care of himself

1053
00:38:18,870 --> 00:38:17,440
he does what he has to do and so rubio

1054
00:38:19,990 --> 00:38:18,880
is looking at this briefing and he's

1055
00:38:22,150 --> 00:38:20,000
saying hmm

1056
00:38:23,109 --> 00:38:22,160
what can i do and he came up with a

1057
00:38:24,550 --> 00:38:23,119
brilliant stroke

1058
00:38:25,829 --> 00:38:24,560
and and i would love to be able to

1059
00:38:26,790 --> 00:38:25,839
interview the both of them which will

1060
00:38:29,910 --> 00:38:26,800
never happen

1061
00:38:31,030 --> 00:38:29,920
and ask them did did mark warner

1062
00:38:32,790 --> 00:38:31,040
initiate

1063
00:38:34,790 --> 00:38:32,800

this idea of putting this language in

1064

00:38:35,750 --> 00:38:34,800

the appropriations bill or you was it

1065

00:38:38,069 --> 00:38:35,760

both of you

1066

00:38:40,390 --> 00:38:38,079

uh and so forth don't know but i know

1067

00:38:41,990 --> 00:38:40,400

that rubio had to sign off on it because

1068

00:38:43,829 --> 00:38:42,000

he's the chairman of the committee

1069

00:38:45,349 --> 00:38:43,839

and so without rubio's consent it

1070

00:38:46,630 --> 00:38:45,359

doesn't get in that bill so i'm going to

1071

00:38:48,150 --> 00:38:46,640

put it on rubio

1072

00:38:49,990 --> 00:38:48,160

and so what's going on here well first

1073

00:38:52,630 --> 00:38:50,000

of all rubio

1074

00:38:53,990 --> 00:38:52,640

is not up for election he's not up for

1075

00:38:57,910 --> 00:38:54,000

election this year so he's

1076

00:39:00,230 --> 00:38:57,920

he's he's got no risk there all right

1077

00:39:01,030 --> 00:39:00,240

fine so he puts this language in and

1078

00:39:03,510 --> 00:39:01,040

it's ready for

1079

00:39:04,310 --> 00:39:03,520

just to jump in uh uh real quick steve

1080

00:39:06,390 --> 00:39:04,320

uh warner

1081

00:39:08,470 --> 00:39:06,400

is up for re-election but he's uh

1082

00:39:09,750 --> 00:39:08,480

leading uh significantly in the polls

1083

00:39:11,829 --> 00:39:09,760

he's increasing yeah warner's not

1084

00:39:14,310 --> 00:39:11,839

not not yeah he's up for real but and he

1085

00:39:15,990 --> 00:39:14,320

doesn't have a problem rubio could very

1086

00:39:18,150 --> 00:39:16,000

well have a problem this year

1087

00:39:20,069 --> 00:39:18,160

as many republican senators are finding

1088

00:39:21,190 --> 00:39:20,079

out but he's not up for elections no

1089

00:39:23,030 --> 00:39:21,200

risk there and then he puts this

1090

00:39:25,510 --> 00:39:23,040

language in it's very cleverly done

1091

00:39:26,710 --> 00:39:25,520

it says that we're going we need to get

1092

00:39:29,510 --> 00:39:26,720

certain information

1093

00:39:30,310 --> 00:39:29,520

but from certain uh a age entities

1094

00:39:32,790 --> 00:39:30,320

agencies

1095

00:39:34,470 --> 00:39:32,800

including o and i six months from the

1096

00:39:35,750 --> 00:39:34,480

signing of the bill

1097

00:39:37,670 --> 00:39:35,760

i don't think the bill has been signed

1098

00:39:40,150 --> 00:39:37,680

yet frankly if i'm right

1099

00:39:41,109 --> 00:39:40,160

then that's it yeah it says on

1100

00:39:43,270 --> 00:39:41,119

congress.gov

1101

00:39:46,550 --> 00:39:43,280

it became law i sent you the link in the

1102

00:39:49,589 --> 00:39:46,560

chat here the defensive program

1103

00:39:51,430 --> 00:39:49,599

uh that that it was uh the senate select

1104

00:39:54,790 --> 00:39:51,440

committee bill uh became law

1105

00:39:56,630 --> 00:39:54,800

uh s 311 three

1106

00:39:59,109 --> 00:39:56,640

oh i'm sorry that that's not uh that's

1107

00:40:00,870 --> 00:39:59,119

not correct there's a different uh

1108

00:40:02,630 --> 00:40:00,880

that's a different bill but uh hang on a

1109

00:40:03,349 --> 00:40:02,640

second here it's kind of what i thought

1110

00:40:04,309 --> 00:40:03,359

uh frank

1111

00:40:06,150 --> 00:40:04,319

there are a number of bills that get

1112

00:40:06,550 --> 00:40:06,160

passed in appropriations right now oh

1113

00:40:09,589 --> 00:40:06,560

yeah

1114

00:40:11,670 --> 00:40:09,599

the uh s uh s 3905

1115

00:40:12,710 --> 00:40:11,680

intelligence authorization act for

1116

00:40:15,750 --> 00:40:12,720

fiscal year

1117

00:40:17,670 --> 00:40:15,760

2021 became law

1118

00:40:18,950 --> 00:40:17,680

okay that should be the bill that should

1119

00:40:20,950 --> 00:40:18,960

be where the language is and this is

1120

00:40:23,510 --> 00:40:20,960

going to be interesting

1121

00:40:25,349 --> 00:40:23,520

yeah i i i pulled the wrong link up on

1122

00:40:26,150 --> 00:40:25,359

the on the website but that the graphic

1123

00:40:28,230 --> 00:40:26,160

is correct

1124

00:40:29,589 --> 00:40:28,240

hang on a second let me uh let me so let

1125

00:40:30,230 --> 00:40:29,599

me find it i'll get you the link you can

1126

00:40:32,230 --> 00:40:30,240

see it for yourself

1127

00:40:33,750 --> 00:40:32,240

i'm assuming it was signed this month so

1128

00:40:35,589 --> 00:40:33,760

you got october yeah it's just uh just

1129

00:40:39,030 --> 00:40:35,599

within the last 10 days or so okay

1130

00:40:41,589 --> 00:40:39,040

so the deadline is is early march

1131

00:40:42,470 --> 00:40:41,599

uh well when it actually could be middle

1132

00:40:45,190 --> 00:40:42,480

to late march

1133

00:40:46,790 --> 00:40:45,200

yeah which is after the election the

1134

00:40:48,950 --> 00:40:46,800

hearings will have already started at

1135

00:40:52,470 --> 00:40:48,960

that point

1136

00:40:54,950 --> 00:40:52,480

so what rubio has done is he is

1137

00:40:56,309 --> 00:40:54,960

inserted himself into the situation into

1138

00:40:58,710 --> 00:40:56,319

the issue

1139

00:41:00,150 --> 00:40:58,720

in a very solid way so if things develop

1140

00:41:01,910 --> 00:41:00,160

as i believe they will develop he's

1141

00:41:03,990 --> 00:41:01,920

looking really good

1142

00:41:05,349 --> 00:41:04,000

uh he's done his part he's helped he's

1143

00:41:07,109 --> 00:41:05,359

come forward he's done something which

1144

00:41:08,950 --> 00:41:07,119

by the way got a lot of press

1145

00:41:11,030 --> 00:41:08,960

so this was a very positive thing for

1146

00:41:11,910 --> 00:41:11,040

marco ruby to do was done marco rubio to

1147

00:41:13,829 --> 00:41:11,920

do was done

1148

00:41:15,030 --> 00:41:13,839

carefully with minimal risk to him

1149

00:41:19,030 --> 00:41:15,040

that's what

1150

00:41:23,829 --> 00:41:22,069

and again you can see if if one is not

1151
00:41:25,270 --> 00:41:23,839
working from my context

1152
00:41:27,109 --> 00:41:25,280
if they don't think disclosure is

1153
00:41:28,230 --> 00:41:27,119
anywhere near close if they don't think

1154
00:41:29,270 --> 00:41:28,240
hearings are going to be happening next

1155
00:41:31,109 --> 00:41:29,280
year early

1156
00:41:33,430 --> 00:41:31,119
then they would have a different take on

1157
00:41:34,390 --> 00:41:33,440
it but i feel pretty good about my take

1158
00:41:36,870 --> 00:41:34,400
on this

1159
00:41:38,550 --> 00:41:36,880
uh well a further complicating factor is

1160
00:41:40,150 --> 00:41:38,560
of course we do have a presidential

1161
00:41:43,190 --> 00:41:40,160
election in november

1162
00:41:44,790 --> 00:41:43,200
and uh it's uh not uh the polls aren't

1163
00:41:45,349 --> 00:41:44,800

looking too good for trump right at the

1164

00:41:49,190 --> 00:41:45,359
moment

1165

00:41:51,750 --> 00:41:49,200
so he would be out of office january

1166

00:41:53,349 --> 00:41:51,760
20th i believe 20 21st whenever

1167

00:41:56,390 --> 00:41:53,359
inauguration day is

1168

00:41:59,750 --> 00:41:56,400
so that would be before this

1169

00:42:02,150 --> 00:41:59,760
window deadline of 180 days so

1170

00:42:03,589 --> 00:42:02,160
a further complicating factor is at

1171

00:42:05,670 --> 00:42:03,599
least in my view

1172

00:42:06,630 --> 00:42:05,680
that both the secretary of defense mark

1173

00:42:09,589 --> 00:42:06,640
esper

1174

00:42:11,510 --> 00:42:09,599
and the under secretary of defense who

1175

00:42:15,670 --> 00:42:11,520
is overseeing the uap

1176

00:42:18,870 --> 00:42:15,680

task force norquist david norquist

1177

00:42:21,670 --> 00:42:18,880

are have expressed publicly

1178

00:42:22,870 --> 00:42:21,680

uh quite a bit of interest in the

1179

00:42:25,670 --> 00:42:22,880

subject of at least

1180

00:42:26,470 --> 00:42:25,680

hypersonics and any kind of technology

1181

00:42:28,309 --> 00:42:26,480

gap

1182

00:42:30,470 --> 00:42:28,319

between us and any potential rivals

1183

00:42:33,589 --> 00:42:30,480

obviously russia and china

1184

00:42:35,510 --> 00:42:33,599

we're talking about here and uh this is

1185

00:42:38,069 --> 00:42:35,520

uh something that is of interest to them

1186

00:42:39,829 --> 00:42:38,079

now the deadline is 180 days but if

1187

00:42:40,390 --> 00:42:39,839

these guys know they're going to be out

1188

00:42:45,750 --> 00:42:40,400

in

1189

00:42:48,790 --> 00:42:45,760

they'll say

1190

00:42:50,790 --> 00:42:48,800

well look we want our stamp on something

1191

00:42:52,870 --> 00:42:50,800

regarding this particular issue before

1192

00:42:54,550 --> 00:42:52,880

we lose our jobs before we have to go

1193

00:42:57,430 --> 00:42:54,560

back into the private sector

1194

00:42:58,150 --> 00:42:57,440

and we want to get this out here sooner

1195

00:43:00,230 --> 00:42:58,160

do you think

1196

00:43:01,750 --> 00:43:00,240

that is at least possible should trump

1197

00:43:04,309 --> 00:43:01,760

lose the election

1198

00:43:06,309 --> 00:43:04,319

anything is possible but my answer is no

1199

00:43:07,349 --> 00:43:06,319

the entities the agencies like oh and i

1200

00:43:08,309 --> 00:43:07,359

they're not going to deliver anything

1201
00:43:11,030 --> 00:43:08,319
ahead of time

1202
00:43:13,109 --> 00:43:11,040
more importantly this is not what's at

1203
00:43:14,309 --> 00:43:13,119
play now in other words these

1204
00:43:17,430 --> 00:43:14,319
i i don't i don't know what we're going

1205
00:43:19,510 --> 00:43:17,440
to get 60 uh 180 days from now but it's

1206
00:43:22,390 --> 00:43:19,520
almost not even relevant

1207
00:43:24,150 --> 00:43:22,400
in other words what is going on now is

1208
00:43:27,109 --> 00:43:24,160
posturing and positioning

1209
00:43:28,790 --> 00:43:27,119
as people are trying to react to what's

1210
00:43:29,670 --> 00:43:28,800
it seems to be an inevitable process

1211
00:43:32,309 --> 00:43:29,680
underway

1212
00:43:33,910 --> 00:43:32,319
that is essentially set up by the ttta

1213
00:43:34,790 --> 00:43:33,920

has been put in place over the last

1214

00:43:37,109 --> 00:43:34,800

three years

1215

00:43:37,829 --> 00:43:37,119

and it's now reaching its culmination

1216

00:43:39,750 --> 00:43:37,839

and so

1217

00:43:40,870 --> 00:43:39,760

it's all about the congressional

1218

00:43:42,870 --> 00:43:40,880

hearings to come

1219

00:43:44,710 --> 00:43:42,880

and disclosure it's not about whether we

1220

00:43:46,950 --> 00:43:44,720

get anything from the o and i

1221

00:43:49,190 --> 00:43:46,960

the o and i just got set up right and

1222

00:43:51,750 --> 00:43:49,200

that was a maneuver a postering maneuver

1223

00:43:52,950 --> 00:43:51,760

right why did they set it up because

1224

00:43:54,630 --> 00:43:52,960

they needed to get on the

1225

00:43:56,069 --> 00:43:54,640

table they needed to get on board they

1226
00:43:57,589 --> 00:43:56,079
need to do something the navy has been

1227
00:43:59,430 --> 00:43:57,599
doing a number of things to try to

1228
00:44:01,190 --> 00:43:59,440
position themselves on this issue

1229
00:44:02,790 --> 00:44:01,200
right in other words things are not on

1230
00:44:03,190 --> 00:44:02,800
their face what they are you have to

1231
00:44:04,870 --> 00:44:03,200
look

1232
00:44:07,430 --> 00:44:04,880
at the agenda behind it and what is

1233
00:44:09,670 --> 00:44:07,440
going on now in terms of the hearings

1234
00:44:11,270 --> 00:44:09,680
which i believe will start in february

1235
00:44:13,750 --> 00:44:11,280
there is a significant

1236
00:44:15,430 --> 00:44:13,760
there there there's there's four

1237
00:44:17,270 --> 00:44:15,440
outcomes that will

1238
00:44:18,950 --> 00:44:17,280

could very well alter this to some

1239

00:44:20,550 --> 00:44:18,960

degree okay steve

1240

00:44:22,230 --> 00:44:20,560

let me jump in here real quick before

1241

00:44:25,510 --> 00:44:22,240

you get into that who

1242

00:44:27,190 --> 00:44:25,520

is going to uh uh host the uh the

1243

00:44:28,710 --> 00:44:27,200

hearings is it going to be a defense is

1244

00:44:30,309 --> 00:44:28,720

it going to be the military is a

1245

00:44:31,829 --> 00:44:30,319

committee is it going to be the

1246

00:44:33,109 --> 00:44:31,839

intelligence committee who's going to do

1247

00:44:35,030 --> 00:44:33,119

that

1248

00:44:37,270 --> 00:44:35,040

marilyn has been setting up the hearings

1249

00:44:40,710 --> 00:44:37,280

for almost a year and a half

1250

00:44:42,470 --> 00:44:40,720

they will be multiple committees uh

1251

00:44:43,910 --> 00:44:42,480

there may be one that starts it but

1252

00:44:45,349 --> 00:44:43,920

there will be many committees there

1253

00:44:46,790 --> 00:44:45,359

the armed services committees house

1254

00:44:47,430 --> 00:44:46,800

senate intelligence committee's house

1255

00:44:49,990 --> 00:44:47,440

senate

1256

00:44:51,510 --> 00:44:50,000

and others any one of these could be uh

1257

00:44:52,630 --> 00:44:51,520

the first to start or they could start

1258

00:44:54,069 --> 00:44:52,640

multiple hearings

1259

00:44:56,710 --> 00:44:54,079

uh always doesn't really matter once

1260

00:45:01,990 --> 00:44:59,510

i have a question for you yeah by law

1261

00:45:03,829 --> 00:45:02,000

are these hearings going to be open or

1262

00:45:05,510 --> 00:45:03,839

or could they just be classified we

1263

00:45:06,390 --> 00:45:05,520

never hear anything well the whole the

1264

00:45:08,790 --> 00:45:06,400

whole point of this

1265

00:45:10,230 --> 00:45:08,800

what the tsa is doing is to get public

1266

00:45:11,270 --> 00:45:10,240

hearings not to get private hearings

1267

00:45:13,589 --> 00:45:11,280

that doesn't mean

1268

00:45:14,950 --> 00:45:13,599

that some of the witnesses will not do

1269

00:45:18,470 --> 00:45:14,960

some testimony

1270

00:45:20,150 --> 00:45:18,480

uh a closed testimony uh for

1271

00:45:21,910 --> 00:45:20,160

intelligence reasons security reasons

1272

00:45:23,349 --> 00:45:21,920

but what's really important is the

1273

00:45:25,030 --> 00:45:23,359

public hearings are going to take place

1274

00:45:26,630 --> 00:45:25,040

that are going to be watched

1275

00:45:28,390 --> 00:45:26,640

by probably more people than have ever

1276

00:45:31,030 --> 00:45:28,400

watched hearings before

1277

00:45:32,309 --> 00:45:31,040

all right and uh but in order to have

1278

00:45:35,430 --> 00:45:32,319

hearings you have to have

1279

00:45:36,950 --> 00:45:35,440

witnesses and the preference would be

1280

00:45:38,790 --> 00:45:36,960

military witnesses so guess what the

1281

00:45:40,390 --> 00:45:38,800

ttsa has been doing

1282

00:45:42,150 --> 00:45:40,400

primarily using the unidentified

1283

00:45:44,710 --> 00:45:42,160

programs on history they have been

1284

00:45:47,270 --> 00:45:44,720

gathering scores of military witnesses

1285

00:45:48,710 --> 00:45:47,280

to testified these hearings for months

1286

00:45:50,630 --> 00:45:48,720

they have plenty of them

1287

00:45:51,990 --> 00:45:50,640

that was essentially season two they

1288

00:45:53,990 --> 00:45:52,000

gathered a lot

1289

00:45:55,109 --> 00:45:54,000

in season one they were bringing forth

1290

00:45:58,230 --> 00:45:55,119

uh witnesses

1291

00:46:00,390 --> 00:45:58,240

and as that show uh went forward as

1292

00:46:03,190 --> 00:46:00,400

there was no significant pushback

1293

00:46:03,670 --> 00:46:03,200

by the department of defense uh guess

1294

00:46:05,750 --> 00:46:03,680

what

1295

00:46:07,829 --> 00:46:05,760

the bar started coming down for other

1296

00:46:11,030 --> 00:46:07,839

military personnel to come forward

1297

00:46:11,430 --> 00:46:11,040

and they started coming forward uh uh in

1298

00:46:13,670 --> 00:46:11,440

some

1299

00:46:15,670 --> 00:46:13,680

off you know off-the-cuff remark i think

1300

00:46:17,109 --> 00:46:15,680

tom delong mentioned they had 1500

1301
00:46:18,710 --> 00:46:17,119
contacts

1302
00:46:20,230 --> 00:46:18,720
now in the second series they brought a

1303
00:46:22,950 --> 00:46:20,240
second uh season

1304
00:46:24,630 --> 00:46:22,960
eight episodes they brought out a number

1305
00:46:26,870 --> 00:46:24,640
of new witnesses we hadn't seen

1306
00:46:28,470 --> 00:46:26,880
some of them were in silhouette all

1307
00:46:29,829 --> 00:46:28,480
right fine so

1308
00:46:32,230 --> 00:46:29,839
it's what they're showing you is yeah

1309
00:46:33,670 --> 00:46:32,240
we've got witnesses they're coming to us

1310
00:46:34,950 --> 00:46:33,680
right you know they don't come to me

1311
00:46:35,430 --> 00:46:34,960
they don't come to grier but you know

1312
00:46:36,630 --> 00:46:35,440
maybe

1313
00:46:38,630 --> 00:46:36,640

in the old days they did but they're

1314

00:46:40,230 --> 00:46:38,640

going to the tssa the bar has been

1315

00:46:42,150 --> 00:46:40,240

dropped the witnesses are coming forward

1316

00:46:44,309 --> 00:46:42,160

it's going to become a flood eventually

1317

00:46:45,349 --> 00:46:44,319

so they have all the witnesses they need

1318

00:46:47,589 --> 00:46:45,359

to stock

1319

00:46:49,030 --> 00:46:47,599

any number of hearings coming february

1320

00:46:50,710 --> 00:46:49,040

and without exception

1321

00:46:52,390 --> 00:46:50,720

i assume they will all be military

1322

00:46:54,870 --> 00:46:52,400

witnesses but something

1323

00:46:57,349 --> 00:46:54,880

really significant happened in the

1324

00:46:58,550 --> 00:46:57,359

eighth episode of the final episode of

1325

00:47:00,710 --> 00:46:58,560

unidentified

1326

00:47:02,470 --> 00:47:00,720

a few weeks back by the way there's not

1327

00:47:04,630 --> 00:47:02,480

going to be another unidentified

1328

00:47:06,230 --> 00:47:04,640

season this year right i don't know if

1329

00:47:07,510 --> 00:47:06,240

there ever will be another one because

1330

00:47:09,750 --> 00:47:07,520

uh things are going to blow out

1331

00:47:11,109 --> 00:47:09,760

early in the year but uh they're done in

1332

00:47:12,710 --> 00:47:11,119

fact they've made it clear they're

1333

00:47:14,550 --> 00:47:12,720

moving off to other things they're gone

1334

00:47:16,230 --> 00:47:14,560

international tom's doing his music

1335

00:47:17,829 --> 00:47:16,240

they're gonna pretty much stand back for

1336

00:47:18,630 --> 00:47:17,839

the rest of this year for obvious

1337

00:47:20,870 --> 00:47:18,640

reasons

1338

00:47:22,230 --> 00:47:20,880

all right but they it will be military

1339

00:47:23,829 --> 00:47:22,240

witnesses pilots

1340

00:47:25,750 --> 00:47:23,839

that's what the senate and the house

1341

00:47:27,349 --> 00:47:25,760

committees want to hear they don't want

1342

00:47:28,710 --> 00:47:27,359

to hear civilian witnesses they want the

1343

00:47:29,990 --> 00:47:28,720

military guys up there

1344

00:47:32,470 --> 00:47:30,000

because they'll be the most powerful

1345

00:47:36,549 --> 00:47:32,480

witnesses okay now

1346

00:47:37,510 --> 00:47:36,559

um um uh i lost my train of thought a

1347

00:47:39,750 --> 00:47:37,520

little bit

1348

00:47:41,030 --> 00:47:39,760

um you know because you asked me

1349

00:47:44,309 --> 00:47:41,040

something wait a minute

1350

00:47:46,390 --> 00:47:44,319

um yeah

1351
00:47:48,870 --> 00:47:46,400
damn it i'd like to ask you why yeah go

1352
00:47:50,630 --> 00:47:48,880
ahead tom i i think of it

1353
00:47:52,309 --> 00:47:50,640
you say that we're in the last months of

1354
00:47:55,670 --> 00:47:52,319
the so-called

1355
00:47:58,309 --> 00:47:55,680
truth embargo yes what is your

1356
00:47:59,829 --> 00:47:58,319
definition or description of the end of

1357
00:48:01,589 --> 00:47:59,839
the truth embargo

1358
00:48:03,349 --> 00:48:01,599
well the end the last months of the

1359
00:48:04,309 --> 00:48:03,359
truth embargo mean that we're heading

1360
00:48:05,829 --> 00:48:04,319
towards disclosure

1361
00:48:07,990 --> 00:48:05,839
the end of the truth embargo was the

1362
00:48:09,910 --> 00:48:08,000
disclosure event that's the only thing

1363
00:48:12,150 --> 00:48:09,920

that really ends it it's not

1364

00:48:14,230 --> 00:48:12,160

some pilots coming forward and so forth

1365

00:48:16,630 --> 00:48:14,240

until the president of the united states

1366

00:48:17,430 --> 00:48:16,640

walks into the east rome and confirms

1367

00:48:18,870 --> 00:48:17,440

publicly

1368

00:48:20,790 --> 00:48:18,880

to us that there is in fact an

1369

00:48:22,630 --> 00:48:20,800

extraterrestrial presence both now and

1370

00:48:23,349 --> 00:48:22,640

likely in the past the truth embargo

1371

00:48:25,030 --> 00:48:23,359

remains

1372

00:48:27,270 --> 00:48:25,040

the whole purpose of the truth embargo

1373

00:48:29,990 --> 00:48:27,280

is to prevent that from happening

1374

00:48:31,829 --> 00:48:30,000

and those managing the truth embargo

1375

00:48:35,030 --> 00:48:31,839

have always known

1376

00:48:36,630 --> 00:48:35,040

that any hearings in the modern era uh

1377

00:48:39,270 --> 00:48:36,640

going back say 20 years

1378

00:48:40,630 --> 00:48:39,280

would be it would end the embargo and so

1379

00:48:41,990 --> 00:48:40,640

every effort to get congressional

1380

00:48:43,670 --> 00:48:42,000

hearings have been blocked

1381

00:48:45,109 --> 00:48:43,680

cold i know of at least three or four

1382

00:48:46,549 --> 00:48:45,119

there have been others in other words

1383

00:48:47,829 --> 00:48:46,559

they could not have them

1384

00:48:49,670 --> 00:48:47,839

because they know that once those

1385

00:48:50,870 --> 00:48:49,680

hearings get started it's game over

1386

00:48:52,309 --> 00:48:50,880

so they couldn't have that because they

1387

00:48:52,790 --> 00:48:52,319

weren't ready to let the truth embargo

1388

00:48:54,790 --> 00:48:52,800

end

1389

00:48:56,790 --> 00:48:54,800

however what has happened in the last

1390

00:48:59,030 --> 00:48:56,800

three years is that a group within the

1391

00:49:00,069 --> 00:48:59,040

dod has incited it's time for the

1392

00:49:03,510 --> 00:49:00,079

embargo to

1393

00:49:05,190 --> 00:49:03,520

end but how do you do it it's not easy

1394

00:49:06,950 --> 00:49:05,200

and you can't act unilaterally what they

1395

00:49:08,950 --> 00:49:06,960

did was they created the tsa

1396

00:49:10,710 --> 00:49:08,960

as a non-governmental organization

1397

00:49:12,309 --> 00:49:10,720

operating outside as a de facto

1398

00:49:14,470 --> 00:49:12,319

representative of the dod

1399

00:49:16,150 --> 00:49:14,480

they started putting information forward

1400

00:49:18,309 --> 00:49:16,160

and gathering witnesses

1401
00:49:19,430 --> 00:49:18,319
they have all the right personnel melon

1402
00:49:21,510 --> 00:49:19,440
is the political guy

1403
00:49:22,950 --> 00:49:21,520
elizondo was the witness guy and they

1404
00:49:24,549 --> 00:49:22,960
have been working for a year and a half

1405
00:49:25,270 --> 00:49:24,559
now they wanted this to happen a lot

1406
00:49:27,030 --> 00:49:25,280
sooner

1407
00:49:30,470 --> 00:49:27,040
all of this was supposed to happen bam

1408
00:49:32,870 --> 00:49:30,480
bam bam back in 2016 2017

1409
00:49:34,710 --> 00:49:32,880
and when the election went the other way

1410
00:49:38,069 --> 00:49:34,720
they ended up having to draw this

1411
00:49:41,510 --> 00:49:38,079
out until the next election

1412
00:49:43,750 --> 00:49:41,520
however with respect to their plan

1413
00:49:45,109 --> 00:49:43,760

there are four outcomes here the most

1414

00:49:47,430 --> 00:49:45,119

likely there are a couple of

1415

00:49:48,710 --> 00:49:47,440

very unlikely outcomes but there are

1416

00:49:51,589 --> 00:49:48,720

four fundamental outcomes

1417

00:49:52,950 --> 00:49:51,599

and each one will affect this scenario

1418

00:49:56,630 --> 00:49:52,960

in a different way

1419

00:49:57,430 --> 00:49:56,640

they are trump wins the gop wins the

1420

00:50:05,750 --> 00:49:57,440

senate

1421

00:50:08,390 --> 00:50:05,760

every one of these is a different

1422

00:50:11,510 --> 00:50:08,400

outcome creating a different situation

1423

00:50:13,510 --> 00:50:11,520

the worst case scenario in terms of

1424

00:50:14,950 --> 00:50:13,520

this plan going forward as i believe it

1425

00:50:18,309 --> 00:50:14,960

is planned to be

1426
00:50:19,589 --> 00:50:18,319
would be trump wins and the gop hold the

1427
00:50:23,270 --> 00:50:19,599
senate

1428
00:50:26,390 --> 00:50:23,280
that's going to create a very tough

1429
00:50:28,549 --> 00:50:26,400
heavily bipartisan tense situation and

1430
00:50:30,710 --> 00:50:28,559
it may be difficult to get

1431
00:50:31,829 --> 00:50:30,720
the committee chairs to step forward for

1432
00:50:34,710 --> 00:50:31,839
these hearings under

1433
00:50:34,950 --> 00:50:34,720
that scenario the other three scenarios

1434
00:50:39,990 --> 00:50:34,960
are

1435
00:50:43,030 --> 00:50:40,000
comment that i agree with you steve

1436
00:50:44,630 --> 00:50:43,040
that there is a faction within dod that

1437
00:50:47,030 --> 00:50:44,640
wants disclosure

1438
00:50:48,390 --> 00:50:47,040

but my understanding and those of us in

1439

00:50:50,390 --> 00:50:48,400

the ufo field

1440

00:50:52,390 --> 00:50:50,400

have known for quite a while where we

1441

00:50:54,309 --> 00:50:52,400

believe for quite a while

1442

00:50:57,430 --> 00:50:54,319

that there is also a faction that does

1443

00:50:59,990 --> 00:50:57,440

not want disclosure

1444

00:51:01,030 --> 00:51:00,000

but they're they're not winning if they

1445

00:51:04,150 --> 00:51:01,040

if they

1446

00:51:05,589 --> 00:51:04,160

had the power to stop this process they

1447

00:51:08,950 --> 00:51:05,599

would have done so by now

1448

00:51:13,030 --> 00:51:08,960

this has been going on for as of uh

1449

00:51:14,470 --> 00:51:13,040

october three years generated nearly 700

1450

00:51:16,630 --> 00:51:14,480

mainstream print articles

1451
00:51:18,790 --> 00:51:16,640
all of which about about tsa related

1452
00:51:21,109 --> 00:51:18,800
stuff nimitz you name it

1453
00:51:22,790 --> 00:51:21,119
700 articles and they are on my website

1454
00:51:25,030 --> 00:51:22,800
right now you go read them all

1455
00:51:25,910 --> 00:51:25,040
uh they have created mass awareness of

1456
00:51:28,549 --> 00:51:25,920
this issue

1457
00:51:29,910 --> 00:51:28,559
generated all kinds of events uh

1458
00:51:32,309 --> 00:51:29,920
activities by the navy

1459
00:51:34,230 --> 00:51:32,319
by by the uh army and of course now you

1460
00:51:36,549 --> 00:51:34,240
have things like rubio taking measures

1461
00:51:37,829 --> 00:51:36,559
and so if they are really wanting this

1462
00:51:39,829 --> 00:51:37,839
process to stop

1463
00:51:41,990 --> 00:51:39,839

they have failed miserably i believe

1464

00:51:42,710 --> 00:51:42,000

they have reconciled themselves to the

1465

00:51:45,030 --> 00:51:42,720

fact that

1466

00:51:46,470 --> 00:51:45,040

it's it's likely to happen barring some

1467

00:51:48,630 --> 00:51:46,480

certain political developments

1468

00:51:49,589 --> 00:51:48,640

i wanted to bring to the listeners

1469

00:51:53,190 --> 00:51:49,599

attention

1470

00:51:57,030 --> 00:51:53,200

um steve basset's website

1471

00:51:58,630 --> 00:51:57,040

which is www.paradigmresearchgroup.org

1472

00:52:01,670 --> 00:51:58,640

so that you can go ahead

1473

00:52:04,230 --> 00:52:01,680

and be privy to the kinds of topics that

1474

00:52:05,190 --> 00:52:04,240

he covered a few of them tonight i had a

1475

00:52:08,069 --> 00:52:05,200

question for

1476

00:52:09,589 --> 00:52:08,079

tom sign up for the newsletter too

1477

00:52:11,030 --> 00:52:09,599

you've got a newsletter steve that's uh

1478

00:52:13,750 --> 00:52:11,040

that's fantastic

1479

00:52:14,630 --> 00:52:13,760

it's uh very pertinent and uh very

1480

00:52:18,230 --> 00:52:14,640

relevant

1481

00:52:19,990 --> 00:52:18,240

wanted to ask tom a question and that is

1482

00:52:22,870 --> 00:52:20,000

and do you believe that the trump

1483

00:52:27,030 --> 00:52:22,880

administration has been

1484

00:52:27,510 --> 00:52:27,040

as progressive or busy as possible so to

1485

00:52:30,470 --> 00:52:27,520

speak

1486

00:52:33,030 --> 00:52:30,480

regarding trying to disclose or help in

1487

00:52:34,950 --> 00:52:33,040

the disclosure of the ufo topic

1488

00:52:36,710 --> 00:52:34,960

or anything ufo related if you want to

1489

00:52:38,710 --> 00:52:36,720

share

1490

00:52:40,230 --> 00:52:38,720

anything on that topic regarding trump

1491

00:52:43,190 --> 00:52:40,240

and ufos that would be nice

1492

00:52:44,790 --> 00:52:43,200

and then also wanted to ask you if they

1493

00:52:46,549 --> 00:52:44,800

the trump administration

1494

00:52:48,069 --> 00:52:46,559

could have done a better job or do you

1495

00:52:50,069 --> 00:52:48,079

think they're doing a great job in that

1496

00:52:53,589 --> 00:52:50,079

area

1497

00:52:56,470 --> 00:52:53,599

it's interesting because uh i

1498

00:52:58,549 --> 00:52:56,480

i think it's with trump it's been mixed

1499

00:53:01,270 --> 00:52:58,559

he has been asked about the issue

1500

00:53:01,670 --> 00:53:01,280

and he's uh i think in one response he

1501
00:53:04,549 --> 00:53:01,680
was

1502
00:53:07,190 --> 00:53:04,559
seemed to be indifferent uh not too long

1503
00:53:09,910 --> 00:53:07,200
ago he was interviewed by his son

1504
00:53:11,750 --> 00:53:09,920
and and he met they mentioned roswell

1505
00:53:15,030 --> 00:53:11,760
which was interesting

1506
00:53:18,150 --> 00:53:15,040
and i think it's it depends

1507
00:53:20,870 --> 00:53:18,160
on the president for example uh

1508
00:53:22,870 --> 00:53:20,880
and i will say in general republican

1509
00:53:25,829 --> 00:53:22,880
presidents

1510
00:53:26,950 --> 00:53:25,839
seem to be less inclined to favor uh

1511
00:53:28,950 --> 00:53:26,960
disclosure

1512
00:53:29,990 --> 00:53:28,960
they're very natural national security

1513
00:53:31,510 --> 00:53:30,000

oriented

1514

00:53:33,750 --> 00:53:31,520

but it's interesting that during the

1515

00:53:34,549 --> 00:53:33,760

reagan years everything that i've come

1516

00:53:36,790 --> 00:53:34,559

across

1517

00:53:37,750 --> 00:53:36,800

is that president reagan was very

1518

00:53:40,950 --> 00:53:37,760

interested

1519

00:53:41,990 --> 00:53:40,960

uh in the ufo topic and that he possibly

1520

00:53:44,230 --> 00:53:42,000

was very personally

1521

00:53:45,670 --> 00:53:44,240

interested in in disclosing more to the

1522

00:53:48,230 --> 00:53:45,680

public

1523

00:53:48,870 --> 00:53:48,240

and it's a question of how to do it now

1524

00:53:52,390 --> 00:53:48,880

steve

1525

00:53:56,230 --> 00:53:52,400

has brilliantly pointed out that

1526
00:53:56,630 --> 00:53:56,240
the ttsc people we're probably working

1527
00:54:00,069 --> 00:53:56,640
with

1528
00:54:02,309 --> 00:54:00,079
have john pates

1529
00:54:03,430 --> 00:54:02,319
podesta who's extremely interested in

1530
00:54:06,470 --> 00:54:03,440
the subject

1531
00:54:08,309 --> 00:54:06,480
and uh they arranged to have hillary uh

1532
00:54:11,349 --> 00:54:08,319
clinton asked about that

1533
00:54:13,910 --> 00:54:11,359
about the ufo problem and uh

1534
00:54:16,069 --> 00:54:13,920
she she had responded and that probably

1535
00:54:18,150 --> 00:54:16,079
if hillary clinton had been elected

1536
00:54:19,670 --> 00:54:18,160
and she had promised that she would

1537
00:54:22,549 --> 00:54:19,680
release everything that she

1538
00:54:25,990 --> 00:54:22,559

could without violating the interests of

1539

00:54:28,790 --> 00:54:26,000

the united states about ufos so

1540

00:54:29,589 --> 00:54:28,800

i think my answer what i'm trying to say

1541

00:54:32,309 --> 00:54:29,599

is i think

1542

00:54:33,430 --> 00:54:32,319

trump is less inclined to disclose but

1543

00:54:36,950 --> 00:54:33,440

we never know

1544

00:54:38,390 --> 00:54:36,960

we really don't know okay thank you very

1545

00:54:40,870 --> 00:54:38,400

much for that input

1546

00:54:41,910 --> 00:54:40,880

and uh frank did you want to move on to

1547

00:54:43,750 --> 00:54:41,920

the next topic

1548

00:54:44,950 --> 00:54:43,760

well yeah just one last thing uh

1549

00:54:48,069 --> 00:54:44,960

regarding trump

1550

00:54:49,349 --> 00:54:48,079

i don't see him as uh being a logjam

1551
00:54:51,750 --> 00:54:49,359
against this

1552
00:54:52,630 --> 00:54:51,760
again reading the public comments of the

1553
00:54:55,190 --> 00:54:52,640
esper and

1554
00:54:56,710 --> 00:54:55,200
norquist and by the way david norquist

1555
00:54:58,789 --> 00:54:56,720
also heads up the uh

1556
00:55:00,230 --> 00:54:58,799
a special access program committee in

1557
00:55:01,589 --> 00:55:00,240
the defense department that's another

1558
00:55:04,150 --> 00:55:01,599
one of his duties

1559
00:55:06,309 --> 00:55:04,160
that i think is important to bring out i

1560
00:55:07,030 --> 00:55:06,319
don't see them necessarily as log jams

1561
00:55:08,789 --> 00:55:07,040
to this

1562
00:55:10,150 --> 00:55:08,799
uh i don't see anything where they're

1563
00:55:12,069 --> 00:55:10,160

trying to stonewall

1564

00:55:13,270 --> 00:55:12,079

or anything along those lines in fact

1565

00:55:16,789 --> 00:55:13,280

more information

1566

00:55:18,390 --> 00:55:16,799

about uaps seems uh right in line with

1567

00:55:19,910 --> 00:55:18,400

the type of things that

1568

00:55:21,670 --> 00:55:19,920

they're talking about and that they want

1569

00:55:23,990 --> 00:55:21,680

for the defense department

1570

00:55:25,910 --> 00:55:24,000

uh making sure that there's no sort of

1571

00:55:28,710 --> 00:55:25,920

technology gap between us

1572

00:55:30,470 --> 00:55:28,720

and any foreign adversaries an intense

1573

00:55:31,670 --> 00:55:30,480

interest in hypersonics

1574

00:55:33,349 --> 00:55:31,680

those kind of things they're on the

1575

00:55:35,349 --> 00:55:33,359

record publicly about these type of

1576

00:55:36,069 --> 00:55:35,359

things where uaps aren't getting

1577

00:55:38,870 --> 00:55:36,079

mentioned

1578

00:55:39,589 --> 00:55:38,880

but based on that there's no reason to

1579

00:55:42,710 --> 00:55:39,599

think

1580

00:55:43,750 --> 00:55:42,720

that uh they're stonewalling here i

1581

00:55:46,150 --> 00:55:43,760

don't think that they are

1582

00:55:48,069 --> 00:55:46,160

great thank you very much wanted to know

1583

00:55:51,270 --> 00:55:48,079

if we can move on to the topic of japan

1584

00:55:53,109 --> 00:55:51,280

and ufos yeah yeah let's see let's uh

1585

00:55:55,589 --> 00:55:53,119

let's move over to that real quick

1586

00:55:57,430 --> 00:55:55,599

and uh let me uh i've got to do uh oh

1587

00:56:00,470 --> 00:55:57,440

yeah i'm ready to go on that

1588

00:56:04,069 --> 00:56:00,480

and uh uh just uh as far as the the

1589

00:56:05,829 --> 00:56:04,079

international uh slant on all this

1590

00:56:07,910 --> 00:56:05,839

uh the only country that we're really

1591

00:56:09,750 --> 00:56:07,920

seeing a lot of interest

1592

00:56:11,510 --> 00:56:09,760

in on this particular subject on our

1593

00:56:15,190 --> 00:56:11,520

favorite subject the ufos

1594

00:56:17,750 --> 00:56:15,200

has come from japan back in

1595

00:56:19,030 --> 00:56:17,760

let's see uh back in april uh the

1596

00:56:22,069 --> 00:56:19,040

defense minister for

1597

00:56:24,309 --> 00:56:22,079

japan kono had said that uh uh

1598

00:56:25,990 --> 00:56:24,319

they are very interested in this ufo

1599

00:56:27,430 --> 00:56:26,000

subject this was around the time that

1600

00:56:29,109 --> 00:56:27,440

the ufo videos

1601

00:56:31,030 --> 00:56:29,119

uh from the nimitz and the roosevelt

1602

00:56:35,030 --> 00:56:31,040

cases were formally released

1603

00:56:37,030 --> 00:56:35,040

uh by the navy and he said hey next time

1604

00:56:39,589 --> 00:56:37,040

we get the chance uh we are going to

1605

00:56:43,750 --> 00:56:39,599

bring this up and in point of fact

1606

00:56:44,630 --> 00:56:43,760

uh cono and defense secretary uh mark

1607

00:56:47,670 --> 00:56:44,640

esper

1608

00:56:48,069 --> 00:56:47,680

met in august and in fact it was brought

1609

00:56:51,109 --> 00:56:48,079

up

1610

00:56:53,190 --> 00:56:51,119

uh during their meeting by kono and then

1611

00:56:54,309 --> 00:56:53,200

after that was at the very end of august

1612

00:56:56,470 --> 00:56:54,319

and then uh

1613

00:56:57,829 --> 00:56:56,480

very early part of this month the

1614

00:57:00,710 --> 00:56:57,839

japanese military

1615

00:57:02,150 --> 00:57:00,720

is now officially tracking ufos japan's

1616

00:57:04,309 --> 00:57:02,160

defense minister

1617

00:57:06,870 --> 00:57:04,319

tara kono issued the instructions this

1618

00:57:08,390 --> 00:57:06,880

week according to nhk the self-defense

1619

00:57:11,190 --> 00:57:08,400

forces will make reports

1620

00:57:12,710 --> 00:57:11,200

if anyone spots an unidentifiable object

1621

00:57:14,549 --> 00:57:12,720

in the air that could affect the

1622

00:57:16,950 --> 00:57:14,559

country's defense and security

1623

00:57:19,349 --> 00:57:16,960

the guidelines also urge all-out efforts

1624

00:57:21,990 --> 00:57:19,359

to take photos and videos of the object

1625

00:57:23,510 --> 00:57:22,000

to carry out the necessary analysis we

1626
00:57:26,069 --> 00:57:23,520
have not seen anything

1627
00:57:26,950 --> 00:57:26,079
to the best of my knowledge from any of

1628
00:57:30,230 --> 00:57:26,960
our allies

1629
00:57:32,230 --> 00:57:30,240
regarding this subject except from japan

1630
00:57:33,990 --> 00:57:32,240
and uh tom and steve what are your

1631
00:57:35,829 --> 00:57:34,000
thoughts on all that

1632
00:57:37,270 --> 00:57:35,839
why is everybody else so quiet except

1633
00:57:40,020 --> 00:57:37,280
the japanese

1634
00:57:41,589 --> 00:57:40,030
pick somebody frank uh steve

1635
00:57:44,630 --> 00:57:41,599
[Laughter]

1636
00:57:45,510 --> 00:57:44,640
um again remember the context that i'm

1637
00:57:49,430 --> 00:57:45,520
coming from

1638
00:57:51,190 --> 00:57:49,440

all right uh japan is well aware

1639

00:57:52,470 --> 00:57:51,200

that we're in the last days of the trip

1640

00:57:53,190 --> 00:57:52,480

possibly the last days of the truth

1641

00:57:55,430 --> 00:57:53,200

embargo

1642

00:57:57,030 --> 00:57:55,440

so is russia so is china so is any other

1643

00:57:57,990 --> 00:57:57,040

country that that matters they're well

1644

00:57:59,589 --> 00:57:58,000

aware of this

1645

00:58:01,109 --> 00:57:59,599

they've been following very closely

1646

00:58:03,030 --> 00:58:01,119

everything that's been happening in the

1647

00:58:04,710 --> 00:58:03,040

u.s regarding the tsa

1648

00:58:06,630 --> 00:58:04,720

all of the stuff it's all they all know

1649

00:58:08,950 --> 00:58:06,640

it point number two

1650

00:58:10,710 --> 00:58:08,960

japan has been tracking ufos for 70 well

1651
00:58:12,390 --> 00:58:10,720
not 70 years

1652
00:58:13,829 --> 00:58:12,400
ever since they finally got themselves

1653
00:58:16,150 --> 00:58:13,839
together after world war ii

1654
00:58:18,030 --> 00:58:16,160
and had defense planes i forget when we

1655
00:58:21,190 --> 00:58:18,040
allowed that but let's just say

1656
00:58:23,910 --> 00:58:21,200
1960 okay they've been tracking ufos

1657
00:58:25,270 --> 00:58:23,920
all that time of course they have so

1658
00:58:27,190 --> 00:58:25,280
what's different now

1659
00:58:29,270 --> 00:58:27,200
why are they announcing something that

1660
00:58:33,910 --> 00:58:29,280
they've been doing for a long time

1661
00:58:36,710 --> 00:58:33,920
because just like marco rubio

1662
00:58:37,430 --> 00:58:36,720
and others they want to get on board the

1663
00:58:41,750 --> 00:58:37,440

train

1664

00:58:42,870 --> 00:58:41,760

so by doing this just like the navy's

1665

00:58:45,030 --> 00:58:42,880

announcements

1666

00:58:47,109 --> 00:58:45,040

right about they're altering their

1667

00:58:49,270 --> 00:58:47,119

protocols for reporting and then they're

1668

00:58:50,789 --> 00:58:49,280

they confirm that the uh the the gun

1669

00:58:51,670 --> 00:58:50,799

camera footage was real all that stuff

1670

00:58:54,470 --> 00:58:51,680

is positioning

1671

00:58:56,710 --> 00:58:54,480

it's like get out in front of this issue

1672

00:58:58,230 --> 00:58:56,720

so when it finally breaks you don't look

1673

00:59:01,430 --> 00:58:58,240

like you were sitting

1674

00:59:03,829 --> 00:59:01,440

on what you knew and acting dumb

1675

00:59:04,950 --> 00:59:03,839

for all these decades it doesn't mean

1676

00:59:06,470 --> 00:59:04,960

it's going to solve all their public

1677

00:59:08,789 --> 00:59:06,480

relations problems

1678

00:59:10,549 --> 00:59:08,799

no but it's better than doing nothing

1679

00:59:13,589 --> 00:59:10,559

and so japan has made a move

1680

00:59:16,390 --> 00:59:13,599

i would expect a couple more moves

1681

00:59:18,069 --> 00:59:16,400

by some countries and in the us over the

1682

00:59:21,510 --> 00:59:18,079

coming the coming months

1683

00:59:23,349 --> 00:59:21,520

and watch for them i agree with you i

1684

00:59:23,670 --> 00:59:23,359

just wanted to interject here and state

1685

00:59:30,309 --> 00:59:23,680

that

1686

00:59:32,069 --> 00:59:30,319

just started officially investigating

1687

00:59:34,470 --> 00:59:32,079

ufos or uaps

1688

00:59:35,349 --> 00:59:34,480

whatever term you prefer they have to be

1689

00:59:38,230 --> 00:59:35,359

the most naive

1690

00:59:39,030 --> 00:59:38,240

person on the planet i'll tell you why

1691

00:59:41,349 --> 00:59:39,040

it's

1692

00:59:43,270 --> 00:59:41,359

within the best interest naturally for

1693

00:59:44,150 --> 00:59:43,280

any first second or third world country

1694

00:59:46,630 --> 00:59:44,160

on the planet

1695

00:59:47,750 --> 00:59:46,640

to make sure that they know exactly what

1696

00:59:50,390 --> 00:59:47,760

is in the skies

1697

00:59:52,630 --> 00:59:50,400

and they do that for defense reasons and

1698

00:59:56,150 --> 00:59:52,640

so for anyone to imagine

1699

00:59:58,390 --> 00:59:56,160

that japan or any country has actually

1700

01:00:02,309 --> 00:59:58,400

just started officially

1701

01:00:05,430 --> 01:00:02,319

trying to detect uh something that is uh

1702

01:00:07,510 --> 01:00:05,440

not easily identifiable um that's just

1703

01:00:09,349 --> 01:00:07,520

not even possible now i wanted to point

1704

01:00:10,150 --> 01:00:09,359

out before we asked tom the same

1705

01:00:12,789 --> 01:00:10,160

question

1706

01:00:13,829 --> 01:00:12,799

that frank asked if uh is uh that

1707

01:00:16,470 --> 01:00:13,839

there's a list of

1708

01:00:18,710 --> 01:00:16,480

investigations of ufos by governments

1709

01:00:19,190 --> 01:00:18,720

and there's brazil canada france soviet

1710

01:00:21,270 --> 01:00:19,200

union

1711

01:00:23,270 --> 01:00:21,280

united kingdom of course the united

1712

01:00:26,309 --> 01:00:23,280

states so it's not like japan

1713

01:00:27,990 --> 01:00:26,319

uh is the first country to to officially

1714

01:00:30,470 --> 01:00:28,000

state this

1715

01:00:31,589 --> 01:00:30,480

maybe maybe they are but if we wanted to

1716

01:00:33,910 --> 01:00:31,599

be kind of

1717

01:00:35,750 --> 01:00:33,920

technical about it there's already been

1718

01:00:38,069 --> 01:00:35,760

investigations of ufos

1719

01:00:38,950 --> 01:00:38,079

by governments worldwide who better to

1720

01:00:41,270 --> 01:00:38,960

know about this

1721

01:00:42,549 --> 01:00:41,280

actually there's one organization on the

1722

01:00:44,150 --> 01:00:42,559

planet that does

1723

01:00:46,230 --> 01:00:44,160

and they've been around for half a

1724

01:00:47,589 --> 01:00:46,240

century and they're an institution and

1725

01:00:49,910 --> 01:00:47,599

that is move fund

1726
01:00:52,549 --> 01:00:49,920
and so tom uh can you please touch on

1727
01:00:59,670 --> 01:00:57,829
i have a somewhat different

1728
01:01:00,950 --> 01:00:59,680
uh tom we lost your audience oh there

1729
01:01:03,430 --> 01:01:00,960
you go okay

1730
01:01:04,150 --> 01:01:03,440
yeah i'm there yeah you're driving i

1731
01:01:07,430 --> 01:01:04,160
have something

1732
01:01:08,789 --> 01:01:07,440
different take i have somewhat different

1733
01:01:11,990 --> 01:01:08,799
take on this

1734
01:01:15,349 --> 01:01:12,000
i think it's in

1735
01:01:17,349 --> 01:01:15,359
the the u.s

1736
01:01:18,710 --> 01:01:17,359
well it's mainly in the u.s and to know

1737
01:01:21,910 --> 01:01:18,720
everything that's going on

1738
01:01:25,349 --> 01:01:21,920

in the pacific sphere

1739

01:01:28,230 --> 01:01:25,359
and the chinese navy is getting

1740

01:01:29,349 --> 01:01:28,240
more active the chinese are becoming

1741

01:01:32,069 --> 01:01:29,359
more aggressive

1742

01:01:33,750 --> 01:01:32,079
and in their sphere of influence in the

1743

01:01:37,190 --> 01:01:33,760
south china sea

1744

01:01:39,430 --> 01:01:37,200
there there is a long-standing uh

1745

01:01:40,390 --> 01:01:39,440
there's long-standing discomfort between

1746

01:01:43,510 --> 01:01:40,400
japan

1747

01:01:46,870 --> 01:01:43,520
and korea and china so

1748

01:01:49,190 --> 01:01:46,880
i think that this kind of an agreement

1749

01:01:53,430 --> 01:01:49,200
or this kind of understanding

1750

01:01:55,670 --> 01:01:53,440
serves uh for the japanese reporting

1751

01:01:57,670 --> 01:01:55,680

everything that they're finding in the

1752

01:02:00,150 --> 01:01:57,680

air to the united states

1753

01:02:01,270 --> 01:02:00,160

so in that way the united states has a

1754

01:02:03,190 --> 01:02:01,280

more complete

1755

01:02:04,470 --> 01:02:03,200

understanding of everything that's going

1756

01:02:07,670 --> 01:02:04,480

on in the pacific

1757

01:02:10,230 --> 01:02:07,680

particularly in the west western pacific

1758

01:02:11,109 --> 01:02:10,240

and that's my interpretation of it

1759

01:02:13,349 --> 01:02:11,119

secondly

1760

01:02:14,390 --> 01:02:13,359

uh yes we are an international

1761

01:02:18,230 --> 01:02:14,400

organization

1762

01:02:20,630 --> 01:02:18,240

but it's tough to be worldwide literally

1763

01:02:21,910 --> 01:02:20,640

and we do have representatives in

1764

01:02:25,270 --> 01:02:21,920

foreign countries

1765

01:02:28,789 --> 01:02:25,280

we have uh good relations uh with

1766

01:02:31,270 --> 01:02:28,799

with uh france and with western europe

1767

01:02:32,230 --> 01:02:31,280

uh japan i don't want to say too much

1768

01:02:34,069 --> 01:02:32,240

because

1769

01:02:35,430 --> 01:02:34,079

i i can't i i don't feel like i'm

1770

01:02:38,390 --> 01:02:35,440

qualified to really

1771

01:02:39,670 --> 01:02:38,400

um expound on that but we do make

1772

01:02:41,829 --> 01:02:39,680

attempts to have

1773

01:02:43,190 --> 01:02:41,839

international and even worldwide

1774

01:02:45,670 --> 01:02:43,200

connections

1775

01:02:47,430 --> 01:02:45,680

a chant do i understand that you have a

1776

01:02:49,430 --> 01:02:47,440

page or know of a page that has a

1777

01:02:50,950 --> 01:02:49,440

complete list of ideas of investigations

1778

01:02:52,390 --> 01:02:50,960

by the countries could you please send

1779

01:02:53,829 --> 01:02:52,400

that to me i will and

1780

01:02:55,750 --> 01:02:53,839

actually i'll just go and share with our

1781

01:02:57,829 --> 01:02:55,760

listeners where that is you can actually

1782

01:02:59,270 --> 01:02:57,839

find the list of investigations of ufos

1783

01:03:01,430 --> 01:02:59,280

by governments

1784

01:03:03,430 --> 01:03:01,440

that is listed on wikipedia if you

1785

01:03:05,670 --> 01:03:03,440

actually just type in google

1786

01:03:08,069 --> 01:03:05,680

list of investigations of ufos by

1787

01:03:11,670 --> 01:03:08,079

governments or you can type in

1788

01:03:13,750 --> 01:03:11,680

countries ufos wikipedia

1789

01:03:15,109 --> 01:03:13,760

but i will send that link to you and

1790

01:03:16,230 --> 01:03:15,119

also i wanted to bring up some

1791

01:03:20,710 --> 01:03:16,240

interesting

1792

01:03:22,950 --> 01:03:20,720

news about japan regarding the ufo topic

1793

01:03:25,510 --> 01:03:22,960

and this is a little bit of an older

1794

01:03:27,589 --> 01:03:25,520

article but it was

1795

01:03:29,750 --> 01:03:27,599

published by the associated press on

1796

01:03:31,589 --> 01:03:29,760

december 18th of 2007

1797

01:03:33,430 --> 01:03:31,599

and the title of the article is ufos

1798

01:03:34,630 --> 01:03:33,440

definitely exist japanese government

1799

01:03:36,870 --> 01:03:34,640

spokesman says

1800

01:03:38,710 --> 01:03:36,880

and just an excerpt from it japan's air

1801
01:03:40,470 --> 01:03:38,720
force has never spotted a ufo but the

1802
01:03:42,230 --> 01:03:40,480
country's top government spokesman said

1803
01:03:43,029 --> 01:03:42,240
tuesday he definitely believes they

1804
01:03:46,470 --> 01:03:43,039
exist

1805
01:03:49,190 --> 01:03:46,480
chief cabinet secretary uh nobu

1806
01:03:51,109 --> 01:03:49,200
taka machumira was speaking to reporters

1807
01:03:51,829 --> 01:03:51,119
in response to demands lodged by an

1808
01:03:54,230 --> 01:03:51,839
opposition

1809
01:03:55,990 --> 01:03:54,240
lawmaker for an inquiry into frequent

1810
01:03:57,349 --> 01:03:56,000
reports of ufo sightings

1811
01:03:59,270 --> 01:03:57,359
and the government said an official

1812
01:04:01,270 --> 01:03:59,280
reply that it had not confirmed

1813
01:04:03,270 --> 01:04:01,280

sightings of unidentified flying objects

1814

01:04:06,150 --> 01:04:03,280

believed to be from our outer space

1815

01:04:06,470 --> 01:04:06,160

still i definitely believe they exist uh

1816

01:04:10,710 --> 01:04:06,480

the

1817

01:04:14,789 --> 01:04:10,720

spokesman of japan said

1818

01:04:15,349 --> 01:04:14,799

um which to that that meeting erupted in

1819

01:04:18,710 --> 01:04:15,359

laughter

1820

01:04:22,390 --> 01:04:18,720

now wanted to know from both yourselves

1821

01:04:26,390 --> 01:04:22,400

um and i'll i'll ask tom to to start

1822

01:04:29,349 --> 01:04:26,400

um do you feel like any

1823

01:04:29,670 --> 01:04:29,359

nation feels too uncomfortable to ever

1824

01:04:33,190 --> 01:04:29,680

come

1825

01:04:35,589 --> 01:04:33,200

forward and just state yes we do believe

1826

01:04:38,950 --> 01:04:35,599

it's possible that some of these

1827

01:04:42,230 --> 01:04:41,750

possibly controlled by something that is

1828

01:04:46,230 --> 01:04:42,240

not

1829

01:04:48,870 --> 01:04:46,240

human do you think that will ever happen

1830

01:04:49,589 --> 01:04:48,880

well i think it has happened uh i think

1831

01:04:52,150 --> 01:04:49,599

uh

1832

01:04:54,470 --> 01:04:52,160

i believe that brazil at least in

1833

01:04:57,029 --> 01:04:54,480

certain respects has been

1834

01:04:59,589 --> 01:04:57,039

somewhat more forthcoming some of the

1835

01:05:01,670 --> 01:04:59,599

european countries have been

1836

01:05:04,630 --> 01:05:01,680

somewhat more forthcoming for example

1837

01:05:08,789 --> 01:05:04,640

spain and particularly france

1838

01:05:10,150 --> 01:05:08,799

i think the united states has the lead

1839

01:05:12,069 --> 01:05:10,160

and certain countries that are

1840

01:05:15,349 --> 01:05:12,079

affiliated with the united states

1841

01:05:18,309 --> 01:05:15,359

such as britain australia

1842

01:05:19,109 --> 01:05:18,319

and such i think that they take the lead

1843

01:05:21,430 --> 01:05:19,119

from the us

1844

01:05:22,870 --> 01:05:21,440

and i think that they would be more

1845

01:05:25,829 --> 01:05:22,880

reluctant

1846

01:05:26,630 --> 01:05:25,839

to come out with a position like that

1847

01:05:29,109 --> 01:05:26,640

okay

1848

01:05:29,990 --> 01:05:29,119

and i think i did hear christopher

1849

01:05:35,029 --> 01:05:30,000

mellon

1850

01:05:36,789 --> 01:05:35,039

um who is on the board of the ttsa

1851

01:05:38,710 --> 01:05:36,799

actually and he was a former deputy

1852

01:05:40,150 --> 01:05:38,720

assistant secretary of defense for

1853

01:05:42,789 --> 01:05:40,160

intelligence by the way

1854

01:05:43,510 --> 01:05:42,799

but i think i did hear him on a youtube

1855

01:05:46,150 --> 01:05:43,520

state

1856

01:05:47,029 --> 01:05:46,160

that he did believe that there were uh

1857

01:05:48,710 --> 01:05:47,039

they were et

1858

01:05:50,950 --> 01:05:48,720

related he said they're here and they're

1859

01:05:52,549 --> 01:05:50,960

here now however

1860

01:05:54,630 --> 01:05:52,559

folks can go ahead and double check on

1861

01:05:55,990 --> 01:05:54,640

that i'm pretty sure i did hear him say

1862

01:05:59,430 --> 01:05:56,000

something

1863

01:05:59,910 --> 01:05:59,440

to that effect how do you feel about the

1864

01:06:04,150 --> 01:05:59,920

uh

1865

01:06:07,589 --> 01:06:04,160

of

1866

01:06:09,029 --> 01:06:07,599

nations actually saying we believe that

1867

01:06:11,430 --> 01:06:09,039

they could be

1868

01:06:12,549 --> 01:06:11,440

commandeered by something that's eta

1869

01:06:16,470 --> 01:06:12,559

related and not

1870

01:06:18,549 --> 01:06:16,480

human in form steve is that possible

1871

01:06:19,990 --> 01:06:18,559

look the the truth's embargo like all

1872

01:06:22,230 --> 01:06:20,000

embargoes has

1873

01:06:23,270 --> 01:06:22,240

certain rules like the embargo of cuba

1874

01:06:25,589 --> 01:06:23,280

there's always rules

1875

01:06:27,109 --> 01:06:25,599

associated with that that you can do

1876

01:06:28,710 --> 01:06:27,119

can't do and so forth

1877

01:06:31,270 --> 01:06:28,720

same thing with the truth embargo only

1878

01:06:34,470 --> 01:06:31,280

it's obviously a lot more complicated

1879

01:06:35,029 --> 01:06:34,480

and so if you if you look at the history

1880

01:06:37,670 --> 01:06:35,039

of what

1881

01:06:39,430 --> 01:06:37,680

nations have done you can kind of see

1882

01:06:42,069 --> 01:06:39,440

how they're following a script

1883

01:06:43,029 --> 01:06:42,079

they're staying within the lines or not

1884

01:06:45,190 --> 01:06:43,039

going too far

1885

01:06:47,029 --> 01:06:45,200

classic example when japan made that

1886

01:06:48,150 --> 01:06:47,039

statement back a number of years that

1887

01:06:50,870 --> 01:06:48,160

you were quoting

1888

01:06:52,069 --> 01:06:50,880

where they said that uh they think that

1889

01:06:55,349 --> 01:06:52,079

there may be something

1890

01:06:58,309 --> 01:06:55,359

going on right they had to insert

1891

01:06:59,109 --> 01:06:58,319

we've never seen one right we've never

1892

01:07:01,190 --> 01:06:59,119

seen one

1893

01:07:02,390 --> 01:07:01,200

now that's of course an outright lie

1894

01:07:03,990 --> 01:07:02,400

they've seen them they've

1895

01:07:06,309 --> 01:07:04,000

radared them and so forth but they had

1896

01:07:09,029 --> 01:07:06,319

to say that otherwise it would create

1897

01:07:10,549 --> 01:07:09,039

a little too much so why are all these

1898

01:07:13,029 --> 01:07:10,559

nations staying

1899

01:07:14,870 --> 01:07:13,039

within the lines why did they follow the

1900

01:07:16,950 --> 01:07:14,880

fundamental rules of the truth embargo

1901

01:07:18,950 --> 01:07:16,960

with the occasional misstep

1902

01:07:20,150 --> 01:07:18,960

because the best answer i can give is

1903

01:07:22,549 --> 01:07:20,160

this the

1904

01:07:24,309 --> 01:07:22,559

the disclosure event will be the most

1905

01:07:27,349 --> 01:07:24,319

important event in human history

1906

01:07:29,910 --> 01:07:27,359

totally global implications beyond our

1907

01:07:31,510 --> 01:07:29,920

comp computations all right massive

1908

01:07:35,109 --> 01:07:31,520

affecting everything

1909

01:07:36,309 --> 01:07:35,119

and so obviously it's a big deal

1910

01:07:38,230 --> 01:07:36,319

and we have certain countries in the

1911

01:07:42,549 --> 01:07:38,240

world which are the big

1912

01:07:44,390 --> 01:07:42,559

dogs on the porch china united states

1913

01:07:46,230 --> 01:07:44,400

russia because of its nukes india

1914

01:07:48,390 --> 01:07:46,240

because of its population

1915

01:07:50,309 --> 01:07:48,400

the uk probably because it's of its

1916

01:07:52,390 --> 01:07:50,319

military power

1917

01:07:53,829 --> 01:07:52,400

uh and they're all going to be affected

1918

01:07:55,109 --> 01:07:53,839

by this

1919

01:07:57,349 --> 01:07:55,119

but number one has always been the

1920

01:08:00,710 --> 01:07:57,359

united states up until recently

1921

01:08:03,270 --> 01:08:00,720

we were still the big dog on the porch

1922

01:08:03,910 --> 01:08:03,280

we're increasingly shrinking in size but

1923

01:08:06,390 --> 01:08:03,920

the point is

1924

01:08:08,230 --> 01:08:06,400

is that it's clear that all of these

1925

01:08:10,069 --> 01:08:08,240

nations for their own reasons decided

1926

01:08:12,309 --> 01:08:10,079

that they were not going to upset

1927

01:08:14,309 --> 01:08:12,319

this process they were not going to

1928

01:08:15,750 --> 01:08:14,319

violate the truth embargo which would be

1929

01:08:18,229 --> 01:08:15,760

to do something it would literally end

1930

01:08:19,510 --> 01:08:18,239

it right either either by announcing it

1931

01:08:21,669 --> 01:08:19,520

through their head of state

1932

01:08:23,030 --> 01:08:21,679

or by doing something that literally

1933

01:08:25,910 --> 01:08:23,040

forced the issue out

1934

01:08:26,470 --> 01:08:25,920

no way you could stop it but they

1935

01:08:27,910 --> 01:08:26,480

haven't

1936

01:08:30,309 --> 01:08:27,920

and i believe it's because the united

1937

01:08:31,349 --> 01:08:30,319

states is extremely important to all of

1938

01:08:33,189 --> 01:08:31,359

these countries

1939

01:08:34,950 --> 01:08:33,199

first of all throughout the cold war we

1940

01:08:36,149 --> 01:08:34,960

were their primary defense against

1941

01:08:38,309 --> 01:08:36,159

annihilation

1942

01:08:39,349 --> 01:08:38,319

who could defeat the soviet union but

1943

01:08:41,349 --> 01:08:39,359

the united states

1944

01:08:42,789 --> 01:08:41,359

and so do you want to anger the united

1945

01:08:45,030 --> 01:08:42,799

states do you want to violate

1946

01:08:45,990 --> 01:08:45,040

an absolute important extremely high

1947

01:08:48,070 --> 01:08:46,000

priority uh

1948

01:08:49,590 --> 01:08:48,080

no you're not soviet union and communist

1949

01:08:51,110 --> 01:08:49,600

china had their own reasons

1950

01:08:53,030 --> 01:08:51,120

primarily because of the nature of the

1951

01:08:53,510 --> 01:08:53,040

countries extreme authoritarian control

1952

01:08:55,349 --> 01:08:53,520

states

1953

01:08:57,030 --> 01:08:55,359

they don't want to introduce ets into

1954

01:08:59,590 --> 01:08:57,040

that little game and so

1955

01:09:00,789 --> 01:08:59,600

that's how the truth embargo has moved

1956

01:09:02,470 --> 01:09:00,799

forward

1957

01:09:04,149 --> 01:09:02,480

but there is a history of these nations

1958

01:09:06,709 --> 01:09:04,159

doing things saying

1959

01:09:07,510 --> 01:09:06,719

things which are helpful and have helped

1960

01:09:11,110 --> 01:09:07,520

advance the

1961

01:09:12,950 --> 01:09:11,120

the understanding um but let me

1962

01:09:14,470 --> 01:09:12,960

get back to something you said earlier

1963

01:09:16,149 --> 01:09:14,480

i'd be a little more generous with the

1964

01:09:19,189 --> 01:09:16,159

general public

1965

01:09:20,630 --> 01:09:19,199

it's not so much naivete for those of us

1966

01:09:22,070 --> 01:09:20,640

that really know this issue and have

1967

01:09:25,030 --> 01:09:22,080

followed this issue and maybe

1968

01:09:25,990 --> 01:09:25,040

have some political uh savvy yeah it's

1969

01:09:27,990 --> 01:09:26,000

pretty obvious

1970

01:09:29,189 --> 01:09:28,000

but for the average person out there

1971

01:09:31,189 --> 01:09:29,199

just living their life

1972

01:09:33,030 --> 01:09:31,199

trying to raise a family if the

1973

01:09:34,070 --> 01:09:33,040

government says something or japan says

1974

01:09:35,669 --> 01:09:34,080

something

1975

01:09:37,590 --> 01:09:35,679

they just accept it i mean why shouldn't

1976

01:09:38,229 --> 01:09:37,600

they and so they're not naive they just

1977

01:09:40,390 --> 01:09:38,239

don't have the

1978

01:09:42,070 --> 01:09:40,400

amount of information and and one of the

1979

01:09:45,189 --> 01:09:42,080

principal tasks of the

1980

01:09:47,669 --> 01:09:45,199

the disclosure movement truth movement

1981

01:09:49,590 --> 01:09:47,679

was to expand the awareness of people

1982

01:09:51,829 --> 01:09:49,600

and journalists worldwide

1983

01:09:53,189 --> 01:09:51,839

about what the hell is really going on

1984

01:09:55,110 --> 01:09:53,199

so more and more people

1985

01:09:56,790 --> 01:09:55,120

would not be naive they would actually

1986

01:09:58,870 --> 01:09:56,800

have a sense of this and make it harder

1987

01:10:00,149 --> 01:09:58,880

for the truth embargo to continue

1988

01:10:02,070 --> 01:10:00,159

thank you for bringing that up and

1989

01:10:03,430 --> 01:10:02,080

another just i'd like to add to what

1990

01:10:05,350 --> 01:10:03,440

that steve said uh

1991

01:10:08,070 --> 01:10:05,360

regular folks just don't have the time

1992

01:10:10,070 --> 01:10:08,080

to dig in and dig all this stuff up that

1993

01:10:11,189 --> 01:10:10,080

you know in this day and age you know

1994

01:10:14,149 --> 01:10:11,199

you got to go out

1995

01:10:14,630 --> 01:10:14,159

you got to hustle up that uh that income

1996

01:10:16,950 --> 01:10:14,640

to

1997

01:10:18,470 --> 01:10:16,960

keep yourself going and the time it

1998

01:10:20,470 --> 01:10:18,480

takes to do that

1999

01:10:22,470 --> 01:10:20,480

there's not a lot of time left another

2000

01:10:24,550 --> 01:10:22,480

point i'd like to make uh steve you

2001
01:10:26,630 --> 01:10:24,560
talked about the unidentified show and

2002
01:10:28,149 --> 01:10:26,640
it was a very interesting uh

2003
01:10:30,149 --> 01:10:28,159
interesting phenomenon regarding the

2004
01:10:30,870 --> 01:10:30,159
ratings i don't know if you kept an eye

2005
01:10:33,189 --> 01:10:30,880
on that

2006
01:10:33,990 --> 01:10:33,199
but three of the first uh uh the first

2007
01:10:36,550 --> 01:10:34,000
three shows

2008
01:10:37,350 --> 01:10:36,560
uh two of the first three ended up in

2009
01:10:40,550 --> 01:10:37,360
the top

2010
01:10:43,110 --> 01:10:40,560
ten uh for uh cable show ratings

2011
01:10:44,390 --> 01:10:43,120
and then what happened they they fell

2012
01:10:46,870 --> 01:10:44,400
off the table top

2013
01:10:48,550 --> 01:10:46,880

and that falling off the tabletop

2014

01:10:51,350 --> 01:10:48,560

directly coincided

2015

01:10:52,149 --> 01:10:51,360

with nba and nhl playoffs coming back

2016

01:10:53,510 --> 01:10:52,159

online

2017

01:10:55,910 --> 01:10:53,520

which they couldn't possibly have

2018

01:10:57,910 --> 01:10:55,920

anticipated they nose dived they

2019

01:10:59,830 --> 01:10:57,920

tanked uh when that when the playoffs

2020

01:11:01,430 --> 01:10:59,840

came around so i just wanted to throw

2021

01:11:03,669 --> 01:11:01,440

that out there and uh

2022

01:11:05,669 --> 01:11:03,679

and mention that i mean let's face it uh

2023

01:11:06,470 --> 01:11:05,679

this is not a priority for most people

2024

01:11:08,470 --> 01:11:06,480

they might be

2025

01:11:10,550 --> 01:11:08,480

casual even people who are inclined to

2026

01:11:11,510 --> 01:11:10,560

be casually interested it's still not a

2027

01:11:13,830 --> 01:11:11,520

priority

2028

01:11:14,709 --> 01:11:13,840

absolutely it's also worth mentioning

2029

01:11:18,229 --> 01:11:14,719

that

2030

01:11:20,709 --> 01:11:18,239

ratings

2031

01:11:21,669 --> 01:11:20,719

okay that show is not about you know

2032

01:11:24,070 --> 01:11:21,679

winning a

2033

01:11:25,510 --> 01:11:24,080

grammy or something that show was part

2034

01:11:28,470 --> 01:11:25,520

of their strategy

2035

01:11:29,990 --> 01:11:28,480

taking us where we got to go and so the

2036

01:11:31,830 --> 01:11:30,000

strategy was not to

2037

01:11:33,750 --> 01:11:31,840

lay down bombshells like in that first

2038

01:11:34,229 --> 01:11:33,760

season boom boom boom and the next one

2039

01:11:37,430 --> 01:11:34,239

is like

2040

01:11:40,070 --> 01:11:37,440

wow it wasn't set up like the uh

2041

01:11:41,910 --> 01:11:40,080

curse of oak island uh was designed to

2042

01:11:42,630 --> 01:11:41,920

move forward in a certain way and people

2043

01:11:44,310 --> 01:11:42,640

realize well

2044

01:11:45,990 --> 01:11:44,320

there's no immediate payoff let's watch

2045

01:11:47,669 --> 01:11:46,000

some football that's okay

2046

01:11:49,350 --> 01:11:47,679

by the way i just remember the thing

2047

01:11:52,950 --> 01:11:49,360

that i blanked out on so

2048

01:11:54,310 --> 01:11:52,960

important you must watch

2049

01:11:56,950 --> 01:11:54,320

you if you didn't get it the first time

2050

01:11:59,590 --> 01:11:56,960

you must watch the last identified

2051
01:12:01,590 --> 01:11:59,600
season two episode eight because

2052
01:12:02,310 --> 01:12:01,600
something extraordinary happened in that

2053
01:12:03,669 --> 01:12:02,320
show

2054
01:12:05,110 --> 01:12:03,679
all right and in fact i can even read

2055
01:12:05,750 --> 01:12:05,120
you the quote i can pull it up sure go

2056
01:12:07,350 --> 01:12:05,760
ahead but

2057
01:12:08,709 --> 01:12:07,360
most importantly the most extraordinary

2058
01:12:10,790 --> 01:12:08,719
thing was this they did something i

2059
01:12:13,830 --> 01:12:10,800
couldn't believe they did

2060
01:12:16,229 --> 01:12:13,840
they went into contact

2061
01:12:17,430 --> 01:12:16,239
they moved into the contact phenomena in

2062
01:12:21,510 --> 01:12:17,440
that show

2063
01:12:24,790 --> 01:12:21,520

right

2064

01:12:25,270 --> 01:12:24,800

military personnel who had how would you

2065

01:12:29,110 --> 01:12:25,280

say

2066

01:12:32,229 --> 01:12:29,120

encounters missing time now i'm going

2067

01:12:35,669 --> 01:12:32,239

whoa they actually did that

2068

01:12:37,350 --> 01:12:35,679

now that shows how serious they are

2069

01:12:39,750 --> 01:12:37,360

it shows that they are not going to

2070

01:12:41,189 --> 01:12:39,760

simply totally keep it narrow

2071

01:12:43,270 --> 01:12:41,199

indefinitely

2072

01:12:45,030 --> 01:12:43,280

are is our military witnesses of head

2073

01:12:46,709 --> 01:12:45,040

contact going to be first and foremost

2074

01:12:47,750 --> 01:12:46,719

in the hearings that are coming no

2075

01:12:50,310 --> 01:12:47,760

but does it mean they're eventually

2076

01:12:52,310 --> 01:12:50,320

going to show up yes it was a message to

2077

01:12:53,910 --> 01:12:52,320

the et community research community

2078

01:12:55,590 --> 01:12:53,920

it was a message to the millions of

2079

01:12:57,990 --> 01:12:55,600

contactees in the world

2080

01:12:59,189 --> 01:12:58,000

hey we haven't forgot about you we know

2081

01:13:00,550 --> 01:12:59,199

it's real now we couldn't interview any

2082

01:13:02,390 --> 01:13:00,560

of the civilian versions

2083

01:13:04,149 --> 01:13:02,400

but the military guys a little a little

2084

01:13:06,790 --> 01:13:04,159

safer for us to do that

2085

01:13:08,149 --> 01:13:06,800

and then and if you'll indulge me here

2086

01:13:11,189 --> 01:13:08,159

yeah at the very

2087

01:13:13,270 --> 01:13:11,199

at the very end of the show uh

2088

01:13:14,630 --> 01:13:13,280

basically wrapping up unidentified for

2089

01:13:16,630 --> 01:13:14,640

this year

2090

01:13:17,990 --> 01:13:16,640

uh and it's just gonna take for me a

2091

01:13:22,229 --> 01:13:18,000

second to kind of cruise on

2092

01:13:24,390 --> 01:13:22,239

over here uh the elizondo and melon

2093

01:13:26,390 --> 01:13:24,400

uh needed to they were going to wrap it

2094

01:13:27,110 --> 01:13:26,400

up right make some comments it would

2095

01:13:30,149 --> 01:13:27,120

sort of

2096

01:14:15,910 --> 01:13:30,159

a

2097

01:14:17,510 --> 01:14:15,920

vehicles

2098

01:14:19,430 --> 01:14:17,520

if there is another intelligence from

2099

01:14:21,750 --> 01:14:19,440

another system which is vastly more

2100

01:14:23,750 --> 01:14:21,760

advanced and sophisticated than we are

2101
01:14:24,950 --> 01:14:23,760
and we are able to establish contact and

2102
01:14:26,950 --> 01:14:24,960
communication

2103
01:14:28,550 --> 01:14:26,960
it would be the equivalent of possibly

2104
01:14:29,590 --> 01:14:28,560
gaining hundreds of thousands or

2105
01:14:32,709 --> 01:14:29,600
millions of years

2106
01:14:34,870 --> 01:14:32,719
of knowledge in days or weeks

2107
01:14:36,229 --> 01:14:34,880
now for people that are not following

2108
01:14:38,709 --> 01:14:36,239
this issue intensely

2109
01:14:40,630 --> 01:14:38,719
this is like just some nice language but

2110
01:14:42,390 --> 01:14:40,640
boy it's much more than that

2111
01:14:43,910 --> 01:14:42,400
does he say matter of fact there's an

2112
01:14:46,229 --> 01:14:43,920
extraterrestrial presence

2113
01:14:47,910 --> 01:14:46,239

no has he moved away from the threat

2114

01:14:50,390 --> 01:14:47,920

potential threat meme

2115

01:14:51,910 --> 01:14:50,400

yes has he put it in a context that we

2116

01:14:54,229 --> 01:14:51,920

are much more familiar with

2117

01:14:56,790 --> 01:14:54,239

yes has he gone right up to the line

2118

01:14:57,990 --> 01:14:56,800

though and said yeah it's et but i can't

2119

01:15:00,229 --> 01:14:58,000

quite say it yeah

2120

01:15:01,350 --> 01:15:00,239

this is very significant this is what i

2121

01:15:04,149 --> 01:15:01,360

was waiting for

2122

01:15:06,229 --> 01:15:04,159

because i was very concerned that the

2123

01:15:07,430 --> 01:15:06,239

threat potential threat scenario might

2124

01:15:10,950 --> 01:15:07,440

dominate

2125

01:15:13,110 --> 01:15:10,960

the um uh let's see if i get this now

2126

01:15:15,669 --> 01:15:13,120

let me put this up might dominate the

2127

01:15:16,550 --> 01:15:15,679

hearings which is would be a non-trivial

2128

01:15:19,750 --> 01:15:16,560

matter

2129

01:15:20,870 --> 01:15:19,760

uh so elizondo then gives his closing

2130

01:15:22,390 --> 01:15:20,880

remarks

2131

01:15:24,310 --> 01:15:22,400

right remember mellon is the political

2132

01:15:24,550 --> 01:15:24,320

guy alexander was the uh the tech and

2133

01:15:27,590 --> 01:15:24,560

the

2134

01:15:27,910 --> 01:15:27,600

witness guy he says what does it mean

2135

01:15:30,310 --> 01:15:27,920

for

2136

01:15:30,950 --> 01:15:30,320

us if we are presented one day with the

2137

01:15:33,590 --> 01:15:30,960

fact

2138

01:15:34,070 --> 01:15:33,600

that there are others capital o out

2139

01:15:35,990 --> 01:15:34,080

there

2140

01:15:38,070 --> 01:15:36,000

does it mean we are not as special

2141

01:15:41,669 --> 01:15:38,080

anymore or does it mean that we have

2142

01:15:43,990 --> 01:15:41,679

brothers and sisters that now

2143

01:15:45,830 --> 01:15:44,000

we should start a new journey with i

2144

01:15:47,750 --> 01:15:45,840

think there is a magic in that

2145

01:15:49,430 --> 01:15:47,760

it's wonders to think that the greater

2146

01:15:50,950 --> 01:15:49,440

cosmos billions and billions of

2147

01:15:52,630 --> 01:15:50,960

of light years and billions and

2148

01:15:53,270 --> 01:15:52,640

trillions of stars and planets that are

2149

01:15:54,950 --> 01:15:53,280

still

2150

01:15:57,030 --> 01:15:54,960

part of this interesting cosmic

2151

01:15:59,189 --> 01:15:57,040

neighborhood wouldn't it be amazing

2152

01:16:00,950 --> 01:15:59,199

maybe we will be more human maybe we

2153

01:16:03,750 --> 01:16:00,960

will learn to be more than human

2154

01:16:04,630 --> 01:16:03,760

if we have a chance to learn from

2155

01:16:06,870 --> 01:16:04,640

something else

2156

01:16:07,669 --> 01:16:06,880

and therefore our definition of being

2157

01:16:11,110 --> 01:16:07,679

human

2158

01:16:12,870 --> 01:16:11,120

being is expanded and so the last thing

2159

01:16:14,470 --> 01:16:12,880

these two gentlemen probably say this

2160

01:16:17,669 --> 01:16:14,480

year of consequence

2161

01:16:19,669 --> 01:16:17,679

is a clear message that don't be over

2162

01:16:21,990 --> 01:16:19,679

uh don't be alarmed that we are

2163

01:16:23,669 --> 01:16:22,000

concentrating on the threat potential

2164

01:16:25,189 --> 01:16:23,679

threat prop concern

2165

01:16:26,310 --> 01:16:25,199

because that's how you get the media's

2166

01:16:27,430 --> 01:16:26,320

attention that's how you get the

2167

01:16:30,630 --> 01:16:27,440

committee's attention

2168

01:16:31,590 --> 01:16:30,640

that's how you get hearings but behind

2169

01:16:34,310 --> 01:16:31,600

that

2170

01:16:36,310 --> 01:16:34,320

these are our true sensibilities we see

2171

01:16:37,750 --> 01:16:36,320

this very much like you do

2172

01:16:39,910 --> 01:16:37,760

and we see the extraordinary

2173

01:16:41,910 --> 01:16:39,920

possibilities that will come from this

2174

01:16:43,110 --> 01:16:41,920

and we're ready for it but first you

2175

01:16:44,550 --> 01:16:43,120

have to get disclosure

2176
01:16:45,669 --> 01:16:44,560
and that goes through the hearings and

2177
01:16:46,870 --> 01:16:45,679
those are going to be held in front of

2178
01:16:48,870 --> 01:16:46,880
congressional committees

2179
01:16:51,030 --> 01:16:48,880
that have agreed to have these hearings

2180
01:16:53,270 --> 01:16:51,040
for military witnesses to come forward

2181
01:16:54,149 --> 01:16:53,280
and talk in a very safe political

2182
01:16:56,310 --> 01:16:54,159
context

2183
01:16:57,189 --> 01:16:56,320
about the potential risk of this

2184
01:16:59,189 --> 01:16:57,199
phenomena

2185
01:17:00,709 --> 01:16:59,199
and in the process the evidence will

2186
01:17:01,510 --> 01:17:00,719
amass to the point where the president

2187
01:17:02,950 --> 01:17:01,520
whoever it is

2188
01:17:04,470 --> 01:17:02,960

can make the announcement that's the

2189

01:17:05,270 --> 01:17:04,480

thing i wanted to get across thank you

2190

01:17:07,669 --> 01:17:05,280

for indulging me

2191

01:17:08,950 --> 01:17:07,679

and actually you uh explained that

2192

01:17:11,990 --> 01:17:08,960

beautifully

2193

01:17:15,830 --> 01:17:12,000

i wanted to move on to another topic

2194

01:17:16,149 --> 01:17:15,840

i wanted to mention um the venus topic

2195

01:17:18,709 --> 01:17:16,159

but

2196

01:17:20,470 --> 01:17:18,719

before we move on to that i failed to

2197

01:17:21,430 --> 01:17:20,480

mention somebody who's extremely

2198

01:17:23,910 --> 01:17:21,440

important

2199

01:17:25,350 --> 01:17:23,920

uh that we all know she's an icon in the

2200

01:17:27,350 --> 01:17:25,360

ufo community

2201

01:17:28,950 --> 01:17:27,360

and she actually gave me a quote

2202

01:17:31,350 --> 01:17:28,960

regarding the very first topic we

2203

01:17:34,390 --> 01:17:31,360

touched on which was the iran

2204

01:17:37,189 --> 01:17:34,400

related intelligence drones that

2205

01:17:39,189 --> 01:17:37,199

actually flew over the u.s estimates and

2206

01:17:39,990 --> 01:17:39,199

apparently took surveillance photos of

2207

01:17:42,709 --> 01:17:40,000

it

2208

01:17:44,390 --> 01:17:42,719

her quote on that was this the drone

2209

01:17:46,070 --> 01:17:44,400

surveillance is of course interesting

2210

01:17:48,550 --> 01:17:46,080

because of the tensions between

2211

01:17:49,189 --> 01:17:48,560

the us and iran they may become more

2212

01:17:51,430 --> 01:17:49,199

pronounced

2213

01:17:53,189 --> 01:17:51,440

during the time before the u.s election

2214

01:17:55,350 --> 01:17:53,199

but another item of interest is the

2215

01:17:56,390 --> 01:17:55,360

involvement of the nimitz with the ufo

2216

01:17:58,550 --> 01:17:56,400

phenomenon

2217

01:18:00,950 --> 01:17:58,560

the pentagon ufo videos are visual

2218

01:18:03,430 --> 01:18:00,960

recordings of cockpit instrumentation

2219

01:18:05,430 --> 01:18:03,440

displays from u.s navy fighter jets

2220

01:18:09,270 --> 01:18:05,440

based aboard the nimitz and another

2221

01:18:11,590 --> 01:18:09,280

carrier in 2004 2014 and 2015

2222

01:18:12,630 --> 01:18:11,600

the three videos are viewed as a

2223

01:18:16,310 --> 01:18:12,640

official

2224

01:18:18,590 --> 01:18:16,320

the subject

2225

01:18:19,750 --> 01:18:18,600

of extensive coverage in the media in

2226

01:18:22,550 --> 01:18:19,760

2017

2227

01:18:23,990 --> 01:18:22,560

and in 2020 were declassified by the

2228

01:18:25,910 --> 01:18:24,000

pentagon

2229

01:18:27,830 --> 01:18:25,920

could this surveillance have taken place

2230

01:18:30,870 --> 01:18:27,840

because of the why publicity

2231

01:18:34,070 --> 01:18:30,880

of this incident or might it even relate

2232

01:18:35,590 --> 01:18:34,080

to an interest in the ufo phenomenon dr

2233

01:18:37,189 --> 01:18:35,600

irene scott american author and

2234

01:18:39,350 --> 01:18:37,199

physiologist

2235

01:18:41,910 --> 01:18:39,360

wanted to go ahead and move along to the

2236

01:18:45,189 --> 01:18:41,920

venus topic and ask my co-host frank

2237

01:18:46,950 --> 01:18:45,199

stalter about that frank you and i knew

2238

01:18:48,149 --> 01:18:46,960

about this topic a day before it was

2239

01:18:50,870 --> 01:18:48,159

announced

2240

01:18:51,669 --> 01:18:50,880

it leaked a day early and we were onto

2241

01:18:53,990 --> 01:18:51,679

that

2242

01:18:56,390 --> 01:18:54,000

topic and wanted to know your thoughts

2243

01:18:57,910 --> 01:18:56,400

on the phosphine gas on venus what are

2244

01:19:00,390 --> 01:18:57,920

your thoughts on that

2245

01:19:01,430 --> 01:19:00,400

well i think it's a very interesting

2246

01:19:04,630 --> 01:19:01,440

venus

2247

01:19:07,510 --> 01:19:04,640

is not one of the top candidates

2248

01:19:08,950 --> 01:19:07,520

uh regarding uh any kind of hunt for

2249

01:19:11,590 --> 01:19:08,960

extraterrestrial life

2250

01:19:13,669 --> 01:19:11,600

uh within our own solar system uh mars

2251

01:19:16,070 --> 01:19:13,679

of course uh for years and years

2252

01:19:18,149 --> 01:19:16,080

uh has been uh one of the prime

2253

01:19:18,790 --> 01:19:18,159

candidates and uh also in more recent

2254

01:19:21,510 --> 01:19:18,800

years

2255

01:19:22,229 --> 01:19:21,520

uh the moons uh orbiting jupiter and

2256

01:19:25,030 --> 01:19:22,239

saturn

2257

01:19:26,229 --> 01:19:25,040

enceladus i believe the other is titan

2258

01:19:29,590 --> 01:19:26,239

and europa

2259

01:19:32,709 --> 01:19:29,600

there are icy moons with a known

2260

01:19:33,750 --> 01:19:32,719

ocean underneath those ice caps a little

2261

01:19:36,630 --> 01:19:33,760

bit of liquid

2262

01:19:37,590 --> 01:19:36,640

water between the ice caps and the crust

2263

01:19:40,070 --> 01:19:37,600

of the moons

2264

01:19:41,030 --> 01:19:40,080

so those were the good candidates and as

2265

01:19:43,110 --> 01:19:41,040

it turned out

2266

01:19:44,310 --> 01:19:43,120

uh this has been theorized for a while

2267

01:19:47,110 --> 01:19:44,320

that there might be

2268

01:19:48,550 --> 01:19:47,120

some kind of microbial life floating

2269

01:19:50,550 --> 01:19:48,560

around

2270

01:19:52,310 --> 01:19:50,560

in the upper atmosphere of venus uh the

2271

01:19:54,070 --> 01:19:52,320

reason why it would have to be there

2272

01:19:55,590 --> 01:19:54,080

is because the surface of venus and i've

2273

01:19:57,590 --> 01:19:55,600

got a a picture

2274

01:20:00,070 --> 01:19:57,600

from the surface of venus that was taken

2275

01:20:00,709 --> 01:20:00,080

by a russian lander a number of years

2276

01:20:03,669 --> 01:20:00,719

ago

2277

01:20:04,709 --> 01:20:03,679

is uh uh insane the idea of life living

2278

01:20:06,870 --> 01:20:04,719

on there

2279

01:20:08,229 --> 01:20:06,880

it's an awfully extreme environment that

2280

01:20:10,870 --> 01:20:08,239

temperatures can reach

2281

01:20:11,910 --> 01:20:10,880

more than 800 degrees and of course you

2282

01:20:14,390 --> 01:20:11,920

ask yourself well

2283

01:20:15,669 --> 01:20:14,400

how did we get these pictures of the

2284

01:20:18,229 --> 01:20:15,679

surface of venus

2285

01:20:20,390 --> 01:20:18,239

uh how were they able to uh get a lander

2286

01:20:22,790 --> 01:20:20,400

to land on venus and get these pictures

2287

01:20:24,310 --> 01:20:22,800

well the truth is it didn't last long uh

2288

01:20:26,229 --> 01:20:24,320

the uh the russian lander

2289

01:20:27,510 --> 01:20:26,239

uh was only operational for a couple

2290

01:20:29,030 --> 01:20:27,520

hours after landing

2291

01:20:30,550 --> 01:20:29,040

uh but they were able to get some very

2292

01:20:31,990 --> 01:20:30,560

good pictures i've got them up right now

2293

01:20:34,870 --> 01:20:32,000

you take a look at it

2294

01:20:35,590 --> 01:20:34,880

that's the surface of venus a rocky

2295

01:20:38,550 --> 01:20:35,600

planet

2296

01:20:40,229 --> 01:20:38,560

uh and you can see the the yellow cloud

2297

01:20:43,990 --> 01:20:40,239

covering off in the background

2298

01:20:46,629 --> 01:20:44,000

uh noxious gas a terrible place

2299

01:20:47,990 --> 01:20:46,639

for any life resembling that that we

2300

01:20:52,149 --> 01:20:48,000

find here on earth

2301

01:20:55,189 --> 01:20:52,159

however scientists did recently

2302

01:20:58,870 --> 01:20:55,199

within the last couple of years

2303

01:21:01,510 --> 01:20:58,880

start looking for a possible

2304

01:21:03,990 --> 01:21:01,520

signs of life in the upper atmosphere uh

2305

01:21:06,390 --> 01:21:04,000

the the story was uh kind of hinted at

2306

01:21:08,629 --> 01:21:06,400

uh not that let's see the uh the the

2307

01:21:11,430 --> 01:21:08,639

actual press conference the announcement

2308

01:21:12,470 --> 01:21:11,440

in conjunction with the paper in on in

2309

01:21:14,870 --> 01:21:12,480

the the nature

2310

01:21:16,550 --> 01:21:14,880

science journal uh came out it'll be two

2311

01:21:18,550 --> 01:21:16,560

weeks ago this coming monday

2312

01:21:20,629 --> 01:21:18,560

and then the week leading up to it the

2313

01:21:22,709 --> 01:21:20,639

royal astronomical society and the

2314

01:21:25,830 --> 01:21:22,719

american astronomical society

2315

01:21:28,790 --> 01:21:25,840

uh announced that the presser was coming

2316

01:21:29,350 --> 01:21:28,800

it was going to be a big deal and and

2317

01:21:31,510 --> 01:21:29,360

then

2318

01:21:32,870 --> 01:21:31,520

sunday the news actually leaked i was

2319

01:21:33,830 --> 01:21:32,880

kind of surprised at that i wasn't

2320

01:21:37,270 --> 01:21:33,840

expecting that

2321

01:21:39,189 --> 01:21:37,280

i can't remember news uh leaking out uh

2322

01:21:41,110 --> 01:21:39,199

regarding uh something uh

2323

01:21:43,110 --> 01:21:41,120

scientific to this level uh coming out

2324

01:21:44,149 --> 01:21:43,120

in advance of course like with a lot of

2325

01:21:46,229 --> 01:21:44,159

other things

2326

01:21:47,189 --> 01:21:46,239

uh these uh there is uh their news

2327

01:21:49,430 --> 01:21:47,199

embargoes

2328

01:21:50,390 --> 01:21:49,440

but uh this news leaked and uh we were

2329

01:21:52,709 --> 01:21:50,400

aware of it

2330

01:21:53,590 --> 01:21:52,719

uh the sunday before the day before the

2331

01:21:57,110 --> 01:21:53,600

announcement

2332

01:21:59,430 --> 01:21:57,120

and uh when the news did break uh it

2333

01:22:00,149 --> 01:21:59,440

made headlines around the world and uh

2334

01:22:01,990 --> 01:22:00,159

basically

2335

01:22:03,350 --> 01:22:02,000

uh uh new york times cover everybody

2336

01:22:04,550 --> 01:22:03,360

covered it was one of the top news

2337

01:22:06,709 --> 01:22:04,560

stories of the day

2338

01:22:07,590 --> 01:22:06,719

yeah go ahead the big deal thank you uh

2339

01:22:10,070 --> 01:22:07,600

for having uh

2340

01:22:11,189 --> 01:22:10,080

educate us uh educated us on that topic

2341

01:22:14,070 --> 01:22:11,199

wanted to ask

2342

01:22:15,830 --> 01:22:14,080

tom first how do you feel about the

2343

01:22:18,390 --> 01:22:15,840

possibility of life

2344

01:22:19,270 --> 01:22:18,400

on other planets namely venus this was a

2345

01:22:22,390 --> 01:22:19,280

trending topic

2346

01:22:24,629 --> 01:22:22,400

a new cycle that just ended recently

2347

01:22:25,669 --> 01:22:24,639

it seems very interesting and sci-fi

2348

01:22:27,990 --> 01:22:25,679

related but

2349

01:22:29,750 --> 01:22:28,000

it is within the realms of a realistic

2350

01:22:32,070 --> 01:22:29,760

possibility so what are your thoughts on

2351

01:22:38,790 --> 01:22:35,750

i think that it's it's extremely good

2352

01:22:42,709 --> 01:22:38,800

that the scientists are able to gather

2353

01:22:45,669 --> 01:22:42,719

physical data you know spectroscopy

2354

01:22:47,990 --> 01:22:45,679

and other means that they can evaluate

2355

01:22:51,750 --> 01:22:48,000

and they can evaluate this data

2356

01:22:53,110 --> 01:22:51,760

and draw some some conclusions or

2357

01:22:55,669 --> 01:22:53,120

hypotheses

2358

01:22:56,470 --> 01:22:55,679

from the data that they're seeing so it

2359

01:23:02,470 --> 01:22:56,480

is

2360

01:23:03,510 --> 01:23:02,480

based on on data that they've gathered

2361

01:23:08,229 --> 01:23:03,520

now

2362

01:23:11,350 --> 01:23:08,239

environment

2363

01:23:12,390 --> 01:23:11,360

compared to earth and it's now i'm not a

2364

01:23:15,189 --> 01:23:12,400

biologist

2365

01:23:17,110 --> 01:23:15,199

but it's hard for me to understand how

2366

01:23:20,149 --> 01:23:17,120

any life could develop

2367

01:23:21,830 --> 01:23:20,159

under any circumstances on a planet that

2368

01:23:25,110 --> 01:23:21,840

that's hot

2369

01:23:28,709 --> 01:23:25,120

perhaps in long ago the

2370

01:23:29,590 --> 01:23:28,719

planet was cooler and some bacteria did

2371

01:23:31,990 --> 01:23:29,600

develop

2372

01:23:34,790 --> 01:23:32,000

now we all know that the higher you go

2373

01:23:37,830 --> 01:23:34,800

in our atmosphere the cooler it gets

2374

01:23:39,510 --> 01:23:37,840

so this if there is bacteria living uh

2375

01:23:41,350 --> 01:23:39,520

it's in the upper reaches of the

2376

01:23:45,510 --> 01:23:41,360

venusian atmosphere

2377

01:23:48,310 --> 01:23:45,520

and uh apparently only in one part of it

2378

01:23:49,430 --> 01:23:48,320

so it's certainly a possibility and i

2379

01:23:51,990 --> 01:23:49,440

think

2380

01:23:53,350 --> 01:23:52,000

because of sophisticated means that

2381

01:23:56,709 --> 01:23:53,360

scientists have

2382

01:23:59,590 --> 01:23:56,719

to evaluate planets that

2383

01:24:01,270 --> 01:23:59,600

they can consider this and see if they

2384

01:24:03,990 --> 01:24:01,280

duplicate the findings

2385

01:24:05,030 --> 01:24:04,000

and see if there develops uh scientific

2386

01:24:07,910 --> 01:24:05,040

consensus

2387

01:24:09,189 --> 01:24:07,920

on this and it's possible there could be

2388

01:24:11,030 --> 01:24:09,199

a consensus

2389

01:24:12,390 --> 01:24:11,040

that they believe that it's more likely

2390

01:24:14,950 --> 01:24:12,400

and than not

2391

01:24:16,550 --> 01:24:14,960

that these chemicals are arising out of

2392

01:24:18,550 --> 01:24:16,560

bacterial life

2393

01:24:20,310 --> 01:24:18,560

yeah i can hear a collective scream of

2394

01:24:23,189 --> 01:24:20,320

happiness from some of the scientists

2395

01:24:25,830 --> 01:24:23,199

worldwide if they actually confirm that

2396

01:24:27,590 --> 01:24:25,840

to that degree i wanted to ask you steve

2397

01:24:28,310 --> 01:24:27,600

about this topic what are your thoughts

2398

01:24:35,750 --> 01:24:28,320

on

2399

01:24:36,629 --> 01:24:35,760

are you ready i am ready hit us with it

2400

01:24:38,550 --> 01:24:36,639

steve

2401
01:24:40,470 --> 01:24:38,560
remember the context from which i look

2402
01:24:44,149 --> 01:24:40,480
at all of this right

2403
01:24:46,550 --> 01:24:44,159
um nasa

2404
01:24:47,669 --> 01:24:46,560
meaning people within nasa certainly

2405
01:24:49,430 --> 01:24:47,679
higher up

2406
01:24:51,189 --> 01:24:49,440
has known about the extraterrestrial

2407
01:24:53,030 --> 01:24:51,199
presence since the day it was born in

2408
01:24:57,270 --> 01:24:53,040
1958

2409
01:25:00,070 --> 01:24:57,280
uh they've always known so

2410
01:25:02,470 --> 01:25:00,080
in addition to nasa's role as the

2411
01:25:05,110 --> 01:25:02,480
civilian space agency to explore

2412
01:25:06,149 --> 01:25:05,120
space and do its thing which was fun

2413
01:25:08,390 --> 01:25:06,159

with using human

2414

01:25:11,270 --> 01:25:08,400

known human technology they had another

2415

01:25:18,790 --> 01:25:14,629

they had to service the truth embargo

2416

01:25:21,110 --> 01:25:18,800

in this way in that even by 1958

2417

01:25:23,590 --> 01:25:21,120

the evidence for this e.t reality was

2418

01:25:26,870 --> 01:25:23,600

being amassed

2419

01:25:29,110 --> 01:25:26,880

nycap was in high high dungeon

2420

01:25:30,709 --> 01:25:29,120

uh mcdonnell was doing his work he was

2421

01:25:32,310 --> 01:25:30,719

doing his work

2422

01:25:33,910 --> 01:25:32,320

it was it was happening and of course

2423

01:25:34,870 --> 01:25:33,920

the ets were coming and going and being

2424

01:25:36,149 --> 01:25:34,880

seen and there's no damn thing they

2425

01:25:40,390 --> 01:25:36,159

could do about it

2426

01:25:43,430 --> 01:25:40,400

so one of nasa's roles is to try to

2427

01:25:44,790 --> 01:25:43,440

mitigate the pressure that the

2428

01:25:46,870 --> 01:25:44,800

government particularly uh

2429

01:25:47,830 --> 01:25:46,880

the dod was going to get about this

2430

01:25:49,510 --> 01:25:47,840

phenomena

2431

01:25:52,870 --> 01:25:49,520

and he got a lot of pressure so how

2432

01:25:56,550 --> 01:25:52,880

could nasa help well it's pretty simple

2433

01:25:58,870 --> 01:25:56,560

one set up seti so they they helped

2434

01:25:59,669 --> 01:25:58,880

they helped to set up seti they brought

2435

01:26:01,350 --> 01:25:59,679

in some people

2436

01:26:02,790 --> 01:26:01,360

they did it we know some of the founders

2437

01:26:04,629 --> 01:26:02,800

but nasa was critical to that and did a

2438

01:26:06,310 --> 01:26:04,639

lot of the funding initially

2439

01:26:08,629 --> 01:26:06,320

and seti was designed to search for

2440

01:26:10,149 --> 01:26:08,639

extraterrestrial signals in the sky

2441

01:26:12,149 --> 01:26:10,159

even though they knew the et's were

2442

01:26:13,990 --> 01:26:12,159

already here now why would they do that

2443

01:26:16,070 --> 01:26:14,000

because if you're searching for

2444

01:26:17,510 --> 01:26:16,080

extraterrestrial signals in the sky

2445

01:26:19,270 --> 01:26:17,520

then clearly you're showing that you

2446

01:26:20,149 --> 01:26:19,280

have an interest in the fact that there

2447

01:26:21,910 --> 01:26:20,159

may be life

2448

01:26:23,350 --> 01:26:21,920

out there and you're willing to look for

2449

01:26:25,189 --> 01:26:23,360

it and so hey

2450

01:26:27,030 --> 01:26:25,199

we're doing what we can here don't don't

2451
01:26:27,750 --> 01:26:27,040
don't tell us about what you saw last

2452
01:26:29,990 --> 01:26:27,760
week or

2453
01:26:31,110 --> 01:26:30,000
this evidence or that case or whatever

2454
01:26:33,270 --> 01:26:31,120
we're doing our best

2455
01:26:34,629 --> 01:26:33,280
all right and so essentially seti for

2456
01:26:35,910 --> 01:26:34,639
this entire time

2457
01:26:37,990 --> 01:26:35,920
whether it was funded by the government

2458
01:26:40,790 --> 01:26:38,000
or by private funds was a

2459
01:26:41,830 --> 01:26:40,800
front organization a beard for the truth

2460
01:26:43,910 --> 01:26:41,840
embargo

2461
01:26:45,669 --> 01:26:43,920
it has been the greatest scientific

2462
01:26:47,990 --> 01:26:45,679
fraud in the history

2463
01:26:49,270 --> 01:26:48,000

of all science which doesn't mean that

2464

01:26:52,229 --> 01:26:49,280

they didn't develop some

2465

01:26:53,350 --> 01:26:52,239

telescoping uh radio telescope that they

2466

01:26:55,030 --> 01:26:53,360

didn't provide some

2467

01:26:56,550 --> 01:26:55,040

uh some technology that could be used in

2468

01:26:57,110 --> 01:26:56,560

other ways but on the fundamental

2469

01:27:00,149 --> 01:26:57,120

premise

2470

01:27:02,470 --> 01:27:00,159

of looking for et signals

2471

01:27:03,990 --> 01:27:02,480

it is the greatest scientific fraud in

2472

01:27:06,950 --> 01:27:04,000

history now what else did nasa do

2473

01:27:08,229 --> 01:27:06,960

well you got to drop some breadcrumbs

2474

01:27:10,629 --> 01:27:08,239

all right

2475

01:27:11,270 --> 01:27:10,639

little here and a little there paste out

2476

01:27:13,110 --> 01:27:11,280

just to

2477

01:27:16,229 --> 01:27:13,120

keep reminding people that we are

2478

01:27:18,629 --> 01:27:16,239

concerned what i mean by breadcrumbs

2479

01:27:19,590 --> 01:27:18,639

uh one of the most significant ones one

2480

01:27:22,790 --> 01:27:19,600

of the best known

2481

01:27:25,510 --> 01:27:22,800

was the 1997 mars meteorite

2482

01:27:25,990 --> 01:27:25,520

okay wow we've got a meteorite here

2483

01:27:28,310 --> 01:27:26,000

we've

2484

01:27:29,030 --> 01:27:28,320

clearly identified it as being uh from

2485

01:27:30,870 --> 01:27:29,040

mars

2486

01:27:32,629 --> 01:27:30,880

and we found stuff the electron

2487

01:27:34,950 --> 01:27:32,639

microscope that seems to indicate

2488

01:27:36,229 --> 01:27:34,960

fossils it could be a proof that there

2489

01:27:39,030 --> 01:27:36,239

was life on mars

2490

01:27:40,149 --> 01:27:39,040

huge press oh big big press conference

2491

01:27:41,910 --> 01:27:40,159

was all staged

2492

01:27:44,070 --> 01:27:41,920

whole thing was put on a lot of coverage

2493

01:27:45,830 --> 01:27:44,080

and then it just kind of faded down

2494

01:27:47,990 --> 01:27:45,840

and then over the years there's the

2495

01:27:50,149 --> 01:27:48,000

water on mars thing keeps coming up well

2496

01:27:51,669 --> 01:27:50,159

got a hint here got a hint there

2497

01:27:52,870 --> 01:27:51,679

completely ignoring the fact that

2498

01:27:54,870 --> 01:27:52,880

garvin's experiment

2499

01:27:56,790 --> 01:27:54,880

pretty much confirmed there was life on

2500

01:27:59,430 --> 01:27:56,800

mars decades ago but they had to

2501
01:28:00,390 --> 01:27:59,440
suppress that and then there's there's

2502
01:28:02,310 --> 01:28:00,400
life uh

2503
01:28:04,070 --> 01:28:02,320
but microbes are clinging outside the

2504
01:28:06,149 --> 01:28:04,080
international space station wow

2505
01:28:07,669 --> 01:28:06,159
and there's evidence of panspermia wow

2506
01:28:08,470 --> 01:28:07,679
and they're just dropping these bread

2507
01:28:10,310 --> 01:28:08,480
crumbs

2508
01:28:13,110 --> 01:28:10,320
and most of the people in the field that

2509
01:28:15,669 --> 01:28:13,120
i deal with i think are the same mind

2510
01:28:17,830 --> 01:28:15,679
that this was an acclimatization process

2511
01:28:20,229 --> 01:28:17,840
in other words a slow drip

2512
01:28:21,030 --> 01:28:20,239
not only to let you know we care but

2513
01:28:22,950 --> 01:28:21,040

also to

2514

01:28:24,310 --> 01:28:22,960

slowly advance public awareness so they

2515

01:28:26,149 --> 01:28:24,320

wouldn't be too upset

2516

01:28:27,669 --> 01:28:26,159

when finally they learn oh my god

2517

01:28:29,110 --> 01:28:27,679

they've been all over the damn planet

2518

01:28:31,270 --> 01:28:29,120

for decades right because

2519

01:28:33,350 --> 01:28:31,280

we're so tender in our sensibilities so

2520

01:28:36,950 --> 01:28:33,360

easy to just be disrupted

2521

01:28:39,430 --> 01:28:36,960

and made uncomfortable by bad news okay

2522

01:28:41,669 --> 01:28:39,440

well something interesting has happened

2523

01:28:44,790 --> 01:28:41,679

and here's what has happened

2524

01:28:46,310 --> 01:28:44,800

while for decades it was nasa by and

2525

01:28:47,510 --> 01:28:46,320

large so occasionally some other

2526

01:28:51,350 --> 01:28:47,520

scientific entity

2527

01:28:53,350 --> 01:28:51,360

like uh the the institute there at

2528

01:28:55,110 --> 01:28:53,360

stanford would say something a drop of

2529

01:28:58,229 --> 01:28:55,120

breadcrumb

2530

01:28:59,189 --> 01:28:58,239

it was acclimatizations nice and slow no

2531

01:29:02,070 --> 01:28:59,199

hurry

2532

01:29:03,750 --> 01:29:02,080

and then what happens the tssa shows up

2533

01:29:04,790 --> 01:29:03,760

and before you know it things start to

2534

01:29:06,470 --> 01:29:04,800

pick up speed

2535

01:29:07,750 --> 01:29:06,480

and before you know it we're heading

2536

01:29:08,790 --> 01:29:07,760

towards these hearings we're heading

2537

01:29:11,030 --> 01:29:08,800

towards disclosure

2538

01:29:12,470 --> 01:29:11,040

and so the scientific community nasa is

2539

01:29:15,590 --> 01:29:12,480

in the reverse position

2540

01:29:15,910 --> 01:29:15,600

instead of dropping slow drips to keep

2541

01:29:18,390 --> 01:29:15,920

us

2542

01:29:20,229 --> 01:29:18,400

happy they suddenly have got to get in

2543

01:29:23,110 --> 01:29:20,239

the game they got to up their game

2544

01:29:25,110 --> 01:29:23,120

because they've gotta get us get stuff

2545

01:29:27,830 --> 01:29:25,120

out because they're running out of time

2546

01:29:29,430 --> 01:29:27,840

and nasa is going to have a massive

2547

01:29:30,709 --> 01:29:29,440

public relations program when the

2548

01:29:31,830 --> 01:29:30,719

disclosure takes place

2549

01:29:33,270 --> 01:29:31,840

you don't think all of this isn't going

2550

01:29:35,270 --> 01:29:33,280

to come out you don't think we're going

2551

01:29:37,270 --> 01:29:35,280

to learn about this whole fraud

2552

01:29:38,629 --> 01:29:37,280

and and and a lot of the people are dead

2553

01:29:40,149 --> 01:29:38,639

but a lot of people are still alive

2554

01:29:42,550 --> 01:29:40,159

and it's going to be very uncomfortable

2555

01:29:45,910 --> 01:29:42,560

so nasa needs to help it needs to get

2556

01:29:48,390 --> 01:29:45,920

going phosphine on meat venus

2557

01:29:49,830 --> 01:29:48,400

perfect what did they do they announced

2558

01:29:52,709 --> 01:29:49,840

phosphine on venus

2559

01:29:54,550 --> 01:29:52,719

then very quickly mention that just

2560

01:29:56,229 --> 01:29:54,560

happened to mention that

2561

01:29:58,470 --> 01:29:56,239

the only way they know phosphate can be

2562

01:30:01,990 --> 01:29:58,480

created is from living matter

2563

01:30:03,510 --> 01:30:02,000

that was interesting okay totally safe

2564

01:30:06,229 --> 01:30:03,520

not going to have any venusians turning

2565

01:30:08,470 --> 01:30:06,239

up tomorrow but pretty significant

2566

01:30:09,510 --> 01:30:08,480

generated a lot of news so here's my

2567

01:30:11,430 --> 01:30:09,520

prediction

2568

01:30:12,550 --> 01:30:11,440

they're running out of time and so

2569

01:30:14,709 --> 01:30:12,560

they're going to have to throw some

2570

01:30:15,990 --> 01:30:14,719

serious breadcrumbs up between now

2571

01:30:19,669 --> 01:30:16,000

and the hearings which i think are

2572

01:30:23,270 --> 01:30:19,679

coming what would be the next breadcrumb

2573

01:30:26,470 --> 01:30:23,280

what would be the butte well guess what

2574

01:30:27,270 --> 01:30:26,480

there is a rover headed for nasa right

2575

01:30:29,590 --> 01:30:27,280

now

2576

01:30:30,550 --> 01:30:29,600

it launched in july it's called

2577

01:30:33,350 --> 01:30:30,560

perseverance

2578

01:30:35,189 --> 01:30:33,360

it replaces curiosity it will land on

2579

01:30:36,550 --> 01:30:35,199

mars in february

2580

01:30:38,390 --> 01:30:36,560

probably before these hearings get

2581

01:30:40,709 --> 01:30:38,400

underway

2582

01:30:41,990 --> 01:30:40,719

and guess what wouldn't it be kind of

2583

01:30:44,629 --> 01:30:42,000

cool if that rover

2584

01:30:46,709 --> 01:30:44,639

just kind of cruised on out kind of

2585

01:30:47,590 --> 01:30:46,719

cruised on by a fairly substantial

2586

01:30:50,870 --> 01:30:47,600

boulder

2587

01:30:54,149 --> 01:30:50,880

and boom up front 4k image

2588

01:30:57,350 --> 01:30:54,159

of an absolute clearly defined

2589

01:30:59,910 --> 01:30:57,360

sculpture boom

2590

01:31:01,669 --> 01:30:59,920

guess what nasa just confirmed that

2591

01:31:03,669 --> 01:31:01,679

there's been an ancient civilization on

2592

01:31:06,950 --> 01:31:03,679

mars been around a billion years

2593

01:31:09,590 --> 01:31:06,960

and here is the confirmation right

2594

01:31:10,470 --> 01:31:09,600

that would be pretty cool look for that

2595

01:31:12,709 --> 01:31:10,480

to happen

2596

01:31:13,990 --> 01:31:12,719

all right now between now and that rover

2597

01:31:16,149 --> 01:31:14,000

arriving i think you're going to see a

2598

01:31:17,830 --> 01:31:16,159

couple of more breadcrumbs drop watch

2599

01:31:21,030 --> 01:31:17,840

for them and when they drop

2600

01:31:23,510 --> 01:31:21,040

i want you to think of me okay

2601
01:31:24,229 --> 01:31:23,520
in my context i know you will well thank

2602
01:31:25,669 --> 01:31:24,239
you for that

2603
01:31:27,830 --> 01:31:25,679
and by the way i just wanted to mention

2604
01:31:32,149 --> 01:31:27,840
some quick facts regarding

2605
01:31:35,910 --> 01:31:32,159
the perseverance rover the nasa

2606
01:31:38,470 --> 01:31:35,920
science mars related website has a

2607
01:31:39,750 --> 01:31:38,480
page up regarding the countdown to

2608
01:31:43,270 --> 01:31:39,760
landing

2609
01:31:47,030 --> 01:31:43,280
for perseverance and on mars

2610
01:31:50,149 --> 01:31:47,040
and so that would be 144 days 20 hours

2611
01:31:52,229 --> 01:31:50,159
and right now uh until perseverance

2612
01:31:53,189 --> 01:31:52,239
actually lands on mars the main job of

2613
01:31:55,510 --> 01:31:53,199

perseverance

2614

01:31:57,110 --> 01:31:55,520

uh rover will seek signs of ancient life

2615

01:31:59,430 --> 01:31:57,120

as steve was just talking about

2616

01:32:00,870 --> 01:31:59,440

and collect rock and soil samples for

2617

01:32:04,629 --> 01:32:00,880

possible return to earth

2618

01:32:07,750 --> 01:32:04,639

and uh launched uh says july 30th uh

2619

01:32:09,110 --> 01:32:07,760

2020 launch location uh cape canaveral

2620

01:32:11,189 --> 01:32:09,120

air force station florida

2621

01:32:12,390 --> 01:32:11,199

uh landing would be february 18th of

2622

01:32:13,750 --> 01:32:12,400

2021

2623

01:32:15,910 --> 01:32:13,760

and the landing site would be on the

2624

01:32:17,750 --> 01:32:15,920

gizero crater uh mars

2625

01:32:20,149 --> 01:32:17,760

uh and it says emission duration at

2626

01:32:21,270 --> 01:32:20,159

least one mars year which would be 687

2627

01:32:23,590 --> 01:32:21,280

earth days now

2628

01:32:25,270 --> 01:32:23,600

before we wind down from the show yeah i

2629

01:32:26,870 --> 01:32:25,280

do want to go into a little bit of

2630

01:32:28,790 --> 01:32:26,880

detail regarding the

2631

01:32:30,629 --> 01:32:28,800

actual nature article from the team of

2632

01:32:32,470 --> 01:32:30,639

scientists about this

2633

01:32:34,470 --> 01:32:32,480

because it was a very interesting how

2634

01:32:37,510 --> 01:32:34,480

they came to their conclusions

2635

01:32:38,950 --> 01:32:37,520

and how they ultimately uh decided to go

2636

01:32:41,110 --> 01:32:38,960

ahead and do this paper

2637

01:32:42,229 --> 01:32:41,120

and how that ties into ufos so this

2638

01:32:44,470 --> 01:32:42,239

won't take too long

2639

01:32:46,950 --> 01:32:44,480

but basically from the article the

2640

01:32:48,149 --> 01:32:46,960

presence of ph3 is unexplained after

2641

01:32:50,310 --> 01:32:48,159

exhaustive study

2642

01:32:51,830 --> 01:32:50,320

of steady state chemistry and

2643

01:32:54,790 --> 01:32:51,840

photochemical pathways

2644

01:32:55,669 --> 01:32:54,800

with no currently known abiotic that

2645

01:32:58,310 --> 01:32:55,679

means

2646

01:32:59,510 --> 01:32:58,320

not life production routes and venus's

2647

01:33:02,070 --> 01:32:59,520

atmosphere cloud

2648

01:33:03,510 --> 01:33:02,080

surface and subsurface or from lightning

2649

01:33:06,709 --> 01:33:03,520

volcanic or

2650

01:33:08,310 --> 01:33:06,719

meteoritic delivery it could originate

2651
01:33:09,430 --> 01:33:08,320
from unknown photochemistry or

2652
01:33:12,149 --> 01:33:09,440
geochemistry

2653
01:33:13,510 --> 01:33:12,159
or by analogy with biological production

2654
01:33:16,470 --> 01:33:13,520
of ph3

2655
01:33:18,470 --> 01:33:16,480
on earth from the presence of life an

2656
01:33:19,669 --> 01:33:18,480
ideal biosignature gas would be

2657
01:33:21,669 --> 01:33:19,679
unambiguous

2658
01:33:23,910 --> 01:33:21,679
a living organism should be its sole

2659
01:33:26,229 --> 01:33:23,920
source and it should have intrinsically

2660
01:33:29,110 --> 01:33:26,239
strong precisely characterized

2661
01:33:30,550 --> 01:33:29,120
spectral transitions on blended with

2662
01:33:33,750 --> 01:33:30,560
contaminant lines

2663
01:33:37,270 --> 01:33:33,760

criteria that are not uh usually all

2664

01:33:39,990 --> 01:33:37,280

available and then basically how they uh

2665

01:33:40,470 --> 01:33:40,000

determined and uh confirmed that they

2666

01:33:42,790 --> 01:33:40,480

did

2667

01:33:44,470 --> 01:33:42,800

have these uh phosphine findings uh from

2668

01:33:46,550 --> 01:33:44,480

the atmosphere on venus

2669

01:33:48,149 --> 01:33:46,560

they started with the james clerk

2670

01:33:50,950 --> 01:33:48,159

maxwell telescope

2671

01:33:53,270 --> 01:33:50,960

in hawaii and what they did is uh they

2672

01:33:55,030 --> 01:33:53,280

observed venus over five mornings in

2673

01:33:59,189 --> 01:33:55,040

june 2017

2674

01:34:01,189 --> 01:33:59,199

uh saw candidate ph3 uh 1.01

2675

01:34:03,669 --> 01:34:01,199

absorption with the signal-to-noise

2676
01:34:06,149 --> 01:34:03,679
ratio varying depending on the

2677
01:34:07,270 --> 01:34:06,159
velocity interval selection the feature

2678
01:34:10,310 --> 01:34:07,280
is consistent with

2679
01:34:11,910 --> 01:34:10,320
venus's velocity this potentially allows

2680
01:34:12,709 --> 01:34:11,920
for the feature to be a weak residual

2681
01:34:15,110 --> 01:34:12,719
artifact

2682
01:34:16,550 --> 01:34:15,120
or a transition of another molecule at a

2683
01:34:19,270 --> 01:34:16,560
nearby wavelength

2684
01:34:19,750 --> 01:34:19,280
they sought to confirm that finding from

2685
01:34:23,350 --> 01:34:19,760
the

2686
01:34:25,669 --> 01:34:23,360
atacama

2687
01:34:26,629 --> 01:34:25,679
large array millimeter sub-millimeter

2688
01:34:30,149 --> 01:34:26,639

array

2689

01:34:32,149 --> 01:34:30,159

in march of 2019 the alma data confirmed

2690

01:34:35,669 --> 01:34:32,159

the detection of absorption

2691

01:34:38,390 --> 01:34:35,679

at the ph 3 1 0 wavelength

2692

01:34:40,470 --> 01:34:38,400

and finally for robustness they

2693

01:34:41,669 --> 01:34:40,480

considered the possibility of a double

2694

01:34:44,790 --> 01:34:41,679

false positive

2695

01:34:45,510 --> 01:34:44,800

where a negative dip occurs in both data

2696

01:34:48,070 --> 01:34:45,520

sets

2697

01:34:50,310 --> 01:34:48,080

near the venutian velocity comparing the

2698

01:34:51,830 --> 01:34:50,320

data before the final processing step of

2699

01:34:53,510 --> 01:34:51,840

polynomial fitting

2700

01:34:55,669 --> 01:34:53,520

takes place they've got to figure i

2701
01:34:57,750 --> 01:34:55,679
don't have that in the presentation here

2702
01:35:01,669 --> 01:34:57,760
but they provided a figure it shows that

2703
01:35:04,709 --> 01:35:01,679
no other coincidences of absorption line

2704
01:35:07,830 --> 01:35:04,719
like features occur in the

2705
01:35:10,790 --> 01:35:07,840
maxwell or the alma spectra so

2706
01:35:11,669 --> 01:35:10,800
basically they've got the remote sensing

2707
01:35:14,470 --> 01:35:11,679
data

2708
01:35:15,830 --> 01:35:14,480
from two different uh significant uh

2709
01:35:18,070 --> 01:35:15,840
telescope setups

2710
01:35:20,229 --> 01:35:18,080
uh in different parts of the world and

2711
01:35:21,910 --> 01:35:20,239
basically found the same thing that that

2712
01:35:23,510 --> 01:35:21,920
phosphine gas is in there

2713
01:35:25,430 --> 01:35:23,520

uh of course it's interesting from a

2714

01:35:27,590 --> 01:35:25,440

scientific standpoint we think they've

2715

01:35:29,270 --> 01:35:27,600

got it the phosphine gas is there

2716

01:35:30,629 --> 01:35:29,280

of course they were very careful to say

2717

01:35:33,189 --> 01:35:30,639

this doesn't mean life

2718

01:35:34,950 --> 01:35:33,199

it's just that they don't know other way

2719

01:35:37,510 --> 01:35:34,960

any other way other than

2720

01:35:38,070 --> 01:35:37,520

life to produce this level of phosphine

2721

01:35:41,030 --> 01:35:38,080

gas

2722

01:35:42,629 --> 01:35:41,040

so that's basically their findings and i

2723

01:35:45,109 --> 01:35:42,639

think what is interesting is

2724

01:35:46,870 --> 01:35:45,119

we've got all this remote sensing data

2725

01:35:49,510 --> 01:35:46,880

uh from uh different uh

2726

01:35:51,510 --> 01:35:49,520

radar installations our radar setups uh

2727

01:35:52,709 --> 01:35:51,520

uh like with the nimitz case the e2

2728

01:35:54,950 --> 01:35:52,719

hawkeye plane

2729

01:35:56,629 --> 01:35:54,960

as well as uh the princeton ship would

2730

01:36:00,229 --> 01:35:56,639

have which had its own radar

2731

01:36:03,590 --> 01:36:00,239

uh multiple radar sets uh finding uh

2732

01:36:05,910 --> 01:36:03,600

these uh ufos uh traversing the skies

2733

01:36:08,070 --> 01:36:05,920

so uh we've got the same kind of

2734

01:36:11,350 --> 01:36:08,080

physical evidence not infrequently

2735

01:36:13,430 --> 01:36:11,360

from uh two different setups uh again uh

2736

01:36:15,430 --> 01:36:13,440

providing the same sort of readings i

2737

01:36:17,830 --> 01:36:15,440

would submit that we've actually got

2738

01:36:20,870 --> 01:36:17,840

better evidence that some of these ufos

2739

01:36:21,430 --> 01:36:20,880

are extraterrestrially piloted than we

2740

01:36:24,149 --> 01:36:21,440

do

2741

01:36:25,669 --> 01:36:24,159

uh for finding life on venus i just want

2742

01:36:29,270 --> 01:36:25,679

to get your thoughts on

2743

01:36:30,790 --> 01:36:29,280

that tom and steve

2744

01:36:33,109 --> 01:36:30,800

well frank let me quickly comment the

2745

01:36:36,709 --> 01:36:33,119

most important phrase in that summation

2746

01:36:39,590 --> 01:36:36,719

is no abiotic pathway

2747

01:36:40,550 --> 01:36:39,600

to phosphine now how many americans you

2748

01:36:43,189 --> 01:36:40,560

think know what the hell

2749

01:36:43,590 --> 01:36:43,199

no abiotic pathway means of course they

2750

01:36:45,590 --> 01:36:43,600

don't

2751

01:36:46,790 --> 01:36:45,600

however well one of the articles that

2752

01:36:49,990 --> 01:36:46,800

was written about it

2753

01:36:52,870 --> 01:36:50,000

uh translated it for us it means

2754

01:36:54,149 --> 01:36:52,880

only life could create phosphene gas

2755

01:36:56,149 --> 01:36:54,159

right so

2756

01:36:57,669 --> 01:36:56,159

nicely done right i'll give i'll give

2757

01:37:01,590 --> 01:36:57,679

them some credit on that

2758

01:37:04,709 --> 01:37:01,600

um uh but be assured

2759

01:37:07,669 --> 01:37:04,719

that if phosphine was not a powerful

2760

01:37:09,750 --> 01:37:07,679

indicator of life and they just found

2761

01:37:10,629 --> 01:37:09,760

another chemical in the atmosphere do

2762

01:37:12,310 --> 01:37:10,639

you think they'd have

2763

01:37:13,669 --> 01:37:12,320

made a big announcement about that of

2764

01:37:17,109 --> 01:37:13,679

course

2765

01:37:17,910 --> 01:37:17,119

breadcrumb and it's a pretty good

2766

01:37:19,030 --> 01:37:17,920

breadcrumb

2767

01:37:20,950 --> 01:37:19,040

but i'll tell you something else one

2768

01:37:24,629 --> 01:37:20,960

last thing i'll let tom tom talk

2769

01:37:25,790 --> 01:37:24,639

is is uh you know the landing and timing

2770

01:37:28,870 --> 01:37:25,800

of both the

2771

01:37:30,390 --> 01:37:28,880

180-day uh deadline on the

2772

01:37:32,950 --> 01:37:30,400

appropriations bill

2773

01:37:33,990 --> 01:37:32,960

for reporting as well as the landing of

2774

01:37:36,229 --> 01:37:34,000

the rover in

2775

01:37:37,350 --> 01:37:36,239

february have gotten my attention

2776

01:37:39,990 --> 01:37:37,360

however

2777

01:37:40,790 --> 01:37:40,000

sometimes landings don't go well and so

2778

01:37:42,709 --> 01:37:40,800

for that reason

2779

01:37:44,070 --> 01:37:42,719

i'm pretty sure nasa's got a couple more

2780

01:37:45,990 --> 01:37:44,080

good breadcrumbs up

2781

01:37:47,510 --> 01:37:46,000

its sleeve they're going to drop on us

2782

01:37:47,990 --> 01:37:47,520

between now and the end of the year and

2783

01:37:50,790 --> 01:37:48,000

i'm looking

2784

01:37:52,470 --> 01:37:50,800

forward to seeing what they come up with

2785

01:37:53,750 --> 01:37:52,480

all right tom how do you feel about what

2786

01:37:56,870 --> 01:37:53,760

frank just uh

2787

01:37:58,070 --> 01:37:56,880

elaborated on there

2788

01:38:00,070 --> 01:37:58,080

sounds like they know what they're

2789

01:38:03,109 --> 01:38:00,080

talking about

2790

01:38:05,910 --> 01:38:03,119

uh i think that the mainstream

2791

01:38:07,590 --> 01:38:05,920

science groups like these you know the

2792

01:38:10,310 --> 01:38:07,600

national academy of sciences

2793

01:38:12,629 --> 01:38:10,320

or whatever when they come out with an

2794

01:38:14,950 --> 01:38:12,639

announcement or an assertion

2795

01:38:16,070 --> 01:38:14,960

uh they must feel like they have solid

2796

01:38:18,310 --> 01:38:16,080

information

2797

01:38:20,070 --> 01:38:18,320

and that the proper scientific

2798

01:38:22,070 --> 01:38:20,080

procedures and protocols have been

2799

01:38:24,629 --> 01:38:22,080

followed

2800

01:38:25,910 --> 01:38:24,639

but at the same time a big part of

2801
01:38:30,310 --> 01:38:25,920
science

2802
01:38:33,109 --> 01:38:30,320
is uh duplication of results

2803
01:38:34,149 --> 01:38:33,119
uh and so there will be other scientists

2804
01:38:37,030 --> 01:38:34,159
i'm sure

2805
01:38:37,830 --> 01:38:37,040
going in and studying the information

2806
01:38:40,070 --> 01:38:37,840
that's been

2807
01:38:41,430 --> 01:38:40,080
uh brought to our attention and see if

2808
01:38:42,870 --> 01:38:41,440
they if they come to the same

2809
01:38:46,390 --> 01:38:42,880
conclusions

2810
01:38:49,109 --> 01:38:46,400
and it is encouraging

2811
01:38:50,790 --> 01:38:49,119
and you know anything is possible in

2812
01:38:53,109 --> 01:38:50,800
this world

2813
01:38:55,270 --> 01:38:53,119

it sounds bizarre to me that there are

2814

01:38:56,950 --> 01:38:55,280

bacteria floating around

2815

01:38:58,629 --> 01:38:56,960

in the upper reaches of the venusian

2816

01:39:01,430 --> 01:38:58,639

atmosphere but who knows

2817

01:39:03,189 --> 01:39:01,440

anything's possible yeah with that i'd

2818

01:39:05,030 --> 01:39:03,199

like to uh

2819

01:39:06,870 --> 01:39:05,040

unless frank has anything else yeah just

2820

01:39:09,830 --> 01:39:06,880

that one last point if we do

2821

01:39:12,149 --> 01:39:09,840

discover life at whatever level uh on

2822

01:39:14,390 --> 01:39:12,159

some other body within our solar system

2823

01:39:15,350 --> 01:39:14,400

it's a pretty good indicator that life

2824

01:39:18,470 --> 01:39:15,360

really is

2825

01:39:20,870 --> 01:39:18,480

ubiquitous uh throughout the galaxy and

2826

01:39:23,109 --> 01:39:20,880

by extension throughout the universe it

2827

01:39:25,109 --> 01:39:23,119

would be an extraordinary find no doubt

2828

01:39:26,950 --> 01:39:25,119

about it

2829

01:39:28,709 --> 01:39:26,960

great thank you very much for that uh

2830

01:39:31,030 --> 01:39:28,719

frank and i would uh

2831

01:39:32,870 --> 01:39:31,040

like to mention one other thing uh that

2832

01:39:35,109 --> 01:39:32,880

i failed to mention before

2833

01:39:36,709 --> 01:39:35,119

and uh that is if you look at the topic

2834

01:39:39,830 --> 01:39:36,719

of ufos

2835

01:39:40,950 --> 01:39:39,840

uh you can also look up on wikipedia an

2836

01:39:43,990 --> 01:39:40,960

investigation of

2837

01:39:47,669 --> 01:39:44,000

ufos and it's a very long list

2838

01:39:51,270 --> 01:39:47,679

that indicates going back

2839

01:39:54,470 --> 01:39:51,280

decades really interesting

2840

01:39:55,510 --> 01:39:54,480

serious investigations into ufos on

2841

01:39:58,149 --> 01:39:55,520

wikipedia

2842

01:40:00,149 --> 01:39:58,159

so uh on that note i'll go ahead and end

2843

01:40:01,910 --> 01:40:00,159

our show and thank our guest tom is from

2844

01:40:02,310 --> 01:40:01,920

silver springs maryland and is a member

2845

01:40:08,629 --> 01:40:02,320

of

2846

01:40:10,390 --> 01:40:08,639

and a ufo researcher specializing in the

2847

01:40:11,910 --> 01:40:10,400

topic of majestic 12.

2848

01:40:14,310 --> 01:40:11,920

and by the way tom you've been with

2849

01:40:16,470 --> 01:40:14,320

mufon for many years how many years have

2850

01:40:19,830 --> 01:40:16,480

you been with mufon

2851

01:40:23,750 --> 01:40:19,840

uh since 1995. okay

2852

01:40:25,270 --> 01:40:23,760

and um we appreciate you very much and

2853

01:40:26,629 --> 01:40:25,280

thank you for having come on our show

2854

01:40:28,709 --> 01:40:26,639

today we really love

2855

01:40:30,709 --> 01:40:28,719

having you on our show and uh wanted to

2856

01:40:33,750 --> 01:40:30,719

recommend to folks to please go

2857

01:40:37,709 --> 01:40:33,760

to tom's wonderful blog that he has he

2858

01:40:42,870 --> 01:40:39,109

tomwitmoreblog.wordpress.com

2859

01:40:43,669 --> 01:40:42,880

that's tomwhitmoreblog.wordpress.com tom

2860

01:40:45,750 --> 01:40:43,679

just wrote

2861

01:40:48,149 --> 01:40:45,760

really fascinating article on the topic

2862

01:40:51,030 --> 01:40:48,159

of mj 12 recently it's called

2863

01:40:53,030 --> 01:40:51,040

mj12 12 the counterintelligence angle

2864

01:40:56,229 --> 01:40:53,040
and that came out on 9 10

2865

01:40:59,030 --> 01:40:56,239
of uh september i'm sorry obviously but

2866

01:41:00,390 --> 01:40:59,040
of this year so 9 10 20 20 is when he

2867

01:41:02,629 --> 01:41:00,400
published that article

2868

01:41:05,350 --> 01:41:02,639
which uh really enjoyed thoroughly and

2869

01:41:06,870 --> 01:41:05,360
wanted to thank stephen bassett

2870

01:41:08,550 --> 01:41:06,880
who was the executive director of the

2871

01:41:11,030 --> 01:41:08,560
paradigm research group

2872

01:41:12,790 --> 01:41:11,040
and he founded that 1996 to end the

2873

01:41:13,510 --> 01:41:12,800
government-imposed embargo and the truth

2874

01:41:16,149 --> 01:41:13,520
behind

2875

01:41:18,070 --> 01:41:16,159
in extraterrestrial related phenomena

2876
01:41:18,629 --> 01:41:18,080
and he has spoken to audiences around

2877
01:41:20,470 --> 01:41:18,639
the world

2878
01:41:22,229 --> 01:41:20,480
about the implications of formal

2879
01:41:23,750 --> 01:41:22,239
disclosure by world governments of an

2880
01:41:26,790 --> 01:41:23,760
extraterrestrial protestants

2881
01:41:28,790 --> 01:41:26,800
engaging the human race and given over 1

2882
01:41:30,950 --> 01:41:28,800
000 radio and television interviews

2883
01:41:32,629 --> 01:41:30,960
i actually suspect it's 10 times more

2884
01:41:33,510 --> 01:41:32,639
than that steve but no it's not ten

2885
01:41:35,270 --> 01:41:33,520
times

2886
01:41:37,109 --> 01:41:35,280
it's somewhere between a thousand and

2887
01:41:40,149 --> 01:41:37,119
fifteen hundred right

2888
01:41:41,669 --> 01:41:40,159

but who's counting uh and uh if you want

2889

01:41:44,390 --> 01:41:41,679

to check out steve's

2890

01:41:45,109 --> 01:41:44,400

website which he also works extremely

2891

01:41:47,350 --> 01:41:45,119

hard on

2892

01:41:49,510 --> 01:41:47,360

to the benefit of the ufo community

2893

01:41:50,310 --> 01:41:49,520

please do please do go to it i will

2894

01:41:53,510 --> 01:41:50,320

mention your

2895

01:41:56,629 --> 01:41:53,520

url as i did before but you can learn an

2896

01:41:58,709 --> 01:41:56,639

awful lot about the ufo topic if

2897

01:42:01,109 --> 01:41:58,719

one were to actually go through his

2898

01:42:03,350 --> 01:42:01,119

website he has actually added some

2899

01:42:05,350 --> 01:42:03,360

really astounding topics that are

2900

01:42:08,830 --> 01:42:05,360

really worth your time please do check

2901
01:42:16,870 --> 01:42:10,229
www.paradigmresearchgroup.org

2902
01:42:20,229 --> 01:42:16,880
he also does of course

2903
01:42:22,149 --> 01:42:20,239
publish topics on congressional hearings

2904
01:42:25,990 --> 01:42:22,159
related to the ufo topic

2905
01:42:29,270 --> 01:42:26,000
and any speaking events and schedules

2906
01:42:30,070 --> 01:42:29,280
that he has regarding the ufo topic so

2907
01:42:32,149 --> 01:42:30,080
we thank you

2908
01:42:33,990 --> 01:42:32,159
both for having been on our show today

2909
01:42:36,229 --> 01:42:34,000
and also want to thank my

2910
01:42:37,750 --> 01:42:36,239
co-host frank stalter it's wonderful

2911
01:42:38,950 --> 01:42:37,760
being able to be back on the show with

2912
01:42:41,830 --> 01:42:38,960
you again after

2913
01:42:43,270 --> 01:42:41,840

now you're back in the saddle again oh

2914

01:42:45,750 --> 01:42:43,280

yes

2915

01:42:48,870 --> 01:42:45,760

thank you so yeah this was a lot of fun

2916

01:42:52,790 --> 01:42:48,880

six months what were you up to

2917

01:42:55,109 --> 01:42:52,800

i was enjoying life with my family

2918

01:42:56,870 --> 01:42:55,119

yeah so but thank you so much gentlemen

2919

01:42:58,390 --> 01:42:56,880

we look forward to asking you back on

2920

01:43:00,470 --> 01:42:58,400

the show again in the future

2921

01:43:02,070 --> 01:43:00,480

and also i know i just would like to

2922

01:43:02,709 --> 01:43:02,080

throw in a wild card here and mention

2923

01:43:05,750 --> 01:43:02,719

something

2924

01:43:08,709 --> 01:43:05,760

um we all know and that is

2925

01:43:10,149 --> 01:43:08,719

this year has been extremely challenging

2926

01:43:12,870 --> 01:43:10,159

for everybody worldwide

2927

01:43:14,310 --> 01:43:12,880

and that now we have the election that

2928

01:43:16,149 --> 01:43:14,320

will be coming up soon

2929

01:43:17,430 --> 01:43:16,159

and so i know this year is going to be a

2930

01:43:20,229 --> 01:43:17,440

very interesting year

2931

01:43:20,550 --> 01:43:20,239

and i hope to cover that with frank and

2932

01:43:22,550 --> 01:43:20,560

and

2933

01:43:24,229 --> 01:43:22,560

both of you in the future so look

2934

01:43:25,910 --> 01:43:24,239

forward to talking to you all again

2935

01:43:28,070 --> 01:43:25,920

and uh frank thank you very much for a

2936

01:43:30,709 --> 01:43:28,080

wonderful show tonight absolutely uh

2937

01:43:33,189 --> 01:43:30,719

chant uh glad to have you back on board

2938

01:43:34,790 --> 01:43:33,199

and uh steve and tom thanks so much for

2939

01:43:36,229 --> 01:43:34,800

coming on this was a lot of fun i had a

2940

01:43:37,590 --> 01:43:36,239

blast with this particular show

2941

01:43:39,830 --> 01:43:37,600

that went a little bit differently than

2942

01:43:42,390 --> 01:43:39,840

i was expecting uh but uh this was a

2943

01:43:44,310 --> 01:43:42,400

blast thanks so much for coming on

2944

01:43:45,910 --> 01:43:44,320

thanks for having my pleasure all right

2945

01:43:49,109 --> 01:43:45,920

and

2946

01:43:52,709 --> 01:43:49,119

yeah by the way

2947

01:43:54,550 --> 01:43:52,719

and uh uh thanks everybody for tuning in

2948

01:43:56,310 --> 01:43:54,560

and uh we will be back as soon as we've

2949

01:43:58,790 --> 01:43:56,320

got another show ready to go

2950

01:44:00,470 --> 01:43:58,800

so enjoy the rest of your weekend and
